## Commencement Friday Night; Recreation Program Is Launched

### Many Awards Are Presented

Pat Higgins was pianist for the processional and recessional and Jerry Perry offered prayer at Commencement services Friday night, 34 young people receiving their diplomas.

Music was rendered by a trio, composed of Myrl Sudduth, Jerry Johnson, Lynn Griffin and Raymond Mittel.

On her satutory address, Nell Williams welcomed the audience, and expressed appreciation to parents, school patrons and teachers for their assistance and loyalty during the past. Looking toward the future she expressed the regrets the Seniors have at leaving school, but stressed the pleasure there would be in "pressing on toward perfection" and carrying out the aims of the class motto.

The valedictorian, Ann Williams, expressed the hope that the class would be prepared to help carry out the aims of democracy, to work out a better way of life for the people of the world, and to work toward ridding the world of conditions which prevail because that way of life was not based on truth.

Dr. Frank E. Royal, of Hardin Simmons, pointed out in his address that such ways of handling life as running away from problems, refusing to face them, and taking the path of least resistance will not dispose of situations satisfactorily. He stressed the fact that life must be planned, that it must be disciplined, and that it must be dedicated, with Jesus as the center of all things.

The speaker was introduced by T. E. Holcomb, superintendent of schools. Awards were presented by Joe Andrews, High school principal, and diplomas were given out by Henry Speck, president of the school board.

These awards were made: Perfect attendance: Nell Williams, Ann Williams, Myrl Sudduth, Pat Higgins, Bill Holcomb, Daisy Jeffrey, Monty Hill, Bill Gaynor, Billy Parker, Cecil Jeffrey, Sherrill Dannheim, Herman Phillips, David Kuykendall, John Ed Meador, Billy Williams, Christy Sauer, Ruth Williams, Joy Dodd, Roy Short, Dwain Sauer, Alvin Atkinson, Emma Lou Menees.

Scholarship: 12, Ann Williams, Myrl Sudduth; 11, Jean Kuykendall, Jerry Pennington; 10, Ia Jean Boyer, Bob Ratliff; 9, Jimmie Dell Williams, Herman Phillips; 8, Dick Runge, Christy Sauer; 7, Mary Jo Parker, Dan Mittel;

Lions Awards, 7 and 8th, Mary Jo Parker; and HS, Jimmie Dell Williams.

Sausch and Lohm Science Award Myrl Sudduth.

Danforth Foundation Award: Jorgi Lagow, Myrl Sudduth.

Valedictorian: Ann Williams.

Salutatorian: Nell Williams.

Readers Digest: Ann Williams.

Ann and Nell Williams, scholarships to Mary Hardin Baylor.

Ann and Nell Williams and Myrl Sudduth, scholarships from Texas Council of Church Affiliated Colleges in Texas.

Several will attend summer school; among these are Paul Pena, who will go to SAC, Raymond Mittel, who will enter A and M, and Nell Williams, who plans to enroll at ACC.

Reception Follows

After the program Mr. and Mrs. T. E. Holcomb and Mr. and Mrs. Joe Andrews were hosts to parents, graduates, trustees and faculty with a reception in the home ec rooms. The serving table was centered with a bowl of cut flowers, and punch and cake was served.

Last Event Saturday

On Saturday morning the buses made their regular runs and students were given their report cards as a concluding event of the school year.

There will be the usual closing-of-school record work, occupying the attention of the superintendent and principals, and beginning of the summer home ec projects and 4-H work.

A county-wide summer recreation program "for kids from 8 to 80" will get under way June 7, under sponsorship of the American Legion Post, and supported financially by various organizations and individuals.

Clarence Warren, athletic instructor in the school, will be summer recreation director.

Any who wish to contribute to the program may do so by contacting Bill Lester, C. T. Waller, Ken McAllister or any other member of the Legion.

Among those contributing to date are American Legion \$100, Jack Hext \$20, Methodist Men \$50, Lions Club \$50, Parker Foods \$25, Topliffe Gas & Electric Service \$15 and there are two anonymous

donations totaling \$58.

The Ohio Oil Co., has moved the backstop in from the athletic field and set it up just north of the courthouse under direction of Junior Densman. Palmer West has had the city maintainer out grading the field. Cameron's donated wire for the backstop.

The entire program will be held out of doors, with both boys and girls participating, and all events taking place on the lot northeast of the courthouse. Specially stressed will be baseball and softball.

The tentative schedule is as follows:

Morning, instructional practice.

Afternoon, teams to be made up and a round robin schedule to be set up according to age groups.

### GOOD RAINFALL SUNDAY NIGHT IS WELCOMED

A rain which was general over the county fell Sunday night, bringing much needed precipitation to ranches and farms. Farmers are reporting that crops look fairly good, but that there is still no reserve moisture in the ground, and young plants are getting along from rain to rain.

It rained in these places:

### Agent Announces Soils School Saturday

Ranchers and farmers, 4-H Club boys and merchants are invited to attend a soils school Saturday, May 29, at the San Angelo Junior College at 9:30 a. m. This activity is sponsored by the District III Extension Service District.

P. G. Haines, soil conservationist for the extension service will be in charge. Today more than ever before, it has become increasingly important that ranchers and farmers as well as merchants, know surface texture, permeability, tilth, erosion, depth, slope and drainage in order to more efficiently manage their places for maximum production and still keep the land in a state of high productivity.

