Classes Stage 'Up the Down Staircase' on Tuesday Night

Wellington seniors and juniors will look at their contemporaries . . . and those of their teachers . . . when they present as their class play "Up the Down Staircase" on Tuesday, May 9. Curtain time in Wellington High School Auditorium will be 8:00 p.m.

The play is based on the best selling book by Bel Kaufman, which was made into a motion picture which enjoyed equal popularity, according to Mrs. Bob McAlister, director.

Setting is a big-city high school but many of the problems could have happened in small high schools as well. Some of these befall Sylvia Barrett, a young teacher in her first school, and completely unprepared by her studies at college for what she meets. Mary Saied carries this role.

Around here are Bea, an older and more experienced teacher, played by Kathlyn Scott; Paul

STORM DAMAGE

Tornadic force winds Saturday night April 29, destroyed the seed house at the Lutie Gin and unroofed the home of Mr. and Mrs. Marvin Seale 7.5 miles north of Wellington. The collapsed walls of the sheet metal and wood seed house are seen at top. There was no seed stored in the

building at the time. At center, Don Oldham has explored the inside of the roof, which was set down almost intact south of the seed house. All that remains of the roof on the Seale home is pictured below. Debris was scattered in a southeasterly direction for a considerable distance.

Storm Batters Strip in North Part of County

Hail and high damaging winds cut a path three miles wide from the Wheeler county line southward to Salt Fork River Saturday, April 29, damaging buildings and battering wheat and grass into the ground.

The Lutie area and Seale Community 7.5 miles north of Wellington bore the brunt of the wind damages. But the loss from hail up to baseball size, which pounded roofs and broke windows, was general through

the storm's path.

Another violent hail storm fell in a more narrow line Sunday afternoon from about three miles north of Wellington, eastward toward Oklahoma. Hail up to golf ball size was reported and smaller hail fell as far west as Quail. Childress Police Chief Tuffy Maddox radioed in that he was in a violent hailstorm and his windshield was broken a short distance west of Salt Fork on Highway 203. A tornado funnel was seen as it dropped to the ground, but apparently it stayed in open country in the Vinson area.

At Lutie, the sheet metal seed house of the Lutie Gin was destroyed, but the roof was set almost intact to one side.

Two miles east, a barn and other outbuildings were destroyed on the B.J. Boyd farm.

The roof was blown from the Marvin Seale home a mile north of Salt Fork just off Highway 83, and one wall of the rock structure cracked.

Almost all windows were broken in the north and west side of the Samnorwood School and the roof was damaged.

Farther north, near Lone Mound, Carl Amerson had a barn destroyed, along with his windmill and storage tank, which pulled the pump and about seven feet of pipe as it went.

Powell Field Now In Wellington

Powell Field, Wellington's football stadium, was taken into the city limits at the meeting of the City Council Monday night, May 1.

The fact that it was not already in the city limits was brought out when new water rates were set up and it was included with other property served by the water system but not in the city, said Mayor John Coleman.

This came as a surprise to most of the council and the school board, and the board petitioned for Powell Field to become a part of Wellington.

Interest Still Quiet with First Primary Election 3 Days Off

With only three days between the voters and the First Primary election Saturday, May 6, there is little political talk in Collingsworth County on either state or local levels.

Candidates continue campaigning on a person to person basis, some for the second time around.

Absentee votes totaled only (Number to come) at noon Tuesday, according to Mrs. Carmen Lindley, with the deadline for voting only a few hours away.

There are major re-alignments on two district offices. District 13, United States Representatives, now extends below Wichita Falls. Graham Purcell is unopposed on the Democratic ticket, and will not meet an opponent until the general election as Bob Price, the incumbent of the old 18th District, is a republican.

The State Representative's district also was re-aligned, and seeking the nomination in the new 66th District are Eddie J. (Ed) Leary of Childress and Phil Cates, the incumbent in the old 79th District. Collingsworth County is in the old 75th, represented by Republican Tom Christian.

Democrats will vote in the same places as in the two previous elections, with the polls being open from 7:00 a.m. to 7:00 p.m. according to Mrs. John Coleman, County Democratic Chairman. The numbers are given by both voting box and Commissioner's Precinct, and along with the election judges include:

Voting Box 1, Precinct 1, Wellington High School, Mrs. A.J. Fires, Judge Billy R. Long, Assistant.

Voting Box 2, Precinct 1, Dodson American Legion Building, Mrs. Howard Hunt judge, Mrs. Ross Swift assistant.

Voting Box 3, Precinct 2, county court house, east side, G.B. Hooper judge; Mrs. J.R. Bowen assistant.

Voting Box 4, Precinct 2, Lutie Gin office, Willie Knoll, judge; Stanley Whitson, assistant.

Voting Box 5, Precinct 4, Samnorwood School, Doyle Glazner judge, assistant to be named.

Voting Box 6, Precinct 4, Dozier Church of Christ, Gus Gooch, judge, Rudie Tate, assistant.

Voting Box 7, Precinct 4, Bura Handley Community Center club room, Mrs. Bill Hatch judge, Mrs. Jennie Holcomb assistant.

Voting Box 8, Precinct 3;

Quail High School, Carl Wischkaemper judge, Lonnie Neeley assistant.

Voting Box 9, Precinct 3: Wellington Elementary School, Ray-

mond Horton judge, Virgil Estes assistant.

Besides the candidates, voters will ballot in a referendum on compulsory school busing.

Candidates whose names appear on the ballot for district and local races, in the order they are listed are:

Two-Day Junior Rodeo Opens on Friday Night

Wellington goes Western this week end as the Future Farmers hold their Seventh Annual Junior Rodeo Friday and Saturday, May 5 and 6.

There will be two night performances, both at 8:00 p.m. in the VFW Arena at the northeast edge of Wellington.

Along with this, Western Day will be observed in Wellington High School Friday. Students will attend class in western dress and many will ride horses to school.

Leigh Nall, FFA chapter sweetheart, will also serve as rodeo queen and hostess to the girls participating in the Barrel Race and Pole Bending.

Climaxing Western Day will be the big parade to downtown Wellington at 4:00 p.m. Horses

and riders will make up most of the parade, although there will be a few cars and pickups.

The tentative parade route will be from the high school, along East Avenue to the court house, around the square and back to the high school.

