Eastland Oil Taps New Upper Permian Pay In N-C Ector

A North-Central Ector County wildcat, The Eastland Oil Company No. 1-B J. L. Johnson, Jr., has flowed oil at the rate of 10 barrels per hour naturally, from an upper Permian line for what observers think is a major discovery.

This prospector, located seven miles southeast of the town of Goldsmith and 2,135 feet from north and 335 feet from west lines of section 42, block 43, T&P survey, T-1-S, is an outcrop to the Donnelly-San Andres and Donnelly-Holt fields.

It lost circulation in a soft line at 4,040 feet. After the circulation was restored, the operator drilled on down to 4,210 feet and took a drill-stem test at 3,975-4,210 feet.

Five-Eighths Choke

The testing tool was open for 18 hours. During the last 12 hours of that period the well is credited with having flowed an average of 10 barrels of oil per hour through a five-eighths inch bottom hole choke.

No water was developed. Operator has now cemented 7-inch casing at 3,975 feet, leaving the zone from that point to the total depth at 4,210 feet uncased.

The plug will be drilled by the end of the week and production tests will be undertaken. It is understood that if the pay already drilled will make a commercial oil well, as it indicated it would on the extended drill-stem test the owner will complete it as it stands.

Possibly Grayburg

Some geologists think the zone which has been found productive in the Eastland No. 1-B Johnson is in the lower Grayburg. Others are inclined to the belief that it is from the upper San Andres.

Should it be in the Grayburg it would be considered a major discovery as it is approximately four miles west of the nearest producing oil wells from that formation in the Johnson field.

It is one-half of a mile north of Eastland's No. 3-S Johnson, a producer from the San Andres on the north side of the Donnelly multipay field.

New Reef Discovery Finals In Howard

Shell Oil Company's No. 1 O'Daniel, located in Northeast Howard County, has been completed as a Pennsylvanian discovery.

The new well was completed for a calculated 24-hour potential of 404 barrels of 46-gravity oil, flowing naturally through a 3.8-inch bottom hole choke. The potential test developed no water and three tenths of one per cent basic sediment.

Gas-oil ratio was reported to be 1,841-1.

18-Hour Flow

The calculated potential was based on an actual flow of 303 barrels of oil in 18 hours from perforated section at 7,995-8,005 feet in a Pennsylvanian line. This zone is thought to be Canyon by some geologists, but this has not definitely been verified.

Total depth of the well is 8,780 feet. A drill-stem test developed water at 8,729-8,780 feet. Perforated casing was then set at 8,160 feet. Cement was drilled to 8,095 feet.

The No. 1 O'Daniel is 1,997 feet from west and 656 feet from south lines of section 2, block 30, T-1-N, T&P survey, seven miles northeast of Coahoma.

Pennsylvanian Yields Oil, Water In Nolan

Cities Service Oil Company No. 1 Cooper, wildcat in Northwest Nolan County, has developed free oil and some salt water on a drill-stem test in the lower Pennsylvanian.

On the test at 6,738-66 feet, the tool was open three hours. Gas surfaced in two minutes. At the start of the blow, gas volume was estimated at 900,000 cubic feet per day, but by the end of the test it had diminished to 25,000 cubic feet per day.

Recovery when the tool was pulled was 540 feet of clean 45.1-gravity oil, 360 feet of heavily oil and gas-cut mud, and 2,460 feet of salt water.

To Test Again

Operator drilled to 6,780 feet. Samples of this new section indicated possibly that the salt water was from an upper formation.

Another drill-stem test is now being taken over the entire section.

The No. 1 Cooper is 660 feet from north and west lines of section 41, block 23, T&P survey, and two miles northwest of Roscoe.

NW Upton Wildcat Gets Show Of Gas

Sinclair Oil & Gas Company and Magnolia Petroleum Company's No. 1 G. R. Davis, wildcat in Northwest Upton County, developed slight shows of gas on a drill-stem test at 13,169-313 feet.

On the test, tool was open four hours, recovery was 300 feet of gas-cut mud with no shows of oil or water, and 3,400 feet of gas was in the drill pipe.

Bottom hole flowing pressure was 485-850 pounds. After one hour

Business Tax Hike Okayed

WASHINGTON — (P) — The Senate Finance Committee Thursday unanimously approved President Truman's proposal for a \$1,500,000,000-a-year increase in corporation taxes—boosting the top corporate income rate from 48 per cent to 45 per cent.

The committee acted shortly after President Truman told a news conference an excess profits tax will be enacted eventually.

The committee ruled the higher rates shall apply as of July 1, 1950. It refused to accept Truman's proposal that the increases apply to all of 1950 corporate income.

The corporate increase is part of Truman's overall \$5,000,000,000 tax increase proposal, to help finance the Korean war and America's armament against Communist aggression.

The committee approved Thursday would be 25 per cent on the first \$25,000 of corporate income, and 46 per cent on income above \$25,000.

The President said he would of course approve an excess profits tax if it is added to his \$5,000,000,000 interim tax proposal.

Truman said, however, such a tax was very controversial and should not be permitted to delay action on the original White House proposal.

He said Congress will be in a better position to act on an excess profits tax after November when it won't have election jitters.

Two Women Injured In Accident Here

Two McAlester, Okla., women, traveling in an automobile with three others, were injured Wednesday in a collision with another car at the intersection of West Wall and Big Spring Streets.

The two are sisters, Minnie and Nellie Barnes. Minnie Barnes suffered contusions and abrasions of the hip, and was dismissed after treatment at Western Clinic-Hospital. Nellie Barnes sustained a head injury and was admitted to the hospital. Her condition Thursday morning was reported satisfactory.

The other car involved in the accident is reported to have been driven by J. M. Jackson, an employee of the Tex-Harvey Oil Company. He was not injured, nor were any of the other occupants of the Barnes car.

Regan Back To 'Fight Campaign'

Rep. Ken Regan arrived in Midland Wednesday night. He is back from Washington for the final drive in the congressional race.

Saying he was reluctant to leave Washington at this time, Regan declared he was here to "fight this campaign."

Regan left Thursday morning for McCamey to participate in the first Trans-Texas Airline flight to Pecos. He is due to return to Midland Saturday.

Fleeing Gunman Is Slain By Officers; Girl Still Missing

EMINENCE, MO. — (P) — Officers Thursday intensified a search for a missing 15-year-old girl as an aftermath to an Ozarks Mountain shooting episode that brought death to four persons.

The girl is Lola Fansler.

Her father, Richard Fansler, 63, and brother, Luther, were shot to death in their farm home Monday night. A four-year-old girl, Barbara Harris, was killed at the same time.

Wednesday the man accused of slaying the three, 39-year-old William Harris, was shot to death by a deputy sheriff.

He had been pursued by more than 100 officers and possemen for almost two days in rugged Southern Missouri timberlands. Barbara Harris was his daughter. Lola Jean has not been seen since Monday.

Fears Girl Dead

Prosecuting Attorney Friend Greene said it was possible the girl was dead.

Her father was shot to death shortly after he questioned Harris, an ex-convict, on her whereabouts. Harris fled into the hills.

Wednesday Deputy Sheriff Paul Frey spotted him on a woodland trail near Fremont, Mo.

He called upon him to halt but Harris refused and dashed into the brush and timber. Frey fired, killing him with a single shot.

Bi-Regional JayCee Meet Set In Odessa

ODESSA — A Bi-Regional Convention for Junior Chambers of Commerce in the West Texas area will be held Saturday and Sunday here.

JayCees from El Paso to Abilene will attend the convention. Bill McDaniel, state president, will be the featured speaker.

Registration will start at 1 p. m. Saturday. A full schedule of social and business activities for delegates will be issued.

President Art Joseph of the Midland Junior Chamber said a large delegation from his club is expected to attend.

Soviet Filibuster Charged By HST

WASHINGTON — (P) — President Truman said Thursday he would accept an excess profits tax if voted by Congress, but added that such controversial proposals should be put off until the next Congress meets.

He contended that an excess profits tax—which he has not asked for—would be voted eventually.

The President also told his news conference that Jacob Malik, Soviet representative on the United Nations Security Council, is conducting a filibuster on Korea, and it is a filibuster against the Russians themselves principally.

Replying to another question, he said he is optimistic on the Korean military situation. He said he is taking his advice from U. S. military leaders and he is as optimistic as they are.

A reporter remarked that Gen. Douglas MacArthur had complained that defeatists and appeasers are working against him. The President said he had not met anyone of that sort yet and emphasized he and MacArthur are in complete agreement.

The President once more rejected the idea of a meeting of heads of state on the question of peace. Asked whether the U. S. would approve "high level" meetings if Trygve

Check, Cash Add To Dennis Polson Fund

Two more kindhearted Midlanders Wednesday contributed an additional \$12 to the Dennis Polson Fund, bringing the total to \$280.15.

The gifts, both anonymous, were a check for \$10 and two \$1 bills.

The money will be turned over to Mrs. E. F. Polson, who is maintaining her vigil at the bedside of two-and-a-half-year-old Dennis, who broke his leg recently, and now lies in a traction bed at Western Clinic-Hospital.

Doctors are confident the rapid healing powers of youth will make it possible for the brown-eyed child to be released soon from his traction apparatus, which holds his legs up over his head—and placed in a cast.

