THE FIRE DEPARTMENT AND THEIR BIG TROUBLE

"In every town where there is a volunteer fire department the big hindrance it has to contend with is people getting in the way, both in its travel to a fire and in its work while fighting the blaze. The moment the siren sounds, folks jump into their cars and hike for the fire station. They get in the way of the fire truck as it hastens to get along to the scene of the fire, and are still in the way when the firemen hustle to hook the hose on to the hydrant.

"Here is an excerpt from the new State Uniform Traffic Code, that if enforced, might soon eliminate this hindrance effecting all volunteer fire departments:

"Following Fire Apparatus Prohibited. The driver of any vehicle other than one on official business shall not follow any fire apparatus traveling in response to a fire alarm, or drive into or park such vehicle within the block where the fire apparatus has stopped to answer a fire alarm.

"Crossing Fire Hose. No driver of a vehicle shall drive over an unprotected hose of a fire department, without the consent of the fire department official in command.

"Every person convicted of a misdemeanor for a violation of any of the provisions of this act shall be punished by a fine of not less than One Dollar (\$1.00), nor more than Two hundred dollars (\$200.00).

"It is requested that everybody driving a car pull to the curb or side of the street when the fire siren starts sounding, and remain at a standstill until the siren stops, or until all fire equipment has passed.

Beginning immediately, all violators of the above regulations will be fined, if caught."

The above article appeared in one of our exchanges last week. It reveals that Munday isn't the only small town that has trouble with eager citizens cutting down the efficiency of her fire department.

Which reminds us. The Fire alarm sounded one morning last week, just as we reached the post office on our way to open shop. We just kinda sorta stopped and took cognizance of what was happening.

There was a hurry-scurry for the fire station by members of our fire department who wanted to "hang" the fire truck as she pulled out.

Some cars stopped at the sound of the siren, others slowed down, while still others continued their regular speed.

One truck pulled out and headed lickerly-split for the fire, hitting the main street and heading on west.

A whole batch of cars took out in hot pursuit, some driven by firemen, some by followers who wanted to see the fire equipment in operation, possibly not dreaming that their act of staying close on the heels of the lead truck caused any danger or hindrance.

Two large trucks, one flat-bed, another with side boards, struck out after the fire truck, the drivers not too observant of speed limits.

The second fire truck pulled out, with sounding of siren and clanging of bell.

As it came upon main street and turned right, the driver had to make a pretty short turn to avoid a collision with a car, which should have been stopped, but which had joined the caravan to the fire.

As this truck got well under way, another batch of cars joined in the pursuit. From all appearances, it was a real fire, and was gonna take the entire town to put out the blaze.

Soon everything was quiet again downtown. By a sort of miracle, or something, no one had been hurt, and there had been no collisions.

People who did not head fireward stood on the street corners, looking in the direction in which the firemen and their "fans" went, and wondered where and what the fire was.

Within a few minutes, the fire trucks returned and were backed into their stalls at the city hall.

Firemen went back to their usual duties. They didn't have to string the hose. It was only a grass (Continued on Last Page)

Soil District Buys Drill To Aid Farmers

The District Board of Supervisors of the Wichita Brazos Soil Conservation District purchased a 16 hole Van Brunt grain drill with fertilizer distributor to be routed among farmers cooperating in the Soil Conservation District program. At the Board meeting Friday afternoon the Board of Supervisors agreed to charge \$4.00 per acre for the use of the drill, which will be used as a maintenance fund. District cooperators who plan to use the drill should make a request to the Supervisor nearest them or to the Soil Conservation Service office at Knox City.

In routing this drill the District Board will give priority to the groups of farmers rather than individuals. Not knowing where the demand for the drill will be greatest, the District Board did not make definite plans as to where the drill will be used first.

In making the drill available to the farmers, the District Board hopes that more cover crops such as rye, vetch, and peas, will be sown this coming fall to help control wind erosion as well as maintaining or increasing the fertility of the soil.

Applications for conservation assistance were approved by the Board on the following farmers and ranchers: R. N. Smith, M. Christian, A. K. and A. E. Boyd, and Mrs. J. N. McGaughey, all in a conservation group at Vera; Hugh Jones, Mrs. T. F. Bush, and J. B. and J. C. Hoorhouse near Benjamin; M. G. Poteet, R. J. Rainey, J. P. Perrin, and C. J. Urban near Weiner; and H. M. Black and George Brown near Truscott. Assistance in planning and applying a coordinated conservation district program will be given to these farmers and ranchers as soon as possible by the Soil Conservation Service technicians at Knox City.

Coordinated conservation plans made the past month by the farmers and Soil Conservation Service technicians were approved by the District Board on the following: Elmer Dickerson, John C. Spann, Clay Grove, Claude Hill, H. H. and J. W. Cowan, and Joe B. King, all near Munday; Dr. G. H. Beavers, Charles Pant Ranch, and Tom Westbrook at Benjamin; C. M. Conner at Rochester, and W. O. and W. H. Casey near Mattison.

Horan Wins In Constable's Race

Munday had a close race, too, when voters went to the polls in the runoff primary last Saturday.

R. F. (Shorty) Horan emerged victorious over his incumbent, E. J. Cude, in the race for constable of Precinct 6, which is Munday, and which was the only local race on the runoff ballot.

Horan won the nomination by only 22 votes. The vote was: South Munday: Horan 107, Cude 99; North Munday: Horan 89, Cude 75. Totals, Horan 196, Cude 174.

Completion Of Paving Work Is Expected Soon

Paving crews employed on Munday's street paving project started putting the "black top" on the city's streets last week, and the work continues to be rushed toward completion.

Practically all of the paving is completed in the north part of town, and work of laying the crushed rock and asphalt in the south part of town will be started in the next few days. Gravel work was completed this week.

It is expected that the project will be completed by September 15, if present dry weather continues. A portion of the "topping" was put down last week, and the week end found many Munday residents motoring on paving they'd never driven on before.

The topping is a triple coating of crushed rock and asphalt.

Weather Report

Weather report for the period Aug. 26th through Sept. 1st 1948 as compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

	Temperature	
	LOW	HIGH
1948-1947	1948-1947	1948-1947
Aug. 26	70	67
Aug. 27	65	65
Aug. 28	71	71
Aug. 29	68	72
Aug. 30	62	71
Aug. 31	61	70
Sept. 1	65	71
Rainfall to date this year, 16.54 inches. Rainfall to this date in 1947, 15.00 inches.		

J. L. Odell Is Named Manager Of Oil Mill

J. L. Odell, formerly of Brownfield, has been named manager of the Munday mill of West Texas Cottonoil Co., to fill the vacancy created by the death of Joe Bob Stevens. Mr. Odell took up his duties here several days ago, and the building program on the mill property will go forward under his supervision.

The new manager is well known to many Munday people, having been born and reared at Haskell. Some 15 years ago, Mr. Odell worked at the local mill for one season, while the late T. G. Benze was manager. He has had between 15 to 20 years experience with the West Texas Cottonoil Co., having served two years with the company's property at Seymour. He was later with the general office in Abilene, and has been at Brownfield for the past five years.

Mr. Odell married while he was working at Munday. While here, he roomed in the home of Mr. and Mrs. W. H. Chapman, now of Texas City.

Mr. Odell's wife and 14-year-old son will join him in Munday within the next few days, and the boy will enroll in the local schools.

Two Killed In Crash Of Plane At Seymour

Two persons were killed instantly when a light passenger plane crashed and burned seven miles north of Seymour at 4:30 p. m. Tuesday. The plane crashed on the Jim Morris place.

Killed in the crash were Ollis Shumake, 30, of Seymour, the pilot, and Mrs. Dorothy Webster of Oklahoma City, passenger. They had flown from the Seymour airport to the Red Springs community. Gordon Campbell, farmer of the Richmond community, and Jake Copeland, farm employee, were eyewitnesses to the crash. They stated the plane circled low as if in trouble, crashed, bounced and burst into flames. The bodies were burned beyond recognition.

Mrs. Webster, her husband and daughter, were visiting in the Shumake home.

Funeral services for Mr. Shumake were held Wednesday at Red Springs Baptist Church. Mrs. Webster's body was returned to Oklahoma City for burial.

Shumake is survived by his wife, mother, Mrs. Pete Shumake of Red Springs; a sister, Mrs. Arnold Winn of Seymour, and five brothers, Bill, Joe and Glenn, all of Red Springs; Johnny of Big Spring, and J. R. Shumake of Ft. Worth.

