State Reports Good Rating For City Pool

A state health inspector has checked Ruddick Park's municipal swimming pool with good rating.

The inspection of the pool was made last week by an inspector from Texas Department of Health.

And the inspector reported that the pool was in good condition.

Additional rating for the municipal comes with the certification of Brooks Teague, Colorado High teacher and pool operator.

Teague has received a certificate of competence from the Texas Beach & Pool Association and the Texas Department of Health. The certificate was earned after Teague completed studies and tests at a special school for pool operators last March in Big Spring.

Citizens have made the municipal pool a popular place.

Average daily attendance at the pool was 188 persons through June 30.

But more than 200 persons have been registering at the pool each day during the last two weeks.

BACKS 'PRACTICAL' PROGRAM

Senterfitt Makes 'Family' Campaign

Reuben Senterfitt believes Texans want to "get away from demogogery and ridiculous appeals" in the governor's race.

That's why the 39-year-old former speaker of the Texas House of Representatives believes his program will appeal to the voters.

And it is the reason why he is advocating a public forum for all gubernatorial candidates to submit their platforms for public scrutiny at one time.

Senterfitt, whose balding head diminishes not the least his youth appearance, explained his public forum plans here Tuesday during his first campaign appearance in Colorado City.

The San Saban rode into town in a Chevrolet sedan before noon with Mrs. Senterfitt and two of their three children.

Senterfitt looked up personal friends made during his 14 years as a legislator while his family distributed campaign folders and pamphlets in the downtown area.

It was a new type campaign appearance with no speech, no advance publicity and without the usual entourage of campaign assistants and advisors.

"I'm doing most of the work myself," Senterfitt said, "but friends and acquaintences made in the legislature over the last 16 years are helping."

His only speeches are in communities where special gatherings have been arranged — like at the July Fourth programs in Pecos and San Angelo — or in TV and radio programs.

"The old political speaking campaigns are a thing of the past," he said.

Senterfitt said he has been advocating a public forum for all governor candidates in the glare of statewide TV and radio hookups and under the quiz of experienced political reporters.

Dave Cheavens, the veteran Associated Press capitol chief in Austin, is his idea for the forum's moderator.

The candidate says the public forum is practical because Texas is too large in size and too big in population for proper presentation of issues in individual campaigns. Besides, it's too expensive, he said, for the candidates.

"Right now we have labor bosses on one side sponsoring a candidate," Senterfitt declared, "and a few special interests on the other side.

"I believe the people of Texas want to get away from demogog-

AT LAKE POWER PLANT

TESCO Employe Drowns in Canal

An accident Monday afternoon claimed the life of J. W. Lydia, 35, at Texas Electric Service Company's Morgan Creek Power Plant.

Lydia, plant janitor, drowned in the plant's water discharge canal at Lake Colorado City.

He apparently slipped and fell from a concrete apron into the canal, which feeds water from the plant back into the lake.

The fatal mishap happened at about 2:30 p.m., according to Roy Bates, superintendent of the Morgan Creek plant.

Bates said Lydia stopped by the discharge canal while accompanying another TESCO employe who went to the Lake Colorado City dam to check data for the company.

Water used in the power plant's operation pours back into the lake with a rush, creating turbulent currents in the discharge canal.

Lydia's body was recovered four hours 10 minutes after the accident and approximately 200 feet away from the canal in the lake proper.

The recovery was made by Colorado City Volunteer Fire Department with grappling hooks.

Funeral service was conducted Thursday at 2:30 p.m. in Wallace School with Rev. A. F. Douglas as officiant, assisted by Rev. C. C. Beck. Burial was in Mitchell County Cemetery with Kiker & Son Funeral home directing.

The drowning victim's wife died last May 7 after a long illness.

Lydia and his family had resided in Colorado City since 1939 He was born Dec. 31, 1920, Troup and was a member of Mt. Olive Baptist Church and the Negro Masonic Lodge here.

Survivors are a son, Jackie Lane Lydia, and three daughters — Nina Lee Lydia, Mary Bell Lydia and Jane Eva Lydia—all of Colorado City; a brother, Leroy Lydia of Midland; and a grandmother, Mrs. Nannie Walton of Colorado City.

CAMPAIGN REUNION—Reuben Senterfitt and his family meet a friend and former San Saba resident, Roy Fox, during the Senterfitt family's campaign visit here Tuesday. From left to right are the Senterfitt family of San Saba — Shirley, mother, Linda and dad — and Fox. (Record Staff Photo).

PROPOSES INEVSTIGATING BODY

Daniel Declares Integrity and Honest Are Austin's Big Need

Price Daniel declared here Thursday the "biggest need today in Austin is simple moral integrity and honesty."

The U. S. Senator, who said he rather be governor of Texas than the nation's president, said the state capitol's need is the reason he is in the race for govenor.

"There's a big job in our state capitol the next two years," he emphasized, "a bigger job than in our U. S. Senate."

Daniel, making his first political appearance here since running for the Senate four years ago, spoke to approximately 90 persons during an afternoon reception in Civic House.

His talk here was part of quick, but through campaign tour moving from Abilene to Sweetwater, Colorado City, Big Spring, Midland, Pecos and San Angelo in two days.

Thaveling with his tour in two Chevrolet sedans were his son, Price Daniel Jr., 15; a public relations man and two campaign assistants.

The senator introduced his son to the audience and expressed regrets that other members of the family, also on the tour—Mrs. Daniel and Jean, 13; Houston Lee, 10, and John Baldwin, 8—were not up with the tour schedule and were unable to be present in Colorado City.

Daniel, who served as state attorney general six years before being elected U. S. Senator, said his plan for 11-member state law enforcement commission would aid in the job of restoring honesty and integrity in state government.

The commission composed of one grand juror from each judicial district—would be provided the power to subpoena and look into all phases of public offices.

"Those commission members would be non-political," he emphasized, "and non-partisan."

Daniel said the commission would provide through investigation into the Veterans Land Board, the insurance scandal, Duval County and other allegations of misconduct.

"We need to point out those who are guilty," he continued, "and clear those who are innocent.

"And then we will restore to the citizens of Texas confidence

Daniel said there had been attempts to link him with the land scandal.

But as your attorney general," the senator stated, "I was the first person to object to the block deal in veterans land program in their state government."

"And when I was on the land board every deal was handled separately.

"A commission investigation will be the way to get to all the facts.

"We haven't had all the facts yet."

Daniel, who was introduced by Frank Kelley, reviewed his public service record his work to obtain the tidelands, to check a trend for "national ownership of property," to encourage "decentralization" of government, his recent nationwide dope investigation, state injunction against transmitting horse race results by telegraph to bookies, his setting up of state's first criminal conference for district attorneys.

And he declared that while he is governor he would like to the

FOR POOL OPENING

Club 'Splash Day'

Colorado Country Club will open its swimming pool Saturday evening.

And club officials are planning a special "splash day" program.

The program will begin at 5:30 p.m. for club members, according to Ben Wilkinson, club president.

Events will include swimming, diving and putting contests and a family barbecue.

Advance reservations are necessary for the barbecue, Wilkinson said.

