

Along The Waterfront

Several Aransas Countians enjoyed a bit of fishing this week after a busy summer season. Several nice trout and reds have been landed though catches, on the whole, have been small.

Last Thursday Glenn Mills and party from Goliad fished with his brother, Harry Mills. They brought in 3 large redfish and 38 rat reds and trout.

Matt Scott and Alec Scott went out with Herb Mills Thursday and caught 52 trout, rat reds and whiting.

John Fenner and party of Beeville fished from the houseboat at Cedar Bayou last Friday night. They landed 150 trout and reds. One 28-inch trout tipped the scales at 7½ pounds.

Jack Modest and party of Corpus Christi fished at Cedar Bayou with Herb Mills Saturday and landed 90 trout and rat reds. Mr. and Mrs. Bill Blevins fished with Harry Mills Saturday and caught 85 rat reds and trout.

Sunday George Riddell went out with Harry Mills and caught 88 trout and one gafftop.

J. G. Vogel of Hondo fished with Jack Lawler Sunday and brought in 126 trout. They fished in Copano Bay.

Eddie Winfield and party of San Antonio fished with Green Fleming Sunday and caught 42 trout and one gafftop. Tuesday they landed 76 trout while fishing in Copano Bay.

Mr. and Mrs. C. A. Woddell of Houston went out with Harry Mills Monday and caught 60 trout. They fished with Fleming Wednesday and caught 50 trout.

P. C. Sorenson of Dallas fished with Harry Mills Wednesday. They flew to Cedar Bayou with Steirly Rozzell. The catch numbered 22 redfish which tipped the scales at 88 pounds.

H. H. Roberts and party from Palm Village fished with Herb Mills Wednesday and caught 65 trout.

Mr. and Mrs. W. J. Schorre of Stockdale, Texas, Mr. and Mrs. E. T. Page of Potet, and party from San Antonio caught 40 trout and redfish while fishing Wednesday. This morning the party went out and landed over 30 trout the largest of which weighed 5 pounds.

Tourist Bureau Outlines Fall Advertising Plan

Members of the Tourist Bureau of the Chamber of Commerce met at the fire hall Wednesday night and outlined preliminary plans for the fall advertising campaign which will be carried out again this year.

More than half of the advertising fund, which amounts to \$1,000 this year, will be used to carry the word about the Aransas County area to prospective winter travelers in northern states. It is planned to save a portion of the fund to be used for advertising in large Texas dailies later in the season. Advertising in the far north will be done in the third week in October while those to be published in states bordering Texas will run early in November.

This will be the fourth year that ads will appear in the Denver Post, Milwaukee Journal, Minneapolis Tribune and Des Moines Register. Newspapers tried for the first time last year, which will be used again this year, are Fargo Forum, Peoria Journal, Omaha World-Herald. In order to cover a bit of western territory it was decided to advertise in Sunday daily papers in Dodge City, Kans., Albuquerque, New Mexico, South Dakota, Salt Lake City and Duluth, Minn.

J. D. Griggs and Jack Horton were appointed to meet with J. L. Baughman and discuss the housing arrangements during the marine seminar to be conducted here next month. Courts of the Tourist Bureau have made housing available to students at the

Sinton Draft Board Sends 20 Inductees

SINTON—Board 107 sent its first group of 20 selectees to Corpus Christi for induction into the Army Tuesday. Counties represented by the board are Aransas, Bee and San Patricio.

Most of the men will go to Fort Sill, Okla.

Robert Hattenback, of Rockport, was among those who left.

Active Fire Dept. Nets City Low Insurance Rate

The fire department was called out Wednesday afternoon to extinguish a brush fire which got out of hand on Austin Street in North Rockport. This was one of many instances where the Rockport fire department was on hand this year to put out a small blaze before it could spread and cause serious damage to nearby buildings.

Rockport resident were saved \$11,427.29 on fire insurance premiums last year, Fire Chief Chas. Ankele reported this week. This saving can be attributed to the fact that Rockport now has a 20 percent fire credit.

Fire credit is based on fire losses over a five year period. Total fire loss last year was \$171. The highest credit allowed is 25 percent.

Three years ago Rockport had a 5 percent penalty. At that time residents paid \$11.50 for a \$10 premium. At the present time the same \$10 premium can be had for \$8.

Many factors have enabled Rockport to obtain the 20 percent fire credit. Some of these factors which cut the fire loss to \$171 during the past year was an active and well equipped fire department, an adequate water supply, increased number of fire plugs, paid fire marshals. And not the least important is the fact that citizens have been careful to prevent carelessness and neglect from starting fires around their homes and businesses.

Fire Chief Ankele pointed out that businesses or residences which burn but are not insured are not figured on the losses for which the figure is based over a five year period. Neither are those fires which occur outside the city limits of Rockport.

State Fire Marshall Joe Fogarty, who was in Rockport last Thursday, addressed students at the school on the subject of fire prevention and met with the firemen Thursday night.

Members of the Rockport and Fulton fire departments also attended a training school in Aransas Pass last week.

The record of the Aransas County Emergency Corps, which represents an \$11,427.29 saving on fire insurance premiums for citizens of Rockport, speaks well for the department. With the continued cooperation of the citizens here Rockport will be able to obtain the maximum credit, which is 25 percent.

Mr. and Mrs. Moore and Barbara Ann, Mr. and Mrs. H. B. Stanley of Aransas Pass and Mr. and Mrs. Davis of Rockport were dinner guests at the home of Mr. and Mrs. H. S. Wood Sunday.

The way some women shop, you'd think they were taking inventory of the store.

Beautification Project Planned By Area Citizens

Representative citizens of the county met at the Marine Laboratory Monday night and formed the Aransas County Beautification Project with J. L. Baughman as chairman. The meeting was called by Mr. Baughman to discuss a plan for planting so that the area could receive the maximum benefit from the standpoint of beauty.

The object of the project will be to plan a planting program for streets and waterfront in the area. On Arbor Day, a day which will be scheduled by the committee for planting, all interested persons in the county will get together and plant one section of the area according to the plan set out.

The following organizations will be asked to send a representative to the next meeting to serve as permanent members on the project: City of Rockport, County Commissioners, Lions Clubs, Woman's Club, Rockport & Fulton

WET WAR—Supported by his comrades, an exhausted G.I. stumbles toward a collecting station on the Taegu front in South Korea. Along with others, who are beginning to show the effect of long days of fighting in rain and mud, the G.I. will be evacuated to the rear lines and treated for battle fatigue. At left, an American soldier picks up a helmet belonging to one of his buddies.

Directors Named For Theatre Production

The Woman's Club named committees this week for the first play scheduled by the Aransas County Theatre to be given early in December which they will sponsor.

Mrs. Arthur Bracht will serve as the casting director. Theatre directors chose "The Hasty Heart" as the first production to be presented. Tryouts for these parts will be held in the near future. Mrs. M. W. Cochran, director, stressed the fact that persons desiring to tryout for a part in the play need not be a member of any organization in the area. Everyone is eligible to try out for a part in the production and the sponsoring organization hopes that when a date for the tryouts is announced that all interested persons will come out and encourage their friends to try out also.

Mrs. Eleanor Reiber was appointed stage manager and Mrs. Clark Wren will serve as assistant manager. Mrs. R. R. Rice was named to be in charge of scenery and Mrs. Wm. Blevins will head a committee for properties. Miss Jewel Fulton will arrange for costumes. In charge of publicity are Mrs. Byron Baker and Mrs. Weldon Cabaniss. Mrs. Leonard LeBlanc will handle ticket sales. Mrs. Chas. Cleveland will serve as historian.

Directors of the Aransas County Theatre, who represent four service clubs in the county, voted to present three plays during the season. The next play will be sponsored by another organization with committees to be named from that group. While persons arranging details for the productions will be named from the various clubs, the cast will be chosen from the public at large.

David Herring returned home Wednesday after having spent the summer in Alaska. Herring and several other boys worked with a seismograph crew north of Fairbanks, Alaska.

Local Shrimp Executives Pioneer State-Wide Association

Many firms of the thriving, ever-growing Texas shrimp industry have now joined hands to give the American consumer standardized grade of Texas Blue Ribbon Quality Shrimp. The newly organized association is the Texas Shrimp Association. The association has a three-fold purpose:

1. Setting up of Quality Control Committees, made up of selected technicians and men from the ranks of the Association, whose job it will be to set up rules and regulations for the members of the Texas Shrimp Association to follow in the processing of shrimp from the boat level to the packing and freezing plant.

2. Publicity and advertising to acquaint the buyer of shrimp with the advantages of purchasing Blue Ribbon Quality Texas shrimp.

3. Conservation is another important phase of association work. In this respect the U. S. Fish and Wildlife Service has already volunteered assistance.

For the first time in the history of the fishing industry, Texas shrimp fishermen have pioneered a new and sensible approach to more effective marketing.

The consumer is the winner in this new program, but so are the various communities that depend on the shrimp industry for economic growth, your community especially. The Texas Shrimp Association, together with the score of persons who are trained scientific technologists, will sell Texas shrimp as the finest, tastiest shrimp money can buy, and from the enthusiasm shown by the members, that is exactly what they are going to do.

