SNYDER'S GOLDEN ANNIVERSARY YEAR

THE SNYDER DAILY NEWS

VOL. 8, NO. 148 — SNYDER, TEXAS, SUNDAY, OCTOBER 20, 1957 — FOUR SECTIONS, FORTY-EIGHT PAGES—PRICE 10c

SNYDER SPOTLIGHT

By WACIL McNAIR

Snyder Schools have set out to attempt to prepare for more and more pupils, and it appears certain that they (the pupils) will be on hand. Actually, the school board is considering new construction projects mostly on the basis of children already "in sight" rather than any influx that might develop. In other words, the needs for facilities are being anticipated almost entirely on projections of current scholastic patterns.

The pupils are likely to be here, even if Snyder should remain static in population during the next few years.

* * *

At the same time, there is virtual proof on every hand that Snyder's population has not remained "static" in recent years, and all yardsticks indicate that it will not remain "static" in the near future.

Gains have been logged steadily in all statistics usually considered when community growth is measured. Building has continued at a fast pace this year, with much of it the residential variety, utilities companies have found more demands for their services, business at the post office is moving along at a record clip, and blank deposits are at their highest level since the crest of the oil boom.

* * *

The school board has progressed with plans to the point that an option has been acquired on a piece of property for possible use as a second junior high school. If another junior high school is added, it will allow the system to operate on the same formula used by other systems of comparable size, with three grades in each junior high school and three grades in the high school. Such a move would kill two birds with one stone, so to speak, since removal of the ninth grade from the senior high would take the pinch off the senior high building which is now operating at near capacity.

* * *

Plans to establish a Citizens Traffic Commission here have been sparked by considerable interest. Such an organization can provide a valuable service in the field of traffic safety, if properly operated and accepted in the right spirit by the general public. Citizens Traffic units have met astounding success in some cities, but have fizzled in others. Fortunately will have an opportunity to profit by the mistakes of others in the venture.

* * *

This is an "off year" politically, but Texas has an election coming up Nov. 5. Three proposed amendments to the state constitution will be presented to voters on that date, and absentee voting already has started.

* * *

This last paragraph usually is reserved for comment on the local football situation. This week, however, it appears that the 40-14 score in Friday night's game with Midland is fully capable of speaking for itself.

DOLL FOR PRINCESS ANNE—Queen Elizabeth accepts a doll for Princess Anne from 7-year-old Pamela Springmann during a visit at Childress Hospital in Washington. Pamela is suffering from a rare blood disease.

Queen Visits Supermarket

WASHINGTON, Oct. 19 (AP) — Queen Elizabeth II and Prince Philip went American today: They took in a football game and visited a supermarket to the delighted surprise of cart-pushing Saturday shoppers.

The royal couple watched Maryland's 21-7 upset of North Carolina at nearby College Park, Md.

Elizabeth mostly wore a poker face, in contrast to the lusty cheering of 43,000 fans, and never betrayed which side, if any, she was rooting for. But Philip picked a loser. He had told reporters he understood North Carolina was tipped to wIin."

One of their hosts, Gov. Theodore R. McKeldin of Maryland, had Elizabeth grinning at his antics. There was no question he was for Maryland. Every time the football Terrapins made progress, McMeldin was out of his seat, waving wildly. Elizabeth had to get up once, too, to see around him when Maryland intercepted a North Carolina pass.

It was at the Queenstown section of suburban West Hyattsville, Md., that Elizabeth and Philip pulled their surprise visit.

They had passed the supermarket as they rolled in President Eisenhower's bubbletop limousine to College Park. The Queen said she wished she could look in on the way back, and her wish was the State Department's command.

The supermarket's assistant manager, Donald A. D'Avanzo, was alerted an hour in advance. He was asked to keep the news to himself. Extra police arrived quickly to keep back the crowds.

One woman almost dropped her groceries when the Queen spoke to her. That was when her majesty, bemused by the grocery cart's little collapsible seat for small fry, beamed: "It is particularly nice to be able to bring your children here."

Elizabeth was showered at the game with gifts for herself, Philip and their youngsters — a carved glass bowl, a small equestrian china figure, Indian arrows and arrowheads, music boxes fashioned like a football.

McKeldin kept Elizabeth posted on what the game, her first, was all about. But she seemed far more interested in the sideshow —the cheer leaders, majorettes, card stunts, spelling out her "EIIR" royal monogram.

At the end of the contest, Maryland's victorious coach, Tommy Mont, was hoisted up to the royal box on the shoulders of his begrimed, happy players.

There was food—chicken and ham sandwiches, but no hot dogs. Elizabeth declined an offer of coffee from a paper cup. Philip apparently did not get his fill at the game, for he went for crackers and cheese in the supermarket. He was offered cupcakes but said, "No, thank you, we're well supplied both at the White House and at home."

9 Indictments Returned By Grand Jury

A total of nine indictments were returned Friday by the Scurry County grand jury when it completed consideration on cases then under study.

The grand jury reported Friday afternoon.

Included in those indicted:

Ernest Lee Smith of Snyder, driving while intoxicated, misdemeanor case, out on bond.

Daniel Drew of Snyder, driving while intoxicated, misdemeanor case, now in jail in Big Spring serving time for illegal transportation of liquor and several other charges.

William E. Cauble of Snyder, forgery and passing, now in custody.

Fred Garfield Gregory of Big Spring, driving while intoxicated as a repeated offense, now in custody.

Claude M. Allen of Snyder, driving while intoxicated as a repeated offence, now in custody.

J. Richard Ebsen, theft, now in custody in El Paso on another charge.

One other man was indicted for felony check swindling, but he was neither in jail nor under bond at last report, according to District Attorney Wayland Holt and officers of the sheriff's department.

Clinic Is Scheduled

MERCEDES, Tex., Oct. 19 (AP)—Officials of the Rio Grande Valley Livestock Show today announced the second annual steer, swine and poultry clinic will be held here Nov. 2.

Disturbance Broken Up On TCU Campus

FORT WORTH, Oct. 19 (AP)—Police broke up a disturbance on the Texas Christian University campus today shortly after the end of the TCU-Texas A&M football game.

Officers said the incident involved about 100 TCU students and Aggies.

The disturbance started near the girls dormitory when the students began "shoving each other around" police said.

No injuries were reported and no arrests were made.

Police had to abandon their cars near the campus when they became involved in post-game traffic. The officers rushed to the scene on foot.

Summit Meet Proposed

LONDON, Oct. 19 (AP) — Moscow suggested today that Britain and the United States call Russia into an East-West summit conference aimed at restoring calm along the troubled border between Turkey and Syria.

Moscow radio timed its suggestion to coincide with a call by British Communist party Secretary John Gollan for summit talks "to stop war breaking out" in the Middle East.

The Communist strategy was unfolded only three days before Prime Minister Harold Macmillan flies to Washington for talks with President Eisenhower on a variety of world topics, including the Turkish-Syrian crisis.

A commentary in Moscow's English-language service asserted the two Western statesmen cannot solve the problem alone.

"If they really want to bring the Middle East back to normal, why don't they invite other countries to confer?" the broadcast asked.

It implied that the Soviet Union and probably Red China should be asked to join a round-table meeting designed to allay fears of a new world war springing from the Turkish-Syria dispute which Moscow seems content to keep at the boiling point.

"After all," Moscow radio said, "there is not a single international problem now that can be settled singly. But Mr. Macmillan's meeting with the President hints at a separate plot by one group of powers against others, against the Soviet Union in particular."

Red China has supported Soviet charges that the United States is inciting Turkey to invade Syria. It pledged military support for Syria in event of aggression.

The British Foreign office is cool to the idea of a summit conference. A spokesman said it was unlikely to be discussed by Eisenhower and Macmillan.

Soviet war talk about the Turkish-Syrian border has puzzled Western diplomats as well as the Turks, who deny they are about to attack anyone. Even some Syrian quarters privately discount the threat.

But Moscow shows no sign of letup in propaganda broadcasts beamed to the Middle East portraying Russia as a defender of the Arab states.

The broadcasts insist the United States is egging on the Turks and has offered the help of the U.S. 6th Fleet, now widely dispersed after engaging in joint maneuvers with Turkey earlier this month.

One broadcast beamed to North America said "an agreement can still be concluded not to supply arms to the Middle East and to condemn the use of force" but said Secretary of State Dulles was blocking action.

Another broadcast said Macmillan was hurrying to Washington because of the letter Communist boss Nikita Khrushchev sent Socialist parties of Western Europe this week.

Solon Wants Aid Stopped

WASHINGTON, Oct. 19 (AP) — Sen. Bridges (R-NH) demanded today that this government stop all forms of foreign aid to Yugoslavia, because it has formally recognized the Communist government of East Germany.

"For many years my common sense has told me that Tito is a fence-straddler, playing both ends against the middle," Bridges, senior Republican on the Senate Appropriations and Armed Services committees, said in a statement.

"I have sought to put an end to foreign aid for the Tito puppet regime," he said. "Such aid has seemed to me a travesty on sound diplomacy and a waste of the taxpayers' money."

Bridges referred to Marshal Tito, boss of the Communist regime in Yugoslavia. He said the United States had granted nearly 1½ billion dollars of military and economic aid to the Tito government.

Professor At TCU Dies On Saturday

FORT WORTH, Oct. 19 (AP) — Dr. Irene Huber, 53, professor of German at TCU since 1949 was dead on arrival at a hospital this morning after falling unconscious in the printing and mailing room of the TCU administration building.

Peace Justice Borman ruled ruled death from natural causes.

Others working in the room said Dr. Huber complained of a headache and then slumped to the floor.

ELECTION PLANS MADE

Three-Grade Junior Highs Are Proposed For Snyder

Three-grade junior high schools have been proposed for Snyder in connection with the bond election which will be called soon by the Snyder school board.

The board is preparing to call a bond election with proposal to build a second junior high, add facilities to the present junior high, build another elementary school, add to the school administration building, and make other improvements.

The second junior high has been proposed for several reasons. They include:

1. The high school, which has four grades, has 845 students and is overcrowded.

2. The junior high, with about 550 students in two grades, is overcrowded.

3. Present enrollments indicate that next year the high school will have more than 930 students and the junior high will have about 575.

4. Schools work better with three-grade high schools and three-grade junior highs.

5. With the crowded schools such as are now here, and especially with the high enrollemnts which will come with the heavily-loaded classes now in the lower grades, some building must be done either on the high school or junior high level, or both.

The school board and school administrators have been studying the high school-junior high enrollment situation for some time here, and the best plan appears to be to add another junior high, thus taking the student load pressure off both high school and junior high and at the same time placing grades where they are best suited.

Even with a three-grade high school, figuring no increase of enrollment in any group other than those in those age groups now, the high school will have an enrollment of 840 again by 1961-62 and the junior high grades would have a total of 1,145.

If the schools kept the present system of four grades in high

Germany Breaks With Yugoslavia

BONN, Germany, Oct. 19 (AP)—The Bonn government unhappily broke off diplomatic relations today with Yugoslavia, one of West Germany's best customers. Yugoslav reaction ranged from anger to sadness.

The action was prompted by Yugoslavia's recognition Tuesday of the Communist East German regime.

Foreign Minister Heinrich von Brentano seemed none too happy at a news conference. He said West Germany considered it regrettable that the step had to be taken.

Von Brentano said his government does not feel hostile either to the Yugoslav people or its regime, headed by President Tito.

Dusan Kveder, Yugoslav ambassador to Bonn, looking more sad than angry, told newsmen the move amounted to senseless pressure that could do no one any good.

The Belgrade News Agency Yugopress called the decision unreasonable, adding that "no move of Bonn officials can deny the fact that two German states exist."

In Washington and London, the United States and Britain expressed their sympathy with the West German action. They said they fully understood the reasons for Bonn's move. France approved in advance.

Like West Germany, the United States, France and Britain refuse to accept the legal existence of the East German Communist regime. They maintain East Germany is occupied by the Soviet Union and that the 17 million residents have no voice in their own affairs.

What would happen to the bustling trade between Yugoslavia and West Germany, amounting to 100 million dollars a year, remained to be seen. Both Von Brentano and Kveder said the question of economic relations remains wide open.

West German industrialists opposed a break, fearing a loss of income. The average Yugoslav worried that otherwise scarce consumer goods, bought by large credits from West Germany, might vanish from shops.

Yugoslavia also wondered how the rupture will affect the profitable tourist trade. West German tourists are the most numerous visitors to Yugoslavia.

Von Brentano said West Germany will not maintain an economic mission in Belgrade. France, acting as Bonn's representative in Yugoslavia, will act as go-between on trade matters.

West Germany appeared in no mood to halt its payment of war reparations to Yugoslavia. This is in the form of a 67 million dollar long-term loan, interest free.

WEATHER

SNYDER TEMPERATURES: High Friday, 73 degrees; low, 47 degrees; reading at 7:30 a.m. Saturday 53 degrees.

East Texas: Fair Sunday becoming partly cloudy to cloudy Monday. No important temperature change.

South Central Texas: Partly cloudy Sunday becoming mostly cloudy with a few showers Monday. No important temperature change.

North Central Texas: Partly cloudy Sunday becoming cloudy with occasional rain Monday. No important temperature change.

West Texas: Considerabue cloudiness Sunday and Monday with widely scattered showers. No important tempefature change.

Violence In Strike Flares

LONE STAR, Tex., Oct. 19 (AP)—Violence flared anew last night in the Lone Star Steel Co. strike, as the home of a non-striker was fired on by a shotgun.

The blast damaged an automobile at the home of Acton Brown in nearby Hughes Springs, but no one was hurt.

Authorities said several other blast reports were received, none causing any known injuries.

The new violence came only a few hours after five striking workers were placed under peace bonds totaling $9,000.

Three strikers, Roy Bynum, James McClellan and Edgar Hayes, were put under $1,000 bonds by Justice of the Peace L. A. Stracener Sr. of Gilmer.

Peace bonds of $1,000 each were issued against Jack Tinsley and Frank Cavalier.

The strike started Sept. 21 as a wildcat walkout by members of Local 4134, United Steel Workers.

Council To Meet

DALLAS, Oct. 19 (AP)—The Texas Citizens Council will meet here Monday night to discuss legislative activities affecting the preservation of school segregation. The group is affiliated with the White Citizens Council, advocates of segregation.

Siamese Twin Girls Born To Donna Woman

WELLINGTON, Tex., Oct. 19 (AP)—Siamese twin girls were born here today to a 38-year-old itinerant worker who has eight other children.

The twins, weighing 7 pounds 3 ounces together, were born at 12:15 p.m. to Mrs. Lina Estrada, barely a half hour after she was brought to St. Joseph's Hospital by friends.

The twins are joined at the chest and abdomen.

Hospital officials said the attending physician, Dr. D.V. Watkins, would make extensive examinations to determine the physical connection of the babies. No plans for an operation to separate them will be made until then, officials said.

The twin girls have normal head and limbs. The only connection is at the chest and abdomen.

Hospital attendants said the woman listed Donna, Tex., as her home. She speaks no English.

Her husband, also an itinerant cotton worker, was reported working in the Rio Grande Valley of Texas.

Rains Fall Over State

By The Associated Press

Rain showers broke out Saturday in the Panhandle and South Plains, but other parts of Texas enjoyed a brisk fall day.

The shower activity was expected to move slowly eastward, however, and rain was forecast in all but extreme South Texas by Saturday night and Sunday.

Temperatures early Saturday dropped into the 40s over much of the state. A low reading of 41 degrees at Nacogdoches was the coldest temperature recorded there this fall.

Skies over all but West Texas were mostly clear.

Rain was dropped Saturday afternoon at Amarillo and Dalhart. Showers dropped .01 of an inch at Junction and m01 at Midland during the night.

Managing Editor Of Odessa Paper Injured

CARRIO SPRINGS, Tex., Oct. 19 (AP) — Brad Carlisle, 34, managing editor of the Odessa American was seriously injured last night in a headon collision 1.2 miles north of here.

The car he was driving collided witn one driven by Bonato Bernal, 38, Asherton, Tex.

Carlisle's wife Betty, 26, and Frank A. White, 31, advertising manager of the Odessa newspaper, suffered minor injuries.

Carlisle suffered two broken legs, a broken collar bone, broken wrist and severe scalp lacerations.

Bernal had a broken leg and head injurues. Both were admitted to Dimmitt Memorial Hospital.

The Carlisles and White were en route to Mexico City for a two-week vacation via Laredo.

FAILS TO REACH ROME

Texan Is Dunked In Ocean

CORUNA, Spain, Oct. 19 (AP)—An American pilot trying to set a new nonstop distance record for light planes dunked his ice-covered ship into the Atlantic Ocean at dawn today on a flight from Galveston, Tex., to Rome. He was only 40 miles from land but 850 from Rome.

William Wyatt, 25-year-old ex-Marine from Dallas, was plucked from the sea by a Spanish fishing vessel he had signaled with a mirror from the air. He was uninjured and his plane, a single engine Mooney Mark 20, was tosed ashore.

Wyatt was trying to break a flight record for small planes set in March 1949, by the late U.S. flier, William P. Odom, who flew a Beechcraft Bonanza 4,957.24 miles from Honolulu to Teterboro, N.J.

Wyatt's backers in Galveston said they did not believe Wyatt had succeeded in setting a new record. They said the plane went down 850 statute miles from Rome. Wyatt's planned flight had called for a total distance of 5,693 miles.

He said he had bad luck all the way across the Atlantic. Headwinds cut down his speed for 32 hours. He radioed the airport at Bordeaux, France, yesterday that because of the winds he was using more gas than he had planned on.

Ice on the wings just after dawn caused the plane to start losing altitude. He tried to contact the Santiago de Compostela Airport in Spain but couldn't. Later, he sighted a freighter but was unable to contact it on his radio, either.

"I had just about given up hope when I saw the fishing boat," he said.

He flashed a signal with his mirror and the fishing craft—Virgen del Buen Consejo—Virgin of Good Advice—answered. Then, with a sputtering engine, he brought the plane down as close as he could to the boat.

After the plane hit the water, Wyatt smashed the windows in the cabin, climbed out and waited 15 minutes for the fishermen. The Virgen del Buen Consejo docked with Wyatt and his crippled plane at noon.

In Galveston, Wyatt's employer, Tal Rachel, said he talked with the pilot by telephone and was told the plane's engine quit just before he ditched. Rachel called it a dead stick landing.

Rachel said Wyatt suffered minor bruises and the plane apparently only minor damage.

Wyatt will decide Monday whether the plane can be flown, Rachel said, and if so he will take it to Paris and fly it back to Galveston.

Wyatt took off from Galveston at 9:25 a.m. Thursday and had hoped to reach Rome in about 40 hours. He had fuel for 44 hours.

Fourth Week Of Drive Coming Up

The Scurry County United Fund is going into the fourth week of its 1957 campaign tomorrow and is pushing to complete work in raising its goal early in the week.

Goal for the United Fund budget this year is $38,934, which is split amoung nine youth and benevolent agencies.

By this weekend, only about $27,300 had been raised in the campaign.

There have been many prospective contributors, however, who have not yet been contacted, especially in the last two division drives started by the United Fund.

Paul Keaton, general campaign chairman, has urged that all divisions complete their contacts tomorrow.

A special community report breakfast has been scheduled for 7 a.m., Tuesday at the Village Restaurant. A total of 150 invitations went out late last week to division chairmen, captains, and workers to attend the breakfast and make reports.

Campaign officials have expressed hope that the more than $11,600 needed to complete the budget for the year can be raised this week.

The industrial employe division had more than half completed its drive, it was reported, while the county-wide division has its drive underway. They were the last two on the kickoff schedule.

Other divisions have completed most of their contacts, with some lacking. Those divisions are advance gifts, general business, business employes, schools, and branch house. The branch house division has made its contacts by letter, and replies have come in from a number of the letters.

OIL ROUNDUP

Special Agents Watch Oil Fields

NEW YORK (AP)—Special agents, organized along the line of the cattlemen's associations of the Old West, cut losses from oil field equipment rustlers, Petroleum Week reports.

The publication said that the agents, working closely with local officers, have reduced thefts of oil company equipment from hundreds of thousands of dollars a year to a fraction of that.

George Robey, chief investigator for the Texas Mid-Continent Oil and Gas Assn., estimated at least a million dollars worth of stolen equipment has been recovered in seven or eight years.

Thefts vary from a drilling rig to a radiator, or from casing to elevators, from mercury in pipeline meters to steel thread protectors.

The association's program involves pushing legislation to tighten loopholes and the appointment of special agents to handle reports of stolen property.

The program is basically a self cure. The condition under which thieves operate is mainly a result of carelessness and lack of organization of the oil industry.

Some regular preventive measures include:

Posting signs offering a reward of $100 for the arrest and conviction of any person committing felony theft, and regular checks of possible outlets, including companies that buy second-hand pipe, rental tool companies, junk yards and equipment firms.

The association encourages firms to brand equipment.

260 Wells Completed In State

AUSTIN, Oct. 19 (AP)—The Railroad Commission said today 260 oil wells were completed during the past week, making a total of 12,714 for the year compared to 13,252 for 1956.

There were 45 gas well completions and 152 dry holes. Wildcats drilled included 8 oil and 2 gas wells and 87 dry holes. A total of 222 wells were plugged, including 61 oil and 9 gas wells.

The total average calendar day allowable was 2,955,567 barrels compared to the Oct. 12 allowable of 2,940,139.

Prospector In Northeast Borden

Oceanic Oil Co. of Midland has filed application to drill an 8,900-foot Ellenburger wildcat in Borden County, eight miles northeast of Gail. It will be drilled as the No. 1 R. N. Miller.

Location, on an 80-acre lease, is 660 feet from the north and 560 feet from the east lines of 32-30-6n-J. H. Gibson survey.

The prospector is three miles south of Shell Oil Co. No. 1 Slaughter, recently completed Ellenburger discovery.

Fisher Wildcat, Scurry Field Test

Wm. J. Carey of Dallas will drill a 7,000-foot test, the No. 1 J. M. Davenport, et al, ¾-mile northeast of the discovery in the two-well Claytonville, Northwest (Strawn) field of Fisher County, four miles north of Claytonville.

Location is 660 feet from the north and east lines of 127-3-H&TC.

Empire Oil No. 1-C Chapman is a new well in the Sharon Ridge (1,700) Field. It is in Section 100, Block 97, H&TC Survey.

Daily potential was 49.21 barrels of 28.6 gravity oil pumping from open hole at 1,555-1,735 feet.

New Garza, Mitchell Producers

Corine Foster Oil Co. of Lubbock No. 1 Alice Williams is a new producer in the Tobe (Strawn) Field of Garza County.

Operator reported a 24-hour pumping potential of 417.39 barrels of 41.8 gravity oil, plus 20 per cent water, from open hole section at 7,424-7,449 feet. Gas-oil ratio was 386-1.

Location is 660 feet from south and east lines of Section 19, Block 6, H&GN Survey.

Sun Oil Co. No. 1-A V. C. McCabe was completed as a producer in the North Jameson (Strawn) Field of southeast Mitchell County. It is in Section 231, Block 1-A, H&TC Survey.

Daily potential was 34.06 barrels of oil, flowing through a ¾-inch choke and perforations at 5,962-94 feet. Formation was fractured. Gravity of the oil was 42.7 degrees, and gas-oil ratio was 3968-1.

Rites Set Today For Mrs. Hodges

Funeral services were set for 3 p.m. today in the Twenty-fifth Street Church of Christ for Mrs. T. V. Hodges, 76.

Mrs. Hodges died Thursday morning at the home of a daughter, Mrs. George Parks.

C. Dale Brooks, minister at the Thirty-seventh Street Church of Christ, will officiate at the service. Burial will be in the Snyder Cemetery, under direction of Bell Funeral Home.

Pallbearers will be Clarence Thompson, Carl Brumley, Nathan Beavers, Ruel Stinnett, S. E. McCowan, E. L. Vandiver, Doyle Pogue and Raymond Duck.

Safe 'n Sound

By JOHN BOREN

During the winter months hazards around our homes increase. Our walks, steps and porches become slippery from the rains, and are very hazardous. A Comprehensive Personal Liability policy will give you home owners protection should a visitor, salesman or milkman have an accident on your premises caused from any of the hazards around your home. The cost of this policy is so small that none of us can afford to be without it. For further information just call BOREN & WEST INSURANCE AGENCY, 2607 Ave. S, Phone 3-3651.

SCHOOL

Continued From Page 1

school and two in junior high, there would be a high school enrollment of 1,177 an junior high enrollment of about 760 by 1961-62. That would mean the probable addition to both facilities; which would be more expensive than the planned approach.

For the most part, available facilities determine whether school systems have two-grade or three-grade junior highs. That has been the case here. For the past few years, there has been more room in the high school to keep the freshman class there than in the junior high. Enrollments have caught up with facilities at both schools, however.

It has been estimated that, if citizens do authorize the building of another junior high, it cannot be completed in time for the next school year but would be ready for the 1959-60 school year. At that time, there would be approximately 840 in the three grades which would be in junior and about 772 in the three grades of high school. That would leave room for growth for a few years in each of the schools.

School board members and school officials, however, are hoping to get the proposed elementary school completed by the 1958-59 school year, if possible, since there are now enough elementary pupils to fill every facility available.

Schoolmen say that experience has shown that a three-grade junior high gives students more time for the leadership training stressed in the junior high grades, and students have a little more time to mature and ready themselves for the different type program which is offered by the high school.

Practice throughout the nation has moved in that direction during the past several years. More than 90 per cent of the schools in Texas which have separate high school and junior high facilities have them split; three grades high school, three junior high.

"I don't believe any school has voluntarily gone into a 6-2-4 program (six grades elementary, two junior high, four high school) as a matter of principle or advocate it as the best method," one schoolman here said, adding that it might have had more room in the high school building than in the junior high.

At the present time, the high school is probably more overcrowded than the junior high. Most educators here say that if it had not been for the staff utilization program now underway here under sponsorship of the Ford Foundation, there would not have been enough classrooms in the high school this year. The staff utilization program is working with much larger classes than does the regular school program. Its work is with about four subject areas in the high school and junior high. The high school science department would probably have been the most overcrowded, had it not been for that program.

Even with that program, the high school is now using the cafeteria for classes, as well as homemaking rooms which are designed for homemaking training.

While plans are to build a new junior high, they also include adding some which have been needed for some time at the present junior high. Proposed for that junior high are new gymnasium and field house facilities, as well as a new practice field and some revision of the present practice field. The old gymnasium on that campus was built in 1936 by the Works Projects Administraton.

The present practice field, once the playing field for the high school would probably be repaired so it could be used as a playing field for junior highs. There is now no seating at that field, so the temporary bleachers which are now at the south end of each side of the high school field would probably be moved there. They will seat about 1,000. The new practice field would be developed on the west side of the present junior high campus.

The new junior high would be located several hundred yards north of the West Elementary School on the west side of El Paso Avenue. The new elementary school would be located south of Forty-third Street and several hundred yards west of the Big Spring highway, just north of Towle Memorial Park.

The administration building is now overcrowded, especially in the business office and instruction department, and the proposed program would include additions to the building to provide suitable space.

Baptists To Attend Meet In Big Spring

A number of Snyder Baptist will attend a convention of District 8, Texas, in Big Spring Tuesday.

The convention will be held at the West Side Baptist Church at Big Spring. Presiding will be the Rev. L. L. Morris, pastor of the First Baptist Church of Midland, district president.

Theme of the convention will be "We Hear Our Master's Call." The program will open at 9:30 a.m. Tuesday and last all day.

Those from Snyder on the program will include the Rev. E. P. Gonzales, pastor of Templo Bautista; David Oglesby, music-education director at the First Baptist Church; the Rev. Jimmie Nelson, pastor of the Colonial Hill Baptist Church; and the Rev. A. J. Martin, pastor of the Avenue D Baptist Church.

The afternoon message will be by the Rev. Richard H. Philpot, pastor of the Second Baptist Chure of Odessa, while another main part of the program will be by R. Hooper Dilday, state training union director. The evening message will be "Our World for Christ" by Dr. J. Howard Williams, president of Southwestern Baptist Theological Seminary, Fort Worth.

THINGS HAVE GONE ABOUT FAR ENOUGH

PORTSMOUTH, Ohio (AP)—Prosecutor Earl Stephenson is known as a genial man. But thieves have also gotten the notion he's a soft touch and he wants an end to it.

First they stole all hubcaps off his car. Then they stole the car itself. Stephenson had to go out and buy a new one.

All the hubcaps are gone now from the new car.

Photographers To Be Used During Election

MANILA, Oct. 19 (AP)—Sen. Jose M. Hernandez of the Progressive party has a plan to mobilize "44,000 honest, vigilant, faithful, Filipino photographers."

The idea is to take pictures of voting booth blackboards on election night soon after the final tally has been made to prevent later revisions—and frauds.

The roots of the licorice plant often reach 20 to 25 feet below the surface before they are dug up to make candy and seasoning.

UN Expects Long Debate

UNITED NATIONS, N.Y., Oct. 19 (AP)—The U.N. General Assembly, it was said today, may hold day-and-night debate next week for quick disposal of Syrian-Soviet charges that Turkey plans to attack Syria with U.S. help.

Meanwhile the idea of sending a commission to investigate the situation seemed to have won wide acceptance. Various delegations consulted on the terms of a resolution to set up the commission.

The diplomatic informant, speaking anonymously, told a reporter the Assembly president, Sir Leslie Munro of New Zealand, would like to finish with the matter before Thursday's celebration of U.N. Day, 12th anniversary of the U.N. Charter's coming into effect.

The new Middle Eastern question seemed headed for action in little more than a week.

Only yesterday afternoon the Assembly, at Syria's request, decided to consider a "complaint about threats to the security of Syria and to international peace." This new item was added to the agenda by a vote of 66-0. Liberia abstained.

The complaint was made only Wednesday. Syrian Foreign Minister Salah Bitar wrote the U.N. that Turkish troops were massed on the Syrian border in a manner "which presages imminent attack." He said the Assembly should set up a commission to investigate and report back to it.

Later Soviet Foreign Minister Andrei Y. Gromyko in a similar letter charged Turkey had concentrated 50,000 men on the frontier and, with U.S. advice, was planning to attack Syria right after the Oct. 27 Turkish election. He called for an investigating commission to report both to the Assembly and to the Security Council.

Turkish Ambassador Seyfullah Esin told the steering committee the charges were false. He said Russia was using a "fictitious situation" to justify threats against Turkey.

Other delegates generally held the Syrian-Soviet aim was propaganda—not war. But in the Assembly, E. Ronald Walker of Australia said there was a dangerous threat to the world. He said a mistake by a junior officer carried away by the tension could bring incalculable results.

Knowledgeable diplomats said most delegates favored sending a commission to the Middle East but there was disagreement over details.

The Syrian and Soviet letters said the commission should investigate "the situation on the Syrian-Turkish" frontier. But the United States was understood to favor having it range over parts or all of the rest of Syria and Turkey and also invesgiate big-power policy toward the two countries. The United States has charged Soviet domination of Syria.

Amateur Plumber Is Given Aid By Firemen

HUNTINGTON, W.Va. (AP)—Sakes alive! A woman can't even connect her own stove these days without the fire department butting in.

But even at that, Miss Clara Scrivner, 78, is grateful. Gas overcame her while she was doing the job. Firemen said gallantly, however, that Miss Scrivner did a good job as an amateur plumber, considering she never bothered to turn off the gas.

Quake Shakes Tokyo

TOKYO (AP)—A slight earthquake shook Tokyo and the neighboring area tonight. No damage was reported.

Reunion Of Snyder Grads Is Scheduled

Members of the Snyder High School graduating class of 1947 have set Nov. 1-2 as dates for events to be held in connection with a 10-year reunion planned here.

The reunion is being planned by a committee of graduates of the class who live in and around Snyder, with Dan Cotton as chairman. A meeting has been called for 7:30 p.m. tomorrow at the home of Mrs. Virginia McMillan, 2811 Avenue T, for all those who live here to make final plans for the reunion.

A coffee has been planned by the group to be held at 10 p.m. on Nov. 1, just after the Snyder-Sweetwater football game here. It will be held at the West Elementary School.

