Rosalynn Comforts

TOCCOA, Ga. (AP)-A man who lost his wife and son in the flood that overwhelmed this northeastern Georgia community found words of encouragement for President Carter's wife, who sought to comfort him in a hospital.

"We'll be praying for you and the big things you have to do," Jeffery Metzger said Sunday as Rosalynn Carter left his room.

Metzger and a daughter, Debbie, survived the flood. But his wife and son were among the 37 persons killed in rampaging waters.

A rain-swollen lake burst through an earthen dam early Sunday, sending tons of water crashing down a falls and through Toccoa. Especially hard hit was the Toccoa Falls Bible College.

Metzger was among several persons Mrs. Carter visited in a brief stopover at the hospital on a hill just above the area where the flood waters struck as most of the college's students and staff slept.

She flew by jet from Washington to Anderson, S.C., then by military helicopter to Toccoa. She returned to Washington Sunday night.

When Mrs. Carter arrived, she saw dozens of bulldozers churning through muddy debris, clearing away remnants of homes and school buildings.

"It was indescribable," the first lady said at a news conference. "It's a terrible tragedy."

Report Confirmed

WASHINGTON (AP)-President Carter has postponed his foreign trip set for later this month because he wants to remain in Washington while Congress considers his energy program.

The State Department announcement today of Carter's decision confirms earlier reports that the president was going to scrap the tour of nine nations. The announcement also indicated Carter would make the trip later.

Release Pleases Vatican

ROME (AP)-The Vatican today expressed "deep satisfaction" for the release of gun-running Greek Catholic Archbishop Hilarion Capudji from an Israeli prison.

Vatican sources said the 55-year-old prelate, who was expelled from Israel and flown here, would recuperate for about three momths and then would be given a new post, probably in the Americas or Australia. Associates said he lost about 25 pounds in prison.

The archbishop had served nearly three years of a 12-year sentence for smuggling arms to Palestinian guerrillas in Jerusalem and the West Bank. The Israelie government acceded to a direct appeal for his release by Pope Paul VI.

A Vatican announcement said "news of the archbishop's liberation was received with deep satisfaction by the Holy See, which during these years has not ceased being interested in Msgr. Capudji's situation, worried also for his precarious health."

Jury Excluded

AMARILLO (AP)-Some of the startling testimony of a defense witness in the Cullen Davis capital murder will not be presented to the jury, State District Court Judge George Dowlen ruled today.

Sandy Myers, 27, testified Saturday that Davis' estranged wife Priscilla had hinted at trouble just before Stan Farr was shot to death. Mrs. Myers said that earlier Mrs. Davis said, "I've got to get rid of Stan."

Judge Dowlen told prosecution and defense lawyers of his ruling this morning before the trial was resumed.

The trial, which was scheduled to reconvene at 9 a.m., had not begun by midmorning.

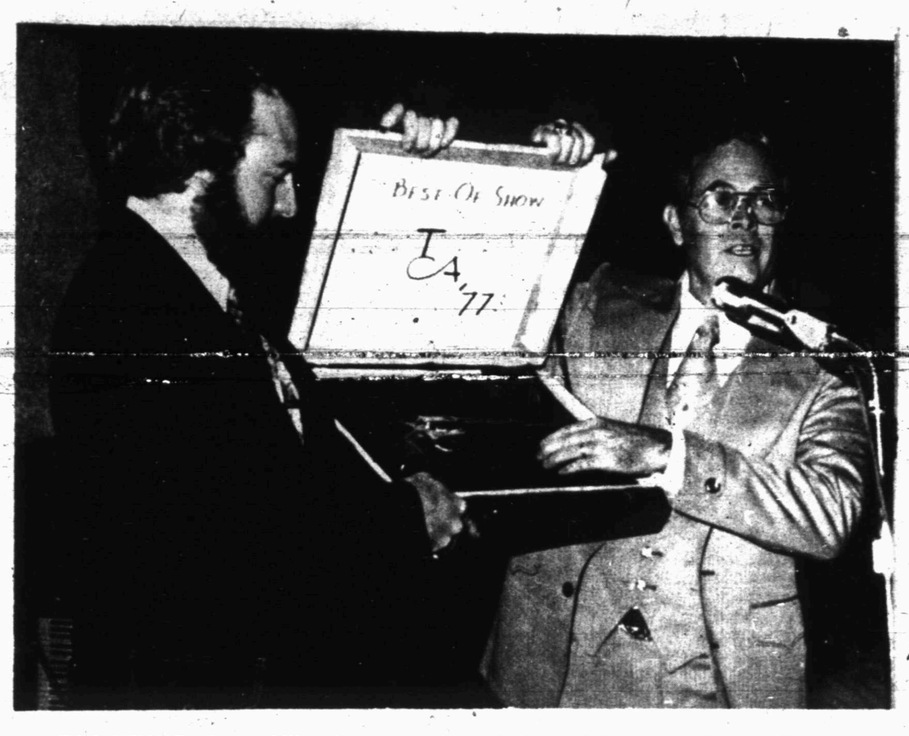

The material that the judge will not allow before the jury includes threats allegedly made by W.T. Rufner against Farr and Mrs. Davis. Dowlen also said the jury would not hear Mrs. Myers' testimony about Mrs. Davis wanting to get rid of Farr.

Drought Losses Big

AUSTIN (AP)-Crop and livestock losses in Texas due to drought since early this summer total an estimated $135 million, Agriculture Commissioner Reagan Brown said today.

Thirty-six counties in central, southwestern and western portions of the state have been the hardest hit, and only about half of the damage is recoverable through various federal loan programs, he said.

Crops such as peanuts, grain sorghum, corn, wheat and hay have registered major production losses.

Gilbreth Captures Top Honors In TCA Show

Members of the Texas Cowboy Artists Association saw their president capture top honors in their annual show Saturday and then joined hundreds of Snyderites and visitors at a banquet where Ken (Festus) Curtis and a western band drew repeated applause.

Terry Gilbreth, the TCA president, received the "Best of Show Award" for a piece of sculpture titled "Jeff Davis Futurity." He also had the best bronze in the show.

The top oil painting in the show was "Big Country" by George Kovach, while "Riding Out" by Justin Wells was the top drawing and "The Dunes" by Kenneth Wyatt was the top watercolor. An oil painting titled "Matagorda Exodus" by Mark Storm was runner-up to the best of show.

The Awards were presented by Jodie Boren, well-known Abilene artist who was on the panel of jurors. The presentations were made at the outset of the banquet program in the Scurry County Coliseum.

A number of the art pieces were sold during the show here, which attracted people from

Flood Debris Is Sifted For Bodies

By JACK STILLMAN
Associated Press Writer

TOCCOA, Ga. (AP)-Searchers slogged through debris-littered red mud in search of more bodies today in the wreckage of a low-lying campus area where at least 37 persons died after a torrent of water burst from an earthen dam and smashed through the pastoral setting of a small Bible college.

About 45 persons were injured.

At midmorning, Stephens County Hospital administrator J.W. Warren said that the bodies of two persons reported missing had been found. But he said later he had been "misinformed."

Twenty youngsters, children of students or faculty members at the Toccoa Falls Bible College, were among those who died when the flood-waters hit at 1:30 a.m. Sunday. Most of the other victims were students or teachers at the college. Two volunteer firemen who were trying to reach the college's housing area to give the only warning of the flood also died.

Some of the students who died were trapped in a four-story men's dormitory, which had 40 residents. Twelve of the 45 persons injured were hospitalized.

The path of destruction was described as about 2½ miles long and 1,500 feet wide, most of it near the area where a creek, fed by a reservoir, make a sharp turn at the foot of two hills in the campus community called Toccoa Falls, about two miles outside the northeastern Georgia community of Toccoa. Two trailer parks nestled at the foot of the hills, primary housing areas for married students, were leveled.

Eldon Elsberry, a volunteer fireman, said he and two other firemen saw the water cascade down Toccoa Creek about 1:30 a.m.

