GINNERS

We have the GIN BOOKS you need.

We have the ENGINE OIL, CASTOR MACHINE OIL and CYLINDER OIL.

We sell it to you in one gallon lots up to as much as you wish. Give us your business.

Send us an order for a Gin Book and for your Oil.

Our price is lowest.

Mast Bros & Smith

Stone Fort Corner, Nacogdoches, Tex.

Libby News.

Cotton is very near burnt up. Corn is good in some parts. We are needing rain very badly, think a shower would help the people as several have the sore eyes.

Mr. John Dickerson has been very sick for three weeks, but glad to report that he is improving slowly.

Miss Etta Meador was on the puny list a few days.

Miss Edith Vought had a chill and was quite sick Tuesday.

Mr. T. D. Fulmer of Swift, the fine singer and music teacher has just closed a ten days singing school here with great success as he has taught every body how to sing and has put new life in our community which has been needed for so many years. We people certainly appreciate his good work and hope to get him to teach another school soon.

We had a nice concert Friday night which was largely attended. Plenty of singing and violin music. Miss Cornelia Harrell, of Martinsville, was organist, Dr. Wheeler of Swift, as violinist.

Mr. T. Melton of Mayo was down at the school Friday.

Mr. B. S. Williams and Mr. Call Lee visited Libby Sunday.

Prof. Ezie Fulmer of Mayo assisted his brother in singing Friday.

Mr. J. S. Farrell and family of Lufkin are back in our community again, to live.

Mr. Lee Dickerson of Garrison is visiting his father.

Rev. Floyd of Appleby preached some fine sermons for us the past week. We welcome such preachers back to Libby.

There will be singing here the second and fourth Sunday afternoons in every month. Would be glad to have any of you good singers to help us out.

The young people enjoyed a nice cream supper at Ed Strongs Saturday night.

Come along all you good writers and let us hear from your communities.

E. M V.

If you eat without appetite you need Prickly Ash Bitters. It promptly removes impurities that clog and impede the action of the digestive organs, creates good appetite and digestson, strength of body and activity of brain. Stripling Haselwood & Co., special agents.

George T. McNess today moved his tobacco and his packing machinery from the buildings on Church street to the old cigar factory, corner Pilar and Church. In his new location he will have several hundred feet additional room.

Hot days followed by cool nights will breed malaria in the body that is bilious or costive. Prickly Ash Bitters is very valuable at this time for keeping the stomach, liver and bowels well regulated. Stripling Haselwood & Co., special agents.

Wanted

We want your drug trade and will treat you right.

Come and see us.

THE CREAMERY SITUATION.

Experienced Owner and Operator Wants Stock in a Nacogdoches Plant, if Farmers Will Co-Operate—Need of one Here.

So much has been said and written about a creamery in this city, and the great need for such a plant here, that it seems superfluos to venture more, still things come up every few days that add importance to the subject, and seem to impress more heavily the truth that a butter factory in Nacogdoches ought to be made to materialize. Today in speaking to T. J. Lloyd, we learn that an out side party wants stock in a plant here, providing the farmers will co-operate. This party is J. R. Donnell of Belton, stock holder and founder of the creamery in his home town, and who is manager. Mr. Donnell started the creamery business in Belton under most adverse circumstances, as far as co-operation is concerned. Of course there were more cows in that section than are here, but he believed in success and stayed with it until success came. Now he has realized the possibilities of the industry and wants to branch out. That's conclusive evidence that a creamery will pay.

The people of Nacogdoches who want to push the town, and who want to see it grow; those who have capital to invest and want to see the small factories come here would do well to correspond with Mr. Donnell in reference to a creamery. It is possible that this city will have an opportunity to get one another way than taking stock, but it would not prove a misfit to learn some things about the matter. That we need such here cannot be disputed, and as a traveling man said yesterday afternoon,—"yes, you do need a creamery, and have advantages over other sections too, I have been here three days and haven't had any real good cream and butter since I came in town."

A COUNTY CORN EXHIBIT.

About Sixty Dollars in Prizes Offered For the Choicest of This Season's Crops—Takes Place in October—Rules for Judging.

After considerable work and worry, and with the sole object of doing something that will be of the farmers of the county, James D. Greer, agricultural agent for this county, has at last succeeded in creating a movement for a county exhibit, and which will be held sometime in the early days of October,—the exact date to be decided on later. This will be strictly a corn exhibit however, and it is believed will prove the right thing as there has been more good corn grown in this county this year than for many years. The farmers have paid especial attention to their corn crops and lots of them have made a study of it. It is therefore mete and proper that these people be encouraged, and for that reason and to see too, just how good the best corn is, the corn exhibit plan was worked out. Mr. Greer canvassed the business men last week and from them secured subscriptions to the amount of fifty or sixty dollars, and also the promise of co operation in carrying out the plan. The date for the display will be settled within the next week or two and when a location for the display will be announced. The farmers of the county are urged to co-operate in this and bring the very best corn samples they can get. The contest is open to every one in the county, and if one hundred men would enter with exhibits, it would be much better than a fourth that number. Bring your corn, meet your neighbor, talk to him, see his corn samples, get ideas, and profit by these things even if you don't win a prize. The following is a list of the premiums offered:

Class A. White: —

Best ten ears, $5.00.

Next best ten ears, $3.00.

Third best ten ears, $2.00.

Class B. Yellow: —

Best ten ears, $5.0.

Next best ten ears, $3.00.

Third best ten ears, $2.00.

Class C. Mixed: —

Best ten ears, $5.00.

Next best ten ears, $3.00.

Third best ten ears, $2.00.

Sweepstakes: —

For best ten ears, any color or variety, $10.00.

For best single ear, any color or variety, $3.00.

Second best ear, any color or variety, $2.00.

These are in addition to the premiums offered by Spradley Brothers and James D. Greer last fall.

Now a few words in reference to the displays, and judging rules.

All corn entered is the property of the committee, middle of the ear should after the corn show is over measure three fourths its lenghth,—or nearly so. However too much stress should not be given this point. White varieties should have white kernels with no colored grains and should have white cobs. Yellow varieties should have golden yellow grains, with no other color, and should have red cobs. Mixed corn should have a variety of colors but only one type. However it is not expected to find perfect corn, and farmers are advised to not expect such. Pick the choice and bring it in. In a week or two further announcement concerning the contest will be made.

Garland Stoves

Stand for All That's Good In Stoves

Made of the Best Material by Skilled Mechanics.

Consume but Little Fuel, and Positively do Perfect Baking.

Let us show you this most excellent line, or if you want to spend less money and at the same time get a stove that cooks beautifully, lasts well and is low in price while high in quality get a P. & B. made at Nashville, Tenn. A Southern product made by Southern men of ability and honor

Don't buy any kind of a stove till you see us. We can meet any price on equal quality, made by any one here or elsewhere. We mean this Come and be convinced

Our buggy sales are far greater than for years. There is a reason. We have Moon Bros and Studebaker in high grade goods and a line of medium and low priced buggies that positively are the best goods ever offered for the money. We challenge any concern in Texas or out of Texas to show as good buggy values as we now offer.

This is no "hot air." We have reorganized our Buggy department, have always had a good business in this line and are going to DOUBLE it this year

Call and let us show you something special. If we don't give you the biggest bargains you ever saw anywhere buy from the other fellow.

Cason, Monk & Co.

The Hardware and Buggy Folks

P. S.—Don't forget that Studebaker Wagon. You need one We've got 'em.

Mr. and Mrs. E. A. Blount, Miss Mamie Blount and Miss Laura Allen, Dr. E. A. Blount and Laura Chapman returned today from a trip to Corpus Christi.

Weekly Sentinel

HALTOM & HALTOM, Proprietors.
GILES M. HALTOM, MANAGER.

THE fact that very little fuss is being made over the proposition is no sign the butter factory is a thing never to come. Watch the signs and keep the record straight.

THE many improvements that are now going on in this city are the best evidences in the world of its progress. Every nail that is driven means just that much better town.

As a cottton market this good old town proposes to lead the bunch this season, as last. The farmer who fails to bring his product here to dispose of will be loser in the long run.

THE butter factory proposition is going to be up to the Nacogdoches people, and don't forget it. The folks who are figuring have the capital to invest and if the citizens show the proper spirit, we will get that factory.

THE lid is on in Port Arthur and now the fellow who wants a "seegar" and other luxuries on a Sunday, will have to go over to Orange or up to Beaumont to purchase. Would like for Stump to explain what he's been doing of late.

MR. SEARS, senior member of the firm of Sears & Roebuck, has retired from business, having disposed of his holdings in the big mail order firm for the paltry sum of $25,000,000. The people of the South who contributed to Mr. Sears success will receive none of the earnings.

AND there is the trades day matter again. We need something here and nothing would prove a better feature than a trades day. 'Spose the business men take a little more interest in Nacogdoches, and start the ball rolling by launching the trades day matter again.

THE good old slavery darkies are gradually passing out and in a few more years the familiar Uncle Ruben and Aunt Dinah will be unknown excepting in story. The generations to come will never realize that the race represents anything other than a crop of hybrids of the Booker Washington type.

GOOD roads are the greatest section builders in the world, and the more you have the better business will result. Ever mile of good road in Nacogdoches county means an enhancement of values, means a more prosperous country. We have a few and need lots of them. The good road movement is timely.

BUSINESS is getting some brisker already according to the version of our merchants, and in an another few weeks things will be real lively. The farmers of the county and other consumers are advised to watch the columns of The Sentinel for the announcements of the merchants. They will tell you what they have for sale.

GOOD roads are being built in every section of Texas. The people are fast realizing the absolute necessity of better high days and are clamoring for such. Put $100 000 into good roads in Nacogdoches county and it will almost double the valuations in the county in the next decade.

GIVE some folks a pair of ice cream trousers, some striped socks, a rainbow neck tie, a fresh shampoo and the world is at their feet. They can tell you the "latest to wear" to be in the swim, but chances are they couldn't figure simple interest with a ream of paper and a box of Fabers.

THERE is more wealth in Nacogdoches county than ever before. There are more good farms and farmers than ever before. There are more people living at home than ever before. In a few years Kansas meat, Missiouri mules, Oklahoma hay and Louisana syrup will be novelties in this country.

THE flushing of the sewers is a mighty good thing for the health of the town. Same might be said of the weeds that are being cut,—still there are some patches that continue to grow despite the fact that they would top a twelve foot measure now. Some folks own some mighty rich dirt here.

HUMAN nature is pretty much the same every where. In fact about the only difference is in the amount of "human nature". Man is prone to selfishness, and without it he would be an unusual object. However too much of the "self interest" is bad and folks should guard against over doing the thing.

Don't be a grouch, for heaven's sake. There is absolutely nothing to it. Instead, open your face, wear a smile, be pleasant and enjoy the day. Do your work with a will and be generous with yourself and the other fellow. The world is big enough for us all and there is work for every body. Be an optimi t while you live,—it's too late when the undertaker comes.

CHARLES M. Schwab, the millionaire steel king, will never know what he missed by not coming to the historical city of Nacogdoches, the "mother of Texas," metropolis of the richest section in the world and pace setter for the progressive burgs of the biggest part of the biggest state in the Union.—Push it along, —anything is a good thing, it for the good of a town.

