## THIEVES TRADE EVEN WITH AUTO SWAP

Auto thieves in Colorado City and Sweetwater "swapped out" this week, according to reports by city police.

Fred McDowell, Jr., of Colorado City reported his car stolen from the Texas & Pacific parking lot here Wednesday night.

At approximately the same time, an unidentified Sweetwater woman told police there that her car had been taken. McDowell's car—a 1950 Ford—was found abandoned later in Sweetwater.

Minutes later, local officers found the 1949 Ford stolen in Sweetwater abandoned on the west side of Colorado City.

Earlier in the week, another auto reported stolen in Sweetwater had been found here—also abandoned.

Local police reportedly quizzed a number of suspects concerning the thefts during the last few days.

## Saturday Rites Held Here for C-City Pioneer

Funeral services were held at 2 p. m. Saturday in the Kiker and Son Funeral Chapel in Colorado City for James Johnson, 92, who died Friday in a Snyder hospital.

The pioneer Colorado City resident was born in Natchitoches, La., on May 5, 1865, and moved with his family to Palo Pinto a few years later.

At the age of 13, Johnson came West as the Texas and Pacific Railroad pushed into the country. As a young cowboy, he rode with two trail herds to Wyoming and helped move one herd from Colorado City to California.

In 1895, Johnson married Minnie Ruckdick in Colorado City and both became optometrists. They practiced for a time in Illinois, but returned later to Colorado City to open a jewelry store.

About 20 years ago, Johnson closed the jewelry store to take over management of the Ruckdick Estate.

He had visited here on numerous occasions during the past few years, always attending the annual Oldtimers Reunion here each August.

Burial was in the Colorado City Cemetery beside the grave of his wife, who died five years ago. Rites were conducted by Rev. Jack Seleraig, pastor of the First Baptist Church here, of which Johnson was a member.

Mrs. O. B. Price was in charge of music.

Survivors include two brothers, Ed A. Johnson, Waxahatchie, and George Johnson, Fort Worth; two sisters, Mrs. Gertrude Hart and Mrs. Hilda Rainey, Sulphur Springs; three sisters-in-law, Mrs. J. H. Green, wife of former local Chamber of Commerce manager Jim Green, and Mrs. Pearl Shannon, Big Spring, and Mrs. H. G. Toyle, Snyder.

Mrs. Willie Landau of Colorado City attended the Greater Dallas Fashion Market's early spring and resort showings in Dallas from Monday until Thursday.

## County Residents Will Vote Here on Three Amendments

### PONIES IN C-CITY OUT ALREADY?

Championship in the bag. That's the talk around Sweetwater following the Mustangs' grid win over Snyder, 21-7, Friday night.

That's overlooking the fact that Colorado High School stands in the way of the Sweetwater team Friday night.

Typical of the Sweetwater fans was one that commented Friday night after the Snyder game, "well, we've finally won district."

An announcer, on a Sweetwater radio station stated Friday night, "The Mustangs won the district title tonight with their victory over Snyder."

Sweetwater Coach Elwood Turner, following his team's victory over Graham, was quoted recently as saying "don't put us on the back yet, we still must play two tough teams in our district: Snyder and Lamesa."

It all points up to one thing: Sweetwater's estimation of the Colorado High football team isn't very high.

But the Wolves are making determined preparations for the Mustangs, considered one of the finest Class AAA teams in the state.

Coch Bob Reilly called his staff together Saturday morning for a special pow-wow to study ways and means of stopping the Sweetwater power house.

Come Monday, the Wolves be at it themselves on the practice field.

**\$82,000 Slated  
For County Roads**

The Texas Highway Department will spend \$82,000 on improvements in Mitchell County highways during 1958.

This amount was approved by the State Highway Commission at its October meeting according to J. C. Roberts, district highway engineer at Abilene.

This appropriation will be in addition to the department's regular construction and maintenance program, Roberts said.

The \$82,000 will be spent on four Mitchell County road projects, under the supervision of the state highway department.

Roberts said that the program should be underway by spring. Funds allotted to Mitchell County will be spent on the following projects:

Farm-to-Market Road 670 north of Westbrook.

Farm-to-Market Road 1008 at the Colorado River.

Farm-to-Market Road 644 four miles south of Loraine.

Farm-to-Market Road 644 in the Westbrook area.

In addition, considerable work will be done in an area from the Abilene Industrial Development Howard County line near Hyman community for a distance about six and one-half miles east and west of Westbrook.

