Dale Holland Discharged From Gonzales Warm Springs Foundation

Dale Holland, son of Mr. and Mrs. J. J. Holland, Route 1, Slaton, was discharged June 9 from the Texas Rehabilitation Center, Gonzales Warm Springs Foundation.

He is now a member of the Former Patients Association, made up of the more than 3,000 persons who have undergone rehabilitation treatment at the Center. This is the only such organization in the United States.

In comprehensive rehabilitation at TRC, a skilled medical staff seeks to treat the entire person. An individual program is prescribed for each patient, utilizing the types of therapy suited to his needs. The goal

is maximum rehabilitation—physically, emotionally, and socially--so the person can live and work to the best of his abilities.

The Texas Rehabilitation Center depends mainly upon public contributions to maintain its program of treating persons left handicapped by such diseases and accidents as cerebral palsy, multiple sclerosis, polio, muscular dystrophy, spinal cord injuries, arthritis, and strokes.

Any Texan who can benefit from TRC's medical program is eligible for admission, regardless of age, race, or beliefs.

ROTARIANS HOLD REGULAR MEETING THURSDAY NIGHT

Don Edwards was Master of Ceremonies for a musical program for the regular meeting of the Rotarians, held Thursday night in the Club House.

Music was furnished by Don Edwards on the organ and then Miss Patsy Pettigrew joined him with a duet on the piano. Olivia Sanders danced for the group and Miss Sherry Burgum of Friendship sang, "Wild As The Wind," "Friendly Persuasion," and "Farewell To Arms."

Guests for the meeting included Charles Clanton of Ralls, A. E. Yeargan of Dallas, and those from Lubbock, B. E. Adair, Pat N. Davidson, Bart Halley, and John Ielfsher.

Commission Passes Ordinance For Charges To Remove Deficit

New Officers Installed For Slaton Lions Club

Slaton Lions Club met Tuesday at Bruce's and installed their newly elected officers for the coming year.

Officers installed were Barney Greenfield, president; Dr. John Locke, 1st vice president; Elmer Nelson, 2nd vice president; Charlie Marritt, 3rd vice

president; Bland Tomlinson secretary; Wayne Banks, Tail Twister; George Willis, Lion Tamer; Hack Lasaster, director; and James Perkins, Director.

Plans were made at the meeting for every Lion Club member and his wife to go to Kerrville on a special bus to the Cripple Children's Camp in July or August. Approximate cost for the trip will be \$10.00 round-trip.

Past President Lasaster installed Post Lion Club officers Tuesday night in Post.

Levies Cost On Sewer Use

Slaton's City Commission, at its regular meeting Monday night, passed as an emergency measure Ordinance #201, levying a sanitary sewer service charge, with first billing date to be August 26th, 1961.

To keep health problems at a minimum, the measure was necessary in that the added cost of improvements had made the deficit in the sewer department prohibitive.

It was pointed out that Slaton has been one of the very few towns in Texas that has had no charge for this in the past. Slaton and Lubbock have been the only communities in West Texas without the special charge, and Lubbock has operated the light plant to make up for the deficit.

The ordinance has been considered during the past but has been put off as long as the annual loss could be covered without raising taxes. The Sewer Department annually costs in excess of \$15,000.00 to operate and it has been extended and improved during the past two years. Included in the work being done in the system is a new outfall line parallel to the old line; numerous collector lines and three lift stations at a cost of over \$100,000.00. The improvements were necessary, and it was felt that the ordinance had to be passed if the health standards were to be met adequately and at the same time avoid an insurmountable loss in the operation.

Also at the meeting Chief of Police Gene Martin reported to the commissioners that the 1960 Ford patrol car had in excess of 50,000 miles, and was ready to be turned in for a new one. The council took bids on the cost of new cars, and also bids on the price of leasing.

After consideration of the bids in both categories, the commission decided to take a Pontiac Tempest from Kendrick Pontiac on the lease per month of \$110.00. Chief Martin was then instructed to take bids on the old patrol car, which will be sold in the near future.

Members of the Zoning and Planning Commission, Zoning Board of Adjustment and the Building Inspector met with the Commission and discussed procedures to be followed in handling zone changes and applications for variances from the ordinance. It was pointed out that in the future builders would be required to make an application for a building permit showing size and type of building, the use to which the building is to be put, and a plot plan. When this application is received the building inspector will inspect the site and plans and either grant or reject the permit as

(Continued on page 8.)

Slaton Teacher Attends Institute

Bill Carnes, a Slaton High School teacher, is one of 51 instructors presently attending the fourth annual Summer Science and Mathematics Institute, being held at Howard Payne College in Brownwood, The Institute will close July 14th.

Dr. Leonard Daniel, chairman of the college's Science and Mathematics Division, is director of the six-week institute, which is financed by a \$48,200 grant from the National Science Foundation.

In addition to Dr. Daniel, the institute staff includes Professor R. F. Trogon, chairman of the Biology Department, Judson College, Marion, Ala.; Dr. Floyd Bird, chairman of the science division of the University of Corpus Christi; Dr. Paul Sanders, of the Mathematics Department at Hardin-Simmons University; Professor Dale Maness, head of the HPC Mathematics Department, and Dr. Fred Inman, chairman of the HPC Physics Department.

Serving as visiting lecturers at various times during the six weeks are Dr. W. T. Guy, Jr., Chairman of the Department of Mathematics at the University of Texas; Professor Sven W. Lennander of the Department of Physics at the University of Texas.

(Continued on page 8.)

New Baptist Pastor To Begin Sunday

Rev. Charles Wood, coming from Madison, Wisconsin, will assume the pastorate of the First Baptist Church here Sunday.

Rev. Wood went to the Midvale Baptist Church in Madison in March of 1958. He is a graduate of the Oklahoma State University and Southwestern Baptist Theological Seminary in Fort Worth.

Ham Field Day Is A Success

Field Day, Saturday and Sunday, was a success for the Slaton Amateur Radio Club. These amateurs working through Saturday night and Sunday talked to other hams in fifteen different states.

Radio operators included Delton Pate, Carl Magouirk, R. C. Hall, Sr., Bill Fry, T. A. Worley, and Carl Wartes.

Two Cars Demolished In Highway Collision Saturday

A rear end collision, almost demolishing two automobiles, occurred Saturday night at approximately 10 p.m., at the highway intersection on the south edge of Slaton.

Involved were a 1957 Buick station wagon and a 1956 Buick sedan. Although damage was extensive there were no serious injuries.

After the wreck the lone occupant of the station wagon left on foot and later caught a ride out of Slaton. He returned Monday morning however, and reported to Chief of Police Gene

Martin. He was subsequently fined on two charges, including leaving the scene of an accident and following too close on the highway.

The collision happened when the sedan stopped at the stop sign before merging onto the Post highway. According to a statement from the driver of the second car, he failed to notice that the first car had stopped. The impact knocked the front automobile 100 feet across the highway and into the bar ditch.

A couple from Panhandle were driving in the front car.

COOPERATION ASKED:

Officers Strive For Safety July 4th

On July 4, 1776, our forefathers set forth the Constitution of the United States of America in declaring independence from tyranny and oppression.

Each July 4 we as Americans celebrate freedom from restraints our forefathers provided for us on that day. Many thousands do it by taking pleasure trips in their automobiles. As a result of these millions of miles driven each July 4, hundreds of families have a vivid recollection of July 4, not as Independence Day but as the day a loved one was

killed in a traffic crash.

Captain E. L. Posey, in charge of the Texas Highway Patrol for this district, reminds us that a great American, Abraham Lincoln, said, "Study the Constitution," Lincoln further said, "Let every American, every lover of liberty, every well-wisher to his posterity swear by the blood of the Revolution never to violate in the least particular the laws of the country, and never to tolerate their violation by others." The Captain said if Lincoln was living today he would certainly apply that statement to the traffic

laws of our state.

The Fourth Amendment to the Constitution gives the right to people to be secure in their persons. Posey declared that to insure this right of all persons traveling on the highways this holiday period, he would have every available man patrolling the highways on the alert for traffic law violators. Posey declared his intention was the same as our forefathers, "To insure the pursuit of life, liberty and a happy return trip at the end of a pleasant holiday for the safe and legal driver."

MRS. W. K. FRY

Annual Banquet For City Employees Held In Club House Tuesday Night

A Scripture-quoting address by Mayor L. O. Lemon highlighted the annual banquet for City employees, held in the Club House Tuesday night.

Mayor Lemon made the theme of his talk an appeal for cooperation on the part of the employees, members of various City boards and other "members of the City." He pointed out that, through cooperation, the City could progress in spite of troubles; that cooperation could increase efficiency; and that it could even help in the fight against inflation by helping the City to get the most out

of each dollar spent.

"Accentuate the positive," he said, and help the city grow.

