#### INDIANS NO MATCH FOR TRAINED FIGHTERS OF GOVERNMENT

(By Associated Press) LAZ, BOLIVIA, Aug. 12.—A race of savages and slavers, the descendants of the ancient Indians are on the warpath in the mountains of Potosi, Cochaca and Sucre, slaying whites, burning farms and endeavoring to destroy every vestige of the modern civilization.

The government is hurriedly sending troops from various mountain points, and several expeditions already have been sent to the scene.

The Match For Soldiers of the tribe, despite their preponderance, are no match for the trained soldiers who are splendidly equipped with the most modern material. Consequently it is expected that the movement will be put down, although perhaps many lives have been lost.

The war recalls the time when the Spanish conquistadors, led by Pizarro with a handful of men, overcame the Incas and laid the great Inca chief, Atahualpa, and brought the Incas under subjection.

#### WORLD TRIBUTE IS EXTENDED EDISON

(By Associated Press) WEST ORANGE, N. J., Aug. 12.—A world-wide tribute to the inventor of the electric light bulb, Thomas A. Edison, was extended today throughout the world.

The anniversary was celebrated on the lawn of the Edison home at West Orange, where friends and employees of Mr. Edison.

A radio audience heard the electric light bulb, which was recorded by him on the first phonograph recording.

Speaks Nursery Rhyme "Mary had a little lamb, its fleece was white as snow," he spoke in his high pitched voice, smiling as if he seemed eager to please his unseen audience.

The inventor appeared to enjoy the experience, although he said later he did not like speaking over the radio.

It was the second time in his life that Edison spoke through a microphone, and was by far his longest speech. At an electrical workers' convention in Atlantic City last year he said "good night" in response to requests for a radio speech.

#### GULF RAILWAY PAPERS READY FOR APPROVAL

CHARTER APPLICATION IN PROPER FORM IT IS FOUND

#### STOCK IS BOUGHT

CONNECTS SAN ANTONIO WITH GULF THROUGH WEST TEXAS

(By Associated Press) AUSTIN, Aug. 12.—Finding everything in due legal form, the attorney general's department today approved application for charter of the Gulf and West Texas railroad company, which plans a 250-mile line through 13 counties from San Antonio to San Antonio, with a branch line connection to Corpus Christi.

The charter will go before the secretary of state Saturday for granting.

Proposed line of the road is through the counties of Tom Green, Kendall, Sutton, Kimble, Breckenridge, Gillespie, Mason, Burnet, McCulloch, Borden, Menard and DeWitt.

Majority of the capital stock of 2,000 shares per value \$100, is held by three of the 18 incorporators. They are H. W. Morrison, J. M. Dumas, and Albert Stevens, all of San Antonio, each having 600 shares.

Other incorporators are: W. C. Dancy, R. A. Hall and John Y. Hunt, all of San Antonio, and J. M. Dumas, Robert Delcamp, R. M. Nichols, and W. W. Jones, all of Corpus Christi.

U. S. BUSINESS GOOD Davis Reports Show That Labor And Wages Are Satisfactory At Present Time

(By Associated Press) RAPID CITY, S. D., Aug. 12.—Business of the country is calculated as fair at the summer White House where President Coolidge received a first hand report of conditions today from Secretary Davis of the labor department.

President Coolidge considers the labor situation very satisfactory and believes wages are on a very liberal basis. He realizes there is some unemployment in certain lines but nothing more than the usual lagging behind which prevails in any industry or another at some time.

Secretary Davis also brought with him a recommendation that Congress be asked to make permanent the "Federal regulations governing entry of aliens from Canada who work in this country but live in Canada. He said a satisfactory arrangement had been worked out with Canada whereby temporary passports were given the 2,500 aliens who must pass in and out of the country daily in work and he would like to make permanent.

TO HELP GREET LINDY Dr. Horn Invited To Fort Worth As Guest Of That City When Flier Is Welcomed

Accepting an invitation from Mayor H. C. Mashburn, chairman of the reception committee, Dr. Paul W. Horn of the Tech will be a guest of the city of Ft. Worth when Colonel Charles Lindbergh is entertained in that city on September 28. He will participate in the parade which will be made through the city in the afternoon and also be present as a guest at a dinner given at the Texas hotel in Lindbergh's honor.

