Commission Orders Probe Of Gas Records In City

Further Probe Being Made In Dalhart Death

Three Members Of Party Are Held For Questioning After Puzzling Death Of Girl At Dalhart Thursday

Find Bloody Knife

Conflicting Stories Are Told By Witnesses; Each States That Victim Took Her Own Life With Weapon

(By The Associated Press)

DALHART, Oct. 29—Two men and a woman, members of the party police say, Juanita Criswell, 20, was with when she was killed here early this morning were being questioned by officials here tonight.

The investigation which had been based on a suicide theory swung into different channels this afternoon when a youth found a bloodsoaked pocket knife in a clump of weeds 200 yards from the apartment house in which Miss Criswell was stabbed to death. Police said the knife had been unidentified.

The three who were held by police tonight maintained the girl committed suicide. All denied ownership of the knife.

Attended A Show

Investigation of the police showed that Miss Criswell attended a show with Lucille Roberts, J. H. Hogan, and Carl Ashlock. Later, police found, they went to Hogan's apartment for dinner.

Miss Roberts told police that "Jaunita said she was going to end it all and reached for a long knife we had used to peel potatoes. I tried to keep her from doing it." Miss Roberts said she grappled with Juanita in an effort to get the knife but failed.

Members of the party were unable to tell police what had happened to the knife used in the stabbing. Miss Criswell had died from knife wounds over the heart.

The coroner's inquest was continued without a verdict being returned.

Chicago Teachers Given Pay Check

CHICAGO, Oct. 29. (AP) — The mails tonight carried one month's pay to Chicago's 18,000 school marms and other employes who keep the school house running. Many of them had not seen a salary check since April.

One month's pay was all the school board, representatives of the city and county governments and civic leaders were able to find in the treasury, so empty because of delayed payment of Cook county taxes since the 1928 reassessment that the city and county have had to pull in their belts.

The financial move that made possible this one month's check resulted from the city's purchase in cash of $4,600,000 in 1931 school tax anticipation warrants. To the teachers the prospect of the one check brought hope of future paydays and back pay-days. The board owes them $17,000,000 of which they accepted $6,000,000 in scrip.

Local Barber Convicted In Court; Given Jail Sentence

S. W. Gilreath, Lubbock barber, was convicted in county court Thursday of striking Alta Mae Galbraith shortly after noon Thursday and was assessed a jail sentence of 30 days and fined $25 and costs by a jury.

The young woman testified Gilreath struck her during an argument ensuing after the man had pulled her into his room at the Cova hotel. S. F. Booker, operator of the hotel, said he struck Gilreath after seeing the barber hit the woman and then ordered the man from the hotel. Gilreath acted as his own attorney.

FROST PREDICTED

First frost of the season was predicted for last night. Frost was expected to be general over the Panhandle-Plains territory, according to forecasts. Thursday's minimum temperature was 40 degrees and the maximum reading was 60 degrees, officials at the state experiment station reported.

Oliver Wendell Holmes' Career Feared Near End

* * *

OLIVER WENDELL HOLMES
Story To Right

Health Of Jurist Is Failing; Absent From Bench

(By The Associated Press)

WASHINGTON, Oct. 29.—Absence of the familiar figure of Justice Oliver Wendell Holmes from the supreme court bench this week has increased fears of his friends that the active career of one of America's greatest jurists may be near an end.

His present illness, an attack of lumbago, is not regarded as serious, but his general physical condition has led to apprehension that the burden of his duties is becoming too great for his strength.

Will Carry On

Regardless, he will go on as long as he can. Ninety in March, he could have retired on full pay long ago. And long ago he ended speculation that he might retire voluntarily by writing a friend that he would go so long as his mind and body permitted.

When he returned from a vacation at the beginning of the present term it was seen that he had lost the last vestige of the military bearing acquired from his service in the union army during the civil war.

Mind Still Clear

That lucid mind, however, still seems clear, even if some of the sparkle which called attention to its play is missing.

Now that new alignment has placed him with the majority for the time being, he takes an even keener zest in his labors than before. Save for servants and a secretary, he lives alone, surrounded by antique furniture, in a red brick house on I street. His wife died a few years ago. There were no children.

Legislature Is Criticized By Tahoka Jurist

Judge G. C. Grider Declares Too Many Laws Are Created And Affairs Of Courts Are Overly Burdensome

(By The Associated Press)

EL PASO, Oct. 29—County Judge G. C. Grider of Lynn county today criticized the legislature for "creating too many laws and heaping burdens on the commissioners' courts."

He was a speaker before the annual convention of the Texas Association of County Judges and county Commissioners here.

"They have passed so many measures a grey hound couldn't jump over the stack," he said. "I would be willing to discuss the proposition of the legislature's taking a recess for four or five years."

Sterling Not Present

Judge Grider's address was moved up to the place on the program reserved for one by Gov. Ross Sterling, last reported somewhere in West Texas en route to El Paso.

Joe Schooler, Fort Worth, told the delegates the Tarrant county commissioners court was building 103 miles of concrete and brick roads which would cost the taxpayers nothing.

"We have reduced the tax rate 7 cents during the last three years," he said. "We are going to give our people 103 miles of new roads without any cost to them."

Amarillo and Galveston sought the next convention.

State Wins First Round In Fight To Conserve Its Gas

AUSTIN, Oct. 29. (AP)—The state today won the first round in its fight to conserve the natural gas supply when it was granted an injunction in Travis county district court restraining the T. M. Deal Oil and Gas company of Amarillo from operating its wells in Hutchinson county in the Panhandle area.

The company had brought suit for injunction to restrain the commission from interfering with the operation of its wells and attacking the constitutionality of the law under which the orders of the commission were issued. The court upheld both the law and the commission's orders.

Domestic Truce For Germany Is Urged By Von Hindenbr

BERLIN, Oct. 29. (AP)—President Paul Von Hindenburg appealed today to the men who rule Germany's industries to drop all partisanship and join in a domestic truce that the nation may weather its economic crisis.

The aged head of the reich voiced his appeal at the first session of the economic advisory council, formed two weeks ago for the purpose of laying down a concerted economic program for the nation. Its twenty-five members include the industrial and commercial powers of Germany.

Amendment To Constitution Of Methodist Church Voted

AUSTIN, Oct. 29. (AP)—An amendment to the constitution of the Methodist Episcopal church, south, proposed by the general conference, was approved today at the opening session of the 73rd annual meeting of the West Texas conference of the denomination.

The amendment would establish a judicial council to pass on all questions of church law now referred to the board of bishops and the commission of appeals. It was approved 185 to three.

Slayers Take Death Calmly

Rodriguez Shrugs Shoulders As Warden Asks Him If He Has Anything To Say; Both Killed Inspector

(By The Associated Press)

HUNTSVILLE, Oct. 30. (Friday) Two Mexican aliens were electrocuted in the state prison here early today for the murder of a border customs inspector last October.

The first to die, Victor Rodriguez, 20, went to his death with a shrug of his shoulders and careless abandon.

He murmured a barely audible: "I am dying unjustly," as the warden asked him if he had anything to say.

Fifteen minutes after Rodriguez entered the chair Nicandro Munoz, 26, followed his companion. Unable to speak English, he addressed the warden in Spanish, "they are going to kill me without my doing anything."

The priest who supported him as he came into the death chamber translated his last words.

When the guards went for Rodriguez, younger of the two, the youth seized Munoz' hand and bade him farewell. The parting was simple—an adios—and that was all.

TASK IS BEGUN

LONDON, Oct. 29. (AP)—Prime Minister Ramsay MacDonald today began the task of selecting the cabinet ministers on whom he will rely in his fight to reestablish complete international confidence in Great Britain's stability and to put the nation's economic house in order.

Belgian Opera Star Pleases Lubbock Audience In Concert Thursday Night

MADAME CLARE CLAIRBERT one of the greatest of coloratura sopranos, and her accompanists Francis de Bourguignon, pianist, and Carl Achatz, flutist, were presented in the auditorium of the Lubbock High school last evening for the opening of the Tech Artist course season 1931-32.

Madame Clairbert, although comparatively unknown to this country, left no doubt in the minds of the thousand music lovers who gathered to hear her sing why she has been chosen to sing at the Chicago Civic Opera in November. Her flute-like voice, combined with blonde beauty and charming personality, made an artist beloved of the audience and an appreciative stillness greeted her numbers, broken only at the close with prolonged applause.

She opened her concert with a selection from her debut opera "Lucia di Lammermoor."

The flute-like quality of Madame Clairbert's voice was best

Radio Broadcast Carded Saturday

The Lubbock-Pampa football game will be broadcast by radio direct from Harvester field Saturday afternoon, according to a telegram received from Pampa yesterday. Station KGRS of Amarillo will provide the sound effects. The broadcast is made possible through the efforts and courtesies of the Pampa Lions club, and will start at 3 o'clock.

A large crowd of high school students, including the pep squad and of Lubbock citizens is expected to be at the Santa Fe station at 8:20 this morning to give the Westerners a rousing send-off. Superintendent M. H. Duncan stated yesterday that students would be given extra time before the first classes provided they were present at the station.

A check of ticket sales last night showed that about 600 reserved seats on the Lubbock side had been taken. Business Manager E. J. Lowrey of the Lubbock high school estimated that between 1,200 and 1,500 fans from Lubbock and the South Plains would make the trip Saturday.

Further Slash In Production Of Oil Talked

Governor Sterling Plans To Take Up More Slack In Oil Fields Of East Texas And Proposes New Idea

(By The Associated Press)

AUSTIN, Oct. 29.—Governor R. S. Sterling, already firmly planted in the saddle as supreme administrator of production in the East Texas oil field, announced today he planned to take up some more slack in an effort to hold the allowable flow to rock bottom.

He expressed favor for some nature of arrangement whereby production would be guaged on an acreage basis rather than alloting each well a daily minimum.

He said he intended to adopt an acreage allowable plan as soon as an equitable one could be worked out and issue a military order making it effective.

To Hold Conference

The governor, as commander in chief of the Texas national guard, was in a position to keep the prolific wells throttled to within a 400,000 barrels daily flow for the field through his martial law authority independent of the state railroad commission, normal-time

Bethlehem Steel Offers A Prod To Returning Normalcy

NEW YORK, Oct. 29. (AP) — A weighty piece of testimony was piled on the heap of evidence of returning confidence in the outlook for industry with the Bethlehem Steel corporation declaration of its 50 cent common dividend today.

Wall street had been inclined to look for an omission, or at least a reduction of the common disbursement, since it was well understood that even the preferred dividend would have to come out of surplus, but the directors unanimously ordered a repetition of the 50-cent payment.

State Rests Case In Trial Of Bouknight On In Houston

HOUSTON, Oct. 29. (AP) — The state rested its case against F. L. Bouknight, on trial for the murder of W. L. Edwards, late today.

Testimony during the afternoon revolved largely about T. P. Lee, wealthy oil man, Republican leader and employer of Bouknight. One state witness, J. W. Roddie of Oklahoma City, testified Lee made threats to "put Edwards where he belonged."

Huge Oil Suit Is Filed By Prominent Wichita Oil Man

MUSKOGEE, Okla., Oct. 29. (AP) Thomas W. Flake, Wichita oil man, brought suit for four fifths interest in 182 acres of producing Seminole leases and approximately $2,000,000 for oil allegedly produced in federal court here today.

Defendants included the Deep Rock and W. H. Wilson and Sons Oil companies, joint producers; fifteen landowners and two lease brokers.

Immigration Patrolman Is Acquitted In Assault Case

SAN JUAN, Tex., Oct. 29. (AP) — Stanley Morton, immigration border patrolman, was acquitted in justice court here today of a charge of assault filed by W. R. Willingham.

Willingham had claimed that the officer forced him into an immigration patrol wagon used for transporting aliens.

Bulk Of Large Edison Estate Given To Sons

Small Bequests Are Made For Four Other Children While Wife Was Provided For Before Death Of Genius

Others Are Named

Value Of Estate Unconfirmed And Estimates Given From $15,000,000 To As High As Almost $50,000,000

(By The Associated Press)

NEWARK, N. J., Oct. 29. — Thomas A. Edison placed on the shoulders of his two last sons responsibility for carrying on his interests and left to them the bulk of the gains that came to him in a lifetime of inventive genius.

Except for small bequests to four other children, three of them by his first marriage, he left his entire estate to Charles and Theodore Edison. The will was filed for probate today.

Named Executors

Charles and Theodore also were named executors, and it was specified that any residue, not otherwise disposed of by the will, was to be given to them to divide among the six children in such proportion and at such time or times as they shall deem judicious.

The inventor explained in the will, signed in February, 1926, that "My dear wife, Mina M. Edison, is already adequately provided for through gifts from me and otherwise."

What was believed to be the largest item of the estate was Mr. Edison's share of the capital stock of Thomas A. Edison, incorporated, holding company for Edison industries. He left this outright to Charles and Theodore to be divided between them share and share alike.

Charles Edison said the corporation has a surplus of more than

Moonshiners Believed To Be Implicated In Three Deaths

TEXARKANA, Ark., Oct. 29. (AP) —Solution of the mystery surrounding the shooting to death of three men in the woods near De Queen was believed to center around the apprehension of a group of men suspected of operating a moonshine still in the vicinity.

Sheriff Charles P. Homan today discovered a 50-gallon still in the woods within a few hundred yards of where the bodies of E. S. Chappell, Springdale farmer, and a younger man were recovered Sunday. Operators of the still were not located. A third body, identified as that of Jack Odell, 18, was found a short distance away.

Advance In Price Of Crude Oil Is Rumored At Tuls

TULSA, Oct. 29. (AP)—Although it was difficult to obtain definite information from any source, rumors were current in midcontinent oil circles tonight that tomorrow or the next day might bring an advance in the price of crude oil.

How great an advance might be expected, if any, could not be learned. Heads of companies here would not permit themselves to be quoted, and were chary of their remarks.

Two Men To Be Arraigned Today For Bank Robbe

TEXARKANA, Ark., Oct. 29. (AP) Gyp Barton, Garland City filling station operator, and J. P. Granthham, Lewisville barber, will be arraigned tomorrow on charges of being accomplices in the Lewisville bank robbery yesterday, Prosecuting Attorney Millard Alford announced tonight.

The two will be arraigned in Lewisville. Grantham was held tonight in Miller county jail while Barton was in the Lewisville jail.

America Tells League It Is Ready For Armament Truce

WASHINGTON, Oct. 29. (AP) — America told the League of Nations tonight it is willing to join in a worldwide truce on armament construction for a year beginning next Sunday.

A note expressing wholehearted approval was addressed to the league at Geneva after a final conference between President Hoover and Secretary Stimson.

German Cancer Specialist Is To Receive Nobel Prize

STOCKHOLM, Sweden, Oct. 29. (AP)—Dr. Otto H. Warburg, German cancer specialist today, was awarded the Nobel prize in medicine for 1931.

Four years ago Dr. Warburg won the Sofie A. Nordhuff-Jung thousand dollar prize for cancer research.

Musicians Of Panhandle And Plains Gather Here

* * *

Delegates Expected To Arrive Tonight For Sessions

WITH about 19 officers and committee chairmen expected here tonight from over the Panhandle and South Plains the annual meeting of seventh district, Texas Federation of Music clubs, will open with an executive board dinner at 7:30 o'clock at 2601 19th street.

Business sessions of the annual convention will start at 9:30 o'clock Saturday morning in the chapel of First Methodist church. There will be a luncheon at 12:30 o'clock at Hotel Lubbock and a tea and fine arts program will follow at 2:30 o'clock in the Hilton hotel.

Many Are Expected

About 96 delegates are expected to attend this annual meeting, according to an announcement made Thursday by Mrs. R. L. Douglas, general chairman of local entertainment.

