

Rangers Win Third Consecutive Game; Defeat Wheeler 13-0

SCORELESS AT END OF HALF

WHEELER FIGHTS GRIMLY ALTHOUGH OUTPLAYED BY FAST RANGER SQUAD

The Rangers smashed their way to their third consecutive victory, Friday afternoon on the local field, by defeating Wheeler in a hard fought 13 to 0 game. After being held scoreless for two quarters, Tucker carried the pig skin over the Wheeler goal for the first Ranger counter early in the third period. The second touchdown was made by Witt's smashing drive through the line in the final quarter, Peery adding a point by kicking goal.

Wheeler, while being outplayed in every division of the game, put up a stiff battle and by taking advantage of every brake in the game, succeeded in holding the Rangers scoreless for the first half although the Rangers had advanced the ball from the center of the field to within four yards of the Wheeler goal when the half ended.

Earning twenty first downs while Wheeler earned but three and gaining 275 yards from 49 offensive plays while the visiting team gained but 82 yards from 37 offensive plays, never succeeding in advancing the ball past the Ranger's 40 yard line, Coach Shupe's prodigies played their best game of the season.

The biggest surprise of the game came from Alton Witt playing for the first time in the back field. Witt, filling the full back position, raced around right and left end, plunged through the line, snagged almost impossible looking passes, for a gain every time the ball was in his possession.

The lineup at the start of the game was as follows:

Perryton	Position	Wheeler
Bruner	l. e. Anderson	
Yeary	l. t. Meek	
Skeen	l. g. Badley	
McCracken	c. Johnson	
Williams	r. g. Arganbright	
McLarty, Capt. r. t.	Boltin	
W. LaMaster r. e.	Bean	
Hood	q. b. Green	
Peery	r. h. Wafford, Capt.	
M. Tucker	l. h. Beene	
Witt	f. b. Roper	

The play-by-play report of the game follows:

Peery kicks off to the Wheeler 30 yard line, the ball being returned 8 yards. On the first down Perryton is penalized 5 yards for being off side. Wheeler tries for four downs but fails to make the required 10 yards and the ball goes to the Rangers. Peery hits the line for 2 yards. Tucker gained a yard around right end. Tucker added 2 yards through the line. Peery punts over the goal line, the ball going to Wheeler on the 20 yard line.

Wheeler gains a yard through the line and 2 yards around end. They punt outside on the Ranger 47 yard line. Witt smashes through right tackle for 8 yards. Tucker makes it a first down by this 3 yard gain through center. Tucker lost 3 yards trying to circle left end. Witt races around right end for 8 yards. Pass Tucker to Peery completed for a 5 yard gain, lacking only by a few inches of making a first down. Peery hits center for a 4 yard gain and a first down.

Tucker gains 2 yards through center. Witt hits right tackle for a yard. Tucker gains a yard around right end. Peery punts outside on 20 yard line. Wheeler makes three attempts to penetrate the Ranger line gaining only 6 yards. They punt on the last down, but the kick is blocked by a Ranger man breaking through, the ball being recovered by Wheeler on their 47 yard line.

A Wheeler pass is incomplete. They fail to gain through the line.

An end run adds 5 yards just as the quarter ends. Score: Rangers 0, Wheeler 0.

C. Wilson is substituted for Skein in the Ranger lineup and play is resumed. Wheeler makes 5 yards on their last down which fell short by a few inches and the ball goes to the Rangers. On the first down the Rangers tumble and Wheeler recovers on the 41 yard line.

An attempt to gain through the line fails. Wheeler attempts to forward pass but the ball is intercepted by Tucker who runs to the Wheeler 46 yard line before he is downed. Witt dashes through right tackle for a 14 yard gain and a first down. Witt goes through left guard for 3 yards. Tucker hits right tackle for 3 yards. Peery slips through left guard for 3 yards and a first down.

Peery gains a yard around left end. Peery goes through center for another yard. Time out is called for McCracken who was injured on the last play. Tucker's pass is incomplete and Peery is forced to punt on the last down, and with perfect control lifts the pigskin outside on the Wheeler 5 yard line.

Wheeler punts back to Hood on their 38 yard line, Hood returning to the 30 yard line. Tucker races around right end for a 17 yard gain and a first down. A misunderstanding of the signals causes a fumble. Tucker almost got the ball in his hands but it is knocked out. The ball is finally recovered by Tucker on the 35 yard line, a loss of 22 yards. Witt makes 5 yards around left end. Pass Tucker to Peery is good for 4 yards. Peery punts over the goal line, the ball going in play on the 20 yard line.

Wheeler gains 2 yards through the line and adds a yard around right end. They punt to Hood on the Ranger 42 yard line, Hood returning to the center of the field. Time out is called for Hood who is injured. C. LaMaster is substituted for Hood at quarter and play is resumed.

Peery gains through left tackle for 4 yards. Tucker hits the line for a 3 yard gain. Witt makes it a first down by his 5 yard drive through left tackle. Tucker smashes through right tackle for 8 yards. Witt took the ball from Tucker on a pass formation and raced around left end for a 2 yard gain and first down.

Peery went through center for 3 yards. Peery added 4 more yards around left end. Witt smashed through right tackle for 6 yards

and a first down. Pass, C. LaMaster to W. LaMaster is complete for a 9 yard gain. Rangers substitute Lewis for Williams. Peery hits the line for 2 yards and a first down. With the ball on the Wheeler 4 yard line and with four downs to make the goal, the half ends and the ball is taken back to the kick off. Score: Rangers 0, Wheeler 0.

At the half Williams goes in for Lewis. Peery kicks off to the 20 yard line, Wheeler making a 7 yard return. They gain a yard around end. W. LaMaster smashed through on the next play and throws Wheeler for a 2 yard loss. Wheeler punts outside on the Ranger 24 yard line. Witt carries the ball around left end for a 4 yard gain. Tucker dodges through right tackle for 9 yards and a first down.

Wheeler is penalized 15 yards for holding on the next down. LaMaster's pass is incomplete. Tucker gains 3 yards around end. Peery adds 6 more around left end. Peery plunges through center on the last down for 5 yards and a first. Peery tears through right tackle for 11 yards and a first down. Pass C. LaMaster complete for a 14 yard gain and a first down.

Tucker is slow in taking a fake pass and fails to gain around end. He makes good on the following play by tearing through right tackle for the remaining 9 yards and the first Ranger touchdown. Peery fails to kick goal.

Peery kicks off to the Wheeler 11 yard line, the receiver returning 19 yards. Wheeler gains 4 yards through right tackle. A pass is incomplete. Perryton is penalized 5 yards for being off side and Wheeler is given four more attempts to make 10 yards. A pass is incomplete. Wheeler gains 4 yards around end. They add 8 more around end and earn a first down.

Another pass is incomplete. They gain 4 yards off tackle. They gain 2 yards around end. Another attempt to circle end loses 2 yards and the ball goes to the Rangers as they fail to make their yardage.

Witt gains a yard through right tackle. Tucker hits right tackle for 6 yards. Peery goes through left tackle for 2 yards. Tucker ducks through center for 2 yards and a first down. Peery loses a yard through the line. Tucker makes 3 yards through right tackle, just as the quarter ends. Score: Rangers 6, Wheeler 0.

On the first down after play is resumed, Witt races around left end

for an 11 yard gain and a first down. Tucker hits right tackle for a 5 yard gain. Peery loses 3 yards on an end run from a pass formation. Peery punts out of bounds on the Wheeler 6 yard line.

Wheeler returns the punt, the ball going outside on their 23 yard line. Peery hits left tackle for 2 yards. Tucker pounds through right tackle for 16 yards and a first down, carrying the ball to the Wheeler 5 yard line. Witt goes through center for 3 yards. Nothing could have stopped Witt's drive over the Wheeler goal line on the next down for the second Ranger touchdown. Peery kicked goal adding a point.

Peery kicked off to the Wheeler 12 yard line, the receiver advancing to the 30 yard line where he fumbled but Wheeler recovered on the 31 yard line. A pass is incomplete. Wheeler loses 2 yards on the next play around left end. They punt outside on the Ranger 20 yard line.

Tucker hits left tackle for 2 yards. Witt tears around right end for an 11 yard gain and a first down. Peery makes 3 yards through left tackle. Tucker goes through the right side of the line for 3 more yards. Peery hits right tackle for 3 more. Tucker goes through center for a yard and a first down.

Witt gains a yard around end from a pass formation. Peery's pass is incomplete. Tucker shows a small loss through left tackle. Peery punts to the Wheeler 20 yard line, the receiver being downed in his tracks. A Wheeler pass is incomplete. A second pass is completed for 12 yard gain and a first down.

Another pass is attempted but Witt snatches it out of the air and is downed on the 42 yard line. A Ranger pass is incomplete. Tucker loses a yard through left tackle. Peery gains 2 yards through right guard. Peery kicks over the goal line, the ball being put in play on the 20 yard line. Wheeler passes and Witt intercepts but fumbles when he is tackled, Wheeler recovering the ball. The Rangers substitute E. Wilson for Peery. A 10

yard pass gives Wheeler a first down. Another pass is incomplete for a 5 yard gain. In a final attempt to score Wheeler tries another long pass but it is incomplete and the game ends. Score: Rangers 13, Wheeler 0.

SUMMARY: touchdowns, Rangers 2, Wheeler 0; try for points completed, Rangers 1; kickoffs, Rangers 6 for 167 yards, Wheeler 0; kickoffs returned, Wheeler, 63 yards; punts, Rangers 7 for 131 yards, Wheeler 7 for 227 yards; punts returned, Rangers 16 yards, Wheeler 1 yard; forward passes, Rangers attempt 9, complete 4 for 32 yards, intercept 3, Wheeler attempt 13, complete 3 for 27 yards; first downs, Rangers 20, Wheeler 3; ball lost on fumbles, Rangers 2; penalties, Rangers 2 for 10 yards, Wheeler 1 for 15 yards; total yardage gained in offensive plays, Rangers 275 yards, Wheeler 82 yards; yardage lost in scrimmage, Rangers 30, Wheeler 7; total net gain, Rangers 245 yards, Wheeler 75 yards; offensive plays, Rangers 69, Wheeler 37.

Officials: Bruner, referee; Wolfard, umpire; Beever, linesman; Bush and Sampson, timers. Length of quarters, 12 minutes.

TIRE AIR FOR TREES

Washington, D. C. — Compressed air, forced in among the roots of large trees that have been transplanted, have been found to be of assistance in causing the tree to recover quickly from its disturbance. In most planting operations the dirt is thrown back into the soil with so much water that it puddles and prevents the roots from getting needed air from the soil.

REUNITE AFTER HALF CENTURY

Elsworth, Wis. — After a half century of separation, during which neither knew of the other's existence, Kerry Michaels of this city, and his brother Charles, of Leavenworth, Kan., were re-united. Charles was taken from Elsworth by his mother when he was two years old. About a month ago he learned that a Michigan family lived in Elsworth and in-

vestigated. The brothers served in the Spanish - American War and were in the same engagements.

Perryton

LOCATED JUST SOUTH OF THE CITY
HALL BUILDING

We cordially invite you to come in and get acquainted with Armour service.

Cal U. Palmer

Manager, Armour & Co., Perryton, Texas

Every purchaser of a new Ford is entitled to Free Inspection Service for the first 1500 miles

THE modern automobile is a finely built piece of machinery and it will stand a lot of abuse. Considering the work it does, it gives surprisingly little trouble. But there isn't a car made that will not run better and longer if given proper care.

The first few hundred miles are especially important because that is when the mechanism of your car is being broken in.

Proper attention during this period will lengthen its life and prevent unnecessary trouble later on.

