Harris Royal, A Lifelong Resident, Dies

Harris (Moon) Royal, 73, a member of a pioneer family that helped to mold the Wellington's business life, died in Collingsworth General Hospital at 3:50 p.m. Saturday, April 16.

He was stricken at his home early Thursday, after being in ill health for the last year.

Born in Collingsworth County June 7, 1903, he was the son of the late Frank H. and Sarah Jane Harris Royal. He had lived here all his life.

As soon as he graduated from high school, he went to work for his father in the Pioneer Hardware, and remained a number of years, until he began farming operations east of Wellington, which he was to continue 35 years.

Later, he went to work at Sullivan Hardware and furniture, to help Mrs. Clay Sullivan Beam through the Christmas rush one holiday season. He remained there 10 years and at the same time carried on his full-scale farming.

Afterward, he devoted his entire time to his land.

He retired three years ago, after suffering an illness.

Mr. Royal was a member of First Baptist Church.

He was married to Miss Vivian West on May 1, 1932, in the home of her parents at Hollis.

Funeral services were conducted at First Baptist Church at 2:00 p.m. Monday, April 18. Officiating were the Rev. Mickey Fugitt, pastor,

Bank Deposits Reach Seasonal High for County

Wellington's two banks, City State and Wellington State, ended operations for the first quarter of 1977 with deposits at a high point for this time of year.

Deposits were \$27,037,000 on March 31, date of the call by the Federal Reserve Bank and State Banking Commissioner.

Deposits are up \$2,390,000 from those of one year ago, and \$5,230,000 higher than two years ago.

Assets, following the same trend, totaled \$29,194,000 at the end of the first quarter. A year ago, they were \$26,666,000, marking a rise of more than \$2,528,000. Two years ago assets amounted to \$23,408,000.

Although both deposits and assets have dropped slightly

since the report at the first of this year, it is normal trend as farming operations get under way. It is to be remembered, also, that the bulk of the cotton crop was gathered before Christmas. Because of it, less of the cotton money is reflected in the first quarter.

Even considering inflation, it is significant that assets are two and one-half times the figure when the decade of the 1970s opened. At that time they were \$11,523,000 and deposits were \$10,534,000.

Breaking down the deposit figure, county residents have on demand deposit \$9,611,000 money they use to meet day to day expenses and as working capital. This is up about \$100,000 from last March 31 figure.

However, time deposits

continue their upward climb, widening the margin over demand deposits. This figure--time deposits--now totals 17,426,000, up more than two and a quarter million dollars from the 1976 figure of \$15,133,000.

This money draws a healthy interest rate. This year's

figure is also up about \$8,000,000 over time deposits two years ago.

It shows the extent to which Collingsworth people are using their money to make money. How much they are making ranged to more than 7 percent on long term certificates of deposit.

Library Week Tea Thursday

Wellington area residents are reminded of the Library Week tea, to be held in the Collingsworth County Library from 9:00 to 11:00 a.m. Thursday, April 21.

The annual tea is sponsored by the 1924 Study Club, assisted by Mrs. Frances Mote, librarian.

Its purpose is to familiarize the community with the library and the services it offers, and with the Friends of the Library.

A good portion of this is to farmers beginning 1977 operations. Undivided profits amount to \$744,000.

A review of other figures back to 1970 includes:

Assets:
1973 - \$17,215,501.46
1972 - \$14,029,040.18
1971 - \$13,409,242.23
1970 - \$11,523, 863.48.

The remainder of the deposit figure is made up of United States, state and other political subdivision monies, as well as deposits from other commercial banks.

Just as deposits have risen, loans also are up. The figure March 31 was \$17,402,000. This is almost three million over loans a year ago and about six million over those of two years ago.

Loans and Discounts:
1973 - \$8,182,219.18
1972 - \$7,292,379.86.

Deposits:
1973 - \$15,929,759.69.
1972 - \$12,970,952.19.
1971 - \$12,394,303.65.
1970 - \$10,543,909.11.

Demand Deposits:
1973 - \$7,866,741.28.
1972 - \$6,312, 048.28.
1971 - \$6,741,976.00.
1970 - \$5,710,073.07.

Time and Savings Deposits:
1973 - \$8,063,018.41.
1972 - \$6,658,903.91.

1972 - \$363,309.00.

