RECORD ABSENTEE BALLOTING

Big Presidential Vote Expected Here Tuesday

Mitchell County citizens — who always take their politics seriously, whether it be local, state or national — go to the polls Tuesday with the rest of America to elect a new president.

The turnout will be large in numbers — moving to a point near a record.

Courthouse officials expect more than 3,300 persons to cast ballots in the county's 10 voting boxes.

Absentee voting Saturday already had hit an all-time high for the county. Two hundred forty ballots were in the absentee ballot at noon and upward of 10 more were expected in the mail before Tuesday's election.

And that means absentee ballots will be even more than the new record, probably near 250, according to County Clerk Gilbert Leach.

Polls will open at 8 a. m. Tuesday and close at 7 p. m. at these locations:

Courthouse, with R. B. Baker as election judge.
Legion Hut, with Dennis Fortenberry as judge.
Westbrook, with M.A. Webb as judge.

Buford, with Lewis Small as election judge.

Loraine, with Luther Anders as judge.

Carr, with F. A. Langley presiding judge.

Cuthbert, with Mrs. J. C. Womack as judge.

Landers, with Forrest Porter as election judge.

Spade, with T. C. Moore presiding.

Head of the absentee ballot counting crew will be J. W. Watson.

Campaigning for both the Democratic and Republican tickets has been organized here for weeks.

However, most of the campaign efforts here has been in behalf of the 2 presidential tickets — Demos Kennedy and Johnson, Republicans Nixon and Lodge.

Observers here have privately pointed to religion as a major factor in Mitchell County voting. Some courthouse officials said it may keep a number of usual Democratic voters away from the polls entirely.

Four proposed state constitutional amendments are also on the ballots Tuesday.

Citizens were urged to vote early so that an early tabulation can be made. Election judges will phone in their returns to the Courthouse to speed the overall count.

Senate Candidate Tower Visits Here

John G. Tower, Republican
Glenn R. (Bob) Robinson,

Party candidate for U. S. Senate, was to be in Colorado City Sunday morning (today) for a campaign visit.

A campaign breakfast was scheduled for Tower at 7:30 a. m. in Baker Club's Garden Terrace Room, according to

chairman of Mitchell County Texans for Nixon-Lodge.

The Republican candidate resigned as professor of political science at Midwestern University to run for the Senate against Lyndon B. Johnson.

IN WOLF STADIUM

Freshmen Wolves Edge Ballinger by 16 to 14

The Freshmen Wolves were the only victorious Colorado City team Thursday night as they slipped by Ballinger, 16-14, in a Wolf Stadium encounter.

Both teams were rather evenly matched and played a good brand of ball. A couple of outstanding Ballinger players kept the Wolf defense from looking so good as usual. They made holes through the middle nearly every time they tried.

The visitors scored first, less than three minutes after play began. Their run for extra points was good.

A couple of minutes later, Colorado City began to march toward the goal. Just as the quarter ended, Bill Boren took the ball on a fake reverse play and skirted around right end for 20 yards and paydirt. Quarterback Dale Walker carried for the two extra points.

Ballinger had some difficulty moving the ball during the second period of play. With only two minutes to go before the half, Colorado City recovered a Ballinger fumble on the Wolf 42 yard line.

Ronnie Lightfoot then took the ball on an off-guard play and raced, almost untouched, for the second TD. On a fake kick play, Bill McGuire threw a long pass to Danny Kenemur in the end zone, good for the winning two points.

Just the half ended, Boren fumbled and the ball on a punt returned attempt, and Ballinger recovered, but time ran out.

The third quarter consisted mainly of both teams sharing the ball between the two 10 yard lines.

8 Nominees Announced For Chamber's Board

Eight business and professional men have been nominated for places on Colorado City Chamber of Commerce's board of directors.

The nominees — representing 8 different categories of business and industry — will be listed on a ballot that will be mailed to all Chamber members.

Four of the eight will be selected in the balloting to serve 3 year terms on the board, beginning in January.

Here are the nominees:

Bob Carver, owner and operator of White Auto Store.

Woodrow (Woody) Crabtree, owner of Crabtree Electric Company.

Charles Freeman, owner of Ben Franklin Store.

Farris Lipps, office manager at Col-Tex Refining Company.

Porter Richardson, manager of Radio Station KVMC.

Bob Ridley, manager of J. C. Penney Company.

