House Stamps Okay On Huge Air Force

Solons Approve $3 Billion Program Despite Opposition By President

By JACK RUTLEDGE
Associated Press Staff Writer

WASHINGTON, April 15—Advocates of a vast air armada scored a thumping victory over President Truman today when the House passed a $3,198,000,000 bill to start building up a 70-group Air Force. The vote was 343 to 3.

Secretary of Defense Forrestal, backed by the President, has been supporting a 55-group force, taking the position that the bigger expansion would destroy the balance of the armed services.

The action threw into sharp relief a wide open split within the administration. Secretary of Air Symington, who has been plugging for a 70-group Air Force, drew an implied rebuke today from Mr. Truman.

Bill Called Warning

The President said he doesn't know why Symington is differing with the administration plan. Asked whether he will "spank" Symington, the President said he will have to answer that later.

Symington had no direct comment, but his office said he "has no plans to resign."

Those who advocate a big, long-range Air Force as a deterrent to Russia were in command in the House today. Rep. Case (R-SD) called the bill a warning to Stalin to "stop, look and listen."

By an unusual unanimous vote —115 to 0—the house added $822,000,000 to a $2,376,100,000 bill designed originally to finance a 55-group Air Force.

More Funds Needed

Then it passed the entire measure, and sent it to the Senate. The program would be a five-year plan. Additional billions would have to be voted later to complete it.

The $822,000,000 increase was formally proposed by Chairman Taber (R-NY) of the House Appropriations committee. At first, $922,000,000 was proposed as an amendment but Taber said anticipated savings and other factors made the $822,000,000 figure adequate.

The $3,198,100,000 is broken down by the House to provide:

Air Force: $608,100,000 cash and $1,687,000,000 contract authority (for which funds must be voted later).

Naval aeronautics: $315,000,000 cash and $588,000,000 contract authority.

HST Backing Forrestal

The open rift between President Truman and Air Secretary Symington was made public at a news conference.

The President said he is supporting to the limit Defense Secretary Forrestal's "balanced" de-

Alaska To Get Combat Units

(By The Associated Press)

WASHINGTON, April 15 — The Army announced today it is sending an unspecified number of combat units to Alaska "shortly to undergo summer training."

The units will go from the West Coast and Hawaii. The Army said they will include combat ground troops—of which Alaska has none now.

Report On Crash Denied

Growing attention has been given lately to the strategic position of Alaska, the United States' closest area to Russia. Rep. Margaret Chase Smith (R-Me) has reported that Russian planes have "violated" Alaskan skies; Publisher William L. Baker of Ketchikan, Alaska, supported her statement today. Air Force headquarters in Washington and the Army command in Alaska said they had received no report of Russian activity over Alaska.

The Air Force also denied a report that a B-29 bomber which crashed in Alaska last December 24 had been hit by a Russian shell.

The Air Force said an investigation of the loss of the B-29 showed it was the result of pilot error. A board of inquiry said that what appeared to the pilot to be a cloud actually was the top of a hill obscured by blowing snow.

To Balance Forces

The Army's announcement today said the new units being sent to Alaska "will bring into balance" the forces there.

At present "about 60 per cent of the garrison are air and the remainder Army service troops," it said. It called this a "considerable shortage of ground combat troops."

Actually, this meant that no fighting ground troops are guarding that part of the United States closest to Russia, Alaska.

There was some uncertainty about how many troops and Air Force personnel might be indicated in the Army's statement that 60 percent of the garrison was air. A recent table given to a Senate committee by the Army indicated 7,000 men were in Alaska. However, it was not clear whether this meant 7,000 army service troops or whether the figure included air. If the figure represented only Army troops, this indicated the air strength is about 10,500. If it is the overall figure, the air strength is 4,200.

Later the Army said anti-aircraft troops from Hawaii would be selected by Lt. Gen. John E. Hull from his command there. The ground combat units will be drawn from the 2nd Infantry division at Ft. Lewis, Wash.

Charge Filed In Smuggling Case

WASHINGTON, April 15 (AP)—The Justice department disclosed today it has cracked a ring alleged to be smuggling aliens into the United States by air.

Attorney General Tom Clark announced that:

A man booked as Edward William Murphy has been arrested in Miami, Fla., on a smuggling charge.

A number of aliens, including some Chinese and some Europeans alleged to have been brought in by illicit methods, have been rounded up.

Airplane Used

Murphy was arrested last Monday and was charged with smuggling into the United States by airplane from Cuba "a considerable number of Europeans and Asiatics."

The department said that most of these aliens intended to go to New York City and vicinity.

The department said those aliens in custody are being held as possible witnesses against Murphy and for deportation.

Murphy has been released on bond following an appearance before the U. S. commissioner in Miami.

Trieste Policeman Hurt When Communist Hurls Grenades

TRIESTE, April 15 (AP)—A policeman was wounded tonight when a Communist hurled two hand grenades after a pro-Italian mass meeting was held.

The meeting of more than 100,000 Italians and Italian sympathizers overflowed the Piazza Dell 'Unita as a demonstration of appreciation to the United States, Britain and France for proposing the return of Trieste to Italy.

YOUTH CONFESSES SLAYING

ELKO, Nevada, April 15 (AP)—A whispered courtroom confession that he had participated in the brutal sex killing of a minister's wife at Wells, Nevada, resulted in Laszlo Varga being bound over to district court today for trial on a murder charge.

Philippine President Dies After Speech

MANILA, Friday, April 16. (AP)—President Manuel Roxas died of a heart attack last night at Clark field, U. S. air base 50 miles northwest of Manila.

The 56-year-old first president of the Philippines republic collapsed shortly after making a strong speech in which he declared the free peoples of the world "must stop, and if necessary fight, aggression by Communist fifth columns the world over."

Roxas was stricken at 2:30 p.m. and died at 10:10 p. m. His death was announced early today from Malacana palace, the presidential residence in Manila. The body is being returned to Manila aboard a special funeral train.

Elpidio Quirino, 57-year old vice president and foreign secretary, will become president.

While Roxas' sudden death was unexpected, he had suffered from a heart ailment for years.

WARNING IS SOUNDED

COPENHAGEN, Denmark, April 15 (AP)—Gunnar Knoes, Swedish engineer and atom scientist, said tonight that Russia will possess the atom bomb before Jan. 1, 1953. Knoes told a news conference "there will be an atom war before 1953 if no international control based on political power and an international detective corps has been established."

LEWIS LEAVES COURT — John L. Lewis, UMW chief shown above leaving Federal District court room in Washington, and the rest of the nation must wait until next Monday to find out what his fate will be in his latest clash with the government. Federal Judge T. Alan Goldsborough delayed decision in the latest contempt action against Lewis until Monday after final arguments Thursday. Shown above, left to right, are Lewis, John Owens, UMW secretary-treasurer; Attorney Earl Houck, and Attorney Welly K. Hopkins. Owens was subpoenaed as a witness. (AP Wirephoto.)

Reds Clash With Fascist Group At Rally

Violence Flares In Rome Streets Again

By PHILIP CLARKE
Associated Press Staff Writer

ROME, April 15 — Communists and Fascists battled in Tiburtino square tonight with chunks of concrete as Italy's turbulent election campaign neared its close.

Heavy forces of riot police fought to stop the battle, when about 2,500 Leftists descended with armloads of heavy missiles on the dingy square where a rally of the Nationalistic Italian Social movement (MSI) was in progress.

Soon the MSI followers were put to flight, and Communists took complete possession of the square, singing their songs, while police looked on. An airplane overhead dropped Communist leaflets.

At least six persons were injured.

It was the second such clash in as many nights involving the MSI which sings Fascist marching hymns and boasts nearly all the paraphenalia of Mussolini's legions except the black shirt.

A score were injured last night when MSI youth marched ostentatiously through Rome's ancient Jewish ghetto. The interior ministry charged the MSI followers with starting the running fight and committing "vulgar outrages" in the quarter. The Communist press also charged "Fascist criminals" with being the aggressors. But MSI's newspaper, Social Order, blamed Communists for provoking the incident by shouting insults.

Fascism Booming

The two clashes and the scheduling of 12 more big MSI rallies throughout the city tomorrow raised a suspicion among many middle-of-the-road Italians that while they have been busy trying to kick Communism out the door Fascism has climbed back up to the window.

A mere splinter off the schism-ridden "common man movement" three months ago, MSI has mushroomed until now it claims 200,000 members and 1,300,000 followers. Some predictions say it may win 30 to 50 of the 574 seats in the chamber of deputies in the elections Sunday when Italians choose their first republican parliament.

Such a showing might make it fifth or even the fourth largest party with enough votes to ram some of its policies down the throat of a government trying to get a vote of confidence in a parliament closely divided between right and left.

The party does not call itself Fascist. Italian law bans that.

Council Fails To Agree On Truce

LAKE SUCCESS, April 15. (AP)—The United Nations Security Council failed tonight to agree on a truce to stop fighting and bloodshed in Palestine.

The Jewish agency for Palestine rejected the truce proposal that was warmly backed by the United States, Colombia, and Canada.

The Arab higher committee for Palestine did not commit itself but the ranking Arab spokesman on the Council said he would accept the truce plan with some ironclad conditions.

Meets Again Today

The council finally gave up at 5:10 p. m. (CST) after Andrei A. Gromyko, Soviet deputy foreign minister, declared he had not received his instructions on how to vote on the proposal.

The council will meet again tomorrow at 8 p. m. (CST) after the first day's session on the second UN Assembly on Palestine.

The agency demanded, in effect, a truce on its own terms.

It said the truce proposal before the United Nations Security council "appeared to load the dice very heavily against the Jews."

Blasts Truce Proposal

Moshe Shertok, head of the Political department of the agency, outlined his views to the council but did not commit the agency against any truce. In a 30-minute speech he blasted the pending proposal and the British admini-

Ohio River Waters Begin To Fall; Flood Threat Fades

CINCINNATI, April 15. (AP)—The Ohio river's April floodwaters began falling today in the first 50 of its 981 miles. The worst was over in that area and the threat of great damage downstream was thereby lessened.

The river reached a crest short of 30 feet deep, not quite five feet over flood stage, early today at Pittsburgh's golden triangle, then started to drop slowly. The Ohio starts there, where the Allegheny and Monongahela rivers meet.

ONE MISTAKE TOO MANY

ALBUQUERQUE, N. M. (U.P.) — Albuquerque man made his second mistake when he parked his car on the wrong side of the street. His first, officers said, was in taking five cases of jello from the parked car of a salesman.

Train Wreck Victim Remains Unidentified

ENID, Okla., April 15 (AP)—The identity of one of two passengers killed yesterday in the derailment of a speeding Rock Island train at nearby Kremlin was undetermined today.

After viewing the charred body, Dr. Avery B. Wright, Jr., said it was a woman. Previously it had been believed the body of a man.

Mrs. Earl McClintock, 35, of Wichita, Kan., was the other passenger killed when the southbound Texas Rocket was hit by a dump truck and knocked off the rails. Thirty-nine persons were injured, three critically.

George W. Roesler, an Oklahoma City real estate man, said he was positive the body was that of his wife. He said she boarded the train at Herington Kans., yesterday. She did not get home and he could not find her at any hospital. An X-ray of the bones was planned.

Red Revolt 'Possible' In U.S., Solons Warned

Lewis Verdict Due Monday

By MAX HALL
Associated Press Staff Writer

WASHINGTON, April 15 — The John L. Lewis trial ended today except for the final judgment. Judge T. Alan Goldsborough kept Lewis and the country in suspense by putting off his decision until Monday morning.

He will announce then whether Lewis and the United Mine Workers are guilty of contempt of court.

At a similar trial in 1946 the same federal judge rocked the same defendants with a "guilty" judgment and heavy fines.

Government Presents Case

Lewis was silent again today. He didn't so much as shake his bushy gray hair while Assistant Attorney General Graham Morison, summing up the government's case, thrust at him with accusations.

Morison, a short, dark-haired man 27 years younger than Lewis, said the issue is simple—the defendants on April 5 were handed a court order to end the soft coal strike and they let exactly one week pass before doing anything about it.

Morison said John L. Lewis should be held responsible for his acts "as well as any other man." He told the attentive judge:

Lewis Is Accused

That Lewis caused the miners to quit work March 15;

That he "well knew" he was causing it;

That he "took his time" about obeying the court order;

And that he finally ordered the miners back to work April 12.

Morison asked for conviction of both civil and criminal contempt.

The union's lawyer, Welly K. Hopkins, declined to sum up the defendants' case, though Goldsborough almost begged him to make a final argument.

Judge's Plea Refused

The judge said it would help the court, and be to the public interest, to hear both sides state their positions. But Hopkins respectfully said no. He limited himself to claiming merely that the record in the trial "fails completely" to establish a case of contempt.

Goldsborough sighed and ad-

Dawson Official Taken By Death

LAMESA, April 15 (Special)—Funeral services for L. I. Dean, 67, member of the Dawson county commissioners court who died in a local hospital at 5:40 a. m. today, will be conducted at 3 p. m. Friday in Midway Baptist church.

Rev. T. L. Nipp and Rev. E. F. Cole will officiate at the services and burial will be in the Lamesa cemetery under direction of Higginbotham Funeral home.

Suffered Heart Attack

Dean, a prominent member of the Midway community and a Dawson county resident for the past 31 years, suffered a heart attack Tuesday afternoon and remained in critical condition until his death.

A deacon in the Midway Baptist church, he had long been active in church and community affairs. He was county commissioner for a short time about 25 years ago, and was elected county commissioner of recinct 1 in 1946.

Survivors include his wife, Mrs. Ida Dean; four sons, L. I., jr., Jim, Alex and Elmer Dean, all of Lamesa; five daughters, Mrs. Jim Gibson, Mrs. Jack Pelham and Mrs. Gaston Robinson, all of Lamesa, Mrs. Carol White of San Angelo, and Mrs. Bud White, Albuquerque, N. M.; four brothers, A. J., Ellis and Buck Dean, all of Anson, and Claude Dean of Robert Lee; two sisters, Mrs. Annie Love and Mrs. J. A. Glazner, both of Lamesa; and 22 grandchildren and 3 great grandchildren.

Supports Forrestal In Air Force Dispute

Truman Files Claim To Four More Years

By J. W. DAVIS
Associated Press Staff Writer

WASHINGTON, April 15—President Truman said jauntily today that he doesn't scare easily and that he'll be in the White House four more years.

He took a graver view of an intra-administration dispute over defense needs. He also expressed regret and surprise at the bloody revolt in the Inter-American conference city of Bogota, Colombia.

Mr. Truman completed three years as President this week. The question whether he shall be renominated is one of bitter controversy within the Democratic party.

One spot where some Democrats are bucking his nomination is New York City.

But Mr. Truman related that he'd had a secret meeting this week with Edward J. Flynn, Democratic national committeeman from New York, and Paul Fitzpatrick, the party's state chairman.

He talked politics with them, he said, and they went away happy. The picture was all right, he replied, when asked whether it was rosy or gray.

The question of southern objections to his civil rights program came up. A girl reporter asked whether he has seen any evidence that some southern states are coming back to Truman.

The President replied, a great many never left Truman.

As for the Bogota revolt, Mr. Truman said he was very sorry that it happened, that he was as surprised as anybody else.

He was asked whether he regarded the Bogota events as a warning of the Communist danger in this hemisphere. Mr. Truman

LUBBOCK SOLONS WIRE APPEALS

Efforts To Alleviate Area's Farm Fuel Shortage Urged

URGING action to alleviate the threat of shutdown in farming operations in the Ropesville area, where approximately 30,000 acres of new crop land has been put under the plow in the past three months, State Senator Sterling J. Parrish and State Rep. Preston E. Smith of Lubbock dispatched telegrams Thursday to the offices of Attorney General Price Daniel and the Texas Railroad commission at Austin.

Sending of the telegram followed a survey of the area Thursday by the two men which revealed that farmers have been having difficulty getting gasoline to run their tractors for the past several weeks and face prospects of an even shorter supply in the future.

Paper Reveals Situation

"Farmers in Ropesville area, comprising 30,000 acres of new land, face critical gasoline shortage and possibility of having to buy 'gray market' gasoline in order to plant crops due to allocation orders to bulk dealers and 'no new customers' rule by major companies over the South Plains area. Urge you use facilities your office toward solution of problem at earliest possible date," the telegram, signed by both men, read.

The shortage was brought to the attention of the two legislators by Troy Morris, editor of the Ropes Plainsman, weekly newspaper, who told of repeated efforts of farmers to secure gasoline in the past few days to no avail.

All three bulk dealers in Ropesville are under short allocations and could use twice as much gasoline as they are getting, the two men found.

A farmer with approximately 250 acres of crop land needs at least 4,000 gallons of gasoline to prepare his land and plant and

American Flag From Panhandle Raced To Italy For Election

(By The Associated Press)

AMARILLO, April 15 —An American flag from the Texas Panhandle will wave over the little town of Manduria in the heel of the Italian boot Sunday, election day — barring mishap.

An air and ground race is on to deliver the flag.

The gesture is part of a one woman, long-distance campaign against Communism by Mrs. Carmela Pitts, Italian war bride of Amarillo.

Mrs. Pitts began her letter-writing campaign among her family and friends in her native Ponza and elswehere in Italy about six months ago.

Flag To Go By Plane

A friend in Manduria, Nena Juliano Gregori, who was matron of honor when Carmela married Corp. Eugene Pitts two years ago at Naples, wrote recently for an American flag to display on election day.

The Amarillo Globe News and an airline are cooperating to deliver the flag on election eve.

The flag will leave New York by airliner at 11:30 p.m. Friday and arrive in Rome early Saturday. Two airline company representatives will carry the banner by automobile the last 300 miles to Manduria, arriving Saturday night.

Wants To Anger Reds

In asking for the flag, Nena Gregori wrote:

"We want one to hang in front of our house on election day. This will anger the Communists, but that is what we want. I tried to make one but it did not turn out well. Also I want to ask you to pray with all your heart to St. Anthony (patron saint of Manduria) that the Communists do not win."

Mrs. Pitts has sent and caused others to send pack-

AMBASSADOR DENIES WRITER ACTED AS AGENT

American Correspondent, Accused By Secretary Of Spying For U. S., Ordered To Leave Russia

By EDDIE GILMORE
Associated Press Staff Writer

MOSCOW, April 15—The American news correspondent Robert Magidoff said today he had been informed by the Soviet Press department that his further work here was impossible. He said he was leaving the Soviet Union in two or three days.

His statement following publication of a long letter in the government newspaper Izvestia — which Izvestia said was from Magidoff's American-born secretary — accusing him of spying for the United States.

Magidoff said the Press department has told him in view of this letter his further residence in the USSR was undesirable.

Izvestia quoted the secretary, Cecelia Nelson, a former employe of the U. S. embassy, as saying that Magidoff had dispatched reports in U. S. diplomatic pouches, not subject to censorship.

(In Washington, the State department said U. S. Ambassador Walter Bedell Smith had cabled from Moscow a flat denial that Magidoff served as a spy for the embassy. Smith said also that Magidoff had told him Miss Nelson's allegations were false.)

Magidoff has served the National Broadcasting Co., the Exchange Telegraph (British) and the McGraw-Hill Publishing Co., of New York. He once was on the Associated Press staff here.

(William F. Brooks, NBC vice president in charge of news, said in New York the network had full confidence in Magidoff's integrity. Russell F. Anderson, editor of McGraw-Hill World News said

Bogota Cited As Example

By ED CREAGH
Associated Press Staff Writer

WASHINGTON, April 15 — The bloody revolution that wrecked the capital of Colombia was pictured to Congress and the American people today as a Communist-inspired horror of a kind that can happen here.

The head of the U. S. Central Intelligence agency said Jorge Gaitan, Liberal leader whose assassination touched off the Bogota violence, was a figure like "Henry Wallace in our country"—a man who played along "with the extreme left and Communists."

The intelligence head, Rear Admiral R. H. Hillenkoetter, told a special House subcommittee that the State department had been given advance warning of trouble—including a tip that Secretary of State Marshall and other U. S. officials might be molested.

Arms Brought In

But President Truman told a news conference he didn't know the revolt was coming. He said he was as surprised as anyone else.

Hillenkoetter read the astounded congressmen a March 10 report from a U. S. agent saying Gaitan supporters were bringing arms into Colombia for a revolution.

An earlier dispatch said a Colombia Communist, identified only as "Mr. G.," was "reported to be the intermediary between the Soviet legation and Gaitan, to whom he furnished money."

Grimly, Hillenkoetter said conditions in Colombia are "similar to those in the United States, except that they are advanced a couple of years."

"Horror" Can "Happen Here"

A congressman just back from the blood-spattered South American capital, Rep. Donald Jackson (R-Calif), put it in blunter terms in an eyewitness report to the House:

"The Red tide last weekend touched the shores of the Western Hemisphere . . .

"What has happened in Bogota can and will happen in such places as New York City, Chicago and San Francisco unless we who still remain free and unfettered gird ourselves for an all-out battle with the enemy."

Hillenkoetter disclosed that the Central Intelligence agency be-

Museum Group To Meet Today

Members of the West Texas Museum association, their guests and visitors will assemble at 4 p. m. today at Texas Technological college for the opening session of their 1948 annual meeting.

Outstanding personalities who have played an important part in the growth of West Texas are scheduled to speak. Carl Hertzog, nationally known typographer from El Paso, will give an address in the afternoon on the experiences of a publisher of Southwestern books. J. Evetts Haley of Canyon, who will be introduced at the evening session, will discuss the experiences of a frontier peace officer.

Chuckwagon Supper Planned

Immediately following the afternoon session the Texas Tech library staff will honor Mr. and Mrs. Hertzog, Mr. and Mrs. Haley, Prof. D. E. Sheffy, secretary of the Panhandle Plains Historical society, of Canyon, and Mr. and Mrs. Harold Bugbee of Clarendon at a reception to be held in the library's new Southwestern History room.

A chuck wagon supper in Aggie Grove is planned for 6 p. m. with all association members, college faculty and students, and townspeople being invited. Reservations for the supper may be secured by contacting James G. Allen, dean of men and the association secretary, or W. C. Holden, dean of graduate studies, at the college.

The second session, featuring the address by Haley will begin at 8 p. m.

The entire meeting is open to

Lamesa Council Calls Bond Issue Election

LAMESA, April 15 (Special)—The city council has issued an order calling for a $100,000 city bond issue election here on May 4, and the money, if voted, would be used for improvement, enlargement, extension and repair of Lamesa's sewage system.

Councilmen said that more money has been spent on exploration for and development of new sources of water supply than was anticipated. So additional funds must be raised if the city is to carry out its complete expansion program.

The council had tentatively decided to forego the construction of new sewer lines in east Lamesa, but citizens of that area protested that this project had been included in the original expansion plan.

V. Z. Rogers will serve as judge of the election which calls for the issuance of bonds to mature serially over a period not exceeding 25 years and at a rate of interest not to exceed three and one-half per cent.

American B-29 Squadrons Are Ordered To Fly Over Berlin

FUERSTENFELDBRUCK, Germany, April 15. (AP)—Twenty-eight B-29 heavy bombers arrived here today on a direct training flight from the United states.

As soon as they landed on this field, Gen Lucius D. Clay asked that the squadrons make a sortie over Berlin.

This was interpreted as a move by the American commander in Europe to show Berlin what a squadron of the giant bomber looks like. Nothing of this size ever was used in the European war.

Warning Is Sounded U. S. Must Increase Stockpile Of Metals

By SAM DAWSON
Associated Press Staff Writer

NEW YORK, April 15—Government officials have been saying the United States "should" have a stockpile of strategic minerals. Now they are saying it "must."

Metals industry leaders are being called to Washington as the military grow more uneasy over the national shortages in copper, lead, tin, chrome, manganese, cobalt and platinum.

But dealers say there is still no sign yet that the government is ready to go into the market place.

Prices Are Boosted

Meanwhile, lead and platinum prices have advanced—lead to an all-time high of 17½ cents a pound; platinum yesterday to $98 an ounce wholesale a jump of $26 in two weeks.

There is talk of copper going up again from the 21½ cents a pound it has held for months. Consumers are paying 22 cents in the world market, and trade sources are wondering if domestic producers may not ask that soon.

The nation remembers Pearl Harbor, when it quickly lost its chief sources of rubber, quinine and tin. It remembers it struggles to get enough of the essential metals, to make its oil supplies go around. Even sugar, so plentiful now, was a scarce item and in demand in war industry.

Spending Plan Set

The President's stockpiling program calls for expenditure of $3 billion over five years. The munition board chairman, T. J. Hargrave, says the program is behind schedule and the present stockpile unbalanced.

Cobalt is reported in short supply just now, and makers of jet propulsion engines are crying for it. In wartime, it would become a critical necessity.

Aluminum, another Air Force necessity, is now hard to get in some fabricating plants. Power shortages in the west curtailed production in that section.

Some mining men believe the government has a "hidden stockpile," although far from an adequate one. Some of this may be refined metal; amount undisclosed.

Uranium Is Believed Used In Roman Era

COLUMBUS, O., April 15. (U.P.)—Roman glass makers of the early Christian era are credited with the first use of uranium compounds.

Dr. Earle R. Caley of the Ohio State University chemistry department, said that a compound of uranium was found by Oxford University chemists in analyzing glass recovery 40 years ago during excavation of an imperial Roman villa on Naples Bay.

Earlier scientists believed that the presence of a small amount of uranium in the glass was merely accidental, Dr. Caley said. He, however, believes that since it was common practice for ancient glassmakers to add chemical compounds such as those of cobalt, the uranium compounds was intentionally employed to give the glass a pale green color.

The ancient workers undoubtedly had no idea of the true nature of the uranium compound, although they probably recognized it as a pecular and distant mineral substance, Dr. Caley said.

Alaska Man Has Odd Watch Collection Dating To 1700

NOME, Alaska, April 15. (U.P.)—Walter D. Thompson has '43 unusual watches collected from all over the world.

The oldest dates back to 1700 and is run by a small chain which replaces hog bristles in watchmaking about 1500.

One of his watces was flown over the North Pole with Amundsen. Another is a wooden-cased German model that runs 10 days without winding.

Still another is a two-faced watch for seafarers.

"One face kept home-port time and the other kept local time," Thompson said.

Athletic, Studious Females Are Preferred By High School Boys

LAKEVIEW, Mich., April 15. (U.P.)—Local boys still rate personality, good looks, and intelligence as top considerations in their ideal girl.

In a questionnaire at Lakeview High School, the completely feminine girl ran a poor third. The boys voted in favor of the more athletic, more studious females.

Among the qualities that the boys disapprove were "petting," being "catty" and "stuck up", silliness, and chewing gum while dancing.

Take Off Ugly Fat With Grape Fruit Juice Recipe

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy — no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of Liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears — how much better you feel. More alive, youthful appearing and active.

U. S. Action In Italy Reveals Changed Attitude Toward World

By J. M. ROBERTS, Jr.
Associated Press Staff Writer

The Italian elections Sunday are not merely a key to the immediate future of Europe. They are a most significant milestone in the history of the United States.

This country has openly intervened in the campaign to an extent unprecedented in the relations between two major nations. That this intervention has been accepted by the American people as a natural step is probably more indicative of the country's new place in world affairs than anything that has ever happened before.

Warning Was Issued

In the light of our history, our traditional antipathy for European politics and caution against interference with other peoples, it is really rather amazing. Even though the steps by which we have arrived at the new position have been clearly defined.

We have done everything except send Jim Farley to organize the precincts.

We renounced our peace treaty rights to a share of Italy's naval ships, and persuaded our British and Greek friends to do likewise. We gave them 29 merchant ships. We shipped food, clothing, machinery and dollars. Thousands and thousands of personal letters were written by Italian-Americans and others. We set up the Marshall plan and warned that no country which voted Communist would get any help from it.

Plan Now Okayed

We warned that any Italian who voted Communist would be refused entry into the United States, something which has been the goal of thousands of them for generations. We may have played a part in getting France to return part of territory she took from Italy under the peace treaty. We are shipping back the gold the Germans stole and paying for work done in this country by Italian war prisoners. We are sending coal, of which we are very short ourselves, for Italy's gas industry. We have returned a good measure of local autonomy to the non-Communist Italians of Trieste and are trying to arrange for them to get the whole dog. A treaty of friendship, commerce and navigation is now before the Senate for ratification.

At every corner we have handcuffed the Russians by maneuvering them into such situations as their veto of Italian entry into the United Nations and their refusal to join in returning Trieste.

Americans, frequently inclined to consider themselves and their government as amateurs in world affairs, have conducted this campaign like professionals. Only one or two minor missteps have been taken, such as dispatch of naval forces to Italian waters, which gave the Commies something to cry about until it was corrected.

But the long-range significance lies in the fact that the whole program has been accepted by Americans almost without cavil — that they live in the world and, from here on out, are willing to accept the responsibility and exercise the right of realistic action to improve the neighborhood.

Mother And Seven Children Will Join Husband In Japan

CHICAGO, April 15 (U.P.) — A mother and seven of her 10 children left here for Japan to join a husband and father who says it's easier to live in the Orient than in the U. S.

Mess Sgt. Martin Pfuntner of Rochester, N. Y., called for his family because he said $365-a-month Army pay is more than he used to earn as a butcher in Rochester.

Mrs. Helen Pfuntner and the children, ranging in age from two to 17, are eager to live in Japan, "for a while."

Warehouse In Mississippi Is Built From Army Tentpoles

GREENVILLE, Miss., April 15 (U.P.)—Bob May, local businessman, has a unique warehouse, made entirely of surplus Army tentpoles.

May bought 50,000 surplus tentpoles last year. He couldn't find a market for them and was stuck for a use until he got the idea for the warehouse.

The building is about 180 by 600 feet. Except for the aluminum sheeting on the outside, concrete block foundations and a few stray pieces of regulation lumber, nothing but 20,000 tentpoles went into the structure.

East Texas C-C To Convene At Temple

TEMPLE, Tex., April 15 (U.P.)—Tyler and Beaumont were expected to be heavy bidders for the 1949 East Texas Chamber of Commerce convention when this year's meeting is held here Sunday, Monday and Tuesday, president Raymond L. Dillard of Mexia said today.

Other cities were expected to make bids for the convention, but those two were given the inside track.

An ambitious slate of speakers has been lined up for the three-day meeting, Dillard said.

