CANADIAN BAPTIST MEETING

MONTHLY ANNUAL SESSION MEETS IN PERRYTON TUESDAY AND WEDNESDAY

Visitors registered during the eighteenth annual session of the Canadian Baptist association held in Perryton on Tuesday and Wednesday of this week. The session was held at the local church at which time all of the fifteen churches that comprise the district. The session opened at 3:00 o'clock on Tuesday afternoon at which time W. H. Sewell, Follett, was moderator and E. M. Jordan, Miami, was elected clerk. C. L. Shelby, Perryton, was elected secretary. C. L. Shelby, Perryton, was elected secretary. C. L. Shelby, Perryton, was elected secretary.

After the afternoon, the women's session was held at which time I. Gregory, Miami, was chairman for the following meeting came to a close Tuesday evening at which time the session of the reports were given.

The following is a list of the delegates to the Canadian Baptist association: Booker, Follett, Gem, Gageby, Higgins, Huntton, Miami, Pampa, Perryton, Salem, and Zybach.

NEED COTTON PICKERS IN CANADIAN COUNTRY

Cotton pickers are needed immediately at Canadian and within a radius of twenty to thirty miles, so writes H. V. DeArmond, manager of the Canadian Chamber of Commerce. Fifty cents per hundred is the average price being paid and forty to fifty families, preferably white, can be taken care of and given work now. The Chamber of Commerce at Canadian has established a temporary employment office for the benefit of cotton farmers and persons seeking such employment.

OPEN TRADERS GROCERY SAT.

NEW STORE GOING INTO OLD PEOPLES' SUPPLY BLDG. AT CORNER SECOND AND MAIN

W. H. Jordan, a former resident of old Ochiltree, is the manager of the new Traders Grocery and Market which is moving into the old Peoples' Supply building at the corner of Second and Main. Mr. Jordan announces the formal opening of his store for Saturday, October 4.

The Traders Grocery is a strictly independent and home owned store. In addition to handling a complete line of groceries and meats, the store is installing and will have in operation in the near future, a cream testing station and will buy cream, poultry and eggs.

Mr. Jordan is moving with his family from Liberal, Kans., where he has been making his home for some time. Mr. Jordan lived at Ochiltree from 1907 to 1917, finishing school there.

In moving to Perryton Mr. Jordan says, "I feel like I'm coming back home. Of course I am well acquainted with many of the old timers around here and am anxious to meet them and renew acquaintances in Texas as well as meet all of the rest of the folks around Perryton."

A special announcement regarding the opening of the Traders Grocery and Market will be found on another page of this issue of the Herald.

Return On Circuit Hazel Hurd Players Return With Popular Company, Showing At American

The Hazel Hurd Players, Perryton's favorite theatrical company, will return to their old circuit for the winter, playing at the American Theatre in Perryton Tuesday night, October 7th, with their opening play, "The Millionaire's Daughter".

FACTORY MOVES FROM AMARILLO

U. S. WATER SOFTENER CORPORATION MOVING FACTORY AND GENERAL OFFICE TO PERRYTON

W. W. McLarty, general manager of the U. S. Water Softener Corporation of Amarillo, informs the Herald that they are making preparations for the moving of their factory and general offices from Amarillo to Perryton at once. This company manufactures a water softener which is meeting with a large sale on the market throughout the southwest.

The following men own the company: W. W. McLarty, H. Holde, J. H. Lovett, G. T. McLarty, C. E. McLarty, J. B. Cartwright, all of Perryton, and E. H. Barber of Dalhart. A deal has recently been made whereby the following Perryton business men are purchasing a large block of the concern's stock: Geo. M. Perry, F. P. Rogers, Jno. N. Stump, M. R. Coffee and L. L. Lance.

The building just north of Howard Holt's shop has been leased for the factory and arrangements are now being made for the installation of machinery and other equipment. Mr. McLarty says that at the present time, only five people will be located here in Perryton, but that means five families, or an increase of at least twenty-five people to the town. It all helps.

LEOPOLD AT C. OF C. BANQUET

UNITED STATES CHAMBER OF COMMERCE EXECUTIVE IS ELOQUENT IN PRAISE OF BETTER TIMES

Joseph F. Leopold, southwestern manager of the United States Chamber of Commerce with headquarters at Dallas, Texas, was in Perryton last Thursday. At noon, he was the guest of honor at a luncheon of the directors of the Chamber of Commerce and in the evening he was the principal speaker at a membership banquet of the Chamber of Commerce.

The banquet which was so ably served by Miss Hutchinson and her pupils in the Perryton high school home economics department, was presided over by B. B. Kent, president of the Chamber of Commerce. Approximately one hundred members and their ladies were present. Several musical numbers were given by Mrs. Jas. W. Wilson, piano; Miss Virginia Peden, violin; and R. R. Willmann, xylophone. This trio of accomplished artists, all members of the Perryton school faculty, have more than a local reputation as entertainers. They are the "high spot" on any program where they appear. They represented Perryton on the broadcast from Amarillo last Saturday afternoon. Miss Peden, who is voice and expression teacher in the Perryton schools, also gave a reading, which was much enjoyed.

After the introduction of out-of-town guests, Toastmaster Kent in a few well chosen words introduced Mr. Leopold, the speaker of the evening. Leopold, who is a man of large and varied experience, being a lawyer and newspaper man by profession, gave a very interesting address. He stressed the fact that somewhere in this area bounded at the present by the cities of Wichita, Oklahoma City, Amarillo and Denver, there is going to develop another city, and he went further and said that Perryton was logically located at the present time, it is located, that at the present time, it is located, that at the present time, it is located.

Mr. Leopold said that it was his observation and opinion that the business conditions were on the "up" and he called attention to the fact that the October issue of Nation's Business, which is published by the United States Chamber of Commerce, showed the entire North Panhandle in the white, or good business area. White spots are said to be scarce on the business map, Texas being the only state to have two, the Panhandle and Lower Rio Grande Valley.

Give Postal Exam

Applications For Postmaster At Gruver and Two Other Points In Texas

Applications will be received by the United States Civil Service commission until October 24, for the position of postmaster at Gruver, Dime Box and Santa Rosa, Texas, as well as twenty-eight other points in twenty states. All of the offices are third class offices.

Examinations for the applicants will be held at some time after that date, Perryton being one of the points where the examination will be given. Other Texas points where the examination will be given are Giddings and Harlingen.

EXHIBIT PLACES FOURTH AT FAIR

OCHILTREE COUNTY EXHIBIT IS FOURTH AT LUBBOCK FAIR; ROGERS HOGS AND BIRDS WIN

The Ochiltree county exhibit of agricultural products, which won sixth place at Amarillo is being exhibited at the South Plains Fair at Lubbock this week. A wire received from E. W. Rogers, Pampa, who is in charge, stating that the exhibit had been awarded fourth place in a field of fifteen entries. County Agent Sheets and T. D. Moss, secretary of the Perryton Chamber of Commerce, who prepared and assembled the exhibit, returned to Perryton Tuesday after taking the display to Lubbock and putting it in place.

The exhibit will be dismantled Saturday night and rushed to Guymon, Oklahoma, for the Panhandle District Fair on October 7-9-10. However, at Guymon, it will not be entered in competition for our exhibit was prepared for showing at Texas fairs, which have a different method of point scoring than that used at Guymon.

"Bob" Rogers, son of E. W. Rogers of Pampa, is showing a big bunch of Duroc-Jersey hogs at Lubbock. At the Tri-State at Amarillo the Rogers herd was right up a total of over \$125.00 in prize money. Mr. Rogers advises us that the herd did better at Lubbock than at Amarillo, and that the chickens entered by Mrs. Margaret Rogers made a clean sweep, both in club and open competition.

CONTRACT LET FOR CULVERT WORK

C. R. FRENCH, LOCAL CONTRACTOR, GETS JOB: WORK TO START IN WEEK

At the regular meeting of the county commissioners court, Tuesday, bids were received for the building of the nine bridges and culverts on Highway 117, preparatory to putting up the grade for paving.

C. R. French, local contractor, was successful in the bidding, getting the job at a bid of \$1,353.31. Five of the culverts were bid in at \$168.83 each and four at \$127.79 each.

Work on the culverts is to start within the next week and as soon as they are completed, the actual work of putting up the new grade will begin.

Forty et Eight Elects

H. I. Hudson Chosen as Chief de Gare of Ex-Servicemen's Social Organization

H. I. Hudson, head of the accounting department of the Perryton Equity, was elected as Chief de Gare, the presiding officer of the Perryton Voltaire of the Forty et Eight, an organization of veterans of the World War, at the meeting held Tuesday evening.

Other officers are: Horace Lackey, chief de train; Ralph Pugh, correspondent; C. B. Rogers, commissaire; Fred Battle, medic; J. W. Herrell, commis voyageur; Roy Hogland, gardes des prisonniers; Lee R. Sheffield, conducteur; Van W. Stewart, chairman of So Long League; Ray Thomas, Jack Lusher and Roy B. Orrill, cheminots.

REAGAN MEMORIAL FUND STARTED IN PERRYTON

That a fitting memorial or monument of J. C. "Top" Reagan, member of the Perryton volunteer fire department, who last week gave his life in line of duty for his city, should be erected is the consensus of opinion of citizens to whom we have talked in the few days since the life of this popular young man was snuffed out.

We have been authorized by J. H. Shearer, owner of the Shearer Produce Co., to let his name head the list with a subscription of \$50.00. Dr. J. C. May on last Friday, turned to the Herald a \$25.00 check for the Reagan Memorial Fund. The Stewart Printing Co. will give \$25.00. It is not known just what the cost of a suitable memorial will be, but regardless of cost, the monument should be erected to the first man, who gave his life in line of duty for the City of Perryton.

We suggest that a memorial committee be appointed to carry on this work and that the members of this committee be chosen as follows: One each from the fire department, the city council, Chamber of Commerce, American Legion and Masonic lodge, with G. R. Wilson as chairman. We feel that the building of this monument is a duty that every citizen of this community should not shirk and we are urging and pleading that you, either as business firms or individuals, send or bring your check or subscription to the Herald office.

Subscriptions, whether they be large or small, will be acceptable. Let's make it a community wide memorial, one that all will have a part in, and not just the business men of Perryton. A minimum of not less than one thousand dollars should be raised without personal solicitation for such a worthy purpose.