"I looked up and I saw red water that was really starting to move," he said "We ran and got into a Jeep. We were going to turn the sirens on and wake people up."

He said the Jeep was swamped before they could cross a bridge to a trailer park. Elsberry got hold of a small tree but his partners were lost.

"I woke up last night and heard a noise and the lights went out," said one young man who recounted the disaster at memorial services Sunday. "I grabbed my wife and kids. I knew God has us in his hands."

First Lady Rosalynn Carter, who flew from Washington, was among those who inspected the disaster scene on Sunday. She later said the scene was "indescribable." She told a news conference, "It's a terrible tragedy." She visited survivors at a hospital, touching their arms and whispering encouragement.

She told Toccoa's 9,000 residents and the college students that President Carter had promised federal assistance.

Gov. George Busbee, who also inspected the flood area, said the dam that broke above Toccoa Falls had been declared a high-hazard dam by the U.S. Army Corps of Engineers.

The hazard designation does not mean such dams are structurally unsafe but that if they break, damage would be significant, a corps spokesman said.

Texas 4th In Travel Market

AUSTIN (AP)-Bicentennial travel and Democrats visiting New York cost Texas third place in the national travel market last year, the Texas Tourist Development Agency reported Monday.

The agency quoted the U.S. Travel Center as saying that although travel receipts rose 14 percent to $6.1 billion in 1976, Texas fell from third to fourth, with New York going from fourth to third.

The travel center "attributed New York's resurgence to heavy Bicentennial travel last year, coupled with the financial bonanza that the national Democratic party convention proved to be for the city and state," the agency said.

California and Florida remained 1-2 in the national travel market.

The agency said travelers in Texas last year paid $242 million in State taxes, a 17 percent increase.

There was no change from 1975 to 1976 in the order of the top 10 Texas counties sharing state travel receipts, the agency said.

Dallas remained first with $1.4 billion, followed by Harris $1.2 billion; Bexar $480 million; Tarrant $296; Travis $199 million; El Paso $187 million; Galveston $125 million; Nueces $121 million; Potter $102 million; and Jefferson $96 million.

SNYDER TEMPERATURES: High Saturday, 77 degrees; low, 39 degrees; reading at 7 a.m. Sunday, 40 degrees. High Sunday, 79 degrees; low, 40 degrees; reading at 7 a.m. today, 54 degrees; precipitation, none; total precipitation for 1977 to date, 22.38.

Bonds, Amendments Go Before Voters Tuesday

Two ballots will face Scurry County voters who go to the general election polls Tuesday.

One ballot will present a $4 million bond proposal for expansion of Cogdell Memorial Hospital.

The other ballot will present seven proposed amendments to the Texas Constitution.

Polls will open at 7 a.m. and close at 7 p.m. at all 13 polling places in the county. The polling places, or voting precincts, include No. 1, Northeast Snyder, on the north side of the Scurry County Coliseum; No. 2, Loyd Mountain, at the Northeast Community Center; No. 5, Fluvanna, at the Fluvanna Community Center; No. 6, Union, at the Union Community Center; No. 7, Bison, at the Knapp Community Center; No. 9, Ira, at the Ira Community Center; No. 10, Dunn, at the Dunn Community Center; No. 13, Hermleigh, at the Hermleigh Community Center; No. 15, South Snyder, at the Snyder School Administration Building; No. 17, Northwest Snyder, at the Snyder City Hall; No. 18, Southeast Snyder, at the El Paso Avenue Fire Station; No. 19, Crowder, at the Union Community Center; No. 20, Southeast Snyder, on the south side of the Scurry County Coliseum.

Those who formerly voted in Precinct No. 4 at Dermott, which has been abolished, now vote in part at Fluvanna and in the Northwest Snyder box. Those who formerly voted in Box 8 at China Grove, now vote at Dunn, those who formerly voted in Box 12 at Inadale now vote at Hermleigh, and those who formerly voted in Box 14 at Camp Spring now vote in the Loyd Mountain box.

The hospital bond issue would provide funds for constructing a major addition to Cogdell Memorial Hospital. The addition would include additional space and new facilities for a number of hospital services, along with 50 more beds for patients.

The following constitutional amendments will be on the state-wide ballot:

No. 1, amending Article V of the Texas Constitution to provide for a court of criminal appeals with nine judges and to permit the court to sit in panels of three judges.

No. 2, amending Article III, Sec. 49-b, of the Texas Constitution to provide for an additional $200 million in bonds or obligations of the State of Texas for the Veterans' Land Fund and to allow surviving spouses of veterans to purchase tracts under certain circumstances.

No. 3, amending Article I, Section 11-a, of the Texas Constitution to permit denial of bail to a person charged with a felony offense who has been theretofore twice convicted of a felony offense, or charged with a felony offense committed while that person was admitted to bail on a prior felony indictment, or charged with a crime involving the use of a deadly weapon where there is evidence such person has been convicted of a prior felony offense; providing for a 60-day limit to that person's incarceration without trial; and providing for that person's right of appeal.

No. 4, amending Article VIII of the Texas constitution by adding Sec. 1-f, relating to tax relief to preserve certain cultural, historical or natural his-

big understatement

In signing into law the greatest single increase in the minimum wage in the country's history President Carter remarked that it was "probably inflationary" and would "likely" make it more difficult for marginal workers to obtain jobs. It could be wished that our chief executive was as correct in all his public statements as he was in this instance because he couldn't have given a better description of the impact the new minimum wage scale will have on the nation's economy.

Apologists for the practice of putting a floor under worker compensation justify it on the ground that since unskilled workers are not generally included among those covered by contracts between management and unions, it is only fair that the Federal Government should do for the unskilled what unions do for skilled.

One weakness of that analogy is that employers participate in negotiations with union representatives. And at the end, if no satisfactory agreements can be reached, employers may refuse to meet demands.

It all started back in the depression days of the 1930s. As an act of justice in behalf of the great mass of unorganized workers it was deemed necessary to do two things, put a floor under and a ceiling over worker compensation. A modest 25 cents an hour was the minimum in the first effort in national history in inject the Government into employer-employee relationships. On the upper side cuts were ordered. Even the President, members of Congress and heads of Government agencies accepted cuts in pay. Need to balance the Federal budget and equalize the cost was considered that important.

Once the authority of Congress to fix rates of worker compensation was accepted as public policy the principle of deciding the question through negotiation between parties immediately involved ceased to exist.

Pretty much the same thing happened with welfare. It appeared to be a great idea back in those simple times for states, communities and individuals to be relieved of responsibility for providing relief for the victims of poverty and other types of misfortune. The result is an uncontrollable monster that threatens national solvency.

It is now apparent that President Carter has either given up the fight to check inflation and stop waste of public funds or has decided, as his predecessors of the past 40 years have done, to postpone the effort to a more convenient time.

fountain of youth dry

Now we know how Ponce de Leon felt.

The exposure of elderly Americans to high-pressure oxygen - a treatment once touted as a veritable "fountain of youth" - is now called a waste of time and money.

"Hyperbaric oxygenation" is a technique in which elderly people climb into a chamber and breathe pressurized pure oxygen. The belief is that the oxygen revitalizes brain cells and reverses or retards senility.

Unfortunately, tests conducted by the National Institute of Mental Health show no such benefit. In fact, says the leader of the study team, the oxygen treatment produces no more mental stimulation than a person might get from a couple of martinis.

Well, that's consolation.

We constantly read scare headlines about the Social Security System going broke. Despite assurances that our monthly pension payments will not be cut off, I sense a feeling of panic in mail from my readers.

Presently, the system is paying out more than it is taking in because the high unemployment rate has meant that fewer workers and employers have been paying Social Security taxes. And due to the ever-rising inflation, high benefits are being paid out.

