Jacksonville 'On-Edge' As Violence Smolders

A WINNING WORD—Pat Land, eighth grade student at Travis Junior High School, and her teacher, Mrs. Sam McLeod, pose beside the word which won the local Spelling Bee for Miss Land, thus qualifying her to compete in the regional contest in Lubbock. The winner there will compete in the national Spelling Bee.

Police Block S. Korean Student Mob

SEOUL (AP) — Troops used tear gas today to block thousands of students marching on President Chung Hee Park's mansion to protest concessions to Japan in Tokyo talks seeking to normalize Japanese-Korean relations.

An army lieutenant and several soldiers were injured when the shouting mob tried to force its way toward Park's hillside mansion. The president was believed inside.

Steel-helmeted combat troops armed with rifles fired tear gas grenades into one surging crowd. The students replied with a barrage of rocks.

About 2,000 students from Han-Yang University jammed the area and stood within arm's length of the troops, who were called out against demonstrators for the first time since Park became civilian president last December.

Another 2,000 students marched on the capitol building and sent in two representatives to Premier Choi Doo-sun with a set of questions about the Tokyo talks.

Earlier today several thousand students were blocked by riot police about 200 yards from Park's residence. Home Minister Um Min - yung conferred briefly with the leaders and led two into the presidential mahsion where they saw Lee Hurak, the president's chief secretary.

The students said later they explained their demands and Lee promised to set up a meeting between Park and student leaders this week.

More than 10,000 students joined in the demonstrations, which were held for the second straight day to denounce Park's handling of the Tokyo talks and to demand that they be suspended. Similar demonstrations were staged in Pusan and Taegu, Korea's second and third largest cities.

NEGROES SEARCHED AFTER ARREST — Police search a group of Negroes arrested in Jacksonville, Fla., in a wave of window smashings and fire bombings. The wave of vandalism struck the city after a day of racial demonstrations when more than 200 persons were arrested. (AP Wirephoto)

Gov. Won't Intervene

By DON MCKEE

JACKSONVILLE, Fla. (AP)—Negro leaders called for "hit and run" picketing and sit-ins at segregated restaurants and hotels in this tense city today.

But it was the unexpected—some spark that might detonate further violence—that had law enforcement agencies, city officials and residents on edge.

At the state capital in Tallahassee, Gov. Farris Bryant met with Negro leaders but said the Jacksonville situation is a local affair and he won't intervene unless asked by local authorities.

Darkness Tuesday continued to provide the cover for harrassment by unruly elements in the Negro sections. Flames and gunfire crackled for the second night, but there was no repetition of the fatal shooting that Monday night claimed the life of a 36-year-old Negro mother of 10 children.

Fires broke out Tuesday night in several Negro areas. Shotgun charges splattered a school building and a police car. Rocks and bottles struck several autos, injuring at least one motorist.

Mayor Haydon Burns, canceling a visit to Tampa in his campaign for governor, told his supporters there in a telephone speech that things were under control in Jacksonville.

Heavily reinforced police details rounded up more than 100 Negroes during the night, raising the total arrests to nearly 350 since Monday's outbreak of violence climaxed weeks of antisegregation demonstrations.

More than 20 Negroes and two white youths were charged with carrying firearms, said Asst. Police Chief H. V. Branch. Two Negroes had firebombs, he said.

At least three blazes were attributed to firebombs. Firemen answered about 50 calls—40 of them false alarms.

A shotgun blast shattered two windows of Central Adult School a block from police headquarters. Ten persons in a second story classroom escaped injury.

Police Sgt. James Miller said buckshot from a shotgun charge hit his car as he was driving through a Negro section. He was not hurt.

Motorists reported they ran into a hail of bricks and other missiles at several intersections in predominantly Negro areas. One person was cut by flying glass from a shattered windshield.

At least seven persons were injured during the day and night in various incidents.

Shortly after midnight police reported 74 cases docketed. Charges included vandalism, damage to private property, disorderly conduct, possession of firearms and fire bombs, vagrancy and prowling.

Weapons seized included a derringer, several pistols and rifles and a wide variety of knives.

Service Set Thursday For Mrs. Lemons

Schools in Snyder will dismiss at 2 p.m. Thursday so that those teachers and students who so desire may attend the funeral services of Mrs. Jesse E. Lemons, 48, who died here Tuesday. The funeral is set for 3 p.m.

A lifetime resident of Scurry County, Mrs. Lemons was born on June 28, 1915 in Fluvanna. She was a graduate of Hardin-Simons University and had a Master's degree from the University of Denver. She had been a teacher and librarian in the Snyder Schools for over 20 years.

Mrs. Lemons was the librarian at Lamar Junior High School at the time of her death. Stricken with an apparent heart attack at about 10 a.m., Mrs. Lemons was rushed to the hospital where she died at noon.

The funeral services will be held at the First Baptist Church of which Mrs. Lemons was a member. Dr. A. B. Lightfoot, pastor of the church will officiate. Burial will be in Hillside Memorial Gardens under the direction of Bell Funeral Home.

A scholarship fund in memory of Mrs. Lemons has been started for her daughter, Rose Ann, a junior at Snyder High School. Donations to the Lemons Memorial Fund should be sent either to Lamar Junior High School or to the First Baptist Church.

In addition to her daughter, Mrs. Lemons is survived by her husband and her mother, Mrs. J. W. Clawson of Snyder.

Pallbearers at the services will be Roy Brown, Ray Lampson, Jimmy Dyess, R. E. Cooper, Dillard Teal, Bill Starnes, Ed Raborn and Charles Anderson.

Finn Accepts Cyprus Post

By MICHAEL GOLDSMITH

GENEVA (AP) — U.N. Secretary-General U Thant today appointed former Premier Sakari S. Tuomioja of Finland as mediator in the Cyprus dispute.

Tuomioja, 52, politician and diplomat, said he would take up his work in the strife-torn east Mediterranean island by the middle of next week.

His appointment was approved Tuesday by Greece, Turkey, Britain and the island's two feuding communities.

Tuomioja, who has been Finland's ambassador to Sweden, said he would fly to New York Sunday for further consultations with Thant.

Tuomioja's mission is to try to bring a permanent peace between the feuding Greek and Turkish Cypriot communities.

He said the Finnish government had given him a six months leave of absence, but "nobody can tell how long it will take." The mediator's mandate from the Security Council is for only three months, but it undoubtedly would be extended if factions and nations involved desired it.

With Tuomiojas' appointment, the United Nations was almost ready to begin its two-fold task of enforcing a peace between the Greek and Turkish Cypriots and trying to mediate their bloody communal dispute.

Lt. Gen. Prem Singh Gyani, Indian commander of the U.N. peacekeeping force for the island, arrived back in Cyprus and said the international army may be operational by the end of the week. He had been in Geneva for two days of talks with Thant.

The Security Council's March 4 resolution authorized appointment of a neutral negotiator to seek a solution of the three-month-old conflict over the Cyprus constitution. The council also approved sending a peace force to Cyprus for three months while the mediator seeks a permanent accord.

Thant needed the assent of the Greek and Turkish Cypriots as well as Britain, Greece and Turkey, coguarantors of Cyprus' 1960 independence from Britain, before naming Tuomioja as mediator.

Cyprus Foreign Minister Spyros Kyprianou, a Greek Cypriot, said at U.N. headquarters Tuesday night he had notified the U.N. secretariat that President Makarios of Cypus, who heads the island's Greek majority, had approved Tuomioja.

Pat Land Is Top Speller

Pat Land, daughter of Mr. and Mrs. Stanford Land, is the best speller in Snyder.

The Travis Junior High School student won the right to represent Scurry County in the regional spelling bee in Lubbock on Apr. 11 when she eliminated six other contestants in the local contest Tuesday evening.

Runner-up was Bobby Treat, son of Mr. and Mrs. R. L. Treat, and a student at Northeast Elementary School. Bobby went down to defeat when he had trouble with the word "gorgeous" and Pat, in turn, was able to spell "gorilla" correctly.

Others in the contest were winners from their various schools. They were Nancy Vaughan from East Elementary; Alma Worley from North; Brenda Rhone from Lamar; Shirley Bush, West; and Mary Nell Elder from Central. Each received a blue ribbon as a school winner, and a fountain pen.

Miss Land, (or Treat if an alternate is necessary) will compete in Lubbock to determine which regional winner will go to Washington to compete in the national contest.

Mrs. Mary Ann Kincaid acted as the pronouncer at last night's contest. Judges, also from the school system here, were Jack Gorman, Charles Anderson and Mrs. Eloise Adams.

Negroes Plan Mob March

GREENWOOD, Miss. (AP)—Negroes plan to march on the court house today—despite warnings from city officials—to renew a voter registration campaign which spawned violence when it first started just one year ago.

Three burlap-draped crosses burned Tuesday night in this city of 23,000, located in the heart of the cotton-growing Mississippi delta. Negroes outnumber whites nearly 2-1 in the area.

Mayor Charles E. Sampson called on Greenwood residents to stay away from any areas where demonstrations might occur.

"Demonstrators thrive on attention," said Sampson. "If they don't get it, they will soon leave us alone."

He said police would not permit any marches or organized formations on city streets and sidewalks.

Police, using a trained dog, dispersed civil rights demonstrators marching on the Leflore County court house several times last March.

The cross burnings were the first such in at least 10 years, police said. One cross—about five feet tall—flared on the courthouse lawn. Police watched it burn out.

Another was set along a busy street in a predominantly white residential area and the third near the headquarters of the Student Non-Violent Coordinating Committee.

Sampson said he was surprised at the new developments. He said over 2,000 Negroes had applied for voter registration in the past year. In 1963, the federal government estimated there were 470 registered Negro voters in the county.

The renewed vote registration drive was called by the Council of Federated Organizations, representing all major civil rights groups in the state. COFO said it plans similar drives in some 20 other Mississippi cities.

Expressway Has Real Road Hogs!

CHICAGO (AP) — Road hogs on the Dan Ryan Expressway are not unusual, but this time they were genuine.

Motorists stopped on their way home from work Tuesday to aid in the capture of five hogs escaped from a truck. The porkers tied up traffic more than an hour.

Texas Braces For Norther

By The Associated Press

Texas braced for sub-freezing temperatures expected by Wednesday night as the leading edge of a late-season norther moved through the state.

The Weather Bureau issued cold wave warnings for all of Southwest Texas and predicted much colder weather tonight and Thursday for Southeast Texas.

