Flu Shots Suspended

The Farwell Medical Clinic's plan to conduct a Swine Flu inoculation clinic today (Friday) was brought to a halt Tuesday afternoon when Clinic officials received word to postpone all inoculations until a decision is announced in Austin on Monday.

According to Jeannie Norris, clinic administrator, the Swine Flu vaccine had arrived last week, with an additional shipment expected earlier this week. Clinic plans had been finalized when the Canyon Health District, of which Parmer County is a member, issued notification of suspension of the program.

Concern over the vaccine centers around the recent deaths of three persons who had taken the inoculation. According to reports, three

elderly people in Pennsylvania died after receiving the Swine Flu shots. They reportedly died of heart attacks within hours after they were inoculated.

The cause of the heart attacks was not known, however, and that was the concern of state, federal and local health investigators.

According to an Associated Press wire release, Dr. David Sencer, director of the Federal Center For Disease Control, said, "We have no evidence to suggest that these deaths were caused by the vaccine or the vaccination program."

Other officials of the Center For Disease Control reportedly said there was no plan for a nationwide halt in the Swine Flu program because of the

Pennsylvania deaths. Inoculations have been suspended in several other states besides Texas and New Mexico including Illinois, Wisconsin, Louisiana, Vermont, Maine and Alaska.

According to reports, officials in New York, Michigan and Utah ordered the withholding of more than 200,000 doses of the vaccine that came from the same lot of vaccine as that used in Pennsylvania.

But the Swine Flu shots continued in at least 15 other states, with officials in Massachusetts, Florida, California and elsewhere saying they had no intention of stopping their programs.

The Texas State Health Department plans to render a decision concerning the vac-

cine after the U. S. Communicable Disease Center in Atlanta and others make an investigation of the situation.

Reportedly 8,000,000 or 9,000,000 doses of the Swine Flu vaccine have already been administered in Texas with only two reactions noted, that being a minor fever and a sore arm.

Dr. G. Mason Kahn, head of the Amarillo Health Unit, said no vaccine of the lot number used in the Pennsylvania cases were anywhere in Texas.

He also said that reactions to flu immunizations were usually due to a reaction to the preservatives in the vaccine, not the vaccine itself because the vaccine is usually so highly-refined.

Russ Jones and D'Lynn Eubank were crowned King and Queen of Farwell Homecoming at a pep rally held in the high school gym Friday afternoon, Oct. 8. Jones is holding a gift from the varsity cheerleaders, and Miss Eubank is holding a bouquet of roses and a blue and white football which was signed by all the football team members and coaches. Jones is the son of Mr. and Mrs. Joe Jones and D'Lynn is the daughter of Mr. and Mrs. J.W. Eubank.

King & Queen

Homecoming Royalty Crowned At Pep Rally

A week of gaiety and fun marked the traditional homecoming observance at Farwell High School last week. One of the highlights of the event was the crowning of homecoming royalty at the Friday after-

noon pep rally in the gymnasium.

D'Lynn Eubank and Russ Jones, both juniors, were crowned 1976 Football Queen and King. Charla Norton, last year's Queen, and now a freshman at Southwest Texas State University, San Marcos, crowned the Queen, and Carol Vinton, Pep Club officer, crowned the King.

The coronation took place amidst a blue and white decoration theme and a large crowd of Steer boosters. Natalie Dollar was announcer for the program.

A paper crown was fitted over the basketball goal at the throne setting. Blue and white streamers extended from the goals to the floor. Forming the background for the throne was a large white heart trimmed with silver. "Homecoming 1976" was written in blue letters on the large heart. Smaller blue hearts trimmed with silver flanked the large heart on either side. Inside the blue hearts were smaller white hearts on which were printed the names of the 10 homecoming Queen and King candidates.

Candidates walked on a runner of blue and white paper to the throne. Streamers in the school colors and helmets of the football team members lined the walkway. After the coronation, the honorees were seated on white wrought iron chairs in front of the large heart.

Varsity cheerleaders presented gifts to the King candidates and members of the football squad presented roses to the Queen candidates.

Speakers at the pep rally included Joe Haseloff and coaches Tom Whatley and Royce Baker.

The Steer band provided music, and cheers and routines were performed by the varsity, junior varsity and junior high cheerleaders and twirlers.

Other candidates for homecoming Queen were Sherri McCully, senior; Penny Hughes, junior; Roxie Chandler, sophomore; and Carole Perkins, freshman. King candidates besides Jones were Steve Meeks, senior; Richard Yruegas, junior; D. D. Foster, sophomore; and Mark Owen, freshman.

The homecoming bonfire was held Thursday night, Oct. 7, east of the high school baseball park. Members of the freshman class collected wood for the blaze and a Boys Ranch Rough Rider was burned in effigy.

Homecoming mums were sold by the senior class, with Natalie Dollar, Kristi Magness, and Leigh Kirkland in charge of the project.

Other homecoming activities included a one-day initiation of freshmen, and a chicken supper sponsored by the junior class prior to the game.

Climaxing the week of festivities was the Steers "come from behind" victory over the Boys Ranch Rough Riders, 18-14.

Republican Senators John Tower of Texas and Pete Domenici of New Mexico will arrive at the Clovis Airport today (Friday) at 9:30 a.m. MDT.

From the airport they will proceed to the Hotel Clovis where they will conduct a press conference.

A Dutch treat luncheon for interested Republicans will follow the press conference.

Senators In Clovis Today

Funeral services for Vester C. (Vic) Venable, 66, of Farwell were conducted Wednesday at the Farwell Church of Christ, with James Wilbanks, former minister, officiating.

He was assisted by Leonard Harper, church minister. Burial was in the Sunset Terrace Memorial Garden under the direction of the Steed-Todd Funeral Home of Clovis.

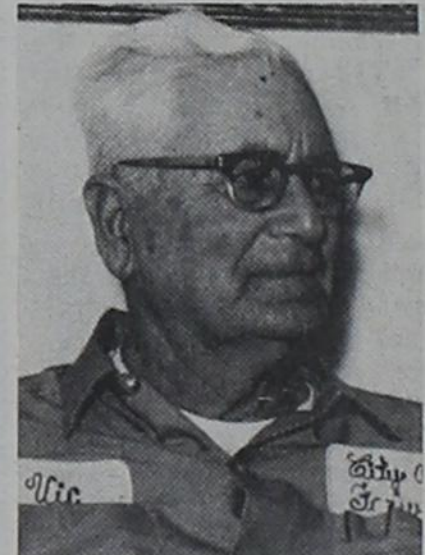

Mr. Venable was born in Thurber, Tex., Dec. 28, 1919. He moved to Bovina in 1933 and farmed with his father and uncle. In 1935, he left the farm to work for the railroad. He was with railroad from 1936 until 1948.

Mr. Venable first moved to Farwell when the Santa Fe Railroad transferred him here. He served as superintendent of Farwell's water department for 27 years, until his retirement in January of 1976.

Mr. Venable was a member and elder of the Church of Christ in Farwell.

He married Lorena Weeks, May 4, 1929. He was preceded in death by one daughter, Jo Nell.

Survivors include his wife, Lorena; two sons, Jerry Venable of Amarillo and Melvin Venable of Texico; three brothers, Elmer of Claude, Chester of Canyon, and Elton of Bovina; two sisters, Mrs. Viola Mae Wilkerson of Corpus Christi and Mrs. Sarah Marie Wilkerson of Amarillo; three grandchildren and several nieces and nephews.

Twin Cities Chambers Discuss Overpass/Underpass

The proposed underpass or overpass for Texico-Farwell was discussed at the Monday night meeting of the Texico Chamber of Commerce.

Pudge Rose and Johnny Actinsson represented the Farwell Chamber of Commerce at the meeting.

Rose said the safety factor was the primary concern. Even though a tragic accident had not occurred this year the possibility was there, according to Rose.

He advocated finding out what Twin Cities residents think of the issue and then de-

termining what course of action to pursue. He suggested that the two Chambers of Commerce work jointly on the project.

Joe Lester, a representative of Santa Fe Railroad, said he had "no comments at this time." He added that he could just "offer cooperation."

Ray Bradley, an engineer with the Texas Highway Department, presented a negative viewpoint. As an engineer he said he would love to build the overpass but felt it was financially out of the question for now.

He explained that the Texas

Highway Department has already obligated all of its funds for the next five to seven years. He added that at the end of that period it was probable that all building funds would be non-existent.

"By that time we may be out of the road-building business and involved only with repairing," Bradley said.

He said that new projects have a very slim chance of being approved. The department's financial situation is at the lowest ebb, according to Bradley.

Bradley stated that building

an underpass would be less costly and require less area than an overpass. He added that he felt it would be the best route to pursue. The one "hangup" to this plan was the difficulty in pumping the water out, according to the engineer.

Bradley also said that Farwell would have to pay half of the cost of right of ways and utility relocation for the underpass or overpass portion in the state of Texas. The city's cost was estimated to be in the vicinity of \$250,000.

Texico Chamber appointed a committee to work with the Farwell Chamber Committee and to look into the proposed idea and the possible ways of solving the dilemma.

In other Texico Chamber business, the proposed new community building for Texico was also discussed. President Joe Caywood said they are looking into possible funds to finance the project. He added that a pre-application would have to come from the Texico City Council. A Chamber

representative was to meet with them Tuesday night to discuss the issue.

★ Pep Rally Today

Farwell High School cheerleaders have issued a "come one, come all" challenge to Steers boosters to attend the Pep Rally today (Friday) at 3:10 p.m. in the high school gym.

The girls in Blue and White expect a minimum of 75-100 fans to attend the spirit-boosting event.

The Pep Rally is planned in anticipation of the Steers' opening conference play tonight against their arch rivals, the Bovina Mustangs. Game time is 7:30 p.m. in Steer Stadium.

Leading cheers for the rally will be Sherri McCully, Sherry Perkins, D'Lynn Eubank, Peggy White, Toby Curtis, Vicki Vinton and Penny Hughes.

Farwell - -

Council Conducts Public Hearing

The public hearing for the new zoning ordinance was held during the regular Monday night meeting of the Farwell City Council.

A brisk discussion concerning mobile home zoning developed between Harlan Obenshain, Max Carter and members of the Council.

Obenshain felt the zoning restrictions concerning mobile homes should be more flexible. He felt that the proposal to permit mobile home owners to purchase lots only outside the city limits would discourage people from settling in Farwell.

He added that many people would be willing to purchase lots with old abandoned houses on them, tear down the dilapidated building and establish their own mobile home there. Obenshain felt this was superior to letting the land remain unused.

Commissioner Ralph Franse countered that a mobile home moving onto a street which had good brick home located on it would lessen the value of those homes.

Mayor Gil Patschke said he felt the zoning restrictions on mobile homes would not limit the growth of Farwell.