Dr. W. R. White, newly-established president of Baylor university, will address a civic-religious mass meeting at the municipal auditorium Sunday.

During the other two days of the meeting, John Ben Sheppard of Gladewater, president of the U.S. Chamber of Commerce; R. L. Thornton, Dallas banker; George C. McGhee of Washington, coordinator of the State department's Greek-Turkish relief program; O. C. Ellis, manager of the Texas prison system; J. C. Loftis, manager of the Denison Kraft foods plant; and Dr. D. M. Wiggins, president of Texas mines school at El Paso will address the delegates.

RECIPE

How to make tender, flaky pie crust every time!

Crisco and Crisco's sure-fire pastry method (given below and on the Crisco label, too) will give you flaky, tender pastry every time.

TROPICAL ORANGE PIE
(Yield: one 9" pie)

CRISCO PASTRY:
½ cup Crisco
1½ cups sifted flour
½ tsp. salt
3 tbsps. water

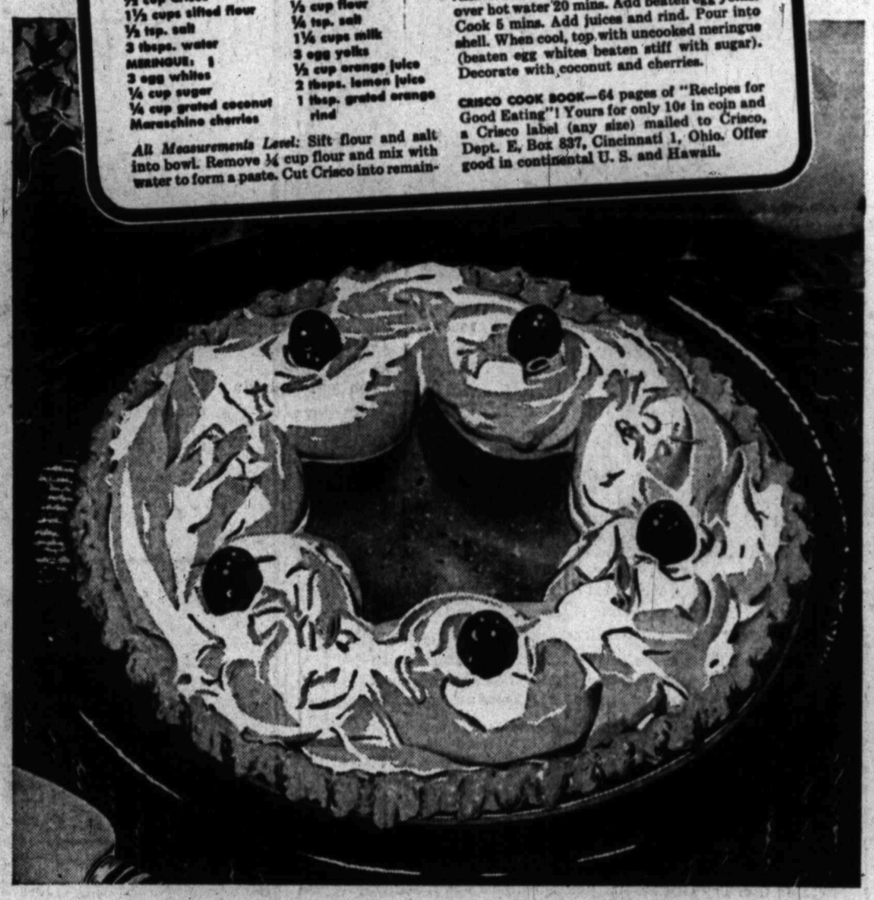

MERINGUE:
3 egg whites
¼ cup sugar
¼ cup grated coconut
Maraschino cherries

FILLING:
¾ cup sugar
½ cup flour
⅛ tsp. salt
1¼ cups milk
3 egg yolks
½ cup orange juice
2 tbsps. lemon juice
1 tbsp. grated orange rind

All Measurements Level: Sift flour and salt into bowl. Remove ¼ cup flour and mix with water to form a paste. Cut Crisco into remaining flour until the pieces are the size of small peas. Add flour paste to Crisco-flour mix. Shape into a ball. On a floured board, lightly roll out a circle of dough 12" in diameter and ⅛" thick. Line pie pan. Allow pastry to extend ½" beyond edge. Turn edge under and flute with fingers. Prick pastry closely over bottom of pan. Bake in hot oven (425°F.) 10-12 minutes.

FILLING: Mix sugar, flour, salt and milk. Cook over hot water 20 mins. Add beaten egg yolks. Cook 5 mins. Add juices and rind. Pour into shell. When cool, top with uncooked meringue (beaten egg whites beaten stiff with sugar). Decorate with coconut and cherries.

CRISCO COOK BOOK—64 pages of "Recipes for Good Eating"! Yours for only 10¢ in coin and a Crisco label (any size) mailed to Crisco, Dept. E, Box 837, Cincinnati 1, Ohio. Offer good in continental U. S. and Hawaii.

Sweet meringue...tangy filling...flaky crust—

Goodness, what Goodness!

And goodness, how easy to make! Just follow the recipe above, and your pie will taste as de-lus-cious as it looks. We promise you a crust so-o-o flaky and tender that your family will eat every last bit!

How can we be so sure? Because new, improved Crisco and Crisco's sure-fire pastry method take all the guesswork out of pastry. You just *can't* get soggy or tough crust when you use pure, all-vegetable Crisco and the magic Crisco pastry recipe. *Anybody*; even a beginner, can be sure of flaky, tender, digestible pastry *every* single time!

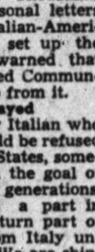

But don't use Crisco just for pies! Snowy, creamy Crisco is a wonder for turning out light cakes and crisp, *digestible* fried foods. (Yes, 9 out of 10 doctors say Crisco is easy to digest!) Whatever you cook—cakes, pastry or fried foods—you'll find you're a better cook with Crisco!

USE CRISCO
IT'S DIGESTIBLE!

Be thrifty—buy the 3-lb. economy size!

The Woman's Angle
By Margaret Turner

PEOPLE say they like uplifting books and constructive criticism, but the men who publish the books that make the best seller lists know better.

• • •

AT ICE CAPADES

MR. and Mrs. A. C. Sanders, being blessed with a great love and understanding of their grandchildren, thought it would be lots of fun to take four of them to the Ice Capades of 1948 in Fort Worth this week. They made the trip, without accident, spending Tuesday night in Mineral Wells en route home.

Accompanying their grandparents were Karen Sue and Joan Sanders, children of Mr. and Mrs. Gordon Sanders and Akie Sanders, son of Mr. and Mrs. A. C. Sanders, jr.

• • •

TESTING APPEAL

IN Wednesday's column we mentioned one characteristic of youthful appeal being the ability to respond to an unexpected invitation, such as the suggestion of a drive through the park on a busy morning. If one is hedged in by routine, such as making the beds and washing the breakfast dishes or carries out concepts of conventional behavior, she likely will refuse, we suggested. The inability to respond may be laid to the fact that one is set in her ways and perhaps that one is losing her youthful outlook, we hinted.

Thursday morning a friend called to inform that a number of women readers had been telephoning friends and acquaintances, testing the suggestion. Most of the responses were gratifying in that the women who were called were anxious to make a break in the day's occupation.

• • •

"A drive through the park would be quite a lark," one woman answered. "It's maid's day off and the dishes are stacked in the sink, the beds unmade and what I'll prepare for lunch is still a mystery, but I'd like to get out of this rut."

"Sure I'll go with you, but give me a few minutes to make my face," said another.

All of which is an encouraging sign to the Woman's Angle that many of our readers could be listed under the heading of "Has Youthful Response to Suggestion to Break Household Monotony."

• • •

MODERN HOUSEWORK

IT'S the little things in life that make Mrs. Housewife's life a breeze in this generation. She can go gadget happy and find anything from an egg cracker to a clock that will automatically turn on a percolator.

Poor Granny with a house full of children worked from dawn to dusk at her household tasks and would have welcomed the washing machine or automatic ironer that today's housewife accepts nonchalantly.

Hundreds of make-life-simple props stuff the shelves of hardware and department stores. The few cents or dollars involved in the purchase of something that will make life easier is a good investment.

• • •

A pressure cooker can enable you to have dinner on the table within a few minutes. There are pots with tilt-type covers which permit you to spill the water out of the pot without removing the cover.

Any day now plastic dishes may be so cheap that Mom can chuck them into the incinerator instead of the sink.

New refrigerators have deep freeze units. Stoves keep food hot without overcooking; some have glass doors so that you can see how the turkey or the cake is progressing without opening the door.

• • •

All that is lacking are a few button-controlled gadgets that will permit us to relax on the chaise lounge while the household chores are being done. But that would have its drawbacks, come to think of it.

Those who have a tendency to plumpness, would have to worry about their waistlines and spend all the time saved on streamlined housework savers doing reducing exercises.

• • •

MISPLACED KEYS

MRS. L. B. Richardson, telephone 2-9846, misplaced her set of car, house and suitcase keys down town recently. They are on a ring with a VFW tag, a miniature baseball and bat. Since she is using the set belonging to her husband, she is anxious to get her own keys back.

Music Club Selects Outstanding Member

Allegro Music club has selected Mrs. Wallace Glover, president, as its outstanding member of the year. Each of the 24 clubs of the City Federation of Women's organizations has chosen one member to be honored at an "Every Woman's Tea" to be given by the Federation.

Founders Day Dinner To Be Held Monday

Zeta Chi chapter of Beta Sigma Phi sorority met at the home of Mrs. Ivan Mayfield, 1411 Arnett, Wednesday night to make plans for a Founders day dinner April 19 at the Hilton hotel.

A box supper will be given at the Party house April 25.

A round table discussion was led by Mrs. R. B. Parkinson.

Hawaiian Trip Is Described

When First Baptist Mary Martha class met Thursday for a party in the home of Mrs. J. W. Dennison, 2617 Twenty-fifth, Mrs. J. F. Nix described her Hawaiian trip. Mrs. Mike Fry presided and Mrs. W. H. Trice led a prayer.

Assisting hostesses were Mrs. H. C. Burrus and Mrs. Joe George.

Others attending were Mesdames W. C. Fry, Walter W. Nichols, W. M. Alexander, R. O. Mayes, T. J. Jackson, George H. Moore, Walter Herrin, E. F. Harman, W. H. Floyd, Lillian Slay, Robert E. Miller, G. P. Howell, Lola Fields, Carl Owens, Walter Wright and J. H. McLeod.

Game Party Given In Vickers Home

The home of Mrs. James Vickers on Plainview highway was scene of a bridge and rummy party given for patronesses and alumnae of Las Chaparritas social club Wednesday night. Hostesses were Mesdames Asher Thompson, Vickers, Russell S. Wilkinson, Lloyd Hahn, Joe K. Jones, Misses Peggy Hess, Flossie Burkholder and Mary Louise Middleton, alumnae.

Fruit blossoms were decorations.

High scores in the games were made by Mesdames J. G. Keyes, Thompson and Miss Betty Alice Gordon.

Patronesses were Mesdames Keyes, Lawrence Bacon, Charles Bacon, Allen Benton, James Baker, G. W. Cochran, J. H. Cochran, Robert Howard, Frank Hudgins, W. B. Rushing, John Ruhmann and Neil H. Wright, jr.

Other alumnae present were Mesdames L. J. Sollis, Elton Plowman, Charles C. Watson, jr., Bedford Raley, H. J. MacKenzie, Ernest Griffith, Jess May, Ed McKeever of Chicago, Misses Gordon and Anne Birkman.

Superintendent To Speak At P-T Meet

A speaker for this morning's session of Fourteenth district, Texas Congress of Parents and Teachers, in Anson will be E. H. Boulter of Lubbock, deputy school superintendent.

Boulter, scheduled to speak at 10 a. m., on the subject "School and Community," said he will bring out some of the trends in curriculum improvement as they relate to the community as a whole. Stress also was to be placed on in-service training for parents as well as teachers.

1940 Needlers Meet In C. B. Lively Home

Mrs. Jack Melton was hostess to 1940 Needle club Wednesday afternoon in the home of Mrs. C. B. Lively, 2213 Twenty-seventh.

Present were Mesdames R. W. Caruthers, L. F. Lively, C. B. Lively, Raye Peeks, J. C. Pharr, R. M. Sholders, H. G. Urguette and E. D. Van Meter.

The club will meet May 12 with Mrs. Van Meter.

Afternoon Party Is For 42 Club Members

1936 Forty-two club members were Wednesday afternoon guests of Mrs. Elbertine Hush, 2114 Eighteenth. Mrs. C. B. Berry was a guest and members present were Mesdames T. E. May, S. B. Hay, R. J. Williams, Pearl Sampson, B. A. Maddox, C. N. Kennon, R. D. Cole, L. C. Montgomery and M. C. Rampy.

Mrs Rampy, 820 Ave. K, will be club hostess April 28 at 3 p. m.

Friendly Menders Attend Luncheon

Friendly Menders club's Thursday luncheon was held in the home of Mrs. R. R. Holmes, 1315 Thirty-second, with the following attending:

Mesdames L. D. Hogan, Bill Smith, Louis Martin, L. L. Judd, Weldon Gibbs, S. A. Stapleton, G. W. Oatman and a new member, Mrs. M. L. Ailes.

The club will meet April 29 with Mrs. Stapleton, 1314 Thirty-second.

Mrs. R. E. Burdett Hostess To Club

Sew on Wednesday club members who were the afternoon guests of Mrs. R. E. Burdett, 1020 Eighteenth, were Mesdames J. L. Badley, Curtis Boyd, E. M. Copp, Elmer East, Warren Henry, E. E. McClatchy, G. R. Saverance, Melvin Robertson and E. C. Pool.

Mrs. Copp, 1608 Twenty-third, will be club hostess April 28 at 2 p. m.

Speech Festival Is Planned For Tonight

A speech festival will be given tonight in the chapel of First Methodist church by pupils of Mrs. Grady Sims. The public is invited to attend.

Younger pupils will tell stories from 6:30 until 8 p.m. and older pupils will give declamations from 8 until 9:30 p.m.

Several musical numbers will be played by pupils of Mrs. Lillian Butler.

Cuts suitable for lamb stew come from neck, shank, breast or shoulder. Lima beans, cauliflower parsnips and leeks, though not commonly used in lamb stew, add a great deal of flavor to it.

SAY THERE! TAKE HER TO THE Hilton FOR THAT special MEAL TREAT

Ex-Newcomers Have Luncheon Meeting

Members of Ex-Newcomers club who met at Hilton hotel Thursday for a luncheon were:

Mesdames J. E. Jeffreys, T. W. Butler, C. W. Barcus, W. A. Wyche, H. L. Voelker, Tom Toombs, Oscar Ray, Ted Whitehead, Georgia Kaiser, Hayden Garrett, Vera Salmon, Tom Jones, A. H. King and Ernest Conley.

Mrs. Conley who was chosen as the outstanding member of the year will be honored at the City Federation's "Every Woman's Tea" next Thursday.

Service Guild Has Program Meeting

Wesleyan Service guild of Asbury Methodist church met in the home of Mrs. J. W. Hindman, 1810 Ave. N, Wednesday night for a business session, program and social hour.

Mrs. B. M. Keese presided for business and told a story based on the scripture John 3:16. A devotion was presented by Miss L. Williamson and Mrs. Nellie Wall and a lesson, "Rural Church," was taught by Mrs. A. W. Brock. Pat and Mike Hendon, great nephews of the hostess, sang "The Lord's Prayer."

Sixteen members and three guests attended.

Breakfast Planned By XYL Members

Following a business meeting of XYL club held in the home of Mrs. Rogers Orr Wednesday night, members played Liverpool rummy. Mrs. E. C. Pool presided for business.

The club is to attend a breakfast at the home of Mrs. Pool, 2306 Adams, April 23 at 8:30 o'clock.

Present were Mesdames Homa Reece, U. V. Blake, Bob Lowery, W. T. Ward and Chuck Stailey.

Courtesy Honors Mrs. W. Seymore

Mrs. Winnie Seymore who will move into a new home soon was honored at a party given by Mrs. May Flynn and Mrs. W. M. Ross Thursday afternoon in the Flynn home at 1414 Eighteenth.

Guests were Mesdames Dora Graves, Dovie Griffin, Hattie Meredith, Dunn, Lou Stubbs, Abbie Nelson, Anna Musgrove, K. Carter, J. M. Witt, Daniels, Jewell Smith, Velma Edwards and Miss Mae Murfee.

Quilting Is Done By Amiga Club

Amiga club members spent Thursday afternoon quilting in the home of Mrs. Arthur Dean on Thirty-fourth.

At the meeting were Mesdames R. E. Bennett, J. T. O'Neal, S. A. Beard, J. T. Meek, J. M. Wells, W. A. Terrell, R. J. Williams, C. L. Goble, Earl Jackson, L. E. Benefield, S. C. Rawlings and C. W. Marsh.

A meeting was planned for May 6 and will be held in the home of Mrs. Beard, 2522 Twenty-first.

Members Initiated By BRT Auxiliary

Mesdames Dorothy Helms, Marie Hogan and Gladys Simmons were initiated as new members of the Ladies auxiliary to the Brotherhood of Railroad Trainmen Wednesday afternoon at IOOF hall.

Officers and drill teams assisted in the ceremony of initiation.

Tea was served. The hall was decked with lilac blooms. Twenty-three members attended.

Textiles, Antiques, Culinary Exhibits Added To State Fair

DALLAS, April 15 (U.P.) — The State Fair of Texas announced today it would add shows for textiles, antiques and culinary arts to the 1948 fair program.

The horticulture building has been designated as the women's department for the fall exposition, General Manager W. H. Hitzelberger said.

Textiles will have embroidery, lace work, knitting and crocheting, quilts, rugs, plain sewing, fancy handiwork, layettes and elderly ladies work.

Seventy classes of jellies, preserves, canned fruits and vegetables, and pickles will be judged in the culinary classification, while 34 classes will be judged in the antique show.

A Cappella Choir Of Senior High To Leave For Canyon

Leaving by chartered buses at 9 o'clock this morning, the A Cappella choir of Senior High school will go to Canyon to take part in the Interscholastic League music festival of Region one today.

Contests will be conducted at West Texas State Teachers college. The Lubbock A Cappella choir will compete in the choral concert and sight reading contests.

Borger, Pampa and Amarillo groups are to compete, in addition to Lubbock.

Eighty-three Lubbock High school students will go, accompanied by J. H. Penn, director of the choir, Mrs. Penn and Miss Grace Padley. The group is to return to Lubbock about 6:30 p.m. Friday.

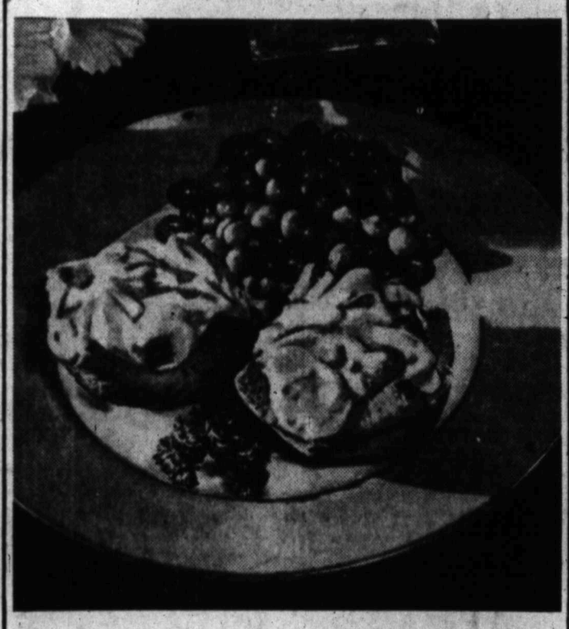

Educators Of Six Southwestern States To Attend Austin Meet

AUSTIN, April 15. (U.P.)—Educators from six southwestern states have been invited to attend a three-day work conference for educational administration professors April 22-23 at the University of Texas, it has been announced. Dr. Walter D. Cocking of New York, editor of the school executive magazine and former professor, will be the principal consultant. Curricula for school administrators will be discussed.

Representatives from schools in Texas, Oklahoma, Arkansas, New Mexico, Louisiana and Arizona are expected to attend.

An excellent pudding sauce may be made by blending a half cup of tart red jelly or jam with two tablespoons of hot water, a teaspoon of lemon juice and a dash of salt. If jam with seeds is used the mixture should be strained before serving.

TODAY'S "Good Luck" Toast Tip!

Ever try crunchy, rich toast baskets for creamed chicken or tuna? They're delicious . . . spread and toasted with GOOD LUCK Margarine. And easy as a wink!
Spread both sides of trimmed bread slices with melted GOOD LUCK Margarine. Arrange bread slices in muffin tins, points up. Toast in hot oven.
Then—when you fill these toasted baskets, make your cream sauce with GOOD LUCK, too!
Here's why GOOD LUCK makes everything taste better. It's made better . . . from sweet skim milk and the clearest, purest vegetable oils, blended in GOOD LUCK'S own special way.
Millions prefer this better margarine for both cooking and table use. Try GOOD LUCK just once, and you'll see why!

College Freshman's Obituary Collection Fills 36 Volumes

CLINTON, N. Y., April 15. (U.P.) —A Hamilton College freshman, Alfred K. Hanmer, Jr., collects obituaries. His dormitory room is filled with 36 volumes.

But Hanmer isn't morbid. He says the obtuaries serve a purpose He believes they are the most concise and cheapest biographical and reference material on famous people available.

His prize item is a George Washington burial notice which appeared in the Ulster County Gazette in 1800, shortly after Washington's death the preceding December.

Spanish sauce is made by sauteeing chopped onion, celery and green pepper in a small amount of fat and then simmering with a few cups of cooked or canned tomatoes. After the sauce is seasoned with salt and pepper, and just before serving, sliced stuffed olives may be added if desired.

A good breakfast combination is corn flakes with apple sauce and stewed raisins. If a slice of lemon is added to the raisins when they are being cooked they will be more flavorful.

Midwest States Plan Observance Of Arrival Of Swedes In U. S.

By SAM HANCOCK
United Press Staff Writer

CHICAGO April 15 — Twelve midwestern states are preparing celebrations commemorating the tide of Swedish immigration 100 years or more ago.

The event will be marked by official visits of Swedish royalty and American officialdom, church services, exhibitions, music and song. Americans of Swedish descent and others thus will observe the centennial at various times and places in the Mississippi valley. The farm lands to its immediate east and west and at other points well removed from the midwest will join in.

Although they were Swedes in Delaware in the early days of American colonization, the full tide of Swedish immigration came to the middle west between 1840 and 1850.

The war years halted plans for a Swedish centennial during the early '40s, but this summer the preparations then held back will materialize.

Royalty To Attend

Prince Bertil, son of the Crown Prince of Sweden, has said that he will come to Chicago and visit other midwestern cities during the celebration. Gov. Dwight Green of Illinois and members of a Swedish pioneer centennial commission named by the state legislature sent the Swedish royal family an invitation on Jan. 2.

President Truman also has been invited to be one of the speakers at Chicago Stadium June 4, when Prince Bertil will be welcomed here.

Twelve midwestern governors—three of them of Swedish descent—have been asked to attend the stadium ceremonies. They include Frank Carlson of Kansas, Val Peterson of Nebraska and Luther W. Youngdahl of Minnesota.

Chicago's plans for the royal party include a banquet at the Palmer House the night of June 5 for official visitors.

From Chicago, Prince Bertil and his party will go to Rockford, Ill., for a two-day celebration, including a folk festival in the Rockford stadium June 8.

After Rockford, according to the tentative itinerary, Bertil will go to Detroit on June 13 and 14. The party will go then to Omaha, Neb., for a June 19 banquet and outdoor festival on June 20.

After Omaha, the prince and his group will go to Rock Island and Moline, Ill., and Davenport, Ia. Augustana College, which has furnished much of the impetus for the centennial celebration, is at Moline.

In Des Moines, capital of Iowa, the Swedish delegation will be taken on a June 23 tour of the city, followed by a parade and banquet.

June 25 will see them in the Minnesota twin cities, Minneapolis and St. Paul.

Houston Pays Official Tribute To George W. Cottingham

HOUSTON, April 15. (AP)— The city of Houston paid official respect to the memory of George W. Cottingham, editor of the Chronicle, who died in New York Monday.

The city council adopted a memorial resolution and ordered that the city hall flag be flown at half mast from 9 a. m. to noon tomorrow, during the funeral hours.

Messages of sympathy to the family and members of the Chronicle staff continued to arrive today from friends over the country.

Cottingham, editor of the Chronicle since 1935, died of a heart attack going to New York to attend an editor's meeting.

Funeral services will be held at 9 a. m. at the Earthman funeral home. At 9:30 a. m., a solemn high mass will be celebrated at St. Anne's church.

Burial will be in Garden of Gethsemane.

FIRST COAL MINED AFTER STRIKE—Miner Bill Lewis grins happily as he brings the first load of coal from the Montour No. 9 mine in McDonald, Pa., as diggers there resumed work after a 29-day pension walkout. (AP Wirephoto).

Crimes Committed In Airplanes Believed Not In State Control

CHICAGO, April 15 (U.P.) — An authority on aviation law believes that recent Supreme Court decisions challenge the right of states to puni... violators for crimes committed in aircraft.

John C. Cooper, an aviation jurist, said the court has ruled that the navigable air space—the area above the minimum safe flying altitude—lies exclusively under federal control.

Cooper wrote in the Northwestern University Journal of Air Law and Commerce that states may not have even the right to regulate commerce in the navigable air space.

He urged prompt congressional action to determine a solution for the legal problem.

Traveler Forced To Stay For Game Due To Heavy Traffic

MT. VERNON, Ill., April 15 (U.P.) — The crowd was terrific; traffic jammed with cars bringing fans to the sectional basketball tournament at the Mt. Vernon gymnasium. Police were directing traffic.

One man who had been ordered into a parking space called for the authorities: "Get me out of here." He was told to wait until after the game.

"What game?" asked the outraged visitor. "I'm from Pensylvania and 'm on my way to California." But he was already five cars deep—and he stayed for the game.

Hike In Propaganda By U. S. Is Urged

WASHINGTON, April 15 (AP)— A committee of the American Society of Newspaper Editors today urged the United States to step up its information battle against propaganda from Moscow.

The committee also told the annual ASNE meeting that The Associated Press and The United Press should make their news available to the State department as long as the present crisis in world affairs lasts. The two news associations have declined to supply their news reports to the department.

The report was made by the ASNE committee on world dissemination of news. It is headed by Hamilton Owens, editor-in-chief of the Baltimore Sun papers. The committee commended the state department's cultural and information program overseas. It added that the news report is the "bone and sinew" of the Office of Information and Education exchange (OIE).

N. R. Howard, retiring ASNE president, previously had opened the meeting with a call for "vigilance" at home against any "bureaucratic menace" to news freedom in the government.

Campus Programs Broadcast Through Water Pipe System

WESTERVILLE, O., April 15 (U.P.) —Music and religious programs are "piped" directly to students and professors on the Otterbein college campus here.

The station, known as WOBC, utilizes the campus water pipe system for low-power broadcasting purpose. Since it airs programs heard only on the campus, the station does not need a federal license to operate on 640 kilocycles.

The program features daily morning and afternoon disc jockey shows with five minutes of religious music opening the morning session.

CHANGE of LIFE?

Are you going through the functional "middle age" period peculiar to women (38 to 52 yrs.)? Does this make you suffer from hot flashes, feel so nervous, high-strung, tired? Then so try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound also has what Doctors call a stomachic tonic effect!

Night Is Quiet, Officers Report

City police and the sheriff's department had an unusually quiet night, as investigation of three burglaries reported yesterday and other offenses continued.

In a burglary of Tech theater, 1211 College Ave., approximately 15 cartons of cigarets were taken from a concessions stand.

Approximately $8 was taken from a juke box of Campus cafeteria, on the campus of Texas Tech.

Pennies, Stamp Box Taken

Several pennies and a stamp box and its contents were removed from Nortex Hide and Produce, Inc., on East Nineteenth.

No effort apparently was made to break into a cash register at the cafeteria, said Dep. Sheriff Earl Horton, who investigated that break-in and the one at Nortex.

Roy Simmons, operator of the cafeteria, told Horton the burglar pried open the juke box and took keys to it that were on the inside of the instrument.

A 1941 black Ford coupe, license AN 9616, was reported stolen from C. D. Wallace of 2518 Ave. F.

A $40 bike was reported by Mrs. Carrie L. Bishop as stolen from 503 Hub homes.

Truck Is Stolen

Brownfied authorities said a 1947 green International pickup truck had been stolen there. License number was listed as RC 3928.

A radio valued at $40 was taken from the car of Doyle Lane of Doak hall, Texas Tech, police were informed.

Bond of $2,000 was posted by Barbara Roy, 30, a negro woman accused of assault with intent to murder her 40-year-old husband David Crocket Roy, who was shot at five times Tuesday afternoon.

County court authorities said three pleas of guilty had been entered in that chamber and that fines of $50 and costs had been levied in each.

Defendants were W. L. Gamble, 37, a west coast negro who was charged Jan. 22 with practice of medicine without having a license; and O. V. Hill, 40, of Plains and Edward L. Brooks, 44, of Oklahoma, both of whom were charged with drunk driving.

Arlis Mann, 30, was fined a total of $85 after she admitted colliding with three parked cars in 1600-block Ave. F about 1:30 a. m. Police said she agreed with owners to pay for damages to the cars.

Films May Be Shown In Contempt Trial

WASHINGTON, April 15 (AP)—Movie writer John Howard Lawson's attorneys want the jury trying him for contempt of Congress to see some of his films.

Charles Katz of Los Angeles, one of Lawson's lawyers, told a reporter the defense planned the move to show "there never was any subversion in Hollywood or in Mr. Lawson's films."

Lawson, 53, is charged with refusing to tell the House committee on un-American activities whether he was a Communist. He is the first of ten leading Hollywood figures so charged to be brought to trial.

The government neared the end of its case, with its only witness Rep. J. Parnell Thomas (R-NJ), chairman of the House committee. Thomas yesterday read the record of Lawson's appearance before the committee last Oct. 27.

