Johnson Heads Veterans; Bonus Payment, Pro Law Repeal Motions Favored

Bill Easterwood Is Vice Commander Of Texas District

(By The Associated Press)

AUDITORIUM, PORTLAND, Ore., Sept. 15.—The American Legion today selected Louis A. Johnson of Clarksburg, W. Va., as new national commander, demanded immediate cash payment of the soldier bonus and voted in favor of repeal of the eighteenth amendment.

Johnson, an attorney, was elected on the first ballot, receiving 671 votes. George Malone, state engineer of Nevada, was second with 232 and Frank N. Belgrano of San Francisco third with 151. There was a scattered vote for Edward A. Hayes of Illinois, Earl V. Cliff of Minnesota, William Stern of North Dakota and Raymond Fields of Oklahoma.

Is Made Unanimous

Election of Johnson was made unanimous on motion of the California delegation.

After the election of the Rev. Irving Q. Wood, Pocatello, Idaho, as national chaplain the convention adjourned sine die at 2:42 p. m.

On the bonus the convention voted 1,167 to 109 for immediate payment and on the prohibition resolution 1,144 to 133.

Votes on both subjects were taken amid shouts and disorder. The bonus vote had been preceded by debate on the floor during which speakers were interrupted by boos, shouts and calls of "let's go" while the national commander, Henry L. Stevens, Jr., pleaded for order.

Patman Opens Debate

Representative Wright Patman of Texas, author of soldier legislation and a delegate, opened the debate in favor of the bonus payment. He said the bonus "will promote the welfare of this country," and expressed the belief "the American people will be grateful to you if you go on record for payment now."

The heckling started when the next speaker, Sam Reynolds of the Nebraska delegation, was called to present the case against the bonus. "All the nation is awaiting the action of this convention," Reynolds said. "All the people know we are under fire. Unless we stop that storm which is growing we will see the day when men run for office on the boast of "stop the veterans'."

Two Are Opposed

Two former national commanders, Henry D. Lindley of Texas, and Edward A. Spafford of New York, speaking against immediate payment, fared no better than did Reynolds. Shouts of "throw him out"

Proposed Laws To Stop Theft Of Oil In East Texas Are Considered; Adjournment Of Body Set Saturday

(By The Associated Press)

AUSTIN, Sept. 15.—The special session of the Texas legislature took up consideration of proposed laws to stop theft of oil in the East Texas oil field and clear land titles in West Texas today.

It also turned its eyes toward home. The senate voted in favor of sine die adjournment on next Saturday at 6 p. m. The house had sent the senate a concurrent resolution proposing that the curtain be drawn on Governor R. S. Sterling's extraordinary tax relief ses-

East Texas Oil Allowable Cut Four Barrels Per Well

AUSTIN, Sept. 15 (AP)—Four barrels were ordered cut from the production of each well in the East Texas oil field today, but the area output will remain at 375,000 barrels daily.

The per well allowable was reduced from 50 barrels to 46 barrels, effective tomorrow. That quota was ordered to remain in effect until October 1. The fifty-barrel allowable had been on since Sept. 1, when the field production maximum was fixed at 375,000 barrels daily, each well to contribute an equal share.

Dorothy Millette Likely To Be Buried In Pauper's Grave

SACRAMENTO, Calif., Sept. 15 (AP) Unless relatives or friends of Dorothy Millette, one time friend of Paul Bern, motion picture executive and husband of Jean Harlow, who killed himself in Hollywood recently, forward money for her burial expense she will lie in a pauper's grave, Coroner James R. Garlick said tonight.

Miss Millette's body was taken from Georgiana slough, 30 miles south of here yesterday. A week ago Wednesday morning she jumped from the river steamer Delta King, while en route to Sacramento from San Francisco.

Forty Millions Evaporate In Utility Firm's Assets

CHICAGO, Sept. 15 (AP) — Forty million dollars have evaporated from assets of the Mississippi Valley Utilities Investment company at today's prices, the receiver estimated in a preliminary report today to the United States district court.

The books showed $49,595,732 assets when Eugene V. R. Thayer became receiver upon the collapse of the Insull investment concern last April. But he said that probably $40,000,000 have been wasted away in shrinkage of securities values.

Murray Defies Supreme Court

Dispatches 25 Guardsmen To Oklahoma City Oil Field To Protect Proration Regulations In Area

(By The Associated Press)

OKLAHOMA CITY, Sept. 15. — Wielding Governor William H. Murray's well-flexed "military arm," Col. Cicero I. Murray, enforcer of Oklahoma's oil field regulations, today defied the H. F. Wilcox Oil and Gas company to open its ten Oklahoma City field wells under protection of a state supreme court order.

"This is a supreme test of whether an oil company is larger than the state of Oklahoma," he declared, dispatching 25 extra national guardsmen to the wells, which were closed by an order of the state corporation commission last July for alleged overproduction.

Col. Murray's action, in the face of the supreme court's granting of a $5,000 supersedeas bond allowing the wells to flow pending final settlement of the case on appeal, caused W. L. Murphy, Wilcox attorney, to retort:

"If that's true, then government has broken down. I can't imagine the military defying the supreme court."

Literary Digest Poll Is Started

Three hundred twenty-seven thousand secret ballots, the second Texas allotment in The Literary Digest's nation-wide presidential referendum, have been mailed and some will be distributed here, poll headquarters has announced. Lubbock's first lot of ballots in the post-card election was distributed about a week ago.

William Seaver Woods, editor of the magazine, who has charge of the poll, has announced that no ballots will be mailed to persons requesting them individually, and the only way to vote in this poll is to receive a ballot by mail.

Three Men Are Charged After Murder Of Frank Brown At Woodrow On May 30; Walker Trial Is Second

A MOTION for continuance and to quash the venire having failed Thursday afternoon, selection of jury in the trial of Jess Covington, one of the three men charged in the slaying of F. V. "Leatherhat" Brown, pioneer Lubbock rancher at Woodrow on the night of May 30 will get underway in 99th district court this morning at 9 o'clock.

Judge Clark M. Mullican overruled Covington's plea for continuance and defense attorneys excepted late Thursday after more than five hours had been spent in argument over the motion which was filed as the case was brought to trial in the morning session.

Walker Is Second

Covington was selected to be tried first after the defense had announced that the defendants, Covington, Hugh Walker and B. L. "Barber John" Richardson had agreed that Covington's hearing would be first, Walker's second and Richardson's last.

All through the day Thursday from the time the court opened at 10 o'clock until Judge Mullican issued instructions to veniremen at 6:30 last night, the courtroom was filled to the walls. Included in the crowd, however, were 225 special veniremen summoned and approximately 75 witnesses summoned for the three cases.

Family Is Present

Covington and the two other defendants were in the courtroom during the morning session but only Covington was brought in for the afternoon hearing. He was nattily dressed and appeared the least pallid of the three after their two

Secretary Mills Denies Any Negotiations On War Debts

WASHINGTON, Sept. 15 (AP)—An emphatic assertion that there had been no negotiations with other nations looking to postponement of war debt payments came from the treasury today as the period in which the debtor countries must notify the Washington government if they have such an intention neared expiration.

"Our cards are on the table face up," said Secretary Mills, "and there have been no war debt negotiations in the treasury."

Hoover Urges Aid Of Nation During Winter

Major Task Is To Maintain A Spiritual Impulse In Giving; Declares Need Before Nation Immediate

(By The Associated Press)

WASHINGTON, Sept. 15. — Key representatives of the nation's relief agencies, enjoined by President Hoover to see that none shall go hungry and unsheltered this winter, today made plans for full enlistment of private effort to care for the needy.

The president himself opened the one day welfare and relief mobilization conference with an address delivered on the south lawn of the White House, with the more than 400 delegates grouped about an improvised platform.

Need May Be Great

"This is, I trust," said Mr. Hoover, "the last winter of this great calamity. Yet despite a dawning hope upon the horizon, individual need in the meantime may be greater than before."

The president asserted a major task was to "maintain the spiritual impulses in our people for generous giving and generous service—in the spirit that each is his brother's

One is a member of the light department, another of the tax collection department, and the other of the water department.

Sterling Leaders Will Meet Today

DALLAS, Sept. 15 (AP)—Headquarters for Governor R. S. Sterling here announced today that leaders in the attempt to force a recount of the Aug. 27 primary vote through court action would confer here tomorrow.

A petition contesting the gubernatorial nomination of Mrs. Miriam A. Ferguson was filed in Travis county district court at Austin Tuesday.

Among those who will meet here tomorrow are C. S. Bradley of Groesbeck, C. S. Slatton of San Antonio, M. M. Crane of Dallas, and Sam McCorkle of Mexia.

Gulf Storm Over Florida Causes But Little Damage

TALLAHASSEE, Fla., Sept. 15 (AP) A gulf storm that moved inland over the Florida coast between Apalachicola and Dead Man's bay proceeded on a northeastward course over South Georgia today but left little damage and no casualties.

Apalachicola, which reported a maximum wind of 35 miles an hour, had minor flood conditions today. Heavy tides were rolling in the gulf and streams surged with the effects of a 10-inch rainfall since Saturday. Some houses were flooded but little damage was reported.

Equality Plea Gains Support

Arthur Henderson Takes Side Of Germany In Her Demand For Equality In Armaments With Other Nations

(By The Associated Press)

LONDON, Sept. 15. — Germany's demand for equality in armaments received enthusiastic support today from Arthur Henderson, president of the world disarmament conference.

"Why shouldn't the world war allies get together and recognize that what was said in their names in 1919 must bind them?" Mr. Henderson demanded.

"Why should they not publicly declare their intention to remove Germany's position of inferiority with all possible haste and to restore Germany's equality in military status?

"At last we are tired of the tyranny of the armament mongers and are ready for any measure that will put an end to it."

Belton Woman's Body Is Exhumed After 7 Years; Trace Of Poison Sought

Man Facing Charges Of Murder After Child's Death

(By The Associated Press)

BELTON, Sept. 15. — An investigation to determine what caused the death of the first wife of Cal Yarbrough was started here today at the request of R. H. Perry, brother of the dead woman, who expressed the belief that she might have been poisoned.

The body of Mrs. Yarbrough, who died March 25, 1925, was exhumed in the presence of Perry; Dr. J. W. Pittman, county health officer; Dr. C. D. Reece and members of the sheriff's department. Contents of the stomach were sent to a chemist for analysis.

Ill For Week

Mrs. Yarbrough was ill about one week before she died. No autopsy was performed at the time. County records stated that she died of "acute cardiac dilation."

Perry said he learned Tuesday that Yarbrough carried $4,500 in insurance on his first wife. The brother said her "sudden and mysterious" death led him to believe she was poisoned.

At present, Yarbrough is held in the Travis county jail on a charge of murder in connection with the death last Friday of his foster daughter, Doris, 16, of burns suffered when Yarbrough threw gasoline on her after her dress had caught fire.

Searchers Cling To Hope Ship Might Be Located On Atlantic

Fruitless All-Day Search Is Reported By Air Officials Of Italy; Scores Aiding In Hunt For Three

(By The Associated Press)

ROME, Sept. 15.—After a fruitless all-day search throughout western Italy and nearby waters for the missing trans-Atlantic airplane "American Nurse," Italian air officials tonight clung to the hope that the ship still might be picked up at sea.

The search, directed by Air Minister General Italo Balbo, was most painstaking. All available pilots, military and civil, took part in it, assisted by forestry workers, lighthouse keepers, warships, merchantmen and the national police force.