FIRE PROTECTION WEEK NEXT

NATIONAL FIRE PROTECTION WEEK OCTOBER 5 TO 11. PROCLAMATION BY MAYOR FORBES

Next week, October 5-11, has been designated by President Hoover in an official proclamation as National Fire Protection week. There is dire need for a strict observance of this week, and of every other week in the year, for losses from fire in the United States during 1929, reached the stupendous total of \$470,000,000. Thousands of lives were lost and many received permanent injuries.

Too much care cannot be taken in the prevention of fires and especially in the homes. In 1929, 65 per cent of all deaths from fire were in private homes. Chamber of Commerce officials, school authorities, state, county and city officials throughout the nation are uniting in observance of this week.

Mayor C. E. Forbes of Perryton has issued the following proclamation asking that citizens of Perryton unite in removing and correcting all possible fire hazards, and taking every possible precaution for the prevention of same:

"Whereas the United States leads the world in the amount of annual waste through fire loss, and this amount increases each year and this amount each year thousands of lives are lost by fire.

"Therefore, I, C. E. Forbes, Mayor of the City of Perryton, do hereby invite the active cooperation of everyone in the prevention of fire waste. Let every citizen be more careful with matches and smoking; inspect all chimneys and flues; put all furnaces and stoves in best of repair; use every precaution with gas and gas stoves; see that your electrical wiring is in condition and that you do not operate any defective or faulty electrical appliances; and do not be careless in the use of petroleum or any of its products."

PROGRAM BY BAND, SCHOOL AND OTHERS WILL BE BROADCASTED

COUNTY AGRICULTURAL EXHIBIT ON DISPLAY; PLAN TO MAKE BIG GOOD WILL TRIP; AT LEAST FIFTY CARS EXPECTED TO GO

Thursday, October 9, has been set aside as Perryton Day at the Guymon fair, and a gigantic good will motorcade from Perryton to Guymon is planned for that day. Fred W. Hood, manager of the Panhandle Lumber Co., has been named by the Chamber of Commerce as the general manager of the trip and the program for the day. Not less than fifty cars and many more are expected to be in the procession which will leave here at nine o'clock next Thursday.

A tentative program has been worked out by Mr. Hood and his assistants. Perryton will go on the air with a program which will be carried by loud speakers to all parts of the fair grounds, hours 1:30 to 2:30 in the afternoon. Details are being worked out with L. O. Byerly, director of the Perryton band, for them to make the trip. Supt. W. B. Irvin has promised the cooperation of the school in the program. That stellar attraction, the faculty trio, composed of Mrs. Wilson, Miss Peden and Mr. Willman, will take part. Five Brothers, now holding the meeting at the Christian church, are real entertainers, and they have promised to do their bit.

RANGERS PLAY LAVERNE NEXT

TEAM BADLY CRIPPLED FOR GAME HERE THIS FRIDAY; SEVERAL MEN OUT

It will be a weak and crippled Ranger team that will meet the Laverne squad on the local field this Friday afternoon, according to Coach E. E. Shupe, several of the players being out because of injuries received during the Gage game last week and because of sickness.

Shockey, star halfback, has been out of school this week because of sickness and it is almost certain that he will be unable to play. Mounts, tackle, has a bad shoulder and has not been suited up all week. Witt was unable to be out the first of the week, but it is thought that the Ranger's big full back will be in shape to play part of the game at least.

Tucker, the Ranger's brilliant quarterback, has a bad case of boils, as has Sanford, lineman, and both may be unable to enter the game. Murphy, center, has a bad ankle, and is in no shape to play. Several of the other players are badly bruised and crippled.

Laverne has a strong team again this season. It will be remembered that they won from the Rangers last year by a 12 to 3 score and "dope" would indicate that they might do it again, unless the Rangers' second team can hold them, as they will probably have to do during most of the game at least.

With their first conference game coming the following week, the Rangers cannot afford to take undue chances of playing men who are not in condition.

Lutheran Radio Hour

Church Has Regular Broadcasting Period Every Thursday Evening At 9:00

Beginning this evening, October 2, the Lutheran Hour will go on the air at 9:00 o'clock every Thursday over the Columbia coast-to-coast network for fifty-two consecutive weeks. The music for the opening program will be presented by the Cleveland Bach chorus. The speaker will be Walter A. Maier, Ph. D. of Concordia seminary, St. Louis, Mo.

Following is tonight's program:

1. Signature: "A Mighty Fortress"—Luther.
2. Hear My Prayer—Akhangelsky.
3. Crucifixus, from the Mass in B Minor—Bach.
4. Souls of the Righteous—Noble.
5. Beautiful Saviour—Christiansen.
6. O Wondrous Love—Bach.
7. Address: "There is a God!"
8. Signature: "A Mighty Fortress"—Luther.

Perryton Agent Leads

Ray Christopher is Leading the State in Harvester Company Insurance Contest

R. L. Christopher, local agent for the Harvester Insurance Co., is leading all the agents in Texas, in a state wide contest, a cash prize of \$1,000 going to the agent who writes the most insurance. Mr. Christopher has written \$103,500 worth of business since September 1.

This is making a real record when one takes into consideration the size of the state of Texas and the fact that there are over three hundred Harvester agents in the state.

SHELBY LEAVES LOCAL CHURCH

RESIGNS TO ANSWER CALL TO CHEROKEE, OKLA.; HAS DONE GREAT WORK HERE

Rev. C. L. Shelby, pastor of the Baptist church, tendered his resignation during the morning services last Sunday, accepting a call to the Baptist church at Cherokee, Okla. He preached his farewell sermon on Tuesday evening of this week, before members of the local church and visitors that were here attending the Canadian Baptist association. Rev. Shelby will start his work in Cherokee next Sunday morning.

Rev. Shelby has been pastor of the Baptist church in Perryton since February, 1928. During the period of two and half years he has been here he has taken one hundred, seventy members into the church. He has been instrumental in the organizing of three B. Y. P. U.'s which have an enrollment of around seventy-five members and of nearly doubling the Sunday school enrollment.

The Baptist church was \$3,500 in debt when Bro. Shelby came to Perryton, with the building of the basement and foundation of the new church. During his stay here that debt has been cleared and at present there is an endowment of but \$5,000 on the structure which is valued at \$30,000.

It is understood that no plans have been made by the local church in regards to filling the vacancy.

Rev. Shelby has done a great work in Perryton and will be missed by his hundreds of friends who all join in wishing him well in his new duties.

LEGION AND AUXILIARY MEETS ON MONDAY NIGHT

A regular meeting of Pierce Johnson American Legion post and the Auxiliary Unit will be held at Legion Hall next Monday night, starting at eight o'clock. Installation of new Auxiliary officers will be held. The new Legion officials will not be installed until Monday, October 20. All members of these organizations are urged to be present, also any visiting members or persons eligible for membership.

Rangers Swamp Gage, Okla., Tigers 33 To

GAGE GETS BUT ONE 1ST DOWN

BREAKS AGAINST RANGERS IN OPENING QUARTER; SCORES COME IN LAST THREE

The Perryton Rangers succeeded in piling up a lead of 33 points while they held their opponents, the Gage, Okla., Tigers scoreless, in last Friday's football classic, staged on Ranger field, despite a bad start in the opening quarter when a poor Ranger kickoff was followed by a fumble on receiving a Gage punt, giving the Tigers the ball on the Ranger 26 yard line.

During the game the Tigers were able to make only one first down and lost more yardage through offensive plays than they were able to gain, while the Rangers earned twenty-two first downs and gained over three hundred yards. There was only one penalty inflicted during the game, it being against Gage for off-side.

Tigers Best Passers

A slight advantage was earned by Gage in punting and in the kick-off, while they surpassed the Rangers in passing, the Rangers being unable to complete any of the seven passes attempted while the Tigers completed two of their six passes for a total of 11 yards, and intercepted two Ranger passes.

The line-up for the start of the game follows:

RANGERS	Position	TIGERS
Johnson	le	Bright
Bradford	l	Thrasher
Rupprecht	1	Brandy
Murphy	c	Mitchell
Waller	r	Fagley
Mounts	r	Maybee
Withers	r	Simpson
Tucker	q	Brown
Shockey	lh	Sidders
Grogan	rs	Sims
Witt	rs	Randolph

So many injuries, substitutions and shifts in the line-up of the Gage team were made that it was impossible to record all of them. Gage calling time out ten different times during the game.

The play by play report of the game follows:

Gage Gets Breaks Early
Tucker got a bad kickoff to start the game. Gage receiving on their own 43 yard line but were downed in their tracks. On the first play Sims punted, the Rangers fumbling and Gage recovering on the Rangers' 26 yard line. Tucker threw Sims for an 8 yard loss on a right end run. Sims failed to gain through the line. A pass, Sims to Randolph is knocked down and Sims is forced to punt. The piskin is downed by a Gage end on the Rangers 9 yard mark and the only threat the Tigers were able to make during the game was thwarted.

Grogan hits right tackle for 5 yards. Shockey follows him for 4 more and Shockey punts out of danger. Gage receiving on their 46 yard line, making no return.

Sidders hits the line for 2 yards. Sims fails to catch a bad pass from center but recovers the ball for a 21 yard loss. Sims punts to Witt who recovers the oval on his 33 yard line, making a 9 yard return.

Gage Is Penalized
Tucker races around right end for 7 yard advance and Shockey darts through right tackle for 4 more and a first down. Witt's pass is incomplete but Shockey squirms through left guard for 3 yards on the next play. Witt loses 6 yards on a long run around left end. Shockey's punt is called back and Gage is penalized for being off-side, 3 yards. Shockey punts again to the Gage 14 yard line. Sims making a 6 yard return.

Sims punt in return to Witt on his 40 yard mark. Witt getting a 5 yard return. Shockey tears around right end for a 7 yard advance while Witt rips through right tackle for 4 more and a first down. Tucker's long pass is incomplete and on the next play Tucker loses 5 yards around left end. Shockey plunges through right tackle for an 11 yard gain. Shockey punts to the Gage 9 yard line where the ball is downed by the Rangers as the quarter ends.

Score Early In Quarter
Play is resumed and Sidders hammers through left tackle for a 3 yard advance. Sidders fumbles but recovers on the next play for a 2 yard loss. Sims punts out of bounds on the Gage 29 yard line.