The next day, the group will gather beginning at 3 p.m. at the exhibit barn in Towle Memorial Park, with a program to be held at 6 p.m. At 6:30 p.m., there will be a barbecue at the barn. A party for the group is scheduled for 7:30 p.m. that day at the Country Club.

Battleship Plan

MANILA, Oct. 19 (AP) — Tucker Gratz, Honolulu businessman, is visiting Manila, Taipei, Okinawa, Seoul and Tokyo in an effort to raise half a million dollars to restore the battleship, Arizona, sunk at Pearl Harbor. He says the plan is to turn the rusting hull into a permanent tomb for the 1,002 men still inside.

Support Is Sought On State Questions

AUSTIN, Oct. 19 (AP)—The state AFL-CIO urged Texans today to support all three constitutional amendments in the Nov. 5 election.

Jerry Holleman, AFL-CIO president, said the water conservation amendment had been specifically endorsed. He said the other two amendments, welfare and state employees' retirement, were in line with general policies adopted.

Saffron is about the most expensives of modern food spices. It sells at $58 a pound, wholesale.

Over 3,000 Bales Ginned Here So Far

Early season ginning reports this weekend pointed toward a good cotton crop, provided the frost holds off a few more days.

By this weekend, the nine gins in Scurry County had turned out slightly more than 3,000 bales of cotton, already about a tenth of the average estimate of what this year's crop will be.

Ginning is picking up rapidly. More than two-thirds of the 3,000 bales was ginned in the last two weeks.

Some ginners said they believe Scurry County can get most of its possible crop this year if the fall's first killing frost will not come until Nov. 10 or so.

Cotton has slowed some in opening recently, since there has been a number of cloudy, cool days and some moisture. There has not been enough moisture, however, to damage the open cotton, according to reports.

Reports show that Snyder's three gins have turned out a total of 1,110 bales, while there had been 425 at Hermleigh, 405 at Inadale, 385 at Fluvanna, 287 at Ira, and about 150 at Dunn and 250 at China Grove.

Population On Farms Goes Down

WASHINGTON, Oct. 19 (AP)—A big drop of 1,861,000 in the U.S. farm population in a single year was reported by the Census Bureau today.

This meant about one out of every 11 farm dwellers moved to the city between April 1956 and April 1957 when the counts were made.

The census estimate showed 20,396,000 living on farms last spring, down from 22,257,000 a year earlier in what the bureau called "one of the largest (changes) ever recorded."

The Census Bureau recommended caution in interpreting the figures, saying the estimate is made by sampling. Bad April weather may have delayed the seasonal increase in farm population this year.

The bureau noted new factors which might help account for the fact that the farm population has dwindled by almost 4,700,000 persons since the 1950 census, while the total population has increased by more than 19 million.

The farm-to-city movement generally is attributed to the reduced need for agricultural labor because of farm mechanization, and to plentiful job opportunities at better pay elsewhere, the bureau said.

Brucellosis Is Attacked

SULPHUR SPRINGS, Oct. 19 (AP)—The state's first large-scale effort to provide Texans with better milk by wiping out the cattle disease brucellosis begins Monday in Hopkins County.

Rep. Wright Patman of Texarkana will address a luncheon of Texas A&M and livestock sanitary commission officials at which the program will be explained.

Dr. George W. Gray of Sulphur Springs, Brucellosis chairman of the Texas Veterinary Medical Assn., said pasturization protects milk drinkers from the disease. But milk from diseased animals is not as good as that from healthy cows, he said. eeeeeeee for a pilot control program in Texas, with some 465 owners of 20,000 cows taking part.

Gray said some 40 or 50 per cent of all Texas dairy herds are infected with some brucellosis.

Five From This Area Place Stock

Five youths of the Snyder area took places in the stock show at the State Fair of Texas in Dallas last week.

The youths took one sixth place, one ninth, and three other places.

The sixth place was awarded a Chester White barrow in the 180 to 200 pound class shown by Phillip Stewart of Gail, while Bobby Stewart of Gail took a ninth place with a barrow in the 221-240 class of Hampshires.

Other places were 24th by Borden Gray of Gail in 201-220 pound Hampshires, 27th by Troy Evans of Fluvanna in the 201-220 Berkshire barrows, and 30th by Phillip Stewart of Gail in the 180-200 pound Hampshires.

CROP Report Made

CHICAGO (AP) — For 10 years, American farmers have been sending a steady stream of produce to needy communitites abroad through the Christian Rural Overseas Program. As ceremonies marking the anniversary were launched here, the Rev. Albert W. Farmer, national director of CROP, reported that $15,271,787 worth of produce has been contributed and shipped abroad by Christian farmers in the 10-year life of the organization.

AGRICULTURE

GRAND CHAMPION HEREFORD BULL—J. P. McNatt, of Greenville, left, hit the jackpot in the Hereford show at the Pan-American Livestock Exposition of the State Fair of Texas when his 2-year-old bull, M Zato Heir T-7th, won championship honors. This was McNatt's first year of showing after more than 17 years of Hereford breeding. His ranch manager, Francis Hill, holds the prize sire. (AP Wirephoto)

Possible Change Seen In Federal Program On Meats

By OVID A. MARTIN
Associated Press Farm Reporter

WASHINGTON, Oct. 19 (AP) — Should the government shift to the broad use of payments to bolster farm income, one of the results would be a big increase in the supply of beef, pork, lamb and chickens at grocery stores.

Along with this increase would be a sharp drop in prices.

The prospect of such a change in the meat situation was painted by the Agriculture Department in a recent study on the costs and effects of a payment program of aiding farmers.

The department said use of payments across the board for most farm products would cost taxpayers between 7 and 10 billion dollars a year compared with about two billion dollars for present farm price support programs.

Under the present program, the government seeks to remove some of the surplus supplies of farm products from markets so that they will not depress producer prices.

Under the payment plan, the full production would be allowed to move to market and pull down prices. But the difference between the market prices and the farm price goal of the program would be made up to producers in the form of payments.

The payment plan first was advanced as a major farm aid device in 1949 by the then Secretary of Agriculture Charles F. Brannan. Congress did not adopt it.

Nevertheless, it may attract strong support in the next session of Congress. Secretary of Agriculture Benson has called for new programs, saying that present ones will not solve farm problems of overproduction and low income.

However, Benson has declared that the Eisenhower administration opposes the payment method.

The department study on effects of the payment plan predicted that it would encourage a big increase in the production of hogs, cattle and chickens. This prediction was based upon the assumption that the priice goal of the program would be 90 per cent of parity for affected farm products.

Parity is a standard for measuring farm prices declared by law to be fair to farmers in relation to prices charged them.

A 90 per cent of parity price promise would make production of meat animals highly attractive. Farmers now in this type of farming could be expected to step up their operations and many farmers in other types of production would be encouraged to shift to it.

Another effect of the payment plan, the department said, would be a marked increase in the demand for livestock feed grains. At present, there is a surplus of such grains, with prices averaging less than 70 per cent of parity.

"Under the program of unlimited payments, the expansion of livestock would generate a demand for feed grains strong enough to lift feed grain prices close to or above the supports," the report said.

This demand, in turn, would be expected to stimulate further expansion in the acreage and production of corn.

In fact, the department said, the demand for feed would be so stron, that livestock producers would turn to wheat to help meet their needs. The result would be, it said, a speedy depletion of the present wheat surplus.

The department figures that in the initial years of the program there would be no need to make payment to farmers on wheat and feed grains because the livestock feeding demand would be such as to hold prices up to the 90 per cent of parity level.

However, the costs of supporting returns on wheat and feed grains would be borne, in effect, by the payments on livestock. The department figures that under a payment program costing 10 billion dollars a year, fully seven billions dollars or 65 per cent would go to producers of livestock.

The department believes that the payment program would have widespread effects on the production of cotton. With a return of 90 per cent of parity promised, farmers would be encouraged to expand cotton production. The cotton support price now is 77 per cent of parity.

Officials figure that such a price guarantee would boost cotton output to 20 million bales a year compared with about 12½ million this year.

Since the market price would fall to low levels under the impact of increased production, the expansion of both domestic consumption and exports would be large. Under a program of unlimited production, the cotton payments would be close to 1½ billion dollars a year, the department estimate.

The department says that the output and acreage of tobacco and rice would show a similar pattern of expansion.

Rains Hamper Farmers But Give Ranchers Big Boost

COLLEGE STATION, Oct. 19 (AP) — Rains which brought harvests to a halt in much of Texas gave ranchers their best outlook in nearly a decade, the Agricultural Extension Service said today.

"Farmers are anxious to get back in their fields to finish the harvest before frost," director John Hutchinson said. "The moisture conditions now means growth of grass until frost, a that there will be an abundance of small grain, clover and legume pasture, especially in the eastern half of the state."

Heavy downpours and flooding damaged unharvested cotton and peanut in East Texas an estimated 25 to 30 per cent. South Palins cotton and sorghum farmers wanted ample sunshine to mature their crops before frost.

The harvest of cotton and sorghum has moved into North Texas. The harvest of rice and peanuts was well on its way until the heavy downpours.

Pastures, improving from rain three weeks ago, are in good condiction except in parts of South and West Texas.

"The outlook is wonderful for small grains and pastures," said Ted Martin, district agent at Denton. "The moisture will give a big boost to range lands for some good growth before frost. Livestock are in good condition. It has been bad for cotton."

More cattle will be needed in the Panhandle after general rains brought a more favorable outlook for both winter wheat and native pastures, Knox Parr said at Amarillo. Some north and northwest counties in the Panhandle still need a little more rain for seeding wheat.

Far West Texas ranges are improving generally and small grain is making good growth. There was some rain damage to cotton.

The Gulf Coast rice crop which suffered a setback a few weeks ago from rain and wind has suffered further damage. Cotton farmers will need an extension on the stalk plowup date. Early planted small grain is up.

Farm work stopped after heavy rains in northeast Texas, delaying the harvest of cotton, peanuts, sweet potatoes and sorghum and the planting of small grain. Pastures are excellent.

Northeast Texas had an estimated 25 to 30 per cent damage to cotton and peanuts. The moisture is good for pastures, oats and winter legumes.

Hail damaged cotton several Rolling Plains counties and stopped the harvest. James Simmons said at Vernon. Labor will be needed for cotton picking when fields are dry.

The Rio Grande Valley still is dry, but rain in upper counties of South Texas has pastures greening and early seeded oats making excellent growth. Irrigated vegetables are progressing and early citrus is being marketed at fair to good prices.

Wheat farmers and ranchers in the South Plains are happy with the rain, but cotton and sorghum farmers want two to three weeks of sunshine, said W. H. Jones at Lubbock. The sorghum harvest is on. Cotton is opening slowly and not much is harvested.

Several hundred goats were reported killed in Bandera County, a good many fences were washed out and some cotton was hurt in the Edwards Plateau after rains from 2-12 inches, V. G. Young said at San Angelo. Pastures generally are good. The Menard County pecan crop is promising. The Kendall County crop will be poor.

South Central Texas fall range conditions were sent skyrocketing by rain, and the late peanut crop benefited too.

Uharvested crops and low creekbottoms in Central Texas suffered damage from excessive rain, but it's too early to determine the extent of damage.

BIBLE QUIZ

QUESTION: What was the first miracle by Jesus?

ANSWER: Jesus performed his first miracle, at the urging of His mother Mary, by changing water into wine at the marriage feast in Cana. This action is generally regarded as the start of His public life of teaching and working miracles. Jesus made no promises when Mary informed him that her friends, the hosts, had run out of wine at the wedding feast, which usually lasted for several days in those times. But confident that He would help, she instructed the servants to do whatever He told them. In the dining hall were six tall stone jars, about as large as barrels and capable of holding 25 gallons each. Jesus told the servants to fill them to the brim with water. They were sceptical but obeyed. "Now draw some out," He instructed, "and take it to the steward of the feast." The steward, not knowing that the wine had been water only a few seconds ago, was amazed at its quality.

FOR YOU TO DO: For your bible collection, cut out this picture, cut around the vase at left, color it with your crayons, and make it stand by folding back the side panel. Can you name 10 other of the many miracles performed by Jesus?

(Kay Friddle of Greenville, S.C., wins $10 for this question. Send yours to Violet Moore Higgins, AP Newsfeatures, care of this newspaper.) 10-19

GRANDMA

Do you bring home <u>everything</u> you've paid for?

COPYRIGHT 1956 D. E. SCOTT

It's a good question.

Which you can answer "yes" — if you always buy from the business people right here at home. Where you live.

Wherever you buy, part of your money goes to build and to keep up the community in which you spend. To support schools, churches, civic projects, to pay the people who work in that community, and to provide better business and job opportunities for those who live there.

When you buy in YOUR OWN town, you get about the same merchandise you'd get anywhere else — PLUS the enjoyment of these other things that your money pays for.

When you buy anywhere else, you get merchandise ONLY. And your home community is a little poorer because you carried off part of its resources. And the many things other than goods that your money pays for are left for somebody else to enjoy, while they wait for you to return and give them some more.

It Pays to Buy where You Live

DEFENSE AT WORK—Fullback Don Boyce of the Midland Bulldogs finds no running room in the above play as he is met at the line of scrimmage by a couple of Tigers as two others move in on the play. Making the initial contact is Bill Crowell, No. 61, while James Vincent, No. 24, comes in to make the tackle secure. Following closely on the play are Bill Phillips, No. 72, and Tony Anger, No. 80. (Lee Watson photograph)

Baylor Bears Squeak Past Raiders, 15-12

By FINIS MOTHERSHEAD

LUBBOCK, Tex., Oct. 19 (AP)—Baylor's ponderous Bears had to dip deep into their reserves to stand off underdog Texas Tech and grind out a 15-12 non-conference football victory tonight.

A 20-yard field goal by junior halfback Arthur Beall as the first half ended proved the winning margin.

Swift Ronnie Rice, who scampered 71 yards for one of his two touchdowns, almost paced Tech's Red Raiders to an upset before a Dad's Day crowd of 23,000.

The issue wasn't decided until Bill Anderson, Baylor's No. 2 right end, gathered in Louis Humphrey's five-yard toss on the goal line for the last score early in the fourth period.

Baylor entered the game minus eight regulars, who were left at home with injuries, and may have suffered further manpower losses sorely needed for the Bears' big game next weekend with Texas A&M, defending Southwest Conference champion.

Bobby Peters, No. 2 Baylor right halfback, was carried off the field unconscious as the first quarter ended. He was taken to a hospital.

Statistically, the game was as nearly even as the score. Baylor ground out 232 yards rushing against 236 for Tech, but the Red Raiders had an edge of 64 to 44 yards passing.

UCLA Mauls Oregon State

LOS ANGELES, Oct. 19 (AP)—The epidemic of football upsets hit Los Angeles this afternoon when UCLA rudely blasted Oregon State from the ranks of the nation4s unbeaten teams 26-7.

The skies were dark and gloomy but this was a bright occasion for most of the 46,102 fans. Oregon State went into the game ranked No. 7 in the AP weekly ratings and was solidly favored to win its fifth straight game.

UCLA, loser to Oregon its its lone defeat but holding a sparkling victory over Illinois, took the opening kickoff and paraded by land and air 67 yards for a touchdown.

Coach Red Sanders' Bruins put on another 49-yard thrust in the second quarter for a 13-0 halftime lead, and that, to all intents, was the ice on the cake.

Colgate Pulls Upset

PRINCETON, N.J., Oct. 19 (AP)—Bernie Dailey, a second string fullback, scrapped for seven yards and a touchdown with less than three minutes left today as Colgate upset previously unbeaten Princeton 12-10.

Navy Finally Gets Triumph Over Georgia

By WHITNEY MARTIN

NORFOLK, Va., Oct. 19 (AP)—Unpredictable Navy breezed to a 21-0 half-time lead over Georgia in the 11th annual Oyster Bowl football game today, and while it was resting on its oras saw the advantage dwindle to seven points before it aroused itself to register a 27-14 victory.

The Middies scored the first two times they got the ball in the first period, the first time on an 86-yard march.

When Navy, after a couple of false starts in the second quarter, scored again as Ray Wellborn intercepted Charley Britt's pass to race 30 yards over the goal, it seemed the game would continue as a procession of Navy touchdowns.

Missouri Slashes Iowa State, 35-13

AMES, Iowa, Oct. 19 (AP)—Three Missouri fullbacks alternately slashed the Iowa State line in vicious bursts today and brought the Tigers a hard-earned 35-13 Big Eight conference football victory.

The Tigers, in the conference opener, moved 52, 53 and 77 yards for touchdowns on the legs of fullbacks Hank Kuhlmann, Roger McCoy and Fred Henger.

Rice's Two-Pronged Attack Subdues Mustangs, 27-21

By HAROLD V. RATLIFF

DALLAS, Oct. 19 (AP)—Charley Jackson ran a pass interception back 102 yards for a spectacular touchdown tonight but it couldn't offset an explosive offense along the ground and in the air and Rice won a 27-21 Southwest Conference victory over Southern Methodist.

The Rice two-pronged offense, triggered by Big King Hill, a passing, running quarterback also produced some sensational plays, particularly a 55 - yard pass - run from Hill to Rice's great end, Buddy Dial, and a 40-yard gainer by the same combination. But Jackson's great dash was the big thrill for the 36,000 who turned out to see the two teams open the conference game.

It was the longest run with an intercepted pass in conference history. It wiped out the 99 yards Cullen Rogers of Texas A&M made against Arkansas in 1942 and which was tied by Jo Joiner of Baylor against Texas Christian in 1945.

Upstart Southern Methodist which is rated at the bottom in the conference, took the lead over Rice in the first quarter but the passing of Hill to Dial brought the Owls back to the front in the second period and they never were in danger of losing it the rest of the way.

The running of Ray Chilton, Bobby Williams, Larry Dueitt and Hill featured a thunderous ground attack that shoved SMU all over the field.

Dueitt, the Corpus Christi, Tex., sophomore who wound up as the game's leading ground-gainer with 63 yards, scored the first Rice touchdown early in the opening period, running 18 yards. Billy Dunn, the SMU quarterback, broke through to block Hill's try for point and that set up the chance for the Methodists to take the lead.

They did with a 54-yard drive after Willard Dewveall, towering SMU end, had taken the kickoff back 24 yards. Wayne Slankard did some strong running and Dunn passed to Lon Slaughter for 10 yards in pushing the surge along. Slaughter cut over left guard for the touchdown from 11 yards out. Dunn converted.

But the lead was short-lived. Hill launched his mighty pass to Dial from the Rice 45 and the lanky wingman took the ball with an over-the-shoulder catch on the SMU 20. He raced untouched to the score. Hill converted.

Field Goal By Auburn Whips Tech

ATLANTA, Oct. 19 (AP)—Auburn, a lumbering, punchless giant on offense but the nation's best on defense, won its big one today, using its terrific line and Billy Atkins' field goal to beat Georgia Tech 3-0.

The Tigers, ninth ranked nationally in The Associated Press football poll, had been disappointing all season on offense — but with their stingy defense they don't need to score often.

The victory over Tech was another major hurdle for unbeaten Auburn, which whipped Tennessee 7-0 and Kentucky 6-0, and gave its Southeastern Conference title hopes a tremendous boost.

Auburn's defense, spearheaded by ends Jimmy Phillips and Jerry Wilson and center Jackie Burkett, twice stopped Tech inside the 10. A Tech fourth down pass from the four fell incomplete just before the half.

Atkins, running star of Auburn, other two conference victories, booted the all-important three-pointer with only 43 seconds gone in the second period. The Tigers' second unit, featuring soph quarterback Bryant Harvard and fullback Ronnie Robbs, set up the field goal with a 48-yard march in 14 plays.

Tennessee Gains Victory Over Tide

BIRMINGHAM, Ala., Oct. 19 (AP) — Bobby Gordon's running and passing in the final quarter gave Tennessee a 14-0 victory over arch rival Alabama today in a Southeastern Conference football game.

Gordon passed nine yards to end Tommy Potts for the first score with two minutes gone in the last period. Six minutes later he turned his right end for four and the other Vol touchdown.

The win left Tennessee with a 2-1 mark in SEC competition and kept alive the Vols' faint hopes for retaining the conference title.

OU Takes No. 44; Kansas Falls, 47-0

By SAUL FELDMAN

NORMAN, Okla., Oct. 19 (AP) — Oklahoma made three touchdowns in the first quarter then toyed with Kansas the remainder of their Big Eight Conference contest for a 47-0 victory and the Sooners' 44th straight triumph today.

The Sooners, ranked No. 2 in the nation's football picture, ran up 422 yards rushing in winning their second conference game of the seasonk. It was their 61st contest without a loss in loop play.

Kansas was no match for the Big Eight team. Closest the Jayhawks could get to the Oklahoma goal was the Sooner 32 in a fourth quarter drive that ended with a fumble.

Kansas handed Oklahoma three easy touchdowns on two fumbles and an intercepted pass but Oklahoma also fumbled away the ball to Kansas three times as it knocked at the Jayhawk scoring gates.

The Sooners scored in each quarter. Alternate team quarterback David Baker and alternate fullback David Rolle made two touchdowns each while starting right half Clendon Thomas, alternate right half Dick Carpenter and starting left half Jakie Sandefer each contributed one.

Kansas, which has split four games this season, played its best defensive game but was no match for the five teams Oklahoma Coach Bud Wilkinson sent against them.

Oklahoma, looking for its 10th straight Big Eight crown, wasted no time in scoring as it took the kickoff and marched 52 yards. Thomas scooted over from the 6 and quarterback Carl Dodd converted. Thomas led the game's rushing, chewing up 120 yards in 15 tries.

Late in the period the Sooners made two quick touchdowns in one and a half minutes. Baker scored from the four yard line after a 51-yard-drive. Then Dick Corbett, alternate right guard, recovered his first of two Kansas fumbles which were turned into touchdowns. Baker passed 18 yards to Rolle for the score.

Baker converted after the second and third touchdowns to give the Sooners a 21-0 edge at the end of the first quarter.

Kermit Edges Steers, 13-6

BIG SPRING, Oct. 19—The Kermit Yellow Jackets struck for touchdowns in the first and third quarters to edge the flu-riddled Big Spring Steers, 13-6, here Saturday night.

Gene Williams plunged over from the one yard line in the first quarter for Kermit's first score.

Big Spring tied the score in the second quarter when Jimmy Evans went over from the four yard line. Kermit's game-winning touchdown came in the third quarter when Jack Probst passed 18 yards ot Dwayne Wright. Charley Thompson kicked the lone extra point.

Houston In 6-6 Tie With Okla. State

By MAX B. SKELTON

HOUSTON, Oct. 19 (AP)—The University of Houston turned a blocked punt into a 24-yard touchdown drive in the final minutes tonight to gain a 6-6 tie with Oklahoma State in a Missouri Valley Conference football game.

The Oklahomans, sparked by Dick Soergel, 183-pound sophomore quarterback, scored on a 74-yard first quarter march and were in almost complete control until Hogan Wharton, Cougar right tackle, blocked the punt on the State 24 with four minutes and 55 seconds to play.

Seven plays later quarterback Sammy Blount rammed over from the two for the score with 83 seconds to play but his extra point attempt after a five-yard penalty was wide.

Soergel passed six yards to halfback Duane Wood for the Aggies' touchdown. A Houston penalty gave halfback John Jacob two conversion opportunities but both kicks were wide.

Until Wharton crashed through and blocked the fourth quarter punt by Jim Wiggins, Aggie halfback, Houston had crossed midfield only three times and had not advanced beyond the State 39.

A second quarter State drive moved to the Houston nine before the Cougar defense shoved the Aggies back to the 23, from where Jacob missed a field goal attempt. A 35-yard third quarter threat ended on the Houston seven with a pair of incomplete passes.

Boston College Wins

NEWTON, Mass., Oct. 19 (AP) — Boston College marched 67 yards on the hard driving of halfback Alan Miller today to score a 12-9 victory over Villanova in a rugged football battle at rain-soaked Alumni Field.

Snyder B Wallops Lakeview, 45-0

The Snyder B team flashed long runs and sustained offensive drives to crush the Lakeview B aggregation 45-0 in Tiger Stadium Saturday night.

Coleman John started the fireworks when he broke over left tackle and went 82 yards for a touchdown on the Snyder B team's first play from scrimmage. Alex Cross converted from placement and the Snyder lads were on their way.

Shorty after the ensuing kickoff Jimmy Maroney gathered in a Lakeview punt and romped 70 yards for the second Snyder touchdown. John kept things rolling when he went over left tackle for eight yards and another touchdown late in the first quarter.

The second quarter was scoreless, but Snyder got back in the scoring business after the halftime intermission. Barry Walker blocked a Lakeview punt and J. D. Gray went over on a quarterbackz sneak on the next play.

A few moments later Cross blasted over right tackle for five yards and another touchdown.

In the fourth quarter, Cross climaxed another Snyder drive by going over from one yards out, and Jimmy Fitzgerald scampered 62 yards for the final TD. Maroney converted after the last two touchdowns.

Lakeview never was able to muster a serious scoring threat, as Coaches Jim Stehley and V. V. Shearburn "cleaned" their bench in the final quarter.

TANK SHAKES LOOSE—Mickey (Tank) McGrew, 200-pound Tiger fullback, is shown at left outracing several defenders to the goal line for the Tigers' second touchdown against Midland Friday night. Mickey went 32 yards for the score. The TD and the extra point that followed sent the Tigers ahead 14-0 and the Bengals went on to a 40-14 triumph. (Lee Watson photograph)

Texas Shocks Porkers, 17-0

By ADREN COOPER

FAYETTEVILLE, Ark., Oct. 19 (AP)—The University of Texas Longhorns, led by Bobby Lackley and George Blanch, turned three Arkansas mistakes into scores today and applied terrific defensive pressure to smother the Porkers' speedy ground attack 17-0.

The upset dealt a severe blow to previously undefeated Arkansas' Southwest Conference title hopes and put the Longhorns up among the league's top contenders.

Halfback Blanch grabbed a punt that had been touched by Arkansas to pave the way for a field goal and quarterback Lackey hopped on a fumble that started the Longhorns on the way to a touchdown and an early 10-0 lead.

Fred Bednarski, a soccer-type kicker who uses a sideways foot motion, kicked the field goal after the Longhorns had been halted on the Arkansas 23 in the first quarter.

After Lackey forced a fumble—and then grabbed it on the Texas 33— at the end of a 25-yard pass from Arkansas quarterback George Walker to end Richard Bell, Texas fullback Mike Dowdle demoralized the Porkers with a 33-yard gallop and Texas scored three plays later on a 27-yard pass from halfback Max Alvis to Blanch.

Dowdle, a hard-running sophomore, added the clinching touchdown in the fourth on a one-yard plunge over right tackle after he had intercepted a pass on the Arkansas 24. Dowdle bulled his way for 15 yards to provide the punch in the short drive.

Ends Monte Lee and Maurice Doke led the fine Texas defense that twice stopped Arkansas near the Steer 10 after drives of 70 and 61 yards.

The fumble recovery by Lackey scuttled the only other sustained Arkansas offensive.

At start of the second half, the Porkers displayed the comeback spirit that had carried them to a hard-won victory over Baylor last week. Halfback Donnie Stone and fullback Gerald Nesbitt alternated in line smashes and end sweeps that carried to the Texas 22. On fourth down, Walker's sneak was a yard short of a first down and the Steers took over on the 13.

The Porkers, winners of four straight, seldom got a chance to get their speedy runners around the flanks and the Texas defense throttled the passes of Walker and alternate quarterback Don Christian.

Another factor in Texas' successful Southwest Conference defense was the punting of Lackey and Walter Fondren. Lackey's punting averaged 42 yards on three punts.

The Steers intercepted two passes besides grabbing the two Arkansas fumbles while never losing possession on a miscue.

FAYETTEVILLE, Ark., Oct. 19 (AP) — Statistics of the Texas-Arkansas football game:

	Texas	Arkansas
First downs	10	16
Rushing yardage	246	192
Passing yardage	31	126
Passes	2-3	9-21
Passes intercepted by	2	0
Punts	9-39	7-39
Fumbles lost	0	2
Yards penalized	106	75

Aggies Cash In On Fumble To Win, 7-0

By HAROLD V. RATLIFF

FORT WORTH, Tex., Oct. 19 (AP) — Roddy Osborne passed 10 yards for a touchdown in the first five minutes, then Texas A&M stopped fumbling Texas Christian time after time the rest of the way for a 7-0 victory.

The Aggies cashed in on a TCU fumble for their score which came on the fifth pass Osborne had thrown all season—the has gotten three touchdowns out of the five—then the Horned Frogs, with towering Buddy Dike in the lead, zipped and roared up and won the field for three periods, reaching the Aggie 6-yard line twice and 5-yard line once.

A crowd of 0,6400?the largest ever to see a football game in TCU stadium—and in all West Texas—Wtched the battering rib-rattling game that saw the frogs dominate most everything except the score. But six fumbles, on which they lost the ball three times, were too much for the jittery Frogs.

The only strong drive A&M could muster came with three minutes to go when the Aggies, with Crow, Osborne and fullback Dick Gay leading the way stormed to the TCU seven.

Texas A&M ranked No. 3 in the nation and rolling through its 15th straight game without defeat, was opening defense of its Southwest Conference championship. The victory, however, was rather hollow. TCU slammed to 262 yards on the ground and 14 in the air to 80 rushing and 42 passing for A&M.

The magnificent Dike carried 24 times for 73 yards to lead all the ground-gainers. Crow was held to 40 by TCU.

The aggies fumbled seven times themselves but lost the ball only twice and those were not at crucial times.

The first two times TCU had the ball, they fumbled it away on the first play. The second fumble was by sophomore Marvin Lasater, TCU halfback, who dropped the ball on the Frog 15. Ken Beck, a tackle who was the big defensive star of the fighting Aggie line, covered the oval on the TCU 15.

Crow got four yards at left guard and Gay rammed the same place but made only one. Then Osborne went back to pass. He was chased around 10 yards back of the line and just when it seemed he was trapped the brilliant quarterback threw like a bullet into the end zone. Waiting there, with nobody within five yards of him, was end Bobby Marks. Bobby Conrad converted and that actually was the ball game although Texas Christian looked like it would score most any time from there on.

With Dike, who averaged three yards per run and became known by the crowd as "three-yard Dike", doing most of the work but with Lasater and Jim Shofner, the TCU halfback who's the conference's leading ground-gainer, chipping in, the gallant Frogs swept first to the Aggie 38, where they bogged down as a result of a Hofner fumble. Then they surged to the five, where the Aggies rose up en masse; to the 11, before again being stopped by the gang-tackling Aggies; to the six to the 39, and then to the six, where Crow swiped the ball to end the Frog threat and take the starch out of TCU at last.

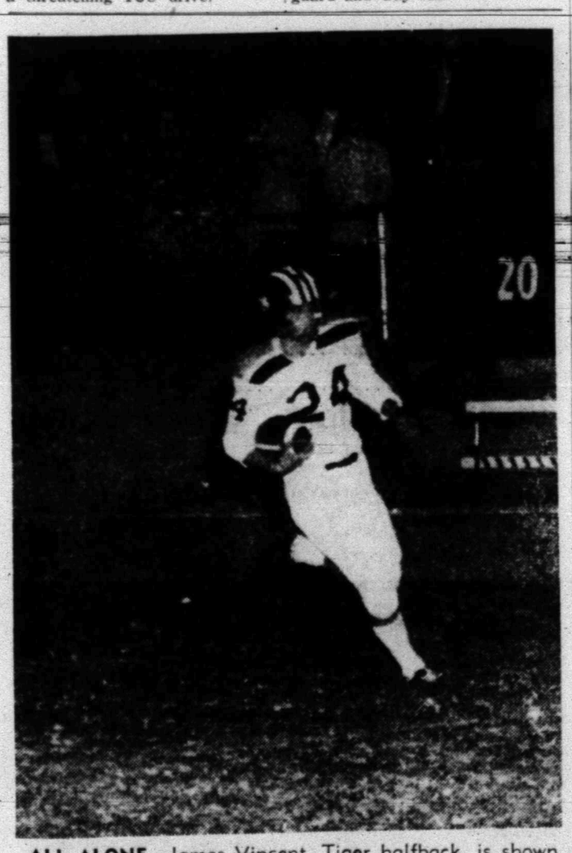

It was then that AM clinched the verdict with its magnificent drive against the clock that finally ran out with the Aggies on the TCU seven.

