Diana Wilson Again Champion Speller

Diana Wilson, 14-year-old eighth grade student, won the senior division of the Collingsworth County Spelling Bee, Tuesday, March 14, by correctly spelling the word "pagan", after her last remaining opponent had missed it. Diana then went on to spell "paradise" correctly, and assure her victory.

This is the second consecutive year she has won the county spelling bee and represented Collingsworth in the Regional Bee to be held later in the spring at Amarillo.

The Junior winner was Kloette Camp, 11-year-old sixth grader, who entered the spelling bee for the first time. She correctly spelled "achieved" after her opponent missed it, and also spelled the next word given her, "acidity."

Second place in the senior division went to Karen Gosnell of Quail, and third to Robert Cruz of Samnorwood. Leitha Martindale was second in the junior division, and Donna Langley of Quail, third. Each of these was a first place school winner.

Others in the senior competition were Mary Morgan of Wellington, Kathy Guthrie of Quail, and Bobby Myers of Samnorwood. Bobby, who placed third in his school, replaced second place winner Mark Thomas, who was ill. The other two were second place school winners.

Junior Contestants, also second place school winners were David Torrez of Quail, Diana Schaub of Samnorwood and Lisa Wilson of Wellington, Diana's younger sister.

Collingsworth County FARM NEWS

SHIN OAK POISONING

Time is approaching when Shin Oak poisoning in cattle may become a problem. Total annual loss in livestock from shin oak has been estimated to be more than $10 million in Texas alone. The shin oak plant is very palatable and toxic. The time of budding depends upon the temperature, but the first usually appear in late March and early April in the Southeastern Panhandle.

Sutdies have indicated that a good supplementary feed will reduce livestock losses due to oak poisoning but will not always prevent intoxication.

A supplementary feed containing calcium hydroside is more effective. The concentration of calcium hydroxide in the feed must be sufficiently high to counteract the oak tannins but low enough for the feed to be palatable. Research workers found that an antidotal feed containing 10 percent by weight of calcium hydroxide helped protect cattle. The best protection though is to remove stock from shin oak infested pastures during this critical time.

Piano selections were played by Mrs. Kenny Black of Childress, sister-in-law of the bride.

Jimmy Black gave his sister in marriage.

She wore a street-length dress of white, with a full length white lace coat, accented with a small standing collar. The full sleeves were caught in narrow cuffs, and a matching band edged the bottom of the coat. Her headpiece was a circlet of flowers, which held a shoulder-length illusion veil. She carried a bouquet of blue-tipped carnations on a white bride's Bible.

Attending the bride was her sister-in-law, Mrs. Jimmy Black, who wore a pale-blue knit dress designed with a sleeveless bodice and rounded neckline. Pleats gave fullness to the skirt. Her bouquet, matching the bride's, was of blue-tipped carnations.

Gaylan Mirandon of Gould, Oklahoma, was the best man.

After the ceremony, Mrs. Black was hostess at a reception attended by members of the two families and close friends.

The bride's table was covered with a white lace cloth with a blue underlay. Silver and crystal appointments were used and the centerpiece was the bride's bouquet. Guests were served by Miss Rita Hunter and Miss Rhonda Hunter of Eldorado, sisters of the bridegroom.

The bride was attending Wellington High School at the time of her marriage and will continue her studies at Gould, where the bridegroom is a senior.

MR. AND MRS. OLLIE B. WILSON

Mr. and Mrs. Ollie B. Wilson Honored On Their 50th Wedding Anniversary

Mr. and Mrs. Ollie B. Wilson were honored on their fiftieth wedding anniversary at a small reception given for relatives and a few close friends Saturday evening, March 11, in the Heritage Room.

The event was planned by their two children, Burlin Wilson of Pasadena and Mrs. Jack Boyer of Anchorage, Alaska.

Assisting were sisters of the couple, Mrs. J.H. Jones, Mrs. L.S. Riley of Pampa, Mrs. Fred Cummings, Mrs. Hugh Bledsoe, Mrs. Barney Glenn, and Mrs. Isla Mae Morris, and a sister-in-law Mrs. Dollie Mae Wilson.

Their son and grandson, Burlin Wilson and Lynn Wilson of Houston, received the guests. Visiting, bringing family news up-to-date, and a bit of reminiscing filled the evening.

Gold was the predominant color used in the entertaining room. The reception table was covered with a gold cloth, edged in a deep band of matching lace. The centerpiece was an arrangement of gold chrysanthemums, both large and small, and daffodils. Silver appointments were used. Mrs. Judith Sweat of Amarillo served the wedding cake; Mrs. Bill Wilson coffee and Miss Oleta Mercer of Littlefield, the punch.

