

RUDY'S PATH TO AND FRO

From Jail To Field

How about this for a penalty: Chopping cotton by day and locked in jail at night.

That's the life for Rudy Leura the next few months.

Rudy, you remember is the young guy who has a knack for causing trouble when he is drinking. And he has been on probation after being convicted

in 32nd District Court for destroying property.

He threw a rock through another person's car windshield and in May he received six months probation from a 30-day jail sentence.

Now, because of his old problem of mixing alcohol and trouble, Rudy's probation has been revoked.

Judge Austin McCloud, recognizing the fact that the young man has been working in cotton fields, decided it this way:

Rudy will chop cotton week days, then report at 7 p.m. Saturday to County Jail, where he will remain until 7 a.m. Monday when he returns to his farm work.

That's for five consecutive weekends, too.

2 WOMEN WOUNDED

Pistol Charge Filed

A woman has been charged with assault with a prohibitive weapon in the aftermath of a midnight shooting Tuesday in a residence on near South Side.

Facing the felony complaint in Justice of Peace Leonard Henderson's Precinct 1 Court is Dorothy Mae McGuire Green.

She is accused of the assault in connection with the wounding of Geneva Green, in whose house the disturbance occurred, and Barbara Ann Green of Lubbock, a niece of Geneva Green.

Dorothy Green, the defendant, was cut by a knife.

Policeman Jim Latham, Dan Pfeuffer and Andrew Rivera arrived within minutes after the first report to police headquarters.

They reported four bullets were fired from a small .22 caliber pistol. Two other bullets remained in the weapon.

One bullet passed through the left arm of Geneva Green and another passed through the right leg of Barbara Green.

Another bullet is believed to have struck Geneva Green at the mouth, knocking out a front tooth but glancing off without piercing the flesh.

Barbara Green was sitting in a chair, police were told, when she was wounded.

The defendant was cut twice on her left arm by Geneva in retaliation for the shooting, police said.

Police in their investigation listed eight witnesses.

Paving Planned On Rural Road Links

Four county road paving projects are on tap in three Mitchell County precincts to link up with existing paved routes.

Commissioners expect to complete the work during the warm season before adverse weather later in the year.

One of the paving jobs will be north of Loraine in Precinct 4, delayed from last year; another in Precinct 2 between Cuthbert and Westbrook; the third in Precinct 3 on east side of Lake Colorado City, and the fourth in Precinct 1 on Old Seven Wells Rd.

The paving north of Loraine in Commissioner Moddy Richardson's precinct will extend paving on a county road between Interstate 20 and Farm Highway 1899 in the Lone Star and Longfellow communities.

In Commissioner Drew Cawthron's Precinct 2, the new paving will be for approximately two miles on the remaining unpaved stretch of a road between Cuthbert and Westbrook.

This will be at the Cuthbert end of the road, which originates at Farm Highway 670 at Westbrook and connects with Farm Highway 1229 at Cuthbert.

New paving in Commissioner J. C. (Jack) Northcutt's Precinct 3 will be for about 2.5 miles, an extension from State Highway 163 (Sterling City) of county paving already to the railroad crossing on east side of Lake Colorado City.

