## Briefly

### Open house

The Texas Department of Health will hold an open house and ribbon cutting Wednesday, May 17, from 1-3 p.m. at its new office location, 505 Chestnut, Suite A.

The department moved to its new location from Wallace Center on Monday, May 1. The office is located at the northwest entrance.

### Cancer Society

The Mitchell Unit of the American Cancer Society will meet at noon Thursday at the Villa Restaurant for a dutch-treat luncheon and meeting.

All interested persons are invited to attend.

### Fund established

A fund has been established at First State Bank in Loraine and at VFW Post 9178 for Marty and Martina Martin of Austin for burial expense for their son.

### Grad dance

LULAC will sponsor a graduation dance for all graduating seniors from Colorado High, Loraine High and Westbrook High schools Saturday, May 27, from 8 p.m.-midnight at the Civic Center.

Music will be by "La Patria" from San Antonio. Food and refreshments will be served.

All seniors interested in participating are asked to call Sara Ortiz at 728-8302 (10 a.m.-5 p.m.) or Esther Goss at 728-3038 after 5 p.m. or stop by Ortiz Auto Sales.

### Diabetes group

The Diabetes Support Group will meet Thursday at 7 p.m. at 505 Chestnut. Speaker will be Dr. Donald F. Wheat, D.P.M., from Abilene Foot and Ankle Clinic.

All interested persons, not just diabetics, are invited to attend.

### Band concert

The Colorado Middle School band, under the direction of Joey Ashbrook, will present a spring concert Friday, May 12, at 7 p.m. in the high school auditorium.

Admission is free and the public is invited to attend.

### VFW auxiliary

The Ladies Auxiliary to VFW Post 9178 will meet Thursday at 8 p.m.

The men's board meeting will be at 7 p.m.

### Around town

SANDY MOSHER going to Lubbock...ANTHONY LARA gets tripped...Bob Lemons gets soaked...BECKY HAROLD joins the run...LAFRENCH 'The Friday' HILL anchors...KATHY BASHAM's cat provides some excitement...

### Deaths

STATE CHAMPION! - Colorado High School senior Sandi Smith, right, was named Class AAA state champion in shorthand during University Interscholastic League competition this past weekend in Austin. Holding the plaque is her teacher Mrs. Joan Lemons.

## Police investigating attempted abduction

Colorado City Police Chief Bobby Sparks says although the investigation is continuing, his department has turned up no new leads following a recent attempted abduction case.

Sparks said that on Friday, April 28, at about 4 p.m., a 14-year-old youth reported that a man tried to abduct him as the youth waited for his mother to pick him outside Wood's Boots store on Interstate 20.

Sparks said the youth said that a man, described as Hispanic, 6 foot tall, about years old and with black shoulder length hair, drove up in a two-door light gray car and motioned him to the car. As the youth turned around to walk away, the man got of his car and grabbed him. The youth managed to break away, tearing his T-shirt in the process. The youth ran away through a field behind

Wood's Boots and to a residence on 17th Street at which time police were notified. The youth said as he was running through the field, he saw the car drive toward 17th Street.

Sparks said his department conducted an extensive search of the town looking for the car and also notified other law enforcement agencies of the attempted abduction.

Sparks said his department was notified about three weeks ago of a Hispanic man in a white van attempting to abduct children from an elementary school playground in Ward County and about a week ago of a man in a white van trying to do the same thing in Midland. At that time, local school officials were notified and advised to be on the lookout for

## Economic development meeting set Thursday

Colorado City Council members Tuesday night heard final plans on a city-sponsored community conference on economic development set Thursday.

The meeting will be from 6-10 p.m. at the Civic Center, and City Manager Brenda Hammond said all interested persons are encouraged to attend.

Julia Moake of the Office of Community Initiatives of the Texas Department of Commerce in Austin will be the featured speaker. Also on hand will be representatives of the West Texas Central Council of Governments, Lone Star Gas Co. and TU Electric.

Thursday night's meeting will focus on defining economic development, on assessing community strengths and resources and on setting local economic development goals. TU Electric and Lone Star Gas representatives will arrive earlier in the day and

tour the community.

In other business during Tuesday night's lengthy meeting, the council tried to settle a dispute with Jerry Rutherford, owner of Truck Town Restaurant, over an unpaid water bill. Rutherford complained that he was being charged for water used by the adjacent truck stop because both businesses were on the same water meter. After listening to Rutherford, Bill Glass, owner of the adjacent truck stop, and city water superintendent David Sanders, the council instructed the city staff to reconnect the water to the restaurant and waive the \$30 reconnect charge. Rutherford will be given 90 days to pay the \$700 past due bill. Each business has its separate water meter now, and he and Glass should, after the 90-day period, be able to determine how much each owes of the \$700

BROWNES HONORED - Jimmy and Don Browne of Browne Bros., Inc. were honored as the Small Business Persons of the Year by the Colorado City Area Chamber of Commerce during a coffee Tuesday at City National Bank. Presenting them with their award on behalf of the chamber was Paul Hunter, left. From his left are Don Browne, Mrs. Don (Nelda) Browne, Mrs. Jimmy (Leona) Browne and Jimmy Browne.

## School board meets with attorneys

Colorado City school board members spent much of the night behind closed doors during their meeting Monday as they conducted two executive sessions, one which concerned the lawsuit filed against the board by the League of United Latin American Citizens (LULAC).

LULAC is seeking single member voting districts rather than the present at-large method of electing school board members.

Following the first executive session with its attorneys, the board voted to "authorize the school administration to finalize the collection of data necessary to evaluate the plaintiffs' allegations and to instruct the attorneys representing the

board to review the data and to contact the plaintiffs' attorneys to discuss an appropriate course of action, including possible settlement."

Meeting with the board during the executive session were local attorney Tom Rees and Waco attorneys Mike Morrison and David Quinn. The Waco attorneys are the ones actually representing the school district in the LULAC suit.

