A rather minor, but perhaps a highly significant incident which shows that youngsters here have pride in their hometown just came to my attention.

Sometime ago, the old Roscoe, Snyder and Pacific Railway steam locomotive in Towle Memorial Park got an unscheduled paint job when someone painted that time-worn notation about senior classes on it. This time, of course, it said "Seniors '69," or words to that effect.

Prior to the All - America City Day celebration, Mike Levens, President of the SHS Student Council organized a restoration party and gave the old locomotive a fresh coat of black paint, erasing all traces of the scrawl that had marred the appearance of the old engine.

The SHS student council did not want any visitors to get the idea that Snyder youngsters were not proud of their city.

The Texas Good Roads Commission's newsletter recalls that Price Daniel probably harped on traffic safety more than any other Texas Governor. What good did it do? That is one of those intangibles, of course, but the record shows that during Price Daniel's six years in the governor's chair the highway death rate per 100 - million miles traveled in Texas went like this: 6.0; 5.3; 5.3; 4.9; 4.8; 4.8.

The newsletter also called attention to a statistical study of the 120 traffic deaths recorded last year in Dallas. The study revealed, according to a report by a Dallas News reporter, that the typical Dallas traffic fatality "was a craftsman-laborer driving a late-model passenger car on a freeway late at night. He was white, He was 25. He was drunk. He was dead."

If the latest cold spell surprised you, a lot of the do-it-yourself weather prophets were looking for it, and if all goes according to the letter of the signs, there should be frost visible by Sunday morning.

The basis for the forecast goes back two months —to Feb. 19— when thunder was heard in this area. That was a sign that a frost would occur two months later. By Thursday it looked as if this sign might be even more accurate than the groundhog. — WACIL McNAIR.

Today In History

By THE ASSOCIATED PRESS

Today is Friday, April 18, the 108th day of 1969. There are 257 days left in the year.

Today's highlight in history:

On this date in 1906, San Francisco was struck by a violent earthquake.

On this date:

In 1674, 300 English colonists in Virginia were killed in an Indian massacre.

In 1775, Paul Revere made hs famous midnight ride from Charlestown to Lexington to warn: "The British are coming."

In 1942, carrier bombers led by Lt. Col. James H. Doolittle bombed Tokyo and other cities in the first American effort to bring the Pacific war to the Japanese homeland.

In 1945, American war correspondent Ernie Pyle was killed during action on the Ie Shima in the Ryukyu Islands.

In 1961, thousands of Russians demonstrated before the U. S. Embassy in Moscow to protest the Bay of Pigs invasion in Cuba.

Ten years ago — Leaders in Communist China claimed the country had increased its industrial and farm output by 65 per cent in one year.

Five years ago — A strike by doctors in Belgium ended after 17 days.

One year ago — U. S. Secretary of State Dean Rusk suggested 10 possible sites for peace talks with North Vietnam.

Czech Brace For Protests

By GENE KRAMER

PRAGUE (AP) — Police and soldiers guarded strategic points in Czechoslovakia today against possible disturbances in protest of the replacement of Alexander Dubcek as Communist party chief by a pro-Moscow Slovak.

The nation learned officially for the first time that another of the leading reformers also had been ousted from a top leadership role. The official news agency CTK reported that Josef Smrkovsky had been dropped from the eight-man executive committee of the Communist party presidium, and that the Presidium had been cut from 21 to 11 members.

Dubcek remained in the Presidium, the ruling body of the party. Two new members were added, trade union leader Karel Polacek and Parliament President Petr Colotka, both regarded as reformers in the Dubcek tradition.

The names CTK listed on the new Presidium were identical to those reported Thursday night by the Bulgarian News Agency.

But this was the first official word of the changes to reach the Czechoslovak people through their nation's own media.

The 190-member Central Committee of the Communist party at a crisis meeting Thursday named Gustav Husak, the dour head of the Slovak Communist party, to take over the party leadership from Dubcek, who held it since January 1968.

Truckloads of police reinforcements and army armored cars were outside university buildings, at the National Assembly, near student dormitories and at factories.

No plans for demonstrations were reported. Moscow was said to have warned the Soviet occupation troops would step in if local forces could not keep order.

Liquor Decision In Voters' Hands

By LEE JONES
Associated Press Writer

AUSTIN (AP) — Texas voters will decide Nov. 3, 1970, whether they want to let the legislature pass a local option liquor by the drink law.

A big "Yippee" arose from "wets"—and some who drink wet and vote dry—in the Texas House Thursday as the tally board showed representatives had sent the issue to the people on a 101-44 vote.

It took a long morning of maneuvering and horse trading by the proposed constitutional amendment's sponsors and Speaker Gus Mutscher to put the measure over the top. A vote Wednesday produced only 95 of the required 100 "ayes."

Here is where the difference beteween 95 and 101 came from:

Reps. Curtis Graves and Rex Braun, both of Houston, who walked out before Wednesday's vote, stayed and voted "aye" after meeting with House leaders and apparently receiving assurances legislation they backed would start moving.

Reps. Lindon Williams of Galena Park, and C. L. Ray of Marshall, said they had had changes of heart since Wednesday, and switched from "no" to "aye."

Rep. Rufus Kilpatrick of Beaumont, absent Wednesday, showed up and voted "aye."

And to provide a one-vote margin of safety in case the subsequent man - by - man tabulation knocked out a tally, Speaker Gus Mutscher was recorded for the measure.

Braun and Graves said they thought they had made their point, that "There is more important legislation than liquor by the drink." Braun indicated he had been assured there would be more anti-pollution bills reaching the floor.

Lyndon Johnsons Visit The Bahamas

FREEPORT, Grand Bahama Island (AP) — Former President Lyndon B. Johnson and his wife Lady Bird arrived by private plane Thursday for several days of fishing and relaxation in the islands.

NIXON DECLARES

Flights To Continue

WASHINGTON (AP) — President Nixon ordered today continuance of reconnaissance plane flights near North Korea and declared "they will be protected."

Nixon reported the flights had been discontinued after the shooting down of one of the unarmed planes Tuesday by North Korean jets.

Then he said: "I have today ordered that these flights be continued. They will be protected. That is not a threat. It is merely a statement of fact."

Nixon told his fifth news conference as President, in response to the first question, that the North Korean attack on the EC121 had been "unprovoked, deliberate, without warning."

He reported the plane was flying away from North Korea at the time of the attack because its mission had been "aborted", that is it had been canceled.

Presumably the cancellation was ordered because U.S. radar had picked up the take-off of two MIG fighter planes from a North Korean field.

The plane, Nixon said, had never gone closer than 40 miles to the Korean coast and at the time of the attack was 90 miles from North Korea over the international sea.

The reason for the reconnaisance flights, Nixon said, is the threats and hostile actions against South Korea by North Korea.