YOU can't head a West Texas town on nerve. You can't beat them boosting. You can't discourage them with all the drouths of two decades. In fact the West Texas town is a mixture of some most unusual ingredients and does things that any other place would feint over. When it comes to things being, the chief asset of that great country known as West Texas is confidence. The natural advantages and resources wont compare and can't compare with this part of the world, but they get there just the same.

THE Nacogdoches Sentinel wants the business people of the town to get together and organize a trades day. It would be a good idea. Such steps always do a lot of good for any town and enables the business people and people of the country to get better and closer acquainted. By all means organize the trades day.—Lufkin Tribune.

BE generous with your fellow man. Don't condemn until you have cause too,—and be sure to investigate before hand. The other fellow is entitled to some consideration and his ideas may be just as good if not better than those you advance. Give every man an equal chance, and when you do, it will be seen that there is not such a wide channel between them after all.

NACOGDOCHES needs more "wage giving" plants. She needs little factories,—institutions that employ men and that will scatter a pay roll weekly or monthly. We have some of them here now, —want more—and they can be gotten by a co-operation. There are several institutions that are seeking a location here, but some interest should be shown at this end of the line.

HAD Hascom Thomas returned to his home, after being vindicated by his constituency by re-election to the Senate, and had he settled back to his duties, satisfied, instead of running around over Texas talking so much with his mouth, the bad tastes that are now forming on some folks tongues, would never have been. There is such a thing of over doing even a good thing.

THERE is a great deal of difference in making up your mind to do a thing, and doing it. For instance there are lots of people in good old Nacogdoches who have long since made up their minds to get busy for the town, but they haven't done a thing yet. Just a few days ago a number of business men were discussing affairs and things in general, and some of them made remarks to the effect that they had decided to lay aside their coats and pull and push all at the same time for the good of their home town. As far as actual work shows to date, those same fellows are "doing business as of yore."

ALTHOUGH the penitentiary investigating committee deemed conditions with respect to regular inspections of sufficient gravity to justify an immediate transmission of the inspectors' testimony to the Governor, that official apparently has not considered the disclosures of his inspectors' testimony of enough importance to warrant any action on his part. The Governor's attention is called to the fact that the committee which submitted the inspectors' testimony to him was not appointed by Mr. Kennedy, either. Texas apparently has always been prone to dispute the facts rather than to face the music and relieve the conditions which facts reflect.—San Antonio Express.

SHELBY county is to have a local option election September 11th. A state of unrest seems to have enveloped the whole of Texas.

THE San Augustine Tribune is very thankful for the acknowledgement of its progress by The Sentinel, and promises to watch closely for an opportunity to boquet us. Nacogdoches leads—others follow.

BALES of cotton are beginning to come in and most of the product is being marketed. The staple is bringing a good price too,—eleven to twelve cents. That kind of cotton with a half crop is better than a big one at half the price.

THERE will be twice as many acres planted in tobacco next year as were the present one. That will mean twice as much product, with an average crop, twice as many people to handle it and twice as much tobacco money in circulation. Isn't that growing some?

H. BASCOM THOMAS was re-elected to the State Senate, after having been expelled, but the letter written by the Hopkins county statesman some years ago is yet un-explained. Think of one man in Texas having tour counties and ten newspapers in his hip pocket for deliverence at the proper time. It's great, begorrah!

"THE tobacco industry promises to be the biggest thing in East Texas," said a gentleman yesterday. He is a man—in business—who is in no way connected with tobacco. The present status was rather a surprise to him, and he expressed it as being real sorry he had not looked into it sooner. There are lots of folks in this city who are not in touch with the tobacco business and do not realize the volumn, nor the importance of the industry. To such we merely suggest that they visit the packing houses and talk to the farmers. It will prove interesting and instructive and will encourage the growers.

GEORGE BAILEY, wit and wisdom by the barrel, and who does daily stunts for the Houston Post, has another say coming. The immortal red headed widows of the Bayou city, made immortal by the versatile pen of the aforesaid gentleman, and the decile, exemplary widowers of that same burg, have been painted by the artist of the Dallas Times-Herald, and in terms that demand Bailey to come forth and speak, or forever keep silent. Hugh Fitzgerald has heretofore been regarded as a partner with George Robinson of the Waco Times-Herald, whose chief labors were to keep the political records intact, but the man at the head of the Trinity has ventured in the open in a new role. The city of Houston and the city of Dallas have engaged in battle, the red headed widows and sedate old widowers are the cause, and the two pencil pushers,—wit and wisdom expounders, warm air generators, are the generals, while the watch word is "lookout."

We've Got 'Em

Hand-Made Saddles and Harness Stood the Test for Twelve Years

Saddles that r de well
Saddles that look wel!
Sad lles made to sell

Come in, we'll show you the rest

M. L. STROUD
At Saddle Shop

THE longer a fellow eats pie, the better it tastes,—with reference to the political article. Several of the officials at Austin are seeking favors again, some who have been elected and others who have been there for some time as appointees. Rotation in office is a mighty good thing, and a long time. Democratic doctrine, therefore a change would be timely. Because a man is a good man and has made a good official is no reason he should be fed and fatted till the grave claims him. The big old state of Texas is full of good men and who would make just as good officials as the fellows who are swinging on the ropes, entreating the "dear people" to give them another chance. The argument that it costs so much to be elected to a state office and costs so much to live in Austin, are the p orest excuses under heaven for third terms or "more chances at the pie counter." Give other ambitous, worthy people an opportunity.

THE lady said to the tramp as she handed him a dry slice of bread: "I do not give you this for my sake or you sake, but for God's sake." The tramp said as he handed it back. "For Christ's sake, put a little butter on it." That is the way of the world today. Many a millionaire give his thousands today for chairty and tomorrow puts the price upon the articles he has to sell in order to make up the gift, robbing the poor consummer, then calls it charity. We call it stealing under the cloak of charity, a worse crime than robbery with fire arms. We would certainly hate to arm such an old thief as that and start on the road to glory.—Houston Co. Herald.

The San Angelo Press-News is keeping up its courage by whistling. It says: "Just as sure as fate, as sure as two and two are four, or as the sun shines and water runs down hill, San Angelo will get that West Texas state normal. San Angelo not only made a strong bid for it, but Judge Stone of Ballinger made an argument before the locating committee that cannot be refuted. That committee will decide between San Angelo and Ballinger—and in San Angelo's favor." For fear that Abilene will not find time as she victoriously marches off the battlefield with the normal, sympathy is extended in advance of the fast approaching moment when nervy San Angelo's mangled form will be found prostrate where she made her last stand for the institution. —Abilene Texas.

BAD habits are like the mistletoe that clings, apparently so harmless, to the mighty oak, and slowly but surely saps its life out, and in time the once mighty tree is a skeleton, left standing to remind people of the great havoc that can be wrought by these tenacious little growths. We can always get an object lesson from nature, but never have we seen one which was more forcible than the one we learn from the oak and the mistletoe. So long as the tree is properly cared for and all the little outside growths kept off, is it beautiful and healthy. And so it is with human beings. So long as the clinging evil habits are kept from us, just so long do we enioy health of body and mind, but let the little shoots remain unheeded and they will as surely sap your life's blood as will the mistletoe kill the oak.—Rusk Press-Journal.

Palestine School of Business

PALESTINE, TEXAS

Opens September 1st for the Reception of Students.
Two Distinct Courses

BUSINESS COURSE	STENOGRAPHIC COURSE
Bookkeeping,	Shorthand,
Commercial Law,	Typewriting
Business Arithmetic,	Manifolding,

THE BEST REMEDY

For Women—Lydia E. Pinkham's Vegetable Compound

Noah, Ky.—"I was passing through the Change of Life and suffered from headaches, nervous prostration, and hemorrhages.

"Lydia E. Pinkham's Vegetable Compound made me well and strong, so that I can do all my housework, and attend to the store and post-office, and I feel much younger than I really am.

"Lydia E. Pinkham's Vegetable Compound is the most successful remedy for all kinds of female troubles, and I feel that I can never praise it enough."—MRS. LIZZIE HOLLAND, Noah, Ky.

The Change of Life is the most critical period of a woman's existence, and neglect of health at this time invites disease and pain.

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

For 30 years it has been curing women from the worst forms of female ills—inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

Corn Very Good at Etoile.

John Morton of Etoile, one of the good substancial farmers of that section, was a visisor to the city today. To a Sentinel man he stated that the recent hot, dry winds had damaged cotton considerably and was causing it to open prematurely. He predicts a short crop in his section. In reference to corn he thinks the yield will prove more than at first expected. As a whole the people are getting along alright though, have plenty to make them contented and enough crops to have some monev left.

For Sale.

One Fairbank cotton beam and frame. See T. J. Roquemore. w4t

Word has been received from Lufkin that Denver Chestnut is in a very bad condition wsth rheumatism caused by a spell ot slow fever. Denver has many friends who are sOrry to learn of his illness and wish him an early recovery.

Governor Campbell At Mt. Enterprise.

The following letter has been received from Mt. Enterprise:—Kindly have The Sentinel in this week's issue say that Governor Campbell will speak at Mt. Enterprise on the 8th of next month. The Governor assures me that he will be glad to meet the people ot this section of the State on this occasion. Dinner will be served, and we hope to make this occasion a most pleasant one for our guests.

A cordial invitation is extended to the citizens of your county to be present on this occasion.

My friend and colleague in the 31st Legislature, H. A. Dotson, will be glad to cooperate with you in bringing over a large delegation from your city.

Yours very truly,
J. H. Reid.

LABOR DAY CELEBRATION.

Palestine Trades Council Making Preparations For Big Time September Sixth — Balloon Ascension and Other Forms of Amusement.

Palestine, Texas, August 25.—The Labor Day celebration to be held in this city Monday, September 6th, at the Michaux Grove, under the auspices of the Palestine Trades and Labor Council, promises to be one of the largest events of its kind ever held in this part of the state.

Many fine attractions will be pulled off for the amusement of all present, and preparations are being made to entertain ten thousand people.

Among the many good things that have been secured is the balloon ascension and parachute leap by Prof. M. H Phillips, the old-fashioned barbecue. grand street pageant and crowning ot the "Queen," and speaking by Governor Campbell, Senator C. C. Stokes and Representative J. J. Strickland.

An elaborate program has been arranged for the occasson, as follows:

9:30 a. m.—Crowning of the "Labor Day Queen" at the Reagan Monument Plaza. Music by Hanson's Kid Band of Tyler.

10:00 a. m.—Grand Street Pageant, starting west on Oak street to Tennessee avenue, east on Main street to Sycamore street and countermarch on Spring street to Tennessee avenue, thence south to South Sycamore streat to Neches street, and east on Neches to Michaux Grove.

11:00 a. m.—Selection by Queen City Band.

11:15 a. m.—Welcome Address by Representative J. J. Strickland

11:30 a. m.—Response to Address of Welcome by State Senator C. C. Stokes of Crockett.

12:15 p. m.—Selection by the Rusk Concert Bank.

12:30 p. m.—Old-Fashioned barbecue, with abundance of good things to eat for all.

12:30 p. m.—Short concert during dinner hour by Queen City Band.

1:30 p. m.—Short concert by Hanson's Kid Band.

2 p. m.—Labor Day Address by Governor T. M. Campbell.

3:30 p. m.—Short concert by the Rusk Goncert Band.

4:30 p.m.—Baloon Ascension and Parachute Leap by Prof. M. H. Phillips of Waco, Texas.

