Nothing to That "Fordette" Story

The following letter will very well repay the time you will devote to carefully reading it:

Detroit, April 14, 1919. R. R. Dudley, Ford Agt., Ozona.

On account of recent newspaper articles and the many rumors circulating over the country concerning a proposed new car to be manufactured by Mr. Henry Ford, we believe it advisable to inform our dealers generally, in order that you may intelligently and uniformly answer all inquiries.

In the first place, a large majority of the reports afloat are greatly distorted and exaggerated. A new car may be manufactured, but as to when it will be manufactured we are not in position to say, except that we do know a new car could not possibly be designed, tested out, manufactured and marketed in quantities under two or three years' time.

There is nothing, however, indefinite about the present Ford car. There are over three million in daily use at the present time; and every one of our dealers, through their continued enthusiastic efforts, can dispose of our product as rapidly as manufactured. We intend to continue the production of the reliable Model T as aggressively as in the past, and feel that we have the cooperation of our entire sales organization in forcibly im-

Angelo Invites Uncle Sam's Boys

San Angelo, April 14. Editor Stockman:

The people of San Angelo, under the leadership of the Board of City Development, Y. M. C. A. and Red Cross, have planned a day of celebration for all our men of West Texas, returned from service, to be held April 21, anniversary of the Battle of San Jacinto. With the incomplete records of soldiers, it is impossible to get the names and addresses in order to send personal invitations as we would like to do. Yet we want to use every possible means to have every man know that his presence is urgently requested.

Will you, as a helpful and patriotic service, publish the enclosed invitation in your paper?

Our committee realizes that without the newspapers we can do nothing.

THE INVITATION.

To Returned Soldiers, Sailors, Marines and Aviators:

Your presence is urgently requested by the people of San Angelo to be our Honor Guests on San Jacinto Day April 21st. We have set this day apart to show our love and admiration for you, and your splendid Americanism.

A Dinner, A Supper, Speeches Sports, and A Block Dance, are a few of the features for the Event.

We can't do without You, and

Paschal Odom says he put in at his ranch "just a little patch" of a farm. He calls twelve acres just a little patch. We've seen countries where that was some farm, haven't we?

George Harrell remembered that the 9th of April had come and gone, so dropped in to set forward another year the dates of his own and all the other subscriptions to The Stockman for which he is responsible. He says he can't run a ranch without The Stockman. Here's back at him. We can't run a paper without the ranchmen. George says he got Mrs. Harrell all the garden tools and seed necessary and is confident she will raise plenty of garden truck this year.

Paschal Odom came in Monday to get that supply of beautiful ranch stationery, envelopes and letterheads, that he was presenting to Mrs. Paschal. Next Monday, San Jacinto Day, he starts from Barnhart to the Kansas City market with three cars, 780 head, of fat muttons. He promised to "take one" for us when he got to K. C.—but don't whisper it to the madam.

We have been out of wood for a week, but owing to the nearness of our neighbor's woodpile, we have managed to struggle along. Dark nights are a great blessing to poor folks.—Skeeter. Yep! Wish Joe Blakeney would hurry and have another load of cedar hauled. "Hope deferred maketh the heart sick."

Have you seen that elegant and beautiful stationery some of the ranch fellows are having printed at The Stockman printer for their wives? You boys call in and look at a sample. You will then give the printer the order without a moment's hesitation. One stockman said his wife has begun sewing his buttons on again since he took her that nice stationery.

T. W. Patrick has brought his sheep from the Pecos to his ranch near town, which is now rich in weeds and grass.

Mrs. T. A. Kincaid of Ozona secured two fine registered Jersey cows from Dr. R. V. Taylor of San Angelo, paying \$150 for one and \$250 for the other.

Ralph Watson of Ozona sold to Joe Pierce, Jr., 60 yearling heifers at \$35 and to Childress Bros. 100 one and two-year-old steers at \$35 and \$45.

Ira Deaton of Comstock sold to J. R. Summers 400 nannygoats 1s and 2s. at \$4 and \$5.

John Kelly had 26 ears of stock loaded at Comstock for Chicago when he was murdered. The steers were unloaded and driven back onto the range.

Chris Meinecke is no longer a "prominent ranchman." He sold all his cattle to Judge Montgomery at \$33.00 per head. There were eleven head.

Bester Brown Childress is the latest arrival in Ozona and his boss, Pleas, Jr., brought him to call on The Stockman. Buster Brown is a Shetland pony five years old, 36 inches high, and weighs nearly as much as Charley Coates. Dr. Clayton presented him to nephew, Pleas, Jr.

"Skeeter," of the Springerville (Arizona) Hustler, wants to know if we in West Texas remember when we had to tie a bag of sand to a cow's tail to keep her hind quarters from teetering up when she tried to bite off a piece of sod. Guess we do remember it when it was only last year. But it's nothing that away now. Stockman feller was out for a ride with Tom Casbeer in his limousine when we saw Bob and Roy Miller, the heavenly twins, working with some cows on top of a hill. "What they doin'?" asked Stockman feller. "Shucks!" said Tom. "Don't you see they're pullin' them darned fat cows out of the bog?"

Big Ozona Garage Changes Hands

The Ozona Garage has been sold by the owners, Messrs P. T. Robison, and Rob and Roy Miller, to Messrs Hull, Simmons & North of Sonora, and possession will be given May 1st.

Joe North, who is well and favorably known to many of our people, will be the resident proprietor for the present, and is now making his arrangements to move his family here to reside permanently.

There are other particulars of the sale which will be given to the public later. It is understood that there will be no immediate change in the conduct of the

business in Ozona, and that Fred Cox, the genial manager, will be retained by the new firm, thus assuring them of the continued patronage of his friends, and a vigorous and aggressive management, together with an intimate knowledge of local conditions.

While the people of Ozona will regret the retirement of Pink and Rob and Roy, who are everybody's friends and to whom we are all friends, we can at the same time, heartily extend a welcome to the new owners.

WOMAN WORKS 15 HOURS A DAY

Marvelous Story of Woman's Change from Weakness to Strength by Taking Druggist's Advice.

Peru, Ind.—"I suffered from a displacement with backache and dragging down pains so badly that at times I could not be on my feet and it did not seem as though I could stand it. I tried different medicines without any benefit and finally a doctor told me nothing but an operation would do me any good. My druggist told me of Lydia E. Pinkham's Vegetable Compound. I took it with the result that I am now well and strong. I get up in the morning at four o'clock, do my housework, then go to a factory and work all day, come home and get supper and feel good. I don't know how many of my friends I have told what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. ANNA METERIANO, 86 West 10th St., Peru, Ind.

Women who suffer from such ailments should not fail to try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound.

FIVE YEARS OF SUFFERING

Eupora Lady Broke Down and Was Most Miserable, But Cardui Brought Relief and Now She Is Well.

Eupora, Miss.—Mrs. B. E. Tedder, recently spoke as follows: "About five years ago . . . I broke down and took to my bed. What I suffered no one knew, I was in so much pain from my knees to my waist, cramping and drawing, until I thought I would certainly die. I grew so weak I couldn't eat, and I stood on my feet I had the most miserable and heavy feeling in the lower part of my body. I began on Cardui. It strengthened me after a few doses and diminished the . . . after the first bottle. I commenced to feel better. I regained my appetite. . . I took the Cardui right along. . . I am well and strong. That has been four years. I can do all my work and feel fine." Cardui has been found to be a valuable tonic for women. It is composed of harmless medicinal ingredients, which act in a mild and gentle way on the system and help to build up the body and nerves.

Your druggist sells Cardui. Try it.—Adv. He Even Wears Glasses. "Does he take care of his health?" "Yes, he drinks to it every day."—Cartoons Magazine.

AS YOUNG AS YOUR KIDNEYS

The secret of youth is ELIMINATION OF POISONS from your body. This done, you can live to be a hundred and enjoy the good things of life with as much "zip" as you did when in the springtime of youth. Keep your body in good condition, that's the secret. Watch the kidneys. They filter and purify the blood, all of which blood passes through them once every three minutes. Keep them clean and in proper working condition and you have nothing to fear. Drive the poisonous wastes and deadly acid accumulations from your system. Take GOLD MEDAL Haazlem Oil Capsules and you will always be in good condition. You will feel strong and vigorous, with steady nerves and elastic muscles. GOLD MEDAL Haazlem Oil Capsules are imported direct from the laboratories at Haazlem, Holland. They are a reliable remedy which has been used by the sturdy Dutch for over 200 years, and has helped them to develop into one of the strongest and healthiest races of the world. Get them from your druggist. Do not take a substitute. In sealed packages—three sizes.—Adv.

Actions speak louder than words. Some men never say die, yet they all have to do it. Groves' Tasteless Chill Tonic restores vitality and energy by purifying and enriching the blood. You can't get it stronger, invigorating blood. Price 60c. Ere fancy you consult, consult your purse.—Benjamin Franklin.

EXPECTS MORE SPEEDY AT PARIS MEETINGS

PEACE CONFERENCE APPARENTLY AT TURNING POINT IN ITS LONG DELIBERATIONS.

HAVE AGREED ON PRINCIPLES

Termination of American Participation if Agreement is Not Reached at Once is Hinted At.

Paris.—The peace conference has apparently reached the turning point between definite and speedy results and further prolonged delay. The indications point toward action. The council of four was to have met at the "White House," where the president is still confined to bed. It developed, however, that Premier Lloyd George has been affected in a similar manner, which has confined him also to his bed. It was then determined to have the council meet at Lloyd George's residence so as to be near him, and here the session began with Premier Clemenceau, Premier Orlando, Colonel House and all the financial experts present. Reparation was again the chief issue, and although settled in the main principle a number of essential details still remained open. One of the American experts summed up the situation as he entered the meeting, saying: "The chances are favorable to an agreement, but we have not agreed yet."

The principles which seem to be settled are that reparation and restoration shall be in accordance with the President's seventh and eighth points and the allies' reply to the president's note. Extreme tension was evident as a result of discussions and it is believed throughout the conference that another critical stage has been reached. One of the most responsible authorities associated with President Wilson said that he would not be surprised if American participation was brought to an early close if the delays over details were carried much farther.