Predicted lows for Thursday morning ranged from 20 degrees in the Panhandle to 45 in the southeast portion of the state.

Light snow was forecast for parts of Northwest Texas. Occasional rain and scattered showers were expected elsewhere.

Early morning temperatures ranged from 21 at Amarillo to 72 at Laredo and Galveston.

Slaying Near Abilene Under Investigation

ABILENE, Tex. (AP)— Callahan County and state officers were investigating today a hold-up slaying at a service station on State Highway 36 between Abilene and Cross Plains.

A manhunt was started after Johnny Charles Maner, about 23, an attendant at a Premier service station 20 miles southeast of Abilene, was found shot to death.

Ruby's New Legal Counsel Reveals Defense Strategy

Associated Press Writer

DALLAS (AP) — Dr. Hubert Winston Smith, college professor who is Jack Ruby's new head legal counsel, indicates he will pursue new lines of defense in seeking to reverse Ruby's death sentence.

Smith, 56-year-old director of the University of Texas Law School's law - science institute, was introduced Tuesday night as chief defense lawyer by Mrs. Eva Grant, Ruby's sister.

A graduate of Harvard's law and medical schools, Smith said he entered the case, without fee, to see that "every relevant issue" of the Ruby case was examined scientifically by "the best medical and legal aid available."

He first met Ruby Tuesday, but said he had kept up with the trial through another defense lawyer, Joe Tonahill. Ruby was convicted March 14 of slaying Lee Harvey Oswald, President Kennedy's accused assassin, and sentenced to death after a month-long trial. Ruby's family dismissed Melvin Belli of San Francisco, the chief lawyer, after his criticism of Dallas and the verdict. A Houston lawyer, Percy Foreman, accepted the case but quit four days later after what he called differences of opinion between himself and the Ruby family.

Smith, who grew up in Dallas, said he will ask a new trial on the basis Dist. Judge Joe B. Brown erred in not transferring the Ruby trial outside of Dallas. Smith said the Dallas jurors "in some degree expressed the community sentiment" of what he called "gloom and dishonor" from President Kennedy's assassination. He said Ruby could have gotten a "more dispassionate" trial elsewhere.

The stocky, grey-haired lawyer has spent his professional life dedicated to integrating law and science in practical application. He said he believes he can compile enough scientific evidence that Ruby's killing of Oswald was not murder with malice "even to convince this Dallas jury."

He indicated he would put less emphasis on brain-wave tests as the main proof that Ruby suffers from a rare form of psychomotor epilepsy.

Smith will be assisted in the defense team by the original trial lawyers, Joe Tonahill of Jasper, Tex., and Phil Burleson of Dallas. He said he was good friends with both.

Luxembourg Ruler To Abdicate

LUXEMBOURG (AP)—Grand Duchess Charlotte, for 45 years the popular ruler of her 1,000-square mile country through times of both prosperity and Nazi conquest, will abdicate in favor of her son, Prince Jean, early in November.

She is 68 and many times a grandmother. Prince Jean is 43.

Prime Minister Pierre Werner read to a packed session of the Chamber of Deputies the message from the grand duchess.

Defendants Favor At-Large Races

HOUSTON (AP) — Two defendants in the Texas redistricting suit say at-large elections this year would be more suitable than selection of U. S. representatives from current districts.

County Judge Bill Elliott and County Clerk R. E. Turrentine Jr. outlined their opinion in a petition filed Tuesday in opposition to a motion by state officials requesting a delay in reapportionment until after the 1964 elections.

"There was ample time to convene a special session of the Texas Legislature subsequent to the judgment of this honorable court on Oct. 19, 1963," the petition said.

"No inconvenience or inequity alleged in the defendants' motion for modification of judgment can possibly outweigh the deprivation of rights guaranteed by the U. S. Constitution to equal representation in the U. S. Congress," Elliott and Turrentine said.

Texas congressional districts were ruled unconstitutional by federal judges R. Brown, James Noel and Joe Ingraham last Fall. Their court decree, which was upheld in March by the U. S. Supreme Court, ordered that at-large elections be held in 1964 unless the state congressional districts were redrawn on a population basis.

The Supreme Court ruling, however, left open the door for state officials to seek a delay from the Houston judges. The state's request for that delay will be heard by a special court Friday.

Atty. Gen. Waggoner Carr and eight attorneys representing the plaintiffs, who want either immediate redistricting or at-large elections, and the defendants in the suit conferred with Judge Ingraham for more than an hour Tuesday behind closed doors.

Carr was subpoenaed after the meeting at the request of Houston attorney Bob Looney to testify at the hearing. Looney, who intervened as a plaintiff in the suit, was unsuccessful in receiving court permission to subpoena Gov. John Connally's appearance at the hearing.

WEATHER

SNYDER TEMPERATURES: High Tuesday, 83 degrees; low, 31 degrees; reading at 7 a.m. today, 31 degrees.

Northeast Texas: Cloudy and occasional showers or drizzle this afternoon and early tonight. Thursday decreasing cloudiness. Colder this afternoon and tonight. Colder in east and south Thursday. Low tonight 30-45. High Thursday 40-50.

Northwest Texas: Partly cloudy and cold this afternoon. Fair and colder in south tonight. Thursday fair and not so cold in afternoon. Low tonight 20-30. High Thursday 40 in extreme north to 55 in extreme south.

North Central Texas: Mostly cloudy occasional light rain or drizzle east this afternoon. Clearing tonight. Thursday fair. Colder this afternoon and tonight. Low tonight 28 in northwest to 38 in southeast with light freeze in north. High Thursday 45-55.

Coast: Southerly winds 12-22 knots this afternoon, shifting to northerly 15-25 knots late tonight and Thursday morning, gradually diminishing and becoming northeasterly 12-22 knots Thursday night. Scattered showers or thundershowers ending Thursday.

South Central Texas: Considerable cloudiness this afternoon and tonight with widely scattered showers in south and east. Much colder north tonight. Colder and windy in north portion this afternoon. Thursday partly cloudy and colder. Low tonight 38-48 in north and 48-58 in south except 58-68 in extreme south. High Thursday in 50s in north and 60s in south.

Southeast Texas: Considerable cloudiness with scattered showers and thundershowers this afternoon and tonight becoming partly cloudy Thursday. Much colder tonight and Thursday. Low tonight 45-55. High Thursday 55-63.

Southwest Texas: Cold wave or near cold wave warning in north tonight. Considerable cloudiness in southeast. Partly cloudy and turning windy and colder elsewhere this afternoon. Clear to partly cloudy tonight and Thursday. Much colder tonight and in south Thursday. Low tonight 27-37 in north, 37-47 in south. High Thursday in 50s.

MacArthur Reported Recovering

By JOHN BARBOUR

WASHINGTON (AP) — Following his own promise "to do the very best I can," Gen. Douglas MacArthur was reported alert today and making satisfactory progress in recovery from the shock of two major operations in 17 days.

Col. Donald A. Campbell, executive officer of Walter Reed Army Medical Center, said this morning:

"Gen. MacArthur continues to progress satisfactorily indicating a better than average post-operate course. He is alert and conversing."

Under questioning, Campbell said his language meant the 84-year-old general of the Army was doing better than the average of patients who have been through the same kind of experience.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: I have a neighbor who used to arrive on my doorstep daily for a two-hour coffee break. I finally had to tell her that I didn't have the time for it. She is the sensitive type who is easily hurt, so, ever since then, she has acted very cool towards me, and hardly speaks. I must admit that I enjoy the freedom from these coffee breaks, and therefore hesitate to revive our friendship. However, our children play together and I would rather be on friendly terms with her. How can I accomplish this without getting back on those two-hour coffee breaks?

PUZZLED

DEAR PUZZLED: You can't. Leave well enough alone. You don't know when you are well off.

• • •

DEAR ABBY: A second man has entered my life. I am a church woman, but if you will let me explain, perhaps you will find some compassion for me.

I think it was his eyes that first breached my reserve. Always beautiful, they sometimes appear gray and turbulent, like mountain lakes whipped to anger by a passing storm. His hair, rivaling the beauty of his eyes, has the windblown freshness of the open field. His physique is as perfect as his smile is disarming. And when he looks into my eyes, as he did tonight, I can see no end to this relationship. You see, Abby, he is my grandson, just one year old, and this is his first visit to our home. Aren't some women just plain—

LUCKY?

DEAR LUCKY: Yes, and I was getting ready to reply, "It will never work, forget him."!

• • •

DEAR ABBY: I have a friend who says, "I am going to GET a bath." I keep telling him that he should say, "I am going to TAKE a bath." Who is right?

FASSIO

DEAR FASSIO: One who bathes himself TAKES a bath. If he is given a bath by someone else, he GETS a bath. Unless your friend is at an age where his mother is still bathing him, he is all wet.

• • •

CONFIDENTIAL TO BETSY AT LOCKHEED: I think you are wise to wait. A man who has been divorced three times is a very, very, very poor risk.

• • •

Get it off your chest. For a personal, unpublished reply, write to ABBY, Box 3365, Beverly Hills, Calif. Enclose a stamped, self-addressed envelope.

• • •

Hate to write letters? Send one dollar to ABBY, Box 3365, Beverly Hills, Calif., for Abby's new booklet, "HOW TO WRITE LETTERS FOR ALL OCCASIONS."

Last Supper Service Set

A pre-Easter Last Supper commemoration of a somewhat unusual type will be held at First Christian Church in Snyder at 7:30 p.m. Thursday.

The service will be held in fellowship hall rather than in the sanctuary. The worshippers will be seated at a table arranged to form a cross, with the emblems of the Communion service in front of each person.

Those attending are requested to enter in silence and be seated at the table before the service begins. They also are requested to refrain from conversation during and after the service until they are outside the room.

The Communion service is not restricted to members of the host congregation, and all Christians are welcome to join in the worship. The nursery will be open for pre-school children.

World War I Vets To Meet

The Carrol Porter Barracks No. 1738 will hold their regular meeting of World War I veterans Thursday.

The meeting will be held at the American Legion Hall at Avenue T and Twenty - first Street at 7:30 p.m. There will be two speakers, and entertainment will be furnished by a boy's choir.

Wives are invited, and refreshments will be served. All World War I veterans have been urged to attend to support the work of the local Barracks and the Barracks work in Washington.

