Intercepted A Broadcast On Dec. 6, 1941

Admiral Declares Some Ships Could Have Made Escape

(By The Associated Press)

WASHINGTON, Dec. 18 — A Senate-House inquiry committee learned today that the Japanese intercepted an American broadcast Dec. 6, 1941 that gave them information on the number of battleships, cruisers and destroyers entering or anchored in Pearl Harbor.

This disclosure came in a Japanese naval officer's statement, obtained through Gen. Douglas MacArthur's headquarters in Tokyo and submitted to the Pearl Harbor committee. It was put into the records after Vice Admiral Theodore S. Wilkinson, former chief of naval intelligence, had testified.

Had Time To Leave

1—The warships caught by the Japanese at Pearl Harbor on Dec. 7, 1941, may have had an hour and a half to get out to sea if a warning message had been sent from Washington as soon as he had urged.

2—The fleet would have been less safe from any attack if it had been on the west coast or at Lahaina roads, another Hawaiian anchorage rather than at Pearl Harbor.

Cmdr. Tomo Tachibana of the Japanese naval intelligence staff, furnished Col. F. P. Munson of MacArthur's staff with his conjecture on what happened, since the staff officer in charge of the documents on surveillance at Pearl Harbor had died and the documents destroyed.

Tachibana did not make it clear whether the Japanese had broken one of the American codes, but he said that on Dec. 6 "the United States broadcast of the number of battleships, cruisers, destroyers and others entering (or anchored) in Pearl Harbor was overheard."

Suggested A Message

Wilkinson said he suggested to Admiral Harold R. Stark, chief of naval operations, by 8:30 a. m. (CST) Dec. 7, that a message be sent to the fleet. He said he was prompted by "fighting words" contained in an intercepted Japanese diplomatic message.

"He did not send a message im-

School Holidays To Start On Wednesday

Tomorrow is the last day of school for students of Lubbock public schools until after the Christmas holidays which will end Monday, Dec. 31, school officials said today.

The last day of classes will feature special classroom parties and Christmas trees, exchanging of gifts, assembly programs and caroling through the halls of the schools.

Guidance classes of Senior High school will have holiday parties from 9 to 9:30 a. m. Wednesday and at 2:45 p. m. there will be an assembly program and presentation of Dicken's "Christmas Carol." The assembly will be in the high school auditorium and parents are invited.

An annual tea honoring members of the Senior High school faculty will be given this afternoon by the homemaking department from 3:40 to 4:40 p. m.

The a capella choir of Senior High school directed by Mrs. John Watson has been caroling through the halls of the various schools this week. A caroling party by the Girl Reserves is scheduled for tonight.

Cold Wave Moving On Texas

CHRISTMAS TRAVEL IS ROUGH—Edward H. Gibson and his family sleep on the floor at the Los Angeles Union station as they and thousands of other servicemen wait vainly for the trains that will carry them home for the Christmas holidays. Many GI's fresh from overseas have waited many hours in an attempt to get home.

Navy Proposes To Give China Ships

Congress Leaders Are Dubious On Forrestal Plan

WASHINGTON, Dec. 18 (AP) — Shapers of congressional naval policy cast a dubious eye today at a Navy proposal to turn over excess American fighting ships to the republic of China.

The proposal, advanced yesterday by Secretary of the Navy Forrestal in a letter to Speaker Rayburn (D-Tex), caught Capitol Hill off guard.

Not Saying Anything

"This is the first I have heard of it," Chairman Carl Vinson (D-Ga) of the House naval committee told reporters. "I'm not saying anything until I know more about what they have in mind."

Vinson indicated he would be in no hurry to call the Navy's suggestion to the attention of his committee.

Several members of Vinson's committee expressed outright opposition.

"This looks like a move in the direction of using the Navy to play world politics," one said privately. "Apparently we are to give away our surplus ships to strengthen the hand of Chiang Kai-Shek in his fight with the Communists."

Surplus Expected

A few months ago the naval committee reported that there would be a surplus of 222 major combat ships after the Navy's post-war needs are met.

"Among these are six battleships, four carriers and eleven cruisers," a committee member said.

In addition to helping China with ships, Forrestal proposed that the president be authorized to detail officers and enlisted naval personnel "to assist the republic of China in naval and maritime matters."

The legislation, the secretary wrote, conforms to recommendations of the joint chiefs of staff and its submission to Congress was cleared by the White House.

Donations Nearing The $2,300 Mark

As Chief Goodfellow started marshaling his forces to arrange packaging and delivery of gifts, Lubbock's Eleventh Annual Christmas Cheer fund continued to climb toward the $2,300 mark.

The fund, already more than $700 over the $1,500 goal, will be used to assure every Lubbock youngster a Merry Christmas Without distinction regarding race, color and creed, Goodfellows on Christmas morning will deliver generous gifts to all boys and girls of 14 years of age and under, residing within Lubbock's corporate limits and who will not have a Merry Christmas without Goodfellow aid.

The financial report to date:

Eighty Indonesians Killed In Fighting

BATAVIA, Java, Dec. 18 (AP) — At least 80 Indonesians were killed yesterday in bitter hand-to-hand fighting at Buitenzorg with a British Indian column which suffered 32 casualties, the newspaper of the 23rd Indian division reported today.

Three Indians were killed. A British officer and 28 Indians were wounded when the column encountered a road block.

Two hundred and fifty Europeans and Eurasians were evacuated from Bandoeng. Some of the evacuees said that Indonesians seized 32 persons there Dec. 9, and that nothing had been heard from them since.

Fresh Norther Due To Bring Snow To Area

Temperature Drop Reported For The Panhandle

(By The Associated Press)

A freezing norther moved into the Panhandle early today, bringing snow and 15-degree weather to Amarillo, and the weather bureau predicted it would overspread most of Texas tonight and tomorrow.

At noon Pampa reported everything covered with ice and snow falling.

The new norther follows close on the heels of another which had caused temperatures to drop as low as 14 degrees at Dalhart and Pampa at 7:30 a.m. today.

Fog And Drizzles

Fog and drizzles blanketed Texas from the Red river to the Rio Grande. Temperatures were generally low, many below freezing.

Colder weather is forecast for tonight and tomorrow, and snow is expected in the northern portions of both East and West Texas.

Low readings this morning included the 14 degrees at Pampa and Dalhart; Wink 23, Lubbock 26, Big Spring 29, Wichita Falls 34, Abilene 33, San Angelo 35, Texarkana 33, Fort Worth 34, Dallas 37, Sulphur Springs 33, Gainesville 33, Waco 39, Pyote 34, Tyler 35, Vernon 31, Corsicana 38.

The cold wave fought its way into the semi-tropical Rio Grande valley, where Brownsville reported 53 with fog and drizzles. Laredo reported 51, El Paso 46, Del Rio 45 along the river.

Gulf coast points were chilly and damp, with Corpus Christi reporting 50, Galveston, 52, Beaumont 50, Houston 48.

BITTER COLD WILL CONTINUE IN NATION

Continued bitter cold for the next two days was in prospect today for most of the U. S., with heavy snow anticipated in the Ohio valley states and north into

Auto Thieves Busy In Area

Theft of automobiles here and there over the South Plains was reported overnight and this morning to Lubbock police radio station KGZW for broadcast purposes.

A light blue 1940 Ford coach, license ED 2166, was stolen from Nolen Swain of Lubbock.

Sewell and Wilks, of 1412 Texas, reported theft of a pickup automobile from their car lot.

One Stolen At Spur

From Spur came a report of Sheriff Fred Christopher that a black 1941 Chevrolet, license FD 3548, was stolen there.

Sheriff Ed Hofacket of Levelland reported a blue 1941 five-passenger Chevrolet coupe, license FN 7287, stolen at Ropesville.

Another car, which had been stolen from Everett L. Fitzgerald of 1815 Ave. E, was reported abandoned at Ropesville. It was a 1937 Ford coach.

Tahoka officials said a light blue 1941 Chevrolet sedan, license ED 9792, had been stolen there.

Alarm Was Spread

And Allen Benton of 2301 Thirtieth informed police just before midnight that two men in a car he gave close description of had driven up to his car and had attempted to take it. He gave the alarm and the men fled.

Charley Link of 352 Ave. H said that someone late Monday had attempted to open the safe at that

Stalin Back At Desk After Long Vacation

MOSCOW, Dec. 18 (AP) — Generalissimo Stalin, rested by a long vacation, was back at his desk today as the foreign ministers of Soviet Russia, Great Britain and the United States prepared for their third formal session on world problems with a feeling of reserved optimism.

Stalin returned from his 68-day holiday yesterday, just four days before his 66th birthday.

His long absence from the Kremlin had given rise to rumors abroad that he was ill.

Jealous Vet, Wife And Man He Thought Stole Love Are Shot

LOS ANGELES, Dec. 18 (U.P.)—A jealous Army veteran, his estranged wife and the man he suspected of stealing her love were dead today in a triangle shooting blamed on the husband's professed inability to please the pretty wife he called "man crazy."

The victims were shot down as they were wrapping Christmas presents.

Crashed Through Window

Police said that Julius F. Sokol, 29, crashed through a livingroom window at the home of his wife's parents last night, shot to death Mrs. Georgianna Sokol, 27, and Joseph Oliver, 30, then fatally wounded himself.

Sokol, discharged from the Air Corps Nov. 16 had brooded over his wife's divorce suit, investigators said.

Mrs. Sokol was killed instantly. Oliver died en route to a hospital and Sokol died three hours later without regaining consciousness.

Killer Identified

Police said that Oliver identified Sokol as the double slayer before he died.

In Sokol's pocket police found an incoherent note addressed to his parents-in-law. Written Dec. 5

Captain Of Ill-Fated Cruiser Tells Story Of Ship's Loss

McVay Claims He Gave Order To Abandon Ship

(By The Associated Press)

WASHINGTON, Dec. 18.—Capt. Charles B. McVay, third, testified at his court martial today that he did not order the Indianapolis to maintain a zigzag course the night the heavy cruiser was lost because he considered visibility conditions made it unnecessary.

Captain McVay is being tried on charges of negligence and inefficiency in the loss of the warship lost July 30 while en route from Guam to Leyte. The Navy has attributed the ship's loss to an enemy submarine.

Visibility Was Poor

The accused officer took the stand today at his own request.

He said visibility was poor that night.

Recounting the story of his actions in the 15 minutes which elapsed between the explosions and the ship's sinking, Capt. McVay said he was asleep in his emergency cabin when the explosions occurred. He had retired, he said, about 11 p.m.

He went out on deck, he said, and was informed that all communications were out, that the damage control officer had gone below to determine the situation, and that efforts to signal the engine room to stop engines had been fruitless. He said he sent word immediately to the radio shack to get out a distress message.

Maintaining Even Keel

He said he was unable to see anything from the bridge to indicate the extent of the damage, but the ship then was maintaining a fairly even keel.

The damage control officer reported shortly thereafter that his examination indicated the ship was badly damaged and asked the captain if he wanted to order the ship abandoned.

McVay said he replied, "no," that he thought the damage could be controlled.

Abandonment Ordered

Then, he related, the executive officer reported the damage was so extensive he considered the ship doomed and recommended that it be abandoned.

McVay said because of his confidence in the executive officer's judgment, he immediately told him to pass word to abandon ship.

The executive officer went below to carry out that order, McVay continued, "and I didn't see him again."

Meanwhile, McVay said he or-

Influenza Moving Into Texas In Wake Of Cold Waves; School Enrollments Are Hit

(By The Associated Press)

Influenza has moved into Texas in the wake of the season's first protracted cold waves and schools have been closed in at least two cities.

Kilgore Junior college, with about 100 out with influenza, closed Monday. Dean B. E. Masters said the closing, two days ahead of schedule could be attributed to flu.

Public Schools Close

Kilgore public schools were closed last Friday due to widespread illness among the students.

Dr. C. T. Richardson, city health officer, estimated there were 500 cases in Kilgore, but he said they were beginning to decrease. He said also that there had been no pneumonia cases.

Palestine schools were dismissed Monday because of flu. Bad weather and influenza have caused a 25 per cent absenteeism there.

Corsicana Hard Hit

Corsicana schools have reported from one-fourth to one-third enrollments absent with influenza, Dr. Will Miller, acting director of the Corsicana-Navarro health unit, said today.

Another Corsicana physician estimated that one out of every four persons in the city were either

Hitler Planned To Seize Middle East

Top Secret War Orders Reveal Germany Was Preparing For Invasion Of Turkey

(By The Associated Press)

NUERNBERG, Dec. 18. —Adolf Hitler's top secret war orders showed today that the fuehrer once planned to invade the Middle East, to wage war on Turkey if necessary and made ready in 1940 to occupy the whole of France.

When Col.-Gen. Gustav Jodl, German Army chief of staff, was captured last May he reluctantly surrendered a leather brief case which he seemed to cherish more than any other possession. The case contained more than 50 of Hitler's original war orders.

Wanted Them Preserved

"I want them preserved for posterity," Jodl suggested.

Some of the orders have been submitted in evidence in the war crimes trial, in which Jodl is a defendant. The remainder, kept in a bomb-proof safe, were made available to the Associated Press.

War order No. 9, dated Nov. 29, 1939, indicated that Hitler considered Great Britain his most formidable enemy and that the "prerequisite for final victory is to beat England." To do this once the Germans had disposed of the "British - French expeditionary force," Hitler planned that his Navy and Air Force should bomb and blockade Britain into submission.

Underestimated Tenacity

Apparently realizing that he had underestimated British tenacity, Hitler issued order No. 30 on May 23, 1941, announcing his intention of supporting Iraq against Britain as the first step of a Middle East offensive.

Not putting all his eggs in the Iraqian basket, however, Hitler also ordered a "coordination of the fight against the British position in the Mediterranean and the Near and Middle East by a concentric attack which is planned from Libya through Egypt, from Bulgaria through Turkey and possibly also from Transcaucasia through Iran."

Childress Woman Is Victim Of Beating

LOS ANGELES, Dec. 18. (U.P.)—Mrs. Ella Richerson, 70, of Childress, Tex., was in serious condition today from an alleged beating and attack by a man who broke into her hotel room and robbed her of $35.

Mrs. Richerson was waiting for transportation reservations to her home when the man forced his way into her room early yesterday and assaulted her, she told police.

Attendants at General hospital say she will recover.

School Children Aid Vet Housing Search

HOUSTON, Dec. 18. (U.P.)—Ninety thousand school children today joined the search for apartments and rooms for veterans.

Each child carried home a letter from the veterans service center appealing for homes for 1,500 homeless veterans and their families. "Our need for houses, rooms and apartments is immediate," the letter told the parents.

Farm Goal In Texas Is Set

COLLEGE STATION, Dec. 18. (AP)—A goal of 7,000,000 acres planted in cotton in 1946, nine per cent above the 1945 planted acreage, was accepted by farmers meeting here yesterday with farm agency representatives to set farm goals for next year.

This figure together with others agreed upon indicate that 1946 production in the state will continue in the high ratio followed in the last four years.

Goals Are Accepted

These goals were accepted:

High for spring farrowing, increased from 175,000 to 190,740.

