Light Tremors Jolt Montana

PLEAD GUILTY—Mrs. Weldon Conner, 34, right, and Miss Yola Renfro, 59, accompanied by an attorney, leave federal court in Tyler, Tex., after pleading guilty to five counts of violation of federal banking laws. The women admitted guilt in a $130,516 shortage of funds of the Texas Bank and Trust Co., of Jacksonville, Texas. The women were freed without bond pending sentencing Aug. 31. (AP Wirephoto)

More Copper Plants Idled By Strikes

DOUGLAS, Ariz. (AP) — Another major copper producer was struck today as picket lines went up at Phelps Dodge Corp. properties in Arizona, Texas and California.

The new walkout by the International Union of Mine, Mill & Smelter Workers (Ind.) halted operations at Douglas, Bisbee and Morenci in Arizona; El Paso, Tex.; and Los Angeles.

Mine-Mill represents about 3,650 Phelps Dodge workers. Another 1,500 employes probably will be idled by the shutdown.

The copper strikes started Aug. 10 when Mine-Mill and the United Steelworkers walked off their jobs at Kennecott Corp. plants. Kennecott employes about 1,500 persons.

Another 2,300 Mine-Mill members struck Aug. 11 at the San Manuel Copper Corp., San Manuel, Ariz., and the Magma Copper Corp., Superior, Ariz.

Anaconda Co. was hit by a walkout of 5,600 miners and smeltermen at plants in five Montana and Utah cities Wednesday.

The Mine-Mill today also set wheels in motion for a strike against 13 American Smelting & Refining Co. plants. The union gave the company 48 hours strike notice.

Three-year contracts for Mine-Mill members' expired June 30. The USW contracts ran out July 31. Work continued on a day-to-day extension of contracts until negotiations broke down.

The unions asked for a general wage increase of 15 cents an hour plus fringe benefits.

MOUNTAIN SLIDE—This airview shows the major slide in the canyon of Madison River below Hebgen Dam and West Yellowstone, where the mountain on the left split in the earthquake that rocked the area. The slide area was estimated a mile long, a half mile across and 200 feet deep. The dark pattern in the slide is thousands of smashed evergreen trees and the water of the river is dammed up at the lower right. (AP Wirephoto from Denver Post)

Shocks, Rain Halt Search

By TOM MADDOX

WEST YELLOWSTONE, Mont. (AP)—Three light tremors jolted the southwestern Montana earthquake area Wednesday night and early today. There was no damage. The shocks awakened residents.

The shocks, coupled with a driving rain, hampered efforts of searchers to renew the hunt for possible additional victims of the Monday night quake, which touched off major landslides.

The tremors were the latest in a series that has continued since the major shock and sent small landslides down the mountain slopes.

Ground parties, aided by skindivers, want to search above and below Hebgen Dam, hard hit in the Monday night shocks.

Searching crews are made up of men from the Civil Defense organization, sheriff's office, U.S. Forest Service and volunteers.

They said they would not attempt to dig into the 50-million-ton landslide below Hebgen Dam until the comparatively slight tremors subside.

Bodies of eight quake victims have been recovered from the devastated mountains and canyons. Reports from survivors indicate the toll may rise to 12. They told of seeing a car with a man and a woman and a crippled boy buried by an avalanche.

A woman reported by Sheriff Donald Skerritt to be missing and presumed drowned was found alive Wednesday night. Grace Miller, about 60, whose lakeside home was washed away in a wave of water propelled by a landslide, had walked 15 miles to a ranch.

Coroner Charles E. Raper says he believes the body of Mrs. Thomas Stowe of Sandy, Utah, is in the Madison River. He reported the family car and her belongings have been found in the stream. Her husband was killed.

Officials have said they believe more bodies may be found by digging into the landslides and probing Hebgen Lake and the Madison River.

Skindivers are planning to go into the lake when the muddy water clears. They will check a report that two persons drowned in a car submerged in dirt and water.

All of the known survivors—about 300—have been moved out of the quake area. Some roads, buckled and twisted by the quake, have been made passable by the use of bulldozers.

Many highways in the western part of Yellowstone National Park were blocked by landslides and the damage there was expected to run into the millions of dollars.

But the park was allowing tourists to come in over the roads remaining open.

As the last of the survivors came out they brought more harrowing tales of the quake's violence and horrifying effects.

Grover C. Mault, 71, of Temple City, Calif., told how his trailer was hurled into the Madison River by the shock. He and his wife climbed on top of the trailer and then grasped tree limbs.

"We clung to the tree, our bodies in the water almost up to our necks," he said. "My wife went under three or four times. The last time she was gasping for breath but I managed to pull her out. She wanted me to let her go. But I told her if she went, I'd go, too.

"While we clung there I could see the mountains sliding and falling every few minutes. I thought the world had come to an end.

"In the morning they came for us in a boat. If they'd been another 10 minutes I couldn't have held on."

9-Day Crude Flow Endures

By ED OVERHOLSER

AUSTIN (AP)—The Texas Railroad Commission today ordered a continuation of the nine-day producing pattern for September which fixed the statewide oil allowable at 2,730,215 barrels a day.

This lifts the allowable by 51,131 barrels daily because of the difference in calendar day lengths of the two months. This means that wells in Texas will be closed 21 days in September compared with 22 days in August.

The nine-day pattern recommended by a large majority of the major oil companies appearing at the monthly proration hearing. It also was the pattern suggested by a group of Dallas producers represented by Jake Hamon. Hamon told the commission that the crude oil and products stocks are substantially above the industry desired level. With the steel strike continuing, a nine - day pattern should be ordered, he said.

R. L. Pielsticker, representing Indiana Oil Purchasing Co., said his company had been able to sell a substantial amount of crude that it had not earlier anticipated. As a result, he said, it lifted immediately its purchaser proration order in every area that the company buys crude, except in Arkansas.

Indiana along with seven other companies, recommended a nine day pattern. Texaco and Sun Oil nominated 10 days. Humble requested 11 days.

Humble announced that if a nine-day pattern was set it would buy 100,000 barrels a day in spot purchases. Its own nomination was 429,95 barrels a day.

Chairman Ernest Thompson reported that crude oil stocks are 261,500,000 barrels, which is 5,200,000 above the industry desired level. He also reported that these products were above desired level: gasoline, up 15,700,000 barrels; kerosene, up two million barrels; distillates, up 22,800,000 barrels, and residuals, up 12,500,000 barrels.

Humble reported it is drawing 39,000 barrels a day from inventories and is making spot purchases during August of 76,000 barrels daily. Humble said it feared it would be unable to fill its needs in September if 11 days were not ordered.

J. C. Edwards, representing Texaco, said the company's stocks were in good condition and an increase to a 10-day pattern was warranted. The company said it would buy 195,000 barrels daily in September.

J. G. Coates, for Gulf, said Gulf desires to sell 750,000 barrels during September on a 9-day pattern. It nominated 217,450 barrels a day. Coates said the company had East Texas sweet and Gulf Coast oil to sell. He admitted this is usually the most highly desired types of oil.

H. P. Nichols, Tyler, representing the East Texas Oil and Gas Assn., said the nominations warranted the commission ordering an 11-day flow.

Some Areas Due Showers

By The Associated Press

Cloudy skies along the Gulf Coast and in far West Texas Thursday hinted at more of the rainfall that those areas caught Wednesday.

Skies were clear over most of the rest of the state.

Forecasts called for thundershowers to skip over sections of East and South Central Texas and for thunderstorm activity over North Central, Northwest and Southwest Texas through Friday.

College Station's .99 inch was the heaviest total among more than half a dozen rainfall reports received by the Weather Bureau for the 24 hours ending at 6 p.m. Wednesday.

Other totals included .56 inch at Presidio, .42 at Amarillo and Beaumont, .26 at Galveston, .23 at Palacios, .18 at Alpine, .02 at El Paso and .01 at Dalhart.

Alpine caught about anofher third of an inch in an evening shower.

Body Of Woman Is Recovered From Bay

PORT MANSFIELD, Tex. (AP) —The body of Mrs. B. H. Hopkins, about 60, of Raymondville, was recovered from the bay here today.

The Willacy County sheriff's department said the woman and her daughter were spending the night with friends at a boat house. Officers said she apparently got up during the night and stumbled on the pier and fell into the water.

Wasps Are Burned Along With Barn

SHELBY, N.C. (AP) — Two youngsters were given torches Wednesday and told to burn out wasps nests under the eaves of a barn on the D. D. Lattimore farm near here.

They did. The barn also burned down. The loss was figured at $500.

WEATHER

SNYDER TEMPERATURES: High Wednesday, 100 degrees; low, 70 degrees; reading at 7:30 a.m. today, 74 degrees.

East and South Central Texas: Partly cloudy and warm through Friday with widely scattered thundershowers.

North Central, Southwest and Northwest Texas: Partly cloudy with widely scattered thunderstorms through Friday. No important temperature changes.

West Gulf: East and southeast winds 8 to 18 m.p.h. and scattered showers through Friday except winds around 25 m.p.h. in heavier showers east and central portions Friday.

STEEL STRIKE 'FACTS'

Both Sides Claim Aid From Report

WASHINGTON (AP) — Striking steelworkers and the steel industry both claimed today that a new government report bolsters their positions.

Maintaining its hands off policy in the 37 day old steel strike, the government Wednesday released figures showing that steel profits, prices and wages have been going up for years.

Secretary of Labor James P. Mitchell made public the 4,000-word background report on the steel dispute. He said neither side has been doing any intensive bargaining and urged greater efforts until a settlement is reached.

But Mitchell declined to make any recommendations on where there should be some backing down in the deadlocked negotiations—and which side should do the retreating.

"There are no conclusions drawn (from the report)," he said. "The responsibility for a settlement of the strike rests upon management and labor."

However, he made it clear that the public has an interest in the dispute which each week is costing 300 million dollars worth of production and 70 million dollars in wages.

Mitchell told several hundred newsmen at a news conference that the effect of the strike so far has not been serious from a national standpoint.

But a national emergency might result if the strike is not settled by the latter part of September or early October, he said in reply to a question.

Management and union spokesmen lost no time in commenting on Mitchell's report.

R. Conrad Cooper, chief negotiator for the steel industry, said the report shows steel wages have put steelworkers "at the top of the list." Increases in employment costs have exceeded increases in output per man hour, Cooper said, thereby forcing up steel prices. He said the increase of output per man hour in steel was lower than in the national economy as a whole.

Cooper said the report "shows also that steel profits as a return on investment have consistently lagged behind those in other industries—even before taking account of the necessity for making up large deficiencies in depreciation allowances."

David J. McDonald, United Steelworkers president, said Mitchell's report "presents a positive contribution to acquaint the American people with the facts of the tremendous productivity record achieved in the steel industry and the overwhelming ability of the steel industry to share a portion of such gains with the public, industry workers and stockholders of the industry.

"It documents the soundness and equity of the position of the steelworkers union in the controversy with the steel industry."