Johnny Holton, rodeo chair-

man, will be the grand marshal for both this parade and for the Grand Entry at the opening session Friday night.

There will be 8 events: bare-back bronc riding, calf roping, girls barrel race, 12 years and under barrel race, girls pole bending.

Precinct Conventions Slated Saturday at 3

Democratic Party Precinct Conventions will be held Saturday, May 6, at 3:00 p.m., Mrs. John Coleman, county chairman, reminded voters this week. For most of the precincts, these will be in the same location as the

previous elections.

These conventions, along with the precinct chairman, will be:

Voting Precinct 1, Wellington High School, Mrs. A.J. Fires, chairman.

Precinct 2, Dodson American Legion Building, Mrs. Olan Faris, chairman.

Precinct 3, Wellington Court House, Mrs. Edd Henard, chairman.

Precinct 4, Lutie Gin Office, Willie Knoll, chairman.

Precinct 5, Samnorwood High School, Donald Coleman, chairman.

Precinct 6, Dozier Church of Christ, Rudie Tate, chairman.

Precinct 7, Greenbelt Electric Co-operative, Inc. directors room, Mrs. Clyde Drake, chairman.

Precinct 8, Quail High School, Lonnie Neeley, chairman.

Precinct 9, Wellington Elementary School, Raymond Horton, chairman.

Although a new set of rules will govern portions of the party precinct conventions, Mrs. Coleman said those held in this county will probably be little different from conventions in past years.

Only those who vote in the Democratic Primary can participate in the Precinct Conventions and they must show their stamped registration certificate, or in some counties special party identification.

City-County Gets \$63,867 Through Revenue Sharing

This county is due to receive \$63,867 as its part in the state's revenue sharing plan.

Governor Preston Smith released the following statement today concerning the General Revenue-Sharing Bill which was approved by the House Ways and Means Committee:

"Based on information we have received from the House Ways and Means Committee, the

revenue-sharing bill approved by the Committee earlier this week will provide a total of \$202 million during the first year to cities and counties of Texas. Allocation of funds will be retroactive to January 1, 1972.

"We have worked closely with the Committee and Chairman Wilbur Mills to provide all assistance which would be helpful to the Committee in

their deliberations. As a result of this close communication, we are now receiving detailed information as to specific allocations to the various counties of the State.

"Initial estimates indicate that a total of \$63,867 will be allocated to all governmental units in Collingsworth County. Of that amount, the county government will receive \$37,335, the city of Wellington will receive \$24,502.

"The balance will be distributed to other cities and towns within the county.

"It would appear from these early estimates that the bill, if finally enacted, will provide substantial fiscal relief to the hard-pressed cities and counties of Texas. At the same time it will afford a real opportunity to improve and expand on those services which the people feel are most critically needed.

"I have strongly advocated approval of these funds to our cities and counties and I will continue to support these provisions until final Congressional approval is received."

Recovery on Books Now Amounts to \$727

AUSTIN - Attorney General Crawford Martin today announced recovery of almost \$700,000 from book publishers and distributors that allegedly conspired to fix the price of children's books sold to Texas schools and libraries.

Mr. Martin said the most recent refund in Collingsworth

County totals \$439.99 and goes to Samnorwood Rural High School District - Samnorwood, Wellington, and Collingsworth County Public Library. Total recovery to date for these entities now amounts to \$727.56.

Martin said the most recent refund boosts Texas' total recovery to more than \$1.1 million in the past year, and that more would be coming.

"In April, 1971, Texas recovered \$494,929 and we have now received an additional \$676,216," Martin said. "There will be one final refund coming next year.

The refund to Texas schools and libraries stems from settlement with the last of more than 30 Book Publishing and Distributing firms sued by Martin in antitrust litigation in 1968.

"As this alleged conspiracy was aimed right at the tax-payers," Martin said, "I'm delighted with the chance to return the taxpayers their money."

Martin said his office is mailing out checks to 757 school districts and 189 public libraries on whose behalf the Attorney General originally filed the price-fixing suit.

Johnsons Here From N. Mexico

Mr. and Mrs. Marshall Johnson of Bloomfield, New Mexico, were in Wellington, Monday to visit friends, and also the graves of her parents, Mr. and Mrs. J.A. Goodson in a Wellington Cemetery.

Mrs. Johnson is the former Dorothy Goodson.

Mr. Johnson recently received a 35-year award with El Paso Natural Gas Co., in a presentation made at El Paso. The couple lived at Farmington, N.M. for 21 years and only recently went to Bloomfield, 15 miles away. They plan for this to be their home after he retires, in about two years.

The couple has three sons, Maurice, who was born in Wellington, and Neal, both of Farmington, and Regie, who lives in San Francisco.

They point out that their part of New Mexico has a growing tourist industry. Nearby is the new Navajo Reservoir, which is building a name for itself as a fishing center. They are 8 miles from Aztec, and

nearby Aztec Ruins National Monument, and 50 miles from Durango, Colorado. A little farther away is Mesa Verde National Park, and Farmington is at the edge of the Navajo Indian Reservation.

The islands are beautiful and green, and the pineapple and sugar cane are the main crops, along with coconut trees.

In Honolulu, they visited all the major points of interest including the Polynesian Culture Center and Pearl Harbor. During the remainder of their visit, they saw those places which all tourists consider a must.

Mrs. Bartlett became ill during the latter part of the tour, and entered Collingsworth General Hospital with pneumonia immediately after getting home.

Fix-It Tip

It's time to check the condition of outdoor furniture while you are cleaning it. The joints may be loose, legs wobble. It's a simple matter to tighten nuts and bolts as you go along.

If screws or bolts are rusted or if the threads are stripped, replace them with new ones. Use corrosion-resistant fasteners — plated steel for steel furniture, aluminum for wooden ones. Tighten bolts on wooden furniture.

Folding joints and pivoting parts should work smoothly. If they don't, oil will take care of the problem.

Miss Pam Patterson, Robert Blevins Marry in Home Ceremony on Sunday

Miss Pam Patterson and Robert Blevins of Amarillo were married Sunday, April 30, in the home of her grandmother, Mrs. L.M. Bartlett, 1507 15th Street. The Reverend Roy Collins, Jr., pastor of First Baptist Church, performed the double ring ceremony at four o'clock in the afternoon.

Parents of the bride are Mr. and Mrs. Virgil Patterson, while the bridegroom is the grandson of Mr. and Mrs. Carol Blevins of Quail.

