

The big occasion that has been discussed and awaited for a year or more will be here Sunday. It is the 200th anniversary of the birth of this nation and, considering the greatness of our country, the observance deserves all the honor and respect that an appreciative and proud people can give.

That is why it is especially disappointing to hear that certain radical elements are planning to crash the party, so to speak . . . to muscle in to the patriotic celebration and try to steal the show with incidents that are embarrassing rather than edifying . . . or to show the real extent of their ugly contempt by stirring up violent demonstrations resulting in destruction and death.

A person cannot brush off the threat lightly when told that the mayor of Philadelphia has requested 15,000 federal troops to help his city police keep order during the Bicentennial celebration over July 4th. Even the national TV networks have warned that violence is planned by terrorists and subversive groups to mar the Independence Day celebration.

Consider those two signs with FBI Director Kelly's statement that crime is so out-of-hand in America that people will have to take additional measures of self protection from criminals. One can just imagine that twisted-minded characters would feel doubly proud of themselves for desecrating the day that has been planned as a sacred occasion.

Dr. George Benson, president of the National Education Program, says it appears that many people are waking up to the nature of the People's Bicentennial Commission, the Marxist propaganda organization which appears to be coordinating a nation-wide program of violence aimed at intimidating those who want to really express their love of America on the "glorious fourth."

The warnings are making the rounds and hopefully every city of the country will be on guard. The American people have a right to do their patriotic thing or visit historic shrines without fear of being hurt or harassed by mobs who are dedicated to the destruction of America.

The People's Bicentennial Commission was officially identified recently by the Senate Internal Security Subcommittee as a private organization headed by left wing radicals. With that kind of name it ought to be suspected. Communists have used the word "people" for years in disguising the totalitarian nature of governments, programs and what not. The name suggests that everything is of, by, and for the people, but the whole show is run by a few big wheels at the top.

Those subversive manipulators of the People's Bicentennial Committee have handled their job with the usual communist efficiency. On a \$300,000 operation they have been very successful in reaching churches, schools and the news media with releases on their version of the American story, which is subtly presented to convey the idea that our country is considerably less than we believe. The same catfish sponsored the "Voices of '76", which have been presented on 924 radio and 102 TV stations across the country.

The Senate Subcommittee reported that evidence establishes beyond challenge that Peoples Bicentennial Committee is a far-left organization whose true views are far closer to those of Castro and Mao than to those of our founding fathers.

The important thing to remember on July 4 is that it is the birthday of a great nation, the greatest of all history to date. It combines personal freedom with economic prosperity, good neighbor relations, and generosity to other countries. Here anyone can go anywhere, do anything, work at any job, and go to any church or school and no snooping official asks any questions. We enjoy more of life's material blessings than any other people. At the same time we give of our abundance to other countries especially in famine, epidemic, flood, earthquake or other

Jaycees are Ready For July 4th Picnic

After Monday night's clean-up and fix-up work party by Muenster Jaycees, the city park is ready for Sunday's big Fourth of July picnic. At another get-together Saturday night the members will put on finishing touches and also work on special preparations for the picnic.

The Jaycees goal is to attract their biggest and best entertained crowd ever as to earn their biggest revenue. Those earnings again will go into the club's park improvement fund, continuing the project that got under way years ago with clearing of brush and sodding to carpet grass. Since then they have added many park facilities and have cooperated with the city in a number of other improvements. The latest addition is the handsome new pavilion suitable for outside programs and dances and a shelter in case of rain. A square dance there is one of the picnic's big feature.

The celebration will begin at noon and last until midnight.

Library Will Show Bicentennial Film

The second of the series of Bicentennial Film programs funded by the Northeast Texas Library System with a grant from the Texas State Library will be shown Thursday morning, July 8, at 10 o'clock in the Muenster Public School auditorium. This Walt Disney film — Johnny Tremain — authentically re-creates the famous ride of Paul Revere, the Boston Tea Party and the battles of Lexington and Concord, in color and runs for 80 minutes.

This novel by Esther Forbes is the 1944 Newbery Medal winner. This is an award given annually for the most distinguished contribution to American literature for children. This book is one of the many Newbery Medal books at the Muenster Public Library.

2.33 Inch Rain

Another fine improvement to the community's moisture condition came Tuesday night and Wednesday with a pair of readings that add to 2.33 inches.

The 7 a.m. measure on Steve Moser's gauge was 1.81 inch and became the final entry for June. That brought the June total to 3.45 inches and the year's total 19.52, which is comfortably ahead of normal for a half year. The 10 year average is 36.13 and normal through June would be 18.07.

After the 7 a.m. reading an additional .52 was recorded as a start for July. Total for the year up to noon Wednesday is 20.04 inches.

Now It's Super Pumpkins

Mrs. Bertha Pick is harvesting pumpkins for the 4th of July instead of Thanksgiving. The unusual timing resulted from a casual scattering of seeds early last Fall. They didn't come up but they didn't freeze either, and finally sprouted in February. Now the producing vines are monopolizing Mrs. Pick's garden and providing plenty for pies now and for freezer storage. To date the largest pumpkin weighed 18 lbs.

Another Unusual Tomato
Ervin Richard Walterscheid was displaying an unusual tomato Saturday, grown in his garden, full size, ripe and complete with two realistic horns.

W. Walterscheid Is Mobil Delegate

Willie Walterscheid has returned from a flying trip to Chicago on June 17 to attend the Regional Mobil Advisory Board Meeting. At that meeting he was elected one of eight delegates to represent the United States-Canada area at the National Mobil Advisory Board Meeting in New York City in December.

Orchids grow from the smallest seed in the world.

night, and Jaycees promise there will not be a dull moment.

In the first place there will be an abundance of eats and drinks . . . beer, soda pop, snacks and a chicken supper. Other main attractions are a horseshoe tournament, greased pig catch, buffalo chip throwing contest and a trike race plus carnival type events for the kids. In addition there will be an auction of an abundance of stuff that members are begging for the occasion.

Hearings Invited On 2 Road Jobs

A hearing on proposed highway construction between Muenster and Saint Jo will be scheduled if it is wanted, according to an official announcement this week by the State Department of Highways and Public Transportation.

Any interested citizen may ask for a public hearing on the social, economic and environmental effects of the project by delivering a written request to the office of Resident Engineer Charlie Hildbrand, IH 35 North at Gainesville. Unless that request is received it is presumed that there are no objections to the present plans and that the Highway Department is free to proceed to the next stage of the project.

The announcement specified that maps and other drawings showing proposed location and geometric design, environmental studies and other information are on file and available for inspection and copying at the office of the resident engineer. Also drawings of geometric design are on file with Montague County, Cooke County and the City of Muenster. Tentative schedules for acquisition of right of way and construction can also be obtained from the highway department's offices in Gainesville and Wichita Falls.

The program includes two separate jobs. One is a 4-lane road from the east city limit of Saint Jo to the present 4-lane road 2.2 miles east of the Cooke County Montague line. The other is a 4-lane road .366 mile long from Main Street of Muenster to the existing 4-lane road west of town. It will be a ground level road replacing the 2-lane overpass over the former MK&T railroad tracks which have been removed.

A fringe benefit for the city will be pavement on Cross and Maple Streets and a bike trail along the north side of the right of way to the bridge. This route will be the detour during construction and will be left for the city's use. Also, a passage under the bridge will be provided from the road to the city park so that children going to the park can avoid the hazards of a highway intersection.

MAP Announces Schedule for July

Schedule for MAP activities in July is as follows: July 6, lunch at 12:30 in cafeteria; July 13, birthday cake and coffee, table games; July 20, table games; July 27, games.

Sixty five MAP members participated in the monthly blood pressure check on Tuesday, June 29.

At the previous meeting on June 22, all officers were re-elected including Al Walter, director; Mrs. Al Walter co-director; Mrs. Rose Hofbauer, membership and publicity; Mrs. Hilda Self, assisted by Joe and Elsie Horn, programs; Al Wiesman, treasurer.

A group of MAP members participate in the bowling program at 77 Bowl, each Thursday at 2 p.m.

On Tuesday, June 1, 70 MAP members attended the pool party and picnic at the home of Mrs. Ronnie Hoagland.

The Hand That Lifts The Cup That Cheers Should Not Be Used To Shift The Gears.

Rev. Harry Fisher Gets Assignment To Pilot Point

Father Harry Fisher is included in an exchange of pastoral assignments, according to an announcement last week by Bishop John Cassata of the Fort Worth Diocese in the Texas Catholic.

Effective July 15, Father Fisher will be pastor of St. Thomas Church, Pilot Point, and Father Severius Blank will be pastor of St. Jude Thaddeus Church, Burk Burnett. Presently Father Fisher is at Burk Burnett and Father Blank at Pilot Point.