But the child still faces four or more weeks in the cast, so his ordeal is not over. Additional contributions may be made to the Dennis Polson Fund in care of The Reporter-Telegram.

'Old Maid's Day' Is Suggested By Texas Spinster

DENTON — (P) — A Texas old maid rebelled Thursday against several decades of giving and suggested old maids get some gifts.

Dorothy Babb wants an "Old Maid's Day"—just like Father's Day, Mother's Day, etc.

Or, for that matter, like graduation day, birthdays, bridal showers, baby showers, weddings, wedding anniversaries.

Miss Babb, an instructor at North Texas State College here, figures these "days" have cost her \$1,500 in 25 years.

But old maids are even denied birthdays. As Miss Babb says, "We seldom mention our ages."

"Every dog has his day," she argued in a statement. "Why shouldn't we old maids have ours?" She wants her day on "August 15, right between Labor Day and the dog days of Summer." And she wants no misunderstanding about how old maids are to be honored.

"With gifts," she explained, "so that we may be repaid in part for the many presents we've given in our lifetimes."

Marfa War Vet Slain By Gunman

MARFA — (P) — A young Marfa war veteran was shot to death Wednesday night by a man identified by the dead man's companion as a "wet-back"—a Mexican national illegally in the U. S.

Killed was Juan Salgado, 22. His companion, Raymond Gonzales, a young Marfa carpenter, was wounded in the shoulder.

Gonzales drove into Marfa early Thursday said Salgado's death and gave this account:

Shortly after dark Wednesday, a man came to the Salgado home and asked Juan if he would drive him to the Hillsman Ranch about 22 miles southeast of here for \$10. Juan agreed and Raymond went along.

About five miles after driving through the ranch gate the man asked Juan to stop near a tree where the stranger said he had cached a package. The man picked up the package and a gun.

Gonzales said the stranger quickly shot Salgado through the neck, killing Salgado, and then turned the gun on him, wounding him in the shoulder. Gonzales said he got out of the car and struggled with the assailant who escaped and fled.

Marfa citizens were reported planning to seek authorities' permission to form an air posse to go after the man. The site of the shooting is only 40 or 50 miles from the Rio Grande.

Salgado was the son of Mr. and Mrs. Joe Salgado. The young war veteran was born and reared in Marfa.

North Elementary, Crockett School Lines Are Defined

With the completion of David Crockett Elementary School planned for the opening of school September 5, Frank Monroe, superintendent, Thursday announced the dividing line between areas of North Elementary and Crockett Schools.

School children residing north and east of the line will attend Crockett Elementary, and those living south and west of the line will attend North Elementary.

The line begins at the Southeast corner of Fairview Cemetery, and extends South along Pecos Street to Watson Street. Then, East on Watson-Malden Lane (Watson Street becomes Malden Lane when it crosses Big Spring Street) to the alley between Whitaker and Loraine Streets.

The line then extends South in the alley, to the point where the alley joins Holmes and Loraine Streets; then South along Loraine Street to Kansas Street, and East on Kansas Street to Dallas Street.

The line was devised, Monroe said, to equalize the load between the two schools, and may be altered at a later date, if load figures worked out are found to need revision.

GI's To Get Help In Battling Bugs

TOKYO — (P) — The U. S. is going to rush a lot of DDT to United Nations battle forces in Korea. And do they need it!

Korea is better known for its lice and insects than for its cleanliness.

Hamilton Merton of Fort Worth, Texas, federal supply officer, said Thursday 500,000 gallons of DDT powder and 500,000 gallons of mixed DDT liquid have been ordered to Korea immediately.

But the child still faces four or more weeks in the cast, so his ordeal is not over. Additional contributions may be made to the Dennis Polson Fund in care of The Reporter-Telegram.

General Walker Gamble Pays Off In Making Pusan Secure

By LEIF ERICKSON

U. S. EIGHTH ARMY HEADQUARTERS IN KOREA — (P) — Lt. Gen. Walton H. Walker, U. S. Eighth Army commander, gambled in ordering the American offensive across the northern front.

The defense lines had to be stretched to concentrate power for the attack that drove the North Koreans retreating toward Chinju.

Walker pulled the 35th Regiment of the 25th Division from the Pusan corridor and threw it with the newly arrived Fifth Marine Regiment and Fifth Infantry Regimental Combat Team from Hawaii into the southern attack.

The drive bogged down its first two days. Simultaneously the Communists crossed the Nakdong and set up three bridgeheads on the Allied eastern bank.

But the North Koreans did not have the power and the buildup ready to exploit these crossings into breakthrough operations.

1,000 Reds Encircled In Pincers Trap

By RUSSELL BRINES

TOKYO — (P) — U. S. troops Thursday drove 13 miles almost to the outskirts of Chinju and snapped shut behind them an armored trap on possibly 1,000 enemy troops.

It was the biggest single day's gain of the war for American forces.

As Chinju, major enemy base in South Korea, tottered, North Koreans at the other end of the 140-mile front rolled to within eight miles of a U. S. east coast fighter base.

The enemy also loosed new attacks along the northern front, putting renewed pressure on the important supply city of Taegu, 55 miles northwest of Pusan.

They were advancing against resisting South Koreans on a front about 30 miles north of Taegu. The enemy still held a Nakdong River bridgehead 29 miles southwest of Taegu against fierce American attacks. Another bridgehead 12 miles northwest of Taegu was reported wiped out.

U. S. Eighth Army leaders took hasty steps to protect the fighter plane base. It is eight miles southeast of Pohang on the Sea of Japan 55 miles north of Pusan.

Two led forces rolled back crumbling South Korean troops there. AP Correspondent Hal Boyle at Pohang said the Reds were protected from American Naval guns by lofty mountains in some of Korea's most rugged country.

Mustangs Shot Down

The Pohang-bound Communists hammered down from Yongdok, which they retook Thursday, and drove on four miles to the south.

The main threat to the fighter base came from another Red force rolling toward it from the mountain village of Kigye, eight miles northwest of Pohang. A North Korean patrol of 30 men commanded the Yongchon-Pohang supply road with machine guns.

Four U. S. Mustang fighters were shot down by ground fire after taking off to machine gun the invaders. One pilot was lost and three were rescued, Boyle reported.

Twenty-nine miles southwest of Taegu, the main U. S. base on the central front, a battalion of Reds held off elements of the U. S. 24th and Second Divisions on the banks of the Nakdong River.

B-29's Plaster Rail Lines

American planes, including 70 B-29's from Japan and Okinawa, plastered the North Koreans. The Air Force said the B-29's badly crippled northern rail lines with the biggest raid of the war on Wednesday east coast rail center north of the 38th parallel. The big planes caught the 25 track-wide rail yard jammed with traffic. Ammunition, fuel, food and other supplies went up in a gigantic fire.

The U. S. Eighth Army headquarters in a communique Thursday night said United Nations troops battled aggressively on all fronts to expand gains in the south.

Elements of the 24th Division tried to dislodge river-crossing Communists.

General Promotes Three Sergeants

WITH U. S. 25th INFANTRY DIVISION IN KOREA — (P) — Maj. Gen. William B. Kean Thursday personally commissioned three sergeants as second lieutenants and decorated 11 other men in his 25th Division for heroism in action.

Battlefield commissions as second lieutenants were presented at a special formation to:

M. Sgt. Ira Conners of Brenham, Texas; Sgt. 1 c Wilbur R. Sellers of Boone, Iowa, and Sgt. 1 c Robert E. Clark of Memphis, Tenn.

General Kean said they displayed superior leadership in the absence of officers, in keeping their platoons in action under fire from enemy tanks 75 yards away.

Murray Wins In Oklahoma Recount

OKLAHOMA CITY —(AP)—Johnston Murray emerged as Oklahoma's Democratic nominee for governor Thursday as a vicious battle of the ballots came to a close.

A recount of the state's 77 counties took only 47 votes away from Murray's 1,009-vote margin over William O. Coe gained in the July 23 runoff primary.

This left Murray with 962 votes to spare. The State Election Board will meet Saturday morning to certify the recount and issue Murray his certificate of nomination.

Murray's Republican opponent will be J. O. Ferguson, Pawnee newspaper publisher.

Murray is the son of former Gov. W. H. (Alfalfa Bill) Murray.

Conveyor Belt Replaces Money Belt The Way Bob Hope Sees It

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD — Marilyn Maxwell's low-cut gowns in her last two pictures caused almost as much consternation in Eric Johnston's movie censorship office as Jane Russell's scenes in "The Outlaw."

Now Marilyn wears only sweaters for her role opposite Bob Hope in "The Lemon Drop Kid"—and the censors are screaming again.

"Can't you do something about it?" they SOS'd to designer Edith Head. Edith came right back with a terse:

"You can't do a thing about it unless you cast a boy in the part!" Marilyn was peeking over Bob's shoulder when he read the new income tax table.

"It's a new deal," cracked Hope. "We don't even have to touch our money any more. It's under glass going to Washington on a conveyor belt."

Jack Carson and a fan mag writer tangled on a recent network question-and-answer show. The portion of the program that follows a reference to Jack's "big head" was removed from the tape when the pre-recorded show hit the air lines.

Bing Crosby's money is behind a new gimmick—canned fresh milk.

