Council Votes 2-1 To Fire Burrows

AT REGULAR MEETING TUESDAY

School Board Hires Teachers

Olton School Board trustees approved new contracts for 66 teachers and other school employees at a regular meeting Monday night.

The board also accepted bids on the Bohner school site and building and appointed a tax equalization board for the coming year.

Trustees then approved the recommendations of the textbook committee on the use of new books for use in Olton and amended the 1966-67 budget to include an insurance settlement for wind damage to several school buildings.

Board members also heard reports by Supt. Ray Schultz on attendance, lunchroom operation, the superintendent's trip to Atlantic City, N. J., to attend the national convention of the American Association of School Administrators, and then heard a report on insurance on the boiler system.

High school football coach Don Beck was also awarded a new two-year contract at the meeting.

Board members decided to delay action on six teacher aides now employed by the school until reports on the new education laws pending in the state legislature are acted upon.

Appointed to the equalization board were Owen Jones, Elma Burleson and Gene Trotter, with W. B. Dickenson Jr. as alternate.

Tom Seawright was allowed to purchase the Bohner two-acre school site along with the brick building on it after turning in a bid of $2,111.40. Two other bids were also received.

On attendance, a survey prepared by Schultz showed that H. P. Webb Elementary School had an increase in enrollment at the start of February from 614 to 625 at the end of the month.

The junior high showed a decrease from 306 to 296 during the same period, while the high school lost six students from a starting enrollment of 277 at the first of the month.

Schultz reported that lunchroom losses had dropped slightly from the previous month.

He also noted that the boilers in the school heating system are not covered by insurance and asked the board to take out protection on the system. Board members approved his request.

Board members also filled out a questionairre for a statewide study of the Texas school systems, then filled out another survey for the Texas Association of School Administrators and the Texas Association of School Boards.

Two resignations were received by the board. Junior high teacher Tom Hamilton and elementary teacher Mrs. Pearl Holt were the two teachers resigning.

Included among those hired were lunchroom supervisor Margie Slatten, secretaries Virginia Moss and Edna Price and librarian Jacquelyn Armstrong.

Elementary teachers rehired were Leta Bell, Virginia Miller, Brenda Giles, Ruthie Steptoe, Jenny Lynn Allford, Eloise Gallaway, Uleta Jenkins, Edith Lee, Mable Parker, Carmaleta Barnett, Joann Cagle, Lawana Long, Leatha Smith, Freda Worley, Bettie Daniel, Ruth Ford, Ruth Franks, Ethel Gordon, Barbara Tollet, Juanita Adams, Maretta Baumgardner, LeaBelle Hooper, Pearl Moore, Esther Graham, Gloria Nelson, Judy Taylor, Bob Allford and Charlotte Schultz.

In the junior high, contracts were given to Loy Doggett, Jewell Campbell, Jack Burkhalter, Reda Clay, Austa Fisher, Harry Ford, Wandie Hutson, Cathryn Lewis, Tommy Lester, Grady Sharp, Charlsey Scribner, Essie Lee Wozencraft, Patsy Criswell, William Cottrell and Laura Bryan.

High school teachers included Beck, Albert Bostick, James Cagle, Linnie Campbell, Kathryn Hamilton, Ruth Holladay, David Howton, Ray Kauffman, Kim Lester, Max Malone, Sandra Meadows, Juanna Jo Moore, Ray Murphy, Leslie Ross, Jon Scott, Peggy Scott, Geary Taylor, Paul Walden and Jack Williamson.

Olton Stock Show Climaxed Saturday

Olton's junior livestock showmen received more than $11,000 for their efforts as a Saturday auction climaxed the three-day Olton Stock Show.

The 22nd annual event drew good crowds all three days and the sale totaled $11,102.77, down from the 1966 record sale of $14,465.

The major reason for the decrease came from the decrease in number of steers for sale, with only 13 offered for sale this year, compared to 22 last year.

Charlotte Brigance exhibited the grand champion steer, an 820-pound Angus, bought by Jesse's Super Save for 75 cents a pound.

A 865-pound Hereford shown by Cheryl Latimer took reserve grand champion steer honors and was purchased by Olton State Bank for 55 cents a pound.