A native of Muenster, Father Fisher was ordained in Dallas in 1964. Since then he has served as assistant pastor at St. Mary's, Gainesville, Holy Family, Fort Worth, St. George's, Fort Worth, Sacred Heart, Wichita Falls, and St. Rita's Fort Worth, before his assignment as pastor at Burk Burnett. He has also served as chaplain of the US Public Health Service in Fort Worth, chaplain of KC Council No. 410, and as diocesan director of the Apostleship of Prayer.

SH Paper Drive Set for July 3-10

The monthly paper drive will be held July 3-10, sponsored by Sacred Heart High School on the parking area between the two schools. Receptacles will be in the usual place.

Everyone in the community is urged to cooperate. The drive serves a two-fold purpose; it is ecologically sound in re-cycling paper and it earns money for the Sacred Heart School Fund.

Sponsors remind that the paper should be boxed or tied to prevent littering. Also that plastic lined bags or boxes cannot be used because they cause a foul-up in the re-cycling machinery.

All-Star Games to End Kids Baseball

Kids baseball for 1976 will come to a close Friday night in a pair of all star games with H&W and the Bank, champs of the two leagues, taking on the pick from other teams of the loop. The junior league game will begin at 7 o'clock and the senior league at 8:30.

Service Held for Sister Bertha, 85

The Mass of Christian Burial was celebrated at 4:30 p.m. last Thursday, for Sister M. Bertha Frei, O.S.B., 85, who died on Tuesday, June 22, at 4:30 p.m. in St. Bernard's Regional Medical Center at Jonesboro, Ark.

The service was in the chapel of Holy Angels Convent with Father Paul Hadusek O.S.B., chaplain, officiating and also conducting grave side service in Our Lady of Mt. Olivet Cemetery near the convent. Pallbearers were members of the Knights of Columbus. A scriptural rosary service was held Wednesday night in the chapel of Holy Angels Convent.

Sister Bertha was born in Diepoldsau, Canton St. Gall, Switzerland, on April 29, 1891, a daughter of the late Johannes Frei and Elizabeth Hunter. One of eleven children, Sister Bertha (Antonia) left her Swiss home on January 15, 1908, to enter Holy Angels Convent. She was accompanied by her parents to the Shrine of Maria Einsiedeln, Switzerland, to join Sister M. Edward End, O.S.B. and a group of candidates who were enroute to Jonesboro.

Sister Bertha made her first vows as a professed religious on August 12, 1910. She celebrated her golden jubilee, as a nun in 1960, and her diamond jubilee in 1970. A memorable event of 1938 was a gift from Muenster's Sacred Heart Parish of an expense paid trip to Switzerland to see her mother and brothers and sisters.

She taught 60 of her 66 years in God's service, spending her first two years at Rhineland. For the next 30 years she taught the second grade of Sacred Heart School. After that she taught in Arkansas at Weiner, Wynne, Marked Tree, Blytheville and Stuttgart. She spent almost all those years teaching the second grade and also in preparing children to receive their first communion.

Survivors include the sisters of Holy Angels Convent and two nieces in the sisterhood in Switzerland.

Muenster friends of Sister Bertha will honor her memory at a special Mass Friday at 8 p.m. in Sacred Heart Church.

City Will Have Poll Of Opinions on Lake

Members of the Muenster Water Board and the Muenster City Council in a joint meeting Tuesday night decided to go directly to local residents for guidance in their decision on the proposed lake for the city's future water supply. The purpose of their meeting was to determine thinking of the two groups and then to decide on what action to take next.

Mayor Bright said that sentiment of the meeting was strongly in favor of the lake. However, even though the Board and Council are empowered to proceed, they prefer first to consider the opinions of the people.

Next step was the manner

of seeking opinions. Since a special election presented the difficulty of considerable delay and expense, an informal poll was adopted as the best plan.

The straw vote will be conducted in connection with the next water billing, about mid July. Special water bills for the occasion will have a stub on which the customer can submit his opinion as he turns in the stub with his payment.

The bill will be accompanied by a letter explaining the situation as concisely as possible. Everyone will be asked to read the letter carefully and understand it before expressing a preference. Results of the poll will be accepted as an indication of how people feel about the project. Or, if there is an indication that the issue is not thoroughly understood, the Board and Council will arrange for town meetings in which every phase can be explained.

Mayor Bright pointed out that Muenster has an emergency on its hands, and the opinion poll is the fastest way to get things started. A formal election would require an official order at the next council meeting and a minimum of 30 days before the balloting. The informal poll will provide the answers in less than half the time.

The critical factor is that the state's water quality board will revoke the city's water right unless a commitment is made in November, before expiration of the 1 year permit.

But Muenster has to make the big decision before committing itself. Will the people go for a lake as their source of municipal water or will they stay with the water wells? The subject involves a possibility of wells going dry, the cost of a lake and other facilities, cost of additional wells, etc.

It is a big decision and must be made soon. Because, if the decision is affirmative there will have to be enough time left to complete necessary paper work before the permit's expiration.

Need Continues For Big Donation To Blood Bank

The special need which prompted a special appeal at the community's last Bloodmobile visit will apply again at the regular semi-annual collection on Wednesday, July 14. Mrs. Bernard Haverkamp stated this week that her husband, a leukemia patient has a continuing need for transfusions, and friends are asked again to replace the blood that has been used by him.

The local blood bank's co-sponsors, VFW Post and K of C Council, are also reminding the members of the blood collection and have provided sheets for indicating preferred appointment time.

All prospective donors are encouraged to make an appointment as an accommodation to themselves and the collection staff. Besides eliminating waits it has a tendency to level the rush and slack periods.

If not on the KC or VFW list, a person can make an appointment by calling the hospital, 759-2271

Bluebonnet HD

Mrs. Eileen Fisher has announced that the Bluebonnet Home Demonstration Club will not meet in July.

Production Soars at New Milk Plant

The industry which has been a distinguishing feature of Muenster for more than a half century is going stronger than ever now since the new cheese factory of Associated Milk Producers, Inc., is in operation.

As pointed out by Plant Manager Vernon Sparkman, the gleaming, sophisticated, multi million dollar facility, which processed its first batch of cheese on April 11, has more than doubled the local cheese making capacity and, when completed, it will more than triple the total milk processing capacity. Still under construction is the condenser with capacity for handling more milk than the cheese plant.

The present operation consists only of cheesemaking in which five vats of 40,000 pounds each are in use and each vat makes four batches a day. This figures to 800,000 pounds of milk a day. This is a 24 hour operation, each batch requiring 5 1/2 hours.

The cheese factory is a block west of the old cheese plant, and a part of the old building has been extensively remodeled to accommodate the big condenser, which will be able to convert as much as 1.2 million pounds of milk into powdered milk in 24 hours. That will boost the plants total capacity to 2 million pounds a day. Or it would be able to condense all the whey left after 80,000 pounds of cheese has been taken from 800,000 pounds of milk, plus an additional 400,000 pounds of milk.

Milk condensation presupposes another operation. The end product is non-fat dry milk, hence the cream is separated from the milk before the condensation.

Processes Surplus Milk
The entire operation is big

business, with saleable products of cheese, dried milk, cream and condensed whey being produced from milk which might otherwise go to waste.

First objective of AMPI is to produce for the Class 1 or fresh milk market. But supply and demand do not come out even. For instance, less milk is used in the summer when kids are not in school and more people are on vacation and beer and soft drinks sell better. On the other hand cows respond to green feed and pleasant temperature with higher production, which is still fairly high in the summer. But the cow's supply is down in winter time when demand is up. So, to satisfy the winter market there has to be a spring and summer surplus.

Money realized from this surplus, Class 2, market is less than from the fresh milk market, but that does not mean that some dairymen get the high price and some the low. Instead they share in both through the system of milk base for which the farmer gets the higher price. Quantity above that is surplus or Class 2, which sells for less even though quality is equal.

This arrangement appeals to AMPI as well as the farmers. While the farmer's record of Class 1 and Class 2 is kept separate in computing his pay, the two classes of milk are not kept separate. Because of this farmers near the metropolitan centers have all their milk taken there while some other farmers have all their milk taken to the surplus plants. The routing system saves thousands of dollars in reduced mileage.

The imbalance of supply and demand works the other

way during the winter when production is down and consumption of raw milk is higher. Surplus receipts at the plant are low, and even then some of it may be sent away as raw milk. One function of the plant is to keep alert to the need of Class 1 milk and sell it rather than process it. It is worth more that way to AMPI.