Tucker slips through left tackle for a 9 yard gain, and follows through right tackle for 4 more and a first down. Grogan races around right end for 7 yards. Sidders was injured on the play and Gage called time out. Gage substituted Gray for Fagley in the line.

When play is resumed, Shockey tears his way through the line for 4 yards and a first down. Witt smashes his way through the line for 4 yards and Shockey follows him for the remaining yard and the first Ranger touchdown. Tucker added a point by kicking goal.

Gage chose to kick-off. Sims booted the ball to Grogan on the 18 yard mark. Grogan being downed on the 25. Witt hammers out a 5 yard gain through the center of the line. Shockey fails to make a gain through right tackle. Shockey takes the ball and on a back-field cross passes it to Tucker who races around right end for a ten yard advance and a first down.

Rangers March Down Field
Grogan advances 2 yards down right end. Tucker twists through the line for 3 more and a first down. Tucker carries the ball on the next play and when about to be tackled, loses it to Witt who carries it on around left end for an 11 yard advance and a first down.

Grogan steps outside for a slight loss around right end. Tucker smashes through the line for 3 yards. On a backfield cross, Grogan slips the oval to Tucker who tears around right end for a 5 yard advance. Gage substitutes Bitwell for Hunt. Witt hammers his way through the line for 4 yards and a first down.

Tucker gains 4 more around left end, the piskin now resting on the Gage 22 yard line. Another backfield cross gives Tucker a touchdown when he takes the ball from Shockey to race around left end. Sidders is injured again and Adams is substituted for him in the Gage line-up after time out is called.

Tucker's place kick for point is blocked. Hull is substituted for Withers in the Ranger line.

Gage Intercept Ranger Pass
Sims again kicks-off for Gage. Tucker receiving on the 20 yard line and getting a 17 yard return. Gage calls time out when Sims is hurt. The Rangers substitute Sanford for Waller and Hamker for Johnson. Tucker's pass to Hamker is incomplete. Witt nets a 3 yard advance, the oval being downed on the 40 yard line. Tucker's long pass is intercepted by Sims who is downed on his 43 yard mark. A pass, Sims to Randolph is complete but Randolph runs out of bounds, getting a 4 yard advance. Sims smashes through the line for 3 yards more. The Tigers are in formation again just as the whistle blows, ending the half with the ball in the center of the field. Score, Rangers 13, Gage 0.

Every Play Gains Ground

Johnson goes in for Hull in the Ranger line as play is resumed in the third period with Sims kicking off to Tucker on his 23 yard line. Lee getting a 17 yard return. Shockey slips through right tackle for 4 yards. Grogan follows him for 7 more and a first down. Witt makes his way through left guard for 3 yards. Tucker gains 6 more through right tackle. Gage calls time out.

Shockey darts through left tackle for 7 yards and a first down. Tucker squirms and twists through right tackle for 11 yards and a first down. Grogan clips left end for 3 yards. Witt smashes through right tackle for 7 yards. Shockey's punt is called back and Gage is penalized for being off-side, 3 yards. Shockey punts again to the Gage 14 yard line. Sims making a 6 yard return.

and a first down, with the ball on the 1 yard line. Grogan slips through center for the third Ranger touchdown. Tucker's place kick fails.

Gage Held For Downs
Tucker kicks-off to Sims who receives on his 24 yard mark, advancing 4 yards. Sims fumbles on a backfield cross but Bandy recovers for a 4 yard loss. A pass, Randolph to Sims, is completed for a 6 yard gain. Sims' pass is incomplete. On the last down, Sims fumbles a bad pass from center when attempting to pass, but recovers for a 5 yard loss only to turn the piskin over to the Rangers on downs.

Witt hammers out 2 yards through the line. A backfield cross, Grogan to Tucker, is good for 6 yards around right end. Tucker fumbles a bad pass from center but recovers for a 2 yard loss.

Get Fourth Touchdown
Witt pounds his way through right tackle for 3 yards and a first down. Shockey fails to gain through left tackle. Tucker slips around left end for 4 yards. Shockey tries right tackle and advances 3 more. Witt jumps through the line for another yard and a first down. With the ball on the Gage 1-foot line, Witt plunges through the line for the fourth Ranger touchdown. Tucker boots the ball squarely between the uprights for the added point.

Lee Makes Brilliant Run
Sims kicks-off for Gage. Grogan receiving on his 24 yard line to return to the 40 yard stripe. Witt smashes out a 2 yard gain through right tackle. On a backfield cross, Shockey slips the oval to Tucker who races around left end and shows his heels to the entire Gage team for a 40 yard run, being downed by the safety on the 16 yard line, just as the quarter closed.

Play is resumed in the final period with Gage substituting Simpson for Bitwell. Shockey recovers a fumble caused by a bad pass from center for a 14 yard loss. Tucker attempted to pass but finding no one open was forced to run but failed to gain. A backfield cross, Shockey handing the oval to Tucker, who tore around left end through a broken field for a brilliant 17 yard advance. Another pass is incomplete and the Rangers are held for downs on the Gage 13 yard stripe.

Shockey Gets Touchdown
Sims punts to Witt on the Gage 47 yard line. Witt smashes his way through the field for a 19 yard return. The Rangers call time out when Hamker is injured. Withers comes in for Hamker. At the same time Gage made several substitutions and several shifts in positions. Tucker duplicates his broken field run around right end for another 17 yard gain and a first down. Grogan smashes out a 3 yard advance through right tackle. Witt hammers left guard for 2 more. Shockey plunges over the remaining 4 yards and the fifth Ranger touchdown and Tucker kicks goal for the additional point.

Ellis is sent in for Murphy in the Ranger line. Tucker kicks-off to Randolph on the 15 yard stripe. Randolph making a splendid return, being downed on the center of the field. Gage calls time out. The Rangers substitute Garrison for Withers. Play is resumed and Sims fumbles but recovers for a 5 yard

loss. Gage calls time out when Sims is injured. Bitwell is sent in for Sims.

Gage Held For Downs
Play is resumed and Randolph's pass is incomplete. Brown gains 8 yards around right end. Brown loses a yards around left end and the Tigers are held for downs on their own 48 yard line.

Tucker's long pass is incomplete. Shockey nets a 2 yard gain through right tackle. Grogan gets a bad pass from center but gains a yard through the line. Shockey punts to the 10 yard line where the ball is downed by the Rangers.

Randolph hits the line for 2 yards. Randolph's pass to Tucker is incomplete. Randolph punts to Tucker on the Gage 49 yard stripe. Tucker returning to the 38 yard marker.

Intercept Another Pass
Tucker pounds through right tackle for 3 yards. Tucker's pass is intercepted by Bitwell who brings it back to the 34 yard line. A substitute is sent in for Mounts in the Ranger line.

Randolph loses 2 yards in a line-buck. Bitwell gets a 6 yard advance around end. Morris is substituted for Bradford in the Ranger line. Randolph plunges through the line for 7 yards and a first down, the only one earned during the entire game. On a fake play, calling signals off and the half-backs going back through the line for 5 yards, just as the final whistle sounded, ending the game. Score, Rangers 33, Gage 0.

SUMMARY: first downs, Rangers 22, Gage 1; kick-offs, Rangers 3 for 101 yards, Gage 4 for 156 yards; kick-off returns, Rangers 4 for 57 yards, Gage 3 for 43 yards; punts, Rangers 4 for 129 yards, Gage 7 for 227 yards; punts returned, Rangers 7 for 22 yards, Gage 4 for 7 yards; ball lost on fumbles, Rangers 1.

LESS SEED... BETTER WORK
Greater Yields... Bigger Profits!

DEMPSTER No. 20 FURROW SEEDING MACHINE

Actual tests by farmers and Agricultural Experiment Stations have proved this machine requires 25 to 30% less seed. Sows wheat to withstand winter kill, soil blowing and drought; assures bigger crops and seed evenly on firm, moist soil. Deep furrows and high ridges protect seed against sudden temperature changes, high winds and drought—collect and hold snow as moisture giving blanket.

• Come in and let us show you this amazing development in wheat seeding equipment. Let us explain all its features. See for yourself why and how it saves your seed and assures bigger crops. Remember, the name "Dempster" assures you a well-made, easily operated, long-lasting machine that comes to you backed by Dempster's 61-year reputation for building better farm equipment.

ALFRED FULTON COOK

A. F. Cook, prominent farmer of near Waka, died Friday, September 26, after an illness of only a few hours duration, exact cause of death unknown. Mr. Cook had consulted physicians recently and was advised that he would have to undergo an operation for appendicitis, but that on account of his physical condition, it would not be advisable to operate until he was in better shape. He was found near his home on Friday morning unconscious in his car, and lived but a few hours, never regaining consciousness. The body was brought to Perryton and prepared for interment by the Wilson Funeral Home. Services were held Tuesday afternoon at two-thirty at the Union Church in Waka, after which the remains were laid to rest in the Ochiltree cemetery. Rev. E. G. Pennington, Plainview, a former pastor of the Perryton Baptist Church, and Mrs. E. A. Grever, had charge of the services.

The deceased was born August 26, 1891, near Ellijoy, Gilmer county, Georgia, where he grew to manhood. He was a son of Jeff and Martha Cook. He was married to Miss Linnie Quarles, September 28, 1913. Two sons were born, A. F. Jr., age nine, and Doyle, age four.

Surviving relatives besides the wife and two sons are: father, Jeff Cook, Boaz, Ala.; brothers: Thomas and Samuel, Boaz, Ala.; Gordon and Arthur, who live in this county; sisters: Mrs. Clarence Charles and Mrs. J. W. Elder, Boaz, Ala.; and Mrs. Henry Ratliff, Etawah, Tenn.

Mr. Cook moved to Ochiltree county with his family in 1913 and

engaged in the farming and stock raising business. He was a devoted husband, a kind and tender father and a good neighbor. He professed faith in Christ in 1921, but had never united with a church.

BERTHA NACHTIGALL

Bertha Nachtigall, daughter of Mr. and Mrs. D. A. Nachtigall, was born August 23, 1909, near Henderson, Nebraska, and died September 22, 1930 at 11:00 p. m. near Balco, Okla.

At the age of four years she moved with her parents to Fairview, Oklahoma and after two years they moved to Beaver county, Okla., where she grew up and attended public school. She always faithfully attended Sunday School and church and took a great part and pleasure in the song services. In the spring of 1929 she saw that life without a Saviour was not complete and she fully surrendered her life to Christ and was united with the M. B. Church of this place of which she remained a true and faithful member to the end. She strove to serve and please her Master at all times.

