Tornadoes Meet Cubs In Last Home Game

Readers Taking Advantage of Bargain Rates

Although the special bargain rates on the Courier have been in effect little more than a week, many have already taken advantage of this opportunity to get all the worth while news of Dawson County and the trade territory for 25c a year, in Dawson and adjoining counties.

In connection with this subscription campaign, the Dawson County Courier is offering \$50.00 in cash awards for the best letter written and brought or mailed to the Courier office before December 5th, 1936. Also two weekly awards will be given for the best letters received each week. These letters are also eligible for the grand awards.

Rules for Entering Contest
All letters must begin with the words "I like the Dawson County Courier because..." and contain not more than 50 words in all. Use as few as is necessary.

Write only on one side of the paper, placing your name and address at the bottom of the page. Write as plainly as possible, paying special attention to neatness.

In the event of a tie declared by the judges, identical prizes will be awarded. All letters must be in the Courier office on or before December 5, 1936, the closing date of the contest.

WINNING WEEKLY LETTERS

First Prize
"I like the Dawson County Courier because of its excellence in rendering service so masterly to its entire territory. Its chief purpose is to aid prosperity."
It is well edited, it is clean, educational, and enjoyable reading for the entire family, giving the best of news."

W. I. Liles, Loop, Texas.

Second Choice This Week
"I like the Dawson County Courier because: It gives all the news for miles around, of all the happenings of county and town; it saves us money in many ways, to read the ads of bargain days; and if we'll subscribe before it is too late, it will save us money on the bargain rate."

Mrs. M. L. Cox, Star Route 2, Lamesa, Texas.

Brownfield High School's football team, the Cubs, come here for a conference game on Friday night. The Cubs have been looking forward to this game for about a year and have been pointing toward it since the season opened. They have made creditable showings in all games this year, beating Levelland's best at home with no injuries and won 8 to 0, and made two touchdowns against the strong Littlefield team at Littlefield. The Cubs have stressed defense in their training. Their coach is strong for tackling hard and fast and doing the blocking job up brown and his players are reported to have taken the instruction to heart. Only two teams now stand in the way of Brownfield's claim to the championship and one of these is Lamesa.

During the football relationship of the two teams Brownfield has been victorious several times and on alternate years with the Golden Tornadoes. The locals were victorious last season and are called upon to break the jinx this season by winning two in a row from the hardy visitors to remain in the undefeated column of championship play. Supt. Baze and Coach Bosst of the Brownfield school were interested spectators at the Lamesa game with Levelland along with the Brownfield backfield members. Acquaintances were informed that next Friday night's game would find Lamesa with stiffer opposition.

Many local fans will remember when Brownfield defeated a strong looking Lamesa team forty to nary a one in 1930 and many remember a game ending 7 for Brownfield to 4 for Lamesa in a later game and no one remembers when Brownfield did not put up a hard game for the locals.

The players and coaches have put in a strenuous training period to be ready for the Friday game. The band has been practicing new music and the pep squad is working daily with new drills that the occasion may be properly represented by Lamesa pupils and now the Lamesa citizens are urged to attend the game to lend their voices toward victory. It is reported that Brownfield's band, pep squad and hundreds of citizens will accompany the Cubs to Lamesa Friday.

Champion Steers Sold At Auction

Climaxing the exhibition of the live stock by the 4-H club boys of the county at the Fair, four of the prize winners were auctioned off before the Needles sound truck on the grounds Saturday afternoon.

H. H. Barron, well known Lamesa auctioneer, was in charge of the sale. Due to the fact that Saturday was a very busy day in Lamesa, buyers could not leave their places of business to attend the sale and competition was not what it should have been on an occasion of this time. However, Dan Davis, of the Davis Food Store, took time off to attend, as well as Olen Earnest and Lee Billingsley, and the bidding was spirited for the small number of bidders.

The Grand Champion, owned and shown by Sam Dalmont, Jr., was the first to be auctioned and Davis opened at 9c. Quickly bids of 9 1-4, 9 1-2, and 10c, then 11c by Davis. And while Barron was holding the bid for 12c, Davis deliberately raised his own bid to the 12 cents to show appreciation to the club boys for their efforts to raise a better brand of baby beaves in Dawson county. This kind of public spiritness is to be commended and as long as Lamesa has men who will stand behind these boys, you may rest assured that the boys of Dawson county will do worthwhile things.

The second steer sold was owned by young Van Green and after several bids was bought by Davis for 11c.

The third steer was another of Sam Dalmont's and was bought by Lee Billingsley after spirited bidding for 10 1/2c. And the fourth and last to be sold was one of Van Greens, which was bid in by Olen Earnest for Earnest Motor Parts Company for 10 1/2c. John Cason of Cason's Cafe then purchased this calf from Earnest's Motor Parts Co. These buyers are to be praised for paying these boys a premium price for their efforts.

GIN EMPLOYEE INJURED MONDAY

The first gin accident to be reported in this territory this season, occurred Monday morning at Ackerly, R. D. Ingram, employee at one of the Ackerly gins was caught in a belt and received a crushed hip and other injuries. He was rushed to Lamesa and placed in a local hospital.

Mr. and Mrs. Wiley Cole of Hobbs, New Mexico spent the week end here.

Mrs. P. K. Tarbet Winner In Word Spelling Contest

Among the many lists of corrected misspelled words received at the Courier office the past week end Mrs. P. K. Tarbet was found to have the greatest number of the misspelled words and the correct spelling of same. A check for the award has been mailed to the winner.

