WEATHER

Clear to partly cloudy with scattered showers in Panhandle Friday night. Saturday partly cloudy. Maximum temperature Thursday 66 degrees; minimum Friday 61 degrees.

Chinese Reds' Defenses Crumble

UN Soldiers Move Ahead With Caution

EIGHTH ARMY, KOREA—(AP)—Chinese frontline defenses appeared crumbling in the West Friday before an offensive of 100,000 United Nations troops.

Battered Reds retreated northward in some sectors. Some hills were abandoned after days of bitter fighting. Elsewhere, only rear guards delayed UN troops.

Soldiers of nine United Nations moved forward cautiously for limited gains.

Late in the day, Reds lashed back with counterattacks in efforts to recapture some abandoned hills.

Elsewhere:

The air over Northwest Korea flamed with three jet battles involving 220 planes. It was the greatest number of jets ever reported in action on one day. The Fifth Air Force reported one Red jet shot down, two damaged. It said all Allied jets returned from the first two battles, but didn't say how they fared in the third.

Allied troops lashed forward on each side of Heartbreak Ridge in a revival of warfare in the mountainous east. UN infantrymen advanced 1,000 yards to the west of the ridge while a tank patrol shot up Reds on the east.

No Negotiated Truce

Reds were silent on General Ridgway's invitation to pick a new site in no-man's-land to renew disrupted cease-fire talks. Red Korean political officers were quoted as saying there would be no negotiated truce in Korea in the near future.

The British Commonwealth Division made gains of up to a mile and a half in the sector reaching (Continued on Page 14)

Solons Told Gabrielson's Aid Refused

WASHINGTON—(AP)—Harvey J. Gunderson Friday swore he rejected the help of Republican National Chairman Guy G. Gabrielson in a bid for presidency of the New York Stock Exchange "until I left the RFC."

Gunderson, a former-director of the RFC, testified before the Senate Investigations subcommittee. The group is conducting an inquiry into Gabrielson's contacts with the big government lending agency.

Gabrielson is president and general counsel for Carthage-Hydrocol, Inc., a Texas firm whose \$18,500,000 of RFC loans were under Gunderson's special attention over a period of years.

Vigorously denying anything improper in his contacts with the RFC, Gabrielson Thursday testified he tried to get the stock exchange presidency for Carthage-Hydrocol after President Truman's death.

The GOP chairman swore the fact he heads a firm which borrowed \$18,500,000 from the RFC had nothing to do with his intercessions for Gunderson, who did not get the job.

Gunderson's office diary, introduced in evidence, lists 19 telephone talks and personal meetings with Gabrielson. Gabrielson testified these contacts probably all dealt with the \$18,500,000 RFC loans to Carthage-Hydrocol, Inc.

Gabrielson insisted he has "no influence" with the RFC, and that it not only was proper but his duty to represent the firm in the negotiations.

Inflation Hits Income Tax Return Blanks

ROME—(AP)—Income tax report blanks sold for 500 lire (75 cents) on the black market Friday, and the rate was climbing. The normal price is 25 lire. The blanks are put on sale by the state in the nation's tobacco shops. When the government issued a recent call to file tax reports, scalpers moved in and bought up all available blanks.

Atlantic 'Hurricane How' Heads Toward New England Coast

WASHINGTON—(AP)—The Weather Bureau Friday warned the Nantucket and Cape Cod areas the fringe of "Hurricane How" may hit them with winds of 40 to 60 miles an hour late Friday or Friday night.

The bureau's latest advisory showed the storm's center at mid-morning was about 270 miles east of Norfolk, and working its way north-northeast at 10 to 12 miles an hour. It was expected to pick up speed.

Highest winds near the center were estimated at 80 to 90 miles an hour, with gusts more than 100 miles an hour. Gales extended outward to between 200 and 250 miles.

AEC Chief Tells Of New Atomic Arms

LOS ANGELES—(AP)—Gordon Dean, top U. S. atomic official, Friday said the United States has atomic weapons which can "cancel out" on the battlefield "any numerical advantage" of an enemy and that it need not hesitate or fear to use them.

Without indicating whether he had the Korean war specifically in mind, Dean said of the use of tactical atomic weapons:

"I think that when a situation arises where in our carefully considered judgment the use of any kind of weapon is justified, we are now at the place where we should give serious consideration to the use of an atomic weapon, provided it can be used effectively from the military standpoint and that it is no more destructive than is necessary to meet the particular situation in question."

Broad Hints Of Progress

The Atomic Energy Commission chairman presented this bold new picture of American atomic power in an address prepared for a Founder's Day gathering at the University of Southern California.

In it he cast aside his previous official taciturnity and gave broad hints of the progress in atomic weapons. He said:

"We are entering an era where our power in wage warfare with atomic devices is so great, even in comparison with the recent past that our fundamental concepts of what atomic warfare is and what it might mean to us must undergo revolutionary change. x x x

"In the past, most of us have thought of atomic warfare in terms of intercontinental bombers striking at the great cities and industrial hearts of an enemy nation x x x. This concept of atomic warfare, while still true, is now so longer the whole truth.

"It is but one kind of atomic warfare, and there is now a new, quite different kind, x x x much more promising as a means of halting aggressors without the risk of destroying large parts of the world in the process. x x x"

Iron Lung Patient Moved To Abilene

George M. Engle, 30-year-old oil company employe stricken this week with polio, was transferred Friday to the polio treatment center at Hendricks Memorial Hospital in Abilene.

Engle was placed in an iron lung here Wednesday afternoon after it had been rushed here from Big Spring.

"His condition is about the same," said Dr. John Leigh, his physician, "but we decided to transfer him to Abilene for treatment."

For the trip he was removed from the big iron lung and a smaller portable iron lung, supplied by the Midland Fire Department, was substituted.

Accompanied by a member of the fire department, he made the trip in an ambulance from the Newline W. Ellis Chapel.

Why Steal When We Give 'Em Away? Asks Poundmaster

Poundmaster Earl Hart will give dogs away to anybody who wants them.

But he doesn't want people stealing them.

He made this clear Thursday night when, upon returning from Terminal where he picked up two puppies, he stopped at a restaurant to eat a late supper.

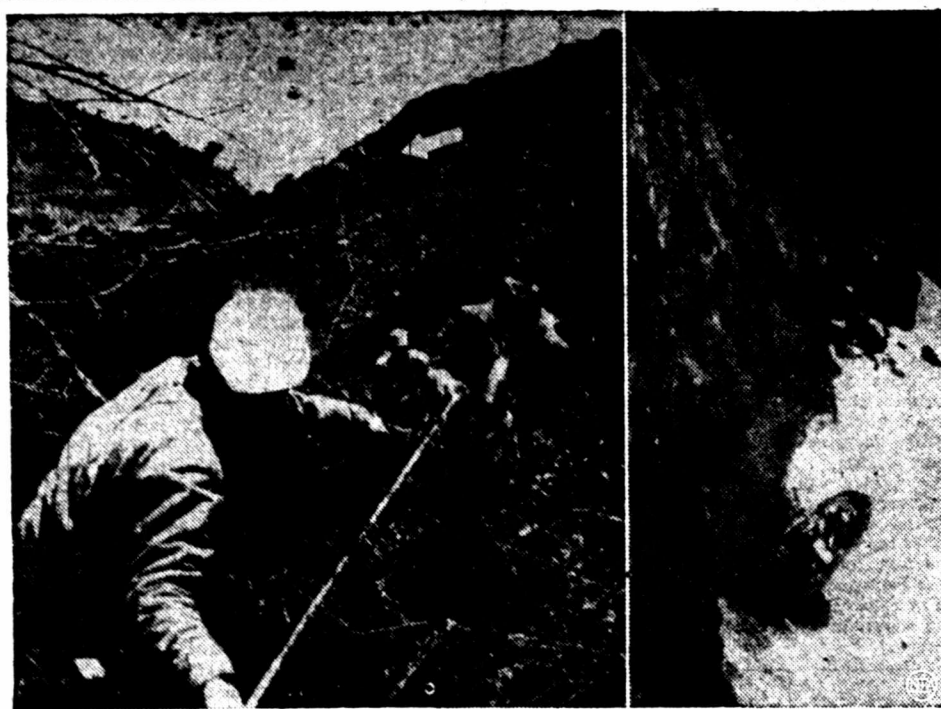

When he went back to his truck, he saw a well-dressed woman climbing into a taxicab, a dog under each arm.

He notified police, who notified the cab company. The company dispatcher told the driver by radio to return to the scene.

The woman shamefacedly put the two dogs back in the poundmaster's truck and left.

"I picked up the two dogs after a little child had been bitten at Terminal," Hart said, "and will have to keep them under observation 10 days.

"If the lady will come around in the meantime, I'll be glad to give her a nice dog."

STRANDED—Coast Guardsmen stand by to aid Capt. George Lourakis as he nears the brink of 600-foot cliff after being stranded on a narrow beach near Fort Bragg, Calif., with two crewmen and a Coast Guardsman who also was stranded while attempting rescue. Arrow points to crewmen who are starting the long hand-over-hand ascent of the cliff. Right, the fishing schooner Lourakis as it rests on the beach at the base of the high cliff near Fort Bragg.

Housewives Choose Pork, Fish, Poultry As Beef Prices Rise

CHICAGO—(AP)—The hike in beef prices has turned many housewives to pork, poultry and fish.

That was brought out Friday in an Associated Press survey of major cities across the nation.

The survey also raised the question of whether the long climb in general prices had left consumers with a lowered resistance.

The survey indicates there was little complaining in the first few days of trade under the new beef ceilings.

Supplies of beef in retail outlets in the 12 large cities that were checked ranged from scarce to ample.

But there is plenty of other main-dish food on hand.

Most places checked in newspaper surveys in 12 Texas cities reported ample beef.

The Amarillo Globe News found beef supplies in the Texas Panhandle were critically short. But trade sources said they didn't sell all they had because high prices had curbed buying.

The Denton Record and Chronical said 85 per cent of the retail outlets there had plenty of beef—but 55 per cent of the customers did not buy any. They shifted to pork, lunch meats, fish, chicken and cheese.

Some other Texas points found customers in the lower income brackets had turned to chicken, ham and the cheaper types of beef.

The Denton Herald reported butchers were saying:

"We sell more T-bone than anything else. They might holler about the price, but they don't refuse to buy."

Formal Golf Course Opening Postponed

Formal opening day ceremonies have been delayed for the new, elaborate golf course, the North Course of the Midland Country Club. They originally were scheduled Sunday.

Boyd Huff, professional golfer who is in charge of the course, said the new date of the formal opening will be announced later.

Creator Of American 'Burger Dies At 68

AKRON, OHIO.—(AP)—Frank Menches, 68, who said he invented the hamburger when pressed for sausage at a county fair 59 years ago, is dead.

Menches said the 'burger was born when he ran out of pork sausages at a county fair. He ordered his assistants to "grind some beef," and a great American dish took form.

Double Bond Sales Completed Friday

Two sales providing for the disposition of \$2,350,000 worth of bonds were completed Friday by Midland County and the Midland Independent School District.

The \$1,500,000 worth of school bonds were sold Thursday afternoon at an average interest rate of 2.7075 per cent.

The \$850,000 in county bonds were sold Friday at an average interest rate of 2.12729 per cent.

The bids on the school bonds were received by the Board of Education with the lowest bid being submitted by a syndicate represented by the National City Bank of New York.

The bonds mature in 30 years and will finance construction of a new junior high school building and additions to other school buildings in the city.

Included in the syndicate submitting the low bid were First Southwest Company, Columbian Securities Corporation, both of Texas; Austin, Hart and Harvin; Rotan, Mosie and Moreland.

