TO RAISE FUNDS FOR WILSON HERE

MOVEMENT ON FOOT TO AID DEMOCRATIC CAMPAIGN FUND

TO AID NATIONAL TICKET

Much Money Will Be Subscribed In South To Help Carry The Doubtful States

Money subscribed by Wichita Falls democrats will help to swell the fund necessary to carry the Wilson-Marshall presidential ticket in doubtful states next fall, if plans being formulated here are carried out. The Woorew Wilson club is planning to raise funds here for the ticket and while the movement has not been definitely put on foot yet, several have already indicated willingness to give small amounts.

It is believed that several hundred dollars can be raised here and this amount, while but a drop in the bucket as compared with the money that will be needed, will help just that much. Democrats throughout the South are planning to raise funds for the National ticket this year and the money will be used in doubtful states to pay the expenses of speakers, print and distribute literature and will be employed along other legitimate channels.

Four years ago thousands and thousands of dollars was given by southerners to the Democratic campaign fund and it is believed that this year, when the outlook for Democratic success is so much brighter than it was then that a much larger amount can be raised. That Wichita Falls will do her small part to help put Woodrow Wilson in the White House is certain.

Definite steps to raise a Woodrow Wilson campaign fund here will be taken later.

MITCHELL SENTENCED TO NINE MONTHS IN PRISON

Appeal Is Taken and $4000 Bail Allowed—Result of Recent Contempt Decision

By Associated Press.

Washington, D. C., July 23.—John Mitchell, vice president of the American Federation of Labor today was sentenced in the District of Columbia supreme court to nine months imprisonment for contempt of court growing out of the Buck Stove Range case. An appeal was taken and $4000 bail furnished. In the same case President Gompers was recently sentenced to a year and Secretary Frank Morrison to six months imprisonment.

Mr. Mitchell was not in court, but a written statement was presented, waiving his right to be present. He was to have been sentenced last week, but Judge Wright then declined because he objected to the form of waiver submitted for Mr. Mitchell.

CARDINAL GIBBONS IS 78 YEARS OF AGE TODAY.

By Associated Press.

Baltimore, July 23.—Cardinal Gibbons is 78 years old. He planned to spend the day quietly at a friend's home. He is reported to be in excellent health.

NEW JERSEY PROGRESSIVES PLANNING FULL TICKET.

By Associated Press.

Asbury Park, N. J., July 23.—Prior to the mass convention of the New Jersey progressives today, leaders, after an all-night conference had determined to put in the field a complete ticket, including persidential electors and nominees for state offiecs.

AMERICANS IN MEXICO MAY KEEP THEIR ARMS

Orozco Issues Order To That Effect, Following Attempt To Seize Ammunition

By Associated Press.

Madera, July 23.—Nervousness among foreigners was alleged today by orders from Gen. Orozco Jr., placing Gen. Bermudez in charge of the rebel garrison with orders to permit Americans to retain their arms. Gen. Campo has sent an order to the officer of C. S. Wisden, manager of the Madera Lumber Company, demanding in the name of Orozco all arms and ammunition held by foreigners. The company officials appealed immediately to Orozco asking that they be allowed to retain their arms.

Bermudez is a cultured officer of military experience. The exodus of women and children totals now almost 100 per cent, only three American women left here.

AMERICANS ARE HARASSED BY REBELS AT DOLORES.

By Associated Press.

Dolores, July 23.—Americans in the mining camps are uneasy today over the rebel operations near here. Entering the town two days ago the rebels drove 60 Maderistas away, killing several. One rebel captain was killed. The rebels are obessed with the idea [illegible] deristas garrison was in the pay of [illegible] Mining Company, an American concern. They immediately wreaked vegance on the company, the plant being damaged by fire to the extent of $500. The safe was blown and $5000 taken. Heavy drafts were made on company stores for provisions and supplies. Mules were taken and Americans who wished to send their wives and children away have no means of sending them. The mining company has closed until normal conditions return.

NEW MISSISSIPPI PARTY WILL DRAW COLOR LINE

To Be Strictly White Man's Organization—State Convention To Be Held August 1.

By Associated Press.

Jackson, Miss., July 23.—The progressive party will be launched in Mississippi strictly as a white man's organization. The announcement followed the cancellation for a call for a progressive convention, signed by white and negro republicans not in harmony with the regular organization who announced Saturday that their plans to hold a convention here August 1 had been abandoned. B. F. Fridge who has taken a leading part in the movement today issued a call for a state convention August 1 for the purpose of naming delegates to the Chicago convention. It is said he is acting under directions from Senator Dixon.

WANT 'SQUEALER' IN MURDER CASE

AUTHORITIES HOPE ONE OF NUMEROUS ROSENTHAL SUSPECTS WILL CONFESS

AFTER THOSE HIGHER UP

Men Who Actually Did the Killing May Get Off Light If They Tell All They Know

By Associated Press.

New York, July 23.—Harry Vallon, one of the five notorious gangsters who were in the "murder-car" on the night Gambler Herman Rosenthal was shot, surrendered this morning and within ten days Commissioner Dougherty expects to round up the entire gang of gun-carriers.

With the men who actually did the shooting in the toils the main work of District Attorney Whitman and Deputy Commissioner Dougherty will begin, that of trying to learn the identiti of the conspirators who so greatly desired that Rosenthal be done away with before he could make further revelations of the relations between police and gamblers.

Several prominent citizens of New York have offered to pay for a private inquiry into the question of whether police partnership with gamblers led to the slaying of Rosenthal.

Commissioner Dougherty today remarked significantly to District Attorney Whitman that "I guess we agree as to who is back of this killing" but the public prosecutor does not feel that Commissioner Dougherty can swing the investigation of the killing alone, as he is of the belief that the police department will give no real aid.

The surrender of Vallon may be followed by the voluntary appearance of the other gangsters known to have been in the murder car. Besides Vallon there were Harry Horwitz, better known under his [illegible] name of "Gib the Blood" "Dago Frank," an east side gangster, Lesty Louite and "Whitey" Lewis.

Vallon has none of the appearance of a gangster of the meaner sort. His appearance at headquarters dumfounded the desk sergeant and he had to convince the detectives of his identity before they locked him up. He came in a taxicab. A fashionably dressed chap got out of the car and swinging a cane from a gloved hand, entered the building.

"Kindly tell me where the detective bureau is," he said. Then Vallon appeared before Lieutenant Frank McNally and gave himself up and was locked up after the astonished official could call an officer.

Commissioner Dougherty prepared to give Vallon the third degree today to learn further of those who hired the gunmen. That some of these have fled the city is believed by detectives, who add that the gangsters are probably in Chicago.

Commissioner Dougherty believes that from some one of the gunmen he will be agle to obtain a confession that will result in bringing to book those higher up. He says nearly a score of men took part in the plot and from among them he expects to find a "squealer."

The intimation has gone forth for the benefit of the east side that those who shot Rosenthal would be leniently treated if through them those "higher up" can be reached.

Mrs. Herman Rosenthal, the murdered gambler's widow, arrived at the criminal court building shortly before noon and at once went into Mr. Whitman's office.

ARMY RECRUITING POST HAS BEEN LOCATED HERE

Wichitans With Military Operations May Enlist—Corporal Jesse Culley In Charge

The young man of this city for whom the uniform of Uncle Sam's soldiery holds out allurements now have an opportunity to enlist. A recruiting station will be opened here shortly over the Noble Hardware store and those with military aspirations will be able to satisfy themselves, provided they come up to the physical and other requirements prescribed by the authorities.

Corporal Jesse Culley is in charge of the recruiting station and men between the ages of eighteen and thirty-five, to whom the military life appeals, may apply to him for information. While it is hardly probable that Corporal Culley will find the "standing room only" sign necessary for a while, he hopes to be able to secure a number of recruits in this section.

Cuero—The Commercial Club has completed arrangements for the establishment of a mattress factory in this city. It is expected that about twenty hands will be employed.

WEATHER FORECAST

Tonight and Wednesday unsettled.

ROOSEVELT TELLS NEW PARTY'S AIMS

MAKES FIRST SPEECH SINCE HIS RETURN FROM CONVENTION AT CHICAGO.

"FIGHT ON LIVE ISSUES"

Says New Organization Will Stand Four-Squared to Democracy and Be For the People.

By Associated Press.

New York, July 23.—In his first speech since he returned from Chicago, Col. Roosvelt today told his reasons for leading in the formulation of a new party. The address was at a meeting of the New York state and county chairman of the National Progressive party.

"No man knows better than I," said Col. Roosevelt, "that enthusiasm and high principles cannot be effective without organization and hard work. A great responsibility rests upon you men here, who are undertaking the organization of a new party which is to stand four-squared to democracy. It is to be literally the party of the peole. It will fight on live issues and not dead ones."

Peach-Fed Hogs To Be Delicacy Here This Fall

Hams and bacon from peach-fed hogs are among the delicacies which are promised Wichitans when hog killing time rolls around, as a result of the plentiful crop of peaches in this [illegible]. Many farmers whose peach trees a[illegible] are making no effort to pick the fruit, saying it would not pay them to do so at the present market. The best that can be gotten for peaches is a dollar a bushel for the best grades and out of this must be paid the expense of picking, hauling to town and marketing. Twenty-five cents will buy a bushel of as fine peaches as ever tickled the palate of an epicure, if one will take the trouble to go out in the country to buy them.

Many peach-growers are feeding the fruit to the hogs and one may see signs posted on orchards in this section, bidding passers-by to come in and help themselves if they will throw down a supply for the hogs. The porkers are waxing fat on this aristocratic diet and peach-fed hogs will be available next fall.

Some of the farmers are canning their peaches and other fruit at home and they expect to find a ready market for such goods in the fall and winter.