Acreage legumes and grass, increased from 73,000 to 94,000.

Turkeys from 4,300,000 to 4,465,000.

Hens and pullets on next March first, from 21,442,000 to 27,518,000.

Sheep and lambs from 9,425,000 to 10,091,000.

Among major products milk was set at 4,467,000,000 pounds, three per cent down; milk cows, 1,369,000, two per cent down; eggs, 220,818,000 dozen, 21 per cent down; chickens raised, 36,539,000, 18 per cent down; cattle and calves at end of year, 7,600,000, one per cent up.

Wheat (acreage planted), 5,200,000 acres, 3 per cent up; corn, 2,950,000, 18 per cent up; oats, 1,830,000, 8 per cent down; barley, 434,000 acres, 1 per cent down; grain sorghums, 4,500,000

Lord Haw Haw Loses Last Chance At Life

LONDON, Dec. 18. (U.P.)—William Joyce, "Lord Haw Haw" of the German radio, lost his last chance for life today when the House of Lords dismissed his appeal, and he will be hanged for treason.

A panel of Peers chosen to consider Joyce's appeal returned a four-to-one decision rejecting it. Joyce had sought to prove that he was an American citizen and not subject to British justice.

When the decision was announced in the House of Lords, a man in the public gallery cried, "This man is innocent. I phophesied the death of Hitler and his return." The man, unidentified, was permitted to remain in the gallery until the chamber was cleared.

Joyce, a sallow, broken man, was not present to hear the decision.

Moon Will Stage Disappearing Act In Total Eclipse Tonight

Mr. Moon will stage one of his rare disappearing acts tonight, when a full eclipse occurs in parts of the United States where the weather permits. Indications today were that Lubbock and South Plains residents would have a full view seat for the spectacle.

Starting at 5:30 p. m. and continuing through 11:02 p. m., the earth's shadow will pass completely across the satellite.

Will Rise At 5:20

The moon will rise at 5:20 p. m. in the northeast and at 5:38 will begin entering the penumbra, or outer shadow. At 6:37 it will enter the umbra or black shadow with total eclipse due at 7:40 o'clock.

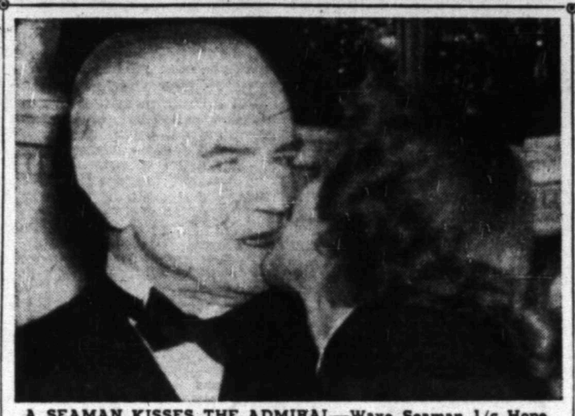

Passing across the face, mid-eclipse is scheduled at 8:20 and total eclipse will end at 9 o'clock.

These vital statistics on the phenomenon were supplied by Dr. R. S. Underwood, Texas Tech mathematics instructor and amateur astronomer, who makes observances of such events.

Face To Be Red

The general public will have no trouble viewing the spectacle tonight, Dr. Underwood said. All you have to do is go outside, look to the northeast and there it will

Pay Raise Of 15 Cents Per Hour Offered

Security Against Wildcat Strikes Also Is Sought

(By The Associated Press)

DETROIT, Dec. 18. —A pay increase of 15 cents an hour was offered the CIO's United Auto Workers by the Ford Motor company today and the union promptly rejected it.

The company combined its wage offer with a demand on the union for a "company security" arrangement, involving fines up to $5,000 for "illegitimate strikes."

Completely Unacceptable

Richard T. Leonard, Ford director for the UAW-CIO, announced immediately after a reading of the company proposals that Ford's offer was "completely unacceptable to the union."

Ford said its offer would represent a 12.4 per cent increase and a total of approximately $33,000,000 a year.

The Ford offer compared with a 10 per cent increase offered the UAW-CIO by General Motors Corp.

While union negotiators announced their rejection of the Ford proposal, they said discussions would be resumed Thursday.

Prerogatives Outlined

"Company prerogatives" were outlined by Ford as follows:

1. Company retains the sole right to hire, lay off, assign, transfer and promote employes and determine hours to be worked.

2. In exercising this right, primary factors will be past performance, qualifications, experience, initiative and aggressiveness of all available candidates.

3. The company retains sole right to discipline and discharge employes for cause.

4. Right of company to establish and determine, maintain and enforce standards of production, is fully recognized.

Right To Make Rules

5. Right of the company to make such reasonable rules and regulations for maintaining order, safety and or efficiency is recognized.

6. Judgment of the management to work an operation or department overtime shall be recognized.

7. Right of the company to write off and recall employes is limited by the sections of this agreement covering that subject. Notwithstanding these provisions it is recognized that when it becomes necessary to facilitate operations, management shall have the sole discretion to determine which employes are necessary to be retained.

The increase offered to the union would become effective at the beginning of the calendar month during which production of the company reaches or exceeds 80,000 units. The units will include Fords, Mercurys, Lincolns and Trucks.

In Effect Two Years

The resultant rates would remain in effect for a period of two years from the date they become

Packard Plant To Be Closed

DETROIT, Dec. 18. (U.P.) — Packard Motor Car company announced today that a progressive shutdown of its Detroit plant has started because of a "suppliers strike" and that nearly 10,000 employes would be idle by Christmas eve.

George T. Christopher, president and general manager of the company, said the supplier's strike was "not involved" in the present automotive labor controversy and that the layoff was due to lack of parts and to the annual inventory.

Notices are Posted

"The company decided to shut down progressively because we want to keep as many people working as long as possible," Christopher said in announcing that notices were posted throughout the company's Detroit plants.

He said that the shut down was caused by lack of transmission synchronizing brake bushings and crankshaft and connecting rod bearings.

The Cleveland Graphite Bronze company of Cleveland, O., which makes the bushings, has been closed since Oct. 30 because of a labor dispute, Christopher said. The bushings are not available elsewhere.

Stockpiles Exhausted

Bearings were produced by the Moraine productions division of General Motors corporation at Dayton, O., which was closed Nov. 21 by the strike of the CIO United Automobile Workers. Three other sources of these bearings were strikebound and a fourth was unable to accept Packard orders, he said.

"Our stock piles are now exhausted and we have no choice except to shut down temporarily on a progressive basis," Christopher said.

College Exes Launch Drive

An over-all drive for funds toward the $300,000 needed for the proposed athletic stadium at Texas Technological college was planned last night when former students and officials of the college gathered on the campus to launch a campaign to reach, as nearly as possible, every ex-student of Tech.

A committee was appointed to draw plans for a huge stadium rally to be held in a downtown hotel January 7 and to present at that time an outline of the manner in which solicitations will be made.

Steering Committe

Brode Puckett, Leonard Latch and Maurice Cowan were named on the steering committee. They will draw up a program for the Jan. 7 rally, which will include pictures of some 1945 games.

An outline of the proposed stadium along with the facts concerning the need for such a structure will be sent to editors of West Texas newspapers asking their cooperation and aid in publicizing the drive for funds through the alumni association.

In the intervening period before the January rally persons wishing to contribute any amount from "$10 to $10,000" are requested to send their contribution to the "Texas Tech Foundation, Stadium Fund, Box 96, Tech Station, Lubbock."

To Get "Little Fellow"

Jason O. Gordon, president of the Lubbock county ex-student's chapter, told the group assembled last night that the persons to be contacted in this drive will be "the little fellows who cannot give so much, but whose combined contributions will go a long way toward completion of our new stadium."

The funds will be raised in the immediate future, with completion of the drive as soon after Jan. 1 as possible.

O. B. Ratliff, former Tech student and a member of the college board of directors, outlined briefly progress of drives for funds from other sources. About $150,000 or half of the total estimated cost, has been raised through a $100,000 donation by Dr. Clifford B. Jones, president emeritus of the college, and from the board of directors.

Details Of Plant

Morley Jennings, Tech athletic director, and Dell Morgan, head football coach, attended and pointed out the technical details of the erection of a stadium such as the one proposed.

A round-table discussion was held among those present in which means and ways of raising the funds through personal soliciation —to touch every former student in the area and as many as possible everywhere — were brought out.

Paris Police Close Licensed Brothels

PARIS, Dec. 18 (AP)—The prefect of Paris police said last night that all 178 licensed houses of prostitution in the French capital would be closed.

The prefect, Charles Luizet, said the city's registered prostitutes would be placed under strict control, but added that it might be three months before the order, could be enforced completely. He said all efforts would be made to apprehend unlicensed women.

Luizet made his announcement at a Paris council meeting after city councilwoman Marthe Richard, leader of a crusade to close the brothels and make prostitution illegal, declared she had been offered 1,000,000 francs ($20,000) "to drop this whole business" by "persons with an interest in the operation of the houses." She declined to name them.

Emile Bure, political director of the newspaper L'Ordre, in an editorial assailed the council's action as opening the door to a wave of violent sex crimes. He compared Paris with New York, where he said the lack of established outlets had driven men to rape and related crimes.

Vice Adm. 'Uncle Dan' Barbey, Leader Of 62 Landings, Once Rejected As Unfit

By HAL BOYLE
Associated Press Staff Writer

SHANGHAI, Dec. 18. — If you ask Navy men who is the most determined man they know, many will answer "Uncle Dan Barbey," commander of the U. S. Seventh fleet.

Vice Adm. Daniel Barbey has directed more amphibious landings than any man in histogy—62—and has been on continuous sea duty in combat zones longer than any other flag officer in the Navy. Perhaps one reason he has been such a hefty warrior is that he had to fight his way into uniform.

No one has ever been able to make him quit, and neither could the Annapolis medical board which rejected him on physical grounds after he had won appointment to the academy from Portland, Ore., in 1908. He was highest in the competitive exams for the appointment.

"You have heart murmurs and palpitations," Acadamy doctors told him kindly, "but many people have lived to a ripe old age with that condition."

Goes To Washington

It frightened the 18-year-old boy, but made him angry, too. He decided he didn't believe them. He boarded a train for Washington, D. C., and called at the office of the Navy's Surgeon General.

The Surgeon General saw him, but shook his head. There was nothing he could do.

Barbey, who the night before had written a note to his hotel manager telling what to do with the body if he died in his sleep, asked "who is the greatest heart specialist in America?"

The Surgeon General smiled. "There is a Doctor Musser in Philadelphia—if he says you're all right, you're as good as in."

Fainted After Exam

But no sooner had he finished his examination than Barbey fainted. Revived, young Barbey acknowledged sadly, "I guess they were right."

"No," said the doctor, "I just think you're excited. Come back tomorrow."

He did. He passed. Exultantly he returned to the Surgeon General, who read the Philadelphia specialist's verdict and told him, with a grin:

"You go down and tell that Academy board to give you another examination, and if they reject you I'll appoint another board and serve on it myself."

Second Appointment Made

There was another obstacle; by that time his Oregon senator had learned of his first rejection and appointed another boy.

The senator was out of town, but young Barbey found his secretary. At his insistence, the secretary—who was in her room drying her laundry—sent a telegram to Oregon instructing the second appointee to remain there.

Then Barbey found the senator, who said he'd withdraw the second appointment if the lad hadn't already left for Annapolis.

He hadn't; Barbey's telegram had forestalled that.

So determined Dan got into Annapolis, two months late.

LOOKED LIKE FIRE

SEATTLE (AP) — Terrific firepower of the mighty battleship Iowa, capable of firing 8,900 shells and bullets every 10 seconds, led American pilots and other craft nearby to believe the battlewagon had been hit by enemy fire, Rear Adm. Oscar C. Badger told Seattle officials during fleet celebrations here.

"Several times during the last Pacific actions we were believed hit when actually it was just the flash and glare of all our guns," the admiral said.

Power Project Being Studied

WASHINGTON, Dec. 18 (AP) — Permission for the Brazos river reclamation and conservation district of Texas to operate the hydroelectric power plant at the proposed Whitney dam near Waco, Tex., is still under study and some kind of measure probably will be introduced in the House early next year, Reps. Mansfield and Poage said yesterday.

They made their statement after a meeting in the office of Rep. Mansfield, chairman of the House rivers and harbors committee, at which R. D. Collins, manager of the district, and John D. McCall, attorney, discussed the matter with Lieut. Gen. Raymond A. Wheeler, chief of Army engineers. Other Texas members of Congress participated in the discussion.

Willing To Pay

McCall said the district is willing to pay for the power plant facilities, which would be $3,000,000 of the overall $20,000,000 estimated cost. The district would assume the operating costs estimated at $150,000 annually, and in return would receive revenues. He said the district is a state agency and receipts go into the state's general fund.

General Wheeler pointed out that under the flood control act authorizing construction of the dam, its power plant would be turned over to the interior department. Those at the hearing, however, expressed belief he would not oppose any legislation that will be introduced to authorize the proposed change.

The red, white and blue octofoil on the shoulder patch of the Ninth Infantry Division is the 15th century heraldic symbol for the ninth son.

The Roman roads were made by the Roman armies and formed a very important factor in the extension of Roman power and the spread of the Roman civilization.

The 99th Infantry Division used the blue-and-white checkerboard design of William Pitts' coat of arms on its shoulder patch.

Gen. Douglas MacArthur is credited with having given the nickname "Rainbow" to the 42nd Infantry Division during World War I.

Surplus Goods Being Offered

FORT WORTH, Dec. 18. (Special)—A volume of powerful 6x6, 6x4, and 4x4 cargo trucks and half-ton command and reconnaissance trucks make up two-thirds of the 930 surplus automotive vehicle units listed for the fixed price sale in progress at Camp Livingston, La.

The sale will continue through Friday and will be resumed Dec 27 through 28, it was announced by Hamilton Morton, regional director, OSP, Consumer Goods Division, RFC, Fort Worth office.

Schedule For Sales

The schedule for sales at a fixed price to federal agencies, state and local governments, veterans and dealers is handled in the following order. Federal agencies began buying Dec. 17, state and local governments will buy Dec. 18 and 19; veterans Dec. 20 and 21; dealers Dec. 27 and 28.

The staggering of sales dates to priority claimants and the trade expedites delivery to the purchaser on the spot. Catalogs are available for prospective purchasers at Camp Livingston. They contain the sales number, price and complete description of every item offered. All units offered for sale are marked on the windshield by the sales number and selling price. Veterans must bring a copy of their veterans preference certificate, issued by the Smaller War Plants corporation.

Offered At Fixed Price

Vehicles will be offered at the fixed price as indicated in the catalog and on each unit. No vehicles are being sold at this sale for less than indicated in the catalog. This is the first of a series of weekly fixed price sales to satisfy the claims of all priority groups for automotive vehicles The sale to federal agencies, state and local governments and veterans will be followed by a fixed price sale to the dealer during the following week.