President Carter suggested a solution whereby a deficit could be made up from general funds when unemployment rises above 6 percent. But both houses of Congress have rejected the Administration's proposal and prefer instead to raise Social Security taxes on both workers and employers. Many legislators maintain that the program was set up as an insurance rather than a welfare program.

But has the system really worked out that way?

I know there's growing resentment among many in the younger generation. They feel they are carrying an unusually heavy burden by having a large chunk of their wages deducted to support the older generation. In fact, my cousin's son remarked that his generation was supporting mine. I told the young man that if he were lucky enough to live to my age, his children's and grandchildren's generations would do the same for him. I also reminded him that his elementary, high school and even college education were all obtained free in public schools and added, "And my generation shelled out the money in the form of taxes to pay for your free education."

Like so many others who started paying into the Social Security system at its very inception in the 30s, I realize the amount deducted was minimal compared to today's deductions. And so I can appreciate this resentment of having such a big bite taken out of present salaries. But I would like to clear up the misconception that we in the older generation are the only beneficiaries "living off the fat of the land."

I have obtained statistics from the Social Security administration and other sources that will amaze many. I, myself, had no idea that so many millions of dollars are paid out monthly from the Social Security fund to the young and very young. These include the sick and disabled, widows and widowers, children and students.

Since 1973, for example, Medicare benefits were extended to persons of any age with total kidney failure, and unfortunately many are very young. Last year, Social Security paid $1 billion dollars, most of it for dialysis treatment and kidney transplant surgery for 50,000 individuals. These payments were made not only to those who have worked long enough to be insured under Social Security but also to the wife, husband or dependent child of those under Social Security or the Railroad retirement system.

Nearly 800,000 students between the ages of 18 and 22 receive monthly Social Security checks because of the death, disability or retirement of a parent (or, under certain conditions, a grandparent) who worked long enough to be covered by Social Security. These checks continue even during a vacation period of not more than 4 months if he or she is a full time student. If the student attends a trade or vocational school, the checks can continue until the course is completed or for 2 months after the 22nd birthday.

About 300,000 persons receive benefits because they have severe disabilities which began in childhood and which keep them handicapped as adults. Each month, millions of dollars in benefits help lighten the burden for the families of these unfortunates. Regular payments are made to the insured's children, including adopted, stepchildren and, in certain cases, grandchildren...all out of the Social Security fund in the event of the insured's death, disability or retirement.

We all know that retirees and their spouses receive monthly Social Security checks but the following figures should startle you: In June 1976, 638,188 children of retired workers received $53,065,000.; 3,938,116 widows and widowers collected $812,074,000 and 2,911,521 children of deceased workers received a total of $435,609,000.

As of December 1975 there were 2,488,991 disabled workers receiving monthly checks amounting to $562,233,000; 452,959 wives and husbands of disabled workers collecting $30,539,000 and 1,410,619 children of disabled workers receiving monthly checks amounting to $87,395,000. And these expenditures are undoubtedly higher today.

All these figures were for ONE MONTH ONLY. A rough estimate of the annual amount can be made by multiplying by 12. Since I don't have a computer and math was never exactly my favorite subject, I leave it to you to multiply all the figures by 12 to arrive at the billions of Social Security dollars spent yearly for persons other than senior citizens.

Startling? It sure is! These figures provide a strong and valid argument that general funds should be tapped to shore up the sagging Social Security fund. Perhaps, if our legislators were made aware of some of these statistics they might realize that the Social Security System is no longer merely insurance but indeed, a welfare system as well.

And let no one ever again claim that only we older citizens are bankrupting the Social Security System!

A crowd was waiting this morning when the doors swung open to Snyder's new Varsity Square TG&Y Family Center. Store manager Wayne Scarber reported an excellent turnour and considerable public attendance during the new store's open house Sunday. Scarber's comanager is Juan Ramirez and assistant manager is Jerry Jones.

Shortly after the store opened this morning Jones reported that the crowd was "fantastic ... we just can't empty their baskets fast enough," he added.

Pat Walker Figure Salon also opened this morning in Varsity Square. Local owner of the shop is Doris Alexander. She will be assisted in the figure salon by two Snyder natives. The two employees are Linda Berryman (formerly Linda Coy) and Kathy Edwards (the former Kathy Wellborn).

Carol Deen, manager of Hastings Books and Records, reported that she had planned to open this morning in Varsity Square but several book racks did not arrive from the East Coast and consequently opening will be delayed until their arrival.

JoAnn Everton has purchased Ramona's from Ramona Cain. Loyce Hayes, the new owner's sister, will manager the dress shop which will now be named D'Anns Place.

Farm and Ranch Western Wear had a new manager this morning. Pauline Boyd, formerly employed at Top Dollar, is the new manager of the downtown Western Wear Store.

Buddy Whittenburg at Buddy's Auto Supply reported excellent progress on his new building on College Avenue and said that he plans to open his Radio Shack store by Dec. 1.

H.W. Cargile, chairman of the board of West Texas State Bank, is back from vacation and last week was being brought up to date on the progress of the bank's remodeling and addition.

Jan Buchanan, former bookkeeper at Perry's, is the newest employee at Hugh Boren and Son Insurance Agency.

Debbie Ashley, head checker at Perry's for the past three years, is its new bookkeeper.

Gloria Ziske reported a good turn-out of shoppers last week for her moving sale at It's A Boutique. The sale continues this week and Gloria said that no definite date has been set for the shop's move to the American Motel.

Bill Collier was back on the job this morning at Tape Town after a week's vacation.

Bob Head of Head's Heating and Air Conditioning has introduced a new twist to the popularity of home insulation. Bob now has a machine that can be used by the do-it-yourself enthusiast.

Bentley Baize of Von Roeder Seed Farms is out of the hospital and back on the job on a limited basis.

Today is Dollar Day in Snyder but most local merchants will have these specials for the majority of the week. There were loads of terrific buys listed in Sunday's Dollar Day ads.

WASHINGTON (NEA): No matter how long it takes, sooner or later President Carter is going to get the energy bill he deserves and Russell Long wants.

The wily chairman of the Senate Finance Committee holds all the face cards in the table stakes game between the House and Senate energy conferees, and Carter dealt him the hand.

The President gave Long every ace in the deck when he declared that his own performance in the White House this year should be judged a success or failure depending on whether Congress sends him an energy bill he can sign.

Even Carter's most loyal political supporters winced at that little exercise in hyperbole. With one rhetorical swoop, the President tossed away the option of vetoing an unacceptable energy bill and then blaming Congress and the oil companies for their intransigence.

Now he must deal with Russell Long, who has been known to walk off with the Capitol dome under far more challenging circumstances.

And Long's price for sending Carter an energy bill the President can live with boils down to one thing: financial incentives to the oil and gas industry for increased production and the development of alternative sources of energy.

The House energy bill, which is virtually identical to Carter's original proposal, contains no such incentives-at least in the view of Long and the industry.

What it does contain is a wellhead tax on domestic oil which would drive the price up to the international level, thereby discouraging consumption and promoting conservation. Carter wants all proceeds of this crude oil tax, which he has repeatedly called the "centerpiece" of his energy program, rebated to consumers.

Forget about natural gas deregulation. Forget about the gas guzzler tax, the user tax to force conversion from oil and gas to coal. Forget about tax credits for home insulation.

The outcome of the energy conference is going to turn on Russell Long's determination to grab some of the proceeds of Carter's wellhead tax for production incentives to the industry.

Carter is already hollering "rip-off," and insisting oil and gas producers don't deserve any more money. But he can talk until he's blue in the face, and the end result will be the same.

If he wants a wellhead tax, the President is going to have to let Russell Long divert some of the proceeds to the producers, probably indirectly, through the creation of an energy development corporation.

Such a corporation, or fund, was originally proposed by former Vice President Nelson Rockefeller. As envisioned by Long, it would probably provide either low-interest loans or loan guarantees to industry for extraction of hard-to-reach oil and gas and development of alternative energy resources.