We are particularly interested in this matter because we believe it is our duty not only to make a good automobile, but to help the owner get the greatest possible use over the longest period of time at a minimum of trouble and expense.

With this in view, the entire Ford dealer organization has been specially trained and equipped to service the new Model A car.

Furthermore, we have instructed every Ford dealer to give the following Free

Inspection Service at 500, 1000 and 1500 miles:

Check battery
Check generator charging rate
Check distributor adjustment
Check carburetor adjustment
Check lights
Check brakes
Check shock absorber adjustment

Check tire inflation
Check steering gear
Change engine oil
Lubricate chassis

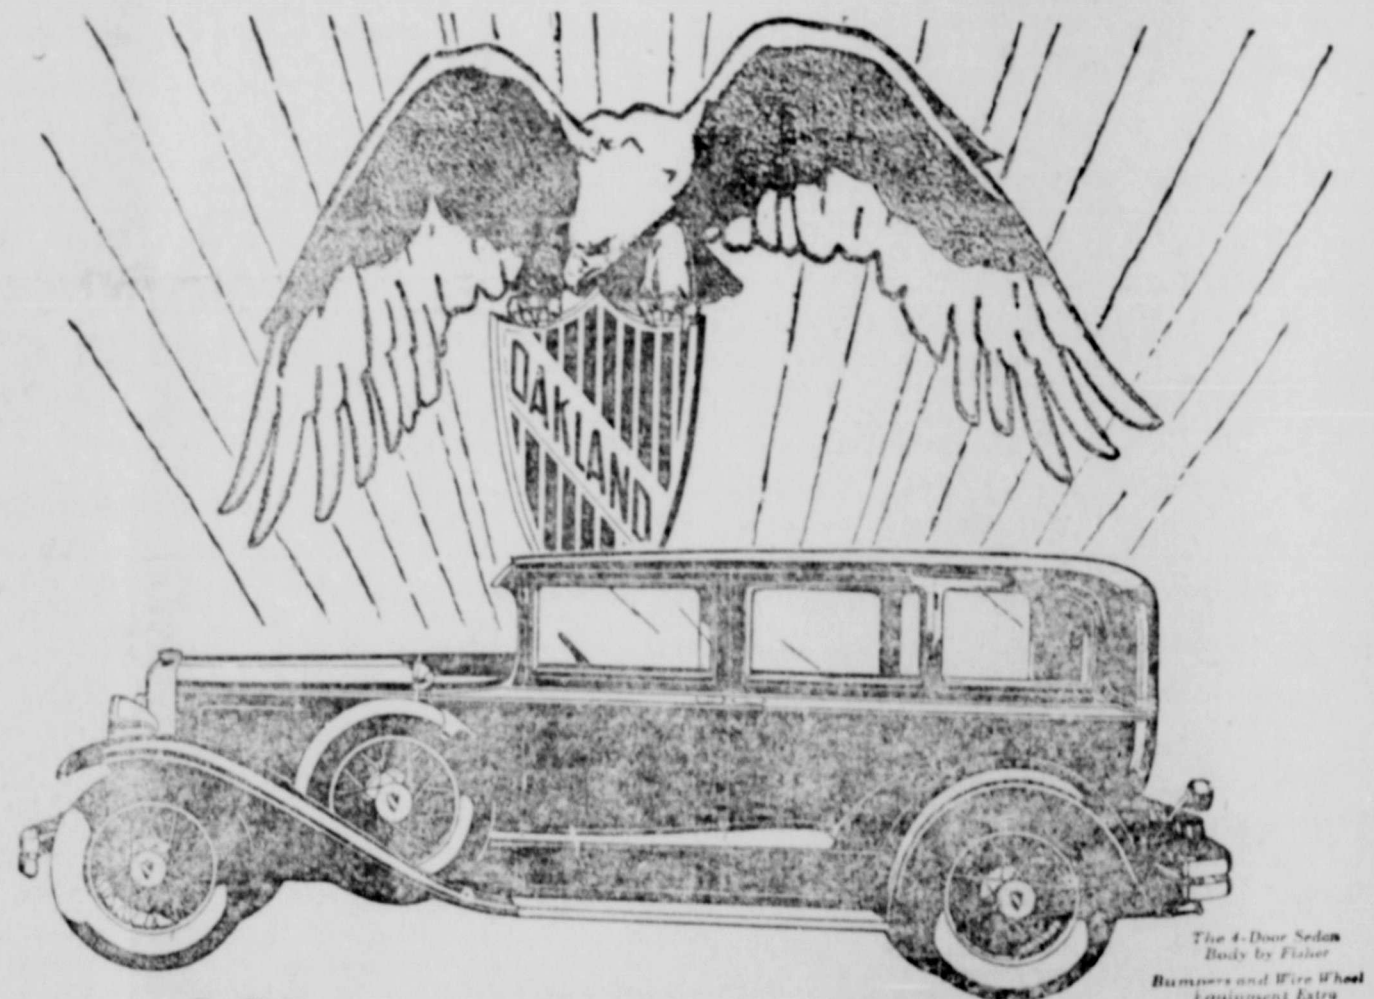

No charge is made for labor or materials incidental to this service, except, of course, where repairs are necessary through accident, misuse or neglect. The only charge is for new oil.

See your Ford dealer, therefore, and get this Free Inspection of your new car at 500, 1000 and 1500 miles. Find out, too, how little it will cost to have your car given a thorough going-over at regular periods thereafter.

A checking-up by experienced mechanics, together with oiling and greasing every 500 miles, will add months and years to the life of your car and mean more economical and pleasurable motoring every mile you drive.

FORD MOTOR COMPANY

and Now OAKLAND presents A NEW All-American Six

An entirely new conception of the modern motor car. So original in design . . . so brilliantly executed . . . you'll hardly believe your eyes. Magnificent successor to a justly famous name . . . a New All-American Six.

Daring in style . . . exemplifying Fisher genius in the creation of new designs. Brilliant in beauty . . . revealing new harmonies of colors and lines. Triumphant in every way. From its chrome-plated front bumper back to its chrome-plated tail-light . . . as new as this morning's dawn.

A new chrome-plated radiator . . . surmounted by a large flat chrome-plated cap. Graced by a new front

louvre effect in an exclusive chevron design. Flanked by new seamless full-crown fenders . . . flaring fenders with a 71-inch spread.

And then the bodies! Seven new and superbly beautiful types . . . Closed types with adjustable drivers' seats. Two convertible closed cars . . . the Convertible Cabriolet and the Landulet Sedan.

And such glorious performance as you've never known before. Soaring top speed . . . seventy miles an hour and more! Sixty-eight brake-horse-power at 3000 r.p.m. A flashing pick-up . . . from 10 to 25 miles per hour in six seconds flat.

Such balance . . . such smoothness . . . such silence . . . such poise.

Resulting from its great new 228-cubic inch engine with exclusive patented rubber-cushioned mountings . . . 81-lb. crankshaft . . . harmonic balancer . . . larger, more highly perfected carburetor . . . the G-M-R cylinder head. Such marvelous control. Steering ease from a new improved mechanism. Braking ease from its new internal expanding four-wheel brakes . . . individually adjusted . . . requiring minimum pressure for a sure, silent, velvet-smooth stop.

Only the highlights have been mentioned. Only a hint regarding its pulse-stirring performance and style. To get the whole picture . . . to appreciate what its price will buy . . . come in. Have your highest expectations realized!

Prices \$1145 to \$1375 at factory. Lovejoy Hydraulic Shock Absorbers and spring covers included in list prices. Bumpers and rear fender guards extra. Check Oakland delivered prices — they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

Don't Be Fooled By False Propaganda

From every section in Texas comes the echo of the betrayal of Western farmers by the Hoover convention at Kansas City.

Despite the oratorical outbursts of their "big guns" imported to Texas to take back what they said about Hoover ninety days ago; despite the liberal use of money; the distribution of tons of literature—despite the hundreds of "whispering" agents employed by the coterie now in charge of Hoover state headquarters in Texas—the fact remains that the farmer has a memory that fails him not.

He remembers the deaf ears that were turned to him at Kansas City when he asked for a respectful hearing of his complaint.

He remembers how the delegation of dirt farmers were locked from hall; how they sang their song of protest against Hooverism on the streets and cursed the names of Vare, Mellon, Hoover and Curtis, who behind locked doors, denied them even free speech in return for years of party devotion.

Curtis now says the farmers are too dumb to understand.

WHAT IS TAMMANY HALL?

Encyclopedia Americana says: Tammany Society was founded May 12, 1789, two weeks after the National Government was established by an ex-Revolutionary soldier as a fraternity of patriots, solemnly consecrated to the independence, liberty and union of the country. Its object was the perpetuation of Democratic-Republican institutions, and the benevolent care of revolutionary soldiers, their widows, orphans and others in need of charity.

Webster's New International Dictionary defines Tammany Hall to be a fraternal and benevolent society of New York City.

ASK THESE QUESTIONS

HERBERT HOOVER: Were you in the cabinet meetings with Albert B. Fall when the corrupt lease of the Teapot Dome and Elk Hills Reserves to Sinclair and Doheny was discussed?

What did you, as the only mining engineer in the cabinet, do to prevent the looting of the nation's most valuable natural resources?

CHARLES CURTIS: Did you vote in the Senate for the report whitewashing the corrupt leasing of the Naval Oil Reserves and commending Fall and Denby for their patriotic action?

Governor Smith caused to be proposed and had passed a bill for the relief of sick and disabled veterans of the World War. This bill was signed by the Governor and became a law May 2, 1923.

It provides for a commissioner for each Assembly District to whom a World War veteran may apply for help. A veteran of the World War, if sick, disabled or without employment can obtain \$30 a month for himself and an additional sum of \$10 a month for wife or widowed mother and \$5 a month for each additional dependent. The bill carried an appropriation of \$1,000,000.

The Human Side

(Sen. Copeland in Congressional Record)

Al Smith has done more to bring the government close to the people, to make government human, than any American statesman since Abraham Lincoln or Thomas Jefferson.

Not long ago when Al was in New York City for a few days, staying at the Biltmore, his secretary informed him that Mrs. Vanderbilt was calling, and that a little girl named Sadie also wanted to see him.

The usual governor would have seen Mrs. Vanderbilt first, but Al said to his secretary "Show them both in together."

After speaking to Mrs. Vanderbilt Al excused himself and went over to listen to Sadie's story, which was that she had been "fired" and that her father told her to go to see him; that he knew "Al" could fix it up.

Which Al did by introducing Sadie to Mrs. Vanderbilt and asking Mrs. Vanderbilt to help her get a place, which she did gladly.

Governor Smith's Position

Governor Smith offers the farmers friendliness and warmth where hitherto he has met sour hostility.

He promises action on the farm problem where for the past eight years there has been inaction, sham and outright opposition.

He recognizes that the tariff does not work the same for the farmer as for the manufacturer.

He pledges himself to make the tariff work equally—

To give the farmer economic equality with industry—

To remove the injustice which forces the farmer to sell his goods cheap while buying the goods of others dear.

Herbert Hoover's Position

Herbert Hoover has thus far refused to recognize that the tariff is working unfairly and unjustly against the farmer, in spite of the fact that the problem of unfair prices.

Mr. Hoover was the real dictator of the farm policy of the last two administrations.

He is largely responsible for the veto of the McNary-Buagen bill twice, aimed to make the tariff work for agriculture.

He proposes nothing to take its place, except a "balancing of our agricultural production to our home demand." This means starving out millions more of our farmers and wide-spread bankruptcy among farmers, and business and banking, dependent upon the farm market. He has given warning that he will oppose all legislation aimed to make the tariff work for agriculture, in the future as in the past.