French Aviator Starts on Flight Paris.—Lieutenant Fontaine, French aviator, has started from Villa Coublay on the first leg of a trans-Atlantic flight to Brazil. He will make his first stop at Casablanca. Fontaine's flight would be made in five legs, totaling 4,500 miles, as follows: Villa Coublay to Casa Blanca (Dar El Badai), 1,200 miles; Casa Blanca to Dakar, 1,400 miles; Dakar to St. Paul Rocks, 1,100 miles; St. Paul Rocks to Pernambuco, 1,100 miles; Pernambuco to Rio Janeiro, 1,100 miles.

Life Companies are Merged Dallas.—Stockholders of the Great Southern Life Insurance company of Dallas, in session voted to consolidate with the International Life Insurance Company of St. Louis, O. S. Carlton, president of the Great Southern has announced. This combines the assets of the Great Southern company, amounting to \$9,000,000, and its insurance in force of about \$77,000,000, with the \$12,000,000 of assets and \$81,000,000 of insurance in force of the International Life.

To Establish \$100,000 Sanitarium. Dallas.—Amid the most enthusiastic applause from the 2,000 delegates the head camp convention of the Woodmen of the World decided to establish a sanitarium for the treatment of tuberculosis. Houston was selected as the meeting place for the next head camp in 1921. According to the plans outlined a sanitarium will be established somewhere in Texas at an initial cost of approximately \$100,000.

Waco Cotton Palace Coliseum Burns Waco, Texas.—The new coliseum has been totally destroyed by fire and the automobile building was badly damaged. The loss will probably total \$100,000. Fully covered by insurance. President Forest Goodman of the Cotton Palace association, stated that the buildings destroyed would be rebuilt in ample time for the 1919 Cotton Palace.

How Anarchism Affects Commerce. Washington.—Anarchism's disastrous effect on commerce is emphasized in figures of the bureau of foreign and domestic commerce, showing that trade between the United States and Russia fell from \$438,000,000 in 1917 to \$28,000,000 in 1918.

Foreign Property Assured Protection Budapest.—Representatives of foreign governments have handed a memorandum to the Hungarian government, stipulating their claims for protection of foreign citizens and property. The government accepted the claims in principle.

Soviet Republic in Bavaria Proclaimed. Munich, Bavaria.—On behalf of the revolutionary central council of Bavaria, Herr Mekisch addressed the following official telegram to all the workmen's councils: "The workers of Bavaria have overcome their party divisions and united in a mighty block against all domination and exploitation. They have taken over the workers, soldiers and peasants' council entire public authority. The Landtag has been dissolved and people's commissions appointed."

GOVERNORS OF TEXAS AND MEXICO CONFER

EXECUTIVES ACCORDED WARM RECEPTION AT NEW LAREDO BY MEXICAN PEOPLE.

Laredo, Texas.—Nearly all of northern Mexico was in Nuevo Laredo, across the Rio Grande, Monday, to pay homage to the three Mexican governors and the chief executive of Texas. A most enthusiastic reception was accorded. The entire day and part of the night was spent in the function, the purpose of which was to attest the good will of the peoples of the border Mexican states and Texas.

Present were Governor W. P. Hobby of Texas, Governor Nicerfo Zambrano of Nuevo Leon, Governor Adre Ozuna of Tamaulipas and four state deputies of Coahuila, representing Governor Gustavo Mireles, who could not be present. It was the largest border conference ever held. "Good will" was the keynote of the meeting; it fairly radiated on all occasions. There has been a decided transformation in the Mexican people in the last six months. Previous to that, through the insistent German propaganda, they were more or less hostile to the United States. The latter's splendid achievements in France have won the respect, admiration, confidence and apparent friendship of the Mexicans. When the United States officers and military band appeared on the Mexican side which was the first time in five years, they were greeted with applause and great roars of typical Mexican "vivas."

The governors present accepted an invitation from the mayor at San Antonio to visit that city in July. The telegraphic invitation was read at the luncheon given at the mayor's handsome residence in Nuevo Laredo and was cheered. "It was the most far-reaching and the most stimulating gathering that has ever been held to promote better relations between the two countries," said Governor Hobby at the conclusion, "and I confidently believe all of Texas and the United States will appreciate and feel the good effects of this meeting."

Vast Sum for Texas Highways. Austin, Texas.—The state highway department has been collecting such information as it is able to obtain in connection with bonds which have recently been voted or will be voted upon in Texas. The data collected shows that in the last few months there has been \$15,830,000 of bonds voted upon and passed. There is to be voted upon in the near future the sum of \$23,338,000. This vast sum of \$39,168,000 will be almost immediately available for road construction in the state.

Urges Lifting of Embargo. Dallas.—Despite considerable opposition, resolutions calling on the United States government to lift the embargo on cotton immediately so that trade with all allies and neutrals may be resumed, were adopted at the conference called by the Farmers' League of Texas, organized recently at Austin, held in this city. About two hundred and fifty cotton farmers, bankers and others interested were in attendance.

Many Anarchists Killed and Wounded. Anarchal.—The Russian official report on the fighting in the Sred Mek-grenga sector shows that the anarchists lost 700 dead and wounded, in addition to the 108 prisoners taken by the allied forces. The allies sustained no casualties. The anarchists have resumed the bombardment of the British and American positions on the Dvina and Vaga rivers.

Pershing to Visit King of Italy. Rome.—General Pershing has accepted an invitation from the Italian government to visit the king in May. The American commander will be accompanied by Colonel Lloyd Griscom, former ambassador at Rome.

Death of F. W. Woolworth. New York.—Frank W. Woolworth, owner of the Woolworth building and a chain of 5c and 10c stores, died recently at his home, Glencoe, L. I. Woolworth was 67 years old.

Flight Across Sea April 16. London.—The airplane of the Short Bros., one of the entries for the 10,000 pounds race across the Atlantic, will start from Ireland for Newfoundland on April 16.

Overthrow of Reds in Hungary. Vienna.—The Hungarian communist government in Budapest has been overthrown, according to rumors current in official circles.

To Oust Allies From Munich. Basle.—The Frankfurter Zeitung reports that the allied food commission has been ordered to leave Munich.

Only \$27,900,000 in Anarchist Treasury. Washington.—All the gold that can be at the disposal of the Russian anarchists is \$27,900,000 plus the amounts seized in Moscow belonging to the banks of Roumania, which amounted to \$125,000,000, according to calculations made in official quarters. The question was raised by the announcement in New York of Ludwig C. A. K. Martens, who styles himself ambassador from the soviets of Russia, that he would deposit \$200,000,000 in gold as a guarantee to cover purchases.

TRANSPORT ORDERED TO BREST AT ONCE

BELIEVED WORK OF PEACE CONFERENCE IS NOW NEARING AN END.

Washington.—Specific instructions from President Wilson that the sailing of his steamer, the George Washington, be expedited immediately, have been received at the navy department through Admiral William S. Benson, chief of naval operations at Paris. As a result the vessel will leave New York for Brest at the earliest opportunity. Admiral Benson's message gave no reason for the president's order, and the White House professed to have no information on the subject, but interpreting it in the light of press dispatches from Paris telling of the president's determination that delays at the peace conference must end, most officials regarded it as significant. Added importance also was given by the fact that this was the second message from the president regarding the ship's departure, the first received having inquired as to the time the vessel could get under way.

Admiral Benson's cablegram to the navy department was summarized in this statement by Acting Secretary Roosevelt: "Acting Secretary of the Navy Roosevelt has received a cablegram from Admiral Benson at Paris requesting that the sailing of the U. S. S. George Washington be expedited at once by direction of the president. The U. S. S. George Washington will, therefore, leave New York at the earliest opportunity."

By fast steaming the George Washington should reach Brest by April 17. Late press dispatches from Paris indicated that a more hopeful view as to the progress of the peace negotiations was entertained than had been for several days. This view was reflected in a cablegram received by Secretary Tumulty from Rear Admiral Grayson, who reported the general situation had improved slightly. The peace conference has been finished and the revision contains 27 articles, and another meeting will be held this week to consider it as a whole.

"FATHER" BUCKNER DIES AFTER BRIEF ILLNESS

FAMOUS PHILANTHROPIST WHO FOUNDED ORPHAN ASYLUM HAD BRIEF ILLNESS

Dallas.—Dr. R. C. Buckner, famous Baptist minister and philanthropist, died at his home in Dallas, Texas, Monday, after a brief illness of three days. He was 88 years old Jan. 3, last.

Famed as a philanthropist, through whose untiring efforts thousands of orphaned children had been given their start in life, many of them having made their marks in Texas and other states, "Father" Buckner, as he was affectionately known to all, was one of the most revered workers of the Southern Baptist church. Distinguished alike as a minister, as an editor and as a practical philanthropist of great accomplishments, his entire life had been devoted to the uplifting of the Baptist church and its institutions, and especially to the Buckner orphans' home.

In 1873 he took the first subscription for the proposed home, and he realized therefrom \$18. The home was established in 1879. But from that modest beginning, by dint of perseverance and his own undaunted enthusiasm, he gradually built it up, increasing the number of children it could care for and educate until today it is one of the largest institutions of its kind in the United States, with 650 inmates, forty-four buildings and properties, including 2,000 acres of extremely valuable suburban lands east of Dallas, whose value runs into the millions of dollars. It is estimated that the home has had more than 12,000 inmates.

Officers Named By Woodmen Circle. Dallas.—The twentieth biennial convention of the Woodmen Circle of Texas closed here with the installation of officers for the coming two years. Grand guardian, Hattie Livers; grand adviser, Ollie Moore; grand clerk, Maud Deck; grand banker, Lillie Moroney; grand chaplain, Ella Sapp; grand attendant, Lee Wright; grand assistant attendant, Daisy Bering; grand managers, Josie Barling, Callie Cutler, Georgia Easum, Josephine Crane, Mary E. Moffett; grand inner sentinel, Mary Morris; grand outer sentinel, Alice Abbott; alternate retiring past grand guardian, Ethel K. Garrison.

