Pub. No. 122800 | Sunday, August 6, 1989 | Vol. 84 No. 63

New school year looms in sight

School bells soon will be ringing for Colorado City, Loraine and Westbrook students and teachers as school officials prepare for a new year.

Students start classes in Colorado City and Loraine on Monday, Aug. 28, while Westbrook students start Wednesday, Aug. 30.

Colorado City and Loraine teachers report for in-service training on Aug. 21 and in Westbrook on Aug. 22.

Students in all three school districts will see a number of new faces when they report for classes.

Teachers new to the Colorado City schools are Deborah Vines, kindergarten; Martha Anderson, third grade; Elizabeth Birmingham, middle school English; Linda Mathis, middle school girls' physical education/athletic coach; Tim Taylor, high school and middle school band; Valerie Taylor, middle school and high school band; Ed Eldridge, elementary and middle school counselor; Phil Anderson, high school automotive technology I and II; and Margaret Sellars, high school typing I and II/accounting.

Actually Martha Anderson and Linda Mathis are not new to the Colorado City schools since both previously taught here. The Andersons have moved back to Colorado City from Austin and Mathis is returning after taking a leave of absence.

New to the Loraine Schools this year are Adele Morgan, kindergarten; Sandra Vlasin, English; and Adele Wilkinson, Chapter 1.

The only new teacher in Westbrook is Gayla Stone, home economics I-III.

Most of the school administrators went back to work this past week and are busy preparing schedules for the new year which starts earlier than last year. All three school districts didn't start classes until Sept. 1 last year.

Colorado Middle School Principal Jim McLean said students new to the school will need to register between Aug. 14-18 from 8 a.m.-noon and from 1-4 p.m. He said registration is for new students only since other students (including last year's fifth graders) have already registered.

Band Directors Tim and Valerie Taylor Prepare for New Year

New band directors believe in teamwork

Colorado City's new band directors believe in team work - not only on the job but at home as well.

Tim Taylor and Valerie Taylor are a husband-wife team who plan to continue that teamwork as band directors for Colorado High School and Colorado Middle School.

The Taylors moved here from Arkansas where they were band directors in a county school system about the size of Colorado City. Tim was the junior high band director and Valerie was the middle school band director in Forest City, Ark. They taught there two years. Before that, Tim was a band director in Stuttgart, Ark.

Tim, a native of Mississippi, and Valerie, a native of Arkansas, met while they were students at Delta State University in Cleveland, Miss. Both already in love with music, they fell in love with one another.

"In fact, I recruited her (Valerie) for band at Delta State," says Tim with a smile.

Tim has gone on to get his master's degree in music education from East Texas State University in Commerce, and Valerie says she plans to start working toward her master's degree as well.

How did they end up in west Texas?

"We were looking to move to west Texas or eastern New Mexico to teach because of the strong community support shown for education and band programs," said Tim.

And, they've been pleased with what they seen so far.

"The administrative personnel and the townspeople have really been friendly and have welcomed us as part of the surroundings," said Valerie.

"I've met some of the band students and parents and I know we're going to enjoy working them," said Tim. "Everyone seems to have a very positive attitude and we want to see that enthusiasm continue."

"There seems to be a lot of interest and support for the total band program, and we're glad to see that," said Valerie.

Tim said he's not planning a great many changes in the marching band, other than to "expand on what's been done in the past" as far as marching style and music is concerned.

Both said they believe in a total band program, and expect to have more combined concerts of the high school and middle school bands.

"We would also like to start a jazz band in both high school and middle school," said Tim, adding that it's much easier for a jazz band to perform for community activities since, because there are less members in a jazz band, transportation is easier.

"I would also like to see a community band organized," he said. "There are so many people here that used to play in the band, a community band would be great."

The Taylors said they realize it will take a little time for students and parents and the community to adjust to new directors, but "we're committed."

Loraine schedules 2 public hearings

The City of Loraine is currently making plans to apply to the Texas Department of Commerce for Texas Community Development Program funds. Two public hearings to solicit the input of the community in the preparation of the Community Development Program will be conducted.

The first hearing will be held at the Loraine School on South Lightfoot Street at 8 p.m. Monday, Aug. 14, to discuss housing and community development needs, use of past TCDP awards, amount of funds available and eligible activities.

City Secretary Christine Britton said the city encourages individual citizens and citizen's groups to make their views known at these public hearings and welcomes the full participation of its citizens in the development of the TCDP application. General information on the TCDP program will be available. Citizen comments may be delivered in advance to City Hall at any time. Group representatives of persons of low and moderate income may request technical assistance in developing TCDP proposals by contacting City Hall.

The second public hearing will be held at City Hall, 201 Main Street, at 8 p.m. on Monday, Aug. 28, to allow citizens an opportunity to comment on the proposed project, amount of funds requested and estimated amount proposed for activities that will benefit low/moderate income persons.

Commodity distribution scheduled

Commodities of butter, canned pork and corn meal will be distributed in Mitchell County Tuesday and Thursday.

Tuesday distribution will be from 9-11 a.m. at Loraine and the ag barn. Thursday distribution will be from 9-11 a.m. at the Wallace Center.

The truck will be unloaded at 7:30 a.m. and workers will be need to be ready to start by 8:45 a.m., said Bertie Kidd, coordinator.

"Beginning this month, if a person misses two months picking up commodities, they will have to recertify the third month," said Mrs. Kidd. "New applications will be taken after 10 a.m."

Renderbrook-Spade to vie for title

Mitchell County's Renderbrook-Spade Ranch will be participating in the ninth annual Texas Ranch Roundup Aug. 18-19 in Wichita Falls.

"Part cowboy showdown, part reunion, the Texas Ranch Roundup brings to life the color and comaraderie of the original 'rodeo' on the Texas frontier," says event coordinator Ruth Ann Allred of Falls Distributing Co. "When the cattle industry was young, entire ranch families would get together before fall roundup to visit and to watch as dads, brothers, cousins and hired hands competed against other 'outfits' at working cattle."

This tradition continues as teams of working cowboys, wagon bosses, ranch owners and family members from 11 of Texas' best known ranches gather in the Wichita County Mounted Patrol Arena for a weekend of tale swapping, trail cooking and friendly roping and riding competition.

"When the dust settles," Allred says, "one ranch will earn braggin' rights as the 'Best Ranch in Texas'."

These seasoned cowhands will put their time-honored skills to the test during the two nights of fast-moving Texas Ranch Roundup arena competition. Patterned closely after daily ranch chores, the events give Old West fans a first-hand look at cowboy life unmatched by television or modern-day professional rodeos.

The stars of the Texas Ranch Roundup are some of the state's best working cowboys, the kind who still earn their living working cattle on the open range, in much the same way as their grandfathers and great-grandfathers.