This page of advertisements, containing several misspelled words was one of a series of four such pages which will appear in four consecutive issues of the Courier. Each week an award of \$2.00 will be given to the person sending in the first correct, or nearest correct list of words found to be misspelled on this page. If you are a good speller, turn to the ad on another page and see how many words you can find which are not spelled correctly. It will not take long to check them and you may get \$2 cash for your trouble.

The series of ads are sponsored by the following merchants: Scott's Tailors, Richardson's, Howards Shoe Shop, M. C. Lindsey & Son, Clark-McDonald, Lamesa Grocery, Tarlton's Beauty Shop, Edd's Grocery, Pierce's Toggery, Arnett Motor Company.

Remember, the first correct answer wins, so bring or send your answer to the Courier office as soon as possible, and not later than Saturday afternoon.

Relatives of Local People Killed In Car Wreck Sunday

Last rites were said in Merkel Monday for Mr. and Mrs. B. P. Middleton and their youngest daughter, Mrs. W. A. Whitley, jr., members of a prominent Merkel family who were killed in an automobile accident near Westbrook Sunday morning.

The accident occurred about 6 A. M. as the Middletons and their daughter with her husband and baby were enroute to Lamesa to visit a son B. P. Middleton, Jr., and Mrs. Middleton. The Middleton sedan and a seed truck driven by Elvis Newman, 28, of Lenora, crashed.

Newman and the Merke! trio died instantly. The baby was found crawling on the highway when the first car reached the scene. W. A. Whitley, Jr., 26, injured in the crash, was reported improving slowly in a Big Spring hospital where he was taken immediately after the accident. It is said he has a chance for recovery.

It is thought that a tire blew out on the truck, just before the cars met, as the truck had run over the car and a tire was found to be blown out on the truck after the accident. Persons who viewed the wreckage report it one of the most horrible accidents they had ever seen.

Lamesa people who attended the funeral in Merkel included Mr. and Mrs. Jennings Winters, Mr. and Mrs. W. H. Durstine, Mr. and Mrs. Tom Boyd and Mrs. M. R. Hall.

Senator Connally to Visit Lamesa

The following telegram was received by Hon. Carl Rountree from Senator Tom Connally, Monday:

"Hon. Carl Rountree: Letter received. Shall leave train at Big Spring Monday morning and glad to go with your party to Hobbs, New Mexico, in accordance with any plans you may make. Tom Connally."

Democratic leaders of Lamesa are planning on meeting the Junior Senator from Texas at Big Spring Monday morning and accompanying him to Lamesa where a special luncheon is to be given at the Williams Hotel at noon in his honor. It is suggested that since there will only be a limited number of plates available, that anyone wanting to attend the luncheon should see one of the committee in charge and make reservations at once.

It is probable that there will be a gathering on the court house lawn about three-thirty, when the Lamesa high school band will play a few numbers and the Senator will meet those who wish to see him. Although the plans are not definitely settled upon, it is hoped to have a large caravan of cars accompany the Senator on the trip to Hobbs to hear him speak there Monday evening. The Lamesa band will go and a stop is to be made in Seminole where a short program will be given. Hobbs boosters have signified that they intend to send a delegation to meet Senator Connally and his Lamesa escort.

Sound Truck Lent to Fair Association

The Dawson County Fair Association and the visitors at this celebration are indebted to Mr. B. E. Needles of Lubbock for the services of his large sound truck and its crew which were sent to Lamesa for the three days of the Fair at no expense whatever to the Fair Association or 4-H club sponsors.

In addition to furnishing the truck as an amplifier to advertise and make announcements, the personnel of the Needles advertising department under the supervision of Mr. C. H. Hutto took complete charge of the amateur contest which was one of the features of the Fair, and was an important factor in the success of this contest.

The genial Mr. Hutto made many friends here who will welcome him in Lamesa any time he wishes to return. Lamesa amateurs made a hit with him also and he asked the Courier to express his sincere appreciation of the fine talented performers listed. "It is my hope that they will continue to study seriously, and that we will have the pleasure of hearing of great things being done by them in the entertainment world." He added, "There are lots of good people in the world and Dawson county has a generous share."

LAMESANS EMPLOYED IN STATE CAPITOL

Austin, Oct. 22.—Dixie Kilgore, Jr., Lamesa, second year pre-law student in the University of Texas, has been acting as secretary to Representative J. Doyle Settle during his spare time. Kilgore is a son of Dixie Kilgore, former Dawson County Judge.

Another Lamesan now employed in Austin is Mrs. Naomi Moore, who is Austin Representative of the Lubbock National Bank.

Lamesa Takes Levelland Into Camp by 25-0 Score

Playing in their old time form the Lamesa Golden Tornadoes made it known that they were to be reckoned with in the conference race, Friday night, when they gave the Lobos from Levelland the small end of a 25-0 score.

After Levelland had kicked off to begin the game, an exchange of punts gave the Lobos the ball on their 35 yard line. Four plays failed to make a first and Lamesa gained the ball in Levelland territory. Two plays made it first down, but they were forced to kick following a five yard penalty. Levelland also was forced to kick to the 42 yard line where Bridgeman and Jones started a march to the goal. Bridgeman made 9 yards, Jones 10, and then 4 more. Bridgeman picked up one and Jones found a hole and went over for the first touchdown. Finley's kick was blocked and the score was 6 to 0.