Wright Managing Sullivan Campaign

Bill Wright has been appointed Scurry County campaign manager for Dan Sullivan, candidate for Congressman - at - Large.

Wright, local sign painter, said he had accepted the appointment after numerous conversations with Sullivan pertaining to industry for this area of West Texas.

Mishap Reported

The Snyder police department reported a minor two-car mishap at 4:13 p.m. Tuesday in the 2700 block of Avenue F.

Involved were a 1960 Chevrolet driven by Albert C. Cargile of Dermott and a 1962 Buick driven by Dorothy F. Browning, 2411 Twenty - seventh Street. Damage to the Cargile car was estimated at $5 and to the Browning car at $60. There no injuries.

Coach Woody Hayes of Ohio State has a record of 111 victories against 37 defeats for 17 seasons

US Bases Discriminate In Housing

By FRED S. HOFFMAN
AP Military Writer

WASHINGTON (AP)—A Pentagon-ordered survey showed there was housing discrimination against Negro servicemen near 90 per cent of the military bases in the United States, it was disclosed today.

Alfred B. Fitt, deputy assistant secretary of defense for civil rights, told The Associated Press that housing "clearly is the most unyielding" of the various forms of racial bias facing Negroes in uniform.

This discrimination, Fitt said, exists in Northern base areas as well as in the South. Only 31 of 305 bases studied were given a clean bill on this count. Fitts declined to name the 31.

The Pentagon's civil rights chief indicated that by the process of "negotiation and conciliation" base commanders had made progress in easing discrimination against Negro servicemen and their families in off-base schooling, transportation and use of such public facilities as parks and libraries.

"I'm sure that since last fall commanders have secured changes on behalf of their men," Fitt said.

Among other things, base commanders had been told to report whether the "treatment accorded Negro military personnel by the local police (is) in any way different from that accorded white military personnel."

The findings, Fitt said: "No case of significant difference in law enforcement between white and Negro servicemen."

The survey was ordered last September. Its basic objective, the Pentagon said at the time, was to obtain "necessary information for the formulation of future policy."

A total of 62 base areas turned up with such good records in the first reports made last November that the commanders were relieved of the responsibility of reporting again on May 1.

HOSPITAL NOTES

(Visiting hours: 2 to 4 p.m. and 7 to 8:30 p.m. There are no morning visiting hours.)

COGDELL HOSPITAL

ADMISSIONS: Edna E. Banks, 1001 Twenty - sixth; Pete Gonzales, Rt. 2; Charles Lee Brazil, Roscoe; Ruby Jane Lilly, Box 1169; Eula Pearl Nettles, Ira; Margaret L. Warneke, 2700 Avenue F; Charlie C. Cochran, Hermleigh.

DISMISSALS: Barbara Sutton; Nellie Williamson; Clifton Thomas; Hazel Berry; Teresa Jiminez.

Snyderite's Kin Dies In Odessa

Funeral services were to be held at 2 p.m. today in Odessa for John W. Pearson, 61, who died Tuesday at his Odessa home following a long illness.

Survivors include his wife, the former Maude Willis of Anson, and two step-sons, Bobby Wylie of Abilene, and Jimmy Wylie, 102 Browning, Snyder.

Nations Urged To Reorganize

By LAWRENCE MALKIN

GENEVA (AP) — The United States delivered a stern lecture today to the world's poor nations, urging them to forget traditional fears of investment by foreign capitalists and get to work reorganizing their backward economies.

"Economic development is an intricate and difficult process," Undersecretary of State George Ball warned the U.N. Trade and Development Conference. "It has proved difficult for the industrial countries who have gone through it in the past, and it will be so for the newer countries going through it now."

The rich nations, he added, can help with technical advice and close cooperation through such established forums as the General Agreement on Tariffs and Trade—GATT.

Ball said he would like these ideas to set the tone of the 122-nation conference, which has already heard spokesmen of the underdeveloped countries condemn GATT as inadequate to their need for a larger share of world trade.

Ball's speech, virtually a do-it-yourself improvement program for the have-not nations when contrasted with what they want, was not likely to go down well with the majority of the delegates from the underdeveloped nations.

Ball said the rich countries for their part must keep full employment so the world economy does not break down.

He said the poor nations should welcome private capital to develop industries, with foreign aid providing another source for more basic, long-range projects.

"Many developing countries are, I fear, still influenced by the cliches of the past," he said.

Ball said the poor nations should form their own regional economic groups to broaden their markets and pool their developing industries.

He urged the developing countries to set their own houses in order — to reorganize their markets and re-examine "the full range of internal policies that are critical to the mobilization and use of capital."

Carriker In Informal Visit Here

Max Carriker of Roby, Democratic candidate for Congressman of the 17th District, visited local supporters for some two hours last night at an informal coffee session at the Village Restaurant.

The candidate spoke briefly at the session, pledging himself to a diligent campaign throughout the district.

Carriker was introduced by Mrs. Betty Straton, State Democratic Party Committeewoman for the 24th Senatorial District. Mrs. Straton, who lives in Sweetwater, was accompanied here by some members of the district Young Democrats Club.

Carriker told the local group that he felt that Democrats of the 17th Congressional District deserved a candidate who could work in harmony with a Democratic administration in Washington.

"I am a Democrat every year, all the year," Carriker declared.

Carriker, a Fisher County farmer, has represented the 80th district in the Texas House of Representatives for the past six years. He was accompanied here last night by his wife, and they spent most of the time in informal discussions with some 30 persons who stopped by for the coffee in the Village banquet room.

JFK Half-Dollars Quickly Disappear

BOSTON (AP) — One million John F. Kennedy half-dollars were placed in circulation in New England Tuesday and Federal Reserve officials said they were snatched up as fast as bank tellers could distribute them.

At the First National Bank in Boston, 10 tellers were given 400 coins each and within 20 minutes all 4,000 were gone, on a one to a customer basis.

Oklahoma won its last seven football games in 1962 then bowed to Alabama, 17-0, in the Orange Bowl.

Yarborough Sets Visits

Don Yarborough, Democratic candidate for Governor, will visit Snyder twice and perhaps three times between now and the May 2 primary, Bill Wright, the candidate's Scurry County campaign manager, reported today. Wright said Yarborough's first visit here is set for April 6.

"We finally have our campaign underway after numerous difficulties," Wright said. "They tried to block us from getting campaign money and they have tried to plant the kiss of death on Don Yarborough's bid for the governorship of Texas."

Chicago Negroes Cast Few Ballots

CHICAGO (AP)—Voting registration by Chicago Negroes nearly equals that of Chicago whites, but whites outvote Negroes by a margin of almost 3-2, a Chicago Urban League report disclosed Tuesday.

The report theorized that Negro abstention from the polls reflects indifference and passive political protest, an expression that "the voter considers he has no alternatives on the ballot."

PROGRAM PANEL—The above group presented the program for the Zeta Lambda Chapter of Delta Kappa Gamma when they met Monday evening at the home of Carol Miller, 2903 Thirty-eighth Street. From left, Bess Johnston, Mauryse Scott, Dorothy Miller and Michael Koenig.

Mrs. Bickel Hostess To Auxiliary

The Ladies Auxiliary of the Northside Baptist Church met recently in the home of Mrs. Jim Bickel, 219 Thirty - sixth Street. Mrs. Buck Byrum, president called the meeting to order with Mrs. Jack Dean leading the opening prayer.

A short business meeting was held, followed by a program on "Christian Hospitality," given by Mrs. Byrum. Mrs. Dean, Mrs. Byrum, and Mrs. Carl Stokes were elected to represent the auxiliary as messengers to the Quaker Avenue Baptist Church in Lubbock on March 28. Mrs. H. L. McCormick was named alternate.

Mrs. Bobby Burney led the group in the closing prayer.

The hostess served refreshments to: Mmes. Don Harless, Rip Crenshaw, Don Snider, Raymond Grimmett, Glenn Robison, Carl Stokes, Currie Skains, Doug Burney, Wayne Glasscock, Rumell Montgomery, Doris Garrison, H. L. McCormick, K. O. Pitner, Buck Byrum, Jack Dean, Billy Campbell, Barbara Burney and Rob Robinson.

In storing meat and poultry, remember to keep the wrapping loose.

Exchange Student On Panel At Delta Kappa Gamma Meet

Michael Koenig, American Field Service Exchange Student from Germany, gave an interesting discussion on "Political Patterns in West Germany" to the Delta Kappa Gamma Society, an international honorary society for women educators, Monday evening. Mauryse Scott, Dorothy Miller and Bess Johnston preceded the remarks from Michael with a panel discussion on "Political Patterns as They Affect Our Changing Culture." Michael also discussed the educational system of Germany.

He stated that all children attend public school for four years. After this four years they may choose to go to another type of school for five years therefore completing their education in nine years; or they may attend intermediate school for six more years; or they may attend gymnasium, which prepares them for a university.

In discussing the political patterns in West Germany, Michael stated that their system of government was very similiar to that in the United States.

In the business meeting the nominations committee suomitted the slate of officers for the coming biennium. The following were elected to serve: Rita Carter, President; Mary Davenport, First Vice - President; Mauryse Scott, second vice-president; Dorothy Miller, recording secretary; Barbara Bigham, corresponding secretary; and Carol Miller, parliamentarian.

Rita Carter gave a report from the publicity committee. Eva Nelson, chairman of personal growth and services committee, ask for information from the group concerning community activities.

Carol Miller, Zaida Brown, Barbara Bigham, and Rita Carter were hostesses for the meeting. Attending in addition to the hostesses were: Ruby Anderson, Maydelle Burns, Mary Devenport, Georgene Galloway, Durelle Gorman, Joyce Gorman, Virginia Grove, Hazel Hanback, Laura Holladay, Bess Johnston, Agnes Kunkel, Delia McPherson, Dorothy Miller, Eva Nelson, Sally O'Rear, Mauryse Scott, Reta Traugott, and Mabel Brock.

Announcement was made that The Alpha State President of Delta Kappa Gamma, Miss Sarah Tobolowsky, would be present at the April meeting.

Mrs. Boss Baze Hostess To Plainview H-D

The Plainview Home Demonstration Club met recently in the Northeast community center, with Mrs. Boss Baze as hostess.

During the business meeting a council report was given by Mrs. Will Murphree, council delegate. Recommendations set up by the council were read and accepted by the club.

Miss Ruby Butts, the agent, gave an interesting demonstration on "How We Use Our Vitamins," to eleven members and one guest.