To show how tough the Frogs were, A&M had the ball for only seven plays in the second period and for just nine in the third.

Dike not only was the offensive star of the game but stood out mightily on defense, having 10 tackles and four assists. But the big defensive standout of the entire game was Gay, who flagged the Frogs down 13 times and helped six other times.

FORT WORTH, Tex., Oct. 19 (AP) — Statistics of the Texas A&M-Texas Christian game:

	A&M	TCU
First downs	7	17
Rushing yardage	80	262
Passing yardage	41	14
Passes	8-4	13-4
Passes intercepted by	1	0
Punts	8-37.8	3-30.3
Fumbles lost	2	3
Yards penalized	10	15

ALL ALONE—James Vincent, Tiger halfback, is shown all by his lonesome during a 44-yard scamper to a touchdown against Midland Friday night. The speedy senior halfback had taken a pitchout and behind some beautiful downfield blocking swept wide around left end and covered the 44 yards with nary a hand being laid on him. The TD gave the Tigers a 20-0 halftime lead and the Bengals went from there to a 40-14 victory. (Lee Watson photograph)

Purdue Stuns Michigan State

EAST LANSING, Mich., Oct. 19 (AP)—Injured, ailing and underrated Purdue pulled a stunning football upset today by knocking off Michigan State, the top rated collegiate team in the nation, by a convincing 20-13 score.

The MSU Spartans were a 21-point favorite going into the game and were expected to run all over the bruised Boilermakers who had the added handicap of having some key men missing because of the flu bug.

But 18-year-old Ross Fichtner, a green-as-grass sophomore quarterback, had different ideas and directed his Purdue crew to the upset with all the poise of a pro-veteran.

The only thing in recent football history that could compare with this shocker was the time that Purdue did the exact thing here a few years ago.

That was in 1953, when a Boilermaker team that hadn't won a game, stopped a 28-game Spartan winning streak with a 6-0 triumph.

The situation was the same going into this one. Michigan State had won its first three starts and Purdue had lost its first three.

Purdue gave the record Spartan stadium crowd of 64,950 a clue of what was going to happen by tying the score before the half ended.

Bob Jarus was a one man wrecker for the Boilermakers. After a Spartan fumble on their 19 set the stage, Jarus carried five times in succession on the running plays, bucking over from a yard out on his last try.

Fichtner, who never before had started a game, was in for the regular signal-caller, Bob Spoo, who saw only limited action because of a hand cut. He lobbed a 43-yard pass to Tom Franckhauser that carried to the four and then kept handing the ball to fullback Mel Dillard, who bruised in from the one on his third try.

Steers Chill Cardinal Title Hopes, 18-6

HERMLEIGH, Oct. 19 — Robert Lee's Steers chilled the Hermleigh Cardinals' hopes of repeating as the District 6-B champs here Friday night with an 18-6 victory over the injury-riddled Cards.

The Steers scored once each in the first three quarters for an 18-0 lead before the Cardinals scored in the fourth.

Quarterback Orville Paty passed 25 yards to end Virgil Davis for the lone Hermleigh touchdown in the fourth.

Robert Lee scored on drives of 60, 50 and 35 yards with Freddie McDonald performing the chores on scoring plays. McDonald went 20 yards for the first Robert Lee touchdown and nine yards for the second.

Don Stewart scored from the two for the Steers in the third that all but clinched the decision.

The Steers ground out 225 yards on the ground to 75 for the Cardinals but the Cards had the advantage in passing, completing 5 of 15 for 83 yards to 1 of 8 for five yards for the Steers.

The loss dropped the Cardinals into a two-way tie for second with Bronte, each with 1-1 records. The Steers are leading the 6-B pack with a 1-0 mark.

Hermleigh journeys to Snyder next Friday night to meet Snyder B.

Gail Wins Again, 58-6

DAWSON, Oct. 19 — The Gail Coyotes won their sixth game in as many starts here Friday night with a smashing 58-6 District 7-B (Six-Man) football victory over Dawson.

The Coyotes jumped ahead 28-0 in the first quarter and then coasted to victory. It was 40-0 at halftime and 50-0 at the three-quarter mark.

Gail coach Eddie James praised the Coyote defense which held Dawson scoreless until late in the game when resrves sprinkled th Gail lineup.

Standing out in the line were Larry Doyle and Bunny Massengale. Massengale, in fact, was the leading Gail scorer. He picked up two Dawson fumbles and raced them across for touchdowns and scored another on a 40-yard run.

Rueben Vaughn and Raymond Walton each scored two Gail touchdowns and Lloyd Ramsey one. Vaughn made his TD's on a 40-yard pass from Jerry Staggs and a 15-yard run.

Walton went 60 yards on a punt return and ran 35 yards from scrimmage for another. Ramsey scooted 70 yards for his touchdown.

Vaughn kicked five-out-of-five extra point tries for 10 points.

Gail goes to Klondike next week.

Garland, Port Neches Move Up To Class 4A

AUSTIN, Oct. 19 (AP)—Such Class AAA football toughies as Port Neches and Garland will be shifted to AAAA in a shakeup of the Interscholastic League districts today.

The number of AAAA teams will rise from 87 to 98. Class AA teams will be increased and a slight decrease will be made in the number of Conrerence AAA, A and B teams.

Changes also were made by the league in enrollment categories used to calculate conference divisions.

The tentative list, which will not be final until September, covers the 1958-59 and 1959-60 seasons. District assignments were mailed to all schools this week except the six-man districts.

Conference AAA teams will drop from 88 to 87; AA will increase from 164 to 176; A will drop from 191 to 187; and B will decrease from 226 to 221 teams.

Five new conference AAAA schools are from new high schools. They are Amarillo Tascosa, Dallas J. F. Kimball, Houston Jesse Jones, Pasadena South Houston and San Antonio Highland.

Moving up from AAA will be Fort Worth Birdville, Garland, Port Neches, Bryan Stephen F. Austin, San Antonio Edison and San Antonio Edgewood.

Center and Cameron of AAA were moved back to AA.

The five moving up from Class AA are Mesquite, Fort Worth Castleberry, San Antonio Sam Houston, Falfurrias and Rio Grande City. Two new schools assigned are Tyler South Tyler and San Antonio new Northeast.

The conference classification is determined by the average number of students in the last four grades in high school.

The brackets are Conference AAAA, 900 pupils and above which now is 845 and up; Conference AAA, 390-900 compared with 370-845; Conference AA, 200-390 compared with 200-370; Conference A, 190-200 compared, same as now; Conference B, 119 and under, no change.

Besides the new additions to Class AAAA, these were the changes: District 4 will consist of Arlington, Fort Worth Birdville, Grand Prairie, Irving and Wichita Falls.

District 5 will be composed of these Fort Worth schools: Arlington Heights, Carter-Riverside, Technical, North Side, Paschal and Polytechnic.

District 6 will be the biggest district with these 11 Dallas high schools competing: Adamson, Bryan Adams, Crozier Tech, Hillcrest, J. F. Kimball, North Dallas, South Oak Clkff, Sunset, Thomas Jefferson, W. W. Samuel and Woodrow Wilson.

League officials said the classifications were juggled to maintain the basic 16 district playoff system for the Class AAAA and AAA schools and to provide for the new metropolitan high schools. Schools may not be voted into a higher conference. The only new addition in the lower categories was Buckner's Orphanage of Dallas, added to Class B.

Conference AAAA districts:
1. El Paso Austin, Bowie, El Paso and Jefferson and Ysleta.
2. Abilene, Big Spring, Midland, Odessa, San Angelo.
3. Amarillo, Borger, Lubbock, Monterey (Lubbock), Palo Duro (Amarillo), Pampa, Plainview, Tascosa (Amarillo).
4. Arlington, Birdville (fort Worth), Grand Prairie, Irving, Wichita Falls.
5. Fort Worth Arlington, Carter, Technical, Northside, Paschal, Polytechnic.
6. Dallas: Adamson, Bryan Adams, Crozier, Hillcrest, Kimball, North Dallas, South Oak Cliff, Sunset, Jefferson, Samuel, Wilson.
7. Denison, Denton, Garland, Highland Park (Dallas), Sherman.
8. Longview, Lufkin, Marshall, Texarkana, Tyler.
9. Houston: Davis, Sam Houston, Milby, Reagan.
10. Houston: Stephen F. Austin, Bellaire, Jesse Jones, Lamar, San Jacinto.
11. Beaumont, Thomas Jefferson (Port Arthur), Orange, Port Neches, South Park (Beaumont).
12. Freeport, Galena Park, Galveston, Robert E. Lee (Baytown), Pasadena, South Houston (Pasadena), Spring Branch (Houston), Texas City.
13. Stephen F. Austin (Austin), Stephen F. Austin (Bryan), McCallum (Austin), Travis (Austin), Temple, Waco.
14. Brownsville, Edinburg, Harlingen, McAllen and these Corpus Christi schools: Ray, Miller and Carroll.
15. San Antonio Alamo Heights, Brackenridge, Edison, Highland, Jefferson and Harlandale; and Victoria.
16. Alice, Laredo and these San Antonio schools: Burbank, Lanier and Vocational.

Conference AAA districts:
1. Dumas, Hereford, Levelland, Littlefield, Phillips.
2. Andrews, Brownfield, Ector (Odessa), Kermit, Monahans, ecos.
3. Colorado City, Lamesa, Lakeview (San Angelo), Snyder, Sweetwater.
4. Breckenridge, Brownwood, Graham, Mineral Wells, Vernon, Weatherford.
5. Carrollton, Mesquite, and these Fort Worth schools: Castleberry, Diamond Hill, Handley and White Settlement.
6. Gainesville, Greenville, McKinney, Mt. Pleasant, Paris, Sulphur Springs.
7. Carthage, Gladewater, Henderson, Jacksonville, Kilgore, Nacogdoches, South Tyler.
8. Athens, Corsicana, Ennis, Palestine, Waxahachie.
9. Cleburne, Killeen, Stephenville, LaVega, Waco, University.
10. Brenham, Conroe, Aldine (Houston), M. B. Smiley (Houston), Huntsville.
11. French (Beaumont), Nederland, Silsbee, Vidor.
12. Alvin, Bay City, El Campo, LaMarque, Lamar (Rosenberg).
13. Kerrville, New Braunfels, New North East (San Antonio), North East (San Antonio), San Marcos, Seguin.
14. Del Rio, Eagle Pass, Sam Houston (San Antonio), South San Antonio, Uvalde.
15. Beeville, Cuero, Kingsville, Calhoun (Port Lavaca), Robstown.
16. Falfurrias, Mission, Pharr, Rio Grande City, San Benito, Weslaco.

Big Spring Stands In Way Of Record

By The Associated Press

Abilene goes after an all-time record 44 consecutive victories and Temple battles Austin in the headliners of Texas schoolboy football this week.

The "honor" of helping Abilene the record goes to Big Spring, which opens the conference race in District 2 AAAA against the defending state champions.

Abilene ran its string to 43, tieing the record set in the thirties by Hull-Daisetta, with a 27-7 victory over Waco last week.

The big battle of the upper echelons, however, matches Austin and Temple in District 13 AAAA. They are undefeated, untied teams opening the conference race.

Temple was impressive last week with a 34-0 smashing of Class AAA Killeen. Austin was whipping San Antonio Harlandale 33-0.

Another feature game sends Graham against Weatherford in a District 4 AAA. Graham, which had swept through 4 games for 295 points against none for the opposition, met its waterloo last week, dropping before Sweetwater 35-28 in an inter-district contest.

Weatherford, undefeated and untied, had an open date. The Kangaroos swing into the conference grind against Graham.

Nederland, the team that's favored for the AAA championship, smashed Beaumont 41-0. Port Neches, another top AAA outfit, was edging Port Arthur of AAAA 15-14.

This week practically every game is a conference affair. The week's schedule by districts (all games Friday and all games conference unless indicated as nd): Class AAAA:

1. Ysleta at El Paso Austin Thursday, El Paso vs. El Paso Jefferson.
2. Big Spring at Abilene, San Angelo at Odessa.
3. orger at Lubbock, Amarillo Palo Duro at Plainview, Amarillo at Lubbock Monterey Saturday.
4. Fort Worth Arlington vs. Carter Thursday, North Side vs. Fort Worth Tech.
5. Dallas Samuel vs. Dallas Jefferson Thursday, Dallas Wilson vs. Highland Park.
6. Dallas Sunset vs. South Oak Cliff, Dallas Adamson vs. North Dallas Saturday.
7. Sherman at Irving, Wichita Falls at Denton, Grand Prairie at Arlington.
8. Lufkin at Marshall, Tyler at Texarkana.
9. Houston Milby vs. Houston Lamar Thursday (nc), Houston Davis vs. Houston Bellaire (nc), Houston Sam Houston vs. Houston San Jacinto (nc), Houston Reagan vs. Houston Austin Saturday (nc).
10. No games.
11. Port Arthur at Orange, Beaumont South Park vs. Beaumont.
12. Texas City at Baytown, Spring Branch at Pasadena, Galena Park at Freeport.
13. Temple at Austin, San Antonio Burbank at Austin Travis Saturday.
14. Corpus Christi Miller vs. Corpus Carroll, Corpus Ray at McAllen, Harlingen at Edinburg.
15. San Antonio Harlandale vs. Brackenridge Thursday, San Antonio Jefferson vs. Alamo Heights, Austin McCallum at Victoria (nc).
16. Laredo at San Antonio Lanier, Alice at San Antonio Tech Saturday.

Class AAA
1. Clovis at Hereford (nc), Dumas at Levelland, Phillips at Littlefield.
2. Kermit at Andrews, Pecos at Brownfield, Odessa Ector at Monahans.
3. Sweetwater at Lakeview, Colorado City at Lamesa.
4. Graham at Weatherford, Mineral Wells at Vernon, Brownwood at Breckenridge.
5. Garland at Fort Worth Handley, Diamond Hill at Carrollton, Birdville at Brewer.
6. Mt. Pleasant at Gainesville, Paris at McKinney, Greenville at Sulphur Springs.
7. Kilgore at Henderson, Jacksonville at Gladewater, Center at Nacogdoches.
8. Athens at Cleburne, Ennis at Palestine, Corsicana at Waxahachie.
9. Cameron at Stephenville, Waco at LaVega.
10. Aldine at Huntsville, Brenham at Conroe, Smiley at Bryan.
11. Silsbee at Beaumont French, Vidor at Port Neches.
12. El Camp at Alvin, Houston Sta Thomas at Bay City (nc), Lamar Consolidated at LaMarque.
13. Kerrville at Seguin, San Antonio Edison vs. San Antonio Northeast, San Marcos at New Braunfels.
14. South San Antonio at Uvalde.
15. Port Lavaca at Kingsville, Beeville at Cuero.

Allen Intercepts 2 Passes For TDs

By BUCK FRANCIS
News Sports Editor

MIDLAND, Oct. 19—Snyder's snarling Tigers stunned the Midland Bulldogs with a touchdown in the first minute of play here Friday night and then proceeded to carve out a 40-14 victory before a throng of 11,000 in Memorial Stadium.

The big crowd hardly had time to get seated when halfback Jimmy Allen intercepted a Midland pass and sped 55 yards for the first Tiger touchdown. After that the Tigers added two TD's in the second quarter, two in the third and one in the final enroute to their lopsided victory.

The Bulldogs, weakened somewhat by the flu, scored all of their points in the third period. Although 10 Bulldogs were out early in the week with influenza, including four regulars, all had returned to camp Thursday and no one missed Friday's game.

As has been the case in previous Tiger games, Friday's triumph was an all-out team effort. Five different Tigers scored touchdowns with Allen leading with two six-pointers. Both of Allen's touchdowns came on pass interceptions.

After Allen's first interception that got the Tiger scoring underway, fullback Mickey McGrew hit up the middle for 32 yards and a TD in the second period; halfback James Vincent raced wide for 44 yards and a tally, also in the second; Dick Hayes broke loose on a 94 yards to paydirt early in the third; quarterback Richard Mahan sped 90 yards on a kickoff return in the third; and Allen closed out the Tiger scoring with his second interception, running 21 yards to the doublestripe, in the fourth quarter.

Israel Hinojos kicked all four Tiger conversions. Hinojos actually only missed once since he kicked perfectly after the third Tiger TD only to have it nullified by a penalty. His second try in this instance, from the seven, was blocked.

Tiger was phenomenal. Time and again a timely block cleared a Tiger runner who in turn ripped off long gainers for touchdowns.

Snyder's first touchdown came on the second scrimmage play of the game. Midland guard Gary kickoff six yards to the 42. Calvin McKenzie got six yards and then quarterback John Hunter's pass was stolen by Allen on the Tiger 45 and the Tiger halfback followed a convoy of blockers down the west sideline for 55 yards and six points. Hinojos' kick made it 7-0.

After having a 15-yard penalty to stop a drive in the making on their first offensive effort, the Tigers drove 72 yards the second time they had the ball for a touchdown. Mahan, McGrew and Bud Morgan alternated in carrying to the Midland 32 from where McGrew broke through the middle, shook off several would-be tacklers and raced across standing up.

Hinojos kicked again to put the Tigers out front 14-0, only 39 seconds deep in the second quarter.

Midland came right back 34 to a first down on the Tiger 18 but the only penalty assessed against the Bulldogs in the game, a 15-yarder, halted the march.

A Tiger fumble on a punt return late in the second quarter put the Bulldogs in business on the Tiger 18 but the only penalty assessed against the Bulldogs in the game, a 15-yarder, kept the Bulldogs from making a serious scoring threat.

The Tigers took over on downs on the 14 and then drew a penalty back to their own one. Mahan kicked out nicely to the 35 but the Tigers drew a 15-yard penalty for interfering with a "fair catch," giving the Bulldogs a first down on the Tiger 20.

Two plays later fullback Don Boyce fumbled and Bill Jennings recovered for the Tigers on the 18. From there the Tigers marched 72 yards to their third touchdown in just five plays.

Mahan hit end John Ward with a 15-yard pass to the 33 to get the drive underway. Morgan got four and then McGrew 10 for a first down on the 47. Mahan kept for nine yards to the Midland 44 from where Vincent scored on a well-executed play.

Vincent took a pitchout and swept wide around left end for the remaining 44 yards. Several downfield blocks cleared Vincent as he went untouched for the TD which came with 1:45 minutes left in the first half, shooting the Tigers ahead 20-0.

Open Up Fast

The Tigers wasted little time getting their scoring underway in the second half. Mahan returned the second half kickoff 13 yards to the 21 but Snyder drew a 15-yard penalty on the play back to the six.

On the first play, Hayes broke through a hole over right tackle, cut back to his left and then raced 94 yards to the doublestripe. Hayes was almost stopped at about the 40 by the Midland safety, Yippi Rankin, who caught hold of Hayes' jersey from behind. But Hayes shook loose and went the remaining 60 yards untouched.

Hinojos' kick was true to make it 27-0.

Midland bounced right back to drive 66 yards to their first touchdown following the kickoff. The drive took 12 plays with Calvin McKenzie scoring from the Tiger two. Tinker Downing kicked to cut the Tiger lead to 27-7.

The Tigers, however, got the touchdown back on the ensuing kickoff when Mahan gathered in Boyce's kick on the 10 and raced 90 yards to a touchdown. Once again timely downfield blocking paid off for the Tigers who cleared Mahan at about the midfield stripe and Richard journeyed untouch the rest of the way. Hinojos' kick was wide to leave the score at 33-7.

Midland got its last touchdown following the kickoff on a 62-yard march with John Hunter climaxing it with a one-yard quarterback sneak with 26 seconds left in the third period.

Downing again converted and it was 33-14, Tigers.

Allen Steals Again

The Tigers completed their scoring early in the final quarter when Allen made his second interception of the night for a touchdown, Jimmy snaring the pighide on the Bulldog 21 and racing across untouched.

Hinojos' kick finished the scoring at 40-14 with 9:06 left in the game.

Tiger reserves finished out the game.

The Bengal subs showed up right well, driving from their own 36 to the Midland 12 late in the game before being halted.

Score by quarters:

SNYDER	7	13	13	7	—40
MIDLAND	0	0	14	0	—14

Scoring: Touchdowns-Tigers — Jimmy Allan 2 (pass interceptions for 55 and 21 yards); Mickey McGrew (32 yard run); James Vincent (44-yard run from scrimmage); Dick Hayes (94 yard run from scrimmage); Richard Mahan (90-yard run on kickoff return). Midland — Calvin McKenzie (2-yard run); John Hunter (1 yard quarterback sneak).

PAT — Tigers — Israel Hinojos 4 (placement); Midland — Tinker Downing 2 (placement).

ONE OF TWO—Jimmy Allen, No. 20, who intercepted two Midland passes for Tiger touchdowns Friday night, is shown heading goalward after his first interception. Coming over to help pave the way for Allen are Bill Rinehart, No. 50, and Larry Mullins, No. 74. Allen's first interception came in the first minute of play and the Bengals soared from there to a 40-14 triumph. (Lee Watson photograph)

Detroit Outlasts Xavier By 30-20

DETROIT, Oct. 19 (AP)—The University of Detroit struck for two last period touchdowns to outlast Xavier 30-20 in a see-saw battle today before 14,891 homecoming football fans.

Terry Mayer, who scored all three Xavier touchdowns, put Xavier into a short-lived 7-0 lead in the first period and a 14-10 halftime lead.

Qualifying For City Golf Tournament Starts Today

Qualifying for the Men's annual City Golf Tournament commences today at the Snyder Country Club, pro Shanty Hogan has revealed.

Local linksmen will have one week in which to qualify. Qualifying will close a week from today.

Match play will begin Oct. 28. One match per week will be required.

Donald Ray Scott, who recently won the City "Round Robin" tournament, is the defending champion. Scott edged Shelby Coker in last year's finals, 2-1.

Both Scott and Coker are expected to be in the field in the upcoming tournament.

Hogan says the Championship Flight will consist of eight players while all other flights will have 16 players.

Another former champion, Manning Davis, is expected to enter the tournament.

Scott will be bidding for his third straight tournament title.

Missing from the field this year will be the medalist in last year's tourney, Dr. Dean Strack. Dr. Strack is no longer a Snyder resident. He qualified with a 69 last year to capture medalist honors.

Entry fee for the tournament will be $3.

All golfers who use the local Country Club as their "home club" are eligible to enter the tournament.

Prizes in the form of golf merchandise will go to the winners, runnersup and consolation winners of each flight.

Hobbs Dumps Eagles 52-19

HOBBS, Oct. 19 — The Hobbs Panthers evened their district record at 1-1 here Friday night with a convincing 52-19 victory over the McCaulley Eagles in a Six-Man contest.

Joseph Martinez and Clinton Sellers led the Hobbs scoring parade with three touchdowns apiece while Jimmy Pullig made two TD's.

Pullig and Bobby Hardin each kicked an extra point to round out the Hobbs scoring.

Hobbs held a 20-0 halftime lead.

The Panthers go to Ira next Friday night for their next tilt.

THURSDAY NIGHT

Major Stars To Appear In Lamesa

LAMESA, Oct. 19 (Special) — A star-studded lineup of major league baseball players will be in Lamesa, October 24, for an exhibition game, according to the Jaycee Committee in charge of the benefit game.

The players are all tops in the business and include All-Star game players and league leaders in hitting, fielding and RBIs.

Heading the list of All-Stars will be Jim Bunning of the Detroit Tigers, All-Star game winner and Look Magazine All American selection.

Hal Smith, St. Louis Cardinal catcher and All-Star game selection Gus Triandos, Baltimore Orioles catcher and All-Star game selection and Roy Sievers, Washington Senators outfielder and All-Star game selection and American League home run leader and RBI leader.

Also, Tom Brewer, Boston Red Sox and Willard Nixon also of the Sox, both pitchers. Jim Lemon, outfielder and Milt Bolling, infielder, both of the Senators. Bill Tuttle, outfielder and Frank Bolling, infielder, both of the Tigers.

All-Stars will meet a top team from the ranks of the U. S. Air Force men stationed at Webb Air Force Base in Big Spring.

Many of the Webb AFB players are big leaguers and semi-pro players.

The game will be played under the lights at Lobo Park, Lamesa, Texas. Tickets for the game are on sale at the Reporter sports desk, Mac's Men's Wear, Fenton's Dad and Lad in Lamesa. All reserved seat tickets are selling for: Adults $1.50, Children 75 cents and Box Seats (4 chairs) $1.00 per box.

Game time 7:30 p.m. Thursday, October 24, 1957. Tickets may be obtained by mail, contact Lamesa Junior Chamber of Commerce, Box 167, Lamesa, Texas.

The major league players who will appear here include the following:

Pitchers — Jim Bunning, Detroit Tigers: Tom Brewer, Boston Red Sox; Willard Nixon, Boston Red Sox.

Catchers — Les Moss, Chicago White Sox; Gus Triandos, Baltimore Orioles.

Infielders — Frank Bolling, Detroit Tigers; Milt Bolling, Washington Senators.

Outfielders—Roy Sievers, Washington Senators; Jim Lemon, Washington Senators; Bill Tuttle, Detroit Tigers.

Bunning, Seivers and Triandos were all-star game selections last summer. Bunning, in fact, was the winning pitcher.

Sievers was the American League's leading homerun hitter in addition to leading in runs batted-in and total bases.

Powerful Buckeyes Smother Indiana

COLUMBUS, Ohio, Oct. 19 (AP)—Ohio State's powerful Buckeyes smothered undermanned and inept Indiana under an eight-touchdown barrage today as they racked up their second straight Western Conference victory 56-0.

The ground-eating Ohioans converted four fumbles into touchdowns and intercepted five Hoosier passes to squelch all Indiana's scoring attemtps. The score was the largest turned in by a Woody Hayes coached team in his seven years here.

THE SNYDER DAILY NEWS

VOL. 8, NO. 148 SNYDER, TEXAS, SUNDAY, OCTOBER 20, 1957 SECTION B

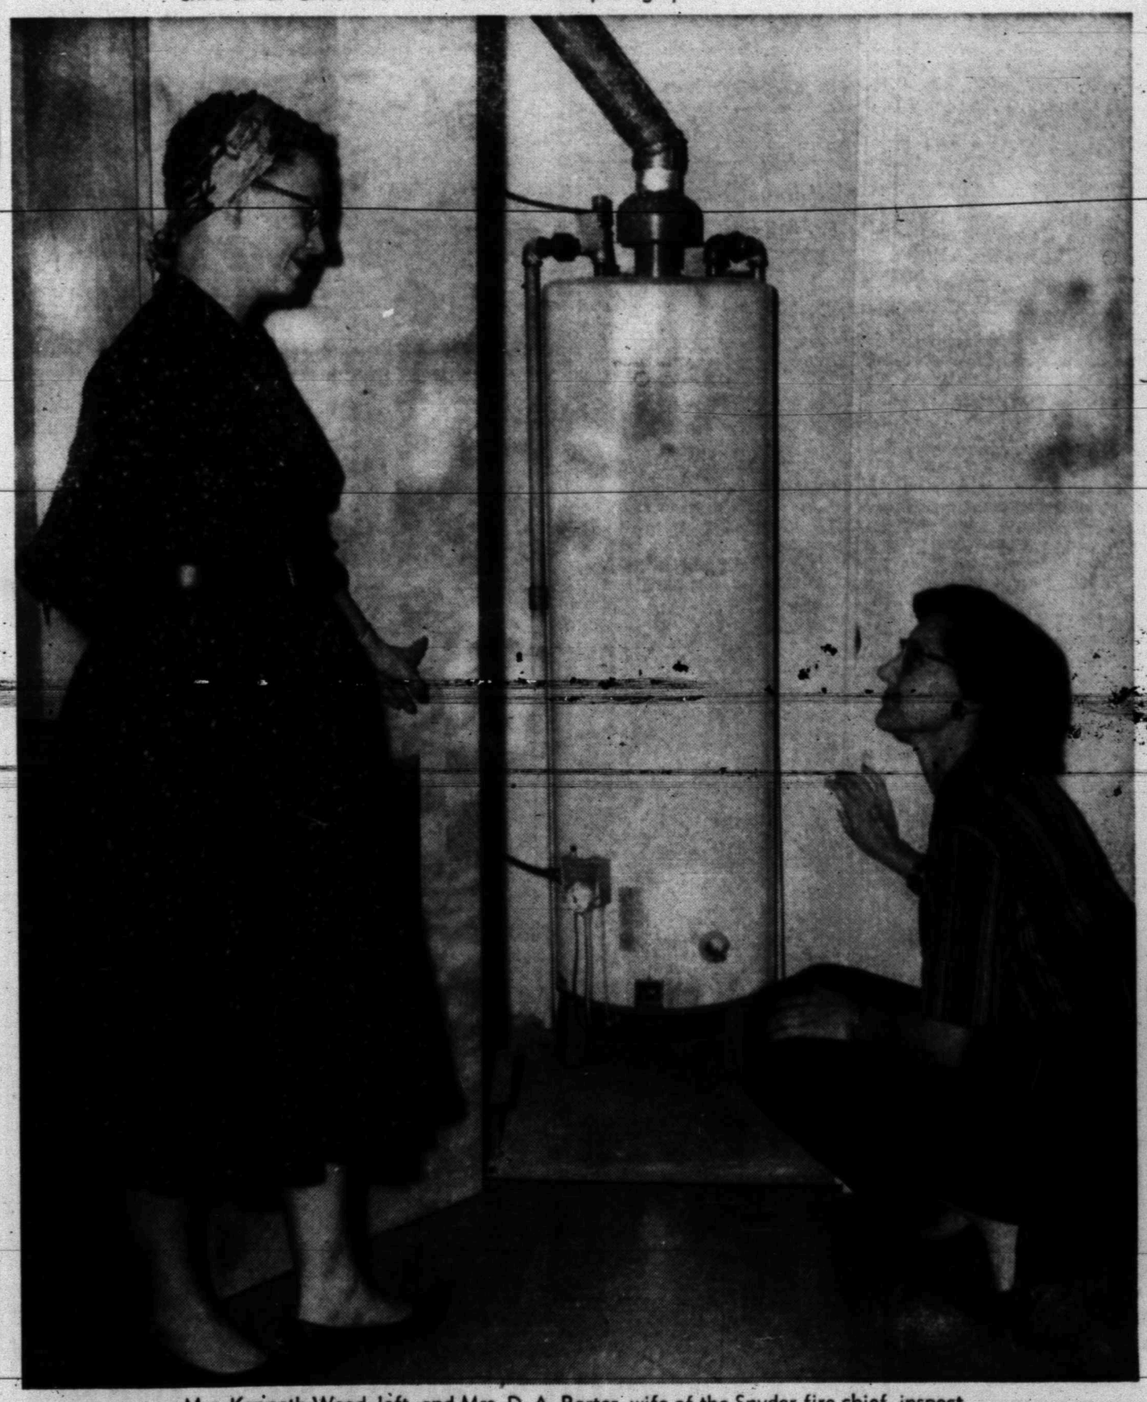

Mrs. R. T. Howard, president of the Ladies Auxiliary of the fire department, is shown above studying a list of objectives of the organization for the coming months. One of the top activities of the auxiliary in the next few weeks will be making doll clothing for dolls turned into the fire department for redistribution to needy children at Christmas time. (Lee Watson photographs)

A membership campaign is one of the current tasks of the Snyder Firemen's Auxiliary. Mrs. Bill Engler, left, makes telephone calls while Mrs. Odis Glasscock calls off the list of prospective new members. The membership committee is one of several committees currently working on the organization's projects.

Ladies Auxiliary Of The Fire Department

Mrs. Kenneth Wood, left, and Mrs. D. A. Porter, wife of the Snyder fire chief, inspect a water heater closet—one of the things housewives can do to make their homes safer from fires. A red-tag day, Nov. 13, will be held here in businesses, public gathering places and in homes to seek fire hazards and mark them with a red tag for remedy.

Mrs. J. N. Newton, left, reporter for the Snyder Firemen's Auxiliary, and Mrs. Floyd Allmand, secretary-treasurer, are shown above discussing collection, repair and clothing of dolls for distributing to needy children this Christmas. Firemen will collect dolls and toys at the three fire stations, preferably the central station, and the auxiliary will renew the dolls while the firemen do the repair and repainting of toys.