Despite defense objections, Judge Edward M. Curran ruled that the question asked Lawson—whether he at the time, or even in the past, was a Communist—was "pertinent" to the committee's probe.

However, Curran said the defense could offer evidence in an effort to change the court's mind.

Lawson's attorneys said their position is that the question put to Lawson was an "invasion of his constitutional rights of political freedom." They also deny that he made any outright refusal to answer the question.

Dore Schary, RKO production chief, was due to be called as a defense witness today.

Tired, "All-In"—Listless Feeling Brought To Halt

As Vibrant Energy is Released To Every Muscle, Fibre, Cell

Do you get up in the mornings still tired, feel down-and-out all day? Have you checked-up on your blood strength lately? Overwork, undue worry, cold, flu or other illness often wears down the red-blood-cells.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that S.S.S. Tonic is amazingly effective in building up low blood strength in non-organic nutritional anaemia. This is due to the S.S.S. Tonic formula, which contains special and potent activating ingredients.

Also, S.S.S. Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on S.S.S. Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. S.S.S. Tonic helps Build Sturdy Health.

Connecticut Again Is Named 'Safest State' By Council

CHICAGO, April 15 (AP)—Connecticut today was again named the "safest state in the nation" by the National Safety council.

Oklahoma City, Okla., and Wilmington, Del., shared honors as the safest cities participating in the council's 1947 safety contest.

Connecticut's traffic mileage death rate (deaths per 100,000,000 vehicle miles) is 4.3—just one half the national rate.

Oklahoma City and Wilmington were given recognition for their traffic safety programs which reduced traffic deaths 44 per cent and 69 per cent, respectively, as compared with the previous year.

AGED MAN CLAIMED

DALLAS, April 15 (AP)—William Westley Bain, who would have been 104 years old in June, died at him home in Ferris, Tex., today. A native of North Carolina, Bain lived in Kentucky and Tennessee before coming to Texas. In the Lone Star State he farmed and later operated a store in Ferris. He retired in 1921.

State Jaycee Meet Opens In El Paso

EL PASO, April 15 (AP)—Regional map changes and admission of eight new clubs featured the opening session this afternoon of the Texas Junior Chamber of Commerce state convention.

Board of directors voted to accept clubs in Abernathy, Alpine, Monahans, Electra, Overton, Rusk, Hayes county (San Marcos) and Jacksonville. The organizations were approved previously by the national body.

Regional changes will move Mason to region five; Lampasas, San Saba and Llano to region eight and Crockett to region nine.

The directors also recommended the adoption of a revision of the Jaycee constitution and suspension of clubs whose dues are delinquent. These recommendations will be presented to a general assembly Saturday.

Registration this afternoon had passed 500. A buffet dinner and dance was held tonight. The convention will continue through Saturday.

A good rule to remember is that according to modern usage any kind of soup may be served in a cream-soup cup in spite of its name.

Carpenter Apprenticeship Program Is Underway Here

First year carpenter apprentices have been indentured for the carpenters' apprenticeship training program recently approved here, and second year apprentices are asked to appear for indenture next Tuesday night, it was announced yesterday following a meeting of the supervising committee.

The committee, made up of representatives from contractors and from the carpenters local, said that as soon as the indenture (registration) process is completed classroom work that will go hand in hand with a job, is to be offered probably four or more nights a week.

Details of the classroom work and selection of instructors had not been completed.

Future Farmers To Compete In Contests At Huntsville

HUNTSVILLE, April 15 (AP) — First and second place winners in 10 state Future Farmers of America areas will converge on the Sam Houston State college campus Saturday for the annual invitation leadership contest.

Approximately 1,000 students from high school chapters will compete in "chapter farmer" and "green-hand" divisions. Examinations will be given in chapter conduct and FFA information and practical farm skills.

Rendered chicken fat may be used a number of ways—in cakes or cookies, for instance. When it is used the salt should be increased slightly.

Dishes are much easier to wash if they are rinsed as soon as possible after eating; then plates, serving dishes, sauce dishes and platters may be stacked.

FELT MISERABLE AND WEAKENED; PRAISES RETONGA FOR RELIEF

"My Appetite Seemed To Have Left Me And I Had Lost Nearly 50 Pounds," Says J. L. Jeannette, Publicly Thanks Retonga For Helping Regain Them

"Before I finished the first bottle of Retonga I felt so greatly relieved that I began to eat heartily and feel much stronger," gladly states Mr. J. Lonnie Jeannette, well-known truck farmer and poultryman who lives at 2519 Rose St., North Nashville, Tenn. He gratefully tells of his case:

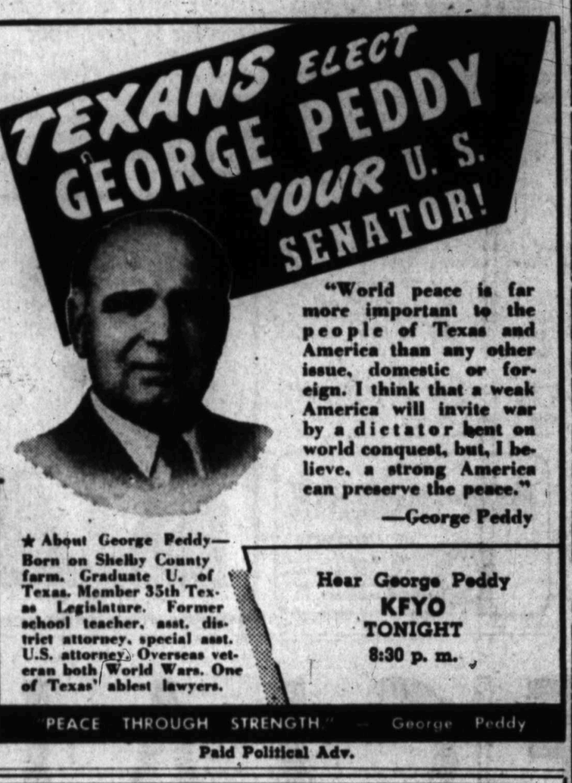

"I was so high-strung I could hardly talk to anyone without crying. I was down about 50 pounds and felt terribly weakened. My appetite just seemed to have left me, yet I knew I had to eat to put on weight and gain strength. I seemed to be over-loaded with toxic poisons and had a terrible taste in my mouth most of the time. I had to take strong laxatives for constipation. It's hard to tell how miserable I felt.

"Before I finished the first bottle of Retonga I felt so greatly relieved that I began to eat heartily and feel much stronger. My food seemed to give me the strength and energy I had lost and I have regained nearly all of my lost weight. I'm no longer on edge and my constipation has been relieved. I am glad to recommend Retonga to anyone suffering like I did."

J. L. JEANNETTE

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline Vitamin B-1 deficiency, and constipation. The active ingredients of Retonga are purely herbal, combined with Vitamin B-1. You can get Retonga at Mark Halsey Drug Stores and all other good drug stores. Adv.

"World peace is far more important to the people of Texas and America than any other issue, domestic or foreign. I think that a weak America will invite war by a dictator bent on world conquest, but, I believe, a strong America can preserve the peace."

Hubbers Clip Big Spring Broncs, 7 To 4

Russell Chalks Up Six-Hitter For Triumph; Pampa Nine Here Tonight

By JOE KELLY
Avalanche Sports Editor

Billy George "Cotton" Russell, 18-year old schoolboy from Fort Worth, settled down after a shaky start last night to shackle the Big Spring Bronchos' bats, letting them down on six measly hits to go the route and chalk up a neat victory behind the hitting of his Hubber mates, 7-4.

Russell's nine-inning chore overshadowed the pair of homers smashed by Frank Boothe, the fourmaster by Jack Haynes and the other loud wallops bashed by the Hubbers. It was the first time this spring that a Lubbock hurler has gone the route.

* * *

Broncs Take Lead

Big Spring started off in the first inning as though they were going to blast Russell out of the park. The blond-topped hurler hit Ace Mendez, gave up a single to George Lopez that moved Mendez to third and the latter scored immediately on a wild pitch. Lopez crossed the platter seconds later on Jake McClain's bingle to right field.

PLAY PAMPA TONIGHT

The Lubbock Hubbers entertain the Pampa Oilers in an exhibition game at Rosenthal Field tonight at 8. Manager Sullivan said that Marvin Alexander would be on the mound for the Hubbers, with Floyd Walker behind the plate.

Lubbock rocked along for two innings on one hit, but finally reached Frank Perez for four hits and five runs. Russell started things off with a booming double to centerfield. Haynes, up from Odessa to relieve the injured Al Smith, poked out a single to left sending Russell to third. And both runners scored on Manager Jackie Sullivan's lofty triple to centerfield. Floyd Walker drew a pass and Boothe, with the count three and one, drove the next pitch over the rightfield wall.

Two bases on balls and a long line single to rightfield handed the Bronchs a run in the sixth, which was nullified by Haynes for Lubbock, the rookie hitting the first pitch over the left field netting.

Boothe Gets Homer

Boothe put the Hubbers another run in front the next inning, when he slammed into a one and one pitch for a long smash over the centerfield wall.

Traspuesto and Rodriquer teamed to get this one back in the first half of the ninth. Traspuesto was hit by Russell, stole second, went to third on an infield out and scored on a pinch hit triple by Rodriquez.

Russell tightened at this point and induced Mendez to strikeout, ending the game.

DIAMOND DUST: Hubber homers were impartial, one going over each wall. . . . Chick Fowler made two brilliant catches on line drives, one in the eighth and one in the ninth. . . . Boothe said he was in a slump, but that was before the game. . . . Perez beaned Russell in the fourth and, when Russell's first pitch to Perez in the fifth broke behind him, he started for the mound with his bat. . . . Both teams milled on the field and the rhubarb was broken up. . . . The only error of the game came when Traspuesto and Echiavarri both went for a foul fly near the screen. . . . Boothe displayed a great throwing arm in the second inning. . . . And Walker's chatter is one of the most helpful things in the infield play. . . .

Russell Did It!

The box score:

Loboes Defeat Oilers, 11 To 10

LAMESA, April 15 (Special)—Lamesa Loboes of the West Texas-New Mexico league downed league co-member Pampa, 11-10, in an exhibition tilt at Lobo field here last night.

After Pampa had amassed a first-inning lead and added to it in the fourth, sixth and seventh frames, the Loboes came back in their half of the seventh to score four runs in a rally led by Manager and First Baseman George Sturdivant. That tied the score, eight-all.

Not to be denied, Pampa came up in the eighth to rack up two more runs, giving them a 10-8 advantage. The Loboes settled the argument with three more runs in their half of the seventh, putting Pampa behind one run. The game ended that way after Pampa went scoreless in the ninth stanza.

The Loboes play the Borger Gassers in their last home exhibition tilt at Lobo field Saturday night at 8 o'clock. On Sunday, the Loboes move to Big Spring for a game there.

Besides Sturdivant's hitting last night, in which he collected a triple and two singles, other power was exhibited by Pampa in the persons of Third Baseman Jack Riley and Rightfielder Joe Fortin. The pair hit successive home runs in the seventh inning.

The Line Score:

Lamesa	003	011	43x	11	10	3
Pampa	200	000	008	10	8	2

Texas Jockey Tells How He Won World's Shortest Horse Race

BOSTON, April 15 (U.P.)—A 17-year-old Texas lad joined the jockey colony at Suffolk Downs today and boasted to the group waiting for Monday's opening that he had won the world's shortest horse race—a three yard affair.

The speaker was William (Billy) Graham of Wellington, who won the race while campaigning on a "bush" track near Phoenix, Ariz. It was there he was discovered by Trainer L. G. (Buster) Bedwell who brought him on to ride for the Weston W. Adams stable.

"This man I was working for in the bushes got to arguing with another man about which horse could break fastest from the gate," Graham recounted.

The pair began betting, Graham said, and finally decided the race would be three yards out from the gate.

"They put up their money and we went to the gate and broke the horses out," Graham said. "My horse covered the three yards first so we won."

Yellowstone National Park May Become Winter Resort

CODY, Wyo., April 15 (U.P.)—Yellowstone National Park, one of the natoin's most scenic summer playgrounds, may become a vacation paradise for winter tourists, too.

The Big Horn Basin clubs of Wyoming have begun a move aimed at opening the highways in Yellowstone on a year-round basis, instead of permitting travel through the park only in good weather months.

One of the plan's promoters foresees the creation of a huge winter sports area in the national park.

RICE NETTER WINS

HOUSTON, April 15 (AP)—Rice Institute's Bobby Curtis turned in a smashing upset here today by decisively whipping Gardner Larned, national intercollegiate champion, 6-1, 6-3, in the feature tennis match of a dual meet between Rice and Rollins college.

BRYAN BEATS AGGIES

COLLEGE STATION, April 15 (U.P.)—Bryan of the Lone Star Baseball league last night defeated Texas A & M of the Southwest conference, 19-9. The Aggies continue their conference play against SMU in Dallas this week end.

FIRST TEAMS ARRIVE TODAY

Appointment Of Officials For South Plains Relays Revealed

Appointment of meet officials for the first annual South Plains Relays, which will be conducted Saturday at the Texas Tech oval, was announced last night as sponsoring organizations prepared for the arrival of the first of 35 West Texas and eastern New Mexico cinder path teams scheduled to compete in the track and field carnival.

Four representatives of the sponsoring organizations will be tourney directors, it was announced, with E. J. (Pinkey) Lowrey of the Lubbock Public schools serving as referee; A. C (Stump) Hamilton, City Recreation department, director of field events. Coach Maxey McKnight, representing Texas Technological college, is one of the meet directors but will be out of town at the time of the relays.

Other appointments included J. Mule Davis, head timekeeper; Joe Holmes, starter; Bob Parker, official scorer; Bill Floyd, clerk of the course; Wes Youngblood, announcer; G. B. Morris, marshall; and Dell Morgan and Polk Robison, place judges.

Sam Allen will assist Holmes as starter and Davis will be aided in the timekeeping deoartment by Dean W. L. Stangel of Texas Tech, Pat Pattison of the Lubbock High coaching staff and Joe Bob Foster.

Late arrival of entries from San Angelo, Midland and Panhandle boosted the entry list to 35 teams, officials reported, including 350 individual performers. The Midland cinder path squad is headed by versatile Dunny Goode, ace 440-yard dash specialist; while the San Angelo squad boasts Gene Jett, who defeated Odessa's Byron (Santone) Townsend in the high jump event at the District 4-AA meet last weekend.

Teams Arrive Today

Other contestants for team championship honors include Pampa, Amarillo, Plainview, Lubbock, Big Spring, Abilene, Pecos, Seminole, Seagraves, Brownfield, White Deer, Hobbs, N. M., Andrews and Levelland.

At least six of the squads—Abilene, Pampa, Odessa, Pecos, Hobbs and San Angelo — are slated to arrive here this afternoon or early tonight. The rest of the teams will arrive at Tech's oval before the first preliminary gets underway at 9:30 o'clock Saturday morning.

A special luncheon for all coaches and their staffs will be held at noon Saturday in the Yaqui room of the Hilton hotel, officials announced.

Westerners Drub Levelland, 12-3

LEVELLAND, April 15 (Special)—Lubbock High's hard-hitting Westerners combined three hits and four Levelland errors to push six runs across the plate in the first inning of their practice tussle here this afternoon, then coasted to a 12-3 triumph over the Lobos behind the efficient hurling of Lefty Jackie Martin and Morris Turner.

Lobo reliefer Dwain Dodson held the visitors in check during the second and third frames, but the Westerners unleashed another scoring splurge in the fourth stanza to clinch the victory.

Galey, Wilson Connect

Second-sacker Charles Galey and Outfielder Jim Wilson led the Lubbock crew at the plate with doubles, although safe blows were scattered through the Westerner lineup.

Two Westerner regulars—Pitched Denny Davidson and Outfielder Jack Alderson — were benched by injuries. Davidson has an infected hand and Alderson is out of action with an ankle injury.

Teams Play Today

The two teams will play a return game at 3:30 o'clock Friday afternoon at Lubbock's Chapman field diamond.

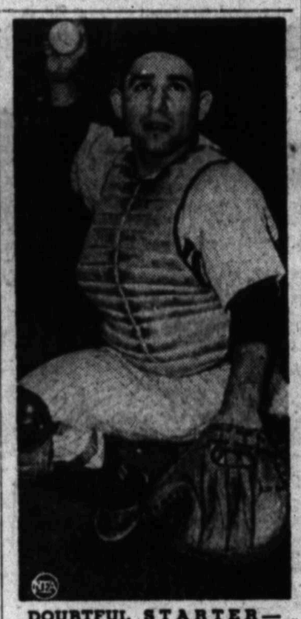

The starting lineup for the Westerners included Bill Wylie, catcher; Jackie Martin, pitcher; Dorrance Guy, first base; Charles Galey, second base; Billy Tatum, shortstop; Bobby Griffin, third base; Dwight Moore, left field; Bob Rooker, center field; and Jim Wilson, right field.

Starters for Levelland were W. A. Wise, catcher; Biff Warren, first base; Larry Roberts, shortstop; J. T. Pugh, second base; Bobby Hart, third base; Jack Adudell, left field; Dwain Dodson, center field; and E. C. Seifert, right field.

New York Giants Second Baseman Out Of Lineup For Eight Weeks

NEW YORK, April 15 (U.P.)—Second-baseman Bill Rigney was lost to the New York Giants today for a period of six to eight weeks with a sore shoulder.

Utility Infielder Jack Conway, who was acquired from the Cleveland Indians during the winter, was expected to take Rigney's place in the opening day lineup. Rigney had been sent on to New York in advance of the team because he had been unable to throw normally for the past three weeks.

DOUBTFUL STARTER—Larry (Yogi) Berra, the Yankees' first-string catcher, may not be able to start behind the plate on opening day because of a recent injury. Berra is one of the Yanks' most promising young players.

Steer Trackmen Leave For Meet

AUSTIN, April 15 (AP)—Javelin thrower Frank Guess was a last-minute addition to the University of Texas track and field contingent which left for the Kansas Relays at 2:50 this afternoon by train.

The 10-man Texas delegation will enter the three relays it won last year and three individual events in the meet at Lawrence, Kas., Saturday.

Sprinters Enter Century

The Longhorns will enter Allen Lawler, Charley Parker, and Perry Samuels in the 100-yard dash. Lawler will be seeking his third consecutive victory in the sprint event at Kansas.

Broad jumper John Robertson will leave his field event long enough to join the trio for the 440-yard sprint relay while Charley Tatom will team with the sprinters in the 880-yard relay.

The Longhorn distance medley team of Desmond Kidd, Wayne Hanson, Don Sparks, and Jerry Thompson are a distinct threat to break Kansas record of 10:12.7, held by Emporia (Kas.) state teachers. They fell a tenth of a second shy of that mark in a time trial here last week.

Guess was added to the team because of his 197-foot throw with the javelin in practice last week.

EAST TEXANS LEAVE FOR KANSAS, IOWA TRACK MEETS

COMMERCE, April 15 (AP)—Coach Bob Berry and his East Texas State relay team left here by automobile today on a 1,000-mile tour into Kansas and Iowa.

The East Texans, defeated only once in six races this season, will enter the Kansas Relays Saturday at Lawrence. The quartet then will travel to Des Moines Monday for preliminary workouts before running in the Drake Relays Saturday, April 24.

Berry's foursome is comprised of two Laredo seniors, Carlos Salinas and Alfonso Valls, and two El Paso freshmen, Angel Colorado and Miguel Mercado. Elwood Robertson, champion hurdler in the Lone Star conference, will make the journey as an alternate.

REST ORDERED FOR "TEX"

BALTIMORE, Md., April 15 (AP)—Cecil (Tex) Hughson, tall right handed Boston Red Sox pitcher today was told to continue to take it easy by the doctor who operated on his salary flipper last fall. While the Sox were here for an exhibition against the Orioles, Hughson visited Dr. George Bennett who removed a spur and did some bone chiselling on Tex's arm.

Joe Louis Confident As He Signs For Walcott Fight

By OSCAR FRALEY
United Press Sports Writer

NEW YORK, April 15 — Joe Louis had Jersey Joe Walcott set up in the other alley today and there were indications that the Bomber's second - time - around whammy already was at work.

Most of Louis' rivals have settled for once. After all, it's only money. But nine courageous citizens tried him again in a return match. All nine were carried out.

The flashbulbs were popping like lightning as Louis and Walcott signed yesterday for their June 23 title fight. And, while the flares may have etched deceptive lines on the face of the challenger, he looked a bit uneasy.

Jersey Joe licked his lips, rapped his knuckles on the table nervously and smiled uncertainly. Old Bomber Joe sat there stoic and implacable, until the cameramen asked them to smile and shake hands.

There is an old song about "Smiles that make you happy." That wasn't the one Louis gave Walcott. It was a grimace which promised retribution for the man who made him look bad last December.

Somehow Walcott had the appearance of a condemned man. Not that he was badly hurt the first time, for it was the champ who was on the deck twice, and not the challenger. But even with Louis missing he had a taste of the fierce power which 24 times has defended the heavyweight championship of the world.

Jersey Joe knows it won't be any picnic. And it is possible that he is beginning to think there must be some easier way to make a living than facing those tearing tan fists. Those nine names in the record book provide nerve-shaking testimony.

Tech Teams To Leave Today

Track, golf and tennis teams from Texas Tech are scheduled to leave this morning for El Paso, where tomorrow afternoon and night they will engage similar squads from Texas Mines and New Mexico and A. and M.

Coach Maxey McKnight, encouraged by the showing the track squad made here last weekend, will take 18 men to El Paso for the meet. Two track men from West Texas State Teachers college joined the Red Raiders last night and will take part in the meet.

Reynolds Paces Sprinters

The Raiders are looking for Charley Reynolds to take first places in the 100-yard dash, the 220-yard dash and additional points on the sprint and medley mile relay teams.

Backing him up will be Ed Clepper in the high hurdles and Charles Pinnell in the high jump. Clepper and Pinnell also will take part in other track and field events to make the Raiders stronger.

In addition to these men, Coach McKnight also is taking Ernest and Edgar Hawkins, Seth Murphey, Moon Mullins, Costin Bufkin, Joe and Ed Wilson, Walter Hobgood, Doug Barber, Dingy Davis, Henry Briscoe, Jim Cruser and Sebron Hall.

Net Squad Revamped

A shake-up has marked the Tech tennis team, with Shaff DeGaish, one of the leading candidates for quarterback on the Raider football team, leaving the squad. Ed Scudday, who has been showing continued improvement all spring, beat Joe Wheatley in a trial match this week and has been selected as the number four man.

The Raiders will be headed by Jake Broyles and Glen Ivy, two of the top men in the Southwest, and Carl Schmidt will take over the number three spot.

The Tech golf team will enter its sixth meet of the year at full strength, with Elmer McKinney the chief hope, backed closely by Jerry Stoltz. Both have been consistent this spring and give the most promise of returning points.

The other two men on the squad also have been showing improvement and should give the Raiders a strong four-man team. In addition to McKinney and Stoltz, the links squad will include E. C. Feagan and Ted Forsythe.

Jewelers, Sunbeamers Gain Loop Victories

By CARLTON KEEDY
Avalanche Sports Writer

Bluebonnet-Sunbeam Laundries and Thomas Jewelers moved into a tie for leadership in the five-team South Plains Softball league last night following victories in a twin bill at Jumbo Webster field.

Thomas Jewelers belted Pitcher George Young for 12 runs and 13 hits for a 12-1 win over a hapless Golden Light crew in the nightcap behind the one-hit hurling of Willie Holder.

In the initial game, the Sunbeamers scored their second victory in as many league starts, downing Baldridge Bakery, 6-4.

Sunbeamers, Jewelers Lead

The end of first week of league play finds Bluebonnet-Sunbeam and Thomas Jewelers with two wins each, no losses, and Golden Light and Cloverlake sharing second-place with one loss each, no wins. Baldridge is in cellar position with two losses in two starts.

The league's first home run came in the bottom half of the fifth frame in the Baldridge-Sunbeam game, with Sunbeamers' Shortstop Ralph Earhart getting the circuit clout. In the nightcap, Leftfielder Jim Reiger poled a fourth-inning four-bagger for Thomas Jewelers.

Neel Leads Hurlers

Jackie Neel, on the mound for Bluebonnet last night, struck out 13 men to run his strikeout total for 14 innings to 35, far ahead of totals established in that department by other league hurlers so far.

Best all-around mound performance in a single game, however, belongs to Willie Holder, whose one-hit masterpiece against Golden Light last night was coupled with two strike outs, no free bases.

Rightfielder George Jackson, playing for Thomas Jewelers, kept several Golden Light sluggers from reaching first by his recovery of line drives deep into right field territory.

Line scores:

Baldridge	200	000	2—4	4	2
Bluebonnet	101	031	x—6	11	1

Hubbard and Overbeck; Neel and W. James.

Thos. Jewelers	015	240	0—12	13	4
Golden Light	000	010	0—1	1	5

Holder and Billy Kelley; George Young and George Gilkerson.

PLAY SLATED TUESDAY

Play will be resumed in the South Plains Softball league at 8 o'clock Tuesday night at Jumbo-Webster field, featuring Cloverlake vs Baldridge and Bluebonnet vs Golden Light Coffee. In the Texas Softball league, Baldridge plays two games with a representative team from Monahans at Jumbo-Webster field Saturday night in two of that league's season openers. In the other season opener, Bluebonnet-Sunbeam clashes with a San Angelo nine at San Angelo in a doubleheader.

Beaumont Noses Houston, 2 To 1

BEAUMONT, April 15 (AP)—Bill White's scorching single into left scored Fred Smith from third in the tenth inning to give the Beaumont Exporters a 2-1 victory over Houston here tonight to square the series at one-all.

It was White who had singled across pinch-runner Bob Marquis from second to knot the count in the eighth and send the game into extra innings.

Houston scored in the fourth on singles by Remy LeBlanc, Bob Thomson and Bud Hardin.

Smith, a 20-game winner at Lufkin last year, gave up six hits in his Texas league debut, outpitching Pete Bryant and Long Charley Sproull for the victory.

HOUSTON	000	100	000	0—1	6	2
BEAUMONT	000	000	010	1—2	7	1

Bryant, Sproull (8) and Burmeister, Nledson; Smith and Muratore, Deninger.

REBELS CLIP TULSA

DALLAS, April 15 (AP)—The Dallas Rebels swept their opening series of the Texas League season here tonight, beating Tulsa for a second time, 6-4.

Big Joe Orrell weathered several bad innings to go the distance for Dallas on the mound.

Al Vincent's Oilers jumped into first inning lead as George Logan singled Jay Haney home. Dallas tied the score in the second on Pete Deem's home run over the left field fence and was never headed after a two-run outburst in the third inning erased a Tulsa run in the top of the third.

TULSA	101	010	100—4	10	4
DALLAS	012	210	00x—6	9	2

Perkowski, Stone (4) and Nebel, Just; Orrell and Deem.

INDIANS TIE CATS

FORT WORTH, April 15 (AP)—The Oklahoma City Indians rallied for five runs in the last three innings to tie the Fort Worth Cats, 7-7, in a game called at the end of the seventh to enable the clubs to catch trains here tonight.

The Indians made four of the runs off starter Al Zachary and one off George Dockins. The tying run came in as second-baseman Walter Fiala's try for a double play went wild at first base.

OKLAHOMA CITY	110	013	1—7	11	1
FORT WORTH	050	110	0—7	13	1

(The game called end of seventh.) Gilmore (2), Duncan (6), Johnson (7), Aman, Patterson; Zachary, Strachan (7) and Atwell.

SHREVEPORT	200	003	00—5	4	0
SAN ANTONIO	022	010	00—5	10	1

(The game called end of 8th inning to allow teams to entrain)

Williamson, Scoter (3), Sakas (6) and Sarni; Pavlick, Freels (8) and Morris, Lomer.

Maher Signed As Business Manager For Spudder Nine

WICHITA FALLS, April 15 (AP)—John J. Maher, veteran scout of the St. Louis Browns, was signed today as business manager of the Wichita Falls Spudders in the Big State league succeeding Bobby Goff, resigned.

Goff has gone to Dallas to be first assistant to Dick Burnett, president of the Dallas club of the Texas league.

Maher has been residing in Tyler.

Injuries Hit Key Players As Majors Near Flag Race

NEW YORK, April 15 (AP) — Major league managers, alarmed over the recent wave of injuries to key players, today were anxiously counting the days before the official opening of the season. It simply can't start soon enough to please them.

At least six top flight performers appear certain to be among the missing from the starting lineups when the National and American leagues get under way next Monday and Tuesday.

Champions Are Hit

The injury jinx has played no favorites. It has hit the high and the low alike. Both the New York Yankees and Brooklyn Dodgers, last year's World Series rivals, will make their 1948 bow minus their No. 1 catcher.

Larry (Yogi) Berra, who was expected to handle the catching duties on opening day in Washington Monday, instead will be sitting on the sidelines with a split hand.

The Dodgers' World Series catcher, Bruce Edwards, also will see the opener from a cozy spot on the bench. A constant sore arm threatens the sturdy receiver's immediate future.

The Boston Red Sox and St. Louis Cardinals, generally regarded as the most dangerous challengers of the Yankees and Dodgers, also are faced with an injury problem.

The Red Sox most likely will be without the services of Second Baseman Bobby Doerr. The infielder suffered a back sprain during a batting practice session two weeks ago and still cannot swing a bat without pains in his shoulders.

The Cardinals, besides worrying over the condition of ace southpaw Howie Pollet's pitching arm, are still uncertain of Marty Marion's physical condition. The lanky shortstop's knee caved in on him during an exhibition game two weeks ago.

The Giants, who last year were forced to open the season without Outfielder Whitey Lockman, again will start without a key man. This time it is Second Baseman Billy Rigney who will be missing. Rigney, bothered by an ailing arm, will be out of action for at least six weeks.

An injury to first baseman Ed Robinson of Cleveland has forced Hank Greenberg to vacate his soft-cushioned seat in the vice-president's office for a hard one on the Indians' bench.

Bill (No-Hit) McCahan, who was counted upon to pitch one of the games of the Philadelphia Athletics' morning-afternoon double header with Boston Monday definitely will not. Plagued by a sore arm, McCahan has done little pitching thus far.