Local Dairy History

The dairy history of Muenster is tied in with the imbalance of milk supply and demand. The local cheese plant started in 1924 and for many years all local milk was class 2 for cheese production. Next development was the growing market of class 1 milk for the growing cities, with increasing numbers of farmers quitting the local plant to get the higher price. That was followed by problems of fluctuating supply, leading to organization of North Texas Producers Association. Muenster, with its cheese plant became the place to get salvage value out of milk that would otherwise be lost.

Similar problems throughout the nation led to organization of Associated Milk Producers, Inc., and eventual merger of NTPA with AMPI.

Throughout the past 52 years the organization of a local cooperative by community pioneers has been a definite asset. A local milk market led to organization of many family dairies for additional income. When the time came for NTPA to succeed FMA the local cheese plant was the logical receiver of surplus for the expanded operation. The same thing still of a big dairy area, a natural location for AMPI to set up its modern and expanded operation.

Another factor that has

continued through the years is the relationship with Kraft as the plant's number 1 customer. Most of the local output still goes to Kraft as cheddar cheese for manufacture into several varieties of process cheese, like Velveeta, American, etc.

"Muenster Cheese"

Meanwhile there has always been a misunderstanding about the name Muenster cheese. If referring to the place of manufacture, it was cheddar cheese made in Muenster. If referring to variety, it was not made here, and the name had no connection with this town. Nevertheless, the "made in Muenster" cheddar cheese, had merits of its own. It was a favorite with lots of people.

But that phase of the local story unfortunately has ended. The 40 pound blocks are no longer being made. Though it's still cheddar it's being packed into 500 pound barrels, and coming soon is a 640 pound mold. The difficulty is that individuals do not want "made in Muenster" cheese in the quantity of 500 or 640 pounds.

Back to the local operation, the milk delivery truck has a handsome stainless steel tank with double wall and insulation between. Its capacity is 5,600 gallons, or about 49,000 pounds. The plant can unload it in 17 minutes. The trucks as well as the insulated storage tanks make it possible to transport or keep milk with less than two degrees of temperature change a day.

Each of the plant's three huge storage tanks has a capacity of 9,000 gallons. In weight that comes to 1,275,000 pounds as compared with 350,000 pounds in the old plant.

Declaration of Independence And Magna Carta Had Similar Aims

Omar Burleson, M. C.
The Magna Carta, sealed by King John at Runnymede in

1215, and our own Declaration of Independence have some threads in common. Both documents, separated by half a millennium, were essential steps to limit political power by law. Running through both great documents is the fundamental idea that those who exercise power are accountable for the manner and quality of Government to those who are subject to it; that rules must pre-exist and are not to be made up on whim as some contest of strength arises.

Our own Declaration of Independence has a turbulent history. Not only was it in controversy during its formation but the document itself has had many physical ventures during its 200 years.

Contrary to legend, the Declaration was not signed on July 4, 1776, but rather, on August 2 of that year. Not all Members of the Continental Congress were present to sign when after a month scribe Matlack had completed the document in large fanciful script. In the following days, the document was unrolled, signed, and rolled again as Members showed up. Due to the movements of the British, the Congress adjourned to Baltimore, back to Philadelphia, then to Lancaster, Pennsylvania, and next to Princeton, Annapolis, Trenton, New York City, and finally back to Philadelphia, with the document taken along. History indicates it was stuffed into a barrel and pushed along in a cart in all kinds of weather.

In 1800, the government moved to Washington and the parchment was stored in different buildings until Secretary of State Monroe, in 1814, had it moved to a barn in Leesburg, Virginia, to hide it from British invaders.

When it was returned to Washington, it was in a decrepit condition and John Quincy Adams decided the Declaration should be printed for posterity. Printer W. J. Stone took what was known as a wet-pressing from the original, damaging it to an extent from which it has never recovered.

After the print was made, it was decided that the parchment was beyond restoration and should be kept under cover.

At that time, the Department of State was placed in charge of it and placed it in a dark vault. Scholars and researchers were always wanting to see the original and, armed with letters from their Congressmen, insisted on having it brought out into the light. In the end, the decision was made to turn the manuscript over to the Library of Congress. The Librarian had it photographed but lost the negatives. He also had it enshrined in a marble case which now stands vacant in the Library of Congress.

When World War II was declared, the Declaration was packed in a sealed bronze case and taken to Fort Knox for safety. In 1951, it was returned to Washington and sealed in a thermopane glass case filled with humidified helium to prevent further deterioration. A year later, it was transferred in an armored car, under armed escort, to its permanent home in the National Archives where it can now be viewed by the public. At night, along with the U. S. Constitution and the Bill of Rights, the documents

are lowered 20 feet into a steel and concrete vault. In this Bicentennial Year, thousands and thousands of Americans will view these documents and acquire a sense of history which they might not otherwise have.

It pays to advertise with the Muenster Enterprise.

Denise Bayer Has Birthday Party

Denise Bayer's fifth birthday of June 28 was observed the following day when her mother, Mrs. Daniel Bayer entertained with a party at the swimming pool, followed

by refreshments of hamburgers, ice cream and a decorated birthday cake at home. Guests were Russell and Chad Simmons and their mother, Mrs. Rex Simmons, Rhonda, Raymond and Kimberly Stewart and their mother, Mrs. Ricky Stewart and Denise's sister, Melissa.

Husbands Honored

Husbands were honored by members of Kappa Theta Chapter, ESA, with a steak dinner in the new home of Don and Sara Lester of Era on Saturday, June 26. It was a special tribute to husbands for their help and cooperation during the year. And there was a decorated cake made by Betsy Fleitman, inscribed "Thank you, Guys". Guests were Mr. and Mrs. Roger Fleitman and Mr. and Mrs. Chuck Owen.

Lonnie Rader of Denton was home for Fathers Day weekend — to see his parents the D. L. Raders. Then on Monday June 21 Dan Hufkines of Park Springs was a visitor in the D. L. Rader home.

The Raymond Woods family, the Gerald O'Brien family and Gerald's parents Mr. and Mrs. D. J. O'Brien of Wichita Falls spent the weekend in Forestburg with the Clifford Hudspeths.

K. J. (Wassie) Reynolds has been in Denver, Colorado, for the past month on a Reserve Training Program. On Friday night June 25 his wife Rosemary and son Wesley departed from D-FW Airport for Denver to spend a week there. They will all re-

turn home afterwards.

Mrs. Eula Belle Boyd left for Houston Tuesday June 22 to visit the Doyle Boyd family.

Charles Sessums of Myrtle Springs visited Mrs. Lula Sessums Tuesday, June 22.

Mrs. Evelyn Littell returned home to Oklahoma City Wednesday, June 23 after spending some time in Forestburg visiting her father Meb Dunn. Meb has been rather ill lately and in Bowie Hospital but at this writing he is home again.

Perryman Denham visited his good friend Roe Sledge on Tuesday June 22. Roe told that he had walked to Dill's Station and back. This is doing great since Roe has been real ill for sometime.

Jim Barnett of Deway was admitted to the Muenster Hospital in the early morning hours of June 24.

A Gospel Meeting will begin at the Forestburg Church of Christ on July 5 at 8 p.m. Wendal Byrd of Nashville, Tenn., will preach. Everyone is invited to attend.

Mrs. Cora Mae Greenwood and Laresa visited Mr. and Mrs. Walter Miller of Fort Worth Sunday, June 20. Mrs. Miller is Cora Mae's aunt.

Mollie Howell's brother and wife — Mr. and Mrs. Jack Higgins of Madill, Okla., visited her Thursday, June 24.

The Forestburg United Methodist Church folks had their monthly fellowship supper and board meeting Wednesday, June 23 at 7 p.m. in the church annex. There was a good attendance and much good food.

Mrs. Norma Moore and children of New Roads, La., and Mrs. Montez Nivens and daughter of Houston have been here visiting with Mr. and Mrs. Clifford Hudspeth and Mrs. Irene Barry of Ross-ton. On Friday June 25 Merle Hudspeth, Norma Moore and children, Montez Nivens and daughter, and Mrs. Irene Barry all motored up to Wichita Falls to visit the Raymond Woods family and the Gerald O'Brien family. Then on Saturday, June 26, it was over to Alford for all these folks for a big family picnic at the park there. They were joined by Mr. and Mrs. Archie Peers of Alford.

At 10 a.m. Tuesday, June 22, Vaton Dill boarded a bus in Bowie and headed for Matador to visit with her aunt and uncle — Mr. and Mrs. J. T. McCandless and Todd.

My husband and I were very pleasantly surprised Thursday p.m., June 24, when Jim and Rosa Bryant paid us a visit. Has been a long time since they came to call. I asked Jim if he'd been to see his neighbors the Odus Cooks yet. He said, "I saw that feller out in his yard the other day — guess I'm gonna have to go up for a visit and get acquainted". Folks hereabouts will understand what Jim meant.

On Friday, June 25, Jim and Rosa were over in Bowie to attend the Bulter family reunion at Pelham Park.