A DRESSY WOOL jersey costume can be your best wardrobe investment. Starting with a superbly styled Lebanon wool jersey sheath, Ellen Kaye creates a high tapered V-neckline, and a pair of youthful slit pockets looped with Shiffli embroidery. The cardigan jacket uses fine ribbing at neck, waist and sleeves for that comfortable snug fit, and traces a spray of rose vines studded with jewels. Always ready to wear, wool jersey travels in small space like a stocking, never wrinkles, and can be the core for dress-up socials or for sprees in the sports world.

Acacia Study Club Hears History Of Guatama Buddha

The Acacia Study Club met at 3:45 p.m. Wednesday at the Martha Ann Woman's Club with Mrs. Jim George as hostess.

Mrs. Tim Dennis gave current events, and Mrs. Dan Warren, program chairman, presented enlightening information on Buddhism, saying:

"Guatama Buddha, was actually born a Hindu and therefore many of Guatama's objectives and concepts agree with the beliefs of the Hindu. For example, he thought that all living beings so through countless cycles of birth, death and rebirth—that at death the soul passed into another body, place or condition—usually human but sometimes animal. (Which is the principal of reincarnation) Buddha also thought that suffering is inherent in life and that the greatest good is release to life and suffering—the taming of the appetites and passions of the flesh. Still another Hindu doctrine that Guatama adhered to was karma—or what happens after his death is determined in part by what he has done with his previous existence.

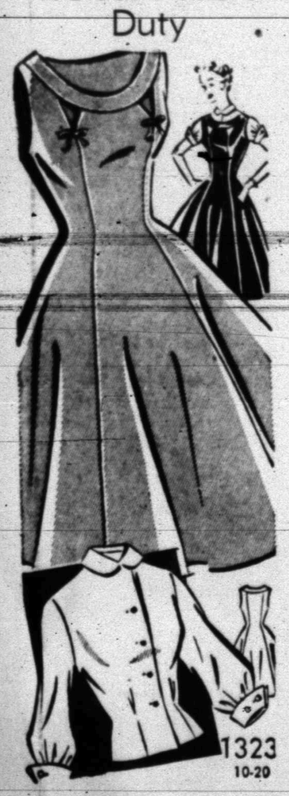

"But while Buddha agreed with the Hindus on these ideas he disagreed with the methods by wich these objectives were achieved.

"The road to nirvana is a long, hard one for the Buddhists and only through good and self-denying deeds and thoughts, is the Buddist purified through his many successive lives. Because of their beliefs in the changing self, which is matched in very few of the world's great religions, good Buddhists renounce all the passing phenomena of the world. Even Budda himself is not worshipped as a man or god but as the symbole of enlightment. Therefore the thousands of images of Buddha which stand in the temples of Asia are not really portraits of an actual human being, but idealized symbols, which gives them an exotic and impersonal appearance to our Western eyes.

"Buddhism stands aloof from world affiars. It has no overall authority, no Pope, no elaborate ceremonies for conversion. Anyone can become a Buddhist by practicing the things set up in the Great Eightfold Path. Because Buddhism practiced in its most ideal form demands detachment from the world and worldy things, it is largely a monastic religion. Though the majority of Buddhists are laymen and live and practice as simply as the laymen of other religions, the ideal Buddhists are the monks who live either in solitude or in a group in one of the great monastaries scattered throughout the Buddhist world!"

Following the program, refreshments of coffee and cake was served to 20 members and three guests, Mrs. J. M. Denson, Mrs. William A. McClatchy and Mrs. Kenneth Sewall.

Oiling will help put vim and vigor back in your nails. This is true for brittle nails that break or split easily. Any oil will do; just rub it on. An application before going to bed is always good. But more important when your nails start to chip, check your diet to see if there is a deficiency causing your brittle nails.

NEWS FROM FLUVANNA

By MRS. SID MILLER

Mrs. T. C. Maynard has returned home after a visit in Quinton, Okla. Her son, Don Cox and family returned home with her.

Claude Rea is visiting his brother T. J. Rea and family.

Mrs. Jack Harrison of Winters, who has been visiting her sister and family, Mr. and Mrs. Guy Turner Jr., has returned home. Mrs. Turner and Joe returned home with her.

Mr. and Mrs. Ethridge Strickland and Sandra of Odessa, Mr. and Mrs. Robert Jones and boys Saturday afternoon.

Mrs. Annie Bell Hale of Odessa visited relatives and friends here recently.

Mr. and Mrs. Roy Lee Holder from Abilene, spent the weekend with his brother, Mr. and Mrs. Sandy Holder.

League Of Women Voters Hear School Board Panel

A guest panel composed of Clyde Godwin, president of the Snyder school board, and school board members, Max West and Dr. Wilton N. Jones, discussed various aspects of the local educational system at a general membership meeting of the provisional League of Women Voters Thursday night at Trinity Methodist Church.

Alleviation of overcrowded classroom conditions is a major concern confronting local school officials, panel members told the league. An extensive study of present and long-range needs has been undertaken, according to Godwin, and a number of possible solutions are under consideration.

West described for the league the system by which the Snyder Independent Consolidated School District operates, explaining that policies are determined by the board and administered by the school superintendent.

The Snyder school system ranks high in effectiveness and low in per capita costs in comparison with other Texas schools, Jones told the group. An estimated ninety-five percent of local school taxes are paid by oil companies, he said.

Asked about the value of closed-circuit television instruction now being tried locally, Godwin expressed the opinion that such teaching methods tend to develop individual responsibility in learning.

Questions directed to the panel were largely those required in compiling information for the league's "Know Your Town Government" survey.

In the business session which followed, Voters' Guides, presenting the pros and cons of the Texas special election, Nov. 5, were given to league members for distribution to service clubs and other community organizations.

Mrs. H. C. Lowery, league president, announced that U. S. Congressman Omar Burleson will be guest speaker at the league's general membership meeting Nov. 21.

Guests for Thursday's meeting in addition to panel members were Mrs. Wilton Jones, Mrs. R. R. Patterson, Harold Brown, Frank A. Wilson and J. M. Milam.

Mrs. Bill Butler served as moderator for the panel discussion.

NEWS FROM UNION

By MRS. J. B. ADAMS

Mr. and Mrs. Troy Greenlee and daughter visited last week with relatives in Breckenridge.

The young people of the Methodist Church attended a Sub District meeting Tuesday night for the MYF at Colorado City.

Gene Clarkson of Grants, N.M. visited recently with his parents, Mr. and Mrs. Everett Clarkson.

Snyder Garden Club To Hold Flower Show On Thursday

The Snyder Garden Club will hold their annual Flower Show Thursday at the Martha Ann Woman's Club, which promises to be one of the largest and most interesting held in Snyder.

The theme of the annual affair will be "Progress of Scurry County from 1884 to 1930." Only members of the Garden Club can participate in the show and entreies must be made between 8 and 11:30 a.m. with judging to begin at noon.

The show will be open to the public from 3 to 8 p.m. with an admission charge of 50 cents. All entries will be on exhibit until 8 p.m. but must be removed by 9 p.m. Each club members is required to enter at least two horticulture specimens and two arrangements.

One of the main features of the show will be an "Old Time General Store."

In the artistic arrangements and compositions there will be 10 classes. They include "Open Range, "The Thundering Herd," "Long Horns," "Little Dogie," "Homesteaders," "Drought," "Faith of Our Fathers," "Gay Nineties, "The Little Red School House," "County Fair," "Beauty of the County" and "Scurry County New Comers."

In the table arrangments will be an informal table setting "Homesteaders Supper Table" and for the modern class "Harvest Buffett."

In the horiculture department some of the flowers shown will be: CHRYSANTHEMUMS: large, spider and spoon; specimen spray divison, daisy, pompom, button and hardy chrysanthemums.

ROSES: Hybrid teas, hybrid teassingle, peace (hybrid tea and climber) floribunda, polyantha-grandiflora, hybrid tea climbers, and others climbers.

IRIS: all colors and sizes.

PERENNIALS: carnation, Shasta daisy, salvia, canna, gallardia, snapdragon, lilly, scabiosa, heliopsis, heliatrope, and gladiolias.

ANNUALS: petunias, zinnias, celosia, marigolds, any other annual.

Other specimens will include: dusty miller, Joseph coat, coleus, fancy leaf caladium, summer poinsettia, elephant ears, flowering shrubs, flowering vines, pyracanthia and other berried shrubs.

POTTED PLANTS: foliage plants and flowerang house plants.

There will also be a class for cacti and succulent.

NEWS FROM IRA

By AVA MORAN

Billy Don Farmer left Monday for Pueblo, Colo., where he will attend Mid West College.

Mr. Jim Duran of Temple and Travis Duran of College Station visited Mr. and Mrs. E. E. Grant Sunday. Mr. and Mrs. Dale Grant, Arlington, are spending the week in the E. E. Grant and J. L. Byars home. Mrs. Donald Grant and children of Snyder visited Mr. and Mrs. E. E. Grant Monday night.

Mrs. A. A. Turner, Mrs. Reba Beck and sons of Snyder, Mrs. Alpha Smart, Mrs. Clyde Neatherland, and Mrs. May Calhoun of Carlsbad, N.M. spent several days sightseeing in Old Mexico recently. They also visited at White Sands, N.M.

Mr. and Mrs. Weldon Watson, Leslie and Susan of Big Spring, visited Mrs. P. J. Moran Monday night.

Aubry Thornhill is visiting his parents, Mr. and Mrs. Bailey Thornhill. He will go to the Navy base in Long Beach, Calif. this week.

Mr. J. F. Autry's mother of Wichita Falls is visiting him this week.

Mrs. Addie Ashmore returned home Saturday after several weeks visit with Mr. and Mrs. Frosty Chaney and daughter in Loco Hills, N.M.

Mr. and Mrs. Bailey Thornhill, Aubry and Sue, visited Mr. and Mrs. Harold Lee Roddy of Lubbock recently. They visited a niece, Mrs. Lilo Jo Lowe, in Pampa on Sunday.

Williams' Have Son

Mr. and Mrs. Tommy Williams of Ropesville, announce the birth of a son, Jimmy Dan, on Oct. 13, 1957. Mrs. Williams is the former Kay Watson, daughter of Mrs. Kathleen Watson, former Snyder resident, now of Abilene.

25 YEARS AGO

(Taken from the files of the Scurry County Times, Oct. 20, 1932)

The first out of town game in five starts will be played by the Tigers Saturday afternoon at Lamesa. The conference game with Blackwell, scheduled to be played here Friday afternoon, evidently is not to be played, since the boys from the far southeastern corner of the western half of the district have not indicated that they will be here.

* * *

Hermleigh and Dunn Schools have closed their doors in order that children might help their families move the bumpey cotton crop that is just now being picked in quantity. They have not set reopening dates.

* * *

Plenty of cloth is still on hand at the Chamber of Commerce hall for the relief of Scurry County's needy families, according to J. W. Scott, who is in charge of distribution. Muslin, gingham, prints and outing were received in the total amount of 6,800 yards.

* * *

Sunday, Nov. 13, will be Homecoming Day for the Ira Baptist Church. All former members of the church who now live in other communities, and especially all former pastors, are being extended urgent invitations to attend.

* * *

Lubbock's war on its criminal element, which opned in earnest this week after the shooting and subsequent death of Robert Tharp in a daring grocery store holdup, has already seen a flare up in Snyder. Drifters by the dozens have been passing through here on highway and freight train, and a few have shown an inclination to stop.

Tomato Salad Bread Tray
Lemon Tarts Beverage

NEW POTATOES AND PEAS WITH DILL

Ingredients: 1 pound small new potatoes, 2 cups cooked green peas (fresh or frozen or canned), minced fresh dill, butter or margarine, salt and white pepper.

Method: Scrub potatoes but do not peel. Cover with salted boiling water; use ½ teaspoon salt per cup of water. Boil until tender when pierced with a fork in a covered saucepan—about 25 minutes. Drain and peel. Mix with hot cooked peas and sprinkle liberally with minced dill. Add a couple of tablespoons (or more) butter, and salt and pepper to taste. Reheat gently in saucepan to blend flavors. Makes 4 to 6 servings.

Note: If canned green peas are used, be sure to buy the tiny very early peas that are now packed French-style in this country.

* * *

CHICKEN BREAST CURRY

Ingredients: 3 medium-sized chicken breasts, ½ cup water, ¼ teaspoon peppercorns, ¼ teaspoon whole allspice, 1 bay leaf, 4 tablespoons butter or margarine, ½ cup very finely chopped onion (1 medium-sized), ½ cup very finely chopped pared and cored apple (1 medium-sized), 1 tablespoon curry powder, 2 chicken bouillon cubes, boiling water, 4 tablespoons flour, salt, pepper.

Method: Wash and clean chicken breasts; place in skillet (10 inch) with ½ cup water, peppercorns, allspice and bay leaf. Simmer, covered, until chicken is cooked through—about 15 minutes. Drain, saving strained liquid; discard skin and cube chicken; there should be about 1½ cups packed down. Melt butter in 10-inch skillet; add onion and apple; cook gently, stirring often about 5 minutes. Stir in curry powder. Dissolve bouillon cubes in reserved chicken stock and enough water to make 2 cups; add ¼ cup of this to skillet; cover skillet and cook onions and apple about 10 minutes longer over very low heat or until liquid has evaporated. Stir in flour, then remaining bouillon; cook slowly, stirring constantly, until thickened. Add chicken, salt and pepper to taste. Reheat. Makes 4 servings.

TEXAS BIRTHDAY—Mr. and Mrs. Earl V. Lee are shown with their daughter Earlene as she celebrated her eleventh birthday Thursday in the home of her grandparents, Mr. and Mrs. G. W. Lee. It was a happy occasion for the grandparents as they had never met their lovely granddaughter before. (Lee Watson photograph)

Petroleum Peggy Presents

Nine hundred million dollars went down the drain last year—but not a cent of it was wasted! That's because the figure represents the amount spent on the soaps and detergents that give us the title of "the washingest people on earth."

American housewives buy about 4 billion pounds of suds-makers yearly. About 90 per cent of the wash-day products are detergents, or to be accurate, synthetic detergents. The "soapless soaps" as they were called when they first came on the market, started off in a modest way about twenty-five years ago. They were based on alcohol extracted from coconut and palm oils, and treated with chemicals. They were expensive, but their unusual cleaning qualities stirred up interest, especially among textile manufacturers.

The detergent boom really got going when chemists started using petroleum as the source of the active ingredients. One development led to another, and soon, women were making tracks to their local markets for the heavy-duty "wash-day miracles" that made soft work of hard water, an left clothes and dishes scumless.

Constant research by the detergents and petroleum industries has brought many changes and improvements in a short space of time. Already, there are heavy-duty detergents for the big family wash, gentle detergents for dishes gentle types used in shampoos, and special low-suds types for automatic washers.

With specialized oil-based detergents, there's no excuse for any woman to work herself into a wash-day lather. The job done by these "soapless soaps" makes dirty work come clean—it all comes out in the wash!

Snyder Gardeners Invited To Midland Flower Show

Mrs. J. D. Dillard, Governor of district one, of Texas Garden Clubs, Inc. and publicity chairman of the Midland Council of Garden Clubs has invited the Garden Club Ladies of Snyder, or any person interested to attend their annual fall flower show to be presented in Midland on Oct. 22, in the Midland Woman's Club.

Theme of the show, which will be open to the public from 3 p.m. to 9 p.m. will be "Around The World In 80 Days."

The show will be divided into five classes: 1 — Horticultural with Phineas Fogg and Passpartout: 3 — Junior Division: 4 — Niches — Club competition: 5 — Educational and special projects division, not to be judged.

Horticultural specimens (Mrs. A. P. Shirey, consultant) will include roses, dahlias, chrysanthemums, cannas, petunias, marigolds, dianthus, zinnias, gladiolus, iris, hemerocallis, lilies, annuals, perennials, potted plants and shrubs.

Design classes with Phineas Fogg and Passpartout (Mrs. Geo. Shettle, consultant) will include "From England" — "By Boat Train to Paris — "By Balloon To Spain" —"By Yatch to India" — "By Royal Barge to Hong Kong" — "By Chinese Junk to Yokahama" — By Boat to San Francisco" — "On the 'Henrietta' Back to England" — A Salute to Michael Todd and his Cameos" (displays for National Judges only and not to be judged).

Junior Division — "Wish We Were — On a Boat — At the Bullfight — At an Indian War Dance."

Niches — Interpretation of (a) The Tweed of England (b) The Perfume of Paris (c) The Lace of Spain (d) The Brocade of India (e) The Cotton of the U.S.A. (f) The Silks of Japan.

The Educational and special projects division will be a display by the Midland Naturalists, showing birds of the garden, birds of the fields and birds of prey.

Flower show chairmen are: Mrs. Harry Murray, general chairman; Mrs. E. D. Williams, finance; Mrs. J. A. Koegler, schedule; Mrs. E. W. Cowden, Mrs. L. H. Bird, staging and properties; Mrs. A. P. Shirey, Mrs. Butler Hurley, classification; Mrs. W. H. Franz, entries; Mrs. J. D. Dillard, Mrs. Philip J. Slimer, publicity; Mrs. E. V. Mitchell, tickets; Mrs. Raymond Monkress, judges; Mrs. J. C. Williamson, hospitality; Mrs. Glenn Evans, clerks and awards; Mrs. Coleman Casey, junior exhibit; and Mrs. John M. Castner, educational.

Mrs. Wm. Dunlap Hostess To Murphy HD Club Friday

KNAPP (Spl) — The Murphy Home Demonstration Club met Friday with Mrs. W. R. Dunlap as hostess.

The meeting time of the club has been changed from the second Friday of each month to the first Thursday, and plans were made for a second meeting each month for crafts and arts study.

Gifts were brought to be forwarded to the sanitorium. Mrs. Gilbert Richter volunteered to arrange for the showing of a film and program by a District Cancer Crusade leader to the community at a future date.

A list of achievements of the club will be turned into Extension Headquarters as soon as blanks are sent. An all day meeting was planned for Oct. 24 to be held in the Murphy School, starting at 10 a.m. Everyone is invited to bring craft work. A "Spooky" costume party for young and old was set for Saturday night, Oct. 26 at 7 p.m. at the school, with games for all and prizes will be given for costumes of two age groups.

Miss Ruby Butts, county home demonstration agent, demonstrated the effect of colors in carpeting, drapes, etc.

Election of officers was held as follows: Mrs. Wm. Dunlap, president; Mrs. Wayne Crow, vice president; Mrs. Ben Weathers, secretary-treasurer and reporter, and Mrs. Ralph Ackerman, council delegate.

Nineteen members and two visitors, Mrs. Cliff Skelton and Mrs. Mattie Lester, were served German Sweet Chocolate cake, coffee and tea.

A Cute Ten-Inch Miss

You'll have as much fun making this cute, 10-inch miss, as the 'young mother' will have playing with her. No. 294 has hot-iron transfer for doll and costume; sewing and embroidery directions.

Send 25c in coins for this pattern to MARTHA MADISON, (care of this newspaper), Box 438, Midtown Station, New York 18, N. Y.

Shower Honors Mrs. Robinson

Mrs. Rex Robinson was honored with a pink and blue shower recently in the home of Mrs. Modrell Burrow, 811 Twenty-eighth Street.

Games were led by Mrs. J. W. Burleson and Mickey Gillean presented a reading "A Baby Is Near."

Sandwiches, individual cakes and punch were served by Mrs. Wayne Glass from a loce covered table, centered with a large pink shoe adorned with blue lace and miniature dolls climbing up the sides, depicting the 'Old Lady in the Shoe.'

The guest registar was signed by 31 guests.

WHAT'S GOING ON

MR. AND MRS. RAYMOND TURNER of Lubbock spent Friday visiting in the home of his sister, MRS. TOM PETTITT, 2705 Avenue I.

Stockings should be washed promptly after they have been worn. This prevents perspiration damage and leads to longer wear.

NEWS FROM KNAPP

By MRS. RAYMOND ROBINSON

Mr. and Mrs. N. L. Long and son, Donald, were weekend guests of Cross Plains relatives.

Mrs. Freida Murphy visited Friday with Mrs. Walter Weathers, Mrs. Ada Henderson, and in the C. N. von Roeder home in Snyder.

Mrs. Cora Weathers and Mrs. Bean of Dublin were Thursday supper guests in the Ben Weathers' home.

Mr. and Mrs. Gilbert Richter were Friday morning callers in Abilene.

Mrs. Ella Richter has recently returned from a visit in Kingsville with Mr. and Mrs. Richard von Roeder. Mrs. von Roeder had undergone surgery.

Mr. and Mrs. Doyle Lovell were business callers in Sweetwater Wednesday.

Mr. and Mrs. Wayne Crow and son, Jimmy, returned Monday from visiting relatives in Bonham and Fannin County.

Robert Louis Murphy returned home Wednesday to Breckenridge after spending the week with his grandmother, Mrs. Freida Murphy, and other relatives.

Ben Weathers and Nolan von Roeder were coyote hunting Saturday on the John Birdwell ranch.

Mrs. Jacky James attended a Tupper party Friday in the home of Mrs. Jacky Wolf, near Vincent.

P. L. Payne Jr. of Lubbock has been a recent visitor of the Ben Weathers' home.

The Rev. and Mrs. Wesley Harmon and children, Debbie and Jimmy of Oklahoma City, Okla. visited part of this week with Mr. and Mrs. Raymond Robinson. They are spending a year in the states after five years of missionary work on Trinidad Island, BWI. Rev. Harmon showed slides of their work and spoke Saturday night at the Knapp Baptist Church. Several visitors from Snyder were in the services.

Mr. and Mrs. Hoyle Cary have returned home after spending several days in Fort Worth, San Angelo and other points.

Mrs. Max Coffee and children Debbie and Cary Max of Big Spring are visiting with her parents, Mr. and Mrs. Hoyle Cary.

Mr. and Mrs. Raymond Robinson and Terry Max were in Post Tuesday.

Richard Robinson was in Dallas for the state fair recently. He is a member of the grass team from Snyder High School. His team participated there.

Mr. and Mrs. L. B. McCravey, Kirby and Frankie, were visitors in the Raymond Robinson home Sunday afternoon, and attended church Sunday night in the Knapp church.

Mr. and Mrs. Raymond Robinson and family attended a Maule family reunion in Snyder Oct. 6.

Mr. and Mrs. Chester Brown and family were in the services at the Knapp Baptist Church Sunday night. They were visitors in the home of his brother, Mr. and Mrs. Holley Brown and children.

Mr. Ella Richter returned home from a visit in Kerrville Wednesday.

Murphy community will have a Halloween party on Oct. 26 at 7 p.m.

Hiwaiians Visiting Parents Here While Touring States

By KAYE POPE

Mr. and Mrs. Earl Lee and daughter Earlene of Kailua, Hawaai, arrived last week for a surprise visit in the home of his parents, Mr. and Mrs. G. W. Lee, 1508 Twenty-first Street.

Mr. Lee's parents, celebrated their golden wedding anniversary last Sunday, so it was an ocasion for a family reunion.

Although Mr. Lee was home in 1955, this is the first time his wife Rose and daughter have visited in the United States.

Earlene, celebrated here eleventh birthday Thursday with a small family party. She is a sixth grade student and the school term was just out in August. It will resume the later part of November as this is the time of year for harvesting coffee beans, so their school season differs from our local schedule.

Mr. and Mrs. Lee own and operate a resturant and formerly owned a large rooming house. Mr. Lee says they have an opportunity to meet many tourist as their place of business is only four blocks from the noted Kona Inn. Marlin fishing is one of the great sports around the island.

Mrs. Lee is a native of Kona. Mr. Lee has lived there about 15 years, having gone there the first time when he was in the Army with the 40th Division in October, 1942.

When asked about the prices of living on the island, they told us rooms rented for $18 to $32 a day, but flowers are very cheap as long as they are not shipped. The small orchids sell for 15 cents a dozen.

The Lee's were given many lei's when they left for the mainland They arrived in San Francisco with four large orchid lei's but Mr. Lee said they were starting to wilt so they gave them to some people at the hotel where they stayed.

The climate on Kona is very mild and Earlene misses her daily swim while here. The Anthirums shown behind the birthday cake are from the island. They were shipped by Mr. and Mrs. Lee before leaving. We looked at them several times and finally asked if they were real. Their smooth texture makes them look like satin in colors of coral and ruby red. The center ohrns vary in shades of pale green, pink and yellow.

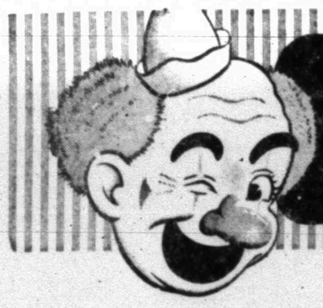

When asked about the schools and roads, Mr. Lee explained the revenue from alcholic beverages enabled them to have very nice schools and good roads.

Mr. Lee was reared and attended schools in the Knapp, Bison and Turner communities before they were consolidated. They came to Texas in a new Buick station wagon they purchased in San Francisco. They plan to leave today for an extended tour of the states and possibly Canada before returning to San Francisco where they will visit Mrs. Lee's Son, Thomas Kam, who is a junior in San Jose State College. From there they will return to Kona sometime in November.

The Lee's returned here yesterday after visiting relatives in San Angelo, Baird, Abilene, and attending the fair in Dallas.

Mr. And Mrs. G. W. Lee Feted On Golden Anniversary Oct. 13

The children of Mr. and Mrs. George W. Lee, 1509 Twenty-first Street, assisted their parents with open house at the Lee home Oct. 13 in observance of their 50th wedding anniversary.

One hundred relatives and friends of the couple called between the hours of 2 and 4 p.m. Mr. and Mrs. Lee were married Oct. 8, 1907 in Cleburne, Tex.

Mr. Lee was born in Dallas in 1882 and Mrs. Lee in Alabama in 1892.

The anniversary table was laid with a cutwork cloth with appointments in gold carrying out the theme. Arrangements of mums and fall flowers were used throughout the home.

Guests were from out-of-town as well as from Snyder and the surrounding area.

Children present were Earl V. Lee and family of Hawaii, Mrs. O. B. Seabourne of Abilene, Mrs. J. W. Shoryer, George J. and W. O. Lee of Snyder. Those unable to attend were J. W. Lee of Sacramento, Calif., Herbert Lee of Alameda, Calif., Mrs. B. H. Leonard of Taft, Calif., and Mrs. Alice Gilmore of Baird, Tex.

Nancy Vaughn Is Honored With Party

Nancy Vaughn, daughter of Mr. and Mrs. J. D. Vaughn, 107 Thirty-fourth Street, was honored with a party Tuesday on her Sixth birthday.

Games were played and favors of Halloween horns and candy were given as favors.

The serving table was attractively laid with a white lace cloth, red roses in a crystal bowl and the birthday cake adorned with pink rose buds and inscription "Happy Birthday Nancy" of pink on the white icing.

Guests included Windy Sikes, Charley Lingle, Jan Detrich, Larry McGinnis, Cathey Sims, Gail Harber, Pamela Williams, Dana Thompson, Linda Thompson, Cathey Scrivner, Pat McCright, Gerry Wayne Braley and the honoree.

Early Dates Put Damper On Debuts

By VIIVAN BROWN
AP Newsfeatures Writer

"Do you have to be rich to have a debutante party?" inquires an 18-year-old Midwestern girl.

Youwould have to be rich to give a debutante party like those that were famous in other generations. But the truth is that even wealthy families today do not squander their money on those fabulous parties.

Girls who still are introduced in traditional "coming-out" parties do it en masse, with 100 or so other girls. One reason is that it doesn't make much sense to introduce your daughter, spending a fabulous sum, when she's already been dating for a few years.

The idea behind a "coming-out" party is to introduce a girl to the eligible men in her own social strata. Today girls date earlier, know the boys in their set, so there is little point in mortgaging the old homestead just to enable a daughter to dance with men she already knows.

A great many girls of 18 do not feel they are ready for marriage, anyway, and prefer a college education before settling down to the real serious meaning behind debutante parties—snaaring a man.

There's no reason why a girl can't have a modest coming-out-party if her parents can afford it though, and if there is a need to meet young men. Many girls live in areas that are isolated, and in that instance a list of men may be obtained from a proper source, and a party given for the 18-year-old to launch her into the soial whirl.

A very funny book by Petronella Portobello ("Mother of the Deb", Houghton Mifflin) describes the hectic experiences of introduing a daughter to society. The story takes place in England, but it is the kind of experience any mother would have in greater or lesser degree if she tried to introduce her daughter on the old, grand scale. This mother, who had been a debutante herself, found it was a nightmare. Most young girls will enjoy this book, and some will breathe a sigh of relief at what they escaped. It surely will appeal to any mother who has been entertaining the idea of putting her daughter into circulation via the traditional route.

Even with all the parental involvement required in this type of "coming out" party and even with young men who are generally the sons of old friends, Mrs. Portobello says the truth of the matter is that "the few wolves who really are 'Not Safe in Taxis' as often as not turn out to have been reared in prize-sheep folds."

Uniquely Folded Napkins Lend Table Distinction

The, sensible, growing use of quality paper napkins in today's homes places no limits at all on achievement of attractive, original table settings.

They save work for the hostess, too, for they can be thrown away after use without the expensive laundering necessary with conventional napkins.

So far, the new napkins are being used mostly for family and informal dinner parties. But even here the careful hostess, who takes pride in her table, can cast the napkins in an important role in the table ensemble. The new napkins are "workable". And because unique napkin folds lend a bit of elegance to the table, many of the conversation-piece napkin folds reminiscent of the Victorian period are coming back into favor for paper napkins.

Those of a more generous size, are readily adaptable to a variety of graceful folds.

Two variations which are being seen more and more often are the two-pointed fold and what is called the picket-fence fold.

The two-pointed fold is created by making a square of a large napkin, then turning opposite corners under. This forms a point at the top and bottom. At each place, the napkin should be laid alongside the fork with the open edge nearest the table.

In the picket-fence fold, the napkin is first folded into a triangle and then the two longer points are tucked into the fold of the other point, this napkin may be placed upright on the table with open edges up.

Here's one more suggestion about etiquette in napkins. While the napkin that is too small is out of place on any but the picnic table, generously sized napkins should be folded so that they extend no longer than the length of the dinner plate.

IT'S IN THE FOLD—It's as easy today with the popular new quality paper napkins as with the conventional napkins of mother's day. In the attractive informal table seting above, the hostess has fashioned a two-point fold using larger sized paper napkins now available.

Every Child Deserves The Fun Of Halloween

By DOROTHY V. WHIPPLE

IS THERE to be a Halloween party in our child's school? If your youngster is not too talkative about such things, better make a phone call or two and find out. Most schools do have Halloween parties. The important thing about the party is the costume—that's what it's all about. The children parade about and win prizes for the most outstanding costume. Often there are several categories—the prettiest, the funniest, the most original and so on.

If every child in the class, except one, has some kind of a costume, it's going to be very hard indeed on that one child. Don't let it happen to your youngster.

Mike had just entered school in September. He was in the first grade. He was pretty overwhelmed by this whole business of school and lots of the time he wasn't quite sure what was going on. There was talk about a party next Thursday. He was all for it. Mother didn't seem to to interested in what went on at the school, so he didn't say anything to her about the party. Thursday came and every child in the class, except Mike, came in with a big bundle. Mike was a little surprised at all these packages, but there were lots of things he din't know, so he didn't pay much attention. Ten o'clock came and the teacher said:

"Now everyone can put on his costume and we will all go into the assembly room."

Poor Mike

There was a great bustling about, the bundles popped open, witches, ballerinas, clowns, Davy Crocketts appeared all over the room. The teacher was jumping about helping Mary with her sash, Bob with his holster and Timothy with his boots. Poor Mike, he just sat there; nobody paid any attention to him.

Finally Miss Fullerton did see him.

"Where's your costume, Mike?" she asked.

Mike just looked blank.

"Didn't your mother get you anything? Miss Fullerton was very busy and annoyed at this new problem. Her voice was sharp and condemning.

Mike began to cry.

Miss Fullerton was a good teacher, and a warm friendly girl. Quickly she said:

"Here, Mike, you wear my hat and scarf and gloves, and you can be the schoolteacher."

Mike took the things, but he wasn't happy. He felt left out and somehow different from everyone else.