Carter advocated equal rights with housing for mobile home owners. He said many

young couples just starting out prefer to purchase lots and to park a mobile home on it. He also said that a building code should be adopted along with the zoning ordinance.

Mayor Patschke said the Council would look into the possibility of establishing a building code.

Following the discussion, Council members and planning commission members conducted a closed session to further debate the issue. At the end of the closed session period, it was announced that a change had been adopted in the zoning ordinance. Lots 17-32 in block 11 and lots 8-16 and 17-25 in block 7 have been rezoned for mobile homes.

Other business included appointing Jerry Ellison to the planning commission.

A discussion was also held concerning a water pump which is wearing out. It was reported that Water Superintendent D. E. Hammit would check out the situation.

Attending the meeting were Mayor Patschke, commissioner Franse, Janie Bowery, city clerk; city employees, Ronnie Mitchell, Hammit, Roger Menning and Doug Landrum; and Obenshain, Carter, Ellison, Charles Aycock and Joe Hughes.

1977 Queen - -

Area Youth Bring Home NMJRA Prizes

Three area young people brought home top prizes from the finals of the New Mexico Junior Rodeo Association rodeo held October 1, 2, and 3 in Albuquerque.

Vickie Snodgrass, daughter of Mr. and Mrs. Roy Snodgrass of Texico, was voted NMJRA Queen for 1977 and was also named Reserve Champion Barrel Racer for the year. Vickie competed in barrel racing, pole bending,

goat tying and ribbon roping and placed in each event. Vickie is a 1976 graduate of Texico High School and is a freshman physical education major at Eastern New Mexico University, Portales.

Sid Howard, son of Mr. and Mrs. Paul Howard of Farwell, and Olen Douglas, son of Mr. and Mrs. Ed Douglas of Clovis, won the team roping event in the 12 years and under

group. Howard was also winner of the breakaway roping event for the year and was the Reserve All-Around Cowboy of the NMJRA.

Susan Snodgrass of Texico also competed in the NMJRA finals in the pole bending event, but did not place.

The local youths received their awards, which were signed sterling silver and turquoise belt buckles, October 1.

NMJRA

Winners

These local rodeo participants brought home top prizes from the New Mexico Junior Rodeo Association finals held October 1, 2, and 3 in Albuquerque. Vickie Snodgrass was voted NMJRA Queen for 1977 and was Reserve Champion Barrel Racer of the year. On the left is Olen Douglas of Clovis and on the right is Sid Howard of Farwell. These boys won the team roping event for the 12 years and younger competition. Howard was Reserve All-Around Cowboy for the year and won the breakaway roping event for the year. The three were presented silver and turquoise belt buckles.

Oh what a beautiful Indian Summer we are having on the great Golden Spread. The untimely frost last week killed the tender vegetation. It sure knocked our mimosa tree for the year. All we are getting now is those dang pods off it. It's good these trees are so pretty in the summer. A body can't hardly put up with them the rest of the year.

The early cold spell also was responsible for the shut off of gas to the elevator corn dryers last week. We visited with Archie Skeen, maintenance super of Southern Union Gas, about this and here is his explanation.

The present gas pipe line between the Twin Cities was installed several years ago. At that time a protection on the growth of the community was made and a line was put in that was deemed adequate for growth extending many years into the future.

Also and alak, king corn descended on the country. This was an unlooked for agricultural development as it brought the need for corn dryers at the local elevators. These dryers consume almost as much natural gas as the entire community, so this was the equivalent of doubling our growth in only two or three years as far as gas consumption was concerned.

The present situation gets along reasonably well because under normal fall conditions the demand for gas by the elevators is over by the time the weather gets cool enough for the residents to begin to turn on their home heaters.

This year it didn't happen that way. It got cold enough last week to cause the local homes to go to their heating systems. As a consequence the use of the fuel by the elevators had to be curtailed so the homes would not suffer an unacceptable drop in gas pressure.

This caused the approximately 24-hour shut off on corn drying, not an actual shortage of natural gas. In Clovis, where they have direct access to the large transmission line, gas was not curtailed. Skeen assured us that come this winter there would be adequate supplies of gas for home comfort available.

Texas Tech recently installed a new President of the University with all the accompanying hoopla. To our regressive way of thinking he immediately came down with a severe case of foot in mouth disease.

In a news release in the Lubbock Avalanche Journal the good Prexy will immediately "desex" all news releases emanating from that worthy institution of higher learning. Henceforth we will have "Chairpersons" etc. coming from Tech.

One of the subalterns chimed in with the observation that the area media and citizenry may not cotton to this as this area was rather conservative and would tend to resist change.

To our neolithic mind this was the only reasonable statement in the whole article. To the best of our knowledge our typesetters have not had to contend with "Chairpersons" or "Personhole cover" in setting our copy.

Fortunately we do not have any paid subscriptions from these high brow institutions so they may not ever become aware of our recalcitrant attitude concerning the wave of the future in double dome society.

Rest assured in this little pocket of West Texas you will read the news in the language of your fathers. Ya Know Man, Uh Well Like, Ya Know, We uns jest ain't on tuh it.

If our readers notice the various stories throughout the Tribune that are by-lined by Texico students, the reason is this: The Texico journalism students are getting some practical experience in the field of news writing by actually doing it.

The students and their instructor felt that this was a good way for them to learn how to write stories as well as giving coverage to their school's news events.

Third Place Winner

Linda Geries, Farwell, won third place in the Merchants Football Contest last week by calling 10 games correctly and being off 11 points on the tiebreaker. She receives the \$2 winner's check from Bill Roberts of Interstate Fertilizer, a contest sponsor. Since the first and second place winners were both from out of town, the third place winner posed for our camera this week. First place winner was M. L. Sherrod of Canyon and second place winner was Frankie Coffman of Liberal, Kans.

First Time Entrant Takes Prize Money

A first-time entrant in the local football contest used his beginner's luck to walk off with first place honors by calling 10 games correctly in last week's guessing game.

M. L. Sherrod of Canyon posted the winning entry, having decided to enter the contest while visiting with Supt. James Perkins at Farwell School last Thursday. Sherrod missed only the tie game between Texas and Oklahoma and the Hereford-Dumas clash to score 10 points. He was off on the tiebreaker by five points.

Taking second place was Frankie Coffman of Liberal, Kan., former resident here for Farwell Homecoming, who guessed 10 correct games and was 10 points off on the tiebreaker. Linda Geries came in for third place money by guessing 10 right and missing on the tiebreaker by 11 points.

Neil Stewart, Farwell, the only other person to call 10 games right, was off 26 points to wind up out of the weekly money. Last week's list of games proved a bit difficult and changed the season standings somewhat. Louise Hancock took over sole possession of first place with 51 points while

last week's top contender, Donald Jones, dropped into a second place tie with D'Lynn Eubank and W. M. Roberts. This is the third week for Roberts to be in second place contention while Miss Eubank moved up from the fourth place slot. Those in second place have 50 points each. In third place with 49 points are Ron Hancock, Leigh Kirkland, Tex Smith and Ellen Wurster. Miss Kirkland and Mrs. Wurster were also in third place

last week. Dan Geuther, Gay Goettsch and Eddie B. Smith are tied for fourth place with 48 points apiece and fifth place contenders with 47 points are Carolyn Herington, Thad Phillips and Beulah Williams.

With only half the season contest gone, 397 persons have entered the weekly guessing match. Up for grabs each week is prize money for the most games predicted correctly, including \$7.50 for first place; \$5.00 for second place; and \$2.00 for third place. Overall winners will get two tickets to the Cotton Bowl or Sun Bowl game, plus \$50, while the second place winner will receive two Sun Bowl tickets, plus \$25.

Absentee Voting Begins

Absentee voting in Parmer County for the November 3, 1976 election began Wednesday morning, Oct. 13.

Voting hours are from 8:30 a.m. until 5 p.m. in the Parmer County clerk's office. Bonnie Warren, Parmer County Clerk, reminds voters to bring their current registration certificate when they come to cast their absentee ballot.

According to Mrs. Warren, absentee voting will close on October 29.

**Mike Spearman
 Texico, N.M.**

I have already harvested 2 fields of EPX 888 Weather Master Corn & am waiting on my other varieties to get dry enough to cut.

This is my second year to plant Weather Master corn. My two year average is over 10,000 lb. per acre dry weight. The EPX 888 is the fastest maturing and easiest thrashing corn of all the different varieties I have planted.

I am well pleased and have already booked Weather Master seed for next year.

Methodist Church Donates Hymnals To Farwell Convalescent Center

Some two months ago, Mrs. Dora Nittler, Administrator of the Farwell Convalescent Center, asked Rev. W. T. Perry, pastor of Hamlin Memorial United Methodist Church if hymnals for the Center could be acquired through the efforts of Hamlin Memorial Church.

Since then, members and friends of the church have

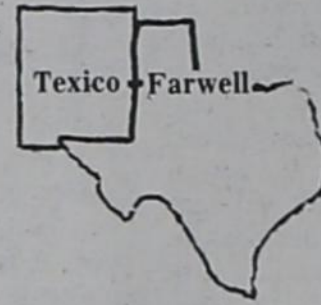

contributed to a special Memorial Fund for the purchase of Cokesbury Hymnals for this purpose. Each hymnal has a suitable bookplate inside the front cover indicating the names of the donor and the name or names of persons in whose memory the hymnal is given, or in honor of an individual.

Last Sunday afternoon, at

the worship services at the Convalescent Center, the hymnals were presented to the Center residents by Rev. Perry, in behalf of those who contributed. Some 100 Cokesbury Hymnals have been ordered and presented, most of them being presented in the form of memorial gifts.

Rev. Perry stated appreciation to Mrs. Nittler for bringing this need to the attention of members and friends of Hamlin Memorial Church, and in turn expressed appreciation to those who helped make the project possible.

AROUND THE TWIN CITIES

Farwell's senior class supper is scheduled for tonight (Friday) from 5:30 until 7:30 CDT in the high school cafeteria, prior to the Farwell-Bovina game.

Farwell Hospital District will meet Tuesday, Oct. 19, at 8 p.m. in the Farwell Convalescent Center.

Farwell Booster Club will hold its regular meeting Tuesday, Oct. 19, at 8 p.m. in Clara's restaurant.

Texico Booster Club was to have met Thursday at 7:30 MDT in the gym.

Texico Woman's Club 20th

Senior Class Supper Tonight

Farwell High School's senior class supper is scheduled for tonight (Friday) in the high school cafeteria prior to the Farwell-Bovina football game.

Serving time will be from 5:30 until 7:30 p.m. CDT.

The menu will include chili, beans, salad, pie, and iced tea. Tickets are priced at \$2 for adults and \$1.50 for children.