The new pool — the [illegible] pool in Colorado City area with modern recirculating filter[illegible] that keeps water constantly fresh — is the major item of a new $12,000 improvements program that is providing new recreational facilities at the country club.

Engineered Pools Inc., Lubbock firm constructing the pool will have crews busy all night at the club as the pool nears completion.

Mrs. J. M. Bruce of Loraine was in a San Angelo hospital this week following major surgery. The operation was performed last Friday morning.

Rain Across Most Of County To Boost Late Cotton Crop

Rains Wednesday dumped sorely needed moisture on most of Mitchell County's wilting crops and parched pastures.

Skipped almost entirely, however, by the afternoon rain clouds was the area extending west from Fairview.

A few communities reported from 1.5 to two inches of moisture.

And some wind damage — second within two weeks — was reported in the Colorado City area.

* * *

County Agent Jack Burkhalter said the rain was a big help, especially for late cotton.

But he was pessimistic concerning the benefit to May cotton.

Sizzling summer temperatures during the last two weeks already may have stunted early cotton, he said.

"Some of the earlier crops," Burkhalter said, "already were burned and starting to bloom at the top.

"And cotton was beginning to wilt down and not revive much at night . . . and that may mean that some crops are pretty well stunted.

"But the rain is going to help a lot," Burkhalter added, "especially the cotton planted after mid-June or around June 20."

* * *

Here in Colorado City the official rain gauge recorded .53. That came in one big downpour after 4 p.m. —causing cancellation of the Independence Day community-wide picnic in Ruddick Park, knocking out golf play at Colorado Country Club and resulting inhasty switch of the community church service from Ruddick Park to First Methodist Church.

Wind gusts accompanying the local rainstorm caused approximately $500 in damage at Texas Drive-In Theater on State Highway 208 (to Snyder), according to Elliott Dixon, theater manager.

The wind wrecked four sections of the theater's tall fence. It also tore off part of the tin roof on a building at the former Western Drive-In.

Hail damaged neon lighting at Lone Wolf Drive-In Theater, but the hail toll was not heavy.

TV antennae continued to suffer. Among those damaged Wednesday was an antennae at the residence of John D. Harvey, 827 Vine.

Rain reports from across the county follow:

Westbrook — Mrs. C. M. Alvis reported 1.8 inches of rain in the town.

South of Westbrook — T. C. Hart, located five miles south of Westbrook, reported 1.50 inches.

Fairview — No rain, according to Mrs. T. L. Holman, and Carr residents reported only light sprinkle.

Buford — Rain was varied within the area. Mrs. Hattie Blassingame reported .45 at her home, two miles north and one mile east of Buford. However, L. L. Bodine,

Independence Day Events Draw More Than 4,000 Participants

More than 4,000 persons participated in Colorado City's Independence Day observance.

And hundreds of the participants were from out of town, mostly from a 150-mile radius.

At least 1,000 men, women and children converted on Lake Colorado City Tuesday night and Wednesday for fishing, camping, picnicking, boating and water sports.

Baseball and swimming contests each attracted audiences of about 500.

But the biggest crowd assembled in front of Civic House Tuesday night for square-dancing in the street. Jim King's Boys from Big Spring furnished the string music and guest callers from 10 West Texas towns took turns at the microphone.

There were more than 150 dancers with the street filled with as many as 13 squares at a time.

Mrs. and Mrs. Lloyd Engman of Johnson City, Tenn., received eight large tumblers at the prize for the dancers traveling the longest distance for the celebration.

The Tennessee couple was visiting in Fluvanna and decided to participate in the dance festival after noticing publicity for the event.

"We're dancing every dance," Engman said at the prize presentation, "and enjoying every minute of it."

Taking home a large salad bowl with salad spoon and fork the prize for the best dressed dancing couple were Mr. and Mrs. Don Duty of Lubbock.

Ben Davis of Slaton, also one of the best dressed dancers, was named the best celler and received a set of steak knives.

Marshall Flippo of Abilene was master of ceremonies for the giant dance that was just as popular with the huge crowd of spectators, that jammed the sidewalks. Directing the event was the Do-Si-Do Square Dance club direction of Dr. Marvin Majors.

Out of town fishermen nudged out Colorado City anglers for the majority of prizes in the July 4th fishing contests sponsored at the lake by Mitchell County Sportsmen's Club.

Bill Nix of Colorado City won a fine rod with lines as he brought in the biggest bass caught during the 24hour contest period from 6 p. m. Tuesday to 6 p. m. Wednesday. His bass weighed 3.25 pounds.

But the other prizes went to visiting fishermen.

J. R. Whitley of Big Spring won a reel with the largest crappie. His winner, incidentally, was only a six-ounce fish.

Hauling in the biggest catfish in the contest was B. R. Mason of Coahoma. His prize-winner was a 7.25 pound blue cat and his prize was a reel.

Brooks Dorn and Charlie Minshew weighed in four pound 14 ounce and three pounds 12 ounce channel cats, but their entries weren't heavy enough to win.

Largest string of rough fish was brought in by Wesley Moore of Midland. He had seven carp that weighed a total of 15 pounds four ounces. His prize was a rod and line.

Largest single carp earned Joe Cramer of Coahoma a year's membership in Sportsmen's Club. His winner pulled the scales at six pounds 14 ounces.

Wind and rain cancelled the Kiwanis Club's community picnic in Ruddick Park. The weather also caused the Ministerial Al-

Kiwanis Hears Pair Report On Convention

Kiwanis Club members Tuesday heard reports from the Kiwanis International Convention held at the close of June in San Francisco, Cal.

Reporting on convention highlights were Winston Gann, club president, and Harold Stephens, both of whom represented the local organization at the convention.

They were among 13,797 Kiwanians and their families participating in the 41st annual convention — largest in Kiwanis history.

At the time of the convention Kiwanis International included 4,203 clubs and 250,146 members.

The local delegates said that convention reports revealed that Kiwanians in 1955 provided treatment for 231,000 children in dental and other clinics, assisted 14,229 delinquents and gave clothing to 79,000 youngsters whose parents could not provide the apparel for them.

In community affairs, they reported, Kiwanians raised $17,500,000 for worthy causes, planted 2,847,000 trees and, entertained 310,000 farmers in joint city-rural programs.

Colorado City Scores Double Baseball Win

Colorado City's Pony League All-Stars and Teen-agers earned baseball victories in Independence Day features here Wednesday.

Both triumps were scored against out-of-town competition before several hundred spectators.

In an afternoon game the Pony All-Stars defeated Spur All-Stars, 7 to 5.

For four innings the local stars failed to connect for a single hit and trailed 0 to 5 as they went to bat in the fifth inning.

But they started a rally in the last half of the fifth and carried it over for a winning margin in the seventh.

Errors placed William Sanders and Billy Key on base to start the C-City rally in the fifth. Dwain Thomason was hit by a pitched ball to load the bases, and then Lucky Merket tripled. Danny Fisher drove Merket home for the fourth run with a double.

Robert Bracy pulled C-City up within one run of Spur with a home run as he led off for the local all-stars in the sixth inning. Key and Merket reached base on errors and scored with the aid of stolen bases as C-City chalked up the 7 to 5 win. Winning hurler was Thomason, who relieved Key on the mound.