Mrs. E. B. Graham of Amarillo, president of seventh district, will preside at the meetings. A vice-president will be elected at this meeting. All other officials and most committee chairmen are planning to attend. Members of the Lubbock Music club, of which Mrs. L. J. Von Tungeln is president, are hostesses for the affair. Mrs. C. C. Stinson will represent the society as delegate.

Congressional Waters Will Be Troubled By Oil Heads

WASHINGTON, Oct. 29. (AP)—Oil will trouble congressional waters again next session.

Aroused by failure to obtain a tariff at the last session, the independent producers are planning a no-truce, no-quarter campaign.

Their intention was made known today by Russell B. Brown of Tulsa, secretary of the Independent Petroleum association. He said a $1 a barrell duty on crude oil would be demanded.

Governor Murray Becomes An Author; Book Is Publishec

OKLAHOMA CITY, Oct. 29. (AP) Governor Murray has become an author.

A book of essays and Indian lore, entitled "Pocohontas and Pushmataha," has been published here. The volume is dedicated to his wife.

Clifton To Be Buried Friday

Slaton Farmer Found Fatally Wounded In Field Near His Home Thursday; Accident Is Cause Of Death

(Special To The Avalanche)

SLATON, Oct. 29.—Funeral services for E. C. Clifton, 44-year-old farmer who was found fatally wounded Thursday in a field near his home, five miles north of Slaton, will be held at 3 p. m. Friday. Burial will be in the Slaton cemetery under the direction of Foster Funeral home.

The man was unconscious when found. He was suffering from a shotgun wound above the heart. His left shoulder virtually was torn away.

Death Accidental

Justice of the Peace E. H. Ward ruled that the death was accidental. Chief of Police Tom Abel said. A neighbor said Clifton had told him he was going to a pasture to shoot a hawk. Clifton's single-barrel shotgun, an empty cartridge in its chamber, was near the man who barely was breathing when found by J. W. Palk of Slaton.

A woman living on a nearby farm told Palk, who was en route to Slaton, that something unusual had occurred in the field, and he investigated, Police Chief Abel reported. How the gun could have been discharged accidentally could not be determined, the chief of police said.

Clifton is survived by a widow; three sons, Terry, Gerald and Otis Clifton, and two daughters, Nina and Elmina Clifton, all of the home.

Contest Is To Feature Class Program Today

Eighth Annual Free Cooking School To Close Today With Enlarged Program Given By Christeen Chitwood

Concluding a four-day program, Miss Christeen Chitwood will deliver her final lecture and give her last demonstration today in the eighth annual free cooking school sponsored in Lubbock by the Avalanche-Journal Publishing company. All but a few of the 750 chairs in the Uptown Dance palace were filled Thursday afternoon by women who came to hear her recipes.

This afternoon's program is to open promptly at 2 o'clock to last for about an hour and a half.

One drawing card of the class today is to be the display of cakes and pies that are entered in the baking contest sponsored by the City Parent-Teacher council.

Will Be Judged

Entries of these pastries will be made at the dance palace between 10 and 12:30 o'clock today and the judging will take place before 2 o'clock.

At the close of today's cooking class, these cakes and pies will be for sale and proceeds will go to the Parent-Teacher association here for welfare work. Mrs. H. F. Godeke, president of the city council, and Mrs. B. Sherrod, chairman of the organization finance committee, are in charge of this feature, working with the Great West Mill and Elevator company and the Avalanche-Journal Publishing company.

Any pastries that are not sold before 5 o'clock will be placed on sale at the Sherrod Brothers Hardware store through Saturday.

A general program, such as has

American Legion Officers Take Office Here Thursday

New officers of Allen Brothers post, American Legion, who were elected two weeks ago, were inducted Thursday night at the local unit's semi-monthly meeting.

Officials formally taking office were: Ben Kucera, commander, succeeding Glen Hess; Louis Murfee, first vice commander; Walter H. Wright, second vice commander; C. E. Luce, third vice commander; A. M. Scott, adjutant (reelected); W. L. Bradshaw, finance officer; Daniel L. Blair, service officer; Glen Hess, historian; W. H. Waln, sergeant-at-arms; Rev. J. D. Welch, chaplain, and Alex McDonald, mess officer.

FARMER INJURED

TAYLOR, Oct. 29. (AP) — Fred Stern, a farmer, was severely injured today when he fell from a load of hay, landing under the hoofs of the mule team drawing the wagon. He was battered and dragged for several hundred yards by the frightened animals.

Investigation To Determine Future Moves

City Accountant Will Examine Books And Allied Records; Company Invites A Separate Audit Of Property

May Go To Court

Proposed Ordinance Would Fix Gas Rate In City At A Low Of 55 Cents Per Thousand; Figures Presented

NOT satisfied with figures purporting to show that Lubbock's natural gas rate is fair, the City commission Thursday afternoon ordered D. D. Martin, City accountant, to begin immediately a preliminary investigation of books and allied records of the West Texas Gas company and the South Plains Pipe Line company here.

The decision followed a two-hour conference at the City hall, at which C. C. Crenshaw, counsel for the utilities, read a prepared reply to the commission's order to show why gas rates should not be reduced here, and then answered questions by City Attorney E. L. Klett, Mayor J. J. Clements, and several commissioners.

To Resort To Courts

Court procedure will be resorted to by the gas interests if the City commission rules that gas rates here must be cut, Crenshaw read. Prior to Thursday's conference, a city ordinance had been proposed which would fix the maximum domestic rate at 55 cents a thousand cubic feet, as compared to prevailing charges of 67 1-2 cents a thousand for the first 6,000 cubic feet and 57 1-2 cents a thousand for 6,000 to 50,000 cubic feet.

The nature of City Accountant Martin's findings will determine whether the City will have made an audit and appraisal of the companies' books and properties, the commission indicated. The utilities invited a separate audit of their books. A New York firm now is auditing and appraising for the companies, Crenshaw said.

Commissioners Ponder

City Attorney Klett said Martin's inquiry would be principally to learn if "entries are correctly identified" in the report of the gas company to the commission.

After Crenshaw had left City hall, accompanied by George W. Dupree, also an attorney for the utilities, R. F. Hinchey, vice president of the West Texas Gas company, the commissioners pondered for nearly an hour. After Crenshaw had presented a skeletonized resume, operations of the gas and pipeline companies were discussed, and hypothetical

Accident Causes Loss Of An Arm

Alvin Cook, 38, employe of the Texas Cotton Growers gin, at 101 Thirteenth street, was severely injured at 11 o'clock Thursday night when his left hand and arm became caught in a gin stand. Saws in the stand mangled the member, necessitating the amputation of the hand and part of the forearm, attending physicians at the West Texas hospital reported.

Cook and a fellow worker, C. C. Shuford, were cleaning out the seed conveyor at the stands when the accident occurred. Shuford and another employe attempted to disentagle the injured workman from the saws, but were unsuccessful until the gin machinery had been stopped. Cook was rushed to the West Texas hospital for treatment.

"Old Monarch's Week" Observed Here By Local Lions; Dalrymple Honored

"OLD MONARCH'S" week of Lions International was observed here Thursday night by the Lubbock Lions club by a dinner program at Hilton hotel. Fifty-two members of the organization and guests attended.

Judge E. L. Pitts, president of the club, presided as toastmaster. Rev. J. O. Haymes talked on the subject, "Old Monarch's Week." He related the work and the development of the international organization. Each member who has entered in the spirit of Lionism has gained much which aids him in his every day life, the speaker said.

C. A. Sanford, in discussing "Business Confidences," told his audience he had been through several depressions during his lifetime, and that all such depressions had disappeared in time. He predicted that business soon would experience a recovery. A humorous talk was made by W. D. Girand,

Miss M. Weeks Is To Preside

District Teachers, Others To Gather Here For Luncheon; Twenty-Five Reservations Have Been Made

Home economics workers of this district who gather Saturday at 12:30 o'clock at the Hilton hotel for a luncheon will hear a program on three phases of their profession. These are home economics from the standpoint of a demonstration agent, from that of a teacher and from that of homemaker.

Miss Margaret Weeks, dean of the school of home economics at Texas Technological college, is district chairman.

Miss Myrtle Murray, College Station, district home demonstration agent, is to discuss her work; Miss Sybil Thomas, district supervisor of homemaking, Lubbock school, will tell of the work of the teacher and Mesdames W. L. Bradshaw and A. H. Leidigh will dicuss home economics from the viewpoint of a homemaker.

Twenty-five reservations have been made for the luncheon Saturday, Miss Weeks said Thursday night. She is expecting others.

This meeting is fostered by the Texas Home Economics association. Included in the district are the following counties; Garza, Lynn, Terry, Lamb, Hale, Floyd, Bailey, Hockley, Crosby, Dickens and Lubbock.

The group in attendance will be clude home economics teachers, home makers and others who have had training in home economics, home economics women in business, home demonstration agents and home economics trainers.

Two From Lubbock Wed Wednesday

Miss Pauline Crawford and C. Wayne Hand were married in Clovis, N. M., Wednesday morning by a justice of the peace and returned to Lubbock Wednesday night to make their home here.

For the last four years Mrs. Hand has been living with her sister, Mrs. Mattie Luster, 1921 Texas avenue. She is the daughter of W. W. Crawford of Daingerfield.

Mr. Hand has been in Lubbock for about ten years. He is assistant manager of the Lydick Roofing company.

Operating Plans Of Credit Corporation Are Explained

AMARILLO, Oct. 29. (AP)—Operating plans of the National Credit corporation were being outlined to Amarillo bankers today by Nathan Adams of Dallas, director of the corporation for the eleventh federal reserve district.

Individual banks are asked to subscribe to the corporation's funds, Adams explained, on the basis of 2 per cent of their deposits, or 10 per cent of their capital stock and surplus.

Loans will be made to banks by the corporation for one year, he said, with additional time given banks if needed. He said the plan would enable banks to carry "sound paper" until such time when they could liquidate without hardship to the borrower or the bank.

Among local bankers in conference with Adams was W. H. Fuqua.

Today's Events

Members of the Thursday Bridge club and their husbands are to be guests for a bridge party in the home of Mr. and Mrs. I. F. Kennedy, 1618 8th street, at 7:30 o'clock.

The Eunelian class of the First Baptist church is to meet for a monthly party in the home of Mrs. B. G. Williamson, 820 Avenue M, at 3 o'clock. Joint hostesses with Mrs. Williamson are Mesdames W. E. Lyle, Mary K. Gulledge and Paul Reed.

Mrs. Wallie Schmid, 2006 20th street, is to entertain with a bridge-luncheon at one o'clock in her home for members of the Kil Kare club.

The Nazarene Women's society is to meet at one o'clock at the church to quilt. Mrs. A. F. Cook will lead a devotional lesson.

Young people of the Broadway Church of Christ are to attend a party at the church tonight at 8 o'clock.

Students in the class taught by Mrs. William Dingus will attend a Hallowe'en party tonight at 7:30 o'clock at the church.

Rev. and Mrs. J. O. Haymes are to be hosts to stewards of the First Methodist church and their wives with a party in the church parlors.

Tech Club Has Social Season

Members Of Amarillo Club Meet In Party Hour And For Election; Hallowe'en Is Featured

An election of officers was conducted Wednesday evening when members of the Tech-Amarillo club were entertained with a Hallowe'en party in the home of Mr. and Mrs. M. H. Duncan, 2205 16th street. Courtney Harris was elected president; Jay Timmons, vice-president; Mildred Price, secretary-treasurer, and Joe Taylor, reporter.

Those who assisted Mrs. Duncan in entertaining were in appropriate costume. Ghosts met the guests at the door and entertainment throughout the evening was in the Hallowe'en spirit.

Mrs. H. A. Welmaker posed as a witch and had the guests jump over a broom stick. Miss Harriet Tilden was a fortune teller and Miss Josephine Welmaker, dressed as a clown, passed the refreshments. Miss Mary Whalen was another who assisted in the entertaining. About 24 attended.

A stunt committee, composed of Juanita Pool, Mildred Price, Joe Taylor, and Homer Duncan, prepared a program. Jay Timmons won a prize in story telling.

Others present were Misses Erma Ruth Bennett, Ermalie Bomar, Phyllis Pool, Pauline Hawthorne, Hazel Price, Lola Thompson, Messrs. Alan Welmaker, Homer Duncan, R. P. Roberts, Ford Benham and Milo Puranbend.

J. T. Boyd, Lubbock county auditor, is ill at his home, 1905 Avenue R, with influenza and ptomaine poisoning.

Bridge Played At Club Party

Mrs. I. F. Kennedy Is Hostess In Her Home To Thursday Bridge Club Members And Several Guests

Mrs. I. F. Kennedy, 1618 8th street, was gracious hostess to members of the Thursday Bridge club yesterday afternoon in her home.

The Hallowe'en theme was used in decorations and bridge appointments.

Mrs. Joe Telford made high score for members; Mrs. Bill Watson made high for guests and high cut was made by Mrs. K. M. Renner.

Guests were Mesdames Dewey McClellan, Ray Henson, W. G. T. Robertson, R. E. Dick, T. C. Meinecke, Telford, L. A. Howard, W. H. Wright, Watson, C. M. Traylor, George Brewer, Herbert Stubbs, Roy Purr, Renner, J. B. Galland and Earl McKinney.

Mrs. Fred Owens Entertains For Needle Club Wednesday

Members of the Loyal Sisters Needle club were entertained by Mrs. Fred A. Owens Wednesday at her home in the Morningside addition. Quilting was the diversion. Guests were Mesdames C. A. Paulger, E. F. Huff, R. E. Swain, W. G. Lofland, M B. Cross, Mike Fry, Ralph Moore, J. G. Oslin and John R. Hall.

Boys And Girls Being Kept On Farms Through Club Work

AMARILLO, Oct. 29. (AP)—Speakers told farm and home demonstration agents of the Panhandle in annual session here today that 4-H club work was keeping boys and girls on the farm.

M. T. Payne of College Station, director of club work in Texas, said that a tendency which prevailed several years ago on the part of parents to hope for the time when their children could leave the farm to pursue other vocations had been changed by the club programs.

The agents will be given a demonstration in the killing and cutting of meat for the farm. Eleven beeves have been provided for the demonstration. The home demonstration agents will can the meat for charity.

Wallpaper that is fadeless, washable, and very lasting, has been made from glass by a German inventor.

SWIFTEST, EASIEST WAY TO END BILIOUS SPELL

When you neglect those first symptoms of constipation — bad breath, coated tongue, listlessness, the whole system soon suffers. Appetite lags. Digestion slows up. You become headachy, dizzy, bilious.

It's easy to correct sluggish bowel action! Take a candy Cascaret tonight. See how quickly—and pleasantly—the bowels are activiated. All the souring waste is gently propelled from the system. Regular and complete bowel action is restored.

Cascarets are made from pure cascara, a substance which doctors agree actually strengthens bowel muscles. All drug stores have Cascarets. 10c.—Adv.

Personals

Mr. and Mrs. N. S. McBride have returned from a visit to Carlsbad and other points in New Mexico.

Mrs. Ruby Spikker and son, Don, are visiting in Plainview through the week-end.

Girls Auxiliary Meets For Program In W. H. Trice Home

A program on "Sailing a State Mission Ship" was heard Wednesday afternoon when members of the First Baptist Girls' auxiliary met in the home of Mr. and Mrs. W. H. Trice, 1921 16th street. The president, Marian Rogers, presided. Melba Dawn Pearson led the devotional and Mrs. G. M. Pearson, leader, assisted.

One new member, Gladys Barker, was received. Mary Ellen Boyd was a visitor. Members attending were Lucille Carter, Helen Zeh, Georgia Knight, Eudora Trice and Ravenel Blackburn.

Evening Party Is Courtesy To Johnie Bowen, Brownwood

Mrs. J. F. Landess entertained Tuesday evening at her home at 1701 Texas avenue as a courtesy to her nephew, Johnie Bowen, Brownwood, who formerly lived here.

