GATESVILLE, TEXAS, FRIDAY, JULY 5, 1935

NUMBER 56

DISTRICT COURT CONVENES MONDAY, JULY 8

Youngster Injured Here Seriously in Traffic Accident Wednesday

Francis Ray Boynton, young son of Mr. and Mrs. Ernest Boynton of Gatesville was seriously injured Wednesday morning about 10:30 in front of their home on East Main street by a car driven by Gladys Marie Phillips.

A hurried examination revealed many bruises and lacerations, and probably internal and head injuries.

The boy was taken to the Baptist Hospital in Waco after the preliminary examination here.

LATER—Reports received in Gatesville Thursday morning said the right leg of the child was badly crushed, but that injuries to the chest and head are thought by Waco physicians to be only slight. The little fellow was reported resting very well Thursday morning.

FIRST BAPTIST BUILDING PROGRAM

Gatesville Baptist people are very happy to see the new church building going up so fast. The west wall stands above the window frames, while the east wall is rising daily.

Full meetings of all committees during the past week bring encouraging reports.

The Baptist congregation expressed its deepest appreciation to those business men and friend who are not members for their liberal help and moral support in this building program.

Our Contractor C. C. Ramsey and our Architect Birch D. Easterwood are justifying the confidence placed in them by meeting the expectations of the most sanguine in doing a good job every day in the building program.

Large crowds express their pleasure in having our faithful Pastor Bro. C. A. Morton in his pulpit as usual again.

EDDIE JONES OPENS EDDIE'S CAFE HERE

College Station—A scheduled series of public hearings on a proposal to license dealers in wool and mohair has been postponed, the Agricultural Adjustment Administration has announced. As Texas ranks first as a wool producing state a meeting was planned for San Angelo on July 29 and 30.

The movement for a license which concerned only fair trade practices and charges had been initiated by growers of wool and mohair. Action on the proposal has been deferred until final Congressional action on proposed amendments to the Agricultural Adjustment Act establishes the status of wool and mohair under the Act.

Mrs. O. G. Gilder and Margaret, and Billy Nesbitt spent Wednesday and Thursday in Seymour with Mr. and Mrs. Horace Jackson.

Supt. Witcher Urges That Transfers Be Made this Month

July is the month for transferring students from one school to another. Applications should be made through the County Superintendent's office. Transfers will usually be made where requested if it helps the child and does not injure the home school. Pupils who have finished the grades taught in the home school should be transferred to the high school where they intend to go the coming year.

Coryell county hopes to be able as soon as practical to give every child a chance at an affiliated school without additional expense to his parents. It will be well if that same boy or girl can be at home each night helping with family chores as usual. This matter can be arranged with no increase cost ever month in our schools if all work together.

DEAN OF RIDE-THUMBERS SPURNS STEEL RAILS

Chillicothe, Tex., June 27.—J. E. Roberts, railroad telegrapher, in 1934 accumulated a formidable list of "nevers" and a high mileage in travel that placed no wear or strain on the rolling stock of the company employing him.

Roberts lives here, but is employed at Harrold, a small station thirty-three miles east of Chillicothe, in Wilbarger county. He makes the trip to work in the morning and home in the evening by thumbing transportation in passing automobiles. Working 365 days last year, Roberts traveled 24,090 miles with volunteer carriers and independent of his employer's facilities for like service.

Roberts said nearly all of his chance riding was with residents of Chillicothe. "Perhaps," he explained, "one would think that thumbing rides so long would become tiresome. It didn't, however; it was fun. I am still at it and may put up the same record this year unless the company ships me elsewhere."

Out of the monotony of the year of smooth passage Roberts carved a record which he lists.

He never paid fare, never rode in a car that had a flat, mechanical trouble or ran out of gas, never was late at home, never was late on the job, never was away from home at night, never was late home for supper, never was asked his name, never got wet by rain, never saw snow, never was cold, never waited long for a ride, never was crowded in a car, never traveled faster than ninety miles an hour, never traveled slower than ten miles an hour, never cranked a car, never was hurt, never walked a mile, never flagged a car and never had a regular ride.

Mr. and Mrs. Perry Boyer and son, Joe, of Waco were visitors here this week. The Boyers will be remembered as residents of Gatesville some years ago.