"Prevent Higher Prices" said Hoover

Partisan defenders of Mr. Hoover assert that, following the war, he strove to keep farm prices from falling. Let Mr. Hoover answer. In April, 1919—five months after the armistice—he cabled from Europe: " . . . Referring to the necessity of maintaining control of wheat, in order to prevent higher prices before next harvest . . . Early in March . . . the War Trade Board . . . freed the exportation of pork products . . . The price rose rapidly . . . In the month of March . . . we shall kill about one million pounds of inspected and country slaughtered hogs and the increased price will be fully 1 1-2 cents net. This action was taken against the protest of my entire staff and myself . . . If the control of wheat were removed during the next two or three months in the face of the world situation, prices in this commodity would advance materially beyond the present level . . . I wish to repeat that unless some superior force intervenes, we intend to hold the price of wheat to the figures it has held during the entire war under congressional guarantee."

If Smith Is Elected

The Farmers of America get a friend in the White House.

The Government at Washington will work in the interests of the real farmers, and not those who farm the farmers.

The farmer's dollar will be made worth 100 cents instead of only about 85 cents, as during the past few years.

The farmer will get the same benefits from the tariff as industry.

The farmer will no longer be forced to buy dear and sell cheap.

The farmer will get fair prices and a just share of the profits from his toil now going to the speculators and middleman.

Governor Alfred E. Smith Said at Oklahoma City:

"The Christ they are supposed to adore, love and venerate, during all of His lifetime on earth taught the holy, sacred writ, or brotherly love."

Said Former Governor Lee Cruce of Oklahoma

"Governor Smith is a Catholic. I am a Presbyterian. If there is any virtue to the religion I learned at my mother's knee, he and I are brothers."

If Hoover Is Elected

The Farmer's demand for equality will be silenced for another four years.

Real farm legislation which may be passed by the Congress will be vetoed, just as President Coolidge has been doing.

The ear of the Government will be deaf to the appeals of the farmer.

The farmer will continue to suffer ruin and bankruptcy.

Big Business will continue to get the feast, the farmer the crumbs.

The farmer will be hitched to the yoke of commerce and mass production.

ELECT GOVERNOR SMITH OR THE FIGHT FOR FARM EQUALITY IS LOST.

Even some of his opponents acknowledge the man's worth. "In other lands Alfred E. Smith would have been elevated to the peerage," declares Mr. Charles Evans Hughes, "and though in America we have no titles of nobility, we have something better, an aristocracy of public service . . . and the title Governor Smith holds is the proudest title that an American can hold, because it is the title of the esteem and affection of his fellow citizens."

IN SPITE OF OFFICIAL DENIALS THE SOURCE OF SECTARIAN SLANDERS HAS BEEN TRACED TO THE HOOVER LEADERS, AND THEY MUST BEAR THE SHAME AND STIGMA OF FILLING THE LAND WITH SLANDERS OF GOVERNOR SMITH THAT ARE AS FOUL AND CRUEL AS THEY ARE FALSE. BY THIS METHOD OF WARFARE THEY CONFESS THEIR WEAKNESS, HOPING TO WIN BY FOMENTING RELIGIOUS HATRED AND FANATIC PREJUDICE THUS DIVIDING A VAST MAJORITY WHO DEMAND, AND HAVE A RIGHT TO ENJOY, DEMOCRACY IN GOVERNMENT.

By Ochiltree County Friends of Governor Smith

TO THE VOTERS OF
OCHILTREE COUNTY

I want to make a few remarks to the editor of the Vanguard. I, nor anyone that I have ever met, can understand why he prints it. It is certainly not for the money he gets from it and surely not for any political boost he expects as it is surely killing him politically, as it should.

He is a Republican running on a Democratic ticket, as you can see by the way he flaunted his actions in your face for the past four years. He starts Republican on Al Smith's religion, then has to get off that for the reason that Hoover is still worse. Smith is married to a Protestant woman and by a Protestant minister.

Hoover, a Quaker, is married to a Catholic woman and by a priest. Now good mothers, when your sons were over in France fighting for our country, Hoover and all his Quaker brothers, were setting back under their religion. None helped the true Americans. The Catholic boys were over there in the thick of the fight. Show me a soldier that went across, that is for Hoover. When the unknown soldier was buried, there was not a Quaker present. Eighty per cent of our seamen then were Catholic and today they man most of our war ships.

Take the days when Texans were being murdered by the Mexicans like hogs at Goliad, Alamo and other places, you found Catholics risking their lives to save the Texans. You did not find the Republican party helping. They wanted Mexico to whip Texas, because if Texas came into the Union, the balance of power would be with the Democratic south. They would not take their Indians off the Texan's backs. They were charges of the United States. They hated Texans and the south then as now.

Then, Mr. Editor, you howl Tammany. Better read the history of Tammany. Who fixed the bail for the president of the south when he was thrown into a Republican prison. Let's say right here, I am proud that the North and South are still together and that there are no slaves, but this gentleman surely never read history. If so, he would know that Tammany Hall made bond for Jefferson Davis, the president of the south. Tammany has always been the friend of the south and how grand it is that the southern people can return the many favors from that crowd by electing a member of that organization as president of the greatest nation in the world.

Mr. Editor, better inform yourself. You say that Smith is wet. We have had ten years of this Republican dry regime. Who is your enforcement head? Andrew Mellon, who owns most of the breweries in the United States today. Andrew Mellon, then why would not the Republican party call it dry? Why can't your people see what is going on? The facts show, and I can produce them, that every man, woman and child in this nation used forty-four pints of home brew in 1927, twice as much as the breweries ever made in one year. Home brew is also twice as strong in alcoholic content as that made by the breweries, so the people, last year, consumed twice as much strong drink as before this Republican graft, called prohibition, came in. Who produces this malt syrup? The breweries of Andrew Mellon, yet he is enforcement officer for the Republican party and also responsible for sixty per cent of this home brew. If every person who has violated this law was in prison, the nation would starve, as there would be so few to do the work.

It does not make any difference how you vote in Texas. There are enough of the old Texas fighting blood left here to fight Texas battles.

When did the Republican party become a friend of the poor man. Have you farmers and cattlemen forgotten what they did after the war? I haven't and now as to a man voting as he pleases. If he runs on a Democratic ticket and was nominated by them, he becomes obligated to the party and should do as that party dictates. Then if he votes a Republican ticket, he not only violates every trust placed in him but he has disgraced his party as well as himself. Read the last issue of the Vanguard.

Now to you people south of the Mason Dixon line, who are talking of voting for Hoover. Think of the disgrace placed on your people by the very party you are trying to hold in power. Your people had negro guards after the Civil war. Your people were servants to this party for years until even some of the northern states rebelled at some of the insults heaped on the south by the Republicans. Then they saw that they had lost power unless they gave you some rights and I now tell you that no good southern Democrat will vote for a party that never has held the power of this government except to rob and pillage. Now try to force your negro equality. Hoover forces those white girls in his office to work and eat with negro men on equality. How do you Southern people like it?

Al says, eliminate or enforce. Hoover says, continue and let Andrew Mellon enforce it like it is now done. Mellon produces more liquor than all the rest of the United

States. I wish I was an editor. It costs me too much to write. Then I could tell a lot more.

I challenge anyone to tell when the Republican party was ever a friend to the common people. I challenge anyone to tell any good thing that ever came to the poor people from the Republican party. I challenge anyone to show where they have ever tried to enforce the prohibition law. Have you ever seen or heard of one of their representatives being here? Don't fool yourselves. They are the greatest bootleggers the world has today, selling it legally, making those who need it pay \$6.50 for a pint and their enforcement head gets \$3.00 of the \$6.50 you pay for it.

The worst curse in the world today is this same prohibition you are raging about. They are selling malt syrup and the stuff is made everywhere. Most of the boys and girls of today get liquor most anywhere. They will not go anywhere unless they have a supply. It is ruining the morals of our young people faster than anything the world has ever seen. They have no respect for the law and when they get one or two bottles of this Republican dry water in them, they have no respect for themselves or anyone else.

Something must be done. The Republican party is hopeless. There might be some hope from the Democrats. Don't fool yourselves about the present law being changed by either side except by a vote of the people. You will have a chance. Let's all hope that Al is elected and can and will enforce the prohibition law. If we have four more years of this rotten stuff the Republican government is handing out, we will have our asylums full of doddling idiots and a lot of ruined girls and criminal men. The Republicans have had eight years. Why haven't they stopped it. Give the Democrats a chance and if it still goes on, then we had better lock up the boys and girls at night and repeal the law for every day since it was passed, crime has increased. More women have fallen than ever before. What is it? Fashion and home brew. Now take this, there never was so much stuff made and drunk, called whiskey, beer and wine, nor as many people hitting the dope route as in the United States during the past eight years and I challenge anyone to show different. I never voted a wet vote in my life. I am only trying to show some who have not studied the question, a few facts.

Let's see if a Democratic administration can't do better. Certainly they can't do any worse. Vote for Hoover, an Englishman when he held a position in Wilson's cabinet and tried to feed the Allies; a Republican in Harding's administration and a hold-over by Coolidge. He was present at the stealing of the oil reserves of the United States. He does not promise anything and you know it. Show me something against Al Smith. You can't do it. Vote for Hoover but don't call yourself a Democrat.

J. S. TALLEY, a son of a Texas Democrat (Paid Political Advertising.)

TO OPEN BEAUTY PARLOR

A new beauty parlor is to be open in the near future. The new beauty parlor will be in connection with The Ladies Store. Mrs. Caley is buying new equipment and fixtures for the new parlor. Announcement will be made later of opening date. 40-11-c

Mrs. B. H. Murphy and daughters, Mrs. W. R. Slayton and Miss Genie, and son, Hamilton, spent the week end at Lamar, Colorado, visiting with Mr. and Mrs. I. A. Taylor and daughter. Mrs. Taylor is a daughter of Mrs. Murphy.

Mr. and Mrs. Sam Hergert left Friday for Whitewater, Kansas, where they attended the funeral services of Mr. Hergert's sister, Mrs. George Hash. Mrs. A. C. Nies accompanied them and visited with her father, J. W. Gosney, Goddard, Kansas. Miss Velma Reimer, a niece of Mrs. Hergert, stayed with the Hergert children while their parents were away.

Mrs. A. C. Witt left Saturday for Elk City to visit several days with relatives. She was accompanied as far as Sayre by Mrs. J. J. Long, who will visit with her sister, Mrs. J. B. Freeman.

FOOTBALL RACE
IS VERY CLOSEPERRYTON PLAYS FOLLETT ON
FRIDAY FOR CHAMPIONSHIP
OF NORTHERN PART OF
DISTRICT "C"

On November 23, according to a tentative schedule, four Class B high school football teams in District 1, will enter the semifinals for the district title, and the two that emerge victorious will clash Thanksgiving day in what, in all probability, will be the hardest-fought and most interesting Class B battle ever staged in this part of the Panhandle.

The Class B race in this district is rather complicated, and only the most ardent high school grid followers understand just how it is being conducted. The district is bounded by lines running from Hereford southeast to Tulsa, east to Chil-

dress, north to Follett in the corner of the Panhandle, west to Stratford, southwest to Dalhart, then due south back to Hereford.

Just before the present season opened, the Class B Interscholastic league committee for District 1 met and divided the district into four sections, designated A, B, C and D. The committee, made up of Law Sone, superintendent of schools at Panhandle, chairman; Superintendent Davis at Claude, and Superintendent Burton of Clarendon, arranged the schedule carefully so that interest would be maintained in the race up to the very last game, the sectional champions fighting it out probably on the last two days of play.

The data for the probable dates for the bi-sectional and final playoffs were obtained from Mr. Sone, chairman of the committee.

