IN THE HEART OF MITCHELL COUNTY'S IRRIGATED FARM LAND

The Mirror Through Which The Public Views The Community As It Is Week By Week

VOLUME 24. NUMBER 25 — Loraine, Texas, NOVEMBER 4, 1954 — Subscription Price $2.00 a Year

On The BEAM

By J. W. King, Sr.

It does pay to irrigate cotton here. That fact is born out by Roscoe Hudgins who irrigated 40 acres of cotton from a well that produces only 180 gallons a minute.

Roscoe has gathered 45 bales from the 40 acres and expects to get two or three more.

Roscoe was hesitant about giving us any information concerning his irrigation operations because he feared that any publicity about his achievements with a small well might influence someone to put down a well with the expectations of doing the same thing and then be disappointed with the results.

We all know that it is expensive to irrigate here because all of our land is uneven and we have to use the sprinkler system. This year has been unusually dry and irrigation had to provide most of the moisture. With an ordinary season from rains and an occasional wetting by irrigation would make a lot of difference. Nearly every year there is a dry time when crops need moisture. If it could be provided by irrigation it might make a good crop, while without irrigation it might be poor yield. Supplemental irrigation is the thing that will pay off here according to the opinion of many observers.

CEMETERY FUND

Contribution of $5.00 by J. H. Boone this week brought the total thus far to $179.50 for the cemetery fund.

The Lions Club is raising the fund and expect to do considerable work on the cemetery when sufficient funds have come in.

GRAPES MAKE FALL CROP

Small Well Makes Above Bale To Acre

Some people have been wondering if a small irrigation well would pay off in this country.

Roscoe Hudgins is one who has proved that a small well—his only makes 180 gallons per minute—will pay off. This year he has irrigated 40 acres of cotton from this well. He has gathered 45 bales from the 40 acres and expects to get 2 or 3 more when it all opens.

Hermleigh Takes Loraine by 1 Point

It was a heart breaker for the Loraine Bulldogs and fans last Friday night when the Hermleigh Cardinals nosed the dogs out by one point 19 20.

The Bulldogs outplayed the Cardinals all the way and were leading 13 to 7 at half time after Galvan plunged over and Bowlin caught a beautiful pass from Hall and Johnson ran over the extra point.

Johnson scored again in the third period on a 60 yard run but the extra point failed.

The Cardinals did not score again until the fourth period when they broke loose for two touchdowns and one extra point to put them out front 20-19.

The Bulldogs were knocking at the goal line when the game ended and perhaps would have scored another touchdown but for an 15 yard penalty against Galvan and another 15 yards because Loraine fans were ribbing the referee. They made the 40 yards and a first down and had made another first down as the time ran out as they were only a few yards from the goal.

That was one game where the best team lost as statistics will prove. First downs favored Loraine 16 to 12; Loraine completed 5 passes out of 8 while Hermleigh completed 1 out of 7 and had 1 intercepted; Loraine was forced to punt one time and Hermleigh twice and one of them was blocked on their own 40; Loraine penetrated to Hermleigh's 20 and past on two occasions, once to the 3 and the other time just as the game ended; Hermleigh made no penetrations of Loraine's 20 except on the three occasions when they scored.

It was the best game of the season.

The Bulldogs are idle this week but will take on the Hobbs Panthers here the following Friday to close the season.

Hermleigh has two more district games to play, Bronte and Trent, but neither is expected to upset the Cardinals, so they just about have the district title in the bag.

everything!

Wonderful new Glide-Ride Front Suspension

New spherical joints flex freely to cushion all road shocks. You *glide* over the bumps! New Anti-Dive Braking Control, exclusive with Chevrolet, assures "heads up" stops.

Great new V8—two new 6's

New "Turbo-Fire V8" delivers 162 h.p. with an ultra-high compression ratio of 8 to 1. Two new 6's, too—the new "Blue-Flame 136" with Powerglide (optional at extra cost) and the new "Blue-Flame 123."

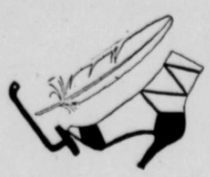

And look what you see from the driver's seat

New Sweep-Sight Windshield curves around to vertical corner pillars, giving you a wide, full view of the road ahead. And you can see all four fenders from the driver's seat!

New Outrigger Rear Springs

Rear springs are longer—and they're attached at the *outside* of the frame. This means they're spaced wider apart, outrigger-fashion, to give you greater stability in cornering.

Easier steering, stopping, clutching

The new Chevrolet steers with ball-bearing ease, thanks to new friction-cutting Ball-Race Steering. New Swing-Type Brake and Clutch Pedals pivot at the top, swing downward with a light pressure of your toe.

A ventilating system that really works

Chevrolet's new High-Level Ventilating System takes in air at hood-high level, away from road heat, fumes and dust.

Three drives, including Overdrive

Powerglide—with the new V8 or the new "Blue-Flame 136." New Overdrive with the new V8 or the new "Blue-Flame 123." (Powerglide and Overdrive are extra-cost options.) New standard transmission, too!

Even Air Conditioning, if you wish

Air is heated or cooled by a single highly efficient unit that requires no trunk space! (V8 models only.) It's just one of the wonderful extra-cost options Chevrolet offers!

Tubeless tires as standard equipment

You get this great tire advance at no extra cost! Proved tubeless tires give you greater protection against a blowout . . . deflate more slowly when punctured.

The Bel Air 4-Door Sedan—one of 14 new Fisher Body beauties in three new series

Chevrolet and General Motors have started something—a whole new age of low-cost motoring—by taking a whole new look at the low-cost car. Here are new ideas, young ideas . . . and some of tomorrow's ideas, too! And they're all rolled up in the most glamorous package that ever wore anything like a Chevrolet price tag!

This is the car that began with a great idea—the idea that a low-priced car *could* be built that would have the style, the performance, the comfort and convenience features, and the fine quality "feel" of high-priced cars.

Lots of car buyers have wished for such a car. Lots of automotive engineers have dreamed about it. But there were plenty of reasons why it couldn't be done.

Then Chevrolet and General Motors designed and built a car to fit the dream—the *Motoramic* Chevrolet!

Come in and see how the Motoramic Chevrolet for '55 is far more than a completely new car. It's a whole new idea *about* cars!

Come in and meet the ***motoramic*** **Chevrolet**

—more than a new car— A NEW **CONCEPT** OF LOW-COST MOTORING