CONDITION OF EMPEROR CONTINUES TO IMPROVE

Delirum Has Passed and Japanese Ruler Is Able to Talk To Members of Family

By Associated Press.

Tokio, July 23.—The condition of the emperor continues to improve today.

At 5:30 o'clock a minister of the imperial household gave out the information that the emperor was sleeping soundly and that his appeite had improved.

The emperor yesterday was able to speak to his three grandsons who had been summoned from the summer residence and also to the crown princess, to whom be intrusted a message to the crown prince.

For a considerable period during the early days of his sickness the emperor was in a semi-conscious condition. Delirium now has disappeared and the emperor's mind has become comparatively clear.

Expressions of concern are being received from every quarter of the world. Yuan Shi Kai, president of the Chinese republic, sent a representative to convey his deep personal sympathy. A telegraph message from him described the emperor as "one of the world's great peace holders."

Ten thousand pilgrims daily are visiting the imperial shrine of Ise Topa to pray for the recovery of the emperor.

It is announced that Prince Katsura will cut short his visit to Russia leaving St. Petersburg for Japan July 27.

WANTS PROBE OF TRUST QUESTION

LITTLETON SAYS NOBODY IS SATISFIED WITH SHERMAN LAW

HAS DISSENTING REPORT

Does Not Agree With Chairman Stanley—Wants Both Houses To Study Problem

By Associated Press.

Washington, D. C., July 23.—Representative Littleton of the Democratic majority of the House steel trust investigating committee today formally presented his views to the committee, dissenting from the legislative recommendation of Chairman Stanley. He agreed to sign the Stanley report with many reservations. That left Mr. Stanley with but two other members of the committee of nine in complete accord with him. They are Representative Beall of Texas and Representative McGillicuddy of Maine.

Mr. Littleton's views, to which much publicity has been given, favor principally a joint body of the Senate and House to study the trust question. He opposed the proposed bill to put on a corporation the burden of proving it is in "reasonable" restraint of trade. He discusses the bill at length and has this to say of the future of the trust question:

"Organized business generally, while welcoming a period of peace, lives in dread of the future. Organized politics stands confused in front of the platform and organized labor incessantly demands the amendment of the Sherman anti-trust law. Neither the radical nor the conservative in politics is satisfied with it. Neither organized labor nor organized capital approves it."

MOTHER CONFESSES THAT SHE POISONED CHILDREN.

By Associated Press.

Charlottetown, Pa., July 23.—Mrs. Gee, the wife of a farmer near Georgetown, who has been found guilty of the murder of her five children, has made the following confession:

"I, Minnie McGee, confess to having administered the ends of matches containing sulphur and phosphorus to my children in April last. I gave it to them in sugar and water. I was feeling bad at the time I did it."

This statement was filed in the court today and it is expected to have an influence in shaping the fate of the unfortunate woman.

FARMERS AND RANCHMEN AT WACO ON AUTO TOUR.

By Associated Press.

Waco, Texas, July 23.—The farmers and ranchmen got under way this morning on the second day of their week's endurance automobile run, without any of the original starters missing. One farmer refused to put on goggles saying he could see better without them. The dirt caked about his eyes until it formed rims nearly as large as crawfish holes. The referee found it advisable to make the contestants a speech, saying they had six days to finish the distance. Some of them drove as if there was just one day. The contestants left today for Austin. Tonight's stop will be made at San Marcos.

WILSON APPRECIATES SUPPORT OF LOCAL CLUB

Writes To Secretary of Organization Here, Thanking Him For Work In His Behalf

A letter of appreciation for the support accorded him by the Wilson clubs throughout the country has been sent by Gov. Woodrow Wilson to W. J. Bullock, secretary of the Woodrow Wilson club here. When Gov. Wilson was nominated, Mr. Bullock sent him a message of congratulation on behalf of the club, receiving the following reply:

"Mr. W. J. Bullock Wichita Falls, Texas. My dear Mr. Bullock—It was very delightful to receive your message of congratulation. My strength during the campaign will constitute, in no small part, the organized opinion of the country. I have greatest interest in the clubs which draw men together to promote common objects and know how to attach its true significance to the support of such bodies of men. I hope that you will convey to the club my very sincere expressions of obligations to them.

GERMAN WAR OFFICIALS PLAN TO USE DIRIGIBLE.

By Associated Press.

Berlin, Germany, July 23.—The most modern military airship of the Zeppelin rigid system was taken over today by the War Department after an endurance and speed trial, lasting eighteen hours. The airship developed a speed of 49 miles an hour, and is considered the most speedy dirigible in the world.

HELPED TO ORGANIZE FIRST COMMERCIAL CLUB

F. M. Fish Who Was Here In 1889, Tells Interesting Reminiscences of That Day

F. M. Fish who helped organize what is believed to have been the first commercial club in Wichita Falls, was a visitor at the Chamber of Commerce headquarters this morning. Mr. Fish came here from Oklahoma City on a prospecting trip. It was in April, 1889 when Mr. Fish assisted in launching a commercial club here. At that time Mr. Fish was connected with the Denver Chamber of Commerce. He came here by invitation to assist in the organization.

"The meeting was held in the rear of a grocery store standing on the site now occupied by what is known as the Barnett building. Those who attended sat on tobacco boxes and dry goods counters. I made a speech at the meeting in which I predicted that the town would double in population within ten years and would some day be a city of considerable size. There was the same spirit here then that there is now. It was a good town then and I am glad to observe that it is even a better town now."

Mr. Fish said the new club was organized with 56 members but he does not remember the name of the president whom he remembers died a number of years ago. Mr. Fish says that the night before he got here a good part of the town including the two leading hotels had burned. He recollects that he wore a silk tile and in crossing the street to one of the places of liquid refreshment it blew off his head and before he could recover it the rim had been torn from the brim. In its place he bought a sombrero which he found to be a much more sociable head gear in these parts in those days than a silk hat.

CANDIDATE IS SHOT BY OPPONENT AND MAY DIE

One Aspirant For Constable at Texas City Wounds Rival, Following Rally

By Associated Press.

Galveston, Texas, July 23.—As the result of a political discussion between two candidates for constavle in Texas City in this county, George Stotto is now in the hospital here with a bullet hole through his body and D. Timberlake is in jail here charged with assault to murder.

The bullet which passed through Stotto's body also wounded a bystander, T. F. Johnson. The shooting occurred in a saloon about midnight following a rally at which both candidates spoke. Stotto may die.

RECIPROCITY ACT REPEAL SOUGHT

MEASURE STILL IN EFFECT, IN SPITE OF CANADA'S REPUDIATION.

TAFT ASKS FOR ACTION

Western Senators May Tack Repeal Amendment On To Pending Tariff Measures.

By Associated Press.

Washington, D. C., July 23.—President Taft has indicated to Republican Senate leaders a desire to ascertain their views on the repealing of the Canadian reciprocity act. The Senate has already passed repeal provisions to two tariff bills, as amendments, and a separate bill for the repeal has been favorably reported by the finance committee.

President Taft has indicated to several Western senators who are active opponents of the Candian reciprocity measure that he would favor a repeal of the act. He will not withdraw his own support of reciprocity as a principle, it is understood but will take the position that the United States should not continue an offer that Canada refuses to accept. The reciprocity law continues in effect in the United States notwithstanding Canada's refusal to endorse it.

It is asserted among Western senators that if any tariff measure is passed in the Senate this week, an amendment will also be incorporated for the repeal of the reciprocity law. In case any one of these bills reaches Taft and is vetoed it is expected he will make clear in his veto message the fact that he would approve a measure to repeal the reciprocity law.

MAY USE DYNAMITE AT TULSA TO SECURE RAIN

Water For Farmers and Oil Operations Is Scarce and Explosive May Be Tried

By Associated Press.

Tulsa, Okla., July 23.—Owing to a scarcity of water for oil field operations and possible damage to crops unless it rains soon here, farmers and oil well operators are talking of dynamiting for rain.

"Immediately after every big accidental explosion near Tulsa we have had rain," Berney Horrigan, an expert on explosives said today, "and I believe that with 150 pounds of dynamite I can produce rain within 24 hours."

Hanford's Resignation Is Sequel to Unpopular Acts

By Associated Press.

Washington, D. C., July 23.—President Taft will take no action on the resignation of Judge C. H. Hanford of Seattle, until the formal letter reaches him. He had no comment to make on the matter.

Judge Hanford's statement follows:

"The almost constant strain under which I have worked for more than twenty-two years has taxed but not exhausted my power of endurance. I am not likely to have a vacation of rest, but a change of occupation will be a welcome relief. I intend to practice law in Seattle.

"In the investigation which has been conducted by a subcommittee by the House of Representatives much testimony has been given by witnesses who know me, and others who do not. I am grateful for the commendation of those who have spoken and written in my favor, and for those who have maligned me I only wish to say that I would be ashamed of myself if I had not incurred the enmity of such people as they are.

"A judge is never so sure of being right as when his work has been criticised unfairly. Without boasting, in view of all that has been and may be said concerning myself and my work, I am glad that my record is what it is."

Judge Hanford has been much in the public eye since Aug. 25, 1911, when, after he had issued an injunction hostile to the petition of Seattle citizens in a 5 cent fare fight against a street car company, he was denounced at a great mass meeting and resolutions demanding his impeachment were adopted.

While the meeting was in progress a crowd outside hanged in effigy a stuffed figure labelled "Hanford." One of the speakers at the meeting said he had seen Judge Hanford intoxicated in a public place. The speakers at this meeting were arrested for interfering with an order of the court and some of them were kept in prison several days. It appeared from the evidence in the hearing just ended that detectives were at once detailed to watch Judge Hanford, and every move he made was recorded. Several members of Congress were consulted relative to beginning impeachment proceedings.