As all the children were marching into the assembly room, Mike heard Tom say to Bill:

"Look, Mike's wearing Miss Fullerton's hat 'cause his mother didn't get him anything. That's no costume."

Unhappy Day

That was too much for Mike. He tore off the hat, gloves and scarf, threw them on the floor, and ran back to his room, where he began throwing all the books from the bookcase on the floor.

Miss Fullerton's new fall hat was ruined. She had lost her hat and hadn't accomplished a thing for Mike.

Children, especially little children, must be like the other children if they are to feel comfortable. You have to be very grown up and mature to be able to be different.

See to it that you never let a child of yours suffer as Mike did—un so needlessly. Halloween costumes do not have to be elaborate nor costly.

HOME REPAIR DO'S AND DON'TS

ALUMINUM PAINT

DO know that aluminum paint gives the surface of the material to which it is applied a good barrier against nioisture and fumes because its tiny flakes form a continuous layer of metal.

DO select from one of three basic types of aluminum paint for metal and masonry; for the exterior of a wooden structure, and for either wood or metal indoor surfaces.

DO when aluminum paint is used as a primer on wood, brush it on rather than spray it for best results.

DO if a brush is used only for aluminum paint, clean it with an ordinary paint thinner, such as turpentine, but when it is to be used later for some other kind of paint, use a brush cleaner of the powder type.

DON'T apply aluminum paint over whitewash, because it does not adhere well to it.

DON'T overlook the use of aluminum paint for brightening up a dark closet, stairway, etc., because it has extremely good light reflecting qualities.

DON'T think that because aluminum paint covers rust well that it should be used over it without first applying a coat of red lead or some other rust-inhibitive product.

DON'T forget that the United States Bureau of Standards has reported that a radiator finished with metallic paint (such as aluminum) cuts down the amount of heat given off.

High Fashion Doorknobs

By VIVIAN BROWN
AP Newsfeatures Writer

WHAT COULD BE "DEADER THAN A DOORKNOB?" Hardly anything! But all that is about to be changed. Now, Mrs. Homemaker may pick out doorknobs that are just as classy as those found only on Beacon Hill a generation ago.

It all came about, says 38-year-old Leo Maffie, chief designer of the American Hardware Corp. because "surveys have shown us that women want doorknobs that are a delight to the eye and a joy to the hand. We've tried to take women's taste into consideration in producing new styles to satisfy contemporary decor."

And that's why new doorknobs have unusual shapes, finishes and come in a variety of materials.

There are chalice-shaped knobs made of cocobola and rosewood, two of the world's lovely grained woods, unusual too, because grains run differently and each knob is distinctive. This shape has a grip that resembles a concave rose, anchored to a round metal disk. It also comes in a ceramic design with mother of pearl finish and black frieze treatment.

Hand decorated door knobs with metal enamel grounds are chic for bedroom and bathroom. Then there are the "get-handed" jobs which have come in for new treatment. The handles of these are wood and the rest of the fixture is metal. There are brass, bronze and aluminum doorknobs in a variety of shapes and sizes.

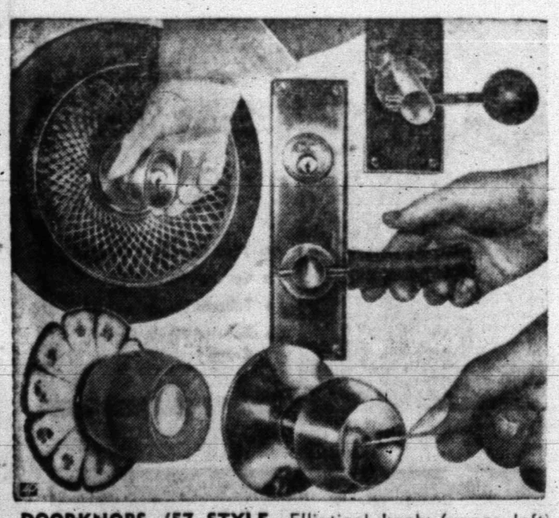

There is no reason why the modern home that has been completely overhauled outdoors and indoors in the last few years should not be treated to a new look at the door level. Women who are doing more of the home shopping these days are insisting on improvements in small details like hardware—one reason why kitchen cabinets have been made more stylish.

Until recently hardware manufacturers ignored women's pleas to soften up their hard ware. They figured that if women couldn't get anything but utilitarian locks, links and what have you, they'd be stuck with them. The do-it-yourself movement, however, changed that.

A man with a little talent and a lathe can make himself a fancy wooden base for a standard brass knob. Some women shopped for antique procelain knobs, and some have been utilizing old-fashioned glass knobs to be found in old furniture stores.

Then, too, there have been the porcelainized plastic decorator knobs introduced a few years ago, but these are not always practical for all purposes in the home.

Many household items can help housewives keep their hands smooth and clean. During heavy housecleaning days, grime threatens to impregnate the skin. Just before washing your hands, wet them and rub with dry oatmeal. This removes heavy dirt.

DOORKNOBS, '57 STYLE—Elliptical knob (upper left) with basket escutcheon offers more leverage. Lever knobs incorporated woods (upper right). Petal-like wooden knobs combine with decorative ceramic for chic effect (lower left). Safety knob (lower right) has emergency opening so that toothpick or hairpin may be inserted to unsnap door from outside.

WOMAN PILOT: Mrs. Blanche Noyes, chief of the air marking staff of the Civil Aeronautics Administration sits at the controls of her CAA plane, which serves as her office when she is flight-checking air markers across the country.

CAA Woman Executive Has Office In The Air

By JANE EADS

WASHINGTON — Blanche Noyes gave up a career behind the footlights 28 years ago to become one of aviation's leading ladies.

Now in her challenging real-life role as chief of the air marking staff of the Civil Aeronautics Administration, she is the only woman an federal executive flying government aircraft. Though she spends a lot of her time in the air, flying alone, flight-checking air markers or plotting new skyways, she says she's never lonely.

"It's the only time I'm completely relaxed and happy," she told me, "I wouldn't change jobs for anything. It gets more interesting as time goes on."

Since 1936, when the program started, Mrs. Noyes has directed the placing of some 45,000 air markers (mostly on rooftops) to identify towns and nearby airports for pilots, and many have credited them with saving their lives. Still, Mrs. Noyes says she sees great room for improvement.

"Specifically, I would like to see every town and community of 75,000 to 100,000 in the United States air marked," she said "CAA is doing everything it can to eliminate accidents. There isn't a cloud that hasn't been turned to cut down flying hazards and improve the airways to make flying completely safe."

She was particularly excited over a new luminous paint developed by a firm working cooperatively on experimental markers. She says it is now being used by the military at a number of bases to put on training aircraft to eliminate air collisions.

Mrs. Noyes, a handsome, fashion-conscious woman with a special yen for hats and jewelry, was taught to fly in exactly 3 hours and 45 minutes by her late husband, Dewey L. Noyes, and airmail pilot. She got her present job through personal endorsement by Amelia Earhart, whom she met in 1929 when they were competitors in the first women's air derby flying from Santa Monica to Cleveland.

She was named "Woman of the Year in Aviation" in 1954 and is a past international president of the 99s Inc., world-wide women's flyers' club. She has held the east-to-west speed record for women and competed against men to be co-winner of the transcontinental Bendix Air Race.

Washable garment bags are a boon for protecting clothing, especially those only worn occasionally. A recent innovation is a garment bag divided so that the top half holds blouses and the bottom half skirts. Thus it makes maximum use of closet space. Occasional washing, inside and out, keeps the bags fresh.

Reds Didn't Beat Disney With 'Moon'

By BOB THOMAS

HOLLYWOOD (AP)—The Russians may have gotten the jump on the United States with their high-flying Sputnik, but they didn't beat Walt Disney.

Two years ago, the Disney studios made a film which demonstrated the creation of an earth satellite—even predicting the exact height at which the Communist bauble has been orbiting!

The film was made for the Disneyland TV show and was later released to theaters as a featurette, "Man in Space." A second in the series, "Man in the Moon," is being released theatrically now and is getting a big play from the space-conscious movie goers.

Next comes "Mars and Beyond," which will appear on the TV show Dec. 4. I caught a preview of it and found it out of this world—literally and figuratively. The Disney artists have depicted some of the legends and speculation about life on the planet Mars, and the result is wacky beyond belief. But the show also deals with the serious possibility of a trip from Earth to Mars in realistic fashion.

Commander of the Disney space patrol is Ward Kimball, who has drawn some great sequences in the studio's cartoon features but gave it up to become a director. when Kimball proposed the space picture. Walt tore a blank page out of a notebook and handed it to Kimball saying, "There's your ticket."

Kimball, who wears a front-sweep hairdo and wild sport coats and plays in the Firehouse Five jazz band (a trumpeter was needed, so he taught himself to play the instrument), went to the best authorities for his data. He used the best scientific minds of the government, services and colleges and added the Disney entertainment touch.

Most of the recent developments have been predictable. But the Russian coup took him by surprise.

"We had been working on a special show for international business machines on satellites," he said ruefully. "We were having our final talks about it when the news broke. Since it takes us a year to make the pictures, it seemed best to abandon this one and try another tack."

CARY GRANT, Frank Sinatra, and Sophia Loren star in Stanley Kramer's drama of the guerrilla war in Spain against Napoleon's army of occupation, "The Pride and the Passion."

Music Taste Going Down?

NEW YORK, Oct. 19 (AP)—The discordant notes coming these days from Tin Pan Alley, the 10-story collection of tiny offices and tinny pianos on upper Broadway, drown out the old adage: "Music hath charms to sooth the savage breast."

Instead, you hear the raucous snappings and snarlings of song writers and publishers belaboring each other in a real dog fight—a hound dog fight, you might say.

Arrayed on opposite sides are the American Society of Composers, Authors and Publishers, better known as ASCAP, and Broadcast Music Inc., better known as BMI.

Both are engaged in collecting performance fees under the Copyright Act of 1909, which guarantees to owners of musical copyrights the exclusive right of public performance for profit. The courts have held this to mean that whenever a song is played on radio or television, in a movie sound track, in a restaurant, dance hall or burlesque house, someone must pay both the piper and the writer of the tune he pipes.

A song writer cannot belong to both, but a publisher can if he sets up separate companies.

Congress and the federal courts have been busy looking into charges that BMI, set up by the broadcasters in competition to ASCAP, is engaged in a conspiracy to keep ASCAP music off the air and thereby curb the earning power of some of the nation's leading song writers.

The public has been dragged into the act with claims that it is being rock-and-rolled to the cultural depths by some disc jockeys playing trashy, sometimes obscene songs behind a sinisterly controlled electronic curtain.

Is America's taste in popular music going to the hound dogs?

Several entertainers, Bing Crosby, Frank Sinatra and Gisele MacKenzie among them, seem to think so.

"It galls me," said Crosby, "to see so much trash on our airlanes and TV screens while the work of dedicated song writers is crowded out." Crosby's objections, however, did not prevent him from contracting to do an album of BMI Christmas music.

Before leaving the "Hit Parade" to do her own show, Gisele MacKenzie took a blast at the caliber of today's hits and was particularly all shook up about a number called "All Shook Up."

But practically the same criticisms were leveled in another day against other musical innovations. Gilbert and Sullivan were assailed for producing junk. Victor Herbert was regarded as culturally uncouth, and George Gershwin heard the word trash echoing in his talented ear.

What the courts and Congress are interested in is not whether the songs are good or trashy but whether, as has been charged, the public is being forced to swallow them by being kept from hearing anything better.

Abilene Man Named As Associate Justice

AUSTIN, Oct. 19 (AP)—Gov. Price Daniel appointed Esco Walter of Abilene today associate justice of the 11th Court of Civil Appeals at Eastland.

He succeeds the late Judge Milburn Long.

Walter was district attorney from 1940 to 1950 and resigned to enter private law practice. He had three terms as county attorney and one as a justice of peace.

He is a past president of the District and County Attorneys Assn. In 1927 he was an all-state quarterback on the Abilene High School football team. He and Daniel were classmates at Baylor Law School.

Rock Hudson And His Wife Are Separated

HOLLYWOOD, Oct. 19 (AP)—Rock Hudson has left his home and is living at the Beverly Hills Hotel.

The screen actor wouldn't say today whether the separation from his wife, the former Phyllis Gates, meant a divorce was planned. Mrs. Hudson also had no statement.

The couple, married in Santa Barbara, Calif., in November 1955, recently returned from a trip to Hawaii, where Hudson made a film.

Three billion oil-industry dollars brought 58,160 wells, financed 2.5 billion barrels of production, and added 1,187 million barrels of crude oil to the nation's reserves last year.

BY SNYDER MUSICIAN

Da Rimini Is Called 'Extremely Good'

"A few years from now we may be paying a lot more to hear Rosina Da Rimini sing. You see, this is her first major American concert tour, and from all we hear, this may be the beginning of something great."

This statement was made by Robert Clinton, director of choral music for the public schools in Snyder, in reference to the Civic Music Association concert to be given at 8 p.m., Friday at the Snyder High School auditorium.

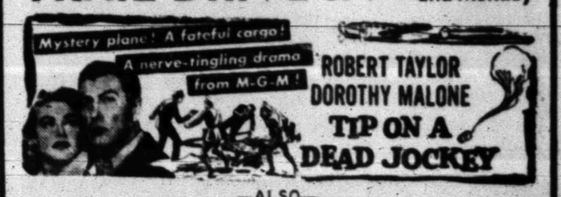

Clinton, who has been asked to act as reviewer, added that he had looked over the program planned by Miss Da Rimini, and considered it "extremely good." "The audience will recognize the Mozart selections, and several other old favorites, including that grand daddy of all coloratura numbers, the Bell Song from 'Lakme' by Leo Delibes. This number is considered one of the most difficult ever written for the human voice. If a coloratura can do it, she's ready for anything."

"I think our audience will also be interested to hear some South American compositions. I know they will be new to me, and certainly most of us like to hear new compositions, especially when brought to us by a native of Brazil who knows the music of her part of the world."

"I think our audience will appreciate the fine quality of Miss Da Rimini's performance, but I doubt that anyone who hasn't tried to put on a concert himself can realize the labor involved in it. For a concert I once gave I put in, and this is a conservative estimate, four months of steady work, practicing five hours a day. No, a concert singer's life is not an easy one, but I do think it is one that can be extremely rewarding both to the performer and the audience."

Petroleum supplies the fuel to make your car go — and the fluid to make it stop. In 1955, Americans used 10,500,000 gallons of hydraulic brake fluid, a petroleum product, compared with 8 million gallons the previous year.

AMUSEMENT

'South Pacific' Is Not Changed Much

By BOB THOMAS

HOLLYWOOD (AP)—The tall, mature man in the crew cut was watching the filming of a "south Pacific" scene more intently than the usual visitor. And no wonder—it was Oscar Hammerstein II.

The scene was a dramatic one in which Emile Debeque (Rossano Brazzi) turns down a proposal to spy on the Japanese with Lt. Joe Cable (John Kerr). Between takes of the long scene, director Josh Logan came over to confer with Hammerstein.

Hammerstein wrote the play with Logan and penned the lyrics to accompany Richard Rodgers' songs. He naturally has a proprietary interest in the movie.

The scene I watched was remarkably faithful to the original, which I had recently seen on the stage with Mary Martin in her original role.

"Yes, we haven't changed the story much, except to fit it into the cinematic medium. There are some obvious things which you can do with movies but not on the stage," Hammerstein said.

"It's pretty much the same thing we have done with the other three films that have been made from our musicals. When the studios put out a lot of money for a property, they generally use it."

Of the three R&H musicals filmed so far, Hammerstein said he thought "Oklahoma!" and "The King and I" were well done. He had some reservations about "Carousel."

What about the other three R&H musicals?

"There have been no offers that I know of for them," he said. "I have an idea that some day I may re-work 'Allegro.' I don't expect to do anything more with 'Me and Juliet' and 'Pipe Dream' Why? I hate them."

There is happy news in the fact that the famed team is getting busy on a new musical. It will be based on a book about San Francisco's Chinatown by C. Y. Lee. "The Flower Drum Song." Hammerstein said he will write the script with Joseph Fields. He added that Rodgers is recovered enough from his recent illness to start work on the music.

CRMWD Directors To Consider '58 Budget

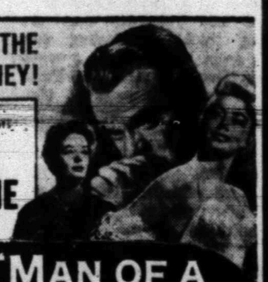

Directors of the Colorado River Municipal Water District will convene Wednesday in Big Spring for consideration of a proposed budget for 1958.

The budget committee was in session Saturday shaping up a budget to submit to the board. Anticipated expansions during the next few years are due to make this budget session even more important than the ordinary ones.

Progress reports on other district projects are due to be heard at the session, which is set to begin at 10 a.m. in the Howard House.

Attorneys For Girard Hopeful

MAEBISHI, Japan, Oct. 19 (AP)—William Girard's defense lawyers celebrated tonight, confident the soldier will be acquitted in the death of a Japanese woman on a firing range.

The defense was cheered by what it considered confused and conflicting prosecution testimony at today's outdoor session at the shooting scene, the nearby Somagahara firing range.

"I think the verdict is quite clear now," said Itsuro Hayashi, Japanese criminal lawyer who is the Ottawa, Ill., soldier's chief counsel. "Girard is not guilty of the charges because he was performing official duty. As a matter of fact, the defense lawyers are celebrating tonight. The case has turned definitely in our favor."

Hayashi said he intended to put Girard on the stand Monday or Tuesday. Girard admits firing an empty shell casing that killed Mrs. Naka Sakai, a scrap collector, Jan. 30. But he says he fired in warning and the slaying was accidental.

Hayashi based much of his confidence on testimony of Sp. Victor Nickel of Inkster, Mich., who was on duty with Girard on the fatal day.

The attorney said Nickel testified "the incident occurred during a time he personally assumed to be a 10-minute break and that it—the break—was not an order given by an officer."

"Thus, the defense contention that Girard was on guard duty still stands, as there were no official rest period."

The defense contends Japanese courts have no jurisdiction if the shooting occurred while Girard was on duty.

Three From Snyder Enlist During Week

Three Snyder youths and one from Abilene enlisted in the Army during the past week through the Snyder Army Recruiting Station.

Sfc. James Boone, recruiter here, said the four were Norman Lewis, Robert Hardin, and Jackie Duke, all of Snyder, and Jerry Pittman of Abilene.

All have gone to Fort Carson, Colo., where they will take eight weeks of basic training prior to assignment to their permanent fields. Pittman left for Fort Carson Friday, while the rest left Saturday morning.

Lewis is the son of Mr. and Mrs. E. D. Lewis, 3007 Avenue I. A former employe of Musslewhite Trucking Co., he enlisted in the Guided Missile Corps.

Hardin, who also enlisted in the Guided Missile field, is the son of Mr. and Mrs. E. J. Hardin, 3108 Hill Avenue.

Duke, the son of Mrs. Ione Green, 2704½ Avenue F, enlisted in the Ordnance Corps.

Pittman enlisted in the Guided Missile field.

The local station has enlisted 24 men into the Army here since August, 22 of them from Snyder. All the men enlisted directly for a school or branch of the Army.

The Isthmus of Panama was discovered on Christmas Day, 1502, by Christopher Columbus. It was his fourth voyage to the New World.

BICYCLE-RIDING POSTMEN are on the Snyler scene now. They ride the vehicles to comply with a new postal regulation designed to save money. Here, Earl Edwards, one of the regular postmen on a route which requires a bicycle to take the postman to the route's beginning, stands by his special built vehicle. (Lee Watson photograph)

IN SNYDER

Postmen Now Using Bicycles

A new postal regulation probably met with a little disfavor amoung some city mail carriers at first, and at first it looked a little odd to the average citizen, but everyone seems to be becoming accustomed to it.

The new regulation has to do with some city carriers using bicycles.

According to the new rule, postmen whose city routes start more than half a mile away from the post office must ride a bicycle to the point where the route begins, and then ride it back from that point when he completes the route.

H. D. Moreland, postmaster here said there are now three routes which se bicycles here.

Even with only three routes, a saving can be seen through use of bicycles here. Moreland said the Post Office Department figures upkeep on the bicycles costs about $2 each per month, or a total of $6 monthly here.

Prior to this time, one of the three route men was being paid 25 cents per day, or about $7.50 monthly, for use of his car to take him to the point where his route begins. The other two got no compensation because their routes began closer, but they were using their cars to take them there.

It is taking a little time for the postmen to get accustomed to the bicycles. One said his legs hurt after pedaling the vehicle.

The bicycles, however, are built for adult use. They have adjustable seats which can be raised for use of tall ment. The tallest of the three route men, incidentally, is about six feet. The three regulars on those routes are Earl Edwards, Lester Hanback, and Don Adams. All are longtime postmen, and this is probably their first bicycle riding experience in years.

The bicycles are special-built, and their are painted red, white and blue, the postal colors. They have sings, "Property of Post Office Department."

The front wheel is smaller than the back, and the bicycles have special built carrier baskets which will not turn when the wheel turns. This is to keep the load from shifting too much.

While the saving is only a small one here, the Post Office Department figures there will be a tremendous saving nationally.

Ladies! Here's how you can really Save...

Trunk Murder Case Is Solved Easily

REDWOOD CITY, Calif. (AP) — Sheriff Earl B. Whitmore's office has solved the Half Moon Bay "trunk murder case."

John Dooley, 10, told police Sunday he saw a body being stuffed into the rear end of a car.

After 40 hours of investigating, the sheriff's office learned yesterday: The body was that of a live high school student who wanted to avoid paying the 90-cent admission to hot rod drag races.

Iraqis Sentenced For Their Trip To Russia

BAGHDAD, Iraq, Oct. 19 (AP)—A Baghdad court sentenced three Iraqis to prison today for attending the International Youth Festival in Moscow in August. The formal charge was "spreading Communist propaganda."

One drew a sentence of 18 months, the other two a year each.

Top Prizes Won By Snyder Dog

Champion Ree Locket Nita Louise, young wirehair Dachshund bitch owned by Mr. and Mrs. Malcolm Keeble, SACROC 2 Camp has just completed a winning streak in the Texas Circuit shows.

The streak included various wins in a total of seven shows.

Beginning at the Roswell, N.M., Kennel Club show Oct. 4, she took best of variety of breed, opposite sex, under Judge Earl C. Kruger.

Next came the Amarillo Panhandle Kennel Club Show two days later, where she repeated the win under Judge Joe F. Nedbalek.

On Oct. 8 at the Plainview Kennel Club show under Judge Rees L. Davies, Nita Louise took best of variety of breed over her sire, Tubac's Abner W, American-Canadian-Mexican champion, and she took fourth in the hound group, her first group placing.

At Lubbock Oct. 10, she was best of variety, opposite sex in a show judged by Cil. Edward D. McQuown. At Odessa slightly more than a week ago, whe took best of variety of breed.

Last Monday, Nita Louise was judged best of variety of breed by Judge Chris Sthuttleworth at the El Paso all breed show, and later that night she was third in the hound group under Judge Vincent C. Perry.

At the El Paso Dachshund Club specialty show the next day, judged by Joe Nedbalek, Nita Louise was best of opposite sex in the wires and best of breed, opposite sex over wires, smooth, and longhaired Dachshunds. In a specialty show, all dogs entered are Dachshunds.

This gives Nita Louise 24 straight wins under 22 different judges, a very good record for a dog only 15 months old. She now has 12 best of variety of breed wins, 12 best of variety of breed, opposite sex, two best of breed, opposite sex, including four specialty shows. This was all done in seven months.

Nita Louise has returned to California and will be shown in a number of shows, including specialty shows, this winter. She has been handled in all the shows by Woodie Dorward of Northridge, Cal.

Report On Bond Sales

Scurry County had reached 48.2 per cent of its 1957 goal in U. S. Savings Bonds sales by the end of September, according to latest tabulations for the area.

Savings bonds sales in the county totaled $17,382 during last month, making a total of $284,983 for the year to date. The county's goal this year is $590,886.

District No. 14, which includes Scurry County, has reached 53.3 per cent of its 1957 goal, with sales totaling $1,251,370 and a goal of $2,349,198. Gaines County is the percentage leader with 83.4 per cent. However, that county's goal is only $133,584. Howard County is the district leader in total sales, with $493,066, or 54.9 per cent of its goal of $896,880.

Houston Has Problem Of Criminal Violence

HOUSTON, Oct. 19 (AP) — Police Chief Carl Shuptrine said today lack of manpower and the city's recent annexations are deterrents in "effectively combating the rising incidence of criminal violence."

Following a night filled with 102 criminal acts, including 2 murders and 17 other violent type acts, Shuptrine said.

"We just do not have the manpower to take from other trouble spots, such as traffic, in order to concentrate on the prevention of violent crime."

Snyder Toastmasters Will Meet Monday

The Snyder Toastmasters Club will hold its weekly meeting at 6:15 p.m. Monday at the Village Restaurant.

The program will include Jack Cross, toastmaster; J. G. Glenny, topicmaster; Jimmy Tatum, master evaluater; grammarian, Bill Schiebel; "ah" suppressor operator, Prentis Bass; speakers, S. P. Hulen and John Black, and alternate speaker, Roy McCloskey.

Vigilantes Getting In Way Of Suspects

AMERICAN FALLS, Idaho (AP)—Police said yesterday they are having trouble separating suspects from vigilantes in a wave of sex offenses in American Falls.

They said self-appointed vigilantes, armed with revolvers, rifles and clubs, have been roaming the streets at night, both afoot and in cars.

Officers said the vigilantes are in danger of being shot by other vigilantes and police.

'Chicken' Dancing At School Event Halted

HASLETT, Mich. (AP) — There'll be no more dancing of the "chicken" at teacher-sponsored dances in Haslett schools.

There's been no outright ban on the controversial dance step, but teachers have unofficially agreed to avoid supervision of dances where it's allowed.

"It's simply too suggestive," said one school official.

Popular with the teen-age set in recent years, the "chicken" is characterized by lots of wiggling and squirming.

Alice Resident Is Killed In Accident

LAREDO, Oct. 19 (AP)—Manuel Martinez Guerrero of 1714 S. Arkansas St., Alice, was killed today when a car overturned 32 miles east of here on U.S. 59.

The driver, A.1.C. Manuel Figueroa Jr., of 638 Espinosa St., Alice, was slightly injured. Figueroa is stationed at Webb Air Force Base in Big Spring.

ALONG SYRIAN BORDER

Turkish Infantry Dug In

ISTANBUL, Turkey, Oct. 19 (AP)—Returning travelers reported today seeing large numbers of Turkish infantry and strong armored units dug in along the tense Syrian border.

Eyewitnesses who toured the dust roads along the western section of the frontier said military trucks were rumbling in the area night and day. Troops and armor appeared well dug in and in defensive positions, one traveler said, with equipment camouflaged from ground or air observations.

Two witnesses said they saw about 30 American officers and noncoms clad in field uniforms in the area. These apparently were technical instructors and advisers attached to Turkish units for training purposes as part of the American defense aid program here.

Turkey has repeatedly rejected Syrian claims that troops are poised for anti-Syrian aggression. In several notes Turkish leaders have insisted on Turkey's right to maneuver her own troops for defensive purposes in her own territory.

Travelers said the troops appeared well fitted out with American weapons—bazookas and recoiless rifles among them.

At one point, four or five miles from the Syrian border, they saw an improvised air strip for artillery reconnaissance planes.

Units have set up headquarters in farmhouses and schools in the area, the travelers said. But they agreed that in cities and villages along the frontier the atmosphere appeared one of calm and business as usual. 6

There's One Catch In This Man's Story

RICHMOND, Va. (AP) — Robert Tharrington told police he had purchased a new electric refrigerator they found in his house. But officers arrested him anyway, on a charge of possession of stolen goods.

The charge was certified to Hustings Court by Police Court Judge Harold C. Maurice—after police testified Tharrington's house is not wired for electricity.

Minnesota Firemen Need Ladder Back

ST. VINCENT, Minn. (AP) — The St. Vincent village council ran this notice in the New Era, weekly newspaper at nearby Pembina, N. D.:

"To anyone knowing the whereabouts of the ladders from the St. Vincent Fire Hall: Would appreciate having them returned. Anyone using these ladders should return them to the fire hall each evening so in case of fire they can be readily found."

BOXER BULLDOG IS JUST TOO FRIENDLY

DALLAS, Oct. 19 (AP)—Ray Van Gough thinks his boxer bulldog pup may be too friendly.

He keeps the pup in his trailer parked behind the State Fair midway while he works at a concession stand.

A burglar cut a screen in the trailer sometime yesterday and escaped with $150.

Not a bark out of the pup.

Public Quail Hunt Is Slated Near Canadian

AUSTIN, Oct. 19 (AP) — The Game Commission said today a public quail hunt will be held on the Gene Howe Wildlife Management Area near Canadian.

Hunters will make applications to hunt in pairs to be selected at a drawing.

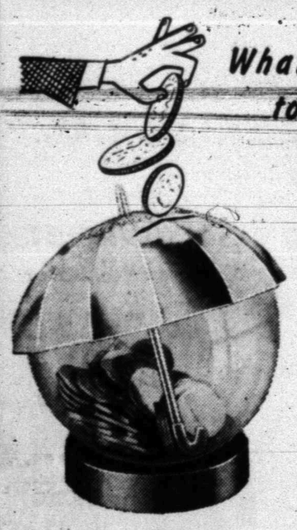

Hunting will be allowed on Dec. 1, Dec. 15, Dec. 29, and Jan. 12. Ten pairs of shooters will be selected for each day.

Just Like Sister

MEAFORD, Ont. (AP)—Miss Cora Cunningham, 71, of St. Vincent Township fell and broke her left hip yesterday in Meaford Hospital. She was on her way to visit her sister, Mrs. Mary Smith, 78, who is in the hospital with a broken hip.

PLAQUE FOR CHAMBER—The Chamber of Commerce office staff was one of the business employe divisions of the United Fund to qualify for the Fund's outstanding citizenship awards last week. Mrs. R. L. Blakely, left, office secretary, receives the plaque above from Mrs. Bill Morris, right, staff helper in the United Fund office. (Lee Watson photograph)

Church Group Makes Plea

HOUSTON, Oct. 19 (AP)—An estimated 173 ministers have joined in "a plea for sanity" should integration come to Houston schools.

The plea was drafted by 10 church leaders and the statement was mailed to clergymen of all faiths.

The church leaders said "we believe that for an individual or group to defy decision with which he or they are not in agreement is to encourage other dangerous elements in our society to follow the same destructive procedure for their own ends.

"This can only lead to anarchy, in which the rights of none are respected. Unfortunate and tragic events which have transpired elsewhere recently must not happen here."

Federal Judge Ben Connally ordered Houston schools on Tuesday to integrate. He did not set a deadline.

Board Restrained In Doctor's Case

HOUSTON, Oct. 19 (AP)—The State Board of Medical Examiners was restrained yesterday from enforcing its cancellation of the license of Dr. Carl Sahffer.

Judge Ben Moorhead granted the restraining order. Shaffer denied he is addicted to narcotics in his appeal.

Baptists To Meet Nov. 5

FORT WORTH, Oct. 19 (AP)—Texas Baptists, who comprise one-sixth of the state population, will gather here Nov. 5-7 for the Baptist General Convention of Texas.

Reports are expected to show high marks in membership. The session will act upon a record budget of 10½ million dollars.

A number of top Baptists will speak during the three-day session, including Rep. Brooks Hays of Little Rock, president of the Southern Baptist Convention; Dr. Baker Cauthen, executive secretary of the SBC Foreign Mission Board; Evangelist Billy Graham and Gov. Price Daniel.

The Rev. Sterling Price of Abilene will preach the annual sermon.

Texan Will Conduct South Pole Study

SAN ANTONIO, Oct. 19 (AP)—A Texan was en route today to the south pole to try and determine the thickness of the ice cap.

Dr. John Cook, research manager at Southwest Research Institute, heads a two - man team that will conduct the study of the interior of the antarctic.

The program is part of the International Geophysical Year.

Lakes and rivers in Manitoba annually produce a commerical fish catch worth more than six million dollars.