Three employees were honored with awards at the event. Grady Elder, superintendent of the street and sanitation department, received a pin for 20 years of service; Oma Faye Brown was awarded a three-year pin for her work in the City Secretary's office; and Joe Martin got a three-year pin for his service on the police force.

Present at the banquet were members of various City boards, employees in all City

departments, and guests. Approximately 100 attended the affair.

Entertainment was provided by a youthful singer from Lorenzo who displayed outstanding talent and Mrs. W. K. (Mary) Fry, local woman who has just had charge of remodeling the Club House, who did a comical reading.

The Lorenzo boy, Gerre Joiner, sang two songs, accompanied by the daughter of the City Secretary at Lorenzo, L. O. Lemon, Mayor; Joe S. Walker, Jr., Commissioner Ward 1; H. G. Stokes, Commissioner Ward 2; J. E. Eckert, Jr., Commissioner Ward 3; L. L. Dixon, Commissioner Ward 4; O. N. Alcorn, Corporation Court Judge; O. M. Baxley, Resident Fireman; Geo. W. Bussell, Building Custodian;

Claude S. Cravens, City Attorney; Elbert Wilson, Building Inspector; Curtis Dowell, Fire Chief; Fire Marshal; M. Jay McSweeney, Jr., City Health Officer;

Eugene L. Martin, Police Chief; Kenneth Golmon, Sgt. Police Department; Edward Louis Taylor, Patrolman, Police Department; Joe Martin, Patrolman, Police Department; C. D. Carpenter, Patrolman, Police Department; Melvin Lee Lehmann, Patrolman, Police Department; Mrs. Louise Bennett, Secretary and Dispatcher, Police Department; Bill W. Neeley, Night Dispatcher, Police Department;

George D. Willis, Water and Sewer Superintendent; S. H. Fleming, Production Department, Water Department; Gordon Alsobro, Production De-

partment, Water Department; Bobby Lee Moore, Distribution Department, Water Department; Joe Cardenas, Distribution Department, Water Department; Felix Maldonado, Sewer Department; Pete Perez, Sewer Department;

Grady L. Elder, Street and Sanitation Department; E. D. Robinson, Asst. Supt. Sanitation Department; Eulalio Torres, Sanitation Department; Fred Lopez, Sanitation Department; W. L. Hendricks, Sanitation Department; E. D. Duncan, Sanitation Department; Ernest Alvarado, Street Department; R. D. Bloodworth, Street Department; N. R. McGuire, Street Department;

J. J. Maxey, City Secretary; Mrs. Jean Edmonson, Deputy Tax Assessor-Collector; Mrs. Oma Faye Brown, Clerk Water Office; Mrs. Cora Lou Baxley, Clerk Water Office;

PLANNING AND ZONING COMMISSION, R. H. Todd, Jr., Chairman; J. S. Edwards, Jr., Don Crow, W. A. Heinrich, Kenneth Jones, J. A. Smith, Members;

ZONING BOARD OF ADJUSTMENT, John Schmidt, Chairman; August Kitten, Albert Grigsby, W. Howard Hoffman, Robert Hall Davis, Members;

EQUALIZATION BOARD, L. B. Wootton; L. R. Gregory; Bobby Poyner;

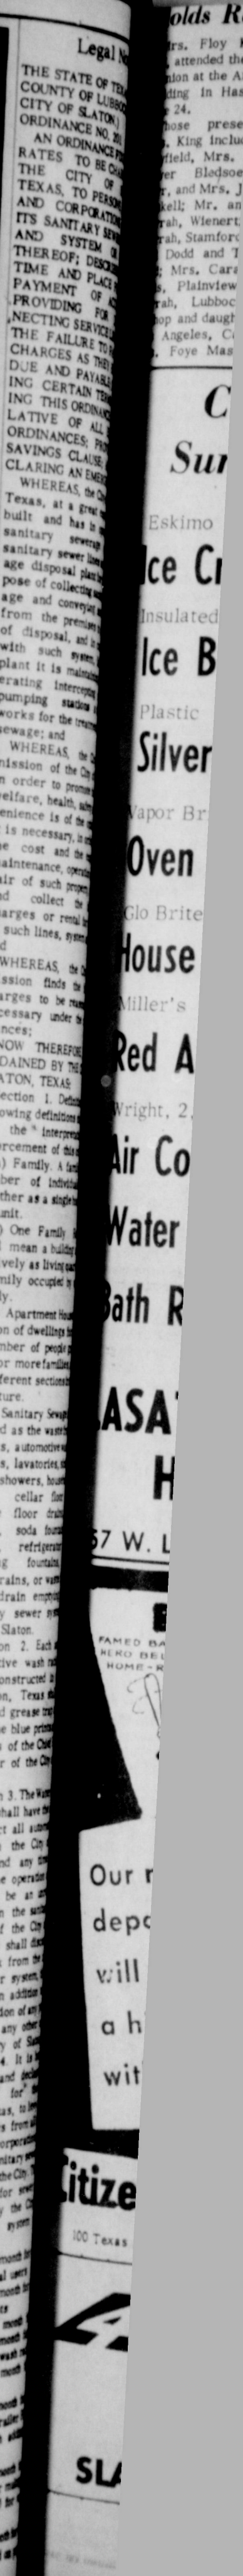

CEMETERY BOARD, Judge C. Smith; Earl Reasoner; Carl A. Lewis;

ELECTRICAL EXAMINING BOARD, Bentley Page, Chairman; Melvin Kunkel, C. M.

Your City Government

Joe Sharfener Walker, Jr., was born in the little community of Strawn, Texas in Palo Pinto County October 3, 1920. It didn't take Joe long to realize that there were better places to grow up in so he moved with his parents to Slaton, Joe started to school in Slaton and graduated from high school here in 1939. While in high school he was a member of the band and it is rumored that the band made quite a record at time entering and winning several national contests. After graduation from high school Joe entered Texas Tech and was able to go two years prior to serving in the second World War. Joe enlisted in the Air Corp in 1942 and received his training at Kelly Field in San Antonio. He later served with our forces in England and received an Honorable Discharge in 1945. At the time of his discharge he was rated as a staff sergeant.

Joe and Miss Maxine Conner were married September 10, 1942. Joe and Maxine now have two lovely daughters - Linda 17 and Catha 16. Both will be seniors in Slaton High School this fall. The Walker family resides at 730 S. 17th Street here in Slaton.

Joe has been conscious of civic duty for many years. He served on the Board of Education from 1951 through April of 1958, as a director of the Board of City Development from 1951 through 1955 and was chosen as Slatons' Man of the Year in 1955. He is a member of the Masonic Lodge and a director of The Slaton Savings and Loan Association. He was also one of the organizers of this association.

While taking care of civic obligations Joe has never neglected his christian duty. He is a trustee of the Methodist Church and is presently serving as assistant Sunday School Superintendent.

Joe is engaged in farming east of Slaton where he farms a place of his own and quite a number of acres in the Forrest Estate.

On April 5, 1961 citizens in ward one elected Joe as their commissioner to serve for a period of two years. We are happy to welcome Joe as a member of the city government and know that he will serve with distinction.

Slaton Honored By Historical Society

Lubbock Historical Society honored Slaton in its monthly meeting Thursday, June 22, Miss Mae Murfee, president announced.

Flyers Lead In Babe Ruth; Doubleheader Set Saturday

Through the most recent rebatulations, the Flyers of the Babe Ruth League were in front with a 5-2 mark, leading the four-team circuit.

The Flyers gained the top spot with two recent wins, downing the Chiefs 11-8, and the Glinners 10-8.

Standing in second place are the Comets, with a 4-3 record, followed by the Glinners at 3-4, and the Chiefs at 2-5.

In other games the Comets downed the Chiefs 12-1, and the Glinners in turn blanked the Flyers by 10-0.

Saturday night a double-header will be played, with the Flyers vs the Chiefs in the opener and the Comets against the Glinners in the second tilt.

Jerry Thomas of the Glinners leads the league in hitting, with a powerful .400 percentage. Bobby Brake, also of the Glinners is second in the league with a .389, and Joe Williamson third with a .381.

Other power hitters this far the season are Larry Pickens of the Comets with a .58, and Lesley Brown of the Flyers with a .360. The Flyers so have Jimmy Marriott with .33.

For the Comets, Johnny Hennington is hitting .353, and the leaders for the Chiefs are Hall th .333, and Tommy Cooper th .313.

Teams and percentages are as follows:

"Play Ball" With The Umpire

League leading batters: (With more than 21 times at bat) Batting average: Duke Altman - .583, Indians; Richard Washington - .516, Tigers; Henry Johnson - .444, Dodgers.

Home Runs: Henry Johnson - 6, Dodgers; Duke Altman - 5, Indians; Ronnie Coker - 2, Tigers; Steve Harlan - 2, Indians.

