The SDN Column

The weather of recent days is no indication of it, but football season is upon us and action begins almost immediately at two levels.

The all-star game at the Texas High School Coaches Association's annual clinic is booked for tonight at Fort Worth, and the professionals get their television season going tomorrow night when the world champion Green Bay Packers face the college (now pro) all-stars.

On the home front, School Business Manager Doug Flynn reminds that season tickets to games of the Snyder High Tigers are now on sale to persons who had season tickets last year.

If you had season tickets last year you have through Aug. 15 to claim the same seating facilities in Tiger Stadium. After that date, season tickets will be available on a first come, first served basis at the school business office. There will be five home games this year (all of them conference games) and the price of a season reserved seat is $7.50.

Incidentally, the school is still awaiting fulfillment of a contract for covering the stadium seats with a plastic overlay. The firm that received the contract had some production problems, but school officials still expect the improvement to the stadium to be made in time for the upcoming football season.

★ ★ ★

The Dallas Cowboys, as they have for several years, are searching for a kicker. This time, however, they are dead serious, because Danny Villanueva, the much - criticized kicker who always seemed on the brink of losing his job and often was cited as a weak link on the team, has retired.

Danny had his fans, but more critics, possibly because he got the job after a highly-regarded specialist, Sam Baker, got the heave ho from Tom Landry. However, Villanueva must get some satisfaction when he reads the record books. For example, he holds the all-time NFL record for most conversion points in a single season (56 in 1966 and his punting average of 40.4 last season was just about four yards per kick more than the No. 1 punter of the champion Packers, a fellow by the name of Donny Anderson. Moreover, it was two yards better than Baker, who now boots for Philadelphia. Baker was better at field goals, getting 12 of 19 compared to 8 of 19 for Danny, but the Cowboys undoubtedly are wondering if they will be able to find someone to do as well.

The Cowboys will be on TV Saturday at 2 p.m. when they meet the Chicago Bears.—WACIL McNAIR.

Today In History

Today is Thursday, Aug. 1, the 214th day of 1968. There are 152 days left in the year.

Today's highlight in history:

On this date in 1914, Germany declared war on Russia the outbreak of World War I.

On this date:

In 1502, Christopher Columbus landed in what is now Honduras.

In 1659, a Puritan who was a member of the British Parliament, William Prynne, began a crusade against women's bobbed hair, saying it went past "shame, past modesty, grace and nature."

In 1876, Colorado was admitted to the Union as the 38th state.

In 1907, the U. S. Army established an aeronautical division which developed into the Army Air Force.

In 1944, American troops in France drove from Normandy into Brittany.

In 1946, the Atomic Energy Commission was established.

Ten years ago: President Dwight D. Eisenhower rejected a Soviet proposal for a five - power summit meeting to deal with a Middle East crisis.

Five years ago: President John F. Kennedy said a continuation of Communist China's policies could create a situation more dangerous than any facing the world since World War II.

One year ago: There was racial violence in Washington, D. C., Milwaukee and Providence, R.I.

★ ★ ★

THE WEATHER

SNYDER TEMPERATURES High reading Wednesday 96 degrees; low, 71; reading at 7 a.m. today 72 degrees.

Northwest Texas: Cloudy tonight with scattered thundershowers in west and north. Partly cloudy Friday and a little warmer in west and north and widely scattered thundershowers in central and north portions. Low 64 to 74. High Friday 85 in north to 100 in southeast.

North Central Texas: Clear to partly cloudy tonight and Friday. Low 73 to 78. High Friday 94 to 102.

Northeast Texas: Partly cloudy to clear and warm tonight and Friday. Low 72 to 77. High Friday 92 to 97.

Coast: South to southeast winds 8 to 18 knots through Friday.

South Central Texas: Partly cloudy and warm through Friday with a few daytime showers near coast. Low 72 to 82. High Friday 90 to 100.

Southeast Texas: Partly cloudy and warm through Friday. Low 72 to 82. High Friday 88 to 95.

Southwest Texas: Partly cloudy and warm through Friday with late, widely scattered thundershowers in northwest. Low 70 to 78. High Friday 92 to 100.

President Sees Danger Of Massive Red Attack

By FRANCES LEWINE
Associated Press Writer

WASHINGTON (AP) — President Johnson says the nation can expect a massive attack by the enemy in Vietnam and possible "dire economic consequences" at home over a steel price boost.

The President says he is discouraged over the infiltration and troop buildup by North Vietnam in the South and lack of response, so far, to the U.S. bombing restraint.

But, he expressed hope the enemy will match the restraint and that the attack, which he said appears imminent against major South Vietnamese cities "could be aborted."

He cautioned Hanoi that the U.S. might have to act promptly with additional military measures if they "put our men in danger."

Calling an impromptu news conference in the Cabinet Room of the White House late Wednesday afternoon, the President issued a blast at Bethlehem Steel Corp. for its announced 5 per cent across-the-board price increase effective Aug. 1, the first such blanket price hike in the industry since President John F. Kennedy's confrontation with the steel titans in 1962.

Pointing to the possible inflationary consequences from pricing decision he said could affect the entire economy, Johnson declared:

"Inflation for steel is inflation for the nation."

Johnson said he hoped other steel companies "will not join this parade" and that competitive factors would then "bring about a readjustment on the action the Bethlehem company has taken."

Johnson made no mention of the earlier price hike in U. S. Steel Corp. tin mill products, a selective price increase for its materials used in making cans. He instead lashed out against across - the -board price increases.

But despite Johnson's urging, Republic Steel Corp. posted after the news conference a 4.5 per cent increase in its principal steel mill products. U. S. Steel, Bethlehem and Republic are the No. 1, 2 and 3 steelmakers.

The price boost came before representatives of industry and the United Steelworkers Union could sign a new labor contract expected to raise wages and fringe benefits by at least six per cent a year over the next three years.

Johnson called the settlement high. Pointing to a 41 per cent first half increase in profits for the No. 2 steelmaker, Johnson said "the public interest must be recognized by the entire industry in its price decisions at this critical time."

The 42-minute session with reporters, longer than usual, covered only a few topics.

The President concentrated on Vietnam and the economy.

But he also spoke out publicly for the first time—and at length—on his controversial nominations of Abe Fortas to be chief justice and Homer Thornberry as an associate justice of the Supreme Court.

Johnson said he thought he promoted "two good men", both judged highly qualified by the American Bar Association. "I have no doubt but what a very substantial majority in the Senate believes them qualified," he added.

Johnson had an answer for a group of Senate Republicans who oppose the appointments by Johnson because it is an election year and he is, they say, a lame duck President.

He said he didn't believe many senators wanted him to withhold Supreme Court nominations six or seven months "or that I should play that I was not President" for the remainder of his term.

"Some men who said they will vote against them believe they are qualified and said they would vote for them next January if another president named them," Johnson stated.

Johnson also discussed the status of current preliminary peace talks in Paris and efforts toward a missile disarmament conference with the Soviet Union.

Steelmakers Defend Hike

By JOE KROVISKY
Associated Press Writer

PITTSBURGH (AP) — The nation's top three steelmakers have posted their most sweeping price hikes in six years and say they will stand despite sharp criticism from President Johnson.

Other producers strongly hinted they would follow.

U.S. Steel Corp., Bethlehem Steel Corp., and Republic Steel Corp., the nation's No. 1, 2 and 3 steelmakers respectively, raised prices Wednesday, the day after the United Steelworkers union won its richest contract.

Johnson called Bethlehem's nearly 5 per cent across-the-board hike "unreasonable" and said at a Washington news conference that it "just should not be permitted to stand."

Edmund F. Martin, Bethlehem's chairman and chief executive officer, replied: "Our announcement. . . speaks for itself. In our opinion, our price increase is absolutely necessary and we do not intend to withdraw it."

It was the first confrontation between the federal government and the steel industry since 1962 when President John F. Kennedy forced the rollback of a general price hike.

Johnson, asked if he planned "any instruments" to compel a rollback, said, "We urge them and reason with them and counsel with them and plead with them not to" increase prices.

Republic Steel followed Bethlehem and said it would hike its principal steel mill products 4.5 per cent and said the new labor contract was the reason. The Bethlehem and Republic increases are effective Aug. 8.

U.S. Steel, acting in a manner that has become common in the industry in the past six years, announced a selective price increase for its tin mill products, material used in making cans.

The U.S. Steel increases, effective Oct. 1, were on products which accounted for 7 per cent of last year's industrywide shipments. U.S. Steel would not say how much the increases were.