"Watching the cowboys out in the arena, you find yourself thinking you're actually riding shotgun out on the Pitchfork," says Allred. "Whether the job is bringing down 400-pound calves for branding, coaxing headstrong cattle into a pen, breaking spooked broncs or milking wild cows, the rule is 'do it as you would on the ranch'."

Competition starts at 7:30 p.m. Friday, Aug. 18, and resumes again Saturday evening, Aug. 19. Competition is followed each night by dancing under the north Texas sky.

In addition, the roundup features a ranch talent competition Saturday morning. Around noon saturday, tempting aromas signal a chuckwagon cookoff as ranch "cookies" - working over white-hot mesquite coals in another display of ranch tradition - rustle up their favorite dishes. For a

Directories delivered

A native Texan's friendly face smiles from the cover of the 1989 Southwestern Bell Telephone (SWBT) directory which is being delivered in Colorado City, said Jim West, area manager.

There's a reason why Joe Dobkins of Red Oak is featured on the cover. He's also featured in the Texas Department of Commerce's tourism advertising campaign bearing the theme, "Texas. It's Like a Whole Other Country". The campaign is targeted at potential tourists from all over the United States.

"Research from the campaign shows that tourists mention friendliness as the biggest drawing card to Texas, more than the Alamo or any other attraction," said West. "All Texans can have a major impact on tourism by being 'Texas Friendly'."

The photo of Dobkins will appear on more than 175 Southwestern Bell Telephone directories distributed across the state in 1989.

"Travel and tourism directly benefits the Texas economy. It's a $17 billion industry which helps support over 300,000 jobs in Texas," said West. "Obviously, tourism plays a major role in Texas' economic development effort. Using our directory cover to promote tourism and our 'Texas Friendly' hospitality is one more way we can help boost the state's economy."

West said about 3,724 directories will be delivered to area residences and businesses. Delivery, which started Friday, should be completed by Aug. 18.

The Colorado City directory also features a slightly larger typeface for the residential and business listings. "We made this change after asking customers how we could improve our directory," said West.

Listings are included for Westbrook and Loraine. The section for Loraine will not be in large type.

Each residential customer will receive one directory. For additional copies, customers should call their Southwestern Bell Telephone business office. However, West requests that customers not call right away.

"If your friend across town got his directory before you received yours, you'll probably get one within a few days," he said.

This year, 33 white pages and 41 yellow pages make up the Colorado City directory. There are 3,461 white page listings.

Local emergency numbers are listed on the inside front cover of the new directory.

Hearing or speech impaired customers using a TTD/TTY may contact the Customer Assistance Bureau to communicate their telephone needs. They may call toll-free 1-951-7088 during business hours for an immediate response. Calls will be answered after hours and directed to the bureau during the next business day.

In the customer guide at the front of the directory, customers will find tips on how to save money on their phone service. Also included is a toll-free number Texas customers may call if they have a complaint about their telephone service (1-800-422-0499).

The ranch roundup's climax comes Saturday night with the naming of the top hand, top horse and the 1989 "Best Ranch in Texas".

Other ranches competing are returning champion W. T. Waggoner Estate (Vernon), Cowan & Son Circle Bar Ranch (Seymour), Double U Hereford Ranch (Levelland), JA Cattle Co. (Palo Duro), Lewis Ranches (Clarendon), Moorhouse Ranch Co. (Benjamin), Pitchfork Land & Cattle Co. (Guthrie), R.A. Brown Ranch (Throckmorton) and the Tongue River ranch and Spur Headquarters Ranches (Dumont).

The roundup is co-sponsored annually by Budweiser and the North Texas Rehabilitation Center. Proceeds from the event benefit the North Texas Rehabilitation Center (Wichita Falls), the East Texas Rehabilitation Center (Abilene) and the West Texas Boys Ranch (San Angelo).

Roundup tickets are $9 reserved and $4 general admission. Tickets may be purchased at the gate or by calling Teresa Tillman at Cash-A-Check, 817-691-1723.

Mitchell, Dunn married June 17

Jodi Anne Mitchell of Colorado City and Dirk Randall Dunn of Ira exchanged wedding vows June 17, 1989 at the First Baptist Church in Colorado City.

Dr. Ted Spear, pastor, officiated.

The bride is the daughter of Mrs. Jane Mitchell of Colorado City and the late Perry Mitchell.

The groom is the son of Mr. and Mrs. Donnie Dunn of Ira.

The altar area of the church was decorated with a brass heart-shaped candelabra ensemble accented with greenery and fushia bows. A unity candle and floral arrangement were on each side. Pews were decorated with fushia bows and baby's breath.

Music, provided by Pat McClure, organist, and Sonya Girvin, soloist, both of Colorado City, included *We've Only Just Begun, Theme to Ice Castles* and *The Twelfth of Never*.

Given in marriage by Darell Dunn, her uncle, the bride wore a gown of satin and crystalline organza. The bodice, encrusted with hand-beaded sequins and pearls on scheffli lace, featured a wedding band neckline and ruffled sleeves. The basque waistline flared into a sheat skirt accented with beaded lace motifs. The filament ruffled skirt, highlighted with a bow at the waist, flowed into a cathedral train. To complete her attire, the bride chose a pearl wrapped headband highlighted with pearl and lily of the valley sprays on the sides and accented with pouf and fingertip veil. Her bouquet was a cascading arrangement of white roses, baby's breath and ribbons.

For something old, she wore her father's wedding ring on a necklace. Something new was her dress. Something borrowed were earrings from a cousin and something blue was a garter.

Maid of honor was Christy Mitchell of Snyder, sister of the bride. Bridesmaids were Oria Gonzalez and Billie Muncrief, both of Colorado City. They each wore a fushia satin, strapless tea-length dress with a bow at the waist and a shoulder wrap with a bow in front. They each carried a single rose.

Flower girl was Amanda Forbes of Jacksonville, N.C., niece of the groom. She wore a fushia tea-length dress with gathered ruffles and a bow at the waist.

Ring bearer was Chase McPhaul of Colorado City who wore a black tuxedo with fushia accessories.

Best man was Dennis Dunn of Ira, father of the groom. Groomsmen were Stacy Forbes of Jacksonville, N.C., brother-in-law of the groom and Bobby McGlothlia of Roscoe. Ushers were Ronald Proctor of Colorado City, brother-in-law of the bride, Ted Cooley, Shane Dunn of Lubbock, cousin of the bride, and Rebel Royal, cousin of the groom. They each wore a black tuxedo with fushia bow tie and cummerbund.

The registry table was decorated with a fushia bow and baby's breath.

A reception followed in the fellowship hall of the church.