In following this plan similar fixed price sales will be conducted each week subsequent to Jan. 7, in various locations throughout the region. Opening the series at Fort Sam Houston, San Antonio, Jan. 7, 655 units will be offered beginning with federal agencies on the 7th; state and local governments Jan. 8 and 9; veterans Jan. 10 and 11; and dealers Jan. 14. Locations for future sales in this series and the dates they will be held will be announced later. For further information contact the Office of Surplus Property, Consumer Goods division, RFC, P.O. box 1407, Fort Worth.

Cities Hold Out A Variety Of Tempting Offers To Delegates Of United Nations

By FREDERICK C. OTHMAN
United Press Staff Writer

WASHINGTON, Dec. 18. — Last word from London is that the United Nations boys are in a mess, trying to decide where to set up their tents in America. They're almost reduced to blindfolding a Goldwyn girl and having her stick a pin in a map of the U.S.A.

The pin-hole would be the site for the white marble palaces of the UNO and the boosters' clubs from the 40-odd places which want to be headquarters wouldn't be insulted. That's one method, diplomats, but a better way is to get some impartial advice.

Old rolling-stone Othman, rider of patrol wagons and follower of fire engines across the land these many years, is the fellow to give it to you. Let's consider first St. Louis, my home town.

Free Beer, Lunches

St. Louis, gentlemen of the United Nations, contains the world's biggest brewery, with free beer and free lunch on tap daily for visitors. If you statesmen like cheese cake, pigs knuckles, and liberty cabbage, St. Louis is the place.

Chicago is a great city, too, gents, but I don't know whether its for you. It takes a brave man to wear spats in Chicago. Striped trousers don't go so well there either. It's a lusty town, even though it's fresh out of gangsters, but leave your fancy pants at home to enjoy it.

Baltimore, friends, is the place where oysters come in assorted flavors and ladies spend Saturday morning scrubbing their front steps. In summer you can buy crabcakes for a nickle from the street peddlers. Theres good eating, cheap, in Baltimore.

Could Prospect For Gold

I don't know how well-heeled you diplomats are, but if you run short of pin money, Denver is your place. You can prospect for gold in Cherry creek. Or sink a silver mine outside of town.

Claremore, Okla., should be inspirational. This is where Will Rogers came from; he was no slouch, himself, as a statesman. It is breezy in Clairmore and the drinking water is excellent.

If it's cultural background you want, give Philadelphia a look. Here is where the mayor takes a padded hammer and rings the Liberty Bell on state occasions; it sounds, pflung. The best fish restaurant in America, bar none, is in Philadelphia.

Then, fellows, there is a locality called the Bronx, which loves you. Only I don't know whether you'd love the Bronx. One block looks like another block in the Bronx and of all the places to get lost, like a mouse in a Russian scientist's maze, the Bronx is it.

If you want to be surrounded by plenty of nothing except scenery and fresh air, take the Black Hills. Should you be thinking about Boston, I urge that first you see a play called "The Late George Apley." I never have eaten first class Boston baked beans in Boston, but maybe you caviar boys don't like beans.

You have seen San Francisco for yourselves and you must admit its quite a place, but why it wants you I don't know. It's got so many people already, pedestrians have to travel piggy-back on Market street. That may be a temporary condition. Where else can you have fun riding cable cars?

Hollywood has its points. Metro-Goldwyn-Mayer could throw you up a pink plaster headquarters with gold doorknobs overnight. Warner Brothers could furnish it with antiques and petit point in 30 minutes flat. Paramount could place a sweater girl at every typewriter. No obligation, either, except to give the movie boys a credit line in your official program.

I hope this has been helpful, United Nations. If you need any further lowdown, shoot me a cable. Prepaid.

BIG CHIEF ROBIN HOOD

DOVER, N. H. (U.P.) — Robin Hood traditionally haunts the forests of Nottinghamshire in England, but America has a Robin Hood of its own who proved his existence on an official slip of paper.

On the bottom of the deed of transfer of the Dover territory to the early settlers by the Indians, there appears the signature "Ould Robin Hood." He has been identified as the Indian chieftain in that area.

Fugitive Nabbed For Smuggling Narcotics

DALLAS, Dec. 18. (U.P.)—Charles V. Kulbeth, 26-year-old fugitive from a 25-year army sentence for desertion, today faced a charge of smuggling narcotics.

Kulbeth, who was arrested by Federal officers Saturday while in possession of $106,000 worth of narcotics, was charged before U. S. Commissioner Madden Hill. He was placed in the Dallas county jail Monday when he failed to make $25,000 bond.

He said he had escaped from Army guardhouses and stockades 11 times. His last escape was from Camp Shelby, Miss., about 15 months ago.

The seizure of Kulbeth's supply of narcotics was the second major finding of drugs in less than a month. On Nov. 24 officers seized heroin valued at $120,000. Jose Garcia Medina was charged with violation of the Harrison Narcotic act in connection with the November find.

Reign Of Terror In Iran Is Conducted

TEHRAN, Dec. 18. (AP) — The Iranian government charged in a statement today that "people of doubtful character" were terrorizing the residents of Azerbaijan province and imprisoning and tormenting government officials in the area.

(An Azerbaijan national government was reported by the Soviet news agency Tass in a dispatch datelined Tehran yesterday to have been formed in Azerbaijan province, part of the Russian-occupied zone of northern Iran.)

The Iranian government statement listed specific acts of violence which it said "very clearly established the fact that a number of armed adventurers in Azerbaijan have taken advantage of the presence of foreign forces and engaged, under the treacherous title of Democracy, in an armed uprising against the monarch and the Democratic government of Persia (Iran)."

Club Is Host At Yule Party

Clement-Sorosis Study club gave a Christmas dinner Monday night at Cactus Inn, having husbands as guests.

The tables were decorated with greenery and red candles.

Special guests were Mr. and Mrs. Carl Sutton and Mr. and Mrs. Harry Bettes.

Members and their husbands attending were Messrs. and Mesdames Jerry Brooks, Bob Gee, Guy Wheatley, L. D. Marshall, Dwain Rogers, Herbert Bannister, Preston Smith, Mesdames Ben Mashburn, Clarence Woods and Naomi Caddel.

Couple Is Wed At Residence

Miss Anne Martin, daughter of Mr. and Mrs. Albert Martin of Sebago Lake, Maine, and Horton H. Morris, son of Mr. and Mrs. Max L. Morris of 2307 Seventh, were married Monday afternoon in a single ring service read by C. E. Lynn in the Morris home.

Christmas candles and poinsettas were used to decorate.

The bride wore a blue grey wool dress trimmed with salmon pink sequins. She carried a bouquet of pink roses. Mrs. C. V. Thornton, sister of the bridegroom and matron of honor, wore a black crepe dress. Dale Walker was best man.

A reception was given following the service.

Both the bride and bridegroom have been discharged from the Army after serving overseas. The bride was a lieutenant in the Army Nurse corps. They are students at Texas Technological college and after Jan. 15 will be at home at 2107 Twenty-seventh.

Girls Will Return From Hockaday For Holidays

Four Lubbock girls will return to Lubbock from The Hockaday School in Dallas Thursday to spend the Christmas holidays with their parents. They are Miss Sara Davis, daughter of Mr. and Mrs. Clarence E. Davis; Miss Martha Enochs, daughter of Mr. and Mrs. I. C. Enochs; Miss LaJuanda McLeod, daughter of Mr. and Mrs. O. W. McLeod; and Miss Alice Woolsey, daughter of Mr. and Mrs. C. R. Woolsey. They took part in the Christmas vesper services last Sunday evening, and were guests at Miss Hockaday's formal Christmas dinner given Monday evening.

Miss Davis will especially enjoy the holidays because she will be with her father, whom she has not seen in three years. She may have Miss Barbara Scranton of Houston as her house guest part of the vacation. Miss Enochs plans a trip to Houston at the end of the holdiays before returning to Hockaday January 10. Miss McLeod is planning to exchange visits with Miss Mary Rutherford of Pampa.

Cattle Marked After Atom Blast Studied

OAK RIDGE, Tenn., Dec. 18. (U.P.) —Sixty head of scrubby, gray-splotched Hereford cattle believed to have been exposed to atomic dust from the first atom bomb explosion in New Mexico have arried here for study by scientists.

Col. Stafford L. Warren, chief of the Oak Ridge medical science staff, said the 60 were part of 150 Hereford cattle affected by the explosion. He said that they had lost their normally red hair shortly after the explosion and that it grew back gray.

"We think that possibly these cattle grazing on a parched range some 25 miles from the blast scene were covered by dust from the explosion," Warren said.

"This dust remained on the cattle in the absence of rain and radiation set in. Had rain come the dust would have been washed off and the cattle probably would not have suffered," he said.

C-C Managers Urged To Back Expansion

FORT WORTH, Dec. 18. (AP) — Urging local chambers of commerce "to back actively" industrial expansion, John M. Guild of Dallas told delegates to the 39th annual convention of Managers of Texas Chambers of Commerce here yesterday that they must fight to bring industrial expansion from the east and west coast to Texas.

"Eastern states will not let us have their plants if they can help it," he said. "There is no doubt that the West coast will offer strong competition to the Gulf coast in industrial competition.

The convention ends today.

Miss Conny McDonald Is To Marry C. B. Martin Friday

CHECKERBOARD BRAID . . . For dramatic contrast, Charles of Ritz suggests black and white braid for Christmas and moonlight.

To announce the engagement and approaching marriage of her daughter, Conny, to C. B. Martin, son of Mr. and Mrs. Claude Martin, 1909 Ninth, Mrs. Alex McDonald entertained with a tea Monday afternoon from 4 until 6 o'clock in her home, 2221 Eighteenth.

Guests were greeted at the door by Mrs. Overton Ribble who presented them to the line composed of Mrs. McDonald, the bride-elect and Mrs. Martin.

Centering the tea table which was laid with a hand embroidered cloth from the Philippines were figures of a boy and girl standing beneath a tree made of flowers. On a canvas resting on an easel, the girl was painting "Conny and C. B., Dec. 21."

In House Party

Mesdames C. W. Tatum, Irving Jones and J. W. Wallace poured during the calling hours. Others in the house party were Mesdames Ed Winner, sister of the honoree, Jack Gordon, R. L. Sanders, John A. Roberts, Jr., I. A. Stephens, and Misses Jean Freeman, Lucille Hall, Wanda Jo Ribble and Roberta Niblack.

Both Miss McDonald and Mr. Martin are graduates of Lubbock High school. She attended Colorado State Teachers college in Greeley, Colo., and he has served in the Pacific with the Seabees for the past 22 months.

The wedding will take place Friday night at 7:30 o'clock at First Presbyterian church.

Dean Allen Is Guest Speaker

Dean James G. Allen was guest speaker at a dinner meeting of Lubbock Woman's club and husbands Monday night in the Tech Social center. He gave interpretations of the Biblical story of the birt' of Christ.

The center, which is decorated for Christmas in a festive atmosphere of Santa Claus figures, tinsel, angels and colored baubles and trees, lent color to the semi-formal occasion.

Mrs. A. T. Cocanougher, president of the club, was toastmistress.

Mrs. William Blake was program chairman.

Invocation, in the form of an original poem, was given by Mrs. T. E. Buckner.

Bill Blake sang several selections, including Berlin's "White Christmas," and Mrs. Elois Elliott played Christmas numbers at the piano.

Mrs. Tom B. Simmons, Jr., Daughters Visit Here

Mrs. Tom B. Simmons, jr., and daughters, Betsy and Barry, of Sweetwater, are visiting with her parents, Mr. and Mrs. W. B. Price. Mr. Simmons will join them Saturday to spend the Christmas holidays here.

This Home-Made Cough Syrup Beats Them All

So Easily Mixed! No Cooking. Saves Big Dollars. Real Relief.

Yes indeed, this home-mixed cough syrup, made in your own kitchen, is one of the most effective things ever found for coughs due to colds. It's so easy to mix, a child could do it. And it saves good money, too.

Make a syrup by stirring 2 cups of granulated sugar and 1 cup of water a few moments, until dissolved. No cooking needed. Or you can use corn syrup or liquid honey, if desired.

Get 2½ ounces of Pinex from your druggist, and put it into a pint bottle. Then fill the pint with your syrup. Thus you make a pint—a family supply—of really excellent cough medicine. It gives you about four times as much for your money. Tastes fine—children love it—and it never spoils.

The way this simple mixture takes right hold of a cough, is truly surprising. It loosens the phlegm, soothes the irritation, eases soreness and difficult breathing, and lets you get restful sleep. You'll swear by it.

Pinex is a special compound of proven ingredients, in concentrated form, known for its quick effect on throat and bronchial irritations. Just try it, and if not pleased in every way, your money will be refunded.

Tube Train Crashes Into Lift Bridge; One Dead, 69 Injured

NEWARK, N. J., Dec. 18. (AP)—A Hudson and Manhattan tube train, carrying nearly 1,000 homebound commuters from New York, crashed last night into the raised center span of a lift bridge over the Passaic river—only 100 feet from its Newark destination—killing the motorman and injuring at least 69 passengers.

Eugene Dubois, public relations executive said the 7-car train apparently passed stop signals and the "smash board," which gives extra warning that the span is closed to train traffic.

Police Chief Philip Siebold of Newark said the lift section of the bridge was four feet short of closing, after being raised for passage of a ship, when the head car of the train jammed into the opening. The first car buckled in the middle and the second car partially telescoped it.

Emergency crews and rescue workers struggled for more than three hours cutting away twisted steel with acetylene torches before finally freeing two men and a woman trapped in the lead car.

Police said the 69 injured persons were lowered with ropes from the jammed cars to the tracks and then carried back on strechers.

The embankment was ice-coated and police said they had to drive stakes into it and string ropes to enable the stretcher-bearers to get down with their burdens.

Conviction Of Nazis Sought

NUERNBERG, Dec. 18. (AP)—Seeking conviction of thousands of minor Nazi party officials as war criminals along with Hitler's top leaders, American prosecutors today outlined details of an alleged Nazi plot to exterminate the Jews and wipe out the influence of Christian churches.

Orders for anti-Jewish pogroms and confiscation of Christian church properties were carried out through the 600,000 members of the Nazi leadership corps, according to evidence laid before the international military tribunal.

Nazis Listen Intently

The score of top Nazi leaders on trial for war crimes listened intently as American prosecutors also demanded the conviction of members of the Leadership corps and five other Nazi organizations for carrying out the orders of Hitler's inner circle.

Relating how Nazi party leaders secretly inspired anti-Jewish pogroms, Col. Robert G. Storey of Dallas, Texas, assistant U. S. prosecutor, read a directive from party headquarters at the Munich brown house that "the party should not appear outwardly as the originator of the demonstrations but in reality should organize and execute them."

Answering questions of Lord Justice Sir Goeffrey Lawrence, presiding, as to how the low-ranking Nazi block leaders could have been responsible for orders from high party leaders, Col. Storey declared that the block leaders, who numbered more than 450,000, received their orders verbally and thus there were few documents linking them directly with Nazi policy.

Col. Storey charged that Defendant Alfred Rosenberg, official philosopher of the Nazi party, and Martin Bormann, Hitler's missing deputy who is being tried in absentia, were the leaders in the Nazi attack on the church.