Section A

In Section A are three schools with Class B teams—Dalhart, Stratford and Dumas, Dalhart, having

already defeated Stratford and Dumas, the latter by a score of 45 to 0, already has won that section of the district and will be in the semifinals, playing the winner of section B.

Section B

This section, with six schools in it, has been divided into two parts, Borger, Panhandle and Claude being in the north half, and Canyon, Hereford and Tulsa in the south. Panhandle Friday clinched the northern half of the section by beating Borger, 13 to 6, both Borger and Panhandle having previously defeated Claude. Tulsa virtually was eliminated from the race in the southern half when they lost to Hereford, 37 to 0. The race there is between Canyon and Hereford, with Canyon having a slight edge in the dope. The winner will meet in Dalhart in the semi-finals.

Section C

Section C also is cut in half. In the northern part are Spearman, Follett and Perryton, and in the

southern half, Canadian, Miami and Pampa. In the northern half, Spearman is eliminated, and Follett and Perryton will battle it out for the right to meet Pampa, the Harvesters having already clinched the southern half of the section. Friday the Perryton Rangers defeated the Wheeler Wildcats and are rated a little higher than Follett. Perryton also has defeated Spearman, 45 to 0, while Follett was able to beat the same team only 16 to 0. Follett and Perryton will fight it out on November 2. Pampa, having already defeated Canadian, 83 to 7, and Miami, 40 to 0, in the southern half of section C will meet either Perryton or Follett probably on November 9 for the sectional title.

Section D

In Section D the schedule is a round-robin affair. There are six teams in this section—Shamrock, Wellington, Wheeler, Memphis, Clarendon and Childress. Memphis has not lost a game and so far is rated

No. 1 in the section. Memphis defeated Wheeler, 19 to 6. Clarendon defeated Wellington, 13 to 12, and day defeated Wellington, to 0. Shamrock and Wellington were rated 2 together until Friday. Wellington lost to Memphis. Shamrock is rated No. 2, having only one game, the Memphis game by a single point. In their first reference game of the season, Shamrock beat Childress, 27 to 0. Clarendon has defeated Clarendon, 0 to 0, held Wellington to a score tie, lost to Memphis, 0 to 47, and Childress, 0 to 13.

The winner of Section D, entirely Memphis, will play the winner of the intrasectional contest in C on November 23.

The final Class B game of the district between the bi-sectional winners is scheduled to be played Thanksgiving day, and will be a thrilling climax to what has been to be the most interesting Class B race ever staged in the district, ever staged in the district.

PHILLIPS '66' has the speed, power, pep and mileage that only a gasoline of Controlled Volatility can give you: Starts right now and keeps on working 100%. She's a fast number and certainly cuts down road hours.

Perryton High-School News

Note: The material in this column is written and edited by the high school staff composed of members of the journalism club.

THE JUNIORS ENTER-TAIN THE SENIORS

Friday night, promptly at eight o'clock, the Home Economics Department was filled with boys and girls each wondering who the other was masquerading. Several fortunes were told by a student looking pirate and then they played games of various sorts and in the end a social dance was held. Several games were illustrated by members of the faculty, and the students were very much surprised to find that there is real ability among their teachers.

Refreshments, consisting of delicacies, sandwiches, coffee and pumpkins were served cafeteria style. The much enjoyment was derived from the serpentine which was on the plate.

About ten-thirty, the guests departed, declaring to Miss Mitchell, the Junior Sponsor, that they had the greatest time ever.

UNITY TO BE GIVEN BY JOURNALISM CLUB

The members of the Journalism Club and a number of invited guests will enjoy a theatre party at the American Theatre Friday night, Nov. 2nd. After the show, they will be entertained at the home of the Belle Barbour, one of the members. This is the first entertainment of this kind to be given by the club this year.

CHAPEL PROGRAM

The Lamar's third-grade pupils gave a program of health, last Wednesday for the Chapel program. Esch and R. C. Johnson gave songs which were followed by a solo from Virginia Ray Nelson and a piano trio by Virginia Ray Nelson, Mary Lee Wilson, and Virginia Gerrell.

Mr. Pope made a short talk on "The Girl Who Succeeded."

HARBINGERS

By Raymond Wilson
The autumn leaves begin to fall, the pumpkins and lonely trees stand still and solemn, the streets are thick with Hallowe'en.

Witches' ghosts, in spectral robes, float across the cloudswep streets, and wan, spectral shadows creep, stirring with the wailing wind the fence-rows—let us think of Hallowe'en.

Black cats prowl abroad on the moonlight, like stalking silhouettes, and in silver of the moon, jack-o-lanterns blink, and wide from windows dark—how we know Hallowe'en.

PERYTON RANGERS PLAY WHEELER ON HOME FIELD

Oct. 26, Wheeler came to Perryton expecting to carry off a football game, but were expecting a hard one. The game was a close one, and the game commenced with a kick-off.

Wheeler made the first touchdown in the middle and end of the first quarter. The Rangers kicked the goal. During the second quarter they made another touchdown, and succeeded in kicking the goal.

The whistle blew, the score was 14 to 0 in Perryton's favor.

Love makes the world go round, and the world's stopped when she said she didn't love me.

SENIORS CLASS SELECTS INVITATIONS

Miss Rogers, the senior class president, on last Wednesday morning, organized a committee of five to select the invitations for the senior class. They selected the invitations from Mr. J. C. Fisher representing The Commercial Company, Houston.

Each member has paid his dues on his personal cards. The money was given to Mr. Irvin, the senior class treasurer. The personal cards will not be ordered until the time in February. They will be three weeks before the time in May.

Force of Habit!
The Miss Guthrie and I were wanted me to write an excuse from my time I was late.

The Rambler

The other morning I awoke, turned over on my side and rubbed my head which felt like a volcano just starting into action. I groaned aloud and with such force that my mother ran to me and began administering aspirin. Terrible! I never did like the things. I moaned and cried aloud. Why should I feel like the carbon copy of "Lifes Dark-est Moment"? I began to think, (I guess) anyhow my head hurt worse and I began to remember things—the grade cards were to be issued. "Nuff said!"

Should I go to school or develop "neemonia"? I finally decided I might as well go to school and get my grades with the rest of the cattle as I'd have to get it some day and I would rather not do a solo.

What an effort. To get up I mean. These cool mornings are ruining my disposition. I dressed unusual care. Maybe some teacher would think I was ill if I left my color on the dressing table and feel sorry for me. Well anyhow I managed to look a trifle pale and after cramming a few bites of something I found on the table I rambled to school.

In the ten minute chapel program I planned to sleep, but I couldn't do that! As soon as I closed my left eye and planned to close the right, someone began shouting "Be- loved." If I had my way these love-sick people would be expelled from school. Finally she left the stage and closed both eyes at once but no sooner that I did when two of them came out and sang something about stars. Oh heaven help us. Why had I not stayed home. Female voices always injured my delicate sense of hearing.

In all my classes I managed to sleep a while. Of course I did not have my Geometry lesson. I walked in to class just as the I had good sense and cast the most bewitching smile at Mr. Irvine, well such crust—he was not even looking at me. I don't believe I'm fully appreciated.

Finally school was over and I trembled to the study hall. I got my report card. I rambled home. When my father came home we rambled to the woodshed.

"The Girl Who Succeeded"
Bessie: Elizabeth, how glad I am for you—that at last you have succeeded in life. Would that I had only reached your goal.

Elizabeth (demurely): Well, I did have a hard time "acquiring ad-noids", but at last I've succeeded.

Doris B: I sure think Jack McCracken is cute.
Audrey B: Why, Doris! And you have taken designing!

She: When did you first know of your love for me?
He: The fourth time you refused my proposal of marriage.

Carter Pens at The Herald Office.

PEP SQUAD MAKES A GOOD SHOWING

At the Perryton-Wheeler game, last Friday, October 26 the pep squad of Perryton Hi was there to cheer the Rangers on to victory.

During the half they went across the fields and stopped at the Ranger's end of the field to discharge some yells. Then they went to the Wheeler team, to show their good sportsmanship, and gave yells for both teams, but principally for Wheeler.

They had on the school colors, which are red and white. They were wearing white trousers and shirts, and little caps of red and white. The general public stated that they helped to win the game.

And then there was the freshman who sent his pants to the associated press.

Mr. and Mrs. A. L. Carter Jr. were dinner guests in the home of Mr. and Mrs. Howard Holt Sunday.

Mrs. B. A. Johnson received word that her mother, Mrs. Muse of Altus, Okla. was very ill.

Miss Winnie Locke and Miss Cor-ice Hembry, Booker, spent the week end in the M. R. Coffee home.

Mr. and Mrs. J. H. Neufeld and daughters, Miss Ruby and Ruth, drove to Whitewater last Friday to attend the funeral services of Mr. Neufeld's sister, Mrs. George Hash, who passed away last Wednesday at Newton, Kansas. Mrs. Hash had been an invalid for a long while.

THE GAME FROM THE SIDELINES

Alton Witt, who has been playing as a substitute at end, proved a real find in the Wheeler game. The Wheeler team seemed unable to hold the plunging full back who played a stellar game, his first in the back field.

It takes self-sacrifice to make a football team. Don McLarty, captain of the Ranger team, found that out when he went into the line at right tackle. His name is seldom mentioned in an account of the game, but he's there just the same, fighting through every down. The best back field in world can't gain without line men to clear the path for them. Look over the account of the game again and notice the number of gains—and most of them big gains—made through right tackle. It takes a real man to play that brand of football. Captain McLarty is one of the most valuable men on the Perryton Ranger squad.

The twelve minute quarters instead of the regulation fifteen minute quarters cost the Rangers a touchdown during the second quarter. The half ended with the ball on the Wheeler 4 yard line and with four downs to make it in.

Peery has a remarkable toe and perfect control while kicking. On several occasions he deliberately punted the ball out of bounds on the Wheeler five to ten yard line. While Wheeler kicker made a bet-

average in punting than Peery, it is easily accounted for. Only on one or two occasions was Peery called upon to make long punts and then he delivered the goods.

During the season, the Rangers have lost one game and won three. They have had 18 points scored against them and have made 102 points against their opponents—a mighty good record.

Carter Pens at the Herald Office.

Miss Posey Wakeman and her mother have moved into the home of Mrs. J. R. McMillen.

Watch For This Great Zane Grey Story

The Last of the Duanes

One of the greatest romances from the pen of America's most beloved author of Western stories!

Zane Grey, born at Zanesville, O., in 1875, has met with unprecedented success since beginning his literary career in 1905. His books sell in the hundreds of thousands—his admirers are legion. That is because he gets the feel of the West in his stories—not only that, he knows the inside of human nature. He is superb in the treatment of love stories—there's a great, human one in "The Last of the Duanes."

Among the Zane Grey books that have been read and lauded all over the world are "The Spirit of the Border," "Riders of the Purple Sage," "Desert Gold," "The Lone Star Ranger," "The Desert of Wheat" and many others. "The Last of the Duanes," a gripping story of Texas.

Don't Miss The First Instalment

Just What You Have Been Wanting!

—a home warmer that will heat several rooms, so you can open the doors between and leave them open

It's The Riverside Radiona

THE MOST TALKED-OF WARMER ON THE MARKET!

Now the kiddies can play in any room you wish and be perfectly warm and happy!

The RADIONA not only heats all rooms in a satisfactory manner, but it adds attractiveness to any home. The design and walnut brown porcelain enamel finish are of startling beauty. No bolt heads or crevices, it's just as smooth and easy to clean as a china dish.

The old-fashioned stove board has been completely eliminated, as the RADIONA has its own stove board mounted up in the base, out of sight. Requires only the same amount of fuel as an ordinary heating stove and so moderate in price that most every home can own one.

