Parker Tells Of Big Fete Here In June

A big northeast Panhandle Coronado Quarto Centennial is being planned by Pampa Jaycees to be held in Pampa in June. D. L. Parker, president of the Pampa Junior Chamber of Commerce, told junior chamber of commerce officials and delegates at the semi-annual district meeting held in Amarillo Friday night.

Officers of the five clubs represented—Pampa, Amarillo, Borger, Lubbock, and Littlefield—discussed accomplishments of the past year. R. G. Hughes of Pampa, a national Jaycee director, gave a short address telling of the national convention to be held in Washington this summer and the state convention to be held in Galveston in April. He suggested that the group go on record as favoring Bill Cooper of Dallas, state Jaycee president, for national vice-president.

Attendance at the meeting and the dance which followed, was 100. Binford Arthey, Amarillo, state Jaycee vice-president, presided at the business session held at 8 o'clock at the Ferring Hotel. The Amarillo Jaycees were hosts for the dance held at the Amarillo hotel after the meeting.

In the Pampa delegation were: Mr. and Mrs. Jim Dodge, George Grammas, Burton Tolbert, Charles Lankin, Dorothy Jo Taylor, R. G. Hughes, D. L. Parker, Jim Collins, Harry Kelley, Bob Miller and Mari Blackstock.

St. Louis Acts To Ban Smoke Menace

ST. LOUIS, Feb. 24 (AP)—A positive plan to rid St. Louis of its smoke menace in three years, offering a solution to other cities plagued by the evil, was presented today in a municipal committee's detailed report on the generations-old problem.

As its basic premise, the plan proposed that the city pass legislation making it mandatory for consumers to use smokeless fuels, except in heating plants equipped with automatic feeding devices to burn high-volatile raw coal without smoke.

St. Louis, often called the smokeiest city in the country, has suffered more than usual this winter from dense, persistent fogs. Clamor of protest led to appointment of the committee by mayor Bernard F. Dickmann.

Mrs. J. Borden Harriman, America's second woman diplomat, was the organizer of New York's fashionable "Colony Club."

Mainly About People

The Gray County Singing convention will meet at 3 o'clock this afternoon at the Pampa Pentecostal church, located in Tully addition. J. F. Stephens will be in charge of the meeting.

Word has been received by Mrs. L. P. Keough of the death of her sister, Mrs. James L. O'Neal of Warren, Pennsylvania, who died Thursday following an operation.

Mrs. O'Neal has visited here several times.

Mrs. Merik Long is still ill in a local hospital.

Mr. and Mrs. Russell Holmes have returned from an extended visit with relatives at Phoenix, Arizona.

Mr. and Mrs. H. E. McCarley left Saturday for the market in Dallas.

George Bunch is improving at the Wesley hospital where he was admitted for treatment of burns.

C. W. Furr, owner, and son Roy, general manager, of the Furr Food stores, both of Amarillo, were in Pampa Thursday.

Sheriff Raymond Waters of Wheeler was in Pampa Saturday.

Marriage licenses were issued Friday to Lawrence Starey and Miss Thalia Massey, and to J. E. Wilson and Miss Pauline Harsh.

In 31st district court Friday, a divorce was granted in the case of W. R. Garrett vs. Elizabeth Garrett.

A staff meeting of workers in area 31, department of public welfare, was held yesterday at the court house. A snowstorm forced a cancellation of the original meeting scheduled for Saturday a week ago.

Word has been received of the death of Mrs. Anna Zimmerman of Webb City, Missouri, who passed away Saturday. Mrs. Zimmerman was the mother of Mrs. Josephine Bicknell and grandmother of Miss Evelyn Bicknell.

Gwendolyn Couts, Gray county student at West Texas State college and a Pampa High school graduate, for the third successive time has won the college's honor roll.

The roll is composed of those students who make the upper 5 per cent of the grades. Miss Couts is vice-president of Kappa Omicron Phi at West Texas State college.

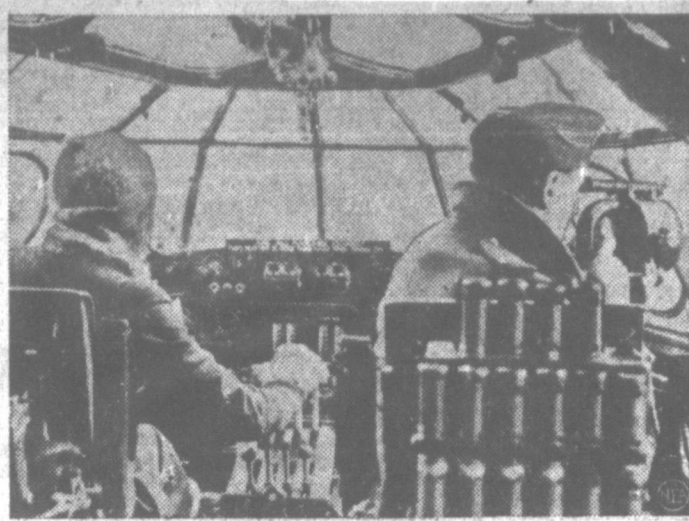

CIO Ready For Peace

WASHINGTON, Feb. 24 (AP)—President William Green reiterated today that the AFL was ready to resume peace negotiations with the CIO.

In a letter to a group of clergymen who had urged renewal of peace negotiations, Green said the AFL peace committee "stands ready to accept and consider any proposals designed to bring about a settlement of existing difficulties."

Henry L. Stimson, former Secretary of State, was a law partner of the late Elihu Root when he was Secretary of State.

Six Months Of War Cast Doubt On Theory Air Power May Win Fight

By KIRKE L. SIMPSON
Associated Press Staff Writer

Half a year of war between Germany and the Franco-British Allies is drawing to a close with no battle of major consequence yet fought.

The total battle casualties are negligible in comparison to those of some single days in the World War. Only in the German-Polish battle and in the Russian-Finnish conflict, have terrible tolls in dead, wounded and property destruction been piled up.

Only at sea has there been ruthless bombing of non-combatants, neutrals as well as belligerents, in the German effort to break the economic stranglehold of Allied sea power.

Even there, there has been no real pitched battle of the air or between aircraft and battleships to indicate certainly whether air power is to be the new decisive element of world power, displacing sea power.

German hopes of victory over the Franco-British alliance were rested squarely on the assumption that air power had outstripped sea power. Chancellor Hitler risked all on his confidence of German air superiority when he ordered the Nazi march into Poland.

The first days of the German-Polish war went far toward convincing non-military world opinion that Germany's boast of a decisive air superiority over her Franco-British rivals might prove well founded.

Surprise was a more important part of German technique in Poland, however, than her vast air superiority.

The war was over for the Polish air force and for much of Poland almost as soon as it began. It was over for all Poland before the more cumbersome Franco-British alliance could display any real force to save its Polish ally.

Six months later, however, Germany has not risked wholesale attack on France or Britain by air. She is still hesitating that air power as carefully as the British and French have husbanded theirs, still in doubt about its real war mission.

And with resources of all the neutral world to call upon to supplement their own capacity to produce war planes, there can be small doubt that the Allies are almost within sight of air power equality with Germany now. It is conceivable that another six months will see them not only equal, but pass Germany's best effort to dominate the air, yet still Germany hesitates to launch complete war in the air.

FCA Acts To Keep Debtors On Farms

WASHINGTON, Feb. 24 (AP)—Amid some internal dissension, the Farm Credit Administration has embarked upon a broadened policy designed to keep farmer debtors on the farm and to protect them against foreclosures.

Strict banking procedure will be abandoned for extreme leniency in cases where borrowers are deemed to have a chance of eventually meeting their obligations.

A. G. Black, the agency's new chief, outlined the policy today in a discussion of recent resignations of some officials in protest against the policy and a recent presidential order placing the FCA, heretofore autonomous, under the agriculture department.

Latest resignations include those of Peyton Evans, general counsel, and the president and vice president of the FCA's federal land bank at Spokane, Wash. There were reports that other resignations were to follow.

"The FCA is taking the broad social view," Black said, "that its duty is to help farmers become landowners, even if it has to adopt special measures to help them."

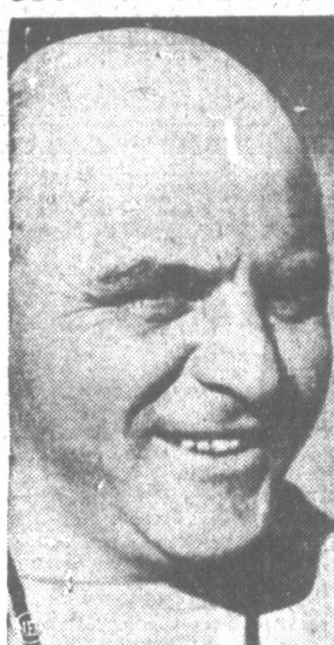

"In proper cases, worthy but seriously delinquent borrowers are being assisted as rapidly as possible by measures which are designed to keep them on their farm and protect them against foreclosure."

Lubbock Man Faces Charge Of Bigamy

LUBBOCK, Feb. 24 (AP)—Mild O. E. Brown, 29-year-old produce house worker charged with bigamy, today declined to amplify his admission he had lived for four months with his current and former wives in the same house.

He was in jail after giving a statement saying he was living in a residence here with Letitia Victoria Marshall Brown, 26, who divorced him a year after he married Margaret Maryland Mitchell. The statement was made to District Attorney Burton S. Buks, who said

Seek Grid Ouster

A special meeting of the athletic board will decide the fate of Gerard (Bunny) Oakes, Colorado University grid coach, whose immediate dismissal was asked in a petition presented by student leaders and members of the football team who accused Oakes of mishandling players.

A sister of wife No. 1 instituted the charge.

Wife No. 2, visiting the jail today, said the arrangement of two women in one house had worked out with no friction, but she did not offer an explanation of why the first wife had moved in four months ago.

Brown said:

"Rather not discuss it. This is my first time to be in such a place like this."

Brown's statement said he had three children by his first wife and one by the second.

Series Of Peace Feelers Led To Welles Voyage

WASHINGTON, Feb. 24 (AP)—A puzzling series of informal and unofficial "peace feelers" made here and in Europe, greatly influenced President Roosevelt's decision to send Undersecretary of State Sumner Welles across the Atlantic.