#### Widow Of Lebouef And Dr. Dreher Sentenced To Death Upon Gallows

(By Associated Press) FRANKLIN, La., Aug. 12.—Mrs. Ada Lebouef, 37 years old and the mother of four children and Dr. Thomas E. Dreher, 55 years old and the father of three children, today were sentenced to die on the gallows for the murder of Dr. Lebouef, husband of the convicted woman.

The woman and the physician received the verdict calmly and both during the legal forms the attorney general's department today approved application for charter of the Gulf and West Texas railroad company, which plans a 250-mile line through 13 counties from San Antonio to San Antonio, with a branch line connection to Corpus Christi.

(By Associated Press) WASHINGTON, Aug. 12.—The state department today that final preparations were being made for the departure tomorrow between 6 and 8 p. m. of the monoplane Europa and Bremen and the Biplane Germania bound for New York and Philadelphia with the possibility that Boston would be the destination of the Germania.

In making public the message, the state department said it was understood the departure of the German planes was contingent upon weather conditions.

The message from Ambassador Scherman said:

"Final preparations are being made for departure Saturday, August 13, between 6 and 8 p. m. of two Junkers monoplanes from Dessau and one Cessna biplane from Cologne. Monoplanes are of the Junkers type with plane fuselage and bear names Europa and Bremen. Biplane bears name Germania. Monoplanes have wireless for receiving only. Biplane for sending and receiving. Destination—New York and Philadelphia with possibility of Boston for Germania."

Reinforcements Arrive

The crew of the freighter's crew with the pilot, leaving them until a police launch brought reinforcements. The steamer was hauled from the bar without difficulty. The 26 prisoners were taken to Brooklyn for arraignment.

The Ansonia was built in Cleveland eight years ago and was used for the coast guard.

Coast guard officials estimated the value of the liquor at \$1,000,000.

#### Other Contestants Continue Plans To Make Long Flight

(By Associated Press) LOS ANGELES, Calif., Aug. 12.—Arthur V. Rogers, taking his Dole Pacific flight plane, "Angel of Los Angeles" into the air for the first time today, was killed when the craft crashed to the ground two miles from the Western air express field at Montebello, from which point he took off.

The crash which sent Arthur V. Rogers to his death at Montebello, near Los Angeles today while his wife looked on, the smash off Point Loma, San Diego, which took the lives of Lieutenants George Boyd and R. S. Waggener, U. S. N., on Tuesday, the wreck of the huge triplane "Pride of Los Angeles" as it was attempting to land here yesterday, marked the major fatalities in the race. The occupants of the Los Angeles were compelled to cling to the top of their plane when it was submerged in San Francisco Bay, but were uninjured.

Continue Preparations

With a daring that was awe-inspiring, the remaining entrants in the race today followed the trail of Jim, the Italian, who took their preparations for test, taking the fatalistic attitude that they are safer in the air than on the ground.

The Woman's Day By Allene Sumner

Society Briefs

Miss Marjorie Schoolcraft, of Dallas, is ill in a local sanitarium. Mrs. Guy Caser and children are visiting with relatives in Dallas for a few days.

Local Briefs

Mrs. Albert Fryar and children, 2810 14th Street, have returned from a visit in Paris with Mrs. Fryar's parents, Mr. and Mrs. Freese. Dr. W. J. McLean, pathologist with Scott and White hospital, at Temple, is visiting his aunt, Mrs. W. E. Boyd, and Mr. Boyd, 2313 12th Street.

When woman had no thought except to minister to her husband and child, and was willing to accept whatever conditions the husband imposed, the chance for friction was less.

So writes Clarence Darrow in a recent article favorable to divorce. One of the most graphic pictures ever painted by pen of a day when woman was supposed to be indispensable to man, and kept thoroughly content because she felt she was indispensable, is painted in a new and, to me, the strongest book of pioneer life ever written, "Giants in the Earth," by O. E. Rolvaag.

Work, says BELLE SHERWIN, is woman's heritage.