Rain up to Ten Inches Drenches County in Week

Heavy rains that started late last week have blanketed the county, saving a wheat crop that was already suffering and putting plenty of moisture in the ground for row crop operations.

Until Tuesday, all rain that fell had soaked in the ground, however, heavy rains that afternoon and night have begun washing the land in some sections of the county.

Wellington's official measurement has been 5.47 inches to date. There have been other county reports up to 10 inches.

The heaviest fall from the Tuesday rain was reported from an area north of Quail, where 5 inches was reported to Paul Bell. His son, Andy, was unable to reach his home northwest of Marella.

Jay Tarver of the Texas Department of Highways and Public Transportation was in this area Tuesday night until he was turned back by water running in his car.

At the Bourland and Ross Ranch in this area, 6.2 inches was recorded Tuesday and Tuesday night. Of this, 2.6 inches fell in 45 minutes.

Since Wednesday, April 13, more than 10 inches has fallen

at this location.

Also in the same area, the Johnny Carson farm received 5.5 inches Tuesday. Water was still over the FM highway Wednesday morning.

Rain was also heavy and over the highway Tuesday night in the Dozier area. Highway department trucks remained out until 2:00 a.m. and were out again early Wednesday.

Salt Fork River flowed from

bank to bank Wednesday, lacking only a foot of reaching the trailer hookups in Pioneer Park on Highway 83 north of town, Co. Judge Zook Thomas said.

Those crossing Buck Creek reported it at the highest point in years.

Paul Fielding estimated two inches fell at Quail Tuesday afternoon. Before Tuesday, Cary Don Neeley reported three inches.

Also before the Tuesday rain, Goat Hopper reported 5.5 inches east of Wellington and Tom Birchfield 5.3 northwest of Dodson. His pasture lake was running over the spillway and filling another lake on an adjoining place.

South of Wellington Jesse Hernandez estimated about 6 inches. At Cross Roads, Dan Guthrie estimated 5 inches.

Softball League Draws 1977 Schedule Thursday

A meeting to work out the 1977 schedule of the Wellington Slow-pitch Softball League will be held Thursday, April 21, at 7:30 p.m. in the National Guard Armory.

Every team playing in the league should be represented, as this is the last meeting that will be held before the season starts, declared Tony Stephens, who is working with the program. Teams not represented will not be on the schedule this year, he emphasized.

Nine teams and possibly more are expected. Wellington will have one new team, sponsored by the National Guard. Returning from last year are Langford Conoco, Martin Seed, Owens Farm Supply and Dodson Co-op.

Two teams from Memphis and two from Childress, possibly more, are expected. Wellington games will be played at Marian Airpark Field.

"This meeting is for all players and everyone interested in seeing Wellington in a softball league," Stephens continued.

The opening date of the 1977 season will be set at the Thursday meeting, and this will probably be in the next two weeks.

At least one big invitational tournament and possibly two, is under consideration.

Heading the Wellington Slow-Pitch Softball League this year is Deputy Sheriff Steve Vines, while National Guard Sgt. Jim Harris is vice president, Danny Gray secre-

tary and Sidney McGill treasurer. Teddy Martin is the outgoing president.

In preparation for the upcoming season, the City of Wellington repaired the roof on the grandstand, league members repaired the wire on it, reworked the infield and did a general clean-up job.

"The condition of the field will be real good after this rain," said Stephens.

Some time during the season, an extension of the city's water line is due to serve the ball park.

Wellington ball park facilities, completely renovated for the 1976 season, were highly praised by players from visiting teams which included Vernon, Pampa and Amarillo.

This year, Memphis will have all new facilities.

Greenbelt Electric Cooperative, Inc., will hold its annual meeting Friday, April 22, in Bura Handley Community Center, starting at 2:00 p.m.

Mr. Garland will preside at

the business meeting. Paul Spillman, the Co-operative's attorney, will read the notice of this meeting and minute of the 1976 meeting. Action pertaining to the election of directors will follow, with an opportunity being given for nominations from the floor.

Reports will be given by Mr. Garland as president, Mr. Rainey, secretary, and Mr. Henry, manager.

The entire staff of Greenbelt Electric Cooperative, Inc., will have a part in the meeting.

Refreshments will be served and a large number of electrical appliances will be given as door prizes.