Gross sale of calves totaled $4,179.17, down from a total of $7,517.30 last year.

Resale buyer was Jimmy Davis from Hart, who paid $23.-95 a hundred.

In the lamb show, Danny Collins showed the grand champion, a 95-pound animal, bought by Garland DePrang of High Plains Seed and Delinting for $1.25 a pound.

Reserve grand champion lamb honors went to Marlana May. The 102-pound lamb was bought by Tuloma Fertilizer for $1 a pound.

Gross lamb sales totaled $2,316.16, up over the $2,027.-46 total last year.

Resale buyer was Armour and Co. of Lubbock, who paid $20.80 a hundred.

In the swine show, Danis Gardner exhibited the grand champion barrow, a 221-pound Duroc, while Marlos May showed the reserve grand champion, a 197-pound Hampshire.

The Olton Enterprise bought the grand champion for 75 cents a pound, while the reserve grand barrow went to Olton Super Market for 55 cents a pound.

Allen Wheeler exhibited the grand champion gilt, a Duroc, while Phillip Bley had the reserve grand gilt, a Chester White.

Gross sale of hogs was $4,-607.44, down from $4,920.37 paid last year.

Resale buyer was Farmer's Hog Market in Plainview, who paid $18.80 per hundredweight.

Special honors at the show went to Paul Nafzger, Jack Straw and Dub Granbery for their support and help given the show throughout the past.

Granbery's placque was accepted by Owen Norfleet.

Clean pen awards for the show went to Mike Trotter, swine; Mark Hodges, sheep, and Gale Long, steers.

Showmanship honors were picked up by Charlotte Brigance in the steer division, Jerry Kemp in the swine division and Danny Collins in the lamb division.

Stock Show Barbecue Set

Olton Stock Show directors announced their annual barbecue for buyers and supporters of the 1967 stock show.

The free barbecue will be held from 6 p. m. to 9 p. m. at the FFA Stock Show Barn Saturday, March 18.

Punk Hamby was named by the group to succeed Royce Collins as president of the board of directors of the stock group following this year's 22nd annual show.

Collins was elected to the post of vice president which includes duties as general superintendent of next year's stock show.

Gene Trotter was picked to succeed himself as secretary-treasurer of the board.

MRS. WINSTON BLEY RECEIVES a lifetime membership in the Olton P-TA from Mrs. Archie Sorley, right, during ceremonies held at the schools during Open House last Thursday. The Open House was held in conjunction with Public Schools Week in Texas.

P-TA Open House Is Held Thursday

Open House was observed at Olton Public Schools Thursday night, March 9 in connection with Texas Public School Week.

The schools were open to the public from 6 to 8 p. m., with posters and projects on display in the school cafeteria. Teachers were on hand to greet visitors and a record number made the rounds of the rooms, observing the work of the students which was also on display.

The Parent-Teacher Association meeting was held in the high school auditorium, at 8 p. m., following open house.

In a short business session, before the program began, the nominating committee submitted names for officers for the coming year, which were accepted by members.

New officers will be installed at the next meeting of the association, which will be April 6.

Mrs. Archie Sorley made the presentation of a life membership to Mrs. Winston Bley, an active worker in the P-TA and also in Scout work.

Each year the Olton P-TA presents this life membership, honoring an individual who has performed outstanding service for children and youth.

Mrs. Bley has five children and has found time to teach a Sunday school class, assume responsibility of department superintendent for 17 years and works with vacation Bible school, Sunday school parties and church banquets.

She has been very active in P-TA and served as secretary of the Lamb-Bailey Bi-County council for the past two years and fourth vice-president of the Olton P-TA and chairman of the by-laws revision, among numerous other offices in the organization.

In addition to P-TA and church, Mrs. Bley has been a Girl Scout leader and Cub Scout leader, worker for the Olton Baseball Association, Judge for two clothing exhibits at school and was a charter member of the New Century Study Club.

Master of Ceremonies was Carl McClure, Junior High principal.

The Olton High School choir opened the program, with the singing of "America, The Beautiful."

Kay Schultz presented the high school second place speech, followed by first place winners in junior high skits, Mrs. Campbell's seventh grade.

Janie Jones read her winning essay, which was first in junior high and Leslie Holladay presented the high school winning essay.

