Reds Massing to Break Allied Line in South; Demand U.S. Withdrawal

2 More Cases Of Polio Are Reported Here

Two more polio cases have been reported in the last 24 hours, making a total of five cases within the last two days.

Mary Louise Gauny, five-month-old daughter of Mr. and Mrs. Claude Gauny, who live in a trailer at 801 Twenty-third Street, was taken to Snyder Hospital Clinic shortly before noon today. Her illness was diagnosed at polio and she was taken immediately to City-County Hospital in Fort Worth. Her condition was considered serious.

She was accompanied to the hospital, as have been the last three polio cases, by a nurse from Snyder Hospital Clinic with a supply of oxygen.

ADMITTED YESTERDAY

Rex Allen Williams, 4-year- old son of Mr. and Mrs. W. W. Williams, Parkview Trailer Courts, was taken to Hendrick Memorial Hospital in Abilene last night, suffering from spinal type polio.

He was admitted to the Snyder Hospital at 8:30 last night. The attending physician diagnosed the case as polio and the child was given emergency treatment before being taken to the Abilene hospital.

He was reportedly in serious condition this morning. The illness, still in an acute state, had affected the lower extremities.

GIRL BETTER

Linda Gayle Kulberth, 5, daughter of Mr. and Mrs. E. C. Kulbeth of Mac's Trailer Court, was said to be improved at Hendrick Memorial Hospital today. Her illness was diagnosed yesterday as bulbar type polio at the Snyder hospital and she was taken to Abilene in a respirator. She was still in the respirator this morning but was expected to be removed today.

The condition of Mary Miles Wilson, 8, and Lowanna Jo Housley, 9, daughters of Mr. and Mrs. Walter Wilson, D&M Trailer Court, was reported to be satisfactory this morning at the City-County Hospital in Fort Worth.

These two were diagnosed as polio to Fort Worth. The illness of Lowanna Jo Housley was diagnosed as bulbar type polio but Mary Wilson was not believed to be suffering from that type

All five cases have been residents of trailers.

PHYSICIAN ADVISES

"It is no surprise that poliomyelitis finally has struck in Snyder," Dr. Fred Dinkler, of the city-county health unit, said yesterday.

"As a matter of fact," he added, "we can consider ourselves fortunate that we got through so much of the summer without having any polio cases here.

"That we should have three in one 24-hour period is not an indication that an epidemic is on the way. It's an unusual way for a polio outbreak to start, but that is all you can say about it.

"There is no way to predict the extent the disease will spread here. Very little is known about it, despite the fact that some of the best minds in medicine are engaged in studying its prevention and cure.

"The only advice we have for parents is that they should keep their children out of crowds, and be sure they do not get too tired and run-down."

Clairemont Oil Venture Is To Be Abandoned

Sun Oil Co. No. 1-A Bilby-Wallace, Central Kent County wildcat, one mile northeast of the town of Clairemont and about two miles northeast of the two-well Clairemont lower Pennsylvanian field is to be plugged and abandoned on total depth of 7,315 feet in barren Ellenburger.

At the top of the Ellenburger at 7,273 feet this project drilled to 7,315 feet. It took a one-hour drillstem test at 7,284-7,315 feet. Elevation is 2,093 feet.

There was a strong blow of air at the surface in 40 minutes and a light blow the last 20 minutes of the investigation.

Recovery was 60 feet of drilling mud, and 6,000 feet of sulphur water. There were no shows of oil or gas.

Electric log surveys have been run and operator is now in process of plugging.

Location is 467 feet from west and 660 feet from south lines of section 21, block 98, H&TC survey.

VEALMOOR OUTPOST

Ray Oil Co. of Dallas has staked a one-half mile north outpost to the Vealmoor Canyon field, which straddles the Borden-Howard County line.

The proposed project will be No. 1 T. J. Goode, located 560 feet from south and 1,900 feet from east lines of section 22, block 32, T-3-N, T&P survey and four miles northeast of the town of Vealmoor.

Operations are scheduled to begin immediately.

Projected depth is 7,850 feet.

DAWSON WILDCAT

Dau Auld and V. A. Brill are to begin operations immediately on their No. 1 C. B. Baker Grisson,

Marines in Korea Move to Battlefront

U. S. Marines, loaded for combat, prepare to board a train at a South Korean port to move toward the critical battlefront.

Army To Call 62,000 Individual Reservists

WASHINGTON, Aug. 4. (AP) — The Army announced today it will call out 62,000 individual reservists during September and October, "with or without their consent," for 21 months of duty.

They will come from a pool of about 185,000 enlisted male reservists who are not members of the Organized Reserve Corps units. They will be used primarily to bring the National Guard and Organized Reserve units to full strength.

ENLISTED MEN

The group to be called out consists only of enlisted men, not officers.

The first 32,000 will be in camp by Sept. 15, the remainder by the middle of October, the Army's announcement said.

Those called first will be between 19 and 25 years old.

Priority will be determined by the number of denendents. Those with no dependents are to be called first, those with one dependent, second, and those with more than one dependent later on.

FIRST INDIVIDUAL CALL

This was the first time the Army has called up enlisted reserves who are not in units.

About 116,000 reservists who are in units, and whose units have not yet been called out, are exempt from the September-October call. Evidently it is planned to call them out as units.

Most of the enlisted reserves are veterans of World War II. The Army said that those members serving reserve enlistments for three to six years under the terms of the Selective Service Act of 1948 will be subject to call on the same basis as all other reserves. This group, which is part of the 185,000 man pool, includes men who served on active duty for less than three years after the war and then reverted to reserve status.

ORDERS, 21 DAYS

The reserves will come from all parts of the nation. Quotas for Army areas, which are about in proportion to the total strength of the enlisted reserve corps in those areas, include:

Fourth Army (Texas, Louisiana Arkansas, Oklahoma, New Mexico), 6,230.

Reservists first will be selected tentatively and ordered to their nearest medical facility for physical examination. Then they will return to their homes and be ordered to active duty from there if their physical condition has been found satisfactory.

They will be given 21 days from the date of receipt of their orders to settle personal affairs before reporting to training divisions or reception centers.

Britain Needs U. S. Help In Building Arms

LONDON, Aug. 4. (AP) — Britain announced last night she is ready to boost her defense spending to $9,520,000,000 over the next three years if America will help her economy absorb the shock.

If agreement with the U. S. can be worked out — and State Department officials indicated it could be — Britain will be adding about $616 million a year to her current defense expenditure.

MUCH GREATER

The proposed outlay would be 43 per cent greater than military spending announced before the Korean war started. It would increase from eight to 10 per cent the portion of the national income spent on military preparations against communism.

The announcement indicated that most of the increase would go for production of new arms and equipment for Atlantic Pact forces.

Britain's offer to enlarge her contributions to western defense came in the form of a memorandum to the United States replying to an American request for such information.

The U. S. had asked all Atlantic Pact countries to state by Aug. 5 what they propose to contribute to the West's overall defense program. Holland yesterday announced preparations for stand-by mobilization of three divisions and measures to speed up defense production.

TRUMAN PLEASED

President Truman told a news conference in Washington last night he was very pleased with Britain's offer. He said he hoped the other Atlantic Pact nations would follow suit.

The statement said the total cost of the project "would be so heavy that it would be impossible to carry out the full program without substantial United States assistance in addition to completion of the European recovery program."

In return Britain offered to help meet the "deficiencies in equipment of the North Atlantic treaty organization forces of other nations."

New Federal Offense

WASHINGTON, Aug. 4. (AP) President Truman yesterday signed a bill to make it a federal offense to rob a state-chartered savings and loan association whose accounts are federally insured.

Continue To Take TV Shots

The filming of Snyder scenes for transmission over the National Broadcasting company's television circuits was to be completed today, Harold Bennett, manager of the Chamber of Commerce, said.

Thirteen scenes were photographed yesterday by Maurice Levy, N. B. C. television cameraman.

They included an oil well being brought in, crowded traffic on the square, another traffic jam, temporary housing, hotels and tourist camps, oilmen and others conducting business on the street, a picture of Ernest Taylor conducting his insurance business from his automobile, a church and oil well in the same picture, rush business scenes at the West Texas State Bank, school groups, the Country Club, and night scenes in the oil field.

Other oil activities, ranch shots, and building activities were scheduled to be filmed today. The television circuits will get the Snyder films sometime next week, Levy said.

Circus For Youth Center

An outdoor circus to benefit the Youth Center will be sponsored by the Rotary Club for four performances next week, Friday through Sunday, at the rodeo grounds.

Animal acts, featuring a trained seal, and acrobatic acts will be main events presented by the Barker Brothers Circus, which has played all over the United States under the sponsorship of civic groups.

Performances will be at 8:15 Friday night, 2:15 and 8:15 Saturday, and 2:15 Sunday afternoon.

Tickets, which will be sold by young people of the Youth Center group at $1.20, will admit one adult or two children.

The youth center will receive 12 per cent of the gross returns after taxes are paid.

Three Positions Are Filled on Nursing Staff at Hospital

Three changes on the nursing staff at Snyder Hospital Clinic have been announced.

Mrs. Ruby Lee, formerly anesthetist at the hospital, has been named superintendent of nurses, replacing Mrs. Grace Jordan. Mrs. Lee is a graduate of Baylor School of Nursing. She is a native of Snyder. Her husbnad, Billie Lee, is owner of the City Cafe.

Mrs. Lillie Mae Maxie, a registered nurse and graduate of St. Mary's Hospital in Port Arthur, Tex., arrived yesterday to take a position as supervisor. She came to Snyder from Villa Plaite, La.

Mrs. Blanche Comstock assumes duties as supervisor today. Also a registered nurse, she came to Snyder from Chickasha, Okla.

Russia To Ask North Korea Sit With UN

Western Diplomats Are Expected To Oppose Move Vigorously

LAKE SUCCESS, Aug. 4. (AP) — Russia today demanded the immediate withdrawal of United States and all other foreign troops from Korean soil as part of a two-point Soviet "peace" proposal. It asked the Security Council to hear both the North and South Koreans, and threatened to exercise its veto power unless the council hears the North Koreans.

At the start of today's council session, Malik introduced a resolution which he described as dealing with the peaceful settlement of the Korean problem. This would call upon the council (1) to invite Red China and Chinese representatives in, before further discussions, and (2) to halt military action and withdraw all foreign troops from Korea.

This was a counter-proposal to a resolution introduced earlier by the United States. The U. S. resolution called for the security council to condemn the defiance of North Korea to a cease-fire order, and to call upon all nations to refrain from assisting North Korea.

Malik told the council it should invite "both parties participating in these hostilities"—that is, both the North and South Koreans.

Western diplomats are expected to offer vigorous opposition to any move to bring the North Koreans to the council table.

But the Soviet Deputy Foreign Minister Jakob A. Malik presiding there could be a prolonged parliamentary wrangle. No representative of North Korea is in this country now.