During the Industrial Workers of the World demonstration in Western Washington, last spring, Judge Hanford condemned the carrying of the red flag through the streets. On May 10 he revoked the citizenship papers of Leonard Olsson, a member of the Socialist labor party, and of the Industrial Workers of the World because Olsson in appearing as a witness for another man seeking citizenship, had said he was "not devotedly attached to the Constitution."

McKinney Autoists Here On Last Lap of Long Journey

Dr. J. Knight and Dan G. McKinney of McKinney, Texas, stopped off in Wichita Falls yesterday afternoon to take on gasoline on their return to McKinney after a trip through Arizona, New Mexico, Kansas, Missouri and Oklahoma. Up to the time they reached Wichita Falls they had not had a single breakdown or a single tire puncture although one of the tires had blown out up in New Mexico. They traveled in an Abbott-Detroit 30. They were attended on the trip by Isaac Upshaw, a negro whom they had taken aboard at Weatherford. Upshaw rode the 3900 miles that had been traveled when they reached Wichita Falls perched on a sack of hay on the rear of the machine.

Dr. Knight left McKinney late in June going first to Roswell, N. M., then to Santa Fe and from Santa Fe to Las Vegas, where he saw the Flynn-Johnson bout on the Fourth. From Las Vegas they went to Lyons, Kansas, and from that place to Butler, Mo. They made the distance from Lyons to Butler, 285 miles in one day.

From Butler they went to Oklahoma City, thence to Anadarko then to Lawton from which place they came here. They left for Weatherford yesterday afternoon where they will leave the darkey and will then turn toward McKinney.

Their most trying experience was in getting into Las Vegas on the day of the fight. In filling up their tank at the town before Las Vegas they were given short measure of gasoline and the tank ran low about eight miles out of Las Vegas. By resorting to the expedient of turning their machine head first into the ditch at the side of the road every few hundred yards they sloshed enough gasoline into the carbureter to keep them going. Finally they came to a steep hill and it looked like they were stopped. Dr. Knight indeed believed they were and started to walk into Las Vegas to reach there in time for the fight.

McKinney, however, again showed his resourcefulness and turning the machine backwards first up the hill the tilt made the diminishing gasoline run into the carbureter again and the machine took the hill backwards without difficulty. He overtook Dr. Knight before the latter got half way into Las Vegas and both reached that place in time to see the fight.

THIS BOOK HAS CAUGHT ON!

Once in a while a book is written that is so unusually popular, almost everybody wants to read it. Such a book is

THE TRAIL OF THE LONESOME PINE.

By John Fox, Jr.

Perhaps you are not a book reader, but even so, you'll want to read this story of a young mining engineer in the Kentucky wilds where they have so many feuds—and where there is one girl in particular who is so fine that it's a shame she doesn't live in real life.

Don't fail to read "The Magnet" by Henry C. Rowland, "The High Hand" by Jacques Futrelle, "That Light Lures," by Percy Brebner, "The Second Wife," by Thos. Buchanan, "The House of Bondage" by Reginald Wright Kauffman, "The Cathedral Courtship" by Kate Douglass Wiggins," and "The Taming of Red Butte Western" by Francis Lunde.

These books have just been added to our line of popular fiction for 50c. Watch our window.

DENISON WINS FINAL GAME FROM DRILLERS

Gives Good Support To Pitchers and Holds Wichita Safe After the First Inning

Special to The Times.

Denison, Texas, July 23.—Wichita Falls' last appearance on the Denison field this season was a victory for the Katydids who gave McCormick and Green errorless suport and won, 5 to 1. Wichita Falls earned a run in the first inning, but the locals held them safe after that and scored five runs.

The Drillers went from here to Ladonia, where they have a series with Bonham. From there they go to Ardmore to close the season. Yesterday's score:

FANS WANT DECIDING GAMES PLAYED IN THIS CITY

Efforts are being made by some of the fans to have the "play-off" games which will determine the pennant honors in the Texas-Oklahoma league, staged at the local park. Owing to the very poor support given the team the management had intended not to play the deciding games here and it is not probable that any change will be made from this plan. If the play-off series consists of five games, Wichita Falls is entitled to two of them, but this was waived in view of the poor prospects for attendance here. The management will reach a decision in the matter this week.

TWO GERMAN NAVAL OFFICERS MEET DEATH.

Koenigsburg, Germany, July 23.—Two officers of the German battleship Thuringen, anchored with the remainder of the second squadron of the active fleet in [illegible] Kurisches Haff, were killed by the capsizing of one of the small boats belonging to the warship which was taking a boat load of officers back to the vessel from shore. Eight other officers were brought ashore unconscious but were resuscitated.

Another pinnace loaded with bluejackets belonging to the fleet also wrecked in the surf but all were saved.

GOV. COLQUITT'S RECORD

Below is submitted for the consideration of Democratic Voters, a brief summary of the public record of Gov. Colquitt:

Educational Record

In 1894 and 1896 opposed increase in taxation of the public schools of Terrell from 25 to 35 cents. As State Senator in 1895, opposed increasing the general State school tax. As governor removed the entire board of regents of the State University with one exception, in order to appoint his friends, something unheard of in Texas. Removed T. G. Harris as principal of the Sam Houston Normal, and refused to say why he did so. Advocated the abolishment of a state school tax and the collection of all school tax by the county. Vetoed the bill increasing the scholastic age from 17 to 20 years. Vetoed a bill establishing a normal school at Waco, which provided that the people of Waco, should raise $100,000 to build and equip same. Vetoed bill for free text books in Dallas city schools.

Labor Record

As Senator opposed the bill protecting the Union Label, opposed the fellow servant law. Vetoed the eight hour law. Vetoed resolution inviting International Typographical Union to hold its Annual Convention in Houston. Favors compulsory arbitration of labor troubles. Favors hiring state convicts to the counties to work on the public roads at 50 cents per day.

Liquor Record

Has always opposed submission. In his first message to the Legislature opposed all regulations of saloons. Vetoed bill requiring saloons to close doors at 7:30 p. m. Vetoed Comptrollers appropriation for enforcing liquor laws. Vetoed appropriation for Attorney General's department for law enforcement. Vetoed resolution passed by the Legislature asking that he submit the following subjects to the called session to-wit:

Preventing election frauds; limiting number of saloons; inreased license; daylight closing; prohibiting campaign contributions by saloons; unbroken package law; ignored the request of 900 ladies not to make an anti-pro-hibition speech in Austin.

Pardon Record

To June 18th, 1912, pardoned 640 convicts, including Mexicans and negroes. Negro Bill Garrett sent up for two years from Henrietta for bootlegging was pardoned out in twenty-nine days.

Treatment of Confederate Soldiers

Opposed amendment to our constitution pensioning disabled Confederate soldiers and their widows, while in the State Senate. Removed Capt. E. A. Bolmes, a Confederate soldier as pension commissioner and appointed R. A. Burford a young man less than 30 years of age.

Ignores Medical Fraternity

In appointing board to locate and have charge of a Tuberculosis Sanitarium in Texas; ignores the Medical profession entirely, appointing a lawyer, a real estate agent, and a newspaper man.

Prison Reform

For fifteen months Governor Colquitt's administration, the prison "bat" was used and the order prohibiting its use was published on March 31st, 1912, the day after Judge Ramsey had advocated abolishing same in his opening speech for governor.

Tax Record

Under Colquitt's admintsration the tax rate was raised from 4 cents in 1910 to 12½ cents in 1911. Governor Colquitt says the payment of the Waters Pierce fine was responsible for the low tax rate bofore his administration. The Waters Pierce oil fine was paid on April 24, 1909. Following is a statement of taxable values and tax rate for the past four years:

1908—values $2,174,122,480, rate 6¼ cents.
1909—values 2,309,803,626, rate 5 cents.
1910—values 2,388,500,124, rate 4 cents.
1911—values 2,515,632,745, rate 12½ cents.

Although the tax values since 1908 the year before the payment of the Waters Pierce fine have increased over $340,000,000, the rate has been doubled over that year.

Penitentiary Record—Financial Condition

Governor Colquitt was inaugurated January 17, 1911. The official report of the Auditor of the Penitentiary filed June 17, 1912, shows the following:

Cash balance on hand January 20, 1911, $21,387.32.
Net deficit January 1, 1912 $756,595.74.
Net deficit June 1, 1912, $1,207,773.58.

Colquitt supporters try to justify this enormous increase of indebtedness by saying it was caused by the freeze of the cane crop in 1911, and by fires in the penitentiary at Huntsville. Notwithstanding the freeze the total amount received from the cane crop in 1911 over 1910 was $57,358.51 and the buildings have been replaced by temporary structures at a cost of not exceeding $36,000.00.

Another excuse is that the pay of guards and officers has been increased by law, but the same report shows that this increase amounted to only $35,700.00, which is less than the increase from the returns of the cane crop.

In 1910 the year before Governor Colquitt took charge there was a net profit of $102,365.05 from all crops on the penitentiary farm, while during 1911 Colquitt's first year there was a net loss of $32,888.94.

From a balance in cash on hand January 20, 1911, of $21,387.32, we see the stupenduous indebtedness on June 1, 1912, of $1,207,743.58.

Appropriations

Vetoed appropriation of $131,545.00 for University of Texas. Vetoed entire appropriation for Attorney General's department for one year. Greatly reduced force in Comptroller's and Land office on ground of economy, but approved appropriation of $9,000.00 for furniture, carpet, and improvements at the Governor's Mansion, office, and reception room.

Why go further and show that Colquitt has fought all the departments at Austin and tried to cripple them and destroy their usefulness.

Vote for Wm. F. RAMSEY for Governor

—Political Advertisement.

WILL PUT DOWN WELL IN ARCHER CITY LIMITS.

Archer Dispatch.

Mr. L. L. Cronkrite representing an oil company met with a few of our leading citizens this week and submitted a proposition to put down a deep well on Martin's Addition, seven blocks east of the court house on Main street. The well will be drilled to a depth of 2000 feet or to oil or gas in paying quantities.