Dr. Smith To Sell Stock Of Horses

Dr. A. A. Smith announces this week a public auction sale which he will dispose of his entire stock of horses. This sale will be held at the Munday Livestock Commission barn on Friday, September 17, beginning at 1 p. m.

Dr. Smith stated that fifty head of rodeo horses, polo horses and quarter horses, including mares and colts, will be sold at this auction. These horses are of the famous old Dan Waggoner, Tony Waggoner and Old Mack breeding.

The public, and especially lovers of fine horses, are invited to attend this sale.

New Justice

Cecil C. Collings of Big Spring, above, was elected to the office of Associate Justice of the Court of Civil Appeals, 11th district of Texas, in the runoff primary last Saturday. Collings won over Allen D. Dabney of Eastland. Latest reports published in the daily papers showed Collings having 29,161 votes to Dabney's 22,808. The district is composed of 24 counties.

Who's Our Next Junior Senator?

Who is our next junior senator in Washington? This seems to be the question yet unsettled by the runoff primary vote last Saturday. It's a question with the voters and the candidates, former governor Coke Stevenson, above, and Lyndon Johnson, right.

It's been a see-saw race throughout. Tabulations through Tuesday gave Stevenson ahead by 349 votes, while the Texas Election Bureau made it clear its tabulation was not official. Voters and candidates will await the report of the State Executive Committee following its canvass of the votes in Ft. Worth on September 13.

Here's how the two ran during the reports of the election bureau: 3:30 p. m. Sunday—Stevenson leads by 315 votes. 5:30 p. m. Sunday—Stevenson ahead by 8 votes. 8 p. m. Sunday—Johnson leads by 717 votes. 9 p. m. Sunday—Johnson ahead by 693 votes. 10 a. m. Monday—Johnson by 460 votes. Monday Noon—Stevenson takes lead by 210 votes. 2 p. m. Monday—Stevenson by 316. 3 p. m. Monday—Stevenson's lead drops to 246 votes. 6 p. m. Monday—Stevenson's lead only 78 votes. Late Tuesday—Stevenson ahead by 349 votes. The vote in Knox county was 574 for Johnson and 572 for Stevenson.

J. L. Stodghill Named President Of Local C.D.A.

A man who has done much work for the community in the past, J. L. Stodghill, has been named president of the Community Development Association of Munday. He fills the vacancy created by the death of Joe Bob Stevens, who was the first president of the newly-formed civic organization.

Stodghill was elected by secret ballot at the regular meeting of the board of directors last Monday night. His election automatically elected him to membership on the board.

Several of the board's members conferred with Mr. Stodghill Tuesday morning, at which time he accepted presidency of the organization. The board is continuing its efforts to secure a full-time secretary for the organization.

Many moves toward the improvement, advancement and development of the community have been discussed at recent meetings, and some of these moves are expected to go forward with the completion of the board membership.

At a prior meeting, Aaron Edgar was named on the board of directors, to succeed Leland Hannah, who resigned because of duties on the school board which requires much of his time.

Knox Lodge To Confer Degrees

The regular stated meeting of Knox Lodge No. 851, AD&AM, will be held next Monday night at the lodge hall.

Work will probably be done in the fellowcraft and master's degrees. Refreshments will also be served.

Officers of the lodge urge all members to attend this meeting, and extend a cordial welcome to all visiting Masons.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Lee Rice, Jr., of Lubbock are the proud parents of a son born Monday, August 23rd at 8 a. m. in a Lubbock hospital. The little boy has been named Walter Lee, III, and weighed seven pounds and six ounces. Maternal grandparents are Mr. and Mrs. Hoyt Gray of this city.

Pvt. Alfred Troy Being Returned To Goree Home

Pvt. Alfred M. Troy, U. S. Army, among the 245 Texans and 3,961 Americans who lost their lives in the Pacific theatre during World War II whose bodies have arrived at the San Francisco port of embarkation.

His parents, Mr. and Mrs. I. J. Troy of Goree, have been notified that the body is being returned aboard the U. S. Army Transport Ballen Victory.

They have been notified of arrival of the ship at Los Angeles, but, as yet, have received no word of when the remains are expected to arrive home.

Funeral services for the war dead were slated to be held on ship upon its arrival at San Francisco.

Alfred Morris Troy, who was reared at Goree, was serving in the U. S. Army. He was killed on Negros Island, in the Philippine group, in May, 1945.

Plans are going forward for reburial services when the body arrives home. Services will be held from the First Baptist church in Goree.

Dickie Morrow Wins New Console Radio

Dickie Morrow, son of Mr. and Mrs. R. T. Morrow, was awarded a new Montala console combination radio and phonograph with AM-FM bands last Tuesday as a result of winning a contest sponsored by the Royal Crown Bottling Co. The award was for collecting the most bottle caps of Nehi drinks.

Dickie started collecting the bottle caps some time ago, working for a bicycle as his prize, and he received the cooperation of practically every Munday merchant selling Nehi drinks, as well as of boys and girls who helped him by saving their bottle caps.

Dickie was presented the prize last Tuesday at Wichita Falls, getting the first prize, while the bicycle was second prize. Dickie collected a total of 154 pounds of bottle caps. They weighed out 144 caps to the pound.

That's lots of caps—and it's a grand prize, with retail value of \$229.50. Congratulations, Dickie.

Uncle Sam Says

Do you know the best way to assure your children a fine education? Possibly right now you are picturing them in a college cap and gown. But you must realize these will represent the entire cost of a college education. You need not wait until they enter college to start paying for it. Start now on the safe, sure-saving way with U. S. Savings Bonds. In ten years you'll have \$4 to spend for every \$3 you put in. There are two automatic ways for the purchase of U. S. Savings Bonds, your firm's Payroll Savings Plan, or, if self-employed, your bank's Bond-a-Month Plan.

U. S. Treasury Department

Books Added To Public Library

The local public library has added twenty-two new books for adults and children to its shelves. The demand is so great that our children's books are too few. If you have good books for children or a cash gift for the library to help meet the need of the children in our community, notify Mrs. R. D. Atkinson, Mrs. J. C. Borden or Mrs. A. L. Smith.

Beginning the first week in September, the library will be open on Saturday only from 1 to 4 o'clock.

Use your library!

LEAVE ON VACATION

Mr. and Mrs. R. D. Atkinson, accompanied by Miss Anne Atkinson of Fort Worth and Mr. and Mrs. J. E. Reeves, Jr., of Lubbock, left the first of this week on a vacation trip to Yellowstone National Park and other points of interest. They will be gone about two weeks.

Famous Painting For Fair Exhibit

"The Tornado," John Steuart Curry's famous oil, has been acquired for the Dallas Museum of Fine Arts' exhibit of "Famous Paintings by Famous Americans" including Diego Rivera, David Siqueiros, Rufino Tamayo, and Jose Clemente Orozco, also will be exhibit.

Local Schools To Begin 1948 Term Wednesday

Faculty Members Are
Announced By
Supt. Cox

The Munday schools will begin the 1948-49 school term with a faculty meeting on Wednesday morning, September 8, Supt. W. C. Cox announced this week. The meeting will be in the library of the elementary school building. Organization and assignments will be the main purpose of this meeting.

High school seniors and juniors will enroll on Thursday morning, September 9, Mr. Cox said. High school sophomores and freshmen will enroll on Friday, September 10, and grade school students will enroll on Thursday, September 9. Classes will begin Monday morning, September 13. Buses will run Thursday and Friday for enrollment. They will return students home for the noon meal.

The school lunch room will not open until further notice, due to new construction that is not yet complete. It will be ready for use soon, however.

Mr. Cox announced the 1948-49 faculty as follows:

Grade School: C. C. Brown, principal; Mrs. Irene Bardwell, Mrs. Mauray Blacklock, Mrs. Ruth Brown, Mrs. Mary Cloud, Mrs. Bronza Cox, C. E. Fox, Mrs. Floy Goolsby, Mrs. Viola Howell, Mrs. Ethel Inman, Mrs. Maude Ponder, Mrs. Juanita Smiley and Mrs. Ernest Swindall.

High School: E. L. Goolsby, principal; James H. Bardwell, science; Mrs. Elizabeth Bowden, mathematics; B. B. Cloud, coach and social science; Miss Leona Havron, English and speech; Everett G. Miller, music and band; David F. Swindall, business administration; Mrs. Eugeneia Robertson, homemaker; Mrs. Virginia Ferguson, English and Spanish.

Colored School: Otis Williams, principal; Alzeta Williams, teacher.