TRUCK DRIVER CHARGED WITH BIGAMY—John Hughes, 27, a truck driver, sits in a Bronx, N. Y., court with his wife, Florence, (left), and Alice A. Alex (right), Chicago, Ill., whom he is charged with marrying bigamously. Florence brought the charges, then hired a lawyer to defend Hughes. Both women arranged for his bail and then the three left court arm-in-arm.

Ship Locations

(Continued From Page One)

mediately after that conversation?" asked Senator Lucas (D-Ill).

"So I understand—not while I was there" replied Wilkinson. The admiral agreed that Stark had the authority to do so.

Lucas commented that a message was not sent until 10:30 a. m. He calculated that Stark had at least an hour and a half difference "between the time one was sent and the time it could have been sent."

Leave Every Ten Minutes

"How many ships could leave Pearl Harbor in an hour and a half?" Lucas asked.

Wilkinson said a battleship or a cruiser could leave every ten minutes, with one destroyer between the larger vessels. If pressed, he said, two destroyers could be sandwiched in but that might lead to a channel-blocking collision.

The admiral roughly estimated the ships in Pearl Harbor as six battleships, six cruisers and a dozen destroyers.

Wilkinson gave his opinion on the relative safety of the Pearl Harbor anchorage in response to the questioning of Rep. Murphy (D-Pa) who asked:

Less Security Offered

"If the fleet was in Lahaina roads instead of in Pearl Harbor would it have been less secure?"

"I would say it would have been less secure because it would also have been exposed to submarine attack while there would have been the same danger from air attack," Wilkinson said.

"Would it have been any more safe at Puget Sound or San Pedro (on the west coast)?"

"Rather less safe" Wilkinson said, "the anti-aircraft protection was not as complete as at Pearl Harbor."

Seeks To Trace Ships

Senator Lucas (D-Ill) said today he wants to know more about the Navy's efforts to find some trace of the Japanese naval units it lost track of three weeks before Pearl Harbor.

These carriers and battleships were the ones, the Illinois senator noted to a reporter, which loosed the crippling blow against Hawaii.

Lost Track Of Ships

Vice Adm. Theodore S. Wilkinson told the congressional investigating committee yesterday that the Navy in mid-November, 1941, had lost track of the Nipponese warships. But he added that the radio-silence trick employed was made to work both ways.

"Admiral (William F.) Halsey's fleet bobbed up in several positions that were very annoying to the Japanese," the crisp-speaking witness reminded the senators and representatives. Wilkinson was chief of naval intelligence at the time of Pearl Harbor.

Conflicting Reports

Gerhard Gesell, committee counsel, noted that there were conflicting reports within the Navy's files about this missing striking force. He added that Adm. Husband E. Kimmel, Pacific fleet commander, was shown by previous inquiries to have been concerned about the matter.

Evidence put into the record includes this version by Capt. Edwin T. Layton, fleet intelligence officer, of a Dec. 2, 1941, conference he said he had with Kimmel:

"As best I recall it, Admiral Kimmel said, 'What! You don't know where carrier division 1 and carrier division 2 are?' And I replied, "no sir, I do not. I think they are in home waters, but I do not know where they are. The rest of those units, I feel pretty confident of their location.'

Questions Serious

"Then Admiral Kimmel looked at me, as sometimes he would, with somewhat a stern countenance and yet partially with a twinkle in his eye and said, 'do you mean to say they could be rounding Diamond Head (off Oahu) and you wouldn't know it?' Or words to that effect. My reply was that, 'I hope that they would be sighted before now,' or words to that effect.

"His question was absolutely serious * * * he was impressing me on my complete ignorance as to their exact location."

recovering or is now ill with flu.

Over 400, or approximately 17 per cent, of Tyler students are absent mostly due to influenza.

Number of cases in Vernon were reported above average. One death was reported there, attributed by the county health officer to flu. He said although the number of cases have not increased, the severity of the disease is "showing a change for the worse."

Southern Methodist university at Dallas will dismiss two days early for Christmas holidays because of the prevalence of influenza among the students.

An increase in the number of mild flu and cold cases were reported in Galveston during the past five days.

Considerable flu was reported in Waco, and many children were absent from schools there.

Dr. J. W. Rollo, city health officer, said that flu cases in Lubbock had been "fairly heavy," although no more were reported than is usual for this time of year.

"After this is all over remember what has happened and realize what fools we are."

Relatives Of Dead Man Being Sought

CORREO, N. M., Dec. 18 (U.P.)—Authorities today were attempting to locate the relatives of Wilbur Woodrow Cross of Stockton, Calif., who was killed yesterday when his automobile hurtled down a 35-foot embankment near Correo, west of Albuquerque, on highway 66.

State police identified Cross through paper which he carried, indicating that he had been discharged from the Army last October.

Officers said the accident was caused when Cross apparently lost control of his car.

effective.

The Ford proposal has four points:

1. The general wage increase to be based on the 80,000-unit production schedule.
2. New wage rates in effect for two years from the date they become effective.
3. The problem of company security.
4. If the OPA should raise price ceilings on the Ford products such action shall not be made the basis for additional wage proposals by the union.

Picket Line Intact

Some 600 pickets of the United Automobile Workers (CIO), circling close to three main gates, today prevented office employes from entering the plant of the AC sparkplug division of General Motors corporation in Flint, Mich.

The white collar workers, numbering about 150, stood across the street from the gates and Police Chief James T. Byars said no effort would be made to attempt to break the picket line. Last night Byars said he had been assured by the union that pickets would not attempt to prevent workers from entering.

No Reports Of Violence

There were no reports of any violence. One man and a woman tried to go through one gate, but were elbowed aside without any consequence. Two plant officials attempted to enter the parking lot inside, but backed away when the driveway was blocked.

Police Chief Byars said the workers could enter the plant by going around the end of the picket line. W. E. Milner, personnel director at AC, said he believed the picket line would be extended if the workers tried that.

Shortly thereafter, Al Langlois, chief of the AC plant protection department, said all the workers had been told to go home "because the police will give us no protection."

Can Go Around Line

W. E. Rodgers, top committeeman for the union at the AC plant and a picket captain, told reporters:

"The workers can go in if they want to by going around the picket line. We aren't going to let anyone through the line, but they can go around and we wouldn't bother them."

Most of the office workers had left and the picket line continued to circle the gates, led by one carrying a large American flag and singing the union song, "Solidarity Forever."

A demand for "appropriate penalties" against wildcat strikers, including loss of seniority, was voiced by General Motors yesterday.

President Truman's fact-finding board begins its study of the GM dispute at Washington tomorrow.

President R. J. Thomas led the union's first conferences yesterday with Kaiser-Frazer, which spokesmen for both parties termed "satisfactory."

Still a barrier to settlement of the strike idling 175,000 General Motors production workers is the issue of picketing. The management maintains that all but about 17,000 of GM's 73,000 office workers have been denied admittance by the pickets.

An estimated 10,000 salaried employes previously kept from their jobs passed through picket lines yesterday.

Cruiser Captain

(Continued From Page One)

dered the navigator to go to the radio room to make certain a distress message had been transmitted and to send another reporting the ship was sinking rapidly and needed help.

Took Sudden List

About eight minutes after the explosion, he said he told the officer of the deck he was going to the radio shack himself to make sure a distress message went out. When he reached the signal bridge, he said, the ship took a sudden list to 60 degrees. Then within 30 seconds it went over to 90 degrees, he said.

Capt. McVay said he then stood upright on the ship's side and made his way toward midships, having in mind this part of the ship might remain afloat and he could cling on until daylight.

He was swept off, however, by a wave.

"I struck out into the darkness," he said. "I heart a swish, looked back and the ship was gone."

Navy Begins Search For Stricken Ship

HONOLULU, Dec. 18 (AP) — A mystery message from the Pacific Monday sent airplanes and ships searching the Midway island area for a vessel which might have struck a floating mine early Sunday.

Naval headquarters here had only scant information, but officials were concerned sufficiently to send long-range patrol bombers from the Hawaiian, Gilbert and Marshall islands to search.

The Navy public information office said the Liberty ship Henry T. Scott picked up and relayed yesterday a garbled message for help from a ship believed to be a submarine rescue vessel. The message was not sent on the 500 kilocycle band for SOS calls, and the position of the ship in distress was not clear.

FORT WORTH, Dec. 18. (AP)—Two nervous robbers, one wearing a stocking mask over his face, flourished revolvers in a Fort Worth Food Markets store here today and escaped with $450.

The men forced six male employes to lie on the floor while lining up three women employes and the lone customer, a woman. They took $50 from the employes and stuffed $400 in currency from the cash register in a paper sack before darting out the door.

UNRRA Gets More Cash From U. S.; Shipments End In 1946

WASHINGTON, Dec. 18. (AP)—UNRRA held authority from Congress today to draw another $1,350,000,000 from the United States treasury, together with a reminder that this is the end.

A caustic Senate completed congressional action late yesterday on an authorization measure raising this country's total contribution to the United Nations Relief and Rehabilitation administration to $2,,700,000,000.

Would Do Differently

Even Senators Connally (D-Tex) and Vandenberg (R-Mich), who teamed to win United States participation in this and other United Nations programs, conceded they would do differently with UNRRA if they could start all over again.

Senator Knowland (R-Calif) suggested that the United States start its own war relief organization in China and the Far East instead of allowing UNRRA to do it.

But Connally, chairman of the foreign relations committee, and Vandenberg, ranking Republican on that group, said it was too late to start anew.

Goes To Truman

The new authorization measure, which now goes to the White House for President Truman's approval, specifies that UNRRA shipments to Europe will end in 1946 and to the Far East by March, 1947. In addition, both Connally and Vandenberg assured their co-l leagues there would be no further requests for funds for the agency.

During yesterday's debate Senator Byrd (D-Va) called for a complete reorganization of UNRRA. He suggested that Herbert H. Lehman, chief of UNRRA and former governor of New York, immediately place the "ablest business men that he can secure at the head of the distribution of food, clothing and fuel, and those necessities for existence, and to eliminate the inefficiency and the lack of coordinated leadership now existing."

Of the second $1,350,000,000 authorization, the Senate already has approved a formal appropriation of $750,000,000. The House still must act on this. A later bill will be required to appropriate the remaining $600,000,000.

OPA To Investigate Lumber Black Market

HOUSTON, Dec. 18. (AP)—Lumber black markets are getting about half the lumber milled in East Texas, and much of that lumber is going to regions outside the Houston area, OPA officials said here today.

Stephen J. Tully, jr., district OPA director, made that estimate in announcing a concentrated drive to hobble black market operations.

He was not able to explain why the black market was funneling lumber into San Antonio—lumber that ordinarily would go into the market here—but he said he had had San Antonio representatives of the OPA come to Houston in an effort to investigate illegal operations and to plan methods of controlling them.

The common pattern of the operators, Tully said, was to send trucks to the small East Texas mills at night to haul out the entire output of the plants.

He said that Lynn Boyd of Pampa, president of the lumbermen's association of Texas, was to be in Houston tomorrow and would confer with Houston retail lumbermen in an effort to find a solution to the acute lumber shortage.

Middle Age Rituals Were The Beginnings Of Our Modern-Day Christmas Customs

By GERALD TETLEY
Associated Press Staff Writer

To those who have sometimes asked why fireworks should be associated with the birth of Christ, the answer is that this was an imported custom which settlers broughts from France to New Orleans.

Before it was introduced in this country, the Italians were using colored fire on December 23 and there is abundant evidence that the Spaniards also indulged in early pyrotechnics.

In the southern states, fireworks remain a Christmas "must" notwithstanding the fact that many cities and towns have enacted prohibitive ordinances because in so many instances Christmas joy was turned to Christmas grief in killings and maimings.

Burning Of Yule Log

The paganistic motif bobs up again in the burning of the Yule Log which is certainly tied in intricately with Christmas but which can be traced back to the word Jul and the Goths' festival commemorating the winter solstice.

Mistletoe is another Christmas custom which goes back to the white robed Druids who revered it. They always cut it with a golden blade because they considered it a symbol of peace. In the early ages if two foemen met underneath mistletoe, they dropped their arms and embraced—hence the modern practice of kissing under the mistletoe.

Origin Of Christmas Tree

The Christmas tree is entirely Germanic in origin and first made its appearance at Strasburg in 1605. It was not until 1840 that the Princess of Mecklenberg introduced it in England to become immediately a Christmas fixture.

But one little known fact is that the Christmas tree was a current Christmas fixture in America before it was in England because immigrants to this country from the Black Forest brought the idea with them. Immeigrants also introduced the story of Kris Kringle—a vulgarization of the German words Christ Kindlein (the little Christ child).

Where did Christmas presents originate? The Germans are totally responsible for the origination of Santa Claus though some profess to see again some analogy between gift-giving and the rich bestowal of gifts peculiar to the Roman Saturnalia.

It is estimated that there was an increase of 300,000 business establishments in the United States during 1945.

Lindbergh Asks Powerful UNO

WASHINGTON, Dec. 18 (AP) — Charles A. Lindbergh, a pre-war non-interventionist, called last night for a world organization backed by military power and guided by the "qualities represented in Christian ideals."

"I have advocated a world organization backed by military power," the noted flier said, "an organization led by western peoples who developed modern science with its aviation and its atomic bomb.

"But I must confess to you that I am fearful of the use of power. I plead for strong military forces only because I believe the alternative is worse."

Power Essential

He then recalled the fate of France, Poland, and other countries, adding that "power is essential to survival; it is essential to freedom; it is essential even to justice."

"If we are able to prevent the misuse of power based on aircraft and atomic energy in the future, that will mark a greater epoch in human relationships than their invention marked in science," Lindbergh told an Aero club dinner marking the 42nd anniversary of the Wright brothers' flight.

"Yet if we fail, the penalty is staggering. We can succeed only by organizing all nations toward this end. For we must face the fact that aircraft and the atomic bomb have brought us to a time when we will either live in an organized world or in constant insecurity.

Lindbergh, "Lone Eagle" of pioneer trans-Atlantic flying and one of the all-time "greats" among pilots, made his first public address since 1941, the year he resigned his colonel's commission because he was "greatly disturbed," he said then, by President Roosevelt's implications "concerning my loyalty to my country." Last month he issued a statement supporting "in principle" proposals to share the atomic secret if effective United Nations controls were set up.

Discussing the question of organization of an international body, Lindbergh said few people realized that it might vary "between the arbitrary power of a Roman state and the complete equality of man."

"It is obvious," he said, "that a world state based on the complete equality of man would be controlled by the nations of largest population. In such a state, our country would have less than half the influence of either India or China. We would have less influence than Russia.

In this age of split seconds and splitting atoms, a world organization must have immediate and overwhelming strength at its disposal. A successful military movement must prevent rather than win an atomic war."

As a civilian technician, Lindbergh was in both the Pacific and European theaters.