Lamesa kicked to the Levelland and they returned to their 32. They gained 2 yards on a fake punt formation as the whistle blew for the first quarter. Failing to gain when the second quarter opened, the Lobos kicked to Lamesa on her 20 yard stripe. The Kick was returned 15 yards. Three plays gained first down. Then after Bridgeman had gained 5, Lamesa was penalized 15, making it first and 25 to go. Jones came through with a 20 yard gain. Allison picked up 4 and Bridgeman made the necessary yardage for first down. Allison then made another first down in 2 plays. Another first on plays was followed by a 15 yard pass which put the ball in scoring distance but a fumble on the next play gave the ball to the Lobos. After 3 plays failed to gain they kicked out to their 42 yard stripe. Lamesa lost the ball when Bridgeman was rushed on an attempted pun, but the Lobo kicker got off a bad punt out of bounds for only 12 yards, giving Lamesa the ball in midfield. A Lamesa punt over the goal line was brought back on account of an offside, and the half ended as Jones made a 35 yard run to put the ball in scoring position.

Lamesa kicked off to start the second half and the Lobos returned with a punt to the Lamesa 28 yard line. There Lamesa started a march down the field with Bridgeman, Jones, Allison and Easterwood taking the ball to the goal line where Jones went over for the second time. The try for extra point from placement failed. Score 12-0. Following the kickoff by Lamesa, the Lobos made their first 1st downs, but lost the ball when Allison intercepted a pass on the next play. After making a first, an exchange of punts gave Lamesa the ball on Levelland's 35 yard line and in a series of plunges the Tornadoes carried the ball to scoring position and Easterwood went over for the third touchdown just after the beginning of the fourth quarter. Try for extra point failed. Score 18 to 0.

During the fourth quarter, Coach McCollum, with the game apparently tucked away, began making substitutions and giving the boys a chance to show their ability. And one of them took advantage of the opportunity. Hog, playing his first time, gave a real exhibition when he snagged a 20 yard pass from Bridgeman, and dodging the Lobo safety, outran him for the remaining 40 yards necessary to cross the goal line for the fourth and last touchdown of the game. Steele kicked the goal to give the Tornadoes their 25th point. The remainder of the game was an uneventful succession of punts and small gains through the line with no change in the final score.

Postal Receipts Soar to New High

Monday was recorded as the largest day in the history of the Lamesa post office, according to Postmaster Owen Taylor. Not only were the cash receipts the highest, but the number of pieces of mail ran into the thousands. Over 7,500 letters were dispatched from Lamesa during the day and the incoming mail was about as large in volume.

It looks like the selection of a post office site, which was reported through the Associated Press last Sunday, as definitely made, is not too early and probably the plans for the building should be enlarged some if business continues as it has been this month.

The report gave the site for the new Federal building as the corner of Houston and North First which is the property of Mrs. Skinner.

Well, folks, the Dawson County Fair closed last Saturday night after entertaining 15,000 people in the three day period—the most successful Fair ever held in Dawson county! If you failed to attend you missed a treat. Many Doubting Thomases smile a little when they read our headlines of September 17, which promises the best Fair in the history of the county, but now they give us credit with being a prophet instead of a bologna peddler. Although the organization of the Fair Association was not complete until a few weeks ago and exhibits in some departments were limited to the membership of the 4-H clubs, the exhibits as a whole were creditable and well displayed. The booths of the Lamesa merchants were attractive and interesting.

The amusement feature of the Fair was supplied by the Western States Shows which was perhaps the largest troupe to ever play this city. Many favorable comments were heard in regard to the type of entertainment offered. The regular nightly free acts were enjoyed and the feature cellophane wedding which took place on the midway Friday night attracted a crowd of approximately 5,000.

The entertainment feature of the Fair was the amateur contest which took place from the Needles sound truck in front of the exhibition tents, and in which local talent entered. The cotton gins of the county, the Lamesa Compress and the Dawson County Cotton Oil company donated the cash for the prizes in this contest which closed Saturday night with a final elimination contest which was enjoyed by a crowd which taxed the capacity of Fair grounds.

The splendid cooperation of the citizens of Lamesa and Dawson county with the 4-H club organizations and county extension agents made it possible for this celebration to be put on successfully both from a civic and a financial standpoint. The Fair Association is to be commended on the job. But to the County Agent Joe Williams and his very able assistant, Joe Matthews, and Miss Mattie Phenix, Dawson county home demonstration agent is due a large part of the credit of this year's Fair. Their untiring efforts and persistent determination to perform their task satisfactorily is worthy of praise from every Lamesa citizen who is interested in the progress of our county. And we would be the last to stint in our thanks to these boys and their valuable helpers, the members of the Fair Association.

Winners in the community booth exhibits were Ballard, 1st; McCarty, 2nd; Wilson, 3rd; and Klondike, Lamesa, Grandview and Bartlett.

A complete financial statement of Fair Association receipts and expenditures will be published in the Dawson County Courier next week.

NELSON WILL HELP DRAFT NEW LAW

Austin, Oct. 22.—Senator G. H. Nelson, 30th Senatorial District, was this week appointed a member of the important free conference committee by Lieutenant Governor Walter Woodul to write an unemployment insurance bill. Similar bills have passed the House and the Senate, and no trouble is expected in drafting a bill which will be agreeable to both.

Importance of the new legislation, recommended by the Federal government, is seen in the fact that 558,000 Texas workers will be affected as a result of its enactment.

