The University Interscholastic League's state high school basketball tournaments are going full blast today in Austin, but one "regular" at the event for a good many years is absent. Dan Cotton was still in Snyder yesterday and advised that he did not plan to take in the big roundball show at the state capital this time.

Several from Snyder were on hand, however, including Head Coach Ned Underwood and the SHS junior varsity coach, Jerry McLeod.

During the past basketball season, an interesting post - game pastime for some of us who followed the Tigers out of town regularly was an appraisal of personnel in service establishments in the various towns where the Tigers played.

Snyder has been "industry conscious" for some time, and experts on that subject always emphasize the importance of the impression that service station attendants, waitresses in cafes, etc., leave with visitors.

It is customary for traveling basketball fans to partake of nourishment after the game when they travel out of town.

During the past season, a couple of stops stand out, at opposite ends of the pole, so to speak. On one occasion I left an eating establishment with indigestion inevitable after dining. The atmosphere could have been above average in the place, except for the service.

Another passed the supreme test. A meal was made pleasant, despite the fact that the Tigers had lost. A waitress who succeeds in making fans of a losing team enjoy their post - game snack has got what it takes.

On the chance that the first one was an isolated case, I won't mention where it occurred. But, there is no reluctance in revealing that the second one was in Levelland.

There were others, of course, but none of them made a particular impression either way.

For the most part, service station attendants were congenial, or indifferent at worst.

The National Collegiate Athletic Association should do something about that weird rule which makes it possible for some college athletes to play through a regular season, yet find themselves ineligible for playoffs or post-season games. It happens to someone every year in either football or basketball, or both. The rule involves junior college transfers and the number of semester hours of academic credit they transfer to a senior college. George Reynolds, starting guard for the University of Houston, is the latest victim. He cannot perform for the Cougars in the NCAA playoffs.

It is ridiculous that a player be considered eligible long enough to help his team get into the playoffs and then not be permitted to play in the big games for the championship.

Today In History

Today is Friday, March 8, the 68th day of 1968. There are 298 days left in the year.

Today's highlight in history:

On this date in 1917, the Bolshevik revolution began with riots and strikes in St. Petersburg.

On this date:

In 1765, the British House of Lords passed the Stamp Act.

In 1841, U. S. Supreme Court Justice Oliver Wendell Holmes was born in Boston.

In 1848, an expedition led by John Charles Fremont reached Sutter's Port in California.

In 1865, work began on a canal in the Netherlands which would connect Amsterdam with the North Sea.

In 1942 the Japanese captured Rangoon, Burma.

In 1943, British bombers pounded Nuernberg, Germany.

Ten years ago The Soviet Union advised U. S. allies in Southeast Asia to refuse American missiles and atomic weapons.

Five years ago — The government of Syria was overthrown in a coup by army officers friendly to President Gamal Abdel Nasser of the United Arab Republic.

One year ago — Striking Irish farmers clashed with police outside Dublin.

Army Brass In Command

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — The U.S. Command today reported savage fighting below the eastern end of the demilitarized zone and announced the appointment of a U.S. Army general to command the Marines and other defenders of the critical northern frontier.

U.S. spokesmen also reported the heaviest air strikes against North Vietnam in more than a month.

A task force of U.S. Marines and South Vietnamese infantrymen battled 500 Communist troops for seven hours Thursday near Dong Ha, the forward Marine Base supplying other allied outposts along the DMZ.

Aided by tactical fighter-bombers and artillery, the allied troops reported killing 138 Communist soldiers. U.S. headquarters said the South Vietnamese troops accounted for 123 of the enemy dead and the Marines for the other 15. Marine casualties were 15 killed and 124 wounded, with 76 of the wounded requiring hospitalization. South Vietnamese casualties were reported light.

U.S. headquarters said several battalions of South Vietnamese infantrymen ran into the enemy force about noon while sweeping the Cua Viet River delta, a Communist stronghold on the coastal marshlands. Troops of the 3rd and 4th Marine regiments were on the east flank of the South Vietnamese task force when heavy fighting developed.

The Marines, a special landing team of about 1,000 men that was put ashore more than a month ago, have been sweeping north of the Cua Viet River, while the South Vietnamese have been operating south of the river. A week ago the combined force killed 234 North Vietnamese in the same area.

At Khe Sanh, South Vietnamese Rangers surprised more than 100 North Vietnamese troops today as they slipped up on the Marine base and killed 27 of the enemy as they emerged from a tunnel just outside the base's barbed wire perimeter.

The lieutenant leading the South Vietnamese was wounded. When other rangers started out to rescue him, he waved them back and shot himself in the head to avoid capture, AP correspondent Robert Ohman reported from the besieged Marine fortress.

Ohman reported that the Communists shelled the base all day, pumping in a round of artillery or a rocket about every 10 minutes. He said one round just missed a big CH4Y helicopter taking off with a load of wounded Marines.

Farther south, government troops reported killing 21 Communist soldiers four miles east of Hue and uncovering the bodies of 25 enemy soldiers in the same area.

Meanwhile, Gen. William C. Westmoreland announced the organization of a new northern headquarters in which Marine Lt. Gen. Robert E. Cushman retains over-all command of the five threatened northern provinces. But Westmoreland put Army Lt. Gen. William B. Rosson, a native of Des Moines, Iowa, in charge of operations from Hue north.

CONVENTION CROWD ARRIVES — Teachers and school administrators over a wide area of West Texas converged on the Scurry County Coliseum this morning for the 33rd annual convention of District IV, Texas State Teachers Association.

Individualism Is Important, Teachers Told

Dr. John W. McFarland challenged West Texas teachers to day to inspire individual initiative in their classrooms.

"What are the pupils you taught yesterday going to be do ing in the year 2000?" Dr. McFarland asked. "What will they be doing this summer, or tomorrow? What are they doing today?

"Will they go to the library in July to read a good book, or to read some good poetry? Will they work any mathematics problems, or spend some time thinking about science?"

These things, Dr. McFarland declared, must be inspired in the classroom, a place where American people have been reluctant to tolerate innovations.

This country has thrived on individual initative, even what is called rugged individualism, yet the people still are fearful of emphasizing individual learning in the classroom, Dr. McFarland asserted.

Emphasis on individual learning means more work for the teacher and it means change, Dr. McFarland said, and he suggested that these are the reasons that teachers and patrons of schools are reluctant to break away from group instruction in schools which has been the practice for years.

