Commissioners OK Panfork Road

Collingsworth County Commissioners Court in its November 14 meeting voted unanimously to accept the provisions of the State Department of Highways and Public Transportation Commission on the Panfork

FM Road, according to the minutes of that meeting. The minutes noted that the commissioners court is in agreement with the provisions of the Highways and Public Transportation commission Minute Order

No. 81351-00058. "Whereas Collingsworth County through its Commissioners Court is in agreement with the provision of said Minute Order No. 81351-00058 it is further ordered that Collingsworth County acting herein by and through the Commissioners Court, accepts and agrees to the action taken by the State Highways and Public Transportation Commission," the Collingsworth Commissioners Court minutes read.

The highway commission Minute Order designated the farm to market road as extending from US Highway 83 eight miles north of Wellington, east and south, approximately 4.2 miles to Panfork Camp, a distance of approximately 4.2 miles subject to conditions that Collingsworth County will furnish all required right of way, clear of obstructions and free of cost of the state, and acquisition procedures

Christmas Blessing Fund Receives More Donations

The Christmas Blessing Fund has received contributions totaling \$594.06 so far this year. The fund is being used to help needy families in Wellington and Collingsworth County during the Christmas season.

Donations are being accepted at an account at Wellington State Bank. Those wishing to donate should contact Judy Forrester at the bank.

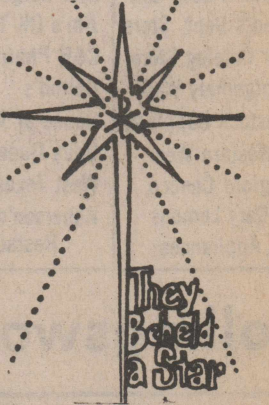

The fund is being used to provide holiday season assistance, such as food, clothing or toys for children, to underprivileged families.

Applications for assistance from the fund are available in local church offices, the County Judge's office, the Community Action Center, and at The Wellington Leader.

Applications will be accepted for review by a local committee through 4 p.m. Thursday, Dec. 22.

A few applications for help from the fund have already been received.

Donors to the fund this week are Tom Caterlin, J.P. Sikes, Mr. and Mrs. T.H. Rainer, Larlu Hays, Myra Hays, Mr. and Mrs. John

Brim, First United Methodist Church Pathfinders, R.R. and Lera Mae Hightower, Mr. and Mrs. H.C. Hall, J.B. and Mary Stevenson and Virginia Robey.

Methodists Hold Dinner, Bazaar Sat.

The annual Community Christmas dinner and bazaar will be held by the women of 1st United Methodist Church Saturday, Dec. 10, in Bura Handley Community Center.

More than 400 Collingsworth area residents and visitors will be there to eat turkey dinner with all the trimmings, cooked by recipes that the Methodist women have perfected through the years that they have held the dinner.

Serving hours will be from 11:30 a.m. to 1 p.m.

This year, space for the dinner and bazaar will be more than double that of any time in the past, for both the auditorium and club room of the community center will be opened, so the area will not be crowded.

Both the dinner and bazaar are sponsored by United Methodist Women.

Mrs. Cal Hurst is overall chairman for the dinner. The bazaar will open at 9

a.m. and continue until about 1 p.m.

There will be paintings, handicrafts and many hand made items in a variety of price ranges. Home baked goods and canned specialties will be featured.

Overall bazaar chairman is Mrs. Cliff Campbell. Mrs. John Sherman and Mrs. John Holton are art co-chairmen; and Mrs. Sandy Covey and Mrs. Jerry Lewis are the crafts

chairmen. Mrs. Henry Sullivan and Mrs. Grant Wooldridge are in charge of the baked goods.

The decorating chairman is Mrs. Velton Sargee.