Runs Batted In: Duke Altman - 21; Bill Kitten - 13, Indians; Charles Thomas - 13, Tigers.

Leading the league again this week with runs batted in and highest batting average is Duke Altman of the Tigers. Duke also holds the record for the most strike outs in Little League this season, having struck out 58 opposing batters.

"GAME OF THE WEEK"

A head on collision between the Indians and the Dodgers on Thursday, June 22, turned out to be this week's "Game of the Week." The Dodgers edged the Indians in a game that went right down the wire with an exciting finish in the sixth inning. Final score in the game - Dodgers 10, Indians 9.

Winning pitcher was Jr. Thomas, who started for the Dodgers and went 5 1/3 innings. He gave up 9 runs and added 6 strike outs to his record. Losing pitcher for the Indians was Duke Altman, who went 3 innings and gave up 8 runs.

Altman was relieved in the 4th inning by Steve Harlan, who went the rest of the way for the Indians and gave up 2 runs. A fine job of relief pitching was turned in by George Conyor of the Dodgers, who came in for Jr. Thomas in the sixth and put the Dodgers down 123 to wind up a close, well played ball game.

The Dodgers had only five errors in the game; 10 runs off 8 hits and 5 walks given up by Jr. Thomas. The Indians picked up their 9 runs off 8 hits and committed 3 errors.

At the bottom of the sixth inning the score was 10-8 in favor of the Dodgers... last inning for the Indians... 2 runs needed to tie the ball game. Altman got on base through an error and Tucker brought Altman in through another error, putting the tying run on first base. Fondy drew a walk and moved the tying run to second... then... Conyor

is put in to pitch for Thomas and down they go... three Indians... all in a row! It ended a well played game by both teams, with the Dodgers taking it by a final of 10-9. Now a rundown of the scoring by innings:

Dodgers	4	4	0	2	0	0	10
Indians	2	1	4	0	1	1	9

The Ump

Local Sportsmen To Have Gun Club

A Gun Club for Slaton is in the making. Those interested in organizing a Gun Club Meet at the Red Arrow Cafe, Thursday evening, July 6, at 7 o'clock.

For information on this new organization contact Barney Greenfield at Western Auto, Wayne Banks at Piggly Wiggly, Dewayne Barker at Higginbotham Bartlett, or Charles Cullin at the Slatonite.

The purpose of the club is to provide recreation for sportsmen interested in hunting and shooting. Plans for a Rifle and Pistol Range are being made. The club also plans to sponsor contests and Turkey Shoots. Being a member of the club will enable its members to keep in practice with their shooting.

"The Journal, at some future date, may suggest solutions for the state's and nation's financial problems. Just now, we are too busy trying to solve our own." - James H. Russell, Belton (Tex.) Journal.

First Winners Named In Girls Summer Program Events

Winners for the first three days of the tournaments of the final week of the Girls Summer Program were announced this week by co-sponsors M. W. Kerr and Vic Day.

In the division of ages 9 to 11, Kathy Edwards, Betsy Bryant, and Debbie White placed 1st, 2nd, and 3rd, in the basketball free throw competition.

Tops in the ring tossing were Brenda Williams, Kenna Wicker and Jacque Thomas. In bowling the first three winners were Marilyn Davis, Beverly Arrants and Johnnie Mosser.

In the division of 12 to 15 year olds, Joan Claiborne, Caron Cladwell and Glenna Payne were the top three in the Ping Pong tourney, and in bowling Linda Martindale, Rita Martindale and Nancy Lucero placed high.

In basketball free throws Janis Henry, Vicki Nowlin and Caron Caldwell were the winners.

The tournaments are being held in the final week of the program, and next week a complete list of winners in all events will be named.

Legion Loses To Lubbock Auto

Slaton's American Legion team lost a district tilt to the Lubbock Auto Co. 6-2, in Hodges Park Friday night.

Slaton hurler Ronnie Jones allowed five hits, while the home batters only slammed out two for their two runs.

The first Slaton run came in the sixth after Joe Lokey drew a base on balls and then stole second base. A misfired pick-off throw gave him third base, and a single by Arthur Sumrall brought in the score.

In the seventh the first two batters walked, and a ground ball brought in the second run. Lubbock scored its runs with two each in the second, third, and sixth innings.

Newcomers To Slaton

Mr. and Mrs. George Cannon have moved to 900 W. Crosby from Winslow, Arizona. He is employed by the Santa Fe as electrician. They have five children, Cathy, 19; Lewis, 15; George, 14; Peggy, 4; and Sally, 1-1/2. This family chooses the Baptist church for their preference.

Mr. and Mrs. Preston Baker of 840 W. Panhandle have moved here from Plainview. He is in the Byrd Sand & Gravel business. They have three children, Johnny, 14; Susan, 13; and Danny, 10. Their church preference is Methodist.

C. P. McGee and his two daughters, Nancy, 13; and Linda, 12; have moved to 700 S. 16th from Lubbock. Mr. McGee is employed by the Triangle Mfg. Co. as Erecting foreman. Their preference is Holiness Church.

Mr. and Mrs. George Lenox of 725 7th St., formerly of Waco, choose Methodist for their church preference. Mr. Lenox is a contractor for Herb Hall.

Mr. and Mrs. R.L. Newman have moved to 435 S. 4th from the Sug Roberson Ranch, where he is employed. Their church preference is Baptist.

Mr. and Mrs. Harold Mathes of 900 S. 10th are formerly of San Angelo. They have five children, Ann, 11; Randy, 9; Greig, 9; Nancy, 6; and Roger Jim, 1. This family chooses Baptist as their church preference. Mr. Mathes is an engineer for the Santa Fe.

Mr. and Mrs. Spencer Brewer have moved to 1420 W. Crosby from Southland. Mr. Brewer is a farmer and the Methodist Church is their preference.

lin, our gratitude for the large amount of favorable publicity your newspaper gave to this organization on Slaton's Fiftieth Anniversary Celebration; also for the "Golden Anniversary Souvenir Edition" you published commemorating Slaton.

Sincerely,
Clark Self Jr., president
Chamber of Commerce

(Dear Mrs. Cobb,
We sincerely appreciate your comments. Really, though, it is we, the whole town, that should be expressing our gratitude to you and the entire Chamber of Commerce organization for your outstanding effort on the anniversary celebration.

It was just barely believable that the community could take on and successfully complete such a tremendous undertaking as we all witnessed on June 9th and 10th. Much hard work went into the project on the part of many organizations in the community and particularly the Chamber of Commerce.

So please accept our gratitude for doing a large job well.

Sincerely,
Joel)

Mr. Joel Combs, publisher The Slatonite
Dear Joel,
Let me congratulate you and your staff on the splendid historical edition of The Slatonite. I am hoping you are going to "come out" okay and "get going" so you can edit the Centennial Edition.

Sincerely,
Florence R. Cobb

(Dear Mrs. Cobb,
Those words mean more to us than the money you paid for your subscription. Thank you very much.

Sincerely,
Joel)

Mr. Joel R. Combs, publisher The Slatonite
Dear Joel,
I am in receipt of the Golden Anniversary Souvenir Edition of The Slatonite.

I have checked it completely and I think that you have done a wonderful job on this Edition. This paper would be a credit for any city.

I wish to congratulate you and I am going to keep this copy as evidence of the justification of the faith I had in you as a newspaper man.

I think that within a short time this paper will justify to you the hard work and long hours you have put into it. You have done a great job in building it up.

From the ads, I feel that your city is a prosperous one and that your citizens have a great deal of pride in its progress. Again I wish to congratulate you.

Come by and see me when you are in Pampa.

Yours very sincerely,
Bruce L. Parker
Attorney-at-Law
Pampa, Texas

(Dear Bruce,
Thank you very much for those kind remarks. Especially since you have had such a vital interest in our undertaking.

Sincerely,
Joel)

listed in the above schedule of rates, then, in that event, the Governing Body of the City of Slaton shall designate the rate said customers shall pay and the schedule under which said customers shall be listed and such determination by the Governing Body of the City of Slaton shall be final.

Section 6. All persons, firms or corporations connected to and using the sanitary sewer system of the City of Slaton, which said persons, firms or corporations are located outside of the City limits of the City of Slaton, Texas, said persons, firms or corporations shall be charged rates to be determined by the Governing Body of the City of Slaton.

Section 7. No provisions of this ordinance shall be construed as giving any person, firm or corporation located, living or residing outside the corporate limits of the City of Slaton the right to tie on or to enjoy the sanitary sewer services of the City of Slaton or the appurtenances thereto, but the Governing Body of the City of Slaton may contract with any person, firm or corporation for sewer service under such terms and conditions as may appear to such Governing Body to be for the best interest of the City of Slaton.