In the evening tilt C-City's Teen-agers beat Silver, 11 to 8.

Jimmy Cawthron and Melvin Biggers handled pitching duties for C-City with Biggers finishing the last two innings and getting credit for the win.

The local teen-agers scored their 11 runs on five hits. Silver made the best of three hits for its eight tallies.

IN RUDDICK CONTESTS

Swimming Medals Go to 11 Youths

Eleven youths won nonors Wednesday in the Jaycee-sponsored diving and swimming contests in Ruddick Park pool.

The contests — staged by Jaycee sports committee headed by Coach Bob Reily — were witnessed by approximately 500 spectators.

Swimming and diving shared the local sports spotlight with Pony League and teen-age baseball during the city's Independence Day observance.

Swimming and diving competition at Ruddick Park was in junior and senior divisions for both boys and girls. Winners received medals.

Sheila Wallace beat eight other swimmers to win the junior girls free style swim. Judy Bilberry was best among nine contestants in the junior girls sidestroke while Carol Burdine was winner of the junior girls backstroke against four other swimmers.

In the senior girls competition Marcella Watson made a clean sweep of all three events, winning first in each the free style, sidestroke and backstroke. There were three entrants in each event.

Scoring wins in the junior boys division were Charles Roach, Wayne Reid, local swimmers, and Curtis Ratliff of Fort Worth. Roach was first in free style against three competitors. Reid won against two in the sidestroke and Ratliff won the backstroke in a field of three.

Barton Smith beat five swimmers in the senior boys free style and then raced to first place in the two other senior boys events — sidestroke and backstroke. He beat two swimmers in each of the last two events.

Judy Bilberry won junior girls diving and Sue Windham was first in the senior girls division.

Danny Maples was the best of five junior boys divers.

In the senior boys event Bud Windham was champion diver. However, he finished only one point ahead of Bobby William in the field of five. Judges scored it 40 to 39 for Windham.

A diving exhibition was staged by Tommy Ratliff, former school teacher here and now a resident of Fort Worth, and W. H. Baker, ex-athletic star at Colorado High and now of Lubbock.

FOR a warm-weather porch or back-yard supper, how does this combo sound to your appetite—a basketful of fried chicken, crisp French bread and a tangy cheese aspic using some of our own American blue cheese?

Blue Cheese Aspic

Three tablespoons unflavored gelatin, ¾ cup cold water, 4 cups tomato juice, ½ cup finely chopped onions, 1½ teaspoons Worcestershire sauce, ½ teaspoon salt, ⅛ teaspoon pepper, ¾ cup crumbled American blue cheese (about 4 ounces).

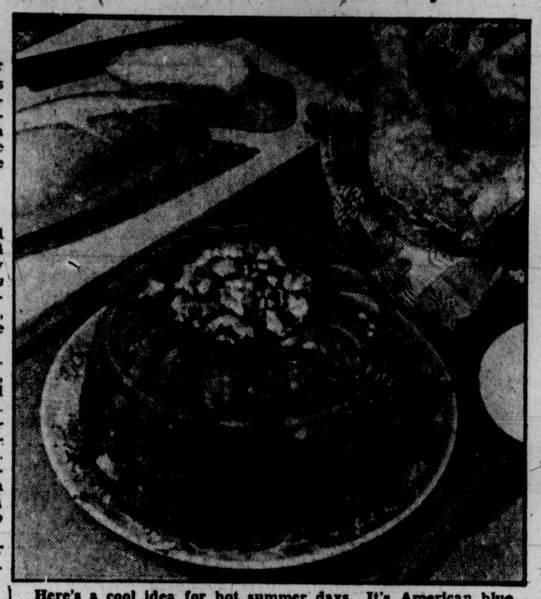

Soften gelatin in cold water. Combine tomato juice, onions, Worcestershire sauce, salt and pepper. Heat to boiling point. Add gelatin and stir until dissolved. Chill until slightly thickened. Fold in ½ cup cheese. Pour into 5-cup mold. Chill until firm. Unmold and garnish top of mold with remaining ¼ cup cheese. Surround with crisp salad greens, if desired.

Blue cheese slaw is another good American recipe. Enjoy it.

Blue Cheese Slaw
(4-6 servings)

Four cups shredded cabbage, ½ cup coarsely grated carrot, 1 small onion, thinly sliced, 1 medium-sized apple, cored and cut in thin strips, 1½ tablespoons lemon juice, 1 cup sour cream, 1 tablespoon wine vinegar, 2 tablespoons grated processed Cheddar cheese, ½ cup crumbled American blue cheese (about 3 ounces), ½ teaspoon salt, ⅛ teaspoon pepper.

Combine cabbage, carrot, onion, apple and lemon juice, toss lightly. Combine sour cream and remaining ingredients. Pour over slaw and toss lightly, but thoroughly. Chill before serving.

Here's a cool idea for hot summer days. It's American blue cheese tomato aspic to serve with cold fried chicken.

REPEAT DOUBLE RING VOWS

Nellene Parnell Becomes Bride Of C. W. Iglehart in Home Rites

Miss Nellen Parnell of Loraine Sunday became the bride of C. W. Iglehart Jr. in the home of the groom's parents, Mr. and Mrs. Conway Iglehart Sr., at 117 Austin Street.

The bride is the daughter of Mr. and Mrs. Virgil H. Parnell of Loraine.

Rev. Fred Robinson, pastor of the First Assembly of God Church, read the double ring vows in a mid-afternoon ceremony.

Large baskets of yellow and cream galdioli with streamers of plumosa fern formed an arch in an open doorway. White wedding bells hung from the center of the archway.

For her wedding the bride wore a dress of pastel yellow cotton satin fashioned with princess lines. The high, rising, empire bodice was accented by a softly draped cowl and short, set-in sleeves.

She carried a yellow orchid surrounded by white feathered carnations.

Reception table was laid with a lace cloth and centered with a crystal punch bowl outlined with plumosa fern. The three-tiered wedding cake was topped with a miniature bridal couple.

Miss LaVonne Claxton and Miss Priscilla Givens of Loraine served cake and punch.

For their honeymoon trip to New Mexico the bride changed to a brown twist-knot sheath dress, complimented by white accessories and a corsage from her bridal bouquet.

The bridegroom is a graduate of Colorado High School. Mrs. Iglehart attended Loraine Schools.

Among relatives attending the wedding and reception were Mr. and Mrs. Don McCorcle and daughter, Sherri, of Abilene.

SENTERFITT—
Continued from Pg. 1

ery and ridiculous appeals.

"And I believe they want somebody to present a practical program."

But Senterfitt—whose references to "labor bosses" and "special interests" was focused on Ralph Yarbrough, Senator Price Daniel and W. Lee O'Daniel—said that it was hard to present a practical program in a glamorous way.

"That's why I'm advocating the public forum," he added.

The candidate for governor emphasized another point during his sidewalk campaign here.

He made the emphasis with pencil and paper — drawing a rough map of Texas and outlining the 2nd Congressional District in a tiny area of far East Texas.