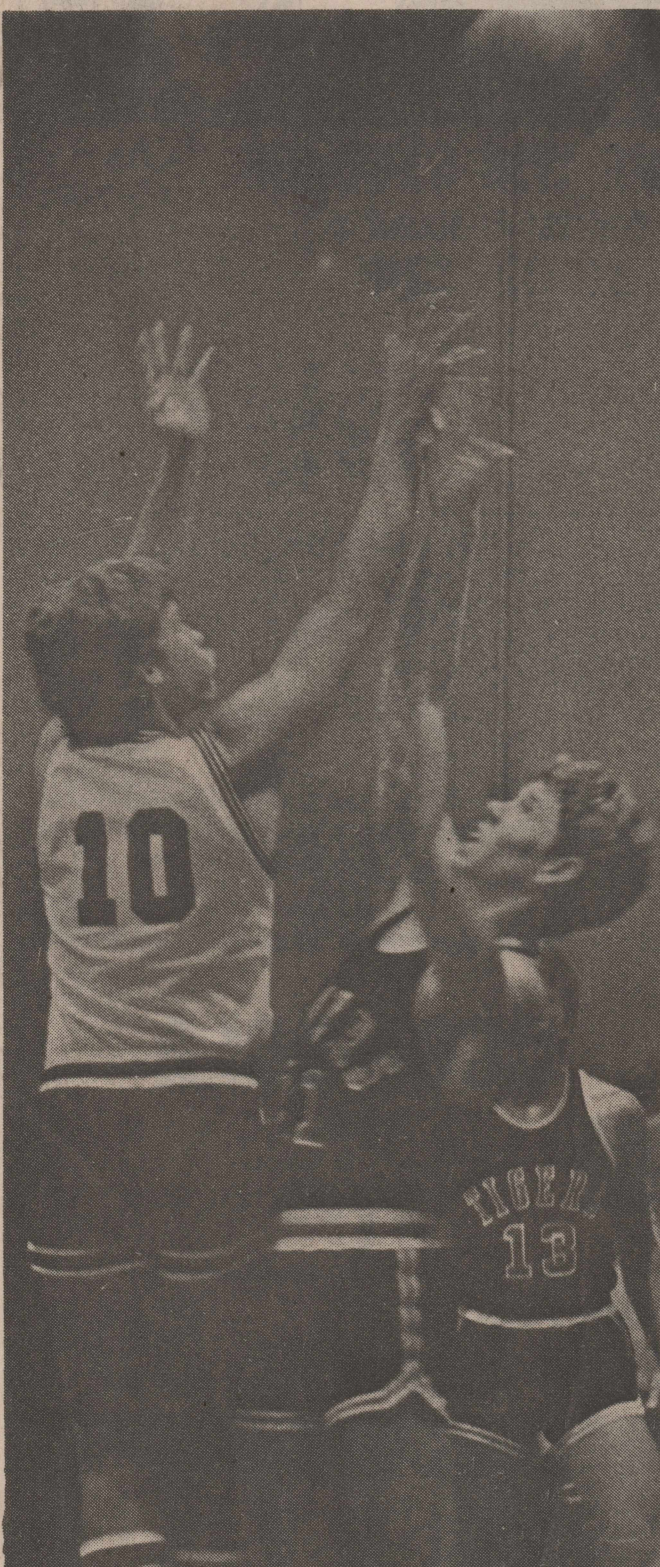

The popular "Second Time Around" table will be repeated with Mrs. E.F. Bartlett and Mrs. Bryan Denley as chairmen.

Always present for the turkey dinner and bazaar are visitors coming from up to several hundred miles

away, many of them former residents who take this opportunity to visit with friends and renew friendships, Mrs. Hurst reminded.

Proceeds from the dinner and bazaar will go toward the purchase of a system which will allow the church to play pre-recorded carillon music.

This is a project officially adopted by the United Methodist Women.

will be in accordance with applicable Federal and State laws governing the acquisition policies for acquiring real property.

The minute order further states that after the county agrees to the furnishing of the required right of way the

engineer director is directed to proceed with the engineering development and construction of the project in the most feasible and economical manner at an estimated cost of \$624,300 as authorized in the 1983-84 Farm to Market Road Program and to asseme the road for state maintenance from comple-

tion of construction.

