MAKING MUSIC IN "MIKADO" From left to right: Doris Den, Peep Boy, Norma Horne, Yum Yum, Jerene Crumley, Pitti Sing, accompanied by the girls of the Crane High School Choir. This is a picture taken from the "Mikado" by Gilbert and Sullivan presented to the community on May 8. The show was accompanied by selected members of the Crane High Band. An estimated crowd of 700 persons watched the performance.

Mikado Presented By Choir, Band

The Crane High School Choir with selected members of the Crane High Band, presented the Mikado, by Gilbert and Sullivan on Friday, May 8.

Before one of the largest crowds of the season, the choir and band performed together to present the opera.

Several surrounding schools sent over their choirs or parts of their choirs. Those schools were Midland, McCombs, Monahan and Odessa.

The estimated crowd of 650 netted around \$160 at the door.

The scene for the Mikado was painted red with white trees with pink blossoms, highlighted by a large painting of Mount Fujiyama. "It was one of the most enjoyable performances I have ever had the pleasure of witnessing in my 19 years in Crane High School," said C. A. Carroll, principal. These sentiments were shared by the large audience, judging from the reception of the "Mikado."

Crane Councilmen Elected For '59-'60

Magazine Compliments CHS On "Inspirational" "Crane" Also Gets Praise

The National famous magazine, The Student Life, wrote the following letter to C. A. Carroll, recognizing the outstanding work the HS students have been doing in inspiring devotional programs.

Dear Mr. Carroll:
"Your excellent newspaper, The Crane, carries a fine story in the March 31 issue on 'Outstanding Devotionals.' This is a worthwhile project for which you should be congratulated.

It occurs to me that other schools would like to hear about this project through the pages of STUDENT LIFE. Could you interest a student in writing a magazine-type article about the assemblies including a script of the devotionals for possible publication? First consideration is given to contributions which are illustrated by black and white, glossy prints of the action type or drawings on good white paper with black ink.

As we go to print approximately two months before publication date, we like to receive seasonal articles this year for possible use next year. Also, we are pleased to receive photographs of teenagers in an activity for possible use as covers next year.

Under separate cover I am sending you a copy of the last issue of STUDENT LIFE so the student may look over the magazine to see the type of stories we use. I will also enclose a manuscript-writing guide for his use.

Thank you for your considerate assistance and best wishes.

Sincerely yours, Ruth Maul, Assistant Editor, STUDENT LIFE."

History Classes Explore Old Days

The American History classes have been making some very clever exhibits the past two weeks.

Most of the exhibits were put together after the old frontier days, although some of them were during the gay twenties.

Five frontier forts were built. Two or three were made of matchboxes, others were made of colored sugar cubes.

Most of the girls made dolls, which were dressed as different characters. Some of the characters were: Betsy Ross, an Indian Maid, Flapper doll, and many frontier women.

Sharon Middlebrook made an exhibit of different plowing methods and types of irrigation.

Various other articles were made. Flags, barnyards, and steer horns were several of the miscellaneous items displayed.

Billy Butler, Ruby Smith, Johnny Griffin, and Jesse Price traveled to Lubbock, Friday, May 8. They took their correspondence test at Texas Tech.

Pat Ridling, a student from La-mesa High, is now coming to Crane High School. At this time, C.H.S. WELCOMES her back home, as she was a student here last year.

Officers Elected At Annual TSTA Picnic

Jack Atkinson was elected president at an annual TSTA picnic at the county park, May 5. Other officers elected are Bill Hannon, vice-president; Mrs. Margaret Lively, 2nd vice-president; Miss Sara Wheeler, secretary; and Mrs. Edith Salter, treasurer.

Some 200 TSTA members, wives, families, and guests were present for a steak supper at the county park Wednesday, May 5. The supper consisted of broiled steak, beans, salad, bread, relish, and coffee or iced tea.

Bill Teague, Floyce Underhill, and George Jones served on the food committee.

Retiring officers are as follows: John McLean, president; Floyce Underhill, vice-president; George Jones, secretary; and Mrs. Mary Davidson, treasurer.

David Curry, an honor student and sergeant-at-arms of the Student Council, withdrew from C.H.S. to attend school at Lake View High School, in San Angelo.