Moguls Open Season Friday At Rochester

Coach Billy Cloud and his Munday Moguls will officially open the 1948 football season next Friday night by journeying to Rochester for the opening tilt with the Rochester eleven.

This opener promises to be an interesting game, one which will try out the strength of the two teams.

The Moguls started workouts about two weeks ago, and daily scrimmages and workouts have been under way in getting the team into playing condition. Coach Cloud stated that he has some real promising material for this year's team, and he expects some winners in the 1948 lineup.

Five of last year's lettermen have been reporting for practice, although practice started ahead of the school opening. Those from last year's squad who will see action again this year are: Royce McGraw, Dorwood Scott, Troy Lowrance, Joe Milton Stevens and Jessie George Smith.

Quite a number of local fans are expected to be in Rochester for the opening kickoff.

Trash Containers Ordered This Week

Directors of the Community Development Association voted in their meeting last Monday night to purchase 20 trash containers, which will be placed at various points in the business district of Munday.

The order went out Tuesday for these containers, and they are expected to arrive within the near future.

This represents an expenditure of approximately \$600.00, and it is helping eliminate loose papers, the organization's move toward trash, etc., within the city limits.

L. A. Parker Wins Commissioner Race

L. A. (Louis) Parker, who is serving as commissioner of Precinct Two of Knox County, was re-elected to that office in the runoff primary last Saturday, receiving a wide margin of votes over his opponent, J. O. Warren.

Tabulations from the three boxes in the precinct gave Parker 273 votes to 83 votes received by Warren. The voting boxes are Benjamin, Vera and Brock.

Dr. and Mrs. Joseph M. Croley and son, John, spent the week end in Gilmer visiting Dr. Croley's mother, Mrs. Isbell Anderson.

Congress, March 2, 1879.

MUNDAY'S NEEDS FOR 1948

1. A modern and up-to-date high school building, to care for the present and future educational needs of our children.
2. A waterworks system that meets all requirements of health, sanitation and supply.
3. A street sweeper that will keep our pavement clean enough to be recognized as pavement.
5. Completion of our drainage and paving program, which will probably be accomplished this year.

HOW YOU CAN HELP

There are any number of formulae being propounded by those who would tell the rest of us how to make the world better.

If you really have a yen to make a permanent contribution to the human race, you can forget all the theories being propounded and apply yourself to the job of improving yourself. The progress of race, and human beings as an entity, is to be measured by the average individual. Any contribution that you make, in the way of self-improvement, increases the average. This is a definite, positive contribution.

The advice given above may be considered somewhat generalized in that there are many varying opinions as to what an individual should attempt in order to improve himself, or herself. This is perfectly true because it is inevitable that opinion on the subject varies with individuals and each individual must make his, or her, contribution along lines in conformity to self-developed opinion.—Haskell Free-Press.

DOCTORS REVOLT

A new socialized medicine scheme was due to go into operation in Australia on the 1st of June. However, it is in a state of practically complete doldrums. The reason: The Australia division of the British Medical Association has boycotted it.

These doctors haven't done that out of stubbornness. They have many valid objections to the scheme and the most important one, from the standpoint of both practitioner and patient, is that in its present form it would seriously endanger professional freedom. It is significant that, according to a Christian Science Monitor report, there has been an almost complete absence of public resentment against the BMA's position.

The Australian doctors have seen what socialized medicine has done in other parts of the world. In every instance, despite optimistic forecasts by the governments involved, it has burdened the practitioner with an enervating mass of red tape, has destroyed initiative and the incentive to progress, and has led to a steady decline in the standards of medical care. When we mix politics with medicine, medicine comes out on the short end.

Congress realized this fact when it refused to pass a compulsory health insurance bill which would have been the forerunner to socialized medicine here. It should keep it in mind when the same or similar bills appear in the future.

The man who is waiting for something to turn up might do well to start with his shirt sleeves.

THE MEAT PRICE PRESSURE

One of the most intelligent comments yet made on the price problem recently appeared in the St. Louis Globe-Democrat. It said:

"... When President Truman demands an arbitrary rollback of prices to the November, 1947, level he is also advocating—assuming the rollback is to be free of black market—a similar cut-back in wages, a move he has carefully shunned on the record.

"Perhaps meat offers the best illustration . . . Its accelerator has been supply and demand, as an over-all view of the past several years will show.

"Government statistics indicate we can dismiss the popular notion the 'tremendous profits' of the big packers are responsible. They show that the packers, over a period of 16 years, have paid out 98 per cent of their gross income in wages, salaries, freight, taxes and payments to stockmen and poultry raisers, retaining only 2 per cent for profits. That profit, if passed on to the consumer, would reduce the price of meat about one-third of a cent per pound . . .

"The important thing to remember is that the income rises . . . enabled millions of low-income persons to buy far more meat than their pre-war diets included . . . The lower groups, representing two-thirds of the population, were receiving one-third more pay and spending it first at the butcher shops . . .

"That is the source of the meat price pressure today."
We have, in short, a situation where millions of people whose incomes are at a record high are competing for a limited supply of meat. If and when that supply rises, the pressure will ease. And all the vote-seeking talk about price control can't change that fact.

MEND THAT ROOF!

There is an ancient joke about the man who didn't mend his leaking roof when it was raining, because it was too wet to work outside, and didn't mend it when the sun was shining, because then there was no necessity for making the repair.

Millions of people seem to follow the same idiotic plan when it comes to fire prevention. For one empty reason or another, they keep putting the job off—and it never gets done.

As an example, this is the proper season of the year for getting ready for winter. A large percentage of all fires result from heavy loads on heating and lighting equipment which has developed defects. Here is where an ounce of prevention is worth a pound of cure—and the time to have an expert mechanic check over your equipment and put it in safe, efficient shape is now, before the cold, dark days set in.

It is an axiom that a clean, orderly home is a safer home. Closets, basements and attics full of old clothes, magazines, furniture and other junk are a constant attraction to fire. Give your discards away to some charitable organization which can make good use of them—and eliminate another major fire hazard at the same time.

It's an awful hard job to exercise common sense.

Knox Prairie Philosopher Can't Imagine What Anybody Would Want With The Tallest Building Now

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek seems a little pessimistic this week. It's probably just the heat.

Dear editor:

With the heat being as bad as it is, I don't understand how anybody could be planning on building anything, but I read in a copy of a paper which I found out here in my favorite resin place as I wouldn't walk to the mail box in this kind of weather for a entire year's supply of Star.

J. A.

Telegrams or Munday Times, that some men in Houston are planning on building the tallest building in the world.

As I understand it, the building will be used for offices and to attract tourists, as there is something about some people which drives them out of their homes and across the country to get a look at anything provided it's the tallest or the shortest or the wildest or the oldest or the wormiest or the newest, although personally I wouldn't walk from here to my back pasture unless I was already going that way to see the world's tallest building, biggest political liar, smallest brain cell, or out-talkest woman.

However, what I would like to ask is haven't them Houston millionaires heard about the atom bomb yet? The last thing on earth a smart man would want in these days is the world's tallest building in his vicinity. It's like standing in a lighted doorway in an Indian night raid. Me, I'm figurin on lowerin the roof on my house and diggin the cellar deeper, but apparently them Houston men don't keep up with the world situation as well as you and me.

From what I can tell about it, this ain't no time for buildin upward, it's time for tunnelin down. The deeper the better. With scientists talkin about guided bombs travelin a thousand miles a minute and supersonic airplanes zip-

pin around the country like wasps around a watermelon rind, this is a strange time to be erectin tall buildings. It seems to me the smart thing to be doin would be to lop off the tall ones and start diggin. Them Houston men ought to subscribe to a newspaper and find out what the international situation is. I say let the Russians erect their own targets for guided missile practice.

Yours faithfully,
J. A.

Abilene Fair Opens Sept. 27

Abilene—D. R. Jefferies, President of the West Texas Fair Association, has announced plans for presenting one of the largest Community Exhibits in the history of the West Texas Fair when this show opens here the week of September 27. A cross section of the fine produce and handwork of the many West Texas communities will be displayed before an estimated crowd of 100,000 Fair visitors.

Any West Texas community or community organization is eligible to enter an exhibit of the products which were produced or made in the community. Exhibits will be judged on quality, attractiveness, originality, and neatness. Several communities have already reserved display space for such entries as dairy products, preserves, jellies, quilts, and many others in the hope of capturing part of the premiums which range from \$100 to \$10 and incidentally to gain some measure of fame in the home making arts.