If you're hailed into court Monday A. M. June 8, we certainly hope you've had a grand time the "fourth," because you'll be face to face with Judge R. B. Cross and the other officers of the court, District Attorney Tom Reese; District Clerk, P. M. Post and Sheriff Joe White, and other officers, bailiffs, and too, the jurymen.

Anyway, court opens at that date, and the civil docket promises to be a little heavier than at previous terms, the main reason for this being on account of considerable civil business being carried over from the last term, the criminal docket being very heavy at that term.

Criminal docket, from all indications and reports, promises to be more than usual at this term, but does not consist of quite so many major crimes as usual. However, there are three murder cases to be tried.

Below are listed the men selected by the Jury Commission at the January term to serve as grand jurors for the July term and from the sixteen named, twelve will be selected and sworn. They are Monroe Murray, A. C. Schloeman, Evant Brooks, R. A. Bertrand, Fred Dewald, Charles Elam, Charles McGehee, Dave Grubb, Frank Lam, T. B. Johnson, Ernest Gohlke, Sam Meharg, R. M. Holder, P. D. Chat, Harmon White and J. R. Bates.

YOUNG U. S. ARMY OFFICER HERE ON FURLOUGH FROM W. P.

Bryan Arnold, Gatesville's representative at West Point Military Academy, at West Point, New York, has returned home for a visit with his sister, Mrs. Irvin McCreary.

Cadet Arnold is on a ten weeks' furlough, and enroute to Gatesville visited New York, Detroit, Niagara Falls, Washington, the Natural Bridge in Virginia and other points of interest.

Mr. Arnold will be classed as a third year man on his return to the academy, since he has just completed his second year there.

THREE WINNERS IN CONTEST BY B. JONES

Winners in the guessing contest as to the number of heads in a shock of millet grown by B. Jones, were Ed. Henson, guessing 285, Earl Cook, 275, and Claude Stewart, 285. The number by actual count was 280. Prizes for the winners are dinners at a local cafe.

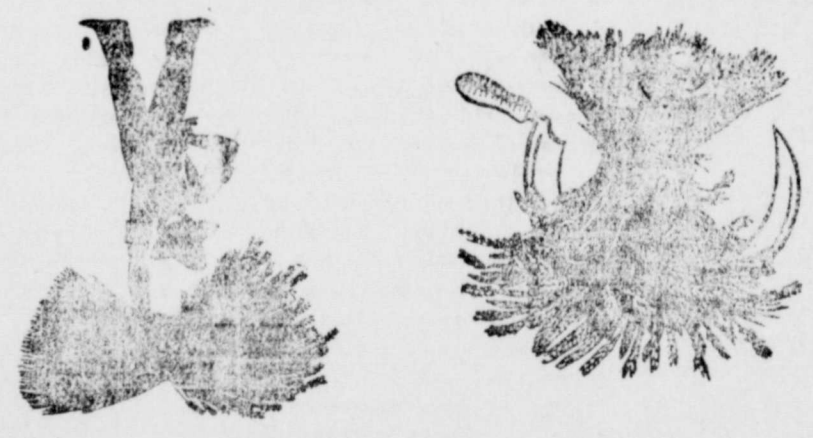

Angleton—Food preservation is taking the lead in club work in Brazoria county now that canning season has begun, according to Miss Edith Giles, home demonstration agent. The following work has been reported for one month: 928 quarts leafy vegetables; 150 quarts fruit; 16 quarts hominy; 228 pints jelly and preserves; 203½ quarts meat; 440 pounds lard; 73 pounds cheese; and 5 quarts pickles. Nine non-club members were helped, and one club added one cooker and two sealers.

DRIVE SAFELY

There's always a "rave" in the papers after serious accidents. Here's ours. We are certain you've had a grand and glorious fourth wherever you went, and are even more hopeful that you didn't have any accident and get hurt yourself.

Of course, accidents are news, and people go for them but WE don't need that kind of news and don't want to have that kind of news, only for the reason we don't want anyone to get hurt.

A recent accident to a small child has brought this to your attention and our attention, and also the accident to the station agent at Oglesby.

Here are a few items that will help: On a right hand turn, hold the arm out the window and up, forming an angle; on a left hand turn straight out; and to slow up or stop, hold the arm down at an angle. These are standard signals adopted by different automobile clubs, states and other organizations for safe driving. Also, stop signals and boulevard signs are not put out just to run over. Observe them, and actually save a life or you might wreck your car and pocket book.