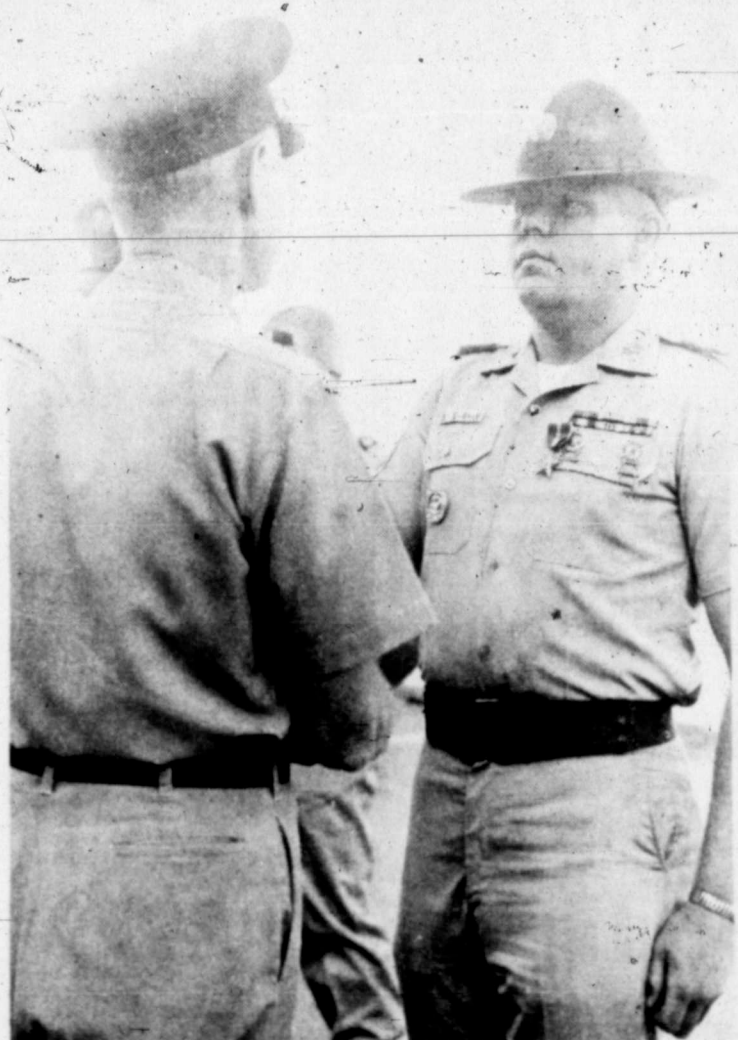

This will cross Farm Highway 1229 and extend into the Cooper's Cove area at the lake.

In Commissioner W. M. Vest's Precinct 1, the new paving will add an additional two miles to the Seven Wells Rd. paving which has moved out from inside Colorado City south along Austin.

The new extension will move the pavement to the corner of N. O. Brown and Dewey Turner's property, providing approximately four miles of pavement on the Seven Wells Rd.

Commissioners have completed most of their emergency repair work resulting from heavy rain damage earlier in the year and now are busy with the paving problem.

They are hopeful the new projects can be completed by fall if adverse weather or other problems do not slow work.

Bronze Star Award

Staff Sergeant Charles Leon Sweatt, son of Mr. and Mrs. Roy Sweatt of Colorado City, receives Bronze Star Medal with "V" Device for valor from Brig. Gen. Lawrence H. Caruthers Jr., assistant commandant of U. S. Army Field Artillery School, Fort Sill, El Paso. Sweatt was awarded the medal for his actions in Vietnam May 9, 1968, when his unit was under heavy enemy assault.

Commissioners Court has approved purchase of the downtown building now occupied by Agricultural Stabilization & Conservation Service and Farmers Home Administration.

Their approval, of course, is subject to final legal approval by County Attorney Frank Ginzel.

The deal includes more than the agricultural agencies' building.

It also includes a vacant corner building formerly owned by United Artists Theater Circuit Inc.

The twin property is located in 100 block of East Third on the northeast corner, across the street from Post Office and Thomas Bros.

And the theater building -- which housed the Ritz Theater before it was closed in the

1950's -- will be razed and cleaned away.

After the clearing, county crews will level the site and develop an off-street parking facilities adjacent to the agricultural building.

The county is planning to purchase the property specifically for its new complex of offices for State Welfare Department, Mitchell County Food Commodities Program, Mental Health & Retardation and other programs.

It had considered other sites, including a lease proposal for part of Civic House, but turned

ASCS and FHA offices now in the structural steel building are planning to move to offices now being prepared for them in the former bowling lanes building at north city limits.

However, it is not certain

The county will pay \$21,000 for the property -- which will include the metal building which will be utilized for the office complex and the lot without the old theater building.

With the building the county will acquire more than 3,000 square feet of office space, plus the off-street corner parking area.

Commissioners Court is moving simultaneously ahead with plans for beginning the Food Commodities Program, which makes use of basic food items from U. S. Department of Agriculture.

Commissioners have authorized County Judge Elmer Martin to make official application for the program with state officials in Austin.

Application will go to William M. Herndon, administrator for Commodity Distribution Division, State Department of Public Welfare.

Part of the agreement will be for the county to provide office space, equipment, supplies, forms and personnel to operate the food program.

New Tennis Courts For CHS

Those new tennis courts, under discussion by school authorities for months and months, are scheduled for construction on Colorado High campus.

The courts will be constructed on the athletic practice field north of the school. Exact location will be in the northeast area of the field.

Effort will be made to complete the courts -- there will be two -- early this fall so the new facilities can be utilized in the upcoming physical education program.

Two courts now at the east side of Colorado High and south of Wolf Gym will continue in service after construction of the new.

"COLORFUL" CULTURED PEARLS

Always in the fashion forefront is the lovely cultured pearl, which today can be found in every type of jewelry for both men and women. The long flowing strands of pearls are a woman's loveliest compliment for they flatter both the figure and the complexion. Equally attractive are cultured pearl earrings and important cocktail rings to set off a fragile hand.