New Parcel Post Service Begun Sept. 1

With the inauguration of nationwide air parcel post September 1, the United States can boast of the most modern and expeditious delivery service in the world, according to Postmaster Lee Haymes of Munday.

The new highly specialized service, enacted into law by the 80th Congress, will afford patrons of more than 42,000 post offices in America and its possessions unexcelled shipping facilities. Transit time will be reduced to a fraction of that required by other modes of transportation.

Postmaster Haymes pointed out that air parcel post packages will receive the same particular consideration shown air mail in routing. In addition, identical doorstep delivery will be given to air parcel post as is afforded other forms of mail, making the airborne mail service unique in every respect.

He added that distinct air parcel post stickers, printed in red, white and blue and bearing the likeness of a winged package with

COMPACT KITCHEN

The compact convector radiator recessed in the wall of this diminutive kitchen means added working area and helps make an attractive workroom for the busy homemaker. The convector unit, decorative plywood window framing and the ceiling are painted a gay yellow. The rich green floor blends nicely with the green and white checker-board walls.

the earth's globe underneath, will soon be available without cost at the Munday Post Office to apply to outgoing packages.

"With a scheduled plane taking off or landing within the United States on an average of every seven seconds around the clock, and an overseas-bound plane leaving our borders every 30 minutes, we stand ready to give our patrons the fastest parcel post service offered anywhere," Postmaster Haymes said.

While international air parcel post service has been available from the United States and its possessions for several months, domestic airborne service is being launched for the first time in history.

Mr. and Mrs. J. Weldon Smith and children returned home last Sunday from Springtown and Ft. Worth, where they visited with relatives for a week.

Misses Jean Reeves and Carolyn Hannah were visitors in Lubbock last week end.

Mr. and Mrs. John Scott and boys visited Mr. Scott's mother, Mrs. J. W. Scott, in Wichita Falls last Sunday.

Piano Pupils Enjoy Weiner Roast Monday

Piano pupils of Mrs. Jo Mae Davis gathered at the Seymour park with their parents last Monday evening, August 30th, for a weiner roast. Everyone enjoyed the many different games that were played during the evening.

Pupils of the class to attend were: Patsy Jo Tidwell, Loutrelle Milstead, Norma Rallsback, Peggy Cooksey, Earline Edwards, Carol Coffman, Glenda Mayo, Joyce and Neil Beecher, Tommie Harlan, Dolly Inman, Glenda Adele Morse, Anita and Maurice Tidwell, Connie Jos Haskins, Sherry Haskins, Yvonne Suggs, Buddy Mayo, J. W. Inman, Joe Lynn McMahon and Joey Davis.

Approximately fifty guests attended the affair.

Reunion Held Last Sunday In T. M. Busby Home

The home of Mr. and Mrs. T. M. Busby was the scene of a family reunion held there last Sunday, August 29th.

Everyone enjoyed a pleasant day visiting with relatives and friends. All of the children were present. They are: Elton Busby of Brownfield; H. C. Busby of Abilene; Douglas Busby of Sweetwater and T. R. Busby of Goree. The children and all their families attended the reunion.

A number of guests also called during the day.

Mr. and Mrs. H. F. Jungman visited with relatives in Muenster, Texas, last Saturday.

NOTICE

Having been elected band director in the Munday schools, I will sell all musical instruments that I have in stock at a big discount if sold at once, or before September 13th.

Have new Spinett pianos, one slightly used Spinnett, one good used studio piano, and used uprights. One new 120 bass accordion, also band instruments.

Everett G. Miller
MUNDAY, TEXAS

Mrs. Farrington's apartment, 4 blocks south of Methodist church.

Joe Flores And Miss Eva Martinez Wed At Rhineland

Miss Eva Martinez, daughter of Mr. and Mrs. Dan Martinez of Munday became the bride of Mr. Joe Flores, son of Mr. Cecil Flores of Knox City, at 11:30 o'clock at the St. Joseph Catholic Church in Rhineland. Rev. Fabian Diering officiated the double ring ceremony.

Given in marriage by her father, the bride wore a gown of slipper satin with a lace ruffle across her neck and with a full gathered hoop skirt. She wore a shoulder length veil. For something borrowed, the bride carried a lace handkerchief, borrowed from one of her bridesmaids, a blue garter for something blue, a gold ring from her grandmother for something old and her gown for something new.

Misses Ida Acosta, cousin of the bride, served as maid of honor and Mary Escobar, Hortense Ochoa and Elyse Flores, bridesmaids, wore blue and pink marquisette gowns. They carried pink and blue gardenias.

A reception was held at the home of the bride's parents following the wedding. A three tiered wedding cake decorated with a miniature bride and groom was cut and served.

After the reception, a dance was held at the Rhineland Dance Hall. For her going away dress, the bride chose an aqua dress with white accessories.

Taylor Reunion Is Held Here Over Week End

The annual Taylor reunion was held in the home of Mr. and Mrs. Aaron Ballard this past week end. All reported a nice time. Those present were: Mr. Ballard's family, Mrs. Jennie Ballard, Mr. and Mrs. O. G. Ballard of Baird, Texas; Mrs. Fannie Goodrich, Anson, Texas; Mr. and Mrs. Carl Patterson, Mrs. Rex Patterson and daughter, Sharron of Benjamin; Mr. and Mrs. Sidney Taylor and daughter, Nina, grandson, Bobby Judson and Kenneth Forbes of Fort Worth and Tom Taylor, Seminole.

Newest Range Boasts Two Ovens

CHICAGO—One of the features of this new electric range shown at the midsummer session of the nation's furniture market here is two ovens. With redesigned and improved labor saving devices the new deluxe model was exhibited by the Frigidaire division of General Motors corporation. Signal lights instantly tell if oven heat is on. Other features include circular heating elements that provide five different degrees of heat, automatic oven controls, vented ovens so steam or grease cannot mar walls or surface units, two electrical outlets for small appliances and a three-purpose Thermizer which is interchangeable as a small oven, deep well cooker or surface unit.

Goree News Items

Charles Arnold of Austin and Harvey D. Arnold, Jr., of Lubbock are visiting their parents, Mr. and Mrs. H. D. Arnold, this week.

Mrs. W. M. Taylor and Mrs. Laura Madole went to Austin last Saturday to attend the graduation of Jewell Madole, Jr., at Texas University. Jewell is a grandson of Mrs. Madole.

Mrs. Ira Stalcup and Mrs. Forrest Daniell spent Tuesday and Wednesday in Graham, visiting with Mrs. Beverly King, Jr.

Visitors in the home of Mr. and Mrs. E. J. Jones last week end were B. B. Jones of Slaton, Mrs. L. L. Hendrix of Lubbock, Mrs. Kenneth Hawk of Littlefield, Mrs. Felton Jones and Sandra Ruth of San Angelo and Mr. and Mrs. Jones of Munday.

Mrs. Homer Moore returned last Monday from Fort Worth, where she had been visiting her mother, Mrs. Kennedy.

Mr. and Mrs. Buster Chamberlain returned home Wednesday from a few days' visit in McCamey and other points.

Mr. and Mrs. Sam Hampton and son, Jackie, returned home Wednesday from Dallas, where Mr. Hampton was confined to the Methodist hospital for several days, receiving treatment for a fractured back which he suffered about three weeks ago. He was placed in a cast to remain for about eight weeks.

Royce Jones of Grand Prairie is visiting relatives and friends in Goree this week.

Mrs. H. L. Dobbins of Haskell spent Saturday in the W. L. Stewart home. Mrs. Dobbins is relieving Munday's depot agent, Mr. A. C. Williams, this week.

Miss Corenna Pool of Eastland is here visiting in the home of her aunt and uncle, Mr. and Mrs. C. H. Brown and family.

Mr. and Mrs. Clint Hawes and sons and Mr. and Mrs. J. L. Wyatt and son spent last week visiting the Carlsbad Caverns and points in Colorado. They also visited relatives in Tulsa, Texas.

Mr. and Mrs. Frank Garrett and family and Mrs. E. J. Brazell left last Tuesday for Cordell, Oklahoma, where they took Mrs. Eula Stubbs, after a two weeks visit with her sister, Mrs. Brazell and family. While away they will visit other points in Oklahoma.

Mrs. Jimmy Walker, Kaye and David of Fort Worth are here visiting in the home of Mrs. Walker's mother, Mrs. G. R. Eiland.

Victor Snapka And Martha Hanzelka Wed At West, Texas

The Church of Assumption in West, Texas, was the scene Monday morning of the wedding of Miss Martha Hanzelka and Victor Snapka with the Rev. George Doskosi, pastor of the Church of Assumption, officiating.