Lewis Williams, partner in Thompson & Williams law office.

George Womack, assistant cashier at City National Bank.

The eight candidates for the directorship were selected by a nominating committee chaired by George Witten.

Other members of the committee were G. D. Foster, J. W. (Bill) Randell, Philip Berman and W. S. Rhode.

Ballots for the election will be mailed to the Chamber membership later this month in ample time for return to the Chamber of Commerce office before the Dec. 10 deadline.

While preparation is under way for the mail balloting to elect 4 new directors, a new president took over the reins of the chamber.

Dr. Seth Cowan, who has been vice president during 1940, was named president to fill the vacancy created by resignation of Max Caddell.

Caddell resigned as he moved to Walters, Okla., to assume management of a trucking firm purchased by Caddell Transit Inc., a company owned by him and his father, M. N. (Nap) Caddell.

Young Farmers to Sponsor Program

First program for the new Mitchell County Young Farmers Association is scheduled for Nov. 17 in Loraine.

The event will feature Paul Marion of the Agricultural Experiment Station at Spur.

Plans were made for the meeting here Tuesday night when the Young Farmers Association was organized.

discuss latest trends in agriculture.

Montgomery is area supervisor for the State vocational

Agriculture program.

As the association was organized, Travis Turner, farmer south of Colorado City, was elected president.

Other officers are Alfred Hackfeld, who lives south of Loraine, vice president; James Hull of Lone Wolf Electric Cooperative Inc., secretary; Jimmy Kelley, farmer and stockman of Colorado City, treasurer; and Bobby Fee, rancher southeast of Colorado City, reporter.

The Nov. 17 meeting in Loraine will be at 8 p. m. in Loraine High cafeteria. The guest speaker, Marion, will discuss latest trends in agriculture.

A RECORD EDITORIAL

Shame On Texas

Dallas, Texas, became a sorry spectacle Friday for the cause of democracy.

Strong fervent political campaigning and even heated debate is an accepted course in democratic government, although not always the most dignified.

But the unruly action against Democratic Vice Presidential Candidate Lyndon B. Johnson and Mrs. Johnson went far beyond the point of being undignified. It was disrespectful to the traditions of this nation and its constitutional form of government.

Even more, it whipped up mob-like fever and courted the danger of unlawfulness. It was radicalism of the first degree.

The greatest shame of all, however, was the fact that a U. S. Representative and a candidate for U. S. Senator were in the group and, according to reliable newspaper reporting, a part of the mob's leading faction.

The Congressman was Republican Bruce Alger of Dallas and the Senate candidate was John G. Tower, Republican Party nominee.

This action by 2 leaders in the Republican Party of Texas casts serious doubts, not only upon the reliability of Alger and Tower in regard to our traditions, but upon the intentions of the entire Republican campaign tactics during the 11th hour, last ditch effort before Tuesday's election.

Last Period Touchdown Triumphs

Colorado City Wolves, developing a taste all season for the sweet fruits of victory, chomped down on the choicest morsel of all District 3-AAA Friday night.

Before a filled stadium of homefolks and partisan visitors they knocked the trot out of Sweetwater High's Mustangs.

They sent the favored Ponies limping home on the tail-end of a 26 to 24 defeat.

And the victory was sugar sweet to the entire Wolf squad, its coaches and its fans.

For it has been decades between victories like this.

Something else, too, this was against the pre-district favorite, the defending champion and a club which under its mentor Elwood Turner hasn't hesitated to romp with glee to unnecessarily high scores over downtrodden foes in previous seasons.

It was an upset all right, but no fluke.

The young players of Coach Sam Christy and Ken Kearns — part of a fine new spirit this year at Colorado High — plainly whipped their opponents down.

Twice they came from behind. And instead of being the ones to cave in, became stronger in the late stages.

Infact, only 55 seconds remained in the game when Jerry McKay, the quarterback, scored the winning touchdown from the 1-yard line.

The victory showed the Wolves back into a promising position to tie for the 3-AAA championship. Had it not been for Snyder's triumph last week over C-City when the Wolves were seriously weakened by illness, the Wolves would be in undisputed lead of 3-AAA.

Colorado City's outstanding performers? Just call the roll, dad, for they all were — up and down and the forward wall, into the defensive secondary and right into the offensive.