Until about a year ago she was in good health, then she began to complain of nervousness and fatigue. We at once sought medical aid, but in spite of all we could do, she grew gradually worse.

The doctors pronounced her condition nervous disorder of her spine and in March she submitted to a serious operation on the spine in a Tulsa, Okla., hospital. But the operation was in vain. Her condition was very serious for some time and

her one longing was to go home to die, so as soon as she was strong enough, we took her home where we cared for her in the best way we knew of. She has suffered intense pain during the seven months she was bed-fast, especially the last few months. Even though at times it took great courage to keep her faith, she remained cheerful and patient.

Bertha has always been a very obedient daughter and kind sister and with her cheerfulness she has given us much joy during her short stay.

During long intervals she has stayed with her grand parents, Mr. and Mrs. Chas. Schalk, at Fairview, Okla., and her aunt, Mrs. J. C. Salaska at Corn, Okla., where she has made many friends, who with us mourn her early departure from this life. She reached the age of 21 years and 39 days. The deeply bereaved parents, sister and brothers are Mr. and Mrs. D. A. Nachtigall, Edna, Edwin and Alvin Nachtigall. —Contributed.

CARTER PEN TALKS

You know, a dealer gets a great deal of satisfaction out of handling merchandise that he knows will stand up and do what it is supposed to do.

That is one reason why we remain "sold" on Carter fountain pens and pencils—and why our customers remain "sold," once they try one. There is a lot of satisfaction in knowing that the guarantee you make on Carter products is a reliable one—backed by a company of almost unlimited resources.

When a customer walks out of our stationery store with a new Carter pen, we kinda swell up with a feeling that we have done a good deed and made another satisfied user—and at the same time saved the customer from two to three dollars on his Carter life-time guaranteed fountain pen.

You can get Carter pens and pencils at the Stewart Printing Co., the City Drug Co., and the Palace Drug Co.

Stewart Printing Co.

CARD OF THANKS

We take this method of thanking all our friends and relatives for the loving kindness, help, cards, letters, sympathy and flowers, extended to us during the long illness and death of our beloved daughter and sister.

Announcing the Annual Opening

DISPLAY and SALE

of the New 1931 Line of the Wonderful

INSTANT LIGHT

Aladdin

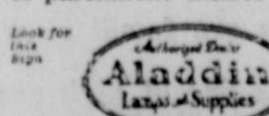

KEROSENE Mantle Lamp

WE extend a most cordial invitation to everyone to visit our store and inspect this new 1931 line of Aladdin Lamps. Every home where oil is depended upon for lighting may now have all the pleasure and comfort of a perfectly lighted home. Aladdin light is a white light, near to sunlight in quality, is soft and mellow and just the right intensity. Aladdin light is economical too—burns one-half the kerosene and produces twice the light as the old way—actually pays for itself in a few months.

The Aladdin is simple—a child can run it. It burns without odor, smoke or noise. It is absolutely safe—no danger. No generating, pumping-up, or torch required; a match and a minute is all that is required. Over 7,000,000 people now use and enjoy it. Come in and let us demonstrate it to you—there's no obligation whatsoever.

Many Styles with Beautiful Decorated Glass and Parchment Shades

The line includes table, vase, hanging, bracket and floor lamps in a variety of handsome finishes, with a splendid assortment of glass or parchment shades from which to choose.

A full line of Aladdin Supplies and Parts for all models always on hand.

Browning Hardware

Perryton, Texas

This Week —In— Washington By Radford Mobley

Washington.—An annual expenditure of \$36,720 by the federal government on an almost completely unknown work directed from here holds possibilities of aid to the individual farmer which will shadow all the gigantic marketing, planting advisory and other projects sponsored by the government.

The \$36,720 mentioned is the yearly appropriation which the astrophysical observatory receives from Congress for its study of solar radiation. Solar radiation may sound technical, reduced to ordinary terms it means the heat the sun sends to the earth. In other words it is the source of life for everything that does live on this planet.

Furthermore, if its variations and changes, heretofore unpredictable, can be reduced to an understandable system, the scientists who do so will be able to tell the farmer, insurance man, baseball fan and anyone else interested in the weather, just about what will be happening to the climate two years or more ahead.

In other words, if the sun's eccentricities had been fully understood two years ago, the drought which has crippled so many individuals this year could not have crept upon us as it did. Every area which was likely to suffer would have been warned two years ago, in time to assure water supply, change plantings, even to dig wells or build additional storage structures.

Dr. C. G. Abbott, secretary of the Smithsonian Institution, who is directing this work, does not promise that predictions of such accuracy can be achieved at any time within the immediate future. But there is plenty of evidence to show that such prophecies will be routine work for the weather man of the future.

It is already known, for instance, the sun's radiation varies in periods of definite length, one period of two years, another of 15 months, and another of 11 months. It is already known that the cycle of sunspots on the sun is 11 years. Taken together these make up what "seem a predictable variation of the sun," according to Dr. Abbott.

The complex nature of this study is heightened by the effect wind circulation over thousands of miles, also in cycles, and by the oceans, mountains and valleys on the earth's surface.

So marked would be the effect of these factors that it has been shown that an increase in the radiation of the sun, far from causing higher temperature in North America, would cause cooler temperature because of the effect of clouds, humidity and similar forces over this continent.

All that is needed, however, despite these complications, to enable successful long-range weather forecasts, is more statistics, say these scientists. The astrophysical observatory is gathering these through its stations in California, in Chile and, cooperating with the National Geographic Society in southwestern Africa. In addition, observers all over the world are engaged in the same work on humidity, clouds, winds and the related phenomena.

Practical long-range forecasting therefore may not be nearly so far in the future as it now appears.

Few things in Washington bring home to the casual visitor the vastness of the federal machinery more than a single day's batch of statements from the commerce department press room. Here in a single handful of blue and white mimeograph paper is information on coffee prices in Haiti, sale of automobiles in Helja, the Danish trade in rubber footwear, installation of new airports in British Honduras and even the status of an air traffic investigation now under way in Greenland. All of these are actual specimens of the data the department daily grinds out. These are the tangible results of the hundreds of long fingers the department has in foreign commercial pies. Each is based on a report from an individual trade commissioner. The government is spending \$1,862,563 on the work this year. In 1925 it spent \$1,208,844.

SIX WHEAT SOWING FACTORS WORTH RECALLING

By H. M. Bainer, Director, Southwestern Wheat Improvement Association

1. A satisfactory wheat crop cannot be expected on a late and poorly prepared seed bed. Suitable early preparation, on the other hand, will kill weeds, save moisture and insure higher yields.
2. It is impossible to maintain a healthy and highly productive soil by growing wheat on it too many years in succession. In humid sections it pays to rotate wheat with legumes or other crops but where the rainfall is limited, a rotation with summer fallow will be found more profitable.
3. New and untried varieties are risky. The price of \$5.00 to \$10.00

per bushel that the farmer often pays for this kind of wheat usually benefits the party who sells it more than the farmer. It is best to hold to the old standard varieties like Turkey, until other thoroughly tested ones are found that are better.

4. When increase in yield and quality is considered, pure seed costs less than ordinary seed. The careful buyer of seed wheat always looks out for weedseed, rye and smut. If an up-to-date farmer sows ordinary seed, he does not use the scoop shovel in selecting it, unless he is improving it by grading and fanning.

5. Only the more or less careless farmer will permit rye to grow in his wheat. It is a wasteful practice. Besides lowering the grade and price, rye mixture makes an unsatisfactory combination for the grain, flour or bread.

6. The farmer who raises smutty wheat and, on account of it, loses an average of 3 bushels per acre and 5 cents per bushel in price for what he sells, is paying an enormous penalty, especially when he realizes that he could have prevented the loss by seed treatment at a cost of less than 10 cents an acre for labor and material.

HOME HINTS

Try pineapple and cabbage salad with mayonnaise.

Scalloped apples may be served for dessert or with the main course at dinner, much as apple sauce is served.

Many people like to have a leg of lamb boned for easy carving. You can stuff the cavity with a savory breadcrumb stuffing.

Make cinnamon toast by putting a mixture of one-fourth cup of granulated sugar and one teaspoon of ground cinnamon into a large shaker, and sifting it on hot buttered toast.

Large canned peaches may be drained and broiled. Place in a shallow baking dish pit side up, add a little melted butter and a very little salt. Broil until heated through and lightly browned. Serve hot with the meat course, or for dessert.

Try peppermint ice cream with chocolate sauce. Here's a recipe from the Bureau of Home Economics: Heat half a cup of single cream. Add one-fourth teaspoon of salt, and two-thirds cup of sugar. Stir until the sugar has dissolved. Mix with the remainder of one and a half pints of cream (from which you took the half cup) and half a pint of double cream. Add sufficient food coloring to make a soft green, and enough peppermint essence—about 8 drops—for delicate flavoring. Freeze in the usual way.

For hot chocolate sauce, you will need 2 squares unsweetened chocolate, 1 cup of granulated sugar, one-half cup of milk, 1 tablespoon butter, one-eighth teaspoon salt, and one-half teaspoon vanilla. Melt the chocolate in the double boiler. Add the sugar, milk, butter and salt. Cook for 10 minutes or longer. Add vanilla, beat well, and serve hot on ice cream.

Oven-dried toast is a delicious accompaniment to soups and salads, and is an easy way of disposing of stale bread. Any sort of pieces may be oven dried and delicately browned in a medium oven, but for passing as a special kind of bread, it is more attractive to trim the crusts off a stale loaf so the slices will be square, cut them very thin, and heat them until they are browned colored and slightly curled. The trimmings need not be wasted, roll them out for dried crumbs.

Fresh cream for butter-making should never be mixed with cream from previous skimmings until it has been cooled. The addition of warm cream raises the temperature of the older cream and hastens souring.

Many dairymen believe that cows should always be milked regularly, but tests at the U. S. Bureau of Dairy Industry Experiment Farm at Beltsville, Md., show that average to good cows can be milked at irregular hours without any material effect on milk production. Apparently cows are more sensitive to changes in feeding routine than to variation in the hours of milking.

Last year 1,876,000 persons moved from farms to cities, and 1,247,000 moved from cities to farms, a movement from farms of 619,000, according to U. S. Bureau of Agricultural Economics figures. The farm population is now the smallest in 30 years.