For many years the finest shrimp served throughout the country have come from Texas. It's time that someone said it loud enough to echo from border to border, say the members of the newly formed association. Texans have long been known for their ability to publicize the many won-

ders of the Lone Star State. The shrimp fishermen think it's time to tell the world about Texas shrimp.

It is a gigantic undertaking . . . one that will require hard work and sacrifice on the part of the fishermen. The goal is a worthy one, and an important one not only for your community but for the good of the shrimp industry. It takes pioneers . . . men of courage and vision. You are fortunate in your community to have such men. Without those men the dreams of tomorrow might never come true. The names of the Texas Shrimp Association executives in this community are:

N. F. Jackson, second vice president of the Texas Shrimp Association, Jackson Seafood Co.; Travis Johnson, Johnson Fish Co.; Zeph Rouquette, Rouquette and Wendell; L. E. Casterline, Casterline Fish Co. and Clifford Dietrich, Dietrich Bros. Seafood Co.

Rotarians Sponsor Annual Scout Drive For Funds

The Gulf Scout Council will conduct its annual finance campaign during the first week of October.

Plans were outlined Wednesday at the Rotary Club for the campaign in Aransas County which will be sponsored by the Rotary Club with B. T. Hardeman as chairman.

Purpose of the Scout finance campaign is to raise funds for the 1951 budget. Total budget for the Gulf Coast Council next year will be \$76,061.91. The funds will come from community campaigns as well as the community chests.

Grady Kincannon, school band director, discussed the school music program at the luncheon meeting. Kincannon said that a successful music program requires the backing of everyone. A fine band is one of the best advertisements that a community can have.

The biggest handicap at the school at the present time is the crowded condition, he said. There are 175 students participating in the music program.

Port Baughman played a piano solo.

R. R. Rice was elected to represent the Rotary Club on the Aransas County Beautification project.

Guests at the meeting were Alex McDonald of Lubbock, Gilbert Meyers of Corpus Christi, J. Hubbard of Port Lavaca and James Bracht.

Bill Blaylock is in Austin this week and plans to attend the Texas-Purdue football game there Saturday.

Mrs. Lois Vance enrolled in business college in Austin last week. Mrs. Fred M. Hunt accompanied her to Austin where she is also visiting with Mr. and Mrs. Edward Hunt.

Aransas and Refugio Officials Establish County Boundary

Pirates Drop First Conference Game to Sundeen

The Rockport Pirates dropped their first conference game of the season to Sundeen, 13-7, Friday night although they actually outplayed their opponents.

The Rockport eleven showed a lot of improvement since their game with Port Lavaca the week before and if the improvement continues this week they will have an excellent chance of upsetting Woodsboro in a conference game to be played there Friday night.

Jimmy Sparks, was outstanding in the backfield. Leon Bateman did a good job at filling in as tailback off Ozzie Williams who was out of the game due to an injury. Williams will be playing for the Pirates Friday.

The Pirate line made an impressive showing with Leon Thornton, Gene Sprinkle and Bob Little as the standouts.

The Pirates staged a second quarter 60-yard touchdown drive, capped by a short plunge by Jimmy Sparks. A few minutes later the Eagles struck pay dirt on a 30-yard pass. The conversion failed.

Sundeen ambled 70 yards for a score in the third quarter to end the night's scoring. The Pirates made 150 yards gain to the Eagles 120, and they completed 12 first downs to Sundeen's eight.

The Pirates will meet a favored Woodsboro team Friday night. Woodsboro won from Ingleside last week, 19-13, in their third game of the season.

Schedule of play:
Sept. 29: Woodsboro, there
Oct. 6: Ingleside, here
Oct. 13: Open
Oct. 20: Taft, here
Oct. 27: Gregory, there
Nov. 3: Refugio, here
Nov. 9: Mathis, here
Nov. 17: Goliad, there

Churches Plan Religious Canvass

Representatives of several of the churches in the community met at the Methodist Church Tuesday night and worked out the details for a religious canvass which will be conducted in Rockport during the week of October 2. It is planned to complete the census in Rockport by October 8, after which plans will be made to do the census in other parts of the county.

The primary purpose of the canvass is to extend an invitation to all to attend one of the churches here. At the same time the census will determine the church relation of all persons in the community.

The work will be done largely by members of the churches. It is hoped that the visits will be accepted as an expression of interest in the people in the town on the part of the churches.

When the census is completed a card will be deposited with the church the individual has stipulated as his choice. This will furnish the church with a prospective list of new members and will enable each church to do its work more effectively.

Woman's Club Will Sponsor Rummage Sale This Week-end

The Woman's Club will hold a rummage sale at Judy's Library, which is located in Sorenson's Grocery, building, this week-end.

Members of the club will handle the sale which will be held from 9 to 5, September 28 through the 30th.

Mrs. Steirly Rozzell, chairman, reports that a large variety of men's clothes, including winter apparel and work clothes, will be available as well as a large stock of women's and children's clothes. Other items which will be offered for sale include household items, knick-knacks and books.

ANNOUNCEMENT

The men of the Presbyterian Church will hold their monthly supper and business meeting Monday night at 7:30, October 2, at the church.

County officials of Aransas and Refugio Counties met at the Aransas County courthouse Monday and reached an agreement establishing the boundary line between the two counties along the west side of Copano Bay.

Discussion of this matter has been underway since 1947. County officials have held several joint meetings to work out an amicable agreement on the county line in Copano Bay between the two counties, as it was realized if litigation should issue it would be of considerable expense to each county.

In the agreement reached, the county line will be drawn through four points:

1. From a point midway on the Bayside Causeway easterly to a point on the shell bank reef to be determined by the county engineers of Aransas and Refugio Counties, which will lie some 10,000 feet from shore on the shell bank.

Easterly from the point on the shell bank reef to a joint equidistant from shoreline on Smith's Point on Lamar Peninsula.

To a point in the middle of North Copano Creek.

Aransas County officials at the meeting were Judge D. R. Simmons, Commissioners W. B. Allen, Jack Sparks, Arthur Davis and J. H. Mills; Fred Percival, county surveyor; Weldon Cabaniss, county attorney and Emory M. Spencer, attorney.

Attending from Refugio were County Judge T. G. Jeter, Commissioners T. G. Heard, Clarke Adkins, Hugo Geistmann and Francis West; Phil Young, county surveyor; Harold DeVinney, school superintendent; George Dahse, business manager for the school, and attorneys Hobart Huson and Gerald Bisest.

Third-Deep-Test Slated For Lamar

A third deep venture was preparing to start in the Virginia Field area northeast of Lamar last week-end. Union Producing Co. was rigging up its No. 3 Virginia Tatton for a third deep venture in the Virginia Field northeast of Lamar.

The third Copano Bay Field well, Phillips No. A-1 Pano, State Tract 33, flowed 188.23 barrels of 42.2 gravity oil on potential test through 1/8 inch choke, under 1,300 pounds pressure on tubing, with casing sealed. Perforations, with 28 shots, were at 7-125-32 feet. Total depth was 7-350 feet with 5½ inch casing set at 7,325 feet.

A fourth test is underway in the Copano Bay Field. Phillips Petroleum Co. No. B-1 Pano, is drilling on a 7,350 contract.

At Salt Lake Field, Atlantic Refining Co. No. 1 Stansbury Unit was taking potential test last Friday. On production test it had produced 115 barrels of oil through 1/8 inch choke under 975 pounds pressure on tubing, and with gas-oil ratio of 932 to 1. Perforations are at 7,236-58 feet.

Hewitt and Dougherty No. 2C F. G. Gabriel, Lot 8, block 48, flowed 225.37 barrels of 39 gravity oil on potential test through 11/64 inch choke, under 940 pounds pressure on casing. Perforations were at 8,472-82 feet with 40 shots. Gas-oil ratio was 1,055 to 1.

The No. 2T Gabriel, on which potential was taken about a week ago, made 174.99 barrels of 38.4 degree oil from 48 shot perforations at 8,866-76 feet. Between the 2 producing sands, a third sand (gas-distillate) has been perforated and sealed off between the packers and behind the tubing. Total depth of this well was 9,800 feet and 7 inch casing was set at 8,950 feet.

The No. 3 in John Durst Survey, A-51, is 3,000 feet southwest of the No. 1, deep oil discovery at 10,505 feet but now a rework job.

Questions and Answers On New Social Security

Editors Note: This series of questions and answers regarding the new social security law is presented by the Pilot in an attempt to inform the public of changes regarding all phases of the law.

Suppose a worker died before the amendments were enacted and was not insured. Will his survivors be eligible for benefits under the amendments?

No. The old eligibility requirements remain in effect for persons who died before Sept. 1, 1950.

Does the amount of the insurance payment depend on a worker's earnings?

Yes. The law in effect up to Sept. 1950 also counted the number of years of employment and that law will continue to be used in many cases. Where the old system of figuring benefits is used, the benefit will be increased by a table given in the new law. Beginning in July, 1952, the formula given in the new law will be used where it will result in a higher payment.

How much will benefits be under the new law?

When the benefit formula in the new law is used, the old-age benefit amount will be one-half of the average monthly wage for persons with an average monthly wage of \$100 or less. For those whose wages average between \$100 and \$300, the benefit amount will be between one-half and one-fourth of the average monthly wage. A newly retired worker who

is entitled to payments will get at least \$20 even if his average monthly wage is less than \$40.