Section 8. The above charges shall be due and payable monthly as water bills are paid to the City of Slaton and said charges shall be paid to the City of Slaton at the City Water Department in Slaton, Texas.

Section 9. Any person, firm or corporation who shall fail to pay the sewer charge and/or rental as herein levied and assessed within 20 days from the time same becomes due and payable shall be subject to have their sewer and water service disconnected from the City's sewer and water system and lines and thereafter no sewer or water connection which has been disconnected for the non-payment of said charges shall be again reconnected for the same user until all costs incurred in the actual physical disconnection and reconnection have been paid and all delinquent sewer and water service charges have been paid to the City of Slaton.

Section 10. The charges herein assessed shall be assessed against the person, firm or corporation in whose name the water meter is assessed. In any event any person, firm or corporation who is connected to or is using the sanitary sewer system of the City of Slaton and is not connected to the water lines of the City of Slaton, then in that event the charges herein shall be assessed in the name of person, firm or corporation connected to and using the City's municipal sewer system.

Section 11. Savings Clause. In the event any section, subsection, sentence, clause or phrase of this ordinance shall be declared or adjudged invalid or unconstitutional, such adjudication shall in no means affect any other sections, subsections, sentences, clauses or phrases of this ordinance but all the rest hereof shall be in full force and effect just as though the section, subsection, sentence, clause or phrase so declared or adjudged invalid or unconstitutional was not originally a part thereof.

Section 12. This ordinance is made cumulative of all existing ordinances and shall not be construed as repealing any ordinance.

Section 13. Emergency Clause. The fact that the rules and regulations covering the rates and charges for the use of the sanitary sewer system of the City of Slaton need to be changed and the fact that additional regulations are necessary concerning the discharge of sewer wastes into the sanitary sewer system of the City of Slaton need to be changed in order to protect the health and general welfare of the citizens of the City of Slaton, creates an emergency and an imperative public necessity requiring that all rules be suspended and they are hereby adopted immediately upon its passage and it is so enacted.

PASSED AND APPROVED this 26th day of June, A.D., 1961.

DEAR TAX-PAYER :

The 1961 Tax Equalization Board for Wilson Independent School District will meet on Thursday, July 6, 1961, in the Wilson High School building from 10:00 a. m. to 4:00 p. m. for the purpose of checking the 1961 tax renditions with the taxpayers.

Yours respectfully,
Wilson Ind. School Dist.

Catholic Daughters Install Officers

Catholic Daughters of America, Court Our Lady of the Assumption #1364, held its regular meeting Wednesday, June 21, in St. Joseph's Hall at 8:00 p. m. for the purpose of installing officers.

Officers installed were Grand Regent, Mrs. A. W. Steffens; Vice Grand Regent, Mrs. Louie Melcher; Lecturer, Mrs. Albin Kahlich; Historian, Mrs. A. A. Wimmer; Financial Secretary, Mrs. Walter Lee Bednarz; Treasurer, Mrs. Clarence Kitten; Monitor, Mrs. Herbert Heinrich; Prophetess, Mrs. Donald Bednarz; Sentinel, Mrs. Eugene Sokora; Organist, Mrs. Willie Heinrich; Trustees, Mrs. Rose Johnson and Mrs. Jerry Melcher; and Chaplain, Msgr. T. D. O'Brien.

One of the new projects undertaken for the year is helping the World Missions by making bandages and collecting

small religious and household articles.

The sick committee for the months of July and August are, July: Mesdames Joe, Hubert, Rudy, August, and Rudolph Schwertner. Those for August are Mesdames Wm. Seideman, Ben Sokoll, Eugene Sokora, Harold Steffens, and A. W. Steffens.

Chaplain O'Brien gave a brief talk and District Deputy, Mrs. August Kitten, reported on the new court in Amarillo organized by the Slaton Court on June 4.

There will not be a regular meeting in July and in August a family picnic is being planned.

Mrs. Albin Kahlich gave a reading on the United States Flag and then refreshments were served to 41 members. Mrs. Paul Mosser was the door prize winner for this meeting.

THERESA GRIFFIN

Mrs. Payne Hostess To Baptist Circle

The Lottie Moon Circle met Wednesday, June 21, with Mrs. George Payne as hostess.

Those taking part on the program in a subject prayer were Mesdames A. J. Baker, Fred Stephen, Joe Nelson, E. R. Burns, and Fannie Patterson. Minutes of the previous meeting were read by Mrs. Joe Teague Jr. The organization voted to not meet again until September and the meeting was closed by Mrs. R. L. Smith.

Nine members were present and guests present were Mrs. George Sellers of Sayre, Okla., and Miss Carol Carruthers of Levelland.

September Date Is Announced

Miss Theresa Griffin and Wendell Dunlap have chosen September 2, as their wedding date. The couple will exchange vows in Cooper Methodist Church, Woodrow, Texas.

Plans of the approaching marriage are being announced by the parents of the bride-elect, Mr. and Mrs. Finas H. Griffin of Slaton. The prospective bridegroom is the son of Mr. and Mrs. J. A. Dunlap of Cisco.

Miss Griffin graduated from Cooper High School and is a graduate of Texas Tech. Mr. Dunlap, a graduate of Cisco High School, is a senior at Texas Tech.

Legion Auxiliary Has Regular Meet

American Legion Auxiliary met at the American Legion Hall for their regular business meeting recently and elected officers for the next year. President Mrs. H. E. Woods called the meeting to order.

Officers elected include President, Mrs. E. C. Davidson; 1st Vice President, Mrs. J. E. Vickers; 2nd Vice President, Mrs. H. V. Jarman; 3rd Vice President, Mrs. H. E. Wood; Secretary, Mrs. Glen Payne; Treasurer, Mrs. C. E. Upham; Chaplain, Mrs. Stahl; and Sergeant at Arms, Mrs. A. R. Pierce.

Music Students Receive Mention

Students of Mrs. J. A. Wright received honorable mention in the Student Affiliate Theory Competition of the Whitlock Theory Examination. The examination was held June 12, 1961 at the Texas Music Teachers' Association at Waco Convention. Mrs. Jimmie Mansfield, Theory Chairman of Student Affiliate Chairman, and Joseph Keithbourn, President of Music Teachers' Association, signed the certificates.

Lynn May, daughter of Mr. and Mrs. Kenneth May, received a reward for the 5th grade Theory; La Rue Kendrick, daughter of Mr. and Mrs. J. T. Kendrick, received the reward for the 4th grade Theory; Don Edwards, son of Mr. and Mrs. J. S. Edwards Jr., was the winner of the 12th grade Theory.

Mrs. Tom C. Pettigrew of Brownfield visited Mrs. J. W. Hennington recently.

Locals And Personals About People You Know

Mr. and Mrs. Kenneth Goldmon and daughter, Alisa, recently returned from a two week's vacation trip to Louisiana. They visited his grandmother, Mrs. R.H. Stephenson, in Vivian and her aunt, Mrs. Edwards, in Leesville. They also visited in Shreveport.

Visiting Mr. and Mrs. A. W. Arnold of 730 S. 10th, Wednesday of last week were her parents, Mr. and Mrs. W. J. Benson, and brother, Jess Benson, all of Tahoka.

Mr. and Mrs. H. E. Atmip of 305 S. 12th, will leave July 1, for a vacation trip to Wichita, Kansas, where they will visit their son, Kenneth Atmip. While on their trip they will also visit relatives in Belles, Texas, and McKinney, Texas.

James Bearden of Matador visited last week end in Slaton with Bill Balmanno. Also visiting from Matador was Thomas Edwards with Ronney Bagby.

Visiting in the home of Slatonite Publisher Joel Combs and

family recently were his sisters and families, Mr. and Mrs. N. W. Koscheski and sons, Robert and Nelson, a cadet in the U. S. Coast Guard Academy, of New London, Conn., and Mrs. James E. Jinks of Sunray.

Visiting Mr. and Mrs. F.E. Chapple of 825 S. 11th for two weeks are her sister, Mrs. Walter Rosenthal and daughter, Mary Ann, of San Angelo.

Relatives Visit The Bill Pohls

Mr. and Mrs. Donny Bill Pohl of Sorocole, Mo., returned to their home Tuesday after visiting his parents, Mr. and Mrs. Bill Pohl, recently.

Last week the group vacationed together in Port Mansville where they visited Mrs. Bill Pohl's brother and family, Mr. and Mrs. J. L. Mann. While on their trip they went sight-seeing in Corpus Christi and San Antonio. Before returning home the group visited in Abilene with Bill Pohl's sister and her family, Mr. and Mrs. Loren Cullar and sons, Warren and Charles.

Woodrow HD Club Meets Recently

Mrs. Loyd Hagens was hostess to the Woodrow Home Demonstration Club, Thursday, June 22.

Mrs. Bart Jones of Mildred's Flower Shop gave a demonstration of flower arrangements. She used garden flowers brought by the members.