The Senate has more or less endorsed Long's approach, and has given the Finance Committee chairman a virtual blank check for negotiating with House conferees.

Anyone who has ever watched Long operate in conferences with the House knows the Louisiana Democrat will give away every item on the bargaining table to achieve whatever he has set as his own principal objective.

After all his attacks on the oil industry, Carter is likely to find Russell Long's prescription a bitter pill to swallow. But having tied his own political health to a congressional enactment of an energy bill, Carter has no option but to take his medicine like man.

letter to editor

To The Daily News:

I quote from your editorial concerning the International Women's Year meeting in Houston November 18-21. "The purpose of the International Women's Year meeting in Houston is to draft recommendations for removing remaining barriers to equality between men and women." Two drafted resolutions which do not support this stated purpose are (1) A call for reduction of the U.S. military budget and cancellation of production of the B-1 bomber; and (2) Repeal of section 14B of the Taft-Hartley act which allows states to enact "right to work" laws. I think we have a right to ask how these two resolutions could possible "remove barriers to equality between men and women."

A chartered bus of concerned women from Snyder plan to attend the Houston meeting. Our purpose will be to state our views concerning womens issues.

impressions count

NEW YORK (AP)-It sometimes depends upon your audience and the impression you're trying to make. Which is a perface to the observation that what you hear and see in the marketplace isn't always what it seems.

Words are sometimes presented like cosmetics, the packaging being more important than the contents. Impressions sometimes count more than facts. And there are things you emphasize to some audiences and don't tell others at all.

Such as Bethlehem Steel, for example, reporting one year a loss to the Internal Revenue Service but a neat profit to shareholders. Nothing underhanded; just differently packaged accounting.

It was not alone. Some of the loudest criticism of business has come after words drifted into the wrong audience, such as the chairman's glowing report to shareholders being over-heard by union wage negotiators who were told the company was dying.

Broadly categorized, such messages are sales talk, and sales talk usually is meant more to impress than inform.

Were the people who sold New York City bonds, or several years ago, Penn Central bonds, really convinced these securities belonged in everyone's portfolio? No overwhelming evidence exists that they listened to their own words.

Do Wall Street analysts who issue bullish reports on the future of certain stocks heed their own advice? Not always. As they tell it, their job is to sell stocks to others rather than buy for themselves.

Do superstars use the products they advertise? Perhaps, if they have been instructed in how to remove the lids. Do business leaders who promote U.S. Savings Bonds at 6 per cent also buy them? When they can get 7 per cent elsewhere?

The words themselves might be straightforward, but the impression created might be a bit aslant.

The Wall street letter writer, for example, who in scrupulous observance of the regulation, in disregard of the facts and perhaps in homage to his own ego, appended to his stock selections the caveat:

"No promise is made or intended that past performance is a criterion of future results. The stocks mentioned herein may or may not perform as well as earlier selections."

Consider the General Motors promotion piece that compared a 1962 model and a 1977 model and concluded that the latter had a superior "overall roominess index," which is the kind of concept you describe with an asterisk.

By Oswald & James Jacoby

Jim: "Championship bridge in America is tough. In Europe where almost every country plays several complicated artificial systems, almost anything can happen and usually does. Take this hand that decided a match between England and Italy. The English bidding is shown in the box."

Oswald: "It started simply enough. Then North jumped to four hearts to show a void. South showed the spade ace and North bid five notrump to ask South to bid seven diamonds if he held two of the three top honors."

Jim: "West opened the queen of hearts. South ruffed in dummy. Ten minutes later he came to his hand with the queen of clubs; reffed his last low heart; tried to discard the king of hearts on a club and was down one when West ruffed. We have little criticism of this play, but if South had led a low diamond toward his hand at trick two he could have made the slam."

Oswald: "The Italian bidding was really weird. South started with an artificial club to show a minimum opening. A diamond would have been a strong bid. North responded one spade; South raised to two and North jumped to six clubs to tell partner to forget about spades. South's singleton club was the queen and the slam rolled in."

Ask the Jacobys

A Canadian reader wants to know what we rebid after partner responds one notrump to our one-diamond opening. We hold:

♠ K x x ♥ K x x ♦ A K x x x ♣ x x.

The correct rebid is a pass. We have a minimum balanced hand. There is no good reason to rebid our five-card suit.

Knapp HD Club Has Microwave Demonstration

For the regular monthly meeting Knapp Home Demonstration Club met in the home of Mrs. Cecil Huddleston on Nov. 3rd.

At a short business session resignation of Mrs. Jim Sorrells as club treasurer and meals chairwoman was accepted with regrets and Mrs. Jack Dunn was appointed as meals chairwoman and Mrs. Gene Greenway was elected treasurer for the remaining club year.

President, Mrs. J.D. Blankenship, appointed Mrs. Jack Drake to serve as council chairwoman.

Mrs. Huddleston, hostess, assisted by Mrs. B.J. Bartell, demonstrated cooking by microwave and served a delicious luncheon to twelve members: Messrs J.D. Blankenship, O'Neal Bloom, H.M. Bruner, Jack Dunn, Gene Greenway, Olen Horn, Larry Miller, Ed Murphy, George Murry, J.E. Sorrells, B.J. Bartell, and the hostess. Mrs. Roy Wissinger and Mrs. Leon Huddleston were guests.

Next regular meeting will be December 1 in the home of Mrs. Gene Greenway for a covered dish luncheon and Christmas gift exchange.

O.J. who?

The Buffalo Bills, who lost superstar O.J. Simpson for the season with a knee injury last week, have found a new running star in Roland Hooks, who rambled for 155 yards Sunday to help the Bills upset the New England Patriots 24-14 in National Football League action.

"They pulled themselves together," said Buffalo Coach Jim Ringo, whose team put on its best offensive show of the season despite the absence of Simpson. "They knew it wouldn't do any good to panic."

"We had something to prove that we weren't the worst team in pro football," said Hooks. "We had to get our self respect back."

It was only Buffalo's second victory in eight starts, and it left New England Coach Chuck Fairbanks confused and upset.

That was the first victory for a National Conference team over one from the American Conference this season. The AFC holds a 10-1 lead.

St. Louis, Cincinnati and San Francisco also posted upsets, the Cardinals whipping the Minnesota Vikings 27-7, the Begals edging the Cleveland Browns 10-7 and the 49ers beating the Atlanta Falcons 10-3.

But mighty Dallas easily survived the rash of upsets, defeating the New York Giants 24-10 to raise its record to 8-0, the only unbeaten mark in the NFL.

Oakland and Denver remained in a tie for the lead in the AFC West with 7-1 records as the Raiders beat the Seattle Seahawks 41-7 and the Broncos defeated the Pittsburgh Steelers 21-7.

Washington plays at Baltimore tonight.

Lions 20, Chargers 0

"I was really nervous before the game," conceded Kane, Detroit's new hero. "They slowly brought me into this starting position. I think I was ready for it."

As for his touchdowns, both of which were scored on short dives over a stacked-up goal-line defense, Kane reasoned, "Up and over is the shortest way to the goal. It's the easiest way to go because the defense is usually down tight."

Cardinals 27, Vikings 7

Jim Hart threw two touchdown passes and running backs Wayne Morris and Terry Metcalf each scored twice. Morris rushed for 172 yards in 27 attempts, the second highest total in Cardinal history.

The Cardinals, 5-3, remained in the running for a wild card playoff berth. The Vikings, also 5-3, lead Detroit in the NFC Central race by one game.

Raiders 44, Seahawks 7

Oakland scored seven of the first eight times it had the ball in routing the Seahawks. Ken Stabler threw three touchdown passes, Errol Mann kicked three field goals and Willie Brown intercepted two passes.

Broncos 21, Steelers 7

Denver's Orange Crush defense allowed Pittsburgh across midfield only three times as the Broncos kept pace with Oakland.

