Christmas Parade 2 p.m.

Santa To Visit Here Saturday

Ol' Santa comes to Colorado City Saturday afternoon and will ride through downtown on the fire truck and then will hear the Christmas wishes of little girls and boys in the Civic Center.

A Santa Claus Christmas Parade will be staged in his honor starting at 2 p.m. just east of Fuller Foods on E. Hwy. 80 and progressing to 2nd and Oak at the Civic Center, where it will break up.

Parade Marshall is Wedge Turner, manager of Lone Star Gas Co. in Colorado City, and he says that there will be floats and new cars and tractors as the Colorado High School marching band will lead the parade.

Also included are the Colorado Middle School band and twirlers and a float made up of the combined First Methodist Church and First Baptist Church Children's Choir. They will sing Christmas carols as they travel the parade route.

Another featured attraction of the parade will be floats by both the Future Farmers of America chapters of Westbrook and Loraine as they intend to show off some of the ribbons they have won on livestock projects and other FFA events.

The fire truck carrying Santa will also be well-supplied with candy to throw to boys and girls along the way.

Turner said that Santa will disembark from the red engine in front of the Civic Center and then go inside in order to be seated to hear the boys' and girls' Christmas wish list. Lines will be formed inside so that cold or bad weather will not adversely affect the turnout, he said.

Also Saturday, the second drawing for Santa's Dollars is set for 3 p.m. at the corner of 2nd and Walnut with all-new tickets being put into the hopper this week.

Added this week to the usual Grand Prize \$100 and four \$25 prizes will be the two unclaimed \$25 prizes left over from the first drawing, but participants must get all new tickets this week from sponsoring merchants.

Santa Claus will be in the city visiting various business places each Saturday afternoon of the drawings

and will also be visiting Christmas Eve as he makes last-minute visits with boys and girls to hear their Christmas wishes.

Burglary Charged

Burglary charges were filed Monday against J. C. Dillworth, 49, whose address was listed as Apt. 9, Dawson Hotel, Colorado City.

Dillworth posted \$5,000 bond and will stand trial soon on charges stemming from the Nov. 24 break-in at Anthony's.

Assisting Assistant Chief Jerry Cowin and Patrolman Clyde Parker in making the arrest were Bill Everett and Kenneth Lain, graduates last spring from Colorado High School.

Dollar Days

Colorado City merchants are sponsoring Dollar Days sales bargains Thursday, Friday and Saturday.

Check the ads of these merchants in this issue of the Record:

Stereo Corral, Anthony's, Britton's Furniture and Accessories, Ramage Appliances, Fuller Foods, Landau's, Sparks Hardware, E-Z Way Superette, C C Printing, Safeway and Barbara Ann's.

DRAWING FOR SANTA'S DOLLARS was held for the first time Saturday at 3 p.m. on the corner of 2nd and Walnut. Two of the \$25 prizes were unclaimed and will be added to this Saturday's drawing making a total of \$250 to be given away. All-new tickets will be included in this Saturday's drawing, available from 54 sponsoring merchants. A person does not have to be present to win nor make a purchase to obtain the tickets. Drawings are scheduled for Dec. 4, Dec. 11 and Dec. 18, the next three Saturdays before Christmas.

1,060 Immunized Loraine Clinic, Others Bring Up Tot

There were 1,060 people who took advantage of the free Swine Flu Immunization Clinic held at Wallace Center Monday and another 600 people in the county had received shots from their doctors earlier.

The total of 1,660 compares favorably with other counties of 10,000 population, and some Loraine residents took advantage of a clinic held there yesterday.

Local volunteers helped Texas Dept. of Health Resources personnel administer the vaccine.

Barbara Gray, Mitchell County coordinator for the clinic under the auspices of the First Lady's Volunteer Program, said that she was well-pleased with the turnout and praised everyone who helped make it successful.

Firemen's Party Set Friday

All honorary and retired Volunteer Firemen will join current firemen and their families for the annual Fireman's Christmas Party Friday night at the Civic Center.

Following a catered banquet supper which starts at 7:30 p.m., the firemen, wives and children will exchange Christmas gifts and then comes the big moment-announcement of the Fireman of the Year. Last year's honored fireman, Lon Robertson, said that the program usually includes an after-dinner speaker and is a fun-time for the volunteers as they hear year-end reports on fire-fighting in the county.

"One of the best things resulting from the all-day clinic was that the bed we had set up in one of the rooms was never needed and never used as everyone reacted well to the vaccine," she added.

Regional Dept. of Public Health Resources personnel who helped with the clinic included Elodia Diaz, Henrieta Gonzales, Margie Chavez, Rosa Limonez and Louise King.

