American Crime Cost Is Beyond Billion Yearly

TREMENDOUS TOLL OF CRIMINALITY SHOWN BY WICKERSHAM

(By The Associated Press)

WASHINGTON, Aug. 21.—The Wickersham commission places the annual cost of crime in this country at beyond a thousand million dollars.

Its latest report reached no lump-sum estimate but contained a series of staggering statistics which even in their conceded incompleteness showed a tremendous toll taken yearly by criminality.

Prohibition Costs Most

Prohibition was named by the 887-page document, made public today after resting for at least a week on President Hoover's bookshelf, as a heavy contributor to this high cost.

It was estimated that $34,828,580, or two-thirds of all the government funds appropriated for the administration of federal criminal justice during the year 1929-1930, were expended toward prohibition enforcement alone.

Studding almost every page of the report were scores of other certified and estimated figures dealing with both the annual direct and indirect cost of crime. Totalled, they reached well above the $1,119,190,000 mark, or more than $3,000,000 a day.

Here are some of the major findings:

Hundreds of investigators, delving into the records of 300 cities of more than 25,000 population, found annual expenditures to combat crime were more than $247,000,000.

Investigation into the activities of the states found expenditures of approximately $51,720,000 annually upon penal and correctional institutions and parole.

The federal government was shown to contribute about $52,786,000 anhually to crime justice, of which prohibition gets 66 per cent, the anti-narcotic and motor vehicle theft laws 10.8 per cent and all other criminals laws but 23.2 per cent.

More than $10,000,000 is paid each year in the larger cities for crime protection services; more than $68,000,000 is lost annually through known fraudulent uses of the mails; known forgeries account for another $40,000,000; theft of insured prosperity annually totals more than $47,747,000, while $106,-

RULES OIL BELT

★ ★ ★

Until marital law is lifted it is the duty of Brig. Gen. Jacob F. Wolters, in command of the Texas troops, to preserve order in the oil fields in east Texas where an attempt is being made to stabilize the petroleum industry

FLOOD SAID TO BE GREATEST CALAMITY

THOUSANDS DEAD AND MUCH PROPERTY IN CHINA DESTROYED

(By The Associated Press)

Thousands of Chinese have been drowned and millions of dollars worth of property has been destroyed by floods sweeping over vast territory in what may prove to be one of the greatest calamities of the kind in modern times.

The swollen Yangtse has taken its heavy toll of life and left 30,000,000 homeless. Hankow itself, a city of 826,000, was threatened with destruction, and there was faint hope of saving any of the livestock in the flooded area.

Crops Destroyed

Eighty counties in the north covering an area of 9,000 square miles are under three to ten feet of water pouring from the Hwai Ho river. The summer crop has been wiped out, there is no hope of a winter crop and engineers say the flood conditions will last for several months. There is no estimate of the loss of life, but it is known to be heavy.

The government at Nanking is floating a $10,000,000 bond issue for flood relief.

RED CROSS TO AID CHINESE VICTIMS

WASHINGTON, Aug. 21 (AP)—Flood waters in China's fertile valley of the Yangtze river may be churning up one of the worst calamities of the age.

Chinese reports on the disaster as interpreted by Red Cross officials indicated the flood is the greatest catastrophe the country has ever faced.

"Perhaps it will rank as the greatest in the world," said Ernest J. Swift, assistant director of insular and foreign operations of the Red Cross, "—not as reckoned in terms of loss of life but in the number of people affected.

Millions Affected

"It is estimated that 31,000,000 people are affected and that 10,000,000 are homeless and destitute."

The Yangtze, ranked as the most important river in China, is in the south-central part of the country and drains an area larger than that

WILL DISCUSS JOB PROBLEM

HOOVER AND GIFFORD TO WEIGH CAMPAIGN OVER WEEK-END

(By The Associated Press)

WASHINGTON, Aug. 21—In the quiet of his Virginia mountain fishing camp President Hoover will weigh and discuss the unemployment problem over the week-end with Walter S. Gifford, newly appointed director of relief activities.

In addition to discussing plans and policies for the new organization, the president, with the advice of Gifford, will select a number of additional names to be added to the list of the advisory committee announced yesterday.

To Be Advisors

Mr. Hoover reached into all walks of life to pick a group of three score men and women on whom he and Gifford will depend for advice the coming winter. The names of labor leaders and social service workers were alongside those of former public officials and heads of great industries.

The burden of organizing relief, however, will fall heaviest on Gifford. The president has informed him that the whole force of the administration will be at his disposal and has let it be known at the White House the telephone man will have a completely free hand.

I SEE BY TODAY'S WANT-ADS

THAT someone has lost a billfold containing checks and cash.

THAT someone is going to San Antonio and Brownsville, and has room for three.

THAT someone wants to buy a good used car.

AND there are many more interesting offers in today's Want Ads, and tomorrow there will be many more.

PHONE 13 or 14

SEVENTY CENT TOP SET IN OKLAHOMA

ONE DOLLAR OIL SEEN BY GOV. MURRAY BY NEXT MONDAY

(By The Associated Press)

TULSA, Okla., Aug. 21.—The first major increase in the price of mid-continent crude oil since the Oklahoma and Texas shutdowns were made effective came today when the Texas company posted a top price of 70 cents a barrel for high gravity Oklahoma oil.

The company's new schedule ranges downward to 46 cents a barrel for oil of 29 gravity and below. It represents an increase of 30 cents a barrel for high gravity oil. The company's former prices were 35 cents for oil below 36 gravity and 40 cents for oil of 36 gravity and above.

The new prices, effective at 7 a. m. tomorrow, apply to Oklahoma only.

The company made no comment in announcing the higher prices.

TEXAS PRICE HIKED

HOUSTON, Aug. 21 (AP)—The Texas company Friday announced advances in crude oil prices, covering Texas, Louisianna and New Mexico fields, ranging from 11 to 30 cents a barrel. The new posting are effective Saturday.

DOLLAR OIL SEEN

OKLAHOMA CITY, Aug 21 (AP)—Gov. Murray expressed belief today that major oil companies would agree by Monday to pay $1 a barrel for oil in Oklahoma.

"I have underground information that some big deals, including mergers, have been made between some of the big companies and I think they'll be in by Monday," Murray said.

Awaits Agreement

He reiterated he would decline to lift martial law from oil fields until companies operating in the same sands agree to a unitization plan and proration.

"Texas, Oklahoma and Kansas must get together and not let this thing get away from them when

SHOWDOWN FOR REBELS SEEN

ONE MAN IS SLAIN IN FIGHTING OUTBREAK IN HAVANA

(By The Associated Press)

HAVANA, Aug. 21.—An outbreak of fighting in Havana in which one man was killed caused the government today to tighten its grip for a showdown with the rebels.

Insurgent leaders said the revolution was hanging in the balance and that the issue would be settled in a few days, while official sources clung to their contention that the movement had been thwarted except for isolated uprisings.

Try To Burn House

Spasmodic firing between bands of rebel sympathizers and loyal soldiers occurred yesterday. An attempt also was made to burn the house of Senator Wilfredo Hernandez, close friend of President Machado.

The gunfire was variously credited to members of the "Porra," a group of pardoned prisoners who have been attempting to aid the government, and to police who were forestalling a purported plot by students to seize the Havana police station.

Col. Roberto Mendez Penate, rebel chieftain, was reported to have notified Miguel Mariano Gomez, former mayor, from Santa Clara to carry the battle to the capital, holding that the revolt's success hung by a thread.

Spain Forbids Sale Of Church Property

MADRID, Aug. 21.—(AP)—A government decree forbidding the sale of church property in Spain was published today along with a pastoral letter of criticism from Cardinal Primate Pedro Segura y Saenz, an exile in France.

The decree provides that movables, immovables, royal concessions and benefits of Catholic church orders, institutes and establishments cannot be sold, transferred or alienated.

PERMIT SUNDAY MOVIES

COMMERCE, Aug. 21 (AP)—At an election yesterday it was decided by a majority of four votees to permit Sunday movies in Commerce. Heretofore it has not been possible to hold th-

PLAINS FARMERS STUDY LIVESTOCK FEEDING TODAY

(Special To The Journal)

AMHERST, Aug. 21.—Thirty five or forty farmers who desired more intimate facts and suggestions on feeding of livestock, attended the second day's session of the annual Lamb County Feeders short course at the high school this morning.

Speakers included A. C. Magee of Lubbock, farm management specialist in charge of field work on the South Plains; G. W. Barnes of the Texas Livestock Marketing association, and John J. Jones of the federal farm board.

Besides these speakers, three Lamb county feeders spoke; T. H. Pennington of Amherst and W. F. Fowler and T. J. Poor of Sudan.

This afternoon a field trip to cattle ranches will be made.

TEXANS TO FACE 200 NEW LAWS SATURDAY

LAST-MINUTE RUSH IS MADE FOR TAX-FREE CIGARETS HERE

Cigarets were selling by the carton instead of by the package in most quarters here today as smokers gathered a supply of fags to last them weeks or months after the three-cent tax on each pack became effective. The law is believed to be effective at midnight tonight, although several authorities have interpreted the deadline to be Saturday midnight.

Stacked high on counters, cartons were being sold singlely and in lots of half a dozen or a dozen. Retailers were pushing sales of cartons and tins, warning that beginning Saturday "coffin-nails" would cost 20 cents a package. A device for rolling one's own fags also was introduced here this week. Some bought it. Others bought papers and tobacco and returned to hand-rolling.

Demand Increases

The largest tobacco wholesale house here reported this morning that demands for cigarets the last several days had shown a marked increase. Four other local wholesalers said a slight increase had occurred in their output. One wholesaler said he was selling no more—possibly not as many fags. Retail shops characterized sales as "slightly" or "considerably" heavier.

Indicating a desire to retain cellophane wrappers, a major factor in its advertising, one tobacco company has sent wholesalers instructions for making tax stamps stick on the outside wrapper. A Lubbock wholesale house said suggestions were to scratch the cellophane with sandpaper or steel-wool, or to break

MACDONALD MAY HAVE TO RESIGN

LONDON, Aug. 21 (AP)—Resignation of Ramsay MacDonald's labor government became a possibility today as an outgrowth of Great Britain's economic and financial crisis.

The situation became more complicated and difficult as the cabinet manoeuvered in vain to reconcile widely divergent views as how the budget is to be balanced and a deficit of half a million dollars avoided.

The cabinet adjourned this afternoon without aranging to meet tomorrow or Monday, thus delaying settlement of the crisis over the week-end.

Traylor Rally To Be Staged Tonight

BALLINGER, Aug. 21 (AP)—Judge B. B. Stone of Fort Worth will be the principal speaker at the "Traylor for President" political rally here tonight.

Melvin A. Traylor, a Texan who rose to fame as a banker, is head of one of the nation's largest banks, at one time he was president of the First National bank of Ballinger.

Divorced In 1897, Aged Couple Will Be Married Again

Chicago, Aug. 21 (AP)—Wedding bells will ring once more tomorrow for Mrs. Emma Martin, 80, and Norville Williams, 86.

The couple were first married Aug. 30, 1868. After 29 years of harmonious matrimony, they had a disagreement which led to a divorce in 1897. Their five children had married by then, and reared families of their own.

Both remarried, the wife in 1914, and Williams in 1915. The former Mrs. Williams, now Mrs. Martin, lived happily with her second husband until his death two years ago. Williams' second wife died this year.

Yesterday they appeared at the county building and obtained a license to wed.

"Our children and grandchildren and great-grandchildren brought us together again," Williams explained.

LINDY'S SHIP IS TOWED

DANGERS ENCOUNTERED AS MOTOR TROUBLE DELAYS FLIGHT

(By The Associated Press)

NEMURO, Japan, Aug. 21—The Lindbergh monoplane progressed a short distance toward Nemuro today—at the end of a tow rope.

After having been stranded since early Wednesday because of fog and motor trouble off Keoti island, the "black hole" of the Kurile archipelago, Colonel and Mrs. Charles A. Lindbergh were forced to accept the aid of the government steamship, Shimushiru Maru, in getting their helpless plane to an anchorage safer than the wild little island 410 miles northeast of here.

They reported by wireless today

(Turn to Page 13, Column 5, Please)

MEASURES TO BECOME EFFECTIVE TONIGHT AT MIDNIGHT

(By The Associated Press)

AUSTIN, Aug. 21—Texans will wake tomorrow morning with a set of new laws hanging over their heads.

Approximately 200 laws passed at the regular session of the 42nd legislature will become effective at midnight tonight 90 days after the adjournment of the law making body.

Citizens will be only vaguely aware of many laws that will be a part of the statutes. But the average citizen will or is likely to be affected by a considerable number of the new laws.

Feel Cigaret Tax

Perhaps the law that will be the most keenly felt by the largest number of persons is the one levying the tax of three cents per package on cigarets. This tax alone is expected to raise between $5,000,000 and $6,000,000 for the benefit of the general revenue and school funds. Both of these funds are doing a considerable portion of their business in red ink.

Tobacco dealers were doing a rushing business as smokers stocked up on cigarets before the tax deadline. The retail price of a package of 20 "fags" dealers said, would be 18 cents straight, or two packages for 35 cents. They formerly sold two for 25 cents.

Other new tax laws include the peddler's tax, levying a tax on the itinerant peddler of farm and other products; the natural gas tax, levying a tax of two per cent on the value of the gas; increasing the sul-

(Turn to Page 11, Column 7, Please)

Independents Seek "Czar" Of Industry

NEW YORK, Aug. 21 (AP)—A movement has been started on the part of certain independent oil interests for the appointment of a "czar" as an adviser to the oil industry under whose authority regulation of oil output can be placed.

The campaign was disclosed in pamphlets distributed in Wall Street which mention Robert W. Stewart, former chairman of the Standard Oil Co. of Indiana, as a likely appointee.

LUBBOCK YOUNG WOMAN MAKES SOLO FLIGHT AFTER SHORT INSTRUCTION

Climbing into the pilot's cockpit of an open biplane, Miss Evelyn Richter of Lubbock this morning accomplished what she had anticipated quietly several months by making her first solo airplane flight. By that performance at municipal airport here, she gained recognition as the first woman on the South Plains and possibly in West Texas to fly.

The slender, blonde young woman of Dutch descent, had received only four hours and 25 minutes of instruction in the air. Ben Bransen, licensed transport pilot, of Lubbock, was her instructor.

"I experienced the queerest sensation," the young woman related, "when Mr. Branson stepped out of the plane and told me to go ahead. You never know when you're going to solo."

The sensitive feel of the ship was new to her and "landing was the most difficult," she continued. She took off and land-

FARMER'S SON CHARGED IN MURDERS

ANOTHER WOUNDED IN WATERMELON PATCH SHOOTING AFFRAY

(By The Associated Press)

STOCKTON, Kas., Aug. 21.—Two youths were dead, a third slightly wounded and Arthur Merriwether, farmer's son, was charged with murder today as the result of a watermelon patch shooting near here.