Special teams star Rick Upchurch provided the offensive spark, returning five punts for a team-record 167 yards including an 87-yard scamper for a touchdown. That was the first punt return for a touchdown against the Steelers since 1969.

Chiefs 20, Packers 10

Ed Podolak rushed for 98 yards and one touchdown as the Chiefs won their first game under interim coach Bettis, who took over after popular Paul Wiggin was fired on Monday.

Bengals 10, Browns 7

Chris Bahr's 31-yard field goal in the third period gave Cincinnati its victory and tightened the AFC Central Division race. Cleveland still leads at 5-3, but Cincinnati, Houston and Pittsburgh are all at 4-4.

Oilers 47, Bears 0

Houston's defense left Chicago with a net passing yardage of minus 16, while the Oilers' big-play offense overwhelmed the Bears. Billy Johnson broke loose for two scores, racing 75 yards with a free kick and 61 on an end-around, and Dan Pastorini hooked up with Ken Burrough for touchdown passes of 85 and 43 yards.

"It was the worst game I have ever been associated with in any form," said Bears Coach Jack Pardee. "We are humbled."

Rams 31, Bucs 0

It was the 22nd consecutive loss for the Bucs and spoiled the homecoming of Tampa Bay Coach John McKay, who had been a highly successful college coach at Southern Cal before going pro. Pat Haden, a Southern Cal grad, threw two touchdowns as the Rams, 5-3, moved to a one-game lead over Atlanta in the NFC West.

49ers 10, Falcons 3

San Francisco knocked Atlanta out of a tie for the NFL West lead, sacking Falcons quarterback Steve Bartkowski seven times for losses of 76 yards. The only touchdown of the game came on a 2-yard run by Wilbur Jackson in the third quarter.

Eagles 28, Saints 7

Ron Jaworski passed for two touchdowns and ran for two more, but the hero for the Eagles was punter Spike Jones, who pinned the Saints within their 10-yard line four times. Ironically, Eagles Coach Dick Vermeil had spent the week trying to find a new punter, but came up empty.

Dolphins 14, Jets 10

Bob Griese threw scoring passes of 20 and 24 yards to Duriel Harris and Miami's defense kept the Jets out of the end zone until the final minute. The victory moved Miami within one-half game of Baltimore in the AFC East race.

Tigers Fair Well In Tennis Action

Margaret Womack and Donna McGee did not lose a match in playing No. 1 and No. 2 girls' singles for Snyder in the Brownfield Team Tennis Tournament held Nov. 4-5.

Only a few points separated the top four teams in determining the trophy winners as Monterey placed first with 24 points; Dunbar, second with 23 points; Snyder third with 22 points; Brownfield fourth with 20 points; Coronado, fifth with 16 points; and Morton, sixth with 15 points.

Bringing home individual trophies for Snyder were Margaret, Donna, Shelley Grosshans and Belinda Scott, the No. 2 girls' doubles' team, who lost only one match in the tournament. In team tournaments each team plays each one of the other teams entered and the places are determined by points stacked up in overall matches against each team.

Snyder played Coronado JV and Monterey JV on Friday and was tied for first place going into Saturday's match with Dunbar. The final outcome was not decided until the final match was played with Morton in the late afternoon, so close were the top four teams in scoring points.

In Snyder's match with Coronado, Margaret defeated Katie Bacon, 6-0, 6-1; Donna won over Beth Wallace, 6-0, 6-1; Stan Pavlik, playing No. 1 boys' singles, defeated Brad Conway, 6-2, 6-0; Neal Paige, playing No. 2 boys' singles, won over Todd Brasher, 6-3, 6-3; Jay Wesson and Jeff Scannicchio, playing No. 1 boys' doubles, lost to Bassett and Jones, 6-2, 2-5, 2-6; John Smylie and Lynn Edmison, playing No. 2 boys' doubles lost to Bewley and Johansen, 1-6, 7-5, 3-6; Jana Wesson and Valerie Wilson, playing No. 1 girls' doubles, were defeated by Pirkle and Crow, 2-6, 3-6; Shelly and Belinda defeated Jayaselon and Nash, 6-4, 6-2.

Playing against Monterey, Margaret defeated Kathy Weaver, 6-2, 6-2; Donna won over Kelly Hobbs, 6-1, 5-7, 7-5; Stan lost to Mack Eschle, 4-6, 4-6; Neal won over Bruce Hanser, 6-2, 6-3; Jay and Jeff were defeated by Smith and Harrison, 6-0, 4-6, 5-7; John and Lynn lost to Miller and Chambers, 4-6, 4-6; Janna and Valerie lost to McKay and Mitchell, 2-6, 1-6; and Belinda and Shelley defeated White and Keeling, 6-1, 4-6, 4-6.

In the matches with Dunbar, Womack won over Renee Flewellen, 6-0, 6-0; McGee defeated Sue Ann Bope, 6-1, 6-1; Pavlik lost to Hector Lavato, 3-6, 1-6; Paige was defeated by Bruce Pillow, 3-6, 1-6; Wesson and Scannicchio lost to Bryant and Cross, 3-6, 2-6; Smylie and Edmison won over Loggins and Crockett, 6-1, 6-7, 1-6; Wesson and Wilson lost to Hamilton and Flewellen, 0-6, 0-6; and Grosshans and Scott defeated Clark and Joplin, 6-2, 6-3.

Playing against Brownfield, Womack defeated Liz Mousa, 6-1, 6-1; McGee won over Leigh Knox, 6-2, 6-2; Pavlik was defeated by Ricky Cargill, 4-6, 6-0, 6-3; Paige lost to Clinton Godwin, 1-6, 0-6; Wesson and Scannicchio won over Cody Hicks and Greg Hord, 7-6, 6-3; Smylie and Edmison defeated Travis and Harvery Hord, 6-4, 6-4; Wesson and Wilson lost to Suzie Jobe and Suzanne Cooper, 1-6, 2-6; and Scott and Grosshans lost to D'Ann Swain and Rosa Garcia, 3-6, 2-6.

In matches with Morton, Womack won over Annette Willingham, 6-2, 6-2; McGee defeated Melanie Polvado, 6-0, 6-3; Pavlik won over Jeff Groves, 6-0, 6-0; Paige defeated Kevin Key, 6-1, 6-0; Wesson and Scannicchio lost to Clint Oden and Donald Minor, 4-6, 1-6; Smylie and Edmison defeated Sam Coleman and Perry Bell, 6-2, 6-3; Wesson and Wilson lost to Susan Masters and Patti Waters, 2-6, 4-6; and Scott and Grosshans defeated Jay Lynn Ware and Peggy Bennett, 6-4, 6-2.

Thursday, November 10, Snyder freshmen-JV team will journey to Colorado City for an after-school dual meet. November 12, the varsity tennis team will play a dual meet in Odessa with the top 9 boys and top 9 girls of Odessa High School.

'Pokes Pop Giants 24-10

EAST RUTHERFORD, N.J. (AP)-From left to right, they are Too Tall Jones, Jethro Pugh, Randy White and Harvey Martin - the Dallas Cowboys' defensive line. Spell it Doomsday, like the defense the Cowboys rode to a Super Bowl championship in 1972.

Joe Pisarcik, quarterback of the New York Giants, had a chance to meet each of them on a personal basis Sunday as the unbeaten Cowboys scored a 24-10 victory, running their National Football League winning streak to eight games.

Pisarcik, an alert quarterback, noticed all the Dallas visitors.

"We called our extra pass blocking 'Joe protrection,'" he said. It really means the backs stay back to help the ends. But Dallas messed us up by calling delayed blitzes all the time.

The Giants, of course, can use all the sympathy they can get. From the Cowboys, all they got was trouble.

With Dallas defenders swarming all over him, Pisarcik was able to complete only 6 of 17 passes for 61 yards, but when you deduct the 59 yards he lost on those eight sacks, New York's net air gain come to just 2 yards.