He noted the United States has 56,000 troops in South Korea and said the threats against South Korea are also threats against those troops. It is the responsibility of commanders to do everything necessary to protect them, he added.

Nixon pictured the reconnaisance flights as part of the defense strategy for those forces. He said "we have had a policy of reconnaissance flights for 20 years" and reported there had been 190 such flights this year in the North Korean area.

The shooting down of the plane Tuesday apparently cost 31 American lives. Nixon apparently ruled out earlier this week any military retaliation—such as an air strike against the North Korean base from which the fighter planes took off.

He decided instead on a protest directly to North Korea.

Later came a question on Vietnam, and this Nixon report:

"The chances for peace in Southeast Asia have significantly improved since this administration came into office. . . ."

"I'm not trying to raise false hopes that peace is just around the corner, this summer or fall," Nixon said. But he said a number of developments have convinced him the outlook is improving.

He said one such factor has been improvement of South Vietnamese capabilities, and another has been the attitude of the Saigon government toward the makeup of a pastwar government.

In addition, Nixon said, there has been an improvement in the political stability of South Vietnam.

On an issue of major domestic importance, Nixon said the administration intends that the 10 per cent income surtax will be reduced and removed as soon as we are able to do so."

He gave no indication how soon that would be.

Back on the subject of Vietnam, Nixon said he does not intend to order any reduction in U.S. activity on the battlefield. He said U.S. casualties have decreased because of a reduction in offensive action by the Communists.

He said there is no prospect that U.S. forces can be withdrawn until South Vietnam takes over a greater share of the combat burden, or the Paris peace talks produce progress warranting such a step.

On another major point, Nixon said he has no plans to take to the country his case for deployment of the Safeguard antiballistic missile system. Nixon said he believes his news conferences — this was his fifth as President—cover that.

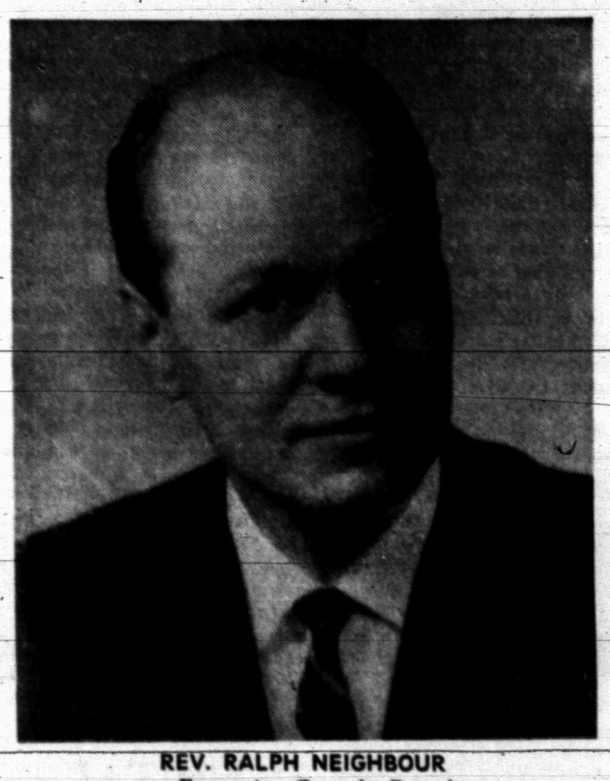

Nixon said his decision for deployment of a limited missile defense system was not based on poltics, but what he considered best for the nation.

The questioning came back to taxes, and Nixon said the administration's tax reform package will be submitted to Congress Monday or Tuesday and "will be of interest to all of you."

He did not say in detail how the package would attack the question of inequities and loopholes in the present tax system.

Nixon was asked to comment on the description Roy Wilkins, a Negro civil rights leader, gave of the administration's civil rights record — that it was "mixed."

Nixon said the administration's intent is to "enforce the law of the land." He said that what Wilkins was describing was the mixed pattern of compliance with administration efforts, such as among textile manufacturers in the South.

REV. RALPH NEIGHBOUR
. . . Encounter Crusade Preacher

Crusade Series To Begin Sunday

The Rev. Ralph W. Neighbour of Dallas will begin a series of sermons Sunday evening in the Scurry County Coliseum as the climaxing feature of the Encounter Crusade is launched.

The central crusade will continue through next Friday evening, with services daily at 7:30 p.m. in the coliseum.

The crusade choir, which is expected to number some 200 to 300 voices, will rehearse at 6 p.m. Sunday. Gerald Ray, minister of music at Sagamore Hill Baptist Church in Fort Worth, will direct music for the crusade. Guest soloist for the services on Monday, Tuesday and Wednesday evenings will be Oris Baldwin, minister of music at the First United Methodist Church at Hurst.

Rev. Neighbour, who is staff associate for personal evangelism in the Evangelism Division of the Baptist General Convention of Texas, is a native of Michigan. He holds degrees from Northwestern University and from the Southern Baptist Seminary at New Orleans.

A professional radio announcer for some time in Fort Wayne, Ind., and Minneapolis, Rev. Neighbour served for five years as executive assistant for the Billy Graham Evangelistic Association. He has held pastorates in Washington, D. C., Pensacola, Fla., and New Orleans. He has been in his present position with the Baptist General Convention of Texas since 1965.

Twenty - three area churches, representing seven denominations, are cooperating in the Encounter Crusade.

Bonds Sold By CRMWD

BIG SPRING — The Colorado River Municipal Water District board met last night and sold $4½-million in revenue bonds at an effective interest rate of 5.453. These funds will supplement the $30,000,000 issue of 1966 and will be used to complete lake E. V. Spence above Robert Lee and some 120 miles of supply lines, pump stations, etc.

The interest range on the new 10-year bonds is from 4.80 to 5.30 with a 1.7 underwriters discount.

The supplemental financing was necessary because of expansions and rising costs of the project.

Next week a contract will be executed with H. B. Zachry in the amount of $2,917,797 for the building of 24 miles of 42-inch pipeline.

The board will meet May 13 to let contracts for 3 pump stations west of Big Spring.

Probable dedication date for the Robert Lee dam and Lake Spence will be the last week in May.

LOUISVILLE, Ky. (AP) — The 77-foot Oroville Dam and Edward Hyatt power plant in California were chosen as the outstanding civil engineering achievement of 1969. The award was made by the American Society of Civil Engineers during a meeting here.

Violence Flares At Campus Protest

BY THE ASSOCIATED PRESS

About 200 militants seized a Columbia University building for a seven-hour sit-in marked by a violent clash with security guards as several of the nation's campuses continued to stir with student unrest.

The Columbia group voluntarily left Philosophy Hall late Thursday after being served with a restraining order. The students emerged chanting, "This is just the start. We will win."

Two administration officials accompanied by security guards served the court order. They were met by hostile students who unleashed a barrage of bottles and discharged fire extinguishers.

The officials escaped by throwing a chair through a window and jumping to safety. Three students were injured and one of the officials was cut on the wrist.