Games and refreshments were enjoyed by Ilene Upton, Thelma Houston, Ardelle and Montrue Ragland, Bessie Hargraves, Cleo and George Glaze, Doy Nichols, Nell Delavan, John and Brock Landess and Wilmar Jenkins.

Great Britain and Japan are said to be the greatest foreign inventors in China, their investments being about five times those of the U. S. In Turkey, there are thousands of women working in tobacco and silk factories for 25 and 30 cents a day.

Two Entertain For Club Here

Roses Are Decorations When Members Of The Wednesday Needle Club Meet In Fete At Duggan Home

Mesdames T. B. Duggan and H. A. Davidson were hostesses to the Wednesday Needle club in the home of the former at 1704 Avenue X this week. Roses were used as decorations.

Guests were Mesdames C. J. Wagner, S. C. Wilson, L. C. Ellis, M. B. Hilburn, Roscoe Wilson, T. W. Thomas, J. L. Ratliff, W. B. Atkins, Rozella Rushing, R. M. Chitwood, J. H. Goodman, C. M. Ballenger, Fred Litton, E. L. Klett, Jot Smyth, and F. M. Maddox. Visitors were Mrs. Eliza Anderson, Mrs. George Anderson and Mrs. Roland Smith, the latter of Fort Wayne, Ind.

Suit For $470 Damages Is Filed Following Accident

Suit for $470 damages was filed in county court Thursday by Lee Graves of Lubbock against Martin Baking company as the result of an automobile-truck accident here last August 29. Graves' petition alleges Walter J. Simmons, driver of the baking company's truck, was responsible for the accident at Avenue E and Seventh street.

Before the collision the cash market value of the automobile was $500 and after the crash, the car was sold for $30, according to the petition.

J. R. Stockstill, who was riding in the automobile at the time of the mishap, recently filed suit in district court against the baking company for $17,500 actual damages for alleged permanent disability resulting from injuries suffered in the crash.

Nearly 20,000 deer were killed in New Zealand in the last 12 months.

Silver-tinted grease-paint is becoming popular for adorning the rims of the eyes in Paris. The new fade is for evening dress only.

Crash Reveals An Engagement

Woman Tours Europe While Her Prospective Husband Uses Her Plane; Announcement Is Made After Wreck

NEW YORK, Oct. 29. (AP) — The crash of Miss Alicia Patterson's airplane near South Bend, Ind., yesterday while it was being piloted by Joseph W. Brooks of New York led today to the revelation that Miss Patterson and Brooks are engaged and are to be married this winter.

Miss Patterson is touring Europe in company with Mrs. Alton A. Brody, daughter of Irvin S. Cobb. Brooks has been using her plane while she is away. He was bound for New York from Chicago yesterday when he was forced down by motor failure near Notre Dame university. A gust of wind tossed the plane against a tree as he landed and the craft caught fire. Brooks was hurt slightly.

The circumstance of Brooks piloting Miss Patterson's plane led to inquiries which were followed early today by announcement in the New York Daily News—published by Joseph Medill Patterson, the young woman's father—of the engagement.

Miss Patterson and James Simpson, jr., son of the president of Marshall Field and company of Chicago, were divorced last year.

Miss Patterson and Brooks met at Roosevelt Field, L. I. finding a mutual interest in aviation.

POISON
in Your bowels!

Poisons absorbed into the system from souring waste in the bowels, cause that dull, headachy, sluggish, bilious condition; coat the tongue; foul the breath; sap energy, strength and nerve-force. A little of Dr. Caldwell's Syrup Pepsin will clear up trouble like that, gently, harmlessly, in a hurry. The difference it will make in your feelings over night will prove its merit to you.

Dr. Caldwell studied constipation for over forty-seven years. This long experience enabled him to make his prescription just what men, women, old people and children need to make their bowels help themselves. Its natural, mild, thorough action and its pleasant taste commend it to everyone. That's why "Dr. Caldwell's Syrup Pepsin," as it is called, is the most popular laxative drugstores sell.

SYRUP PEPSIN
A Doctor's Family Laxative

Damage Suit Set For Trial Monday

AUSTIN, Oct. 29. (AP)—A siut for $200,000 damages for the death of W. W. Warner, advance agent for Roxy's Gang, a New York theatrical troupe, who was killed in a bus accident last February 3 on the Austin-Houston highway, has been set for trial in United States district court Monday.

Mrs. Sylvia Sheer Warner and Mrs. W. W. Warner, widow and mother of the victim, are plaintiffs and the Kerrville Bus company, inc., W. C. Dunks of McDade and the American Fidelity and Casualty company of Richmond, Va., are defendents.

Warner was killed when the bus collided with a truck owned by Dunks. Warner was the only fatality, but a number of University of Texas students and others, passengers on the bus, were injured. The accident happened near Brenham.

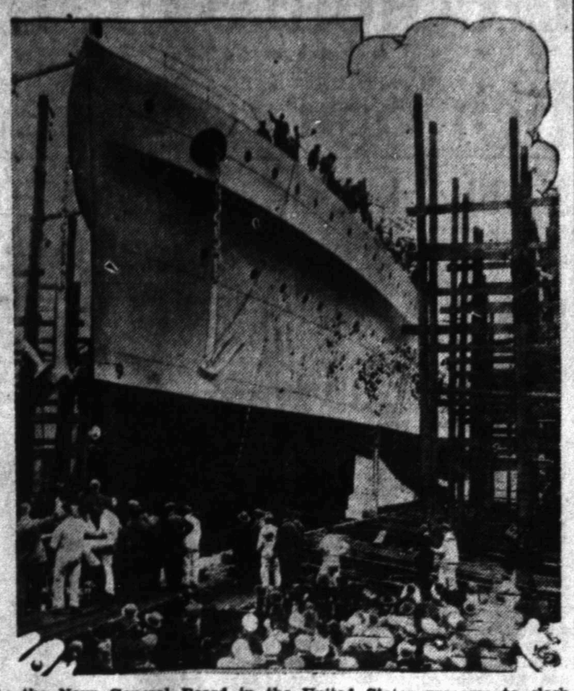

BOAZ PRESIDES

BONHAM, Oct. 29. (AP) — Bishop H. A. Boaz presided at the North Texas convention of the Methodist Episcopal church, south, here today.

Ministers and laymen representing the entire district were present. Large delegations represented Dallas, Fort Worth, Paris, Henrietta and other cities. The conference will continue through Sunday.

Two scientists of California Institute of Technology have invented unbreakable mirrors that roll up like curtains.

Britain Builds; U. S. Cuts

As the Navy General Board in the United States prepares to slash further building of warships in compliance with orders from President Hoover, the newest cruiser of the British fleet, H. M. S. Leander (above), was launched at Davenport, England. Mrs. A. V. Alexander, wife of the former First Lord of the Admiralty, christened the ship just before it slipped triumphantly down the ways.

Murray Praises His Own Policy

SHAWNEE, Okla., Oct. 29. (AP)—Governor W. H. Murray looks on thousands of little farms in Oklahoma as a means of economic salvation for the state.

In the second of a series of speeches to mass the people behind his "firebells" reform program, he told an audience of approximately 3,000 persons here last night that his seven proposed measures would make life on small farms more pleasant and profitable and would place the burden of taxes on large corporations and others he claimed were more able to pay.

He again lashed corporations and legislators who refused to pass his measures during the last legislature. Picturing himself as one who "sits guarding the people's rights," he said: "The savages of civilization are more dangerous than the savages of the plains."

Governor Murray compared his seven measures with a group insurance policy, explaining how they interlocked—aiding school children, owners of small homes, and jobless men who need work to support their families.

Hotel Wooten Is To Go Under Operation Of Baker System

ABILENE, Oct. 29. (AP)—The Hotel Wooten, Abilene's loftiest structure, will be Baker-operated beginning November 1, it was announced today by H. O. Wooten, owner of the property, and F. J. Baker, operating vice-president of the Baker group of Texas hotels. The deal was made on a lease basis, it was announced.

Other Baker-operated hotels in Texas are in Dallas, Fort Worth, Mineral Wells, Austin, San Antonio, Port Arthur and Temple.

The Wooten, 18 stories high, was completed in June of 1930.

New York City schools number 1,100,000 pupils and 36,000 teachers.

Temple Vicinity Shaken By Blast

TEMPLE, Oct. 29. (AP)—A violent, explosive noise, which shook windows and buildings at Temple and Belton last night, was believed to have been caused by the bursting of a meteor. The noise was heard at Granger, 25 miles from Temple.

Two railroad workers reported seeing what appeared to have been a meteor flash across the sky south of Temple nd then burst into fragments. A fraction of a second later the explosion-like sound was heard.

Investigators were searching today for pieces of the meteor which were believed to have fallen in the vicinity.

ACCORD REACHED

MEXICO CITY, Oct. 29. (AP) — An accord between the company and striking employees of El Universal, morning daily, was reached today and publication will be resumed Friday morning on a fifteen-day trial basis. The paper was suspended by a strike last night.

Wireless telegraph service has been established between Buenos Aires and Chilean cities and with Spain.

How Good Doctors Treat Bad Colds

Medical writers agree that the important point in the treatment of a cold, or cough due to a cold, is to relieve the congestion in the nose and throat, thereby preventing serious complications which may follow a neglected cold. To stop this congestion calomel was the accepted and standard remedy until Calotabs, the improved calomel compound tablet was introduced.

Now that science has robbed calomel of its nausea and danger, making it pleasant to take and perfectly safe for general use, over forty million Calotabs are consumed in the U. S. yearly with only the most pleasant and satisfactory results.

In millions of homes Calotabs have proven their superiority in the prompt relief of colds and coughs due to colds.

One or two Calotabs at bed-time with a glass of sweet milk or water. No salts necessary. No nausea nor the slightest interference with your eating, work or pleasure. Next morning the congestion has subsided, your cold or cough is relieved, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish,—no danger.

Get a family package of Calotabs, containing full directions, only thirty-five cents. Trial size, ten cents. At any drug store.—Adv.

'In All The World There's No Greater Blessing'

Says Miss Chitwood

"Than The Health Protection That Pasteurization Gives To Milk"

"It is a positive fact that PASTEURIZATION OF MILK protects the health of individuals. It is a 100 per cent guarantee against typhoid fever or undulant fever germs, often found lurking in raw milk. Pasteurization destroys none of the qualities of milk, and is a blessing to humanity."

Bell Ice Cream Co.

Two Convicted In Fraudulent Deals

CHICAGO, Oct. 29. (AP)—Clyde L. Worthington and Mrs. Eleanor Freburger, his office manager, were convicted in federal court late yesterday of using the mails to defraud a score of Chicago women out of almost $150,000 in fraudulent land deals.

Sentence was deferred until after arguments were heard today for a new trial. Worthington was convicted on six counts of the indictment and Mrs. Freiburger on three.

Worthington, known as the "fig land promoter," was arrested May 30, 1930, but indictments voted against him were quashed. He was reindicted later.

Witnesses testified he showed them maps of Michigan, Florida, Texas and Wisconsin, declaring he needed money to complete real estate promotions there and proposing to pay them 16 per cent for their investments.

Strict Justice Is Promised Catholics By New Minister

MEXICO CITY, Oct. 29. (AP) — Strict justice and compliance with the law was guaranteed to Catholics in a statement today by Manuel C. Tellez, new minister of the interior.

Asked regarding allegations by Catholic groups that they have been mistreated in some states, the secretary said it was his purpose to see that the religious laws were complied with and that the Catholics receive justice.

He denied there is any concerted protest of Catholics approaching a serious movement.

Mexicans Are Warned Not To Exchange Money At Border

MEXICO CITY, Oct. 29. (AP)—The foreign office today notified American border consuls to warn Mexicans returning to Mexico not to change their dollar into pesos on the American side because Mexican law forbids the importation of silver.

It has been learned here that Mexicans returning to their country because of shortage of work in the United States recently have been the victims of the law and after changing their money into pesos had to return to the United States and buy dollars, losing on the double exchange.

In England and Wales, the cost of educating a pupil in the elementary schools has risen in the last few years from $23.75 to $65 a year.

Jug Has Been Juggled

Has Anybody Seen The Little Brown Jug?

And Michigan Wants It

(By The Associated Press)

ANN ARBOR, Mich., Oct. 29.—Honest, says Phil Pack, publicity director of the University of Michigan athletic association, the little Brown Jug — victor's prize for 28 years in football games between Michigan and Minnesota—has been pilfered.

Mr. Pack, who has been the jug's guardian several years, emphatically denied the jug had been juggled.

"Honest," said Mr. Pack, beset today by a score of student questioner's "somebody's made away with one of our traditions. I personally put that jug on the trophy case in the athletic building. I wanted the boys to put a lock on it, but they didn't. And now I'm held responsible."

Holds Campus Attention

Michigan's jug mystery held campus attention today, after the report of its disappearance yesterday almost caused a panic. For several years it has remained on the trophy case at Michigan, and in other years it reposed in Minnesota's athletic halls, always carefully guarded.

Practical jokers have beset Mr. Pack, reporting the find in various locations on the campus. Last night it was reported the trophy had been found, but the crockery proved just another poor imitation.

Looks For Missing Jug

Mr. Pack prowled around in a cider mill today, looking for clues. He found a lot of jugs. Answering reports that Oscar Munson, athletic equipment custodian at Minnesota, who started the tradition in 1903, is confident he could find the jug, Mr. Pack said:

"If Oscar thinks he can find that jug, he's welcome to come down here and try it. He found it in 1903 and he might find it again. I don't think he can. Not by a jugful."

Munson started all this jug business by locating a Michigan water jug in a Minnesota locker room after the 1903 game. When Michigan trainers wired for its return, Munson replied: "Win it back."

Grid Rules Men Would Oppose Elimination Of Kick-Off Play

Plan To Abolish Play Whereby Sheridan Was Killed Meets With Disapproval; "No More Dangerous Than Others"

BY FOSTER HAILEY
Associated Press Sports Writer

NEW YORK, Oct. 29—Any movement to abolish the kickoff in football, a play to which attention has been drawn by the fatal injury of Cadet Richard B. Sheridan, Jr., in the Army-Yale game, apparently will find little favor with members of the football rules committee.

Six of the nine members of the committee were reached today by the Associated Press for comment on whether they favored abolishment or alteration of the present rule which puts the ball in play by a kickoff at the beginning of the first and third quarters and following each goal or touchdown. Four favored its retention.

T. A. D. Jones, former Yale coach who saw the game in which Sheridan was injured, said he would prefer not to comment until he could gain a "more sane" perspective. E. K. Hall, chairman of the committee, declined to comment.

Wedge Is Dangerous

It has been argued the play is the most dangerous in the game, permitting formation of the banned "flying wedge," such a group of interference as Sheridan tried to break up in an effort which cost his life.

"Doing away with the kickoff would not stop injuries in football," said Amos Alonzo Stagg, veteran coach of Chicago, who added that the same logic behind the demand for its abolishment "would also ban a punt."

Is Spectacular Play

H. J. Stegeman, of the University of Georgia, called the play one of the most spectacular of the game and said he believed it resulted in no more injuries than other formations.

One criticism of the plan came from George Owen, former star at Harvard, who told the Boston Herald he remembered a game in which three men, including himself, were hurt in runbacks of kickoffs.

Jockey Melvin Lewis recently rode three winners in the first four races of a Fairmount card.

Class B Title To Be Decided In Lamesa-Brownfield Battle

LAMESA, Oct. 29. (Special)—Interest is being manifested in the Brownfield-Lamesa football game scheduled for Friday here, at which time championship of the southwest division District Two Class B will be decided. Efforts of business men through the Lamesa Luncheon club and the Lions club are being made to close the town for the game, and hundreds of fans are expected to attend.

The winner of this game is predicted to become the District champion. Lamesa has been able to go to the finals every year in this district, and was defeated last year by Brownfield by a top score of 40 to 0.