White Rose Grove Wins Medal. Dallas.—The first formal meeting of the Woodmen Circle opened here with the announcement of winners in the competitive drills of the preceding afternoon and the awarding of medals and prizes to the winners. The White Rose Grove of Denison won the state medal. The medal for northeast Texas was awarded to the H. A. Thomas Guards of Fort Worth; for northwest Texas to the Stamford team; for southeast Texas to the Paumont team.

STORM DESTROYS LIFE AND PROPERTY

NORTH TEXAS AND SOUTHERN OKLAHOMA ARE VISITED BY A VERY SEVERE STORM.

OVER 100 REPORTED KILLED

The Property Loss is Placed at Seven Million Dollars in Goods and Buildings.

Dallas.—Heavy loss of life and destruction of property resulted from a windstorm that swept northern Texas and southern Oklahoma early Wednesday morning. Ninety-seven persons are reported killed and hundreds more or less seriously injured. The property loss is estimated to be several millions in buildings and goods destroyed. The damage to crops will be heavy.

The windstorm came up from the southward and was most severe between 3 and 7 o'clock in the morning. It was accompanied by heavy rain and lower temperatures. The counties most seriously affected in Texas were Grayson, Fannin, Hunt, Wood, Van Zandt, Wichita, Collin, Camp and Titus. In Oklahoma the counties of Bryan, Cotton and Pontotoc reported greatest damage. The oil fields of Wichita county and of southern Oklahoma alone suffered hundreds of thousands of dollars damage in wrecked rigs and machinery.

The little town of Canaan, in Grayson county, was literally demolished and a freight train there was blown from the tracks, all but five of the thirty-two cars being overturned. Some of the cars were heavily loaded. The calls community, northeast of Blue Ridge, in Collin county, was disastrously dealt with by the storm, seven persons being killed there. In the vicinity of Leonard, Texas, five were killed and many injured. Grand Saline reports six killed and upwards of 25 injured. In Wood county upwards of 20 are reported killed, while property losses run very high. Reports from Pittsburgh give the life toll near there at six killed and over 20 injured. Twelve were killed and several injured in and around Newsome. Fannin county reports heavy property loss, and several were killed at Della, Ector and Mulberry. Seven killed and several injured is reported from Canton. Property loss of Trenton and vicinity is reported as upwards of \$700,000, while Burk Burnett reports over 50 derricks down with no loss of life.

Advices from Oklahoma give eleven killed and several injured in the vicinity of Durant. Oil derricks around Walters were completely demolished, while Pittsburgh, Canada reports a very severe storm, damaging much property, but no loss of life. Telephone and telegraph wires were rendered useless and the roads in most instances were almost impassable owing to the rains and the obstructions that were thrown across them in many places by the wind.

Over ten inches of snow fell in Amarillo and traffic was suspended there because of it. Two inches of snow was reported from Miami, Okla. Destruction of property has been found to be much greater than the first estimates showed. In every community where destruction was general organizations have been formed for collecting and distributing aid to those who lost their homes and household goods. Tents have been shipped by the Woodmen of the World to communities that asked for them. In some of the communities there has come need for aid from outside and appeals for such aid have been sent forth.

W. O. W. Closes Meeting. Dallas.—With the counting of the ballots for head camp officers and sovereign delegates, the Woodmen of the World has closed what their officials declare was the most harmonious and enthusiastic head camp convention ever held in this state. Head camp officers, whose election was announced as follows: Head consul, J. B. Cochran of Houston; head adviser, J. D. Alexander; head banker, Earl Baird; head clerk, W. C. Cox; head escort, S. J. Flood; head watchman, W. T. Brady; head sentry, Jarrell F. Mitchell; head auditors are C. W. Atkinson, W. F. Altman, Farley Reasonover, F. P. Marshall and Hugo Menge.

Million Soldiers to Be Paid Bous. Washington.—At least 1,500,000 persons discharged from the army are entitled to the \$60 bonus and applications are reaching the war department at the rate of 60,000 to 80,000 per day. The bonus to be paid by the government to all officers, soldiers, field clerks and nurses of the army upon honorable discharge. Those who have been discharged with final pay, but without the bonus should communicate to the zone finance officer, Lemor building, Washington.

To Get Same Loan Quotas. Washington.—Although the amount and terms of the Victory Liberty loan will not be announced until next week Secretary Glass said that each federal reserve district will be assigned the same proportionate quotas for the Victory loan as were given them in the fourth Liberty loan. Since the amount of the Victory loan is expected to be in the neighborhood of six billions, the district quotas will be about comparable with those in the drive last fall.

Health Was Shattered

Mrs. Hayes Was Discouraged Until Doan's Made Her Well.

"I was in awful shape from kidney trouble," says Mrs. Frank Hayes, 42 Dover St., Boston, Mass. "When I was up out of a chair, I felt as though someone had stuck a knife into the small of my back and it fairly took my breath away."

"The kidney secretions passed often and only a little at a time. They were so scalding I would scream so I believe I could be heard a block away. They deposited thick, dust-like sediment and their odor was something awful. My complexion became sallow and I had large, puffy under my eyes."

"I was troubled with spells of gasping for breath and had such dizzy attacks I often felt right over, spots floated before my eyes and I got so nervous I couldn't stand any noise. I cried over nothing at all, became irritable and imagined all sorts of things. My health was shattered and I became discouraged."

"I continued to grow worse in spite of any treatment and came pretty near dying several times. After several months of this horror, I heard about Doan's Kidney Pills. I used a dozen boxes of Doan's and was cured. I was entirely well and have enjoyed good health ever since."

For Colds, Catarrh or Influenza

Do you feel weak and unequal to the work ahead of you? Do you still cough a little, or does your nose bother you? Are you pale? Is your blood thin and watery? Better put your body into shape! Build strong! An old, reliable blood-maker and herbal tonic made from wild roots and berries, is Dr. Pierce's Golden Medical Discovery. This "nature remedy" comes in tablet or liquid form. It will build up your body, cure your cold, and protect you from disease germs which lurk everywhere. One of the active ingredients of this temperance alternative and tonic is wild cherry bark with stillingia, which is so good for the lungs and for coughs; also Oregon grape root, blood root, stone root, Queen's root, — all skillfully combined in the Medical Discovery. These roots have a direct action on the stomach, improving digestion and assimilation. These herbal extracts in the "Discovery" aid in blood-making, and are best for scrofula. By improving the blood they aid in throwing off an attack of influenza.

Catarrh should be treated, first, as a blood disease, with this alternative. Then, in addition, the feet should be washed daily with Dr. Sage's Catarrh Remedy. Send 10c for trial pkg. of Medical Discovery Tablets or Catarrh Tablets to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

MILITARY DEFEAT HAS WROUGHT NO CHANGE OF HEART IN GERMANY

Dr. Alonzo Taylor Investigates Conditions in Land of Hun—Same Old Gang in Government Offices—Take Attitude That They Are Much Abused Nation—Believe Themselves Guilty of No Misdeeds.

By LLOYD ALLEN,
Western Newspaper Union Staff Correspondent.

Paris.—That Germany has experienced no change of heart as a result of her military defeat is the message Dr. Alonzo Taylor has just brought to Paris after three weeks in Germany, where he inspected the food supply, the stocks of raw materials, briefly, and made a remarkably concise survey of the political and economic situation.

Probably no one in America was better fitted to size up Germany than Doctor Taylor.

While America was neutral, during those first months of the great war, Taylor was traveling through the length and breadth of Germany inspecting the allied prison camps. He was attached to the American embassy. He gained, during the days before we were in the war, an intimate knowledge of German war methods, German official procedure, German intrigue, German lies, German cruelty, and came to know all about the conditions of economic Germany.

You would never pick Taylor out of a crowd as one of our leading Americans, because he does not look like a statesman, a college professor, a political economist, or a diplomat—and he is all of these things.

When he hurried out of Mr. Hoover's office in the Hotel de Crillon, on his return from Germany, Taylor started, without a pause, to get into the heart of his talk with a group of American newspaper men that had assembled to learn the truth about the Germans. He actually talked one hour and forty-five minutes. He answered half a hundred questions.

"Same Old Gang."

"They've got the same old gang in the government offices at Berlin that we knew before and during the war," Taylor began. "Some kind of a revolution actually started in Germany before the armistice was signed. For the time being that revolution is being held up. The politicians are bending every effort to get a governmental machine working smoothly, in order to present some kind of a solid front to the allies when the time comes to settle final peace terms. While the government is shaping itself the old civil servants are being kept in the government offices. The men in control do not intend taking untrained men into the government, because they have the concrete example of the failure of the Russian government that took untrained officials into the government machine. The Germans in control won't allow Germany's government to fall to pieces like the Russian government."

As soon as peace is actually declared the Germans will start out settling their internal difficulties and can be expected to introduce many socialistic reforms—possibly the socialization of many of the leading industries, such as the large factory groups and the coal and potash and iron mines. In the meantime, the men in control at Berlin are endeavoring to get their people back to work, back to the industries and nonpolitical ways of 50 years ago before the militaristic crowd started preaching world conquest and "kulturation" of the globe.

Militarism is Gone.

And it is now appreciated that the Germans have a long way to go before they come out of this war experience as even a half-way decent nation. Militarism as a world menace in Germany is gone, Doctor Taylor believes. He found sufficient evidence to satisfy him that the German army of the old days is a thing of the past.

As to the men at the helm in Berlin who are trying to solve the present urgent problems of the country—they have had no change of heart, no conversion to the doctrines of President Wilson unless they are permitted to retain their original boundaries.

Falling to hoodwink the world into giving them territory that never belonged to them rightfully, the Germans are going to take the attitude that they are a much abused nation. And they are going to hint broadly that no good can come of abusing a nation of 70,000,000 people. In fact, they are already beginning a propaganda to make their people believe the allies are eager for an unjust peace.

Non Compos Mentis.