Dumb Domestic
Miriam Hopkins hired a new maid, briefed her about a dinner party she was giving. "Now, please, be very careful tonight. Don't spill anything," was Miriam's final caution.

The maid replied. "It's o. k. Don't worry. I've worked for other Hollywood stars. I don't gossip."

Jack Parr on "Take It or Leave It": "I'm trying to make a deal with my draft board just to go to every other war."

Frankie Laine didn't get one autograph book shoved in his face during his Latin American honeymoon trip, but his bride, Nan Grey, had to plough through the mobs of fans.

"They remembered Nan from 'Three Smart Girls' and 'Three Smart Girls Grow Up,'" Frankie told me at Ciro's, where record fanatics, hep-cats and plain Hollywood stars are whooping it up for his song-belted. "Nobody knew me except a few disc jockeys."

The annual fishing feud is on between Bill Demarest and Bill Meljoh, Paramount talent boss. The other day Meljoh's 11-year-old son, Richard, accompanied them to the Albacore fishing banks. Demarest suggested a pool of one dollar for the first fish, one dollar for the largest, one dollar for the smallest, and one dollar for the most. Only one fish was caught—by Richard—who collected the four dollars.

Personal To Women With Naggling Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions. If your discomforts are due to these causes, don't wait. Try Doan's Pills, a mild diuretic. Used successfully by millions for over 40 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Korean Mission Asks Altrusans For Aid

The following information has been released from the Texarkana offices of District 7, Altrusa International. It was received Thursday morning by Ada Phillips of the Midland Club, who said that a drive will be started immediately in Midland. The group already has sent \$100 for medical supplies.

Anyone wishing to contribute money, blankets, clothing, drugs or medical supplies may take them to the Midland Chamber of Commerce. Altrusa Club members hope to make the first shipment of goods August 21.

TEXARKANA — Altrusa Clubs in District 7 have been appealed to by the Korean diplomatic mission in Japan for assistance in furnishing blankets, clothing for women and

children, and drugs and medical supplies.

Willie Walker, governor of District 7, said the Texarkana and Midland clubs would take the lead in answering the appeal as a tribute to the courage and patriotism of Mrs. In-Ai Yang, Korean nurse who visited in the two cities during the two years she studied at Vanderbilt University.

In Tokyo Mrs. Yang now is in Tokyo, Japan, with the Korean diplomatic mission. Letters received in Dallas from her and from friends in Tokyo said that Mrs. Yang is serving temporarily as an interpreter with Lieutenant Colonel Gritsavage, chief nurse for the United States Army in the Far East. She expected to go to Korea for a brief time and hoped to learn the fate of her husband, a mining engineer who had been friendly for many years to the Americans.

Abundant Living

By E. STANLEY JONES

Rom. 7:24-25; 8:1-2; John 7:9; Luke 10:9

WITHIN YOU—AT YOUR DOORS!

There are two great streams of religious thought in the world today. One stream maintains, "Everything is within you; all you need to do is to awaken your latent powers; you have the spark of the Divine within you—kindle it." Or in the extreme form, as in the Vedanta in India, "You not only have the Divine within you; you are Divine; you are God—realize it." The capital of this realm of thought is Benares, India.

The other stream maintains, "You are a sinful creature; there is nothing good within you; you need the invading grace of God from without to awaken you, to redeem you." The capital of this realm of thought is Berne, Switzerland, the home of Karl Barth.

Do we have to vote with our lives on one side or the other of these viewpoints? No. Each has a truth, but it is only a half-truth—the truth is beyond each. The truth is in the Kingdom of God. The Kingdom of God is fulfillment: "until it be fulfilled in the Kingdom of God." The half-truth in each is fulfilled in the whole truth of the Kingdom. The Kingdom fulfills the truth in immanence—"the kingdom

of God is within you." It fulfills the truth in transcendence—"the kingdom of God cometh." The Kingdom of God is at your doors. The Kingdom is both persuasive and in immanence and invasive in transcendence; it is within us and beyond us.

Man is sinful in that he is sinning not only against the God who made him, but also against the Kingdom written into the texture of his being—he is sinning against himself. This view makes sin worse than if man is looked on as naturally sinful; for if he is naturally sinful, then sin is bad, if it is natural? Why should I be punished for doing what is natural, for fulfilling my own nature? But if sin is not only sinful, but also unnatural, then sin is doubly bad—it is revolt against God and myself. But sin is not natural; it is an attempt to live against my real nature.

So sin is anti-life. O God, Thou hast not fashioned us in our inmost being and then abandoned us, turning us over to forces too strong for us. Thou art protesting at every step our self-ruin. Help us not to consent to our own ruin. In Jesus' name. Amen. (From the book "Abundant Living," published by Abingdon-Cokesbury Press of New York and Nashville. Copyright, Released by NEA Service.)

Early Action Would Prevent Most Appendicitis Deaths

By EDWIN P. JORDAN, M.D.
Written for NEA Service

Though the death rate has been greatly reduced in recent years, most deaths from appendicitis could be avoided entirely. If acute appendicitis is diagnosed early and the appendix is removed by surgery, there is little danger. However, much of the trouble comes because the pain may not be as severe as people expect it to be. Consequently, they are too likely to ignore the symptoms for several days and by that time the appendix may have ruptured and caused peritonitis.

Occasionally the appendix instead of lying near the front of the abdomen on the right side may be twisted towards the back so that the only symptom is back pain. The appendix can lie in some other part of the abdomen and it is not safe, therefore, to think that pain which is in the lower right side is the only kind which can mean appendicitis.

The use of cathartics or laxatives is dangerous. A laxative causes the wave-like motions of the intestines to increase. Large waves hasten the

rupture of an acutely inflamed appendix. When this happens peritonitis develops—a serious complication indeed. Laxatives should be avoided like poison if there is the slightest suspicion of appendicitis. Enemas also should not be given for the same reason.

To some extent food and drink also increase the wave-like motions of the intestine. Sometimes when people have been caught in the wilderness or in some place where there could be no operation, the inflammation in the appendix has subsided by forbidding all food and drink and applying cold to the abdomen. This is a useful emergency measure but does not, of course, get at the root of the trouble.

Take No Chances
The symptoms of appendicitis may be typical and easy to diagnose. If the pain is rather acute and located in the right lower part of the abdomen with slight fever, there is a good chance of appendicitis. Of course, this alone is not enough. Vomiting commonly accompanies appendicitis, but diarrhea is almost always absent. The presence of too many white blood cells almost invariably accompanies acute appendicitis. For this reason a blood count is most important if appendicitis is suspected.

No chances should be taken with this important disease. In recent years penicillin often has been given before an operation and afterwards, and this seems to make the recovery somewhat easier. With prompt diagnosis and surgery the dangers of appendicitis are slight.

Senate Turns Down Four Of President Truman's Nominees

WASHINGTON —(AP)—Senate rejection of four President Truman's nominations to government posts was brushed aside by Democratic Leader Lucas of Illinois Thursday as just an old Senate custom.

Other Senate veterans said they could not remember when four separate presidential appointments had been denied Senate confirmation in a single day's session, as happened Wednesday.

Only one of the nominations was put to record vote—that of Martin A. Hutchinson of Virginia to be a member of the Federal Trade Commission.

Facing the firm opposition of Senator Byrd (D-Va.), Hutchinson was snowed under by an adverse 59 to 14 total.

The other Truman nominees turned down, who had been serving under recess appointments, were:

Frank E. Hook, former Democratic representative from Michigan, for a job as a member of the Motor Claims Commission.

M. Neil Andrews, as a federal district court judge in Northern Georgia.

Carroll O. Switzer as a federal district judge in Southern Iowa.

Four Children Killed, 38 Trucks Overturns

MATTAWAMKEAG, MAINE—(AP)—A truck carrying 41 singing children home from a picnic went out of control, climbed a roadside embankment and turned over near here Wednesday night. Four of the children were killed, all but one of the others injured.

Two adults in the group from East Millinocket also were injured. Joseph D. Page, 46, told State Trooper Raymond Skiff that he lost control of the truck when blinded by the low rays of the setting sun.

Take Off Ugly Fat With This Home Recipe

Here is an inexpensive home recipe for taking off unsightly weight and helping to bring back alluring curves and graceful slenderness. Just get from your drug store four ounces of liquid Baracutan. Add enough grapefruit juice to make a pint. Then just take two tablespoonsful twice a day. Wonderful results may be obtained quickly. Now you may slim down your figure and lose pounds of ugly fat without back breaking exercise or starvation diet. It's easy to make and easy to take. Contains nothing harmful. If the very first bottle doesn't show you the simple, easy way to lose belly weight and help reveal slender, more graceful curves, return the empty bottle and get your money back.

WINSTON CHURCHILL POSTPONES ADDRESS
STRASBOURG, FRANCE —(AP)—Winston Churchill has postponed until Friday an address in which he is expected to call for rearming West Germany to bolster Europe's defenses against communism.
The wartime British premier had been scheduled to address the European Consultative Assembly Thursday.

Mack Sons Confirm Plan To Buy Club

PHILADELPHIA —(P)— Connie Mack's two older sons, Roy and Earle, announced Thursday they will buy controlling interest in the Philadelphia Athletics with the financial backing of the Connecticut Life Insurance Company.

