Dalhart Celebration

Polo Club and American Legion Sponsoring Fourth of July Celebration

Dr. J. P. Powell, commander of the Dalhart American Legion Post was in Perryton Tuesday and while here informed a representative of the Herald that the Legion Post and the Dalhart Polo Club were now making plans for a joint sponsorship of a gigantic Fourth of July celebration at Dalhart.

The full program for the day has not been definitely arranged but Dr. Powell says it will consist of polo games, baseball contests, horse racing, fireworks, and dancing.

AAA VOTE GETS BIG MAJORITY

OCHILTREE COUNTY FARMERS VOTE OVERWHELMINGLY FOR CONTINUATION OF PROGRAM

Wheat growers in Ochiltree county voted overwhelmingly in favor of the continuation of the AAA program in the referendum ballot held in this county last Saturday, only fourteen voters voting against the allotment program.

A total of 683 contract signers voted favorably while 14 voted against continuation. Non-signers voting in the referendum totaled 55 for and 0 against, making the total vote in the county 740 for and 14 against.

The Panhandle and the nation as a whole voted strongly in favor of the AAA wheat allotment program, the national incomplete returns totaling 179,029 for and 28,330 against early in the week.

BASEBALL TEAM IS ORGANIZED

W. R. CAYLER NAMED BUSINESS MANAGER OF CLUB AT FRIDAY MEETING AT HOTEL

A large and enthusiastic crowd of baseball fans and players met at the Hotel Perryton on last Friday evening and laid definite plans for the organization of a baseball club for Perryton.

W. R. Cayler of the Perryton Cleaners will book all games and will direct the business end of the games. He will be ably assisted by Sam Hergert of the Plainview Hardware Co. who will serve as treasurer. Ray Weir was named as chairman of the finance committee to raise funds for the purchase of uniforms and equipment.

The playing end of the club will be under the direction of Manager W. I. Byron, assistant athletic coach of the Perryton schools. Mr. Byron, who is a star player himself, is remaining in Perryton this summer, in the capacity of director of Boy Scout and band activities. His salary is being paid jointly by the Chamber of Commerce, the city council, and the county commissioners.

There is plenty of good material for a club this year, and the prospects are very bright for a stellar organization. It is thought that the first game will be played on June 9.

COUNCIL TO MEET

The regular monthly meeting of the County Council of home demonstration clubs will be held at the courthouse on Saturday afternoon, June 1, 1:30 o'clock.

All members are urged to be present.

Mr. and Mrs. W. B. Irvin were dinner guests, last Wednesday evening, in the home of Mr. and Mrs. W. E. McMillen.

Mr. and Mrs. H. J. Wilson and son, Harvey, left Wednesday for Excelsior Springs, Mo., where they plan on spending the summer for Mr. Wilson's health.

Miss Eleanor Stark returned to Pampa Monday after a two weeks visit in the home of her parent, Mr. and Mrs. I. B. Stark.

Albert Hudson, Gruver, was a Perryton visitor, Saturday, and visited with his brother, H. I. Hudson.

Mrs. L. B. Mitchell and daughter, Veva Joe, Purcell, Okla., are visiting this week with Mrs. Mitchell's sister, Mrs. Jessie LeMaster.

GREAT PLAINS HIGHWAY MEET

LARGE PERRYTON DELEGATION EXPECTS TO ATTEND ANNUAL CONVENTION AT SCOTT CITY

Vance Apple, secretary of the Perryton Chamber of Commerce, states that Perryton and Ochiltree county will be well represented at the annual convention of the Great Plains Highway Association to be held at Scott City, Kansas, Tuesday, June 4. Among those who are expected to attend are A. J. Kelly, W. B. LaMaster, R. T. Shindler, Judge Geo. M. Perry, B. L. Rogers, J. H. Neufeld, Vance Apple, and Van W. Stewart.

J. V. Romigh, North Platte, Nebraska, president of the association in a bulletin issued this week, announced that the entire route from the Canadian line to the Mexican border is now completed with the exception of the north portion of the sand hill section in Nebraska, and two counties north of Hamlin, Texas, and four counties south of Ballinger, Texas. With \$20,000,000 federal highway money in Nebraska and \$40,000,000 in Texas, it is expected that these gaps will be completed during the coming year.

EROSION WORK STARTS JULY 1

FIVE PANHANDLE CCC CAMPS TO BE PUT INTO OPERATION AS SOON AS POSSIBLE

Dalhart, May 23—The Panhandle's five CCC camps to aid in wind and water erosion control and soil conservation are to be operative as soon after July 1 as possible it was learned today from H. H. Finner, regional director of the U. S. Soil Conservation Service in Dalhart.

Mr. Finner in collaboration with the U. S. army has just located two of the five camps: One at Lamesa, the other at Littlefield, on the South Plains. The others are to be at Perryton, Memphis and Amarillo. Barracks construction will be rushed. Each camp is to have from 215 to 240 men.

The federal government recently expanded CCC membership from 300,000 to 600,000 in order to take care of additional resources conservation programs. The camp members have been used since CCC establishment for re-forestation and such-like work and under the expanded set-up will be used, among other things, in erosion work.

Work will differ in different sections, Finner explained. In Potter county ranch land the CCC workers will clear brush from pastures, dig out rocks and use them in gully dams, to prevent serious water erosion. Vegetation will then be introduced over and around the dams, making them more effective. Resodding may be done. Vegetation will be introduced on the back side of marching dunes, in an effort to stop them. When the dunes move on that part covered by vegetation remains. By repeating the process often enough the dune is stopped.

Water holes will be dug in various parts of the pasture to promote even grazing. Trees will be planted at points in the pasture where ample water can be furnished them. This also promotes more even grazing as cattle, it is said, graze from the water holes to the trees and back again.

Seriously eroded areas of pasture, over-grazed or blown out, will be fenced off until grass re-seeds the denuded spots or until they can otherwise be reclaimed. Elimination of loco, excessive cactus and such-like growths will be a part of the work.

Protection will be arranged for alluvial banks; that being the banks of streams and rivers that are cut, or beaten back by flood waters, thus encroaching on rich farm lands. Trees, shrubs and vines will be used in this work. Terrace outlets will be arranged so terraces will not break down under torrential downpours.