5:00 p. m.—Presentation of Presents to Labor Queen and Maids of Honor.

5:30 p. m.—Concert by Hanson's Kid Band

6:00 p. m.—Supper.

7:00 p. m.—Concert by Rusk Concert Band.

8:00 p. m.—Dancing at pavilion on picnic grounds until 11:00 p. m. Music by Queen City Band.

Seventy Years Old.

Rheumatism and neuralgia yield their pain to Perry Davis' Painkiller—so do sprains, burns, bruises. It cures colds, colic, diarrhoea. For seventy years it has been doing good. If it's used early suffering is saved and danger avoided. A 35 cent bottle is the new size; but a 50 cent bottle is really the cheapest—it holds so much more.

NEGRO BURNED TO DEATH.

"Uncle Davy" Jones, Almost a Century Old, Loses Loses Life By Explosion of Lamp—Too Feeble to Extinguish Flames.

From Thursday's Daily:

"Uncle Davy" Jones, an aged war-time negro, well known to most of the older folks ot this county, and who resided about one mile from this city, was burned to death in his cabin Tuesday night. As far as can be learned "Uncle Davy" was alone at his little home, which is situated some distance from any other house, and when dark came on he lighted the lamp. Picking it up he started from a side room to an adjoining one to fix his supper and stumbling, fell, the lamp breaking into pieces and his clothes becoming saturated with oil. The oil took fire and in a few moments the old negro was burned to death, being too feeble to extinguish the flames or to sound an alarm to the far off neighbors. Parties came upon the scene about the time the aged and decrepit old darkey was breathing his last, in time to save the cabin from destruction, but too late to aid the victim of the fire. "Uncle Davy" has been a long time resident of this county and until a few years ago was a familiar sight around town. A good, polite, harmless old slavery negro, well liked by all who knew him, he was regarded by his white friends as an unusual member of his race, his greatest desire seemingly to have been to please "the young marsters and missus," "Uncle Davy" was well past ninety years of age and some folks who knew him quite long state that he was nearer a hundred than ninety. His aged wife, familiary known as Aunt Titia, is said to be between eighty and ninety years of age.

Letter to Judge Middlebrook.

Nacogdoches, Texas.

Dear Sir: Devoe is worth $4 or $5 a gallon, put-on; how much is another paint worth?

Depends on how many gallons you've got to put-on, to be equal to one of Devoe.

Mr. J. J. Hall, Sheffield, Pa. painted two houses one coat, five years ago, lead-and-oil, took 40 gallons.

Last summer brought 40 gallons Devoe for same houses; had 10 gallons left.

Mr. N. Avery, Delhi, N. Y. owns two houses exactly alike; painted one with Devoe; took 6 gallons. The other with some other with some other; took 12 gallons.

What'd you give for those off paints? Bear in mind, you've got to pay for the painting.

Yours truly,
F. W. Devoe & Co.
New York.

P. S. Mast Bros. & Smith sell our paint. 44

S. Kaplan left yesterday for St. Louis to buy goods for his firm. He will probably be away a week or ten days. Mrs. Kaplan accompanied him, but will go from St. Louis to New York to visit her mother for a month or more.

Free from Alcohol

Since May, 1906, Ayer's Sarsaparilla has been entirely free from alcohol. If you are in poor health, weak, pale, nervous, ask your doctor about taking this non-alcoholic tonic and alterative. If he has a better medicine, take his. Get the best always. This is our advice.

Ayer's We publish our formulas. We banish alcohol from our medicines. We urge you to consult your doctor

A sluggish liver means a coated tongue, a bad breath, and constipated bowels. The question is, "What is the best thing to do under such circumstances?" Ask your doctor if this is not a good answer: "Take laxative doses of Ayer's Pills."

—Made by the J. C. Ayer Co., Lowell, Mass.—

Flower Garden Alright.

Some days ago the assertion was made that the extremely hot, dry winds were causing vegetation to wither and in lots ot places to die. John B. Power, ex-newspaper man, nursery man, some other things too, has refuted the statement, and produces the evidence. This morning he came stalking in with a nice boquet of roses, several varieties, presenting the beauty bunch with the "nothing drying up around my section." The flowers were indeed pretty and we must say are extra for this time of year. An excuse for the roses however is that John works in his garden regular as can, waters and cares for his plants. That's the secret of the whole thing, and while he has a rose garden, most other folks efforts are now represented in withered plants. We appreciate the boquet greatly and all the more because it's from a pencil pusher, a fellow who knows that labor means success, demonstrated well in the cluster of rich American roses.

Two Real Estate Deals.

Will Reid today closed a deal for the home place of Dr. J. E. Mayfield, located on East Main street, and G. B. Engledow purchased the home place of Will Reid located on Bremond street. The Mayfield place is one of the prettiest in this city, practically a new house, well located and close in. The Reid place is a pretty one too, and one of the choicest homes in that section. Dr. Mayfield stated today in reference to the matter, that his object in selling was not to leave here, for this has been his home and will continue to be. He has owned the place sold to Mr. Reid for about thirty years. Dr. and Mrs. Mayfield will spend a few weeks vacation in the mountains of Southwest Texas, leaving here about September 15th.

The County Roads.

Will McMillin, superintendent of county roads, was in the city this morning on business in reference to his duties. He stated that there are now eleven hands at work for the county and all are busy repairing and building roads. Of course the extremely dry weather has retarded work to a great extent but the force is building the road beds, and when rains do come the sand and clay will be mixed. The finishing touches will have to be put on when the ground is wet.

ARM BURNED IN GIN.

J. J. Trawick Suffers Painful Accident While at Work Around His Plant At Trawick—Not Serious.

From Saturday's Daily:

Word was received this morning that J. J. Trawick had met with a painful accident at his gin near Trawick, while the plant was in operation, having been started up for a test run. Particulars regarding details were not learned, further than it is stated that Mr. Trawick was around the stands, adjusting the machinery, fixing belts etc, when a sleeve hung in a belt whipping his arm around some belting. The garment was torn loose but not until after the upper limb had been badly burned. Mr. Trawick is nearly sixty years of age, and old time citizen of this county and was the founder of the town of Trawick. He has a number of friends in and around this city who regret to learn of Mr. Trawick's misfortune.

What It Cost Not To Go to College

Everlasting Sorrow: No one ever went to a good business college with honest intent and serious purpose who did not consider it money, time and labor well expended. Thousands who have not gone, regret the fact that they did not. You can go if you really hunger and thirst for an education.

Nowhere else will you meet such choice companions. The earth's noblest young women are in the colleges, and at no other time of life can you make such strong and lasting friends. Girls and boys from our most cultivated homes assemble annually at our college. If you do not go to college. If you do not go to college these choice friendships are lost to you forever.

Do not postpone your going to college. Youth is the time for perparation, just as spring is the seed-time. The farmer who does not plant his seed in springtime has no harvest. If he hasn't the money to buy the seed, he borrows it. If you haven't the money to go to college, borrow it, and pay it back out of salary earned after graduation. You can do this.

You can prepare yourself to fill your station in life better—or if you must earn your living, you can earn more and choose your occupation. If you are wealthy, all the more reason for going to college. Your wealth may go, but your education cannot be taken from you.

Business education is an asset worth thousands. It is an equipment for life's work. It gives the power to earn. It destroys poverty and enthrones prosperity. It cannot be lost or stolen.

You cannot afford, dear young reader, not to attend the Tyler Commercial College of Tyler, Texas.

Remember the words of Chancellor Kent, when he said: "The parent who sends his son into the world uneducated, defrauds the community of a useful citizen and bequeaths to it a nuisance."

Write for tree catalogue at once.

Habitual Constipation

May be permanently overcome by proper personal efforts with the assistance of the one truly beneficial laxative remedy, Syrup of Figs & Elixir of Senna which enables one to form regular habits daily so that assistance to nature may be gradually dispensed with when no longer needed, as the best of remedies when required are to assist nature, and not to supplant the natural functions, which must depend ultimately upon proper nourishment, proper efforts, and right living generally.

To get its beneficial effects, always buy the genuine.

CALIFORNIA FIG SYRUP CO.
SOLD BY ALL LEADING DRUGGISTS

Patents to Texans.

The following list of patents issued to Texans is announced by Schley & Davis, patent attorneys of Dallas, Texas for the week ending Aug. 21:

E. H. Atkinson, Ferris, Sunshade-holder.

G. T. Barr, Waco, assignor to H. C. Blanford, Memphis Tenn., Jar.

R. L. Cairncross, Beaumont, Signal.

D. B. Coupland, San Angelo, Railway joint.

J. W. Evans, Purdon, assignor to J. B. Banks, Barry, Boll-weevil exterminator.

G. W. Hooks, Sour Lake, Stirup.

M. D. L. Martin, Houston, Bedstead lock or joint.

J. H. McDonald & C. A Hopson, assignors to A. B. C Candy Co., Sherman, Suredor nut-candy.

T. N. Reed, Itasca, Top.

W. Schulz, Houston, Flexible metallic-house.

F. C. Smith, Port Neches, Valve.

F. E. Stribling, Matagorda, Drop-propeller for boats.

G. E. Toullerton, Houston, Automatic Railway-Switch.

B. C. Williams, Stanford, & A. C. Scott, Temple, Bed or douche pan.

THE improvements going on these days in Nacogdoches may not look so large to some people but the sound of the hammer and the saw is a mighty good sign that there is prosperity in the land.

All upset---stomach and bowels bad

LOOK OUT!

It may go into Flux—there's the danger

Ware's Black Powder will cure every case

Daily, per month ..... .35 | Weekly, six mo. ..... .50

Subscribers of the Sentinel wishing a change of address are urged to give the old as well as the new address. This is important!.

TALKING goes a long way but actual work goes farth r. Get busy for Nacogdoches.

Money mad? Yes the whole world seems money money mad, and if you haven't the coin and can't get it, you had best get down and out of the way. Other things come in merely for second places,—it's money first always.

A SMALL boy and a "nigger shooter" can do more mischief in less time than any other two "little" articles. Keep them seperated until they can work together without damage to self or window panes, and by that time there will be no desire to company.

BUTTER has advanced nearly two cents a pound in the last few weeks. That is creamera butter and not the kind raised and made at home. Just another argument in favor of the paying qualities of a butter factory in Nacogdoches.

THE street sprinkling has been of so much benefit this Summer that to cut it off would be much regretted. However the shortness of the water supply may neeessitate stopping the sprinkling until the rain god shows some favors.

THE good roads of this county are few when compared with some other sections, but our people are awaking to the needs of such. Spend $100,000 on good roads and the county will be worth as much again in another decade.

EVERY time the fire department is called out, the incident shows shows up the company better and better. When it comes right down to brass tacks Nacogdoches has one of the best departments in East Texas, and a water works system that is A 1.

THERE is not much use going off at a tangent on any proposition. If you don't see like the other fellow and can't convince him that he is in error,—leave him be. His opinion may not be worth a snap to you but it's a great thing to him.

SAN ANTONIO is still talking about the number of people she has and how she will lead the bunch when census taking time comes, A gratifying way to the San Antonions would be to induce Governor Campbell to "hands off" a Sunday or two and take the census those Sabbath days.

Two more tragedies, and both tracable to family troubles. A wife shot her husbanc in Dallas and an Abilene man plugged a Kentuckian in Ft. Worth a few times. There are times when a "shooter," bad as it is, comes nearer filling the bill in "family affairs" than all the courts in the land.