Integration Scene Shifts

LITTLE ROCK, Ark. (AP) — With school integration here peaceful for the past week, attention has shifted to another school district's desegregation woes — and, in relation, to Gov. Orval E. Faubus.

The Dollarway School District at Pine Bluff, 42 miles southeast of Little Rock, has been ordered by a federal court to admit three Negroes to the all-white Dollarway school. Petitions have been circulated in the district, carrying a dramatic plea that Faubus use state force to stop integration.

Faubus said Wednesday he is not ready to announce what he will do about Dollarway.

Four Negroes continued classes at two former white Little Rock high schools, Hall and Central, without incident Wednesday.

The Dollarway school is set to open Sept. 8. Herschel Friday Jr. attorney for the Dollarway School Board, said he would recommend that the opening be postponed if a stay of the integration order has not been granted by then. The order is being appealed.

'Witch Doctor' Under Probe

AUSTIN (AP)—A 2-year-old boy died Wednesday after treatment by a man the tot's mother called a witch doctor, and authorities entered the case today.

Assistant Waco Dist. Atty. Billy Joe Webb said he awaited a report on the autopsy and on analysis of medicine given the child, David Gonzales, before taking action.

Authorities said the treatment was given by Jose Arias, 49.

Webb said Arias is free on $500 bond on a complaint of practicing without a license in another case.

Austin Justice of the Peace J.H. Watson said an autopsy had been performed but a report might not be available for several days.

The boy's mother, Mrs. Micalla Gonzales of Austin, said the child became ill Sunday while visiting relatives in Waco. An uncle took the boy to a Waco "witch or nature doctor," she said.

Mrs. Gonzales said she noted the boy's body was swelling when she brought him back to Austin Monday. About midnight Tuesday the boy "seemed to stop breathing."

No Injuries In Mishaps

There was no injury yesterday afternoon in a two-car collision at Hermleigh investigated by highway patrolmen.

The accident occurred at 3:50 p.m. yesterday at the intersection of FM 644 and Willis Street in Hermleigh.

Involved were a 1955 Chevrolet coach driven by Robert Peyton Neblett, 18, and a 1956 Mercury coach driven by Margrette Jane Lewis, 59, both of Route 1, Hermleigh.

Will Cleveland, highway patrolman, said damage in the collision was about $250 to the Chevrolet and $300 to the Mercury.

Highway patrolmen filed a charge of driving while intoxicated after a one-car accident Sunday night on FM 1606 10.1 miles west of here. Mrs. Juanita Routson pleaded guilty and was fined $123.50, including court cost. Gordon Johnson, patrolman, said the woman was not injured when her car left the road, hit a muddy shoulder and the driver lost control, going back onto the pavement and then off and through a fence.

Violence Erupts At San Antonio Plant

SAN ANTONIO (AP) — Violence broke out today at the plant of the Tex-Son Manufacturing Co. where a strike of garment workers has been in progress since February.

Police said rocks were hurled at non-strikers as they were on their way to work. One worker, identified as Jane Perez, was struck, but not seriously hurt.

The incident occurred across the street from the plant.

Police arrested a 30-year-old woman, and booked her on a charge of simple assault.

Batista Arrives At His New Exile Home

LISBON, Portugal (AP) — Fulgencio Batista, former Cuban dictator, arrived by plane from the Dominican Republic today on his way to a new home in exile in Portugal's Madeira Islands.

Dr. Silva Martins, chief secretary to Foreign Minister Marcello Mathias, met his chartered plane at the airport.

While waiting newsmen and photographers were kept several hundred yards away by a police cordon. Batista entered a car and sped away with Martins.

Haiti Slays 12 Invaders

PORT AU PRINCE, Haiti (AP) —Haitian troops have slain 12 of the bearded revolutionaries who invaded Haiti a week ago, an informed source said today.

The informant said the 12—part of an armed band of 30 hunted since the invasion—were trapped and wiped out on a mountain pass near Port Tiburon on the southwest tip of Haiti.

Army headquarters said it could not confirm the report.

Haiti has complained that the band came from Cuba.

Cuban Prime Minister Fidel Castro conceded that it probably was led by a Cuban, whom he denounced as an adventurer attempting to embarrass his revolutionary government.

O. M. Fowler Resigns Post As County Farm Agent Here

Oscar M. Fowler, county agricultural agent here for more than 12 years, is resigning the post effective Sept. 15.

Fowler's resignation is being submitted today to W. H. Jones of Lubbock, district Extension Service agent.

Jones said this morning that while he knew about the resignation he had not yet received the official resignation. When he does, he will contact J. Ray Martin, county judge here, concerning a time he can meet with the county commissioners court. When he meets with the court he will have a recommendation for Fowler's successor here.

The district agent said his recommendation will be for a person who is now in the Extension Service, either one who is now a county agent or an assistant agent.

Fowler said he is leaving the Extension Service and will move to Seminole to assume active operation of his farming and livestock interests in Gaines and Floyd Counties. He will concentrate on his herd of Beefmaster cattle in Gaines County.

Fowler, who has been with the U. S. Department of Agriculture since 1940, came to Snyder in May, 1947, as county agent, succeeding Jamie Cabiness.

This was Fowler's only post as a county agent. Prior to coming here he had served for two years as district supervisor for the Farm Security Administration, now Farmers Home Administration, living at San Angelo and having a district which reached from Del Rio to El Paso to Big Spring to Ballinger.

OSCAR M. FOWLER

A 1940 midterm graduate of Texas Tech College, Lubbock, Fowler was for a short time with the Bureau of Entomology at Lubbock, then went to the Farm Security Administration as assistant county supervisor at Levelland. He was named the following year county supervisor for Midland, Andrews, and Ector Counties and lived in Midland. He went from there to San Angelo to take the district post.

Fowler was reared in the Panhandle county of Swisher. He did some undergraduate work at Texas A & M prior to his Tech schooling.

Well-known as an agricultural leader here, Fowler has been instrumental in promoting junior livestock shows, agricultural tours and demonstrations and other agricultural activities here.

He is a member of the Downtown Lions Club, Chamber of Commerce agriculture committee, Masonic Blue Lodge and Commanderie, past and present commander of the Commanderie; member of the Scurry County Farm Bureau and Scurry County Farmers Union, Texas & Southwestern Cattle Raisers Association state and national associations of county agricultural agents and Epsilon Sigma Phi, agricultural fraternity.

Mrs. Fowler, a graduate of West Texas State College who did her graduate work at Texas Tech, has been teaching second grade at the Central Elementary School.

Fliers To Try For Capsule

VANDENBERG AIR FORCE BASE, Calif. (AP)—From out of the vast Pacific heavens, a small capsule dangling from a parachute was expected to drop slowly toward the ocean today.

And waiting in Hawaii was a team of fliers with a seemingly impossible assignment—to go out and try to catch it before it hit the water.

The capsule went aloft Wednesday, fixed in the nose of the Discoverer VI satellite, which is flashing around the earth once every 95 minutes in an egg-shaped, north-south orbit.

This afternoon, 26 hours after the launching, the capsule was to be kicked loose from the 19-foot satellite.

And, for the second time in less than a week, a squadron of Air Force C119 Flying Boxcars was set to take off from Hawaii and try to execute an almost incredible catch. Each plane was equipped with a recovery net—a trapeze-like affair.

The project is aimed at solving the re-entry problem—how to get a man in space and, once he's there, get him back.

Although the odds against success seem overwhelming, the Air Force hoped to have more than the highly remote chance of sighting the capsule during its descent. The capsule was equipped with a radio which was supposed to send signals, to give the recovery team an idea of its whereabouts.

Such a recovery was planned following the successful launching of Discoverer V last week. But the radio in the falling capsule evidently broke down. Nobody got a signal from it. The capsule, presumably, tumbled into the sea.

Discoverer VI is expected to remain in orbit at least a month. It comes within 138 miles of earth at its closest approach and goes as far out as 537 miles.

Discoverer VI—78 feet long including its first stage—shot skyward from this West Coast missile base shortly after noon Wednesday. The first stage, which fell away after a few minutes, was a Thor medium-range missile using a potent new kerosene fuel. The second stage was a 1,700-pound vehicle produced by Lockheed Aircraft Corp.

Lockheed and an Air Force official said after the launching:

"The successful orbiting of two Discoverer satellites in less than a week marks a tremendous forward step in the scientific study of space vehicles and their applications."

The Discoverer had no animals in its capsule. But the capsule is the type expected to carry monkeys aloft later in the tests.

Tribute Is Paid Admiral Halsey

WASHINGTON (AP) — The nation today buries one of its great naval heroes, Fleet Adm. William F. Halsey.

Final military tribute was prepared for the pugnacious "Bull" Halsey, whose 3rd Fleet outfoxed the Japanese Admiralty and sank the best of its fighting ships in World War II.

His body lay, with honor guard, in Washington National Cathedral. It was brought here Wednesday from Fishers Island, N.Y., where he died Sunday. The retired admiral was 76.

Gathering for the Cathedral services and the burial in Arlington National Cemetery this afternoon were the chief civilian and military leaders of the Defense Department, government officials, many personal friends and some of those who served with Halsey in the great days of the mighty Pacific campaigns.

At the cemetery gate the casket would be transferred to a horse drawn caisson. Troops from each of the military services awaited to march the final way with Halsey, with a Navy band measuring the slow pace and a cannon shot counting off each minute on the way to the gravesite.

There, on a hillside, the admiral would join in death his father and mother. Navy Capt. William F. Halsey Sr. and Mrs. Halsey are buried beside the place chosen for their famous son.

Halsey had a special honor guard for the funeral—Gen. Nathan Twining, chairman of the Joint Chiefs of Staff; Adm. Arleigh A. Burke, chief of naval operations; Gen. Lyman L. Lemnitzer, Army chief of staff; Gen. Thomas D. White, Air Force chief of staff; Gen. Randolph M. Pate, Marine commandant, and Rear Adm. James A. Hirshfield, commandant of the Coast Guard.

The Episcopal services at the grave, as well as at the Cathedral, are to be conducted by a Navy chaplain, Capt. D. J. Zimmerman of the Potomac River Naval Command.

Fishing Rodeo Set Here For Youngsters

A fishing rodeo for children 12 years old and under has been scheduled here Saturday at the Towle Memorial Park pond.

The event, which is sponsored by the Snyder Junior Chamber of Commerce, will be conducted from 10 a.m. to 5 p.m. in the park.

The following rules have been set for the fishing rodeo: Each child must bring his own fishing equipment; no artificial bait will be allowed; each child must register with rodeo officials.

Prizes will be awarded in four age groups. These include those up to six year, seven and eight years, nine and 10 years and 11 and 12 years.

Jaycees will be on hand to conduct the rodeo, help with baiting hooks, etc.

Prizes have been contributed by Harold Denson Gulf Service, Sportman Headquarters, House of Guns, Western Auto, Phil's Auto, Phillips Bros. Hardware, Goodyear Service Store, Fish and Newton, Canyon Reef Sports Center and Lake Thomas Marine Supply.