Ted and Laura Belle Jackson attended the Griffin family reunion Sunday p.m., June 27, at the Forestburg Community Center. I asked Laura Belle which Griffin family it was — she said, "The Ovil Griffin and Oscar Griffin families — well, just a Griffin reunion."

Mr. and Mrs. Jack C. Dill left Saturday, June 26, for Kansas to pick up Hal and Mary Hays who had gone up there to visit Hal's folks and help in the grain harvest. Going up there about a couple of weeks ago the Hays were involved in an automobile accident so the Dills went to get the Hays' and their car. The Hays' daughter Leann will remain in Kansas with her grandparents for a visit.

Mrs. Minnie Sirman is still a patient in the Gainesville Hospital at this writing.

Extra Special to Frank Hess Families

A big reunion is in the making for all descendants of Mr. and Mrs. Frank Hess on Sunday, July 11, starting at 9 a.m., in the Muenster City Park.

All family members are urged to pass the word so that everyone will have an opportunity to know. Also they are asked to bring their own picnic lunches and drinks in time for setting the table before 12:30 o'clock.

Likewise wanted is family history. Everyone is asked to bring a diagram of the family tree plus family pictures.

Multiple Jubilee Set July 4 for Holy Angels Nuns

A joyful celebration at Holy Angels Convent in Jonesboro, Arkansas, at 2 p.m. on July 12, will observe Profession Jubilee of 50 years for four members of the Olivetan Benedictine Sisters, of 25 years for one and perpetual vows for one and advancement for four others.

Sister Theresina Grob, long time teacher at Sacred Heart High School, Sister Angela Weber, Sister Theodore Roos and Sister Raphael Studer will be honored on their golden jubilees. Sister Fidelis Rohmer, daughter of Mr. and Mrs. John Rohmer, will observe her 25th jubilee. Also included are Sister Kathleen Blanchard, upon the Profession of Perpetual Vows; Sister Andrea Akes and Sister Sharon Bourgeois, who will profess their First Vows and Miss Carolyn Whaley and Miss Linda Boomhower, upon Investment in the Community.

An anniversary dinner will be served at 11 a.m.; Jubilee Services will begin at 2 p.m. in the convent chapel and a reception will follow.

BIRTHS

Mr. and Mrs. Joe Bayer of Denton are parents of a daughter, Tawie Christine born in Flow Hospital on Tuesday, June 22, 7:30 p.m. weighing 5 lb. 14 oz. Her grandparents are Mr. and Mrs. Alfred Bayer of Muenster, and Mrs. L. V. Hagan of Baird, Texas. Mrs. Gertrude Bayer is the great-grandmother. Tawie Christine is a new little baby sister for Aaron and Hallie.

"S.O.S." has no literal meaning, but was chosen as a distress signal because of its ease in transmitting.

Group Takes Tour To Big Bend Park

Nine Muenster people joined a bus tour of the Big Bend National Park, sponsored by the Denton AARP recently. The group included Mr. and Mrs. Al Walter, Mrs. Rose Hofbauer, Mrs. Frank Bayer, Mrs. George Gehrig, Mrs. Leona Eberhart, Mrs. Lorena Taylor, Mrs. Ed Pels and Mrs. Ronnie Hoagland. They visited the McDonald Observatory, spent the first night at Indian Lodge in the Davis Mountains, went sight-seeing briefly at Presidio and then took the scenic drive to the Big Bend area where they spent two nights and a day. They walked a distance, as far as possible into Santa Elena Canyon, then drove to Del Rio and crossed the border for shopping in Mexico. On the last day of the trip they came by bus from Del Rio to Denton and returned home.

ABOUT THIS QUESTION

BICENTENNIAL

The basic strengths of our democracy — our Bill of Rights, our system of checks and balances, our freedom of the press, our judicial system — these have once again brought our nation through a difficult challenge.

We can have confidence, at this Bicentennial Celebration, that our government and institutions are solidly anchored, can meet the challenge of changing times, and God willing, may serve us well for another 100 or 200 years.

17 Piano Students Appear in Recital

An evening of piano music depicting a Bicentennial theme of popular and classical hits was presented by seventeen piano students of Mrs. Thomas Dankesreiter in a recital in the meeting room of the Community Center on Tuesday, June 8 at 8 p. m.

The piano was on a portable stage at the front of the room. Baskets of colored gladioli and white daisies, large Clef symbols, glittering notes and a candelabra provided scenery and background lighting.

Presenting solos and duets were Sharen and Karen Wolf, Debbie Bindel and Teena Tisdale, Mary Margaret Rohmer and Lou Dyer, Brenda Felderhoff and Christi Rohmer, Ted, Joe and John Koerschner each presented a solo and together a trio.

Presenting solos were Cindy Tisdale, Brad Henscheid, Laura Flusche, Clifford Boggess, Angela Bartush and Lisa Magas.

At the end of the program Mrs. Dankesreiter thanked parents for their support during the year and presented each student a certificate of accomplishment.

Students, parents, grandparents and interested friends were served punch and cookies to conclude the evening.

Dividend Declared By First Texas

The Directors of First Texas Financial Corporation have declared a quarterly cash dividend of \$0.10 (10 cents) per share to all stockholders of record on August 16, 1976, payable September 15, 1976.

First Texas Financial Corporation is a savings and loan holding company with assets of more than one billion dollars. The Corporation currently owns and operates ten savings and loan associations located in Texas.

Forestburg HD Has Party in New Log Cabin Studio

The log cabin to be used as Mrs. Veda Brogdon's studio in Forestburg was initiated by a party for Forestburg Home Demonstration members Monday, June 21 at 7 p.m. Actually constructed of logs with the bark intact, the cabin has a stone fireplace and rough cement floor.

Windows are dressed with a look of homespun; an old fashioned bed with a beautiful pieced quilt; the mantle with two lighted kerosene lamps; old decorative plates hung on the wall and there is even an old table given to Mrs. Brogdon by her mother when she married and around which she raised her children.

Guests added to the interest by bringing some of their old and treasured possessions. Probably the oldest item and in good condition was a blue and cream floral patterned bedspread brought by Juanita Bailey. Flax used in this spread was grown and spun by her great, great, great grandmother, who hired the weaver who also wove in the owner's name, J. E. Bullmar, Millstone, New Jersey, the year, 1837 and the weaver's initials G.W.V.D. — Truly a valuable, treasured antique.

Mrs. Elsey brought a very old, very small, very thick Methodist hymnal dated 1844 and the name of the person to whom it was given. She also brought a small, very old bag.

Cleta Reynolds brought a little silk handkerchief with corner decorations including the American Flag. It had been sent to her as a child during World War I from France, by Charles Barnett who later married her sister, Vera.

Marion Sockwell brought an old glass butter dish, sent from England as a wedding gift; also an old Blue Back Speller used by her father. Wanda Perryman brought an old turkey feather duster from an old hotel in San Francisco. Millie Perryman brought an old jug used by Indians for

storing whiskey and from which they drank. Ruby Sledge brought an old sad iron, once a wedding gift to someone. Elizabeth Orrell brought a pair of knitted baby mittens, a gift to her and made by Jake Monroe's mother, she also brought a picture painted on glass.

Members attending were Veda Brogdon, Ruby Sledge, Imogene Evans, Millie Reynolds, Marion Sockwell, Juanita Bailey, Cleta Reynolds, Vera Mae McGee, Wanda Perryman, Velma Freeman, Betty Reynolds, Decie Elsey, Grace Scott and Hettie Landers. Guests were Elizabeth Orrell, Myrtle McMillon, Marge Orrell, Norma Morby, Nema Barnett, Cleo Lanier.

IT HAPPENED 35 YEARS AGO

July 4, 1941

Threshing machines are running again after three days of delay on account of rainy weather. Della Bernauer, 57, dies in Memphis, Tenn. . . . funeral will be here Saturday. Several little girls helped Mary Ann Felderhoff celebrate her birthday Sunday with a party. Tony Hess breaks arm and Leonard Hartman breaks ankle in accidents. Otto Walterscheid and his mother of Tishomingo, Okla., are visiting relatives here. 119 county youths 21 years old registered Tuesday for selective service. June rainfall totals 12.49 inches. Local motorcycle club prepares for annual races Sunday.

30 YEARS AGO

July 5, 1946

A soil conservation office will be established here in the near future. Light showers keep threshers from operating. Spare stamp 10 in ration book becomes valid July 1 for five pounds of canning sugar. A. J. Huchton is back at home with a discharge from the army. Henry Schneiderjan is part time assistant at local post office since it received second class rating. Milk receipts at cheese plant are over 50,000 pounds daily. Arnold Knabe has gone to Hereford to work. The John Furbachs of Amarillo were here during the weekend supervising a remodeling program at their home . . . they will return to live here in about two weeks. New city ordinance will put squeeze on sheep-killing dogs. Sacred Heart Parish begins famine relief drive Sunday.