The second executive session concerned personnel and no action was taken following it.

In other business, the board approved the resignations of band directors David Sims and Joey Ashbrook. The board also

agreed to offer a contract to Stephanie Baker of Slaton, who will be teaching math as well as coaching girls' athletics, said Dr. Jim Ramsey, superintendent.

The board had planned to open bids for asbestos abatement from Kelley, Hutchinson and middle schools, but tabled action until the administration can review the bid specifications.

The board also approved salary schedules for the 1989-90 school year so that contracts can be readied. Ramsey said that the schedules are the same as the 1988-89 school year, and that adjustments can be made after next year's budget can be studied.

The board also:

- granted a tax refund of \$66.61 to the Isaac Smallwood Estate on a mineral interest which had been paid in error;
- sold a 1976 48-passenger International bus to high bidder D.E. Krause of San Antonio for \$1,268;
- took no action on awarding of bids for two fuel storage tanks to be used by the transportation department until the bids can be studied further;
- approved several board policy updates as recommended by the Texas Association of School Boards, and;
- approved 20 student transfers into the district for next school year.

## Legal opinion sought on cemetery ownership

Mitchell County Commissioners' Court Monday decided to seek an opinion from County Attorney Clay Strange concerning legal ownership of part of Mitchell County Cemetery.

Several weeks ago, a group of citizens asked the county to help maintain the cemetery which is located in the northwest part of Colorado City. Commissioners at that time questioned whether they had the legal right, since the west part of the cemetery is referred to as the Catholic cemetery and is separated from the east part by a chain-link fence.

Monday's action came after commissioners received a letter from Rev. Michael D. Pfeifer, bishop of the San Angelo diocese of the Catholic

Church, who said that the church has no objection for removal of the fence which separates the west and east portions of the cemetery and for the county to assume full control of the cemetery. Although the church has the cemetery listed on its property rolls, there is not a deed stating rightful ownership.

The west party of the cemetery is apparently the oldest part with some of the graves dating back to the 1800s.

Pct. 3 Commissioner Larry Hale said he believes the cemetery was never deeded to the Catholic Church and that the fence was erected several years

See COUNTY, Page 2

## Dance added to list of Mayfest activities

The Colorado City Area Chamber of Commerce invites all to participate in the Mayfest event Saturday, May 20, beginning at noon.

Elm and Walnut streets will be blocked from Second to First streets downtown for the event.

New and used boats and recreational vehicles will be shown by local and out-of-town dealers and local merchants will have sidewalk sales.

"We are renting sidewalk space for only \$5 for those who wish to display arts and crafts, baked goods, food booths and flea market/garage sale items. This is open to individuals or organizations," said Ettie Walker, chamber manager.

Tickets also are on sale for the "All You Can Eat" fish fry to be held from 4-7 p.m. during Mayfest. Cost is \$4.50 - \$3.50 for adults 60 and over and for youngsters 11 and under. Tickets can be pur-

See MAYFEST, Page 2

From Page 1  
bill.

The council approved a recommendation by Sanders that liquid caustic be added to the water at the water treatment plant to control corrosion in the unlined cast iron pipes that deliver water in the city. Sanders said that the caustic will not affect the quality or taste of the water, but will help to control the corrosion which does affect water quality and taste. Equipment will be installed at a cost of \$3,676 to feed the liquid caustic into the water system.

Following a presentation by Jim West of Southwestern Bell Telephone, the council instructed Mayor Jim Baum to write a letter to the Public Utilities Commission (PUC) voicing support for the telephone company's Texas First plan. The five-year plan calls for a freeze on local rates while providing up-to-date digital telephone systems in towns, including Colorado City. In return,

## MAYFEST

From Page 1

chased at City National Bank, First National Bank, Consolidated Federal Bank and the chamber of commerce, 157 West Second Street.

A dunking booth, tortilla making contest, rod and reel casting contest, perch contest (one minute to catch a perch bare-handed), and a "Miss Mayfest" contest for men are also scheduled. Entertainment will be featured throughout the day.

Saturday evening, there will be a dance in the "Truss King" building on First Street. Tickets will be \$5 each.

For more information, contact the chamber at 728-3403 or go by 157 West Second Street.

## POLICE

From Page 1

such a van. Sparks said the description of the man in the white van closely matches that of the man in the gray car.

Sparks said there have been no further reports of the man in the white van and said he is unsure if the man in the gray car could be the same person.

"Just because Colorado City is a small town doesn't mean things like this can't happen here," said Sparks, adding that parents need to keep a close watch on their children.

Southwestern Bell is asking PUC to increase its cap on earnings from 12 percent to 13 percent.

The council approved two changes in the regulations concerning use of the Civic Center by deleting the restriction of selling tickets at the door and by deleting the requirement of two police officers on duty at dances where alcohol is being consumed.

The council turned down a request from the Industrial Team which asked that permission be granted to store compressed cotton in the old Truss King building owned by the industrial group. Ben Lancaster said the group has an opportunity to rent the building for \$700 a month for storage purposes. However, the council cited fire and building codes which prohibit the storage of such materials in that building.

In other business, the council:

- granted a zoning code variance to Greg Stuckey at 805 Vine for a carport;

- appointed Dr. Dee Roach as the city physician to replace Dr. Thomas Aguilon who retired;

- heard a report from Fire Marshal Billy Ray Williamson concerning new regulations concerning liquid petroleum tanks;

- heard a report from Mrs. Hammond concerning a recent meeting about the 911 emergency telephone system;

- presented a "Teamwork Award" to Record Editor Ray

## COUNTY

From Page 1

ago on the basis of a verbal agreement.

However, County Judge Mac Morris said that "we don't actually have a deed" to the cemetery.