Mrs. Granvel Killian of Hollis was at the registry, where a minature pitcher and bowl held an arrangement of daisies, stock and forsythia, to accent the gold crushed velvet cloth. The four are nieces of the guests of honor.

Mr. Wilson, the son of the late Mr. and Mrs. W.B. Wilson, was born in Ellis County and moved to Collingsworth in 1906, with the family.

Mrs. Wilson is the former Eunice Johnson, daughter of the late Mr. and Mrs. W.W. Johnson, and was born at Carbon, Eastland County. It was in 1917 that she came to the county with her parents.

They were married March 11, 1922, at the parsonage of First Methodist Church in Wellington by the Rev. R.H. Hucklebee.

For 20 years, they lived in the Salt Fork community and farmed. In 1942, they bought land in the Rolla Community and moved there to continue farming until 1953, when they moved their home to Wellington.

After retiring from farming, Mr. Wilson served as custodian for the school system and painting and repair work until ill health forced him into retirement in 1969.

Mrs. Wilson has been in sales and alteration work for local department stores, and has been with Hatch Dry Goods since 1958.

Both Mr. and Mrs. Wilson are members of First United Methodist Church, and she is active in the Wesleyan Service Guild.

Besides their two children, there are 5 grandchildren, Lynn Wilson, a Houston architect; Don Wilson, a student at Austin; Terri, Kelli and Jackie Boyer of Anchorage.

Mrs. Earl L. Bartlett Presents Book Review for 1954 Study Club

Mrs. Don Reeves was hostess to the 1954 Study Club on March 9th at the Heritage Room of the Wellington State Bank.

Mrs. Earl Lynn Bartlett presented the program, a lively review of the book, "Miss Willy" by Janice Holt.

In answer to a plea from a favorite niece, Miss Willy, a spinster school teacher, leaves a life of comfort and refinement in Texas to teach in a back-woods school in Kentucky. Although life on the "Ridge" is foreign to everything Miss Willy has known she tries hard to adapt and bring a higher degree of education to their children. She feels that she is making progress until an epidemic of typhoid, brought on by polluted spring water strikes most of her students and closes her school.

Feeling that she is responsible for not forcing an improvement of the school's water supply. Miss Willy undertakes to help nurse the sick children in their homes. She is finally overwhelmed by the ignorance, filth, and wretched poverty in which these people live and has determined to return to her genteel life in Texas, when a tirade by one of her "problem" students helps her to understand some of her false conceptions of life.

The poor and ignorant are present everywhere. Never before has she been so exposed to them and their problems. The realization sweeps over her that only with assistance, understanding and encouragement can these people ever hope to change the condition of their life. A return to her former life in Texas now appears barren, dull, and empty. Her marriage to a "Ridge" resident marks the beginning of her new life and continuing efforts in behalf of education in that area.

During the business session members continued plans for the Tiny Tot Revue to be held on March 28th.

Members attending were: Mrs. E.W. Clement, Mrs. Lynn Courtney, Mrs Roy Collins, Mrs. Fred Cox, Jr., Mrs. Wayne Cudd, Mrs A.J. Fires, Mrs. Cal Hurst, Mrs. Kenneth Maxwell, Mrs. Jerry Nix, Mrs. Virgil Patterson, Mrs Paul Spillman, Mrs. R.L. Templeton, a guest; Mrs. Arthur Woods, the guest speaker; Mrs. Bartlett, and the hostess, Mrs. Reeves.

Questions People Ask About the Catholic Church

Q. I notice the term "non-Catholic" is never used in your column. Why not?

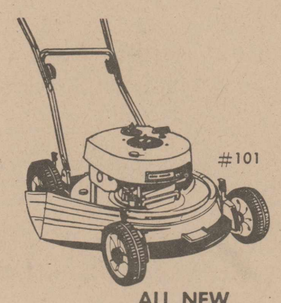

A. It denotes a non-entity of some kind, and I think is rather offensive to my Protestant friends. I think they would rather be called Baptists, or Methodists, etc., rather than something negative like that. The nicest term applied to all of us is of course, Christian, a follower of Jesus Christ. After all, what's in a name?

Q. Do you think Judas, the Betrayer, is in Heaven?

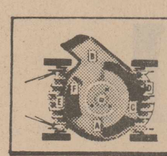

A. Only God can say for sure who is or isn't in Heaven. We don't know if God gave Judas a moment to repent while hanging from that tree. If he did, he's in Heaven. If not, he most likely isn't. We'll find out when we get there.