Brooklyn Man Suing City

NEW YORK (AP) — Seymour Kroll, a married Brooklyn man—mistaken for the missing husband in an abandonment case — is claiming a million dollars damages from New York City on the ground of false arrest.

The city has 30 days to settle or reject the claim. If it is rejected, Kroll can sue in State Supreme Court.

Kroll was arrested Aug. 9 on a fugitive warrant for a Seymour Kroll who had abandoned his wife and four children in Utica, N.Y. The warrant had been obtained by Utica police. Kroll was held in jail overnight.

Last Friday, Mrs. Seymour Kroll of Utica faced the Brooklyn Seymour Kroll in Felony Court and said he was not her missing husband. The charge against Kroll was dismissed.

Pop Bottles Win Over Marshmallows

CAMDEN, N.J. (AP)—The pop bottle vanquished the marshmallow Wednesday.

It happened in Miss Augusta Sack's variety store when a man bent on robbery walked in and demanded the money in the cash register.

Miss Sack heaved three bottles at him. The man picked up a box of marshmallows and tossed it at her.

Miss Sack didn't flinch. The man fled.

One Killed, Three Hurt In Collision

FORT WORTH (AP)—One man was killed and three others hurt here today when a dairy truck blew a tire and crashed into a car.

Garland M. Wynn, 44, was killed.

J. O. Stanford, 53, driver of the car, was in serious condition.

The driver of the truck, Joe L. Lowery, 36, of Dallas, was in fair condition with possible fractured left knee and chest injuries.

Weather In Same Pattern

By The Associated Press

The nation's weather appeared stuck in its familiar pattern of the past couple of weeks today. It was fairly pleasant in western sections, hot and humid in most of the eastern half of the country.

Cool air spread from the far Northwest across northern states into parts of the Dakotas. It was expected to move across the Dakotas and into western parts of Nebraska, bringing welcome relief to areas hit by temperatures of above 100 degrees the past two days. Readings in the cool belt were a mixture of 50s and 60s.

But east of the cool air, it was warm and humid in most sections. An exception was the region from New England southward through Pennsylvania and West Virginia where temperatures were in the pleasant 60s most of the night.

Fair weather has indicated in the far southeast and the northern half of the Atlantic Coast states.

2nd Missile-Firing Sub To Be Launched

GROTON, Conn. (AP) — The Patrick Henry, second nuclear submarine capable of firing the Polaris ballistic missile, will be launched here Sept. 22.

This was announced today by the Electric Boat Division of General Dynamics Corp., builders of the nation's first Polaris-equipped atomic sub, the George Washington.

The 380-foot, 5,400-ton Patrick Henry will also be armed with torpedoes. Like the George Washington, launched June 9, the Patrick Henry is due for completion in 1960.

Contract Remains Good, Says Wilson

AUSTIN (AP) — The 22-year-old contract between Big Spring and the State Hospital Board cannot be changed, Atty. Gen. Will Wilson said today.

In an official opinion to the hospital board, Wilson said the 1937 contract remains in force "so long as the State of Texas in good faith maintains and operates the state hospital at Big Spring."

The city seeks to raise the rates because it is furnishing water at less than cost, the board said.

Board Appointments Made By Governor

AUSTIN (AP)—Gov. Price Daniel announced Wednesday appointments to these state boards:

Nurse examiners—Blanche McPeak of Corpus Christi, reappointed, and Lucille McCoy of Temple, succeeding Daisy Moore of Houston, terms expiring 1965.

Morticians—J. B. Ashcraft of Harlingen, now president, to the unexpired term ending 1961 of the late Howard Maxon of El Paso; C. V. Singleton of Seminole and Reuben Allison of Liberty, to six-year terms expiring 1965.

Last Supper Display Is Slated Here

A life sized sculptured replica of Leonardo De Vinci's world famous painting of "The Lord's Last Supper" will be displayed here Sept. 1-2, according to Darrel Tramel, president of the American Business Club.

The display is mounted in a van-like trailer 34 feet long and will be shown in several locations throughout the city.

The display was made by two men, John Till and Jean LeBlanc, working in their spare time because they were impressed with the dignity and meaning of the great work of art. Each figure was sculptured in clay first. Then a cast was made and the figures were poured in cast Hydrastone. The rough edges were taken off and the figures were then painted.

Painting the features and finding the clothing to match the masterpiece was in itself a great task. The result is the display, the value of which cannot be measured either monetarily or aesthetically.

In vivid reality at the table sits Jesus surrounded by His disciples as they shared together the traditional Paschal meal. Their faces show many emotions, dismay, indignation and consternation over Jesus' statement that one would betray Him. Philip is asking, "Is it I, Lord?" Simon Peter's expression is one of disbelief at what Thaddeus has repeated. James, the elder, with arms outstretched, is as one astounded. Only Judas, clutching his money bag in which he carried the meager funds of the group, sits with an expression of guilt.

The display, which will be here for the only showing this year, is being brought to Snyder by the American Business Club. Admission is by invitation, and free invitations are being sent to every church in the city and county.

Scouters To Meet Tonight

Lone Buffalo District Scouters were reminded today that their annual barbecue-roundup is scheduled for 7 o'clock tonight in the Towle Memorial Park pavilion.

All Scouters, including cubmasters, scoutmasters, advisors, commissioners, district committeemen, denmothers and their wives and husbands are urged to attend, said Dr. John Hamblen, district roundup chairman.

The barbecue dinner will be served for $1 per plate. During the session the scouters will outline plans for its fall Scout roundup. Theme of the roundup is "Boy Recruits Boy."

HOSPITAL NOTES

COGDELL MEMORIAL

ADMISSIONS— Guadalupe Ramos, Eighth Street; Joyce Barree, 907 Twenty-eighth Street; Bobbie Coonrod, Hermleigh; Mary Frances Boston, 1305 Twenty-sixth Street; Alameda O'Neal, Route 2; Bonnie Lynch, Big Spring highway; Jerry Cabiness, 415 Twenty-ninth Street; Sandra Carter, Route 2; Syble Wylie, Route 3.

DISMISSALS — Charlene Collins 3511 Avenue E; Donnie Ortegon, Avenue O and Thirteenth Street; A. L. Martin, Snyder; Minnie Allen, 416 Thirty-first Street; Mrs. Jean Couger and baby, 1806 Avenue S; Ethel Sowell, 2106 Avenue R; Fred Barnett, Canyon; William Mull, Snyder.

Boyington Files Against No. 2

LOS ANGELES (AP)—Gregory (Pappy) Boyington, former flying ace, has sued his second wife for divorce, alleging cruelty.

Boyington, 56, who left the U.S. Marine Corps as a lieutenant colonel after World War II, won the Medal of Honor for shooting down 28 Japanese planes in the South Pacific. He and Mrs. Boyington, former actress Frances Reiman, 45, were married in 1956.

The divorce complaint did not give details. The couple separated July 2. Boyington now devotes most of his time to writing books.

Brown Service Set Today At Lawn

Funeral services were to be held at 2:30 p.m. today at the First Baptist Church at Lawn for Patrick Brown, 89, father of Mrs. John M. Morgan of Snyder, who died Tuesday evening at his home in Abilene.

Mr. Brown, a retired farmer, had lived in Taylor County more than 50 years.

Strike Threatened In Meat Industry

By NORMAN WALKER

FOREST PARK, Pa. (AP)—A walkout of nearly 200,000 workers in the giant meat processing industry next month was threatened today on issues similar to those involved in the continuing steel strike.

Union officials said the industry's two major unions, the Amalgamated Meat Cutters and the Packinghouse Workers, have met much the same management wage freeze and other proposals for stockyard workers as were experienced in the steel dispute.

AFL-CIO leaders, meeting in summer session here, expressed concern that the steel strike is a sympton of what they consider a growing management refusal to give workers a share in expanding industry profits.

The International Union of Electrical Workers, voting a $100,000 donation to the steel strikers, said big business generally has decided to "wreck the hard-won gains of workers" and reverse the system of sharing profits with labor.

The two meat industry unions, after nearly a month of bargaining, have met an almost solid front of packer proposals to freeze present wage rates, averaging about $2.50 an hour.

In a further similarity to the steel bargaining picture, the packing unions say they also face company proposals to give employers a freer hand in achieving manpower and other economies.

Like the steel strikers, the meat processing workers seek wage boosts of about 15 cents per hour.

Both packing unions are taking strike votes. The workers in many plants were said to have already authorized a strike Sept. 1 when current three-year contracts expire. However, both unions said they hoped bargaining developments in the near future would avert any shutdown.

Members of the AFL-CIO Executive Council were expected to approve today a plan to mobilize all AFL-CIO unions behind the steel strike.

The plan includes a rally of all union officers at San Francisco on Sept. 18, as part of the AFL-CIO's biennial convention, in behalf of the steel strikers.

One proposal under consideration would call for a penny a day allotment from every AFL-CIO member for the strikers—a move that could yield up to four million dollars a month in strike aid.

Federation chiefs also are expected to appeal to President Eisenhower to call steel management and labor into White House conferences in an effort to end the stalemate. Eisenhower has declined similar prior proposals.

Recording Of Carrier Fire Under Study

QUONSET POINT, R. I. (AP) — An unusual tape recording of the explosion and fire which killed two men and injured 28 aboard the aircraft carrier Wasp is among the evidence being studied today by a Navy investigation board.

The sound of the blast and the spontaneous reaction of the men was recorded because a tape-recorder microphone had been opened to pick up the voices of cribbage-playing officers.

The Wasp was on antisubmarine maneuvers 250 miles off the Virginia coast when the mishap occurred Tuesday.

Lt. (j.g.) Jim Frank Hagen of Marianna, Fla., perished when trapped in the helicopter whose engine exploded while he was testing it in a hangar aboard the Wasp.

Aviation Apprentice Donald H. Trask of Keene, N.H., whose body was found at the bottom of a plane elevator, apparently was asphyxiated.

None of the injured was considered in a serious condition.

Sources at this naval base said the damage to the Wasp might exceed five million dollars.

Rear Adm. Robert Stroh, commander of Carrier Division 14, said the helicopter engine "ran away and exploded while it was being tested by a qualified pilot."

He said runaway engines are not uncommon in flight and the governors fail to function properly. But he said he never heard of a runaway engine under hangar-deck testing conditions.

Navy men explained that governors are mounted on helicopter engines to regulate their speed but that under some circumstances—more commonly under the stress of flight conditions—they may function badly.

Officers were playing cribbage near the deck hangar. Lt. Patrick Harney of Robinsdale, Minn., turned on a tape recorder as a joke. He got two minutes of recording of the disaster, including the explosion that started the fire.

Red Skelton Cheers Leukemia Victim

MOSCOW, Idaho (AP) — Red Skelton, the television comic, has been telephoning a hospital here this week to chat with a 10-year-old girl suffering from leukemia, the blood disease which claimed the life of Skelton's 9-year-old son, Richard.