Today the German has figured out a kind of new philosophy of life. He wants to eat his cake and have it too. He admits that he would have been overjoyed had the central powers won the war and enslaved the world. He sees no wrong in a kulturized world. He believes that any means the military party took to win the war, no matter how cruel, and no matter what suffering these methods caused innocent populations, were justified.

Now that the Germans have been defeated and see some of their stealings of the past half century going out of their hands, they say, "The military party deceived us," and then take the attitude that they are not to blame for present misfortunes.

In other words, had the military party succeeded in defeating the allied nations and the United States the

German people would have taken the spoils and admit that they would have levied terrible peace terms on their vanquished enemies. Now they are defeated they refuse to shoulder any of the blame for the situation. And they are going to believe that they are abused if Alsace-Lorraine is given to France.

Believe Selves Guiltless.

The widespread belief that the Germans themselves are guilty of no misdeeds is being emphasized by a new school of writers who first came into prominence about the time President Wilson gave the world the covenant of the league of nations at Paris. What astounded Americans in Germany in those days was the fact that these very writers admitted with perfect candor that Germany intended keeping Belgium permanently, had Germany won the war.

Topics such as these occupied the German mind when the peace conference was making its preliminary survey of European affairs. While German papers printed columns about the probable outcome of the peace conference there were 238,000 men in Berlin without jobs drawing a pension of six marks a day from the government. In Hamburg the pension roll amounted to 78,000. Both figures represent a state of unemployment several times greater than the worst periods of industrial depression Germany ever knew before the war.

The men were being paid just enough to live on, and as a consequence would not work.

Hate for Kaiser.

Among the intellectual circles in Germany the blame for the silent rebellion of the workmen, their refusal to work, was placed on the military party—on old Von Tirpitz, and on Ludendorff, and some more of the war lords. The Kaiser and his son, the crown prince, were generally despised. Both ran away when trouble started and were hated for that. But the people of Germany were not disposed to blame either the crown prince or the Kaiser for starting the war.

"Both of them lack the brains to plan a war," was the common expression heard on the streets and reflected in a number of the newspapers.

Doctor Taylor had one general explanation for Germany's strangely perverted state of mind.

"Germany today is suffering from an intense moral disintegration," he declared. "You see it in a dozen different phases of German life. Men who served in the army and are now demobilized, though still in uniform, will leave their families for days at a time—simply wander off without warning. They seem to have lost their sense of responsibility toward their families."

"There are comparatively few producers in the population, most of the people being spenders; spenders of the government's printed money."

"In the Berlin playhouses shows are running which are of such a low moral level that no American postal authority would permit even private letters to describe some of the scenes. Before the war such shows were not permitted."

"Robberies have increased greatly. The people blame the bolsheviks, but know in their own minds that these crimes might well enough be committed by anyone—because the increase in crime is one of the notable phases of life in Germany today."

In all Germany there is no danger of a rehabilitation of the military machine, according to Doctor Taylor. This view is verified by other Americans competent to judge, who have just returned from the other side of the Rhine.

Without desiring in any way to antagonize the French, who are carrying on an active campaign preaching

Committee to Help Soldiers Get Jobs

Washington, D. C.—Governmental agencies called together by the council of national defense organized the emergency committee on employment for soldiers and sailors as a step toward filling a gap caused by demobilization of 80 per cent of the field force of the United States employment service, for which congress failed to provide funds.

A committee on plans was appointed to collect immediately all available information as to work being done and prepare a comprehensive plan of operations.

Grosvenor B. Clarkson, director of the council, is chairman, the other members being Col. Arthur Woods, special assistant to the secretary of war; John W. Hallowell of Boston, and E. H. Greenwood of the council.

Colonel Woods told the committee: "Many of the men feel that they have been improved by their experience in the army and are ambitious for something better than before. I feel that this ambition should be encouraged."

the possibility of Germany "coming back." Doctor Taylor and his associates believe firmly that the German is finished in a military way; that the German people are disgusted with the military idea, which has brought them nothing but misery and hunger, and that above all other things the French, and of course the other allied nations and America, are not in any danger of a resumption of the war.

This does not mean that any amiable feeling is growing among the American officials here in Paris toward the Germans, and it does not mean that an unfriendliness toward the French people is developing. The Americans who have been in Germany and who know the Germans from long experience before as well as during the war, are convinced that the German today is the same swine he was in and before 1914.

Doctor Taylor and Dr. Vernon Kellogg, also of the Hoover staff and competent to speak of the situation in Germany, are both of the opinion that Germany has no great amount of manufactured goods waiting to be shipped to the markets of the world ahead of allied goods.

It now seems that the economic blockade that shut raw materials from Germany during the war is still in effect, and that the nation is in an industrial way.

URGES 13 MONTHS IN YEAR

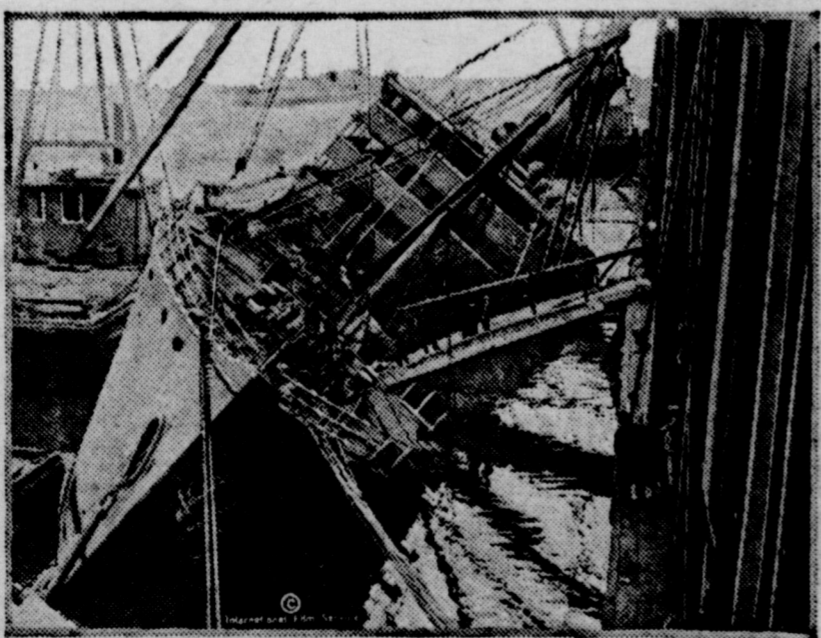

Cincinnati Man Brings Forward His Plan for Simple Perpetual Calendar.

Cincinnati. — "Printed calendars would be a thing of the past if the perpetual calendar were adopted," said C. B. Braumstein, who has a plan for simplifying dates.

"Let the year be divided into 13 months of 28 days each. This would make 364 days. As there are 365 1/4 days in a year, the odd day could be placed anywhere in the calendar and be a 'universal thanksgiving day.' The other extra day would come every fourth year and could be placed after the last day in leap year and be known as 'Zero day,' 'Leap Year day' or 'Gala day.'"

"Under this plan Monday would always come on the 1st, 8th, 15th and 22d days of the month; Tuesday on the 2d, 9th, 16th and 23d; Wednesday on the 3d, 10th, 17th, 24th; Thursday on the 4th, 11th, 18th, 25th; Friday on the 5th, 12th, 19th, 26th; Saturday on the 6th, 13th, 20th, 27th; Sunday on the 7th, 14th, 21st, 28th. Everybody would know upon what date any day of the week would fall."

SABBATH OF LIGHT

Holy Saturday a Great Day for the Pilgrims Gathered in Jerusalem.

DURING holy week the Christian and Moslem pilgrims in Jerusalem visit the sacred river Jordan. On Holy Thursday the Greek patriarch washes the feet of 12 pilgrims. This service and ceremony is performed in the open court in front of the cathedral, on a temporary platform decorated with olive boughs. The patriarchs of the Catholic and Armenian communities perform a similar service inside the cathedral, to which the general public is not admitted. On Good Friday all-day services are in order, and special services with ceremonies commemorating the crucifixion take place from 10 to 11 o'clock. On Holy Saturday, also known as the "Sabbath of Light," all lights in the cathedral are extinguished. The Greek and Armenian sects relight their lamps, candles and fires from a flame which is believed by them to appear on the holy sepulcher on that day. This is the crowning event of Lent to the Greek, Armenian, Syrian and Coptic creeds. Millions of wax tapers and candles are lighted at this flame, burned a few minutes, then carefully

packed and treasured as sacred relics which are carried and distributed over the whole civilized world.

At midnight the service of the resurrection is performed, after which many of the pilgrims start on their homeward journey.

More tourists are of course welcome, because they contribute somewhat to the trade of the season, but they stay one or several days at the longest, and do not enter into nor understand the real religious or social life of the people of the land, and consequently are regarded as outsiders.

IS GREAT ESTABLISHED FACT

Skeptics Have at All Times Failed to Disprove the Resurrection of Easter Mornning.

The lesson of Easter involves the question of the divinity of Christ. There are two great miracles upon which Christianity rests. The miraculous birth and the resurrection go together. If we believe one we can believe the other. The former is not subject to historical proof. The latter has been proved and is one of the best-established facts in history. Those who imagine themselves to be "modern" to accept the resur-

THE SEPULCHRE

By Annie Johnson Flint

"The third day he shall rise again... So they... made the sepulchre sure, sealing the stone... He is not here; for he is risen, as he said."—Matthew 28: 1-6.

The Man had died on the cross,
And they laid him in the tomb;
The Living Stone in the stone,
The Rock in the rock-hewn room;
They left him alone with Death,
And sealed the stone at the door;
They made the sepulchre sure,
And set their watch before.

"Lest his friends should steal him away,
And say that he rose," they said,
But Life escaped from Death,
And the God-man rose from the dead.

The skeptical minds of men
Still think the sepulchre sure,
But Christ had said, "I will arise,"
And the counsels of God endure.