SNYDER'S GOLDEN ANNIVERSARY YEAR

THE SNYDER DAILY NEWS

VOL. 8, NO. 149 | SNYDER, TEXAS, MONDAY, OCTOBER 21, 1957 | EIGHT PAGES—PRICE 5c

SPOT MUSE

A TIMELY QUOTE: "It took the Soviets four years to catch up with the atom bomb.

"It took the Soviets nine months to catch up with the hydrogen bomb.

"Now, we are trying to calculate how long it will take us to catch up with the Soviet satellite."

— Sen. Lyndon Johnson.

LAKE J. B. THOMAS, which began to fill several years ago, has never yet been full enough to run over the service spillway. So far, each time rains nearly filled the lake, there has been a long period of no runoff, and the lake would come down some from evaporation and consumption. Prospects are good, however, for the lake to fill during the winter.

PROBABLY SLIGHTLY more than 10 per cent of the right-of-way has been secured for the proposed widening of Thirty-seventh Street from the Big Spring highway to the Sweetwater highway, according to Doyle Parmer, commissioner of Precinct 3. This morning, the commissioners court signed a right-of-way deed for that part of the street along the front of the new park in south Snyder. Parmer said the county is securing the right-of-way slowly but steadily. The State Highway Department has said it will widen the street to four lanes if the county will furnish necessary right-of-way.

AMERICAN ROYAL QUEEN—An Oklahoma beauty, 19-year-old Malinda Diggs Berry of Stillwater, reigns after being crowned queen of the 1957 American Royal Livestock Exposition at Kansas City. The blue-eyed, brown-haired queen is a sophomore at Oklahoma Stae University where she majors in education and English.

Up To 3 Inches Soaks Area

Slow, soaking rains brought up to 2.5 inches of moisture to the Snyder area and up to 3 inches in Borden County over the weekend.

The rainfall represented botn good and bad news on the agricultural front, although there appeared to be a feeling that benefits probably would outweigh the disadvantage on a long-range basis.

Cotton farmers have been hurt by the moisture, said County Agent Oscar Fowler, but the extent of the damage will depend upon weather during the next two weeks.

Fowler said that the rains apparently fell too slowly to dislodge newly-opened cotton from the bolls, and fortunately there was no wind. The damage so far will stem from a delay in the harvest and possibly some downgrading of the crop not yet harvested.

Cotton harvest operations were just moving into full swing when the rains came.

On the other side of the picture, the rainfall was ideal for livestock raisers. Fowler said the new moisture should give the fall weed crop a good sendoff, especially in areas where moisture amounted to an inch and a half to two inches or more.

The moisture also was made to order for small grain. It should give grain already planted a good start and planting moisture has been provided for unplanted fields, the county agent said.

Heaviest rains fell west of Snyder, with the moisture tapering off sharply toward the east part of the county.

In Snyder the official gauge recorded 1.05 inches, while Camp Springs had a slow drizzle during most of the night. Most of the moisture in Snyder fell during the day Sunday.

Hermleigh had .7 of an inch, with only .3 reported south of there and 1.4 inches to the southwest.

Ira reported about 1.5 inches over most of that area, while the Lloyd Mountain area had 1.4 inches.

Areas west of Snyder had over 1.5 inches, while Fluvanna reported two inches or more over most of that area, with the total running up to 2.5 inches to the west.

Gail reported three inches, with most of the rain falling slowly, as was the case over the entire Snyder area.

Rainfall totaling 1.4 was reported at the Fickas Bell place seven miles northwest of Snyder, while one inch fell at the Pasotex camp north of town.

Lake J. B. Thomas had logged a rise of .82 of a foot by midmorning and water was still running into the lake. Lake Thomas level is about five feet below spillway level.

Rainfall measurements at the lake included 1.7 inches at the Snyder pump station near the north end of the dam, and 1.8 inches at the Big Spring pump station on the south shore of the lake.

By The Associated Press

Slow, soaking rains of more than 2 inches that fell over the Panhandle and West Texas were spreading into central areas of the state Monday.

The rains began Sunday over West Texas as a low pressure system pushed eastward. Two traffic deaths were blamed on the weather.

Official rainfall totals for the 24 hours ending at 6:30 a.m. included: Big Spring 2.23 inches, Lubbock 2.21, Alpine 1.32, Midland 1.05, Wink 1.03, Presidio .50, Childress .73, Dalhart .17, Amarillo .19, Salt Flat .18, with lesser amounts at El Paso, Laredo, San Angelo, Van Horn, Sherman, Del Rio, El Paso, Laredo, Abilene, Wichita Falls, Junction and Beeville.

Rain was falling at midmorning at Victoria, Beeville, Corpus Christi, Kingsville, Alice, Laredo, Midland, Odessa, Wink, Lubbock and Childress.

Court Sounds Death Knell On Virginia's Pupil Placement

WASHINGTON (AP) — The Supreme Court today dealt a death blow to Virginia's Pupil Placement Act.

The tribunal did so by refusing to review a decision in two school segregation cases in which the state's 1956 placement law was declared unconstitutional.

The decision, dealing with tests in Norfolk and Newport News, was given by U. S. Dist. Judge Walter E. Hoffman of Norfolk and was affirmed by the U. S. Circuit Court in Richmond.

The refusal to review the decision lets it stand unchanged. The Supreme Court's refusal was announced in a brief order which gave no reason and made no comment.

School officials of both Norfolk and Newport News, joined by the state's attorney general, had appealed.

They contended the action of the lower courts "makes even more difficult of solution the most difficult social problem presented to the people of this country in eight decades."

The appeal said Judge Hoffman acted "with undue impetuosity" and said the cases gave the Supreme Court an opportunity "to lead a large section of our country out of the chaos into which the 1954 decision against compulsory school segregation has plunged it."

"The time has come for the Supreme Court to recognize and expound the practicalities of life in these areas and to establish a framework within which public education can continue," the appeal added.

The Virginia law removed power to assign pupils from local school boards and division superintendents, and conferred the authority on a placement board. The appeal said the board was authorized to act on stated bases, "none in any way involving race or color."

The Circuit Court said the law provided no adequate remedy to Negroes because of the fixed policy of Virginia school officials on segregation, and because another act of the Legislature calls for closing of schools and withdrawal of state funds upon any departure from segregation.

The Circuit Court also noted that Hoffman's orders did not require mixing of races in any school — "they merely forbid school officials from refusing to admit Negroes to any school solely on account of race or color."

The appeal to the Supreme Court contended the Circuit Court should not have acted when another case testing the placement law was pending in the Virginia Court of Appeals; under federal rules the validity of a state law may be decided only by a special three-judge U. S. District Court, and Judge Hoffman should not have been upheld when he found the act unconstitutional "on its face and in the abstract in advance of any action or administration (sic) pursuant to the statute."

Virginia's school segregation controversy has figured prominently in the gubernatorial election campaign now in progress. The election will be held Nov. 5.

Ted Dalton, Republican candidate, has advocated a locally administered pupil assignment plan as the best method of averting public school integration.

J. Lindsay Almond, Democratic candidate, has argued for massive resistance policies against integration. Almond has said Dalton's proposal would leave the localities to the mercy of the National Assn. for the Advancement of Colored People.

Almond said the General Assembly of Virginia has endeavored to bring relief from pressure against the localities by putting student placement on a state-administered level.

Dalton said an assignment plan like that in North Carolina and administered by local school boards would avoid what he has described as a threat to widespread closing of state schools.

Virginia's Atty. Gen. Kenneth C. Patty ruled Oct. 9 that under the state's anti-integration law any public school is automatically closed whenever the student body consists of both white and colored children. Patty said the law provides that the school is automatically removed from the public school system.

Three Area Mishaps Are Investigated

No injuries were involved in three accidents investigated during the weekend by state highway patrolmen Jim Kinser and Arthur Dyson.

The first occurred at about 2:15 p.m. Saturday on U. S. Highway 84 in Hermleigh. Involved were a 1956 Chevrolet sedan driven by Mrs. L. F. Mason, 41, of Hermleigh, and a 1957 Chevrolet coach driven by Phillip J. Irvin, 18, a Texas Tech student.

Mrs. Mason was traveling south on the highway and started a left turn. Irvin, attempting to pass, whipped to the right but hit the right rear fender of Mrs. Mason's car. Damage was estimated at about $100 to the Mason car and $200 to the other car.

At about 3:30 a.m. Sunday a 1952 Oldsmobile loaded with people and driven by Salvador Torres, 29, of Colorado City collided with a cow on State Highway 208 about six miles south of here.

Kinser said the cow was killed by the collision. Damage to the car was estimated at $300.

The last accident was at about 5:45 a.m. Sunday and involved a 1956 Mercury coach which was pulling a 42-foot house trailer. Mildred Lee Freeman, 27, of Houston, was driver. A man and three childrne were passengers.

The car and trailer were traveling toward Snyder on U. S. Highway 84 about eight miles southeast of Snyder. The trailer hitch broke loose on one side, causing the trailer to turn over once. The car turned over twice as it broke completely loose from the trailer.

Fire Breaks Out In Ship's Cotton Cargo

GALVESTON (AP)—Firemen were flooding the No. 4 hold of a freighter today in an effort to extinguish a fire that broke out in the cotton cargo the ship carried.

The fire started early yesterday aboard the 10,000-ton Eugene Lykes. The crew sprayed carbon dioxide into the hold in an effort to put out the blaze. The ship was about 190 miles out of Galveston when the fire was discovered.

After the freighter docked here, the hatch cover was taken off the hold and the fire broke out again as soon as air reached the cotton.

Officials said the ship was undamaged but the 2,000 bales of cotton in the hold was expected to be a total loss. The freighter came here from Brownsville.

Two Congressmen To Speak In Weatherford

WEATHERFORD (AP)—Two congressmen will address a meeting of the Brazos Valley Water Assn. tomorrow.

Rep. Jim Wright of Weatherford will report on the work of a House subcommittee studying flood damages, of which he is chairman. Rep. Omar Burleson of Anson will discuss flood control.

The association is composed of citizens in Parker, Bosque, Johnson, Palo Pinto, Hood, Somervell and Hill counties. It was formed after last spring's floods.

British Nuclear Experts To Meet With Eisenhower

LONDON (AP)—The British government announced today Prime Minister Macmillan will take three top nuclear policy planners to his conference with President Eisenhower in Washington.

This tends to substantiate reports Macmillan will propose at the meeting a U.S.-British partnership in nuclear and rocket research.

The men leaving with Macmillan tomorrow are Sir Richard Powell, permanent secretary of the Defense Ministry; Sir Edwin Plowden, chairman of Britain's Atomic Energy Authority; and Sir Patrick Dean, a deputy undersecretary at the Foreign Office who is charged with political aspects of Britain's atomic energy program.

Others in Macmillan's party are Sir William Hayter, former British ambassador to Moscow and now a general political director at the Foreign Office; Sir Norman Brook, secretary to the Cabinet; and F. A. Bishop and Philip de Zulueta, both private secretaries.

Macmillan took a final look at his Washington plans at a Cabinet meeting today. He was keeping a close watch on developments in the Middle East—a subject he and President Eisenhower are expected to discuss at length.

Under Macmillan's partnership plan, the two Allies would coordinate their scientific effort through a joint planning directorate with headquarters in Washington.

Baylor-A&M Game Won't Be Televised

DALLAS (AP) — The Baylor-A&M football game at College Station Saturday will not be televised, even though it is a sellout, because of a conflicting game at Huntsville, Southwest Conference Sec. Howard Grubbs said today.

Under NCAA regulations, no game can be telecast, if not on the national or regional schedule, if there is another game in the area that would be damaged by it.

In this case, East Texas State and Sam Houston State play at Huntsville, which falls within a 100-mile radius of College Station.

No Effect Is Foreseen

AUSTIN (AP)—Rep. Reagan Huffman of Marshall said today the Texas Pupil Placement Act passed by the last Legislature was not modelled after the Virginia law knocked out by the Supreme Court.

Huffman is leader of the East Texas segregation bloc.

He said he felt certain the decision would not affect the law approved by the Legislature earlier this year.

The Texas law has not yet faced a court test.

"Ours was not modelled after the Virginia act," Huffman said, "but after either the North or South Carolina act. I understand the Virginia act mention Negroes and whites in its provisions. Our bill specifically says that race or origin shall not be a basis for transfer of students.

"I think it might be the principal difference between the Texas and the Virginia acts."

NEA Official Dies

CHICAGO (AP)—Donald Ross Eck, 56, general manager of the National Editorial Assn. since 1940, died yesterday.

Report On Fund Drive Scheduled

Reports will be made by all divisions on the work they have done so far in the 1957 United Fund campaign at a breakfast scheduled for 7 a.m. tomorrow at the Village Restaurant.

Paul Keaton, general campaign chairman for the Scurry County United Fund, and Herbert Feather, president, called the breakfast meeting to gather reports and to work with the various divisions in attempting to complete their drives.

The United Fund budget for this year is $38,934, and by this morning only about $27,900 had been raised, meaning that about $11,000 was still needed in the campaign.

About 150 division chairmen, captains, and workers have been asked to attend tomorrow's breakfast meeting and make reports on progress of their part of the drive.

United Fund campaign officials were urging that workers complete their contacts today if possible.

Latest United Fund contributors: Sunset Motor Lines, Fred Buford & Associates, Snyder Insurance Agency, Mrs. Maggie Clark.

Nathan Wade, S. L. Terry, Sperry & Hutchinson Co., D. D. Henricks, Pat Moore, N. J. Sealy; Edd Gill, James Gill, Jessie White, C. W. Beavers, Mrs. Mollie Pinkerton, Mrs. C. L. Brunson; Guy Moore, Snyder Oil Co., Pritchard & Abbott, Brooks Oil Well Service, B & B Parkway, Lone Star Welders.

Schuman Declines To Form New Government

PARIS (AP)—President Rene Coty today asked former Premier Robert Schuman, a Christian Democrat, to form a new government. Schuman declined.

The current political crisis began Sept. 30 when the government of Maurice Bourges - Maunoury collapsed in a National Assembly vote on his bill for partial home rule in rebellious Algeria.

Hoffa Plea Is Rejected

WASHINGTON (AP)—U.S. District Judge F. Dickinson Letts today refused to lift his order restraining James R. Hoffa from taking over as president of the Teamsters Union.

Letts then went ahead with a hearing on pleas to convert the restraining order into a preliminary injunction against Hoffa and to put the 1½-million-member Teamsters Union under court receivers.

Plaintiffs in the case are a group of rank-and-file New York Teamsters members. They claim the recent Teamsters convention which elected Hoffa to succeed Dave Beck was illegal.

Letts quickly denied four motions argued by Teamsters' Atty. Martin O'Donoghue. The motions would have dismissed the existing restraining order and put the case down for trial on its merits.

O'Donoghue said Letts had acted improperly in granting the restraining order last week after a closed hearing in the court's chambers without notice to the union and without giving union attorneys a chance to be present.

O'Donoghue said this violated one of the canons of the American Bar Assn., limiting issuance of restraining orders without opposing counsel being present only to the most urgent cases dictated by dire necessity.

Cage Trial Opens Today

DALLAS (AP)—BenJack Cage, the fast talking promoter whose ICT Insurance Co. collapsed with a thud heard throughout the nation, went on trial today on charges of embezzling $100,000.

The hearing started only after defense attorney Ivan Irwin was assured that the long list of records and witnesses the defense wants were present.

Cage was his usual jaunty self as he walked into the courtroom accompanied by his wife and a cluster of friends. He smiled and talked as he introduced his wife to persons in the courtroom, including the prosecuting attorneys.

The insurance company promoter was nattily dressed in a charcoal gray suit..

WEATHER

SNYDER TEMPERATURES: High Saturday, 65 degrees; low, 47 degrees; reading at 7:30 a.m. Sunday, 47 degrees. High Sunday, 81 degrees; low, 47 degrees; reading at 7:30 a.m. today, 49 degrees; precipitation, 1.05.

ALL TEXAS: Mostly cloudy with occasional rain and a few thundershowers through Tuesday. No important temperature changes.

QUEEN ARRIVES

New Yorkers Whoop It Up

NEW YORK (AP)—The Queen of Britain got a king-sized welcome today from New York's millions.

And it was a thrill-a-second event for both monarch and plain citizen.

Busy New York, bursting with civic pride and hospitality, staged one of its historic great greetings to a celebrated visitor. It had all the earmarks of a big, gala picnic spread amid the towering skyscrapers of a city determined to outdo itself in cheery welcome.

For Elizabeth II, it was her first visit to the metropolis linked so closely by name and history to her own empire.

Cheering men, women and children lined the streets to bid her greeting. Boats and ships in the harbor tooted a welcome in a cacaphony of sound. Hordes of people jamming skyscraper windows on lower Broadway sent tons of confetti hurtling down during a traditional ticker-tape parade to City Hall.

Elizabeth, followed by her husband, Prince Philip, stepped off a train from Washington at 10:10 a.m. onto a long red carpet at Stapleton, Staten Island, across the harbor to the south of Manhattan.

Her first view of the city was of drab, unpainted buildings of a freight terminal once the Army's busiest embarkation point.

But if the Queen noticed, she gave no sign. Instead, a radiant smile lit her face as Gov. Averell, Harriman and other dignataries advanced to greet her.

Everything else seemed perfect. A bright autumn sun beamed down on the festivities, and a crispness in the still air lent an invigorating touch.

From the first instant, the monarch's visit went at a breathtaking pace. First the Queen and her party were driven through streets lined by thousands of flag-waving Staten Island children to the island city of St. George. A crowd of more than 5,000 there watched her board a gaily bedecked ferry boat for a trip across the harbor.

It was the same eye-filling nickel ride that is a must for every visiting out-of-towner. The Queen, however, got it free of charge.

The ferry took her close by the Statue of Liberty.

She also received a 21-gun salute from cannon on Governor's Island at the other side of the harbor, where an Army installation is located.

The ferry docked at the lower tip of Manhattan and the Queen stepped ashore a short distance from the spot where her parents, King George VI and Queen Elizabeth, disembarked from a U.S. destroyer during a visit in 1939.

New Yorkers thronged the famous Battery area where the new Queen and her party boarded automobiles for the ticker tape motorcade up Broadway to City Hall.

Syrian Talks May Be Slated

DAMASCUS, Syria (AP)—The Foreign Ministry denied today that Syria is about to take part in mediation talks with Turkey under the auspices of King Saud.

An official statement said Syria will carry through its complaint to the U. N. that it is threatened by Turkish troop concentrations on the border.

Maj. Gen. Afif Bizry, army chief of staff, left today for a visit to Saudi Arabia. But the Foreign Ministry said his trip had no connection with reports that Syria and Turkey had accepted Saud's invitation to attend a conference to discuss the Middle East crisis.

A Syrian spokesman said Bizry's trip is in response to an invitation which Saud extended during the King's visit to Syria last month.

Turkey neither confirmed nor denied the report of an impending mediation conference, broadcast last night by the Saudi Arabian radio in Mecca. There were rumors, however, that Premier Adnan Menderes had received a message from Saud.

The Saudi Arabian broadcast said official delegations from Syria and Turkey would arrive today or tomorrow in Damman Saudi Arabia.

King Saud returned home yesterday after a 10-day visit to Beirut, Lebanon.

House Damaged By Blaze Here Today

Fire damaged a house which was under construction in southwest Snyder about 10:30 o'clock this morning.

An explosion of glue used to cement flooring to the concrete subfloor caused the fire.

D. A. Porter, fire chief, said that the interior of the almost completed house was damaged by smoke, and that fire damaged woodwork in one bedroom.

Workmen had almost put the fire out by throwing sand on it before firemen arrived.

Rocket May Be Tested By U. S.

WASHINGTON (AP)—Technicians may try again today to test-fire the first stage engine of the Vanguard rocket which they hope ultimately will send an American satellite into space.

Such a firing apparently was put off twice last Friday. Official sources at the missile test center at Cape Canaveral, Fla., said test activities would be resumed today.

The testing plan is to send aloft the rocket, using only the first-stage engine. The Vanguard rocket, at full power, is planned to have three stages, the last of which would carry the satellite into an orbit about 300 miles above the earth.

The Russian satellite, man's first venture into outer space, now is in its 18th day of circling around the globe. Moscow radio said last night Sputnik completed 235 circuits as of yesterday, and that it is on schedule. The broadcast said the baby moon's radio transmitter has continued to work smoothly.

At Cambridge, Mass., Dr. Richard E. McCrosky said scientists connected with the Smithsonian Astrophysical Observatory here have determined that as of four days ago Sputnik was circling the earth about once every 95.5 minutes. He said this compares with initial calculations of 96.4 minutes per round trip.

McCrosky and Dr. Charles A. Whitney, another Smithsonian scientist, said information obtained from tracing Sputnik will be directly applicable to future American satellites.

The United States plans to fire some small test spheres in December and to try to send up fully instrumented satellites starting in March.

Some other American scientists were less optimistic about the value of information from Russia's space vehicle.

One of them said: "Chances are we'll never learn very much about Sputnik. The Russians certainly aren't talking, and there's a limit to what you can learn through visual sighting and radio signals."

79 Turks Killed In Train Crash

CATALCA, Turkey (AP) — The Simplon-Balkan Express and a local passenger train collided near this Turkish military base last night and witnesses said they counted 79 Turkish dead in the wreckage. Seventy suffered serious injuries.

The two speeding trains met head-on between the tiny stations of Yarim Burgaz and Isparta Kule, 22 miles northwest of Istanbul. Both engines were crushed into tangled masses of wreckage, and the leading cars were telescoped.

The rear three of 15 express cars were bound for Athens and London. No casualties were reported in these.

Authorities reported the stationmasters of the two towns between which the crash occurred have been arrested. Most casualties occurred in the local train.

Ambulances from Istanbul carried many of the injured. A rescue train carried back 40 of the most seriously hurt.

The local train was packed with soldiers and Turks heading for Istanbul from villages along the Bulgarian border.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

ADMISSIONS — Mrs. E. D. Allen, 2303 Avenue H; Bud Morgan, 3000 Fortieth Street; Dennis Young, 504 Twenty-third Street; George Collins, 2700 Avenue J; Nina Jones, 1211 Twentieth Street; Lora Martinez, Route 3, Box 191.

DISMISSALS — Mrs. Connie Flores, Fluvanna; Michael Archer, 1010 Thirty-third Street; Ruby Barton, 4401 Twentieth Street; Rose Ann Martin, Route 2; L. A. Melton, Route 3; Ollie Peek, 314 Thirty-fifth Street; Eldon Lee, 2307 Twenty-eighth Street; Nina Clark, Box 153; Elizabeth Grandison, Box 153; A. B. Crawford, Box 14; Lloyd Scott, 905 Twenty-seventh Street.

COGDELL MEMORIAL

ADMISSIONS — Shirley Guins, Box 1175; Linda Coffee, Route 3; Maye Stanfield, 3702 Avenue M; Patricia Mowell, 2110 Twenty-sixth Street; Mrs. Hood Parker, Jr., 110 Canyon; Billie Smith, 2706 Avenue Q; Rona Sikes, 405 Thirty-third Street; Eleanor Hunnicutt, 1105 Avenue G; Melinda Hutchinson, 4104 Avenue U; Andrea Logan, 3601 Avenue U; C. A. Owens, 2505 Avenue J; Keith Lloyd, Route 2, Box 76; Mrs. Landis Lee, 203 Thirty-sixth Street; Bessie Stone, 2008 Avenue R; Edna Sawyer, 2707 Avenue V; Maria Bera, Gen. Rift Between Rosselini And Ingrid Denied

PARIS (AP)—Ingrid Bergman and Roberto Rossellini reunited at Paris' Orly Airfield today.

"Oh, I'm so happy," cried Miss Bergman. She hugged and kissed her husband. He stroked her shiny blond hair.

The Italian film director has been in India for months making documentary films for the Indian government. While there, his name was linked with that of Indian movie star Sonali Das Gupta.

During a stopover in Geneva today, Rosselini said any talk of a divorce from Ingrid as a result of these reports was "absolute nonsense."

Rossellini arrived from Bombay and changed planes in Geneva to join Ingrid in Paris for two days. He told reporters: "I am going to Paris in about an hour to spend two days with my wife."

A reporter asked: "what about your lady friend?"—referring to Indian movie star Sonali Das Gupta, with whom Rossellini has been romantically linked in widely current rumors.

Rossellini smiled and replied "I have no lady friend."

"What about these divorce rumors?" he was asked.

"That is absolute nonsense," he replied.

"Does that mean that you are going to live with your wife again?" a reporter asked.

The smile left Rossellini's face and he replied sharply: "My wife and I have never parted and have no intention of parting."

He said after spending two days in Paris he would go briefly to Rome and then return to India to complete his yet unnamed film there.

Later, film star Jayne Mansfield arrived on a plane from Brussels with a white Pekinese dog.

Miss Mansfield, here for the premiere of her picture, chatted with Rossellini for about three minutes.

Rossellini turned to a friend and said: "I hope this is not going to start still another rumor."

Legion Hits Troop Use

HOUSTON (AP)—American Legion delegates here have passed a resolution deploring the use of federal troops in Little Rock.

The legion urged congressional action to prohibit the use of troops in possible similar school situations.

Rep. Martin Dies said last week he would propose such legislation.

The Legion action came at a fall convention of the eighth district here Sunday.

Other resolutions passed asked:

Better protection for the Gulf Coast area against enemy air attack.

That our delegates to the U.N. Assembly tell the United Nations the Russians were able to make their satellite through the brains of captured German scientists . . . and not through superior ability of Communist scientists.

That the State Department stop sending jazz musicians abroad as good will ambassadors.

Nurses Are Needed By Air Force

Captain Nan L. Porter, the Air Force Nurse Corps Personnel Procurement Officer for the Southwest Area, announced today that the Air Force needs qualified general duty staff nurses and nurse anesthetists between the ages of 21-35.

Dietitians in this age group are also needed. Commissions will be given in the grade of Second Lieutenant through Captain, depending upon age and experience.

The Air Force offers opportunities for professional nursing experience, travel, a happy social life and advanced education. Courses are offered in Anesthesiology, Operating Room Technique and Management, Nursing Administration and Psychiatric Nursing as well as advanced university study.

Qualified nurses are eligible to attend the Flight Nurse Course at Gunter Air Force Base, Montgomery, Alabama. Upon successful completion of this course, they receive their wings, and are eligible for assignment to one of the Air Evacuation Squadrons either in the United States or overseas.

While on active flying duty, Flight Nurses receive flying pay in addition to their basic pay and allowances. While attending Flight School or other courses, the nurse receives full pay and allowances. Salaries start at $4,062.00 yearly of which only $2,667.00 is taxable.

The newly commissioned Air Force Nurse and Dietitian are given a three hundred dollar uniform allowance to purchase uniforms, and in addition, receive eight white duty uniforms upon reporting to active duty. Free laundry service for these uniforms is provided at USAF Hospitals. Other advantages are free medical and dental care, and a 30 day paid vacation each year.

Nurses and Dietitians who are looking for an exciting career with a real future may obtain more information and answers to their questions by contacting Captain Porter at 1200 Jackson Street, Dallas, by calling her collect at RIverside 26915 or by calling the local Air Force Recruiting Office, Phone 4-8547 in Big Spring.

Segregation Talk Slated

AUSTIN (AP)—One session at the Texas Assn. of School Boards meeting here today will be devoted to a study of how the new state segregation laws affect local school administration.

The meeting opened yesterday with a speech by Gov. Price Daniel who declared that local control of schools could be continued only by "steering clear of general federal aid to education."

In the afternoon, eight discussion groups take up problems.

Daniel did not mention the two new school segregation laws in his opening speech yesterday.

"Only by steering clear of general federal aid to education can we guarantee continued local control of our schools," he said. "The people who pay the taxes which operate our public school system must be made increasingly aware of this fact. Local self government will survive only if we are willing to meet our state and local responsibilities to our school program."

Two Airmen From Sooner Base Killed

DENTON (AP)—Two airmen from Tinker AFB, Okla., were killed yesterday when their auto sideswiped a pickup truck, overturned and hit a concrete bridge abutment.

They were Vernon Vinyard, 28, of Seguin, and Kenneth Caldwell, 21, of Vernal, Utah.

Airman Clarence Mustoe, 19, was injured.

Training Completed By Snyder Soldier

Pvt. Willie T. Thompson of Snyder has just completed eight weeks of basic combat training last week.

Thompson is on active Army duty under the Reserve Force Act program and took basic training at Fort Chaffee, Ark.

He is the son of Mr. and Mrs. Autris Thompson, 2300 Avenue I.

STRATEGY HUDDLE IN WAR OF WORDS—In close conference as the United Nations Assembly voted 66-0 to take up charges by Syria that Turkey menaces her security are representatives of Syria, Egypt and Russia. They are left, to right, Syria's Salah Bitar, Russia's V. V. Kuznetsov, Syria's Farid Zeineddine, back to camera, and Mahmoud Fwazi and Omar Loutfi, both of Egypt. The Middle East crisis was brought about by Syrian and Soviet charges of agression plans by Turkey and the United States against Syria and the landing of Egyptian troops in Syria.

AT DISTRICT MEETING

Snyder Club To Play Host

Snyder's Vocational Industrial Club at the high school will be host to clubs of District 5 next March 8 in the spring district meeting.

At that meeting, students will compete in various contests held for all occupations represented. Vocational Industrial Clubs are organized by students taking Industrial Cooperative Training.

Snyder was chosen as site for the spring gathering during a meeting held Saturday in Big Spring. Eight students attended the Big Spring meeting. They were Patsy House, president of the local club, Joy Green, Bobby Staton, Bob Pollard, Earl Bessire, Nick Rigalis, Skipper Moore, and Daniel Woods, accompanied by J. C. Jackson, ICT coordinator and club sponsor.

Rigalis was elected sergeant-at-arms of the district group. A junior, he is employed in the medical laboratory at Battenfield-Jones Hospital-Clinic.

Other than the officer election, the district meeting's business included initiation of 170 new candidates, organization of the district into a working unit, planning activities for the school year, and holding a short training period for officers.

The group was conducted on a tour of Webb Air Force Base and at lunch at the officers club there. Entertainment was provided by the Webb orchestra.

Solution To Water Needs Is Discussed

CORPUS CHRISTI (AP)—Sen. Lyndon Johnson told the South Texas Chamber of Commerce today Texas must stop thinking of water as a problem and consider it an asset.

That is the only way the state can meet water needs in the future, the Senate majority leader told a luncheon.

"Right now we stand on the brink of one of the greatest surges of prosperity the Southwest has ever known," Johnson said. "It is a prosperity which will be felt by our sister states, but Texas can and should be the leader with the solid base of industry we have already."

He quoted the Bureau of Business Research at the University of Texas as forecasting a Texas population of 12 million by 1975, compared to 8½ million now; 24 million dollars in personal income by 1975, compared to a litlle more than 9½ million in 1950; $8,600,000,000 in Texas factory output in 1975, nearly three times the 1953 total.

"The bureau looks toward 1975 as a year in which aluminum production will be triple the 1955 figures, iron and steel production will be 3.7 times greater, and the value of new construction will double," Johnson said.

All these figures, he said, are based upon "one, great big 'if'," the intelligent use of our water resources. They assume that we Texans are not just going to 'solve the water problem' but are going even further to put the water in its proper perspective as our greatest single asset."

Johnson said the essential ingredient to meeting water needs was cooperation of the various levels of government and the water usrs of the state.

Many Forced From Homes After Blasts

PIEDMONT, Ala. (AP)—Scores of shillery shells in a burning freight car exploded at intervals during the early morning hours here today with more noise than damage.

No injuries were reported, but around 200 residents were evacuated from their homes as a safety measure.

Sixty tons of 105mm shells were in the car, which caught fire as a Seaboard Air Line freight eastbound from Birmingham pulled into Piedmont, about half way between Birmingham and Atlanta.

Trainmen discovered the blaze and risked their lives to detach the car from the other two ammunition-carrying cars next to it.

Shells began exploding as the blaze progressed. Windows in the area were shattered.

By 8 a.m. the car was virtually burned out. Many live shells, however had been blown out of the car. Troops from Ft. McClellan, 25 miles away, patrolled the vicinity.

Seaboard officials said the car was on its way to Sunny Point ordnance depot near Wilmington, N.C. It was one of several picked up at Birmingham from the Illinois Central.