In the last few months, the president and state department officials have followed with great attention an uninterrupted stream of such proposals.

Most of them have come from private citizens, generally citizens of Denmark, Holland, Sweden, Belgium and Switzerland.

Usually, the procedure has been to seek an audience with a statesman as near the top as possible in an allied country.

Generally they say that they have talked with a high German official—Goering has been mentioned—and that Germany would be willing to make peace if she could get the right terms.

What terms? The German official was not definite. The stories they tell do not always agree.

It is known that several of these persons have made the same type of approach to officials here.

These officials frankly have not known what to make of this activity.

Some officials think these peace approaches may represent an effort by the Germans to test the allied morale. If a peace envoy were to report to Germany that a British or French high official welcomed peace somewhat along the lines the envoy suggested this could be taken as a sign of weakness.

Hines Covers Lots Of Ground To Keep Speech Date Here

When Harry Hines, candidate for governor, makes an engagement he keeps it. A week ago the present member of the Texas Highway commission said he would speak in Pampa at noon on February 23.

That an important engagement necessitated him being in Commerce the night of February 23. But Mr. Hines didn't postpone his date with Pampans and delegates to the 18-30-70 North-South Highway association meeting here.

After speaking in Commerce, Mr. Hines and his faithful secretary, Tom Payne, and Hugh Williams, reporter for the Austin American, left by car for Pampa, arriving here at 8 o'clock the following morning.

They slept three hours and at noon Mr. Hines made one of the best talks heard here in a long time.

Mr. Hines conferred with Young Democrats and highway delegations before leaving for Borger where he dedicated a new library in the afternoon and spoke at the Borger Chamber of Commerce banquet at night.

Yesterday morning he drove to Wichita Falls where he spoke.

Gulf's Sound 'Wagon' Signed For Fiesta

Looking ahead for the need of sound equipment during the Top O' Texas Fiesta and the Coronado Cuarto Centennial Entrada, D. L. Parker, President of the Pampa Junior Chamber of Commerce, has again secured the use of the Gulf Oil sound equipment, which has performed a very beneficial service to the Top O' Texas crowds for the past several years.

The sound truck that will be sent to Pampa, June 13, 14, and 15, will come at the compliments of the Gulf Oil Corporation with no expense on the part of the Fiesta Committee.

It will be equipped with a turntable with a library of over 200 popular recordings, which can be used in between announcements and other broadcasting. The recordings are products of the World Broadcasting System and are vertical cut recordings, which necessitate special equipment for playing.

The equipment is capable of covering audiences of more than 50,000 and carries a full assortment of wide range speakers.

The Gulf sound equipment has been used in every city in Texas of more than 10,000 population. It has been used to help promote and make successful more than 1,500 different events and celebrations, conventions, fairs, pageants, rodeos, speeches, ceremonies, etc.

The equipment has been used by the president of the United States, by his wife, and by other members of his family, not to mention a number of times by the governor of Texas and other high state officials.

"We are indeed glad to have the cooperation of the Gulf Oil Corporation and the local wholesale agent, John C. Haynes, in connection with this sound equipment," D. L. Parker, president of the organization, yesterday in announcing that the equipment had been engaged for the Fiesta in June.

Rev. Boshen Will Give Baccalaureate Address at WTSC

Rev. Robert Boshen, pastor of the First Presbyterian church of Pampa, has been chosen to deliver the baccalaureate sermon at West Texas State college on May 28.

During Religious Emphasis week at the college last autumn, the Pampa minister conducted vespers services.

A native of Illinois, the Rev. Boshen has degrees from Lake Forest college and the Presbyterian Theological seminary at Chicago. He formerly held pastorates in Philip, S. D., and Bedford, Iowa. Since 1937, he has been pastor of the Pampa church.

WELLES

(Continued From Page 1)

Welles and Secretary of State Hull are absolutely true, trustworthy and untroubled picture of what Hitler, Foreign Secretary Joachim von Ribbentrop and other leaders disclose to him.

Von Ribbentrop First

Before the lid was screwed down on publication of information regarding the visit, and applied to the foreign press insofar as information from German sources is concerned, it was learned that Welles' first official contact would be with von Ribbentrop. The foreign secretary, then, will take the American visitor to see Hitler.

Welles does not expect to make any public statements until he reports to Mr. Roosevelt.

Judging by his usual tactics, Hitler, in his audience with the American, will take the offensive and present Welles with a long list of grievances against Great Britain and France, heading the dossier with the charge that Britain provoked this war.

In a nutshell, Hitler's thesis is likely to be that Germany, a powerful nation of 80,000,000 intelligent and industrious people, is entitled to Lebensraum—living space—which the western allies have refused her.

HITLER

(Continued From Page 1)

Hitler is to be slaves of the English and French.

Leaves France Unscathed

Significantly, Hitler reverted to his early-war practice of leaving France almost out of his strictures.

Going back to 1914, he intimated Germany would have won the world war had he been at the helm.

More than in any recent speech, the Fuehrer claimed God as his ally—the ally of the German people.

Again Hitler invoked his friendship with Soviet Russia and Italy, and this time he spoke in the same breath of Japan.

Another factor in Germany's favor, Hitler declared, is that the British still think they can repeat the conditions of the last war and peace.

That's why those idiotic leaflets are thrown down," he fumed. "Those people have no conception of the Germany of today."

Greater secrecy than ever surrounded Hitler's speech tonight. No announcement of his presence in the Eufraat hall was made until he actually marched through the doors.

Harvesters Win District Basketball Title

Pampa Quint Will Compete At Regional

By ARCHER FULLINGIM

The Harvesters last night crowned the "experts" by winning the district basketball championship.

The pessimists said that Pampa would never get by Spearman yesterday morning, but the slow-starting, strong-finishing Pampa lads ousted the Harford county favorites 21 to 14.

In the final game, the Harvesters routed Perryton's Rangers 21 to 12. The semi-final game was the real battle of the tournament. The last game was merely routine. Spearman quickly became the favorites Friday night when the Lynx crushed another favorite, White Deer's Bucks, 34 to 23. The pessimists were quite confident that no Harvester could ever stop Center Jacobs of Spearman.

Jacobs Stopped
But Ed Terrell, Pampa center, with the assistance of Pete Dunaway and Carlisle and Seth Cox and

All District Teams
Pampa, Perryton, Spearman and Phillips placed men on an all-district basketball team picked last night by Tom Hasey of Amarillo, Milton Morris of Canyon, floor officials, and F. L. Mize of LeFlore, chairman of the tournament. Their team: Cooper (No. 28) of Phillips who scored 14 points against Pampa, and Kerns (No. 19) of Perryton, forwards; Jacobs (No. 6) of Spearman, center; Terrell (No. 28) Pampa, and Dunaway (No. 27) Pampa, guards.

The all-district team as picked by the News sports writer who did not participate in the selections announced by the three officials differed slightly. The News' all-district team follows: Cox of Pampa, Kerns of Perryton, forwards; Jacobs of Spearman, center; Dunaway and Terrell, Pampa, guards. Chief Carlisle received the No. 1 honorable mention because of his superb defensive play against Spearman. Although Phillips gave Pampa the closest battle, the Black Hawks played only one game in the tournament. Cooper received the No. 2 honorable mention on the News team because he scored 14 points against the Harvesters.

Bearden, held him to 6 points. Jacobs racked up 21 points against White Deer.

The tournament play was unique in that all the strong teams were listed in one bracket and the weak teams in the other. It just happened that the coaches drew opponents that way. In the first brackets were Canadian, Miami, Kelton, Perryton, Berger and Follett. The strong teams in the other bracket were Spearman, McLean, White Deer, Pampa, Phillips, Hedley, the other team in the bracket was the only quints that was not one of the favorites. Had any one of the five strong teams, especially Spearman or White Deer, been in the other bracket, it would have been favored to reach the finals.

Miami Forfeits
The tournament opened with Miami forfeiting to Canadian. Then Perryton ousted Berger 31 to 24. Friday afternoon Spearman vanquished McLean 30 to 19. Pampa overcame Hedley 40 to 28. Kelton noised out Canadian 31 to 29 in an overtime period. Perryton routed Follett 33 to 26. Friday night Spearman run over White Deer 34 to 23.

Oilers Will Open Season Here April 23

The 1940 schedule of the West Texas-New Mexico Baseball league is being released today in the eight cities sponsoring teams. Play will begin April 23 and end September 2.

Pampa's Oilers will open the season at home with the Berger Gassers providing the opposition. The teams will play in Pampa on April 23 and 24 and then move to Borger for two games.

The Oilers will be at home nine Sundays, playing 11 the night of July 20, which is a Saturday night. They will play four doubleheaders at home, not including postponed games. The season will end with Cloyis here for a doubleheader on September 2, Labor Day. The Oilers will be in Cloyis on July 4, the other holiday during the season.

Manager Grover Selts and Harold Miller planned to meet today and mail contracts to holdovers from last season. They expect to recall all but two or three players. At least two who will be sent contracts do not plan to return, according to grapevine reports.

The team management will release names of several prospective rookies within the week. They will also release names of players recalled for this season.

The 1940 All-Star game will be played in Amarillo the night of July 20, which is a Saturday night. The last game will be made up on the night of June 21 when a doubleheader will be played. On that night Big Spring will be in Pampa.

Other pitchers will be called to practice on April 6 and two days later the balance of the squad will report. Several exhibition games with St. Joseph, Mo., and Borger have been scheduled, the first to be played April 12.

O'Daniel Mum On \$75,000 A Year Job

AUSTIN, Feb. 24 (AP)—Governor W. Lee O'Daniel declined today to answer "yes" or "no" to the question of whether he has been offered a job paying \$75,000 a year. However, he promised a reply Monday.

The Waco News-Tribune said it had learned from what it considered reliable authority that a food concern (General Foods Corporation) had offered the governor \$75,000 annually to conduct a radio program after expiration of his current two-year term. The news story revived capital speculation that O'Daniel might not run for the traditional second term.

Asked about the reported offer, the chief executive said: "I will answer that Monday." He did not elaborate.

The governor laughed heartily at a point-blank question as to whether he intended to make a second term race. He would give no intimation of his plans.

Several legislators who were here voiced the opinion O'Daniel would seek re-election. They added that they believed the governor might delay his announcement for another month or longer.