Many of the students then broke up furniture in the building, taking table legs to use as clubs if police were called. But acting President Andrew Cordier said no police would be summoned.

The demonstration led by the Students for a Democratic Society was to demand "open enrollment" at Columbia for all New York high school students who want to attend the Ivy League school.

At Harvard, the faculty of arts and sciences voted overwhelmingly to ask the school's two governing boards to reduce ROTC to an extracurricular activity without "special privileges or facilities.

There are only 322 ROTC students at the 15,000-student university but abolition of the military program has been a prime goal of the current student strike at the Cambridge, Mass., school.

LIFE SENTENCE OR GAS CHAMBER

Same Jury To Decide Sirhan's Fate

By HARRY F. ROSENTHAL
Associated Press Writer

LOS ANGELES (AP) — Sirhan Bishara Sirhan is guilty of first-degree murder for assassinating Sen. Robert F. Kennedy. Now, the same jury that convicted him must decide whether he lives or dies.

The penalty phase of Sirhan's trial begins Monday and is expected to last no more than a day or two. The jury will choose one of two sentences: life in prison or death in the gas chamber. A life sentence precludes parole for at least seven years.

Unknown until he murdered the 42-year-old presidental candidate last June, Sirhan tried—even after the first-degree verdict Thursday—to put testimony about the Arab-Israeli conflict into the court record.

Sirhan, passionately partisan to the Arab cause, said his love for Kennedy turned to hate when he decided the New York senator was pro-Israel.

Defense counsel Grant B. Cooper asked to bring witnesses representing Arab countries to the penalty phase "to show the surrounding circumstances" of Sirhan's youth in war-torn Palestine "so the jury can understand the situation and understand his frame of mind more fully."

The defense is allowed to bring out background and other mitigating circumstances during the penalty phase.

But the state argued that such witnesses as Cooper mentioned —none knows Sirhan—would have no more relevance to the trial than experts on World War II or the Korean conflict. Judge Herbert V. Walker denied Cooper's motion.

Cooper, who said "it is not my view" that the testimony should be heard, asked his 25-year-old client if he had expressed his wishes.

"Beautiful," said Sirhan.

It was his only audible comment in the courtroom after the verdict.

John E. Howard, a deputy district attorney who has spoken in favor of death penalties, will present the state's argument on a sentence to the jury which rejected the defense contention and a month's worth of psychiatric testimony that Sirhan was too mentally ill to be guilty of first degree murder.

"We will cite facts: his lack of remorse and the effect of political assassination on the democratic process," Howard said. "It will be explained to the jury that it (life or death) will be in their absolute discretion. They now have to evaluate in their conscience a proper penalty."

DEAR ABBY: Will you please say a few kind words in your column for the thousands of respectable, mature men who wear beards?

I, myself, have a neatly trimmed beard, over which some of my friends have expressed much envy. They would like to grow one, but say their employers won't allow it. While my employer tolerates MY beard, he hasn't forbidden me to wear one.

I am sick and tired of the snide remarks one hears from those who associate beards with hippies, yippies, beatniks, and subversive characters.

It takes time and effort and manliness to grow a beard, and not every male is endowed by nature with enough hair to develop a presentable looking one.

Perhaps if some prominent figure would grow a beard, he'd get the ball rolling. President Nixon would be a natural! He has a five o'clock shadow at noon, and he'd only be following the example set by another great Republican leader, Abraham Lincoln!

Come on, Abby, give us bearded ones a break.

KELLY

DEAR KELLY: You rattled the right cage! I happen to appreciate clean, beautifully sculptured, well-kept beards. In fact, the men who have contributed most to my happiness were bearded. Moses, Freud, my grandfather, Uncle Sam, Santa Claus — and my husband!

* * *

DEAR ABBY: The letter from the man who got jealous because his elderly wife was kissed by her elderly cousin while preparing breakfast (both in their night clothes) prompts me to write about my problem.

We recently rented a furnished room to a divorced man in his mid-forties. I have learned that my wife, who is attractive, friendly and out-going, has invited this man to have coffee with her in the morning. Because of the early hour, she is in her housecoat and he is in his bathrobe.

The other night, before retiring, I heard him call to her, "Goodnight, SWEETHEART."

My wife insists that this was only a harmless gesture of friendship, and I am jealous over nothing. Far as I know she has been loyal for 28 years. What do you think?

LONG ISLANDER

DEAR ISLANDER: I think if your wife were actually this man's "sweetheart," he'd be careful what he called her while you were around. But tell your wife to DRESS up when she GETS up, or cut out the coffee-klatches with the roomer, as rumors DO fly.

* * *

DEAR ABBY: My mother didn't write a "Dear John" letter to my boyfriend, but I wish she had. I am now "John's wife." I left a comfortable home and a mother and father who loved me to get married at 16.

I am 18 now, broke and unhappy. I live in a hole in the wall with no conveniences, no new clothes, and no car to drive.

I agree with that mother who wrote and asked John to wait until he could offer her daughter something better before proposing marriage.

If I could do it over again, I wouldn't have married so young. I would have waited until we both worked and saved a while. It's too late now because I'm pregnant.

Please Dear Abby, tell girls who think they are in love to wait for a man who thinks enough of them to provide them with a decent future. Love DOES fly out the window when poverty comes in the door.

He said he loved me, but I didn't even get a valentine.

SAD FROM SEATTLE

DEAR SAD: Your letter said it better than I. Thanks for the benefit of your experience. Perhaps other 16-year-olds will brush the star-dust out of their eyes and view the realities of life more clearly.

* * *

DEAR ABBY: Is a FIFTH COUSIN far enough away for marriage?

ELOISE

DEAR ELOISE: Genetically speaking, yes.

* * *

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Cal. 90069, and enclose a stamped, self-addressed envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send $1 to Abby, Box 69700, Los Angeles, Cal. 90069.

Instant Replay May Save Lives

By FRANK CAREY
AP Science Writer

WASHINGTON (AP) — Television instant replay, the delight of millions of sports fans, is establishing itself as a potentially lifesaving aid in some of the nation's major hospitals.

The same type of device that lets you see how the swivel-hipped halfback scored is especially valuable in diagnosing ailments of the heart, where action happens faster than in any other organ.

By watching as the fleeting action shown by fluoroscopic X rays is rerun over and over on a nearby television screen, the doctor can confirm within seconds what he thought he saw or may have missed the first time, then decide if immediate surgery or further examination is necessary.

In contrast, standard X-ray pictures and movie film must be developed, so a diagnosis based on them alone can't be made for at least an hour.

Col. Robert J. Hall, chief of cardiology services at the Army's Walter Reed General Hospital, says the technique is a major help in diagnosing the trouble in infants born with heart defects.

"In the tiny heart of an infant," he said, "the diagnostic dye displaying the anatomy of the heart's interior can race through the heart in about one second. But you can look at the instant replay 10 or 12 times and make a decision as to what step to take next before getting the movie films and X-ray stills."