Three Are Aboard

The ship was due here last midnight. Aboard her when she took off Tuesday morning from New York were Miss Edna Newcomer, 28-year-old undergraduate nurse of Williamsport, Pa.; William Ulbrich, of Mineola, N. Y., the pilot, and Dr. Leon M. Pisculli, of Yonkers, N. Y., commander of the expedition. They had with them a woodchuck named "Tail Wind" as a mascot.

Air officials felt certain that the plane had not arrived over Europe for if she had, they said, the pilot would have flown low to get his bearings and doubtless would have been recognized.

Kids Matinee To Be Held Here Late Today

Here's how kiddies may see a picture show free, and at the same time help some little boy or girl who needs additional clothing in order to be able to go to school:

If you're 12 years of age, or under, be at the Palace theater this evening between the hours of 3:30 and 5:30, with a piece of clean, wearable clothing for a boy or girl—or better yet, with a pair of wearable shoes.

Your contribution will go to Mrs. James Trigg, of Sanders school, who will see that some little boy or girl receives it—and you'll go to the show free of charge, courtesy the Lindsey theater company and the Avalanche-Journal.

Woman Demo Leader Deplores Controversy Over A Nominee

AUSTIN, Sept. 15 (AP)—Mrs. Clara Driscoll Sevier of Corpus Christi Democratic national committeewoman for Texas, said today she deplored "any controversy that may jeopardize our national ticket."

"The Democracy of Texas must, and should, support its regular and legally determined nominees, from president of the United States down to the lowest of our precinct offices," Mrs. Sevier said, referring to the Democratic row in Texas over the party's nomination for governor. The designation was given Mrs. Miriam A. Ferguson, by the state Democratic convention this week. Governor R. S. Sterling, incumbent, Mrs. Ferguson's run-off primary opponent, contended he obtained a majority of the votes "legally cast," and has instituted a court contest of the woman former governor's certification.

Hoover Urges Feed Program As Big Aid To Agriculture

WASHINGTON, Sept. 15 (AP) — Through the medium of the recently consolidated banking and industrial committees, President Hoover today sought temporary financial aid for the livestock owners and shippers of the Midwest and Pacific coast.

The president addressed a telegram to the central executive committee of the committees, asserting he knew of "nothing that would more quickly promote agricultural interests than a regular flow of livestock into feed lots." He explained that the shipping season is now on and financial aid is needed.

Roosevelt Farm Address Gets Commendation; Farm Board Called Group Of Republican Hypocrites

(By The Associated Press)

AUSTIN, Sept. 15.—The house of the Texas legislature today adopted a resolution authorizing investigation of the Texas Cotton Cooperative by the attorney general.

The house resolution was offered as a substitute for a senate resolution which provided for investigation of the cooperative by a legislative committee on efficiency and organization.

Engelhard Opposed

Representative Fritz Engelhard of Eagle Lake, one of the directors of the cooperative, opposed the senate resolution on the ground investigation by the committee would not be proper. Engelhard said the cooperative was willing to be investigated but wanted the inquiry to be legal. The organization will open its books and files to the attorney general, he said.

Charges that the cooperative was mismanaged and that large sums had been misappropriated by officers of the association were made by Rep. Lawrence Westbrook of Waco, sponsor of the investigation.

Fleecing Texas Farmers

He charged that the cooperative was "fleecing" Texas farmers. Westbrook also asserted that word had gone out from Washington that the proposed investigation of the Texas Cooperative be quashed or delayed.

Carroll Explains His Resignation

"Financial conditions" of the church led J. D. Carroll, for the past four years education director of the First Baptist church, to resign his position effective October 1, Mr. Carroll said last night. The resignation was offered to the church board Wednesday night.

Mr. Carroll said that he was leaving religious work "for the time being at least." He said that he intended to remain in Lubbock as a representative of the Fidelity Union Life Insurance company of Dallas.

Previous to entering the religious education field 14 years ago Mr. Carroll was for four years a Y. M. C. A. director at Crossett, Ark. He has been connected with Baptist churches at Little Rock, Ark., Tyler, and here.

CROSETT, Ark., Sept. 15 (AP) — Frank Tucker, 24-year old negro, was taken from jail and hanged to a light pole near the center of the business district here today after he had slashed the throat of a deputy sheriff, Henry Reed, 39, while awaiting a hearing on a larceny charge.

Wavering-Voiced Ranch Boy Tells Of Slaying; Is Star Witness For State

(By The Associated Press)

PECOS, Sept. 15.—In a wavering voice, 18-year old Bud Reed, Crane county ranch boy, told today of the shooting of T. C. Barnsley, prominent Crane cattleman.

Jack Hall, another well known Crane rancher, was on trial for the slaying. The trial was the second for Hall, who was given 30 years last fall at Crane City. The case was reversed and remanded for re-hearing.

Bud Reed was the state's star witness. He was in the car with Hall when the defendant allegedly shot and killed Barnsley, who ranched on an adjoining tract of land.

The boy said that he was being taken to school by Hall on the morning of the shooting.

He testified that they encountered Barnsley and that after a passage of words, Hall shot Barnsley through the head, then drove away.

"That's one old —— who won't give me any more trouble," the boy quoted Hall as saying while Barnsley lay dying.

Gypsies Mutter Threats Of Vengeance As Judge Says Girl Is Free Of Tribe

(By The Associated Press)

MARTINEZ, Cal., Sept. 15.—Gypsies muttered threats of vengeance today as Superior Judge A. B. McKenzie ruled Mrs. Rachel Urish Zeko, 18, taken from the tribe by sheriffs deputies at the request of her mother, Mrs. Christine Urish of Hammond, Ind., was free to go where she wished without tribal interference.

The order caused an uproar in the courtroom, where about a hundred gypsies were observing proceedings. More surrounded the courthouse.

Deputies were summoned and mingled with the gypsy band both within the courtroom and outside, to prevent possible disorders.

Mrs. Urich told the court, and Mrs. Zeko corroborated her testimony, that the girl had been kidnaped two years ago and taken to Oklahoma City by Joe Nicholas, who posed as Mrs. Zeko's uncle. She further declared Nicholas had sold the girl in Los Angeles for $1,500. Mark Lee, gypsy, buying her as a wife for his son, Miller Lee.

The Woman's Angle

BY BLANCHE E. BEAN
Avalanche Woman's Editor

RECENTLY some woman was asking me to repeat a recipe for pumpkin pie that has appeared in this column before. It was printed in the fall of 1930 and was given to me by Mrs. F. R. Friend. It is as follows:

* * *

Two cups of canned pumpkin, 1 1-2 cups rich sweet milk, one-half teaspoon of salt, one-half teaspoon of allspice, two teaspoons cinnamon, one-fourth teaspoon ginger, one and onehalf cups brown sugar, one-half cup white sugar, three eggs, butter the size of an egg and one tablespoon flour.

* * *

This recipe makes two pies. It should be baked in the crust, according to Mrs. Friend, who said that fresh pumpkin may be prepared and used in place of the canned pumpkin and that there is no particular art to combining the ingredients.

* * *

OF INTEREST HERE

ANNOUNCEMENT that Alfredo Cordona, who was husband of the late Lillian Leitzel, is to be married this week is of some interest in this section. Mr. Codona, who does a triple somersaulting act in Ringling Brothers and Barnum and Bailey's circus, was in Lubbock two years ago with that circus and performed for the crowds here. The woman he is to marry, Vera Bruce, is a flyer in the same act with Mr. Codona and his brother.

* * *

BETTER TIMES

EVEN though the convention is over and things have quieted down in Lubbock, this depression of which we have been hearing a lot the last few months, is on the wane. Bill Parker, who has been traveling for Olmstead-Kirk Paper company for a number of years and who has included Lubbock in his itinerary since 1920, believes that times are getting better.

* * *

There is more buying all over the territory, Bill states, and he believes that things will be a lot better in another two months.

* * *

Merchants are being told by the men from whom they buy that prices will be going up in another sixty days and higher prices will mean that selling is better.

* * *

DISCOVERING LUBBOCK

WHATEVER else the convention did, it turned the eyes of Texas on Lubbock this week. Downstate papers carried lead stories from "Convention Hall, Lubbock," for days and frequently almost the entire front page was covered with stories bearing a Lubbock date line.

* * *

There were a lot of people who discovered Lubbock at this convention who had not known much of the town before. Comments on the beauty of the town, on the generally prosperous appearance of the country, the good crops, the width of the streets were not at all uncommon.

* * *

After all, there is no time to visit here that is more pleasant than late summer or early fall. Flowers are prettiest then, lawns are greener and the weather is generally milder.

* * *

By the way, have you noticed that the violets are blooming again? Someone told us that violets bloomed in the "R" months so we watched this last year. It is true. There were violets in every month except May, June, July and August.

* * *

DISAPPOINTED

THIS West is disappointing to a lot of people, particularly to those from the South or East. We, apparently, have no cowboys strolling around the streets and six shooters are certainly not in evidence.

* * *

One of the latest to be disappointed is Marguerite Taylor who has come out from Shreveport, La., to attend Texas Technological college this winter. She has been looking vainly for a cow puncher and is disappointed because the streets yield none. She is feeling the dearth of ranches, too.

* * *

We told her the truth: That there are cow punchers on the streets but that if she sees one all dressed up in a yellow bandana, an over-decorated hat, flashy chaps and gauntlet gloves, she can know he has never punched cattle. Such a man has simply attended too many picture shows.

* * *

There are cowboys who can be identified by the way they walk or the way they wear their clothes, if one knows what to look for. And, the other day, someone gave me a new explanation. We were watching a man in shirt sleeves, boots and a big hat stroll around a hotel lobby. "No one but a cowboy could look that nonchalant in such a garb," my companion remarked. And she probably was right at that.

Misses Dorothy Lomax and Mabry Edens entertained Wednesday evening with a bridge party complimentary to Mrs. T. L. Mullican, bride. The affair was given at the home of Dr. and Mrs. Fred W. Standefer, 2207 16th street. Before her marriage in August, Mrs. Mullican was Miss Hazel Armstrong.

Mrs. Gregg James scored high in bridge games.

Others who attended were Misses Alice Armstrong, Gertrude Daniel, Mary Meador, Hazel Arnold, Johnnye Gilkerson, Sylva Wilson, Frances Conley, Lulu Mae Cravens, Louise Jennings, Velma McCandless, Sallye and Blanche Bean, Mrs. Emmett Burford and Mrs. Elizabeth Hailey.

More Than Score Of Farmers Inspect Crops At Station

Between 20 and 25 Lubbock county farmers inspected feed and cotton crops at the state experiment substation Thursday afternoon beginning at 1:30 o'clock, Superintendent Don L. Jones said.

D. F. Eaton, county agent, aided in the demonstrations, which included improved varieties, cross-bred plantings, and innovations in row arrangements.

Government graded and stamped beef during the last fiscal year totaled 183,784,399 pounds, compared with 103,518,300 pounds the preceding year, an increase of 77.5 per cent.

Theirs Is A Wedding Of Stage And Society

Members of the stage and social worlds looked on as Miss Frances Pemberton Dade, actress of New York, and Brock Van Every of Scarsdale, N. Y., were married. Bride and groom are shown here after the church ceremony at Chestnut Hill, Pa.

Woman Is Convicted, Given Two Years After Slaying

NEW BRAUNFELS, Sept. 15 (AP)—Emilie Kappelman pleaded guilty today to a charge of murder without malice for the hatchet slaying of her father, Fritz Kappelman, 64. The jury gave her a two-year suspended sentence.

Kappelman died from injuries inflicted with a hatchet she wielded August 16, after her father had threatened the entire family, she said. Kappelman was survived by his widow, three daughters and one son, all living in New Braunfels.

Japanese Urge A Delay In Consideration Of Reports

GENEVA, Switzerland, Sept. 15 (AP)—The Japanese government asked the League of Nations today to delay consideration of the Lytton report on the situation in the far east until six weeks after its publication, probably on Sept. 25.