Observers have pointed out that O'Daniel can wait until mid-spring before jumping into the race because the voters are familiar with his views and his actions since becoming governor. The heavy campaigning does not start until May.

On his radio program last Sunday the governor read a newspaper editorial which stated "his (O'Daniel's) re-election is practically certain." The preceding Sunday he acknowledged "many individual letters from folks asking me to run for a second term and many petitions containing long lists of Texas citizens asking me to offer myself as a candidate for re-election."

Highway Commissioner Harry Hines announced his candidacy for the governorship last Tuesday. Rep. Albert Derden of Marlin announced in January. Probably candidates Ernest C. Thompson and Jerry Sadler, members of the railroad commission, still have not made their formal entries, however, and have given no indication that they will do so within the next few weeks.

Delaying of Governor O'Daniel's announcement might be good politics on his part. Candidates possibly will pull their anti-O'Daniel punches somewhat as long as they are not certain that the former flour salesman will be an opponent.

For several weeks rumors have been floating around that O'Daniel could step into a lucrative private job if he decided to quit public life. There has been talk that he might head a nationwide organization seeking to expand certain Rio Grande Valley industries or might be placed in command of a Texas industrialization movement.

Herman Jones, associate in the Austin law office of former governor Dan Moody, announced today that he would deliver a radio talk (Texas State Network) at 3:30 P. M. Monday, in which he would "contrast" governor O'Daniel's performances with his campaign pledges. Jones has said he will bombard O'Daniel from the stump if the governor is a candidate for renomination.

Attorney General Gerald C. Mann, in an opinion dealing with politics, advised M. O. Flowers, secretary of state, that the biennial state democratic convention should be held September 10. There is a conflict in the statutes but Mann stated the legislature apparently intended for the convention to be held the day following the September statutory meeting of the state democratic executive committee, which this year will be on Sept. 9. Neither the site for that convention nor the presidential nominating convention May 28 has yet been set.

Vega Kiwanians Visit City Club

Members of the Vega Kiwanians club met with the Pampa Kiwanians at the local club's regular weekly luncheon here at noon Friday.

Heading the visitors was Cliff Wimberly, Vega mayor, and chairman of the inter-club relations committee.

An outline on European history and its relation to current events on that continent was given in a speech by W. M. Castleberry, superintendent of Vega schools.

An instrumental trio—piano, saxophone, and banjo—provided music on the program.

Attendance at the luncheon was 40.

Benefit Skating Parties Started By McLean Lions

SPECIAL TO THE NEWS

McLEAN, Feb. 24—Skating parties, started Friday night in the grade school gymnasium, and will be sponsored for the following three weeks by the McLean Lions club to raise money for the club's crippled children's fund.

Thursday afternoons and evenings will be reserved for the ladies of the town, and on Friday nights everyone is invited to the parties. The Lions club will share in the proceeds," announced Dr. A. W. Hicks, chairman of the program committee, "and money not used for the crippled children will be given to the general fund of the club."

In line with this same program, a local theater is giving part of the proceeds of its shows on March 10, 11, and 12 to the club for its crippled children's fund. Members of the club will sell tickets for the show.

Bishop Holt To Speak At Local Church Thursday

Bishop Ivan Lee Holt of Dallas will preach at the local First Methodist church Thursday morning at 10 o'clock. The Rev. W. M. Pearce, minister, has announced.

Pastors and laymen from the ten churches in the Clarendon district are to attend with G. T. Palmer, district superintendent in charge of the meeting.

Bishop Holt, who is conducting a series of meetings, will be accompanied by Dr. C. K. Wiley of Nashville, Tennessee, secretary of the benevolence commission of Methodist churches.

Bishop Holt will speak at the Lions club on Thursday.

Farmers, Business Men To Banquet Here On March 7

Final arrangements have been made for the Farmer-Business Men's banquet to be held at the Methodist church at 7 o'clock, March 7.

Foreman Stubbs, farmer of Eldridge community has been selected as toastmaster for the occasion. Cliff Day of the State Agricultural Conservation office and Charlie Thomas, state committeeman, are scheduled for short talks. Irvin Cole, chairman of the county committee will make a brief statement relative to the purpose of the meeting.

Letters have been sent out during the past week to the farmers of Gray county telling them of the meeting.

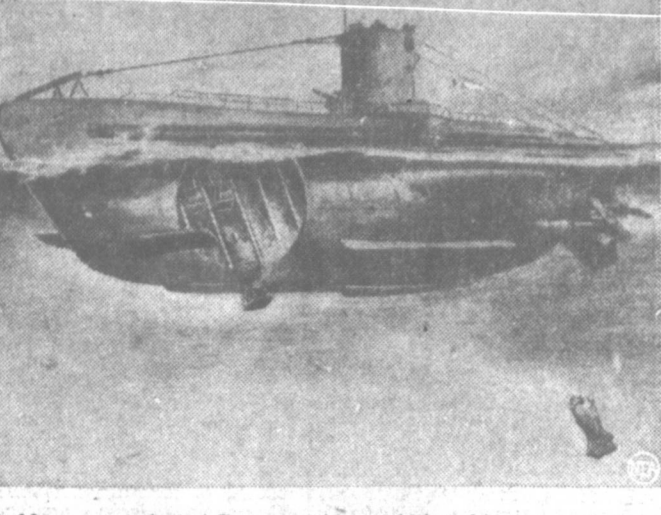

Yesterday afternoon, Nellie K. Holley, treasurer of the Gray County A. C. A., stated that over a third of the available tickets had been sold to farmers living in all parts of the county.

Farmers who wish to attend should send the money for the reservations to Miss Holley immediately.

Chairman Cole, has indicated that farmers residing in Roberts county were invited to come and bring a business man and these may secure tickets in the Gray county office.

Reapers Lose Last Game Of Year 39-17

Pampa's Junior High Reapers lost their last game of the Panhandle Junior High League season 39 to 17 to San Houston in Amarillo Friday afternoon. The loss didn't change the league standing any, San Houston having third place in the bag with the Reapers fourth, ahead of Horace Mann of Amarillo.

Pampa's high school sophomores won the league title with Central of Amarillo in second place.

Proper, with six points, paced the Reaper scoring, followed by Tibbitts with five.

Workman looped nine points for Amarillo and Franklin added eight.

Florida Welcomes Big League Players

TAMPA, Fla., Feb. 24 (AP)—Major league baseball players, mindful that the start of another pennant chase is just around the corner, began drifting into Florida's 11 spring training camps this week for the Grapefruit circuit's annual conditioning campaign.

Also assembling in the sunshine belt were minor leaguers from 17 clubs, although their actual drills were not scheduled to start for another week. Newcomers to the list of 29 visiting clubs, the largest in the state's history, are the New York Giants and the Cleveland Indians.

The Florida Grapefruit league exhibition games will start March 8, with the Brooklyn Dodgers getting the National league league circuit's Cincinnati Reds here. From then until early in April more than 200 games are scheduled.

Last year's attendance for the circuit topped 100,000, for 100 engagements and that mark is expected to climb to 150,000 this season.

A highlight of the spring schedule will be the all-star encounter here March 17, for benefit of the Finnish relief fund. The New York Yankees' Joe McCarthy will pilot the American league entry, while Bill McKechnie, soft spoken manager of the Cincinnati Reds, will direct the National league stars.

Two of the major circuit clubs will go to Cuba, each for a three-game series at Havana. Cincinnati will meet a team of Cuban all-stars March 22, 23 and 24, and the St. Louis Cardinals will follow, playing the same opponents March 28, 29 and 30.

Hines Meets With Pampa Young Demos

Harry Hines, state highway commissioner and candidate for governor, met with a dozen members of the Pampa Young Democratic club at the Schneider hotel, following the luncheon given in his honor and in connection with annual meeting of Highway 18-79-30 association at noon Friday. The luncheon was held in the basement of the First Methodist church.

In his talk to the Young Democrats, Commissioner Hines discussed the problems of state government and told of the need of cooperation between the governor and the legislature.

Child Bride Held in Hill Shooting

Field on a charge of "malicious killing" for the back country shooting of her husband, Mrs. Violet Long, 16, of Proctor, W. Va., says she didn't know the gun was loaded when she fired the fatal blast in a fit of anger.

The girl, a bride at 12, is the mother of a two-year-old son.

Dawson, Riegel Will Battle In Houston Finals

HOUSTON, Feb. 24 (AP)—Johnny Dawson, the California perfectionist whose game has haunted par, and Bobby Riegel, a former state champion admittedly stumbling through the field, will meet tomorrow for the championship of the Houston Country club invitation golf tournament.

Dawson, in the final stages of the convalescence after a spell of influenza, overcame two tough opponents, while Riegel had one soft touch and an enemy who tossed victory away, to march through two rounds to the finals.

Tripped in the quarter finals was Ed White, the defending champion from Houston whose comeback fell just short of sufficiency.

White was 5 down, through 11, and then proceeded to win 4 of the next 5 holes from young Arthur (Buck) Luce of Austin when the University of Texas student got a mild case of the jitters.

Luce recovered in time to halve 18 and win the match, 1 up.

Riegel ousted Luce by the same margin in the semifinals after the Texas player again had the edge.

Buck was one up through 15 but three putted 16 and 18 to drop the contest.

Dawson chilled Reynolds Smith, former state titlist and Walker cup player, 3 and 2, in the semifinals, shooting even par. The Hollywood sporting goods salesman turned the first 9 holes 1 up, won two more consecutively, and then breezed in, still complaining over his putting.

In morning rounds, Riegel defeated M. C. Kelly of Baytown, 4 and 3; Smith overcame Hank Bowber of Chicago, 4 and 3; Dawson squeaked by Ellsworth Vines of Hollywood, 1 up, and Luce beat White.

Dawson had a tussle in Vines, an all-time tennis great who has his heart set on becoming a golfer equally as important. Both putted poorly but Dawson turned the first nine in even par. He went one up at No. 2, and never lost the lead, although Vines drew even at 16.

Dawson missed a 12 foot putt for an eagle at No. 17 but got his birdie to go one up, and halved the last hole.

Dean Bagley May Be TCU Star

FORT WORTH, Feb. 24—There are smiles on the face of Coach Dutch Meyer these days—and you spell it Bagley.

The Little Coach is all pepped up by the showing of his Little Man (150 pounds).