This is subject to acceptance by the county, and had the county not accepted within 90 days the action of the Highways and Public Transportation Commission would be automatically cancelled.

The Commissioners Court has twice designated the Panfork road as No. 1 in the county's FM road program.

County Judge Zook Thomas has said that deciding the route which the road will take is next in order on this project.

The long-established Panfork Encampment is used by Baptist Churches over the entire eastern half of the Panhandle throughout the summer months, and a number of these churches own their own housing facilities at the camp. Several new permanent camp buildings have gone up in the recent years.

An extensive expansion program drawn up for the camp was put on hold after the last effort to secure a surfaced road from Highway 83 to the camp failed to get commission approval.

EXTENSION—

economics. "The Extension Service provides education, information and service in the fields of agriculture, home economics, 4-H and rural development," said Reeves.

The Extension Services is a branch of Texas A&M University, he points out, and A&M specialists in different fields--some of them with world-wide recognition--are available to every county resident to offer advice, solve problems and answer questions to every county resident.

In Collingworth, 4-H is one of the major areas of work, including its programs of food and home economics for girls, the beef club and 4-H horse activities for both boys and girls.

"We have one of the outstanding calf programs in the state, along with winners on the local and district levels in clothing and foods," Reeves said. The judging teams in both livestock and crops have won district, and state honors consistently for many years.

Adults are served through the Extension Service.

Each year a series of meetings are held for farmers and ranchers, relating to commodity group meetings, crop result demonstrations, range management, brush control, various aspects of livestock raising.

The Extension Services sponsors a farm tour each year and there are various other types of group meetings.

A variety of educational meetings and demonstrations, ranging from how to live better to fun crafts and field trips characterizes the work which Mrs. Janes does with women. In addition there is the scheduled work with the six Extension Homemakers Clubs, Lillie, Dodson, Fresno, Midway, Wellington and Samnorwood.

There is a regular program of study with the 4-H girls, in which they have a part in determining what they would like to study.

The family living committee each year conducts a workshop for the women and this year it was "Summer Survival for Parents."

Specific workshops in 1983 have included microwave oven school, a series of blazer workshops--one of the most popular ever held here, a joint Christmas foods program with West Texas Utilities.

Much of the work with farmers and ranchers is on a one-to-one basis, Reeves points out. In this manner any of these has access to specialists in the A&M system, which is one of the outstanding land grant universities of the nation.

One phase coming to the front in recent years is community development... carried out along the lines of industrial development in the towns and cities. Here again, those involved can receive information and have access to specialists from Texas A&M.

"We'll be hearing more about community development in the coming years," predicts Reeves.

Because snakes stare so fixedly, people once believed they had the power to hypnotize other animals.

Mystery Santas Identified

Esta, Glenn, assistant vice-president of Wellington State Bank, was the Mystery Santa for the second week's Mystery Santa program, business promotional program, and the winner-the one who guessed Santa's identity-was Billye Owens.

Because the mystery Santa was guessed on Friday, Dec. 1, the reserve Santa was called up, and a few hours later she was also identified. Debbie Duncan, of Duncan Chevrolet/Olds was the Santa and Joel Sherwood correctly identified her.

Winner of the first week's

contest, held the two days after Thanksgiving, was Johnny Nash, Texaco dealer and owner of Nash Texaco, and Jeffrey Langford was the winner.

Those identifying the mystery Santa receive \$50 in script redeemable by participating merchants. Those who identify the reserve Santa will receive \$25 in script.

Under the Chamber of Commerce sponsored Christmas promotion program, those merchants classified in the Yellow category received clues Monday for the December

5-10 period; Tuesday, the red group; Wednesday, purple group; Thursday, orange group and Friday, green.

The program is designed to bring people searching for mystery Santa clues into business houses or participating merchants. Not only will they have an opportunity to seek for the new clues put out each day, but they will see the wide variety of attractive merchandise available for Christmas.