Dr. McFarland, dean of the school of education at the University of Texas at El Paso and former school superintendent at Vernon, Amarillo and Houston, was the principal speaker at the general session of the 33rd annual convention of District IV, Texas State Teachers Association, this morning at the Scurry County Coliseum.

Following Dr. McFarland's address, some 4,000 teachers dispersed for section luncheons at various places in the city.

Bill J. Hood, Snyder School Superintendent and District IV TSTA president, presided over the general session of the convention, which is the last for the old District IV. Following today's session, Scurry and Mitchell Counties move into a district with counties to the east, while the remainder of the territory in old District IV will take a new district number.

The district's Mr. and Miss Future Teachers of America, Paul Dabbs and Linda Martin, both of Seminole, presented

DEFIES SOVIET LEADERSHIP

New Rebellion By Romania

SOFIA, Bulgaria (AP) — Romania has again rebelled against Soviet leadership, refusing to sign with its East European military allies a Russia-sponsored agreement on halting the spread of nuclear weapons, Communist sources said today.

The new show of independence came at a two-day summit meeting of Warsaw Pact leaders. All seven delegates signed a general communique and a declaration condemning "criminal acts" by the United States in Vietnam.

But, according to sources close to the summit proceedings, Romania defied the Soviet position on nonproliferation. As a result, a separate statement on the subject was expected to be released after the two signed documents.

It was Romania's second rebellion in two weeks. Last week, her delegates walked out of a world Communist party consultative meeting in Budapest, after charging Syria and Russia broke an agreement to refrain from assailing other Communist parties.

Romania's nuclear position has been that the Soviet Union —leader of the Warsaw Pact— and other nuclear powers be placed under controls by a nonproliferation treaty, a stand the Russians have sharply rejected.

The Romanians also have objected to a show of U.S.-Soviet agreement on the nuclear issue, saying it comes at an inopportune time, while the United States continues "aggression" in Vietnam. Thursday, Russian and American negotiators at Geneva said they would offer protection from nuclear blackmail to any smaller nation.

Romania warned that any criticism of it in the Warsaw Pact summit meeting here might provoke another walkout. But once the meeting opened, all available sources emphasized that controversy was being avoided.

The summit conference's closing communique, made public today, said nonproliferation had been discussed and the Soviet-American draft treaty was reviewed.

The seven nations "expressed their respective stands on this question. The conference passed off in a frank and friendly atmosphere," the communique concluded.

Two Killed In Jet Trainer Crash

LAREDO (AP) — A T38 jet trainer plane crash three miles north of Laredo Air Force Base killed two men Thursday.

They were Lt. James Jondahl, 24, a student pilot from Harlingen, and Maj. Roger Cullop, 34, an instructor from Troy, Ill.

Boys playing basketball in suburban Del Mar Hills saw the plane crack up in a pasture about a mile from the nearest house.

Dollar Weakened By Run On Gold

LONDON (AP) — Feverish gold trading on European markets today weakened both the British pound and the U.S. dollar. The heightened run on gold reflected growing speculation that President Johnson will not be able to keep defending the U.S. gold price of $35 an ounce.

Dealers on the London bullion market said sales at the morning fixing were the heaviest in 10 days. The dollar parity, however, remained unchanged at $35.19¾ an ounce. The pound skidded as gold rose to 14 pounds 7 shillings 2 pence, up 9½ pence (9½ cents) from Thursday's closing.

Pressure on gold was also reported in Paris, Zurich and Frankfurt markets, with corresponding damage to the pound and the dollar.

In London, the pound opened somewhat firmer than at Thursday's close but the rate began drifting fast in a thin market to $2.3920, The lowest previous figure recorded since the pound's devaluation was $2.3935 at the Thursday close.

Gold shares soared on the London stock market, with some blue chips showing gains of up to 10 shillings. Gold shares are the Briton's traditional hedge, as he may not own gold metal.

The cause of the flareup appeared to be appraisals in British and continental journals of Johnson's chances for defending the $35 gold price. Dealers also noted the lukewarm response from France and West Germany at this week's meeting of the Organization for Economic Cooperation in Paris to U.S. calls for help with American balance of payments deficits.

There also seemed to be some expectation that the meeting in Basel, Switzerland, this weekend of delegates of top European central banks might produce a new policy statement on gold.

It'll Cost More To Get Clipped

DALLAS, Tex. (AP) — It's going to cost $2.50, or 50 cents more, to get clipped in Dallas on April Fool's Day and that's no joke.

A spokesman for an informal organization of barbers said today the price for a haircut will jump. Wade Lee said most downtown shops and shops in north and east Dallas are going along with the hike.

Manicures will cost the same as the haircuts.

Boys' Club Group Meets Tomorrow

Representatives of Boys' Clubs from throughout West Texas and the Panhandle-Plains areas are expected here Saturday for the eighth annual conference and awards dinner of the West Texas Area Council, Boys' Clubs of America.

Registration will begin at 9 a.m. at the Dan Gibson Memorial Building, which is the home of the Scurry County Boys' Club.

The conference will begin at 10 a.m. at the Scurry County Coliseum, with James E. Winget, West Texas Area Council Chairman, presiding.

Mayor M. L. Broman will welcome the group to Snyder, and the morning program will be highlighted by a panel discussion with Mickey Nunley, President of Scurry Coungy Boys' Club, in charge.

The awards luncheon will be held at noon. The luncheon speaker will be Dr. Rex Kyker, Chairman of the Speech Department at Abilene Christian College. Awards will be presented by Gene L. Lehnen, Assistant Regional Director, of Dallas.

Conference sessions will continue following the luncheon.

By ABIGAIL VAN BUREN

DEAR ABBY: I am 30 years old, not married, and I work to support myself. I'm not bad looking and live a fairly normal, happy life, but I'm beginning to wonder if maybe I'm foolish to work the way I do. What I'm trying to say is, I have a girl friend who works part-time—like maybe two days a week. She has had four husbands and she's single again. She has boy friends for everything. One pays her rent, another lets her drive his car, another painted and papered her whole house and she bragged all she gave him was lunches and a few daughterly kisses.

She sees the rent-payer on week-ends and she also has a truck driver staying with her off and on when he's in town. I don't know how she gets away with it. Shouldn't someone tell these chumps the score?

HER FRIEND

DEAR FRIEND: Don't worry about the chumps. Some men don't care what the score is as long as they're in the game.