There's no telling what jury may do, but if forced to hazard a guess it is fairly safe to bet on an acquittal.

Fireproof mail pouches are being developed. Probably to hold those red-hot love letters sometimes read to juries.

American Institute of Architects wants photographs of quaint and unusual buildings. Referred to Specialist Chick Sale.

Carter Pens at The Herald Office.

The Way of Life by BRUCE BARTON

Mottoes

Under the glass on the desk of an interesting New Yorker I saw a bit of white paper with these words:

"The dog barks, but the caravan passes on."

Taken in connection with the man's character and career, the sentence is revealing.

He has been barked at plenty, but he has proceeded. He has done his work, built a great enterprise, created employment for thousands of people. The barking long since became faint and very far behind.

The First National Bank of New York is presided over by a white whiskered gentleman of more than eighty, named George F. Barker. When his name gets into the newspapers it is usually because some stock in which he is known to hold a large and permanent interest has advanced a hundred points in a week and added several million dollars to his fortune.

A friend of mine visited the bank on business, and came back with this sentence:

"The vision to see them; the courage to buy them; the patience to hold them."

Whether it came from Mr. Barker

or not, it is his philosophy, and the secret of his fortune.

In Boston there is another old man, perhaps the most unselfish human being I have ever known. His whole life has been devoted to service to the city's poor, and the look in his eyes is a benediction. I asked once whether he is worried about the future. "You give away all you earn," I said. "What will you live on when you are too old to work?"

For answer he pulled a slip of paper out of his pocketbook, and passed it over to me.

"Trust in the Lord and do good. So shalt thou dwell in the land, and verily thou shalt be fed."

That, he said, is a promissory note from the Owner of the Universe. On that promise he has lived for seventy years, and he has confidence that it will continue to be good.

Each of these three men has continued in the world a long time, and paid a price for experience. Each is quite different from the others. Yet from their three mottoes one might evolve something in the way of philosophy.

"If you are going to do anything you must expect criticism. But it's better to be a doer than a critic."

The deer moves; the critic stands still, and is passed by. "You must believe in something—in yourself, in the country, in God. You must have courage to back that belief with your money and your life, and patience to wait for fulfillment."

This is old stuff, you say. And I answer that everything important is old stuff. Love is old stuff. Building a home is old stuff. Becoming a father is old stuff.

But all old things become thrillingly new as each discovers them for himself.

SIDELIGHTS

By Marcy B. Darnall

Mrs. Rose Schwartz and 21 lady friends agree that Mr. Schwartz is New York's poorest sport. He reported that they were playing poker in his home and all were arrested, but released for want of sufficient evidence to warrant prosecution.

The Chicago University baseball team, now on a barnstorming tour of Japan, were touched up in approval Oriental fashion in their first game, played in Tokyo. Waseda University of that city defeated the Americans, 8 to 5.

From an unexpected source comes this sentiment: "Poverty would fade into insignificance with me could I have a lot of children. In me is pent up all the mother love that wasn't bestowed upon me as a child." Clara Bow speaking.

Upon being informed that a young

man he had proposed for entrance to the Naval Academy had been rejected because of defective teeth, Senator Carter Glass asked: "Do you expect to go out and bite the enemy?"

Evidently seeking to live up to the patriotism suggested by their names, George Washington Jr. and Francis Scott Key were among those enrolled this summer in the civilian military training camp at Fort Eustis, Va.

The season's most unusual bootlegging case is reported from New York. Bishop Charles Mrenza of the Czecho-Slovakian Orthodox Church in that city was sentenced to a year in Atlanta prison for violating the prohibition law. He was convicted of inducing young priests under his charge to withdraw large quantities of sacramental wine, which was later sold at a good profit.

Most expeditions which seek for sunken treasure at the bottom of the sea meet disappointment. An important recent exception is the finding of the liner Egypt, sunk in a collision off the French coast in 1922. Italian divers found and identified the ship, which is being explored in an effort to salvage about five million dollars in gold which the vessel is said to have carried.

Senator Caraway of Arkansas and lobby investigation fame is done with aviation, at least for the present. He flew from Washington to Sedalia, Mo., and back, suffering severely from air sickness. Upon

reaching terra firma capital he said: "I'm flying until I get to it."

HAED TIMES

Savings deposits, the poorest barometer of a state's general Reserve Board, that savings accounts banks are greater than early part of the boom.

Several reasons are situation. One is more disposed to play dull times, another money which might be chases of securities is now placed on time, people are reluctant improvements or are inclined to use account as a means of least a small return capital.

Therefore, little concerning general amount of savings given time.

It is estimated that travel between New York and Philadelphia each week, New York and Wash-

Citizens who which they will obey variety to select from

Sermon topic Sunday at 10 a. m.

(5 miles north of town) will be

"What Must I Do To Be Saved?"

We invite you to attend.

Tune in tonight and every Thurs-

day evening at 9 on the Lutheran

Hour over the Columbia System.

Your comment appreciated.

H. W. Hartenberger,

pastor.

BETHANY SCHOOL

Mr. and Mrs. C. D. Penner were

guests Sunday of Pete Penner and

family.

Mr. and Mrs. George Kleiver were

at Abe Neufelds Sunday.

Misses Luella and Louise Neufeld

were home from Tabor College for

a visit with their parents over the

week-end.

Louise, Lydia and Fred Mehl were

home from Goodwell Sunday.

Memo Bartel and family visited

Henry Karber and family Sunday.

Sam Kleiver was a visitor of Her-

bert Penner Sunday.

Miss Bernice Neufeld was a guest

Sunday of Miss Julia Penner.

Mr. and Mrs. Milton Neufeld were

guests Sunday of Mr. and Mrs. Hen-

ry Bartel.

Mrs. Ed Unruh was a guest Sun-

day of Alex Wahl and family.

Mr. and Mrs. Sam Neufeld and

baby of Coldwater, Texas, visited

in this community several days last

week.

Mr. and Mrs. John Allenburger

and family were Sunday afternoon

guests of Mr. and Mrs. J. C. Delk

and family.

Mr. and Mrs. Edward Kleiver were

Sunday evening guests of Mr. and

Mrs. G. A. Kleiver.

Mr. and Mrs. E. M. Bryan and

family drove to Goodwell Sunday

afternoon to take their daughter,

Bessie, who attends school there.

There was no school Friday after-

noon on account of the funeral of

Bertha Natchingall.

MOTHER LEAVES

CHILDREN AND

FACES DEATH

Says Farewell Hard, But

Recovery Easy Due to

Crazy Water

In May, 1929, I was critically ill

with Rheumatism; in fact, I was an

invalid and had to be helped

around. My husband decided to

bring me to Mineral Wells, as it

looked as if there was no hope for

me if I remained at home. But

I had no confidence in Mineral

Wells; in fact, I did not believe that

anything or any place would relieve

my suffering. You can imagine

how I felt when I told my children

"Good-Bye," when I did not expect

to see them again.

I arrived in Mineral Wells on May

10th, last year, and in one week of

the Crazy Water Treatment, I was

able to walk and thirty days from

the time I arrived I was well again,

only a little weak.

I heartily recommend to every-

one suffering from diseases caused

by faulty elimination that they

spend a few days rest at the Crazy

Water Hotel in Mineral Wells, Tex-

as, the home of Crazy water.

Mrs. F. M. Hilliard,

Tulia, Texas.

"NOTICE TO CREDITORS OF ES-

TATE OF BRADLEY ANDER-

SON, DECEASED"

Notice is hereby given that on the

18th day of September, A. D. 1930,

I qualified as community survivor

of the Community Estate of Bradley

Anderson, deceased and myself as

his surviving wife, so qualifying in

the County Court of Ochiltree Coun-

ty, Texas. All persons having

claims against said estate are her-

eby required to present the same to

me within the time prescribed by

law. My residence and post office

address is Farnsworth, in Ochiltree

County, State of Texas.

POLLY ANN ANDERSON,

Community Administratrix

of the Community Estate of

Bradley Anderson, deceased,

and Polly Ann Anderson,

his surviving wife.

36-41-c.

NOTICE TO BIDDERS

The Commissioners' Court of

Ochiltree county, Texas, will re-

ceive bids at Perryton, Texas, on the

10th day of November, 1930, for the

purchase of one or more Elevator

Graders.

J. M. GRIGSBY,

County Judge Ochil-

tree county, Texas.

At Perryton, Texas,

September 24, 1930.

35-41-c.

METHODIST CHURCH

Rev. W. M. Pierce, presiding elder

of the Amarillo District, will be with

us Sunday. He will preach at the

morning service and hold the Four-

th Quarterly Conference at three

in the afternoon. All officers are

urged to attend and give a report

of their work.

The Senior and Hi-Leagues will

meet at seven o'clock for their ser-

vice. There will be no preaching

service at night. Brother Pierce

will not be with us after Conference,

as this is his fourth year as Elder

of this district. All members and

friends are urged to bear him Sun-

day.

C. E. PIKE, Pastor.

Carter Pens at The Herald Office.

KONJOLA DID MORE FOR ME THAN ALL ELSE

New Medicine Proves Real Boon To

San Antonio Housewife—Earns

Eager Praise

MRS. T. G. MOORE

"Three years ago I began having

trouble with my liver," said Mrs.

T. G. Moore, 314 Mission street, San

Antonio. "I was sluggish, my com-

plexion was bad and I had dark

blotches on my face. I was troubled

with constipation and forced to use

laxatives and purges almost daily.

These conditions made me very ner-

vous and I did not sleep well.

I felt thoroughly down and out.

"My husband and I decided to give

FIFE BROS. IN REVIVAL HERE

SPECIAL SERVICE FOR MEN
AND WOMEN NEXT SUNDAY
AFTERNOON AT ELLIS
MOVIE THEATRE

On next Sunday afternoon, Dr. Fife will speak to men only at the Ellis Theatre at 2:30 p. m. He will speak to women and girls of the city and community at 3:45 at the Christian church. His sermon to men only is "Cleaning Up the Town." To women only on "Bobbed Hair." At both services he will sing and play and his brother, Bob, will play some beautiful music on the hand saw and trombone. The Fife Bros. will also sing together as they do on the large radio stations.

REV. CLYDE LEE FIFE

The new song books of the revival are extra fine and have many beautiful numbers, new and old, that the people sing with power.