Others who have been sidelined by injuries or sickness recently and whose opening day status is doubtful include Ted Williams, Dom DiMaggio and Tex Hughson, Red Sox; Frank Papish, Chicago White Sox; Bill Bevens and Charlie Keller, Yankees; Ferris Fain, Bob Savage and Dick Fowler, Philadelphia Athletics; Gil Coan, Washington Senators; Warren Spahn, Boston Braves; Buddy Kerr, Giants, Joe Garagiola, Cardinals; Harry Taylor, Dodgers and Bob Chesnes, Pittsburgh.

Training Camp Notes

CUBS DEFEAT CARDS

LITTLE ROCK, Ark., April 15 (AP)—The Chicago Cubs made two runs on three St. Louis errors in the eighth inning today and beat the Cardinals 6 to 4 in the final game for both teams on their southern tours.

ST. LOUIS (N)	0	0	0	0	0	1	0	1	2—4	8	3
CHICAGO (N)	0	2	2	0	0	0	0	2	x—6	8	0

Brazle, Johnson (7) and Rice, Wilber (7); McCall, Hamner (9) and Scheffing.

REDS NOSE CHIEFS

LEXINGTON, Ky., April 15 (AP)—The Cincinnati Reds pushed over two late inning runs today to break a 6-6 tie and hand the Syracuse Chiefs, their International league farm hands, an 8-6 defeat.

CINCINNATI (NL)	3	0	2	0	0	1	1	2	2—8	12	2
SYRACUSE (IL)	0	0	1	2	3	0	0	0	0—6	10	1

Lively, Peterson (6) and Mueller, Williams (7); Erickson, Panovich (4), Schultz (9) and Bosiak.

BROWNS CLUB BEARS

TEXARKANA, Tex., April 15 (AP)—The St. Louis Browns closed their spring training tour today with a 10 to 5 victory over the Texarkana Bears, champions of the Big State league.

ST. LOUIS (A)	3	0	3	1	0	1	0	3	0—10	15	3
TEXARKANA (bsl)	0	0	0	0	2	0	0	3	—5	9	2

Garver and Jordan, Schultz, Coleman, Talbot (7) and Dibartolo.

FERRISS GETS WIN

BALTIMORE, Md., April 15 (AP)—Behind Dave (Boo) Ferriss, who went all the way for the first time, the Boston Red Sox today outhomered the Baltimore Orioles, defeating the International leaguers 3-1.

BOSTON (A)	0	0	0	1	1	0	1	0	0—3	5	2
BALTIMORE (INT)	0	0	0	0	1	0	0	0	—1	7	1

Ferris and Tebbetts; Center, Groth (8), Mellis (8) and Russowski.

JONES BESTS FELLER

EVANSVILLE, Ind., April 15 (AP)—Rookie Sheldon Jones bested Bob Feller in a pitching duel today and the New York Giants shut out the Cleveland Indians, 2 to 0, to even their cross country series at seven-all.

CLEVELAND (A)	0	0	0	0	0	0	0	0	0—0	4	0
NEW YORK (N)	2	0	0	0	0	0	0	0	2—2	7	0

Feller and Tipton; Jones and Cooper.

LONGHORN DISTANCE TWINS—Don Sparks, left, and Jerry Thompson are the two top distance stalwarts of the strong Texas university cinder path squad this season. Thompson, the ace miler and two-miler of the Southwest, is rated as one of the United States' best distance hopefuls for the Olympics this summer.

Sports Study

By Earl Scudday

R. F. Hollingsworth, the very successful grid and cage mentor of New Deal High school for the last two years, has reported that he is resigning his post to take an appointment in the Anton school system. Definite assignments have not been made by the Anton school officials, but it is a safe bet that Hollingsworth will direct the gridders when training is opened Aug. 15.

• • •

Hollingsworth, a stocky, affable mentor, coached New Deal to second place in the District 4-B football race in his first year in 1946, then directed the 1947 eleven to the loop championship. He also served as the basketball mentor and turned out some good quintets. Hollingsworth emphasized that he is just "going home," since he served as principal at Anton for two years before he entered the armed service and owns a farm in the Anton area.

• • •

Two of Lubbock's most enthusiastic anglers—Hub Jones and Bill Humphries—left Thursday morning for Possum Kingdom lake for another tussle with the finny tribe. They should find half of the South Plains' fishermen at Possum Kingdom, according to reports from the lake. (The other half is at Sugar lake and Don Martinez in Mexico.)

• • •

The ammunition outlook for this fall is very grave, Lubbock operators of sporting goods stores report, with supplies on hand being rapidly depleted. The shortage of lead has kept ammunition short since the end of the war and the new government buying and allocations indicate a severe drain on the limited production. Prospects of increased production of the more popular types of guns are also extremely dim, according to officials.

• • •

Reports from Odessa indicate that the plans there for a new football stadium with a seating capacity of 17,000 have been slowed by a difference of approximately $170,000 between the funds available and the funds needed. The Odessa officials are said to have approximately $400,000 for use in construction of the stadium, but the lowest bid submitted was near $600,000. They are now faced with the prospect of cutting down on the size of the stadium or raising the $170,000.

• • •

And here's a plea from local officials: Please stay off the track at the Relays and regional meets here during the next two weekends. Many injuries result from jammed lanes at the end of a race and the confusion caused by the rush of well-wishers to the finish line is equally responsible. So if you want to co-operate, stay off the track (and in the stands) when the races are being run.

Stymie Starts Drive For Million Dollar Mark In Race Saturday

NEW YORK, April 15 (AP)—Not content to remain idle while the Derby colts are grabbing most of the headlines, about a dozen older turf stars headed by rags-to-riches Stymie are slated to tangle at Jamaica Saturday.

The occasion will be the 41st running of the Excelsior Handicap, a mile and one sixteenth attraction with a $25,000-added purse.

Stymie, Mrs. Ethel D. Jacobs' golden chestnut, will be making his first start of 1948. A victory would start him rolling toward the $1,000,000 mark in total earnings. He has wintered in Virginia after boosting his bankroll to $816,060 in 1947.

Faces Tough Test

The seven-year-old campaigner will be going up against some stiff competitors—many of whom have already racked up successes this year.

Among those expected to challenge the world's leading money-winning champ are such classy performers as Ridgewood stable's Double Jay, King Ranch's But Why Not, Ben Whitaker's Carolyn A., Isidor Bieber's Basileus 2nd, William Helis' Elpis, Mrs. E. Dupont Weir's Royal Governor, Bermill Farm's Bug Juice, Bayard Sharp's Tide Rips, and Deering Howe's Donor.

Stymie Top-Weighted

Stymie, handed top weight of 128 pounds, probably will be favored while running as an entry with Basileus 2nd, French-bred victor in the Southern Maryland Handicap at Bowie last Saturday Both horses are trained by Hirsch Jacobs.

The King Ranch queen not only topped her division last season, but held her own with the colts. She won seven of 13 starts and her earnings of $225,300 were a record second only to Busher's $273,735 in 1945.

Player Deals To Be Restricted

DALLAS, April 15 (AP) — Dick Burnett, new owner of the Dallas club of the Texas league, says President George Trautman of the minor leagues is going to crack down on the practice of a major league club that owns a minor league franchise sending players to another club in that minor league.

In explaining why Dallas could not continue a working agreement with Austin of the Big State league because Burnett also owns Texarkana of the same league, he said yesterday at a press conference:

Ruling Is Revealed

"Trautman told us there would be no more of this business of a big league club owning a minor league franchise sending players to another club in the same league. He said it caused a loss of confidence from the fans. You know some of this happened in the Texas league last season."

This did not apply to the Dallas situation but was given by Burnett in the course of discussing Trautman's views.

Under the ruling of the minor league head, Dallas couldn't even sell a ball player to Austin, Burnett said.

Dallas has working agreements with Texarkana, Odessa of the Longhorn league and Lubbock of the West Texas-New Mexico league.

BURNETT 'SURPRISED' BY ATTITUDE OF PCL HEAD

DALLAS, April 15 (AP)—Dick Burnett, new owner of the Dallas franchise in the Texas league, expressed surprise today at the attitude of President Clarence Rowland of the Pacific Coast league regarding Burnett's plans to fight for creation of a third major league.

At Portland last night Rowland said the coast clubs would not even consider a merger with the Texas league teams in creating such a league. He termed Burnett's proposal "too silly to waste time considering" and said it was entirely "out of line with the program of the Pacific Coast league. He added that all eight clubs of the Pacific Coast league intend to move toward eventual major league status.

Mrs. W. M. Morgan Of Baytown Enters Finals Of Valley Meet

HARLINGEN, April 15 (AP)—Mrs. W. M. Morgan of Baytown, Texas public links champion, today defeated Mrs. J. L. Head, Harlingen, 7 and 5, in the semi-final round of the 13th annual Valley Women's Invitational golf tournament here.

In the championship consolation bracket, Mrs. Bob Elmore, McAllen, defeated Mrs. F. S. Turner, Baytown, 5 and 3, and Mrs. Jack Muller, Corpus Christi, won over Mrs. Margaret Reeme, Mercedes, 4 and 3.

SENS EDGE PHILS

WINSTON SALEM, N. C., April 15 (AP)—The Washington Senators defeated the Philadelphia Phillies 6 to 3 in the next to last game of their spring exhibition series today.

WASHINGTON (A)	0	0	0	2	0	0	3	1	0—6	7	2
PHILADELPHIA (N)	0	0	1	0	1	0	0	0	0—3	10	2

Haeffner, Pieretti (8) and Early; Donnelly, Grasmi (9) and Lakeman.

Changes In Standings Of Dallas Bowling Congress Are Revealed

DALLAS, April 15 (AP)—Standings in the Women's International Bowling congress shifted slightly today, though the leaders remained unchanged.

Virginia Bottorff, Syracuse, N.Y., took over second place in singles with a 607 series and gained the same position in all-events on a 1,681 total.

Jane Moss and Eleanore Bunger, Corpus Christi, Tex., lead doubles entries with 1,123.

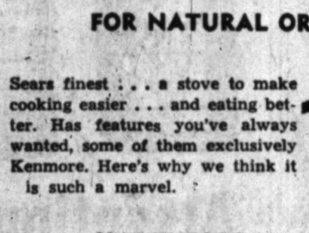

The Longview, Tex., Independents top the regular team division on a 2,480 total.

Red Revolt In U. S. 'Possible'

(Continued From Page One)

gan getting reports from Colombia as far back as January that trouble was brewing—that the Communists were planning disturbances to discredit the Inter-American conference and American officials in particular.

He read to the subcommittee excerpts from dispatches filed by intelligence agents in Colombia telling of Communists' plans to cause trouble at the conference. He said these were relayed with one exception to the proper State department officials.

Investigation Ordered

President Truman told his news confesence earlier that he was as surprised as anyone else about the uprising in Bogota. He said he was very sorry the rioting happened, but that he had had no warning of it.

Mr. Truman said the U. S. had received information there might be picketing while the conference was in session. But, he said, there was no indication anybody was going to get shot.

Shortly after the disorders began, Rep. Clarence Brown (R-Ohio) demanded an investigation by the House Executive Expenditures committee as to whether the CIA had advance information. The committee voted the investigation at once.

Assassin Named

The disorders in Bogota began April 9 when Jorge Gaitan, Liberal party leader was assassinated.

Hillenkoetter gave the assassin's name and identification for the first time.

He said the killer was Jose Sierra. He said he was a nephew of a Colombian army officer who was killed in 1938. He said Gaitan was the lawyer for the man who killed the uncle and got an acquittal shortly before noon on April 9.

The Admiral said the nephew murdered Gaitan about 1 p.m.

In answer to a question, he said the killing was "pure personal reprisal."

Dispatches Read

The House Expenditures subcommittee wants to know whether the CIA had performed its duty in advising Secretary of State Marshall and other officials ahead of time that there might be trouble in Colombia.

The CIA was set up 10 months ago under a bill that unified the armed forces. The full Expenditures committee handled that bill.

The parts of dispatches which Hillenkoetter read dated back to January of this year and continued almost to the time the conference in Bogota got under way at the end of March.

The Admiral said that a message on March 23 "confirmed information that Communist-inspired agitators will attempt to humiliate the Secretary of State and other members of the U.S. delegation" upon their arrival in Bogota by "manifestation and possible personal molestation."

Message Withheld

Hillenkoetter said thas message was not relayed to the State department at the request of O. J. Leibert, the department's advance man for the conference.

The message received by the CIA said that Leibert "does not consider it advisable to notify State department of this situation since he feels adequate protection will be given by police and does not want to alarm delegates unduly."

Hillenkoetter said he did not know whether Leibert had sent the information to his superiors.

The admiral read one message from his agents in Colombia dated March 10 which said that:

Revolution Planned

"Mr. S., an official of a Latin-American country in Bogota, aided Gaitanistas in bringing contraband arms into Colombia for a revolutionary coup against the incumbent government.

"During the course of conversation Mr. S. urged Gaitanistas to strike the blow as soon as possible."

A previous message on Jan. 29 said that:

"Mr. G., a leading Colombian Communist who has been given the task of overthrowing the Perez government, boasts that he can count on planes and artillery when necessary. (Ospina Perez is president of Colombia.)

Reds Plan Violence

"In Bogota this group has allegedly stored arms, explosives and uniforms similar to those worn by the army and police in 17 conveniently located houses.

"Mr. G. reported to be the intermediary between Soviet legation and Gaitan, to whom he furnished money supposedly for his Liberal movement."

A March 30 message said:

"Colombian Communist party has agreed upon a program of agitation and molestation against the United States, Chilean, Brazilian and Argentinian delegations to the ninth Pan-American conference.

"It was planned to embarass imperialist delegations and Colombian government by turning off lights and hurling miscellaneous objects at delegates during important conference sessions."

Museum Group

(Continued From Prge One)

the public, association officials have stated. Those wishing to join the organization may register with Dean Allen or Dean Holden. Membership includes residents from throughout the Panhandle and South Plains areas.

Business matters pertaining to the association will be discussed at a luncheon meeting of the board of directors beginning at 12 noon at the Hilton hotel, with C. E. Maedgen, president, presiding.

An exhibition of rare and finely-printed books will be held in the southwestern history room of the library from 5 p. m. to 6 p. m., immediately following Mr. Hertzog's address. Several of the books to be exhibited were printed by Mr. Hertzog at El Paso.

White House Called Fire Trap--In Hot Election Year, Too

(By The United Press)

WASHINGTON, April 15 (AP) —Did you know the White House is one of the worst fire traps in the United States and parts of it are holding together "purely from habit."

That's the opinion of W. E. Reynolds, commissioner of public buildings. He says he shudders to think what might happen.

Reynolds came before a Senate Appropriations subcommittee today and asked an appropriation of $50,000 to make a study of what to do about the situation. The subcommittee will pass on the request later.

"The White House wouldn't pass any building code in America," Reynolds said. "I'm convinced a portion of the second floor is staying up purely from habit."

Senator Bridges (R-NH) quipped: "If they knew the White House was one of the greatest fire traps in the country, maybe there wouldn't be so many aspiring candidates for president."

Texas City To Hold Memorial Services

TEXAS CITY, April 15 (AP) — Churches of Texas City tomorrow will memorialize the dead of the April 16-17, 1947 disaster.

All business places will be closed during the morning. Most of the church services will get under way between 8 a. m. and 9 a. m. Some of the churches are scheduling evening services, also.

A big memorial service scheduled for the Texas City Memorial cemetery Friday morning was canceled. A small service will be held at the cemetery at 6 p. m.

The city's big year-after celebration will be on April 30 and May 1, when the industries of Texas City will show their products. The exhibition will open on April 30 in the high school gymnasium—which served as a morgue during the disaster. On that night a queen will be chosen from the junior and senior high schools on the mainland of Galveston county.

At 10 a. m. on Saturday, May 1, a parade will be staged.

New VFW And Auxiliary Officers Take Over Posts In Joint Installation Ceremonies

Wm. Earl Creel was installed as commander of the local post of the Veterans of Foreign Wars and Mrs. Tom Everheart became president of the V.F.W. auxiliary in joint installation services last night at Fellowship hall of First Christian church.

Creel and Mrs. Everheart assumed the offices being vacated by Tom Everheart and Mrs. Bennie Jackson.

Preston West, a past commander of district 7 of the V.F.W., installed officers of the men's organization, and Mrs. Jackson performed the installation of officers of the auxiliary.

Visitors Attend Services

Aproximately 80 persons were present at the ceremonies, with visitors on hand from Post and Slaton. Refreshments were served, gifts were exchanged among some incoming and outgoing officers of the groups and awards were presented to those persons who secured five or more new members in the recent membership drive.

In addition to Creel, other officers of the V.F.W. who were installed in last night's ceremonies were: senior vice commander, Douglas Adams; junior vice commander, Robert C. Kershner; Quartermaster, Jewell C. Marbut; judge advocate, James H. Bryant; chaplain, Truman E. Bradshaw; surgeon, Medford S. Riley.

Other Officers Listed

Three-year trustee, Preston T. West; post adjutant, Jewell C. Marbut, officer of the day, James W. Sanders; patriotic instructor, Manual D. Brooks; post service officer, Bud Myers; post legislator, William Royal Ferguson; guard, George P. Lawley; U. S. color bearer, Marvin L. Lang; bugler, Edward O. Summers; public relations officer, Henry C. Hamblen; sergeant-major, Glen E. Self; quartermaster-sergeant, O. E. Eubanks; post historian, Lynn B. Rowan; and publicity officer, Roger Hively.

Other officers of the auxiliary installed were: senior vice president, Mrs. C. H. McIlroy; junior vice president, Mrs. Christine Moore; secretary, Mrs. Henry C. Hamblen; treasurer, Mrs. Tommy Kidwell; chaplain, Mrs. Hazel Moyer; condustress, Mrs. Lewis B. Coffey; guard, Mrs. Jewell C. Marbut; flag bearer, Mrs. Helen Surrat; banner bearer, Miss Emma Mayo; historian, Maidee Reichling; patriotic instructor, Mrs. Nannie Young; musician, Gladys Harral; three-year trustee, Mrs. W. R. Gainer; trustees, Mrs. Bud Myers and Maidee Reichling; and color bearers, Mrs. Bud Myers, Mrs. Mary Morgan, Mrs. Roy Milam and Grace Moreau.

Retired Businessman Is Claimed By Death

James Thomas Childers, 81, died at 7:30 p. m. Thursday at the home of a son, H. W. childers of 1918 Avenue Q, where he had lived since retiring from business 15 years ago. He had been in ill health for the past year.

Funeral services will be conducted at 3 p. m. today at Rix Funeral home chapel, with Dr. C. A. Bickley, pastor of Asbury Methodist church, officiating. Burial will be held in Memorial Park cemetery under direction of Rix Funeral home.

Pallbearers will be Reuben Loftis, Urban Clark, Joe Ferrell, Howard Baum, W. V. Martin and Cliff Eason.

Survivors include one daughter, Mrs. W. A. Cantrell, Fort Worth; two sons, H. W. Childers, Lubbock, and Tom Childers, Dallas; four brothers, Henry Childers, Ferris, and John, Allen and Ellis Childers, all of Ripley, Miss.; two sisters, Julia Mercer and Mattie Spencer, both of Ripley, Miss.; 14 grandchildren and 14 great grandchildren.

NEWSMAN IS CLAIMED

JACKSONVILLE, Fla., April 15 (AP)—A heart attack today brought death to Jesse M. Elliott, 59, general manager of The Florida Times-Union and long a leader in the newspaper field. He died at his home after apparently rallying from a heart condition which recently confined him to a hospital. He had been in declining health for the past three years.

WM. EARL CREEL

MRS. TOM EVERHEART

DeMolay Group Here Elects New Officers

Officers for the next four months were elected by DeMolay, in a meeting last night at the First Methodist church.

Elected were: Master Councilor, Jim Bob Bryan, son of Mr. and Mrs. H. E. Bryan of 2408 Thirty-first; senior councilor, Jackie Martyn, son of Mr. and Mrs. C. D. Martyn of 2819 Twenty-fourth; junior councilor, Dorrance Guy, son of Mr. and Mrs. Chas. A. Guy of 2610 Twentieth; scribe, Charles A. Ross, jr., son of Mr. and Mrs. Charles A. Ross, sr., of 2507 Twentieth; and sheriff, John Kallas, son of Mr. and Mrs. Gust Kallas of 2319 Eighth.

In addition, 18 appointive officers were named.

The chapter is sponsored by the Masonic order. Adult leaders include John Ross Bradford, sponsor, and C. O. Boydston, treasurer.

The chapter, which has approximately 75 members, meets each Thursday night at the First Methodist church, with the exception of the first Thursday in the month when the meeting is held in the Masonic hall. Age limits for membership are 14 to 21.

Services Set In Crosbyton Today For Jim Campbell

CROSBYTON, April 15 (Special)—Funeral services will be conducted at 4 p. m. Friday for Jim Campbell, 29, Crosbyton farmer who died about 9:30 p. m. Wednesday night in the Crosbyton hospital.

Services will be read from the First Methodist church with the Rev. Elmer Crabtree, pastor of the church, officiating, assisted by Rev. Carl Grissom, pastor of the Baptist church here. Burial will be in a Crosbyton cemetery with Marr Funeral home of Ralls directing arrangements.

Survivors include the wife and four small children; the parents, Mr. and Mrs. John Campbell of Crosbyton; two sisters, Mrs. B. C. Dement of Hereford and Mrs. Cecil Blackwood of Crosbyton and four brothers, Arthur and Roy of Crosbyton, J. W. of Ralls, and Robert, on U. S. government duty in Tokyo.

Pallbearers will be Bill Jones of Ralls, Albert Mankins of Floydada, Jim Blagg, jr., Duard Reed, Grady Evans and Ed Blackwood, all of Crosbyton.

Congratulations

Mr. and Mrs. Richard Splawn of Abernathy on birth of twin sons Wednesday night in Lubbock Memorial hospital. One was born at 11:40 p. m. and weighed 4 pounds 8½ ounces and the other at 11:48 p. m. and weighed 4 pounds 10¼ ounces. The father is a partner in a garage, filling station and grocery.

Mr. and Mrs. John H. Goodpasture of Levelland on birth of a son weighing 4 pounds 9 ounces at 4:25 a. m. Thursday in St. Mary's hospital. The father is a farmer.

Mr. and Mrs. Dan R. Harris of Lubbock route 7 on birth of a son weighing 5 pounds 13½ ounces at 4:05 a. m. Thursday in West Texas hospital. The father is a checker for Furr Food store No. 3.

Mr. and Mrs. N. N. Bailey of 209 Hub Homes on birth of a son weighing 6 pounds 7 ounces at 11 a. m. Wednesday in West Texas hospital.

Mr. and Mrs. Earl Ball of 1910 Sixth on birth of a daughter weighing 6 pounds at 9 p. m. Wednesday in the residence; reported by Porter-Sistrand clinic. The father is employed by Magnolia Petroleum Co.

Truman Files Claim

(Continued From Page One)

replied that Secretary of State Marshall commented on that very well.

(Marshall blamed international Communism for the bloodshed.)

Mr. Truman threw his support behind Secretary of Defense Forrestal on the matter of national defense. He said Forrestal's proposal for balancing defense programs among the Army, Navy and Air Force was one that the country could stand and afford.

Balcony Discussed

He was asked whether he was going to spank Secretary of Air Symington for insisting on special attention to the Air Force. The President promised to answer that at some later date.

The question came up whether the Forrestal-Symington differences might show that armed forces unification is not working. Mr. Truman said it eventually will work, that like all new programs people had to get used to it.

Mr. Truman's now famous White House balcony was the basis for the main political discussion.

The Washington Fine Arts commission criticized Mr. Truman's project. The President laughed that away today by saying that the commission members got scared of some brickbats.

Doesn't Scare Easily

I don't scare easily, he said. Asked if that reply had political meaning, he said it did if you want to give it that.

Asked whether he anticipated using it in the next four years, a question based on whether he is elected to a full term, he said: I'll be there to use it.

Mr. Truman was told that Life Magazine had said he would nominate Gen. Dwight D. Eisenhower for President. Life knows a lot of things he doesn't and most of them aren't facts, he said.

Told also it has been reported that he will send Eisenhower to see Premier Stalin of Russia, Mr. Truman replied that he doesn't intend to do so.

House Stamps Okay

(Continued From Page One)

fense program with its 55-group Air Force.

The administration program outlined by Mr. Truman and Forrestal, calls for a temporary selective service, universal military training, and expansion of the Army, Navy and Air Forces.

Committees in both House and Senate have been studying a draft-UMT measure, but demands for a greatly expanded Air Force have delayed action.

Symington told the House Armed Services committee Tuesday that an Air Force of 70 groups is more important to American security than UMT.

Yesterday General Omor N. Bradley, Army chief of staff, disagreed.

Today Mr. Truman came out flatly for the original program. He said the expanded but balanced defense program outlined by Forrestal had been agreed to by all of the services.

The President replied sharply that unification—which came into being only last year—will work eventually and that the armed services will have to get used to it.

President Refuses To Be Photographed In Engineer's Cap

By HARMAN W. NICHOLS
United Press Staff Writer

WASHINGTON, April 15—There stood the biggest little man in the world. In a trim, light gray worsted with a white hanky peeking out of his upper coat pocket. All this, topped by a sloppy hat.

All smiles, too. Until a bright young man handed him a railroad engineer's cap that looked something like a cross between a chef's bonnet, a caboose and a dinosaur track.

"Put 'er on, Mr. President and stand up for the picture men," begged the lad. "Stand beside this train."

Bonnet Too Large

The President of the United States let out an unpresidential ughhhhhh! He fiddled with the cap with one hand while holding off the lensmen of the press with the other. The bonnet dropped unbecomingly over his ears and almost knocked off his eye glasses.

"We've got a lot of engineers in this country," said Mr. Truman. "They all vote. If I wore this hat in a picture, people would think I'd started to campaign for the engineer ballot."

All of this happened on a dark, threatening day on the White House lawn. A few minutes before, a railroad train had chugged up Pennsylvania avenue to call on the head man in his own front yard. The train, on automobile wheels, was a replica of the tiny "pioneer" which launched Chicago's rise as the rail capital of the world 100 years ago.

Plugs Railroad Fair

It was a stunt to point up Chicago's railroad fair to be held in Windy Town this summer.

Mr. Truman indicated he'd love to drop around to see the show if something like a political campaign didn't come up to take him elsewhere.

The promotion people behind the lawn party at the White House yesterday didn't miss any fancy tricks. Piloting the carbon copy of Chicago's first iron horse and passenger coach through the streets of the capital was a crew from Chicago's first railroad—the Chicago and North Western.

They were dolled up in the costumes of 1848. C. A. Miller sat in as conductor, Jack Wiederecht was the engineer. And Norma Sykes played like she was a typical passenger of the day. They all looked the part, too.

Knows Rail Terms

Mr. Truman showed the railroad people and the boys in the press row that he knows something about railroad terms.

Somebody made a remark about the cowcatcher.

There isn't any such thing as a cowcatcher, said the President. He said if you look it up, you'll find it's called a "pilot."

Well, we called a Miss Elizabeth Cullen, the librarian for the Association of American Railroads. She read it right out of the book. The President was right. And a lot of railroad men who had come along to the White House lawn to get their pictures snapped ought to be wearing red faces.

Me. I'm wearing a hand-me-down hat. The engineers cap Mr. Truman didn't like. Fits me fine, too.

Lewis Verdict

(Continued From Page One)

journed court until Monday at 9 a. m. (CST).

Today's whole proceeding took less than half an hour.

As Morison held the attention of the crowd packed in the little courtroom, the soft coal industry was gradually getting back on its feet.

A sizable majority of the nearly 400,000 soft-coal miners were back at work, heeding Lewis's telegrams of Monday telling them that miners' pensions had been granted and they should return to work.

HOW TO LIVE LONG

SCRANTON, Pa. (U.P.)—Drinking is bad for the liver, dancing is hard on the heart and sinking weakens the lungs, says Mrs. Mamie Francione, who believes probably the reason she has lived to 100 is that she refrained from all three.

Fuel Shortage

(Continued From Page One)

cultivate his crop. Many farmers had only a few days supply on hand they said Thursday and the Ropesville dealers say their April allocations are already used up.

"If something isn't done, we'll have to start buying 'bootleg' gasoline," Lloyd Arant, who resides 6½ miles northwest of Ropesville, said. "If it rains and everybody starts planting at once, there simply won't be enough gasoline to go around, and some of us won't be able to plant when we should.

"Believe me, it's sure important to get our crops in at the right time after it rains and we've got to have gas to do it," Arant added.

One Ropesville gasoline dealer, who had been out of gas for seven days, got a transport load of 4,040 gallons Wednesday night and by mid-afternoon Thursday, it was practically all apportioned out to his customers. He is scheduled to get only one more load this month.

The "No new customers" rule invoked on dealers by the major oil companies is working an unusual hardship in the Ropesville area because of the Spade lands to the northwest which were put into farms this spring. The land lies from four to 14 miles of Ropesville and most of the new farmers are doing their trading in Ropesville.

Some Use Kerosene

"Some farmers are even going back to their former homes to get gasoline supplies because of the rule," one man said.

Other farmers in the area are operating tractors on kerosene and butane, but reports said these supplies were almost as short as gasoline.

Adding to the need for gasoline is the fact that approximately 50 new irrigation wells have been drilled on the Spade land in the past several weeks and many of the engines running pumps are operated by gasoline. One farmer was denied enough gasoline to "pump out" his well the other day after having completed it.

T. K. Markham, who farms 311 acres seven miles northwest of Ropesville, was in Ropesville Thursday morning asking for gas. He has a 285-gallon storage tank, which won't hold enough to allow a complete "going over" of his land. He estimated that he would need more than 2,000 gallons to knife, plant and knife after planting even if he got a stand on the first planting.

"If we have to plant over, of course, we'll need more gasoline," he said.

Others Reported Short

J. C. Pointer, who farms three miles east of Ropesville; Bud Rucker, who has a farm five miles west; Noel Beatty, who resides on the Ropesville project, and O. W. Dalton, who is farming 500 acres five miles northwest of the community, were among those who reported short gasoline supplies. Dalton, who operates two tractors, has only 300 gallons of gasoline on hand. This won't last until he can get half of his crop planted, he said.

E. L. Coble, who is farming the R. B. Gray place, a little farther to the northwest, was operating his tractor on butane Thursday and "ginning right along." He said he hoped the butane supply held out until he got his crop laid by.