The RADIONA surely is the prize winner of the heating industry. We invite you to visit our store and see it.

White House Lumber Co.

FULTON ITEMS

Most everyone is pleased with the rainy weather the last few days. This rain certainly is fine on the wheat but not so good for the maize that has to be gathered.

Mr. and Mrs. F. L. Gift and Miss Lafawn Freeman were Liberal visitors Friday afternoon.

Those on the honor roll at the Fulton school this month are: Benjie Freeman and Ollie Mae Symons, of the 6th grade, Vayda Morgan and Aliene Symons of the 7th grade and Roy Symons of the 8th grade.

Leroy Gift, J. B. Orville, Archie and Juanita Watson entered school Monday, October 29.

Ruby and Glenn Leatherman and Elma Burkhardt were absent from school Monday.

Miss Bessie Burton, teacher of the primary room, was absent from school Monday and Tuesday as she is taking teacher's examination at Enid. Her room was dismissed for the two days.

There was a 3H meeting at Mrs. F. L. Gift's home last Wednesday afternoon. As Mrs. Gift is a committee woman of this district, she sent out several invitations to the people of this neighborhood to be at her home at 2 o'clock for the meeting. The purpose of this meeting was to show people how to vote, who did not know. After the meeting refreshments were served and every one had all the delicious ice cream and cake they could eat.

There was no church at the Fulton school house Sunday, on account of the rain.

OCHILTREE BREEZES

Judge J. M. Grigsby and J. M. Bull visited our school Wednesday afternoon. Each made a very interesting talk. Mr. Bull telling some entertaining stories. They gave a box of candy to the most popular girl and the best boy, Lola Mae Williams Harlan Black were the winners. We hope that these welcome visitors will come again soon.

Frank Dodson has been helping George McGaughy combine maize the past week.

Lucien Becker, Pampa, is working at the Carl Talley farm.

Mrs. Earl Williams and son, Mrs. H. C. Dodson, Mr. and Mrs. Grace Patton and Miss Anna V. Patton, visited in the John Willey home Sunday.

Frank Spencer has been having trouble with his well.

Mr. and Mrs. Carl Dodson spent Sunday in the home of their son, Jim.

Mrs. Earl Williams was a caller in the O. H. Black home Friday.

Miss Bessie and Miss Ina Russell were Perryton visitors Saturday.

Mrs. Jim Dodson and son, James, Mrs. Andrew Smith and daughter, Anna Leona, Mrs. Carl Talley and Mrs. Earl Williams visited school Friday.

Carl Talley and Lucien Bryan were Perryton visitors Tuesday.

Mr. and Mrs. Kirt Williams and daughters and A. C. Williams visited in the Earl Williams home Saturday.

W. A. Hall and family are visiting in the T. B. Oliver home.

Archie Williams spent Saturday night in Perryton visiting with his cousin Milford Barclay.

Two new pupils were enrolled Monday. They were Lillie Mae and Paul Hall.

The Parent-Teachers met Friday evening, October 26. An enjoyable Hallaween program was given by the school followed by a social hour. Refreshments of sandwiches, coffee and cocoa were served. The next meeting will be held November 23 at the school. Everyone is cordially invited to attend.

Miss Clara Oliver visited in her parental home Sunday.

Viola Hall visited school Monday. Grandma Dowers spent Sunday in the T. B. Oliver home.

Joe Hall went to work Monday for Harve Holdeman of the Lone Tree community.

Mr. and Mrs. Orvil Beffenbaugh were Shattuck visitors Sunday.

Walter Berry, Higgins, is visiting in the home of his daughter, Mrs. A. C. Cotney.

John G. Cook left Monday for Wichita, Kansas where he will attend a convention for the Hart Parr dealer.

The advisory board for the Rainbow Chapter met at the home of Mrs. Fred Butler Friday afternoon. Plans are being put into action and it is thought that in a few weeks the chapter will be ready to organize.

Mr. and Mrs. Raymond Clark and children were dinner guests in the R. N. Enfield home Sunday.

Mrs. Aubin Allen and sons and Bay Allen motored to Liberal last Thursday to take Mrs. Allen's sister, Miss Dorsey Woods, who will join her parents at Greensburg, Kansas and they will make a two weeks visit in Missouri. Miss Woods will return to her work at Perryton.

Carter Pens at The Herald Office.

CHRISTIAN CHURCH SERVICES

Martin T. Pope, Pastor
In the morning:
"Sharing with Christ in America"

In the evening:
"Shew us the Father"

Intermediate and Senior C. E. at the usual hour.

Choir practice every Thursday evening

A. B. Billman, revival services begin on Friday, November 9th. Work and pray for the meeting.

Special music at Sunday services. Worship in song at the evening hour of worship.

The new Hot Air Furnace is being installed for the Church and will be in use Sunday.

METHODIST CHURCH NOTES

All of the usual services will be held at the church this week with an additional feature of the elder being here at the morning hour for the fourth quarterly conference.

All of the church officials and workers of the Sunday school are urged to be present at that time and to have a written report of their activities as these reports must be presented at the conference to become permanent records of the church.

This is a meeting for all the church but the officials should be there especially for the closing up of the work of the year. There are some who have not yet paid their conference collections, a fund that is separate from the pastor's and the elder's salary. This fund goes into the basic work of the church. This congregation has \$861.00 to raise and the collections are nearing the goal. Should all pay who have promised that amount will be raised.

At a meeting last week it was voted to raise money to seat the church and build a parsonage. It seemed possible for the church to do this work but was not practical to build a new church at this time.

Tom McLarty and A. C. Witt are in charge of raising this fund. The floor plan of the church has been sent in to the seating company and work will be started in order to get the seats installed before Christmas.

Building churches and parsonages is like paving, it is a civic improvement far reaching. It sells the town to prospects, and does not have to be done but once in a generation. It is not often one generation has a large hand in these community activities twice in the ordinary life time. In a new coun-

try and town like this Great West this improvement is really burdensome on the citizenship for a while but that is some of the benefit of a pioneer citizenship.

People should not forget that this is a part of the human ideal as well as some facts in life. This church and town are to be congratulated for the enterprising tasks recently begun and which shall be finished as well as they have begun. True we may not pay for all of it but that would not be doing the next generation right, to give them

all this improvement and not have them pay anything for it. We are for anything that is good; that will make this a better town, which will not over burden the people in financial obligations. At the same time we are opposed to any movement that will hinder the highest idealistic development of the youth and mar the progress of civic activity.

The man who called duty a pleasure was never faced by customs officials.

EASTERN STAR

The Order of the Eastern Star will hold a stated meeting Tuesday evening, November 6th. There is much business to come before the meeting. All members are urged to be present. Refreshments will be served.

Mrs. J. N. CONLEY, Worthy Matron.

Henry Coffee Amarillo, was a Perryton visitor several days this week.

Carter Pens at The Herald Office.

GRINDING DEMONSTRATION WAS POSTPONED

The feed grinding demonstration that was to have been held last Monday by the Plainview Hardware & Furniture company was postponed because of the rain.

No exact date has been set but announcement will be made in the Herald soon regarding the new date. The Plainview handles the W-W Feed grinder.

Carter Pens at The Herald Office.

Sealy Mattresses

"A Pillow For The Body"

The SEALY is a most unique mattress because it is made under a patented process entirely different than any other.

It is vastly superior and more luxuriously comfortable.

The filling in the Sealy mattress is one giant batt that was five feet high before it was compressed to the thickness of the mattress and slipped into the tick. Every fibre is air-woven (the Sealy patented process) with every other fibre, which accounts for the fact that it is free from tufts or ties of any kind.

A Sealy mattress assures you the absolute acme of bed comfort. Not only that, but you will continue to have this solid comfort for a period of years greater than you ever thought possible to get from a mattress, for you have bought the best mattress.

VOTE FOR HOOVER -A DRY

Don't Fail To Vote!

Go To The Polls On

Tuesday, Nov. 6th

A Vote For Hoover Is A Vote Against Rum

Don't Be Tricked

As dry southern Anti-Al Smith democrats, let us stand by our guns and not be tricked by Governor Smith's henchmen into the traps of the whiskey ring. The Smith politicians are trying to fight the civil war over again and lose the real issue of the campaign. The civil war ended well over a half century ago. Our country has seen two wars since, and the sons of those that wore the blue and the sons of those that wore the gray have fought side by side; have lived and died side by side for the same cause. Southern boys have married northern girls and northern boys have married southern girls. There is no north or south any more. It is America first, last and all the time.

Truth About Price Fixing

That price fixing committee in a signed report in 1928, and being appointees of a democratic president says: "Mr. Hoover had absolutely no part in this matter other than to urge upon President Wilson that some action be taken to protect the American farmer." President Wilson stated: Further, Hoover, at his express wish, has taken no part in the deliberations of the committee on whose recommendation I determined the government's fair price, nor has he in any way intimated an opinion regarding the price."

Which would you believe? Woodrow Wilson, one of America's greatest presidents, or the tricky politicians who are for anything to elect a dripping wet New York governor that admits that he never saw a day's labor on a farm nor ever studied the farmer's problems until he decided he needed their votes.

Hoover Raised On Farm

Herbert Hoover was reared on a farm in an agricultural country. He knows the needs of the farmer. He does not believe in side-walk farming, whether it be on the "side-walks of New York" or of the western villages.

Hoover Didn't Set Prices

Hoover never made anybody eat corn-bread or any thing. Hoover had nothing to do with fixing the price on wheat. England and other continental European powers were working to buy wheat from American farmers at \$1.80 per bushel. Hoover did not break into the newspaper for advertising and ask for relief. He asked President Wilson to appoint a committee to arrive at a fair price for wheat. The committee was appointed and among that committee was found people from most all important occupations but mostly leaders of farm organizations and agricultural colleges.

Tariff No Issue

Both parties are for a tariff. Southern democratic free trade congressmen and senators have found themselves supporting tariff issues in defense of their own constituency. The only difference is the amount of tariff.

Smith Whiskey Plan Fails

Canada has tried to deal with whiskey as Governor Smith proposes to deal with it and Canada herself admits that boot-legging has increased 111 per cent.

No Religious Fight

We make no fight on Governor Smith's religion. He has heralded to the world that he is a Roman Catholic and we assume that is his privilege.

Bryan Against Tammany

In 1912, William Jennings Bryan stood on the democratic convention hall floor and denounced Tammany Hall in the severest terms and said that if it lay within his power to prevent the nomination of any man getting the support of Tammany Hall, he would do it. Bryan had and used the power and defeated the Tammany candidate and named Woodrow Wilson as the party's nominee—an arch enemy of Tammany Hall.

NOVEMBER 6TH WHEN YOU CAST YOUR VOTE CONSIDER:

Hoover's Parents

Herbert Hoover comes of Southern stock; his parents and grand parents from far below the Mason and Dixon line.

Hoover Is Dry!

Where Herbert Hoover was nominated by the great political parties accepted without question that he was a dry and the country in general admitted he was.

Smith Is Wet!

Al Smith democrats now state that he is wet. Yet John J. Raskob, a leading wet republican, followed by the greater portion of the northern and eastern dripping wet republicans have not failed to follow Herbert Hoover of their own party (tho they say he is wet) have quit their own party to join forces with the dripping wet northern and southern democrats to elect Al Smith, in every act, and every deed and every word has always been and is now leading the whiskey crowd.

In New York

How popular is Al Smith in his home state? He is so popular up there that if the city of New York had never been annexed, Smith could never have become governor of the state. Remember New York City's population is more than three fourths foreigners or direct descendants of foreigners and the English speaking people are not seen nor heard in the great portion of the city.

A Self Made Man

Herbert Hoover has gone to the top of the ladder of fame on his own efforts and has not been obligated to any political ring or party, yet Governor Smith admits that he has been aided and pushed to the front by Tammany Hall.