"I desire to thank Mr. Ellis for his lovely courtesy in extending to us the Ellis Theatre for this special afternoon service. This is a beautiful new theatre and one of the finest I have ever seen in a city of this size. Comfortable, beautifully lighted and a credit to the city of Perryton. Let the citizens of Perryton turn out en masse and fill this Sunday afternoon to overflowing."

The evangelistic campaign led by the Fife Bros. at the Christian church will continue only one more week as Dr. Fife must hurry on to New York City and to New Jersey where his next meetings open immediately.

Dr. Fife said: "You have some of the finest preachers and laymen here in Perryton that we have been privileged to meet in a long, long time. I don't consider the problem here a denominational one at all. There is a fine spirit among these churches and preachers and also among the laymen. But what is needed here is to raise the spiritual tide of the church and home life of the entire city and this cannot possibly be done except by the heartiest cooperation of every member of all these churches. Let the love of Christ and an overwhelming desire to save souls be the only thing before us and all churches will receive a rich blessing and many accessions."

Mr. and Mrs. Paul Ballew and son, Billie, and Mr. Ballew's brother, Wesley, will leave today, Thursday, for New Mexico, where they have purchased a farm and will make their future home.

Mrs. A. C. Nies, Miss Clarkie Conriley and Elmer Bales spent Sunday and Monday visiting with Walter Nies and Everett Wilcox at Stillwater, Okla.

Mr. and Mrs. A. C. Wilt had as their dinner guests Wednesday Mr. and Mrs. Harry E. Nickel and Mr. and Mrs. Clarence Neufeld.

Mrs. J. M. Wood left Wednesday for her home at Albany, Texas, after an extended visit in the home of her daughter, Mrs. Jack Allen.

The many friends of E. S. Trolinger will be glad to know that the injuries which he sustained when he fell from a scaffolding several days ago are not serious. First reports were that Mr. Trolinger was in a very precarious condition, but it now looks as though he will be out again in a few days.

Ed Terhune, wheat farmer and a leading member of the Perryton band, is seriously ill with pneumonia at the home of his father in this city. Mr. Terhune's many friends are hoping for his recovery.

Mr. and Mrs. K. K. Thomas drove to Amarillo Tuesday. Mrs. Thomas took the train there for Baton Rouge La., to visit with her daughter, Mrs. C. J. Hutchinson and family.

Mr. and Mrs. R. E. Bell had as their guests Saturday and Sunday her parents, Mr. and Mrs. Earl Hood, Logan, Okla. On Sunday, Mr. and Mrs. Will Wakefield, cousins of Mrs. Bell, were in the Bell home for dinner.

Mrs. Roland Shearer, who has been visiting the past week with her father at Galt, Okla., returned home Monday evening.

GIVING ALADDIN FLOOR LAMP AWAY IN CONTEST

The Browning Hardware is announcing a special campaign during the month of October, at the conclusion of which they will give away, absolutely free, a beautiful Aladdin floor lamp.

Tickets are being given with each dollar purchase and on Saturday afternoon, November 1, at 4:00 o'clock, the lamp will be awarded.

ON TEXAS FARMS

Times are discouraging. Some think the country is going to the dogs. Farmers find low prices offered for nearly everything they have to sell. Some have had a crouched on top of it. There is a tendency to quit formerly profitable lines, such as dairying, to fish in new waters. But those who stay "put" and continue to cut costs will likely keep on making some money from cows, because many who have been managing herds wisely have been making small profits all summer.

A dairy herd demonstrator in Bastrop county says his 10 cows have paid him from \$83 to \$95 per month above feed for his labor and care of milk and for the use of five acres of sudan pasture. Two others declare that their cows are feeding themselves and the family, helping to pay for farm improvements, and re-building the land besides.

M. W. Franks in Coryell county says he'd rather milk dairy cows than to pick cheap cotton, and thinks \$93 above feed cost from 13 cows in one summer month isn't so bad. His feed cost \$150 per hundred, the cost of producing a pound of butterfat was fourteen and a half cents, and it sold for 43 cents. He stays by his cows and plants surplus land in cotton.

In Fisher county 25 cows in demonstration herds have produced fat for 21.4 cents per pound. Sudan grass pasture lowered the cost 5.3 cents per pound and increased the profit \$1.25 per head.

A herd of 11 Jerseys in DeWitt county has paid its owner, O. C. Fitzhenry, 77 cents per hour for his time with them, or a profit above food cost of \$101.42 in one month.

These men are demonstrators, and are helped by county agents, but otherwise they have no special advantages.

Mrs. Raye Fehheimer of San Francisco has filed suit for divorce alleging that her husband "showed no affection for her whatever, but in her presence showed great affection for her dog."

Little respect for the courts was shown in Medford, Ore., when someone stole a bouquet from a clerk's desk in one of the courtrooms.

Mrs. Clara Brewer of Chicago has filed suit for a divorce because her husband came home, caressed her, kissed her and called her "Darling Rose."

Mr. and Mrs. E. L. Whippo had as their dinner guests Sunday Mr. and Mrs. Omar Truax and Mrs. Truax's aunt, Mrs. Ed Foster of Oregon. Mr. and Mrs. Spencer Whippo and Mr. and Mrs. Chas. Whippo and sons. In the afternoon, Mr. and Mrs. R. T. Correll called.

Mr. and Mrs. Cleo Ferguson had as their guests Tuesday evening Mr. and Mrs. Paul Ballew, Mr. and Mrs. J. R. Thomas, Mrs. H. H. Vaughan, Mr. and Mrs. Paul Bowen, Mr. and Mrs. R. B. Orrill and Mr. and Mrs. Jas. F. Bray.

Mr. and Mrs. Horace Mann left Wednesday for Colorado to make their future home.

Mr. and Mrs. J. H. Key and son, Herbert, were in attendance at the Amarillo Fair Thursday.

Mr. and Mrs. Walter R. Allen and children were in Amarillo from Friday until Sunday attending the fair and visiting with Mrs. Allen's parents.

Mr. and Mrs. Kramer Keith and daughter visited with Mrs. Keith's parents at Higgins Sunday.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderly at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store—Shindler Drug Company.

Regular war-time gas is being used to kill rats on Riker's Island, New York, and the same method is effective against gophers, woodchucks and other burrowing rodents.

Mr. and Mrs. L. W. Lamb and children, Canadian, were in Perryton from Friday until Sunday. Nora Jeanne remained for a few weeks visit with her grandparents Mr. and Mrs. J. N. Conley.

Rev. O. W. Dean returned last week from San Saba. He will spend the winter in the home of his daughter, Mrs. R. C. Johnson.

Won Official Praise

Ralph G. Miller, U. S. Vice-Consul at Buenos Ayres, commended by the State Department for heroism during the revolution there.

Mr. and Mrs. L. L. Lance and son, Wilford, were in Follett Sunday visiting with Mr. and Mrs. Herring Lance and attending the barbeque.

Bernice and Idlene Winfrey and Pauline Bryan, students at P. A. M. C., Goodwell, Okla., visited over the week-end with home folks.

Hints for the Home

By Nancy Hart

Biscuits

Quick or baking powder biscuits are not supposed to be so digestible as yeast breads because unless very well made they sometimes form a pasty mass that is hard to digest, also because their softness is a temptation to swallow them without thoroughly masticating them. Moreover, it is through that yeast in bread actually supplies food properties lacking in the quick breads.

Mixed Vegetable Salad

Use any cold cooked vegetables you have on hand. Chill them thoroughly and combine them carefully and attractively. String beans and cauliflower go well together. Diced beans and peas, lima beans and carrots, carrots and peas, chopped spinach alone—these are but suggestions.

Sore Bleeding Gums

Only one bottle LETO'S PYORRHEA REMEDY is needed to convince anyone. No matter how bad your case, get a bottle, use as directed, and if you are not satisfied druggists will return your money—City Drug Co. 5-11.

tions. The cook with an instinctive feeling for what is good in combination will devise a salad out of any leftover vegetables she may have on hand.

Peach Sponge

Rub a quart of peaches through a sieve and sweeten to taste. Add one cup of cream in which a package of soaked gelatin has been dissolved, and when cool, but not set, fold in the stiffly beaten whites of three eggs. Mould, chill, and serve with whipped cream.

Peach Souffle

Sift a pint of flour with four level teaspoons baking powder and a half a teaspoon of salt, work into it a heaping teaspoon of lard, and add enough cold water to make a stiff paste. Roll into an oblong, coat thickly with crushed peaches, sprinkle with sugar, roll up, pinch the ends together, and steam. Serve hot with any preferred sauce.

From Scotland

Scotch Apple Tart—Peel and core a half dozen tart apples and place in a casserole in a slow oven, adding neither water nor sugar. When tender mix in Sultana raisins, allowing a quarter of a pound to each pound of apples, sprinkle with sugar and grated lemon; cover with a top crust, prickling well to allow for the escape of steam, and bake in a quick oven. Serve with milk.

Scotch Tea Cakes—Two cups oatmeal, one cup sugar, two-thirds teaspoon salt, two eggs, one teaspoon melted butter, few drops vanilla.

Beat eggs until very light, and add sugar, gradually. Add other ingredients and beat. Drop from spoon on well-greased pan; spread in flat cakes. Bake in very moderate oven.

TIME

We have almost reached the point where the work of the world can be done in half of the time that it took twenty years ago. The shortening of the hours of the working day in industry has only just begun, according to the U. S. Department of Labor. The eight-hour day is general in many industries, but in some sections the ten-hour day still prevails.

It is the belief of those who have studied the subject closely that a universal seven-hour day would give everybody work all the time, except for a reasonable vacation period, and would not slow up production below the demand for finished products, in any line. The difficulty is to get competing industrial establishments to agree to the change. Such difficulties are not insuperable, however. Twenty years ago nobody would have believed that it would be possible to get all of the department stores in New York to agree to close all day Saturday in Summer but it has been brought about.

BUILDINGS

The newest thing in building construction is the "hung" building. Instead of a foundation as big as the building, with posts at the four corners, the building is hung from a single steel pole set in concrete and resting at its lower end on bed-rock.

Two such "hung" buildings have been constructed in New York. The center pole is in the middle of the building, and all of the steel floor beams are suspended from it and braced against sagging. The outside of the building is merely a shell of brick or terra-cotta to keep out the weather and does not have to support anything more than its own weight.