Should you attend, you yourself will be asked to determine the condition of several soil classes out in the field under farming and ranching conditions.

### Fundamental Pastor, Rev. Cliff McDougal, Leaving For Burnet

Rev. Cliff McDougal, minister of the Fundamental Baptist Church a year and a half, leaves today for Burnet, where he will become pastor of the Bible Baptist Church. Rev. McDougal offered his resignation to the congregation at the services Sunday night. The church has made no plans as yet for a successor.

Their daughter Carol Ann will enroll in Burnet High-School and the boys in the elementary school. His new charge is larger and offers considerable advancement.

### YOUR LEGION

Next Thursday, June 3, the nominating committee will announce the coming year's officers and the Post will vote on same.

On May 31 the Borderland Shows will be in Eldorado for one week under the sponsorship of the Legion and will be located across the street from the West Texas Utilities.

### Minister Dunn Leaves For Seagraves Position

Quentin Dunn, minister of the Rock Church of Christ nearly two years, left with his family Tuesday for Seagraves, where he will be minister of the Church of Christ.

He accepted the call early in May and gave up his work here, but did not move his family until school closed.

Jess Thompson, who has been on the sick list for some time, entered the veteran's hospital for examination and treatment at Big Spring last week.

### Post Script

With school out, young people have been scurrying around to find summer jobs, which are not too plentiful. In other years some young men have found employment with Ohio Oil Co., but C. O. Dewey, production foreman, states that his company has no drilling operations or in this county, hence need no help.

The old windmill at Will Isaacs' place, an old landmark in Eldorado, is being moved out to the ranch. The place in town has been connected with city water for some time, and the old well will not be used again unless a motor is installed for pumping.

Cultivated fields are looking fine since the rains and quite a lot of cotton is up and is being worked this week. Pastures all over the county, especially those not overstocked, are reported, making a good come-back and farmers and ranchers are more optimistic than they have been for some time.

At the same time most cotton farmers are quick to point out that they are a long way from "having it made." Most of them report that their crops are living from one week's rain to the next. There is no reserve moisture, and insect infestation has shown up.

People moving, new folks, etc: Myers Johnson and family, back in Eldorado after a teaching year at Rochelle, at home in Ratliff apartment while he roughs it up in county this summer.

J. D. Harlow, to Roy Andrews rent house.

K. E. Jernigan, Crosby apartment.

Frank Reynolds and family, back in town as renters in a Phillips house.

R. W. Scott to Hoyt Smith house. Floyd Randolph to Arthur Mund house.

John Sellers to Phillips house. M. Z. Stevens in Atkins house. J. W. (Dub) Smith, back in Eldorado, renter in Riley house.

C. O. Bruton was pleased with the rain which fell on his crops, especially the moisture on his 16 acres of blue panic grass which is his first try at this new seed.

The Eldorado Wax Co. "cooked off" its first carload of wax last week and shipped it on to its destination.

After printing last week's article on the subject, we have had it explained to us how the carload of hardened wax is unloaded:

The tank cars are special cars made with a lot of coils in the bottom. When they reach their destination, a connection is made and hot steam is circulated through the coils—melting the wax again so it will flow out.

Nothing to it!

Lions Club sponsors of the Boy Scouts are desperately looking for someone to go with the Scouts on their camping trip to Camp Fawcett, beginning June 7. Any man who feels that he can take over this important job is asked to talk with committee chairman Roy Phelps.

## Wool Crop Soon To Be In Warehouse

Although interrupted briefly during the week by rains, shearing is progressing rapidly in the Eldorado area and it is estimated that 80 per cent of Schleicher's sheep have been shorn. With another week of favorable weather, the 1954 clip will all be off the sheep's back and in the bag. No losses of freshly shorn sheep were reported following the rains.

A material increase in fleece weight is notable in the new wools, many fleeces reported to have yielded 3 pounds to 4 pounds heavier fleeces than in past years. This may be attributable to heavy feeding over a long period and the

possibility of having accumulated a little more soil than usual.

Markets for 12-mos. wool have been quoted as rather quiet for the week and trading on a somewhat "spotty" basis with only a limited number of wool firms in the market with buying orders, while 8-mos. wools have been in strong demand with a large portion of Southwest Texas clip of short wool believed to be sold.

The Eldorado Wool Company is reported to have sold over the past week approximately 100,000 lbs. of twelve-months at prices said to range from 63 1/2¢ to 73 1/2¢ per lb., with one small lot of choice wool at 75¢.

### WOMAN'S CLUB CLOSES OUT YEAR WITH LUNCHEON

A luncheon at the Memorial building Tuesday noon concluded the Woman's Club year, the social committee, Mrs. Keno Ogden, Mrs. W. T. Huber and Mrs. Archie Mittel, making the arrangements. Decorations were white moon flowers, petunias and roses.

Eighteen members and two guests, Mrs. James L. Spencer and Mrs. Ralph Fowler, attended, and Mrs. Pete Ringle was introduced as a new member.

Mrs. Keno Ogden made the speech of presentation when the club presented a gift to Mrs. Walston. Annual reports were made by the officers as follows:

Parliamentarian: Mrs. Ernest Nimitz. Historian: Mrs. J. E. Tisdale. Treasurer: Mrs. Palmer West. Secretary: Mrs. L. D. Christian. 2nd vice: Mrs. Keno Ogden. 1st vice: Mrs. James Page.