The council voted 8 to 1 yesterday to take up as the first order of business today a United States resolution condemning North Korean defiance of the United Nations and asking all countries to help localize the conflict.

Amid bitter verbal exchanges the council twice again rejected Soviet attempts to put the question of seating Communist China in the UN first on the agenda.

Russia's Jakob A. Malik, who ended his seven-month boycott of the UN to take over presidency of the council Aug. 1, preceded the vote with a vitriolic attack charging the United States with provoking the war in Korea.

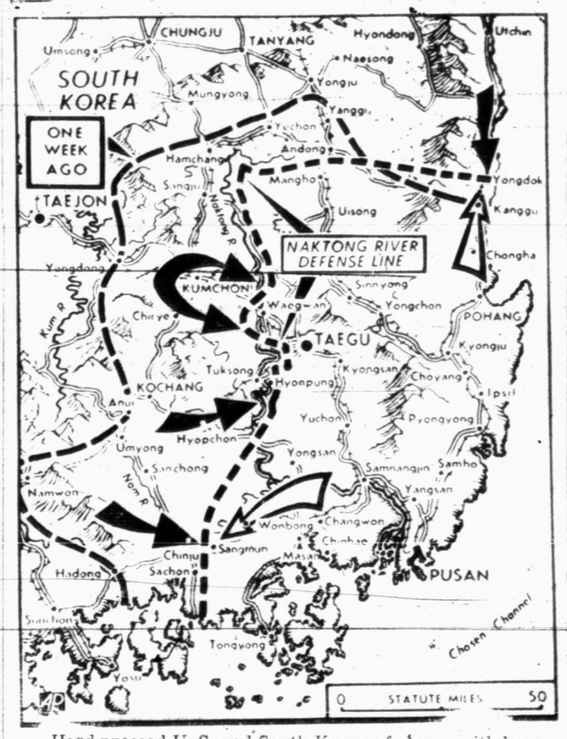

U. S. Delegate Warren R. Austin denounced Malik's charges as a new slander, a new threat, a new provocation. It was one of the most heated exchanges ever heard in the council chamber.

Austin said he doubted that the Soviet Union wanted the council to go into "the question of whose design and whose command brought about the unleashing of this new wave of tragedy and bloodshed which has overtaken the international community."

"Inadvertently, he might expose the villain," the American declared.

Malik retorted that Austin was "hysterical and his hand wavings and shouting don't make any impression on me as a Soviet delegate."

Allies Stop Latest Red Push

Hard-pressed U. S. and South Korean forces—withdrawn east of the Naktong River before North Korean assaults (dark arrows)—were bolstered on their new defense line by troops of the newly arrived 2nd Infantry Division and the 1st Marine Division. Yesterday the 25th Division shifted

Pressure Heavy To Cut Off Vital Port

After Counterattack, 600 of Enemy Dead, Tanks Are Burned

By The Associated Press

TOKYO, Saturday, Aug. 5. (AP) — North Korean invaders, checked by a sharp American counterattack at the southwest corner of the South Korean front, were reported bringing up two ned divisions today for their determined push on Pusan, the all-important post 35 miles to the east.

The Americans, newly reinforced by elements of the First Marine and Second Infantry divisions, confronted continuing heavy pressure in their struggle to maintain their narrowing foothold in Korea.

Gen. MacArthur's headquarters summary, issued at 12:10 a.m. today (8:10 a.m. Friday, CST), placed the fighting scene along an arc running from 20 miles southeast to 11 miles east to 15 miles northeast of Chinju.

600 DEAD

It said in that area alone 600 enemy dead had been estimated after the hot battle of Thursday.

Front-line field dispatches, covering later information, placed the scene of the American counterattack eight miles west of Masan. That would be 20 miles east of Chinju and 35 air miles from Pusan.

It was there, reported AP Correspondent Don Whitehead, that the 600 enemy dead were counted after the 27th Regimental Combat team of the U. S. 25th Infantry Division met a North Korean advance head-on and hurled it back in a wild four-hour battle.

MacArthur's summary said "the fighting continues" along that front. It said the undaunted Reds were maintaining steady pressure and possibly shifting two more divisions from other sectors to that key position. They had not, however, been able thus far to advance.

HEAVY FIRE

In the Yongdok vicinity, on the east coast at the extreme other end of the 125-mile defense line, MacArthur's release reported heavy enemy artillery and mortar fire. Elsewhere along the square-cornered east-west and north-south line, the North Koreans were reported "disengaged."

It was there, reported AP Correspondent, central sectors that the Americans were dug in behind the Naktong River. Officers freely described it as the best defense line they had yet found and at which they intended to stand.

The vital point — key at present to the whole American position in Korea — was at the southern end of the line. It was there that the Reds were bringing up their reinforcements and shoving steadily to try to slice off Pusan.

Wage-Price Bill Is Killed In Congress

WASHINGTON, Aug. 4. (AP) — The House today junked its mandatory wage and price curb bill and started over on the job of writing an economic control measure.

The mandatory wage-price bill—providing for ceilings to go on automatically if living costs rise 5 per cent above the level of June 15—was denounced yesterday by President Truman. He called it an invitation for a five per cent rise.

The House threw it out on a standing vote of 172 to 161 on which the members were not recorded by name. The idea had been tentatively approved yesterday, 159 to 128.

STANDBY CONTROLS

The action left before the House a controls bill providing only standby allocation and priorities powers for the President, authority to requisition war-needed materials, to grant production loans and to curb credits.

This bill, however, was subject to amendment to add wage-price controls.

President Truman made it clear at his news conference yesterday afternoon that he doesn't want the automatic wage-price control tentatively voted by the House.

The House had accepted an amendment by Rep. McKinnon (D-Calif) which would require that the President clamp controls on selective prices and wages whenever the Bureau of Labor Statistics (BLS) cost of living index reached a point five pre cent or more beyond where it was June 15.

UP TO PRESIDENT

Under the amendment the President could decide what things ought to be controlled, guided by price and wage levels that prevailed between May 24 and June 24 of this year.

Mr. Truman said the amendment would be an invitation to a five per cent hike in prices and said he completely disapproved. If we are going to have price controls, he said, let's have it.

He added that he preferred to have stand-by authority ot act if need be. He said he had no objection to stand-by authority to roll back prices to what they were during a period between May 24 and June 24.

Postal Receipts For July Up 190 Per Cent

Revised receipts of the Snyder post office for July show a total of $9,193.02 as compared to $3,142.62 for the same month in 1949, or a gain of 190 per cent, said H. D. Moreland, acting postmaster today.

July receipts also showed a gain over the past June when receipts were $8,288.33, said Moreland.

Truman's Backing of Acheson Provokes More GOP Attacks

WASHINGTON, Aug. 4. (AP)—President Truman's insistence that he will keep Secrtary of State Acheson and Secretary of Defense Johnson in his cabinet indefinitely provoked new Republican blasts at Acheson today.

Mr. Truman announced at his news conference yesterday his solid backing for the two administration officials. Both have been under hot political fire in connection with charges of American unpreparedness for the Korean war.

The President also:

OTHER DEMANDS

1. Demanded that the Senate reconsider a 65 to 15 vote earlier in the week directing a $100 million loan to Spain. He was rebuffed within three hours by an identical vote reaffirming the decision.

2. Disputed the statement of his Senate leader, Sen. Lucas of Illinois, that there won't be time in this session for action on the Hawaii and Alaska statehood bills.

3. Set Sen. Tydings (D-Md) down abruptly with the assertion that the armed services chairman was mistaken when he said the White House suggested that Edwin W. Pauley, former reparations commissioner, testify on Korea.

4. Announced he wouldn't withdraw two controversial nominations the Senate seems almost certain to reject.

VATICAN ENVOY

5. Said the question of sending a permanent diplomatic representative to the Vatican is under consideration. In the past, a number of Protestant churchmen have expressed opposition to any such move.

6. Affirmed that he will support the Democratic nominee for the Senate in Missouri—whether he is Emery Allison, whom he publicly backed in the primary, or Thomas C. Hennings, Jr., the probable victor in a count that is yet to be completed.

Mr. Truman's vigorous statement in support of Acheson and Johnson was made as part of his surprised comment on a suggestion [illegible] Assistant House Floor leader, that the two cabinet members ought to be replaced in the interests of national unity.

Hydrogen Bomb Contract Being Negotiated With DuPont Co.

WASHINGTON, Aug. 4. (AP)—Sen. McMahon, (D-Conn)., confirmed today that a contract is being negotiated with the DuPont Co. of Wilmington, Del., for work on the hydrogen bomb.

In a guarded statement earlier this week the Atomic Energy Commission hinted as much but did not specifically say neogitations were under way.

TO REPORTERS

McMahon, chairman of the Senate-House atomic energy committee, made his statement to reporters after a closed meeting of that group with Crawford Greenwalt, president of the DuPont Co.

McMahon said the committee approved of the contract which is being negotiated by the commission with DuPont. He said its purpose is "to further progress of the hydrogen bomb project."

He said he expects the contract to be initialed within the next two weeks and that it would provide for reimbursement of the company for its costs plus a fee of $1.

[illegible] said the DuPont Co. had been selected to design, build and operate new facilities of "advanced design."

CHOICE

It added these would be for the production of materials "which can be used either for weapons or for fuels."

McMahon told reporters no decision has been reached on where the plants will be situated. Previously his committee announced the site may embrace as many as 200,000 acres.

He said that among the factors governing selection will be nearness to a town, large supplies of water and power and invulnerability to attack.

Army Limits Lifted

WASHINGTON, Aug. 4. (AP) — A bill lifting all limits on the size of the nation's armed forces was signed yesterday by President Truman.

The Weather

WEST TEXAS: Partly cloudy this afternoon, tonight and Saturday. Scattered thundershowers tonight except fair in Big Bend, Pecos-Toyah-Kent-Stonewall, Pine Springs, Pecos, Van Horn, Del Rio-Eagle Pass area. Not much change in temperatures.

EAST TEXAS: Partly cloudy this afternoon, tonight and Saturday. Not much change in temperature. Moderate southerly winds on the coast.

TALK OF THE TOWN

BY FRANCES BIOW

"The coed this Fall will spring forth in Deep Casual clothes, not the baby-ish little-girl college clothes of other seasons," read a fashion release which fluttered onto my desk this morning. A matter of a half hour's telephoning of our own coeds about town revealed that "deep casual" is an exact description of what Miss Snyder has chosen to wear to receive her higher education.

* * *

Psychologically, the time was right for a fashion survey. Mothers and daughters are hauling out with gusto the packing cases, trunks, and coat hangers. The check lists are diminishing as visits to the store materialize and the wardrobe begins to mtasure up to young dreams.