What is the amount of the social security tax?

Until the end of 1953 the amount will be 1½% each for employer and employee. The rate will then be 2% from 1954 to 1959, 2½% from 1960 to 1964, 3% from 1965 to 1969, and 3½% after 1969.

Only the first \$3000 of wages in a year is taxable through 1950. Beginning in 1951 the first \$3,600 is taxed. (This question applies only to wage income).

Are benefits paid automatically upon attainment of age 65 or death?

No. A claim must be filed before any insurance payments are made. It is very important to remember this because the law permits monthly payments to go back for only six months from the date on which the claim is filed. The lump sum can be paid only if a claim is filed within two years of the worker's death.

Where are benefit claims filed? The place to make claims for insurance benefits under old-age and survivors insurance is the nearest social security office. A person 65 or over, who has been employed in work covered by social security, should go to that office for advice about his insurance status, even though he has not yet retired.

Do those already receiving old-age and survivors insurance benefits have to file new claims to get the larger benefits? No. The law provides that all benefits in effect at the time the law was changed will be raised under the special table of benefit increases. Beneficiaries will receive the larger amounts beginning with the September checks to be

Former Resident At Fort Sam Houston

Fort Sam Houston.—George A. Phillips, 20, resident of Conroe, Texas, and grandson of T. A. Ballou, Box 434, Rockport, Texas, has entered the Fort Sam Houston Reception Center this week and is being processed.

Phillips attended Rockport high school and has two years and nine months prior service in the army.

issued early in October, 1950.

Does a person have to be in need before he can claim benefits?

No. This is an insurance program. A retired worker, his wife or widow, and minor children may qualify for benefits without regard to their financial resources, such as savings, property, or other insurance. Husbands, widowers, and parents, however, must establish that the worker on whose record they claim benefits had been furnishing at least half their support.

Can a person receive monthly insurance benefits if he has earnings from work?

Beneficiaries aged 75 and over may receive benefits regardless of the amount of their earnings. A beneficiary under that age will have his benefits suspended if he does more than a limited amount of work. If he works for wages in covered employment, he may earn as much as \$50 in a month and still accept his social security check for that month. If he engages in covered self-employment and his earnings are in excess of \$600 during a taxable year, his benefits are not payable for those months in which he is so engaged.

When an individual works for wages which would cause a suspension of his benefits or is engaged in self-employment and expects to have net earnings from self-employment which may result in a suspension of benefits, he should report to the nearest social security field office immediately.

Can a person receive monthly insurance payments if he has income from any sources besides earnings from work?

Yes. Once a person has qualified for benefits, he may receive payments even though he has income from capital investment, such as annuities, rentals from real estate, dividends from stocks, or interest on bonds.

What kinds of self-employment are covered by the new social security law?

In general, most kinds of trades, crafts, or businesses in which the owner or partner "works for himself". The sole owner or partner operating a store, shop, garage, lunchroom, etc.; the independent contractor; the artist and the writer may build up old-age and survivors insurance protection under this new part of the law.

Not included for social security purposes is income from self-employment as a farm operator, physician, lawyer, dentist, osteopath, chiropractor, optometrist, naturopath, veterinarian, architect, certified, licensed, or full-time practicing accountant, Christian Science practitioner, professional engineer, or funeral director.

What amount of earnings must a self-employed person have to be covered by social security?

In self-employment net earnings amount to \$400 or more in any one year they will be credited toward old-age and survivors insurance payments.

What is the contribution rate for self-employed persons?

A self-employed person will contribute 2½% of his income from self-employment in 1951. This rate will continue through 1953. Beginning in 1954 and through 1959 the rate will be 3%. It will be 3-3/4% through 1964, 4½% through 1969, and 4-7/8% thereafter. Only the first \$3600 of total wage and self-employment income is taxable.

How will the self-employed person pay his social security tax?

His contribution toward old-age and survivors insurance protection for himself and his family will be payable at the time he files his income tax return. The self-employed person will make his first contribution in 1952 when he files his 1951 return. At that time, he will fill in a special schedule which he will find on his income tax report form by the Collector of Internal Revenue who will forward it to the Social Security Administration. This self-employment income will be credited to his social security.

How will prior "covered" employment affect the self-employed?

Any wages a self-employed person previously earned in a job covered by social security will still be listed on his social security account. These previously earned wages will help to establish his insured status and will be considered in determining his wage for retirement or survivors insurance payments. His self-employment income will be credited to his social security account in the same manner.

Before investing in a going concern, make sure you know which way it's going.

Biologist Accepts Position With Navy

A. W. Anderson left Wednesday for Washington, D. C. where he has accepted a position with the Navy Hydrographic Department. Anderson was employed at the Marine Laboratory here as a marine biologist.

He has served as Scout Master for the past several months. R. A. Roberts, former Scout Master, will assume these duties again until Anderson's successor can be found. He was also a member of the Lions Club and the Rockport fire department.

Mrs. Anderson will remain in Rockport until later in the fall.

Political Announcements

The Pilot is authorized to announce the following candidates for the respective offices named, For State Representative,

70th District:

JOHN N. BARNHART

CENTRAL POWER AND LIGHT COMPANY

Army Is Calling Up Women Reservists

Washington.—The Army recently announced the first call-up of women reservists in the current military mobilization.

Active duty orders started going out to 1,644 women in various branches of the organized reserves.

Included are 141 officers in the Women's Army Corps, 640 officers in the Army Nurse Corps, and 145 officers in the Medical Specialist Corps.

In addition, 708 enlisted WAC reservists are being recalled. Unmarried enlisted women will be called first, although married women with no dependents may also be called.

Mr. and Mrs. Pat Mixon of Runge and Eddie Mixon of Dallas were week-end guests at the Joe A. Walling home. Mr. and Mrs. Joel Mixon of Rungew were Sunday guests.

Steady Demand for Telephones Reflects Growth of Rockport

The growth and development of Rockport reflected in the steady increase in demand for telephone service has resulted in a large telephone company expansion and improvement program here at a gross cost of \$19,000, Stan Bell, district manager of the Southwestern Bell Telephone Company, announced Monday.

A recent addition to the dial switching equipment which increased the capacity of the central office by 100 terminals has been completed at a cost of \$5,800 Bell said. Meanwhile, the city's continued growth has made it necessary for the company to greatly expand the network of cables and lines serving all parts of the city.

This project, which will add almost three million feet of copper wire in cable to the city's communications system, will cost more than \$13,000, the district manager said.

"Good progress is being made," Bell declared. "When the work is done it will be possible to provide telephones for most of the applicants who are waiting for service."

The city now has about 760 telephones, the district manager pointed out. "Within the past five years, Rockport's telephone system has increased 145 per cent — and it's still growing," Bell said. "Already this year, fifty new telephones have been added and we are working to provide service as soon as we can for people still waiting for telephones."

WARY WARRIORS—American GI's in South Korea dropped this enemy sniper with a hail of bullets but took no chances as they approached his motionless form. The North Koreans, like the sly Japanese, have been known to play dead, and these Americans are making certain they will not be shot when they turn their backs.

B. F. Hardeman Named Chairman of Boy Scout Drive For Funds

B. F. Hardeman has been named as general chairman of the Boy Scout drive for funds in Rockport, according to an announcement by D. E. Nicholson of Sinton, district finance chairman. The drive will be launched during the first week of October. "We are asking the cooperation of every citizen of Rockport to make this drive a success. We need more funds this year than ever before because we have more boys in Scouting now than in any time in the history of Scouting," Hardeman said.

This will be a part of a simultaneous drive being held in the fifteen county areas comprising the Gulf Coast Council of the Boy Scouts of America. These funds will be used to operate the Scouting program for 1951 and involves nearly 7,000 boys from the age of eight years and up. Awards, training, field service, special events, and camping are a few of the items on the budget. Part of these funds will go to operate Camp Karankawa on Lake Corpus Christi at Mathis. This camp is maintained by the Gulf Coast Council for the use of all boys.

Mrs. Frank Lenoir flew with B. F. Rippey to Mexico last week where Mrs. Lenoir purchased Mexican dishes which she will use to serve Mexican food in at Lenoir's Landing this winter.

Mr. and Mrs. E. W. Smith of Dallas are visiting at the home of Mr. and Mrs. Wm. Beetley. Mrs. Smith is the former Lucille Bardwell.

Ford Quality Queen

Dark-haired Helen Meyer, 25, of Staten Island, N. Y., has been chosen by Ford Motor Company employees as the 1950 Ford Quality Queen. She's 5'8" tall, a perfect size 12 and says her No. 1 job is to keep house for her husband, Herbert, a Marine veteran, who works in the Metuchen, N. J., Lincoln-Mercury assembly plant. Only hourly employees or members of their families were eligible for the contest.

Drivers Required To Stop Vehicles For School Busses

Did you know that you are required to stop your car immediately before passing a school bus which is discharging children, if that bus is on a highway outside of a business or residence district?

After having stopped, you may then proceed at a prudent speed not to exceed 10 miles per hour until you are safely beyond the bus. This is required of you whether you are meeting or overtaking the school bus. This law was passed in 1947 by the 50th Texas Legislature at part of the

Uniform Act of Traffic Laws.