He demands a bonus of $1000 from our citizens and a lease on a small amount of acreage.

This proposition should be accepted for it means much to our city in determining the water supply, besides if oil or gas was discovered in paying quantities property values would go skyward as well as our city would at once become the oil center and its population would increase a hundred fold.

The $1000 asked by this company should be easily raised and a contract should be entered into at once with the company.

The committee appointed at the meeting to confer with our people and close with the company is W. C. Young, S. Wilson, J. S. Mclugin, C. E. Goodwin, J. D. Powell, W. E. orgy, J. H. Longan, C. H. Henley, Wirt Elkins, and F. M. Power, Sr.

The awning maker, as well as the optimist, rejoices that the world is full of sunshine.

Entered at the Postoffice at Wichita Falls as second-class mail matter

Wichita Falls, Texas, July 23rd, 1912.

503 UNION LABEL 503

The farmers of Wichita county are so busy with their crops that they have not much time to give to politics. For that reason the vote at next Saturday's primary may fall short of the usual number by 500 or 600.

If Ramsey is elected governor, he is committed to an early closing law, by which is meant that he will favor a law that will keep saloons closed in towns where whiskey is sold from 6, 7, 8, or 9 o'clock in the evening until 6 o'clock in the morning. Had our present governor been favorable to such a law it is not likely that he would have had opposition for a second term, and if he is defeated(and from present indications he is very likely to be), he can attribute his defeat principally to his opposition to an early closing law. With the saloons closed at an early hour in the evening and not opened again until early the next morning, much of the existing prejudice against the open saloon would have been eliminated, and it is hardly possible that the question of statewide prohibition wolud have ever come up again. But unless the next legislature does pass such a law, and the governor (whether it be Colquitt or Ramsey) approves instead of vetoing it, there will be another statewide election, with perhaps a very different result from the last election.

The wheat crop of 1912 in Wichita county will be in the neighborhood of of a half million bushels. This is only about one-third of the biggest yield of wheat produced in Wichita county in any one year, but the reason for that was that, in those days the farmers confine d themselves almost wholly to small grain crops, and the year Wichita county produced 1,500,000 bushels of wheat, not more than 500 bales of cotton were produced in the county. Since that time the farmers have found out that Wichita county soil was capable of producing as much as a bale of cotton to the acre, and each succeeding year the acreage to small grain grows less while the acreage planted to cotton, corn and feed crops increases This year it is estimated that the acreage planted to cotton in Wichita county is in the neighborhood of 40,000 acres and the condition of the crop throughout the county today is such that it is confidently expected that the yield will be at least 15,000 bales, or an average of about one-third bale per planted acre. Where the cotton crops have been well worked and a good stand obtained, the yield will be in the neighborhood of a bale to the acre. Corn crops are showing up nicely, and will make good corn even if no further rains fall between this time and August 1st. As for feed crops,—such as maize, sorghum, etc., no one has ever before seen a bigger crop, and it looks as if the farmers will raise enough in one year to feed their live stock for three or four years.

CAMPBELL PRESENTS THE ISSUE.

Waco Times-Herald.

We have been waiting for some one to furnish us a good and sufficient reason, outside of the prohibition question, for denying a second term to Gov. Colquitt. We repeat what we have said before, that we might ourselves bring forward two or three reasons for applying the "recall" to Oscar, only we find that Ramsey is no better than Colquitt as to those things. We now have to say to Governor Colquitt that a really serious charge is brought against his administration by former Governor Campbell, who, speaking at Teague Saturday, had this to say:

"In an effort to cover and hide his own imperfections and the weakness and inefficiency of his administration of the governor's office, he has gone about the State day after day and attacked me and misrepresented the administration of your State government during my term of four years.

"In order and in the hope that he might be able to obscure the deplorable condition of the State's financial affairs in every department and to excuse the present increase in tax burdens upon the people, he has said time and again that Campbell left a deficiency, and sometimes he has, according to newspaper reports of his performances, placed the amount of the alleged deficiencies as high as $1,000,000, when in truth and in fact I left no deficiency and at no time during my term of four years did a debit due by the State remain unpaid one moment. I left money in the treasury and at the close of business on Aubust 31, 1911, there was to the credit of the general revenue in the State treasury, according to the report published in the daily press about that time, more than $600,000, and that was the end of the fiscal period for which the tax rate of 4c on the $100 was to provide.

"Now, then, and so that you may know the facts from the official records, I will give the following statement of the figures and results during my four years and his first year, which are as follows:

"In 1907, which was my first year, the taxable values amountedto $-,625,297,115, and the tax rate was, under the automatic tax law, reduced from 20c on the $100 of the year before to 12c, and $2,046,625 was collected in State ad valorem taxes from the people.

"In 1908 the valuations were $2,174,122,480, tax rate further reduced to 6 1-4c, taxes collected for that year $1,358,826.56.

"In 1909 valuations were $2,309,803,625, tax rate 5c, taxes collected $1,154,901,81.

"In 1910 valuations were $2,388,500,124, tax rate 4c on the $100 and taxes collected $955,400.04.

"In 1911, the first year for Mr. Colquitt, the valuations were $2,515,594,541, a large increase in values, and the tax rate was increased to 12½c on the $100, and the stupendous sum of $3,144,493.18 was drawn from the pockets of the property tax payers of Texas to pay the expenses of his administration for one year. No such sum of money was ever before collected from the people of Texas in ad valorem taxes to pay expenses of the State government for one year.

"Indeed, the amount collected for his first year was $1,102,581 more than my first year and $1,785,666.63 more than my second year and $1,989,591.37 more than my third year and $2,089,093.13 more than my fourth and last year. Again, the amount collected in ad valorem taxes for his first year was $1,-34,191.32 more than was collected from the people in my two last years in office, both put together, and $1,766,733-03 more than the average collections in ad valorem during my four years' term. This average increase is more than the total of the Waters-Pierce fine, collected in 1909, and after the tax rate had been reduced as it was in 1908 to 1-4c.

"An additional burden of $2,089,093.13 was laid upon the backs of the property tax payers to run Colquitt for his first year; and no man can even guess with any degree of accuracy just what the increased rate of taxation will be this year, and if they keep up the rate of increase in deficiencies and debt heretofore shown in the management of the penitenlaries and other departments of government until the end of his present term, the people will face another $2,000,000 or more by the end of this year that they must go down in their pockets and pay in taxes, and in two years, you may reasonably expect the State to be bankrupt."

Now there is a real live coal—a something calculated to cost Mr. Colquitt many votes unless it be promptly and satisfactorily refuted. Our advice to the governor is to put the "bat" to one side and to come right down to the issue raised by Tom Campbell. What is that issue? "An additional burden of $2,089,093.13 was laid upon the backs of the property tax payers to run Colquitt for his first year." If that be true, it means a reckoning, Governor, and our advice to you is to get busy right here. Cut out the "bat;" drop the pardon business; never mind about how Ramsey got into the race, and go o the people in refutation of the charge that you have been spending their substance in riotous living so to speak. Convince the people that you have not sinned as charged and you can likely read your title clear to another term; fail to do this, and out you go.

Campbell presents the issue; what is your answer, Mr. Colquitt?

* * *

Since writing the foregoing the Houston Post has come to hand with this criticism of the Campbell accusation:

"Governor Campebll has at last taken the stump in behalf of Ramsey, and, as was to have been expected, he has set out to deliberately mislead the people. Governor Campbell is lacking almost entirely in the virtue of candor. He is a pettifogger in politics. He doesn't speak to enlighten, but to deceive, if deception can in his opnion promote the cause he espouses.

"In discussing the increase in taxation, he misstates the reasons why it was necessary to increase the tax rate. He covers up in a maze of decetion his own responsibility for the increase. He is not frank enough to tell the people that he turned the Waters-Pierce penalty into the general revenue and reduced the tax rate to such a figure that bankruptcy was unavoidable. It was a trick, of course, perpetrated for two purposes; first, to enable him to boast that he had given the State its lowest tax rate; second, he projected the deficit which happened soon after Colquitt's inauguration for the plain purpose of rendering a large increase in the tax rate necessary. His purpose in doing this was to compel his sucessor to raise the rate.

"Campbell doesn't tell the people that the appropriation of money to carry into effect the penitentiary reform bill, enacted during his administration, was left to the Colquitt administration. He doesn't tell the people that the educational institutions and the asylums were inadequately provided for by him, for the deliberate purpose of compelling the Colquitt administrations to make unusual expenditures.

"He won't tell th epeople that the State can not maintain its government and institutions with an ad valorem tax rate of 4c, and that such a tax rate would have been impossible but for his misuse of the Waters-Pierce penalty. He doesn't tell the people that the legislature made the appropriations—a legislature that was more friendly to Campbell or Ramsey than to Colquitt—and that Colquitt, by use of the veto power, scaled the bill down as much as possible, considering the needs of the public service. He doesn't tell the people that Comptroller Lane, Ramsey's speaking companion, had as much to do with fixing the tax rate as Colquitt did. He doesn't tell the people that Colquitt asked the legislature, as the constitutional taxing power, to fix the rate, believing that the legislature had no power to delegate to the executive department of the government the taxing power.

"The truth is, Campbell appeals only to ignorant people, to prejudiced people, and he relies upon deception to convince them.

"He played the same slick game in his candidacy for re-election. He remained silent upon the question of prohibition, and appealed to the voters of South Texas, for support. If he had told the voters of South Texas the course he was going to pursue in his second term, he would not have had a ghost of a chance for re-election. Even the Cumby blacksmith would have snowed him under.