Johnson expressed hope "other steel companies will not join this parade," saying such action would lead to a price increase of $500 million for American consumers.

Commenting on the union's billion-dollar plus settlement, Johnson said, "The terms of their settlement are high. That settlement will result in some increases in steel costs, but the announced Bethlehem price increase far exceeds any reasonable calculation of the cost of the ware settlement."

Cool Front Finds Texas Just Too Hot

BY THE ASSOCIATED PRESS

The latest cool front found most of Texas too hot to handle but still managed to strip up thunderstorms across parts of the Panhandle today.

There also was rain at El Paso and around Mineral Wells and Jacksboro, while scattered showers extended from the Panhandle-Plains sector into both Oklahoma and New Mexico.

Weather Bureau observers reported the southbound cool front lost its forward momentum during the night. It edged back toward the north before coming almost to a halt along a line linking Wichita Falls, Wink and El Paso.

Lubbock already had received 1.12 inches of rain and El Paso measured .58 in showers which began Wednesday.

Behind the front, the top temperatures Wednesday afternoon climbed to 75 degrees at Dalhart and 79 at Amarillo in the Panhandle.

Farther south there was no letup in the summer heat. The mercury hit 104 degrees at Presidio in Far West Texas, 102 at Wichita Falls, 101 at Wink and 100 at Cotulla, while numerous points had readings in the upper 90s.

Before dawn today thermometers sagged to 58 at Dalhart, 62 at Lubbock and 63 at Amarillo. At the same hour it was 81 in Galveston on the coast.

WELCOME FOR REPUBLICANS — Elephant balloon, symbol of the Republican party, is hauled down for the night after flying near the convention hall in Miami Beach, Fla., where the Republican convention will be held. The balloon is furnished by the Florida Citrus Growers and will fly each day during the convention. (AP Wirephoto)

Fresh US Troops Flown To Vietnam

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — The defense of South Vietnam's northern frontier was stiffened today by 4,000 fresh American troops flown from a Colorado base in an airlift of nearly 100 planes.

The U.S. Command announced the arrival of part of a brigade of the U.S. 5th Mechanized Infantry Division. A spokesman said the troops were flown from Ft. Carson, Colo., to Da Nang, then rushed up to camps just below the eastern end of the demilitarized zone.

The arrival of the 5th Division troops brought the number of U.S. troops in South Vietnam to about 540,000, still below the 549,500 ceiling set by the Pentagon in February after the Viet Cong Tet offensive.

In the ground fighting an enemy force inflicted heavy casualties of 16 killed and 39 wounded on two companies of South Vietnamese irregulars led by P.S. Green Beret men in a battle close to the Cambodian border, the Saigon government reported today.

South Vietnamese headquarters said only four enemy bodies were found after the hard battle Wednesday 65 miles northwest of Saigon on one of the enemy routes from the Cambodian border to the capital.

Reds Hint Peace Talks May Fail

By JOHN M. HIGHTOWER
AP Special Correspondent

PARIS (AP) — North Vietnamese diplomats participating in the Paris peace talks are dropping hints that the talks may fail unless President Johnson ends the bombing of North Vietnam.

U.S. officials regard the veiled threats as a part of the drive North Vietnam has made since the talks began to build up massive public opinion against the U.S. position that North Vietnam must give something in return.

The drive was intensified Wednesday after the North Vietnamese apparently decided that statements by Secretary of State Dean Rusk made speculation about an early change in U.S. bombing policy untenable. Rusk said on Tuesday that the U.S. government would have to be told what North Vietnam would do before it could end the bombing.

A North Vietnamese spokesman also introduced a new element into the conflict by implying there might be some split over bombing policy between Rusk and Ambassador W. Averell Harriman, the chief U.S. negotiator at the Paris talks. The spokesman said Harriman did not speak in Rusk's defense at the meeting Wednesday.

Czechs Still Optimistic

PRAGUE (AP) — The Czechslovak press, firmly supporting the new liberal Communist regime, maintained an air of optimism today despite indications of a snag in the crucial Soviet-Czechoslovak party negotiations at Cierna.

Possibly at odds over the wording of a final communique, the two sides held another night session Wednesday. Unofficial sources said they got together again this morning. Radio Prague announced "the meeting continues."

The talks had been prematurely reported by usually reliable informants to have ended Wednesday afternoon.

The Czechoslovak Communist party newspaper Rude Pravo said in a commentary from Cierna that "not even the most critical observer could detect any trace of tension or nervousness" among the Czechoslovak delegates that day.

Report Of Massacre Reach Hong Kong

HONG KONG (AP) — Detailed reports reached Hong Kong today of four "bloody massacres" in which hundreds of persons were killed and thousands wounded in a small southern China county by a 1,300-man rightist force equipped with mortars, machine guns, rocket launchers and other weapons.

The Canton newspaper Chiench Hung-lien said an "army of cutthroat murderers led by antirevolutionary butcher Yu Feng Ching attacked our revolutionary headquarters" in Yangchiang County, Kangtung Province during April and May.

There was no confirmation of the reports which were the most detailed to come out of Kwangtung since violence exploded in that province early this year.

WITH EMOTION — AND CASH

US Replies To Biafran Pleas

By HENRIETTA LEITH
Associated Press Writer

NEW YORK (AP) — Americans are responding with emotion—and cash—to the plight of children reported starving on the other side of the world.

This time the victims of war are the people of Biafra, a tiny African country which seceded from Nigeria and in the ensuing fight was cut off from food and medical supplies.

Church groups and the International Red Cross long have been aware of the tragedy of the Biafrans. Millions of dollars and thousands of tons of food and other supplies have been collected around the world, much of it through U.S. churches.

The supplies, including baby food, powdered milk and eggs to meet the Biafrans' desperate need for proteins, and medical supplies, have been airlifted into Biafra's 10,000-square-mile cul de sac, surrounded by hostile territory, in a cloak-and-dagger operation—a miniature Berlin airlift.

Many tons of supplies already are in African warehouses and much more is on the way. For example, Church World Service, relief arm of the Protestant National Council of Churches, has started trucking 500,000 pounds of high-protein beans from its Saginaw, Mich., depot to Baltimore for transport by ship to Biafra.

The Biafrans get only a few planeloads of food and medicine a day because the relief planes must fly at night to avoid Nigerian government antiaircraft fire, landing in the dark on makeshift landing strips.

Photographs showing tiny Biafrans with protruding ribs and distended bellies of malnutrition brought sudden and dramatic results.

Dr. Nwonye Otue, head of the New York office of the Republic of Biafra, gets numerous offers of aid for his countrymen.

Otue refers would-be contributors to the groups which have been helping Biafra all along—the World Council of Churches, Catholic Relief and the Red Cross—or to UNICEF, the United Nations children's fund which has started a Biafran relief program.

Gigantic Surplus Of Wheat Feared

WASHINGTON (AP) — Warning signals are being hoisted by the Agriculture Department over the possibility of another gigantic surplus wheat buildup in the United States.

The situation has been in the making for many months, beginning with the bumper world wheat crop of 1967 and complicated by a repeat performance this year.

Despite the tighter government planting programs for both the 1968 crop and the one to be planted for 1969, total U.S. supplies are mounting rapidly.

The department said Tuesday the U.S. wheat carryover next July 1 could be as high as 701 million bushels. And this easily could be much higher if wheat exports fall short of the 750 million bushels target for the 1968-69 marketing year, officials concede.

Exports for the year ending June 30 totaled 762 million bushels, exceeded only by the 1965 record of 867 million bushels and the 856 million shipped abroad in 1963.

But the export picture for the coming year is clouded by increased production in the world's major wheat areas and indications for better crops in the countries which normally buy from exporters.

The major wheat exporting nations are the United States, Canada, Australia and France. These countries had 235 million bushels more wheat available for export June 30 than the year before, the department said. In addition, the outlook for current harvests is better than average.

India and Pakistan, important wheat markets under U.S. foreign aid programs, report record food grain crops this year, the department said.

Domestically, the United States is confronted with a record wheat crop on the heels of the big 1967 production.

The department cut 1968 wheat acreage allotments by 13 per cent in an effort to slow down the trend. But this year's production—estimated at nearly 1.6 billion bushels—is four per cent higher than last year's.

Mexico Students Prepare Protests

By OSCAR KAUFMANN
Associated Press Writer

MEXICO CITY (AP) — Thousands of students are preparing demonstrations in the Mexican capital to press their charges of police brutality and violation of their traditional right of autonomy.

A spokesman said plans were going ahead for a joint demonstration by students of the University of Mexico and the Poly Technic Institute, whose buildings were invaded Monday night by army and police forces after hours of youthful violence.