Local volunteers included the following: Lou Terry,

Basketball Games For CHS Girls

Varsity and Junior Varsity girls teams at Colorado High School played Stanton teams in Wolf Gym Monday night and lost both games to a tough Buffalo offense and defense.

JV score was 24-45 with scoring by Anne Marcom, 8; Janice Ridge, 4; Gail Sheen, 3; Jessica Randle, 3; Nita Simmons, 3 and Letricia Martinez, 3.

Varsity girls scoring were Beverly Fuller, 11; Karen Thomas, 10; Maxine Scott, 2 and Kathy Moore, 4. Final score was 27-55.

The CHS teams won both their games Tuesday night in Wolf Gym as they played teams from Westbrook.

Varsity score was 56-43 and the JV won by a margin of 40-37.

JV scorers were Janice Ridge, 16; Jessica Randle, 10. See **GAMES**, Page 9

SWINE FLU CLINIC in Mitchell County was held Monday in Wallace Center and 1,060 people took advantage of the free immunization program. A make-up clinic will be scheduled sometime about the first of January, date to be decided next week. One of the recipients of the vaccine is pictured here as volunteers administer the shot.

Wolves Open Basketball

Colorado City Wolves boys' basketball teams tipped off their season here Saturday night with losses to Sweetwater but came back Monday night to score strong wins over Stanton teams.

In the season opener Saturday night, the Wolves varsity lost to Sweetwater 64-43 and the Junior Varsity lost to the Mustangs 49-31. Basketball Coach Mike Hart said before the game that Sweetwater is strong this year, having defeated San Angelo Central, a Class AAAA school, by one point the previous week. The Sweetwater team has also been working out since Oct. 15 as most of the team is made up of strictly basketball players.

The CHS team is made of mostly football players and they had only one full week of workouts prior to Saturday's opener.

As a result, Hart said he was satisfied with the Wolves showing and thinks they will be in top shape about two weeks from now.

In the Varsity game, Jackie Ellis led scoring with 10 points followed by Kevin Geiger with 8; the Jordan brothers, Bill and Jim, with six points each; Craig Carter, 4; Blake Hammond, 3

and Wayne McKee, Cornell Ausbie and Frank Sanchez, two points each.

JV scoring was led by Ricky Sanchez with 11 points and Jay Feaster with 7.

Both teams showed a lot of hustle as they stole the ball and ran good plays but their timing seemed to be off in passing the ball as well as in making shots. This goes back to the fact that this was the first game of the season for both varsity and junior varsity squads and both had worked out only a few times. Both teams' timing seemed to get better as their games progressed.

Monday night, both teams improved even further with the junior varsity opening as much as a 30-point lead over Stanton and won 59-43 with Jay Feaster scoring 18 points. David Rivera and Rodney Wheeler both scored eight, Gene Carter and Johnny Garcia each scored six and Ricky Sanchez dropped in seven points.

In the varsity game, an extremely strong Stanton team opened up a quick 10-2 lead but the Wolves caught up and led 16-15 at the end of the first quarter. However, Stanton quickly re-

WOLVES BASKETBALL team at Colorado High School started their season of play last Saturday with a 43-64 loss to Sweetwater, which has a strong team this year. Basketball Coach Mike Hart says the Wolves have a good chance to win district this year if they can defeat Merkel and Winters. Pictured here, left to right: back row, Jim Jordan, Terry Culbertson, Jackie Ellis, Cornell Ausbie and Wayne McKee; front, Craig Carter, Blake Hammond, Kevin Geiger, Frank Sanchez and Bill Jordan.

ALL-DISTRICT VOLLEYBALL team members from the Colorado High School team which was undefeated in District 6-AA are pictured here: from left, Vanessa Lindsey, Maxine Scott, Irene Rivera and Myrtle Scott, all Juniors, and Senior Susan Harrison, front. Not pictured is Vicki Lewis, Junior. The team is coached by Susan Anderson. Colorado City dominated the All-District selections as Harrison, Lewis, Lindsey and Rivera were on the first team and the Scott sisters drew Honorable Mention.

Loraine Personals

Mr. and Mrs. Charlie Harris had as their guests last week his sister and family, Mr. and Mrs. Carroll Polsley and son, Tad and daughters, Karen, Kathy and Kelly from Indianapolis, Indiana.

While here the Harrises accompanied them for a trip to Ciudad Acuna, Mexico, and visited the old Fort McKavett enroute. They report deer was plentiful in that area with all sizes grazing in pastures near the highway.

The Polsley's loved Texas and the trip to Mexico.

Mr. and Mrs. J. Wiley Walker spent the holidays in Odessa with a daughter and husband, Mr. and Mrs. Jack Albright.

Increased Mail Volume Expected For Christmas

The postal service advanced its suggested Christmas mailing deadlines for domestic parcels and letters mail to December 3 and 10, respectively, in anticipation of an exceptionally high mail volume.