Seekers are reminded that each merchant will place his clues

Council Hears of Telephone Deregulation, New Gas Line

Gayle Gilreath, a representative of General Telephone Co., Memphis, visited the Wellington City Council Monday, Dec. 5, to discuss briefly the Jan. 1, 1984 deregulation of the telephone industry, its meaning to all telephone companies as well as to the users.

He discussed telephone access charges and "by pass" which he said would mean potential loss of revenue to telephone companies and subsequent higher customer rates.

City Manager Glen Taylor explained the emergency that made replacement of all gas lines around and in Bura Handley Community Center necessary.

An odor of gas had been detected but could not be located, he said. A representative from the Texas

Railroad Commission came by, found the leaks in the almost-45-year-old-pipes, and pulled the city's meter.

Approximately \$500 worth of pipe was used in the replacement and city employees did all the work. This took place on three of the coldest days this winter.

The council also agreed to furnish the carpet for the meeting room of the new fire station and to furnish tile for bathrooms.

Firemen, who are volunteering their time to finish the inside of the building, including paneling, have the work in its final stage. It has been done nights and on weekends.

Taylor said a storage area will be boxed in immediately on top of the meeting room. Cabinets are to be installed.

The fire department paid for one half the sheet rock required in partitioning the

rooms and the city will pay for the other half.

City workers will also get back to the park and park building in northeast Wellington. The city has installed a used range in the kitchen and a furnace will be installed, along with cabinets and floor tile.

Present for the council meeting were Mayor Ralph Owens, councilmen Gary Brewer, Willie Gragson, Sam McGill, Milburn Derryberry, and Lyndon Crelia, city manager Taylor and city secretary Nell McKinney.

Miss Maudie Coffee was honored with a birthday luncheon in the home of Mrs. Chester Fires on Tuesday, November 29.

Miss Coffee is the teacher of the Loyalty Class of 1st United Methodist Church.

Mrs. Bob McAlister reviewed "I Came to Love You Late" by Joyce Landorf, a novel based on the Biblical story of Martha, the sister of Mary and Lazarus.

The book describes Martha's growth from one unduly concerned about material affairs to one sensitive to the needs of others.

Candles in red and silver

holders centered the seasonally appointed luncheon table.

Each guest blew out a candle after making a wish for Miss Coffee and the others.

Favors were hand made miniature jewel boxes to be used as Christmas tree ornaments.

Birthday gifts, some of which were handmade, were presented to the honoree, who in turn gave each guest a handmade hot dish mat.

Present were Mrs. C.O. Bodine, Mrs. L.W. Wells, Mrs. E.F. Bartlett, Mrs. R.R. Crawley, Miss Hattie D. Wells, Miss Coffee, Mrs. McAlister and Mrs. Fires.

UDC Members Hear Story of Confed. Spy, Belle Boyd

Members of Sabine Pass Chapter, Daughters of the American Revolution, heard the story of the Confederate girl spy, Belle Boyd, during the program of their meeting Wednesday, Nov. 30 in the Heritage Room.

The speaker was Miss Maudie Coffee, a chapter member.

After leaving Mt. Washington Female College in Washington, D.C., Miss Boyd rendered her most valuable service in communications with the forces of General Stonewall Jackson, Miss Coffee told the group.

One example, the speaker said, was her hiding in an upstairs room of a home to overhear plans of Federal General Shields, which she relayed to Jackson.

She was twice captured, and released, received the commission of Captain and honorary aide de camp to General Jackson, and sailed to Europe in the spring of 1864 to avoid capture again.

Her career as an actress after the war was as exciting although less dangerous, as her career as a spy.

Mrs. Monty Mitchell, president, conducted the opening ritual, and led the prayer, Pledge to the American Flag and Salute to the Texas and Confederate

Miss Maudie Coffee, Mrs. Myrtle Hill, Mrs. Gay McAlister, Mrs. Jane Sheer, Mrs. L.C. Sweat and Mrs. Juanita White of Wellington.