The bride's table was covered with a white ruffled cloth accented with fushia bows. It featured a white, three-tiered cake with a flowing fountain. Each tier was separated by columns and accented with pale pink and fushia flowers. Two small, two-tiered cakes were attached to the main cake by white walk ways on which stood singing angels. Fushia and pink ribbon decorated the columns and stairway. The cake was topped with a miniature cowboy and bride. A silver punch bowl completed the setting.

Serving at the bride's table were Denise Lowrance of Colorado City and Deana Browne of Snyder.

The groom's table featured a John Deere tractor cake resting on top of a chocolate sheet cake. The table was decorated with miniature hay and cotton bales and small John Deere tractors. A hay wreath with green ribbon and miniature animals served as the center piece.

Serving at the groom's table were Wendy Wilson of Ira, cousin of the groom, and Dee Dee Dunn of Ira, sister of the groom.

After a honeymoon trip to Austin, the couple is at home in Colorado City. She is a 1989 graduate of Colorado High School and will attend Western Texas College this fall. He is a 1986 graduate of Ira High School and is a farmer.

A rehearsal dinner was hosted by the groom's parents in the fellowship hall of the church.

1989 PROPERTY TAX RATES IN MITCHELL COUNTY

This notice concerns 1989 property tax rates for Mitchell County. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's EFFECTIVE tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's ROLLBACK tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case, these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per $100 of property value.

		General Fund	Farm to Market

SCHEDULE A: Unencumbered Fund Balance

The following balances will probably be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
COUNTY	$1,634,078.0000
ROAD & BRIDGE	$2,723,214.0000

SCHEDULE B: 1989 Debt Service

The unit plans to pay the following amounts for long term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

Description of Debt	Principal or Contract Payment to be Paid	Interest to be Paid	TOTAL
		NONE	

Tax required for 1989 debt services

Amount (if any) paid from funds listed in Schedule A

Excess Collections last year

Total to be paid from taxes in 1989

Amount added in anticipation that the unit will collect only % of its taxes in 1989

Total Debt Service Levy

SCHEDULE C: Expected revenue from additional sales tax

In calculating its effective and rollback tax rates, the unit estimated that it will receive $163,085.7300 in additional sales and use tax revenues.

This notice contains a summary of actual effective and rollback tax rate calculations. You can inspect a copy of the calculations at MITCHELL COUNTY COURTHOUSE.

FASHION!

4-H members model fashion projects

Mitchell County 4-H members have spent hours of work and fun completing their fashion projects. Eighteen members competed at the county level with winners advancing to district competition.

Extension Agent Libbi Garnett said seniors were judged in four categories: tailored daywear, non-tailored daywear, active sports and specialty wear, and evening wear. Junior and intermediate divisions were split into two categories: evening/daywear and sports and specialty wear.

The top senior in each category is eligible to represent the district at the state 4-H Fashion Show set for August 17-19 in Tyler.

The county fashion show was held at Lone Wolf Country Club with the theme "Express Yourself". Members modeled their garments after which models, parents, 4-H leaders and friends enjoyed a deli luncheon. The county event was sponsored by Producers Co-Op Gin of Colorado City, Co-op Gin of Loraine, Mitchell County Gin and Mitchell County Produce. Colorado Gin Company donated individual jars of cottonseed oil for participants' use. Participants who used at least 50 percent cotton content fabrics were eligible for special cash prizes.

A tropical theme highlighed the annual District 7 4-H Fashion Show in San Angelo July 31. More than 100 4-H youths from Extension's West Central District modeled at the affair held at the Texas Agricultural Research and Extension Center.

Mitchell County 4-H members are currently getting ready to kick off the 1989-90 4-H year. 4-H is open to all youth regardless of socio-economic level, race, color, sex, religion, handicap or national origin.

"If you are interested in 4-H or know somone who might be, please call 728-3111," said Garnett.

JERI' LYNN GRAHAM has chosen the denim look for her two-piece skirt ensemble. The skirt has an elasticized waistband and vent-pleat in back. Her top has a fabric bow at the top and she chose black accessories. Her parents are Jan Graham and Jerry Graham.

STACY SMITH is ready for poolside action in this two-piece swimsuit and cover-up. The skirt is of cotton and features primary colored design. The cut-out designs are appliqued on her tote bag to complete the outfit. She is the daughter of Bill and Kleta Smith.

TRACY COMPTON is a first-year 4-H fashion member and is off to a great start. Her cuffed shorts and back-tie top are of cotton blend for easy care, easy wear. She is the daughter of Mr. and Mrs. Cecil Crow.

FRANCESCA HELM, daughter of Mr. and Mrs. Austin Helm, chose 100 percent polyester fabric for her two-piece evening suit for her third-year clothing project. Her accessories included a pearl necklace of her great grandmother's and white pumps to complete the outfit. She was county winner, senior evening wear.

CAASI SMITH is ready for school and cool autumn days in her three-piece group of 100 percent wool. The skirt and top are navy and coordinate together or with many other garments in Caasi's wardrobe. Her jacket is Kelly green, fully lined, and features appliqued flowers of ultrasuede. She is the daughter of Mr. and Mrs. Donald Smith.

BETHANY BRIDGFORD makes a fashion splash in this tank swimsuit with matching cover-up. The turquoise center is outlined with black side insets and black straps. Bethany is the daughter of Dr. and Mrs. B.B. Bridgford.

ANDREA HELM has chosen a Laura Ashley pattern for this soft summer dress. Her fabric is cool 100 percent cotton and she accessorized her look with white T-strap shoes and white hose. She is the daughter of Mr. and Mrs. Austin Helm. She was county winner, intermediate daywear division and also won the cotton award.

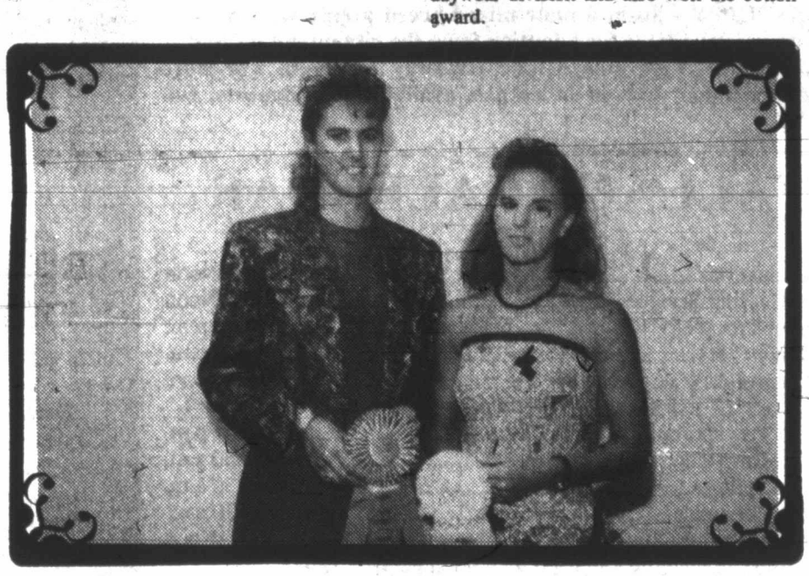

LORI DOCKREY is no newcomer to the 4-H fashion project. This year she has taken on a great challenge with her all-stripe sundress and red jacket. Lori's stripes were perfectly matched and she uses dressy white patent pumps to complete her look. She is the daughter of Mr. and Mrs. Jim Dockrey. She was a county winner, honorable mention, intermediate daywear division.