Still his disciples go
To carry the wondrous word:
"The Lord is risen indeed!"
"We know we have seen and heard—
And I am sure, I am sure,
With the seal of their scorn on the door."
The place where the Lord once lay,
Is empty forevermore.
—Sunday School Times.

rection as a literal fact, are deluding no one but themselves. There is nothing new in the effort to explain away the great event. Men have been trying out explanations ever since the guards who went to sleep on duty around the tomb excused themselves by saying the disciples stole his body away while they slept. Explainers have risen and fallen as the ages have come and gone and the deeper the explainers have gone into the matter, the more apparent has become the fact. The simple Gospel narratives gave enough of the physical details of the event to make it convincing; the fact that the disciples themselves did not expect the resurrection and were slow to believe it until they were forced to believe it by his presence among them; by exhibition of his sacred wounds and the fact that it became the burden of their preaching in the future all go to make up the indisputable collateral evidence of the literal fact. Every one of the disciples is said to have died a martyr and his resurrection was their "testimony to martyrdom."—H. Lee Mills in Houston Post.

IS GREATEST OF FESTIVALS

Easter Celebrated in Some Form Everywhere, Especially Among the People of Latin Countries.

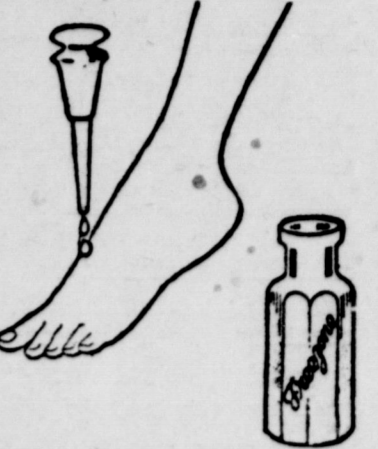

Of all annual festivals among Christian nations, Easter seems to have made the most serious impression, and the customs connected with its first celebrations to have lingered the longest. Europe, with its many nations, and, therefore, many people, has ever been the scene of various ceremonies distinctly belonging to the separate countries, with the Latin church always in the lead in the matter of picturesque symbols and processions.

The war will make a difference in some districts, but wherever there are a few gathered together in his name in the neighborhood of mighty cathedrals still standing, or tiny kirks in the heart of the woods or along the sea, there will some feature of the story of the atonement be told in symbols.

These strange customs, sometimes combined with elaborate ceremonies, are found oftenest in the rural districts, where the people have no free access to the towns, and simplicity of living does not question the difference between truth and tradition.

If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited, to those who are in need of it. A prominent druggist says "Take for example Dr. Kimer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kimer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments; corrects urinary troubles and neutralizes the uric acid which causes rheumatism, neuralgia, sciatica, etc. It is sold in 50-cent bottles of Swamp-Root by Parcel Post. Address Dr. Kimer & Co., Binghamton, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores.—Adv.

HOW CAN YOU TELL YOUR FAVORITE TOBACCO?

As Plain as the Nose on Your Face—Just Smell It

Smokers do not have to put tobacco in their pipes to find out if they like it. They can just rub the tobacco between the palms of their hands and smell it. The nose is an infallible guide to smoking enjoyment.

All smoking tobaccos employ some flavoring "to improve the flavour and burning qualities of the leaves", to quote the Encyclopedia Britannica. Naturally, there is considerable difference in the kind of flavorings used, and the nose quickly detects this difference. TUXEDO Tobacco uses the purest, most wholesome, and delicious of all flavorings—chocolate. And the almost universal liking for chocolate in a great measure explains the widespread popularity of TUXEDO Tobacco.

Carefully aged, old Burley tobacco, plus a dash of pure chocolate, gives TUXEDO Tobacco a pure fragrance your nose can quickly distinguish from any other tobacco. Try it and see.

Question of the Hour: "Got your Easter Lid?"

Text for Today: "Now is Christ risen from the dead, and become the first fruits of them that slept." I Cor. 15:20.

That "Fordette" yarn was a tall one, wasn't it? Good advertising for the Ford cars, tho. Henry Ford is a natural born advertiser, and he would now have been in the United States Senate if President Wilson hadn't tried to help him.

Another good man gone, rich in years and good works - Rev. R. C. Buckner of the great Buckner Orphans' Home, Dallas. He went about doing good all his life, and not a dark spot stained the white pages of his eighty-two years of life.

Five hundred persons were arrested at one time in Indianapolis, charged with bringing booze into a dry State. The further one gets from the booze the more he wants it. "Distance lends enchantment." Now here at Eagle Pass where booze is only a pleasant walk distant no one ever thinks of going after it. -Eagle Pass Guide.

The Wall Street Journal says those fool pro laws can never be enforced in this country "unless the majority of the people can keep the majority of the people in jail."

Natural conditions this Spring are absolutely ideal. The Lord is abundantly blessing us. The only troubles we have are caused by fool human beings stirring up a continual mess trying to attend to the other fellow's business. If the reformers would begin by reforming themselves they would have such a big job that they would never get into their neighbors' yard and homes. Did you ever notice that it is the other fellow who always needs regulation? And if the United States would stay on their own side of the water, they would never get into trouble. American soldiers are fighting and freezing and starving and dying in Russia, where they have no moral or legal right, just because our criminal bosses make them do it.

"THE LAND OF GOD AND LIBERTY."

Do you know what land it is? Of course you do, Mexico.

How we used to laugh at our neighbors across the Rio Grande when they claimed such a distinction! "The Land of God and Liberty!"

How we used to hug ourselves in fond complacency that Mexico might claim the NAME, but WE had the TRUE Land of God and Liberty. Now few of us are so fatuous as to make any such confident boasts. We who are well informed know full well that the National and State legislatures, and the drastic orders of autocratic officials, have absolutely deprived this country of every vestige of human liberty.

How we used to despise the Mexican army, and call it an army of "peons," which means slaves. And it was. Can we deny that now the American army is composed of slaves?

The war against Germany and Austria has been over more than five months. Every soldier who was drafted for that war should have been at home three months ago. It takes training to mobilize an army, but no training is required to let the soldiers go. Nine out of every ten want to go home, and it is their right to go home. American soldiers in Russia are dying every day. They are vigorously protesting that they are not at war with Russia, or with the Bolsheviki, and never enlisted to fight them—but the bosses still drive them on and on to their death, and to our sorrow and shame.

Who is to blame? Somebody is. Physician and nurse cannot pass through Georgia and some other States with a sick person and give any sort of alcoholic treatment, no matter what the trouble or disease. They are all arrested, and their medicines taken away from them.

In Virginia the State prohibition agents have already committed several murders. Women cannot travel in safety on the railway trains. Their sleeper berths are invaded and flashlights and pistols presented at them in their beds. The insulting of female travelers by State prohibition police has become so notorious that even National officials have been protesting.

When your wife, daughter, sister, or any other female relative, or lady friend, is disrobed in a sleeping berth, how would you like to have some brute in the employ of the prohibitionists, or in any other employ on earth, throw aside the curtains and flash a light upon them, followed by a six shooter? That's exactly what they are getting in Virginia. Do you think Texas will be any different? Why should you think so?

If the people of this country do not soon awake and assert themselves against the minority autocrats, Liberty will be a thing lost to us in this country.

Do you know what "Bolsheviki" really mean? It means the rule of the majority. Bolshevism means majority. Therefore Bolshevism would be infinitely preferable in this country to the absolute autocracy under which we are now living.

Ozona Boy Scouts are Active

The Ozona Boy Scouts are now divided into two patrols and they promise that "some pep" will be put into their activities from now on. Patrol No. 1 has Rev. Carson, pastor of the Baptist church, as scout master. "Pine Tree Patrol," No. 2 is composed of the big fellows, every one a first-class scout. Ernest Dunlap is scout master of this patrol. The Scouts expect to start on a big hike to Independence creek Saturday, the 7th of June, or just as soon as school closes. A regular camp will be established and military regulations will be observed. The clear notes of the scout bugles will echo thru the hills and canyons, making the fish sit up and take notice, or come out on the banks and salute. The Scouts have a room in the court house, the northwest corner that has heretofore been occupied by the Red Cross ladies in sewing. There will be athletic games, etc., there, and the boys already have the nucleus for a good library. If you have a spare book, give it to one of the scouts for the library. The Scouts want the business men to take more interest in their work. It is a good work, elevating, uplifting and instructive.

John Kelly Killed By a Mexican

John Kelly was murdered by a Mexican ranch hand at his home near Comstock Tuesday evening, the 8th inst. The murderer was immediately killed by citizens. Mr. Kelly had come in to the ranch from the station in his car, and stopped at the shearing pens, when a Mexican employee came and informed him that there was a Mexican with a rifle up at the barn who was laying for him (Kelly) to kill him. Mr. Kelly remarked: "I'm not afraid of him, but he might scare the women. I'll go take his gun away from him." He got in his car and ran up to the barn, unarmed. He had just stopped the car to get out when a Mexican stepped out from behind the barn door and shot him in the face. Brains were scattered over the windshield. The slayer then repeatedly pumped bullets into the body, which had fallen forward. The Mexican would run out of the door and put a bullet into the body, then run back. He did this eight times after the first death wound. There were nine bullet holes in the body. Mr. Kelly's housekeeper was a witness to the scene from the ranch house. She ran into the house and got a rifle, but said she was afraid to shoot for fear she would miss the Mexican and

he would kill her. So she again ran in and phoned to the home of Sam Bell, the Ozona-Comstock mail contractor, where a number of men happened to be at the time. These all ran for guns and were quickly on the scene of the killing. As the Mexican ran out to put a final bullet in Kelly's body, paying no attention to the other men, he was shot. That the murderer had coolly planned his crime and his getaway was proven by the fact that he had one of the Kelly horses saddled and tied near the barn. At the fusillade by the citizens the horse broke loose and ran free. Another Mexican on the ranch said that the murderer had told him he was going to kill Kelly. The body of the dead man was taken to Corpus Christi, where his family resides, for interment. Mr. Kelly was county commissioner of Val Verde county and one of the wealthiest ranchmen in this section. He has lately been working hard to put the Devils River road in good condition. The Stockman editor has, for more than thirty years, known Mr. Kelly personally, and even intimately, and has always found him a straightforward honorable gentleman. That was his general reputation. He began as a young man at Comstock with nothing, and has made a big fortune in the ranch business. He was fifty-five years old, and leaves a wife and several children. What Bailey Said

Joe Bailey did not say he would never again vote a "DEMOCRATIC" ticket. Joe Boehmer has the right of it. Mr. Bailey has not left the party. The party has left Mr. Bailey. The great Democrat's real position, fully authorized, will be printed in The Stockman as soon as the space can be spared. Watch for it.