25 YEARS AGO

July 6, 1951

Soaking rain measuring 2.19 inches improves outlook for hay and corn; rained-out Fourth of July picnic will be held Sunday. Soil Conservation Service work unit moves into Enterprise building. City's ancient fire truck gets late model chassis. Mrs. Tommy Felderhoff leaves by train to join her soldier husband at Camp Breckenridge, Ky. Alvin Fuhrman is aboard a troop ship enroute to Germany. Sue Sears and Sidney Eickstein marry in Fort Worth. Larry Hennigan, David Walter and Clifford Swirczynski are named Scout Patrol leaders. Fire destroys barn and contents on Adolph Fuhrmann farm.

20 YEARS AGO

July 6, 1956

City's new sewage plant is completed. Resident deputy assigned to Muenster is Buck Anderson, formerly of Green-

YOU CAN BANK ON IT!

Money, as any other commodity, is a marketable item, and the price of that money is the interest you pay for it.

Interest rates, as borrowers know, can fluctuate from month to month, even day to day, and are influenced by many factors.

Most authorities agree that long-term interest rates are influenced by expectations as to the future value of money itself, and many lenders who see inflation ahead will not lend unless the return looks high enough to offset the use of the money and compensate for the probable decline in its value before the money is repaid.

Lending money is a business just as any other, and banks, as all businesses, expect to make a moderate profit. Banks are in the business to lend money. They aren't, however, in business to give it away without a reasonable return. They also have to "buy" money and pay interest for it.

It is this system of "buying and selling" that makes American banking one of the most stable in the world.

**Muenster
State Bank**

ville. Local Ground Observer Corps has training session. Mrs. J. B. Wilde is recovering from pneumonia. Mrs. Henry Wolf is recovering from major surgery. Drought continues; moisture record for past six months is 9.45 inches. The James Eckart family moved this week from the Felderhoff farm to the Stoffels Estate place. Forty-six children enroll in Vacation Bible School here. Local VFW and Auxiliary members go to Amarillo state convention. The Alvin Hartmans are vacationing in Eureka Springs, Ark. Margaret Milner and Mrs. H. H. Homsley are in Chicago at FHA convention. Thirty-two local Girl Scouts and Brownies attend day camp at Camp Myers. Doris Krebs and Henry Kuhn Jr. marry at Gainesville. John E. Huddleston, 59, of Myra, dies.

15 YEARS AGO

July 7, 1961

Kickoff meeting set Thursday to resume hospital drive. Groundbreaking is held July 3 for Sisters' new convent. Hundreds return to join parishioners at homecoming celebration July 4. 320 report for shots on annual immunization day. J. W. Fisher is named K.C. district deputy. Speedy firemen keep loss low at Woodcarvers' Shop. Joe Bayer, 12, has lucky escape in tractor accident. Muenster State Bank Savings accounts continue growth and semi-annual interest is largest ever paid. Lindsay Craft Club leaders elect Mrs. Norbert Zimmerer treasurer and Mrs. Gene Owen secretary as assistants to Mrs. Ray Laux, president. Mr. and Mrs. Tom Pryor of Myra observe 63rd wedding anniversary. Seven Boy Scouts ad-

vance in rank. Mary Nell Bier-schenk and Kenneth Klement marry at Varley View. Sarah Ann Fleitman prepares for six week tour of Europe.

10 YEARS AGO

July 8, 1966

Over 1200 attend 4-H Horse Show here. Carl Mullins is partner-manager of Muenster Livestock Auction. Saturday service at bank end July 30. Three are candidates for Lone Star Farmer degree: Glenn Klement, Wayne Klement and Terry Wimmer. Dr. Tisdale opens veterinary office. Spec. 4 Willie Fisher is wounded in battle in Viet Nam. Deposits and loans at Muenster State Bank are lower than a year ago. Diann Henzler returns from Taiwan teaching assignment. SHH grads of '61 have class reunion. Block of surface on Main Street finishes PM 3:30 south of town. Business

booms at local library with 2,111 books checked out the past month. The Center and Tuggle Motor, Little League teams are champions of the 1966 season. New arrival: a boy for the Paul Dangelmayrs.

5 YEARS AGO

July 2, 1971

Jaycee July Fourth picnic will be benefit for City Park Pavilion. Muenster Electric will have formal opening this weekend to show new building and new lines. New sign at Bank reports time and temperature. Annual Red Cross swim classes will start Monday. City gets \$6,334 for sales tax in first quarter. Three Florida men are captured here after attempted theft at Carl Walterscheid's Arco Station. Crowd of 2000 attends Homecoming at Lind-say. Kathleen Sicking and

Larry Vogel marry. Rev. Bonaventure Koelzer, Brazilian missionary, is visiting relatives here. Janie Spires and Lonnie Woods marry at Gainesville. New arrivals: boys for the Don Wilsons and Terry Casons; girls for the Daniel Bayers, Wayne Clers, and Donald Pelzels.

The engagement and approaching marriage of Miss Joyce Alene Sicking to Paul J. Dostart of Houston has been announced by her parents, Mr. and Mrs. Emmett J. Sicking. Mr. and Mrs. Leonard Dostart of Mason City, Iowa, are parents of the future groom.

For their wedding day the couple has chosen Saturday, August 14, in Sacred Heart Church at 5 p.m. Father Phillip Lamberty, a friend of the couple, will officiate. Attendants will be Colleen Baggerly of Houston as matron of honor, Joan Lutkenhaus of Carrollton and Kathy Sicking, sister and sister-in-law of the bride-elect, and Sara Dostart, groom's sister and Barbara Morey a friend of Lewisville as bridesmaids. Sherlynn Sicking, daughter of Mr. and Mrs. Jerry Sicking will be flower girl.

The bride-elect is a granddaughter of Mrs. Will Sicking of Myra and Mr. and Mrs. Joe J. Kahl of Gainesville. She is a graduate of Muenster High School, Grayson County School of Registered Nursing, Harris County Hospital District School of Nurse Anesthesia at the Texas Medical Center of Houston and presently attends the University of Houston and is a member of the anesthesia staff of Ben Taub General Hospital at the Medical Center.

The future groom is a graduate of Mason City High School; holds a Bachelor of Science Degree from Iowa State University; is a student at Bates College of Law at the University of Houston and is a Certified Public Accountant of the State of Illinois. He is a staff assistant in the Houston Law firm of Wood, Lucksinger and Epstein and is a teaching fellow in the Accounting Department of U H, where he is also Editor of the Houston Law Review and president of Phi Delta Phi, International Legal Fraternity.

Forestburg News

By
Myrt
Denham

It was a busy active day on Sunday, June 20 at the A. G. Barclay abode. In the a.m. son Billy and family of Saint Jo arrived on the scene — they stayed for dinner. After that they departed for Alvord and A. G. and Gladys headed for the Myers family reunion at the Rosston Community Center. From there they drove over to Gainesville to visit A. G.'s aunt Anna Myers. Then it was back home and the action began again with company arriving — the H. B. Perryman and Willie Orrells.

Mr. and Mrs. J. O. Davis of Montague spent Sunday, June 20 visiting Mrs. Davis' cousin Bennett Reynolds and wife Betty.

Mrs. Houston Brown of Bowie visited her daughter Marge Goldsberry Sunday, June 20. These two ladies then visited the "Cotton" Gresham family in Rosston.

Mr. and Mrs. Herschel Holzbog returned home last week from Birdseye, Indiana. They had been visiting with his parents there.

Guests in the home of Mrs. Zelma Kimmons on Sunday June 20 were Mr. and Mrs. C. W. Walker of Lubbock, Mr. and Mrs. Rodney Applegate and Mr. and Mrs. Elmer Coswell and Gary.

Tina Bell of Fort Worth and Darlene Mallory or Hardin visited with the Mickey Landers family and Myrtle McMillian last week. Tina and Darlene are nieces of Mickey Landers.

Spending the day with the Clifford Hudspeths were W. C. Hudspeth of Bowie, the Leve Hudspeths of Dallas and the Paul Hudspeths of Wichita Falls. W. C. is Clifford's uncle and Leve and Paul are his sons.

Sunday Clifford and Merle had more company for the day. The R. D. Woods family of Wichita Falls, the Doyle Lynch family and the Dale Hudspeth family. Grandson Clifford Ray Woods remained here for a visit. Merle says he will replace her on the tractor for awhile and give her a "rest".

Cleo Lanier and Wynona Riddles visited the Doyle Wade family and Mrs. Etta Jackson Smith of Sunset June 20.