SHANNON WHITE competes with the Ramses Exhibit for Egyptian attention in this print two-piece pantsuit. The top is sleeveless and features a scoop neckline. Her pants are clamdigger length and she has accessorized her outfit with tan sandals and wooden earrings. Shannon is the daughter of James and Diana Kirchner. She was a county winner, junior daywear/evening wear division.

Being the daughter of cotton farmers, Mr. and Mrs. Tony Turner, means that **ANGELA TURNER** says "It Matters!". Angela's jumpsuit is of 100 percent cotton and features a diagonal V-neckline and push-up sleeves. She accessorized with a white knit belt and white shoes. She was county winner, honorable mention, best model award, cotton award, intermediate division.

Everything's coming up roses for these two **BRIDGFORD** sisters. Both girls participated in the consumer buying division of the 4-H Fashion project. Instead of constructing their garments, they purchase garments and are judged based on skills and knowledge of comparison shopping. **BRIDGETT**, right, selected a strapless sundress for competition in the daywear division. The geometric prints are of turquoise and white, and the tiered skirt is divided by black. She accessorized her dress with black faille shoes that tie on top. Bridgett was the county winner in her division and is the district alternate to state. **BRITTANY** competed in the evening wear division. She chose a waltz-length straight navy skirt of rayon with matching sleeveless top. She selected a tapestry, lined jacket in jewel tones of sapphire, ruby and gold. Brittany was the evening wear division winner at county and district competitions and will advance to state competition. Brittany also won the the best model award for the senior division at county level. They are the daughters of Dr. and Mrs. B.B. Bridgford.

BETTINA BRIDGFORD looks bright and feminine in this two-piece ensemble of cotton. Her skirt features a pretty back detail of stair-step ruffles. Her top has a ruffled neckline and she chose a yellow hair bow and socks to tie it all together! She is the daughter of Dr. and Mrs. B.B. Bridgford. She was a county winner, junior daywear and also received a cotton award.

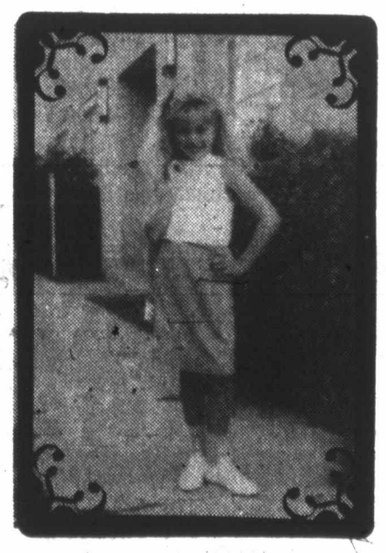

Anchors Away! for **AUDRA BUCKALEW** who constructed red shorts and a white top. She painted an anchor on the top to give a nautical personality to her outfit. She is the daughter of Mr. and Mrs. Jerry Buckalew.

It may not be Valentine's Day, but **JANA LEIGH REDWINE** is sure to be a sweetheart in her red and white, heart-print skirt set! The top features a scoop neckline and accent bow in front. Jana Leigh is wearing red and white socks and shoes for that "total" look. She is the daughter of Mr. and Mrs. Terry Redwine.

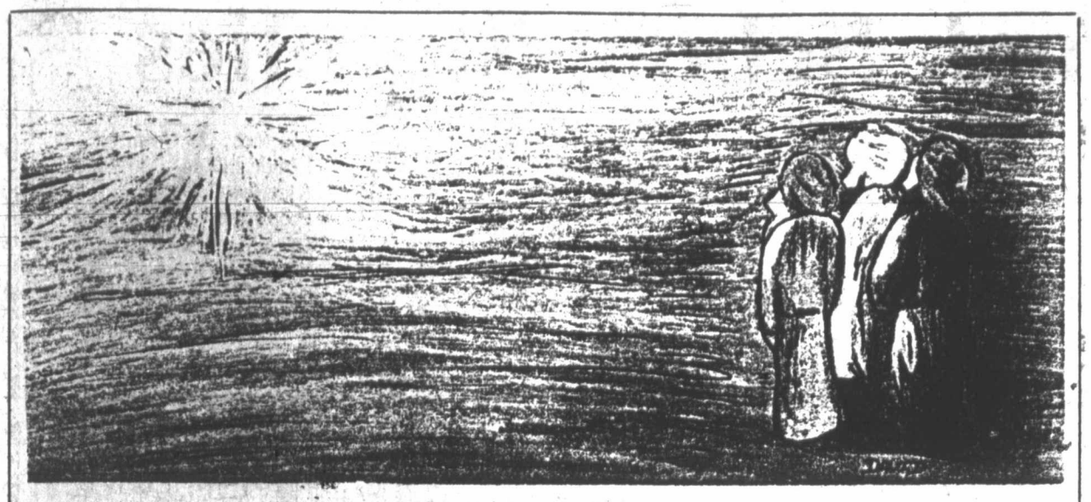

HAYLEY SMITH is sizzling and bright in these hot summer colors of neon. The all-knit ensemble features a banana yellow top, neon print skirt and neon green bicycle pants. She is the daughter of Mr. and Mrs. Donald Smith. The was county winner, junior sports/specialty division.

The turquoise in New Mexico was never this pretty. **MICA MERRELL**, daughter of Mr. and Mrs. Mark Merrell, chose this bright turquoise knit for her pull-on skirt and matching jacket. The sleeveless, mock turtleknit top is white, splashed with turquoise polka dots. She was the county winner of the best model award, junior division.

Abilenian David Benson's 1987 winning Christmas card featured three wise men

Cancer patient draws a winner

EDITOR'S NOTE: The following story, which appeared in the *Abilene Reporter News*, tells about David Benson of Abilene, great-grandson of Marie Benson and Ruth Lewis of Colorado City and grandson of Don Benson of Fort Worth and Jackie Kinson of Alvarado.

It started simply, with a child drawing a picture that caught the eye of a passing adult who decided the sketch looked good enough to be the design on a Christmas card.

The child was a cancer patient at the University of Texas M.D. Anderson Cancer Center in Houston, undergoing treatment. The drawing ended up being the first in the University of Texas M.D. Anderson Cancer Center's Children's Christmas Card Project.