To show they had the stuff to win, the Wolves marched 54 yards for the winning score. They did it coolly, using up 16 plays along the way.

Over the game's entire distance, C-City made 18 first downs — 1 more than Sweetwater — and gained 253 yards on the ground while giving up 316 to the Ponies.

Sweetwater couldn't complete a single pass out of 8 tries. The Wolves connected on 1 of 7 for 9 yards and intercepted 2 of their opponents.

And if those statistics don't convince you that the Wolves were out to win all the way, then consider the fact they didn't punt a single time.

Sweetwater opened scoring with a touchdown by Ronnie Cox, ended a 69-yard drive with 3 rushed inside the 12-yard line. It was 3 minutes 6 seconds deep in the game when Cox passed to Charlie Burton for 2 extra points and an 8 to 0 lead.

The Wolves romped right back to make it 8 to 6 3 minutes later. Alex Campbell intercepted a pass and put C-City in action on the Ponies 20. Just 4 plays later McKay went over center for the touchdown. Ruining attempt for 2 points was no good.

With 5 minutes remaining in the second quarter, charging 63 yards for the score after intercepting a C-City pass on their own 35. Cox can 3 yards for the score, then made it 16 to 6 when he caught for Snyder's pass.

Don Voss capped a 63-yard drive with a 1-yard

BLANKED 12 TO 0

8th Graders Lose To Ballinger '11'

In a very one-sided game Thursday evening in Wolf Stadium, the 8th grade Wolves of Colorado City were soundly defeated by Ballinger, 12-0.

According to Coach Bill Everett, his Wolves played their worst game this season. But for the outstanding work of Wolf tackle, Sammy Moser, the visitors' score might have been even higher.

Another Wolf who deserves mention for some tackles is Corky McAdams who plays defensive end.

Colorado City boys who had played good ball all year were hit hard. Mistakes were the rule rather than the exception. Tackling was poor. Fumbles were abundant.

The Wolves had difficulty

making their few first downs and were forced to punt too often.

Only once did Colorado City threaten a drive, and even then, it was not sufficiently encouraging.

Ballinger scored their first touchdown early in the second quarter on a delayed hand-off from the 10 yard line.

Using the same play from the 30 yard line, the opponents scored again late in the third period. Neither try for extra points was successful, leaving the final score, 12-0.

In their last game of the season, Colorado City's 8th graders lost Market Tipton night, Nov. 4. Game time was 7:00 p. m. in Wolf Stadium.

His appointment was announced Saturday by Dr. F. W. Mattox, president of the college.

Campaign goal has been set at \$2,077 with \$18,400 in Mitchell and \$4,000 in Coke.

The campaign is designated to complete the financing of the 2 present permanent buildings on the campus, provide recreation and equipment of the field house and construct a dormitory for 130 male students.

New Quarter Century Men

Roy Bates, left, superintendent of Texas Electric Service Company Morgan Creek Plant, welcomes a couple of newcomers to TESCO employees Quarter Century Club. They are L. L. Zeigler, center, district manager with headquarters in Sweetwater, and J. H. Birmingham, right, district accounting manager, also of Sweetwater, who received Quarter Century awards at the TESCO banquet here Monday night.

Why Texas Democrats are voting for NIXON-LODGE

BECAUSE Richard Nixon has eight years' experience in the President's Cabinet.

In the National Security Council.
In the United States Senate.

He has played a key role in this Administration which gained the peace—AND KEPT THE PEACE.

He has participated in hundreds of critical decisions.

He has traveled to 54 countries as President Eisenhower's good will Ambassador.

He has won countless friends for the American people and furthered the cause of peace with freedom.

He has had to meet—on his own—the same type of problems which will confront our next President.

He skillfully settled a paralyzing steel strike.

BECAUSE Henry Cabot Lodge has seven years' experience as United States Ambassador to the United Nations.

As America's highly respected spokesman at the U.N., he has been "America's voice to the world."

His forceful and articulate manner has thwarted Communist attempts at world domination.

His working knowledge of Communism and his awareness of its threats are perhaps unsurpassed by any man alive.

He is an aggressive, dedicated negotiator and advocate for America.

He is Richard Nixon's perfect partner for peace.

BECAUSE The 1960 Democratic platform is the most radical platform ever adopted by a major American party.

It violates principles dear to Southern Democrats.

It makes an unprecedented appeal to the special interests at the expense of the national interest.