Commissioners Johnny Shackelford and Ed Roach said they want to make sure it's county-owned property before any improvements are made and agreed with Morris that Strange be asked to give an opinion on the legal ownership.

In other business, the commissioners agreed to advertise for bids for an intercom system for the county jail. Sheriff Wendell Bryant said a new intercom system is needed in order for the jail to meet standards.

Commissioners also gave approval for Bryant to solicit bid proposals for minor remodeling of the apartment area of the jail into offices for Bryant and his deputies. Bryant was also given

Mayo for economic development news;

- instructed City Attorney Mark Piland to review the peddlers permit ordinance and to make recommendations at a future meeting for possible changes, and;

- heard a report from Mrs. Hammond concerning a recent inspection of the sanitary landfill by the Texas Department of Health in which the facility was found to be in compliance.

In a continuing study of various city departments, Sanders gave a list of accomplishments of the water department for 1988-89 and gave a general overview of the waterworks department. City Secretary Glenna Garrett reported on the various duties and responsibilities of City Hall employees, and Mrs. Hammond reported on the duties and responsibilities as city manager.

Mrs. Hammond also reported on problems encountered recently with trash collection and said the city has received numerous calls from citizens complaining that their trash had not been picked up. Mrs. Hammond said a plan cutting the number of sanitation employees from nine to six did not work out and that in addition, the trash trucks have been experiencing mechanical problems. She said that the trucks are now back in service and that "we will try to get back on line" with the

permission to purchase office furniture for the offices from the Texas Department of Corrections in the amount of \$3,300.

Following a presentation by Jim West of Southwestern Bell Telephone, the commissioners agreed to draft a resolution to the Public Utilities Commission favoring Texas First, a plan which would upgrade local telephone equipment while freezing rates for five years.

The commissioners agreed to advertise surplus equipment for sale with bids to be opened Tuesday, May 16. Morris said a variety of equipment will be sold with lists available at the county auditor's office.

Additional concrete work at the DPS building and around the courthouse was tabled for further study. Also tabled was action on specifications for a soil stabilizer for county roads.

old schedule.

Council member Bob Reilly asked Mrs. Hammond about construction of a new office for her at city hall, and he and council member Rex Thackerson quizzed her about the money funded for such an expense. She said that \$15,000 was allocated in this year's budget and that she was trying to meet an Aug. 1 deadline to meet handicap access regulations. She said that regulations require all offices to be accessible to the handicapped and constructing a new office in the old fire station bay area would achieve that goal.

Baum said Mrs. Hammond should have informed the council of the work before it was started.

Thackerson agreed, adding that "you need to inform us of what's going to happen. We have to know enough to talk to the citizens."

Council member Dee Hearn reported on a meeting she and Mrs. Hammond with some members of the Plainview Industrial Foundation and told of some of that city's successes in promoting economic development.

Council member Eric White commended Mrs. Hammond and Mrs. Hearn for their work on the economic development program Thursday night but quizzed Thackerson on a recent economic development meeting at which only some of the council members were invited.

Thackerson said he was invited, but did not make out the list of who was invited. The meeting was held at the courthouse and Thackerson said it was attended by a cross-section of the community.

## Anderton presents carillon recital

Mrs. Arla Jo Payne Anderton of Lubbock, formerly of Colorado City, played a recital on the carillon at Iowa State University at Ames, Iowa, Saturday, May 6.

Mrs. Anderton has studied carillon at Texas Tech University with Dr. Judson Maynard for the past five years. She plays the Tech carillon regularly.

A true carillon is a collection of bells ranging in size from a few pounds each to hundreds or thousands of pounds each. The performer plays the instrument by striking batons with the hands and also pushing pedals with the feet.

Mrs. Anderton is a Carillonist member of the Guild of Carillonists of North America. She advanced to full membership in the Guild in 1986 by successfully playing a full recital on the Peace Tower Carillon at the Houses of Parliament, Ottawa, Canada.

The Colorado City band directors with whom Mrs. Anderton studied music were Bob Newman, Dwight Tomb and Warren Thaxton. Her instrument in band was percussion. She continues to teach percussion students privately in Lubbock.

In the years since her Colorado City band days, she has performed with the San Angelo

Symphony, Houston Civic Symphony, Roswell (N.M.) Symphony, Lubbock Symphony Orchestra and the Texas Tech Percussion Ensemble.

This summer Mrs. Anderton will play two Sunday evening recitals on the Baird Memorial Carillon at Texas Tech and on July 14, she will be performing on the Glasscock Memorial Carillon at the First Baptist Church in Corpus Christi.

The works Mrs. Anderton performed in Iowa were *Theme and Variations on America*, arranged by Leon 't Hart; *Give Me Your Tired, Your Poor* by Irving Berlin; *America the Beautiful*, arranged by Milford Myhre; *Sonatina I for Carillon*, by Flor Peeters; *The Last Time I Felt Like This*, by Marvin Hamlisch; *Adagio for Glass Harmonica*, by Mozart; *Lament and Alleluia*, by Alice Gomez; *Londonderry Air*, arranged by S.S. Warner; *Andante Largo*, by Fernando Sors, arranged by Judson Maynard; *Carnival Suite*, by Frank DelaPenna; and *I Love a Parade*, by Harold Arlen, arranged by Mrs. Anderton.

Mrs. Anderton is the daughter of the late James E. and Addie V. Payne, longtime residents of Colorado City.

...plays recital in Iowa

## Gibbs gains new TU Electric job

FORT WORTH -- H. Jarrell Gibbs has been named executive vice president and general manager of the Texas Electric Service Division, TU Electric Chairman Erle Nye announced.

Gibbs also will serve as a member of the TU Electric board of directors. He has been vice president of operations for the Texas Electric Service Division. In his new position, he will succeed Dale Searth, who is retiring, as head of the division. The appointment is effective May 25.