The setting for the wedding was a candelabra holding lighted white tapers, in front of the fire place. Baskets of white chrysanthemums and carnations were at the sides.

For her wedding, the bride chose an orchid a-line dress with white trim, designed with a round neck and sleeveless bodice.

She was attended by her cousin, Miss Teresa Patterson, as maid of honor. Her pale orange dress was made with a pleated skirt and sleeveless bodice.

John Blevins of Amarillo, brother of the bridegroom, was best man.

After the ceremony, Mr. and Mrs. Patterson honored the couple with a reception.

The bride's table was laid with a white lace cloth over orchid. The centerpiece was an arrangement of white chrysanthemums in a crystal bowl, and at the sides were lighted orchid tapers in silver holders.

Miss Landi White poured and Miss Becky Burba served the wedding cake.

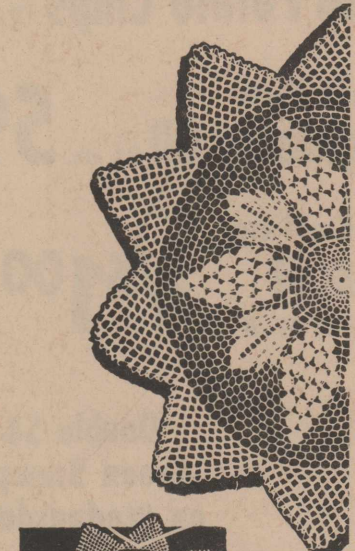

The bride is a junior in Wellington High School and will finish the term here, then complete her high school education in Amarillo.

The average salary of employees of the nation's 5,800 community hospitals increased by more than 80 per cent between 1960 and 1970. One reason: It takes more highly skilled -- and therefore more highly paid -- people to bring advances in technical know-how to the patient's bedside.

Fix-It Tip

If a table or floor lamp fails, examine the wall plug. Jiggle it and see if it is loose in the outlet or if the light blinks on and off. Take it out and examine it to see that the wires are fastened securely. Make certain one of the wires isn't broken or the insulation frayed. If the plug is at all suspect, replace it. Cut off the wire a couple inches above the plug so you can work with a fresh end. Make fresh, clean, bare ends if the plug has screw terminals. Or use the kind in which you insert the wire and pull the plug cover down over the prongs, causing metal burrs to penetrate the insulation.

MRS. LELA MAXWELL RECEIVES A GIFT FROM
GREATGRANDDAUGHTER STACEY FIRES

Reception Honors Mrs. Lela Maxwell On Her Birthday and Retirement

A reception was held Sunday, April 30, to honor Mrs. Lela Maxwell, an event that celebrated two occasions, her seventieth birthday, and her retirement from the United States Postal Service.

Saturday she had completed 30 years as postmaster at Quail, one of the longest tenures, if not the longest, in the county's postal history.

Hosts for the reception Sunday were her five children -- four of them present. These were Mr. and Mrs. A.J. Fires, Mr. and Mrs. Earl Shields of Stinnett, Mr. and Mrs. Kenneth Maxwell and Dean Maxwell of Childress. One son, Fred J. Maxwell, is a civilian employee of the United States Government at Saigon, Vietnam, and his family could not attend.

The afternoon was festive as long-time friends called, to reminisce and newer friends came to wish her well. The reception table was centered with an anniversary cake topped with a miniature replica of the Quail Post Office.

An arrangement of spring flowers and crystal appointments completed the table setting. Guests were served by two of Mrs. Maxwell's granddaughters, Mrs. Mark Fires of Childress and Miss Ann Kathryn Shields of Stinnett.

Mrs. Maxwell, the former Lela Rankin, was born in Wellington, daughter of the late Robert R. and Virginia Esther Ray Rankin. While she was still small, the family moved to Arkansas, then returned to Texas, and she also attended school at Memphis and McLean.

But for well over half of her life, Quail has been her home and she intends that it will continue to be.

She was appointed postmaster June 22, 1942.

"I enjoyed the time I spent in the service, and the pleasant association with the patriots in the Quail area, and with co-workers in the Postal Service," said Mrs. Maxwell, as her career ended.

Prior to her appointment, Mrs. Maxwell was associated with the school as supervisor of the cafeteria.

Besides her five children, Mrs. Maxwell has a number of grandchildren, and part of them were present to assist with the celebration Sunday.

The grandchildren are Dr.

Mr. and Mrs. Nicky Watts of Amarillo are the parents of a son, Robert Ward, born April 28, and weighing seven pounds and nine ounces.

Ward of Wellington, and Mr. and Mrs. Jesse Moore and Mr. and Mrs. O.W. Pendleton of Wheeler; and the great great grandparents are Mr. and Mrs. W.H. Ward of Caddo, Oklahoma, Mrs. J.D. Junior Hospital Auxiliary Seeks Members from Throughout County

The Junior Auxiliary of Collingsworth General Hospital met in the home of Mrs. Leon Hartman Thursday, April 20, when new sponsors for the coming year were chosen.

These include Mrs. Hartman, Mrs. John Wolf, Mrs. Edward Aguilar and Mrs. Kyle Lindley.

A major activity of the Junior Auxiliary at this time is visiting Quail and Samnorwood Schools to explain the organization's work and invite girls of those schools to become members.

Garner Altom, administrator, of Collingsworth General Hospital, along with a group of the

girls, have visited Quail High School, and a visit is planned to Samnorwood.

Mr. Altom explained medical and health service careers, of which there are many at present. The areas of service he discussed included pathology, x-ray, laboratory technology, and nursing.

He explained that transportation can be arranged to bring girls from outlying areas. Members do volunteer work at the hospital, usually once a week, from 5 to 7 p.m. The Junior Auxiliary, it was emphasized, is a county-wide organization, open to both boys and girls.

The cooler the home, the warmer the marriage.

Marriages may be made in heaven, but it's hard to keep them heavenly when it's hotter than blazes.

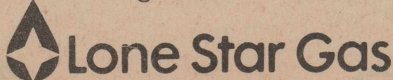

That's where central gas air conditioning comes in. It can bring you together. All summer long. As close as you want. All summer long.

And it won't cost you much either. In fact, if you have gas heating in your home, you could easily have half a central air conditioning system already. Because you may be able to use the duct work and furnace blower you already have. That saves about fifty percent on installation costs.