Visiting in the Ted Jackson home, June 19 were some old friends, Mrs. Wallis Chaffin and Mrs. Florence Turner of Ryan, Okla.

Mrs. Gladys Smith and Mrs. Gladys Barclay had a day out in Fort Worth, Monday, June 21.

Mrs. Frances Brewer of Forestburg and the David Brewer and family from Denton attended the Jackson family reunion, June 20 in the community room of the First National Bank in Bowie. The Jackson family used to live in the Denver Community years ago.

Mr. and Mrs. Mike Kelly of Wichita Falls and Mr. and Mrs. David Coffman of Fort Worth were June 18-20 guests of Mr. and Mrs. William Coswell. Mrs. Kelly and Mrs. Coffman are daughters of the Coswells.

The New Mary Kay Basic Hair Care System

You've been waiting for it! Now it is yours! Not until we could offer hair care products of superlative quality and performance did we add Basic Hair Care to our product line.

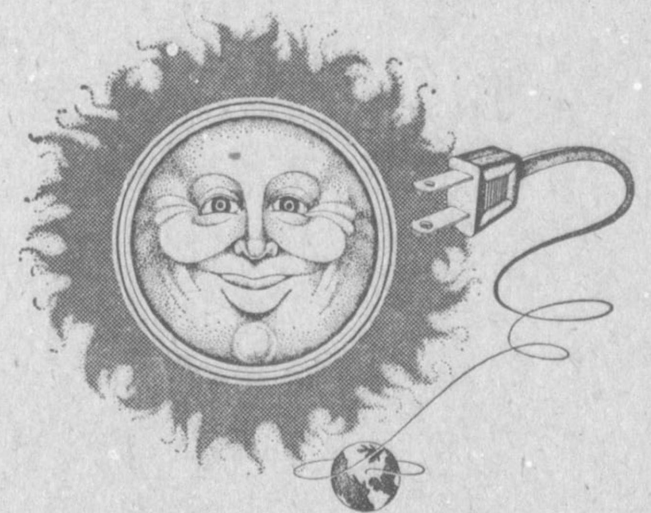

The system is comprised of non-alkaline herbal shampoo, low PH, herbal creme rinse and protein conditioner, and non-aerosol concentrated hair spray which may also be used as a setting lotion.

The system is available in two shampoo formulations, one for normal, dry or damaged hair, and another for oily hair.

Systematic hair care is an important part of personal grooming. Mary Kay Basic Hair Care is a complete and PH balanced system of products designed to work together to help restore body to hair. When properly used, the system helps create a soft, subtle sheen, reduces tangles, minimizes split ends, makes hair more manageable and easier to set smoothly. The system is mild enough to be used daily, even on color-treated hair.

Call now and get your Hair Care today. It's in stock for immediate delivery.

Jan Cain, 759-2746

Electricity from the Sun?

The basic technology for utilizing solar energy has existed for some time. In fact, simple systems for heating water and even heating and cooling homes are in operation today. However, such systems are extremely expensive, low in efficiency and usually cannot be relied upon without a "back-up" system.

Producing electricity by harnessing the energy of the sun, wind, tides and other "exotic" sources is under intensive research being conducted by the electric industry and the Federal government's Energy Research and Development Administration. Millions of dollars and the efforts of many scientists and engineers are committed to the task, but the crucial problem is converting energy from these sources to electric power at a price people can afford. Economical, efficient, large-scale production is many years away.

Since 1971, Texas Power & Light Company has been reducing its dependence on costly and scarce natural gas and oil by building and operating generating plants which use lower cost lignite coal. An abundant supply of this coal is available for operating these plants.

TP&L and two other electric companies are also building a nuclear power plant. The first unit of this plant is scheduled to go into operation in 1980 and the second in 1982.

We're working to assure all TP&L customers a dependable supply of electricity. Today, this is being done with proven methods and reliable sources of energy, but we're looking to the long-range future, too.

TEXAS POWER & LIGHT COMPANY
A tax-paying, investor-owned electric utility

TEJAS 1876

JUNE 25-JULY 1

HOOD COUNTY — A little child was bitten by a rattlesnake, but under the treatment of Dr. Hanna, was rapidly relieved. It is as well to mention that indigo moistened to a thick paste and applied to the wound is very effective in neutralizing the poison.

GAINESVILLE — Professor Alderson of the Gainesville High School expelled two young men from his school because they accompanied two young ladies to attend the meeting of a mite society.

BELL COUNTY — Farm laborers are worth from \$8 to \$15 per month, with board, mechanics, from \$2 to \$2.50 per day, and some as high as \$3 and \$4 per day.

BRENNHAM — Capt. McNelly is considering retirement from the service because it is impossible to accomplish any good results in protecting the border area with the small force placed at his disposal. He estimates it would take 400 or 500 men to keep the Mexican marauders at home. At present there is very little stealing going on, from the fact that the marauders have stolen everything in sight.

GALVESTON — The "Daily News" editor suggests placing small signs or slips of tin, bearing the names of interesting streets, on the lamp-posts of our city. Hardly anything of more practical value to the general public, to strangers especially, could be suggested. Not a day passes without great numbers of people asking the names of our most familiar streets.

AUSTIN — The House has passed a bill giving sheriffs increased power in apprehending criminals. Among its provisions is one that would allow the shooting of persons pursued by the law. Repeated attempts to pass the State Detective Force bill have failed.

CASTROVILLE — Postal delivery on the lower Medina and Frio is done at night; love letters reading "leave the country in twenty days!" are left at the residences of some of the stockmen of that section.

BASTROP — The highest estimate placed upon corn this fall in Bastrop County is from 25 to 30 cents a bushel and for cash now, any amount could be engaged at the former price.

GALVESTON — The distance from Texarkana to Paris is estimated at 95 miles. Track-laying is being vigorously prosecuted at each end of the line, at the rate of a mile and a half each day, or three miles a day altogether. By the first of September the road will be finished and the cars running over it.

ADVERTISEMENTS — Mind Reading, Psychomancy, Fascination, Soul Charming, Mesmerisms, and Marriage Guide, showing how either sex may fascinate and gain the love and affection of any person they choose instantly; 400 pages. By mail, 50 cents. Hunt Co., Philadelphia.

Most men, when they think they are thinking, are merely rearranging their prejudices.

From the Journal (Denton, Maryland): "You don't fully appreciate the hardships of our pioneer ancestors until you remember that day after day they plodded their way westward into the afternoon sun without sunglasses."

CD Group Attends Film and Lecture On Storm Alerts

Ten members of the Muenster Civil Defense Unit, ten members of the Saint Jo Fire Department and eleven guests attended a film and lecture last week Wednesday at 7:30 p.m. in the Cooke County Electric Co-op Building. Cloud formations, weather conditions and storm alerts were among topics on the program sponsored by Tom Watson, Civil Defense Co-ordinator of Cooke County, who arranged for a speaker from Dallas for the Meteorology class.

CCC Library Gets \$3930 US Grant

Congressman Omar Burleson announces the approval of a \$3,930 library resources program grant to Cooke County College. The fund must be used to acquire accreditation library materials such as books, periodicals, magnetic tapes, phonograph records, audio visual materials and other related library materials.

NOTICE AFFORDING OPPORTUNITY FOR PUBLIC HEARING

CORRIDOR (COMBINED HEARING) AND DESIGN (COMBINED HEARING)
The State Department of Highways and Public Transportation is planning the improvement of U.S. Highway 82 in Montague and Cooke Counties. The proposed project begins near the East City Limit of Saint Jo in Montague County and ends at Main Street (F.M. 373) in Muenster which is in Cooke County. The total length of the proposed project is 8.754 miles. The section of U.S. 82 from 2.2 miles east of the Montague-Cooke County Line eastward to the West City Limit of Muenster has already been improved. This complete section is 4.2 miles long. The proposed construction will consist of grading, drainage structures, base and surfacing. On the section of U.S. 82 from the East City Limit of Saint Jo to 2.2 miles east of the Montague-Cooke County Line, the proposed improvements provide for a four-lane highway. The existing right-of-way is usually 240 feet, 140 feet of which was acquired within the last three years. There will be no displacements as a result of these improvements.

The remaining 0.366 mile section of U.S. 82 in the City of Muenster, beginning near the West City Limit and ending at Main Street. The proposed construction consists primarily of removing the existing two-lane M-K-T Right-of-way structure over the abandoned railroad and providing a four-lane divided highway at ground level. The existing right-of-way is usually 100 ft. wide. The proposed width varies from 100 ft. to a maximum of 215 ft. There will be no displacements as a result of these improvements.