The delay, which probably will be granted, would give the Japanese time to study the document and to send a special representative to Geneva when the issue comes up for consideration by the league council.

New Members Are Received In Club

Four new members were received in the Thursday Bridge club yesterday afternoon at a party given by Mrs. Joe Telford, 1717 23rd street. They are Mesdames O. W. Ribble, Avery Fix, H. B. Bryan, jr., and W. J. Robertson.

Mrs. A. K. O'Kelley was a special guest. Members attending were Mesdames Dewey McClellan, Ray Henson, Ike Kennedy. Mrs. Henson scored high in the games and high cut was made by Mrs. Fix.

Mr. and Mrs. E. Mayer and daughter, Marian, of Cisco, are visiting in the home of Mrs. Mayer's brother, D. A. Forbess, and family at 2603 21st street.

Mr. and Mrs. J. W. Lindley of Wortham and A. N. Weaver of Arlington have been guests of Mr. and Mrs. C. H. Quinby, 1316 13th street.

Mrs. R. L. Gwaltney and her son, Roderick, have returned to their home in Jacksboro after a visit here with Mr. and Mrs. Fred Stahler, 1601 13th street. Mrs. Gwaltney and Mrs. Stahler are sisters.

Miss Dorothy Pray, who spent the summer months in California, has returned to Lubbock and will teach at Texas Technological college.

Mr. and Mrs. Will Morgan of Ardmore, Okla., former residents, are visiting friends in Lubbock.

Mr. and Mrs. Orvie L. Green of Albuquerque, N. M., are visiting relatives here. Mrs. Green has been visiting her parents in Cisco for a month.

Mr. and Mrs. Walton Lindley of Wortham and daughter, Mrs. Pete Gillespie, of Coolidge, and Mrs. I. R. Darwood of Nueces have returned to their homes after visiting Mr. and Mrs. C. H. Darwood, 1903 27th street. Mrs. Lindley is Mr. Darwood's sister and Mrs. I. R. Darwood is his mother.

Judge W. B. Chauncey has returned to his home in Longview after visiting his brother, J. J. Chauncey, and his sisters, Mesdames W. E. McClendon, J. A. Blackwell, Gussie and C. A. Gammill.

NEW WORK BASIS

BERLIN, Sept. 15. (AP)— German business and industry officially went on a forty-hours-a-week basis today under an order published by the ministry of labor putting into effect that phase of Chancellor Von Papen's economic decree issued on Sept. 5.

A Warning to young men in love...

Often it makes all the difference between yes and no—the fact that girls are quickly repelled by offensive body odor! But why take needless chances? Bathe with Kirk's Coco Castile and you'll step out of your bath—without any chemical or heavy perfume odor—as fresh and clean-smelling as a woodland breeze. Kirk's, you see, was made especially for this purpose. *It is 100% pure cocoanut oil soap.* It makes a fuller, more *penetrating* lather . . . goes deep into the pores, removes every trace of oily, dirty film. Best of all, it's *unscented.* Try it today—for hands, for bath, for a wonderful shampoo. You'll be amazed at the difference. And at the saving too. Of the four leading toilet soaps Kirk's is half again larger. **And now selling at the lowest price in a lifetime.** Avoid imitations. Look for the arrows. Always ask for Kirk's by name.

Never has any standard toilet soap been priced so low!

Kirk's Coco Castile Ends Body Odor

KIRK'S COCO CASTILE is mild and delightful . . yet against several very common bacteria* tests prove it *5 to 10 times as germicidal as carbolic acid.* This big bargain cake is made by the largest soap makers in America.

*Among others, the deadly bacillus diphtheriae(diphtheria), meningococcus (meningitis), pneumococcus (pneumonia) and streptococcus hemolyticus.

A Genuine* Super-Powered Frigidaire

(Two cylinders instead of One)

is now offered with

1/4 *Greater food space*

in the same sized cabinet

Yes, thanks to a revolutionary development, this low price now buys a *genuine* 2-cylinder Frigidaire with Super Power to freeze more ice, to keep foods fresher, to operate at lower cost.

And that's not all. With ¼ *more food space in the same sized cabinet,* you can now have a *roomy* refrigerator even though your kitchen may be small.

You are invited to see a demonstration of the revolutionary development . . . to compare this Frigidaire point by point with any other refrigerator. Nothing has been "cheapened." It's the *same* Super-Powered two-cylinder Frigidaire with the Cold Control, the waist-high shelves, the one-piece porcelain interior and many other Frigidaire conveniences. And with the low price, terms are so liberal that it is cheaper to install Frigidaire in your home right now than to go another day without it.

**Warning!*

A cheap, underpowered or poorly constructed refrigerator is expensive at any price. You are cautioned against accepting such a refrigerator under the impression that you are getting a *genuine* Frigidaire with its extra power, extra food space and extra value. Frigidaire has not lowered its standards to make the new price possible. It is passing on to the public the economies that have been made possible in the last few months. Be sure you get a genuine Frigidaire. Unless the refrigerator you buy bears the "Frigidaire" name-plate, *it is not a genuine Frigidaire.*

Amarillo Fair Gets Interest

Premiums Totaling $15,000 To Be Offered Exhibitors And Prizes Of $2,000 Offered Rodeo Performers

AMARILLO, Sept. 15 (AP)—Officials and department superintendents of the Amarillo Tri-State free fair, encouraged by splendid row crops and much feeding of livestock within its territory, have prepared to conduct their exposition Sept. 19-24 on the same scale as a year ago.

Premiums in the various departments total $15,000, the same figure that was offered last year. Prizes totaling more than $3,000 will be paid entrants in the rodeo contests, which will furnish the main entertainment attraction each afternoon.

One of the chief entertainment features will be the football game between Texas Agricultural and Mechanical college and Texas Technological college Saturday afternoon, September 24.

There will be automobile races four nights of the week, and a world war pageant will be presented the other two nights. The black mask players, a local dramatic organization, will present a mystery play each evening.

W. F. Lampe, president of the association, said farmers and livestock raisers were more enthusiastic over the fair than in former years.

Church Leader To Pay Texas Visit

NEW YORK, Sept. 15. (AP) — Rt. Rev. James De Wolf Perry, presiding bishop of the Episcopal church in the United States, will visit Galveston for a week beginning September 18 to deliver a series of addresses at a retreat in which 13 bishops of the Southwest provinces of the church will participate.

Among the bishops who will attend the retreat will be the Rt. Rev. Clinton Q. Quin, bishop of Texas, of which diocese the city of Galveston is a part; the Rt. Rev. Eugene C. Seaman, missionary bishop of North Texas; Rt. Rev. Harry Moore, bishop of Dallas; Rt. Rev. William T. Capers, Bishop of West Texas; Rt. Rev. Frederick F. Johnson, bishop of Missouri; Rt. Rev. William Scarlett, coadjutor bishop of Missouri; Rt. Rev. Robert N. Spencer, bishop of West Missouri; Rt. Rev. Edwin W. Saphore, bishop of Arkansas; Rt. Rev. James Wise, bishop of Kansas; Rt. Rev. Robert H. Mize, missionary bishop of Salina; Rt. Rev. Thomas Casady, missionary bishop of Oklahoma, and the Rt. Rev. Frederick B. Howeden, missionary bishop of New Mexico. The Rt. Rev. Theodore Du Bose Bratton, bishop of Mississippi, will also be present.

During his stay in Galveston, Bishop Perry will be the guest of the Rev. Edmund H. Gibson, rector of Trinity church.

Taking Over New Position

Attired in the gorgeous uniform of his diplomatic rank, Signor Dino Grandi, former Italian Foreign Minister and now his country's Ambassador to England, is shown as he left his London hotel on the way to the Court of St. James, where he presented his credentials to King George. The choice of Signor Grandi as envoy proved very pleasing to British statesmen.

More Than Two Billion Flow Through U. S. Treasury

WASHINGTON, Sept. 15. (AP) — More than $2,000,000,000 flowed through the treasury today as the government carried out its autumn financing, debt payments and tax collections.

These huge operations were accomplished as the midnight deadline neared for formal notification from foreign debtors desiring postponement of December payments. Only three nations—Estonia, Latvia, and Poland—had taken advantage of the 90-day clause in the war debt agreements. They postponed an aggregate payment of $1,252,000.

Leader Of Chilean Revolt Held By Federal Soldiers

SANTIAGO, Chile, Sept. 15. (AP) Colonel Arturo Merino Benitez, leader of the revolt which forced Carlos Davila to resign the presidency Tuesday, was captured by federal troops today at Ovalle.

A regiment of carabineers were reported to have captured 52 air service officers, 50 mechanics and 50 planes, in addition to Colonel Benitez, who was chief of the air service. The prisoners were to be brought to Santiago.

The air service chief fled from the capital yesterday when General Bartolome Blanche, army commander-in-chief, temporarily resigned as acting president. General Blanche resumed office a few hours later and announced that he would hold it with the aid of the army.

Bits Of News And Comment From Down Austin Way

BY R. W. BARRY

AUSTIN, Sept. 15.—The Texas legislature seems not to have been affected by the shifting sentiment towards liberalization of the prohibition laws.

Rep. Jack Keller of Dallas tested the temper of the lawmakers in the lower branch of the legislature when he tried to tack on to a resolution memoralizing congress to pay the soldiers bonus an amendment advocating legalizing of beer. His idea was to impose a tax on beer, the proceeds to pay the soldiers.

Of course, the house voted down the amendment with a whoop, but it was clearly indicated the outgoing legislature, at least, is not influenced by any drift towards repeal or modification of the eighteenth amendment.

The incoming legislature may be damper, because those who were elected to seats in the forty-third, convening next January, had an opportunity to get a late slant on the issue.

It is certain that there will be a move in the new legislature to show Texas' claimed liberality toward sale of intoxicating liquors, and the result will be awaited with interest.

By the time this is published it is likely the state Democratic convention will have adopted its platform and what happened there over a proposal to insert a plank touching on prohibition will have been recorded in political history.

Anyway, the prohibition barometer in Texas has been confusing. In the referendum of the question whether the eighteenth amendment should be submitted to the states for an expression on repeal or modification, held in connection with the Democratic primary last July, a majority of the voters favored submission. But there was not a complete vote, leaving an opening for opponents of modification to claim it was not a fair test.

Prohibition was not an issue in any of the campaigns for state offices, unless the contests for the three congress-at-large places be the exception. Three of the six candidates in the run-off for those plums were recommended by anti-prohibition organizations for favor of liberals on the liquor question. Two of those so recommended were nominated, but the third was defeated by an ardent anti-modificationist and anti-repealist who once was head of the anti-saloon league in Texas.

The question, how does Texas now stand on prohibition? remains unanswered.

Use of power grading and other machinery has been discontinued where hand labor can be substituted on Ohio's roads.

CEREAL RELIEVED HIS CONSTIPATION

Kellogg's ALL-BRAN Brought New Health

Every one who has suffered from constipation should read Mr. P. M. Fisher's letter:

"For many years I suffered from constipation and used, for relief, all kinds of laxatives. After a few days' treatment, I would only find my condition the same as before and at times worse.

"Some time ago I started to use Kellogg's ALL-BRAN regularly, once a day as directed. Since doing this, I have found that I do not need any other medicine to procure the desired result, and it keeps me in a very healthful condition."—Mr. P. M. Fisher, 352 Evergreen Place, Ridgewood, N. J.

Constipation is caused by lack of two things in the diet: "Bulk" to exercise the intestines; Vitamin B to tone the intestinal tract. ALL-BRAN supplies both—and also iron for the blood.