Any Handicapped May Get Easter Seal Help

"Do you know a handicapped person who needs help and isn't getting it?", is the question being asked by Mr. Jack Neeley, who is Collingsworth County's Easter Seal Representative, and the person to contact for services from the Easter Seal Society for Crippled Children and Adults of Texas.

The Easter Seal Society offers rehabilitation services to help disabled persons and their families to find and make the most effective use of resources which will be helpful to them in developing their abilities and living more purposeful lives, he said.

This is accomplished through direct treatments, services, education, research, and cooperative efforts with all other health agencies, private, state and federal. The Easter Seal Society does not duplicate services, but strives to fill all unmet needs of the disabled, he added.

The Easter Seal Society is carrying out its forty-second annual Easter Seal Appeal from February 28 - April 2, to finance a program of rehabilitation services for crippled children and adults. The Texas Easter Seal Society helps support 19 treatment facilities where children and adults are treated regardless of ability to pay. Physical therapy and speech and hearing programs are offered to help the disabled make their lives fuller, despite their handicaps.

Mr. Neeley urged persons in Collingsworth County to increase their support of the Texas Easter Seal Society and its programs of services to the crippled children and adults of Texas.

Laycock on Seminar Trip

Dr. Kenneth M. Laycock, vice president for planning and development at West Texas State University, is one of about 60 U.S. educators now attending a series of seminars in Europe.

Dr. Laycock, who grew up at Abra, is the son of Mrs. W.M. Laycock, who still lives there.

The invitation came from Phi Delta Kappa, national education fraternity, and the Center for the Study of International Education.

The seminars will be conducted in Leningrad, Russia, Tallinn, Estonia, Moscow, Sofia, Bulgaria, and Paris.

"Secondary schools and higher institutions will be visited with the idea of encouraging an international dimension in the thinking and decision-making of college administrators," Dr. Laycock said.

"The most eminent and world-renowned educators of the nations scheduled to be visited will participate in the seminar sessions," he added.

Dr. Laycock received the invitation nearly a year ago while still dean of the WTSU College of Education. He became vice president for planning and development last fall.

The American educators left New York March 6 and arrived in Leningrad the next afternoon. They will return to New York through Copenhagen, Denmark, March 27.

VA Dividends Record in Year

The Veterans Administration has some welcome news for 4.1 million veterans due a record $286 million in dividends paid this year on World War I and II government life insurance policies, according to Jack Coker, VA Regional Director.

The dividends, Coker said, are not subject to federal income tax, and need not be reported as income on tax returns.

Veterans who have instructed VA to hold insurance dividends in interest-bearing accounts, however, must report accrued interest as income, and pay federal tax on it, it was pointed out. One out of seven veterans falls into this category, the VA officials said.

Coker also explained that although government life insurance proceeds generally are not taxable, death benefits are counted for federal estate tax purposes.

Last month, VA announced payment of insurance dividends during the first six months of this year under an accelerated schedule. Ordinarily these dividends are paid during the year on the anniversary dates of policies.

Hospital Patio Chosen Garden Club Project

The Wellington Garden Club has as its new continuing project the beautification and care of the flower beds around the patio of Collingsworth General Hospital. Approval of the work was given recently.

None of the other projects of the club will be dropped, the new one is only an extension of the valuable service the Wellington Garden Club renders.

The other new project, under way for several months, is building an entrance to the North Fairview Cemetery, newest of the town's three cemeteries. Plans include planting of evergreens and shrubs.

The Wellington Garden Club is the only club in Wellington that has operated solely for the purpose of beautification of the city, Mrs Howard Riggs pointed out.

Projects which have been under way for several years and are continuing, are the cemeteries and Ellison Park.

"The Garden Club has built an entrance way to both the Memorial Gardens and South Fairview Cemeteries, also has set out many evergreens in both cemeteries, but because of lack of water, many have died," Mrs. Riggs continued.

"We have worked hard and spent time and money in Ellison Park. With the co-operation of City officials, we plan more intensified work there at an early date.

"The money you invest in fund-raising projects, including the game tournament on March 24 at the club room of the community building, will be used to further these projects of the Wellington Garden Club as we continue to work for the beautification of Wellington and Collingsworth County."

Tower Names Coordinator for 13-County Area

Austin, -- Sen. John Tower today designated an Amarillo grade school teacher as coordinator for 13 counties in the Amarillo area of the Senator's re-election campaign to the U.S. Senate.

Miss Sue Anne Wiens, second and third grade teacher at the Lawndale Elementary School in Amarillo, will coordinate campaign activities in Potter, Randall, Gray, Swisher, Childress, Carson, Wheeler, Hall, Collingsworth, Donley, Briscoe, Armstrong and Oldham counties.