• • •

DEAR ABBY: I have been dating a boy I'll call Bill for three years. I am 21 and Bill is 23. He has talked about getting married after I graduate from college, but I am not sure he is the one for me, and I have told him so. (I date other boys, too.)

My problem is every gift Bill gives me points toward marriage. For Christmas he gave me service for six in a very nice set of dishes. For Valentine day, he gave me service for 12 in some expensive stainless steel silverware. And for my birthday he gave me an electric blanket.

I don't have a hope chest, Abby, but Bill seems to be buying things to fill one up. He isn't rich, and these gifts are expensive. I don't want to lead him on. If our relationship totally dies, do I have to return these gifts?

COUNTING ON YOU

DEAR COUNTING: No. Bill is trying to "condition" you to think in terms of marriage (to him), but a gift is a gift, and the only gift you must return if the relationship "totally dies" is a ring. So don't let him force one on you, until you're sure he's "the one."

• • •

DEAR ABBY: Your advice to "Engaged," whose fiance "just likes the girls," was sound. You told her to get used to it, or get rid of him.

For her sake, I hope she gets rid of him. That type man never changes. I have been married for 29 years to a man who also "just liked the girls." He is 60 now, and he likes them as much now as he did then. And the younger they are, the better he likes them.

As you have probably guessed, he has made a fool of himself more than once. I need not go into the humiliation and heartache I have endured all these years. If I had it to do over again, I wouldn't.

HIS WIFE

• • •

CONFIDENTIAL TO FORT WORTH WILLY: If you've made up your mind, go ahead and good luck to you. But remember, no man ever works as hard for his money as the man who marries for it.

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Cal., 90069 and enclose a stamped, self-addressed envelope.

When Brood Is Together It's A Crowd

DALLAS (AP)— When all the family finally gets together, Jeanette Langenfeld hopes everybody around the breakfast table prefers scrambled eggs.

Otherwise the menu may get complicated.

Before they married last Jan. 1, the former Jeanette Rhodes was a widow with five children. Friends arranged a date last year with Joseph Langenfeld, then working in San Angelo and here on business.

She discovered Langenfeld was a widower with 14 children.

"I used to think my family was average size," she said Thursday. "After talking to him, mine looked pretty small."

After taking her brood to see their grandparents in Georgia at Christmas, she returned home and learned Langenfeld had been trying to call.

All 14 of his children were home for the first time in three years, he told her, and "it's a perfect time to get married."

Undaunted by snowy weather, she loaded the Rhodes youngsters into their car and set out for Mitchell, S.D., where the wedding was to be held. They arrived at 10 p.m. New Year's Eve.

For the ceremony next day, the whole family walked to church and filed in together. It took four pews to seat the children.

Now they're in the process of trying to get moved to San Jose, Calif., where Langenfeld has a new job. Until school is out—and they can find a house big enough, Mrs. Langenfeld and her children are staying in Dallas. The Langenfeld children remain in South Dakota.

She confesses now to a few qualms prior to the wedding.

"But suddenly becoming the mother of 19 was the least of my worries," said Mrs. Langenfeld. "It was the thought of up and moving to California that got me."

There's one big advantage: She has been told that with their combined family, Langenfeld can earn $12,600 a year before he has to start paying income taxes.

Tear Gas Disperses Negro Crowd

EL DORADO, Ark. (AP) — Police used tear gas and chemical mace Thursday to scatter a crowd of about 60 Negro teen-agers who, the police said, had been hurling stones and bricks at passing vehicles.

Police Chief R. E. Pennington said the windshield of at least one passing car was broken by the youths and that Charles Williams, 24, had been arrested and charged with inciting a riot.

A group of about five Negro youths broke windshields and windows of several cars Thursday night in another section of town, police said, and two of the youths were arrested. They were not immediately identified.

Mayor L. L. Pesses declared a state of emergency Thursday and ordered a 9 p.m. curfew for Friday and Saturday.

Pennington said the disturbances were sparked by the acquittal Friday of Allen Smith, 17, of El Dorado. Smith had been charged with first degree-murder in the shotgun slaying of Larry Wainwright, 19, of El Dorado. He said there had been no injuries.

Tech Edges Sul Ross 1-0

BY THE ASSOCIATED PRESS

Texas Tech edged Sul Ross 1-0 Thursday and took over the lead for the season in Southwest Conference baseball with a 2-1 record.

Texas nipped Texas Lutheran 1-0 and moved into second place as Texas Christian tumbled out of the lead and fell to a tie for third.

Texas Christian was absorbing its second straight defeat from Trinity of the Southland Conference. The Tigers whipped the Frogs 4-2.

Texas Christian stayed in a tie for the lead in the conference standings with Southern Methodist and Baylor.

Baylor is at Texas Christian and Southern Methodist hosts Texas Saturday when conference play is resumed.

Pat McKean pitched a four-hitter and fanned 11 as Texas Tech nosed out Sul Ross. The teams play again today.

Freshman Donnie Horne pitched five-hit ball for 8 2-3 innings and Larry Horton helped him out in the ninth as Texas beat Texas Lutheran.

Pat Cluney and By Kimball hit homers, a single by Tim Ware and a two-run one-baser by Billy Roberson accounted for Trinity's runs in downing Texas Christian.

San Jacinto Beats Tyler

PASADENA, Tex. (AP) — San Jacinto, led by Ollie Taylor's 44 points, beat Tyler 99-84 Thursday night to square the playoff series in deciding the Region 14 championship of junior college basketball.

Tyler won the first game Monday night 100-91.

The third and deciding game will be at Nacogdoches next Monday night.

VISIT SNYDER — This mobile detection unit of the West Texas Tuberculosis Association will be in Snyder Wednesday and Thursday and will be operated by the Snyder Jaycees as a community health project.

Jaycees Sponsor X-Ray Unit

The Christmas Seal Mobile Detection Unit of the West Texas Tuberculosis Association will be in Snyder Wednesday and Thursday, March 13 - 14. The X-ray Unit is being sponsored by the Snyder Jaycees as a community health project. Mr. Scott Six, Assistant Administrator of Cogdell Memorial Hospital is project chairman.

An industrial survey is planned. Local employers will be contacted and urged to pay the $1.00 token payment for each employee, in order to insure 100 percent cooperation.