Mr. Henry has been manager since January 1, 1955, when he succeeded Orval Couch, now of Homer, Louisiana.

2 Service Center To New Location

The Wellington Family Service Center, which offers counseling to both families and individuals is moving this week end to a new location in the southeast offices of the Wellington Clinic. The center serves Collingsworth, Hall and Donley counties.

It is served by the Arlington Street entrance.

The phone number remains the same, 447-2914. Announcement of the move was made by Mrs. B.M. Sims, a trustee of District 6, Amarillo Mental Health Mental Retardation Program, of which the Wellington facility is part.

The service will be open Monday through Friday of each week. A new counselor, who will be in Wellington each Friday, and a new receptionist secretary are being selected in the near future.

Funding of the Wellington Family Service Center is through MHMR, an agency of the State of Texas.

Collingsworth County Commissioners Court and City of Wellington have made many services possible, Mrs. Sims said.

Amarillo Mental Health Mental Retardation serves much of the Panhandle, with the District 6 covering Armstrong, Collingsworth, Donley and Hall counties. Due to the nearness to Amarillo, Armstrong County uses that center.

Trustees from Collingsworth County are Mrs. Sims, Mrs. Charlene Poteet and Mrs. Murray Dodson; from Hall, Miss Tops Gilreath and Rev. Tom Posey; and from Donley, Jerry Hawkins and Jeff L. Walker. Mrs. Tom Christian of Claude is the chairman, Rev. Posey vice chairman and Mrs. Poteet, secretary.

You can Bank on It!

By BILLY MOSELEY
President
CITY STATE BANK

One of the most valuable assets any individual can have is good personal credit.

With the economic ups and downs of today's world a good credit rating is almost a necessity. Good bank credit is widely regarded as the most valuable of all business references. The essence of this credit is trust and confidence. In fact, the word credit comes from a Latin verb which meant to believe or trust.

In establishing good bank credit, you should keep several things in mind. Accurately describe what you need credit for purchasing, provide all financial information relevant to the loan and then make the payments as agreed. If something unavoidable happens that causes delay in payment, let your banker know in advance. We'll work with you every way we can. Good bank credit for you means a good customer for us.

Dodson Ex-Students Hold Reunion

Approximately 125 former students of the Dodson Schools and their guests came home for their reunion, held Saturday night April 9.

The program, lighthearted in nature, looked back on the real happenings, of that occurred in the Dodson community and school.

Vance Hunt read "The Bionic Teacher," a tribute to Mrs. T.E. Lennon. People who have lived in Dodson through the years were noted in rhyme, as Jeanette Swift Moore read one of her original poems.

A trunk full of memories was brought out. Two members of the inseparable trio were present to look at mementos and recall events. These were Wilma Hightower Beanland and Wanda Hightower Cardwell, twins. Mr. Hunt stood in for the third member, Vonciel Bonneau.

Out came an old issue of The Wellington Leader, as they read from the column, Gene Sean—a paraphrase of the newspaper's "I Saw" column, using Dodson incidents.

There were things to remind of youthful escapades and of teachers and school custodians who took these things in stride.

Mrs. Moore introduced the classes, starting with the last to graduate, that of 1969. The oldest ex-students present were from the class of 1922, a trio that included Pat Swift of Hobart, Okla., Tillie Branum Alexander and Vey Wynn Hightower.

During the short business session, Mrs. Moore, who had served as vice-president, was elected president, and Barbara Lennon Roberson was chosen vice-president. Jo McKinney Hunt was re-elected secretary-treasurer, the office she has held since the ex-students association was organized.

Lonnie Roberson, outgoing president, was master of ceremonies.

Members present agreed to hold their next reunion on the Saturday night before Easter, 1978, returning to the annual meetings which the group formerly observed. In recent years, reunions were held every two years.

Preceding the program, the ex-students banquet was served by Mrs. Nellie Roberson in Nellie's Dining Room.

Those who registered were Paul and Dorothy Scott of

Muleshoe, Betty Hooper and Judy Farris Bingham of Leonard, J.C. and Ellie Barefoot of Samnorwood,

Wayne and Carol Stribbling of Canyon.

FLY-IN MEMBERS

These lower Panhandle Farmers Union members were on the organization's recent fly-in to Washington. In front are Mrs. Fred Mercer, Mayor Mercer and Virgil Blackey of Silverton. At back are Doug Seal, left, and James Fuston of Turkey.