Optimism In Faith Urged By Speaker

I. E. McWhirter, manager of appliance advertising of the Fort Worth Star-Telegram, told Lubbock Optimists and Opti-Mrs. gathered at a banquet in the Lubbock hotel Monday night that now is the time for the world to practice the kind of optimism which is the guiding light of Optimist clubs, "optimism in faith."

Get Down To Earth

"This is a time for the world to get down to earth," he said. "It is a time for the peoples of the earth to trust one another wherever they may be—at home or across the sea."

He dealt at length with Optimists International's "uncle-nephew" program which involves the practice of friendship toward all youth. He said Optimists' work among boys was one of the principal things which distinguished the organization.

McWhirter advocated extension of the Optimists organization, saying that every club should feel a responsibility for forming clubs in neighboring towns.

Musical Program

The musical phase of the program comprised vocal selections by Mrs. Ardelle Scales, club pianist, who was accompanied by Miss Frances Croslin.

Following the banquet, a dance was held in the club room.

Club President, L. D. Casey, announced that the club's regular weekly luncheon today, next Tuesday and Christmas day have been canceled.

MEDICOS SPREAD FAME

NEW ORLEANS, La. (U.P.)—New Orleans is gaining prominence as a medical center for Latin America.

So said Roberto Sandoval, physician at the Santo Tomas hospital in Panama City, when he visited local medical schools and hospitals recently.

"We have 15 graduate doctors of Tulane University in the Santo Tomas hospital alone," he pointed out.

Meet The People—
Woman Manager Of Texas Ticket Sales

AUSTIN, Dec. 18 (U.P.)—Meet the manager of the big ticket sales to all University of Texas athletic events, the only woman ever to hold that job at Texas.

Meet comely, blonde Alice Archer, who has been at the athletic office since May, 1930.

Thousands of people have seen the printed, neat signature "A. E. Archer," ticket manager, on Texas athletic ducats. And thousands more have written "Mr. A. E. Archer" about their tickets—never dreaming that they were addressing a lovely, personable lady.

So much confusion was caused by her being called "Mr.," that Miss Archer asker Athletic Business Manager Ed Olle to sign the tickets. That he did, and her confidence was restored.

She's from the small town of Holland, Bell county. At every opportunity she returns there to relax from her multiplicity of duties. But that's infrequent. For when there are arrangements to be made, any type of athletic information wanted or a thousand and one other things, the directions always are:

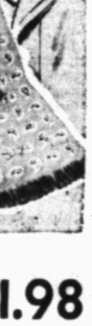

"Ask Miss Archer, she'll know." And she does.

Smuggling Of Arms To Mexico Charged

(By The Associated Press)

MEXICO CITY, Dec. 18—U. S. Ambassador George S. Messersmith today awaited the Mexican government's comment on charges by Labor Leader Vincente Lombardo Toledano that "imperialistic" interests in the United States were smuggling arms into Mexico to foment a revolution.

Messersmith visited Foreign Secretary Castillo Najera last night and asked him to help determine if there were any "definite evidence" to support Lombardo Toledano's charges.

Not A Protest

The ambassador told the Associated Press that his visit to the foreign secretary was not in the nature of a protest but to find out if any definite evidence existed that arms were coming into Mexico from the United States.

Messersmith said he was not concerned with other portions of Lombardo Toledano's speech. The labor leader said that presidential candidate Ezequiel Padilla sought, while foreign secretary, "to convert Mexico into an instrument for another nation (the United States.)"

Kimes Gang Member Is Seeking Parole

OKLAHOMA CITY, Dec. 18 (U.P.)—While final funeral services were being held for bank robber Matt Kimes in Van Buren, Ark., the state pardon and parole board in session at Oklahoma City took up for consideration the parole application of Jack Whitehead, a member of the old Kimes gang.

Whitehead is serving a life term for murder in the slaying of Town Marshal W. J. MsAnally during a double bank robbery at Beggs in May, 1927.

One of Matt Kimes' two life terms, of which he served 18 years before obtaining release on a leave of absence last July 24, resulted from the same fatal gun battle.

Kimes was at liberty on Sept. 5 when the Morton, Tex., First State bank was looted of $17,000 by three gunmen. The FBI charged he was one of the members.

The onetime Oklahoma "bad boy" died in a Little Rock, Ark., hospital last Friday from injuries suffered when hit by a poultry truck two weeks ago.

Funeral services were conducted for Kimes at McAlester yesterday and his body was taken to Van Buren for final rites and burial today.

Regular Army Would Be Increased By Law

WASHINGTON, Dec. 18. (AP) — A bill empowering the War department to commission 8,281 additional officers in the Regular Army was passed today by the House. It now goes to the Senate.

The new law would authorize 25,000 officers in the Regular Army against the 16,719 now permitted.

Supporters of the bill said it was devised "to keep some of the outstanding young men of the Army of the United States (not the Regular Army) who may go elsewhere upon demobilization unless commissions are offered immediately."

The bulk of officers in World war II held temporary commissions in the Army of the United States, that part of the fighting force now being demobilized.

Regular Army commissions would be limited to AUS officers more than 21 years of age and none could be given above the grade of major. Confirmation of the Senate would be necessary and the authority would expire eight months following passage of the act.

CONDITION EXCELLENT

HEIDELBERG, Germany, Dec. 18 (AP)—An official bulletin said today the general condition of Gen. George S. Patton, jr., "remains excellent" and declared there had been "a very gradual improvement of the motor functions, particularly about the shoulders and upper chest."

News Briefs

Mr. and Mrs. W. L. Stangel and daughter, Ava Ruth, of 2605 Twenty-second, will leave tomorrow for Washington, D. C., to spend the Christmas holidays with their daughter, Mary Menon Stangel, civil service employe. They will be accompanied by Mrs. R. L. Stephenson of 2011 Sixteenth, who plans visiting her daughter and son-in-law, Maj. and Mrs. Britt May.

J. F. Boldin of 2323 Thirteenth, foreman at the Lubbock Wood works, suffered a chip fracture of the left arm Monday afternoon when he was struck by a piece of wood while running an electric saw. He received treatment in West Texas hospital.

James C. McCombs, a tech sergeant in the infantry who returned recently from the European theater, arrived in Lubbock Monday for a visit with his parents, Mr. and Mrs C. C. McCombs of 1007 Ave. T. He will be released from the Army within a few weeks. He spent two years overseas and 3½ years in the armed forces.

Mrs. J. F. Pinkston, 49, of 923 Thirty-fourth was rushed to West Texas hospital at 7 o'clock this morning in a police car after her automobile had fallen into a construction ditch in the street. She was driving northward on Ave. G. Police reported that a flare set at the scene to warn of the broken ground had been stolen.

City building records showed this morning issuance of a permit to Sears Roebuck and Co., for construction of a $300,000 building at 1611-41 Thirteenth. The site takes in most of the Central ward school property which was purchased by the company several months ago from the Lubbock Independent school district for a consideration of $175,000.

Mesdames George W. Dupree and Elizabeth Young have gone to Fort Worth to attend the funeral of their mother, Mrs. Anderson Hunter. They were accompanied by Mr. Dupree.

Myrtle The Spider Alive And Kicking After 71 Days In Sealed Fruit Jar

Myrtle, a black widow spider found under a board in the backyard of Roy Davis of 218 Thirty-first, is still kicking — literally — after 71 days sealed in a fruit jar without food or drink and sans any air except that captured in the sealing process. And most of her brood of little kid spiders — apparently about four or five dozen of them—seem to be doing well after 35 days of similar existence.

Davis, who says he likes to "experiment" with insects and things, said he put Myrtle in the quart jar on Oct. 7, and placed the container on the refrigerator in the kitchen. Myrtle straightaway got busy making things livable, spinning herself a nice, silken web. As it turned out, she was getting things ready for some little ones.

Lays Bag Of Eggs

On Nov. 10, she laid a bag of eggs, about the size of a big pea.

"She sat on that bag for two solid days and nights," Davis said, "acting just like an old hen."

Davis, who by now had become very engrossed in Myrtle and her personal life, was on hand when the little spiders hatched.

"They came out looking like mites," he said. "First, 13 crawled out of the shell, then two hours passed before the rest hatched. It took about five hours for them all to get out. And it appears to me that those who are still living have grown considerably."

Davis thinks that Myrtle can distinguish him from other people. "Every time a visitor at the house picked up the jar, Myrtle kicked and flounced around like she was scared to death. But I can pick up the jar anytime and she stays just as quiet as she can be."

To demonstrate, he asked a reporter to handle the jar and stick his face close. As the reporter complied, Myrtle jerked so violently that she almost tore her web down. But, when Davis did the same thing, Myrtle was as immobile as buttered molassoes.

With evident reluctance, Davis, who is in the trucking business, left his "experiment" on a desk in the Avalanche-Journal news room, requesting that close tab be kept of the slow death of Myrtle and her offspring, and if newsworthy, chronicled in print.

Amarillo Girl Will Go To Sun Carnival

CANYON, Dec. 18. —Chosen by the Student Senate to represent West Texas State Teachers college in the Southwestern Sun Carnival, La Nell Ekelund of Amarillo will go to El Paso for the four-day event.

A sophomore specializing in art, Miss Ekelund has found time to be cheer leader two years, to sing and dance with the College Variety show, and to be a member of a leading campus sorority.

On New Year's day, participants in the Sun carnival will witness the Sun bowl football game. Sidelights of the carnival will include receptions, luncheons, dances, and sight-seeing tours.

HIT-AND-RUN VICTIM

WACO, Dec. 18 (AP) — Louis Massie, 59, was found dead by the roadside near Lake Waco yesterday, apparently the victim of a hit-and-run driver. No coroner's verdict has yet been returned in the death.

THE COACH SITUATION

The rapid return of America's armed forces from overseas requires that the Burlington relinquish approximately one-half of its main line coaches for military transport exclusively. This takes many cars from regular trains, plus any relief equipment.

No extra cars are available for the holiday season and many regular trains will have fewer cars than normally. Some discomfort, disappointment or delay seem inevitable.

If trains are temporarily overcrowded or do not have the customary equipment, you will understand why it is unavoidable.

Loss Caused By Fireworks

An explosion of an estimated $300 worth of fireworks Monday afternoon at Mark Halsey Drug No. 3, Sixteenth and Texas, broke plate glass windows, set fire to the awning and sent employes and customers scurrying for safer premises.

What happened, according to a symposium of firemen, police and store officials, was this:

Joe Dick Ison, 16, of 2102 Ave. O, who was selling fireworks from a stand outside the southeast corner of the building was waiting on a customer and flares began to go off—"and I took off!"

Flares Burn Quickly

"Army flares" that burn quickly generated intense heat that broke three plateglass windows and caused fire that spread to approximately 15 feet of the awning on the east side, destroyed merchandise in one display window, set off more crackers and other explosives and quickly filled the drugstore with smoke.

Store employes ran out and began moving automobiles of customers from the adjacent curbs, and Manager B. J. "Shortly" Boyd, who recently came here from O'Donnell, and Cpl. W. C. Reynolds, home on 75-day recuperation leave after precisely six months on Guam under the command of Gen Carl Spaatz of the Army Air forces and who expects to be discharged about Feb. 1 at Santa Anna before resuming divided duties in supervising the No. 3 and No. 4 Mark Halsey stores, began opening windows under smoke conditions that, at best, "were pretty thick."

Room To Maneuver

Mrs. Jessie Holt, cashier, was closest store employe to the blast—except for Isom, who concededly had more room to maneuver—and took it.

Reynolds, informed that a carelessly-tossed cigaret probably had set off the initial blast, said a partial estimate of damage would include approximately $170 in money. The fireworks stock lost amounted to approximately $300 it was estimated.

"Isom had last reported having about $135 in greenbacks in his possession as receipts," he said, "and he had a quantity of silver."

Some of Silver "Scattered"

Some of the silver was "scattered."

In addition to other damage, celling areas in the store were blackened.

The flames and smoke were "sucked" into the building because of the agency of the awning, firemen and store officials said.

"Not a scratch" was suffered by anyone, a late check revealed.

Contest Winners In FFA Are Announced

Lubbock and Roosevelt took top honors in a series of three leadership contests for Future Farmers of America chapters conducted at Texas Technological college Monday with winners announced last night.

The Lubbock county FFA chapter won top place in the Junior Chapter Conducting contest with Roosevelt taking second spot. In the farm demonstration contest, Cooper's chapter carried off frist place with Lubbock's chapter taking runnerup honors. And in the public speaking contest, Hermleigh was judged best with Roosevelt in second place.

Other chapters participating in the day's activities included Slaton, Frenship, New Deal, Idalou and Snyder.

Ray Chappelle and O. T. Ryan of the college staff were judges.

Tarrant Tops Victory Quota

FORT WORTH, Dec. 18. (AP)—Gen. Jonathan M. Wainwright heads for Dallas today, leaving Tarrant county with its E-bond quota topped.

Wainwright led a parade and participated in other celebrations here yesterday and Tarrant became the only one of the big four Texas counties to reach the E-bond goal. Figures announced last night showed sales amounted to $13,000 more than the $4,500,000 figure set.

At Dallas today, the blue-eyed general holds a press conference, speaks at a luncheon, makes a broadcast and appears at Hockaday school. He will spend the night in Dallas and go on to San Antonio tomorrow.

The general rode in a convertible through downtown streets here, heading a parade of Army units. Later he appeared at a dinner attended by 750 persons who had purchased $1,500,000 in bonds for the right to be there. Still later he was the star attraction at a bond rally in Will Rogers memorial coliseum.

"Decency, justice and liberty were terms utterly foreign to the Japanese," Wainwright told the hundreds of persons assembled there. "The atrocities committed in Japanese prison camps gave me much to think about. I came to realize the vast difference between our way of life and that of the Japanese. As I considered these things, never was I more sure that the American way of life was worth fighting for and dying for."

The visitor urged that this nation remain prepared in a military sense, warning that "if war comes again, the United States will be the first target."

Wainwright will spend the holidays huting near Del Rio.

Four Cities After '46 Coach School

Corpus Christi, San Antonio, El Paso And Ft. Worth All Bidding For Clinic

By HAROLD V. RATLIFF
Associated Press Sports Editor

DALLAS, Dec. 18. — During the war, with transportation what it was and hotel facilities even tougher, the Texas High School Coaches association did the best it could—it held its annual coaching school where it could talk somebody into taking it.

But that's all changed now. Four cities are actively bidding for the 1946 school and it looks like a close race to the wire.

Corpus Christi, San Antonio, Fort Worth and El Paso are after the clinic.

A decision will be made by the association board of directors at a meeting on the morning of Dec. 29. Where that meeting will be hasn't been determined and won't be until about Sunday. That's when the finalists in the Texas schoolboy football race probably will pick the city where they'll battle for the championship.

Bible To Retire

So Dana Bible is going to retire from coaching. That will be a sad day for football.

The bald, chunky mentor of the University of Texas has done a lot for the game. He has a fabulous record as a coach but I think his greatest contribution has been that he put dignity into the sport —that he was one of the coaches who showed you could play hard, tough football and still be a gentleman win or lose.