Roger Staubach had a comfortable 15 completions for the Cowboys, including three long ones to Drew Pearson that kept Dallas scoring drives moving. Pearson's catches were for 25, 23 and 41 yards, stretching his streak to 39 games in which he has had at least one reception.

His first catch, on a third-and-15 play, kept the Cowboys moving in a drive that was completed by Staubach's 5-yard TD pass to Billy Joe DuPree. Then Pearson grabbed the 23-yarder in a drive helped by a long pass interference call against New York's Bill Bryant and climaxed by Tony Dorsett's 1-yard TD plunge.

Pearson's third grab for 41 yards came with the Cowboys en route to Efren Herrera's 35-yard field goal.

Dallas' first TD came when Jay Saldi recovered a fumbled punt at the 8-yard line and took it into the end zone. The Giants got a 51-yard field goal by Joe Danelo and a 1-yard TD by Bobby Hammond, who set up the score with a 28-yard punt return.

UIL Takes Extra Look

AUSTIN, Texas (AP)-Members of the University Interscholastic League will soon decide whether to eliminate Class 4A football spring training and if to allow full or half-court girls basketball.

The legislative council of the UIL, which governs Texas high school athletics, voted Sunday to place the two questions on its annual referendum. Texas high school superintendents vote on the matters.

Last year, UIL members voted to abandon the six-player, half-court form of girls basketball still played in five states in favor of the five-player, full-court game.

The council decided, however, to have members vote again in light of a recent federal court decision upholding Tennessee's six-player rules.

Juarez Team Defeats WTC

Western Texas College dropped its final contest to Juarez University over the weekend, 72-62.

The contest, WTC's only loss in four games, marked the beginning of a two-week layoff for the Westerns, who are idle until the Ranger Classic, beginning Nov. 14.

"By Saturday we were pretty tired after being down there a week," Coach Nolan Richardson noted of his team. "The kids played their hearts out. We just needed a little extra punch and we didn't have it.

"But, he added, "anytime you go to Mexico and win three out of four you've done a pretty good job. We're looking forward to getting back on the road and playing college teams."

Leading the WTC scoring against Juarez Tech was Jon Moorehead with 17 points, followed by Jilio Gallardo with 11 and Dwight Williams with 10.

Rafael Palomar, an All-Mexico player and member of the Mexican Olympic team, scored 32 points for Juarez Tech. He was followed by Mike Portray with 14 and Angel Gonzales with 12.

The Westerners have two injuries. Both Robert Brown and Wayne Jamison were injured in workouts prior to the Mexico trip. Richardson feels both players will be ready to go by the Ranger Classic.

Snyder JV Wins Highland Tourney

Snyder junior varsity volleyballers won the Highland Varsity Tournament over the weekend. The Tigerettes, under direction of Coach Joyce Elrod, edged a tough Highland team in the final match to win.

In the first round, Snyder ripped Highland JV 15-1, 15-8 and found similar competition in the second round, whipping Miles varsity, 15-2, 15-5.

But Highland Varsity failed to go down as easily, holding Snyder to a slim 14-16, 15-5, 15-12 victory.

"Highland (varsity) had a very strong team for a class B school, "noted Coach Elrod. "In fact, I wouldn't be surprised to see them in the finals in Austin. Our girls looked the best that they've looked all year. They played smart defensive ball all the way."

Total points individually for Snyder were Connie Weber and Vanessa White, 22 each; Kim Harlin 16; Linell Selmon, 12; Suzanne Fisher, 10; Laura Fortune, 8; Billie Owens, 7; Jill Kidd and Bettsey Patterson, 2 each; and Trudy Hataway and Debbie Johnson, 1 apiece.

Snyder junior varsity couples with Snyder varsity Tuesday as the regular season ends in Lubbock.

Both teams take on Dunbar, Snyder JV at 6:30, and Snyder varsity at 7:30.

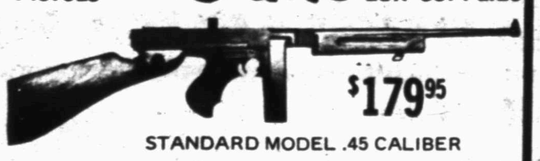

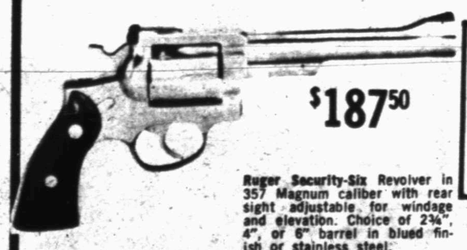

Snyder varsity stands at 9-0 in district play and have already secured the 3-AAA championship. Dunbar is 0-9.

No. 5, amending Article XVI of the Texas Constitution by adding Section 68 granting the legislature power to authorize the formation of agricultural and marine associations which may mandate the collection of refundable assessments for improvement of production, marketing, or use of their products.

No. 6, amending Article XVI, Sec. 16, of the Texas Constitution to give the legislature power to authorize state and national banks to exercise banking and discounting previleges by use of electronic devices or machines.

No. 7, amending Article V, Sec. 1-a, of the Texas constitution changing the name of the State Judicial Qualifications Commission to the State Commission on Judicial Conduct, and relating to the commission and the powers and proceedings of the commission, a master, and the supreme court, or court of civil appeals justices serving in place of the supreme court, for the suspension, censure, removal, or involuntary retirement of a justice, judge, or justice of the peace under certain circumstances.

A light turnout has been forecast state-wide on the constitutional amendments. Greater numbers of voters are expected in cities and counties which have local issues up for a vote, such as the hospital bonds in Scurry County.

The county clerk's office here issued 51 absentee ballots on the hospital bond election and 44 on the amendments before the deadline Friday.

GUY LOMBARDO
...dies At 75

Lombardo Rites Set Wednesday

NEW YORK (AP)-Guy Lombardo, who made millions and delighted millions for half a century with his "sweetest music this side of heaven," will be buried Wednesday.

But Lombardo's brother, Victor, promised that their band, the Royal Canadians, will go on and that the tune most closely associated with the famous bandleader- "Auld Lang Syne"-will be heard again Dec. 31.

Guy Lombardo died at age 75 Saturday night at Houston's Methodist Hospital, where he had undergone heart surgery in September. His wife of 51 years, Lillibelle, was at his side.

Hospital spokesmen said death was not related to the surgery but to a breathing problem that developed later and forced Lombardo's re-hospitalization Oct. 27.

The bandleader is to be buried in the Long Island community of Farmingdale on Wednesday.

Lombardo was a resident of the Long Island community of Freeport, where he owned a restaurant. He also promoted summer spectaculars at Jones Beach. His revival of "Finian's Rainbow" there last summer grossed $1.55 million.

throughout West Texas.

Gilbreth, speaking briefly as president of the TCA, was highly complimentary of the arrangements for the show, awards banquet and sale here, which were handled by LaVerta Lovell, assistant to the executive director of the Snyder Chamber of Commerce.

"You did something that Amarillo couldn't do," he declared.

Curtis, appearing as Festus, the deputy in the Gunsmoke television series, and the western band composed of Jack Lowell, Paul Smith, Heidi Nelson and Hi Busse, were roundly applauded.

Judging the show with Boren were Bob Helburg, editor of Southwestern Magazine of Houston, and Don McCulley, owner of the McCulley Gallery in Dallas.

Karen Blaker Ph.D.

What value verbiage?

By Karen Blaker

DEAR DR. BLAKER: I have a heart condition that requires frequent visits to the doctor. As strange as it may seem, my doctor – not the heart condition – is my problem. He has a fantastic reputation locally as a cardiac specialist. But I don't understand what he is talking about. He uses big words and then gets annoyed when I ask him to explain. I keep thinking that his extensive medical vocabulary means he is a good heart specialist. I wonder, am I being too critical?