Somebody notified Skelton that Mardella Kleer, of nearby Deary, enjoyed his television programs. The comic ordered a special set for Mardella's room because none was available at the hospital.

The girl celebrated her tenth birthday Sunday and Skelton, who is off for the summer, promised a "special" show for her in the future.

Doctors said Mardella, who entered the hospital two weeks ago when her condition worsened, has never been happier.

Two Teenagers Are Tried In Del Rio

Two teenagers from Snyder were tried in juvenile court in Del Rio yesterday and were released to the custody of their parents.

Similar action had been taken here with the pair in local cases.

The juvenile-age boys were involved in burglaries recently with two young men who were given penitentiary sentences. Clarence C. Price, Jr., was given sentences which totel seven years for burglaries here and at Del Rio, and Eddie McCorkle, who got a two-year sentence here, is awaiting dispositon of a Del Rio case.

Mountbatten Leaves

LONDON (AP) — Lord Mountbatten, chief of the British defense staff, left today for America to consult U.S. and Canadian defense officials.

Blueberries With Custard Sauce

INGREDIENTS: 1 tablespoon corn starch, ¼ cup sugar, ¼ teaspoon salt, 2 egg yolks, 2 cups milk, 1 teaspoon vanilla, 1 pint blueberries (washed and drained).

METHOD: In the top of a double boiler stir together thoroughly the corn starch, sugar and salt. Mix in egg yolks well. Gradually stir in the milk. Cook, stirring constantly, over boiling water until slightly thickened; do not have water touch top of upper saucepan. Cover and cool; stir in vanilla chill. Makes 2 ¼ cups. Serve with blueberries. Makes 6 servings.

Salad Change

Salad change: marinate cooked small green lima beans in oil and vinegar seasoned with sugar, salt and pepper. Add a small onion cut in thin strips and after chilling, serve on salad greens.

Drowns In River

TAIPEI, Formosa (AP)— Chen Kuan-jou came to live with relatives in Taipei after his home in central Formosa was destroyed in the floods 10 days ago. He went for a swim Wednesday in the Tansui River and was drowned.

Gang Fails In Effort To Free Prisoner

NAHANT, Mass. (AP)—A gang of 15 men, some armed with clubs and lengths of pipe, burst into the Nahant police station early today in a wild but futile attempt to free a prisoner.

The gang fled when a patrolman—back on duty—met them with a revolver and fired a warning shot.

A short while later the seven became prisoners themselves on charges which included inciting a riot, attempt to commit murder, assault, assault and battery, and drunkenness.

Four of the gang were caught at a roadblock and three at the Lynn hospital where two had gone for treatment of bruises suffered in the scuffle in the police station.

Police Chief Banjamin Lamphier said the gang tried to liberate Donald Stinson, 27, of Swampscott, who was locked up on a drunkenness charge.

Patrolman Albert Bridger said he was alone in the police station when the gang drove up in three automobiles.

He said he had time to utter only the word "Nahant" into the police radio before the men backed him against a wall.

Patrolman Joseph Flynn, driving a cruiser, heard the one-word message and the sound of several voices coming over the radio.

He sped to the station and found three men tampering with the door of the cell which held Stinson.

Flynn herded the trio upstairs, only to be pushed against a wall by the others. As one man threatened him with a club, he said, he pulled out his gun and struck two of them.

As the men were fleeing after Flynn fired a shot, Badget sounded an "assist" alarm over the police radio and help came from surrounding communities.

I don't sell insurance on Sunday . . . and durn little during the week.

SUNDAY NIGHT CASSEROLE

Fall Picnic In Garage Can Be Fun

By VIVIAN BROWN
AP Newsfeatures Writer

COOLER WEATHER need not close off the picnic season, a fun time for young people that makes entertaining so much easier on the household. No fuss. No feathers. Food that can be prepared mainly in advance, taking advantage of all the short cuts to entertaining.

A festive picnic may be held on the porch, in the garage or in the barn. Dad may oblige, putting the car elsewhere for the occasion if you choose the garage, but in any case it will keep the group out of the house.

A small barbecue unit-hibacki or other portable grill—can do a fine job of barbecuing in a small area, if you plan to broil hot dogs or hamburgers. Food prepared in the house may be kept hot on the electric tray.

Hot Dogs Deluxe

It could be fun to prepare all sorts of unusual toppings for the frankfurters, letting your culinary imagination take over to make this budget meat take on glamor.

The hot dogs may be stuffed in advance, for instance. Or mixtures may be prepared, and guests may stuff their own hot dogs, choosing there favorites.

Into the split hot dog may go any type of cheese—cheddar, a mixture of cream cheese and blue cheese, or a thin strip of mozzarelli dusted with oregano. Chopped fresh tomato and minced onions, dusted with a bit of brown sugar and some sweet basil, make another good topping.

Grated hard cooked eggs and mayonnaise will give a souffle effect to the frankfurters.

Horseradish with applesauce is a good taste combination. Go light on the horseradish.

A mixture of equal parts of chunky peanut butter and cream cheese masked with chutney (if you have it) or watermelon rind with a little curry powder and Worcestershire sauce may offer an intriguing taste treat.

A sweet-and-sour sauce that is favored by the Chinese may be made with this short Cut: Mix baby food apricots and pears with a bit of vinegar. Or mix orange maramalade and mustard.

Salad, Anyone?

Macarioni salad is a favorite with hot dogs. Inexpensive and easy to prepare, it may be made in advance and kept in the ice box. One pound of elbow macaroni will feed six. Cook it. Drain it. Run cold water over it. Drain again. Then mix into it two chopped pimientos, one-half green pepper chopped fine, one cup of chopped celery, one chopped onion, one-half cup of mayonnaise or more if needed. Add a little French salad dressing if you have it on hand. Put the salad into the refrigerator until you are ready to serve it.

Move the sawbuck table and garden benches into the garage.

Summer Casserole Tempts Those Jaded Appetites

A warm weather dish, light yet substantial, is the "Sunday Night Casserole," a satisfying end to a day of summer recreation. Served with cold cuts and an iced drink, it makes a delicious course for a family menu or adds that extra touch to a company buffet.

This recipe calls for frozen broccoli, but other frozen or left-over vegetables such as cauliflower or asparagus, are equally good.

SUNDAY NIGHT CASSEROLE

6 hard-cooked eggs
1 package frozen broccoli, cooked until almost tender
2½ cups prepared package stuffing
4 tablespoons butter
4 tablespoons flour
½ teaspoon salt
1 teaspoon minced onion
3 cups milk
1 cup grated Cheddar and ¼ cup Parmesan Cheese
¼ cup butter melted in ¼ cup hot water

In a buttered, shallow baking dish, distribute 1 cup of packaged prepared stuffing. On this arrange drained broccoli; then eggs, halved or quartered lengthwise. In saucepan melt butter, blend in flour and salt. Stir to thick paste. Add onion, then milk. Stir constantly until thickened. Pour over casserole. Top with remainder of stuffing crumbs blended with butter, hot water, and cheese. Bake in hot oven (400 F.) 25-30 minutes, or until lightly browned and bubbly. Garnish with dashes of paprika and strips of green pepper, or parsley. Serves 4 to 6.

Spot Thirst Signs Before Pet Tree Becomes Old Baldy

Thirsty trees are apt to become sickly trees.

You can nip trouble in the leaf, however, by watching closely for signs of drought injury in waning August. With trees in the midst of searing weather, those in need of water will show their distress in several ways.

You don't have to be a tree doctor to read the symptoms, but it's a good idea to call in the professional to minister first aid. Some first hand hints on how to spot ills that make their inroads as pet trees get thirstier and thirstier.

Parched maples have a tendency to brown at the leaf edges, a malady called leaf scorch. Drought isn't the only villain in the case, but it is a major one. Elms that can't wet their whistles are victims of premature baldness. Moisture poor elms drop leaves closest to the trunk in the greatest shade, a defense mechanism. Reducing leaf surface lessens evaporation and cuts down on the tree's need for water.

Leaf shedding is the almost certain sign in August that a tree isn't weathering extreme drought. Some trees may even lose all their foliage and, as if in embarrassment at this nudity, go into dormancy.

Borers love to attack drying trees and fungous diseases, such as verticullium and maple wilt, have a field day, too. Birches are particularly vulnerable to invading borers at this time.

Rubber trees grow wild in South America, but regimented cultivation is now under way.

Dark Cottons Sail Smartly Into Autumn

By DOROTHY ROE
AP Newsfeatures Writer

THERE'S NOTHING like a pretty dark printed cotton dress to perk up a tired summer wardrobe and take you gaily into fall. Dark enough to look right for the season but cool enough for a hot autumn day, it can be a wardrobe standby from August through October.

If a dress such as this is on your end-of-summer sewing schedule, here are some tips from local sewing center experts. Fabric and pattern must be perfectly coordinated, with just enough cover-up so that the dress may go shopping as well as to parties. Select a pattern with short sleeves and an open, cool neckline. A pleated skirt provides graceful movement and ease.

Select a fabric printed in autumnal tones, such as an overall floral motif in tones of ochre, rust and black. Supima cotton fabrics, woven from a silky cotton fiber developed by the Department of Agriculture, are an excellent choice. These fabrics are wonderfully light and silky, washable and unusually durable because of the extra length of the fiber.

A fabric such as this adapts perfectly to a softly pleated skirt, for it drapes beautifully and is highly wrinkle-resistant. It should be stitched much the same way as silk—with light tension, a fine needle, mercerized thread and a short stitch length. It is wise to run a test swatch before starting to sew on the dress. Although the fabric does not ravel easily, careful seamstresses will take pains to add finishing touches to the inside, such as overcasting seams. If you own one of the new slant-needle automatic sewing machines, you'll find that this fabric takes beautifully to a zigzag stich for overcasting.

Soutache braid makes an effective trimming for a flower print accenting one certain color.

WHAT'S GOING ON

MR. AND MRS. GLENDON BYNUM AND HARLEY, 1909 15th. left Saturday for a visit to their farm at Dupree S. D. They will tour several other states and part of Canada. Accompanying them will be Mr. and Mrs. A. A. Behringer, Jr., Clairemont Road. Donna and Cynthia Behringer will visit their grandparents in Lamesa while their parents are away.

MR. AND MRS. ZAY HUDMAN, 1907 15th, have returned from a trip to Little Rock Ark. where they visited relatives.

DR. AND MRS. WAYNE LAFFERTY of Tampa, Fla., and children, have been here this week visiting MR. AND MRS. C. W. BEAVERS, MR. AND MRS. BILLY JOE BROWN, MR. AND MRS. JIM BEAVERS and MR. AND MRS. FORREST BEAVERS.

WOMEN'S CALENDAR

THURSDAY

Last day of girls recreation program. A skating party will be held at the Roll-A-Way, Big Spring Highway from 9 to 12 a.m. and 2 to 4 p.m.