In wind erosion areas, particularly from lands, the work will be running terrace and contour lines; re-sodding farm land that should go back to grass; location and planting of tree sites as windbreaks—Dalhart Texan.

Mrs. Claud Boyd and children returned Sunday from Vernon where they have been visiting relatives.

SHOWERS BRING TOTAL OF .15 INCH MOISTURE

Showers, dirt storms and balmy spring sunshine have given the Panhandle a wide variety of weather during the past week.

In Perryton a total of .15 of an inch of moisture was received up until Wednesday morning, with a shower Saturday evening supplying .14 and a light fall Sunday adding .01 of an inch. Precipitation over the Panhandle ranged upward to flood proportion in some sections Saturday evening. A light mist Wednesday promises added moisture.

Offered as a sharp contrast, unworked fields are blowing badly again as the high winds sweep up the fine silt deposits as they dry out from the recent rains, reminding local citizens of the conditions here before the May rains.

The total moisture received so far this month is 3.90 inches, the heaviest fall since August 1933.

35 ALLOTMENT BLANKS ARRIVE

WHEAT PROGRAM MUST BE 80 PER CENT COMPLETE BEFORE FORWARDING WASHINGTON

Compliance blanks for the 1935 wheat allotment program have been received this week and the local committee is busy preparing them for signing.

Cards will be mailed some time next week asking all contract signers to come in and sign the compliance cards in order to speed up the work and get an early return on the payment. At least eighty per cent of the contracting wheat growers must be signed up before any part of the compliance blanks can be forwarded to Washington.

DEMOCRATS TO STATE MEETING

YOUNG DEMOCRATIC CLUB TO MEET AT AMARILLO JUNE 7-8 STATE WIDE CONVENTION

Amarillo—Final plans for the program of the convention of the Young Democratic Clubs of Texas, June 7 and 8 in Amarillo, were completed here this week with the establishment of state headquarters at the Herring Hotel.

Included among the prominent speakers will be Governor James V. Allred, Elliot Roosevelt, Fort Worth; James Roosevelt, Secretary to the Young Democratic Clubs of America, Boston; Young Democratic leaders over the state and a number of prominent state officials including Col. E. O. Thompson, chairman of the railroad commission; Wm. McCraw, Attorney-General; Carl Nesbitt, Adjutant General; Gerald Mann, Secretary of State; George Sheppard, Comptroller; Charley Lockhart, State Treasurer and many prominent members of the house and senate.

A banquet Friday noon, a public meeting in the Municipal auditorium Friday night where Governor Allred will be heard; a grand ball Friday night and a barbecue Saturday noon are convention highlights.

The meeting is assuming much bigger aspects with the announcement of James Roosevelt that he is calling a zone meeting of officials of the Young Democratic Club of Arkansas, Texas, Oklahoma, New Mexico and Kansas for Saturday June 8.

"A cordial invitation to all Democrats, young or old, to have a part in one of the biggest affairs of its kind ever held in Texas is extended," said John L. McCarty, Dalhart editor, who is State President. "Plans are shaping up in grand style for an important meeting."

A state headquarters staff in charge of O. C. "Red" Christie, State Secretary and Director of the membership drive, are busy with final plans for the convention.

Mrs. J. M. Blasingame left Saturday for Dallas to be with her daughter, Emily, who is convalescing following a major operation.

Arnold Sturkey left Saturday on a vacation which he will spend with relatives at Marshall, Okla., and other points near.

GET CORN-HOG CHECKS TUES.

TOTAL OF \$9,156.60 IS RECEIVED IN FINAL PAYMENT FOR 1935 SIGNERS

Checks representing the final payment of the 1934 Corn-Hog allotment program were received by the local committee Tuesday, totaling \$9,156.60. The shipment contained 135 checks and leaves only a few checks outstanding.

These checks are now being distributed by the local committee and corn-hog contract signers may have them by calling at the county agents office at the courthouse. This shipment brings the total received from the corn-hog program to nearly twenty-five thousand dollars.

The first payment contained checks total \$10,437 and the second shipment totaled \$5,015.

The administrative expense in Ochiltree county for the operation of the corn-hog program was set at approximately four per cent which was deducted from the final payment.

UNWORKED LAND ALREADY LOSES

ESTIMATE THAT LAND NOT CONTOURED HAS LOST \$2.00 IN MOISTURE FROM RECENT RAINS

DALHART, May 23—If moisture should be a limiting factor in the yield of this summer's crops, the farmer whose land was neither contoured nor terraced has already taken a \$2 loss per acre, according to experts with the U. S. Soil Conservation Service here.

They estimate that water run-off from untraced, uncontroled tight land in the Dalhart section was a half inch, or 100,000 pounds per acre. Four hundred pounds of water produces one pound of forage, with grain, so that the 100,000 pounds would have produced 250 pounds. At present prices, the service said, that amounts to about \$2 per acre.

Besides the possibility of a curtailed yield, some rich top-soil is always lost by this run-off, known as sheet erosion. Terraces can be built for \$1.50 per acre. The extra expense of maintaining them and contour listing will range from 35 to 50 cents per acre per year, farmers estimate. The \$1.50 cost is only for the first year when the terraces are built.—Amarillo News.

Operates Beauty Shop

Mrs. Betty Coleman Buys Pansy Beauty Shop; Is Now In Charge Of Shop

Mrs. Betty E. Coleman, Wichita, Kansas, has taken over the operation of the Pansy Beauty Shop, buying the shop recently from Mrs. J. O. Young. In the future the shop will be known as the Venus Beauty Shop.

Mrs. Coleman and her assistant, Miss Mildred McFarland, also of Wichita, are both experienced beauty operators, being graduates of the Venus Academy of Wichita.

CHRISTIAN CHURCH AT BOOKER OPENS REVIVAL

Rev. W. D. Darnell and wife, Elkart, Kans., Tri-State evangelist of the Panhandle counties of Texas, Oklahoma and Kansas, are in charge of a revival campaign opened recently at the Christian Church in Booker.

Glen and Raymond Wilson, who have been attending Northwestern college, Alva, Okla., returned home Sunday for the summer months.