ABANDONMENT OF ALL FAITHS AND CREEDS AND POLITICAL AFFILIATION CANNOT AFFORD TO WASTE THE EFFORTS OF A HALF CENTURY IN A STRuggle AGAINST WHISKEY IN ORDER TO SUPPORT A PARTY CANDIDATE THAT WAS RAILROADED ON THE PARTY BY CORRUPT NORTHERN FINANCIERS AND POLITICIANS.

By Ochiltree County Anti-Al Smith Democrats

CAMRICK NEWS

The much needed rain fell Sunday.

Mr. and Mrs. J. C. Littleton of Sulphur, Oklahoma, are visiting relatives in this vicinity and Perryton, Texas. They visited with their daughter, Mrs. Sam Burkhardt and family last week.

Farmers are about through seeding broomcorn. There seems to be no buyers in the field at this time.

Rev. Oscar Paschall, pastor of Tyrona Baptist church, lectured at the Camrick school house Thursday night on some of the vital things of the day.

There was no school Monday and Tuesday on account of teachers' meeting.

Mrs. Frank Gift and son, Jesse, called on Mrs. Charles Reedy Friday.

Darius Barum spent Tuesday night with Robert and Russell Mason.

Mr. and Mrs. Leo Mason of Missouri are visiting Mr. Mason's folks.

Mr. Ruby Mason helped her grandmother, Mrs. Wicks, cook for broomcorn seeders last week.

Mr. and Mrs. S. O. Trent are back from Hot Springs, New Mexico, as Mr. Trent's health would not permit them to stay longer.

Mrs. Fred Barnum canned about six hundred quarts of fruit. Barnums had peaches that only took from ten to twelve to fill a two quart jar.

We were sorry to hear of the death of the Huston baby, and extend our sympathy to the family.

Bill Darnell spoke at the Camrick school Saturday night.

CAMRICK SCHOOL NEWS

Each and every student of Camrick has done good work the past month, and the teachers are hoping the good work will continue.

The students expect to get their full supply of books this week. It has been hard to get them on account of the change being made in books for the coming year.

Mr. Hez Cheek's little boy, David, received a serious injury last Friday morning while playing at school, falling from a teeter-totter breaking his left arm just below the elbow. He was rushed to Perryton to Dr. Brewer for aid, but Dr. Brewer advised taking him to Shattuck where the break could be examined by X-ray. As far as is known at this time he is getting along fine, and we of Camrick hope that he shall soon be back in school.

One month of our school term has passed on into eternity, never to return. Since it is our full desire physically, spiritually and mentally to please those to whom we are trying to render service, we hope that our efforts have not been in vain. We are making efforts to please in the utmost way. We have the hobby that everything worth while is gained through effort. Therefore, we want each student to put forth effort to prove themselves the good students that we think them to be. It is our purpose to make better students. Better students make better citizens and better citizens make a better Republic or country in which to live. Good citizenship is what we all need to practice.

HUNTOON NOTES

Frank Patterson spent Saturday with relatives near Shattuck.

Mrs. Rhodie Stollings and family spent Sunday with Mr. and Mrs. O. B. Hammer and family.

Mr. and Mrs. J. L. Lindaman took Sunday dinner with Mr. and Mrs. J. Sweigart and family.

Misses Elfreda and Allie Lindaman spent Sunday with Ella Mae and Esther Fletcher.

Mr. and Mrs. A. D. Horine and family spent Sunday with Mr. and Mrs. A. E. Devers and family.

Mr. and Mrs. J. P. Bollinger and son, Paul, and Miss Joe Thompson spent Sunday with Mr. and Mrs. A. L. Clarke and family.

UNION 68

Miss Jeanetta Brown visited school Friday evening.

The High School put on the first chapel program Friday morning.

The grade boys played basketball with Fulton Friday. The Fulton team was victorious with a score of 4 to 1.

Mrs. V. V. Wilson, Mrs. T. O. Pugh and children, Mrs. Tommy George and Mrs. G. C. Smith attended our chapel program Friday.

We have been busy this week cleaning up the school ground, and it looks better than it did.

Lerene Jamison, William Gray, Reuben and Tivis Springmeyer were absent from school Friday.

Miss Alice Pearson is spending the week end with Alice Jamison.

Mr. and Mrs. George Rupprecht Jr. and children were Sunday guests in the home of her parents, Mr. and Mrs. Miller-of Pollett.

Miss Avis Law, Boyd, Okla. spent the day Saturday with Miss Lura Mae Sharpe.

Mr. and Mrs. Maynard McLain and baby and Lester McLain, Spearman, were Sunday guests in the home of Mr. and Mrs. T. P. McLain.

If you have anything to buy, sell or trade, use a Herald classified.

NEWS FROM BLACK

Grady Pearson of Canyon spent Saturday and Sunday in the home of his parents, Mr. and Mrs. D. B. Pearson of this community.

W. L. Godfrey and sons, Harold and Horace were Spearman visitors Monday.

Miss Holly Brown who is attending school in Spearman spent Saturday and Sunday in the home of her parents, Mr. and Mrs. Love Brown.

Mr. and Mrs. S. J. McFall and daughter, Lucille, of Krum and Miss Christine Shifflett of Denton, visited Misses Imogene McFall and Pauline Shifflett Friday and Saturday.

Mrs. W. J. Smith, Mr. and Mrs. Fred Smith, and Lola Mae Belt arrived home Wednesday after visiting relatives in Dallas and attending the Dallas Fair.

Mrs. Lucy Taylor and daughter, Alice, visited in the C. L. Goodman home Sunday.

Plenty of money to loan on land. McLain & Thomas. 34-tf-c

NOTLA NEWS

Frank Cox made a business trip to Spearman, Monday.

Mrs. J. R. Norris and children and Mrs. Will Tandy were Perryton visitors Friday.

A surprise birthday supper and handkerchief shower was given for Mrs. R. E. Wamble Saturday night at the Wamble home. A large crowd of friends were present and a delightful evening was spent.

Everyone is smiling over the rain but it is rather hard on some of the poor cattle.

R. E. Wamble was a Perryton caller Saturday.

FARNSWORTH NEWS

The Halloween program and party given by the school Friday night was well attended and enjoyed. The following program was rendered: Reading—Leola Jennrich; Reading—Dean Rogers; Black Cat Drill—primary Folks; Owl Drill—Primary Rahenkamp; Play, Their Stories—Primary Folks; All Drill—Primary and Intermediate Folks; Halloween Frolic—Intermediate Folks; Two Yellow Pumpkins—Primary Folk; Play, Upsetting the Ghost—High School Students. Contests and games were entered into after the program. Leta Powell, Murel Morton and Buster Brown were winners in several contests.

The first grade of school wishes to offer sincere thanks to E. W. Rogers five dollars for primary mater-

ials last week. We are already enjoying "Baby Ray Cut Outs" and other materials bought with part of this money.

The High School "Yellow Jackets," basketball boys, were strutting the court in new suits last week. The large portion of the cost of the suits was donated by B. L. Rogers and J. W. Feaster. The boys played their first game last week with a town team and won by a score of 27 to 9.

Regardless of inclement weather Monday our school was well attended.

L. R. Conner received this week four car loads of sheep shipped in from New Mexico.

J. W. Feaster left early Sunday morning for Woodward, Oklahoma, where he was to meet Mrs. Feaster, who has been in Little Rock, Arkansas the past four weeks at the bedside of her father, who passed away last week.

Mr. and Mrs. Murrie Irons left early Saturday for Childress, Texas, where they met Mr. Iron's mother, who is here for a short visit.

Mrs. Frank Dodson Jr. underwent an operation at the Shattuck hospital last Thursday. She is getting along nicely but will not be able to return home for several weeks.

John G. Cook and Lyle Lewellen were Stratford visitors Sunday.

Mrs. J. R. McMillen is visiting with her daughter Mrs. Joe Williams, Mobeetie, this week.

LISTEN VOTERS

I have in my office a little sheet called the "Constitutional Democrat", published at Dallas, Texas by

the so called Free Lance Publishing Co. at the instigation of the Hoover crowd. They are trying to show that Tammany Hall has a negro with a white secretary. Now they don't have the nerve to say that Tammany did this, but they do say that the City of New York is responsible.

No blacker lie was ever told. No Democratic organization ever placed a negro equal to a white. All the good people of the south know that New York city is Republican and these good people being led by Hoover know this. Better get your fighting clothes on for the Hoovercrats.

The printed stuff you are getting is nothing but lies like the above. It is just Republican bunk. I still say that the Republican party is the greatest organized bootlegging ring in the world, and challenge anyone to show that they are not. I cite you to Andrew Mellon, dry enforcement head, as the greatest brewery owner in the entire United States. His malt syrup is ruining the young folks of the United States. You can see this if you will.

Another lie that this paper publishes is that Hoover did not revoke President Wilson's order separating

negros from whites in his office. Everyone knows that Hoover did do this. This is O. B. Colquitt stock in store and no poorer governor ever sat in Texas than Colquitt with the possible exception of E. J. Davis, the military governor that the Republican government gave us after the war with the negro soldiers to enforce the laws in Texas.

Will the time ever come when the sons and grandsons and daughters will forget who they are and vote a disgrace to the memory of their parents. I say that no true son or daughter will. Whoever heard of a bootlegger voting a wet vote which would kill his business. The Republican party is wet because it is getting rich from the Republican owned breweries.

SOCIETY

Sunday School Social

The K. B. Class of girls of the Baptist church, were entertained with a mask Halloween party last Saturday evening at the home of their teacher, Mrs. L. L. Lance. On arriving the guests found the rooms darkened, attractive and "spooky" with Halloween symbols. Witches, cats and owls seemingly prowled about the rooms. Confetti and noise makers in appropriate colors added to the merriment of the evening. After all had arrived and been led about the house, the guests were asked to unmask and games were played until a late hour.

Refreshments were served in a rather unusual manner. Each girl had brought a box decorated in Halloween colors and packed with lunch for two. Partners were found by matching cats cut from black cardboard and thus ended a happy evening.

The following members and guests were present. Anna Lee Hodges, LaFern Wooten, Gertrude Glasgow, Mildred and Ruth Thornton, Rosamond Jarvis, Alice Winfrey, Edra Layton, Irene Jones, Lois and Grace Moore, Charlene McLarty, Lura Mae Sharpe, Ruth Lawrence, Opal Drayner, Elizabeth Manning, Mary Louise and Margaret Butler, Mary Hibbs, Irvin Hergert, Clyde Wilson, Robert Moore, Cromwell Rogers, Ford Hamker, George Lewis, Riley Fewkes, W. J. Neuman, Cyrus and Giltner LaMaster, Alfred Dowers, Max Dean, Key Christopher, Gerald Jarvis and Lee Tucker.

There will be no Wednesday prayer meeting on account of the revival meeting at the Christian Church. Thursday at 3:00 p. m.—W. M. S. meets at the church.

Mr. and Mrs. Lawrence Lamb and children, Canadian, were guests Saturday night and Sunday in the J. N. Conley home.

Mr. and Mrs. Fred Furnish left last Friday for Kirksville, Mo. where Mr. Furnish will be under the doctors care for several weeks.

WILLIAM HENRY TINDLE DIES TUESDAY MORNING

William Henry Tindle was born February 11, 1861, in Illinois. He departed from this world at his home in this city on Tuesday, October 30, 1928. At the time he answered the call of the Grim Reaper, he was 67 years, 8 months and 19 days of age.

When just a small boy, he moved with his parents to Diagonal, Iowa, where he lived until 1880, when at the age of 21, he pushed on to Nebraska, where he filed on a government homestead. On October 8, 1883, he was united in marriage with Annie Kline of Neely, Nebraska.