The Texas Electric Service Division, headquartered in Fort Worth, provides electric service to about 700,000 customers in 48 counties of north central and west Texas. As a division of TU Electric, it is part of the Texas Utilities Company system.

Gibbs, who is a native of this area, holds bachelor's and master's degrees in business administration from Texas A&M University, joined the Texas Utilities System in 1980 as administrative assistant in the office of the corporate secretary. He was named director of finance in 1983 and treasurer and assistant secretary in 1986.

Before transferring to the Texas Electric Service Division, Gibbs was TU Electric vice president in charge of marketing,

which included economic development, development of load management and conservation programs and wholesale power.

Gibbs had a career in the U.S. Army before joining the TU system. He held various command and staff positions, including a tour with the army staff in Washington, D.C., as a liaison officer from the Army to the U.S. Congress.

Searth has been with Texas Electric Service since 1949. He

held a number of positions in the division's west Texas regions before transferring to Fort Worth in 1966. He served as vice president of engineering and of operations before being named to head the division in 1986.

Searth was the prime innovator of a hand-held meter reading computer now used throughout the electric utility industry. He was named the 1988 engineer of the year by the Fort Worth Chapter of the Texas Society of Professional Engineers.

## 4-H members attend roundup

SAN ANGELO -- On May 6, Angelo State University played host to over 400 4-H members from across Extension West Central District who were here to compete in the annual District 4-H Roundup.

The Roundup featured contests designed to test the skills of youths from the 17 counties which comprise the District.

Senior first and second place winners from the District level are eligible for state competition in June during State Roundup on the Texas A&M University campus.

Medals given to the first place junior and senior winners of the various contests were donated by the Federal Land Bank Associations which serve counties in the District. Ribbons were donated by West Texas Utilities Company.

4-H Council Officers were introduced for the 1989-1990 year during the awards ceremony.

They are:

Anne Ahlschwede, president, Tom Green County; Nicole McDonald, vice president, Sterling County; Mary Frey, secretary, Mason County; and Deron Robinson, public relations, Runnels County.

4-H Leaders, Debbie Wilkes of Coke County and Edward Meier of Gillespie County, were recognized as being District 7's recipients of the Texas Salute to Excellence Award. They will also receive recognition at 4-H Roundup at College Station in June.

From Mitchell County Stacy Smith placed fourth with her demonstration in the Companion Animals category. Angela Turner's demonstration in Family Life placed fifth.

The team of Betsy Myers, Caasi Smith, Melissa Williams, and Bethany Bridgford placed second in the junior division of Consumer Decision-Making.

## Obituaries

### Leona Helen Feaster

Leona Helen Feaster, 71, of Colorado City died Saturday, May 6, 1989 at Mitchell County Hospital.

Funeral services were Monday at 1 p.m. at the 22nd and Austin Street Church of Christ with Foy Forchard officiating. Burial was in Pyron Cemetery, directed by Kiker-Seale Funeral Home.

Born April 18, 1918 in Moore, Okla., she was a homemaker. She married Hubert Feaster June 6, 1963 in Colorado City.

Survivors include her husband, Hubert Feaster of Colorado City; four sons, Dalton Earl Lightfoot of Lubbock, Charles Gary Lightfoot of Abilene, Ronnie G. Lightfoot of Mississippi and Kenneth Lightfoot of Diboll; two sisters, Lois Pieper of Colorado City and Vera Force of Hermleigh; seven grandchildren; and three great-grandchildren.

Pallbearers were Jimmy Hardegree, Edward Bodine, Mark Fambro, Floyd Ritchey, Lawrence Feaster and T.J. Geiger.

### Ruby Irene Stewart

Ruby Irene Stewart, 80, of Loraine died Thursday, May 4, 1989 at Mitchell County Hospital.

Funeral services were at 2 p.m. Sunday at the First Baptist Church in Loraine with Rev. Fred Smith officiating. Burial was in Loraine Cemetery, directed by Kiker-Seale Funeral Home.

Born Aug. 11, 1908 in Post Oak, she had lived in Loraine since the early 1920s. She was a member of the Loraine First Baptist Church and was a homemaker. She married Frank Stewart Dec. 21, 1924 in Colorado City. He preceded her in death on May 14, 1962.

Survivors include a daughter, Billie Jean Parker of Iowa Park; a son, James Stewart of Loraine; two sisters, Ruby Williams of Roscoe and Jewel Whitlock of Paris; five grandchildren; and nine great-grandchildren.

Pallbearers were Dan Shelburne, Stan Hackfeld, Bill Preston, Gene Stewart, Billy Cornutt and Don Narrell.

ENGAGEMENT ANNOUNCED - Lynette Lucas, daughter of Mr. and Mrs. Rob Haggard of Stanton, and Greg Bruce of Stanton, son of Nelda and Ronald Bruce of Loraine, will be married at 7 p.m. June 9 at the First United Methodist Church in Stanton.

## LULAC sponsors biking to beat Cystic Fibrosis

Win exciting prizes while fighting the number one genetic killer of children and young adults in the Cystic Fibrosis Foundations' Cycle America.

The event is set for May 13 at 10 a.m. and will be sponsored locally by LULAC. The site will be at Ruddick Park with the starting

point by the swimming pool area. All money raised will help the Cystic Fibrosis Foundation fund the research that is closing in on a cure for CF.

"People of all ages who want to ride bikes for health, fun, and prizes can register," said Sara Ortiz, chairperson of the event. "Participants will collect pledges for each lap they ride on the bicycle route."

Cystic fibrosis clogs the lungs and pancreas with a thick, sticky mucus, making it hard to breathe and digest food. But recent scientific advances offer new hope for a cure. Your participation in Cycle America could make the difference in the lives of the 30,000 people who have CF in the United States.

For a sponsor form or more information on Cycle America, call Sara Ortiz at 728-8302.