They were guests of Mrs. Nix sister the Rev. Mrs. Juanita Catlin, pastor of First United Methodist Church, in Fowler and were joined by their mother, Mrs. John Fitzgerald, who formerly lived at Dodson. Christening services for Tanner were held Sunday morning.

HIGHLIGHTS

By Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN—Texas Agriculture Commissioner Jim Hightower won a political victory of sorts last week when the federal government agreed to release stored grain for sale to drought-stricken ranchers.

In the past few months, a very vocal Hightower has argued that the feds should release deteriorating corn in storage at Plainview granaries so that ranchers in the West Texas drought disaster area could feed their herds.

Last week President Reagan signed major dairy legislation into law which contains a provision allowing the grain to be sold at reduced rates, at about \$1.75 a bushel.

Hightower, who had the help of U.S. Sen. Lloyd Bentsen in opening the granary, said the sales may be too late to help many ranchers who have already liquidated their breeding herds.

At the beginning of the dispute, the U.S. Secretary of Agriculture refused to make the grain available, saying the quality grade legally prevented it. Hightower disagreed with the inspection results, and pressed the issue.

Finally, Bentsen stepped in to investigate discrepancies in the federal grain inventories, and last week the feds announced

about 10 million bushels of the surplus corn was rated low enough to be released legally.

Veterans Loans

Texas Land Commissioner Garry Mauro announced last week the newly approved Texas veterans housing program is ready for a bond issue.

The first loans could be made in mid-January. Estimates of the interest rate range from 9.5 to 9.85 percent. Under the program, qualified Texas veterans can borrow up to \$20,000 at that rate for home loans, with the remainder coming from private lenders.

The program will be administered by a private enterprise firm, which Mauro says will allow the state to avoid creating an expensive bureaucracy. The private administrator will be paid from a service charge on veterans loans of about 0.01 percent.

Mattox, Mobil Oil

Texas Attorney General Jim Mattox last week filed a lawsuit against Mobil Oil Corp. which charges its Beaumont refinery emitted fumes from a dangerous oil additive on a day in August.

The action prompted one of Mobil's hired attorneys to suggest the lawsuit was motivated by revenge because of Mattox's indictment two months ago on a commercial bribery charge.

A pretrial hearing on the indictment against Mattox was postponed last week, and more delays are expected to occur before Mattox appears in court.

500 Complaints

Mattox's press secretary said the pollution suit was filed, not because of revenge, but at the request of the Texas Air Control Board, which she said received over 500 complaints from citizens about the emission.

The suit alleges, among other things, that:

Hospital Gets Medicare OK

Collingsworth General Hospital has received a satisfactory check-up from a Medicare Certification Survey.

The hospital must comply with Medicare requirements in order to receive Medicare funds.

At the hospital's annual survey earlier this year, several deficiencies were noted, and the hospital had corrected the items noted by the time a follow-up survey was conducted two weeks ago.

Hospital administrator Perry Foster said that inspectors were "pleased with the progress that has been made," and that the hospital's corrective actions were satisfactory with the inspectors.

In other hospital business, the board accepted a bid on a new pickup truck at special meeting Wednesday, Nov. 30.

The low bid was from Cagle Motor Co. at a price of \$5500 for a 1983 Ford Ranger with 14,000 miles, less a \$400 allowance for the hospital's old car.

The board also discussed but took no action on the purchase of a new ice machine.

Dodson Club Plans Bazaar On Friday

New EMT Class Needs Enrollees

More people are needed for an Emergency Medical Technicians class to begin the first week in January, according to Marshall Peters, president of Collingsworth Volunteer Ambulance Service.

A minimum of 20 is required for the class.

He explained that several new volunteer ambulance service members need the

course and there are others who may want to take it and possibly become ambulance service members.

The cost is \$60 plus the cost of books, Peters said.

Those interested are not to pre-register, but to notify Peters of their intention. He may be reached by calling 447-2490 or 447-2391.

Peters, a certified EMT instructor, will teach the course, which is sponsored by the Texas Education Agency, Clarendon Junior College, Panhandle Emergency Medical Services System and the Texas Department of Health.