The University of Mexico's rector, Javier Barros Sierra, declined to lead today's demonstrations although on Wednesday he condemned repression of the riots early this week. He said autonomy "in almost 40 years has never been so seriously menaced."

The 85,000-student university and its affiliated preparatory schools have been free from intervention by federal and local authorities since the riots of 1928.

At least one person was killed, more than 400 injured and at least 1,100 arrested in the anti-government rioting that began last Friday with a pro-Castro demonstration honoring the anniversary of the Cuban 26th of July revolution.

Campuses in Latin America are traditionally off limits to the police and military, but newspapers, labor unions and others supported the government's action, saying the alternative would have been chaos.

Police charged that five of the ringleaders were French students who had taken part in the Paris University riots in May.

Robb Ending Tour Of Front Line

DA NANG, Vietnam (AP) — Capt. Charles A. Robb, President Johnson's Marine son-in-law, is approaching the end of his tour of front-line combat duty and probably will be transferred to a staff post before the end of the summer.

He may serve the second half of his Vietnam assignment at the headqquarters of his battalion, which is part of the 7th Marine Regiment.

His battalion commander, Lt. Col. Roger H. Barnard, 38, of Boulder, Colo., said Robb has been an exemplary officer while in command of a company fighting in the rugged country west of Da Nang.

Lynda Bird Robb's husband is one of the battalion's four rifle company commanders. Under a Marine "split tour rule" company commanders spend half their year in Vietnam in combat commands and half in staff posts.

Barnard said Robb's company "has been in combat 98 per cent of the time" since the 28-year-old captain took command of it last March.

Firemen Are Kept Busy During July

The Snyder Fire Department made 30 runs during the month of July, according to Alfred Kohl, fire chief. Eighteen of these were within the city limits and 12 were county fires.

The majority of these involved either grass or car fires. Kohl reminds everyone that this is the season for grass fires. He said that when burning trash, if a fire guard is used, and no burning is done on the windy days, the less fires would get out of control.

	CITY	COUNTY

Theft Reported

The theft of a lawn edger was reported to the Snyder Police Department Wednesday. Ted Crenwelge, 3107 Avenue W said that the edger was taken from his garage sometime between July 25 and 31.

Sgt. Aultman On Duty In Vietnam

Master Sergeant John L. Aultman, son of Mrs. A. A. Aultman of Oak Grove, La., is on duty at Cam Ranh Bay AB, Vietnam.

Sergeant Aultman, a budget superintendent, is a member of the Pacific Air Forces.

Before his arrival in Vietnam, he was assigned to Cannon AFB, N. M.

His wife, Barbara, is the daughter of Mrs. P. R. Eaton of Rotan, Tex.

Sharp Succeeded By Admiral McCain

HONOLULU (AP) — Adm. U.S. Grant Sharp has stepped down as commander of U.S. Pacific forces, commenting it was "frustrating not to be able to make full use of our tremendous air power" in the Vietnam war.

Sharp was succeeded Wednesday by Adm. John F. McCain Jr. in ceremonies aboard the carrier U.S.S. Hancock at Pearl Harbor. Sharp had been the top military commander in the Pacific for four years.

The ceremonies were attended by Gen. Earl G. Wheeler, chairman of the Joint Chiefs of Staff who presented Sharp with the Distinguished Service Medal, and Gen. William C. Westmoreland, Army chief of staff.

South Plains Field Day Set Sept. 10

LUBBOCK — The 59th annual field day at the Texas A&M University South Plains Research and Extension Center will be held on Tuesday, Sept. 10, beginning at 1 p.m.

Tours of field plots and an open house will continue throughout the afternoon, announces Dr. Arthur Onken, soil fertility scientist and chairman of this year's field day. The center is located about 7½ miles north of Lubbock on U. S. 87.

General theme for the upcoming event is "Service to West Texas Agriculture: Past - Present - Future."

Highlights of the field day will be discussions and tours of field plots on cotton varieties and diseases, weed control, soil fertility, irrigation flexibility and sorghum midge control.

"Each year this field day is planned and developed with the intent of providing the South Plains farmer with the latest information on the most important and most current agricultural production problems," says Onken. "Research results will be explained and information will be provided to assist the farmer in making management decisions about crops, water, fertilization, timing operations, agricultural chemicals, mechanization and water."

Other attractions during the filed day will be a large machinery exhibit, a newly constructed ginning laboratory, greenhouse and laboratory displays and displays on the home economics and 4-H Club programs on the South Plains.

More than 40 Research scientists and Extension specialists officed at the center will be on hand to assist with the field day and to deal with individual problems on virtually all phases of agricultural production, announces Onken.

County agricultural agents from throughout the South Plains will serve as tour guides. They and the Research and Extension staff encourage anyone interested in agriculture to make plans now to attend the field day and open house.

90 Persons Missing Following Eruptions

SAN JOSE, Costa Rica (AP) — An estimated 90 persons were still missing in the shadow of erupting Mt. Arenal today as the known death toll rose to 78.

The latest reported victims in the volcano disaster that began Monday were eight rescue workers who were caught by a fresh explosion of the volcano Wednesday.

Fire Bombs Reported

GRAND RAPIDS, Mich. (AP) — Fire bombings were reported Wednesday night in the Negro sections of Grand Rapids and Kalamazoo, two Michigan cities hit by racial disturbances this week.

Grand Rapids police said two vacant houses were set on fire in the city's Negro Southeast Side and that a firebomb was found inside one house and a gasoline can in front. Windows were broken on a parked car and the interior was set afire, police said.

There were also two complaints of rocks being thrown at cars, but no arrests were made and no injuries were reported.

In Kalamazoo, 60 miles south of Grand Rapids, Negro, Floyd Glass, 24, was arrested and booked on a charge of arson after a firebomb was thrown against the wall of a cement block building occupied by Gibson Inc., a guitar manufacturer.

Kalamazoo Police Lt. Michael Marklin said no damage was done to the building, in the city's Negro section.

MR. AND MRS. FRANK CRIS NASH

Knapp News

By MRS. VERNON TODD

Members and their families of Knapp Baptist WMU enjoyed an ice cream supper at the home of Mr. and Mrs. W. O. Tipping Monday evening. Secret pals were revealed and gifts exchanged. Those attending were Rev. and Mrs. Bill Grandon, Wayne Killough, Mr. and Mrs. Bob Walker and daughters, Mrs. Ben Weathers, Mrs. M. N. McMichaels, Mr. and Mrs. Wayne Crow, Jimmy, Kenny and Melinda, Debbie Henderson, Mr. and Mrs. Udell White, Gail and Art, Mr. and Mrs. Vernon Todd, Verna and Janice.

Debbie and Carla Sue Henderson of near Houston have been visiting the past two weeks with Mr. and Mrs. Wayne Crow and children and Mr. and Mrs. Ed Franklin of Snyder.

Mrs. Ben Weathers visited in Snyder Sunday and attended the First Baptist Church Sunday evening.

Mr. and Mrs. Udell White, Gail and Art and Mr. and Mrs. Cletus Addison and daughters have returned from vacationing at Ruidoso, N. M.

Mr. and Mrs. Mickey Sterling and children attended the Sterling reunion at Snyder Sunday.

Mr. and Mrs. Loyd Ramsey and sons of Lubbock visited last week in the Vernon Todd home.

Mr. and Mrs. Udell White and Art, Mrs. Ocie Tipping, Mrs. Ben Weathers, Rev. and Mrs. Bill Grandon, Mr. and Mrs. Vernon Todd, Verna and Janice attended the funeral of Robert Killough at Gail Saturday.

Mr. and Mrs. Jim Beam and Jim Bob of Patricia, Mr. and Mrs. Joe Bailey and Ronda of Post, Mr. and Mrs. Clements von Roeder of Snyder, and Mr. and Mrs. Jim Sorrells visited Sunday with Mrs. Frieda Murphy.

Miss Tate Reports At Union H-D

The Union Home Demonstration Club met recently at the Union community center with Mrs. Howard Hogue hostess.

Roll call was answered by a "description of my wedding dress." A report on the 4-H Round - up at A&M College and the Junior leadership camp held at Levelland was given by Darlene Tate. Barbra Tate gave a report on 4-H events planned for the county.

The program was a workshop on yard planning, held by Miss Ruby Butts. Each member present planned the landscape to frame a house instead of overpowering it. Also on the program, Darlene Tate demonstrated using the "right" canner for the "right" food. She said it is usually better to use the boiling water bath method for fruits and tomatoes and the pressure cooker to can vegetables or meats. She also demonstrated the care of each kind of cooker.