Mrs. J. N. Eicke was Lucky Lady for the day. The hostess for the next meeting will be Mrs. Elvie Blalock.

BY MRS. VERNON TODD

Bruce Murphy of New Mexico and the Glen Ed Murphy's of Breckenridge have been visiting Mrs. Frieda Murphy and Mr. and Mrs. Brent Murphy and Ben.

Ronnie Lovell was in Brownwood Saturday to attend a band contest. He is a member of the Borden County Rural School Band at Gail.

Mrs. Halley Browne and Janice spent the weekend with relatives at Seagraves.

Mr. and Mrs. Ernest Dickey and Beckie of near Waurika, Okla. were weekend visitors of Mr. and Mrs. Maurice Duncan, Terry and Susan.

Mr. and Mrs. J. E. Sorrells were in Austin Monday to attend the funeral of a relative, Mrs. Ohlendorf.

Mr. and Mrs. Ben Weathers, Mr. and Mrs. Bill Bowles, Shirley Taylor, Mr. and Mrs. Maurice Duncan, Terry and Susan, Mr. and Mrs. Melton Davis and family, Mr. and Mrs. Ernest Dickey and Beckie of Waurika, Okla., Mr. and Mrs. Wayne Crowe and family, and Mr. and Mrs. Vernon Todd, Verna and Janice, attended the Stock Show at Gail Friday and Saturday. Derral Davis and Delvin Davis came out with 6th and 5th place ribbons for the lightweight Duroc pigs at the judging Friday night. Susan Duncan won 4th place on her lightweight fine wool lamb. Terry Duncan received a 12th place on her lightweight fine wool lamb. Verna Todd received 10th place on a medium fine wool lamb and a 8th place on her cross lamb.

Banquet Held

Mr. and Mrs. Ben Spradling, Miss Doris Steadman and Mr. and Mrs. Vernon Todd attended the FFA-FHA Banquet Monday night at Gail. Also attending were Joyce Browne and Terry Duncan, who with other eighth grade girls of Gail served the tables. The banquet was held in the school cafeteria and the theme was an Easter program with decorations of gaily hopping bunnies and colorful baskets of Easter eggs.

Ann Nita Swinney and Mr. Pat Brooks, Gail band director, sang "Here Comes Peter Cotton Tail," and "In Her Easter Bonnet."

Featured speaker for the occasion was Donald Reddell of Lubbock, who spoke on "Water Conservation."

Special awards were given to Mrs. Melba Love, homemaking teacher and Mr. K. T. Reddell.

Holy Week Services Are Planned At Presbyterian Church

Holy Week services at the First Presbyterian Church will include Maundy Thursday, services at 7:30 p.m. at which time the sacrament of the Lord's Supper will be observed.

Candlelight services will also be held at 8 p.m. on Friday.

The Rev. John Gordon, pastor of the church, will bring the Maundy Thursday and Good Friday messages. Visitors are welcome at both of these Holy Week observances.

'64 Chevy II Super Sport with V8 power

...and just the place to enjoy it

Chevy II Nova Super Sport with Bucket Seats

Find out for yourself what this Chevy II can really do. If there are hills nearby, let it give them a good going-over. Then see how quickly it gives slow-moving trucks the run-around. With its new extra-cost V8 all you ever have to do is give the accelerator an inch, and this Chevy II Super Sport Coupe will take a mile.

And this great highway performer looks the part it plays so well. A glance at its all-vinyl interior will tell you that. Those inviting bucket seats are made of ultra-soft foam cushioning. The door-to-door carpeting is so thick you can feel it through your shoes. There's your choice of either the floor-mounted Powerglide or Four-Speed Synchro-Mesh transmission. Both are optional at extra cost, along with a Positraction rear axle, simulated wire wheel covers, AM-FM radio and a host of other accessories. And for all its new power, Chevy II rides so softly it seems to glide along the highway. That's because it has high-mounted independent coil springs in the front and Mono-Plate single-leaf springs in the rear. Its unitized well-insulated Body by Fisher shuts vibrations out and keeps road noise down to a whisper.

With everything Chevy II Super Sport has going for it, it's no surprise your Chevrolet dealer is anxious to show you its price tag. Because that's the only thing about it that *isn't* super.

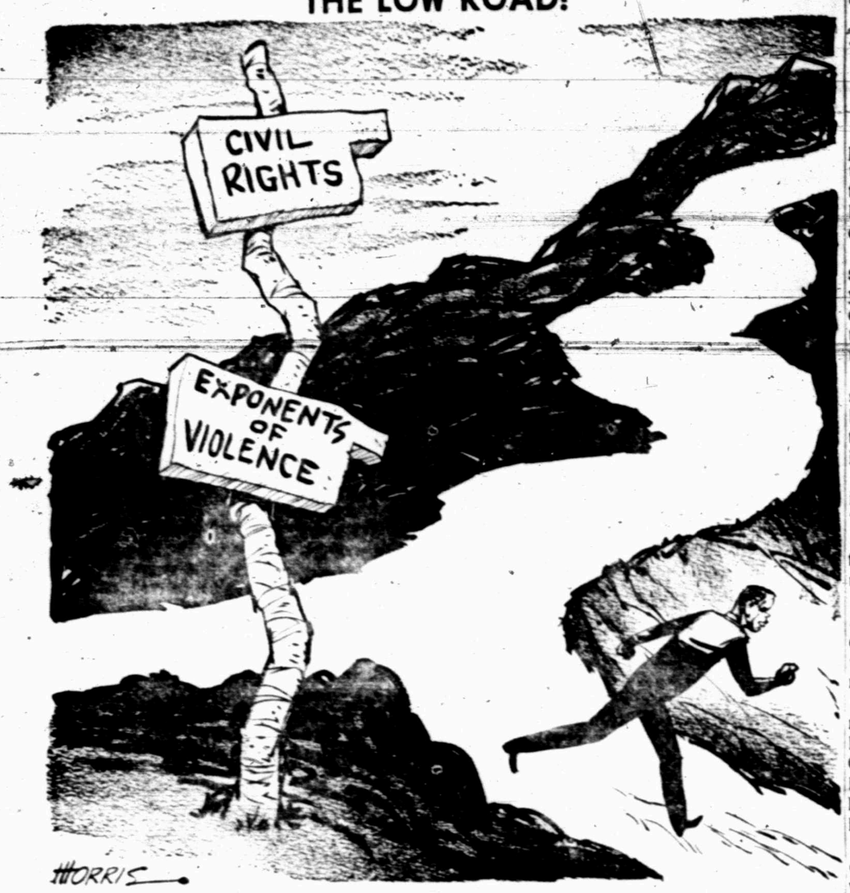
THE LOW ROAD!



US, Soviet Claim Goal Is A World Without War

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — Hereafter all-out war is unthinkable, President Johnson and Premier Khrushchev are agreed on that. But saying so doesn't make it a fact, although it is a good talking point.

Both sides have been talking about it since the first of the year.

The Johnson administration apparently has adopted a policy of preaching it. Adlai E. Stevenson, U.S. ambassador to the United Nations, made a big pitch on it two nights ago. Johnson followed up Tuesday.

Khrushchev had so much to say about it at the start of 1964 that his few thousand well-chosen words took up almost a whole newspaper page.

Last New Year's Eve he told every country with which the Soviet Union has diplomatic relations that no one but a madman could think of all-out war anymore.

He proposed an international agreement renouncing the use of force in settling international disputes.

Not to be outdone in this "peace offensive," Johnson answered him the very next day, saying "the time for simply talking about peace has passed —1964 should be a year in which we take further steps toward that goal."

In that time Johnson didn't answer directly some of the points raised by the Russian. The State Department had to do some thinking about it first. But meanwhile, in his Jan. 8 State of the Union message, Johnson said: "Our ultimate goal is world without war."

Then, as if to reassure anyone who might fear he could be gulled by Russian soft-talk, Johnson said "we must be constantly prepared for the worst, constantly acting for the best."

Ten days later he answered Khrushchev's New Year's Eve message directly but hardly with optimism. If it showed anything, it showed a meeting of the minds wasn't close.

For instance: in his message to Johnson, among other things, he wanted to see cleared up in various places, things that conflicted with Russian interests or desires. Khrushchev said that Formosa belongs to Red China and the United States should back off it and away, which would "mean abandoning the American ally, Generalissimo Chiang Kai-shek.

Naturally, from the American view, Johnson wouldn't buy any of that. And, while he agreed with Khrushchev's central theme of peace, he outlined some areas where he wanted the Russians to lay off.

Three days later, Jan. 21, the United States went Khrushchev one better by proposing the big powers freeze the numbers and types of their big nuclear weapons. There has been no agreement on that, either.

On Monday night Stevenson at Princeton suggested "the central trend of our times is the emergence of what, for lack of a better label, might be called a policy of cease-fire and peaceful change.

"I would suggest we may be approaching something close to a world consensus on such a policy. We may have slipped imperceptibly into an era of peaceful settlement of disputes."

Right behind him came Johnson Tuesday in a talk to an AFL-CIO group in Washington. He suddenly departed from his prepared speech—all about his hopes at home—to talk about peace and foreign affairs.

He said: "The world as it was and the world as it is are not the same anymore. Once upon a time even large-scale wars could be waged without rising the end of civilization but what was once upon a time is no longer so—because general war is impossible."

This is just about what Khrushchev said: No one but a madman could think of all-out war anymore. Johnson and Khrushchev are agreed on that. Trouble is, they haven't agreed on how to make sure.

Junior Editors Quiz on EGGS

QUESTION: Why is the protein in an egg so important?

* * *

ANSWER: Jeannie is asking herself, is an egg animal, vegetable or mineral? The hen which laid it got much nourishment from vegetable matter, but this has been changed before being stored in the egg, so we can't call an egg a vegetable. It does have mineral and animal matter, however.

The shell is a mineral, carbonate of lime. There are iron and other useful minerals in the yolk. Theyolk is 32 per cent animal fat and of course the tiny germ from which the chick develops is animal matter. But the most important thing—for us—in the egg is protein, a mysterious compound. Proteins are complicated groups of "amino acids," called organic acids because they are associated with living things. The proteins are stored in the egg so they can build cells for the body of the chick, and supply heat and energy.