The course consists of 120 hours of work, 100 in the classroom and 20 hours of on-site training in a hospital. Amarillo hospitals are used for this.

Mommie ... They want me to come to church."

Yes, Mommie, they do want her in church, for in the church, they have a place for all ages. No child is too young to learn. This also provides you an opportunity to worship and give undivided attention to church services.

"Train up a child in the way he should go: and when he is old, he will not depart from it."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Or sat quietly in a chair.
Perhaps you sent a funeral spray,
If so we saw it there.
Perhaps you spoke the kindest words,
As any friend could say;
Perhaps you were not there at all,
Just thought of us that day,
Whatever you did to console our hearts,
We thank you so much whatever the part.

Obituaries

Lee Scarberry, Carpenter, Dies Nov. 30

William Lee Scarberry, 89, died Wednesday Nov. 30 at 12:45 p.m. in Thomas Nursing Center.

A retired carpenter, Mr. Scarberry worked 40 years in that trade. He built or helped to build, many of Wellington's major business buildings and finest homes. He considered these buildings to be his "monuments."

Mr. Scarberry and the late Bura Handley built the first lighted revolving Christmas Star atop the

courthouse, about 1937 or 1938. This was lighted each year until World War II, then was dark until the end of hostilities. It has been lighted most years since then.

He was one of those who had a part in building Wellington's native stone community building about 1940. Again working with Mr. Handley, who was city manager. He built the works for the three clocks in the tower at the front of the building. Much of the works had to be improvised with used parts never intended to be clockwork.

Born September 17, 1894 at Honey Grove, he was the son of James Norman and Flora Lee Davis Scarberry. He was about 10 years old when the family moved by ox wagon to the Indian Territory, becoming early settlers in the Tishamingo, area.

He attended a school built by the Indian nation for its children, where he was the only white student. No other school was available.

He also lived in Clarks-ville and Texarkana, Texas and Bennington and Antlers, Oklahoma.

After living at Turkey, he came to Wellington April 27, 1917.

During World War I he served in the army, with 18 months service in France, where he was awarded the Purple Heart. He was a member of the Church of the Nazarene and a life member of Frank King Post of the American Legion.

On Christmas Day, 1919, Mr. Scarberry was married to Pauline Jett in Wellington.

Funeral services were conducted at the Church of the Nazarene at 2:30 p.m. Friday, Dec. 2, with the Rev. Don Bland, pastor, officiating. Burial was in Fairview Cemetery under the direction of Schooler-Gordon Funeral Directors.

Pall bearers were Benson Long, Benton Wauer, Mickey Breedlove, Glen Warrick, Robert Owens and Kenneth Peeks.

Survivors are his wife, Mrs. Pauline Scarberry; 2

sons, Cloyce Scarberry of Snyder, and Melvin Scarberry of Midland; 4 daughters, Mrs. Cleo (Mary Lee) Robinson and Mrs. Charles D. (Vivian) Fidler both of Amarillo; Mrs. V.P. (Rube) Robertson of Dallas, and Mrs. H.O. (Reba) Semler of Austin; 2 brothers, George Scarberry of Amarillo and Clyde Scarberry of Grove, Okla.; 17 grandchildren and 8 great-grandchildren. He was preceded in death by a daughter, Peggy Wolf, and a granddaughter, Gayle Deger.

John Bishop, Former Quail Farmer, Dies

John F. Bishop, 86, retired Quail farmer, died Wednesday, Nov. 30, in Scottsdale, Arizona, where he and his wife had lived for two years.

Before that, he farmed at Quail for 43 years and earlier in the Aberdeen and Fresno communities.

In each of these, he was active in community and church affairs.

He was a 50-year member of the Wellington Masonic Lodge.

He was a member of First United Methodist Church and to Wellington Senior Citizens.

John Frederick Bishop was born at Thornberry, December 17, 1896, the son of Henry Bishop and Ella Thompson Bishop. Already on his own, he came to Collingsworth County about 1910 and worked as a cowboy on ranches in the area and also at Pampa and Shamrock a number of years.