* * *

MISS DEWEY FAYE EVERETT off to Tech Sept. 17, has everything bought with a thoroughness and sure eye to taste and her own western-loving personality. A suit (as every gal knows by the time she leaves rompers) is the pacemaker of her ensembles. And Dewey Faye will compliment her dramatically brunette coloring with a green tweed suit. Fashion accent on the suit will be a black velvet high collar, velvet pocket flaps, a tight, tapering skirt—the new narrow kind. With a feeling for the different which she can wear so fancifully, Dewey searched industriously and came up with her "tea outfit." Of mauve satin, street length, she will appear in black velvet pumps (finally located in Fort Worth), a velvet hat and bag. Bids to Las Chaparritas and a number of other campus sororities pile up on her desk at her ranch home west of Snyder and she explains, "I have not decided which club I shall choose as yet. But my red evening gown, combination satin and net, should carry me through any rush parties I run into!"

* * *

Dewey's roommate in the girl's dorm at Tech, will be MISS ANN BUCY; who out at Lion Oil Co. settlement is dreaming of sweater-and-skirt combinations that sing. A shapely blond of 5 feet, 8 inches, Ann has decided her best ensemble will be a dark green very-tailored suit, touched up wtih high-heeled green suede shoes, matching bag, and a brown hat that sets regally way back on her curls. Headed for being a businessman's secretary some day, Ann loves her casual outfits. She draws on a bright colored cardigan over her skirt and roams in oxfords for most occasions. She also likes slip-on sweaters.

* * *

MISS JOY McGLAUN hurried into Snyder and out again recently when her twin brother, Jack McGlaun, married and her mother, MRS. O. D. McGLAUN caught only a fleeting glimpse of her in her non-crushable yellow Irish linen, strictly built for summer occasions. "However," Mrs. McGlaun confided, "Joy isn't so busy down at T.S.C.W., Denton, that she doesn't express very definite, desires for a corduroy suit. I believe it will be in rust and green." With Joy's blond hair and brown eyes, this combo should be good. Joy's serious clothes plans are to come only after she is through with her occupational therapy class work, as she is career-minded. A post at Bedford Hills, N. Y., is being held for her upon graduation next Spring.

* * *

MISS JEANA PEARCE, daughter of MR. AND MRS. WAYNE PEARCE, who live west of Snyder, is carefully packing in tissue paper that red velvet suit, made cunningly with a short-short jacket, fitted bodice, high neck (so popular this year) and unpressed pleats in front. Black suede accessories will go along. Jeana will entrain for North Texas State Teachers College, Denton, in September.

PERSONALS

Miss Naomi Knight from San Antonio is here visiting in the home of Mr. and Mrs. T. A. Faver, 2005 Avenue M.

Mrs. L. V. Knight from Houston is here with her daughter, and family, Mr. and Mrs. G. R. Favor, 1211 Twenty-first Street.

B. J. Jernigan and his mother, Mrs. Emma Jernigan, 1801 Avenue S, left Sunday on a two weeks' trip to San Diego, Calif., where they will visit Homer Jernigan. B. J. Jernigan is on vacation from work with the City Plumbing Co.

Mr. and Mrs. Clarence C. Chambless are the parents of a new baby girl, born today. Dr. Charles Girod delivered the baby.

Mr. and Mrs. Ernest Odom, route No. 3 Snyder, are the parents of a baby girl, born today. Dr. Harry Ward was the attending physician.

Mr. and Mrs. Irby Berryman, 2109 Avenue T, have a baby boy, born at the hospital Wednesay.

Mr. and Mrs. Lee Small have moved from Snyder to Las Vegas, Nevada, their former home. Mr. Small was a mechanic for the Chevrolet Motor Co.

Miss Mantha Landfried, 401 Thirtieth Street, will leave for her annual vacation Monday.

Don Boles is the new salesman, announcer and copywriter for Station KSNY. Mr. Boles comes here from Clovis, N. M., and plans to live here permanently.

The Rev. and Mrs. J. D. Dillard, 1209 Twenty-sixth Street, left this week end for Gainsville, Tex., where they will spend a few days visiting with members of Mrs. Dillard's family, assembled there for a family reunion. The Dillard's two sons, Vernon Dillard and Carrol Dillard, will return to Snyder with them. The boys have been visiting there with relatives for several weeks.

Mr. and Mrs. Hollis Tinney, 1901 Nineteenth Street, are the parents of a baby boy, born today. The child weighed 5 pounds, 14 ounces.

Mr. and Mrs. Bill Love, Hermleigh, entertained a few friends in their home Thursday night with a full course dinner. Present were Mr. and Mrs. Jake Smith, Mr. and Mrs. Bpyce Jones, Mr. and Mrs. D. Smith, all of Hermleigh and La Wayne Hulse, Snyder.

Mr. and Mrs. H. T. Brown have just associated themselves with the Longhorn Cafe, a new steak house on Lamesa Highway. Mr. Brown was formerly the chef at the Manhattan Coffee Shop, Mrs. Brown the cashier. Mrs. Brown is hostess at the Longhorn and Mr. Brown the chef.

Mr. and Mrs. Edward Bolger will leave tonight for Waco, where they will visit friends.

Dr. and Mrs. William Marshall Smith will go to Abilene this week end to be members of a house party in the ranch home of Mr. and Mrs. Art Faustgen. Mr. Faustgen is Mrs. Smith's brother.

Mr. and Mrs. Cicero Randal from Randell, Tex. have been here the past week visiting with Mr. and Mrs. R. A. Sample, 1708 Avenue G. Mr. Randal is a nephew of Mrs. Sample, whom she had not seen in 12 years.

Women's Calendar

FRIDAY

Mary-Martha and Ruth Sunday School classes meet jointly for watermelon feast, First Baptist Church lawn.

SUNDAY

Picnic and watermelon feast by Chamber of Commerce Building, 2 p.m. for all young people of town, Youth Center sponsored.

Officers Are Elected By Newcomers' Unit

The Newcomers' Study Club at its meeting Thursday elected officers to serve for the next six months. The group met with Mrs. Mansene Holt, 2906 Avenue Y.

New officers elected are: Mrs. Bob Davie, chairman; Mrs. Lyman Yoder, program chairman; Mrs. George Wilson, membership chairman; Mrs. Mansene Holt, recreation chairman; Mrs. H. W. Sanders, treasurer.

The group heard a discussion on drapery and slip cover treatment by Mrs. Davie. Each member gave a "trick of the trade" in this branch of home decoration.

Refreshments of chocolate cake and iced tea were served to the following members: Mrs. H. D. Jones, Mrs. W. W. Park, Mrs. Betty Rose, a new member; and Mrs. Wilson, Mrs. Holt, Mrs. Yoder, Mrs. Davie, and Mrs. Sanders. Guests present were Mrs. C. W. McCain and Mrs. F. H. Jones.

The club will meet next month in the home of Mrs. Davie, 2805 Avenue F.

Miss Murphy, Ernest Buffington Married At Home of Bride

A double ring ceremony in the home of the bride Wednesday night united Mr. and Mrs. Ernest Buffington. Mrs. Buffington is the former Miss Valerie Murphy, the daughter of Mr. and Mrs. F. F. Murphy, 3212 Avenue K. Mr. Buffington is the son of J. N. Buffington, 1504 Twenty-sixth Street.

The Rev. G. E. Roberts, Jr., Baptist pastor of Manifest, La., and uncle of the bride, performed the ceremony. The bride was given in marriage by her father.

Mrs. Buffington wore a suit of navy gaberdine with a pink blouse and navy accessories. Her flowers were pink carnations. Attending the bride was Mrs. Lawrence Hearne, Chatham, La. Mrs. Hearne wore a tan flowered crepe dress with green accessories.

A reception followed the ceremony. Mrs. H. D. Roberts, Levelland, Tex., and Mrs. Nolen Roberts, Whiteface, Tex., served the three tiered wedding cake, with a miniture bride and groom on it.

Out of town guests for the wedding were: Mrs. Lula Roberts, Tullos, La., grandmother of the bride; Mr. and Mrs. James Roberts and son, Tullos; the Rev. and Mrs. G. E. Roberts and daughters, Manifest, La; Mr. and Mrs. Lawrence Hearne, Chatham, La.; Mr. and Mrs. H. D. Roberts and daughter; and Mr. and Mrs. L. L. Roberts and son, Whiteface.

Mr. and Mrs. Buffington will make their home in Snyder.

Mrs. Beck Honored At Shower in Fluvanna

Mrs. Jimmy Beck, Snyder, was honoree at a miscellaneous shower this week in the Fluvanna home of Mrs. B. B. Forehand. Co-hostesses were Mrs. Alton Miliken, Mrs. Sandy Holder, Mrs. Preston Hunnicutt and Mrs. Bogue Forehand.

Approximately 30 guests arrived with gifts for the recent bride.

Refreshments of punch and cake, with small sandwiches and olives, were served by Mrs. Forehand.

Bridal Shower Given To Honor Mrs. Land

Mrs. L. C. Beaty, 309 Twenty-ninth Street, entertained last week with the last of a series of showers and bridal parties or Mrs. Charles Land, the former Miss Ann Dillard. Miss Dillard was the daughter of the Rev. and Mrs. J. D. Dillard, 1209 Twenty-sixth Street, before her July marriage to Mr. Land.

More than 20 guests attended the shower at Mrs. Beaty's home. Punch and cake were served to the guests. Mrs. Everett Gollihor assisted Mrs. Beaty in hostess duties.

U. S. Invalidates Paul Robeson's Passport

WASHINGTON, Aug. 4. (AP)—Paul Robeson's passport has been cancelled by the State Department. A spokesman said the department felt the Negro singer's actions were not always in the interest of the United States.

Robeson has made frequent trips abroad, including a number of visits to Russia. He has spoken with high approval of Communists and their aims.

The spokesman said Robeson had been asked to give up his passport — without which he can not leave the country — but had refused. The department then notified immigration and diplomatic officials that the passport was void.

Robeson was not immediately available for comment.

Mrs. S. A. Barnes, Jr., will fly in from Fort Worth this week end to be with her husband, Mr. Barnes, who is associated with Bolger-Barnes Funeral home. She will visit a few days.

Gallup Poll

Survey Finds U. S. in Favor Of Fight to Stop Soviet Russia

By GEORGE GALLUP
Director, American Institute of Public Opinion

(Following is one of a series of public opinion reports by the Gallup Poll on American reaction to the present world crisis. It deals with American thinking about war on one hand and Communist expansion on the other. Subsequent reports will cover public sentiment on mobilization, defense, taxation, the United Nations and other aspects of the situation facing the country today.)

PRINCETON, N. J., Aug. 3 — The American people do not want war—but a substantial majority say in a nationwide survey that they would rather risk war than permit Russian power to expand further in Asia or Europe.

If Communist expansion can be stopped without war, the American people would obviously favor that alternative; but if resort to war were the only way to halt the tide, there is evidence that the public would not shrink from such a decision.

The evidence is found in a series of surveys conducted by the Institute to probe opinion on various aspects of the present world crisis. One of these surveys put the following alternatives before a balanced cross-section of U. S. voters in all parts of the country:

"Which of these two things do you think is more important:

"A. That this country keep out of a major war?"