The dead: William Francis, 17, and Jack Screen, 16.

Leland McCall, 19, was wounded in the leg.

Merriwether, son of J. C. Merriwether, admitted firing on the three youths as they approached the watermelon patch on the Merriwether farm last night. Merriwether used a shotgun. The victims were not armed.

McCall said the trio was fired on without warning. He admitted he and his companions were headed for the watermelon patch which Merriwether was guarding.

Merriwether told officers he fired three shots.

Believe Plainview Girl Was Kidnaped

CLOVIS, N. M., Aug. 21. (AP)—Officers worked today on the theory that Margaret Locks, 15-year-old Plainview, Texas, girl, was kidnaped.

The girl disappeared Friday and was last seen here.

Santa Fe railroad ticket agents, after a check, said they were certain the girl alighted from a west bound train at Fort Sumner Friday night.

A Mrs. Taft living near Clovis told officers yesterday a girl fitting Margaret Locks' description came to Clovis from Plainview Friday afternoon. The woman said the girl gave her name as Margaret Stovall.

Schmeling Will Not Box Until November

BERLIN, Aug. 21. (AP)—On the advice of his physicians, Max Schmeling, world's heavyweight champion, will do no boxing until November, his manager, Joe Jacobs, said today.

After some preliminary gymnasium work, the champion will appear in exhibitions in London and Paris, Jacobs said, with an eye to the possibility of a title match with Mickey Walker either at Miami, Fla., or Atlantic City, N. J., in February.

Jacobs also foresaw the possibility of a match in June with the old Manassa mauler, Jack Dempsey.

SUFFERS BURNS

RICE, Aug. 21 (AP)—Virgil McDowell, 41-year-old gin employee, suffered severe electrical burns today when he fell and came in contact with a high tension line. His hands caught the wires, but the weight of his body pulled him free. He was treated at a Corsicana hospital.

COMMITTEE TO DRAFT PLAN SELECTED

CONTROL OF COTTON ACREAGE BY LAW TO BE SOUGHT

(By The Associated Press)

NEW ORLEANS, Aug. 21. (AP)—By unanimous vote, the New Orleans cotton conference today adopted the resolution of Commissioner J. E. McDonald of Texas for the appointment of a committee to meet at once to submit a report to the conference during the day on a plan to control cotton acreage by law.

Governor Huey P. Long, who called the conference to consider his proposal to stop entirely the planting of cotton next year, named the committee which included:

Texas, Commissioner of Agriculture J. E. McDonald, representative O. C. Patman and O. H. Cross.

Long Outlines Plan

Governor Long opened the meeting by outlining his plan for the complete stoppage of cotton growing next year, he said the plan was feasible, constitutional and advisable. The governor contended it would not be the first time states stopped raising a crop as it had been done to exterminate the boll weevil and citrus pests.

"If out of this meeting," the governor said, "there comes a committee to go to Washington to induce the foreign office to get an agreement similar to the Chadbourne sugar plan for cotton with the cotton growers of the world, other countries would not raise cottom to fill the gap left by the Americans."

He said that could not be done anyway as a cotton grower cannot be made in a year.

Favors Committee

Governor Long said he had not drawn the resolution, which had been drafted by McDonald but he favored the appointment of a committee to work out a plan.

The committee was directed to go into session immediately and report

TWO TOWNS IN IDAHO RAZED

EARLY VILLAGES OF MINING ERA ARE IN ASHES

(By The Associated Press)

BOISE, Idaho, Aug. 21.— (AP)—Quartzburg and Granite Creek, ghost towns with histories dating back to the earliest mining era of Idaho, were in ashes today and Placerville was in danger as the result of widespread forest fires.

Near Placerville 300 refugees, driven from their homes in the path of a doggedly advancing fire, were huddled on a sand flat fringed by the blaze. A fourth town, Centerville, was for a time completely encircled by fire but was believed to have been saved last night.

Success Doubtful

There was a letup in the ferocity of the flames when darkness brought cool air to the burning district but fire fighters held out little hope of quenching the flames before another hot sun came today to speed them along.

The loss of Quartzburg was estimated by authorities at $500,000. The equipment of a gold mine which had employed most of the town's 200 residents was destroyed.

TWO FLIERS ARE KILLED IN CRASH

FREEPORT, Aug. 21 (AP)—Lieut. Edgar C. Walthall of the 12th squadrop, third attack group of Galveston, and private W. I. Smith of the same unit, were drowned in the Brazos river near here this morning when their plane crashed into the river.

Coast guards and citizens of Freeport joined in the search. The plane dived headlong into the river which was about 20 feet deep.

Mexican Boy Free After Guilty Plea

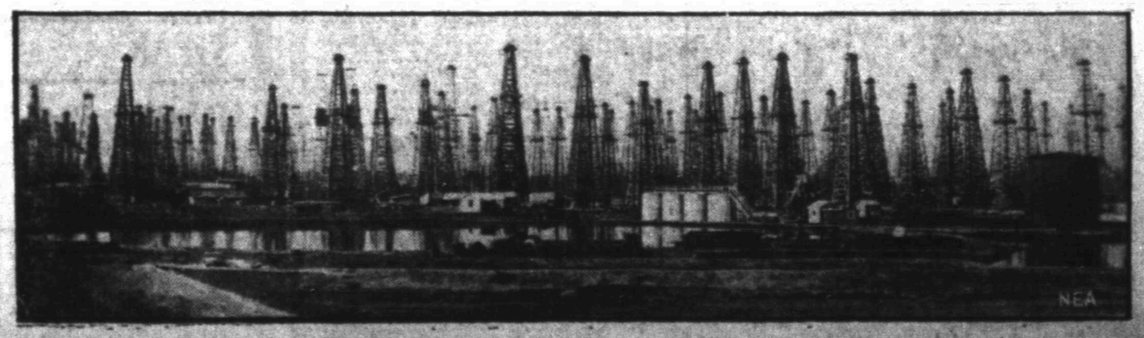

DALLAS, Aug. 21 (AP)—A Mexican giving the name of Pedro Sanchez was shot through the legs today while attempting to escape from Policeman E. J. Bradley.

Sanchez jumped from an allegedly stolen automobile, hit Bradley in the face and ran. Bradley fired at his legs. The automobile was identified as having been stolen from Petronilo Rodriguez, another Mexican.

BLACK-GOLD FOUNTAINS CHOKED BY STERLING'S MARTIAL LAW ORDER

★ ★

Sixteen hundred wells like these shown here dotting the landscape in the great Texas oil fields were shut down as Governor Ross Sterling proclaimed martial law in an effort to force higher prices. As the result of the shutdown action by Governor Sterling and the previous closing of Oklahoma wells, two-fifths of the entire crude oil production of the United States—Nearly 1,000,000 barrels daily—was cut off.

SLATON IS TO HELP NEEDY

CANNING DEPARTMENT ADDED TO UNITED CHARITIES BODY

SLATON, Aug. 21—(Special)—Canning of vegetables and grain for use by the Slaton United Charities this winter is under way, following establishment of a canning department of United Charities. Individuals and organizations have agreed to donate food and equipment for the canning program.

Representatives of communities in the Slaton trade territory met with chamber of commerce directors here last Saturday to discuss conditions of unemployment and poverty in the area and to prepare for charity work this fall and winter. Work of preserving food will continue for at least three days each week.

J. W. Lamb, representing Union at the roundtable conference, reported his community would donate a hundred cans of vegetables and other vegetables which had been gathered. Homer Kelly will donate three acres of corn from Posey.

The city will furnish cookers and sealers and the chamber of commerce cans. At another meeting, Mrs. R. L. Wicker was elected chairman of the canning department, Mrs. E. E. Wilson was chosen as vice president and A. J. Payne, secretary of the chamber, as secretary.

In addition to Lamb, community delegates at the discussion of charity needs were T. E. McGehee of Morgan, Sam Gentry and P. G. Meading, both of Posey, and W. A. Simmons of McClung. They were to report to their communities what was needed and then tell the chamber what their respective groups could contribute.

Women at the club session were Mrs. H. G. Sanders, Mrs. Wilber Jones, Mrs. W. B. Lovett, Mrs. C. A. Porter, Mrs. E. N. Pickens, Mrs. J. R. McAtee, Mrs. S. A. Peavy, Mrs. Lee Green, Mrs. A. J. Payne, Mrs. K. S. Scudder, Mrs. J. D. Frye, Mrs. C. R. Campbell, Mrs. Wicker and Mrs. Wilson. They represented the Catholic, Methodist Episcopal, and Presbyterian churches, the Church of Christ, the Blue Bonnet, City Line, Civic and Culture, and Wednesday clubs, and the high, and east and west ward schools.

Mexican Shot In Attempted Escape

A 14-year-old Mexican boy, Bloz Chavez, is free on parole to his attorney, Hill Stewart, following pleas of guilty before Judge E. L. Pitts, in juvenile court Thursday on a burglary charge and a liquor transportation count.

Chavez was arrested Sunday night by J. D. Johnson, motorcycle officer, at a Wooten Grocery company warehouse.

Ysidro Sereo, who was arrested at the same time, is facing action of the county grand jury on burglary charge.

Judge Pitts, in paroling the boy said the youthful defendant had merely been a tool of older men in the committing of both of the offenses.

SUSPECT HELD

Alleged to have stolen four automobile tires last Thursday at Tahoka, a young man was in city jail here this morning awaiting arrival of a Lynn county officer, who would return the suspect to Tahoka. Police arrested the young man Thursday afternoon.

Mitchell Services Scheduled Today

Funeral services for W. M. Mitchell, 76, who died here at 11:40 a. m. Thursday, were to be held at 3 o'clock this afternoon at the Carlisle cemetery. Rev. P. W. Simpson was to officiate. Mitchell died at the home of a daughter, Mrs. Lonnie Owen, 1305 Avenue D.

Mr. Mitchell had lived in Lubbock seven years. He is survived by four children; Mrs. Owen of Lubbock; Mrs. Annie James, Mead, Okla., Willie Mitchell of Lubbock, and Jodie Mitchell of Ardmore, Okla.

Rix Funeral home will direct the funeral.

Youth Is Willing To Face Charges

CHICAGO, Aug. 21—(Special)—Although Wayne Rodgers, 17, told United States Commissioner Edwin K. Walker here Thursday that he was willing to return to Lubbock, Texas, to face charges of stealing an automobile and driving it out of the state, the hearing was continued as the commissioner thought the youth should have counsel.

Counsel for Rogers recommended leniency as the youth was an orphan and allegedly paid $10 rent on the car which was said to be worth $35.

The case was continued until Aug. 26. Tom D. Barton, Rogers' uncle, was allowed to sign his bond.

Community Meeting At Hardy Tonight

Monthly community meeting will begin at 8 o'clock tonight at the Hardy community house, D. F. Eaton, county farm agent, said. Eaton; R. N. McClain, assistant county agent; Miss Ruth Stockton, county home demonstration agent; H. B. Lansden, American Poultry association judge, of Lubbock, and J. H. Brock of the Lubbock Chamber of Commerce probably will attend.

The monthly Lubbock county four-H club meeting will be held in the district civil courtroom at the courthouse here Saturday, beginning at 2 p. m. Members of Lubbock county teams at the short course at Texas A. & M. college at College Station recently will report their experiences and observations.

PIONEER DIES

SAN ANGELO, Aug. 21 (AP)—Funeral services for Archer P. Holman, 59, president of Concho Drug Stores, Inc., and a resident of San Angelo thirty-two years, will be conducted here Saturday.

TRY THESE IMPROVED BISCUIT

KELLOGG'S WHOLE WHEAT Biscuit are crisper than any you ever tasted. They are toasted on both sides. Two biscuits just fit the bowl. New delicious flavor. Every package certified for food value. Remember to ask for Kellogg's.

A. B. C. Delegation Going To Amarillo

A delegation from the Lubbock American Business club will present a program at the Amarillo A. B. C. luncheon Friday. Principal purpose of the visit is to call attention to the Texas-Oklahoma A. B. C. convention which will be held here, September 7 and 8.

Ben Powell, Lubbock lumberman, will have charge of the program. Eight Lubbock residents expect to leave Friday morning for the Panhandle city to appear on th A. B. C. program there.

Miss Gladys Franklin will present a vocal solo and Miss Blanche Fann will play the violin, accompanied by Miss Lula Denham. Other members of the proposed Lubbock delegation are Clinton Lackey, Hollis Bell, Wyatt Hester, and James Kennedy.

MRS. DENMAN ILL

Still wrapped in semi-coma, Mrs. John M. Denman, wife of the assistant cashier of the First National bank here, was in a critical condition at West Texas hospital at noon today.

Mrs. Denman was returned to Lubbock yesterday from Fort Worth, where she was visiting when she became ill. Attending physicians said she was in a coma when she reached Lubbock. She still was in a semi-conscious condition late last night, hospital attendants said.

If 2,000,000 persons were to think of the same thing at the same time they would generate enough electrical voltage to light an ordinary incandescent lamp.

Early Closing Of Bridges Protested

SAN ANTONIO, Aug. 21 (AP).—A lengthy protest against the nine o'clock closing of bridges along the border was wired the treasury department at Washington Thursday by the San Antonio Chamber of Commerce, the freight bureau and the Manufacturers association.

The closing order, recently issued, was termed ill advised and calculated to arouse the ire of the Mexicans, who are "always sensitive and resent any such gestures from the American government," the local wires, identical in form, said.

The protests also pointed out the fact that the tourist trade with Mexico was growing rapidly, that relations between the two countries was now cordial in every way, and closed with the thought that protection of the morals of Americans was not the sole issue involved.

REVIVAL TO END

Evangelism of the Foresquare revival corps in Lubbock will end with services Sunday night in the district civil courtroom of the courthouse. Saturday night's sermon subject will be "Lift Up the Standard" and the closing message will be on the query, "What And Where Is Heaven?"

INJURED BY AUTO

CORSICANA, Aug. 21 (AP)—W. I. Perry, 36, was cut and bruised last night when struck by an automobile on a highway near here. Perry was repairing his own car by the roadside when the accident occurred.

Last Day

WARD'S NATIONAL TIRE WEEK

ONE GALLON OIL FREE with EVERY TIRE

ALL THIS WEEK WE'VE BEEN CELEBRATING THE 20th BIRTHDAY of the famous Riverside tire which was first offered to the motoring public in 1912 . . . So we're having a birthday party. Come in tomorrow . . . the last day . . . and meet Mr. Riverside, the guest of honor.

Bring a present? No . . . this is a different kind of a birthday party . . . and Mr. Riverside is giving a present TO YOU. During this week (which ends tomorrow, and which is being celebrated from Maine to California, and from the Canadian to the Mexican Border) ONE GALLON OF OUR 100% PURE PENNSYLVANIA OIL IS GIVEN FREE WITH EVERY TIRE PURCHASED; TWO gallons free with two tires, etc. This is the kind of oil for which you pay $1.00 to $1.20 a gallon at service stations . . . So it's a pretty good birthday party, isn't it?