The "bulk" in ALL-BRAN is much like that in lettuce. Inside the body, it forms a soft mass, which gently clears out the wastes.

How much safer this is than risking pills and drugs—so often harmful. Just eat two tablespoonfuls daily—in serious cases, with every meal. If your intestinal trouble is not relieved in this way, see your doctor.

Equally tasty as a cereal, or used in cooking. Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

The greatest advance ever made in gasoline . . .

Mobilgas
with
CLIMATIC CONTROL*

AT last a gasoline has been made that gives the *highest usable level of performance* in all kinds of weather and at all altitudes. Climatic Control is the greatest thing that has ever happened to gasoline!

In addition to the outstanding advantage of Climatic Control, Mobilgas has an unusually high ANTI-KNOCK rating. All this at no increase in price. Mobilgas is a *regular-priced* gasoline!

There's a new driving sensation waiting for you at the Mobilgas pump. Fill your tank today and breeze ahead.

*CLIMATIC CONTROL is the preadjustment of the specifications of Mobilgas, before it is placed on sale in your locality. It automatically adapts itself to the variations in "engine heat", caused by changes in temperature, altitude, humidity and road "pull". In the Mobilgas Research Laboratories all these changing climatic conditions have been "manufactured" in hot and cold testing-chambers. The road performance of Mobilgas is thus scientifically verified at different "engine heats".

HOT - COLD - RAIN - SHINE
It's all the same to Mobilgas

HOT-ROOM TESTS (Above left)—In this specially constructed chamber tests are made at as high as 150 degrees F., hotter than the hottest day you have ever known. Here the "hot weather" preadjustment for Climatic Control in Mobilgas is scientifically verified.

COLD-ROOM TESTS (Above right)—Here engineers reproduce driving temperatures as low as 20 degrees below zero. This verifies scientifically the "cold weather" preadjustment for Climatic Control.

"ENGINE-HEAT" READINGS (Right)—On this control panel, the exact performance of Mobilgas, under the different "engine heats" produced by the hot and cold room tests, is measured and recorded. Then Mobilgas is preadjusted to provide it with Climatic Control, a scientific achievement.

Matadors Play First Grid Game Saturday Afternoon

Lights Fail To Arrive In Time For Proper Focusing; Squad In Last Workout Today Before Opening Of Season

The Texas Tech Matadors will open the 1932 football season under the natural light of Old Sol Saturday afternoon instead of under incandescents Saturday night.

Athletic Business Manager and Assistant Coach Dutchey Smith announced yesterday afternoon that

TICKETS ON SALE

Tickets for Saturday afternoon's game between Texas Tech and the Panhandle Aggies were placed on sale yesterday at the Hilton and Lubbock hotel drug stores.

Adult tickets, good for any seat in the grandstand or bleacher section, sell for $1.10 each, including federal tax. Juvenile tickets are on sale for 40 cents.

Tech students and faculty members may purchase individual tickets at the down town stations or at the gate Saturday, or they may purchase student activity books, good for the entire season of football and basketball, at the business office in the Administration Building.

the game between the Tech Matadors and the Panhandle Aggies would start at 3 o'clock Saturday afternoon. A new lighting system, ordered from the eastern factory failed to arrive in time for proper erection and focusing, Smith said, but would be ready for the next home game.

The matadors were exposed to individual workouts yesterday in two sessions as Coaches Cawthon and Smith divided the players into groups according to positions and dealt individually with veterans and newcomers alike. Coach Smith tutored the linemen at one end of the field and Coach Cawthon had his backs at the other end.

The backs were put through a series of pass defensive paces for it seems that the Aggies are due to fill the atmosphere with footballs Saturday afternoon. A light team by comparison with the Matadors, the Aggies from the Oklahoma Panhandle probably will resort to aerial tactics in their offensive moments.

A short series of plays to be used Saturday was given yesterday in a "secret" workout. Sideline experts were forbidden on the field but a goodly number of them looked on from the grandstand and sidelines. The coaches called it "a good workout," and seemed satisfied with the early showing.

Haskell Player Arrives

A newcomer to the Tech squad yesterday was one Bristow, a big tackle from Haskell Indian institute. The big land who looks like a 190-pounder took lessons all day on the Notre Dame system, which differs even in line play from the wing-back style practiced at the Indian school. Bristow shows potential stuff, a quickness to learn and native ability. He played with Haskell last year and saw service against Tech in the game at Dallas.

Although they are pointing to one game at a time, the Matadors are inspired by the prospects of the meeting next week in Amarillo with the Texas Aggies to put forth their best efforts in this week's workouts. They are constantly reminded of the heavy schedule which follows and each candidate is warned that from five to eight men are after his position.

University of Iowa sports schedules for 1932-33 call for the Hawkeyes to meet all other Big Ten teams in either football or basketball.

Bobby Jones still breaks par. He played over the Highlands, N. C., layout in 68, two strokes less than par.

Cubs Stand Off Giants' Attack And Protect Flag Race Lead As Dodgers Lose To Cards; Pirates Whip Braves

Eleventh Inning Run Nets 8 To 7 Win Over Giants

(By The Associated Press)

NEW YORK, Sept. 15 — The Giants gave the Chicago Cubs a strenuous afternoon today before the league leaders finally came through in the eleventh inning to win 8-7 and maintain their lead over Pittsburgh.

A home run by Kiki Cuyler finally decided the game after a nip-and-tuck battle in which Mell Ott clouted his 36th homer of the season with two out in the last half of the ninth to tie the score and each team scored two runs in the tenth.

Lonnie Warneke, the Cubs' ace pitcher, came out ahead at the finish to record his 22nd victory of the season after he lost a two run margin in the tenth, the first inning he pitched. He was the fourth Cub pitcher. New York also used four with Sam Gibson being charged with the loss.

Yanks Fail To Help Gomez As White Sox Win

Athletics Bow To Browns And Senators Lose To Tigers As Three Leaders Go Down; Indians Defeat Red Sox

(By The Associated Press)

CHICAGO, Sept. 15. — A makeshift Yankee lineup failed to give Lefty Gomez the support he needed today and the White Sox defeated New York, 8-5. It was the Yanks' first lost since they clinched the American League pennant.

The defeat broke Gomez' seven game winning streak and gave him his seventh defeat of the season against 24 victories. The Spanish southpaw worked seven innings, giving up 11 hits. Ed Wells pitched the eighth and yielded the last two runs.

The Yankee lineup was made up largely of replacements and even Lou Gehrig took his first rest of the season after playing five innings.

Pete's Big Year—

Pete Cawthon is starting his third year as head coach of the Texas Tech Matadors and Pete's thousands of friends over the state are going to give him the double look-over this season.

Pete probably is the most popular coach, football and basketball official and "great guy" in southwest sports. From Lubbock, we learn that the Matadors face a schedule that will make or break the school's right to big time football. Football teams from six states are on Tech's schedule.

Cawthon, always strong for a standing army of material, had fifty-two candidates report to him last week. From this squad, he hopes to select the strongest forward wall and the most powerful backfield ever to represent the college.

The scarlet and black of the Matadors will make its bow as a member of the Border Intercollegiate Athletic conference. Only two conference games are on the schedule, the University of Arizona and the University of New Mexico. Texas A. and M., Baylor and Southern Methodist are Southwest Conference teams Tech will face.

If Cawthon can sweep through this year with more than average success, the Tech Matadors will be ready to knock on the Southwest Conference door and request admittance. That's what a good year means to Cawthon, and his friends hope he has just that kind of a season.

Not Enough Credit—

"Lefty" Chambers of the Tyler Sports wants credit where credit has been hard earned. Recent Texas League pitching averages gave Chambers six victories and seven defeats. "Lefty" wants a recount and deserves it. Clippings of box scores show he won eight and lost seven games this season.

Chambers won five home games and three road games. He lost four home games and three road games, according to newspaper box scores.

"Those two games will mean a lot when next year's job and salary question comes up for discussion," explained "Lefty" as he lodged his protest and requested a correction.

Shippers Slug Five Chunkers For 15 Blows

Izzy Goldstein Goes Route To Hand Exporters Two-Game Lead In Battle For Texas League Championship

BEAUMONT, Sept. 15. (AP)—Beaumont's hustling young Exporters, scenting their first title bunting, took a commanding lead in the playoff series for the 1932 Texas League championship here this afternoon when they shelled five Dallas chunkers for 15 hits and a decisive 9-6 victory to make it two straight over the upstate Mavericks. The Exporters, first half titleists, need but one more win over the Steers, second half champion, to clinch the 1932 crown.

Friday will be an off day, but hostilities will be resumed under the arcs in Dallas Saturday night. If a fourth game is necessary, it will be played in Dallas Sunday, and should a fifth mixup be needed, a flip of a coin will determine the game site.

Izzy Goldstein went the route for the Exporters, but in nearly every inning the big Jewish righthander was in trouble, only classy fielding saving the game for him. Hal McKain started for the Steers, but he gave way to Whitehead in the first round. Dick McCabe, Lou Garland and Lefty Minogue followed in quick order, Whitehead being charged with the loss.

Paul Easterling and Freddie Tauby, who each drove in four runs, led the Exporter attack with three timely hits each. Holley cracked out four as his contribution for the afternoon.

They'd All "Dye" For Dear Old Fordyce; Flaming Red Hair Identifies Red Bugs

FORDYCE, Ark., Sept. 15. (AP) There's not a player on the Fordyce High school football team who would not "dye" for dear old Fordyce.

Every player on the squad, even the waterboy, has dyed his hair a flaming red in a wave of school ardor to be distinctive and live up to the name of the athletic teams—the "Red Bugs."

Ouimet Beats Medalist To Go Into Semi-Finals Of Amateur Tourney; Meets John Goodman

Johnny Fisher Goes Down For Count In Thrilling Quarter-Final Match; Guilford And Somerville Also Advance

BY ALAN GOULD
Associated Press Sports Editor

BALTIMORE, Sept. 15.—Francis Ouimet moved closer to his second straight United States Amateur championship today by turning back 20-year-old Johnny Fischer of Cincinnati, the medalist and intercollegiate titleholder, in a thrilling 36-hole quarter final match.

The champion's margin was just one up as he sank a difficult 12-foot putt on the very last green to beat back Fischer's rush, during which the University of Michigan star had taken two straight holes, the 34th and 35th, to prolong the battle.

The victory put Ouimet into the semi-finals, where he will play the youthful Omaha star, Johnny Goodman, over the 36-hole route tomorrow. Goodman, in his strongest advance since he beat Bobby Jones in the first round at Pebble Beach three years ago was carried to the 36th green before eliminating the young New Yorker, Maurice J. McCarthy, jr., one up.

The other two semi-finalists are Ross (Sandy) Somerville of London, Ontario, four-time former holder of the Canadian amateur championship, and the veteran Boston "siege gun," Jesse P. Guilford, National titleholder in 1921.

Both had an easier path to triumph. Somerville, started off with a record-smashing 68 for the greatest scoring exhibition of the day and trounced young Billy Blaney of Boston 6 and 5, on the latter's 27th birthday.

Guilford, hitting the most tremendous wallops the tournament has seen in many a year, bludgeoned Chick Evans of Chicago, two-time former champion, to defeat to the tune of 5 and 4.

Lancaster, Ky., celebrates its 135th anniversary this year.

Horned Frogs To Meet Denton For Season's Opener

DALLAS, Sept. 15. (AP)—The curtain will go up Saturday afternoon for Southwest Conference football fans. The initial display of forward passes and touchdowns will be a non-conference combat at Fort Worth between Texas Christian and the Denton North Texas Teachers.