Miss Hanzelka is the daughter of Mr. and Mrs. Joseph Hanzelka of West and the bridegroom is the son of Mr. and Mrs. Gabriel Snapka of Munday.

At the eight o'clock nuptial mass, organ selections were presented by Sister Rosie Lee. She was accompanied by the junior choir.

The bride was given in marriage by her father and wore a gown of ivory satin designed with a deep sweetheart neckline and short sleeves. She wore matched mits tapered to points over her hands. Self-covered buttons fastened the dress front of the fitted bodice. The full skirt which was worn over hoops extended into a chapel length train. She wore a strand of pearls belonging to her sister. A two tiered shoulder length veil of illusion fell from a halo of net nuching. Her white prayer book was topped with gardenias showered with streamers and Stephanotis.

Miss Dorothy Dolores Hanzelka, sister of the bride, was the only attendant. Her gown was of dust rose satin with fitted bodice extending into a full skirt. She wore matching hat and mits and carried a colonial arm bouquet.

Victor Palvas, Jr., of Abbott attended the bridegroom as best man. The reception and dance was held following the ceremony at St. Joseph's Hall in West.

After a short wedding trip, the couple will make their home in Dallas.

Out-of-town guests were: Mr. and Mrs. Gabriel Snapka and daughters, Mr. and Mrs. Joe Myr and family, Mr. and Mrs. Ben Wilde and family, all of Munday; Mr. and Mrs. Charlie Gallia, Mr. and Mrs. Ben Kubala and family, Mr. and Mrs. Joe Lucien and family, Mr. and Mrs. John Retchek, Mr. and Mrs. Joe Nemece and family, Mr. and Mrs. Bill Beseda and Helen, Miss Eleanor Smetak, Mr. Frank Nemece of Dallas; Mr. and Mrs. Robert Smajstria, Mr. and Mrs. Andrew Sustala and family of Fort Worth; Mr. and Mrs. Henry Snapka and daughter of Mesquite; Mr. and Mrs. John Popp, Mr. and Mrs. W. A. Traywick, Mr. and Mrs. Reinard Kramar and son of Waco and Mr. and Mrs. Joe Kosurek and family of Corpus Christi and Mr. Clement Krenck of Fayetteville.

Mr. and Mrs. Grady E. Wilson and daughter, Judy, of Fort Worth visited with Mrs. Wilson's sister, Mrs. W. H. Stephens, and her family in Goree during the week end.

Mrs. C. E. Stevens of Lorenzo spent several days here last week, visiting in the home of Mrs. J. B. Stevens and sons.

Reunion Is Held Sunday In Honor Of Mrs. Walling

Mrs. W. H. Walling was honored on her 63rd birthday on Sunday, by having all of her children home for a reunion.

The beautiful 3-tiered birthday cake decorated the lace-covered table. It was white, trimmed in pink rosebuds and with the letters, "Mother Dear" on top. Mrs. Walling received many useful gifts.

A picnic lunch was spread on a table out in the yard, where all gathered around to enjoy it. Those attending were:

Mr. and Mrs. W. R. Walling and daughters, Miss Robbie Lee, Mr. and Mrs. Denver Dennis, Mrs. Clyde Russell and son, Truitt Lavon; Mr. and Mrs. J. C. Walling and son, David Craig, all of Carlsbad, N. M.; Mr. I. W. Walling and son, Marlin, Stillwater, Oklahoma; Miss Frances Walling, El Paso; Mr. and Mrs. J. B. Walling, Wichita Falls; Mr. and Mrs. T. M. Spruell and children, Charlene and Ronnie Lee, Boyd, Texas; Mr. and Mrs. B. L. Lawson, Burkburnett; Mr. and Mrs. R. J. Walling and family, Munday; Mr. and Mrs. A. L. Russell and sons, Leroy and Wayne, Knox City, and the honoree and her husband, Mr. and Mrs. W. H. Walling.

Soils that are open, porous and moist are best for hydrangeas. Rich coast soils or black prairie soils may need the addition of chemicals to make it more acid. Three tablespoons of powdered alum in one gallon of water, sprinkled over a square yard or more of soil, will do the job.

Coccidiosis, a common disease of poultry, has become more and more widespread and is proving to be highly fatal among cattle herds throughout the country.

LOCALS

Misses Betty and Ruthie Stodghill returned last Sunday from Kansas City, Mo., where they spent three weeks visiting in the home of their sister and family, Mr. and Mrs. Eugene Grace.

Mr. and Mrs. Carl Mahan and daughters, Mary Charles and Linda, visited in the home of Mrs. Mahan's mother, Mrs. E. M. Wilson, the latter part of last week.

Mrs. John R. Rayburn and daughter, Susan, visited in the home of Mrs. Rayburn's sister, Mrs. John Williams, at Loving the first of this week.

Mrs. Guy Rutherford and daughter, Gretta Ann, of San Angelo, visited Miss Maude Isbell several days this week. They were accompanied here by Miss Fannie Isbell, who had been visiting the Rutherford's in San Angelo for a few days.

R. T. Morrow and children, Betty Carolyn and Dickie; Mrs. E. H. Mullican and Bobby Cude were business visitors in Wichita Falls last Tuesday.

Local Firm Urges Safety On Labor Day

All motorists who are planning trips in their cars over the forthcoming Labor Day week-end are urged to observe safe driving practices by J. E. Reeves, owner of Reeves Motor Co., Dodge dealership of 830 Main St. Monday, Texas. Mr. Reeves is co-operating with Dodge dealers nationally to help reduce the tremendous toll of highway fatalities and prevent a recurrence of the alarming number of deaths and accidents such as occurred during the Fourth of July week-end.

"A recent survey conducted by the International Association of Police Chiefs in the United States and Canada revealed that one car in every three that were examined had one or more mechanical defects that were hazardous to safety," Mr. Reeves said. "A large percentage of our highway accidents are caused by mechanical defects and by lack of observance of traffic regulations and safe driving habits."

Mr. Reeves points out that, according to the Police Chiefs' survey, the mechanical defects in order of their frequency were as follows: rear and stop lights; front lights; brakes; windshield wipers; horns; and tires. These defects accounted for eighty per cent of the total discovered in the cars checked. The survey also revealed that the reasons for police contact with motorists in order

of frequency were speed, stop-sign violations, signal light violations, right-of-way violations, improper driver signals, and reckless driving.

"It costs comparatively little to have your car checked for a mechanical defect that might be the cause of an accident or a death," Mr. Reeves said. "A week-end trip will be more enjoyable if your car is in good working condition, if you observe the rules of the road, and exercise courtesy and caution in your driving habits."

Mr. and Mrs. Doyle Jones and baby of Lubbock visited Mr. Jones' parents, Mr. and Mrs. C. C. Jones for several days. Mr. Jones is attending Texas Tech at Lubbock.

Mr. and Mrs. E. J. Brazell, Mrs. Eula Stubbs and Mr. and Mrs.

Frank Garrett and family of Wainwright attended church in Jackboro last Sunday and after church went to the park for lunch where a family reunion was held.

HERE FROM TENNESSEE
Mr. and Mrs. Jones Medlin and Mr. and Mrs. Joe Sherrod and son, David, of Bells, Tenn., are visiting Mr. and Mrs. E. H. Mullican, Mr. and Mrs. R. T. Morrow and other relatives here this week. They are on a tour of Texas and Old Mexico.

HOME FROM HOSPITAL
Joe Lane, who underwent an appendectomy at the Haskell hospital one day last week, was brought home last Monday. He is reported to be doing nicely.

WANTED—Ironing and plain sewing to do in my home. Apartment 25, over The Hat Shop. Mrs. Dallas Gray. 5-2tp.

PIANOS—As school days are near us again, let me give you easy terms on a New Spinnet for your child and your home. I now have 14 in stock, Haskell, Stamford, Seymour and Munday. Six of them I took over from another dealer and I got 10% off of invoice, besides I saved the freight on each one of about \$20.00, so, I do my own buying and selling, and have no overhead, you can see why I can suit you. I have been selling pianos in this territory for 40 years, yes, 2 months, 20 days and 75 hours before the Jews mobbed Christ, and I yet don't feel old, and no wonder the Arabs can't get along with the Jews, for Christ could not get along with them, so don't cry, just give me a postcard, and I'll be to see you. J. D. Conly, Box 861, Throckmorton, Texas. 5-2tp.