"For years the 2nd District has furnished our governor, lieutenant governor, U. S. Senator and congressman-at-large," Senterfitt said, "and I believe the people want that changed with better representation."

Senterfitt, one of only two men in Texas' history to serve two consecutive terms as speaker of the House, said he's trying "awful hard" to tie the governor's race into July 28 precinct conventions.

"The next state Democratic convention is supposed to be the governor's convention," he explained, "and it should be tied to the administration for the next two years.

"And any candiate avoiding convention issues is avoiding his responsibility"

Senterfitt was not hesitant in identifying Daniel with "fence straddling trying to please everybody."

"Yarbrough is obviously a liberal," he continued, "and I make it pretty obvious that I am a conservative."

Mrs. Senterfitt was driver of the Senterfitt sedan on both arriving and departing the city. She was assisted in passing out campaign literature by Shirley, 10, and Linda, 9.

Only member of the family missing out on this West Texas tour — beginning in Wichita Falls, swinging to Amarillo, then touching Abilene, Colorado City, Pecos and San Angelo — was the Senterfitt son, Ronnie, 7, who remained at home tired out from a previous tour.

"I don't think the laboring people want to be dictated to," Daniel said, "and I don't want to see any paid labor leaders take over and try to dominate my state government."

Daniel said the best way for an indivinual to have the kind of government he wants is to "go and vote and go to your precinct convention."

"I think the people are tired of bitter mud-slinging in campaigns," the senator said, "and they want a candidate to run on his own positive program.

"We need honesty and integrity in campaigning just as much in public office.

"We are not going to get clean government from those who don't run a clean campaign."

Daniel, answering criticism about his running for governor while still being a member of the U. S. Senate, said he would resign from the senate — if elected governor — in time for "you to have opportunity to pick my successor at the ballot box."

liance to switch the community-wide church service Wednesday evening from Ruddock Park to First Methodist Church.

The weather, cancellation of the picnic and change of site was a major reason for the small turnout at the worship service. Guest speaker was Dr. Guy Newman, president of Howard Payne College in Brownwood.

A crowd of several thousand persons lined downtown streets Wednesday morning for the Independence Day parade, but were disappointed by the meager display. Plane flights over the city were cancelled by Goodfellow Air Force Base as a "saving for taxpayers" and other units planned for the parade did not show.

PIRATES SLIP BY GIANTS 13-12

Indians Play Yanks 3-3 Tie In Extra Inning Ball Game

Indians rose to new heights Monday night, playing the league leading Yankees on even terms for nine full innings before settling for a 3-3 tie in the Little League.

Pirates outscored the Giants 13-12 to throw the two teams into a tie for second place in the other Little League tilt.

* * *

The Indian-Yankee tie game was a well-played affair for the entire nine innings.

Indians got only six hits off Yank hurlers Barney Barnett and Jess Franco while the Yanks touched Redman twirlers John Thompson and Kenneth Cloud for nine safeties.

Yanks Louis Franco marked up the game's first run in the second frame. He walked and scored on Felix Salmeron's double.

Indians tied the count 1-1 in the third when Alton Currie was hit by a pitched ball and scored on Kenneth Beasley's single.

Lead changed hands in top of the fourth when Franco walked for the Yanks and scored on error.

The cellar-dwelling Indians, determined to make a good account of themselves, rallied for two runs in bottom of the fourth to go ahead 3-2.

Bill McGuire and Thompson racked up the runs with the aid of Cloud's double.

But the Yanks, not used to losing, pushed across a run in top of the fifth to tie the score 3-3. Bonillo used an Indian error and J. Franco's single to mark up the run.

The remaining 4½ innings saw the Indians go down 1-2-3 except for one single by Harry Johnson in the eighth.

The Yanks threatened numerous time with runners left on third base four times, but to no avail.

* * *

Giants, who last week had a shot at the league lead, tried hard to defeat the Pirates Monday but lost the chance.

Giants were leading 12-11 going into the Pirates' half of the sixth inning.

But the Pirates rallied for two runs in the sixth to take the game, 13-12.

Martin Christian and Charles Houston were the Pirates that crossed the plate for the winning tallies.

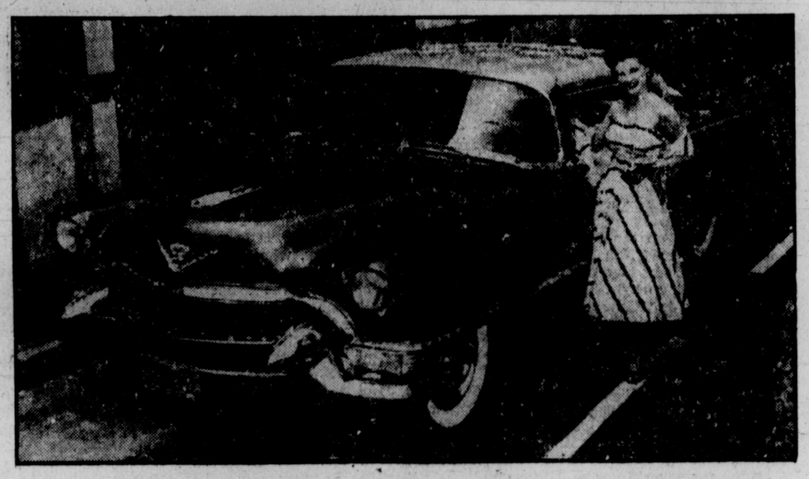

Runs came fast and free as the sun in the early innings.

Pirates marked up 10 in the first three innings while the Indians were scoring six, all in the second frame.

Pirates added one in the fifth when Curtis Scott doubled and scored on Archie Biggers' bingle.

Then the Indians went ahead 12-11 in bottom of the fifth on six runs. A combination of three hits and three Pirate errors did the trick.

Then the Pirates brought on their sixth inning rally that won the game.

RUNNING TRUE TO FORM

Athletics, Cardinals Keep Win Streaks With Pony Victories

The 1-2 punch of the Pony League—Athletics and Cardinals—ran true to form Tuesday night, each winning their game.

Athletics took care of the White Sox 9-6 in the first tilt while the Cardinals socked the Braves 8-5 in the other affair.

It was the Athletics' muscular ebony twirler Robert Bracy that shackled the Sox for four innings with two hits before giving way to ace Billy Key in the fifth.

But Bracy's stint on the mound was dulled somewhat by one of the longest home runs ever hit in the park.

It was the White Sox's Don Vest that powered the home run over into the next block on one of Bracy's pitches, with two Sox mates on board.

But Vest didn't stop there.

In the fifth, he throttled another pitch for another terrific homer, again with two Sox runners on the bases for a total of six runs batted in.

And that accounted for the White Sox's total of six runs in the game.

Athletics' runs came a little harder than the Sox's, but there were more of them—nine in fact.

Dwayne Spivey and Key combined with a single and double to score two runs in the opening stanza.

Bracy—who scored three times in the game—marked up his first run in the second inning after walking to give the Athletics a 3-0 lead.

Then came the Sox's first three runs, thanks to Vest, for a 3-3 tie.

Bracy and Maples scored in the fourth for an Athletic lead of 5-3.