The creation of Page Lawson, the hospital's director of volunteers, the project began as a way to encourage and support the pediatric cancer patients, as well as make some money to support projects and activities that would benefit the kids. Now, 16 years later, the project has grown from selling 3,000 cards the first year to 3.2 million internationally last year.

The hospital's arts and crafts instructors encourage the children to submit drawings for the annual card contest, with only 10 to 12 drawings a year selected as winners to be turned in Christmas cards.

The patients range in age from 5 to 18 years and suffer from a variety of cancers, but the one common denominator among them is a need to feel positive and keep busy.

It took Abilenian David Benson about six years and 50 or more attempts to come up with a winner. Benson, the son of Karen Smith Benson and Robert Benson, was diagnosed with acute lymphocytic leukemia at the age of eight. From the very beginning of his treatments at Anderson, Benson said he began trying to draw a winner.

But it wasn't until he suffered a relapse in 1987 that he was able to come up with a top design.

Benson, who plans to be a doctor specializing in pediatric oncology, said he woke up one night about midnight with a picture his mind for a card. He got up and began drawing what would be his winning picture of three wise men gazing at the star of Bethlehem.

As a winner, Benson, who will be a junior at Abilene High in the fall, was given a cash prize and an honorary pin, and has been able to enjoy some of the profits from sales of his card. The money goes to fund various activities and projects for the patients, but also helps pay to send the kids and their siblings to Anderson's Camp Star Trails near Navasota.

Benson and his younger sister Danielle have attended the camp twice, enjoying activities such as archery and swimming. Both went back in June, but this time Benson attended as a counselor in training with plans to keep going back as a counselor.

"It's the only place you can go and really see kids who are cancer patients get to be 'normal'," explained Benson, who continues to act as a counselor to other pediatric patients at Anderson during his bi-monthly visits for check-ups and chemotherapy.

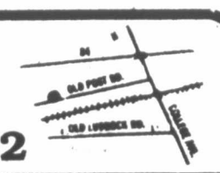

Those interested in buying the Christmas cards can call the national toll-free Anderson number at 1-800-231-1580 for prices and ordering information.

1989 PROPERTY TAX RATES FOR CITY OF LORAINE

This notice concerns 1989 property tax rates for the City of Loraine. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's EFFECTIVE tax rate would impose the same total taxes as last year if you compare properties taxes in both years. This year's ROLLBACK tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case, these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per $100 of property value.

LAST YEAR'S TAX RATE:	
Last year's operating taxes	$52,890.4201
Last year's debt taxes	7,595.4975
Last year's total taxes	60,485.9176
Last year's tax base	7,317,435.0000
Last year's total tax rate	0.8266
THIS YEAR'S EFFECTIVE TAX RATE	
Last year's adjusted taxes (after subtracting taxes on lost Property)	$59,930.6078
This year's adjusted tax base (after subtracting taxes on new Property)	7,318,310.0000
This year's effective tax rate	$0.8189
x 1.03 = maximum rate unless unit publishes notice and holds hearing	0.8435
THIS YEAR'S ROLLBACK TAX RATE:	
Last year's adjusted operating taxes (after subtracting taxes on lost property)	$50,882.2895
This year's adjusted tax base	$7,318,310.0000
This year's effective operating rate	0.6953
x 1.08 = this year's maximum operating rate	0.7509
This year's debt rate	0.0985
This year's rollback rate	0.8494

SCHEDULE A: Unencumbered Fund Balance

The following balances will probably be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
General Fund	$64,051.2800

SCHEDULE B: 1989 Debt Service

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

Description of Debt	Principal or Contract Payment to be Paid	Interest to be Paid	Other Amounts to be Paid	Total Payment
Water & Sewer	$4,000.00	$3,400.00	0.00	$7,400.00

Total required for 1989 Debt SERVICE	$7,400.00
Amount (if any) paid from funds listed in Schedule A	0.00
Excess collections last year	0.00
Total to be paid from taxes in 1989	$7,400.00
Amount added in anticipation that the unit will collect only 100.0000% of its taxes in 1989	0.00
Total Debt Service Levy	$7,400.00

SCHEDULE C: Expected Revenue from additional sales tax
(For counties and cities with additional 1/2 cent sales tax)

In calculating its effective and rollback tax rates, the unit estimated that it will receive $ in additional sales and use tax revenues.
This notice contains a summary of actual effective and rollback tax rate calculations. You can inspect a copy of the copy of the full calculations at Loraine City Hall.

Films to be shown at library

The following films will be shown at the Mitchell County Public Library on Wednesday, Aug. 9, at 2 p.m.

Noises in the Night - Sherri fears the noises that she hears in the night, imagining ghosts, dragons and shoes walking by themselves. Her parents help her understand that night noises are made by familiar things.

Runt of the Litter - This is the story of a little pig named Wilbur who becomes the pet to a little girl named Fern who saves him from her father's ax. When he is sold to Farmer Zimmerman, he feels unloved and alone until he is befriended by a beautiful gray spider named Charlotte.

Island of the Skog - Seeking an escape from cats and other urban dangers, Jenny and her mouse friends sail away in search of a more peaceful life. After a tumultuous voyage, they discover an island inhabited only by the Skog, whose footprint indicates a huge, terrifying beast. When the mice finally capture the Skog, they learn together the values of trust and communication.

This is the last date for the films as well as the story time at 10:30 a.m. Children who signed up and have completed the requirements of the Summer Reading Program should come in and and pick up their certificates.

1989 PROPERTY TAX RATES IN CITY OF WESTBROOK, TEXAS

This notice concerns 1989 property tax rates for CITY OF WESTBROOK. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine property taxes last year. This year's EFFECTIVE tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's ROLLBACK tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case, these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per $100 of property value.

LAST YEAR'S TAX RATE:		
Last year's operating taxes		$5,662.1952
Last year's debt taxes		0.0000
Last year's total taxes		5,662,1952
Last year's tax base		2,497,660.0000
Last year's total tax rate	/$100	0.2267
THIS YEAR'S EFFECTIVE TAX RATE		
Last year's adjusted taxes		$5,662.1952
This year's adjusted tax base		2,347,810.0000
This year's effective tax rate	/$100	0.2412
x 1.03 = maximum rate unless unit publishes notice and holds hearing	/$100	0.2484
THIS YEAR'S ROLLBACK TAX RATE:		
Last year's adjusted operating taxes		$5,662.1952
This year's adjusted tax base		2,347,810.0000
This year's effective operating rate	/$100	0.2412
x 1.08 = this year's maximum operating rate	/$100	0.2605
This year's debt rate		0.0000
This year's rollback rate	/$100	0.2605

SCHEDULE A: Unencumbered Fund Balance

The following balances will probably be left in the unit's property tax accounts at the end of the fiscal year. These balances are not encumbered by a corresponding debt obligation.