Dean's spectacular dashes (numerous ones of 20 yards, several of 50 or so), plus general all-around strength, are making Meyer happy about the whole thing.

Power and speed are the two words that best characterize the showing made thus far in spring practice by the 1940 Horned Frog grid machine.

Oh, yes, the Frogs are still passing (Sophomore Harmon Hightower doing some of the best), but the air game is not getting the accent just now. Dutch wants power and intends to get it.

Intrasquad games on Wednesday and Saturday afternoons are a feature of the work schedule. The "Whites" beat the "Purples" 20 to 19 in the Wednesday night game, and the score just about reflects the relative strength of the two groups.

"There is going to be a right pit battle for the call at most positions," Coach Meyer observes, "and that makes for better performances all around."

More than 60 boys are reporting daily for the spring work-outs, which end March 12.

Seabiscuit Wins San Antonio Handicap

LOS ANGELES, Feb. 24 (AP)—Old Man Seabiscuit scored a spectacular triumph for his first victory of a gallant comeback campaign today when he won the \$10,000 San Antonio Handicap and moved back into the forefront of contenders for the top prize of the \$100,000 Santa Anita handicap a week away.

Cheered to the echo by a roaring crowd of 33,000, the mighty stake king of 1938 equaled the track record for the mile and one sixteenth race and finished two and a half lengths ahead of his stablemate, Kayak II.

It was a double triumph for the flashing red and white silks of Charles S. Howard's racing stable for the two, in finishing one-two, redeemed themselves in smashing style from the sixth and eighth places they ran one week ago.

Valdina Farm's Viscounty was third.

Seabiscuit's time, equalling the track record set by Kayak II last year, was 1:42 2-5.

Admirers of the Howard gold-plated pair, who moaned when the two ran out of the money last Saturday, stuck by them and they went to the post favorites to win over 11 rivals. The entry paid \$5.40, \$7.20 and \$4.60. Viscounty paid \$9.00 to show.

El Paso Tournament Draws 12 Top Teams

EL PASO, Feb. 24 (AP)—Twelve basketball teams, hailing from five of these United States and Old Mexico, started invading El Paso tonight for the four-day Southwestern Intercollegiate tournament, which gets underway Monday night.

Opening games pit Stephen F. Austin against Eastern New Mexico college, Whittier college against Hardin-Simmons, Chihuahua (Mex.) State Teachers college against UCLA of Los Angeles, Calif., and West Texas State against New Mexico Normal University of Las Vegas.

The four seeded teams—Nebraska State Teachers of Beatrice, Neb.; New Mexico State Teachers college of Silver City and Kansas Wesleyan, in that order—will not swing into action until Tuesday night.

Five of the teams are conference champions. Whittier won the Southern California conference. The Silver City Mustangs annexed the New Mexico conference. West Texas State won the Alamo circuit.

The comic opera "Robin Hood" was first pictured in Chicago on June 9, 1890.

Discussion Of Census By Families Would Aid Takers

"If every family would devote the conversation at one single dinner hour to a discussion of the coming 'Census of Population,' it would be a great convenience to the family, and an aid to the community and to the government," said Carroll Snyers, district supervisor of the census for this district, today.

"The census man is coming to every home early in April," says Mr. Snyers, "and some member of each family should be designated by the family to act as spokesman when the census taker comes, and give all the information required about every household occupant, even including roomers and hired help who live in the household."

According to Mr. Snyers, these are the facts that the census man will call for about every household: House number and street.

Home owned, or rented; home value, if owned; monthly rental, if rented.

Live on farm? (Yes or no.) Name of every person in household and relationship to head of family; sex, color, or race; age last birthday; single, married, widowed or divorced.

Whether attended school or college since March 1, 1940; highest grade completed.

State or country of birth. Citizenship of any foreign-born. Where did each person live five years ago, that is on April 1, 1935. (This is to get a study of internal migration.)

To get complete facts of employment and unemployment, each person 14 or over must say whether

at work for pay or profit in private industry during week of March 24-30, 1940. If not working for private industry, or non-emergency government work, or regular government work, whether working for WPA, NYA, CCC same week, if neither at work nor assigned to public emergency work, each person must say whether or not he is seeking work; if not seeking work, whether he has a job or business from which he is temporarily away.

Each person not at work or not seeking work must say whether engaged in home housework, in school, or unable to work or "other."

All persons employed by private industry or on regular government work are required to give the number of hours worked the week of March 24-30, 1940, and those seeking work must state the duration of their unemployment in weeks up to March 30, 1940.

Every person at work, either private or emergency, must give present occupation, industry, and class of worker. Those without work but seeking work must report on whether they have had previous work experience lasting one month or more and give their last occupation, industry and class of worker. If they have not had previous work experience and are seeking work they will be listed as "new workers."

Information sought on "occupation" above, must include exact nature of duties performed, such as trade, profession or particular kind of work done. Under "industry"

above, report kind of factory, store or other business in which duties are performed. Under "class of worker" above, report whether a wage or salary worker in private work; a wage or salary worker in government work (including WPA, CCC, NYA); an employer; working on own account, or an unpaid family worker.

Report the number of weeks worked during 1939 (equivalent full-time weeks). Report the amount of money, wages or salary received (including commissions) during 1939 and whether there was additional income of \$50 or more from other sources during the year.

To get a national study of racial origin, war veterans, social security, usual occupations and industry, and number of children born to women, each twentieth person will be asked the state or country of birth of father and mother; mother tongue; whether a veteran; whether a wife, widow or child under 18 of a veteran; if a child, is the veteran father dead; what war or military service.

Each twentieth person will also be asked whether he or she has a social security number, whether or not deductions were paid for federal old age insurance, or railroad retirement in 1939. If deductions were made, were they based on all, one-half, or more, or less than half the wages or salary?

Each twentieth person also will be asked his or her "usual" occupation, industry and class of worker. State as usual occupation that one so regarded, or if not sure, that one at which he has worked most during the past ten years.

This supplementary census will also ask each woman who has been married whether married more than once; age at first marriage and number of children ever born.

Senator Asks Third Term Declaration

By WILLIAM ADERY
WASHINGTON, Feb. 24 (AP)—Senator Bankhead (D-Ala.), an administration supporter, said today that "it would be better for all concerned" if President Roosevelt announced at once his attitude toward a third term.

The Alabama Senator, who is supporting his brother, Speaker Bankhead, for the Democratic Presidential nomination, told reporters:

"The President should give expression to what he is going to do. I don't think there is much disagreement on the point that he should make his intentions known. It would be better for all concerned, including the President, if he would make a statement."

Bankhead asserted that if Mr. Roosevelt should seek re-nomination "then he can have it without much question." The Alabama Senator added:

"People don't like second choices and as long as Mr. Roosevelt is at large in the situation there is no way for the people to make up their minds on other candidates. There can be no test of sentiment so long as the President remains silent."

Bankhead was the first new deal Senator to declare his intentions. Similar suggestions were made this week by Senators Johnson (D-Colo.) and McCarran (D-Nev.).

It was made known that Vice President Garner will not enter the Nebraska primary because he believes his entry might hurt the renomination chances of Senator Burke (R-Nebr.), one of his chief supporters. Mr. Roosevelt's supporters have arranged for his entry in the race.

Garner was reported to believe that if he went into Nebraska, and there was a sharp new deal-and new deal fight, that Burke might suffer.

The administration, after working unsuccessfully for a "purge" of anti-new deal members of the Senate, reported to be taking no part in the contest between Burke and Governor Roy L. Cochran of Nebraska.

Prediction In Texas
Senator Bridges (R-Tex.), another of the Republican candidates for the nomination, predicted in an address at Dallas, Texas, that if the "new dealers have their way and nominate Mr. Roosevelt for a third term or any one of their clan, a number of southern states will be found in the Republican column this November—including Texas."

Senator Norris (Ind-Rep.), a day-in-and-day-out administration supporter, expressed the belief that Mr. Roosevelt would not declare his third term intentions until the Democratic convention meets July 15.

Reports circulated that Senator Lodge (R-Mass.) might have support of the Republican organization for the position of permanent chairman of the GOP convention.

Bob Andis Wins Highest Award In Club Contest

Bobby Guy Andis of Grandview was presented Saturday with a diamond watch for making the highest score in Gray county in the national 4-H meat animal activity. The award was presented by County Farm Agent Ralph R. Thomas.

Andis, 19, a student at Texas Technological college, has completed eight years in 4-H club work. A summary of his activities show that he has fed 27 beef animals together with demonstrations in grain sorghums and wheat during that time.

He has sold products valued at \$2,363.62 in his years of club work. In 1939, he made a profit of \$340 from feeding 25 beef calves.

The contest for which he received the watch was a prize was conducted by the Extension service of the Agricultural and Mechanical college of Texas. It was the tenth annual contest. A gold watch is to be awarded the state winner, who becomes eligible to compete for a trip to the National 4-H Club congress and a college scholarship, all the gifts of Thomas E. Wilson.

Senator Asks Veto Over Trade Pacts

WASHINGTON, Feb. 24 (AP)—Senator Brown (D-Mich.) suggested today that Congress be given the same veto power over trade agreements that it has over presidential orders reorganizing government agencies.

The reorganization orders go into effect automatically after a 60-day period unless either house disapproves.

Brown is counted as a "doubtful" member of the Senate Finance committee, which will start hearings Monday on legislation to extend the reciprocal trade act for three years from next June 12, the present expiration date. The House approved the measure 216 to 168, last night.

Democratic leaders hoped for an early Senate vote. Chairman Harrison (D-Miss.) of the Senate committee said the Senate committee might report the legislation by the end of next week. Majority leader Barkley of Kentucky expressed the opinion that Senate debate might be completed in a week.

Calling his proposal "left-handed approval," Brown said it might be a possible compromise if there were a close vote on a proposal to give the Senate power to ratify or reject trade agreements. Administration leaders asserted, however, that the ratification proposal, advanced by several Senators, would be defeated.

The first professional football match to be held in the United States was at Latrobe, Pa., in 1895, with Latrobe playing against Jeanette, Pa.

Hook-Dies Case Goes to Jackson

Following refusal of Representative Frank Hook (Dem., N. M.), left, to apologize for his accusations against Martin Dies, the Dies committee decided to turn over to Attorney General Robert H. Jackson testimony and alleged forged documents on which the attack was based. With Hook is Representative John J. Dempsey (Dem., N. M.), a member of the Dies committee.