There's nothing prudish abcut D. X. Bible. He's a regular guy. But he's the type of man who demands and gets respect. I have always felt quite at ease with Coach Bible but for some reason I never could call him "coach" or "D. X." Somehow, I always address him as "Mr. Bible."

Was No News

The announcement that Mr. Bible would retire from coaching Jan. 1, 1947, when his contract expires, was no news to this column and to the readers (if any) of this column.

It was last June that we wrote that the University of Texas mentor would decide to retire at the end of his 10-year regime as headman of Longhorn football fortunes and that he would recommend Blair Cherry as his successor. However, we hadn't expected the announcement until next year — when the football season was over.

The man with the unusual name — Dana Xenophon — has been a football coach for more than three decades, to be exact, ever since 1912 except for the period he spent in the service during the first World war. A fellow who can follow one line of endeavor and always have a job for more than 30 years has got to have something on the ball. And not just as a coach either. The best of coaches fail because they can not handle boys.

Dana Xenophon Bible made coaching his profession and never wavered from it to the benefit of a lot of guys.

Mentor Is Available

Speaking of coaches, one very capable mentor is going to be available for some college soon. He's Bob Coe, former assistant to Amos Alonzo Stagg at the College of the Pacific. Coe this year coached the Hondo Army Air field team to a very successful season.

Coe believes he had the greatest turnover of team personnel of any squad in the country. During the campaign Hondo field lost between 75 and 80 men through discharges, transfers and injuries. It was almost a new team every week that went out to do or die for dear old Hondo.

Anyway, Coach Coe was doing what these fellows who criticize overemphasis of sport are recommending: That athletics not be limited to the select few. But while he was doing it — working with a changed team every week —he was building one of the best records for a service team in the country. The Fliers played eleven games, losing four and trying one and three of those defeats were by two points, the other by 15. The Comets played the best they could find, including Tulsa, which will appear in the Oil bowl Jan. 1. Hondo led Tulsa 18-0 for three periods, finally losing 20-18.

Bob will soon be relieved from active duty with the Air Corps and he is casting about for a college coaching position. Already he has a number of offers.

Gassers Gain Ground By Forfeit Victory

The West Texas Gas company bowling five picked up three "donation" games by forfeit from S. & Q. Clothiers, while Meads Bakery was salvaging one game from the runner-up Armour's team to allow the Gassers to increase their lead in the City League bowling race to four games Monday night at Plamor alleys.

In the other games in the league, Hub Laundry won two over the Jaycees and the Birdseye food club took a pair from the Lions club.

Sam Hitch of the Lions copped the scoring honors of the night, getting the best single game total of 226 pins, and the best series with 587 pins.

TULSA LEAVES DEC. 26

TULSA, Dec. 18 (AP) — Coach Henry Frnka announced today the University of Tulsa football team would leave by train December 26 for Houston, Tex., and a New Year's Oil Bowl clash with the Georgia Bulldogs.

Westerners In Close Victory

Levelland Lobos Defeated, 35-31

The Lubbock Westerners grabbed a quick lead Monday night at Westerner gym, and held it all the way to defeat the Levelland Lobos, 35 to 31, and gain some revenge for two previous losses to Coach Tubb's high geared five.

The Westerners won in an impressive fashion, grabbing the lead shortly after the game started, and were never behind, although the hard fighting Lobos launched several threats that gave the Westerner fans some jittery moments.

Clardy vs. Turner

The game developed early into a duel between two top flight stars, Jess Clardy of the Lobos and Verdell Turner of the Westerners, with Clardy setting the scoring honors for the night, and leading a great comeback drive in the final period to put the Lobos back in the ball game.

Clardy found the range on the basket for seven field goals and a donation toss to total 15 points. Turner was one field goal behind him, for a total of 13 poins.

Lubbock Grabs Lead

Finley flipped in the first basket of the ball game, and Turner followed him up for an early 4-0 lead. Turner rolled in seven points in the first perod, to get the Westerners off to a 9-5 lead at the end of the first quarter.

There was very little scoring in the second period, with Clark setting the pace to lead the Westerners to a 15-9 lead at halftime, with Clardy putting in four points to keep the Lobo hope alive.

Lubbock twice led by ten points during the third period, and the two teams moved into the final period with the Westerners leading by a 27 to 20 score.

Clardy opened up in the final period, and he tossed in seven of his points in the home stretch. At one time, Clardy had cut the Westerner lead to four points at 31-27.

Finley and Presley eased the pressure somewhat with a couple of quick two-pointers, and late shots by Clardy and Garrison cut the lead again, but time ran out on the Lobos with the Westerners freezing to the ball in the closing seconds.

Lobo "B" Wins

The Lobos gained an even break for the night, the Lobo B team winning for the first time in three efforts over the Westerner B, 21 to 19 in a game that a Lobo rally forced into an overtime session before the Lobos won the game.

Schmidt of Lubbock was high point man with six points, while Petty and Wise paced Levelland with five points each.

Brand Cagers Romp Over Gailey, 38-26

In spite of the sharpshooting of Jacy Gailey, the Gayland Brand cagers of the senior league at the Lubbock Boys club basketball program defeated the Gailey's Monday night, 38 to 26 in the feature game of the triple-header card.

But Gailey himself set a fast pace on the goal shooting, pouring in 14 points to lead his team. Bruce Lanier paced the winners with nine points.

Melvin Lindsey's five won the junior league game, beating John Cottman's team, 20 to 4. Jimmy Wilson paced the winners with four points, with Pat Wallace and Tom Rainey dividing the four Cottman points.

It was a battle of brothers in the midget league, Ira Owens beating James Owens 12 to 7. Scoring honors were divided, with Keith Newman for the winners and Dennis Atkins of the losers each getting four points.

Play will be suspended until after Christmas, with the schedule resumed Dec. 31 with Clark and Chaney playing in the senior league, Pharr and Stanley in the junior loop, and Smith and Ince in the midget.

Y-B's are back in time to help you celebrate this Happiest Christmas - - -

Top Hurlers For 1945 Announced—

Hank Borowy Leads All Senior Loop Pitchers In Earned Run And Won And Lost Standings

* * *

NEW YORK, Dec. 18. (AP)—Hank Borowy, whose mid-season purchase from the New York Yankees helped the Chicago Cubs gain their first pennant in seven years, led all National league pitchers in earned run and won and lost ratings for 1945, official baseball figures disclosed today.

Waived out of the American league by President Larry MacPhail of the Yankees because of his "inability to go the route after July 4th," Borowy not only completed 11 of his 14 starting assignments for the Cubs, but became the first senior circuit hurler since Cincinnati's Elmer Riddle in 1941 to capture both the earned run and won and lost honors.

Brecheen Is Next

In winning 11 and losing two for an .846 percentage, Borowy allow only 2.14 earned runs per game, a fraction of a run better 2.46, with five others bettering the 3.00 par for the nine-inning course.

St. Louiis' Harry Brecheen, runner-up to Borowy in the won and lost department, ranked next in earned runs with 2.52 followed by Bucky Walters of Cincinnati (2.68) and Hank Wyse of the Cubs (2.69). Pittsburgh's Preacher Roe was sixth at 2.87 and Ken Burkhart, another Redbird, ranked seventh at 2.90.

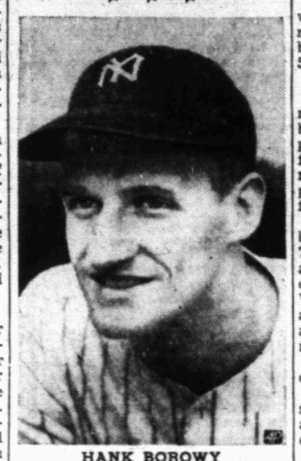

In registering 11 victories for the Cubs Borowy became the second hurler in the history of the big leagues to win 20 games or more in one season although pitching for both loops. He had won 10 games in the American league before joining the Cubs.

Charlie (Red) Barrett, another two-team hurler, won the most victories. His 23 triumphs for the Boston Braves and Cardinals was one more than the total Wyse, the loop's only other 20-game winner, could muster.

Barrett also pitched the most complete games, 24, and the most innings, 285, faced the most batsmen, 1,175 and allowed the most hits, 287.

Passeau, whose one-hitter against Detroit tied a World series record last fall, pitched the most shutouts, five, and enjoyed the longest winning streak, nine games. Other leaders were Roe with 148 strikeouts, Anton Karl who set a new mark by appearing in 67 consecutive games for the Philadelphia Phillies, all in relief, and Ace Adams of the New York Giants, who finished the most games, 50.

On the other side of the ledger,

HANK BOROWY

Dick Barrett of the Phils lost the most games, 20, committed the most wild pitches, eight, allowed the most runs, 129, and suffered the longest losing streak, 10 games. Bill Voiselle of the Giants allowed the most earned runs, 11, Charley Schanz of the Phils hit the most batsmen, nine, including four in one game, a new record, and Hal Gregg of Brooklyn issued the most bases on balls.

COACH IS NAMED

MISSOULA, Mont., Dec. 18. (AP) —Clyde Carpenter, football coach at Billings, Mont., High school from 1932 to 1942, today was named football coach at Montana State college of Bozeman.

Texas Boasts Clean Record

Longhorns Warm Up For Campaign

(By The United Press)

Texas university will try tonight to maintain its perfect basketball record when the Longhorns play Southwestern at Georgetown.

Warming up for the Southwest conference cage race, which starts Jan. 4, the Longhorns have scored 231 points in winning five straight. Their foes have made 149 points.

Texas Christian's victory string was snapped at six straight last night when the Horned Frogs fell before the Dallas Naval Air station, 54-47.

Not So Successful

Southern Methodist will play tonight but the Mustangs haven't been quite as successful in their pre-season games. They have won four and dropped three, averaging more than 55 points per game compared to a 41-point-plus average for their opponents.

Arkansas university, with a blistering average of more than 70 points per game, has won five and lost one, so far. The Porkers' only loss was to the New York U. Violets, who shaded them 63-62 at New York City. They are paired against Kentucky at Lexington tonight.

Wednesday night's schedule includes:

Rice vs. Southwestern La. Institute at Houston, and Texas A. and M. vs. Sam Houston State college at College Station.

JARNAGAN RETURNS

ABILENE, Dec. 18 (AP) — Clark Jarnagan, former line coach at Hardin-Simmons university, has been discharged from the Navy and is returning to Hardin-Simmons. Jarnagan was assistant to Coach Warren Woodson in 1942, coached the Cowboys in the 1943 Sun bowl game and was head basketball mentor in 1943. He has been in the Navy for two and a half years.

That Girl on Broadway says you can't secure everything you want in this world, but if you live long enough you'll come to realize how foolish you were to want most of them.

* * *

The main reason the world is in such a chaotic condition is that it has bought too many wars on the deferred-payment plan.

* * *

SEVERAL members of the directorate of Lubbock Chamber of Commerce currently are planning to bring before their fellows on that body the institution of a Community Chest here.

These several CC directors believe—as we have urged here off and on for 15 years—that Lubbock has entirely too many "drives," when one big drive could and should do the job.

So with this fact in mind, these several men will suggest that the Chamber of Commerce go on record as favoring the Community Chest plan here and, if necessary, direct the organization of the Chest.

* * *

There is absolutely no doubt that most of the men who take active part in financial drives of a civic nature — and also go more than their share in contributing funds to them—are, and long have been, in favor of a Community Chest plan. Neither is there any doubt of two main reasons why we haven't had a Chest organization here for many years.

One reason is that no organization — like the Chamber of Commerce, for instance — has taken a lead and worked at it.

The other reason is that heads of many publicly-supported community enterprises oppose the Chest plan for fear that their pet organization might lose a few dollars.

If the Chamber of Commerce does approve the Chest plan, there is nothing much the small opposing group can do to stop it. But unless the CC, or some similar group takes the bull by the horns, opponents can keep the move down.

* * *

A COMMUNITY Chest organization is helpful not only in eliminating 95 per cent of financial drives. It is helpful in the matter of making sure that the financial requests of each organization involved are sound and practicable. The Chest board sits as a sort of jury over the financial desires of organizations included in the Chest set-up; sees that none goes after a "take" out of line or out of reason and, at the same time, sees that none is mistreated or "orphaned."

In short, the Chest organization would not only get nearly all drives over in one big drive; it would operate so that those who do the "pitching," instead of those who do the "catching" would have the biggest "say" about "which organization gets how much."

Lubbock has needed a Community Chest plan for more than a decade and a half.

It needs one now.

It will need one more and more as time goes on.

We hope the several interested directors of the Chamber of Commerce can get their co-workers to take the bit in their teeth and force the issue. So do nearly all other members of the Chamber of Commerce, as a poll of them will prove.

Let's have a Community Chest in Lubbock and have it operating in 1946!

* * *

MAJ. GEN. LESLIE GROVES, who had charge of the Army's end of the development of the atomic bomb, was on the witness stand at a Senate hearing on the subject of atomic power the other day. Various solons were asking him questions. Finally, Sen. Brien McMahon, of Connecticut, asked:

"What would happen, General Groves, if an atomic bomb were dropped on Washington?"

"Well," said the general, with a grin, "if it was dropped on the Pentagon building it would wipe out the whole thing."

Sen. Arthur Vandenberg, of Michigan, cracked:

"Would it wipe out our national debt?"

The answer was lost in the ensuing laughter. But more serious-minded Americans doubtless are of the opinion that only through atomic power can the debt be wiped out any time in the next 100 years!

* * *

Every year at Yuletide, for more years than we care to remember, The Plainsman has been reproducing here two famous pieces of Christmas literature.

One is "'Twas the Night Before Christmas," (really, "A Visit From St. Nicholas") and the other, Virginia O'Hanlon's letter to the New York Sun and the Sun's answer, "Yes, There Is A Santa Claus."

On the whole, people seem to like to have these classics reproduced. We have been told upon numerous occasions that many South Plains mothers gather their kids around them and read the articles aloud—especially "'T'was the Night Before Christmas."

This, then, is to leave up to readers: Shall these old favorites be reproduced this Christmas season, as they have for nearly two score years?

A postcard addressed to The Plainsman, c-o The Avalanche-Journal, may be used to register your individual desire in the matter.

If we get enough requests for old favorites, we'll print 'em again.

If we don't, we won't.

* * *

HIGH on the list of matters upon which people disagree like nobody's business is whether or not dogs should be allowed in cities and, if so, to what degree of freedom.

Now before any dog-lover flings the paper down and runs to the telephone to give The Plainsman a piece of his mind, let us go on record here and now as being a dog-lover of life-long standing.

We've nearly always had a dog, excepting during periods when we lived in a hotel. We've got a dog now. We probably will continue to have one dog or another until we die. We just like dogs, that's all. That is, we like most dogs. We don't like those of the Spitz or Chow breeds and think all of these should be banished. But by and large we "go" for dogs—from lousy, mangy curs we stop to pat on the street to that No. 1 breed of all, the collie.

* * *

But we recognize that a lot of people don't like dogs — particularly when dogs give them trouble in shrubs; or by biting, or scaring, their kids.

We realize that the people who don't like dogs have rights, as well as people who do like them. And we realize, too, that a great many people who have dogs shouldn't have them, because they don't give the animal proper care and don't keep them from bothering other people.