Type of Property Tax Fund	Balance
None	

SCHEDULE B: 1989 Debt Service

The unit plans to pay the following amounts for long-term debts that are secured by property taxes. These amounts will be paid from property tax revenues (or additional sales tax revenues, if applicable).

None

Total required for 1989 debt service	NONE
Amount (if any) paid from funds listed in Schedule A	NONE
Excess Collections last year	NONE
Total to be paid from taxes in 1989	NONE
Amount added in anticipation that the unit will collect only % of its taxes in 1989	
Total Debt Service Levy	NONE

SCHEDULE C: Expected Revenue from additional sales tax

In calculating its effective and rollback tax rates, the unit estimated that it will receive NONE in additional sales and use tax revenues.

This notice contains a summary of actual effective and rollback tax rate calculations. You can inspect a copy of the calculations at CITY HALL, CITY OF WESTBROOK.

TRI-STATE WINNER - Roland Nelson, 9, of Colorado City won first place in a tri-state gymnastics meet June 17 in Levelland competing against students from Texas, New Mexico and Oklahoma in the advanced division of the 8-9 year old group.

Leaders to discuss education priorities

Chamber of commerce leaders from across the state will meet in Austin on Thursday to seek ways to encourage the business community to work with educators in preparing Texas public school students for career opportunities in the 1990s.

The meeting is sponsored by the Education Task Force of the Texas Chamber of Commerce, headed by Paul Roth, who is president of Southwestern Bell Telephone Company in Texas.

Roth said that the meeting is one of the most important that the Texas Chamber has sponsored this year.

"We know that most of our natural resources are limited," he said, noting that "human resources are limited only by the opportunities that quality education offers.

"The objective of our meeting is to seek ways for the business community to join with educators and other interested citizens in providing a quality education for young Texans," Roth said.

Glenn Biggs, chairman of the board of the Texas Chamber, will preside at the meeting and program speakers include Larry Milner, president of the CEO of the chamber; Gary Wood, president of the Texas Research League; Larry Jenkins, chairman of the Governor's Select Committee on Education; and Linus Wright, former superintendent of the Dallas Independent School District and former Under-Secretary of Education.

Bob Holland, president of the Committee for Economic Development, will speak on successful initiatives in other parts of the country. Wood will present an overview of the current situation in Texas, Jenkins will talk about recommendations and action to date on educational improvements, and Wright will speak on barriers to progress.

Roth, who has presided over three exploratory meetings of the task force over the past two months, will outline objectives of the proposed business and education coalition and give an overview of a proposed plan of action.

The meeting is scheduled from 1-4 p.m. at the Marriott at the Capitol Hotel in Austin.

Letters to the Editor

In support of Larry Hale

TO THE EDITOR: I want to say a few words in support of Larry Hale. We voted for Larry not once, but three times. This should in itself be enough to let people know who we wanted for our commissioner. We are supposed to live in a free country, where we vote as we please, and that person is elected because it is the desire of most of the people. In Larry's case, this does not seem to be way it works. Now, it seems someone or a group of someones want him out of office, so they will try anyway they can. Everything that could be thought of was said during the time he was trying to be elected. We, the voters, should have the say. It seems no matter what the cost, the talks keep going. I have never seen anything that has caused so much talk in a town. It is really doing a lot of harm. Most everybody feels as I do; they think Larry has really gotten a dirty deal. We need young women in places of leadership as well as young men, however, if they are all going to be treated as Larry has been, who would want to try. He has never been given a chance. Why don't we all give him that.

I don't understand the way some of the Commissioners are doing. They all had to have a start. I just think each of you needed understanding - why don't you do the same for Larry? Seems as he has worked for several years making a good hand. Now that he wants to go farther with his work, you want give him that chance. One Commissioner has really disappointed me in things I have heard he is saying. I just didn't think he was that kind of a man, and would be much more fair in his dealings. Larry has only been in office seven months now and has done more for the roads than had been done since I moved out here in 1981.

Mr. Redwine had a letter to the editor not so very long ago. He was pointing out things that needed attention. He is making a plea to people to do something before our town has nobody left. If something isn't done, we won't have a town. I believe Mr. Redwine was right in so many of the things he was talking about. Unless you are one of the group, you don't have a chance. It really is a shame a few people can run everybody's life. And the voting process doesn't even have a chance. We the people put Larry in office and we want him there.

I do not know the reason Larry has been put through all the things he has, but you who are doing these things should stop and think what this country is all about. I do not believe Larry is guilty of any wrong doings, and a world of other people in this county believe the same way as I do.

The names we have on our list showing we support Larry has been a blessing to me as I have talked to people. Haven't been able to reach near the people who would like to have their name there. They are all strong in the belief that he has been very badly treated, and they feel he is not guilty.

Larry has never come out with any mud slinging like has been done to him. I am very thankful for this. I know he could have, but he is a better man for not doing it.

Larry and his wife, Bea, go to Plainview Baptist Church. We all love them there and find them to be a very nice couple. They are an asset to our church, and to our community. I am a member there, also. Thanks for nice people like Larry Hale.

I for one trusted Larry to do a job when I voted for him. I still trust him to do that job, and if he was left alone he would. If Larry were running tomorrow for the same job or another, I would still vote for him.

We have a list of 365 names that will be presented to Larry, showing the support of the town. I am sorry we cannot get it in the paper. But, I want to thank each of you, for your help. Larry will be glad to get this list.

Thanks,
Floy Law
Colorado City

EDITOR'S NOTE: We would have been glad to publish the signatures of persons who expressed support for Mr. Hale. However, legally, we cannot run the signatures without the consent of the those signing the petition. And, since several of those who signed the petition told us they did not give permission for their signatures to be published and did not want their signatures published, we chose not to run the list.

Let your vote send a message

TO THE EDITOR: Oh, hum!

Let them burn our flag, let them take away our hero's pension, maybe someday, we won't have a hero; while Castro executes Ochoa, then ask help from the hated U.S.; let them execute Higgins, keeping peace (what peace his family thinks); while we give office space, fully staffed, with pension for life to all former speakers of the House (one speaker gets $80,000 plus per year) for life; while we let murderers of the innocent out on the streets, to do it again; while we let drug pushers, run the streets, to trap our kids, why not give them both capital punishment?

Have you ever thought that we'd be so lax, even if all this, is at taxpayers' expense?

What can we do to stop the flow of American money to Communists and the above problems? Vote our congressmen out of office every two terms and WATCH THEM GO TO WORK FOR YOU!

Yard of month contest set

The Colorado City Area Chamber of Commerce is sponsoring a "Yard of the Month" contest for the months of September and October. A $50 gift certificate will be presented to the winner each month and a sign will be placed in the winning yard for the month inscribed "Yard of the Month".