Come to Our Birthday Party and Get ONE GALLON of OIL FREE with Every TIRE Purchased!

We'll put this oil in your container or give crank case service—as you wish

NEW OIL PLAN IS OFFERED

WOULD PLACE FIELD UMPIRES ON THE STATE PAYROLL

OKLAHOMA CITY, Aug. 21 (AP).—An order directing that state oil field umpires be on the state payroll instead of being paid by oil companies favoring proration is expected to be filed by the state corporation commission in the fall.

Two umpires now paid by major oil companies would be deposed under the order and enforcement of the proration laws would be entrusted entirely to one statewide umpire.

Draft Completed

Paul Walker, chairman of the commission, revealed that he had completed an original draft of the order. Governor Murray has vigorously opposed the present plan as an "unfair" way to regulate proration.

Inauguration of a revolutionary plan of oil field regulation seems practically assured as E. R. Hughes, Republican commissioner, while not an administration adherent, is understood to favor state paid referees.

Walker's plan includes unitization of all oil fields classifying of wells according to sand depths from which they produce. The plan also contemplates installation of meters on every well, appointment of umpires by the commission and assessment of individual oil companies for cost of meters. This would be legal, Walker said, only through exercise of state police power.

Most operators belive that the new plan will be in operation before state pools are opened again. Governor Murray has stated definitely that the fields would not be opened until the new state umpires were ready for service, provided two members of the corporation commission agreed to file the revised order for proration.

Scheme Opposed

C. C. Childers, third member of the commission, has opposed the present scheme of proration, declining to sign all orders issued by the body.

Ray Collins, the only state umpire for all fields the Oklahoma industry has now, testified recently at a commission hearing he received $2,000 monthly from oil companies.

The commission now depends for its proration enforcement on reports submitted by the companies themselves, with verification by the umpires.

Governor Murray and Walker decided on the meter plan, which would involve daily readings, after having disguised scouts in the Oklahoma City field for more than a month. They reported they believed considerable oil was "bootlegged" through the lines at night.

Tahoka Man Named On Camp Rifle Team

A Tahoka youth, 20-year-old Denver L. Gurley, has been selected as a member of the eighth corps area Citizens Military Training camp rifle team which will compete in the annual matches which will begin Sunday at Camp Perry, Ohio, and continue to September 13.

The C. M. T. C. teams will compete for the national C. M. T. C. rifle championship and also will toe the firing line with army, navy, marine, police and civilian marksman. Gurley, a graduate of the Fort Sill, Okla., C. M. T. C., was one of two Texans among 13 outstanding students picked from 3,000 youths in the corps area composed of Texas, Oklahoma, Colorado, New Mexico and Arizona.

Many circus animals are utilized for tilling the soil and raising their own feed on "rest" ranches for animal shows in the United States.

Prized Postage

Peggy Geary, New York girl, is shown with what no doubt might be styled the 'stamp collector's dream." The letter she holds has the unique distinction of having been flown 'round the whole wide world in little more than eight days by the intrepid aerial team of Post and Gatty. Its U. S. 2-cent postage stamp bears the cancellation marks of Roosevelt Field, N. Y., Berlin, Moscow and Blagovestchensk. Fast mail! And how!

First Trench Silo Is Completed Here

Possibly the first trench silo in Lubbock county was completed this week on the Robert H. Bean farm, six miles from Lubbock, D. F. Eaton, county farm agent, advocates use of trench silos in winter feeding.

According to Mr. Bean, the dimensions of the silo just completed are approximately 100 feet long by 12 feet wide and 8 feet deep. Feed will be placed in the silo lengthwise in bundles, lapped in alternate positions for compactness. The bindings on the bundles will be cut. Covering will be of sudan or straw and possibly dirt on top of this. Twelve or fifteen head of Jersey cows and about twenty calves will be fed on the farm during the winter.

Mr. Bean expressed interest in an open air silo being experimented with near San Antonio, consisting of a structural framework of two-by-fours which hold hegari in stacks until it has settled, after which the framework is removed. One local feeder is considering the construction of a similar open air silo, using woven wire for the retaining walls.

STROLLING THROUGH POMPEII

One of the unique charms of Pompeii, is the view it gives of the civic and domestic life of the Romans. Here you may see the temples, courts, theaters, baths and fountains, but also the humbler evidence of human life, such as the homes, stores and streets, the latter even possessing ruts in the stone made by generations of passing chariots. You may visit the stone mills and the jar store, the bakery and the soap shop. The treasures of Pompeii are now in the National Museum at Naples, but to actually walk the streets of the destroyed city is much more interesting than viewing curios in glass cases. It is hard to escape the feeling that it is a city being built and that the builders have simply left for lunch and would soon return.

LEGION FAVORS STRONG DEFENSE

WASHINGTON, Aug. 21 (AP)—A strong national defense policy and increased care for disabled veterans were advocated in a statement by Ralph T. O'Neil, national commander of the American Legion.

Asserting that no one had the authority to speak for the legion on what legislative program it would present to the next congress, the national commander explained, however, his statement was to clarify some misunderstanding on the organization's problems.

Defending the 50 per cent loan value granted by congress last spring on veterans adjusted service certificates, O'Neil said the matter of further liberalization of the act would be determined at the national convention in Detroit. He added, however, the interest rate of four and one-half per cent should be reduced because, he stressed, the government was making money by loaning veterans their own reserve funds.

Immediate need for further liberalization of the act would be removed, he said, if the unemployment situation was relieved. He noted that 15 per cent of the unemployed were world war veterans.

PHILLIPS AGENTS MEET

Representing the organization's Texas and New Mexico division about 75 agents of Phillips Petroleum company met at the Lubbock hotel Wednesday night with officers from divisional and national offices. Speakers included Raymond Woods of Bartlesville and A. M. Hughes, manager of this division, of Amarillo.

ADD HEALTH TO HOT BREADS

Hot breads are tempting. But often they lack roughage. The absence of bulk from foods often results in constipation.

But now you can have hot breads *with roughage*. Simply add a cupful of Kellogg's ALL-BRAN to the recipe. This delicious cereal furnishes the bulk needed to assure proper elimination. You will find many appetizing recipes on the red-and-green ALL-BRAN package.

Equally tempting as a ready-to-eat cereal with milk or cream. Two tablespoonfuls daily are guaranteed to prevent and relieve both temporary and recurring constipation. In severe cases, use with each meal.

ALL-BRAN also furnishes needed iron for the body. At all grocers. Made by Kellogg in Battle Creek.

SHARPEN YOUR BLADES

BARBER HONES HIS RAZOR...

EVERY barber knows that a flat hone is the best way to sharpen a single-edged blade. But a double-edged safety razor blade must have positive, even friction on the bevel at each edge and this requires a curved surface.

We have molded just such a surface right into a bottle. This surface has then been chemically treated and it is offered to you as a perfect razor sharpener guaranteed to make your oldest, dullest blade as sharp as the day it was bought.

And best of all, you pay nothing for the sharpener itself, which is easily worth $1.00. The razor sharpener bottle contains 50c worth of Fitch's Mentho-Pep, a new, refreshing, germicidal after-shaving lotion. A 25c tube of Fitch's Sterilized Shaving Cream completes the combination and your total cost for this $1.75 value is only 69c!

Fitch's Sterilized Shaving Cream is an alkali-free, lubricating cream that provides a smooth surface for the razor to glide over.

Here's the shaving combination every man has been looking for. Get yours today. If your dealer can't supply you, write F. W. Fitch Co., Des Moines, Iowa.

$1.75 VALUE all for 69c

"The Friendliest Store in Town"

Representatives From Three Baptist Churches Attending Meet At Levelland

WMU Auxiliary Has Meet Today

Representatives from three Baptist churches in Lubbock are attending an annual meeting of the Lubbock Missionary union to the Lubbock Baptist association in Levelland today. It was impossible to get an estimate of the number going from here, but each church society was well represented, according to information from church officials.

The three churches from which women went are First, Calvary and West End congregations. The meeting opened this morning at 10 o'clock with a song, "Joy to the World." Mrs. C. C. Griffiths, Abernathy, led the devotional.

Following a welcome address by Mrs. W. H. Hughes of Levelland, Mrs. Tom Campbell, Lubbock, president of First Baptist Woman's Missionary society, addressed the group, responding to Mrs. Hughes' talk.

State Official Speaks

Mrs. J. E. Leigh of Dallas, who is a state official in the W. M. U., gave the main address of the morning.

Election of officers will be a feature of the meeting today. A part of the time is to be spent in talks of interest to missionary women and the remainder of the day will be spent hearing reports from committees.

The afternoon session was to open with a devotional by Mrs. Kelly Simms, of Post.

Reports were to have been given this afternoon on periodicals, mission study, personal service, missions and the "Margaret Mother" fund. Special music was to have been furnished by the Woman's Missionary society at Slaton, and Mrs. Lon V. Smith of Floydada was scheduled to speak at 3 o'clock.

Between 3:30 and 4 o'clock reports on obituaries, enrollment, resolutions, nominations will be heard.

The group is to return to Lubbock late this afternon.

Wesley Class Fete Is Happy Occasion

Thirty-six women were present at a monthly party attended by members of the First Methodist Wesley class Thursday afternoon in the church parlors.

Games were directed by Mrs. H. W. Sims.

Hostesses for the occasion were Mesdames Will N. Morgan, C. M. Mitchell, C. B. Powell, J. H. Grimsley and W. E. Kittrell.

Iced watermelon was served at the close of the afternoon.

NEWS BRIEFS

Miss Corene Ratliff, senior in the Tech school of home economics, was notified Thursday of her election as teacher in the Apache Creek, N. M. school. She is to leave next week to take up her duties there.

Mr. and Mrs. J. D. Hassell, jr., and family are visiting relatives in San Angelo.

Miss Rhea Popejoy visited with relatives in Idalou Wednesday and Thursday. She was accompanied home by Clyde McFarland, Miss Mildred Cowan, Johnnie McFarland and Miss Rosalie Stewart, all of Crosbyton.

Miss Zoe Mills of Corsicana is the guest of her aunt, Mrs. S. D. Buchanan, 1813 18th street.

Mr. and Mrs. H. C. Myrick and son, Henry, jr., have returned to their home in McKinney after a visit here with Mr. and Mrs. Wade Biggers. They were accompanied here by Misses Frances Wade and Etta Mae Biggers, who had been visiting in McKinney and Dallas for several weeks.

Mr. and Mrs. Raymond Shook of this city, are the parents of a son.

Mrs. J. B. Edwards, 2211 22nd street, has had as her house guest her sister, Mrs. D. D. Turner, and Mr. Turner of Hollis, Okla. They left for their home this morning accompanied by Norma Fay Skinner who has been visiting here for several days.

L. M. Watson, jr., who attended Texas Technological college this summer, has returned to his home in Sweetwater.

Mr. and Mrs. R. O. Short and family have returned to their home near Lubbock from a visit in Waco.

Mr. and Mrs. George Tidwell of Mexia are the guests of Mrs. Tidwell's sister, Miss Augie Priddy, 2323 19th street.

M. B. Oatez, Wichita Falls, agricultural agent of the Fort Worth and Denver, who has been in several towns on the South Plains this week, left Lubbock last night for his home.

Mrs. L. B. Kitten of Slaton is here on business today.

N. H. Payne, field representative of the Texas Cotton Cooperative association, was called to Dallas Wednesday night on business. He will return Sunday morning.

Lynn Stokes, president of the Texas Cooperative Ginners association, who spent Thursday in Lubbock on business, has gone to Dallas.

Two of the fastest outboard motor boats made recently in England have been delivered to the Prince of Wales, who is said to be out for racing records.

Doctor Myers' Daily Column On Child Welfare

BY GARRY C. MYERS, PH. D. Head Division Parental Education Cleveland College, Western Reserve University

CHILD'S TRAINING

Many mothers write of their disappointments with themselves and with their child because he does not use the nursery chair or its equivalent, even by day. To me it always is interesting to note how serious this problem is considered to be. Rarely is the mother's first concern her own convenience, but what others will say and think about the matter. She has been at a "Ladies' Aid" or bridge party, where she heard other mothers boast about their eminent successes at keeping their babies dry at six or eight months of age. Sitting there she says to herself: "And here my child at 17 months won't tell me." She has a terrible dread that her women friends might know about this failure of hers. What makes it very hard for her is knowledge that if some of them do find out they not only will be surprised, but will express surprise to her or to others about the matter.

I wish mothers, particularly young mothers, could steel themselves against the cattishness of other mothers who find so much pleasure in meanness of this sort. Take the attitude that it is your own affair. You have to change and wash the diapers or the rompers or hire some one else to do so. As for the child, if he is amply bathed and lubricated he is not harmed. Many children seem never so happy as when they are wet.

• • •

If you count the cost in effort, however, and wish to be more economical of your time and energy, you will work out a program that will be effective. No use to punish the child. No use even to get angry at him. He is only doing what he had normally done with approval in the early months. You merely want him to learn to urinate over a vessel. Such learning may be a big task for him.

Perhaps you put him on the chair, use all the persuasion at your command, and wait patiently in vain. You finally give up, put on his diaper or rompers and almost immediately he is wet. Looks like a bit of pure cussedness in the kid, but it is not. It took the pressure of the clothing to set off the urinating reflexes. Your task is to reestablish the whole mechanism, so that sitting on the chair without rompers or diaper will set off these reflexes. But these reflexes are inhibited automatically, if while sitting in the chair he cries or is out of sorts. If you can guess right on the rhythm and place him on the chair at the time when he is most likely to perform, and can keep him good natured all the while, you are on the way to victory. Smiles and praise in abundance are in order then. Through careful study with the clock you can chart his rhythm.

• • •

If you want to get results you will have to budget your time for several days, neglecting everything else possible. There must be no exception but continuous successes for several days, if the habit you desire is to be established. Once you hit upon the intervals that work, gradually extend them a few minutes for each period. If there is an occasional accident don't be disturbed or scold the child. Just know that you had been too optimistic, guessing wrong. The biggest trouble you will have will be to follow the clock exactly. Busy at other things, the regular interval may pass without your thinking of the matter.

After he has been following the good habit for several weeks or several months, he may backslide, in which event merely start all over again, knowing that success will come earlier than before. Illness or a trip away from home may cause reversion. Older children busy at play put off nature's call too long. They need to be sent to the toilet at regular intervals, too. Just remember that all these things are matters of habits and not of morals.

EDITOR'S NOTE: Two pamphlets by Dr. Myers may be obtained by sending 10 cents in coin for each and a self-addressed, stamped envelope to Dr. Garry C. Myers, in care of this paper or Central Press Association, 1535 East Twelfth street, Cleveland, O. The pamphlets are "Punishments and Rewards" and "Fear."