If you will notice within the next day or two, you will see in operation some of the approximately 6,000 school buses which carry tens of thousands of Texas children to and from school every day. The law stated in this Article is one of several which have to do with the operation of a motor vehicle in the vicinity of a school bus which is loading or discharging children.

Each year a number of accidents occur which usually involve the passing motor car and one of the children getting off the bus. These accidents are of the most heart-breaking kind because they usually mean that some young, happy school child has either been killed or possibly maimed for life.

Each driver of an automobile should know and follow the rules concerning motor vehicle traffic

around school buses, because the rules were made in an effort to protect the children who ride them. It is often a hardship for some of these children to get ready in time to ride the bus many long miles into school each day. Certainly if these boys and girls will put forth that much effort, the drivers of automobiles

on our streets and highways can exercise enough care to protect their safety on the way to and from school.

Mr. and Mrs. Bill Emerick, Jr. of San Antonio vacationed at Village Court during the past week and visited at the home of Mr. and Mrs. Frank O. Lenoir.

FOR BETTER VALUES EVERY DAY!

Looks like a big car

One ride on Ford's Sofa-Wide seats (offering top hip and shoulder room in Ford's field) and you'll ask: "Why pay more for roominess and comfort when Ford offers so much for so little?"

Feels like a big car

Take a "Test Drive" in a Ford and you'll discover the fine car "feel" of cars that cost hundreds of dollars more. You'll have to keep reminding yourself that this is a low-priced car you're driving.

As a big car!
(IN EVERYTHING BUT COST)

Test Drive it today!

Ford brings big-car V-8 power to the low-price field, too. Yet, with all its big-car features, Ford is low in first cost, low in upkeep, high in resale value.

COMMERCIAL MOTOR COMPANY

ARANSAS PASS, TEXAS

COLORFUL PAGEANTRY—White-costumed men of Viterbo, Italy, prepare to carry the "macchina," a church-like structure containing a statue of St. Rosa and adorned with hundreds of lights, on the annual mile-long procession through the town. The saint has been honored each year since 1664 when Viterbo escaped a severe epidemic, presumably through her intercession.

PIGSKIN PREVIEW—Here are four young men about whom you'll be reading a lot each weekend this fall. They make up powerful Notre Dame's first-string backfield. Left to right, they are: right halfback Bill Barrett, left halfback Bill Gay, fullback Jack Landry and All-American quarterback Bob Williams.

Huntsville Ready For Prison Rodeo Boom

HUNTSVILLE — Huntsville is getting ready for the biggest opening crowd in rodeo history next Sunday, October 1, when the Nineteenth Annual Event makes its debut in the Prison Rodeo Stadium. This little city is quickly preening itself to become the rodeo capital of the Southwest.

Merchants, restaurateurs and townsfolk are preparing for the large crowds expected to attend this annual feat. Empty lots are being levelled, raked and cleaned to serve as parking lots for visitors' cars. Teen-agers are building small soft drink stands, hoping to quench the thirst of travellers and earn some pocket money. No stone has been left unturned to make this the greatest show in the history of the rodeo. From opening day, which has been designated as "Governor's Day", to the grand finale on the last Sunday in October, the show will burst forth in spectacular thrills and eye catching events.

Rodeo host, Warden H. E. Moore of the Huntsville Unit of the Texas Prison System, assured the public that his entire staff and personnel will be in readiness to handle the expected throngs. He further stated that the new steel bleachers, replacing the old wooden north stands, will be erected in time for opening day. Rodeo Director Albert Moore stated today, "Never have I seen such wholehearted support and interest as shown by the inmates. Truly, it will be the greatest, wildest show in the seventeen years I have directed the rodeo."

Inmates of the prison are putting the finishing touches to the annual housecleaning and renovation of the huge stadium. Rodeo stock is already trekking into the corrals and the entire prison is shouting—"It's Rodeo Time!"

Mr. A. C. Turned, Publicity Director for the Rodeo, is expecting a great many newsmen to attend opening day and will issue special guest badges to all members of the press that will entitle them to seats in the "Press Section".

Good seats are still available. Write or wire L. J. Craig, Prison Ticket Office, Huntsville. Reserved seats, \$2.00 plus tax—total \$2.40.

Mrs. Zoe Jones left Tuesday for her home in Dallas after visiting for three weeks at the home of Mrs. Henry Bailey.

BOUNTIFUL BARREL—Not too sure of what it's all about, Mrs. J. H. Orr, left, her son and daughter-in-law examine a "mysterious" water barrel on their farm near Simmons, Mo. It seems that although the barrel is emptied each day, it refills by itself during the night. At least, that's how the story goes.

TOWN SUIT FOR FALL

A town suit of cotton corduroy is a must in the wardrobe of both school girl and career girl this fall. A new cotton corduroy, sheer and soft like chamois cloth, is used by Stephanie Koret of California for this all-purpose corduroy suit. Its style details include a wrist-length jacket with belted back and slim, flattering skirt, according to National Cotton Council fashionists.

Fall Marine Seminar Scheduled in October

Austin.—The fall session of the Marine Laboratory Seminar and Field Study of Marine Sciences is scheduled for October 27-29, according to the Executive Secretary Howard Doogen of the Game, Fish and Oyster Commission. The seminar will be held at the Marine Laboratory in Rockport with the arrangements for the program under the direction of J. L. Baughman, chief marine biologist.

The marine seminars are designed to give the colleges and universities of the state an opportunity to acquaint their students with the marine sciences. While it is basically planned for biological and closely allied subjects, it should be of value to representatives of many industries and agencies particularly those along the Gulf Coast.

Sixteen lectures have been tentatively scheduled for the three-day meeting. The entire Marine Laboratory staff, equipment, and library will be available to the seminar. Arrangements have been made for housing at the rate of \$1.00 per night and, to obtain this rate, all arrangements for billeting should be handled through the Marine Laboratory office at Rockport.

U. S. and Mexico Trade Agreement Not In Effect after Dec. 31

Termination of trade agreement with Mexico changes United States import tariff status of certain fishery products: Notes have been exchanged between representatives of the Government of the United States of America and the Government of the United Mexican States terminating the trade agreement between the two governments signed December 23, 1942. As the result of this exchange of notes, the United States-Mexico trade agreement will cease to be in force after December 31, 1950.—Commercial Fisheries Review.

Mr. and Mrs. Fred Hetherington and friends of Dallas visited with his father, W. R. Hetherington, over the week-end.

New Policy on Recalling To Active Duty Naval Enlisted Reservists

Lieutenant Commander J. E. Callan, Officer in Charge of the Houston Navy Recruiting District announced today a new policy affecting all enlisted Naval reservists being recalled to active duty, effective immediately.

Heretofore enlisted Naval reservists being recalled to active duty have reported to the Main Navy Recruiting Station of this area, which is Houston, and if found physically qualified, have departed for a receiving station on the same date. This has in many cases been both confusing and inconvenient to many enlisted men who were under the assumption that their recall for the immediate period consisted primarily of a physical examination and that actual recall placing them on active duty and under the uniform jurisdiction of the Navy for

assignment would be effected at a later date.

Commander Callan stated that the Secretary of the Navy desires that the maximum practicable advance notification of recall to active duty be given to all enlisted reservists, and, in this connection, that physical examinations be conducted in advance of reporting dates in order that individuals recalled may have firm knowledge of their acceptance.

The new procedure for this program will be that enlisted personnel ordered to active duty will report to the Main Navy Recruiting Station and establish their physical fitness and if found physically qualified may then return home at their option for a period of time which will be noted in their original orders issued. If the individual has taken the option of returning home rather than proceeding direct to his ultimate duty station, he will be provided with future transportation and instructions as to when and where to report.

F.H.A. LOANS

F. H. A. Loans on Aransas County property are hard to secure because the vast majority of eligible property is leased for oil and gas purposes with insufficient restrictions.

After two months work I have secured a commitment for FIVE F. H. A. Loans, \$4,500.00 each, 20 year, 4 1/4% interest, monthly payments of \$25.00 per month, on homes to be built in

Fulton Oaks Addition

These loans are available in Fulton Oaks Addition ONLY because of the favorable restrictions of the oil and gas lease on the lots in FULTON OAKS ADDITION.

Applicants interested in these loans should have at least \$2,500.00 of their own money.

Homes will be built to your plans and F. H. A. specifications. These loans are available whether you own your own lot in Fulton Oaks Addition or expect to buy.

"ALL THESE VEHICLES AND I GOTTA WALK!"—A U. S. Marine, carrying a BAR (Browning automatic rifle), moves towards the enemy lines somewhere in Korea, while backed up by a medium tank. The American tank at left has been knocked out by enemy fire in the heavy fighting.

CITATION BY PUBLICATION

THE STATE OF TEXAS,

To all persons interested in the Account for Final Settlement of the Estates of Isaac L. Gibson and Irene Mae Gibson, both deceased, Nos. 413 and 414, H. J. Gurley, Administrator thereof, has filed in the County Court of Aransas County, Texas, on the 28 day of September A.D. 1950, his Final Account of the condition of the Estates of said Isaac L. Gibson and Irene Mae Gibson, together with an Application to be discharged from said trust, which will be heard at the first Monday next after the expiration of ten days from date of publication of the same being the 9th day of October A.D. 1950 at the Court-house of said County, in the City of Rockport, at which time and place all parties interested in the Account for Final Settlement of said Estate are hereby notified to appear and contest said Account and Application of the said H. J. Gurley if they see proper to do so.