A Thank You letter was read from the club's adopted boy at the Austin Farm Colony.

Mrs. J. W. Lambright joined the club and Mrs. R. S. Cooper won the club gift.

Guests present included Mesdames Lavenia Jones, Lorene Maeker, R. F. Stegmoller, J. W. Lambright and Bart Jones.

Next meeting will be July 6, at 9 a.m. in the home of Mrs. A. A. Kahlich. The program will be on corsage making.

Methodist Guild Installs Officers

The Wesleyan Service Guild met in the Fellowship Hall of the First Methodist Church, Thursday evening June 22.

After a covered dish supper, Mrs. S. L. Alderson led the devotional, followed by a program on refugee camps presented by Mrs. J. F. Merrill.

Following the program Mrs. J. B. Brooks, retiring president, installed the new officers for the year of 1961-62. The following officers were installed: President, Mrs. Ray Conner; Vice President, Mrs. Frank Drewry; Recording Secretary, Mrs. J. F. Merrill; Treasurer and Secretary of Promotion, Mrs. Nan Tudor; Chairman of Spiritual Life, Mrs. J. B. Brooks; Chairman of Christian Social Relation-

First Swim Class Of Summer Graduates 32 Local Youngsters

A total of 32 Slaton youngsters graduated from the first swimming class of the summer last week, according to Truitt Fulcher, manager of the Slaton pool.

Classes include boys and girls from 6 years of age and up. The time of the swimming classes include two weeks, and groups are already being filled for future courses on into the summer.

Fulcher also stated that an adult swimming class is being considered, but no definite plans have been made. If it is held, it will be a morning class.

Included in the graduating class were Lena Paschall, Judy Boyd, Vicki Roche, Patricia Rowan, Brenda Rowan, Kale Roche, Tyna Martin, Laura Lynn Basinger, Melody Cooper, Debra Millikin, Vicki Millikin, Debra Greenfield, Donny Byrd,

Brenda Jones, Billy Jean Robertson, Jo Ann Roberts, Debbie Moore, Tom Roche, Monty Crossland, Richey Crossland, David Hammett, Rex Thomas, Paul Ray Martin, Billy Jaynes, Stanley Jaynes, Jerry Ware, Kevin Jones, Paul Payne, LeWayne Clodfelter, Bobby Hopper, Jerry Hopper, and James Stephens.

The next class will graduate at the end of next week.

JEANETTE BURRELL

Miss Burrell Is July Bride-Elect

Methodist Church, will be the scene when Jeanette Burrell and John Leon Moore pledge wedding vows July 29.

Plans of their daughter's approaching marriage are being announced by Mr. and Mrs. Harry Brown of Slaton and Mr. Gordon Burrell of Lubbock. The prospective bridegroom is the son of Mr. and Mrs. H. L. Moore of Slaton.

Miss Burrell attended Texas Tech and San Diego State College. She has taught school in San Diego, Calif., the past year. Mr. Moore attended Texas Christian University and is presently employed in Lubbock.

Lutheran Women Meet Recently

The Immanuel Lutheran Church Women met in the Educational building recently with Mrs. A. C. Walter as hostess.

The meeting was opened with the hymn "I Heard the Voice of Jesus Say" and followed with sentence prayer.

Pastor Witting gave the Bible study and the offering for the month of June went toward youth.

Twelve members were present.

Bill Smith Attends Exec. Program

Bill H. Smith, of Slaton Motor Company, Inc., Slaton, participated in a comprehensive management training program conducted for dealership executives at the Ford Motor Company Marketing Institute in Dallas this week.

T. N. Frizelle, director of the institute, said the course is designed to help dealers analyze their business activities to better serve their communities.

All dealership operations are reviewed, including operating policies, personnel development, merchandising of cars and trucks, parts and service, and facilities. Studies are based on successful methods used by Ford dealerships throughout the country.

The course is conducted in two one-week segments. The institute serves the more than 900 dealers in the Southwest region of Ford Division.

Frank Smith of Coleman and Mr. and Mrs. R. E. Colebank from Portland, Oregon, visited with Mrs. W. R. Green of 315 S. 15th recently.

Erroneous Report On Winning Float In Anniversary Parade

Our apologies are in order again, and when a person makes the same mistake TWICE, it makes the subsequent excuses a little thinner.

At any rate, when we ran our follow-up of the Golden Anniversary we had the right picture of the winning float, but attributed it to the wrong organization.

The Catholic Daughters of America entered the winning float and we erroneously credited the Daughters of the Pioneers.

Next week we sent a note along to the production plant and asked that they run the SAME picture but use the NEW cutlines.

Someone understood the "SAME" part of the message but missed the rest of it.

At any rate, the Catholic Daughters of America did win, and the picture was theirs, and if the cutline is wrong again this time then the publisher of the Slatonite will be taking applications next week for a new editor.

Commission--

conditions warrant. At the time the application is made for a building permit the builder will also fill out a certificate of occupancy stating what the building is to be used for. The decision of the Zoning Board is final as far as the City is concerned.

Members of the Planning and Zoning Commission present were R. H. Todd, Jr. Don Crow, J. A. Smith and Kenneth Jones. Members of the Zoning Board of Adjustment present were John Schmidt, August Kitten, Albert Grigsby and Howard Hoffman. Building Inspector is Elbert Wilson.

It was reported that a local recreation club had received a letter from the District Attorney regarding operation of the club. Chief Martin was also requested by the District Attorney to investigate, and reported that the investigation revealed nothing wrong.

Bennett Reeves, City Engineer, made a report on the drainage problems in the southwest part of town, but no action was taken.

The subject of damage to pavement by mechanical equipment working on yards was brought up, and it was stated that in the future when such damage is done, the person will be billed from the city for the cost of repair.

Mayor Lemon reported that Dr. Glen Payne, finance chairman for the girls summer recreation program had contacted him regarding the City helping with the financing of this program. After discussion the Commission voted unanimously on motion by Mr. Stokes and second by Mr. Eckert to donate \$100.00 to this program. It was pointed out that this amount is approximately the same as that provided for the boys programs.

On motion by Mr. Stokes and second by Mr. Eckert the Commission voted unanimously to pass on second and final reading ordinance #200. This ordinance pertains to gasfitters and plumbers surety bonds in Slaton.

On motion by Mr. Stokes and second by Mr. Dixon the Commission voted unanimously to authorize the placement of a street light at the intersection of 3rd. and Lynn Streets and to authorize Mr. Eckert to check into lighting at the Little League Park and at the rear of Hoyt's Body Shop.

Mr. Eckert also requested that the Water Superintendent check water pressures in alleys between 3rd. and 4th. streets and 4th. and 5th. streets North.

Mr. Eckert also suggested that Railroad Avenue between the existing pavement and Lubbock Street be caliche and that possibly other streets in town could be repaired in the same manner.

WINNING FLOAT IN ANNIVERSARY PARADE - Pictured above is the winning float in the Golden Anniversary Parade, built and entered by the Catholic Daughters of America. (See related story on this page)

Slaton Teacher--

sity of Lund, Sweden; Dr. C. A. VanderWerf of the Chemistry Department at the University of Kansas, and Dr. W. F. Verwey, chairman of the Department of Microbiology at the University of Texas Medical Branch, Galveston.

Mrs. A. H. Grigsby is in San Antonio visiting her son and family, Mr. and Mrs. Lindie Grigsby and son, Lee.

Visiting Mr. and Mrs. A. E. Whitehead of 625 W. Garza are Mr. and Mrs. R. Hollands and daughters of Kingsville.

Annual Banquet--

Magouirk, T. D. Elder, Travis Hendrix, Members; FINANCIAL PLANNING COMMISSION, B. B. Castleberry, Chairman; Billy Tom Taylor, L. D. Langham, Ray Belt, Glen B. Payne, Don Hatchett, August Kitten, M. G. Davis, Herbert Heinrich, Earl D. Eblen, Members.

Recent visitors in the home of Mr. and Mrs. K. W. Campbell of 430 W. Division St. were her sister, Mrs. Nell Cutler and daughter, Sherry, of Beaumont.

Officers Elected In Council Meet

Knights of Columbus Council #2571 elected officers at their regular meeting Wednesday, June 14, at St. Joseph's Hall. Officers elected include Grand Knight, A. W. Steffens; Deputy Grand Knight, Andrew Kitten; Recorder, Eugene Heinrich; Treasurer, Johnny Melcher; Chancellor, Milton Plowonka; Advocate, Norbert Kitten; Warden, Emmitt Stelzer; Inside Guard, Ernest Alvarado; Outside Guard, Alfonso Lucero; and Trustee, Walter Lee Bednarz.

Delegates, Walter Bednarz and Ervin Heinrich, reported on the State Convention held in Galveston approximately 16 miles from Slaton and returned chartered a bus to the convention.