Needle Club Meets For Social Season

Mesdames John C. Granberry and T. R. Prideaux were hostesses to the 1911 Needle club Thursday afternoon in the home of the former.

Guests were Mrs. Walton of Temple and Mrs. H. G. Moore of Lott. Members present were Mesdames W. T. Gaston, W. F. Schenck, R. Q. Pierce, J. F. Hankins, A. L. Carter, F. R. Friend, C. E. Maedgen, Glenn Hess, W. C. Rylander, W. G. Murray, Reeves Catt and Fred Snyder.

Mrs. Wade Anthony Is Party Honoree

Mrs. Wade Anthony, recent bride, was named as honoree for a party given by Miss Aimee Brock, 504 Avenue R, Wednesday afternoon. She was presented a shower of miscellaneous gifts.

Guests were Misses Bartlett, Aletha Smith, Verna Beasley, Evelyn Burlingame, Geraldine Lacey, Vera Robertson, Mesdames Anthony, Jack McCreary, Stewart Champlin, Roy Gibson and T. F. Phillips.

The total damage to a boy who was knocked down within ten seconds by two motor trucks at Benfleet, England, was a hole in the seat of his trousers.

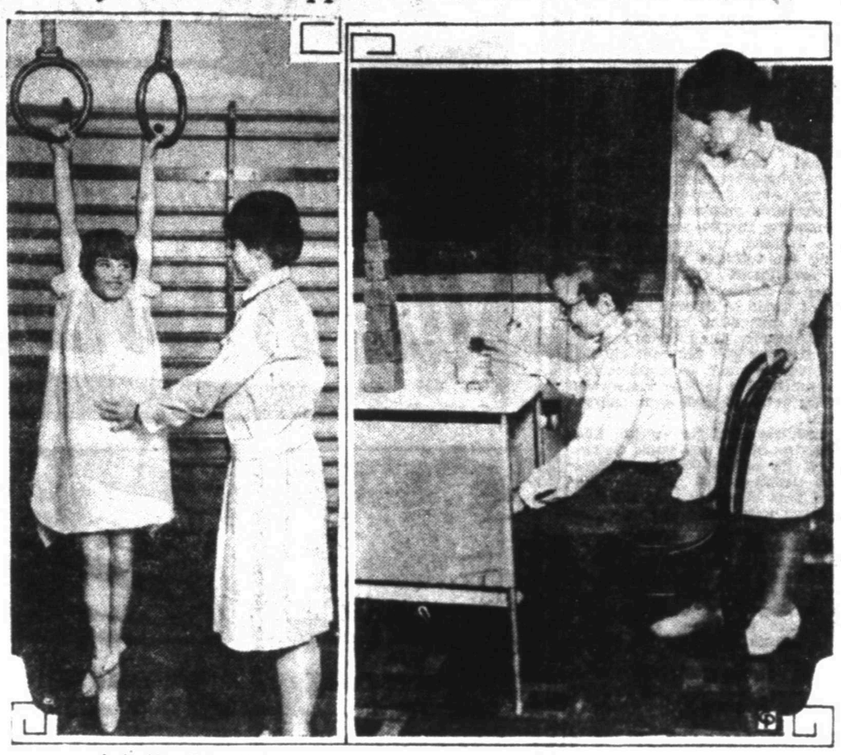

"I WAS just a wreck before my baby was born. I was weak, rundown, had headaches, no appetite and I felt just no good. Another woman told me how much the Vegetable Compound helped her, so I tried it.

"My baby was strong and well. She is grown up now and has seven sons of her own. They were all Pinkham babies!" Mrs. Mary Anderson, 232 W. Main Street, Watertown, New York.

Lydia E. Pinkham's VEGETABLE COMPOUND

Play Cure For Cripples Is Latest Scientific Wrinkle

Left, Miss Helen Kaiser with child in hospital gym; right, teaching block building.

Every parent knows how hard it is to get children to take medicine. The latest wrinkle in scientific cure will, therefore, meet with a cheer from fathers, mothers and the kids. It is simply play. Building blocks, colored marbles, puzzle pegs, bouncing balls and gymnasium equipment are all relied upon by Miss Helen Kaiser of Mt. Sinai hospital, Cleveland, who is in charge of the physictherapy department. "If we make a game of it then we can establish contact and get the child to do what we want," Miss Kaiser explains the theory of the treatment.

Miss Lucile Johnson, Bride-To-Be, Is Feted At Attractive Lawn Party Here

One of the lovely affairs of Thursday evening was the lawn party given at the home of Mrs. J. E. George, 2302 5th street, complimentary to Miss Lucille Johnson, who is to marry Dr. J. B. McCorkle Saturday morning in a ceremony at the Broadway Church of Christ.

Hostesses for the occasion were Mesdames George and Ernest Dye, Miss Virginia Hufstedler and Miss Mozelle Simpson.

The honoree was presented with a shower of miscellaneous gifts during the party.

About 50 guests called.

Afternoon Fete Is For Club Members

Games of forty-two were played at a party given for Six and Six club members by Mrs. V. R. Dockrey in her home Thursday afternoon.

Guests were Mesdames C. C. Pearson of San Gabriel, Calif., Howard Wheelock, K. Carter, J. N. Nislar, Clyde Elkins, Oscar Peery of Tuttle, Okla., Charles Middleton, John W. Richards, Fred Spikes, Temple Ellis and F. M. Maddox.

Mildred Harrison, 5, Is Given Party

Honoring her daughter, Mildred, on her fifth birthday Mrs. J. W. Harrison entertained this week at their home, 2319 7th street. Games were played and favors of celluloid wind mills were presented the guests.

Guests were Betty Jean Bennett, Oleta Bates, Martha Jean and Leta Jane Elliott, Lorena Alexander, Ross, Bobbie and Joyce Brock, Betty Oakley, Wynell Benedick, Madge Malone, Louise Cox, James Earl Wilson, Ruth Genell Spikes and Mildred Harrison.

Mrs. J. W. Gray New Member In Club

Mrs. J. W. Gray was received as a new member when the Decorative Art club met Thursday afternoon with Mrs. D. R. Patterson of 2012 27th street.

Mrs. R. L. Lloyd was a guest. Members present were Mesdames J. D. Gandy, Gene Copley and R. B. Miller.

The club is to meet next Thursday with Mrs. Miller in her home at 619 14th street.

Calvary YWA Meets Thursday

Young women in the Calvary Baptist Y. W. A. met Thursday evening at the church in business session with the president, Miss Gertrude Schantz, in charge.

Miss Pearl Jackson was elected secretary and Miss Gladys Schantz was elected choirister in the meeting.

EXPLAIN SIMILARITY OF ROASTING PROCESS AND HOUR-GLASS

Hills Bros.' Patented Process Produces a Fine, Even Roast Because Coffee Berries Pass Through the Roasters "a Little at a Time"

A stream of sand sifting from a globe on top through a narrow neck into a corresponding globe on the bottom . . . that's an hour-glass. And just as its accuracy depends upon an even, continuous flow . . . a little at a time . . . so the matchless, uniform flavor of Hills Bros. Coffee is produced by Controlled Roasting — Hills Bros.' patented process that roasts evenly, continuously . . . *a little at a time.*

Temperature and flow of coffee through the roasters are automatically controlled with this process. As a result, every berry is roasted to the degree that assures perfect flavor in every pound. Bulk-roasting methods seldom achieve such a thing.

It is Controlled Roasting that gives Hills Bros. Coffee a flavor no other coffee has. Insist on Hills Bros. Coffee. It is packed in vacuum cans. Air, which destroys the flavor of coffee, is removed and kept out of these cans. Even ordinary, "air-tight" cans won't keep coffee fresh. But Hills Bros. Coffee is ever-fresh. Order some today. Ask for it by name, and look for the Arab trademark on the can.

A full fashion silk chiffon hosiery, silk from top to toe in all the new fall shades of Tohiti, paseo, matin, smoketone, mauve beige, beige clair, tropique, negrits, indoean and prominade. Colors you will appreciate and want. See them on opening day. Dull twist and crepe twist in sheer chiffon.

Accessories

You will be interested in our purses, gloves, costume jewelry and other things to match your selection in costume.

LUBBOCK HUBBERS AND LITTLEFIELD TO TANGLE HERE TONIGHT

SPYING ON SPORTS
BY COLLIER PARRIS

BASEBALL TONIGHT at Merrill Park. Lubbock vussus Littlefield. Game called at 8:30 o'clock.

• • •

Littlefield and Vernon play at Littlefield this afternoon and they join forces to oppose Lubbock tonight, going under the name of Littlefield. Looks like a lot of framing up, but let 'em come. Manager Dirty Waller has promised to have a Lubbock lineup on the court tonight and it looks like a ball game.

• • •

The strong Vernon Cardinals will remain over the week-end for a coupla settos with the local nine and we'll be able to tell how the game as played by semi-pros in the far west of Texas stacks up with that of the lower Panhandle. A bunch of chatter from the mill of Bill Sherrill, sports writer for the Vernon sheet, indicates that they play a right fast game down in the lower part of old District 1, which is new District 2 now, as the football bird flies. Bill follows the Vernon team and will be here this week-end.

• • •

The Cardinals and Hubbers play tomorrow night and Sunday afternoon at the local enclosure. Ladies will be admitted for half price Saturday night, or maybe it is tonight. Come out and see.

• • •

They had a pretty hot golf tournament over at Electra this week. Interesting to Lubbock folk of the links was the fact that Billy Holmes, the Tech champion, and Bob Peck, former resident of this city and one time city champion, went through to the final matches. Two others, or three, who are well known in Lubbock went far places. One was S. J. Barnett of Eastland, medalist in the West Texas tournament here in May. Another was George Meredith, another Eastland flighter who defeated Barnett in their first flight match. L. T. "Bobby" Burns, the genial Wichita Falls oil man, who defeated Billy Holmes in the W. T. G. A. tournament and met Charley Quail in the championship match, was another favorite at the Electra tourney.

• • •

Holmes, easy-going, slow-talking Tech sophomore who should be a first class tackle on the Matador grid team, if he played football, won his quarter-final match over Meredith at Electra the other day when the latter's caddy is alleged to have moved Meredith's ball after a tee shot to the rough. It was the 19th hole and Billy's drive was true. He probably would have won anyway. He went down to Bob Peck in their semi-final match, 4 and 3.

• • •

Contrary to some beliefs, and hopes, the Babe is not slowing up. He still dog-trots around the bases, touching each sack, in 144 steps.

• • •

Maybe there's a reason or maybe it's just the way of the world, but when the National league adopted the new "puff-ball" with raised seams, a thicker cover and other supposedly helpful hints to the pitcher it would seem to indicate that National league pitchers would set up some fine records. Yet Burke and Ferrell, Washington and Cleveland hurlers respectively, so far are the only toilers to toss no-hit and no-run games, and the American league still uses the old "lively ball," the only change being a slight raising of the stitches.

• • •

What, ho! Not through with the golf chatter yet. Here's an Associated Press story that out what we've been trying to suggest in the way of Billy Holmes golfing ability.

SHAMROCK, Aug. 20 (AP)—The Holmes family in Shamrock is a family of golfers.

Billy Holmes is the new city champion. He won the title by eliminating his father, B. F. Holmes, and then defeating his brother, Lyle, in the first flight finals. The father was medalist with a score of 146 for 36 holes. A. N. Holmes, uncle of the champion, was winner of the second flight, and Billy's sister, was winner of the fifth flight consolation.

• • •

A big, tackle-looking guy with nice manners came to the desk yesterday and inquired of Dirty Waller's whereabouts. We don't know whether he wants a job on the ball club or was trying to collect a light bill for Merrill Park. Looked like he was capable of doing either.

• • •

We received numerous comments yesterday as a result of this column. Everybody seemed glad that it was confined to a single column instead of wasting space elsewhere on the sports page. Hope this fits the 20 inches.

While planting geraniums at the grave o fa child, who died over 30 years ago, in St. Mary's Churchyard, Slough, England, an aged stranger who apparently had come a greatdistance, dropped dead recently.

McLARNIN DEFEATS PETROLLE

TILT TO OPEN THREE-GAME SERIES

VERNON CARDINALS TO MEET LOCALS IN TWO CONTESTS

The Littlefield Cyclones blow into Lubbock late today for the purpose of blasting the Lubbock Hubbers out of Merrill Park tonight. The game is due to start at 8:30 o'clock.

The game tonight opens a three-day program which sees two of the stronger clubs of West Texas opposing the Hubbers. The Vernon Cardinals, who play at Littlefield this afternoon, will arrive late today and will open a two-game series tomorrow night, completing the two-some Sunday afternoon.

With the taste of Hubber blood still fresh in their systems the Littlefield ball and bat boys were forced to submit to an overwhelming Hubber charge on the former's home field last Sunday. Pitcher Knute Moore was combed for twenty-one hits, several of them for extra bases, in the 14 to 6 victory earned by the locals. A few nights earlier the Cyclone had swept over a souring Hubber club on the Merrill Park field and with the knowledge that Lubbock is not unbeatable it will try to storm again tonight.

Marshall Back In Town

Raymond "Evo" Marshall has returned to Lubbock again and should be in his usual position near the left field fence tonight, tomorrow night and Saturday. Shorty France, the best infielder in these parts, by common and actual consent, will be at the shortfield post. Del Morgan is ready to go again at first base. Hambright will be in center and Crites or Ray Waller in the right garden.

A call has been sent for the services of "Blue-Eyes" Graham, stellar righthander of West Texas, for the Vernon series. He may be here tonight to play second base. With Dickey, Graham, Hambright, Ray Waller and rumors of a new and "great" hurler about whom little is known at the present, ready to do mound duty for Lubbock, the three games should be worthy of consideration and fan interest.

Cards Rated Strong

The Vernon Cardinals, under the management of John H. Quatlebaum, represent the leading baseball talent of the lower end of the Panhandle. It is a team which has won all but 3 games in 22 starts and some of the best teams of that section have played against the Cardinal outfit. In coming to Lubbock, the Cardinals come the greatest distance of any permanently located team to play the Hubbers this season.

STARS OF GAMES YESTERDAY

(By The Associated Press)

Babe Ruth, Yankees—His 34th homer with bases filled in ninth provided winning margin against Browns, 7-4.

Benny Tate, White Sox—Clouted Athletic pitchers for five straight hits including two doubles.

Earl Averill, Indians—Collected two doubles and 27th homer at expense of Senator hurling.

Art Herring, Tigers—Stopped Red Sox 7-2 with nine scattered hits.

Ed Brandt, Braves—Held Pirates to four hits in first game to win 2-1 in 10 innings.

Pie Traynor, Pirates—His double in seventh drove in two winning runs against Braves in second game.

Babe Herman, Robins—Doubled with bases filled in eighth to give Robins 4-1 victory over Cubs.