Information received here this week is to the effect that Brownfield will turn out en masse for the game.

Both clubs are in good condition, in the final periods of training for the game. The Lamesa club is a much lighter club than the Brownfield.

Mustangs In Hard Workout As Preparation For Longhorns

DALLAS, Oct. 29, (AP)—Practicing in ideal football weather today, the Southern Methodist Mustangs worked hard and long to perfect a defense for Saturday's game against the University of Texas.

Coach Ray Morrison lined up his regulars and then sent freshmen against them equipped with Texas plays. The dummy scrimmage gave the Mustangs some idea of the offense formations they will have to stop against Texas.

POST MEETS DICKENS

POST, Oct. 29. (Special.) —Coach Emmons has sent his team through a grinding workout each afternoon of the past week in preparation for the first conference game, which is to be played with Dickens here Friday. The boys are making a very good showing and the game Friday should be an interesting one, as the team will be fairly evenly matched. Judging from the type of work exhibited on the field for the last few days it is safe to predict that Post will make a strong bid for quadrant honors in this district.

Football A B C's

Lateral Passes Are Really Backward Passes, And May Be Thrown By Any Player

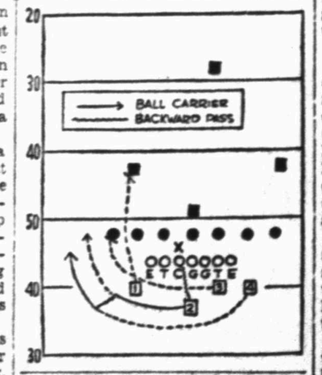

THEY'LL continue to call 'em lateral passes, probably, but there is no mention of one in the rules and regulations that govern football. Literally, they either are backward passes or forward passes, with no such thing as a lateral toss.

The backward pass is not a new thing in football, although it has been popularized only in the last few years. One usually associates backward passes with Pop Warner's double wingback, unbalanced line system, but it happens that Notre Dame's shifting teams have successfully employed an assortment of backward passes for several years.

The accompanying diagram shows a backward pass from a Warner formation. The right wingback, No. 4 in the diagram, takes a toss from No. 2, the fullback. No. 4 back may be in motion toward his own goal even before the ball is snapped from center.

The name implies all that a backward pass is. A player may pass, hand or throw the ball in any direction save toward his opponents' goal and any other player of his team may catch it, or recover it if fumbled, and advance it by running, kicking or passing it backward.

The ball is dead at the point of recovery if an opponent recovers a fumbled backward pass. However, if he recovers it before the ball touches the ground—that is, intercepts it cleanly—he may advance it.

If the backward pass is fumbled and goes out of bounds between the goal lines, it belongs to the team whose player last touched it in the field of play or end zone at the point where it crossed the sideline.

TOMORROW: Reverse Plays.

Matadors Show Cheerful Mood End First Hop

Bus Deposits Hungry Squad On Streets Of Abilene; Trip To Waco And Baylor Game Continues To Itasca Today

(Special to the Avalanche)

ABILENE, Oct. 27. — A huge, brightly-colored and well-loaded motor bus drove up to the entrance of a leading hotel here early tonight and from it poured a stream of more or less nattily dressed men. Thirty-two typical collegians bounced out and off the big machine, stretched a couple of times and let out a chorus that sounded like, "Windy we eat?" and they weren't discussing the weather, either.

It should be said that thirty of the men looked like typical collegians. Two of them boarded the sidewalks with the air and mien of attacked importance. They were Peter Willis Cawthon, known over the southwest by friends and foes alike as plain "Pete," and Russell T. Smith, who goes by the name of "Dutchey." Their companions were college boys all right but not the ordinary corner drug store variety. Tall and hard and husky they were, Matadors of Texas Tech college at Lubbock, on their way to Waco to meet Baylor University's Golden Bears in a gridiron contest.

Apparently in high spirit, regardless of the long afternoon ride from the "Hub of the Plains," these gridiron warriors of Coaches Cawthon and Smith, together with Student Manager Hugh "Bo" Williams who came along to wrap ankles, wrists and otherwise care for his charges, were told that the evening repast would be ready for devouring within a short time. Some of them pounded the pavement in further limbering up exercises while others sought solace within the confines of hotel rooms, reserved in advance. They spend the night here before continuing further into Central Texas tomorrow.

Two On Top

As noted above, these athletes from Texas Tech poured out and "off" the big vehicle which carries Tech's teams over the country this year for the first time, and by "off" is meant nothing more nor less. It appears that two members of the Tech Matador squad failed to hear their names called when their coaches designated the men to make the trip. Nothing daunted, they asked permission to "hitch-hike" to Waco. When the bus left Lubbock yesterday two smiling gridsters were perched on top of the bus. They were still there when the troup reached this way-station, wrapped in sea-jackets and woolens.

A workout was not scheduled at Abilene. The Matadors leave early in the morning for Itasca where they practice on the Itasca High school field before running into Hillsboro to spend the night. They plan to nvade the stately precincts of Waco Saturday morning.

"Just how badly do you intend to beat Baylor Saturday," Coach Cawthon was asked.

"Now, back up a little," Mister Pete suggested. "We'll do well to hold them to anything under fifty points, because Baylor has a much better team than most of you scribes give her credit for having. They have perfected a pass attack down there that can go great guns, and if they'd had more reserve power they'd have beaten A. and M. last Saturday. With Raymond Alford from Beaumont and your own Esco Walters throwing the passes and a couple of fast ends break— . . ."

What About Tech?

"Hey, not so fast. How about your own team. That's what us folks in West Texas are interested in. Tell us about the Matadors."

"Well, we're going down there hoping to give the Bears an old-fashioned licking. We've worked hard for the game and we're going to do some tall scrapping. We're liable to cut loose with a few passes ourselves, but don't tell anybody. We've got a pretty fair team, even if you didn't know it. Beat the Colorado School of Mines, 45 to 0, last Friday night, but they didn't give us much trouble. Don't spik of the Haskell game, pliz.

To Start Shockers

"We've got a pretty fair passer," continued Pete, "in Harold Crites, fullback, and a couple of good receivers in Price and Hitchcock at ends, not to speak of O'Leary, France and Close in the backfield. I expect to start the 'shock troops,' or the second team against Baylor and send in the regulars at the second quarter."

Pete was started and hard to stop, and Line Coach Dutchey Smith added a good bit, though Dutchey was a bit more pessimistic, like a high school mentor with the best team in the state.

It was not long until the tables were spread and it looked like a bunch of starving Armenians in a cafeteria for the next forty-five minutes.

"Fat girls" and "lean girls" played a baseball game at Amarillo, Tex., for benefit of a church fund.

Bennie Boggess, amateur golf champion of Kansas City, Kas., has joined the professional ranks.

Darna Ostopavich, giant Lithuanian mat artist, suffered a brain concussion in a recent match with Ed Lewis, but recuperated.

Lubbock-Pampa Game Holds Spotlight Of Interscholastic League This Week

Class A Standings Announced For Present Date

BY BILL PARKER
Associated Press Sports Writer

DALLAS, Oct. 29. — The second and third Texas Interscholastic League football headliners will be played this week. The first was when the Pampa Harvesters scored a 13 to 6 victory over Amarillo in District One.

Pampa is to the front again this week. The Harvesters will battle the undefeated Lubbock Westerners at Pampa next Saturday. If Pampa should emerge victorious, it will virtually win the District One championship, since Slaton and Plainview are not reputed to be strong. Should Lubbock win, it will put Amarillo back into the district race since the Golden Sandies have yet to play Lubbock.

The scond headliner this week will be at Dallas where the Highland Park Highlanders and Woodrow Wilson Wildcats are scheduled for a District Six combat Friday night. These two aggregations are tied with the Oak Cliff Leopards for first place with two victories each. The Highlanders and their Notre Dame shift are slight favorites. It promises to be one of the hardest fought scholastic games this year.

Corsicana Meets Waco

The Corsicana Tigers of District Nine, an outstanding contender for this year's state title, will battle the Waco Tigers. Corsicana is one of the leading scoring teams in the country, high school or college, having scored 348 points in six games.

"Old Roman" Is Buried As Crowd Is Told Comiskey Died Of Broken Heart As Result Of World Series Scandal

CHICAGO, Oct. 29. (AP) — They buried Charles A. Comiskey, the beloved "Old Roman" of baseball, on this bleak autumn day as the sports world mourned the passing of the most pictuesque figure the game ever knew.

Sorrowing hundreds sat in hushed tribute in the St. Thomas Apostle Roman Catholic church, the edifice in which he worshipped, and then followed him to his grave in Calvary cemetery.

More than two hundred automobiles carried the mourners in one of Chicago's largest and most impressive funerals.

Eyes were moist as the Rev. Fr. James Leddy told the mourners that Comiskey died of a broken heart, and a broken spirit, because the ball players who threw the 1919 World Series betrayed their trust and those whom he thought loyal turned their backs on him.

"The edifice which he had built up through the years of endeavor, in a few days was torn down in a heap of ruins at his feet," The Rev. Leddy said. "Do you wonder that his heart was broken."

DISTRICT SIXTEEN
Championship will be decided November 6 when Brownsville and Harlingen meet at Brownsville.

Title Play In Golf Tourney Starts Today

Only Eight Students Qualify For Match Play To Decide Champion Golfer Of Texas Tech; Hard Battles Seen

A disappointing number of Texas Tech student golfers turned out to the Meadowbrook Golf course Wednesday and Thursday to qualify for the annual Tech tournament. Only eight men showed upon the course.

Match play will begin today and will consist of four 18-hole matches, Billy Holmes of Shamrock, defending champion, was not required to shoot a qualifying score. He meets Walter Pendleton, another Shamrock youth, in his first match today.

Other matches, and the qualifying scores of the players, are as follows: Doyce Clark, 86, vs. Charles Moore; Lyle Holmes, 82, vs. A. W. Norton, 100; Mendall Hughett, 84, vs. W. Massey, 101.

The cold weather yesterday and other athletic contests of this week away from home was thought to have curbed interest in the tournament.

Match play will continue through Saturday with the finals for the championship and for first consolation prize being determined Sunday unless play is speeded up due to the small number of players.

Line Play Emphasized When Porkers Point To TCU Frogs

FAYETTEVILLE, Ark. Oct. 29. (AP)—University of Arkansas coaches continued to emphasize line play today as they prepared the Razorback football machine for its homecoming game against the Texas Christian University Horned Frogs here Saturday.

Coach Chuck Bassett spent much time with his forwards. The Arkansas line functioned smoothly in both the Southern Methodist and Louisiana State games. Bassett realized the Razorbacks line must be in top form against T. C. U. Saturday.

LEAVE FOR BELTON

A number of Tech students left early today for Belton where they will attend the eleventh annual Students' conference October 30 to November 1. Fifteen hundred delegates from 40 Texas colleges are expected there, and similar conferences are being held in every southwestern state.

College students who comprised the Tech delegation are: Juanita Pool, Phyllis Pool, Raymond Dunn, Frances Winn, Jim O. Hill, Georgia Mae Knight, Ruth Dunn, E. G. Pharr, Rose Davis, S. W. Damon, Fred DeLashaw, Elwyn Walling, Patti Hopping, Delene Reid and Hazel Kokanour. Miss Kokanour is director of young people's activities at the First Baptist church here.

RIFLEMEN MEET TONIGHT

First meeting of the men's rifle club will be held tonight in room 220 at 7:30, Bob Rodgers, secretary, will read a report of last year's activities.

Every faculty member and student interested in rifle marksmanship is invited by L. W. Chapman, president, to attend this initial meeting.

TO HAVE LOAN FUND

Phi Psi, honorary textile engineering fraternity, has made plans to establish a loan fund for students in the textile department, it was announced at a recent meeting of the Tech chapter.

Each member of the society has agreed to give $5 a year for three years after graduation.

PLAN HAYRIDE, PARTY

Two float wagons, filled with hay, are to convey Home Economics club girls to the Aggie party in their honor Saturday night, it was announced Thursday. The wagons will start from the practice house at 7 o'clock, one going down Nineteenth to Avenue Q, the other down Tenth street and up Sixteenth, arriving at the pavillion where the party will be held at 8 o'clock. Girls may board the wagons at any point along the routes.

The feature of the Hallowe'en party will be the "Grand March Through Spooky Spots." The Virginia Reel, traditional event at all Aggie-Home Ec parties will be danced, and a complete program of games and stunts will fill the evening, according to the program committee.

Costumes and masks are to be worn, and suitable awards are offered for the best costumes for boys and girls.

Protection For Bank Is Sought

MILES, Oct. 29. (AP) — On the theory that if the law against bank rumors is worth anything it should be used, R. Hunton, president of the Guaranty Bond bank of Miles, has called on Tom Green and Runnels county officers to protect his institution against the talk which was being spread around the area.

Hunton announced that the bank was in good shape, that it would continue to stay open if depositors would let it. He said the directors had signed a statement guaranteeing the deposits.

"We're in good shape by being small," Hunton said. "Deposits are about $88,000, surplus and undivided profits $5,000 and loans and discounts only $94,000. He declared the bank's affairs are liquid and the patrons can be protected.

The grass-green emerald is found in an almost inaccessible locality in the Salzburg Alps.

Offer Of $15,000 Is Bared By Women; Has Information

SAN FRANCISCO, Oct. 29. (AP) — Mrs. Rena Mooney, wife of Tom Mooney, who is serving a life sentence in San Quentin prison as a result of his conviction of bombing a preparedness parade here in 1916, reported she had received an offer from Mrs. Frank C. Oxman, widow of one of the leading witnesses against Mooney, to "give her important secret information" for $15,000.

Mrs. Mooney said Mrs. Oxman refused to disclose the nature of the information or leave home unless the $15,000 were paid first. Oxman's testimony at the Mooney trial resulted in his being tried for perjury, but he was acquitted.

Mrs. Mooney said the offer would be referred to the Mooney defense committee.

"On a dew-dew-dewy day!"

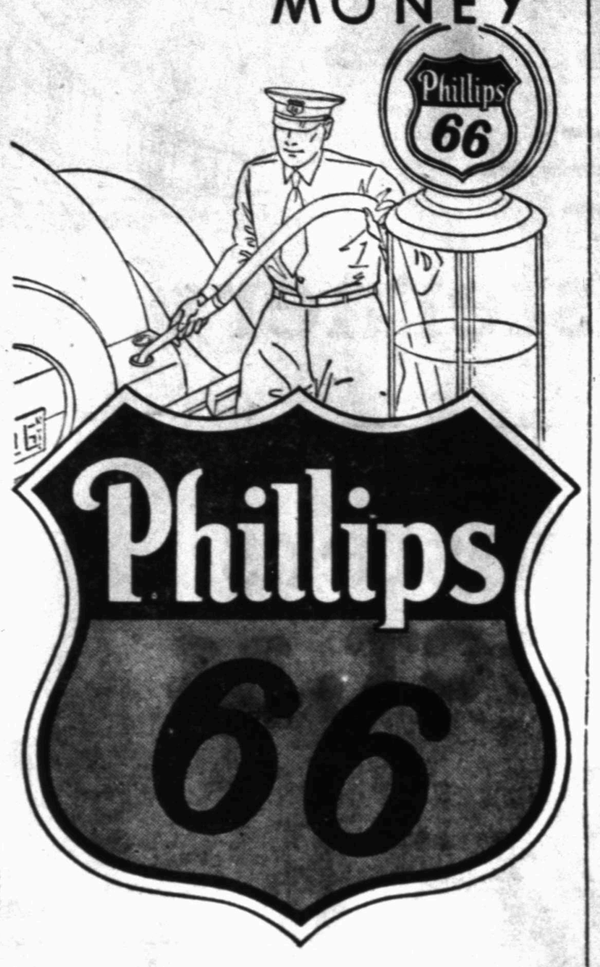

RAINY days are depressing enough without having the salt act up. Why not put an end to clogged saltcellars by changing to Morton's Iodized Salt? Not only does it pour just as freely in damp weather as it does in dry, but it keeps children from having simple goiter . . . that widespread cause of loss of appetite, lack of vigor and backwardness at school.