Mr. and Mrs. Tom accompanied by their daughter, Karla, visited in Hale County with Mrs. McCullough. Mr. and Mrs. J. L. also visited her family, Mr. and Mrs. Shirley and son, Jeffery, in Plainville.

Railroads, Conservatism, And Free Enterprise

little can affect the railroads in the nation without touching Slaton. Our community gained its life from the railroad, and today remains dependent upon the Santa Fe in particular and upon the success of the railroads in general. Over 450 families in Slaton are dependent upon the railroad, and it's only natural that when the railroads are hurt, then Slaton is hurt.

represent the railroads and the privately owned pipe lines the only forms of transportation whose "roadway" is not owned by the government. And necessarily, government does not ease off on its unfair legislation, it won't be long until the government owns them too. Andy Clair M. Roddewig, president of the Association of Western Railways, pointed out how the federal government set railroads and how, if not stemmed, could ruin them. This particular case the situation also touches the state, and we feel qualified to offer our opinion.

REJECTS RATE
In 1956, newsprint was moved into Texas by barge lines. That year the railroads instituted a rate of \$12.40 per ton and thereby got considerable traffic on the print. Barge lines cut this rate by \$2.00 a ton and got back the business. After passage of the 1958 transportation act, railroads offered the same rate, and thereby had to their fair share of business.

what was so spectacularly wrong with the railroads business was not mentioned. As a consequence the railroads could not by federal law compete with a mode of transportation that WAS OWNED AND OPERATED BY THE GOVERNMENT.

sequently, newsprint reached its final destination at a price as a result of the government prohibiting the railroads from operating on a free enterprise system. This means, essentially, is that the federal government put a blanket on another enterprise to protect one of its while other privately owned businesses suffered.

cept in enormity of operation, the railroads should not be treated any business man in any small community. They should have the opportunity to compete with other businesses on the same even ground - that ground being the ability to do good service to customers at a good fee and where they can.

When a liberal government has finished, railroad men eventually pay higher prices for cars because their own industry was prohibited by law from doing business on a free enterprise scale.

The Sounding Board

From "Drifting Sands" in Andrews paper, comes this astute commentary on the tractor hassle and Castro:

Eleanor Roosevelt Hyde Park Washington, D. C.

In view of Castro's demand yesterday for \$28 million rather than \$2.8 million in tractors, we have decided after much soul-searching to join forces with you. Stop. We are launching an immediate nationwide campaign to solicit S&H Green Stamps from every man, woman and child in the nation. Stop. Ultimate goal of the national campaign will be to obtain over \$28 million dollars worth of stamps to use in bartering with Castro over exchange of Cuban nationals caught during the ill-conceived ill-fated, ill-advised, ill-planned, ill-timed, and illegitimate invasion of Cuba. Stop.

We are counting on your full support in behalf of this gigantic movement to extract stamps from every household in nation. Stop. Believe you can readily understand the merit of such a campaign and the overall negotiating power the stamps would have for this government and for Castro. Stop.

Armed with bushels of stamps, he can order from this country what his heart desires—a little dab of this and a little dab of that . . . and from America's standpoint, his price cannot change with each succeeding visit of delegations. Stop.

Would appreciate it very much if you would enlist the aid of your fellow workers in this cause: Namely, Jack Parr, Walter Reuther, Milton Eisenhower and Sen. Ralph Yarborough. Stop. We feel sure they will throw their mighty support behind this great and noble humanitarian campaign to swap Green Stamps for prisoners. Stop. Looking forward to receiving your contribution to the cause. Stop.

Directors
Internal Revenue Service Washington, D. C.

Am making immediate application with your department for a favorable ruling concerning the legal deduction from income tax returns of full value of S&H Green Stamps donated in the "Stamps for prisoners" campaign. Stop.

This is a nationwide non-profit charitable campaign to secure \$28 million in Green Stamps to exchange with Castro for approximately 1200 Cuban national prisoners. Stop.

We are certain the campaign has the full endorsement of the administration and certainly deserves the same privileges and concessions granted by you at the request of JFK to the American tractors for freedom committee.

In order to comply with all rules and regulations by your department, headquarters of "Stamps for Prisoners" committee will furnish your Dallas office with complete list of

donors, number of stamps, and market value thereof. We would appreciate a prompt and early ruling by your department head upon this urgent matter as success of this noble experiment in private-citizen-to-Castro diplomacy depends upon a benevolent and generous ruling from your department.

Fidel Castro
Palais Nacional
Havana, Cuba

Following news of your disappointment over offer of \$2.8 million in tractors rather than \$28 million by tractors for freedom committee, we have launched a nationwide campaign to secure for you \$28 million in S&H Green Stamps. Stop.

We know that even in Cuba you are aware of the popularity and the possibilities inherent in the ownership of Green Stamps. Stop. When collected, we will offer you the entire amount in exchange for your release of those Cuban nationals captured in that invasion of your island. Stop.

With Stamps, you can order a wide variety of items from the United States—items to help you in shoring up the sagging economy in Cuba. Ownership of stamps will give you same power as free credit rein in Sears - Roebuck Catalogue. Stop.

Campaign is now underway and will keep you fully posted as to progress of this venture. Please wire your acceptance of our generous and noble offer. Stop.

Editor
Andrews County News
Andrews, Texas

Bill Turner of the Olton Enterprise has this story to tell: HERE'S a little story that sort of hits all of us, because most of us have had some part or another in making the situation that now exists across the nation.

I don't know who originated this one, but it is almost as funny as it is tragic:

A young man lived with his parents in a public housing development. He attended public school, rode the free school bus and participated in the free lunch program. He entered the army, then upon discharge retained his National Service Insurance. He then enrolled in the state university, working part-time in the State Capitol to supplement his G. I. education check.

Upon graduation, he married a public health nurse and bought a farm with an F.H.A. loan and then obtained an R.F.C. loan to go into business. A baby was born in the county hospital. He bought a ranch with the aid of the Veterans Land Program and obtained emergency feed from the government.

Later he put part of his land in the soil bank and the payments soon paid out his farm and ranch. His father and mother lived very comfortably on the ranch on their Social Security and Old Age Assistance

ODD CHALKINS

Our doubts are traitors. And makes us lose the good we oft might win, By fearing to attempt --Shakespeare

The man of character finds an especial attractiveness in difficulty, since it is only by coming to grips with difficulty that he can realize his potentialities. --Charles de Gaulle

has the moral right to force from the producer he has produced or for any purpose whatever for a good purpose, even for a good purpose, of it. --F. A. Harper

checks.

The county agent showed him how to terrace his land; then the government built him a fish pound and stocked it with many fish. The government guaranteed him a sale for his farm products at highest prices.

Books from the public library were delivered to his door. He banked money which a government agency insured. His children grew up, entered public schools, ate free lunches, rode free school buses, played in public parks, swam in public pools. The man owned an automobile so he favored the Federal Highway Program.

He signed a petition seeking federal assistance in developing an industrial project to help the economy of his area. He was a leader in obtaining the new post office and federal building, and went to Washington with a group to ask the government to build a great dam costing millions so that the area could get "cheap electricity."

He petitioned the government to give the local air base to the county. He was also a leader in the movement to get his specific type of farming special tax write-offs and exemptions! Of course, he belonged to several farmers' organizations, but denied that they were pressure groups.

Then one day, he wrote his congressman: "I wish to protest the excessive governmental expenditures and attendant high taxes. I believe in rugged individualism. I think people should stand on their own two feet without expecting handouts. I am opposed to all Socialist trends and I demand a return to the principles of our Constitution and the policies of States' Rights."

From Marvin Tomme's column in the Ralls Banner: Government officials have been howling loudly to every news source available about the "top secrets" Russians have been able to buy over our toy store counters for \$2.98. Seems a toy manufacturer released a toy submarine model of the Long Island, a missile sub that is to be completed in the near future, and officials claim there are secrets in the model that had not been released to the public, yet now the Red spies we have in this country can buy them for no risk at all in obtaining them. Appears somebody goofed—until you look a little closer. First of all, if a toy designer could readily obtain all these details, then certainly anyone making a business of trying to spy on what we are putting into our new ships could have found out easily enough long ago. Also, if the secrets are simple enough for a toy to incorporate them they

(Continued on page 12.)

THE Peripatetic VIEW

by C.E.C.

During the past few days the Defense Department found that publicly spanking a general was not as easy as it first imagined.

Or it might be said that in this case of passing around the hot potato, it got hotter with each shift and is now in the hip pocket of those who first started the chain reaction.

The army first got after General Edwin Walker for the supposed act of "distributing John Birch material among the troops under his command." He was reprimanded, humiliated, and denied a higher post that he had previously been scheduled for.