A graduate of West Texas State University, Miss Wiens is active as a Sunday School teacher, youth sponsor, and Girl Scout planning board adviser at the Polk Street Methodist Church in Amarillo.

She served as vice chairman of the Republican party in Potter county in 1970 and 1971, and was active in statewide GOP campaign activities in the 1970 elections.

Father Burke Is Shamrock Speaker

Father Pat Burke, Parish Priest of the Catholic Church here, fulfilled another of his frequent public-speaking engagements last Wednesday in Shamrock, when he addressed the Shamrock Boosters Club.

The luncheon meeting was held in the basement of the First Methodist Church. Father Pat was invited by three of Shamrock's leading men, who are also his parishioners; Jack Roach, who is Vice-President of Farmers and Merchants Bank, Bill Howe, editor of the Shamrock Texan, and John Miller, the Chamber of Commerce President.

Father's topic was the violence and bloodshed in Northern Ireland. He has visited the area many times since the upheaval began in 1969, and has been shot at by terrorists on three seperate occasions. He explained the entire history of the troubled province, beginning in the year 1609, and tracing the causes of the unrest up to the present day.

Father Pat said there can be no solution to the problems there until the IRA ceases its shootings and bombings. "Violence only begets violence", he said, quoting his late friend, Senator Robert Kennedy. He favours withdrawal of all British forces from the North, and a united Ireland under the Republican government in Dublin.

Absentee Voting Under Way In Three Major Elections

Three major elections come up on April 1, all calling for our serious thought.

We will vote in the county-wide election to elect the hospital board; trustees will be elected in each of the three school districts; and Wellington will name three members of the City Council.

Absentee voting began Monday, March 13, and it is strongly urged that any voter expecting to be out of the county on April 1 cast his vote absentee not later than Tuesday, March 28. Most of us can foresee a week ahead of time if we are going somewhere, on April 1, for either business or pleasure.

We are strongly aware of the need for our support of the Collingsworth Hospital District. It is our representatives who are running it now.

City and school elections, however, usually draw only a light vote. Yet the city is embarking on one of the major projects of the decade, the water program.

Our three schools are very much a part of the biggest change in Texas free public schools in the 116 year history, although this change is spread out over several years.

Voting absentee does not take very much time. It does give us a voice in how these three government subdivisions are going to be run in the next few years.

Land Buyers Beware

Land has long been a good investment in Texas. Land also has been a speculative venture for many buyers. This is the situation today.

"There's no way in the world that a man can pay $300 an acre for that land and get his return on it from agriculture," a South Texas banker is quoted as saying in the March issue of Farmer-Stockman magazine. That statement was made three years ago, the land price is higher today.

More than 4,100 loans to veterans have been made for the land purchases in the past year by the Texas Land Commissioner's office. Since it began, the program has enabled almost 46,000 veterans to buy land. Constitutional provisions will permit the Veterans Land Board to issue $30.7 million more in bonds to finance land purchases by veterans.

To date the program has been a financial success. As long as land prices are high, this will continue. But every land buyer should understand that his acreage is a specualtive item. Prices are high and cannot be justified by agricultural productivity.

STATE Capital NEWS

By Bill Boykin

Bitterness is expected to flare in the House of Representatives on opening day of the session -- whenever it is. An effort is almost certain to be made to oust Speaker Gus Mutscher who is being tried in Abilene on charges of conspiring to accept a bribe in the form of 1969 bank loans and pre-arranged insurance stock profits.

A coalition, in an effort to avert the House clash, is pushing Rep. L. DeWitt Hale of Corpus Christi as interim speaker. The leading speakership candidate, Rep. Rayford Price of Palestine wants a showdown vote on electing 2 new speaker immediately.

CRIME INCREASE -- More major crimes were committed in Texas in 1971 than in 1970, but the increase actually was the smallest since 1963, the Department of Public Safety reports.

Cities over 100,000 population reported fewer major crimes -- a total of 298,033 as compared with 307,149 in 1970. The overall crime rate for the big cities was up three-tenths of one per cent.

The DPS Crime Report based on information submitted by Texas sheriffs and chiefs of police shows 482,386 major criminal offenses during 1971, an increase of 13,324 over 1970. All categories except theft (which declined 11.7 per cent) increased. There were 1,687 murders, 3,075 rapes, 14,385 robberies, 137,140 burglaries, 34, 472 aggravated assaults, 48,323 auto thefts and 243,344 thefts.

STORM INSURANCE CUT -- A 26 per cent reduction in windstorm insurance rates for non-beach property in 14 coastal counties was ordered last week.

