Horse Death Toll Continues to Rise

Navig. Commissioners Elect Fox Chairman

The newly elected commissioners of Aransas County Navigation District held their first workshop Tuesday.

Present were Col. W. M. Brown, Jr., Precinct 1; Dick Fox, Precinct 2; Bobby Landrum, Precinct 3; Monte Rouquette, Precinct 4; and David Maguglin, commissioner-at-large.

The commissioners elected Fox chairman, Maguglin vice chairman, and Landrum secretary. They also voted to hold their regular meetings the first Tuesday of every month at 7:30 p.m. In the past, the meetings have been held on the first Wednesday.

Pool Accident

Chief of Police E. D. Taylor reported that Ida Mae Touchette, from Louisiana, sustained a broken arm in an accident at the salt water swimming pool Monday. She was taken to Memorial Medical Center in Corpus Christi. Taylor said the girl fell while swinging on a rope.

On July 13, Norma Aleman, 4, of Rockport, almost drowned near the beach close to the Band Shell, according to Taylor. City police gave her oxygen and she was rushed by ambulance to a hospital in Corpus Christi, receiving oxygen on the way. The latest report was that her condition was good.

Lois M. Gurley has recently completed a course in Real Estate Broker II at Del Mar College. Mrs. Gurley is employed by Security Real Estate.

Report of Staff Study Of Police Department

This is a continuation of the study of the City Police Department made by the International Association of Chiefs of Police.

Section 6 - Field Operations Patrol

The basic purpose of the police is to prevent crime and delinquency. Crime and delinquency usually occur when both the desire and the opportunity to commit an unlawful act are present. The primary purpose of police patrol, therefore, is to prevent crime by eliminating the actual opportunity to commit unlawful or delinquent acts. This can best be accomplished by the constant and intensive patrol of well-trained and highly motivated police officers under appropriate supervision.

In Rockport, responsibility for patrolling the city is lodged with individual police officers and a night watchman. Officers observed by consultants spent their time on the main thoroughfares in what appears to have been a compulsive attempt to traverse the city as many times as possible. The consultant noted the absence of such accepted methods slowly through residential areas. Patrol officers appear to rely heavily upon the night watchman to check business establishments. Officers do not leave their vehicles except when handling a call.

In addition to providing intensive patrol, uniformed officers in a city the size of Rockport must usually conduct all investigations of criminal and noncriminal incidents, regardless of their nature. For this reason, training in investigation techniques, evidence collection and storage, and court preparation and presentation should be included as part of the department's in-service training program.

Patrol officers should be required to leave their vehicles

Slow Down

Aransas County Commissioners have voted to lower the speed limit on all of Fulton Beach Road, outside the city limits, to 30 miles per hour to reduce the chances of accidents and improve safety conditions.

Hunt Fails, But Man Is Found

A 50-year-old San Antonio area man on July 15 was reunited with his family only hours after a 10-day search was called off in the case of an empty fishing boat found washed ashore July 4 north of Rockport.

Frank Leonard Willis of Universal City, missing since then and presumed drowned, was identified through an incredible series of coincidences after an unidentified man was found by Corpus Christi police July 13 sitting on a curb at Water and Williams with his head in his hands.

Willis was a victim of amnesia, which the physician who treated him at Memorial Medical Center attributed to heat exhaustion. When found by police, Willis had no identification, and only some change and a bag of fishing lures in his pocket.

The chain of events that led to Willis' identification began July 10 at a meeting of the Rockport Sailing Club at Key Allegro.

There, Maj. Donald C. Meek of the Texas Parks and Wildlife Department happened to discuss his week-long aerial search for Willis with a fellow

(Continued on Page 8)

Approximately 200 horses have died in the Rockport, Aransas Pass area since the start of the VEE epidemic, Mrs. Reagan Lee of the Aransas County Riding Association said Tuesday.

Many more are sick and dying, she added. She said she had been asked by the U.S. Department of Agriculture to collect statistics on the number of horses sick or dead from Venezuelan equine encephalomyelitis.

Persons with sick or dead horses, even if they have already destroyed the carcasses, are urged to notify Mrs. Lee (call 729-5986 collect) so that the statistics may help the Department of Agriculture halt the spread of VEE.

Mrs. Lee said:

"To help prevent a future crisis like our present one, people must tell me how many sick horses they have and how many have died. People are being reluctant to reveal this information. The USDA needs these facts for scientific purposes and to enable them to determine the area hardest hit by VEE."

Mrs. Peggy Hunt of the Riding Association gave the Pilot the following information:

"All the members of the Aransas County Riding Association who joined forces fighting to get the vaccine for our horses want to thank Buddy Develin of the Diamond D Western Store of Corpus Christi. He chartered a plane in order to get the vaccine for our horses at his own expense."

"Also, we thank Dr. Hodges of Annville for coming over and giving the shots. Without the help of Mr. Develin and Dr. Hodges, our horses wouldn't have gotten the shots for another long day."

"The Riding Association wishes to explain it was not the Fire Department's mistake in announcing that the shots were free. It was not explained clearly to the firemen."

"The shots were free but we had to pay the veterinarian for giving the shots, and the \$3 per shot paid him was worth \$300 as many horses are still O.K."

Physical Exams for City Employees

The City Council voted Monday night that from now on all employees hired by the city hall will be given a physical examination by Dr. H. F. Elliot, city health officer.

In another action the Council appointed Sam Wilcox acting city attorney to serve while Bill Bloch is on vacation. It was pointed out that it may be necessary for the city attorney to sign some legal papers during the next few days in connection with a HUD grant of over \$35,000 for the new city park.

G.I. FORUM BARBECUE JULY 24

The American G.I. Forum will hold its annual barbecue Saturday, July 24 at the Lions Club barbecue pit across the street from the Woman's Club building. Serving will start at 11 a.m. Donation of \$1.50 per plate with all the trimmings. Tickets may be obtained in advance from any G.I. Forum member.

The organization will hold a dance Saturday night from 9 p.m. to 1 a.m. at the G.I. Forum Hall, with music by the Great Montegos from Corpus Christi.

BIBLE SCHOOL

Vacation Bible School will be held at Peace Lutheran Church, 1501 West Market (at the entrance to Oak Terrace), July 26 through Aug. 6 from 9 a.m. to 11:30 a.m. Monday through Friday. Children from three years of age through eighth grade are invited to attend. The theme is "Talking with God."

Mobile Homes Present Problem To City Council

Members of the Planning and Zoning Commission and the City Council are wrestling with a serious problem—what to do with requests to locate mobile homes on lots within the city limits.

The persons faced with the responsibility of making decisions for the best interests of the entire community are Chairman Seth Steele, Joel Mixon, Tom Rogers, Tony Dominguez and Jimmy Hunt of the Planning and Zoning Commission, and Mayor Delmar R. Hiller and Aldermen Charlie Garrett, N. F. Jackson, Joe "Pepe" Zambrano and Mrs. J. W. "Tony" Harden of the City Council.

There is a city ordinance which states that no mobile home may be located within the city limits unless the city grants a special permit or if the mobile home is located within a mobile home park.