Conseller: Mrs. Edwin Jackson. President: Mrs. Jess Walston.

Mrs. Jackson was installing officer when the new slate of officers took over their new duties. These officers are the same as above, except that Mrs. J. E. Spencer is new parliamentarian and Mrs. Archie Mittel historian.

An auditing committee composed of Mrs. Jackson and Mrs. Spencer, was appointed.

Mrs. Walston leaves Saturday for the General Federation convention at Denver, Colorado.

### GEORGE CALES' FATHER DIES AT PORTLAND, OREGON

George Cales received word of the death on May 24 of his father, George A. Cales, 86, retired farmer and carpenter-contractor, at Portland, Oregon. He had a heart attack on the 14th.

Mr. Cales left immediately for Lubbock, to stop for Mrs. Cales and Janice, who had been visiting there, and all went on by car to Winfield, Kansas, for funeral services and burial in New Salem Cemetery. The funeral is scheduled to be held Friday at 2:00.

His wife died in 1925. He is survived by 11 children—six sons and five daughters—a large number of grandchildren and other relatives. He was born in Indiana but had spent most of his life in Oklahoma.

### FAMILY OF WILL DOYLE HERE DURING HIS ILLNESS

Will Doyle remains quite low and members of the family have been at his bedside since his recent stroke. These include the children who live here, also Mr. and Mrs. Milton Doyle of Roby, Mr. and Mrs. Gray Blackmon of Seadrift, Mrs. Bill Richard Bilharz and son Richard of El Paso, and Mr. and Mrs. Dee Roach of San Carlos, California; a brother, Dan Doyle of Rising Star; five sisters, Mrs. Frank Baker, Mrs. Betty Baker and Mrs. Hattie Baker, Mrs. Les Landers and Mrs. Olen Powell, of Lampasas. Here also are Mrs. Doyle's sisters Mrs. Euel Kirby and husband and daughter Peggy and Mrs. Virgil Porter and husband of Lampasas.

Mrs. Palmer West and daughter Dale of Eldorado and Mrs. West's parents Mr. and Mrs. C. W. Taylor of Sonora were in Alpine during the week end attending graduation exercises at Sul Ross, at which Billy Wright Taylor of Sonora received his degree, with a major in geology. All attended the reception at the home of the president Sunday afternoon.

### Doctors Get Letter Concerning TB

Eldorado doctors have received the following self-explanatory letter concerning pending TB detection and prevention programs: (more information available later)

A campaign called "search, quit on TB" is being launched in Texas. This is not a money-raising campaign, but rather a concentrated effort to determine the existing facts concerning tuberculosis and its treatment and to chart a course leading toward the eventual eradication of the disease. This campaign will be directed by the Texas Tuberculosis Association.

"Area 10 is composed of Schleicher, Tom Green and thirteen other counties. On Wednesday, June 9 at 1:30 p. m. in the Indian Room of the Cactus Hotel in San Angelo, and area organizational meeting will be held. Letters have been sent to the County Judge, the Co. school superintendent and the Co. Health Officer of each of these counties, but I think it is very imperative that we have clubs represented at this meeting. I am asking you to come and bring other interested parties with you."

Here for graduation and to visit in the J. Tom Williams home were Mr. and Mrs. W. J. Davis of Lawn, Mrs. R. E. Davis of Abilene, and Mrs. G. M. Sudduth of Eden.

### The Military

Billy Ray Jones will leave July 5 for New Jersey for induction into the Navy. He has been in the naval reserve at Howard Payne College two years, and will receive his diploma from that college this month; he has been majoring in physical education, and expects to teach when he has completed his period of service.

On June 5 he will wed Joetta Jones, daughter of the Baptist pastor, Rev. Aud Jones and his wife, at Notrees. The ceremony will be in the Baptist Church with Rev. Jones officiating. Miss Jones is a first semester senior at Howard Payne.

Second Lieutenant Lewis Kerr and his wife left Sunday afternoon for San Antonio, to visit Granville Kerr and family, and expected to go on to Houston, then back to their home in Philadelphia, where Lewis is stationed. He has been in the Marines 14 years. During his visit in Eldorado, several from out of town visited the family here: Mrs. Emil Mund and Mrs. George Faught of Fredericksburg, Jim Faught of Doss and J. T. and his wife of San Angelo—most of whom also visited other relatives also.

Second Lt. Gerald Harris has been at home for two weeks, on his way to El Torro, California, for a two weeks' course. He is the son of Mrs. Rance McDonald.

Harris Napier will join his wife, the former Jackie Henderson, at the Tom Henderson Ranch, upon completion of his basic about June 5, and will have two weeks furlough.

PFC Melvin Owens, who has been at home on furlough two weeks, will leave next Monday for Camp Pendleton, at Oceanside, Calif., for a month of combat training before going overseas to the Japanese area. Lewis Chancey, who is in the same platoon, has the same assignment. Accompanying the boys to Pendleton will be Wayne Dickens, son of Mr. and Mrs. Buster Dickens.

### 4-H BOYS WIN IN COMPETITION AT JUNCTION

Four counties and five clubs were represented at the wool and grass judging contest in Junction Wednesday. Eldorado 4-H teams made excellent showings and will enter the state contest.

Participating were 4-H and FFA boys from Kimble County and clubs from Menard, Gillespie and Schleicher counties.