TEXAS STATE COLLEGE
WOMEN (CIA)

Denton, Oct. 26.—Some of the most effectively decorative dinner and dance dresses are fashioned of net. By all votes of the masculine dancing partners, it is the big time favorite and inspired designers are using it with telling results. Young fashionables wear net and gloat over the fact that these filmy airy frocks are distractions for any appreciative stag line.

We scouted the shops and found some new arrivals that are just in time for all the parties on the winter schedule. A royal blue net has bands of grosgrain ribbon going around and around the skirt and the short sleeved bodice top. The high neckline is devastatingly demure and the bodice features with tiny pearl buttons. The whole thing billows over a clinging slip of blue.

A gun metal gray net is a knockout with baby ribbon width bands of gun metal gray velvet racing around the skirt and around the ruffle edging the drop shoulders. This dress has a gray velvet sash and the slip is taffeta of the same gun metal gray.

Girls at Texas State College for Women (CIA) are partial to a snare brown net trimmed with matching brown velvet ribbons on the full gathered skirt. All kinds of utter lovely filmy black nets are dramatized with black velvet and are just as easy to buy and wear as the colored creations. Don't overlook net among the coming attractions for appealingly feminine and picturesque party clothes. Although gleaming metallics, slinky dark toned velvets, and stiff taffetas fashion the season's most spectacular creations, your best buy for an all-round party dress is net.

DARE-DEVILS TO RISK DEATH AT CENTENNIAL SATURDAY

Dallas, Oct. 23.—An airplane dive into the roof of a house with the plane's motor wide open and its pilot strapped into the cockpit will climax a program of death-defying stunts Saturday, Oct. 25, at the Texas Centennial Exposition.

Captain F. F. Prakes, former test pilot for the Curtiss-Wright Airplane Company, will pilot the plane. This will be only one of 10 hazardous acts presented by the Prakes-DeLuca dare devil troupe who form the Thrill Show in the Cotton Bowl of the \$25,000,000 World's Fair.

Miss Jean DeLuca, 21-year-old speed demon, will drive a regular stock car over 90 sticks of dynamite, depending on her uncanny ability to escape from a wrecked car to get away quick enough after the explosion to save her life.

Then Miss DeLuca will attempt to break her own world's record for an automobile hurdle at a speed of a mile a minute. She jumped a car 51 feet from the ramp last May at Louisville, Kentucky, to set a new women's record.

Two of the hell drivers will play automobile polo. A ball five feet in diameter will be placed in the center of the bowl and the drivers will attempt to push it between goal posts with the bumpers of their cars.

For five years this team of barn stormers and hell drivers has been risking death to thrill audiences in the largest cities and fairs of the country. Newsreel cameramen follow the show around to keep a living record of the team whose motto is thrills without regard to death or danger.

TECH HOMECOMING IS DIFFERENT FROM THAT OF OTHER COLLEGES

Lubbock, Oct. 20.—Homecoming at Texas Technological College is not a convention of middle-aged persons graduated before the World War, so features of the eleventh annual celebration must appeal to alumni and ex-students hardly distinguishable from present collegians.

Returning exes will participate in a radio broadcast, a lively pep rally and fireworks display, swingy collegiate dances, and a two-day social whirl that only youth can withstand. The Reader-Gent gridiron classic Saturday night promises to be just that type of football that can produce a thrill a minute.

Alumni association officials have mailed invitations to more than two thousand graduates and ex-students, and student body officers have com-

Phill-up with Phillips for Greater Mileage

To dramatize the differences in weather which may affect your motor, the cities on the map above have been purposely misplaced.

Of course you know that the very same gasoline which gives the rapid-fire pep in torrid Mexico would be a sputtering dud in frigid Alaska.

But do you know that average U. S. cities: such as St. Louis, Des Moines, Oklahoma City, Chicago, and Minneapolis; all have seasonal differences in climate as great as the variation between Alaska and Mexico?

That is exactly why Phillips 66 Poly Gas is 100% custom-tailored... made differently for the different seasons of the year... matched and re-matched every month to the specific weather in each city in which Phillips 66 Poly Gas is sold.

This protects your engine against changes in climate. Keeps it running at top efficiency no matter what the thermometer reads. Makes it lively, responsive, and economical all year round. Gives you more cool power in summer and faster starting in winter.

To discover today's greatest gasoline value, try just one tankful of the new Phillips 66 Poly Gas. You will actually feel the difference—and you will save money, too, because it costs no more than ordinary gasoline.

COTTON FOR ROADS USED ON 578 MILES OF 1936 PROJECTS

College Station, Oct. 20.—About 8,500 bales of cotton were used in highway construction during the summer of 1936, according to a report from the Department of Agriculture. This cotton was evenly divided between two projects, under the commodity diversion programs of the AAA, which involves the use of fabric binders for bituminous-surfaced roads and mats for curing concrete.

More than six million square yards of cotton, close to four thousand bales, were used by 24 states in the fabric reinforcement program, enough for building 578 miles of new road. The rest of the cotton was utilized in the construction of 89,500 mats for concrete curing in 23 states. Both materials were made available to state highway departments by the Government, subject to performance reports.

The fabric is designed to reinforce secondary, or farm-to-market roads, where heavy trucking and severe climatic conditions have run up an immense seasonal repair bill. Comparative sections were laid with three types of mats and without fabric on each project to determine costs, and early reports on this season's work justify the findings of preliminary tests.