Folk, they're making them fast, and with good brakes and all modern improvements, but accidents still happen. Let's do be careful, drive correctly and keep eyes and ears open when we have a wheel in our hands and an accelerator under our foot. You never know who will be next!

"WE MISS YOU, DADDY"

The following editorial was printed in the Rockville, Connecticut, Journal, about a year ago. Thereafter, to the editor's surprise, it was reprinted by most of the other papers of the state, and was used by highway safety officials, insurance companies, accident prevention organizations, motorists' publications and by others who are fighting the great war against the toll of automobile deaths. Here it is—and any motorist will surely think twice about taking chances after reading it:

"Tuesday morning there was a fatal accident on the Minterburn Hill and when the medical examiner was going through the pockets of a dead man * * * a telegram was found. It was not very long, just the ordinary ten-word length, but was a message that would make any father happy. It read: WE MISS YOU DADDY. WHEN ARE YOU COMING HOME?"

"That was all. It was a message sent by one of the children of the man who was killed. He had received the message and was homeward bound. The clothes were minus money but in his pocket he carried that message.

"Those who have little children, and those who were once little children, can think of the great blow to the child when the father did return home—DEAD.

"'Daddy' will be missed by those children in the long years ahead. No longer will they have his support, his earnings, and, more important, his companionship.

"If ever there was a reason for people for people driving more carefully on the road, it is that they might get in an accident and deprive their own child or some other child of their 'Daddy'.

"More might be written, but just let us repeat those words: 'We miss you, Daddy. When are you coming home?'"

GRATITUDE

On June 15, a number of notes went out from the State Department in Washington. Addressed to the principal foreign powers, they politely informed them that their annual installments on the war-debt were due and payable.

As everyone knew, all the notes, with a single exception, represented a waste of postage and effort. Every major power owing this country money had previously informed us, directly or indirectly, that the installments would not be paid.

NEW AIR RECORD. ROOSEVELT TO TEXAS. RUSSIA AND JAPAN. A. A. A. BENEFITS.

EIGHTEEN THOUSAND proud Mississippians greeted the flying Key brothers, Fred and Al, Monday when they brought down their "Ole Miss" after 27 days, 5 hours and 33 minutes or 653 hours and 33 minutes continuous flying. National Guardsmen and special police were required to keep the roaring crowd swarming over the plane—and the flyers.

The Keys broke the former world's record of 553 hours with a safe margin of 100 hours, even topping the 647 hour unofficial record established in 1930 at St. Louis, which was not recognized officially by the National Aeronautics Association.

Our hats are off to you, Fred and Al, and to the "OLD MISS" too!

CULLEN F. THOMAS of Dallas will be United States Commissioner General of the Texas Centennial, Vice-President Garner announced this week. Thomas received the recommendation of Garner and Senator Tom Connally. Garner also announced that President Roosevelt will visit Texas next year during the Centennial.

This announcement raised speculation among those seeking re-election to Congress as to the political effect of the visit of the President.

A word for or against by Mr. Roosevelt could make or ruin a candidate running for Congress in Texas. Senator Shepard will be up for re-election also and an endorsement by the President would practically insure his re-election.

TENSION in the Far East between Russia and Japan has increased during the past week, causing new talk of war. Russia has sent a strongly-worded protest to Japan against alleged Jap troop invasions of Soviet territory. Last week Japanese infantry and cavalry detachments crossed the Manchukuoan border into Russian Siberia for reconnaissance. Soviet patrols refrained from firing.

The Soviets fear that the Japanese invasion of North China and Inner Mongolia is the prelude to a Japanese attack upon Siberia. Japan has long cast covetous glances upon the rich grain fields and mineral deposits of Siberia. The Russian port of Vladivostok, where a huge Red air force is stationed, is only 700 miles from Japan proper and 100 miles from Jap-controlled Korea (Chosen).

The Jap devastating air raids from this port in the event of a war with Russia. For this reason they plan to penetrate North China and thus be able to cut off this port from communication with other parts of Siberia during war.

Japan has had remarkable luck with its imperialistic schemes so far, but the credit of the country is now near the breaking point as a result of the expenditures occasioned by the North China spree and obviously could not stand the strain of a prolonged Russo-

Japanese war. But the Jap militarists plunge blindly along, planning war with Russia in the next few years.