That's just part of the savings. Gas costs less to operate than electricity. And you get special low rates during the long hot summer months.

But you'll save more than money with gas. You'll save time and energy, too. Because with central gas air conditioning there are fewer moving parts. Fewer breakdowns. Fewer repairs.

This summer, have central gas air conditioning installed. For love's sake.

WTSU Trio Gives Music Week Recital on May 7

CANYON, Tex. -- A composition by a West Texas State University music professor and works by Mozart and Schumann are programmed for performance in a recital by the WTSU Piano Trio, chamber music group, May 7 at Wellington.

The performance is free to the public, said Mrs. Dan Henard, Jr.

The performance, scheduled at 2:30 p.m. in the First Baptist Church, is sponsored by the Wellington Federated Music Club under auspices of the West Texas State University Faculty Performance Series. It is the Wellington Club's traditional observance of National Music Week.

The trio includes violinist Dr. Donald Todd, associate professor of music, cellist Brian Walton and pianist George Eason, both assistant professors of music.

The series, inaugurated last fall, provides at no cost to area arts organizations programs in art, music, drama and speech. Funding is through the WTSU Friends of Fine Arts.

Programmed for the recital will be Nocturne, a composition by Dr. Eason, associate professor of music at WTSU and pianist with the Trio. Also scheduled for performance are Mozart's Trio in B Flat Major and Schumann's Trio in d minor.

The Trio's mission is twofold: the performance of fine music in a four-state area, and the presentation of string techniques to public school string students.

Dr. Todd received bachelor's and Master's degrees in music from Northwestern University, and a doctorate in musical arts from the University of Illinois. Prior to accepting a position at WTSU, Todd taught at the Eastern Illinois University for ten years. He has been a member of the Indianapolis Symphony, the Kansas City Philharmonic and the Oklahoma City Symphony. Now in his fifth year at WTSU, Dr. Todd has made numerous solo appearances on radio and TV, and with symphony orchestras throughout the area.

Brian Walton, a native of England, received his Bachelor of Music degree at the Oberlin Con-

servatory of Music and the Master of Music degree from the University of Illinois.

He has studied cello with Zara Nelsova at Aspen, Colorado, and with Joseph Veigel at the Mozarteum Akademie in Salzburg, Austria. Prior to coming to WTSU in 1967, Walton was a member of the faculty of Southern Colorado State College. He has been a guest soloist with the Amarillo Symphony.

George Eason was born and reared in Corsicana, Texas. He

friend from College, Ann Smith.

Each student is a character and individual in his or her own right, but a few are more individual. Randy Vaughan takes the part of Joe Ferone, the problem; and then there is Alice Blake, with a crush on her English teacher, Leigh Nall; Lou Martin, the school comic, Leon Parker.

Other students are Benny Stallings, Jan McGill, Doris Tingle, Denny Carter, Landi White, Gabriel Aguire, Marcia King, Danny Waters, Katy Sullivan, Joy Jesse, Jane Campbell, Jerry Maxwell, Ray Shrubs, Rose Mary Popwell, Judy Jones and Connie Bearden.

Extras are Dale Thomas, Bruce Oney and Mary Young. The student director is Nancy Shumate. Others in the production end of Up The Down Staircase are the stage crew: Johnny Holton, Eddy Lee, Alan Havens, Ronnie Pennon and Teddy Sango; lighting crew: Earl Hartman, Barry Long, Mike Peterson and Leslie Bailey; and sound: Kim Wauer, Randy McKinney and Alton Belew.

The set was designed by Judy Jones and Don Judd and constructed by Dan Fires, Dana Bell, Gary Cummings, Billy Carter and Tim Janes.

In charge of tickets and make-up are Susan Lowe, Judy Peters and Mary Davis. There will be an advanced ticket sale, with reserved seats.

completed his formal training at North Texas State University, where he received both bachelor and master of music degrees. Further study was completed with Howard Walz at the University of Colorado. Prior to joining the WTSU faculty in 1962, Eason maintained private studios in San Angelo, and Denver, Colorado, and also taught at the Harding College in Searcy, Arkansas. He has served frequently as clinician and adjudicator, and has appeared in solo and chamber music recitals in Colorado, Arkansas and Texas.

At Lutie Gin, J.M. Morgan, manager, said the seed house was to have been demolished, "but not like this. It was built in the horse and wagon days and a big truck can't get into it."

Windows were broken out of the office and a residence formerly occupied by the manager. Morgan found a hole in the north wall of the gin itself and some planks blown inside.

Most of the cotton trailers on the yard were blown over, but a few remained upright and unmoved.

Cleaning up the office came first since the Primary Election will be held there Saturday.

Ernest Rountree had damage to the roof of that part of his store used for storage, and a gasoline pump was ruined. This is the third time the building has been struck by a storm, he said. The large Enco sign in front weathered the other two but was badly bent by this one. The home of Mr. and Mrs. Clyde Dwight was water-damaged from broken windows.

An unoccupied house had part of the roof torn away, and several antennas went down.

Just south of Lutie, Mr. and Mrs. Everett Fain had heavy roof and window loss, along with water damage inside.

hail fell with some loss reported at the Lee Roark, Ike Paschall and Marvin Knoll farms. Much of this was to fences, as well as grass and wheat.

The homes of Mr. and Mrs. Marvin Seale, Mr. and Melvin Seale, and Mr. and Mrs. Bill Janes sit in a cluster a mile north of Salt Fork. Besides damage to the Marvin Seale home, the Melvin Seales had roof damage. As this couple started to the cellar, they received a call from their son, Douglas Seale, on duty with the Department of Public Safety in Austin. He had received word of the storm and called to warn his parents.

The Janes home had considerable water damage from broken windows, along with roof damage. Glass was broken out of a car and pickup. A field of irrigated wheat adjacent to the house, almost knee high and heading, was completely destroyed for the third time in five years. Janes also lost a considerable acreage of grass here and 800 acres several miles to the northeast, he, and others, like him will feed their cattle until grass comes out.

Throughout this area, fences were destroyed and in many places the wire rolled into matted balls. Cattle scattered, and some were found as much as three miles from their pasture. At midweek a few owners were still trying to locate strays.