Roy and Earle had disclosed 10 days ago they held options on stock owned by their step-brother, Connie Mack, Jr., and the heirs of Benjamin F. and Thomas Shibe, who were partners with Connie Mack in establishing the club 50 years ago.

Extent of the life insurance firm's participation was not revealed.

Truman Signs Bill To Expand Fishing

WASHINGTON —(P)— Wildlife authorities welcomed the final enactment of the Dingell Bill Thursday as the best news in many years for the nation's fishing enthusiasts.

The bill, jointly sponsored by Representative Dingell (D-Mich.) and Senator Johnson (D-Colo.), earmarks revenue from the federal 10 per cent tax on sports fishing tackle.

Such revenue, estimated at from \$3,000,000 to \$4,000,000 a year, will go back to the states to help them restore and expand game fish resources. President Truman signed the bill Wednesday.

Truman Shakes Up RFC High Command

WASHINGTON —(P)— President Truman has shaken up the top command of the Reconstruction Finance Corporation (RFC), multi-billion-dollar lending agency which Congress wouldn't let him make an adjunct of the Commerce Department.

Apparently tipping off almost no one in advance, Truman late Wednesday dropped two members of the oft-criticized RFC Board of Directors, including Chairman Harley Hise, and named three new members to the five-man board.

The President gave no explanation for his action, but a White House spokesman said Truman's idea was to "revitalize the board."

This is what the President did:

1. Dropped Chairman Hise, a Democrat, and Harvey Gunderson, a Republican, from RFC's board.

2. Retained from the present board William E. Willett, a Democrat from Maryland, and Walter Lee Dunham, a Republican from Michigan.

3. Named as new members C. Edward Rowe, a Massachusetts county court justice, a Democrat; Walter E. Cosgriff, a Salt Lake City bank president, a Republican; and W. Elmer Harber, a bank president in Seminole and Shawnee, Okla., a Democrat.

The President did not name a chairman to succeed Hise. He will do that later.

Willett was named to serve three years, Cosgriff and Harber for two years, and Dunham and Rowe for one year. Subsequent appointments will be for three years each.

Dry, Hot Weather Continues In Texas

By The Associated Press
Typical mid-summer weather prevailed in Texas Thursday—dry and hot.

Temperatures soared, skies were clear to partly cloudy, and no rain or prospects of rain were spotted over the state.

Presidio on the Mexican border continued as the state's "heat capital" Wednesday, recording a maximum of 102 degrees. The coolest spot was Guadalupe Pass, with a high of 85.

The overnight minimum ranged from 59 at Ozona to 78 degrees at Galveston.

Congratulations To

Mr. and Mrs. W. M. Conrad, 406 North Kent Street, on the birth Thursday of a daughter, not yet named, weighing five pounds, thirteen ounces.

Mr. and Mrs. N. H. Hoback, 1808 West Tennessee Street, on the birth of a son, Ben Michael, weighing seven pounds, fourteen and one-half ounces.

Mr. and Mrs. Louis H. Michaelson, 1804 West Tennessee Street, on the birth Monday of a son, Eric Lance, weighing five pounds, 11 ounces.

Mr. and Mrs. R. L. Koons, 401 West Storey Street, on the birth Monday of a son, William Dey, weighing seven pounds, seven and one-half ounces.

Walker—

(Continued From Page One)
verses the story of the bitter retreats earlier, when Americans repeatedly were encircled and outflanked.

Only two American divisions are watching that 40 airline-mile front in the west. It must cover at least 70 miles as the river winds. The only way to hold such a line is from observation positions with troops set to strike quickly at any crossing force. That's just what the Americans have been doing.

If the North Koreans had been able to build up any of their bridgeheads and break through in force, the key U. S. base, Taegu, would have fallen.

There were critical comments when General Walker gambled on so thin a line to hold such an important base as Taegu.

But, measured against Pusan, Taegu ranks only as an effective outpost supply and air base. Pusan supports the entire United Nations campaign in Korea. There was little choice for Walker but to gamble.

The gamble isn't finished yet. On the northern front the Communists are steadily building up their most direct and shortest supply routes. For the last three days South Koreans have been under steady attack pressure north of Taegu.

Driven back on Chinju in the south, and repulsed on the Nak-tong in the west, the Communists may try their next power assault from the northwest with scant reserve Allied power to meet such a threat.

The turkey is the only species of poultry that originated in the United States.

Police Forestall Teen-Age Slaughter

TEXARKANA —(P)— Police say they have forestalled a war between teen-agers armed with home-made guns powerful enough to kill a mule.

Police Chief Jack N. Runnels said officers rounded up 30 such weapons Monday and Tuesday.

The guns, modeled after pistols, shotguns and rifles, were made of wood, lead pipe and adhesive tape. They fired shells or rocks with a gunpowder propellant charge touched off by fire crackers.

Runnels said officers learned boys who made the guns intended to choose sides and stage a war in a gravel pit near here. He said the boys ranged in age from 13 to 15.

WASHINGTON —(P)— A request of the Abilene, Texas, Chamber of Commerce that that area be considered as a site for the proposed H-bomb plant is being transmitted to the Atomic Energy Commission, Representative Burleson (D-Texas) said Wednesday.

SEMINOLE WOMAN DIES IN CRASH NEAR HOBBS

HOBBS, N. M. —(P)— Mrs. Bertie Odell Smith, 50, of Seminole, Texas, was killed and three other persons injured in a two-car crash near here Tuesday night.

In early New England day, hand-wrought nails were used for money.

Softball Tournament Set To Begin Monday

Play in the Midland Junior Chamber of Commerce Softball Tournament will begin Monday and continue through Friday at Wadley Park. It was announced Thursday by Carl Nance, entries secretary.

The tournament champion will carry away a first-place prize of a handsome trophy and \$100 in expense money or 40 per cent of the gate, whichever sum is larger. The runnerup team will receive \$50 or 20 per cent and the consolation winner is guaranteed \$25 or 10 per cent.

Trophies also are provided for the runnerup and consolation championship squads.

Teams wishing to play in the meet may contact Nance at the Shell Oil Company offices tomorrow. The entrance fee is \$20.

All area teams are eligible to enter the tournament. Nine entries have been received to date, including those of several strong Midland lines.

Cuffman Attending Vocational Meeting

J. R. Cuffman, Midland High School vocational agriculture instructor, is in San Antonio attending a conference of the Texas Vocational Agricultural Teacher's Association. He is president of the association.

The meeting began Wednesday with J. W. Edgar, of Austin, state education commissioner, as principal speaker in the first session. The conference will close Friday.

Police Here Asked To Aid In Locating Missing Dallas Man

Midland police Wednesday were alerted along with other officers in the state to be on the lookout for Alvin William Ledow, who is reported missing.

A police report said Ledow departed from Dallas Monday enroute to Midland and has not arrived. He was said to be carrying a large sum of money.

Ledow was driving a 1950 Pontiac with Louisiana license plates when he last was seen.

Clark Holds Thin Lead Over Taylor

BOISE —(P)— The hard-fought battle for the Democratic nomination to the six-year U. S. Senate term in Idaho remained inconclusive Thursday—two days after the primary election.

But the count definitely favored former Senator D. Worth Clark, seeking to oust incumbent Senator Glen H. Taylor.

With 779 of 839 precincts counted, Clark held a 1,000-vote margin over the guitar-playing former cowboy from Pocatello.

The count showed: Clark, 26,478; Taylor, 25,408.

A third man in the race, Compton I. White, had 14,507.

Only a plurality is necessary to win in Idaho, making a run-off unnecessary. If Clark winds up with only one more vote than Taylor, he still will win the nomination.

Taylor said he would wait for the final count before conceding.

Nebraska Governor Nomination In Doubt

OMAHA —(P)— A scant thousand votes stood between the two leaders in the race for the Nebraska Democratic gubernatorial nomination Thursday, leaving in doubt which will carry the party standard against Gov. Val Peterson in November.

Walter R. Raecke, former legislator from Central City, led with 26,879 votes from 2,032 of 2,074 precincts. But Terry Carpenter, ex-congressman from Scottsbluff, had trimmed Raecke's lead from 2,700 votes to 1,027. Carpenter's total was 25,852.

So slim was the margin, the final determination of the winner may be left to the canvassing board which meets August 28.

AUTOMOBILE STOLEN HERE

"An Open Invitation To Communist Aggression"

That is what the National Democratic Congressional Committee termed the action of the Congressional isolationists and the Communist Party line spokesman in rejecting economic aid to Korea last January 19.

The vote was 192 to 191 against spending American dollars to assist the South Korean republic which we are now defending with American lives.

KEN REGAN VOTED AGAINST ECONOMIC AID TO KOREA.

AND SO DID VITO MARCANTONIO, THE NEW YORK CONGRESSMAN WHO FOLLOWS THE FOREIGN POLICY LINE OF RUSSIA ON EVERY VOTE.

Said the National Democratic Congressional Committee, headed by Congressman Michael J. Kirwan:

"It (the vote against Korean aid) was a breach of democratic faith and an open invitation to the communist aggression which followed six months later.

"It served notice on the democratic elements of Korea that they could not depend on the assistance of the world's strongest democratic nation.