Citing the impact of greatly increased mail volumes generated by the 15 state United Parcel Service strike in the east and south, and its residual effect on other parts of the country, the Postal Service said it is compelled to ask the public to mail even earlier than usual.

The service said that because of the dedication of its employees, many of whom have been working long hours, it has had little trouble handling the increased mail volume since the parcel strike began in mid-September. It expressed confidence it will continue to be able to cope with the increase, with the cooperation of the public and major mailers.

Parcel volume has already more than doubled in the strike area and is up significantly nationwide, and letter mail is also on the rise, the postal service said. It said most of the increase, to date, has been from large volume business mailers, who presort their mail and deposit at scheduled, non-peak hours in plants prepared to handle it. For example, the service said it is working closely with shippers of perishable goods to handle millions of gift packages normally moved by other shippers.

As Christmas nears, however, more and more of the mail will be from the general public, deposited at neighborhood Post Offices, branches and stations, on top of the already unprecedented business mail volume, the Postal Service said.

As a result, the service said, while priority will be given to letter mail, many postal facilities normally dedicated to letter mail may have to be used to prevent an unmanageable backlog of parcels.

Therefore, the Postal Service said, it strongly urges the public to deposit their parcels by December 3 and their letters and greeting cards by December 10 to assure delivery by Christmas.

It asks that customers mail as early as possible, use proper packaging materials and techniques, and properly address and zip code their mail.

The previous suggested mailing dates had been December 10 for domestic parcels and December 17 for letter mail.

Suggested mailing dates for international mail are unchanged however, customers were strongly urged by the postal service to deposit overseas packages and greetings immediately, and to send them by airmail if they want to assure delivery by Christmas.

Colorado Middle School Chatter

The roundballers for the Colorado Middle School 8th grade team this year are Doug Johnson, Sam Houston, Mark Carter, Barry Blackmon, Mike Beights, Kirk Evans, Tim Womack, Tommy Romero, Tim Garrison, Yancy Spivey and Jerry Pharris.

We are hoping for a very rewarding season. We think we can win nearly all our games, but we have a very tough schedule. Our first game was Monday against Snyder. The report on this game will be in next week's column because of an early deadline.

Our next game will be Monday, December 6, against Midland Trinity at Wolf Gym.

Barry Blackmon

This year 7th grade basketball is coached by Coach Van Hoozer. The people on our team are Tim Nottles, Victor Jackson, Todd Neff, Jeff Hammond, Ricky Thompson, Ray DeLore, Tom Wishart, Gary Rowe, Mitchell Williams, Michael Scott, Doug Smith, Dane Powell, Ricky Callaway, Billy Gilstrap, Ricky Arellano, Aaron Edwards, Kevin Edwards, Lynn Williams, Galen Lawrence, Keith Rudick, Jimmy Harris, and David Harvey.

This year's 7th grade managers are Jeff Byrd and Mike Jones.

Tim Nobles

The 7th and 8th grade choir students are working on songs for speech and choir. There are many students involved in this play. This play will be presented December 17. Miss Landers and Mrs. Holder are having to work very hard. The choir is working on the songs and solos for the presentation.

Kay McDonald

At the last meeting of the National Junior Honor Society, we discussed the rules and regulations of the society. The teachers of the 7th and 8th grades will be given a confidential paper which will be filled out one each member about his or her qualities of character, leadership, scholarship, and service. These are areas where members are expected to show high achievement.

There are 16 7th graders who have achieved a "straight A" grade. There are two eighth graders who are not already members who have made "straight A's."

Wednesday, November 24, in language arts, first period, we talked about what we should be thankful for. Some people in the class said that we should be thankful for our food, clothes, and a place to live.

We talked about how you should not take things for granted. Some people don't have some of the things that we don't even think about. We just think they are supposed to be here.

Tim Nobles

The first period history class did a thing called "shooting the bull." This is where you put your chairs in a circle and talk. Last week we talked about our every day life.

This is to help people to learn to talk in front of other people. It's lots of fun after you start a conversation. This week we talked about

our hobbies. I think this is great, and I think everyone else does, too.

Kim Feaster

Coach Gierhart's fourth period math class has the privilege of a challenge. Our goal is to finish a new and harder math book.

Right now we are studying integers. This consists of positive and negative numbers.

Though some of the students have a hard time catching on, Coach Gierhart always gives these people a chance. Hang in there fourth period!

Jana Bassinger

This week in art we are working with another type of paper, gummed paper. This is a type of material which has glue smoothed out on the back like a stamp.

We cut out a bird of any color and flowers from the gummed paper. We put it in some arrangement on a paper plate to decorate it.

We plan to work with all types of paper this six weeks.

Patricia Holguin

Last week was a very short week. In our sixth grade science class we have started a trimester project. We have to have some information from television channel 6.