Carl Hubbell, Giants—Allowed nine hits but scattered them to beat Reds, 3-1.

Tennis Champions Start Fight Today

HOUSTON, Aug. 21 (AP)—Champions from five Texas towns were ready today to start a belated fight for the Texas Athletic federation's tennis titles.

The tourney originally was scheduled to get under way yesterday but rain caused a postponement.

Annie Mae Reichert of San Anntonio is the only champion here to defend her title.

Top-Seeded Stars Remain In Tourney

FOREST HILLS, N. Y., Aug. 21 (AP)—Four Californians and as many Britons were left for the quarter-final round of the women's national tennis championships today.

The survivors included all four top-seeded players, Mrs. Helen Wills Moody of San Francisco and Helen Jacobs of Berkeley, Calif. and Phyllis Mudford and Betty Nuthall of Great Britain.

Matches for today were:

Mrs. Moody vs. Dorothy Weisel, Sacramento, Calif.

Miss Mudford vs. Mrs. L. A. Harper, Oakland, Calif.

Miss Jacobs vs. Mrs. Eileen Bennett Whittingstall, England.

Miss Nuthall vs. Mrs. Dorothy C Shepherd-Barron.

Patients are flipped over like cakes on a griddle by a hospital bed just invented by a Canadian.

Johnson Seeded Leading Amateur

IN ABSENCE OF BOBBY JONES, LIST MADE FOR TOURNAMENT

NEW YORK, Aug. 21 (AP)—In the absence of Bobby Jones and George Von Elm, the United States Golf association has nominated Garrison R. Johnston of St. Paul at the top of the seeded list for the national amateur golf championship starting Aug. 31 at the Beverly Country club, Chicago.

The first ten follow.

No. 1—Harrison R. Johnston, St. Paul.

No. 2—Eugene Homans, Englewood, N. J.

No. 3—T. Philip Perkins, New York.

No. 4—Johnny Goodman, Omaha, Neb.

No. 5—Charles Seaver, Los Angeles.

No. 6—Francis Ouimet, Boston.

No. 7—Maurice J. McCarthy, New York.

No. 8—George J. Voigt, New York.

No. 9—Dr. Oscar Willing, Portland, Ore.

No. 10—George T. Dunlap, jr., New York.

THURMAN WINS MOUND DUEL

RAIN CHECKS POPULAR IN TEXAS LEAGUE; ONLY ONE GAME

(By The Associated Press)

Rain checks proved popular in the Texas league yesterday where all except the Galveston-Dallas contest were rained out.

Thurman of Galveston and George Murray of Dallas, mixed curves in a mound duel with Thurman the winner, 3 to 2, dropping the Steers with four hits. Murray was even better in this department, stopping the Buccaneers with three hits but had one bad inning, the second, when Galveston scored three runs on a walk, two singles and a double. Dallas scored two runs in the ninth, the result of two errors after two were out. The game was played on a muddy field.

MAJOR LEAGUES' LEADERS SHOWN

PLAYOFF IS SEEN IN CITY LEAGUE

A play-off series to settle the City League championship for the second half of the season was virtually ordered yesterday when the Texas Utilities club defeated the Avalanche-Journal team, 2 to 0, in an important contest. A newspaper victory would have won the second half and the season pennant. The teams are now tied for top place.

Yesterday's game featured a pitching duel between Greer Dickey for the winners and Manager Ed Hambright for the losers. Hambright was touched for four hits, though neither of the runs was earned. Dickey allowed but one hit while going the route.

FIGHTS LAST NIGHT

(By The Associated Press)

NEW YORK—Jimmie McLarnin, Vancouver, B. C., outpointed Billy Petrolle, Fargo, N. D., (10). Young Terry, Trenton, N. J., outpointed Benny Miller, Los Angeles, (8). Andy Sabiola, Brooklyn, and Marty Goldman, Brooklyn, drew, (8).

CHICAGO — Tom Patrick, Los Angeles, outpointed Baxter Calmes, Wichita, Kas., (10).

SIOUX FALLS, S. D.—Irish McKenna, Flandreau, outpointed Dick Demery, Sioux Falls, (10).

FORMER FARGO EXPRESS IS BATTERED

STIGMA OF PREVIOUS DEFEAT IS WIPED OUT BY VICTORY

BY ALAN GOULD
Associated Press Sports Writer

NEW YORK, Aug. 21. (AP)—The clan of McLarnin can rest easy today so far as the threat of battle-scarred little Billy Petrolle, the one-time Fargo express, is concerned.

Chunky, pink-faced Jimmy McLarnin, the pride and joy of the clan, settled the matter quite convincingly last night at the Yankee stadium. Jimmy whipped and battered Petrolle so decisively, in ten rounds, that it became quite monotonous.

It was McLarnins second straight triumph over Petrolle. It was by far the more decisive of the two and altogether wiped out the stigma attached to the McLarnin escutcheon by the slugging Jimmy absorbed one night at Madison Square Garden last winter.

McLarnin did everything but put Billy on the floor. Petrolle managed this himself in the fifth round when he fell flat from the force of a wild swing that completely missed its target.

Jimmy tried hard in the sixth, seventh and eighth rounds to land the old haymaker. Petrolle was bleeding and groggy but withstood the best his rival threw at him. Billy sagged badly in the eighth but came back in the last two rounds with a courageous flurry.

Jimmy Too Strong

Seldom has McLarnin given a better exhibition of all-around boxing. He was much too strong, fast and clever for Petrolle. Jimmy had a seven-pound pull on the weights, scaling 146 to Billy's 139, and used it to good advantage. Petrolle's best rounds were the third and fifth.

AFTER SEVERAL BELOW-AVERAGE SEASONS, ED BRANDT IS MAKING HIMSELF ONE OF BEST SOUTHPAWS IN THE LOOP

By HUGH S. FULLERTON, Jr.
Associated Press Sports Writer

Ed Brandt, who has been pitching for the Braves several seasons without threatening the .500 mark in the averages, has made himself one of the best southpaws in the National league.

Brandt turned in his 16th victory of the year yesterday when the Braves downed Pittsburgh, 2 to 1, in the ten-inning first game of a double header. He has lost eight contests, giving him an average of .667. The Boston ace held the Bucs to four hits in ten frames, walked only one man and finally scored the winning run himself. The Pirates came back strong against Bill Sherdel in the second game and won 5 to 4.

Giants Advance

Timely hitting behind Carl Hubbell gave New York a 3 to 1 victory over Larry Benton and the Cincinnati Reds, putting the Giants a full game ahead of Chicago and 8 1-2 behind the league leading St. Louis Cardinals, who were rained out in Philadelphia.

The Cubs could make no headway against Watson Clark of Brooklyn until the ninth inning and by that time Brooklyn had come through with an eighth inning rally against Charley Root that netted them four runs and a 4 to 1 victory.

Heavy hitting again played the big part in the American league program and with it came the broken record that has become almost a daily occurrence in the junior circuit.

Breaks Indian Mark

Earl Averill, Cleveland slugger, crashed his 27th home run of the year as the Indians made it three straight over Washington's second place Senators, 10 to 8. The homer broke the Cleveland record set last year by Eddie Morgan.

This defeat, the fourth in succession, left Washington only 3 1-2 games ahead of New York who used the home run route to a 7-3 victory over St. Louis. Lou Gehrig hit his 33rd of the year, then Joe Sewell hit for the circuit, and finally Babe Ruth crashed out his 34th four bagger with the bases full in the ninth to provide the winning margin.

The White Sox won their third game in 17 starts against the Philadelphia Athletics by pounding Waite Hoyt and Eddie Rommel for 19 hits. The score was 11 to 6.

Boston dropped a 7 to 2 decision to Detroit as Art Herring's pitching kept them helpless.

BOB PECK NAMED ELECTRA CHAMP

ELECTRA, Aug. 21 (AP)—The Electra Country club crowned a new golf champion yesterday.

Bob Peck of Wichita Falls defeated S. J. Barnett of Eastland, two up, in the 36-hole final match to win the club's second annual invitation tournament. Loss of his tee shot on the 36th hole accounted for Barnett's defeat. He was the medalist.

MASS FEEDING OF RUSSIAN WORKMEN BEING ARRANGED

MOSCOW, Aug. 21 (AP)—Mass feeding of Russia's workers on a much wider scale is arranged for in a decree issued by the central executive committee of the communist party Thursday.

Present facilities for this work are inadequate, the decree said, although they care for approximately 2,000,200 workers and their families who are fed collectively at factory kitchens, public dining halls and feeding stations for children.

Meals are served in these establishments at nominal prices ranging from 13 to 40 cents. The recent drive to attract more women from their own kitchens to industry has taxed the capacity of the "social feeding" facilities, especially in large cities.

About $14,750,000 is to be spent for the construction and equipment of 300 new factory kitchens and 4,000 dining halls within the next three years, under the terms of the decree.

A group of 500 party men will be mobilized to supervise the work. Foodstuffs will be improved, diets varied and more efficient methods introduced.

Venue Change Given In Trial Of Miner

HARLAN, Ky., Aug. 21 (AP).—An abrupt end came to the trial of William M. Burnett, 36, miner charged with murder in connection with Harlan county coal field disorders, when Circuit Judge D. C. Jones ordered a change of venue on motion of the commonwealth.

After the commonwealth had accepted a jury and the defense had rejected seven of the 12 tentative jurors, Commonwealth Attorney W. A. Brock surprised defense counsel by moving that the defense's previous request for a change of venue be granted.

The case was transferred for trial to Montgomery county and will be called November 5.

Mickey Mouse Club Interest Revived

With school days approaching, kiddies of Lubbock are reviving their interest in the Mickey Mouse club movie program sponsored by Lubbock merchants and staged at the Palace theater every Saturday morning. Preparations are being made for a greater series of programs for the children.

This Saturday's program will be featured by a wrestling match between two of Lubbock's newsies. Songs, dances and other novelties will be given along with the regular Mickey Mouse and feature picture.

One American company has gained control of four-fifths of the motor-oil business in Austria.

Thought For Today

Can any hide himself in secret places that I shall not see him? saith the Lord. Do not I fill heaven and earth? saith the Lord.—Jeremiah 23:24.

* * *

We stand in our own light wherever we go, and fight our own shadows forever.—Owen Meredith.

Hardihood Survives

The trying times of the frontier are a long way removed from most Americans. Nevertheless, there are still times when sudden emergencies compel people to display all the courage and hardihood of the pioneers.

A forest fire recently swept through the Priest river valley, in Washington. Out of it, afterward, came news of the remarkable way in which Mr. and Mrs. R. S. Daly, who lived on a ranch in the path of the fire, saved the lives of their three children.

Daly had been out in the forest with other men trying to check the flames. Unable to do so, the men retreated to the ranch. There the fire surrounded them, and the ranch buildings caught fire.

The Daly children were sick. The only place of refuge was a small creek that ran a hundred yards or so from the house. So close were the flames that the water in this stream was warm to the touch.

Down to the creek the Dalys carried their children. In the mud near the water they hastily scooped out a pit, in which they placed the children. Then they covered them with wet earth, leaving only their heads exposed.

The heat, however, was so intense that the children could hardly endure it. So, for the rest of the day, the two parents stood there and poured the warm water from the creek over the heads of their children.

It isn't often that such a tale of hand-to-hand combat with the elements reaches the newspapers. The whole incident sounds like something that came down from pioneer days. It is of a piece with the heroic and tragic stories that dot the records of frontier communities.

Yet it happened in this year of 1931, wthin a comparatively few miles of the great cities of the Pacific northwest.

The frontier has vanished, but here and there the nation still has men and women who have to face ever so often the stern tests of the old days. And when they do they are able to face them without flinching.

Salacious Books

An official in a large publishing house recently called on his fellow publishers to keep salacious books off the market. Insisting that he opposed any form of censorship, he urges the publishers to "clean up" of their own accord and suggests that if any publisher fails to do so a delegation from the National Association of Book Publishers and the American Book Sellers be sent to put pressure on him.

A publisher remaining adamant in the face of such an appeal would then be reported, by those two organizations, to the proper authorities.

All of this would probably keep the wrong kind of books off of the market; nevertheless, it sounds remarkably like substituting an unofficial kind of censorship for the official kind, and it is a bit hard to see how it would improve matters much. The number of harmful books on sale today is extremely small, and every city has laws under which it may deal with them. Is any further action really needed?

A woman is suing a judge for $2,737,748. She must think he's from Chicago.

Spend your hoarded cash and end the depression, says the head of the A. F. L. What cash?

A man named O'Leary stole a cow and was sentenced to nine to 18 months. Nothing like the kick of that first O'Leary cow.

The PLAINSMAN Says:

That Girl on Broadway says personality is never carried in a vanity case.

* * *

Being a 'young intellectual' is largely a matter of being a good mimic and in knowing what magazines to subscribe to.

* * *

WOULD some family in Lubbock like to help a worthy young girl through Tech college during the 1931-32 school year? Surely there should be someone here who has a place for this particular young lady.

The Plainsman is in receipt of a communication from a Vernon girl, holder of a 1931-32 Tech scholarship and the scholarship is good only for the current year. She is without sufficient funds to pay all her way and needs only a little additional boost.

* * *

"I wonder", she writes, "if you would be able to help me get placed in a good home in Lubbock, either as a companion to an old couple or to help with the house-work to pay my board and room at the college this year?"

That's a straight, out-and-out proposition that somebody should be happy to accept.

* * *

THE PLAINSMAN doesn't know the girl—has never even heard of her before. But if she has won a Tech scholarship—which ever one it may be, she is surely worthy of an opportunity to work her way to a higher education.

Any Lubbock person interested in the girl—anyone who can possibly find use for her services—may call The Plainsman for additional information.

* * *

That Man on Avenue Q says the only teachers who are over-paid are those composing the faculty in the school of experience.

* * *

DIRECTORS of the Post Chamber of Commerce stole a march on their neighbors yesterday and not only snatched their city some good publicity but also made a very practicable suggestion for the reduction of the 1932 cotton crop.

The Plainsman is referring to the telegrams sent Governor Huey P. Long and the Federal Reserve board, suggesting that bankers, instead of legislatures lead the fight to clear the boards of excess cotton.

* * *

Governor Long, whose conference is on in New Orleans today, seeks to rid the nation of its cotton surplus by having cotton states pass a law prohibiting the staple to be planted for a period of two years.

The Post suggestion is that the Federal Reserve board notify its member banks not to lend money to any planter who will not agree to cut his 1931 acreage at least in half for 1932.

* * *

OF COURSE, it is doubtful that the Federal Reserve board will accept the Post suggestion, but never-the-less it is a good thought. The banker is the man who says, in the final analysis, whether a farmer can or cannot plant, and by the same virtue, may say how much shall be planted if financial aid is to be rendered.

The idea sounds practicable to The Plainsman.

How does it sound to you?