This platform calls for a dramatic increase of control by the Federal Government over every area of national life, reduces the States to inconsequential satellites and promises vast "giveaways" to almost every pressure group.

BECAUSE The 1960 Democratic platform dishonestly calls for 13 TO 18 BILLIONS OF NEW EXPENDITURES without any increase in taxes.

It expressly and specifically pledges to abolish by Federal fiat the right to work laws of 20 States, and thereby force thousands of our workers into the "closed shop" and the enforced payment of union dues.

BECAUSE The Democratic platform contains the most definite, specific and far-reaching commitments to the NAACP and other racial pressure groups ever made by a major party platform.

It is the Democratic platform—not the Republican—which promises

- (1) to enact a national FEPC
- (2) to require every Southern school to submit a plan to desegregate by 1963
- (3) to provide for all races access to "all areas of community life" (public and private)
- (4) to eliminate by Federal law all literacy qualifications for voting so that all persons may vote regardless of whether they can read or write!

BECAUSE Kennedy is the "yes man" of Walter Reuther and the national labor bosses. Kennedy acknowledged this when, in his Detroit speech on Labor Day, he promised Reuther and the bosses that "WHATEVER YOU OPPOSE, I OPPOSE."

BECAUSE Kennedy has consistently opposed measures designed to curb the union bosses.

If Kennedy is elected President, he will not be free to act in the best interest of all of the people. Both he, and the platform which he supports enthusiastically, are committed to accomplish the selfish wishes of this small group of monopolistic union bosses.

BECAUSE KENNEDY HAS REPEATEDLY SHOWN HIS CONTEMPT FOR THE SOUTH. Prior to his nomination (while seeking leftwing support in New York), Kennedy boasted to the labor bosses that he had "little support in the South" and if elected would break "the present coalition of Southern Democrats and Northern Republicans." (New York Times, June 18, 1960)

BECAUSE Your vote for Nixon, the Republican nominee, does not in any way affect your right to vote for Democratic candidates in the future.

In 1952 and 1956 many thousands of Southern Democrats supported General Eisenhower for President—now they believe Richard Nixon is best qualified to be his successor.

Join the thousands of SOUTHERN DEMOCRATS who will vote for NIXON AND LODGE.

WHAT LEADING DEMOCRATS HAVE SAID ABOUT KENNEDY

SEN. ROBERT C. BYRD (D-W. VA.):

"Kennedy lacks the age and experience to be president in these perilous days.

"I find it difficult to be secure in the thought of his sitting down with the Adenauers, the DeGaulles, the Macmillans and the Khrushchevs as our country wrestles with important problems in the field of international affairs." (Baltimore Sun, 4/14/60)

SEN. LYNDON B. JOHNSON (D-TEX.):

(Shouting to a Washington State Democratic Convention at Spokane): "I am not prepared to apologize to Mr. Khrushchev—I am not prepared to send regrets to Mr. Khrushchev—Are you?" (New York Times, 5/31/60)

REP. SAM RAYBURN (D-TEX.):

"It's easy for someone to say 'I can lead a great cause,' but untested we cannot put faith and confidence and our perpetuity in hands like that." (New York Times, 7/14/60)

EX-PRESIDENT HARRY TRUMAN:

"Senator, are you certain that you are quite ready for the country or that the country is ready for you in the role of President in January, 1961?

"I am greatly concerned and troubled about the situation we are up against in the world now and in the immediate future. That is why I would hope that someone with the greatest possible maturity and experience would be available at this time." (New York Herald Tribune, 7/3/60)

SEN. WAYNE MORSE (D-ORE.):

"His statements in regard to campaign expenses are further evidence as to his lack of qualifications for the Presidency. The American people should make clear to Senator Kennedy that the White House will never be put up for sale . . . it is obvious that the truth is not in him." (Baltimore Sun, 5/29/60)

SEN. HUBERT HUMPHREY (D-MINN.):

(Switching his convention vote from Kennedy to Stevenson): "This is anything else but a protest vote—it is concern for my country." (Associated Press, 7/13/60)

President Eisenhower says:

"There is no man in the history of America who has had such a careful preparation as has Vice President Nixon for carrying out the duties of the Presidency.