Anniversary tea is set for Sunday, Oct. 17, at 2:30 MDT in the Texico Community Building.

Farwell Steers take on the Bovina Mustangs tonight (Friday) at 7:30 in the Steer Stadium. It is the first game of District 3-A competition.

Texico Wolverines are slated to host Eunice tonight (Friday) at 7:30 MDT in Wolverine Stadium.

By John Ricci

Sometimes good news is hard to find. Take for instance the figures on what American farmers and ranchers did during the fiscal year completed this summer. They provided enough production to set another new record in agricultural exports. Final figure for the value of ag exports was over 22-billion dollars. Perhaps the reason the figure didn't make the headlines is that records such as this are getting to be accepted as normal achievements for the super efficient American producer. It is the sixth straight year that the exports have increased. Only five years ago the big news was a record of just under 8-billion dollars... that made the headlines... now 22-billion is normal. Once again the farmer and rancher made the difference for the country during the fiscal year. Even with the heavy tab we paid for oil, Uncle Sam came out in the black by about 4-billion dollars. Thanks producers.

Council Approves Light

In the absence of Mayor Manford Turnbough and mayor pro tem Bill Thigpen, trustee Vane Doshier presided over the Tuesday night meeting of the Texico City Council. Mr. and Mrs. J. G. Bryant requested permission to run a 150 foot water line on their property in the Marshall Addition in Texico. The request was tabled until all members of the Council could be present.

Trustee Marie Christian presented a report on the cost of the proposed overpass between Texico and Farwell.

The senior citizens organization asked that a street light be installed outside their community building. The request was granted.

They also requested the Council grant them permission

to apply for funds to finance the construction of a new senior citizens community building and library. The request was approved.

Bill Friday, a representative of the National Cash Register Association, met with the Council concerning a posting machine. Purchase of the machine was approved and it is expected to be operational by January 1, 1977.

Further business included hiring Patricia Carter as assistant city clerk. She will assume her duties Monday.

Among other business it was decided to clean up a lot in the Marshall Addition.

Present for the meeting were trustees Max Carter, Vane Doshier and Marie Christian and city clerk, Clara Wiehl.

Revenue Sharing - -

County Commissioners Designate Payment

It was resolved at the Monday morning meeting of the Parmer County Commissioners Court that the third quarter revenue sharing payment, in the amount of \$23,865 received October 1 and designated for public transportation, be released to Precinct 4 for use in operation and maintenance.

It was reported that County Judge James P. Fortenberry was authorized to borrow \$2,000 for the Farm-To-Market Account, to be repaid from current funds.

The bottom ports of the riser on Dam Site number 2 will be closed, according to reports. This decision is in agreement with the State Soil Conservation Service Office. It was also decided that the dam will be

operated at an elevation of 4077.0 instead of 4075.6, which will increase the holding capacity by some 167 acre feet.

A general road update was held. It was reported that the 1.2 mile of pavement southwest of Bovina is practically finished and that the four mile span south of Bovina was close to completion. The weather may prevent the finishing of the two roads before spring.

It was further reported that contractors were already looking at the middle section of Highway 214. The contract was to be let Wednesday.

The auditor met with the Court and discussed certain budget items.

Three Cases Decided In District Court

Two cases were heard before a jury, and a non-suit was filed in another case in last week's district court session presided over by Judge Pat Boone, Jr.

The first case heard Monday, Oct. 4, was Shirley Ann Harris v. Keith Lynn Blackburn. It was a child custody with a motion to nullify suit. The jury found for the respondent, Blackburn.

The case of Arthur Maestas v. The Northern Assurance Company of America was heard Thursday, Oct. 7. The jury decided in favor of the respondent, the Assurance company.

A non-suit was filed Wednesday, Oct. 6, in the case of Kate Phillips v. Larry Gregory. It involved a breach of a wheat crop purchase contract.

Missionary Speaks At Methodist Church

Sunday evening, Oct. 10, Dr. Jaxie Short, a missionary to Hong Kong, spoke at Hamlin Memorial United Methodist Church in Farwell. She told of her experiences in her work and the many problems involved with refugee families in Hong Kong.

The missionary visited the Sunday School classes of the First Baptist Church in Farwell Sunday morning. From there she traveled to Clovis to visit the Central Baptist Church. While in Clovis Dr. Short also visited the Dwight

Sheriff family. During her Farwell stay she visited her cousins, Mrs. Grace Snider and the Johnnie, Jack and Willie Williams families.

Dr. Short was traveling with her sister, Eunice Short, who is a teacher at Oklahoma Baptist University in Shawnee. They left Farwell Monday to return to Shawnee.

Dr. Short has been engaged in missionary work in China for 30 years. She will return to Hong Kong in January.

Top Boys Ranch 18-14 - -

'Come From Behind Victory' Another Notch In Farwell Steers Win Streak

Farwell Steers emerged triumphantly from the "battle of the unbeaten" as the Boys Ranch Rough Riders were shut out the last two quarters and the Steers triumphed 18-14 Friday night.

Billy White booted the opening kick to Rough Rider Brad Silver who returned the ball to the Boys Ranch 27-yard line. The Rough Riders kept their drive alive for 14 plays and moved to the Steers 30-yard line before the ball went over on downs.

Mike Goetsch carried first for the Blue and White. On the second play Travis Bibbs fumbled on the pitch out and the Rough Riders recovered.

With 3:10 left in the quarter Boys Ranch scored when Joe Maloy caught a Bryan Latchaw pass from 18 yards away. The try for the two-point conversion failed and Boys Ranch led 6-0.

Silver attempted an inside kick which failed to travel the mandatory 10 yards. Tim Norton took possession of the ball and Farwell started its touchdown drive on their own 48-yard line.

Russ Jones completed an 11-yard pass to Travis Bibbs on the first play. Jones retained the pigskin on the next play and was thrown for a three-yard loss. Facing a second and 13 situation, Goetsch carried for six yards. On third down Jones kept the ball and moved it six yards to the 28-yard line. On the next play Jones fired a long pass to Rowdy Chandler who hauled it in to tie the score at 6-6. The snap was fumbled and the two-point conversion attempt failed.

White kicked off for Farwell and it was returned to the 40-yard line. David Rattan earned four yards on a quarterback keeper. Boys Ranch was penalized five yards for illegal procedure. Rattan then attempted to keep the drive alive with a pass, but it was broken up by Goetsch. Boys Ranch punted into the end zone and Farwell took over on their own 20-yard line.

Goetsch carried for three yards. Jones brought the ball out to the 37-yard line on a quarterback keeper. Tim Norton moved the ball three yards and a pitchout to White was fumbled out of bounds. Farwell was penalized five yards from the point of infraction for illegal procedure. Another penalty for illegal procedure made it second and 24 for the Blue and White. Bibbs earned 15 yards on a screen pass and Norton carried the ball for four yards, but it was not enough to sustain the drive. Goetsch punted to Boys Ranch who bobbled the ball and Farwell recovered.

The Steers took over on the 35-yard line. Bibbs carried for the first down, but Farwell was unable to move the ball and Boys Ranch took possession on their own 25-yard line.

The Rough Riders made three quick first downs, then Norton dropped Maloy for a seven-yard loss. Latchaw completed a pass to Maloy who was stopped by Goetsch. Latchaw then drilled a 37-yard aerial to Lonnie Wade for a touchdown. The run for the extra points was good and with 1:23 left in the half, Boys Ranch took the scoring lead, 14-6.

Farwell was not able to maintain a drive and both teams retired to the dressing rooms with the score remaining the same.

Silver toed the ball to Farwell to begin the second half of play and Chip Craft took it on the Steers 10-yard line.

Early in second half action Bibbs ran for seven yards and three plays later sprinted for

another 19 yards. Facing a first and goal situation Goetsch carried the ball into the end zone to add another six points to Farwell's score. Jones' run for the extra points failed. The score was now 14-12, Boys Ranch.

White kicked off for Farwell and the Rough Riders sustained their drive for 10 plays. Kent Goldsmith and Craft stopped Silver short of the first-down yardage and the ball went over on the down.

Bibbs carried for five yards on the first down play. Two plays later White fumbled and Boys Ranch recovered on their 34-yard line.

The Rough Riders were unable to move the ball and punted, downing the ball on Farwell's three-yard line. The first-down effort ended with an incomplete pass. Bibbs then carried for 15 yards and Craft moved the ball four yards.

Host Bovina - -

Steers Open District Competition Tonight

"Friday's 18-14 win over Boys Ranch was a good victory for us," said Farwell head coach Tom Whatley this week. "Our kids proved they could come back in the second half and win," he added.

Whatley commented that the Steers played "a poor first half." "We made too many mental errors," he remarked. "We have been working on that, but apparently not enough. We cannot make those same errors against some of our district competition," he said.

The Steer mentor said he was proud of the second half efforts of his team, saying, "I think they wanted a win a little more than Boys Ranch did in those last two quarters of play."

The head coach called the Rough Riders a "fine ball club who took it to us." "They played a better first half than we did," he commented.

Whatley said the Steers need to "improve in a hurry" if they are to be competitive in the upcoming district clashes.

Mike Goetsch was named "Steer of the Week." Whatley said he played well both offensively and defensively, adding that Goetsch did the best running job and executed fakes well. "He was a major factor in our coming back and winning the second half," the head coach added. Goetsch was also named "outstanding offensive back."

Steve Meeks was picked as the "outstanding offensive lineman." Whatley said he blocked very well offensively.

The "outstanding secondary man" was Carlos Lucio. The Steer gridmaster said Lucio was "an enthusiastic player who was making tackles all over the field."

Chip Craft was named as the "outstanding forcing unit man." He graded over 90 percent on defense, according to Whatley.

The Blue and White opens District 3-A play tonight (Friday) when they host the Bovina Mustangs at 7:30 p.m. in Steer Stadium. Fans are reminded of the change in time for district play. Game time is 7:30 p.m. instead of 8 p.m. as it has been for non-district play.

Whatley said the Mustangs have a 3-2 record for the season, but added that when Farwell and Bovina tangle "records do not mean anything."

"It is such a rivalry game that anything can happen," he said commenting, "We'll be ready for them and they'll be ready for us."

The Mustangs started the

After two unsuccessful attempts to earn another first down, the Steers punted the ball away.

Craft stymied the Boys Ranch drive by stopping the quarterback for a seven-yard loss, but Latchaw came back to complete a pass to Wade. The Rough Riders fumbled the ball on the third down conversion try and Jones recovered for Farwell.

On the second down play, a pitchout to Craft was fumbled for a 10-yard loss and the third down saw a pass go incomplete; however, a personal foul infraction against Boys Ranch changed the situation to a third and 15 for the Steers. Two plays later, Jones kept the ball and sprinted around end for 53 yards and the final score of the game. The two-point try for extra points failed and the Steers held onto the four-point margin to retain

their unbeaten status.