Lockett Shelton of Abilene represented the syndicate at the meeting.

The \$850,000 in county bonds represent the second portion of a total of \$2,250,000 voted at bond elections. A total of \$650,000 originally had been sold at an average interest rate of 1.69 per cent.

Submitting the low bid Friday was a syndicate composed of Merrill Lynch, Pierce, Fenner and Beane; Central Investment Company of Dallas; F. S. Smithers and Company, Chicago, and Fridley and Hass of Houston.

Proceeds from the sale will be used for the Front Street improvement project now under way.

Phys, Not Figger, To Feature Belly Dancer's New Film

CAIRO—(AP)—Camia Gamal, the Egyptian belly dancer engaged to a wealthy Texan, started preparations Friday for a movie starring another part of her anatomy—"The Beautiful Face."

Samia, 27, became a top Egyptian movie and cabaret favorite after she danced for King Farouk in France last year. She has made a number of popular Egyptian films, and an Egyptian company will produce the new one.

She arrived in Cairo Thursday from Paris with seven suitcases containing part of the trousseau for her marriage to Sheppard King III of Houston.

"We plan to get married in Cairo in December, Insha-Allah (God willing), in the Moslem rite," she said.

Samia said it was quite possible she might continue her movie-making and belly-dancing career after marriage.

Samia said it was not yet decided whether she and King would live in Cairo or in Texas, where openings in her chosen field are few.

Old Betsy Halts Tire Theft Try

Two men, one of them punctured with birdshot, were being held Friday after police reported they attempted to steal a tire from a parked automobile.

They were arrested a short time after C. E. Johnson, who lives at 1305 South Baird Street, fired a blast from his shotgun at the two fleeing figures.

Police said the two men had had a flat tire and were attempting to steal a tire to replace it.

"I was awakened about four o'clock this morning," Johnson said, "by the sound of the car coming down the street on one rim.

"I watched it go down the street, turn around and come back. The two men got out and walked over to the car parked in my front yard.

"I just got down 'Old Betsy' and went outside. They must have heard the door open because they started running, one one way and one the other. I fired at one of them and think I hit him."

Police picked up a man in the vicinity a short time later and he admitted he and a second man had attempted the theft. Police found the second man at home in bed, nursing three birdshot wounds.

Pecos Man Predicts 40-Cent Cotton If Farmers Stand Pat

MEMPHIS—(AP)—Farmers will get 40 cents a pound for their cotton if they don't get jittery and dump it on the market, a beltwide cotton producers committeeman predicts.

The Commercial Appeal Friday said this report was given by J. C. Wilson of Pecos, Texas, vice chairman of the committee, who is conducting weekly surveys on a campaign to drive cotton prices up by holding it off the market.

Continued reluctance to sell early cotton, Wilson said, was reported by representatives of producers in 12 states. It indicated, he said, that if farmers, "don't jump the traces and sell when the market advances a little," they'll realize the 40-cent goal.

The campaign was started at New Orleans August 8 when the price was 34.94 cents a pound. Thursday's average was 36.40.

Most state reports, Wilson said, indicated farmers are holding for higher prices by putting their cotton in government loan.

"Texas and New Mexico growers are holding all receipts for the government loan," W. R. Squires, manager of the Southwest Irrigated Cotton Growers Association, reported to Wilson.

State Sanatorium Oil Rich, Milk Poor

SAN ANGELO—(AP)—The McKnight State Sanatorium near here apparently is oil rich but milk poor.

While investigating legislators were hearing patients say there wasn't enough food and milk available on 75 cents per-person-per-day food budget, the Gulf Oil Corporation was bidding \$54,011 for an oil lease on 1,978 acres of McKnight-owned land.

McKnight officials say the oil money can't go for food or anything else until they receive a decision from the State Hospital Board.

★ LATE NEWS FLASHES ★

HOUSTON—(AP)—Federal Judge T. M. Kennerly Friday declined to rule on an Office of Price Stabilization request for an order to compel the City Custom Slaughter, Inc., to open its books and plant for OPS inspection.

SCHENECTADY, N. Y.—(AP)—CIO workers struck at the top-secret Knolls Atomic Power Laboratory Friday, but called off the walkout after three hours.

WASHINGTON—(AP)—The Office of Price Stabilization Friday released photographs of a headquarters bulletin from the National Independent Meat Packers Association calling for the defeat of meat slaughter quotas as a possible means of wiping out price control.

Mid-Continent Opens New Spraberry Area In Midland Sector

One and three-quarter miles southwest of the southwest side of the Tex-Harvey field of Central-East Midland County, Mid-Continent Petroleum Corporation opening a new Spraberry producing area with the completion of its No. 1-T 'TKL.

This strike was completed for a daily flowing potential of 273.38 barrels of 30-gravity oil plus one per cent water through an 18/64-inch tubing choke. Completion was from open hole at 7,106-7,288 feet. Gas-oil ratio was 1,350-1 and tubing pressure was 160 pounds.

Location is 660 feet from north and east lines of section 31, block 37, T-3-S, T&P survey.

It is three miles to the closest production to the southeast.

Humble Is To Dig Two Spraberry Wildcats On Sawyer In Reagan

Humble Oil & Refining Company is to start drilling in the near future at two Spraberry wildcats on the Sawyer Cattle Company property in Northeast Reagan County.

Humble No. 1-H Sawyer will be 1,980 feet from south and 3,850 feet from west lines of section 9, J. F. Jackson survey. It is projected to at least 6,500 feet and will use rotary tools.

Humble No. 1-J Sawyer will be 600 feet north of the most southerly south line and 600 feet east of the most easterly west line in section 14, R. W. McGrew survey.

It is scheduled to dig to approximately 7,000 feet, and is also to use rotary tools.

Humble No. 1-K Sawyer is approximately four miles southwest of the site for the same concern's No. 1-H Sawyer.

Central Glasscock Wildcat Develops Spraberry Shows

Argo Oil Corporation of Midland No. 1 M. E. Cook, Central Glasscock County wildcat, had good signs of oil and gas on a drillstem test in the Spraberry.

The test was taken from 6,097 feet to 6,319 feet. There was open six hours. There was a good blow of air for 50 minutes, a fair blow of air for the next 15 minutes, a small blow for one hour and 50 minutes and a slight blow for the last three hours and five minutes.

Recovery was 1,283 feet of drilling fluid which was heavily gas and slightly oil cut. The fluid was estimated to be from one to three per cent oil.

The project started heading after 60 feet of drillpipe had been pulled. Flowing pressure was between zero and 50 pounds and shut-in pressure was 600 pounds after 15 minutes.

Operator is now drilling deeper. Location is four miles southwest of Garden City and 600 feet from (Continued On Page 14)

Official Memorandum

Austin, Texas

Greetings:

October 6, 1951, has been designated as "National Newspaper Day" in tribute to the thousands of loyal and efficient American youths, who through good weather and bad, in early morning hours and late afternoons, daily see that we receive the newspapers upon which all of us are dependent.

Thousands of our business, civic, professional and religious leaders of today gained their first experience as newspaper carriers and salesmen. It was while serving in these honorable roles they received their first training in our American system of free enterprise.

It is extremely fitting that the citizens of Texas express their deep appreciation of the day-by-day service given by their friendly newspaper carrier boys and for the training they are receiving.

Therefore I, as governor of the State of Texas, in recognition of the fact these young men, who are doing such an excellent job today, will be among our leaders of tomorrow, do hereby designate Oct. 6, 1951, as NATIONAL NEWSPAPER DAY in Texas and urge the people they represent and the customers they serve so diligently to express their appreciation for these unflinching services.

(Signed) ALLAN SHIVERS
Governor of Texas

Midland-Brownwood Friday-Football-TWC-ACC Saturday

Coffee Honors Brownie Mothers

The mothers of the members of Brownie Troop 48 were honored at a coffee Thursday morning in the home of Mrs. C. L. Corbett. Co-hostesses were Mrs. Norman Dawson and Mrs. Clarence Symes.

Others attending were Mrs. W. T. Cowan, Mrs. Maner Graham, Mrs. H. H. Hamlin, Mrs. M. H. Miller, Mrs. Jack Moore, Mrs. E. S. Ridge, Mrs. Cecil Snodgrass, Mrs. E. D. Snoddy, Mrs. H. W. Stoltenberg, Mrs. Bill Wood and Mrs. R. R. Harold.

BASHAWAY CLUB WILL NOT MEET

The Bashaway Square Dance Club meeting scheduled at 8 p.m. Friday in the Midland Officers Club, has been postponed because of the football game. The next meeting will be held October 19.

University Investments

The five proposals to amend the Constitution of Texas, on which the people of Texas will have the opportunity of voting in a special election November 13, have attracted little public reaction to date.

It is true the election is "some time off yet," but sponsors or opponents of constitutional amendments usually launch their election campaigns earlier than this.

One of the first to start a campaign urging passage of the amendments is the Ex-Students Association of the University of Texas, through its members and branches throughout the state.

The amendment in which the ex-students are interested provides for the investment of the Permanent University Fund in securities other than bonds issued or guaranteed by governmental units and agencies.

As it now stands, money received into the Permanent University Fund can be invested "in bonds of the United States, the State of Texas, in counties of said state, or in school bonds of municipalities, of in bonds of any city of this state, or in bonds issued under and by virtue of the Federal Farm Loan Act."

The Ex-Students Association points out that at the present time, the Permanent University Fund consists of cash and securities in the amount of approximately \$120,000,000, plus 2,000,000 acres of land in West Texas.

The income from the investments, after expenses of administration to the fund, is divided by law approximately two-thirds to the University of Texas and one-third to the Agricultural and Mechanical College of Texas.

It long has been an established policy to dedicate the income from the Permanent Fund for building purposes, but in recent years it has become increasingly necessary to use this income to supplement legislative appropriations for operating purposes.

Ex-students believe that under the proposed amendment, and allowing time for adequate diversification of the Permanent Fund, \$2,000,000 or more per year of additional income can be realized, thus relieving in part the load which the State General Revenue Fund must carry in providing appropriations.

Diversification of investments is believed to be the answer to the problem. The responsibility for the management of the Permanent University Fund rests with the university's Board of Regents, and surely the high-type of men and women who serve as regents are qualified to direct the financial operations under the proposed amendment.

Considering all angles along with the benefits to be derived, it would seem the passage of said amendment is to be desired by all Texans.