When we eat eggs, our own bodies are getting these precious proteins. They are so important to us, in building new cells and repairing old ones, that without them we could not live. Since eggs have a particularly large amount of protein material—12 per cent of the white and 17 per cent of the yolk—they are among the most useful foods we can eat. 3-25

* * *

FOR YOU TO DO: Do you like eggs fried, poached or scrambled? Learn how to cook eggs in your favorite way, and you will often be able to help your busy mother out when preparing meals.

(Diana Pownall of San Carlos, Cal., wins today's grand prize of a 20 volume set of the World Book Encyclopedia for this question. Mail yours on a postcard to Junior Editors in care of this newspaper, and you may win a set too.)

Actor Says Thrill Worth Uncertainty

By HAL BOYLE

NEW YORK (AP)—To many people made snug by the certainty of a regular paycheck, the life of an actor seems to hold more desperation and boredom than it does glamor.

If you don't work, you nearly starve; if you do work, often you have to do the same thing over and over — like a fellow turning out grommets in a factory.

But Jackie Gleason once summed up the lure of show business when he proclaimed that if he weren't an actor he'd like to shine an actor's shoes.

"That's the way I feel about it," remarked Robert Morse. "It's a great thrill. The thrills are worth all the uncertainty, the wondering what will come up next."

Morse, who looks as young and bouncy as an eager-eyed college freshman, hardly has to worry now where to find a garret to sleep in.

He has just completed a romantic film comedy in which he costars with singer Robert Goulet. Two more films he has been signed for have turned him into a commuter between here and Hollywood.

Before resuming the film career he started in 1956, Morse who also has appeared on a number of television productions, made his mark by scoring in four hit Broadway shows in a row, an unusual record for any performer.

"The main thing an actor needs is a lot of patience and luck—and the desire and ability to grow with his luck," he says.

"If you don't grow, if you stay the same, you're in trouble."

Before luck began breaking his way, Morse went through ordeals that would have broken the spirit of a less durable optimist. But the sandy - haired, blue-eyed young actor still retains the curiosity and enthusiasm of a chipmunk on a sunny day.

After being graduated from high school in Newton, Mass., he migrated to Manhattan where he began his career by handling a spotlight in a children's theater for $12 a week.

There followed a number of hand-to-mouth jobs while he lived in a sixth-floor walkup cubicle, which cost him $7 a week.

He parked cars for a restaurant, sold cookies, and for a time he knocked on any door selling household brushes.

After a four-year hitch in the Navy, he saved $300 which lasted him until he began to find regular radio and television work.

"I've been very fortunate. I'm not afraid of financial insecurity any longer — just the ordinary insecurity of living," he said.

Contrary to popular belief, the bloodhound doesn't follow a trail sniffing the ground and emitting eerie howls. It runs along without baying, having been trained to silence to avoid warning fugitives or frightening lost children.

Nicholson Reduces His Strikeout Rate

By MURRAY CHASS
Associated Press Sports Writer

Six years ago major league scouts, check books wide open, flocked to Dave Nicholson for his signature. Last season American League pitchers, mouths watering, scurried to the mound for his next strikeout.

His signature was expensive and only one scout got it, but his strikeouts came cheaply and just about every pitcher who faced him got them. For he fanned a record 175 times, or once every 2.6 times at bat.

The 1964 season may not be any different for the Chicago White Sox' 24-year-old strikeout artist, but at least he's starting off the spring in an uncharacteristic manner.

His eighth-inning two-run triple that powered the White Sox to a 4-1 exhibition victory over the Los Angeles Dodgers Tuesday was his fifth hit in the last four games.

The hits include two home runs and two triples and brought his average to .258 for the spring, which is considerably higher than his .210 lifetime mark.

Even more ominous for opposition hurlers, though, is his declining strikeout rate. In 31 appearances at the plate he has fanned five times, a rate of one every 6.2 times at bat.

Despite his ability to miss the ball more than he hits it, Nicholson is likely to remain in Chicago's outfield a long time. The White Sox recently placed a $750,000 price tag on him, or $4,285.71 a strikeout.

"Nicholson has the greatest potential of anyone playing today," said Manager Al Lopez. "He could bust out anytime."

The Frank Howard story, meanwhile, is nearing an end, at least for this spring. The Dodgers said Tuesday the huge outfielder, who had talked of retiring, will report to their Vero Beach, Fla., camp this Friday.

"He hasn't agreed to terms," General Manager Buzzie Bavasi said, "but we are offering him a raise and I don't think we will have any problem."

In exhibition action, the New York Mets nipped the New York Yankees 1-0 on Frank Thomas' eighth-inning single. Bob Gibson helped pitch St. Louis to a 12-3 victory over Kansas City.

San Francisco edged Cleveland 9-8 with the aid of Orlando Cepeda's three-run homer in the first. Rookie Rich Allen clubbed two home runs in Philadelphia's 7-1 triumph against Cincinnati.

Pittsburgh made four errors, which helped Milwaukee to a 3-1 victory. Washington won its third straight game 8-3 over Detroit. Camilo Pascual permitted just one hit in five innings as Minnesota downed Houston 6-0. Rain canceled the game between Boston and the Los Angeles Angels.

Causey Craves Consistent Year

By MIKE RATHET
Associated Press Sports Writer

BRADENTON, Fla. (AP) — "I'll take the same kind of year I had last year, but I'd like it spread around a little more evenly," said Wayne Causey, the Kansas City shortstop and former bonus baby who doesn't have to worry about his job for the first time in his 10-year career.

"I'd like to hit around .280 again," said Causey today, "but I could do without the kind of June I had last season. I began to think I'd never get straightened out and only wound up hitting .215 that month. That killed me."

Causey's slump—he had been well above .300 and was causing somewhat of a sensation around the American League—came as the surprising A's dropped out of the first division during the month and settled into eighth place, where they eventually finished.

Causey, however, regained his form and finished the season with a .280 average, showing some power with eight homers and 44 runs batted in while establishing himself as one of the top shortstops in the league. But it took 10 years.

"When I broke in I was 18. I had seen only high school pitching, and Baltimore couldn't farm me out, so I never got a chance to play and never got a chance to learn much," said Causey. "When they finally sent me down in 1957, I began to learn things I should have been learning all along.

"You just can't learn to hit in batting practice," he continued, "but in the minors I was playing regularly. That's when you get to learn how to adjust to pitching, how to adjust your bat to spray the ball around or hit to the opposite field."

The A's acquired Causey from the Orioles in 1961, and he was handed the third base job. But Causey still had problems.

Hank Bauer told me the third base job was mine if I could hit," said Causey, "but I injured my shoulder, Ed Charles beat me out and I couldn't get my job back. Then in 1962 Dick Howser broke his thumb and I got a chance at short. And Howser never got his job back."

Farrell Returns To Action Today

COCOA, Fla. (AP) — Dick Farrell, who missed Tuesday's game with a sore arm, returns to duty today as the Houston Colts meet Detroit at Lakeland.

Bob Bruce, an ex-Tiger, will back up Farrell as the second Houston pitcher.

The Colts were blanked Tuesday when Camilo Pascual held them to one hit in five innings and Minnesota took a 6-0 victory.

Pascual struck out four, walked none and allowed only a double by Rusty Staub. Gerry Arrigo pitched three-hit ball the rest of the way.

Collegians To Tee Off

HOUSTON (AP)—The 10th annual All-America Intercollegiate Golf Tournament begins today at Pine Forest Country Club.

And the host university of Houston Cougars have that old feeling — like somebody is looking over their shoulders.

The Cougars won five of the six concurrent tourny championships last year and they've won the over-all title every time it has been up for grabs, which means they annually begin this World Series of collegiate golf as the team to beat.

There are 15 teams on the tee today determined to do just that —and one of them, Oklahoma State, already holds a major victory over Houston Coach Dave Williams' outfit.

Labron Harris' team broke Houston's string of six successive NCAA championships last year, defeating the Cougars by a single stroke.

Wake Forest, Northern Illinois, Baylor, Texas Tech, Texas, Rice, Oklahoma State and Western Illinois comprise the tournament's upper bracket.

Oklahoma, Houston, Arizona State, Southern Methodist, Texas A&M, Minnesota, North Texas and New Mexico make up the lower bracket.

Andy Bathgate, star of the New York Rangers hockey team spent the summer as assistant golf pro at the Northwood Country Club in Toronto.

Tigers Drop 6-2 Decision

ABILENE — Cooper's Cougars erupted for three runs in the second inning and went on to decision the Snyder Tigers, 6-2, in a high school baseball game here Tuesday afternoon.

The Tigers, limited to five hits by righthander Mike Choate, got four of their safeties in the fifth inning and that is when both of the Snyder runs were scored. Successive singles were rapped out by Roy Kizer, Rob Hall, Mack Galyean and Robert Foree for the lone Tiger rally in the game.

Hall, who started on the mound for the Tigers, got two hits in the game. On the mound, he gave up four runs on six hits in three innings. J. N. Wall, who started on first base for the Tigers, switched positions with Hall in the fourth inning and limited the Cougars to one safety the rest of the way.

However, the Cougars scored another run in the fourth and added an unearned tally in the fifth.

The victory was Cooper's fourth of the season against two losses. The Tigers have won two and lost six so far this season.

The Tigers will be in action again Friday when they go to Lubbock for a doubleheader with the Monterey Plainsmen. The first game will begin at 1 p.m.

Texas Nips Minnesota

By The Associated Press

Texas beat Minnesota 8-4 Tuesday to bring the Southwest Conference's intersectional record in baseball to 4-1.

It was the second straight triumph for Texas over the Gophers. The Longhorns won 5-4 Monday.

Texas Christian and Texas A&M get into the act today with the former playing Missouri at Fort Worth to open a two-game series and Texas A&M meeting Minnesota at San Antonio to start another series.

Meanwile Rice plays Western Illinois in the Fort Hood tournament.

Texas shoved over five runs in the fifth to come from behind and beat Minnesota. Sophomore Bob Wells of Dallas made his first start and got credit for the victory although his wildness finally caused him to be lifted in favor of Bob Myer in the seventh.

Fort Hood Opens Baseball Tourney

FORT HOOD, Tex. (AP) — A six-game baseball tournament opens today with Rice and Western Illinois appearing in the first game.

They clash at 2:30 p.m. in the only contest of the day.

Thursday University of Dallas meets Western Illinois and Rice takes on Fort Hood. Friday Fort Hood and Western Illinois get together and Dallas clashes with Rice. The final game will be Saturday when Fort Hood and Dallas play to complete the round-robin.