Texas Flier Is Entangled In Red Tape

CORUNA, Spain (AP)—Texas flier William Wyatt's forced landing in the Atlantic ocean had him up to his ears in red tape today.

Trying to fly nonstop from Galveston to Rome in a light plane, Wyatt was forced down Saturday 40 miles northwest of Coruna by ice on his wings. A Spanish fishing vessel rescued him and towed his plane to port.

The former marine pilot, 25, couldn't even get near his plane to get some clothes today. It was under heavy customs guard. Wyatt explained his woes this way:

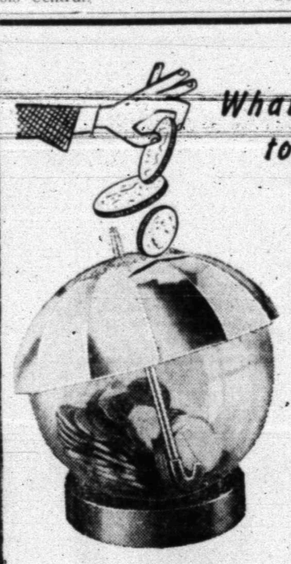

The fishermen who picked him up have presented an $800 bill for towing the plane to port and for fishing losses during the operation. The fishermen also have demanded salvage rights, which means they want half the value of the plane.

Wyatt said all he wanted to do was repair the small Mooney Mark 20 plane and continue his flight to Rome or return to the United States. He has enlisted the aid of the American consulate in Vigo to free the craft. Wyatt was attempting to break the world distance record of 4,957 miles for light planes by his flight to Rome. He was believed to have been about 200 miles short when forced to land.

He said that if he could not get the plane freed, he would request the local naval commandant to put the wreckage up for auction to pay off the fishermen. While waiting, Wyatt is staying with an American major.

Ike Blamed For Racial Troubles

WASHINGTON (AP) — Democrats today accused President Eisenhower of being "substantially responsible for the trouble at Little Rock."

A civil rights statement approved yesterday by 16 of the 24 members of the National Committee's advisory council said the President's responsibility stemmed from his failure "to take an early and firm position for observance of the provisions of the Constitution and laws of the United States."

One council member, Mrs. Benjamin B. Everett of North Carolina, dissented from the accusation, which had the approval of former President Harry S. Truman and Adlai E. Stevenson, defeated 1952-56 candidate.

The civil rights statement was released through the Democratic National Committee. It was the council's first pronouncement on civil rights since the President sent troops to Little Rock to enforce a federal court school integration order.

The Democrats also chided the President for not having appointed the Civil Rights Commission provided for in the 1957 civil rights law and urged him to move "without further delay" to implement that law.

Six weeks have elapsed since the law became effective, the council statement said, but the commission has not been appointed and an assistant attorney general has not been named to direct enforcement.

"The President has made many other important interim appointments," the council said. "There is no good reason why he should await the next session of Congress before proceeding to organize the commission."

The appointments to the six-member commission are subject to confirmation by the Senate, which will not be in session until next January.

TODAY'S MARKETS

NEW YORK (AP)—The stock market opened lower in active trading today.

Leaders fell fractions to a point or more. The high-speed ticker tape was late.

Pennsylvania Railroad was off ⅜ at 15¾. Standard Oil (New Jersey) off ⅜ at 52¼. Royal Dutch up 1 at 42. General Motors off ⅛ at 38⅛. U.S. Steel off ½ at 54¼ and United Aircraft off ⅛ at 55.

Lockheed fell 2 at 30¼. New York Central was off ⅜ at 19½ and Anaconda was up ⅛ at 42⅜. Socony Mobil dropped ⅞ at 48.

Chrysler, Douglas Aircraft and Radio Corp. were up fractions. American Cyanamid was down 1½ to 36¾.

Three Are Killed In Car-Train Accident

ARLINGTON (AP) — A passenger train and an automobile collided at a crossing north of here yesterday, killing three occupants of the car.

The vehicle was knocked into a 20-foot ditch off the right of way. The victims were Mrs. Charles Tigert, 26, Arlington; her niece, Terri Smith, 3, and the little girl's brother, Stephen Smith, 2. They were the children of Mr. and Mrs. Mike Smith of Waco.

Fireman Overcome In Dallas Blaze Today

DALLAS (AP)—Fire swept a row of downtown fiems today.

Damage in the dawn fire was estimated at $85,000. A beauty shop, finance company, two restaurants, a millinery, a delicatessen and a barber shop were damaged.

Traffic was disrupted.

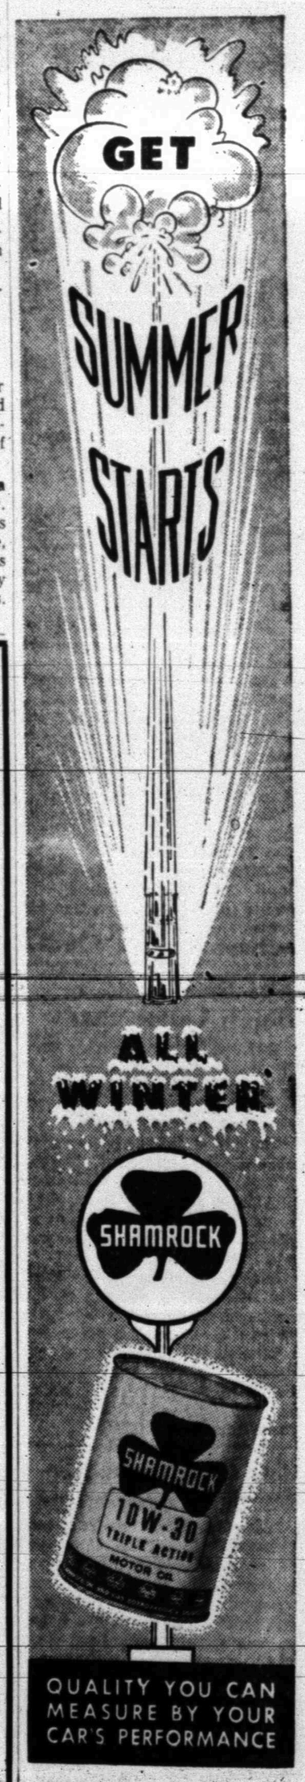

Investigator E. A. Emerson said the blaze appeared to have started in an unoccupied area on the second floor of the building row.

Smoke from the fire at the corner of Pacific and Akard was visible for blocks.

One fireman was overcome by smoke. The blaze was discovered about 5:34 a.m. The flames broke through the roof of the small building which housed a loan company, two cafes and a beauty shop. The inside of the building was gutted by the flames.

No estimate of damage was available.

AFTER 23 DAYS IN EUROPE—The above picture was taken as members of the Texas Cosmetologists Tour of Europe was completed. Miss Mantha Landfried of Snyder is top lady on the steps as they were alighting from the plane at Idlewild Airport in New York. Highlight of the tour was the International Federation of Hairstyling "Festival of Paris, 1957." Miss Landfried said it was 23 glorious days of adventure, gaiety, culture, education and relaxation in England, Holland, Germany, Switzerland, Italy and France.

WOMEN

FOR GOOD EATING

GOOD POUND CAKE

Ingredients: 4 cups sifted flour, 2 teaspoons double-acting baking powder, ½ teaspoon salt, 1 pound butter or margarine, 2 cups sugar, 1½ teaspoons vanilla, 8 eggs.

Methed: Sift together the flour, baking powder and salt. Cream butter; add sugar and vanilla and beat thoroughly. Beat in eggs thoroughly, one at a time. Gently stir in flour mixture, sifiting about ¼ cup over the surface at a time. Turn into ungreased tube pan (10 by 4 inches). Bake in slow (325 degrees) oven 1½ hours or until cake tester inserted in center comes out clean. Turn out on wire rack to cool. Store in tightly covered container.

ITALIAN SQUASH SALAD

Ingredients: 1 cup Zucchini (green Italian squash) slices (¼-inch thick and unpeeled), boiling water, 2 cups bite-size pieces romaine, 2 tablespoons olive oil, 2 teaspoons wine vinegar, ⅛ teaspoon salt, ⅛ teaspoon pepper, ¼ teaspoon prepared sweentened mustard.

Method: Choose a squash that is not much bigger than a fifty-cent piece in diameter; scrub thoroughly in cold water and cut off ends before slicing. Cover with boiling water in a small saucepan; bring to a boil; boil 2 minutes. Drain and run cold water over slices, separating them, so they will all be cold. Put romaine and squash in a salad bowl. Beat together with a fork the olive oil, vinegar, salt, pepper and mustard; toss with romaine and squash. Add extra salt and pepper and oil or vinegar to taste. Makes 2 large servings.

Prayer Panels

CATHOLIC 339-N

340-N PROTESTANT

Handsome panels of the Lord's Prayer are quickly embroidered in simple stitches and rich colors. Two separate patterns — 339-N Catholic version; 340-N Protestant. Each has hot-iron transfer; color chart.

Send 25c in coins for this pattern to MARTHA MADISON, (care of this newspaper), Box 438, Midtown Station, New York 18, N. Y.

Jersey's High On List Of Fashion Favorites

Wool jersey is walking off with fashion honors this season in everything from slacks to formal wear. This supple fabric with its superb draping or straight line qualities is a natural for interpreting that gracious, relaxed silhouette stemming from the designs of the incomparable Chanel. Fluid, flexible with a cling where eraves for the new look in dresses, suits, and separates, with sculptured lines that subtly hint at curves without constricting them.

New designs, textures and weights continue to widen the wardrobe versatility of wool jersey. The lightest chiffon textures make elegant cocktail dresses and blouses; the heaviest weights are handsome in coats and rainwear. Among the fiversified texture and design treatments giving a new face to an old favorite are fine and heavy ribbing, tweedy patterns, plaids and stripes. Because of the special affinity of the natural wool fiber to dyes, all wool jersey colors are true and beautiful and are matched to perfection with other fabrics. Of enormous appeal is the way this insulating fabric adapts itself to four-season-all-occasion wear. No fabric known today packs as well or shows so few wrinkles as wool jersey does.

The dress and long coat ensemble, the dress with its own matching casual cardigan jacket, the new easy-line chemise, the Chanel-look suit, separates with a costume air, beautifully draped cocktail dresses, lithe and slim lounging slacks — all reflect the season's style highlights. Wool jersey lingers happily at home or travels 'round the world with the most gentle manners. Millinery, too, goes in for wool jersey in a big way, especially in those soft and intricately manipulated tulip turbans.

The wool jersey trend has been a sell-out in the loungewear field with styles in abundance on brunch coats, lounging robes, and hostess gowns.

Have Budget Glamor By Adding Lace To Sweaters

By DOROTHY ROE
Associated Press Women's Editor

EVERY GIRL needs at least one sweater that is dressy enough for a date. Why not make one for a mid-season surprise for a favorite high school or college girl? It's surprisingly easy and inexpensive, if you follow these tips from the experts at your local sewing center.

As any home seamstress knows, lace can be a pretty expensive proposition if you buy the imported Chantilly variety. Inexpensive laces usually are woven in wide strips and cut apart, while the more costly kind is woven in single strips, with an edge design. The usual kind of cheaper lace thus often has straight edges on both sides.

However, here's a trick to stretch your fashion pennies and make budget lace look like the real thing. There is a new Chantilly-type nylon lace available nowadays in 10-cent stores that has a pretty design woven on a sheer strip. Simply cut away the sheer part and presto you have a lace edging that looks like imported lace.

If you buy it in white, it may be dyed to match any sweater. About two and a half yards will decorate a cardigan sweater with strips around the neck and down both sides of the front closing. Set your sewing machine for a fine zigzag stitch and follow the outline of the lace. At the neckline, pleat lace slightly at inside edge and leave outside edge unstitched.

For an added touch of glamor you may sprinkle the lace with rhinestones or sequins.

Use one of the new washable orlon sweaters that look like cashmere, and you'll have an expensive-looking party sweater at a pin-money price.

P-TA CONTINUES RUMMAGE SALES

The High School Parent-Teachers Association have asked mothers or anyone who want to donate clothing for rummage sales, please take them to the high school clinic room. A sale will be held each Saturday for as long as clothing is available.

WOMEN'S CALENDAR

MONDAY

Junior High P-TA will meet in the cafeteria at 7:30 p.m., Mr. Dale Brooks, guest speaker.

TUESDAY

O'Neil Circle of the First Baptist Church will meet with Mrs. John Brown, 2205 Forty-second Street.

W. W. Circle meets with Mrs. Blanche Tate, 605 Twenty-eighth, at 7 p.m.

Twentieth Century Club meets with Mrs. Dale Clemmer, hostess.

Business and Professional Women will have a dinner meeting at 7:30 p.m. at Martha Ann Woman's Club.

Athenium Study Club meets at 3 p.m. at Martha Ann Woman's Club. Mrs. J. S. Langridge, hostess.

WEDNESDAY

Trinity Methodist WSCS and Wesleyan Service Guild week of prayer and self-denial, Mrs. C. J. Killgo presiding, 10 a.m. to 2:30 p.m.

Trinity Methodist Wesleyan Service Guild with Mrs. M. L. Galloway, 3104 Forty-first Street, Mrs. Dale Clemmer teaching on "Life and Letters of Paul," 7 p.m.

Altrurian Daughters meet at Martha Ann Woman's Club at 2:30 with Mrs. Marcel Josephson, hotess.

Cosmorama Club meets at 3:45 p.m. at Martha Ann Clubhouse with Mrs. Bob Crowell, hostess.

St. John's Episcopal Church Ladies Auxiliary will meet at the church at 3:30 p.m.

THURSDAY

Snyder Garden Club annual Flower Show. Opens at 3 p.m. to 8 p.m. at Martha Ann Woman's Clubhouse.

FRIDAY

El Feliz Club will meet at Mary Lynn's Tea Room at 3 p.m. Mrs. Joe Strayhorn, hostess.

Altrurian Club meets at 3 p.m. at Martha Ann Woman's Club. Mrs. A. C. Alexander, Mrs. C. C. Miller, Mrs. J. C. Ezell and Mrs. J. C. Dorward, hostesses.

Ladies Golf Association meets at Country Club. Tee-off time 9 a.m.

SATURDAY

St. John's Episcopal Church Ladies Auxiliary will hold a Bazaar at the church, 2214 Forty-second Street. Open at 9:30 a.m. Public invited.

Hopping in the car to go to the grocery soon adds up. A recent study showed that eight cents of every dollar spent for groceries is for transportation. For families on a rigid budget, making one buying trip do for several days or a week can save needed pennies.

Sew It Easily, Quickly

HERE'S a simple but extremely smart basic frock that goes together as easily and quickly as you could wish. Trim with bright embroidery.

No. 1308 with PHOTO-GUIDE is in sizes 10, 12, 14, 16, 18, 20. Size 12, 32 bust, short sleeve, 3¾ yards of 35-inch; 2½ yards embroidery trim.

Send 35c in coins for this patern to IRIS LANE, (care of Snyder Daily News), Box 438, Midtown Station, New York 18, N. Y.

Decorative Stitching Adds Much To Simple Dress

By DOROTHY ROE
Associated Press Women's Editor

MODERN HOME SEWING fans are tricky gals. They can pick the simplest style in the patern book, whip it up in no time and achieve a haute-couture look with a few imaginative touches of their own.

Local sewing center experts point out that trimming possibilities are unlimited if you take advantage of the new decorative stitching possible with new automatic sewing machines or attachments.

An example is a simple one-piece dress of the easy-to-make variety featured by most pattern companies. Make it in dark crepe or sheer wool, then go to work on decorative stitching for a yoke with a western flavor.

After the dress itself is completed, make a pattern of the motif you choose on tissue paper and trace it onto the dress. Try the dress on before stitching the design, to be sure it falls in the right place.

The most effective design uses several kinds of stitches. A plain zigzag stitch may be worked in wide scallops for the top row of stitching, all the way round the yoke. This is one of the basic settings of the new slant-needle automatic machines. The next row may be done in the solid scallop or solid pyramid design. To make circles, place fabric in an embroidery hoop, set machine for freehand stitching and a satin stitch. Turn hoop slowly and evenly to achieve circles.

Below the circles make a line of plain satin stitching, then three more lines of stitching for a decorative finish. Two rows of solid pyramids may be stitched, with a line of diamonds or little balls in between.

The stitching should be done in white on a black, navy or brown fabric.

WESTERN NOTE—Zigzag stitching on the yoke adds western flavor to a simple basic dress, easy to make.

Asthma Formula Prescribed Most By Doctors—Available Now Without Prescription

Stops Attacks in Minutes... Relief Lasts for Hours!

New York, N. Y. (Special)—The asthma formula prescribed more than any other by doctors for their private patients is now available to asthma sufferers without prescription.

Medical tests proved this formula stops asthma attacks in minutes and gives hours of freedom from recurrence of painful asthma spasms.

This formula is so effective that it is the physicians' leading asthma prescription—so safe that now it can be sold—*without prescription*—in tiny tablets called *Primatene*®.

Primatene opens bronchial tubes, loosens mucous congestion, relieves taut nervous tension. All this without taking painful injections.

The secret is—Primatene combines 3 medicines (in full prescription strength) found most effective in combination for asthma distress. Each performs a special purpose.

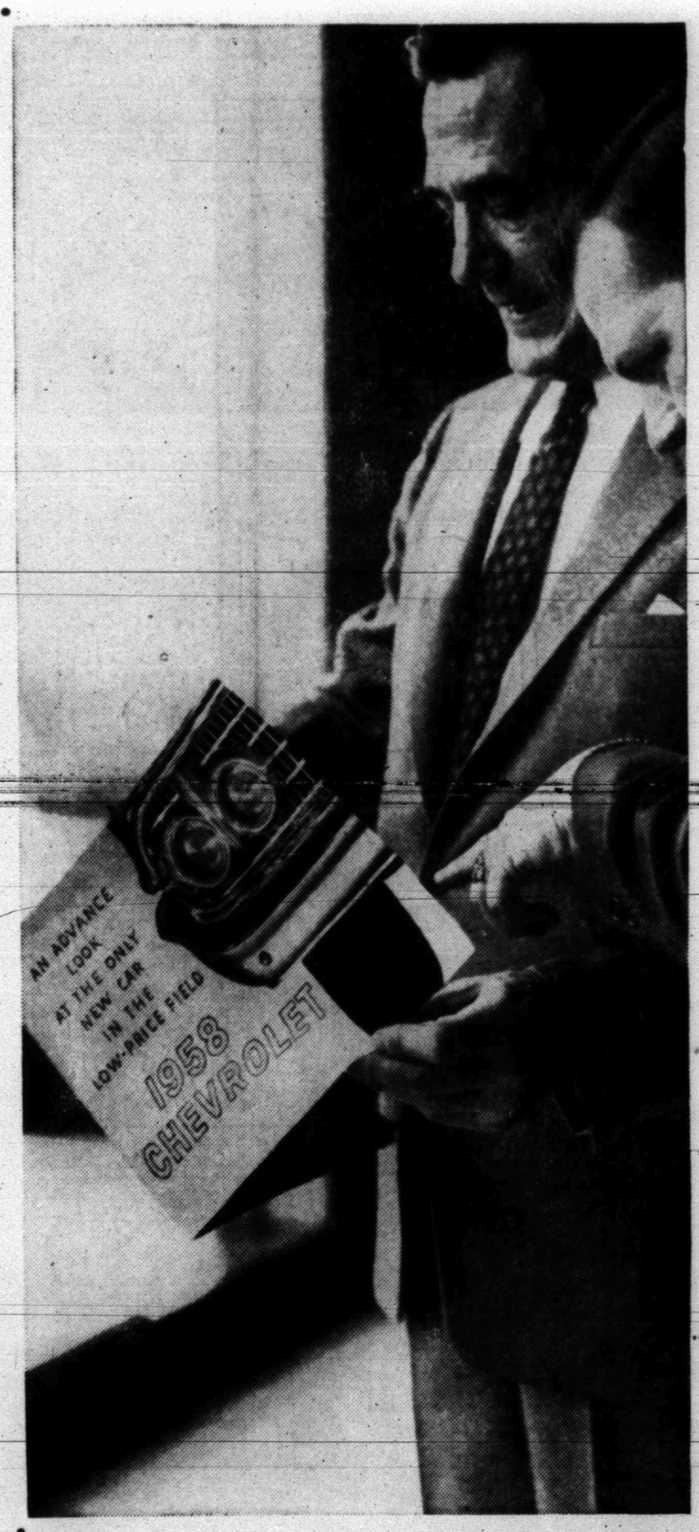

So look forward to sleep at night and freedom from asthma spasms ... get Primatene, at any drugstore. Only 98¢—money-back guarantee.

Junior Editors Quiz on BIRDS

QUESTION: Why do geese fly in V formation?

* * *

ANSWER: Sure signs of fall in the United States each year are noisy bands of geese flying South in characteristic V-shaped formations.

Maybe you think geese are stupid, but really they're pretty smart. For instance, by flying in V formation they are doing just what fighter pilots do--avoiding the air disturbances created by each other's passage, while staying close together.

The goose at the head of the V is the leader of that particular group.

* * *

FOR YOU TO DO: Listen at night for the honking of geese in the sky, as autumn comes on. If you are lucky, you may even see them in the daytime, flying or on some river or pond.

* * *

(For submitting this question, Gary Brian of Redwood City, Calif., won $10. If you have one send it to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper.) 10-21

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

GUESS NO ONE WILL deny now that District 3-AAA isn't the most rugged triple-A loop in West Texas and possibly the entire state.

Much prestige was added to 3-3A last weekend when Sweetwater defeated Graham, Snyder beat Midland and Colorado City downed Littlefield.

Maybe the district won't furnish the state champ this year but we doubt that there is any other district that has four teams as strong as Sweetwater, Colorado City, Lamesa and Snyder.

These four teams have combined for 16 victories and one tie in 22 starts this season. Three of the five defeats were administered by Class 4A outfits.

Sweetwater's defeat of Graham last week raised a lot of eyebrows around the state. Graham appeared to be an invincible outfit until meeting the Mustangs Friday.

Graham Shook

As you perhaps knew, Graham hadn't been scored upon before Friday's tilt at Sweetwater and she had rolled up and unbelievable 295 points in four games for an average of 73.7 points per game.

Graham not only had its goal line crossed for the first time by Sweetwater, five times at that, it lost the game, too, 35-28.

The manner in which the Tigers handled Midland surprised most critics. The Tigers were generally considered a very slight favorite but nothing like 40-14. Many critics close to the situation predicted a Midland victory.

Midland, only a week before, had defeated a high ranked Baytown team, and the 26-point Tiger romp Friday certainly must have surprised a lot of people.

Colorado City let it be known that their previous victories over such teams as Kermit and Brownfield were no flukes by handing Littlefield its first defeat of the season Friday, 13-7.

Hold your hats, folks, this upcoming District 3-AAA race is going to be a "swash-bang" affair.

High Average

Tiger ball carriers at Midland Friday had to run hard and long for touchdowns. The scoring plays covered no less than 336 yards, an average of 56 yards per TD.

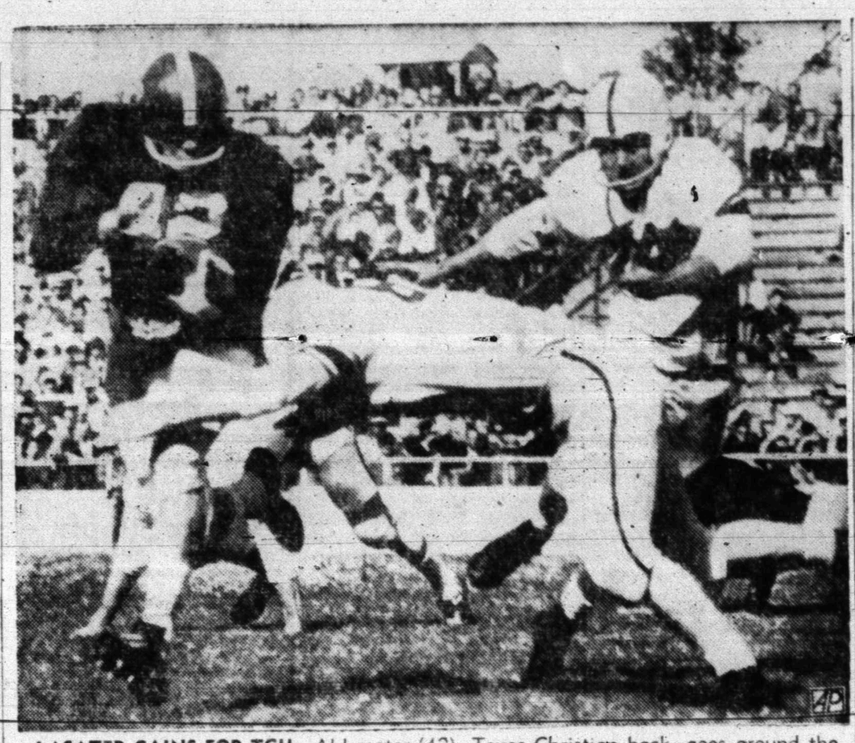

To our knowledge Dick Hayes' 94 yard scamper was the longest run from scrimmage in Tiger history. Also Richard Mahan's 90-yard kickoff return for a TD may very well rank as the top mark in this department in Tiger annals.

Then, too, we wonder if any other Tiger has ever intercepted two passes in one game for touchdowns such as Jimmy Allen did at Midland Friday.

We'd like to publicly thank Midland High School for the fine treatment we received in the press box Friday.

Coke, sandwiches, coffee and cake were served in the press box at halftime Friday, compliments of Midland High School.

There's no better way we can think of to create good will toward sports writers than through their stomachs.

LASATER GAINS FOR TCU—Al Lasater (42), Texas Christian back, goes around the Texas A&M right end for a 2 yard gain before being stopped by Jim Stanley (60) A&M guard and Carl Luna (74) A&M tackle in the first quarter of the Texas A&M-Texas Christian University game at Ft. Worth, Texas.

Texas-Rice, Ag-Bear Games Top SWC Slate

By HAROLD V. RATLIFF
Associated Press Sports Editor

Baylor makes the supreme effort against high-riding Texas A&M and Texas clashes with Rice in a game that grew to vast importance in a day and night as headliners of the Southwest Conference football race this week.

Before the season started they said Baylor's battle with A&M would be the one that actually decided the championship. Then the Golden Bears were favorites to unseat the Aggies from the throne. But Baylor took a defeat from Arkansas and now the game with A&M will be mostly for survival.

Texas gave the league a shock Saturday when it whipped Arkansas, the outfit that had been put in Baylor's place as the chief challenger for the title. The Longhorns licked Arkansas 17-0 in an afternoon game. That night Rice outscored Southern Methodist 27-21 to move into a tie for the conference lead with Texas and Texas A&M.

So, the game at Austin Saturday night between Rice and Texas has become more important than the Baylor-Texas A&M struggle.

The Aggies are the only undefeated, untied team left in the league but they were far from impressive Saturday as they went through their fifteenth game without defeat. A&M beat Texas Christian 7-0 yet the fans went away from the park thinking TCU should have been on the big end of the score. The Horned Frogs did everything but win, parading up and down the field, once reaching the Aggies' 5-yard line and twice biting to the six.

It left the impression that the Aggies might be had whereas before they were considered virtually untouchable.

Baylor, a crippled outfit, was lucky it wasn't playing a conference game. It beat Texas Tech 15-12 without using some of its ailing regulars and will probably be in top shape for the bitter clash with the Aggies.

Two conference teams return to the intersectional wars. Arkansas meets powerful Mississippi at Memphis with small prospect of a victory. Texas Christian plays Marquette at Milwaukee and will be easy favorites to trim the winless Hilltoppers.

These are two of the last four intersectional games on the schedule. The conference has a record of 12 victories, 5 defeats and 2 ties in intersectional play but needs a triumph over a top-rated team to make it impressive.

Defense Is Texas' Secret

AUSTIN, Tex. (AP)—For a team that last year lost 9 games out of 10 and had positively the worst defensive record extant, the University of Texas is enjoying a sensational football season.

Nine days ago Texas played Oklahoma down to the last gun before losing 21-7. One week later, the Longhorns whipped a fine Arkansas team that was undefeated and ranked 10th in the nation 17-0.

Now the folks are talking about a Southwest Conference championship and a great duel with ancient enemy, undefeated Texas A&M on Thanksgiving Day.

There are some mighty tough teams to be played before then. Rice next Saturday, for instance.

But Texas already has had a great season, winning three out of five and commanding respect from everybody. How did it do it? A defense is the secret. Good old, "jaw to jaw" football, as Coach Darrell Royal puts it.

When the former Oklahoma quarterback took over the despairing Longhorns this year, he found that the basic weaknesses were lack of defense and an adequate kicking game.

He found which players wanted to play — that is, who would mix it up and continue to mix it regardless of what happened. So, few of last year's regular team are on this year's outfit. There are 11 sophomores among the top 22. Only Walter Fondren, the talented quarterback, is playing from last season's backfield.

The defense is 50 per cent improved.

Illini Must Now Face Mad Spartans

By ED CORRIGAN

Illinois jumps right from the frying pan into the fire this week and Coach Ray Eliot and his band of Illini know right where they're heading.

They skipped out of the frying pan Saturday when they upset Minnesota 34-13.

This Saturday, they hit the fire against Michigan State, the badly mangled giant of the Big Ten.

The Spartans, No. 1 team in the country in last week's Associated Press poll, were trampled by flu-ridden Purdue 20-13 in the biggest upset of the season so far.

"Michigan State will be really out to get us now," Eliot said today. "And to make matters worse, it's their homecoming."

The Purdue defeat could cause Michigan State to lose a Rose Bowl bid. Ohio State and Iowa, the defending champion, still are undefeated in conference play.

On the other side of the Rose Bowl, the Pacific Coast Conference, things are just as misty. Washington State could have neatly wrapped it up Saturday by beating Oregon.

But Oregon won the game 14-13 when State quarterback Bobby Newman missed the extra point after the Cougars' second touchdown.

State already had licked California and Stanford, the other Rose Bowl eligibles. But State can still make it. Everything hinges on how Oregon does against California this week and Stanford Nov. 2.

Oklahoma, which won its 44th straight game Saturday, a 47-0 rout of Kansas, goes against Colorado this week.

In the Southwest Conference, there doesn't seem to be a team capable of blocking Texas A&M's surge to another title, although at the moment, the Aggies are tied with Texas and Rice for the lead.

The Aggies received an unexpected loft from Texas Saturday when the Longhorns, a weak sister in the loop last year, upended Arkansas 17-0. The Aggies had no easy pickings, either, escaping with a 7-0 decision over Texas Christian.

The tough Atlantic Coast Conference race could be decided this week when Duke and North Carolina State tangle. The Blue Devils, with a spotless 5-0 over-all record, will be favored. They humbled Wake Forest 34-7 Saturday. Unless catastrophe strikes, Duke's path to the Orange Bowl appears clear. North Carolina State is on probation.

Maryland, until last year a power always to be reckoned with, is showing signs of coming back under Tommy Mont. The Terps jacked their record to 2-2 Saturday by upsetting North Carolina 21-7.

In the Southeastern Conference, Auburn's 3-0 triumph over Georgia Tech left only Florida as a problem of any sorts for Auburn.

Army, which licked Pitt 29-13, jumped into the lead for Eastern honors which might not be settled until the Cadets meet Navy Nov. 30.

Pro Loop Turning Into 'Donnybrook'

By DON WEISS
The Associated Press

Philadelphia bounced Cleveland, Detroit stunned Baltimore — and just like that it's a jam-up today in the National Football League.

Five teams hold a share of first place. Everyone's been whipped at least once and what looked to be a possible pullaway for the Browns and Colts now has all the earmarks of another flip-flop donneybrook.

Both the Eagles and Lions created the chaos yesterday by getting even with opponents they'd bowed to quietly in earlier games. The Eagles beat Cleveland 17-7 and Detroit upset Baltimore 31-27. The Colts had led 27-3 midway of the third period.

Cleveland's loss dropped the Browns into a first-place tie in the Eastern Conference with New York's world champion Giants, who routed Pittsburgh 35-0 in their home opener. Detroit and Baltimore share the Western Conference leadership with San Francisco, which pulled even at 3-1 by cuffing Green Bay 24-14.