—OR—

"B. That Russian expansion in Asia and Europe be stopped?"

Here is the vote:

Keep out of war	25
Stop Russian expansion	68
No opinion	7
Total	100

Leaders in the Kremlin may be interested in a striking historical parallel between this survey and similar studies during 1940 and 1941 when Hitler was at the crest of his power.

Institute surveys at that time asked the American people which was more important—that we stay out of war or that Hitler be stopped.

They voted 2-to-1 that stopping Nazism was more vital than avoiding war.

Hitler's gamble on the strength of pacificism in the United States proved a poor risk.

* * *

War for German Zone?

Suppose Russia's next move in what has been called the "smolder war" is a communist invasion of the American zone of Germany—Should the United States go to war?

The public vote is in the affirmative, judging by this survey question:

"Do you think the United States should or should not go to war with Russia if Communist troops attack the American Zone in Germany?"

The vote:

Should	79
Should not	11
No opinion	10
Total	100

No Desire to Start War

Underlying all of the attitudes today toward Russia is the basic idea that the United States will not initiate a shooting war, that provoking a conflict would be entirely in enemy hands.

This also was the prevailing temper of the country prior to Pearl Harbor.

At no time before we got into World War II did Institute surveys find a vote of more than 23 per cent in favor of the United States declaring war on Hitler and taking the initiative in a shooting war.

Today, again, the ratio of Americans who think we should start a war with Russia is again at a low figure. During the period July 10-18, Institute interviewers put this question to the public:

"Do you think the United States should declare war on Russia now:"

The vote:

Yes	15
No	79
No opinion	6
Total	100

CANADIAN OPINION

Canadian public sentiment overwhelmingly supports sending war equipment to South Korea, but is divided on sending Canadian troops, a survey by the Canadian Institute of Public Opinion reveals.

The survey found a 6-to-1 vote of approval of the stand taken by President Truman in defending South Korea. Canadian voters were then asked:

"Do you think Canada should send equipment to this war, or not?"

The vote:

Yes, should send equipment	59
No, should not	23
Qualified	10
No opinion	8
Total	100

The final question, asked only of 77 per cent who did not definitely disapprove of sending equipment, was:

"Would you approve or disapprove if Canada sent men to fight in this war?"

The vote:

Approval	34
Disapprove	16
Qualified	15
No opinion	12
Total	77
Disapprove sending any aid	23
Total	100

Harriman-MacArthur Talks On High Policy Are Expected

By JOHN M. HIGHTOWER
(Associated Press Staff)

WASHINGTON, Aug. 4. — A flying trip to Tokyo by a member of President Truman's executive staff indicated today that major Far Eastern political decisions may be in the making.

W. Averell Harriman, Mr. Truman's special assistant on foreign affairs, is scheduled to leave at once for conferences with Gen. Douglas MacArthur.

The President announced the trip at his news conference yesterday. He said Harriman would be accompanied by Gen. Lauris Norstad, assistant chief of staff of the Air Force, and Maj. Gen. Frank B. Lowe. They will return next week and Harriman will report promptly to the President.

WITH MacARTHUR

The purpose of the trip, Mr. Truman said, is for Harriman to discuss Far Eastern political questions with MacArthur.

It was understood that Harriman wants to get first hand information on Far Eastern conditions and problems arising out of the Korean crisis.

Diplomatic authorities said issues which appear certain to be discussed and which are moving toward the point of American policy decisions include:

1. The 38th Parallel—from the beginning of the Korean fighting there has been a question as to whether the United Nations forces under MacArthur's command should stop at the 38th Parallel once they have generated a successful drive against the North Korean Communist. That line divides northern and southern Korea.

American officials reportedly feel that the final decision should be worked out with other United Nations members opposing aggression in Korea. Apart from this the United States will first have to determine what action it feels would be best to take.

2. A final Korean settlement—one of the big problems in the Korean crisis is what kind of final settlement the United States and associated members of the UN should seek once they have achieved victory over the Communist invaders.

FORMOSA STATUS

3. The future status of Formosa—American moves to protect the Chinese Nationalist Island from Communist invasion have left this question wide open except that there is no longer any disposition here to write off Formosa to the Chinese Red regime. The island may continue under Generalissimo Chiang Kai-shek indefinitely but most Washington authorities believe its legal status must be clarified either in a Japanese peace treaty or through United Nations action.

4. A Japanese peace treaty—the dominant view in Washington now is that this government should take the lead in getting ahead with a Japanese peace settlement as soon as possible. That involves critical questions of Japan's future defenses and of American security interests in the Wester Pacific Much work has already been done on these by state and defense department leaders but details of American policy are still to be finally decided.

Korean Arms Plants Are Hit From Air

TOKYO, Aug. 4. (AP) — American B-29 bombing raids on Hungnam have "definitely halted" production of ammunition and other war material in that North Korean industrial center, the U. S. Far East Air Forces said today.

In three big strikes the B-29s dropped 1,300 tons of bombs on Hungnam war plants.

Lt. Gen. George E. Stratemeyer, FEAF commander, said in an official release they damaged 85 per cent of the buildings, laboratories, power plants and warehouses in the target area.

HEART OF INDUSTRY

Hungnam is the heart of the North Korean chemical and munitions industry, on the east coast 118 miles north of the 38th Parallel.

B-29s hit the Chosen (Korean) Nitrogen explosives plant Sunday, the Chosen Nitrogen Fertilizer Factory Tuesday, and the Bogun Chemical plant Thursday. All targets were described as "highly sensitive."

The plants were interrelated and dependent on each other, FEAF said.

Together they produced acids, nitrogen, nitroglycerine, hydrogen and chemicals necessary to produce explosives. The combine was the largest of its type in the Orient.

EXPANDS

It has been expanded and production increased considerably since the start of the Korean war.

The Air Force said photographs verified reports of returning pilots that their bombs had set huge fires. Airmen had reported being bounced around by shock waves at 15,000 feet in one raid, indicating the tremendous explosions the raiders had touched off.

Clairemont Oil

(Continued from Page 1)

wildcat in southeast Dawson County.

It will be 660 feet from north and east lines of section 17, block 34, T-4-N, T&P survey. Drillsite is three and one-half miles southwest of the Spraberry field.

Slated depth is 9,250 feet which is calculated to test into the Pennsylvanian section of that area.

LAMESA WELL

Fred. M. Manning Inc. and Bay Petroleum Corp. No. 1 D. Huddle, Central Dawson County wildcat, one and one-half miles southwest of Lamesa, was coring from 7,977 feet in the top of a new sand section.

This project, which indicated a possible discovery from the Spraberry sand in a drillstem test at 7,860-76 feet when it recovered approximately 4,800 feet of oil, gas, and drill mud, has not logged any more shows of petroleum since going below the 7,876 foot level. A core was taken at 7,939-55 feet. Recovery was 17 feet of shale and lime. The drillstem test was taken at 7,930-56 feet.

The tool was opened two hours. There was a weak flow of air for five minutes and it then died.

Recovery was 10 feet of drilling mud, with no shows of oil, gas or formation water.

The section of 7,956 feet to 7,977 feet was drilled through lime and shale. The sand was found at 7,977 feet.

Location is 1,980 feet from north and west lines of section 11, block 36, T&P survey, T-5-N.

WOLFCAMP DISCOVERY

The Vickers Petroleum Co., Inc., and Norwood Drilling Co. have officially completed their No. 1-A Canning, Southeast Borden County wildcat as a discovery from the Wolfcamp lime of the lower Permian.

The new field opener made a calculated 24-hour potential of 1,420 barrels of 41-gravity oil, and no water, flowing naturally from open hole at 5,912-37 feet.

Gas-oil ratio was 283-1. Open flowing bottom hole pressure was 1,952 pounds. Shutin bottom hole pressure was 2,674 pounds.

The 24-hour potential figure was based on an actual 18 ½-hour flow. This wildcat producer is four miles north of the opener of Von Roeder Canyon field, and 1,980 feet from south and west lines of section 142, block 25, H&TC survey.

TO TEST ELLENBURGER

James H. Snowden and associates of Fort Worth No. 1 Hugh Andrews, Crockett County prospect between the Todd Deep and Midway Lane-Ellenburger fields, was drilling plug on a string of 5½-inch casing which was cemented on bottom at 7,766 feet.

After the plug is drilled, operator will acidize and test the Ellenburger through perforations in the section from 7,412 feet to 7,495 feet, where a drillstem test recovered 1,000 feet of oil and 500 feet of MORE MORE MORE heavily oil and gas-cut mud.

The Ellenburger was topped at 7,383 feet with a minus datum point of 4,727 feet.

Location is 660 feet from north and east lines of southeast quarter of section 43, block UV, GC&SF survey and about 15 miles north west of Ozona.

PECOS PRODUCER

B. F. Weekley and W. W. Allmar have completed their No. 1 L. L. Borgens, North Pecos County wildcat, one mile west of the Malicky field, as a small pumping producer.

The new producer is two miles west of Imperial and 5,604 feet from south and 330 feet from east lines of section 14, block 9, H&GN survey.

It reported a 24-hour pumping potential of 27.60 barrels of 31.7 gravity oil, plus 247 barrels of water.

The pay section is between 2,021 feet and the total depth at 2,088 feet had been shot with 180 quarts of nitro glycerin. The 7-inch casing is cemented at 1,930 feet.

NEW PECOS WILDCAT

Wilshire Oil Co. has filed an application with the Railroad Commission of Texas requesting a permit to start operations by August 10 on its No. 1 Atlantic-Frome, which is to be 10,000-foot wildcat to explore the Ellenburger in North Pecos County.

The drillsite will be 660 feet from northeast and southeast lines of section 8, block 10, H&GN survey.

That makes it 10 miles south of Grandfalls and three miles southeast of the Santa-Rosa gas-distillate field.

NEAR PECOS

Geochemical Surveys, Inc., and Intex Oil Co. No. 1 H. C. Mandell is to be a 4,800-foot wildcat to explore the lower Delaware in Central-East Reeves County, five miles north of the town of Pecos.

The prospector will be 3,125 feet from southwest and 863 feet from northwest lines of the lease in section 15, block 4, H&GN survey. Rotary tools will be used to dig the venture. Drilling is to start in the near future.

TOM GREEN EXPLORATION

Danciger Oil & Refining Co. of Fort Worth and American Republics Corp. are moving in rotary to drill a 6,500-foot Ellenburger wildcat in Southwest Tom Green County, one and one-half miles northwest of Christoval.

It will be the No. 1 Susan Easterwood, 3,450 feet from west and 497 feet from south lines of the Carl Siehen survey No. 896.

Danciger in drilling the wildcat for a one-half interest in the block of 3,006 acres on which it is located.

Drillsite is 12 miles west of the Susan Peak multipay pool, three miles south of the Miles Production Co. No. 1 Shaw, a 5,510-foot Strawn failure, and two and one-quarter miles northwest of American Republics No. 1 Herrington, a 6,668-foot failure.