The mat project was developed on the basis of tests made by the Bureau of Public Roads and the Highway Departments of Texas and Pennsylvania. Mats or pads simplify the curing problem by assuring proper moisture and temperature conditions. The mats are made from a single-ply layer or bat of low grade cotton or cotton waste quilted between cotton cloth covers. Such mats retain moisture for a number of hours and are durable, easily handled, and capable of repeated use. In regions where water is scarce, their moisture retaining qualities constitute a distinct advantage. Where excessively high temperatures or freezing are problems their insulating qualities are important.

CARD OF THANKS

We are indeed thankful for the many expressions of love and sympathy accorded us during the illness, death and burial of our beloved companion and father. Especially are we indebted to the ones furnishing the company at nights, bringing the nice lunches to our home and the many floral offerings. Also to Dr. Price for his faithful watch and care with us.

Our troubles, heart breaking. When our friends rally round as do. We will lift our eyes to God in the sky. And try to carry through.

Western Pioneers Praised in Verse

In making the announcement of the spinning wheel contest last Saturday afternoon at the Dawson County Fair C. H. Hutto, in charge of the Needles Sound Truck said the thought came to him of the scientific progress that has been made since the days of the spinning wheel, and that too much credit could not be given to the old pioneers who wore the clothes which were made in that fashion who struggled and strove and through cooperation made this great country of ours.

With that thought in mind, he read the following poem, written by Mrs. Vernetta Hutto, his wife and dedicated it to the old timers of Dawson county:

Old Settlers of the West
Another year has come and gone
Time for old friends to meet again,
Friends who try as the years roll on
To share each joy and pain.

We see their eyes misty with memory
Of trials and struggles through the years.
They talk of hardships that used to be
Of hard work, discouragement and tears.

But there were happy moments, too.
"Remember the time," they'll say,
Then swap a yarn or two with you
And laugh about their early days.

As greetings pass from friends to friend
A question from each heart is wrung
"Why did this one not attend—
Where is such and such a one?"

We've missed another silvery head,
One by one they go to rest.
Their work well done, their burden shed
They leave to us the glorious West.

Brave, hardy folks—the pioneers,
Give those dear souls their due.
Without their grit, we'd not be here,
Enjoying these plains beneath the blue.

This Western land, these happy homes
Mean more to us than statues tall,
This great achievement stands alone,
The finest Monument of all.

B. T. U. TO HAVE HALLOWEEN SOCIAL

B. T. U. TO PRESENT FAKE BROADCAST NOV. 1ST

The Senior B. T. U. of the First Baptist church will present a fake broadcast in the union on Sunday, November 1st. A microphone, loud speakers and a former KPYO announcer have been obtained.

A special musical arrangement will

be presented by Miss Edna Merrick and Mrs. W. J. Beckham and their accordions. All young people of senior age will miss something if they miss the big broadcast.

Captain J. H. Garrett, district chaplain of the Lubbock district and M. L. Moore, district education adviser of the Lubbock district were visitors in the local COC camp Tuesday evening. Captain Garrett showed several reels of educational pictures while here. This was Captain Garrett's last visit to the local camp as he has resigned and accepted a position as educational director of the First Baptist church at El Paso. He assumes his new duties the first of November.

LIBRARY NOTES

After the church and school the free public library is the most effective influence for good in America—Theodore Roosevelt.

The opening of a free public library is the most important event in any town.—William McKinley.

A library is not a luxury but one of the necessities of life.—Henry Ward Beecher.

An indispensable community institution—the public library.—Mary Sherman, president of General Federation of Women's Clubs.

A community without a library is a community whose soul is asleep.

Code of the West and Hashknife Outfit productions of Zane Grey, have been ordered and to be paid for from the penny appreciation fund.

A drive will begin in November during which the board hopes to secure 500 books and 100 dollars cash donation. If this goal is reached it will greatly encourage the project department to continue the present setup.

Let's work together to keep the library open.

Mr. and Mrs. Cecil Dement visited relatives at Salina, Texas last week.

Mr. and Mrs. W. B. Collins and his brother, Wade Collins and wife of Brownfield left Tuesday morning for Dallas to attend the Texas Centennial.

SPARENBERG
Lottie Parchman, Corres.

Rev. Cook filled his regular appointment at the Methodist church Sunday. Mr. and Mrs. Rainey and Mr. and Mrs. Hull of Big Spring visited in the home of Mr. and Mrs. Hull Sunday. Lillard Payne has returned home after being in Mexico for several months. Three of Mr. and Mrs. McClures' daughters are here visiting them. Miss Cleo Smart spent the week end in Lamesa with friends. Mr. and Mrs. Emmett Crow and children of Stanton, Mrs. Annie Crow and daughters, Mr. and Mrs. Mason Napier and children, J. T. Davis, all of Lamesa, spent Sunday in the home of T. M. Crow and family. Several from here attended the fair and carnival in Lamesa last week. Roy Hunt and family of Ballard visited Mr. and Mrs. Moulton Sunday. Mr. and Mrs. Burdine and children, Mr. and Mrs. Broom and children and Mr. and Mrs. Mould and children attended church in Lamesa Sunday morning. Roy McKinney has accepted a posi-

tion at the Lamesa post office.

Mrs. Alvie Turner went to Tahoka Thursday to be at the bedside of her mother. She returned home Monday.

There will be a fourth quarterly conference held at the Methodist church Sunday afternoon at three o'clock.