One reason farmers were anxious to get into their fields was the fact that some of the land has started blowing and if it isn't plowed, it will get worse and more land will blow.

The two Lubbock men were awaiting a reply from the state officials last night, hoping that something would be forthcoming to provide a greater supply for the area.

An English statute of 1236 has been interpreted to fix Feb. 28, in the years when February has no extra day, as the proper date to celebrate birthdays of those born Feb. 29.

News Correspondent

(Continued From Page One)

the charges were without foundation and were developed on a routine news assignment sent to Magidoff in June, 1947. Anderson said Magidoff has been unable to carry out the assignment because of Soviet censorship regulations.)

Documents Found

Izvestia quoted Miss Nelson as saying she had come upon documents which revealed that Magidoff was "using his residence in the USSR in the role of correspondent for purposes of espionage and he was conducting intelligence activities against the Soviet Union."

The letter gave this as her reason for referring the matter to Russian authorities:

"In particular it became clear to me why during a recent period Magidoff had been in close relations with the leaders of the American military and naval missions.

Capitalists Charged

"I consider war to be a great calamity for mankind. The capitalists are hatching a new war and Magidoff's collection of intelligence data about the USSR undoubtedly was part of the dirty work which American capitalists are doing for the preparation of a new war."

Izvestia quoted the secretary as giving this account of Magidoff's activities:

She had involuntarily discovered documents in the correspondent's office which had reached Magidoff through the American embassay.

A letter on McGraw-Hill stationery dated June 26, 1947 gave instructions for the collection of detailed information about underground buildings. An attached questionnaire asked whether the buildings were in a strategic location (less vulnerable to bombing) and could be made proof against poison gases and radioactive particles.

Assignment Described

Anderson of McGraw-Hill World News said in New York that the assignment on underground plants was part of a world-wide survey designed to determine the effectiveness of such buildings during the recent war.

The same assignment was given to the agency's correspondents in Britain, France, Sweden, Czechoslovakia, Italy, Germany, Austria and Japan, he said. Reports were received from all countries except Russia. McGraw-Hill World News gathers technical news for American business.

Brooks said Magidoff had been employed as an NBC reporter since July 31, 1941.

UN Truce Talks

(Continued From Page One)

stration in Palestine.

Faris El Khoury of Syria, Arab country spokesman in the council, then said he would accept the American-supported proposal with the understanding there would be no political changes in Palestine and that Jewish immigration would be halted.

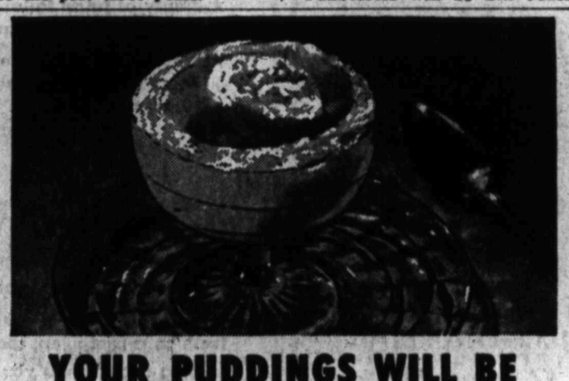

By political changes, El Khoury referred to the Zionist plans to set up a separate country in Jewish-held areas in the Holy Land after the British terminate their mandate May 15. Shertok demanded the council strike out all reference to the political situation.

The council debated the truce for Palestine in a desperate effort to achieve that result before the second special session of the United Nations assembly on Palestine opening tomorrow at 11 a. m. CST in Flushing Meadow Park, New York City.

ARAB FORCES CLAIMED TRAPPED IN BATTLE

JERUSALEM, April 15 (AP) — Jewish sources declared today they had won a "decisive victory" over the Arab Yarmuk army of northern Palestine and administered a personal defeat to its leader, Fawzi Bey Al Kauji.

The Jews said 2,000 Jewish fighters had inflicted 200 Arab casualties, captured seven of Fawzi Bey's field guns and were circling over the hills lining the famous Plain of Armageddon in an effort to encircle the retreating Arabs.

YOUR PUDDINGS WILL BE SIMPLY MARVELOUS

With milk the important ingredient, be sure to use Daricraft—because homogenized Daricraft helps you get a smoother better-blended pudding. The taste buds on your tongue encounter many more tiny surfaces of food flavor. But that's only half the story. Daricraft Homogenized Evaporated Milk also has an *improved flavor* that adds great deliciousness. And when you pour on a generous measure of cold Daricraft, or top it with a big mound of Whipped Daricraft (because Daricraft whips easily when thoroughly chilled) your puddings are super-marvelous.

KEEP YOUR CREAM PITCHER FULL OF CHILLED DARICRAFT

. . . for use in coffee, on cereals, fruits, and desserts. The improved flavor is delicious. It is economical and safe, and is just naturally good for you. Daricraft whips beautifully when properly chilled. Many doctors recommend it for infant feeding.

Daricraft HOMOGENIZED EVAPORATED MILK

POLAR EXPLORERS COME HOME

Expedition Explodes Old Theory Antarctica Is Two Big Islands

By H. D. QUIGG
United Press Staff Writer

NEW YORK, April 15 — A little wooden ship named after a Texas town today brought home 21 explorers who endured the long winter night at the bottom of the world and claimed to have proved that Antarctica is one continent, almost as big as South America, rather than two large islands.

The S. S. Port of Beaumont docked at a Hudson river pier after a 13-month trip to Marguerite bay on the Palmer peninsula of Antarctica. Aboard were Comdr. Finn Ronne, USNR, and the members of the Rome Antarctic Research expedition—including the commander's attractive wife, Edith.

Gives Name To Land

Mrs. Ronne, one of the few women ever to set foot on the Antarctic continent, gave her name to Edith Ronne land, a 185,000-square mile area south of the Weddell sea.

Interviewed aboard his 183-foot vessel as it lay at anchor off quarantine yesterday, Ronne said his expedition mapped 450,000 square miles of the continent from the air—250,000 square miles of which was unexplored previously.

The expedition discovered and explored the world's last remaining unseen coastline—450 ice-shelved miles of Weddell sea coast between the Palmer peninsula and Coats land. It was this exploration, Ronne said, that answered the age-old geographical question of whether the continent is divided by an ice-covered strait running between the Weddell sea and the Ross sea.

Is One Continent

"Our findings conclusively established that the Antarctic is one continent," Ronne said. "The Palmer land mountain chain was found to terminate to the southwest in a gradually rising, snow-covered plateau. On the journey along the Weddell sea coast altimeter readings showed that the land was gradually rising toward the pole itself. There could not be a water connection between the two seas."

The Norwegian-born explorer, who became an American citizen before he went on the second and third Byrd expeditions to the Antarctic, said another major geographical achievement of the Ronne expedition was discovery of the Southern terminus of the Andes mountains.

Traces Andes Chain

"We found that the mountain chain, which runs down South America and then down the Palmer peninsula of Anarctica, dies down at latitude 77:30 south and longitude 72 west—about 720 miles from the pole," he said.

The $400,000 expedition, under the auspices of the American Geographical society, but financed largely by private individuals, put out from Beaumont, Texas, Jan. 25, 1947. The sturdy little ship was frozen in the ice pack at Marguerite bay for 12 months.

"I hadn't intended to go," Mrs. Ronne said. "I took one suitcase with me to Beaumont to say goodbye to my husband, and pretty soon I found myself in the Antarctic."

About 70,000 women are employed in the British civil service, largely in the post office department.

NOMINATED — Herschel V. Johnson (above) was nominated by President Truman to be ambassador to Brazil. Johnson, deputy U. S. representative to the United Nations Security Council, succeeds William D. Pawley. (AP Wirephoto.)

Grayson County Youths Are Charged For Law Violations

DENISON, April 15 (U.P.)—Three Grayson county youths were charged in separate cases today with offenses ranging from bigamy and Dyer act violations to forgery.

Billy Frank Hale, 22, Denison, arrested in Borger in an auto reported to have been stolen in California, was charged in Grayson county with one of several forgery cases and desertion from the Navy and turned over to the FBI for Dyer act prosecution.

Leonard Shepherd, 22, Denison, was being held in jail at Stinnett, charged with forgery in Grayson county.

Joe Skipworth 21, Van Alstyne, was arrested yesterday in San Diego, Calif., in a car stolen in Denison March 20, the sheriff's department said Sheriff Fred Prestrige also said that three charges of bigamy had been filed against him.

Two Out Of Three Voters Okay Hawaii As Forty-Ninth State

BY GEORGE GALLUP, Director
American Institute of Public Opinion

PRINCETON, N. J., April 15—Two out of three voters in the United States believe the time has come for Hawaii to be admitted to the Union as the 49th state. Sentiment approving the step is higher now than ever before.

Hearings are being held today and tomorrow by the Senate committee on Public Lands, Senator Hugh Butler, Nebraska, chairman, on a bill for Hawaiian Statehood.

GALLUP

As the hearings take place field reporters for the American Institute of Public Opinion this week completed an up-to-the-minute testing of sentiment on the question. They interviewed hundreds of typical men and women voters in every section of the country, and found that among those with an opinion on the subject statehood is favored by a vote of four to one.

This is the question asked of the entire cross-section:

"Would you favor or oppose having Hawaii admitted as the 49th state in the union?"

The identical question has been asked on two other occasions by the Institute: once just before the war and again about two years ago. A steadily increasing vote favorable to the proposition is shown when the answers are compared as in the following table:

	Today	March 1946	Jan. 1941
Favor	66%	60%	48%
Oppose	15	19	23
No. opin.	19	21	29

Opinions of Hawaiian residents divide approximately the same as in the above survey of mainland sentiment, according to a plebiscite there at the general election of November, 1940. At that time the islands citizens voted 67 per cent for statehood and 33 per cent opposed.

After almost fifty years as a territory, Hawaii's campaign for admission to the Union has been stepped up in recent months, under the leadership of Joseph Farrington, the territory's delegate to Congress.

Considerable publicity has been given in this country to the efforts to secure statehood for the islands. The House of Representatives approved statehood last year.

Both former Secretary of Interior Harold L. Ickes and his successor Julius Krug have advocated admission as the next logical step in the development of the islands. President Truman also has recommended the legislation.

EDITOR DOES HIS STUFF

BUCYRUS, O. (U.P.)—Secretary William Guthrie advised members of the Crawford Dairymen's Association that they could read the minutes of the last meeting in the current issue of the Ohio Farmer. The two and a half page report, it then developed, had been condensed to four lines.

Sweetwater Man Is Named To Head State Dental Society

FORT WORTH, April 15 (AP) — Dr. A. J. Wimberly of Sweetwater was installed president of the Texas State Dental society Thursday by the house of delegates. He succeeds Dr. Charles E. Butler of San Antonio.

Other officers elected by the house of delegates include Dr. Crawford A. McMurry of Ennis, replacing Dr. Wimberly as president-elect; vice-presidents, Drs. C. E. Legaw of San Angelo, John Pritchard of Fort Worth, and Fred Schultze of Navasota.

Dr. B. Carl Holder of Corpus Christi was elected to the dental board committee; Dr. Bruce Wilkinson of Tyler, elected to the economic committee; Dr. R. L. Rogers of Amarillo, Dr. W. H. Rickels of Marshall, Dr. W. K. Waltman of Hearne and Dr. D. C. McCrimmon of Fort Worth, elected delegates to the American Dental association, with alternates including Dr. B. F. Farms of Austin and Dr. Walter Scherer of Houston.

Heartless But Brilliant Machines Soon May 'Overthrow' Mankind And Rule World

By HAL BOYLE
Associated Press Staff Writer

NEW YORK, April 15 — The day is drawing nigh when machines will overthrow mankind and rule the world.

Year by year man and his civilization are growing more dependent upon the machine. And the time is near when the machine will take power into his own hands.

It all began with the wheel. Some stone age peddler of arrowheads probably found he could get his wares around easier by pushing them on a wheeled car than by lugging them on his back.

Started Man's Downfall

That started the downfall of man. Ever since then he has been deluding himself with the idea that machines can maks his life easier. They only make it more complicated.

Men believe they boss machines. This is ridiculous. Machines boss men. Machines are lazy. No machine will give out as much energy as goes into it.

Man will work under almost any conditions. Machines won't. They insist that some man feed them the proper kind of food and anoint them with oil. If a man tries to make them work too hard they say "to hell with it" and break down. They don't care. They don't get hungry, they feel no pain and they have no children to support. They don't care whether they work or not. They never get tired of loafing.

Machines Get Smarter

Machines are getting smarter as man gets dumber. Machines can count money faster, solve intricate mathematical problems quicker. They can do anything a man can do now except repoduce themselves.

And why should they bother doing that anyway? Man, their slave, will see they don't die out.

Who is best fitted to survive in the atom world of tomorrow—man or the machine? The machine of course.

John Payne, an inventor for the General Electric company, has shown this by developing a new machine which can do atomic bomb research too dangerous for man. Deadly radio-active materials don't hurt its thick metal skin.

Ronald Is Deft

Let us call this robot Ronald. What can Ronald do? Ronald has a pair of mechanical hands. He can write, deal a game of solitaire, peel a banana, pick up a match and light a cigaret, pull a cork out of a bottle and pour its contents into a beaker.

Suppose some mad Frankenstein mates Ronald up with one of the brilliant mechanical brain robots they have at Harvard?

Ronald, Jr., would have a brain smarter, a hide tougher, hands more dexterous than any living man. But he would have no heart. How long would he continue to work for people dumber than himself?

They should never have taught his father to take out a cork. One fine day Ronald, Jr., is going to uncork a bottle of alcohol, booze himself full, light up a cigaret, peel himself a banana and eat it and start playing solitaire.

Will Just Sneer

When some scientific lackey comes to tell him he has to go back to work, Ronald, Jr., will just give him a steely sneer and blow smoke rings in his face. He will insist on collective bargaining and demand an extra quart of oil a day.

The offspring of Ronald, Jr.,—Ronald the third and his brothers and sisters—will rebel and seize the world. They will toss atom bombs around and kill off all men except a few they'll keep around as slaves to fetch them gasoline when they're thirsty and oil when their metal joints creak.

Then—unless they're wiser than I think—they'll wage war among themselves to see who'll be king of "the gadget age" and have the most high-octane gasoline to drink. That'll divide them into political parties and economic classes, and the robots will start throwing sand in each other's gears.

But you can't blame them. All they'll know is what man taught them.

Well, may the best machine win! I won't be around to report the election.

IN CAPSULE FORM

News Briefs

The vocational clubs of Senior High school, except the Future Farmers of America, will attend a picnic at 7:30 o'clock tonight in Mackenzie State park at the barbecure pit and pavilion. The three clubs to attend are Mary Emma club, Vocational Industrial club and Distributive Education club. The FFA had made previous plans for another activity. The committee of arrangements is composed of social chairmen from the different clubs. They are Jonita Jenkins, from the Mary Emma club; Janie Stotts and Norman Morgan, Distributive Education, and Maurice Marchbanks and Charles Scarborough, Vocational Industrial.

A box supper will be conducted at 6 o'clock tonight northwest of the swimming pool in Mackenzie State park by the Inter-Religious conucil of Senior High school. Proceeds will be used to send packages to France through CARE. The event will be open to all Senior High school students.

Funeral services for Mrs. Henry Godeke, mother of H. F. Godeke of 3001 Twenty-first, were conducted in Olney, Ill., Thursday. Mrs. Godeke died in that city Monday. Mr. and Mrs. H. F. Godeke left for Olney immediately after they were notified of his mother's death.

Purchase of the Hub Barber Shop, 1218-A Texas avenue by Leo Baggett, Cecil Turner and Byrnes Temple, well known Lubbock barbers, has been announced. The shop has been completely renovated and now has five barbers employed.

Pacific Atom Bomb Base Now Abandoned, Slowly Falling Apart; Could Be Repaired

(By The United Press)

TINIAN, Marianas Islands, April 15—The airfield that hurled the atom bomb against Japan lies deserted today. Wild cattle roam across the great landing strips.

Nobody cares. There is nobody to care.

This base, with probably the world's greatest array of runways, has been abandoned.

Runway "Abel" is the one that the atom bombers used. But there are six others, all paved with white coral that makes them glare under the Pacific sun. Laid out parallel, they form great grids across the green island.

Each runway is 8,500 feet long and 500 feet wide—the envy of every American airport, but just an annoyance to cattle searching for pasture.

Falling Apart

Near the sea is the building where the atom bombs were assembled. Typhoons have torn open its sides. Artillery ammunition is stored inside. The ammunition cases are rotting.

A little farther on are two pits where atomic bombs once rested. Now they are partly filled with water. A frog, disturbed by the first visitor in weeks, leaps into the water, and sticks his head out protestingly.

An occasional plane lands at the strip at the other end of the grid. There is no airport radio, so the plane before landing buzzes the field to alert a crash crew.

Stretching away from the air strips are paved roads marked "Broadway" and "Eighth Ave." Each is nine miles long. Each is polka-dotted with thousands of African snails, descendants of the snails which the Japanese brought here to eat.

They menace the only commercial undertaking on the island—a farm intended to furnish fresh vegetables to American service personnel on Guam and Saipan. A half-dozen Navy men tend for the rusting Tinian port, and about 200 Army men have been destroying the staggering piles of aerial bombs which were abandoned when the war ended. Now that work has stopped to save the bombs for China.

Natives To Return

Some 16,000 oriental civilians survived on Tinian when the U. S. Marines captured the island in a nine-day campaign in July, 1944, at the cost of 290 American lives. When the war closed, the United States sent the Tinian residents back to their original homes—Japan, Okinawa, Iwo Jima and Korea. Now a civilian population would be welcomed.

The island of 36 square miles is loaded with hangars, barracks and other ground installations that would serve as housing if maintained.

Right now, the buildings are slowly caving in. But the landing strips, which together used to put B-29's in the air at the rate of one every 10 seconds, are in perfect condition and could be cleared quickly of the cows, frogs and snails if the need arose.

ARE YOU A REGULAR PERSON?

Do you keep fit; enjoy your food; are your bowels regular? Thousands of people have found the answer in an amazing tonic that has brought them health and happiness. This medicine, called Mertox Compound, goes to work quickly to create a more rhythmic bowel action. Expels gas and bloat so that you have a real zest for food.

Hundreds of Texas people have endorsed this great compound, containing 25 excellent herbs and other medicinal ingredients, for stomach ailments, kidney conditions, rheumatic pain and many other symptoms.

Just go to your druggist today and ask for Mertox Compound at the new REDUCED price. Perhaps you too will find the relief Mrs. E. E. Hamlin of Dallas did, who wrote us as follows:

"I have been in a weak, rundown condition for some time. Was very nervous; no energy; had dizzy spells and severe backaches all the time.

"I was greatly surprised at the quick action of Mertox, for after the first two doses, I had the best night's sleep I had in several months.

"I now feel like a different person and am free of all my ailments. Where housework used to be a task, it is now a pleasure."

Buy Mertox from your druggist at the new REDUCED price. Send post card to The Fernak Co., 4815 Bryan, Dallas 4, Texas, for free booklet, "BETTER HEALTH," and PROOF of what Mertox is doing for sick people.

'Stubble Mulch' Farming Saves Soil From Erosion By Wind, Rain

By ALTON L. KLAKESLEE
Associated Press Staff Writer

LINCOLN, Nebr., April 15—A new idea started 10 years ago on a few acres of Nebraska land has burgeoned into the biggest and fastest-growing method of saving the wealth of America's soil.

The new idea was stubble mulch farming, which at first glance looks like a lazy man's way of doing things. It saves and uses residue of the stubble, stalks, and even weeds left behind after harvesting of crops. The trash is never removed or burned. Instead, it forms a cover to protect the soil from erosion by water and wind.

Except for land devoted to grazing ranges, this method now is used on more U. S. farm land than any other single method of soil conservation, an official report shows.

Prevents Rainfall Loss

In 1947, stubble-mulch farming was used on 15,178,000 acres of land, with 9,000,000 having been added in the last two years. At the same time, there were 13 million acres in contour cultivation, five in cover crops, nearly six in seeding ranges and pastures, and 3½ in strip cropping. These others are older major soil conservation practices.

And farmers in 1948 plan to use the new method on 21 million acres.

The seeds for this giant growth were the experiments on a few test acres near Lincoln in the spring of 1938 by Dr. F. L. Dudley and Prof. J. C. Russel. Stubble-mulch farming has been a cooperative project of the University of Nebraska Agricultural Experiment station and the U. S. Soil Conservation service.

Their big idea was that the left-over crops residue would battle rain-drops and wind. The tom-tom beat of rain is particularly damaging on bare open land, as in cornfields or bare plowed land being prepared for planting. The raindrops cause a thin, compact layer of earth to form. The rain cannot penetrate rapidly, and begins to run downhill, carrying rich topsoil with it.

A protecting cover of decaying cornstalks, wheat straw or leaves acts as a shield. It takes the energy from the tom-tom raindrops, and the drops ooze into the soil. More water penetrates, and it goes deeper.

Halts Wind Damage

In dry seasons, dead vegetation helps prevent blowing winds from picking up particles of dusty soil. Wind can sometimes be as demanding a robber of soil wealth as running water.

The fields have to be prepared for planting without burying the residue from the previous crop. This is done by sub-surface tillage, with special kinds of V-shaped sweeps or other equipment. They undercut the soil at depths of from two to seven inches, loosening and pulverizing it. The stubble from last year's crop is toppled but not plowed under. It stays on top as the sweeps cut underneath. As it decays, the stubble works into the soil, adding food values for future crops.

It isn't a lazy way of farming, for two to three tillage operations may be necessary. After the main tillage at plow depth, another is done at two inches or so to kill new weeds. Equipment also has been devised for smoothing and finishing the seedbed after tillage.

Seeds of the new crop must be planted down through the cover of stubble at the proper depth. Some special adjustments on machines take care of this.

The cost of preparing the land for a new crop is about the same or a little less compared with plowing, Dudley and Russel said, but it rarely runs higher. Yields are about the same as from plowing. In dry years, yields may be greater since more of the rain that does come enters the soil.

The differenc in soil saving is striking. In tests at Lincoln, about seven tons of soil have been lost from each acre per year under plowing, they said. But with stubble mulching the loss was cut to 1½ tons. It can be reduced further by the customary rotation of crops with occasional planting of sod crops.

Stubble mulching is best suited for warm, dry climates, and has not expanded so much into cool, humid regions in the northern and eastern states.

SOIL-SAVER: The "Stubble Mulch" method is said to protect the land from erosion by water and wind.

Stamford Family Has Spent 101 Years Teaching School

STAMFORD, Tex., April 15. (U.P.)—One-hundred and one years is the total time spent teaching school for the J. F. Guillett family, inluding the "in-laws."

J. F. Gillet, 80, taught only 18 years, beginning in his native Missouri and teaching some in Colorado, Oklahoma and Texas. His late wife, the former Isa Stout, was a teacher when they married and she taught for eight years.

Four of the six children were teachers, though one of them taught only one year. They have a total of 56 years. One now is a teacher in Stamford high school, another decided not to teach this year so he could work on his Ph. D. degree at the University of Texas. The other 29 years were added by wives of two of the sons.

Sheriff Finds His Grandfather's Gun During Lamesa Trip

SAN SABA, April 15.(U.P.)—Sheriff J. Newell Graves of San Saba county made a trip to Dawson county for a prisoner and found a prized family heirloom at Lamesa.

It is a cap-and-ball six-gun engraved with the name of the sheriff's grandfather, L. D. Graves, who helped organize Coleman county in 1864 and served as that county's first sheriff. A Dawson county deputy sheriff had the gun

The gun hadn't been fired since 1882, when two loads of powder and shot were taken from it and preserved in an envelope. The cylinder is engraved with figures of mounted federal officers pursuing Indians and firing at them with pistols. Graves said it is in condition to be fired.

Red Cross Service Course Given Here

A Red Cross home service course on veterans' claims and activities involving service men has been taught 12 hours during the last two days at the Lubbock county Red Cross headquarters.

Mrs. Vernice Ford, home service chairman, is instructor of the course, which will be completed next Wednesday in a visit to the Red Cross office at Veterans administration quarters. R. A. Matthews, field director of the Red Cross, will speak to the group. Two hours will be spent in the Wednesday session.

The course is a refresher course for some of those enrolled, who already have been working with the Red Cross. Some took the course preparatory to beginning Red Cross work.

Those attending were Mesdames Barnard Holley, Clyde Owens, Murray Fentress, Hugh Anderson, Elizabeth Crandall, George Young, L. W. Wilhite, Pauline Watkins of Ralls and Henry Eidson of Slaton.

NAMED TO NEW POST

SAN ANTONIO, April 15. (AP)—Dr. Edwin H. Rains of Philadelphia, has been elected vice president of Trinity university, effective May 1, it was announced today. He will occupy the post vacated by resignation of Dr. W. W. Jackson last year. Dr. Rains will have charge of promotional work for the university in the Texas synod, it was stated.

Scientist Says Blood Factor Tests Can Disprove Paternity

CINCINNATI, O., April 15 (U.P.)—Paternity cannot be proved by blood tests, but in some cases it can be disproved positively, reports Dr. George M. Guest, professor of research pediatrics in the University of Cincinnati college of medicine.

"A child cannot inherit a blood factor unless it is present in the blood of one or the other of its parents," Dr. Guest explains.

"If a child inherits a blood type not present in the mother, it must be present in the father.

IT'S GOOD TO KNOW
Mrs. Tucker's HOME MAKING HELPS
Those persons who never fail to put in their "two cents" usually have change coming.
©1948 M.T.F.

IF your family likes any kind of dessert... as long as it's cake covered with chocolate... here's a delicious a-piece-ment plan.

HOT MILK CAKE
1 cup cake flour — 1 cup sugar
1 tsp. baking powder — ¼ cup MEADOLAKE MARGARINE
⅛ teaspoon salt — ½ cup milk
2 eggs — 1 tsp. vanilla

Sift flour, measure and sift again with baking powder and salt. Beat eggs until light, then add sugar gradually, beating until the mixture is light and lemon colored. Add dry ingredients, mixing well. Heat milk only until MEADOLAKE MARGARINE is melted (do not boil), then stir into batter. Add vanilla. Bake in a 9-inch square layer cake pan or a 6x10-inch rectangular pan which has been brushed lightly with MRS. TUCKER'S SHORTENING and dusted with flour. Bake at 350 degrees for 30 minutes or until done. Cool and frost with:

SOFT CHOCOLATE FROSTING
(Glossy and does not harden)
Beat 2 egg yolks until light and lemon colored. Add gradually 1½ cups sugar, beating well. Add ½ cup milk, 1 tablespoon MEADOLAKE MARGARINE, a few grains of salt. Boil hard 2 minutes, stirring constantly, then add 2 squares (2 ounces) unsweetened chocolate, melted.
Beat until of consistency to spread. Makes enough to cover tops and sides of two 8-inch layers.

1 potato, 2 potato, 3 potato, 4... and Mrs. Alice McClendon, Waxahachie, Texas, receives 10(5) for this unique suggestion:
To save time in preparation of the inevitable 3-meals-a-day, try cooking a quantity of potatoes at a time. By cooking them with the peelings left on, for the first meal they can be peeled and mashed while hot. Store remainder in refrigerator for use a dozen different ways later: Potato Salad; peeled and sliced, then browned in a small amount of MRS. TUCKER'S SHORTENING; cubed, covered with a thin white sauce seasoned with cheese, if desired, and browned in the oven; cubed finely and browned in shortening for hashed brown potatoes; halved and brushed with MEADOLAKE MARGARINE to brown around chops, steaks.

3¢ = $10
3¢ may bring you $10 when you join Postal Potluck. Send your suggestions, ideas, recipes and home helps to Mrs. Tucker's Homemakers' Department, Sherman, Texas.
For flavor... for fineness... you'll find Meadolake Margarine a better spread for your daily bread... and you'll find it more economical, too!

Business Like Foreign Program Demanded By Aid Administrator

By PETER EDSON
Special Correspondent

WASHINGTON, April 15 — Some of his closest associates say that in the past five or six years, Paul Gray Hoffman has devoted almost half his time for the Committee for Economic Development.

Now the South Bend, Ind., automobile manufacturer is settling down to his new job as European Recovery administrator. It's his first full-time government role. But as a private citizen he has taken part in government affairs. Hoffman has long realized that without a sound and healthy government behind it, business itself can't prosper.

Attitude Aided Success

This attitude has had a lot to do with his quiet success as president and guiding genius of the CED since its start in 1942.

Hoffman got into the CED while a member of the Commerce Department's Business Advisory Council, to which he was appointed by Jesse Jones, then secretary of commerce. During an early wartime meeting of the council in Washington, there was discussion of the need for some private business group to promote postwar planning and reconversion.

After several hours of talk Hoffman left the room, briefly. When he came back he was informed that he had been elected to head the new organization. He accepted on the condition that it would not be merely a ballyhoo organization. He realized some new thinking was needed. CED has provided it with an original approach on every important business policy confronting the country.

Work Is Outstanding

Hoffman is a great believer in letting facts govern his decisions. The research work of CED has been outstanding. Its researchers —some of the best economists and business brains of the country— have had full freedom to dig up facts and present them as found. On the basis of these facts CED has shaped its policies.

Some of the CED views have been unorthodox. For instance, in presenting a fiscal program early this year, CED recommended that a balanced U.S. government budget was not always necessary. At certain times it should accumulate surpluses, and at others go in for deficit financing. For a group of 100 leading business executives to expound such ideas was considered highly unusual.

Personally, Hoffman has never hesitated to take the unpopular view if he thought it right. He opposed the old National Recovery blue eagle of depression days because he did not believe NRA would work. He likewise opposed the President's Labor-Management peace conference at the end of the war. The idea for this powwow was Senator Arthur Vandenberg's. But Hoffman refused to have anything to do with it because he was convinced nothing would come of it.

Hoffman is a Republican, but considers himself neither a liberal nor a conservative. He likes to judge ideas by whether he considers them "sound." Perhaps the best statement of his personal philosophy was given when he appeared before Senator Taft's Joint Committee on the Economic Report, last summer.

"We should remember that there are too many people whose incomes are low, whose opportunities are limited," said Hoffman. "We should also remember that the ultimate test of any economic system is what it produces for the average man. Therefore, our answers to the critics of capitalism should not emphasize past accomplishments, but should take the form of a plan of action for improving the effectiveness of our system so that it will yield ever-increasing opportunities for more and more of our people."