* * *

THIS, then, is to suggest that (1) we have too many dogs in Lubbock which are not properly cared for and controlled; (2) there are too many running absolutely loose; (3) there are too many without tags and proper vaccinations, and (4) that something be done about them. That "something," of course, is for the proper authorities to round up the strays and, under the law, mercifully do away with them unless they are called for, vaccinated, licensed and controlled.

If something isn't done to cut down the excess dog population here, opponents of dogs in town may force a more drastic program than we now have dealing with canine pets.

And we don't need anything more drastic. All we need is obedience to present ordinances and a semblance of enforcement of them.

AT LEAST three million families must double up in order to have living accommodations in 1946, is the prediction of John B. Blandford, Jr., national housing administrator.

Now we really are going to have some domestic problems!

The home front war years may look in retrospect simple and uncomplicated compared with the problems that will arise when families try living with other families under one roof.

* * *

WE AREN'T PREPARED

WE ARE badly prepared for living under such crowded conditions.

For years we have had the idea instilled in us that it is every family's right to live to itself.

And if public courtesy is a reflection of courtesy within the home — the art of getting along with others has reached a new low during the past few years.

Furthermore, the crowding we put up with during the war years could be endured with fairly good grace because we figured: "It's the war; once that is over, we can go back to normal living." We won't have that consoling thought in 1946.

* * *

WE COUNTED ON IT

THAT is the time when we all counted on being established in our own homes. That is the wonderful postwar era we thought of in such glowing terms.

Talk about your problems of readjustment. Now here's a real one—one that concerns three million families. There ought to be a place on the best seller lists for a book called not "Live Alone and Like It"—but "Share a Home and Make the Best of It."

After all, that is exactly what three million families are going to have to do.

LESSONS LEARNED FROM WAR

Though wars degrade the human race, they, strangely enough contribute something to material progress, inasmuch as new inventions and new ways of doing things are evolved.

The last war perhaps developed more new gadgets, machines, scientific progress and "shortcuts" than any other conflict in history.

Some of the longest strides were made in logistics, the term for furnishing supplies to armed forces. With millions of fighting men abroad, it was perhaps natural for the United States to step forward in this field. Doubtless, many improvements were necessary, if not imperative, to supply such a great number of men.

The science of logistics contains lots of problems — distance, loading facilities, availability of commodities, speed of transportation, personnel for handling and so on.

One of the subsidiary devices under the general heading of logistics which the recent war produced is "palletization." This is a rather simple but highly effective procedure. It is so simple that one wonders why no one thought of it before, but it works and saves time and manpower.

"Palletization" involves the loading of quantities, as convenience dictates, on a wooden pallet which, when shipping time rolls around, is lifted to a truck, freight car or ship in a single operation. This method avoids loading a package or case at a time.

Through "palletization," rail shipments of war materials were increased from 2.5 tons to 11.1 ton per man hour, and were handled four times as efficiently.

Now, the system is being put to work for civilian industry.

It all demonstrates the undependability, in this modern age, of measuring economic factors by considering manpower in individuals.

"Try And Stop Me" By Bennett Cerf

DO YOU remember the New England hurricane of 1938? A commuter who lived in Stamford, Conn., had always wanted to own a barometer. Two days before the big blow he finally bought one at a New York store.

He tacked the instrument up on his wall, read it, and exploded with anger. There was no phone in his house so he walked a mile to the nearest drugstore and called up the New York shop. "Fine barometer you sold me," he snorted. "I put it up in my Stamford house and what do you think it registers? Hurricane!"

"Return it," soothed the clerk. "We'll replace it with a perfect one."

He went back to fetch the barometer, but by the time he got there, his house had been blown away.

* * *

WILLIE HOWARD once appeared in a sketch which showed him and a few companions freezing and starving on an Antarctic ice floe. He turned on the radio just in time to hear an announcer describing a Thanksgiving dinner back home. "We'll start out with a plate of hot, luscious soup," said the announcer. "With noodles?" groaned Howard. "Yes," said the voice on the radio—"with noodles."

HST Has Trouble Filling Federal Posts

Washington Merry-Go-Round

By DREW PEARSON
Special Correspondent

WASHINGTON. — Few people realize is but President Truman spends a lot of time these days trying to persuade people to take important federal appointments.

An illustration was the tussle he had with astute 40-year-old Wilson Wyatt, mayor of Louisville, Ky., just appointed Federal Housing czar.

Wyatt was first offered just about every job in the book. Postmaster General Hannegan tried to get him to serve on the important Civil Aeronautics board, also to accept the job Jim McGranery wants to resign as assistant to the Attorney General, one of the key spots in the Justice department.

The Civil Aeronautics board job really tempted Wyatt, and he asked for a few days to think it over. Next day he got a phone call.

* * *

TRUMAN PLEADS

"THIS IS the President calling," said a voice at the other end of the phone.

"Mr. President, I've been thinking," Wyatt said, "and I'm afraid I'm going to have to turn down that Civil Aeronautics job."

"That's swell," replied the President. "I have a more importnat job for you. Please come back here right away."

Next day, Wyatt appeared at the White House, where Truman told him about the tough job of coordinating housing.

"I consider this housing situation the most important problem confronting the country today," explained the President. "If we don't solve this one, we'll really be in trouble in a year and a half."

"But, Mr. President," said Wyatt, "I'm afraid I can't afford a federal job. I want to go back home and practice law. I need the money.

Truman hit the ceiling.

"I know you want to go back to your law practice," he said. "I know you want to make some money. But I don't like being President either. However, I feel I have to do it, so I'm doing it."

Then, staring at Wyatt sharply, he said, "How can I do a good job if fellows like you aren't willing to come up here and help me?"

This made a deep impression on Wyatt. Next day he called at the White House for five minutes. Walking into the executive office, he said, "Mr. President, I've come in to surrender."

Ordinarily it is the work of a cabinet officer to tender a man a job. But now Truman finds he has to phone men personally and beg them to work for the government. The other day, Truman, who resents criticism of his numerous Missouri appointments, told one visitor:

"People complain about all these Jackson county (Kansas City) appointments. But whenever I try to appoint someone else, they are too busy making money. At least the Jackson county boys are willing to take the job."

Note—Actually most top federal appointees can get jobs paying twice as much outside the government. Wyatt received only $5,000 a year as mayor of Louisville, could be making $50,000 a year practicing law. As Federal Housing czar, his chief reward will be brickbats.

IKE'S FIRST SENATE SESSION

GEN. DWIGHT Eisenhower went over big at his first meeting as Chief of Staff with members of the Senate Military Affairs committee. It was an off-the-record affair, for which the senators went across the Potomac to Eisenhower's office in the Pentagon building for luncheon.

Sitting over coffee and French brandy which he had just brought back, Eisenhower spoke frankly about Soviet Russia and other matters, including cooperation with Congress in running the Army. Discussing his experiences as the chief U. S. representative on the Allied Control commission in Germany he declared:

"If the American people had a chance to study the Russians at close range, and vice versa, I am certain there would be a fine mutual understanding and respect between the two peoples. I rubbed elbows with Marshal Zhukov and others and have a high regard for them. We enjoyed splendid cooperation. I was always able to get along with them.

"What most people don't realize is that the Russians are a good deal like us. They enjoy life like we Americans, are full of fun and have a fine sense of humor,"

The general said he had no fears about future amicable relations between our own country and Soviet Russia. There will have to be some give-and-take in our relations, he said, but eventually things will work out well.

Regarding his own relations with Congress, Eisenhower declared:

"This is a people's army and I intend to run it like one, along democratic lines and in close accord with Congress. I am especially anxious to get along with the Military Affairs committees of both houses. If you gentlemen ever have any gripes, the door to this office will always be open to you."

During the private, informal get-together, the new Chief of Staff also took occasion to pay tribute to Gen. George Patton as "one of the finest field officers any Army ever had."

Note—Committee members were unanimous in this appraisal of Eisenhower after the meetings: (1) He is less distant and "brass hatty" than his predecessor; and (2) He will be easier to do business with.

* * *

MILITARY SECRECY

A SIGNIFICANT test of strength is going on between a congressional committee and the Army over the list of 200 key Nazi agents who operated in this country. The test illustrates how high-handed the Army has become with civilian government agencies of late.

The Senate's Kilgore committee first wrote the War department on Nov. 8, asking for copy of the list of Nazi agents. The list had been seized by U. S. troops in Frankfurt and supposedly was public property. Fifteen days later, Brig. Gen. Donald P. Booth wrote back that it was "not possible" to furnsh the list at this time. When the committee demanded to know why it was not possible, Gen. Booth said no copy of it was in the United States—even though it had been discovered approximately a month earlier. He added that he had cabled for it.

Time passed and the committee called for the list again. It was told that Gen. Lucius Clay, military governor of Berlin, had been advised that the committee wanted to see the list. Instead of ordering that it be cabled to Washington, the General ordered that it be brought from Frankfurt, not to Washington but to Berlin.

When or how much of the list of key Nazis here will reach the Senate group is still an unanswered question. Apparently the Army is trying to cover up certain people in the USA.

EMANUEL LIST, the Met Opera star, started as a singing waiter . . . Capt. Ned Moss is out of the Army and honeymooning with the former Louise Whitaker of Loo'ville at the re-opened Boca Raton hotel in Fla. . . . Body Located After Explosion Of Tug

CORPUS CHRISTI, Dec. 18 (AP) —The body of a crew member of the tug, Republic II, which sank following an explosion in the intracoastal waterway early yesterday, has been recovered while two other crew members remain in a critical condition.

The body of John W. Riley, 37, chief engineer of the tug, was recovered last night. His wife was to accompany the body from Aransas Pass to Houston for burial.

Hospitalized in Aransas Pass were Paul Fisher, 56, cook, of Galveston, and Van Goldie Bunch, 45, deck hand, who were critically injured in the explosion.

Maybe He Should Get A Stronger Boy

Moscow Conference Should Allay Many Suspicions

Public Berates Federal Workers Unfairly

By MARQUIS CHILDS
Special Correspondent

WASHINGTON. — As Secretary Byrnes arrives in Moscow, our hopes rise a little. This means another chance to come together on the questions that have created barriers of suspicion between London and Washington on one hand and Moscow on the other.

It's not an easy task nor a welcome one. No one would choose to leave home at the beginning of the holiday season to fly in cold and storm five thousand miles to a gloomy, war-worn capital.

CHILDS

Recently Byrnes has been subjected to the kind of going over that we generously accord our public office holders. Not only have rumors been printed that he wanted to resign but there have been editorial demands for his resignation.

* * *

Hurley Handled With Tact

The Hurley tempest in a teapot took time and great deal of patience. Byrnes handled it with just the right firmness and tact.

Shortly after he had initiated the conference of foreign ministers, President Truman made his offhand remark about no more Big Three meetings. This touched off a new uproar over State department policy and required a lot of explaining.

We spend so much time berating our public men and glamoring for an impossible perfection that it's not surprising that most people, being human, shy away from public office. That, it happens, is one of President Truman's real problems—to get men to do the necessary jobs.

"It's an awful thing," he told a visitor recently, "for the President of the United States to have to get on that telephone and plead with men."

* * *

TEN times the President was turned down in search of a chairman for the recent Management-Labor conference. Finally he "commanded" Judge Walter P. Stacy of North Carolina to take the job.

He had the same difficulty persuading Americans of stature to accept positions on the Anglo-American committee on Palestine. His selections as announced seem admirable. But it was a struggle getting them together.

Likewise selecting the fact-finding board in the General Motors strike involved pleading and cajoling. Truman wanted to assemble a panel of topnotch men who would be available if negotiations broke down again.

One reason for the reluctance to take government jobs in this boom time is of course the matter of pay. Many men feel they served their government apprenticeship during the war and now they want to get back into competition. A government top of $10,000 a year looks very small in comparison to some of the salaries being handed out in New York.

* * *

To make it worth the time of first-rate men, President Truman proposed to pay members of fact-finding boards $100 a day in the labor arbitration law he recently sent to Congress. And it was pretty funny to hear John L. Lewis sneering at that rate as too high in light of the handsome salary and expenses the United Mine Workers provide so that John L. can live like one of the so-called idle rich.

Money is not the only reason it's hard to find the right man for the right job. There was an intangible factor at work when Roosevelt was in the White House.

He seemed to be leading a crusade that was going somewhere. You might not like that crusade. You might hate it, as millions did. But that, plus the magic of Roosevelt's personality, attracted loyal men and women who worked long and tirelessly for government salaries.

Many of these same loyal followers who were reviled as taxeaters and bureaucrats have now left the government. They are making in many instances seven, eight and nine times as much as they made when they were on New Deal payrolls.

* * *

PRESIDENT Truman is keenly aware of the recruiting problem he faces. He does not, however, know quite what to do about it. He has suggested an upward revision of government salaries but that in itself will not be enough.

A little patience from all of us would probably help; a little less readiness to assess blame and a little more willingness to give out praise when it's called for.

Byrnes is beginning to reorganize the cumbersome, over-burdened machinery of the State department. He has brought in a group of young men out of Eisenhower's headquarters in Europe who are proceeding thoroughly and carefully to chart a new path.

In going to Moscow, he should be able to feel confident of support from back home. True, he has made serious mistakes in the past. The lack of preparation for the London conference of foreign ministers was a bad blunder.

But Byrnes has shown throughout his career that he can profit by past mistakes. Good luck, Mr. Secretary, happy landings and a better world.

COW UPSETS TRUCK

LARAMIE, Wyo. (U.P.)—Wyoming cows are tougher than transport trucks, if a recent accident can be taken as a criterion. William Ellis, driver of a transport truck, reported he struck a cow as she ambled across a highway near here. The trailer was upset and damaged to an extent of about $5,000. The cow was only slightly hurt. Ellis escaped injury.

HOSE LINE

MANITOWOC, Wis. (AP) — A middle aged man got at the end of the long line of women who waited their turn to get to the hosiery counter of a department store—and buy a pair of nylons.

After almost an hour, he left the line for a few minutes. When he returned he didn't get his position back, so again he went to the end of the line.

Another long wait and he finally reached the hosiery counter.

"A pair of men's sox, size 10, please," was his request.

JOY RIDE

KANSAS CITY, (AP)—Eleven motorcycle policemen were lined up for the 5 p. m. inspection roll-call when a disturbing roar was heard outside the police garage.

Peering outside, they hastily counted 10 motorcycles and saw the 11th machine racing down the street with a stranger aboard. Ten of the patrolmen mounted the remaining two-wheelers and, with blaring sirens, gave chase.

At 5:20 p. m. the patrolmen had caught the offender who said he "just wanted to take a ride" — and roll call was resumed with all men, and machines, accounted for.

Produce Market

CHICAGO REPORT

CHICAGO, Dec. 18 (U.P.) — Produce: Butter — receipts 216,545 lbs.; market firm and unchanged; 92 score 41-46; 90 score 40¾-42¾; 89 score 40¼-45¼; cooking grade 39-44; centralized carlots, 90 score 40¾-45¾; 89 score (cc) 40¼-45¼; cooking grade (cc) 39-44.