* * *

A fellow on our block is bothered by radio interference. He can't use his set after 10 o'clock without the neighbors storming in.

* * *

"Funny ain't it pa," said Johnny, "that everybody in our house is some kind of an animal."

"What do you mean?"

"Why mother's a dear and baby's a little lamb and I'm a kid—I can't think what you are, pa."

"I'm the goat, my son."

* * *

A LADY very much agitated called The Plainsman yesterday with the question: "Does something which affects the convenience of 2,000 people interest you?" Upon being told that it certainly did, she reported that the trans-College avenue sidewalk located between Broadway and Thirteenth street, has been torn up but will not be replaced by the State Highway department.

People familiar with the neighborhood will recall that the concrete walk was laid across College connecting the east side of the thoroughfare with the principal walk to the administration building on the west side, to make pedestrian travel more satisfactory in bad weather.

Now that the street is to be paved on two sides with one of Lubbock's "famous" parkways in the center, the walk has been ripped away. In bad weather pedestrians will be forced to walk a half block out of their way to keep out of the mud.

* * *

The lady said she went to the Highway department about putting the walk back but reports she was told that "the department hasn't the money and anyway, it would make it too hard on the maintenance crew."

She very logically inquired if the streets and highways were being laid for the convenience of the maintenance crews or the taxpayers.

* * *

SHE has asked The Plainsman what can be done about it and this column is frank to admit that it doesn't know.

The case, however, is hereby presented to the public and if there is enough public opinion favoring reconstruction of the walk across the College avenue parkway the job can probably be put through.

It Isn't The Heat—It's The "Humidity"!

"Without-Or-With, Offense To Friends Or Foes, We Sketch Your World Exactly As It Goes"—Byron

Tourist Crop Isn't What It Has Been But Capital Still Sight-Seeing Center; Washington Monument Is Popular

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, Aug. 21—The tourist crop here isn't quite what it was last year and visitors are more careful of their pennies, but the effect of depression on the size of incoming summer crowds seems surprisingly small.

DUTCHER

The capital remains America's prize sightseeing spot and at this time it presents a better show than in any previous summer.

A $200,000,000 building and beautification program for Washington, the biggest thing of the sort ever planned by any government, was long since begun and all the way from the White House to the Capitol grounds you can see the vast program in various stages of razing and new construction.

Museums Popular

There is no means of checking the number of visiting sightseers, but within a year, according to the Smithsonian Institution, some 1,500,000 persons have entered its four national museum buildings. Assuming that each sightseer went through the three principal buildings that would mean half a million individuals. The first half of the year even showed a slight increase in visitors to these museums and there were 198,000 in June as compared with 187,000 in June a year ago.

Sixty-five thousand went up in the Washington monument in July as against 67,000 in July, 1930, although previous months of this year had shown a decline of about 20 per cent.

Guides at the Capitol estimate a 25 per cent drop in their business but not in the number of visitors. Many persons saving money just won't pay a quarter a head to be guided. The local tourist camp is doing as well as usual because it gets what might formerly have been hotel trade. But it doesn't make as many sales. And you don't notice the souvenir trade in Pennsylvania avenue shops flourishing as well as it ordinarily does in the peak tourist months of June, July and August.

Publicity Men Active

Nevertheless the Greater National Capital Committee of the Board of Trade is whooping things up with prodigious efforts to sell Washington's attraction to the rest of the country. This is the first big organized effort to attract the tourist business and conventions here. Booths, providing information and hotel reservations, have been set upon the main incoming highways and reports of careful studies have been issued to demonstrate that summertime Washington is really comfortable despite its reputation for heat. Publicity for Washington is being showered over the country.

There's a lot new to be seen since Aunt Hattie was here three years ago. Down by the Lincoln Memorial now, for instance, there is the great Arlington Memorial Bridge which will be opened in 1932 to connect on the Virginia side of the Potomac River with the George Washington Memorial Highway to Mount Vernon.

The city government building is concentrated mostly in the 20-acre Triangle south of Pennsylvania avenue. The Department of Commerce Building, largest office building in the world, is completed. It's costing us nearly $17,500,000 and more than a million square feet of floor space and a basement large enough to hold three ordinary.

Wreckers Keep Busy

The $10,000,000 Internal Revenue Building in the Triangle is also finished. Elsewhere you can see more wrecking and excavating than you ever saw before because the Triangle will also contain the Justice, Labor, Interstate Commerce Commission Archives, Post Office, Coast Guard and independent offices buildings.

Away from the Triangle some $5,000,000 is being spent to beautify the Capitol grounds and you can see the foundation work on the $9,000,000 Supreme Court Building opposite the Capitol, alongside the Library of Congress.

There's the Shakespeare Library all finished in the same vicinity and the new million-dollar Snake House, with almost every known kind of reptile inside, at the National Zoo. Not forgetting the new $4,000,000 George Washington Masonic Memorial on a hill above nearby Alexandria, or the magnificent National Cathedral here, a large part of which has been built.

The principal sight-seeing standbys are still the Capitol, Smithsonian, Lincoln Memorial, Washington Monument and Arlington national cemetery. The White House hasn't retained a fraction of its former popularity since President Hoover discontinued the Coolidge custom of shaking hands with everybody. Coolidge got himself used for bait by all the professional guides in town.

Diet and Health

By LOGAN CLENDENING, M.D., Author of "THE HUMAN BODY"

EDITOR'S NOTE—Six pamphlets and six articles by Dr. Clendening can now be obtained by sending 10 cents in coin for each pamphlet and 2 cents in coin for each article, with a self-addressed, stamped envelope, to Dr. Logan Clendening, in care of this paper, or Central Press Association, 1438 East Twelfth street, Cleveland, O. The pamphlets are: "Reducing and Gaining," "Feminine Hygiene," "Indigestion and Constipation," "The Care of the Hair and Skin," "Infant Feeding" and "Instructions for the Treatment of Diabetes." The articles are: "Normal Diet," "List of Books for Mothers," "Bed Wetting," "Diet of the Expectant Mother," "Ear Troubles and "Tuberculosis."

MEAT IN DIET

Meat has been given a bad name. In my opinion this is undeserved. I admit that a complete and healthful diet can be arranged without meat. But it is also true that it is difficult to get a sufficient and easily utilized diet without using substances which are like meat in their chemical reactions and content of animal protein—milk and eggs.

Dr. Clendening

Man's digestive and nutritional machinery can convert nearly any single kind of food into all the needed elements of nutrition. Thus the Eskimos, by necessity, live on an exclusively meat diet. The Oriental people, on the contrary, live on an exclusively vegetable diet.

So far as can be determined the general health and longevity of the two races are the same.

The Eskimo on an exclusively meat diet converts the meat into sugar (glucose) in proper proportions and gets his energy from that and from the fat in the meat. Meat also appears to contain all the salts necessary and even the vitamins. Milk of course forms an accessory part of the Eskimo diet.

Meat has been said to cause high blood pressure, kidney disease, liver disease, gallstones and many other diseases. The subject is in a highly debatable condition but it can be said certainly that such statements are far from being proved. Thomas studied a large number of middle-aged Eskimos and found that their blood pressure and kidney function were no different from any other similar aged group living in a temperate climate on a general diet.

So much has been said against meat that something should be said to comfort the fellow who likes to eat meat, and may be scared off by the extremist preaching on the subject.

Meat contributes several advantages to a balanced diet. In the first place protein that is easily digested and absorbed and that is natural to the human digestive tract. The body needs about 100 grams (three ounces) of protein daily. Most meats are about 20 per cent protein, so 15 ounces of meat are required to supply that necessary allowance. Of course vegetables contain protein, but vegetable protein is not nearly as readily utilized by the body and much of it is probably not utilized at all. Milk and eggs furnish animal protein, but it is practically the same chemically as meat protein, and if meat causes degenerative disease so will milk and eggs.

Vegetarians in fact are so mostly on emotional grounds—because they object to the slaughter of animals. They have not a scientific leg to stand on.

The human digestive tract, from teeth to intestines, indicates that man was designed for a mixed diet, including meat. Meat is well tolerated by delicate digestions and in fact is a staple part of all diets for patients with ulcer of the stomach.

Compare gwahlinn-g ETAOINN

Animal fat, however, does not compare favorably with vegetable fat. The trend towards the use of vegetable fats for cooking and as salad oils," says Harrop, "and away from the consumption of animal fats, will continue. This is sound economically because it is wasteful to raise hogs to produce fat when physiologically perfect substitutes can be produced more cheaply in the plant world."

DAILY ALMANAC

Cloudy

WEST TEXAS: Partly cloudy tonight and Saturday.

EAST TEXAS: Partly cloudy in north, occasional thundershowers in the south portion tonight and Saturday. Light to moderate easterly to northerly winds on the coast.

ARKANSAS and OKLAHOMA: Generally fair tonight and Saturday.

LOUISIANA—Partly cloudy, occasional thundershowers near the coast tonight.

IN NEW YORK with Gilbert Swan

NEW YORK, Aug. 21.—Somehow, you don't expect to find Napoleon on Broadway.

And at 10 cents a ticket in an old vacant store, Napoleonic relics seem fantastically framed. One expects a shooting gallery or a bearded lady, or horrid chormos of the Spanish inquisition—but hardly a collection of odds and ends that once belonged to a great maker of history.

Yet there it is, surrounded by orange drink stands and ham sandwich counters. It arrived only a few days ago, the first musee—so the theatrical experts say—since the old days when Fourteenth Street was the amusement center of the town.

There's even a lock of hair, placarded as coming from the head of Napoleon. And the funny Broadway crowd stops, peers and goes in. Being a Broadway crowd, they wonder what Napoleon's trappings are doing there. Heaven konws what they expected to find! But once inside they discover merely an assortment of museum pieces. Since Broadway is not historically-minded, folk wonder at the nerve of a showman who would set up anything less exciting than a two-headed baby show.

* * *

In the ornate suites of the late David Belasco there was a particularly interesting Napoleonic collection. Belasco was said by some to have something of a "little Napoleon complex." At any rate he filled one of his famous salon-rooms with statues of the immortal warrior-politician.

There were Napoleons of small stature and Napoleons of large stature. Napoleons with a hat and without, some under glass and some in bas-relief. The story went that Belasco would walk among the many Napoleons and study the postures, never ceasing in his admiration—and not above posturing similarly a few days later.

* * *

Raymond Street, New York, gets into the newspapers only when some rebel against alimony goes to the famous "alimony prison" rather than pay alimony to an ex-wife.

But it appears that a definite campaign is about to be started against jailing gents for non-payment of alimony. Amusingly enough Dudley Field Malone, who has won international fame as a divorce lawyer, is one of the leaders of the anti-alimony crusade.

Be all this as it may, the Raymond Street jail was the spot where the "alimony club" originated. At one time, half a dozen prominent men were incarcerated at the same time. Others, observing that the "better people" didn't mind jail, refused to pay and joined "the club." Within a few years scores of actors, writers and such were turning the jail into a sort of club-house. They had checker tournaments and card fests. The club gained wide reputation. It was if you please more than passingly exclusive. So many non-alimony payers found their way there that the club achieved a national reputation.

Furthermore, men who had been leading the feverish life of Manhattan found that the club offered a restful vacation and were rather grateful for the opportunity to take time off.

One of the most recent celebs to spend a month at the club was "Chic" Endor, the writer of popular and humorous songs, and a night club entertainer, who once headed the Yacht Club Boys band.

A Texas school teacher preferred one of her pupils to her principal and lost her job. The pupil was 19 and athletic. Yes, education is the hope of the world.

Hoover let his 57th birthday go unobserved. Well, anyway, that's one more on him.

Science is trailing steaks back to the pasture. Probably just a case of mistaken identity.

Rumor says Coolidge is coming out for beer. Maybe he's a few hops ahead now.

Police say the third degree isn't used any more. Well, no, proportionately speaking.

LITTLEFIELD MAN WRITES ABOUT POLITICS

Dear Plainsman: We note the following paragraph from your column in the Journal of July 29th:

"Already a split is looming over Governor Roosevelt, who appears to be the strongest candidate available. He is not the favorite son of this column, any more than he is the favorite of the South, but at this reading it is generally conceded that he should have a better chance at final election than any leader within the party's ranks."

There is no split in the Democratic party; it has always been cursed with the presence of a class of voters who claim they have such a flexible conscience, as to enable them to dictate to you and me who should be the nominee of the party. And failing to succeed, they have such conscience as is not found with men and women who understand the fundamental principles of party government.

This writer was at the first meeting that was ever held by a representative delegation in the state of Texas for the purpose of creating a force that would drive the saloons from our state. This meeting was held in Waco on May 5, 1885, and C. A. Bovanton, a young attorney who had recently come to Texas from Vermont, was elected chairman of the meeting. I was a delegate from Bosque county. There were not more than 50 delegates present and most of them were young teachers, a few lawyers and preachers and the remainder farmers and business men.

The story of Prohibition in Texas is too long to give here, but the great injustice these men and women who have these flexible consciences have done and are doing that little band of political heroes, is shocking to the sensibilities of one who knows the great sacrifice these young men made.

They knew they were sacrificing all chances for political preferment. They knew when they stood as one man and pledged their time, talent and money "to drive the saloon out of politics even if it took prohibition to do it", that within a short time every saloon, beer hall, brewery and distillery would have their names and residence on their black list.

These young men had hardly reached home until some of the national newspapers were referring to them in a derisive manner as the Anti-Saloon League. We had a hard fight but was able to lay before the next legislature one of the largest petitions that has ever been presented to the Texas legislature.

An election was ordered for September 8, 1887. During the campaigns of 1886 and for more than 20 years there was not a convention held that a resolution was not offered and carried by overwhelming majority and most of the time without opposition.

The resolution was, "Whereas We the delegates to this convention now assembled, believing that the prohibition question is not one involving the fundamental principles of Democratic Government and should have no place in the councils of the Democratic party of Texas, therefore: Be it resolved, a vote on the prohibition question in this state shall not be a "test" a voter's democracy."

The saloon had entered politics; it had entered the political councils of the nation and in language of Joseph Weldon Bailey made at Van Alstyne, Collin county, in 1887 and Roger Q. Mills at Waco the same year: "With Prohibition you can kill the saloon, but if it becomes a basis for the election of those who make and execute our laws, you may destroy the usefulness of these offices and likely break down the fabric of democratic government."

Eight years after the first meeting in Waco, the commercial Anti-Saloon League was organized and the churches gradually began to take the place of the saloon in the political arena.

Today we find The Plainsman on the verge of Pussyfooting. He hardly knows which way to go. We have another chance to place in the White House a "genius of government"; a man who knows that the prohibition question should have no more place in a political platform than the mode of baptism.

Any question that appeals to race prejudice, passion and religious cleavage, as the prohibition question does, should have no place in a national convention of any political party. Any man or woman who has studied the Wickersham reports must know that the "melting pot" has not yet made a homologus citizenship of this great nation.