"The time has passed, however, when Tom Campbell can fool the voters any longer. He fooled them once and that was sufficient. They know why he brought out his man Ramsey. They know that Ramsey is under obligations to him, and had to come down from the bench when called by his master. They know that Campbell turned the trick to shunt off Poindexter or Johnson. It was a typical Campbell trick, perpetrated by a man whose public career has been full of trickery, and who regards politics as the art of deception."

The question is not as to "fixing the tax rate," for that is done automatically. The question is as to unnecessary appropriations. Has that been done? If so, the responsibility is at the governor's door. It is the business of a governor to see to it that the legislature does not get gay at the public expense. Is it true that the Colquitt administration is putting an "additional burden" of two millions of dollars upon the backs of the people each year? That is the one important issue that has been brought into this campaign. We say to Governor Colquitt and his supporters that they must overwhelm Ramsey and his supporters at this point or themselves—quite likely—come under the people's condemnation. Let's have the facts.

It is well to remember when you vote that it was Col. Jake Wolters who defeated the State law and the order of the Texas legislature and the recommendation of the Democratic party in respect to showing how much money passed through his hands as campaign funds in the Statewide campaign. His reply was that he would go to jail and stay there until he rotted before he would make public the amount that was spent in that campaign. When Tom Ball, chairman for the pros, was called upon for a statemnt, it was rendered promptly. Wolters defied the law, and escaped punishment by a technicality. Do the people of Texas want to send to the United States Senate such a man as that? If you think so, then as a Democrat, vote for him next Saturday. If you think otherwise, then vote for Morris Sheppard or Randell. Both stand for clean politics. One is a pro,—Sheppard, and the other—Randell, is an anti. Either, if elected, will be a credit to Texas. On the Bailey question, Sheppard was for Bailey at the time that matter was before the people, and Randell was against him. Sheppard, however, has been repudiated by Bailey because in a speech he said that if he were in the United States Senate now he would have differed with Bailey on the matter of unseating Senator Lorimer, and would have voted to unseat Lorimer. For saying that Senator aBiley is quoted in a Washington dispatch appearing in the Houston Post and Fort Worth Record to the effect that if Sheppard's position was correctly stated, that he (Shappard) was unfit to be a United States Senator. As to the position Col. Jake Wolters takes on the Lorimer matter, the Times does not know. Randell has stated on more than one occasion that he was opposed to corruption and bribery in the election of any official, whether it be a United States Senator or a constable, and in that he and Sheppard agree. Take your choice.

Waters 30,000 Acres.

San Benito, Texas, July 23.—New irrigation projects now under way in this vicinity will place under irrigation 22,000 acres of land. The canal is twenty miles long and laterals three hundred miles. The canal systems now in operation water 32,000 acres of land. Three crops per annum are raised on most of the land.

Foreign Capital Invested.

Brownsville, Texas, July 23.—An English syndicate has just closed a deal for one million acres of land just across the Rio Grande, in Mexico. The price paid was eighteen dollars (Mexican) per acre. It is an irrigation proposition and the entire tract will be put in cotton and cultivated by tenant farmers.

Freeport—The firm of Swenson and Sons of New York which is conducting extensive operations here has filed three charters in the State Department to further the plans for the development of this city. The Companies chartered are; Freeport Sulphur Co., capital stock $200,000; Freeport Terminal ompany, capital stock $10,000 and the Freeport Townsite Company, Capital stock $20,000.

Paris—The commissioners court has ordered an election for August 17th to vote on the issuance of good roads bonds to the amount of $100,000. If carried the proceeds will be used in constructing a highway to the county line where connection will be made with the improved thoroughfare leading into Dallas.

BIG TRUST INQUIRY VIRTUALLY AGREED UPON.

By Associated Press.

Washington, D. C., July 23.—Immediate inquiry into the existence of the so-called "beef trust" was virtually agreed upon today by the house judicary committee.

NATURAL GAS PIPE LINE GETS RIGHT OF WAY.

Gainesville, July 23.—Representatives of the Lone Star Gas company which will construct a natural gas pipe line from the Petrolia fields to Gainesville, Whitesboro and Denton, have about completed their work in Cooke county of signing contracts for procuring rights of way over the properties through which the pipe line will pass, and it is expected that in a few weeks actual construction work will be progressing in this city.

BATTLE IN DESERRT; TURKS PUT TO FLIGHT.

Misrata, Tripoli, July 23.—General Fara attempted to dislodge a large body of Turks which has been harassing the region from the oasis near Misrata. The enemy, however, made a tenacious stand in the desert beyond and a fierce fight ensued. The Turks were forced to retreat after four hours' sharp fighting. They suffered heavy losses. The Italian casualities were nineteen killed and eighty-seven wounded.

To Raise Bonus.

Dalhart, Texas, July 23.—A committee has been appointed to solicit subscriptions for a bonus of $125,000 which is necessary to secure the extension of the Enid, Ochiltree and Western Railway from this city through Dallam, Moore and Hutchins counties to Ochiltree county, a distance of about 113 miles. The route of the proposed line connects with the Rock Island and Fort Worth & Denver roads at Dalahtr.

NO HEARSE LARGE ENOUGH TO CARRY NEGRESS' BODY.

Nashville, Tenn., July 23.—The largest casket ever made in this city has just been finished for Mary Harris, a negress, who died yesterday morning.

The corpse weighs 600 pounds and the coffin is six feet three inches long and thirty-six inches wide.

No hearse can be found large enough to convey the body to the cemetery.

Dynamite Used to Clear Land.

Kingsville, Texas, July 23.—The experiment conducted by the Commerical Club for clearing the land of the mesquite by the use of dynamite has proved a success. The average cost of clearing land by Mexican labor is twelve dollars per acre, but the dynamite process reduces the cost to eight dollars per acre. As there are several million acres of land, the saving will appromiate several million dollars to the Kingsville country.

Drainage Work Starts.

Bay City, Texas, July 23.—Construction work commenced recently on the ditch in drainage district No. 4. The bond issue of $103,000 was made to take care of this work and 45,000 acres of land will be drained by these improvements. Bonds to the amount of $234,000 have been voted for district No. 2, draining 90,000 acres and district No. 3 has voted $27,950 in bonds draining 16,000 acres.

ALLEGED SUFFERER FROM LEPROSY UNDER ARREST.

Buffalo, N. Y., July 23.—After a chase that covered several States and lasted several weeks, Sam Isen, a Russian immigrant, suffering from what is declared to be a pronounced atack of leprosy, was located here. He has been isolated. Isen, who is also known as Joe Meyers and Josel Mayerwitz, has come in contact with scores of people. He has a wife and three children in Bay City and is said to have come to this country from Russia three years ago as a stowaway.

Iowa Park Items.

Saturday night about 3:30 o'clock some one broke into Gant's grocery store and set it on fire. Fortunately some one was passing and spread the alarm and the fire was quickly put out. Nothing was missed from the store.

Rev. and Mrs. H. B. Johnson returned Friday from Gainesville, where they visited relatives. Mrs. Johnson's mother, Mrs. Gay accompanied them home.

Mrs. Nora Dean and two sons of Commanche, Okla., are visiting her sister, Mrs. J. B. Sisk.

Mrs. Will Middleton, who has been visiting her parents, Mr. and Mrs. Lockridge, leaves today to visit at Decatur before she returns to her home near Fort Worth.

Rev. Blankenship went to Tolbert Friday to fill his usual appointment.

Miss Willie Huckaby, who has been visiting relatives here, left Friday for her home at Van Alstyne, accompanied by her aunt, Mrs. L. C. Denny.

Rev. Johnson went to Denny yesterday afternoon to hold a revival meeting at that place.

Threshing was started again this morning after several days delay on account of the rain.

A Liberal Reward.....

The sorrows of life may burden your soul, and you may feel that you are forsaken by loved ones and friends! There is much you do not understand; but my friend "Out of Sorrow" there is a lesson to be learned, an obligation to be fulfilled, a hope, some day to be rewarded. GOD IS NEVER UNJUST, for "Out of the gloom yesterday comes the smiles of today." Be faithful to the trust reposed in you; do your duty towards all, what ever befalls, and in the end will come LOVE, PEACE and HAPPINESS, the reward of the faithful.

We will give Twenty-Five Dollars to any one givining us the correct originator of the above sentiment.

MERCANTILE FIRE RISK RATES TO BE REDUCED

When Approved, Change Will Affect Nearly Every Building in Business District.

Agents for some of the Texas fire insurance companies in Wichita Falls have received notices of the proposed reductions in the mercantile rates mentioned in yesterday's Austin dispatches. These reductions will be applicable as soon as the state board authorizes them.

One of these companies announces a reduction of 7 1-2 per cent from the 1911 rate on "special hazards," and 15 per cent on fire proof and semi-fire proof mercantile buildings together with their stocks, furniture and fixtures.

These reductions affect nearly every mercantile risk in the business district.

So far only the Texas companies have given notice of applications for reductions. What the old line outside companies will do has not been indicated.

MANY INDICTMENTS FOLLOW RIOTING AT LAKE CHARLES.

Lake Charles, La., July 23.—The grand jury in its report on the labor riot at Grabow, July 7 between union and nonunion lumber mill employes, returned seven true bills and eleven not true bills.

Inasmuch as out of thirty-three arrests made only six men have been freed, it is believed that some of the true bills include a number indicted jointly. John Galloway and Paul Galloway of the lumber company at whose plant the riot occurred were among the prisoners discharged. Al Emerson, president of the union, is among those still held.

Most of the arrests were made on the charge of murder and inciting to riot, but on what charges the indictments have been returned has not been made public.

PRESIDENT IS PREPARING SPEECH OF ACCEPTANCE

Washington July 23.—President Taft today began preparation of his speeches accepting the presidential nomination. Shut up in his study in the White House, with all engagements canceled, the President, surrounded with data that will be used in what Republican leaders expect will be his most important contribution to the campaign. It is said his man argument for re-election will be based on the achievements of his admintsration and tariff. Republican leaders believe the President will point the difference between the Republican and Democratic platforms, especially in respect to tariff.