Eggs — receipts 10,387 cases; market steady to firm; extras 1 and 2, 49.3; 3 and 4, 48.45; standards and current receipts 43.6; dirties 36½-37½; checks 35-37.

Grain Market

CHICAGO REPORT

CHICAGO, Dec. 18 (AP) — Trading interest today centered largely in the rye pit, where prices showed a nervous tendency. Rye was up more than 3 cents at the opening, but profit taking absorbed some of the early advance in both nearby contracts. Small offerings resulted in quick action.

At the finish wheat was unchanged to ⅛ lower than yesterday's close December $1.80½. Corn was unchanged at ceiling, December $1.18½. Oats were ⅛ to ¼ higher, December 78⅝.

FORT WORTH REPORT

FORT WORTH, Dec. 18 (U.P.) (USDA)—Estimated grain receipts at Fort Worth Tuesday included 8 cars of wheat, 4 cars of corn, 3 cars of oats and 26 cars of sorghums.

Prices reported to USDA's production and marketing administration were unchanged.

No. 1 hard wheat, with ordinary protein content, was quoted at 180 to 182 per bushel, bulk, in carlots, with all charges paid to Fort Worth or Galveston. The No. 2 grade, weighing 59 pounds to the bushel, was quoted at 1.79-1.81, while the 58 pound weight brought 1.78-1.80.

Sorghums realized 2.52-2.59 per cwt. for milo and kafir.

No. 3 white oats brought 86 cents a bushel in Fort Worth and 88 cents in Galveston.

Cotton Market

NEW ORLEANS REPORT

NEW ORLEANS, Dec. 18 (AP) — Cotton futures advanced here today on price fixing and buying based on the tightness of the spot situation. Closing prices were steady, 30 to 35 cents a bale higher.

NEW YORK REPORT

NEW YORK, Dec. 18 (AP) — Aggressive mill and commission house buying advanced cotton futures as much as 70 cents a bale today although best levels were pared by profit taking and hedging. Continued good demand for cotton at primary markets and reports of considerable export inquiries were strengthening factors. The Bureau of Census reported November cotton consumption at 743,500 bales or about in line with trade expectations.

Futures closed 15 to 65 cents a bale higher.

GET RECOVERY TONIC

NEW YORK, Dec. 18 (AP) — Selected stocks imbibed a little recovery tonic today although many leaders still were a bit shaky as the result of Monday's sharpest market tumble in two years.

Transfers were around 1,300,000 shares against 1,900,000 the day before.

Ahead the greater part of the proceedings were N. Y. Central, Southern railway, Great Northern, Northern Pacific, St. Paul (when issued) common, Eastern Air Lines, Paramount Pictures, Budd Mfg., U. S. Steel, Chrysler and Kennecott. Backward were Goodrich, Montgomery Ward, Allied Chemical, Texas Co., American Can, and Dupont.

Bonds turned a trifle spotty.

Markets At A Glance

NEW YORK, Dec. 18 (AP)—
STOCKS — Mixed; selected leaders in slow recovery.
BONDS — Irregularly lower rails in supply.
COTTON—Higher; mill and commission house buying.
CHICAGO:
WHEAT — Unchanged to ⅛ lower; interest slight.
CORN—Unchanged at ceiling, $1.18½.
RYE—¼ to 4¼ higher, export demand-strength at Winnipeg.
HOGS — Active and fully steady. Top $14.85, ceiling.
CATTLE—Steady to off 25 cents. Top $18, ceiling.

Medal Of Honor Is Presented Six Men

WASHINGTON, Dec. 18. (AP)—In a 30-minute White House ceremony, President Truman today awarded the nation's highest military honors to six fighting men of the Army, Navy and Marines.

Grasping the hand of each and calming their nervousness with a friendly smile, the President presented the Congressional Medal of Honor to:

Navy Lieutenant Richard Miles McColl, jr., Norman, Okla.; Marine Capt. Robert Hugo Dunlap, Galesburg, Ill.; First Lt. Frank Burke, an infantryman from Jersey City, N. J.; M/Sgt. Veto Bertoldo, Decatur, Ill.; S/Sgt. Vernon McGarity, Model, Tenn.; and Pfc. Mike Colalillo, Duluth, Minn.

Kai-Sheks Return Today To Nanking

CHUNGKING, Dec. 18 (AP) — Generalissimo and Madame Chiang Kai-Shek returned triumphantly today to Nanking from which they were forced by the Japanese to flee in 1937, a semi-official dispatch reported.

They traveled to the former Chinese capital from Peiping in Chiang's special plane, "Mei Ling," which he named after his wife.

Thousands crowded the old Ming airfield to greet the couple, who afterwards motored through the ancient city to the acclaim of the cheering inhabitants, the dispatch said.

DOSTLER DIES — German General Anton Dostler is struck by bullets of a firing squad as he is executed at the stake at Aversa, Italy. Note the white marker pinned over Dostler's heart as a target. He was convicted by an American military tribunal for ordering the execution of 15 American soldiers captured behind German lines in Italy in March, 1944.

Two Warships Hit By Storm

LONDON, Dec. 18. (U.P.) — The U. S. heavy cruiser Augusta, loaded with homeward-bound American troops, flashed word that she had been damaged by heavy seas in a North Atlantic gale today and was turning back for emergency repairs in a British port.

Simultaneously, British naval monitors intercepted a call from the American aircraft carrier Wasp reporting that it also was in trouble after a 48-hour battering in the Atlantic.

Enroute To Britain

The Wasp was enroute to Britain to pick up returning American troops when it plowed head-on into the storm Sunday.

There was no immediate word on the extent of the damage to either ship, but terse radio messages said they expected to make port some time tomorrow.

First reports indicated that neither ship was in distress and that they were proceeding to port under their own power.

The Augusta was heading for either Southampton or Portsmouth and the Wasp reported it was proceeding to Plymouth.

All shipping in the English channel and other waters around southern England was paralyzed by the storm this morning. Winds running up to 70 miles an hour were reported along the channel coast and authorities warned that there was danger of German mines being washed ashore.

Early Christmas For Dallas Auto Drivers

DALLAS, Dec. 18. (U.P.)—Christmas came early today for six greater Dallas motorists — all because they proved to be courteous drivers.

Police of suburban Highland Park and University Park passed out six $5 bills yesterday to drivers spotted for their courteous driving.

Christmas day they plan to donate several pair of nylon hose to feminine drivers who can qualify.

Manpower Shortages Tie Up Troopships

WASHINGTON, Dec. 18. (U.P.) — The War Shipping administration said today that manpower shortages have tied up 60 vessels, including eight troopships.

The WSA sent out an urgent call for more than 1,000 officers and 10,000 seamen. Describing the manpower shortage as "greater than any during the war," WSA asked for men with sea experience to help move troops, relief and food supplies.

Newspaperman Dies At Houston Home

HOUSTON, Dec. 18 (U.P.) — Charlie J. Evans, 43-year-old veteran southwest newspaperman and advertising manager of the Houston Press, died unexpectedly today at his home.

He died in bed at his residence after having attended a school Christmas party with his wife and two daughters.

Charges Face Corporations

WASHINGTON, Dec. 18 (AP) — Attorney General Tom C. Clark today announced a civil suit charging anti-trust violations in the manufacture of television equipment has been filed against five corporations and three individuals.

His announcement identified the defendants as Paramount Pictures Corp., Television Productions, Inc.; General Precision Equipment Corp.; Scophony Corp. of America, Scophony, Ltd., Arthur Levey, Earle G. Hines, and Paul Raibourn.

Filed In New York

Clark said the civil action was filed in the United States district court for southern New York.

Clark's announcement said the complaint alleged that the defendants "entered into a conspiracy whereby General Precision and Television productions have complete control over the promotion, utilization for suppression of the Scophony inventions within the western hemisphere, particularly the United States."

The announcement said further that under the alleged conspiracy:

World Was Divided

1. The world was divided into two non-competitive areas so that Scophony, Ltd., would not compete within the western hemisphere and General Precision and Television productions would not compete within the eastern hemisphere.

2. Scophony Corp. would not compete in either hemisphere.

3. Other manufacturers of electronic equipment were prevented from making and selling products embodying the Scophony inventions.

Clark's statement said that Television productions is a wholly-owned subsidiary of Paramount and General Precision is the largest single stockholder in the 20th Century-Fox Film corporation. Clark said the stock of Scophony corporation is owned and controlled by General Precision, Television productions and Seophony Limited.

Fresh Norther

(Continued From Page One)

Illinois and Indiana.

Western New York communities, digging themselves out of the worst blizzard in history, were hit by additional snows yesterday. Lackawanna, N. Y., reported 68 inches of snow on the ground and only a few streets open to traffic.

Schools Remain Closed

Buffalo, whose rail terminal and city traffic were severely crippled by the storm which left 48 inches of snow in its wake Monday morning, went to work with 115 plows and awaited additional equipment from Syracuse, Erie and Toronto, Ont. Schools remained closed and the sixth death from the storm was reported. The second storm hit during the late afternoon rush hour and each commuter bus headed for the suburbs had a tow truck escort.

The New York Central railroad's Buffalo yards were in partial operation last night with most trains running close to schedule. Three eastbound trains, however, —the Pacemaker, Wolverine and Detroiter — by-passed the city again.

At Albany the weather bureau predicted continued cold as temperatures hovered around five degrees over most of the state, but said eastern New York would escape the Buffalo blizzard.

The weatherman predicted slight and short-lived relief for shivering residents in the eastern half of the nation, where temperatures were due to rise slowly to between 10 and 20 degrees today before dropping again in the wake of a second cold wave.

White Christmas Seen

By Thursday, the forecaster warned, the country would be in the throes of another cold front sweeping down from Canada.

A White Christmas was assured for most of the U. S. New snow was expected throughout the midwest, and chilling temperatures elsewhere prevented a possible thaw.

The southern end of the frigid zone warmed slightly today, although subfreezing temperatures continued as far south as Arkansas and the northern portions of Alabama, Georgia and Tennessee. Subzero readings extended east from Montana to the Great Lakes region and south to northern Indiana and Illinois.

More Snow In Buffalo

Buffalo, N. Y., buried under snow 48 inches deep during the weekend, had light snows last night after a 21-hour respite.

Coldest spot in the nation was Wilmar, Minn., where the mercury dropped to 20 degrees below zero. Bemidji, Minn., and Grand Forks, N. D., both had temperatures of 19 below.

On the other end of the scale, Los Angeles, San Diego, Calif., and Miami vied for honors among the winter playground cities. All three vacation spots had a high of 70 degrees, but Brownsville, Tex., at the southernmost tip of the states, recorded a reading of 76 degrees.

Senate Investigates Men's Wear Shortage

WASHINGTON, Dec. 18. (AP)—The Senate small business committee will discuss the men's clothing shortage with government and clothing industry officials tomorrow and Thursday.

Chairman Murray (D-Mont) estimated that between 20,000,000 and 28,000,000 suits of clothes will be produced next year, against a demand for 40,000,000 to 44,000,000.

Blackjack Billy Fox Is Winner By TKO

PHILADELPHIA, Dec. 18 (U.P.) — In the most significant bout of 1945, Blackjack Billy Fox proved explosively to the boxing world last night that his record string of novice knockout victories was not a "hothouse daisy chain," as he blasted out a technical kayo in the sixth round over rugged Georgia Kochan, his first major opponent.

Fox, 19 year old Philadelphia negro light heavyweight, proved himself awesome though awkward as he registered his 36th straight knockout in 36 professional starts. He gave Kochan, a seasoned, unorthodox mauler from Akron, O., the worst beating of his six year career in an old fashioned slugfest before 5,461 at the arena.

Whizzer Is Through With The Gridiron

DETROIT, Dec. 18. (U.P.)—Byron "Whizzer" White, former college and professional football star, said last night that he was through with football and would devote his time to getting a law degree.

He is en route to his home at Willington, Colo., after honorable discharge after four years in naval service. He last played for the Detroit Lions professional team in 1940-41. A college star at the University of Colorado, he entered the pro ranks for the Pittsburgh Steelers.

White said he planned to get his degree at Yale and then enter practice.

Ballinger Voted Out Of District 3-AA

SWEETWATER, Dec. 18. (AP)—The executive committee of district 3-AA last night voted down the application of Ballinger for admission to the district. Ballinger is now a member of district 9-A.

The committee voted to hold the district basketball championship tournament at Abilene on Feb. 22 and 23.

Joe Louis To Make A Tour Of Spain

SEVILLE, Spain, Dec. 18 (U.P.) — Heavyweight Champion Joe Louis will come to Spain in late January for an exhibition tour of leading cities, Boxing Promoter Antonio Ponce said today.

Ponce said Louis would come to Seville before starting his tour, and would appear at Barcelona and Valencia, among other cities.

Battle Royal Climax For Honolulu Game

HONOLULU, Dec. 18 (AP) — A battle royal climaxed the football game between the professional Los Angeles Broncos and the Honolulu Packers yesterday after the island eleven punched over a touchdown in the final three seconds to win, 19 to 13.

Fists began flying immediately after the last marker, which broke a 13-13 deadlock. Approximately 3,000 spectators, mostly high school youngsters, tumbled out of the stands and joined in the fight.

No reason was given immediately for the fight.

Killer Kane Chosen On Annapolis Staff

ANNAPOLIS, Md., Dec. 18 (U.P.) —Cmdr. William R. (Killer) Kane, former U. S. Naval academy athlete, who was appointed assistant athletic director at the academy yesterday, will begin his duties in January, Annapolis officials said today.

Kane, whose home is at San Rafael, Cal., supervised Navy's physical training program for the past year. He was graduated from Annapolis in 1933, and won the sword award that year for excellence in athletics. He starred in football, wrestling and track.

NAVY BEATS TCU

FORT WORTH, Dec. 18 (AP) — Dallas Naval Air station defeated Texas Christian university basketball team 54 to 47 last night, ending a six game winning streak for the frogs.

TCU led 24 to 19 at the half. The sailors's John Croin, who scored a total of 22 points in the game, collected 17 in the last period to lead the Navy boys to victory.

HOME ON LEAVE

DALLAS, Dec. 18. (AP)—Captain Reynolds Smith, former Texas amateur golf champion and twice a member of the U. S. Walker cup team, is home on terminal leave after more than three years service in the Army Air Forces. He served 26 months overseas.

Trolley Filled With Shoppers Gets Lost

ATLANTA, Dec. 18 (AP) — The tired shoppers got aboard the trolley, their Christmas bundles piled high, in time to get home for 6 o'clock supper.

The clerks who helped to pile those bundles got on the trolley too.

Then came an intersection. The trolley went west instead of east.

Then later it went north. That was the way the tracks went. There were no other tracks.

Presently the motorman admitted he was lost. The passengers had realized this for some time.

So he pulled into the car barn, a little farther on. Then trolley officials told him there was nothing to do but go back downtown.

When he got downtown a trolley supervisor boarded the car and took the passengers home.

And when they got home, more than an hour late, they were sitting in reverse. No one had thought to turn their seats and they had ridden backwards.