Witness, Jas. C. Herring, Clerk of the County Court of Aransas County, Texas, and the seal of said Court attached, this the 28 day of September A.D. 1950.

JAS. C. HERRING,
Clerk County Court,
Aransas County, Texas.

(Seal)

You have to make allowances for son when he's off to college.

A NEW QUEEN—Twenty-year-old Yolande Betze of Mobile, Ala., recently chosen as "Miss America of 1951," is shown being crowned by last year's winner, Jacques Mercer. Yolande scored heavily in the talent section of the contest in which she sang various operatic selections. She didn't do badly in the beauty division either, as can be plainly seen.

Physical Examination Likened to Treasure Hunt With Doctor

A head-to-toe physical examination might be likened to a treasure hunt with your doctor as the hunter and your good health as the treasure. He has to keep a constant lookout for any pirates along the way, too, threatening signs that might rob you of your fortune.

The route must be considered as a whole, not as separate pieces but as marked clues along the path with good health ascertained only if all those clues lead to the same conclusion. Perhaps one of the best examples of the tie-in between head and toe in such an examination is the finding of tophi, small bumps on the ear containing uric acid crystals, which are a clue to a bad hurt you might have in your big toe; these tophi are frequently the first indication of gout which affects the big toe.

The head as a whole, its size, shape, movements, the hair on the head, and the contour of the face may also present less obvious signals of physical distress or may be definite clues as to illness.

In infants and children, especially, deviations from normal in the size of the head are significant. The soft spots on a baby's head always come in for a special scrutiny from the doctor; bulging or depression of those spots may be an indication of disease, and closure or failure to close at a proper age may result in abnormal size of the head.

An extremely large head may result from many causes. Rickets may be the cause of a large, bulky head. The condition commonly known as "water on the brain," medically known as hydrocephalus, results in a large head because of the increase within the skull of the amount of brain and spinal fluid. Sometimes, though rarely, the mechanism of calcium usage of the body gets out of whack, leading to an increase in the thickness of the skull and enlargement of the head known as Paget's disease.

Acromegaly is the medical term for a disease connected with overactivity of the pituitary gland which results in massive enlargement, not of the head, but of the face.

The extremely small head results from a condition which causes early closing of the fontanelles, the soft spots on the baby's head.

Other diseases leave their mark upon the face, but these marks are not definite diagnosis of disease, only clues, hints as to the possibility of disease. A pale face with a pinched expression does not immediately go down in the doctor's book as a liver patient; but such facial presentation might hint to your doctor that the liver should come in for an extra-careful check. Just as all cases of protruding eyes are not goiter, it is one of the signals of goiter which will lead to checking on other signals of thyroid trouble. No one symptom alone will generally lead to a definite medical conclusion; it does lead to further check for specific diseases, however.

Everyone has awakened some morning with swollen eyelids and puffy cheeks. That doesn't make every swollen eyelid a signal of kidney disease, though that may be one of the symptoms. Everyone has had a crick in his neck at some time or other, but that doesn't mean he has wryneck, or torticollis, which is characterized by the same sideward position and limited motion of the head.

Your doctor would check such limited motion of the head if it were more than a temporary thing however. Fixation of the head, the inability to move it, may arise from a number of different causes, which your doctor will fit in with other symptoms, and continuous or excessive motion of the head may occur with a number of diseases.

The hair on your head as well as that over your body may contribute further medical information to your doctor. Baldness, hair coming out in spots, and distribution of the hair, especially in a dollescence, are all significant.

The size and shape of the ears usually have slight medical import though certainly they can effect the wearer mentally if their size and shape is far from normal. They can be an indication of previous injury with the cauliflower ear of wrestlers and boxers the most obvious example.

Inside your ear lies much more information for your doctor, though. Aside from irritations, inflammations, and bug or other foreign objects which might have been trapped in your ear, he also looks at the color of the ear drum, whether it bulges in or out, whether it has holes in it or scars on it. And he might whisper or hold a watch to check your hearing at different distances, checking the range of hearing as well as the volume since some diseases are marked by hearing loss of low tones and others by loss of high notes.

If the routine ear examination

FESTIVE FROCK

Designed for Betty Coed's winter festivities, this versatile velvet dress will be an eye-catcher on the campus this season. Created by Judy 'N' Jill from luxurious cotton velvet, the two-piece frock is lined with braid binding and buttons with a shy Peter Pan collar.

uncovers some indication of ear trouble, a more detailed examination is advised.

Sometimes the treasure of good health lies buried deep. Your doctor seeks to shovel all the dirt and disease away and give you your fortune, good health.

You can't say that the man with the moustache is a bare-faced liar.

Dept. of Pulic Safety Has Openings For Qualified Young Men

Austin. — The Driver's License Division of the Texas Department of Public Safety has openings for a number of Texas' young men as Driver's License Examiners.

Homer Garrison, Jr., Director of the State Safety Department, announced today that his organization is accepting applications from qualified men to fill existing and potential vacancies caused by a number of the License Examiners being called into the armed services. He urged that men who meet the requirements and who are interested, contact their nearest Driver's License District Office or write directly to Chief A. F. Temple of the Driver's License Division at Austin for application blanks, immediately.

Garrison listed the following qualifications as necessary for appointment to the positions: 21 to 35 years of age, inclusive; a minimum height of 5 feet 8 inches; weighing not less than 2 pounds per inch of height; good physical condition; a citizen of the United States and a resident of the State of Texas for at least one year immediately prior to appointment; and, subject to an extensive moral and character investigation.

Applicants will be notified later of the dates and places where written and oral examinations will be conducted, according to Garrison. Base pay for Driver's License Examiners, the Director stated, is \$240.00 monthly, with the added advantages of two weeks annual leave; low cost Departmental life insurance and group accident and sickness insurance for members and dependents; and benefits of the State Employees Retirement Plan.

The guy who said that money talks wasn't referring to hush money.

Mrs. Mollye Davis went to Houston last Friday where she has spent the past week visiting with friends and relatives.

James Cox recently enrolled at A. & I. College at Kingsville as a freshman.

Berry McKeen, of San Antonio, is visiting his uncle and aunt, Mr. and Mrs. C. Jacobson.

Mr. and Mrs. W. R. Hetherington left Wednesday for Dallas where her mother is reported to be seriously ill.

From where I sit ... by Joe Marsh

New Use For Old Windmills

I drove past Larson's farm last week and saw him perched on top of his 75-year-old windmill. "Still planning on tearing it down?" I shouted up to him.

"Not on your life," says Curly as he climbs down. "I'm getting myself a television set from Buzz Ellis' and he says this windmill is going to come in mighty handy."

"You see," Curly went on, "I'm going to put my TV antenna right on top of it. Since the windmill is higher than the house, I'll get the best reception around here—but

if it wasn't for Buzz and his advice, I'd have scrapped it."

From where I sit, Curly's success as a farmer and his popularity in town is due, in a large part, to his open-mindedness and his willingness to listen to people and their opinions. He'll listen to Buzz Ellis over a malted milk or he and I can talk politics—each with a glass of temperate beer. Yes, Curly's as modern as television itself!

BENEFIT CARD PARTY SATURDAY

About 40 persons gathered at the Woman's Club building Saturday night to enjoy the benefit card party which was sponsored by that group.

Prizes were awarded Mrs. Chas. Ankele and Joe Johnson for high scores at bridge. Mrs. Gladys Gibson of Corpus Christi and Fred Booth received prizes for high scores at canasta.

Mrs. J. P. Hanway and A. L. Bruhl won the door prizes. All of the prizes were donated by Rockport and Fulton merchants.

Refreshments were served by the hostesses, Herbert Mills, chairman and Mrs. S. H. Currey and Mrs. J. H. Mills.

Fulton P.-T.A. Meets Wednesday

The October meeting of the Fulton Parent-Teacher Association will be held at the Fulton school Wednesday afternoon at 4 o'clock, October 4.

The program will be presented by students of the first grade.

Mrs. J. R. DeForest will address the group on the subject, "What is more followed than the models of parents?"

Senior Class Sponsors Weekly Bake Sales

The senior class will sponsor a Bake Sale every Saturday morning for the next several weeks.

Senior girls will be at Johnson's Drug Store and the Model Cash Grocery at 9 a.m. to sell.

The sale will include cakes, pies and cupcakes. Prices will range from \$1 to \$1.25 for cakes, 75 cents to \$1 for pies and 60 cents per dozen for cupcakes.

REBEKAHS GIVE BIRTHDAY PARTY

Members of the Rebekah Lodge held their monthly birthday party at the Methodist annex Tuesday night. Those whose birthdays were honored were Mrs. Nannie Deane and Mrs. Fannie Saint.

Arrangements for the social were made by the committee of the month which was composed of Mrs. Corinne Zowadski, Joyce Mullinax, Mrs. Ina Woods, Mary Augusta Deane and Mrs. Deane.