"The communist puppets in North Korea took the strong opposition to financial aid as proof that they need not fear direct military aid if they attacked their southern neighbors.

"The 'false economy' preached by the isolationists is costing us far more than the amount originally proposed for the 'LITTLE ECA for Korea' not only in dollars BUT IN THE LIVES OF AMERICAN SOLDIERS.

"The citizens of America should mark well and remember the names of those isolationists who bear the blame for the present conflict. The election of one or more representatives who would remain constant and true to our democratic allies throughout the world would have prevented the January 19th breach of faith."

UNDERGOES SURGERY

William James Lytle, III, six-year-old son of Mr. and Mrs. W. J. Lytle, Jr., 1115 North Carrizo Street, was admitted Thursday to Western Clinic-Hospital for minor surgery.

Doughboys—

(Continued From Page One)
munists dug in southwest of Taegu but were unsuccessful.

The First U. S. Cavalry Division annihilated another enemy force northwest of Taegu Thursday, killing 300 Reds and capturing 20, the communique said.

Farther north on the 140-mile front, South Koreans captured three Russian-made tanks in close fighting. Planes knocked out six more.

Greatest UN Gains

The Allied gains on the south coast were the biggest of the United Nations offensive which jumped off Monday westward from near Masan, south coast port.

Hundreds of North Koreans were forced to retreat toward Chinju base so fast they left quantities of arms and equipment behind. They were of the North Korean Sixth Division.

In apparently sacrificing the Sixth Division, the Red command diverted the North Korean First Division toward the Nakdong River barrier 20 miles north of Chinju. The First Division had been supporting the Sixth Division.

AP Correspondent Don Whitehead reported from the front that U. S. reserve units destroyed pockets of Reds whose guns had stalled the southern thrust from Monday until Wednesday.

Resistance on the road to Chinju was described as "light" by a general officer. The Americans captured high ground six miles east of Chinju after a sharp skirmish. Steel Trap Snapped Shut

U. S. patrols of the Fifth and 35th Army Regimental Teams were within two miles of Chinju.

AP Correspondent Tom Lambert reported advanced units spurred 13 miles to join forces with the 35th Combat Team 12 miles east of Chinju. That snapped the steel trap.

The link up cut off an estimated 100 square miles of rugged land and pocketed remnants of two Red battalions. In the fighting for Chinju the battalions are estimated to have been reduced from 2,000 men to 1,000.

U. S. Fifth Regiment Marines entered Kosong, a south coast village. Correspondent Lambert reported the spirits of the doughboys just to the north of them were high.

An American general staff officer said the retreat of the North Koreans toward Chinju was made "in the nature of a rout." The main body of U. S. Army troops was five miles out of Chinju Thursday night.

SISTERS TO HOSPITAL

Two sisters, Carol Ann and Sharon Kay Oberholzer, daughters of Mr. and Mrs. C. E. Oberholzer, 1604 West Michigan Street, were admitted Thursday to Midland Memorial Hospital. Carol Ann, nine, and Sharon Kay, seven, were to undergo minor surgery.

West Texas Oil And Gas Log—

(Continued From Page One)
shut-in pressure was 1,210 pounds. Operator is now coring ahead below 13,313 feet.

The wildcat is 660 feet from north and east lines of section 20, block 41, T&P survey, T-5-S.

The No. 1 Davis was originally slated to be dug to 13,000 feet to the Ellenburger, which was topped at 13,105 feet by samples.

Locations In Lamb, Schleicher Picked

Exact locations for wildcats to be drilled by H. L. Hunt of Dallas in Central-West Lamb County and in Southeast Schleicher County have been reported.

H. L. Hunt No. 1 Robertson will be the Lamb County prospect. It is situated 660 feet from north and east lines of labor 16, league 223, Collingsworth County School Land. It is near the town of Sudan and is slated to drill to 9,200 feet or fluid in the Ellenburger at a lesser depth.

Water well is being dug, road is being built to the location and rotary material is being moved in. Actual drilling is slated to start within the next week.

The Schleicher County prospect will be H. L. Hunt No. 1 D. O. C. Wilson. It is to be at the center of the southwest quarter of the southwest quarter of section 17, block B. It is slated to drill to at least 5,500 feet, unless it finds fluid in the Ellenburger before reaching that level.

Both wildcats are to be drilled as results of deals worked up by O. L. Johnson of Midland, and turned to Hunt to drill.

Johnson retains overriding interests in both projects.

Drilling on the Schleicher County exploration is to begin in the near future.

Schleicher Prospect Takes Negative DST

Plymouth Oil Company No. 1 Tomerson, Central-North Schleicher County wildcat, which developed a little show of oil and gas in the Cisco lime at 3,240-65 feet, failed to find any increase in petroleum signs in the zone at 3,270-3,324 feet.

A one hour and five minute drill-stem test was run on that interval. There was a blow of air for 58 minutes and it then died.

Recovery was 110 feet of drilling mud. There were no indications of oil, gas or of formation water.

Another test was run at 3,275-3,324 feet. The tester was open two and one half hours. Recovery was 293 feet of mud, with no shows.

The prospect is now making hole below 3,429 feet in shale. It is still in the Cisco.

Location is 660 feet from north and east lines of section 66, block H, GH&SA survey. The wildcat is 12 miles south of the Susan Peak field, which is in Southeast Tom Green County.

Permian Prospect In Scurry Gets Shows

W. C. McBride, Inc., No. 1 E. M. Conrad, prospective Permian discovery in Southwest Scurry County, has developed possibilities of production on a drillstem test.

On the test at 4,525-40 feet, recovery after one hour was 480 feet of heavily oil and gas cut mud with a distinct sulphur odor. A fair blow of air surfaced throughout the test.

Flowing pressure was 100 pounds, and shut-in pressure after 15 minutes was 1,200 pounds.

Operators plan to core ahead. Soft drilling warranted the drill-stem test. The section which yielded the shows was either lower Spraberry or upper Wolfcamp.

The No. 1 Conrad is 17 miles southwest of Snyder and three miles south of the Sharon Ridge-Canyon field.

Location is 660 feet from south and west lines of section 73, block 24, H&TC survey. Slated depth is 8,000 feet.

Tom Green Offset Is Low On Strawn

Shell Oil Company No. 2 Johnson, wildcat in Northeast Tom Green County, has topped the Strawn lime at 4,714 feet on a minus datum of 2,895 feet.

It is running 67 feet low to the Shell No. 1 Johnson, which is now pumping and making a small amount of oil and some water from the Strawn.

The No. 2 Johnson is at a total depth of 4,716 feet and is to cut core.

Drillite is six miles north and east of San Angelo and three miles southeast of the firm's No. 1 Johnson.

Drillite is six miles north and east of San Angelo and three miles southeast of the firm's No. 1 Johnson.

Exact location is 660 feet from north and 1,980 feet from east lines of section 335 1/2, Mary McMillan survey.

Contracted depth is 5,500 feet.

Tide Water Alters King-Dickens Site

Tide Water Associated Oil Company has altered the drillite of its proposed venture in the Pitchfork ranch, which lies in both West King and East Dickens Counties.

The venture, originally scheduled in Central-East Dickens County, instead will be drilled across the line in King County, 12 miles northwest of Guthrie.

The venture now will be called Tide Water No. 1-B Pitchfork, located 2,047 feet from west and 3,398

feet from south lines of block 143, BS&P survey.

Tide Water has an option on two locations on the Pitchfork Ranch, which includes 118,000 acres.

Seaboard Oil Company of Delaware is associated with Tide Water in the drilling of the wildcat. Both companies have done extensive geophysical work in the area.

Sunray Stakes Edge Site In North Snyder

Sunray Oil Corporation will begin drilling operations immediately on its No. 4 L. S. Senthall at the east edge of the North Snyder field of Scurry County.

Drillite will be 467 feet from south and west lines of the northwest quarter of section 2, block 1, J. P. Smith survey. The venture is projected to 7,600 feet with rotary, seven miles north of Snyder.

Operator will attempt to dually complete the project.

Chapman & McFarlin has staked its No. 20 D. M. Cogdell for immediate drilling at the north edge of the Cogdell field of Southwest Kent County.

Location will be 2,052.0 feet from north and 1,850.6 feet from west lines of section 716, block 97, H&TC survey.

Drillite will be 22 miles north-east of Snyder.

C-E Midland Field Gets New Project

John Rosenthal has scheduled an 8,000-foot project for immediate drilling in the Tex-Harvey pool of Central-East Midland County, 15 miles southeast of the city of Midland.

It will be the No. 1-10 B. W. Floyd estate, 660 feet from north and 668.7 feet from west lines of section 10, block 37, T-3-N, T&P survey.

Shallow Test Staked In West Tom Green

E. Sidney Hughes has staked a 2,000-foot wildcat in extreme West Tom Green County for drilling in the near future.

It is his No. 1 Boy's ranch, 1,550 feet from south and 563 feet from east lines of the German Immigration Company survey 1663.

Drillite is 330 feet west of the east line of Boy's Ranch, 1,850 feet north of Spring Creek and one-half mile southeast of Tankerville.

For the exploration, the Ohio Oil Company farmed out to Hughes a 147.66-acre tract out of a large block which includes all of Boy's Ranch, retaining a one-sixteenth override.