LEAVES EVERYTHING, BUT MEMORIES

Mighty Seniors Pen Last Will And Testament

WE, THE SENIOR CLASS OF CRANE HIGH SCHOOL, being about ready to cast aside our high school ways and depart for that sedate land of adulthood; and being mindful of the needs of those we leave behind; and being greatly appreciative of the aid which has been given us by the faculty members and our schoolmates, do by these presents declare this to be our LAST WILL AND TESTAMENT.

LINDA CANNON leaves her stolen pencils to JOYCE HAZLE. SUELLEN DAVIS and NANCY GARNER bequeath all of their unsuccessful chemistry experiments to SHARRON MIDDLEBROOK and BEVERLY SHORT.

Perhaps Sharon and Beverly can figure them out.

DORIS DENNIS leaves her bookkeeping ability to BARBARA BAILES.

DAVID GRIFFIN leaves his french horn and payments thereon to RICHARD WHITTAKER. MELINDA DUTTON wills her self-confidence to BEVERLY BLOUNT so she won't blush.

JOHNNY GRIFFIN and JERRY SWIFT leave their livestock shows in Juarez — or rather El Paso — to BOBBY BRUNSON and RONNIE HARRIS.

BILLY IRL BUTLER leaves his swimming pool open to all of the juniors to use next year when they play hockey.

GARLAND BAILES leaves his nickname "Goose" to STEVE JOHNSON, because "Icky" is becoming worn out.

DON BARDIN bequeaths his blond hair to RONNIE WIESER. MARY ANN BARKER wills her ability to get to class on time to BARBARA DAVIDSON.

JIMMY BOX confers upon MALCOLM WOMMACK his romantic experiences, so that Malcolm may profit from Jim's mistakes.

WORLD TRAVELER SETTLES IN CHS MAKES 7TH SCHOOL

Nick Brazell, a sophomore, has lived in Oklahoma, California, Oregon, New Hampshire, and in Warrington, England. He has spent the present school term in Texas and New Hampshire schools.

While living in New Hampshire, Nick sang with a professional group, the Sattellites, who played for record hops in Portsmouth, New Hampshire; Yorkbeach, Maine; Marblehead, Massachusetts; and at the Pease Air Force Base.

Nick stated that the Oakwood school in Warrington, England, was easier than schools in the United States. He also said that in England the students wore uniforms to school. The boys' uniforms consisted of grey coats with an oak leaf on them, grey shorts, socks, and tie-dye caps.

When asked how schools of other states compared with Texas schools, Nick stated that New Hampshire schools were easier and Oregon schools are harder.

He likes CHS because it is smaller than most of the schools he has attended and here he can become acquainted with more of the students. Nick stated that the detention hall and cement systems here are too strict. There is not much change in the courses offered in the various schools that he has attended.

Nick is the cousin of Karen Clayton and the brother-in-law of Jay Barnett who are both residents of Crane.

"The Crane", speaking in behalf of the entire Crane School System, wishes to extend heartfelt sympathy to Mr. and Mrs. C. L. Asberry and Jerry Charles in the tragic, untimely death of Sherry.

Biology Lab Gives Pets To Willing Brave Students

The Biology Department has several animals or reptiles at the end of each year.

This year only a few of these guinea pigs are left. One snake, one lizard, and all the fish in the aquarium are the only things which remain at the end of this year.

These pets are given to students who are willing to take them.

Joe Carter found a coyote pup and gave it to the lab. Because no one was willing to take him home, he was used in a laboratory experiment. (The coyote).

James Adcock In Critical Condition Motorboat Injury

James Adcock, a sophomore in Crane High, was reported in critical condition Monday, May 11, in the Odessa Medical Center Hospital.

Sunday, May 10, while swimming in the Imperial Reservoir at Grandfalls, James was hit in the face with the propeller of a motorboat, which didn't see him.

It was reported that all his teeth had been knocked out, his lip cut down to his chin, the jaw bone broken, and his chest badly bruised.

It was fortunate for him that the propeller missed his eyes. James went under surgery around 5:25 Sunday evening and was taken to the recovery room around 10:30.