NOW 10c

PLAIN, OR IODIZED TO PREVENT GOITER

WHEN IT RAINS IT POURS

More FOR YOUR MONEY

Phillips 66

"HIGHEST TEST" at the price of ordinary gasoline

Controlled Volatility gives GRAVITY from 60.6° to 71.4° TO MATCH WEATHER

Also Phillips 66 Ethyl — at the regular price of Ethyl gasoline

EVERY drop of this sensational new motor fuel is higher test without higher price. And every mile you drive your car proves there *is* a difference, that you get vastly improved performance with Phillips 66 . . . the *greater gasoline.*

It costs less per mile and does more per dollar. It delivers quicker pick-up, added power, smoother running, and longer mileage. Yet it costs no more than ordinary gasoline, because the Phillips Petroleum Company is the world's largest producer of natural high gravity gasoline.

We sincerely say that it is *more* for your money. Please do yourself and us the justice of stopping for a trial tankful, the very next time you see the Orange and Black 66 shield.

Phill-up with Phillips

A World-Beating Motor Oil at a Lower Price
PHILLIPS 66 MOTOR OIL 30¢ a Quart

FOR GREENS

Salads made with light, simple greens seem to find their ideal complement in a dressing like *Vinaigrette Dressing.* It gives them a touch of subtle flavor while allowing all their natural deliciousness to assert itself.

To make *Vinaigrette Dressing:* One teaspoonful of salt, one teaspoonful of sugar, one-quarter teaspoon of pepper, a little paprika, twelve tablespoonfuls of *Wesson Oil* and three tablespoonfuls of vinegar. Beat with a fork until thoroughly blended. Stir in two tablespoonfuls chopped dill pickle, and a teaspoonful of chopped parsley.

FOR FRUITS

For fruit salads select a dressing made with nuts or cheese . . . or one that has a touch of sweetness. The next time you have a fruit salad try *Nut Dressing:*

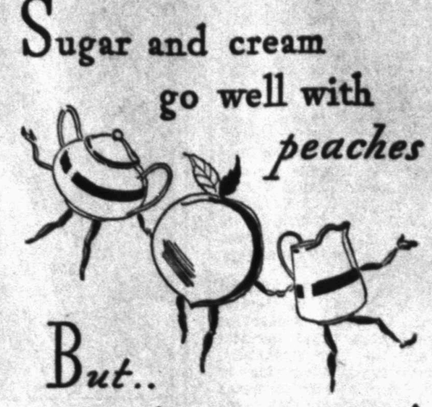

To make *Nut Dressing:* To twelve tablespoonfuls of Wesson Oil add four tablespoonfuls of lemon juice, one teaspoonful of salt, one-fourth teaspoon of sugar, one-fourth teaspoon paprika, one-eighth teaspoon of white pepper. Mix well and then add four tablespoonfuls of chopped nuts.

FOR SEAFOOD

Seafood should be *marinated** in French Dressing for a few hours before it is made into the salad. It helps to bring back all the zestful tang that makes seafood so delicious.

**To marinate:* Mix twelve tablespoonfuls of Wesson Oil and three tablespoonfuls of vinegar. Add a teaspoonful of salt, one-quarter teaspoon of pepper. Mix with the seafood and set aside in the refrigerator for several hours. Serve with Lemonaise (mayonnaise made with lemon juice).

Sugar and cream go well with *peaches*

But.. on sardines . . . never!

SOME things just seem to be made to go together. Some do not. We like lemon on fish, but on oatmeal we prefer something sweet. And so it is with salads and their dressings. There is a kind of dressing that goes best with each different kind of salad. So . . .

mix a dressing *appropriate* to the salad

For instance, on salads of simple greens, try Vinaigrette, Bachelor Club, or French Dressing. On fruits, fresh or canned, use Bar-le-Duc, Cheese or Nut Dressing. And when the salad is made of seafood, marinate* the ingredients in French Dressing before they are made into the salad.

SEND FOR Mary B. Murray's booklet about appropriate salad dressings. It tells you how to select the dressings that go best with different kinds of salads and contains many useful hints about the proper service of salads. *Just send your name and address to* The Wesson Oil and Snowdrift People, 210 Baronne Street, New Orleans, La.

MISS CHRISTEEN CHITWOOD WILL DEMONSTRATE THE USES OF STALEY'S SYRUP AT THE AVALANCHE-JOURNAL COOKING SCHOOL OCT. 29-30

BUSY WIVES GIVE THANKS

FOR THIS BREAKFAST TREAT!

HUNGRY HUSBANDS come rushing to the breakfast table. What to feed them? Ladies, here's the answer—a new thrill with the old, familiar dishes. Give them Staley's Syrup on their pancakes, waffles, hot bread of any kind. This delicious syrup makes everything taste just twice as good!

Just wait till you try it! A pure, wholesome syrup—filled with energy!—(contains 28% dextrose and maltose). What a flavor!—skillfully blended by Staley's Master Blender.

Don't ask for corn syrup. Ask for Staley's by name—and insist on getting just what you order. Buy a can or bucket today!

Kiwanis Club Has Election

George P. Kuykendall Named President To Succeed Dr. Jack Lewis; Installation Set For January 1

Officers for the ensuing year were named by the Lubbock Kiwanis club Thursday at the weekly luncheon meeting at Hotel Lubbock. G. P. Kuykendall was named president to succeed Dr. Jack M. Lewis. He and the other new officials will take office January 1.

Other officials elected were: Durwood H. Bradley, first vice-president; W. G. McMillan, second vice-president; W. O. Stevens, treasurer; Dr. J. M. Lewis, district trustee, and Dr. R. T. Canon, G. E. Damewood, Amos Howard, E. L. Klett, A. H. Leidigh, W. C. Pryor, J. L. Ryan, R. E. Stroup, S. C. Wilson and Owen McWhorter, trustees.

No set program was followed and talks were made by several guests. Spencer Wells, president of the Matador club, urged business men to aid the club financially, stating that it is attempting to develop athletic interest at Texas Technological college through helping to pay salaries to football boys who do odd jobs around the gymnasium and field.

Chapman Talks

Weldon Chapman, coach at Lubbock High school, made a short talk in which he thanked club members for their interest in the high school football squad and pledged his support and that of the team toward making an interesting game at Pampa Saturday afternoon.

J. M. Sickles was received as a new member into the club.

Special guests of the club were Madame Clare Clairbert, Belgian soprano who appeared in concert last night, Francis de Bourguiguon, pianist and Carl Achatz, flutist, Mr. Bourgiguion played a piano selection.

Violent Storms Strike Oil Area

SOMERSET, Oct., 29. (AP)—Dipping down into the rich oil and farm lands just east of Somerset, a windstorm overturned cars, blew down farm houses and 75 derricks and endangered human life yesterday afternoon, reports here today said damage was estimated at $75,000.

The storm, following a rain and thunderstorm, cut a swath a quarter-mile wide down a little valley one and a half miles east of the oil town.

Miss Margaret Mavis Cooper, 15, narrawly escaped injury when the storm caught up a car in which she was driving alone, whirled it around and overturned it in a ditch. The top was torn from the automobile but the girl was not injured seriously.

Rescue Crews Continue In Efforts To Save Six Men

WILKES BARRE, Pa., Oct. 29. (AP)—Rescue crews today continued to dig through tons of fallen rock endeavoring to reach six men entombed at the West End Coal company's mine at Mocanaqua. The miners were trapped Saturday night when a cave-in followed a gas explosion.

While mine officials refused to give up hope that the men would be found alive, other mining experts today said there was small chance they had survived.

Personifies Paris

If you have any doubt about Paris being a city of beauty, just take a look—if you haven't done so already—at 19-year-old Mlle. Elaine Miarka. She has been selected as "Miss Paris of 1932." Beautiful but decidedly not dumb, she holds a university degree, is an accomplished linguist and has achieved note as a sportswoman.

Bright Spots Are Seen In Business

Return To Prosperity Heralded Throughout United States As Big Business Transactions Are Daily Announced

(By The Associated Press)

WASHINGTON. — Postoffice to employ 176,206 temporary workers starting Dec. 13, to handle Christmas mail. Wages will amount to $5,122,123.

President Hoover informed-credit extension plan already has wielded potent influence toward restoration of confidence. Organization expected to be ready to function by end of week.

Salt Lake City — taxpayers vote $600,000 bond issue for construction of a storm sewer as an unemployment measure.

Philadelphia — Samuel M. Vauclain chairman of the Baldwin locomotive works board says public confidence has rallied to the support of the country's financial institutions, thus creating far better business conditions.

Little Rock, Ark. — Prompt payment by Arkansas farmers of loans from agricultural credit corporations has made unnecessary the collection of an increase the state's property tax.

Chicago — Chicago's 14,000 payless teachers likely to receive checks for month and a half work today or tomorrow.

New York—"Iron Age" says steel production has risen to 29 per cent of capacity, compared with 28 a week ago. Lead up 1-4 cent to 4 cents a pound.

Hollywood—Movie extras with beards get a break. Two hundred called for a new picture.

Passengers On Excursion Plane Reported Recovering

DALLAS, Oct. 29. (AP)—Passengers of a special excursion plane piloted by Reg Robbins from Brownsville to Dallas were recovering today from effects of a lunch eaten on board the ship yesterday.

Ten of the 13 passengers became ill. Robbins and Clyde Smith were reported recovering in a Fort Worth hospital. The two attempted to continue to their home in Fort Worth after leaving the passengers here but became so sick they made a forced landing on a farm north of Birdville.

Two men who did not partake of sandwiches, containing ground meat prepared at Brownsville, did not become ill.

Oil Town Of Somerset Is Threatened By Fiery Well

SOMERSET, Tex., Oct. 29. (AP)—Flames consuming 40,000 barrels of crude oil in a tank on the Texas petroleum products company site were feeding a black plume of smoke into the sky today.

The fire, which is out of control and probably will burn for 20 hours at an estimated loss of $45,000, started with an explosion which shook this little oil town.

The explosion tore the roof off the tank and threw flaming oil into a deep ditch surrounding the tank. The heat and danger of explosion has driven workmen from their homes in the colony and children and teachers had abandoned the schoolhouse 200 yards away.

Surgeon Finds Puzzle In Attitude Of Patients Toward His Debt Plan

MARCELINE, Mo., Oct. 29. (AP)—Dr. Ola Putman, Marceline surgeon, finds a puzzle in the attitude of clients toward his program for abatement of doctor bills.

A week ago Dr. Putman proposed to end a prolonged moratorium on debts of about $36,000 by cancelling some bills and deducting $10,000 from the total owed by those who were pressed but could pay.

Dr. Putman started by forgiving 75 of his debtors publicly in the columns of the weekly Marceline News. He forgave each by name, mentioned the amount of the debt and announced that three more groups were to benefit, one each week.

"Out of all those seventy-five persons," the surgeon commented, "only one has thanked me. I see no reason why all of them shouldn't thank me, do you?"

Oh, yes, a few of the overdue accounts have been paid since the list was published, just a few.

Manufacture Of Gold From Metals Not So Precious Thought Near Perfection

BERKELEY, Calif., Oct. 29. (AP)—Installation of a huge electromagnet at the University of California by which two professors expect to perfect a method of breaking down the component parts of atoms and thus possibly evolve a way to make gold out of less precious metals was announced today by the California Monthly, alumni publication.

If successful in the experiments, Ernest O. Lawrence and Dr. M. Stanley Livingston, would realize a dream which scientists have cherished since the days of the alchemists hundreds of years ago and also would open possibilities for creating new scources of energy.

Lawrence and Livingston said they had been successful on a small scale in the basic principle of their experiment.

The magnet, built for radio work during the war, was intended for China but never was delivered. Its castings, weighing about 85 tons, were offered to the university as a gift through the Federal Telegraphy company.

CHAMPION TRAPPER

Miss Julia Magee, of Rocky Ridge, O., has been proclaimed the champion trapper of North America. She has received an award of $1,000 cash and a gold medal as her reward for capturing and properly preserving the finest fur taken in North America during the 1929-30 season. She is ranked the world's foremost authority on muskrat trapping.

otash At Lubbock's Door

HE end of American dependence on foreign sources of potash is seen by gove nment officials the announcement specimens of the first potash rals ever mined in United States have been on display at Philadelphia. The minerals are Eddy county, New Mexico, and the U. S. Geolo- survey said there appears to be sufficient potash able there to supply American demands, even a greatly increased consumption, for many de- " Thus read a recent dispatch from Washing-

case you don't know as much about New Mexico aphy as you might. Eddy county is at Lubbock's west door and Carlsbad is the county seat. The ncement means that when potash mining and ng gets under way in the new field, Lubbock, ll as Carlsbad, will benefit thereby.

ople in this vicinity are not surprised at the ncement from Washington. Potish deposits been found in the Hobbs vicinity, in Lynn and West Texas counties.

t it is cheering to note that the government has ered the fact—and that in Eddy county, at the fields are commercially important.

s country needs development in many lines. ng of the New Mexico potash deposits will help along.

DANGERS OF HOARDING MONEY

the editorial page of The Sherman Democrat ly appeared an interesting—and in this par- time educational—cartoon. It showed hoard d , in the form of an animated sock, beset by two —one labeled "burglars" and the other marked Headed "Sox Appeal," the purpose of the car- is to impress the citizenry with the dangers arding their funds in places where fire may y it or thieves make away with them.

is impossible for The Morning Avalanche to this particular cartoon and we are sorry that s the case. Figures would indicate that in the of Lubbock there are many thousands of dol- hoarded away and the chances are that a goodly ntage of the total is subject to destruction by r to easy theft. The public should be impressed the dangers surrounding such a practice.

"ALFALFA BILL" STEPS OUT

recent survey, carried on by photographers and cameramen, has disclosed that Governor Wil- Henry "Alfalfa Bill" Murray, of Oklahoma, is the world's most photographed men.

contest, held in Chicago, uncovered the fact more citizens know "Alfalfa Bill" than know famous movie stars or than can tell just who orge Bernard Shaw, Albert Einstein and many figures that have been basking in the limelight decade or more.

st the other day a petition, signed by 1,015 resi- of Borger, Texas, was sent Governor Murray, ing himb as a Democratic presidential candi- and leading citizens of El Paso telegraphed the homan in commendation of his recent speech in s, when he told war veterans that "beans, not should be the cry of the American legion."

to just what all this amounts to, of course, you se your own good judgment. But to close stu- of politics it means that the moustached, pis- ting and dramatic governor must be considered national figure. He hasn't much chance for the nation but the man who does get it will have sledding if he's approved of by Oklahoma's executive.

FRENCH SINCERITY

e American people have shed the skin of im- lism grafted on by the Roosevelts, McKinleys Lodges back in the days when the martial spirit . They have had a rude awakening from their ns of empire and hope the rest of the world feels ame way about it. But as to the rest of the they are skeptical.

hen the French government announced dramat- that it would surrender control of its army to League of Nations if other powers would do like- the American who took it seriously enough to about it immediately began looking for the an in the woodpile. In other words they had doubts.

What do the Paris diplomats have up their sleeves? s first guess is that France, through her foreign nces, feels she can now control the majority vote he League of Nations council; that she now be- s she can play her particular game of politics r with the league than with her armies.

rance's offer is supposed to be an answer to the ral clamor for a demilitarization of diplomacy. is it? Can there be a demilitarization of diplo- y as long as the martial spirit is the moving spirit all Europe? In name, yes, but not in fact.