WTCC Maps Theme Of Americanization For Boy Scouts

ABILENE, Feb. 24 (AP)—A theme of Americanization, with Boy Scouts of the area participating in a special program, was outlined for the 1940 West Texas Chamber of Commerce convention at a conference in Abilene today of WTCC officials and Big Spring representatives. Dates for the convention, to be held in Big Spring, were set officially for May 13-14-15.

A general steering committee was named to formulate the convention program, the group including D. K. Fawcett, Del Rio, president; A. F.

Ashford, San Angelo, and J. S. Bridwell, Wichita Falls, vice presidents, and D. A. Bandeen, manager, to represent the WTCC; and Ted Groehl, Edmund Notestine, R. W. Whipkey and J. H. Greene to represent Big Spring. Jed Rix was appointed convention manager.

Early conferences with Boy Scout executives of West Texas are planned, to map out the Scout part of the Americanization program.

The convention also will turn the spotlight on the WTCC's campaign for freight rate equalization, and the Big Spring session will also mark the second annual convention of the affiliated freight rate equity association. Officers of this unit include J. F. Wilson, Floydada, president; H. S. Hillburn, Plainview and B. Reagan, Big Spring, vice presidents; and Max Bentley, Abilene, secretary.

Hitler Must Go, Declares Chamberlain

By ROBERT E. BRUNNELL
LONDON, Feb. 24 (AP)—Prime Minister Chamberlain today flatly ruled out any peace with the present German government as incapable of guaranteeing future security to Europe.

As he pledged a fight to the finish "until we are satisfied that freedom is safe," the conflict with Germany proceeded these new results:

The naval trawler Benvento, 352-ton vessel engaged in mine-sweeping, sank after hitting a mine, with ten of her men lost. The vessel was the 30th of the British navy to go down since the war began.

The air ministry announced royal air force planes scouted deep into greater Germany for the second successive night, ranging as far as the Czechoslovakia. Officials said besides Prague, points scouted included Kiel, Hamburg and Bremen. One plane made a forced landing in Belgium; the crew of six were arrested.

The British press reported without official confirmation that royal air force planes had sunk three German submarines and a merchantman had rammed and sunk another.

The toll of merchantment victims of the war rose with the foundering of the British steamer Royal Archer, 2,266 tons, while being towed after striking a mine. Danish advisers said the 1,206-ton Danish ship Aase had been sunk in the Atlantic with 16 seamen lost.

Nazi Aims Decried
Winding up a series of pep meetings by cabinet ministers with an address in his hometown of Birmingham, the gaunt, 70-year-old Chamberlain delivered one of his sharpest flight talks of the war.

Chamberlain decried Nazi aims as destruction of Britain and "domination of the world."

Britain, on the other hand, he said is fighting a "crusade" for freedom and to abolish "the spirit of militarism and accumulation of armaments which is pauperizing all Europe and not in the least Germany herself."

"How to concrete terms are these aims to be secured?" he asked, and answered:

"First, independence of the Poles and Czechs must be assured. Secondly, we must have some tangible evidence that will satisfy us that any pledges or assurances

given will be fulfilled. Under the present German government there can be no security for the future. We called Finland's fight against invading Russia a 'heroic struggle' against 'a gigantic and unwieldy adversary' and in an inclusive passage on the British raid into a Norwegian fjord to free 200 British captives from a German prison ship said:

"A neutral must not complain if Britain 'commits a mere technical breach of neutrality, taking no neutral life and touching no neutral property' in freeing men 'illegally made prisoners.'"

Miss Velda Richards Becomes Bride Of Quentin Archer Saturday

All Gray County Women Born On Feb. 29 Married

By JOHNNIE DAVIS
There must be something in this and it leap year idea of women proposing marriage considering the fact that out of 15 Gray County residents who were born on February 29, eight of the group are married women.
In the remaining seven are one high school girl who has hardly reached the marrying age and six men and boys.
If it were not that the women of the group are so attractive, this might be construed as an indication that at least a few women have taken advantage of the custom which goes back at least as far as 1288, when a law in Scotland gave any unmarried woman the right to propose marriage in leap year. The eligible man to whom a proposal was made had to accept or pay a maximum fine of one pound.
At least leap year offers an opportunity for women to borrow an accomplishment of the men—that of "popping" the question rather than just answering it.
As for those whose birthdays come only on February 29, a leap year celebration should be observed whether or not they did take advantage of proposing.
Since the men furnish the entertainment and all costs of dating for 1,460 days of each four years, we women should try to act like gentlemen on the 1,461st day and at least drop the helpless and appealing air long enough to surprise the boy friend by planning the evening's events.
By the way, ladies, I wonder why all of us women were not born on February 29?

Tickets To Bridge School Will Be Available Monday

Tickets for the 1940 Culberson bridge school, to be conducted by W. F. (Rufus) Steele, under the auspices of the Pampa Junior Chamber of Commerce, may be obtained tomorrow from D. L. Parker, George Grammas or Jim Dodge.
Persons desiring to take the course may contact Messrs. Parker at telephone 21, Grammas at 231, and Dodge at 871.
The school will be held for five days starting March 4 in the Young Fellows hall on West Kingsmill street. There are 39 lessons in the course. A part of the proceeds will be applied toward reducing the Jaycee deficit.
Classes will be held at 2 o'clock in the afternoon and at 8 o'clock at night.
In connection with the opening of the course, Mr. Steele today explained one of his lessons.
Duplication Of Card Value
If one man can build a house in ten days, how long will it take two men to build the house? This is not as simple a problem as it sounds. Mathematically the answer should be five days, but actually there are three big "ifs" attached to the problem. First, if they do not duplicate each other's efforts; second, if they do not duplicate each other's talents; and third, if they are able to work simultaneously.
The experienced builder calculates the work each man can do without being interrupted and without interfering with another man's work.
An experienced contract bridge player figures much the same way. In other words, they both try to avoid duplication.
Three Kinds of Duplication
There are three kinds of duplication in bridge, first, duplication of bids; counting same values twice; counting the value shown in particular hands for your own bid while he counts them for his; counting both length and ruffing values in the hand of the first player to name the suit.
Second, duplication of values; being able to win tricks in the same suit twice, once in either hand, while neither hand can win tricks, in a second suit, e. g., a void in the suit in which partner has the ace.
Third, duplication of hand patterns; exact or nearly exact suit distributions in the partnership hands, causing duplication of losses through inability to provide ruffing and long-card winners counted in the bidding.
Of the three types of duplication the duplication of bids is the cause of the largest penalties, justly, because this type of duplication is the result of an error of commission.
Good players take few large penalties because they are almost never guilty of this type of mistake. They know, for instance, that singletons are of value in declaring hand only in counting losses, and are more of a liability than an asset. Trumps cannot be counted as long-card tricks and as ruffing tricks.

New Officers Of Auxiliary Named By Presbyterians

Officers for the year were elected at a meeting of the Womens Auxiliary of First Presbyterian church this week in the annex.
Those named were: Mrs. W. S. Dixon, president; Mrs. J. C. Richey, secretary; Mrs. Fred Roberts, vice-president; Mrs. R. F. Mrs. Reed Presides At Monthly Meeting Of Hopkins P-TA

Special To The News

HOPKINS, Feb. 24—The regular monthly meeting of Hopkins Parent-Teacher Association was held Thursday night in the Community Hall with Mrs. Howard Reed, president.

The program was opened by singing the P-T-A. theme song, directed by Mrs. Roy Redder, with Mrs. C. O. Gilbert, accompanist. Boy Scouts of troop 18 were in charge of the entertainment program and were directed by Karl Rippel. The 18 boys presented a march in single file, saluted the American flag and repeated the Scout oath in unison. A special feature was the trio composed of George Edwards, Karl Rippel, and J. D. Redder, singing "Someday in the Kitchen."

George Edwards demonstrated two methods of fire building on the stage. One was with the use of flint and steel and the other with a friction saw. Demonstrations in wood chopping, bandaging, judging first aid, were presented by the Scouts. Closing their portion of the program, the quartet sang "There were three jolly elves."

Boy Scouts participating in the program were George Edwards, Karl Rippel, J. D. Redder, Daris Jones, Eugene Turner, Clifford Jones, Clark Gilbert, Jim Edwards, Bobby Cooper, J. B. Horn, Rex Partridge, Jerry Cooper, Billy Bird, William Jones, Donnie Grace, Bobby Black, Quills. Fine Arts Club Entertained With Guest Day Tea

Special To The News

PANHANDLE, Feb. 24—Guest Day of Fine Arts club was in the form of a tea when members and guests were entertained by the social committee of the club composed of Mrs. Walter Dinney, Mrs. Tom Cleek, and Mrs. George Graves.

The hostesses were dressed in colonial costume lending an air of Southern hospitality to the entertaining suite, that was softly lighted by red, white, and blue globes in the chandeliers and side lights. On the mantel draped in bunting, lay a leafy cherry branch with bunches of cherries clinging gracefully and in deep chipping position, an axe completed the theme. Groups of small flags were here and there. Green leaves cleverly sprouted from a cherry log lay on the piano in realistic repose. Tiny hatchets, cherries and Washington hats added to the Patriotic theme.

Mrs. J. Sid O'Keefe, president of the club, groomed as Martha Washington, presided over roll call, giving each member an opportunity to present her guest of the afternoon.

Mrs. O'Keefe announced Mrs. Coe Cleek who gave a graphic review of "That Something," leaving the group of women thoughtful, serious, and determined to strive ever upward for that something that makes us all akin to God.

Mrs. Dinney, assisted by Mrs. Tom Cleek and Mrs. George Graves presided over the social hour.

The lace covered tea table was centered with an arrangement of bowls of sweet peas resting on an oval reflector, flanked by triple candelabra holding red white and blue tapers. Mrs. Southwood and Mrs. Sid O'Keefe poured from a gold service. Favors of cherry sprays tied with patriotic ribbon, with a small gold axe attached made clever plate decorations. On the buffet as a centerpiece lay a large George Washington hat with candlesticks completing the arrangement.