Doctors say the new method has existing or potential use in helping diagnose ailments of the intestinal tract, the brain and the spinal cord.

It's even being used in diagnosing eye-movement difficulties and in helping stutterers overcome their impediment by giving them an audio-visual replay of how they reacted under a given set of instructions.

In one method of diagnosing heart trouble, a small amount of dye is injected through tubes threaded through blood vessels. Physicians watch the dye's movement on a closed-circuit TV screen a few feet away.

Ten Persons Injured In Dallas Blast

DALLAS (AP) — Ten Persons were injured Thursday when an explosion at the huge Texas Instruments plant levelled a hall way between the semi-conductor building and a cafeteria.

The blast, which rocked the center of the plant shortly after 11 a.m., occurred less than 30 minutes before the 120-foot long hallway would have been filled with TI employes on their lunch hour.

The victims of the explosion none of whom were seriously injured, were treated at the TI Health Center and nearby Presbyterian Hospital and later were released.

Employes treated at the TI health center for minor lacerations were Eddie Hoffman Grand Prairie; Judy C. Glandrone, Plano; Gloria A. Dickerson, Dallas; Ella R. Daniels, Fort Worth; Ray Cronin, Plano; and Brenda J. Madison, Dallas.

At Presbyterian, emergency treatment was given to Leroy Davis, 42, Mesquite; Bobby Cates, 34, Garland; Bob Arthur, 43, Garland; and Miss Sharline Pruitt, 30, Plano.

Investigators said the explosion may have been the result of pressure caused by a natural gas buildup within the foundation of the brick corridor.

They firmly denied any possibility that the blast could have been a bomb.

"The extent of the damage indicates that the explosion could have only come from beneath the corridor," one investigator said. "There is no chance that it could have been man made."

The vast semi-conductor building, which was the initial structure built in the sprawling complex, suffered no visible damage.

Holiday Is Slated

The Drivers License office of the Texas Highway Department will be closed April 21 for San Jacinto Day.

Miles Rites Set Saturday

Funeral service has been set for 3 p.m. Saturday at the Allen Chapel Methodist Church for Mrs. Rufus Miles, 54, who died at 4:05 a.m. today in Cogdell Memorial Hospital.

A native of Opelousas, La., Mrs. Miles had lived here since 1950. She is survived by her husband and a sister, Mrs. Mary Alliston of Graham, N.C.

The Rev. Otis Archie, pastor of New Hope Baptist Church, will officiate at the funeral service. Burial will be in the Snyder Cemetery, under direction of Bell-Seale Funeral Home.

Exchange Student On Rotary Program

Snyder's foreign exchange student, Edna Francao, presented the program for Snyder Rotary club at its regular weekly meeting Thursday. She presented slides and narrative of her native Brazil.

Guests at the luncheon meeting included Jack Heyser, Abilene, guest of Truett Bryan; W. C. Cooper, guest of Tom Adams; Leonard Westbrook, Lubbock, guest of Wilson Bright; and Glen Toombs, guest of Cullen Toombs.

Report Stirs Demos' Anger

WASHINGTON (AP) — Democrats on the Senate-House Atomic Energy Committee have reacted angrily to the report that the White House has ordered a study of the possible sale to private industry of three major plants that process nuclear material.

Dr. Glenn T. Seaborg, chairman of the Atomic Energy Commission, told the congressmen of the move Thursday and urged them "not to prejudge this issue."

The Democrats said the Nixon administration could be in for a bitter fight if it tries to sell the plants to private industry.

The committee chairman, Rep. Chet Holifield, D-Calif., agreed and added, "If anyone has the idea these plants are going to be sold for 10 cents on the dollar, we're going to take a very close look at it."

He said the gaseous diffusion plants involved are at Oak Ridge, Tenn.; Paducah, Ky.; and Portsmouth, Ohio. He said their estimated cost to the government was $4 billion.

Bicycle Found In Backyard Of Home

Some people have things stolen. Others are beneficiaries of an unexpected bonanza.

At least that's what happened to Mrs. C. B. O'Neal, 805 Twenty-fourth Street. Police said she told them she awakened Thursday morning and discovered a bicycle in her back yard that someone had apparently placed there.

Officers said the owner can claim the bicycle if he can give an accurate description of it.

Rivers Still On The Rise

BY THE ASSOCIATED PRESS

High waters continued to wash across the Midwestern flood zone today.

Volunteers, including a group of convicts, worked long hours to stem the rising rivers that had forced more than 15,000 persons from their homes.

Property losses already topped $5 million with the worst possibly still to come.

The federal government prepared to make disaster loans to hard-hit businesses and public facilities.

Among the volunteer flood fighters were 15 inmates of the Minnesota State Prison in Stillwater. They packed sandbags to help hold off the St. Croix River.

Said Stillwater Mayor Ray Smith, "They have put in between 60 and 100 hours doing the hardest work. We fell in love with them."

In Dubuque, Iowa, 100 high school volunteers were given typhoid shots before reporting to help extend a six-mile dike.

With few exceptions dikes were holding well in the Dakotas and Minnesota but in Hudson, Wis., a Willow River dike appeared to be weakening under pressure.

The hardest hit of all major towns was Minot, N.D. More than 12,000 persons had been evacuated and some $3.5 million in damages had been reported.

Minot was one of a number of towns feeling the effects of a surge by the Souris River, which climbed about two feet in 24 hours as the runoff from melted snow in Canada began to arrive in heavier volume.

A crest of 21 feet was predicted for sometime next week. The river stood at the 17-foot level Thursday.

The Red River of the North was as much as 8 to 12 miles wide along a 150-mile stretch from Fargo, N.D., to Drayton, N.D. The stretch is mostly flat prairie farm land.

The Office of Emergency Planning in Washington said President Nixon was expected to act soon to designate disaster areas. They would then become eligible for federal funds to repair roads and utilities and for removing debris.

The Small Business Administration expects applications for loans to businesses in Iowa, Minnesota, North Dakota, South Dakota and Wisconsin after flood damage can be assessed.

Alma, Prairie du Chien and La Crosse, Wis., braced for higher than expected Mississippi River crests.

The Weather Bureau said the waters will rise up to a foot higher than originally predicted because masses of debris had been removed from a lock and a dam at Hastings, Minn., causing an upsurge of the Mississippi.

Also in Wisconsin, Fountain City had much of its downtown section under several feet of Mississippi water and several bridges in the western part of the state were closed.

Upstream, the Mississippi receded slowly in St. Paul as the crest reached Red Wing, Minn., 50 miles to the south.

WOMEN

AAUW Delegates Return From State Convention

The theme at the State Convention of American Association of University Women held in McAllen April 10-12 was "Choice — The Imperative of Tomorrow."