THE AMERICAN COW

The American cow for the past two decades has winning favor with the American dinner table. it is good, healthy news. Particularly since the war has there been noteworthy increase in the umption of dairy products in this country. And ing quite parallel has been a general improve- t in public health. There is a direct relation- though, of course, many factors are to be taken account.

ince 1914 the people of the United States have dily increased their consumption of butter, and ven more important increase was effected in the of milk and cheese. But the real victory of the ying interests came in winning public favor for cream. Between 1917 and the past year the per ta consumption of that delicacy considerably more doubled.

Says Insanity No Defense

By CHARLES P. STEWART
Central Press Staff Writer

WASHINGTON, Oct. 29.—With the qualification that information is almost wholly lacking to furnish him with a basis for conclusions concerning the psychology of the Judd-Samuelson-Leroi murder case at Los Angeles, Dr. Frank A. Carmelia, public health service psychiatrist, declares, "With the exception of homicides purely upon impulse, that is to say, second degree killings, I incline to ascribe a mental element to all murders.

"I do not mean to imply," Dr. Carmelia added, "that as a general thing they are in the least to be extenuated on that account. There doubtless is an occasional paranoiac who kills deliberately without regarding his act as murder, but usually premeditation implies full distinction on the homicide's part between right and wrong, and he should be held accountable accordingly.

"The fact that flight invariably is the first instinct of the killer after his crime also implies consciousness at least of his peril, but it may not imply that he holds himself blameworthy.

"When, however, he displays the coolness to remain on the scene while obliterating evidences of his own complicity, he begins to show a degree of cunning strongly indicative of an efficient working mentality. This is not incompatible with insanity, but it is nearly, if not quite, incompatible with a form of insanity suggesting deficiency in appreciation of his criminality.

"Dissection of the victims' bodies, as in the present instance, does carry with it an impression of exceptional callousness, but not necessarily to the same extent on the part of a person habituated to impressions of a surgical clinic as would be inferred from one without such training.

"Assuming the double murder to have been the work of a woman, the author's sex should be viewed as weighing, I would say, among other considerations pointing to abnormality for on an average unquestionably woman is less prone than man to extremes of violence and cruelty. And while the dissection of a murder victim's body may seem like a small matter after commission of the murder, nevertheless there is an added touch of cold-bloodedness connected with it which by no means need be an accompaniment of the mere homicidal impulse.

"Still, it is to be remembered that surgical training would count as a factor with a woman as well as with a man.

"Moreover, in the case of unusual personalities or unusual circumstances, Kipling was not altogether wrong in his contrast drawn between the sexes.

"Generally, the woman is the more merciful of the two, but where the rule fails to hold good she occasionally shocks man by her excesses of violence.

"That alcohol or drugs were the cause of the Phoenix killing does not essentially alter one's estimate of the affair. Prolonged use of either does indeed lead to a blunting of the senses of right and wrong comparable to the blunting effects of insanity. Added to this dullness might be added the effects of a recent dose of one or the other, the immediate result of which would be to weaken or destroy normal inhibitions—this is superimposed upon the underlying apathy.

"Drugs especially act so differently upon different individuals, however, that it is difficult to form an opinion without full acquaintance with the subject's characteristics.

"In general, insanity is a doubtful murder defense, morally speaking. It is invoked far oftener than it can properly be regarded as an excuse for the crimes attributed to it."

Any country would look prosperous if all the people were permitted to charge it.

Modernism in autobiography: Knocking the dead. In fiction: Knocking personal enemies.

Practical Health Problems

CAUSE OF FAT

By DR. MORRIS FISHBEIN
Editor, Journal of the American Medical Association, and of Hygeia, the Health Magazine

DRS. D. N. DUNLAP and R. M. Murray Lyon, Scotch physicians, are convinced that most people who get fat do so because they eat too much and take too little exercise. There are, however, many instances in which two people eat exactly the same diet in the same amounts, one becoming overweight and the other retaining normal weight. The obvious difference in these two cases is the manner in which the body disposes of the food that is taken in. It is well established that the glands of the body, including particularly the pituitary, the thyroid and the sex glands, are related to the question of the disposal of sugars and of fat.

It is well recognized that among women as they gain maturity, as they have children, and as they approach the period at the end of middle age, there is a special tendency to change in weight. Men are, in general, more active physically than women. They spend more time in the open air, eat more proteins and less sugars, and are less likely to search for reduction in weight just to look better. The commonest age for the beginning of overweight is between 20 and 40 years of age in women, the average being usually around 30. Among men the onset of overweight is likely to come on somewhat later.

One-third of the women who were examined by the Scotch physicians associate their tendency to overweight with childbirth. There are, however, other factors to be taken into account. For instance, the period of childbirth is approximately 30 years of age, which is the beginning of the period when most women tend to become fat. Furthermore, it is the tendency of human beings to associate some striking occurrence in their lives with the onset of some physical change. Thus, of a child becomes paralyzed or shows signs of mental weakness, the parents are likely to associate this with an accidental fall from the high chair. Children who have developed infections of the bones or of the heart are usually blamed for having been over-active or for having indulged in some particular strain when the actual cause is perhaps a hidden infection in the tonsils or in the teeth.

Of course, following childbirth, a woman is likely to rest much more than previously, and also to eat much more. This would explain the tendency to overweight at such a time.

Today's One-Minute Sermon

Behold, this day thine eyes have seen how that the Lord had delivered thee today into mine hand in the cave: and some bade me kill thee: but mine eye spared thee; and I said, I will not put forth mine hand against my Lord; for he is the Lord's anointed. —I Samuel, xxiv, 10.

GUILTY LIPS

NEA FICTION

by LAURA LOU BROOKMAN — Author of "MAD MARRIAGE"

©1931 BY NEA SERVICE INC.

BEGIN HERE TODAY

Pretty NORMA KENT, 20-year-old secretary, marries Mark Travers, millionaire's son, in spite of the opposition of Mark's father, F. M. TRAVERS.

The story opens in Marlboro middle-western metropolis. After an extravagant honeymoon at fashionable Blue Springs the couple return to Marlboro. It is weeks before the young man can find work. He loses his first job, then becomes a floor-walker in a department store. In spite of poverty he and Norma are happy until his father sends for him. The elder Travers offers to take Mark into his business organization if the son will prove he can make good. Mark's first assignment involved a business trip to France. Norma must remain at home. She tries to persuade Mark not to go but he departs.

Norma, rudely treated at her father-in-law's home, slips away, leaving no trace of her whereabouts. CHRIS SAUNDERS, Norma's former roommate, helps her find a job.

Mark's father employes detectives to trail the girl. They produce records to show Norma three years earlier had been convicted on a vice charge. In spite of evidence that she was innocent and the charge framed, Travers sends his lawyers to Paris. Weeks later Norma receives a letter telling her Mark has divorced her. Chris helps her to find work and loans her money when she becomes ill.

In August Norma's son is born. When Little Mark is four months old Norma begins work again typing manuscripts at home. BOB FARRELL sends her flowers at Christmas and calls frequently.

NOW GO ON WITH THE STORY

CHAPTER XLI

Norma earned $95 during the six weeks she typed manuscripts for Frederick Stuart. The sum went to Chris as a first payment on the amount she had borrowed. The original loan of $250 was mounting astonishingly.

"Lots of time to pay it," Chris always said carelessly when Norma spoke about the debt. Chris would never present a detailed statement of the money she had spent though she was always promising to do so. Norma's own accounting told her the sum was close to $1,000.

The $95 was the barest beginning—little more than enough to pay Norma's share of the rent and food bill for the six weeks. That was the hopeless part of being in debt. Most of what Norma could earn would be gobbled up in immediate expenses.

It was because this problem was never far from her mind that Norma welcomed the opportunity that came the second week in February even though it involved separation from baby Mark.

Jennie Clark, the girl who had taken Norma's place as Stuart's secretary, resigned on short notice. Jennie explained she could return to the office where she had been let out when the staff was reduced. She said she liked the first job better and that this time it would be permanent. Chris Saunders, whose knowledge was amazing considering the fact she never asked personal questions, told Norma the reason Jennie wanted to go back to the other office was because a young man in whom she was interested worked there.

When Jennie announced she was leaving Stuart telephoned Norma and offered her the job. That same afternoon she went down town and told him she could start work the following week.

The problem of caring for Mark had been easily arranged. For $6 each week Mrs. Carey who lived across the hall, agreed to keep baby during the hours Norma would be away. Mrs. Carey had no children. She was fond of them and before her marriage had worked as a practical nurse. A pleasant, conscientious woman, she could be trusted to carry out Norma's instructions exactly and she welcomed the chance to earn even so small an amount.

When Norma told Frederick Stuart she could come back to work as his secretary, she added, "I'm going to have to ask for more money, Mr. Stuart. I want $35 a week. I think I'm worth it and if any manuscript comes in to be typed I can do them in addition to the other work. I had lots of time before that I might just as well have been typing. You see I haven't just myself to think about now. I have to make more money."

For a moment Stuart frowned. "This is a poor time to be increasing salaries," he said, "but—well I'll pay you $35! Yes, and I think you'll earn it! Be here at nine on Monday."

Norma told him she would be there. During the ride home on the street car she tried to compute mentally how long, at $35 week, it would take to pay the money she owed Chris. For one thing that debt would not be growing larger now. She could pay's her way and little Mark's Whatever it was possible to save would be paid to Chris.

* * *

It was hard Monday morning to leave the baby. Sharp doubts plagued Norma all through the day. Suppose Mrs. Carey didn't get his formula just right! Suppose she should leave Mark alone. Even in five minutes he might wriggle from the bed and hurt himself. Norma remembered how Junior Baker had been scalded. She suffered harrowing moments of despair.

When the lunch hour arrived she telephoned to ask the landlady's daughter to go upstairs and ask Mrs. Carey how Mark was getting along.

Norma was informed that the baby was sleeping. Nothing at all eventful had happened. Mrs. Carey

Side Glances — By George Clark

"I'm afraid I'd never get along with a husband. Ya see, I'm the youngest at home and they've sort of spoiled me."

Letters To The Editor

Idalou Man Waxes Eloquent Over Arkansas, His Home State

Dear Editor: The following statement is from the Mountain Echo of Yellville, Marion county, Arkansas:

"The government loaned this year to the farmers in the 1930 drouth-stricken states, $48,000,000. Since July 1st, farmers who secured their loan have paid into the agricultural department $1,239,146. The balance of the loans are due this month and next.

"Arkansas which was one of the hardest hit states by the 1930 drouth, leads in repayments with $196,586. Texas is second with $82,350 and Oklahoma is third with $71,162.

"Arkansas is one of the most resourceful states in the union, her people honest and industrious, and they have worked this year as they have never worked before and their farms have produced wonderful crops.

"Had conditions remained normal and the farmers realized a fair price for their products, by the first of 1932 the state would have fully recovered from the drouth of 1930. As it is, they will be able to repay their government loan, have some money left and almost enough feed and food to supply their needs for two years. Great, indeed are the resources of Arkansas."

In addition to the above statement, I see Harrison, Boone county, Arkansas, has organized a new substantial bank and a real reformation and adjustment of public affairs is in progress in that locality. You may say what you please about Arkansas but she has never been knocked out yet, but what she came back bigger, finer and better than before.

When you want to poke fun at Arkansas, or think of Arkansas as a back number or not on the map, you had better go way back, sit down and soak your head. For the most and the best to eat; for the greatest variety of everything; for fine scenery, good people and beautiful, natural girls, see Arkansas first.

Yes, I'm from Arkansas. Now, laugh, dough-nut.

T. J. ESTES.

Idalou.

VALUATIONS LESS

SAN ANTONIO, Oct. 29. (AP) — Tom Green county's taxable valuation for the year is $27,537,990, which is $112,680 less than the total of $27,650,560 for 1930. Taxes to be collected for the county this year will total $493,142.33, according to Squire Roone, county tax assessor. Poll taxes will give the county several thousand added dollars.

Chivalry was at its height from 1100 to 1400.

THE MAKER OF YOUR CAR SAYS

reported Mark was "getting along fine."

At 5:45 Norma reached the top of the stairs and burst breathlessly into the apartment.

"The baby—is everything all right—?"

"Bless his little heart!" said Mrs. Carey. "He hasn't been a bit of trouble. Good as a regular little angel all day! I did everything the way you said, Mrs. Travers. I gave him his bottle at three o'clock and he went to sleep when he'd finished it. Look at him!"

Mark's wide blue eyes considered his mother with interest. He wiggled a foot and gurgled contentedly.

Norma, down on her knees beside the bed, felt a wave of overwhelming relief. There was tiny Mark exactly as she had left him. No frightful accident. No unforseen tragedy. The baby was as happy and safe as if she had been with him all day.

"Thank you, Mrs. Carey," Norma said, rising to her feet. "I—I couldn't help but feel worried. It's the first day I've ever left him, you know! You've taken beautiful care of him and I'm not going to let myself worry any more. I'll see if I can't be home a little earlier tomorrow night."

"Well, I'll just run along since you're here. I'll have to be getting the supper—" Mrs. Carey disappeared without finishing the sentence.

Chris arrived a few moments later and the two girls were soon busy preparing their own evening meal.

Schooling herself not to worry over the baby's welfare was the hardest part of Norma's new schedule. She liked working with Stuart. It was true Jennie Clark had been slack about keeping the files in order. Other tasks that should have been attended had been neglected. The accumulated work made Norma's first days in the office unusually busy ones. Still there were agonizing moments when she pictured Mark tossing and feverish from some sudden, mysterious illness or his little body shaking with sobs, unable to tell what ailed him.

* * *

On Saturday afternoon at the end of her first week's work Norma took the baby to the hospital clinic. She learned with a mingling of shock and thankfulness that Mark still kept his rating of perfect health. During the first six months of his life he had not been ill once.

It astounded Norma to realize that another person could care for her son exactly as well as she could. Almost she felt dismayed. The shock of this discovery passed immediately. She told Chris that baby Mark, by keeping up such a splendid health record, was doing his part to improve the family fortunes.

Chris liked the baby, played with him and worried over him almost as much as Norma. "He's going to be spoiled—and spoiled badly," Chris predicted, "but honestly, who could help it? He's getting cuter every day."

Bob Farrell continued to pay an occasional visit and gifts for Mark often served as the excuse for these calls.

"Here's something I thought might amuse young Skeezix," he would say, handing over a package which might contain anything from a toy pop gun to rubber blocks. Practically every plaything he brought was for a much older child. When Mark regarded them with wide-eyed unconcern they were placed away for future use.

The girls accused Bob of buying the contraptions because he himself found them entertaining. Farrell always grinned and pleaded guilty to these accusations.

Twice he was invited to dinner at the apartment—both times on Sunday when Chris and Norma had the entire day at home. Whenever there was any task around the apartment requiring a man's skill, when the electric iron refused to operate or a piece of furniture became unsteady Bob put it in order.

Shortly after the second dinner invitation he asked both girls to attend a musical comedy—a very good one just on from New York. Chris and Norma accepted but on the evening of the performance Norma developed a headache. She refused to let the others change their tickets for another night. As a result Chris and Bob attended the play and Norma reminded at home.

There could be no doubt about Norma's pleasure in Bob's company. She always welcomed him. More often than Chris she urged him to drop in again soon and it was Norma who suggested inviting him to dinner. However, she and Bob were never alone. When Chris tried tactfully to engineer such tete-a-tetes somehow the plans went amiss. Chris could not be sure whether Norma managed this intentionally or not.

* * *

There were times when she was sure Norma's old fondness for Bob was developing into a deeper affection. A safer, surer affection than the mad-cap plunge into romance that Norma's marriage to Mark Travers had been. That, Chris felt, was the solution of Norma's problems.

Married to Bob, Norma would have protection from the world that had treated her so harshly. She would have a home for herself and for little Mark. And Bob Farrell was devoted to Norma as he always had been. Anyone could see that.

But did Norma really care for Bob? One day Chris believed she did. The next she was uncertain.