There is little doubt that the speech will be introduced as a document.

The speech will be delivered at the White House Aug. 1.

Denison— business men of this city will leave the 24th of this month on a trades excursion to points in Oklahoma. A special train has been engaged to convey the party, which is expected to number about one hundred.

WICHITA FALLS CITIZENS ENDORSE NAPIER

Wichita Falls, Texas, July 10.—We, the citizens of Wichita county whose names are hereto subscribed heartily endorse the candidacy of E. W. Napier for representative of the 101st district comprising Wichita and Wilbarger counties. Mr. Napier was born and reared in Wichita county and has always enjoyed the highest respect and friendship of those who know him. By his own efforts he has obtained a law education in the University of Texas, and is now practicing his profession in Electra, Wichita county.

We know Mr. Napier to be a man of excellent character and ability, and, if elected representative, he will discharge the duties of that office with much credit to himself and entire satisfaction to the people of the district.

SENATOR WORKS MAY VOTE FOR WILSON.

Washington, D. C., July 23.—The controversy between Senator John D. Works and progressive leaders of California advanced another stage when he senator was called upon by telegraph by Lieutenant Governor A. J. Wallace to inform the progressive voters whether he intended to vote for Roosevelt, Taft or Wilson.

"I will not vote for Taft," he telegraphed back. "Would have voted for and aided in election of Roosevelt if he had stood on his just rights to the nomination at Chicago and run as a Republican. Will not follow him into a new party. Believe a new party abandons the ground that would make his claim invulnerable."

Senator Works added that whether he would now vote for Roosevelt "depends on how he is nominated and whether he runs as a Republican." He further said that he felt he could "as a progressive Republican," vote for Wilson consistently if no Republican other than Taft is nominated."

SAYS GASSER AT DUNCAN IS FLOWING OVER 4,000,000

C. Y. Wells is back from Duncan, Okla., where he has been lookin over the new gas field. He says the O'Hara well northeast of Duncan is flowing more than 4,000,000 cubic feet of gas per day and that many operators are investing believing the new field to be a good gamble. W. G. Skelly has a rig up and tools on the ground and expects to be drilling this week. Hosford and associates are drilling at about 110 feet three miles southeast of the gas well. A number of others are making arrangements to drill in the near future. The gas sand in the O'Hara well was struck at a depth of 833 feet.

FRIENDS OF JUDGE TOWNES SUBMIT HIS CLAIMS.

Since the organization of the Wichita County John C. Townes for Supreme Court Club, the friends of Judge Townes have been making a very active campaign in his behalf. Judging from the membership of the club he is not being supported by any political faction, but by a generally unanimous citizenship. It seems to be conceded that he will carry Wichita county by a large majority.

Local friends of Judge Townes who have known him intimately for years are somewhat amused at the report being circulated in behalf of his opponents to the effect that Judge Townes is 80 years or more old and therefore in his dotage. As a matter of fact, Judge Townes is 60 years old and in the very prime of vigorous intellectual manhood. If elected, he will bring to the supreme bench the fullness of harmony gained in 35 years experience in the actual practice of law, as a judge upon the bench and as an author of law books and a teacher of the law.

(Adv.)

RESIDENTS OBJECT TO TUBERCULOSIS COLONY.

Dublin, July 23.—A nearly completed tuberculosis sanitarium under construction at Lucan, near Dublin, and the Women's National Health association, was demolished today by irate dwellers in the vicinity.

A great mob armed with ropes and pick axes first tore off the roof and then threw down the walls, leaving nothing but a heap of debris.

Attention A. F. & A. M.

Wichita Falls Lodge will confer the E. A. Degree Tuesday evening and F. C. and M. M. Degrees Wednesday evening beginning at 8 o'clock sharp.

Chas. R. Fuller, Secretary. 60-2tc

Rohatch's Mineral Water.

is highly recommended by physicians and patrons who have tested its merits, for indigestion, catarrh of the stomach, kidney and bladder trouble. This water stimulates the secretion of the stomach, increases digestion and favors a more complete absorption of the food and prevents the action of germs that cause typhoid and other infectious diseases.

This water can be purchased at the wells or delivered in jugs or cases.

This well is located one mile south of Alamo school building in Floral Heights, two deliveries daily morning and afternoon. G. J. Rohatch, Owner. Phone 1601—1 long—4 shorts.

WICHITA FALLS, TEXAS

Points of Terrell Election Law That May Interest the Voters

Austin, Texas, July 23.—Owing to the unusually large number of election problems now being referred to the attorney general's department for solution, Assistant Attorney General, C. E. Mead has drawn up a compendium of the principal points of the Terrell election law and is mailing a copy out to the various county chairmen and to such others as write the department for light on the subject. Here is the summary:

1. No person is entitled to vote in any election primary or general unless he has resided in Texas twelve months, and in the county in which he offers to vote at least six months next before said election.

2. The fact that a person will have resided in the county six months at the time of the general election in November, will not authorize him to vote in the primary in July unless he will have resided six months in the county at the date of the primary.

3. You are not entitled to vote at a primary election if you are not 21 years old at the time you offer to vote, notwithstanding you may become 21 years old on or before the date of holding the general election.

4. A young man becoming of age after January 1 of the year preceding an electio nat which he offers to vote may vote at such election, provided he has obtained certificate of exemption from the tax collector. This applies to all persons whether residing in cities of 10,000 inhabitants or not.

Certificates of exemption under this section or under section 19, are only required to be obtained from the county tax collector. It is not necessary to obtain certificates of exemption from city tax collector in cities of 10,000 or more.

5. A person who has not resided in the county for six months prior to the election but has resided in the district of which the county is a part for six months prior to the election, would not be entitled to vote for either county, district or state officers in said county.

6. A person who came to Texas after the first day of January, 1911, is entitled to vote in any election without having paid a poll tax if he has lived in the state twelve months and in the county six months and is otherwise qualified. Neither is he reuired to procure certificate of exemption.

7. The residence of a single man is where he usually sleeps at night; that of a married man is where his wife resides, or if he be permanently separated from his wife, his residence is where he sleeps at night.

8. A person does not lose his residence in a locality by being temporarily absent with his family for the purpose of sending his children to school or any other similar purpose, and will be entitled to vote at the place of his permanent residence.

9. If you were subject to pay a poll tax for the year 1911 and failed to pay it before February 1, 1912, you cannot vote in any election. This applies to both state and city poll taxes.

10. Your poll tax must be paid in the county in which you resided on the 1st day of January of the year for which it is levied. Paying in wrong county will not allow you to vote.

11. You cannot vote at a primary election unless you are 21 years old, have resided in the state for twelve months and in the county in which you offer to vote for six months, and paid your poll tax, state, county and city or town, prior to February 1, or received a certificate of exemption, if you are exempt and a certificate is required.

12. Every male person between the ages of 21 and 60 who resided in this state on the 1st day of January preceding the levy of a poll tax is subject to same except the following persons, who are exempt, viz: (a) Indians not taxed; (b) insane persons; (c) blind persons; (d) deaf and dumb persons; (e) persons who have lost a foot; (g) persons who are permanently disabled. A person is not exempt from the payment of a poll tax under exceptions (e) and (f) unless the hand or foot is entirely severed from the body. A disability of the hand or arm or foot or leg, though it may be permanent, does not exempt.

To be exempt under exception (g) there must be a permanent disability to perform any manual labor. It is not sufficient that there be a disability of one limb or two limbs, but the physical condition must be such as that the person is not capable of performing manual labor at all. This exemption should be passed upon by the county officers upon the facts of each case.

A certificate of exemption for the persons mentioned in this section is not required unless you are a resident of a city of 10,000 inhabitants.

13. If an alien declares his intention of becoming a citizen of the United States six months prior to an election in which he desires to vote, he is entitled to vote if otherwise qualified.

14. If after payment of your poll tax, you move from one county to another and in the county to which you remove, you reside in a city of 10,000 inhabitants, you will not be allowed to vote in the precinct of your new residence unless you present your poll tax receipt or certificate of exemption, or affidavit of its loss, to the tax collector of the county of your new residence four days prior to the election at which you offer to vote, and have him add your name to the certified list of voters in the precinct of your new residence.

15. If you need any assistance in the preparation of your ballot, it must be given by the election judges, and a heavy fine and imprisonment is imposed upon any judge or clerk of an election, who by word, writing, sign or token indicates how he desires you to vote.

16. Two supervisors of primary elections for each voting precinct may be selected by one-fifth of the candidates by agreement in writing signed by them on the day preceding the election.

17. Supervisors of elections, primary and general, may sit conveniently near the judges so as to observe the conduct of the election, but shall not enter into any conversation with the judges or clerks of the election while the election is progressing except to call their attention to any irregularity or violation of the law they may observe. They cannot assist a voter in preparing his ballot.

18. Those precincts which failed to hold an election on primary election day last preceding are not entitled to representation in the county conventions.

It is the duty of the county convention:

To elect delegates to the state and each district convention. One delegate shall be elected for each 300 votes, or major fraction thereof cast for the party's candidate for governor at the last preceding general election.

19. Immediately upon the adjournment of the convention, the president thereof (not the county chairman) shall make a certified list of the delegates to the state and each of the district conventions (representative, senatorial, judicial, supreme and district and congressional) and sign the same officially, have same attested by the secretary of the convention and forwarded by sealed registered letter to the respective state and district chairmen.

All saloons shall close for the entire day on which any election is held either general election, primary election, stock law election, local option election, school trustee election, either primary or general or city election and all other elections for whatsoever purpose they are held.

The bay begins at 12 o'clock (midnight) the night before and lasts until 12 o'clock (midnight) of election day.