There will be a Hallowe'en program and pie supper at the school house Friday night. As you enter the door you pay 1c each for the size shoe you wear so if you wear a size seven shoe, you will pay fourteen cents to see the program. All women are invited to come and bring a pie. The proceeds will go to the Methodist church.

Rev. Cook made a trip to Abilene last Tuesday.

Alvie Turner made a business trip to Big Spring last Friday.

An airplane flew around over town three mornings and finally lit for a short time.

Dan Slough and Miss Thacker Huse were married Thursday night at the Lutheran church. Relatives and a few friends were present. Their many friends wish for them a long and happy married life.

Transfer Funds to Pay Old Age Assistance

Austin — As state money in the Texas Pension fund neared exhaustion, the entire picture was changed this week by the Legislature's enabling act authorizing transfer of the \$475,450 permanent fund to that available for paying assistance. Orville S. Carpenter, executive director of the Old Age Assistance Commission, explained this week.

The commission sent out 83,270 October checks (\$1,301,787) Tuesday and then Friday mailed 2,000 more warrants (\$28,844) bringing the total number of October recipients to 85,270.

This transfer will enable the addition of more names to the rolls during October. Funds transferred will not be sufficient for the State's share of the November payments, Carpenter explained.

Churches

LAMESA CIRCUIT NOTES

Our Quarterly Conference held at many places was a success. Good headway was made toward a full financial report at our annual conference to be held at Houston on November 4. There the five Methodist conferences of the Southern Church and the one conference of the Northern church will assemble to celebrate one hundred years of work in Texas. This will perhaps be the largest gathering of Methodism in the history of the world. Therefore we are all anxious for our reports to be in keeping with the occasion.

Next Sunday has been set as PAY UP SUNDAY for all churches of the charge. If the membership as a whole will cooperate with the faithful stewards practically all of our financial obligations for the year will be cared for by Sunday night.

The pastor will preach at McCarty Sunday at both the morning and evening hours. This will be our last service there for this conference year. May it be the best day we have had together this year. Everybody in the community is invited to be with us.

J. A. Wheeler, P. A.

METHODIST NOTES WELCH CIRCUIT

Had a good day at Hancock Sunday. Being our last day there for the conference year made it a little sad but I think it did us good to consider the serious side for a while.

The loss by death of the chairman of Board of Stewards, Brother G. F. Ward has been a handicap for the financial closing. He had it well in hand before taking sick and nothing but a full report would have satisfied him. Others have been appointed to assist in the closing drive. Let's do it in honor of G. F. Ward and the Lord Jesus Christ.

Next Sunday will be our last day at Welch. Come and give us a chance to make up for past failures. The Stewards have assured us a full report from Welch. We are thankful for this assurance, but we want every one to have a part. It will do you good to help. If we don't get to come back for another year we shall always remember your kindness to us.

Saturday, October 31st at Munger the fourth quarterly conference will be held. Brother Pierce will preach at the eleven o'clock hour and hold the quarterly conference at a convenient

time. We are expected to have dinner on the grounds.

He will also preach at Welch that night at seven o'clock. Don't forget it. You will hear more from us next week. Rev. J. G. Walker, P. C.

Club News

KLONDIKE HOME DEMONSTRATION CLUB

A farm home maker is a person living in the open country or in a town or village of less than twenty-five hundred population and having a home environment that will permit productive activities required for demonstration work, said Mrs. Clyde Edmonds and cooperators in home demonstration club women on October 13th.

Mrs. Edmondson went on to say that the officers and voting members of the council must be demonstrators and cooperators.

If a club elects its president or council delegate from club members who are not demonstrators or cooperators these cannot represent the club in council. They may attend the meetings of the council but they can not vote or make a motion.

We must be thinking about new officers to be elected soon. Our next meeting will be October 27 at the home of Mrs. Gervaise Medford.

CLUB REPORTERS HAVE REGULAR MEETING

"I can tell a difference in the club reports since you have been having the reporters monthly meeting," said Mrs. Gowen to the reporters in their meeting Saturday, October 10th in the office of Miss Phenix.

"My reports are more interesting and better written," said Mrs. Sid Stanfield of the Shumake club.

"The reporters meetings have helped me to be a better English student," said Miss Marie Duff of the Klondike 4-H club.

I could quote a lot of other interesting facts stated by the club reporters. All members are very anxious to learn all they can about reporting. It is possible that we shall have a real news reporter with us in our next meeting which will be November 14th. We would like for all club reporters to be present. —Mrs. G. F. Thorp, chairman of the club reporters.

Miss Opal McNew spent the week end in Patricia with her parents.

NOVEMBER DESIGNATED AS B. T. U. ENLISTMENT MONTH

The month of November has been designated in the First Baptist church as "B. T. U. Enlistment". There will be special emphasis each week during the campaign. The first Sunday, November 1st, will be **FIRST NIGHTER**; second Sunday, November 8, **ENLISTMENT NIGHT**; third Sunday, **FILL UP NIGHT**; fourth Sunday, **FAMILY NIGHT**. The theme for the fourth Sunday will be "The B. T. U. an organization for every member of the family". Fifth Sunday, B. T. U. NIGHT, the theme will be "The B. T. U. Building a Church". The B. T. U. will have charge of all the evening services on the last Sunday in November, at which time a play is to be given.

During the campaign a specified number of Forward Marks will be issued to the department for certain activities. Dr. Enlistment will take his place in the B. T. U. during the month and will be the Efficiency Expert.