"If she's foolish enough to turn down a fine boy like Bob," Chris told herself, "to keep faith with a good-for-nothing like Mark Travers she doesn't deserve sympathy! Bob's worth ten Marks! Probably she's in love with Bob and doesn't realize it yet. Well, they'll have to settle affairs for themselves but I know what I'd do!"

After Norma returned to work the days sped rapidly. Weeks evolved again into the old routine of rushing to catch street cars, taking and transcribing dictation, hasty lunch hours, more dictation, clinging to a strap for the crowded ride home and blessed evenings and week-ends with little Mark.

March made its entry lamb-like. The sun melted and bright winter sunshine made heavy winter wraps actually uncomfortable. Norma scrimped on lunches and made the first payment on a cheap carriage for the baby. Before that taking Mark out for a daily airing had been out of the question. All of the sunlight, possible to absorb through a third floor window he had absorbed. That was not enough, the doctor said.

After the carriage arrived Mrs. Carey spent two hours daily wheeling him up and down the block. Saturday and Sunday Norma always took him out. She felt immensely proud when passersby glanced into the carriage and said, "What a pretty baby!" or stopped to ask how old he was.

Above his blue blankets the infant's hooded head was just visible. It was not easy to keep him covered. Mark, that child of perfect disposition and deportment, was showing an increasing tendency to wriggle upright when he was suppose to be asleep. He wanted to use his arms and legs. He wanted to be independent.

On a Sunday morning in mid-March Norma was wheeling the baby down the street. She crossed the first block and the second. Rosyln avenue, just ahead, was a thoroughfare for cross-town traffic. Norma approached the curb, waiting cautiously for the signal light to change from green to red.

Intent on the problem of getting across the street, she did not notice the limousine that approached and slowed abruptly.

(To Be Continued)

How One Woman Lost 20 Pounds of Fat

Lost Her Double Chin
Lost Her Prominent Hips
Lost Her Sluggishness

Gained Physical Vigor
Gained in Vivaciousness
Gained a Shapely Figure

When your vital organs fail to perform their work correctly—your bowels and kidneys can't throw off that waste material—before you realize it—you're growing hideously fat!

Take one half teaspoonful of KRUSCHEN SALTS in a glass of hot water every morning—cut out pastry and fatty meats, go light on potatoes, butter, cream and sugar—in 3 weeks get on the scales and note how many pounds of fat have vanished.

Notice also that you have gained in energy—your skin is clearer—your eyes sparkle with glorious health—you feel younger in body—keener in mind. KRUSCHEN will give any fat person a joyous surprise.

Get an 85c bottle of KRUSCHEN SALTS from Mark Halsey Drug, City Drug, Lubbock Drug, Bowen's Drug, Bowen's Hilton Pharmacy, or any leading druggist anywhere in America (lasts 4 weeks.) If this first bottle doesn't convince you this is the easiest, safest and surest way to lose fat—if you don't feel a superb improvement in health—so gloriously energetic—vigorously alive—your money gladly returned. —Adv.

Man Convicted In Robbery Of Bank

LINCOLN, Neb., Oct. 29. (AP) — Thomas (Pat) O'Connor of East St. Louis today was sentenced to 25 years in the Nebraska penitentiary for taking part in the $2,500,000 robbery of the Lincoln National bank & Trust co. September 17, 1930.

He was convicted recently by a jury. The sentence is the maximum for bank robbery.

O'Connor told the judge: "Your honor, I am just as innocent of this crime as you are."

He was arrested in East St. Louis last summer and brought to Lincoln for trial. Howard "Pop" Lee of East St. Louis also has been convicted for the robbery but has not been sentenced. Jack Britt and August "Gus" Winkler also are charged with the holdup.

In Texas, a plant is being built to manufacture gasoline from oil.

Cotton Cotton Trading Only Moderate — **Livestock** Eleven Markets Reveal Decrease — **Grain** Corn Attracts Sharp Attention

Cotton

NEW ORLEANS COTTON

NEW ORLEANS, Oct. 29. (AP)—Trading in cotton was moderately active today and prices fluctuated without very definite trend, closing slightly lower. Overnight selling orders brought an early decline despite good cables, but the market rallied later on trade buying and in sympathy with stocks and wheat. Later, cotton followed wheat's fluctuations and lost the gains, ending up with net losses for the day of 3-9 points, the late months showing the largest decline.

Liverpool cables came in 7-9 penny points better than due and sterling exchange was easier. Private cables stated that the continent bought, the trade called and shorts covered on easier sterling. Manchester cabled that the feeling was optimistic and there was further business in cloth and yarns first trades here showed losses of 3-7 points.

NEW YORK COTTON

NEW YORK, Oct. 29. (AP)—Rallies from an opening decline in cotton today carried the price of January up from 6.61@6.77 but the demand tapered off on the advance and there were reactions later.

January closed at 6.66 with the general market closing steady net unchanged to 8 points lower.

The opening was barely steady 3-7 points lower, with active months showing net losses of about 5-8 points during the first few minutes under overnight selling orders which appeared to come partly from the south and part of which were attributed to liquidation brought in by the rather sharp break of yesterday.

Report On Roads

This report is furnished daily by the South Plains Automobile club, local branch of the American Automobile association.

Roads throughout the South Plains are in fair condition and all are passable.

Fourteen mile detour from Lubbock to Lynn county line, between Lubbock and Tahoka, bad in wet weather.

Route recommended to Oklahoma City, due to detours on U. S. Highway 66. Follow state road 83 to Dickens. State road 106 and 24 to Seymour. No. 277 from Seymour to Wichita Falls. State road 79 to Devol, Oklahoma, same road to Waurika, Oklahoma, U. S. highway 81 to Chickasha, going to Oklahoma City by way of Amber, Tuttle and New Castle. Paving east to Chickasha, detour most gravel.

Best route to Dallas: Follow Highway No. 7 to Snyder, 83 and 18 to Anson and Breckenridge, U. S. No. 80 to Dallas.

Favorites Climb In Women's Golf Tournament At El Paso

EL PASO, Oct. 29. (AP)—Favorites continued to win in quarter-finals of the southwestern women's golf tournament here today. The nearest approach to an upset was the defeat of Mrs. Barry Goldwater, Phoenix, Ariz., by Mrs. W. T. Chapman, El Paso. Mrs. Chapman won 5 and 4.

Mrs. J. M. Williams, Phoenix, played an uphill game to win, 3 and 2, over Mrs. J. R. Turner, El Paso. Mrs. Williams is defending champion, while Mrs. Turner is comparatively inexperienced.

Longhorns Conclude Practice For Game With SMU Saturday

AUSTIN, Oct. 29. (AP)—Displaying more determination and temper than they have shown so far this season, the University of Texas football squad concluded its heavy training today for the game Saturday with Southern Methodist University at Dallas.

One of the most spirited scrimmage sessions of the year was held yesterday. The squad was put through another fast workout today and showed well. The Steers will entrain tomorrow afternoon for Dallas.

SPECIAL TO AMARILLO

PLAINVIEW, Oct. 29. (Special)—Coach Froggy Lovvorn is sending his Plainview High school Bulldogs through a series of secret practice drills this week in preparation for Friday's conference game at Amarillo with the Golden Sandies. A special train will carry the band and pep squad, students and Plainview citizens to the game.

A spirit of optimism pervades the Bulldog camp despite the fact that the locals are given little consideration by the self-appointed dopesters who are predicting the outcome of the game. The Bulldogs are taking the attitude that "the bigger they are the harder they fall" and don't seem to be agreeing with the experts who predict that they will not have a chance against the mighty Sandies.

Stocks Close Higher Thursday But Session Mainly One Of Indecision

BY JOHN L. COOLEY
Associated Press Financial Writer

NEW YORK, Oct. 29. (AP) — For the first time this week stocks closed higher today, although in the main the session was one of indecision.

A firmer tone to the rails finally turned the balance and principal issues generally showed small net gains. Volume dropped to 1,340,110 shares.

Domestic bonds favored the down side, while numerous foreigns advanced. Wheat was off moderately at the close, but it had been higher and the sag probably represented profit-taking. Corn advances about a cent a bushel. Liverpool and other foreign markets bought cotton here, but market was somewhat irregular, finishing unchanged to 25 cents lower.

Local Markets

These prices are furnished by the following Lubbock firms: Poultry — Lubbock Poultry and Egg company, delivered Lubbock; Dairy Products—Bell Ice Cream company; Grain—S. P. Cone Grain and Seed company, following prices being asked by Lubbock grain dealers. Cotton—Blocker Cotton company. All prices subject to change during day.

Opera Star

(Continued from Page One)

expressed when she sang "The Gypsy and the Bird," accompanied by Achatz, flutist, in addition to the pianist.

The soloist was unusually generous with encore numbers and sang several English selections with an enchanting accent that only added to their charm.

Equal in artistry were the performances of de Bourguignon and Achatz. The nuassuming Belgian pianist played difficult numbers such as Liszt's "Rhapsody No. 15," with tenchique such has probably not been excelled by musicians who have preceded him in other Artist courses.

The flutist played as solos "Concertino" (Charminade) and "The Old Refrain" (Kreisler).

The trio will appear in two other Texas cities before Madame Clairbert goes to Chicago. —F. M. T.

Clubs Gather

(Continued from Page One)

ar. Vocal and instrumental music was presented.

Masons Gather To Honor Dalrymple

Honoring John Dalrymple, head of a local construction company, who recently was elected to the thirty-third Masonic degree, the highest honor in Masonry, 19 members of the South Plains Scottish Rite club assembled at 6 p. m. Thursday at the Hilton hotel for an informal dinner.

Dalrymple is Lubbock's only living Mason to hold the order's highest degree and the second ever to achieve it in local circles.

Dean J. M. Gordon of Texas Technological college, who acted as toastmaster, and John Durham of Lorenzo were the principal speakers. Practically all of those attending made short talks, praising the honor guest for his work in Masonry and in civic circles.

Dr. Millard F. Swart is president of the club and County Attorney Vaughn E. Wilson is secretary. Among those present, in addition to the honor guest, officers and principal speakers, were Homer D. Grant, R. D. Moxley, G. P. Kuykendall, George Roach, Dr. J. M. Lewis, C. E. Maedgen, Dr. J. T. Hutchinson, B. R. Ferguson, C. H. Grollman, Neil Wright, Sam Arnett, of Lubbock, and Roy Abel and Earl Roberson of Lorenzo.

New Avenue Of Attack For Pro Enforcement Is Opened

PEORIA, Ill., Oct. 29. (AP)—What is said to be the government's first confiscation of farm lands, on which the national prohibition act had been violated, was revealed here today with announcement that Federal Judge Louis Fitzhenry has ordered seizure of more than 20 acres in Putnam and Bureau counties where prohibition agents found two stills in 1930.

E. C. Yellowley, federal district administrator, said the proceedings opened a new avenue of attack for prohibition enforcers and were based on a 67-year old statute directed at operation of illegal distilleries.

Mrs. Debie Stanford, of Houston, Texas, owns a flying school which caters to women only.

Livestock

MIDWESTERN LIVESTOCK

KANSAS CITY, Oct. 29. (AP) — Eleven markets reported around 24,500 cattle as compared with 30,700 last Thursday. Steady to 25 higher levels prevailed on good to choice fed steers and yearlings at most markets with some points noting as much as 50 advances. Better short feds held largely steady but plain offerings carried a slightly easier tone. Chicago heered 11.50 on 1238 lb. steers and 11.30 on best yearlings while a range of 10.00 @10.65 took best fed kinds at other centers. Short fed steers made up bulk of supply around loop with most of them of quality to sell at 8.50@7.50 while plain kinds sold as slow as 3.25. Stockers and feeders were steady to weak, several markets reporting good country demand. Most replacement steers sold at 4.00@5.50.

FORT WORTH LIVESTOCK

FORT WORTH, Oct. 29. (AP) — Hogs 300; truck hogs mostly 10 higher, no rail hogs offered; truck top 5.55; bulk better 170-260 lb. truck hogs 5.50; few packing sows 4.25@4.50 or steady.

Cattle — 2,500; including 900 calves; butcher cows and low cutters active, mostly 25 higher; other cattle and calves about steady; grass slaughter steers around 4.00@4.75; slaughter yearlings 7.50 down; part load good fat cows 3.50; butcher grades around 2.75@3.00; low cutters 1.50@2.25; strong weights 2.50@2.75; bulls very scarce; mixed stock calves 4.75 @5.35; heavy slaughter calves 4.50 down; several loads 3.50@4.35; cull sorts 2.25@2.75.

Gas Rates

(Continued from Page One)

cases introduced and probed. Profit and loss statements of the West Texas Gas company in Lubbock, the same company as a whole, the South Plains Pipe Line company, the Red River Gas company, which has headquarters at Amarallo, and of the three consolidated, were presented.

Income Reduced

The figures, Crenshaw pointed out, "represent business on the South Plains under gas rates higher than the present rate."

"The reduction made recently," he read, "will reduce the gross income of the West Texas Gas company something like $50,000 per year over the entire system and approximately $20,000 in Lubbock alone," the company anticipates on a basis of last year's business.

If the rate were reduced in Lubbock, the attorney continued, 14 other South Plains towns served by the West Texas Gas company would be entitled to a like reduction, as provided in their franchises. The 14 municipalities are Canyon, Plainview, Tulia, Floydada, Abernathy, Lockney, Slaton, Idalou, Crosbyton, Lorenzo, Ralls, Hale Center, Happy and Hereford.

Losses Predicted

Should the 15 towns receive a reduction, Crenshaw asserted, the company would lose from $50,000 to $100,000 a year income, the estimate being based on 1930 consumption.

Mayor T. M. George of Slaton attended the conference.

Average net return for the West Texas Gas company in Lubbock for three years and three months of operations has been about 1 per cent a year, the highest being in 1930, when about 4.7 per cent was cleared, according to the prepared statement presented by Crenshaw. Average net return of the three companies was 3.2 per cent in 1929 and 4.3 per cent in 1930, the commission was told.

Edison Estate

(Continued from Page One)

$7,000,000. It was revealed the inventor gave the two sons and his widow considerable of the stock before his death, so Charles and Theodore and Mrs. Edison now are outright owners of Thomas A. Edison, Incorporated, and Thomas A. Edison industries, which has eight divisions. There are no outside shareholders.

Value Not Confirmed

For several hours after the filing of the will there was considerable conjecture as to the total value of the estate and guesses ran from $15,000,000 to $50,000,000. There was no confirmation of any of them.

It generally was agreed, however, that whatever the value of the estate it would be a relatively small part of the $15,000,000,000 industries Mr. Edison is credited with creating through his perfection of the incandescent lamp, phonograph and other modern conveniences and luxuries.

William H. Meadowcroft, secretary to the inventor, was bequeathed $10,000. John F. Ott, veteran employe who died of shock when he was told of Mr. Edison's death, was named for a like sum, and his brother, Theodore P. Ott, will receive $8,000.

Scientists have estimated that the coldest point in the world is a town in northern Siberia about 1,400 miles from the North Pole.

Appreciation Of Trip Expressed

Appreciation of the Lubbock Chamber of Commerce's plan of sending members of the Four-H clubs to the state fair at Dallas was expressed in a letter received Thursday by officials of the civic organization from Miss Dorothy Horton of Hurlwood.

"I am one of the Four-H club girls who went to the Dallas fair," she said. "I enjoyed every minute of the time. I think the best scene I saw was the "Battle of Gettysburg.' Have you seen it? When you look at the top of the picture it seems like you are looking miles away, but the top is nearer to the spectator than the bottom of the painting.

"I am glad that the chamber of commerce is giving these trips to the girls and boys. We all enjoy them very much."

Grain

FORT WORTH GRAIN

FORT WORTH, Oct. 29. (AP) — Cash grain demand continued good.