Maybe They Had Right Idea

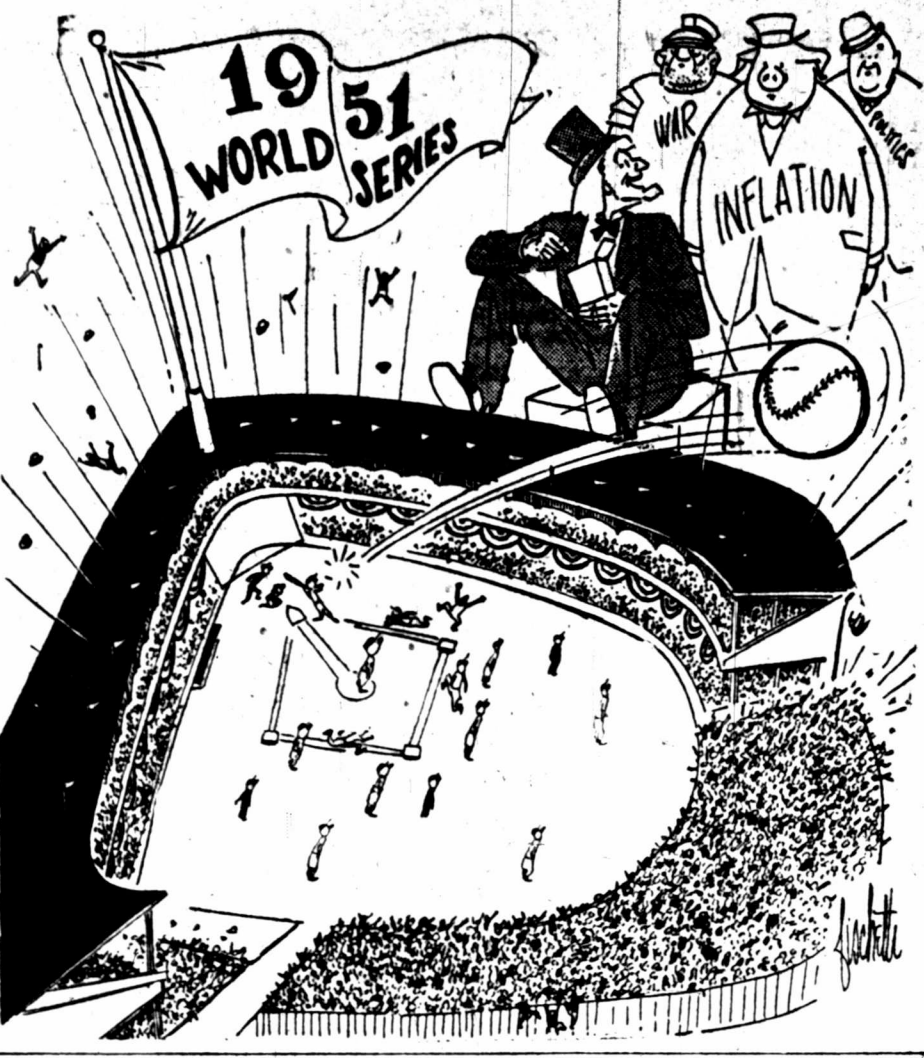

Four unarmed South Korean soldiers wandered into the neutral zone around Kaesong the other day. They were a DDT squad.

The United Nations command declares these fellows wandered over the line by accident. Even the cynically skeptical Communist negotiators accept this story.

It takes hundreds of nuts to hold an automobile together, but only one to jolt it apart.

Short on money, long on spending, seems to be the present-day situation with lots of people.

"Go 'Way, Boys—Y' Bother Me"

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1951, By The Bell Syndicate, Inc.)
Drew Pearson says: Secretary Acheson will stick by Truman until elections; Oklahoma preacher inspires new type of "combat team"; Iowa Republicans won't defend GOP governor.

WASHINGTON — Several times in the last twelve months Secretary of State Acheson has told President Truman it might be expedient for him to resign. Each time the President vigorously has objected.

He even has talked privately to friends about joining the President in a political campaign—if the Republicans nominate Taft. Acheson says he's ready to hit every whistle stop in the country to tell the voters what Taft's election would mean to American foreign policy—especially the chaos it would bring to our Atlantic Pact defenses against communism.

Acheson's more buoyant frame of mind is due of course to the avalanche of praise resulting from San Francisco; also the fact that the American public had a chance to see him on television and realize he was an adroit master of difficult diplomatic parley, not a stiffed shirt.

The baggage of past criticism, however, has made Acheson sensitive sometimes lonely. At the Ottawa conference, someone told him that while he may not be popular in the United States, he has 14,000,000 votes in Canada—Canada having a population of 14,000,000.

"Sometimes I think," replied the secretary of State with a touch of sadness, "that all my support comes from outside the United States."

It isn't always that a preacher sees his sermon bear immediate fruit. But sometime ago, John L. Peters, a professor of religion at Oklahoma City University, preached a sermon at St. Luke's Methodist Church which got the people of Oklahoma City so aroused they are beating Congress in putting across one important part of U. S. foreign policy.

"Before the war," Professor Peters told his congregation, "Kasawa, sometimes called the 'Christ of Japan'."

Missionaries, as Peters pointed out, can be teachers, doctors, farmers, builders of bridges. And this Oklahoma group, organized while Congress debated, now is about to send a new kind of "combat team" to battle communism near Vellore and Madras, India.

There is a friendly feeling toward the Chinese Nationalists in our country. Chiang Kai-shek treated our boys well and returned our prisoners quickly. . . . The Chinese Reds did not do that.

Stupidity is a dangerous thing. Let's keep it on the Russian side. —Charles F. Kettering, inventor.

Our educational aim should be to teach men how to live, to enjoy health, happiness and usefulness. Non-intellectual types should be trained in useful occupations. We should permit each according to his energy and fitness, when trained, to compete for a job.

I've never known a good newspaperman who took to the bottle and stayed a good newspaperman. —Frank Lovejoy, actor, blasting screen-style type of two-handed drinking reporters.

So They Say
There is a friendly feeling toward the Chinese Nationalists in our country. Chiang Kai-shek treated our boys well and returned our prisoners quickly. . . . The Chinese Reds did not do that.

Stupidity is a dangerous thing. Let's keep it on the Russian side. —Charles F. Kettering, inventor.

Our educational aim should be to teach men how to live, to enjoy health, happiness and usefulness. Non-intellectual types should be trained in useful occupations. We should permit each according to his energy and fitness, when trained, to compete for a job.

I've never known a good newspaperman who took to the bottle and stayed a good newspaperman. —Frank Lovejoy, actor, blasting screen-style type of two-handed drinking reporters.

JACOBY ON BRIDGE

By OSWALD JACOBY
Written For NEA Service

When the visiting experts arrive in St. Paul for the All-American Tournament (October 18-21), Dave Claren will be waiting on the doorstep to greet them. Dave is technically a visitor too, since he lives in Minneapolis, but that doesn't count since I'm told that you stand with one foot in St. Paul and the other in Minneapolis.

Claren is the leading expert in the Twin Cities—and for some distance around, too. Today's hand, in which he was declarer, will give you some idea of why he is so highly thought of.

West opened the king of hearts, and dummy won with the ace. Declarer next took the king and ace of trumps, discovering to his sorrow that West had a sure trump

trick. In view of the fact that there was a nasty-looking diamond situation, the alarm seemed shaky at this point.

Claren reasoned that West had at least six hearts for his vulnerable overall. Since West was marked with three spades, he was bound to be short in the minor suits.

Declarer therefore cashed the ace of diamonds and led a low diamond towards dummy. If West had a singleton diamond, he would have a single chance to ruff a winner. As it happened, West followed suit, and South got back to his hand by ruffing dummy's remaining heart.

South continued by taking the king of clubs and leading a low club towards dummy. West saw no advantage in ruffing, so he discarded a heart. Dummy won with the ace of clubs and threw West in with a trump.

This play not only forced West to give declarer a ruff-and-sluft, but it also squeezed East.

When West led a heart, dummy discarded a diamond, and South ruffed. This left South with two diamonds and the queen of clubs, while dummy had two clubs and a trump. What three cards could poor East have?

If East saved only one club, Claren could take the queen of clubs and win the last two tricks in dummy with a trump and a good club. If East saved only one diamond, Claren could ruff a diamond in dummy and return to his hand with the queen of clubs to cash the last diamond.

It's unheard of for a governor not to be defended by congressmen of his own state and party if he is attacked on the floor of Congress by a member of the opposite party.

However, though the State of Iowa has some able and voluble representatives in its all-Republican House delegation, not one opened his mouth when Democratic Congressman Wayne Hays of Ohio recently denounced the income-tax "amnesia" of Iowa's GOP Governor William Beardley.

The Iowa Republicans turned a deaf ear as Hays told the House: "The people of our country deserve the best in their elected officials, regardless of party. Anyone who is paying \$13,000 in back taxes is either a poor keeper of his own accounts or has violated the laws of his country."

"No matter what the reason, he hardly deserves to be responsible for the destiny of one of our most important states. Perhaps the most fantastic thing of all is that the governor says that it (his tax arrears) is a purely personal matter."

"Since when," demanded Hays, "is the integrity of the governor of a great state a purely personal matter?"

SLATEMEYER, having no reason to expect such immediate pursuit as was already upon him, would travel at an accented trail-gait, only a moderate speed-up of the ground-covering, shuffle-trot of the Indian pony.

Crazy Horse would travel faster, probably at a canter, but knowing his prey was within reach would rate his pace to overtake Slate-meyer at dawn, always the Indians' favored attack hour.

I, holding a rolling gallop through the night, would outdistance the Sioux, coming up for Slate-meyer an hour ahead of both dawn and the Ogala.

These were assumptions, the kind any fighting man makes daily. If he's right, he wins. If he's wrong, he doesn't care. The dead never do. What I meant to do when I came up with my enemy I didn't know. The hour itself would have to decide that.

I tightened my grip on the braided leathers of Hussain's harness, slacking his gait. Unaware my clamping tight the flow and rhythm of his gallop felt perfect in reach and timing. No tiring yet. The miles rolled endlessly back into the night.

Slate-meyer's way led down a long shallow valley, a well-travelled Indian trail familiar to me, reaching from the Cheyenne to the White River. When I had gone as far down this as I felt I could without running over Crazy Horse's camp in the dark I slowed Hussain, swinging him wide of the valley trail, heading for the foothills to the left. He was trembling under me, very, very now.

NO SURVIVORS
BY WILL HENRY
DISTRIBUTED BY NEA SERVICE, INC.

I hoped he would get a fair blow while we walked our way around where I supposed the Sioux camp to be, this respite being out of no consideration for him but due to my respect of the fact an Indian can ground-hear a running horse for a good two miles.

AS we padded through the thick dust of the hillside I got the first satisfaction in days. Off to my right and directly below us the querulous whickering of ponies carried up on the night air. My in-the-dark computations hadn't missed by 400 yards.

Once around the Sioux camp I put Hussain back on his gait. He was running unevenly with probably not more than an hour's effort left in him. His breath came scraping into his lungs metallically. Under my knees the exhausted hammering of his heart was ragged and heavy.

Pity came thick in my throat. I loved this vicious horse not knowing, until this night, how well. But now as he ran dying under me, his whole body faltering with every stride, I knew. Leaving far over his head, I neck I buried my head in the ragged backstream of his forelock. My mouth close to his forehead I spoke to him, my words as soft as a mother's whisper.

"HOPO, you ugly crowsbit. Do you know I love you? Do you know I am killing you? Hiyee, Easy."

Staggering brokenly, then finding his stride, he managed a rickety whicker. He neck then, at the spot my face lay against it, was wet from lather alone.

Three miles more and I eased him down and left him. He stood spraddle-legged, head to the ground, gaunt flanks whipping in behind slatted ribs with every gulping breath. His eyes protruded dead and glazed, his tongue black.

WASHINGTON COLUMN

Floundering Congressional 'Economy' Drive Backfires

By PETER EDSON
NEA Washington Correspondent

WASHINGTON—Government bureaucrats now are going to be authorized to ride around town in taxicabs. On official business, that is. And they will be authorized to tip the drivers, too. At taxpayers' expense.

This is the upshot of the great congressional economy drive to reduce the number of government chauffeurs who had been riding government officials from conference to conference in government automobiles. The fantastic ball of red tape that has been wound and unwound to solve this latest government crisis is almost unbelievable. But it now has been reduced to administrative orders. This is how it happened:

First, General Services Administrator Jess Larson—the government's chief housekeeper—asked Comptroller General Linderoth C. Warren, head of the General Accounting Office, for a ruling on how he was to move his employees from one office to another in Washington, since the 18 chauffeurs' jobs in GSA had been abolished.

GAO then told GSA how it could be done. GSA can't tell other government agencies how to do it. But the pattern established for GSA apparently will be applied to all the other departments.