## Births

Richard and Irma Boyle announce the birth of a son, Richard Joseph, born Wednesday, April 26, 1989 at Humana Hospital. He weighed 8 pounds, 14 ounces.

Maternal grandparents are Emeterio and Pola Campos. Paternal grandparents are Donna Boyle and Mel Shivar.

He was welcomed home by Jennifer and Jeremiah.

I am happy to report that our six-man track team won the state track meet in Comanche last Saturday, a first ever for our school. We are proud of you and your coach. I am sure you will find their names elsewhere in the paper.

I'd like to report that the fire department did real well last Saturday on the sale. We had also received lots of donations etc. Everyone has been so nice. I feel like we will pay for all our new radios, etc. They will be a big help to the boys and especially on cloud watch. Thank you all for your generosity, we really do appreciate it.

The youth baseball program sold out at their bake sale. I hope they made good money. They really have a good program going.

Kenneth Butler is doing better, Juanice says. We are glad to report that to you.

Janessa Lee is responding nicely to her medication and is much better. She has started catching up on her school work. Her teacher comes by after school in the afternoons, gives her the new assignments, also helps with the work she missed while she was in the hospital. Thanks to dedicated teachers who are willing to go the extra mile and I think most of them will do the same.

Mr. and Mrs. Joe Price of Snyder visited their aunt in the Loraine Nursing Home this week. They brought her a "what-not" made in Hong Kong, Texas.

Visited with Jackie and Patsy at the cafe recently. I think Jackie was sorta bored. Patsy and I had fun looking at pictures of the twins. There is a lot to talk about when you're sharing pictures of the people who grew up here. Everyone see a different look which reminds them of some other member of the family.

Elba Mae Beaty had her brother's this last weekend. They came for a visit. They also attended the funeral of Irene Stewart.

Maylon and Peggy Beaty and

## Loraine Personals

...by Lois Phillips

Mrs. Smith also has aunts and uncles in our area. They are Syble Walker, Homer Hart and Juanice Hart Butler of Loraine; Opal Coles of Iraan, Texas and Chester Hart of Colorado City and Bruce Hart of Odessa.

I saw Priscilla Thompson and Mrs. Bankhead eating lunch the other day. Paula Coffee Brock came to join them. They seemed to be having a very good time.

Verna Mae Adkins came by the Housing Authority office to pay her rent the other day. She and I had a nice visit. Her mother is here living with her. She says her mother is doing fine for a lady in her nineties. I have visited with them several times and Verna's mother is very bright and a joy to talk to.

She doesn't live in the past. She is "not" the person who called city hall to see about her water pressure as it was real slow and had been over night.

The city boys were sent to see about it and found the water running on a tree and had been all night. My ninety plus friend would never do that.

Troy and Jean Keagans of Arlington visited her mother recently. From here they went to visit Jack and Mary Love Walker at their "hide-a-way" in Robert Lee on the lake. They had a good time fishing, eating and visiting.

The Keagans came back to Loraine on Monday to say goodbye to Syble and then on home to Arlington.

Chrystal Lane of Colorado City came to visit her great-granddaddy, Charlie Hamilton at the Loraine Nursing Center. She visited other relatives and friends while here.

Dr. Vernon Spence whom you read about in the papers was married to a former Loraine girl and has quite a few relatives here.

She is the former Wanda Smith, daughter of Clyde and Leona Smith. She is a sister of Dr. Doug Smith whose office is in Big Spring, but his ranch home is south of Loraine. Faye Narrell Smith is the sister-in-law.

Dr. Spence went to school at

do well and can soon be up a while each day. Vada is a favorite in our town by everyone.

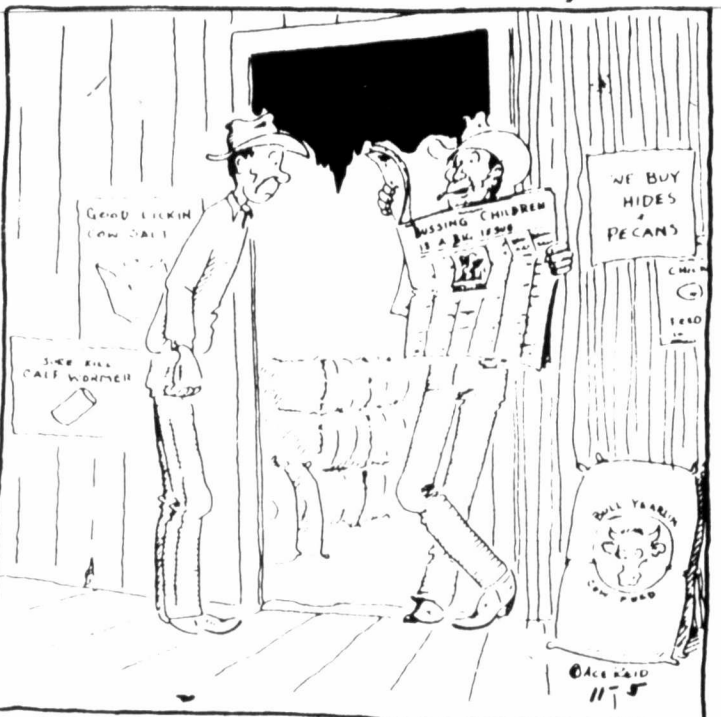

It is almost baseball time so get out your lawn chairs and get ready for a pleasant summer. It is always fun when our kids are playing.

I know we will have two teams playing and maybe more.

OK kids, this may be my last word to you this school year. School is almost out, so study and work hard, make good grades this time so you don't have to go through the summer wishing you had tried harder. Well ok, I won't gripe at you anymore until September, that is.

## COW POKES

By Ace Reid

"Wul, bussin' ain't a problem here, we just put our kids on the bus and let 'em go to the nearest school . . . 56 miles away!"