In other games, the Chicago Cards routed Washington 44-14 to tie Pittsburgh for third in the East both only a game off the co-leaders pace, and Chicago's slumbering Bears finally got into the win column, calling on rookie Willie Galimore for four touchdowns in a 34-26 victory over the Los Angeles Rams.

Four touchdown passes by Johnny Unitas—giving him 12 for the brief season—fired Baltimore into a 27-3 lead when the reviving Lions got to work. Detroit still was down 27-10 with only nine minutes remaining but rallied behind a Bobby Layne-to-Hopalong Cassady pass combination to pull it out with three quick touchdowns two in the last 90 seconds. Layne's 29-yard toss to Cassady did it with 45 seconds left.

Rookie quarterback Sonny Jurgensen was the Eagles' big man as he passed for one touchdown against the previously unbeaten Browns and scored another on a sneak.

Veteran Chuck Conerly passed for 155 yards and two touchdowns for the Giants against a Pittsburgh team that never got past New York's 25-yard-line.

Y. A. Tittle handled the brunt of the 49ers offense, throwing for two touchdowns and plunging for another.

Galimore ran for four touchdowns from within the Rams' 20. The Bears led 34-13 before two late Los Angeles touchdowns.

Galimore Has Field Day

CHICAGO (AP)—"Willie Galimore, give it to Willie Galimore," shouted the veteran Chicago Bears yesterday after scoring their first victory of the National Football League season in a 34-26 triumph over Los Angeles.

The shouts were for Galimore's presentation of the game ball.

"It was supposed to go to a defensive player," said Coach Paddy Driscoll, "but, I guess Willie really deserved it."

The rookie from Florida A&M certainly did. Galimore, playing his first full game in league competition, raced for 153 yards in 24 carries and scored four touchdowns. His four touchdowns tied a Bear individual mark set by Harlon Hill and tied by Rick Casares.

The victory was the first of the season for the Bears, defending Western Division champions, and brought about hopes they might again finish on top despite three losses.

"We can go now," said owner George Halas. "The boys showed what they can really do."

Galimore, a wiry youngster of 21, didn't think his feats were too great.

"It was a long time a-coming," said Willie, who starred for the Bears in exhibition play.

"After that great exhibition season I thought I'd really roll," said Willie, "but I just couldn't get started."

It wasn't Galimore's fault. He was hurt early in the Green Bay opener and never did get back into the lineup until a week ago when he put on a fine show in the fourth quarter only to have the Bears reel back and drop a 21-17 decision to San Francisco.

Bill Hartack's first 1957 stakes victory aboard a 2-year-old came last April when he won the Lafayette Stakes with Bumpy Road at Keeneland, Ky. Since then he won stakes on five other 2-year-olds.

West Texas State Keeps Hopes Alive

By The Associated Press

While the two leaders sat by and watched, West Texas State kept its foot in the Border Conference door and the other two teams in action split 50-50 with interconference opponents.

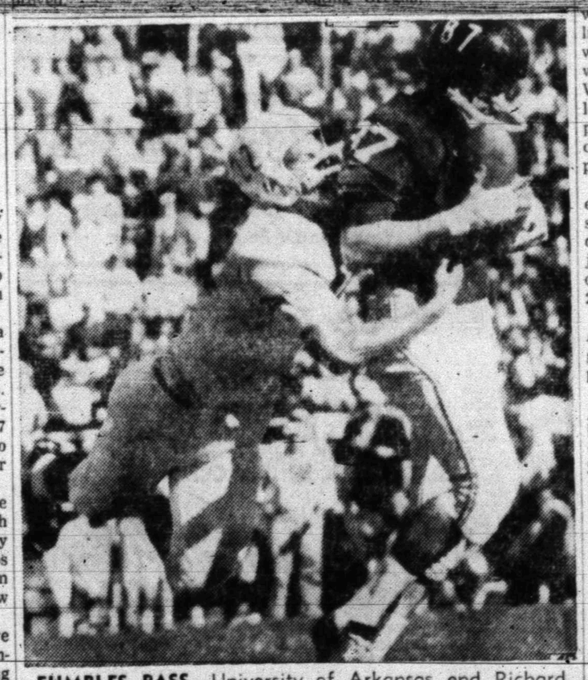

Texas Western and Arizona State College at Tempe, both undefeated, untied and sharing the conference lead, had open dates.

West Texas evend its conference standings at .500 with a 35-7 romp over lowly New Mexico A&M and relit a faint hope for a share of the conference title.

Hardin-Simmons helped the league's intersectional record with a 27-14 victory over the University of Wichita. Arizona took its lumps for the first time in 17 years from an aroused University of New Mexico team 27-0.

Two conference games are scheduled this weekend. Hardin-Simmons and West Texas meeting in the big one. Texas Western should have it easy against New Mexico A&M.

Arizona State plays San Diego State and Arizona meets Texas Tech.

FUMBLES PASS—University of Arkansas end Richard Bell catches a pass from Arkansas quarterback Don Christian in the first quarter of the Arkansas-University of Texas game at Fayetteville, Ark. Texas' back Bobby Lackey makes the tackle and Bell fumbled, Texas recovered the ball. (AP Wirephoto)

3-3A Teams Win 4 Out Of 5; Loop Play Begins Friday

District 3-AAA enjoyed another profitable weekend last week, winning four out of five games.

Only Lake View, 27-7 victims of Odessa Ector, prevented a complete sweep.

Snyder and Colorado City, the two pre-district leaders, stayed abreast of each other by winning Friday, the Tigers bowling over Midland, 40-14, and C-City subduing Littlefield, 13-7. Both the Tigers and Wolves own 5-1 season records.

Sweetwater made big noise with its 35-28 win over previously undefeated, untied and unscored upon Graham Steers.

Rounding out 3-3A action last weekend, Lamesa got back in the win column with a 13-7 victory over another previously undefeated team, Littlefield.

Friday's play wound up the pre-conference schedules for all 3-3A teams.

Conference action gets underway Friday with Sweetwater journeying to Lake View and Colorado City to Lamesa. Defending champion Snyder has an open date this week.

Sweetwater is favored to manhandle Lake View with ease but the Colorado City-Lamesa game is a tossup.

Snyder has the top offensive mark in 3-3A to date with 146 points in six games for an average of 24.3 points per game.

Colorado City has the top defensive mark, the Wolves having allowed only 32 points to six opponents, an average of 5.3 points per game.

Sweetwater is second in offense with 112 points while Lamesa is second in defense with 48 points given up.

Following is the District 3-AAA scoreborad:

DISTRICT 3-AAA STANDINGS

TEAM	W	L	T	PCT.	PTS.	OPP.
SNYDER	5	1	0	.833	146	68
Colorado City	5	1	0	.833	66	32
Sweetwater	3	1	1	.700	112	89
Lamesa	3	2	0	.600	67	48
Lake View	0	6	0	.000	33	149

Last week's results:
SNYDER 40, Midland 14.
Sweetwater 35, Graham 28.
Lamesa 19, Monahans 0.
Colorado City 13, Littlefield 7.
Odessa Ector 27, Lake View 7.

This week's schedule:
Sweetwater at Lake View.
Colorado City at Lamesa.

Candidates For MVP Award Are Considered

NEW YORK, Oct. 19 (AP) — Will the winners of this year's major valuagle player awards once again come from pennant winning teams?

Nineteen of the 26 National League MVPs since 1931 have been on first place teams and 17 of 26 in the American.

From their 1957 performances, it appears that five players in each circuit will be given serious consideration.

They are Hank Aaron, Red Schoendienst, Warren Spahn, Willie Mays and Stan Musial in the National League. And Ted Williams, Mickey Mantle, Billy Pierce, Gil McDougald and Roy Sievers in the American.

San Angelo Coach To File Protest

SAN ANGELO (AP) — Football coach Max Bumgardner of San Angelo Junior College planned a protest to the National Junior College Athletic Assn. today over treatment he says his team received in a game with Trinidad College at Trinidad, Colo. Saturday night.

The game was forfeited to Trinidad when Bumgardner pulled his team off the field and left midway of the third period in protest over the officiating.

He declared his boys were abused and that there was "biased and unqualified officials" used.

FIRM EXPANDED—Mrs. Virginia Schiebel, owner and operator of the Book Nook & Gift Shop, 3004 Avenue T, is shown above in the new addition to the shop. Size of the firm has been more than doubled affording more display room, and a lounging area where customers may sit while selecting items such as Christmas cards or gifts. (Lee Watson photograph)

Book Nook & Gift Shop Will Offer Discount On Yule Cards

Until Nov. 15, a 10 per cent discount is given on all Christmas cards by the newly expanded Book Nook & Gift Shop, 3004 Avenue T.

Mrs. Virginia Schiebel, operator of the shop, said that the firm has a wide selection of cards from which to make immediate selection, and an even wider selection available in albums from which an individual's order may be selected.

For the person who wishes to have a more personalized Christmas card the Book Nook & Gift Shop offers a one day monograming service on all Christmas card orders.

"One of the best features of the monograming service is that it saves the customer much time in preparing the cards for distribution," Mrs. Schiebel said.

An addition to the shop has just been completed which more than doubles the size of the building, and provides not only much more display space, but also affords a lounge area where the customer may sit and leisurely make his or her selection of cards and gift items.

The selection of Christmas cards is sometimes a lengthy process and a place to sit while deciding on the individual cards is welcomed by most customers, Mrs. Schiebel said.

Christmas cards at the Book Nook & Gift Shop range in price from 59 cents to $4.75. Any cards selected can be monogramed at only a nominal cost.

Along with expansion of the size of the shop, many new lines of gift items and a wider selection of books is now available at the shop.

"Books make one of the best Christmas gifts — especially for children," Mrs. Schiebel said.

The firm has a wide selection of both children's and adult's books.

"Everything for the bride," is a slogan of the Book Nook & Gift Shop, because of the wide variety of bridal items offered for sale, and the wide variety of services provided by the firm.

"All invitations, napkins, the complete party service, stationery and gifts are available in the bridal and party department," Mrs. Schiebel said.

Chrystal punch bowls, china and chrystal and silverware are rented by the Book Nook & Gift Shop for large parties of all types.

Everyone is invited to visit the Book Nook & Gift Shop to see the many new items on display and the newly expanded shop.

Gifts for both adults and children are given to everyone visiting the shop during the firm's celebration of its expansion.

Military Landmark Will Go On Sale

GALVESTON (AP)—One of Texas' military landmarks, Ft. Crockett, goes on sale tomorrow to the highest bidder.

An estimated 300 bidders from 20 states are expected to offer more than a million dollars for the 73.5 acres of land on the beachfront.

The land has been divided into 14 tracts and will be offered for sale as a whole or by individual tracts. All property has been zoned for business.

Portions of the fort have been retained by the government for federal use.

Oil Industry Leader Dies In California

PALO ALTO, Calif. (AP)—William Pinckard, 63, who began his career in the oil industry with the Texas CO., in Port Arthur, Tex., in 1917, died here yesterday.

In 1936 he helped form the Caltex Group, owned jointly by the Texas Co. and the Standard Oil Co. of California. He became president of California-Texas in 1946 and chairman in 1950. He retired in April after 40 years in the oil industry.

Fire In Nacogdoches

NACOGDOCHES (AP) — An estimated $25,000 in damage was caused by fire in a dry goods store yesterday. Fire Marshal Reggie Reagen said the blaze was probably caused by faulty wiring.

Woman Is Blinded By Party Prank

CATTERICK, England (AP)—The husband of 27-year-old Mrs. Edna Mackie said today she had been blinded in one eye by a firecracker thrown at an army going-away party in which one of the leading lights was the Duke of Kent.

The duke, a 22-year-old cousin of Queen Elizabeth II, and other young lieutenants at Catterick training camp last week pelted an outbound troop train with rotten apples and bags of flour.

Oackie said his wife was standing a few yards away watching the sport when a firecracker thrown from the train exploded in her face.

He added that an army eye specialist at the camp where Mrs. Mackie is a civilian clerk "has performed an operation but as far as we can tell she lost sight of one eye completely."

A spokesman for Kent's regiment, the Royal Scots Greys, conceded that the duke took part in the horseplay but said, "He was not involved in this accident."

Planning Bill Is Criticized

CORPUS CHRISTI (AP) — State Sen. George Parkhouse of Dallas criticized yesterday what he called a political provision in the proposed million dollar statewide water planning bill.

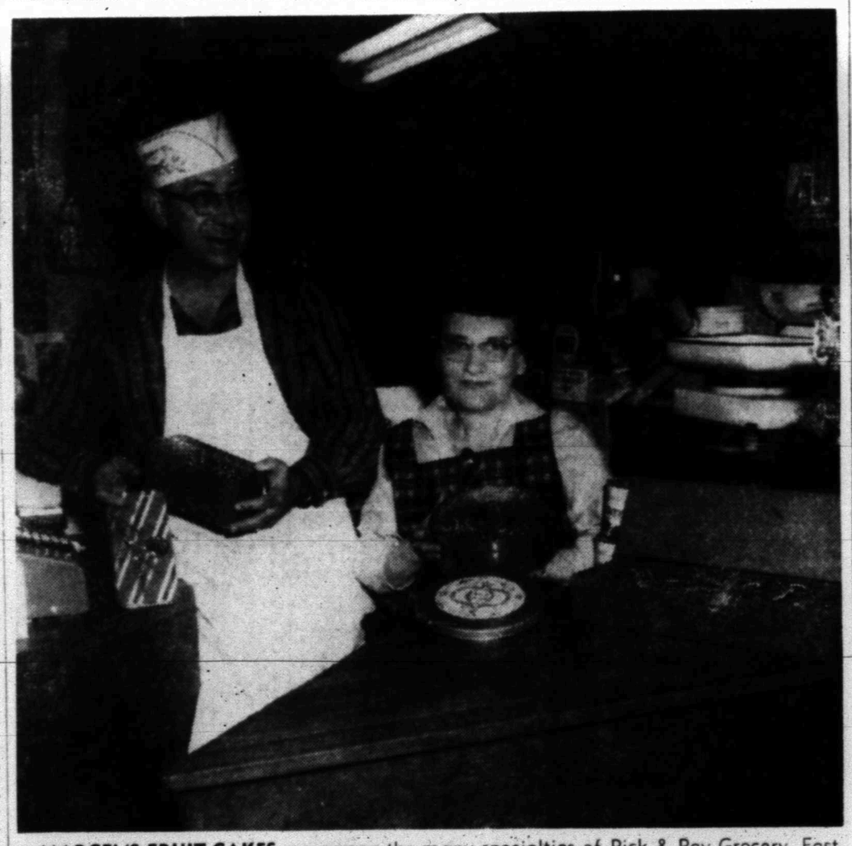

Parkhouse said the provision allows the governor to approve any appointment of a state water planning engineer by the State Board of Water Engineers.

"I don't think the governor should have any part of it," Parkhouse said. "There's too much politics on that board now."

Both he and Sen. William Fly of Victoria, speaking before the water resources committee of the South Texas Chamber of Commerce, said the bill as now written is confusing.

Fly warned there is a movement to take power away from the Board of Water Engineers.

The committee recommended that the bill be endorsed provided more power and money are given to the Board of Water Engineers.

MARCEL'S FRUIT CAKES are among the many specialties of Pick & Pay Grocery, East Highway, for the holiday season. The store, well known for its complete line of specialty foods and staple groceries, has fruit cakes in cans, prepared especially by Mr. and Mrs. Marcel Josephson, shown here holding one round and one oblong cake. Pick & Pay has been in business 25 years in Snyder and is celebrating its anniversary this week. (Lee Watson photograph)

25th Anniversary Celebrated By Pick & Pay Grocery Here

One of Snyder's most unique businesses is this week celebrating its twenty-fifth anniversary here.

It is Pick & Pay Grocery, 411 East Highway, owned by Mr. and Mrs. Marcel Josephson.

The store, which specializes in items which most groceries do not have, was established in October, 1932, by Josephson and was then located on the north side of the courthouse square, where Franklin's is now located.

Later, Josephson moved the store to the northeast corner of the square, the present location of Fenton's Dad & Lad, where there was more room. The store remained there for 18 years.

Six years ago the Josephsons opened on the East Highway, in the store's present location.

And since locating there, Pick & Pay has specialized in having one of the most complete lines of staple and fancy grocery stocks in the country, even though the store is small.

Pick & Pay handles Richelieu, Reese, an Wolferman lines of fancy groceries and a complete line of cocktail foods.

The firm also caters to parties, and it cooks hams and makes salads for all occasions on order.

One of the best known specialties of the store is "Marcel's Fruit Cake," which this year is attractively packaged in oblong and round tin cans. Marcel's cakes have been much in demand by residents of this area, who ordered several hundred pounds last year during the holiday season.

The store carries a complete line of food gift assortment, including jelly, preserves, pickles, olives, and cheese, as well as having party cookies, box candy, and others in the miscellaneous food assortment line.

Pick & Pay's specialities also include fresh fish and variety breads on weekends.

While the store is well-suited for holiday foods, it is also well-known for everyday grocery buying, especially since it has the specialties many residents here like. The store carries a complete line of merchandise at competitive prices.

"And we have plenty of parking room around the store," Josephson said. The store is open daily from 7 a.m. to 9 p.m.

The Josephson family operates the business. Other than Marcel, there is Adelle (Mrs. Josephson) and two daughters, Barbara and Fredrica.

Rep. Patman Is Speaker

SULPHUR SPRINGS (AP)—Rep. Wright Patman of Texarkana today addressed a luncheon of Texas A&M College and Livestock Sanitary Commission officials, kicking off a program aimed at wiping out the cattle disease brucellosis.

Hopkins County was picked for a pilot control program. Some 465 owners of 20,000 cows are to take part, said Dr. George Gray of Sulphur Springs, brucellosis chairman of the Texas Veterinary Medical Assn.

Gray said pasteurization protects milk drinkers from the disease but added that milk from diseased animals is not as good as that from healthy ones.

He said between 40 and 50 per cent of all dairy herds in Texas are infected with the disease. He said several states have almost wiped it out by testing and liminating diseased cattle and vaccinating calves.

Vote Slated At Pleasanton

PLEASANTON, Texas. (AP) — Voters in the Pleasanton school district will decide next Saturday whether to integrate schools here.

It will be the first local option election held under a state law enacted by the 55th Legislature which requires a favorable vote of the people before any further integration can take place in Texas schools.

"We are doing this primarily to protect our accreditation," said school Supt. J. D. Klingeman.

"Our Negro facilities are inadequate and have been declared so by the Texas Education Agency.

"We feel voters will put accreditation standards above the other issues involved," he said.

Klingeman said the district has only 36 Negroes out of 1,476 students in its 5-school system.

Klingeman said schools would be integrated immediately if the proposal passes.

The state law provides that state aid can be cut off from districts which integrate without favorable vote.

MOTHER SIGHS

Poor George Is The 'Fall Guy'

BUFFALO, N. Y. (AP)—Although the hospital calls his condition satisfactory, George A. Fiske, 4, doesn't see it that way at all.

From his bed today, George contemplated the following events of the week just past:

Wednesday he cut his finger on a broken bottle. His mother, Mrs. George F. Fiske, bandaged it for him.

Thursday, while romping about the living room with his brothers Glen, 5, and Paul, 3, he smacked into a chest of drawers. At Sisters Hospital four stitches were taken in his head and George was sent home.

Friday, Mrs. Fiske was in the basement washing diapers for baby Karen, 7 months, with all four children watching.

When she said "Let's go upstairs and get an apple," George was caught in the stampede up the stairs and fell. At Sisters Hospital, they stitched up a cut on his chin.

Saturday, George fell strangely silent, confessed to his mother he had a headache, and finally admitted he'd cracked his head on the edge of a bathtub.

At Sisters Hospital, they found he had a slight concussion and this time took him in.

"Poor Georgie," sighed his mother last night, "he's always the fall guy."

Meanwhile, back at the hospital, George sobbed to a visitor, "I need to go home."

Ohio Blaze Kills Eight

BELPRE, Ohio (AP) — A fire blamed on defective wiring yesterday killed a mother and seven of her children and left three other members of the family homeless.

The fire swept the tiny second-story apartment of Mr. and Mrs. Lloyd Snider. The father and two sons were not in the building.

Killed were Snider's wife Vivan, 36; four daughters, Linda, 14, Sheila, 11; Mona, 7, and Reta Jo, 5 months; and three sons, Mickey, 9, David, 3, and Danny, 2. Firemen said they were suffocated.

The father and his oldest child Ronnie, 16, were visiting Mrs. Snider's mother in Vienna, W. Va., not far from this small Washington County community. Another son, Darrell, 13, was in Camden-Clark Hospital in Parkersburg, W. Va., across the Ohio River.

Young Children Killed In Blaze

AMARILLO (AP) — Four young children, who apparently huddled together in terror when fire swept their home, were asphyxiated last night by smoke.

The victims, children of Airman 1.C. Aaron White, 27, were found on a bed in a back room of the six-room frame house. The fire broke out while White was taking a babysitter home. His wife was ill with influenza in the hospital at Amarillo AFB, where he is stationed.

Dead were Kathy, 6, Aaron Jr., 4, Sharon, 2, and Stanley 18 months, all Negroes.

White told newsmen he saw smoke billowing from the house after abandoning his car, which got stuck a few blocks away on a muddy road.

He suffered a severe cut on his left wrist when he smashed a picture window trying frantically to reach the children. White said he searched the front part of the house before being driven out by flames.

Firemen rushed the children to a hospital where doctors worked with resuscitators for more than an hour in a vain attempt to revive them. White and his wife, Lurine, 22, are natives of Oakwood, Tex.

Estimate On Cattle Given

AUSTIN (AP)—The U.S. Department of Agriculture estimated today 85,000 cattle and calves were on feed for the market in Texas Oct. 1.

This was 38 per cent, or 53,000 head, less than a year earlier but 20,000 head above those on feed July 1.

The USDA said the decline from last year was caused by the many feeder cattle being put on the market last October because of the drought. Lush range and pasture grass is plentiful, particularly on the eastern side of the state. Fall marketings are being delayed to take advantage of the grazing.

Dancer Breaks Strap In Royal Performance

LOS ANGELES (AP) — Dancer Marge Champion has a note from Prince Philip saying that he and Queen Elizabeth enjoyed her dancing even if she had to stop when her shoulder straps broke.

Marge and her husband Gower entertained the royal visitors Friday night at a state dinner given by Secretary Dulles.

As Mrs. Champion boarded a plane for Los Angeles she was handed a note written on White House stationery, reading: "The Queen and I enjoyed your dancing very much last night. This is just to express our sympathy for the unfortunate mishap to your dress. Philip." Two green orchids accompanied the note.

Four Die In Crash Of Trainer Plane

BAKERSFIELD, Calif. (AP)—Four people flying to Las Vegas, Nev., where two were to be married, were killed late Saturday night when their plane plunged into China Grade Bluff.

The party buried wartime four-seater Cessna trainer was found yesterday with the bodies of Kathleen Moore, 19, the bride to be, of La Crescenta; Hilding Andrew Linde, 22, her fiance; and his parents, Mr. and Mrs. Hans Lawson Linde, 47 and 42, of Bakersfield. Deputy Sheriff Art Cross said the plane apparently broke up in the air.

Escapee Apologizes

BEAVER, Okla. (AP) — Beaver County Sheriff A. L. Shook said Harry Henson, 59, held on a burglarly charge, sawed his way out of his jail cell after penning an apology. "I hate to do this but the boys came after me," Henson wrote. The "boys" were not identified.

Full Access To Meetings Sought

DALLAS (AP)—The Texas Associated Press Managing Editors Assn. has decided to try and pry open the doors of government meetings on all levels.

At the fall meeting of the association's Continuing Study Committee yesterday, the editors adopted a proposal to create a committee to develop a program to present to the Legislature. It would seek to give taxpayers full access to meetings and records of state and local governments and official boards.

The Texas Newspaper Publishers Assn., the Texas Press Assn., Delta Sigma Chi, journalism fraternity, and civic groups also would be represented on the committee.

Two rules changes were adopted for the news and photos contests to be held in connection with the group's annual meeting in San Antonio next January.

A category for sports features and columns was added to the news-writing contests. The editorial wrifing contest will be an open division this year instead of two divisions based on the size of the competing newspapers.

The committee sent its wishes for a speedy recovery to Brad Carlisle, managing editor of the Odessa American, who was injured Friday night in an automobile collision near Carrizo Springs.

News executives from throughout the state attended the committee meeting. They heard reports on The Associated Press news and photo reports, prepared under the supervision of David W. Hoster, managing editor of the Victoria Advocate. The meeting was conducted by Bill Collyns, editor of the Midland Reporter-Telegram, president of the association.

Robert E. Ford, state editor of the Dallas bureau of The Associated Press, told of his experiences in covering the Little Rock integration story in a question and answer period.

Ford said two of the biggest problems were getting information on what happened inside Central High School and the refusal of many persons to answer questions at critical points in the dispute.

In reply to a question, Ford said he was never under pressure from either side not to be objective in his reporting.

"We wrote the story as we saw it," he said.

EISENHOWER'S PAINTING OF PRINCE—This painting of Prince Charles, done by President Eisenhower, was presented to Queen Elizabeth and Prince Philip while the British royalty were guests in the White House.

Legislators Will Greet Gov. Griffin

HOUSTON (AP) — Oilman R. W. Milner Jr. said yesterday that 80 to 100 Texas legislators would come to Houston tomorrow to meet Gov. Marvin Griffin of Georgia and hear him speak.

The governor will talk on states rights and the Constitution at 8 p.m.

Milner, chairman of the Citizens Council of America in Texas, said three busloads of legislators are coming. He said buses from Beaumont and Woodville were expected and persons from as far away as Fort Worth and Dallas would attend.

His organization and other groups are sponsoring Griffin's appearance.

The governor was one of five members of a Southern Governors' Conference chosen to meet with President Eisenhower last month on the Little Rock crisis. He did not meet with the President, however, because Eisenhower said he intended to discuss more than just the removal of federal troops from the Little Rock school grounds at the meeting.

Rep. Martin Dies will introduce Griffin and Mayor Oscar Holcombe will welcome the governor.

Albert Durer, the noted German artist who died in 1528, was also famous for his copper-plate engravings.

DIVE INTO DRINK

Wine Is Saved By Frogman

RIVA DEL GARDA, Italy (AP) — The residents of this Alpine resort today toasted a frogman who went diving in a vat of wine.

Thanks to his prowess the juice of the local grape won't run in the streets.

Riva del Garda boasts a cooperative wine cellar housing 20 huge vats of 52,800-gallon capacity each. The farmers now are bringing in their new wine, which is piped down into the underground vats.

Yesterday a worker went below to the corridor adjoining the vats to inspect things. He found the passageway three feet deep in new wine. He started looking around to see where it came from. Then he collapsed, overcome by the fumes from the still fermenting liquid.

Minutes later a second workman entered the corridor to find the first man. The fumes got him too.

Other workmen sized up the situation quickly and rescued their befuddled comrades. But the wine continued to rise in the corridor.

Somebody thought of the frogman. The town is located on Lake Garda, in the Italian Alps, and has several experienced divers.

Tullio Cestari, 33, put on his breathing apparatus and waded through the heady flood. He located the overflowing vat but couldn't see what was wrong. So he climbed to the rim and dived into the 12-foot-deep tank.

Searching around, he found dirt had clogged the valve which channeled excess wine into another vat. He cleaned the valve and stopped the flood.

The overflow was drained away and fans were brought in to blow the gases out.

Riva del Garda's 1957 vintage will only be 40,000 gallons less than anticipated.

Four Persons Killed In Headon Collision

BRONTE (AP)—A headon collision 2½ miles south of this West Texas town yesterday claimed the lives of four persons. One other person was injured.

The dead were Airman 1.C. George Stevens, Brooklyn, N.Y.; Airman 2.C. Michael Clements, Mansfield, Ohio; Charles Crayton, 26, Wingate, Tex., and the latter's father, J. R. Crayton, also of Wingate.

Airman 2.C. William Butler, Florence, Ala., was hospitalized at Goodfellow AFB, San Angelo.

The airmen were stationed at Dyess AFB, Abilene.

24 TRAFFIC DEATHS

State Violence Toll Soars

By The Associated Press

A wave of tragic accidents sent the weekend violent death toll in Texas soaring to its highest non-holiday total in months. At least 32 persons were killed violently, including 24 in traffic accidents.

Four young Negro children were asphyxiated by smoke when fire damaged their home in Amarillo Sunday night. The tragedy took the lives of all the children of Airman 1.C. Aaron White, 27, a native of Oakwood, Tex., now stationed at Amarillo AFB.

The victims, Kathy, 6; Aaron Jr., 4; Sharon, 2, and Stanley, 18 months, were found huddled together in a back bedroom of the six-room frame house. Doctors tried in vain to revive them for more than an hour.

Two separate traffic accidents claimed the lives of seven persons Sunday.

Four died in a griding headon collision near the West Texas town of Bronte. Dead were Airman 2.C. George Stevens, Brooklyn, N.Y.; Airman 2.C. Michael Clements, Mansfield, Ohio; Charles Crayton, 26, Wingate, Tex., and his father, J. R. Crayton, also of Wingate. The airmen were stationed at Dyess AFB in Abilene.

A train and an automobile collided at a crossing north of Arlington Sunday, killing two young children and their aunt.

The victims were Mrs. Charles Tigert, 26, Arlington; her niece, Terri Smith, 3, and her nephew, Stephen Smith, 2. They were the children of Mrs. Tigert's sister, Mrs. Mike Smith of Waco.

Harry Russell, 20, Anna, was fatally injured Sunday when his car hit a horse near Dallas.

Wanda Eppler, 10, Madill, Okla., died at Memphis Sunday when the car in which she was riding collided with another vehicle.

Paul Franks, 44, was killed Sunday night when his car struck a car at Texas City.

Mrs. Francis Nagiller, 23, Big Spring, was killed Sunday when the car in which she was riding hit high water in a draw crossing ranch road 33 miles north of Big Lake.

Mrs. Morris Burger, 62, San Angelo, died in a headon collision north of San Angelo Sunday.

Perry Vandeveer, 73, Alamo, died Saturday of injuries suffered in a fall.

Thurman Packard, 28, Corpus Christi, was killed Saturday in a traffic accident 20 miles north of Raymondville.

Mary Callico, 17, was killed when an auto overturned near Houston Saturday.

T. A. Thompson, 53, was killed at Houston Saturday night when his auto and a train collided.

Patrick Kern, 18 months, of Houston drowned in a lake at Houston Saturday.

James Butts, 23, of Whitesboro, Tex., his wife and their young daughter were killed Saturday night near Gainesville in a traffic collision.

Gerald Crooks, 31, was killed in traffic south of Seymour Friday night.

Mrs. Eleanor McNutt, 49, of Hobart, Okla., was killed in a traffic crash near San Antonio Saturday.

Charles Strawn of Clayton, Okla., and Jackie Cripe, 19, of Camp Wolters, Tex., were killed in a traffic accident near Weatherford Friday night.

Mrs. Ida Dickenson, 73, of Loraine, Tex., was killed Friday night when hit by a car near Gainesville.

Manuel Guerrero of Alice was killed when an auto overturned near Laredo Saturday.

Wylie Foster, 21, was stabbed to death at Houston Friday night.

An unidentified man was shot to death at Houston Friday night by a watchman who said he caught him breaking into a cafe cash register.

Rodeo Draws Large Crowd

HUNTSVILLE (AP) — The Texas Prison Rodeo's Sunday performance was seen by 26,000.

Col. Jukchai Supanksen, chief of staff of the Cavalry Center in Thailand, said after the show: "This leaves me speechless."

The bulls gave a fitting climax to the third show of the 1957 series when a huge Brahman pulling a chariot took a flying leap over the arena stock gate.

Another bull gored Johnny McDonald, serving 12 years from Sherman, as he got trapped at the north end of the arena where two other bulls were waiting for the gate to swing open. Attendants said McDonald may have a back injury and several broken ribs.

State Fair Closes Sunday In Dallas

DALLAS (AP) — The 1957 State Fair of Texas was history today.

Closing day attendance yesterday soared to 192,119, pushing the total to 2,540,967, despite rain which dampened the first few days. The 1956 fair drew 2,672,253.