Last season it was September 19 that a first glimpse of Southwest Conference teams was possible. On that date, Texas Christian beat the North Texas Teachers, 33 to 6, and Rice walloped the Texas Art and Industries, 37 to 0. The initial bow this year will be left to the Horned Frogs. Other conference teams will wait until September 24 to make public appearances.

Although they have practiced seven days, Coach Francis Schmidt and his Frogs are ready. Last year when they played the fighting Denton aggregation the temperature was 92, but it never prevented an estimated crowd of 5,000 from watching the game.

An even larger crowd is expected Saturday because the Frogs are listed as powerful favorites for the conference bunting along with Texas A. and M., Rice, Texas and Southern Methodist.

Less Evidence Of Worms Is Now Noticeable In Section

Less evidence of worm infestation is reported now by Don L. Jones, state experiment substation superintendent, than during the excessive rainfall of August and the first part of September.

Farmers feared that the heavy precipitation would result in leaf and boll worm damage to cotton crops. Cooler nights probably will aid in reducing the danger of worm damage.

DON'T BE SLOWED DOWN BY STALE GAS

YOU PAY FOR POWER···GET IT!

Only FRESH gas gives you all the power you pay for. Why? Because as gas gets staler, it gets weaker. Loses volatile "easy starting" elements. Falls victim to a *chemical change*—and gets sluggish and feeble.

Another thing. The staler the gas, the *stickier* it is. And the more apt it is to make a motor knock.

That's why Gulf is pleased to announce a system that assures you of getting FRESH-MADE gasoline—packed with power. Two important developments make this possible...

First, Gulf *refines out* of its fine gasoline the complex elements that cause rapid deterioration. Hence, Gulf gas stays FRESH longer.

Second, Gulf speeds you this FRESH gas in a hurry!

Huge Gulf refineries are located in many parts of the country—so that every Gulf station is close to a source of FRESH gas. A vast fleet of tank trucks rushes FRESH gas to Gulf pumps *every day*.

Don't let stale gas deaden your motor! Get FRESH-MADE gas—packed with power. Get Gulf—for a faster, cleaner, quieter motor.

New State Of Manchukuo Gets Official Recognition Of Japs

Listless Ceremony Performed Thursday By Officials And Youngest Nation Has First Formal Session

CHANGCHUN, Sept. 15 (AP)—The state of Manchukuo, youngest of the world's commonwealths and born of the successful military campaign of the Japanese army in Manchuria last fall, was recognized officially by Japan today.

At a drab and listless ceremony in the old salt administration building here, in the presence of Manchukuo officials and their corps of Japanese advisors, Cheng Hsiao-Hsu, premier of Manchukuo, and General Nobuyoshi Muto, special envoy of the Japanese Mikado, affixed their names, using a tiny brush instead of a pen.

The treaty calls for a defensive alliance between the two states and marks the first recognition of the new nation by a foreign power.

The signing occupied less than 10 minutes. General Muto signed first, then Premier Cheng. Henry Pu-Yi, who wore an inscrutable Mona Lisa smile, looked on.

The scene resembled a war conference more than a peace conclave. Japanese military officials packed the room during the ceremony, generals, colonels and majors, all resplendent in red, yellow and gold uniforms.

An oriental tone was provided by the presence of a number of aged Mongol and Manchu princes wearing queues.

After signing the treaty General Muto proposed Henry Pu-Yi's health in champagne and Mr. Pu-Pi returned the compliment. To signalize the event the Mikado sent Pu-Yi a magnificent set of armor, worked in gold and silver and a string of pearls to Madame Pu-Yi.

The setting for the ceremony was as unostentatious as the creation of the new state a few months ago. The room in which the signing took place, in contrast with the glittering halls where most similar treaties have been signed in Europe in recent years, might have been a modest American flat.

Yellow linoleum covered the floor and some nondescript paintings hung upon the walls. On the windows were simple lace curtains.

The treaty was signed at a plain oak desk. Henry Pu-Yi wore a frock coat, striped trousers, a wing collar and natty tie. General Muto was resplendent in a uniform which glittered with decorations.

To forestall any possible attack by the Chinese, the Japanese general was heavily guarded as he rode to the palace and the palace itself resembled an armed fortress.

The Chinese population, however, showed no outward enthusiasm and went their way in silence. Some of them appeared disposed to observe instructions from Nanking that this week be observed as the week of China's humiliation. The Japanese population, on the other hand, showed much enthusiasm.

Seven Carloads Of Building Materials Unloaded In City

Seven carloads of building materials have been unloaded by the Lubbock Lumber company at its yards at Avenue Q and Fourth street in anticipation of an increased demand this fall for such supplies. The shipment included 150,000 feet of lumber.

"Lumber prices are going up", said C. B. Powell owner and manager of the firm, "and we purchased heavily while prices were at their lowest ebb. Business during the spring and summer had depleted our stock and we wanted to be prepared for the big fall buying that we know is coming."

September marks the seventh anniversary of Mr. Powell's firm in Lubbock. Previous to the establishment of his business here, he was in the sawmill business in Rusk, Texas, for twelve years.

Lubbock is becoming known as the retail lumber center in West Texas, according to Mr. Powell. He stated he had sold building supplies this season to buyers from points as distant as Ruidosa, New Mexico.

New Instruments Being Installed

The last of new instruments required to give Lubbock municipal airport a federal A1B rating is being installed, Manager Clint Breedlove said Thursday. The instrument is a ceiling projector.

All other weather instruments already have been installed. From these instruments readings will be taken hourly during daytime. The observations will include wind velocity, barometer readings, temperatures, and wind direction.

The ceiling projector consists of a strong light, beam from which is thrown at about a 65-degree angle, and an "aladade" set 500 feet away. By sighting through the aladade at the point where the light beam strikes the cloud, the distance from the earth to the ceiling is obtained.

Other new equipment at the port includes a first aid kit, two stretchers, fire extinguishers, and sand buckets.

With the growth of traffic through here other equipment probably will be added to give the field the highest attainable rating—A1A.

OF

Nice, new, bright and straight BIG MILL LUMBER right from the manufacturer has just been unloaded in our yard.

We had practically sold our entire stock on hand, and previous to the arrival of our new stock, three big trucks could have carried off every stick we had. Therefore we have no old shop - worn, warped and crooked stock to offer.

THIS LUMBER WAS BOUGHT AT THE VERY LOWEST EBB OF THE MARKET. Lumber at the mills is considerably higher now than the price we paid, but our judgment of the time to buy and the low prices we paid are not to be used in the interest of this business. But will be sold on a basis of the price we paid.

WE HAVE SOLD MUCH LUMBER WHICH HAS BEEN HAULED MANY MILES. IT HAS BEEN PROVEN CONCLUSIVELY THAT ONE CAN HAUL LUMBER FIFTY MILES FROM HERE AND STILL SAVE PLENTY OF MONEY ON HIS PURCHASES.

We sell all kinds of building materials. Paints, wire, posts. You can get what you want here and all are priced at a small margin. No baits are offered.

"We Sell for Cash — We Sell for Less"

For Seven Long Years

the farmer has toiled and waited for a profitable crop. Each year, like Jacob of Biblical history, he was handed a Leah instead of a Rachel. Each year he has swallowed his disappointment, girded his loins anew and with hope eternal, springing in his breast, went forth to battle again with the elements to wring a living from mother earth. It is a rather hard fight at best, but the irony of it is, that when the slightest indication of a rise in the price of farm products are in evidence, most all manufactured products take an immediate rise and in most cases wholly out of proportion to their due. Farm products as well as the price of labor could, and should, take very material advances before the price of manufactured articles. Many of them are now, and have been, too high.

Unreasonably high profits are as detrimental to the economic welfare of this nation as are gigantic fortunes. These two things are directly responsible for the distressful conditions that have existed in this nation and are the reasons for their continuance. They confiscate the income rightfully belonging to the masses.

We do not expect to get rich. Neither do we wish to. A decent living is all we crave. This is what every man is due who contributes his part to the sum of human happiness.

Taking advantage of the very low prices in the lumber market we have bought heavily. We caught the market at its lowest ebb. We have prepared ourselves to give a service to this trade territory that, we think, is worth a lot in the conserving of the profits of this crop to the people who have labored to make it. We believe that this is as it should be, that the major portion of these profits should remain to the man who has labored to produce it.

Last January we adopted the policy of selling for cash and selling for less. Since that time we have saved to the public in this section, thousands of dollars. We have made of Lubbock the best place on the South Plains to buy lumber. As our trade has increased we have proportionately reduced prices. As it still grows we shall further reduce our profits.

The Lubbock Lumber Company is not a corporation; it is not connected with any other yard or business. It is a small concern owned and operated by the writer of this article. We are under no obligation to any one in the operation of this business. We do as we please and the above is our sentiments. We mean every word of it. We believe me are fitted to make of this business a real service to the country.

Good For Texas' Mr. Jones

WE of this particular section may join with other cotton-producing areas in thanking kind Providence for placing upon the Reconstruction Finance corporation Mr. Jesse H. Jones. For were it not for Mr. Jones, the cotton outlook would be gloomy indeed.

Probably the most potent Texan in behind-the-scenes politics in Washington, it was Houston's favorite son who went to Mr. Hoover to club the Farm board into line. Members of the Farm board wanted to dump upon the market their holdover cotton and wheat. Mr. Jones knew what would happen in New Orleans and New York, as well as in the Chicago wheat pit, and he went into action.

Had he not known what to do—or had he failed to do it—we wouldn't be feeling so well this morning.

* * *

Keep the name of Jesse Jones in mind if Mr. Roosevelt is elected. It would not surprise close political observers if the former were given a cabinet post, a nice ambassadorship or something as equally desirable.

For years now Mr. Jones has sat in the high and secret councils of his party.

Whenever things open up for the Democrats he has his part coming.

JINGO PROPAGANDA

"We love to delude ourselves," wrote Goldsmith. We do, and nowhere more than in our interpretation of politics and foreign affairs. People who are simple-minded and trustful in other matters will lend credulous ears to any oracle who rises to explain that things are not what they seem in politics and affairs of state and that international relations are all compact with plot and counterplot. Nothing seems to be incredible when told of politicians.

A perverse imagination twisting the facts does even better when applying the detective faculty to actions and statements by foreign government. They must never be taken at their face value. That would be both stupid and unpatriotic. One must always look for the sinister purpose behind the fair-sounding words.

UNCLE SAM SET THE PACE

Have we forgotten the reason for prohibitive tariffs? Everyone used to hear about it at election time. The protectionists used to proclaim loudly that the position of America was unique. Our American laboring man had to maintain his high standard of living. Our industries were infants. We just couldn't stand competition with powerful foreign combinations and cheap, inferior foreign labor. It was all perfectly plain.

Even the foreigners became convinced after our last tariff boost. Doubtless their politicians began to sing the same song. Since 1930 nearly every country in the world has "revised its tariffs upward." The motive seems to be retaliation, but the essential principle is that each nation regards its own situation as in some way unique and its neighbors as undesirables and inferiors. Each one plays its own game in its own yard.

As a result the entire mechanism of international commerce and exchange is out of working order. The stock of gold is a continual bone of contention. The aggregate foreign trade of the principal countries has declined in value more than two-fifths since 1929. Nations that find their exports dwindling faster than their imports resort to extreme measures to prevent collapse of their exchange.

In the illogical, crazy situation nations involved in a maze of international debts block all possibility of settlement by refusing to trade with each other. In addition to building higher and higher tariff walls, ingenious systems of foreign trade "regulation" are formed. Trade is hampered by quotas, import licenses and embargoes. Announcement is made this week that Italy limits French imports. This is in reprisal for a similar system operative in France against goods that Italy would export.