STATISTICS

Farwell	Boys Ranch

BR -- Lonnie Wade	37 pass from Latchaw (Roman Lopez run)	
F -- Mike Goetsch	1 run (run failed)	
F -- Jones	53 run (run failed)	

An elated bunch of Steers show a bit of emotion after Mike Goetsch scored from three yards out to give the Steers their 12th point of the game with Boys Ranch Friday night. The touchdown by Goetsch came in the early moments of the second half and gave the Steers new life. Goetsch was named Steer of the Week for his performance in the game.

Steer Of The Week

Mike Goetsch has been selected as the "Steer of the Week" for his performance in the Boys Ranch game. Coach Tom Whatley said he played well both defensively and offensively. He complimented Goetsch on his running game, calling it the best thus far and added that he also executed fakes extremely well. Whatley attributed the Steers' coming back in the second half to defeat Boys Ranch largely to Goetsch's efforts.

TD For FHS

Sudan Shuts Out 8th Yearlings

Sudan rolled over the Farwell Junior High eighth grade team, 20-0, Thursday night, Oct. 7, in Steer Stadium. The seventh grade team was idle last week.

In reviewing the game, Farwell 8th grade coach Larry McDorman said, "We weren't up for them. We just didn't play well, especially in the

first half," adding that Sudan had good backs who ran well. The junior high coach attributed their defeat to "miscalls and mental errors."

Kerry Ford blocked a Sudan punt late in the second quarter. "We should have scored then, but somehow we just didn't make it," McDorman said.

The junior high gridmaster said his team "just couldn't seem to generate any offense." He commented that the defense played a better second half. Sudan scored 14 points in the first two quarters and earned only six points in the second half of play.

McDorman cited Sherman Grozs and Mac Langford as outstanding defensive players.

He said that the eighth grade team will have "to work to improve their defense and will also have to concentrate on blocking and running."

The seventh grade was to play at Bovina Thursday night, Oct. 14. The next contest is scheduled at Kress Thursday night, Oct. 21. The seventh grade will play at 5:30 and the eighth grade game will follow at 6:30.

Giant trash bags may hold a lot, but they are also mighty awkward to carry when filled. (Just ask the person who has to carry them out for pickup.)

On the other hand, a home trash compactor compacts up to a week's refuse for a family of four in one easy-to-carry bag. Have you ever wondered what one of these bags weighs? The answer, say experts for KitchenAid — one of the country's leading producers of appliances — is usually about as much as a medium-size suitcase, when packed.

Girl Scouts Attend Fair

Farwell Girl Scouts attended the Caprock Council Girl Scout Fair Saturday in Lubbock. The girls are members of Brownie Troop 143 and Junior Troop 159.

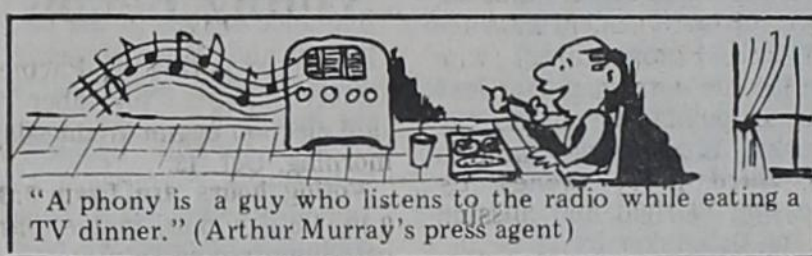

They viewed exhibits made by other Girl Scout troops. On display were arts, crafts, and camping projects. They also attended a fashion show and participated in games, singing and dancing.

Brownies who attended were Suzanne Cooper, Tonia Topliff, Dana White, Twila Donaldson, Laurie Harper, Shelly Smith, Sherilyn Thigpen, Rhonda Ling-

nau, Kelley Foster, Renee Bartley, Tracy Davis, DeAnn Curtis, Gracie Ortega, Sharon Myers, Melinda McMillan, Lori Taylor and Clarissa Hobbs.

Juniors attending were Ladicia Anzaldua, Dana Morris, Becky Davis, Donna Simmons, Shelley Ford, Denise Ford, Karen Snodgrass, Traci Lovelace and Sandra Parker.

Sponsors included Myrna Lingnau, Dorris White, Modine McMillan, Dee Davis, Cheryl Harper and Vicki Taylor. Girl Scout leaders included Sherry Curtis and Dorothy Ford.

"A phony is a guy who listens to the radio while eating a TV dinner." (Arthur Murray's press agent)

season several weeks ago thin on experience. Head coach Joe Christian welcomed back only five lettermen and only two of those were two-way starters. The entire forward wall had been wiped out by graduation.

Outstanding Mustangs include tailback Steve Cockerham who is a 5'8", 140-pound junior; fullback Gerald Shelby, a 5'10", 150-pound junior; and two sophomores, David Stedman, 5'9", 195 pounds, and Randell Ritchie, 5'10", 230 pounds.

Whatley referred to Bovina as a good ball club. He said they have shown improvement each week. "They outweigh us and will be hard to contain," he added.

Looking toward district competition the Steer mentor said they will take each game "one at a time." He compared the Steers' 5-0 record in non-district competition to the exhibition games which pro football teams play. "Now we're playing for the money," Whatley concluded.

Jones Heads For Paydirt

Russ Jones (16), Steer quarterback, tears out on a 53-yard scoring jaunt to put the Blue and White ahead of the Boys Ranch Rough Riders 18-14 midway in the fourth quarter of Friday night's contest. Jones had recovered a Boys Ranch fumble moments earlier to give Farwell possession.

Farwell JV Blanks Sudan

Farwell's Junior Varsity proved that perseverance is the name of the game when they outlasted Sudan, 6-0, in Steer Stadium Thursday night, Oct. 7.

The ball game remained scoreless for three quarters until a determined team of future Steers dug in their heels and put six points on the board. Quarterback Robin Roberts cranked up his arm and propelled a 35-yard touchdown pass to Benny Yruegas. The kick for the PAT failed.

Coach Royce Baker described the gridiron contest as the "best game" of the season. "They wanted to win. They didn't want to settle for the 0-0 tie," he added.

The Junior Varsity mentor

said offensive players Steve Hargrove and Bruce Mayfield "blocked well." Defensive players drawing the coach's praise were Leonel Jaime, Richard Winegeart, and Radney Robertson. According to Baker the defense played "very well."

The Junior Varsity was scheduled to play Bovina Thursday night at Bovina. The next gridiron contest will be at Kress Thursday, Oct. 21. Baker said he expects "a good game because they are the toughest bunch of kids we've faced yet."

The Junior Varsity now sports a 4-1 record for the season.

Foxes Outfox Texico For 19-6 Victory

by Susan Snodgrass

Ft. Sumner outfoxed the Wolverines 19-6 last Friday, on the Foxes' home grounds to give Texico a 2-4 record.

Ft. Sumner took the kickoff on their 43-yard line and started off with a five-yard loss on a penalty. Using ground plays the Foxes gained only two yards, one yard, and then three yards, which forced them to punt. The Wolverines downed the ball on their 15-yard line. They, too, started with a five-yard penalty loss. A handoff to Duwain Hill made three yards, followed by a yard gain and a five-yard loss. Ashley failed to gain needed yardage on a quarterback keeper and Texico punted.

Texico then forced Ft. Sumner into a three-yard loss before the Foxes fumbled and Wolverine Jimmy Reid recovered the ball. Hill gained six yards, Ashley gained seven yards, and Ashley passed to Hill for five more yards. Hill again took a couple of handoffs for a two-yard and a three-yard gain. An offside penalty nullified Hill's gains. The Wolverines tried a pass, but John Wilson of Ft. Sumner intercepted to give the Foxes control of the ball.

Keeping on the ground, Ft. Sumner gained five yards, made no yardage, gained 12 yards, and then Ashley and Casey brought the Ft. Sumner man down after a 22-yard gain. The Foxes then gained seven more yards before they lost 15 on a clipping penalty. An attempted pass then lost four yards and after losing a down on a declined offside penalty, they were forced to punt. The kick went into the end zone and Texico took over on the 20-yard line. Hill took a handoff to gain five yards and Ashley carried for a four-yard gain as the quarter ended with neither team scoring.

Askwed carried for the start of the second quarter gaining a yard in the process. Short of a first down, Texico punted and the ball was downed on the 22-yard line.

The Foxes made short gains on a consistent drive before Jim Vick scored from three yards out with 6:28 left in the half. Ft. Sumner had to try for the PAT five yards back due to a Fox penalty, and the attempt failed, putting Ft. Sumner ahead 6-0.

Hill returned the kickoff to the 33-yard line. Hill carried for a five-yard gain and a pass to Turner gained seven yards. Hill carried for more yardage and a lateral to Askwed was good for five yards followed by another Hill gain of 10 yards. Ashley gained three yards, Askwed picked up three yards, Turner ran for 18 and gained 10 more on a pass play. Ashley managed nine more before the Foxes defense stopped the Wolverines. Texico made no yardage on the next play, then Hill gained three yards to put the ball on the one-yard line. After suffering a couple of yardage losses, the Wolverines came back with two gains, but they were not enough for Texico to score before the half ended, thus the Foxes led 6-0.

Ashley returned the second half kickoff 80 yards for a TD for Texico. A pass to Hill for the extra point try was incomplete.

Ft. Sumner returned the kickoff to the 15-yard line where Burgett made the tackle. The Foxes had a penalty on the kickoff which gave them a 10 yard loss, putting them on the six-yard line. They then made only short gains before being forced to punt.

The Wolverines took the ball on the 47-yard line. Texico made a two-yard gain, but had an incomplete pass on the next down. The next pass was intercepted by Gene Sena. The orange and black team then gained one yard, three yards, eight yards, and then 10 yards on a pass play before Hill pushed the runner out of

bounds. This was followed by a pair of losses with Hill making both tackles. The Foxes came back with a five-yard gain, but lacked first down yardage and were forced to punt.

The Wolverines took over the ball on the seven-yard line. They then gained two yards, but a lateral lost eight yards. Another lateral to Hill gained 11 yards, but needing seven yards for a first, they had to punt. The punt went out of bounds on the 22-yard line where Ft. Sumner took over. They made three yards and then eight yards on ground plays before Jim Vick connected on a pass to Bucky Minton who, with 3:29 left in the period, went 11 yards for the score. The PAT was no good and the Foxes went out in front 12-6.

Hill fielded the kick before it went out of bounds on the 11-yard line. The next play lost four yards, but a lateral to Askwed was good for 11 yards. The Wolverines then punted with the Foxes taking the ball on the 47-yard line. Although they made an eight-yard gain, a five-yard loss on a penalty and a 12-yard gain, they were unable to convert their efforts into points. The quarter ended in Ft. Sumner's favor, 12-6.