But Vest's second homer put the Sox ahead 6-5 in the fifth.

In the sixth, Vest ran out of homers and the Athletics bats came to life for four runs.

Bracy opened the frame with a homer. Ronnie Stacy and Maples both singled and Spivey walked to account for the runs.

Braves rallied for three runs in the seventh inning against the Cards in the second game, but the Card lead was too great.

Lucky Merket marked the game's first run to give the Braves a short-lived 1-0 lead.

Dwain Thomason countered for the Cards with a run in bottom of the second.

Then the Cards started moving. Hunter Mann, winning pitcher Dickie Richardson and Jerry Cannon all scored in the third; Mann hit a homer in the fourth; Cannon and Thomason scored in the fifth.

Both teams scored one run in the sixth with Mann doing the honors for the Cards while Simmons whammed a homer for the Braves.

Then came the Braves three runs in the seventh on singles by Merket and Henry Burton, double by Anderson and single by M. Williams.

Richardson gave up eight hits while Brave twirlers Romaldo Lujan and Merket limited the Cards to seven.

Key Tosses 3-Hitter as Cards Fall

Billy Key hurled a three-hitter as the Athletics blanked the Cardinals 4-0 Thursday night in the Pony League.

Braves won their second game of the season as they downed the White Sox 6-5.

Key struck out 12 Card batters while Card hurler Dickie Richardson was whiffing 10 Athletics.

But Richardson had more trouble with the batters, allowing the Athletics nine safeties.

Steve Smith scored the first Athletic run in the second. He doubled and tallied on Ronnie Stacy's single.

Athletics chalked up added runs in the fourth. With two outs, Red Lindsey went to first on an error. Danny Maples, Dwayne Spivey and Robert Bracy connected for singles to complete the scoring.

Cards got runners as far as third base but none found the way home safely.

* * *

A fourth inning rally by the Braves provided them with a one-run margin over the White Sox in the other Pony game.

Behind 5-3, the Braves pushed across three runs. Douglas Hodges got to first on an error and scored when William Sanders powered a home run over the fence.

Lucky Merket scored the third run of the inning after socking a double.

White Sox had led up to that point.

Infact, they took a 3-0 lead in the first frame. William Houston, Bobby Lemons and Don Vest all scored in that inning with Vest's double the big knock.

Jerry Williams and Merket scored for the Braves in bottom of the first to cut the lead to 3-2.

Braves tied it up 3-3 in the second when Don Thomas scored after hitting a single.

White Sox, with the aid of Vest's home run and Danny Fisher's score, jumped ahead 5-3 in the third.

Then the Braves rallied and took the game.

Merket, who took over pitching for Romaldo Lujan in the fourth, fanned six Sox in the last three inning.

Vest and Fisher handled the Sox pitching.

Yankees Edge Giants, 3-2, To Keep Lead

Giant's bid for a share of the Little League lead fell short Friday night as the Yankees won 3-2.

In another close contest Friday, Indians downed the Pirates 3-2.

Yankees scored all three of their runs in the third inning off losing pitcher Sammie Vaughn. Jesse Franco started the Yanks off with a single and scored on a wild pitch.

Tommy Humphreys singled, Bonilla walked and scored when Joe Anderson's lick was bobbled.

Yanks threatened again in the fourth inning. J. Franco and Barney Barnett were left on third and second base, respectively.

In the fifth, Giants put two runs in the scorebook. Bobby Stewart and Dickie Summers both singled and scored on Roger Richard's triple.

Giants outhit the Yanks five to three but the Yanks use their hits to more advantage.

Nine Giants went down via the strike out route while Vaughn fanned 10 Yankees.

It was one of the most closely-fought contests of the year in the league.

* * *

Indians won their third tilt of the season by edging the Pirates, 3-2.

Indians got only two hits off the Pirates but fast base-running paid off for the Redmen.

Pirates were able to parlay their four hits into only two runs.

Kenneth Cloud racked up the first Indian run in the initial inning.

Pirates tied the score 1-1 in top of the fourth when Archie Biggers scored.

Indians went ahead in bottom of the fourth when Bill McGuire walked and scored on Sylvester Williams' double.

Indians added what proved to be the winning run in the fifth frame when Jackie Mackie crossed the plate.

Pirates almost tied the score in the sixth. Curtis Scott singled and scored on Danny Garcia's triple.

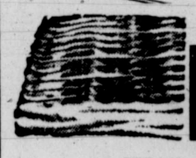

Garcia on third represented the tieing run but Indian relief pitcher John Thompson forced the next batter to ground out to end the game.

BIBLE COMMENT

Tolerance Is Vital In Christian Life

If one reads the earlier history of many churches, the impression spreads that there were individuals whose religion consisted chiefly in the delight that they took in disciplining others.

In general it may be said that the Church has been far readier to adopt Paul's suggestions about discipline than it has been to put into practice. Paul's much more important teaching concerning love as the greatest thing in the world.

A good cause is never well served by intolerant attitudes. There is such a thing as being intemperate, even in our advocacy of temperance.

At a temperance convention was heard the loud and raucous voice of a rather intolerant man and was haranguing the crowd.

My friend, a total abstainer and strongly opposed to the liquor traffic, said to me, "I never hear that man advocate temperance without feeling like going out and having a drink."

If a man so thoroughly devoted to the cause could be reacted upon in that way, what must have been the effect upon others?

The temperance cause has been served most able by those who have first of all practiced temperance, and who in their total life and conduct have manifested the beauties and graces of Christian living.

In his letter to Titus, Paul sets forth the things which, as he puts it, "befit the sound doctrine."

It is a plea for temperance, sober-mindedness, love, and patience, for well-disciplined, nobel living, the sort of thing that will never bring shame upon ourselves or disgrace upon the Church.

It is as we make all these constructive virtues evident in our lives that we exert the truest influence on others, while attending what is best for ourselves.

Land Offers Best Farmer's Market

By JOHN C. WHITE, Agriculture Commissioner.

During recent years agriculture has been a notoriously bad business to get into.

Crop prices have dropped steadily and net farm income is now the lowest in our nation economy.

Yet, in spite of this farm depression, the farmer's chief investment—the farm itself—has risen in cost to about the same extent that prices for commodities have dropped.

There are several reasons for the rapid rise in land prices. The most important has been the need of farmers for additional land to off-set lower acreage allotments, other farmers need more for additional land to take full advantage of increased mechanical equipment and keep income up, despite falling prices, with added production.

Then too, business and professional men with plenty of money to spend have been investing in land. Some want a farm as a place to retire, and other buy small farms for homes and hobbies and tax write-offs. farm land prices in suburban areas have gone up most.

But despite this strong demand and prices up nearly 30 per-cent since 1950, farm sales have continued at a very low level. Those who could have held into their land, either because of stubbornness and determination to stay put or else for higher stakes.

However, for those who are holding out for all-time-high prices on that land they have for sale, a word of caution is advised.

Of course, it is sometimes hard to evaluate a good land in tems of cash, considering what natural and human resources have gone into "making" a form. But, practical matters considered, most current land prices are about levels that can be justified by present or prospective earning.