THE A. A. A. program cost \$1,000,000,000 in the first two years of its operation. Of this amount \$824,000,000 was raised from processing taxes from May 12, 1933, to May 1, 1935, and the balance was provided for by Congressional appropriations. Rental and benefit payments totalling \$700,000,000, more than \$1,000,000 a day, were distributed among the farmer producers who participated in the program.

This billion dollars was one of the most useful and beneficial spent by the Administration during its two and one half years of power. If all the billions spent and handed out by Mr. Roosevelt since 1933 had been used for such worthy projects, 9,000,000 men would not be depending on Uncle Sam for relief today.

Spring flowers decorated the home of Mrs. Clay Stinnett Wednesday afternoon when she was hostess to the Wednesday Contract Club at her home on Bridge street.

At the conclusion of games of bridge Mrs. Francis Johnson held high score and Mrs. T. R. Mears held second high.

Refreshments were served to Mesdames T. R. Mears, Francis Johnson, Miller Stinnett, Laura Rayford, Clifford Adams, D. R. Boone, D. D. McCoy, Harry Flentge, A. W. Gartman, Geo. Painter, and O. N. Hix.

Miss Margaret Gandy
Named Honoree.

Misses Raye Virginia Rayford and Elizabeth Williams were joint hostess to a bridge party and linen shower Tuesday afternoon at the home of Miss Rayford at the State Training School naming Miss Margaret Gandy bride-elect of Doyle Baldrige as honoree.

Bouquets of spring flowers were used in the decorating of the living room. Tables, which were arranged for games of bridge were adorned with yellow snapdragons in green bud vases carrying out the chosen color scheme of green and gold. Mrs. E. L. Stewart was awarded high score prize and the honoree was presented with a guest prize by the hostesses.

Two attractively little Misses, Beverly Ann Barber and Ray Virginia McCreary, attired in green and gold, entered the room bearing a green and gold basket laden with gifts for the bride-to-be.

Favors of miniature gold wedding rings were placed upon the refreshment plates which consisted of an ice course. The following guests were present: Ethel Routh, Lindsay Belle Dickie, Penelope Hardin, Mildred Patillo, Francis Austin, Margaret Gilder, Beverly Chamlee, Alice Earl Anderson, Mrs. Lenox Ligon, Mrs. Charles Powell, Mrs. E. W. Jones, Mrs. O. N. Hix, and the honoree. Callers were Sammy Martin of McGregor, Mrs. Irvin McCreary, and Mrs. Hurl McClellan.

Former Resident
Married in June.

Complimenting Mr. and Mrs. Kenneth Thomson of George West, Miss Newt Mell Hughes entertained from 8:30 to 10 o'clock Saturday night on the Kyle hotel roof with an informal reception and with a miscellaneous shower for Mrs. Thomson, who was Miss Laneta Howard of this city before her marriage recently.

Receiving the guests with the hostess and Mr. and Mrs. Kenneth Thomson were Mr. and Mrs. F. C. Thomson, Mrs. Pearl Bennett and Miss Ara Davis.

Baskets of daisies and greenery decorated the roof.

During the evening a musical program was given.

Mrs. Wilbur R. King sang two numbers and Miss Doris Nell Twitty played several violin selections. Mrs. C. M. Porter accompanied both.

Mrs. W. H. Fischer played piano numbers in the evening.

Punch and cakes were served to between 50 and 60 guests. Among the out of town guests were Mr. and Mrs. Louis Thomson of Gatesville and Miss Elizabeth Austin of Belton.—Temple Telegram.

Friends in Gatesville will remember the former Miss Laneta Howard as being connected with the Thomson Grocery Co.

How many of you read anyway? Last week my announcement slipped into a loose leaf section and I find it today. Of course the editor was at fault, as is always the case until I found the sheet all written out snugly between two unused pages. Here it comes today.

TWO OF QUINTS STAND FOR FIRST TIME AS OTHER 3 WATCH IN ENVY

Callander, Ontario, June 28. —Yvonne and Cecile Dionne entered their fourteenth month Friday with their feet on the ground. The first of the quintuplets to stand up, they were

the envy of Sisters Annette, Emilie and Marie, who, after a vain struggle to emulate them, tumbled back in their play pens.