DEAR READER: As long as you're wondering, why not wonder how this doctor got his good reputation. It sounds to me as if he is afflicted with "logorrhea," a venerable (not venereal!) disorder that has been a source of physician-patient conflict for centuries. Logorrhea – a term coined by Lois and Selma DeBakey at the Baylor College of Medicine in Houston, Tex. – is a verbal disorder characterized by a heavy reliance on cliche-ridden, ambiguous, and pretentious verbiage.

Logorrhea, moreover, is contagious. Medical students contract it quickly from their teachers. It seems to help a young intern sound wise even if he is uninformed. The second stage of logorrhea is painful – for the afflicted doctor's patients. The doctor himself only suffers during the third stage – his patients leave him and he makes less money. This disorder, however, rarely develops that far because patients virtually never challenge the quality of their medical care.

Please don't take me literally. There is of course no such disease. The point here is merely to encourage you to find an understandable doctor. Your heart doesn't need the added hardship of trying to communicate with your doctor. You should expect your doctor to communicate with you!

Moreover, you have a legal right to know about your condition. The Patient's Bill of Rights states "...a patient has the right to obtain from his physician complete current information concerning his diagnosis, treatment, and prognosis in terms the patient can be reasonably expected to understand." Would you dare ask your doctor about this?

Write to Dr. Blaker in care of this newspaper, P.O. Box 489, Radio City Station, New York, N.Y. 10019. Volume of mail prohibits personal replies, but questions of general interest will be discussed in future columns.

Saturday Rural Mail Weighed

WASHINGTON (AP)-The Postal Service, considering an end to Saturday mail deliveries, may allow them to continue in some rural areas.

The provision would be aimed at parts of the country where weekly newspapers often are delivered on Saturday. Urban areas would probably not be eligible.

"One of the things that we have under consideration is to give rural areas that need Saturday delivery a local option," Deputy Postmaster General William Bolger said in an interview.

Under the option, if Saturday mail were continued in some areas, deliveries would be discontinued in those areas on another day of the week.

Bolger called the proposal "one of the major issues" under consideration in the event deliveries are cut to five days a week.

He said any cutback would not take place for at least serveral months because the Postal Rate Commission must hold hearings on any reduced service proposal, then issue an advisory opinion before the change could take place.

Cutting deliveries to five a week would save an estimated $412 million a year.

Grain

CHICAGO (AP)-Wheat No 2 hard red winter 2.83¼n Monday; No 2 soft red winter 2.51¼n. Corn No 2 yellow 2.16½n hopper 2.01½n box. Oats No 2 heavy 1.30n. Soybeans No 1 yellow 5.59n.

No 2 yellow corn Friday was quoted at 2.15½ hopper 1.99½n box.

Cotton

NEW YORK (AP)-Cotton futures No. 2 were higher at midday.

The average price for strict low middling 11-16 inch spot cotton advanced 10 points to 47.70 cents a pound Friday for the 10 leading markets, according to the New York Cotton Exchange.

Midday prices were 80 cents to $1.50 a bale higher than the previous close. Dec 50.86, March 51.84, and May 52.60.

Scouts Plan Camporee For Weekend

The Lone Buffalo District of the Buffalo Trail Council, Boy Scouts of America will sponsor its annual District Camporee on Nov. 11, 12, and 13 at Camp Ed Murphy near Lake Thomas. The camporee will involve scout troops from Mitchell and Scurry counties and one troop from Big Spring. Also part of the program will be the cub scouts involved in a Saturday program with the Webelos Cub Scouts (10-year-olds) fulfilling their requirements of an overnight on Saturday evening.

The weekend camporee will incorporate events of scout skill in which the units will be judged on their competency.

Last weekend two troops, Troop 187 from Big Spring and Troop 20 of Colorado City, went camping a week early to gain experience and practice for the camporee. Saturday morning saw a climax of competitions between the two troops with a cow chip battle.

The charge for the individual boy is $1 per head for the camporee.

NAACP Calls Special Session

NAACP is having a called meeting tonight at 8 in the cafeteria of the Mt. Olive Baptist Church. All members are urged to attend.

Windows In Station Wagon Are Broken

An act of criminal mischief and four traffic accidents were logged in weekend police reports.

Bob Felton advised police that several windows of a 1974 van and a 1972 Pontiac station wagon had been broken while the vehicles were parked at Bob's Delicatessen. The incident was reported to police at 9:24 a.m. Sunday.

A major accident at the traffic circle southeast of town was reported to police at 2:13 p.m. Sunday.

Involved in the mishap were a 1975 Ford driven by Zillah Hudgins of Snyder and a 1971 GMC driven by Arlander Jennings of Tuscon, Ariz. Extensive damages were reported to each of the vehicles, but no injuries were listed.

Police investigated a minor traffic accident late Saturday morning in the 1600 block of 25th St. The mishap involved a 1977 GMC driven by William T. Pettijohn and a 1974 Plymouth driven by Shaderick McGinty.

About 1 p.m. Saturday, police were called out to investigate a minor accident in the 1900 block of 42nd St. A 1977 Ford pickup driven by Robin Oden that was pulling a pipe trailer was in collision with a 1974 Chevrolet driven by Orpha Dorman.

The College Ave. Dairy Queen was the scene of a minor accident at 3:39 p.m. Saturday.

The mishap involved a 1973 Oldsmobile driven by Edgar von Roeder and a 1974 Chevrolet driven by Sherry Williamson.

ChurchWomen Plan Supper

The Ladies Auxiliary of The Church of God will sponsor a Mexican supper from 5:30-8 p.m. Friday, Nov. 11 at the Towle Park Barn. This will be convenient for those attending the Tigers' football game.

The menu will consist of a Mexican plate for $2 and a bowl of chili for $1.75. This price will include drink and dessert. Also offered will be frito pie 65c and hot dogs either with or without chili for 50c.

Lawrence E. Lamb, M.D.

Understanding fats

By Lawrence Lamb, M.D.

DEAR DR. LAMB – I have had two heart attacks, both mild, and am on a low cholesterol diet. What are vegetable fats? Are they polyunsaturated or not?

Can I have peanut butter sandwiches without too much damage to my system?

DEAR READER – Judging from the enormous number of letters I get about fats that is one of the most difficult concepts for the public to understand about foods.

The term vegetable fat includes all fats that don't come from animals or animal products. Hence it includes safflower oil which is low in saturated fat and high in polyunsaturated fat, and coconut oil, which is just the opposite, high in saturated fat and low in polyunsaturated fat. If you want to limit saturated fat and use polyunsaturated fat, don't depend on a food label that just says vegetable fat – it is often coconut oil, saturated fat.

The other point people have trouble with is understanding that the fat in food is made up of several different types of fat. Part of the fat is saturated, part monounsaturated and some polyunsaturated fat. The ratio is important. If you want to eat food that contains fat that is low in saturated fat and and relatively high in polyunsaturated fat, you will choose fish, or not quite so good, poultry. The red meats tend to contain fat that is relatively low in polyunsaturated fat.

The number of letters about peanut butter also attests to its place as an American favorite. Half the weight of peanut butter is FAT and about 20 per cent of that fat is saturated fat. You would be better off to choose breast of chicken and eat chicken sandwiches if you want to limit your fat consumption.

I am sending you The Health Letter number 1-3, Diet, Preventing Atherosclerosis. It will give you the general principles you need to follow a diet that helps keep your level of fatty-cholesterol particles down. Others who want this information can send 50 cents with a long, stamped, self-addressed envelope for it to me in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019.

DEAR DR. LAMB – I am 69 years old and had a hysterectomy at age 53. A year ago, we moved and I went to a new doctor. He proceeded to do a Pap test. Now it's been a year since the negative test and I received a notice it is time for my yearly Pap test. Is this necessary? I always thought that after the uterus was removed that was it.

Please find it in you heart to answer this old lady.

DEAR READER – From a purist point of view, you could develop cancer of the vagina, but of course your days of worrying about cervical cancer are over. The risk of cancer is indeed small in anyone who has had both the cervix and body of the uterus removed.