They lived in Nebraska until 1893 when they moved to Enid, Okla., where they resided for about fifteen years, coming from there to this country where they settled on a farm in the southeast part of Texas County, Oklahoma, in 1908. They relocated in Perryton in 1921.

Five children were born to this union. They are Miss Etta Tindle, Portland, Oregon; Ernest Tindle, this county; Mrs. J. A. Willis, Oklahoma City, Oklahoma; Mrs. L. S. Hobbs, Amarillo, and Ray Tindle of Texas County, Oklahoma, all of whom were with him at the time of death. Other surviving relatives are the loving wife; three brothers, one sister and eight grandchildren.

The deceased was a man that had always done more than his share toward making this old world a better place in which to live. He went through life with a smile, ever seeking to lighten the burdens of others. He had lived the hardy life of the pioneer, was a kind and loving husband and father, a real neighbor and a friend of his fellow man. He was a man with an unusual amount of stamina, never shirking his duty and always on the alert to make some one happy. Few enjoyed such a wide circle of friends and acquaintances. Indeed it could be

rightly said of him, "That to know him was to love him."

Funeral services will be held at the Perryton Methodist Church on Thursday afternoon at 2:30 after which the remains of this grand old man will be laid in the final resting place in the Ochiltree cemetery. Rev. E. C. Raney will preach the funeral service.

Mr. and Mrs. J. C. Littleton, Sulphur, Okla. are visiting in the home of their son, Ed Littleton and family. Sunday the two families spent the day at the home of Mr. and Mrs. Paul Corbin, Gray, Okla. Mrs. Paul Corbin is a daughter of Mr. and Mrs. Ed Littleton.

Carter Pens at the Herald Office.

Mr. and Mrs. J. Melvin Jackson and daughter visited with his parents at Hollis, Oklahoma over the week end.

Dr. Powell, eye, ear, nose and throat specialist, will be at Dr. Brewster's office Tuesday, November 6. Glasses fitted, tonsils and adenoids removed.

40-11-c

Why Your Light Bill Is Higher

Number of hours artificial light is required each month.

July	2.60 Hours
August	3.15 "
September	4.00 "
October	4.90 "
November	6.13 "
December	6.85 "
January	6.53 "
February	5.38 "
March	4.10 "
April	3.48 "
May	2.95 "
June	2.55 "

The figures shown above tells why your light bill is higher at this season of the year. In June the average family uses electric lights approximately two and one-half hours daily due to the long daylight hours.

As the days grow shorter, more electric light is needed. The need increases until the month of December when the average daily use is approximately eight hours.

How To Mark Ballot

Secretary of State Writes Opinion as to Proper Method of Marking Ballot

"When I helped hold an election several years ago I was surprised at the large number of persons who did not know how to properly cast a vote and mark their ballots."

In a letter just received by the Star-Telegram, this statement is made by Mrs. Jane Y. McCallum, Secretary of State, who suggests that inasmuch as presidential elections are held only once every four years, that certain requirements of voters as well as the requirements of election judges, be called to the attention of the public. Texas, in its general election Nov. 6, will select its state district, county and precinct officers in all places except where the term does not expire Jan. 1. Also it will vote on the presidential electors of certain parties, the winners then in turn casting the State's preference for the next president of the United States.

Voters Must Not Sign

One of the rules frequently violated by a voter who acts in good faith but in any way loses his vote, is that which says that the voter must not sign his name to the ballot. Texas has attempted to establish a secret ballot system and for that reason the voter should not sign his name. The law on the contrary says that judge of the precinct shall sign his (the judge's name) to each ballot before it is handed to the voter.

A voter should never in any form mutilate a ballot. The courts have agreed that mutilation destroys the vote cast, although some have disagreed as to what constitutes mutilation. No attempt should be made by a voter to erase, once they are made. In cases where a voter makes an error on his ballot the law provides that upon surrendering the ballot to the election judge, he will be given another ballot. However, a limit of three ballots is provided for each voter in such cases. If on the third attempt, the voter still fails to properly mark his ballot then his vote is lost in that one election.

In a primary election which of course is more common in Texas than the general election, because they are held every other July and every other August, the names of candidates appear on a long ticket. No other names appear at the right or left of the ballot. It is different in the general election. The statutes provide that the ballots for general election shall be arranged so that the tickets of different parties shall appear side by side, separated by a parallel rule line.

Split Tickets Forecast

In these days of so-called "Hoover Democrats" who threaten to vote a straight Democratic ticket except for the presidential electors and then throw their support to Herbert Hoover, Republican presidential nominee, there probably will be thousands of split tickets in Texas.

Article 2981 of the Revised Statutes of Texas defines how ballots shall be marked and reads:

"When a voter desires to vote a straight ticket, he shall run a pencil or pen through all other tickets on the official ballot, making a distinct marked line through such ticket not intended to be voted; and when he shall desire to vote a mixed ticket he shall do so by running a line through the names of such candidates as he desires to vote against in the ticket he is voting, and by writing the name of the candidate for whom he desires to vote in the blank column and in the space provided for such office; same may be written with black ink or pencil, unless the names of the candidates for which he desires to vote shall appear on the ballot, in which event he shall leave the same scratched."

In the November election the names of all Democratic and Republican nominees, including the presidential electors, will appear on the

ballot. There will also be columns for socialists' and communists' candidates. The names of Herbert Hoover and Governor Alfred E. Smith, presidential nominees, do not appear on the ballot. A vote cast for the Democratic electors is a vote for Smith; a vote for the Republican electors is a vote for Hoover. Therefore, the voter should not attempt to write in the names of either.

Here's The Way To do It

If the voter was attempting to cast a Democratic ticket, yet voting for Hoover, he would scratch out the presidential electors in the Democratic column and scratch out all on the Republican nominees except the Republican electors. If he wanted to vote all Republican except for the presidential race, he would scratch out the Republican electors, leaving the other Republican nominees, and scratch out all of the Democratic nominees except the presidential electors. In each event the voter too, would be required to scratch out the entire Socialist and communist tickets.

One of the most frequent errors in a presidential election is that a voter, realizing that the Democrats and Republicans are the two main parties in this State, will scratch out the nominees of the opposing and yet will fail to scratch out the nominees of the weaker parties, such as the Socialists and the Communists. It is necessary for the weaker parties, or the party nominees not supported, to be scratched if the vote is to be legally cast.

It is required by the Texas statute for a voter to have a poll tax receipt or an exemption certificate if he is to vote. Persons whom the judges legally can bar from participation in the election are idiots and lunatics, paupers supported by the county, persons convicted of felony who have never been pardoned or whose citizenship has never been restored, and all soldiers, marines and seamen employed in the service of the Nation.—Higgins News.

DID YOU EVER STOP TO THINK

By, Edson R. Waite, Shawnee, Oklahoma.

H. W. Archer, editor of the Manchester (England) Evening News, says:

"That if you must make a song about what you do, you need not make a gramophone record of it."

The rolling stone gathers no moss, but at all events it isn't a tombstone.

If you cannot keep your head up you may as well put your hands up.

Soap box oratory is not the only kind that suggests bubbles.

It is no good hiding your light under a bushel if you want to sell gas fittings or electric shades and globes.

A man whose heart is in his boots naturally hesitates to put his foot down.

There is plenty of room at the top, but the distance from the bottom to the top is much greater than the distance from the top to the bottom. Euclid overlooked this.

If the disguised biography habit persists we shall soon have to regard new novels as works of fiction.

Many a man has gone up in the world through treading on a banana skin.

Advice is easy to give but hard to take. Beware of adopting the easy course. Other men's opinions are often better than your own and the man who talks to himself for such a long time that he thinks he has been listening to someone else needs a chance.

KILLS WIFE ACCIDENTALLY

If you want to rent a room or a house, use a Herald classified.

Hints for the Home

by Nancy Hart

There should be a mirror in every room, interior decorators tell us. And this they recommend not only for the convenience and decorative value of the mirror itself—but for the many clever tricks it performs for us.

Placed where it reflects a view through a window or doorway, a mirror adds distance to the room; makes a small room seem much more spacious. Hung opposite a bright picture, a length of colorful drapery or the glow of a lighted lamp, it doubles the life and interest of the room.

In fact, there is not a room in the house but is made more attractive by the proper use of a mirror—a decorating secret well worth remembering, since it is so economically achieved.

Well-Balanced Meatless Meal

Cream of beet soup—Macaroni au gratin—Escalloped tomatoes—Cauliflower—butter sauce—Lettuce—Russian dressing—Butterscotch pie—Non-stimulating drink.

New Recipe for Liver Loaf

Dissolve 1 tablespoon gelatin in 1/2 cup cold water and add to 1 1/2 cups hot tomato sauce. Put layer of mixture in molds and when set press in 1 cup chopped cooked liver. Cover with remainder of gelatin and allow to set. Serve with mayonnaise.

Ever Try Quince Jam?

To 3 1/2 cups of chopped raw fruit add 1 cup water and juice of 1 lemon. Simmer 15 minutes. Measure 4 level cups cooked fruit and 7 level cups sugar into large kettle; bring to full rolling boil for 1 minute; remove, stir in 1/2 cup liquid pectin; skim, pour and seal.

When Measuring Cocoa

Two tablespoons of cocoa are equivalent to one square of chocolate. Remember this when you wish to substitute cocoa for chocolate.

THE LATEST HOWLER

London.—A schoolboy recently made the statement in an exam that there was no nitrogen in Ireland. Inquiry as to the source of his information showed that it was based on a statement in a text-book that "Nitrogen is not found in a free state."

About Your Health

Things You Should Know

by John Joseph Gaines, M. D.

HAZARDS

The little red pest now infesting lawns and woodland shades, is known by several names, any of which may be an alias. The chigger, or chigger, or jigger—call him and her anything you wish—the bite is certain and similar. The treatment is the important thing.

After the picnic, go home and wash with strong salt and soap solution. Rinse with clear water, dry carefully. Then apply a solution—say five to ten percent carbolic acid and camphor in equal parts of witch-hazel and glycerine. Be careful to apply no more than needed.

Vacationists and rural residents may well be apprehensive of the bites of venomous serpents. The most sensible suggestion I have heard of this year is—carry a small but powerful suction-syringe in your kit, ready for instant use. If bitten cord the limb tightly above the wound; with a clean pen-knife, scarify through and about the wound freely. Don't be afraid of a little blood. Work, and work fast. Apply the syringe to the area scarified, and raw every drop that can be "pulled" out. You may stop absorption of the venom completely.

and escape serious trouble. The syringe should have a wide, smooth "muzzle." If you cannot buy one, improvise. A small breast-pump might answer. Of course summon a physician as quickly as possible. A wound by rusty nail, or barbed wire—or by a splinter may be serious. If you have no antiseptic at hand, sizzle the wound with a lighted match—painful but effective. Risk no germicide weaker than tincture of iodine or carbolic acid—full strength is often the safest, swabbing the wound inside, with a small applicator. The instant killing of bacteria is safest. Don't wait for trial by jury.

FAMOUS BOLTERS

Jefferson Davis—Bolted the Charleston convention of 1860, declaring:

"I refuse to accept Douglas and the heresy of Squatter Sovereignty."

Grover Cleveland—Bolted the Democratic ticket in 1896, being joined by his entire cabinet, with one exception, in the support of Palmer and Buckner.

Woodrow Wilson—Afterwards twice elected by the Democratic party to the presidency, declared publicly after the nomination of 1896 that he hoped Bryan and the ticket would

be "Knocked into a cocked hat." John H. Kirby—Who in 1920 publicly declared his preference for Harding the Republican nominee, over Cox, the Democratic nominee, and who contributed heavily to the Coolidge campaign in 1924.