One of the things I have always liked about fine cultured pearls is the way they combine with other gemstones. Diamonds highlight the cultured pearl's lustre, while colored stones like coral and turquoise heighten the natural orient of the pearl. Other happy combinations are cultured pearls with jade, aventurine, garnet, or sapphire. One combination that I have not seen, but think would be very attractive, is opal with cultured pearl -- perhaps a pearl necklace with a bluegreen opal clasp.

Adding jeweled clasps or a pendant to a necklace is an excellent way to add a bit of color, I might add. Other thoughts would be to select some of the tinted pearls or natural grey-blue pearls. Unusual textures and shapes of cultured pearls are being used today in many smart combinations that seem to make a hit with fashion editors and jewelry designers. Especially new are the bronze-brown pearls in baroque shapes and usually shown in multi-strand necklaces and bracelets with large gold clasps. These and other fashions in cultured pearls are easily obtained if we do not have them in stock. Do let me know your wishes.

CONVERSATION CORNER

LURKING in the favorite memory spot is a little line written by one of America's finest poets, Edna St. Vincent Millay.

It was in one of her earlier lyrics, written when she was very young and gay.

The line goes "If I can't be sorry, well, I might as well be glad."

Not a bad bit of philosophy, that line. With so much sorrow all around us, people hardly ever have to TRY to be sorry.

Pick up any daily newspaper and sorrow is there in the catastrophes of nature...hurricanes, tornadoes...the tragedies of wars and rumors of wars...highway accidents...fires...plane crashes...murder...and hatred rampant among men.

IF A HEART wants sometimes to sing a song, anyhow, it takes some concentration and often some real effort.

If the natural joy of living wells up in spite of everything evil...and if you awake with the feeling that you're tired of feeling sad and wish you could be glad, again, then what?

Well? Even when you're sorry, you might as well be glad for all the little blessings, visible and invisible alike.

MIGHT AS WELL be glad to see the bluejays bathing in the lawn spray...eager-eyed children at play...college coeds on the shopping scene readying their fall wardrobes.

Might as well be glad for the sound of church bells on Sunday morning...for the stillness of the night at home when the hours are late. And the wind is still.

Might as well be glad that September's coming soon, now, and if that won't give you a lift, what will?

IF YOU are loathe to be always sorry, you might as well be glad that things are not any worse for you than they are.

Might as well be glad that the new shoes feel comfortable...that the appetite is normal...that sleep comes naturally...and that somebody loves you.

Ever take time to be glad for simple things like a cheerful greeting...fresh sheets and a place to lay the head...clean water to drink...food and light...the morning mail?

EVER PAUSE long enough to be glad for all the things you are NOT this day?

If you are not in unbearable pain, in trouble with the law, homeless, childless, or completely helpless...have you taken time lately to be glad?

Anybody can be sorry for any number of reasons. There's real no trick to that. Anybody can do it. Not everybody knows how to be glad.

BE GLAD, if you will, for organized efforts by the Salvation Army, the American Red Cross, and Texas Jaycees for the real help they are sending to victims of the hurricane Camille.

God bless everybody sorry enough about that disaster to be glad to do something about it that will help ease the burden.

And God teach the rest of us, somehow, to be glad...and humble and grateful, all inside, for all the things too many

of us take for granted...a home, some loved one or ones...our daily bread...and even a place to take the daily bath.

FIRST BAPTISTS in Colorado City are being glad for a special reason...along with their church friends. Reason? Frank Prewitt, popular young minister to youth and music-education director, has come back from Richardson to reassume his duties here.

His pretty wife Carol and their two small daughters are to join him soon.

MIKE HAMMANS family is glad and justly proud. Their daughter Danna Hammans received her degree at Sul Ross State University in Alpine, Thursday at Jackson Field.

Danna majored in English and had biology as her minor for the BS degree and plans to teach seventh and eighth grade English in McAllister Junior High School at Bay City, next term.

Her parents, uncle and aunt, the H. P. Balls, attended the graduation ceremonies.

BILBERRY, Henry and Luna, are in the glad group, too. Their second daughter Judy and her husband Lt. Arthur Barnes left for their home in Biloxi, Miss., Saturday after a week's vacation visit here.

Judy and Al, hearing the radio hurricane warnings all the way to Ft. Worth, called friends in Baton Rouge, La. and stopped there until the danger was over. Lt. Barnes and his friend then drove to Biloxi to find his and Judy's little home intact—except for some water damage.

Friends in C-City are still waiting to hear from the Walter Rogers family, former Citizens now of Gulfport, and the Ellis Ponds who live in Biloxi—near the home of Judy and Al, by the way.