Meanwhile the politicians in every country are proclaiming their panaceas, each based upon the false notion that governments by borrowing and taxing and dispensing, can restore prosperity within their own borders while depression rules in all the rest of the world. If the people of the United States are displeased with this routine, they at least have the consolation that their own tariff policies set the pace.

The girl who said she would marry only a man who knew life and its sorrows must have been talking about a widower.

Today's One-Minute Sermon

If ye be reproached for the name of Christ, happy are ye; for the spirit of glory and of God resteth upon you: on their part he is evil spoken of, but on your part he is glorified.—I Peter 4:14.

Ousting Political Blunder

By CHARLES P. STEWART
Central Press Staff Writer

ASHINGTON, Sept. 15. — If President Hoover should be beaten, and if it were possible for him to determine just what defeated him, and if it were clear that the depression was what did it, at least he could console himself with the thought that it was virtually inevitable.

Perhaps there is room for discussion as to whether or not his administration has dealt with the hard times to the best interest of all the people, but it can hardly be disputed that a period of deflation was unescapable, due to causes with which he may have had a little to do, but originating mainly before he had any voice in public affairs.

If, however, looking back upon defeat, he should have to recognize that he was beaten by just the margin of votes turned against him by his use of troops to chase the B. E. F. out of Washington, nothing would be left for him except to admit that he had wrecked his chances by one of the most egregious pieces of political mismanagement in American history—an error which he doubtless was advised into committing, but which it would seem as if a bright baby would have seen the danger of, the instant it was suggested to him.

* * *

RESPONSIBILITY for the depression can be repudiated. It can be argued that, except for Mr. Hoover's statesmanship, it would have been much worse; that he is getting the country out of it, as it is.

And anyway, the economic issue is on his hands uninvited.

The prohibition issue also is on his hands uninvited.

It cannot be said that he deliberately went out of his way to create opposition to his candidacy, either on economic grounds, or as a dry or a wet—whichever he is.

But he antagonized the ex-service men needlessly

* * *

BY TURNING General MacArthur and his cohorts loose on the B. E. F. the president not only made enemies for himself but he likewise unquestionably insured the passage of legislation for full bonus payment, to which he vigorously objects, and of which, until then, there had been small prospect.

As most folk know, the American Legion was on record against it.

Now it is a foregone conclusion that the Legion will vote in its favor at its national convention.

* * *

THE BULK OF the public assuredly was not pro-bonus when the march on Washington, to demand it, began.

There was much sympathy with the marchers, as unemployed workingmen. Sentiment to the effect that they were entitled to demand jobs was strong, but the popular judgment evidently was that immediate full payment of the bonus was of more than doubtful wisdom—and besides, that the comparatively trifling sum each man would receive would not last him long.

The bonus boys themselves, arriving in Washington, expressed surprise that they had encountered so little enthusiasm, en route, for their cause.

They failed to take into account the fact that the bonus slogan was without strong appeal to the average citizen, with no bonus coming to him—especially if he chanced to be a taxpayer, with the thought in the back of his head that he would have to help toward digging up the $2,400,000,000 involved.

* * *

THUS PRESIDENT HOOVER unmistakably had strong backing in his anti-bonus attitude throughout the two months of the B. E. F.'s stay in the capital.

His position was impregnable after congress had adjourned.

The B. E. F. was gradually petering out. It had dwindled from a maximum of more than 20,000 to about 2,000 and was still shrinking. A remnant might have hung on until cold weather, but no great harm would have resulted. True, the encampment would not have been a good campaign advertisement for the Republicans, but certainly it would not have been as bad as the "Battle of Pennsylvania Avenue."

It was at this far from serious juncture that the administration forced the crisis which served as its excuse for calling out the regulars.

* * *

THE POINT I am undertaking to make is that it is difficult to think of any wholly unnecessary thing that this or any other administration has done to which the national reaction has been so uniformly widely and persistently unfavorable.

And it was the easiest thing in the world to foresee that it would be.

Rumors were in circulation for several days in advance that U. S. forces were likely to be employed to scatter the veterans. Political opponents of President Hoover, in Washington, heard them and prayed that they might be true, but had no notion that their prayers would be answered. Such campaign judgment seemed to them beyond the bounds of possibility.

EXPLANATION OF YESTERDAY'S CARTOON

THE ALIEN GOVERNOR OF AN AMERICAN STATE:

Frank R. Gooding, born in Tiverton, England, in 1859, emigrated to the United States with his parents in 1867, when he was a boy of 8. He settled in Idaho in 1881, beginning his distinguished political career as a letter carrier. In spite of the fact that he had not taken out naturalization papers he was elected as a State Senator and served as such from 1900-1904. In November, 1904 he was elected Governor of the State of Idaho, served as the Chief Executive of the State, and was then reelected for another term in 1906. The man who had for four years been Governor of an American State was not yet an American citizen. Not until he tried to run as a candidate for the United States Senate, was Governor Gooding's status discovered. He was an unsuccessful candidate for United States Senator in 1918, but entered the Senate by appointment in January, 1921, having been elected previously for a full term beginning March 4, 1921. He was reelected in 1926 and served until his death in 1928.

A TYPING MARATHON:

Richard Myers, of Bonner's Ferry, Idaho, has won numerous national honors as a typing speed demon, but outdid himself at a marathon staged in his home town. He averaged more than 100 words a minute for a period of eight hours, four hours in the morning and four in the afternoon. Myers typed a total of 48,282 words, enough to make an average book, making a total of 156 typographical errors during the entire demonstration.

TOMORROW: TWENTY-FOUR ONE-ROUND KNOCKOUTS.

Kiwanians Will Outfit Childen Here For School

Eighty-nine underprivileged children will be outfitted by the Lubbock Kiwanis club so they can attend school satisfactorily this fall. Names of the children were distributed at a Kiwanis club luncheon Thursday in the Lubbock hotel.

Each of the members selected one of the names and will be responsible for purchasing clothes or school supplies necessary for that child to attend school. The club will provide $3 for each child, in addition to individual donations. It was announced that a number of Lubbock merchants were cooperating in the movement.

The welfare work is being done under the supervision of the underprivileged child committee of the club headed by Dr. Fred W. Standefer. Charles Whitacre and Del Morgan. Names of the children were obtained from Mrs. Eppie Sowder, visiting teacher in the city schools.

Dr. Standefer discussed plans for the work, stressing the need for help along this line and urged the members to give their individual attention to the matter.

Ross Ayers, football captain of the Tech Matadors, was a guest and told of the playground which was supervised by the club during the summer. Forty-three boys attended the meetings regularly, he said.

New Mexico Educational Head Goes To Haskell Institute

ROSWELL, N. M., Sept. 15.—Paul L. Pickinger, executive secretary of the New Mexico Educational association, has resigned and moved back to Kansas where he will become assistant superintendent of Haskell Indian Institute at Lawrence.

Pickinger came to Albuquerque in 1922 from Kansas and attended the University of New Mexico, receiving both his B. A. and M. A. from the state school. From 1926 to 1931 he was superintendent at Tularosa, resigning to accept the state post.

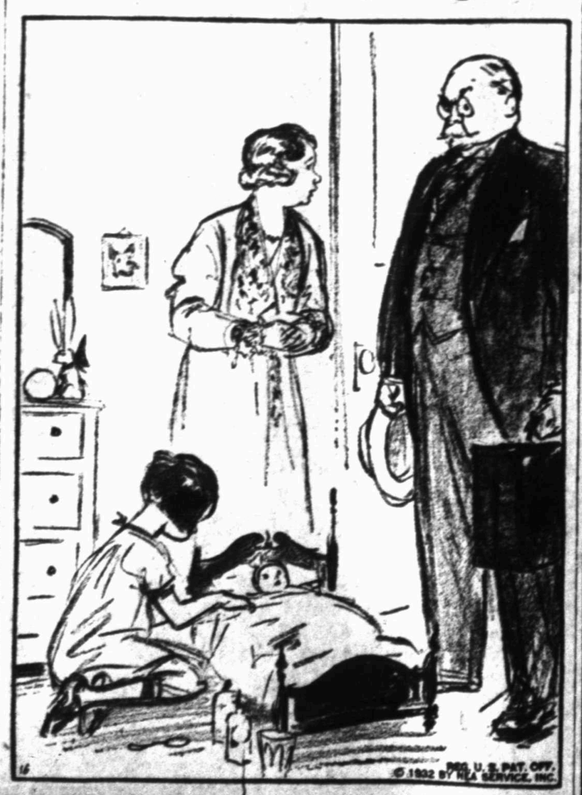

Haskell is one of the largest Indian institutions of higher learning in the country. It ranks with old Carlisle at Carlisle, Pa. Hundreds of Indians, wards of the government and free Indians, attend.

Pickinger will serve as director of education and also as assistant superintendent.

IS DEATH VICTIM

ELECTRA, Sept. 15. (AP) — Miss Iva Bickley, 43, daughter of the late Thomas K. Bickley, pioneer Texas newspapermen, died last night at the home of her sister, Mrs. Clarence Jordan, near Burkburnett. Her father founded the Rockwall Sun, which later merged with the Rockwall Success. She engaged in newspaper work for several years. Funeral services were arranged for tomorrow at Burkburnett.

Floydada Vet Is Member Of Order Of The Purple Heart

FLOYDADA, Sept. 15. — J. M. Wilson, post commander-elect of McDermett Post No. 118 of the American Legion, is the first ex-service man in Floyd county to receive a "purple heart," signifying his membership in the Order of the Purple Heart, issued to the World war veterans by the government.

The medal bears the likeness of George Washington on a gold heart, backed by a purple ribbon.

It is given to those who received a wound in action and over 200,000 veterans of the A. E. F. are said to be eligible. The original order was started for soldiers of the American revolution by George Washington.

Holders of Meritorious Service Citation certificate may exchange it for the purple heart certificate.

—when you require a tonic

... when you feel "tired out" ... "all run-down" ... "sluggish" ... "listless" ... "no appetite"—it is then time to pause and consider what may be the cause of this condition. If you suspect an organic or functional trouble of a serious nature consult a physician at once.

But if your vital organs are sound and you have thru overwork, worry, unbalanced diet, working conditions, "bad air," lack of proper exercise, unconsciously reduced your vitality and resistance, then restore your vital red-blood-cells and their hemoglobin content so that your blood and tissues may have the oxygen to purify and strengthen your body.

For decades S.S.S. has been the preferred tonic for restoring hemoglobin to the red-cells of the blood. Start to rebuild now. You will surprise yourself. S.S.S. is on sale at all drug stores in two convenient sizes—the larger is more economical and is sufficient for a two weeks' treatment.

Cotton Cotton Is Very Active Thursday — Livestock Medium Weights Holding Steady — Grain Heavy Buying Aid To Wheat

Cotton

NEW ORLEANS COTTON

NEW ORLEANS, Sept. 15. (AP) — Cotton was very active and decidedly erratic today, fluctuating over a 30-point range that sent October below the seven-cent line at one time, but the close was firm in sympathy with stocks and wheat. Late futures showing net advances of 3 to 9 points.

Manchester cabled there was further cotton buying by India and an early settlement of the mill strike was expected. In the late trading prices rallied sharply with stocks and wheat recovering 21 to 33 points and October closed at 7.16 and December at 7.32, showing net gains for the day of 6 points.

Liverpool is due tomorrow on New Orleans 16 to 18 penny points up.

Port receipts 18,200, for week 130,401, season 785,634, last season 869,543. Sports 16,594, for week 113,789, for season 787,136, last season 813,786. Port stock 238,820, last year 2,882,723. Combined afloat stock at New Orleans, Galveston and Houston 103,686, last year 63,-. Spot sales at southern markets 51,-, last year 41,124.