Red, white, and blue brick ice cream, individual white ice cakes, with small flags atop, red, white, and blue mints and coffee were served to the following members and guests, Mesdames J. D. Pender, Vaughn Biggs, J. E. Ellis, Walton Eusey, David Warren, A. A. Callahan, Pauline Stephens, Coe Cleek, T. M. Cleek, T. W. Smith, Walter Dinney, R. S. Watkins, George Graves, W. L. Boyles, J. C. Back P-TA Unit Has Founders' Day Program Recently

Special To The News

DENWORTH, Feb. 24—Plays and a candle-lighting ceremony were held by the Back Parent-Teacher Association at the Back school recently, as a part of the Founders day program.

Miss Lucille Scott, primary teacher, and seven other women presented a one-act play, "The Beginning of P-T-A." Costumes worn were of the nineteenth century.

Another play was given with the intermediate teacher as the central character.

The candlelighting ceremony followed and refreshments of cake and chocolate were served.

County Superintendent W. B. Weathered was present at the program and gave a brief address. Attendance at the affair was 70.

Jovena Jackson Honored At Tea

Special To The News

LEFORS, Feb. 24—Mrs. J. C. Tom Jackson gave a George Washington tea party for her little daughter, Jovena, in her home Thursday afternoon at three o'clock.

Games were played and refreshments of ice cream and cake were served to Belva June Bull, Betty Duncan, Rebecca Breining, Barbara Jean Barrett, Mary Ann Bird, Naoma Orb, and Jovena Jackson.

Marriage Of Miss Buice And W. Z. Baker Revealed

Special To The News

SHAMROCK, Feb. 24—Mr. and Mrs. W. H. Buice of Lela announce the marriage of their daughter, Lois, to W. Z. Baker, Jr., son of Mr. and Mrs. W. Z. Baker, also of that community. The wedding was an event of Sunday, Feb. 18, at the home of the bride's parents, with the Rev. V. M. Lollar of Twitty reading the nuptial ceremony.

Mrs. Frances Landers of McLean attended the bride and Wesley Buice attended the groom.

The bride wore an ensemble of Botany woolen in dusty rose with accents of white and black patent accessories. Her shoulder corsage was of white carnations and white sweet peas. Miss Landers wore grey with black and white accessories. Her corsage was of pink sweet peas and pink rose buds.

The bride is well known in Shamrock, having graduated from the Shamrock high school and after attending C. A. S. District became associated with the W. H. Walker, Insurance Agency.

Mr. Baker is also a graduate of the Shamrock high school and is well known here. He is associated with the Play Wiggy grocery. The young couple will make their home in Shamrock.

Erudite Study Club Meets In Home Of Mrs. Purvines

'GONE WITH THE WIND' OPENS TODAY

Fleming's Own Life Drama Thrilling As Any Picture

Pampa premiere of the picturization of Margaret Mitchell's story of the Old South, "Gone With the Wind," a \$4,000,000 Selznick International production, released by Metro-Goldwyn-Mayer, and the return to the screen of the fiery Latin actress, Lupe Velez, are the main attractions in Pampa this week.

"Gone With the Wind" is showing the entire week at the LaNora. There are two shows daily, matinee at 1:30 in the afternoon, with night shows starting at 7:30.

The picture is described by the New York Times as "interesting story, beautifully told," "the greatest motion picture mural," and as "the most ambitious film-making venture in Hollywood's spectacular history."

Lupe Velez, vivacious screen star who hails from below the Rio Grande, portrays one of her famous firecracker roles in RKO Radio's "Mexican Spitfire," opening a three-day run today at the Crown. The popular Latin actress is seen as a madcap song-and-dance girl newly married to a staid New York advertising man.

Other Crown Bookings
Showing Wednesday and Thursday is RKO Radio's social comedy, "Fifth Avenue Girl," a picture of exceptional merit. Ginger Rogers, Walter Connolly, Verne Treadwell, James Ellison, and Tim Holt are principals in the cast.

This is a light, satirical comedy that pokes kindly fun, in an exaggerated manner, at the rich and those who envy them. The direction is subtle and the acting delightfully subtle.

A lonely man confides to a park-bench acquaintance that to his extravagant wife, his too-modern daughter and his arrogant ne'er do well son—he is just a fountain of gold. Together they conceive a plan to humanize the family including the servants. The sky laughter poked at the would-be proletarian chauffeur seems the best solution for treatment of these disgruntled youngsters for Utopian economics.

Laid in the Australian timber lands and produced there by Cine-sound, "Timberland Terror," Hoff-berg production featuring Frank Leighton and Shirley Ann Richards, is an action drama that will appeal to those who like stirring adventure.

Leighton, Richards, Campbell Coppling, Frank Harvey and Harvey Frank head the cast.

Story at the heart of the film Daily: Coppling and Harvey are conspiring to rob Harvey of his timberlands, by sabotaging an important contract. Leighton saves Miss Richards from drowning and later applies to her father for a job. He goes to work in the timber country and learns of the plot. Action is fast and furious as it works up to a good climax when the plotters are eliminated from the picture. A sequence showing a whole forest being felled at the same time is spectacular.

REX
"Invisible Stripes" with George Raft, William Holden, Jane Bryan, Flora Robson, and Humphrey Bogart, is a strong melodrama with action and punch. Prisons and convicts are a forte of Warner production and this release is no exception, with picture good as ever. Opening a three-day run today.

Lloyd Bacon directs the picture with a feeling for his story and his characters are true to life, comments The Film Daily. Story deals with Raft, freed from prison. Jobs go sour. Finally when he is making good he is picked up on suspicion when the store where he works is robbed. Holden, who has the role of brother to Raft, is hard to handle and wants to marry Jane, hinting he will turn crook to meet his ends.

Raft decides he can at least start his brother out right in life, gets Bogart to take him into his gang. Raft makes all the money he needs to buy Holden a garage and quits the gang. However, he is again implicated with the gang when his brother gets caught accidentally in the meshes of the law through the gang. Raft is shot for his part in the business but not until he has squared his brother with the police. Cornerstones, committees, little theaters—and a screwball country cousin, in the person of none other than long-legged Joan Davis, are the chief concerns of The Jones Family in "Too Busy to Work," the latest of the 20th Century-Fox comedies, which opens Wednesday.

When Dad Jones neglects his drug store for his obligations as mayor of Maryville, Ma decides to teach him a lesson. She becomes the star of the local little theater, turning the household over to her country cousin, Lolly.

Jed Prouty, Spring Byington, Ken Howell, George Ernest, June Carl-

MEXICAN DYNAMITE

Lupe Velez is in her glory in a wedding scene in RKO Radio's "Mexican Spitfire," when she tosses gooey pastry, fancy cakes, and what not at all and sundry. Above you see her having a fast one in this hilarious scene. Below she is shown with Leon Errol after the wedding. Between the broken skulls have been counted up. It's the laugh hit of the year! Showing at the Crown today, tomorrow and Tuesday.

Panhandle P-TA Hears Talk On Motion Pictures

PANHANDLE, Feb. 24.—Continuing the Parent Education course Miss Frances Munson, high school librarian, spoke on "Our Movie Made Children" Thursday evening. Miss Munson told parents and teachers present that a P-T-A could encourage the study of motion picture discrimination in the home and in the school. She continued, "If from their earliest movie attendance children learn that movie going should not be a weekly habit no matter what is on but a thoughtful selective procedure then we may expect that the seeds of discriminating movie-going have been well planted."

Miss Munson summarized the scope of motion pictures as a boon to mankind, when rightly used, a powerful influence on public opinion, a big factor in visual education, crime and delinquency, conversation, styles, morals, and even influence the health of our children.

With all of these factors in mind Miss Munson's talk was a challenge to parents to select the desirable, wholesome films for their children to attend.

The next class in the course will be Monday evening, Mrs. Curtis Douglas, leader, will discuss "In the Field of Radio."

The study course is sponsored by the Parent-Teacher Association.

Pictures Shown At Tech's Observance Of Washington Day

SPECIAL TO THE NEWS
LUBBOCK, Feb. 24.—George Washington's birthday was observed at Texas Tech by the first student convocation of the spring semester. Two films, "Washington's Virginia" and "Stephen Foster," were shown to approximately 2,000 of the 3,563 students enrolled.

Austin Bids Farewell To The Street Car Without Ceremony

(By The Associated Press)

The street car in Texas cities is on the way out.

Three short newspaper paragraphs recorded in the last run of train cars on Austin's main thoroughfare recently. Maybe the brief obituary is in keeping with the swifter tempo of the 20th century, or maybe today's generation never heard of the romance that occupied the advent of the little buckety conveyances that squeaked along the streets on irregular schedules.

Portly gentlemen of 50 summers or more are a bit nostalgic at the disappearance of the trolly. In their youth a trip with their girls on the open summer cars around the Bell tower to the park was a social and popular Sunday entertainment. A few dimes spent at the ice cream stands, the merry-go-round, or other spots of refreshment or amusement was as acceptable a dinner and dancing at a present-day r-adhouse. Tastes were simpler in the era when much Texas cotton went into multiple petticoats.

After more than a half century of duty well done, electric-powered cars are being slowly edged off the streets by motor coaches. More than five years ago San Antonio substituted omnibuses, and Fort Worth and other Texas cities did so subsequently. Of several reasons for the change, perhaps those paramount are economy and flexibility of operation. A can of fuel oil and a Diesel motor are cheaper to buy and maintain than electric generators and coal at a central station, and the cost of four rubber tires is mere small change compared to right-of-way and power transmission lines. Moreover, a bus can detour and handle passengers from the curb.

Texas cities not having had ancient beginnings did little pioneering in urban transportation compared to older and more congested cities of the country, and some are so modern they never have been troubled by the problem. Nevertheless, there were some interesting experiments.

In 1872, when the I. & G. N. railroad built into Palestine station and general offices were established about one mile from the public square, then center of the town. To satisfy citizens who complained of the walk to the station over a road either knee-deep in mud or obscured by dust clouds, promoters established a mul-drawn street car system from "old" to "new" town.

The venture was short-lived for the town built to the railroad and patronage declined until most of the fares came from early-day rollers who rode for the fun of it. About 1876, the equipment was sold to a group at Dallas where it was used for several years. The old Palestine mule cars were last seen about 1911 at Laredo.