James is a member of the Crane High Golden Band, and is an occasional cartoonist. In fact, you can see some of his talent on page two of this paper. The "5,000 A.D. Spaceman", is the name of the cartoon.

not disappoint them in what they expect of us. We further bequeath to our teachers the imposing mass of unusual and unverified information which may be found in our accumulated test papers. If any of the teachers wish to write an encyclopedia using this information, they may do so without paying royalties to our heirs.

To Mr. Harrison, our senior English teacher, we return unanswered the many difficult questions which he has prepounded to us in the past year. We believe that these same questions can be used over and over until they are worn to shreds, for surely they will never be answered. If we couldn't answer them, who can?

To the Junior Class, we leave our thanks and appreciation for the splendid way in which they have executed all the activities of the high school of which they have had charge.

To the future, we pledge our best effort to live true to the traditions of Crane High School and to work that we may be worthy to be counted among the graduates of this school.

To each of you we extend our appreciation for the patience, the friendship, and the aid you have shown and given us while we were pupils of Crane High School. We hope that each year the school may grow better; that the school spirit will be just as loyal as it has been in the past.

IN WITNESS WHEREOF, we have hereunto caused the signatures of the senior president and the senior secretary to be affixed, and we acknowledge this document to be the official act of the seniors of 1959 of the Crane High School. DONE AT CRANE HIGH SCHOOL, this 25th day of April, A.D. 1959.

STUDY NOW; PASS LATER

We, the seniors of Crane High School, would like to take this opportunity to say farewell and give our underclassmen a word of advice.

During the last four, five, or maybe six years of our high school career, we have been given many opportunities which we put off until later. Maybe this is the reason so many of us are taking correspondence courses in order to graduate. Maybe this is the reason some of us aren't graduating.

Students take this advice: when you are out running around and putting off your school work, you are hurting no one but yourself and maybe your parents. Study first, then run around. You'll come nearer to graduating with you relax.

Seniors Say Thanks For Guidance

As the school year draws to a close and our long awaited graduation day draws near, a bit of nostalgia creeps over us as we reminisce about our high school days. We are certainly going to miss the school activities we've taken part in and the students and teachers we leave behind.

There are things left undone that we wish we had done, and there are things we have done that bring regret. Even so, we can only wish the remaining classes all the fun that we've had; and if they have only half as much, their school year will be a joyous one.

We, the Senior Class of 1959, wish to take this opportunity to thank the school board, our fellow students, and the teachers we have failed to appreciate enough for the help and inspiration they have given us during our school years.

We say good-bye as we look back over our shoulders at our past before we turn to face life and all that it holds.

Is Your Diploma A Sign Of Maturity?

With your diploma in your hand you cross the stage, walk slowly up the aisle, and step out of your old alma mater for the last time. Then from your lips comes a hair-raising yell — worse than that of an Apache Indian.

Is this the way for a graduated senior to act??? Some do. But others realize that tonight is the last time they will ever see all their classmates together. Tonight ends the years of happiness, homework, and heroes; for tomorrow the four corners of the earth takes its claim. The armed forces will claim some, taking them to the distance lands far from home; the colleges will take their cut; jobs and marriage will take others; and death will even take some.

Yes, this is the last time together. Do you want it to end in a childish yell??? It's your choice, seniors.

Guard Against Summer Accidents

Two great tragedies in recent weeks have deeply impressed and reminded us of the dangers that accompany summer.

Every summer brings automobile accidents. Statistics prove that people between the ages of 16 and 24 are most often the victims of car accidents.

Do your share to lower this percentage by being careful. Don't just be careful for yourself — watch out for others.

We can't impress upon you too much the importance of being alert. Take every safety precaution, be aware of possible dangers, and know first aid. And on more thing — have fun!

MRS. BEYER'S FIFTH GRADE TAKES TRAIN TRIP

Mrs. Beyer's fifth grade class took a field trip to Odessa and Midland. We talked about the trip in our class meeting and wrote letters to the T & P Railroad, Air Terminal, Midland Hardware and Furniture, Frost's Bakery, Borders, and the Schaefer Hotel.