Several subcommittee chairmen have not yet been named.

**Five Injured in  
Two-Car Crash**

A 15-year-old Snyder youth, Dewey Reep, was still unconscious in Toot Memorial Hospital here Saturday after a two-car collision shortly after 10 p. m. Friday injuring five persons.

Attending physician reported Reep in fair condition after suffering a concussion and other head injuries when the pickup in which he was riding overtook a car on a county road.

All five of the injured persons admitted to Toot Hospital were teenagers. Snyder resident, and all were riding in the pickup truck.

Lacy Charles Purcell, 33, of Abilene, the driver of a 1954 Chevrolet convertible involved in the crash, was not injured.

Purcell said he was enroute to Big Spring to visit relatives. Purcell's auto struck the left rear fender and corner of the pickup's bed, Chambers said.

The pickup overturned onto its side.

At the time of the accident, two of the five Snyder youth were riding in the bed of the pickup, and three were in the cab, Chambers said.

Renamed  
Chairman**

Frank H. Kelley of Colorado City has been renamed chairman of the Water Resources Committee of the West Texas Chapter of Commerce.

Kelley has recently returned from Austin where he represented the West Texas Chapter at the special legislative session called by Gov. Price Daniel.

One of the main purposes of the special session was to discuss an adequate future water program for Texas.

Texas voters will go to the polls Tuesday to vote on passage of three proposed amendments to the Texas constitution. Amendment No. 3 is designed to help solve the state's water problem.

A chairman of the WTCC Water Resources Committee, Kelley has taken the lead in promoting state-supported water programs in this area.

Named along with Kelley were three other WTCC committee chairmen.

The announcement of the appointment of committee chairmen came from H. B. Goffley, president of the West Texas Chapter of Commerce.

Other chairmen named were Wayne B. Smith, Big Spring Community Services, J. C. For Loraine.

### JURY FINDS

## Pipe Line Not Guilty Of Pollution Charge

A representative of the Southern Hydrocarbon Pipe Line Co. was found not guilty of negligence in a water pollution case in Mitchell County Court Thursday afternoon.

The six-man county court jury handed down the not guilty verdict on Woodward Wilson, a representative of the pipe line company at Ira, charged here with the responsibility for the pollution of Lake Colorado City last May and June.

Defense attorney Harry Ratliff argued, in defending Wilson and the pipe line firm, that oil which entered Lake Colorado City by way of Morgan Creek had come from several different points—not from the pipe line in question alone.

Testimony also showed, Ratliff said Saturday, that a switch controlling the pipe line's oil was knocked out accidentally by what Ratliff termed "an act of God."

County Attorney Frank Gizek said Saturday that the main point in the case was proving whether or not Wilson had been negligent in allowing the oil to escape the pipe line.

**SMU Queen  
Crown Goes to  
Anne Perdue**

Miss Anne Perdue of Colorado City was crowned homecoming queen Saturday at the S. M. U. Texas football game in Dallas.

Miss Perdue, daughter of Mr. and Mrs. Raymond Perdue, 1604 Dallas, won the honor over 14 other Southern Methodist University coeds.

She was crowned at halftime of the Southwest Conference football game.

Miss Perdue reigned over the homecoming dance in Umpire Lee Student Center Saturday night where Frankie Carle's orchestra played for the homecoming crowd.

A senior, Miss Perdue is an outstanding student at the Methodist school.

Mr. and Mrs. Perdue were spectators at the coronation.

**Flu Bug Continues Rampage;  
Loraine Schools Still Closed**

The persistent flu bug was still loose in Colorado City and Mitchell County Saturday, but some signs indicated that the illness rampage might be beginning to slacken.

Superintendent D. V. Marcum at Loraine said Saturday that Loraine schools would remain closed next week.

Classes in the Loraine schools were dismissed Monday after 120 students were reported absent out of a total enrollment of 459.

After a slightly lighter Wednesday and Thursday, absences at four Colorado City schools

up again Friday, according to Superintendent Frank Wilson.

After only 240 students had been reported absent from classes Thursday, Wilson said that 288 were listed on absentee rolls at noon Friday.

This figure represents about 16 per cent of the total student body at four schools.

City school officials expressed hope that much of the flu among students might run its course over the weekend.

Closing the school here was still not under "serious consideration," Wilson said.

(Continued from Page 1)  
from old U. S. Highway 80 in Paradise, north to Interstate Highway 20 and U. S. 80, a distance of about three tenths of a mile.