Her own life proves her belief in work. We talked in "Winden," the beautiful summer home of Miss Sherwin, a home wherein many women, perhaps most women, would choose to live in ease and comfort and security, forgetting the workaday world outside.

"Marriage Is A Job, Not A Miracle" Is Leader's Claim Head Of Women's Voters League Expresses Her Belief

Work, says BELLE SHERWIN, is woman's heritage.

By ALLENE SUMNER NEA Service Writer WILL OUGHRAY, G. Aug. 12.—"Marriage is a job—not a miracle," Miss Belle Sherwin, president of the National League of Women Voters, speaking. It was only with reluctance that Miss Sherwin consented to leap the barriers of what she considers her own bailiwick, the world of the woman voter, and talk about women in general and the things that affect women—home, job, children, marriage, and other ills, and omissions of the feminine world.

Sometimes a woman can find her work where her affections lie.

Other women can't find satisfaction in the home job.

Today's woman knows what she wants. Then and Now. In 1927 she expected at any moment of information to get those things she desires. In 1924 these were certain definite desires which she wanted to see incorporated in the party platform.

BREAKFAST—Sliced peaches, ham omelet, creamed potatoes, bran muffins, and coffee. LUNCHEON—Creamed spinach with broiled tomatoes, crisp sandwiches, blueberry shortcake, milk, tea. DINNER—Boiled fish with vegetable sauce, browned potatoes, cucumber and lettuce salad, peach sherbert, milk, coffee. Blueberry Shortcake Two cups flour, 1-2 teaspoon salt, 2 tablespoons butter, 2-3 cup rich sour cream, 1-2 teaspoon soda, 1 egg, 1 tablespoon sugar, 1 cup blueberries, 1-2 cup sugar, 1 tablespoon flour. Mix and sift flour, salt and 1 tablespoon sugar. Work in butter and cut in cream to which soda dissolved in a little warm water has been added. Cut in egg beaten very stiff. Divide in two equal parts. Roll each part into a round sheet about 3-4 inch thick. Place one sheet in a deep round pan building the dough up the sides. Mix with 1-2 cup sugar and mix with berries. Fill dough with berries, cover with second sheet of dough, press edges together and bake thirty minutes in a rather hot oven. Serve warm with butter and maple syrup. Mr. and Miss America

You might call these people Mr. and Miss America. The young lady, Miss Norma Stanbury of Tulsa, Okla., has held the title of Miss America since last summer's pageant at Atlantic City; and the young man is Colonel Charles Lindbergh. And it must be said that "Lindy" doesn't seem to be displaying much interest in the beautiful young lady.

PURNELL CASE

(Continued From Page 1)

Heard in mysterious rites, that there was an "inner circle" of chosen spirits, walled-in hiding places, and wigs and disguises to facilitate his escape in case of trouble, were branded as figments of some one's imagination. Old and Feeble The Purnell who was once a dominating figure has shrunk to a gray haired, sunken eyed feeble appearing old man. He is 66 years old and looks 78. His voice was so weak the court stenographer, who sat close beside him, was forced to repeat his answers for the benefit of counsel. Despite the outward evidences of weakness, however, his eyes when he chose to open them, flashed fire at his accusers. Purnell was brought to the court in an ambulance. After being on the stand an hour and thirty minutes, his nurse and defense counsel announced he was exhausted, his brief examination was completed but State's Attorney George E. Nichols had barely scratched the surface of the cross examination when the judge dis-

missed the witness for the day. W. J. Barnard, chief defense attorney, announced Purnell will return for the completion of his cross examination as soon as the physicians announce him physically able. He is said to be suffering from diabetes and tuberculosis. WARSHIP CATCHES FIRE Destroyer Lamson Scene Of Fight With Flames For Several Hours By Crew And Firemen PHILADELPHIA, Aug. 12 (AP)—Fire raged for two hours today aboard the United States Destroyer Lamson shortly after the 1400 ton ship had docked the Philadelphia navy yard with a crew of 200 men. The steel decks of the long, swift craft grew so hot that it was necessary to flood the magazine to prevent a possible explosion of powder and shells with which it was loaded. Until a survey was made of the ship officers said it would be impossible to estimate the damage, but it was believed not to have been serious. The blaze was confined to number one fire room where it started, but for two hours it gave the 200 members of the crew, the marine fire company at the yard and city firemen a stiff battle before it was extinguished. Commander Kutus King, in command of the ship, was unable to determine had caused the fire. Rather Suspicious Dudley—What makes you think that your wife got your money? Jenkins—Well, I'm not sure of it, but I reached in my pants this morning and instead of five my bank roll I found a thimble.