Seal on FU Fly-in To Washington, D.C.

Doug Seal was one of 20 Texas Farmers Union members in Washington, D.C. recently meeting with members of Congress and Department of Agriculture officials to discuss farm income and price support legislation pending before Congress.

The Texas delegation of the five state-Farmers Union fly-in also met privately with Under Secretary of Agriculture John C. White. White, formerly Commissioner of Agriculture in Texas, hosted an hour-long discussion of farm income and credit problems with the Texans.

Texas Congressman Jack Hightower, a member of the House Agriculture Committee told the Farmers Union fly-in group at a luncheon meeting that Congress had the responsibility this year to write a farm program that would provide reasonable income safeguards for the nation's farm producers.

Hightower urged the members to be comprehensive in their outlook, "if cotton is weak, the grain farmer must be concerned. Whenever one

commodity is in trouble, all commodities are in trouble," the Congressman said.

The members also heard Kathleen O'Reilly, Executive Director of the Consumer Federation of America, report that consumers were aware of the relationship between adequate family farm income and stable food supplies.

While in the Nation's Capitol, the Farmers Union members called on all of the Texas Congressional delegation as well as members of the House and Senate Agriculture Budget and Appropriations Committees. The members pointed out to the Legislators the need for quick action to increase farm income this year as well as writing longterm farm legislation.

Members were briefed on the farm proposals currently before Congress and Farmers Union attempts to have a 90 percent of parity emergency loan bill enacted in time to affect 1977 crop production.

Others from this area on the fly-in were Mayor and Mrs. Fred Mercer, and Virgil Blackey of Silverton, and James Fuston of Turkey.

Child Abuse Program Given 1954 Club by Welfare Staff

Child abuse was the course of study for 1954 Study Club members when they met in the home of Mrs. Bob Goforth on Thursday, April 14.

Mrs. Cal Hurst, program director, introduced Miss Anna Beth McNabb of Clarendon and Mrs. Charles Floyd of Wellington, both of whom are associated with the Protective Services division of the Texas State Department of Public Welfare.

Miss McNabb showed a film on child abuse and was assisted by Mrs. Floyd in a question and answer session following the film.

Child abuse, the intentional abuse of a child by an adult, usually occurs in the home and may be physical, sexual, or emotional. The rapid rise in the number of confirmed child abuse cases each year is frightening, but even more so is the unknown number of children whose abuse is not reported, club members were told.

All kinds of children are

abused--rich and poor, infants and adolescents; black, brown, white; boys and girls. Child abusers come from all levels of society, and most were victims of abuse during their childhood.

The department's goal, ideally, is to help the abused child by helping their parents to become better parents, said the speakers. These parents are troubled, having special worries and problems, but, once the department knows who they are, professional counseling is available to help them.

Until they are better, however, it may be necessary to place the child in the safety of a foster home.

A child protection law in Texas makes failure to report child abuse a misdemeanor. This law is necessary to save children but protects those who report in good faith. You don't even have to give your name, it was pointed out. The Toll Free Statewide Child Abuse Hotline No. is 1-800-

Belles Lettres Hears of "Journey Through the Bible"

Mrs. Lola Wilson presented the program, "Journey Through the Bible," for members of the Belles Lettres Club Tuesday evening, April 5. Mrs. Earl Alexander was the hostess.

Mrs. Wilson brought out three dispensations into which the Bible falls:

-In the patriarchal period, God spoke directly to the fathers of Israel or to the head of the house.

-In the Mosaic period, God gave his first written law to his people, through the 10 commandments on tablets of stone presented to Moses.

-The Christian era is that in which the world lives today.

There will be no new revelation. The Bible is complete, Mrs. Wilson told the group.

Refreshments were served to Mrs. Charles Cason, Mrs. A.B. Clark, Mrs. Bryan Denley, Mrs. W.F. Harbin, Mrs. F.A. Hatch, Mrs. Dick Richards, Mrs. Joe Thompson, Mrs. Wilson and the hostess, Mrs. Alexander.

Our Library Needs Our Concern and Our Support

A public library abreast of the times and serving the needs of its patrons is essential in any growing community, as we are now.

This is National Library Week, and we should look at our own library.

Too many of us do not know the services it offers, beyond furnishing us with books from its shelves. Nor are we supporting it as we should.