The cut, directed by the State Board of Insurance, takes effect before the hurricane season for those structures at least 2,500 feet from shore, 20 feet above mean sea level or protected by a seawall.

Property owners have been paying 150 per cent above normal rates through the Texas Catastrophe Property Insurance Pool. Beachfront property will continue at three times standard rates.

The Insurance Board also raised the maximum amount of insurance available through the pool from $100,000 to $200, 000 on dwellings and from $500, 000 to $1 million on commer-

SIGNS CHANGING -- Watch for changes in traffic control devices, signs, signals, and markings along Texas highways.

Texas Highway Commission approved them in the manual on uniform traffic control devices, based on recommendations of the American Association of State Highway Officials and Federal Highway Administration.

Changeover will be from words to symbols and pictures as part of an international move toward greater uniformity and clarity in road signs. The change will be gradual, with new signs going up initially on a replacement basis. Panels explaining the new symbols will be placed under the signs at first, then removed in about five years.

SHORT SNORTS

Texas Court of Criminal Appeals held extending voting rights to 18-year-olds did not give them the right to serve on juries in this state.

New regulations allowing insurance companies to cancel auto policies only for failure of the insured to pay premiums or for license suspension or revocation have been adopted by the State Board of Insurance.

Internal Revenue Service said a spot check of 4,579 retail stores showed 95 per cent are complying with base price posting regulations.

Cigarette smokers paid $3.5 million more in state taxes last month than in February 1972, State Treasurer Jesse James reported.

A University of Texas study group believes debris washed away from coral reefs in some coastal waters to deeper ocean could provide the key to finding future fuel and energy resourc-

VETERANS LAND BONDS SOLD -- Forty million dollars worth of Texas veterans land bonds were sold last week at the lowest rate -- 4.03658 per cent -- paid by the program since 1961.

Land Commissioner Bob Armstrong said the sale assures continued financing of the program until early 1974. Constitutional interest rate ceiling for the bonds is 4.5 per cent.

The Veterans Land Board is constitutionally authorized to sell another $30.7 million in bonds to finance the program which has enabled almost 46, 000 Texas veterans to buy land.

CROSSROADS REPORT

Dear Editor:

I see where government made the cigarette peddlers quit using TV ads, but they spent part of their savings on newspaper ads and increased their sales.

My TV-sot neighbor says all outfits which rudely snatch away a program he's watching and start pitching for their product get put on his list of people not to buy from on account of their manners.

Says he buys from printed ads, which do not butt in while he's reading a good murder or skyjacking story and start him worrying about the iron content of his blood or his regularity.

Mrs. Rainey Delegate to TSTA Meeting

Mrs. Selby Rainey, Samnorwood teacher, will be an official voting delegate at the 93rd annual state convention of the Texas State Teachers Association March 16-18 in the San Antonio Convention Center.

She is among the 1,390 TSTA local association members who have been certified as representatives to the 1972 House of Delegates, which will meet twice at the convention to discuss and act on proposed amendments and to the TSTA Constitution and other business.

President of the Texas Teachers Association is Archie Roberts, who was reared at Wellington and graduated from high school here.

The official delegates are elected from the 459 TSTA local associations throughout the state. They are certified by districts on the basis of one delegate per 100 members or fraction of 100. Every local association is entitled to at least one official delegate.

With total statewide membership in TSTA at a record 146,800 this year attendance at the convention is expected to exceed 10,000.

Featured speakers will be Glenn Olds of Kent, Ohio, president of Kent State University, and Max Lerner of Waltham, Mass., a professor of American civilization and institutions at Brandeis University.

National FHA Week Slated March 19-25

"Profiles of Youth" is the theme of National Future Homemakers of America Week, March 19 through 25. More than half-a-million members in 11,000 FHA and HERO-FHA chapters throughout the United States and its territories will carry out special activities and observances to point up the profiles of the youth who are members of this national organization for home economics students in the secondary schools.

Wellington has two FHA chapters, junior and senior, and Quail and Samnorwood have one chapter each.

National President, Marsha Bowen, a high school senior at Spanish Fork, Utah, refers to National FHA Week as "an opportunity to make the Future Homemakers of America organization a familiar profile of leadership among our schools, communities and nation."

As an integral part of the home economics education program in the secondary schools, FHA provides opportunities for the development of creative individual and group leadership in home, school and community activities and for working cooperatively to promote democratic principles. FHA chapters for students in home economics related occupations courses, encourage the continuous growth of individual members in terms of their increasing ability to make constructive decisions. FHA offers experiences which help prepare these young men and women members for adult roles in society.