IT takes a new comer to discover things sometimes, that the native folks walk over and around every day without noticing. Count on your fingers the advantages of Nacogdoches,—and you'll be surprised.

NACOGDOCHES has some splendid opportunities staring her in the face these days, but they are not going to take places among us, if some disposition is not shown at this end of the line. A good, strong organization, backed by the leading business men of the city and indulged in by every body, employer and employee, could cause things to pick up in the progressive line.

EVERY day strangers come into Nacogdoches,—some on business bent, others just to see and enjoy themselves. There are several here now. It is the business of a live commercial body to find out who these parties are, learn their wants and assist them in any and all ways, Extend a glad hand to all who come—and therefore show an interest in your own town while you are greeting the visitors. It will pay.

THE magnitude of the tobacco business in this county is really surprising when you learn the truth. The industry has doubled and more the past year, and promises to do better next season. There is money in growing tobacco, the farmers know it, the merchants are beginning to realize it. More tobacco means more money for the farmers, the packers, the buyers, the employees and the men who sell goods.

ANOTHER candidate for Comptroller has blossomed forth in all his splender, and brings with the announcement a mighty good record. B. F. Teague of Washington county son of the popular sheriff, there for many years and is now chief clerk in the Comptrollers office, seeks the place He is the husband of a former Nacogdoches lady, Miss Vergie Gaddy, remembered by many and whose father, Rev. Wm. Gaddy, was pastor of the Baptist church here for several years.

WHAT is a knocker? Don't know,—never saw one, but have heard of them a number of times. From descriptions they are peculiar animals,with an inborn desire to do nothing,—and they succeed well. They exist, rust and corrode and endeavor to keep others from moving on. They hang around with drawn lips and knitted eyebrows laying for some chance to "interfere" and "advise". They are creatures of circumstance,self made and glory in it.

THE city will this week be the scene of "busy folks". Farmers coming into town after necessaries for crop gathering and some of them for hands to help gather those crops. The merchants will sell goods,—always do when people are town. Farmers will bring in cotton to sell and other farm products will be offered. Fall is at hand and the wheels of prosperity are beginning to move a little faster.

THE agitation for a riddance of the dives, as they have been called frequently, and hang-outs for vagrants, has begun,—or rather is continuing. The officers are in after the whole bunch, the only trouble so far being in the juries turning such trash loose, when put on trial. Of course the men who serve on juries are the sole judges after all, and if they refuse or fail to convict, there is but little use for the officers to file complaints. Anyway every suspicious negro and white ought to be made to move on, and if the juries will do their part, they will have to move.

A LOAD of peanut hay was the center of attraction for a time Saturday. Nothing out of the ordinary to some folks of course. but a feature entirely new to others. It used to be that farmers were skeptical on any subject but cotton and corn, and would not believe that other stuff could be grown here, or would prove alright if it was grown. That time has passed and the progressiveness. Peanut hay is one of the ways of demonstration. It is a valuable crop, prolific and fine feed. One hundred bales to the acre, (an average yield) means fifty dollars. if for sale, and more than that if for feed. Lots of it was grown in this county this year and lots more will be grown next. The load of peanut hay merely taught a few folks what will prove a great thing to t hem. Plant peanuts along with other things,—it's a money crop too.

TARIFF for revenue is the only proper and legitimate tariff to assess. The man who labors hard, day in and day out, year in and year out, for a mere meager existence, and barely clothes to wear, is not entitled to pay a tariff on these things. But the rich man, with his costly garments, expensive comforts and elaborate furnishings, should pay well for those things. No person should have to pay a duty to the manufacturer on plain food and clothes.—Nacogdoches Sentinel.

Nevertheless it is the poor man, the plain citizen, whose support is earned by his own hands and head, who is the mudsill upon which the tariff structure is founded. The man who has all to buy and nothing but his labor to sell pays much more than his fair proportion of the taxes. —Dallas News.

Nacogdoches has a water wagon at last. Lots of people have been riding that ancient vehicle for some time, but the fact hasn't kept the dust down. The new wagon will allay the nuisance and be worth a sum of money to the merchants. — Nacogdoches Sentinel.

Step by step our neighbor city is coming to the front. We were in that beautiful and historic city a few weeks ago and the water wagon was not needed there then as the mud was about four inches deep over town. This will not be the case when they get the concrete cross walks that the Sentinel is working for.—Jacksonville Reformer.

BE careful how you speak of a woman's character. Think how many years she has been building it, of the toil and privation endured, of wounds received, and let no suspicion follow their actions. The purity of woman is the salvation of the race, the hope of future greatness, the redemption of man. Wipe out her purety and man sinks beneath the wave of despair, with no star to guide his channel of safety. Think then before you speak and remember that the hog can root up the fairest flowers that ever grew, so the vilest man can ruin the prettiest woman's character.—Nixon News.

THE busy towns of Southwest and West Texas continue to organize their commercial clubs and lay plans for bigger and better towns. Organization is the keynote of success and without such no individual, corporation nor city may except to do what should be done. Even "unorganized" individuals are not successes.—Nacogdoches Sentinel.

Unorganized in anything prove a fatal failure. Every town in East Texas should organize as a body,advertise our county to the outside would and let them know of the many opportunities we have for them.—Polk Co., Enterprise.

SOME people are very "touchous", you know, and are always surmising or taking for granted. They strain at camels and swallow knats; —they imagine any and all sorts of things but always "against them". Nine times out of ten the cause of the thing was never even thought of by the other fellow who didn't give a snap of his finger about the matter. That very "rampant imagination" is two thirds the trouble today with the "disorganized" towns. This "imagining" that the other fellow is doing something just to knock him out is the poorest thought in the world, and the daddy of it ought to go to a brain specialist for prolonged treatment.

FREQUENTLY nothing but trouble will remove trouble, and sometimes the last is worse than the first. A fellow may worry over business until it seems that nothing will relieve his mind, but let him drop a maul on his foot and he'll forget his business trouble in a second. The quickest switching of trouble I have noticed recently, was that of a Kentucky man. He fell out with his neighbor one day last week over the depredations of his neighbors chickens in his garden. The feeling soon reached blood heat and he ran in the house to get his gun, fully determined to kill his neighbor, but when he entered the room in which he kept his gun, lo and behold, he found a boarder hugging his wife. Of course the trouble with his neighbor passed away in the twinkling of an eye, but the boarder was promptly shot. If there is a point to this item, it is that people worry much over little things when greater things should have their attention.—Honey Grove Signal.

BECAUSE a follow does not own half the earth and a four wire fence around it, is no sign he hasn't any ideas, rights or qualifications.

BOOST the Commercial Club. It's to your interest and every other fellow's in this city and county. Don't stand back on the proposition. Get in harness, talk for the organization, the town and the country. That's the only way to make a success.

THE Commercial Club should be strictly a "glad hand" proposition as well as some other things. Every citizen should be a member of the Club,—therefore the entire citizenship should extend the "welcome paw" to strangers. It's worth while.

THE street sprinkling feature is such an enjoyable one that mention of it can't be kept down. Not only does it add to the comfort in reference to the dust. but it also makes things cooler. Street sprinkiing has been worth money to the merchants too.

THE Dalhart Evening News has been sold to parties from El Paso and Washington, D. C. C. F. Drake has resigned as editor to accept the post as secretary of the Dalhart Commercial Club, the man from the capitol city assuming the the pencil pushing place on the News.

THE tobacco industry is the greatest thing in Nacogdoches county today, and promises more than any other crop. The man who has been growing tobacco has made money and the man who grows it next year will be dollars and cents ahead. It's a money crop and as staple as some other products.

IF the young men of the city will get in the lead and do what should be done, the older citizens of Nacogdoches will back them in every way for the betterment of this country. That is the kind of talk that was made this morning when the Commercial Club was mentioned to a business man, and it's the kind of sentiment that will spur the younger fellows on. Push it along—keep it going —anything is a good thing— if for the upbuilding of the city.

A TRAVELING man that makes this city about twice each year on a selling tour seems interested in the country to the extent of "knocking" as we term it. He couldn't see any good in any place that raises cotton to buy feed for stock or that raises tobacco to buy Kansas meat. Of course there may be some logic in his arguments but the country is not to blame for that,—and the people are getting out of the habit mighty fast. There has been more feed raised in this county and more hogs slaughtered here, this year than for a decade and more. The fellow who comes 'round once or twice each year gets a skimming idea and forms opinions from that. He's dead wrong and this county will show him conclusively ere another five twelvemonths.

IT'S TIME FOR WORK.

It is high time some work is being done for Nacogdoches, and this the citizens realize. A number met last night at the city hall and organized for the purpose of promoting the welfare of this city. Those who were present were enthusiastic and of a single mind insofar as getting together is concerned. Many who did not attend conveyed their best wishes for success and promise support and cooperation. The body materialized under more favorable circumstances than at first predicted by some. The Nacogdoches Commercial Club is again a reality and will lend efforts for the advancement of the interests of this city. Several speeches were made. Talks that convey a great deal, and that if carried out as plans were introduced will mean wonderful things for this city and section. The men who were the originators —the re-organizers,—are live wires. They are young men with all before them and in working out their own futures propose to help Nacogdoches grow. The older citizens are behind them and will sanction the efforts and co-operate in every way for a betterment of this city. The young men desire support of the business men, — employer and employee,—and to carry out the plans inaugerated, and others to come, they must have that support. There are matters of vital importance to Nacogdoches and the county. Matters that cannot be looked after properly without some body of men,—some organization,—to steer them through. A Commercial Club is not a play thing,nor is it formed for any other purpose than as its name implies. A Commercial Club is a great thing if alive, and a draw back if dead. The body organized last night is to be a live one, and if the people will band together, as the little bunch planned, it will prove one of the very best things that ever found lodgement here. Every business man,— merchant, banker, real estate man, lawyer, doctor, tobacco man, and their employees—ought to become identified with the Nacogdoches Commercial Club. It's going to be a live wire,and the more prominent the business man the more support should be given the organization. Are you in? If so call on an officer and have him put your name down. It will be worth while to be identified with the livest proposition in East Texas. The Commercial Club is going to get busy.

THE Southwestern Farmer, published at Houston, is rather severe on the East Texas country, when criticising the method of farming etc. Come to think of it though, Claridge is "purty near" correct.

IF one half the people in the world would move more smoothly, a better spirit of progress would predominate. Ask for nothing that you could and would not accord your neighbor, under the same circumttances, and see harmony get astride.

BUSINESS CLUB RE-ORGANIZED.

Officers Elected, Committees Appointed, and City Will be Canvassed Thoroughly for Members—Some Enthusiasm Manifest.