SATURDAY

Eastland County reunion will be held at West County Park, Odessa at 3 p.m.

Pevan-Raisin Pie

INGREDIENTS: 2 cups milk, ½ teaspoon salt, ¼ cup quickcooking rice cereal, 2 tablespoons soft butter, 2 eggs (separated), ½ cup sugar, 1 cup (5 ounces) shelled pecans (coarsely chopped), ½ cup seedless raisins (rinsed in hot water and drained), 9-inch unbaked pastry shell, pecan halves for garnish.

METHOD: Heat milk and salt in top of double boiler over boiling water. Sprinkle in rice cereal and cook, stirring constantly, until slightly thickened. Cover and continue cooking for 10 minutes; cool slightly. Mix together the butter, egg yolks and ¼ cup of the sugar; add pecans and raisins; mix with the cooked rice. Beat egg whites until stiff, gradually beating in remaining ¼ cup sugar; fold into rice mixture. Pour into unbaked shell. Top with pecan halves. Bake in moderate (375 degrees) oven until browned, about 45 minutes. Allow to stand at room temperature until warm, then serve at once. Makes 6 to 8 servings. Pie may be reheated in moderate oven.

China Grove News

By MRS. N. F. HALL

Recent guests of Mr. and Mrs. Houston Quiett were, Mr. and Mrs. Albert Johnston and grandsons, Don and David of Big Spring and Mr. and Mrs. Wayne Johnston of Corpus Christi.

Mr. and Mrs. T. J. Webb were callers of Mrs. Charles Lewis of Snyder Sunday afternoon.

Mr. and Mrs. Jess Brown were in Colorado City Saturday.

Mr. and Mrs. Stanley Merket and Gloria of Colorado City, visited his parents, Mr. and Mrs. Jim Merket Sunday.

Mr. and Mrs. Albert Hively of Big Spring were guests of Mr. and Mrs. N. F. Hall and family Sunday.

Mrs. Walter Wood has been visiting her daughter and family, Mr. and Mrs. Russell Dunn and family of Loraine.

Mrs. Billy Ray and baby of Loraine visited her parents, Mr. and Mrs. O. N. Laster Jr. recently.

Sunday guests of Mr. and Mrs. C. E. Laster and family were Rev. and Mrs. Don Lang and children of Dunn, and Rev. Raymon Bowlin of Amarillo.

Mrs. Johnny Don Hall of Fort Worth, formerly of China Grove, underwent major surgery at St. Joseph Hospital in Fort Worth Wednesday.

Jackie Lynn Hall of Fort Worth, is visiting her grandparents, Mr. and Mrs. N. F. Hall this week.

Mrs. Bo Merket, Rodney and Craig of Colorado City visited Mr. and Mrs. Floyd W. Merket and Lucky, Monday.

Several from this community attended the WMS of the Dunn Methodist Church Monday evening. The program was in the home of Mrs. Louise Falls of Snyder.

UNION NEWS

By MRS. J. B. ADAMS

Mr. and Mrs. Valon Benton and children went to Richmond Ky. to be with his father who is seriously ill.

Jay Kem Roemisch was honored with a birthday party on his third birthday Monday evening. Games were played. Favors of Indian hats and horns were presented each guest. Refreshments of cake and punch was served to 12 children.

Mr. and Mrs. Frank Shultz of Sweetwater visited over the week-end with Mr. and Mrs. Alfred Cooper.

Visitors last weekend with Mr. and Mrs. Howard Hogue were their son, Mr. and Mrs. Royce Hogue and son of Garland, Mr. and Mrs. Jack Harper of Monahans Mr. and Mrs. David Connell of Lubbock, and Mr. Homer Bentley of Fort Worth.

Mr. and Mrs. Johnnie Langford were in Lubbock Tuesday.

Mrs. Jack Shinn and son of Midland are visiting this week with her parents, Mr. and Mrs. Everett Clarkson.

Mr. and Mrs. Doyle Mebane and children of Hawthorne, Calif. and Mr. and Mrs. James Mebane and children of Dumas, are visiting this week with their parents, Mr. and Mrs. P. A. Mebane and other relatives.

r. and Mrs. Paris McPherson visited last week at Plainview and Dimmit.

Dunn Residents To Hold Opening Saturday Night

The Dunn community will hold open house at their new community center Saturday evening at 8 o'clock.

Speakers for the affair will be Sterling Williams, Scurry County judge and Mr. J. C. Massingill, commissioner of Precinct 4.

All residents of Dunn are requested to bring pies and those wishing to present something to the center are requested to bring something for the kitchen.

Refreshments of coffee and pie will be served.

FRIENDLY REMINDERS FROM CHRISTENSON'S NURSERY—

Get your Iris now at our nursery. All Iris should be planted not later than August 31. We will continue to keep fresh dug, top-quality bulbs for the rest of this month at 1/3 below catalog prices.

We have many varieties in fine vigerous container grown shrubs fine for planting now. Visit our Nursery often, two miles west of town, Lamesa Highway.

OUR VIEW

The Security Issue

THE CORPUS CHRISTI TIMES:

Two committees of the American Bar Association have, by their flatly contradictory findings, sharpened the central issue involved in much of the contemporary criticism of the United States Supreme Court. Where should the balance be struck between the twin necessities of civil rights and internal security?

The ABA Committee on Communist Tactics, Strategy and Objectives, after a study of 24 controversial Supreme Court decisions in that field, reported earlier this year that those decisions are illustrative of how our security has been weakened.

The ABA Bill of Rights Committee, reviewing the same 24 cases, recently reported that "this committee is unable to see any indication that the security of the nation or the states has been impaired by the Supreme Court."

That is quite a difference of opinion, even for lawyers. But it is not too difficult to see how it came about. By the very nature of their assignments, one committee looked at the problem primarily from the perspective of internal security, while the other's concern was primarily for civil rights.

The result, obviously, presents the poles of opinion in the debate, and not the balance that must be struck. That balance lies somewhere between the two committees' findings, and, in its concern for professional principle, the ABA should seek it carefully.

It seems evident that internal security could not be made absolute without crushing the very democracy that we want to secure. And individual civil rights cannot be absolute without unacceptable risk to the general public safety. If ABA merges its two committees, reports, it might come close to an intelligent solution to that dilemma.

'Facts' Not Likely To Settle Strike

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — The steel strike had been going on since July 15 and President Eisenhower and Secretary of Labor James P. Mitchell decided to do something about it, but in a very restrained way.

They hadn't taken sides. And they weren't taking sides now, although if the strike continues into late September the shortage of steel may create a national emergency.

The two men thought it might be worthwhile to give the public some facts and figures which various government agencies have gathered on steelworkers' earnings and productivity and on the steel industry's prices and profits.

The steel dispute really began early last May when negotiations started. But from the beginning both sides have dawdled in one of the most lackadaisical negotiations in American history.

And even now, with the strike costing 300 million dollars a week in production and 70 million dollars in wages, neither side shows a pressing anxiety to reach a settlement.

So just how laying down some facts and figures on wages and profits might hasten an agreement isn't at all clear. But Eisenhower and Mitchell decided to go ahead and make the figures public.

Mitchell announced Tuesday the government's figures would be unveiled at a news conference Wednesday afternoon.

As each reporter walked in he got a 42 - page, brown - paper covered booklet with masses of statistics and charts. The information it contained had been gathered from government agencies and some of it even from the steel industry itself.

The booklet had an explanatory foreward by Mitchell. In it he said: "There are no conclusions drawn in this booklet. The responsibility for a settlement of the strike rests upon management and labor in the industry."

If the President or Mitchell had drawn conclusions from the figures they produced, they would have been putting the heat on one side or the other in the dispute to get off the high horse.

But without such official conclusions, the result had to be every man for himself in deciding what the figures meant. The reporters realized this, of course, but were glad to see the government figures anyway.

But then they read elsewhere in Mitchell's foreward this statement: "Management and labor already know these facts."

One gray-haired reporter who has been around Washington a long time and has never been easily impressed by the pronouncements of government officials, read that sentence from Mitchell's foreward to some of the reporters around him.

He said it reminded him of a couple of vaudeville comedians he saw once. One of them was lying on the stage, supposedly wounded in battle. The other said: "Tell me your name and I'll tell your mother."

But the one lying on the stage said: "You don't have to tell my mother. She knows my name."

This may have been a sardonic view of the situation after Eisenhower and Mitchell went to the trouble of gathering into one booklet a mass of information on steel profits and wages.

But it did point up the central question:

If the steel union and the steel industry know all these facts and after almost four months haven't made any progress toward a settlement, why should anyone think making the facts public will have any effect on either side?

Costlier Loans Predicted Today

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Still costlier loans and still tighter money are predicted today.

Interest rates already are starting another climb. There are more complaints from home builders and would-be-finding someone to lend them money against a mortgage.

Part of this is due to the policy of the nation's money managers. They've wanted credit to be tight to stave off a speculative boom that could spur fresh inflation—an old-fashioned word which President Eisenhower's Cabinet committee on price stability for economic growth now refers to as "rises in the general price level."

But bankers here insist that most of the reason for tighter money isn't Washington policy itself. It's the law of supply and demand. People are slowing down on their rate of savings. At the same time they—either as individuals or as managers of business or as officials of federal, state or local governments—have been stepping up their demand for loans.

When the demand for money grows faster than the supply—fed by savings normally, or by the printing presses abnormally—interest rates go up.

It's this squeeze in which the secretary of the Treasury finds himself. He has to borrow money because the government is spending more just now than it is taking in from the taxpayers; billions of dollars worth of outstanding securities are coming due and can be repaid only by borrowing more money (known as refunding the debt); and holders of savings bonds are redeeming them in greater volume than others are buying new ones.

The secretary is having trouble selling bonds because investors can get a higher return from several other kinds of investments. That's why the Treasury wanted Congress to let it pay higher yields on savings bonds.

The Treasury can compete with other borrowers in the short-term money market because there is no legal limit on the interest it pays—and that charge is now the highest in years.

But the law forbids the treasury to pay more than ¼ per cent interest on any bond running for five years or longer. The House Ways and Means Committee has just pigeonholed President Eisenhower's request to let the Treasury pay more. And the secretary says he can't find any one who'll lend him money at the present rate.

Bankers here say that with the Treasury now confined to doing all it's borrowing at short term, the market will get all the tighter and tend to force interest rates higher.

Rainfall In State Erratic

AUSTIN (AP) — Rainfall continues on a hit-and-miss basis for Texas, the Board of Water Engineers says.

"Last month was the wettest July on record since 1944 at the Port Arthur Weather Bureau and at San Angelo since 10.26 inches were recorded in July 1880," the board's monthly report said.

"Conversely, it was the driest July since 1937 at El Paso."

The state's 34 major reservoirs are 93 per cent full. They hold 9,482,240 acre feet of water, two per cent more than last month and last year.