Weekend guests of Mr. and Mrs. Everett Bell were their son and daughter-in-law, Mr. and Mrs. J.E. Bell and girls, Gay Lynn and Rhonda Thompson. Visiting in their home Monday were Mrs. Ronald Bell and a friend, Mrs. Liz Franklin both of Iowa Park.

was reported from the Saturday night storm was to a house at the P.E. Star farm a short distance south of Salt Fork.

County Commissioner W.R. Breeding said his house at Samnorwood had about \$1,500 damage to the roof, windows, antenna and patio wall, and he added that probably every house in that town had a roof or antenna damaged.

Mr. Breeding estimated that from Dozier east to Highway 83, probably every house had some damage.

J.W. Thomas reported only fine hail at his place southwest of Samnorwood, but he said Herman Oldham, a mile and a quarter east, had as much as six inches of hail in places.

Buck Martindale, who lives on the county line two miles west of Highway 83, said he had tree loss at his place, but to the north at Lela, there was none at all.

In the Lone Mound community, considerable damage was reported to the house and mobile home at the Jack Clark place.

It was difficult to determine how much rain fell. At Lutie, Ernest Rountree and Walter Deger measured 1.7 inches. Hail broke most of the rain gauges.

Wellington, which had no hail, received .40 inches of moisture, but Charley Caldwell, three miles east of town, received two inches.

Youth Group Hears 'Bread'

A dozen Wellington students were in Amarillo Tuesday night, April 25, for the performance of Bread, a rock music group, which appeared at the Civic Center.

They included Steve Hunter, Susan Lowe, Gary Wright, Randall Hodges, Lucy Sullivan, Jan McGill, Toni Taylor, Annabelle Harris, Lillie Rogers, Kim Go-forth, Judy Peters, and their sponsor, Mrs. Bill Lowe.

Deck's DIDACTICS

—by Deskins Wells

SATURDAY will be a busy day in Wellington. It is the time for the Junior Rodeo and it is election day. Put out your flag as a sign of freedom and of celebration.

NEXT Saturday will bring elation and satisfaction to some candidates and for others it will be the beginning of thirty more anxious days and nights. And for still others there will be bitter disappointment. It is for these reasons that I always approach election day with mixed emotions. Often there are several races in which I would like to vote for more than one of the opposing candidates and that is true again this year.

A RUNOFF seems certain in races for governor and lieutenant governor, comptroller and state treasurer. On the local level run-offs seem to be indicated in the races for district attorney and county tax assessor and collector. The big races for seats in the Congress will not occur until next November when in all probability Ralph Yarborough will be the opponent of John Tower for the senate seat and Bob Price and Graham Purcell fight it out for Representative of the 13th Congressional District.

UNITED Methodists, in general conference assembled in Atlanta, Ga., formulated sweeping statements on war, sex and school busing. Among other things the delegates voted 2 to 1 for the support of busing to achieve school integration. The trend has been accelerating for 30 years but it is becoming more evident that the high officials of the United Methodist Church have set a course that is far to the left of the rank and file member in the South and Southwest.

NEXT Saturday we will vote on a school referendum here in Texas. At least 95 percent of the members of The First United Methodist Church in Wellington will vote for this referendum which is actually a vote against busing. That is if they understand the peculiar wording. The same will be true of the Methodists in Memphis, Shamrock, Clarendon or wherever you may be in this area.

I WONDER what would happen if someone would walk up to such men as David Baumgardner, Frank Anderson, Carthel Lewis, Bob Hightower or almost any Methodist you might know and say: "Is it true that you are in favor of busing to achieve school integration?" If you receive no comment from

the men I mentioned you might ask the same question of: Raymond Ford, J.L. Alexander, A.J. Fires or G.B. Hopper.

CANDLER HAWKINS, Luther Sullivan and I had a long coffee break the other morning; but the conversation was not reminiscent of our high school days. Candler was returning from A&M where he had secured some new TAMCOT cottonseed. The letters stand for Texas A&M Cottonseed. The seed he had in the trunk of his car were SP 21 and SP 23. Both varieties are wilt proof, storm proof cotton of the delta type; but SP 21 is supposed to be the most desirable for this part of Texas.

THE SEED are in the hands of only a few cottonseed breeders at the present time. Candler got his direct from A&M by writing to get his name on the list and then going down there.

WAGE and salaried workers, who bear such an unequal part of the income tax load, will find new fuel for the flames of their indignation in a new book by Noah Dietrich. The title is: "Howard; The Amazing Mr. Hughs." Mr. Dietrich, a certified public accountant, was the business manager for Howard Hughes for 30 years. In his book he says that this billionaire never paid over \$20,000 a year in income taxes while he was on a salary of \$500,000 a year paid 15 and 20 times that much.

THE BOOK is the most authentic on Hughes financial maneuvers that has been published up to date. Dietrich believes that the reason Hughes would not appear in the TWA suits is that after three serious head injuries in airplane accidents he (Hughs) would appear incompetent to run a business. Dietrich thinks he will never appear in court again even though he loses his fabulous Las Vegas hotels by so doing. The Dietrich book is published by Fawcett Publications, Greenwich, Connecticut. \$1.50.

REMEMBER: If you are against school busing to achieve integration, Vote FOR the referendum you will find at the bottom of your ballot next Saturday

THE RULE applies whether you vote in the Republican or the Democratic elections.

National Hospital Week Begins May 7

The opportunity to learn more about health care in general and about hospitals in particular will be available next week when Collingsworth General Hospital joins with 7,000 hospitals throughout the nation in observing National Hospital Week.

The observance, which is sponsored annually by the American Hospital Association, begins Sunday, May 7.

Garner Altom, administrator of the hospital, said that Collingsworth General Hospital plans no special events, but that the public is welcome to visit and learn of the hospital's work at any time.

This week's events mark the 52nd such observance. A National Hospital Day was initiated May 12, 1920, the 100th anniversary of the birth of Florence Nightingale. Mr. Altom explained that National Hospital Week traditionally is observed during the week that includes Florence Nightingale's birthday in recognition of her pioneer work in hospital care. "But hospitals have changed radically since her time, when they were little more than shelters for the hopelessly ill," he said. "Today, they are complex arrangements of services for both the sick and well."