NEW YORK COTTON

NEW YORK, Sept. 15. (AP)—While reviewed hedging and liquidation caused fairly sharp decline from early advances in cotton today, pressure was less aggressive than yesterday and a steadier tone developed in the late trading.

December contracts closed at 7.29 or 3 points at point of yesterday's closing. The final tone of the market was steady net 1 to 2 points higher to 2 points lower.

More southern selling developed while some of the early buyers resold and the market sank into new low ground for the movement uncovered stop orders, which sent October contracts off to 6.99 and March 7.32 or 33 to 30 points net lower. The pressure then subsided, and the market turned nervous and irregular, ruled generally steadier in the late trading on continued covering and trade buying. Closing quotations were 18 to 20 points from the lowest on active positions.

Reports that Liverpool connections were among the buyers here during the earlier trading. Private cables reported more favorable prospects for an agreement on the Lancashire labor disputes and said there was further buying of cotton cloth in Manchester for shipment to India. Exports today 19,564 making 778,802 so far this season. U. S. port stocks 3,349,070.

Stocks Find Enough Stamina To Get Out With Gains Though Only Small

BY JOHN L. COOLEY
Associated Press Financial Writer

NEW YORK, Sept. 15. (AP) — Stocks found enough stamina to emerge from a nervous, erratic session on the upside today, although the net gain failed by a small margin to cancel all of Wednesday's loss.

Trading through the morning and early afternoon saw prices backing and filling inconclusively, but firmness in wheat and a rally in cotton helped turn the trend and advancing tendencies gained strength through the last hour. Gains averaged 2.5 points in a turnover of 3,157,610 shares.

Wheat's rise of from a fraction to about a cent lifted farm implement issues.

So-called pivotal stocks tended to meet support on the frequent reactions, their severest declines hardly exceeding a point, and this better exhibition of resistance doubtless had its influence on the eventual turn. Rail shares were among the first to harden successfully, being helped by reports that car loadings figures for last week, to be made public Saturday, would show a smaller loss, due to labor day traffic curtailment, than occurred in 1931.

Legislature

sion on tomorrow at noon, but the upper branch amended it. It now will be necessary for the house to agree to the Saturday night quitting proposal to make it binding.

Tax Assumption Pending

Assumption by the state of indebtednesses of counties as represented by outstanding bonds issued with which to obtain funds to build highways now a part of the state road system, the principal piece of tax relief business put before the legislators, still had not been effected.

An agreement of a conference committee representing both houses had been printed and placed on member's desks however. It was likely the report would be considered tomorrow.

Oil Bill Enacted

The oil theft bill was enacted by the senate a few hours after Governor Sterling had submitted the item in a special message.

The bill "defines" theft as it affects the production of oil. Originally it provided an operator was guilty of theft if he defrauded the land owner or royalty owner of oil.

The bill was amended to make it possible to levy heavy fines against pipe lines running oil known to have been stolen.

Another Alteration

Still another alteration in the original draft defining "theft" of oil, directed that any pipe line which deducted a certain percentage of the oil for possible loss in transportation and did not return the amount which was not lost would be guilty of theft. Terms of the bill also apply to gas.

The legislation was inspired by charges that in many instances rightful owners of oil produced were not receiving their full share of proceeds from petroleum extracted from leases or land in which they held in interest.

West Texas Bill Engrossed

A West Texas bill, affecting repurchase of forfeited public lands in that section, already enacted by the senate, was engrossed in the house after a stiff controversy over some of its provisions. The house refused to suspend its rule against reading bills on three separate days, necessitating that it await a new legislative day.

Representative Sarah T. Hughes, of Dallas, placed on it an amendment which would direct that the state receive one-half the bonus and rentals realized from mineral development of forfeited public lands repurchased.

The conference agreement on the bond assumption bill provided that only those portions of bond issues that had been used in actual construction of state highways would be taken over the state. It was decided that money spent to obtain rights-of-way for highways could not be refunded.

MIDWESTERN LIVESTOCK

KANSAS CITY, Sept. 15. (AP)—Better grade medium weight and heavy steers held steady in the days trade, but some weakness developed on light steers and long yearlings. Chicago was able to duplicate the 10.35 top of yesterday when a consignment of 1426 lb. steers brought the price. Several loads of better grade fed steers and yearlings around the circuit cleared at 9.50@10.00, but the general run had to go in a spread of 7.50@8.75. Common to medium grass steers were little changed and sold largely at 3.75@5.25 with an occasional load down to 3.25. Most replacement steers bring 3.75@6.00 with a few loads of fleshy feeders up to 7.00 or slightly above.

Chicago listed a hog top of 4.30, while high prices elsewhere ranged downward to 4.00.

Most fat lambs sold in range of 5.00@6.00 and a few closely sorted natives in Chicago at 6.25@6.50. Feeding lambs cleared chiefly at 4.50@5.25.

FORT WORTH LIVESTOCK

FORT WORTH, Sept. 15. (AP) — Hogs 800 including 106 direct, top 4.10 for truck hogs; rail butchers at 3.90, packing sows 3.25.

Cattle 900; calves 800; plain grass slaughter steers 3.50@4.00; off quality slaughter yearlings 4.50 down; fat cows 3.00; odd head up to 4.00; butcher grades around 2.50@2.50; stocker cattle 1.00@1.50; stock steer calves 4.75@5.50. Slaughter calves unchanged; several loads plain heavies 3.50@3.75; some good heavies 4.25@4.50.

Sheep 1,400; fat lambs 4.00@4.50; fat yearlings 3.00@3.50; few aged fat wethers 2.00; late Wednesday six decks of aged fat wethers brought 2.25.

FORT WORTH GRAIN

FORT WORTH, Sept. 15. (AP)—Wheat demand continued good Thursday with other grains fairly well taken.

Quotations ranged as follows, basis car loads on track at Fort Worth, freight paid, delivered Texas Gulf ports, export rate, or Texas common points: Wheat No. 1 hard, according to protein and billing, 35@37. Barley No. 2 nominally 32 1-2@33 1-2; No. 3, 30 1-2@31 1-2. Sorghums No. 2 milo per 100 pounds, nominally 64@65; No. 2 kaffir 63@65.

Delivered Texas common points of group three: Corn, No. 2 mixed 40 1-2@41 1-2; No. 2 white 46@46; No. 2 yellow 46 1-2@47 1-2 (all prices nominal).

Delivered Texas common points: Oats, No. 2 red 24@25; No. 3 red 20 1-2@21 1-2.

CHICAGO GRAIN

CHICAGO, Sept. 15. (AP) — Immense buying of Canadian wheat for Europe together with overseas purchasing of at least 500,000 bushels from this country, put back-bone into grain values today.

About 4,000,000 bushels of Canadian wheat was taken today by trans-Atlantic shippers, making upward of 10,000,000 bushels so far this week. Another stimulating factor was knowledge that the price spread between Chicago and Liverpool had widened greatly, with the difference now the sharpest witnessed in many weeks.

Wheat closed firm, 3-8 to 1 above yesterday's finish, corn 3-8 to 5-8 up, oats unchanged to 1-8 higher, and provisions unchanged to 20 points down.

Covington Plea

months of confinement in the Lubbock county jail.

Covington's wife, his two brothers, Carl of Midland and Ernest of Gladewater, sat near him during the hearing. In the morning session, Mrs. Hugh Walker and John Walker of Rogers, gray-haired father of Hugh Walker, sat near Walker.

Brown Family Attends

Mrs. F. V. Brown, widow of the slain man, and her two children, Mrs. Billie Harris and Zen Brown of Lubbock, and Mr. and Mrs. W. T. Brown of Saginaw, Texas, parents, were in the courtroom also.

In the continuance motion, defense attorneys attempted to indict through their petition the character of one of the state's witnesses, citing that on one occasion he had sought to gain the aid of a defense witness in a plan to kidnap the son of a former Lubbock banker, on another occasion tried to get him to aid robbing a Lubbock business man and on another occasion sought to get his aid in hi-jacking a liquor truck supposed to have been en route to Lubbock. Judge Mullican ruled that this phase of the motion had no bearing on the defense petition.

Attorneys Are Appointed

Covington is being represented by Ben Kucera and R. J. Allen, two attorneys appointed by the court and by W. F. Schenck, local attorneys and A. P. Geppert of Teague. W. J. Oxford, former district judge at Stephenville, is here to represent Richardson.

J. E. Vickers and his partner, W. W. Campbell, have been employed by Brown's widow to aid in the prosecution of the case which is headed by Durwood Bradley, district attorney and his assistant, Burton S. Burks.

Dan Blair, district attorney-elect, is sitting in on the hearings.

Killing Memorial Day

Brown, a pioneer Lubbock county rancher, was killed at Woodrow the night of Memorial day, after three men got out of a car at the T. B. Hilton residence near where the Lubbock man was sitting in an automobile. Brown was subsequently killed in a purported scuffle with one of the men who witnesses said were trying to stage a holdup.

The trio was arrested about a month later after Mrs. Hilton had identified one of them and officers had conducted a rigid investigation of the case.

Judge Mullican set the other two cases for Thursday, September 22, and all other special veniremen were excused until that time.

Warning Is Issued

In dismissing them, he warned them not to discuss the case among themselves or with anyone else, read accounts of the Covington trial in the newspaper or be present in the courtroom.

"This will be in direct contempt of this court," Judge Mullican said, "and you will not be acting the part of a good citizen. I've heard a great deal this summer about good government, well you people have a chance right here of aiding good government by heeding this warning and not disqualifying yourselves as jurors. You owe it to this court, to yourselves and to these defendants."

During both sessions of the court Thursday, a large number of officers frequented various sections of the room. Included in them were: State Ranger H. L. "Bud" Johnston, former Lubbock county sheriff, who is here especially for the trial, State Ranger Edgar Neal of this city, all members of the sheriff's department, state highway inspector John Keller and a number of special officers.

Selection of the jury is expected to consume all day today and probably most of Saturday, court attaches said last night.

Westbrook commended the farm address of Franklin D. Roosevelt yesterday in Kansas concerning activities of the federal farm board.

"He did not mince words when he referred to the damnable practices of this group of Republican hypocrites and I shall not mince them either," Westbrook stated.

Confirms Charges

"He said that their actions constituted a 'ghastly fraud' upon the people and in saying that he but confirms the charges that I have heretofore made upon the floor of the house."

Westbrook alleged that the federal farm board "has decreed that the legislature of Texas shall not inquire into the methods through which, under this federal sponsorship, tens of thousands of Texas cotton farmers have lost millions upon millions of dollars."

Westbrook said the Texas Cooperative was a subsidiary of the farm board.

wife was between 35 and 40 years old.

Attempted Suicide

Lancaster said that three days before his marriage he attempted to kill himself by poison gas in his laboratory at home. "I didn't want to marry her and never did," Lancaster said.

Returning from a trip to California the youth said he asked his wife to leave. The former athlete testified he carried a pistol "to impress her that I meant what I said but not to kill her."

Lancaster said when he pulled the pistol out of his pocket the woman grabbed and a scuffle ensued. He heard a shot and scream but he said he did not remember firing the pistol. All the rest, he said, was confusion.

The state did not cross examine the youth and it appeared probable the trial would be brought quickly to a close, probably reaching the jury tomorrow.

Ralls Business Men Pay A Visit To Cone On Thursday

(By Staff Correspondent)

RALLS, Sept. 15.—Ralls business men Thursday night paid a social visit to Cone, a rural farming community about ten miles north of town, where a program of entertainment was given for the benefit of the community. The program was given in the school auditorium.

A black faced minstrel show, with novelty stunts, was the evening's entertainment. Dr. H. F. Schwab, Ralls dentist, was in charge of the program. He is chairman of the chamber of commerce program committee.