Maps and other drawings showing the proposed location and geometric design, environmental studies and other information about the proposed project are on file and available for inspection and copying at the office of the President Engineer, Mr. Charlie Hildebrand, I.H. 35 North, Gainesville, Texas. Also, drawing the proposed geometric design have been placed on file with Montague County, Cooke County and the City of Muenster.

Information about the State's Relocation Assistance Program, the benefits and services for displacees and the relocation assistance office as well as information about the tentative schedules for acquisition of right-of-way and construction can be obtained at the Resident Engineer's Office in Gainesville, Texas, and from Roy F. Lanford, Supervising Right of Way Engineer, 1601 Southwest Parkway, Wichita Falls, Texas.

Any interested citizen may request that a public hearing be held covering the social, economic and environmental effects of the proposed location and design for this highway project by delivering a written request to the Resident Engineer's Office on or before August 2, 1976.

Father's Day Is Delayed for Prof

Father's Day was observed belatedly last Sunday in the home of the Willie Walterscheid family, awaiting the return of Queenie's parents from a vacation in Acapulco. Attending with Mr. and Mrs. Howard Homsley of Fort Worth, were Mr. and Mrs. Wayne Fincher and children, Howard, Regina and Eric. Mrs. Barbara Traweek and children Teena and Mindy, all of Fort Worth and Andy Serna of Muenster. Mr. and Mrs. Walterscheid were hosts for noon dinner in their home.

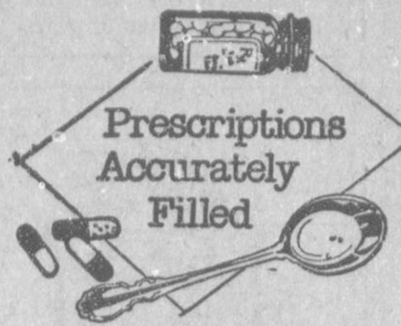

The really well-adjusted man is one who can enjoy the scenery when he has to take a detour.

During a recent campaign dinner, a candidate remarked: "My mother always told me that unless you could say something nice about a person, don't say anything. So tonight I will not discuss my opponent."

Reunion Planned By Hess Families

Descendants of the late Mr. and Mrs. Frank Hess are making big preparations now-days for a great family reunion on Sunday, July 11, in the city park. It is eagerly awaited as an opportunity to see kin folks for the first time in years, and in many cases the first time ever.

Also it's intended as an occasion to bring the record of relationship up to date. Families are asked to bring diagrams of the family tree along with pictures.

Starting time is 9 a.m. All are asked to bring their own picnic lunches and drinks in time for setting the table before 12:30.

Mr. and Mrs. Sam Parsons of Wichita Falls visited her parents the Buford Green-woods Sunday, June 20.

Local News BRIEFS

Guests of Mrs. Rosie Knauf over the weekend and until Tuesday were her son and his wife, Mr. and Mrs. James Knauf of Artesia, New Mexico and her grandson and his wife, Mr. and Mrs. Randy Knauf of Rio, Brazil. The Randy Knaufs are on a five week vacation with their parents and other relatives.

Mr. and Mrs. Brian Bezner flew in from Harlingen Friday for a visit with their parents, the James Bezner and Ed Endres families and other relatives in Lindsay and Muenster. They were house guests of his grandmother, Mrs. Joe Wilde and returned to their home Monday evening.

Mr. and Mrs. Isidore Bauer and daughter, Lisa of La Feria are guests for several days of her parents, the

Adolph Dudenhoeffers, Sr. in Gainesville and will spend the weekend in Dallas with their son Jerry and family. Mr. Bauer and Lisa visited briefly in Muenster Tuesday morning with his niece, Mrs. Robert Knauf.

Mrs. Bill Kathman spent three days of last week with her daughter and family, Mr. and Mrs. Stan Wylie of Grand Prairie. Mrs. Wylie and son Johnny brought her home

Guests of Mrs. Charles Fisher the past weekend were her daughters Mrs. David Shenk of Redondo Beach, California, and Clara and Emma Fisher of Fort Worth.

Louisiana Friends Visit at Sickings

Recent guests in the Wilfred Sickings home were Mrs. James Walter, Annah, Rachael, Allan, Sarah and Jacob and the children's great-grandmother, Mrs. Ruth Walker. They spent several days in the Sickings home, where other family members visited with them.

Mrs. Walter and Mrs. Walker spent one night in Dallas visiting friends. The Walters are from Hammond, Louisiana. Mr. Walter was unable to accompany his family, but spent the time enlarging their home.

The group had also spent some time in Oklahoma with Mrs. Walker's parents before coming to Muenster.

DPS Predicts 42 Traffic Deaths in July 4th Weekend

AUSTIN — The director of the Texas Department of Public Safety said today indications are that some 42 persons will be killed in Texas traffic accidents during the Fourth of July weekend, and called upon Texas drivers to "prove our estimate is too high."

Colonel Wilson E. Speir said his department expects "unusually heavy traffic" throughout the state, especially around recreational areas and where Bicentennial celebrations are scheduled.

He said the estimate covers a 78-hour period which starts at 6 p.m. Friday and continues until midnight Monday, July 5th.

During a comparable period last year, the department estimated that 54 persons would be killed during the holiday period. At the conclusion of the July 4th holiday last year, statewide statistics indicated 44 lives lost and rose to 49 with late reports.

In a concerted effort to keep deaths down, the DPS and local law enforcement agencies will be cooperating in an all-out effort to make the streets and highways as safe as possible. All available DPS troopers will be on duty. Speir indicated, and they will be especially watchful for drinking drivers, speeders and persons driving in a reckless manner.

L. W. Schmitz, 61 Of Dallas Dies

L. W. "Bigun" Schmitz, 61, of Dallas, died Sunday, June 27 at 12:05 a.m. in St. Paul's Hospital after a long illness. He was a native of Lindsay, a son of the late Theodore and Pauline Loerwald Schmitz and was married to Mary Alice Pass on June 10, 1947 in Dallas. She preceded him in death on November 2, 1966.

He was a member of the Armed Forces in World War II in the Sea Bee Battalion and for 30 years was the co-owner of Club Schmitz, Denton Drive.

Rosery for Schmitz was on Monday, June 28, at 8 p.m. Dudley M. Hughes Funeral Home, who was in charge of arrangements.

Father Francis Zimmerer of Decatur a long-time friend and former neighbor officiated at the funeral Mass at 10 a.m. Tuesday, June 29 at Our Lady of Perpetual Help Church on Courtland and Anson Road.

Survivors are 5 children, Larry Schmitz, Mrs. Sheila Galliher both of Irving, Mrs. Sharon Kewer of Combine, Texas, Mrs. Debbie Davis of Tioga and Mike of the home. Also 6 grandchildren, 4 brothers F. J. "Cotton" Schmitz of St. Louis, Mo., Pat and Harold Schmitz of Lindsay, E. A. "Beans" Schmitz of Bonham; also 2 sisters Mrs. Louise Horn of Windthorst and Mrs. "Sis" Klement of Muenster, and a large number of nieces and nephews.

Pallbearers were Hugo and Walter Bezner, Bill and Dutch Metzler, Leroy and Leonard Schmitz.

Among local relatives and friends attending the funeral of L. W. Schmitz were Messrs. and Mmes. Tony Klement, Pat, Robert, Steve and Roy Klement; Mrs. Paul Dangelmayr; Messrs. and Mmes.

Tom, Bayer, Wine Fisher, Kenneth Walterscheid, Rick Walterscheid, Giles Walterscheid, Ed Otto, and Peachy, Kevin and Don Klement.

Mr. and Mrs. Jake Horn and Jerry Horn and Mrs. Edmon Vich all of Windthorst; Messrs. and Mmes. E. J. "Cotton" Schmitz of Saint Louis, E. A. Schmitz of Bonham, Pat Schmitz, Harold Schmitz of Lindsay; also Doug and Mona Schmitz of Lindsay; Mrs. John Griffith of Gainesville.

Mr. and Mrs. Jerry Lewis, John Kuntz, all of Valley View, Tammy Schmitz of Austin; Mr. and Mrs. Donny Davis of Irving; Mrs. J. T. Lynch of Irving; Carl Beyer of Fort Worth, Leo Mages of Fort Worth, Mr. and Mrs. John David and family of Tioga; Mr. and Mrs. Jim Mays of Yellville, Arkansas, Miss Melinda White of Yellville.

Messrs. and Mmes. Elwin Kewer of Crescent, Okla., Joe Loerwald of Mineral Wells, Clarence Metzler of Pottsboro, Phillip Metzler and Gerald Metzler, Henry S. Fuhrmann, Marcus Fuhrmann and Diamond Fuhrmann all of Lindsay, also Hugo Bezner of Lindsay.