Dr. Allan Roy Dafoe, the country physician who has attended them since birth, May 28, 1934, ventured no prediction as to when the five sisters will walk. They soon will be able to play in the yard, where Yvonne and Cecile, his choice of bright ones, may offer a sur-

prise.

For the present, Dr. Dafoe said, the quintts are content to crawl and sing. Unlike most children, he said, they revel in a bath and protest only when they are removed from their splashing.

The five are in excellent health. Their combined weight is 90 pounds, 3½ ounces. Annette and Yvonne are the heaviest, each 19 pounds, 2½ ounces,

Marie the lightest at 15 pounds 14 1-4 ounces. Marie, however, is doing wonderfully, Dr. Dafoe said.

None is able to talk beyond a gurgled "Mama" and "Mo-o," but they maintain a ceaseless singsong chatter as they wriggle in their play pens. Their doctor expressed the hope they would grow into attractive brunettes.

LOCAL HOTEL COMMITS FAUX PAS OF SEASON; SERVES COWMEN LAMB

Major faux pas of the 1935

luncheon club season was chalked up against a local hotel Thursday.

At a luncheon at which the guests of honor were a group of old-time cattlemen and cowboys, hosts for the occasion tried to conceal blushes of embarrassment when lamb chops were served as the meat course.

The cowhands, many of whom could recall the days when it was a shooting matter to dally a man a sheepherder or sheep eater, took the matter as a joke.—Dallas Morning News.

The County Baseball League has slumped in interest in one respect, that of notifying the News of game results, however, much interest is shown when games are played judging from the attendance.

The past week end we have one result from the Saturday games, State won from Pidcoke by forfeit. We have all reports from games played on Sunday, Liberty lost to Hubbard 6-13; Pirmela lost to Osage, score of which is not known. Mound defeated the Levita aggregation 9-4.

Below are the Teams' Stand-

The golf tourney held here the past week found Coach Wisdom of Stephenville the outstanding golfer. Wisdom besides playing golf here on that day also made it a business trip as well as for pleasure. This writer had a chat with him in the interest of landing three local athletes in John Tarleton College. They have been highly recommended to Wisdom, and would make that institution good men, and in turn will

receive worthwhile intellectual knowledge from that well-known junior institution.

We're hearing several commenting about the Hornet football team of 1935, of which we're still in the dark, are maybe we should say, will not open our mouth. Several are of the opinion that ten lettermen will be back this fall, and the writer was for awhile, however, we've been told that only eight lettermen will return. We've been listening (for a change) to what fans have to say, and will not boast of the team of this year, however, with more enthusiasm being created, the Hornet material is considered better than it was this time last year.

DOLORES DEL RIO COMING TO REGAL SAT. NITE IN "IN CALIENTE"

"In Caliente," First National's latest musical offering with Dolores Del Rio and Pat O'Brien in the stellar roles has been booked for the Regal Theatre beginning Saturday night at 10:30, also showing Sunday and Monday. Busby Berkeley, famous creator of screen spectacles, has staged three big song and dance numbers entitled "In Caliente," "Lady In Red," and "Muchacha." In the latter number Phil Regan as a bandit chief, does the singing while Dolores Del Rio is featured in a dancing review.

"Lady in Red" is sung by Winifred Shaw, musical comedy star, and "In Caliente," the title song, is sung by a group of entertainers. Another number, a ballad entitled "To Call You My Own" is sung by Phil Regan. Pat O'Brien portrays an ultra sophisticated magazine editor who is brilliant but inebriated a large part of the time. He gets mixed up with a chiseling blonde, so his employer kidnaps him and takes him to Caliente to try to sober him up.

There he meets Miss Del Rio, in the role of a famous dancer, and falls for both herself and her dancing, forgetting that he had once written a vicious review about the girl.

Glenda Farrell, who plays the part of the blonde menace, will not give Pat up, until she discovers that his employer, played by Edward Everett Horton, has more money. Leo Carrillo is the rascally uncle of Miss Del Rio, who tries to profit by the entire transaction.

Others in the cast besides Phil Regan and Winifred Shaw, include Dorothy Dare, Luis Alberni, George Humbert, William Davidson, Harry Holman, Soledad Jimenez, Herman Bing and Florence Fair.