About 25 attended the party. Mrs. Summerville Ballou and Mrs. Florence Harist are captains of teams in a contest for unwritten work. The contest is scheduled to end the Tuesday before Thanksgiving at which time the losing team will arrange a party for the winning team.

Mrs. Cochran Will Review Story Of New Orleans Monday

Mrs. M. W. Cochran will give a book review, "Angel in the Wardrobe", at the Woman's Club building Monday afternoon at 3 o'clock, October 2.

This is a story of present day New Orleans involving three generations of a New Orleans family. The book, which has its setting during the Mardi Gras season, was released about two years ago.

The book review is being given as a benefit for the Woman's Club. Tickets can be obtained from any member of the club or can be purchased at the door. Admission will be 50 cents for adults and 25 cents for students.

Mrs. Chas. Roe, Sr. arranged for the affair.

The car's speedometer doesn't always reveal how far a couple has gone.

GLAMOROUS CORDUROY

This glamorous cotton corduroy suit-dress was modeled recently in a showing of outstanding fall and winter corduroy fashions by Crompton-Richmond. The distinctive styling of this chic two-piece corduroy designed by Jean Patou features huge sleeves that give it almost a cape-like effect. The wide, wide collar buttons with two giant buttons at the edge of the sleeves.

PRESBYTERIANS OBSERVE FAMILY NIGHT WITH SUPPER

Members and friends of the Presbyterian Church gathered there Wednesday night to observe family night in view to building up the Sunday Schools.

A large attendance brought baskets of food which was served cafeteria style. Following the supper, a program, in charge of the officers of the church, was presented. Two male quartets presented several numbers and talks were given by the officers.

Following the program, the religious census group held a conference about their work due to start next week.

San Antonio Symphony Will Perform In Sixty Concerts In 1950-51

SAN ANTONIO—Some 60 concerts will be performed by the San Antonio Symphony Orchestra and Musical Director Max Reiter during the 1950-51 season—the twelfth—which opens at the Municipal Auditorium here Saturday night, Nov. 11.

Heading the list of symphony events are the 15 subscription concerts, 13 of which will feature well-known artists, another the 200-voice Symphony chorus. One concert, in keeping with public demand, will be all-orchestral.

Reiter, founder and permanent conductor of the Orchestra, will be on the podium for all but two of the season's concerts. Two distinguished guest conductors, Leopold Stokowski and Eugene Ormandy, will direct the other subscription concerts.

Among guest soloists to appear with the orchestra for the coming season are Pianists Artur Schnabel, Sigi Weissberg, Clifford Curzon and Rudolf Firkušny; Violinists Yehudi Menuhin and Erica Morini; Singers Kirsten Flagstad, soprano, Boris Christoff, basso, and Frances Yeend, soprano.

The Singers' Society of the San Antonio Symphony, Charles Stone, choral director, will be featured in the Dec. 2 concert, and Julius Hegyi, able young concert master of the orchestra, will be soloist in another subscription concert.

Reiter said several other important events, including the American premiere of the last Four Songs of Richard Strauss—with Miss Flagstad as soloist—are planned for the coming series.

During the season the orchestra will play concerts in 15 other Texas cities; five children and youth concerts for San Antonio school children, and 10 military concerts at Lackland and Randolph Air Force Bases, near San Antonio.

Season tickets for the 15-concert subscription series are priced at \$5 (for students only), \$7.70, \$9.90, \$13.20, \$19.80, \$26.40 and \$33.00, offering a saving of 50 per cent over the prices of tickets, if purchased separately.

Season tickets are currently available at the Symphony's Municipal Auditorium box office. Mail orders are filled in the order received.

EPISCOPAL GUILD HOLDS ANNUAL CHRISTMAS PARTY

The Benevolence committee of St. Peter's Episcopal Guild entertained Sept. 21, at the home of Mrs. Paul Sorenson with the third annual Christmas party for its two European families.

The theme this year was "The Night Before Christmas" and each member brought a red Christmas stocking bulging with gifts for some member of the European families.

"A Visit From St. Nicholas" by Clement Moore was given by Judith Collier. The red Christmas stockings were collected and small red sachets were given in exchange.

Mrs. James G. Hooper led the group in a Christmas stocking game and also led in singing familiar Christmas carols.

Refreshments were served from a table laid with a green damask cloth and centered with a small Santa on a snow banked reflector by green candles in silver candelabra.

Mrs. Frank Kuhns, president of the Guild, poured the punch which was served with Christmas cookies.

YOUNG MATRONS PLAY BRIDGE AT C. JOHNSON HOME

Members and guests of the Young Matrons Bridge Club were entertained at the home of Mrs. Chester Johnson Wednesday afternoon.

Mrs. Chas. Ankele won the prize for high score. Mrs. Joe Johnson claimed second high and Mrs. Jack McDavid was awarded the consolation prize. Mrs. T. J. Johnson won the "bingo" prize.

Refreshments were served to the following guests: Mrs. N. F. Jackson, Mrs. Herbert Mills, Mrs. Harry Mills, Mrs. DeWilton Jeffries, Mrs. Harold Picton, Mrs. Charles Ankele, Mrs. Joe Johnson, Mrs. Weldon Cabanis, Mrs. Ed Barnard, Miss Mary Beth Picton, Mrs. Roy Rogers, Mrs. Roy Woods, Mrs. Arley Shivers, Mrs. J. H. Mills, Mrs. Clark Wren, Mrs. Jack McDavid, Mrs. T. J. Johnson, Mrs. Emory Spencer, Mrs. Leonard LeBlanc and Mrs. Fred Booth.

CONGRATULATIONS

Mr. and Mrs. Johnny Wright are the proud parents of a daughter born at the Rockport hospital Wednesday. The infant weighed 9 pounds, 4 ounces at birth.

Mr. and Mrs. E. H. Face of Ingleside are the parents of a son born at the Rockport hospital last Sunday. The infant weighed 8 pounds, 2 ounces at birth.

Mr. and Mrs. D. C. McBride, Jr. of Fort Worth, are the proud parents of a baby daughter born in Fort Worth on September 11. The infant weighed 6 pounds and 10½ ounces at birth and has been named Carol Jean. The new grandparents are Mr. and Mrs. D. C. McBride, Sr. of this city.

Louis Untermyer of Ingleside underwent a major operation at the Rockport hospital this week.

Mrs. L. G. White is managing Bill's Sporting Goods Store this week in the absence of Mr. and Mrs. Hetherington who were called to Dallas. Mrs. White returned to Rockport last week after a month's vacation in Sacramento, Calif. where she visited her daughter and family.

MRS. MARY WEBER CELEBRATES 81st BIRTHDAY TUESDAY

Ladies of the Fulton Community Church surprised Mrs. Mary Weber with a birthday party at the home of her daughter, Mrs. Zeph Rouquette, Tuesday night. Mrs. Weber was celebrating her 81st birthday.

Refreshments were served to 45 guests by Mrs. Jack Sparks, Mrs. Frank Casterline, Mrs. Francis Rouquette, Mrs. Zeph Rouquette, Mrs. Harry Wilson, Jr., Mrs. Harry Wilson, Sr., Mrs. Berta Cole, Mrs. Lottie Madden, Mrs. Robert Madden, Mrs. L. E. Rogers and Mrs. Arthur Davis.

The honoree was presented with many gifts.

W. M. U. MEETS AT BEASLEY HOME

The W. M. U. Ethel Hardy Circle met at the home of Mrs. W. E. Beasley last Thursday afternoon for their Bible study.

Ladies who took part in the program were Mrs. G. A. Hander, Mrs. James East, Mrs. Robert Key, Mrs. Walter Crabb, Mrs. W. E. Beasley, Mrs. B. A. Atwood and Miss Mary Bagwell.

Refreshments were served to members in attendance during the social hour which followed.

Rheumatic Fever Serious Says Dr. Geo. W. Cox

AUSTIN—While the specific cause of rheumatic fever has not been discovered, several factors associated with it and its onset and recurrence are now generally recognized, said Dr. Geo. W. Cox, State Health Officer.

Rheumatic fever is serious because it may affect the heart. Age is important. Rheumatic fever usually begins in childhood at about 5 or 6, although adults may have it. There is a susceptibility to the disease which cause rheumatic fever to be more common in some families than in others. The other factors which may favor its onset, combined with an individual's susceptibility, are frequent chilling, damp or over crowded living quarters and a poor diet.

The early signs and symptoms may be slight. Some of them, which may occur singly or in combination are: failure to gain weight, poor appetite, pallor, repeated nosebleeds, low persistent fever, and frequent complaints of pain in the arms, legs or abdomen. These symptoms do not necessarily mean that a child has rheumatic fever, but they do indicate that he is below par and should be examined by a physician and his advice followed.

The more characteristic signs include painful, inflamed joints. The child may be irritable without good reason, cry easily, or develop other nervous habits.

It is vitally important to spare the heart unnecessary work for as long as the disease is active and for a period of convalescence afterwards. A child with rheumatic fever should remain in bed until, in the physician's opinion, it is safe for him to get up.

Some children recover from rheumatic fever without developing heart trouble, or the damage to the heart may be so slight that the child can live a normal life. In other cases, the child recovers from the acute attack but is left with an impaired heart.