Miss Pauline LaMaster left Tuesday for Chickasha, Okla., for her sister, Miss Kathryn LaMaster, who completes her work at Christian college Wednesday. They will return home the latter part of the week. Mrs. W. C. Herndon and children, Anna Lou and Billy, went as far as Lawton and will visit several weeks with Mrs. Herndon's mother.

Mrs. W. H. Lusher was over from Woodward, Okla., over the week-end and enjoyed a visit with numerous friends.

Dee Brewer came in Friday from Alva, Okla., where he attended college, and will work at the Perryton Drug thru the summer.

Relief Office Moves

Now Located In Donley Building In New Quarters; Move Made This Week

Ochiltree county relief administration offices are now located in the Donley garage building on Main Street, moving this week from their cramped quarters in the county court room to the new location.

The entire front display room will be taken up by the offices which will afford considerably more room. The front has been paneled to make a reception room for clients and visitors at the office, the employees being given desk and office space behind the enclosure.

POPPY PROGRAM IS SUCCESSFUL

LEGION AUXILIARY STAGES SALE IN PERRYTON ON SATURDAY NETTING \$104.15

A total of \$104.15 was reported by Mrs. Sibley Jines, chairman of the Auxiliary's Poppy Day program when the volunteer committee in charge of the sale of the red memorial flowers last Saturday made final accounting.

All of the funds collected from the annual poppy sale will be used in welfare activities among disabled veterans and needy families of veterans during the coming year. The flowers were made by disabled veterans in government hospitals throughout the nation.

This splendid response was very gratifying to the local committee and the organization expresses thanks to the people of the community for the cooperation received.

In addition to this amount, the Auxiliary netted a nice sum from the sale of signatures on the poppy page advertisement issued in last week's Herald and the ladies wish to thank the merchants and business men of this city for their assistance.

BAPTIST ASSOCIATION MEETING

CANADIAN ASSOCIATION WILL MEET WITH LOCAL CHURCH ON TUESDAY, JUNE THE FOURTH

The spring workers conference of the Canadian Baptist Association will be held in Perryton on Tuesday, June 4, with the local church as hosts. Rev. J. M. Sibley, pastor of the Perryton church, is Moderator of the association.

The sessions of the conference will convene at 10:00 a. m. with a song service led by R. G. Brannen, Pollett. The devotional will be given by Almon Norris, son of Mr. and Mrs. W. R. Norris of the Notia community. Almon is now a student at Wayland College, Plainview.

Rev. W. A. Fite, Canadian, who has just returned from an area church conference at Memphis, Tenn., will make a report on the activities of the convention. An address will be given at the morning session by Mrs. D. A. Grundy, Memphis, Texas, who is president of the District 10 W. M. U. S. C. E. Roark, professor of bible at Wayland College, will also speak in the morning.

Immediately following the noon day luncheon which will be served in the church basement, meetings of the executive boards will be held. One of the features of the afternoon session will be a discussion of a "Laymen's Brotherhood," by Joe Wilson of Miami. The meeting will adjourn at 3:20 p. m.

Mr. and Mrs. M. F. Hethcock and son, J. D., are leaving Friday for Seattle, Wash., where Mr. Hethcock has work.

Misses Carmen and Doris Cofer were dinner guests Monday evening in the R. T. Correll home.

Joe Buckland, who has been attending school at Porgan, Okla., this winter was home Saturday night and Sunday. He left for eastern Kansas, where he has work with Walley Watkins, John Deere salesman.

Mr. and Mrs. A. L. Carter, who have been spending the winter at Corpus Christi, returned home last Wednesday with Mr. and Mrs. Dewey Allen and children, who spent the past month at Corpus.

STATE HEAD OF JR. DEMOCRATS

JOHN MCCARTY, STATE PRESIDENT, ADDRESSES YOUNG DEMOCRATS OF THREE COUNTIES TUES.

John McCarty, editor of the Dalhart Texan and president of the Young Democratic Club of Texas, was the featured speaker at a three county meeting of Young Democrats in Perryton Tuesday evening. Representative delegations were present from Spearman and Canadian.

Max Boyer, county attorney and president of the Ochiltree county club, presided at the meeting, which was called for the purpose of electing new officers for the local club. On account of the length of the program, President Boyer appointed a nominating committee consisting of W. H. Lance, Miles Edwards and Leroy Hartman, to prepare an officer slate to be presented at the next meeting of the club.

State President McCarty brought a very inspirational message to the young democrats. He stressed in particular the good that Young Democrats can do in overriding and combating the wave of radicalism that is sweeping the youth of the nation, more especially in the east. He complimented the local club on their activity, membership and fact that at one time they were the largest club in the state. He made a special appeal for attendance at the state convention to be held in Amarillo next week. McCarty made one statement that is very true when he said, "The best thing about the recent dust storms is the fact that the Panhandle got rid of a lot of quitters".

Among the out-of-town people present were: Lee McClellan, Wm. McClellan, Fred Hoskins and Harry Cayler, Spearman; Jep Todd, T. D. Moss, E. C. Fisher, Tom Conateer, R. C. Jackson, Harry Wilbur, T. P. Evans and N. R. Abraham, Canadian.

REVIVAL CLOSURES ON SUNDAY

PRESIDENT BYRON DACUS OF GOODWELL COLLEGE TO SPEAK AT CHURCH OF CHRIST

The evangelistic meeting which has been in progress at the Perryton Church of Christ for the past two weeks will be brought to a close on Sunday, June 2, with an all day service. Rev. A. C. Williams states that a basket dinner will be served at the noon hour. The afternoon program will consist of short talks by various visitors of prominence from over the Southwestern area.

Byron Dacus, president of the P. A. M. C. at Goodwell, Oklahoma, will be the principal speaker on the Sunday afternoon program. He will bring a message to both young and old that will be worth while. Dacus has endeared himself to this section of the country as an educator and Christian gentleman. Every young person in this community should hear his message.

Rev. W. V. Murray, Goodwell pastor, who has been leading the revival services, will preach the final sermon on Sunday evening. His theme will be, "Prepare to meet Thy God".