Streamflow went above average in July with heavy rains during the first and third weeks. The famous Comal Springs regained their long-time average of about 300 cubic feet per second.

Three of eight wells showed declines in water levels at Buda in Travis County, Alief in Harris County and in the El Paso area.

Hurricane Debra brought in heavy rains to coastal cities. Orange measured 14.76 inches, Port Arthur 7.80, Anahuac 6.95, Liberty 8.07, Dickinson 13.40 with 10.82 inches falling in 24 hours and San Leon 12.81.

Husbands Tired Of Hearing This

By HAL BOYLE

NEW YORK (AP) — Wifely remarks that husbands get tired of hearing—and overhearing:

"Joe, I gave you the best years of my life, and I ask you—what did it get me?"

"Your pay envelop was 40 cents short. Are you keeping another woman?"

"When I think of all the men I could have married."

"If you expect me to go on spoiling you like your mother did you've got another think coming."

"Yes, my lord and master, what is it you want now?"

"I don't care if she is your boss's wife. I don't have to bow and scrape before anybody."

"Why is it we practically never go out any more? Are you ashamed of me—or what?"

"It won't take me a minute. I'm all ready except for putting on a dab of lipstick."

"Well, if Joe's going to have one for the road, you might as well pour me too one—I mean, one, too."

"Oh, don't tell that old joke, dear. I've heard it a thousand times."

"Joe, you never heard a word I say."

"If there is such a thing as another life, I'm going to come back a man. Men think they're the kings of the earth."

"Joe used to go fishing with his pals, but now I go with him. I always say, a family that plays together stays together."

"It isn't that I really mind your playing poker, but don't you ever win?"

"Well, if you want my advice."

"You can't mean that's the one you were crazy about in college, Joe. She looks like the moths had been at her."

"Joe, are you listening to me?"

"You can play Boy Scout in the backyard if you want to, but the rest of us are going to eat in the house like civilized people."

"Every husband in the neighborhood carries more life insurance than you. Some men care about their family's welfare."

"Sure I used to be jealous over Joe—when he had hair."

"Joe, we used to have so much to say to each other. Why is it we never talk anymore."

Alabama Solons Prepare To Test '45 School Law

MONTGOMERY, Ala. (AP) — Race-minded Alabama lawmakers have renewed their outlay to Tuskegee Institute, but it may become a legal springboard to publicly financed private white schools.

The $767,000 two - year grant, roughly 10 per cent of Tuskegee's budget, also poses as a vieled dagger which could strike at the financial heart of the famed-Negro college.

Amid corridor-talk of the new segregation scheme, it was clear more than idle generosity prompted the legislature Wednesday to earmark $383,000 for Tuskegee next year and $384,000 the following year.

Legislators privately planning the legal test, aimed at a ruling on whether public funds can be used for private segregated schools, figure they have nothing to lose and all to gain.

Giving the U. S. Supreme Court such a major segregation riddle, the strategists say, would result either in economy, or—better still—a possible new way to keep Negro children out of white schools.

Key to the court test is a promised suit challenging the Tuskegee appropriation as an illegal use of public funds on a private segregated school. Only Negroes attend privately endowed Tuskegee Institute.

State money has been allocated annually to the college under a 1945 law providing aid for students who want specialized courses unavailable in tax - supported institutions.

Planners of the private school test want the Supreme Court to uphold the Tuskegee grant, hoping the decision would set a precedent to allow the state to put up cash for private white schools.

The widespread view on such a ruling is that the Tuskegee appropriation would be a cheap price for possible victory in the South's long struggle to keep white pupils and Negroes in separate classrooms.

But if the tribunal decided the Tuskegee outlay is illegal, segregationists then could tell the college that the Supreme Court cut off its funds. The result: a state saving of about $385,000 a year.

Besides Alabama's pupil placement law, which gives local boards vast powers in assigning pupils to schools, the state has several other laws designed to ward off integration.

They authorize local and statewide shutdowns, sale of school properties to private corporations, and one-school districts which officials hope could close if necessary and not affect classes elsewhere.

Phillips Rites Set Friday

Funeral services will be held at 2 p.m. tomorrow for Carl Edward Phillips, 36, of 501 Twenty-fifth Street, who died at 1:20 a.m. yesterday in Snyder Nursing Home after a long illness.

Mr. Phillips, an oil well driller had been a Snyder resident about five years. He was born Jan. 10, 1923, at Boswell, Okla.

Funeral will be held at the Northside Baptist Church, with the Rev. W. L. Cass, pastor of the Bethel Baptist Church, officiating, assisted by the Rev. Jack Dean, Northside pastor. Burial will be in the Snyder Cemetery under direction of Bell Funeral Home.

Survivors include the widow; eight daughters, Bennie Mae Halford, Dorothy Louise McFatridge, Fay Marie McFatridge, Linda Kay Hulsey, Brenda Ray Hulsey, Jackie Lynn Phillips, Sherry Ann Phillips and Debra Jean Phillips, all of Snyder; two sons, W. C. McFatridge and Carl Edward Phillips, Jr., both of Snyder; his parents, Mr. and Mrs. J. E. Phillips of Paris; and one grandchild.

Burn Victims Still Critical

Still in critical condition are two Snyder children who were badly burned in an accidental fire here July 27.

The children, Patricia Massingill, 18, and Stephen Massingill, 6, are in John Sealy Hospital at Galveston, where they are to undergo skin grafting during the latter part of this week.

The children of Mr. and Mrs. E. D. Massingill, Route 1, they were burned when gasoline which had been spread on weeds they were burning caught fire unexpectedly. Also burned was their cousin Joe Dyess, 6, of Garland, but his burns were less serious and he is no longer in the hospital.

Mrs. Massingill said the attending physician at John Sealy said there are "no high hopes."

Blackwood Service Set Here Today

Graveside services were to be held in Snyder Cemetery at 3 p.m. today for Arthur Blackwood of Hobbs, N. M., formerly of Snyder.

Mr. Black wood died at 10:30 a.m. Tuesday at Lee General Hospital in Hobbs.

Bell Funeral Home is in charge of arrangements.

Survivors include his widow, Mrs. Carrie Blackwood of Hobbs; and two brothers, W. J. Blackwood of Midland and C. A. Blackwood of San Angelo.

Says Mountain Fell First

By DWEIGHT JONES

BOZEMAN, Mont. (AP) — The mountain fell first—and then the water came.

That's the account of a California dentist and his friends who survived The Madison Canyon earthquake and avalanche below Hebgen Dam Monday night.

Dr. Reed Quesnell of Arcadia, Calif., gave the account when questioned concerning a theory that water spilling over the dam raced through the canyon and swept some campers away before the mountain collapsed.

"Not so," said Dr. Quesnell. "First came the earthquake—then the mountain collapsed into the canyon. And after that came a wave of water. This wave is what hit and injured a number of those hurt in the disaster."

Dr. Quesnell, his wife, and two friends and their families — Sam Kuening of Lakewood, Calif., and Ike Kuening of La Puente, Calif. —said they believed an unknown number of campers in the area were buried by the big slide.

"We have vacationed there every summer for 10 years," Dr. Quesnell said. "And every year there have been the same two trailers in the same place. They were three again this year, so close to the river they could fish from their doors. And those two trailers did not come out of the canyon when we were evacuated Wednesday. There undoubtedly are many others buried with them."

He said he does not know the names of the occupants, but believed his father, Dr. A. J. Quesnell does know them. The elder Dr. Quesnell is in Lee Vining, Calif.

Dr. Quesnell and the Keunings also declared—as have others — that a heroine was a nurse, Toodie Green of Billings, Mont.

They said Mrs. Green gave first aid to nearly every one of the injured and checked on them constantly until they were rescued.

Conoco Gives To Fire Disaster Fund

KANSAS CITY, Mo. (AP)—Continental Oil Co. contributed $10,000 Wednesday night to the Greater Kansas City fire disaster fund, started to aid victims of Tuesday's disastrous gasoline fire.

Continental owned the bulk storage station in Kansas City, Kan., where the fire began.

The contribution brought the total of the fund to more than $15,000.

The fund will be used to aid the families of two fire fighters who were killed and to help injured firemen who need assistance for rehabilitation.

The two firemen who died were Virgil L. Sams, 28, and Neal K. Owen, 28. Of the 17 hospitalized, five remain in critical condition.

SPORTS

Moore May Meet Brown

By PATRICK MCNULTY
Associated Press Sports Writer

LOS ANGELES (AP) — A title fight with Lightweight Champion Joe Brown may be in the works for World Featherweight Champion Davey Moore, who Wednesday night stopped Hogan (Kid) Bassey in 11 rounds.

Moore's manager, Willie Ketchum, said the Brown fight was fine with him "providing the money is right."

Moore, who bombed out Bassey, said he isn't trying to invade other divisions. But he added:

"Frankly, I'd like to meet (World Bantamweight Champion Jose) Becerra for my featherweight championship. But, I'm in this business for the money and I'll fight anybody if the price is right."

Matchmaker George Parnassus, who masterminded the Moore-Bassey title fight, said a Moore-Brown battle for the lightweight title would be a natural.

'It took Moore seven times on the scale to make the 126-pound limit for Bassey," Parnassus said. 'He could easily come in at '32 of '33." Moore finally weighed in at 126, a pound more than Bassey.

A Moore-Becerra featherweight title scrap would be a natural too, especially in Los Angeles, where the large Mexican population idolizes the little 118-pound champ from Mexico. But Becerra is committed for an October rematch with Alphonse Halimi of France, from whom he won the title last month.

Moore stopped Bassey so convincingly at the Olympic Auditorium that the little battler from British West Africa was asked to retire by his manager, George Biddles.

Bassey, who appeared at a press party with dark glasses hiding a swollen right eye and a bandage over a badly bruised right hand, said:

"This is not a decision I can make in a moment. I must think it over."

Sharp-shooting Moore, who took the title from Bassey last March, counter-punched Bassey into a tottering derelict at the end of the 10th round.

Bassey sprawled on his stool and refused to come out for the 11th round.

When Referee Frankie Van asked if he was all right, Bassey peered up with a partly-closed right eye and said:

"No, I don't wish to go out."

A second shouted "go, go' and tried to put the mouthpiece into Bassey's mouth. But the battered Nigerian merely shook his head.

By this time the bell had sounded for round 11. Moore had rushed across the ring and was jigging happily in front of the anxious knot before Bassey's corner when Referee Van relled and raised Moore's arm in victory.

A crowd of 7,450 paid a gross gate of $47,100.40 to watch the scrap, which was televised nationally over the ABC network.

TV receipts totaled $40,000. Each fighter got 30 per cent of all revenue.

Bassey knew that, as challenger, he had to take the title from Moore, who hails from Springfield, Ohio. He tried gallantly to nail Moore, but the champion played a waiting game and picked Bassey apart with savage counter-punches.

When Bassey decided not to continue he was losing on all cards by three to seven points.

Scrimmage Set Tonight For Tigers

The first real scrimmaging since the beginning of high school football workouts this week will be held tonight by the Snyder Tigers.