By the time the meek inherit the earth, taxes will be so high they won't want it.

SACKS TO SCHOOL!

Here's a coed who's already educated in the ways of both fashion and thrift. She made this charming campus outfit from three cotton feed bags. Using the plaid cotton fabric from the feed bags for the skirt, she dyed a plain white bag in a solid shade to match. With her smile and her fashion know-how, this pretty freshman is destined to be a campus queen.

Mrs. Manch Brundrett returned home Wednesday after a weeks visit with relatives in Port Arthur and Port Lavaca. She accompanied Mr. and Mrs. D. L. Kight of LaFeria.

Mrs. Annie McGrath of Chicago, arrived Sunday to spend the winter with her son, Bill McGrath, high school principal.

CHURCH GROUP MEETS AT HENRY BAILEY HOME

Members of Circle Two of the Presbyterian Church met at the home of Mrs. Henry Bailey last Thursday afternoon. Thirteen members and one visitor were present.

Mrs. Earl Thomas gave the Bible lesson on "Daniel's Prayers". Mrs. J. B. Jackson, chairman of education, presented her cause for religious education.

Mrs. E. J. Johnson and Mrs. Norman McLead attended the D.A.R. Luncheon which was held at the Driscoll Hotel in Corpus Christi Saturday.

Mr. and Mrs. O. J. Hinton and Mrs. W. M. Hinton of Austin are guests at the Roy Hinton home. They will vacation in Mexico during the coming week.

Mr. and Mrs. Paul Bluntzer of Corpus Christi were week-end guests at the home of Mr. and Mrs. Roy Hinton.

23% Increase Shown In Fishery Catch For 1949-50

During the entire fiscal year, (beginning Sept. 1), landings at Texas ports totaled 85,243,237 pounds, 23 percent greater than the poundage received during the 1948-49 fiscal year.

Landings of finfish, which amount to 47,287,298 pounds during the period Sept. 1, 1949 to August 31, 1950, were 7 million pounds less than in the previous year. However, receipts of shellfish, which amounted to 37,955,939 pounds were 16.7 million pounds greater. The decline in receipts of finfish resulted from reduced landings of menhaden during the first eleven months of the fiscal year. The gain in the production of shellfish was caused by record landings of shrimp during the period from Sept. 1, 1949 to August 31, 1950, which amounted to 37.8 million pounds compared with 21.2 million pounds in the same period the previous year.

Landings of fishery products at Texas ports during August amounted to 16,920,467 pounds compared with 11,598,351 pounds for the same month the previous year. The catch of menhaden (12,359,502 pounds,) and shrimp (4,289,851 pounds,) accounted for 98 percent of the Texas production during August. Receipts of menhaden were 3.8 million pounds more than in August, 1949, and those of shrimp were 1.5 million pounds greater.

Landings from Gulf waters accounted for 98 percent of the Texas catch during August. The remaining 2 percent was taken from the bays of the state. Menhaden accounted for 74 percent and shrimp 24 percent of the catch taken in the Gulf waters.

Rev. and Mrs. H. L. Fort left Tuesday for Sulphur Springs where Mrs. Fort's father will undergo an operation. Rev. Fort is expected back in Rockport Friday.

WHEELCHAIR GOLF—Paraplegic veteran Glenn Mayer of Cleveland, O., shows that being in a wheelchair won't stop you if you really want to enjoy one of the nation's favorite pastimes. His instructor is golf pro Packy Walsh of the Chicago Park District. Walsh's brother Marty, also a golf pro, holds the flag.

Two Big Ten Squads On Broadcast List Of Saturday's Games

A series of four of the nation's top intersectional games and two interesting home-state meetings are on Humble Oil and Refining Company's football broadcast schedule this week-end.

Two strong Big Ten squads are on the list of Saturday games—Texas-Purdue at Austin and SMU-Ohio State from Columbus, Ohio. Rice and Santa Clara open the Owls' big new stadium, while TCU challenges Oklahoma A & M at Stillwater, Okla. Texas A & M and Texas Tech will renew their series at San Antonio, and Baylor dedicates its new bowl against fast-growing University of Houston.

Purdue's invasion of the University of Texas Memorial Stadium will be called by Kern Tips and Alec Chesser. The broadcast begins at 1:50 p.m. over stations KFJZ, Fort Worth; WRR, Dallas; KRBC, Abilene; KGKL, San Angelo; KBWD, Brownwood; KBST, Big Spring; KCRS, Midland; KGV, Greenville; KSST, Sulphur Springs; KRRV, Sherman; KPLT, Paris; KCMC, Texarkana; KPRQ, Longview; KMHT, Marshall; WACO, Waco; KTBC, Austin; KABC, San Antonio; KTRH, Houston.

The SMU-Ohio State broadcast will begin at 12:50 p.m. with a description by Wes Box and Buddy Bostwick from the Buckeyes' huge stadium in Columbus, Ohio. The game will be heard over WFAA-WBAP-570, Dallas-Fort Worth; KPRC, Houston; WOAI, San Antonio; KRIO, McAllen.

At 1:20 p.m. from Stillwater, Okla., Jerry Doggett and Dave Russell will cover the TCU-Oklahoma A & M game, with the broadcast to be heard over WBAP-WFAA-820, Fort Worth-Dallas, and KFDX, Wichita Falls.

Charlie Jordan and Hal Thompson will join in calling the play-by-play and color of the Baylor Houston game from Waco. Broadcast time is 1:50 p.m. over stations KWTX, Waco; KXYZ, Houston; KWBU, Corpus Christi; KVIET, Austin.

On the evening schedule, at 8:05 p.m., the Rice-Santa Clara game will be broadcast by Eddie Barker and Bob Walker on KTRH, Houston.

Texas A & M and Texas Tech's meeting in San Antonio will be aired by Bill Michaels and Jim Wiggins. Broadcast time will be 8 p.m. over stations KFYO, Lubbock; KFJZ, Ft. Worth; WRR, Dallas; KRBC, Abilene; KGKL, San Angelo; KBWD, Brownwood; KBST, Big Spring; KCRS, Midland; KRRV, Sherman; KPLT, Paris; KCMC, Texarkana; KFRQ, Longview; KMHT, Marshall; WACO, Waco; KNOV, Austin; KABC, San Antonio; KRIO, McAllen; KTH, Houston and KORA, Bryan.

New Bleachers At Prison Stadium For October Rodeos

Huntsville.—On October 1, 1950, fans of the Rodeo World will pass through the portals of this huge stadium to witness the best and biggest show ever put on during the nineteen years of its history.

The new prison rodeo stadium will have another addition to its excellent plant this year. By Rodeo Time the new prefabricated stands will be in readiness, replacing the old wooden north section. Built and paid for from the profits of the rodeo, this stadium is the finest of its kind, in any prison system.

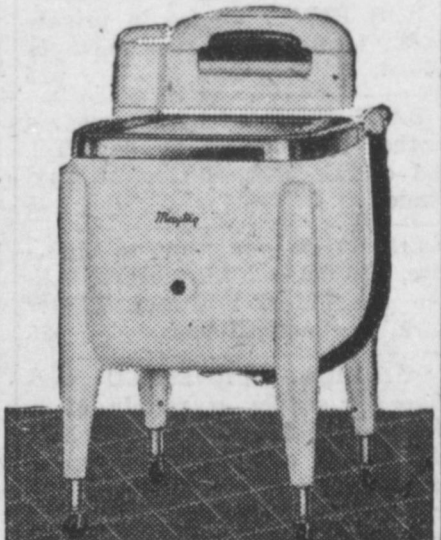

The Southwest's greatest show will bring together the keenest competition in any rodeo. Be sure to attend one or all of the five shows in October. Remember these dates, October 1-8-22-29. Write or Wire L. J. Craig, Prison Ticket Office, Huntsville, Texas.

While you're asleep...

It's three o'clock in the morning. In the ghostly steel structure of a CPL substation, men crawl up and down and around the huge transformers. With rags and buckets of water... they're giving the insulators a bath and praying for a good, hard rain.

Normally, rainfall keeps the insulators clean, but during a long spell of dry, windy weather sometimes a thick, white coating of wind-driven dust and salt covers them over. Morning fog and dampness make a conductor of that coating and the electricity starts leaking and arcing... it can interrupt your electric service.

This is one of the hazards of nature which spell trouble. Real trouble some places... potential trouble everywhere. Recently, CPL crews washed insulators in many locations... they worked poles with the lines hot—made their own rain with a fire hose. They worked daytime, nighttime and overtime to keep the current flowing to you. Such a job is just one of the hundreds performed behind your electric switch to protect your service... to see that you get the very finest electric service possible—around the clock—despite the weather.

Chester Johnson Motors Displays New Henry J

Chester Johnson invites the public to come and see the new Henry J, "The Car All America is Waiting For", which will be on display Friday at the Chester Johnson Motors.

The Henry J and Henry J De Luxe are smartly styled and available with four or six cylinder Kaiser Supersonic engines. Design features include a folding rear seat arrangement which provides more than 50 cubic feet of luggage space.

Other details regarding the new models can be found in the ad on page 5.

What we can't understand is how nature takes care of things, even though they may happen years and years later. For instance, look how our nose and ears are located, just to hold spectacles.