John J. Raskob—General manager of General Motors company still a member of the Republican club of Philadelphia, selected in 1928 by Alfred Emanuel Smith, Democratic

nominee for the presidency chairman of the Democratic of the nation. If Smith can catapult leadership of his party a member of the Republican party, may private Democrat, in the of a patriotic duty, for a lifetime, vote for a candidate the character and record of er—though he be the nose Raskob's party?

Your Vote!

WHETHER you vote for Hoover or Thomas as President you'll be sure to vote for the Panhandle as suppliers of your Lumber. Those who have a loathing of knotholes and a delight in solid Lumber always order us.

A long political ballot is apt to contain a lot of dead wood—a commodity that's not known in our yards where everything is best or even better.

"When I took my Pontiac to Europe it had already gone about 70,000 miles. I traveled 34,000 miles more abroad, and when I took the car off the boat at Wilmington after shipping it from Chelsea, Wales, the speedometer read 104,000 miles. My driving was made pleasant by the splendid performance of the car, as it developed no mechanical trouble whatever."

FEEDING POULTRY IS HALF THE BATTLE

The practice of forcing the farm poultry flock to subsist on scraps and waste around the farmstead is fast becoming obsolete in Texas along with the gradual disappearance of the mongrel flock and the use of trees for roosting places. At least this is the observation of E. N. Holmgren, Extension Poultryman at Texas A. and M. College, who points to the fact that scientific feeding is coming into quite general use. "While it is true," he says, "that good feeding is of no avail where the flock is scrubby or wormy or preyed upon by vermin or poorly housed, it is also true that about half the failure to make poultry profits are due to improper feeding."

"How shall I feed my flock?" is a question asked in hundreds of letters monthly to the Extension Service, and the usual reply is a suggestion to try the "Big 5 Ration," as follows: 100 pounds each of corn or milo meal, ground oats, wheat bran, wheat shorts and meat scraps of 50 per cent protein. The bran and shorts may be substituted by using an equal weight of finely ground wheat. For the scratch feed the proportions are 2 pounds cracked corn or milo, 1 pound wheat and 1 pound oats. This ration is designed for farms where no milk is available. It is easily changed for flocks having plenty of and kind of milk before them at all times by omitting the meat scrap in the mash as given, and feeding 3 pounds cracked corn or milo and 1 pound of wheat in the scratch feed, omitting the oats.

BROOMCORN MARKET

Western Oklahoma broomcorn is being rapidly marketed in the Carnegie, Elk-Strong and Leedy district, according to C. B. Alguire of the broomcorn market news service, U. S. Bureau of Agriculture Economics. The Leedy market is particularly active, most crops being sold as fast as baled, and where immediate baling is assured, is being freely purchased in the rack. The Fairview district is inactive no broomcorn is yet in the bale. Lindsay continues quiet, the movement av-

eraging only about a car per day. Inquiries are chiefly for the common and medium grades which can be purchased round \$100.00 at farm points. With consumption since June 1 principally of the lower grades and only limited replacements to date possible, these grades of broomcorn at this time are being particularly sought for by the trade generally both for immediate and for future needs. Orders now placed with buyers for common to medium are said to be greatly in excess of the supply available for immediate delivery.

The general quality of western Oklahoma broomcorn is considered somewhat better than last year. Of about 50 crops inspected in these sections the average showed U. S. Grade No. 4, quality 25.0, which is 20 per cent "A" quality, 50 per cent "B" and 30 per cent "C" quality, which latter quality is suitable for common brooms. The length shows 22.5 or 40 per cent underwork against 60 per cent long or (shurl length). About 10 per cent to 15 per cent is over length, or over 23 inches. The analyses of the quality and length of Western Oklahoma Dwarf indicates that the brush is very desirable for the various grades of brooms in the ratio of the present demand, but in length shows a scarcity of underwork.

Shipments generally over the various districts for the past ten days reflects one of the heaviest movements in years. Approximately 200 carloads have changed hands, of which 161 were shipped as against

38 in storage. Practically no broomcorn is going into permanent storage but is moving direct to manufacturers on orders. Most of the corn is being loaded direct to cars. The following shipments as of October 6th are reported: Carnegie 10, Elk City 13, Erick 5, Sayre 15, Strong City 17, Cheyenne 15, Leedy 58, Vici 17, Camargo 5, Fairview 5, Trail 1, or a total of 161 cars.

THINKING OUT LOUD
By Samalman

Already the influence of a woman in politics is being felt. Straw votes indicate remarkable switches in sentiment which no doubt are due to woman's ancient and time-honored privilege of changing her mind.

A railroad is to install radios on its de luxe trains. Perhaps trying to encourage people to ride in their other trains!

Chang Tsung Chang kissed his twenty-eight wives goodbye and went out to fight. With twenty-eight wives we should think he would have been tired of fighting!

Scientists are now trying to find out where we go when we die. Some of us have a pretty good idea on the subject ourselves.

"Five noses broken in Texas political meeting," says a headline.

The man who knows nothing and knows he knows nothing knows a lot.

wheat is Woodrow Wilson, President of the United States under whom the action was taken.

Here are President Wilson's own words, over his own signature, from the closing paragraph of his statement announcing the wheat price. President Wilson wrote this in 1917, over 11 years ago.

"Mr. Hoover, at his express wish has taken no part in the deliberations of the committee on whose recommendation I determine the government's fair price, nor has he in any way intimated an opinion regarding that price."

Here is the statement of Dr. Harry A. Garfield, Chairman, by President Wilson's appointment, of the

committee which recommend the wheat price to the President.

"Mr. Hoover had absolutely no part in this matter other than to urge upon president Wilson that some action be taken to protect the American Farmer."

The allied governments having pooled their buying and undertaken to dictate an American export price by competition with the Argentine and Australian wheat surplus.

The new Buick is the new Style

Men and women on every street-- in every city and town-- are pronouncing the new BUICK, with Masterpiece Bodies by Fisher, the most beautiful automobile of the day.

Never before in the history of motor car manufacture have the motorists of America welcomed any new automobile as they are welcoming the Silver Anniversary Buick with new Masterpiece Bodies by Fisher!

Sweeping into the market at a time when motor car lines were practically standardized—when imitation was destroying individuality—these epic Buick creations introduced an entirely new mode—

A mode of body-symmetry—of size and magnificence—of soft contours instead of straight lines—of embossed side and hood panels involving the most costly steel paneling work employed on any car in the world!

And as the weeks have passed—and the full significance of Buick's achievement has become apparent to the public—enthusiasm for this car has swelled and grown to unprecedented proportions!

Buick sales records have been broken! Production schedules have been increased again and again! The great Buick plants are working to the limit of their capacity to supply the demand.

"I Aint Gona Vote for Al"

My father was a Democrat as was his father too.
I was lulled to sleep on Southern songs by a southern mother true.
I was taught to love the Southland and their party from a child.
And have supported Southern issues and candidates all the while;

But I simply cannot stand the gaff in this good year twenty-eight.
So I am gonna vote Republican and do it with good grace
For I never yet have voted wet and God grant I never shall.
So call me a bolter if you like, I aint gonna vote for Al.

I am not so old or worldly wise or yet am I so young.
But still recall Saloon days, not so perfect as they are sung
By those for modification who make a howl and roar

About our present system and I admit it is rather poor.
Shall we turn back, give up the ground won at awful cost.
Because our liquor laws are not enforced, shall we count the battle lost.

Shall we blindly follow a leader who has booze and Tammany for his pals
Though he may be a whiskey soaked Democrat, I aint gonna vote for Al.

The day has come when red-blooded men refuse to stand in line.
And worship like dumb cattle at some party leader shrine.
And with this line of party bunk I think them a little late
When they hand us out a man like Al; then expect us to vote her straight.

From East from West, from North, from South, men and women make their demand

For leaders who for God, home and right boldly take a stand
So whether or not we win this fight though I really think we shall
I am just one of thousands of Democrats who aint gonna vote for Al.

Though old Raskob may howl and shriek and spend his millions free
Advertising the blessings of Al and liquor to plain cowboys like me
And even the young red headed governor of our own dear Lone Star State

May show up a yellow streak by taking the stump for Al so late.
Though others may preach loyalty to their dear old party line
If the Democrats would like my vote they will have to nomin-

ate a different kind.
I will gladly vote for Herbert, yes even vote for Fisherman Cal.
But I'll be darned, whatever I do, if I vote for Boozie and Al.
—W. D. Christopher, the Cowboy Poet
(Paid Political Advertising)

PHILLIPS LOCATES IN CITY

NEW WHOLESALE OIL STATION IS INSTALLED RECENTLY; OPEN RETAIL OIL STATION

The Phillips Petroleum company announced recently, the opening of a bulk station in Perryton, in line with its recently announced policy of expansion in the retail gasoline business.

Phillips has made rapid strides in the development of its retail marketing organization and now has distribution for its products in many mid-west states, extending from the Canadian border to the Texas Panhandle, and on into New Mexico. Many of the stations in this area are located on U. S. Highway 66, which ties in with the brand name "Phillips 66" gasoline.

The local station is located two blocks east of the Panhandle Lumber company, and will be in charge of P. M. Phillips. A division office of the marketing department is located in Amarillo, under the supervision of A. M. Hughes. General headquarters of the marketing department are located in Bartlesville, Okla., in charge of H. A. Trower.

Since the first of the year retail outlets have been established in the following towns in this area: Perryton, Spearman, Borger and Tampa.

"Phillips 66" is a new type of gasoline made from stabilized natural gasoline in combination with refinery gasoline. Many superior qualities are claimed for it, due to its greater volatility which insures easy starting, quick acceleration and power because of the easy vaporization and even distribution volatility makes possible in automobile and airplane motors.

The Phillips Petroleum company is one of the largest independent oil companies in the country. Last year it produced over twenty-three million barrels of crude oil from 2,500 wells on Phillips properties in six states: Oklahoma, Texas, Kansas, Louisiana, Arkansas and Kentucky. It had, at the end of 1927, nearly one million acres of oil and

gas leases in the producing and potential areas of mid-continent.

In addition to its large oil production, the Phillips company is the world's largest producer of natural gasoline. It operates forty-six plants in the mid-continent field and during 1927, produced more than 184,000,000 gallons of natural gasoline, according to Phillips officials. The company operates a large refinery at Borger.

The balance sheet for the first six months of 1928 showed total assets of more than \$146,000,000.

The Phillips company was organized in 1927 around the nucleus of the personal oil holdings of Frank Phillips and L. E. Phillips, two brothers who went down from Iowa into what was then Indian Territory, early in the twentieth century. They engaged in the banking business and continued in that work until 1917, when the oil business began to require more of their time. Both men are still interested in banking work, holding directorships in several of the country's largest banks, but neither pursue the work actively any longer. L. E. Phillips is also a member of the Federal Reserve board for the Tenth district.

SCOUT COUNCIL IS ORGANIZED

SCOUT HEADQUARTERS ESTABLISHED IN GUYMON AT NEW COURTHOUSE FOR AREA

The Boy Scouts and men interested in scouting in Perryton are interested in finding out that the Tex-Okla Scout council has passed the stage of organization and is now getting down to the business of making more and better Scouts. Scout headquarters were established last week in the courthouse at Guymon, Okla.

R. L. Caskey, the new executive, spent the greater part of the week getting the office established and ready for service to the scoutmaster over the area. Every scoutmaster in the territory will get prompt service in way of badges, supplies, and information. The part-time secretary will be in the office from 4:00 to 5:00 o'clock each afternoon. Courts of honor, training courses for Scout leaders, and our troop contests are some of the things in store for Scout leaders, and our troop can in the next few months, according to Mr. Caskey.