Every official wanting to go from A to B on government business must fill out Form No. 1012. This is the official travel voucher. It's about the size of a bank check and isn't too complicated. But on Form 1012, which must be filled out every month, every official must list every trip from point of origin to destination, time, date and amount of fare. Tip To 'Nearest Nickel'

If he goes by street car or bus, he enters that. If he goes by taxi, he enters that. He may tip 10 cents on every fare up to \$1. On all fares more than \$1—get this—he may tip only 10 cent "to the nearest nickel."

If he goes to the Pentagon, fare is 12¢. He may tip 10¢ per cent, or 12 1/2 cents. But which is the nearest nickel—10 cents or 15 cents? Anyway, the tip is not entered on Form 1012 as a tip, but as part of fare. Amount entered will then be \$1.35 or \$1.40.

Heretofore it has been almost impossible for government employees to get approval for taxicab fares entered on their expense accounts. Reasons for taking a cab instead of a streetcar had to be explained in detail in every case, and sometimes it took GAO weeks or months to audit and approve these expense items.

The new authorization for taxicab riding is quite a concession, but it is only the beginning of the red tape which the "economy" legislation has made necessary. Since it would not

response shows a hand that contains high cards in excess of a minimum opening no-trump bid—or good distribution to make up for lesser strength in high cards. In this case your high cards are just about equal to a minimum no-trump, and your extra strength consists of a fine fit for diamonds, the length in spades, and the doubleton in a side suit.

TODAY'S QUESTION
The bidding is the same as in the question just answered. You, South, hold: Spades A-J-9-4-2, Hearts K-J-9, Diamonds K-J-9, Clubs A-K-10. What do you do? Answer Tomorrow

Have a Laugh
BY BOYCE HOUSE

There was a young Lieutenant in Napoleon's army who was wounded. Napoleon thought well of him and he sent word to ask, "How is the captain?" Next time, he sent a messenger to inquire about the young man's condition, he had promoted him to major, then to colonel and then to general.

At this, the wounded man started to rise from the operating table. The surgeon said, "Lay down; we have half your brain out." The officer said, "I don't need a brain; I'm a general now."

(So you see the "brass" got joshed even in Napoleon's day.)

swollen and lifeless between the long yellow teeth. Thin blood ran in twin streams from the bell-flare of his nostrils. As I turned to leave him he raised his head, looking for me, then staggered a step or two as though to follow. He moved directly away from me. He was still alive.

FINDING 36 Crow Indians and a reticent white gunman in three miles of pitch-black prairie was no easy chore but I did what I could. I began quizzing the wind from a spot I considered to be well to the nearside of their camp. Luck was with me, the fresh morning air shortly bringing what I sought—the pungency of their pony herd.

I worked upward to the point I thought would be about 100 yards from the horses. Here I noted, for an Indian will always sleep between his horses and his enemies and I had no desire to find myself wading knee-deep in Crows.

In an hour a ghost-glow of light appeared. Fifteen minutes more and the true dawn would start fading the night. In 20 the camp would come alive.

In the uncertain gloom, not two shades off real darkness, I could make out the black lumps of sleeping men all about me. These lay singly, Indian fashion.

The wind and luck held in my direction. Not 10 paces away, sheltered from the main group by a clump of elder bush, lay a double shadow. From the larger shadow a man in deep sleep, from the other no sound at all. The smaller shadow, then, was awake. It was Star.

It seems unreal to me now, as it did then. I went over that intervening 10 yards as noiselessly as a hawk's shade over bad rock. The whites of Star's eyes rolled up at my looming figure. She had no way of knowing why this was crawling in at her out of the black prairie, but Indian-wise, made no outcry or motion. She was between her guard and me, leaving no way to get at him save over her.

It takes hundreds of nuts to hold an automobile together, but only one to jolt it apart.

Short on money, long on spending, seems to be the present-day situation with lots of people.

Mrs. Clarke Is Guest Speaker

Mrs. R. L. Clarke, guest speaker, talked on "The Use of Color in the Outdoor Living Area" Thursday at the Midland Garden Club meeting in the home of Mrs. I. E. Daniel. "You should outline your outdoor living area," Mrs. Clarke said, "with either a hedge or a fence." She explained that the taller evergreen shrubs should be planted first and the low flowers and borders should be used to fill in. For color, she suggested flowering shrubs and berries and plants such as phlox, daisies, larkspur and day lilies. "Use warm colors, such as yellows and reds, at the front and cool tones, such as blue and green, in the background," she said. Flowers with white blooms or plants with grey foliage should be used to keep the other colors from clashing, she added.

Visits Rose Garden
Following her talk, the club visited the rose garden belonging to M. S. Dickerson. Mrs. C. L. Link presided in the absence of the president. Others attending were Mrs. Frank Aldrich, Mrs. Harold Bahr, Mrs. L. E. Baker, Mrs. Elliott Barron, Mrs. Leslie Brown, Mrs. Sol Bunnell, Mrs. Harvey H. Conger, Mrs. J. M. Grimland, Mrs. Bob Hill, Mrs. Winston Hull, Mrs. Butler Hurley, Mrs. N. B. Larsh, Mrs. Lloyd Mills, Mrs. Karl Nichols, Mrs. F. J. Nicholson, Mrs. Hal Peck, Mrs. Hal Rachal, Mrs. E. E. Reagle, Mrs. J. B. Sanders, Mrs. A. P. Shirey, Mrs. George Stewart, Mrs. Robert Stripling, Mrs. Frank Stubbs, Mrs. R. E. Throckmorton, Mrs. Luther Tidwell, Mrs. Arthur Yeager, Mrs. L. C. Washenmeier, Mrs. James Watson, Mrs. George Abell and Mrs. L. H. Anderson.

CHRISTIAN CHURCH PLANS DINNER, BUSINESS MEETING

The annual dinner and business meeting for members of the First Christian Church will be held at 6:30 p.m. Sunday in the church. The election of church officers will be held. Clark Steinberger, chairman of the board, will preside.

Barbara York Will Ride In UN Float In Rose Festival

Barbara York, daughter of Mrs. and Mrs. R. L. York, will represent West Texas on the United Nations float at the 1961 Texas Rose Festival in Tyler Saturday.

The float was built to symbolize the world's hope for peace. Miss York will wear the colors of the violet.

This float is the eighth of the 22 which will carry out the parade theme "Treasure To Beauty."

Miss York is on one of the 12 floats being decorated by the French artist and decorator, Emile Robin. He is doing the entire Queen's section.

The first float will be carrying the festival officials and dignitaries. It will be shaped like a treasure chest with flowers of nearby states adorning it.

To Depict Star
The Armed Forces float will depict the Star of Texas and will symbolize the theme of defense.

Louisiana's float will feature the magnolia of the plantation country and the State flower.

The soft lavender lights of early morning in the Ozarks is the theme of the Arkansas float.

The Oklahoma float will be a covered wagon. The bluebonnet will be the theme of the Texas float. Ohio will be portrayed by a river cruiser. New England's float depicts the imagery of the early seafarers.

Mexico's float will be a blaze of color representing the gaiety of the country.

Sunday School Class Installs Officers

The Ruth Sunday School Class of the First Baptist Church installed officers Tuesday at a meeting in the home of Mrs. C. M. Dunagan. Mrs. Harris A. Smith, guest, was the installing officer.

Those installed were Mrs. Robert Burkett, president; Mrs. Dunagan, teacher; Mrs. C. L. Braswell, membership vice chairman; Mrs. J. B. Bain, minister's vice chairman; Mrs. Morris Hill, stewardship vice chairman; Mrs. J. C. Lawrence, fellowship vice chairman; Mrs. Felix Cox, secretary-treasurer; Mrs. C. W. Murray, calendar girl and treasurer.

Mrs. A. A. Jones, publicity chairman; Mrs. Harry Dickenson, Mrs. M. L. Butler, Mrs. E. J. Wecker, Mrs. Walker Dunn, Mrs. Charles Mathews and Mrs. Newt Saunders, group captains. Mrs. J. H. Moseley and Mrs. W. T. Shirey, service roll captains, and Alta Merrell, mission chairman.

Others attending were Mrs. Dub Hagler, Mrs. John Godwin, Mrs. Cecil Craft, Mrs. James Adamson, Mrs. Ted Soper, Mrs. R. K. White, Mrs. Wesley Martin and a guest, Mrs. R. L. Denton.

Exes To Sponsor Dance After Game

The Texas Western College Exes Association of Midland will sponsor a public dance following the Abilene Christian College-Texas Western College football game here Saturday night.

John Carrico and his Varsityians of TWC will play for the dance. All exes in Midland and the surrounding territory are invited to attend. Jerry Duncan, president of the TWC Exes Association, announced.

Kappa Gammas Observe 81st Anniversary

Recognition was given to "Founders Month" of the Kappa Kappa Gamma at the Thursday meeting of the Midland Chapter of the 81-year-old sorority.

Mrs. David Johnston was the hostess at a coffee in her home, 1308 West Kentucky Street, for the regular monthly meeting. The co-hostess was Mrs. Turner Wynn. A Halloween theme was used in the decorations.

College scholarships and fellowships, given by the national organization, were discussed by the group. The national organization has spent more than \$200,000 in the last several years on the project. The national sorority has purchased central office headquarters in Columbus, Ohio.

Attending from Odessa were Mrs. W. D. Noel, Mrs. Custer Russell and Mrs. James Scott.

Midlanders present included Mrs. Murphy Baxter, Mrs. Lyle C. Brooks, Mrs. O. T. Buskirk, Mrs. R. E. Clark, Mrs. E. A. Culbertson, Mrs. Roger Evans, Jr., Mrs. John Flanagan, Mrs. J. J. Gallagher, Mrs. Norman Hoffman, Mrs. Dan Lillis, Mrs. Lamar McLennan, Mrs. Clyde Parrish, Mrs. Dana Richardson, Mrs. Clark Steinberger, Mrs. W. R. Thams, Mrs. H. N. Uri and Mrs. J. E. McDonald.

The next meeting will be held November 1 in the home of Mrs. Buskirk, 1207 Bedford Drive. The co-hostess for the luncheon will be Mrs. Clark.

Mrs. Griffith Is YWA Hostess

Mrs. J. S. Griffith was the hostess to members of the YWA of the First Baptist Church at a meeting Thursday night in her home, 200 Club Drive.

Valera Williamson was in charge of the program, "Seeds Fallen on Fertile Ground." Those appearing on the program were H. A. Streeter, Nellie Clark, Jean Godfrey, Betty Clark and Winnie Scott.

Grace McCulloch, president, presided over the business session, when plans for the coming year, including the organization's Community Missions project, were discussed.

SPCA Contest Ends With Awards Sunday

The Midland Society for Prevention of Cruelty to Animals sponsored a contest during National Dog Week for children who wanted dogs.

Awards will be given at 2 p.m. Sunday at the Animal Shelter, 1702 East Wall Street. Each child will receive a puppy of his choice, with a free rabies shot and a dog license. Pictures will be taken.

Mrs. Alden Donnelly, president of the SPCA, has requested all the children who wrote letters to attend the event.

Midland Girls Enter Contest

Three Midland girls are attending the "Make It Yourself With Wool" contest in Kerrville this week sponsored by the Texas Sheep and Wool Growers Association.

Wanda Pain, Donna Howard and Carol Franks left Thursday with Mr. and Mrs. I. J. Howard.

MIDLAND GIRLS TO JOIN COLLEGE SERVICE GROUP

Barbara Walden, daughter of Mr. and Mrs. C. B. Walden, and Lynn Manning, daughter of Mr. and Mrs. L. O. Manning of Midland have been invited to join Wah Wah-tay-see, women's service organization at McMurry College.

To become a member of this group the student must be of advanced standing and be maintaining at least an all-round grade average of 15.

VACATIONING IN CALIFORNIA

Mr. and Mrs. Alan Norwood of Midland are vacationing at the Beverly Wilshire Hotel in Beverly Hills, Calif.