Mr. and Mrs. Ralph Arnold and daughter, Pat, returned last week from a months visit with relatives in Kentucky. While away they attended the Kentucky Derby at Louisville, Ky. Mr. and Mrs. Ben Lippold and children, Alice and Bennie met them in Arkansas on their return and they enjoyed a few days outing in the Ozarks.

Mr. and Mrs. W. E. McMillen and Luella, Mr. and Mrs. Mark Boehning and E. L. Whippo were dinner guests Tuesday evening in the A. K. Wilson home. Mrs. Wilson served the dinner in honor of the birthday anniversary of Bruce Seitz, who stays with them.

SMALL WILL NOT RESIGN

In the first place, Senator Clint Small is not going to leave this district, and is not going to resign before the end of his term, December 31, 1936. Mrs. Small adds that he is not going to be a candidate for re-election next year as the family is opposed to the Senator giving more of his time to public affairs.

No one in Austin denies the fact that Senator Small is the outstanding man of the entire legislature. He has had the responsibility of ironing out the kinks in legislation passed this year, just as he has in every session since he has been a member of the Senate. When the legislature gets in a jam, and the members are ready to throw up their hands, Senator Small has stepped into the breach and wrote substitute bills which have met the objection of the varied interests.

Two members of the House are jockeying for positions to succeed Senator Small. Representative H. K. Stanfield and Representative B. L. Rogers. With their entrance in the race for the senate, two vacancies will be caused in the House next session. Several names of Panhandle citizens are being linked with the race for the Senate. Down at Austin the folks are greatly interested as to whom will be elected from this district to both the Senate and to the House. Austin is the political center of the state, and gets a line up on the candidates even before the folks back home usually do.—Editor Clyde Warwick in Canyon News.

RAILROAD TAXES IN TEXAS

An inescapable part of the rail-highway transportation problem was pointed out the other day by C. D. Morris, official of the staff of the Western Railways organization, in an address before the Panhandle Grain Dealers' Association at Amarillo. Mr. Morris referred to the figures showing that of 254 counties in the State, 109—more than one-half—collected no ad valorem tax whatever from buses and trucks engaged in transportation for hire, while the railroads paid ad valorem taxes in all but 13 counties.

Said Mr. Morris: "Since all taxes for general governmental purposes in Texas are levied on property valuation, it is seen at once that motor vehicles do not pay anywhere near their just proportion of the cost of your municipal, county and state governments. Total ad valorem taxes levied against commercial transport motor vehicles in Texas in 1933 were \$33,000, while that levied against and paid by the railroads aggregated more than \$7,000."

Mr. Morris added that the railroads which do not use the highways paid \$104 highway taxes for every one of the more than 10,000 trucks carrying for hire, a sum more than the average of gasoline taxes for highway purpose paid on trucks and buses which do use the highways.

The proper relation of rail and highway transportation is a necessary work for every State. Unless this work is carried on to a satisfactory conclusion, each State will inevitably sacrifice much of great value inherent in its rail transportation system. Trucks and buses can not serve our transportation needs alone, no matter how heavily we may subsidize them through low taxation. But high taxation of railroads and low taxation of trucks and buses can destroy railroad service.—Fortworth Star-Telegram.

Serpents Among Books

One day a gentleman in India went into his library and took down a book from the shelves. As he did so, he felt a slight pain in his finger, like the prick of a pin. He thought that a pin had been stuck in the cover of the book by some careless person. He paid little attention to the slight wound. But soon his finger began to swell, then his arm, and then the whole body, and in a few days he had died. It was not a pin among the books, but a small and deadly serpent.

There are many serpents among books nowadays; they nestle in the leaves of some of our most fascinating literature. People read and are charmed by the plot of the story, by the skill with which the characters are pictured and grouped, by the beauty and vividness of the wording, and they hardly feel the pin-prick of the evil, the unbelief, or the suggestiveness that the book contains. But it stings and poisons that mind and the heart.

When the record of ruined souls is made up, on what multitude will be inscribed "Poisoned by serpents among books and magazines"? Let us watch against such serpents and read only that which is instructive and profitable. Parents especially have a grave duty and responsibility as to what their children read.

Divine services and Holy Communion will be held next Sunday at 10 A. M. The sermon subject will be, "Grieve Not The Holy Spirit Of God". Sunday-School and Bible Classes after the morning worship. Come, you are welcome!

"IN CALIENTE" OPENS AT ELLIS SUN., JUNE 2

"In Caliente," First National's latest musical, opens at the Ellis Theatre Sunday. Its all star cast is headed by Dolores Del Rio, Pat O'Brien, Leo Carrillo and Edward Everett Horton.

Scores of beautiful Hollywood chorus girls appear in numbers created and directed by Busby Berkeley, who staged the big hits in "Gold Diggers of 1935," "Wonder Bar," "42nd Street" and a score of other film musicals.

Two famous song writing teams, Warren and Dubin and Dixon and Wrubel, wrote the songs for the Berkeley production numbers. They include "Muchacha," "Lady in Red" and the title song "In Caliente."

Phil Regan, the radio cop, sings the "Muchacha," which features Dolores in a dance review, and "To Call You My Own," a ballad. Winifred Shaw sings the "Lady in Red," and "In Caliente" is sung by a group of entertainers.

Others in the cast include the famous DeMarcos, who do some specialty dancing and "The Canova Family," radio's "Hill Billies of the South," Dorothy Dare, Luis Alberni, George Humbert, William Davidson, Harry Holman, Soledad Jimenez, Herman Bing and Florence Fair.

Geo. Hood Returns From Gold Prospecting Trip

Geo. Hood, former Perryton man and son of Mr. and Mrs. W. Hood, recently returned from a gold prospecting trip to Honduras. The following account of his experiences is from the Lubbock Journal.

Four Texas Planners went to Honduras and began prospecting near Concordia, natives don't like gringo. Vamos.

Prospectors had revealed they like living with cats, dogs, horses, and other animals, those and other expressions offended the natives.

Warned To Leave
Prospectors recognized a red flag as a warning to leave. Hood walked 120 miles across mountains to another camp.

Benson, who returned April 10, Honduras, where he prospecting for gold with four other men. The party consisted of John W. George Hood, Loyd Franklin V. McGee, all of Amherst, Benson is a Lubbock attorney. McGee was the only one not to return with the party.