Starting off under more favorable circumstances than ever before, in many respects, the Nacogdoches Commercial Club was re-organized last night and proposes to get busy for this city and section. The meeting had been talked for some time and many promised to be present at the initial gathering. They were there, or at least a goodly number, and with the sole intent of getting together and devising some plans and means means to push forward the interests of the town. The meeting was composed almost entirely of young men (from 21 to 60) and all seemed bent on the one object of having a real, live wire body, working incesantly and without fear or fatigue, for the up-building of this city. Those who wern't there are in sympathy with the movement and signified their intentions of co-operating in every way for the advancement of the material interests. The older business men who have been the lite of the preceding bodies, were willing that the younger fellows take the duties in hand. promising support in all ways possible. After being called together, temporary officers named, the object of the meeting stated, the following permanent officers were elected. E. H. Blount, president; Zeno Cox, vice-president; R. A. Higgins, secretary; F. H. Ingraham, treasurer. The question of a name for the body was discussed at some length, but finally settled to the Nacogdoches Commercial Club, same as the previous body carried,—a decision that proved unanimous. Dues being next on program was the victim of many speeches, resulting in one dollar per month, payable quarterly in advance, but with the distinction that business men and firms would be asked to pay in more in proportion to the size of the firm etc. The officers were appointed a commitee to canvass the city for members on the above basis,—the same men also being named to dratt a constitution and by-laws. Several enthusiastic talks were made along the lines of organization, what could be accomplished and why we need such a body. Numerous incidents were related where people had come into the city, on business, and had left almost as unceremoniously, all because we had no organization to take matters in hand. It was decided to meet once each week for several weeks, Monday night at eight thirty oclock being the time, and the new city hall the place. The gathering last night was somewhat enthusiastic and the Club starts off with splendid prospects of doing good for the city.

Foley's Kidney Pills cure backache, rheumatism, kidney, bladder and urinary trouble. Do not risk having Bright's disease or diabetes. Mast Bros. & Smith. eod

Shoot ing scrape in San Augustine.

A shooting scrape took place at Fairchild's sawmill in San Augustine county Wednesday between Nat Wade and Nat Hunt. Hunt lost two fingers off one of his hands and Wade was not hit. Wade lett immediately after the shooting and has not as yet been captured, although it is reported that he was in Lukin sometime after the shooting, coming and leaving in the night.

From the best information available it seems that a son of Hunt and also a nephew jumped on Wade and undertook to give him a thrashing when he turned the tables by pulling a six shooter and beating the boys up pretty badly. After he had whipped them good and plenty he carried them to a nearby house washed their wounds and sent for a doctor to come and give the youngsters the proper attention. In the meantime the elder Hunt heard of the trouble and came to see about it. As he approached Wade he attempted to draw his gun when Wade fired upon him with the result as above stated. Wade has a wife and one child but has been seperated from his wife for some time. Until quite recently she was cooking for the Kimmey house.—Lufkin News.

And It Rained

True to the prognostication, it rained and it rained hard. However the prediction wasn't the whole cause, but the condition of the "atmosphere" had something to do with it. Predictions and prognostications are of no worth whatever, excepting to show faith in the future. It's going to rain again.

A Narrow Escape.

Edgar N. Bayliss, a merchant of Robinsonvillr, Del., wrote: "About two years ago I was thin and sick, and coughed all the time and if I did not have consumption, it was near to it. I commenced using Foley's Honey and Tar, and it stopped my cough, and I am now entirely well, and have gained twenty-eight pounds, all due to the good results from taking Foley's Honey and Tar." Mast Bros. & Smith. eod

Shop Changes Hands.

R. W. Murphey this morning assumed charge of the Opera Barber Shop, recently purchased from Hoaace Scott and Jerry Baldwin. At present he is "shorthanded" on workmen, being only two at chairs, but others are expected in this afternoon or night. Mr. Murphey will have personal charge of the business, will have the very best workmen and guarantees first class services, and the best attention to all customers.

Testifies After Four Years

Charlisle Center, N. Y., G. B. Burhans, writes; "About four years ago I wrote you that I had been entirely cured of of kidney trouble by taking two bottles of Foley's Kidney Remedy, and after four years I am again pleased to state that I have never han any return of those symptoms, and I am evidently cured to stay cured." Foley's Kidney Remedy will do the same for you. Mast Bros. & Smith. eod

AGE NO BAR.

Everybody in Nacogdoches is Eligible.

Old people stopped with suffering.

Middle age courageously fighting.

Youth protesting impatiently.

Children unable to explain.

All in misery from their kidneys.

Only a little backache first.

Comes when you catch a cold.

Or when you strain the back.

Many complications follow.

Urinary disorders, diabetes, Bright's disease.

Doan's Kidney pills cure backache.

Cure every form of kidney ills.

J. F. Floyd, alderman, of Nacogdoches, Texas, says: "My daughter, eleven years old, was troubled by a weakness of the kindeys for some time. This was very annoying and caused her considerable uneasiness. I at length procured Doan's Kidney Pills at Mast Bros & Smith's drug store and they promptly relieved her. I give all the credit for the improvement in her health to Doan's Kidney Pills and do not hesitate to advise anyone in need of a kidney remedy to give them a trial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

Floyd Matthews Goes Higher.

After serving in the capacity of cashier at the freight depot for several years, previous to which he was bill clerk, Floyd Matthews has resigned to accept a position with the Nacogdoches and Southeastern rail road, succeeding M. C. Bay who has gone to Dallas. The new position is a promotion over the other and but speaks of the energy and ability of Mr. Matthews. Hugh McCall succeeds Mr. Matthews as cashier at the depot, but no successor to Mr. McCall been named as yet.

Many people delude themselves by saying it will wear away," when they notice symptoms of kidney and bladder trouble. This is a mistake. Take Foley's Kidney Pills, and stop the drain on the vitality. They cure backache, rheumatism, kidney and bladder trouble, and make every trace of pain, weakness, and urinary troubles disappear. Mast Bros. & Smith. eod

John S. Doughtie, government gin man, started out this morning on his trip for the new year. He will be out some four or five days, gathering information relative to the cotton crop for "Uncle Sam".

Dr. Abernethy, the great English physician, said, "Watch your kidneys. When they are affected, lite is in danger." Foley's Kidney Remedy makes healthy kidneys, corrects urinary irregularities, and tones up the whole system. Mast Bros. & Smith. eod

Melrose Greetings.

The people of this place are enjoying good health at present.

Crops are falling far short of their expectation, especially the cotton crop. Where they were counting on five bales, they are now counting on half since those hot east winds blew, in fact those winds cut the cotton crop about one third at the very least.

The Melrose boys enjoyed seeing a nice ball game between Melrose vs. Midway. The Midway boys secured a pitcher, (Mr. John Varner) from the Haywood Mill, while the Melrose, or M. B. S. (Mast Bros. & Smith) team played their own team. The M. B. S. boys found Mr. Varner easy, only two of them tanned, (Mr. Eugene Reese and Mr. Grady Stallings). While on the other hand the Midway boys found Cecil Gaston, (the M. B. S. twirler) hard to hit; they only got two hits, one of which the second baseman ran from his place and fumbled, making the only error made on the Melrose side. The other hit seemed impossible to some but after a long run center fielder (Gerald Matthews) gulped it in. Midway made an honest effort, but they had put themselves up against the wrong timng. They had seen the M. B. S. first baseman (Eugene Reese) catch so many that unless they knocked the ball beyond the bounds of the diamond that they would make no effort to make first. G. E. Matthews knocked Varner's balls so high and far that they looked like small marbles, besides Mast, Patton, Stallings, Simpson and Gaston all of whom got long and safe hits. In spite of the cheering and good playing of the Midway boys the M. B. S. boys won the game, the score resulting in two to four. Many applauses for Melrose team.

The people of Melrose are expecting a good time at the ice cream supper to be given by the ball team to be held in the school house Friday, September 6. Every body is cordially invited.

Good by,
Sambo.

Do not be deceived by unscrupulous imitators who would have you believe that the imitation pills are as good as DeWitt's Kidney and Bladder Pills. There isn't anything just as good as these wonderful pills for the relief of Backache, Weak Back, inflammation of the bladder, urinary disorders and all kidney complaints. Any one can take DeWitt's Kidney and Bladder Pills as directed in perfect confieence of good results. Sold by Mast Bros. & Smith.

M. & M.

We are making now for fall and winter deliveries.
Let us have your order now. You name the time of delivery and dating of your bill

SHIRTS

Dry in West Texas.

John P. Davidson has returned from his ranch near Abilene, after a month's stay in that section. He reports things very dry and no crops. That country has had but little rain this year, crops are not more than twenty per cent of what they were last year, and cattle are being shipped out to more and better ranges or, are being fed. In reference to the immigration movement he stated that but little of it is going on now, but later in the fall a lot of folks are expected to strike for that section.

Ice Cream Supper.

An ice cream supper will be given in the Melrose school building, Friday, September 3, by the Melrose baseball team, the proceeds of which will be used for the benefit of the team.

Every body is cordially invited to be present.

Yours respectfully,
Wilton Blakey.
Gerald Matthews.
Eugene Reese.
Committee.

Singers Reunion.

The Nacogdoches county singers reunion will convene at Trinity church four miles east of the of Nacogdoches beginning Friday night before the third Sunday in September and continuing over Sunday.

All classes are requested to come prepared to enter contest for banners. All singers and lovers of music are cordially invited to attend.

Fire Alarm in Place.

The fire bell is now located in the tower on the top of the new city hall and a try-out was given this morning. The apparatus works all right and the alarm is much better than formerly. The windlass attachment, when loosed, caused the bell to ring serveral minutes, the rope having been done away with. The alarm can be heard much better and father than when located at the telephone office. The only thing lacking now to make a pretty good alarm system, it a ward or district signal, so that people may know in what part of the city a fire is without having to come to town and ask questions.

Spend The Night Party.

Mrs. Alva Loden had a little house party for her cousin, Fritzie King, whose departure for her home in Beaumont is scheduled for tomorrow. This might well be termed a "kin folks" party, as with the exception of Vida Barber of Hartburg, the young guests were all related to the hostess and included besides those named Florence Ratcliff, Elaine Haltom and Emmie Beeson. Master Willie Beeson was the only member of his sex spent the evening, the girls spending the night, and it is needless to say the young folks enjoyed their grown up privilege.

Howard Phelps left last night for his nome in Illinois. Mr. Phelps has made many friends during his stay here who regret to see him leave.

DeWitt's Little Early Risers; the safe, sure, easy, gentle little liver pills. The original Carbolized Witch Hazel Salve is DeWitt's. The name is plainly stamped on every box. It is good for cuts, burns, bruises, sores, boils and sunburn but it is especially good for Piles. Sold by Mast Bros. & Smith. dw

Weather of August.

Captain H. H. Cooper furnishes us with the following information relative to the weather for the month of August. As will be seen the month was a record one in the heat line, the average temperature being 96,—by far the warmest month on record. The information is:

Average maximum temperature 96.

Highest maximum temperature 109.

Lowest maximum temperature 88.

Highest minimum temperature 78.

Lowest minimum temperature 68.

Rainfall for the month 1.15 inches.

Days sunshine 20.

Days partly cloudy 4.

Days cloudy 7.

Health and Beauty Aid.

Cosmetics and lotions will not clear your complexion of pimples and blotches like Foley's Orino Laxative, for indigestion, stomach and liver trouble and habitual constipation. Cleanses the system and is pleasant to take. Mast Bros. & Smith. eod

Henry Harris lett this afternoon for West Texas and New Mexico, to spend several weeks recuperating. If that country has the desired effect, Mr. Harris will probably file on some of the Government land in the New Mexico county.