Through individual and group activities, Future Homemakers of America builds character, develops poise, helps members adjust to social situations, encourages community participation, promotes friendliness and teamwork, teaches leadership, responsibility, and preparation for a vocation.

Activities at all levels, national, state and local are youth directed. Twelve national officers elected annually help develop and promote the National Program of Work and plan and preside over the annual National Meetings. The FHA members themselves decide on their goals and purposes and plan their activities and projects.

Future Homemakers of America was founded June 11, 1945 as an incorporated, nonprofit organization supported by membership dues. Nationwide in membership and effort, it is co-sponsored by the U.S. Office of Education through the Division of Vocational and Technical Education and The American Home Economics Association. High School home economics teachers, members of the state home economics education staff and leading home economists serve as advisors to chapter, state and national youth officers, giving guidance and counseling to the program.

National headquarters are located in Washington, D.C.

The Texas Association of Future Homemakers of America has over 75,000 members in 1600 chapters. These chapters are participating in FHA Week activities to develop the national theme of Profiles of Youth.

The annual state meeting of the Texas Association will be April 21-22, 1972, Convention Center, Fort Worth. More than 5,000 members and advisors are expected to attend.

The theme of the meeting is "We Can If I Will." The young people planning the meeting chose this theme because they believe that problems of society can be solved.

Family-Youth Seminar Honors Teen Citizens Thursday Night

An evening which spanned the interests of several generations occurred at a Family-Youth Seminar, entitled "Today's Youth --- Tomorrow's Family" and sponsored by the members of the 1924 Study Club.

Representative of local outstanding youth were those designated as Teen Citizens of the Month. Speical guests were the parents of those honored. The youth participated in part III of the seminar by each one telling "A Guideline in my Life." In a relaxed and inspirational Atmoshpere, the teenagers related to their subject with smiles, metaphors, hyperboles, poetry, scripture, and testimonials. The audience response was tremendous as the youth spoke with wit and forth-rightness.

Chairing the seminar was Mrs. Dennis Holland, club president. In part I, Mrs. Dee Coleman told of "Family Life Perspective by Year 2,000." Such took on added meaning when she reminded the youth that they would be reaching "middle age" by then, with possibly children the age the honorees are now.

In part II, Mrs. B.M. Sims spoke on "Importance of Listening to Youth" with vignettes assimulated as a delegate to the Governor's Conference on Children and Youth. The 600 delegates, half of whom were youth, agreed through the various task forces upon recommendations, some of which became part of bills passed by the Texas Legislature.

The lecturn was red and white with a banner saying " "Give Youth a Chance!"

Other decorations in this salute to Wellington youth were also red and white. The centerpiece of the refreshment table was an all-white globe with a garland of red flowers as the flame for the red skyrocket which was orbiting. Other appointments on the red cloth were red and silver.

Delta Kappa Gamma Observes 33rd Anniversary at Luncheon Saturday

Gamma Kappa Chapter of Delta Kappa Gamma Society observed the 33rd anniversary of its founding with a luncheon at Cherokee Inn Saturday, March 11. Wellington members were hostesses.

Miss Gladys Wallis of Amarillo was the guest speaker. Her program covered the theme, Agents of Change -- Moments of Truth.

If our society and porfession are to progress, who can contribute greater efforts toward change than Delta Kappa Gamma members? she asked early in her discussion.

All around us there is challenge of change. Educators realize beyond the call of duty is helping the young generation to a better understanding they are to face in the future, she told the group.

A teacher of five classes of American History in Tascosa High School, Miss Wallis has been a member of Delta Kappa Gamma 33 years. . . the number of years this teachers society has functioned, and she has held numerous offices and committee posts on both the chapter and state level.

In 1962-63, she was state parliamentarian, in 1967-68 she served on the state constitution committee. She is a member of Zeta Epsilon in Amarillo and was president of Pi chapter when the original chapter was divided into four groups.

As a special tribute to Delta Kappa Gamma, Miss Esta McElrath read one of her own poems.

Officers for the 1972-73 biennium were elected, with Mrs. Edna Smith of Childress, president; Mrs. Zola Donald of Goodnight, first vice president; Mrs. Jack Lowry of Samnorwood, second vice president, Miss Mabel Mongole of Clarendon, recording secretary; and Mrs. Marjorie Bain of Turkey, corresponding secretary.

Also in the business session, directed by Mrs. Aubrey Tribble of Memphis, president, committee reports were given by Miss McElrath, treasurer, and Miss Margaret McElreath, scholarship chairman.

Mrs. Rufus Sweat gave the invocation preceding.