Go Into Interior
The party expected to prospect the Major Burke concession but government refused to let them. They went into the interior. An American who sold medicines there was influential with natives and them in locating.

They were making equipment at a place they had chosen. They began prospecting there. The natives sometimes kill "gringos," term for American, with very provocation. Mr. Benson said.

Only punishment for doing so is a \$5 or \$10 fine.

Hood took three to five years to become acquainted with territory and friendship of natives so he could prospect successfully.

Hood has to wait for the rainy season which begins in May, to trace colors so they can find any great amount, he said.

Living conditions are such one would probably develop in that length of time. A prospector die, his gold not sent to his children or relatives. Mr. Benson found.

Companion who would wish to the gold back would have to large amount if given permission to do so by officials.

Twelve In Two Rooms
The group spent a great deal of time in the home of a family of 12. The 12 persons slept in two rooms.

Animals are quartered in enclosure around the cabin and in and out or stay in cabins. Three of the party re-

sented the animals. The woman of the house refused them food.

For three days the men were able to buy food elsewhere then the word passed around of what they had done and they could get no food.

Natives live principally on cooked green bananas and beans. They sleep on cowhides stretched over beds made from logs. The South Plains prospectors slept on boards over which they had spread blankets.

Women make the living by prospecting a little. Mr. Benson said. The natives he came into contact with were the happiest people he has ever seen. He said "They have nothing but they want nothing," he added.

Very Little Law
There is very little law. "Their religion is their principal law," the prospector said. The natives are Catholics.

The average number of persons in a family is from 12 to 17. The death rate equals the birth rate.

Insects similar to sea ticks bury themselves in flesh and have to be dug out. They spread malaria. All members of the party except Mr. Benson were ill a great deal of the time while there, he said.

Leave Here In December
The group left Lubbock December 27. They went to Acapulco, Mexico, by car and took the car in a boat to Honduras. They traded the car for three mules, two pack saddles and a saddle. The four who returned came most of the way by boat.

"It was a wonderful experience," Mr. Benson said. "If the people of our country would go down there and see what I have seen, they would come back and never complain about anything."

CHRISTIAN SCIENCE

"Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced" is the subject of the Lesson-Sermon which will be read in all churches of Christ, Scientist, on Sunday, June 2.

The Golden Text is: "When the wicked spring as the grass, and when all the workers of iniquity do flourish; it is that they shall be destroyed for ever" (Psalms 92: 7).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And the great dragon was cast out, that old serpent, called the Devil, and Satan, which deceiveth the whole world" (Revelation 12: 9).

The Lesson-Sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "This dragon stands for the sum total of human error. . . The Revelator lifts the veil from this embodiment of all evil, and beholds its awful character; but he also sees the nothingness of evil and the aliveness of God" (page 563).

PROTECT YOUR LIFE AND THE LIVES OF OTHERS!

There are three questions you should ask yourself about the tires you buy:

- 1—"Will the non-skid tread give me the greatest traction and protection against skidding?"
- 2—"Are they built to give me the greatest blowout protection?"
- 3—"Without sacrificing these two important safety features will they give me longer mileage, thus making them the most economical tires I can buy?"

Answer No. 1—Harvey S. Firestone early realized the value of tire traction and safety and was the first to design an All Rubber Non-Skid Tire. Through the years Firestone has led the way in the design and development of tires with most effective non-skid treads.

Firestone does not depend solely on traction and non-skid tests made by its own engineers—it employs a leading University to make impartial tests for non-skid efficiency of its tires, and their most recent report shows that Firestone High Speed Tires stop the car 15% quicker than the best of all popular makes of tires.

Answer No. 2—Blowout protection must be built into a tire. Friction and heat within the tire is the greatest cause of blowouts. Firestone protects its tires from friction and heat by a patented process which soaks every cord and insulates every strand with pure liquid rubber. This is an additional process known as Gum-Dipping, by which every 100 pounds of cotton cords absorb eight pounds of rubber. This extra process costs more and is not used in any other make of tire.

Leading race drivers investigate the inbuilt qualities of the tires they use, because their very lives depend upon their tires, and they always select Firestone Tires for their daring speed runs. In fact, Firestone Tires have been on the winning cars in the gruelling Indianapolis 500-mile race for fifteen consecutive years, and they were on the 5,000-pound car that Ab Jenkins drove 3,000 miles in 23½ hours on the hot salt beds at Lake Bonneville, Utah, at an average speed of 127.2 miles per hour, without tire trouble of any kind. These amazing performance records are proof of the greatest blowout protection ever known.

Answer No. 3—Thousands of car owners reporting mileage records of 40,000 to 75,000 miles, is proof of the long mileage and greater economy by equipping with Firestone High Speed Tires. Let these unequalled performance records be your buying guide.

Go to the Firestone Auto Supply and Service Store or Firestone Tire Dealer and let him equip your car with Firestone Tires, the safest and most economical tires built.

Complimented With Shower

One of the most beautiful social events of the month was Wednesday afternoon when Miss Ruby Neufeld and Mrs. Clarence Neufeld entertained, in their gracious manner, with a miscellaneous shower for Miss Gladys Glasgow at the former's home. Miss Glasgow will be a June bride of Clyde Pinson, Canadian.

Mrs. J. H. Neufeld received in the cool and spacious living room which was attractively decorated with bowls and baskets of fragrant flowers and a dainty pink and white wedding bell tree. The dining table was covered with a white linen cloth of hand-drawn work and centered with a crystal punch bowl, nestled among green fern and roses. Miss Helene Orr served the punch and pink and

white sandwiches and ice-box cookies. A gum drop favor, wrapped in pink cellophane with silver wedding bells, helped create a most charming effect for each plate.

A floral wedding contest caused a great deal of amusement. The bed in the guest room was laden with the many beautiful gifts, expressions of the good-wishes for the bride and after a lengthy discussion of the matrimonial subject and much advice to the honoree, the gifts were viewed.

Miss Glasgow, who was charming in a two piece suit of shell pink crepe, expressed her appreciation for the many courtesies of the afternoon with her usual charm.