The keynote speaker, Dr. June Hyer, professor and chairman of the department of Geography and Foundation of Education, University of Houston, spoke on "The Challenge and the Chance." She challenged the group to get where the action is — in Austin. Her challenge was supported by such facts as: 1. Texas is now in 44th place in adult illiteracy and 42nd in percentage of students who do not finish high school. 2. Texas still has 317 one room schools as we prepare to send a man to the moon. In testing one out of five high school graduates functioned at 9th grade level. 4. Eighty percent of inmates of Texas penal institutions have less than eighth grade education.

"Anything we do to correct these problems (and many more) will cost money, but crime, welfare, dole, etc., also cost money," she said.

Opponents to a change in the tax level and to consolidation are very vocal, Dr. Hyer's final challenge was:

"We have one chance because if we resign ourselves to perpetuate the present system we won't have another chance. There won't be another expenditure for an educational task force. Procrastination is a dedication to medicority. Get off your chairs, get to Austin or write your legislators if you think we need a change."

Dr. Gloria Shatto, also from the University of Houston, spoke on "The San Blas Indians — A Primitive Economy," and Dr. Shirley McCune, associate director AAUW educational foundation, Washington, D. C. spoke on "A New Look in the Community." The gist of her talk was: We've seen the gaps between the rich and poor, black and white, young and old. Stop and think, what turns you on? What are your values? Find out about yourself was her challenge.

One of the most festive and colorful affairs was the "Nache de Fiesta," presented Friday evening by the Pan American Round Table Number one from the Brownsville branch. The style show of Charro costumes was a parade of authentic dresses from all the Latin American countries and early day Texas. Texas has three early day costumes, one Spanish and two Indians. As they paraded a vote was asked to be taker to decide which one would be authenticated.

The delegates, Laura Holladay and Edna McConnell returned with many ideas and much enthusiasm for their next biennials work.

All eligible college graduates are extended a special invitation to join the AAUW and interested ladies are ask to call 573-2127 or 573-6984.

Money Didn't Always Rule Imperialist

ROMAN IMPERIALISM IN THE LATER REPUBLIC. By E. Badian.

Was ancient Rome imperialistic? The question sounds silly; the affirmative is generally taken for granted, and Rome is considered the prototype of the predatory imperialist state, however admirable and sophisticated its internal system.

Prof. Badian, in this closely argued study, presents evidence that the imperialism of the later republic, at least, was of a peculiar and ambiguous kind, striving for influence over client states but not for direct rule. Moreover, he contends persuasively that economic motives played little part in Roman foreign and military policies of the second century.

The modern historical temper, heavily mortgated to Marxist emphases of economic factors, may recoil at the idea — the Romans senatorial oligarchy pursuing ends other than palpable material advantage!

Yet according to Badian, so it was. Time and again, the Senate showed its aversion to annexation of new territories, even to incorporating bequeathed kingdoms in the Roman domain. And the profits from conquests long remained losely organized and, by and large, extremely modest.

The policy of restraint changed after the Social War, beginning in 89 BC, and as the Republic drew towards the close. The oligarchy was diluted through enfranchisement of Italy, and men like Crassus and Pompey put Senate — and more importantly, the plebs — on the scent of war fought for and as business.

How much this blatant rapacity ran counter to older Roman traditions forms the main argument of this elegant little study. While it presupposes familiarity with Roman history, Badian writes lucidly enough for the general reader to follow.

Greeks Have A Knack For Cooking

Some of the most delicious recipes from Greece stem from the simplest of beginnings. The Greeks have the knack of putting together a number of ingenious recipes based on everyday ingredients.

Undoubtedly, this is due to the fact that to the ebullient Greek, eating is a daily celebration of an inborn lust for living. In a recent competition, one of the finalists was a delightful Greek man, George Niarchos.

Formerly an assistant professor in Marketing and now a practicing sociologist, George is a serious cook, often preparing meals at home three days a week. His "Sarmathes" or Cabbage Rolls, a favorite with his family and friends, won George the second prize in the country.

SARMATHES
(Cabbage Rolls)

1 head cabbage, medium size
1 large onion, chopped
1 lb. ground meat
½ cup rice
1½ cup potato chips crushed
3 tbsp. parsley or mint, chopped
1 can tomatoes
1 tsp. lemon juice
½ tsp. cinnamon
Salt and pepper to taste

1. Remove outer leaves of the cabbage and lay in bottom of pot or pan being used.

2. Remove as much core as possible from center, and drop head of cabbage in kettle of boiling water into which a tsp. of lemon juice and a little salt has been added.

3. Cook about five minutes or until leaves are slightly soft.

4. Do not OVERCOOK.

5. Carefully remove leaves one at a time. Trim heavy center vein to facilitate folding and rolling.

6. Into each leaf place about a tablespoon of the chopped meat which has been combined with the crushed potato chips, washed rice, onions chopped and seasonings. Carefully roll up, using toothpicks, if necessary, and arrange in a pot or baking pan. Cover with sliced or canned tomatoes and a little water.

7. Cook over a slow fire or bake in a moderate oven (350 degrees) fifty minutes until done.

In addition to his interest in cooking, George has a number of other pastimes. He is currently working towards a doctorate degree. He's a music lover and plays his violin religiously. He and his wife enjoy the opera and attend whenever possible. And when time permits, George even tries his hand at writing. It's no wonder they say the Greeks love life!

River Road Mincemeat Cookies

1 cup unsifted flour, stir to aerate before measuring
¼ teaspoon baking soda
¼ teaspoon salt
¼ teaspoon nutmeg
½ teaspoon cinnamon
1-3 cup butter, at room temperature
1-3 cup firmly packed dark brown sugar
1 large egg
¾ cup ready-to-use mincemeat (with brandy and rum) from a 1 pound, 2 ounce jar
1 tablespoon brandy

On wax paper thoroughly stir together the flour, soda, salt and spices. In medium-size mixing bowl cream butter and sugar; beat in egg. Stir in dry ingredients, mincemeat and brandy. Drop by level tablespoonfuls, a few inches apart, onto greased cookie sheets. Baked in a pre-lightly browned—about 10 minutes. With wide spatula, remove to wire racks to cool. Makes about 2½ dozen.

Whip half a cup of heavy cream and add a couple of tablespoons of sugar and a little vanilla; heap into small paper cups and freeze. When cream is firm, drop the cups into a plastic bag and seal air-tight. You can keep the cream in the freezer for a month and it will be great to have on hand for a dessert topper.

Are Mutuals Usually Late Jumping On Bandwagon?

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — Remember the stock market theory that expounded the idea that the odd-lotter, or small investor, usually was wrong—that when he sold you could expect the market to rise and that when he bought a descent followed?

There was some truth in the theory—perhaps still is some truth in it—for the small investor often jumped on bandwagons just after the band ceased playing and just before the wagon collapsed like the one horse shay.