Farm operating costs are almost certain to go higher. Labor wages are on the upward trend, and so are transportation, machinery and other supplies. The cost-price squeeze shows little or no signs of easing. Refinancing credit is less plentiful, and interest rates higher.

Also, there is no land shortage in sight, probably not for two generations, more than plentiful for our population.

In short, unless there is a more rapid rise in farm commodity prices than now appears likely, it will take longer to pay out a farm on the present market than at any time in 40 years if the farmer relies solely on the sale of farm products. And that's about all they grow.

WATER DEVELOPMENT FUND PROPOSED

Politicians, Party Leaders Wave Banners, But Texans Most Concerned With Waters

By VERN SANFORD, Texas Press Association.

Politicians are waving their banners. Party leaders seek to rally their cohorts. But right now Texans are far more concerned about wafer.

Farm and city dwellers alike are hard hit. Years of drought have added up. Sizzling summer temperatures, unabated since the last of May, have finished off crop prospects for 1956 in many areas.

Few expect relief before the end of summer. Most despaired some time ago of rains that would "really break" the drought.

In Austin and elsewhere attention focused on the often-bitter scrambles for dwindling streamflows. Prolonged and frequently heated testimony has been heard by the State Board of Water Engineers on water rights from the proposed Canyon Dam in South Central Texas.

San Antonio sought permission to take 100,000 acre feet of water annually from the dam. It is the only way, said San Antonio officials, that the city can meet its future water needs.

Guadalupe Blanco River Authority strenuously opposed the request. Joined by citizens of some 20 small towns in the area GBRA contended that the city allocation would not leave enough for downstream users, nor enough to operate a hydro-electric plant.

Testimony is expected to continue for several weeks. Ultimate decision probably will set a precedent for future controversies.

Farther South, the Rio Grande reached its lowest point since it stopped flowing completely in 1953. Falcon Dam was shut down, and a watermaster was appointed to ration the dwindling supply among Valley cities.

Legislators making up the state water resources committee came out with an idea for the future. They proposed a $100,000,000 Texas Water Development Fund. Controversy over whether to finance water conservation by an ad-valorem or water-use tax defeated the program last session.

This new approach of financing through bonds would by-pass the difficulty, said proponents. But it would take a long time. First, legislative action; then a constitutional amendment by the people.

Meanwhile farmers are leaving their parched fields and looking for work in town to support their families.

State Capitol NEWS

Labor Unions Active

Members of Texas' labor unions are working hard to place Liberals in control of state and party offices. And, a politically-confident tone prevailed among some 1,000 delegates at the State Federation of Labor convention here.

Union labor leaders, who played a might important part in ousting the conservatives from control of the Democratic party, have openly announced that they will campaign to: (1) Elect Ralph Yarborough governor; (2) Elect legislators friendly to labor; (3) Defeat Lt. Gov. Ben Ramsey; (4) Gain control of the state Democratic convention in September; and (5) Elect liberals to the state Democratic executive committee.

Decision Pending

Texas' right-to-work law now awaits state Supreme Court ruling, possibly July 11.

Opponents and backers of the law clashed sharply in final arguments before the court. Union attorneys declared that the Texas case parallels a Nebraska suit in which the U. S. Supreme Court recently voided that state's right-to-work law in the railway industry. Railroad attorneys objected strenuously. They declared the Texas case presents much broader issues.

Said Atty. Gen. John Ben Shepperd, in behalf of the Texas law, "The issue before this court is the right of any Texas citizens to work in his chosen occupation without being forced to give allegiance to any organization which might be against his personal beliefs."

New Highway Policy

An important new step in state policy has been announced by the Texas Highway Commission, for administering the new Federal highway aid program.

If and when the state provides it more money, the commission will begin to assume part of the heavy cost of right-of-way — now borne wholly by cities and counties. This for highways of the primary state system not included in the new federal interstate system.

Capitol To Be Doubled

Plans for a vastly expanded, 25-square-block Capitol area have been unveiled by the State Building Commission.

Originally the commission had outlined plans for extending the grounds northward two full blocks to 15th street. This would provide space for the new office building and state courts building, due to be started sometime next fall.

In adopting the official Capitol master plan, the commission designated future Capitol area all the way to 19th street and pinpointed locations of two more future office buildings.

Local Option Ruling

A local option liquor election is not legal if held in an area less than an entire justice precinct.

By this ruling the Third Court of Civil Appeals made "wet" a large section of Austin which had been "dry" for 21 years. It cast doubt on similarly held elections over the state.

The decision is subject to view by the Supreme Court.

Retail Sales Up

By early June Texas re trade had bounced back from spring slump. But it failed match the 1955 average.

Sales rose 11 per cent f April to May. Durable goods w up 13 per cent.

But for the year as a wh they are still substantially hind. Reason given by analyst overproducing and overselling many automobile and appli makers last year.

Short Snorts

State recovery of veterans funds was increased to $1,299 after an Austin district court dered a judgment for $45 against J. Paul Little of Cry City. Little has been loser in suits totaling $179,000. Two m are pending . . . Texas' shar federal highway building fu will be tripled by the new aid which has just received final gressional approval . . . Gov. lan Shivers is urging the nati governors to work for legisla to prevent federal laws from perseding state laws . . . REDDY KILOWATT SUGGESTS:

Timely Tips

to help you get the most efficient cooling from your

REFRIGERATED ROOM AIR CONDITIONER

COOL ONLY AN AREA WITHIN THE SIZE your unit is designed to cool. When cooling a larger area, the unit is overworked and its efficiency is lowered.

KEEP AIR FILTERS CLEAN. Clogged filters lower efficiency of the unit and cause it to use more electricity.

INSULATE CEILING AREA above room being cooled. Insulation is comparatively inexpensive and keeps hot air out, cool air in.

LOCATE UNIT IN SHADE if possible. The north side of house is best, followed by east, south and west. Proper shading of unit increases its efficiency.

PROPERLY REGULATE intake of outside air. This is important to operating efficiency of your unit. Follow manufacturer's instructions carefully.

KEEP OUT DIRECT SUNLIGHT. It brings in heat which your unit must work extra hard to remove. Awnings over your windows will help.

AN AUTOMATIC THERMOSTAT is recommended to hold room temperature to 78 to 80 degree level recommended for comfort. Each degree below 78 degrees increases power consumption unnecessarily.