Of course, in the period immediately following Hurricane Celia, all such restrictions were waived to enable homeless people to move into HUD mobile homes.

But during the past year, the Planning and Zoning Commission has recommended—and the City Council concurred—granting quite a few special permits for locating mobile homes within the city limits under conditions that had nothing to do with homes destroyed by the hurricane.

For the most part, such special permits were granted for so-called "hardship cases." A typical example is the situation where a man wants to locate a mobile home near his own residence so his elderly parents can live there "the rest of their days." The Zoning Commission and City Council has tended to grant such requests.

At the same time, the Zoning Commission and City Council have been acutely aware that many owners of conventional homes do not want mobile homes to be located in their neighborhood. They often voice their fear that property valuations will be adversely affected.

At this week's City Council meeting Mayor Hiller asked John Kinsey, Editor of the Rockport Pilot, to write an article about this important problem and invite local citizens

(Continued on Page 8)

Information On Fighting Mosquitoes

The role of the mosquito in spreading disease has been dramatically emphasized by the movement of Venezuelan Equine Encephalitis in Texas.

In just a short time the disease has crossed the Rio Grande River into Texas and resulted in a statewide alert. While its primary victim is horses, VEE can affect humans with a flu-like illness, says the Texas State Department of Health.

Villain in the spread of VEE is the mosquito. If a mosquito bites an infected animal, it can spread the disease by biting another horse—or a human. All mosquitoes should be looked on as possible spreaders (vectors) of VEE; however, a mosquito first must have bitten an infected animal or human before it can spread the disease. Even if it isn't carrying some disease, a mosquito still is a pest to be eliminated.

With mosquitoes as the target in controlling VEE, you can do a lot to help yourself. The simplest and most effective method of cutting down or controlling the mosquito population is to eliminate the breeding places.

Mosquitoes cannot hatch unless they are in water, so all standing water around your premises should be eliminated. Water can be caught in discarded bicycle and automobile tires, tin cans or old jars, in birdbaths, unused fish ponds, shrubbery or a flat roof. Eliminate these water traps, being careful to check behind shrubbery.

Septic tanks, cisterns and tubs provide excellent breeding places unless they are tightly covered. Recent rains may have left stagnant ponds where mosquitoes can breed. If there is standing water on your premises, spraying it with an insecticide or a small quantity of kerosene will kill the larvae—sometimes called wiggle-tails. To check for larvae, dip up a cupful—preferably with a white cup—weekly and look for the larvae.

Residential spraying of human habitations, screening sleeping and living quarters (or use of mosquito netting), will help control mosquito bites.

If you are in the open, especially at dusk, dawn or during the nighttime, use a repellent to lessen the risks of mosquito bites.

A vaccine has been released through the United States Department of Agriculture for

(Continued on Page 8)

Extend Moving Date From HUD Homes

Woman Released On \$5,000 Bond In Murder Charge

Mrs. Norma Hudson, 39, has been released on \$5,000 bond after being charged with murder without malice in the death of her husband, "Babe" Lee Roy Hudson, 38.

Hudson died Saturday in his home after being shot in the chest by a .30-30 rifle.

Chief of Police Everett D. Taylor said Mrs. Hudson reported that Hudson came home from a tavern, carrying his rifle, threatening to kill her, and ordering her from the home.

According to Taylor, the woman said her husband threw her down and tried to choke her. "I grabbed the gun from the bed to keep him away from me, he reached to grab me and the gun went off and he fell," Taylor quoted the woman as saying.

Following the shooting, Mrs. Hudson got in her car and surrendered to City Patrolman Thomas Vannoy. Deputy Sheriff Vernon Duke and Constable Buddy McLester assisted in the investigation.

Hudson was a native of Temple, Okla., and had lived in Ingleside before coming to Rockport two years ago. He was a boiler maker.

Funeral services were held Tuesday in Marshall Funeral Home. Burial was in Prairie View Cemetery.

Survivors include his wife, Norma; three sons, David Hudson of Ingleside, Michael and Carl Hudson, both of Aransas Pass; one daughter, Mrs. Linda Sue Millsaps of Texas City;

His mother, Mrs. Pearl Garcia of Bridgeport; one brother, Ricky Hudson of Aransas Pass; two sisters, Mrs. Alice Kelly of Ingleside and Mrs. Virginia Tiercy of Devine and two great grandchildren.

County to Aid With City Park

Aransas County Commissioners have agreed to furnish workmen and equipment to help clear brush from the 25-acre site for the new city park to be developed northwest of the city limits.

The commissioners agreed to help "to the best of their ability and time" after Mayor Delmar R. Hiller appeared before the Commissioners Court meeting and asked for assistance.

The U.S. Department of Housing and Urban Development already has approved a grant of \$35,817 for the project, with the understanding that the city match this amount in development funds.

The park will include a swimming pool, probably two baseball fields (with one to be available for Little League play), parking areas, playground equipment and many other facilities.

LIONS NEWS

The Rockport Lions Club will hold a ladies night dinner meeting Aug. 9. Detailed plans for the meeting will be announced later.

A net profit of between \$480 and \$490 was made by the club's annual Fourth of July barbecue. The money will be used to aid blind people, crippled children and for other worthwhile purposes.

At the luncheon meeting July 15 a film of the 1971 Master Golf Tournament at Atlanta, Ga., was shown. Arrangements for getting the film were made by Ray Longino of Ray's Texaco Station.

CEMETERY ASS'N

The Rockport Cemetery Association will hold their quarterly meeting, Monday, July 26 at 3:30 p.m. at the Chamber of Commerce building.

Girl Scouts Combat Litter

Girl Scouts of this area have launched a campaign to reduce litter and at the same time raise funds for troop purposes. The project is to collect aluminum beverage cans and sell them for processing. Members of the local Republican Woman's Club are backing the project providing adult leadership.

A central collecting station has been set up on the property of Chester Johnson at Concho and North Magnolia Streets to the west of Alsulu Shopping Center.

It consists of a 12 by 10-foot wire enclosure into which cans are to be dumped for later sale to a salvage firm in Corpus Christi. A sign designates it as "Can Coral," and urges all to "Stop Litter" and "Help Girl Scouts Earn Money." The coral is so placed as to permit motorists to drive through the lot and deposit cans without leaving their cars. The committee in charge hopes that many local residents will make a practice of saving their aluminum cans and bringing them to the Can Coral.

In addition to the coral, six painted 55-gallon oil drums have been placed about the city for deposit of aluminum cans. Signs on the drums urge residents to deposit their cans to help reduce litter.

The collection drums are located on both ends of Shell Ridge, on Bay Shore Drive between Little Bay and Harbor Oaks, and on Rockport Beach.

(Continued on Page 8)

Teen-Ager Remains In Intensive Care

Deborah Lemma, 14, of Burleson is in critical condition in the intensive care unit of Memorial Medical Center from injuries received in a one-car rollover Friday night on Rattlesnake Point Road about a mile west of Farm Road 1781.

Miss Lemma was a passenger in a car driven by Brooks C. Green, 18, of Ingleside, which left the road on a curve. Green and another passenger were treated at Memorial for injuries and released.