This was the ninth rural community meeting of the summer.

NEWS BRIEFS

Improved conditions reflecting a trend more encouraging than any since 1929, with price return to normalcy anticipated in the next few months, is the picture drawn by Mrs. Earl Hunt, just returned from a business trip to Chicago.

Last rites for Mrs. M. Green, 74, of Lubbock, who died at her home here Wednesday, will be read at 2 o'clock this afternoon at the Church of the Nazarene by Rev. R. M. Hocker, pastor, who will be assisted by Methodist Episcopal and Baptist ministers. Burial will be in Lubbock cemetery.

A permit to remodel a building at 1623 Main street at a cost of $425 was issued by the city Thursday to Wade Walker, contractor, and H. V. Edsall, owner.

C. H. Davis, Clovis, N. M., was charged with possession of liquor in a complaint filed Thursday in Justice of the Peace J. S. Connell's court. Davis was arrested Wednesday by the constable's department in a raid on a tourist camp here. Officers said 23 half gallon jars of whisky were confiscated.

Lee Root and a passenger, flying a J65 Eaglerock airplane, landed at municipal airport at 12:40 p. m. Thursday. The party is enroute from Indianapolis to Los Angeles.

Four officials of the Griffith Amusement company, which has an interest in the Lindsey and Palace theaters here, are visiting in Lubbock. They are H. J. Griffith of Oklahoma City, R. A. Griffith of Denver, Colo., P. J. McKennah of Oklahoma City, and F. E. Morley of Roswell, N. M. Mr. Morley is accompanied by his wife.

keeper."

"The need before us is immediate," he said, "it is large. Millions of men and women face the approach of winter with fear in their hearts. The children sense the dread their elders feel.

Wide Appeal Sounded

"You have nobly offered your service to them and the nation. I speak not more to you than to the unseen millions of my countrymen and countrywomen in personal appeal, that they too should take this neighborly need upon their conscience, that they shall share with you this burden, that they give generously of their means to your support."

To Mr. Hoover responded Newton D. Baker, prominent Democrat and secretary of war under President Wilson, who is chairman of the national citizens' committee which this year will direct a nationwide campaign to reinforce local communities in their efforts to obtain adequate funds for their relief needs. This campaign will be held October 17 to November 23.

No Missing Plane Revealed In Ocean Following A Check

LONDON, Sept. 15 (AP)—A cursory check at the air ministry tonight revealed no missing plane in the vicinity of Gorleston, where an airplane was reported in distress.

It was reasoned here that the sighting at Gorleston of a disabled plane appears to have occurred tonight, or many hours after the American transatlantic plane, American Nurse, must have given out of gas on its flight from New York to Rome.

Gas Reduction Is Not Felt In City

A reduction of a cent a gallon for gasoline in Dallas Thursday had not been followed here last night, a check of several filling stations retailing gasoline of major companies revealed.

A local representative of Magnolia company, which led the cut in Dallas, said he had heard no report of a reduction in Lubbock. Major companies are retailing gasoline at 12, 19, and 22 cents, for their three grades.

The price in Dallas was cut to 17 and 20 cents for the better grades.

A Gulf company representative said he anticipated a reduction here because of slashes at Amarillo and other places.

One Jockey Is Killed And Six Injured In Bad Spill

READING, Pa., Sept. 15 (AP)—One jockey was killed and six others were injured in a spill during the five-furlong run at the Reading fair today.

The dead rider was tentatively identified as Roy McCann but his address was not immediately learned. The spill occurred at a turn when Fizz Bang, a Baltimore mount in fifth place, stumbled and the horses behind fell over it. One of the horses was so badly injured it had to be killed.

Billet Of Navy Smoke Bomb

A smoke bomb, accidently dislodged from a Naval Reserve seaplane returning from target practice over Center Island, Jamaica Bay, made this hole in the roof of a dwelling at Cahrsie, L. I. The bomb threw out a dense cloud of smoke which brought firemen on the scene with their little hatchets. It was the first time that the boys had seen smoke without fire. The Navy promised to pay for the damage.

Solving Heat Wave Problem

To many Americans London appears a city of eternal fog. Imagine the embarrassment of vacationers from the United States when Old Sol staged an offensive on the English capital recently and made the metropolis reminiscent of Death Valley, the California hot-spot. Here is how a couple of London stenographers solved the problem of living and working while the thermometer hovered around 99 degrees. They are taking tea in their portable pool atop a London hotel.

Plea In Abatement Filed By Oil Companies On Thursday

AUSTIN, Sept. 15. (AP)—A plea in abatement was filed in Travis county district court today by the Humble Oil and Refining company and the Humble Pipe Line company of an injunction obtained Sunday by Attorney General James V. Allred which restrained the companies from placing into effect a new crude oil purchasing policy.

No action was taken on the plea by District Judge W. F. Robertson.

The companies had proposed to purchase 50 per cent of the railroad commission allowable production from wells to which it was connected and to accept the remainder for storage. Allred charged the policy was a move to undermine the conservation orders of the railroad commission.

Both State And Defense At Rest In Trial Of Phillips

BRECKENRIDGE, Sept. 15 (AP)—Both the state and defense rested today at the murder trial of W. S. (Stony) Phillips, accused slayer of E. L. Churchill, an oil drilling contractor. Arguments were scheduled for this afternoon.

Phillips testified he shot Churchill in self defense. The shooting occurred in the lobby of a Fort Worth hotel March 14. The defendant told of trouble developing between himself and Churchill over Miss Sallie Moore, Phillips' fiance.

The "Better Sires - Better Stock" campaign, now being conducted by the department of agriculture in cooperation with the states, has nearly 18,000 farmers enrolled.

THE SMARTEST SILKS THIS SEASON ARE ROUGH

An entirely new type silk has been produced this season—dull of finish—soft and drapy in character yet rough and pebbled in its weave—a silk that is ideally created for styles that are correct for Fall 1932—styles that mark the return to more decidedly feminine lines in the designing of every garment. Our well appointed silk section offers you wide range of choice in these new silks.

ROUGH CREPES IN THREE FEATURE QUALITIES ARE HERE

Inspect all three of these outstanding values and then choose the quality best suited to your need—

Priced $1.00 Yd.

An all silk material in 40-inch width — the weave is in the correct rough tone and all fall colors are to be chosen —really an unusual value at only **$1.00**

Priced $1.69 Yd.

Fine soft finish rough crepe—from a high grade maker—a weave that is softness itself yet with the rough finish—40 inches wide and in all fall's new shades— yard **$1.69**

Priced $1.98 Yd.

The most popular cloth we have featured this season—a fine rough weave in good fine weight—40 inches wide —an unusual value—a reorder number already —priced yard **$1.98**

Rough Satins Also Are Here

Satins also this season feature the rough finish. Two qualities are featured, both with face and back finished for use in clever combinations —a high style note this season— priced yard—

$1.98 and $2.69

Two Flat Crepes At Attractive Prices

High grade pure silk flat crepes have almost limitless uses. In both underwear and dress shades two qualities are featured that really represent special values—40 inches wide—washable—

Limit Extension To Be Protested

"To obtain the release of this territory from the city limits," owners and residents of about a section of land, most of which is southeast of Morningside addition, organized Wednesday night, Charles Nordyke, an attorney who was elected secretary-treasurer, said.

LaVerne Kershner was elected chairman of the organization, who alleged "this territory was taken into the city limits by irregular methods and without the consent or knowledge of any of the inhabitants or owners." Negotiations to obtain counsel have been begun by a committee.

Morningside addition is immediately south of the Fort Worth & Denver City railway and east of Avenue H. Mr. Nordyke said the territory for which removal is sought is farm land extending from the old city limits on the south to state highway No. 7, and east of Avenue H, excepting Morningside addition.

Road Bonds Division Will Be Studied Here Saturday

The road bonds division of the proposed Lubbock county budget for 1933 as recommended by County Judge E. L. Pitts and an auditor possibly will be adopted Saturday by County Commissioners court, which adopted the rest of the proposed budget Monday and agreed to reconvene Saturday. In adopting the rest of the budget, the court set a 1932 levy of 53 cents on each $100 valuation as sufficient to dispose of all county costs except road bond interest.

Adoption of the bonds division of the budget was deferred in anticipation of some action by the legislature on bond assumption proposals before it. Twenty-three cents will be added to the tax levy if the status of county road bonds remains unchanged.

Lampasas Sheriff Is Chosen Head Of Officers Association

CORPUS CHRISTI, Sept. 15 (AP)—A. R. Harvey, sheriff of Lampasas county, was elected president of the Texas Sheriffs' association at the final session of the annual convention here today. H. L. Reese, of Brenham was elected vice-president. Robert Goodfellow of Austin was re-elected secretary-treasurer for the seventh year. San Antonio was selected as the next convention city.

Mahatma Gandhi Is To Be Moved When He Starts Fast

LONDON, Sept. 15. (AP) — The British government has decided that as soon as Mahatma Gandhi begins a hunger strike, which he has said he will start Sept. 20, he will be removed from the Yeroda jail at Poona to a place of private residence.

The announcement by the India office said it is hoped that it will not be necessary to impose any further restrictions on Mr. Gandhi but that this will depend on whether the liberty accorded him lends itself to the promotion of civil disobedience or of any similar agitation prejudicial to the maintenance of law and order.

The only restriction contemplated is that Mr. Gandhi would be served with an order directing him to remain at the place of private residence selected.

Suit For $200,000 Filed In Alienations Of Affections

SAN DIEGO, Calif., Sept. 15 (AP)—Suit for $200,000 was filed in court here today by Augusta I. Wessells, former wife of Dr. Andrew B. Wessels, prominent local specialist, against Stella Cook Cutrer, reputedly wealthy resident of San Antonio, Texas, alleging alienation of affections.

The complaint alleges that the San Antonio woman enticed Mrs. Wessels' husband away from her in September, 1931. Dr. Wessels and his wife separated on that date and she was granted a divorce in October on grounds of extreme cruelty.

Body Of Amarillo Victim Identified

AMARILLO, Sept. 15 (AP)—One of the two victims of an explosion and fire at a local residence Tuesday was identified today as J. C. Passmore, 26, local laborer.

The identification was made by his widow, and a sister, Mrs. Ellis, who told mortuary attendants that they came to view the bodies through curiosity. They said Passmore left home Tuesday saying he would go to Oklahoma to look over a farm that he had considered renting.

Mrs. Passmore said she was positive of the identification, although the body was terribly charred. A stubby thumb and a scar on the right leg aided in the identification.

The two women tentatively identified the other body as a friend of Passmore's whose residence is in Oklahoma. They said they did not knew, however that the man was in Amarillo.

CAR OWNER TRACED

RENO, Nev., Sept. 15, (AP) — An automobile found near a house in Amarillo, Texas, where two persons were mysteriously killed in a blast yesterday, was registered with the Nevada motor vehicle department as belonging to Knute Jensen of Las Vegas, Nevada.

A total of 3,920 laws have been written in the office of Henry M. London, North Carolina legislative reference librarian, since 1919.

Youth Is Killed In Foundry Shop

HOUSTON Sept. 15. (AP)— Jack Dreaper, jr., 17-year-old son of John A. Dreaper, vice-president and assistant trust officer of the South Texas Commercial National bank here, was instantly killed this afternoon in an accident at the plant of the Houston Foundry and Machine Company, Inc.

Young Dreaper, who was employed in the foundry, was trying to fit an elbow on an air compressor when the elbow was blown off, striking him and passing entirely through his head. He was dead when examined by fellow employes.

His father is secretary and treasurer of the foundry company and the youth was working there during vacation. He had intended to return to Houston junior college Monday.

TO CUT FORCE