Dr. and Mrs. E. R. Jarvis and her brother, C. C. Powers, Morse, returned Tuesday from Merkel, where they spent a few days with their brother, D. H. Powers and family. They also visited with Gerald Jarvis, a student at Simmons, Abilene.

LEBRA-AT PAMPA

ANNUAL AND PIONEER ROUNDUP JUNE 6-7-8
GOV. JIMMIE RED COMING

May 28-Plans are virtually complete for the second annual and Pioneer Roundup June 6 and 7, and for the Panhandle Oil show dates.
Both programs will include a parade, pageant, and a street show, two A-1 oil show parade featuring old timers, old timers' band dramas, speech by James V. Allred on the pre-Centennial ball, old timers, and music by many bands, imported from Taos, New Mexico, and making an oil show train. They also will be in the parade. A parade float is under construction as ten huge paint-covered wagons drawn by teams of horses, providing they are invited to ride in the parade, costumes, cowboy and cowgirl clothing, and being mailed to old timers.
A service for departed friends will be held during the day.
The club will present "The Wins the Day", direction of Joe Strubling, and Roundup program.
12 noon-Barbecue for old timers

The dramatic skit deals with the melodramatic events connected with an unsuccessful attempt to impeach Judge Frank Willis, Sr., in the '80's. Ben Guill and two of his students, Elizabeth Graham and Paul Schneider, will produce three other skits, "Arrival of John Adair at the JA Ranch", "The Law West of the Pecos" and "The Indian Scare of 1890".
Raymond Harrah, Roundup chairman, is working out details of registration for oldtimers. Badges will be ordered immediately. He has obtained a number of old fiddlers and callers for the dances.
Governor James V. Allred, who last year opened the first Pre-Centennial as attorney general, will return June 7 for a public address. Officials of the Centennial proper, who have given much publicity to the local event, likewise are expected.
Altogether, with an oil field holiday declared, the Panhandle is to have the biggest celebration of the year and one of the biggest of its history.
The Pre-Centennial program includes:
Thursday, June 6
9: a. m.—Registration of oldtimers at high school gymnasium.
1:30 p. m.—Pre-Centennial and Oil Show parade.
2:30 p. m.—Rodeo program.
3:30 p. m.—Baseball game at Road Runner park.
8 p. m.—Wrestling program at Road Runner park.
8 p. m.—Western "dramas and square dances at gymnasium.
10 p. m.—Big street dance.
Friday, June 7
10 a. m.—Oldtimers' program at gymnasium.
10 a. m.—Oil field contests downtown.
11 a. m.—Address by Governor James V. Allred.
12 noon-Barbecue for oldtimers

only, at gymnasium.
1:30 p. m.—Pre-Centennial and Oil Show parade.
2:30 p. m.—Second rodeo program.
3 p. m.—Baseball game at Road Runner park.
8 p. m.—Pre-Centennial pageant at Harvester park.
10 p. m.—Old fiddlers' contest at gymnasium.

Auto Mechanics Law

Mechanics are Organizing to Promote State Legislation Licensing Workers

A member of the organization committee of the Motor Vehicle and Airway Mechanics of Texas will be in Ochiltree county this week to call on and organize local automobile and airplane mechanics, body and fender workers, and automobile dealers. The purpose of this organization is to sponsor a proposed Mechanics License Law, to be presented to the Legislature of Texas in 1936. Mechanics of thirty-one West Texas Counties have already been contacted and the counties organized.

The bill, when enacted into a law, will require that every mechanic in Texas have a license from the State Board of Examiners before he is eligible to work at his trade. It will also require that helpers have permits to work as apprentices, which will in turn after a number of years, entitle them to be examined and become master mechanics. The law is, in itself, a safety measure, and will decrease the number of automobile accidents in Texas each year, inasmuch as it will separate the mechanics from those who hold themselves out to the public as such, and repair automobiles for compensation.

T. G. Waldrip, Lubbock, was selected as state organizer at a mass meeting of West Texas mechanics held in Lubbock in March. Other members of the organization committee are H. D. Booher, Lubbock;

O. M. Frydenberg, Abilene; Fred Ballew, Amarillo; Ralph Wynn, Lubbock; Sid Veasey, Amarillo; and Homer Scarborough, Amarillo. State headquarters for the organization work is now located in the Offices of Mel T. Jones, 203 Conley Building, Lubbock. Jones is legal advisor and chairman of the legislative committee.

Mrs. J. F. Smith is in Liberal, Kans., receiving medical treatment.

Mr. and Mrs. S. P. Whippo were Sunday dinner guests in the R. T. Correll home.

Mr. and Mrs. Max Boyer were Sunday dinner guests with Mr. and Mrs. LaRue Norris.

Mr. and Mrs. A. B. Holt and daughter, Georgia Faye, and Mrs. O. I. Smith, Canyon, were in Perryton over the week-end and visited with his mother, Mrs. G. D. Holt, and with her sister, Mrs. Glen Ragan.

Albert Lewis is home for the summer from college at Alva, Okla.

Miss Ruth Cloud, Dalhart, and Mrs. Ralph Higgins and son of Elkhart, Kans., are visiting this week in the home of their sister, Mrs. Robert Lawrence and family.

Mrs. Ralph Weir and son returned to their home at Beaver, Okla., Sunday after a week's visit in the home of her sisters, Mrs. Cliff Drum and Mrs. Weir Russell, and her brother-in-law, Ray Weir.

Hansford county has gone in for concrete subirrigation tile in a big way this spring. Through an agreement with relief agencies labor has been furnished from the relief rolls for making and installing the tile while the farmers have furnished the cement and sand and have agreed to pay one-fourth of the produce from the subirrigation garden for the year 1935. In this way 30,000 feet of tile have been put down.

Twenty other gardens using 12,000 feet of tile have been subirrigated by farmers in this county working independently—making a total of 32,000 feet of tile which will subirrigate Hansford county gardens, according to G. Lester Boykin, agricultural agent for the county.

Hemphill county tried out lath subirrigated gardens a few years ago finding them satisfactory but not very durable. Last year County Agricultural Agent H. M. Cantrell supervised the installation of tiled relief gardens which proved very successful. This year 16,000 feet of concrete tile have already been made and laid in the county.