Daddy Ringtail

By WESLEY DAVIS

Daddy Ringtail And Father And Son

Shep was the father, and he was a large dog with long pants and one suspender, and a derby hat on top of his head above his floppy ears. Romulus was the son, and he was a small dog with short pants and no suspender, and no hat on top of his head above his floppy ears.

Why, Daddy Ringtail, your monkey friend, could not be sure that Romulus had floppy ears at all.

Romulus needed a haircut very much. Long hair hung down from his head to cover his ears and even his face so only his two black eyes shone through.

"Come along, Romulus," said Shep, the father. "Let's go get your hair cut."

"I don't want a haircut," said Romulus. "I want to be a sheep dog, and look after the sheep to frighten the dangerous wolves away."

"Now, now, now," said Daddy

Ringtail. "Go get your hair-cut first, and then you can be a sheep dog."

"No sir," said Romulus. "I want to be a sheep dog with long hair all over my eyes."

"Did you ever hear of anything so silly?" Shep asked Daddy Ringtail.

"No, I don't believe I ever did," said Daddy Ringtail.

"I don't know what to do with the boy," said Shep, and he took off his derby hat to scratch his head to help him think. Oh, but when he took his hat off, down tumbled his own long hair to cover his floppy ears and even his face except where his black eyes were shining through.

"Mercy me!" said Daddy Ringtail.

"Oh, I am a sheep dog myself," Shep explained, "and I like to have long hair to hide behind so the dangerous wolves can't see me when I bark to frighten them away from the sheep."

"I want to be a sheep dog with long hair like Daddy," said Romulus.

"You need a haircut!" shouted Shep, the daddy.

But Shep was needing a haircut, too, Daddy Ringtail explained, and of course he should get one to show little Romulus how really a haircut is nothing at all to a good sheep dog. After all, if you're going to look after sheep, the looking is easier when you don't have hair in your eyes. Happy day!

Democrat Kayoes Hopeful Hijacker, Saves Hamburger

WASHINGTON (AP)—Representative Sutton (D-Tenn.) knocked down—and possibly out—an unidentified would-be hijacker Thursday night in a block from the U. S. Capitol, and never let go of a hamburger he had clutched in one hand.

Sutton, 35 years old and a Purple Heart veteran, reported to police that he had been visiting a friend during the evening and went out to bring back a hamburger. Near the Capitol, he said, he was stopped by a man who pulled a gun on him.

"It looked like a .45 automatic," Sutton told police, "but he was wide open for a right," which Sutton let him have. When the congressman returned from phoning police, the assailant had fled.

He said the man was about six feet tall and weighed about 180 pounds. Sutton tips the scales at about 200 and is six feet, two and a half inches tall. He admits to some Golden Gloves boxing experience.

FREEDOM OF THE PRESS—From Zenger to Gann

First American martyr to press freedom was John Peter Zenger, editor of the St. Louis Observer, an outspoken anti-slavery newspaper. After a conspiracy of silence against him in St. Louis, Lovejoy moved to Alton, Ill., seeking greater freedom of expression. But he was quickly disappointed, for a mob destroyed his newly-arrived printing press as it lay on the banks of the Mississippi River.

Lovejoy attacked this attempt to intimidate the free press with such force that a second press was demolished and a third thrown into the river. Still he refused to be silenced. When one attempt on his life failed, he was broken into Lovejoy's bedroom and attacked him. Only the desperate resistance of his wife and mother saved Lovejoy from violent death.

Ordered to leave Alton, Ill., after his press was destroyed, Lovejoy moved to Alton, Ill., seeking greater freedom of expression. But he was quickly disappointed, for a mob destroyed his newly-arrived printing press as it lay on the banks of the Mississippi River.

Rancher Who Lived 14 Years in Texas Freed From Prison

KERRVILLE (AP)—Allen Baker, rancher who lived a respectable life 14 years after his escape from prison at Chester, Ill., has been paroled by Illinois.

He was headed home Friday—accompanied by a loyal wife who helped secure the former Seabee's freedom.

Baker, 47, was arrested for a traffic violation in June. During a routine fingerprinting, it was discovered he had escaped from Chester.

He was returned, but his wife immediately began working for his release. She obtained hundreds of letters attesting to his character, among them one from Governor Shivers.

Baker was paroled from prison Thursday to his wife and will come under the supervision of the Texas Parole System during his three-year parole.

Baker was convicted in 1932 as an accessory to the robbery of a Jacksonville, Ill., couple and was sentenced to prison under his real name of Clarence Cahall.

In October, 1937, he escaped and came to Texas.

During World War II he served three years with the Seabees in the Pacific. After his discharge he married Mrs. Baker and took over management of her ranch.

Ten per cent of all drivers involved in automobile accidents in 1949 were women.

Newspaper Boys Are Young Businessmen; Distribute Paper, Good Weather Or Bad

Saturday is National Newspaper Boy Day.

If The Reporter-Telegram had a Saturday edition, it would be just another work day for the 75 or 100 boys—who bring the paper to you.

As it is, they will be at work in the wee hours of Sunday morning, handling the oversized Sunday edition.

Here is the seatful, youthful personality of a newspaper. The newspaper boy has an important part in publication. What matters all the many tasks of getting out a paper, if it isn't distributed?

Newspaper boys are young businessmen. Long gone are the days when undernourished waifs fought for a favorite corner on which to sell. The 1951 newspaper boy may come from a well-established home.

He works with the whole-hearted support of his parents and his employer.

The money he makes may be spent on himself or to help his folks. He watches closely those nickels and dimes you pay him. They become mighty important when payment on his scooter, bicycle or automobile rolls around.

Also, he may use them to help dad pay for all of those movies and sodas a growing boy needs.

Don McGee, 15, is one of a number of newspaper boys working for The Reporter-Telegram. Don is a sophomore in Midland High School. He delivers two routes by automobile—his automobile. He has routes 1 and 20. Number 1 takes in West Storey and West Kansas Streets. Number 20 is along West Missouri Street.

He throws about 210 papers. He can cover his routes in 30 to 45 minutes on good-weather days.

Don graduated from selling Reporter-Telegrams on the downtown streets to a route boy. He makes about \$125 a month.

Newspaper boys are divided into two divisions. One group of boys handles street sales; others deliver the routes and are carrier-salesmen.

There are about 43 routes in Midland. They extend from city limit to city limit, in all directions.

Not All Routes
Life is not all roses for newspaper boys. They work hard. In good weather and bad—the paper has to be sold and delivered. Competition among them is sometimes fierce, but not unfair.

Pine men have come from newspaper boys. The training for life is helpful to the lads. They learn how to take the good with the bad. They bump up against problems—problems they alone must solve.

It is not easy to get out of a warm bed about 1 a.m. Sunday and go to work. It's dark and it may be cold.

And some of the street salesmen are little tykes, too. Some even are as young as seven years, although the average is around 12 years.

Dependability is a valuable asset to a newspaper boy. Did you know when you fall to get your paper, he gets a "kick." And "kicks" cost money. It's a sort of fine for missing a delivery.

Newspaper boys guard against these "kicks." They come few and far between for most of the boys.

The newspaper customer becomes a friend of the newspaper boy. A home customer may be just a number for a while but soon the delivery boy gets to know his customers. And they know him.

Great skill in selling newspapers is acquired in time by the boys who sell them.

"Paper, mister," changes to an enticing appeal, complete to detail, as the boy learns salesmanship. Newspaper boys are honest. If a boy is not, the newspaper doesn't want him.

Love Finds Way For Briton Ousted From Post In Iran

ABADAN, IRAN (AP)—Love kept a stubborn, red-haired British oil man in Iran—in hiding—but his girl got out and now he has left, too.

John Stevens, 28, for three years an oil engineer in the Anglo-Iranian oil refinery here, fell in love with brown-eyed, five-foot Annah Boghassian, 18. She was the daughter of an Iranian national working with the company as a construction engineer.

But Iranian authorities refused to allow them to marry.

Stevens was supposed to leave with the 315 other British who were evacuated Wednesday and Thursday from the oil area taken over by the Iranian government.

He went into hiding, determined to be near Annah.

Then he learned that by a ruse she had gotten over the border into Iraq Thursday.

Stevens came out of hiding, reported to the British consul in Khorramshahr, and was sent to Basra, the last oil man out.

The wedding was scheduled Friday in Basra.

Dr. Robert S. Leith Is With Scott Clinic

The association of Dr. Robert S. Leith, formerly of Brighton, Mich., with the Scott Clinic, 1300 West Wall Street, Midland, was announced Friday.

Dr. Leith attended Westminster College in Fulton, Mo., where he was a member of Alpha Phi Omega, national service fraternity. He graduated from Northeast Missouri State Teachers College at Kirksville. He is a veteran of World War II, having served more than three years in the U. S. Navy as a physical therapist.

The Midland newcomer, a graduate of Lincoln Chiropractic College at Indianapolis, Ind., is married and has three children.

APPOINTED TO OFFICE
Martin Mogford of Midland recently was appointed electrician of the Silver Pack Theater, Eastern New Mexico University Drama Group.

Young Willingham uses the money he makes selling papers to buy his "school supplies and things, sometimes clothes."

His ambition is to get a route. Meanwhile, he's busy with street sales. He is one of the many young businessmen of Midland—a newspaper boy.

Art Exhibit Slated Here October 9-12

An exhibit of 150 masterpieces of art is scheduled at the West Elementary School October 9-12.

The exhibit is sponsored by the P-TA of the school to raise funds to purchase pictures.

Show hours are 9 a.m. to 5:30 p.m. daily during the exhibit. Also night showings are being arranged.

Pictures may be purchased. The school receives a percentage of the sales.

A similar exhibit last year at Midland High School was declared successful and 16 pictures were obtained for the school.

In 1917, Congress passed a law requiring literacy tests to limit immigration.

Bodies Of War Dead Returned To U. S. A.

The bodies of 613 Americans who lost their lives as a result of the fighting in Korea are being returned to the U. S. aboard the Kmouth Victory, the Department of Defense announced Friday.

Included in the list of dead being returned are Second Lt. Joe W. Atkins, Abilene; Cpl. Marvin Beard, Denver City and Pvt. Jesse Perkins, Big Spring.

Pains, distress of "those days" stopped or amazingly relieved
In 3 out of 4 cases in doctors' tests!

Here's wonderful news for women and girls who—each month—suffer the tortures of "bad days" of functionally-caused menstrual cramps and pain—headaches, backaches, and those "no-good," "dragged-out" feelings.

It's news about a medicine famous for relieving such suffering!

Here is the exciting news. Lydia E. Pinkham's Vegetable Compound—gave complete or striking relief of such distress in an average of 3 out of 4 of the cases in doctors' tests!

Yes! Lydia Pinkham's has been proved to be scientifically modern in action!

This news will not surprise the thousands of women and girls who take Lydia Pinkham's regularly and know the relief it can bring.

And it should encourage you (if you're not taking Lydia Pinkham's) to see if your experience doesn't match theirs... to see if you, too, don't avoid the nervousness and tension, weakness, irritability—and

Lydia Pinkham's works
It has a "soothing" and "soothing" effect on the uterus... quieting the contractions (see the chart) that so often cause menstrual pain, cramps, other distress.

pain—so often associated with "those days!"
Remember Lydia Pinkham's, too—if you're suffering the "hot flashes" and other functionally-caused distress of "change of life."
Get Lydia Pinkham's Compound or new, improved Tablets with added iron (trial size only 59¢). Start taking Lydia Pinkham's today!