Miss Emma Porio, foreign exchange student from the Philippines, gave her winning speech, "I am The Spirit". She was first place winner in high school.

Presentation of awards was by Dr. Charles Ogilvie, chairman of the American Heritage Program, Wayland Baptist College. He was assisted in giving the junior high awards by Mr. Wandie Hutson and by Mrs. Scott in giving the high school awards.

Bob Allford, accompanied by Mrs. Allford at the piano, sang "God Bless America", followed by a tribute to the teachers, given by Elmer McGill.

Final Decision Still Not Clear

Olton city councilmen voted 2-1 to ask Police Chief Emmett Burrows for his resignation at a council meeting Tuesday night.

Two councilmen did not vote, leaving the outcome of the vote in doubt pending a check with the Texas Municipal League on the number of councilmen required to vote for a motion to pass.

Councilman Robert Dennis made a motion to ask Burrows for "his immediate resignation", and was seconded by Parley Myers. On the vote on the issue, Dennis and Charles Sullivan voted for the issue, while Myers voted against.

Doug Jones and Lester Thompson abstained from voting.

Sullivan made a motion to discharge city water superintendent W. F. Williamson and employ Orian Hackler in his place. On that vote Sullivan and Jones voted for Williamson's discharge, while Myers and Dennis voted against.

Thompson again abstained and Mayor Bill Thomas voted against the discharge motion causing it to fail.

The motion by Dennis to fire Burrows came after Dennis gave a list of reasons for his motion. Dennis said he had received complaints about Burrows leaving the city limits in the city police car, about not logging police calls made on the city short wave radio and about Burrows being at the scene of two accidents but not directing traffic properly.

Dennis also said he had complaints about Burrows using profanity when dealing with Negro and Latin American residents of the city.

Dennis also said he had received other complaints about friction between the city and county police departments.

Burrows said that after he had been warned about logging calls on the police radio, he had been doing so regularly.

He also said he did not use profanity when dealing with Negro and Latin American residents. In giving his side of the complaints about not directing traffic at the two accidents, Burrows said on one occasion he was using the police radio in his car at the scene of the accident and could not leave his car, while on the other occasion, he had been at the accident, returned to his office to make a call on the police radio, and had to stay in his office while waiting for a return call.

Concerning the alleged friction between city and county police units, Burrows also gave his side of the story.

He said on one occasion, the county sheriff's department had been requested to hold a prisoner at the county offices until Burrows could get to Littlefield to pick the persons up, but that the sheriff's office had not done so.

In the same discussion of the police department Dennis said he had talked with school officials concerning city night-watchman E. W. Hatfield and said he had been told school administrators thought Hatfield was doing a very good job.

Councilman Sullivan disagreed, saying he thought Hatfield was still leaving town chasing speeders too much.

Sullivan said he had heard reports from several persons that they had seen Hatfield parked off the road south of Circle talking with the county deputy sheriff from Springlake.

In giving his list of reasons for firing Burrows, Dennis also brought up an incident involving a filing cabinet.

Dennis said after V. L. Smith Sr. replaced David Maxey as

Time To Beware When Talk Is All Of Honesty

When a fellow talks too much about his honesty, it is time to beware. The same thing might well be said of the near zealots in government, who infer that industry is engaged in a lasting campaign to bilk the purchasing public and that only the government can protect consumers from these predators.

There is plenty of evidence that the standards of too many government officials fall considerably short of perfection when it comes to ethics. One agency, the Food and Drug Administration, some time ago, accused one third of the members of the nation's leading drug manufacturers association of advertising violations. The association immediately examined the alleged charges and finally succeeded in securing a list of its offending members from the Food and Drug Administration. The list indicated that fewer than five per cent of the association's membership were involved in violations that were forwarded to the FDA's legal department where formal allegations of violations must be made.

A misstatement of this kind by a government regulatory agency is a grave matter. The resultant newspaper publicity of a derogatory nature is beyond recall. In commenting on the incident, a spokesman for the pharmaceutical industry asks, "Isn't it fair to require that an agency which demands the truth deliver the truth?" There can be only one answer to that question.

justice of the peace for the precinct, a filing cabinet belonging to Maxey had been moved into the police chief's office.