Many other abnormalities besides TB are detected by this means. On the last trip to Snyder a total of 2,117 X-rays were taken. Seven cardio-vascular abnormalities, 2 TB suspects and 20 other chest problems were pin-pointed. The $1.00 pays for the film and the developing. The West Texas Tuberculosis Association bears the cost of having the film read and reported to each one in the survey.

A post card is mailed to those having a normal chest film. The ones who have an abnormal reading are notified by a first-class letter which urges them to contact their private physician or the local health officer for further examination.

Everyone is urged to keep the card with the number of their X-ray film and date taken. These films are stored at the office of the association and can be made available to physicians on request. An old film can be valuable for comparison purposes if some trouble develops in later years. Children under 12 years of age are too small to be X-rayed on this type Unit, but every adult is urged to take advantage of this opportunity.

School Planned For Peace Officers

Chief of Police Stephen Clark will conduct a 15-hour school Monday, March 11 through Friday, March 15 for area law enforcement officers.

Instruction will be on criminal law with major emphasis on the penal code and the latest revisions on the code of criminal procedure. The school will run three hours each day, from 2 p.m. to 5 p.m.

Return Of Defector Unlikely

WASHINGTON (AP) — Czechoslovakia is expected to press its demand for extradition of a onetime Communist defense commissar who defected to the United States, but government sources say it isn't likely he will be returned.

Ambassador Karel Duda of Czechoslovakia submitted the request Thursday for the return of Maj. Gen. Jan Sejna of the Czechoslovak Defense Ministry.

Duda called on Walter Stoessel, deputy assistant secretary of state, to offer what the State Department called a preliminary application for Sejna's extradition.

Sejna, 40, his son and the latter's fiancee arrived in this country Feb. 28. They fled Czechoslovakia via Hungary, Yugoslavia and Italy.

Czechoslovakia has charged Sejna with misappropriation of funds and embezzlement. He reportedly has been under investigation regarding alleged business dealings involving misappropriation of about $20,000 worth of alfalfa and clover seed.

But American officials expressed suspicion the charge is a cover and that the Czech government really wants Sejna because of his role in alleged military coup attempt to keep Antonin Novotny as the Czech president.

20 Killed In Bus Crash

BAKER, Calif. (AP) — A Greyhound bus and an auto collided head on Thursday on Interstate 15 in the Mojave Desert killing 20 persons. Police said the car was in the wrong lane.

"The bus was passing another vehicle when the car came into sight," said Jim Almer, whose car was just ahead of the bus. "The bus driver couldn't get back into the right lane. Then it happened. All I saw was dirt flying in the air, and explosion, flames and smoke."

The bus, which carried 32 passengers, fell onto its side on the median of the divided highway and caught fire. Twelve persons were injured, including bus driver Kenneth Burkhardt, whose leg was broken.

The survivors were taken to several hospitals and some were listed in serious condition. Many of the dead were severely burned, delaying identification.

California highway patrol officers said they believed the auto driver was thrown under the bus and killed. Apparently there was only one person in the car, officers said.

A passenger said: "The flames just took the bus. There were just too many flames for us to do anything."

Several aboard the bus bound for Las Vegas, Nev., from Los Angeles, were thrown underneath, highway patrol Sgt. Elton Lee said. Others were trapped inside.

Edward Wilkerson, 28, of North Hollywood, who escaped from the burning bus, said from his hospital bed: "The flames just kept getting bigger and bigger and just kept burning and burning. The people that were left inside just didn't have a chance."

The crash took place on Baker Grade, 19-mile upward stretch at a point three miles east of the Mojave Desert community of Baker.

Almer, a telephone repairman, said he spotted the westbound car on the east-bound side of the median and tried to warn the passing driver. He said he watched helplessly in his rear view mirror as the vehicles collided.

Within minutes "The whole town of Baker was there throwing sand and water on the wreckage, but it didn't seem to do any good," a witness said.

'Right' Colors Are Those You Like

By VIVIAN BROWN
AP Newsfeatures Writer

Do colors frustrate you? Do you have the feeling that you'd like to paint your home a wild color or put offbeat colors on your walls or furniture?

If you are afraid to take a fling with color, you are like millions of other people who are perplexed by color, says Harold Schwartz, Pittsburgh - born designer of interior furnishings who has studied art, sculpture, architecture and interior design here and abroad.

You can get over color fear by using only the colors you like, he explains.

"No one can ever go wrong, if he lets himself go in selecting colors that appeal to him — no matter how many. You go wrong only when you try to use colors that you think should be used.

"Sit down with swatches of colors and say I like this. . . this. . .this. . .as many as you like." Now — they should look good, he says, unless you are color blind.

"One should never say, "I like this color, but it isn't fashionable," Use it if you like it."

People are becoming braver about colors every day, he points out. Color combinations are accepted that one would have thought hideous a decade or so ago. Pink and red has become almost commonplace. Orange combined with shocking pink is a striking combination. Yellow, pink and orange are used together. Bright blues and vivid greens are popular. Brown and black are considered chic.

Schwartz has been surprised by color preferences in some areas of the world. In Paris, he was startled to find that home furnishings buyers prefer muddy colors.

He showed designs in rugs and matching bedspreads that he has made in Spain — vivid shocking pink and white and other bedspreads and rugs in the striking color combinations and design for which he is known. The Parisians chose bronzes, purples and other deep tones.

Further north, they could not get the colors too brilliant. Sweden often is associated with pastels but Stockholm buyers selected the brightest colors he had to offer. Ditto England which is often associated with conservative colors.

"Countries that do not have much sunlight want to bring it into furnishings. They like all the color you can give them. Brussels and Amsterdam enjoy color and in Brussels they use rugs as table coverings, he explains.

Spain, unlike colorful travel posters advertising Flamenco dancers and bullfighters, prefers pastel and other soft colors and 18th Century design.

Schwartz has designed fabrics, lighting fixtures and is a well-known designer of furniture, credited with introducing the sculptured look, engineered storage and multipurpose furniture.

While on a sabbatical in Spain more than a decade ago, he became interested in Spanish design, concentrating on bedspreads and rugs made on the Jacquard loom. His new interest began a trend to Mediterranean ideas in the United States. But that look has had it in his opinion.

His new designs are inspired by periods ranging from early Coptic to space age avant - garde. He has learned to do design tricks with the Jacquard loom so that his spreads have a sculptured - to - the - bed look. He worked on one design two and a half years.