We are supposed to record the temperature, wind-speed, and other weather information. We are still doing some questions for a test we'll have later.

Pam Wilson

The sixth grade social studies classes are beginning to give oral reports on countries. These are the reports we did in the library earlier.

Last week we made filmstrips on collective farms. We are also trying to finish our study on the Soviet Union by studying their industry and their influence over the world.

Teresa Gorham

This week in sixth grade band, 6th period, we had a blast. We got a new piece of music called *Royal March*. We are trying to get enough sheet music to put on a little show but it isn't definite yet. But we are all very excited about the new music.

Cheryl Bradbury

This week in 6th grade band, 7th period, we have been practicing our scales. Mr. Newman said if we know our scales, we could play almost anything in our books.

Since 6th grade is a beginner's band, we are practicing and getting ready for new songs. We got a new song called *Royal March*. We are enjoying playing it.

Andrea Swinney

This week our roving reporter interviewed Orphe Conner, the new history teacher in the eighth grade.

Mrs. Conner, a coach's wife, is from Lorenzo, Texas. She went to high school there where she was a cheerleader, basketball player, and on the honor roll.

She had a very interesting job while she was in high school. It was the official scorekeeper for the school baseball team. In this job she got to sit on the bench and flirt with the boys. To a high school girl this is important.

Monday guests were Mr. and Mrs. T. D. Robinson of Sherman who also visited her father, Charley Oliver and with the Clarence Taylors.

Mrs. Conner later attended college at Texas Tech where she majored in secondary education.

As most of you know Mrs. Conner is married to Coach Conner who teaches in high school. This is how she met him: "I met him while I was in college. One day he told some friends that he would wink at me, and if I smiled, he would ask me for a date. Well, I smiled, and so he asked me. We were married a while later."

Mrs. Conner's hobbies are reading, sports, needlework, and children. She has three of them: Perry, 9; Wendy, 5; and Doug, 1. When asked if there was anything else she would like to add, she said, "CMS is a nice place to be."

Good luck, Mrs. Conner from all the Colorado Middle School Newspaper Staff.

Sam Houston

Mark Piland

The roving reporters received a wide variety of answers to the question they posed to the Middle School students this week. They asked: If you were going with a group to start a

colony on another planet, and you were allowed to take one thing which was not a necessity, what would it be?

Lynn Bradbury: a football so that I could have some outside activity.

Mrs. Martin: a C.B. radio to keep up with what was going on.

Sareesa Mitchell: I would take Hutch because he is so cute, and so we could become good friends.

Rosie Badillo: My school books so I wouldn't have to go to school there.

Kim Hardegree: David Soul and Paul Michael Glasser because they are fine.

Lesley Merket: a girl for a friend.

Mr. Welch: a jar of Karo syrup.

Shaunna Rogers: I'd take my two dogs because dogs come before boys.

Ramona Rico: an Elvis Presley record so I could listen to it every day.

Mr. Newman: The Bible.

Darlene Mitchell: A Corvette to drive around in.

Lisa Pineda: Joe Molina.

Tammy Bodine: Starsky, because he's so cute.

Doug Johnson: a dune buggy.

Robert Godina: a dime.

Bruce Gale: a horse.

Sam Houston: green paint and pointed ears so I'd look like a martian if they attacked.

Vicky Franco: a cross, because I would want God's protection.

Magdalene Rico: all of the Sweatshirts, especially Vinnie Babarino.

Davi Wilson: a television set so I could watch the little green Martians.

Mr. Hargrove: plenty of Red Man to keep my sanity.

Doug Wike: a spacecar to go all over the planet.

Stacy Hamrick: plenty of

fruits and vegetables because there might not be any plants.

Leslie Newman: a girl for companionship.

Yancy Spivey: a year's subscription to *Sports Illustrated* and Melissa Gorman.

Tommy Romero: a year's subscription to *Playboy*.

Marji Maddox: Russell, so he can protect me from the unknown.

Lance McKinney: Farrah Fawcett-Majors because I'm in love with her.

Mrs. Connor: house shoes, because my feet hurt.

Cotton Prices Steady

Cotton prices paid farmers were steady during the week ending November 25, according to B. B. Manly of the Abilene USDA Cotton Classing Office.

Grower prices ranged from 33 to 35 cents over government loan rates. Market activity was slow to moderate.

Cotton committed to forward contracts comprised much of the early harvested cotton in some areas.

Demand was good, particularly for white and light-spotted grade cotton with staple length 32 or longer and 3.5 to 4.9 micronaire.

Most cotton sold in mixed lots with prices averaged for the entire lot. Most lots brought from 67 to 70 cents per pound, depending upon quality.

Grade 42, staple 31 cotton (4231) with 3.5 to 4.9 micronaire brought from 67 1/2 to 68 1/2 cents per pound.