John Conley, head football coach, said the regular Tiger offense will be matched against the defense for 20 to 30 minutes, starting at about 8 p.m.

"They're all doing a good job," Conley said of the prospective Tigers, adding that no players have disappointed coaches yet. The workouts have gone smoothly, with no mishaps.

So far there are 54 youths working out with the Tiger A and B teams, made up of all from the sophomore class up. The freshman team, which is holding separate workouts, has 22 so far.

Conley has not definitely scheduled a pre-season scrimmage yet but expects to have one scheduled within a few days with a team from a neighboring city.

The inter-school scrimmage is expected to be held sometime next weekend, either Friday or Saturday night.

The Tigers will open their season Sept. 11 at Borger and will have their first home game Sept. 18 against Andrews.

Women's Bowling Loop Planned Here

Women interested in bowling have been asked to attend a meeting called for Monday night, in which a women's bowling league for the fall will be organized.

The meeting will be held at 7:30 p.m. Monday in the community room of the Snyder National Bank.

The league expects to begin play on the second Monday in September.

Those who cannot attend the meeting have been asked to call HI3-4625 or HI3-6575.

Jablonski Bought By Kansas City

KANSAS CITY (AP) —The Kansas City Athletics Wednesday night bought third baseman Ray Jablonski from the St. Louis Cardinals and infielder outfielder Joe Morgan from Louisville of the American Assn.

To make room for the pair, the A's sold infielder Ray Boone to Milwaukee and infielder Preston Ward to Louisville, a Milwaukee farm club. Sale prices were not disclosed.

McLaren On Card Staff

HERMLEIGH (Spl.) — R. C. McLaren, former coach at Welch, has been named assistant coach by Hermleigh High School.

O. B. Paty, superintendent here, said McLaren has already reported for work and is working with Bill McGuire, head coach, in the daily workouts with the football squad. The team's drills are at 4:30 p.m. daily.

McLaren had been at Welch for one year after graduating in 1957 from Sul Ross State College. He played high school and service football but was not in the grid program at Sul Ross.

Hermleigh is still seeking an opponent for one game to complete the fall football schedule for Sept. 18. Paty said the team will play either at home or away for that game.

SEASONS CHANGE—A seasonal change which gives sportsmen and sports fans a new lease on life is demonstrated above as David McKinley, son of Mr. and Mrs. Charlie McKinley, purchases season tickets to Snyder Tiger home football games while still wearing his baseball cap. Mrs. Mary Ellen Headstream, the school's ticket saleslady, hands the family's tickets to young McKinley. More than 1,600 season tickets have been sold for $7.50 each so far. The tickets are on sale at the school administration building. (Lee Watson photograph).

Tribe Reluctant To Move Upward

By ED WILKS
Associated Press Sports Writer

A right reluctant bunch of pennant contenders, these Cleveland Indians. They lose four in a row, blowing leads in three of them, and almost make it five—getting the cushion they needed on a bases-loaded walk.

Cleveland junked the slump with a 5-4 decision over last place Washington Wednesday night, moving within 3½ games of Chicago in the American League race after the White Sox had been spilled 3-1 by Baltimore in an afternoon game.

The Injuns did some blowing in this one, too, after building a 4-1 lead on homers by Woody Held and Jim Baxes and making it 5-1 when reliever Camilo Pascual gave up a fourth-inning triple to Vic Power than then walked three in a row.

New York came from five runs back and beat Detroit 10-5. Kansas City beat Boston 6-3.

In the National League, third place Milwaukee moved within three games of first place San Francisco as Lew Burdette beat the Giants 5-2 with a six-hitter and became the majors' top winner with 17. Second place Los Angeles stayed two games behind, losing 9-4 when Cincinnati scored seven runs in the eighth inning.

The Chicago Cubs and Philadelphia played a 7-7, 12-inning curfewed tie after the Phils took the opener of the twi-night pair 4-1. St. Louis beat Pittsburgh 8-6 in 10 innings in the completion of a July 12 suspended game, but the Bucs won the regularly scheduled game 4-2.

Rookie Larry Locke saved it for the Indians and Cal McLish (15-6), coming on with none out in the eighth after the Nats had scored three runs on Bob Allison's 28th homer and Harmon Killebrew's 37th.

Held's 22nd home run broke a 1-1 tie for the Indians in the second inning against loser Bill Fischer (8-9).

Baltimore beat the White Sox and Bob Shaw (12-4) on Bob Boyd's two-run single with two out in the first. Billy O'Dell (7-10) was the winner.

Frank Lary (15-8), who had won seven in a row from the Yankees since July of last year, was chased in a four-run fifth. Marv Throneberry and Hector Lopez hammered two-run homers for the Yankees while Whitey Ford (13-6) won his fifth in a row with 5 2-3 innings of shutout relief. The Tigers scored their five against Eli Grba and Bob Turley.

Bud Daley (15-7) beat the Red Sox with a four-hitter giving up Dick Gernert's 10th home run and Jackie Jensen's 25th. Frank Sullivan (7-8) was the loser.

Trio Figures To Elevate Browns Club

By FRITZ HOWELL
Associated Press Sports Writer

CLEVELAND (AP) — Three giant-size assets figure to get the Cleveland Browns back into the National Football League title picture this year, despite pressing quarterback and tackle problems.

The assets are fullback Jim Brown's flying feet, tackle Lou Groza's talented toe, and the resourcefulness of canny Coach Paul Brown.

Recently promoted quarterback Jim Ninowski, who had a shaky start as the Browns took a 34-20 defeat the hands of Pittsburgh in the opening exhibition, is the big signal-calling question mark.

But Coach Brown says he believes Jim will get the job done in an acceptable manner.

The ticklish tackle situation evolves around the offensive setup. Mike McCormack, team captain and up-front stalwart, is out with a knee injury. Brown had planned to relegate Groza, the great place-kicker, from a regular tackle job to a relief role, but McCormack's misfortune forced the 35-year-old veteran to return to full time duty.

The Brown's aren't too deep at the offensive tackle berths, and the holes must be plugged if Ninowski is to get adequte pass protection.

The Browns have enough running threats to keep the opposing defense honest. Fullback Brown set a league rushing record of 1527 yards in 257 tries last year, and tied the touchdown record with 18. Groza added 60 points on field goals and conversions, so he and Brown counted 168 of the team's 302 total.

Intense speed at end and halfback, plus improved pass-catching, should help the Browns as they attempt to win their 12th division title in 14 years extending through their All-America Conference and National League career.

Oklahomans Still Dominate Hardwoods

LAWTON, Okla. (AP)—Oklahoma dominates Texas in basketball like Texas dominates in football in the annual Oil Bowl games.

The Sooners beat Texas 54-48 Wednesday night to make it four straight in basketball. Texas has yet to win one on the court whereas it has taken 10 to 12 in football, with one tie.

Texas led only once—9-8 in the first period. At the half the Sooners led 29-19.

Carlsbad In Fourth Win

By The Associated Press

Carlsbad made it four in a row over Hobbs Wednesday night and took a 3-game lead in the North Division of the Sophomore League.

Now Hobbs has to worry about being knocked out of the playoffs by onrushing Plainview.

The first two clubs in each division go into the playoffs. Plainview is 6½ games back of Hobbs in the North Division.

Alpine already has clinched first place in the South Division but Midland is only five games to the good over Odessa in the second place fight.

Midland helped itself Wednesday night by sweeping a doubleheader from Roswell while Odessa was idle because of rain at Alpine. Midland won 13-0 and 8-1.

Jack Warner got credit for his fifth victory in a week as he relieved starter Ed Stemac in the fourth and throttled Hobbs as Carlsbad went on to an 8-3 victory.

Trautman Says Continental League Has Ignored Minors

By JOE REICHLER
Associated Press Sports Writer

NEW YORK (AP) — George Trautman, head of the minor leagues, today charged the newly organized Continental League with completely ignoring the minors in its efforts to gain major league status.

Trautman's accusation came after chiefs of top individual minor circuits said they would demand heavy damages, totaling around $8,000,000 from the proposed circuit for invasion of their territories.

"I keep reading about a number of our cities being considered for inclusion in this new league," said Trautman, "but never once have we been approached by these people. I think it would be a sort of courteous thing if we were considered. There have been numerous conferences but we've never been invited to attend any of them."

Trautman made it plain he was not opposed to minor league cities advancing to major league status.

"We've never resisted any of our cities that desired to become major," he said. "But we've got a structure that must be preserved. I'm sure a man like Branch Rickey (president of the Continental League) is aware of this as well as I am, and he knows that any league affected must be consulted.

"After all, there are human beings and peoples' livelihoods they are dealing with. You don't just pick up baseball clubs as you would a bunch of bananas.

"Our leagues cannot be destroyed by a mere wave of the hand without being adequately compensated and getting other cities as replacements. We've got to find cities and towns, realign, get the players and we can't do it by waving a wand.

"We want to help this new league and we can but at the same time we don't want them to destroy us. All we want to do is survive."

Ed Doherty, president of the American Association, said Wednesday he already has demanded a million dollars indemnity for each of the cities taken by the Continental League.

The AA may lose six of its 10 franchises. Houston, Denver and the twin-cities of Minneapolis-St. Paul are among the five founders of the new league. The Dallas-Fort Worth area also is being eyed by the new organization.

President Frank Shaughnessy of the International League said he also would ask for approximately a million dollars for the loss of Toronto and any other cities. Toronto is among the five-charter members and Montreal and Buffalo are being mentioned as possible members.

Leslie O'Connor, whose Pacific Coast League had to rebuild when the Dodgers and Giants moved to the West Coast, and President Charles Hurt of the Southern Association doubt if any of their cities would be included in the Continental League.

But Hurth said he is prepared to demand payment if Atlanta or New Orleans joins the new loop.

Burdette Is Back In Form; Now Pressure Is On Spahn

By ED WILKS
Associated Press Sports Writer

Lew Burdette's done his share. Now can Warren Spahn return Milwaukee's two aces to normalcy?

It was Burdette and Spahn, winning back-to-back, who put the Braves in command through the first half of the season. But they haven't been able to win in tandem in more than two weeks and Milwaukee has skidded from first to third in the National League race.

Burdette, the lean right-hander, got half of the comeback job done Wednesday night, winning his 17th, tops in the majors, with a six-hitter that beat San Francisco 5-2 and pushed the Braves within three games of the first place Giants.

Now Spahn, working with a day's rest after a losing three-inning relief job as Milwaukee dropped two of three to Los Angeles, is to come back as a starter in the finish of the two-game series tonight.

Burdette's victory also closed the Braves within a game of third place Los Angeles. The Dodgers were held two games back of the Giants when Cincinnati exploded a seven-run eighth inning for a 9-4 victory.

Pittsburgh defeated St. Louis 4-2 after the Cards had won the completion of a July 12 suspended game 8-6 in 10 innings. Philadelphia defeated the Chicago Cubs 4-1 in the opener of a twi-night pair, then played a 7-7 tie stopped after 12 innings by curfew.