MOSIER RESIGNS AS COUNTY AUDITOR

R. D. Mosier, Jr., county auditor of Aransas County since Dec. 1, 1964, announced this week that, effective Aug. 1, he is resigning the position to devote more time to his other business interests.

The First Baptist Church of Fulton will hold its vacation Bible School Aug. 2-6 from 6 to 8:30 p.m.

Rodent Control Program Launched

The City of Rockport this week signed up for a rodent control program made available by the U.S. Department of Interior. The only cost to the city is \$100 for 400 pounds of rat bait.

Aldermen N. F. Jackson, Joe "Pepe" Zambrano and Mrs. J. W. "Tony" Harden voted in favor of the project while Alderman Charlie Garrett voted against it.

In a letter to Mayor Delmar R. Hiller, the program was explained by Gregorio Pina, Jr., Laredo, field supervisor, U.S. Department of Interior, as follows:

"I am conducting some teaching and educational Rodent Control Programs in the

After Hurricane Celia smashed into the Rockport area Aug. 3, 1970, the U.S. Department of Housing and Urban Development rushed 45 HUD mobile homes here to supply housing for families in the city whose homes were demolished or badly damaged.

Some time ago, the date of Aug. 3, 1971 was set as the time when the families would have to move out of the HUD mobile homes. It was hoped that by that time the people would have been able to rebuild their hurricane-damaged homes.

However, it is now known that 29 families are still occupying HUD homes within the city limits of Rockport and some of them will not have houses to move into by Aug. 3.

As a result, the City Council this week extended the deadline for moving from HUD homes from Aug. 3 to one year from the date of occupancy. Three families, for example, did not move into HUD homes until January of 1971 so they will have until January of 1972 to move out.

In other actions the City approved the recommendations of the Planning and Zoning Commission regarding requests for special permits and two requests for rezoning, as follows:

Approved application of Miss Katie Lee Clarke for a special permit to locate a mobile home at Liberty and Magnolia Streets. The Council stipulated that the mobile home may remain there as long as it is occupied by Miss Clarke.

Approved application of Troy E. Frost for special permit to locate a mobile home on property described as lots 20 through 24, block 50, Manning Addition, with the understanding that water and sanitation facilities are obtained.

Denied application of Robert Lovelace for special permit to locate a mobile home on property described as lot 16, block 46, Doughty and Mathis Division.

Approved application of City of Rockport to rezone former Little League park property from residential, duplex and apartments to business. Charlie Roe bought this property from the city for \$20,000 to build a new grocery store and shopping complex.

Denied application of R. C. Mundell for special permit to operate a retail-wholesale seafood business at 705 Broadway.

Approved application of Frank Skrobarek to rezone property behind the VFW Hall from residential to duplex and apartments. He plans to build an apartment building.

Rebekah Lodge News

Bonnie Clobertants, Noble Grand, opened the Rebekah Lodge meeting July 15, with 13 members present. It was reported that Lawrence McLester, who has been ill, is slowly recovering. Lorene King won the flower gift.

The lodge will have a rummage sale in the I.O.O.F. Hall Aug. 6 and 7.

Neva Sorenson, Lodge Deputy, will have a school of instruction. Each member is to bring an old hat to be sold for 25 cents and worn all evening.

On July 29 the lodge will have a house warming in the lodge hall for Joyce Bailey, past Noble Grand, who has a new home which replaces the one destroyed by Hurricane Celia. The party is for all Rebekahs, Odd Fellows and their friends.

Death Valley is the lowest point on the continent.

BUILDING BOOM AT HARBOR OAKS

A modest home-building boom is underway at Harbor Oaks, Rockport's newest waterfront residential development. Four homes have been completed, two of them recently. Three more are under construction and two are scheduled to start within 30 days, according to James E. McCord, President of Canoe Lake Corporation, owner and developer of the subdivision.

Approximately one third of the building lots in the first section of Harbor Oaks have been sold, according to McCord. All but ten of the lots in this section are located on one of the four boat channels or centrally located Canoe Lake. Easy access to Aransas Bay is provided by way of a channel which passes under a high-level bridge. The protected lake is an ideal boating and fishing spot for children.

All of the homes so far completed or underway are of frame construction with ground floors at least nine feet above water level. Lot levels are 7½ feet above water, and boat channels are eight feet deep.

Harbor Oaks was started in 1967 by a group of Rockport, Corpus Christi and Victoria business and professional men. The property totals 135 acres of which approximately 53 acres are included in the completed first section. In it a

total of 16 acres is devoted to waterways and the lake. Two other channels lead into the undeveloped area, most of which is wooded.

In the first section the property is fully developed with paved and lighted streets, and concrete curbs and gutters. All have storm and sanitary sewers, as well as underground utility connections, including electric and telephone lines. Because the development is inside the city limits of Rockport, it has municipal police and fire protection, as well as waste collection.

All houses in Harbor Oaks, including those completed, under construction or planned, have in excess of the required minimum of 1,200 square feet of living space. Most of the houses are on concrete slabs and all have private docks on waterways.

Coming Events

July 23: Wedding anniversary: Mr. and Mrs. Woody Jackson.

July 24: Birthdays: Agnes Brock, J. Allen Frye, Bill Kelsay, Jr.

July 25: Birthdays: Leopoldo Benavidez, Ida Lewis, Barbara Jeffers.

July 26: Meetings: Rockport Cemetery Association, Fulton Lions Club, Masonic Lodge No. 823. Wedding anniversary: Mr. and Mrs. Melvin Moore.

July 27: Meeting: V.F.W. Birthdays: Richard Ballou, Bryon Brice, Annette Demory, Jeanette Demory.

July 28: Meeting: Rotary Club. Birthdays: Howard Gilham, Laurie Little, Mark McGlathery, Forrest Porter.

July 29: Meeting: Rebekah Lodge No. 88. Birthday: Ronnie Simpson.

4H Bridge

Mrs. M. H. Kinsey entertained the 4H Bridge Club at her home last Friday afternoon. Members playing were Mrs. W. M. Denny, Miss Lillian Fahr, Mrs. Ed Hall, Mrs. J. D. Houston, Mrs. R. E. House and two guests, Mrs. Batsell and Mrs. Weldon Cabaniss. Mrs. Houston won high score, Mrs. House second high and Mrs. Hall, third.

Bear meat is considered quite savory and palatable.

Javelinas Sign Michael Meek

The Texas A&I Javelinas' tennis team has signed Rockport-Fulton High School tennis star Michael G. Meek, a five-foot 10-inch, 140-pound left-handed tennis player.

Meek was a three year letterman for Rockport. He also participated in basketball and track. As a junior he was undefeated in pre-district play. In district play Meek placed second. In his senior year he won the District 28-AA title.

At the regional meet Meek was defeated due to an ankle injury after leading through most of the match. Meek finished his senior year of play with 15 wins and two losses.

He is the son of Maj. and Mrs. Donald C. Meek.

Maurice, Marcus and Charles McElveen returned to their home in Baytown Sunday after spending two weeks with their grandparents, Mr. and Mrs. Clifton Dietrich in Fulton.

NIGHT LIFE.

Stay out for the light, light show.