Its funding, and that is not large, comes from the county. The librarian, Mrs. Frances Mote, is paid through the state REAP program. Her interest and her efforts to improve the library, and her self-education in library science are worth noting.

To better serve us our library is a member of the Amarillo Public Library Loan System. This operates Panhandle wide, but many public libraries do not take advantage of it.

Through it, Mrs. Mote can secure for county users books on area loan, which the Collingsworth County library can keep on its shelves six months.

For the person with an immediate need, the interloan program provides a book he may keep one month. Now available to the county are films from the Amarillo Public library at a nominal fee. The photo copy service makes available articles from newspapers and magazines, brochures and other material which is not in itself subject to loan.

With our library making these services possible, to us, how can we serve it? Memorial donations, either cash or books may be made; books not in the memorial category can be donated. Membership in Friends of the Library is a direct aid.

More especially, we can patronize the library. Our reading habits can determine its quality and its content.

Smart Sacrifice

By the time you read this President Carter will have made public his proposals for an energy policy for the United States. In an address on Monday night the President spelled out the problem. The days of cheap and abundant energy are over, and some changes are going to have to be made by each American citizen.

Much will be said in the next few weeks about "sacrifices." And there is no doubt that the changes that we must make will hit us directly in the pocketbook. Several years from now however, citizens will look back on 1977 not as the year that "sacrifices" began, but as the year that we got smart on energy.

We happen to believe that the American people, as is often the case, are far ahead of their politicians. Americans are willing and able to conserve when they feel that it is in their interest to do so. And conserving energy now is definitely in our long term interest. Cutbacks in the number of dollars we are spending abroad for energy will mean more money circulating at home. Increased domestic production and reserves of fuel will mean that future generations will not be at the mercy of foreign embargoes.

Following is a note on the ability of Americans to conserve from Malcolm S. Forbes' "Fact and Comment" column in Forbes magazine.

"The ability of Americans to do with less, to conserve if it's essential, is quite extraordinary.

"That was proved with every type of rationing during World War II. It is being proved anew in California.

"There, residents of one major drought-endangered area reduced by 40% their consumption of water in a one-week period—through voluntary means. Housewives happily told on TV of ingenious methods they had devised to get along with half the normal amount.

"They made a game of a necessity and are well on the way to winning. It isn't simple but it can be done. And not all ways of conserving energy need necessarily be costly.

"Not conserving energy is what's become too costly."

In the language of flowers, when you're wearing a zinnia, you're thinking of absent friends.

AUSTIN — Debate raged before two legislative committees on familiar issues last week — horse racing and equal rights for women.

Horse race wagering advocates lost another bet in the House Intergovernmental Affairs Committee. Their bill to legalize betting at licensed tracks on a local option basis wound up in an unfriendly subcommittee for an expected minimum delay of about three weeks.

Even sponsors conceded a miracle will be needed to get the bill out of House committee — and it remains nowhere in the Senate, with adjournment deadline (May 30) closing in.

A resolution seeking recall of Texas legislative ratification of the federal Equal Rights Amendment got cold treatment after a warm hearing in the House Constitutional Amendments Committee.

Nearly 1,000 — one of the largest crowds to turn out for a 65th legislature

committee hearing — attended the three and a half hour debate between proponents and foes of ERA.

When it was over, the resolution was packed off to subcommittee by a vote of 5-3.

Racing advocates claimed track betting would bring more revenue, more tourists and more jobs.

Opponents argued betting penalizes the poor, encourages off track gambling and leads to more law enforcement problems.

Anti-ERA spokesmen expressed fear of subjecting women to the draft, invalidation of laws protecting the fair sex, unisex restrooms and legalized homosexual marriages if the federal amendment is finally ratified by a sufficient number of states.

Texas Insurance Advisory Association filed the motion. The association claimed there is no evidence to support rates announced by the board March 25.

The association had recommended a 6.6 per cent increase in property policy rates. The board staff proposed a 1.7 per cent increase, but the board ordered a decrease relying on a rating formula utilizing actual company expenses rather than board estimates of expenses.

Primary Trouble

Presidential preference primary legislation ran into trouble in the Senate after a lengthy delay in the House.

Sponsors indicated they were "optimistically pes-

simistic."