THE PILLAR OF CLOUD and THE PILLAR OF FIRE

It happened three thousand years ago. A pillar of cloud and a pillar of fire were the symbols of Divine Guidance. By them, God led His chosen people through the wilderness.
Hardly the same thing as an atomic explosion . . . and yet, is it possible that this modern pillar of cloud and fire is leading men through a modern wilderness!
The fearful knowledge of the extent to which man has perfected the "art of destruction" is awakening the world to a new appreciation of the importance of spiritual guidance.
Next Sunday—World Wide Communion Sunday—millions of men and women will unite in solemn observance of one of Christianity's holy sacraments. There will be new faces at thousands of altars, men and women who have only recently begun to realize where man's Hope is to be found.
God again appears in a pillar of cloud and fire!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Bulldogs Meet Brownwood Lions Here Friday Night

QUARTET OF MIDLAND MINERS—Shown are four ex-Midland Bulldogs who are members of the Texas Western football team which plays ACC here Saturday night. Left to right are: Back Jack Burris, End Duane Bush, Guard Jerry Culp and Back Billy Medart.

Battle Cry Of Midland Is 'Stop Sharp-Shooter Fry'

The standout AAA football game in Texas unfolds in Memorial Stadium here Friday night. Kickoff time is 8 p.m.

Meeting are the Midland Bulldogs of Coach Tugboat Jones and the Brownwood Lions of Coach Abe Houston.

Both elevens are undefeated in 1951 competition. Each has a victory string of three. The Bulldogs have batted down three AAAA teams in a row, San Angelo, 21-0, Yelets 7-0, and Crozier Tech (Dallas) 28-9. Brownwood has measured Coleman 33-12, Lamesa 40-13 and North Side (Fort Worth) 33-14.

Brownwood, then, is favored. The Lions come here confident of at least a two-touchdown edge. Their offensive record seems to bear out their confidence.

But the Bulldogs are waiting for them—gunning for an upset. The Purple points to its fine defensive record. MHS has allowed but 15 points to be scored against it in three games. While these 15 points were being scored, Midland tabbed 56. The battle cry is: "Stop Fry."

All-State Performer
Leonous Fry is the great passer and runner of the Lions. He is the lad who passed Midland to defeat in 1950, popping an undefeated string of the Bulldogs then. He is the lad who has sparked the visitors in three 1951 victories without a loss. He is the Brownwood offense. Fry stands five feet, 10 inches and weighs 170. He is an all-state performer.

Midland's ability to stop Fry's aerial darts and the tricky spread formation of the Lions will have a big bearing on the outcome.

Buckled down and ready to charge Fry is a big Midland line, anchored by such huskies as Stan Coker, Pete English and Dalton Byerley. Midland's terminals, ready to rush, include Jimmy Lineberger and Billy Mims.

The Bulldogs have a passing attack of their own, don't discount it. Big Ralph Brooks can chunk with the best of them. But it is his crunching power at running which dents the opposition.

Midland will outweigh Brownwood. A record crowd for the 1951 season is expected to be on hand for the Friday night stand-out tilt. Tickets sold at a rapid rate Thursday afternoon and Friday morning.

Grinding Team
Midland has the grinding, slow to anger, ball club that scores against everybody, whether it can score

Milwaukee Wins In Little World Series

MILWAUKEE —(AP)— Milwaukee jerked the rug from under Montreal Thursday night with a wild scoring binge which turned an eight-run deficit into a 15-10 victory and gave them the 1951 Little World Series championship.

Milwaukee of the American League, went into the bottom of the third inning trailing 10-3 but had tied the score at 10-all by the sixth and possessed its winning margin by the end of the seventh. It was their third straight decision over the Royals of International League.

Sign Of Time—No Balls To DiMaggio

NEW YORK —(AP)— Joe DiMaggio is the first to recognize the fact that opposing pitchers no longer hold him in the awe they once did.

"Did you know," DiMaggio recalled after Thursday's game, "that Koolo didn't throw me a single ball?" The Yankee Clipper filed out four times in four times at bat.

JC's Find Senior Colleges Too Much

By The Associated Press
The junior colleges found the going rough against senior college teams Thursday night in Texas.

Blinn Junior College took a 28-13 strapping from the Texas A&M freshmen. Cisco Junior College was licked, 26-13, by Midwestern University's B team. Deatur Baptist Junior College was blasted, 34-0, by the North Texas State College B team.

Arlington State beat Henderson County, 21-6, and Wharton licked Allen Academy, 32-6.

Friday night Del Mar plays Schriener at Kerrville. Tarleton State meets Cameron Argies at Lawton, Okla.; Navarro entertains Ranger at Corsicana; Victoria tangles with San Angelo at Victoria, and Paris and Tyler play a Big Six Conference game at Tyler.

Not All Home Run Balls To Spectators

NEW YORK —(AP)— Alvin Dark, New York Giants shortstop, has the ball which he parked in the left field stands Thursday for the first World Series homer.

Cliff Barton of Providence, R. I., presented the ball to the Giant captain after the game.

Bobby Thomson still is looking for the holder of his dramatic home run ball hit in the ninth of Wednesday's playoff against Brooklyn to send the Giants into the series.

Barons Biff Buffs, Win Dixie Series

HOUSTON —(AP)— Crafty old Mickey Haefer and Fireballer Herschel Freeman beat Houston out of the Dixie Series.

They beat the Buffs, 4-2, Thursday night on three hits to give Birmingham the series, four games to two.

That saved Houston's police the headache of the traffic jam that would have resulted Friday night from the seventh game of the series and the circus going on at the same time, at the same place. The circus tent is on the baseball parking lot.

The estimated difference between the winning and losing share for each player is \$400. Birmingham Barons pull down a little more than \$1,000, the Buffs a little more than \$600.

A big, three-run first inning, the three-hit pitching of Haefer and the brilliant relief work of Freeman, who faced the last two Houston batters, won for Birmingham.

The three runs in the first came on four of the Barons' 10 hits off Mike Clark and Jack Crimian.

The total net for the six-game series was \$111,572.20. The players' share was \$36,048.06.

NEWEST FORT WORTH HOTEL OPENS SUNDAY
FORT WORTH —(AP)— The new \$2,000,000 Western Hills Hotel formally opens its doors Sunday with a public open house.

A 204-pound cake, a scale model of the hotel and its grounds, will be served to visitors.

Columbium is an important metal used in steel alloys to improve ability to withstand high temperatures.

RH's City Golf Meet Postponed

The annual Citywide Golf Tournament of the Ranchland Hill Country Club has been postponed until November.

Match play in the tourney was scheduled to begin Thursday but officials said unfavorable weather prompted the postponement.

The windy weather cut down the number of golfers.

Plans are underway for a bigger and better joust in November.

Reports Say O'Neill Out With Red Sox

NEW YORK —(AP)— Reports indicated Friday that Steve O'Neill is through as manager of the Boston Red Sox.

A reliable source said Tom Yawkey, president of the Red Sox, is contemplating a drastic shakeup of the front office involving General Manager Joe Cronin, O'Neill and Lou Boudreau.

The informant said Cronin is slated to move to Washington as general manager. Boudreau is to be elevated from the playing ranks to succeed Cronin and Frank (Pinky) Higgins of Dallas is to be brought up from Louisville of the American Association to displace the popular O'Neill.

Signing Ban Due For Compromise Or 'Can

COLUMBUS, O.—(AP)— Organized baseball's ban against signing high school players is heading for a compromise—or the ashcan.

Baseball doesn't care for the agreement which prevents clubs from contacting kids until their high school class has graduated, and unless something is done about it the rule will die January 1.

A meeting is scheduled here October 15, between a major-minor baseball committee and representatives of the National High School Federation, at which a compromise may be reached.

OIL WORKER INJURED

Johnnie M. Ellison, 90, West Washington Street, an employe of the Standard and Fryer Drilling Company, was given emergency treatment at Western Clinic-Hospital Thursday for rib injuries received in an accident while on the job.

Let's talk Shoes ...
All my friends know I'm in the shoe business so naturally when ever I'm in a group of fellows just chatting, somehow the conversation drifts to shoes.
They ask me, "Why are shoes so high?"
"Do you think they're going down?" "Do you think they're going up?"
Let's talk shoes and shoe prices ...
Let's face the facts ... You men have made your minds up ... you're on a buying strike ... when you normally (at this time of year) are on a buying spree.
You're long on dollars but these shoe and clothing dollars are going into savings rather than shoes. You haven't liked the prices. You've stopped shopping, and that's bad.
Bad for us ... bad for you ... because shoe prices are definitely going up again for Spring '52.
The only way we know to bring you back is to make the price of the shoes we own more attractive than the dollars that you own.
That's the story behind the timely reduction on British Walker Fine Shoes ... that's our move.
We don't propose to tell you how to spend your money but a smart move would be to buy your shoes now ... not later, but NOW.

Colleges ACC And Texas Western Collide In Midland Saturday Night.

TEXAS STEAL—Monte Irvin of Giants steals home safely in first inning of World Series opener at Yankee Stadium, New York. It was the first time a player has stolen home in a World Series game in 30 years.

Destiny-Dating Giants Pop Yanks With Port-Sider; Irvin Goes On Slug Spree

NEW YORK—(AP)—Leo Durocher's winning gamble with Dave Koslo gave the New York Giants an edge Friday in their World Series date with destiny—and the New York Yankees.

Apparently Durocher can do no wrong in this most remarkable comeback story in all baseball history. He took a chance with his No. 4 pitcher Thursday and got away with it, 5-1, against Allie Reynolds, who "warmed up" for the series with a no-hitter against the Boston Red Sox.

Despite Koslo's seven-hit mastery, Monte Irvin's prodigious deeds and Alvin Dark's three-run homer, the Giants' opening victory at Yankee Stadium was a dramatic "morning after" to their glorious pennant clinching of Wednesday.

That man Irvin, finally hitting his stride as one of the great hitters in modern day baseball, really had himself an afternoon against Reynolds.

All year Durocher has been pointing to Irvin and shouting "That's my man." Now 35,573 fans, who didn't quite fill the stadium, and millions of radio listeners and television viewers know why.

Monte tied a series record with four hits, one a triple, stole home against Reynolds with the second Giant run in the first inning and contributed two fine catches. What more can a man do in his first World Series game?

Irvin and Koslo were the story until Dark hammered his homer into the left field seats in the sixth. That nailed it down for Koslo, the 31-year-old control artist from Menasha, Wis.

to 2-1 until Dark lashed his homer following Wes Westrum's single and a walk to Eddie Stanky.

Box score for the game between Texas Western and Abilene Christian College. Includes batting averages and totals for both teams.

Box score for the game between New York Yankees and New York Giants. Includes batting averages and totals for both teams.

A Yankee run in the second on Gil McDougald's double and Gerry Coleman's single, that Hank Thompson also fumbled, closed the gap

to 2-1 until Dark lashed his homer following Wes Westrum's single and a walk to Eddie Stanky.

to 2-1 until Dark lashed his homer following Wes Westrum's single and a walk to Eddie Stanky.

to 2-1 until Dark lashed his homer following Wes Westrum's single and a walk to Eddie Stanky.

Benefit Tilt Sponsored By Optimists To Help Boys Down Sportslane

—With Tanner Laine

It's college football in Midland Saturday night. Coach Mike Brumbelev's Texas Western Miners collide headon with Coach Garvin Beauchamp's ACC Wildcats. Kickoff time is 8 p.m. The contest is sponsored by the Midland Optimists Club. Site is Memorial Stadium.

Neutral Midland has up lots of talk for the game. Exes of both schools are among citizens here. Backing will be strong for both eleven. Bands and pep legions of both schools are coming.

It's a natural. Both Brumbelev and Beauchamp are former Midlanders. Brumbelev was in the sporting goods business here before going to TWC. Beauchamp coached Tugboat Jones' line before heading back to his alma mater, ACC.