When the sun goes down, raise the curtain on the showplace of the neighborhood... your home with lightscaping. Light up play areas for outdoor fun. Light up the patio for night time barbecues. Put flood lamps at the base of trees for dramatic "uplighting". Reflect light off walls, water or fences. Highlight garden features—fountains, sculptures, pools and ponds. You can even experiment with touches of colored light. Let your imagination run wild. If you want help with outdoor lighting, call your CPL office. They have ideas, too, that will let you stay out for the light, light show.

**EHRLICH IN USAF
TRAINING PROGRAM**

Tampa, Fla. — Michael B. Ehrlich, son of Mr. and Mrs. Hugh A. Ehrlich is participating in a U.S. Air Force Reserve Officers Training Corps (AFROTC) field training encampment at MacDill AFB, Fla.

During the encampment, cadets become familiar with the life and activities on Air Force bases and can examine career opportunities in which they might wish to serve as officers.

Other highlights of the course include survival training, aircraft and aircrew indoctrination, small arms training and visits to other Air Force bases.

Cadet Ehrlich is a member

of the AFROTC unit at Texas A&M University. He has attended Del Mar College, Corpus Christi.

**GRILLED EGGPLANT**

1 eggplant
Salad oil
Seasoned bread crumbs
Cut unpared eggplant into 1/4-inch slices. Brush both sides of slices with salad oil, then coat with seasoned bread crumbs. Place on grill set 4 inches from charcoal briquets and grill 10 minutes or until tender, turning once.

Another Cross to Bear**Early Filing For GI
Bill Benefits Urged**

Veterans who plan to begin their G.I. Bill enrollment in high school or college at mid-term should make an immediate stop at their nearest Veterans Administration office, P. J. Mims, director of the VA Regional Office in Houston said today.

The VA will supply application forms and advice the veteran on whether the school courses he is considering are recognized by the state approving agency and the VA.

Attached to the Veteran's completed applications should be a copy of his military separation papers (DD Form 214), and his marriage license and birth certificates of his children, if any, so the VA can correctly figure his monthly check.

Mr. Mims said a married veteran, with one child, for example, is entitled to \$230 a month for full-time school enrollment in high school or college.

When the veteran submits

his VA Certificate of Eligibility to his school, he is advised to make certain the school promptly returns an endorsed copy to the VA so payments can start.

Veterans are entitled to a maximum of 36 months of school if they were on active duty for at least 18 months. For less than 18 months of service, school time is earned at the rate of one and one-half months of schooling for each month of active duty.

Veterans are eligible for GI Bill benefits if they had at least 181 days of active duty, any part of it after Jan. 31, 1955, and were released under other than dishonorable conditions.

Enrollment in high school under the G.I. Bill is not

charged against further G.I. Bill entitlement, Mims said.

HONOR ROLL

John M. McDavid, Jr., and Hays R. Warden were among the students at the University of Texas named to the spring semester honor roll for the College of Business Administration.

To qualify for the list, a student must have carried 12 or more semester hours of graded work, passing all courses. He must have compiled at least three hours of A work above a B average in all courses taken.

Northumberland Strait, off the coast of New Brunswick, is rated as the richest lobster breeding ground in the world.

Church of Christ

There are absolutes in the matter of human behavior. St. Paul was under no such illusion that our courts seem to be struggling under today. The illusion that filthiness to one person is not filthiness to another, would make murder lawful and prostitution commendable. The Apostle makes no such distinction or qualification.

Any practice that would circumvent the law of God; making immorality feasible is wrong in itself. Any practice that would move a person to violate the chastity and purity of another deserves the contempt of society. (Gal. 5:19).

Obscene music, pornography, immodest clothing, promiscuous sex, and the like are marks of a pagan society.

Christians are to shake off the works of darkness. (Rom. 13:12).

Blood Lace and Scream and Scream Again

The Kinsey Report

It's tough enough trying to keep your cool and not lose your temper during this hot weather. But when you hear some of the things happening around here, well, to put it mildly, it really upsets you.

The first shattering news came from Chief of Police Everett D. Taylor who said: "Did you know that someone stole the concrete bench from in front of Pepe's Barber Shop?"

I had not heard the sad news but it really shook me up. What are the barbers going to do between haircuts? Just sit inside the shop and look at each other, or read comic books, or watch reruns of 12-year-old Luci and Desi TV shows?

They used to be able to go outside and rest for a few minutes on the concrete bench, meanwhile watching the passing parade and perhaps engaging in such interesting pastimes as counting the number of out-of-state licenses that go by.

So, whoever took that bench, please return it so normalcy can be restored to the 200 block of South Austin Street. The second and perhaps the most shattering piece of news came when a nice lady phoned the Pilot and placed the following ad in the paper:

"Has anyone seen or captured my black spider monkey? Missing since June 8. Heart-sick. Reward for return or information."

This was the last straw. Who would stoop so low as to steal a black spider monkey? If perchance you happen to come across a black spider monkey, please call the lady at 729-5069.

NOTICE TO BIDDERS

Sealed bids addressed to the County, Judge, Aransas County, Rockport, Texas, will be received at the office of the office of the County Judge until 9:00 o'clock A.M. July 30th, 1971 for a duplicating machine to be placed in the Aransas County Public Library. Specifications may be obtained at the office of the County Judge.

The Owner reserves the right to reject any or all bids, and to waive formalities.

JOHN D. WENDELL,
County Judge.

Stick candy was the first confection made in the United States.

RECEIVES SCHOLARSHIP

John Trigg Cabaniss, son of Mr. and Mrs. Weldon Cabaniss, has been awarded a \$250 scholarship for his work during his sophomore year at Rice Institute. He was the outstanding sophomore student in accounting. The scholarship was awarded by Farb, Miller and Bierman, a Houston accounting firm, where John worked during his summer vacation.

Edwin B. Courson, Jr., was a graduate of Austin Seminary this spring and plans to continue his studies for the ministry at Austin State Hospital.

Mrs. E. C. Hicks and daughter, Vicki, former residents who now live in Fort Worth, were recent visitors here.

Mr. and Mrs. Richard Sharp have returned from a vacation in Louisiana.

Mrs. James Jarboe and daughter, Maud, returned from the East where they had been to be with their daughter, Mrs. Thomas Roth, II, following the birth of her son.

Mr. and Mrs. H. J. Gurley attended the Gurley family reunion in Houston and left from there on a vacation trip to South Carolina where they will visit their daughter and her husband, Mr. and Mrs. Ralph Nesbitt.

LIBRARY NEEDS FUNDS

Demands upon the Aransas County Library have grown so rapidly that the library is faced with an immediate need for more funds or operations may have to be curtailed.

Cause of the crisis is the fact that the United Fund is no longer in existence here. In former years the United Fund contributed \$600 per year to the library's upkeep.

Mr. and Mrs. Rush P. Robison and daughters, Mona Lea and Marganna, of Greenwood, Ind., are visiting Mr. and Mrs. John McEster and other relatives here.

Mr. and Mrs. Cecil Cole and daughter spent the weekend taking a trip to Houston, Beaumont, Cuero and Yoakum, where they called on Coach Melvin Borchert, formerly of Rockport.