Cotton quality was mostly average or high, with grade and staple length slightly improved over that of the previous week. Grades were about one-half within white grade-categories.

Grade 42 was the predominant grade at 26 per cent, followed by grade 41 at 20 per cent, and grade 51 at 18 per cent.

Staple length was 38 per cent staple 32, also 38 per cent staple 31, and 14 per cent staple 30.

Twenty-six per cent of the samples classed were reduced in grade because of bark or grass content.

Drillsites Planned

Barron Kidd of Dallas will drill three Mitchell County projects eight miles northeast of Cuthbert in the Westbrook, East (Marble Falls) Field.

All are on the Mary Womack lease and slated for 3,500 feet.

No. 5 Womack will be drilled 2,970 feet from the south and 330 feet from the west lines of Section 67, Block 97, H&TC Survey.

Site for No. 6 Womack is 1,650 feet from the south and 330 feet from the west lines of Section 67.

No. 7 Womack spots 990 feet from the north and 330 feet from the west lines of Section 67.

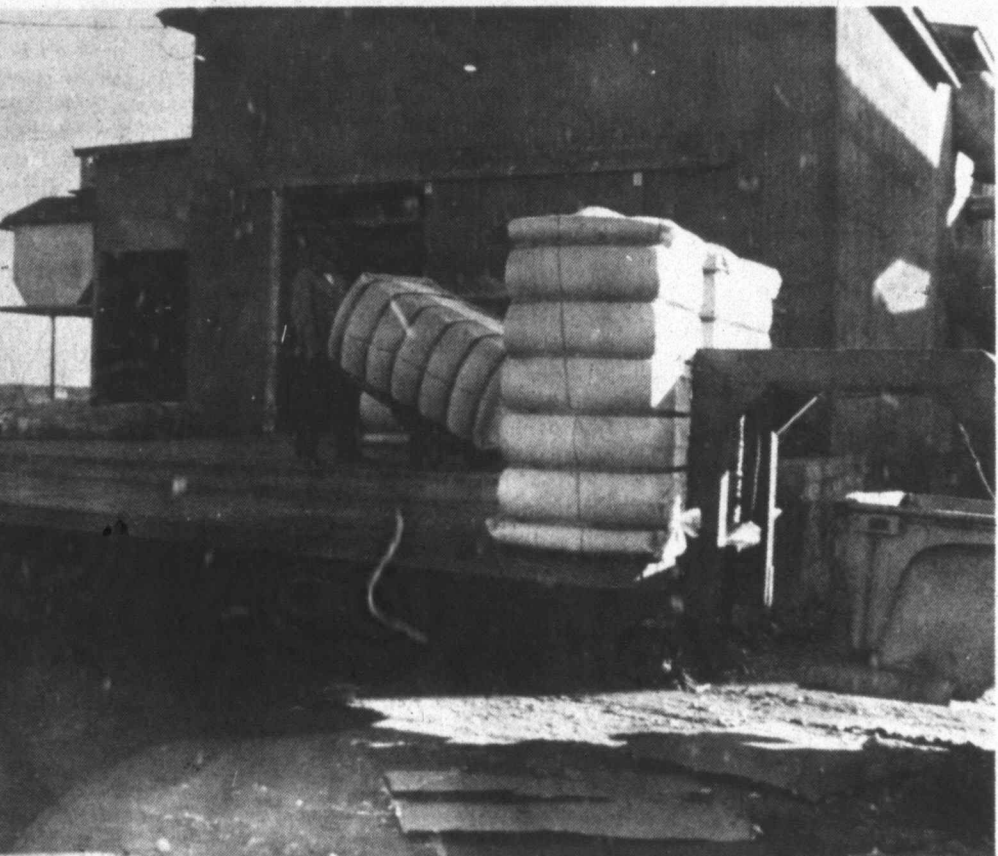

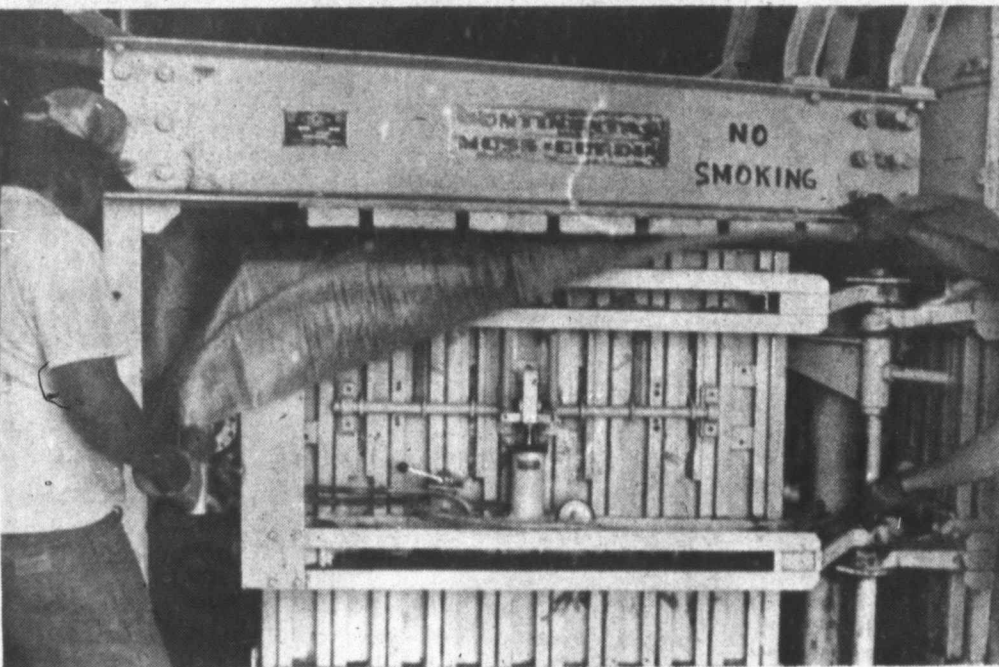

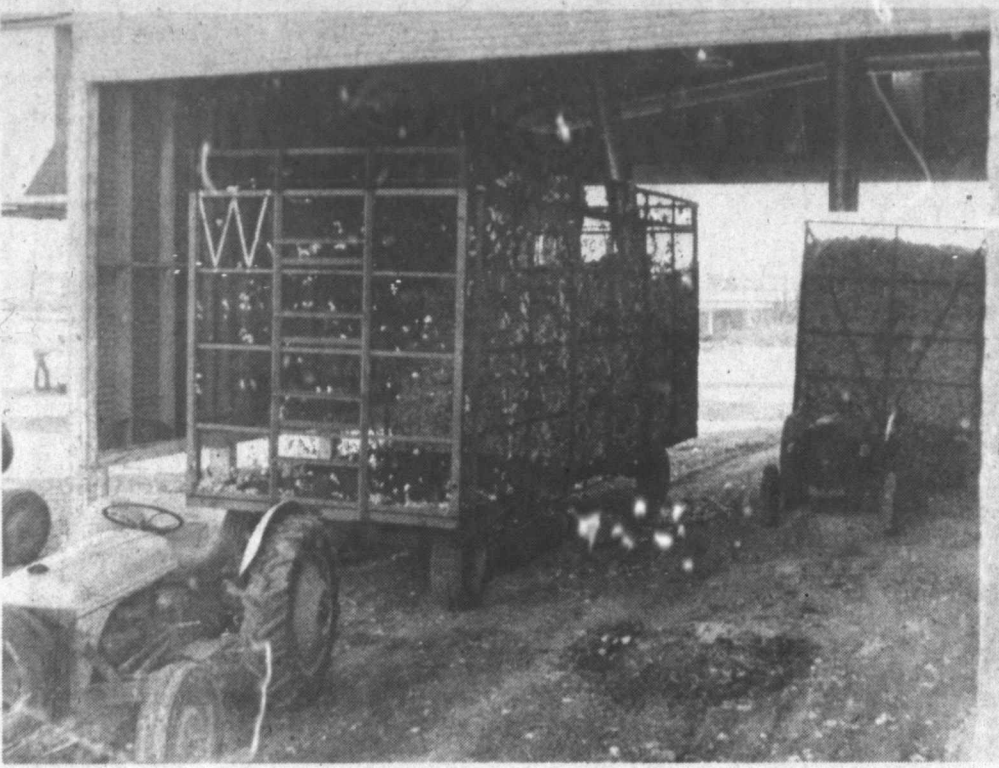

Toll Free Tax Line Available

The State Comptroller now has a toll-free tax information line (1-800-252-5555) which is proving a valuable service to the taxpayers of Texas by cutting the red tape about Texas taxes.

The recently installed toll-free number is saving money both for the state and Comptroller's office by cutting down on the paper work in the office and facilitating tax collections.

Comptroller Bob Bullock says the office now receives about 8,000 calls a month and probably more would be made if more Texans knew about it.

If you have a state tax problem or question, call from anywhere in Texas without charge.

MITCHELL COUNTY COTTON producers, as well as city residents, will notice that cotton bales coming off the presses this year are bagged with a new material—a light-weight yellow bagging material made of polypropylene by Exxon and available to county gins through a Lubbock distributor. The new material is much cleaner and easier to use and well-liked by gin hands who suffered eye, nose or throat irritations from the jute by-product bagging. The new material, which weighs slightly less than two pounds per bale as compared to the nine pounds per bale for the jute bagging, is cleaner to use and to put on the bale as it collects far less dust and rainwater, also shows ingenuity by utilizing a by-product of the petroleum industry.