Then the glue was in the saddle for the army. It was discovered that the news about the General and John Birch was printed by a sensational newspaper in Germany that circulates primarily to armed forces. It was proven that nothing had been said about "John Birch," but that the General was merely informing his troops about certain aspects of the communist conspiracy that were endorsed by the Defense Department, and then referred to certain high-powered politicians as "left-wingers," which they admittedly are.

The fact that the General found cause to tell his troops of Communist aggression must have proved to be such a rare thing in the Army that the newspaper automatically assumed he must be talking about the "Birch Society."

And when the Defense Department discovered that all the General had done was to talk nasty about the biggest

enemy the United States had, then they were about ready to shake hands and forget the whole affair.

But not so with the General. He now plans to take his retirement and join forces with a few other retired generals and exploit the whole matter. This will be pursued in a manner so as the DD can't do much about it. Which, of course, displeases same no end.

So now we can wait and see just what the General will do about the whole affair, and a reasonably reliable source claims that the Defense Department is sitting with the po-

tato now and wishing the whole thing had never happened.

Four days ago Khrushchev proclaimed to a small nation in a raging voice that the USSR was second greatest in the nation now and would soon overtake America. "We will bury them," he said.

So just maybe it's about time somebody did mention the fact that there actually are Communists and that they actually do plan to do away with us. If this is a reactionary attitude, then I'm personally proud to be one!

Sometimes a gale dream boat turns into a night mare.

NO MONEY DOWN—TWO YEARS TO PAY!

HOW COME A CAR THAT RIDES LIKE THIS ONE DOESN'T COST MORE?

A good question—and we could spend this whole page answering! But what it all boils down to is this: It just stands to reason you're going to get more for your money when you put it on the car more people are buying . . . and that car is the Jet-smooth Chevrolet.

Best way to settle any further questions about Chevy's ride is to settle behind the wheel and try it. Full Coil suspension and over 700 other gentle persuaders throughout the body and chassis will go to work cushioning, insulating, smoothing, JET-SMOOTH CHEVY soothing and pampering. Only

question you'll have left is why didn't you try it sooner. You might also ask: Who else in Chevrolet's field gives you Body by Fisher craftsmanship and such a wide variety of models to make sure you get just what you're looking for? Answer: Nobody.

Prices? The man to check for the low-down on that one is your Chevrolet dealer. He's ready and waiting for you right now with all the right answers.

Methodist Church Collecting Items For Distressed Area

The First Methodist Church, Slaton, is collecting blankets and good-used clothing for the 1961 Clothing and Blankets Appeal of Texas Council of Churches Department of Church World Service.

These blankets and clothing will be distributed to refugees, victims of war and famine, and

Methodist Youth Attend Assembly

Attending Methodist Youth Assembly at McMurry College in Abilene this week is Joyce Gamble, Dana Heaton, Nelda Ray, and Jerry Clark. The group will return to Slaton Friday, June 30.

Misses Kay and Laurel Choate returned Friday after attending Methodist Youth Fellowship Officer's Training Camp at Ceta Canyon.

Happy Birthday

JULY 1: Mrs. Otto Dillard, Mrs. Ray Kitten, Mrs. Henry Hollinden, Mrs. A. A. Denger, Harley Patterson, E. R. Legg, Jeanita Schwertner, and Bill Green.

JULY 2: Mrs. Edwin Bednarz, Jimmy Avant, Tom Hoffman, Ova Sue Wilson, Mrs. Lula Ownby, Canzada Lee, Quinton, Strube, and Mrs. Delma Hodge.

JULY 3: Walter Mosser, Helen Kahlick, Lawrence Schilling, Connie Rhea Brake, Martha Jean Kahlick, Mrs. Sam N. Lowe, Mrs. Lora Wicker, Mrs. John Kurtz of Mulvane, Kansas, Johnny Abare, Carlton Tunlison, Rhonda Pettigrew, Charles Wayne Underwood, and Mrs. W. H. Bartlett.

JULY 4: Mrs. Buddy Hall, Allen Strube, Cecil Long, Bobby Townsend, Mrs. Verna Patterson, Mrs. Harold Wilson, and Ray Clay Green.

JULY 5: Mrs. T. G. McEever and Nadine Meurer.

JULY 6: Lyndon Macker.

natural disaster areas in the world. It is estimated that 15 million pounds of clothing and bedding are needed in this national project.

Anyone interested in giving for this project can bring their blankets and clothing, clean, to the forery of the First Methodist Church or call Mrs. Jack Berkley at VA 8-3487. She will arrange to have the items picked up.

They should be turned in to the church as soon as possible. The last items will be mailed July 3.

Baptist Class Holds Meeting

The home of Mrs. E. E. Culver was the scene of the Home-makers Class of the First Baptist Church meeting, Tuesday, June 20. Mrs. Lela Clark was co-hostess.

President Mrs. Roy Collins presided over the meeting. Mrs. Lottie Jefferson led the opening prayer and Mrs. E. R. Burns brought the devotion on the 19th chapter of Luke. The meeting closed with a prayer by Mrs. Culver.

Refreshments were served to the following members: Mesdames Pearl Lawrence, B. A. Hanna, Joe Neilson, Lela Clark, Joe Jeffersons, E. R. Burns, Roy Collings, Roy Paris and the hostess, Mrs. E. E. Culver.

Church Report

Attendance at church schools in Slaton Sunday, June 25, totaled 1231 in the eight churches which reported.

Churches reporting and their attendance was as follows:

First Methodist 209
First Baptist 332
Westview Baptist 180
Grace Lutheran 96
Church of Christ 244
First Baptist Mission 46
Bible Baptist 80
Assembly of God 54

Joe Salem Is Speaker At Methodist Church

Joe Salem of Sudan was the speaker for the morning service of the First Methodist Church here Sunday.

Salem is an outstanding lay speaker, and makes many trips to fill pulpits of pastors absent from their home churches.

The Master's Touch

God must love beauty, to use it so lavishly. The Master Artist dapples the soft green leaves with golden sunshine, turns the brook to flowing crystal, and puts a song into Spring itself.

There is beauty in us, too . . . because He put it there. In His sight, none of us are ugly, none of us are forsaken, none of us are "lost."

But sometimes, in the busy process of day-to-day living, we turn blind eyes upon the world's loveliness, and take for granted the gifts which should brighten the hours and years. We need a faith that gives us vision to find again the inner beauty He gave us in the beginning . . . a gift which He never takes away. Let us go, then, to His Church. Let us "enter into His gates with thanksgiving . . . for the Lord is good; His mercy is everlasting; and His Truth endureth forever."

Copyright 1960, Krister Adv. Service, Strasburg, Va.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth in the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter Verse
Sunday	Genesis	1 1-31
Monday	Psalms	104 1-31
Tuesday	Psalms	37 22-31
Wednesday	II Corinthians	4 1-4
Thursday	Luke	12 31-34
Friday	Luke	14 1-14
Saturday	Psalms	95 1-11

Advertising and Circulation

Now To Use Burs This Fall

year more and more
station is machine har-
resulting in a larger

supply of cotton burs at the gin.
To dispose of these burs, most
ginners burn them, thereby in-

creasing the fire hazard.

Research by the Texas Agri-
cultural Experiment Station has
proven, however, that there is
a better use for this gin waste.
These burs, when applied to the
land, will increase cotton
yields. In a 4-year study at
Lubbock, the use of cotton burs
under nonirrigated conditions
increased lint yields by an
average of 27 pounds per acre,
and the residual effect in-
creased yields by 28 pounds
per acre for 5 years.

Liberal application of burs
results in a better soil-water
relationship, thus letting crops
use the available moisture more
effectively. Soils to which cotton
burs have been added are also
more resistant to wind
and water erosion, and they may
have a better infiltration rate.

Angular leaf spot, verticillium
wilt or cotton seedling diseases
have not shown any increase on
land receiving six annual ap-
plications of burs at Lubbock.
In years favorable to angular
leaf spot infection, it was more
serious where no burs or
fertilizers were applied.

Cotton insects which reduce
yields and lower grades have
not built up to a point in the
burs-treated soil that they nul-
lify the advantage of using burs.
In 1951, cotton burs were re-
leased by the State Department
of Agriculture and the Depart-
ment of Plant Quarantine for
use on the land, provided certain
standards in methods of hand-
lings were met by ginners in
order to destroy any pink boll-
worms present.

Daily Care Of Hogs Pays Off

Most everyone has heard the
fable of the tortoise and the
hare, but how many people have
realized the truth in this tale?
Dr. C. M. Patterson, extension
veterinarian, believes that live-
stock producers, especially hog
growers, can learn from the
patient turtle.

The swine producer who leaps
hare-like for the bottle of
"wonder-drug" when his hogs
are ill will fall way behind the
thorough, patient husbandman
who has followed a program of
disease and parasite preven-
tion.