Refreshments of cookies and coffee or tea were served to Mrs. Sam Flmming, Mrs. Guy Stoker, Mrs. H. J. Schulze, Mrs. R. J. Rosson, Mrs. O. P. Tate Jr., Mrs. C. W Christ, Darlene and Barbra Tate, and Miss Butts.

WOMEN'S CALENDAR

Miss Hudson, Mr. Nash Pledge Double Ring Vows

Before an archway of greenery and pink roses, flanked by baskets of pink and white flowers, Kathleen Patricia Hudson and Frank Chris Nash were united in marriage on July 6, 1968, at 4 p.m. at the Ave. F and Thirtieth Street Church of Christ. Lynn Fisher, minister, officiated at the double ring rites.

Attendants were, Donna Woellert, maid of honor, and Sharon Hudson, sister of the bride, was bridesmaid. Best man was Sgt. William Curott and groomsman was Sgt. Dennis Felker, both of Webb Air Force Base, Big Spring.

Ushers were, Franklin R. Richardson, cousin of the bride, from Merkel, and Johnnie Ezell of Ira.

Traditional wedding music was sung by a group from the East Side Church of Christ headed by Mrs. Garth Austin.

Given in marriage by her father, the bride wore a floor-length gown of Chantilly lace, designed with a cowl neckline, short sleeves, modified empire bodice and A-line skirt. Organza flowers and petals accented in pearls secured her short illusion veil. She carried a cascading bouquet of white feathered carnations, ivy and ribbon streamers, centered with a white jaffette orchid atop a prayer book.

She carried out the tradition of something old, new, borrowed, and blue. Her something old was a more than 100 years old prayer book which once belonged to her maternal great-grandmother. Something new, her gown and veil; something borrowed, a necklace from her sister Sharon; something blue, a garter with pennies, minted in the years of the couple's births, sewn in. She also wore a six pence in her shoe presented to her by her sister Jo Ann.

The maid of honor wore a deep pink floor - length gown of dacron linen, fashioned with empire bodice encircled with daisies, short sleeves, ring collar and A-line skirt. Her headpiece was a short, circular veil attached to a large Dior bow, topped with clusters of half bows and daisy streamers. The bridesmaid was attired identically to the maid of honor in a lighter shade of pink. Each carried a cascade arrangement of Margarete daisies.

Parents of the couple are, Mr. and Mrs. William J. Hudson, 307 Thirty - third Street, Snyder and Mr. and Mrs. Byron C. Nash, 210 Tracy Road, New Whiteland, Indiana.

For her daughter's wedding Mrs. Hudson chose a lace trimmed semi-fitted dress of light blue linen with blue and white accessories. The mother of the groom wore a dress of rose pink linen with white accessories. Both wore corsages of white feathered carnations.

Following the ceremony, a reception was held at the Snyder Savings & Loan Co. community room.

Mrs. Robert McCommon presided at the three tiered wedding cake, which was topped with pink satin bells. Mrs. A. J. Richardson of Merkel, aunt of the bride, ladled punch. Mrs. Myrthal Calloway also helped serve.

A large memory candle, surrounded by English ivy and pink roses, served as the centerpiece. Appointments were in silver and crystal.

Karan Sadler, registered guests. Out-of-town guests were from Rotan, Garner, Weatherford, Merkel, Abilene and Wichita Falls, Texas, Los Angeles, Calif. and New Whiteland, Indiana.

The bride is a graduate of Snyder High School and Commercial College in Abilene. The groom is a graduate of Whiteland High School and attended Rochester Institute of Technology, New York. He is now a Sergeant in the U. S. Air Force stationed at Elmendorf Air Force Base in Alaska.

After a wedding trip to Indiana, the couple flew to Alaska, where they are now residing at 3533 Richmond Street, Anchorage, Alaska.

FUNDS MAY BE TRIMMED

Housing Bill's Future Shaky

By JOE HALL
Associated Press Writer

WASHINGTON (AP) — The stroke of a pen may turn President Johnson's far-reaching housing bill into law, but only future Congresses can make it a lasting reality for millions of the nation's low income families.

The government apparently will have enough money to finance the early stages of the three-year, $5.4-billion program. But even the current Congress has repeatedly slashed President Johnson's budget requests and its own authorizations.

If Congress should still be faced with war and inflation six months from now, appropriations to carry the measure through its second and third years may well be cut back to disable Johnson's 10-year goal of 6 million new and rehabilitated homes.

The key new feature of the bill would help poor families buy homes and its $300 million outlay over the next three years would be the most generous government subsidy ever enacted for such a purpose.

The program's cost, however, is expected to increase greatly from the initial $75 million authorization.

The measure also includes new money authorizations for many existing programs seeking to deal with problems of city slums and the impoverished.

Among these are rent subsidies, low-rent public housing urban renewal, and model cities and a package of aid to help set up whole new towns.

The legislation also wraps in far-reaching new provisions setting up a government insurance corporation to help make policies available to homeowners and businessmen in riot-potential areas and to establish a national flood insurance program.

The Housing and Urban Development Department estimates new subsidy plans should help 500,000 families buy homes in the three years covered by the bill and enable 300,000 to rent suitable apartments.

Under the home ownership plan, the government would subsidize the monthly mortgage payments by paying all of the interest charges above 1 per cent in the case of those with the lowest incomes.

Many home buyers now must pay 7 per cent or more.

Families with incomes of $3,000 to $8,000 are expected to qualify for the subsidies. Down payments could be as low as $200.

The new rental program also would be based on a subsidy covering all interest charges above 1 per cent on apartment-house mortgages.

The bill contains dozens of other provisions making significant changes in government housing programs. Among them are:

Creation of a National Home Ownership Foundation to encourage public and private organizations to provide more housing for low-income families.

A requirement that urban renewal be reoriented so that at least half of the housing units built are for low and moderate-income families in each city and that at least 20 per cent be for low-income families.

Casualties Increase Last Week

SAIGON (AP) — The number of men killed in action in Vietnam—Americans, South Vietnamese and enemy—increased last week although a general lull continued in the ground fighting.

The U.S. Command, in its weekly summary today, said 193 Americans were killed compared with 157 in the previous week.

The number of wounded dropped sharply, however, to 1,086 last week from 2,014 a week earlier. Of those wounded last week, 580 were hospitalized.

U.S. officials said there was no precise explanation for the increase in combat deaths and the decrease in the number of wounded.

The report increased the total of U.S. casualties since Jan. 1, 1961, to 26,290 killed and 165,130 wounded.

South Vietnamese headquarters reported 243 government troops were killed last week compared with 156 a week earlier.

The allied command reported 1,146 enemy were killed last week, but U.S. headquarters noted as usual that this figure was "subject to adjustment." It added that the enemy death toll for the previous week had been increased from 1,248 to 1,549.

Directs At La Scala

MILAN, Italy (AP) — Luciano Chailly was appointed Wednesday as new artistic director of Milan's La Scala opera house.

STARVING BIAFRAN CHILD — This undernourished child is one of many to be seen amongst the refugees at Biafran camps. Food supplies have been cut off from the Biafrans in their war with Nigeria. (AP Wirephoto)

Autry Makes Big Sale

LOS ANGELES (AP) — Former singing cowboy Gene Autry has agreed to sell nearly half of Golden West Broadcasters for $25 million in cash.

Autry and Forrest Shumway, president of the Signal Companies, Inc., said Wednesday that Signal would purchase 49.9 per cent of Golden West, which includes TV station KTLA and radio KMPC, both in Los Angeles; KSFO in San Francisco, KEX in Portland, Ore., and KVI in Seattle.

Autry, chairman of Golden West, will keep his post and assume the presidency. No change of management or personnel is planned, Autry and Shumway said.

Autry's controlling interest in radio and television stations in Phoenix and Tucson, Ariz., are not involved.

Signal is a multi-industry group of firms including Signal Oil & Gas Co., the Garrett Corp. and Mack Trucks, Inc.

Grazing Assn. Is Aid To Cattlemen

Farmers and cattlemen are acquiring needed land resources by forming grazing associations and obtaining financial assistance from the Farmers Home Administration, the agency's Scurry County Supervisor, Charles H. Henderson, said this week.

A grazing association is composed of a group of family farmers and ranchers who join together to lease and develop land to provide seasonal grazing for livestock belonging to its members. The nonprofit association is owned, operated, and managed by it members.

"Small farmers," Henderson said, "can increase their incomes, make better use of land and water resources, and develop larger equity in land through use of a grazing association. This program often provides small farmers with their only opportunity to remain in farming on a profitable basis."