He is often asked whether he is going out on a limb with strong colors and bold designs but they are snapped up right away, particularly by American buyers.

Fashions Scaled Down In Texas

By DONELDA RECER

SAN ANTONIO (AP) — The style shape of '68 scaled down for tots and teens was revealed here Wednesday in a final show of fashions from Texas.

Tiny models, alternately shy and uninhibited, were more interested in getting a close look at three puppet commentators than in parading on the runway.

The puppets assisted Mrs. Lois Watson, executive director of the sponsoring Texas Fashion Creators Association, in narrating the most informal style show of three held here this week by the TFCA.

An assortment of stars and stripes fashions were offered by Tres Petite & Sportset. The firm also joined other designers in welcoming back the pinafore. Their frothy white cotton version was trimmed in eyelet lace and caught at the shoulder by tie bows.

The celebrated tunic look was seen in play outfits by Westway. The entire collection was geared for casual wear and travel in comfortable, cool fabrics and styles.

Designs in arnel jersey, a traditional best seller of the Kingston Co., debuted this year in a patriotic red, white and blue number by the firm. The dress embodies three trends apparent in the Texas '68 designs — the dropped waistline and the countless use of stripes and buttons. Stripes in the dress are horizontal across the front, and vertical at the sides and in the skirt. Double rows of buttons are used on the sides.

Comfort and beauty are combined by Kingston in a casual seersucker pant dress. Rows of lady-like ruffles frame a long row of buttons in the front that spell independent dressing by youngsters.

An artist smock by Diaper Jeans, dubbed "paree cheree," boasts bold block plaids in a dacron and cotton voille creation. Gathers flow from yoke to hemline in this navy and green outfit, worn with a matching beret.

The color contrast of chocolate and vanilla was a favorite in coats and coat dresses as part of the Cater Frock collection.

Apparel created for "Buffy" of the television series Family Affair featured simple sophisticated fashions created expressly for summer vacations and designed with active youngsters in mind.

Pickled Eggs

Juice from a 1-pound can of slices or julienne beets
1 cup cider vinegar
½ cup firmly packed light brown sugar
6 whole cloves
1 stick cinnamon
6 hard-cooked shelled eggs

Into a 1-quart saucepan pour the beet juice; add the remaining ingredients except the eggs. Slowly bring to a boil, stirring a few times; boil gently for 10 minutes. Remove the cloves and cinnamon. Put the eggs in a 1-quart jar; pour the hot spiced mixture over them. Press a wad of transparent plastic wrap over the eggs to keep them submerged. Cover and refrigerate overnight for mildflavor light color eggs or for 2 to 4 nights for spicy flavor dark color eggs. Makes 3 to 6 servings. Some eaters may want to sprinkle salt on their eggs. The texture of the egg white changes when it stands in the juice mixture for several days, becoming slightly "rubbery" — as pickled eggs are supposed to be.

Alum, used to purify water, settles to the bottom as a kind of runny jelly carrying the water's impruities with it.

Two Nightmares Haunting Puzzled Political Analysts

By WILLARD H. MOBLEY
Associated Press Writer

WASHINGTON (AP) — Politicians guessing about what would happen if no presidential candidate won a majority of the electoral votes next November aren't having just one nightmare—there are two.

The first is over how to win the presidency by means of an election in the House which would be required if no candidate had enough Electoral College ballots.

The second one involves the vice presidency and succession to the White House.

Political analysts are treating as a real possibility the chance that former Alabama Gov. George C. Wallace's third party might siphon off enough electoral votes to have neither a Republican nor a Democrat with the required 270 Electoral College votes.

To set up such a hypothetical problem they credit Wallace with the 35 votes from Louisiana, Mississippi, Alabama and South Carolina and assume enough drainage of ballots from regular parties elsewhere to create upsets and leave the major candidates in virtual deadlock.

That would throw the presidential contest into the House of Representatives with each state having just one vote.

Presumably the intradelegation vote would follow straight party lines and the party in control of a majority of state delegations would win.

But suppose the third-party states remained behind their man and neither a Democrat nor a Republican could muster the required 26 of the 50 delegations for a winning majority.

If the third-party supporters made no deal with one or the other major party, a deadlock could last until the next election, without a real president. The off-year election might change House makeup enough for a decision in two years instead of four.

That is where the vice presidency comes in.

Under the Constitution, in case of House election for a president, the task of naming a vice president falls to the Senate.

The Senate's selection for vice president becomes acting president if the House cannot settle on a chief executive.

The senators have one vote each in the election of such a man, so party control in the chamber would be a big element.

Presumably the Democrats would win as things stand now. They have a heavy majority and even the staunchest Republicans sound wistful when they talk about taking command in the Senate this year.

But if a Republican presidential candidate squeezed through in a House election and the Senate remained under Democratic control there might be a party split between the two offices.

A current book by Russell Baker of the New York Times staff, "Our Next President: The Incredible Story of What Happened in the 1968 Elections," traces a long series of intricate and wholly fictional developments through that maze to the election of Sen. Robert F. Kennedy, D-N.Y., as acting president until 1972.

Baker lets his fictional Kennedy get President Johnson's preelection nod for the vice presidency to strengthen Johnson's position at the polls, with Hubert H. Humphrey shifted to secretary of state.

In the Baker version Johnson stays in House deadlocked with the GOP candidate, Mayor John V. Lindsay of New York. Kennedy is credited with power to do something about that—but he doesn't and winds up in the White House—on an acting basis.

Pick your own names and political plot. Under the law, almost anything goes.

We Take These Things For Granted

By HAL BOYLE

NEW YORK (AP) — Our lives are full of things we take for granted.

These include opinions, theories, people, ideas and institutions. A great many of them are inherited. They become so commonplace in time that it would seem almost heretical to question or try and change them.

They achieve a stature or value they don't always deserve anymore and perhaps never did. It is good for the soul now and then to pause and re-examine their validity.