Escaping Ammonia Takes One Life

HOUSTON, Tex. (AP) — Gas escaping at a broken connection in an ammonia line killed one man and overcame five others Tuesday at the Blue Ribbon Packing Co.

Cordell McGee, 30, died before firemen wearing gas masks could carry him and a second worker from the loading area where the accident happened. The ammonia is used as a refrigerant at the plant and in the firm's trucks

Home Still Sweet For NBA Teams

By RALPH BERNSTEIN
Associated Press Sports Writer

Home is still sweet in the National Basketball Association. If you don't believe it, ask the Philadelphia 76ers, or the Cincinnati Royals.

Last Sunday, the 76ers and Royals opened the Eastern semi-final NBA playoffs — a best-of-five-game set — in Cincinnati and the Royals won by 25 points.

Tuesday night, the scene shifted to Philadelphia and with the home court advantage, the 76ers rapped the favored Royals 122-114.

The teams return to Cincinnati tonight for the third game with the fourth scheduled for Philadelphia Saturday night and the fifth, if necessary, back in Cincinnati.

76er Coach Dolph Schayes shouted, "great defense in the second half did it." He paid tribute to Hal Greer, the Philadelphia sharpshooter whose 15 points in the final quarter turned the tide.

"They'd been counting this club out all year," said Schayes. "You can't do that. They have too much hustle."

Greer, who scored nine straight points to snap the 100-100 deadlock and send Philadelphia on to victory, scored 29 to lead the 76ers.

Liston's Deal Not Questioned

By W.B. RAGSDALE JR.

WASHINGTON (AP) — Jack Nilon, Sonny Liston's financial adviser, said today he didn't ask any question when the former heavyweight champion told him he wanted to sign away more than half his stock in the firm organized to promote Liston's fights.

The Inter-Continental Promotions Inc. stock that Liston gave up brought $100,000 in profits from the fight in which Liston lost the title to Cassius Clay.

Liston signed 275 of his 500 shares in Inter-Continental — half interest in the firm—over to Sam Margolis, who has been identified as a Philadelphia vending machine operator and an old friend of Liston.

When he asked Liston about the transfer, Nilon said, "Sonny said yes that was the way he wanted it.

"I never asked him why he signed it over," Nilon told the Senate Antitrust and Monopoly subcommittee.

Testimony Tuesday brought out that Margolis brought Liston to Nilon and his brothers, Bob and Jim, and helped set up Inter-Continental.

Nilon opened the second day of hearings as the subcommittee continued to examine circumstances surrounding the Feb. 25 fight in which Liston lost by a controversial technical knockout.

Senators planned to question Nilon about his contract with Liston which gave him the manager's 50 per cent of the purse while Liston already had another manager.

Bob Nilon also was on call for questioning.

The first place trophy in the Canyon Gun Club's Raymond Busby Trophy shoot Sunday was won by Waylen Holder.

Holder measured out for the trophy with 100 and nineXs with Joe Landrum of Fluvanna who had the same score but was just a little further off the mark.

The third place trophy went to Leroy Key. Key had tied with four other shooters with 100 and eight Xs. The other shooters who tied for third were Tommy Valentine, Mick Sterling and Bill Emerson, all of Snyder, and Horace Reagan of Big Spring. After considerable measuring, Key was declared the third place winner.

Robert Bowden received the "Crying Towel" for the day with a score of 94 and no Xs. Shooters said that the high winds Sunday made high-score shooting difficult.

The gun club's next match will be held Apr. 12 at 1:30 p.m., and trophies will be awarded at that shoot.

Mets' New Home Will Be Ready

By JIM BECKER
Associated Press Sports Writer

NEW YORK (AP) — There's snow in the dugout and center field is a swamp, but the new home of the New York Mets is going to be ready for the baseball season.

Most of the 55,000 seats are already bolted in place in the five tiers of stands. The infield grass is growing. Bulldozers are churning in the outfield, filling in the mud puddles.

"We'll be ready. The parking lots, the escalators, the restaurants, the drinking fountains, the playing field—all ready by April 17," said Rick Praeger, a partner in the engineering and architectual firm that designed Shea Stadium.

And so in a little more than three weeks, baseball fans, those famous New York Mets — Choo Choo Coleman, Rod Kanehl, Larry Bearnarth, Amado Samuel, and all—will charge out to play in their new playground.

The result will be a combination of the worst baseball team in the National League — 10th twice and favored to be 10th again—and what appears to be the finest baseball stadium ever built.

There isn't a post in the place. Every seat is pointed at second base, or the 50-yard-line for football. The Jets of the American Football League will also play here.

The box seats all swing on rails to new positions for football. The operation takes about 10 to 15 minutes.

The worst seat in the house is better than most seats in other stadiums, and more colorful. The seats are painted in shades of green, blue, orange and yellow.

There are no bleachers.

And for the next two years, fans who can't stand to watch the Mets any more can always take one of the 21 escalators out and go watch the World's Fair across the street.

Matson Feels He Has Tough Chore

COLLEGE STATION, Tex. (AP) — Randy Matson is considered the state's leading candidate for the Olympics but the Texas A&M freshman isn't so sure.

He says he will have to throw the shot over 63 feet to make the squad and that he'll have to be at his best to win one of the three spots.

Matson said today he figured his chief competition would come from Dallas Long, Parry O'Brien, Gary Gubner and Dave Davis.

He feels Long, who holds the world's record of 65 feet 10½ inches, is a shoo-in. He thinks he might have a chance against the others.

Matson tossed the shot 63 feet warming up for the Dallas indoor meet and had a 62-5 effort in competition that night. It still stands as his best throw.

He got 61-6¼ at the Fort Worth indoor meet and his best effort outdoors was 62-2½ in an exhibition at the West Texas Relays in Odessa.

The 6-6, 240-pounder from Pampa doesn't consider himself a contender at all in the discus. The top men have done better than 200 feet and Matson's best has been 181.

"I'm going to concentrate on the shot and work only enough on the discus to compete in Southwest Conference freshman meets," he said.

He has been using weight lifting to gain more strength. He weighed 220 when he arrived and lost down to 215 during the first few weeks, but now is up to 240.

Most of the weight is in the upper part of his body. He is working on weights to strengthen his legs.

DERRELL PARRISH

Two of the Ivy League's football captains are centers. They are Yale's George Humphrey from Chagrin Falls, Ohio and Penn's Fred Jaffin from Ambler Pa.

New York Stock Exchange Makes Ready For Battle

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—The New York Stock Exchange is busily tidying up its rules and practices in preparation for what some are billing as a showdown fight with the Securities and Exchange Commission.

But the exchange seems to have its eye on public opinion as much as on the threatened crackdown by the SEC. And that may be very much on the minds of exchange president Keith Funston and other exchange officials as they talk today to President Johnson.

Wall Street is well aware that there still is a great deal of popular suspicion as to what really goes on there. And SEC charges of unfair privileges enjoyed by floor traders — members who buy or sell for themselves rather than as brokers for the public—are likely to get more public credence than are denials by exchange officials.

A battle for a better public image may well accompany any fight with the SEC over tougher regulations. Exchange officials are aware that changing the ideas most Americans have of some stock market proceedings will be hard.

But to that end the exchange is suggesting changes in floor trading rules which may remove some of the public's suspicions, although the proposals seem unlikely to satisfy SEC demands for either a stringent curtailing of floor trading or ending it altogether.

The exchange's board of governors also has just voted to raise standards for original listing of common stocks for trading and to tighten standards for continued listing.

The board further just proposed a plan to make it possible to halt trading in national emergencies much faster than the 27 minutes that elapsed between first news of the assassination of President John F. Kennedy and the exchange's closing. The 27 minutes saw some of the wildest trading in recent years.

The new plan would allow a three - man committee to act rather than a seven - member quorum of the entire board.

New rules for listing require a company to have 600,000 common shares outstanding, rather than the present 500,000, with a market value of $10 million for the publicly held shares, and earning power of at least $2 million a year before taxes, rather than $1 million after taxes.

The SEC has attacked floor trading as giving the exchange the atmosphere of a private club.

The exchange defends floor trading as adding to the market's liquidity, defined as the ability of a particular stock to absorb reasonable amounts of buying or selling at reasonable price changes.

The new rules proposed by exchange officials would stress floor trading action that would stabilize a fluctuating market and would keep such traders from dominating the market for a particular stock.

Misery Not New To Panamanians

PANAMA (AP)—Five years ago Candido Aizpurua was welcomed as the one millionth child born in Panama.

He came to town the other day with his father Pedro, who was unemployed and looking for help.

Nothing had come out of the pledges of lavish gifts—among them, 100 acres of government land—that attended the fanfare of 1959.

"All he's got after all these promises is a very bad cold," said the 30-year-old father.

The story of the plight of the millionth child received scant attention in Panama's newspapers, probably because it was the season for colds—and also the season for promises, for this is election year.

Misery isn't news to Panamanians anyhow.

Gilberto Arias, a candidate for the vicepresidency, says four out of every five Panamanians are living in abject poverty. In a campaign speech, Arias warned of a violent upheaval unless there is a more equitable distribution of the national wealth.

Arias' remarks were prominently displayed in the press. His family owns four of the eight daily newspapers in Panama City.

But his statement wasn't news to less privileged Panamanians. They've heard the same tune, if not exactly the same lyrics, before, usually at election time. It's difficult to find people who believe their political leaders can change the established order.

But Panama's unemployed and underemployed thousands eagerly look forward to elections every four years because the voting means government jobs may be available.

"It's like the lottery," said a veteran reporter on the Arias payroll. "One keeps on playing it with the small hope something will come out of it."

As in the lottery, there'll be plenty of chances for the 400,000-plus eligible voters in the May elections for president, new Chamber of Deputies and municipal councilmen. There are 2,394 candidates for 42 deputy seats. There are 19 parties with little politically to distinguish one from the other. Some Panamanians scornfully refer to them as "employment agencies."

This year's voting gets extra attention because of the controversial personality of Dr. Arnulfa Airias, the frontrunner among six candidates for the presidency.

He is the younger brother of the man regarded as the greatest statesman in Panama's history, the late ex-President (1932-36) Dr. Harmodio Arias Sr.

The younger Arias was ousted from the presidency twice, in 1914 and 1951, but his following borders on fanaticism.

He Invoked Fifth Verse!