Other advantages of an association include providing opportunities to improve livestock quality, gain bargaining power in the market place, build more stable operations and strengthen the rural community.

"Results benefit the entire community," Henderson said, because associations accomplish better use of land and water resources and provide expanded tax bases and more local buying power."

The grazing associations now in operation in Texas range in size from 4 to 43 members, depending on the number of livestock to be supported and the extensions and quality of the land.

Eligible to form associations are neighboring farmers and ranchers who operate family size units. Financial and technical assistance is provided by the Farmers Home Administration. Additional aid often is provided by the Department of Agriculture's Soil Conservation Service, Agricultural Stabilization and Conservation Service, and the Extension Service.

Loans are available to qualified borrowers for periods up to 40 years at an interest rate of 5 per cent. Interested individuals should contact Charles H. Henderson, County Supervisor, at 3423 Avenue T in Snyder, form a steering committee, and begin looking for suitable acreage.

Hurt Rider Has Surgery

Word has been received here that Leonard (Lynn) Heath, who was critically injured while participating in the rodeo here, underwent about eight hours of surgery yesterday in the VA Hospital in Dallas. He had been transferred there last Saturday from Hendrick Memorial Hospital in Abilene.

According to the information given, there was good hope that the surgery was successful.

A fund was started here to give financial help to him and his family. It was reported that this has been of great help, but those in charge of the fund said that more help was needed.

Contributions may be made at both local banks, Sallie's Dining Room, and the D. T. Pierce residence, or they will be picked up if the Pierces are notified that someone wants to contribute.

Roping Event Slated Here

The West Texas Team Roping Association will hold its annual contest in Snyder Saturday and Sunday. Ten teams of three men each will compete in the double-elimination affair which will begin at 9 a.m. Saturday at the rodeo grounds.

Bill Zimmerman, who is in charge of arrangements, said that each man in a match would rope four calves. The contestants come from a wide area of West and Northwest Texas. Included among the teams represented are Electra, Iowa Park, Quanah, Aspermont, Petersburg, Post, Paducah, Guthrie, Claremont and Snyder.

The event is held in a different town each year. The last one was staged in Childress, and next year it will be held in Petersburg. Every contestant has to be approved by the association.

There will be no admission charge and the public is invited.

There were three great temples at Baalbeck, erected by Imperial Rome to dazzl people of the East with its might.

Dear Abby

By ABIGAIL VAN BUREN

DEAR ABBY: A neighbor of mine has a daughter who is 24 years old. Linda is a college graduate so she can't be dumb. Well, this Linda girl happens to be a very pretty with a knock out shape, so she went to the city and took a job posing for an artist who specializes in painting girls with nothing on.

Aren't there laws against indecent exposure, and can't this shameless girl be arrested if caught?

ARKANSAS

DEAR ARKANSAS: There is a law against indecent exposure, but I don't know how (or if) it would apply to your neighbor's daughter. The young woman is well past the age of consent, and if the artist is legitimate, and Linda is indeed his model, no one can stop her from making a bare living.

• • •

DEAR ABBY: Yesterday my girl friend and I were standing in front of my house talking to a bunch of boys, and one of the boys said something real dirty. I felt my face getting real hot, but I didn't say anything. Nobody else said anything either, but a couple of the boys laughed. Greg, who is sort of my boy friend, but we don't go steady or anything like that because we are only 14, just stood there and didn't say anything.

Later on when Greg walked me to the door I told him I was disappointed in him because when that boy said something dirty in front of me he didn't tell him he shouldn't talk that way in front of girls. Greg said if I didn't like what the guy said I should have said something. What do you think?

SUNNYVALE

DEAR SUNNYVALE: You were right. Greg was wrong. Color him yellow.

• • •

DEAR ABBY: Bob and I were married earlier this year and everything is just wonderful except one thing. I don't have a penny to my name.

Bob goes to the store with me and pays for the groceries and if I want a dime for a soft drink or six cents for a stamp I have to ask him for it. (I'm telling him the six cents I need for this letter is for a letter to my mother.)

When we were going together he was very generous, so I had no way of knowing that he would be such a miser.

He reads your column every day, so will you please give him the word?

RESENTFUL

DEAR RESENTFUL: You're lucky you are still a bride, and your husband's stinginess has not yet become a bad habit. TELL him that you want an allowance. Work out a budget together and decide on a mutually agreeable amount. And do it now, or prepare to be a "beggar" all your married life.

• • •

CONFIDENTIAL TO "S" IN HARTFORD: Don't lend her any more money until you find out what she is doing with it. Anyone who is as "desperate" for cash as your friend appears to be could be supporting a very bad (and possibly dangerous) habit.

• • •

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Cal., 90069 and enclose a stamped, self-addressed envelope.

FOR ABBY'S BOOKLET, "HOW TO HAVE A LOVELY WEDDING," SEND $1.00 TO ABBY, BOX 69700, LOS ANGELES, CAL., 90069.

When others talk about car deals too fantastic to be true, that's exactly what they mean.
Impala Sport Sedan

As a matter of fact, you might just wish you'd stayed with your old car, instead of falling for someone else's "fantastic" deal. And maybe winding up with a car that can't match Chevrolet's value.

See us for sound, straight savings. *And* sound, straight reasons for buying a Chevrolet, *any* Chevrolet. Pluses like Hide-A-Way wipers, Magic-Mirror finish, automatic ignition key alarm, protective inner fenders, Full Coil suspension, and plenty more features only the leader can give you. Need more incentive? How about special savings on power steering, V8 engines, automatic transmissions? We got 'em. *Now.*

Like we say: Putting you first keeps us first.
See your Chevrolet dealer last.

CHEVROLET

You get the biggest year-end savings just where you'd expect to.

Expert Cites Wing Failure As Cause Of Braniff Crash

By JIM BARLOW

DALLAS (AP) — The crash of a Braniff Electra airliner near Dawson which killed 85 persons May 3 occurred after a wing was ripped off, an expert testified Wednesday.

L. W. Nelson, a member of the investigating team that studied the crash and engineer for Lockheed-California which built the craft, gave that opinion at a hearing conducted by the National Transportation Safety Board.

Nelson said the wing failure resulted from stresses caused by the pilot's control movements, excessive turbulence or a combination of those two factors.

Dr. Edward Kessler, director of the National Severe Storms Laboratory, said the Braniff plane was within five miles of a storm so severe he would "hesitate to send high-performance Air Force research planes into it."

Witnesses testified earlier that they saw lightning strike in front of the plane, possibly hitting it, just before the airliner fell in flames.

But Nelson said examiation of the wreckage revealed no lightning hits or explosions. He suggested the flames could have started from electrical wires in the torn wing touching escaping jet fuel.

Nelson said post-crash studies gave some indication that the plane's wheels had been lowered before the wing ripped off, even though it was still around 7,000 feet in the air.

He estimated the plane encountered force from 4.3 to 4.5 times that of gravity and this was sufficient to shatter the metal.

A transcript of a conversation between the pilot of the plane and a Fort Worth air traffic controller indicated that the Braniff plane attempted to fly around the storm cell, but went to the west instead of east as other planes on the Houston-to-Dallas route had been doing.

Ten minutes after the route change, the pilot radioed again and asked permission to turn around and go back the way he had come. Just 30 seconds later the tape of the on-board flight recorder transcribed the sounds of the landing gear, warning horn, the fire warning bell and then what was described as "sounds similiar to break-up noises."

Speaking for Braniff International, Herman Rumsey said Kessler's testimony was based on "unfounded assumptions" and the airline could not accept it.

Braniff instructor R. L. Barber told the safety board that pilots had instructions to approach a storm no closer than five miles. He acknowledged, however, that this was "strictly a recommendation of minimum distance."

Board members heard a transcribed radio conversation between air traffic controllers in Waco and Dallas also.

The man at Waco said, "Braniff 352, he's going right through the biggest glob out there..."

From Dallas came the reply, "Okay, it's his airplane, I guess."

A few minutes later the Waco controller, still speaking of the Braniff airliner, reported, "He ain't talking and I just don't see his beacon right now."

32 Burned In Gasoline Tank Blast

FORT WORTH (AP) — Exploding with a mighty roar, a gasoline storage tank rocketed a huge fireball into the air and inflicted burns on 32 persons Wednesday night.

At least four of the injured were reported in grave condition today. Hospitals kept two dozen under treatment overnight.

The ground level tank, filled with 5,000 gallons of gasoline, blew up at a service station on U.S. 287 in suburban Kennedale, five miles southeast of Fort Worth.