Street car systems, knowing no geography but led on by human vision, served at odd places. In 1910, M. R. (Ross) Hemphill, now an oil broker at Graham and Littlefield, organized a line at the little city of Haskell, way out on the rim of the Panhandle. It ran from the railroad station through the town to a lake on the Hemphill properties, where recreation facilities were built. But Haskell did not grow into a metropolis and a year later the single, gasoline-powered car suspended operation. The tracks were removed in 1914.

Austin and Dallas also had transportation oddities—that is, odd in comparison the choice of free wheeling today. The famous Marsalis line, operated by a steam engine built in a car, carried passengers from the then downtown Dallas through Oak Cliff and around to south Dallas. Austin had a similarly equipped line that ran out to the dam.

Because Texas cities have matured in recent decades they escaped the pains of evolving rapid transit to move their working citizens from suburbs to town and home again. The electric car was ready when its need arose. But, regardless, Texans were spectators of the transition of the electric trolly. In its heyday the two-man crew each had his specific duties—the conductor gathering fares and yanking the bell rope for start and stop, and the mctorman maneuvering the control and winding the hand brake. Stout fellows!

Leigh And Gable Candidates For Academy Awards

(From The Film Daily)
HOLLYWOOD—Clark Gable and Vivien Leigh have been named as candidates for the Academy award nominations. Awards will be made at the Academy banquet Thursday. Gable and Leigh were named for the performances in "Gone With the Wind."

Robert Donat, Gable, Laurence Olivier, Mickey Rooney and James Stewart are candidates for male acting honors and Bette Davis, Irene Dunne, Greta Garbo, Greer Garson, and Leigh for the corresponding feminine awards.

New Arcs Installed At LaNora Theater

Installation of two Simplex high intensity arcs was made Saturday in the projection room of the LaNora theater.

The arcs give 72 per cent more intense light to the screen and bring out vividly the hues in Technicolor, the purpose for which they are primarily designed.

Copper plated carbons are used in the arcs. These carbons are much thinner and an entirely different type than the carbons used in the machines the new arcs replace.

SERIAL STORY
\$15 A WEEK BY LOUISE HOLMES

YESTERDAY, Sewing on her dress at the Center, a community house, for girls, Ann recalls her father's watch, probably worn in a card game. The inscription, "To Peter Temple," has always intrigued her. She remembers her letter to "Lonely," decides not to send it.

CHAPTER IV
ANN did not destroy the answer to K28's personal. The element of uncertainty and excitement connected with its writing had lightened her mood, given her a most unusual sense of elation. Dangerous or not, she had to follow the tiny thread of adventure.

"After all," she thought, "it might lead somewhere. I'll just wait and see what happens. I can make a graceful exit any time."

She mailed the letter in a box on Wabash. Her step was light and her eyes sparkled as she hurried to Mrs. Pringle's shop.

Working over a brown moire hat, trying to modernize its obsolete lines, she mentioned the subject of newspaper personals to Mrs. Pringle. She mentioned it in a general way. "Do you ever read the personal column in the paper?" she asked.

"I never have time to look at a paper."

"I wonder what sort of person uses that means of approach."

The untidy woman looked at Ann shrewdly. "Matrimonial approach?" she inquired.

"I don't know—just any kind. Mightn't an individual be so desperate, lonely that he, or she, would put a feeler in the paper?" Ann's head was bent over the steaming machine.

"I think he, or she, would be pretty hard up."

There was a silence while Ann smoothed the crown. Mrs. Pringle drew a long thread from a spool and slipped it off with her discolored teeth.

"Young girls shouldn't fool around with things like that," she said at last. "There's too much devilry going on in a city like this, too many racketeers on the lookout for girls who are alone and unprotected."

Ann nodded. "I was just thinking aloud," she said.

IN spite of the sage advice, Ann was excited. What would Lonely say when he wrote again? If his answer sounded all right—if they arranged a meeting—her new dress would be just the thing. The double-breasted jacket gave it the appearance of a suit—perfect for the warm spring weather. This was Wednesday—she and Lonely might meet before the end of the week.

How did two strangers know each other? A flower on the lapel

was the accepted sign, she believed. Saturday—you could buy gardenias for a dime on Saturday—Saturday.

That evening Ann prepared, and ate, a most sketchy supper. Adventure beckoned and adventure made necessary a new dress, also a matching hat. She had a clever idea in mind, two panes of dark blue taffeta, the top panes tilted upward at the back, the finished creation to be worn over one eyebrow, held there by a shirred elastic. It would cost almost nothing.

Could she afford a new pair of gloves? She consulted her budget. The budget always had the last word. Only by strict adherence to its dictates was she able to keep even, and keeping even was an obsession with Ann.

Her mind had been scorched since childhood by the lack of money at a given time and the subsequent problems. Pete had been airy on financial subjects. Ann's mother, uncomplainingly adapting herself to the spending whims of her husband. It was Ann who had worried and fretted. She had become a dollar stretcher of note. Now, with \$15 a week at her disposal, she spread it thin and efficiently.

Ten dollars a month for room rent, ten dollars for food, carfare—this was quite an item—clothes, cosmetics—she had learned that large quantities paid—insurance—this provided hospitalization and a neat burial if necessary.

The budget was ironclad but, now and then, a few cents remained from the food fund; occasionally a pair of hose proved to be made of sterner stuff than its fellows. It was by hearing these small pincettes that the silver spoons were made possible. Later forks were to be added, one by one, then knives. After that, linens and dishes.

Yes, she could afford a pair of gloves, dark blue kid, \$1 and the tax. Ann always sighed over the tax. It broke into so many nickels. For a moment her mind dwelt longingly on blue kid shoes. The budget was sternly adamant and she pigeonholed the longing. She made a practice of pigeonholing her wishes, not putting them entirely from her mind. Some day she would have blue kid shoes.

As she started for the Center that night her room was faintly illuminated by a glow and she turned back, hand on the doorknob. The young man threw off his suit coat and stretched wearily. He looked strong when he stretched. Ann noted the breadth of his shoulders and the bigness of his chest. He stood beside his table, absent looking over a pile

of books. Apparently changing his mind, he sat down at the table with his back to Ann. She saw him dip a pen into a bottle of ink.

Ann closed her door and ran down the stairs, thinking, "I really shouldn't spy on him, but why doesn't he draw his blind?" She never tarried in the hall. The landlady had a pallid-faced son whom she preferred not to meet.

THE dressmaking went well that night. One more session and the Irene Temple dress would be finished. A little of Ann's thrilled excitement went into the dress in the form of extravagantly stitched pockets and a pleated bustle effect in the back. Two strange girls talked as they made evening gowns of cheap, slazy materials. Ann listened idly to their chatter.

"He's the cutest fella I ever seen," one of the girls said. "And can he dance! Just like Fred Astaire, I'm telling you."

"Yeah," the other girl answered, "but give me the trumpet player. I been working on that guy for six months and he finally gave me a tumble. We're getting hitched next month."

"Gee—you're lucky," she spoke enviously. "All the girls are getting married. It's the life all right."

In Ann's brief experience she had noticed that marriage was the everlasting aim. Most of the girls in the 10-cent stores and the bargain bins were wearing wedding rings. The girl at the notion counter had her eye on a truck driver; he was her "boy friend."

In most instances the bridegrooms to be, and the young husbands, were poorly paid stock boys or delivery men, making no more than the girls whom they married. It simply meant that some uncomfortable apartment would house a man and a girl instead of two girls. The odd thing about it was the pride and smug satisfaction with which the brides flaunted their wedding rings.

Why was a wedding ring of such vast importance? Ann could not figure it out. She had never been in love and had no intention of experimenting with the emotion. Her mind ran along avenues of purpose and achievement. Listening to the man-chatter of the two girls; she was horrified at her own weakness in having answered the personal. When it was all said and done she was not employing the same methods as the girls who went to the public dance halls in search of companionship?

In spite of a guilty conscience, she went to sleep with the eager thought of receiving a letter from Lonely on the morrow.

This Show Comes Once In Lifetime

NEW YORK, Feb. 24 (AP)—A show that comes once in a century starts tonight, to continue the rest of February.

It is five brilliant stars in the west, just after sunset, hanging in a long, staggering string above the place where the sun goes down. Two of them are brilliant enough to answer the description of the star of Bethlehem, and the others only a little less luminous.

The five are all planets that are ever visible without telescopes. They are, in order upward from the sunset spot, Mercury, Jupiter, Venus, Saturn and Mars.

Their line is diagonal, leaning off toward the south, or to the on-looker's left, and at the start to-night the top of this string of celestial lanterns is well up toward the overhead point.

These five stars continually change their positions in the sky, due to their rotation around the sun. It is seldom that they get bunched. The bunching is only apparent, due to the fact that they are all in the same direction in space looking from the earth.

FDR Expected To Remain Silent On Third Term Plans

WASHINGTON, Feb. 24 (AP)—Some strategists for democratic candidates, after conferring with the Outis board, predict that President Roosevelt will not break his third term silence until he actually has been renominated.

These men, when they talk freely, say they are convinced that if the President does not speak a positive denial in advance of the convention, the third term swell will sweep him into a nomination. That would demonstrate his hold upon this democratic party, they argue, and would be the proper time for him to name his successor.

A democratic appearance before a national convention after such a nomination, by a man come to reject the crown, would enable him to put across his successor with a minimum of party dispute. At least, that is the way some of the strategic guessers are beginning to figure.

They can provoke a quick argument by throwing before some other democrats the statement that the President can get a third term simply by keeping his mouth shut. Most of the candidates are making desperate efforts to snook him out of the third term hole. It is entirely possible that several of them might unite their forces in a bitter fight to stop a third term if the silence lasts too long.

Thus far, there has been no obvious union of the anti-third term forces, whatever may have been the undercover maneuvers.