The train tickets were bought with the club money. All 23 children and these adults made the trip. Mrs. Chaney, Mrs. McKinney, Mr. and Mrs. C. Bennett, Mrs. Griffin, Mrs. Butler, Mrs. H. Smith, Mr. Steve Thomas, and Mrs. Beyer.

We had a very good time. After we got back we wrote letters of appreciation to the people that showed us around the places that we visited. We also made lists about ways of communication and transportation and wrote reports about the things we saw.

The club voted the following reports about the things we saw: son, Frost's Bakery; The Midland Airport, Paula Cook, Borders, Georgana Steele and Alecia Dutton; The State Department of Public Safety, Calvin Bennett; Midland Hardware and Furniture, Becky Hogsett; and Hotel Schaefer, Kathy Griffin; Our Train Ride, Marilyn McKinney.

We use to wash his hands for him, but now that he is not so small. He scrubs his own, unhelped, while we just wash the sink, the soap, the wall.

ATTENTION GIRLS!

In order to keep from breaking training rules, we publish this handy little reminder — take heed!

1. Never make a date with the baseball man; he hits and runs.
2. Beware of the gridster; he's quick to go into a huddle.
3. Shun the wrestler; he'll take you for a fall.
4. Avoid the track man; he's usually fast.
5. The tennis man is harmless but enjoys a good racket.
6. Always let the band member talk about himself; he enjoys blowing his own horn.

LETTER

Sweet Tart:

You're waffle cuts, and you are roll the world to me. I'm a well bread young fellow, and that's a good reason why you should marry me when I raise the dough. Be my butter half, and everything will pan out right. I sing your praises day and night because I loaf you as I am kneading your affection.

Doughnut refuse, honey bun, or you are more cruel than I think you are. I deserve a little over, for you are the flour of my existence.

Lovingly, Plaface
The Yellow Jacket

Barb: Have your eyes been checked?
Suzy: No, they have always been blue.

I ran up the door
And shut the stair
Said my shoe
Took off my prayer
Turned off the bed
Jumped into the light
All because you kissed me good night.

McCamey

Molten: "Barbara, sit down and tell sister a story."
Barbara: "Can't sit down, Mom. I just told Pa one."

Paul: "Let's skip school and go to Odessa this afternoon."
Billy: "I can't, I need the sleep."

Longview High School

Suz: "Why did God make all men foolish?"
Jerry: "So all you girls wouldn't be old maids."

Roses are red,
Violets are blue,
Are you getting bored?
Yeah, me too!

Completion Near For 'El Ave' Of '59

The annual staff reported that as of May 1, they lacked only 15 pages of having the annual completed.

Pages still incomplete are those including advertising, senior trip, graduation, baseball and a few odds and ends. Larry Stiger will be the annual's official photographer on the senior trip.

Only seven more ads need to be sold to complete the advertising section.

The color page for El Ave of '59 is a picture of the staff posing in front of the new county library.

This year's annual will contain 122 pages, an attractive padded cover, and the delivery date will be between August 25-30, the final number of books ordered was 245.

Paul Patterson reports that he is resigning as sponsor of the annual, and that Bob Erwin will be taking his place next year.

Mr. Patterson has sponsored the annual for the past ten years and says that he has enjoyed working with the many nice annual staffs through the years but is now glad to turn the book over to a younger man with newer ideas. Mr. Patterson will devote his time to Spanish and journalism.

As a final reminder to those who still owe picture bills to the annual, no reports will be issued until these debts are clear.

Crumley, Top Reporter Turns In Most Copy

At press time Jerene Crumley was leading in total column inches of stories appearing in The Crane for the current school year.

With the final six-page issue yet to be tabulated Jerene had submitted a total of 1194 column inches, as compared to 1907 column inches turned in by the runner-up, Doris Dennis. Third place honors at press time went to Barbara Wagner.

Jerene also led in fewest errors with an average of 35 column inches without an error. Don Bardin was second with 17 and Jean Woodbury, third, with 15.

Earliest copy honors went to Doris Dennis who turned in 23 early stories as compared to 15 early stories turned in by Gloria Looney.

In case one student wins in two categories, as is the case with Jerene — Most copy and fewest errors, one of these medals will be awarded to the runner up, since only one medal may be awarded one student.