## Local students receive honors

ALPINE - Sul Ross State University honored outstanding students during the annual Honors Convocation April 17.

Among those receiving awards were Cesar Diaz, a sophomore from Loraine who received the James B. Gillett Memorial Scholarship, and Kevin Bell of Colorado City who was named Outstanding RAS Freshman and received a Farrier Technology Scholarship.

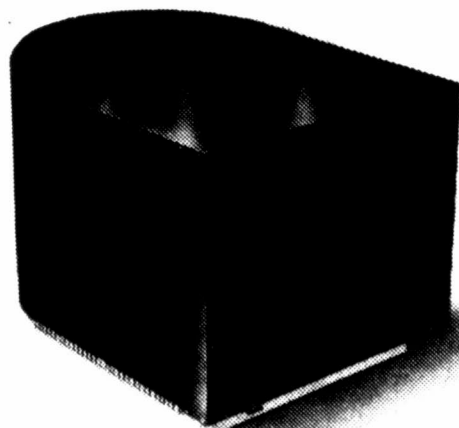

## Correction

The list of eighth grade students named to the "B" honor roll at Colorado Middle School for the fifth six weeks was inadvertently left out of the honor list published in Sunday's Record.

The students include Mike Al-sobrook, Joey Arispe, Stephanie Austin, Rose Bassham, Carrie Blair, Jason Blessingame, Leticia Castillo, Tammy Ceballos, John DeLeon, Jessica Espinoza, John Fuller, Ryan Galey, Amelia Gutierrez, Courtney Hammond, Michael Humphrey, Tammy Lelek, Chad Levesque, Tommy Magdaleno, Michael Mayes, David Mendoza, Carolyn Molina, Michelle Molina, Priscilla Molina, Cindy Newman, Jennifer Nitsch, Angela Ornelas, Joni Palmer, Jennifer Parker, Lauren Perkins, Kelly Ramsey, Jaime Rivera, Billy Joe Robinette, Misty Scarber, Caasi Smith, Heidi Smith, Elizabeth Walker and Sarah Wike.

## WHAT SITS OUT BACK, RUNS SUMMER AND WINTER, AND SAVES YOU MONEY?

A heat pump. And there are three good reasons you should get one.

A HEAT PUMP COOLS, HEATS AND SAVES.

Replace your old air conditioner with a new electric heat pump. It's a high efficiency air conditioner in summer. In winter, it's your most energy efficient heating system, especially when the temperature is above 32°.

## TEXAS IS HEAT PUMP TERRITORY.

Since it stays above freezing 94% of the time in our area, you can't beat a heat pump for money-saving efficiency.

A HEAT PUMP CAN SAVE \$130 A YEAR.

Compared to a gas furnace, a heat pump is more energy efficient. And TU Electric's low rates make heating and cooling your home with a heat pump an even better value. Tests have shown you can save \$130 or more a year by installing a heat pump.\*

GET MORE INFORMATION.

You can find out more about the amazing heat pump, including details on rebates, from your local heat pump dealer.

**TU ELECTRIC**  
A Commitment To Service

\* Typical costs based on 1,658 sq. ft. home, comparing 9.0 SEER heat pump to 9.0 SEER air conditioning unit with a gas furnace, using TU Electric rates. (\$0.0385/kWh winter electric rate, \$0.065/kWh summer electric rate.)

## Letters to the editor

### 'Human nature'

TO THE EDITOR: In a meeting of the Loraine Independent School District Board last Monday evening, a 1989-90 school year calendar was accepted and approved even though it was clearly not the calendar the majority of teachers, parents and students would have desired. There were 38 parents present at the meeting bearing a petition with 85 signatures to attest to this fact. When asked by one of the board members why the calendar approved by 15 of the 18 teachers was not presented for consideration, Superintendent Glenn Sanders replied "human nature". Human nature made him resent their choice of calendars being "cramped down his throat."

Spokesman for the group of concerned parents and teachers was Stanley Moore who presented the logical reasons for approval of a calendar providing

for a spring break in March rather than in February or later in April. Other schools have adopted calendars which do, seemingly without students suffering any serious handicaps, provide for spring breaks in March. Those in opposition of such a calendar contend that the non-school days should be scheduled in such a manner that students who desire to participate in school-related activities such as UIL competition in band, one-act plays, science, math, typing, track events, stock shows, etc., could participate in each and every one of them if they so desired. It was stated that they shouldn't have to make a choice. In the real world people must make choices. Our children need to learn how to set their priorities. The few who want to do everything are not the majority. In our "democratic" society, shouldn't the majority rule? Or - should the majority suffer the desires of the few being

"cramped" down their throats?

The results of Monday night's meeting indicate that the majority really had no choice. A power play was made at this meeting and Superintendent Glenn Sanders won. It is nice to be important - but remember, it's more important to be nice. To quote Danny Thomas, "Success in life has nothing to do with what you gain or accomplish for yourself. It's what you do for others." And, we might add, it's what you do for the majority of others. Wouldn't it be nice if that were "Human Nature"?

We wish to publicly thank those three board members who did support the wishes of the majority (Robert Dale Finley, Frank Garcia and George Martin). We also wish to thank Stanley Moore for his sincere efforts to support and represent the teachers in their choice of school year calendars.

Concerned Parents  
written by Shirley Clifton

### Thanks

TO THE EDITOR: The Colorado High School Band Boosters would like to thank all the businesses who donated items for the band banquet:

White's, Showplace Video, Big John's, Eddie's, Perkin's, Perrys, Pizza Hut, Sonic, Mac-Michael's, Dairy Queen and Higginbotham-Bartlett.

A special thank you also to the chaperones, and the middle school servers, Heidi Smith, Sarah Wike, Caasi Smith and Cindy Newman.

### Westbrook Wanderings

Mr. and Mrs. W. A. Bell were in Lubbock Wednesday where Mr. Bell had a checkup.