Well, it's still a bit early to say but there are some indications that the mutual funds, those powerful investors with total assets of more than $56 billion, are in somewhat the same role as forecasters.

The proof of the suspicion won't be known until the performance results are in later this year, but the stage is being set now. The scene to watch is the cash position of the mutual funds.

When the funds turn stock into cash it often means they are bearish. Confidence on the other hand, is demonstrated by committing the money to stocks.

At a January meeting of 2,500 professional investors, the word was spread there among fund managers that now was a good time to sell some stocks and build up that cash position.

The bearish belief was summed up by Fred Alger at the conference, produced by the Institutional Investor magazine. Alger, head of a fund that bears his name, stated in a panel discussions, "Cash is a good investment now."

A lot of funds either took the advice or had anticipated the trend, for they turned very cautious in January and bearish in February. Their cash positions rose sharply.

In January, the funds increased their cash positions by $600 million to more than $3.8 billion, or to 7.2 per cent of their assets. In February they added another $1 billion, bringing cash to 9.6 per cent of assets.

Now the significance, as pointed out by Standard & Poor's, is this: Three other times in the past decade the funds have urgently sought cash positions, in 1961-1962, in 1965-66, and from September 1967 to March 1968.

In each of these instances, S&P points out, the "high water marks in cash came at or close to ideal stock market buying points." The funds, however, were selling—or at least not buying.

The investment advisory service concludes that, "It would be unsafe, however, to base a conclusion—that stocks should be bought when funds' cash is abnormally high—on this evidence alone."

Proposals To Improve The World

By HAL BOYLE

NEW YORK (AP) — Don't you feel sorry for the world sometimes?

Everything must be wrong with it, and nothing right about it, for no one seems satisfied with it. All want to change it in some manner, and bend it nearer to their heart's desire, or at least make it conform more to their petulant wishes.

The trouble here is that, while practically everyone agrees that the world is in a terrible shape, few agree on how to cure it. One man's remedy is another man's poison; meanwhile the patient languishes.

Certainly, however, the world might be a more interesting and exciting place if—

Mondays were abolished from the calendar and replaced by another payday Friday.

Dissenting students would found new universities of their own instead of trying to take over control of those which already have an existing educational policy and administration.

Baseball was turned into a seven-inning game, and the major league season shortened from 162 games to 100.

Physicians voluntarily limited their medical practice on at least two days a week to their own immediate neighborhood, thus allowing them to make more home calls.

The fad for topless waitresses was succeeded by a fad for topless seretaries and stenographers. This would reduce office absenteeism to a bare minimum.

Everybody got out of Vietnam, including the Vietnamese, and the entire country was turned into a vast World Peace Park and recreation areas.

Science would cross-breed crabgrass with roses, enabling every suburbanite to have a work-free garden lawn.

Someone could come up with a wisdom pill that would permit parents to feel half as smart as their children think themselves to be.

Flying rugs, complete with automatic machines that dispensed coffee, tea and milk, were available to all. Then we could all afford to take a vacation trip to the land of our choice.

Timeclocks were installed in every home, so that a wife could prove to her disbelieving husband just how many hours she has to work to keep the family going.

Adults caught drinking Martinis would be subject to the same legal penalties as juvenile delinquents caught smoking marijuana.

War could be made as boring as sex is enticing.

Teen-agers were compelled to listen to an hour of Mozart, Bach, Brahms or Beethoven for every half-hour they spent listening to rock 'n' roll music.

A way could be found to make the milk of human kindness last in us uncurdled for a lifetime.

Instead of worrying about the man in the moon, governments would concentrate their energies on improving the lot of the man on earth.

Well, those are one man's ideas on how to make a better world. Anyone willing to start a revolution to achieve it?

No Pueblo Verdict Yet

HONOLULU (AP) — Dozens of Navy specialists are still poring over the 20 volumes of testimony piled up during the long court of inquiry into the USS Pueblo seizure, the Navy says.

A Navy spokesman says an official finding will not be issued for several days, despite a radio news report in California, that the verdict had been reached.

"Looking over all this takes time." The spokesman at the U.S. Pacific Fleet headquarters here said Thursday. "We will warn the news media well in advance of an announcement."

KFWB, a Westinghouse broadcasting station in Los Angeles, reported Monday that the Navy had cleared Cmdr. Lloyd M. Bucher of any guilt in the loss of his intelligence ship to the North Koreans.

The station said the Pueblo skipper was found innocent because the court decided he did not have the power to resist.

A Navy spokesman said the radio report would in no way alter the routine of reviewing the 3,392 pages of testimony taken by the court in Coronado, Calif.

Junior Editors Quiz on NEW WORLD NAMES

QUESTION: *What does the "New" mean in front of New York, New Jersey, etc.?*

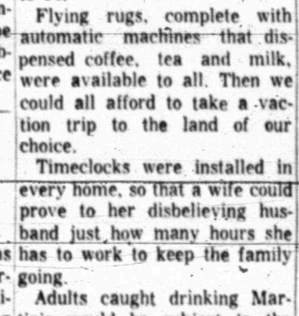

* * *

ANSWER: The colonists who braved the American wilderness came from highly developed civilizations in the Old World. Think of the English who settled in the areas at lower left above. They built houses like English houses and wanted English-type furniture, clothes, utensils. These made them feel at home. As this area began to look like a bit of England, people began to call it New England. Manhattan, on the other hand, was settled by the Dutch, who called it New Amsterdam after the big Dutch city. Everyone realized this would be an important place, so when the English took it over in 1664, they renamed it after a prominent Englishman, the Duke of York. New Jersey was named after the Old World island of Jersey, where Sir George Carteret, co-owner of the new American colony, had been born. No doubt Sir George found a resemblance between the farm land of his birthplace and that of his American colony. Like the English, the French named an important colonial city after an important French personage, the Duke of Orleans.

Golfers Lose Lead Due To Scoring Rule

ODESSA —Snyder High School's golf team was dogged by bad luck here in the opening round of the regional tournament Thursday and finished the first 18 holes of play one stroke behind host Andrews rather than five strokes ahead due to a rule infraction.

Counting the low four scores, the Bengals should have a team total of 318. However, Ronald Ward made an error in computing his score. His actual score of 83 was disallowed, and the Tiger team had to count Glen Rambin's 89 as its fourth score. Thus, due to the disqualification, Snyder was one stroke behind Andrews going into the second round today. The official Snyder score is 324 whereas the host Mustangs have a 323.

Monahans is in third place with a 335, and Sweetwater was fourth with 341. Muleshoe carded a 347, and Perryton shot a 360.

Snyder's Jay Kidd fired an opening round 77 that matched the 77 fired by Andrews' Tony Smith. Both boys share the lead in the fight for medalist honors. Mitch Rambin and Phil Ator each shot opening round 79's for the SHS team.

Ronald Ward was declared ineligible to compete in the second round today. He originally was named as a replacement in the tournament for Benny Ward when the Tiger senior was unable to compete due to an ankle injury.