From now on my laundry will leave every Tuesday morning. Please phone Monday. Roy Parker.

Congressman Claud Hudspeth has been spending several days on his Devils River ranch, and may be in town today. A number of Ozonians have been with him roping his pet catfish. Claud is going to get that Devils River irrigation project through, having instructed Congress to appropriate three hundred thousand dollars for that purpose. He is also going to get a fish hatchery for Christoval, a ship channel for San Angelo and a big hotel for Ozona. If there's any way to help his people, really and truly, Claud will certainly do it, and that Devils River project and Christoval fish hatchery, at least, are virtually assured.

Have a picture of the baby taken. See J. A. Leach, Ozona.

Mrs. Roy Henderson is home from a long visit in San Angelo.

Dr. Cox will be home today from his oil fields.

Dr. Blanton and family were San Angelo visitors since last week.

Rowdy Hoover and wife have returned from an extended stay at Wilcox, Arizona.

The Ozona B. Y. P. U. will send a strong delegation to Big Lake within a few weeks.

Dr. Jesse of Chicago lectured last night at Methodist church on prohibition.

Mrs. Ella Schauer was the last Sunday guest of Mr. and Mrs. Otto Schauer on the ranch.

Ladies have you seen that new line of Victor Ladies Co. at Roy Parker's.

Miss Tompkins took her Sunday School class out for a picnic last Saturday morning at the German waterhole west of town.

Mrs. Rod Campbell of Mertzon accompanied by her big son, is the guest of her mother, Mrs. Ella Schauer.

Mrs. R. K. James and son Eddie came over from Sonora with T. L. Miller last Saturday to visit relatives.

A pleasant group meeting of BYPU's was held last Thursday night at the home of Miss Rena Carson.

L. A. McLemore returned Monday night from a trip around the world, or at least as far as San Angelo.

The Ozona Rebekahs had an unusually interesting meeting Monday night and passed favorably upon two candidates for membership.

Garden tools, garden seed, garden hose, lawn sprinklers, etc., etc. Just what you have been thinking of buying. Chris Meinecke & Son will show them to you.

Sam Murray and his lovely daughter Miss Bennie were here Tuesday enroute home to Sheffield from a visit to San Angelo, where Miss Bennie had to be taken for treatment for tonsillitis.

Yesterday as John Henderson, Jr. had just seated himself at the dinner table he was seized with a kind of cerebral attack and fell over unconscious. He is a sick man, but it is hoped, not dangerously so.

Ladies, Girls, next Sunday, as you know, will be Easter. Are you fixed for it? We invite you to call at our store and let us help you select the balance of your outfit in pretty things to wear. Flowers & Adams.

Mrs. M. T. Rodgers, the energetic representative of the Kansas City Life Insurance Co., is here again from her headquarters in San Angelo. She is so pleased with Ozona that she could not stay away any longer. Her friends here are glad to see her completely restored to health, after a very serious illness. Mrs. Rodgers has the distinction of having written more life insurance this year than any agent in the country, notwithstanding the handicap of her illness. Her company is offering splendid inducements to prospective patrons.

The baseball game last Saturday afternoon between the Ozona Giants and the Highschool Nine resulted in a victory for the Giants by a score of five to three. It was a good game and the highs played fast ball, but the Giants were a little too heavy for them. The game shows, however, that the team that beats Ozona this coming season will be easy champions of West Texas.

Thirty members of the B. Y. P. U. visited Barnhart and rendered a program at the Methodist church at 4 o'clock last Sunday afternoon. At the conclusion of the program the party went out several miles from town and had supper, then returned to Barnhart for church services. Rev. Carson will preach again at that place Friday night, 25th.

Nearly all of us, even some of us church members, went to the big dance at the court house last Friday night and had the time of our lives. That was some fine music, eh! What! It was generally voted the most enjoyable dance yet given this year. There were some handsome costumes worn, and the girls were pretty—O, BOY!

W. E. Smith was called to Sipe Spring by a telegram announcing that his mother had suffered a stroke of paralysis and was not expected to live. Latest telegraphic information received by Mrs. Smith, however, is of a very hopeful character stating that the stricken lady is much improved.

Mr. and Mrs. Bert Kincaid brought in their baby from the ranch Monday afternoon very seriously ill. Dr. Clayton arrived from San Angelo and he and Dr. Blanton treated the child for membranous croup. It is much improved at this writing.

J. E. Kersey made a sly run over to Barnhart last Friday, keeping mum as an oyster about the purpose. He brought back Mrs. Kersey, who arrived that day from Temple. The family will move here after the Temple schools are out for the summer.

A Joslin truck load of married ladies, chaperoned by a few of the youngsters, enjoyed a moonlight picnic at Baggett's Grove last Saturday night. There were just twenty-nine in the party, and some babies.

Little Harvey Cosper narrowly escaped serious injury yesterday afternoon. He tried to catch the family car while running and was thrown underneath. The rear wheel passed over one foot, but no bones were broken.

Mrs. Ella Schauer says "It pays to advertise." She advertised a parlor set for sale in the last issue of The Stockman, and sold it the next day after the paper came out.

"Little" Willis Johnson and wife were in town on a trading expedition. Little Willis has a fine ranch on the Pecos, and seldom gets to town, now that he is married.

R. J. Cooke and wife visited San Angelo last Saturday and spent the day. Mrs. Cooke must go every Saturday for a while to get medical treatment.

Howard B. Cox is expected back home today from his Reeves county oil fields. Tell you more about it next week.

A Will that Cannot be Broken

Those wishing to provide safely and certainly for those near and dear to them should realize the great importance of having an unbreakable Life Insurance Will.

If the will is made in the way of a monthly income policy, two results are accomplished at the same time; immediately an estate is created and at the same time that estate is converted into an income payable to the beneficiary named, monthly, quarterly, semi-annually, just as the applicant provides in this Unbreakable Insurance Will. Not only relieving the beneficiary of the burden of reinvesting this money in possibly unsafe securities, but perpetuating for those loved ones a sure income that cannot be transferred, assigned, diverted, borrowed against or incumbered in any way. In this Life Insurance Will they are assured and guaranteed that their wishes will be carried out to the fullest extent. Should death occur during twenty years ALL premiums paid are returned in ONE PREMIUM. Should the insured become totally disabled through loss of two members of the body all the above benefits are payable to him.

For a policy payable in one sum for the protection of your bank and credit see the BUSINESS MAN'S SPECIAL.

Life is uncertain at all times and especially at such times as during the world wide epidemic of the past four months. The young and the strongest as well as the aged have gone down like grass before the scythe. American legal reserve Life Insurance Companies paid more death claims the last sixty days of 1918 than the 17 months of world war cost them. YET, like a great GIANT of mercy, unimpaired and absolutely safe, they are ready and glad to assume the responsibility of this estate and Unbreakable Will to you and loved ones. Volumes could be written of sorrow, broken families and homes just because of delay in placing a policy over your life and home.

WASHINGTON SIDELIGHTS

Three Flying Circuses to Aid the Victory Loan

WASHINGTON.—Three flying circuses of American, French and British aviators in American and captured German Fokker planes will tour the United States in connection with the Victory Liberty loan campaign, giving aerial sham battles and acrobatics over 50 leading American cities.

Fourteen captured German Fokker planes have been landed at Newport News and shipped to Washington. The best types of American planes developed during the war will be demonstrated. Each squadron will be carried in a special train of 11 cars, traveling at night.

Six of the best British flyers developed during the war will participate. Eight French flyers, one of whom has a record of 42 victories, have come from France to take part. Photographers of the signal corps will accompany each squadron. They will take war photographs of each of the American cities visited; the plates will be dropped from the airplanes by parachute and hurried reproductions made for the benefit of the residents of all cities visited. Parades will precede the flights.

The general program to be followed in each city visited will be as follows: Two American scout planes will rise to drop Victory loan literature over the city. Four "German" planes will then attack these two American planes in the air. Four American planes will then drive off the "German" planes, and the flyers will give demonstrations of aerial acrobatics.

These tours and demonstrations will be under the direction of the bureau of publicity of the Victory loan organization. The actual flights will be under the direction of the military aeronautics branch of the war department, with Capt. Leon Richardson in charge.

Washington Memorial to Bishop Francis Asbury

IN THE last hours of the Sixty-fifth congress Representative Charles H. Sloan of Nebraska made an address in favor of senate joint resolution authorizing the erection on public ground in Washington, D. C., of a memorial to Francis Asbury. No appropriation is asked; the funds have been raised by subscription. Congress is asked to give a site. Who was Francis Asbury? Doubtless the average American citizen does not know. Mr. Sloan said among other things:

"He was born in the parish of Handsworth, England, August 29, 1745. Early called to active militant church service, he became, in 1771, the elder Wesley's 'proconsul' for America. He was a patriot, standing with the people whom he hoped to serve in their struggle for an independent nationality, while every one of his coworkers sent from England by Wesley went back to the mother country.

"The seashore and the great river banks had the important settlements of America. Many of them would have furnished a suitable home for a bishop, but this he did not desire nor would he have it. He believed that the outposts of American civilization should be the outposts of Methodism. He would be a commander to lead a charge rather than to order an advance made. So from 1784, when he was ordained a bishop, till 1816, when he passed to his reward, no road was too long to travel, no river too turbulent to cross, no storm too fearful to venture, no savage that he would not face, no civilized man or mob he would not confront.

"At the Saratoga general conference in May, 1916, on the commemoration of the centennial of Bishop Asbury's death, Judge Henry Wade Rogers in a masterly address, said:

"Asbury preached about 16,500 sermons; traveled about 270,000 miles, most of it on horseback, some on foot; presided in 224 annual conferences, and ordained more than 40,000 preachers. In addition, he was writing more than 1,000 letters a year."