Take care of your stomach. Let Kodol digest all the food you eat, for that is what Kodol does. Every tablespoonful of Kodol digests 2 1-4 pounds of food. Try it today. It is guaranteed to relieve you or your money back. Sold by Mast Bros. & Smith. dw

Free Laxative Cured Legions

Realizing how difficult it is to convince the average person that one remedy is different from another, even though recommended for the same purpose, and that where one fails the other may still succeed, the dispensers of Dr. Caldwell's Syrup Pepsin, the great herb laxative compound, have for several years sent free trial bottles of the remedy to any person who would send name and address.

Through this offer many hundred thousand samples have been distributed. Dr. Caldwell's Syrup Pepsin has never been recommended for anything but such conditions as constipation, liver trouble, biliousness, sour stomach, indigestion, flatulency, dyspepsia, sick headache, heartburn and similar symptoms of stomach, liver and bowel disease. That it will cure such troubles is attested by the experience of Mrs. Lydia Dixon, of Mingo, Ky., Mrs. N. Cunningham, of Talent, Ore., S. R. Tucker, of Hattiesburg, Miss., and a host of others. They originally sent for the free trial bottle, and then, being convinced that the remedy was helping them, they bought the regular 50-cent or $1 size bottle of their druggist, and in a short while were cured.

While Dr. Caldwell's Syrup Pepsin is sold by druggists with the guarantee that it will do all claimed or money will be refunded, yet any reader suffering from a stomach, liver or bowel complaint is invited to write to Dr. Caldwell at the address below for a free test bottle, which will be cheerfully sent. We doubt if there is a laxative in America that has so many families using it in the home as Dr. Caldwell's Syrup Pepsin. Owing to its special ingredients it has proven a great life-saver of children, women and old folks. It is pleasant to take and never gripes.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 513 Caldwell bldg., Monticello, Ill.

Goes Back to Positio n.

Eugene H. Blount, after a several months off for recreation, is again at his post of duty as cashier of the Commercial National Bank. Frank Sharp, who acted as cashier during the vaction of Mr. Blount, has gone back to his position as secretary to E. A Blount.

Gambling

your life against 25-cents is just exactly what your are doing it you neglect a cough or on the chest instead of treating it with Ballard's Horehound Syrup. A 25 cent bottle of this splendid remedy will cure an ordinary cough, heal the lungs and act as a tonic for your entire system. Mast Bros. & Smith. w

Tourists in Mexico.

Special to The Sentinel.

El Paso, Texas, August 7, 1909, (11 a. m.)—According to figures of the immigration department of the Mexican Government just made public one thousand nine hundred and eleven American tourists visited Mexico last year. Of these one thousand were from Texas and only five persons were refused admittance, of whom three were American women.

Best in Existence

"I sincerely believe, all things considered, Hunt's Lightning Oil is the most useful and valuable household remedy in existence. For cuts, burns, sprains and insect bits it has no equal so far as my experience goes."—G. E. Huntington, Eufala, Ala. w

Mrs. G. D. Boger and sons, Roy and Sam, left this afternoon for Cleburne to make their home, Mr. Boger having preceded them several weeks.

Sour Stomach means Indigestion—you need Kodol

And indigestion always means dyspepsia—sooner or later—if the indigestion is not rectified. Kodol can't help but relieve indigestion. It stops all the aggravating symptoms, at once, by fully digesting all food, just as fast as you eat it. Kodol thus helps Nature to effect a complete cure.

Our Guarantee. Get a dollar bottle of Kodol. If you are not benefited—the druggist will at once return your money. Don't hesitate; any druggist will sell you Kodol on these terms. The dollar bottle contains 2½ times as much as the 50c bottle. Kodol is prepared in the laboratories of E. C. DeWitt & Co., Chicago

SOMETHING ABOUT CROPS.

Shedding of Cotton Plant Does not Signify Such a Shortage of the Seasons Harvest—Increase in Acreage and Decrease in Yield Will Even Things.

The crop situation seems to be the all absorbing topic these days. Folks who gather round town, farmers and merchants alike, can nearly always be detected talking about the cotton crops. This is no different this year from any other. There never was a time and never will be a time when they won't talk the crops. Of course more of it is going on right now than usual, on account of the hotness and dryness of the weather. Some people will tell the crops are going to prove alright, while others say that it's going to be the shortest for years. Take the half way ground and you have it sized pretty well. To get the real status go to a cotton man. Not the merchant who buys it nor the man who grows it. This is as a whole and not with reference to any particular section. There are several of the older heads in Nacogdoches, and who have been dealing in cotton for many years. Here is the situation in a nut shell: Nacogdoches county has an increase in acreage of about ten per cent.

There will be a decrease in yield, off setting the increase in acreage and which will make the actual crop of the county about the same as last year. Lots of people say the crops are very bad merely because the leaves are dropping off. The bolls are still there however, and the leaves falling away only gives an opportunity to see the real crop. One man says that people always understimate a dry year and over estimate a wet year. All this is because the one has no plant hardly to show while while the other has a large leafy plant. The cotton crop yield as sized by these men who have watched it for years will be no less than last year, though the actual yield per acre will probably be some less.

Other people ask $65.00 for a leather trimmed top buggy. Cason Monk & sell them for $53 00. You save $12.00.

Not "Just as Good"—It's the Best.

One box of Hunt's Cure is unfailingly, unqualifiedly and absolutely guaranteed to cure any form of skin disease. It is particularly active in promptly relieving and permanently curing all forms of itching known. Eczema, tetter, ringworm and all similar troubles aae relieved by one application; cured by one box. w

Cherokee Good Roads.

R. C. Monk, who recently returned from a several days visit to Alto, in Cherokee county, is another enthusiast in the good roads line. He states that Cherokee county roads are fine, especially around Alto, and thinks such an example worthy of emulation by Nacogdoches county. Cherokee county has no farms but works the convicts on the roads the year round, giving each commisioners precinct so many months each year.

Barber Shop Changes Hands.

The Opera Barber Shop, owned and operated by Horace Scott and Jerry Baldwin, has been purchased by R. W. Murphey. The shop has heretofore been operated by colored barbers for white trade but after September first will be operated by white barbers. Horace and Jerry have been in business here for a number of years, the former about twelve and the latter four, and have always conducted a clean up-to-date shop, and a very popular one. The workmen have always been good ones, accommodating and polite, drawing a splendid patronage. Mr. Murphey in speaking of the matter yesterday, said that he had a number of workmen in view and would endeavor to pick the very best. The shop will continue to be run in a modern manner and would endeavor to please the trade in every way. He will have charge of the shop himself, but Mr. Newman, formerly at the Tucker shop, would look after matters in connection with him. The deal was closed a day or so ago, but the change will not be made till September first.

Cason Monk & Co. want to see you—and show you best hardware store in East Texas.

A Burgular in Town

His name is "bad cough." He doesn't care for gold or silver but he will steal your health away. If he appears in your house arrest him at once with Ballard's Horehound Syrup, it may mean consumption if you don't. A cure for all coughs, colds and chest troubles. Price 25c, 50c and $1.00 per bottle. Sold by Mast Bros. & Smith. w

The West Texas country can make a little go farther than any other section namable. The Plains portion has had a few scattering showers this Spring and Summer and the people are still talking about the "glorious rains" and picturing to the homeseeker the "untold advantages" of the bald prairies.

To Be Happy

You must have good health. You can't have good health if your liver is not doing it's duty—slow but sure poisoning is going on all the time under such circumstances. Ballard's Herbine makes a perfectly healthy liver—keeps the stom ch and bowels right and act as a tonic for the entire system. Sold by Mast Bros. & Smith. w

Charged With Theft.

Harrison Chancelor, a young white man who lives in the neighborhood of Trawick, was arrested yesterday on a charge of petty theft, the occurance alleged to have taken place at the Trawick mill. A young couple, from Galveston county and who were married here a short time ago, claimed to have found some of the stolen articles in their grip, and immediately notified the officers, which it is said led to the arrest of Chancelor. The young people showed up the transaction and were released, the accused making bond yesterday afternoon.

Woman's Friend

Nearly all women suffer at times from female ailments. Some women suffer more acutely and more constantly than others. But whether you have little pain or whether you suffer intensely, you should take Wine of Cardui and get relief.

Cardui is a safe, natural medicine, for women, prepared scientifically from harmless vegetable ingredients. It acts easily on the female organs and gives strength and tone to the whole system.

TAKE **CARDUI**

The Woman's Tonic

Mrs. Verna Wallace, of Sanger, Tex., tried Cardui. She writes: "Cardui has done more for me than I can describe. Last spring I was taken with female inflammation and consulted a doctor, but to no avail, so I took Cardui, and inside of three days, I was able to do my housework. Since then my trouble has never returned." Try it.

I have for sale cheap, or trade one small saw mill about 20,000 capacaty. All complete or any part. See J. F. Summers. w

The Demands for Schools.

According to the record of county superintendent of schools, R. W. Tillery, this county has an over supply of teachers, or an under supply of schools. For the first time in the history of the county more teachers have been made than places. Almost daily, applications for schools are made to Prof. Tillery, or information is sought in reference to an opening, but his story the past few weeks has been the same one,—all taken. Lots of the teachers, some experienced and some inexperienced, are seeking, or will seek, placef out side of this county. The Summer Normal is probably responsible for this, and the fact too that trustees now secure teachers early, while it use to be a last thing before school opening. There is at present only one school in the county without a teacher, and that has a number of applicants.

S.S.S.

CURES OLD SORES

We want to show you in this short, but honest and reasonable talk, how and why S. S. S. cures Old Sores. We do not claim that S. S. S. works wonders, but we do know it will cure sores and ulcers, and its record of forty years past abundantly justifies this confidence.

Any old sore shows an unhealthy and impure condition of the blood. It is a diseased condition of the flesh at that particular spot, caused and kept inflamed and irritated by a continual discharge into it of unhealthy matter from the circulation. In various ways the blood becomes contaminated and polluted. A long spell of fever, or other sickness, breeds disease germs in the system; the failure of nature's eliminative members to remove the waste and refuse matters of the body, the excessive use of minerals in certain diseases, infected wounds, bites and stings of insects, etc., all contaminate the blood with morbid matter and germs which sooner or later manifest their presence by a sore or ulcer which refuses to heal under the ordinary treatment of local applications.

External treatment can never cure a chronic sore or ulcer, because it does not reach the blood. The place will remain open as long as it is used as a drainage for the impurity which is in the blood, and in addition to the worry and anxiety caused by an old sore, there is always danger of its becoming cancerous, if a cure is not effected. Purify the blood, and nourish the flesh with a rich, healthy circulation, and then the place will heal of its own accord.

S. S. S. cures old sores by removing the causes which produce them. It goes down into the circulation, drives out all impurities and poisons, and by nourishing the flesh with rich, pure blood causes the place to heal naturally and permanently. S. S. S. does not make a surface cure, but, being the greatest of all blood purifiers, it begins at the bottom and by rebuilding broken down tissue, and supplying healthful, healing qualities to the circulation, causes the place to fill in with firm, healthy flesh, while it steadily but surely removes the cause and effects a permanent cure. The sore cannot remain when the blood is pure, and S. S. S. will thoroughly purify the blood. Book on Sores and Ulcers and any medical advice free to all who write.

S. S. S. is for sale at all drug stores.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

BAD SORE FROM AN OLD WOUND.