he crashed to death. The advancing of the starting date gave fliers opportunity to snatch needed sleep today, before resuming their tests. 25 in with the added time, however, it was apparent that all would not qualify by Tuesday. Starting Order Changed The unanimous consent agreement entered into last night changed the starting order in favor of those who qualified earliest irrespective of the positions drawn originally. The zero hour in which pilots may qualify will be Monday at 10 a. m., according to the agreement. Four of the nine entrants passed all tests late today. They are: Bennett Griffin, flying the monoplane, Oklahoma, who retains his place as first starter. Goddard Second Norman Goddard, a naval lieutenant on leave from San Diego, flying a monoplane of special design, who will go into the air after Griffin. Major Livingston Irving of Berkeley, who takes his monoplane into third starting order, a plane originally assigned to Charles W. Parkhurst, of Los Angeles. Jack Frost, flying the San Francisco Examiner's yellow "Augsy" biplane monoplane, named "Augsy" Dollar out of fourth place, and moved up from fifteenth. The pilots will be given starting positions in the order in which they are qualified to the local committee as qualified, the pilots announced in accordance to their agreement.

FUNDS FOR ALL NAVAL CONSTRUCTION REQUESTED

RAPID CITY, S. D., Aug. 12 (AP)—Sufficient funds for the first year's work on all naval craft authorized, including the six cruisers which congress asked for last winter, will be included in next year's estimates, Detester General Herbert M. Attempt To Upset Government Of Portugal Ends Quickly, Say Meager Dispatches

LONDON, Aug. 12 (AP)—A Reuters dispatch from Lisbon says that an abortive attempt to carry out a coup d'etat against the Portuguese government was made today, but was quashed by prompt government action. The government was described tonight as being master of the situation. The dispatch says it was asserted today that an overwhelming part of the army was supporting the government which was confident that it would be able to take measures for the public safety. All the ministers and commanders of all military garrisons were declared to be united in defense of the existing regime.

**HEREFORD'S FAIR FINANCES ITSELF**

**TAL ON BUILDING AND CONCESSIONS ALLOW FREE EXHIBITS**

HEREFORD, Aug. 12.—Fair officials of Hereford have a unique method of financing the Deaf Smith county fair, so that no donations are to be taken, nor any money from the Chamber of Commerce, and still the local share of the fair is free. That is, no gate fees charged for the general public, no entry fees are charged for those who bring in livestock, and the like. Cash is offered in the various departments for exhibits brought in. How the fair is financed, Smith county owns it own pavilion, which was formerly the Hereford sales pavilion here annual Hereford cattle sale held. This fair pavilion arranged that a complete fair staged in the one building, crop products, ladies exhibits, as culinary, fine arts, foods, the auto show, merchants, poultry, Hereford cattle, cattle, swine, and other exhibits that go to make up a fair, placed on exhibit in the one pavilion.

**Pay For Booths**  
merchants pay a nominal fee for booths, automobile dealers charged for the privilege of being at the fair; those who put up drink stands, eating places, shops and the like pay for space; a carnival is booked year and this brings in some percentage from football that are staged. When all above revenue is added up, money is usually on hand for the fair. This is one of the fairs in Texas that is free, still is self-sustaining. Last year the local fair and the exhibit Tri-State Fair at Amarillo cost the local Chamber of Commerce one cent, and there was donation from the business of Hereford for either of these years. The Deaf Smith county fair will be held September 22, and preparations are being made for one of the best in the county. True to custom, fair will be free to all who

**BEAR WRECKED SEDAN**  
ASHFORD, Wash.—A picnic party in Rainier National Park returned to their parked car after a short hike and found a large bear clambering onto the top. The top of the sedan gave way under the animal's weight, and let it down into the furnace, where it smashed its way to freedom. All of the car except the chassis was demolished.