From The Pilot Files — 20 Years Ago

TWO ALDERMEN ELECTED

Results of the election of two aldermen were as follows: Ward 1: James Hunt, 33 votes; C. C. Fowler, 20; Marcus Robertson, 16; and Seth Steele, 13.

Ward 2: Thomas D. Picton, the only candidate, received

13 votes.

OVER 1,000 REGISTER AT ROATEN'S

Approximately 1,200 persons attended the formal opening of Roaten's Drug Store. The store was cool and attractive and decorated with numerous floral displays. Many prizes were awarded.

Recent guests in the home of Mr. and Mrs. B. W. Hamblin were Hamblin's sister, Mrs. Hazel Abernathy, her son and family, Mr. and Mrs. Perry Abernathy, Linda Lou and Johnnie. Hamblin's father, J. G. Hamblin, accompanied the Abernathy's to Rockport.

Jimmy Ben Clobervants left for Grapeland to visit friends for a few days.

Mrs. Bennie Earp returned from Bogata where she attended the funeral of her nephew and his family who were killed in an auto accident.

Mrs. G. E. Roberts and son, George, of Corpus Christi and Mr. and Mrs. Gordon Roberts of Brownsville visited Mr. and Mrs. W. F. Close and Mrs. Letha Lassiter.

Mrs. Charles Nason of Corpus Christi attended the na-

Information—

(Continued from Page 1)

Horses, and aerial spraying has taken place in South Texas. Halting the movement of horses, mules and donkeys from the affected areas will further limit the spread of the disease. By containing the disease in small areas, or pockets, more effective control measures can be employed in a shorter length of time.

But, says the State Health Department, an individual can play an important part in this activity by practicing good vector control in his own environment.

Persons with further questions on vector control may contact their local health departments.

Classified Ads Get Results.

Girl Scouts—

(Continued from Page 1)

Wade Armstrong has been responsible for obtaining the drums, painting them and getting them placed as a part of the requirements for an Explorer Scout merit badge.

He obtained the oil drums from Chuck Vermillion, contractor, and Ray Boone, maintenance foreman at the Aransas County barn. Tops were cut off by Jim Petropoulos of Jim's Texaco service station, and paint was contributed by Vermillion and Sam Canterbury's construction company.

Others who helped Wade in placing the collection drums include County Commissioners Raymond Owens and W. B. Allen, Bernie DeForest, harbor master and Constable Buddy

McLester. Dave Crooks built the Can Coral with material contributed by Bob McClellan, local builder, and Mrs. Crooks. Girl Scouts and other volunteers also will pick up aluminum cans on a continuing basis along streets and nearby highways.

It has been reported that some thoughtless or indifferent persons have dumped garbage in several of the collection drums in violation of the law. The state legislature recently enacted two new laws dealing with this problem by providing heavy fines for anyone dumping garbage in public or private property. Local law enforcement officers have been alerted and will arrest anyone seen dumping garbage in the collection drums.

Mobile Homes—

zens to express their opinion. You may contact members of the Planning and Zoning Commission or City Council, or you may write a "Letter to the Editor" and we'll publish it.

Missing Man—

(Continued from Page 1)

Rockport resident, Dr. J. W. Wideman. Wideman is director of the Memorial Medical Center emergency room.

Meek explained that Willis' billfold with identification was found in a 16-foot rented outboard craft which had washed up on the Aransas Bay shore the previous Sunday about three miles north of Rockport marina.

July 15, on the 10th day of searching, Meek decided to call it quits and went home for lunch. Talking over the search, Mrs. Meek said Dr. Wideman had just called and described an amnesia victim who was brought to the Memorial emergency room the night before—on the hunch that it might be the missing Willis.

Wideman explained later that the man was brought in about 9 p.m. July 14—when he happened to be on duty, as he is every fourth night. "So often you see people who fake this thing," Wideman says, but this was a real amnesia case.

"He was very cooperative," the physician said, but the man could not say who he was or how he happened to be in downtown Corpus Christi. He mentioned something about riding in a truck, an attending doctor noted.

The man was given sedation, but could not be admitted because "there was not a bed available," Wideman said. The mystery man spent the night in the emergency room.

Wideman said the police did not want to jail him because no crime was committed and for the same reason declined to run an identification check based on a Coast Guard tattoo on his left forearm.

Wideman mentioned the man to his wife when he got home from working the night shift, and out of curiosity she suggested he call Meek—remembering the conversation at Key Allegro.

Mrs. Meek, explaining her husband was still out flying on the search, asked if the man was very thin—which Wideman confirmed. The fishing lures also added to the coincidence, so Mrs. Meek decided to contact the Aransas County Sheriff's Department.

The sheriff's office called Willis' family in Universal City, and his son asked if the man in Corpus Christi had the particular tattoo. A quick call to Memorial confirmed the identity and July 15 Willis' family was en route to Corpus Christi.

Hospital spokesmen said Willis immediately recognized his kin. A consulting physician said he released Willis on the condition that he seek further medical care on returning to San Antonio.

DELTON TATE DIES

Funeral services were held Monday at First Baptist Church in Palacios for Delton N. Tate, 77, of Fulton, who died July 17 at St. Luke's Hospital in Houston. The Rev. Boyce Laqua, pastor of First Baptist Church of Fulton, assisted at the services. Burial was in Palacios Cemetery.

Tate was retired from the wholesale dry goods and notions business. He was a veteran of World War I and a member of First Baptist Church of Fulton.

Surviving are his wife, Margaret; two sons, James A. and George W. Tate; and five grandchildren.

Council Honors

Mary Lake Segler

Mrs. Mary Lake Segler, city secretary for 16 years who is moving to Laredo where her husband will become athletic director of Laredo Junior College, was honored by the City Council Monday night.

In behalf of Aldermen Charlie Garrett, N. F. Jackson, Joe "Pepe" Zambrano and Mrs. J. W. "Tony" Harden, Mayor Delmar R. Hiller presented Mrs. Segler a bracelet with an inscribed charm, and a resolution stating:

"On the occasion of your resignation from the employ of the City of Rockport after sixteen years of faithful service, it is meet and right that the City Council of the City of Rockport should record an expression of its grateful appreciation of the sterling qualities of heart and mind, which are manifest in your devotion and loyalty to the City of Rockport.

"The City of Rockport is proud indeed of the record of service of its employees who have contributed in no small measure to the enhancement of the fair name of the City of Rockport as one of the most progressive cities on the Continent of North America.

"Successful City Councils have realized fully that progress in municipal government is predicated for the most part upon the loyalty and efficiency of the city employees and on their ability to carry out faithfully and effectually the acts of City Council.

"We, therefore, on behalf of the City Council of the City of Rockport issue this testimonial in grateful appreciation of your long and honorable record of service with this City."

Fifty-six players took part in Scotch foursome competition Sunday at Live Oak Country Club.

Finishing in first place at 11 under par was the team of Kokie Couch, Bob Sterns, Bill Ellis, Dr. Bob Sterns and Kay Meyer.

Second at nine under par was the team of Dave Segler, Lou Tuer, Dan Erck, Lou McCleese and Stick Vance.