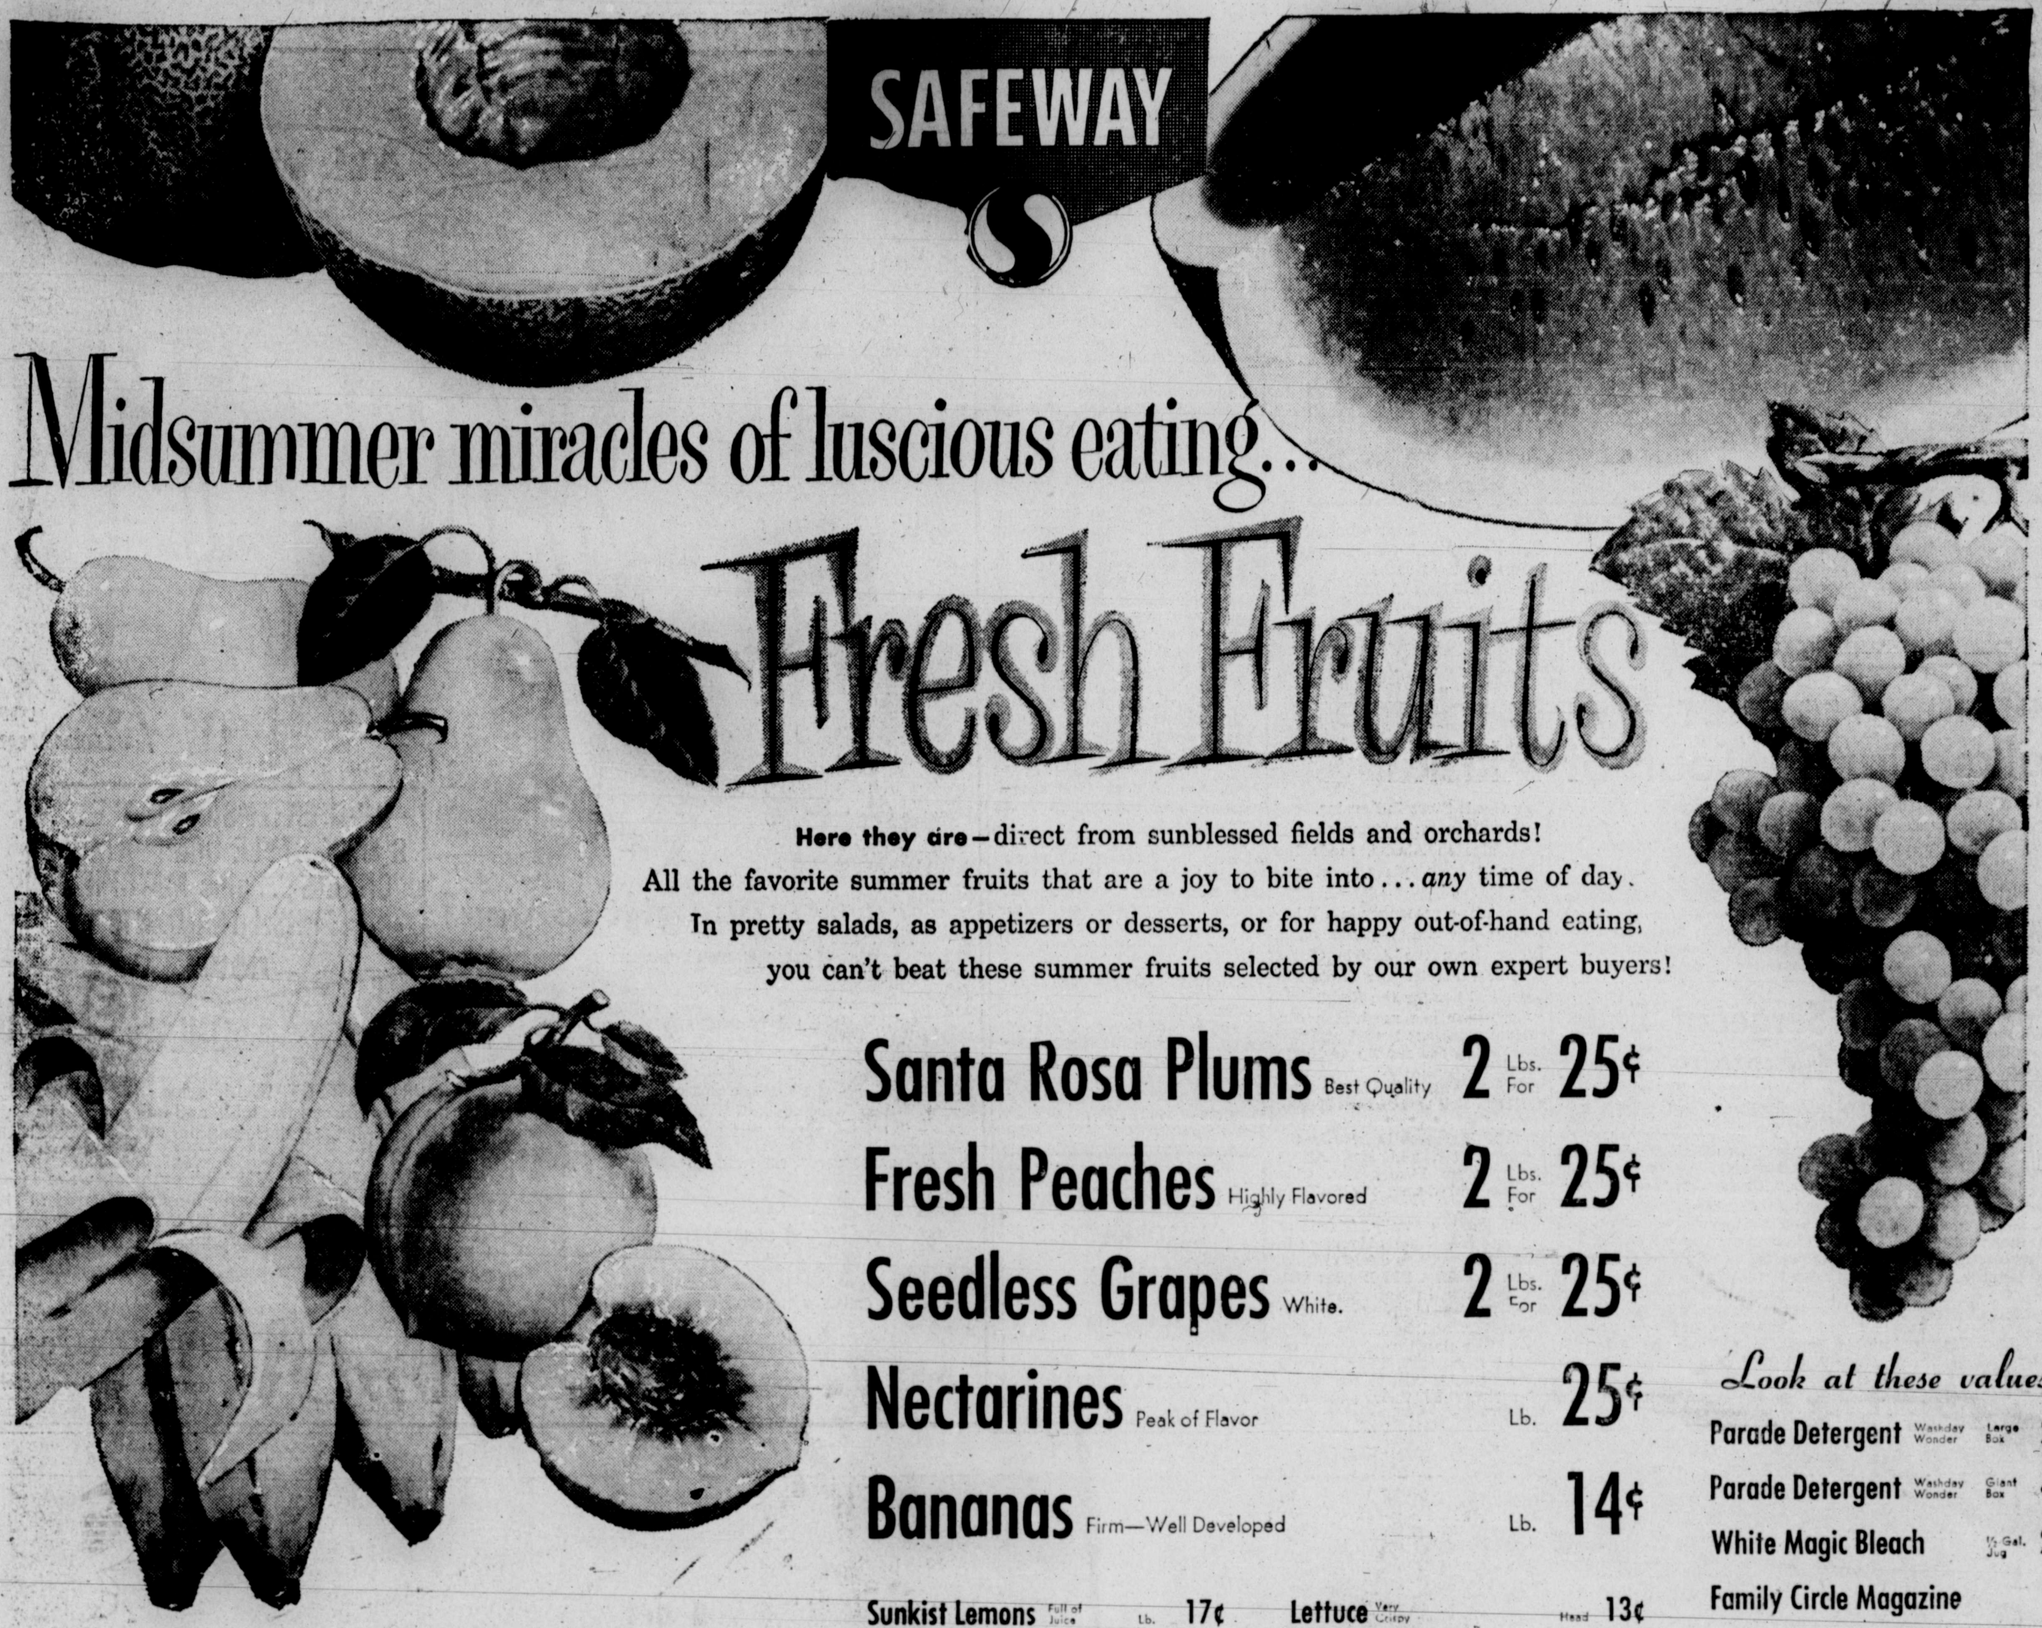

REMEMBER, TOO, that operating cost i governed by hours of use. Turn off your unit when you expect to be away for several hours. You can quickly lower the temperature when you return.

LIVE BETTER ELECTRICALLY

An Electric Refrigerated Room Air Conditioner is a wonderful boon to comfort during hot summer weather. Follow Reddy's tips and make the most efficient use of your unit. It will help you LIVE BETTER ELECTRICALLY!

MRS. ISON ON TWO-WEEK TRIP

Loraine Traveler Meets 'Home Folks' During Tour of Alaska

By MRS. C. C. HAMILTON
Record Correspondent.

LORAINE—There were plenty of "home folks" for Mrs. Henri Gay Ison to visit with in Alaska.

Mrs. Ison, dry goods store owner here and former school teacher, returned recently form a two-week vacation tour in Alaska.

And she brought back news from four persons with family ties in Loraine.

The Loraine store owner in Alaska visited Ketchikan, Juneau, Anchorage, Fairbanks, Fort Yukon, Circle Hot Springs and Cooper Center.

She was recognized as the first tourist from Texas this season to visit Mt. McKinley National Park.

In Anchorage Mrs. Ison visited with Gordon Mahon, son of Mr. and Mrs. John Mahon, who is stationed there with the Army. Mahon expects to return to the states in October for discharge from military service.

Mr. and Mrs. Oscar Mongtomery were visited at Mt. McKinley Park Hotel.

And in Fairbanks Mrs. Ison visited with Mrs. Eileen Kimzey Matson, whose husband is on military assignment there. Mrs. Matson is a granddaughter of Mrs. Lois Caswell, clerk in the Ison Dry Goods Store in Loraine.

Mrs. Ison, who traveled last year also in Alaska, made her tour by train, plane, boat and bus.

She was a passenger in a Wien-Alaska Air Lines plane on a flight above the Article Circle. A "world traveler" certificate was presented her for the flight.

Last year she received a certificate when she landed at Point Barrow, on the far tip of North American continent.

This summer Mrs. Ison's most northern visit was at Fort Yukon.

* * *

Visiting recently here in the home of Mr. and Mrs. Alfred Richey were Master Sgt. Glen Hughes and daughter of San Diego, Cal.

The Hughes family, friends of Sgt. and Mrs. Harris Hamilton in California, were on a trip to Ohio.