"First and foremost is the need for vaccination against smallpox. Parents and physicians should see that children are vaccinated before they are one year of age; however, if not done previously, at school age vaccination becomes absolutely necessary," Dr. Cox said. "If your child has not been vaccinated, have it done immediately so that the scar will be completely healed before school opens."

Immunization against diphtheria is also highly desirable, Dr. Cox believes. This disease, which causes serious illness and deaths among young children can be prevented with toxoid. The child who has never been protected should be given this safeguard against a dreaded disease. Even though he may have been immunized as a baby, doctors and health officers usually recommend an additional dose of toxoid to strengthen immunity before entrance into school.

"In addition, before you send your child to school you are urged to take him to your family physician and dentist for a thorough examination," Dr. Cox adds. "You will want to know that he is in good physical condition and can compete with the other children on equal terms. If the check-up reveals any weakness or defect there will be time to build up his general health and correct dental defects before school opens. Don't let your child start his school life with any avoidable handicap."

Dr. and Mrs. A. A. Smith, Mrs. Maurysse Blacklock and daughters and Bob Ballinger returned home last Sunday night from a vacation trip to Spokane, Washington, and other points. They traveled through nine states on the trip, and reported a very enjoyable tour.

Mr. and Mrs. Mac Haymes of Fort Worth came in the first of this week for several days' visit with Mac's parents, Mr. and Mrs. Lee Haymes, and other relatives and friends.

Roy Bouldin, who is in naval training at San Diego, California, spent several days during the week end with his mother, Mrs. Clara Bouldin, and with friends. He was home on leave after having completed his boot training.

BENJAMIN NEWS

(Elda Purl Laird, Reporter)

Mr. and Mrs. Lloyd Griffith and children, and Miss Betty J. Barnett have just returned from an extensive trip through Oklahoma, Kansas, Nebraska, North and South Dakota, Canada, Iowa, Indiana, Minn., Wisconsin, Illinois, Kentucky, Tennessee and Arkansas. They reported a wonderful trip—very interesting and educational.

Mr. and Mrs. W. T. Ward and sons, Billy and Timmy are visiting with relatives and friends here. The Wards now live in Colorado.

Mr. M. D. McGaughey, Knox County School Superintendent, son Johnny and Mr. T. E. Holcomb, Superintendent of Knox City Schools, were in Austin Wednesday of last week on business.

Mrs. Eugene Hesse and sons of Whitesville, Tenn., spent the past week in the home of her mother, Mrs. Myrtle Meiner and other relatives and friends.

Mr. and Mrs. Floyd Herrindon and daughter of Houston, visited in the home of Mrs. Herrindon's parents, Mr. and Mrs. C. P. Littlepage during the past week end.

Mrs. Mary Hinson of Lubbock and Mr. and Mrs. J. H. Hinton and children, Jimmie and Dicky of Los Angeles, California, visited in the home of Mr. and Mrs. E. B. Sams the past week. Mrs. Mary Hinton

is the mother of John Hinton and Mrs. E. B. Sams.

Mr. and Mrs. Aro Russell spent the past week end visiting with Mrs. Russell's mother, Mrs. M. E. Burnett, of Hico, Texas.

Mr. Howard Barnett and sons, Randolph and Jerrell were in Knox City Saturday of last week on business.

Mr. and Mrs. Homer Howard of Goree, were visitors at the home of Mrs. W. A. Barnett and family, Friday of last week.

Mr. and Mrs. Loren Reynolds of Abilene, are visiting this week in the home of Mrs. Anna Lhea Mayfield.

Miss Julia Propoy of Wichita Falls spent the past week end visiting in the home of her parents, Mr. and Mrs. O. D. Propoy and other relatives and friends.

Miss Prudence Taylor, who has been visiting in the home of Mr. and Mrs. Charlie Moorhouse, returned to Plainview the first of the week to begin her school work for the coming year.

Mrs. Danny Allen and small daughter of Liberal, Kansas, and Mrs. Zell Barton of Amarillo, spent the past week visiting relatives and friends here. They left Tuesday of this week for a visit with relatives and friends in Stamford and Abilene before returning home.

Miss Betty Jo Barnett and Jerrell Barnett, children of Mr. and Mrs. Howard Barnett, are visiting this week in Albuquerque, N. M., with an uncle, Mr. Coy Smith.

Mr. and Mrs. C. C. Carroll and Junior, of Grand Prairie, and Mrs. M. E. Browning of Hope Ark., visited in the home of Mr. and Mrs. W. D. Duke the past week. Mrs. Carroll is a sister, Mrs. Browning an aunt to Mrs. Duke.

Mrs. Burns Ray and daughter, June, are visiting with relatives and friends in Fort Worth this week.

Mrs. Howard Barnett, Randolph, Dickie and Patricia spent the first part of the week visiting with relatives in Abilene.

Mr. and Mrs. Bennett Hamon and children have just moved into our community the past week, and we are very happy to have them with us. Mr. Hamon is with the P.M.A. Office here. The Hamons have been living in Knox City.

Lloyd Haynie and Clifton Swain left last Sunday for Abilene to enroll in Hardin-Simmons University this fall.

Mr. and Mrs. Sterling Hastings of Chickasha, Oklahoma spent the week end in the home of Mrs. Hastings' parents, Mr. and Mrs. J. R. Counts, and with friends. Mrs. Hastings remained here for an extended visit.

Treated Seed Make For Better Grain Crops

It's about time to begin planting winter grain crops again, so E. A. Miller, extension agronomist of Texas A&M College, has two big things he wants to remind small grain farmers of at this time.

One is to be sure you have cleaned all the weed seeds out of your small grain supply. Weeds won't do your grain crop any good, so the time to get the weeds out is right now before planting time. Weeds take up moisture and plant food that could otherwise be used by the small grains.

And the second big thing that Miller wants to remind grain growers of is the idea of planting chemically treated seed. If you're going to plant a small grain crop, plant the best seed so you can expect the best crop.

Chemical treatments will protect your seed from grain smuts, seed rots and seedling blights. Stinking smut struck hard at the 1948 wheat crop, so it is doubly important to plant treated seed this time. If there are any smut spores on the wheat kernels, they will germinate about the same time the wheat will and grow up with the plants. Then just about the time you figure you have a good crop of wheat, most of it will be smut spores where the kernels should be.

About the only way to tell whether or not smut is present in your wheat crop is by the foul odor and the slightly darker green heads of wheat. During the combining operations the smut balls break open and scatter millions of the black spores over the healthy seed. And that's about the end of a good wheat crop.

Loose smut of wheat leaves the grain heads empty and black. If this was your trouble last season, get this season's seed from growers who did not have loose smut in their fields. There isn't much in the way of chemicals that will stop loose smut, but a difficult hot water treatment will do the job. So it's easier to spot in these grains because you can see the black, barren stalks in the field. For every bushel of seed, treat with one-half ounce of the new improved cerasan or the new cerasan.

Either of these cerasan treatments will also stop the disease of oats that the scientists call helminthosporium blight. Victoria oat crosses including Fultex, Ranger, Rustler and Victor Grain varieties are especially hard hit by this disease. This blight causes weakening of the stems, which results in lodging of the wheat.

Treating grain seed is good insurance against losses from reduced yields by smuts and other diseases, says Miller, and a further lowering of profits from dockage on the market.

Mr. and Mrs. Clyde Jipp of Lincoln, Neb., were visitors in the home of Mr. and Mrs. Chas. Haynie, Jr., last Thursday night.

Mrs. W. P. Farrington has returned from New Orleans, La., where she had been visiting her son, Dr. N. C. Farrington.

Mr. and Mrs. Verbon Voss returned last Monday from North Dakota where they had been working in the wheat harvest.

IS AMERICA "ILL-HOUSED"?
By GEORGE S. BENSON
President of Harding College
Searcy, Arkansas

Looking Ahead

IF YOU listen only to boosters for government housing, you will sometimes get the miserable feeling that America is in a bad way for shelter and housing. You will be made to feel that the situation is beyond remedy and nothing at all is being done about it. According to the "let-government-do-it" boys, if we don't start throwing billions of tax dollars around for housing projects, then the whole population is at once ill-housed.

While the year 1947 did not quite reach the peak of our building boom in 1925, it is estimated that 825,000 new homes were built. One family out of every 40 got a new house in 1947. That is an excellent record! The Bureau of Census has reported that 93.2 per cent of all city houses are in satisfactory repair, compared to 88.6 per cent in 1940. Our American housing is steadily improving, despite the many difficulties that have been placed in the way.