Finishing third at eight under par, after a playoff, was the team of J. T. Stellman, J. M. Attaway, C. V. Reid, Dorothy Gilbreath and Lu Dahman.

There will be a Scotch foursome tournament Sunday, July 25 at 2 p.m. Deadline for entries is 1:30 p.m.

Presby. Circle 2 Holds Meeting

Circle No. 2, Women of First Presbyterian Church, met July 8 at the home of Mrs. Peggy Holmgren. Refreshments were served by the hostess during the social hour.

Ten members and two visitors, Mrs. Mildred Hatley and Mrs. Margaret Sprinkle, answered roll call with a Bible verse. Thirty-four cards had been sent and 24 visits made since the last meeting.

The circle approved a donation of \$10 to a person in the community who is in need. Mrs. Estelle Cabbage mod.

Study of Police

(Continued from Page 1)

telligent and effective enforcement of motor vehicle traffic laws is one of the primary responsibilities of the police service. The police have a direct responsibility for traffic law enforcement, traffic direction, accident investigation, and traffic records. They also have a vital responsibility to contribute to and engage in highway safety education programs and endeavors.

The department's traffic law enforcement program should be correlated with known accident-causing factors. To this end, adequate traffic accident data must be compiled. The National Safety Council, under its Annual Traffic Inventory program, issues forms which provide the data necessary to establish a selective enforcement program and a means by which to compile traffic statistics. From the forms submitted by the hundreds of participating police agencies, the council publishes yearly reports on accidents.

In many small police departments, there is a tendency to stress the traffic function to the neglect of other police line functions. In Rockport this does not appear to be the case. Traffic arrests do not account for a disproportionate amount of the total arrest activity. Overemphasis on traffic law enforcement should be avoided because it clouds the real issue—that is, the encouragement of voluntary compliance with traffic laws.

Enforcement action should be directed towards those incidents and violations which are directly related to the accident experience in Rockport. Complete and accurate traffic accident reporting is the only method by which to identify those violations which result in traffic accidents.

Recommendations

1. Provide training in basic patrol techniques for all personnel of the department.
2. Provide investigative training for all members of the department.
3. Participate in the National Safety Council Annual Traffic Inventory.
4. Employ selective traffic enforcement techniques as discussed.

Section 7 Records Management Present Records System

The present records system of the Rockport Police Department requires expansion. The department fails to record non-criminal incidents and service incidents, and does not maintain a master name index. Reports reviewed by consultants do not conform to accepted standards; in some cases, reports lack information which is critical to the case. A substantial increase in efficiency can be achieved by establishing a modern records system which could serve as the future basis of a countywide records system.

Proposed Complaint Recording System

Numerical Control. One

erated the Bible study on "Love" and Mrs. Forrest Melton led the least coin offering. The next meeting will be at the home of Mrs. Cabbage at 3 p.m., Aug. 12.

series of numbers, controlled by the communications center, is all that is needed to identify each complaint, investigation, traffic accident, or other incident requiring police attention. However, rather than issuing the same number to separate incident categories, numbers should be issued consecutively as incidents come to the attention of the department. A numbering machine should be utilized to assign consecutive numbers to each request for service, and numbers should be recycled annually using a sequential number prefixed by the year, e.g., 71-001.

Each officer or officers receiving information concerning a police incident should obtain the complaint number from the sheriff's dispatcher and complete a report. If no number has been assigned, the responsibility for obtaining a number should rest upon the employee receiving information in the first instance.

On a daily basis, Complaint Control Forms should be picked up at the sheriff's office and brought to the Rockport Police Department, so that the past 24 hours activity may be reviewed, and police reports may be matched up with the corresponding Complaint Control Forms. Once this match-up process has been completed, Complaint Control Forms should be filed by location.

A simple method of filing these cards would incorporate the use of the Zoning District Map, dated February 1967. On this map, each individual city block is numbered. The appropriate block number could be affixed to the Complaint Control Form, and the form itself filed by this number. This simple filing system will provide year-end information regarding the locations of most activities within the city and the locations where patrol concentration is needed.

Spice CABINET
HOT TOMATO BOUILLON
1 can tomato soup
1 can chicken or beef bouillon
1 can water
Few drops Tabasco
Mix tomato soup, chicken or beef bouillon and water. Heat in saucepan, adding a few drops of Tabasco just before serving. Makes 4 servings.

Charles C. Butt Heads Grocery Chain

H. E. Butt Grocery Company has announced the election of Charles C. Butt to the office of President. H.E.B. serves 60 Texas communities with 125 stores and 6,000 employees. H. E. Butt, Sr. continues as chairman of the board of the Texas supermarket chain which he has built and headed during the past fifty years.

In assuming his new duties, Charles C. Butt stated: "Our company's most important assets are the goodwill of our customers and the loyalty and enthusiasm of our personnel. We will make every effort to merit both and continue our pattern of growth."

Charles C. Butt, 33, is a graduate of The University of Pennsylvania where he received his Bachelor of Science on Economics from the Wharton School of Finance in 1959. He has been involved in management activities of the company since that time. He maintains offices in Corpus Christi and San Antonio.

His current civic and business activities include membership on the boards of directors of the National Bank of Commerce of San Antonio, the Texas Research League and KLRN Educational Television. He is vice chairman of the South Texas Educational Broadcasting Council, a group interested in bringing educational television from The University of Texas to the Corpus Christi area. He is on the board of trustees of the San Antonio Medical Foundation and a member of the Board of Governors of the Southwest Foundation of Research and Education.

He is also on the board of governors of the Argyle, a member of the Corpus Christi Yacht Club and the Order of the Alamo, serves on the board of directors of the San An-

tonio Symphony Society and is a trustee of the Corpus Christi Art Foundation. He is a member of St. Andrews Presbyterian Church.

He was president of the State supermarket group, the Texas Merchants Association in 1970 and continues as legislative chairman. He is a former director of the San Antonio United Fund and Chamber of Commerce.

An enthusiastic sailor, his yawl, ENCANTADA, won the Corpus Christi to Galveston race in the Gulf in 1965.

The widespread Grocery Chain began in 1905 when Mrs. Charles C. Butt (grandmother of the new president) started a small family grocery store in Kerrville in the central Texas Hill Country. Her young son, Howard (H. E. Butt, Sr.) worked in the store and delivered groceries. When he returned from the service after World War I, he took over the family business and soon converted it into cash and carry. H. E. Butt moved to the Rio Grande Valley in 1928, starting the first major expansion of the company. Store expansions throughout the valley and south Texas continued during the depression years and the company rapidly grew into one of the State's pioneer supermarket chains.

Company headquarters were moved to Corpus Christi from Harlingen in 1939 as the company's growth continued along the coastal bend and then into Austin, San Antonio, Waco and surrounding communities.

Under Mr. Butt's direction, H.E.B. became active in food manufacturing and for many years operated the only pineapple canning plant in the continental United States as part of the Harlingen Canning Company. Foreseeing the popularity of trading stamps in 1956, H.E.B. organized and operates as a subsidiary The Texas Gold Stamp Company.