Leading off the action, the B team girls were led by Jill Linam as she scored 10 points. Guynes said the

Sands team was well-coached and impressive.

Second game of the night was the A team girls and Jackie Rose led scoring for the Loraine team with 33 points. Guynes said the Sands team is one of the toughest teams in West Texas; they are strong, handle the ball well, are good shooters and don't make any mistakes.

Four aids from the Home attended a medication course at TSTI in Sweetwater and received their certificates to be Medication Aids.

Congratulations goes to Kay Barnett, Lorenza Martinez, Juanita Bryant and Flora Jackson.

Nora Galvan, activity director, said the residents are making some stuffed toys and would be glad to share them with a child or children that will not have Christmas gifts this year. Just notify Mrs. Galvan.

A nice turn-out was on hand Friday night to enjoy the Sing-a-long, even though the weather was bad.

The residents thanks Mrs. Edgar Halton for her donations of sandwich bags which are used for popcorn served to residents each Friday afternoon and thanks to Mrs. Doyle Mayes for the Christmas cards that she donated to the Home.

Hey Kids! Send Your Letters To Santa c/o The Rec. P.O. Box 92, Colorado City, Texas, and we will forward them to Santa for you.

"How is lignite coal helping my electric bill?"

By using lignite coal to generate electricity, Texas Electric will be saving its customers \$44 million in 1976.

We've turned to lignite because natural gas, our main fuel, is running out. New supplies of gas just aren't available in the huge quantities we need. Those supplies that are available have soared in cost.

In 1976 the lignite and the plants that use it will cost less than new natural gas alone. Here's how:

\$86 million
- 42 million
\$44 million

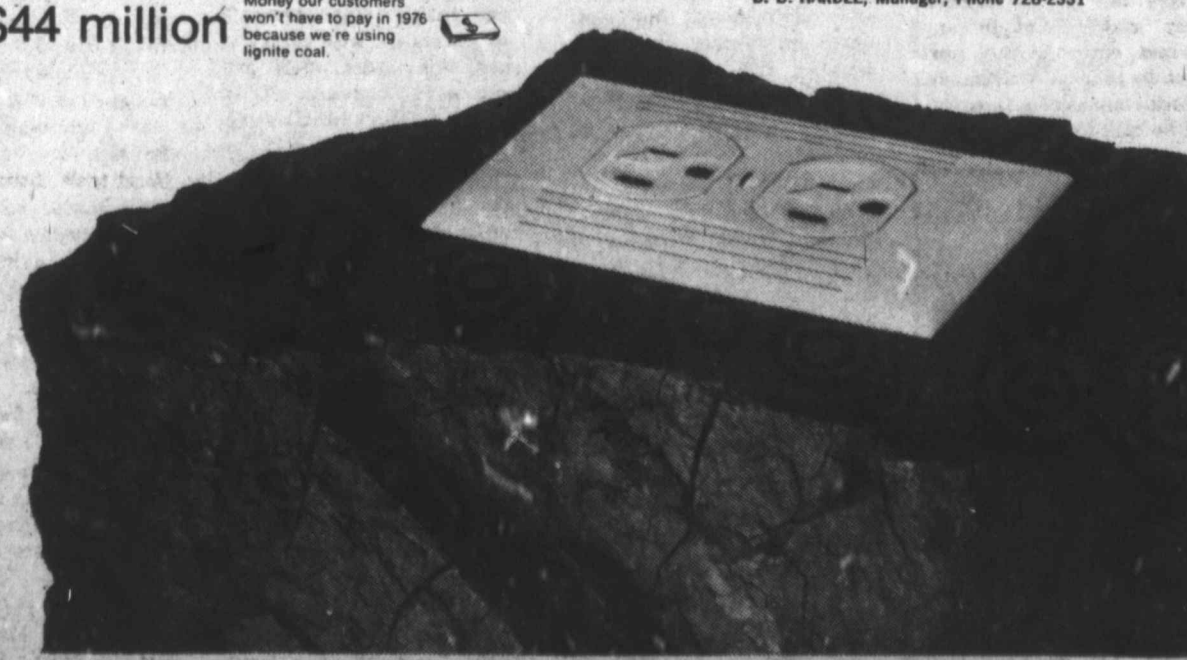

The additional natural gas we would need in 1976 if we weren't using lignite.
The cost of lignite and the one-year cost for plants to use it in 1976.
Money our customers won't have to pay in 1976 because we're using lignite coal.

These savings will continue in the years ahead. In fact, they will increase as we add more lignite power plants and our nuclear plant.

This doesn't mean rates will go down. But we will be able to keep increases in your electric bills as low as possible.