Eldorado won an easy first place in wool and mohair judging. Jack Stewart, with 639 points, won high individual in wool and mohair judging, Bob Stewart with 630 points won high second, and Ronnie Mittel with 606 placed third, to bring the team's total to 1875 points. Second was Junction FFA with 1631.

The grass team was second—

and the grass and wool and mohair scores added up to a grand total of 2562, to place Eldorado first in overall judging, and Junction FFA second. High men on the grass team were Jim Runge, Dick Runge, Jim Whitten, and Ronnie Mittel.

Ronnie Mittel was overall high point man of the contest with 854 points. Jim Whitten, an alternate on the wool team, won second high overall individual honors.

In Sears Show

The boys exhibited 11 fleeces in the Sears Show. Ken Love placed 9th in the yearling fleece, Ronnie Mittel 7th with aged fleece and Bob Stewart 11th in aged fleece.

They sold out the 11 fleeces at 80 cents per pound.

Mr. and Mrs. Frank Benham left Eldorado after Commencement and Mr. Benham will probably attend summer school at North Texas.

## McLaughlin Buys Telephone House

General Telephone Co., has sold the company residence and office building occupied by Manager C. C. McLaughlin to the McLaughlins, and has moved the business office to the little office building on the lots.

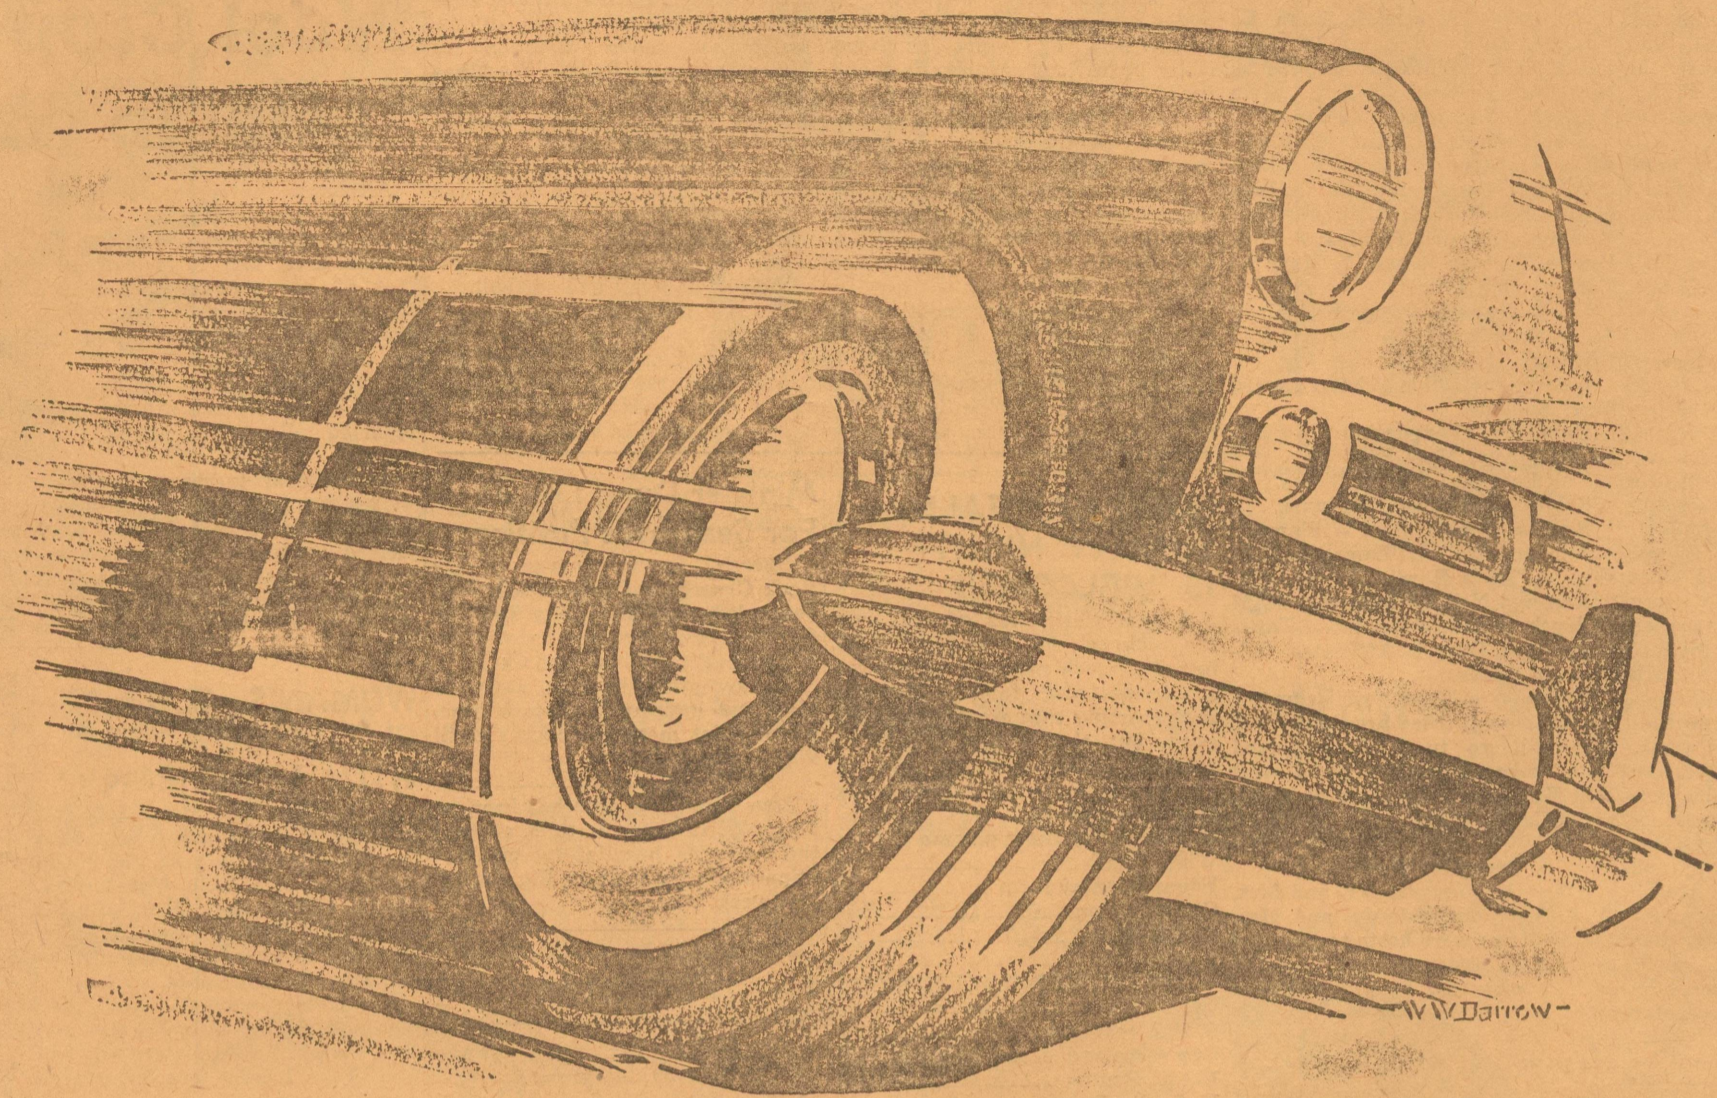

In keeping with their policy of selling excess property, they have retained only the dial building on the rear of the lots and the land on which it is located. The company sold Cameron's a lot at the rear last year.

Manager McLaughlin and his family will continue to occupy the house, but all office equipment has been moved to the little building which Max Henry placed on the lot at the west, and the company is renting this for an office.

Mrs. McLaughlin states that the office will be open each morning from 8:00 to 12:00 and in the afternoons from 1:00 to 4:00, except on Saturday when it will be open from 8:00 to 1:00. Bills are payable at the local office, they state.

For the summer Betty Hunt is doing stenographic work for Max Henry, who also has an office in the building.

The six-room manager's residence and telephone office was put up during 1922-23. Manager McLaughlin was in Eldorado at the time, working for the company on another project. "I did not know at that time that I would ever own the house," he states. The residence is built of native stone, and was recently enlarged and renovated.