The \$82,000 improvement program in the county will be a part of a \$20,000,000 statewide program to improve existing farm-to-market roads.

Work will include shoulder

widening, seal coat jobs, additional surfacing and widening of structures and roads.

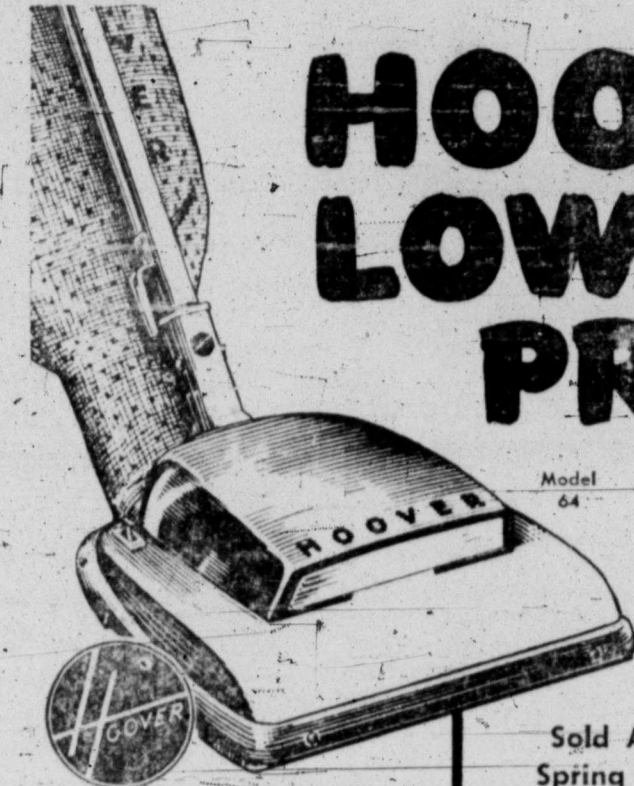

The four county projects will be under the direction of personnel of the Colorado City highway district office.

Development of existing county roads will serve the dual purpose of service to the adjacent land, as well as aiding in the

development of the county. Ribbon projects said Saturday.

Work will begin on some of the projects as soon as final planning is completed and right-of-way secured.

Resident highway engineer, Joe H. Smoot Jr. of Colorado City, will be in charge of the work done in the county.

meet

the 'seniors'  
at Col-Tex

The job of pump-blender at Col-Tex Refinery is something more than a chore for James Coker. It is a skill backed with more than 20 years of experience at the same refinery.

Coker is one of the "seniors" on the Col-Tex staff. And he utilizes his longtime experience at the plant for the exact blending of components for top grade gasoline and other petroleum products.

The Col-Tex "senior" started his 20-year service at Col-Tex in the summer of 1937 - Aug. 15, to be exact.

He and Mrs. Coker and their 18-year-old daughter, Patsy, a senior at Colorado High, live at 626 Pine, where the family has resided for years. There are two other members of the family, though - a daughter, Mrs. Edwin Ellis, whose husband is a Shell employee in Midland, and a son, Roger Coker, who is employed by Western Geophysical in Farmington, N. M.

Coker likes to busy himself with "fixing up" jobs at home, and to try his luck fishing during off-duty hours. He is a member of First Baptist Church and Mrs. Coker is a member of the Church of Christ.

## Carnegie Class Reset Here Monday Evening

A Dale Carnegie Course sponsored here by the Colorado City Junior Chamber of Commerce will hold a scheduled first lesson at Civic House Monday at 6:30 p.m.

The initial lesson of the 14 week course was to have been held last Monday night, according to Bob Williams, chairman of the Jaycee ways and means committee.

The first lesson was postponed for a week, however, when only

14 persons showed up last Monday night, Williams said.

He urged all interested persons to attend the lesson which will be offered free Monday night so that the course could be started.

Students will attend 14 four-hour lessons, one each week for 14 weeks. The course will be taught by Bob McKinnon of Abilene.

Williams explained that the minimum number for which a course may be held is 25.

The Carnegie Course is world famous for improving speech and memory facilities of the individual and for building self-confidence in the individual.

Cost of the course is \$125. Williams said. This amount may be paid over a period of time or may be paid in cash. If cash is paid, a \$10 discount will be given.

Because many persons would not be able to attend the class meeting during Christmas week, no class will be held at that time, he added.

Anyone interested may attend the free Monday night lesson.