H. E. Butt is a 33rd degree

Mason and has been active in philanthropic activities in south and central Texas. He is a former director of the National Association of Food chains and past president of the Texas Merchants Association. He has had business investments in various fields including banking, real estate development, oil, and retailing. In 1946 he organized the First State Bank of Corpus Christi. He served on the boards of directors of the National Bank of Commerce of San Antonio and the Texas Research League. He is a member of Parkdale Baptist Church.

Mrs. H. E. Butt, the former Mary Elizabeth Holdsworth, is noted for many activities in educational, welfare and health organizations in south Texas and throughout the State and was honored as Mrs. South Texas in 1954. She has

been a member of the governing board of State Hospitals for many years and is currently particularly interested in the transition from institutional mental health care to the community approach.

Mr. and Mrs. Butt have three children: Howard E. Butt, Jr., Eleanor, and Charles.

Howard E. Butt, Jr. serves as vice-chairman of the board of H. E. Butt Grocery Company and a trustee of the Employee Profit Sharing Trust. He is widely known as a lay religious leader throughout the southern and western areas of the United States. He is president of Christian Men, Inc. and Laity Lodge, Inc. Howard E. Butt, III, one of his three children and State Boys Singles Tennis Champion in 1970, is a student at Trinity University in San An-

tonio.

Mrs. William H. (Eleanor) Crook is the daughter of Mr. and Mrs. H. E. Butt. Mr. Crook who is currently engaged in business in Dallas, has held several governmental positions including those of U. S. Ambassador to Australia, National Director of the Vista Program and Regional Director of the Office of Economic Opportunity. Mr. and Mrs. Crook and their three children live in San Marcos, Texas.

Mr. and Mrs. Butt established the H. E. Butt Foundation in 1933. It has made contributions to educational, religious and health programs of many kinds. It operates the H. E. Butt Foundation Camp near Leaky, Texas which is open to youth, church, scout and other groups. Almost 14,000

persons use the 2,000 acre facility each year.

Officers of H. E. Butt Grocery Company include: Duane Peters, executive vice president and general manager of store operations and merchandising; M. B. Reasoner, senior vice president; and vice presidents W. F. McCroskey, Virgil Sturkie, E. W. Speed, E. H. Thompson, and M. H. Martin. Joe L. Brown is president of the H. E. Butt Store Property Companies, Chairman of the Board of the Texas Gold Stamp Company and executive vice president of H. E. Butt Grocery Company. Fred Williams is president of Texas Gold Stamp Company.

H.E.B. headquarters and manufacturing facilities are in Corpus Christi. Principal distribution facilities are in San Antonio. Supervisory of-

fices are in Waco, Austin, San Antonio, Victoria, Corpus Christi and Harlingen.

The great Smoky Mountains National Park was established in 1930.

MRS. ELLA STAPLES DIES
Funeral services for Mrs. Ella Camehl Staples, 74, of Pasadena, Texas, were held July 16 in Marshall Funeral Home chapel in Aransas Pass with burial in Rockport Cemetery.

Funeral services were Guy Barber, Charlie Ankele, Noah Taylor, Albert Griffith, Paul C. Sorenson and W. B. Allen. Mrs. Staples died July 14 in a Houston hospital after a short illness.

She was raised in Rockport and had lived in Pasadena for 25 years. A former resident of Rockport, she was a member of the Rockport United Methodist Church.

Survivors include one son, Weyman P. Staples of Houston; one daughter, Mrs. Louise Townsend of Pasadena; three sisters, Mrs. Mary Alice Gray and Mrs. W. B. Allen, both of Rockport, and Mrs. Ethel C. Wright of Houston; one brother, E. H. Camehl, Jr., of Rockport, and three grandchildren.

Courts have decided that meteorites belong to the owners of the land on which they are found.

NOTICE TO BIDDERS

Sealed proposals, addressed to the City of Rockport, Texas, for:

WATER AND SANITARY SEWER IMPROVEMENTS FOR THE CITY OF ROCKPORT, TEXAS

in accordance with the specifications and contract documents will be received at the office of City of Rockport, City Hall, Rockport, Texas, until 7:30 p.m. on August 2, 1971, and then publicly opened and read. Any bid received after closing time will be returned unopened.

All proposals shall be accompanied by a cashier's or certified check upon a national or state bank in the amount of five percent (5%) of the total maximum bid price payable without recourse to the City of Rockport, Texas, or a bid bond in the same amount from a reliable surety company, as a guarantee that bidder will enter into a contract and execute performance bond within thirty (30) days after notice of award of contract to him.

The notice of award of contract shall be given by the Owner within (30) days following the opening of bids. The bid security must be enclosed in the same envelope with the bid. Bids without check or bid bond will not be considered.

All bid securities will be re-

turned to the respective bidders within ten (10) days after bids are opened, except those which the Owner elects to hold until the successful bidder has executed the contract. Thereafter all remaining securities, including the security of the successful bidder, will be returned within thirty (30) days.

The successful bidder must furnish performance bond upon the form which is attached hereto in the amount of 100% of the contract price from an approved surety company holding a permit from the State of Texas to act as surety (and acceptable according to the latest list of companies holding certificates of authority from the Secretary of the Treasury of the United States) or other surety or sureties acceptable to the Owner.

Plans, proposal forms, specifications and contract documents may be obtained from Urban Engineering, 3100 South Alameda, Corpus Christi, Texas, upon deposit of Ten Dollars (\$10.00) which will be returned if a bid is submitted to the Owner. If no proposal is submitted to the Owner, the plans deposit shall become the property of Urban Engineering.

This contract contains approximately the following items:

1. 8" ACP - 1,924 L.F.
2. 6" ACP - 220 L.F.
3. 4" ACP - 110 L.F.
4. 10" VCP - 454 L.F.
5. 8" VCP - 94 L.F.
6. 6" VCP - 713 L.F.
7. 4" VCP - 730 L.F.
8. Manholes
9. Water and Sewer Line Fittings.

The Owner reserves the right to reject any or all bids, to waive informalities, and to accept the bid which, in the Owner's opinion, seems most advantageous to the Owner and in his best interest.

S/DELMAR R. HILLER, Mayor.

James Gurley Gets Award

An official State Health Department citation for work proficiency has been awarded to James C. Gurley, plant operations specialist for the city of Rockport.

Signed by the State Health Commissioner and authorities of the Texas Water Utilities Association, the certificate of competency is awarded only to those utility plant operators who have successfully demonstrated their skill and knowledge in modern principles of plant management.

To qualify for certification, a plant operator must have accumulated a prescribed amount of actual work experience. He must also have attended both regional and statewide short schools at which the techniques of water treatment and waste water disposal are taught, and must have passed an examination given by State Health Department sanitary engineers.

State law requires that at least one operator per shift be certified for competency by health department engineers, but many operators seek certification on their own time and at the own expense to increase their efficiency as key public servants to their community and state.

George Washington's second inaugural address of 134 words was the shortest in the history of America.