Will December 31 Be the National Wedding Day?

YOUNG men contemplating matrimony will do well to bear in mind the latest interpretation of the law. The man who was married at any time during 1918, a commissioner has ruled, is entitled to tax exemption for a wife for a full year. Thus, he whose ceremony took place at 11 p. m., December 31, 1918, wins all of his \$2,000 exemption—less, of course, the wedding expenses. On the other hand, he who married at 1 a. m., January 1, 1918 (and likely enough there were some such), might just as well have been married way back in 1917.

In Denver an enterprising reporter took a look at the 1918 marriage record and found that 13 couples were married on December 31. Denver has a population of 290,000. This is to say that December 31 there was one marriage to 20,000 people. If there were marriages December 31 all over the country in the same proportion among our 110,000,000 people, the total was 5,900. As each marriage carried with it an exemption of \$2,000, the aggregate exemption was \$11,800,000. In short, the account stands thus: Tax exemptions, \$11,800,000, without the expense of wives for a year and with only wedding expenses to be considered.

Will this bring about a radical change in the popular wedding season? Will December hereafter be the season of brides and June be thrown into the discard? Will December 31 be the one great marrying day of the whole year? Will it come to be the big national holiday of the year, bigger than Christmas, the Fourth of July and Thanksgiving day? Will it be combined with New Year's day in a double holiday?

The only trouble with this profound mathematical calculation and the deductions therefrom is that brides are in the habit of setting the wedding day. And little the bridegrooms will have to say about it, tax exemption or no tax exemption.

United States Has \$574,000,000 for Good Roads

WITH full state co-operation, according to the terms of the federal aid road act, the United States will have a total of at least \$574,000,000 for co-operative road building during the next three years. The federal part of this fund is assured by an extra appropriation of \$209,000,000 in the post-office appropriation bill passed by congress.

Officials of the bureau of roads, United States department of agriculture, which administers the provisions of the federal aid road act and co-operates with the state governments in the expenditure of the money, point out that this amount of funds is the largest ever appropriated for similar purposes and for a similar period by any government in the history of the world. In connection with the great federal aid program it is also noted that expenditures for highway work in the United States this year are likely to amount to \$500,000,000 or more. On reports received from state highway departments the bureau of public roads estimates the 1919 expenditures for roads and bridges at \$385,000,000, or \$119,000,000 more than the average expenditures for 1916 and 1917.

An important effect of the law containing the new appropriation is that it broadens the definition of a rural post road, under which class a highway had to qualify in order to receive the benefits of the federal aid act. The new act also raises the government limit of contribution from not to exceed \$10,000 a mile to not to exceed \$20,000 a mile, taking account of higher present costs of labor and materials. Of the \$209,000,000 added to the funds available under the federal aid road act, the new law makes \$90,000,000 available for expenditure by the secretary of agriculture for roads and trails within or partly within the national forests

WINTERSMITH'S CHILL TONIC

ITCH!

A WAR-TIME ILL THAT'S SPREADING HUNT'S SALVE CURES IT!

BRED in the war trenches of Europe, a wave of ordinary ITCH is spreading over the country. This skin disease, history shows, has always prevailed, following wars and the concentration of armies. It was common during the Civil War and following that conflict there was an epidemic of the Itch after the Spanish American War. Now history is repeating itself after the great European struggle.

Returned soldiers and those with whom they come in contact will find a recognized remedy for the Itch in Hunt's Salve, commonly known as "Hunt's Itch Cure." Many a veteran of the late '90's will testify to its merits. If directions are followed HUNT'S SALVE will prove a never failing cure for all forms of the Itch, and your druggist will tell you so. He sells HUNT'S SALVE under a strict guarantee to refund the purchase price to any dissatisfied user.

A Medford, Oklahoma man, among thousands who praise HUNT'S SALVE, says: "Some people dislike to call it the Itch, but cancer compels me to admit I had it badly. Four Hunt's Salve boxes, however, cured me after many other remedies had totally failed. One box completed the cure—the first application afforded wonderful relief. My advice to those who have to scratch, is to use Hunt's Salve."

Hunt's Salve is especially compounded for the treatment of Itch, Eczema, Ringworm, Tetter and other itching skin diseases and is sold on our guarantee by all reliable drug stores, or it will be sent direct by mail if your local druggist cannot supply. Price 75c per box.

Starving in the Midst of Plenty

Acid-Stomach Steals Strength and Good Feelings From Millions

One of the worst features of acid-stomach is that very often it literally starves its victims in the midst of plenty. And the strange thing about it is that the people with acid-stomachs seldom know what their trouble really is.

No matter how good or wholesome the food may be, or how much they eat, they do not gain in strength. This is clearly explained by the fact that an acid-stomach cannot properly digest food. Instead of healthy, normal digestion, the excess acid causes the food to sour and ferment. Then when this mass of sour, fermented food, charged with excess acid, passes into the intestines, it becomes the breeding place for all kinds of germs and toxic poisons, which in turn are absorbed into the blood and in this way distributed throughout the entire body. And that is exactly why it is that so many thousands of people eat and eat and keep on eating and yet are literally starving in the midst of plenty. Their acid-stomachs make it absolutely impossible for them to get the full measure of nourishment out of their food. And it doesn't take long for this poor nourishment to show its ill effects in a weakened, emaciated body.

You may say: "My stomach doesn't hurt me." That may be true because many victims of acid-stomach do not actually suffer stomach pain. Then again, there are millions who do suffer all kinds of aches and pains—head-aches, rheumatic twinges, gout, lumbago, pains around the heart and in the chest—who never dream that an acid-stomach is the real cause of the trouble.

Naturally, the sensible thing to do is to strike right at the very cause of this trouble and clean the excess acid out of the stomach. There is a quick, easy way to do this. A wonderful new remedy quickly removes the excess acid without the slightest discomfort. It is EATONIC. Made in the form of tablets—they are good to eat—just like a bit of candy. They literally absorb the injurious excess acid and carry it away through the intestines. They also drive the blast out of the body—in fact you can fairly feel it work. Make a test of EATONIC in your own case today. Get a big box of EATONIC from your druggist. See for yourself how surely it brings quick relief in those painful attacks of indigestion, bitter heartburn, belching, disgusting food repelling, that awful bloated, lumpy feeling after eating and other stomach miseries. Banish all your stomach troubles so completely that you forget you have a stomach. Then you can eat what you like and digest your food in comfort without fear of distressing after effects.

If EATONIC does not relieve you it will not cost you one penny. You can return it to your druggist and get your money back. So if you have the slightest question about your health—if you feel you are not getting all the strength out of your food—if you are not feeling tip-top, ready for your work, full of vim and vigor—do give EATONIC a fair trial this very day and see how much better you will feel.

Allegiance to Spring Styles

No wonder the French are fond of beige. Time demonstrates that we never grow tired of this refined and beautiful color, which ranks with white in these two particulars. Besides this, it goes well with all other colors, as white does. The spring is welcomed by many a pretty suit in beige-colored wool and many rich and handsome ones in beige-colored tricot and other silk weaves. The one-piece dresses reveal this color a favorite with their designers, often in combination with other colored fabrics or brightened by rich embroideries.

The second suit is of gray wool velours, with a rose-colored vestee of combed wool, which is a smart detail that lends its character. Besides its vestee, this suit takes advantage of the vogue for small buttons set in a row, to proclaim its allegiance to the decrees of fashion. It is perfectly tailored and has practical pockets to recommend it to the tailor-made girl. Its wear is correct in the matter of shoes to wear with it, selecting low-heeled oxfords, and a brilliant rough straw hat crowns the costume perfectly.

A suit of beige tricot shown in the picture is a fine example of harmonizing color and design. Here there is the same "class" in the design as in the cloth. It is made with a plain skirt, and very neat machine stitching is an important detail in its finishing. The skirt is instead length and just wide enough for comfortable walking. The neat effect of machine stitching is emphasized by placing it on narrow panels, banded at the ends, that are applied around the coat. It appears again on the front of the coat, where a wide panel is cut to form pockets at the sides, and again on the narrow belt of the tricot. The small, round buttons are covered with the cloth.

Silk Thread for Children's Wear.
 Always sew children's wear with a No. 1 quality silk thread—the best to be had. In the long run it will prove the best paying investment in your children's clothes that you have ever hit upon. SILK thread is stronger than cotton; it does not roughen in the laundering nor is it so brittle and inclined to break off or snap in the seam. In gingham, percales and other fabrics of children's wearing apparel the silk sinks deep into the mesh of the goods and holds far better with a thread of similar quality and texture as the apparel. Numerous mothers have vouched for the value of this practice.

Vagaries In Blouse Styles

Combed wools and angora yarns are playing conspicuous parts in the spring styles. They appear everywhere, the combed wool in accessories of suits and coats as vestees, collars, cuffs, and the yarns in embroideries on dresses and millinery and in other forms. As nothing escapes the industrious eyes of the designers of waists the vogue for wool embroidery soon brought grist to their mills, for they appropriated the idea and have used it on blouses, adding one more to the many interesting vagaries that make the blouses of the season attractive. One would not expect wool yarn to travel hand in hand with georgette crepe, but it does, and successfully, as is witnessed by the blouse shown in the picture.

This model is of dark plum-colored crepe, ornamented with scattered spirals of beige-colored embroidery. Its front is extended into a little apron rounded at the bottom. Fancy stitching finishes the hems and outlines the round neck, and these are of silk like the pendant silk ornaments that finish the tie ends that are sewed to the front of the blouse. The tie ends are unexpected, but altogether charming as a finishing touch. The

sleeves have a close-fitting cuff fastened to a flowing upper sleeve. The other waist is of taupe-colored crepe, with front and sleeves embroidered with silk of the same color. It is another one of the several models that have extensions below the waistline, and it contrives a very original management of this feature of the styles by having two long tabs at each side gathered into silk tassels. Besides achieving this something new, the blouse has another merit in a very wide, soft girle of the georgette, and it takes advantage of the opportunity to use a small sailor collar on the round neck. Many round-necked blouses are finished with frills.