Mrs. A. Walterscheid, Mrs. Ferd Luttmir, Mrs. Richard Swirczynski, Mrs. Al Horn, John Schmitz, Mr. and Mrs. Ed Schneider, Mr. and Mrs. Arthur Hess and many more friends and relatives of Dallas and the surrounding area.

Muller-Herr Reunion

The Muller-Herr reunion, held annually on the second Sunday of July, will be an event of July 11 in the Muenster City Park. It will begin with a noon dinner and Uncles, Aunts and Cousins, second Aunts and Cousins and second and third Cousins are urged to spend the afternoon and remain for supper. Everyone is asked to bring chairs, card tables drinks and covered dishes.

New Milk Plant

Likewise daily processing capacity in the vats is 300,000 pounds whereas it used to be 350,000.

Combined capacity of tanks and operation allowed the plant to receive over 3 million pounds of milk last Friday, Saturday and Sunday. Weekends are the flush times at the plant. Urban milk packaging plants are closed Saturday and Sunday and more surplus comes here.

Sixty two persons are currently on the plant's payroll and the operation is going 24 hours, six days a week. As volume drops in severe summer weather the schedule will change to five 24-hour days.

Construction Continues

Construction at the plant is still far from ended. Though complete at the new cheese plant, it will require a while longer to finish installation of the condenser units. After that comes the clearing of areas in the old location which are no longer useful. But what to do with the space is still undecided.

An extra project that went along with the plant is a separate sewer system for treatment of some 25,000 gallons of wash water used daily by the plant. The sewage plant, consisting principally of two lagoons with about three acres of surface space, treats water by air and chemicals to acceptable standard for releasing into the creek.

The plant is gratefully welcomed by the city of Muenster which formerly had constant problems with the plant's waste, which required more treating capacity than all of the city's sewage. Now AMPI is amply equipped for its own needs and the city has capacity for a substantial increase of population.

Bridal Shower Honors Lola Voth

Miss Lola Voth, bride-elect of Joe Kindiger, was honored Sunday with a come-and-go bridal shower in the Center Lounge 2-5 p.m. The hostess, Birdie Moster presented carnation corsages to the honoree and her mother, Mrs. Vina Voth. Twenty six friends gifted the bride-elect and Miss Moster served punch and cake.

Herr Relation Of New York Dies

Members of the Herr and Friske relationship were saddened Sunday to learn of the death from leukemia of Mr. and Mrs. Erwin Herr of Schenectady, New York.

She was a granddaughter of Emil Herr and the late Mrs. Herr of Hereford, formerly of Muenster and a great niece of Mrs. Ben Luke, Mrs. R. R. Endres, Frank, Carl, Lena, Elizabeth and Katie Herr; Mart Friske of Lindsay and Arnold Friske of Gainesville.

Iowans Visit Hartmans

Mr. and Mrs. Ray Wadle and children Nancy, Frankie, Edward, Sandra and Geryl of Melcher, Iowa, are visiting relatives here and were houseguests of Mr. and Mrs. Victor Hartman and Mr. and Mrs. John Yosten, Saturday through Thursday.

Mr. and Mrs. Jim Voth and family visited in Carrollton Sunday with the Jerome Voth family and with Mrs. Jerome Voth, who was hospitalized for treatment of phlebitis.

Hospital Notes

The following patients were dismissed during the past week at Muenster Memorial Hospital.

Tuesday, June 22: Brad Biffle, Mrs. Gilbert Hess and baby boy, Toby Petro and Hazel Sizemore, Muenster; Julian Agee, Francesco Gohzaes, William Crump, Alma Landers, Saint Jo.

Wednesday, June 23: Ed Schneider, Mrs. Urban Rohmer and baby boy, Bernard Sicking, Muenster.

Thursday, June 24: Barbara Koessler, Regi Bayer, Willie Walterscheid, Muenster; J. W. Beane, Saint Jo.

Friday, June 25: Mrs. Gertrude Fette, Muenster; Jan Garner, Candy Riley, Gainesville.

Saturday, June 26: Mrs. J. D. Caplinger, Muenster; Loretta Thornton, Gainesville.

Sunday, June 27: Mrs. Clem Reiter, Muenster; Lottie Powers, Saint Jo; Vicki Holbrook, Audrey Heath, Gainesville; Bernard Franklin, Nocona; Danny Eberhart, Lindsay.

Monday, June 28: Jim Barnett, Forestburg; Margaret Summerlin, Gainesville; Mary Livingston (exp.), Saint Jo.

John Chandler, 66 Former Resident Dies in Dallas

John W. Chandler, 66, a former resident of Muenster, died last Saturday, June 26, at 8 a.m. in Methodist Hospital, Dallas, after a short illness.

He had lived in Dallas for 34 years, was a former employee of Tempco Corp. in Grand Prairie, and served as president of his union while there. He was self employed as a tavern operator for 15 years and was retired since 1972.

Final services included a rosary Monday night at the Crain Funeral Home of Dallas and Requiem Mass Tuesday morning in St. Cecilia's Church with Msgr. V. P. Micola officiating. Interment was in Calvary Hill Cemetery. Pallbearers were co-members of the KC Council No. 799 initiation team: Thomas Murphy, Virgil Zipper, Donald Kemp, Raymond Baker, Clem Miller and Joe McDermott.

John Chandler, a native of Graford, Tex., was married to Olive Stelzer on December 26, 1935. He was a member of St. Cecilia's Church and the parish ushers' club, also a member of KC Council No. 799, serving as grand knight from 1953 to 1955, and a member of Father Abram J. Ryan General Assembly of the Fourth Degree KCs. He is remembered here as a former resident and a frequent visitor since then.

Survivors are his wife; three daughters, Mrs. Kay James of Sacramento, Calif., Mrs. Janis Smith of Houston, and Mrs. Carol McAllister of St. Louis; nine grandchildren; and one sister, Mrs. Naida Campbell of Dallas.

Muenster friends at the funeral were Mr. and Mrs. J. A. Fisher, Mr. and Mrs. W. Fisher and Mrs. Alice Hellman.

Cesar, Alexander the Great and the Iron Duke of Wellington were never defeated in battle.

Confetti - - -

natural disaster. We win wars without annexing territory, the only great country of all history that does not grow by conquest.

Instead, our way is to help the countries we defeat. Compare that with the present red countries who not only annex but rule with an iron hand. The comparison substantiates what so many of us believe deep in our hearts. This is the greatest country of all. It deserves the alertness and dedication of all in preserving its freedom and greatness and generosity.

A few years ago few if any would have thought that Eldridge Cleaver, remembered for racial violence, mean-mouthing the country, and shoot-outs with police, would ever have a good word for the U.S. Remember, he fled in 1968 to evade arrest.

But he came back on his own after a sample of living in the red countries that he glorified. He returned to face jail rather than live under political asylum any longer, and says he does not regret the decision in spite of paying for the former bad record.

He is quoted as saying "I'm not sorry I came back, because at least my children are back here, and my wife is back, even though I'm not free. I am back in America in the English language. I wouldn't have it any other way. Even if I die in jail, I feel that I did the right thing in coming back."

Referring to his past record Cleaver says "You criticize the system to hell, but at a certain point you are obligated to come up with some answers. Not just to continue criticism to the end of your day. I am 40 years old now. I think that we have an obligation to come up with some solutions. To come up with some alternatives, some pro-

grams." Cleaver's message is very appropriate for this Bicentennial Fourth of July. America may have its faults. What country hasn't? But it is still the world's best, and it has the best political and economic atmosphere to work out any problem.

THE GIFT OF POWER
According to Earnest Larsen, Christ is important to us because He gave us the ability to struggle against our inner demons and to win. Indeed, the victory has already been achieved for us. That fact alone motivates the believer to reach out for the spoils of victory. Personal joy and peace, self-love, and willingness to endure.

SH Lettermen's Club Will Sponsor Golf Tournament

Golfers of the community, duffers as well as hot shots, are invited to participate in a tournament sponsored by the Sacred Heart Lettermen's Club on Saturday, July 17 at the Gainesville Municipal Course.

It will be a tourney of two-man teams with the combined score of the two being official, and it will be held in three divisions.

Champ division will include those who shoot in the 80s or better, first division are those who shoot in the 90s, and the second division are those who shoot in 100s. Teams will be placed by the scores shown on the entry blank. If one score qualifies for Division 1

and the other for Division 2, the team will be placed in Division 1.

Prizes will be given to the top three teams of each division and to three individuals: lowest score, longest drive, and the shot nearest the hole.

Entry fee of \$18 per team will include both tournament and green fee. Checks can be payable to SH Lettermen's Club and must accompany the entry blank. The event is limited to 28 teams.

Entry blanks and fees are to be mailed to Coach Eddie Stock, Box 454, Muenster, and must be received before July 12. Entrants can call Stock (759-4527) after July 14 for their tee-off time.