**Hereford Farmers Receive Big Rains**

HEREFORD, Aug. 12.—Frogs in the lakes about Hereford and in the Tierra Blanca just south of town are tickled to death about the big rains of this week, and so are the farmers of Deaf Smith county and the business men of Hereford. Better than two inches of rain has fallen here the first part of this week, breaking a dry spell of some weeks, and putting adequate moisture in the ground for growing crops, and in the soil that is being prepared for fall wheat.

Seven-tenths fell Monday night and over an inch was precipitated Tuesday night. The next morning frogs in the neighboring lakes were hoarse from their praise of the rains. Wednesday morning the business men of Hereford and citizens of this city met at the local theater for prayer and praise service as a tribute for the good rains. Most of the business houses here closed for the special service. The rains have been reported general over the entire Panhandle.

**Crop Good**  
Now crop prospects are brighter than they have been at any time this year. Although the acreage is light, a good crop is expected, and farmers will probably receive fair prices for their grain sorghums. Ranges are in excellent condition, and the stock are good, and stockmen of this section predict good times for the fall and winter months. The largest acreage in the history of the Hereford country is being prepared for wheat this fall. Better than 50,000 acres of pasture land has been plowed up and is being prepared for the fall crop. Much old land has been summer fallowed, and in general will be in much better shape for wheat than it was a year ago. A spirit of optimism prevails over this entire section.

**NEW BOOKS ARE ORDERED FOR HEREFORD LIBRARY**

HEREFORD, Aug. 12.—The local school board has just voted \$200 for new school books to be placed in the school libraries. The money will be distributed equally among the departmental, central and high schools.

The libraries for the local schools have been built up from year to year, until now, students of the local schools can do research work on any of the subjects that are offered. It is the plan to keep the library up-to-date so that the best of instruction can be given.

**FOARD COUNTY KEEPS BEST BOOKS**

**RECORD OF TREASURER IS IN PERFECT ORDER SAYS STATE AUDITOR**

CROWELL, Aug. 12.—Miss Maye Andrews, young country treasurer of Foard County, has achieved a most remarkable record in serving her office by keeping a perfect set of books during the past year according to F. L. Humphreys of Fort Worth, who has just audited the county books. Mr. Humphreys stated that this was the best record that he had seen in his ten years of experience as auditor.

The county receipts for the year totaled \$75,570.44 and all tax money of this amount was divided into sixteen different funds. All entries in the treasurer's books were thoroughly checked and receipts were traced to the bank's accounts but not a single mistake could be found. Such a record is very unusual according to Mr. Humphreys who stated that Foard County was certainly to be congratulated on having such a conscientious and efficient public official.

And the Scotchman refused to use the telephone because when the operator said "Thank you" he thought he must have given something away.  
"Do you know the difference, Ethel, between riding in a taxi and riding in a trolley car?"  
"No, I don't believe I do."  
"Fine, we'll take a trolley."

Sunday-School Lesson

BY DR. J. E. NUNN

General Topic: David Brings the Ark to Jerusalem.

Scripture Lesson: 2 Sam. 2: 1-7; 3: 1-17; 4: 1-12.

1 Sam. 23. And his men that were with him did David bring up, every man with his household, and they dwelt in the cities of Hebron.

2 And the men of Judah came, and there they anointed David king over the house of Judah.

3 Sam. 6: 1. Then came all the tribes of Israel to David into Hebron, and said, saying, Behold, we are thy bone and thy flesh.

4 In times past, when Saul was king over us, it was thou that leddest us out and broughtest in Israel: and Jehovah said to thee, Thou shalt be shepherd of my people Israel, and thou shalt be prince over Israel.

5 So all the elders of Israel came to the king to Hebron; and David made a covenant with them in Hebron before Jehovah; and they anointed David king over Israel.

6 Sam. 6: 2. And it was told king David, saying, Jehovah hath blessed the house of Obadom, and all that pertaineth unto him, because of the ark of God. And David went and brought up the ark of God from the house of Obadom into the city of David with joy.