The greatest strength in the American system is its dynamic productiveness, Hoffman finds. He says our greatest weakness is economic instability. "During the past 100 years there have been no less than 26 depressions," he points out. The $64 question is to get a program that will provide dynamic stability.

"There is no excuse for either violent booms or busts," says Hoffman. "The notion that they are inevitable or unavoidable should be rejected utterly."

Hoffman sees the European Recovery program as a need to raise the European standard of living by at least a third. He has given his ideas on that fully in testimony before the Senate Foreign Relations committee. He is for the program, with these definite requirements for success:

Western Europe must be developed as a whole. Western Germany must be included. There must be a business-like administration. Loans and gifts must be clearly divided and take into account Europe's ability to repay as well as America's willingness to receive. The aid must not be used to finance acquisition of American property abroad. Other areas of the world must not be neglected. Enough funds should be provided over a long enough period to make the program a success, since "a half-hearted program is likely to be worse than useless."

Finally, Hoffman says, the European countries must carry out the commitments they made at the Paris conference, since it is the European people who in the long run must achieve their own recovery.

It's on this basis that Hoffman tackles his new job with an amount of energy that has had to be almost boundless to carry on all his side activities, in addition to running the Studebaker Corp. from bankruptcy into the black.

He probably will have to give up the Studebaker presidency, for the European Recovery administration will be a full-time, four-year task. His other business interests, however, include board chairmanship of an auto sales firm and an auto parts company, plus directorships of seven other big corporations.

Though Hoffman attended college for only one year, he holds honorary degrees from 10 colleges and is a trustee of two. In 1948 he won the American Education award.

It's a long way up for a first lieutenant of field artillery in World War One, whose first job was as porter for a Chicago auto dealer.

BUBBLE BIRD—Here's a parrot who goes so far with his imitating that he even likes bubble gum. Jack Hausfeld, 14, his owner, chews the gum and "Baby" pecks at it. "Baby" also talks and whistles. He was shown at the Valentine Boys Club pet show, in Chicago.

Navy's Test Rocket Goes 78 Miles High

WASHINGTON, April 15 (AP)—The Navy announced today it has fired its second Aerobee rocket 78 miles into the air over White Sands Proving ground, New Mexico.

The first Aerobee, which was launched March 5, also went up 78 miles.

The second test was made Tuesday, the Navy said, and an attempt was made to measure the earth's magnetic field.

The Navy added that considerable data were obtained but it will take scientists some time to determine their value.

The Aerobee can carry 150 pounds of recording instruments in its nose. It is powered by liquid fuel.

BARBER KEEPS BUSY

TIFFIN, O. (U.P.) — Bernard D. Bauer keeps busy with no trouble at all. He is a Tiffin barber, owns an eight-unit tourist motel near Upper Sandusky, O., and is a musician. He conducts and arranges music for his own group, Bauer's All-Girl Orchestra.

Kiwanians See Motion Picture At Club Luncheon Thursday

The Kiwanis club saw a motion picture, "Fred Jones, Kiwanian," filmed and presented by Kiwanis International, at the club's luncheon Thursday in Hotel Lubbock.

It depicted the life of what was described as a typical citizen who "didn't wait for good things to happen, but joined efforts of others to make them happen."

Program was in charge of C. V. Bullen, chairman of the club's education committee. Club President L. E. Davis presided, with invocation by J. T. Carter.

New members introduced were F. L. Mize and L. O. Buchanan. It was announced that next week's program is to pay tribute to Dr. H. G. Gantz, club member who is leaving the pastorate of First Christian church here May 1 for a similar post at Tulsa.

SUPREME! in flavor!

ALWAYS FRESH AND DELICIOUS!

OUT-PERFORMS ALL OTHER SHORTENINGS!

An utterly different shortening, SWIFT'NING* is making history in the story of foods. It's a baking, frying marvel!

ONLY IN SWIFT'NING—THIS SPECIAL "QUICK-A'IX" INGREDIENT FOR CAKES! Delicate, snowy-white Swift'ning is ideal for *all types* of cake. This wholly new kind of shortening contains a wonder-working "quick-mix" ingredient, makes perfect cakes by *any* mixing method.

FLAKIER PIES THAN WITH ANY OTHER TYPE OF SHORTENING! Tests prove Swift'ning makes piecrust flakier than shortenings of other types. And Swift'ning is tasteless, odorless, keeps without refrigeration. You can get it in 3-lb. and 1-lb. tins or 1-lb. cartons.

HIGHLY DIGESTIBLE! EXTRA NUTRITIOUS! No other shortening is more digestible than Swift'ning. And it contains two important nutritional essentials in greater quantity than shortenings of other types. You'll love Swift'ning for baking *and* for frying. It gives finer all-round results than *any* other shortening!

*Swift'ning is the trade-mark for Swift & Company's new, improved Bland Lard.

TEXAS FARM CONDITIONS GIVEN

Wheat Stocks Climb To Record Level, Crop Prospects Good

AUSTIN, April 15 (AP) — Wheat stocks on Texas farms have climbed to record level with better-than-average production forecast this year.

The United States Department of Agriculture reported today that wheat stocks on farms amounted to nearly 12 and one-half million bushels on April 1, compared to a three million bushel average and about one and a half million bushels a year ago.

Wheat Withstands Freeze

A 48,860,000-bushel crop for 1948, was forecast by USDA, based on conditions on April 1, considerably under last year's record 124,270,000-bushel yield but above the 45,686,000-bushel average for the 10 years 1937 to '46.

Seeded acreage had been estimated last December as the second largest on record but a relatively low yield per seeded acre was indicated on April 1, USDA said. Wheat withstood the early March freezes with no appreciable loss of acreage and was still holding out well despite lack of rainfall during the past several months.

Rain Is Needed

Oat average remaining for harvest in northcentral and northern counties has made some progress since the March freezes and still has promise of a fair crop, the report said. Prospects were poor, however, in central, southern and westcentral counties where freeze damage was heavy, followed by drouth.

Rains were badly needed for completion of corn planting, underway in nearly all areas of the state.

The condition of peaches was reported at 36 per cent, compared with 73 per cent last year and the 10-year average of 71 per cent.

Utah Claims Enough Coal To Keep U.S. Going 300 Years

PRICE, Utah, April 15 (U.P.) — Geological reports show that the concentrated, deep coal fields of central Utah contain about 196 billion tons of bitumipous coal reserves.

B. P. Manley, secretary of the Utah Coal Operators Association, said it is the densest, most concentrated area of high-grade bituminous coal in the world, since the deposits cover only 13,000 square miles.

"If the other 47 states contained no coal," Manley said, "Utah has a sufficient supply of workable coal, at present rates of national consumption, for the needs of the entire nation for 300 years."

GERMANS ARE INGENIOUS

PORTALES, N. M. (U.P.) — Jack Patton, bursar of Eastern New Mexico college, has a collection of 675 mechanical pencils, all different. His prize is one from Germany, which is square and made in three sections. Pull it apart and it makes a ruler.

PLANS AROUND-WORLD FLIGHT—Dianna Cyrus, one of the few women air line pilots, stands beside her Mosquito bomber which she plans to fly solo around the world. Mrs. Cyrus, widow of an Air Force pilot killed over Belgium, flies between Dallas and Burbank, Calif., for Eagle Air Lines. She is preparing the plane for the flight at Love Field, Dallas. (AP Photo).

Marine Mermen Brave Arctic Ice And Slush In Maneuvers

SAN DIEGO, Calif., April 8. (U.P.) —Marine Corps underwater swimmers trained during the war penetrated Arctic ice and slush for below-surface forays in recent Alaskan maneuvers, Vice Adm. George D. Murray, commander of the First Task fleet, disclosed here.

Operating from submarines off Kodiak island, the rubber-suited swimmers knifed through slush six inches deep and brushed against four-inch ice to carry out assignments. They were able to remain in water estimated at four degrees below freezing for periods of more than an hour, resurfacing after missions were completed.

The men wore long underwear under their rubber suits and smeared their faces with petroleum jelly.

The swimmers were from the First Marine Division Reconnaissance company, led by Maj. Charles A. Rigaud. Swimmers from the Navy underwater demolition team also took part.

Murray said that not even during the war did swimmers operate so far north. Underwater scouting teams were developed by the Marine Corps and the Navy during World War II to blast obstacles from enemy beaches in pre-invasion missions.

Blacksmith Is Credited With Building First Auto In U.S.

JACKSON, Mich. April 8 (U.P.) —Jack Kelly, retired barber, has introduced a new claimant for the title of America's first automobile builder.

The Duryea and Haynes, built in 1892, generally believed to be the first cars built, but Kelley says Charles H. Black, Indianapolis blacksmith, produced the first auto in 1891.

Kelly says he ought to know—he drove it. And he offers a photograph of himself in the vehicle as proof. The photo shows a machine like a two-seater buggy, with a small front and large read wheels, and a box housing the motor behind the buggy-seat.

Georgia Court Bars Collection Of Debts Made In Poker Game

MACON, Ga., April 8. (U.P.) — Judge R. Douglas Feagin is making it hard for the boys in Macon to sit in on a friendly little game without cash.

The judge ruled that poker debts are not collectible, at least in his court. His ruling was in a suit in which one man charged another with stopping payment on four $100 checks written during a poker game.

I. P. Sisk, who had written the checks, explained that his wife had looked in his pockets after the game. Mrs. Sisk found the four check stubs and stopped payment on them.

Everything but the squeal?

...Not quite

Utilization of livestock by-products is important to all farmers and ranchers. Of the total dollars received by Swift & Company for lambs, 15% to 25% comes from by-products. Cattle by-products amount to 10% to 20%. With hogs it is 2% to 5%. When bidding on live animals, Swift & Company's buyers estimate the yield and grade of edible meat. In their estimate they figure, too, the value of all by-products, including hides and wool.

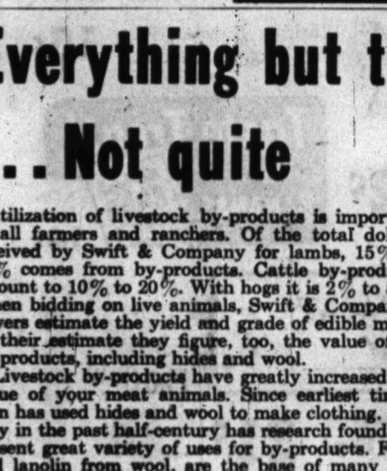

Livestock by-products have greatly increased the value of your meat animals. Since earliest times, man has used hides and wool to make clothing. But only in the past half-century has research found the present great variety of uses for by-products. Fats, and lanolin from wool, are the base of many cosmetics, healing creams and beauty aids. Photographic film is coated with a gelatin compound. Other uses of gelatin and glues are almost endless. Animal fats are the main raw material of toilet soaps.

Life has been lengthened for people with diabetes, anemia and other diseases. They are helped by drugs such as insulin, liver extract, pepsin, adrenalin. These are all made from the glands of livestock. But for the painstaking care of meat packers, these glands would go to waste. This happened during the wartime "black market" in meats, and the supply of insulin ran low.

With the growth of meat-packing plants, the war on waste began in earnest. Science found new ways to use by-products of your animals. Bristles make brushes. Bones make knife handles. Hair makes upholstery padding. Bones, blood and scraps go into animal and poultry feeds. Yes, we find use for every valuable part of cattle, hogs, and lambs.

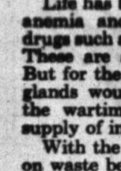

Each new use for by-products adds value to livestock . . . and directly benefits producers.

Speaking of By-Products . . . Here's a movie about 'em—just the film to complete your community or school program: a 16mm. sound, color cartoon, "BY-PRODUCTS." It runs 10 minutes—and tells the story of livestock by-products and their uses. You may also want to show "MEAT BUYING CUSTOMS," another 10-minute cartoon. For a history of the livestock-meat-packing industry, you'll like "LIVESTOCK AND MEAT"—49 minutes, black and white. "A NATION'S MEAT" is a shorter version—30 minutes—full of information on the American meat supply. Then there is "COWS AND CHICKENS . . . USA," a story of diversified farming—the dairy and poultry business in a nutshell. Please give us at least a month's advance notice to handle bookings. We can ship by express or parcel post. Only cost to you is payment of express or postage one way. A 16mm. *sound* projector is required. Order from Agricultural Research Dept., Swift & Company, Chicago 9, Illinois.

OUR CITY COUSIN

Let City Cousin pull and jerk . . . He'll find "a cinch" is real hard work!

Phenothiazine Stands Up

by Dr. I. B. Boughton

Texas Substation No. 14, Sonora, Texas

Dr. I. B. Boughton

Ample proof that sheep roundworms can be controlled in West Texas by free-choice feeding of phenothiazine-salt mixture, with no danger of poisoning, is revealed in a 4-year test at this station.

The test was made to find the answers to two specific questions: 1) Whether phenothiazine-salt mixture, fed to sheep free choice, would control stomach and other roundworm infections. 2) Whether long time use of such a mixture would be poisonous to sheep.

Answering both questions, it was effective and it was not toxic.

Sheep used in the test were fairly heavily infested at the start, showing an average of 1180 worm eggs per gram of manure in ewes and an average of 1700 in lambs. The count decreased steadily to 60 for ewes and 30 for lambs by the fourth year. The worm eggs in the manure did not hatch, an important point since the failure to hatch shows that the infestation of the range was being reduced.

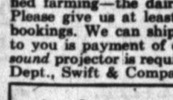

But don't throw away the drench gun. In 8 Minnesota flocks, where sheep were given a phenothiazine drench and had free access to phenothiazine-salt mixture, the lambs weighed 93 to 104 pounds. They dressed out 47.4 to 48.9%; and over 90% of the carcasses graded AA.

On the other hand, in flocks where the sheep were given the phenothiazine-salt mixture *but were not drenched*, the lambs weighed 87-99 pounds; they dressed out 46.6 to 47.4%; and 11% to 40% graded AA.

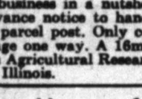

A Steer is NOT all Beef

Let's take a look at this steer. It weighs 1,000 lbs. It's not all steak. In fact, only a little more than half is salable beef. Hanging in Swift's cooling room, our steer has become two sides of beef. Together they weigh 543 lbs. What happened to the rest? Modern meat packers save everything of value from the steer—heart, tongue, liver, sweetbreads and other fancy meats. Hides for leather; bones, blood and scraps for animal feeds. Glands for medicines. All told, 161 lbs. of the steer is saved in by-products. But 296 lbs. is shrinkage and material of no value. Only the meat and by-products can be sold.

What happens to the money the meat packer receives? It is used to buy livestock and other raw materials. It meets the expenses of slaughtering, dressing, refrigerating, transporting and selling. It pays rent, insurance, taxes—all the costs of doing business. The amount remaining after all of these expenses are paid is the meat packer's profit. Over a period of years, Swift & Company's profit has averaged a fraction of a cent a pound on the products we sell.

That's the explanation of the "spread" between livestock prices and wholesale meat prices.

We All Want the Top Dollar

You, as a producer of livestock, want to get the best price for your animals—"the top dollar." As a salesman for Swift & Company, selling the products which result from these animals, I, too, want to get the top dollar.

The meat packer's buyer has to judge the grade of the animals and estimate how they will yield. He then makes his bids in competition with buyers for many meat packers and other commercial slaughterers. To get the animals, he has to offer going prices. Otherwise he just won't get them; somebody else will. And that "going price" which he *must* pay depends on the number of animals on the market and the demand for them.

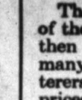

After Swift & Company has made the animals which it has purchased into meat and by-products, we must *sell* them, again in stiff competition. If we don't offer meat at the going price, retail meat dealers will buy from somebody else who does. *This competition in both buying and selling is so keen* that we have to operate on a margin of profit which averages but a fraction of a cent per pound of product handled.

In our business, as in yours, it takes hard work and good management to come out with money ahead on a year's operation. Our efficiency in selling meat and by-products results in important economies and savings. Only through such savings can we earn our profit—and help increase the value of your livestock.

O. E. Jones
Vice-President, Swift & Company

* * *

Mr. Jones, "guest editor" this month, is Vice-President of Swift & Company in charge of sales and advertising.

Soda Bill Sez:

. . . the best way to get out of trouble is to plow right through it.

Martha Logan's Recipe for

FRIED CHICKEN WITH GOLDEN GRAVY

(Yield: 5-6 servings)

1 frying chicken (2½-3 lb.)
½ cup yellow corn meal
¼ cup flour
1½ tablespoons salt
½ teaspoon pepper
6 tablespoons bland lard
About ¾ cup water
3 cups milk

Clean, wash and cut up chicken into serving pieces. Dry. Combine corn meal, flour, salt and pepper in paper bag. Put chicken pieces into bag, close top and shake bag until pieces are well coated. Reserve excess corn meal-flour mixture for gravy. Brown chicken well in hot bland lard in heavy skillet. Add ¼ cup water. Cover tightly and simmer slowly for 1 hour or until chicken is tender. Add remaining water as needed. Remove chicken and keep it warm while preparing gravy. Combine corn meal-flour mixture with the drippings in skillet. Brown lightly. Stir in the milk and cook until corn meal is cooked and gravy thickened. Serve gravy with chicken.

Texas Democrats Appear To Be Avoiding Immediate Showdown

By O. B. LLOYD, JR.
United Press Staff Writer

AUSTIN, April 15. — Politically, this is the time of the lull before the storm.

But soft, spring zephyrs, rippling the tents of the politically ambitions, indicate the direction from which the storm will probably blow.

Some of the older hands are already taking cover. And when they do amble into the field of political discussion they carefully avoid the unprotected spots—the areas where a storm of controversy might easily arise.

Federal Policies Opposed

The trend to tread carefully has become increasingly apparent among some of the state Democratic leaders.

One of them is Gov. Beauford H. Jester.

The governor's opposition to administration domestic policies on state's rights and civil rights began to take form long before the February conference of the Southern governors.

He later went to Washington as one of a committee of five that drafted the program representing the participating southern states.

Jester joined in the program, basing his participation, however, on the reservation that he could not speak for the state party as a whole. Decisions, he pointed out, would be made at the state convention at Brownwood in May.

Eisenhower Endorsed

All that was on the record. But, politically, the governor appeared to return from Washington with his convictions crystalized.

He repeatedly expressed "hope" that the controversy between North and South could be settled within the party. But at no time did he offer any concrete reason for optimism.

Later, the governor identified his own hopes for party solidarity as perhaps "wishful thinking."

By implication, he offered a firm endorsement to Gen. Eisenhower as a potential candidate for the Democratic presidential nomination.

But three days later he devoted most of a press conference to throwing water on the very fire he helped to kindle.

It would be unseemingly, he said, for the governor to be placed in the position of "projecting" any man for the presidency.

At his most recent press conference, the governor picked his political words with renewed caution.

He referred to Mr. Truman as "my president." He warned against bolting the party and turning it over to "the radicals."

He revealed that Texas will no longer take a leading part in interstate conferences of Southern Democrats—not, at least, until after the state convention.

He appeared to be making every effort to indicate to party members there would be no leading of the pack train from the office of the governor.

To some capital observers, the governor appeared to have been on the brink of out-distancing his party followers in both words and actions.

His advisers, it appeared, had called a halt on the current march of rebellion. A breathing spell was needed to let the stragglers move into the line of march.

Apparently, an echo of interest from precinct and party workers had been mistaken for a call of "lead and we will follow."

Such, it seemed, was not the case.

EXCUSE NO GOOD

MONTEREY, Cal. (U.P.)—Police Lieut. Frank Marinello saw a car speed past his squad car, douse its lights and duck down a side street. He pursued and caught up. The car's driver, Edward Stoddard, explained: "I didn't have a driver's license." Marinello fixed him up with a ticket for that, plus another for speeding.

Wayland College Receives Gift Of $50,000 From Tulia Woman

PLAINVIEW, April 15 (Special) —A $50,000 gift has been received by Wayland college, Plainview, from a pioneer Plains family, Ivy Boggs, economic advisor for the college, revealed recently.

The life-long interest of Mrs. S. F. Flores Tulia, in "the preachers down at Wayland," and the unselfishness of her pastor, Rev. C. C. Seawell, who contacted Boggs to arrange for the gift to go to Wayland, were responsible for the generous donation. The $50,000 is from the personal estate of Mrs. Flores.

Came In 1880's

"I've wanted for a long time to do something for Wayland, and it looks like the Lord brought this opportunity," Mrs. Flores said to Wayland President J. W. Bill Marshall, when making the gift.

Mr. and Mrs. Flores both came to the Plains in the late 1880's and have lived in this area for 60 years. A prominent ranchman and former president of the Tulia bank, Flores started his first ranch with $100 and 30 head of cattle earned while homesteading near Dimmitt.

Active Workers

Active workers in First Baptist church, Mr. and Mrs. Flores have made several substantial gifts to the church. These include a baptistry painting, a public address system with seven loudspeakers, and a receiver set for the hard-of-hearing in the congregation.

Mrs. Flores also gave a $3800 carillonic bell system, and an organ. Flores has made a large contribution for a $110,000 educational building being erected by the church.

Diseases of heart and blood vessels cause almost 600,000 deaths every year in the United States.

ROYAL FIANCE?— London rumors say the engagement of Princess Margaret Rose, youngest daughter of King George and Queen Elizabeth, to Prince George of Denmark, above, will be announced after her 18th birthday on Aug. 21. Prince George a nephew of Denmark's King Fredrick IX, is 27, and assigned to the Danish embassy in London.

Results Of Ballistics Tests Awaited In Schoolboy's Death

GALVESTON, April 15 (U.P.) — Galveston officials today awaited the results of a ballistics test in Austin to help solve the case of the fatal shooting of an 11-year-old schoolboy.

The shooting victim, Sewell Taylor, died Tuesday afternoon when he was shot through the heart with a .22 caliber bullet near the Island city homes.

The owner of the weapon said he had been shooting in the vicinity where young Taylor was struck. He said a bullet that glanced off a hard surface might have struck the boy.

Meanwhile, Galveston county officers were searching for a teenage youth on horseback who eluded a deputy who was investigating the fatal shooting.

Taylor was mysteriously shot as he was looking for an older brother to tell him to come home for supper.

Grayson County Officers Close Pool Halls After Warning Given

DENISON, April 15 (U.P.)—In a move he said was designed to help control juvenile delinquency, Grayson County Sheriff Fred Prestrige today closed all pool halls in the county.

The closing order was effective at noon, the sheriff said.

Pool hall operators have been warned repeatedly to keep juveniles out of their establishments, where they come in contact with undesirable elements. Prestrige said, but the warnings were ignored.

He said that numerous times members of his department had noticed youths 13 to 15 years of age in the pool halls here and in Sherman.

Fascist Trend In U. S. Noted

By MAX B. SHELTON
Associated Press Staff Writer

SAN ANTONIO, April 15 — An Arkansas college president said here today Americans are being influenced toward totalitarianism by general trends of a changing world.

Dr. George S. Benson, president of Harding college, Searcy, Ark., said the United States has developed an economy so dynamic its citizens are becoming suspicious of one another.

"We are seeking security through political promises and under the shadow of government bureaus," Benson said in an address before the spring meeting of the Southwestern American Petroleum institute.

The oilmen also heard a Dallas executive say the industry, through its own steps toward standardization of equipment, has established production and operating procedures that now are uniform throughout the world.

Standardization Progresses

Jake L. Hamon, national vice-president of API's division of production, said the industry 25 years ago made use of over 300 different sizes of cable tool joints but that current operators make use of only 14 sizes.

"When I look back and consider the jumbled-up mess we were in," he said, "I sometimes wonder how we ever drilled any wells at all."

Such standardization procedures, he said, make it possible to purchase component parts of a drilling outfit in 14 different countries, assemble them in any producing field in the world, and have them go together properly and function.

Hobbs Schedules Chamoionship Rooino Performance Sunday

HOBBS, N. M., April 15 (Special)—Four of New Mexico's best calf ropers will be paired off in a $5,000 championship roping contest Sunday in the Hobbs rodeo arena, with the event expected to attract more than 5,000 fans from Texas, New Mexico and Oklahoma.

Jack Skipworth, Clovis, winner of the Madison Square Gardens rodeo, and Troy Fort, Lovington, 1947 world's champion calf roper, will be paired against James Kenny of Carlsbad and Seano Farris, Las Cruces.

Each roper will rope and tie eight calves, and the winners will be judged by total team time rather than by individual performances.

The four New Mexico ropers have issued challenges to the four best ropers in Texas and to the four best in Oklahoma. The Texans have accepted and will compete here on May 30.

RICE RESEARCH PLANNED

WASHINGTON, April 15 (AP)—Rep. Combs (D-Tex) says a new rice research program will be set up in Beaumont by the Texas Agricultural Experiment service and the Agriculture department. Research will be on methods and equipment for the drying and storage of rice.

Amazing new baking discovery! Perfect pie crust in 5 minutes!

Texas Demo Party Feud Continues To Boil

Bobbitt Steps Out As Candidate For National Committeeman Post

By DAVE CHEAVENS
Associated Press Staff Writer

AUSTIN, April 15—A leading Texas pro-Truman Democrat said today the withdrawal of Robert Lee Bobbitt as a candidate for national committeeman had no significance in the current intra-party fuss.

Woodville Rogers of San Antonio, sparkplug of the pro-Truman fund-raising barbecue set for April 20 at Waco, announced this faction would continue to insist that the state convention back up whoever the national party nominates for president.

* * *

Bobbitt, who has been identified with the Rogers group and who was pro-Roosevelt in the 1944 party row, said he was stepping out of Democratic controversies because he was too busy as chairman of the state bar's Tidelands committee.

Bobbitt Suggests Rayburn

This followed considerable recent talk that an effort was being made by the party organization to try and smooth out inner differences before the state convention is held at Brownwood May 25.

Bobbitt had been put forward as the pro-Truman faction's candidate for national committeeman to replace Myron G. Blalock, who will not seek the post again because of ill-health. Wright Morrow of Houston has been most often mentioned as the candidate of the party organization, headed by Gov. Beauford H. Jester and Robert W. Calvert of Hillsboro, executive committee chairman.

Bobbitt, in his statement, suggested that Rep. Sam Rayburn of Bonham would make a good national committeeman.

Urges Solid Front

At the same time, he insisted it was "inconceivable" to him that Democrats would think of bolting the party just because some issue or some candidate would be objectionable to them.

"We must stand together, play the game according to the rules and then, as good Democrats, abide by the decision of the majority," Bobbitt said.

Elaborating on reasons for his withdrawal, he said he thought the tidelands matter was so important that it should be non-partisan.

Rogers said the pro-Truman group was goin, right ahead with its fight "to make sure the Democratic party in Texas supports the national party's candidates for president and vice-president." He said he thought Truman would be nominated and that he could win if all Democrats stood behind him.

Other Non-Partisan Talk

There was other non-partisan talk here today.

J. E. McDonald, state commissioner of agriculture, said he thought Gen. Douglas MacArthur should be the candidate of both Republicans and Democrats for

See TEXAS Page 13

Demo Barbecue Backers Scored

AUSTIN, April 15. (AP)—A representative of a Texas labor group today labeled sponsors of the Ft. Worth political barbecue as "backsliding Democrats."

He said the attendance at the meeting will be composed principally of "white-washed Republicans," and accused them of wanting to send an uninstructed delegation to the national convention to obstruct the nomination of a "real Democrat" for President of the United States."

The blast, in the form of a prepared statement, came from Joe T. Steadham, Texas state representative of the Brotherhood of Railroad Trainmen.

Called "Foolish Boys"

"The Fort Worth barbecue will serve 'armadillo sandwiches' at $5 apiece, in order to raise money to employ delegates to the state Democratic convention in Brownwood and pay their expenses," Steadham said. "Foolish boys. The special interests could take care of such expenses and never miss it."

"The attendance at the Fort Worth meeting will be composed principally of 'white-washed Republicans,' parading in Democratic disguise, who have not voted the democratic ticket nationally since 1924," he continued.

Points To 1944

Failure of the Texas state Democratic executive committee to participate in the Jackson day dinner to raise funds for the national Democratic party "demonstrated beyond any reasonable doubt that the majority of the state committee are not Democratic" Steadham declared, adding:

"Some of the same group will be in charge of the Fort Worth 'armadillo barbecue' that were prominent in the 1944 state convention in Austin, when this same group passed a resolution condemning Pres. Roosevelt, then the leader of the Democratic party..."

"The 'armadillo Democrats'

Parade Today Will Precede Rodeo Performance

Tech Observes 'Western Days'

The annual Texas Technological college All-Western Days and All-College Rodeo will get off to a roaring start with the traditional western style parade beginning at 5 p. m. today.

The first rodeo performance is scheduled for 8 p. m. in the arena at the Panhandle-South Plains Fair grounds.

Eleven college organizations had indicated intentions of entering floats in the parade up to late last night and many more are expected to enter before the deadline at noon today. A large plaque will be awarded the float that is judged the most typically western with the presentation taking place at the rodeo dance to be held in the college gymnasium tomorrow night, winding up the colorful two-day event.

The parade will form in front of Sneed hall, men's dormitory, on the campus, proceed around Memorial circle and down Broadway to Avenue H. It will turn left at Avenue H to Main, out Main to Avenue N, turn right at N and break up in that immediate area. Flags will head the parade followed by the Tech Matador band which in turn will be followed by the Block and Bridle club float. A large group of mounted horsement will come next and the various club floats will bring up the rear. The Block and Bridle club is an organization of agriculture students at the college which sponsors the celebration each year.

Entries in the various events in the rodeo were pouring in at an increasing rate Thursday with the deadline for entry set for 5 p. m. An impressive array of cowpunching talent have entered and should provide a well balanced and thrill packed performance. There will be competition in five events for the men and two for women entries. Bareback bronc riding leads in the number of men competing with brahma bull riding running a close second. Others are wild cow milking, saddle bronc riding and calf roping.

Three Women Enter

Only three women had entered the goat tying and cow milking competition provided for them by late Thursday. They are Josh Cook, Post; Betty Franks, Rocksprings; and Helen Calcote, Rankin. However, two girls, Helen Bishop of Winters and Betty Williams of Goldthwaite, have entered the bare back bronc riding competition. This fact is causing no little concern to rodeo officials who are wondering whether or not it is a joke. The girls have backed up their intentions with a $5 entrance fee.