JUDGE J. C. TOWNES, CANDIDATE FOR THE SUPREME BENCH.

SWINDLERS GET LARGE SUM THROUGH MAILS.

Washington, D. C., July 23.—One hundred and twenty million dollars was filched from the American people during the last fiscal year by swindlers who operated largely through the United States mails, according to a statement just made public in a formal report to Postmaster General Hitchcock. This is an increase of $50,000,000 in the agregate of the previous year. Of those who are alleged to have operated the fraudulent scheme, 1063 were arrested by post-office inspectors.

During the year which ended June 30 last, 452 persons were convicted and sentenced and 571 cases are awaiting final disposition.

Postmaster General Hitchock's order to inspectors to collect evidence that would warrant criminal prosecution of the swindlers gradually is building a wall of protection against such frauds around the American people.

FALLS FIVE STORIES LITTLE ROCK MON KILLED.

Little Rock, July 23.—While standing in the window of a dentist's office on the fifth floor of the State National Bank building awaiting an engagement with the dentist, Wm. W. Smith, of this city, manager of the Newburger Cotton Company, aged fifty-two years, lost his balance and fell to the pavement below, dying within a few minutes. As he sped downward his body struck a big lamp post shattering one of the electric globes. Deceased had been in ill health for some time and is presumed to become dizzy when he glanced down from the window. In falling his body barely missed striking a young lady who was passing along the sidewalk.

San Benito—The sixteen stand cotton gin recently completed has opened for business. It is the largest gin in the state. our stands are for the long staple variety. There are 15,000 acres of cotton in this vicinity and the yield will approximate 14,000 bales.

Labor Leaders Visit Texas.

Chicago, Ill., July 23.—Several of the labor leaders of this city have left for an extended trip to Texas where an investigation of labor and agricultural conditions will be conducted on behalf of members of the local unions who are desirous of locating in the Southwest. It is reported here that over two hundred laboring men have decided to leave Chicago believing that a better livlihood can be found in the excellent farm lands of Texas.

Why Go To College?

The first advantage of college training is that it develops a man's power. Though the courses of study, through association and rivalry with many kinds of men, through debating and athletics, through sundry other forms of student activity, a man finds out what he is good for, and gains the power to make the most out of himself.

College is a sort of power plant for developing in a man the qualities and attainments that are necessary to success—knowledge of what he is after confidence in his own powers, the ability to get on with men, strong and attractive personality, the abounding knowledge and power that inspire confidence.

According to an estimate of a recent publication of the University of Montana, only one man in every 750 in the United States has gone to college. Yet this small number has furnished 17 of the 26 presidents, 19 of the 27 vice presidents, 17 of the 34 persons in the Hall of Fame.

Certain men have become great without education. Many people have by patient perseverance educated themselves without going to college. But for most men it is not wise to neglect what the whole world has approved. To be satisfied with a high school course is to stop one's development at the point where its progress would be greatest, it is to accept a heavy handicap when one is brought into contact with men of college training. All college men do not succeed. There are other elements in success besides training. None the less is training vital, and the chances of success are trmendously increased for the man who has it. "The apparent delaying of a life work by years at college," says Dean Briggs, "is like the stopping of a stream by a dam to give it accumulated power."

If your son or daughter is ambitious to go to college, send to John A. Lomax, University Station, Austin, for a free book containing pictures of the buildings and grounds of our big State University.

Coyote vs. Rabbit Problem In West Texas Counties

Sterling City News-Record.

There is a lot of complaint against killing the coyote. Some say the coyote held the rabits in check by killing and eating them, and that for this he ought not to be molested. A man said to the writer the other day that the jackrabbits were doing the farmers more damage than all the coyotes since the creation, and that the state was doing wrong to offer a bounty on coyote scalps.

Listen! When this writer came here in 1887 there was a plague of rabbits. They ate everything in sight and made life a burden to the farmer. At the same time the coyote was "monarch of all he surveyed." There was no one to disturb him and woe unto the lamz, the young calf and poultry that came in his way. He was to be seen on every hill and by the roadside and many are the times he got his nose in the writer's grub box while he snoozed. The coyote and the rabbit were a burden in the land until the settler's rifle and trap thinned their ranks for the bounty then offered by the state and for awhile they ceased their troubling.

If there is a wild creature the writer knows anything about, it is the coyote, and he knows from personal observation that the rabbit is perfectly safe as long as there is a chicken or lamb for the coyote to steal. If there are melons or peaches to be had the rabbit is safe, for Mr. Coyote is too much fo a gentleman of leisure to run its legs off catching rabbits, besides rabbits are not as toothsome as those fromer things.

It is very true, when Mr. Coyote is broke, and nothing for him to steal, and he is obliged to run and dig for his living, he will do it before he will starve, but he knows it requires work to get rabbits and he is opposed to real hard work on general priciples. Another thing about the coyote, he never kills any more rabbits than his present necessities require, but if he gets an opportunity he will kill chickens and lambs and spoil melons just for the fun of it. In fact, he is never so happy as when he is stealing or doing some other levilment. He is nature's biggest thief and liar. He knows the exact range of every rifle in the country and keeps just a few yards out of it. He makes it a rule to leave all poisoned meat for the neighbor's unsophisticated dog and only the experienced trapper can fool him with a trap, so the man who thinks the coyote is going to thin his rabbits for him does not know much about him.

The only remedy for the rabbit pest is to kill him yourself and induce others to kill him. This can be done by neighborhood co-operation. Let clubs be formed and offer prizes to him who can show the greatest number of rabbit ears. Let these clubs organize rabbit drives and have a lot of sport out of it as well as profit, ar tridges and wire netting are too cheap for Brer Rabbit to become a serious pest.

The rabbit can be easily shot, but shooting a coyote is a different proposition, and is reserved for those who are skilled in the craft, and then it is not often a coyote ever falls before his rifle. Let the war against the coyote go on. We need his absence.

AIRSHIP BUSINESS NOT PROFITABLE IN GERMANY.

Berlin, July 23.—The airship business in Germany has not yet approached a dividend paying basis. The company, which owns and operates a couple of Zeppelin passenger airships, has just made public some figures showing heavy debt balances.

The first year's business caused a loss of $75,000, and last year's despite a gross income of $522,000, resulted in a loss of $90,000.

The company loses nothing in consequence of the recent destruction of the passenger vessel Schwaben, which was heavily insured with English concerns.

Temple—Ten carloads of eggs were shipped from here tonorthern markets recently. Each car contained 400 400 cases, making a total of 120,000 dozen in the shipment.

FIRE CHIEF HAS BLAZE IN HIS OWN BACK YARD

Gasoline Tank at Home of Chief Stampfli Catches Fire This Morning

It may be convenient for the fire chief to have a fire in his own back yard but Fire Chief Stampfli is willing to forego this convenience, after his experience this morning.

Yesterday he bought a sixty gallon tank of gasoline for his automobile which he had placed in his barn. This morning he was burning some trash in his back yard when he noticed the flames burning on top of te bare ground. It flashed through his mind what was burning and he ran into the barn but was too late. He saw the flames licking around the gasoline can. He ran to the telephone and notified the department. It responded quickly and the flames were extinguished with the aid of chemicles before any damage had been done.

GAMBLERS, DISCOVERED, FIRE UPON OFFICERS.

Little Rock, Ark., July 23.—When four deputy sheriffs of Prairie county, headed by Deputy Sheriff Ben Peeples, undertook to break up a gambling rendezvous on White River near Brasfield, Sunday morning about 2 o'clock, the gamblers resisted and according to the officers, opened fire which was returned by the deputies. George Kennedy, negro was killed and another negro was badly injured. There were ten white men, twenty negroes and four negro women in the place at the time and it is claimed that they were not only gambling but selling whiskey also, this being a violation of the law in that county. The gamblers finally fled in all directions through the canebrakes along the river. The coroner's inquest Sunday exonerated the officers and found that the negroes came to their death at the hands of unknown parties, it being claimed that they were shot by some of their own party by mistake.

WILSON TO TAKE PART IN UNIQUE CEREMON.

Washington, July 23.—The famous old apple tree near Appomattox court house, Va., under which Lee surrendered to Grant, long since carried away piece by piece by souvenir hunters, is to be replaced by a tree planted by Governor Woodrow Wilson. Col. Geo. A. Armes, U. S. A., owner of the Appomattox farm, has returned to this city from a visit to Gov. Wilson at Seagirt with the news that the Democratic presidential nominee had accepted an invitation to visit the historic place to plant the new tree within the next few days. It is expected the Virginia trip will be made with a party including a number of senators and representatives and that a visit will be paid to Monticello, Jefferson's home.

Freckled Girls

It is an absolute fact, that one 50 cent jar of WILSON'S FRECKLE CREAM will either remove your freckles or cause them to fade and that two jars will even in the most severe cases completely cure them. We are willing to personally guarantee thisand to return your money without argument if your complexion is not fully restored to its natural beauty. WILSON'S FRECKLE CREAM is fine, fragrant and absolutely harmless. Will not make hair grow but will positively remove TAN, PIMPLES and FRECKLES. Come in today and try it. The jars are large and results absolutely certain. Sent by mail if desired. Price 50c. Mammoth jars $1.00. WILSON'S FAIR SKIN SOAP 25c.

PERSONAL MENTION

C. E. Harkrider of Fort Worth arrived here this afternoon.

Constable Pickett returned last night from Kansas City.

Luke Wilson left this afternoon on a business trip to Archer City.

F. N. Kell left this afternoon on business for Frederick, Oklahoma.

B. L. Brookins returned this afternoon from Tulsa and other points.

Mart Robertson left this afternoon on a business trip to Lukewilson.

Prof. J. E. Halbert will leave tonight for a few days visit with relatives at Mt. Vernon.