This year's National Hospital Week theme, "We Want You... In the Picture of Health," emphasizes the change in the concept of the hospital's role. Mr. Altom said. He explained that the theme

expresses not only hospitals' traditional dedication to making sick people healthy but also their modern commitment to providing the framework for keeping all people healthy. Hospitals now do a lot more than providing the nursing care for bedridden patients, he pointed out. In fact, he said, national statistics indicate that for every patient admitted to a hospital bed during the past year, about six persons received care in a hospital outpatient department.

tification cards, at the door. Upon arrival, they will place their names and preferential preference, or the word "uncommitted." A list of those attending has always been kept in past conventions.

The principal business of the Precinct Convention will be to select delegates to the county Democratic Convention which will be held May 13. Precincts will be allowed one delegate for each 25 votes cast in that precinct for Governor Preston Smith in the 1970 General Election.

Collingsworth County will be allowed to send three delegates to the State Democratic Convention which will be held June 14. Mrs. Coleman has been notified. This is based on the rule of one delegate for each 300 votes cast for Governor Smith in the county in 1970. His vote here was 937.

Awards Honor Outstanding WHS Athletes as All Teams Honored

Naming of 6 outstanding Skyrocket and one Rockette for major awards at the All-Sports Banquet closed the year on Wellington high school athletics.

Following this, West Texas State University Football Coach Gene Mayfield, the banquet speaker, urged the boys and girls to become totally involved, and win or lose, they would have nothing to be ashamed of.

Award recipients included:

The Fighting Heart Award, Denny Carter.

Best All Around Football Player, Billy Henard.

Best Lineman, Charley Taylor.

Most Valuable Track Man, Kenneth Porter.

Best Student Athlete, Louis Gonzales.

Mr. Basketball, Ray Shrubs. Miss Basketball, Mary Saied.

The Mr. Skyrocket Award was not given this year. The recipient must be a senior participating in football, basketball and track, and no senior met those qualifications, Coach Jimmy Forrester explained.

Coach Mayfield voiced his alarm at the trend to do away with competitive athletics, which he believes will lead to doing away with all competition.

"It is not only being talked, it is being practiced in some parts of the country," he said.

"There are a lot of people who play their athletics around the edges," he told the students.

"Get emotionally wholly involved, and whether you win or lose, you won't have anything to apologize for. There is nothing wrong with athletes feeling so strong they weep when they lose and stand 10 feet tall when they win."

Coach Mayfield, addressing himself to the students, urged them to get some goals, and when they reach them, get another set of goals, whether in athletics or something else.

"Keep life simple," he urged. "If you have to have the unusual to entertain you, you have a problem... Enjoy people, a sunset, your teachers, the people next door."

"If you don't have a sense of honor, you'd better give a little thought about developing one," he added. "I think you ought to make each moment you live an emotional success, he said in closing.

With the Rev. R.T. Dyess as toastmaster, the teams were introduced by their coaches, Jim Forrester, Don Lacy, and Dick Hamilton, along with E.W. Clement, tennis sponsor and Mrs. P.M. Scott, cheerleaders sponsor.

The teams included Skyrocket and B team football, varsity and B team boys and girls basketball, track, tennis, and girls volleyball.

The Wellington High School Athletes who have represented their school in these sports are Mike Williams, Denny Carter, Roszell Outley, Jay Thomas, Robin Maddox, Bruce Oney, Randy Vaughan, Louis Gonzales,

Randall Hodges, Kenneth Porter, Gary Wright, Charlie Taylor, Don Judd,

I would like to take this opportunity to say I have considered it a privilege to have been your sheriff these past years.

We must realize that in the future law enforcement will be more demanding on the law enforcement officers than in the past. This is where experience will help.

If you should see fit to re-elect me as your sheriff I will continue to perform the duties of my office in the same manner in which I have in the past.

I shall continue to work with officers of this county and other counties for the best interest of all citizens.

I would appreciate your vote and support.

Saturday Is the Day to Exercise a Precious Right

Saturday, May 6, is the date for the first primary election in Texas. At that time Texans will go to the polls to vote on candidates for local, district, state and national offices. Those that receive the most votes will be the nominees of their party for the general election in November.

Unfortunately far too few Texans will turn out for the primaries. The apathy on the part of voters in this and other states is hard to understand. When you think of the millions who are allowed to vote on only one ticket of hand picked candidates and of other millions who are not allowed to vote at all, then you realize that the right to vote is one of mans most precious privileges.

To keep any right alive and meaningful, it must be used. The right to vote should be exercised in every election by a much greater percentage than that of the average election.

Make up your mind to go to the polls next Saturday. When you vote you are selecting your future rulers.

Save Your 1972 Calendar

Hold onto your 1972 calendars, folks. According to the World Almanac's perpetual calendar, the identical arrangement of days and dates will repeat itself in the year 2000.

(A 1944 or 1916 calendar will do just as well, if you still have one of those. Which means, by the way, that this is the first time this century without a World War in full swing.)

For those looking forward to ringing in a new century, it's good to realize that New Year's Day 2000, will fall on a Saturday, as it did this year. That will leave a whole weekend to recuperate, though maybe by that time there will be a one-day work week and a six-day weekend.

Riddle Monument
England's famous Stonehenge Monument, sometimes called the "Riddle of Salisbury Plain," is a group of huge, rough-cut stones. No one knows exactly who placed them there or when. Some scholars date Stonehenge as early as 1800 B.C.

Bolster Their Diet
Three wild plants ("papalolo," "whitey Mary" and "bata bata") are used by Virgin Islanders to bolster their diet. The plants, cooked with fish and meat, make a pungent stew known as "kalaloo."

Tame vs. Wild
An elephant enjoying an easy life in a zoo may need less than 100 pounds of high-quality food a day; in the wilds, it may gobble up daily some 800 pounds of grass, leaves and bark.

"Paul Revere of South"
John Jouett, because of his daring night ride of 1781, is known as the "Paul Revere of the South." When he learned of a British plan to capture Thomas Jefferson, who was then governor, and members of the Virginia Assembly who had fled to Charlottesville, Jouett rode horseback more than 40 miles to warn the Americans.

First Visitors
First reigning British monarchs to visit the United States were King George VI and Queen Elizabeth, in 1939. They crossed the border at Niagara Falls, after a visit in Canada.

No Other Word for It
Originally a trademark, the word "cellophane" was declared a generic term by court decree in 1941. It had proven so appropriate to the product that the courts declared that no other word could describe it.

Virgin Forest
The most extensive virgin forest in the world today is the Amazon Valley forest extending from the Atlantic coast into the foothills of the Andes and from Bolivia through Colombia, Venezuela and the Guianas.