Palo Duro Canyon Re-Discovered By Junior Historians

The Junior Historians, under the sponsorship of Miss Mae Featherstone and Charles Stroder made a week-end expedition to historic Palo Duro Canyon May 9 and 10.

They hiked, rode horseback, explored caves and visited sites and spots that figured prominently in the taming of the old Wild West.

For example, they visited the site of a big battle between the US Cavalry under Colonel Randall MacKenzie, (familiar these days to all Tele-viewers) and the wild Comanche Indians (likewise well-known to television fans).

A visit to the well-known JA Ranch, was another of the high lights of the trip; the JA's having been established by the widely known frontiersman and trail driver, Charles Goodnight, who was one of the first and most consistent users of our own horsehead crossing.

The girls of the party spent Saturday Night at the top of the canyon in what is known as Coronado's Lodge, while the boys pitched camp down in the canyon itself, but the entire party prepared their own meals at the camp site, with "Mollie Martin and Linda Pool and company making quite a hand at the pots and skillets."

As the male member of the party expressed it.

To qualify for the trip, each junior historian had to make a well-documented report on some phase of the Canyon's history, such as Coronado's connection with it, Mustang, buffalo, the Comanches, Indian Battles, etc.

That is, those who made the trip earned it and there was nobody along just for the ride.

Two cars, those of Miss Featherstone and Malcolm Wommack, made the trip, with Joel Damron's pickup along as "hoodlum wagon", that is, for the transportation of chuck, bedrolls, war bags, etc.

Girls in the party were Miss Featherstone, Mollie Martin, Linda Pool, Royce Wilkinson, Sue Turner, Dorothy Edwards, Beverly Billups, and Anna Beth Scott.

The boys, along with Mr. Stroder, were Joel Damron, Gary Gay, Malcolm Wommack, Durwood Jones, Joe Fowler and David Currie.

THE CRANE'S CREED:
THE CRANE'S PROMISES:

To be strong that nothing can disturb his peace of mind.
To talk health happiness and prosperity to every person he meets; to make all his friends feel that there is something in them; to look at the sunny side of everything and make his optimism come true.

To think only of the best; to work only for the best, and to expect only the best.

To be as enthusiastic about the success of others as his own; to forget the mistakes of the past and press on to the greater achievements of the future.

To give so much time to the improvement of himself that he has no time to criticize others; and to be too large for worry too noble for fear, and too happy to permit troubles.

ARE YOU A CRANE?

CHS FIRE DRILL PROVES BOYS OUT NUMBER THE GIRLS? Miss Lorene Davis, Patsy Brown, and Joyce Woody seem to be the only female specimens that are recognizable among this fine array of handsome young men. Could this be that these are the only lovelies that the handsome and brave CHS knights saved in the fire?

This could be you — or your servant — in not too many years. Yes, in today's modern world of rockets, missiles, and electronics anything is possible; and this spaceman, as pictured here by James Adcock, could be doing the work of tomorrow.

STUDY NOW; PASS LATER

We, the seniors of Crane High School, would like to take this opportunity to say farewell and give our underclassmen a word of advice.

During the last four, five, or maybe six years of our high school career, we have been given many opportunities which we put off until later. Maybe this is the reason so many of us are taking correspondence courses in order to graduate. Maybe this is the reason some of us aren't graduating.

Students take this advice: when you are out running around and putting off your school work, you are hurting no one but yourself and maybe your parents. Study first, then run around. You'll come nearer to graduating with your class.

Seniors Say Thanks For Guidance

As the school year draws to a close and our long awaited graduation day draws near, a bit of nostalgia creeps over us as we reminisce about our high school days. We are certainly going to miss the school activities we've taken part in and the students and teachers we leave behind.

There are things left undone that we wish we had done, and there are things we have done that bring regret. Even so, we can only wish the remaining classes all the fun that we've had; and if they have only half as much, their school year will be a joyous one.

We, the Senior Class of 1959, wish to take this opportunity to thank the school board, our fellow students, and the teachers we have failed to appreciate enough for the help and inspiration they have given us during our school years.

We say good-bye as we look back over our shoulders at our past before we turn to face life and all that it holds.

Is Your Diploma A Sign Of Maturity?