Julia Bromley

Hats for the Kiddies.
 Chambray hats for the kiddies have again appeared this season, and these show stitched brims and large, puffy crowns of the fabric, with wide black velvet bands and streamers, and sometimes trimmed with little gingham flowers.

**I am Sincere! Stop Calomel!
 I Guarantee Dodson's Liver Tone**

Listen to me! Calomel sickens and you may lose a day's work. If bilious, constipated or headachy read my guarantee.

Liven up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no nasty, dangerous calomel, because it makes you sick and you may lose a day's work. Calomel is mercury or quicksilver, which causes necrosis of the bones. Calomel crashes into sour bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced, just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or dealer sells you a bottle of Dodson's Liver Tone for a few cents under my

personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick. Dodson's Liver Tone is real liver medicine. You'll know it next morning, because you will wake up feeling fine, your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular.

Dodson's Liver Tone is entirely vegetable, therefore harmless and can not silitate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of calomel is almost stopped entirely here.—Adv.

His Ice Cream Bucket.
 They were on the back platform of an outbound Irvington street car. One was carrying a small paper bucket, which was labeled all over with the words, "Ice Cream."

From the way the other passengers eyed the bucket it was evident they either thought the ice cream season was past or wondered why the carrier hadn't bought it in Irvington instead of carrying it such a distance.

"I guess people think I'm dippy, carrying a bucket of ice cream from downtown when it can be bought out here," said the man with the bucket. "But it's not ice cream. It's chili."

"Well, they say ice cream is chilly, so you should worry," said the other.—Indianapolis News.

Poachers Kill Off Big Game.
 Pisgah forest, United States government preserve and one of the few remaining big game sections of the country, is about to be denuded of its game by poachers, according to statements by Rudolph Diefenbach, forest supervisor. Poachers, usually under cover of night, drive the deer out into the open or off the preserves and then kill them. The number slain is reaching alarming proportions.

Kidding Himself.
 "That fellow Jones is plumb crazy kidding himself."
 "How's that?"
 "Why, making excuses for himself—bolstering himself with pretense. For instance, the other night he came in at 12 o'clock. He didn't want to lie to his wife, so he turned the hall clock over on its side to make it look like a quarter of nine, and went to bed conscientiously."

Constipated Children Gladly Take

"California Syrup of Figs"

For the Liver and Bowels

Tell your druggist you want genuine "California Syrup of Figs." Full directions and dose for babies and children of all ages who are constipated, bilious, feverish, tongue-coated, or full of cold, are plainly printed on the bottle. Look for the name "California" and accept no other "Fig Syrup."

NOTHING NEW IN WARFARE

Methods Employed During Great Conflict Merely Copies of Those in Use Long Ago.

By the use of trenches in the great war the opposing forces adopted means of offense and defense that long antedate the invention of firearms. The steel helmet reappeared after more than 200 years of disuse, and many a soldier owes his life to the fact that the curved surface of his hand-covering deflected a bullet. The trench periscope is an adaptation of a device that was invented nearly three centuries ago. The barbed wire entanglement is only another form of the ancient abatis, and the fact that it is now often painted green to make it less easy to see is a link that joins it even more intimately to its prototype. The pits with sharp spikes at the bottom and the catlrops—four-pointed iron instruments that always stand with one point upward however they may fall—are survivals of medieval warfare. The catapult of the Romans that once threw stones recently cast explosive grenades from trench to trench. The German flame projector goes back to the days when armies deluged each other with burning oil and burning pitch, and the use of poisonous gases was anticipated by the Chinese, who for centuries used "stinkpots."

Paradoxical Action.
 "Why do those two speak so coolly to each other?"
 "Because they've had warm words."

LESSON ENDED RIGHT THERE

Third Answer to His Question Must Have Left School Superintendent Gasping for Breath.

Superintendent of Schools Shiels of Los Angeles, while endeavoring to teach a class of boys the composition of sentences, said to them:
 "If I ask you 'What have I in my hand?' you must not answer 'chalk,' but compose a complete sentence such as, 'You have a piece of chalk in your hand.' Now we will continue."
 "What have I on my feet?"
 "Boots," was the immediate answer.
 "Wrong, you haven't listened to my directions."
 "Socks," ventured another heedless one. "Wrong again; worse than ever," protested Shiels in exasperation.
 "Well?" as another pupil raised his hand.
 "Please, sir," then he paused. Perhaps he thought his answer might seem funny, but convinced that it was right, he gasped out recklessly, "corns!"

Monkeys Die of Flu.
 Monkeys are the latest victims of the Spanish influenza scourge which has been sweeping the world, according to a letter received by a resident of Albany, Ore., from a relative who is a banker in a South African city. Thousands of monkeys have perished in the forests of South Africa from influenza, the letter declares. Moreover the plague is prevailing among the white and black population, with high mortality.

**THE ORIGINAL
 POSTUM CEREAL**

Boiled just like coffee—15 minutes after boiling begins—you are certain of uniform quality.

The price doesn't fluctuate from one month to the next.

And besides there's only one grade—the best. You get it in every package.

There's a greater reason however why you should drink Postum—HEALTH.

No upset to stomach, heart or nerves—the penalty many pay for coffee drinking—follows the use of Postum. It's a rich, healthful, invigorating drink, and—

pressing upon prospective buyers the exceptional high quality and dependability of the present Ford car, backed up by the entire strength of an organization already established.

Our factory and assembly plant production is being pushed to the limit, with the thought in mind of reaching our normal capacity of the three thousand cars per day as quickly as possible, in order that the demands of prospective buyers might be met to the fullest possible extent and that our dealers might increase their profits proportionately.

We are also taking important steps to expand and extend our business abroad, especially in European countries including Russia.

With the above information, you should quickly offset any rumors which might tend to delay immediate sales.

Yours very truly,

If I Were a Farmer.

If I were a farmer I would keep at hand a few reliable medicines for minor ailments that are not so serious as to require the attention of a physician, such as Chamberlain's Colic and Diarrhoea Remedy for bowel complaints.

Chamberlain's Cough Remedy for coughs, colds and croup.

Chamberlain's Liniment for sprains, bruises and rheumatic pains.

Chamberlain's Tablets for stomach troubles, biliousness and constipation.

By have these articles at hand it would often save the trouble of a trip to town in the busiest season or in the night, and would enable me to treat slight ailments as soon as they appear, and thereby avoid the more serious diseases that so often follow.

A prudent mother is always on the watch for symptoms of worms in her children. Paleness, lack of interest in play, and peevishness is the signal for WHITE'S CREAM VERMIFUGE. A few doses of this excellent remedy puts an end to the worms and the child soon acts naturally. Sold by W. E. Smith Co.

Holcomb Some Drummer.

Hon. W. D. Holcomb, the wind-ranger of the big printing and office supply house of Holcomb-Blanton, San Angelo, was here with his big bazoo last Thursday. Holcomb-Blanton are both fine fellows and would be very rich if they did not put all their ducats in fine machinery and electing governors of Texas. Squire Holcomb came through from Fort Stockton with three San Angelo drummers, but escaped alive and got back home safely. He can now boast of having gone "over the top." When he got up in the hotel here Thursday morning he found in his suitcase one onion, one spud, a lady's silk stocking and a bottle of mixed Jamaica ginger and cider vinegar. Wonder what sort of a yarn he told when he got home?

For Bilious Troubles.

To promote a healthy action of the liver and correct the disorders caused by biliousness, Chamberlain's Tablets are excellent. Try them and see how quickly they give you a relish for your food and banish that dull and stupid feeling.

Stock Market Hit Hard.

Another raise in the wages of railroad men is announced, this time sixty-five million dollars per year. The New York stock market was knocked silly by the blow. This makes an increase of almost a billion dollars a year to the wage bill since the government took charge—and the "People Pay the Freight."

Bad breath, bitter taste, dizziness and a general "no account" feeling is a sure sign of a torpid liver. HERBINE is the medicine needed. It makes the liver active, vitalizes the blood, regulates the bowels and restores a fine feeling of energy and cheerfulness. Sold by W. E. Smith Co.

SOLDIER NOTES.

Sergeant Strauss is here from the army visiting his friend Sergeant Gottholt.

Jack Norris is home from the wars, coming direct from Camp Shelby, Hattiesburg, Miss. He is an employe of the Couch ranch.

Corporal John Young, brother of Mrs. Harry Friend of Ozona, has landed in New York from overseas, and will be discharged presently.

Angus Stricklen, having been discharged from the army, returned with his wife to Juno, and they came on to Ozona to visit "the folks."

Lieut. Herbert Stone, of the United States army, spent several days in Ozona. The impression that became current that he was a State bank examiner was erroneous. The Lieutenant had

delightful company as far as Del Rio enroute back to his command.

Kuzn Bill: Can't a soldier vote unless he has paid his poll tax?—Ray Reen.

No, May. He can't vote. Of course he was not here and could not pay his poll tax, but they knew it when they got up this prohibition and woman suffrage mess. They were determined he should not vote. It was a mistake to say he would be put in jail if he tries to vote, but he will probably be put to work on the public roads. You see our soldiers were "making the world safe for democracy." As Joe Bailey says, we played hell making democracy safe for the world.

"Nervous Breakdown!"

When your nerves fail your whole body suffers—headaches, stomach disorders, sleepless nights, make you miserable indeed. The experience of Mrs. H. G. Redman, of New Haven, Conn., is an example. Read what she says

"For months I suffered from extreme nervousness. My nerves were completely unstrung and I suffered distressing pains across stomach and chest. Doing light housework left me completely fatigued, and loss of sleep made nights long and tiresome. I began taking DR. MILES' NERVINE and the first night slept soundly. I continued using the medicine and soon all the unpleasant symptoms were gone."

Thousands of sufferers from nervous disorders have found relief in DR. MILES' NERVINE. This wonderful nerve soother is non-alcoholic and contains no harmful or habit-forming drug. Your druggist can tell you of its merits and effectiveness. Keep a bottle always on hand.