DRILLING IN CROCKETT

J. Ralph Stewart of San Angelo and others have scheduled a Central-Southwest Crockett County wildcat 15 miles southeast of Irran.

The group's No. 1 Shannon-Phillips, slated 2,500-foot cable tool test, will be 990 feet from north and 330 feet from west lines of the 80-acre lease in Archer County school land survey, league 4, tract 8 and the south half of seven.

Rites Tomorrow For Big Spring Woman

BIG SPRING, Spl. — Aug. 4 — Services will be held at 2 p. m. Saturday in the Nalley chapel for Mrs. Nancy Elizabeth Jones, 90, prominent Big Spring woman who died at 6 a.m. today at the home of her daughter, Mrs. O. Z. Smith.

Rev. Warren Stowe, pastor of the Airport Baptist Church is to officiate. Following the services, the body will be carried overland to Ballinger for graveside rites. Burial will be in the Evergreen cemetery at Ballinger.

Week-End Revival

Buford E. Stewart, Church of Christ minister from Alex, Okla., will conduct a meeting beginning at 8 o'clock tonight at the Church of Christ at Avenue R and Eighteenth Street. The meeting will close Sunday night. Everyone is invited to attend.

Two Charges Are Heard In County Court Today

Homer D. Van Zandt, 53, of 3007 Avenue I, paid a fine of $33.50, including court cost, this morning when he pleaded guilty to a county charge of swindling with a worthless check.

His fine was assessed as he paid the amount of the check, $10.

A county court charge of driving while intoxicated was filed this morning against J. W. Rawls, 29, of Sweetwater. He has not been brought before the court yet for hearing.

Rotary Club Hears Talk on Youth Center

The Rev. Clifford Taylor, pastor of the First Christian Church, spoke to Rotary Club members on needs of the Youth Center at their meeting yesterday in Snyder Country Club.

Television shorts of members seated around a table on the club terrace were made.

Oklahoma City Rites Set For Midland Man

SAN ANTONIO, Aug. 4. (AP) — Funeral services for Alonzo G. Williams, 62, of Midland, who died in a local hospital yesterday from gunshot wounds suffered July 27, will be held in Oklahoma City.

Detectives A. C. Sandoval and Polk Palmer at the time said they were called to a downtown hotel by two deputy sheriffs. They found the door locked and told Williams who they were. They said they then heard two shots fired inside the room. After removing a panel from the door, they found Williams on a bed and a .38 caliber pistol nearby.

Survivors included his widow, Mrs. Ruby Williams of Midland; three daughters, Miss Elizabeth Williams, Midland; Mrs. Walter Skeek, Long Beach, Calif., and Mrs. H. W. Marshall, Jr., Weesley, Mass., and his mother and three brothers, including Wade Williams, Oklahoma City.

The body was sent late yesterday to Oklahoma City for interment.

Williams had been engaged in the cattle business here. He formerly managed a ranch near Pearsall.

Rites Tomorrow In Uvalde for Hal Mangum

SAN ANTONIO, Aug. 4. (AP) Funeral services for Hal L. Mangum, 67, well known Texas and Mexico oilman and rancher, will be held in Uvalde at the graveside Saturday at 10 a.m.

He died here yesterday morning after a month's illness.

Born on a farm in Runnels County, Mangum spent most of his early life in Uvalde.

In later years he made his home at his La Bahia Ranch near Muzquiz, Coahuila, Mexico although he had extensive holdings in Texas.

He entertained many world notables on his Mexican ranch.

Two Persons Killed In East Texas Wrecks

TYLER, Aug. 4. (AP) — Two persons were killed in two auto accidents in East Texas last night.

Hugh G. Marshall, 30, of Dallas was killed when his car and a loaded lumber truck collided near Alto, Cherokee County.

William Harsell of Longview was killed when his loaded oil truck overturned south of Naples.

Three Calls Are Made By Fire Department

The fire department was busy this morning, making three runs within half an hour of each other.

The first alarm came in at 9:30 o'clock when the firemen were called to 910 Twenty-second Street, where a trailer house was in full blaze. The house and its entire contents were destroyed, with damage placed about $1,500. Cause was unknown. The trailer house was owned by Jim Low.

Then at 10 o'clock, the firemen rushed to a grass fire on Thirty-fifth Street, but no damage was reported, and at 10:30 o'clock another alarm was sounded for a fire at Avenue W and Twenty-fourth Street, where a utility pole was on fire. Burning grass nearby ignited the pole, John Lynch, fireman, said. No damage was reported.

Loading Zone Signs Are Received by City

Eight, red-painted steel-plated signs to be used in loading zones in the city were received by Chester Barrington, chief of police, this morning.

The signs read: "No parking 6 a. m. to 6 p. m. Loading and unloading ONLY. $5 fine. Chief of Police."

Beaumont Beats Fort Worth, Slices Lead to Four Games

By BILL HITCH
(Associated Press Staff)

The Dallas Eagles, who seem to roll best against the top clubs, knocked off the Texas League leading Fort Worth Cats Thursday night with a 7-4 count.

Beaumont, in second place, sliced the Cat lead to four and one-half games with a 10-8 decision over Houston. Oklahoma City whipped Tulsa, 4-1, and Shreveport edged San Antonio, 4-3.

Wayne McLeland, Eagle hurler, posted his 17th victory of the season as he gave up only eight hits to the Cats. The Cats used four pitchers.

The Eagles scored four times in the fourth off Pat McGlothin to take the lead and hold it. Dick Williams hit a bases-empty homer for the Cats.

Jerry Witte ambled up to the plate in the ninth inning and stroked a grand-slam homer to put Houston back in the game with Beaumont before the Roughnecks sacked up the game the Buffs had counted six times in the ninth and cut the Ruffs' comfortable lead. Rex Jones received credit for the victory, although relieved by Zeke Melignano in the ninth. The loser was starter Elroy Joyce, the first of three Houston moundsmen.

Bob Ankrum put Oklahoma City out in front with a homer in the fourth. Al Aber gave Tulsa eight hits but kept them well spaced.

Shreveport scored four times in the second frame and then coasted to a 4-3 victory over the Missions. Ted Bosiack slapped a three-run homer to provide the Sports' winning margin. Gayle Pringle received credit for the victory.

Dallas and Fort Worth both move north today—Dallas tangling with the Indians at Oklahoma City and the Cats taking on Tulsa there. Houston plays at Beaumont again, and Shreveport takes on San Antonio.

Saucier Says He's Not About to Quit

SAN ANTONIO, Aug. 3. (AP) — Frank Saucier, the Texas League's leading hitter, today denied he has any immediate intentions of quitting baseball as reported by the Oklahoma City Times.

The leftfielder or the San Antonio Missions said his plans "are just the same as they were when I signed my first professional contract. When I can't go up I'll quit."

Saucier said the St. Louis Browns organization is aware of his attitude toward baseball. The lanky star is a graduate civil engineer with an off-season job with a Tulsa oil firm. He plans to be married to a Wichita Falls girl Sept. 30.

New Coaches Take Over All Star Teams

AUSTIN, Aug. 4. (AP) — Neither team will be favored tonight in the sixteenth annual all-star football game of the Texas Coaching School, which indicates that it is considered the most evenly matched game of the series.

Another unusual feature is that neither team will have the coach who was supposed to be on the bench directing its tactics.

Thursday, Clarence (Biggie) Munn of Michigan State was barred by a Big Ten Conference ruling that says none of its coaches can coach a high school team. When this happened Charles (Bud) Wilkinson of Oklahoma, who was coaching the other squad, withdrew.

So tonight when the two teams — one from the North and the other from the South — square off, two high school coaches will be directing them. Abe Houston of Brownwood will be on the bench for the North, the team Wilkinson was to have coached, while Carl Price of Waco will sit in for Munn with the South.

The squads are the heaviest ever to meet in this game, which is the climaxing feature of the coaching school. The South will average 193 pounds to the man, the North 190. The ponderous lines will clash at each other. The North has a 202-pound forward wall and the South averages 197.

While the North appears to have more speed and a lightning offense, the South is considered the toughest and most rugged.

A crowd of 12,000 is expected.

Probable starting lineup (kickoff 8 p.m.):

SOUTH
Gist (Marshall), LE
Knowles (Waco), LT
Studer (Austin), LG
Cole (Gladewater), C
Lafitte (Pt. Arthur), RG
Ramos (Beaumont), RT
Ward (Laredo), RE
Smith (Kerrville), QB
Pace (Temple), LH
McGee (White Oak), RH
Ward (Galveston), FB

NORTH
Fouts (Wichita Falls), LE
Goodwin (Fort Worth), LT
Cotter (Littlefield), LG
McDonald (Sherman), C
Goss (Dallas), RG
Archibald (Highland Park), RT
Kendall (San Angelo), RE
Waggoner (Wichita Falls), QB
Witt (Big Springs), LH
Newby (Amarillo), RH
Gibson (Rising Star), FB

New Star Seen Rising In The Boxing World

By WHITNEY MARTIN

NEW YORK, Aug. 3. (AP) — Caught short:

Our friend Homer Amundsen 'phoned from Tacoma, Wash., the other night to keep us up to date on the progress of Michael Moore McMurtry, his future heavyweight boxing champion. Young Michael scored a 30-second knockout, his tutor failing to explain how the lad wasted those extra 20 seconds. Michael is an amateur, only about 16 and with six years of schooling ahead of him, so fight managers had best go about their business and forget him. Amundsen has him, and is bringing him along very nicely.

Bob Harlow, former P.G.A. tournament manager and manager of Walter Hagen during the hey-day of that great golfer, has sold the Pinehurst Outlook, which he and his wife have operated since 1937. He will devote his full time to the publication of "Golf World," which he esthblished in 1947. Sugar Ray Robinson is reported having weight troubles as he prepares for defense of his welterweight crown against Charley Fusari Aug. 9. Too much sugar, no doubt.

Joe Louis, who has announced he will return to the ring to fight Ezzard Charles, says he feels good and "the fans will see the same Joe Louis they saw before." As one who saw his last two bouts, against Jersey Joe Walcott, we don't know whether that is a promise or a threat. He was no bargain in those affairs. He should have made it "before the war."

We may be wrong, but it's our idea that the Brooklyn Dodger pitchers are over-systematized and over-supervised. They have all kinds of gadgets at Vero Beach to teach them control, and you get the idea that every pitch they make is watched with critical eye. As a consequence, they fear the worst, and in trying so hard to do what they have been taught is the correct thing they lose all confidence. If they could forget all about electric umpires, triangles of string and whatnot, and just get out and throw the ball naturally, even if their style didn't conform to the Dodger standard, they might do better.

Players and Managers Draw Fines in Big State, Texas Leagues

DALLAS, Aug. 4. (AP) — J. Walter Morris, president of the Class B Big State League and Class C East Texas League assessed fines against one business manager, three playing managers and three players yesterday.

In the Big State League Dave Sarver, Austin manager; Lou Finey, Temple manager, and O. W. Hayes, Temple business manager, drew $10 fines.