With your diploma in your hand you cross the stage, walk slowly up the aisle, and step out of your old alma mater for the last time. Then from your lips comes a hair-raising yell — worse than that of an Apache Indian.

Is this the way for a graduated senior to act??? Some do. But others realize that tonight is the last time they will ever see all their classmates together. Tonight ends the years of happiness, homework, and heroes; for tomorrow the four corners of the earth takes its claim. The armed forces will claim some, taking them to the distance lands far from home; the colleges will take their cut; jobs and marriage will take others; and death will even take some.

Yes, this is the last time together. Do you want it to end in a childish yell???

It's your choice, seniors.

Guard Against Summer Accidents

Two great tragedies in recent weeks have deeply impressed and reminded us of the dangers that accompany summer.

Every summer brings automobile accidents. Statistics prove that people between the ages of 16 and 24 are most often the victims of car accidents.

Do your share to lower this percentage by being careful. Don't just be careful for yourself — watch out for others.

We can't impress upon you too much the importance of being alert. Take every safety precaution, be aware of possible dangers, and know first aid. And on more things — have fun!

MRS. BEYER'S FIFTH GRADE TAKES TRAIN TRIP

Mrs. Beyer's fifth grade class took a field trip to Odessa and Midland. We talked about the trip in our class meeting and wrote letters to the T & P Railroad, Air Terminal, Midland Hardware and Furniture, Frost's Bakery, Borders, and the Schaefer Hotel.

The train tickets were bought with the club's money. All 23 children and these adults made the trip. Mrs. Chaney, Mrs. McManey, Mr. and Mrs. C. Bennett, Mrs. Griffin, Mrs. Butler, Mrs. H. Smith, Mr. Steve Thomas, and Mrs. Beyer.

We had a very good time. After we got back we wrote letters of appreciation to the people that showed us around the places that we visited. We also made lists about ways of communication and transportation and wrote reports about the things we saw.

The club voted the following reports about the things we saw: son, Frost's Bakery; The Midland Airport, Paula Cook; Borders, Georgiana Steele and Alecia Dutton; (The State Department of Public Safety, Calvin Bennett; Midland Hardware and Furniture, Becky Hogsett; and Hotel Schaefer, Kathy Griffin; Our Train Ride, Marilyn McKinney.

We use to wash his hands for him, but now that he is not so small. He scrubs his own, unhelped, while we just wash the sink, the soap, the wall.

ATTENTION GIRLS!

In order to keep from breaking training rules, we publish this handy little reminder — take heed!

1. Never make a date with the baseball man; he hits and runs.
2. Beware of the gridster; he's quick to go into a huddle.
3. Shun the wrestler; he'll take you for a fall.
4. Avoid the track man; he's usually fast.
5. The tennis man is harmless but enjoys a good racket.
6. Always let the band member talk about himself; he enjoys blowing his own horn.

LETTER

Sweet Tart:

You're waffle cute, and you are roll the world to me. I'm a well bread young fellow, and that's a good reason why you should marry me when I raise the dough. Be my butter half, and everything will pan out right. I sing your praises day and night because I love you so. I am knowing your affection.

Doughnut refuse, honey bun, or you are more cruel than I think you are. I deserve a little over, for you are the flour of my existence.

Lovingly, Platane
The Yellow Jacket

Barb: Have your eyes been checked?
Suzy: No, they have always been blue.

I ran up the door
And shut the stair
Said my shoe
Turned off my prayer
Turned off the bed
Jumped into the light
All because you kissed me good night.

McManey

Molleen: "Barbara, sit down and tell sister a story."
Barbara: "Can't sit down, Mol. I just told Pa one."

Paul: "Let's skip school and go to Odessa this afternoon."
Billy Lee: "I can't, I need the sleep."

Longview High School

Sue: "Why did God make all men fools?"
Jerry: "So all you girls wouldn't be old maids."

Roses are red,
Violets are blue,
Are you getting bored?
Yeah, me too!

Cranes Bow To Eagles
By Score Of 13-2

On Wednesday, May 13, 1959, the Golden Crane baseball team traveled to Odessa to meet the Ector Eagles only to be defeated by a score of 13-2.