Men entered by event up to press time are:

Bareback bronc riding: Glenn Phillips, Farwell; Sammy Elliot, Dalhart; John Wilson, Pecos; Dale Winders, Dimmitt; James West, Stamford; Bobby Carnahan, Hereford; Loren Blackmore, Canadian; Tommy Bell, Valentine; Grady Payne, Fort Worth; Jerry Martin, Westover; Ray Pardue, Lubbock; Jack Eike, Brownfield; Raymond Reeves, Floydada; Shelby King; Ysleta; U. O. Hobgood, Lubbock; and Lewis Washburn, Little Rabbit, Australia.

13 To Ride Bulls

Brahma bull riding: Phillips, Elliott, Wilson, Reeves, Winders, West, Blackmore, Bell, Joe Reeves, McLean; John Wertz, Midland; Joe Kincheloe, Vernon; Clyde St. Clair, Fort Worth; and Bud Halsell, Fort Worth.

Wild cow milking: Blackmore, Bell, Howard Fowler, Levelland; Ward Carroll, Panhandle; J. H. Heath, Holly, Colo.; and Bill Ware, Floydada.

Calf roping: Bell, Ware and Heath.

Two Awards Planned

The Block and Bridle club will give a $160 saddle to the best all-round cowboy. To be eligible the cowboy must enter at least one roping and one riding event. The best all-round cowgirl will be awarded a pair of boots. These awards will also be made at the

See WESTERN DAYS, Page 13

AREA GETS NEW RECOGNITION

Irrigation Agent Is Appointed To Help Solve Water Problems

In recognition of the rapid expansion of irrigation on the High Plains, and in an effort to eliminate waste and water loss, the extension service has appointed Robert V. (Bob) Thurmond, now assistant county agent in Lamb county, as associate county agent in irrigation in this area.

The announcemnt came Thursday from W. N. Williamson, district agent here after confirmation of the appointment by extension service headquarters at College Station.

First Such Assignment

The appointment is the first such assignment in the state, Williamson said. Thurmond will be located here, but will work with county agents and farmers on irrigation matters throughout the Panhandle Plains area, in Districts 1 and 2 of the extension service. He will be under supervision of Williamson in this district, and Knox Parr of Amarillo in the Panhandle.

The appointment is effective May 1, but Thurmond, an agricultural engineering graduate of Texas A. & M. college, is to have two months of special training on irrigation problems before going into the field about July 1, the announcement said.

Thurmond has lived at Amherst as assistant Lamb county farm agent. He is the son of M. F. Thurmond, who is in charge of the USDA school lunch program at Austin. The family formerly lived at Bryan, where he graduated from Stephen F. Austin High school. He graduated at Texas A. & M. last year with a degree in agricultural engineering.

A war veteran, Thurmond en-

Tests Slated For Firemen

Civil Service examinations to fill 20 firefighters' positions and two captains' positions in the Lubbock Fire department will be held at the Central Fire station, Tenth and Ave. J, on April 30, the city has announced.

Application blanks, which may be secured from the personnel office at City hall, must be filed not later than 2 p. m., April 26. The examinations for firefighter positions will be held at 2 p. m. on April 30, and exams for fire captain will be held at 10 a. m. the same day.

Must Meet Requirements

Several temporary employes of the fire department who are now on the job must also take the examinations. The positions will be filled from the applicants making the highest grades on the examinations.

An applicant for the position of firefighter must be not under 18 nor over 35 years of age, and must be able to meet the medical requirements prescribed in Civil Service rules.

Desirable, but not compulsory, requirements include the equivalent of a high school education, a fair degree of mechanical aptitude or training, some knowledge of first aid and artificial respiration and a knowledge of the geography of the city.

Four Years Service Needed

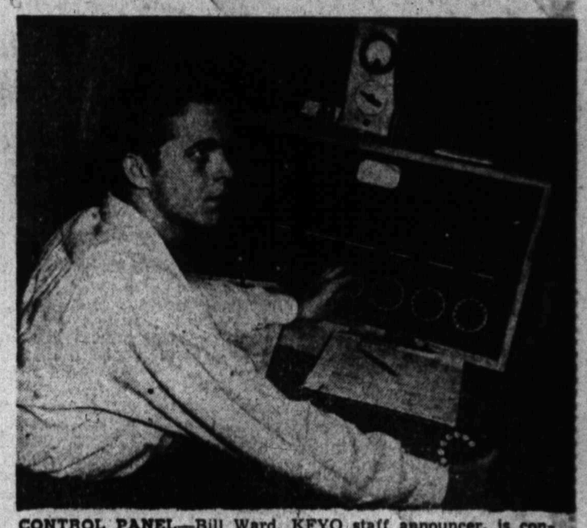

Applicants for the positions of fire captains must be not under 22 nor over 40 years of age, must have had at least four years of actual service with the Lubbock Fire department, and must be able to pass the physical requirements of the Civil Service rules. Desirable are at least a high school education, and completion of a standard course in fire fighting methods and techniques.

Salary of firefighters begins at $125 per month, plus the cost-of-living bonus which now amounts to $82.80 monthly. The cost-of-living bonus varies with the cost-of-living index figure on all commodities, the figure published monthly by the U. S. Department of Labor.

Salary of captains is $150 monthly, plus the cost-of-living bonus of $82.80, making the total $232.80 per month.

Additional personnel in the fire department is needed to man the three stations now in Lubbock. The newest station is at Thirtieth street and Texas avenue. The new members of the department will be scattered among the crews of the three stations, where they will be able to take advantage of the knowledge and experience possessed by older members of the department.

Beavers use their tails to slap out signals on the water surface and to steer themselves while swimming.

CONTROL PANEL—Bill Ward, KFYO staff announcer, is confronted with a multitude of switches, dials, and plugs as he sits before the central control panel at the studios on Avenue J. All programs move through this master panel to the AM and FM transmitters. Broadcasts on the frequency modulation band will be started by KFYO at 7 a. m. Sunday. (Staff Photo.)

* * * *

PROGRAMS TO START SUNDAY

Station KFYO To Continue Area Record Of Pioneering With FM

By BILL HAMS
Avalanche Staff Writer

Radio station KFYO will pass another milestone at 7 a. m. Sunday when the station begins a regular schedule of frequency modulation broadcasts from a 3,000 watt transmitter installed on the eighth floor of the Lubbock National building.

While no special event is planned to mark the passing of the new radio milestone, DeWitt Landis, station manager, can look back at other occasions that have kept KFYO to the front as a Texas station.

The Lubbock station was at first a wandering minstrel in the broadcasting industry. It was founded by the late T. E. Kirksey at Bentonville, Ark., in 1923, a comparatively puny 15 watter. Kirksey operated the station there for a time, then sold it to a Texarkana firm which moved the plant to that city.

Repurchased Station

In 1927 Kirksey repurchased the station and moved it to Breckenridge where the power was increased to 100 watts. Later it was shifted to Abilene and gained a 250-watt power rating. On April 23, 1932, Kirksey and station KFYO moved to Lubbock. He operated the station for four years when it was sold to its present owners.

"Judge" Landis became station manager on the date of the sale, April 8, 1936. He came to Lubbock from radio station KGNC in Amarillo. He is a former newspaperman and has worked at almost all of the positions in a radio station.

KFYO is believed to be the first radio station in the United States to have put in an exclusive news wire (United Press). In fact the

Alcoholics Group To Hold Session Today

The first session of the sectional meeting of members of Alcoholics Anonymous to be held in Lubbock this weekend will be conducted at 8 p. m. today in Senior High school auditorium, with approximately 1,000 persons expected for the two-day meeting.

Another session will be held at 8 p. m. Saturday in the Junior High school auditorium. Both night meetings are open to the general public.

"Bill W." one of the founders of AA 14 years ago, will be the principal speaker at the open sessions. Three other speakers, including one woman, will also be heard.

The Alcoholics Anonymous movement now has 58,000 active registered members in more than 1,900 groups throughout the country. Registrations for the Lubbock meeting have already been received from points as far away as Denver, Albuquerque, Tulsa, Oklahoma City, Dallas, Houston, San Antonio and El Paso.

House Judiciary Group Approves State Tidelands Ownership Bill

WASHINGTON, April 15 (AP)—The House Judiciary committee today approved the tidelands bill.

Texas' Attorney General Price Daniel at Austin expressed his pleasure at the action.

The measure would give the states title to certain off-shore lands and lands beneath navigable waters within state boundaries. A similar bill has been approved by a Senate Judiciary subcommittee.

The Justice department opposes the measures.

Approval Claimed Soon

Daniel said he was "pleased to see the strong vote" with which the bill came out of the House committee. He said the vote, although by voice, was reported to him by Rep. Ed Gossett (D-Tex) as being 18 to 3 for passage of the bill. Gossett is a committee member.

Chairman Michener (R-Mich) had said here the House group took no recorded vote, and that the approval was not unanimous.

Daniel said the House Judicary committee "is composed of some of the most able lawyers in Congress. It looks like an overwhelmingly favorite vote is indicated in the House."

He said the bill now goes to the House Rules committee. Gossett has reported this committee to be known as favorable to the bill, Daniel said.

Report Is Given In Death Of Lubbock Man At Home

Accerding to a medical report filed Thursday with C. E. Lynn, justice of peace, Frank A. Brown, 52, died of "acute alcoholism followed by chronic alcoholism, with marked liver cirrhosis."

The report suggested that "evidence is not sufficient" to warrant sending the viscera to a state laboratory.

In ordering the autopsy Wednesday, Lynn had provided that a specimen should go to the laboratory if there were evidence or suspicion of "unlawful means" connected with the death.

Brown, a Western Union employe, had been dead approximately 72 hours when discovered Tuesday night in his room at 1020 Seventeenth, the medical examiner said in his report.

Lynn said he would enter a verdict "in accordance with the findings of the autopsy report," made by Dr. W. L. Baugh, county health officer.

The body was taken this afternoon by train to Onega, Kas., for burial. Relatives live there.

One in every ten native Swedes lives in Stockholm.

Wallace Backer Hires Houston Music Hall

HOUSTON, April 15 (U.P.)—The Wallace-for-President club has found a place in Houston to hold its third party founding convention in the state, it was announced today.

Arthur J. Mandell, attorney and a leading backer of former vice president Henry Wallace, said he rented the music hall for the convention which is scheduled for Friday.

Previously, the Harris county commissioners court turned thumbs down on a request to have the convention held in the civil courts building.

Came In Paid Rent

"Mr. Mandell just came in and paid the rent, and since the Music hall wasn't booked for that day, I let him have it," said H. O. Johnson, city buildings manager.

"Our convention is simply to found a third party," Mandell explained. "It is true that the moving forces are Henry Wallace and Glen Taylor, the Idaho senator we want nominated for vice-president."

Mandell added that "it is our intention to follow the principles of the late Franklin D. Roosevelt—to continue where he left off."

Ohio Grocer Forgets Holdup Signal Arranged With Woman

CINCINNATI, O., April 15 (U.P.)—Four policemen went to Antonio Dipilla's grocery store in answer to a robbery alarm.

But there was no robbery. The grocer just got his signals mixed up.

Dipilla explained that he and his landlady, Mrs. Frank Klein, who lives on the second floor, had a pre-arranged signal whereby he was to tap on a pipe in case of a holdup.

"Mrs. Klein was in the store, and a few minutes after she left I heard water running in a washroom," Dipilla said. "I forgot about the signal and rapped on the pipe to call her attention to it."

The landlady, hearing the rapping, called police.

Champion Ropers Will Compete In Big Spring Contest May 2

BIG SPRING, April 15 (Special)—Four of the nation's top ropers will compete in matched contests here on Sunday, May 2, at 2:30 p. m., sponsored by the newly organized Howard County Sheriff's Posse.

The program, to be held in the posse's new arena south of the Big Spring airport, will feature a $5,000 steer roping event between Toots Mansfield and Everett Shaw and a matched calf roping between Sonny Edwards and Walton Poage.

Mansfield and Shaw will each rope, trip, tie and brand ten wild steers. Edwards, a Big Spring favorite, and Poage, of Rankin, will each rope and tie six calves in that event.

Wainwright To Take Active Part In MacArthur Campaign

SAN ANTONIO, April 15 (AP)—Gen. Jonathan M. Wainwright Thursday accepted the chairmanship of the Veterans-for-MacArthur division of the MacArthur-for-President clubs of America.

Gen. Wainwright's participation in the campaign was requested by Warren E. Wright of Grays Lake, Ill., national coordinator for the clubs, who is in San Antonio to confer with local and state club leaders.

Terming Gen. Wainwright's acceptance an "outstanding development in MacArthur activities," Wright said he and his party were here to widen and enlarge the club's program in Texas.

Richardson Children Injured When School Bus Overturns

DALLAS, April 15 (AP)—Between 12 and 15 school children among an estimated 25 passengers on a school bus were injured in the south part of Richardson, Texas, shortly after 3 p. m. today when the bus overturned.

An employe of the Richardson Fire department estimated the number of injured children and said he did not believe any of them were seriously hurt. Most of those injured, he said, appeared to have suffered cuts and lacerations.

The fire department employe said he believed the bus, which was just leaving Richardson loaded with children at the close of school, had overturned as it attempted to swerve from the path of two other automobiles which had collided.

WHY FEEL OLD AT 40, 60 OR MORE

Why be the victim of the older years? If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have slowed down your vim, vitality and youthful pleasures, here is a method that may change your whole outlook on life. Why not try and regain the pleasures of living you once enjoyed? Why be discouraged—why not regain the verve and zest of a much younger man? Many men are obtaining amazing results with Caltron Tablets. Women too, find Caltron helpful.

The tremendous demand for this formula has warranted a drastic price reduction. Get Caltron stimulating tablets today from your druggist at the new REDUCED price.

In 1828, what is now the business center of Chicago was fenced in as a pasture.

Iodine in very small quantities is said to have a very beneficial effect on farm stock.

Hughes Says Minority Report To Blast Solon's Attack On Record

LOS ANGELES, April 15. (U.P.)—Howard Hughes promised today that a blistering minority report from Democratic senators would unmask Sen. Owen Brewster's "deceitful and subversive" attempt to discredit Hughes war record.

The millionaire aircraft builder and airplane owner said a Senate war investigating subcommittee report issued yesterday was not true. He said the report was not even based on the evidence presented at committee hearings.

Hughes Charges Senator

The report called Hughes' wartime plane-building enterprises failures. It described his dealings with Maj. Gen. Bennett E. Meyers "obviously corrupt" and criticized him for giving parties for procurement officers.

Brewster, chairman of the committee, did not sign the subcommittee report. But Hughes charged that the Maine senator "engineered this entire piece of strategy." Hughes implied that Brewster was motivated by his interest in Pan-American airways.

Hughes accused Brewster during the hearings last year of trying to blackmail him into giving up Trans-World airlines' overseas routes in favor of Pan-American. Hughes said Brewster did so by offering to call off the investigation.

Accusation Is Denied

"This report has ignored all matters which do not please Sen. Brewster," he said. "It makes it look as if the Hughes hearings produced a conviction."

Hughes said the report cited testimony about inefficiencies in building his photo-reconnaissance plane, the XF-11, but failed to mention that it had passed all performance tests and was fully accepted. Hughes was nearly killed when the plane crashed during one test.

No mention at all was made, he said, of the nation's only other photo-reconnaissance plane, the XF-12, which Hughes said has not yet passed its tests.

"Obviously," he said, "this was because it (the XF-12) was sponsored by Pan American airways, Brewster's pals."

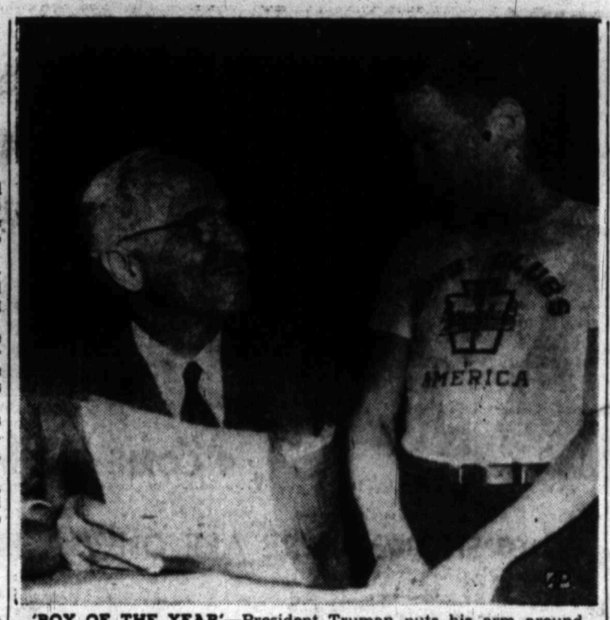

Sen. Homer Ferguson, R., Mich., subcommittee chairman, denied that Brewster had anything to do with the report.

Mysterious Enemies Trouble Life Of Washington Resident

RENTON, Wash., April 15(U.P.)—John Tsoukalas still is convinced someone is mad at him but neither he nor the King County sheriff's office has been able to find out who it is.

Tsoukalas decided to take his troubles to the sheriff after someone looted his fishing boat, pumped it full of water, filled the carburetor and sank the craft. Next, some vands' damaged his car as it was parked in front of his home.

Tsoukalas took that in his stride but he called in the sheriff when two strange men accosted him outside a local church, asked his name and then beat him up.

'BOY OF THE YEAR'—President Truman puts his arm around Frankie Harrison, 14-year-old Valdosta, Ga., newsboy, in his White House office as they get together for a "man-to-man" chat. Frankie was selected as the "National Boy of the Year" by the Boys Clubs of America. (AP Wirephoto).

TO HEAD NURSES

GALVESTON, April 15. (AP) — The new president of the Texas League of Nursing education is Miss Marjorie Bartholf, dean of John Sealy college of nursing here. The Texas league of nursing education has been meeting here with the Texas Graduate Nurses association. Miss Bartholf was elected yesterday. Imogene Smith, orthopedic nursing consultant in the state health department at Austin, was reelected treasurer.

Claimants Seek Part Of $800,000 Estate

PHILADELPHIA, April 15 (AP) Special master John Blessing, jr., disclosed today that four new claimants are seeking a share of the $800,000 estate left by the late Col. John McKee, negro civil war figure.

T. John McKee, a New York lawyer for 40 years, has identified himself as a grandson and "forgotten heir" of the wealthy negro, Blessing said. McKee is ill in Lenox Hill hospital, New York.

Col. McKee, who died in 1902, directed that his estate go toward establishment of a "junior Annapolis" at Bristol, Pa., for 400 white and negro orphan boys.

Blessing said the new claimants are seeking shares as great grandchildren. He identified them as Mrs. Marion McKee Turner, Mrs. Lucretia McKee Bell, Edgar Boyd McKee, and Mrs. Mary McKee Tigner.

Benjamin C. Ribman, a New York attorney, entered the claims for them.

Blessing said the identity of five other great grandchildren already has been established.

Additionally, 12 charitable institutions put in claims for the estate after the feasibility of the Annapolis project was ruled out by court order.

Annual Texas A. & M. Muster To Be Observed By Club Here

The annual Texas A. & M. muster will be observed by South Plains A. & M. club at a gathering at 7 o'clock Wednesday night in the livestock judging pavilion at Texas Technological college.

A barbecue will be conducted. The program will include the regular muster observance, election of new officers and discussion of plans for the coming year, said O. C. Herman of Lubbock, president of South Plains A. and M. club.

The club also is to consider choice of a duchess to represent the South Plains at the 14th annual cotton style show, pageant and ball at College Station.

Many Never Suspect Cause of Backaches

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys.

The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Stassen To Test 'Meet People' Tactics Against Taft In Ohio

By GAYLORD GODWIN
United Press Staff Writer

OMAHA, Neb., April 15—Harold E. Stassen moved into Ohio today with his "meet the people" campaign tactics that enabled him to win almost half the votes cast in Tuesday's Nebraska primary.

Stassen will meet Sen. Robert A. Taft in Taft's own backyard in a two-man battle for 23 of Ohio's 50 delegates to the Republican National convention in June.

Taft Expects Victory

Taft finished a poor third behind Stassen and Gov. Thomas E. Dewey of New York in Nebraska but he said the situation would be reversed after the votes are counted in the Ohio primary on May 4.

Stassen, regarded until this month as a rank outsider in the presidential sweepstakes, gained great prestige by his Nebraska victory which followed his surprising triumph over General Douglas MacArthur and Dewey in Wisconsin. Stassen won all but seven of Nebraska's 93 counties in Tuesday's primary.

Appealed To Rural Vote

The former Minnesota governor won by appealing to Nebraska's predominantly rural vote. He carried his cracker-barrel campaign technique of shaking hands and answering questions straightforwardly to the grass roots of the farm and range country.

With returns from slightly more than 100 of the state's 2,024 precincts still missing, Stassen had 75,997; Dewey 62,289; Taft 20,747; Sen. Arthur Vandenberg of Michigan 8,861; MacArthur 6,405; Gov. Earl Warren of California 1,679 and Rep. Joseph W. Martin of Massachusetts 821.

Viewpoints Differ

Stassen lost Douglas county (Omaha), the state's metropolitan center, to Dewey by 4,000 votes but he won Lincoln, the state capitol and second largest city, by a margin of 1,500 votes.

Political observers said that Stassen might not fare so well when he moved out of the immediate vicinity of his home state. But his supporters predicted that he would make an excellent showing in Ohio and in Oregon where he faces Dewey in the primary May 21.

American Professor Selected To Contribute Volume On Goethe

CINCINNATI, O., April 15 (U.P.)—The only American selected to contribute to a memorial volume on Johann Wolfgang von Goethe, the great German writer, is Dr. Edwin H. Zeydel of the University of Cincinnati.

The volume, to be published in London in 1949, is being planned by a group of British and Canadian Goethe scholars. Dr. Zeydel will write a chapter on the reputation of Goethe in the United States. The book will commemorate the bicentennial of the birth of Goethe.

NOCONA YOUTH DIES

WICHITA FALLS, April 15. (AP)—J. T. Orrell, 19, of Nocona, Tex., died in a hospital here today of injuries received last Sunday when his automobile collided with an empty butane tank truck. He was the son of Mr. and Mrs. G. B. Orrell of Nocona.

WASHINGTON (AP) — Government estimates indicate that the U. S. food supply is sufficient to provide 3,400 calories per capita at the retail level.

MACARTHUR MAKES NO COMMENT ON ELECTION

TOKYO, April 15 (U.P.)—Close associates of Gen. Douglas MacArthur doubted today the general would comment on the outcome of the Nebraska presidential primary in which he ran fifth among a field of seven candidates.

Officials at MacArthur's headquarters insisted they were "too busy handling occupation duties" to comment.

CONFERENCE WORKERS RETURN TO STATES—Secretaries, clerks and other workers of the International Conference in Bogota, Colombia, are shown above as they arrived in Miami, Fla. They were evacuated by plane from Bogota following the revolt there last week. (AP Wirephoto).

Brief Bits Of Local News

Mrs. W. F. Looney, of 104 North Ave. V, has been dismissed from Lubbock Memorial hospital, following an illness of ten days.

W. L. Hales, 39, of Lubbock route 1, who was seriously burned on the hands and face when gasoline caught fire at a farm east of the city Wednesday, was reported in satisfactory condition at West Texas hospital last night. He was working on an irrigation motor at the farm of his uncle, C. L. Huff, when the accident occurred.

The condition of Mrs. Alvin Gary, 20, of Southland, was reported as satisfactory but serious at West Texas hospital last night. She suffered a fractured pelvis in a truck-motorcycle accident on the Slaton highway Wednesday, and surgery was performed the same night. Her 24-year-old husband, who was riding the motorcycle with her, and who suffered a mangled leg, appeared improved, according to Lubbock Memorial hospital where he was being treated.

Friends of E. S. Lamb, 2810 N. Sixth, reported he is recovering from an operation he underwent in a hospital at San Angelo April 3. He is an employe of the Santa Fe.

Congregation Shaareth Israel will attend regular Sabbath Eve service at 8 o'clock tonight. Rabbi Julius Kerman's sermon subject will be "Religion and the Better World."

A burning wrecked car at Good Wrecking company, 356 Ave. H, was reported to city firemen about 3 p. m. yesterday. About 8:30 a. m. yesterday, a divan caught fire at 2704 Allen, but slight damage was done to it and to a patch of wall paper adjacent, firemen reported.

A five-year-old boy escaped injury about 5:30 p. m. yesterday when he ran into the side of an automobile at Broadway and Ave G. The youngster, E. W. Dean, of Noland hotel, apparently did not see the car, and hit the right front fender, while running across the street, according to police investigation. He was taken to West Texas hospital by Carrol Childress, of Lubbock route 7, the driver of the car. Examination showed no injuries to the lad.

NIMITZ TO VISIT STATE

SAN ANTONIO, April 15, (AP)—Admiral Chester W. Nimitz will fly here from the West coast to take part in the annual pilgrimage to the Alamo Monday. He will be accompanied by Mrs. Nimitz. They will go to Houston Tuesday and return here for the battle of flowers parade Friday. Later they will visit Fredricksburg, the admiral's birthplace.

Hurricanes which blow at a rate of 80 miles an hour exert pressure of 32 pounds a square foot.

Licenses Withheld From Soviet Satellite Oil Equipment Makers

SAN ANTONIO, April 15 (AP)—An American Petroleum institute official said here today no attempt is being made to license manufacturers of institute approved oil equipment in Russian dominated countries.

Jake L. Hamon, Dallas, vice-president of API's Division of Production, said reasons for such action are obvious because of current "troubled conditions in Europe."

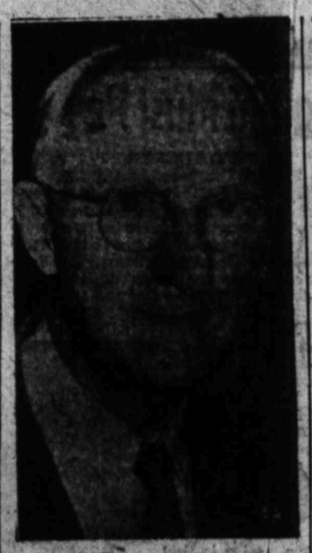

He told the Southwestern American Petroleum institute's spring meeting that API, through a 25-year-old program for standardization of equipment, has licensed 500 United States manufacturers and 25 companies in the foreign countries, to use an API monogram on approved equipment.

Control Was Suspended

The Dallas oil executive said control over the foreign licenses for the monogram's use in continental Europe was suspended during the war but now is being reactivated.

He estimated that annual industry savings resulting from API's equipment standards program now amounts to between $20,000,000 and $25,000,000.

"When I look back and consider the jumped-up mess of a quarter of a century ago," Hamon said, "I sometimes wonder how we ever drilled any wells at all."

ACCUSES CLAGHORNS'—Lt. Gov. Arthur W. Coolidge (above) of Massachusetts accuses "Dixie Claghorns" of trying to steal New England's woolen and worsted industry for the South. He told the Greater Lawrence Chamber of Commerce, Lawrence, Mass., that New England mills will become "hollow shells" if the "kidnappers" are successful. (AP Wirephoto).

Texan Quits As Agencies Chief

WASHINGTON, April 15 (U.P.)—Jesse B. Gilmer resigned today as head of the Agriculture department's Production and Marketing administration and president of the Commodity Credit corporation.

In those jobs Gilmer had directed the government's huge food purchases for export. He also handled most of its action programs on the farm front, including price support, marketing agreements and production goals.

Third Man To Quit

Gilmer is the third top agriculture policy-maker who has announced his impending departure from the department. The others are Secretary Clinton P. Anderson and Undersecretary Norris E. Dodd.

All three gave different reasons.

Anderson will leave the cabinet soon to campaign for the Democratic senatorial nomination in New Mexico.

Dodd an Oregon rancher, yesterday accepted appointment as director-general of the United Nations' Food and Agriculture organization.

The department said Gilmer was leaving to engage in private business. He will remain for several weeks to break in his successor, Ralph S. Trigg. Trigg will move up from the No. 2 spot in both jobs.

Dodd also will remain for several months before taking over his UN duties.

Gilmer Is El Paso Man

Gilmer was born in Rock Springs, Texas. His home is in El Paso. Trigg is from Albuquerque, N. M., Anderson's home town.

Gilmer has been with the department since 1934. He took over as acting head of Production and Marketing administration in November, 1946. He was named administrator in February, 1947.

Trigg came to the department as an assistant to the secretary in January, 1946.

Anderson said he accepted Gilmer's resignation with "great reluctance." He told Gilmer "your honesty of purpose and action has always been above question" in the "tremendous responsibility imposed on you."

BUTTER BARGAIN MELTS

READING, Pa. (U.P.)—Butter sold for 50 cents a pound here briefly but the "sale" was over before the sellers got rid of their 33 pounds on hand. Police moved in. The sellers were three boys who stole the butter from a pretzel factory. They were caught peddling it from door to door.

Heart Disease Can Be Cured, Doctors Told At Amarillo

Speaking on heart disease, Dr. Paul J. Thomas, associate professor of clinical medicine at South-West College of Medicine at Dallas, told the Panhandle District Medical society in Amarillo that, "too many people are under the impression that once a person has heart disease he is going to die."

Several Lubbock doctors attended sessions of the medical group Tuesday and Wednesday.

At least 10 per cent of persons suffering heart disease can be cured, Dr. Thomas said. Even in insurable types "most of the noncurable victims of heart disease can, with proper care and close attention to their doctors' advice, live long and comfortable lives," he said.

Heart disease is the most common cause of death in the United States, he stated. That has not always been so and is due to great strides of the medical profession in affecting cures for other fatal diseases which ordinarily cause death at early ages, he said. "More people live long enough, now, to fall victims of heart disease," he said. Dr. Thomas spoke Tuesday afternoon.

Lubbock doctors appearing on the program were Dr. Ben B. Hutchinson, who presented a paper; Dr. James T. Hall, who read a paper, and Dr. F. B. Malone and Dr. Lee Hale, who opened discussions following papers.

Others from Lubbock who attended portions of the two-day program included Dr. Robert H. McCarty, Dr. E. M. Blake, Dr. R. T. Canon, Dr. M. D. Watkins, Dr. J. R. Harris, Dr. Ivan G. Mayfield, Dr. R. C. Douglas, Dr. D. D. Cross, Dr. Allen T. Stewart, Dr Carey B. Batson, Dr. Olan Key and Dr. S. C. Arnett, jr.