Here, for example, is a tentative list of things that possibly have become a bit overrated:

Home cooking.
Milton Berle.
Skiing.
Miniskirts.
Magazine brassiere ads.
The joys of motherhood.
The benefits of the federal highway program.
The poetry of Allen Ginsberg.
Public interest in naughty novels.
Black or white nationalism.
That overworked phrase—"as American as apple pie."
The supposed thrill of taking a kid to see his first circus.
The thought that all politicians are venal.
The pleasures of going fishing.
Suggestions that retired men can't be happy because they miss their work so much.
Sen. Robert F. Kennedy's haircuts.
Sen. Everett M. Dirksen's prose style.
The advantages of wearing sunglasses or bikinis.
The artistic merits of such pictures as "Bonnie and Clyde" and "The Graduate."
Pop art—whatever that is.
The goings and comings of Mr. and Mrs. Burton.
The publicity given to draft card burners and other exhibitionists.
Implications that if a kid goes wrong somehow his parents are always to blame.
Teen-age lapel buttons with such bad-taste slogans as, "God is not dead—he's alive and doing well in Argentina."
The possibility that any really important change will be made in your life if you switch to another brand of deodorant, floor wax, detergent, hair oil or motor oil.

Tell the truth, don't you feel now and then that some of these things have been a wee bit overemphasized?

Junior Editors Quiz on PERSPECTIVE

QUESTION: *What makes things look like they're far away?*

* * * *

ANSWER: One reason is an illusion called perspective. The ties in (A) may be exactly the same size; but arranged under a railroad track they seem to get progressively smaller as the distance increases until they vanish at a distant point (B). Hold a pencil close to your eye (C). It will look very big. Then move it away (D); it will look smaller. This is because the image on the back of your eye changed as you moved the pencil away. (E) shows the image produced when the pencil is close, (F) when further away. (F) is smaller than (E); the further away, the smaller the image. So, drawing familiar things, like a house, small, makes them look far away. You should remember, too, that much air lies between your eye and a far away thing like a mountain. Since light glints off particles in the air, this glinting makes distant objects look lighter; the scattering of blue rays in the air also makes them look bluer. Artists who paint landscapes in oils or watercolor can give a wonderful feeling of depth to their pictures by using the principles we have mentioned.

Go-Go Cats Stop Seguin

By JACK KEEVER

AUSTIN (AP) — Lubbock Dunbar's go-go Panthers and cool and calm Richardson Lake Highlands brushed aside first round opponents in the Texas Schoolboy Basketball Tournament and will come face to face for the Class AAA title.

But they will have to wait until Saturday night to settle who's best.

First on the program today, the second of the three-day meet, were two Class B semifinal games: Friendswood vs. Darrouzett and defending champion Kennard vs. Lueders-Avoca.

Dunbar, first team from an all-Negro school to make the finals since the state meet began in 1921, broke a conference scoring record and shared another in overwhelming Seguin 89-72.

Lake Highlands didn't have much trouble whipping Conroe 61-50, although the Tigers were highly rated because of their pre-tournament defeat of previously unbeaten Clear Creek.

Final rounds also were set up in Clases A and AA, and semifinalists were determined in B, which had six teams instead of four as in the other divisions. Class AAAA, the big city conference, was starting play this afternoon.

All state title games are set for Saturday.

In Class AA, Kirbyville shook off some sluggish moments to race past San Antonio Cole 54-39, and Mexia squeezed by Colorado City 43-42.

Semifinal winners in Class A were Louise, 70-65 over Italy, and Aspermont, 63-62 over West Sabine of Pineland in an overtime period.

Kennard bounced Prairie Valley of Nocona 92-52 and Friendswood defeated Bowie 62-48 in Class B quarterfinals.

But it was Dunbar, probably as fast as any team ever in the tournament, which had fans talking.

After trailing 26-32 midway of the second quarter, Dunbar ran wild for four minutes, pouring in 17 points to two for Seguin and that, for most purposes, was the game.

Frank Melton, a 5-foot-8 junior guard, fossed in 24 points and 6-3 senior Jerry Phillips had 23 for Dunbar, which set a single team scoring mark for one game. Its 89 points were two more than San Marcos scored against Waxahachie in 1965, and the two-team total of 161 broke the record of 150 set by San Marcos and Waxahachie that same year.

All five Seguin starters scored in double figures, led by Ellis Douglas with 17 and Butch Buck and Willie Calvert with 16 each.

Lake Highlands had too much height and speed for Conroe, which took an impressive 33-2 record into the tournament.

Richard Langdon, at 6-8 the tallest player in the meet, scored 20 points and Robert LaFevers had 18 for Lake Highlands. Doug Tanck, 6-5, pulled down 21 rebounds, and the Wildcats as a team outrebounded Conroe 46-27. Billy Purswell hit 16 points for Conroe.

Kirbyville, in winning its 27th straight game, overcame an 11-point deficit to beat Cole. The East Texas bunch scored the last 15 points after it was tied 39-39 with 5 minutes and 13 seconds left.

Honey Bees, Eagles Vie For State Berth

Plans are complete for an important girls basketball playoff tilt in Tiger gym at 7:30 p.m. Saturday.

The regional clash pits Canyon's Eagles against the Stephenville Honey - Bees, and the winner gets a berth to the state tournament in Austin. Tickets can be purchased at the door at the rate of $1.50 for adults and 75 cents for students.

The Honey - Bees, coached by Sam Taylor will appear in pretty gold shorts. They have a 15-7 non-district record and stand 4-1 in league play. The Eagles, coached by Bob Schneider, will appear in purple and white uniforms. They have a 15-11 non-district record and are 4-0 in district.

Canyon may have the edge in shooting ability with Pam Richardson (5-8), Susan Swatzell (5-7) and Jan Sternenberg (5-4) all hitting in double figures. Pam has a 21-ppg average while Susan and Jan hit at a 17 and 11 - ppg clip.

Other starters for the Eagles include Cheryl Davis (5-8), who doubles as a forward and a guard, Gayle Swatzell (5-4) and Beverly Brown (5-6).

Stephenville, however, will have the advantage in experience since only one of the Eagles is a senior — Gayle Swatzell. Jan and Cheryl are sophomores and the other regulars are juniors.

The Honey - Bees also will have a slight height advantage with 5-9 Nita Stephens in the lineup. She's averaging 13 plus points per contest. Other sharpshooters for Stephenville include Debbie Ballow (5-7), who shoots at a 16 point plus average, and Barbara Shipp (5-6), who averages 11 per tilt.

Other starters for the Honey-Bees are Gloria Hyde (5-7), Tula Lewallen (5-7) and Elizabeth McMahan (5-6).

Both teams have strong bench support.

The tilt rates as a toss-up.