Texico took over after the Foxes failed to make a first down. Ashley connected on a pass to Hill for a 14-yard gain. Askwed then took a handoff for a four-yard pickup. The Green and White then fumbled and Ft. Sumner grabbed possession. They managed only a yard with Ashley making the stop. Texico held for no gain, but Ft. Sumner hooked a pass which was good for 41 yards before Eshleman pulled the runner down. The Foxes gained three yards, but lost them on a five-yard penalty for illegal procedure. After a two-yard gain, Ft. Sumner again connected on a long pass with Bucky Minton taking it 22 yards for the TD. The kick was good and the Foxes led 19-6.

Texico then took the kickoff and a penalty set them back 15 yards. They then gained a yard, had an incomplete pass, and made no gain, but got 15 yards on a Fox penalty. A handoff to Hill made no gain followed by a Wolverine penalty for a five-yard loss. On a double reverse from Hill to Turner, the Wolverines picked up 12 yards. A quarterback keeper then lost five yards. This was followed by a two-yard gain and a pass to Ortiz which would have gained 12 yards, except for a fumble recovered by Ft. Sumner.

The Foxes started out with an incomplete pass, followed by a six-yard loss and five-yard penalty loss. Hill almost intercepted a pass, but it went incomplete and Ft. Sumner was forced to punt. The Wolverines took the punt on their 40-yard line. They first made no gain, then Askwed carried a handoff for two yards, and a Fox penalty gave them 15 yards. There was then time left for only two

plays, the first of which lost seven yards, the last gaining one yard. The clock ran out with the Wolverines trailing 19-6.

"I thought we played real well except for three mistakes. On the three passes they caught, we had no one near the receivers and once again

this is a missed assignment," Coach Topliff stated. "We are missing our number one back, West, due to an injury. If he had been in, we would have had one more touchdown. But overall we improved and that's what we're trying to accomplish our first year together."

Eunice Next Foe - -

Mental Errors Cost Wolverines Victory

"We played better than the score indicates," said Texico Coach Paul Topliff following the Wolverines 19-6 loss to Ft. Sumner Friday night.

"What hurt us were the three mental mistakes which led to touchdowns for Ft. Sumner," he added. "We outplayed them and moved the ball well. We forced them to go to the air to defeat us," Topliff said.

The new head coach said he was super proud of this team and added that the defense played "a super game other than the three corner mistakes."

Topliff noted improvements in the Wolverines and said that was what they were working for.

He praised Mark Howard for the 16 tackles he made during the course of the game. Dwain Hill also performed well defensively, according to the Wolverines' mentor. He added that they sorely missed the services of Joe West who was

hurt earlier in the week during a practice session. West has a bruised kidney and is not expected to see action tonight (Friday).

Topliff credited Mike Williams and Larry Rolan with containing the running game of Ft. Sumner. He added that he was overall pleased with "our kids" and was happy that there was not an attitude problem. "In spite of our 2-4 record these kids still want to get out there and play. They are hungry for a win and that is what we are working toward," Topliff said.

Tonight (Friday) the Mean Green takes on Eunice in Wolverine Stadium at 7:30 MDT. The gridiron match is a District 4-AA game.

Topliff said Eunice was the 4-AA state champion last year and their record this year is 1-4-1. He cautioned against writing Eunice off because of their current record. "Eunice is a fine ball club and has had to play some pretty stiff competition," he added.

Texico Girls Win Match With Eunice

In a round-robin trip, the Wolverines went to Eunice where they met Jal, Dexter, and Eunice in varsity girls' volleyball last Saturday. Texico fell to Dexter and Jal, while winning over Eunice.

Scores in the Dexter set of games were: Texico 4, Dexter 15; Texico 15, Dexter 6; Texico 8, Dexter 15.

Lead server for the Dexter match was Christi Harrington with 14 good serves for all three games. Jana Jesko and Carol Dane pounded down nine spikes each.

Texico came back to defeat Eunice after three games. Their results were: (First game) Texico 5, Eunice 15; (second game) Texico 15, Eunice 11; (third game) Texico 15, Eunice 11.

Mary Lou Roberts hit 15 good serves while the head spiker was Christi Harrington

with nine.

Texico fell to Jal, winning only one of three games. Texico lost the first two, 8-15 and 7-15, but came back to win the last match 15-13. Top servers for the Jal series were Deanne Day with three for the first game. Karen Hadley had five good serves in the second game and Kim Harrington pounded over eight points in the last game.

"My overall opinion of Saturday's matches is that Texico is capable of being a winning ball club. We need to talk to each other and help each other out. There is no time like the present to start winning," said Coach Kathy Culshaw after the games.

Another round-robin series for the same four teams will be in the Texico gym, Saturday. The matches will begin at 11 a.m.

Wolverines Of The Week

Mark Howard, left, has been selected as the defensive "Wolverine of the Week" for the second week in a row. He repeated his similar record of a week ago by chalking up 16 tackles against Ft. Sumner Friday night. Coach Paul Topliff said Mark blocked well down field both offensively and defensively. "He has played two super games," Topliff said. Duwain Hill was named the offensive "Wolverine of the Week" by the coaches. Friday's game was the first start for the sophomore tailback who carried the ball 13 times for a total of 42 yards. Topliff said Hill was the "monster man" for the team.

FFA Group To Leadership Meet

by Monty Leavell

The Texico FFA and Greenhand officers went to an Officer Leadership Conference in Dora, Tuesday, Oct. 12. Attending were Eddie West, Advisor; Don Cherry, president; Richard Hadley, vice-president; Charlene Whitener,

secretary; Mike Snodgrass, reporter; Justin Gaddis, treasurer; and Chris Eshleman, sentinel.

Greenhand officers attending were Billy Joe Potts, president; Mark Powell, vice-president; Alan Moss, secretary; Jeff Tharp, treasurer; Neale Haile, reporter; and Britt Crooks, sentinel.

Band Performs At Booster Meeting

by Steve Holley

The Clovis High School Pep Band performed at the Texico Band Boosters regular meeting Monday evening. About 40 people attended.

Band Booster Club officers are Anna Holley, president, and Bertha Kelley, secretary-treasurer. Jerry SADBERRY, Texico band director, reported that band calendars should be

ready for distribution sometime this week.

Progress on the current magazine sales was also discussed. Texico band members are selling magazine subscriptions as a money-making project. The sales will continue through October 21. Proceeds will be applied toward the purchase of new band instruments.

Board Meets

Farwell School Board met in regular session Monday night. Besides routine business, the Board approved the tax roll for 1976-77 and gave tentative approval for the junior class and the cheerleaders to sponsor a donkey basketball game later in the year.

Tim was so learned that he could name a horse in nine languages. So ignorant that he bought a cow to ride on.

Ft. Sumner Downs Texico Junior High

by Mike Williams

Texico Junior High Wolverines were defeated 24-0 last Thursday on the Ft. Sumner field by the Little Foxes.

The Foxes scored all of their 24 points in the first half. Ft. Sumner got on the board with a halfback sweep for the first score. The PAT was a mirror play, making the count 8-0. The second score came on a fullback draw from the five-yard line. The PAT was made on a halfback sweep. The first quarter ended with the Foxes ahead 16-0.

In the second quarter, the Foxes made their third and final touchdown on a halfback sweep around right end. The PAT was scored on a fullback draw. The half ended with the Foxes leading 24-0.

In the second half the Wolverines stopped Ft. Sumner from scoring, but were unable to score themselves. Coach Cecil Davis said of his Wolverines, "we started playing too late."

"The team needs to work on the ends and corners," stated Coach Davis. He gave credit to Joe Martinez for an "outstanding" noseguard play and to David Cavallero for his punting.

Future practice sessions will include working with outside containment and corner backs

to prevent sweeps, Davis added.

The junior high gridmaster said five players earned nine tackles each. They were Neal Haile, David Cavallero, Britt Crooks, William Lassiter, and Ron Kirby.

TEXICO STATISTICS

First Downs	7
New Yards Rushing	26 plays for 80 yards
Net Yards Passing	0
Total Yards	80
Passes Intercepted By	0
Fumbles Lost	2
Number of Penalties	6 for 70 yards

CARRIES

David Cavallero	- 12 for 24 yards; 2-yard average; 1 fumble
Herbert Bibbs	- 8 for 32 yards; 4-yard average; 1 fumble
Neal Haile	- 6 for 14; 2.3-yard average;
TOTAL	- 26 for 80; 3.1-yard average; 2 fumbles

PASSES
Neal Haile attempted seven passes and completed none. He had no interceptions.

Texico will travel to Melrose Saturday, Oct. 16. Game time is set for 9 a.m. MDT. On October 19 the Junior High team will play Tatum at 6 p.m.

What's Cooking Farwell School

MONDAY - Meat loaf with catsup, creamed potatoes, green beans, hot rolls, butter, syrup, milk.

TUESDAY - Burritos with chili and cheese, lettuce and tomatoes, buttered corn, peanut butter cookies, gelatin, bread, milk.

WEDNESDAY - Pinto beans, hot tamales, buttered spinach, pickles, onions, peaches, cornbread, butter, milk.

THURSDAY - Hamburgers, cheese slices, potato chips, strawberry shortcake, milk.

FRIDAY - Porkettes, candied yams, green beans, stuffed celery, banana pudding, bread, milk.

School Lunch Schedule at Texico

MONDAY - Hamburger casserole, green beans, celery sticks, hot rolls, fruit, milk.

TUESDAY - Beef and cheese tacos, lettuce and tomato salad, buttered corn, fruit cup, milk.

WEDNESDAY - Beef and vegetable stew, roasted peanuts, cornbread, banana, milk.

THURSDAY - Barbecue on bun, French fries, pork and beans, fruit cobbler, milk.

FRIDAY - Fish sticks, tartar sauce, macaroni and cheese, blackeyed peas, cornbread, gelatin, chocolate milk.

Meet Your Teachers

Sandra McDaniel is the new Resource room teacher at Farwell Elementary School. This marks her first year to teach. Mrs. McDaniel earned her degree from Eastern New Mexico University at Portales. She first became interested in teaching when she worked as a teacher's aide; so with a lot of encouragement from friends, Mrs. McDaniel decided to go to school at ENMU. The new teacher likes to read, sew and garden, but admits she has little time now to pursue those interests. Mrs. McDaniel eventually plans to obtain her master's degree. She lives in Portales and commutes to Farwell each day. She has four children Vickie, 18; Robbie, 15; DeeObra, 14; and Mike, 13.

Women Attend Church Conference

Attending a conference meeting of United Methodist Women this week were Mrs. C. C. Christian and Mrs. W. T. Perry, representing Hamlin Memorial United Methodist Church of Texico-Farwell.