In the American League, Chicago's lead was pared to 3½ games again when Baltimore beat the White Sox 3-1 and second place Cleveland defeated Washington 5-4. New York beat Detroit 10-5 and Kansas City rapped Boston 6-3.

A fifth-inning home run by Del Crandall, his 15th, cracked a 1-1 tie for the Braves and Burdette's single then brought home the clincher in a two-run seventh. Jack Sanford (12-10) was the loser.

Burdette walked two, struck out four and was tagged for both runs on homers by Orlando Cepeda, his 24th and 25th. Burdette silenced the Giants' Willies—Mays, Kirkland and McCovey—on two singles, both by rookie McCovey, in 12 at-bats by the trio.

The Dodgers blew a 3-0 lead built with Chuck Essegian's first homer in the second. The Reds scored two in the fourth, then beat Sandy Koufax (6-4) when a two-run pinch single by Jerry Lynch put them ahead in the eighth. Jim Brosnan (7-5), was the winner.

Four singles gave the Cards two runs in the 10th inning of the suspended game against Bob Porterfield (10-2). Lindy McDaniel (13-11) won it. The Pirates won the regularly scheduled game on Smoky Burgess' rbi single in a two-run sixth after the Cards had taken a 2-0 lead against Vern Law (14-7). Rookie Bob Gibson (1-2) lost it.

Earl Averill's home run cracked a 6-6 tie for the Cubs in the 12th, but the Phils deadlocked it again on Harry Hanebrink's triple before the curfew sounded. The Phils won the opener on a three-hitter by Gene Conley (12-7) and a three-run sixth, against Glen Hobbie 12-10.

Hank Sauer Steps Aside To Coach

By DAVE O'HARA
Associated Press Sports Writer

MILWAUKEE (AP) —The playing days of another of baseball's great sluggers are over. Big Hank Sauer has hung up his glove without fanfare.

The 40-year-old outfielder retired Wednesday to make room for youth on the San Francisco Giants' roster. He immediately was given a coaching job.

"It's a tough thing to admit you're through, but the time has to come," Sauer said. "And the time is now for me. My reflexes are gone and I can't get around on a pitch like I should."

Sauer looked around the clubhouse after the Giants had dropped a 5-2 decision to the Milwaukee Braves and pointed to such stars as Willie Mays, Orlando Cepeda, Willie Kirkland and Jackie Brandt.

"This is the game for them," he said. "There isn't room for fellows like me. That's the reason I have to step out."

Sauer, whose 6-foot-4, 200-pound built belies his age, was relegated to a pinchhitting role by the Giants this season. He managed only one hit in 15 times at bat. That was a home run, No. 288 of his National League career.

Dallas Golf Assn. To Sponsor Matches

DALLAS (AP) — The Dallas Golf Assn. again will sponsor the Texas Cup Matches.

The matches, sending the top amateurs against the leading professionals, will be held Oct. 16-18.

Byron Nelson again captains the pros.

Alliance Has A New Name

ANKARA, Turkey (AP) —The headquarters of the Baghdad Pact confirmed today that the Middle East anti-Communist alliance has changed its name to the Central Treaty Organization.

There was no indication how the alliance will now be known colloquially, but it probably won't be the obvious CETO. That would sound just like the working name of the Southeast Asia Treaty Organization.

The Baghdad alliance originally made up of Britain, Iran, Iraq, Pakistan and Turkey. It took its name from the Iraqi capital, in which it was organized in 1955 and where it had its headquarters originally.

The "Baghdad" tag became a misnomer after the Iraqi revolution last year when the headquarters moved to Ankara and Iraq withdrew from the alliance.

The change of name was reported Tuesday in Tehran. Wednesday a British Foreign Office spokesman said the report was premature. Today and Ankara headquarters made the change of name official.

Ex-Soldier Sues U. S.

HOUSTON, Tex. (AP) — A former soldier sued Uncle Sam Wednesday for the difference between his $85.80 monthly salary as a private and the $222.30 pay of a lieutenant.

Nick A. Kanakis, 26, asks the salary difference of $3,276 plus interest, quarters and allowances.

Kanakis, a pharmaceutical firm representative, was a physical therapist at Methodist Hospital here when inducted Feb. 25, 1957. He also was a reserve second lieutenant in the Army Medical Specialists Corps.

He said he was turned down three times in efforts to enter the Army as an officer. The Army told him there were no vacancies for physical therapists, he said.

He was a private until seven months before he was discharged as specialist 4th class last Jan. 19.

Kanakis' attorney, Gordon J. Kroll, says federal regulations exempt medical, dental and allied specialists holding reserve commissions from induction except in their commission grades.

Coffee grown in altitudes higher than 6,000 feet is said to have better flavor than that grown below 6,000 feet.

LEGAL NOTICE

CITATION BY PUBLICATION
THE STATE OF TEXAS

TO: VERNON LEWELLEN, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court 132nd Judicial District of Scurry County at the Courthouse thereof, in Snyder, Texas by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 21st day of September A. D. 1959, to Plaintiff's Petition filed in said court, on the 4th day of August A. D. 1959, in this cause, numbered 7733 on the docket of said court and styled J. L. Lewellen Plaintiff, vs. Vernon Lewellen, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: a suit for divorce, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof and make due return as the law directs.

Issued and given under my hand and the seal of said court at Snyder Texas, this the 4th day of August A. D. 1959.

Attest: Eunice Weathersbee Clerk, District Court, Scurry County, Texas. By Deputy. (SEAL)

DAVIS & HUMPHRIES, OWNERS & OPERATORS

NEW BLENDER—An innovation in the motor fuel industry is the blender pump in use here at the new El Paso-Dixie service station at Forty-second Street and the Big Spring highway. Louie Minton, operator of the station, sets the control on the pump above. The pump enables any motorist to get exactly the blend of fuel which gives best performance in his car engine, and affords a savings in cost. (Lee Watson photograph)

Local Motorists May Select Octane Rating Of Gasoline

EL PASO (Spl.)—Snyder motorists will be among the first in the Southwest to be offered a revolutionary new technique in gasoline marketing as the city's El Paso-Dixie service stations introduce "Precision-Blending" on August 21.

The new Precision-Blending system will allow the driving public to select any of seven different octane-rated fuels ranging from Dixie regular to El Paso Natural Gas Products Company's new super premium product.

"Our new Precision-Blending technique will allow all car owners, from old models to the newest high compression type, to select exactly the gasoline they need for peak performance, and at the same time they will have to pay only for the octane they select," said C. Blaine McNutt, the company's marketing manager.

The new selective octane technique has been made possible through development of a completely accurate blending pump which delivers gasoline from two different storage tanks simultaneously. One of the tanks will contain a premium gasoline and the other the new super premium. A selector switch will be set to produce the desired octane mixture of the two.

The seventh blend, the regular, will be delivered from a separate pump.

The Precision-Blending system, while entirely new to this part of the country, has already been proven. Sun Oil Company, a large Eastern refiner and retailer, originated the multi-blending system. It was introduced in Florida several years ago and proved immediately successful.

At the beginning of 1958, Sun Oil's entire marketing facilities, consisting of several thousand stations in 21 states, were converted to the new method.

In order to facilitate marketing the seven grades of gasoline, each one has been assigned a number ranging from 390 (regular) to 480. El Paso Natural Gas Products Company engineers have conducted exhaustive tests on all current makes and models of cars to determine at which of the grades each one most efficiently and smoothly operates.

"Our El Paso-Dixie attendants have been instructed to recommend a grade of gasoline direct from the chart to each motorist, depending, of course, on the make and model of car he is driving," McNutt said.

"And further," he added, "motorists will be invited subsequently to try other grades until they discover the lowest octane at which their particular car will operate the best. And, of course, they will be paying only for the octane they require."

El Paso Natural Gas Products expects to have its entire network of El-Paso-Dixie stations throughout a five-state Southwestern and Mountain State area converted to the system by the first part of 1960.

There are approximately 11 million Hebrews, scattered in almost every land.

Cattleman Fights Order

CHIHUAHUA, Mex. (AP) — Cattleman James H. Cherry plans to fight an order from the Mexican government telling him to move out of his 7,290-acre ranch 150 miles west of here.

The former Lumberton, Miss., resident said the government is attempting to take the land without negotiating for it and without time to question the order in court.

He said he has asked for an injunction from the federal court at Juarez halting the order.

Cherry said the order applied also to his wife and to C. M. King, another U. S. citizen with land in the same area. He claimed the order said specifically to move out North Americans who owned part of a 110,000-acre tract declared to be communal lands by a presidential decree in February.

Fire Stewart, K Of C Urges

ST. LOUIS, Mo. (AP) — The Supreme Council of the Knights of Columbus, a Catholic men's group, Wednesday night demanded that J. George Stewart, architect of the capitol, be fired.

A resolution unanimously approved by delegates at the council's 77th annual meeting, said he "granted to the Masonic order the privilege of laying the cornerstone of the east front extension," of the United States Capitol last July 4.

The council protested that this "violated American principles and infringed on the rights of all citizens who are not members of the society."

The resolution directs the attention of President Eisenhower to "the abuse by J. George Stewart of his authority which demands his removal from office and we urge that such action be taken without delay."

Deputy Finds Tax Collector Tenacious

SAN ANTONIO, Tex. (AP) — Chief Deputy Sheriff George Huntress concedes that the city tax collectors are tenacious — but he wonders how efficient they are.

Huntress received a bill for the cents due on his 1959 tax bill. The city said he owed $173.53 but paid only $173.50.

Sending him a bill for three cents, Huntress noted, cost the city four cents in postage in addition to the costs of stationery and labor.

He didn't say whether he plans to pay the three cents.

THRIFTIEST WAY TO BUY GASOLINE EVER INVENTED!
GASOLINE BLENDED TO FIT YOUR CAR EXACTLY...

The West's Great New Gasolines
NOW IN 7 BLENDS
TO FIT EVERY CAR... EXACTLY

7
GREAT NEW PRECISION-BLENDED GASOLINES

PRECISION-BLENDING... NOW AT EL PASO-DIXIE STATIONS... is made possible by a unique new gasoline pump. This pump, with the built-in "brain," draws fuel from TWO underground tanks. One contains EL PASO Red Flame, a super-octane gasoline; the other contains EL PASO 400, a premium quality fuel. A selector allows any one of six blends to be mixed and dispensed. In addition, DIXIE 390 is dispensed from a separate pump and is recommended for cars not requiring premium fuel. With old-fashioned two-pump systems 6 out of 10 motorists are forced to buy the wrong gasoline. Only your neighborhood EL PASO-DIXIE Service Station can offer you PRECISION-BLENDING... with its *seven* exact fuels to fit your need. It's an EL PASO-DIXIE exclusive in the Southwest.

AT THIS FRIENDLY EL PASO-DIXIE STATION