Witnesses estimated the ball of fire reached 200 feet in diameter as it shot 125 feet aloft. One said, "It looked like an A-bomb mushroom cloud."

Firemen and employes at the Red Ball Gas House, where the blast occurred, reported a small blaze started an hour earlier from a leak as a tank truck pumped fuel into the station's underground tanks.

They said this presumably spread to the surface tank and the eruption followed. There were nearly 20 smaller blasts as cans of oil and other fuel also exploded.

Persons suffering the worst injuries were taken to the burns center at Parkland Memorial Hospital in Dallas.

Attendants listed those in critical condition as Steve Pieringer, 27, a Fort Worth newsman for Dallas radio-TV Station KRLD; Harry Blissard, 40, of Mansfield, the assistant fire marshal of Tarrant County; and brothers Thomas Henson, 2, and Thorice Henson, 3, also of Mansfield.

One man a block distant told of being singed as the searing flames shot into the sky. The roar and concussion brought residents dashing from homes two blocks from the gas station.

Flames destroyed the gasoline truck but its tank did not explode, authorities said. A foam truck sent by the Arlington fire department was wrecked by the blast.

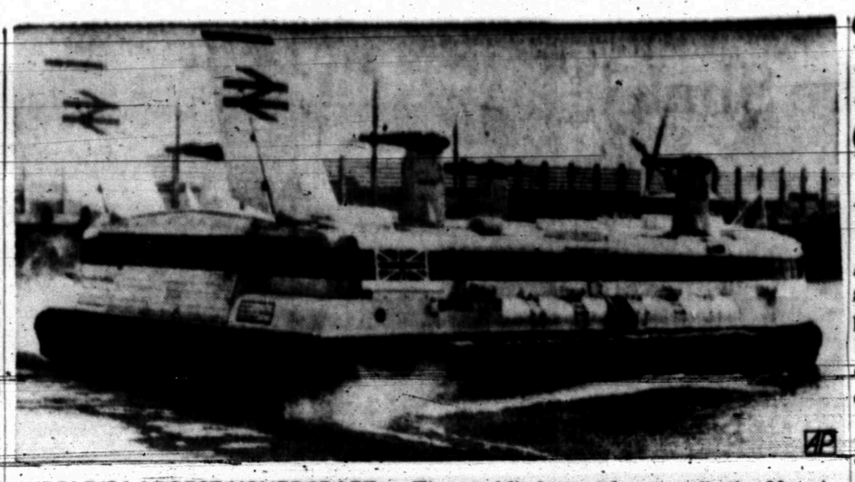

Firemen quenched the blaze after a two-hour struggle.

Generous Grant For Wildlife Restoration

WASHINGTON (AP) — The Department of the Interior announced today a grant of $1,438,000 — the largest of its kind ever — to Texas for a wildlife restoration project.

The department said the funds would go to the state when it buys 15,200 acres north of San Antonio for the Light Wildlife Management Area.

The federal money represents 75 per cent of the land acquisition cost.

WORLD'S LARGEST HOVERCRAFT — The world's largest hovercraft, the Mountbatten class SRN4, moves down the beach and onto the sea at Dover, England before trial two-way crossing of the English Channel. The SRN4 can make the crossing in 30 minutes with a load of 250 passengers and 30 cars. (AP Wirephoto via cable from London)

GOLD RUSH HOLDOVER

Jobseekers Moving West

By NEIL BIBLER
Associated Press Writer

HELENA, Mont. (AP) — Eastern city dwellers, disturbed by urban riots, pollution and related metropolitan problems, apparently find the spacious West as alluring economically as did their ancestors.

"Alaska still has a strong appeal as a frontier," says R. Scott Withers, field supervisor for Alaska's Employment Security Division. It's a holdover from the gold rush days."

Withers reports letters from out-of-state jobseekers have increased 20 per cent during the past two years. The increase is also typical of several of the sparsely populated Rocky Mountain states. The area, with an essentially rural economy, generally is attracting an influx of permanent residents along with tourists this summer.

Not all the letters stem from disturbances, although a Nevada official figures 75 per cent of those to his state cite riots as the reason for writing.

Other factors include a change in climate, a desire for a simpler life and avoidance of smog and congestion. Some believe a given area is undergoing a boom or, as New Mexico's job service director, Paul Cru, says, "want more opportunity that they believe is in the West."

Not all the Rocky Mountain states are having an increase in such letters. New Mexico finds things about normal. South Dakota receives few letters from urban centers. Utah and Arizona say there is no increase.

But taken altogether, Alaska and the Rocky Mountain section receive about 300,000 job inquiries a year from out-of-state residents.

The response these jobseekers get varies from a form letter to personal replies, from a glad hand to some discouragement, from descriptions of the climate and opportunities to lists of job scales sometimes notably lower than their equivalents in the East.

Montana, Alaska, Nevada and Idaho report a significant rise in jobseekers. They face a problem, however: They find most of the hopefuls do not have the qualifications needed in these states.

Montana, for example, is receiving 500 letters a week from such workers as factory employes and from professional or specially skilled personnel. It needs cowboys, seasonal laborers and teachers, to name a few.

Alaska, with about 14,000 letters a year its employment service calls "fan mail," cites an oversupply of unskilled and semiskilled labor. "There has been a more or less constant demand for people in the professional and technical categories," says Withers.

"Everybody's heard of the high wages you can make in Alaska," Withers added. "People think they can come up here for a summer, grab one of those jobs, build up a nest egg and pull out. It has always been state policy to discourage this type of approach."

Rites Set For Peace Officer

SAN ANTONIO (AP) — Walter E. Riggs a peace officer since he was 17 and a deputy U. S. marshal for 26 years, died at a hospital here Wednesday. He was 68.

For 20 of his years as a federal officer he was stationed at Del Rio, where he retired. Previously he was a Texas Ranger and sheriff of Zavala County.

The funeral service will be held at 11 a.m. Friday in the First Methodist Church at Del Rio.

Riggs moved to Texas from his native Indiana as a boy and at 17 became a deputy Sheriff R. A. Nash in Zavala County, himself winning election as sheriff at 24.

Surviving are the widow, Mildred Riggs of Del Rio; three sons, Dan Riggs of Dryden, Jack Riggs of Sanderson and James E. Riggs of McAllen; a brother, L. H. Riggs of San Antonio, and five grandchildren.

Has Most Airports

AUSTIN (AP) — Texas leads the nation in number of airports, Federal Aviation Administration figures show. The state has 900 of which 26 are heliports. California is second with 684 airports and Alaska third with 626.

In Sardinia, sheep and goats outnumber people two to one.

Blame Woes On Political Activities

ARLINGTON, Tex. (AP) — Activities of Mike Wimmer, 22, and his bride of a month in support of Sen. Eugene McCarthy, D-Minn., were blamed Wednesday for causing eviction of the couple from their apartment.

In addition, Wimmer's wife Becky, 21, lost her job with the Tarrant County Welfare Department.

Mrs. Wimmer said the apartment house owner, Mrs. E. C. Kirkpatrick of Fort Worth, accused the young couple of turning their apartment into a McCarthy information center.

They were ordered to leave, the bride said, after Mrs. Kirkpatrick took McCarthy for president literature off the apartment door.

Mrs. Wimmer said she resigned as a welfare department employe "because they wouldn't let me wear my McCarthy button."

The young woman said, "We were told to vacate on or before Aug. 1. We'r looking for a place."

Mrs. Kirkpatrick said, "This couple was not evicted. I asked Mr. and Mrs. Wimmer to move if they refused to do away with the political center. These are garden-type apartments and the lease as well as zoning prohibits such use."

New Police Chief

OLTON, Tex. (AP) — Henry Ogletree, who has been employed in the Castro County sheriff's office at Dimmitt, has been hired as Olton Chief of police. Ogletree was in police work at Comanche and Brownfield before moving to Dimmitt.

Royal Might Even Baby-Sit With Star

By DENNE H. FREEMAN
Associated Press Sports Writer

FORT WORTH, Tex. (AP)—Coach Darrell Royal of the University of Texas isn't wondering this summer what his fun-loving quarterback Bill Bradley is doing.

"I know what time he gets up and I know what time he goes to bed," Royal chuckled Thursday while visiting the Texas High School Coaching School.

It may be remembered that last season Bradley spent the summer in Florida, interviewing prospective airline hostesses as part of a personnel job. After the banquet trail, Bradley came to school overweight and Texas never got off the ground in a 6-4 season.

This year Bradley is working at a camp where Royal has a part interest.