7 And it was so, that when they that bare the ark of Jehovah had gone six paces, he sacrificed an ox and a fatling.

8 And David danced before Jehovah with all his might; and David was girded with a linen ephod.

9 So David and all the house of Israel brought up the ark of Jehovah with shouting, and with the sound of the trumpet.

10 Time: David becomes a king of Judah, B. C. 1032. David becomes king of all Israel, B. C. 1015. David brings the ark to Jerusalem, B. C. 1012.

Place: David's capital, first at Hebron, was removed to Jerusalem, when he became king of the entire country.

Golden Text: We shall be satisfied with the goodness of thy house, thy holy temple.—Ps. 65: 4.

Introduction: After the death of Saul and Jonathan, David knew that his outlaw and fugitive life was at an end. He also realized that the time had come for the fulfillment of God's design that he should be king, a design so solemnly disclosed to him by God's prophet many years before. But David, even under such circumstances did not make haste. He retained the patience which had characterized him all through his weary and perilous wanderings. Like "great David's greater, Son," he waited on God's will; he knew how to bide his time. He would not even select without divine direction a palace in which to dwell now that his hunted life was over.

David, King of Hebron, vs. 3, 4. Hebron was a most suitable place for his capital because it was central in the tribe of Judah, and was in the hilly uplands, easy to defend. It was Abraham's city, rich in the precious associations of the patriarchs. It was Caleb's city, selected by the "dauntless old warrior" when the country was divided under Joshua. It was moreover a priestly center, and David during his wanderings had spent much time near it, and had made many friends. He was divinely led to choose it for his capital. "And his men that were with him did David bring up, every man with his household." David's men were the warriors who had attached themselves to his cause, and had shared his exile. Thus David had the effective nucleus of an army, always at hand, to prevent all in due season, and to maintain order. "And there they anointed David king over the house of Judah." David had been anointed privately by Samuel to be king in his boyhood; this second anointing was a public one, upon the first, but merely confirmed it publicly.

David King of All Israel: David was king of Judah, with Hebron for his capital, for seven and a half years. The Philistines, victorious in the battle of Gibeon, occupied the country north of Judah, while Ishbosheth, son of Saul, and his followers, led by Abner, made their headquarters in the country east of Jordan. David spent five years in strengthening Judah. After all had succeeded in driving the Philistines out of the country north of Judah and in establishing Ishbosheth there as king, and for two years there was civil war between his kingdom and David's. A quarrel led Abner to seek David and offer to betray his king to the king of Judah. During these negotiations Abner was slain (without David's knowledge or consent) by Joab, David's general, whose brother Asahel had been slain by Abner. Soon after this Ishbosheth was assassinated by two of his officers. These came to David representatives of all the tribes except Judah, which was already with him, and offered him the vacant throne of Ishbosheth, completing his sovereignty over the entire nation.

11 It is thrilling to look back upon the path of David from his boyhood to Hebron, until he is seated on the throne of all Israel, and note how steadily was God's purpose through all the vicissitudes of fortune. When David's fate seemed reversed, and God's favor appeared to have left him, he was only prepared to be doing this day after day, with a strange light in the face, and with a great, mysterious, uplifting secret in the soul—this is what comes from having the Ark in the house. "Let in God, as Obadom did, both into heart and house. Let God dwell in you and in your house. Let Him not pass by your door. Go out to meet Him, and bid Him welcome. He will bless you." Horatius Bonar.

God's Purpose Fulfilled. It is thrilling to look back upon the path of David from his boyhood to Hebron, until he is seated on the throne of all Israel, and note how steadily was God's purpose through all the vicissitudes of fortune. When David's fate seemed reversed, and God's favor appeared to have left him, he was only prepared to be doing this day after day, with a strange light in the face, and with a great, mysterious, uplifting secret in the soul—this is what comes from having the Ark in the house. "Let in God, as Obadom did, both into heart and house. Let God dwell in you and in your house. Let Him not pass by your door. Go out to meet Him, and bid Him welcome. He will bless you." Horatius Bonar.