When a great king of Western Europe decided to extend his kingdom he found he needed the support of the Christians. He took the bishop of the church at Rome and made him Pope. Once when a great political party needed the help of a great church, it got a bishop, a mell of a hess.

Let's quit this wrangling over a question that has no relation to the science of government and vote for Roosevelt for president and Tom Connally for vice president.

Yours truly
NEAL A. DOUGLASS, SR.
Littlefield

EDITOR'S NOTE—Dear Mr. Douglass: I am very sorry you misconstrue my remarks concerning Mr. Roosevelt as pussyfooting. Since making an out and out statement cannot be called pussyfooting, please permit me to say that I shall not support Mr. Roosevelt's pre-nomination campaign, hoping that the party may select a better man and one more acceptable to the South, its problems and objects. Mr. Roosevelt's views on prohibition do not enter into the basis of my opinion concerning the New York governor. I simply feel that the party can do much better and hope it will. Yours truly, The Plainsman.)

Periodical Pains Relieved In 3 Minutes

Month after month some women still suffer needless pain, but those who know simply go to a drug store or soda fount, get a package or dose of "B-C" and get perfect relief in 3 minutes, continuing their duties in pain-free, easy comfort.

"B-C" is the formula of two North Carolina druggists, contains several ingredients that function together for the relief of headache, neuralgia and periodic pains, accomplishing in a few minutes what no one drug formula can do under 1 to 3 hours.

"B-C" stops the pain, quiets the nerves, is perfectly harmless. No other preparation like it. Nothing else gives such profound relief. Ask your druggist, he knows. (Adv.)

LAUGH EACH DAY WITH THE JOURNAL COMICS

THE TINYMITES

STORY BY HAL COCHRAN—PICTURES BY KING

(READ THE STORY, THEN COLOR THE PICTURE)

While all the Tinies took their ease, folks sauntered by, all queer-looking dressed. A little youngster stopped and said, "Hello there, Tinymites! I've read about you all, you know. I'd like it if you'd play with me a bit before you all start out to see this city's sights."

The Travel Man broke in and said, "That's nice of you, young fellow head, but we are all quite hungry. We must find a place to eat. If you will lead us to a spot where we can find food, nice and hot, we'll gladly let you join us." And the youngster said, "That's fine!"

He took them to a fine cafe and Clowny said, "This is the way I like to eat, with good food served. I know I'll down my share. Then everybody ate and ate. They all agreed the food was great. The Travel Man said "When you're through, we'll walk a bit in the air."

For 'bout an hour the whole bunch stayed. Their boy friend then said "A parade is going to pass right by here. You can see it if you like. We have fine celebrations here, with pretty floats to bring good cheer. You all can join in the marchers, if you're not too tired to hike."

"Oh, gee, I have a better plan," the Slowny shouted "If we can, we'll ride upon a great big float then we won't get tired out." At last then the parade began to pass and Scouty even left his glass of milk upon the table. Soon they all began to shout.

The Travel Man arranged so they could join the parade that very day. A big float came up near them. "Hop aboard!" he loudly cried. The Tines did quite gingerly and they were happy as could be. Said Scouty, "Gee, I feel real proud upon this sort of ride."

(The Tinymites visit a hat factory in the next story.)

MOVE BY THE CALENDAR

When we think of nomads we invariably picture in our mind a people who wander from place to place picking up a living here and there as they go. Yet this is not a correct idea of nomad life as it was lived in Asia. It is true that in many parts of Asia, as well as in many parts of other countries, there are certain small tribes of gypsies and nomads who lead this kind of existence. But in Asia, for centuries, thousands and thousands of Tartars, Armenians, Kurds and Yezidis migrate from the lower regions to the higher places for the summer. Allagos is a great mountainous mass in the western part of Armenia and the favorite summer resort of these people. Although they live in tents, their life is just as real as their winter life in villages. Babies are born, grandmothers die, gardens are made and sheep and cattle are fattened.

LAUNCHES LAND PLANES

LONDON—Seaplanes have been launched from ships, but the launching of planes on land by catapults is something new. The Royal Air Force has developed a catapult machine for this purpose at the Farnsborough experimental air field. It recently launched a 9-ton bomber within a space of 100 feet.

Cotton Market

NEW YORK REPORT

NEW YORK, Aug. 21 (AP)—Cotton opened steady today 12 to 15 points higher in response to reports of firmer markets abroad and rather less favorable crop advices from the southwest.

Buying was said to be coming chiefly from shorts, Wall Street and Liverpool sources, while the south was a moderate seller on the advance with the offerings increasing slightly after the call. December contracts, after selling up to 7.05 on the initial demand, reacted to 6.98 with the general list ruling about 8 to 10 points net higher at the end of the first half hour.

Liverpool cables reported covering, trade calling and buying for a reaction with a cessation of liquidation in that market and said the demand for cotton cloth from China was sustained. Egyptian futures in Alexandria were 37 to 45 points higher and the spot quotation for Indian cotton in Liverpool was 6 points higher.

The failure of demand to broaden on the early advance appeared to be a disappointment to recent buyers for a week-end rally and the market lost a good part of its initial gain under realizing on liquidation and scattered selling. December sold off to 6.94 and March to 7.21 or within 3 or 4 points of yesterday's closing quotations and the market at midday was quiet and barely steady.

NEW ORLEANS REPORT

NEW ORLEANS Aug 21 (AP)—Cotton had a very steady opening today as Liverpool cables came in considerably better than due. First trades here showed gains of 8 to 9 points, which was not a full response to the strength of the cables.

As New York advanced more than the market here, prices locally advanced after the start. October trading up to 6.81 and December to 7.08 or 12 points above yesterday's close. This advance attracted some realizing and the market eased off 4 to 5 points from the top but at the end of the first hour prices showed a tendency to improve again.

The market after ruling steady in the early part of the morning owing to rains in the belt, gradually eased off on lack of support and disappointment at the weekly statistics, mill takings being less than anticipated. Owing to selling by ring traders October eased off to 6.71 and December to 6.93, or 10 points down from the highs. At the midsession the market was rather easy and at the lows.

NEW ORLEANS OPEN

NEW ORLEANS, Aug. 21 (AP)—Cotton futures opened steady today. Oct. 6.78. Dec. 6.98; Jan. 7.06-B. March 7.28. May 7.43-B; July 7.62-B.

NEW YORK OPEN

NEW YORK, Aug 21 (AP)—Cotton futures opened very steady today. Oct. 6.82. Dec. 7.04; Jan. 7.14; March 7.31. May 7.48, July 7.64.

COTTON MEETING

(Continued from Page One)

back at 3 o'clock to the full conference, which in meantime, stood in adjournment.

WITT FLIES TO COTTON MEETING

AUSTIN, Aug. 21 (AP).—Edgar E. Witt, lieutenant governor, left by plane at 7 o'clock this morning for the New Orleans cotton conference called by Governor Huey Long of Louisiana.

Witt did not plan to make the trip but the Louisiana executive was insistent and offered to send a plane. "I couldn't turn that down," Witt remarked as he prepared for his first air journey.

Stock Market

WALL STREET REPORT

NEW YORK, Aug. 21 (AP)—The share market drifted a little lower in extremely quiet trading today.

The list was steady to firm at the start but quickly began to sag and by midday there were several losses of a point or more appearing in Allied Chemical, Bohn Aluminum, Penney, New York Central, American Telephone, and Standard Oil of California, American Tobacco B, however, recovered after losing 2 points and Westinghouse advanced a point.

Call money renewed unchanged at 1 1-2 per cent.

Grain Market

CHICAGO REPORT

CHICAGO, Aug. 21 (AP)—Grain prices advanced early today, owing largely to fresh upturns in Liverpool wheat quotations. Further reports of unfavorable weather in Europe were at hand.

Opening 1-8 to 1 cent higher, what afterward held near the initial range. Corn started 1-8 off to 1-2 up and subsequently rose all around.

Livestock Market

KANSAS CITY REPORT

KANSAS CITY, Aug. 21 (AP)—(U. S. D. A.)—Hogs: 4,500; mostly 10 to 25 lower; top 6.75 on 220 pounds; packing sows, 275 to 500 pounds, 3.50 to 4.75; stock pigs, 70 to 130 pounds, 6.05 to 7.25.

Cattle: 700; calves: 200; steady; good 1106 pound Missouri fed steers 7.35. Steers, 600 to 1100 pounds, 8.00 to 10.35; heifers, 500 to 850 pounds, 7.25 to 9.75; cows, 3.75 to 5.75; vealers (milk fed) 4.50 to 8.50; stocker and feeder steers (all weights), 5.50 to 7.50.

Sheep: 3,000; lambs strong to 15 higher; sheep weak; top Colorado lambs 7.60. Lambs, 90 pounds down, 6.75 to 7.61; ewes, 150 pounds down, 1.25 to 2.25.

CHINA FLOOD

(Continued from Page One)

drained in the United States by the upper and lower Mississippi, the Ohio, the Arkansas, and White rivers.

Swollen by unprecedented rains, the river system has flooded a wide area of regions densely populated because of the great fertility of the valley.

Famine Looms

"The main loss is a crop loss," said Mr. Swift, who surveyed famine areas in China in 1929 "but it will spread disaster among the countless natives who normally live just above the border-line of starvation.

"A Red Cross fund of $100,000 has been sent to remergency relief. This is a lot of money in China, being equivalent to about 400,000 Chinese dollars, and of great aid when one understanding that a Chinese dollar has a greater subsistence value to the Chinese family than the American dollar has to the American family."

CRIME COST

(Continued from Page One)

000,000 more is contributed for crime insurance.

In addition, indirect costs estimated to run into the hundreds of millions were noted, even where actual figures were unavailable.

Figures Fragmentary

Goldthwaite H. Dorr and Sidney P. Simpson, of New York bar, who engineered the study for the commission, asserted these figures were but fragmentary.

It was pointed out that the limitations of time and funds had balked even an estimate upon such huge levies as those extracted by organized bootlegging, extortion, racketeering, thefts of uninsured prosperity, fraudulent bankruptcies, bucketshops, and confidence games, ranging from the sale of "gold bricks" to fixing fights and races.

The 11 members of the commission made clear they did not advocate a reduction in the cost of crime through slicing the cost of law enforcement agencies. The commission asserted these costs were "of less economic importance than the losses inflicted by the criminal, so that it is much more important from an economic standpoint to increase the efficiency of the administration of criminal justice than to decrease its cost."

Study Urged

The commission recommended that "nation-wide thorough and scientific studies of racketeering and organized extortion should be made."

It also urged "the efficiency of police administration" be increased to a level "commensurate" with the expenditures made for this service; that economy be effected in penal treatment through the use of probation and parole; that more money be spent on prosecution; that steps be taken for the suitable

Dog His Only Companion On Tiny Boat

They're going to see the world—from a 25-foot whale-boat. Not even an auxiliary engine will William Lang of New York use on his projected globe-girdling cruise, and his only companion will be his dog, Rola. They're seen here in New York as they prepared to leave on their voyage. Lang will depend on a watch and compass to keep his course.

SOCIETY NEWS

(Continued From The Women's Page)

Bridge Club Meets In Afternoon Fete

Three tables were arranged for bridge Thursday afternoon when Mrs. V. R. Plummer was gracious hostess to the Ace Hi club in her home at 2119 14th street.

Norman in making high in the games were presented with dainty giftis.

A salad and ice course was served to the following guests: Mesdames C. A. Nowlin, Hugh Norman, Jack Griggs, Charles Files, Allan Webb, Dick Abbott, Lola Shuey, J. D. Shaw, E. Paul Carter, C. W. Ratliff, C. G. Farr and Bill Watson.

Chinese Missionary To Be Speaker

Gam Sing Quah, Chinese missionary, is to be the principal speaker at an all-day meeting at First Cumberland Presbyterian church Sunday.

The missionary received his education at Lebanon, Tenn., and after establishing a mission in San Francisco, Calif., returned to his native country to do work. He has been instrumental in establishing eight active mission points in South China.

Cumberland Presbyterian congregations over the district are invited to attend the local church Sunday, according to an announcement from Rev. O. N. Baucom, pastor.

Seven port-works projects in the Philippines were completed in the last year.

Coo Coo Bridge Club Attends Party

Mrs. and Mrs. O. A. Terry, 3507 21st street, were hosts to members of the Coo Coo Bridge club Thursday evening in their home.

High scores in the games went to Mrs. L. N. Thomas and E. L. Pitts.

Guests were Messrs. and Mesdames Pitts, Thomas, W. A. Sylvester, Vestel Lott and E. C. Henley.

Thrift Sewing Club Is Entertained

An afternoon was spent in needlework when members of the Thrift Sewing club met with Mrs. T. Teal in her home near Lubbock Thursday.

Guests were Mesdames J. H. Eubanks, O. V. Bagwell, George Eubanks, F. M. Edwards, H. D. Phillips, C. Covey, N. A. Wilson of Spur and Miss Bess Edwards.

Miss Edwards will entertain the club on September 3.

Betty L. Lindsey Has Party For Guest

Betty Lee Lindsey, daughter of Mr. and Mrs. Forrest L. Lindsey, 1918 22nd street, entertained Thursday evening as a compliment to Kathryn Price of Amarillo.

Table games were played during the evening and an ice course was served.

Guests were Miss Price, Chalones Whitacre, Coyette and Flossie McLarty, Catherine Dykes, Mildred Ashmore, Janet Wilson and Catherine Whitehead of Slaton.

CIGARET SALES

(Continued from Page One)

the glazed surface by applying methyl alcohol or methyl cellosolve to the outer wrap, before putting on the revenue stamp. Addresses of companies from which the chemicals could be obtained were furnished.

Stamp Must Stick

The state treasurer's department has announced that the stamps can be placed on the outer wrap if they stick properly. A Lubbock wholesaler several days ago said he expected to sandpaper packages.

Retailers and wholesalers must stamp the cigarets they have on hand. Thereafter, the first seller in the state is required to put on the stamps.

PERMITS ISSUED

D. S. Martin received a permit this morning at the city building inspector's office to erect a frame-and-stucco lunchroom at 1311 College avenue at a cost of $300.

Sinclair Refining company was authorized to install a gasoline storage tank at 2524 Avenue H at an

compensation of jurors and witnesses; and that encouragement be given waivers of trial by jury.

LINDBERGHS

(Continued from Page One)

they were being towed to Muroton bay, Shimusheru island, 15 miles southeast of Ketoi. A later message announced the arrival. Colonel Lindbergh said he would spend two or three hours working on the motor and then test it.

Incidentally the colonel, who never has said much about the perils of his famous solo flight New York to Paris in May, 1927, disclosed that his first night afloat in his plane in the treacherous currents off Ketoi was "the worst I have ever experienced."