"There hasn't been a principal administrative meeting among the heads of Government that he has not attended as an active participant. He has gone on behalf of the United States to many foreign countries. And in every country he has visited . . . the United States has gained many additional friends. Whatever dedication to country, patriotism, loyalty and great ability can do for America, Dick Nixon will do . . . and that I know."

Winters Nips B-Team In Final for Season

In their last game this season, the Colorado City B team Wolves were just barely defeated by Winters Blizzards, 28-26, Thursday night at Winters.

It was a hard-played game between two well-matched teams. The scoring seasawed back and forth almost as much as did possession of the ball.

The Wolves began this scoring marathon on the opening kickoff when Randolph Cupp received the ball and followed effective blocking for a 75-yard touchdown. The try for extra points was no good.

After exchanging a few series of downs, Winters was forced to punt. From this point, Cupp, at tailback, took the ball on a trap play

through the middle and raced the entire 90 yards for the second TD.

Paul Hooper, playing his first game at quarterback, scored the two extra points on a quarterback sneak, and the first quarter ended 14-0 for C-City.

Late in the second quarter, Winters finally made a successful drive and scored. Their conversion try was good, making the score at the half read 14-8.

On the second half opening kickoff, Winters returned the ball to the Wolf 10-yard line, with Richards making the stop in time for Colorado City. A few plays later, however, the Blizzards crossed the goal line and added two extra points, to go ahead 16-14.

Colorado City came roaring back with Hooper keeping the ball and charging around right end to score from 40 yards out. However, a penalty nullified the tally.

Shortly afterwards, Hooper passed to Charlie Houston for a 40 yard pass and run play for the third Wolf touchdown. Their try for extra points did not succeed, so the third quarter ended 20-16.

Then Winters came back after the kickoff and scored again to surge ahead 22-20.

Colorado City took the ball after a Winters punt and drove to the 3-yard line where Alton Currie plunged across for the final Wolf TD. Again, the try for extra points failed, leaving Colorado City ahead 26-22 with 1:05 minutes remaining.

The Wolves kicked off to the Blizzards, who returned the ball to the Colorado City 40 yard line. From there, they attempted three passes before finally completing a short one in to the flat. The receiver ran it to the 12 yard line before being brought down by a desperate Wolf.

On the next play, the Winters quarterback passed to his right end for the final points, as their extra points try also failed.

With only 40 seconds remaining, the Wolves were unable to score, losing their final game, 26-28.

Although they lost their last game, the Colorado City B team has had a very successful season, with a record of 7 wins and 2 losses. Those two losses were their last two games, against Stamford and Winters, 24-12 and 28-26, respectively.

drive by C-City with 1.5 min-
utes left in the half when he
scored from the 1. The Wolves
running try for extra points
again failed.

The Wolves went into the
lead early in the second, not
stopping after taking the kick-
off. Gary Lightfoot started
the touchdown drive when he
ran the kickoff back to
Sweetwater's 34. Seven plays
later McKay scored from the
4 and Vest kicked the extra
point for a 19 to 6 C-City lead.

But 10 plays later Cox ran
around right end for a touch-
down then repeated the trick
for 2 more points. The Ponies
again led, 24 to 19.

The Wolves drove to the
Mustang 8, where a 73-yard
march fizzled out on fourth
down.

Then they came marching
back again . . . 16 straight
plays until McKay went over
from the 1 and Vest kicked
the extra point for 26-24 with
55 seconds on the scoreboard
clock.

PERILOUS TIMES DEMAND A CHANGE!

Perilous Times Within Our Nation And Around The World Demand
Once Again A Change... And A Return To Democrat Leaders!

THE DEMOCRATIC PARTY AND ITS
PRESIDENTIAL TICKET OF
KENNEDY-JOHNSON OFFERS THE
'KEY' TO STRENGTH & PROGRESS

The Call OF Kennedy-Johnson Is Not A Cry For Downgrading Our
Nation... But A Call For A Greater America — More Powerful,
More Dedicated, More Influential In The World!

THESE PERILOUS TIMES DEMAND A CHANGE

FROM

... Republican policies which caused
100,672 bankruptcies in 1959, pinched small business
to the brink of failure.

FROM

... Republican policies for the privi-
leged and high interest rates which strike at the average
citizen, the home buyer.

FROM

... Republican inertia which has
fostered the spiraling rise in cost of living (the everyday
expenses of Mr. and Mrs. Mitchell County) to an all-
time high.