Mr. and Mrs. Bill Bowles visited recently in Spearman with Mrs. Bowles brother-in-law and sister, Mr. and Mrs. Royce Beights. The Bowles children returned home with their parents after a week's visit in the Spearman home of their aunt and uncle.

Week End Guests

Mr. and Mrs. Marvin Beights and children of Kaufman were week end guests in the home of Mrs. Beights' parents, Mr. and Mrs. Percy Bond.

Sergeant Ends Germany Tests

Army Master Sgt. Ivey S. Herrley, son of Mr. and Mrs. A. A. Herrley, Hermleigh, recently completed a series of field training tests with the 10th Infantry Division in Germany.

The test included squad, platoon and company combat tactics and individual survival under simulated battle conditions.

Sergeant Herrley, a platoon sergeant in Medical Company of the division's 85th Regiment at Grafenwohr, entered the Army in April 1954. He arrived overseas in October 1955.

His wife, Irene, is with him in Germany.

Band Twirler Enrolls for July Course

Mary Hazard, daughter of Mr. and Mrs. O. E. Hazard of 1024 Chestnut St., has registered for McMurry College's eighth annual summer band and twirling school, to be held here on the McMurry campus July 15-28.

Miss Hazard twirler for Colorado High Wolf Band, will receive instruction in twirling.

Raymond T. Bynum, professor of music and director of the indian Band at McMurry, said that 335 students from more than 70 Texas towns and cities had registered for the two-week band and twirling clinic through July 1.

Final registeration is expected to top last summer's enrollment of 370, Bynum said.

The students will be housed in McMurry dormitories and will take their meals in the college dining hall. They will receive instruction in solo, ensembl and concert band playing, music theory, twirling and drum majoring from a staff of 22 instrumental music and twirling teachers.

The twirling staff of nine instructors will again be directed by Bill Adkins of Haskell and Mrs. LaGaytha Gothard of El Paso, two McMurry and alumni who are now teaching in Texas public schools.

Adkins is a former drum major of both the McMurry Band and the University of Texas Longhorn Band. Mrs. Gothard is a former McMurry Maidenette, featured twirler with the Indian Band.