J. A. Madlox, a traveling representative of the Dallas News, is in this city on business.

Fred Donley of Electra, passed through here this afternoon en route to Henrietta on business.

Arthur Graves was brought down from Electra today to undergo an operation on account of appendicitis.

Miss Mary Ayres arrived in the city this afternoon from Childress on a visit to her friend, Mrs. C. E. Young.

Miss Georgia Walker left this morning for Henrietta, where she goes to join her mother, who has moved to that city.

Dr. A. B. Edwards passed through this afternoon en route from his home in Henrietta to Abilene, where he goes on business.

Miss Annie Presley returned to her home in Bowie, Texas yesterday after spending a few days with her friend, Miss Ruby Reed.

Miss Kahtryne Adcock, after visiting her grandfather, R. P. Webb and his family, returned this afternoon to her home in Alvord.

Mrs. W. C. Hill left this morning for Electra in response to a message announcing the serious illness of her daughter, Mrs. J. W. Lloyd.

Miss Ines Hamm of Henrietta arrived here this morning to spend several days in the city as the guest of Mrs. Charles Davis, on Austin street.

Miss Bessie Petty from the Thornberry neighborhood, was in the city today en route to Pittsfield, Illinois, at which place she will visit relatives.

Ed Napier city attorney at Electra, returned here this morning after a short trip to Electra on business. He will remain for two or thre days in this city.

R. P. Webb left this afternoon on a business trip to Ringgold, and points on the Rock Island in Oklahoma. He will be absent from the city for three or four days.

NO AGREEMENT REACHED ON BATTLESHIP PROGRAM.

Washington, D. C., July 23.—No agreement over the battleship program for this year was reached when the House and Senate conferees on the naval appropriation bill held another meeting.

The Senate refused to recede from its demand for two battleships, while the House demands that none shall be provided. The Senate conferees believe they can force the House into an agreement for one ship.

Senator Tillman, who had insisted on a $300,000 improvement at the Charleston navy yard, was forced to give way. The Senate yielded to the House on the disputed appropriations for Charleston, Portsmouth and Philadelphia. All will be dropped.

PORTUGAL REFUGEES REFUSE TO RETURN.

Lisbon, July 23.—Calm reigns throughout the country, but the republican troops continue to patrol those districts in which royalist outbreaks have occurred.

Hundreds of refugees from Portugal are arriving in Madrid, among them are several army officers and journalists who have issued a statement today in which they say:

"We will go to America, Germany or Japan if necessary, but we will never return to Portugal so long as the monarchy is not restored."

EXPECT TO RESUME DARROW CASE TOMORROW

By Associated Press.

Los Angeles, Cal., July 23.—Indications early today were that Lovett the juror whose illness caused a suspension of the Darrow trial, would be improved enough to return tomorrow.

Kingsville—Experiments of grafting the Muelager grape on the mustang variety, has proven sucessful here, the product retaining the fruit of the Muelager and the hardihood of the Mustang. The soil and climate of this section are peculiarly adapted to horticulture.

MORSE HEALTH IMPROVING, MAY RETURN TO BUSINESS

Bath, Me., July 23.—Six months ago Saturday Charles W. Morse, the former "ice king" and banker, was freed by President Taft from further serving his sentence of fifteen years in the Federal prison at Atlanta for infractions of the Federal banking laws.

It was then believed that he was in the shadow of death, and United States Surgeon General Torney said of him:

"It is not probable that he will live as long as six months."

But Mr. Morse has rallied remarkably fast, and when seen by a reporter, today said:

"I am feeling remarkably well and my old time health and vigor is returning, and if my condition continues to improve as it has in the past few months I soon shall be able to return to New York to attend to my business interests there."

For the Woman Who Cares

We have on our shelves the choicest products of the worlds most famous manufacturers of Toilet requisites. Toilet Waters and Perfumes that have been loved into existence by gray haired chemists who have spent their lives bringing the sweet odors of rare flowers to your dressing table. The daintily petaled wild rose from among the crags and rocks has been made to yield to up its sweetness. The dainty perfume of the trailing arbutus of the old south has been bottled by the wizards of chemistry. We wish to show you the complete line of Richard Hudnut the acknowledged worlds greatest perfumer whose products are the climax of the perfumers art and whose name on a package of toilet goods is an unquestioned guarantee of quality unequaled in the past and on which the future will not improve. Our toilet goods department is the largest and best assorted in the city. Let us show you.

TODAY'S PROCEEDINGS IN THE DISTRICT COURT.

In the case of Bialkowski vs. the Burkburnett Independent School District which had been on trial several days the jury returned a verdict for the plaintiff in the sum of $290.75 late yesterday afternoon.

Today the suit of S. Walker vs. Cunningham et al was heard before Judge Martin who returned a judgment for the defendant.

Tomorrow the case of C. L. Berkley vs. Pond Laundry Company is set for trial. In this case the plaintiff is seeking damages growing out of the death of his son as the result of the explosion of a gas engine in the laundry more than a year ago.

The criminal docket has been set for the week beginning August 5th.

OHIOAN IS NOW SLATED TO SUCCEED DR. WILEY.

Washington, July 22.—Members of the Ohio congressional delegation are confident that President Taft will nominate Dr. James H. Beal of Scio, Ohio, to be chief of the bureau of chemistry, succeeding Dr. Harvey W. Wiley. White House officials would not confirm the report that Dr. Beal had been chosen for the post that became so well known during Dr. Wiley's regime, but it was admitted that he was more prominent in the President's consideration than any other man.

A field of forty that confronted the President several months has been narrowed down to less than a half dozen. Among those prominently mentioned is Lucius P. Brown, pure food inspector for Tennessee.

HOUSE DEMOCRATS WILL CAUCUS ON NAVAL BILL.

Washington, July 23.—Whether there will be built this year one or two battleships, or none, will be the principal subject for decision by the Democratic caucus of the house Wednesday. The call for the caucus was ordered today It followed on the report of the conferees on the naval appropriation bill that they were hopelessly dead-locked and there appeared to be no hope of a compromise in sight.

LOCAL ATTORNEY IS TO MAKE SPEECHES FOR RAMSEY

Hon. P. B. Cox, an attorney of this city will make speeches in behalf of the candidacy of Judge W. F. Ramsey at several Wichita county points this week. Mr. Cox will speak at Burkburnett tonight, Electra tomorrow night and Iowa Park Thursday night.

NEW BRICK BUILDING ON OHIO AVENUE PLANNED

Kansas Parties Buy Lot From Myles O'Reilly For Garage and Machine Shop.

Myles O'Reilly yesterday sold to W. O. Curtin of Independence, Kansas the south half of lot 13 and the north half of lot 12, block 153, being the fifty feet north of the Job Barnett building on Ohio avenue between Seventh and Sixth streets for a consideration of $8500. Mr. O'Reilly purchased the same lot five years ago for $2400.

Mr. Curtain expects to begin work at once on a brick building 50x150 feet, one story high to be used as an automobile garage and machine shop. Mr. Curtin and his son, John Curtin, now conduct a big garage at Independence, which it is understood they will lmove to Wichita Falls. They will run a vulvanizing plant and will be equipped to make all kinds of automobile repairs.

J. Curtin, another son has been here for some time, being an oil man. The field looked so good to him that he induced his father and his brother to come down and look things over and as a result of the trip they determined to move their plant here. They are business men of high standing at Independence. Mr. Curtin returned to Independence today to arrange for moving his plant here.

PROMINENT CANADIAN CHARGED WITH MANSLAUGHTER.

Winipeg, July 23.—Alfred H. Oakes, president of the Winnipeg Rail and Stock Exchange, and a wealthy broker, faces a charge of manslaughter instituted by the Manitoba government.

Oakes is said to have run over and killed Mrs. Wallace Preston of South Shields, England, Saturday night with his automobile.

Ranch Broken.

Bishop, Texas, July 23.—The 50,000 acres of land thrown open to settlement by the division of the King ranch has been sold to settlers and most of it is under cultivation and an additional 20,000 acre tract is being placed on the market. The principal crop is cotton and feed stuff. Cotton rows one mile in length are common on farms in this section.

BEST COTTON PROSPECTS ARE WEST OF MISSISSIPPI.

Memphis, Tenn., July 23.—The Commercial Appeal says:

During the past week the cotton crop duplicated its performance of the previous week, made progress west of the river and lost ground east of the river. Western progress was at least balanced by eastern deterioration and probably outweighed.

In some parts of the section east of the river there was progress, due to the scattered nature of the rains. In large portions of States nearest the Mississippi River the precipitation has not been excessive and in these districts the crop made good advance. But the deterioration in the portions where rainfall was too heavy added to the almost solid deterioration farther east and overbalanced the gains. The plant in this section is generally gone too much to weed; is sappy and tender and poorly prepared to withstand dry weather. Although large, the plant is fruiting very poorly. Cultivation has been arrested and fields are full of grass and weeds, many acres having been abandoned on this account. Open weather is needed, though correspondents fear any length dry season on account of the sappy nature of the plant.

West of the river the crop made excellent progress, especially in Oklahoma and Texas, where the splendid conditions of the last fortnight were maintained. A drouth is threatened in parts of this territory, but so far no actual damage has resulted from the dry weather. Plants are fruiting splendidly and are in clean, well-cultivated fields.

Complaints of boll weevil are few with very little damage so far. Complaints of grass worms and kindred insects were made from some sections considerable damage from this source having been reported from the east.

BAY CITY EXPLOSION CAUSES THIRD DEATH.

Bay City, Texas, July 23.—Three deaths have resulted from the boiler explosion on the Brownsville road south of this city Saturday afternoon. The fireman died shortly after the accident; Conductor Shirer died late Saturday night and Engineer Fisher early Sunday morning.

Investigation into the cause of the explosion is said to have developed that the accident was the result of low water in the boiler.