GWEN WISTRAND, wife of Dick and mother of five, and her daughters Fay and Anna are extra glad this weekend.

Gwen and the girls are indulging their annual love for seeing the performance of Casa Manana, Ft. Worth, where the musical South Pacific has been so popular this season.

Mrs. Frank Conard and her daughter Ann saw it while they were in Ft. Worth.

So did Mary Lee Moore, along with Tennie and Shirley Gary, wife and daughter of Carl Gary.

TEXAS PRESS Messenger has a paragraph in its Promoted column for August.

"Tom Barry, who as assistant city editor functions as city editor for the night staff of the Austin American-Statesman, is a native of Colorado City. His news experience has been with the Paris News, the Colorado City Record, the Big Spring Daily Herald, and a previous stint at the American-Statesman while completing his journalism degree from UT at Austin," the paragraph reads.

(Note—Tom and Pat are one and the same.)

SEEN LATELYS include Murrell Blassingam...A. F. Holman...Virgil Walker...Earl Brock...Oscar Haney.

Mary Post Hart, wife of Bruce, was split tending her lawn and tomato plants...Margaret (Mrs. Pat Jr.) McKinney was on the downtown scene.

Geneva (Mrs. W. A.) Findley was getting beautified. So was Mrs. Montie Hardegree.

HEAR TELL that the R. J. Hobacks, their son Robert, daughter Ann, and Robert's friend Steve Kenndy have been vacationing in Ruidoso, N. M.

That Merrill Johnson and son Jimmy are in California... That our Lena Baumann, son Allan and daughter Ann, went to visit relatives in Carlsbad, N. M. with the C. N. Stubblefield family.

Hear, too, that Mr. and Mrs. E. L. Ashford of 815 Walnut St., are home from a vacation trip to Arkansas, Tennessee, and the Smokey Mountains. In Arkansas they visited Mrs. Ashford's sister. In Tennessee they were guests of Mrs.

Ashford's daughter and her family, Dr. and Mrs. Cecil E. Byrd and their two daughters. The Byrds and Ashfords spent one night at Gatlingburg, resort town in the Smokey Mountains.

Sue Bell Visits NTSU

Sandra Sue Bell of Westbrook participated in the ninth pre-college conference held at North Texas State University, recently.

Aimed at giving prospective freshmen a preview of campus life, the two-day orientation period included counseling, testing, registration, recreation and tours of the campus.

Some 116 of the 2,200 students who will enroll at NTSU as beginning freshmen in September took part in the ninth phase of the 12-session program. The group, which was housed in Clark Hall during the conference, represented 25 different Texas counties and Missouri.

Miss Bell is the daughter of Mr. and Mrs. W. A. Bell, of Westbrook.

Mr. and Mrs. Larry Bell arrived Wednesday night for a visit with his parents, Mr. and Mrs. W. A. Bell, and with her parents, Mr. and Mrs. Ralph Bryant of Odessa. They attended graduation exercises at Hardin-Simmons University in Abilene Thursday night where Bryant received his master's degree.

Marriage of the couple took place July 26 in First Baptist Church in Lovington.

Given in marriage by her grandfather, Mr. Miles, the bride chose a formal gown of white Chantilly lace. Her attendants wore street-length dresses of aqua lace.

Reception after the ceremony was given in the church fellowship hall.

Scout Troop 23 Wins High Rate

Court of Honor for Boy Scout Troop 23, sponsored by the Noon Lions Club of Colorado City, was climaxed with an honor for Joe Vincent, Scout Master of the troop, Thursday night.

Gene Vaughan, Lone Buffalo District Scout executive, presented Vincent with a plaque for outstanding leadership in recognition of Troop 23's qualification as a National Standard Troop.

That high rate for the troop is the first won by any troop in Lone Buffalo District.