Jimmy Leo and Billy Liverman were the Crane pitchers while Jerry Mills and Garland Bailes scored the only Crane points. This was Crane's second meeting with Ector. The Eagles also won the first game: Crane will meet the Eagles of Pecos in their next game.

Completion Near
For 'El Ave' Of '59

The annual staff reported that as of May 11, they lacked only 15 pages of having the annual completed.

Pages still incomplete are those including advertising, senior trip, graduation, baseball and a few odds and ends. Larry Suger will be the annual's official photographer on the senior trip.

Only seven more ads need to be sold to complete the advertising section.

The color page for El Ave of '59 is a picture of the staff posing in front of the new county library. This year's annual will contain 132 pages, an attractive padded cover, and the delivery date will be between August 25 - 30, the final number of books ordered was 245. Paul Patterson reports that he is resigning as sponsor of the annual, and that Bob Erwin will be taking his place next year.

Mr. Patterson has sponsored the annual for the past ten years and says that he has enjoyed working with the many nice annual staffs through the years but is now glad to turn the book over to a younger man with newer ideas. Mr. Patterson will devote his time to Spanish and journalism.

As a final reminder to those who still owe picture bills to the annual, no reports will be issued until these debts are clear.

Crumley, Top Reporter
Turns In Most Copy

Commits Fewer Errors

At press time Jerene Crumley was leading in total column inches of stories appearing in The Crane for the current school year.

With the final six-page issue yet to be tabulated Jerene had submitted a total of 1194 column inches, as compared to 1907 column inches turned in by the runner-up, Doris Dennis. Third place honors at press time went to Barbara Wagner.

Jerene also led in fewest errors with an average of 35 column inches without an error. Don Bardin was second with 17 and Jean Woodbury, third, with 13.

Earliest copy honors went to Doris Dennis who turned in 33 early stories as compared to 19 early stories turned in by Gloria Looney.

In case one student wins in two categories, as is the case with Jerene — Most copy and fewest errors, one of these medals will be awarded to the runner up, since only one medal may be awarded one student.

Liverman, Leo, Hinnant

This honor will be shared by three CHS boys. They are Jimmy Leo, half-back; Billie Liverman, center; and Richard Hinnant, half-back, each of these boys will be seniors next year.

Jimmy and Billie were nominations for All-State honors during the '58-'59 school year.

Spring football training will begin two weeks before school starts, instead of one week as it has been in previous years.

People who think they are better than other are Linda's pet peeve.

Linda stated that her embarrassing moments were so numerous that she couldn't choose the most embarrassing.

Linda plans college after graduation.

CHS Clubs, Classes Plan End Of School Parties

The various clubs and classes have planned end of school parties.

The FHA has planned a picnic at the county park in Odessa followed by a skating party, May 2. Each member is permitted to take one guest.

The National Honor Society planned a steak fry for members and guests at the Crane County Park, May 13.

The Freshman, Sophomore, and Junior Classes have planned to go swimming at Fort Stockton, May 16.

R. V. Turner took the volleyball girls water skiing and boat riding at the reservoir May 9. A few of the girls had been skiing before but for the majority this was their first time and they all succeeded in getting up on the skis.

Mrs. Ann Mayes, Mrs. Fred Westmoreland, and Mr. and Mrs. R. V. Turner accompanied the girls to the reservoir.

On May 8 Fred Westmoreland treated the volleyball girls to a barbecue at Underwoods' in Odessa followed by a movie, "Immolation of Life", at the Ector Theater. Mr. and Mrs. Bill Mayes, Mr. and Mrs. Fred Westmoreland, and Bill Woodbury furnished the transportation.

The Junior Honorists went to Palo Duro, Saturday, May 9.

Five CHS teachers are planning to work on their master's degrees this summer. Charles Burdette will study at East Texas State; Floyd Underhill, at San Marcos; Fred Barrett, at North Texas State; Miss Mae Featherstone, at the University of Texas; and Charles Stroder, at Mississippi State.

Raymond Blue was left off last six weeks Honor Roll. His average was 91.

BARKER, WOODBURY SHARE SCHOLARSHIP GIVEN BY COUNCIL

Mary Ann Barker and Joan Woodbury will share the \$200 scholarship awarded by the Student Council this year.