Balancing Claims

"Only in a free market system is each individual certain of his right to strive and excel for his own material benefit—and therefore for the incidental benefit of his fellow citizens. A progressive and dynamic free society holds these ideals of equality and excellence simultaneously in a creative tension, balancing the claims for sharing against the incentives for striving."

—Richard J. Whalen

the United Methodist Church. This year, the Albuquerque District hosts the meeting and it is being held at Glorieta Conference Center near Santa Fe, N.M.

At this annual meeting, reports are given on progress of the work of the United Methodist Women and plans and goals are set for the coming year. Mrs. Orval Buchleiter of Albuquerque is president of the conference United Methodist Women, and presided at the opening session on Tuesday. On Wednesday evening, a banquet was held and Dr. Charles Thigpen, pastor of St. Paul's Church, Albuquerque, sang a sermon-in-song titled, "One Nation Under God."

Bishop Alsie Carleton, resident Bishop of the New Mexico-Northwest Texas area presided at a communion service. The meeting was scheduled to close on Thursday afternoon.

Do-It-Yourself Halloween Activities

Halloween is a children's playday that should be fun and practical. Instead of buying Halloween paraphernalia, consider letting children make their own, suggests Dorothy Taylor, family life education specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

She suggested some do-it-yourself projects.

Halloween Cat — cut a large cat's head, body and tail from black construction paper. Glue egg carton cups with glass marble centers on the cat's head for wild eyes. Attach the head, body and tail with brass brads. Change the cat's position to make him look as if he is falling, running, frightened or just scary.

Jack-o-lantern mobile — cut

an irregular ring out of heavy orange paper. Cut three triangles and one moon-shape out of heavy black paper for the eyes, nose and mouth. Don't forget the stem for the pumpkin. Hang the eyes, nose and mouth on strings to dangle inside the orange ring. Hang the mobile by a longer string attached to the stem of the pumpkin.

Paper plate mask — draw a scary face on a heavy paper plate. Cut out and/or paint the facial features on the plate. Use rug yarn or straw for hair. Punch a hole above the ears on each side of the plate. Attach a shoe lace on each side and tie around the head.

Noise makers — large, dried gourds painted with scary faces make excellent Hallo-

ween noise makers. The seeds inside the gourd make a nice "shushing" sound.

A small paper bag painted or decorated in a Halloween theme can be filled with dry beans, pop cans or jingle bells and attached to a stick. This is a great hand rattle.

"And for Halloween, every child yearns for a Jack-o-lantern. There are a few rules to follow in making this Halloween favorite."

—Select a fresh pumpkin. The size will depend upon your needs and the amount of money you want to spend.

—With a sharp knife, core out a small lid at the top (large enough to get your hand in the pumpkin).

—Remove the seeds and fiber from inside the pumpkin. —Draw the desired face on the pumpkin with a pencil or crayon.

—Carve the Jack-o-lantern, following the design you drew. —Place a votive candle in a candle glass or small can inside the pumpkin.

—When the candle is burning, remove the pumpkin top to prevent scorching the top. Burn your Jack-o-lantern and enjoy its glow a long time.

—Once Halloween is over, make all kinds of goodies out of the pumpkin meat. If your pumpkin is too large to use at one time, freeze it and use the pumpkin later to celebrate fall harvest, the specialist suggested.

Homecoming Royalty Court

One of the highlights of the 1976 homecoming at Farwell High School was the coronation of the King and Queen held during the pep rally Friday afternoon, in the high school gym. Members of the court are from left to right, front row: D.D. Foster, son of Mr. and Mrs. Lewis Foster; Penny Hughes, daughter of Mr. and Mrs. Walter Hughes; Roxie Chandler, daughter of Mr. and Mrs. Martin Chandler; Carole Perkins, daughter of Mr. and Mrs. James Perkins; Richard Yruegas, son of Mr. and Mrs. Basilo Yruegas; Mark Owen, son of Mr. and Mrs. Jerry Dee Owen; back row: Steve Meeks, son of Mr. and Mrs. Leon Meeks; Russ Jones, son of Mr. and Mrs. Joe Jones; D'Lynn Eubank, daughter of Mr. and Mrs. J.W. Eubank; and Sherri McCully, daughter of Mr. and Mrs. Bill Hagler.

The first woman governor was Mrs. Nellie Tayloe Ross of Wyoming, who was sworn in on January 5th, 1925!

English Couple Vacations Here

Mr. and Mrs. Syd Windsor of Hertfordshire, England, are guests in the home of her sister and family, Mr. and Mrs. Walter Kaltwasser, Farwell.

This is the Windsors' second trip to America in five years, having visited here in 1971. Mrs. Windsor also visited her sister in 1956.

The Windsors have been in Farwell nearly two weeks. They arrived in Arlington three weeks ago and spent one week visiting Mrs. Kaltwasser's daughter and family, Mr.

Visits Family

Mrs. Harvey Hudnall of Farwell recently returned from a week's visit in Farmington, N.M., in the home of her daughter and family, Mr. and Mrs. Jimmy Jordan and Justin. Accompanying Mrs. Hudnall to Farmington were her parents, Mr. and Mrs. Claude Heath of Farwell.

During the week-long visit little Justin celebrated his second birthday. Mrs. Hudnall brought the birthday cake which was shaped like a panda bear. Mrs. Robert Harmon of Portales made the cake.

Bro. Harvey Hudnall joined the family for the celebration. He had been fishing in the nearby area.

They also visited Mrs. Heath's sister and husband, Mr. and Mrs. M. A. Cox of Farmington.

Guests Here

Weekend guests in the home of Mr. and Mrs. Garland Edge of Texico were Mr. and Mrs. Odell Edge, Tammy, Betty and Jimmy and Mr. and Mrs. Jim White, all of Albuquerque; Dwayne Miller of Farwell, and Mr. and Mrs. Kenneth Harrison, Sandra, Pamela and Tonya of Hamilton, Mo.

While the Harrisons are in the process of moving from Missouri to Albuquerque, Pamela and Sandy will remain here with their grandparents for about two weeks.

Becomes Starduster

Deborah Harding, daughter of Mr. and Mrs. Hurschel Harding of Farwell, was recently chosen to be a Starduster by the Baylor University chapter of Kappa Sigma. Stardusters are "little sisters" of the organization. Deborah will be a member for the 1976-77 school year.

Miss Harding, a graduate of Farwell High School, holds a bachelor's degree from Baylor and is currently doing post-graduate work there. She was one of the 11 young women chosen as Stardusters for the men's fraternity.

Pledged Sorority

Cindy Watts and Lori Norton, both of Farwell and freshman students at West Texas State University, have pledged Zeta Tau Alpha Sorority, at the start of the fall semester.

Horners Observe Family Birthdays

Two children of Mr. and Mrs. Ted Horner of Texico, Jeffrey and Steven, and Mrs. Horner's mother, Mrs. Ina Bieler of Farwell, have observed birthdays in recent weeks.

On September 26 Jeffrey was honored with a party marking his sixth birthday. Refreshments included sandwiches, potato salad, beans, potato chips, chocolate cake, strawberry cake, ice cream and soft drinks. On hand to help him celebrate besides his parents, his sister Elayne, and his brother Steven, were his grandparents, Mr. and Mrs. Fred Horner and Mrs. Ina Bieler, all of Farwell, and Mr. and Mrs. Harvey Horner, Karen and Corey of Texico and Mr. and Mrs. George Cunningham, Mariann and Sandra of Farwell.

On Sunday, Oct. 3, Mrs. Bieler was honored in observance of her birthday which was October 4. Helping her celebrate were her daughter and family, the Ted Horners; a grandson and family, the George Cunninghams of

and Mrs. Don Madison, Jonathan and Jennifer.

During their Arlington stay they were taken to Tyler Park where they camped out overnight. Mrs. Windsor was thrilled at the experience, which was her first time to camp out.

Last weekend they visited Ruidoso where they stayed in a log cabin. Other highlights of the trip included driving to the top of Sierra Blanca and seeing the Inn of the Gods. The Windsors loved the lake scenery and thought the inn was the "most beautiful restaurant they had seen."

Mrs. Windsor compared the mountains and lakes of New Mexico to Austria. They have traveled in several of the continental countries.

The Kaltwassers' son Kevin, who is a senior at Texas Tech University, accompanied them on a trip to El Paso. The English visitors were very much impressed with the "vastness and expanse of land in Texas." They readily admit that England has nothing like that.

The Windsors attended their first "fish fry" in Farwell. It was hosted by Mr. and Mrs. Neil Stewart and Mr. and Mrs. Otis Huggins. Mrs. Windsor said it was the first freshly-caught trout she had ever eaten.

Mrs. Windsor, who is a member of a weight watching organization in England, was to speak at the organizational meeting of a local TOPS chapter this week.

The Kaltwassers plan a

"come and go" reception to honor their guests Saturday afternoon from 3 until 5 p.m. They urge everyone to drop in and meet the English couple.

The Windsors say they are impressed with the friendliness of Texas people. She said it just "isn't that way in England."

"Here, strangers stop and talk to you," she explained. The English visitor added that American television programs imported to England do not give a clear view of the American people. "All that violence just isn't like it is at all," she remarked.

Windsor is an electrician for the London Sunday Times which employs about 4,000 persons. The Sunday paper consists of the Sunday and Business Times, a Review, and a colored supplement.

Mrs. Windsor works three days a week for an embroidery firm. She is presented with pieces of garments and embroiders designs on them.

"I have been doing that in a way since I was 14," she said. "I like to work and I like the extra cash which enables me to take trips to America to visit my sister," she added.

The Windsors have one son, Jeffrey. He and his wife have one child, Lucy, who is six months old. They admit to being very proud of the new addition to the family.

The Windsors will return to Arlington Wednesday, Oct. 20. After visiting for a few more days they will return by plane to London.

English Visitors

Mr. and Mrs. Syd Windsor of Hertfordshire, England, (center) have been visiting her sister and husband, Mr. and Mrs. Walter Kaltwasser of Farwell. The English visitors are impressed with the friendly attitude of Texas citizens. The Kaltwassers plan a reception Saturday afternoon between the hours of 3 p.m. and 5 p.m. The Windsors will return to England in a few days.

Three ESA Members

In Pledge Ceremony

Three pledges, Margaret Aycock, Barbie Clayton and Robin Gregory, were honored at the traditional pledge ceremony when members of Theta Rho Chapter of ESA met Monday, Oct. 11, in the home of LaMoin Williams.

During the business session, the sorority made final plans for the speech, hearing and

language clinic to be sponsored by ESA in cooperation with a team of specialists from the Panhandle Regional Speech and Hearing Association.

The clinic will be conducted Saturday, Nov. 6, from 10 a.m. to 12 noon at First Baptist Church, Farwell. During these hours, children who are three

four, five and six years of age will be given free speech and hearing examinations.