He said later county commissioner A. J. Spain had come to the office to ask to remove the cabinet to Smith's office.

Dennis said Spain told him that Burrows told Spain that he had been instructed by the county sherrif's department to keep the filing cabinet and to not let it out of the office without a court order.

Burrows said that Sheriff Dick Dyer had instructed former Deputy Sheriff Delmer Beadle and himself to not let the cabinet out of his office without a court order.

But Dennis said Sheriff Dyer denied giving such instructions.

Dennis also said Spain told him that Burrows on another occasion had stopped him and asked him to help get the current Deputy Sheriff for the area, Charley Giles, removed from his post.

The vote to remove Williamson came after a similar motion in last month's meeting was withdrawn. Sullivan said he felt the operation of the city water and street maintenance department had not been improved enough and made his motion.

In other action, Sullivan asked that a record be kept of all gasoline used by city vehicles, and Parley Myers moved that the fire department file a list of expenses and income with the city each year as other departments are required to do.

The group also voted to adopt an ordinance requiring drivers to stop their vehicles when approaching a school bus taking on or discharing passengers within the city limits.

The ordinance, unanimously approved, was drafted to cover buses within the city, since state law covers buses only outside city limits.

The group also decided to table bids on a new tractor and shredder for the city. The group received bids from Adams Tractor, Bodkin-Nixon Impl. and Ed Thompson Impl., but decided to hold off on any action on the bids until next meeting.

Mayor Thomas also gave a report on the street paving project, slated to come up this summer, and the Highway 70 project.

He said he had received approval of all right of ways for the Highway 70 project and that one ordinance incorporating both projects would be drafted for another meeting.

The council also voted to replace the stop sign at Ave. G and 7th Street with a four-way stop sign, and to replace the stoplight at Ave. G and 8th Street with a three-way stop sign.

Mayor Thomas then suggested that yield instead of stop signs be used at several intersections in the city and appointed Sullivan and city judge W. B. Smith Jr. to check on streets to get yield signs.

Organizational Meeting Of Youth Center Held

At the organizational meeting of the Olton Youth Center, held Monday night March 13 at the Merry-Go-Round, adult board members and youth board members were elected and plans were discussed by parents and teenagers alike, who turned out in large numbers to lend their support to the leaders of the movement.

Elected to the adult board were Charlie Polk, president; Mrs. Basil Johns, vice-president; Mrs. Joe Hall, secretary; Mrs. Bud Hogan, treasurer and board members, the Rev. Bill Cottrell and Lester Thompson.

Youth board members are Joe Fincher and Jerry Kemp, who will represent the senior class; Ottis Patterson and Butchie Hudgens, juniors; Quinette Redinger and Cherie Thompson, sophomores; and Gale McClain and Connie Kendall, freshmen.

Several board meetings are slated for the purpose of establishing a constitution and by-laws and City Attorney Andrew Stroebel will be asked to attend these meetings as legal advisor.

The aim of the Youth Center committee is to provide good, wholesome, well-rounded, diversified recreation for the youth of the Olton area. Some funds have already been acquired and as others come in, a permanent meeting place will be acquired for the youth.

The proposed youth center will offer ping-pong, pin ball machines and in the near future, pool tables. It will be a place for the "crowd to get together for a coke", as so aptly put by one teenager.

It has been suggested that a qualified person be hired as director and that parents act as sponsors when the youth center has activities scheduled at night.

All young people and their parents are asked to voice their opinions on the subject of the proposed youth center. Any suggestions are welcomed by the members of the board and they ask that persons wishing to make suggestions to call them.

A general meeting of the public interested in this project will be announced in next week's paper and at that time, there will be established a means of qualifying voting members.

Absentee Voting Now Underway

Voters are reminded that absentee voting began March 13 in the school board election and will run through March 28, while in the city election absentee voting began March 15 and March 31 is deadline.

The city election is scheduled for April 4 at the city hall and school board election will be held April 1 in the school business office.

Ask Amy

BY AMY ADAMS

"GO YOURSELF"

Dear Amy:

The advice you have given other women who have similiar problems as I presently do is to see a psychiatrist or see the Family Counselling Service. But how can you get the other "half" to go if he refuses to believe there is anything wrong? Mine says he'll be different, but as time goes on, he is just the same because he is not getting to the root of the problem.