Record of ONE of these private industry, building is government activity in house construction. Many government projects put up so far are said to have been built because costs were too high for the citizens to undertake them. Yet, because the government is willing to pay these same "high" costs, the costs are sure to remain high. In government housing, the difference between the rental income and the actual cost is simply passed on to the taxpayer. The government can't work miracles, but it can levy taxes.

If it is the object of federal housing legislation to clear away slums, then I say let communities in which these poor conditions exist clean up their bad sections. Some cities have already put slum clearance programs in effect, without calling on Con-

gress for legislation. Our local governments can do much to stimulate building. Besides requiring property owners to meet good housing standards, they can also eliminate "horse-and-buggy" building codes that keep costs high.

What You TO ASSUME that Can Do Congress, with a public housing bill, can clear away slums, is taking a phony position. There will always be some older and less expensive housing, no matter how much we may build. But if you take charge of the folks with very low incomes and put them in palaces, the rest will be paying the bill for it. Then who gets the premium? This is a beautiful way to get more-for-doing-less! You see, the fellow who earns less is better off!

A public housing bill could in no way relieve the housing shortage. Certainly, this is not the time for the government to come in and bid up prices of the building materials that are available. Right now, a government housing program would bring no additional skilled labor into the industry, but would simply take the labor that already works for private builders. Do you think these men would produce any more housing, working for the government?

If you want to add to inflation and make it more difficult for private housing to go up; if you want to pay your share of multi-billion dollar expenditures; if you want to risk these experiments while European recovery is costing us billions; if you want a federal bureau to control 10 per cent of our housing and keep building prices high; if you want to create a giant bureau for political purposes—then you're for public housing. But the only sane thing to do is to ask your Congressman to oppose public housing bills.

Mrs. C. T. Jones of Weinert returned Saturday from a visit in Denton. On Friday evening she attended graduation exercises at N.T.S.C., where H. T. Wilkinson, husband of the former Rozelle Jones, received his B.S. degree. Wilkinson was an honor graduate. Mr. and Mrs. Wilkinson will teach at Mineral Wells during the ensuing year.

J. C. Campbell spent last Sunday in Abilene visiting his daughter, Mrs. V. E. Moore and Miss Dolores Campbell, Mrs. T. C. Lowry, who has been in Abilene for Medical treatment, returned with Mr. Campbell.

Mr. and Mrs. Earl Tayntor left last Sunday for Wichita Falls where they will establish residence and will be employed at Sheppard Field.

J. D. Gray and Mr. and Mrs. Orville Kinnibrough and Betty Jo have returned from a two weeks' vacation trip to Yellowstone National Park, Wyoming, and other points of interest.

Mr. and Mrs. Ralph Geddie of Lubbock were visitors in the home of Mr. and Mrs. Stanley Wardlaw and other relatives and friends the past week end.

Uncle Sam's Selective Service

REGISTRATION

1. Q—What is the purpose of registration under the Selective Service Act?

A—To get a complete census of men 18 through 25 years of age. From among those 19 through 25 will be selected those most suitable for military training.

2. Q—When will registration take place?

A—President Truman has proclaimed the following registration days:
August 30 for men born after August 30 in 1922; August 31 and September 1 for those born in 1923; September 2 and 3 for those born in 1924; September 4 or 7 for those born in 1925; September 8 and 9 for those born in 1926; September 10 and 11 for those born in 1927; September 15 and 16 for those born in 1928; September 17

and 18 for those born in 1930 before September 19, 1930. Persons born on or after September 19, 1930, will register on the day they are 18 years old or within five days after they are 18.

3. Q—Where will registration points be located and at what hours will they be open?

A—At places designated by local boards. Watch your lo-

TUNE IN ON HUMAN RIGHTS

By John B. Kennedy

(Well Known Radio Commentator)

Some time ago a friend of mine, while broadcasting, mispronounced the name of a movie star. Immediately, his studio was besieged with hundreds of telephone calls, letters and cablegrams pointing out his error.

Incidents like these keep all of us in radio acutely aware of the power of informed public opinion. That's why I, for one, am so impressed with the value of public information in the field of human rights.

Human rights and democracy go together like ham and eggs. You can't enjoy one without the other. The growing realization of this fact, both at home and abroad, has led to the admirable work of the Committee on Civil Rights on the domestic front and to the drafting of an International Declaration on Human Rights soon to be presented to the UN assembly for adoption.

Such a Declaration, however, would be only a first step. If and when it should be implemented by a Covenant on Human Rights, the citizens of 58 nations will be guaranteed all of the freedoms embodied in the American Bill of Rights, such as freedom of worship, press, speech and assembly, and the right to a fair trial under law. And in addition, such benefits as the right to a job, to decent food and housing, and to social security would be extended to all peoples.

Thus, for the first time in human history, a Magna Carta of human rights will be offered to the whole civilized world. In this sense, passage of the International Bill of Human Rights would represent the pinnacle of man's achievements since the dawn of civilization more than 6,000 years ago.

Since the United States is foremost in pushing human rights on the international level, there are many who think she ought to clean up her own backyard as well. With this in mind, the Committee on Civil Rights has prescribed much-needed legislative and educational tonics to improve our democratic health. The Committee has pointed out that discrimination among Americans because of race, religion or national

cal newspapers and listen to your local radio station for announcement of registration places. Hours will be from 8 a. m. to 6 p. m.

4. Q—Who will be in charge of registration?

A—The governor of the state will be the directing head, but the key men will be members of your local board.

5. Q—How will registrars for registration points be selected?

A—Local board members will select them. Enough registrars will be appointed to complete registration in the required time.

6. Q—Where will registrars get instructions and material?

A—The State Headquarters for Selective Service at Austin will forward to each local board sufficient supplies and instructions. The local board will instruct registrars for all the registrations points

John B. Kennedy

origin is bad business from every point of view. In dollars and cents, it costs the nation millions in lost services, wages and purchasing power. In terms of national morale, it is even more damaging because racial and religious tensions keep Americans divided, instead of working together for the common welfare. And, finally, discrimination lowers our prestige among those in other lands who are impressed by deeds rather than words. This is a loss that we can ill afford right now.

We live in a democracy. If the people speak, there is action. If they are silent, progress sleeps. I should like to see public forums, clubs, churches, schools, the radio, the press and movies all over this broad land of ours, take up the cudgels for human rights. In Montclair, New Jersey, the leading civic and veteran organizations of the town conducted a survey of Montclair's assets and liabilities as far as human rights were concerned. They issued their report, which they called "The Montclair Audit," at a public forum meeting, to which the whole community was invited. I would like to see a thousand such Audits all over the United States. I would like to see every citizen in every community alert to human rights, and eager to help strengthen them. For this is the crucial issue of our time. On it, our system of government or any system, must stand or fall.

they establish.

7. Q—How many registrars can a registrar handle in an hour?

A—An average of about five an hour. On this basis local board members can make sure they have sufficient helpers.

Mr. and Mrs. C. C. Jones visited Mr. and Mrs. Porter Blankinship of Goree last Sunday.

CARD OF THANKS

With grateful hearts, we want to express our thanks and appreciation for the many kindnesses shown us in the death of our daughter and sister, Mrs. E. R. Cockrell. Your every deed of kindness, every word of comfort, and every floral offering were deeply appreciated, and we pray God's richest blessings on you all.

Mr. and Mrs. J. C. Morton and family.

L. A. (Louis) Parker Thanks The Voters

To The Voters Of Precinct Two:

I am indeed grateful for the splendid vote which you accorded me in the runoff primary last Saturday. This vote, which had re-elected me as your county commissioner, I take as your approval of my past services. I want to thank you from the bottom of my heart.

I also want to thank my opponent for the good, clean race he ran. We have been friends all the way, and we shall continue to be.

It shall be my aim to render you another term of faithful and efficient service. To this end I ask your cooperation.

Very sincerely,
L. A. (Louis) Parker.

Wax applied to the dustpan helps the dust slide off easily, prevents sticking when applied to the tops and bottoms of drawers, and prevents rust when applied to the painted surface of washing machines.

BARGAIN VALUES

Veterans' News

Direct benefits to veterans of all wars in the Southwestern Area of Texas, Louisiana and Mississippi during the fiscal year ending June 30, 1948, amounted to \$498,509,000, the veterans Administration reports.

VA's Dallas Branch Office, which supervises the tri-state area veterans' programs, said it issued 6,582,371 checks during the fiscal year for benefits ranging from education to disabilities.

Largest amount reported was

\$225,903,000 in subsistence to World War II veterans going to school or taking on-the-job training. Schools and educational institutions training the veterans received \$85,854,000 for tuition and other fees.