Mrs. Ruby Claxton was in Abilene Tuesday for a checkup.

Mrs. Mary Sweatt, George Henry and Cheryl of Sweetwater went with her.

Mrs. Nell Conaway is visiting her daughter, Mr. and Mrs. Andy Hancock in Midland for a few days.

Mrs. Ethel Clawson was in Coahoma Sunday afternoon to be with her son, Dwayne Clawson, who was being honored for thirty-four years of leading singing at the Baptist Church.

Mrs. Dru Board and Mrs. Lillian Sullivan accompanied their mother.

Mrs. Ruby Claxton was a super guest of her son and his family, Mr. and Mrs. George Sweatt, George Henry and Cheryl of Sweetwater.

Mrs. Lucile Stone made a trip to Amarillo Monday on business.

Mr. and Mrs. Lloyd Claxton of Big Spring visited Mrs. Ruby Claxton Saturday afternoon. They also visited her parents, Mr. and Mrs. A. C. Wilson of Colorado City.

### Levesques attend school

Ed and Andy Levesque of Pioneer Maintenance, have just returned home after completing an advanced carpet cleaning school in Amarillo, May 5 and 6.

Total carpet care was the theme of the school agenda which covered in depth subjects such as carpet construction and identification, the characteristics of carpet fibers, the step-by-step method of total carpet care, how to identify carpet stains and treat them, as well as anticipating problems and coping with them.

Attending this school qualifies a carpet cleaning technician to be testing for certification by the only nationwide independent organization designed to accomplish this, the I.C.U.C. Ed was able to complete this test and is now awaiting test results to see if he passes for certification.

RIBBON CUTTING - Ambassadors of the Colorado City Area Chamber of Commerce were on hand Saturday for the ribbon cutting, marking the grand opening of Colorado City Amusements. More commonly known as "Wolf City," the new business is located north of Interstate 20 directly across from Truck Town Restaurant and offers a variety of family activities including miniature golf, video games, pool and a snack bar.

### Hospital

#### Patients Admitted

May 5

Mike Myers, Abilene, medical; A. G. Anderson, Westbrook, medical.

May 7

V. R. Cawthron, City, medical; Hugh Soules, Roscoe, medical; Joann Garza, City, medical.

May 8

Marcelino Madrid, Westbrook, medical.

#### Patients Dismissed

May 5

Charlie Harris, Loraine, medical; Mike Myers, Abilene, medical; A. G. Anderson, Westbrook, medical.

May 6

Antonio Moreno, Loraine, medical; Janie Henderson, City, medical.

May 7

Ellie Iglehart, City, medical.

### Westbrook students place at state meet

The Westbrook High School math and calculator teams composed of Scooter Hines, Jason Morris and Guy Campbell placed high in the state meet this past weekend by earning second place in calculator and third in math.

Individual honors went to Hines who placed second in calculator and Campbell who placed fifth in calculator.

Their coach is Dan Truelove.

STATE CHAMPS for Loraine track are, front, left to right, Luis Leija and coach Tommy Meredith. Back, left to right, are Joey Lujan, Rudy Sanchez, Anthony Williams and Shawn Finley.

LORAIN high school track girls are, left to right, coach Jackie McNew, Michi Atkins, Michelle Garcia, Trena Williams, Christi Blair and Angelic Garcia.

## Bulldogs State Champs

The Loraine High School Bulldogs came from behind in the 1600 meter relay at Comanche Saturday to win the first ever Sixman state track and field meet.

The Bulldogs, Region II team champions, had already posted a win in the 400 meter relay but trailed first place Strawn by 10 points going into the 1600 meter relay-the meet's final event.

"We were in fourth place going into the 1600 relay," said coach Tommy Meredith. "I told them we had to win first or second to win it all. They really wanted it."

Leadoff leg Rudy Sanchez ran a 52.83 for his 400 split to give the Bulldogs the early lead. Anthony Williams and Luis Leija followed with respective legs of 52.5 and 55.77. Anchor Joey

Lujan, who began in second, ran a 52.39 and moved into first with 180 meters left in the race. The Bulldogs won in 3:33.49. Groom was second at 3:34.67 and Klondike third at 3:34.75.

Loraine's previous best time was a 3:35.64 run at the Region II-A meet.

"It's the type of thing you spend your whole life hoping for," said coach Meredith. "Hopefully this will encourage more kids to come out."

The Bulldogs had scored another 20 points in the 400 meter relay where Sanchez, Williams, Lujan and Shawn Finley won with a season's best time of 45.0. Their previous best was a 45.05 run at the Region II Sixman meet. "The sprint relay was in

control the whole race," said Meredith. The Bulldogs had the top qualifying time of 45.59.

Lujan had the Bulldogs' top individual finish with a 52.59 for fourth in the 400 meter dash. Lujan qualified for the finals with a 52.66.

Finley took fifth in the 100 and 200 meter dashes with respective times of 11.4 and 23.49. Finley qualified with times of 11.37 and 23.19.

The two first place finishes and the team title marked the Loraine boys' best track season since 1972-73. The Bulldogs won both relays at the 1972 state track meet to finish second behind Wall in class B. Michael Jones returned the following season to win the 100 and 220 yard dashes.

## Mustangs, Yankees win openers

The Minor League Mustangs and Major League Yankees pounded out the hits at Ruddick Park Monday night to kick off 1989 Little League baseball play.

The Mustangs, defending state tournament finalists, downed the Cubs 10-4 while Eddy Martinez and the Yankees outlasted the Indians 14-11.

Adam Molina pitched a complete game for the Mustangs and was also a spark at the plate as the defending champs led from start to finish.

The Indians versus Yankees contest was a different matter. Eric Mays started on the mound for the Yankees and gave up four consecutive walks to begin the top of the first inning but Indians leadoff hitter Brad Hartman was put out on a home steal attempt.