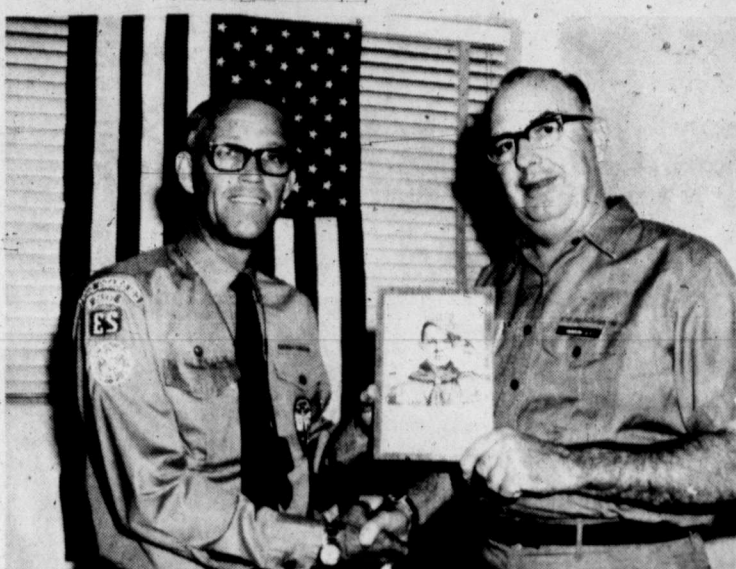

Court of Honor was conducted in Reddy Room at Texas Electric Service Company building, 406 Walnut St.

Troop 23 Scouts receiving their 1969-70 registration cards were Michael Brentz, Darrell Brown, David Farnham, Danny Fuller, Bill Griffin, Griff Hanks, Mike Harless, Scott Harless, Russell Hertenberger, James Jarnagin, Dink Lindley, Bill Reilly, Allen Sparks, and Joe Vincent.

Two year pins were awarded 12 boys in that group.

Mike Harless was advanced to second class rating. Advancing to the rate of first class Scouts were Darrell Brown, Bill Griffin, Griff Hanks, Scott Harless, Russell Hertenberger, Bill Reilly, and Joe Vincent.

Merit badges from summer camp achievements went to Joe Vincent for swimming, music, reading, and first aid; to Griff Hanks for music, first aid, reading, and swimming; Darrell Brown, Bill Griffin, Scott Harless, Bill Reilly, and Allen Sparks for swimming.

Joe Vincent, right, Colorado City Troop 23 scoutmaster, receives a special plaque from Gene Vaughan for outstanding leadership with his award-winning troop of Boy Scouts.

Miss Corine Rivera Weds John Martinez

Miss Corine Rivera and John William Martinez were married Saturday, Aug. 16 in a formal wedding in the Little Flower Shrine in Odessa. Rev. Thomas Nadine officiated the 6:30 p.m. double ring ceremony.

The bride is the daughter of Mr. and Mrs. Andrew Rivera, 625 Jefferson, Colorado City. Parents of the bridegroom are Mr. and Mrs. Stanley Martinez, 405 Plaza Place, Odessa.

Presented in marriage by her brother, Robert, the bride wore a formal empire gown of traditional satin featuring a bateau neckline and long sleeves gathered at the wrist into a flaring ruffle. White rose trim accented the arched waistline and the A-line skirt. She carried a colonial-styled bouquet of white roses and a white rosary.

The matron of honor was Mrs. Gerald Lopez of San Antonio. She was dressed in a green satin A-line gown. Misses Eleanor Garza, Marie Elena Blanco and Yolanda Valenzuela, all of San Antonio, were bridesmaids. They wore yellow satin gowns, adorned with yellow and green trimming and designed to resemble the bride's gown. Each carried a bouquet of daisies.

Gerald Lopez of San Antonio, formally of Odessa, was best man. Serving as groomsmen were Manuel Ramos of Odessa, Perry Taylor of Dallas and Alfred Valenzuela of San Antonio, uncle of the groom. Rudy Martinez, brother of the groom, served as usher.

A reception followed in the party room of the Spanish Keys Apartments. The bride's table was laid with a white lace tablecloth. The three tiered white wedding cake centered the table, white and pink champagne, punch and wedding cookies were served. Serving were Mrs. Alfred Valenzuela and Mrs. Raymond Valenzuela, aunts of the groom. Miss Claudia Valenzuela presided at the guest registry.

For traveling the bride chose a dress with matching scarf which draped the neckline. She accented it with beige accessories. Her corsage was white baby orchids from the bridal bouquet.

The bride is a 1961 graduate of Colorado High School, a 1964 graduate of Texas Women's University and on Aug. 14, 1969 completed requirements for her Master of Education degree from Our Lady of the Lake College where she has been employed for the past year as Professor of the Demonstration Class for an NDEA Institute in English as a Second Language. She will be employed next term by Ector County Schools as a second grade teacher at Alamo Elementary, in Odessa.

The groom is a 1959 graduate of Odessa High School. He attended Odessa College and in 1964 was graduated from Texas Tech where he belonged to Phi Kappa Theta and was president of Chi Rho fraternity. He has also done graduate work at Sul Ross State University. At present, he is employed by the West Texas Education Center located at Terminal as Director and Coordinator of Adult Basic Education.

The couple will reside at the Casa Permian Apartments in Odessa.