12 The Ark in the Home, Chap. 6: 12. "What a wonderful three months in the house of Obadom, with the Ark of the Covenant always there, morning, noon, and night! Something new and wonderful was among them, an influence that made life more solemn, more important, more joyous. For one thing, their lot must have been sacrificed. Think of standing by the Ark in the early morning, and then going out into the field to plough with one's hands or one's beasts, to be meeting the shocks of the world, to be doing this day after day, with a strange light in the face, and with a great, mysterious, uplifting secret in the soul—this is what comes from having the Ark in the house." "Let in God, as Obadom did, both into heart and house. Let God dwell in you and in your house. Let Him not pass by your door. Go out to meet Him, and bid Him welcome. He will bless you." Horatius Bonar.

13 Mr. Guther will remain with the brand until August 29, and will then return to the New Mexico A. & M. College where he is a member of the faculty in the Department of Business Administration.

14 The porkers were not as uniform as might be expected, where all the pigs received the same care and attention. The heaviest pig weighed 275 pounds, while the smallest one only weighed 137.5 pounds. The average for the nine was 223.6 pounds.

15 The occasion will be the Panhandle-North Plains District convention of the West Texas Chamber of Commerce which will initiate the work of the organization into the work of its regional gatherings. President B. W. Haynie who has been in office since the ninth annual convention at Wichita Falls will for the first time attend a district convention of the West Texas Chamber when he appears on the program at Wellington August 23. More than thirty towns in the Panhandle-North Plains District of the organization are expected to have representatives there. The program is to be announced within a few days.

16 This meet will be followed by the Hills Country District Convention at San Saba on September 22.

17 The small unit plan of irrigation is believed by many to be the right system for the proper development of the Hereford strand water belt and this test well water plants with interest. Most of the plants that have been installed in the past pumped from 1000 to 1500 gallons per minute, and the initial cost was rather expensive for the average farmer. Mr. Russell Pump and Supply Company in Hereford immediately next spring will put the rest of the tract in garden products.

E. W. SMITH'S CHOSEN FOR PLACE ON BRAND

HEREFORD, Aug. 12.—Elliott W. Smith, a graduate of the department of journalism of the University of Kansas, has been selected to take the place of G. L. Guthrie, who has been in the employ of The Hereford Brand since June first. Mr. Smith did considerable writing for the University Daily Kansan, official paper of the University, while in school, and has also had experience with weekly papers. He will handle most of the news writing for the Brand and will also assist with the soliciting and writing of advertisements.

Mr. Guthrie will remain with the Brand until August 29, and will then return to the New Mexico A. & M. College where he is a member of the faculty in the Department of Business Administration.

The porkers were not as uniform as might be expected, where all the pigs received the same care and attention. The heaviest pig weighed 275 pounds, while the smallest one only weighed 137.5 pounds. The average for the nine was 223.6 pounds.

The occasion will be the Panhandle-North Plains District convention of the West Texas Chamber of Commerce which will initiate the work of the organization into the work of its regional gatherings. President B. W. Haynie who has been in office since the ninth annual convention at Wichita Falls will for the first time attend a district convention of the West Texas Chamber when he appears on the program at Wellington August 23. More than thirty towns in the Panhandle-North Plains District of the organization are expected to have representatives there. The program is to be announced within a few days.

This meet will be followed by the Hills Country District Convention at San Saba on September 22.

Ton Litter Owned By Fleet Calloway

HEREFORD, Aug. 12.—The first official ton litter for Deer Smith county has just been fed on by Fleet Calloway, Deer Smith county club boy. He was entered in the state ton litter contest and his nine pigs weighed 2192.5 pounds. August 3, the day the pigs were six months old, Young Calloway has been feeding his pigs a balanced ration under the direction of County Agent R. O. Dunkle, and his record shows splendid results.

The porkers were not as uniform as might be expected, where all the pigs received the same care and attention. The heaviest pig weighed 275 pounds, while the smallest one only weighed 137.5 pounds. The average for the nine was 223.6 pounds.

**BEGIN HERE TODAY**  
VERA CAMERON, private secretary, consents to let JERRY BACKLUM, advertising manager of the Peach Blossom, Comstock Co., transform her into a beauty after she falls instantly in love with a man who ignores her. Jerry effects the transformation through the use of the company's cosmetics and promises to use her photographs in advertising booklets.