I still think you should have an annual examination with or without a Pap test. You need to be sure you don't have any lumps in your breasts. You are in the age group for the peak rate of breast cancer (between 55 and 74 years of age). When there, talk your Pap test question over with your doctor.

Unless your ovaries were removed with your uterus, you should have an examination anyway, because ovarian cancer can still occur and is the fifth most common cause of cancer deaths in women in the same age group.

Gov. Finch Signing More Proclamations

JACKSON, Miss. (AP)- After less than two years in office, Gov. Cliff Finch appears to be easily outstripping his predecessors in the issuing of gubernatorial proclamations.

The proclamations - embossed, sealed and signed "Proclamation by the Governor" - are usually issued on behalf of noteworthy persons, civic groups, charity organizations and other causes.

But sometimes the honors are rather arcane. Finch proclaimed July 9 "Wolfman Jack Day" in honor of the disc jockey.

Mississippi observed the governor, this is United States Marine Corps Week and today is Black Elected Officials Day.

That brings Finch's total to more than 350 proclamations in less than two years. In four years in office, his immediate predecessor, Gov. Bill Waller, managed only 420 proclamations, while Waller's predecessor, Gov. John Bell Williams, signed only 325.

ASTRO-GRAPH
Bernice Bede Osol

Your Birthday
Nov. 8, 1977

This coming year you may surprise others and even yourself by your imaginative approach to money matters. Put those ideas to work for you. There's a good chance for increased income.

SCORPIO (Oct. 24-Nov. 22) Your concern for others is commendable today. However, you should be very careful not to overextend yourself in a misguided attempt to do good. Find out who you're romantically suited to by sending for your copy of Astro-Graph Letter. Mail 50 cents for each and a long, self-addressed, stamped envelope to Astro-Graph, P.O. Box 489, Radio City Station, N.Y. 10019. Be sure to specify your birth sign.

SAGITTARIUS (Nov. 23-Dec. 21) Inside tips on big deals from well-meaning friends should be carefully eyed today. They could be like a glittering watch with no mainspring.

CAPRICORN (Dec. 22-Jan. 19) For the sake of good public relations today, treat everyone impartially. As soon as you bestow the least bit of favoritism, someone will be hurt.

AQUARIUS (Jan. 20-Feb. 19) Your advice is quite sound today and will be very helpful. The problem is that you don't take to heart the same wisdom you impart.

PISCES (Feb. 20-March 20) To begin with, this isn't a good day to take gambles. The odds against you are even greater if you have no voice in calling the shots.

ARIES (March 21-April 19) In order to impress others today, you may resort to embellishing the facts. This will probably have exactly the opposite effect.

TAURUS (April 20-May 20) Today, you desire grandeur. Bigness isn't always beautiful or best, so stay within the realm of practicality.

GEMINI (May 21-June 20) Although your judgment is amazingly accurate in many ways, in financial affairs you miss the boat by failing to see the small parts that make up the whole.

CANCER (June 21-July 22) Today, relying on Lady Luck and your good looks may be a mistake. Both can help, but it will take some honest effort to finish the job.

LEO (July 23-Aug. 22) Be able today to distinguish between optimism and false hope, or the sand castles will be swept way with the first tide.

VIRGO (Aug. 23-Sept. 22) Conditions contributing to your stability are a mixed bag today. Unfortunately, misplaced faith may lure in the wrong direction.

LIBRA (Sept. 23-Oct. 23) It's very important today that an influential contact continues to hold you in high regard. Do nothing that would lower you in his eyes.

Campaigning Rough On Guy

LEWISTON, Maine (AP) -Door-to-door campaigning can be rough on a guy. Ask Laurier G. Biron.

Biron, running for mayor, showed up at a "Meet the Candidates Night" this week with a swollen right eye and four stitches.

The candidate said he had been campaigning door-to-door when he was hit on the head by a door opened for him by an aide.

Dear Abby

She's Determined to 'Live a Little'

By Abigail Van Buren

© 1977 by The Chicago Tribune-N.Y.News Synd. Inc.

DEAR ABBY: I'm a 36-year-old virgin who is just about ready to climb a wall. I'm nothing special to look at, and the way things are going I'll never find a husband.

I dated a married man for a while and I really got stuck on him. He wanted me to go to bed with him but I didn't. Now I'm sorry because he was transferred out of town and there went my last chance.

I'm only human and I have those feelings like everybody else, and I mean it is frustrating. I've held off all these years because I didn't want a man to think I was easy or a tramp, but I'm told that even nice girls give in nowadays.

I'm going on a vacation next month, and if I get the chance, I'm really going to live a little. We never know how long we have to live, and I'd like to know what it's like to have a man before I die. Would that be wrong?

ONLY HUMAN

DEAR ONLY: I wouldn't call a 36-year-old virgin a "tramp" for deciding to live a little before she died. It's wrong only if you hurt yourself, someone else, or if you feel it's wrong for any reason.

I wouldn't give the same advice to a youngster, but you're an adult, in charge of your own life, and you don't need permission from anyone.

DEAR ABBY: I have a good friend who is getting on my nerves. She herself doesn't drive, but when she rides with me she insists on telling me how to drive, when to "go," when to "stop," where to turn, when to slow down, where to park—and if there's enough room to park. Her sudden warnings to "look out" startle me, causing me to stop abruptly, which could cause an accident.

I have driven for years without a single violation or accident, but this friend makes me so nervous I'm beginning to lose confidence in myself. I hate to hurt her feelings, so will you please print this, omitting my name and city? Backseat drivers need to be reminded that they rattle the driver and cause wrecks.

FED UP

DEAR FED: Never mind her feelings. Few backseat drivers are aware of their nervous habit, so don't rely on a general warning in my column to get this important message to your friend. Tell her yourself—and emphatically. The lives you save could be yours and hers.

DEAR ABBY: Is it no longer considered "good etiquette" to call and thank one's hostess after a lovely dinner party?

I have had several dinner parties lately, and no one has bothered to call or send me a written "thank-you."

Am I just being...

OLD-FASHIONED(?)

DEAR OLD-FASHIONED: The well-mannered guest always telephones the hostess within a day or two to express thanks. The super-gracious guest always writes a "thank-you" note promptly. Those who neither call nor write are thoughtless, lazy or ignorant.

If you feel left out and lonely, or wish you knew how to get people to like you, my new booklet, "How Too Be Popular; You're Never Too Young or Too Old," is for you. Send $1 along with a long, self-addressed, stamped (24 cents) envelope to Abby, 132 Lasky Drive, Beverly Hills, Calif. 90212.

Redheads Have New Stercotype To Live Down

ALLIANCE, Ohio (AP)- Redheads, who have long been labeled fiery-tempered, now may have a new stereotype to live down.

According to a survey of 200 Utah college students, red-haired women are regarded as powerful while their male counterparts are seen as timid.

"The red-haired female is perceived as the executive or professional type, not very feminine and slightly aggressive," said Dennis Clayton, an assistant professor of psychology at Mount Union College, who surveyed students from Brigham Young University and Utah Technical College.

However, he added: "The red-haired male is seen as a timid, feminine, Bozo-the-clown type character."

The same sex differential didn't apply to findings on persons with other hair colors.

Rig Count In Basin Rises

Permian Basin oil fields had 297 rotary rigs running last week, a gain of seven over the previous week, according to Reed Drilling Equipment's weekly survey.

During the first week of November last year, there were 283 rigs running in the Basin.

Eddy County, N.M., Pecos and Ward Counties were the leaders, with 25, 24 and 23, respectively.

Scurry County had only one rotary rig in operation, the same as the week before. The figures for other area counties, with last week and the week before, in order: Borden 5 and 4; Dawson 4 and 3; Fisher 4 and 4; Garza 3 and 4; Howard, 8 and 6; Kent 2 and 2; Mitchell 5 and 4; Nolan 2 and 2; Stonewall 2 and 2.