Hayes was allowed to umpire in the second game of a doubleheader at Austin Tuesday night. Words were exchanged after a close decision.

Morris said he fined the three because "they all knew better than to allow Hayes to umpire a game in which Temple was playing."

In the East Texas League, Jim Melton and Bob Cullin of Gladewater, Hank Kane of Marshall, and manager Dixie Parsons of Longview were fined $10 each for "bad language."

Peace Petition Claim

MOSCOW, Aug. 4. (AP) — The Moscow Press reported today that 116,275,940 Soviet citizens—16 years of age or older—have signed the Stockholm Peace petition to outlaw the atom bomb.

Vernon Takes Midland 8-7 to Edge Big Spring From Third Notch

(By The Associated Press)

The Vernon Dusters traded places with Big Spring in the Longhorn League Thursday night as they edged Midland, 8-7, and eased into third place.

Big Spring took a blanking from Odessa, 2-0, and the San Angelo Colts took a twin bill from Sweetwater, 6-5 and 2-0. Rain washed out the Ballinger-Roswell tilt.

Cotton Russell singled home the winning run for Vernon in the ninth to gain his 19th pitching win of the year. Jim Prince homered for Midland.

Manager Al Monchak homered with one on in the 10th inning to give his irst place Odessa Oilers, victory over Big Spring. Pitcher Ray Miller allowed Big Spring only five hits. The win pulled the Oilers three and one-half games ahead of idle Roswell.

Jack Smith and Ken Kowalik homered for San Angelo in the first game to rack up the win. In the nightcap, Manager Bob McClure limited Sweetwater to three hits to register the shutout. Bob Crues provided both San Angelo runs in the initial frame with a homer with one on.

Midland	130	200	100	7	9	1
Vernon	200	230	001	8	9	2

Jarl, Wearne and Jones; Russell and Herring.

Big Spring	000	000	000	0	5	1
Odessa	000	000	000	2	9	0

Amor, Baez and Hernandez; Miller and Escobedo.

FIRST GAME

San Angelo	100	220	0—5	10	3	
Sweetwater	200	102	0—5	10	3	

Garza and Lopez; Jones and Finley.

SECOND GAME

San Angelo	220	000	0—2	5	2	
Sweetwater	000	000	0—0	3	0	

McClure and Funderburk; Ramero and Bottarini.

Theft From Man In Jail for Robbery

SAN RAFAEL, Calif., Aug. 4. (AP) — Fred Carstens of San Francisco was arrested here today charged with the theft of a television set.

Police said he stole the TV receiver from the home of Richard E. Shepard while Shepard was in jail charged with stealing money from his employer.

Houtteman's Comeback Spells Doom to Yankee Pennant Hope

By JACK HAND
(Associated Press Sports Writer)

Give Detroit a few more invalids like Art Houtteman and you can buy your world series tickets for Briggs Stadium.

Houtteman, forced to pass up his regular turn because of a strained side muscle, did a job on the challenging Yankees Thursday. When Art got through, New York was challenging for second place, not first. And Detroit's lead measured 2 1-2 games.

Remember way back to Tuesday morning? They said the Tiger pitching staff was weary and overworked. The well-rested Yankee staff, never used on relief, was ready to take over. Detroit led by a half game, going into a three-game series. The Yanks were going to take care of that—but quick.

When Tommy Byrne, usually a Tiger killer, was beaten by Dizzy Trout Tuesday night, the Yankee drive was delayed. When Hal White shut out New York with two hits Wednesday, it was delayed some more.

Now, after Houtteman's comeback, the Yankee boom is all but dead. Cleveland, moving into second place while idle, is the new threat.

Four runs in the first inning tucked the game away for Detroit. Ed Lopat, shooting for his 14th win, got only one man out. He gave up four runs on three hits, a walk and his own error. Fine relief work by Fred Sanford and a passing-fair job by Joe Page were too late. The final score was Detroit 5, New York 2.

Johnny Mize's 12th homer, following a walk to Hank Bauer, provided the only Yankee scores in the fourth inning. Houtteman allowed only six hits, struckout five and walked only two.

The only other action in the American had little to do with the pennant race as sixth-place Chicago shut out seventh-place Philadelphia, 1-0. Randy Gumpert, hitting his stride after a slow start, blanked the A's with only four singles.

Eddie Robinson's triple, a fly ball that right fielder Elmer Valo overran, followed by Hank Majeski's singe, scored the only run off Hank Wyse in the seventh.

The four other clubs in the American were not scheduled.

Rain slashed the National League schedule, washing out a Pittsburgh-at-Brooklyn day game and a Cincinnati-at-Philadelphia night game. As Chicago and New York were not scheduled, that left only St. Louis and Boston.

Vern Bickford, the Braves' brilliant righthander, came up with his second straight four-hitter for a 5-1 victory over the St. Louis Cardinals. The triumph boosted the Braves into second place, three games back of the leading Phillies.

Bickford retired 10 men in a row until Red Schoendienst hit a homer in the fourth. Bob Elliott evened the score with his 17th homer in the home half of the inning. Boston went out front in the fifth, and added two more on Sam Jethroe's 11th homer with a man on in the sixth.

Detroit Signs Hank Borowy

DETROIT, Aug. 4. (AP) — Red Rolfe, manager of the American League's pace-setting Detroit Tigers, got out the welcome mat today for pitcher Hank Borowy, a former New York Yankee teammate he thinks can help the Tigers sew up the pennant.

Waived out of the National League, Borowy was picked up by the Tigers Thursday from the Pittsburgh Pirates in a deal which involved close to $30,000.

It was the second time Borowy has been waived in the majors.

In 1945, when he was going great guns for the Yanks, he was waived out of the American League and promptly picked up for about $100,000 by the Chicago Cubs. Just as promptly, he pitched the Cubs to a pennant.

If Borowy is half the pitcher he was in 1945, the Tigers will be a shoo-in. And Rolfe, a keen sutdent of ball players, thinks his former teammate will be just what the doctor ordered for his mound staff. He plans to use Borowy mostly as a relief hurler but may spot him occasionally in doubleheaders.

Never use hot water first when trying to remove meat juice or gravy stains. Cold or likewarm water should be used first until colorin is dissolved. Then use hot water.

New World Record By Japanese Swimmer

TOKYO, Aug. 4. (AP) — Japan's Hironoshin Furuhashi bettered his own world record for the 200-meter freestyle tonight by nosing out two American swimmers in 2:08.2 in the U. S.-Japan meet.

Look Out!

You may have a big loss on jewelry, baggage, sports equipment and other personal property—while traveling or at home. Insure!

Babe Is Six Under Par At Tam O'Shanter

CHICAGO, Aug. 4 (AP) — The fabulous Babe Didrickson Zaharias, displaying the golf wizardry that has vaulted her to the top in women's competition, and Jimmy Clark, a comparative unknown, shared the spotlight in the opening rounds of the Tam O'Shanter golf carnival.

The Babe, voted outstanding woman athlete of the half century in the Associated Press poll, broke the Tam course record with a six-under-par 70 Thursday in the first round of the All American Women's Open.

This isn't the best she has done competitively. But it made many a masculine pro attempting to qualify in the other section of the $75,000 golf circus look up with awe.

The unheralded Clark, of Huntington Beach, Calif., led some 250 pros through qualifying trials with a six-under-par 66. The 29-year-old former Marine infantryman who is just starting out as a tourney circuit pro was somewhat dazzled by it all. This is his fourth attempt in the Tam jubilee.

While the women enter their second round of 72-hole medal play today, 50 men pros compiete qualifying starting at daybreak, and 150 amateur men start their first round in the three-ply traffic jam.

Unable to Deliver War Casualty Notification

The first Scurry County war casualty message has been received here today by the Western Union, but remains undelivered.

The telegraph company has asked this newspaper and the police to attempt to locate a Mrs. T. L. Trumble, who recently moved here from Stanton, Tex.

Anyone who knows where Mrs. Trumble lives is asked to have her call at the Western Union for the message from the War Department.

The fact that the Cincinnati Reds had been cellar dwellers all spring is no fault of Blackwell's. The six-foot-six stringbean who hadn't been himself since 1947 when he won 22 games and just missed pitching two no-hit games, turned in some sparkling games this season.

MAIN STREET

Here is a picture of Main Street, Typicaltown, U.S.A. It is a glimpse of any town — our town. Its busy thoroughfare lined with shops of all kinds signifies the free business life which American communities enjoy.

To change this scene is unthinkable. And yet, this very picture is endangered by the many evils that haunt our land today. Atheism, communism, crime, and delinquency fill the air, and there are wars—and "rumors of wars."

To combat these enemies, we need love, fellowship, tolerance, and understanding—and the source of such weapons is to be found in the Church.

In order to equip more people with the banners of Christianity, in order to bring us all a fuller realization that the Church can save the things we hold dear, there will appear in this newspaper each week a series of religious pages. They will contain beautiful, human-interest pictures, and the brief, colorful stories will serve us all as reminders of our religious obligations.

This series is part of a nation-wide campaign designed to stimulate and renew interest in the Church—a need which concerns the very nature of our living.

And the people making this program possible, in cooperation with this newspaper, are those whose shops and establishments line the streets of our town. At the bottom of these pages is a list of names — the laymen and businessmen who feel the necessity for bringing the Church within the vision and grasp of more people.

To do this is to strengthen our way of life, to better it, and to make it more secure against the forces which seek its destruction.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

At Dunn Church

C. H. Luster of National City, Calif., above, will begin a 10-day meeting at the Dunn Church of Christ tonight. Tex Williams of Abilene will be in charge of the singing. An invitation to the public has been extended by the church.

Methodists Set Aug. 27 for Beginning Of Revival Meeting

A revival meeting was scheduled to begin Aug. 27 at the First Methodist Church when the board of stewards voted Monday night to request the pastor, the Rev. W. W. Adcock, to preach in the meeting.

Lyman Yoder will direct music and singing, Wayne Pitner will serve as organist, and Miss Freida Davis was chosen pianist.

Morning services will be held at 7 o'clock, and services each evening will begin at 7:30.

Revival Next Week At Valley View Baptist

The Valley View Baptist Church, about nine miles southeast of Dunn, will begin a revival meeting Monday night with the Rev. W. E. Nunn formerly of Anson, preaching.

Services will be held at 11 o'clock each morning, and night services will begin at 7:30 o'clock. The church is located five miles north and three miles west of Loraine.

Work Begun on Roof Of Methodists' New Education Building

The roof work was being completed this week on the new education building of the First Methodist Church where plaster work on the inside walls will begin in a few days.

The 3-story, $100,000 building is expected to be completed by the first of October, the Rev. W. W. Adcock, pastor, said.

Church officials this week authorized the board of trustees to borrow money to pay cash for all materials and labor when the present cash fund of $62,000 is depleted. The borrowed money is to be paid back as rapidly as possible with payments on pledges and future cash contributions.