The aim of this special campaign is to double the B. T. U. attendance.

Mrs. W. I. Aaron of Dallas and Mrs. J. E. Oquin left Sunday for a two weeks vacation in El Paso and Ruidoso.

Presenting the phenomenal facts about GULFPRIDE

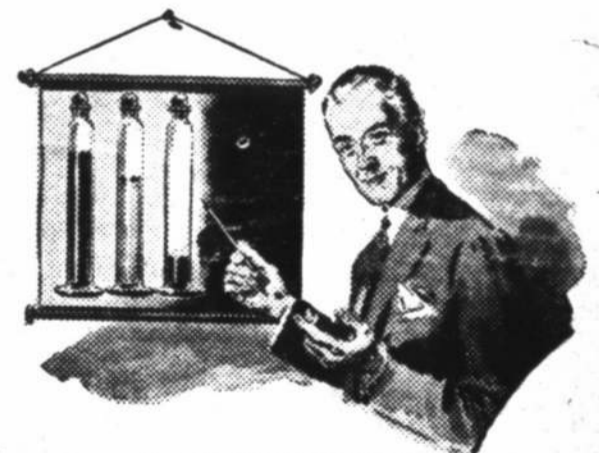

THE WORLD'S FINEST MOTOR OIL

THE facts on this page sound hard to believe. But here is the reason why GULFPRIDE—and only GULFPRIDE—can accomplish such results . . .

Gulf begins with selected Pennsylvania crude, refines it to a motor oil that equals the best—then further refines it by the exclusive Alchlor process.

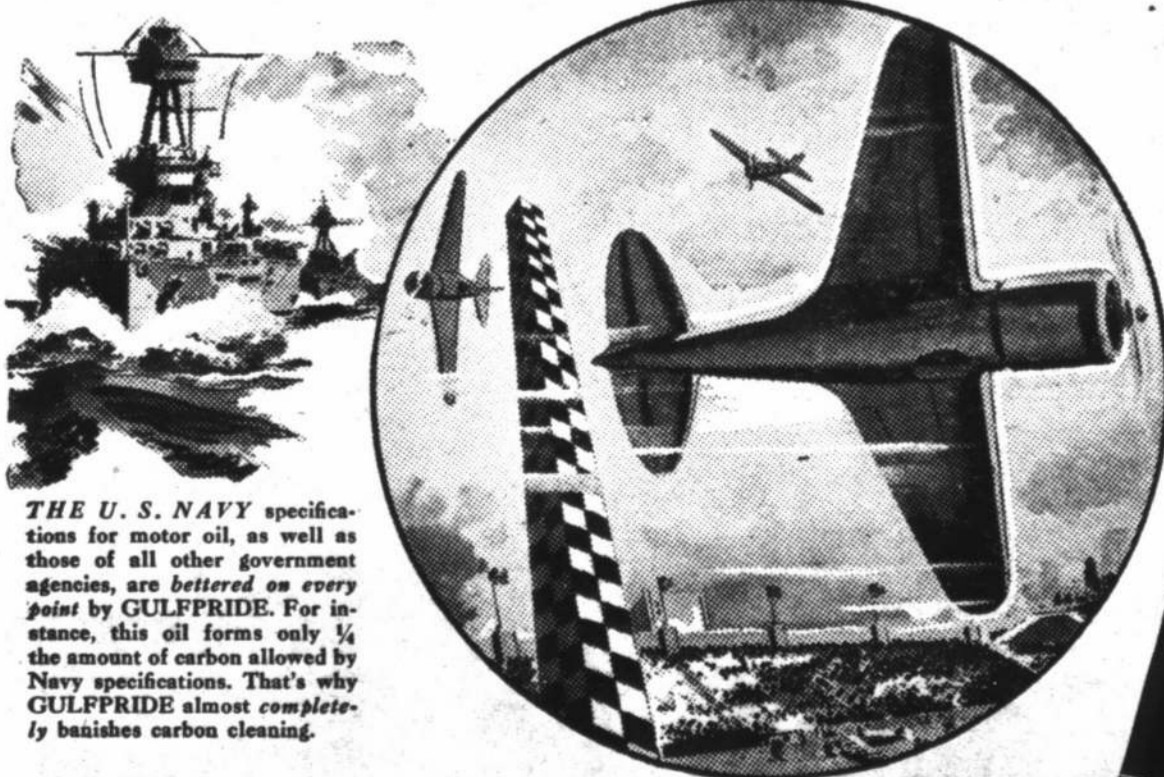

Only GULFPRIDE is made by this process—result of 15 years' research—the same scientific research that has made every Gulf product a leader.

Read the facts below. Then drain your dirty summer-worn oil and refill with GULFPRIDE now. At all Gulf dealers.

AN AMAZING TEST. Bottle No. 1 shows a mixture of 6 famous Pennsylvania motor oils. Bottle No. 2 shows them after being put through Gulf's Alchlor process. Bottle No. 3 shows the 20% waste removed from these already highly-refined oils by Gulf's Alchlor process. This process starts where others stop! That's why GULFPRIDE is the world's finest motor oil.

TOPS IN THE AIR—8 out of the 11 winners in last year's National Air Races used GULFPRIDE OIL, the identical oil you can buy for your car at any Gulf dealer. This "aviator's oil" will take you farther before you need to add a quart than any oil you ever used!