Now efforts are being made to introduce lighter materials for the walls and floors of hung buildings. Including featherweight, fireproof concrete for floors and glass for the outer walls. Another innovation is steam radiators only ankle-high.

One set of inventors is working on a scheme of weaving rugs and draperies with electric wires concealed in the fabric through which a current can be run to keep the room warm, on the principle of the electric heating-pads, now familiar everywhere.

FREEZING

After three or four years of experimenting with frozen fish and meat, one of the largest distributing companies is now going for frozen fruits, vegetables and oysters. Modern methods of instant freezing instantly check all tendency to decay, and when the frozen product is thawed out it is said to be exactly

MARK EVERY GRAVE

Only the advice of a dependable memorial craftsman can aid you in selecting a family memorial. For 24 years we have offered just such service, and during that time we have designed, built and erected most of the best memorials in the Panhandle.

Write or phone at our expense and our representative will call on you. Our valuable illustrated folder, "How to Select a Memorial," sent free upon request.

as good as when fresh. Spinach, cherries, loganberries, red raspberries and peas are among the foodstuffs to which the freezing process of preservation has been applied with success thus far, in addition to practically all kinds of meat and sea-foods.

ICE CREAM

Every person in the United States ate three gallons of ice-cream last year, according to the United States Department of Agriculture. If you got less than that, somebody else ate more. The consumption of ice-cream has increased by one-half in ten years.

We are shipping ice-cream from America now to every part of the world. At your hotel in Cairo, Egypt, or Bombay, or Hong Kong, you will find a well known American brand of ice-cream on the menu. One of the greatest inventions in the food line is the homogenizer used by ice-cream manufacturers, which enables them to store surplus cream through the winter in the form of butter. Butter will keep where pure ice cream will not. It is run through the homogenizer, which breaks up the fat globules, mixing them with milk, with pure cream as the product, which can then be flavored and frozen.

LIGHT

A young man named Elmer Sperry went to Chicago fifty years ago and began to make electric arc lights. He built a tower on top of the Board of Trade building and installed 20 electric arcs which gave 40,000 candle-power of light. It was the wonder of its time, but another young man named Edison about that time brought out incandescent light and that soon replaced arcs for city lighting.

Elmer Sperry kept on experimenting with arcs, however, and developed the searchlights which are used today by every navy in the world and by most armies. Sperry died a few weeks ago at the age of 70, but before his death he gave the city of Chicago the most powerful light ever built. It is known as the Lindbergh Beacon, and was first used during the national air meet in August. It stands on a tower 600 feet above Lake Michigan, and throws a light more intense, per square inch of radiating surface, than that of the sun. It can be seen for 250 miles, to guide flyers to the Chicago Airport.

Who could want a better monument than that?

Geo. M. Perry made a business trip to Raton, New Mexico, last week.

Mrs. Gordon Murray and little son are visiting with her parents at Liberal, Kans., this week.

HARDESTY, OKLA.

Mrs. R. O. Mason was shopping in Hardesty Saturday.

G. A. Long spent Saturday in Hardesty.

Mr. and Mrs. W. D. Waldrop visited with friends here Sunday.

Mrs. W. E. Phillips spent Sunday night visiting with friends in Guymon.

Mrs. V. M. Delay is visiting this week with her mother at Gruver.

Mrs. Essel Johnson visited in Hardesty Sunday.

S. S. Sullivan and Allen Godfrey made a business trip to Guymon Saturday.

Mr. and Mrs. Virgil Thurman, Tyrone, were callers in our city Thursday.

Mrs. George Oyler visited in Hardesty Sunday.

Mr. and Mrs. W. L. Booth was a guest in the Ralph Grimmer home Sunday evening.

Mr. and Mrs. Willie Godley were attending to business in town Saturday and visiting with friends.

Mr. and Mrs. Aaron Scott, Grand Valley, were among the Saturday shoppers.

Mr. and Mrs. Clint Ragsdale had as their guests Sunday Mr. and Mrs. Floyd Kerns, Gray.

Mr. and Mrs. Ralph Parsons, Perryton, visited in Hardesty a short while Tuesday. They were enroute to Liberal, Kans.

Superintendent Earl Etter made a business trip to Guymon Saturday.

Miss Bernice Phelps, Perryton, has accepted a position as operator with the local telephone company.

M. M. Gilbert and Cas Shackelford of Nocona, Texas, visited last week with J. G. Etter.

The Alexander Cash Grocery is remodeling their store this week. The partition on the south is being removed and the space formerly occupied by the Hardesty Cafe is being added to the grocery department.

Leo Sutton, proprietor of the Club Cafe, was taken sick Monday and went home for a rest.

Mrs. Florence Jones visited Monday with Mrs. E. O. O'Dell.

CARD OF THANKS

It is with heartfelt appreciation for the many favors and kindly deeds that have been extended to us during the sudden loss of our loving husband, son and brother, J. C. Reagan, that we voice these simple words "Thank you." Words cannot express the thanks that we have for the many kind acts, for the beautiful floral offerings and for the messages of sympathy.

Mrs. J. C. Reagan
Mr. and Mrs. J. F. Klapp
and family.
The J. N. Conley family.

CARD OF THANKS

Mere words cannot express the kindly feeling of thanks and appreciation toward our many friends for their kindly deeds and actions in the loss of our dear husband and brother.

Mrs. Clarence Dutcher
Mr. and Mrs. W. H. Ploumy
Mr. and Mrs. D. C. Renfro
Mr. and Mrs. Walter Lasley
Dutcher brothers and relatives.

KNOW TEXAS

Texas has one and a half times as many farms as any two other states in the Union, 465,646. Texas has about 14 per cent of all the farms in the United States.

Endowment of \$200,000,000 for the University of Texas from its oil royalties and bonuses alone is predicted within forty years by the Land Commissioner. In little more than seven years it has received over \$13,000,000 from this source.

The first Protestant church in Texas—near Nacogdoches—recently celebrated its ninety-second anniversary.

Texas has what is probably the oldest "little theater" in America. Organized thirty-five years ago in Carmine, small community in Fayette County, it has functioned continuously since, according to The Billboard.

Mr. and Mrs. W. D. Christopher and daughter, Willean, and Mr. and Mrs. Ray Christopher were dinner guests in the home of Mr. and Mrs. G. M. Cooper, Sunday.

Mr. and Mrs. H. C. Brillhart and children and Mrs. Paul Bowen were in Amarillo Thursday attending the fair.

Wayne Pack was an Amarillo visitor Friday.

Christian Church Meet

Fife Brothers, Famous Evangelists, Drawing Large Crowds At Christian Revival

The Fife Brothers, famous union evangelists and known to the radio world as the Radio Log Cabin Boys, here from old Kentucky, got a flying start with their revival services now on in Perryton under the auspices of the Christian Church.

Rev. L. O. Byerly, who Dr. Fife says "was the ablest advance man and business manager that I ever had," is delighted with the wonderful start the meetings have had and predicts the very highest degree of success in every way.

"When you hear these men," said Rev. Byerly, "you are hearing some of the very finest that the evangel-

BOB FIFE

istic world can afford. These are real he-men. They can ride a horse, shoot a gun, fish, play music, broadcast on the radio and take their part anywhere along the line in the great world of affairs. Don't miss a meeting. If you do, that opportunity can never be replaced."

Dr. Clyde Lee Fife, the evangelist, is a big man, he is 6 feet tall and weighs over two hundred. He preaches like a house afire. His brother, Bob, is a singer, trombone soloist, reader, impersonator and one of the finest players in the world on a musical hand saw. The Fife Brothers broadcast over the world's largest stations, and will soon be leaving here for New York City to give programs there and preach in revivals.

On Tuesday morning the Fife Brothers and Rev. Byerly entertained the Perryton High School. They went from there to Huntington schools where they gave a program and from there returned to the Plainview Hardware of Perryton, where at the invitation of Mr. Kent, they conducted a twenty minute service known as the first of the morning business people's meetings. These morning meetings are every morning from ten to ten-thirty in the business houses downtown, during week days.

The first of the afternoon prayer meetings for women was held Tuesday afternoon. All ladies of the city, regardless of church ties, are invited to these prayer services.

The evening preaching services of the revival start every night at the First Christian Church at eight. Just before this, a fine program of orchestra music is given. Then the choir starts singing. All singers and workers of the entire city are invited to help in the revival.

ATTEND FUNERAL AT AMBROSE, NORTH DAKOTA

Dr. J. G. Budd left last Wednesday for Ambrose, North Dakota, to attend the funeral services of Mrs. Budd's sister, Mrs. A. F. Olson, who passed away following a major operation. Mrs. Budd was very ill at the time and unable to make the trip. She is getting along nicely at present.

SERVE DINNER SATURDAY

The Methodist Missionary ladies will serve dinner Saturday, October 4, at the old North hotel building. The proceeds are to be used to buy tables for the dining room of the new church. Dinner will be served from 11:30 to 2:00 o'clock. Come early.

K. K.'S ORGANIZE

The K. K. club, which is composed of girls from the biology class, met Tuesday afternoon and organized. Some time was spent hunting bugs. Then refreshments were served to Kathryn Orr, Lois Mae Jones, Revah McLain and Hazel Bryan—Reporter.

SERVICES ALL WEEK

Everyone is welcome to the old time revival which is being held at the Unity Mission each evening this week at 8:00 o'clock.

Evangelist Rogers.

COUNTY OFFICIALS SPEAK AT BOOKER

Three of the Ochiltree county officials spoke during the chapel exercises at the Booker school last Friday morning at 10:30 o'clock. J. M. Grigsby, county judge, J. M. Bull, county attorney and Dave Shanks, county clerk, were the three men invited to speak.

FIRST TERRACES ON NORTH PLAINS SUCCEED

Stratford—Wheat grown on what is believed to be the best terraced land on the North Plains has made 4 bushels more per acre on level than on adjoining land. Amend Brothers in Sherman county terraced 250 acres last summer with the help of

the county agent, Charles T. Watson, and they figure that the cost of terracing was paid for in the first year. Sixty acres of wheat planted in three lakes reclaimed by terracing made from 12 to 15 bushels per acre, and this was clear gain.