"Bradley looks real good right now and he had a great spring," Royal said. "He's determined to have a good season."

Royal figures Texas, picked by many experts to win the Southwest Conference title this fall, will get a quick "gut check" against the University of Houston in Austin's Memorial Stadium in the first game of the season Sept. 21.

"We need to build up some momentum and we will be going against a fine team," Royal said. "It's a hell of an opener and there's a lot of state pressure on it."

"Before we can become a solid team we have to get out on the field and prove ourselves. What we really need to do is come from behind and win one in the fourth quarter. That's how we got beat last year by A&M and TCU. We've got to build up some confidence."

Royal said the conference should be its strongest in years this season.

"I don't think we had an outstanding team in the conference last year, but there will be at least five or more this season," Royal said.

"We don't have any glaring weaknesses and have a lot of potential," Royal said. "I can't help but get enthused. I'm eager to go right now. I've had all the summer I want."

Royal said, "We will be better in the secondary and have more depth. We have some fine material coming up off the (undefeated) freshman team."

He said, "I tell you one thing, the Southwest Conference has got all the makings of a real wild year. There is a lot of good football in store. It could be closer than white on rice."

Royal was asked if he approved of the new Texas bumper stickers "Would you believe 68?" after last season's abortive "Year of the Horns" stickers.

He laughed and said:

"I knew better than those damn bumper stickers last season. But we could get hot and win it all this year."

South Wins Cage Contest

By MIKE COCHRAN

FORT WORTH (AP) — "I just got a hot streak," said Joe "Scooter" Lenox, the Clear Creek fireball who guided the South to its sixth straight all-star basketball victory Wednesday night.

"It was one of my better games since late in the season... I felt we could win."

Lenox, headed for the University of Texas, poured in 15 points in a torrid third quarter that erased a 10-point North lead and spurred the Rebels to a rousing 95-85 victory.

A crowd of 7,032, many of them coaches attending the 36th Texas Coaching School, viewed the South uprising in Texas Christian University's Daniel-Meyer Coliseum.

In extending their streak to six, the Rebels evened the 24-year-old series at 12-12 and broke a second-half scoring record in the process.

After trailing 46-36 at halftime, Lenox, George Price of San Antonio Brackenridge and Roy Thomas of Kirbyville led a charge that produced 59 points in the final 20 minutes.

That was five points better than the South did after intermission in turning back the North 95-92 two years ago at Houston.

"We started a little shaky," said South coach Jack Whitton of West Sabine, "and we were down a little more at the half than we had anticipated.

"But we felt that if we stayed close at the half we could bring back our boys well rested and win the game.

"We felt we didn't have the game inside, but with outside men like Price, Lenox and Thomas we might wear them down."

Lenox, voted the games outstanding player, took scoring honors with 24 points. Price got 19, Thomas 17, Sammy Hyde of Texas City 13 and Tim Teichelman 11.

Thomas was runnerup in the balloting for the outstanding player.

Bobby Thompson of Dallas Samuels led the North scoring with 20 points, followed by Tres Blankenbeckler of Waxahachie with 19 and George Bailey of Pampa with 18.

Steve Putnam of Fort Worth Poly, 6-foot-7½ post for the North, led all rebounders with 10, but the South led over-all 69-68.

Coach Charlie Turner's Yanks outshot the South 41.2 to 37.5 per cent.

While the North dominated the first half and the South the second, the score changed hands 11 times and was tied on five occasions.

The South overtook the North about four minutes into the third period on a short shot by Lenox and the North never again was out front.

Coaching school followers were watching the fourth and last of the current crop of Lenox boys perform. Two brothers and a nephew appeared in previous all-star games.

Bennie Lenox, Scooter's brother, starred at Texas A&M. Now an assistant at the University of Texas, he was instrumental in wooing his kid brother into the Longhorn camp.

Lubbock Teams Win In NBC Tournament

LUBBOCK (AP) — The Lubbock Hubbers and Lubbock Raiders whipped Arlington and Fort Worth, respective, Wednesday, to set up a showdown today in the State National Baseball Congress Tournament.

The Hubbers knocked off Arlington 7-4 and Jerry Haggard guided the Raiders to a 8-5 comeback over Fort Worth.

In other action, Mercedes eliminated San Antonio 13-6.

Cowboys, Bears In Exhibition Tilt

CANTON, Ohio (AP) — The Dallas Cowboys play the Chicago Bears for the first time in four years Saturday in the Pro Football Hall of Fame exhibition game in Canton.

It's the first outing of the season for the National Football League Eastern Conference champion Cowboys and the Bears. A crowd of 18,000 is expected at Fawcett Stadium.

The Bears will be operating under new head coach Jim Dooley and Chicago presents somewhat of a problem for the 'Pokes.

"The Bears use more changeups on defense than any club in the league," said Cowboy coach Tom Landry. It was the Bears' defense that helped them to a 7-6-1 record last season.

The Cowboys have played the Bears twice previously in preseason; splitting the pair. In regular season play, Chicago has a 2-1 edge over the Cowboys.

The biggest problem for the Cowboys will be Chicago's great halfback—Gale Sayers.

"You have to stop a club's strength to win," said Landry. "The Bears have two great players—linebacker Dick Butkus and Sayers."

The Cowboys for the most part are healthy going into the game. The only players expected to miss the contest are center Dave Manders, guard Leon Donohue, running back Craig Baynham and rookie receiver Carter Lord. Veteran running back Les Shy is in National Guard camp.

The game will be televised over the bulk of the Cowboys' 29-station network with Frank Glieber and George Connor at the mike. Radio will carry the game to about 100 stations.

Barry Still Doesn't Have A Team

SAN FRANCISCO (AP) — The San Francisco Warriors and the Oakland Oaks will have to wait at least a month to find out which team Rick Barry will play basketball for this year.

Final arguments were heard Wednesday in the suit brought by the Warriors of the National Basketball Association to keep Barry from playing for the Oaks of the American Basketball Association.

Superior Court Judge Walter Carpeneti promised a ruling by the end of August and asked the Warriors to submit a brief on related cases that will back up their arguments. The Oaks will get a chance to reply.

Barry's lawyer, Robert Holtzman, argued that Barry's absence from the Warriors' line-up last year after signing with the Oaks was not responsible for the team's poor attendance and results last year.

Barry sat out last season when a court order restrained him from playing for anyone but the Warriors. The team is now arguing that he must play one more year to fulfill his contract.

OUT STEALING — New York Mets' Ron Swoboda is out attempting to steal third base in game against Atlanta Braves in Atlanta, Georgia. Making the put-out is Braves' Deron Johnson. (AP Wirephoto)

Buffs Lose To C-City 3-2

The Snyder Junior Teenage Buffs suffered a jolt in the opening game of the District I playoff tournament here last night as they fell to Colorado City 3-2. They are not yet out of the running because the meet is a double-elimination affair, but they will have their work cut out for them.

In the nightcap, Kermit shut out Sweetwater 4-0. The Buffs will tangle with Sweetwater at 7 tonight, with the loser of that contest being out of contention. Kermit and C-City will vie at 9.

The Buffs, who had been held hitless and behind 3-0 after six innings, nearly pulled it out of the fire with a rally in the bottom of the 7th. One walk and two hits, a double by David Thompson and a single by Jim Provence, netted two runs. However, C-City's pitcher, Steve Vest, got William Patterson out on strikeouts to end the inning and the ball game.

Colorado City took the lead in the 3rd, scoring two runs on two hits and two walks. They added one more in the top of the 5th, and that was all they needed.

Sweetwater was never really in the running against Kermit, who took the lead with one run in the bottom of the first inning. The winners padded this with one more in the 3rd, and two in the 4th. Kermit's pitcher, Larry Logan, gave up only 3 hits to Sweetwater, with two of these coming in the final frame.

Nicklaus, Palmer To Try Again

CHICAGO (AP) — Defending champion Jack Nicklaus and Arnold Palmer, winner in 1961 and 1963, try to overcome their victory shyness of this year in the $130,000 Western Open Golf Tournament starting today.

Nicklaus has not been in the winner's circle on the 1968 PGA tour but still is ninth on the money list with $69,428. Palmer, trying to lick putting woes, has won only the Hope Classic while holding 10th place with $68,883.

Nicklaus, competing in only 14 of 31 PGA tourneys this year, is in his longest drought. His last victory was in the Sahara Invitationa last October.

But the Big Bear may be ready to cut loose in the Western, which provides a $26,000 top prize. In Wednesday's pro-am he matched par 71 over the heavily wooded Olympia Fields course. Palmer, meanwhile, struggled in with a 77.