The Senate State Affairs Committee detoured the Senate version of the legislation to continue the primary in 1980 and thereafter to subcommittee.

A House subcommittee, meanwhile, came up with a compromise version.

Texans nominated delegates to national presidential nominating conventions by primaries for the first time in 1976 under a 1975 law which expired by its own terms.

Tax Stalled

A five cent tax on refinery input got a thorough explanation and plenty of opposition before the House Ways and Means Committee.

Oil industry spokesmen,

refiners, chemical companies, chambers of commerce and organized labor united against the proposal.

After a five-hour hearing, the bill ended up in a subcommittee.

Ag Opinions

Political subdivisions can enact land use regulations to comply with the National Flood Insurance Program, but the rules have no application outside areas designated by the Flood Insurance Administrator, Atty. Gen. John Hill said.

In other recent opinions, Hill concluded:

A private investigator's report on a police chief candidate for the Midland City Council is exempt from the

open records act.

A county may provide ambulance service but doesn't have to.

Non-lawyers can represent parties before the State Board of Insurance and the Industrial Accident Board.

A bill authorizing Railroad Commission review of proposed price redetermination for natural gas probably could be constitutionally drawn.

Powers conferred on Texas Employment Commission (such as hiring of administrators) must be exercised as a body by majority vote. Powers conferred on the impartial commissioner as executive director do not affect his authority as a TEC member.

DISTRICT TENNIS CHAMPS

The '77 Wellington High School Tennis Team won first and second in singles and second in doubles in district play here this week. Standing from left are Craig Needham, Allen Sanders, Joe Ed White and Lyn Hurst. Sitting beside the team's Canadian Tournament trophy are Lee Templeton, left, and Carl Taylor.

First Tennis Team Trophy

Wellington tennis team, competing in the Canadian invitational tournament, Friday and Saturday, April 1 and 2, brought home the first team trophy the school has received in that sport.

Lee Templeton won the boys singles event, while Joe Ed White was third.

The boys double team of Carl Taylor and Allen Sanders was third.

Kathy Trimble placed highest in the girls division, taking a fourth in the singles.

Templeton won the finals over Gary Fitzgerald of Canadian 6-2, 6-3. Both boys played in the UIL regional matches last year but did not play each other.

The Wellington player drew a bye in the first round, then defeated Mark Cunningham of Spearman in the second round, 6-2, 6-0. Cunningham had won second in the

Amarillo relay tennis matches early in the month.

In his third round game, Templeton won over Randy Bowerman, another Canadian player, 6-0, 6-1.

The Wellington doubles team of Craig Needham and Lyn Hurst won their first round from Dickens and Waterfield of Canadian, then lost their second round game to Latham and Porter of Spearman. Needham, in his first year on the varsity team, played with a sprained ankle received the night before.

Wellington's doubles team, Taylor and Sanders, defeated Dahl and Williams of Spearman in the first round, then dropped their match to Todd and Bucher of Canadian in the quarter finals.

That brought the two Wellington teams opposite each other in the match for

third place. The Canadian doubles team went on to win that division of the tournament.

In girls play, Suzy Patrick drew a bye in the first round, then in the second lost to Cook of Canadian, who went on to win the girls division.

Kathy Trimble and Ward of Gruver split sets, but Kathy went on to win the set. She lost to Davis of Spearman in the next round and dropped the third place match to a Gruver girl who was in regional competition last year.

The doubles team of Pam Ingram and Debra Norris won their match over a Gruver team, then lost their next match to Collier and Vernon of Spearman.

Carol Daves and Irma Aguilar lost a first round match to McAdams and Gressett of Spearman.

Samnorwood Team Eighth at State

A Samnorwood Future Farmers of America team placed eighth in the state land judging contest in Stephenville Thursday, April 14. Thirty-seven teams from all parts of Texas took part.

Team members were Mark Tarver, Johnny Oldham, Ricky Bentley and Dale Turner. All are juniors and will be eligible to try for state honors next year, said their sponsor, Jimmy Brown.

This was the third trip to the state contest for Tarver and the second trip for the other three. Mr. Brown has had five teams in the state land judging contest. This is the third year in a row, Mr. Brown has had a team in the state land judging contest, and he has taken five teams altogether.

The top five teams will participate in the national contest, and these are, in order, Sweetwater, Forest-

burg, Hutto, Mt. Vernon and Commerce—all larger schools than Norwood.