Nearly five miles of concrete tile have been made and laid by relief workers in Ochiltree county this spring, according to the report of J. T. Stovall, county agricultural agent. The exact figures are 25,957 feet. The tile has been furnished in such cases as actual material costs plus a one-fourth toll of the garden subirrigated land. The material crops which are produced on the cost has been approximately one and one-fourth cents per foot.

tors are not eligible to compete unless this record of the club's work is filed. Our club voted to give money to the Council to be used in purchasing gifts for winners in each class of the women wardrobe cooperators contest. The club, also voted not to send a delegate to short course in July because of financial reasons. Due to the absence of several who had parts on the program, an informal discussion of the A. A. A. problems and wheat referendum was held.

Those present for the meeting were Mrs. Fountain Roach, Colorado Springs, Colo., and Mrs. O. A. Gibson, guests; Mesdames J. S. Slaughter, J. H. Kershaw, L. E. King, P. C. Huston, A. W. Henry, C. O. Roach, and the hostess, Mrs. Copeland.

"If you have several thickness of material cut uneven lengths it will make a neater seam when pressed," stated Miss Marie Ludwick, Home Demonstration Agent, at the home of Mrs. Jim Dodson, May 22. Miss Ludwick also said, "Do not use outside stitching except where it is absolutely necessary. In making set-in pockets and plaquets, always cut uneven lengths and press good."

The day was spent in checking foundation patterns and filling out our wardrobe cards. Mrs. Claude Crouch was elected to attend short course at College Station. At noon a covered dish luncheon was served. Members present for the meeting were Mesdames Kirt Williams, Roy Leicht, Ray Jennings, Jack Dodson, Claude Crouch, one new member, Mrs. Jake Schwab, Miss Marie Ludwick and the hostess, Mrs. Jim Dodson.

The Ochiltree Home Demonstration Club will meet Wednesday, June 5, at ten o'clock in the home of Mrs. Kirt Williams. All members are urged to be present and visitors are always welcome.

"A hem sewed in by hand is better than a hem sewed with the sewing machine" stated Miss Marie Ludwick, home demonstration agent, at the courthouse Friday 24.

"When sewing the hem I minwhit "When sewing the hem in with the machine the thread some times fades and does not look nice, when sewing by hand you can't see the stitches and the hem looks nicer."

Those present were Lucy and Clara Copeland, Lucille and Della McGarragh, Edna and Ruth Huston, Mrs. J. H. Kershaw and Connie. We would be glad to have more members in our club.

Our next meeting will be Friday, June 14, in the home of Mrs. J. H. Kershaw. Visitors are always welcome.

WAKA CLUB WILL CONDUCT CONTEST, MAY 21-AUGUST 6
The Waka Home Demonstration Club will meet with Mrs. J. E. Wilson, on Tuesday, June 4, at 2:00 p. m. Mrs. J. R. Stump, program chairman, announced there would be a contest from May 21st to August 6th. Mrs. Hall Nelson and Mrs. H. N. Elledge are the captains. Points

will be given on attendance, memorizing the club prayer, making a foundation pattern, bringing a visitor and getting a new member. The losing side will entertain the winners. Come and help your side win.

CONVERTS OLD MACHINE INTO DRESSING TABLE
A machine cabinet is being converted into a dressing table by Barba Lee Chase, wardrobe demonstrator of Farnsworth 4-H Club.

Barba Lee did not have a dressing table and chest of drawers for her bedroom and by taking the head off the discarded machine and putting in shelves Barba Lee will have 6 ft. of shelving for storing her underclothes.

Barba Lee has made improvements on her clothes closet by lowering rod for hanging clothes, putting in small shelves, building shoe pockets for her closet door.

CLOTHING CLOSET
Twelve garment bags, a shoe rack clothes closet of Mrs. Jim Dodson, and pockets for closet door are some of the improvements made on the 1st year wardrobe demonstrator of the Ochiltree home demonstration club.

To give more light to the storage space for clothes, Mrs. Dodson is using a cream wall paper for closet lining. A section of the closet is to be used for small shelves.

convenience, beauty and comfort and Home Economics departments everywhere are offering valuable service through the interchange of ideas giving beauty, charm and variety to the daily routine.

Cooking is no small part of successful home making and according to Government statistics it is deplorable that many women do not have a realization of the importance of food preparation. Is it not truly as fine an art to create colorful attractive dishes for the table as to design a dress or paint a picture?

The simple foods have many possibilities. Let us consider the old fashioned pie plant or rhubarb as it is now called for it will add zest to our menus. Rhubarb is a far traveler, finding its way from southern Siberia. Back in the time of Queen Elizabeth only the leaves were used, and they as pot herbs. Luther Burbank who seems to have worked magic on everything he touched in plant life, developed mammoth rhubarb with leaves measuring 3 or four feet across. Rhubarb contains tonic qualities and purifying properties. In it we find vitamin C and varying proportions of protein, carbohydrates, fat and an abundance of water. The juice of rhubarb makes a delicious jelly when pectin of some kind is added and it is a tasty ingredient in fruit beverages. It is not necessary to peel the stalks unless they are well matured. The trimmings when boiled in aluminum ware make a fine cleanser. Particularly is this a good way to brighten the percolator. Rhubarb blends well with bananas in making a dessert. Have you tried rhubarb shortcake or old fashioned cobbler? And of course rhubarb cream pie is delicious. For preserves rhubarb blends well with strawberries and other fruits which is a splendid feature from the stand point of economy.

June gives us cherries, strawberries, crisp, crunchy salad vegetables and many, many other good foods as well as the rhubarb. And so June in all her loveliness greets you, brides of yesteryear, young brides and brides to be.

FROZEN DESERT RECIPE GIVEN BY MISS LUDWICK
Marie Ludwick, County Home Demonstration Agent, is the creator of a recipe which is to be published soon in a new book of recipes

of frozen desserts. The recipe was submitted in a contest for frozen desserts made with marshmallows, and is one of more than 200 creations which are now being tested by the Household Science Institute, Chicago, for absolute accuracy.