Boy's Ranch owned three-quarters of the minerals under its 962.5-acre holding, Sam S. Kistler, San Angelo realtor, retaining a quarter when he sold the land for \$75,000.

Extradition Ordered For Two Oklahomans

OKLAHOMA CITY —(P)—An extradition hearing against State Senator Orval Grim of Cheyenne was postponed Thursday until August 30 because his principal attorney, State Rep. Joe Smalley, Norman, could not be present.

Grim is charged with forgery in a Lipscomb County, Texas, estate case.

Two other Oklahomans charged along with Grim, L. L. Padgett and L. B. Thomas of Ellis County, were ordered extradited.

HOOPER CELEBRATES

NEW YORK —(P)—Former President Herbert Hoover celebrated his seventy-sixth birthday Thursday at the home of friends in the country.

India-Pakistan Pact Hits At Singapore

KHARTOUM, ANGLO — EGYPTIAN SUDAN —(P)—Natives finally have speared to death "Asad the Assassin," a man-eating lion which killed seven humans but ran away when an angry housewife pulled his tail.

Three persons mauled by the lion are in serious condition at Sources Yubu Hospital.

For weeks the killer had been stalking the Zande Country of Equatorial Province, South Sudan.

He got his name from the Arabic word for lion—"asad."

The villagers finally tracked the lion down and killed him with spears. Examination of the body showed he was very large, old and like most man-eaters, had teeth missing which caused him to turn to easily killed human prey.

Acorns long were used in England as a valuable food for fattening hogs.

Fast Action Saves Life Of Child, Six

OAKLAND, CALIF. —(P)—William Ward, six, fell into an Oakland estuary canal and was sucked into a culvert.

K. J. Sadamora, who saw him, raced 100 feet to the other end of the huge pipe, dove into the water and held William until police pulled out both.

The boy was revived by artificial respiration.

TWO SAN ANGELO CITY COMMISSIONERS RESIGN

SAN ANGELO —(P)—Two city commissioners, M. L. Leddy and Perry Maxwell, resigned Wednesday night.

The commission called a special election for September 23, and the two will remain in office until their successors are named.

RED TARGET—Shown here is a view of the harbor at Pusan, South Korea, which is the object of the North Korean Communist all-out offensive. Since it is the main port of entry for both personnel and supplies, Pusan is of tremendous importance to the American and Allied forces now fighting to maintain a foothold in Korea.

Waco Man Held On Suspicion Of Murder

WACO —(P)—A Waco man was being held Thursday on suspicion of murder in the death of Rudolph W. Klint, 51, of Waco, whose body was found in the Bosque River Wednesday.

Sheriff C. C. Maxey said he definitely had established that Klint was slain Saturday night and his body tossed into the river four miles west of Waco.

No charges had been filed. Maxey said the suspect had made an oral statement.

Lie, UN secretary general, took the initiative, he replied that this had not been put to him yet and would comment when and if it is.

Turning again to anti-inflation controls, the President said existing government agencies could handle the administrative job efficiently. When asked whether that meant another OPA is unlikely, he said: You can take it that way if you like.

Truman said he is in constant touch with John R. Steelman, his assistant, who is trying to avert a threatened railroad strike. But he had no comment on demands by the conductors and trainmen's unions for a 40-hour work week with no loss in take home pay.

He also had no comment on what a reporter termed the "apparent defeat" of Senator Glen Taylor in the Idaho primary.

He confined his reaction to the Senate's rejection of four of his nominations Wednesday to a statement that Senate courtesy still rules.

CRANE—E. D. Lasswell received
emergency treatment at the Crane
County Hospital following an auto-
mobile accident. He remains hospi-
talized for observation and treat-
ment. The vehicle was badly dam-
aged when it struck a highway
sign and overturned.

Mr. and Mrs. A. J. Blanton and
children, Wayne and Gayle, will
leave this week for Waelder, where
he will operate a theatre. Blanton
formerly managed the old Palace
Theatre in Crane and has been em-
ployed by the Southern Union Gas
Company. He is secretary of the
Masonic Lodge and an active mem-
ber of the Lions Club.

Mr. and Mrs. O. R. Tinney of
Wichita Falls are visiting in the
home of Mr. and Mrs. Cecil Vir-
dell, having evacuated their home
in Wichita Falls because of high
water remaining from the recent
flash-flood on Holiday Creek. Mrs.
Tinney and Mrs. Virdell are sisters.

Sgt. and Mrs. Lee Florence have
moved to their new home in San
Antonio, where he is stationed. C. J.
LeClaire, the father of Mrs. Flo-
rence, drove the couple to San An-
tonio.

Mr. and Mrs. J. B. Wetsel and
children, Lynn and Jimmie, of Abi-
lene recently visited in the home of
Mr. and Mrs. T. L. Wetsel in the
Gulf Pipeline Company Camp.

DADDY RINGTAIL

By WESLEY DAVIS

Daddy Ringtail And Do Not Pick Flowers

Uncle Bunkum, who lives at the zoo, once went for a walk in the city. Soon he found himself in a park. The park was a beautiful thing to see. There were great trees, and a little lake where ducks were

swimming. Most wonderful of all, beautiful flowers were everywhere. They were happy things to see, ex-

cept there were signs around and about everywhere. The signs said: "DO NOT PICK THE FLOWERS."

The flowers were for people to see, you see. Nobody was supposed to pick the flowers, because then there wouldn't have been any flowers for the other people to see. But

how, oh how Uncle Bunkum was wanting some flowers.

He was going to pick some of them, and take them back to his cage, but every time he started to do it, a policeman said: "Ah-ah-ah! Mustn't do it!"

Licemen really are friendly fellows, but a policeman's business is to see that people behave themselves. And so Uncle Bunkum was afraid to pick the flowers that he shouldn't pick.

He waited. He waited until he thought the policeman had gone. Yes, the policeman had walked away, Uncle Bunkum let his fingers begin a finger-walk along the ground until they were holding a flower that grew. Uncle Bunkum was going to pick it, but the policeman stuck his head from around a tree for a little surprise. "Ah-ah-ah!" said the policeman. "Mustn't do it!"

And every time Uncle Bunkum decided that he was alone at last—every time his fingers began the

finger-walk toward a flower to pull it—again the policeman would pop from behind a tree with an "Ah-ah-ah!"

At last Uncle Bunkum knew that the policeman—friendly fellow—was going to see to the business that no one did what the signs were saying should not be done. When Uncle Bunkum saw that he wasn't ever, ever, ever going to get to pick the flowers, he decided he'd better be happy about it. He decided he'd better do what the signs said, and leave the flowers to grow for other people to see. He did leave them alone, and he was happy to do it.

People may as well be happy, you know, with doing the things they have to do. Why not? Happy day!

IT'S A FACT AND WE CAN PROVE IT.

A LION'S SHARE IS NOT THE GREATER PORTION!

Proof of this "It's A Fact" Next Sunday.

GEORGE WASHINGTON WAS NOT THE FIRST PRESIDENT OF THE UNITED STATES

The first President of the U.S.A. was John Hanson, of Maryland, who was elected Nov. 3, 1789 to the office of the first Congress of the Confederation. Although he was the 9th president of the Congress he was the first to whom the above was applied. Famous First Facts.

Youth Center Chatter

By Joyce Howell and June Halp

We greet you today with this cheerful (?) bit of news. In just three more days the seniors will be registering for their courses for this coming school year.

Seems as though it is getting to be "Ladies Night" every night on the Youth Center porch. Except for a few stray boys, the porch and the grass are occupied by the gals, who appear to be catching up on the gossip.

Nancy Warren is a little lady who has really been seeing the world lately! She has been to Alaska, Canada, and now is in Washington. We'd like to tell you a lot more about her unusual trip and we hope to do so as soon as we are able to find out all the details. Nancy is traveling with her parents, Mr. and Mrs. J. E. Warren.

Last week we told you about the lovely vacation trip Emily Hamilton was taking; but, we didn't mention just what spot would be her destination. Emily, Earl Powell and Earl's parents left New Orleans to go to Guatemala. The group stopped for an overnight stay in Havana, and then continued on to Guatemala.

Nice Vacations
While we are on the subject of nice vacations we would like to mention the trip the L. R. Burnside and the Al Boring's took this last week to Ruidoso, N. M. The two families rented a cabin and enjoyed a wonderful vacation. Mr. and Mrs. Burnside and their three daughters, Diane, Larry Ann, and Wanda, returned to Midland after staying there for five days. Mr. and Mrs. Boring, their daughter, Ann, and Bill Burnside stayed for a few more days. The entire trip sounded so nice that we wanted to pack our things and leave.

Have you missed Jean Waddell and Barbara Ware this last week? The girls really have been having a good time and have learned a lot. They have been in Brady attending twirling school there. Jean and Barbara are the MHS Drill Squad Majorettes and now they really are qualified to "show off" during the football season. Norma Kniffen, former national twirling champion now with the Hardin-Simmons University Band, directed the school.

As usual, we have had quite a number of visitors around the center this last week. Shiria and Phyllis Lovelady were introduced to us by Anna Bess Doyle, whom they are visiting. The girls are from Lincoln, Kan. Shiria is a Sophomore and Phyllis is proud to be a senior in high school.