I want to recommend S. S. S. to any who are in need of a blood purifier, and especially as a remedy for sores and obstinate ulcers. In 1877 I had my leg badly cut on the sharp edge of a barrel and having on a blue woolen stocking, the place was badly poisoned from the dye. A great sore formed and for years no one knows what I suffered with the place. I tried, it seemed to me, everything I had ever heard of but I got no relief and I thought I would have to go through life with an angry, discharging sore on my leg. At last I began the use of S. S. S., and it was but a short time until I saw that the place was improving. I continued it until it removed all the poison from my blood and made a complete and permanent cure of the sore.

256 Navy St., Brooklyn, N. Y. JNO. ELLIS.

A CANCEROUS ULCER.

I had a large sore or ulcer on my face and nothing I tried would benefit me. It began with shooting pains and soon the itching was terrible. At first it discharged a watery fluid which soon changed to one of thicker composition and the pain became very severe. It was nearly as large as a dollar and terribly inflamed in all the surrounding parts. It had been there so long and growing worse all the time, I became very much discouraged and alarmed. At last I began the use of S. S. S. At last the ulcer seemed to get worse, but I soon found that the poison was being removed from the blood and I continued to take S. S. S. It was not long before I noted a decided improvement and I kept up the use of the medicine until I was entirely cured of this cancerous ulcer. This has been some time ago and there is no sign of a return of the trouble.

Gary, Fla. MRS. W. A. WRIGHT.

POISONED FROM INSECT BITE.

Wilmington, N. C.

From the bite of an insect I was poisoned and had a dreadful sore on my ankle and took different treatments with no benefit. I was induced to try S. S. S., and after a few bottles it cleared my system and cleansed my blood and cured the sore. My mother took it for rheumatism, with success. I cheerfully recommend S. S. S. where a blood purifier is needed.

109 South First St. CHAS. S. PRIDGEN.

Nacogdoches Good Roads.

The subject of good roads is of such great importance as to justly frequent discussion. The three miles of experiment road constructed just east of town on the regular Melrose road. has practically and persuasively demonstrated the merits of such work, even beyond all expectation. This is proven every day by the fact that people coming and going upon the Martinsville road, which leads eastward and gradually diverges from the Melrose road also leading eastward, often turn across so as to skip three or four miles of the Martinsville road which is heavy sand about two miles. That is to say, in coming to town on this road they turn off to the south about four or five miles from here and cross over about two miles to the improved Melrose road, and then when they return they reverse the route, and almost double the distance to get the benefit of the good road. And let it be said that this improved road was before hand the very worst road in the county in winter and summer, because it was heavy sand in many portions, steep hills too, and had miry clay, boggy places and gullies to worry a saint. All of these troubles are gone. and this erstwhile bad road is now a thing of beauty and a joy forever, a model that is being extensively copied as was its original purpose.

A Reader.

BEAUMONT is getting busy for the Southeast Texas fair and proposes that this year's exhibits shall beat the 1908 by long odds. Well, that Beaumont contingent composes a live-wire organization and it the Southeast Texas fair doesen't make some folks sit up and take notice, a surprise will de due. By the way, —Nacogdoches is figuring on having something to show there.

A STANDARD FOR COTTON.

Government Establishes Nine Grades For The Fleecy Staple, Arranged By Experts in That Line—Sets to be Distributed.

In the Act making appropriations for the Department of Agriculture for the year ending June 30, 1909, the Secretary of Agriculture was authorized "to establish a standard for the different grades of cotton calling to his assistance for that purpose expert cotton classifiers, by fixing a standard of middling cotton and using the same as basis, establishing a standard of nine different grades to be designated middling fair, strict good middling, good middling, strict middling, middling, strict low middling, low middling, strict good ordinary, and good ordinary." The Secretary of Agriculture was further authorized "to prepare in practical form the standard of said grades and furnish the same upon request to any person, the cost therefore to be paid, when delivered, by the person requesting the same, and certified under the signature of the said Secretary and the seal of his Department."

Carry out the provisions of this Act, the Secretary of Agriculture convened in the city of Washington in February, 1909, a committee of cottyn experts including, besides the Department experts, representatives of the different interests of the trade. This committee consists of Mr. Joseph A Airey, of John M. Barker & Co., New Orleans, La.; Mr. James Akers, of Inman, Akers & Inman, Atlanta, Ga.; Mr. F. M. Crump, of F. M. & Co., Memphis, Tenn.; Mr. C. P. Baker, of the Lawrence Manufacturing Company, Bosten, Mass.; Mr. Cews W. Parker, of the Olpmpia Mills, Greenville, S. C.; Mr. John Martin, Paris, Texas; Mr. Nathaniel Thayer, of Barry, Thayer & Co. Boston, Mass.; Mr. Geo. W. Neville, of Weld & Neville, New York City; Mr. Charles A. Vender, of John D. Rogers & Co., Galveston, Texas; and Dr. H. Cobb and R. L. Bennett, of the Department of Agriculture. The committee was assisted by the following expert cotton classifiers: Mr. W. R. Barbot of the Classification Committee, New York Cotton Exchange; Mr. Jules Mazerat, Chairman, Classification Committee, New Orleans Cotton Exchange; and Mr. J. R. Taylor, with the firm of Wolf & Company, Dallas, Texas.

The Department furnished the committe every facility for its work, having on hand types of cotton from the differen exchanges and markets and materials for making up the grades as provided by law. The committee after due deliberation submitted a unanimous report. which the Honorable Secretary has approved fixing the grades and making certain recommmendation in connection therewiih. In view of the fact the contracts are made for cotton in advance of the ensuing cotton season, the committee recommended that the grades agreed upon by the committee be not promulgated for general use in trade transactions prior to September 1, 19010. In order, however, for the cotton trade to become fully acquainted with the grades, the department of agriculture will in a short time place set in the hands of a limited number of associations, organizations, exchanges and agricultural colleges for insertion. These sets will enable the cotton producers, cotton merchants and spinners to become familiar with them.

AFTER all the farmers are to be given a chance to show samples of the excellent corn crops.

Notice.

All persons interested and holding claims against the estate of Mrs. C. A. Boles, deceased, are hereby notified that I was appointed administratrix of said estate by the Hon. County Court of Nacogdoches County, Texas on the 22nd day of July A. D. 1909 at a regular term of said court, and all persons holding claims against said estate are requested to present their claims to me within the time prescribed by law for my approval. Address me at Nacogdoches, Texas, care of June C. Harris.

4tw Ida Boles,
Administratrix of the estate of Mrs. C. A. Boles, dec'd.

Notice.

To All persons interested in the Estate of Richard Crow et. al., minors: Guardianship of which is now pending in county court for Nacogdoches county: You are hereby notified that, W. R. Whitehead, on the 21st. day of May 1909 filed his application to resign as such guardian of said minors, and their estate same will be presented to the court at the Nov. Term 1909, which convenes Nov. 15 h. 1909, and any one who may be interested can appear and contest the same.

Given under my hand and seal of office this Aug. 10th. 1909.

J. A. Spears.
County Clerk, Nacogdoches county, Texas. 3tw

Stock Law Election Proclamation:

Whereas at a regular term of the commissioners Court of Nacogdoches county, Texas, held on August 9, 1909, a petition duly signed by a majority of the legally qualified freeholders entitled to vote, praying for an election to be held to determine whether or not hogs, sheep and goats shall be permitted to run at large within the hereinafter described subdivision of Nacogdoches county, Texas, and whereas said petition was duly granted. Now, therefore, I, F. P. Marshall, in my official capacity as county judge of the aforesaid county do hereby order that an election be held at the Bog church, within said subdivision of Nacogdoches county, Texas, on Monday September 20, 1909, to determine whether or not hogs, sheep and goats shall be permitted to run at large within the said territory, described as follows: "Beginning at the north boundary line of Appleby hog law district where said hog law district leaves the Appleby and Rusk county line public road; thence westwardly with the north boundary line of said Appleby hog law district to the Nacogdoches and Concord public road; thence northwardly with said public road to intersect the west boundary line of John Bailey homestead tract; thence north with the west boundary line of said tract to the S. W. corner of Henry Rider 160 acre tract; thence north with west line to S. W. corner of J. Binum 160 acre tract; thence north with west line to S. W. corner of A. B. Cadell 320 acre; thence north with west line to N. W. corner of said 320 acre; thence east with north boundary line to N. E. corner of said 320 acres; thence east with north boundary line of Crow survey 100 acres to N. E. corner; thence south with the Crow 100 acres to N. W. corner of H. J. Harper 480 acres; thence east with north boundary line of 480 acres to the W. H. Coats survey 160 acres; thence east with north boundary line of W. H. Coats 160 acres to N. E. corner; thence south with east line of said 160 acres to the Naconiche creek; thence down east with the meanders of said creek to the Arch Yancey survey; thence south with west boundary line to intersect the N. E. corner of J. T. Wiggin's 66 acres homestead tract; thence south with same to next corner; thence east with same to next corner; thence south to the Appleby and Rusk county line public road; thence south with said public road to the place of beginning.

All persons legally qualified to vote under the constitution and laws of this State and who are resident freeholders within said subdivision shall be entitled to vote in said election.

J. H. Case is appointed to hold said election, with authority to select such assistants as the law directs.

Within ten days after said election due returns shall be made to the county judge of Nacogdoches county.

In testimony hereof, witness my official signature at Nacogdoches, Texas, this 19 day of August, 1909.

F. P. Marshall,
County Judge of Nacogdoches County, Texas.

Citation.

The State of Texas.
To the Sheriff or any Constable of Nacogdoches County, greeting:

Oath having been made as required by law, you are hereby commanded to summon Berry Patton by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the second Judicial district; but if there be no newspaper published in said Judicial district, then in a newspaper published in the nearest district to said second Judicial district, to appear at the next regular term of the District Court of Nacogdoches county, to be holden at the Court House thereof, in Nacogdoches, on the 2nd Monday in September A. D. 1909 the same being the 13th day of September A. D. 1909 then and there to answer a petition filed in said Court on the 10th day of August A. D. 1909 in a suit, numbered on the docket of said Court No. 89, wherein, Lula Patton is plaintiff, and Berry Patton is defendant, and said petition alleging plaintiff and defendant was lawfully married in Nacogdoches county, Texas, on 2nd day of January 1902, and lived together as husband and wife until on or about the 22nd day of October 1908. When plaintiff abandoned defendant, for [illegible] and ill-treatment, inflicted upon her by said defendant, and has not lived with said defendant since said date of their separation. That their further living together as man and wife is unsupportable, as fully set out in plaintiff's petition.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness, Arthur A. Seale, Clerk of the District Court of Nacogdoches county.

Given under my hand and the seal of said court, at office in Nacogdoches this the 10th day of August A. D. 1909.

Arthur A. Seale, Clerk.
District Court, Nacogdoches County, Texas.

Citation.

The State of Texas.
To the Sheriff of any Constable of Nacogdoches County greeting:

Oath having been made as required by law, you are hereby commanded to summon Walter Walker by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Nacogdoches county, to be holden at the Court House thereof, in Nacogdoches, on the 2nd Monday in September A. D. 1909 the same being the 13th., day of September A. D. 1909, then and there to answer a petition filed in said Court on the 4th., day of August, A. D. 1909, in a suit, numbered on the docket of said Court No. 88, wherein Lena Walker is plaintiff, and Walter Walker is defendant, and said petition alleging that plaintiff is an actual bona fide resident of the county of Nacogdoches and State of Texas, and was for six month next preceeding the filing of this suit, and that the whereabouts of defendant are wholly unknown to this plaintiff. That on or about November 5, 1900, plaintiff and defendant were legally married to each other in Nacogdoches county, and thereafter lived together as husband and wife until December 10, 1906, when because of harsh, unkind and tyrannical treatment this plaintiff was forced to leave defendant with the intention of never returning to [illegible] wife. That defendant made, [illegible] and [illegible] to this plaintiff and she left in a wagon of refinement, caused her great humiliation and mortification. That immediately after such proposals and propositions, plaintiff left defendant and has not lived with him since.