"It's not the beauty specialist to refashion her, but a model a portrait of a beautiful woman whom he supposes to be a movie actress.  
Vera, sometimes called Vee-Vee, is so amazingly pretty after the metamorphosis that Jerry falls in love with her. Vera is going to Lake Minnetonka to meet her fiancée because the man with whom she is in love is to be there. Jerry gives her an envelope which he instructs her not to open unless she finds herself in a jam.  
At the hotel, at Minnetonka, Vera is mistaken for a common street girl and treated with defiance and awe. She learns from hints that she is mistaken for some society girl about whom there is a mystery.

**SCHUYLER SMYTHE**, with whom Vera is in love, assures her that he is not a common street boy. He is a prince, and she is a princess. He tells her that she is a princess and that she is a princess. He tells her that she is a princess and that she is a princess.

## Construction On Hotel Is Rapid

**BIG SPRING, Aug. 12.**—The concrete frame work for the Crawford hotel has been completed and brick laid on the 6th story, partition walls are being constructed and the brick work on the seventh story will be completed by the last part of this week.  
According to Construction Superintendent Vought the hotel will be ready for occupancy by October 1st unless some delay is due to shortage of material.  
According to A. J. Crawford, owner and builder of the Crawford hotel there will be no modern features omitted in the construction and equipment of this building.  
Being at the crossing of two national highways and one block from main street will make the Crawford the metropolis of the city of Big Spring as well as headquarters for the many oil companies who are locating in the city.  
A number of modern offices on the first floor will be equipped for all companies. The Chamber of Commerce will also occupy one of the prominent places adjacent to the lobby.

## HEREFORD PICNIC SET FOR COMING FRIDAY

**HEREFORD, Aug. 12.**—Farmers of the Hereford country will hold their fourth annual picnic at Sulphur Park, Friday, August 13, according to Troy Womble, chairman of the arrangements committee. George W. Smith, G. C. Hartman, Ray Hershey, Roy Gough and Cecil Walker are assisting with the arrangements, and are planning for some addresses by prominent speakers. The picnic has been held each year since a Fair Bureau was organized here, and attendance this year is expected to be heavier than ever before.

## In For It!

Have a look at William E. Dill, motor vehicle commissioner of the State of New Jersey. His fellow democrats have unofficially hailed him as the next governor of his home state, which means—well, it means his chances are pretty good.

## WELLINGTON GETS C. OF C. MEETING FOR AUGUST

**HEREFORD, Aug. 12.**—Word has just been received here that the North Texas district convention of the West Texas Chamber of Commerce will be held in Wellington, August 25. Hereford people have not decided just what part they will take in this convention. Last year the meeting was held in Clarendon and this city was a bidder for the convention of this year.

**HEREFORD, Aug. 12.**—Farmers of the Hereford country will hold their fourth annual picnic at Sulphur Park, Friday, August 13, according to Troy Womble, chairman of the arrangements committee. George W. Smith, G. C. Hartman, Ray Hershey, Roy Gough and Cecil Walker are assisting with the arrangements, and are planning for some addresses by prominent speakers. The picnic has been held each year since a Fair Bureau was organized here, and attendance this year is expected to be heavier than ever before.

## Floydada Power Line Nearly Done

**FLOYDADA, Aug. 12.**—Two different sources of electrical power will be opened to Floydada Sunday when the Texas Utilities company completes their new line from Dallas to this city. Weather conditions permitting the "cut-in" will be made that afternoon, according to the present plans of A. D. Chase, foreman of the high line. The new line gives this city direct connection with the large plant belonging to the company at Lubbock and assures twenty-four hour service. The construction of the new line is only a part of the improvements being made by the Texas Utilities company in this county. Immediately following the completion of the Dallas-Floydada line the Floydada-Lockney line will be reconditioned and better material added. Work has been going on for some time in rebuilding the Floydada-Plainview line.  
Floydada now enjoys the distinction of being the best lighted city on the South Plains having 110 lights of 250 candle power each.