Margy Crammer was in the center Friday night and brought a visitor, too. Ben Van Tuyl from San Antonio was his guest. He is actually visiting Bill Simpson. Ben, who will call Princeton "home" in September, was only in our city for two short days. We hope he'll come back sometime when he can stay longer.

Junior-Size Miracle
Once again we witnessed a junior-sized miracle. A few of the boys actually were allowing a mere girl to use "their" pool table. It seems as though all the boys have taken out an option on the table and it is very seldom that a girl is allowed to play—and when they do get to play, it is only for a short time. The lucky girl this time was Gail Baker and she certainly seemed to be enjoying the game. Gail, Jo Dean Downing, and Jean Ferguson had the table to themselves for a brief time last week and they really got quite a kick out of being allowed to play without having someone shout instructions at them all the time.

Another visitor at our center this last week was "Scrippsy" Cluck. Scrippsy is visiting here in Midland from Cisco. We thought her name was quite unusual and so we asked her about it. Mona Lee is Scrippsy's real name and Scrippsy is just a name she "picked up." When Scrippsy was born, the nation was in the midst of the depression. Her father, who was principal of the school in Cisco at the time, was being paid in school "script" instead of regular printed money. The doctors were paid with this script and as a joke, her father called Mona Lee, "Scrippsy." He didn't dream that the name would stick; however, she still goes by the name. Quite an unusual way to be named, isn't it?

We have decided that one of the nicest jobs this Summer is the one Joe Dorsey, Bobby Jenkins and Don Leaton have. These boys work at Elder Chevrolet and park cars. Bet they have driven more new cars this last Summer than they will drive during the rest of their lives.

Gift At Home
Giffert Alström now is home from the hospital. His broken leg still is in a cast. Gift will be "grounded" for several more weeks and all visitors are very welcome.

Congratulations go to the swimming team. Midland took top honors at the swimming meet held at the VFW Pool this last Saturday. There were several entering and nearly everyone placed. We certainly are proud of you all.

Last Minute Flash!!! We have met two more new visitors to Midland

and the Youth Center! Marijann Forrest introduced us to Jane Kilian of Arlington, Texas. Jane is visiting Mrs. M. D. Johnson, Sr. Our other visitor hails from San Angelo. He is Benny Walker and is visiting Jimmy Lock. Benny left Monday night to take Jimmy back to San Angelo which is Jimmy's old "hunting ground."

While wandering down the street last week in Weatherford (really get around, don't we?) we ran into Leon Cline. Leon was hitchhiking back to Midland. A small world we live in, isn't it?

Where did Pessy Simmons get her new blue Ford convertible? She and Dianne Anderson wouldn't tell us, but, it certainly is pretty.

Dan Dickerson, Leon Cline, Bill Little, Roy Douglas, Bill Mims, Lew Grounds, Bill Erskine, and John Ed Green were enjoying themselves doing acrobatics on the lawn of the center a few afternoons ago. Perhaps they are going to try out for places in the Ringling Brothers Circus and are getting a little practice.

While wandering here and yon at the wiener roast and informal dance Monday night we overheard Shirley Harrison, Gloria Anguish and Wilma Lake talking about red-headed monkeys and boys. Quite a combination.

Dan The Baker
Congratulations go to Dan Dickerson. He now has entered the bakery business. Nothing fancy, just a table top for a tray to hold buns on, but we're certain the people at the wiener roast approved of his ambition, as they didn't have to walk inside the center for their buns.

Max Shaffer had a large group of teenagers gathered around the pool table to watch his playing. The boys enjoyed the expert handling of the cue stick. The girls found Wayne Richardson more interesting. He has P. A. "Pipe Appeal," you know. He was smoking the smallest pipe we've ever seen and appeared to enjoy it quite thoroughly.

Friday night we will lose one of our most faithful members. (Sounds like the beginning of an obituary.) Gail Baker will leave on the 9:32 p.m. train to spend the first semester of her junior year in high school with her grandmother, Mrs. W. L. Ralston. She has informed us that she will arrive home on January 30—she isn't certain about the exact time. Gail will call Blackwell, Okla., her home for the next four months and we certainly hope she enjoys it. She has visited there several times before and therefore knows several of the teenagers in Blackwell. She's all prepared for the cold—and they do have cold winters there. We know she will really miss the nice sandy sandstorms of Midland and we just bet she will want to come home before January. Her mailing address will be General Delivery, Blackwell, Okla. Hope you have a nice time, Gail!

Bill Spence is another boy we expect to see going into the fashion business soon. Bill has—or rather, had—a very pretty red polka-dotted shirt. The white dots were rather uninteresting in Bill's opinion, so he colored four of them blue with ink! When the shirt was cleaned the blue dots remained blue, and now he has an entirely new and different type shirt—red, with white polka-dots, and four big blue dots right in front!

That's about all the news for this week, so bye now.

Hostess Holds Child As Couple Dances To 'Anniversary Waltz'

PHILADELPHIA—(AP)—The young couple entered a Philadelphia night club with their three-year-old child.

The little group drew curious stares from other patrons. Finally, hostess Bobby Drake stopped at the couple's table and asked if they were sure they had come to the right place.

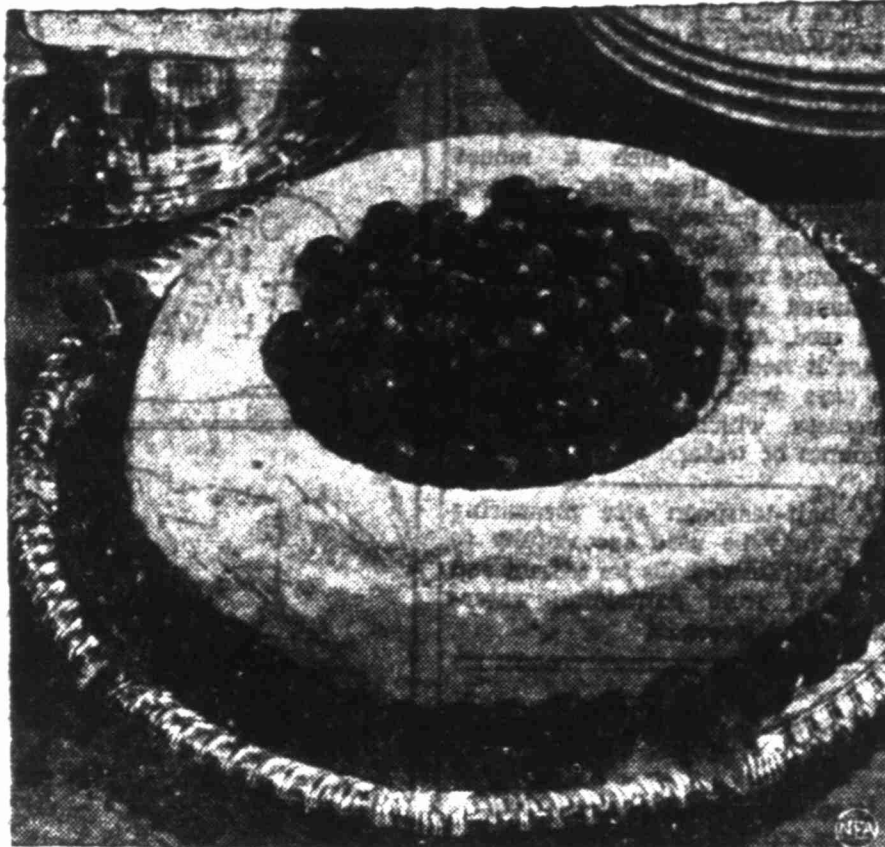

"Well," said the young man, "it's our wedding anniversary and we couldn't get a baby sitter. But we wanted to celebrate for an hour or so anyway."

And then, while the hostess acted as "baby sitter," they danced to the strains of the "Anniversary Waltz."

Combine Blueberries, Avocado

BLUEBERRIES AND AVOCADO are a combination that will bring joy to the hearts of hot-weather diners.

By GAYNOR MADDOX
NEA Staff Writer

Cultivated blueberries are a joy in themselves. In muffins and girdle cakes they rate big, too. But here's a combination to get even more excited about.

Blueberry Avocado Ring Mold (Makes 8 to 10 Servings)
One envelope unflavored gelatin,

1/2 cup cold water, 3/4 cup boiling water, 1 teaspoon sugar, 2 tablespoons lemon juice (divided), 1 cup mashed avocado (1 large), 1/2 cup sour cream, 1/2 cup mayonnaise, 1 teaspoon salt, 1/8 teaspoon pepper, 1 pint box cultivated blueberries. Soften gelatin in cold water. Dissolve in the hot water. Add sugar and 1 tablespoon lemon juice. Chill

until consistency of unbeaten egg whites.

Mash avocado with remaining tablespoon lemon juice, sour cream, mayonnaise and seasonings. Combine with gelatin mixture. Turn into a 4-cup ring mold. Chill.

When firm, unmold on salad greens. Place the washed and drained cultivated blueberries in center. Decorate with mayonnaise.

Parity Cheese Pie

Graham cracker crust: 16 graham crackers, finely rolled (11/3 cups crumbs), 1/4 cup softened butter or fortified margarine, 1/4 cup sugar.

Blend together graham cracker crumbs, softened butter or margarine and sugar. Pour crumb mixture into 9-inch pie plate; press firmly into an even layer against bottom and sides of plate.