Mrs. Lindbergh shared that experience with him. They remained throughout last Wednesday night in the cramped quarters of the plane, a few hundred feet from the rocky shores which doubtless would have ground their plane to pieces had it got within reach.

estimated cost of $5. The permits were the fourth and fifth of the week and increased expenditures represented by authorization of that period to $5,605. Fourteen authorizations this month totaled $23,505, and 111 this year $635,992.

MASONS MEET IN CONCLAVE HERE

A group of more than 90 Masons representing the eightieth, eighty-second, ninety-third, and 116th Masonic districts of the Texas Panhandle-Plains met at the Masonic hall here Thursday. Members of Yellowhouse lodge, A. F. & A. M., of Lubbock, were hosts.

Judge James W. McClendon, most worshipful grandmaster of the Texas A. F. & A. M. lodge, was the principal speaker. Judge McClendon is chief justice of the district No. 3 state court of civil appeals at Austin.

Other speakers included Judge Hiram F. Lively, past grandmaster, of Dallas, and Wilbur Keith, executive secretary of the Masonic Service association, of Dallas.

Twenty-five different lodges were represented at the meeting. District deputies, worshipful masters, and secretaries of the four districts met Thursday afternoon. Lubbock is in the ninety-third district.

Judge McClendon, Judge Lively, and Mr. Keith left for El Paso, expecting to visit Carlsbad caverns enroute to the border city.

Texan Sleeps In Car For Health

CHICAGO, Ills., Aug. 21 (AP)—Detective Pat O'Mally today awakened a man sleeping in a bed slung inside his parked car with a shotgun beside him. The man gave his name as B. M. Fugitt, Edna, Texas, and said he was sleeping out of doors under doctors' orders. He explained he carried the gun for protection. O'Mally let him go.

SOLO FLIGHT

(Continued from Page One)

ed three times, her flight being over the flying field. When an inspector for the aeronautics division of the United States department of commerce returns here in September, the Lubbock woman expects to undergo solo-flight and written examinations for a private pilot's license.

Three hours and 15 minutes is the record for the minimum amount of instruction received before soloing at the Lubbock airport. Two men were said to have flown alone after that much teaching above ground.

Miss Richter was in classes at Texas Technological college last fall. She has lived here four years. Three were passed on the staff of a local hospital. After serving as executive secretary of United Charities, she became district public health nurse. Her flying instruction was received principally on weekends after she had returned from conducting clinics and classes. She plays the piano, saxaphone, accordion, and banjo.

Twenty-five years old, she is a daughter of Mr. and Mrs. W. Richter of Moulton, where her father is postmaster. She is a graduate of Moulton High school, Lutheran college, a junior institution, at Seguin, and John Sealy hospital nurse's school at Galveston.

The plane in which Miss Richter soloed is a two-place, open Eagle Rock biplane.

Boy Scout Board Of Review Slated

Boy Scouts expecting to appear before the next court of honor for recognition in first aid or civics should report at headquarters at City hall at 7:30 o'clock Saturday night to go before a board of review.

D. T. Jennings, South Plains scout executive, who returned to his office Thursday from a vacation, made that announcement this morning. Second and first class and merit badge first aid will be reviewed Saturday night, he said.

The next court of honor will be next Friday night around a campfire at county park.

Health Discussion Is Slated Saturday

Following luncheon Saturday at the Hilton hotel, a roundtable discussion will be entered by district sanitarians, sanitary engineers, public health nurses, and attaches of the state health department.

Miss Evelyn Richter and James R. Curtis, nurse and sanitarian in this district, respectively, will be hosts.

Dr. D. C. Peterson, director of the state department's mobile unit; E. D. Hopkins, also of the mobile unit; H. E. Hargis of Lubbock and A. M. Erskine of Wichita Falls, sanitary engineers in districts No. 1 and No. 3, respectively, are expected to attend.

Youth Fined Here On Theft Charges

Taken into custody by a truck gardner, F. W. Crump, living three miles southeast of Lubbock, James Eudaley was fined $1 and $13.15 costs in Justice of the Peace H. K. Porter's court this morning for theft of green beans and corn. Eudaley was returned to city jail in lieu of the fine.

Officers said Crump brought Eudaley and a boy, also accused of stealing from the truck plot, to Lubbock last night. The bop appeared in juvenile court this morning and was paroled to his father by Judge E. L. Pitts. The delinquent's father resides in Lubbock.

Two eagles fashioned from Indiana limestone, each weighing 292,500 pounds, are to be placed at entrances of a Harrisburg, Pa., bridge.

FLASHES OF LIFE

* * *

As Brought Over Associated Press Wires Today

(By The Associated Press)

Dedicates Song

NEW YORK — The Bourbons of gangdom are soon to hear a new Marseillaise. George M. Cohan, who wrote "Over There" has dedicated his latest marching song to the war on gangsters.

Distrusts Women

LONDON—Nigs doesn't trust women. She was born on the Discovery, Scott's old ship, in the antarctic and has just had her first glimpse of civilized society. The first time she saw a woman she ran. Nigs is a black and white cat.

To Reverse Swim

NEW YORK—Trudy Ederle is thinking of putting the reverse English on the channel. She says if her plans materialize she will attempt to swim from England to France next year. In 1926 she swam from Cape Cris Nez, France, to Kingsdown, England, in 14 hours, 30 minutes. Its as easy one way as the other, she thinks.

Diamond Crisis

BRUSSELS — Americans are making their last year's diamonds do and woe has descended upon the diamond cutters. Isadore Lipshutz, president of the Antwerp Diamond Merchants union, says lack of American buyers has caused a crisis in the industry. In normal times 25,000 cutters are employed and half of the stones are bought by Americans.

Consider Badge

LONDON,—The borough of Holborn is considering a badge for its mace bearer so he won't be mistaken for a movie usher. Mace Bearer John Edwards was walking along a street in his uniform when a policeman accosted him. "The cinema business is looking up a bit, isn't it?" remarked the bobbie, Edwards put him right.

NEW LAWS

(Continued from Page One)

phur tax to 75 cents per ton; a cement tax of one and one-fourth cents per 10 pound; and an occupation tax on dealers in pistols.

To Aid School Fund

One-fourth of these taxes also will be placed in the school fund.

Among the bitterly contested laws that will become effective is one placing all trucks operated for hire under the jurisdiction of the railroad commission.

Enforcement of a companion law has been temporarily enjoined in the federal court. The enjoined law places limitations on the weight, width, length and height of trucks. The load is limited to 7,000 pounds.

Among other laws that will become effective at midnight tonight:

Authorizing judges to suspend for two years the driving rights of persons convicted of operating a motor vehicle while intoxicated.

Permitting assessment of suspended sentences on liquor law violators over 25 years old.

Giving incorporated cities and towns the right of local option on Sunday motion picture shows.

Setting up the state-county budget system; giving the governor continuing control over the state budget and requiring annual detailed reports of county finances by county officials to the comptroller.

Making it a felony to make, sell or throw stink bombs.

Control Limited

Limiting physical and mental endurance contests in public competition to 24 hours.

Absolving the driver of an automobile from damages for injury to non-paying passengers.

Allowing county jail prisoners to work out fines and costs.

Allowing waiver of a jury on pleas of guilty in less than capital cases.

Establishing the child welfare division in the state board of control.

Authorizing the addition of 50 members to the state highway patrol.

Setting a minimum wage of 30 cents per hour for laborers on state highway projects.

Limiting the fees of officers in felony cases to five against the same persons.

Giving cities the right to regulate the rates of public utilities.

Limiting the retention of excess fees by county officers.

Limiting the jurisdiction of the supreme court by reducing the number of causes for which writs of error may be applied.

Establishing the Texas centennial committee.

Establishing the Babcock test as the Texas standard for milk tests.

Authorizing counties to levy a tax on lands of the University of Texas.

Numerous laws affecting insurance companies and administration of the insurance laws.

IDENTITY UNKNOWN

BRYAN, Aug. 21 (AP).—Efforts to identify the body of a man found dead on the highway south of Millican yesterday have been unsuccessful. No papers were found in his clothing. He apparently fell from a truck and struck his head on the pavement.

TO TRY AGAIN

TOKYO, Aug. 21 (AP)—Seiji Yoshihara, the "Japanese Lindbergh" expects again to attempt a flight from Japan to the United States sometime in September, it was learned today.

JAPANESE MAN FEARED DEAD

BELIEVE IMPORTER TO HAVE BEEN THROWN INTO OCEAN

NEW YORK, Aug. 21 (AP)—Federal investigators have announced their conviction that Hisashi Fujimura, wealthy Japanese importer, who was missing when the liner Belgenland docked here last Friday morning, had been thrown into the sea.

They expressed confidence they will get clues as to who was responsible for the killing when the Belgenland returns today from another cruise.

To Question Crew

Members of the crew will be questioned and the radio operator will be ordered to produce his file of messages sent and received by the missing man.

Assistant District Attorney Lumbard announced he would question Jan Ribas, an artist, who made the cruise on the Belgenland to draw sketches of passengers.

Miss Mary Reissner, former show girl who was travelling as a guest of Fujimura, told officials that with a steward rapped on the importer's door as the ship neared New York she heard Ribas say Fujimura was missing.

The assistant district attorney said no suspicion was attached to the artist, however, since his business made it necessary for him to call on passengers in their staterooms and he may have discovered the absence of the importer when he received no reply to his knock on the door.

Goes To Grand Jury

The case will go to the grand jury Monday when Miss Reissner who accompanied Fujimura and his little daughter on the cruise to Halifax, will be questioned again.

Last night the young woman, once a chorus girl, spent six hours in the office of assistant United States Attorney Lumbard sobbing out her story.

She denied she had gone on the trip as governess for the child.

"We had a suite," she said, "he and his daughter had one room. I had an adjoining room. We quarreled the night he disappeared. He didn't want me to go to a party in the ship's salon."

OIL ACTIVITIES

(Continued from Page One)

the fields are opened again," he said. "We can't trust the oil men with it. They would hog one another."

Murray said when the Oklahoma City field was opened to production again he expected the state to be in position to enfosce proration rigidly.

CONTEST LOOMS

KILGORE, Aug. 21 (AP)—The troublesome mid-continent oil situation seemed to be settling into a contest today between militiamen of Oklahoma and Texas and the companies who control the area's crude prices.

Critics of the martial law regime in East Texas received a sharp answer from Brigadier General Jacob F. Wolters last night. Somewhat irked by reports the shutdown had caused a grave unemployment situation, General Wolters issued a manifesto in which he said an investigation by military authorities disclosed "little, if any, unemployment."

General Wolters' system of observing the gigantic field from the air and by patrolling cavalrymen resulted yesterday in the discovery of one well in the field of 1,600 still flowing. The man on location as well as his superior was arrested but both were released later on their own recognizance.

Immediate End Of Bloodshed Sought

NEW YORK, Aug. 21 (AP)—Dr. Fernando Ortiz, member of the delegation in the United States of the Cuban revolution junta, telephoned New York headquarters last night from Washington that Ambassador Harry F. Guggenheim had told the state department "an immediate end must be put to further bloodshed in Cuba."

Dr. Ortiz is understood to have given this information to Dr. Domingo Mendez Capote, chief of the delegation, and to have reported intense activity in the state department the past two days which he said had centered on the Cuban revolution.

"President Machado refused to turn to Havana from Santa Clara," Dr. Ortiz is said to have told Dr. Capote, "because he does not wish to meet the American ambassador who has been pressing him to end warfare and negotiate with revolutionary leaders."

Soviet engineers are "harnessing" the sun for manufacturing steam and electricity in a new plant in central Asia.

AMERICAN WOMAN TRAIL-BLAZER OFF FOR NEUROLOGIC CONGRESS AT BERNE

BY BESS FURMAN

WASHINGTON, Aug. 21 (AP)—Dr. Mary O'Malley, woman trail-blazer in the federal psychiatry field, is en route for Berne, Switzerland, to participate in the international neurologic congress.

From its deliberation she hopes to gain added insight on mental and nervous quirks, more advanced methods of treatment to help restore sick brains to normal usefulness.

Work Outstanding

Dr. O'Malley may have more to contribute than to learn, however. Since the World war, even the German physicians, once premiers in psychiatric research, have conceded leadership to that great institution belonging to the United States government, St. Elizabeth's hospital and Dr. O'Malley's work in St. Elizabeth's has been outstanding."

The hospital had been in operation for fifty years when Dr. O'Malley, already successful in state institutions, was added by Dr. Wm. A. White superintendent, to its staff in 1905, as its first woman physician. She now has entire supervision of its 1450 women patients, with a dozen women doctors working under her.

"The World war focused medical attention on neuro-psychiatric cases," Dr. O'Malley said. "I saw between 10,000 and 12,000 such cases come through this hospital as the soldiers came back from overseas. This was the only federal institution of the kind at the time, and we served as clearing house for all who later were sent to the various veterans hospitals as they were built in the states.

"In that experience we were able to prove the worth of the woman psychiatrist in caring for men as well as for women. Her mother instinct enables her to view and to help as children these adults who have, from mental stress, regressed to lower age levels. And I have seen a roomful of soldiers identify as mother a kindly woman physician."

Seventy-four women psychiatric social workers now help smooth the way for the ex-soldier patients in the veterans' hospitals.

Dr. O'Malley rejoices that physicians, who twenty-five years ago shook their heads hopelessly on discovery of any mental aberration, do so no longer, for from 25 to 35 per cent of such cases are recovered.

CHEER AMONG LEPERS

While a leper island in the Pacific may never be thought of as a tourist resort Molokai in the Hawaiian Islands just across the strait from Honolulu, is in a different class for when men think of Molokai today, they are apt to forget its lepers, and only recall Father Damien. Father Joseph and father Dutton the men who have given their lives to those outcasts, and no small interest still attaches to Robert Louis Stevenson on account of his famous letter defending Damien. The lepers live in comfortable homes on a peninsula quite apart from the rest of the island, and the atmosphere is cheerful with beautiful gardens, music and sport while the progress of cures is ever more and more hopeful.

YOUTH BURIED WEDNESDAY

SERVICES HELD FOR VICTIM OF GRAVEL, SAND AVALANCHE

SLATON, Aug. 21—(Special)—Last rites for Herman Bartlett, 18, who died under sand and gravel which slid over and buried him Wednesday afternoon, were conducted at 3:30 o'clock Thursday afternoon at the home of his parents, Mr. and Mrs. G. W. Bartlett, a mile and a half northeast of McClung. Burial was in a Slaton cemetery.

Several brothers and sisters survive the youth, in addition to his parents. Justice of the Peace E. H. Ward of Slaton late Wednesday ruled, after an investigation, that the death was accidental and caused by a sandslide.

Bartlett was working in a gravel pit at Johnston's ranch, about nine miles northeast of here, when the accident occurred. Immediate cause of his death possibly was suffocation, although the youth's body was broken badly. An unidentified workman in the pit was not injured.

Employment in the cotton industry of India has increased since the signing of provisional agreement.