Canine Hearing
Tests show that dogs can tell apart sounds which are so close in pitch that the average human being is not able to tell the difference.

Meditations

The King in a carriage may ride,
And the Beggar may crawl at his side;
But in the general race,
They are traveling all the same pace.
— Edward Fitzgerald.

Big words do not smite like war-clubs,
Boastful breath is not a bow-string,
Taunts are not so sharp as arrows,
Deeds are better things than words are,
Actions mightier than boastings.
— Henry Wadsworth Longfellow.

Ah, when shall all men's good
Be each man's rule, and universal peace
Lie like a shaft of light across the land,
And like a lane of beams athwart the sea,
Thro' all the circle of the golden year?
— Alfred Tennyson.

They who have steeped their

— Richard Monckton Milnes (Lord Houghton).

To me, through every season dearest,
In Every scene, by day, by night,
Thou, present to my mind appearest
A quenchless star, forever delight;
My solitary sole delight:
Where'er I am, by shore, at sea,
I think of thee.
— George Macbeth Moir.

The hand that rounded Peter's dome,
And groined the aisles of Christian Rome,
Wrought in a sad sincerity;
Himself from God he could not free;
He builded better than he knew:
The conscious stone to beauty grew.

Garden of Eden
Most scholars agree that the garden of Eden was somewhere in the vicinity of the Tigris-Euphrates valley. Some locate it about 100 miles north of Baghdad; others believe it was located on the site of the sacred city of Eridu in Babylonia near the Persian Gulf.

Gandy Dancer
A gandy dancer is any worker in a railroad section gang. One theory of the origin of this colorful name is that it may have come from the ganderlike tremulations of a man tamping ties.

Named Rubber
Joseph Priestley gave rubber its name. He remarked in a letter that the new substance—discovered in 1735—was useful for rubbing out manuscript mistakes.

When tillage begins, other arts follow.
The farmers therefore are the founders
of human civilization.

Justice, sir, is the great interest of man

CROSSROADS REPORT

Dear Editor:

I see where Congress is expected to pass a noise-limit law some time this year, to quiet down lawn mowers, trucks, planes, motorcycles, etc.

But there doesn't appear to be any plans to include the restaurant juke box in the list of ear-pounders which will have to be attenuated to somewhere below the mind-blowing level.

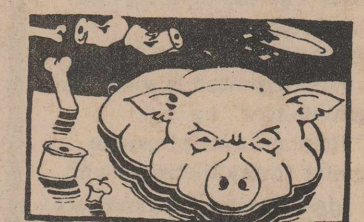

Some folks are very bitter toward Thomas A. Edison for inventing this scourge of sanity, but he really didn't know what he was doing because he was already deaf.

STATE CAPITAL Highlights AND Sidelights

by Bill Boykin
TEXAS PRESS ASSOCIATION

AUSTIN, Tex. -- An estimated 1.85 million Texas Democrats are about to decide one of the most significant primary elections in years.

Another 100,000 or more will vote in the Republican primary Saturday (May 6).

Both primaries will also conduct important precinct conventions May 6 -- first step in the presidential nominations process. With emphasis on the hard-fought gubernatorial primaries in both parties, little attention has been devoted to the conventions beyond a prolonged Democratic scrap over adoption of new procedural rules.

Democrats almost certainly will go into June 3 runoffs for both governor and lieutenant governor -- and perhaps other statewide elections.

Gov. Preston Smith, Lt. Gov. Ben Barnes, Dolph Briscoe of Uvalde and State Rep. Frances (Sissy) Farenthold of Corpus Christi are major contenders for the Democratic gubernatorial runoff spots.

The lieutenant governor's field is also closely bunched in the stretch drive with State Sens. Wayne Connally of Floresville, Ralph Hall of Rockwall and Joe Christie of El Paso and Houston newspaper executive William P. Hobby the top contenders.

Former Sen. Ralph W. Yarborough is favored to win the Democratic U.S. Senate nomination over Barefoot Sanders and face GOP Sen. John Tower in November.

Republican gubernatorial candidates staging serious campaigns include State Sen. Henry Grover of Houston, Dave Reagan of Sherman, Al Fay of Houston and To McElroy of Dallas. John A. Hall of Weatherford has also put up a fight.

Atty. Gen. Crawford Martin is challenged for re-election by John Hill of Houston, and Comptroller Robert S. Calvert and Treasurer Jesse James have multiple opposition.

A minimum of 58 -- maybe as many as 80 -- new state representatives will be elected and at least 11 new state senators. NO MEDICAID EVICTIONS -- No sick poor are going to be thrown out of hospitals before they are well due to new curbs on Medicaid, the State Welfare Department pledges.

The new American Physicians Union claimed in advertisements that Welfare Department guidelines set a limit on hospital stays for each illness.

A department spokesman said nobody will be thrown out who needs to stay in the hospital and that the guidelines were meant merely to suggest normal care periods for ailments and age groups. If additional hospitalization is needed, it will be paid for, a department official said.

The Medicaid program, which cost \$142 million for the current fiscal year, is paid two-thirds by the federal government and one-third by the state.

TRAFFIC DEATHS INCREASE -- Traffic deaths this year have increased two per cent over 1971, the Department of Public Safety reports.

DPS recorded 904 deaths compared with 888 for early 1971.

Deaths on interstate highways actually dropped six per cent, but fatalities in city limits jumped 11 per cent, DPS said. COURTS SPEAK -- The Court of Criminal Appeals held defendants in criminal cases have the right to look at statements of witnesses against them.

Grand Prairie cannot hold a local option liquor election since it is located in two counties, the State Supreme Court concluded.

The High Court reversed an intermediate court and ordered re-trial of a Houston man's suit for damages as the result of a freon can explosion.

A Vietnam war casualty's widow can contest his girl friend for his insurance, the High Court held.

RATLIFF QUILTS -- Sen. David Ratliff of Stamford resigned his post and withdrew as a candidate for a House seat after disclosures that he had several relatives on legislative payrolls.

Ratliff, 60, said his "past mistakes or bad judgment" should not reflect on other members of the Texas Senate.

His immediate resignation will allow time for election of a successor before the June special legislative session, Ratliff stated. Timing of his withdrawal from the House race will follow consultation with local party officials.