Hostesses for the meeting were Miss Bonnie Willis, Mrs. Sweat, Mrs. Charley Hill, Mrs. Chester White, and Miss Maudie Coffee.

Deck's DIDACTICS

—by Deskins Wells

PRESTON SMITH will be returned to the office of Governor of The State of Texas next November.

* * *

THIS OCCURANCE will astonish and again bewilder some very powerful people and interests who have already invested millions of dollars to further the campaign of his opponent.

* * *

PRESTON SMITH has made a good governor and his administration has brought many constructive advancements to the welfare of the people of Texas. He has not made any bad mistakes and he has made many good moves. The Speaker of the House and the Lt. Gov. thought they had him nailed at the last session of The Legislature and he came out the winner.

* * *

HE HAS USED wisdom and restraint in not calling a special session of the Legislature to settle the matter of election expenses until the Court at Abilene had been allowed an adequate amount of time to hear the Mutscher case.

* * *

YOU WON'T find any of this optimism about the chances of Gov. Smith in any of the so-called public opinion polls. I can't remember him ever leading in the Belden poll; but I can remember more than once when he was listed way down or last. Yet when election time came and people elected him first Lieutenant Governor and then Governor.

* * *

IF YOU will get out and talk to them you will find that Preston Smith is again doing all right with the people who do a lot of the voting.

* * *

WHEN Sen. Edward Kennedy suggested that the United States intervene in the Irish tragedy there was bitterness in Britain and Ireland and consternation in the U.S. We have no more business meddling in Ireland than Edward's brother did in starting the shooting war in Vietnam. It was Johnson who did the escalating; but it was Kennedy who started the shooting.

* * *

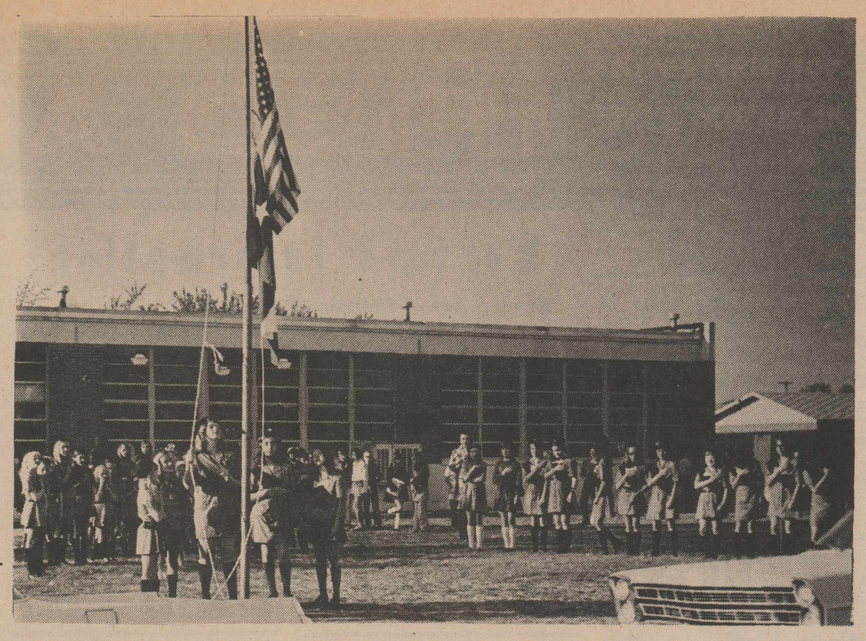

IF THE IRISH controversy is to be settled, it must be settled by the people who live there.

* * *

CONGRATULATIONS to somebody. Marian Airpark now has a windsox which will enable flyers to land in the daytime. It is an Enco sign obviously furnished by John Holton which is all right. I don't care whether it is ENCO, Petro or Dutch Shell as long as there is a windsox at the airport. Now we need lights at night.

MR. AND MRS. R.T. SAVAGE

Savage Makes Big Catch at Aransas

It takes a man from the high and dry Panhandle to show Gulf Coast folks how to catch big fish.

R.T. Savage, one of a number of Wellington residents fishing last week at Port Aransas, caught a 50 pound Drum while fishing in the Intercoastal Canal Aransas Bay area. At the time he and Mrs. Savage returned to Wellington, it was the largest fish that had been caught in that area during the season.

Two others from Wellington were not far behind. Mrs. David Caison caught the second largest catch, a 41-pounder, and Jimmie Kelso brought in one weighing 37 pounds.

Drum are considered an excellent eating fish, and the local fishermen had their catches filleted and frozen to bring home.