Tiger, Monterey 9's Clash Today

Snyder's baseball Tigers go after their third win in four starts today at Lubbock Monterey. Game time is 4 p.m. Then, on Saturday, the Tigers go to San Angelo for a doubleheader with the Bobcats — the team that put a 7-1 setback on Snyder in the season opener.

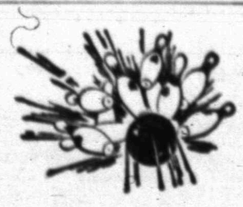

Coach Speedy Moffett said Steve Holder will handle the mound chores today. Merce Hernandez and Jim Patrick will draw starting assignments Saturday.

Probable starters for today's tilt, in order of appearance at the plate: Steve Moffett, 2b; Larry Wadzeck, rf; Mickey Almond, ss; David McGinnis, cf; Max Moreland, c; Richie Thompson, 3b; Jim Patrick, 1b; Jodi Williamson, lf; and, Steve Holder, p.

"This is going to be a tough ball game — they're always strong," said Coach Moffett.

Both Monterey and San Angelo are Class AAAA teams. The Bobcats are led by right fielder Karl Bystrom. He went 2 for 3 in their first meeting here last Friday and drove in three runs. Mike Ingram, who hurled 5-hit ball in that first meeting, probably will be the opposing pitcher in one of the two games Saturday. He struck out eight and issued only two walks.

"We've got our work cut out for us," conceded Moffett.

Benitez Appears In State Golden Gloves Bout Tonight

By MIKE COCHRAN

FORT WORTH (AP) — The Avalos brothers, Gilbert and Jessie, and Houston's Jesse Valdez head the charge into the second round tonight of the Texas Golden Gloves Tournament.

Seven of the eight remaining former champions move into the ring when the action resumes in Will Rogers Coliseum.

The Avalos duo, backbone of the powerful Corpus Christi team, pounded out impressive victories Thursday night, Jessie as a light welterweight and Gilbert as a light middleweight.

Jessie, twice a state kingpin, outpointed Skip Odem of Denton while Gilbert cut down Gary Parks of Fort Worth. Gilbert was the 1966 lightweight title holder.

Jessie faces Danny Oglesby of Tyler and Gilbert goes against Roger Garcia of Denton.

Valdez, a former AAU champion, two-time national gloves titlist and shooting now for a fourth state crown, drew a bye Thursday and takes on Johnny Owens of Wichita Falls in his first appearance.

Defending light middleweight champion Joe Cokes of Dallas, expected to meet Valdez in a semifinal clssh Saturday, knocked out Jimmie Walker of Austin in the first round.

Cokes, whose brother Curtis is the world welterweight king, takes on John Briones of Odessa.

One of the top bouts tonight sends ex-champ Davis Harmon of Temple against James Helwig of Dallas in a feature light heavyweght confrontation.

Helwig took a decision from Fort Worth's Mitchell Cagle while Harmon was inactive in the first round.

Former Titleholder Zeke Sanchez, Odessa welterweight, knocked out Benny Whitlock of Denton and goes next against Austin's Malcom Onley.

Defending flyweight king Roland Hernandez gets his first taste of action, meeting Reynaldo Olivo of Austin.

The only ex-titlist to tumble in the opening round was bantamweight Mike Andrade of El Paso, outpointed by Beaumont southpaw Bubba Buscame.

Dallas, with six victories, opened up a three-point lead over a handful of competitors in the race for the team title. Corpus Christi, Fort Worth, San Antonio, Tyler and El Paso each had three victories.

The ten titlists crowned here Monday night will go to Salt Lake City to represent Texas in the National Golden Gloves Tournament.

FORT WORTH (AP) — Pairings for the Texas Golden Gloves Tournament Friday night:

FLYWEIGHTS

Bengal Thinlies Go To Denver City Meet

Snyder's track team gets another shot at a Relays Championship Saturday at the annual invitaional Meet in Denver City.

Coaches Bill Hartsfield and Roy Carter are hoping the boys can make a better showing against the Class AAA foes. At the Canyon Reef, against the best AAA and AAAA teams in West Texas, they placed ninth. Maybe in their own milieu, the Tigers can fare better.

Although this year's team is short on experience, the boys are improving and several individuals are beginning to look good. Eloy Benitez knocked seven seconds off his best time in the mile run. Two other lads can run the distance race under five minutes—Tommy McDorman and Harvey Browning.

The two - mile relay unit, comprised of Preston Lane, McDorman, Tommy Bullard and Roy Lee, pushed Dunbar to a 8:28 clocking. There won't be a 2-mile race at Denver City, but the Bengals will be ready to challenge for blue ribbons with their sprint and mile relay units.

The 440 group includes Willis Harrison, Tommy Hollis, Ricky Arnold and Phillip Hill. Running on the mile unit are Morris Smith, John Schiebel, Dwaine Boydstun and Roy Lee.

An injury to senior Larry Lofton was a serious blow to Bengal hopes. The fast sprinter "pulled a hamstring" last January and he reinjured the leg recently. This means one of the few veterans on the squad will probably be out of action during the remainder of the season.

Coach Hartsfield said the Denver City meet will attract many of the teams in District 3-AAA as well as several in District 2-AAA. There will be a separate division for Class AA teams.

Prelims begin at 9:30 a.m. Saturday. Finals in some of the field events begin at 1 p.m., and finals in the running events are on tap for 1:30 p.m.

Complete list of entries for the Tigers:

100 yard dash — Willis Harrison, Ricky Arnold and Larry Allen.

220 yard dash — Willis Harrison, Dewey Grinslade and Ricky Arnold.

440 yard run — Morris Smith, Barry Park and Tommy Hollis.

880 yard run — Roy Lee, Preston Lane and Tom Wadleigh.

intermediate hurdles — Dwaine Boydstun, Larry Allen and Phillip Hill.

high hurdles — Dwaine Boydstun, Dewey Grinslade and John Schiebel.

mile run — Eloy Benitez, Tommy McDorman and Harvey Browning.

440 yard relay — Willis Harrison, Tommy Hollis, Ricky Arnold and Phillip Hill.

mile relay — Morris Smith, John Schiebel, Dwaine Boydstun and Roy Lee.

pole vault — Drake Snyder, Steve Burney and Mark Gilstrap.

shot put — Ray Ellis and Bill Baldwin.

discus — Ray Ellis and Bill Baldwin.

high jump — John Schiebel.

broad jump — Dwaine Boydstun, Morris Smith, and Dewey Grinslade or Barry Park.