## WHAT PRICE **SPEED?**

Speed—excessive, reckless speed is the greatest killer stalking the Nation's highways today.

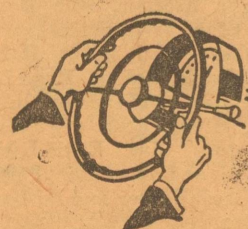

In one out of every two driver accidents resulting in deaths and injuries, speed is directly responsible for this carnage on the highways. Other lethal causes, such as cutting in and out, passing on curves and hills, driving off the roadway, are indirectly the result of quick bursts of speed.

And the speed death toll is climbing! Faster roads, super-powered cars urge drivers beyond their human limitations to a quicker and more frequent rendezvous with Death.

Rural highway fatalities due mainly to speed soared from 22,000 in 1949 to 28,200 in 1952 and over 31,000 in 1953. Those are the dead—and for every death count fifty injured, maimed, crippled for life.

Is this the price you and others are ready to pay for the momentary thrill and the ever-present danger of death from speed? It takes only a split second to change speed exhilaration into speed tragedy.

The decision is in your hands—be sane, be sensible, slow down and live!

**SLOW DOWN—LIVES ARE IN YOUR HANDS!**

## A Matter of Taste

WHOLE WHEAT flour, stone-ground at a century old New England gristmill in the way of a forgotten age, is prime ingredient in an old-fashioned bread-making recipe used by bakeries of Pepperidge Farm. Process is streamlined version of Grandma's methods.

BECAUSE ever-increasing numbers have developed liking for the bread made as it was in bygone days, plants bake 3,000 loaves hourly. It is sped to food markets by a fleet of International trucks.

Mr. and Mrs. Roy Phelps and three of their four children went to Dallas to visit relatives and to Fort Worth to take in the Western Auto showing of autumn goods. They also attended church services while there.

The doctor has dismissed Jerry Shugart after long treatment of an eye injury.

Mrs. George Cales, and daughter, Janice and Barbara Spencer are visiting in Lubbock.

LIKE MEDIEVAL bake shops where whole wheat doughs were hand-kneaded, women seated at sloping table skillfully slap and bang loaves.

Guests in the Fred Furr home were Mr. and Mrs. Savola Bolt of daughter Sue of Del Rio.

Ft. Worth.—A definite trend to early summer cattle marketing has developed in recent weeks, and on Monday the evidence of this situation was very clear. Cowmen are culling their herds earlier than usual in all of Texas' major cow country.