'Horns Rip Trinity 21-4

AUSTIN, Tex. (AP) —Trinity made the mistake of stinging Texas with a leadoff homer Thursday. The final result: Texas 21, Trinity 4.

The mighty Longhorns are now 22-2 in the collegiate baseball ranks this year and definite national championship material.

Bill Roberson opened the game with a home run off James Street on the second pitch of the game.

Texas retaliated with four runs in the bottom half of the frame. In all, the Longhorns collected 17 hits, including a home run by David Chalk of Dallas.

The combined pitching of Street, Burt Hooton and Larry Horton accounted for 18 strikeouts—a school record. Street received credit for his ninth win of the year against no losses. Street whiffed eight batters, Hooton seven, and Horton three.

Larry Frymire hit a homer for the Tigers who are now 6-10 for the season.

The best riding performance in the long history of Pimlico was turned in by Joe Guerra, a 20-year-old Cuban jockey, in 1931. He rode five winners on Preakness Day that year.

Bass Fishing Tournament Set Saturday

Area anglers again were encouraged today to enter the Bass Tournament sponsored by the Snyder Bass Club this weekend.

Registration will be held from 6 a.m. to 1 p.m. at Lake Thomas Lodge on the south side of the dam both Saturday and Sunday. An angler may compete in either or both days of the tournament, but the entry fee is $2 per day for Bass Club members and $3 per day for non-members. Fees must be paid before fishing. Contestants are encouraged to turn in the day's catch Saturday for a fish fry that evening at 6:30 p.m. Families of contestants are invited to the fish fry.

No trolling or live bait will be allowed, but anglers may fish from a boat, tube or wade and cast or dabble.

Fish must be weighed at 5 p.m. each day in order to qualify for a prize or trophy.

Anyone seeking additional information may contact Frank Beights or Vernon Rannefeld or call the Lodge.

Fat Steers Can Take It Easy

BY THE ASSOCIATED PRESS

Unbeaten Texas can sit on the sidelines and gloat this weekend while its Southwest Conference baseball rivals chew each other up.

Texas is a fat 11-0. Texas Tech is a 5-2 and Texas A&M and Rice are tied for third place with 4-3 records.

Rice is at Tech for a doubleheader today and a single game Saturday. A&M is at Baylor and Southern Methodist at Texas Christian with the same schedule.

TCU is 5-4, SMU is 1-10 and Baylor is 1-10.

The Longhorns swing into action April 25-26 when they host surprising Texas Tech at Austin. A&M is at Rice and Baylor is at SMU the same weekend.

Champion Is Choice Again

LOS ANGELES (AP) — World welterweight champion Curtis Cokes regained the role of favorite—at least until fight time— in defense of his title tonight against Jose Napoles of Mexico.

The 31-year-old veteran from Dallas opened as a 10-6 betting choice two weeks ago. Several days ago the odds dipped to even money and take your pick.

Latest on the score today was Cokes 10-8, with the possibility the champion and 29-year-old challenger would enter the ring at the Forum in neighboring Inglewood again on even terms.

Cokes, defending the 147-pound division crown for the sixth time, and Napoles, a Cuban expatriate now living in Mexico City, figured to attract some 14,000 fans and gate receipts of possibly $180,000.

Ageless promoter George Parnassus guaranteed Cokes $80,000 a record for a welterweight champion, and Napoles $20,000.

There is no domestic television nor radio broadcast.

There is no rematch clause in the contracts but Napoles' manager, Cuco Conde, disclosed he will give Cokes a rematch if Jose wins the title.

Asked why, Conde replied softly, "Simply because he gave us the opportunity."

Neither fighter seemed concerned about making 147 pounds.

"Cokes has trained well. He never really gets out of shape," said the champion's manager, Doug Lord of Dallas.

Conde does all the talking for his non-English speaking warrior.

"Jose has never worked so hard for a fight, even when he was the No. 1 lightweight trying to get a fight with the champion then, Carlos Ortiz."

Napoles never got a crack at Ortiz or the 135-pound title, which still rankles both fighter and manager.

Their career records: Cokes 55-9-3, 27 knockouts, stopped once; Napoles 52-4-0, 37 knockouts, stopped once.

Declared Parnassus: "This is a perfect match. Both fighters are boxers, both are punchers. You seldom get such a combination."

Eagles Host San Angelo

The Snyder Eagles host San Angelo at 8 p.m. Saturday in Winston Field. Larry Andrew Hardin will be the starting pitcher for the Eagles.

Bob Munro of Gerladton, Ont., led North Dakota's hockey team in scoring during the past season with 13 goals and 30 assists for 43 points.

TRACK ENTRIES — From left, Harvey Browning, Craig Allred, Herbert Hodges, Jeff Stewart and Coach Bill Hartsfield prepare for the regionl track meet that will be held Saturday in Odessa. Browning will be entered in the mile run, and Stewart will compete in the high jump. Allred and Hodges will make the trip as alternates. The four SHS athletes all turned in the best performances of their careers at the district track meet here last Saturday. Not pictured is coach Cecil Redford.

Bucs, Pacers In ABA Cage Finals

BY THE ASSOCIATED PRESS

The formulas were different but the results were the same Thursday night as the Indiana Pacers and New Orleans Buccaneers won their way into the division finals of the American Basketball Association playoffs.

The Pacers, regular season pennant-winners, came from behind in the third period and beat Kentucky 120-111 to take their Eastern semifinal series four games to three. New Orleans won the finale of its Western seven-game set by snuffing out a late Dallas rally and downing the Chaparrals 101-95.

Indiana faces the winner of Saturday night's Minnesota at Miami clash while New Orleans opens its best-of-7 final that night at Oakland.

In the National Basketball Association Thursday night, Los Angeles whipped Atlanta 100-85 for a 3-1 lead in their Western Division finals. New York, trailing three games to two, resumes its Eastern series tonight at Boston.

Bob Netolicky and Tom Thacker sparked the drive that carried Indiana past Kentucky. The Pacers trailed 72-70 in the third period but surged to a 94-84 lead at the end of the quarter and upped it to 101-88 before the Colonels rallied.

The lead was down to four points, 103-99, but baskets by Thacker and Mel Daniels ended the Kentucky threat. Netolicky paced all scorers with 32 points while Louie Dampier had 26 for Kentucky.

New Orleans rolled up a 16-point lead against Dallas but the Chaps trimmed it to 99-95 with 59 seconds left on Cincy Powell's three-point goal. Then, Steve Jones sank a pair of free throws and the Bucs defensed the Chaps for the rest of the game.

James Jones poured in 27 points for the winners and Red Robbins grabbed 24 rebounds, matching the club record. Powell was high for the losers with 24 points.