Quotations ranged as follows, basis carloads delivered Texas Gulf ports, export rate, or group three points, freight paid:

Wheat, No. 1 ordinary hard milling 59 1-2@60 1-2; No. 1 hard 13 per cent protein 60 1-2@61 1-2; 14 per cent 64 1-2 @65 1-2; 15 per cent 68 1-2@69 1-2; 16 per cent 72 1-2@73 1-2.

Corn, No. 2 mixed 40 1-2@41 1-2; No. 2 white 41 1-2@42 1-2; No. 2 yellow 40@ 40.

Barley, No. 2 nominally 38@46.

Sorghums, No. 2 milo per 100 lbs. 79@ 81; No. 2 kaffir 79@81.

Basis delivered Texas group three: oats, No. 2 red 24@28.

CHICAGO GRAIN

CHICAGO, Oct. 29. (AP) — Corn attracted sharper attention today, and developed independent strength, whereas wheat price advances failed to hold. Corn buying showed augmented interest both on the part of the general public as well as professional traders, with more notice generally taken of moves to furnish better credit facilities for corn held in rural storage. There also was much unduing of spreads between corn and other grains, a process that involved purchases of corn against wheat especially.

All cereals closed unsettled, corn, 3-8 to 1 1-8 cents advanced, wheat at 1-4 to 3-4 decline, oats 1-8 to 1-2 up, and provisions varying from 20 cents decline to 10 cents gain.

Cooking School

(Continued from Page One)

been followed each day in the school, will be carried out by Miss Chitwood in her lecture and demonstration this afternoon.

Working in full view of her class, from a model kitchen arranged on a platform, she measures, gives lists of ingredients, mixes and cooks her various dishes. Thursday afternoon another feature was added when she gave a short talk on stain removal for white linens.

At the close of her lecture, the women in attendance were invited to come to the stage to inspect the equipment and the dishes that had been prepared.

Variety of Dishes

Dishes prepared Thursday afternoon were eggs stuffed with sardines, Spanish steak, fancy sandwiches, a burnt sugar cake and icing, a pineapple filling for tarts or to be served alone as a dessert and Mexican salad. With her recipes, Miss Chitwood gave hints on successful combination of ingredients and explained the functions of the various ingredients.

Most dishes that have been prepared in the school during this week have been practical for the ordinary household and extremely economical. Temperatures for cooking have been listed with the various foods, as well as the time for baking and boiling.

Any woman who is not a professional cook is eligible to enter the cake and pie baking contest today, the only requirement being that Amaryllis flour is to be used. Any recipe may be used. All entries become the property of the P.-T. A. council and reasonable prices will be asked in the sale, the committee has announced.

Oil Slash

(Continued from Page One)

administrators of the oil and gas conservation laws.

Tomorrow he will confer with Charles F. Roeser of Fort Worth, president of the Texas Oil and Gas Conservation association and other members of a committee seeking an acreage-basis proration plan approved by a mass meeting of oil operators in Dallas Tuesday.

Under that proposal drilling would be restricted to one well to each 40 acres, each well to be permitted to flow four barrels for each acre in the tract it occupied, estimating that there were 100,000 acres of proven territory in the East Texas area the field's maximum would be 400,000 barrels daily.

Passes From Commission

Administration of production in the field passed from the railroad commission when that agency's last proration order of 165 barrels daily per well was accepted by the militia and promulgated by it as a military regulation.

A new order fixing the maximum production of each well at 150 barrels daily was issued by the military authorities Tuesday, the latest allowable becoming effective today.

Bishop Cannon Is Asked To Stand And Be Recognized

LYNCHBURG, Oct. 29. (AP) — Bishop James Cannon, jr., who recently rebuked Bishop Mouzon for alleged discourtesy in failing to formally recognize him at a church conference, was asked to stand for recognization by Bishop Mouzon at this morning's session of the Virginia Methodist conference here.

Bishop Cannon was the last of four visitors to be recognized. He resumed his seat without speaking. Bishop Mouzon recalled that Bishop Cannon formerly was a member of the Virginia conference and is now an honorary member.

Local Surgeon To Be Honored

Dr. J. T. Krueger Is Asked To Preside At Session Of Oklahoma City Clinical Society Early In November

Dr. J. T. Krueger, surgeon at the Lubbock sanitarium, has been invited to preside at one of the scientific sessions of the annual fall clinical conference of the Oklahoma City Clinical society, to be held November 2-5 at Oklahoma City, Dr. Henry H. Turner, general chairman, announced, according to a dispatch received here Thursday.

KRUEGER

Dr. Krueger Thursday night said he planned to attend the conference and would leave Sunday for Oklahoma City. The session at which he will preside will be in the surgical division.

Features Announced

"These fall clinics, which are held annually, bring to the medical profession of Oklahoma and the Southwest internationally known medical specialists and teachers," Dr. Turner said in his announcement. "The program this year consists of daily general assemblies, over 100 hours post-graduate work, round-table luncheons, banquets and dinners, instructive scientific exhibits, scientific talking pictures, entertainment and a golf tournament.

Sixteen distinguished guests will address the general assemblies, it was said. Among the nationally known medical men on the program are Dr. E. Starr Judd, president of the American Medical society, and Dr. Hugh Cabot, both of Rochester, Minn.; Dr. Harry S. Crosson, of the staff of Washington university, St. Louis; Dr. Joseph Beck, of the University of Illinois, Chicago, and Dr. Walter E. Dandy, of Johns Hopkins, Baltimore.

NEWS BRIEFS

Mounted specimen of birds will be exhibited tonight at the monthly court of honor of Lubbock Boy Scout troops, D. T. Jennings, scout executive, said Thursday. H. G. Payne, manager of a business college here and a student of birdlife, will address the scouts. The court will convene at 7:30 o'clock in the criminal district courtroom. George W. Dupree, local attorney and court of honor chairman, will preside.

The body of George W. Dick, 58, of Enochs, Tex., who died at a local hospital at 2 a. m. Thursday, was sent to Weatherford, Tex., last night by Bynum-Morgan Funeral home for burial. The funeral service will be conducted there this afternoon.

Dick was a member of the Knights of Pythias lodge. He is survived by his widow and Jess Dick of Enochs; a daughter, Mrs. L. Coffee of Scotts Bluff, Neb., and a sister, Mrs. T. F. Millsap of Millsap, Tex.

Theft of a small diamond ring, valued at about $15, and cash totaling about $4, from a room at a residence at 2410 Fourteenth street Tuesday night was reported to police late Wednesday night.

Statements Of Navy League Are Challenged By Hoover

WASHINGTON, Oct. 29. (AP) — Challenging statements of the Navy League, President Hoover announced today he would appoint a committee to which "agencies of the government will demonstrate" the league's charges to be "untruths and distortions of fact."

The league yesterday issued a statement taking issue with Mr. Hoover's naval policies, and charging the president with an "abysmal ignorance" of the purpose and needs of the fleet.

Fifty-Cent Wheat Is Now A Reality On Abilene Market

ABILENE, Oct. 29. (AP) — Fifty-cent wheat, a new high for the 1931 crop, is a fact in Abilene, buying and shipping center for a large area which, this year, made a bumper crop. Large buyers announced tonight that they will pay a half-dollar per bushel for No. 1 grade, Friday and Saturday. Today's price was 40 cents.

When the 1931 season opened locally the price paid was 45 cents. It gradually fell to a low of 26 cents, but the market has been slowly working upward, almost without a check, for several weeks.

Man Paid For His Mourners But His Widow Was Poor And Few Were There

CHICAGO, Oct. 29. (AP)—Not one friend of Louis A. Thiel, who left a fund to be paid to his mourners, attended the funeral today of his widow whose death involved no financial inducement to honor her memory.

Thiel, an eccentric fresco painter, died more than a year ago. He left $2,500 to be paid in $20 gold pieces to members of his lodge who should visit his grave on November 17 or June 17. He stipulated certain "good friends" who should receive from $5 to $20 if they came to mourn.

Scores milled about the grave last November and last June, exhausting the fund. Mrs. Frances Thiel's estate dwindled away. She died yesterday at 73. Only a few of her own friends gathered for her burial.

Police Swoop Down On Hotel But Find "Mob" Has Escaped

CHICAGO, Oct. 29. (AP) — Detectives swooped down today upon the luxurious Michigan boulevard hotel suite of the Capone outlaws, whence all but Cook and Porter had fled.

They found the boudoir of the notorious "Scarface Al," now in Cook county jail, adorned with period furniture, his parlors dotted with radios tuned in on the police short wave alarms, his kitchen reminiscent of spaghetti. But the Capone "mob" had silently stolen away into the night.

Man Dies After Shooting At Hands Of His Wife Wednesday

CARUTHERSVILLE, M., Oct. 29. Milton Davis, 40, who was shot by his wife, Peggy, 22, during a quarrel at a roadhouse last night, died this morning in a hospital at Blytheville, Ark., authorities here were notified. Sheriff Peter Robinson of Pemiscot county placed Mrs. Davis in jail under a charge of first degree murder.

Mrs. Davis said she shot in self-defense.

Harry Mitchell Is Denied Writ Of Amparo In Mexico

EL PASO, Oct. 29. —(AP)—Harry Mitchell, owner of the Mint cafe in Juarez, has been denied a Mexican federal writ of amparo which would have restrained the Mexican federal health department from fining him 1,000 pesos on charges of possessing drugs.

Mitchell and a bartender recently were arrested after officers said they found a small quantity of a narcotic in Mitchell's automobile. Juarez city authorities dismissed the charges on grounds of insufficient evidence, but the federal health department assessed the fines.

Dispatch To Mexico City Says Governor May Resign

MEXICO CITY, Oct. 29. (AP)—A Chihuahua dispatch to Universal Grafico said it was rumored there today that Governor Andres Ortiz, who was on his way to Mexico City, would resign when he arrived here.

The dispatch added that Colonel Roberta Fierro, chief of the civil aviation department, might be named governor of Chihuahua to succeed Ortiz.

TO KEEP JOB

WASHINGTON, Oct. 29. —(AP)— Senator Fess of Ohio today agreed to keep a job he has been trying to get rid of—being chairman of the Republican national committee — until after the party convention next year.

BATTLE REPORTED

LONDON, Oct. 29. (AP)—A Mukden dispatch to the Daily Mail says Japanese troops routed a force of 1,000 bandits betewen Chenchiatun and Szupingkai yesterday, killing 100 of them and wounding 200.

FLYING PERMITS INCREASING

The Commerce Department has issued 4674 student pilot permits as compared with only 2834 issued last year. An increase of slightly more than 11 per cent in passenger air traffic has been reported.

There are 40,000,000 widows in India, many of them under 18 years of age.

PSORIASIS

This is a serious skin disease usually of a stubborn nature and causes no end of trouble to folks who are unfortunate enough to contract it.

The antiseptic Emerald Oil treatment takes right hold with the first application and good results continue daily.

If powerful antiseptic Emerald Oil doesn't conquer your trouble Bowen's Drug and Bowen's Hilton Pharmacy or any live druggist anywhere will return the purchase price.

Philadelphia man spent thousands of dollars trying to get rid of Psoriasis—Nothing helped until he got Emerald Oil—soon he was well—again free from this stubborn disease.

Moone's Emerald Oil costs but 85 cents a bottle and it's so wonderfully helpful for other ailments such as Eczema, Acne, Itching Skin, Old Sores, broken Varicose Veins, Itching Toes and Athletes Foot—It's a great home remedy.—Adv.

"clear road ahead!"

It's great to feel that way . . . and you *do* . . . when the blood has the "feel" of enough rich red cells

REGARDLESS of age—be fortified with plenty of "red blood." That s-p-e-l-l-s *happiness.*

Often "that tired feeling" may be a warning . . . so are pimples, boils and paleness. A general run-down condition means a lack of normal resistance to infection and disease. A lagging appetite often leads to underweight and ill health.

For generations S.S.S. as a tonic has been helping people gain New Strength, better health and happiness. Its successful record of over 100 years in restoring strength and vitality to the blood surely warrants your giving it a good trial.

Why not start taking S.S.S. today?—the larger size represents a price saving.

S.S.S.
Builds Sturdy Health

TUBERCULOSIS VACCINE

Prof. A. Calmette, head of the Pasteur Institute at Paris, claims the discovery of a new vaccine which, if administered to babies within 10 days after their birth, gives immunity to tuberculosis.

The United States government as such has never borrowed money from the British government.

COLDS THAT DEVELOP INTO PNEUMONIA

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. (adv.)

Judge Roy Bean With His "Law West Of The Pecos" Have Become Stories With Traditions; To Be Shown Here

DEL RIO, Oct. 29. (AP) — Judge Roy Bean and the "Law West of the Pecos" have become Texas traditions. Numerous writers have visited the old building in Langtry where Judge Roy Bean held the offices of justice of the peace, notary public and saloon keeper.

Most other pilgrims to the shrine of early Texas law and order are simply curious and certainly few of them see anything artistic in a weathered pile of boards bearing some semblance to a house but rapidly falling into decay.

Sees Something More

Mrs. Viola Corley of Del Rio saw something more than that in the old shanty. She saw a part of the history of Texas and determined to preserve it for all time by placing it on canvas. The result of her decision is on exhibit in the window of a studio here.

The artist's attention to detail is noted in the cactus and sage brush in front of the house; the sign on the porch "Jersey Lily," the name of a particular brand of liquor that Roy Bean had for sale and which he named for the English actress, Lily Langtry, and the naturalness of the West Texas clouds floating across the sky.

Comes To Lubbock

The painting will remain on exhibit here for a few days before being sent to Lubbock, where it is to be placed on exhibit by the Texas Federation of Women's clubs. Mrs. Corley was requested by this organization to send one of her paintings to the exhibit and choose this, her latest, because it is the most typically Texas.

Mrs. Corley is a member of the Southern States Art League, the San Antonio Art League, and recently received an invitation to become a member of the American Artists Professional League.

Northwest Texas Methodists Planning To Meet In Vernon

VERNON, Oct. 29. — Plans are being made here for entertaining the Northwest Texas Methodist Conference in Vernon on Nov. 12 to 16, inclusive. At least 350 delegates and visitors are expected, according to Dr. W. M. Pearce, pastor of the First Methodist church here. The event will mark the annual business meeting of the conference, including appointment of pastors for the Methodist churches of Northwest Texas, including the Abilene, Amarillo, Clarendon, Lubbock, Plainview, Stamford, Sweetwater, Vernon and Perryton districts.

Bishop H. A. Boaz, of Houston, and other notables are expected here for the conference session. Vernon Methodists, the Chamber of Commerce and Vernon people as a whole will unite in entertaining the visiting delegates.

New Pamphlet Being Planned To Publicize Vernon Areas

VERNON, Oct. 29.—The publicity committee of the Vernon Chamber of Commerce has ordered the immediate publication of a new pamphlet featuring general information regarding Vernon and Wilbarger county. Preparation for the new publicity material has been in progress several months. The pamphlet will be ready for distribution in less than a week.

Reading matter and thirty pictures are featured on one side of a large sheet, while a Texas highway map appears on the reverse side. When spread out the sheet is 24 by 26 inches. It folds into a convenient size for mailing.

Cause referred to section B of commission of appeals: Mrs. W. G. Nairn et al vs. Robert Bean et al, Lubbock.

Principal Political Figure Behind Insurgents Is Dead

HONGKONG, Oct. 29. (AP)—Koo Ying-Fan, principal political figure behind the South China insurgent government, died today in Canton.

Koo's mantle falls on his lieutenant, Lin Yun-Kai, who is hurrying toward Canton from Shanghai where a conference looking toward peace between the Canton and Nanking governments is in progress.

The peace conference, which was begun as a possible means of unifying China politically in the face of trouble with Japan over the latter's occupation of Manchuria, probably will not be affected by Koo's death.

SUPER-AIR BOMBERS

The Army Air Corps has contracted with a manufacturer for seven super-air bombers, said to be the most terrible weapons of aerial warfare ever devised.