EL PASO—Texas Western College's Miners take to the road this week to tangle with the Abilene Christian College Wildcats in a neutral site at Midland.

Coach Mike Brumbelev's Miners showed marked improvement last week when they trounced the New Mexico Aggies 41-7 after dropping the season opener to North Texas State. The ACC team, defending Texas Conference champions, holds a victory over East Texas State and has lost to highly rated Drake University and Chattanooga.

The game will mark Texas Western's return to the Permian Basin area, having last played there in 1948 in Odessa. With a large part of the Miner squad hailing from West Texas, it will be a homecoming occasion.

With freshmen and sophomores dominating the Texas Western squad, the Abilene Christian team is rated as slight favorites.

Sparking the Miners offense is Dick Shinaut, triple-threat sophomore quarterback, and John Connel, 185-pound senior speedster at fullback. Big guns in Coach Garvin Beauchamp's ACC line-up are Quarterback Ted Sifton and Fullback Tommy Henson.

ABILENE—Battered but perhaps wiser as a result of their 23-to-7 beating last week in Chattanooga, the Abilene Christian College Wildcats go to Midland Saturday for a night skirmish with the Texas Western College Miners.

The game is being sponsored by the Midland Optimist Club. After three games the 'Cats are still hunting an offense that will produce touchdowns rather than statistics. ACC held the statistical edge over Chattanooga but lost by 28 points.

The Miners also are acquainted with defeat, having lost their opener to the Strong North Texas State Eagles. But TW rebounded nicely last week with a second half spurge that swamped Joe Coleman's New Mexico Aggies, 41 to 7, after holding only a 13-to-7 halftime lead.

ACC lost its opener to Johnny Bright and his Drake Bulldogs but came back to trim East Texas State, 14 to 6, before the mis-match with Chattanooga.

The Miners, although advertised as young, inexperienced and laden with beginners, will be plenty tough, according to scout reports from Assistant Coach Bill McClure, who watched the Miners trounce the Aggies last week.

Center Wallace Bullington, who suffered a head injury in the Chattanooga game, was advised against working out this week and probably won't see action in Midland. Tackle Lester Wheeler, Guard Fay Treadway and Halfback Dick Feltz have had injuries but will see at least limited service in the Wildcat-Miner contest.

NEW YORK—(AP)—The college football map is dotted with big games Saturday. The most important from a national standpoint will be spread before the paying customers at Columbus, Ohio, and College Station, Texas.

A sellout throng of about 40,000 will take in the tussle at Kyle Field between Oklahoma and Texas A&M under the lights. Oklahoma, voted the nation's No. 1 team last Fall, is favored to repeat as the Big Seven Conference champion, while the Texas Aggies have high hopes of copping the Southwest Conference crown.

A capacity crowd of 81,000 will jam Ohio Stadium at Columbus, where Michigan State College puts its No. 1 national rating on the line against an Ohio State team touted as the best in the Big Ten and a potential Rose Bowl visitor.

Oklahoma was placed in the No. 4 spot in the first weekly poll, while Ohio State got No. 7 ranking, and Texas A&M No. 10.

The California Bears, No. 2 team after posting Pennsylvania, entertain Minnesota at Berkeley.

Chief interest on the Pacific Coast Saturday is in Seattle where Southern California meets Washington. 'Crib-Weakened' Army

Army's crib-weakened forces hit into the Midwest to meet North Carolina. Always dangerous North Carolina visits Austin to meet tough Texas, the nation's No. 4 team.

Other inter-sectional games include Stanford at Michigan, Baylor at Tulane, Missouri at SMU, Duke at Tennessee against the No. 3 team, and Rice at LSU.

Georgia Tech goes against Kentucky at Lexington with Georgia at Mississippi State and Alabama at Vanderbilt.

Illinois, the nation's No. 8 outfit, entertains Wisconsin in a major Big Ten fray, with Iowa at Purdue.

Maryland, the No. 9 team, is home against George Washington. Clemson plays at night against North Carolina State.

The East finds several big games. Princeton plays at Navy, Dartmouth at Pennsylvania, Cornell at Colgate, Harvard at Columbia, Fordham at Holy Cross, and Penn State vs. Villanova.

Notre Dame No. 5

Notre Dame, a surprising No. 5 in the rankings, takes on Detroit at Detroit Friday night. Other games Friday night include Boston University at Louisville, Boston College vs. Mississippi at Memphis, and Oklahoma A&M vs. Washington State at Spokane.

Other Saturday games include: TOU at Arkansas, Kansas at Colorado, Pittsburgh at Indiana, Nebraska at Kansas State, Iowa State at Marquette, Idaho State vs. Oregon State, Oregon at College of Pacific, Santa Clara at UCLA, Utah State at Wyoming, Brown at Yale, Montana at Denver, New Mexico at New Mexico A&M and Texas Tech at Houston.

HUNTERS SEEK ANTELOPE

MARFA—(AP)—Hunters from 60 towns—supervised by 31 game wardens—combed ranches in this area Thursday and Friday in the second and largest of three hunts for prong horned antelope.

With a heralded passing battle due Friday night in Memorial Stadium, with Leondous Fry tossing for Brownwood and Ralph Brooks throwing for Midland, let's study that weapon a little.

It is the glamor play of them all. It is an explosive charge that caused football to draw millions. It is the equalizer. It is the play that decided 78 per cent of the 300 major games reviewed by Jeff Gravath in the last two seasons.

From the beginning, the pass has been unique, individual and thrilling. It was conceived in brutality, born of presidential edict.

In 1906, President Theodore Roosevelt saw a bloody gridded picture and he served notice on the colleges that they would have to clean up or close down the game.

Somewhere in the rules, the boys found this clause: "The attacking team may pass the ball towards the opponent's goal."

That did it! You have all heard the story of when Rockne and Dorais got together in the Summer and worked out passing, which enabled Notre Dame to beat Army 35-13 in 1915. This still didn't sell the forward pass to all grid teachers.

Only in the Southwest was passing taken seriously. Still it was hazardous. None of the artistry of today was practiced then. SMU got on the pass wagon in 1915 and rode to glory on it. The coach was Ray Morrison who developed the famous aerial "Circus."

Alonso Starg ranked high among early users. He was teaching passing as early as 1910. Dutch Meyer of TCU was the foremost exponent of the pass in the 30's. He developed Sammy Haugh and Davey O'Brien, two of the greatest.

Now, everybody's doing it. One of the best virtues of the pass is its ability to keep the game alive.

Who have been some of the game's best hurlers? Well, Sid Luckman, Dixie Howell, Brick Muller, Jack Buckler, Cecil Isbell, Otto Graham, Bob Waterfield, Barry Wood, Norman Van Brocklin, Dutch Clark, Tommy Thompson, Bobby Layne, Charley Conery and Fred Benner, to name a few.

Receivers make the passers look good. Who have been the great catchers? Well, Don Hutson, Bennie Gosselman, Mal Knizer, Walter Roach, Roney Peole, Wear Schoenover, Wes Fesler, to name a few.

They say you have to see a pro game to see passing at its best. We will take some of the high school variety Friday night because it has the "old oomph!"

This being National Newspaper Week, we thought it might be good to do some research on the subject: "What is a Sportswriter?" Here is what J. G. Taylor Spink of The Sporting News says:

"Sports writing might well be regarded as a combination of not only a knowledge of what takes place on the field, in a stadium, or in an arena, but also, the fundamental rules, the ability of the various participants, then reporting what one sees for the benefit of thousands of sports followers, some of whom have witnessed the event."

"In order to be a good sportswriter, a man must be a student of the game he covers; he must not only be a keen observer but an analyst—and also a first-class writer. It is the man who reads what the sportswriter writes who is the most critical and believe me, he is the best-informed reader in the world."

"Sports writing permits greater freedom of expression than ordinary news writing. You have a chance to develop an individual style. However, good sports writing also demands simplicity."

"The young writers coming up today are better educated—or at least

more of them have college diplomas. But it seems to be we have lost something through the years. It is up to the young fellows, then, to revive the sparkle that once shone on the sports pages, the freshness and devotion of the old masters such as Hugh Fullerton, Ring Lardner, Abe Yager, Ed Bang, Joe Jackson, Bill Hanna, Sid Mercer, Damon Runyon, Heywood Brown and Joe Ayala, to mention only a few who flourished."

ROUNDIN' UP THE STRAYS... Zeke Bonura will come out for the annual Winter meeting of the Longhorn League slated October 14...

Some lucky Midlanders at the World Series include Mr. and Mrs. J. C. Smith, Mr. and Mrs. Marion Flynn, Mr. and Mrs. J. M. White...

Priest, newly-appointed groundskeeper at Indian Park, is on the job... Harold Webb, the old round man, now is raising show cattle and will have a few head in the State Fair...

There are five Odessa boys on the Texas Western roster and four Midlanders... And just to make the Saturday night game here with ACC attractive, there are two boys from Wink on the TWC squad,

one each from Stanton, Monahan, Crane and Andrews... ACC has boys from the Sweetwater and Abilene area... Larry King is ill with flu... Here's a get-well quick message from the Lane to the Row...

At if the Texas Aggies weren't fortified enough, they have a freshman team coming up that can move on the ground... The Ag fresh whipped Blinn Junior College, 13-9, Thursday night... One of the big questions concerning the Yankees is whether Joe DiMaggio will carry out his threat to retire before next season... He appeared in his tenth and record-tying series Thursday...

But didn't do much... Speaking of Yankees, a Southern sportswriter recalls that in a high school game, a loud fan boomed: "Stop those Yankees"... And just then the public address announcer said: "That last run was made by Robert E. Lee"... Hank Greenberg says the trouble with the Indians this year was the Yankees... They are raising an old building at the old home town of Spur and my dad found a vintage sports page from the Star Telegram of yesteryear—1916... It is a study in makeup and content compared with a sports page of today... Ads on the page are for those high collars guys used to wear... Waco in the Texas League was called the Navigators... San Antonio was called the Broncs... We hope Fry will be in the trying pan before Friday night is gone... 30 for strays.

IS YOUR PROPERTY FOR SALE?
In the past month, we have sold better than \$300,000 worth of property, and now we are practically out of small home listings. We have cash buyers coming to our office each day, and we have to turn them away because we do not have a variety of small homes. Regardless of where your home is located, we would like to have the sale of it. If your home or property is for sale, list it with us for immediate action!

IS YOUR PROPERTY FOR SALE?
Both have their good points. The dollar is deflating downward, and real estate prices have advanced upward. And they seem to be getting further apart. It is your money to do with as you please. If you are real estate minded, how about this: Two new masonry duplexes, "side by side," with a total income of \$460 per month. Where on earth will you find more revenue per dollar than this on a total amount of capital invested of \$31,000?

Dr. Joe Sutton Joins Clinic Staff Here

Dr. Joe W. Sutton of Uvalde has associated himself in practice with Dr. Henry Schlichting, Jr., of Midland Naturopathic Clinic.

Dr. Sutton is the son of Judge O. R. Sutton, associate justice, Court of Civil Appeals, Eighth Supreme Judicial District, of El Paso.

Recently Dr. Sutton, a naturopathic physician, has done post-graduate work at the Southern College of Naturopathic Medicine in Knoxville.

No Scot Sets—Wanted: One Dozen Teetotal Tailors

EDINBURG, BOCKLAND —(P)—Wanted: One dozen teetotal tailors to split up the yearly income on \$18,000.

They must prove to the City Council they haven't touched a drop since 1948 and need the money. That's all.

This bizarre state of affairs came about Friday because of Robert Cranston, a two-fluted non-drinker who died in 1953 at 77.

Cranston, a militant temperance man, made a fortune in the cloak and suit trade here in the late 1800's.