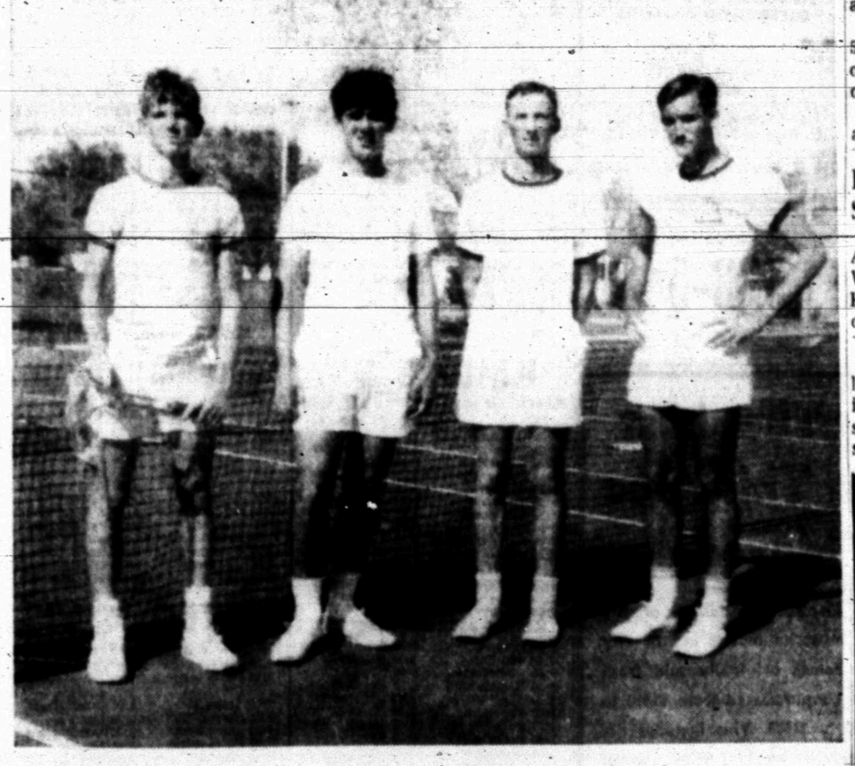

Forrest Gregg and Zeke Bratkowski will be new assistant football coaches with the Green Bay Packers next season.

Greenhill Baptist

The Green Hill Baptist Church begins Sunday School at 9:45 and the morning worship service at 11. The pastor, Quinton Montgomery, will be in the pulpit. All of the evening services are cancelled at the Church so that everyone can go to the coliseum for the first service of the Encounter Crusade.

Because of the involvement of the church in the crusade, there will be no services at the church all week. The services begin every night at 7:30 at the coliseum.

Green Hill will continue in revival beginning April 27, through May 4. Evangelist will be Bill Shuttlesworth from Tyler. Singing Evangelist will be Buddy Sipe, pastor of the Westside Baptist Church in Sweetwater.

A clean, well staffed nursery is provided for every service. A ride will be provided for everyone who needs one.

"If we love one another, God dwelleth in us." I John 4:12.
There are a few who walk in
love where'er their steps may go.
And, though they wonder, far
their pathways God must know.
Such a one absolves shortcomings, petty, bad, or mean,
And though he daily moves
through muck, somehow his
shoes are clean.
Oh the rare one who can love
all human souls he sees
Must surely walk with God
through all eternities.

WILL CURTIS

Needy To Get Food For Health

By CARL P. LEUBSDORF
Associated Press Writer

WASHINGTON (AP) — The Nixon administration, moving to meet some of the problems turned up by a Senate probe of hunger in the capital, will provide special food packets for some 45,000 needy mothers and children.

The decision to supply $3 million worth of "food for health" packets in Washington, similar to a program instituted earlier in 78 smaller communities, was sponsored by Sen. Jacob K. Javits, R-N.Y., and announced Thursday in his office by Secretary of Agriculture Clifford M. Hardin.

It enabled the Republican administration to seize the initiative on the hunger problem, which until now has been held by a Democratic-controlled Senate committee headed by George S. McGovern, D-S.D.

Javits, senior Republican on the committee, moved into the situation after reportedly becoming upset earlier in the week when the administration's revised budget failed to add anything to government food programs except $15 million for nutrition education.

Using his influence behind the scenes, he arranged for Hardin to make the announcement within hours after the committee closed three days of hearings on hunger problems in Washington.

Hardin announced two programs:

—The supplemental food packets, which contain iron-enriched baby cereal, fruit juice, evaporated milk, corn syrup, peanut butter, canned meats and poultry, will be given to needy mothers, pregnant women and young children free at health centers in Washington.

—Some 100,000 youngsters who receive free lunches at school during the year will continue to receive them at summer recreation centers.

Hardin indicated that the administration still hopes to expand other federal programs, relying on food distribution plans that are not covered by the monetary ceiling on the food stamp program.

The program in Washington marks a major expansion of the "foods for hunger" program started last November. Only 18,500 people are receiving the aid in the 78 communities, compared with estimates of 45,000 in the capital.

St. John's Episcopal

Holy Communion is celebrated at 8 a.m. every Sunday and at 10:30 a.m. on the first and third Sundays at St. John's Episcopal Church.

MEMBER, THE ORDER OF THE GOLDEN RULE

A GREAT AMERICAN...

Dwight David Eisenhower was a man of great accomplishment. For the first time, here is the complete biography of the general, politician and statesman who became a legend in his own time. Relman Morin, the AP's two-time Pulitzer Prize winner, provides a detailed and colorful 140,000-word account of the Kansas farm boy who rose to become a hero of World War II and the 34th President of the United States in "Eisenhower: A Gauge of Greatness." Morin, who knew Ike for a quarter of a century, measures the man by the gauge of greatness Ike set up himself.

The result is this handsome volume illustrated by more than 85 pictures in color and black and white. It is available to you through this newspaper at the special price of only $3.

... A GREAT BOOK!

This special edition costs only $3 and contains:

- 140,000-word text written by one of AP's most noted reporters, who had known Ike for more than 25 years and interviewed him personally for this volume.
- 85 color and black and white photos, some of which have never been published before.
- It is hard-bound in a handsome green cloth cover and gold lettering, an outstanding addition to your home library.
- 264 pages, 8½" x 11" size.

every hour

... should be everybody's theme song. Time is a graph or chart which measures what we are. We have no time to kill. "Whatsoever thy hand findeth to do, do it with thy might," Eccles. 9:10. Constantly strive to be a better father, mother, husband, wife, son, daughter... a better church member. There is always a friend or neighbor less fortunate than you. "He that knoweth to do good and doeth it not, to him it is sin. James 4:17. If you have had a kindness shown, pass it on; 'twas not meant for you alone... pass it on.

ABOVE ALL, "every hour" is God's gift. Wasting time is wasting God's Bounty. Keep on killing time and time will kill you. "Every man must give an account of himself to God," Romans 14:12. Spend your spare time at home, at Church or on errands of mercy... "I Need Thee Every Hour."