THE U. S. NAVY specifications for motor oil, as well as those of all other government agencies, are bettered on every point by GULFPRIDE. For instance, this oil forms only 1/4 the amount of carbon allowed by Navy specifications. That's why GULFPRIDE almost completely banishes carbon cleaning.

Frith, chairman of the Visitation committee, with Mrs. Frith and

about ten singers visited Mr. and Mrs. Carl Johnson and baby daughter. Mr. and Mrs. Johnson have recently moved to the McCarty community. The other visit was in the Syd Coffman home. Billie Jo Cowan, who has been dismissed from a Lubbock hospital after several days treatment, is visiting her sister, Mrs. Ben Dopson. She had resumed her work in Littlefield, but had not recovered sufficiently from her recent illness to be able to continue. Pearlina and Claudine Hackleman underwent tonsil operations last week. Mr. and Mrs. John Dudley have moved to the community from Lamesa. Mrs. Mary Edwards of Big Spring visited her sisters, Mrs. Will Edgmon and Mrs. Matt Hughes last week. Webb Weaver went to Trent Saturday to visit his wife and son. A. R. Rials and daughter, Elizabeth, and Mrs. Harvey Rials, were in Lubbock Friday. M. C. Dobbs of Hamlin, a former resident of this community, is here hauling cotton for Oscar McLendon. Mrs. John H. Williams and daughter have returned to Abilene after a two weeks visit with Mr. and Mrs. W. T. Williams. L. G. Ross of Rogers, N. M., was a business visitor in this community last week. Mr. and Mrs. T. F. Lisenbee of Cisco and Mr. and Mrs. H. D. Gavin of Big Spring have been visiting Mr. and Mrs. W. F. Lisenbee and other relatives. Leonard Boone of San Antonio is visiting in the Dee Petree home. Mr. and Mrs. Sam Hodge and Adrian Simpson visited in Wink last week end with Mr. and Mrs. Curtis Hodge. Mr. and Mrs. Cleveland Johnson went to San Angelo Saturday to visit Mr. Johnson's parents and brother. Phillip and Marvin Nelson of McCarty were visitors here Sunday. Mrs. K. Stephens went to Lubbock and Big Spring Monday with her nephew A. H. Cocorran of Abilene. Mrs. E. W. Hancock and sons, E. W. Jr., Wayland and J. D., all of Houston, visited here last week in the homes of Jack Hancock, Will Edgmon, and Matt Hughes. Ellis White and Robert Woodruff of Wolfe City are visiting in the W. H. Frith home. Mrs. Jack Meares' father, Mr. Spencer of Gaines county is visiting here. Roy Hughes has moved here from New Home. He is employed at the gin at Arvana. Mr. and Mrs. Hassie Lisenbee visit-

ed here from New Home Sunday. Quata Jo McLendon visited in the Mutt Gilliam home in O. K. last week. STRAYED: From H. H. Barron farm one sorrel mare, roach mane, white streak down face, 4 yrs. old, wt. 1000 lbs. Please notify H. H. Barron. Itc

SHUMAKE
Winona Speck, corres.

The services at the Highway church were well attended Sunday. Among the visiting preachers were Brother Denning of Littlefield, Brother Rolan Powell of Littlefield and Brother Goodman of Big Spring. Mr. and Mrs. Carroll Grissom spent Sunday in Tahoka. Brother Denning of Littlefield spent Saturday night with Mr. and Mrs. R. I. Hill. Mr. and Mrs. J. W. A. Cox visited Mr. and Mrs. J. B. Speck a while Monday afternoon. Mrs. C. C. Houchin honored Mrs. Cecil Ferguson with a shower Wednesday. Many pretty and useful gifts were received. Kathleen Leamon spent Saturday night with Winona and Nona Grace Speck. Raymond Houchin returned home Tuesday from Lubbock. A large number of relatives and friends spent Sunday with Mr. and Mrs. Tom Holmes and family.

CHEVROLET FAVORS NEWSPAPER ADVERTISING

Detroit, Oct. 20.—Chevrolet's achievement of all-time sales records in 1936, under a policy which made newspapers the front line of the company's advertising offensive, has dictated continuance of that policy in 1937, and especially in the announcement of the forthcoming new models. This statement by C. P. Fiskin, advertising manager, was a feature of an all-day party which Chevrolet held for 300 newspapermen this week. "The 1937 models are the finest Chevrolet has ever built," said Mr. Fiskin. "And the advertising behind them measures up to the product itself. Last year and for several years back, we have relied primarily upon newspaper space to get our message across to the public. In light of the amazing sales achievements of 1936, it is hardly necessary to justify to you our intention of adhering to that policy this year. The newspaper will be the foundation of our advertising effort."

MORE COUNTIES EXCEED CAMPAIGN FUND QUOTA

Austin, Oct. 20.—Four more Texas

counties this week exceeded their quotas in contributions to the Democratic National Campaign Fund, State headquarters here announced today. They are Lynn, with a \$604 quota; Liberty with a quota of \$874; Fannin with a quota of \$1666 and Oldham with a \$100 quota. Other counties which already have exceeded their quotas as fixed by the State campaign organization are: Daw-

son, Travis, Williamson, Uvalde, Kerr, Culbertson, Crockett, Duval, Winkler, Smith and Bosque. Miss Doris Meyers of Lubbock spent the week end with her parents, ... and Mrs. R. L. Meyers. Mr and Mrs. Ross Simpson and daughter, Eleanor, spent the week end in Sierra Blanca with relatives.