The day's cattle and calves numbered about 8,000, the biggest day's offering since last November. The run included the smallest supply of grainfed beef this year, and the percentage of aged cows and bulls in the run was the largest since last fall.

The cows came from all major cow-and-calf operating areas. Dozens of loads and smaller lots of aged cows came from the valleys of the Brazos, the Navasota, the Trinity and the Sabine Rivers as well as the country drained by the Colorado. The principal cow sections of north and northwest Texas also were represented, but in somewhat smaller numbers than the others on Monday.

Cowmen have several reasons for the early marketing of culled cows and bulls. First, they feel that prices early may be better than those later in the year. Second, they feel that it will help their grass to get these old cows and dry cows and bulls off early. Their grass will build better sod and produce more seed and if summer rains help it along, the ravages of the drought will be wiped out sooner if they are lightly stocked. Third, many of them have larger than usual numbers of young cows and heifers coming along and need the grass for them.

On Monday, drylot grainfed steers and yearlings of good and choice kinds were fully steady, some weighty yearlings stronger. Grassy heifers and yearlings, especially plainer kinds, 50¢ to \$1 lower. Cows were mostly 50¢ off, some fat cows off more. Bulls steady to 50¢ lower.

Strictly good and choice slaughter calves steady, others weak to 50¢ lower. Choice stockers scarce and mostly steady. Plainer stockers around \$1 lower, some common kinds off more.

The Thad Dildine family met other relatives recently at a park in Christoval for a family get-together and outing. The Dildines' daughter Ramona will spend the summer in San Angelo where she will have employment. Elmo Dildine has been a visitor in the Dildine home and will visit other relatives in San Angelo and Odessa also.

Mary Lucille (Toddy) Bierschwale, age four, newly adopted daughter of Mr. and Mrs. Bill Bierschwale, was honored with a miscellaneous shower of gifts at the Memorial building Friday, with Mrs. W. T. Huber and Mrs. L. P. Haynes as hostesses. Punch and cookies was served and the honoree was presented with many nice gifts.

Mr. and Mrs. Howard Mittel and new baby arrived home from college last week to visit Mr. and Mrs. Frank Clarke and Henry Mittel. Howard will attend college at Junction the first six weeks and will return to A&M for the second summer term.

Neville Pressley Clarke, son of Mr. and Mrs. Frank Clarke of this county, has completed his seven-year course in veterinary medicine, and has been awarded the degree of Dr. of Veterinary Medicine by A&M. He has returned to Schleicher to practice for a short time, then expects to go into the air force. He will take his state board tests early in June.

**Presbyterian News**

The daily vacation church school got off to a fine start Monday with about 31 pupils and 8 teachers and leaders, in attendance. Children and leaders were very enthusiastic in their work. It will run for two weeks every day except Saturdays and Sundays. Plans are already under way for part of the closing program to take place in the sanctuary on Sunday night, June 6.

Calendar for the week:  
 Sunday: Sunday school 10:00.  
 Morning worship 11:00.  
 Evening worship 8:00.  
 Monday thru Friday: Church school 8:45-11:00.  
 Wed: Mid-week meeting 8:00.  
 Choir rehearsal 8:15.

Like a death in a family which everyone knows is going to happen but no one is quite prepared for, the Supreme Court knocked out segregation in public schools in a historic decision last week.

In reversing a half dozen prior decisions of that court on the subject, the Court held for the first time in judicial history the "separate but equal" doctrine no longer obtains. The courts in the past, going back to 1896, have uniformly held that equal treatment is accorded a student when the races are accorded substantially equal facilities even though these facilities be separate. Such eminent jurists as the late Oliver Wendell Holmes and Charles Evans Hughes upheld that doctrine.

In thus throwing overboard prior uniform decision on the subject, the question of further encroachment by the judicial upon the legislative prerogatives is raised, and the decision, based upon "psychological" reasons, raises the inevitable question of further encroachment upon States' rights in dealing with matters pertaining to education.

But the Supreme Court, the Court of last resort, has spoken, and we must now operate under what the law is and not what we may think it should be. In some Southern States public schools will be discontinued and replaced by private schools. Perhaps more generally, made easier by segregated areas of population, there will be "segregation by choice" as a practical solution.

Returned questionnaires from our district have now been tabulated. Many thousands of returns give a fairly accurate barometer of public opinion on a dozen current issues before Congress and the American people.

President Eisenhower continues to command widespread confidence in our area. On the question of "Do you think that, in general, President Eisenhower is doing a good job?" 83 percent answered "Yes" and 9 percent said "No."

Sixty-three percent favor flexible as opposed to rigid 90 percent support for farm commodities,

**Keep Records To Save Tax Headaches Next Year**

There is no time like the present, while the great battle of Form 1040 is still fresh on your mind, to start a procedure that will aid you with next year's income tax calculations. That is to maintain a record of your income and outgo. Such a record can be simple and brief but it may save you tax dollars.

The average man who works for a wage or salary doesn't have to concern himself about keeping books and records—at least so he thinks. His employer keeps a reliable record of his earning and Uncle Sam looks primarily to the employer for information on his earnings and for the withholding of various taxes out of his wages.

But whether or not you run a business of your own, you have a partner who each year is claiming a substantial interest in your personal income. And the law requires that you keep books for him in case he ever asks for an accounting.