Fifth batter and Indians first baseman Travis Lynch then cleared the bases with a grand slam homerun. Lynch sent Mays' 3 ball-2 strike pitch almost over the left/center lights for the first homerun of 1989.

The Yankees came back in the bottom half of the first for a 5-4 lead. First baseman Adam Ybarra singled to reach base and second baseman Dan Morgan walked. Up stepped third baseman Eddy Martinez to hit a first pitch for a three-run shot over the right/center field fence. Mays followed with a solo homerun that hit the scoreboard in left field and made it 4-4. Shortstop Michael Molina singled then scored on a double by catcher Zeke Luevanos that put the Yankees up 5-4.

Mays walked seven Indians in the top of the second and gave up four runs for an 8-5 Indians lead. Molina made it 8-7 in the bottom half with a double for the Yankees that scored Morgan and Martinez.

Mays did not pitch the third inning and left the mound with his Yankees trailing 8-7. Eddy Martinez picked up the win in relief of Mays who did not get a decision.

Martinez held the Indians scoreless in the third and fourth innings with four strikeouts while the Yankees scored five in the bottom of the third and two in the fourth for a 14-8 lead. Center field

### Card of Thanks

Quiero darles las gracias a todos los que sabieron a votar, especial mente a los que votaron por mi. Espero su mismo apoyo en las proximas elecciones. Special thanks to all the voters that turned out May 6, especially those that voted for me.

Sincerely,  
Oscar Ortiz

### Card of Thanks

The town of Colorado City showed their greatness when they opened up their hearts and displayed their feelings for Doyle Kiker. Doyle loved this community and so much enjoyed doing his service for everyone. The family cannot put in words the gratitude felt for all of the wonderful services rendered. Doyle would have loved the articles in the Sunday Colorado City Record.

Thanks,  
Frances, Bob, Jean, Kim & Dave Kiker

### Thank You

The tennis team wishes to thank the following businesses and individuals for their generous contributions during the 1989 season. We thank Eddie's Pharmacy, Dairy Queen, City National Bank, Higginbotham-Bartlett and Fuller Foods for their contributions. We also thank Mrs. Ettie Walker and the Chamber of Commerce for the bags and information given to coaches during tournaments. We especially want to pay tribute to all the tennis parents for their hard work and donations. A special thanks to Mrs. Bonnie Calaway, Mrs. Margaret Cawthron, Mrs. Shirley Bradbury, Mr. Dan Biggs and Mr. Charles Walker for your tireless efforts in making this a successful season in every way.

The 1989 Girls & Boys  
District Tennis Champions  
& Coach Walker

## Milestone event

### Comanche Peak generates electricity

DALLAS -- For the first time, the Comanche Peak Nuclear Power Plant has generated electricity and sent that electricity out on TU Electric's power lines. The electricity was produced without using nuclear fuel during hot functional testing.

Generating electricity was a milestone event in the effort to have Comanche Peak unit 1 ready for a nuclear regulatory commission license to load fuel this fall.

For 11½ minutes Wednesday evening, May 3, the unit 1 turbine generator produced an average of 28,500 kilowatts of electricity. That compares to 1,150,000 kilowatts unit 1 will produce at full power.

The electricity was made as part of unit 1 hot functional testing. As part of hot functional testing, unit 1's systems were brought to operating temperatures and pressure by running the unit's four electrically-powered 7,000 horsepower reactor coolant pumps. Using the pumps to circulate water through the plant's pip-

ing systems raised the water temperature and pressure to 557 degrees Fahrenheit and 2,235 pounds per square inch.

That heat was used to make steam, turn the turbine generator and make electricity for a short time. The rotating portion of the turbine generator weighs 627 tons and spins at 1,800 revolutions per minute when operational.

Beginning May 2, the turbine generator was spun during five periods. The last time, electricity was actually produced.

Hot functional testing is the first of three extensive series of pre-operational tests. Many safety and non-safety systems associated with unit 1 are tested to verify

they will function properly under operating conditions. Hot functional testing started April 6 and is expected to be successfully completed this month.

Two other major test sequences will follow hot functional testing. The integrated leak rate test will show the unit 1 containment building could withstand a severe accident. The integrated test sequence includes a number of plant electrical system tests.

Comanche Peak, with its 2,300,000 kilowatts of generating capacity, will produce electricity for TU Electric's 2.1 million customers, or about one-third of the population of Texas, in 87 of the state's counties.

### Juneteenth celebration is scheduled

The C-City Ebony Society is planning its annual Juneteenth celebration for Saturday, June 17.

Plans include a parade, lunch, games and prizes followed by a dance.

The parade will start at 10 a.m. and anyone is invited to participate. Lunch will follow and the menu will include barbecued brisket, chicken, goat and ribs, potato salad, beans, peach cobbler and tea. Prices are \$4 and \$5 for mixed plates and \$2 for children under 12.

Money raised from the various activities will go toward a scholarship fund.

"We're looking to the community and town for support because the money we raise is to support our scholarship fund," said Anita Biggers, president.

### Baseball

From page 8

der Stedman Jones and right fielder Eric Molina hit doubles and Ybarra followed with a triple for three consecutive run-scoring hits that put the Yankees up 10-8 in the third. Ybarra stole home to make it 11-8. Martinez then hit a line drive to center field for his second homerun and again came off the first pitch.

That made it 12-8 for the Yankees and a triple by Martinez in the fourth scored Brian Wilkinson and Jeremy Rivera for a 14-8 lead. Martinez walked in two runs in the top of the fifth and gave up an RBI double in the sixth to Indians catcher Jeffrey Stockton who scored losing pitcher Jeff Hill.

Martinez finished 4 for 4 for the Yankees, Molina 3 for 4 and Ybarra 2 for 4. Lynch was 2 for 5 for the Indians.