He was married to Miss Ellie Lee Gibson, member of a pioneer Loco community family, on June 20, 1925, and at that time began farming.

He played baseball on Quail and Wellington teams during the 1920s and 1930s.

Funeral services were conducted at 2 p.m. Saturday, Dec. 3, in First United Methodist Church, with the Rev. Tom Thomson pastor, officiating. Burial was in North Fairview Cemetery under the direction of Schooler-Gordon Funeral Home.

Pall bearers were J.I. Morgan, Sam Adams, Earl Patterson, Lonnie Neeley, Delbert White and Marvin Blevins.

Survivors are his wife, Mrs. Lee Bishop of Scottsdale; a son, John W. Bishop of Amarillo; 2 daughters, Mrs. Mary Waits of Scottsdale, Arizona and Mrs. Elouise Samons of Eatonton, Georgia. There are 8 grandchildren: Mary Jo Waits of Scottsdale, Ike Waits of Anchorage, Alaska, Judd Bishop of Amarillo, Cynthia Beckham, Mel (Curley) Samons, Steve Samons and Duane Samons, all of Eatonton. Santa to Visit December 15

Santa Claus will pay his only visit to Wellington on Thursday evening, Dec. 15, greeting boys and girls in the area of the courthouse or around the square.

Plans for his visit are being worked out, said Tommy Hudson, president of the Chamber of Commerce which is sponsoring the visit.

These plans will be announced next week.

Thursday night, many Wellington merchants, especially those on the

square, will remain open in order that those who find it inconvenient to shop at other times may do their Christmas buying.

ENERGY PAK

A Superior Feed Supplement

Some TE Energy Pak formulas use fat as an added source of energy.

Fat is the most concentrated source of energy available to the livestock industry. One pound of fat has as much energy as 2 1/4 pounds of grain. It does not cause animals to become fat, but rather serves as the source of energy for production similar to the starch in grains or the sugar in molasses.

Management Control for Maximum Cost Efficiency

TE Energy Pak offers convenience, flexibility, self-feeding advantages and requires no special equipment. Additional benefits of TE Energy Pak are the elimination of high salt content and unnecessary fiber — only needed nutrients are included. TE Energy Pak does not deteriorate with normal usage in rain or snow. TE Energy Pak is effective as a range management tool, with stock following the placement of TE Energy Pak to new grazing areas. Management of livestock feeding offers superior control because TE Energy Pak does not limit intake by hardness or additives.

TE ENERGY PAK FORMULAS

TE ENERGY PAK 25

A 25% Protein-Energy supplement that is an effective, economical supplement when low quality feed is available and maximum efficiency is desired.

TE ENERGY PAK 25F

A high energy supplement with approximately 90% of the energy of grain plus 25% crude protein, phosphorus, Vitamins A, D and E and a full complement of needed trace minerals. Best used when grass hay, mature forage or silage is being fed.

To say thanks seems so little. They are "God Given Words" to use at a time like this.

To the Thomas Nursing Home: "We love you."
To Dr. Holcomb: "Thanks for all the time you got out in the cold and heat to care for her."

To each one who brought food or came or sent cards and flowers, we say, "God bless you."

Memphis boys and Wheeler girls took championship honors in the third annual Wellington High School basketball tournament which ended Saturday night, Dec. 3.

Memphis took the tournament title with a 54-46 victory over the Skyrockets in the hardest fought of all the games. Although Memphis led most of the way, Wellington kept coming back, making the game close to the end.

Wheeler girls won over

River Road 53-43.

Wellington girls also met Memphis for third place and the Rockettes won 42-33 while River Road boys defeated Wheeler 84-79.

In consolation finals, Samnorwood girls McLean girls defeated Samnorwood 50-31, and McLean boys won over Samnorwood 55-52.

A lot of good basketball was played and we had good crowds each night—larger than the tournament crowds last year," said Coach Dale Morris. "We're planning another tournament next year."