The contest and the recipe book are a part of a nation-wide movement to simplify the making of electric refrigerator desserts, according to Marcia Camp, director of the contest. Marshmallows, all of the entrants found, prevented crystallization which is the biggest problem in home frozen desserts, Miss Camp said.

Following is Miss Ludwick's recipe:
Marshmallow Ice Cream
1 pound marshmallows

1-2 cups fresh (ripe) peaches crushed
Cut marshmallows into fourths; mix fruit and marshmallows, put into refrigerator where it will not freeze. Next morning beat mixture with wire egg beater until mixture is practically smooth. Add 1-2 pint of whipped cream to this, pour into tray of mechanical refrigerator fruit may be substituted for the peaches. Peaches may turn dark but cream will be a dull pink when frozen.

Serves 10 to 12 people.
Several cash prizes will be awarded as soon as the recipes are tested and the winners of the contest which just closed are found.
"Scatter Sunshine with Greeting Cards". A card for every occasion at Stewart Printing Co.

Liquid Asbestos Fibre Cement
It is better, cheaper and easier to apply than any other material for repairing leaky worn-out roofs. It works equally well on tin, corrugated iron, felt, composition, gravel or concrete. One coat of Liquid Asbestos Fibre Cement will change an old leaky roof into a one-piece weather and water-proof roof.

This Cement being a thick semi-liquid, it flows into every hole, crack and crevice, filling them thoroughly and drying with a smooth even surface. When dry it makes a tough, elastic coating, which will expand and contract with the roof and does not crack, peel, chip-off or soften and run.

This Cement can also be used for repairing and sealing leaks in gutters, spoutings, sky-lights, flashings and metal siding, for water-proofing drains, tanks, and an ideal protective covering for metal tanks, bridges and all iron and steel work.

Swap Pennies for Dollars?
Of course you would—who wouldn't? Therefore, when you buy house paint, remember this important fact: Acme Quality New Era Balanced Formula House Paint may cost you a few cents more per gallon than ordinary cheap paint. But when you pay those few cents more for Acme Quality, you are swapping pennies for Dollars. You get more coverage per gallon—hence you need fewer gallons. You also get better coverage—a paint film that really protects your property against the ravages of time. And you get a paint job that will wear years longer—make repainting needed only about half as often! Think what that saves you!

METHODIST CHURCH

W. B. Vaughn, Pastor

All the services were good last Sunday. We hope to see them hold up and grow during the Summer. We are expecting a good day next Sunday. Sunday School at 9:45. Preaching at 11 A. M. and 8:15 P. M.

At the evening hour the subject will be "The Second Decisive Battle of the World" This will be the second of a series of sermons on this subject.

The pastor will preach at New Hope Sunday afternoon. The community is invited to be with us in this service.

Friday night, May 31, the young people are giving a banquet at the Methodist church. The money raised is for the purpose of paying expenses of some delegates to the young peoples Assembly at McMurry College next week. The price is 35c. You will get your money worth besides helping the young people. They will appreciate the attendance of anyone.

Miss Winona Peterson, daughter of Mr. and Mrs. Johnny Peterson is a patient in the Perryton hospital.

WAKA BRETHREN

Harley Stump, Pastor
The Advantage of Being A Child
"And the child grew, and waxed strong in spirit, and was in the desert till the day of his showing unto Israel", Luke 1:80.

In the life of every living creature, there has to be a life cycle or metamorphosis, which it has to pass through in order to become an adult. In the Phylum Arthropoda of the animal kingdom, this is very pronounced, each cycle being a distinct creature, which evidently grows with the next cycle, but in the higher animal forms, and in man these stages are not so distinct, the animal or person just gradually growing from the infant stage to the adult. In the case of the man, we have one central name that covers the whole period, that is child, while on the other hand we have several names to correspond with the various ages. These could be named thus: infant, juvenile, youth, adolescent, and adult.

At this time we wish to think in regard to all of these, or about a child. To look back from our adult stage, we can see several different ways in which our childhood was advantageous to us. The greatest of the advantages was that life was free from worry or care. However, if we older people would only remember that it is from the years of three to twenty that all of the life habits and characteristics are formed, we would be more careful of our lives as examples, and make this another advantage to the children. The problems of children are just as serious to them as our problems are to us, except that they do not last as long. They are forgotten more quickly. The child needs our cooperation.

Next Sunday, June 2, is to be our National Children's Day, dedicated to the children of the nation. My only appeal to the parents is that you give your child the advantages he deserves and take him to church on his day. The service at our church shall consist of a sermon, dedicated to the children of the community who can attend. The sermon-subject will be "A Sermon on Spring", and shall be taken from Sol. Song 2:12, "The time of the singing of the birds has come". Let us remember that Jesus told his apostles that the greatest among us were the children. Everyone is urgently invited to attend this service.

Mr. and Mrs. John Apple and son, Duane, spent Sunday in Spearman with her folks, Mr. and Mrs. Pat Neilson.

Mr. and Mrs. A. W. Blue, Mr. and Mrs. W. R. Cayler and Mr. and Mrs. Miles Edwards enjoyed the day Sunday fishing at the Oasis, near Canadian.

Sunday dinner guests in the Luther Wade home were Mr. and Mrs. Fountain Roach, Colorado Springs, and Mr. and Mrs. Curtis Roach.

Mrs. Earl Madden, Spearman, is a patient at the Perryton hospital. Mrs. R. M. Reed R. N., Canadian, is a special nurse for her.

V. S. Dillingham returned to his home in Homestead, Okla., this week. He has been visiting with his daughter, Mrs. Fred Huston and family.

Mrs. Nina Buckland and Dr. G. L. Kengle were visitors in Liberal, Kans. Sunday and her sister, Mrs. Tate Gray accompanied them home for the evening.

Norma Lee and Jean Blue came in Tuesday from Canadian for a few days visit in the home of their brother, A. W. Blue.

Miss Molina Caldwell will leave Thursday for a weeks vacation which she will spend with her sister, Miss Elizabeth Caldwell, a student at C. I. A., and Miss Eugenia Mitchell, Denton. She will also visit friends in Dallas.

Miss Aileen Hamker and Mrs. Wallace Hamker of Lipscomb county, were Perryton shoppers Thursday and visited with friends.