Cheese filling: Two eggs, 1 pound cream cheese, 1/2 teaspoon vanilla, 1/2 cup sugar. Beat eggs in electric mixer at low speed, adding cheese, vanilla and sugar. Pour into graham cracker crust. Bake in moderately hot oven (375 degrees F.) 20 minutes. Sprinkle with cinnamon; cool.

Topping: One-half pint sour cream, 2 tablespoons sugar, 1/2 teaspoon vanilla. Using electric mixer, beat sour cream, sugar and vanilla at low speed. Spread on top of pie. Bake in moderately hot oven (375 degrees F.) 5 minutes. Cool; chill thoroughly in refrigerator before serving. Garnish with cranberry sauce or jelly cutouts, if desired.

Excavation Reveals Pre-Christian City

NEW DELHI —(AP)—An ancient town believed to have flourished centuries before the Christian era has been discovered in excavations conducted by the government of India. Archaeological Department 15 miles from New Delhi. The excavation was made on a mound covering half a square mile that rises from the plain near the village of Tilpat, south of the capital.

B. B. Lal, superintendent of the project, describes the discovery as one of the most important ever made in Indian archaeological explorations. Several large ancient buildings have been discovered in the probing excavations and more archaeological wealth is expected to be found below the sub-soil water level.

More than 58,000,000 acres of land are under cultivation in Canada.

Boat Picks Up Few Babies Along Way

PORT SAID —(AP)—The Royal Mail liner Atlantis left Java with 380 babies aboard—and arrived at Port Said with 400. Explanation: 211 of the passengers were expectant mothers.

The ship was under charter to the Dutch government to repatriate Dutch citizens from Indonesia. Instead of traditional shipboard sports, classes in child care were the most popular activity aboard.

Bolt Fells Cows, Farmer Is Injured

AMARILLO —(AP)—The Amarillo News-Globe told this story of a farmer west of Dalhart, his cows and an electrical storm. William Foster, the rancher, was milking one of four cows lined up in his barn. Came a blinding bolt. Cow No. 1, farthest away from Foster, looked as startled as a cow can look and then keeled gently over. Cow No. 2 also capsized, followed by No. 3. That left cow No. 4 which Foster was milking. Before Foster could get out of the way, No. 4 "buckled amidships" and fell over in his lap. He is recovering from a broken leg. The cows are all up and around doing nicely.

Performers Share Stage With Audience

CHICAGO —(AP)—The Tenthouse, a theater out on the north shore, has a low, circular stage. Members of the audience sometimes cut across the stage as they walk about during intermissions.

When the lights went up for the second act one night, a woman who had lost her bearings was standing in the spot where the heroine was supposed to be. Actor Barney Hughes directed her to her seat and the play was resumed.

TV SET IS SHOT

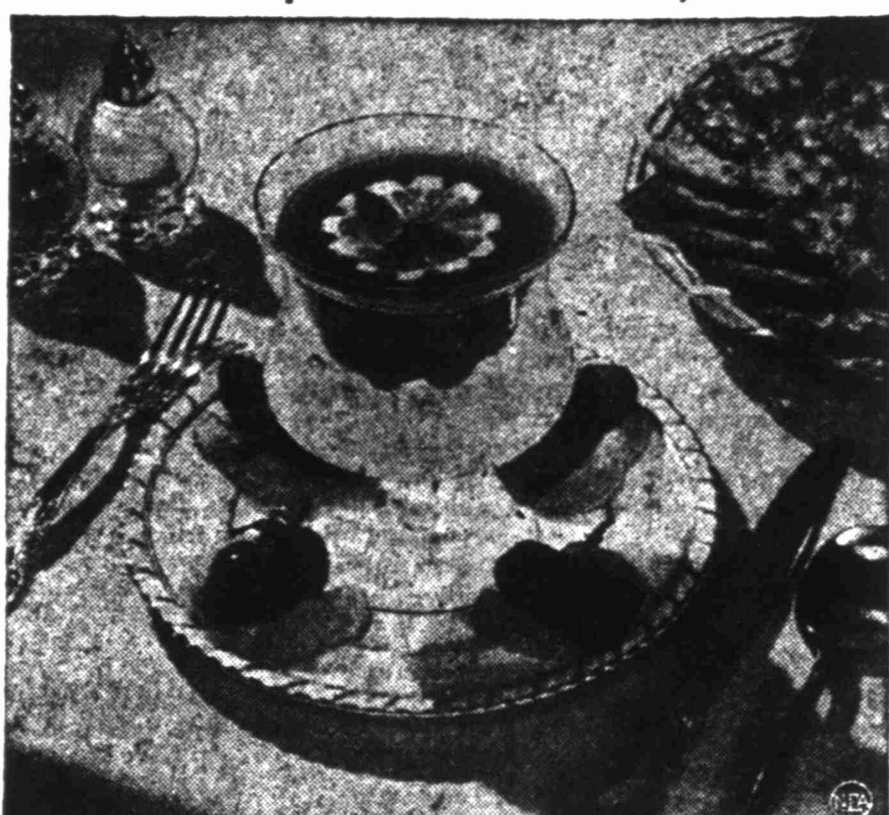

CHICAGO —(AP)—Two robbers picked up a television set in Donald De Prain's store. They toted it out the door, put it on the running board of their car and drove away. De Prain snatched up a gun, ran out and fired a series of shots. He didn't hit the robbers but the last two bullets plunked into the TV set.

Fruit Soups Can Be Hot Day Treat

ICED FRUIT SOUPS are easily prepared, and ideal for hot weather.

BY GAYNOR MADDOX

NEA Staff Writer
The beautiful rose-colored fruit soups so well known to our Michigan Dutch housewives and our cooks of Scandinavian ancestry are ideal for "dog days." You can use red currants, or berries (red or black raspberries, huckleberries and blackberries), apples and oranges or even plums. Season subtly with cinnamon, cloves and allspice. Garnish with slices of fresh fruit and serve cold.

Chilled Orange Soup

(Serves 4)
One and one-half cups orange juice (seeds removed but not strained), 1/3 cup sugar, 2 tablespoons lemon or lime juice, 10 whole cloves, pinch of salt, 2 tablespoons maraschino cherry juice, 1 1/2 teaspoons quick-cooking tapioca.

Simmer juices, sugar, cloves and salt for 5 minutes. Remove cloves. Add tapioca and bring to full rolling boil. Cool and chill, stirring 2 or 3 times. Serve in soup cups garnished with slice of orange, a maraschino cherry and a sprig of mint.

Chilled Apple Soup

(Serves 6-7)
Three cups diced tart red apples, skins and all, 2 cups water 2 1/2-inch sticks cinnamon, 8 whole cloves, pinch of salt, 2 1/2 cup sugar, 2 tablespoons lemon juice, 1 1/2 teaspoons grated lemon rind, 2 teaspoons quick-cooking tapioca. Mix all ingredients except tapioca. Simmer 15 minutes. Mash apples with spoon or potato masher after 10 minutes. Press through sieve. Add tapioca and bring to full rolling boil. Cool and chill. Serve garnished with sprinkle of nutmeg.

Chilled Grape Soup

(Serves 6)
Four cups purple grapes, crushed (or 3 cups bottled grape juice, no water), 1/2 cup water, 2 tablespoons lemon juice, 3/4 cup orange juice, 1 1/8 teaspoon salt, 3/4 cup sugar, 1 1/2-inch stick cinnamon, 1 teaspoon grated lemon rind, 1 tablespoon quick-cooking tapioca. Cook gently all ingredients, except tapioca, for 15 minutes. Put through fine sieve, add tapioca and bring to full rolling boil. Cool and chill. Garnish with slices of lemon or orange, if desired.

A table that is kept waxed will not be damaged by spilled food or beverages.

Rare Clocks Are Man's Specialty

GLENDAL, CALIF. —(AP)—F. Greenwood is a clock maker and collector who has several rare models including:

A cuckoo clock from which pops a quail every 15 minutes and a cuckoo every hour. A clock which is its own pendulum and wags back and forth with each tick. A Japanese clock in a gilded cage, equipped with a canary which tries to escape every hour. A 1731 English model which has 14 bells and 28 hammers and can play six different tunes. A clock with a built-in thermometer and barometer.

Donkey Wages Are Highest In Indore

INDORE, INDIA —(AP)—The highest paid laborers at the Chambal Hydroelectric project in Madhya Bharat State are the donkeys.

The government hires them at the rate of two rupees (42 cents) a day to carry stones to the construction site. Men get one and one-half rupees and women one rupee a day.

The Navajos are the largest Indian tribe in the U. S. today, says the National Geographic Society.

Mouse Grows Old With No Water

BERKELEY, CALIF. —(AP)—A pocket mouse which never drank water or other liquid has died here at the age of six years. That is a fabulous age for such a mouse which usually lives only about a year in its natural desert home.

Dr. Seth B. Johnson, who caught the mouse near San Diego, says it consumed only small amounts of bird seed. Apparently it got all the water it needed from the dry seed. He says desert animals have body processes which use very small amounts of water.

A half-teaspoon size measuring spoon may be used successfully to make attractive balls for a fruit cup or salad from cantaloup, watermelon and avocado.