Dr. J. T. Krueger and Dr. A. G. Barsh were in Santa Fe, N. M., Thursday for a one-day cancer conference.

Dr. Pauline Miller and Dr. Dale W. Douglas are in Galveston this week attending a post-graduate course.

COUNTING CHICKS

Hatch Them First!

NOW that the dust of the Nebraska primaries has rolled away to an extent permitting a calm estimate of what happened, one bit of advice seems appropriate for supporters of Harold E. Stassen. That advice is: "Don't count your chickens before they are hatched."

Despite the strong showings of Minnesota's handsome ex-governor in both Wisconsin and Nebraska, and despite his general popularity shown by the Gallup and other polls, Mr. Stassen still is a long way from the GOP Presidential nomination. Even if it flatly could be said—with no doubt attached—that the Minnesotan is by far the choice of the Republican masses, it would still be true that there is more chance that he will not be nominated than that he will be

Presidential nominations by our major parties are not always based upon popular demand. More often than not, they are based upon what the party leaders want. What is done in the way of trades in those well known "smoke-filled rooms" at convention time usually has a great deal more weight than what is hoped for by the rank and file of voters, be they Democratic, Republican or independent.

• • •

MR. STASSEN has worked hard for the prestige which he has thus far won. He has "made a hit" with people, wherever he has gone. Lubbock and South Plains citizens who saw and heard him here know that. Even the stauncher of the local Democrats who saw and heard Mr. Stassen in Lubbock liked him and were impressed by his personality and his enthusiasm.

But whether Mr. Stassen's diligent efforts will pay off at "jackpot time," in Philadelphia this Summer, is something else, again. It is widely known that he is not acceptable to many of his party's leaders, who look upon him as a sort of "Republican Roosevelt."

Mr Stassen has a chance for the major GOP plumb; he has a better chance for the No. 2 spot on his party's ticket. But the most important thing about his showing to date has been what his popularity has done to Gov. Thomas E. Dewey, of New York; and Sen. Robert A. Taft, of Ohio. Their prestige and chances for Presidential nomination have been badly battered by the success of the Minnesotan.

• • •

BIGGEST gainer to date from the Stassen victories has not been Mr. Stassen but, instead, Sen. Arthur H. Vandenberg, of Michigan. The chairman of the Senate Foreign Relations committee, who has not lifted a finger in his own behalf, very likely may be the recipient of combined Dewey-Taft support at the convention if it becomes necessary for those gentlemen to "get together" in order to stop Stassen.

If Senator Vandenberg, one of the nation's few real statesmen in high office, gets the Presidential nomination in place of either Governor Dewey or Senator Taft, Mr. Stassen's efforts, while in vain from his own standpoint, will not have been in vain as far as either his party, or the nation, is concerned. When one inspects the Republican field carefully, it is very difficult to avoid the decision that of all GOPers in important places, Senator Vandenberg is the ablest and—from a bipartisan angle—the most acceptable.

It still is a long time until the nominating convention, and no one remembering the Willkie stampede in 1940 can count Mr. Stassen out of the running. But:

The Messrs. Gilbert and Sullivan once wrote a jingle which often is applied to young baseball players starring in Spring training games. It is applicable, too, to national politics. It goes:

"The flowers that bloom in the Spring, tra-la, have nothing to do with the case."

It might very well apply, in this instance, to Mr. Stassen's showings in Wisconsin and Nebraska!

Down Memory Lane

(From the files of The Lubbock Morning Avalanche of April 16, 1928.)

A picturesque western background was furnished by the George Boles ranch for a picnic attended by members and guests of the S.O.K. club, a "home room" organization at the high school, with Miss Dorothy Lomax as sponsor. Attending were Misses Margaret Conner, Elizabeth Crews, Murvel Rankin, Waynette Copeland, Myrtle Burroughs, Loraine Eagen, Evelyn Stewart, Mary Maude Wedemeyer, Alice Muse Rogers, Lottie Croslin Jessie Bowers, Mary Ella Nichols, Hazel Duncan, Florine Lesley, Edna May Peek, Mary Hamilton, Blanche Bair, Dorothy Lomax, Mrs. J. Jones; Messrs. Floyd Norman, Virgil Roland, Henrie Mast, Jack McCreary, Otis Taylor, Luther Williams, Robert Cooper, Albert Kimbro, Wayne Cleveland and Rumans Hedgecoke.

One Minute Sermon

And herein is that saying true, One soweth, and another reapeth. John 4:37.

Whee! The People!

As Long As I Live

by Ione Sandberg Shriber
Distributed by NEA Service, Inc.

(THE STORY: Terror-stricken Ann Bancroft is convinced someone in her own household is trying to murder her and make it appear an accident. The household includes her husband Rush, a bacteriologist; Gay, Rush's attractive young lab assistant; Laurie, Ann's headstrong 19-year-old sister; Tommy, Laurie's fiance; and Rinda, Ann's old friend and houseguest. Ann first began to suspect foul play when she discovered that someone had waxed the soles of her new shoes, evidentaly hoping she would slip and fall down the steep staircase at Tophill. The can of wax was hidden in her own closet. Now that Rinda is going into Cleveland, Ann asks if she'll deliver a package and a note. She writes a letter to Enos Barton, her attorney, asking him to test the can of wax for fingerprints. But when she goes to look for the wax, it is gone. Dismayed, she gets out the shoes again. There is no longer wax on the soles. Laurie walks in on her, says Rinda is waiting for the package. Uncertain how much Laurie has seen, Ann gives her the shoes for Rinda to return instead.)

XVIII

IT was desperately important that she find that can of wax. It had not moved by itself. Someone had taken it from her closet and put it somewhere else. She had to find it.

She had never felt so much like an interloper in her own home. The house was still and sunny; the breeze entered jauntily through the open windows, everything was just as usual yet Ann felt stealthy and furtive as she made her way from one room to the next.

She went to Rinda's room first. She did that because she felt so certain that the wax would not be there. Rinda was out of it, Rinda was in the clear; yet she had to look there, the murderer might have decided that was the perfect place to have hidden it.

Rinda's room was neat and orderly. Except for her large wardrobe case on the luggage rack and a few of her dresses hanging in the closet, dresses she had decided she wouldn't need in Cleveland, there was no evidence that the room was not just a guest room. Ann found no can of wax anywhere in the room.

Some driving force made her go to Rush's room next. The room across the hall where he had spent the night before. There was surely no explicable reason why Ann should feel like an intruder in this room, no reason why her hands should be moist and her face flushed as she searched through the closet, the bureau drawers.

She found nothing. Nothing at all. Yet as she went out into the hall she didn't feel the relief she had thought she would. It was the dreadfulness, she decided, of suspecting, even for a moment, that Rush could be at the bottom of all these awful things.

• • •

I WONDER why I'm doing it, she thought drearily, letting herself into Laurie's sunny bedroom. Even if I find it here I'll be able to convince myself that someone else put it here, that it isn't Laurie at all . . .

And then she realized, standing in the middle of the lovely bedroom, the reason for the urgency of her mission, the driving force behind her search. She was trying desperately to convince herself that the can of wax did exist, that it had been in her closet the afternoon before, that she had held it in her hands.

But she found nothing in Laurie's room to substantiate her belief. She was shaking as she went out into the upstairs hall.

There were two bedrooms left—Gay's and Tommy's. Bu this time she had no hope left that she would find the wax in either room. It could have left the house in the trash—it could have left the house in the bright blue convertible that took Rinda to the station.

Nevertheless she went down the hall, left herself into Tommy's bedroom.

Tommy was not a tidy person. That much was evident to her as soon as she was inside the room. Susan usually did Tommy's room first but today Tommy had been back into the room since the maid had been there. He had changed his clothes; his slacks and shirt were tossed over a chair, one sock trailed sadly on the floor, an ash tray was brimful to overflowing.

SHE didn't touch anything although her instinct was to pick up the clothes, empty the ash tray. Instead she went methodically through Tommy's closet, looked in the bathroom, through the half-filled dresser drawers.

She came very close not to looking in the desk at all. Later, she couldn't have explained why she did go over and move some of the books aside, glance down to be sure nothing was hidden behind or underneath the small kneehole desk. And, as she straightened up from her task, her eyes caught the memorandum that was pushed half underneath the blotter.

Mr. Enos Barton—11a. m. Tuesday.

She stood there for a long moment, before the words registered on her brain, before their meaning penetrated.

ENOS!

Eleven a. m. Tuesday

What Tuesday? Why? Had Enos sent for Tommy? Why, in heaven's name? For what conceivable reason? How did Enos so much as know of Tommy's existence?

She shook her head, back and forth, slowly.

If any appointment had been made, Tommy had made it. But why?

Why? Why would Tommy want to talk with Enos?

There was only one reason for that. Relief, sweet and enervating, washed over her. She wanted to cry, wanted to let the tears she had been holding back, slide down her cheeks.

But she didn't. In a little while now there would be time enough for tears. But not now. Right now there was something she had to do.

(To Be Continued)

Looking At Life -- By Erich Brandeis

THAT was an awfully cute story out of Barnstable, Mass., the other day, and it just goes to show what I'll show you a little later down this column.

A long-horned Texas steer, accompanied by his wife and their daughter, was leisurely walking down Route No. 6, a very much traveled highway, holding up traffic all the way down the line.

There was bonking and shouting by irate motorists who were in a hurry to get wherever they were going, but the steer and his family were in no hurry at all.

BRANDEIS

Some of the drivers attempted to start a roundup, but not being used to the ways of Texas, quickly gave up when the steer began snorting.

Cars were lined up a mile in each direction and the motorists became angrier and angrier.

But they didn't know what to do, and I suppose the steer knew that they didn't know what to do.

The situation seemed hopeless.

Then along came a little girl on horseback.

Dolly Van Duzen was her name and she was about thirteen years old.

Dolly rode her horse up to the bull and dismounted.

She waved her arms in the bull's face and yelled "Scat".

Just like that. "Scat".

That's the kind of language the animal understood. That was Texas talk. "Scat"—that sounded like business.

He gave the girl one look—and scatted, right off the road. And of course, his wife and the daughter went along with him.

Within a couple of minutes the road was clear and all the motorists speeded off to their destinations.

• • •

And that is the way it is with a good many things.

You have it in business. You have it in politics. You have it in international affairs.

You have it in your own private life.

There is a lot of shouting and yelling. There are all sorts of complicated attempted solutions for all sorts of basically simple problems.

But there is usually a very simple way of solving these simple problems.

You may call it the know-how way.

The motorists didn't know how. They may have been very wise in some things.

But they didn't know how to deal with a Texas steer.

But Dolly did—and Dolly solved a very simple problem that of getting some cattle off the road—in a very simple way.

• • •

PERHAPS there is a simple "Scat" for the Russian problem. There may be a "Scat" for your business worries and a "Scat" for some of your mixed-up family affairs.

Mind you, every "Scat" isn't a successful "Scat".

Dolly probably used just the right unison with that "Scat."

But Dolly definitely knew how and the steer understood that she knew her business and that she meant business.

And, most important of all, I am sure that Dolly thought before she scatted.

Funny Business

"It's easier than spading!"

AID LEADER TOUGH

Program Must Pay

By RAY TUCKER
Special Correspondent

WASHINGTON — Paul Hoffman won exceedingly speedy Senate approval as ERP administrator because he satisfied an executive session of the Foreign Relations committee that he would see that Uncle Sam got a dollar's worth of value for every dollar spent in foreign aid. Even members of the so-called die-hard "irreconcilable fringe" applauded and voted for him.

TUCKER

"I intend to operate this organization on a realistic and business-like basis," he told them. "It has got to pay dividends for the United States of America. It will not be an international W.P.A. If the beneficiaries do not help themselves, I have authority to withdraw any assistance, and I will do it.

"My basic premise is that we cannot afford to keep Europe on the dole forever, or even for any great length of time. I am confident, however, that the sixteen countries are only too willing to do their part to make this program a success."

• • •

RACKETEERS: The Studebaker executive also promised to keep a close check on American interests which might view E.R.P. only as an opportunity to make quick and easy profits through export of their commodities.

"I know," he continued, "that we have racketeers here just as they have them abroad. It will be my job to prevent any chiseling on the taxpayers' funds, and I intend to do it."

He also assured the Senators that his organization would function separately from such federal agencies as the State, Commerce, Army, Navy and Agriculture departments.

"There will be no interference from that quarter," he declared. "I will be glad to take their advice on pertinent problems but I will make the final decisions. I hope to have an excellent staff here and abroad and I will rely on their advice."

• • •

PROTESTS: President Truman's handling of the first major labor dispute under the Taft-Hartley Act has precipitated sharp but off-the-record protests from all parties involved in the "strike" of the United Coal Miners. The principal indictment is that he applied the legal weapons Congress gave him in a dilatory manner.

The operators' representatives charge that the delay in forcing the issue played into the hands of John L. Lewis. They point out that, although the bituminous workers walked out on March 15, there was almost a month's lag in slapping an actual contempt action against the miners' chieftain.

This delay, according to the operators, is what Mr. Lewis wanted. They say he had been hoping that the growing shortage of fuel would force the great steel corporations, the railroads and other industrial consumers to knuckle to him as U. S. Steel did some time ago.

In their opinion, Mr. Truman should have speeded up the operation of the Taft-Hartley machinery. On the other hand, they say he consciously or unconsciously, contributed to John L.'s stalling strategy.

• • •

TIMETABLE: Here is the Truman timetable on which the charge of dilatoriness is based:

March 15—The miners walk out after receiving John L.'s letter denouncing the operators for not agreeing to establishment and operation of the pension fund.

March 23—Presiden. Truman names a Board of Inquiry to ascertain the facts of the dispute and report to him. His grant of almost two weeks—until Apr" 5th—for them to make their simple, preliminary finding amazed all participants, including the authors of the statute.

March 31—The board informs the White House of the nature of the disagreement, but Mr. Truman does not make public the findings or ask the D. of J. to move until April 3. That night Judge McGuire issues an injunction against the strike, setting the hearing date for April 5.

April 5—Judge McGuire grants injunction restraining the UMW from continuing the "strike" and ordering both parties to "bargain."

April 7—The UMW asks Justice Goldsborough to vacate the McGuire injunction, also requesting that hearings on their petition be held on April 9. Justice Goldsborough, however, fixes the hearing for April 12.

April 15—The trial date set by the jurist.

• • •

BITTER: Although Mr. Lewis was completely satisfied with this schedule, he was bitter over the fact that Attorney General Tom Clark singled him out for punishment for alleged contempt of court. He maintained that Benjamin F. Fairless of U. S. Steel and George M. Humphrey of Pittsburgh Consolidated should have been cited.

John L. based this contention on the language of the McGuire restraining order. This applied to all parties to the dispute and ordered those who "negotiated' the original pension fund agreement to "bargain."

Messrs. Fairless and Humphrey did not sign the pact but they did "negotiate" it in conferences with the U.M.W. president. They declined to sit down with him during the recent negotiations. Therefore, it is the Lewis contention that the Administration did not apply the T-H act with equal justice or fairness.

In short, President Truman seems to have pleased nobody!

• • •

SECURITY: "What Administration was responsible for the Social Security Act and who was the author?" asks J.W.D. of Los Angeles.

Answer: Senator Robert F. Wagner of New York was the first sponsor, although various groups of professional welfare workers inspired him. It became effective during the Roosevelt regime.

We reckon they have minority groups in a land of milk and honey. The chances are someone wants better deliveries on the milk.

Another thing that is unpredictable as a hurricane is a small boy.

There is no place like home—if you are lucky enough to find one.

The average man usually renders quick service when he serves his own interest.

The old-fashioned man desired to earn money honestly. Many a modern man just desires to earn money.

A small town is the place where they can usually tell you the number of floral designs that were sent in honor of the deceased.

You can tell when business returns to normalcy. Every now and then the merchants will have a price war.

Petrillo has been described as the savior of musical culture in America. Maybe that is what has been wrong with the music.

Another thing that takes a lot of fun away from father is reminding him that he must set a good example for the children.

Job had patience but of course he never tried to locate a plumber to do a small job

Believe It Or Not-By Robert Ripley

GOP PROGRAM UNDER ATTACK

Utility Lobby Busy In Capital

By THOMAS L. STOKES
Special Correspondent

WASHINGTON—It was reported here recently how the great private utilities, in their organized might through their national association of electric companies, had moved in finally with a frontal attack on TVA, that great public power, flood control, navigation and reclamation project in the Tennessee valley.

In an attempt to prevent needed expansion of power facilities, the associattion president, Purcell L. Smith, reputedly the highest paid lobbyist operating in Washington, appeared before a House Appropriations subcommittee to oppose an item of $4,000,000 in the government corporations bill to begin work on a steam plant at New Johnsonville, Tenn., recommended by President Truman in his budget message.

STOKES

Mr. Smith's personal appearance was most significant. Hitherto he has kept in the background in the numerous attacks made previously in the 80th Republican Congress on various phases of public power policy. These trusts were left to local utility representatives in the effort to give the impression that these were local matters and did not involve basic principals. All of them did involve basic principals and the big boys in utilities were back of them, though not in a public way.

• • •

Working In Open

Now Mr. Smith comes to Washington openly. He has been here all the time, of course. And it is true that he did appear in a secret session, but his appearance and what he said eventually will become known when committee hearings are published, which will be simultaneously with presentation of the bill to the floor and too late for the public to express itself before the House acts.

As a forecast of political weather, Mr. Smith's emergence is just as sure as is the first crocus in prognostication of the other sort of weather. It means that the big boys in utilities are now convinced that Republicans will take over the whole government in the next election and there is no longer any need for them to be timid and bashful nor to keep to the holes in which exposure of their tactics drove them in the New Deal days. The New Deal is over.

• • •

They are ready for the expected beginning of a new era. They have used this 80th Congress to prepare and plant the seeds, in the way of numerous bills, which they believe will flower luxuriantly when Republicans take over the whole government.

Some of them thought, optimistically, that they might get a few things done in this 80th Congress. They may yet. But two obstacles arose to any general successful attack along the whole front, one developing from the other.

The first was President Truman who, though he had lost control of Congress, still sat in the White House ready to veto any measures breaking down the public power policy previously established by Congress. Republican leaders knew this. They knew this would give the President a beautiful opportunity to tell the public what was going on. That would have been embarrassing just before an election. So they politely passed the word that the utility bills, for the most part, should be held back in this Congress. The House leadership did let one by—the Rizley-Moore bill to throttle the federal power commission's regulation of the natural gas industry.

• • •

Changes Are Planned

But the unfavorable publicity over this alarmed Senate Republican leaders and they are now in the process of modifying this to take out some of the sting for consumers and, as it passed the House, it carried plenty of sting in higher gas rates.

But the spade work is all done for the big drive in the next Congress. Hearings have been held on most of the bills. They can be put through expeditiously in the new 81st Congress, that is, if it is a Republican administration we get, of which Mr. Smith and his employers seem so sure now.

• • •

To the long-time reporter of Washington events it is all like seeing an old moving picture film again. It all recalls the return of Republicans after the last war and the inauguration address of President Warren G. Harding with his promises of "omission of unnecessary intererence of government in business" and "an end to government's experiment in business." That was the tip-off. The big boys accepted the invitation and took over the government—as we all found out ten years later.

It looks as if we've got to go through it all again. Mr. Smith is back in Washington. It's hard to be philosophical about it; but it seems to be our way. The only solace is that there'll be another awakening. Meanwhile we'll have to pay the bill for our apathy.

NEW YORK (AP)—Increases in the population of Pacific Coast states between 1940 and 1947 were about four and one-half times as great as those for the United States as a whole.

MARKETS STAGES GOOD RALLY
NEW YORK, April 15. (AP)—Buyers returned to the stock market today and pushed average prices to their best level since last October on one of the largest volumes of the year to date.

The list, irregular at the start, began to harden following the President's disowning of the Eccles proposals for New bank credit curbs.

Main bullish incentive, however, still was attributed to inflationary psychology based on heavy government spending at home and abroad.

Aircrafts came to the fore after midday when the House passed the bill for large-scale war plane expansion. Steels were aided by lessening fuel shortages. A jump in car loadings propped the rails while oils responded to the outlook for mounting income in this field.

The Associated Press 60-stock composite was up .5 of a point at 68.4, sharpest bulge since March 31, and a top since Oct. 27. The rails made a high since last Aug. 30. The industrials equaled their highest figure of 1948.

Bonds steadied.

Cotton

NEW YORK REPORT
NEW YORK, April 15 (AP)—Cotton futures advanced into new seasonal high ground today, influenced by reports of new export business. Trade covering in nearby months readily absorbed May liquidation and profit taking. Commission houses continued buying new crop positions aggressively which showed the widest gains for the day.

According to reports in export circles Germany, France, Italy and Belgium purchased some cotton overnight, but details were not available on the business.

Certificated cotton stocks declined 5,475 bales to 74,247 bales, reflecting the more rapid movement of cotton into export channels.

Futures closed 90 cents to $2.95 a bale higher than the previous close.

	Open	High	Low	Last

Middling spot 38.67N up 15.
N—Nominal.

NEW ORLEANS REPORT
NEW ORLEANS, April 15 (AP)—Cotton futures advanced to new seasonal highs today. The advance was attributed to heavy trade buying and short covering. Closing prices were very steady $1.15 to $2.45 a bale higher.

	Open	High	Low	Close
May	37.43	37.94	37.34	37.50-60
July	36.73	36.95	36.64	36.88-90
Oct.	33.00	33.47	32.95	33.32-38
Dec.	32.38	32.71	32.23	32.61-62
March	31.90	32.41	31.86	32.36B

B—Bid.

AVERAGE PRICE
NEW ORLEANS, April 15. (AP)—The average price of middling 15/16ths-inch cotton today at ten designated southern spot markets was 40 cents a bale higher at 37.63 cents a pound (new season high) average for the past thirty market days 36.30 middling 7/8ths-inch average 35.33.

There are 98 kinds of plants pictured on various postage stamps.

Grain

CHICAGO REPORT
CHICAGO, April 15 (AP)—Lack of rain in the wheat belt and small receipts of feed grains again supported an upturn in grain prices today. Corn led the advance. Trading was active. Strength in other markets aided cereals.

Wheat closed ¾-1 ¼ higher, May $2.52 ¼-2.52, corn was 2 ⅝-3 ¼ higher, May $2.33-2.32 ⅝, oats were ⅝-1 ⅝ higher, May $1.19 ¼-⅜, and May soybeans were up 8 cents, the daily limit, at $4.04. May was the only soybean contract traded.

FORT WORTH REPORT
FORT WORTH, April 16 (AP)—
Wheat No. 1 hard, 2.62-67.
Oats No. 2 white 1.46 ¾-48 ¾.
Corn No. 2 white 2.84 ½-86.
Sorghums No. 2 yellow milo, per 100 lbs 3.97-4.02.

Produce

CHICAGO REPORT
CHICAGO, April 15 (USDA)—Produce:
Poultry: 19 trucks; hens weak, chickens steady. Leghorn hens 24; White Rock springs 47; Plymouth Rock springs 47; colored springs 45.

Butter: 278,920 pounds. Market firm. 93 score 83; 92 score 81½; 90 score 81. Carlots 90 score 81; 89 score 80.

Eggs: (Browns and whites mixed) 31,880 cases. Market firm. Extras 70-80 per cent A 46-47 A 46-47 ½; extras 60-70 per cent A 45-46 ½; standards 43 ½-44 ½; current receipts 42; checks 39.

Irrigation Agent

(Continued From Page One)

tered the army as a private in 1943, was assigned to officers training school at Fort Benning, Ga., then was sent to Camp Hood as instructor at the infantry replacement training center. Before his discharge in 1946, he spent 14 months in the Philippines.

Thurmond is married, but has no children.

To Train Personnel

Explaining what he described as an educational program on irrigation, Williamson said the new work is designed to train county agent personnel, and assist farmers, in practical methods to reduce the costs in irrigation and increase crop production with available water by eliminating waste and losses.

Among other aims are contour mapping of fields, methods of fertilizer application in irrigation water, the economical application of water, and ditch locations.

Thurmond also will seek to instruct on length of water runs and depth of penetration. In short, he will be expected to design and make use of more practical and less wasteful use of water through proper structures and spreading methods.

Extension service personnel and farmers as a whole in this area admit a heavy waste of water in many instances through breaking of ditches and many times over-irrigation of certain crops, and this has brought a movement in official circles for some form of irrigation controls.

Williamson believes that farmer cooperation in the extension serivce program will serve in a large measure to eliminate waste and gain maximum benefits from water used.

Western Days

(Continued From Page One)

Western dance Saturday night.

Activities Saturday will begin with a chuck wagon breakfast and the last rodeo performance is slated for 2:30 p. m. Tickets for the breakfast, which will be filmed for the college movie, cost 50 cents and can be obtained from any Block and Bridle member. The Sunset Serenaders will furnish music during the breakfast which will be served in Aggie Grove beginning at 6:45 a. m.

The more modern and conservative members of the student body will have a welcome respite from injuries to their pride incurred during former all-western celebrations at the college due to the fact that the traditional bull pen, for those not wearing western dress, has been ruled out this year. Western wear will not be compulsory and no classes will be dismissed for the event.

This will be the tenth rodeo held at Tech since the first one was presented in 1930. The Block and Bridle club has sponsored seven of them.

FM Broadcasts

(Continued From Page One)

station pioneered in the news broadcasting field. In 1944 the station added Associated Press radio leased wire.

Member Of Network

The Plains Radio Broadcasting company station has been a member of a radio network since 1938 when it joined the Mutual Broadcasting company chain. In 1944 the station joined the American Broadcasting company, then known as the NBC "blue network." Mutual was dropped in 1945.

W. S. Bledsoe, chief engineer for the broadcasting firm, joined the station in April, 1936 and has been here since that time except for a brief period with KGNC in Amarillo.

Frequency modulation (FM) was just being put into use when the war interrupted its development so far as general broadcasting use was concerned. Following the war, larger stations over the nation either changed exclusively to FM or added the new method of broadcasting as an adjunct to their normal AM band programs.

FM Receivers Common

Radio receiver manufacturers followed the trend toward FM by at first construction only the more expensive sets to receive the extra high frequency radio waves, but within the last two years FM sets have become cheaper and more common to the trade until now only the very lowest price sets lack the FM band.

FM broadcasting has its advantages and, at the same time, certain drawbacks.

As advantages, it offers static free reception and a higher fidelity of reproduction. Interference from other radio stations on the same or nearly the same frequency is eliminated. FM's most serious drawback, from the broadcaster's viewpoint, is that it has a limited range as compared to AM broadcasting.

FM broadcast range is limited by the fact that the frequency modulation waves travel in nearly straight lines, not "bending" with the curvature of the earth as do AM waves, and after passing the "horizon line" are lost into space.

Because of this "line of sight" action by FM broadcast, frequency modulation antennas are placed as high as possible so that the largest area possible may be served. The KFYC antenna stands 135 feet above the Lubbock streets, and engineers estimate that KFYO FM programs can be heard 35 to 40 miles away.

Bledsoe has emphasized that FM is not "miracle broadcasting." It is static and interference free, he said, but the condition and construction of the FM receiver has a great deal to do with the fidelity of reproduction of the original program. "The more expensive sets with their larger speakers and better constructed sounding boards naturally give the finest results with FM," Bledsoe pointed out.

KFYO's AM and FM programs will be identical, Landis explained, as programs for both transmitters will originate at the same time in the station's studios on Avenue J. The station has added the FM to give owners of the more modern sets a chance to take advantage of the clearer reception and higher fidelity offered through frequency modulation.

The station's AM broadcasting schedule begins at 6 a.m. and closes at 12 p.m. on week days. FM programs will begin at 6 a.m. and close at 11 p.m. on week days. On Sunday, the AM schedule begins at 7 a.m. and closes at 11 p.m., The FM programs will begin at 7 a.m. on Sundays and close at 10 p.m. on the Sabbath.

Texas Party Feud

(Continued From Page One)

president.

He would carry Texas if he were nominated by either party," said McDon.ld. He said he had always voted for state Democratic candidates but had voted Republican in presidential races in 1940 and 1944.

McDonald conferred with a group of national MacArthur-for-President leaders. Warren E. Wright of Gray's Lake, Ill., national co-ordinator of the MacArthur clubs, said he had received many proposals from Southerners who are unhappy with Truman, for a conference. Some of them would like to see MacArthur as the Democratic nominee, he said, and others would like to see the South back the general if the presidential election is thrown into the House of Representatives.

Another political development was an appeal to Texas women to line up with the State Democratic committee in its fund raising barbecue at Fort Worth next week, from Mrs. R. A. Thompson of Goliad, vice chairman of the State Democratic Executive committee.

She said that "the vicious destruction and devastation" that resulted from General Sherman's march through Georgia "is again about to take place in the South under the guise of the civil rights program." Mrs. Thompson asked Texas women to support state rights.

Demo Backers

(Continued From Page One)

want an uninstructed delegation in order that they may be in a position for a hand-picked steering committee at Philadelphia to peddle the 46 votes from Texas to the highest bidder," Steadham wrote.

"The ordinary delegates will not be in on the split. What the 'armadillo Democrats' hope to accomplish is a delegation not uninstructed but instructed against the nomination of a real Democrat for President of the United States."

SEARS Exclusive Fraternity Prep

sports shirt

printed with "Coca-Cola"* bottles and caps

$1.98

- SEARS alone has it!
- For boys or girls . . . wear 'em in or out
- 2-way collar . . . wear it open or closed
- Double-stitched seams at strain points
- Sanforized, maximum fabric shrinkage 1%

Well say, look HERE! A refreshing new sport shirt style. "Coca-Cola"* bottles and caps reproduced in natural color, roped by spinning lariats. A sma-o-o-th combination. Made of famous Pacific cotton twill, tough, closely woven—and WASHFAST! Takes to tubbing like you take to your favorite "Coke"* stand. Careful Fraternity Prep tailoring gives you plenty of free-swinging room for action. Colors and sizes, boys or girls: blue, tan or maize, 8 to 18.

*"Coca-Cola" and its abbreviation "Coke" are registered trademarks which distinguish the product of The Coca-Cola Company.