HOUSTON, Tex. (AP) — A newspaper clipping and a Bible verse got a newlywed excused from a week's jury duty Tuesday.

Clyde Nathan Williams approached Judge Arnold Krichamer and handed him two pieces of paper.

One was a news clipping telling of his marriage to Miss Glenda Cone March 7.

On the other piece of paper, Williams had copied the fifth verse of the 24th chapter of Deuteronomy:

"When a man hath taken a wife, he shall not go out to war, neither shall he be charged with any business: but he shall be free at home one year, and shall cheer up his wife which he hath taken."

The judge checked the passage in a Bible he keeps on his desk and sent Williams home.

LBJ Pushes Action On Health Bill

By JACK BELL

WASHINGTON (AP) — President Johnson was described today as very hopeful that Congress will act this year on legislation to provide health care for the elderly, financed through Social Security.

Sen. Hubert H. Humphrey of Minnesota, the assistant Senate Democratic leader, said in an interview that Johnson had canvassed the prospects for the program at a White House meeting with Democratic congressional chieftains Tuesday.

"The President is very interested in getting action on this matter and intends to press for it," Humphrey said.

Johnson told the United Automobile Workers convention in Atlantic City, N.J., Monday: "We are going to pass a medical assitance bill for the aged no matter how many months it takes. The sensible and prudent and lasting way to do this is through the Social Security System."

This pledge was open to at least two different interpretations. Most members of Congress seemed to think the President was conceding that "many months" — stretching into next year—would be required to get a bill passed. Others thought he meant he wanted Congress to stay on this year to get the job done.

Humphrey sided with the latter interpretation. He said he thinks there is a good possibility that some arrangements can be made to get House action on the health care issue.

"I understand some changes in the Social Security laws are going to be considered," he said. "That would be a logical place to include this program."

The late President John F. Kennedy tried to move the proposal through the House last year but encounfered formidable opposition from Chairman Wilbur D. Mills, D-Ark., of the Ways and Means Committee. Kennedy had been assured of the votes for Senate passage if the House acted.

There has been no outward sign that Mills has softened his opposition to the program. If Mills remains strongly opposed it, Johnson will need all of his political persuasiveness to get the committee to override the chairman.

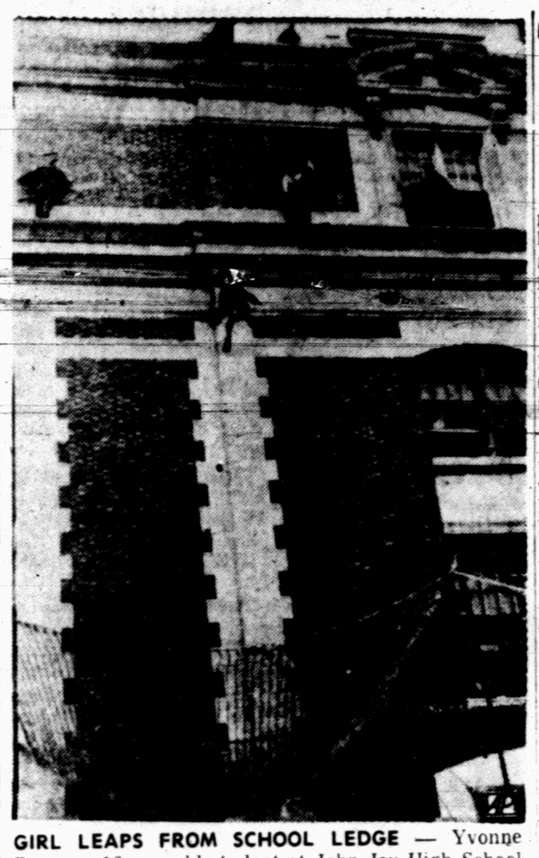
Unless he can get Mills to go along, politicians think Johnson would accomplish a near-miracle by getting any bill passed before the November election.

Kennedys Invited To Ski In Idaho

WASHINGTON (AP) — Sen Frank E. Moss, D-Utah, sent Atty. Gen. Robert F. Kennedy a telegram Tuesday inviting the attorney general and his family to come skiing in Utah Easter weekend.

Moss said he had read that the attorney general and other members of the Kennedy family had been unable to get reservations at Sun Valley, Idaho.

"Invite all the Kennedys to come to Utah," Moss said. "Our [illegible] exceeds 100 inches in depth, topped by new powder. Can assure excellent accommodations in Salt Lake City."



GIRL LEAPS FROM SCHOOL LEDGE — Yvonne Burgess, 16-year-old student at John Jay High School in Brooklyn, N. Y., leaps from fourth-floor ledge at the school into safety net. The girl, a native of British Honduras, paced the two-foot ledge for an hour and a half while 1,000 persons watched. Policemen narrowed her ledge walking area to a sufficiently small section so that it could be covered by the net. (AP Wirephoto)

Controls Set On Wheat Exports

WASHINGTON (AP)— Uncle Sam will refuse to allow American exporters to use possible lower U.S. wheat prices to underbid other countries in world grain markets.

The Agriculture Department has invoked controls—the tightest ever employed in peacetime—to set a floor below which American wheat from the 1964 crop will not be permitted to be sold abroad.

That floor is a price which the United States and Canada—the world's two biggest wheat exporters—have sought in recent years to control and stabilize world prices.

In announcing the new controls, the department said they were necessary if this country were to "obtain the benefits and fulfill its obligations" under an international wheat agreement. This agreement of many wheat exporting and importing countries is designed to bar price cutting in world markets.

The department's action would not permit exporters to make adjustments in prices which would place U.S. wheat fully competitive with Canadian and Australian wheat in the market of the Soviet Union. Russia has halted purchase of U.S. grain because shipping rates on U.S. flagships—which must be used to transport half of the grain to the Soviet Union—makes American wheat noncompetitive.

The new controls will apply in the event Congress fails to enact new wheat legislation sponsored by the administration. The legislation has passed the Senate but faces an uncertain fate in the House.

Should the new plan die in Congress, there is a very good possibility that prices for the 1964 wheat crop will be around $1.26 a bushel. This would be the government's price support rate.

But the department will not allow any wheat to be sold for export at less than about $1.35, farm basis, the level at which the two big exporting nations have been rather successful in stabilizing world prices.

No wheat could be shipped abroad without a department export license specifying the price was not below the world price.

An exporter who might be able to buy wheat for $1.26 farm basis would have to give the department—not the farmer—a 9-cent payment.

Revenues Of CRMWD Still Gain

Gross revenues of the Colorado River Municipal Water District continue to show a gain over 1963, the February revenue fund report reflects. This is largely due to the presence of a new customer for oilfield waterflooding.

February revenues from the member cities of Snyder, Big Spring and Odessa aggregated $112,457, making $227,201 for the first two months of the year. This is about $7,000 above the same period a year ago. Oil companies paid $81,987 in February and $169,057 for the first two months as against $102,336 for the first two months of last year. Of the total, $86,801 was paid by Sun Oil, which a year ago had not become a customer of the district.

Total revenues amounted to $196,012 for February and $420,349 for the first two months. A year ago the first two months produced $346,296. Total expenditures in February amounted to $60,246, amking $130,507 for the initial two months. In 1963 January and February expenditures stood at $11,862. The $28,841 difference between revenues and disbursements go to satisfy bond and interest charges and other requirements of the trust indenture.

Of the 1,463,762,000 gallons of water produced by the district in the first two months of the year, all but 1,013,000 gallons (from city wells) came from Lake J. B. Thomas. At the end of February the lake elevation was 2250.10 feet and the content 147,350 acre feet. This is almost 50 billion gallons.

Bob Pickett, former Eastern Intercollegiate 175-pound wrestling champion, is in his 14th season coaching Harvard's matmen.

Long-Term Loan Made To Yemen

MOSCOW (AP) — The Soviet Union has granted Yemen a long - term loan, delayed payment of earlier loans and promised free aid, a joint communique said Tuesday.

The communique, issued after talks between Yemeni President Abdulla Al-Sallal and Soviet officials, said the Soviet Union supported Yemen's effort to oust Britain from the Aden area just south of the little country on the Saudi Arabian Peninsula.

Tyler Operators Indicted For 'Hot Oil' Shipping

HOUSTON (AP) — Two independent oil operators from Tyler have been indicted by a federal grand jury for allegedly shipping $2.2 million worth of contrabarid oil in interstate commerce.

Billy Bridewell and R. H. Hedge were also accused in a 60-count indictment Tuesday of filing false reports with the Federal Petroleum Board.

The pair conspired to produce the oil illegally from a slanted well which crossed property lines underground onto another lease, the indictment says.

Morton Susman, assistant U. S. attorney, said the lease from which the "hot oil" was taken belonged to the Humble Oil & Refining Co.

The surface location of the Bridewell - Hedge well was on the O. P. Woodburn lease, the indictment said, and about 200 feet from the property line.

The well is in the Webster Field in Harris County.

The well produced 674,707 barrels from January, 1950 to July 1962, the indictment alleged.

"That is the largest amount of oil produced from any slant hole in the country to the knowledge of the Federal Petroleum Board," Susman said.

The pair of oil operators violated the Connally Hot Oil Act by filing false reports with the Petroleum Board, according to the indictment. It said the reports were false because they failed to disclose the location from where the oil was actually being taken.

The two men are accused in the indictment of obtaining a false survey to show the well was bottomed on their lease, when it actually ran through a fault in the ground under property lines and was taking oil from a spot between two Humble wells.

Attorneys for Bridewell and Hdge said they planned to post $5,000 bond for each man.

The indictment against them includes two counts of conspiracy, 40 counts of hot oil violations and 18 counts of filing false reports with the petroleum board.

If convicted, each could be sentenced to serve up to 30 years in prison and fined up to $120,000.

Fluvanna FFA's Sheep Place High

FLUVANNA — Topped by Dennis Ball's champion fine wool animal, Fluvanna Future Farmers of America exhibited several sheep in the Lubbock Livestock Show.

Joe Rue Beaver had animals which won 9th, 15th and 24th in the lightweight fine wool class. to $60,246, making $130,507 for Denny Belew won 8th in the same class and Joe Thel Belew won 13th and 20th in the lightweight fine wool class.

The Fluvanna FFA Chapter took third place in the neatness contest.