Sorority members decided to take as a special project the responsibility of taking residents of Farwell Convalescent Center on shopping trips and special drives. In addition, the group will offer to assist with birthday parties as well as make special visits and assist residents with writing letters.

Progress on the sale of tickets for the ESA money-making venture were heard.

Following the meeting, desert, coffee and soft drinks were served to Maxine Williams, Betty Jean Castleberry, Dickie Chandler, Margaret Aycock, Lillie Christian, Dardanella Helton, Ann Liethen, Barbie Clayton, Jeannie Norris, Doris Ford, Judy Jones, Diane Actkinson, Robin Gregory and the hostess.

Attend Show

Estellene Billington of Farwell and Kittie Lea Johnson of Clovis attended a hair show at the Quality Inn in Amarillo Monday. Anna Turner of Houston demonstrated hair styling techniques and new hair care products.

Around The House
Parmer County Extension Agent for Home Economics

Three young Parmer County women are among about 1,000 Texas homemakers celebrating the 50th anniversary of the Texas Home Demonstration Association (THDA) with an annual statewide meeting in College Station, Sept. 21-23, on the Texas A&M University Campus. Mrs. Jimmy Franse, Mrs. Delton Wilhite and Mrs. Eddie Winegeart, all of Farwell, were among the THDA members traveling to College Station by bus with the District 2 delegation.

Designating the week of September 20 "Texas Home Demonstration Association Week," Texas Governor Dolph Briscoe noted that the association was created "to serve as cooperative and coordinating organization for the statewide activities of home demonstration clubs."

Membership of the organization is comprised of women who belong to home demonstration clubs in Texas.

Recounting THDA's 50 years in Texas, Dr. Daniel C. Pfannstiel, director of the Texas Agricultural Extension

Service, The Texas A&M University System, noted that Texas women had begun to form home demonstration clubs in the early 1920's.

A group of women who were attending the 1926 Farmer's Short Course at Texas A&M College formally organized THDA, he said.

"The women wanted to help a deserving 4-H Club girl by providing financial assistance for her college education. "Home Demonstration clubs of the state contributed 50 cents each and established a scholarship that was awarded to Golden Evans of Maple Springs, Tex.," Pfannstiel added.

Today the association awards six scholarships annually to outstanding 4-H Club members.

"THDA has provided effective leadership for family-centered programs and support for 4-H and youth development activities in Texas for 50 years," Pfannstiel said.

Extension Service personnel serve as advisors to the Texas Home Demonstration Association at the county, district, and state level.

Commenting on THDA work across the state, Mrs. Clinton Wright of Breckenridge, Tex., current THDA president, said the association promotes educational activities for its members to help strengthen the quality of home and family life.

"The association continues to support 4-H club work as an investment in the future," Mrs. Wright said.

A two-hour historical review of the organization will highlight the three-day statewide meeting, which will also include general sessions, workshops, district meeting, installation of new officers and an annual banquet.

Convalescent Center Chit Chat

Dora Nittler, administrator of the Farwell Convalescent Center, announces that "trick or treaters" will be welcomed at the Center on Halloween night between the hours of 6 to 7 p.m.

Sunday afternoon devotional services were conducted by Rev. W.T. Perry, pastor of Hamlin Memorial United Methodist Church in Farwell. Refreshments were served by women of the congregation and hymnals were donated by the church.

Monday Rufus Carter celebrated his 87th birthday. Everyone enjoyed cake and sang "Happy Birthday" to Mr.

Carter.

Mrs. Mary Spurlin will be honored with a birthday party Saturday.

An aquarium has been donated to the Center. It is in the process of being set up and stocked.

During the crafts session on Monday, Mrs. Nora Edens, Maude Wilson and Mrs. Dora Johnson helped work on a scrapbook.

A room has been set aside as a "sewing room." It will be stocked with a quilting frame, sewing machine, and ironing board.

SOUR CREAM POUND CAKE

- | | |
|--|------------------------|
| 1 cup butter, softened | ¼ tsp. soda |
| 3 cups sugar | 6 egg whites |
| 6 egg yolks, beaten | 1 tsp. vanilla extract |
| 3 cups all-purpose flour | 1 tsp. almond extract |
| Pinch of salt | |
| 1 (8 oz.) carton commercial sour cream | |

Beat egg whites until stiff; then set aside. Using same beaters, cream butter and sugar. Add egg yolks. Combine flour and salt; sift three times. Combine sour cream and soda. Add flour and sour cream alternately to creamed mixture. Fold in beaten egg whites. Then add vanilla and almond extracts. Spoon batter into a greased and lightly floured 10-inch tube pan or Bundt pan. Bake at 300 degrees for 1-½ hours. When cool, sprinkle lightly with powdered sugar, if desired. Yield: one 10-inch cake.

Pleasant Hill Pals Hold Club Meeting

The Pleasant Hill Pals 4-H Club met recently with Tina Gerles, vice-president, conducting the meeting.

Jeff Day led the pledge to the American flag and Barbara Holley led the 4-H pledge.

The traveling herdsman trophy was shown to members. The trophy was won in the sheep barn by members who had shown lambs in the county fair.

All members were reminded that record books are due Monday.

A Halloween party is being planned for October 28 and club members will receive their competition pins at that time.

Sandra Holley was welcomed as a new member.

Demonstrations were given by Barbara Holley on "Alterations of Patterns and Clothing;" Debra Wilks, "Stitches To Use In Embroidery;" Lori Pierce, "How To Salute The Flag;" and Tina Gerles, "Making Spaghetti Sauce."

Refreshments were served by Beth Kelley to the following members: Debra Wilks, Tina Gerles, Doyle Duncan, Zandy Kelley, Lori Pierce, Jeff Day, Kent Harding, Gary Cain, and Barbara and Sandra Holley.

Others present were Alta Gerles, Anna Holley, Beverly Pierce and Kim, Helen Kelley and Bertha Kelley.

Weekend Guests

Cindy Watts, student at West Texas State University, and Joi Meeks, student at Lubbock Christian College, were home over the weekend.

Accompanying them were friends, John Jackson and Dave Sutter, both from York, Neb., and students at the University of Nebraska.

They all attended Farwell School Homecoming activities and spent the weekend in the homes of the girls' parents, Mr. and Mrs. Harry Sheets and Mr. and Mrs. Bill Meeks, in Farwell.

LOST HEAT HAS A PRICE ON YOUR HEAD

the heat pump drops the price

The price you pay for heating your home depends on how efficiently you trap Lost Heat. The Energy Efficient Home captures Lost Heat and keeps heat where you need it. . . Inside your home. Adequate insulation and efficient electric heating equipment make the difference between whether you pay the price for Lost Heat, or use it to provide cozy warmth in your home. Call the Electric Company and learn how the Energy Efficient Home can get that Lost Heat price off your head.

Before And After

A pep rally and bonfire Thursday night, Oct. 7, east of the high school baseball park was one of the highlights of the homecoming celebration at Farwell High School. In the first photo a replica of a Boys Ranch Rough Rider hangs waiting to be burned in effigy. The second photo shows the actual blaze which helped boost Steer spirit in readiness for the homecoming game with Boys Ranch. Wood for the bonfire was gathered by members of the freshman class in keeping a long time homecoming tradition.

On The Farm In Parmer County

By R. MACK HEALD
County Agent

Certified seed purchased after January 1, 1977, will be certified only for genetic identity. This means that the seed has been produced and processed under standards and procedures established by the Texas Seed and Plant Board and enforced by the Texas Department of Agriculture to assure that the variety is as represented by the certification label accompanying the seed.

Uel R. Stockard of Dallas, district agent with the Texas Agriculture Extension Service for the past nine years, has been named State Extension Agent for agriculture. Stockard, who has been with the Extension Service for 24 years, fills the position vacated when Joe H. Rothe became associate Extension director.

Plant Residue and Soil Fertility

Composting has become a popular way of handling plant residue and improving soil fertility. However, many homeowners worry about the carryover of plant disease-causing organisms. This need not be a concern when plant residue is truly composted.

Most disease-causing organisms are killed when true composting occurs. The heat produced and the activity of organisms that degrade organic matter rapidly kill plant pathogens. However, if true composting does not occur, the so called "compost" is nothing more than a trash heap, and plant pathogens will survive.

For composting to occur, there must be enough moisture and nitrogen present to support the organisms that degrade organic matter. Their activity produces heat, and the action of a host of organisms rapidly breaks down plant material.

In the case of serious plant diseases, homeowners should destroy or dispose of infected plant tissue. Even a low survival rate of these organisms might increase the chance of having the problem crop up again next year.

Homeowners using plant material in a compost should determine whether or not they have a true compost or just a trash heap. With a little effort a true compost can be achieved, providing a clean source of organic matter for use during the next gardening year.

Allowances Hike Cost of Congress

The average cost to the American taxpayer of maintaining each member of Congress has risen from \$376,505 to \$488,505 in the past two years, an increase of approximately 30 per cent.

"This means that citizens now must pay \$112,000 more than they did in 1973 to keep us in business," notes Rep. Alphonzo Bell (R-Cal.). "I am not sure they think we are worth it."

The Los Angeles congressman cited the following actions which he said had been approved in the last two years: "creation of automatic pay raises for ourselves" by tying salaries to the cost of living index, increase of the number of free, first class round trips to home districts from 36 to 52 a year, increased allowances for stationery, telecommunications, district offices, and increase of the special allowance for air mail and special delivery stamps, "above and beyond the massive expense of the franking privilege." In addition, he pointed out, "we have passed legislation intended to double the tax deduction for our own living expenses in the District of Columbia."

He warned his fellow members of Congress that if they did not realize that "people expect us to perform as we have urged all other segments of the economy to perform and keep costs down... I am afraid there will be a major housecleaning in the elections next November."

'Right To Read' Tips For Parents

(Editor's Note: This is one of a series of articles prepared for publication by Pat Owen, Director of the Right To Read program at Farwell Schools.)

Reading is the key to your child's success in school. A child who reads well should have little trouble with schoolwork. But for the child with a reading problem, school is not a happy place. Such a child feels inferior and thinks of school as being a waste of time. And it may well be largely a waste of time for a poor reader.

We want to help your child to do her or his best. We want your child to enjoy reading and to enjoy school. But we need your help. You can do a lot to make it possible for your child to learn to read and to become interested in books.

Hopefully these articles will give you some ideas on how you can help. I hope you will read them and try some of the ideas suggested in them. If you do, then we will have a better chance of getting your child to read well and to like to read.

BEFORE YOUR CHILD GOES TO SCHOOL

You can help a great deal even before your child starts school. Here are some easy things you can do. They take no special skill, but they do take a little time. The end results, however, will be well worth every bit of that time.