I really am concerned and afraid of what the future may hold if things aren't taken care of now.

Anon

Dear Anon:

Of course it is always the one who needs the help most who refuses it. Regardless, go yourself. The other "half" may join you later. But if he doesn't, your time and effort will not be wasted. You'll get some ideas on how to live more harmoniously with the stubborn mule . . . without the kicks!

* * *

Dear Amy:

You may tell me to mind my own business, but I sure will feel better if I know whether I am right or wrong.

My daughter (the youngest) is married and has a 6 month old child. It seems to me that something has happened to her because she has lost interest in keeping her house clean and in order. She used to have her home spic and span early in the day and have time and energy to bake a cake and do some sewing. Now when I visit her, she has dishes in the sink from the night before, a garbage can full, closets all upset and even her pantry looks a mess. She has neglected everything so badly that I am ashamed of her.

I have tried to tell her to get on the ball and clean up the place, but she doesn't pay any attention. She has a nice husband and a healthy baby.

Can I get her to be a good housekeeper without starting a family quarrel? This is a situation my daughter may regret, and I only want to help her.

Mrs. S.A.

Dear Mrs. S. A.:

Your daughter may be the worst slob in the world, but it is not your problem. It is up to her and her husband how they want to run their home. Now that you have told her, there is nothing more that you can do.

If they are happy this way, let them alone. Pursuing it any further will make you a "meddler", so I advise you to button your lip and make up your mind not to let it bother you.

Perhaps one day she will wake up and run her home right!

* * *

Dear Amy:

I met a very nice gentleman about three months ago. We both work at the same place. When it was his day off, I missed him, so I phoned him at his apartment. Someone reported me and then I got into trouble.

Why don't people mind their own business? That's why we all have enemies instead of friends!

Disgusted

Dear Disgusted:

You probably wouldn't have gotten into "trouble" if you hadn't mixed pleasure with business. Next time make your personal calls on your own time . . . and on your own phone.

* * *

Dear Amy:

You probably have received many letters of this type and maybe you think they are stupid and silly, but I would very much appreciate it if you would answer this one.

I like this one girl in my Science class (I am 14 and in the 9th grade), but she just doesn't know that I exist. I say, "Hi" and everything, but it doesn't seem to make her glad.

What can I do to make her know I'm around. Thank you for your reply.

G. T. X.

Dear G. T. X.:

Many girls at 14 are shy or timid. Others are not boy-conscious . . . just yet. She can't be rushed, so give her more time. If you are sincere in your desire to develop her friendship, offer to help her with a science project, or her homework. That's usually an irresistible approach!

Moms And Moppetts

Never again will I make wise cracks about West Texas weather! Mother Nature takes her revenge in strange ways on those who dare to speak out against her.

I wasn't expecting to be a Mother again until late in April.

In my usual random way, I had figured I had lots of time to get everything in order before the happy event took place. As it was, I left for the hospital with nothing done and everything to do.

My recent experience has brought me to one big conclusion. If you are an expectant Mother BE PREPARED- well in advance of the estimated time of arrival. Your anticipated little bundle of joy may not be working on the same time schedule that you and your Doctor are using.

I would strongly suggest that from the seventh month on you have your suitcase packed and all your husband's shirts ironed. Believe me its much worse to cloud yourself in the lovely myth that you have plenty of time and to trust the date of arrival assigned by the Doctor.

The only thing that saved me and my house from total disaster were two wonderful people, my Mother-in-law and my own Mother. They had to work around the clock for days, but with divine help and much persistence they managed to clean all the chocolate mess off the number one son's face, wade through the rubbage in the back yard to feed Dog, plus wash every dish in the house, wash and iron two week's worth of dirty clothes and scrounge through the cabinets and refrigerator to find nourishment for my dazed and bewildered Spouse.

Oh, where would the world be if it weren't for those veterans of the World War of Housewifery, Mothers and Mothers-in-law! I know one Random housewife that would never have made it home from the hospital without her two wonderful guardian angels. I thank you from the bottom of my heart. God bless you both.

During my brief vacation from the typewriter I received a letter from a reader in Earth. She has some lovely hints to pass along to all of us.

"Dear Karen,

Certainly do enjoy your column. It is just great!