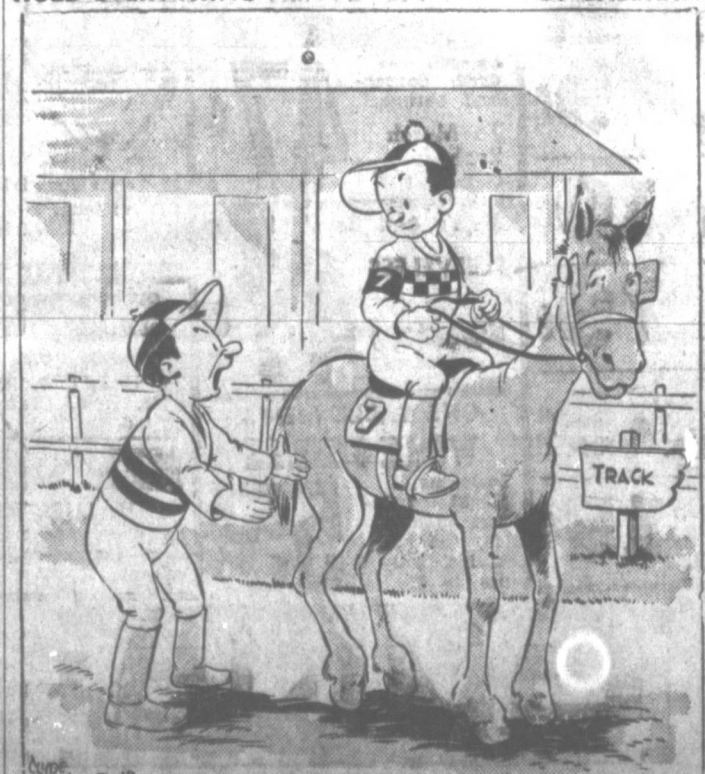

Lady Mendl, American-born wife of the British diplomat, achieved stardom on Broadway as Elsie de Wolf.

Location Staked To Extend Osborne Pool

7 New Wells Gauged For 2,641 Barrels

Staking of new locations took place last week, only eight being recorded at the local office of the Texas Railroad commission. Some of the new locations were made under the new 24-acre spacing rule which is being fought by many operators.

The Texas company made the first locations under the new ruling two weeks ago. Most locations, however, have been reported under the old rule of one well to each 10 acres.

An extension to the north Osborne pool in Wheeler county will be sought by J. P. Ledford who will drill a test on the G. B. Bloss farm in section 90, block 13, H&GN survey, 10 miles northeast of Shamrock. Nearest production is a mile southeast of the new test which is scheduled to begin about March 1. Contract depth is 2,300 feet.

Hutchinson county reported six of the new locations.

Seven new wells were gauged, giving the field an added 2,641 barrels potential. Four Hutchinson county wells gauged 1,817 barrels and three Gray county wells 824 barrels.

Amarillo's wildcat test was reported drilling at 3,200 feet.

Completions by counties:

In Gray County

Cities Service Oil Co., No. B-3 Wall, section 162, block 3, I&GN survey, gauged 338 barrels with pay in lime formation between 3,160 and 3,245 feet.

Gulf Oil Corp., No. 3 Merten, section 83, block 3, I&GN survey, tested 165 barrels. Pay was from 3,200 to 3,275 feet in lime.

King Oil Co., No. B-6 Baer, section 125, block 3, I&GN survey, gauged 321 barrels with pay from 3,220 to 3,295 feet in lime.

In Hutchinson County

J. E. Croble Inc., No. 31 Pitts, section 7, block M-21, TCRR survey, was given a potential of 524 barrels with lime pay between 2,924 and 3,000 feet.

Dolomite Oil Co., No. 6 Jenkins, McDonald survey, gauged 317 barrels with pay from 2,999 to 3,035 feet in lime.

Gulf Production Co., No. 94 Dial, J. W. King survey, tested 325 barrels. Lime pay was between 3,025 and 3,100 feet in lime.

The Texas Co., No. 18 Pond, section 1, block M-21, TCRR survey, was given a potential of 651 barrels. Pay was from 2,905 to 2,985 feet in lime.

Intentions to drill:

Gulf Oil Corp., C. L. Dial et al No. 96, 330 feet from the north and east lines of NE corner of John W. King survey, Hutchinson county.

Stanford Oil and Gas Co., G. C. Picher "B" No. 7, 990 feet from the north and east lines of section 19, block M-21, TCRR, Hutchinson county.

Travelers Oil Co., W. B. Haile No. 10, 1,837 feet from the north and 330 feet from the east lines of W 1/2 of section 16, block L, EL&RR, Hutchinson county.

Travelers Oil Co., W. B. Haile No. 11, 2,197 feet from the north and 330 feet from the east lines of W 1/2 of section 16, block L, EL&RR, Hutchinson county.

Travelers Oil Co., W. B. Haile No. 12, 2,800 feet from the north and 330 feet from the east lines of W 1/2 of section 16, block L, EL&RR, Hutchinson county.

T. X. Thoma Natural Gas Co., Terry Thompson No. 9-Th, 1,339 feet from the north and 1,321 feet from the west lines of N 1/2 of section 67, block 44, H&TC, Moore county.

J. P. Ledford, G. B. Bloss No. 1, 467 feet from the south and west lines of N 1/2 of section 90, block 13, H&GN, Wheeler county.

Two Local Stores Change Locations

Change in the location of two Pampa stores and the establishment of a new store were developments this week-end in Pampa.

White's Auto stores have moved from 106 South Cuyler to 104 South Cuyler.

Occupying the store space vacated by the automobile accessory firm will be The Junior Shop, showing wearing apparel for girls from the teen age to the young matron, and Simon's Children's wear.

The Junior shop, which will be operated by Mrs. Kenneth Boehm, a Pampa citizen for the past 13 years, will carry a registered line of dresses that can't be purchased anywhere else in the Panhandle.

Along with the dresses, other merchandise handled will be lingerie, hats, gloves, and hosiery, all for ages 9 to 17.

Mrs. Myrtle Simmons shop, Simon's Children's wear, will be under the same roof as the Junior Shop. The children's wear shop has been located at 111 South Russell for the past two years. The two stores are separate in the new location, each sharing a half of the store space.

Sentinel Ashurst of Arizona was born in Nevada while his parents were journeying by covered wagon to Arizona.

King George VI of England was second in command of one of the turrets on the battleship Colingwood at the great naval battle of Jutland in the World War.

Archbishop Outlaws Parish After Rebellion

Defiant members of Cleveland's Holy Redeemer Catholic church were placed under ecclesiastical interdiction by Archbishop Joseph Schrembs after a milling crowd of 1500 stopped the installation of Rev. Vincent Caruso as pastor because they preferred another priest. Picture shows crowd scattering before tear gas fumes. The tear gas bomb is said to have gone off accidentally in pocket of one of 60 policemen called to keep order. Interdiction is one of most severe penalties of the Catholic church.

Cities Service First Aid Team Wins Skelly Contest

Special To The NEWS

SKELLYTOWN, Feb. 24—The Panhandle Safety conference staged its first show in the Panhandle area at the Skellytown grade school auditorium Friday night.

The main attraction of the evening was a first aid team contest between the following companies:

The Gulf Oil company, Cabot company and Skelly Oil company of Skellytown; the Magnolia and City Service of Pampa, and the Phillips Petroleum company of Sanford.

The winner of the contest was the Cities Service company of Pampa. The team received a loving cup. The Gulf Oil company won second place and each member of the team was presented with a car safety kit by the Mines Safety Appliance company.

The Phillips company, Cabot company, Skelly company and the Magnolia company followed.

The teams competing in this contest have been practicing on 10 problems of which three were

demonstrated, they being artificial respiration, sunstroke and a broken back. The teams are among the best in the Panhandle area. The score indicated that competition was keen and that all teams were well trained and handled.

With the many safety clubs and committees now under way in the Panhandle district, this contest gave many civic leaders and others interested in safety and first aid work an opportunity, not only to see 6 crack teams in competition, but also the individual "First Aid" treatment for many cuts, bruises and fractures and other dislocations which often accompany most serious automobile accidents.

Representatives of some of the civic organizations of the Panhandle present were Jimmie Massa and Rene Stinson of the Kiwanis club of Pampa, Frank Culbertson of the Lions club of Pampa, George Berlin of the A. P. I. of Pampa, W. F. Burrus of the Phillips Petroleum company and chief judge of the Panhandle Oilbelt Safety Council, A. L. Riordan of the Gulf company, who also acted as master of ceremonies for the evening, Bill Mosher, safety engineer for the Gulf Corporation of Dallas, Ralph Bradley, vice-president of the Cabot company from Boston Mass., B. F. Ellis, of Amarillo, with 15 other representatives of Amarillo, Andrews of the Magnolia company and L. Barrett of the Skelly company, Bass of Pampa. Also the FTA and Boy Scouts of Skellytown.

The Panhandle Safety Conference is being organized for the purpose of creating and maintaining interest in first aid and safety. Not only in the field but with any group which may be interested in the work.

At the conclusion of the contest a brief meeting was conducted by W. F. Burrus, chief judge, in which plans were made for a complete organization. The group will meet again in Pampa, about Feb. 29, at which time further plans will be made and a steering committee appointed to make definite plans for the organization which will meet again March 23.

A program will be arranged yearly and a show put on in a new city of the Panhandle area demonstrating the latest in safety and first aid technique. Safety engineers and many experienced first aid instructors and skilled first aid men will be an inspiration to the new organization.

A similar meeting was held here a year ago with only 20 present and now with the increased interest and enthusiasm and hints of a new kind of a program by Jan. 1941 it will be difficult to secure a place large enough to accommodate the contestants and fans, it is predicted.

The judges in the contest were C. E. Johnson, Ralph Dunbar and M. B. Gibson of the Danziger Refinery of Pampa; F. A. Hall of the Shell Petroleum, Pampa; Frank Jewell of the Humble Oil & Refinery of Pampa; and Ray Chastain of the Texas company of Skellytown.

Joe B. Bowers Drills Wells In Illinois

One of the best oil wells to be completed in the Storms pool in Illinois has just been brought in by Joe B. Bowers, former Pampan, according to a story in the Carmi Democrat-Tribune received here.

The paper carries a large picture of the well, flowing wild, and Mr. Bowers and others. Accurate figures on production have not been revealed but the test is believed good for more than 1,000 barrels daily.

The well is located in section 22-66-9e with oil coming from the Waltersburg sand topped at 2,192 feet. Heaviest production is from 2,252 to 2,258 feet.

Some of the largest producers in the Panhandle oil field were brought in on the Bowers ranch south of Pampa. One of the men who drilled early wells on the Bowers land, Jim

Anderson, is drilling for Mr. Bowers in Illinois.

Besides having a running lease, of four locations, in the Storms pool, Mr. Bowers is now drilling a well in Centralia, Ill. He also has a 40-acre lease about a half mile from his new well.

Mr. Bowers is making his home in St. Louis, Mo.