In the first balloting Mary Ann and Joan tied with Mary Ann winning in the run-off. However, since Hawley Van Court, and Ken Spencer, who each donated \$50, had requested that the recipient attend a four year college, the scholarship had to be divided. This being the case, the Student Council decided to award \$100 to Mary Ann and \$100 to Joan since Mary Ann had chosen an airlines school and Joan will attend a four year college.

Any senior who was interested in the scholarship was asked to sign his name in to either the Student Council or the Student Council of C. A. Carroll.

Twelve students submitted their names, and the committee narrowed them down to five.

The five persons were Larry Stiger, La Nelle Van Zandt, Mary Ann Barker, Joan Woodbury, and Gene Sigmon.

Eight Seniors Venture On Initial Train Trip

This is truly the age of automobiles. In this bet age with 67 million cars on the roads, trains are as often used as a means of transportation as they once were.

Eight seniors are looking toward the senior trip with anticipation for more reasons than one. These seniors, Jerry Swift, Johnny Griffin, Joyce Woody, Jerry Mills, Zelle Ivy, Ina Napier, Mary Ann Barker, and Harvey Heiser, have never ridden a train and will be introduced to an "iron horse" for the first time when the seniors ride from Odessa to New Orleans on the senior trip.

Eligible Graduates Have Ups & Downs 13 Years

In years past, the senior graduates have had their ups and downs. The total eligible for graduation grew from 23 to 60 and then dropped back to 50 this year, the smallest class to graduate in three years.

Other interesting statistics are given below.

Year	No. grads.
1946-47	23
1947-48	25
1948-49	29
1949-50	29
1950-51	34
1951-52	43
1952-53	50
1953-54	50
1954-55	60
1955-56	56
1956-57	54
1957-58	56
1958-59	50

Average gain is about three to four extra seniors per year. Except from 1954 to 1956, which was a gain of 10.

Judy Travis, a junior and ex Crane, represented the Kermit Yellow Jacket at the regional journalism meet in Odessa, April 25.

Larry Campbell, ex Crane and now a member of the armed forces, was placed on special duty on the way to Germany. His special duty consisted of playing his guitar for the officers and their wives.

For Week Before School

Teachers will not be required to attend summer school this year, in order to try out a new idea.

Instead of going to summer school teachers will attend a workshop August 25-29. This will give teachers four and a half days to discuss any new ways of teaching and which part of the subject they teach should be stressed more than other parts.

Brady Nix encouraged teachers to attend summer school anyway.

In Iraan Revival

Larry Hagler, a senior in CHS, had the honor of leading the song service at a revival held in the First Baptist Church in Iraan, Texas.

At first, the revival was scheduled a week earlier, and then was set up a week, because of weather.

SENIORS PLAN FOR FUTURE PICKING SCHOOL OR COLLEGE

Now that the end of the year is closing out, slowly but surely, seniors have made plans for their future schooling. The reason some of the seniors were not mentioned below is that some haven't as yet made up their mind or they didn't hand in their name before press time.

The following are the names of the students with the college or school they wish to attend after their name:

Mary Walker, Texas Woman's University; Leanne Turner, Rutherford Metropolitan in Odessa; Doris Dennis, Rutherford Metropolitan in Odessa; Jerene Crumley, Sul Ross State Teachers College; Nancy Garner, Sul Ross State Teachers College; Larry Joe Stiger, Abilene Christian College; Linda Cannon, Texas Woman's University in Denton; Norma Horne, Dallas Christian College;

Sammy Shipman Chosen 'Soldier Of The Month'

Army Private Sammy L. Shipman was named "Soldier of the Month" for April.

Sammy, who won the "Soldier of the Week" title April 1, was selected on neatness, personality, and conduct. In competing for "Soldier of the Week", he was asked questions on current events, sports and war events, which had to be answered in a short time.

When competing for "Soldier of the Month", one 1st sergeant and three lieutenants took Sammy into a room and rapidly asked him questions to see how fast his mind worked. After the question period was over, they checked Sammy's appearance. Sammy said that he was "standing tall" about then; but when they congratulated him on winning, he turned white, then red, and even shook a little.

Sammy is serving with the 599th Signal Co. in Fort Benning, Georgia.