1. TALK TO YOUR CHILD: Even at the baby stage -- during the first few years -- you should talk to the child, not baby talk, but real words. The more words children can say, the easier it is for them to learn to read. So talk -- even to the baby.

2. LISTEN TO YOUR CHILD: Get your child to talk about the things he or she sees and does. Good talkers make good readers. And children will talk if they know that someone will pay attention and listen.

3. READ TO YOUR CHILD: This is the most important thing you can do. When you read to them, children learn that books are fun. They soon want to read themselves.

4. TAKE YOUR CHILD PLACES: Visits to places like a nature center, a museum, an art gallery, an airport, a park, a zoo, and a children's theater all help to give children new interests. They usually want to read about things they have seen.

5. LET YOUR CHILD SEE YOU READING: Keep books,

magazines, and newspapers in your home. And don't confine your reading to hours when the youngster is in bed. Let your child see that you yourself read and like to read. Your example means a lot to your child.

6. WATCH TELEVISION WITH YOUR CHILD: Children learn much from television -- both bad and good. Choose programs with care, and watch them with your child. Get your child to talk with you about what both of you have seen.

7. PLAY WORD GAMES WITH YOUR CHILD: There are word games you can play with your child that provide a good start on learning to read. IMPORTANT! Do not turn these games into work. Learning should be fun, but it isn't for a little child who is criticized for making a mistake in a game. So relax. Have fun with your child, who will learn better in a happy situation than in a tense one involving constant worry about your reactions.

THE "STARTS LIKE" GAME -- Parents can play this game with little ones even while doing things at home or riding in the car. Please note that the emphasis is on the sound the first consonant stands for. You say: "Tell me a word that starts like milk." At first, you give such hints as: It shines at night. (moon) It makes fire. (match) It's a little animal that likes cheese. (mouse). Later on you can stop giving hints. The child will soon get the idea that many words start with the same sound and will enjoy thinking up words that "start like" the word you provide.

THE CUT-AND-PASTE GAME -- On rainy days, the child can take old magazines and cut out pictures of things that start with the same sound -- a car, a coat, a cake, for example. To get your child started: Paste a picture of a car on a brown paper bag. Then say to the child, "Find pictures of things that start like car. Cut them out and paste them on the bag." You can also print the starting letter on the bag. This will help the child understand that this letter stands for that sound.

THE MISSING WORD GAME -- Here's another game you can play with your child at meals or while doing something else. You say "I'll say something and leave out the last word. You tell me what

word you think I left out." A typical sentence might be: "I guess I'd better open the door." If your child responds with any word that makes good sense -- door, window, gate, package, envelope, or bottle, give praise and ask for suggestions of other words that would make sense there. Try to use sentences in which many different words would make sense at the end.

Activities of this kind can help, but please keep them as games. Enjoy them -- and

your child. Learning to read is such a big job that you should not make it harder for a child by pushing too far or too fast.

Installs Officers

by Georgia Eshleman
Texico FHA had its annual installation of new officers and formal initiation of new members last night (Thursday) at 7.

Miss Patty Johnson of Clovis FHA chapter who is State Vice-President of the organization installed new officers.

Officers for 1976-77 are Becky Potts, president; Sabrina Kittrell, vice-president; Debra Coffey, secretary; Georgia Eshleman, treasurer; Susan Snodgrass, historian; Linda Bibbs, parliamentarian; and Elizabeth Rojas, vice-president of recreation.

Officers and members were installed in a candlelight ceremony.

Punch and pound cake were served after the installation. Parents were invited to attend. Mrs. Kendale Burch is the FHA advisor.

FIRE CALLS

Farwell volunteer fire department reported one ambulance call this week. They transported a local resident to Farwell Convalescent Center Friday night, Oct. 8. They did not report any fire calls this week.

Texico volunteer fire department reported no fire calls or emergency vehicle calls this week.

PUBLIC NOTICES
"BECAUSE THE PEOPLE MUST KNOW"

Statement of Nondiscrimination

Deaf Smith Electric Cooperative, Inc., has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964, and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance

at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

"Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D.C. 20250, or the Rural Electrification Administration, Washington, D.C. 20250, or this organization, or all, a written complaint. Such complaint must be filed not later than 180 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations."

TWO MINUTES WITH THE BIBLE
BY CORNELIUS R. STAM, PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60635

"THE REVELATION OF JESUS CHRIST"

The last great book of the Bible opens with the words: "THE REVELATION OF JESUS CHRIST," and from these words it derives its title: "THE REVELATION." In this book St. John deals largely with the return of Christ in glory to judge and reign.

II Thes. 1:7,8 tells us that one day "THE LORD JESUS SHALL BE REVEALED FROM HEAVEN . . . in flaming fire taking vengeance on them that obey not the gospel of our Lord Jesus Christ." This is what the book of the Revelation deals with.

But this phraseology is also used in Paul's epistles, for in Galatians 1:11,12 he says: "I certify you, brethren, that the gospel which was preached of [by] me is not after man, for I neither received it of man, neither was I taught it, but by THE REVELATION OF JESUS CHRIST."

Surely this is not the same "revelation of Jesus Christ" of which John wrote. St. Paul refers not to "the revelation of Jesus Christ" in glory, but to "the revelation of Jesus Christ" in grace while He delays the judgment, not His revelation to the world in person, but His revelation to and through Paul, the chief of sinners saved by grace.

In verses 15,16 of Galatians 1, the apostle says: ". . . it pleased God . . . TO REVEAL HIS SON IN ME." What a revelation of grace to a sin-cursed world when God saved Saul, His blaspheming enemy! He tells about it in I Tim. 1:13-16, where he says: "I was a blasphemer, and a persecutor, and injurious . . . Howbeit, FOR THIS CAUSE I OBTAINED MERCY, THAT IN ME FIRST JESUS CHRIST MIGHT SHOW FORTH ALL LONG-SUFFERING, FOR A PATTERN TO THEM WHICH SHOULD HERE-AFTER BELIEVE ON HIM TO LIFE EVERLASTING."

This is why Paul says: ". . . it pleased God . . . TO REVEAL HIS SON IN ME." By saving the chief of sinners [as Paul calls himself in I Tim. 1:15], God would show us that He is willing to save any sinner. "FOR WHOSEVER SHALL CALL UPON THE NAME OF THE LORD SHALL BE SAVED" (Romans 10:13).

Student Of The Week At Texico School

SHERYL DAY

Sheryl Day, 15, is the "Student of the Week" at Texico schools for October 11-15. A sophomore, Sheryl participates in volleyball, basketball, and track. She is also active in Future Homemakers of America and is president of the Pep Club. Recreational pastimes include riding horses and motorcycles and playing the piano. Sheryl is the daughter of Mr. and Mrs. D. Smith Day.
[Selection of "Student of the Week" made by anonymous committee.]

Hudnall Named Assistant Professor

Wayne Hudnall, a certified soil scientist, has recently been named an assistant professor of plant science at West Texas State University, Canyon. Mr. and Mrs. Hudnall and son, Eric, recently moved from Honolulu, Hawaii, to Canyon. Hudnall is the son of Bro. and Mrs. Harvey Hudnall of Farwell and Mrs. Hudnall is the daughter of Mr. and Mrs. Grayson Roberts of Clovis, formerly of Texico. Hudnall is currently working

on his doctorate and expects to receive it from the University of Hawaii in December.

Hudnall received both his bachelor of science and masters degrees from Texas Tech University. He was a soil laboratory assistant while attending school there.

Iced tea was invented in St. Louis, Missouri, at the World's Fair of 1904!

Texico School Board Sets In-Service Days

At the regular meeting of the Texico School Board Tuesday night it was decided to set aside two days during the remainder of the school year for in-service training days for teachers.

The first in-service day will be scheduled in November. Two half-day sessions will be designated for the spring semester. Purpose of the in-service days is to enable teachers to work on the cur-

riculum plans for grades K-12, according to James Pierce, superintendent.

A band trip for the 1976-77 school year was discussed. The Board granted permission to the Future Farmers of America chapter to sponsor a donkey basketball game.

Other business included accepting the resignation of Teresa Montano as secretary to the junior high school principal.

Texico's This, That And The Other

by Karen Hadley
and Sabrina Kittrell

Mrs. Swinney's Special Education class visited the Citizens Bank of Texico last Friday. They also visited with Mrs. Maxine Shaw, who was an aide in their classroom last year, Kenney Micheal and the Shaw's newest addition, Natasha.

The Senior Class Parents and class members are taking donations on a give-away promotion. The give-away will occur at the Fall Carnival.

Texico FFA members are selling boxes of grapefruit and oranges until Nov. 15, 1976. Delivery will be in the first half of December, just in time for Christmas.

The Texico Drill Team will have a chili supper Saturday, Oct. 30, from 4 to 7:30 p.m. preceding the annual school Fall Carnival. Proceeds will go to help furnish the new drill team with props, uniforms, and other business expenses. Mrs. Debbie Lyons is the sponsor of Texico's first drill team.

The Texico Journalism I class will be submitting school stories to the Tribune on a regular basis as a class project. This project, with the guidance of the Tribune staff, will give class members more practical experience than a mimeographed paper can provide. The class will not be printing the traditional "Wolverine's Tale" at least for the first semester.

Sheriff's Report

Parmer County Sheriff Charlie Lovelace said his department is still checking leads in the theft of two hydraulic lifts from a dump truck belonging to Jerry Brown, who lives east of Friona. He estimated the value of the lifts at \$1000. Sheriff Lovelace also reported that they are investigating the theft of a gear head and drive shaft from an irrigation pump located at the Calvin Meissner place in Lariat. Value of the stolen property is reported to be \$400.

Assemble-It-Yourself Furniture Can Be A Bargain

Assemble-it-yourself furniture is one furnishing alternative worth looking into by money-conscious young consumers, Glenda Moore, a housing and home furnishings specialist, says.

"Sofas, tables and chairs can cost less since the buyer carries home pre-packaged boxes ready to assemble with few if any tools," this specialist with the Texas Agricultural Extension Service, The Texas A&M University System, says. "Styles feature simple con-

temporary lines, creating feelings of spaciousness in small apartments and houses. Finishes include natural wood tones, chrome and laminated table tops."

She advised consumers shopping for home-assembled furniture to check for comfort, sturdy construction and durable fabrics. Sit down in each chair or section until you are sure it is comfortable.

"Read the instructions for putting together each piece you buy. Ask for a demonstration

of the assembly procedures and be sure you understand each step.

"For longer-wearing cushion fabrics, select ones that are closely woven and have a soil-resistant treatment.

"And if the foreseeable future holds a move, save the cartons and it can be disassembled, transported and reset with little trouble," she said.

The specialist advised consumers not to forget to ask if the store or manufacturer has a warranty on the furniture.