14 Students Attend EMS Program

As a result of the Colorado City Emergency Medical Services (EMS) program, the level of training of emergency personnel has increased substantially.

The only State requirement for ambulance personnel is Red Cross first aid training; however, with the widespread growth of EMS, professionalism is becoming the self-imposed standard.

Only three years ago, the State had 2,728 Emergency Care Attendants (ECAs), 2,762 Emergency Medical Technicians (EMTs) and no means for examining and registering Paramedics. Today those registered numbers have increased to 4,493 ECAs, 3,961 EMTs and 427 Paramedics.

At the present time Colorado City has one trained Emergency Medical Technician—Joe Stockton Jr., with the Colorado City Ambulance Service.

An EMT school is currently in progress in Colorado City at Wallace Center, with 14 students attending classes.

The advanced training has enhanced initial emergency care, and more and more hospital emergency department people are taking the extra hours of education to better prepare themselves for emergency medical care.

The difference between each of these levels of training is the number of hours of classroom and emergency duty required for certification and the medical care services each group can perform.

The initial level of this training is that of an Emergency Care Attendant (ECA). This person has had 24 to 30 hours of training and has passed testing by the Texas Department of Health Resources.

The Emergency Medical Technician (EMT) receives 80 hours of classroom and laboratory training, 40 hours of hospital emergency duty and is tested for skills and knowledge.

EMTs can monitor patients' vital signs and professionally provide temporary care for injuries. Emergency Medical Technician-Paramedics receive 280 to 400 hours of training in addition to basic EMT training.

Their course of study includes classroom and hospital work. They are qualified to administer drugs under the direction of a physician and can handle more elaborate injuries and illnesses.

All levels of trained technicians are professionals in health care. They can perform most of the procedures necessary to sustain life and minimize discomfort prior to reaching the hospital.

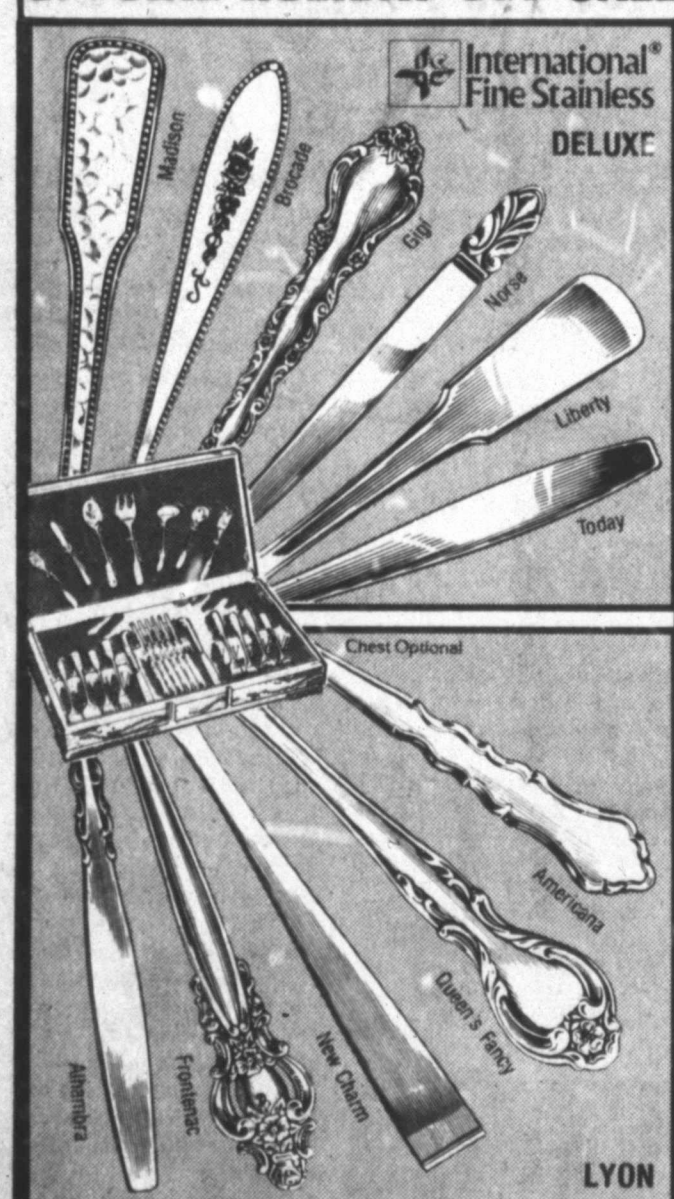

Student Assistance Available

The student receives financial assistance covering costs of tuition, fees, books, and incidental expenses, as well as a \$100 subsistence allowance each month during the academic year.

The majority of the scholarships were awarded to students pursuing scientific or technical academic degrees.