ORDINANCE NO. 274
AN ORDINANCE CLOSING
AND ABANDONING A
PORTION OF A PLATTED
STREET WITHIN THE
CITY LIMITS OF THE
CITY OF ROCKPORT,
TEXAS:

BE IT ORDAINED BY THE
CITY COUNCIL OF THE
CITY OF ROCKPORT, TEX-
AS:

Section 1: A portion of a
platted (but unimproved and
not being used for municipal
purposes) street within the
City of Rockport, Texas, to-
wit:

a) Moore Street between
Broadway and Maple Street
bounded by Block 308 on the
West and a triangle in Block
309 on the East, Smith and
Wood Addition. The portion
of the street to be closed be-
ing approximately 274' on the
West boundary, approximately
155' on the East boundary,
with a width of approximately
100';

be and same is hereby closed
and abandoned for all pur-
poses.

Section 2: The portion of
street hereby closed and
abandoned is further identified
by the attached plat, which

plat is made of a part of this
ordinance for all pertinent
purposes, the portion of street
hereby closed and abandoned
being shaded in red.

Section 3: The portion of
Moore Street closed by this
ordinance will be zoned B-1
Business; the same zoning
being in Block 308 and the tri-
angle in Block 309.

Section 4: This ordinance
shall be published in full one
time in the official newspaper
of the City of Rockport, Tex-
as and shall be in full force
and effect from and after
such publication.

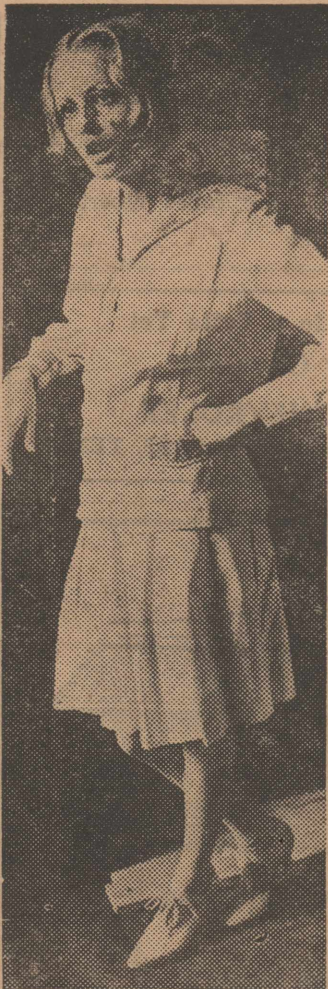

PASSED AND APPROVED
this the 19th day of July, 1971.
S/DELMAR R. HILLER,
Mayor.

City of Rockport, Texas
ATTEST:
HERMAN C. JOHNSON,
City Secretary,
City of Rockport, Texas

c18

Mel Ott spent his entire
major league career with the
Giants.

The post office employees
about 600,000 people, the
largest civilian work force of
the government.

THE COSTUME and glass-
es may be deceiving, but
underneath it all she's the
same Twiggy, only a bit
heavier and now 21. The
onetime world's top model
has embarked on a new
career, as a movie actress,
and is now filming "The
Boy Friend," a spoof of
Twenties musicals.

CLIFFORD STRIEBER DIES

Clifford A. Strieber, 65, died
at 12:40 a.m. Sunday in a
Corpus Christi hospital after
a short illness.

He was a native of York-
town and had been employed by
Central Power & Light Co. un-
til he retired last November.
Strieber had lived in Victoria
until he moved to Rockport
about a year ago.

The Rosary was recited
Monday in Our Lady of Vic-
tory Catholic Church in Vic-
toria. Funeral Mass was con-
celebrated in the church
Tuesday. Entombment was in
Resurrection Mausoleum in
Victoria.

Survivors include his wife,
Irene; two daughters, Mrs.
Claire Harris of New Orleans,
La., and Miss Kathleen Strie-
ber of Austin; one son, Clif-
ford Strieber, Jr., of Houston;
one sister, Mrs. Ruth Manz of
San Antonio; one brother, Al-
ton Strieber of Dallas; and
four grandchildren.

Garden Club

Although this Thursday will
be the fourth Thursday of the
month, the Peninsula Oaks
Garden Club will not meet un-
til next week—July 29th—
which is the last Thursday of
the month. Members are asked
to bring an arrangement of
flowers from their own gar-
dens or from artificial flowers.
Meeting will be at 8 o'clock
at the Peninsula Oaks office.

Mrs. Lee Blake and Mrs.
George Popham of San An-
tonio are vacationing in Rock-
port.

Social Security \$153,000 a Month

Social security benefits were
being paid to residents of
Aransas county at a rate of
\$153,000 a month at the close
of 1970, H. M. Cleveland, so-
cial security district manager
in Corpus Christi, reported.

The recent benefit increase
which was signed into law
by the President raised the
monthly amount by 10 per-
cent.

The increased amounts were
effective Jan. 1, 1971. First
checks at the new rate were
received by beneficiaries June
3, Cleveland said. Separate
checks representing the
amount due for January
through April were received
later in June.

Of the social security bene-
ficiaries living in Aransas
county, 1,102 are retired work-

ers and their dependents. An-
other 292 are receiving bene-
fits as the survivors of work-
ers who have died, and 163
are getting benefits as dis-
abled workers or their de-
pendents.

Most of the 32,934 benefi-
ciaries in Texas who are be-
tween 18 and 22 years of age,
are getting students' benefits

under a provision in the so-
cial security law which per-
mits a child's benefits to con-
tinue up to age 22, if the child
is attending school full time.
Another significant group
of social security beneficiaries
are those who receive benefits
as disabled workers. Social
security disability payments
are paid to workers who be-

come disabled for work and to
members of their families. As
little as 1½ years of work is

required in the case of a
worker who becomes disabled
before age 24, Cleveland said.

You May Lose Your Mind But You Won't Lose Your Money

The Boss is on vacation, and the deals I'm making while he's gone may
Make you think you're losing your mind, but you darn sure can't lose
your money. I am selling some Mobile Homes and Travel Trailers be-
low cost, and if I don't have a job when the Boss gets back, well, at
least I made a lotta good friends. We can't lose our lease, because we
own our own lot and we'll be here in the years to come to give you that
famous Bishop Service after the Sale. Hurry and get out here before
Monday, (that's when the boss gets back). Come on out, look over our
selection and make me an offer. I'm ready to trade.

INTELLIGRAM

How are you on recent events? Complete the following six statements, checking your answers with those below to find out.

- 1—Former Secretary of Defense (Clark Clifford) (Robert McNamara) has clashed with administration spokesmen over measures to win release of U.S. prisoners in North Vietnam.
- 2—U.S. marshals seized San Francisco landmark (Alcatraz) (the Presidio) from Indians who had occupied it for 19 months.
- 3—(The Soviet Union) (France) has been conducting a series of nuclear tests at its Pacific proving ground.
- 4—India is threatened by an outbreak of (smallpox) (cholera) among refugees fleeing from the conflict in East Pakistan.
- 5—The administration is reported planning a new federal agency to deal with (drought relief) (drug addiction).
- 6—Chief rival to the administration's federal revenue sharing program is a plan proposed by Senator (Muskie of Maine) (Javits of New York) which would give more money directly to the cities.

Count 10 for each correct choice. A score of 60 is excellent; 50, good; 40, fair; less than 40, poor.

Decoded Intelligram

1—Clifford, 2—Alcatraz, 3—France, 4—Cholera, 5—Drug addiction, 6—Muskie.