Red Military To Visit East Germany

BERLIN (AP) — The Soviet defense minister, Marshal Rodion Malinovsky, will lead a Soviet military delegation on a visit to East Germany shortly, the official East German news agency, ADN, announced today.

ADN said the delegation was coming at the invitation of the East German Communist party but did not give the exact date of the visit.

THE "Write" WAY

By RUTH FOWLER BROWN

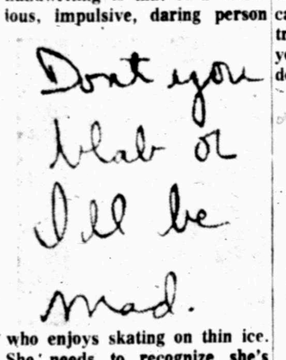
Dear Ruth:

My sister and I are visiting our grandmother at the ranch while our folks are away on a month's trip. I'm worried about my sis because she's doing something I don't think is right. She's three years older than me and crazy about boys. There aren't any boys near the ranch, so she slips out at night and drives 14 miles into town. My grandmother doesn't know this and sis made me promise not to tell. She says all she does is drink cokes and talk to boys who come to the restaurant and play the juke box. I hate to blab, but I hate to deceive my grandmother, too. Here's my sister's writing. Do you think I should tell?

Younger Sis

Dear Younger:

You may be younger, but you're much wiser. Tell your sister first that you're worried about the risk she's running on these night runs — and that if she doesn't wise up and stay home, you'll be forced to tell your grandmother. Your sister's handwriting is that of a vivacious, impulsive, daring person



who enjoys skating on thin ice. She needs to recognize she's being selfishly thoughtless and entirely too reckless. If anything should happen to her, your grandmother and your folks would never forgive you for not being a blabber mouth!

• • •

Dear Ruth:

I am very mixed up and would like some help with my problems. I'm writing this in hope you can help me. I'm 39, female and still attractive. I am 5' 8", weigh 135, am married and have a daughter 10.

Mixed Up

Dear Mixed Up:

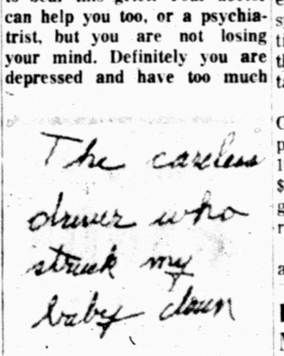
That's the way you've got me — mixed up! Handwriting analysis isn't fortune telling. You'll have to help me before I can help you — by telling me what your problems are!

• • •

Dear Ruth:

I lost my little boy through an accident several years ago. My friends have practically forgotten the incident, for I have outwardly borne up bravely. Even my husband doesn't know of the hatred I hold in my heart for the careless driver who struck my baby down. He was not convicted. Will you answer my question please in your column as I do not want to be identified by mail. I feel this hatred is driving me insane. Do you see signs of this in my handwriting?

Bereft



Dear Bereft:

I deeply sympathize with you and admire your show of bravery. But I would strongly advise you to see your minister and let him help you learn how to bear this grief. Your doctor can help you too, or a psychiatrist, but you are not losing your mind. Definitely you are depressed and have too much sorrow bottled up with no outlet. Has it occurred to you that perhaps your husband is also putting up a brave front — for your sake? And unless an injustice was done, I imagine the careless driver will never forget — or forgive himself — for the tragic result of his unintended act.

Japan Expresses Regrets On TV

By KENNETH ISHII

TOKYO (AP) — Prime Minister Hayato Ikeda, in the first live telecast from Japan to the United States, expressed his country's "deepest regrets" today for a deranged Japanese youth's knife attack Tuesday on U.S. Ambassador Edwin O. Reischauer.

"On behalf of the people of Japan, I express my deepest regrets for the stabbing of Mr. Reischauer by a Japanese youth," the gray-haired premier said in Japanese.

Reischauer was reported recovering and his doctor said the wound in his right thigh should be healed in about two weeks.

The ambassador also had been scheduled to appear on the eight-minute program, which went to the United States via the Relay 2 communications satellite.

Instead, U.S. Minister John Emmerson read a message from Reischauer in which he said he wanted to emphasize that the "unfortunate incident —or any such irresponsible incident—could have no possible effect—on our great partnership."

Ikeda expressed hope that the success of the telecast would further promote the friendly ties between the United States and Japan. A two-way telecast between the United States and Japan is scheduled Friday, and the Japanese hope to be able to televise the Tokyo Olympics in October to the world via satellite.

The telecast today included a number of scenic shots that were transmitted live from Tokyo. The remarks by Ikeda and Emmerson had been taped in advance, however.

Ikeda accepted the resignation of Japan's state minister for public safety, Takashi Hayakawa, who bowed out in a traditional Japanese gesture of atonement for the incident Tuesday which shocked the nation.

Reischauer, 53, was reported in good spirits as he recuperated at Toranomon Hospital from a 3¼-inch-deep knife wound in his right thigh. His doctor said he was making a smooth recovery.

Embassy press attache Nathaniel Thayer told newsmen he found the ambassador in excellent spirits "joking with the nurses." Reischauer told him he had received so much Japanese blood in transfusions "that I feel I've become a mixed-blood child."

Reischauer was born in Japan, speaks Japanese fluently and has a Japanese wife.

Police continued to question Norikazu Shiotani, 19, who stabbed Reischauer as the ambassador emerged from the embassy chancery on his way to a luncheon appointment.

The youth may be charged with bodily assault or even attempted murder. Bodily assault carries a maximum penalty of 10 years in prison. There is no prison maximum for attempted murder, but it does not carry the death sentence.

Police said Shiotani has a history of mental aberrations. He told them he attacked Reischauer to call the world's attention to the plight of Japanese with poor sight. Shiotani is nearsighted.

VISITS HUSBAND IN HOSPITAL—Mrs. Edwin O. Reischauer visits her husband, U.S. Ambassador to Japan in his Tokyo hospital room after he underwent surgery to repair injury suffered when an assailant plunged a knife into his thigh. Reischauer, 53, should be healed in two weeks. (AP Wirephoto via radio from Tokyo)

Safety Campaigns Seen As 'Menace And Bore'

By ROBERT HEARD

LOS ANGELES (AP) — The minister of highways for British Columbia says safety campaigns "are not only a bore, they are a menace."

And nothing gets his dander up more than slow drivers.

Philip Gaglardi, sometimes referred to as the "hot rod minister," says "The fast driver is the safe driver because he is more alert."

Gaglardi and his six-man entourage are in this country to drum up tourist business by speaking of the glories of British Columbia.

"Lowering speed limits tends to create accidents, raising the limit prevents them," he said.

"Safety campaigns scare the timid and emotionalize danger. Newspapers dramatize the big holiday weekends and death tolls when probably there are fewer accidents per miles driven than any other time.

"Policemen drag out their radar on the big weekends and catch a few hundred drivers going five or 10 miles over the limit and pack up and leave.

"It burns me up to get a ticket like that."

The minister of highways got a speeding ticket?

"Yes, I've got them before," he said.

More than one?

"Six, I think."

He's tried to talk his way out of a ticket, but "when they find out who I am, they are more determined than ever to give me one."

Eighty observation stations around the world are currently measuring earth tides in a program begun during the International Geophysical Year, 1957-58. The stations use gravity meters and horizontal pendulums planted deep in rock.

Salinger Ponders Ballot Woes

SAN FRANCISCO (AP) — Pierre Salinger is wondering aloud whether partisan politics are responsible for his troubles in getting his name on the California primary ballot for U.S. senator.

A legal wrangle over Salinger's eligibility as a Democratic candidate was taken to court Tuesday. His attorneys asked the State Supreme Court to order the state to place his name on the ballot in the June 2 primary.

Secretary of State Frank M. Jordan, a Republican, forced the issue into court Tuesday by rejecting the former presidential press secretary's candidacy.

Jordan said there was no proof that Salinger was either a resident of California or a Democrat.

"I just wonder," Salinger said, "if it isn't because of the Republican feeling that I would be the most difficult candidate to defeat in November.

"I can't understand why Jordan changed his mind 48 hours after he said he thought I would qualify as a candidate."

Jordan had been quoted prior to Salinger's filing for nomination, that he would place his name on the ballot.

Salinger had not lived in California since 1955. He is a registered voter in Virginia.

The other two Democrats Salinger will face—if he gets his name on the ballot — are incumbent Sen. Clair Engle and State Controller Alan Cranston.

Border Clash Kills 24 Pakistanis

NEW DELHI, India (AP)—Twenty-four Pakistanis were killed in a border clash near Uti, 50 miles west of Srinagar, capital of disputed Kashmir, official sources said Tuesday.

They claimed that Pakistani volunteers penetrated a mile and a half across the Indian side of the cease-fire line in Kashmir Monday night and opened fire on Indian border patrols.

Aid To Blind Is Studied

AUSTIN (AP) — The Texas Research League says more than 300 persons receiving aid to the blind payments should be re-evaluated to judge whether they can be trained to support themselves.

The league, in a report Tuesday to the Commission for the Blind, said this statewide re-evaluation program should be conducted by the commission and the Department of Public Welfare.

Noting that 329 blind persons were rehabilitated last year, the League said, "approximately one-fourth of those rehabilitated have had their sight restored to the degree that they are no longer economically blind.

"Many are able to resume the same occupation they had prior to disability."

The league said there are 17,354 blind persons in Texas, with 6,321 receiving aid to the blind.

Hondo To Make Flashing Light Tests

HOUSTON (AP) — Flashing light tests were to be held in Hondo, Tex., tonight.

The Manned Spacecraft Center said a xenon flashing light would be used and an observer, fitted with goggles that simulates distance, would try to spot the light from two miles away.

The tests are in conjunction with the docking and rendezvoux phase of Moonlight, and more currently, Gemini spacecraft docking with an Agenda rocket while in orbit.

The space agency engineers picked Hondo because of its favorable climate and a lack of horizon glow produced by bigger cities.

ONE OF 27 GOOD REASONS TO STAY AT NORTHPARK INN:

No. 8 Free Limousine Service to Public and Private Airports

Mix luxury atmosphere with a truly great hilltop location (7 minutes from downtown), modest cost and deep-piled comfort. Add a dash of entertainment (golf, swimming, an intimate private club) and a magnificent cuisine — and you create Dallas' newest luxury motel, NorthPark Inn. You'll find the services infinite and the courtesy real. If you're coming our way, just let us know. We'll be happy to make your reservation.