That during the time they so lived together as husband and wife, plaintiff alleges that she was kind and dutiful wife, always performing her marital vows, as best she could.

Wherefore plaintiffs prays that Citation issue commanding defendant to answer this petition and that upon final hearing hereof she have judgment dissolving said marriage and for such other relief that she may be entitled to, all of which is more fully set out in plaintiffs original petition now on file in this office to which reference is made.

Herein fail not, but have before said Court, as its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness, Arthur A. Seale, Clerk of the District Court of Nacogdoches county.

Given under my hand and the Seal of Court, at office in Nacogdoches this the 5th., day of August, A. D. 1909.

Arthur A. Seale, Clerk.
District Court Nacogdoches county.

FRAMES

Received a nice line of Oval Frames, in gilt and black, all sizes. Bring your pictures to me and I will frame them on short notice.

See me for your Frames—all kinds.

Nearly a Half Million Dollars

paid in the past decade for fire losses by the Texas National, paid fairly and promptly without a law suit or a contested claim. A man is judged by his acts, an insurance company by its loss settlement. A Texas National never costs more than any reputable company.

Better see John Dorsey and get the best. Three years at the price of two, paid in three annual installments. E. A. Blount, John Schmidt, W. U. Perkins, H. T. Burk, Dr. W. I. M. Smith, Mayer & Schmidt and others have the Texas National. Ask these business men about it. They know its record and its management.

300 KNIVES

Slightly rusted
At cost or less

They are just s agood for your purpose, but not so good for our purpose, or for that reason we are going to ***sell them at some price.***

They are all in our large window and we ask that you give us the privilege of pricing them to you.

Druggists and Jewelers of Merit

Robert Weatherly was here from Linn Flat yesterday.

Born to Mr. and Mrs. Walter Stone August 28, a girl.

Ira Gaston, of Beaumont, is a visitor in the city today.

A. C. Irison came up from Nacogdoches yesterday.—Timpson Times.

Dr. H. A. Hardeman, of Melrose, was buying drug supplies in the city today.

Miss Annie Lou Summers has returned from a months visit in Illinois.

Misses Jessie and Bessie Brewer of Center are visiting relatives in the city.

Aron Zeve left Sunday for St. Louis to purchase his new stock of fall and winter goods.

Austin Bagsley, of Tyler has returned and is again at his position with Mayer & Schmidt.

John Hardeman the good souled, jolly Knight of the Grip is calling on acquaintances in the city today.

W. M. Sparks, formerly of this county, but the past few years residing in the far West Texas, is here visiting his sister, Mrs. John G. Orton.

Mrs. T. H. Ness and little children returned Tuesday from a months visit to Galveston-by-the-sea.

Miss Linnet Scroggins, who has been the guest of Mrs. O. E. Hubbard returned to her home in Lufkin yesterday.

Mrs. H. D. Garrison and daughter Louise returned today srom a trip that embraced Olney, Houston, and other points.

Miss Louise De Swolinski has returned from Kansas and Oklahoma where she has been spending the summer, and is now at the home of Mrs. Giles B. Crain.

Quite a large party went down on the noon train Tuesday to attend the Gaston-Evans wedding, Mr. and L. I. Muller, Mr. and Mrs. Ed Gaston, Mrs. Robert Lindsey, Mrs. F. C. Fouts, Misses Emma Schmidt, Jennie Harris, Blankenship, De Swolinski, Carnahan, Messrs Joe Crain, Oscar Gaston, Ira Gaston, J. H. Williams, Thad Floyd, Bowden Cason and little Miss Ruth Fouts.

Cotton Yard.

I wish to thank my many friends and customers for the liberal patronage the past season and ask a share of same this season. Weights guaranteed to be correct. My yard is at the same stand, the big old cedar yard on East Main street, lots of room. Will take care of your cotton it left with me. Yours to please. A. J. Locke.

Take a dose of Prickly Ash Bitters at night when you go to bed and you will feel bright and vigorous next morning. It will insure you a copious and healthy passage of the bowels, improved appetite and digestion and increased energy of body and brain. Stripling Haselwood & Co., special agent.

Nearly an Inch Rainfall.

The way the rain did fall yesterday afternoon impressed lots of folks that at least two inches of water had come down, but according to the government gauge the amount was only seventy-six one hundredths of an inch. The down pour was the first for about six weeks, to really count for anything, and of course caused many smiles. As far as can be learned the rain was general over the county.

Good for Biliousness.

"I took two of Chamberlain's Stomach and Liver Tablast last night, and I feel fifty per cent better than I have for weeks, says J. J. Firestone of Allegan, Mich. "They are certainly a fine article for billiousness." Samples free. For Sale by

Fire Alarm Last Night.

About eleven thirty last night a fire alarm was turned in on account of a small blaze at the Brewer planer. The racket made led the interence that the entire town and part of the country was afire, but a run to the scene proved but a small blaze. How it originated is not known. The damage amounted to only a few dollars.

Mrs. G. W. Graham has gone to Rockland for a months visit to her daughter, Mrs. John Ogg.

Mt. Moriah Greeting.

Sleepy Boy has been sleeping this hot weather. but as fall is coming, and cotton and corn need to be gathered guess it's about time he was waking.

The hot dry winds has damaged the cotton a great deal causing the bolls to open before they get fully matured.

Mrs. Elice Stoker (nee Adams) and Addie Stoker attended the baptizing at Swift.

Miss Mattie Mills has just returned from a two weeks visit to her sister Mrs. Ed Wheeler Akin.

Miss Ada Mills is visiting her sister Mrs. Normer Bentley of Humble.

Mr. F. H. Fulmer closed a ten days singing at Libbey Friday night with a musical concert which was very much enjoyed by all who attended.

Miss Era Herrington is visiting relatives at Swift.

M. D. Stoker must have very proud of his new boy by calling him Martin Dies, after our noted Congressman.

Mt. Moriah singing class will sing at the Church Sunday afternoon.

Mr. Bill Murphey and family of Gary visited relaives at this place this week.

Mr. D. C. Tilery of Nacogdoches visited our community this week, pretending to take orders for portrait work, but I expect he was looking for the original instead. A man of Mr. Tillery experience in business is wells capable of attending all business he takes. The writer wishes him much success in business.

Sleepy Boy.

A Hurry Up Call.

Quickly! Mr. Druggist—Quick!—A box of Bucklen's Arnica Salve—Here's a quarter—For the love of Moses, hurry! Baby's burned himself, terribly—Johnnie cut his foot with the axe—Mamie's scalded—Pa can't walk from Piles—Billie has boils—and my corns ache. She got it and soon cured all the family Its the greatest healer on earth. Sold by

Some Tobacco Shipments.

Henry Weinberg is preparing to make a shipment of tobacco to Chicago, the cargo either going forward this afternoon or tomorrow. The shipment will comprise about two thousand pounds and goes to Taussig & Co., grown, cured and packed for him here. George T. McNess will make a small shipment to Binghampton N. Y., tomorrow, a recent sale to a cigar firm of that city. Mr. McNess has also sold six thousand pounds to another New York firm and which will be shipped out as soon as packed, some three are four weeks from now.

Go With a Rush.

The demand for that wonderful Stomach, Liver and Kidney cure, Dr. King's New Life Pills — is astounding. Druggists say they never saw the like. Its because they never fail to cure Sour Stomach, Constipation, Indigestion, Biliousness, Jaundice, Sick Headache, Chills and Malaria. Only 25c.

Stripling, Haselwood & Co., Special Agents

Special Train September 8.

It is announced that a special train will be run from here to Mt. Enterprise September 8. on account of the picnic there and the speaking by Governor Campbell. The Whiteman-Decker Lumber Company and the T. & N. O. will put on the train, also a special reduced rate for the round trip being offered.

Why?

From a small beginning the sale and use of Chamberlain's Cough Remedy has extended to all parts of the United States and to many foreign countries. Why? Because it has proved especially valuable for coughs and colds. For sale by
Stripling, Haselwood & Co. w

The Plains Are Dry.

Robert Lindsey has returned from a weeks business trip to the Plains country where he went on matters relative to a big land deal. He reports that section badly in need of rain, and that things are much dryer there than in Eastern Texas.

Best Treatment for a Burn.

If for no other reason, Chamberlain's Salve should be kept in every household on account of its great value in the treatment of burns. It allays the pain almost instantly, and unless the injury is a severe one, heals the parts without leaving a scar. This salve is also unequaled for chapped hands, sore nipples and diseases of the skin. Price, 25 cents. For sale by
Stripling, Haselwood & Co. w

Hon. H. A. Dotson left yesterday afternoon for Dallas on business relative to the experiment station which this city is seeking. The state committee meets there today and it is expected the decision for the site in East Texas will be made.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflamation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
F. J. CHENEY & CO., Toledo, O.
Sold by druggists, 75c.
Take Hall's Family Pills for constipation.

A Long Pay Roll.

G. D. Boger, who has recently purchased a laundry at Cleburne, Texas, writes to forward The Sentinel to his address there. He states that the Johnson county city is a good one, with a long pay roll, the Sante Fe distributing about $100,000 per month in that town.

A solid car of seeds, Red Rust Proof seed oats will arrive this week.

A Sprained Ankle.

As usually treated a sprained ankle will disable the injured person for a month or more, but by applying Chamberlain's Liniment and observing the directions with each bottle faithfully, a cure may, in most cases, be effected in less than one week's time. This liniment is a most remarkable preparation; try it for a sprain or a bruise, or when laid up with chronic or muscular rheumatism, and you are certain to be delighted with the prompt relief which it affords. For sale by Stripling, Haselwood & Co. w

Colored Institute in Session.

The county institute for colored teachers convened this morning at the colored school building. The attendance is said to be good, practically every colored teacher in the county being here. The institute for white teachers will convene next Monday.

Night on Ball Mountain

On a lonely night Alex. Benton of Fort Edward, N. Y., climbed Bald Mountain to the home of a neighbor, tortured by Asthma, bent on curing him with Dr. King's New Discovery, that had cured himself of asthma. This wonderful medicine soon relieved and quickly cured his neighbor. Later it cured his son's wife of a severe lung trouble. Millions believe its the greatest Throat and Lung cure on Earth. Coughs, Colds, Croup, Hemorrhages and Sore Lungs are surely cured by it. Best for Hay Fever, Grip and Whooping Cough. 50c and $1.00. Trial bottle free. Guaranteed by

Baxter is Released.

Baxter, the pitcher for Lufkin ball team latter part of the season, was released on five hundred dollar bond yesterday afternoon and today he and his father left for their home near Weatherford. Baxter is charged with appropiating about one hundred dollars of A. L. Hamilton's money during the last series of games here. The money was recovered some days ago.

All kinds of Grass seeds at Spradley's.

Why Druggists Recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. Frank C. Hanraham, a prominent druggist of Portsmouth, Va., says. "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purposes that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference."