Lamar Teams Rip Runnels

BIG SPRING — Lamar Junior High School won three volleyball tilts at Big Spring last night. The 7th graders tripped Runnels 15-6 and 15-6; the 8th grade won 15-5 and 15-2; and, the 9th grade emerged victorious 15-8, 15-6, and 16-14.

Janice McMullan paced the 7th grade attack with seven points, Sandra Murry led 8th graders with nine points, and Jana Bullard tallied 15 points for the 9th graders.

The 9th grade team was unbeaten during the first half of the season.

Coach of the Lamar teams is Joyce Elrod.

GOOD GRASS

EASTLAND COUNTY — 668 acres, all grassland except for about 15 or 20 acres in cultivation—running river cuts across the corner and has an estimated 1,000 pecan trees on it; also has running creek and surface water —2 sets of sheds and corrals, one good, one fair. Abstract being brought up to date but estimated 1/3 of minerals still intact. Can run 100 head of cows year around on this little "gold mine". There's been no grazing on this ranch for 2 years. You can guess about the wildlife that abounds for sportsmen. The price $110.00 per acre, $20,000 down and 20 yr. 6% loan (that's cheap interest) on the balance. Do yourself a favor. FOR MAN'S SURVIVAL ENJOYMENT

Priority Put On Conservation Plan

By DOUGLAS B. CORNELL
Associated Press Writer

WASHINGTON (AP) — President Johnson summoned Congress today to help renew the nation through a $1.2 billion program to conserve America's natural resources, "not only for man's enjoyment, but for man's survival."

The President put priority on his conservation program, which focuses on the goal of pure water and air, ending despoiling of the land, and preserving and creating beauty, and added measure of serenity and more outdoor recreation facilities.

The program proposes a probe of "peaceful promises of the ocean's depth" in cooperation rather than competition with other nations.

It seeks new authority to act against shipowners who discharge oil along the shores, in part by assessing them with the cost of cleaning up the mess. The latest oil pollution incident, at San Juan, Puerto Rico, spread 1.5 million gallons of oil over bay and beaches when a tanker broke in two earlier this week.

Johnson asked for governmental authority to control strip mining which leaves the land scarred and barren.

He asked for more national parks and wilderness areas.

Urging action against air pollution, he said: "From the great smokestacks of industry and from the exhaust of motors and machines, 130 millions tons of soot, carbon and grime settle over the people and shroud the nation's cities each year."

He also sought action on water pollution and control of "the debris of civilization" littering landscapes and spoiling beaches.

"Conservation's concern now is not only for man's enjoyment but for man's survival," he said.

Secretary of the Interior Stewart L. Udall told newsmen the program carries a $1.2 billion price tag, compared with $565 million now being spent. Udall called the message "the most comprehensive, most significant conservation message ever sent up to Congress by a President."

A key proposal was more government aid to communities building waste-treatment plants to fight water pollution, with the aim of generating $1.4 billion worth of plant construction.

The President also urged final congressional action on legislation to save these natural wonders:

1. The Potomac River, which weaves along Washington, Maryland and Virginia for some 200 miles, by making it a national river, because failure to preserve it "will make us the shame of generations to come."

2. California—Desolation wilderness in El Dorado National Forest, Ventana Wilderness in Los Padres National Forest, wilderness-area designation for the San Rafael and San Gabriel wilderness expanses.

3. Colorado—The Flat Tops.

4. Arizona—Mt. Baldy, Pine Mountain, Sycamore Canyon.

5. The Spanish Peaks.

Johnson said other possible preservation areas being surveyed are in Arkansas, Oklahoma, Georgia and Florida.

The President also asked Congress to strengthen government controls dealing with aircraft noise. P[illegible]es would be certified on the basis of noise levels.

Driver Honored For Busman's Philosophy

TROY, N.Y. (AP) — Nearly 50 commuters turned out for a testimonial dinner for Harry H. Taylor, the man who drove them to and from work for 14 years.

Taylor retired recently from his job as a bus driver for the United Traction Co. He was honored for his "busman's philosophy: To be kind and good and courteous, regardless of age, race, creed or color."

The program will continue through the month of March.

Suspect In Bank Theft

MIDLAND, Tex. (AP) — Police arrested Marvin McKinley Morrison Thursday on a federal warrant for bank robbery in connection with the December holdup of the Security State Bank in Big Spring.

Morrison, 35, was arrested at his private residence after the warrant was issued. He was wearing flowerly blue pajamas when the police arrived.

Two men robbed the Big Spring bank of $12,000 Dec. 12 and took bank president Robert Curry hostage as they were leaving. Curry was released unharmed about 14 blocks from the bank.

Midland Police Chief Harold Wallace said that Joe F. McDonald, who is in jail in Huntingdon, W. Va., for robbery charges there, has also been charged in the holdup.

Fire House Should Have Brass Pole

PORTLAND, Ore. (AP) — Stan Terry and Fred Simmons, who bought an abandoned city fire house for $75,000, couldn't find the brass pole firemen used to slide down to their trucks.

"That pole was attached to the building," Terry told a city commissioner. "Legally it's mine—just like the plumbing, and I want it back." The commissioner told him to write a letter to City Counil.

Be still

"And God said, Let us make men in our own image." Genesis 1: 26.

All humans who now live or lie
beneath the sod
Have in their special way been
just a bit like God,
And although they may appear
far away from the divine,
Somewhere deep in every soul
still is something ine.
And due to our humanity we're
images of Him
Though any light we carry may
be poor and dim.

WILL CURTIS

Dollars Or Bottles

HAYS, Kan. (AP) — For throwing a beer bottle from a car, Judge Ronald Rowland fined Richard Brungardt, 18, $100 or 100 beer bottles. The judge gave the youth one month "to collect 100 beer bottles from public roads and exhibit them to the court."

We are in peril... everyone of us, every business, home, church, nation – the whole world. But there is a Beacon Light to Guide us. How foolish if we batten down the hatches, close the doors, and speed-up the noisy music. We may shut out the sound of waves, sight of rocks, and the roar of storms, BUT WE CAN'T SHUT OUT GOD. He is the Light in every storm and will surely guide your ship when the seas are heavy. There will be light in darkness for those who look upward.

His church supplies hope for souls whose ambitions have been wrecked. There shall be "LIGHT IN THE DARK."