Registration Shows 63 Transfers to Aransas County School System

Registration at the Rockport and Fulton schools show 63 transfers to the school system here this year. These students have transferred here from schools in Oregon, Louisiana, West Virginia, California, Kansas and Texas.

New students enrolled in the Rockport grade school are: First grade, Cecil Rogers, Goliad, Texas; Caroline Wall, Queen City, Texas; Tytus Owens, Luling, Texas; Shirley Ann Brenk, Wharton, Texas.

Second grade: Beverly Lackey, Bandera, Texas; Zola Mae Brown, Victoria, Texas; Lupe Benavides, San Antonio, Texas; Donald Rodgers, Goliad, Texas; Barbara Utley, Karnes City, Texas; Frank Foster, Aransas Pass, Texas; Roy Coleman, Taft, Texas; Carolyn Murphy, Riviera, Texas; Alandra Holm, Riviera, Texas.

Third grade: Barrett Rodgers, Goliad, Texas; Larry Holm, Goliad, Texas; Ramona Fleming, San Aubins, W. Va.

Fourth grade: Linda Clingman, Morrisport, La.; Carl Wall, Queen City, Texas; Leona Morgan, Temple, Texas; Jimmy Lackey, Bandera, Texas.

Sixth grade: Beverly Matern, Three Rivers, Texas; Nell Clingman, Shreveport, La.; Ruthie Lackey, Bandera, Texas; Aubrey Brown, Victoria, Texas; Ted Owens, New Orleans, La.

Seventh grade: Betty Lackey, Bandera, Texas; Juanita Everitt, San Antonio, Texas; Lloyd Cannon, Kingsville, Texas; Cullen Wall, Queen City, Texas; Loyce Coleman, Taft, Texas; Joyce Coleman, Taft, Texas.

Eighth grade: Delorice Green, Grant's Pass, Oregon; Mickey Boyser, Pecos, Texas; Fully Clingman, Shreveport, La.; Donald Maxwell, Clarkwood, Texas.

Students have transferred to Rockport high school from the following schools:

Tommye Spencer, Orange, Texas; Ann Paris, Alice, Texas; Gladys Coleman, Taft, Texas; Janet Washington, Pettus, Texas; Dorothy Cannon, Kingsville, Texas; Carl Svendsen, San Antonio, Texas; Waylan Diffie, Visalia, Calif.; J. L. Hinsley, Aransas Pass, Texas; Bill Harmon, Aransas Pass, Texas.

New students at the Fulton grade school are Rayford Brown, Austin, Texas; Robert Blunt, Ulysses, Kans.; Shirley Hensley, Aransas Pass, Texas; Chas. Stryker, Refugio, Texas; Marcy Brown, all in the second grade.

Third grade: Britton Dick, Roncy Stacey.

Fourth grade: G. A. Walker, Ruebin Rivas.

Fifth Grade: Sandra Blunt, Ulysses, Kans.

Sixth grade: Joan McCoy, Fort Worth, Texas; Faye Washington and Ray Washington, Pettus, Texas.

Seventh grade: Barbara Goehring, Yorktown, Texas; Patsy Stacey, Taft, Texas.

Often as we read the news of the day we feel as insecure as a skinny old maid in a strapless evening gown.

You can always depend on a streetcar having seats vacant, when it's coming back from where you are going.

If you want to make the days pass quickly, buy something on the installment plan.

BUCKEYE BLAZE BATTLER — Along with the title, "Girl They'd Like Most to Put Out Fires With," volunteer smoke-eaters of Geneva-on-the-Lake, O., presented 18-year-old Marjilen Talbot with an axe, boots and chief's hat. They wanted to give the blue-eyed fire-gal some hose but Marjilen quipped, "Nylon or nothing!"

Junior Football Squads Meet Sinton Tonight

The Junior football squad will meet Sinton here tonight in their second game of the season. The boys played Taft there last Thursday and won 19-0.

Coach Harris Pollard has 17 boys out this season. Positions in which they play are:

Left end, Jimmy Clinton, Emilio Guzman, Ted Owens, Clifford Manning; left guard, Albert Mendola, Jerald Owens; center, Robert Bracht, David Gibson; right guard, Bob Boone; right tackle, Tony Mejorado, Claudio Lara; right end, Delbert Vonheuer, Johnny Aleman; backfield, J. D. Spencer, Fully Clingman, Lloyd Cannon and Valdimore Valdez.

The Junior high school elected four girls to the pep squad. Those named are Betty Driver and Shirley Boone, sixth grade, Carol Sparks, eighth grade and Jo Helen May, seventh grade.

The Pee Wees, grade school team, also have a game scheduled with a Sinton team tonight. The Pee Wee game will get underway at 7 o'clock and will be followed by the junior high game.

The Pee Wees, coached by J. E. Russell, played good ball in their first game of the season last Thursday and won from Taft 19-0. Most of the boys had never played football before. Pete Haynes scored all three of the touchdowns against Taft. The extra point was made by Martin Pena. Jimmy Mills, Pena and Haynes played some good ball.

Linemen, led by Donny Lee Fields, blocked two kicks and made numerous tackles. Recognition should also go to Flores, Benavides, Cole, Bradshaw, Bowser and Dominguez.

Coach Russell says the game tonight should be the game of the season for the Pee Wees. Admission for adults is 50 cents, students free.

Playing for the Pee Wees are Mickey Bowser, Richard Dominguez, Tommy Bradshaw, H. J. Keller, Donny Lee Fields, Gabriel Benavidez, Angel Flores, Jr., Maynard Woods, Martin Pena, Jimmy Mills, Pete Haynes, Roger Cole, Pete Gusman, Eddie Morrison, Boyd Carol Winkle, John Teegerstrom, Tommy Buenaño, Leslie Cole, Rudolph Gwynn, Tony Solis, Tom Garcia, Elton McCabe, Winston Weber, Allen Thomas, Gail Driver and Roy DeForest.

30 Officers Will Be Called to Duty

Approximately 30 officers from this area will be called to active duty under the Department of the Army's doubling the number of Organized Reserve officers previously called for on Aug. 10, Col. N. L. Soderholm, area ORC instructor, said this morning.

Col. Soderholm explained that no quotas for the various branches, such as infantry, armor, and artillery will be made to the Corpus Christi area. Officers will be selected from rosters at Headquarters, Texas Military District, Austin.

Counties included in the Corpus Christi area are San Patricio, Aransas, Refugio, Kleberg, Jim Wells, Duval, Brooks and Nueces.

Officers assigned to units in the troops basis program will not be selected for the new call, Col. Soderholm said.

Texas is called upon to furnish an additional 179 captains, 469 lieutenants, and 14 chaplains for this increased quota, Col. Oscar B. Abbott, chief of the Texas district, said.

Col. Soderholm explained that officers selected from this area will receive orders to report at the Naval Dispensary, to the Naval Air Station, for their physical examinations. Upon being found physically qualified, they will be ordered to active duty.

Col. Soderholm listed these units as being in the troop basis program: Headquarters and Headquarters Company, 22nd Armored Division; the Band and the Reconnaissance Companies, 90th Infantry Division; 431st Engineer Construction Battalion; 423rd Strategic Intelligence Team; Station Complement, 4006th ORASU; 898th Transportation Amphibious Truck Company at Alice; and the 479th Aerial Photo Interpreter Team.

Texas Military District headquarters personnel reported that they are required to nominate officers to fill the quotas allotted on this schedule: one-third by Oct. 7; two-thirds by Oct. 7 and the remainder by Oct. 14.

Tourist Bureau

(Continued from page 1)

rate of one dollar per person per night.

Jack Horton and Alec Scott reported that they had met with Directors of the Woman's Club and that a plan had been devised whereby the Woman's Club would take over the responsibility of giving the winter parties with the Tourist Bureau continuing to finance them. A tentative schedule was set up to insure one afternoon card party per week for the ladies and one evening party per week for both the ladies and their husbands. These parties would be held at the Woman's Club building during the months of December, January and February.

Many of those in attendance believed that it would be advantageous to have a small building equipped with material for writing and playing cards open to the tourists each day. It was decided to investigate and see if a suitable location could be found for such a project.

Mrs. J. D. Griggs was named to represent the Tourist Bureau on the Aransas County Beautification Project.

Wrecking Work Begins On Old Presbyterian Church This Week

J. R. Hash, who purchased the old Presbyterian Church and annex, started work on demolishing the church this week.

Mr. Hash, who is doing much of the work himself, said that his future plans in regard to the property are indefinite but that he has in mind to erect a few tourist units.

Cemetery Association Urges Payment of Dues

The Cemetery Association met at the home of Mrs. Travis Johnson Monday afternoon with a large attendance.

Mrs. John C. Sorenson, president, was welcomed by the membership after an absence of several weeks due to illness.

Mrs. Jas. G. Hooper, finance chairman, was authorized to order skirt hangers, pants hangers, kitchen spoons and salt and pepper shakers to be sold for the benefit of the organization.

The membership chairman again urged payment of dues as the money is needed not only for the care of lots but for the upkeep of the grounds in general.

The October meeting will be held at the home of Mrs. J. O. Williams at 3 o'clock, October 23.