We housewives need more time-saving ideas. Here are several drudgery savers I have come across lately.

Love fresh ground pepper, but hate to grind it at the table? Just plop the whole jar of pepper corns into the blender. Grind for two-three minutes. Sure saves temper and time at our house.

Try oven frying meat instead of skillet frying it. Takes less oil, saves spatters on the stove and the meat is much more juicy. Set oven at 300 degrees for pork and ground beef and 400 degrees for chicken.

A flavorful touch to add to homemade soup is cabbage or turnips It's delicious!

For a small youngster who loves to iron on mommies ironing board. Save the hankies, pillow cases, play clothes and small items for them. Set the iron at the lowest temperature and they can spend all day ironing. Don't forget the spray bottle of water, makes it more fun if they can sprinkle the clothes themselves!

If you have some egg whites left over from puddings or other homemade goodies, try this Cocoa Kiss recipe. It's a real chewy cookie. 1 cup sugar, 3 egg whites, 1/8 tsp. salt, 2 tsp. water, 1 tsp. almond flavoring, or vanilla, 2 tsp. cocoa.

Beat egg whites till stiff, add half sugar. Add water and flavoring, a little at a time alternating with sugar. Fold in cocoa.

Drop by teaspoons onto waxed paper and bake 30 minutes at 250 degrees.

I tried your recipe for richer instant dry milk, it was fabulous! We drink instant milk all the time - have been for over a year. Found this a real flavor booster!

Also tried your suggestion about alternating rooms when cleaning. I, also am short on energy, so I left the bedroom till last. Only one thing was wrong. I had the bed piled with things out of the other rooms and had to clean it before bedtime! But it was fun for a while, thinking I got away with something. Keep those suggestions coming! I love them!

Sincerely,
A Very Enthusiastic Reader
Judith Jones."

And I love you for writing to me.

About that mess in the bedroom--I'm sorry but I have yet to find a solution to it.

I wish I were some sort of Genie and could just wiggle my nose and the whole mess would disappear. But if I did that I probably couldn't remember where I had made the mess disappear. I think a random Genie would be worse than a random housewife because at least as a random housewife the mess would be some place in the house and recoverable if you looked long enough.

I am looking forward to more letters from all and any of you. I enjoy getting them as much as I hope you all enjoy reading them in the column.

Chit Chat

BY SANDEE GREGORY AND JANE ANN DUNCAN

Open house for the Olton Public Schools Thursday night climaxed the week long activities concerning Public School Week.

The annual American Heritage program consisted of speeches, singing, essay readings and awards handed to the students that had won either first, second, or third place for their speeches, essays or posters.

Those who were given awards from high school were as follows: speeches, 1st - Emma Porio, 2nd - Kay Schultz and 3rd - Paulette Bley; essays Leslie Holladay, Judy Brukhalter and Linda Graham; and posters, Jane Ann Duncan, Valda Jones and Donna Kay Robertson..

Four Olton High School choir students received division I ratings at Solo and Ensemble contest on March 11, at Lubbock. Those students were Bruce Hines, in Class I; Glenda Turner and Cheri Dorris, in Class II; and Leslie Holladay, in Class III. Students awarded division II ratings were Jackie Harrod and Harry Max Thomas in Class 1, and Sue Church and Vickie Adcock in Class II. Also the Olton sextet performed as two trios, receiving a division II and a division III rating.

Hours of practice and work were said to be well spent after the ratings were given at the band solo and ensemble contest Saturday. With conflicts such as stock show and track meet, many were unable to attend, but we are happy to say that 14 deserving students received honors. The ratings given were: Barry Thompson - oboe solo -I Letha Estes, Cheri Dorris and Connie Brown - clarinet trio -I Gary Parkey - French Horn solo - II, David Hamilton - Drum solo- II, Steve Collins- Drum solo - II, Margaret Thomas - Saxaphone solo -II, Leslie Norfleet, Kathie Norfleet and Teresa Thomas - Clarinet trio - II, Bennie Long, Donna Roberson and Sue Church - clarinet trio - II.

School is said to be a place of learning. Some say they wouldn't go if they didn't have to. Others say it's a way to see everyone. But is this all school means to you?