Ratliff did not seek re-election to the senate when his district was merged with that of Sen. Jack Hightower of Vernon. MEAT PRICES MAY RISE -- This year's spring drought may again cause meat prices to rise, Agriculture Commissioner John White warns.

If the drought continues, said White, cattlemen will have to reduce their herds.

"Meat prices should come down, but this will be only temporary," said White. "After those cattle are sold, there will be a shortage of livestock which will result again in higher meat prices."

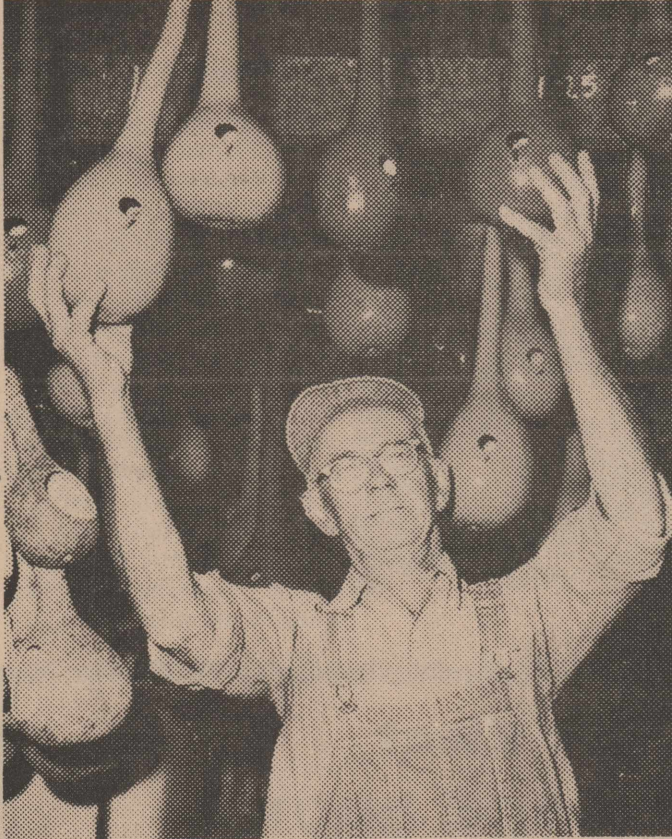

The same thing, according to White, happened last year in a rainless period.

MASS TB X-RAY SCREENING OUT -- Texas State Department of Health announced skin testing has replaced the mass X-ray screening for tuberculosis in Texas.

X-Rays are recommended only for those persons testing positive in skin checks and those in high-risk groups.

The Health Department will continue to use mobile X-Ray units -- mainly for followup testing. The Texas case rate for new, active tuberculosis is 25.8 per 100,000 population.

The Howard Riggs to Make Home in Dallas

A long-time county couple, Mr. and Mrs. Howard Riggs, left Thursday, April 28, to make their home in Dallas.

"We will be in and out occasionally, and Howard will be back as he needs to be," said Mrs. Riggs before leaving. Mrs. Nancy Harris, secretary in Mr. Riggs accounting office, will be in contact.

Their home at 3448 Milton Street will be near that of their younger daughter, Dr. Peggy Wildman and her family. Their older daughter, Dr. Dorothy Jane Holman, lives in San Diego, Calif.

Mr. Riggs came here in 1915 from Arkansas. He worked for the First National Bank and later served six years as tax assessor-collector and six as Collingsworth County Judge. He then opened his office as a licensed public accountant. A long-time member of the Wellington Kiwanis Club, he is

a past lieutenant governor of the old Texas-Oklahoma District.

Mrs. Riggs, the former Dell Myers, was born in Wellington, the daughter of a pioneer couple, Judge and Mrs. W. P. Myers. This has been her home except for four years when they lived at Plainview and two at Rogers, Ark.

She has been a leader in the Garden Club, Belles Lettres Club, Fidelis Sunday School Class and Women's Missionary Union of First Baptist Church, as well as a leader in many other civic enterprises.

Dr. Wildman is a district official for the Department of Health, Education and Welfare with headquarters in Dallas. She and her husband, Eldon Wildman, have four children, David, Philip, Kelly Dell and Suzy. Dr. Holman teaches in San Diego State University, and has three

Collingsworth County FARM NEWS

By Don Reeves
County Agricultural Agent

A lot is being said about high food prices these days, but few explanations are being offered other than accusations as to who is to blame.

For instance, consumer demands and tastes have increased drastically over recent years. Higher quality foods are demanded and more convenience items are requested. Variety and convenience are key words in the present state of food products.

Non food items are also getting a larger share of every dollar spent at the supermarket. Recent studies indicate that about 28 cents of each dollar spent at food outlets goes for non-food items. For example more total money is being spent at supermarkets for paper products and foil than for eggs.

Some supermarkets now offer almost 10,000 items to meet varying consumer demands. It's difficult to compare prices with so many new items being added to grocery shelves during the past few years.

Granted, food prices have increased, some 3 percent last year, and are expected to increase 4 to 4.5 percent in 1972. But not all food items have gone up in price.

The factors of supply and

demand have a big effect on food prices. A good example is beef. Beef has been in short supply and high demand so naturally prices have been higher. In fact, beef prices have increased to the peak level they were in 1952. On the other hand, can you list many other items that are at the same price level that they were 20 years ago?

Although beef prices are up at the present time, beef producers are not necessarily getting rich. Costs have skyrocketed, especially the cost of replacement

stock. The cost-price squeeze which has been evident in agriculture in recent years has made it difficult to realize a profit.

Processing and retailing costs have also spiraled. And with consumers demanding more processing and special packaging, prices of products on the grocery shelf may be quite high compared to a few years ago. In many cases, home preparation may be the answer to high food prices.

The old adage of "you get what you pay for" may never be more true than it is today. If we were willing to go back to the standard of living of 20 years ago, the total food bill might not seem so high. Yet, back then the consumer was paying 23 cents of this take-home dollar for food as compared with only 16 cents today.

Training Chairman, Bob Lisle of Booker announced that this course is primarily for scoutmasters and leaders and members of the Green Bar, senior patrol leaders, assistant patrol leaders and assistant, and troop scribes.

New and veteran Scouters alike will benefit from this experience, said Dave Agnew, district Scout executive.

This is another of the many tools provided volunteer workers as they carry out the program of Scouting throughout the district. It is also one of the events which is made possible by drivers such as the one now under way.