FROM

... Republican policies that have cut
the profit out from under the farmer, pushed more than
2,000 citizens out of rural Mitchell County, shoved off
the farm and out of our economy.

FROM

... Republican policies that have sent
government expenditures to \$579 billion in last 8 years
—46% higher than Truman Administration, 68%
higher than FDR (including all World War 2).

FROM

... Republican policies that have sent
our national debt to \$288.9 billion—highest point in
U. S. history, a condition that has necessitated 5 in-
creases in our nation's legal debt ceiling.

THESE PERILOUS TIMES DEMAND A CHANGE

TO

... a forthright Democratic Administration
which will lead the nation purposefully, facing the truth
and strengthening ourselves to meet the needs.

TO

... a Democratic Administration that will
study the real "sickness" of our oil industry—heavy
imports of foreign oil that have cut Texas crude pro-
duction from 20 to 8 days under Republicans.

TO

... a Democratic Administration that will
seek a fair share of the consumer dollar for the farmer,
whose farm debt has skyrocketed 48 per cent under
Republicans.

TO

... a Democratic Administration dedicated
to economic prosperity with maximum employment and
maximum production so that business-industry costs
are spread across the broadest foundation.

TO

... a Democratic Administration pledged to
fiscal responsibility, to seeking a balanced budget for
all practical and safe purposes.

TO

... a Democratic Administration that accepts
the necessity for improving our education, increasing
job opportunities, assuring better care for our aged.

Legislative Pay, Loan Rates In Amendments

H. J. R. 3
Annual Salary

House Joint Resolution No. 3 purposes to pay members of the Texas Legislature a salary of \$4,800 per year plus an additional \$12 per day while the Legislature is in session. The daily pay, or per diem, would be for a maximum of one hundred twenty days of a Regular Session (even though the session could extend to one hundred forty days. It would be paid for the full thirty days of any Special Session.

The Legislature is organized for a two year term, commonly called a biennium. The Regular Session starts in January of the first year, which is the odd numbered year. No other sessions are held during the two year period unless the Governor calls a Special Session.

The length of the Regular Session is now left to the judgment of legislators. If this amendment is adopted, the Regular Session will be limited to one hundred forty days.

These changes would be accomplished by amending Section 24, Article II of the State Constitution. The same section provides that members of the Legislature shall receive at each session travel expenses for one round trip from their home to Austin, figured on the basis of \$2.50 for every twenty-five miles. The proposed amendment does not change these mileage provisions.

When our Constitution was adopted in 1876, compensation of legislators was set at \$5 per day for the first sixty days and \$2 a day thereafter. In 1930 pay was raised to \$10 per day for the first one hundred twenty days of a session and \$5 thereafter. In 1954 the per diem was increased to \$25 per day for the first one hundred

twenty days with no further pay if the session lasts longer.

If no Special Session were called during the two year period of a biennium, this proposed constitutional amendment would allow a member of the Legislature a total of \$9,600 for the two years plus \$12 a day for one hundred twenty days—\$11,040 in all. Present pay for similar service, under terms of the 1954 amendment mentioned above, is \$3,000.

In 1959 our Legislature was in session two hundred one days, including the regular sessions. A member was paid \$5,025 for these two hundred one days. This year, there being no special session, members draw no pay. If the proposed new salary scale had been in effect during this current biennium, a member would have been paid \$7,212 for 1959, plus an additional \$4,800 in 1960 when there was no legislative session, a total of \$12,012.

Thirty-four states use a salary plan for compensating members of their legislatures. Salary proposals of various kinds have been submitted in Texas, but none approved. The most recent, in 1949 and 1958, included provisions for annual sessions of the Legislature. Annual sessions proved to be unpopular and undoubtedly affected the vote. House Joint Resolution No. 3 does not require annual sessions; on the contrary, it would permit only one regular session of not to exceed one hundred forty days during each biennium.

The last five regular sessions averaged one hundred thirty-eight days in length, the longest being one hundred fifty-one days in 1951 and the shortest lasting one hundred twenty days in 1959. If one hundred forty days should not prove sufficient for transacting necessary business,

the Legislature could be called into a special session as it was three times last year.

Work of a special session is limited to subjects submitted by the Governor.