Dodson Center Plans Christian Fellowship Fri.

The Christian Center in Dodson is sponsoring a fellowship meeting and dinner Friday, April 22.

The dinner will be at Dodson Cafe with serving time from 6:30 until 7:30. The fellowship will be in the American Legion Hall, across the street from the cafe.

Mr. and Mrs. Clinton Norman are in charge of arrangements.

Music will be by the Resurrection Sound of Amarillo, a group that has sung for many large audiences in the Panhandle. Mr. and Mrs. Dan Redd are in charge of this group and the soloist is Mrs. Gene Jackson.

Personal testimonies will be given by Tina Moore of Dumas, Dwayne and Gladys Pankratz of Cordell, Okla., and several young adults from Dodson, Mrs. Norman said.

R.L. Roberts, president of Farmers and Merchants State Bank, Shamrock, will be master of ceremonies.

Mrs. Norman explained that the Christian Center is non-denominational, and members attend from Dodson, Wellington, Childress, Hollis, Shamrock, Erick, Okla. and other area towns.

The center recently bought the old Dodson School Gymnasium and members are remodeling it into their church.

Youth Services At Church of God in Christ

Youth of the Church of God in Christ will be involved in a series of services during the next two weeks, according to Jimmie Barber, one of those working on plans.

On Monday, April 25, the Amarillo District No. 6 Youth Congress will convene in Childress, then on Wednesday, April 27, the Wellington church will be host at 7:30 p.m. Sessions Friday and Saturday will be in Amarillo.

Young people will come from Childress, Clarendon, Shamrock, Amarillo and Wellington, said Mr. Barber.

The district missionary, Mrs. Effie Gardnes, will bring the message when the congress meets here. Elder Dimerson, is the president, and Mr. Barber, YPWW assistant to the district president, is coordinating plans.

"Every youth group is cordially invited to participate here on April 27," he said. Each group is welcome to present a musical number and should contact Mr. Barber, who will include it on the program.

Young people from the Wellington church will go to Childress and Amarillo. This is an annual event, and from 75 to 100 are expected here.

Pastor of the Wellington church is the Rev. A.T. Anderson of Amarillo.

Services during the coming week will lead up to a series of outreach services, planned in Wellington Monday through Friday, May 2 to 6, said Mr. Barber, who will officiate. Starting time is 7:30 p.m.

There will be a series of discussions, all centering on what a Christian can do to reach out and help the lost.

May 1 Deadline To Transfer School Students

May 1 is the deadline to transfer students from one school district to another, Wellington superintendent E.W. Clement reminded this week.

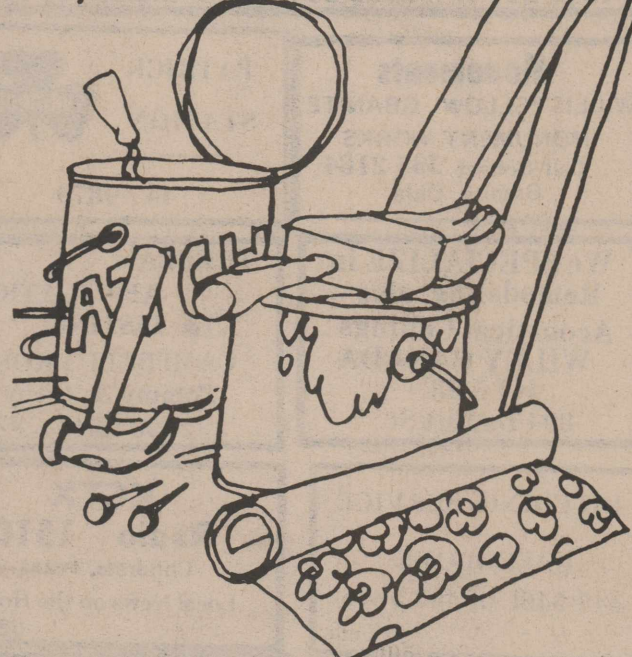

All parents who intend for their children to attend school outside the district in which they live must make these transfers.

Applications for those coming into the Wellington district may be picked up in the school business office or in his office, Mr. Clement said.

Under Texas law, a student may be transferred from one district into an adjoining district. There are no transfers across state lines, it was pointed out.