As you think about the above question, we want to give some opinions of a few OHS students on what they appreciate about our school the most.

Elma Garcia: I appreciate the TEACHERS because they give a few hours of their time to teach us; the COACHES because they care what happens to our "MUSTANGS"; groups like FOOTBALL, BASKETBALL; but most of all, the STUDENTS of this school--they're all great kids.

Rhonda Gullett: The thing that I most appreciate about our school is learning and enjoying the things that we do in this school.

Gary Dickenson: The hours from 4:30 in the afternoon to 8:00 in the morning.

Bennie Long: I appreciate the interest some of our teachers have shown this year in our outside activities. The teachers seem to have taken more interest in things and so I think have made our school better.

Carol Hicks: In O. H. S. I appreciate all of my friends. If anyone has a problem there is also someone there to help. I also appreciate the teachers who try to teach me something and that isn't easy. Most of all, the spirit of our student body is great. This great spirit is the same in football, basketball, track, and any other sport. I think these things make Olton High School the great school it is.

Barbara Aigaki: The new things we learn from our teachers and the activities we are able to join at our own free will. Also, I appreciate the time teachers spend to teach us things we don't understand.

Mike Anderson: The best thing I like about our school is that everyone is a friend and is very nice and helpful.

WHO'S WHO

Paulette McFadden: Had you scared for a minute, didn't we?

Jan Amerson: Are you sure the chest didn't have ice in it at the time??!!

Jason Latimer: Nearly made it, didn't she?

Dixie Griffin: Don't we all hate to work?

Carol Hicks: Never Again!!

Jackie Harrod: Should never did anything!!!

Jackie Harrod: Chin up and cheer up, things couldn't be worse!!!

Guy Daughtrey: First chair again!!!

Prince Charming: There's nothing to get embarrassed about!!!

Everything was fine until ...

Rickey Smith: Keep your eyes closed in the halls from now on!!!!

Ronnie Yandell and Jane Ann Duncan: We didn't know you two were so shy!!!

ALL FOR FUN

Helen Smith and Connie Kendall were talking about their future plans.

Helen remarked that she intended to get a job as an airline stewardess. "That way," she said, "I'll meet lots of men."

"Might be an idea," agreed Connie, "but wouldn't you meet as many men doing something else?"

Helen shrugged and said: "Could be, but not strapped down."

"Did you give the suspect a good going over?" the police captain asked the chief of detectives.

"We sure did," he replied. "We browbeat him, badgered him and asked him every question we could possibly think of."

"And did he break down and confess?" queried the captain.

"No sir," was the reply. "He merely dozed off mumbling. 'Yes, dear, you are perfectly right' !"

Mary: Any fashions in the paper, Dad?

Father: Yes, but they would be of no use to you, dear. It's yesterday's paper!!

The reason that rock 'n' roll singers are so young is that if they were any older--they'd be embarrassed.

Paratroop Trainee: What happens if my chute doesn't open?

Instructor: Return it to the supply sergeant.

Congratulations to MacArthur Thomas and Lannie McClain for making honorable mention on the All-District basketball team.

Also, we are happy to say that both Karen Hipp and Pam Foster were among the girls All District Selections.

After the Southern Assembly Tuesday morning, the Basketball players received their jackets. This year the girls were awarded white jackets instead of the regular blue ones. Both basketball coaches said that they were very proud of their teams this year and they hope to have great teams next year with the returning lettermen.

First, may I correct a mistake which I made in the March 9, 1967 Enterprise? A revival at the Halfway Baptist Church will be held April 2 through 8. The pastor, the Rev. Prentis McGee, (not Prentis Walker) will bring the messages.

Through the past week the services of the Halfway Baptist Church have been focused on the G. A. in the church.

The G.A.s were recognized at the Wednesday night worship service and had charge of the program. The Rev. Prentis McGee led the invocation and then turned the program to Mrs. Robert Graham, G. A. director.

La Tresa Mallow, a junior girl, made the "Maiden step."

Five intermediate girls passed their prerequisites to queen step. These were J. Carroll Criswell. Marilyn Gaither, Leta Kay Goree, Diane Palmer and Diane Parker.

For their part in the program the junior girls paraded posters thanking the W. M. U. for supplying G. A. magazines each year.