True, day to day attention
to details which insure the
health of a swine herd is not
very spectacular, but it is far
and away better than reliance
on drugs, says Patterson.
Treatment alone does not pro-
vide the complete answer to the
problem of profitable swine
production.

An effective health program
for swine must, Patterson ad-
vises, provide a clean healthy
environment, prevent exposure
of animals to disease-producing
agents, provide for early de-
tection and identification of di-
seases and parasites, provide
for early treatment selected and
applied on the basis of
diagnosis, and include accurate
and complete records.

Plains Cotton Growers Set Aim On Quality

Consistency in production of
better quality cotton is one of
the long-range goals of cotton
producers on the Texas High
Plains and proof that this is
underway and that progress is
being made is evident in the
1960 cotton Quality Survey re-
cently released by the Plains
Cotton Growers, Inc.

Cotton on the High Plains
in 1960 showed an average grade
of Middling Plus in the white
cotton, and a full Middling grade
in the Light Spotted cotton.
These two groups account for
about 86% of the 1960 crop.
George W. Pfeifferberger, Ex-
ecutive Vice President, ex-
plained.

The remaining 16% of the
1960 crop did include some 7%
spotted cotton and wastes
totalled 4 1/2%, and all others
such as grays, tinges and light
grays totalled 2 1/2%.

Average staple length of the
1960 crop on the High Plains
was 30.7 thirty-seconds inch
with more than half of the crop,
52%, measuring 31/32 inch or
longer.

The micronaire average of
the 1960 crop was 3.7 with 2/3
of the crop testing 3.5 or better.
Pressley fiber strength aver-
aged 77,000 pounds per square
inch with 2/3 of the crop test-
ing above 75,000 pounds.

In 1959 on the High Plains
white cotton averaged only
Strict Low Middling plus in
grade and Light Spots averaged
Middling. In that year 61%
of the cotton was graded as White
cotton and about 34% Light
Spotted. Average staple length
in 1959 was 30.5 thirty-seconds
inch with about 45% measuring

31/32 - inch or longer. Micron-
aire was only 3.4 with about
45% above 3.5 and Pressley
fiber strength average was
75,000 pounds with about 47%
75,000 and above.

Statistics from the Area
Farm Management Specialist
John Seibert of the Texas Ex-
tension Service, show that High
Plains farmers had a yield of
about 430 pounds of lint off of
cotton in 1960 which produced
an approximate net return per
acre of some \$40.13 for an
approximate cost to produce a
pound of lint of 18.7 cents.

The 1960 cotton crop was
produced off of 2,152,245 har-
vested acres for a total yield
of approximately 1,942,787
bales in the 23 member counties
of the High Plains.

with 81% 3.5 or above and Pres-
sley fiber strength was 74,600
pounds with about 47% testing
75,000 and above.

Prospects continue to look as
good in 1961 since additional
acreage is available and farm-
ers will have 2,442,627 allotted
acres available for planting. At
present planting operations are
from 80 to 85% complete.

have a color TV, and the floors weren't carpeted, and the air conditioning was terrible. So I didn't stay. I did receive the honor of being offered the dark cell, though. Wild Cat Johnson carried me through for which I thank him from the bottom of my stomach.

I expected to see some of my customers up there. I didn't, but it's a wonder, Ed Parchman almost had to be up there after last Sunday. Ed was coming after his Sunday morning paper, and since he hasn't lived in Texas but 75 years wasn't aware that it was against the law to drive on the wrong side of the highway, even in Acuff. I realize it is important that Ed see me every day, but I don't expect to break the law doing it. It just so happened that a couple of the do-right boys were out in full force. Ed proceeded by getting out. I think he said something like "goodness gracious, officers, what a lovely day." Ed said he gave a hand signal. Now I ask you people that know Ed if in all your born days you ever saw Ed Parchman give a hand signal? If you did he was probably waving at some woman across the street or something.

Ed told me he was in jail one time. He was up there by mistake. It was his mistake. He got caught. He saw a woman down on the street walking down the sidewalk. He began hollering at the top of his voice, "my name is Ed Parchman, get me out of here!" The woman gave him about a half sneer and walked on down the street. Somebody told me that woman's name was Mrs. Ed Parchman.

The Sounding Board

(Continued from page 9)

are probably simple enough they might not be so hard for a ship designer or a scientist to dream up without spending \$2.98 for blueprints. Could it be officials are howling a little loudly to cover up their own failures in security measures?

Snap-ed Shot: To a married man it is known as the law of demand and supply.

Do you believe history is a good teacher? Does experience mean anything to you? Do you think what people do over a period of 10 years is a suitable guide to what they will do over the next 10-year period? Can you really tell what a drunk cowboy is going to do by recalling what he did the last time he got drunk? If your answer to these four questions is yes, then you may expect your tax burden to double in the next 10 years. In 1950, Americans paid \$369 each in federal, state and local taxes. In 1960, the same Americans paid \$715 each in federal, state and local taxes. In 1970, by any reasonable prognosis, we may expect to dole out \$1,400 each in payment of federal, state and local taxes. A cheery note is that by 1970 the government will most likely have relieved us of any responsibility for looking after our-

I'm proud to say that Ed is my friend. You should see the columns I write about my enemies.

selves. In which case, why would we need any of the money we earn, anyway?

Sudden thought: In times of trial there is no greater comfort than a good lawyer.

Lewis Knight tells me an interesting story about the FFA cattle barns being constructed by class students on the Crosbyton highway. Seems there is some speculation among the citizenry as to what these barns will be, with ideas running something like this: Barns for housing coon hunter's horses; vegetable barn for farmers of the area; and even another skeet shooting range. Well, 'tain't such, just simply barns for city children taking agriculture to house their animal projects in compliance with the city animal ordinance. And by the way, those barns are being put up at practically no cost to the

school. The lumber is mostly salvage and the work is being done by class members and instructor Knight. And I might add, a nice job, at that.

Happiness is not very hard to find, it's just hard to find it anywhere else. *Chamfort*

Prime Products of Our Talent Farm

Every year ... at great expense in time, money and love ... we turn out another fine crop of young men and women ... trained and schooled and ready to take their places in the adult world. And every year the big cities get most of them ... because we haven't enough jobs for them to do.

- It's very generous of us to go to all of this trouble and expense to furnish high grade personnel for city use.

- Of course, we'd like very much to keep them here near us because we love them. And we could use nearly all of them if we should develop a real selfish streak some day and decide to wean the big cities we

have been helping to support.

- The money we spend out of town every year, if most of it was spent here, would provide many more job and business opportunities for our young people.

- It would make the grass a good deal greener for most of us older citizens, too

THE Peripatetic VIEW

by C.C.C.

Recently in the news a picture of a farmer in a Cadillac with a sign on the back that said "This Car Purchased with Money Paid Me From Government For Not Growing Corn."

As absurd as this appears, it is true that it hurts, and it is good to see one man being honest about it.

Am quizzed by reporters and them that he couldn't be a moralist of taking money from taxpayers and giving it to farmers for what they didn't grow.

... we have seen three pieces of legislation being passed. They include the raising of the national debt by six billion dollars; reducing the age of retirement to 62, causing a great payroll deduction; and a housing bill allowing the government to become an aid in the purchase of a house.

This new frontier law is coming into being, it is good to think about it. It is the Cadillac. It is an administration that is "soup-line security" for citizens. By doing so, they are bolstering the economic fibre of the country.

It might be feasible to say you can take from everyone and dole out in small portions to everyone, because "few" needed the small portion. What hadn't been noted on was the fact that a centralized power attempt to take care of everyone they may aid a few, the process they rob the rest of the spirit of the remainder.

When you arrive at a without a soul, then there is no nation at all.

... there is a wonderful thing, conducted voluntarily is for both parties. When are forcefully extracted all to care for a few, it is no longer welfare.

... remember the story of two children along a treacherous path with a 1000-foot drop on one side. One of the children slipped over the edge a few feet but managed to get onto a tree growing on the ledge.

He began to try to claw his way back to the path, his friend said, "Just turn loose, that way."

At this time when the day forces of liberalism at any person who would government spending is regress.

... hanging from the tree trying to back-track back to the path, but a lot better than trying to make it the other way.

... before you become too free by the wonderful free of the new frontier, consider the Cadillac you bought from a farmer in Illinois.

... it be a little bit better your money and buy yourself?

... In Prize Money Waiting The Winners

... E. M. Golden, a householder at 220 S. 6th Street, is the Grand Prize winner in the Slatonite's "Ad Contest" recently conducted.

... was a total of \$600 in prize money. The entire while winning one of the contests.

... name: your city--never Progress--never

... the list of winners contests who have not paid and who may be the Slatonite to collect winnings at their home.

... Roy G. Hodges, \$30. E. M. Golden, \$80. Earl Lewis Jr., \$10. Wright E. Lusk, \$20.