COUNCIL HELD INITIATION

W. C. Teague assisted by Harold Reed, Earl Rea and Jep Todd, all of Canadian, were in Perryton Monday night and put on the initiatory work for the Perryton Council. Degrees were conferred on Ed Morgan, Ocie Pair, J. M. Anderson and Dwain Roberts. A number of members and several out-of-town visitors were present.

On Wednesday evening J. T. Sultor of Higgins, district deputy, met with the Rayol Arch and Council in a business meeting.

Mr. and Mrs. Jack Allen and children and her mother, Mrs. J. M. Woods returned Sunday from a trip to Colorado. They spent most of the week visiting with Mrs. Allen's sister, Mr. and Mrs. Henry C. Ranspot, Alma, Colo.

Mr. and Mrs. Harry E. Nickel have moved into the new L. S. Hobbs apartments which have just been completed on Southwest Fourth Street.

One Week's Treat From Our Shoe Department

20% OFF

On All Men's Ladies and Children's Shoes

Starting Saturday AND CONTINUING NEXT WEEK

We have enjoyed a good shoe business this season and our Fall stock is now complete. For one week, starting Saturday and continuing all next week, we are going to give a straight 20 per cent discount off the regular marked price—and it covers our entire shoe line. This comes at an opportune time to fit out the children for school and a good time for the ladies to get those pumps, straps or oxfords at a nice discount. In the men's line we have from a low priced work shoe to a kid or kangaroo in our Patriot shoe—all at this nice discount. Yes, our new line of lace boots are included in this treat, at just the time when you will be wanting them for winter.

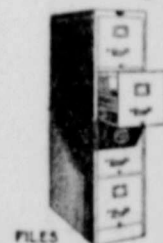

SPECIAL FOR THE SCHOOL CHILDREN

We will give a school tablet with each pair of shoes sold for school children.

COMEDY AND SPEED PLUS

and Laura Lee in a screen from "Top Speed." First National picture showing at the Ellis Theatre on Friday and Saturday week.

LOVERS PRE-SENT A GREAT TREAT

According to the general opinion, man, woman, son or daughter is said to be the latest picture by Rube Goldberg, which the Ellis Theatre next Tuesday night directed the picture about a romance between a man and a woman who are tangled in a misunderstanding. The picture is a comedy, which is a love story, whose plot is from bad to good, and is a good one, as offered by Ted

Healy, chief comedian and his laugh racketeers. Other featured funsters are Frances McCoy and Chas. Winninger.

CLEVERNESS REWARDED

Joe E. Brown, because of his clever characterization of Connie, the Grand Duke in "Sally," has been signed by First National to a long term contract. His first comedy role under new agreement is one of the biggest of the year, that of Elmer in First National and Vitaphone's "Top Speed" showing at the Ellis Theatre, Friday and Saturday. Mervyn LeRay, director of "Top Speed," began his stage career by being a "hooper" in a twelve-act vaudeville house.

WE ARE NOW HANDLING the famous White Sewing Machines. We also have bobbins, shuttles and needles for all makes of sewing machines. Stansberry Electric & Hardware Co. 32-tf-c

is natural that a person selecting a trading center will choose a town that is beautiful and clean in preference to one that is unsightly and dirty, if other conditions are anywhere near equal.

Therefore, it behooves the authorities of any community, as well as each individual citizen, to make the most of their opportunities for improving the appearance of the place in which they live. Beauty and cleanliness are a town's best assets.

NOW IS THE TIME

Now is the time to build, to remodel and to modernize, according to advice given by leading contractors and material men. It is possible that the present opportunity afforded by low material costs and high labor efficiency will not recur in several years to come, they say. This statement is substantiated by the heating research bureau of the C. A. Dunham Company of Chicago, of which has made a recent study of labor and material costs, showing that great savings may be made by taking advantage of the present situation.

An interesting feature of the bureau's report is that labor is co-operating effectively in reducing construction costs, not so much by accepting lower wages, but by doing more work in a day. Union bricklayers in Chicago are said to be laying nearly twice as many bricks in a day as formerly, while carpenters and other workers have increased their efficiency 30 to 40 per cent.

During the summer and early fall there has been much remodeling, including the replacing of heating plants with differential systems which effect large fuel savings. Economy in operating costs is being sought, as well as in construction itself. By having needed work done now great savings are possible, besides the employment of surplus labor will aid in hastening the return of prosperity.

The many friends of Ira J. Teurman, a former resident of Beaver county, who now resides at Baldwin Park, Calif., will be interested to know that times are good with him and his family. He writes that they are making a little more than a living and have no cause for complaint.

Rev. E. G. Pennington returned to his home at Gainesville Wednesday after spending several days in Perryton and vicinity.

Mrs. M. M. Collier who has been ill for the past week, was taken to the Beaver hospital Sunday. She is now at home and recovering slowly.

Carter Pens at The Herald Office.

Mr. and Mrs. G. K. Reading and daughter, Nellie Joe, Mr. and Mrs. R. C. Pugh and son, Mr. and Mrs. C. E. McLarty and daughters, Miss Kathlene Kelly, Donald McLarty, Drew Ellis, Lee Tucker, Fred Nies, Oris Bruner, Vivian Bruner, Mr. and Mrs. Dee Caldwell and daughters, Mr. and Mrs. G. A. Rupprecht and children, Mr. and Mrs. Hugh Witt and daughter, W. B. LaMaster, Walter, Giltner, Pauline, Kathryn and Leroy LaMaster and Hollie Palmer were some of the Perryton people who were at Foilett Sunday attending their barbecue. They reported a most delightful time, with lots of eats and plenty of amusement.

Mrs. Horace Lackey, who has been visiting the past month with Miss Lurline Grigsby of Fort Worth, returned to her home Sunday. Her brother, Leroy Blasingame, came with her from Pampa.

Mrs. A. C. Witt visited Tuesday with her brother, Jack Clark, Gruver.

Mr. and Mrs. M. L. Payne and children of Amherst visited several days last week with her parents, Mr. and Mrs. Fred Hood.

Mrs. W. L. McDivitt received word Wednesday that her husband, who has been a patient at the Mayo Bros. clinic, Rochester, Minn., for the past ten weeks, will be home Saturday.

Mr. and Mrs. H. T. Cropper and children were dinner guests Sunday in the home of Mr. and Mrs. Merton Smith.

Mr. and Mrs. Geo. Pietcher and children attended the Amarillo Fair Friday and Saturday.

Mr. and Mrs. R. T. Correll were attending to business in Guymon, Okla. Wednesday and from there they went to the Amarillo Fair returning home Sunday.

Winona Allen, daughter of Mr. and Mrs. R. C. Allen, was operated on at the Brewer-Kengle hospital last Thursday for appendicitis. Dr. Hudleston, Liberal, Kans., assisted with the operation. Winona was able to be removed to her home Wednesday morning.

Mrs. J. C. May and daughters Helen and Maxine, and Mrs. J. M. Grigsby motored to Shamrock Saturday to take Mrs. Grigsby's mother, Mrs. Lettie Morrow, who will visit a few weeks with her sons, B. L. and I. M. Bowers, before going to her home at Dallas for the winter.

Carter Pens at The Herald Office.

Mr. and Mrs. Stanley Key and son, Jimmie Dick, spent several days last week attending the Amarillo fair and visiting relatives in Miami.

Mr. and Mrs. W. C. Sanders, Mrs. O. E. Blank and sons and R. P. Hurn were Amarillo visitors Sunday.

Mr. and Mrs. J. R. Thomas had as their dinner guests Sunday his parents, Mr. and Mrs. K. K. Thomas.

WE GIVE "D.M." GREEN

This baby bull moose, only 24 hours old, was deserted by his mother in an apple orchard in Fredericton, New Brunswick. Major H. H. Ritchie, Chief Game Warden, is trying to rear it on the bottle.

THE FAMILY DOCTOR

By JOHN JOSEPH GAINES, M.D.

Land Marks of the Body

Of course it is stupid of anybody to speak of having "stomach trouble" unless one knows reasonably well the situation of that organ within the body. If you can, with a finger, locate the lower end of the breast-bone, you are not far from mid-way of the stomach in its long diameter from left to right. Its larger area is to the left; it narrows and drops slightly lower to its termination at the right, where it empties into the first portion of the small bowel. Near this point, beneath the "short ribs," the gall-bladder is hidden. If you invert a coffee cut two inches to the right of the point of the breast-bone you will cover the site of gall-stone colic, and the burning distress of hyperacid stomach and many cases of gastric ulcer or duodenal ulcer. Pain in this locality should have immediate attention.

Gaseous distension of the stomach is likely to bulge the area to the left, and just below the point of the breast-bone; I am not going into diagnosis here; I am trying to acquaint you with important localities. This gaseous distension of the stomach is most likely to interfere with the heart-movements, for, approximately two inches to the left of the point of the breast-bone is the site of the apex-beat of the heart—easily encroached upon by the distended stomach. You ought to know at once if it is gas making your heart "palpitate."

Roughly speaking, your colon occupies a space beginning at the right "flank"; it ascends to just above the edge of the liver, bends leftward, crosses just below the stomach to a point opposite its first bend, then descends to the left "flank," like a horse-shoe hanging toe upward. The coils of the small intestine lie within the area described by the colon, communicating with it low in the right flank. Here is the site of the appendix; colics in this region are worth watching closely. If I may digress; a "colic" anywhere within the abdominal space may, with twenty-four hours descend to the appendiceal region, and mark the site of an abscess. Remember that.

J. B. Cartwright Jr. drove to Shattuck, Okla. Friday night to meet Larkin Reagan, who was called home from Swarthmore, Pa., because of the sudden death of his brother, J. C. Reagan. Larkin will spend about two weeks visiting with his mother, Mrs. J. F. Klapp, before returning.

TOWN BEAUTY AN ASSET

In spite of the apparent commercialism of the age in which we live, it is evident to any observer that the American people are developing a greater appreciation of the beautiful. This is not confined to the wealthier classes, but extends to the great masses in the towns and villages, and in the rural districts.

New towns and new sections of the older ones are being laid out with wider streets, with provision for larger lawns, more trees, shrubbery and flowers, and a more attractive setting generally.

New houses show better architecture and greater harmony with their surroundings, while unsightly yard fences have largely disappeared. The net result of all these modern developments is beauty. And aside from the satisfaction which it affords the eye, it pays in dollars and cents.

Beautiful cities, towns and villages attract people. They attract permanent residents, they attract tourists, and they attract trade. It