Next largest amount disbursed by VA to Southwestern veterans was \$111,459,000 for disability compensation or pensions. These payments were to veterans of all wars.

Death pension checks mailed to beneficiaries or dependents of deceased veterans amounted to \$28,994,000 while another \$20,370,000 was received during the year by GI insurance beneficiaries of veterans in the tri-state area.

An estimated 1,400,000 veterans of all wars are residents of Texas, Louisiana and Mississippi.

More than 1,400,000 World War II veterans in the United States obtained GI loans for homes, farms and businesses by August 1, the Veterans Administration says.

Ninety percent, or 1,266,000, bought or built homes; 47,000 purchased farms and farm equipment, and 97,000 went into business.

Questions And Answers

Q. Is it true that a lapsed National Life Insurance policy can no longer be reinstated?

A. No. But since July 31, veterans whose insurance has been lapsed three months or more will have to pass a physical examination to qualify for reinstatement.

Q. What is the difference between term insurance and converted insurance?

A. The protection in event of death is the same, but converted insurance accrues cash, loan and paid-up insurance values, whereas term insurance does not.

Q. I find that the course I am taking under the GI Bill is not what I expected it to be. Can I change my course to one that will meet my requirements?

A. Yes, providing you have VA's

Cotton No. 1 Money Crop Of United States

Dallas—While most cotton producers don't know it, cotton, the nation's number one money crop, goes to market at the lowest cost of any commodity in the country, according to Edgar Kucera, president of the Dallas Cotton Exchange.

This amazingly low marketing cost, less than 1% of the total value of the cotton crop, is possible only because free enterprise and keen competition have free rein among cotton merchants all over the country and keep each merchant bidding against the other for the snowy fleece, Mr. Kucera points out.

The eagerness of the cotton merchants to buy cotton at a price higher than that of their competitors keeps the producer's

price up, and the amount of cotton the merchants handle, nearly 100% of the annual crop, allows them to hold marketing costs down.

Free competition among cotton merchants, Kucera declares, is the only thing that keeps cotton from selling consistently more cheaply, and this same competition plays an important part in holding down the cost of finished cotton products. If cotton were not marketed at such a phenomenally low cost, the extra cost of marketing would, like every other cost, have to be paid by the ultimate consumer.

This sprightly, and sometimes rough-and-tumble, competition between cotton merchants for the white harvest goes a long way in getting the producer the last possible dollar for his bale of cotton. Even among street buyers, who are agents for cotton merchants, the competition is usually too keen for a buyer to take the risk of bidding too low for cotton.

The government, in its large-scale cotton operations, recognizes the fact that the marketing system operated by the self-regulated cotton merchants is the most efficient and economical system, and buys most of its cotton through cotton merchants. For example, to make Marshall Plan dollars go farthest, the government will purchase through cotton merchants all of the cotton it sends abroad under the European Recovery Program.

No cotton merchant will deny that he is in business to make a profit on the cotton he buys, Kucera declares. But his efficient and economical service in seeing that cotton reaches its ultimate consumers, after giving the producer the highest possible price, constitutes the lowest cost to the consumer.

Bring on the MATERIAL
We're ready for it!

"Bring on the material, we're ready for it," says Reddy Kilowatt and his fellow workers. "We are pushing the work on our Company's \$18,000,000 construction program to supply more and better electric service to more and more West Texas homes, farms, and industries."

Yes, Reddy, thanks to the West Texas Utilities Company's policy of anticipating future needs, most of the material you need to keep the construction program rolling is on hand or scheduled for delivery as needed. In fact, much of the material to be used in this construction program was ordered nearly two years ago! However, due to the continuing critical shortages of heavy electrical equipment and wire, deliveries are just now being made on materials ordered as early as September, 1946.

Eighteen million dollars! Each of those dollars, Reddy, is a vote of confidence in the growth and development of West Texas.

West Texas Utilities Company

Smaller Schools Being Consolidated With Larger Ones

"The movement of grouping small school districts is sweeping the State of Texas." So begins a Citizen's Committee report to the Gilmer-Aikin Committee.

"This movement is eliminating many small local administrative units thereby allowing the expenses formerly used in administration to be used in the actual teaching of the children of the State," the report stated. The Citizen's Committee said that this movement is good.

These statements are verified by a report from the State Department of Education in January, 1948, which said that 469 common

school districts and 36 independent school districts were eliminated last year. This year the number of districts eliminated last year.

Faults that have been listed by the people of the present set-up in the administrative units include:

1. Too many very small districts.
2. Too many high schools which do not have pupils enough to justify a varied curriculum.
3. Transportation routes are not well mapped out and the systems are not carefully supervised.
4. Too many small classes in small and middle-sized high schools make the cost entirely too great.

According to the Citizen's Advisory Committee, there is no general law permitting countywide consolidation of districts. A special law exists which applies to Counties of certain sizes. A general

permissive law for all Counties has been suggested to the Gilmer-Aikin Committee.

The Gilmer-Aikin Committee has not made any proposals to the people of Texas. Such proposals will be made only after careful study.

Sied Waheed of Saginaw, Mich., spent Wednesday night and Thursday with relatives and friends here. He came at this time because of the death of his uncle, Ameen Hassen, who passed away Monday at his home in Sulphur, Oklahoma. Funeral services are scheduled for 3 p. m. Friday.

Preston Ingram of Brownfield spent last week end with his mother, Mrs. Roger Williams.

Jackie Mayes returned to his home in Amarillo last Wednesday after spending the summer here with his grandmother, Mrs. W. M. Mayo.

Mrs. G. W. Redwine returned home last Monday from a three weeks' visit in Oklahoma and Texas visiting with her sister, Mrs. Jennie Lasiter and family at Pauls Valley, Oklahoma and her daughter, Mrs. Eula Hayes and family, her grand daughter and husband, Mr. and Mrs. Ralph Lewis; great grandson, James Dale Lewis, all of Genter. She also visited her son and daughter-in-law, Mr. and Mrs. Silas Redwine of Ft. Worth. Another daughter, Mrs. Ruth Hutchens and family of Fort Worth and other friends and relatives. Mrs. Redwine reported a wonderful time.

RAIL SHIPMENTS OF POULTRY AND EGGS

Austin—Rail shipments of poultry and eggs from Texas stations totaled 283 carloads in July, the University of Texas Bureau of Business Research reported. July shipments declined from 388 carloads shipped in June, but were above the 235 carloads moved in July 1947.

Receipts of eggs at Texas stations were 14 carloads in July, compared to 18 received in June, and 10 received a year earlier.

That board with the rusty nail in it should be thrown on the trash pile today. It may save pain and a doctor's bill tomorrow.

Fun In Big D

Gloria Weston, Dallas, joins her townspeople in inviting fellow Texans to come to Big D for week-end vacations this summer. A civic committee, called "Dallas Invites You" and headed by Mayor Jimmie Temple as honorary chairman, has set up headquarters in the Chamber of Commerce building to help out-of-town visitors obtain hotel reservations and plan their itinerary of sight-seeing, theatres, sports, night clubs and other recreation. The committee's service even extends to finding a baby sitter to stay with the children of couples wanting to step out on the town at night.

Kraker Krums—

(Continued from Page One)

fire that threatened a nearby dwelling.

The heavy traffic that followed the firemen was not so heavy coming back. Neither was it so speedy. The excitement was over; everyone could go about his own business again.

No fire. No traffic accidents. No casualties. Luck was with our townspeople again!

FIRST METHODIST CHURCH

The church announces the following services for Sunday, September 6:

Sunday School At 10:00 A. M.
Joel W. Massey is Gen. Supt., and urges all officers and teachers to be present Sunday morning to greet their respective classes.

Morning Church At 10:00 A. M.
The Pastor will be in charge of the service, after being away in revival services at Westover. Mrs. Oscar Spann is choir director and Mrs. J. H. Bardwell is pianist. Holy Communion will be celebrated.

Vesper Service At 6:30 P. M.
Good singing and gospel preaching. The Pastor announced he expected to have a full attendance in this evening service.

Youth Fellowship At 7:30 P. M.
This is the hour for Intermediate and Senior groups. Group directors will be present to assist with business and the program.

GOREE METHODIST CHURCH
Sunday school at 10 a. m.; preaching service at 11 a. m.

Wouldn't it be a "grand and glorious feeling" if every member were present next Sunday? Visitors are always welcome. "God is our refuge and strength, a very present help in trouble."—Ps. 46:1.