Church Will Begin Holding Two Services

The Church of Christ on Twenty-fifth Street is beginning a new program Sunday, having two Sunday morning worship services instead of the usual one service, Boyd Fanning, minister announced today.

The first worship service will begin at 8:45 o'clock. Sunday School will continue to be held at 10 o'clock, and the second preaching service at 10:50 o'clock.

The additional service was made necessary because of increased attendance, Mr. Fanning said, mentioning an increase in membership of 117 since May 5. About 45 of these were by baptism and the rest by transfer from churches in other cities.

The average Sunday morning attendance exceeds 650, Mr. Fanning said, and it has been necessary to use 100 chairs in the aisles of the church in each morning service.

Revival Set for Sept. 3 at First Baptist

The First Baptist Church has announced plans for a revival meeting Sept. 3 through 10 with the Rev. L. D. Ball, of Greenville, preaching.

Joe Trussell, of Houston, will direct the singing.

In Church of Christ Revival

Wayne Partain, Raymondville, Tex., left, song director for the Church of Christ revival, and Preston Cotham, Childress, Tex., evangelist, are shown above.

Snyder Pastor Takes Church In Big Spring

The Rev. Cloy Lyles moved from Snyder to Big Spring this week where he was assigned by the Northwest Texas Conference as pastor of the Park Place Methodist Church.

Mr. Lyles, who came to Snyder about two months ago to assist in the organization of a new church in east Snyder, was asked to succeed the Rev. I. A. Smith in Big Spring, who resigned from pastoral work because of a heart attack.

Organization of the new church here will continue under the direction of the Firth Methodist Church, the Rev. W. W. Adcock, pastor, said. Lots have been purchased for a church site at 400 Thirty-first Street, but it is not yet known when the building program will actually begin.

Contributions for the building program are being received by Fred Davis, treasurer for the new church committee.

Architects Draw Plans For New Auditorium At Baptist Church

Detailed plans and specifications for the construction of the proposed $250,000 auditorium of the First Baptist Church are being drawn now by the Buford & Feinberg Co., architects and engineers, of Dallas.

The church voted recently to have the final plans drawn so that bids for the construction may be called for soon.

The fund for the new edifice, which will be erected adjacent to the present auditorium on the west, now stands at about $118,000, the Rev. E. K. Shepherd, pastor, said.

Buford & Feinberg also drew the preliminary plans for the building.

Childress Minister Is Guest Speaker At Open Air Revival Here

The Church of Christ at 1411 Twenty-fifth Street began an open air revival meeting last night behind the church auditorium, with Preston Cotham, Childress minister, preaching.

Song services will be under the direction of Wayne Partain, minister of a Spanish speaking congregation at Raymondville, Tex. and a full-time supported missionary of the Snyder church.

Services will begin at 8 o'clock each night through Aug. 13, according to Boyd D. Fanning, minister. The meeting will feature morning services next week, beginning at 10 o'clock in the church auditorium.

Deacons of Christian Church to Meet Sunday

The board of deacons of the First Christian Church will meet at 4 o'clock Sunday afternoon, according to the Rev. Clifford Taylor, pastor.

Monday night the various committees of the church will meet for planning future church work.

Methodist Laymen To Ceta Canyon Retreat

Several laymen from the First Methodist Church were to leave at noon today for two days retreat at the Methodist camping ground at Ceta Canyon, near Happy, Tex.

More than 300 laymen from the Northwest Texas Conference are expected to attend. The Rev. Ray Johnson, of San Angelo, will be one of the speakers at the retreat.

Physician's Navy Tour Is Delayed by Babies

BOSTON, Aug. 4. (AP) — Seventy-eight naval reservists were ordered to report for duty today in the first naval district—but ony 77 will appear.

The exception is Dr. George R. Brown, Jr., of Wellfleet. He received a 60-day last minute deferment at the request of selectmen of three Cape Cod towns.

Selectmen of Wellfleet, Truro and Eastham told the Navy Dr. Brown has appointments to deliver a dozen babies between now and October.

Houston Is Drafting Oil Well Ordinance

HOUSTON, Aug. 4. (AP) — City officials say that an ordinance regulating the drilling of oil wells in the Houston city limits will be ready by the first of the year.

Recent annexation moves brought parts of the Eureka and the South Houston oil fields inside the city limits.

Boy Waves Before Death by Drowning

An unidentified boy, swimming and splashing around a used car lot flooded by heavy rains in Philadelphia, waves from the hood of one of the automobiles shortly before he was drowned when he slipped and went under the flood waters. His body was found an hour later when rescuers formed a human chain, began walking through the receding waters, and one of them tripped over the body.

Acheson Says Truth Should Be Beamed to Russia, Satellites

WASHINGTON, Aug. 4. (AP) — A House group has approved a proposal to give the "Voice of America" money enough to try blasting its way through the Iron Curtain.

Members of an appropriations subcommittee said today they had taken such action after hearing Secretary of State Acheson emphasize that the truth is the best ammunition this country has to counter Russia's major propaganda weapon: "The lie repeated again and again."

Acheson's testimony—in support of President Truman's request for $82 million more for the State Department's "Sell America abroad" program — was made public today by the subcommittee.

OK REQUESTS

Members said their group, which normally is sustained by the full committee, approved requests for extra funds for radio broadcasting, press and publications distribution and motion pictures. This they said, would include $41,288,000 to build six powerful new radio stations and cash to buy radio sets for receptive Communists.

But they said they cut "very substantially" the funds requested for foreign library work and for bringing foreigners, including Yugoslav Communists; to this country to study American life.

Of the $82 million requested to supplement $42 million previously voted by the House, $18,834,000 had been earmarked for the library and "exchange of persons" projects.

grant the ull amount for the 12-
grant the full amount for the12 -
month period ending next June 30.

MAJOR WEAPON

Recent events, he said, "have brought home to us with shocking clarity the fact that, in the Soviet arsenal, the lie — the lie repeated again and again — is a major weapon, anr that truth is a powerful and essential means of meeting and overcoming aggression."

Soviet propaganda against American intervention in Korea, he said, makes it more urgent that we strengthen and intensify "our campaign of truth."

He told of Russia's long and continued efforts to convince millions of persons in Europe, Asia and elsewhere that the United States "is a warmongering, power-hungry nation, determined to dominate and oppress others."

America's task, he said, is to refute such propaganda and to convince the people of Russia itself, of Soviet satellites, and of the world generally, that America's intentions are honorable and the American way of life is good.

SMALL SETS

The department's plans contemplate the purchase of 200,000 small, cheap but effective radio receivers which would be distributed to key people in foreign countries who would pass around to others the broadcast "Voice of America."

Committee members said there is a strong possibility that up to 50,000 of the sets could be put in the hands of potential listeners behind the Soviet Iron Curtain.

While the committee took kindly to plans for strengthening "the voice" it took a dim view of spending money to bring certain foreigners to this country for a look at American life, under a student exchange agreement.

Rep. Stefan (R-Neb), a committee member, said he feared that the visitors might be foreign agents "sent over here for purposes that will be valuable to them, so that they will be able to stab us in the back at the psychological time."

Big Robbery A Mistake

A misunderstanding yesterday caused the Snyder police and sheriff's office lots oz worry for a few hours.

It came about this way. O. W. Killam, Laredo oilman, told the officers that someone had stolen $10,000 worth of new oil well casing from the Weldon Johnson ranch, near the Lloyd Mountain School house sometime Wednesday night. He said he saw the pipe on the ranch at 4 o'clock Wednesday afternoon, but early yesterday it was gone.

"It would have taken two large trucks to cart off the pipe, which consisted of 35 joints, and weighed about 50,000 pounds," Killam said. The pipe was purchased at Fort Worth and unloaded at the ranch, he told the officers.

Description of the pipe was broadcast by police radio, and Leslie Haynes, deputy sheriff, accompanied Killam to the scene of the stolen pipe. No clues could be found, so Killam departed for Abilene.

Shortly after noon yesterday, a long distance phone call came to the sheriff's office from Abilene, saying the pipe had been located—that it was all a mistake. It was not stolen, but one of Killam's employees had moved it without telling him.

Popnoe And Brice Wells Scheduled on East Of Kelley-Snyder Field

Both Cities Service Oil Co. and Sun Oil Corp. have spotted a project at the extreme east edge of the Kelley-Snyder field in West-Central Scurry County.

The No. 2-A Popnoe will be drilled by Cities Service, 1,657 feet from west and 467 feet from north lines of section 158, block 3, H&GN survey, three miles north of Snyder. It is projected to a 7,500-foot depth with rotary equipment.

No. 12 H. J. Brice will be drilled by Sun, 1,993.7 feet from south and 1,257 feet from east lines of section 392, block 97, H&TC survey, eight miles north of Snyder. August 6 has been set as starting date for this venture which is to be dug to an estimated depth of 7,020 feet.

Sun has also spotted a location at the extreme east edge of the Diamond M-Canyon field. The project to be drilled there is the No. 1 E. B. Fenton. Drillsite will be 998.6 feet from north and 669 feet from west lines of section 194, block 97, H&TC usrvey. Operators will begin rotary operations August 6 to an estimated 7,000-foot depth.

The Texas Co. will begin operations at once on its No. 11 P. L. Fuller, 467 feet from west and 2,057 feet from north lines of section 551, block 97, H&TC survey at the south edge of the Cogdell field in North-Central Scurry County.

Chapman & McFarlin will start their No. 19 D. M. Cogdell at once on the south edge of the Cogdell field, 1,880 feet from west and 660 feet from south lines of section 715, block 97, H&TC survey.

Snyder's Fame Spreading To Nova Scotia

Snyder and Scurry County, deep in the heart of West Texas, not only is getting national but international publicity. This was proved yesterday when George R. Killam, Jr., lawyer here, received a newspaper clipping from the Yarmought Light, of Yarmouth, Nova Scotia.

The article, believed to have been taken from the May 31, 1950, issue of The Wall Street Journal, under the heading 'A FABULOUS FIND' says:

"Snyder, a little town in cactus-studded West Texas in the centre of a fabulous new oil field, where the two local churches, Baptist and Methodist, are drilling for oil on their property and where drilling is taking place at a filling station, probing the earth for oil while gas is being dispensed at a nearby pump. The town has jumped from 4,000 to 30,000 in the last year; town lots which sold at $400 a year ago are now going at $12,000, and bank deposits increased from $7,000,000 to over $15,500,000. The 700 wells that are now pouring forth oil are from 6,000 to 7,000 feet deep and cost $65,000 to $75,000 to drill. The field is now 33 miles long and geologists are wondering if it will not make a crescent of 70 or 80 miles. It is estimated that there are 15,000,000 barrels of oil in the field. That's more oil than located by drilling in the entire State of Oklahoma, and is more than was found in the East Texas field in the first two years."

Doubled Manpower May Be Needed for Rising Aircraft Production

WASHINGTON, Aug. 4. (AP) — The aircraft industry estimates that it may double its employment within a year to meet the stepped up production program.