Salaries are more readily compared on a biennial basis since most states operate that

way. The proposed \$4,800 per year for Texas legislators would amount to \$9,600 for a biennium. The range per biennium in the thirty-four states which use a salary plan is from \$200 in New Hampshire to \$15,000 in New York. The See AMENDMENTS, pg. 5

Headliners at Campaign Dinner

Here is the double row of headliners' tables at the recent Democratic Party's fund-raising dinner in Civic House for Kennedy-Johnson. Principal speakers were Congressman George Mahon, standing at the speaker's rostrum, and U. S. Senator Clair Engle of California, seated at the right of the rostrum. Funds from the

\$5 per plate dinner went to the Democrats' county, state and national campaign fund chests. Giant size pictures of the Democratic team, Kennedy and Johnson, formed a backdrop for the banquet tables.

BALLINGER WINS 14-8

First Defeat for 7th Grade Team

Colorado City's 7th Grade Wolves fell from the unbeaten ranks Thursday afternoon in Wolf Stadium.

The final score was 14-8, with Ballinger's 7th graders on top. Early in the season the local 7th Grade defeated Ballinger in Ballinger.

All of the scoring came in the first half of the game, with Ballinger crossing the goal line for two touchdowns and two extra points. Their extra points try was not successful after one of the touchdowns.

Colorado City scored their lone TD in the first quarter on a 20-yard run by Bobby Cupp. Larry Currie carried for the two extra points. With only 2 minutes of

playing time remaining, Colorado City drove to Ballinger's 10 yard line, but a 15-yard holding penalty save the game for the visitors.

The Wolves didn't look like the same team that defeated Lake View 2 weeks ago, 30-0.

Probably last week's open date for the Wolves did not help them to be ready for Thursday's game, but Ballinger just outplayed them all over the field, largely as a result of Colorado City mistakes.

Three Wolves who played good offensive ball were Elton Davis, Wayne Snowden, and Larry Currie. Currie also looked good on defense. Joining him as defensive standouts were Jackie Burkhalter,

Marvin Iglehart and Doug Aycock.

The 7th graders play their last game Thursday, Nov. 10, at 5, in Wolf Stadium, with Snyder Travis, a team they have not yet met.

AMENDMENTS—

Continued from pg. 1

Median figure is \$3,600 per biennium.

Argument over the pay increase centers on the fact that it would be paid on an annual basis instead of the daily pay now stipulated in the Constitution.

Proponents believe that a yearly salary of \$4,800 would make it possible for many good citizens to serve in the Legislature, who have heretofore refused to run for office, because it would enable them to devote whatever time is necessary to legislative work. They argue that the present pay of \$25 per day does not meet actual expenses incurred by a member of the Legislature when it is in session.

Opponents of this amendment generally favor an increased per diem. They think an annual salary is more likely to attract people who want to make the Legislature a full-time job. They argue that men who spend the major part of their time in private employment are better legislators because they are closer to the people and their problems. They believe a gener-

ally adequate daily pay for the time spent in legislative sessions is more appealing to such citizens. They question whether New York or any other state has a finer or more dedicated group of members than those now serving in the Texas Legislature.

4. J. R. 6 Loans Interest Rate

House Joint Resolution No. 3 would give the Legislature authority to classify loans and lenders, to license and regulate lenders, to define what part of the charge made on loans should be considered interest and to fix the maximum rate of interest which could be charged.

Our Constitution now provides that the maximum rate of interest which can be charged on any contract shall be 10% per annum. In contracts where no rate of interest is agreed upon, the rate may not exceed 6%.

In the small loan business the cost of maintaining an office and servicing loans is included in the rate charged for use of the money. Figures gathered by the Texas Legislative Council indicate three-fourths or more of gross income goes for expenses of operation. The trend of court decisions is to hold that most, if not all, these costs must be considered as interest and subject to constitutional limits.

Numerous studies have been made of abuses in the small loan field. This proposed amendment is the result of a thorough analysis of the subject made in 1958 by the Texas Legislative Council, concluded that abuses cannot be controlled without destroying a needed source of loans, unless the Legislature is given authority to define those items which represent reasonable costs of doing business. The Legislature would then be able to enact small loan laws, such as thirty-seven states now have.

The proposed amendment provides that should any regulatory agency cancel or refuse to grant a permit under any law passed by the Legislature, the applicant or holder of a permit would have the right of appeal to the courts. If this amendment is adopted, it will replace the present Section 11, Article XVI of our Constitution.