Rules are as follows:

1. Yard of the month must be a residence, owned or rented.
2. Yard must be within city limits.
3. Winner cannot be repeated during the following months of the year.
4. Yard to be selected by a committee of the chamber of commerce.

Non-winning yards may be re-nominated each month. Deadline for nominations for the month of September is Aug. 25.

Those wishing to nominate a yard within the city limits should contact Marsha Burrus, 728-5254; Flo McKenney, 728-5879; or the chamber of commerce, 728-3403.

YARD OF THE MONTH - Brian Bassham, second from left, is presented a gift certificate after his yard was chosen for Yard of the Month honors for August by the Colorado City Area Chamber of Commerce. Making the presentation are from left, Gary Parker, chamber president, Flo McKenney, Marsha Burrus and Ettie Walker, chamber manager.

What's cooking after school?

When your teenager comes home from school hungry for pizza and something to do, make him an after school pizza chef!

Here's a pizza topped with a colorful, flavorful twist—guacamole—made with delicious California avocados. In addition to its good taste, this pizza is easy to make.

Top Hat Pizza

1 pre-baked 12-inch pizza crust
2 cups (8 ounces) shredded low-fat mozzarella cheese
1/4 cup each julienne cut red and green bell pepper
1 can (4 ounces) diced green chilies
2 tablespoons sliced black olives
2 green onions, sliced
12 slices Roma tomatoes
2 ripe medium California avocados, seeded, peeled and mashed
1 tablespoon lemon juice
1 teaspoon garlic salt
1/2 teaspoon seasoned salt
5 drops red pepper sauce
1/4 finely crushed tortilla chips

Place pizza crust on baking sheet, sprinkle on mozzarella cheese, red and green pepper, green chili, black olives and onion. Bake at 375 ° F in preheated oven 10 to 12 minutes until cheese is melted. Meanwhile, prepare guacamole by combining avocado, lemon juice, garlic salt, seasoned salt, red pepper sauce and crushed tortilla chips.

Top hot pizza with tomato slices and generous mounds of guacamole in center of each tomato. Serve additional guacamole with sliced pizza.
Makes 10 servings.

CONSTITUTION BICENTENNIAL - A summer institute for secondary school teachers on teaching the U.S. Constitution was held recently on the campus of Southwest Texas State University, San Marcos. The institute gave secondary school teachers the opportunity to intensively study the Constitution and to develop curricular materials to help them teach Constitutional principles. The Bicentennial Commission's theme for the 1989 institute was the continuing study of Congress and the development of the Executive Branch. Attending from the Westbrook Independent School District was Fern Reeves, seated right, who is pictured with institute co-directors Drs. Cynthia Opheim and Willard Stouffer of the SWT political science faculty.

PUBLIC HEARING

The City of Colorado City will hold two (2) public hearings for a proposal application for funding assistance through the Planning/ Capacity Building Fund of the Texas Community Development Program (TCDP).

The first hearing will be held August 8, 1989 at 7:00 P.M. at City Hall, 180 West 3rd Street, Colorado City, Texas in order to discuss the grant, including funding available and eligible activities. The City welcomes any persons desiring to make suggestions or to submit written comments.

The second hearing will be held September 12, 1989 at 7:00 P.M. at City Hall in order to discuss the proposed application which will be submitted to the Texas Department of Commerce.

Pointers For Parents

Your Child's Diet

There could be good news for parents concerned about their children getting enough vitamins and fiber in their diets. These things occur naturally in what are among the favorite foods of many- children: raw fruits and vegetables.

Children can enjoy getting vitamins and fiber from fruits and vegetables.

These foods are as plentiful, inexpensive and attractive as they are in part because American farmers have learned the best way to protect their crops from the insects and fungi that could harm both the food and the person who eats it.

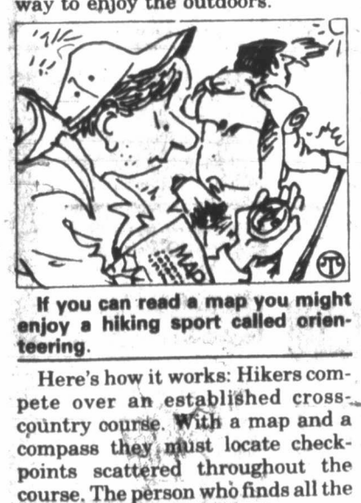

Parents may be pleased to learn that the United States Food and Drug Administration, in an extensive monitoring program, recently found that the U.S. population's exposure to any residues of these necessary pesticides is consistently below established safety levels. These levels were set with children in mind.

For more information about food safety and pesticides, parents can write: the National Agricultural Chemicals Association, 1155 Fifteenth Street, Northwest, Ninth Floor, Washington, D.C. 20005.

SPORTS SHORTS

Orienteering: Great Fun Outdoors

More and more Americans are discovering that orienteering, a hiking sport that involves map reading and using a compass is a great way to enjoy the outdoors.

If you can read a map you might enjoy a hiking sport called orienteering.

Here's how it works: Hikers compete over an established cross-country course. With a map and a compass they must locate checkpoints scattered throughout the course. The person who finds all the checkpoints first is the winner.

Happily, you don't even need such competition to enjoy a hike in the woods and to discover some of the picturesque natural and man-made features. All you need is a good topographic map, which you can find at your nearest map dealer, and a strong pair of legs. A 7.5 minute map is usually best for hikes, point out experts at the U.S. Geological Survey. The scale on these is 1:24,000 and the map area is approximately 49 to 70 square miles depending on your location.

Good hiking.

BUDGET HEARING NOTICE
The Loraine Independent School District will hold a public hearing on its 1989-90 official school budget in the school cafeteria on Thursday, August 17, 1989 at 7:30 p.m.