Perhaps you own your home or are paying it out in installments. It's likely that some day you may sell that house. When you do you will want to be able to prove whether you realized a gain or a loss on that sale. If a gain in capital resulted, it probably will add to your income tax. If a loss was suffered, it probably will reduce your income tax.

You may have made certain capital improvements on the house while you lived in it, but unless you can show what out-of-pocket expense you incurred while making them, you may not get credit for them in your cost basis so as to prove that you had no capital gain or that you had a loss.

Or perhaps you received that little summer cottage on the lake as a gift from your father. If you ever sell it, you should be able to show Uncle Sam not only the cost

of improvements you made on it while you owned it, but also what its fair market value was at the time Dad gave it to you.

It may be that you are receiving an annuity on an insurance policy. If so, do you know how much that policy costs you and how much of that cost you have recovered tax-free to date?

There are many kinds of transactions you enter into that may some day affect the computation of your personal income tax. The best proof of the cost of anything you've purchased is a receipted bill or canceled check. If one of these pieces of evidence relates to any transaction that may affect your income in later years, it's a good idea to keep it. Your "partner" may some day ask to see it.

Mrs. James L. Spencer left Wednesday (yesterday) for Del Rio where she will attend the wedding of her niece, Miss Charlina Sinclair. From Del Rio she will go to Laredo where she will attend the Commencement exercises in which another niece, Miss Annette McCauley, will graduate from High School, on Friday night. She will return Monday or Tuesday.

Mr. and Mrs. George Gandy were in Waco Saturday evening and Sunday visiting relatives.

Charlene Atkinson is one of the graduates from SAC this month. She is the daughter of Mr. and Mrs. Alvin Atkinson.

COULTER'S have received a nice assortment of baby necessities and gift goods. Let us show you what we have.

Lester Early, accompanied by his family, have come to San Antonio where he will re-enter Nicks Hospital for further examination and treatment.

Sheriff and Mrs. Morris Lear of Crane visited Wednesday with Mr. and Mrs. Roy Boyer.

The C. O. Dewey family will leave soon on a three-weeks' vacation, visiting relatives and fishing.

**Runge Entertain School With Barbecue**

Superintendent T. E. Holcomb wishes to express the appreciation of the faculty and student body for a fine barbecue lunch furnished by J. Forrest Runge at noon May 20th. The entire school was served a meal of potato salad, barbecue,

western style beans, onions, pickles, bread, and pineapple cake, and punch. Mr. Runge is to be commended for his thoughtfulness of the children and schools of his community.

Mrs. Ray Tisdale and three children have moved to Abilene for the summer, to attend ACC, where she expects to receive her degree.

Joe Sockwell, formerly field geologist with Sun Oil Co., in the San Antonio area, and his wife, have moved to Dallas where he is now assistant to the regional geologist, of the Southwest Division.

Leslie Woolard, English teacher in the High School and his aunt Miss Ada have moved back to Bronte to spend the summer.

Grain Elevators Started

Construction of the first of ten steel storage tanks on the new 200,000 bushel grain elevator being built here by Jim Daniel, got under way the first of the week. The elevator when completed, will be one of the largest grain storage structures in West Texas. Completion of the 10-unit, 200,000 bushel

storage elevator is June 1. Special steel workers in this type of construction are doing the steel tank work.—Eden Echo.

New School Room

Most of us who have children in school have been aware for some time now of the crowded conditions existing in our present school system. Plain fact is we don't have room for our present enrollment, and we don't know exactly what we are going to do between now and the time new buildings can be completed.

After much serious thinking on the problem, our school board and administrators believe that in the long run a new high school plant will solve the crowded conditions. The junior high school can then take over the present high school building, the fifth and sixth grade will have the old elementary buildings and the first four grades the present elementary building.—The Big Lake Wildcat.

Pastor Honored

The Rev. and Mrs. J. E. Winslow will be honored at a reception Sunday afternoon (May 23) at St. John's parish house from 4 until 6. Rev. and Mrs. Winslow are leaving June 1 to make their home in San Benito, where Mr. Winslow will be rector of All Saints Episcopal Church.—Devils River News.

Bank Remodeled

L. T. Youngblood is announcing that the formal opening of the First National Bank will be held Saturday of next week, May 29.

At that time, the public is being invited to tour the bank's newly modernized quarters.

The bank opened for business in the new quarters last Friday and every one seems to be more than pleased with the job of remodeling which was done. The Enterprise editor was with a customer a few days ago at the bank, who said "This bank may not be as big as some, but it's just as nice as any in San Angelo or Abilene.—Bronte Enterprise

Pastor Retires

The Rev. H. E. Willmann, pastor of the First Methodist Church here

the past four years, announced this week that he is retiring from the active ministry. He will conduct his final service here this Sunday.

Rev. and Mrs. Willmann will move to Llano where they have purchased a home. They will take up their residence there Monday. A minister to replace the local pastor will be named at the Southwest Texas Conference of the Methodist Church in San Antonio May 26-30.—Menard News.

More Roads Needed

A public meeting to discuss the matter of issuing bonds to construct additional highways in the western part of Coke County will be held next Monday night, May 24, starting at 7:30 P. M. at the school cafeteria in Robert Lee.

With enormous development of more oil fields in the northwest corner of the county, it is apparent that new roads are badly needed. It is also pointed out by public officials that the only means of financing such projects would be through bond issues in Precincts 1 and 3. County officials have made preliminary surveys and are ready to explain the proposals to the public.—Robert Lee Observer.