Mr. and Mrs. Caison and small daughter were visiting his parents, Mr. and Mrs. Claude Caison, who are spending the winter at Port Aransas. Members of Kelso's party included his son-in-law, Tom Lockwood of Austin and Ernest Harwell.

Several other Wellington couples are still fishing in Aransas Pass, Falcon Lake and Amistad Lake areas.

Forbis to Discuss School Tax Issue

John T. Forbis, Childress attorney who was educated in the Wellington Schools, will be the guest speaker at the Wellington Classroom Teachers Association banquet on Monday evening, March 20. The event will be in Bura Handley Community Center beginning at 7:00 p.m., according to Mrs. Chester White, president.

A member of the Childress School Board, Mr. Forbis will discuss the possible effect on Texas Schools of the Federal Court Ruling in the case of Rodriguez vs. San Antonio Independent School District. In this case, the three-judge Federal Court of the Western District of Texas, San Antonio, held that the use of ad valorem (property) tax money to finance local schools is unconstitutional under the 14th Amendment.

Nobody knows the answers, Mr. Forbis told Mrs. Bob McAlister, program chairman, but he said he would make an "educated guess" as to the future.

Mr. Forbis is the son of Mr. and Mrs. John Forbis.

Banquet guests will include senior members of the Wellington High School chapter of Future Teachers of America, members of the school board and their wives, Wellington school administrators and their wives, and a few additional guests. Altogether, about 75 are expected, Mrs. White said.

Mr. and Mrs. Oscar Ketchum of Los Angeles, Calif., visited relatives here Monday. She grew up at Memphis and owns land west of Wellington.

Horse Census Lists 650 Head in Collingsworth

Collingsworth County's horse population numbers 650, according to the recent horse census issued by the Texas Extension Service. And that is one of the smaller horse populations in this part of the Panhandle.

Texas is by far the naiton's biggest horse state, having an estimated 625,000 head of the 7.5 million in the U.S. Nobody knew just how many horses Texas had until the recent VEE epidemic finally gave the state some accurage figures to go on.

The Extension Service figures for other area counties includes:

Briscoe, 350.
Childress 768.
Cottle 1,000
Donley 1,500
Gray 2,110
Hall 700
Hardeman 1,000
Hemphill 1,150
Motley 2,000.
Ochiltree 900.
Roberts 700
Swisher 1,800.
Wheeler 1,100
Potter 4,175
Wichita 6,000

Harris County (Houston) has the most horses of all, 35,000. The county with the smallest horse population is Upton County with 300.

Western Art Show Planned At Clarendon

On March 18 and 19, from 1:00 to 5:00 p.m. a Western Art Exhibit will be held at the Farmer's State Bank of Clarendon. This exhibit will include the the paintings of our professional area artists, Kenneth Wyatt, Carl J. Smith, Bob Moline, Gerald Collins, and Ted Bell.

A special exhibit of the work of the late Harold Bugbee, Clarendon's Cowboy Artist, will also be on display. All paintings will be for sale.

A various collection of antiques depicting the west will be on exhibit; so, for those of you that enjoy good art and love antiques, the Les Beaux Art Club cordially invites you to attend this showing.

Mrs. Moreman was the mother of Jack Moreman, who formerly lived here and now is at Ft. Worth. She had lived at Hedley since 1920, and died Friday afternoon.

She was a member of the United Methodist Church at Hedley.

Kindergarten Doing Its Part for Ecology

The First Baptist Church Kindergarten is participating in "My Weekly Reader" Earth Patrol No. II. This is an ecology project.

A nation-wide program, Earth Patrol is to make children conscious of and involved in ecology said Mrs. Don Van Pelt, teacher. The entire idea is that children can help keep from polluting the earth if they learn early enough.

In this project, the Cub Scout Dens 1 and 2 are their co-operating groups, as the little children have to have an older group to help.

Since all the children use the park more than anything else, Ellison Park was chosen for clean-up campaign. The Kindergarten youngsters have picked up trash and bottles.

The program closes Friday, March 17, and their work will be judged with that of other children over the country.

Each child will receive a merit award to be framed and hang in his home.

Scouts will receive credit for a merit badge in landscaping.

Children are Lynn Bartlett, Darvin Nix, Barry Long, Marilyn Hamilton, Debbie Anderson, Dwanna Barton, Suzie Greenway, Veronica Foster, Tim Maxwell, Bob Owens, Dana Hiett, Bryan Wilbur, Scott Bobbitt, James Cleveland, Mike Breedlove, Allison Neeley, Bill Reeves, Chad Holland, Creed Wright, Jay Warrick, Dee Ann Williams, and Aaron Barton.