The industry, including makers of airplanes, engines and propellers, now employs 254,800 persons. The total may go beyond 500,000 employees by next summer, the Aircraft Industries Assn. said in background memorandum on its manpower problem.

New Vegetable Oil Plant for Sherman

FORT WORTH, Aug. 4. (AP) — The Kimbell-Norris Mills has started construction of a solvent extraction plant in Sherman which will extract oils from cotton seed, peanuts, flax, soybeans and other materials.

P. A. Norris, Jr., of Fort Worth, general manager of the mills, said last night that foundation work for the plant started Tuesday. It is expected to be complete in November.

Volcano in Alaska in Eruption

Towering Mount Pavlof, 8,900-foot volcanic peak on the Alaskan peninsula 500 miles west of Anchorage, spews smoke and lava in its first eruption since 1937. Clouds cover the lower level of the peak in an air view made soon after the eruption started.

Meat Prices Expected to Drop In Fall As Output Increases

WASHINTGON, Aug. 4. (AP)—The Agriculture Department expects prices of meat — particularly pork and the better grades of beef, — to decline in the fall.

In a report on the livestock situation, the department said output of meat is now at the year's low level, but that it should increase considerably in the October-December quarter.

The prospective increase in supplies, the agency said, should pull prices down from current peaks, but not as low as a year ago.

"Strengthening consumer demand due to increased defense programs may limit some of the seasonal decline in prices associated with increased fall marketings of meat animals," the report said.

CONSUMPTION UP

The department said consumption of meat in the October-December quarter is expected to be up a little from the 37.3 pounds consumed on the average by Americans in the like quarter last year. But for 1950 as a whole, consumption is expected to average no more than last year's 144 pounds. This average, nevertheless, is about 18 pounds above the pre-World War II level.

The department said prices of meat animals and of meat have generally advanced since mid-April, reflecting a strong consumer demand.

DECLINES

"The seasonal increase in marketings this fall may result in moderately large price declines for hogs and smaller declines for the better grades of beef cattle," the report said.

"No significant drop for the lower grades of beef cattle is in prospect, because demand for feeder cattle is likely to remain strong through the fall."

Feeder cattle are animals which are transferred from pastures to grain feed lots for furthering feeding and fattening.

The department said sheep and lamb prices are expected to follow about the usual seasonal pattern of a small decline in early fall; and to continue high.

MORE IN FUTURE

It said a moderate reduction in the number of cattle and calves slaughtered so far this year compared with last, together with larger numbers of breeding stock on Jan. 1, points to another increase in cattle numbers on farms this year.

This increase promises larger supplies of beef in later years.

Little Credit to Drivers For Accidents That Don't Happen

A drunken driver careens across the plains at 85 miles an hour or faster, showing no particular preference for the pavement over the shoulder—and by some chance of Fate, he survives.

When it is your business to deal in highway traffic and, inevitably, highway fatalities, you see many highway accidents which for some reason fail to occur.

"They're accidents that accidentally don't happen," Bill Zimmerman, highway patrolman here, said.

SPEED A KILLER

The highway patrol division of the Department of Public Safety declares excessive speed as the No. 1 killer on the highways and by far the most frequent hazard. Driving while intoxicated, Zimmerman says, is the second most frequent hazard and the second most deadly.

"So when both hazards are combined, it is verging upon the witnessing of miracles to arrest the driver before the accident occurs."

Illegal passing probably constitutes the third most common hazard, while disregard of stop signs and other traffic signals is probably fourth.

"These violations are done by only three kinds of drivers: people who aren't thinking about their driving, ones who don't care and therefore don't mind gambling their lives and the lives of the innocent against extremely high odds, and smart-alecks. And no sensible driver likes to be on the same road with a smart-aleck."

LOADED TRUCKS

Almost all patrolmen have overtaken heavily loaded trucks, some weighing as much as 70,000 pounds, traveling at a rate of 80 miles an hour—and sometimes on a narrow highway, Zimmerman says.

"And nearly every driver has repeatedly seen others enter the highways without looking to one side or the other," he says. "Another cause, which has on two recent occasions become more than just a potential accident, is following other cars too closely."

Referefnce was made to two automobile accidents in this county within the past two weeks in which cars collided into the rears of other vehicles they were following.

The public safety department last week informed patrolmen that they had probably saved the lives of 60 persons in Texas during June by arresting speeders. Zimmerman said. More speeders were arrested in June than in any other one month in the history of the department. This estimate was made according to statistics which show that six out of 10 wrecks are caused by speed, and a certain percentage of the wrecks are fatal.

Individual motorists can also save some lives, Zimmerman says, by watching out for the fool-hardy driver and by being more careful than ever before.

Eight Locations Staked In Three Scurry County Fields—

Three fields in Scurry County are scheduled for eight projects to be drilled immediately and in the near future.

Five ventures are slated for Kelley-Snyder, two for the Diamond M-Canyon and one for Cogdell field.

MILAM FOWLER

Stanolind Oil & Gas Co. will drill its No. 1 Milam C. Fowler, 467 feet from south and east lines of section 288, block 97, H&TC survey, three miles south of Dermott, in the northwest side of the Kelley-Snyder field.

F. G. SEARS

Another Kelley-Snyder field project, Tide Water Associated Oil Co. No. 6 F. G. Sears, will be drilled 1,181.2 feet from south and 2,817.1 feet from east lines of section 22, block 1, J. P. Smith survey, at the extreme northwest edge of the field.

COUNTRY CLUB

W. Dale Martin's No. 1 Snyder Country Club is slated to be dug 3,120 feet from west and 2,789.32 feet from south lines of section 179, block 3, H&GN survey, on the east edge of the Kelley-Snyder field two miles north of Snyder.

GERTRUDE ADAMS

Pan-American Production Co. will drill two of the Kelley-Snyder projects. One, the No. 4 Gertrude Adams, will be located 467 feet from north and west lines of the northwest quarter of section 211, block 97, H&TC survey, six and one-half miles northwest of Snyder.

C. E. McCormick

The other Pan American venture is the No. 11 C. E. McCormic, 467 feet from west and 1,667 feet from north lines of section 254, block 97, H&TC survey, six and one-half miles northwest of Snyder in the southwest portion of the field.

DORA CUNNINGHAM

Warren Oil Corp. has staked its No. 4 Dora Cunningham and others, 467 feet from north and east lines of section 653, block 97, H&TC survey, in the Cogdell field on the south edge, 17 miles north of Snyder.

NO. 24 STROM

Lion Oil Co. will dig one of the Diamond M-Canyon field projects. It is the No. 24 Strom, 660 feet from south lines of section 199, block 97, H&TC survey. It is projected to a 6,925-foot depth, 13 miles southwest of Snyder.

PATTERSON

The other Diamond M-Canyon venture is Cities Service Oil Co. No. 4 Patterson, 330 feet from south and 2,296 feet from west lines of section 215, block 97, H&TC survey, 12 miles southwest of Snyder outside production at the southwest edge of the field.

Western Europe's Dollar Deficit Down

GENEVA, Switzerland, Aug. 4. (AP) — The United Nations Economic Commission for Europe said yesterday western Europe's dollar deficit for the first quarter of 1950 was 40 per cent less than for the same months of 1949.

It said this was almost entirely due to a one-third slash in European imports of American goods.

The report said the deficit was now running at an annual rate of $2,100,000,000.

Europe's total imports during the first quarter of 1950 were listed at $714 million from the U. S. and $147 million from Canada.

First Bale Brings Record Price in Waco

WACO, Aug. 4. (AP) — McLennan's first bale of 1950 cotton brought $1.34 a pound—the highest price in history for the county.

Claud Stewart of Bosqueville received $686.08 for the 512 pound bale, plus a $500 bonus paid by the Waco Chamber of Commerce and the seed sold for $65.

Stewart has brought in McLennan County's first bale for five of the last six years.

Dallas Man Is Killed

DALLAS, Aug. 4. (AP) — Leon Williams, 47, of Dallas was killed yesterday when a gust of wind blew a load of empty box crates off a truck on which he was riding. Williams tumbled off the truck after the boxes, suffering multiple skull fractures.

Pigeon Overstays Welcome—Probably Is Awaiting Answer

By WILLIAM C. BARNARD
(Associated Press Staff)

News from the animal kingdom:

A white carrier pigeon with a coded message attached to its leg flew into Frank Pritchett's back yard in Alice, Tex., and was captured. Pritchett couldn't decipher the code and called a U. S. Army recruiter who in turn phoned Fort Sam Houston, San Antonio. Fort Sam Houston said it doesn't have any pigeons, with or without codes. At last reports, Pritchet still has the pigeon which refused to leave and an undeciphered code. Our feeling is that the pigeon was waiting for Pritchett to return its message.

ATOMIC CHICKS

Texas A&M College has some "atomic chickens." They are part of an experiment to determine whether radio-active phosphorus can be transmitted from parent to offspring. Dr. J. H. Quisenberry, head of the college's poultry husbandry department, said the radioactive substance was fed to males and females. Using a Geiger counter, Quisenberry found that the birds passed the radioactivity along to their eggs and even their newly-hatched chicks.

Is Karla, 10-months-old Doberman pincer owned by George Kovacevich of Galveston, a help or hindrance? The other day her barking caught the attention of city police who arrested a prowler in the yard of the Kovacevich home. A couple of days later the Kovacevich's were at least temporarily barred from moving into a new house—because htey own a dog.

Joe Bodin, Harlingen businessman, saw a pelican fishing in a canal. He slipped up on the gangly bird, lassoed him and brought him back to the Harlingen zoo. "Had quite a tussel getting that ornery bird back here," Bodin said.

BUZZARD HUNTER

Fred Hale, Freestone County stockman, went after buzzards that had killed 18 of his baby calves. So far he has snared 525 in his trap. In one day alone he caught 210.

The Amarillo News-Globe told this wondrous story of a farmer west of Dalhart, his cows, and an electrical storm. William Foster, the rancher, was milking one of four cowns lined up in his barn. Came a blinding bolt. Cow No. 1, farthest away from Foster "looked as startled as a cow can look and then keeled gently over." Cow No. 2 also capsized, followed by No. 3. That left cow No. 4 which Foster was milking. Before Foster could get out of the way, No. 4 "buckled amidships" and fell over in his lap. He is recovering from a broken leg. The cows are all up and around and doing nicely.

Mostly Fair Skies Over Nation Today

CHICAGO, Aug. 4. (AP) — There were some showers in parts of the central and western states but mostly fair weather prevailed over the country today.

Pleasant temperatures appeared in prospect for most areas. But hot weather continued along the South Atlantic coast, in Texas and in parts of the far Southwest. The readings were around seasonal levels elsewhere.

The wet spots included eastern Nebraska, western Iowa, Montana, southern Idaho, northwestern Kansas and the southern tip of Lake Michigan.

About 90 per cent of violets used for commercial purposes in the United States are grown around Rhinbeck, New York.