Work On Grandstand

Work on the steel grandstand for the Mertzton football field is progressing rapidly and as soon as welding is completed, the actual construction work will be started. The field was recently reseeded and is getting a nice cover of Bermuda grass. The school board is planning to build rest rooms near the grandstands, and at the same time refreshment booths will be built.—Mertzton Weekly Star.

Clinic Expands

Expansion of the clinic-office of Dr. C. E. Oswalt, Jr., Second and Water Streets, was begun last week-end to provide additional office space and facilities to be required in July when Dr. Wade Greathouse, becomes associated with Dr. Oswalt in general practice here. Currently Dr. Greathouse is completing intern training in Parkland Hospital, Dallas.—Ft. Stockton Pioneer.

Recipe of the Week

MARZETTI

- 1 pound ground beef
- 2 tablespoons shortening
- 1 large onion, chopped
- 1—8-oz. can mushrooms (stems and pieces)
- 3/4 teaspoon salt
- 1/4 teaspoon black pepper
- 1/4 teaspoon Oregano
- 1 can condensed-tomato soup
- 1 can tomato paste
- 1/3 cup water
- 4 ounces medium noodles
- 1/2 pound sharp cheese
- 1 tbs Worcestershire cause

Brown meat in shortening add onion, green pepper and mushrooms. Cook until tender. Add seasonings. Combine tomato soup, tomato paste, water and Worcestershire sauce. Cook noodles in boiling salted water. Grease an oblong casserole, medium sized. Place a layer of noodles on bottom then a layer of meat, cover with sauce and half the cheese which has been sliced thin or shredded. Repeat. Bake for 45 minutes at 375 degrees.

Endrin, Best Yet As Cotton Insecticide

College Station.—Endrin, a newcomer to the insecticide world, this year takes the cotton insecticide spotlight. Entomologists report that it comes as close to an all-purpose cotton insect control as anything yet tested.

A close relative to diellrin, endrin is now widely used to control bollworms, boll weevils, thrips, cotton leafworms, cotton fleahoppers and lygus bugs.

Endrin appears for the first time this year in the official Texas cotton insect control recommendations. U. S. Department of Agriculture researchers have tried it under a wide variation of growing conditions in Texas, Louisiana, South Carolina and Mexico.

In Texas, endrin is recommended for boll weevil and cotton leafworm control at rates of one-fourth to one-third of a pound to the acre. Bollworm treatments call for applications of one-third of a pound per acre.

This welcomed newcomer, however, does not control pink bollworms, aphids and spider mites. And like other insecticides, specialists caution users of endrin to adhere closely to the directions of the manufacturer. It is toxic not only to cotton pests, but also to man and warm-blooded animals.

UTILITY ADVERTISING WINNER OF FIRST PRIZE

Recognition of outstanding achievement in the field of utility advertising came to West Texas Utilities Company this week when it was named as winner of a first place national award in the 1954 Better Copy Contest sponsored by the Public Utilities Advertising Association.

The award was announced recently at the annual convention of the Association in Boston, Mass.

This year's contest attracted a record of nearly 2,059 entries in 22 separate classifications. Electric, gas and transportation utility companies from practically every state in the union and from Canada and Hawaii were represented.

The Better Copy Contest of the Public Utilities Advertising Association is the oldest and largest continually conducted advertising competition in the United States. The contest just closed was the 31st of its kind and it has grown steadily in importance and size throughout the years.

Today the awards presented by this association are as the highest recognition attainable in the utility advertising field.

Judges in the 1954 contest were without exception high in their praise of the quality of material submitted and stated that they found final decisions difficult.

Captain New Killer Of Black Spot On Roses

College Station.—Rose growers troubled by black spot on rose leaves will welcome captain, a new effective control. This new substance added to a spray is a sure control for the number one enemy of roses.

Black spot first appears on rose leaves as tiny dark spots which spread and kill the leaf. It may also cause leaves to turn yellow and drop off. The loss of leaves weakens the plant and single flowers or pale flowers may form. Black spot causes die-back which begins at the bloom and runs all the way down to the roots.

Sadie Hatfield, homestead improvement specialist for the Texas Agricultural Extension Service, says roses need to be treated within 24 hours after every rain. When the weather remains cloudy for a long period, roses should be sprayed once every ten days.

Various effective treatments for black spot are available, but sprays containing captain will stop black after it has started.

If sprays containing captain are not available, use a light dusting of copper-sulphur dust or 325-mesh sulphur. Another control is Bordeaux spray which should be used according to directions on the container.

"High-Priced" Mistake

Maybe you noticed the big "ad" Red Smith's Furniture Store ran in The Clarion last week.

One item caused some embarrassment around here. It read: "4-piece Bedroom Suite, regular price \$119.50, bargain price \$119.50." Guess I didn't "proof-read" too well, and when our pressman asked for the go-ahead, I yelled, "Let 'er go."

All kinds of jokes about the mistake. One fellow asked if Smith's was holding the price line so tight it just snapped. Turned out fine in the end—Red

Smith's sold that suite for the real sale price, of course.

From where I sit, it's lucky my carelessness didn't cost Red any business. I'm the one who's always "experting" on being careful—careful of our responsibilities, careful of our neighbors' rights. Even careful to respect the other fellow's preference for a glass of beer. Let's all make a bargain to be more careful in the future.