THE STATE OF TEXAS
COUNTY OF MITCHELL
NOTICE OF SHERIFF'S SALE
By virtue of an Order of Sale issued out of the 32nd Judicial District Court of Mitchell County, Texas, on a Judgment rendered in that Court on April 28, 1989 in favor of Mickey Neff Oil Company, in Cause No. 11,638, styled Mickey Neff Oil Company v. Kenneth Odom, I seized the following-described property situated in Mitchell County, Texas, as the property of Kenneth Odom, to-wit:
All of the right, title and interest of Kenneth Odom, as that interest appeared on January 1, 1981 or as increased thereafter, in the following described property:
That certain undivided 1/16th of the working interest in and to certain Oil and Gas Leases covering lands situated in Mitchell County, Texas, known as the Bell-Berman Lease, described as follows, to-wit:
1) Oil, Gas and Mineral Lease dated November 25, 1966, by and between W. M. Landau and wife, Selma Landau; Eva Landau Berlin and husband, Otto Berlin; Sylvan Landau, Doris Landau Zale and husband, Lew Zale; and Thelma Landau Heidenheimer and husband, Jim Heidenheimer, as lessors, and G & S Oil Co., as Lessee, recorded in Volume 234, Page 557, of the Deed Records of Mitchell County, Texas.
2) Oil, Gas and Mineral Lease dated November 25, 1966, by and between Max Berman and wife, Sydell Berman; and R. C. Bell and wife, Annie B. Bell as Lessors, and G & S Oil Co., as Lessee, recorded in Volume 237, Page 512, Deed Records of Mitchell County, Texas;
Insofar and only insofar as said leases cover and affect the following-described tract of land situated in Mitchell County, Texas, to-wit:

The South Forty (40) acres of an Eighty (80) acre tract of land, more or less, out of Subdivision Twenty-eight (28) of the Will Stith Subdivision of Section Fifteen (15) Block Twenty-seven (27), T&P Ry. Co. Survey, Mitchell County, Texas, according to the plat of said Subdivision filed for record in Volume 23, Page 139, Deed Records, Mitchell County, Texas, said eighty (80) acre tract of land being described by metes and bounds as follows: Beginning at the Northwest corner of said Subdivision twenty-eight (28), for the Northwest corner thereof; Thence South 13 degrees East with the West Boundary Line of said Subdivision Twenty-eight (28), 2640 feet; Thence North 77 degrees East parallel with the South Boundary Line of said Subdivision Twenty-eight (28), 1320 feet; Thence North 13 degrees West parallel with the West Boundary Line of said Subdivision Twenty-eight (28) 2640 feet to the North Boundary line of said Subdivision twenty-eight (28), being the center of the bed of the Colorado River; Thence along the North Boundary Line of said Subdivision Twenty-eight (28), being the center of the bed of the Colorado River to the place of beginning; to the depth of 1700 feet plus 100 feet for well completion below the surface or said premises only.
On September 5, 1989, which is the first Tuesday of the month, at 10:00 o'clock a.m., or within 3 hours thereafter, inside the East door of the lobby of the Mitchell County Courthouse in Colorado City, Texas, I will offer for sale and sell at public auction, for cash, all the right, title and interest of Kenneth Odom, in and to the above-described property.
Dated July 27, 1989.
Wendell P. Bryant
Sheriff of Mitchell County, Texas

At-risk legislation becomes law

The 1989 Texas legislative session focused major attention on at-risk youth reflecting the mounting concern over Texas' growing number of public school dropouts.

A summary of the new at risk-laws, as provided by the *Texas Research League*, includes:

No Show, No Go

HB 850 which denies a driver's license to a dropout has received the most public attention among the at-risk bills approved by the legislature. Under the new law, a person under 18 shall not be issued a Class C driver's license, an instruction permit, a motorcycle license, or a provisional license unless that person has obtained a high school diploma or its equivalent, or has been enrolled for at least 45 days and is currently enrolled in a program of preparation for the high school equivalency exam, or was enrolled in and attended a public or private school for at least 80 days in the fall or spring semester preceding the date of application for a license.

Dropout Reduction Plan

SB 152 establishes an annual dropout reduction goal by the Texas Education Agency (TEA) using equal increments each year in order to achieve a statewide longitudinal dropout rate of not more than 5 percent of the total student population by the 1997-98 school year. If a district's dropout rate in any school year exceeds the state goal, the district must allocate a percentage of the district's compensatory education allotment to remedial and support programs for at-risk students. The bill also requires the school districts' at-risk coordinators to develop a district dropout plan which must be approved by the local board and made available to the public. Districts with fewer than 5 percent of their students at-risk are exempt from these requirements unless the district had 100 or more students drop out of school in the preceding school year. The bill also provides for identification of successful dropout programs by the TEA.

School Attendance

SB 417, SB 1112 and SB 1668 stress school attendance. Students are required to attend at least 80 days during a semester to receive course credit. In extenuating circumstances a student may follow an appeals process. Furthermore, attendance officers are required to refer a child who has been voluntarily absent from school for 10 or more days (or parts of days) within a six-month period or three or more days (or parts of days) within a four-week period without parent consent to the county juvenile probation department.

Classes for parents of students with unexcused absences are provided for in HB 969. School districts may offer these classes to provide information on identification of problems leading to these absences and development of strategies to deal with them.

Teen Pregnancy, Parenting

Parenting programs for pregnant students or teen parents may be provided in certain districts under SB 417 (also SB 151). Optional programs available to targeted districts include counseling, day care, transportation, parenting, and assistance for students in obtaining out-of-school services. In addition, an interagency coordinating council is established to coordinate teenage pregnancy policies and services and to provide advice and recommendations on this issue (SB 417).

Prekindergarten

SB 1668 directs Texas school districts to develop a system for notifying the parents of eligible children about prekindergarten classes available to the children.

Elementary Education

Each school district is directed to offer an intensive program of remedial instruction for fourth grade students who do not perform satisfactorily on one or more parts of the assessment instrument administered at the end of the third grade. The goal of the program is for the student to be performing at grade level by the conclusion of that regular school term (SB 417).

Another bill requires school districts that serve over 5,000 students and do not already provide child care services for students in prekindergarten through grade seven to consider the need for these services during public hearings (SB 913).

Agency Cooperation

Other pertinent legislation includes a provision in SB 417 that directs the State Board of Education and the Texas Higher Education Coordinating Board and other appropriate agencies to coordinate their plans and educational programs using a joint advisory committee. Cooperation is also mandated between the court-related children-liaison officer, the district at-risk coordinators, and other personnel including the local enforcement officers and attendance officers to help at-risk students.

SB 1668 directs TEA to cooperate with the Texas Commission on Alcohol and Drug Abuse to provide assistance to regional service centers to develop substance abuse prevention and early intervention in the public schools.

Recognizing that lack of education at all ages is a serious problem in Texas, the legislature established the Texas Literacy Council (previously an interim committee). This council, composed of 17 members, will serve as an advisory board to the Texas Department of Commerce (HB 1888).

Another bill provides for the establishment of the Commission on Children, Youth, and Family Services (HB 2116). The commission is designated to establish a statewide "Project Child Save" which will enlist the local support of business, church and civic communities to save children from child abuse, substance abuse, teen pregnancy, dropping out of school and delinquency. This program, which promotes needed community collaboration in dealing with problems of childhood, will be administered by a state steering committee composed of 12 members.

In another provision of the bill, the Texas Department of Commerce is directed to establish guidelines for the Texas Department of Human Services, the Texas Department of Mental Health and Mental Retardation, the Texas Juvenile Probation Commission, TEA and the Texas Youth Commission to facilitate access to funds for dropouts and youth who are at risk of becoming dropouts.