In those days, the tweed mechanics of Edinburg were notorious as the worst Scots sots of the lot. Most died broke.

Cranston took a dim view of this. So before he died, he determined to provide some water wagon bait for his bleary-eyed associates.

In his will, he directed that as certain annuities to his relatives expired, the money he set aside until \$18,000 had been accumulated.

He ordered that the income from this fund then be divided each year "among 12 poor and deserving operative tailors or widows of operative tailors in necessitous circumstances." They must prove they have not taken a drop in three years.

Chinese—

(Continued From Page One)

from Yoncheon seven miles south to the 38th parallel. They fought off one Red counterattack late in the day.

The Allies' western offensive, powered by 100,000 men, racked up "limited gains by those UN elements which are attacking," an officer reported.

The Third Division took a key hill in the center of the line without firing a shot. The Chinese vanished during the night.

Australian and British infantrymen of the First Commonwealth Division pushed forward against weakening opposition. They virtually completed capture of the last few hills of a line between the Imjin and Samichon Rivers.

Between these sectors, the First Cavalry Division beat off counterattacks by thousands of Chinese who stormed down off their hills in the early morning hours.

1,300 Enemy Casualties

Third Division troops, fighting west of Chorwon on the right flank of the cavalrymen, mopped up Red positions after inflicting an estimated 1,200 casualties in the first two days of the limited offensive.

They found Chinese defenses on the abruptly abandoned hill and stood up remarkably well under continuous blasting from Allied artillery.

Most of the deep Red emplacements still were intact.

The hill, at the western end of what is known as "Bloody Angle," had been blasted six days by UN artillery.

The Chinese had taken their dead and wounded north.

The Third Division had penetrated their main line by capturing a hill just to the north of the previous day.

Third Division officers said the Reds lost an estimated 500 dead, 582 wounded and 35 prisoners in the hills alone.

Scattered Resistance

In the south, the tank-supported Australians and British pushed through scattered resistance as the Chinese withdrew northward.

The Allied advance in the eastern front carried United Nations forces 1,000 yards forward just west of Paean, 21 miles north of the 38th parallel.

Three miles east of Paean, five tanks and supporting infantry made a blazing sortie up the Sochoon River Valley. They reached Satae, midway between Paean and the northern tip of the captured Punch Bowl. Both actions were north of Yangju.

Reports from the eastern front Friday said the Reds were planning a new win-the-war offensive for October 29. Other reports, possibly only rumors, said a Red offensive was set for next Friday.

The October 23 date was reported by anti-Communist North Koreans. They attributed it to North Korean political officers.

Governor Receives Blount's Resignation

AUSTIN —(P)—Resignation of R. E. (Peppy) Blount of Big Spring as representative for the 91st Legislative District was announced Friday by Gov. Allan Shivers.

A special election will be called November 13 to fill the vacancy. The election will coincide with balloting on five constitutional amendments and 11 other replacements for resigning state representatives.

Blount, a former University of Texas football star, now is assistant freshman football coach at the university.

The U. S. cotton textile industry is surpassed only by that of the United Kingdom.

Shivers Edges Bit Closer To Political Decision About 1952

AUSTIN —(P)—Gov. Allan Shivers edged a little closer to announcement of his political intentions Thursday.

He said he definitely will run in 1952 and narrowed the offices he might possibly seek to the U.S. Senate seat held by Tom Connally, or a new term as governor.

Shivers said he hadn't decided which.

He said a good time for decision would be "around the first of the year."

Would he consider any office than senator or governor? he was asked.

"What else is there to run for?" Shivers shot back.

Shivers called a news conference his first day back from the National Governors Conference at Galveston, Tenn.

He fired a broadside at pro-Truman leaders who have called a meeting of "loyal Democrats" in Austin October 13.

Russell, the Okay

"Loyal to Texas? Loyal to What?" asked Shivers. "I've always voted the Democratic ticket. I'll put my patriotism and loyalty up against anybody."

The governor renewed his suggestion that Texas support someone other than President Truman for the nomination next year.

He said Senator Richard Russell (D-Ga.) would be a good candidate.

So would General Eisenhower, if he decides whether he is a Democrat or Republican, Shivers added.

Whom would Shivers support if Eisenhower were the Republican and Truman the Democratic nominee?

"I think it would depend a lot on what the candidates stood for," he replied. "As long as I hold office on the Democratic ticket, I don't think I would bolt it."

Fire Waste Hit In JayCee Talk

"Fires are a waste. Fire prevention week is a time when we should re-emphasize the value of being careful to prevent costly fires," Assistant City Manager Morris Howard told the Midland JayCees at their luncheon meeting Friday in Hotel Scharbauer.

Howard spoke in advance of next week's observance of Fire Prevention Week in the city.

"Our individual loss, our city's and nation's losses from fires are enormous," Howard said. "It behooves us to practice fire prevention every day and every week of every year."

The assistant city manager devoted part of his talk to listing the city's fire equipment and its fire prevention program.

Bill Klatt, Midland fire marshal, was a special guest at the luncheon.

Frank Hawk presided. H. D. Bushnell was program chairman.

Dr. Henry Schlichting read minutes of the last board meeting of the club. He announced that Clarence Kerth had been appointed to serve on the board of directors, replacing Charlie Post, who resigned because of business duties.

Thornton Hardie appealed to JayCee volunteers to assist in the construction project at football games.

Chuck Herring reported on progress of a petition, worked up by the JayCees, for more swimming facilities in Midland which will be presented to the City Council Tuesday night. A Kiwanis Club representative announced plans being made for that organization's annual ministrel.

Clouds Take Bite Out Of Heat Wave

By The Associated Press

A stationary cold front brought cloudy weather to most of Texas Friday with the prospect for scattered showers.

Except for the Panhandle, some areas in West Texas and along the coast, most of the state was under clouds, taking the edge off the early October heat wave.

The Associated Press reported 100-degree temperatures Thursday. Dalhart was the coolest reported spot, with a low of 50.

ADMITTED TO HOSPITAL

Wayne Cox, 911 North Colorado Street, was being treated in Western Clinic-Hospital Friday for a hand injury suffered in the oil field after a popoff valve blew out.

BRYANS HAVE SON

Mr. and Mrs. J. H. Bryan, 410 East Magnolia Street, are the parents of a son, Tommy Allen, born Sunday. The baby weighed six pounds, six ounces.

INJURES RIGHT HAND

Earl L. King, 418 South Loraine Street, received lacerations of the right little finger and abrasions of all other fingers of the right hand Thursday when his hand became caught in a pump belt. He was treated at Midland Memorial Hospital.

Ehlers Asks Early Ticket Buying For Barbecue Of MGS

The annual barbecue and outdoor gathering of the Midland Geological Society will be held October 18 at Cole Park in Midland.

The affair will start at 4 p.m. A charge of \$1.00 per person for adults will be made. Children will be admitted free.

Allen Ehlers, president of MGS said Friday that all who plan to attend should secure tickets immediately.

A definite count of the number of persons who will be present will have to be given to the caterers Monday, Ehlers said.

Tickets may be obtained from Fred Froward, Phillips Petroleum Company; Clem George, Anderson-Prichard Oil Corporation; L. E. (Ed) Pettit, Louisiana Land & Exploration Company, and Charles Anderson, 419 First National Bank Building.

A number of oil field service concerns are contributing to the expense of the affair.

Gulf Prospector In C-S Andrews Gets Oil, Water In DST

Gulf Oil Corporation No. 1-LLL Texas University, Central-South Andrews County wildcat, 12 miles south of the town of Andrews, 14 barrels per hour—and showed some salt water—from the section at 8,222-52 feet.

The zone tested was in the Wichita-Albany section of the lower Permian. Location is 1,996 feet from north and 690 feet from west lines of section 37, block 9, University survey.

The tool was open three hours for the test. Gas surfaced in four minutes and oil started flowing at the top in one hour and 58 minutes.

Flows To Tanks

The oil flowed to tanks for one hour and it was during that period that the 14 barrels of oil was made.

Recovery, when the drill pipe was pulled, was 3,380 feet of oil and 1,620 feet of salt water. Operator is now drilling deeper.

The average gas volume during the test was at the rate of 218,000 cubic feet per day. Open flowing bottom hole pressure was 1,485 pounds. Shutin bottom hole pressure after 15 minutes was 1,950 pounds.

The wildcat is projected to 13,500 feet to explore the Ellenburger.

Another One Test

Gulf No. 1-NNN Texas University, another scheduled 13,500-foot wildcat in Andrews County, and located 10 miles southwest of the town of Andrews had reached 8,334 feet in a porous lime in the lower Permian and is taking a drillstem test at 8,270-8,234 feet. It is 1,980 feet from south and 690 feet from west lines of section 21, block 9, University survey.

Seaboard Schedules Ellenburger Venture

Standard Oil Company of Delaware staked a 7,000-foot Ellenburger venture in Central-North Tom Green County, five and one-half miles northeast of Carlsbad.

No. 1 Robert T. Neill, et al will be drilled 2,333 feet from west and 660 feet from north lines of section 369, P. Walth survey and three miles northeast of the Kennermer Canyon reef gas-disillate area.

Location is on a 2,199-acre lease.

Indian Royalty Is To Drill Gaines Wildcat

Indian Royalty Company of Denver City will drill a 6,700-foot wildcat eight miles northwest of Boydel in Southwest Gaines County.

Tentative location is in the center of the northeast quarter of northeast quarter of section 6, block A-12, pat survey and four and one-half miles south of the East Hobbs pool.

Indian Royalty Company has taken a farmout on a block of approximately six and one-half sections from Stanolind Oil & Gas Company to drill this project. Lowry R. Lytel, of Los Angeles arranged the deal.

Wellman Field Gets Another Exploration

Stanolind Oil & Gas Company has staked location for its No. 3 Mary G. Scales in the Wellman field of Southwest Terry County.

Drillsite is 1,968 feet from north and 660 feet from west lines of east half of section 22, block C-36, pat survey and eight miles southeast of Brwell.

Rotary tools will be used to drill to projected depth of 10,300 feet. Operations will begin in the near future.

Location is on a 2,199-acre lease.

Indian Royalty Is To Drill Gaines Wildcat

Indian Royalty Company of Denver City will drill a 6,700-foot wildcat eight miles northwest of Boydel in Southwest Gaines County.

Tentative location is in the center of the northeast quarter of northeast quarter of section 6, block A-12, pat survey and four and one-half miles south of the East Hobbs pool.

Indian Royalty Company has taken a farmout on a block of approximately six and one-half sections from Stanolind Oil & Gas Company to drill this project. Lowry R. Lytel, of Los Angeles arranged the deal.

Wellman Field Gets Another Exploration

Stanolind Oil & Gas Company has staked location for its No. 3 Mary G. Scales in the Wellman field of Southwest Terry County.

Drillsite is 1,968 feet from north and 660 feet from west lines of east half of section 22, block C-36, pat survey and eight miles southeast of Brwell.

Rotary tools will be used to drill to projected depth of 10,300 feet. Operations will begin in the near future.

Chase Quits Phillips After 19 Years Work With That Company

Dean Chase has resigned as assistant division superintendent of Phillips Petroleum Company in Midland.

He has been assistant division superintendent of Phillips' Western division, which is in charge of the company's activities in the Permian Basin, for about six months.

Before moving to the Midland office, he was district superintendent of the Big Spring and West Texas districts, with headquarters in Odessa.

He has been with Phillips Petroleum Company about 19 years, and has been in the Permian Basin area for seven years. His future plans were not announced.

Cotton

NEW YORK —(P)—Cotton futures at noon Friday were unchanged to 50 cents a bale higher than the previous close. October 37.00, December 36.75 and March 36.65.