Burt Yancey, also seeking his first victory this season birdied the last two holes in the dusk to take the pro-am with a sparkling 66, only a stroke off the official course record set by the late Lawson Little.

Tommy Aaron, with birdies on three of the final four holes, posted a 67. Dick Crawford was next with 68 while R. H. Sikes and Chuck Courtney had 69.

Pro Football Is Ready To Kick Off Exhibition Season

BY THE ASSOCIATED PRESS

Pro football has passed another cutdown date with several minor trades, many rookies sent packing and a few star holdouts, star injuries and star retirements. And now it's away we go with the start of the exhibition season tonight.

The Washington Redskins play Houston under the Astrodome and the New Orleans Saints meet the Los Angeles Rams in Anaheim, kicking off the preseason schedule, followed by the College All-Star struggle against Green Bay Friday night.

Four more games are set for Saturday: the Chicago Bears and Dallas at Canton, Ohio, in the afternoon, and Baltimore at Oakland, San Francisco at San Diego and Kansas City at Cincinnati at night.

The Redskis will be without Sonny Jurgensen, the National Football League's 1967 passing champion who is recuperating from arm surgery, Veteran Jim Ninowski and rookie Harry Theofilędes will replace him while last year's Heisman Trophy winner, Gary Beban, plays for the College All-Stars.

The Oilers, last season's Eastern Division champs in the merican League, are supposed to be stronger with quarterback Pete Beathard starting the season with them.

A crowd of 40,000 is expected for the first football game in the Astrodome, and they'll see no extra points kicked. The teams will test a new system in which all extra points must be made by passing or running.

The Rams rule the favorite over the Saints, despite the absence of key personnel. Defnsive end Deacon Jones and offnsive end Jack Snow are involved in contract disputes and defensive end Lamar Lundy and linebacker Maxie Baughan are recuperating from off-season surgery.

Coach George Allen also said he won't play runnings backs Dick Bass and Tommie Mason in order not to risk injury.

The Saints, despite a faulty offensive line, have increased fire power in a rejuvenated Jim Taylor at fullback and quarterback Bill Kilmer throwing to newly-acquired Dave Parks and Monty Stickles.

John Gordy, Detroit guard who led the recent threatened player strike, returned to camp Wednesday, but still has not signed his contract.

At the same time, the Bears lost their all-time pass receiving leader, Johnny Morris, 32, who retired after 10 years in the NFL. Morris set an NFL record with 93 receptions in 1964 and ranks seventh among active receivers.

McLain And Tigers Keep Rolling Along

By DICK COUCH
Associated Press Sports Writer

Denny McLain and the Detroit Tigers are showing nothing but their heels to nine American League laggards. But there's still plenty of catch-up left in the also-rans . . . when they tangle with each other.

While the front-running Tigers loped past Washington 4-0 Wednesday night for McLain's 21st victory of the season, the Oakland Athletics, Chicago White Sox and New York Yankees were winning games on ninth-inning comebacks.

The A's completed a double-header sweep by overtaking California 4-3 on Ted Kubiak's two-run triple in the ninth after winning the opener 4-1 on a three-run homer by Mike Hershberger in the eighth.

The White Sox spotted Minnesota an 8-1 lead, then fought back behind an 18-hit attack and finally floored the Twins 12-8 with six runs in the ninth. The Yankees pushed over five unearned runs with two out in the ninth for a 7-3 triumph over Boston.

Baltimore trimmed Cleveland 4-2 on Elrod Hendricks' two-run homer in another AL game.

Cincinnati and Pittsburgh divided a National League twin bill, the Reds taking the first game 8-2, the Pirates the second 10-1. St. Louis edged Philadelphia 3-2, Atlanta beat New York 3-2, Los Angeles bounced San Francisco 6-3 and Chicago whipped Houston 6-1 in NL single games.

McLain, 21-3, scattered four hits and struck out nine as Detroit maintained its seven-game spread over second-place Baltimore.

Dick McAuliffe and Al Kaline set offensive pace for the Tigers. McAuliffe cracked a single, two doubles and his 14th homer and scored all the runs. Kaline contributed two doubles, a single and two RBI.

In the nightcap at Oakland the A's fell behind 3-1 in the seventh when California's Tom Satriano and Jim Fregosi slapped run-scoring singles. John Donaldson's infield hit scored Rick Monday in the bottom of the seventh, but the A's still were one run down with one out in the ninth.

Then Jim Gosger walked and Bert Campaneris singled, chasing reliever Marty Pattin, and Kubiak greeted Angels' ace Jim McGlothlin with a drive off the center field fence, scoring the tying and winning runs.

Hershberger unloaded his second homer of the year following a walk and Sal Bando's single in the eighth inning of the twilight game. The blast broke up a pitching duel between winner Catfish Hunter and Angels rookie Bill Harrelson.

Minnesota left the White Sox on the ropes with a six-run volley in the fourth inning, but they bounced back with four in the sixth and went into the ninth trailing 8-6.

Southpaw Ron Perranoski got the first out, but Tommy Davis, Duane Josephson, Leon Wagner and Ken Berry singled for two runs. After a ground out and intentional walk filled the bases, Tim Cullen laced a three-run double off Al Worthington and scored on Woody Held's single, nailing the Sox fifth victory in their last six starts.

Ken Harrelson drove in two runs with a single and his 25th homer, helping Boston's Gary Bell take a 3-2 lead over the Yankees into the ninth.

Bill Horace Clarke doubled home two runs after a two-out error by third baseman Joy Foy filled the bases. Bill Robinson punched a run-scoring single and first baseman George Scott booted Joe Pepitone's grounder as two more Yankees crossed the plate.

Hendricks' two-run homer off Sonny Siebert in the sixth inning gave the Orioles a 3-2 edge at Cleveland and they added an insurance run in the ninth on relief pitcher Gene Brabender's bases-loaded sacrifice fly. Brabender rescued winner Tom Phoebus from an eighth inning jam and stopped the Indians in the ninth.

Swim Team Gives Good Performance

Robert Kissire, executive director of the Scurry County Boys' Club reported that the club swim team turned in a good performance at the swimming meet at Pharr on July 29.

Teams from Arkansas, Louisiana, and Mississippi combined to compete with a team consisting of Oklahoma and three regional teams from Texas for an all-expenses paid trip to Knoxville and a berth on the National Junior Olympics team.

Snyder swimmer David Tyrone won 5th place in the 100 meter free style event, after missing the 4th place spot by 1-10th of a second. He turned in a respectable 1:09.0, which was his best time ever. David also went to 7th place in the back stroke event.

John Dulaney placed 8th in the 100-meter free style and 8th in the 100-meter back stroke. Darrel Rhodes placed 8th in the 100-meter free style event in 11-12 year division. All placing swimmers received ribbons.

"These were the best swimmers we have ever competed with," stated Kissire. "They broke just about every record that had been set in 1967."

The Louisiana - Mississippi team won 6 first - place spots and had the top swimmers.

This concluded the summer activities of the Scurry Boys' Club swimming team.

It's Tiger Booster Club Now

The Snyder Quarterback club has a new name. It was decided at a meeting of the executive committee Tuesday night to change the name of the organization to the Tiger Booster Club.

Vonnie Black, incoming president, said that the action was taken because many of the members had expressed their desire for a name change, since the purpose has been to encourage the entire athletic program in the Snyder Schools. He added that the change needed to be made at this time in order to get the membership cards printed before the first scheduled meeting, which will be Tuesday, Aug. 13.

In the first meeting of the Tiger Booster Club, emphasis will be put on the membership drive. In the past, that meeting has always been an organizational one, with the election of officers. However, the club elected this year's officers last spring.

The new officers are Vonnie Black, president; Bill Knight, vice president; Bruce Gardner, treasurer; and Buck Rambin, secretary.

Black expressed hope that a large turnout will be on hand for the initial meeting. A number of new coaches in the system will be introduced, and prospects for this year's football teams will be discussed.

The excitement of district warfare will begin earlier than ever this season, since Snyder High School will play only district games. The first encounter will be unreeled in Tiger Stadium Sept. 13, against the defending champions Dunbar.

Cowboys Trim 3 More From Squad

THOUSAND OAKS, Calif. (AP)—The Dallas Cowboys sent defensive tackle Coy Bacon to the Los Angeles Rams Wednesday for an undisclosed draft choice and waived two other players.

Frank Brown, a tackle from Albany State, and end Bob Odom of Idaho State, were waived to bring the Cowboys down to their roster limit of 60 players.

Bacon is a 25-year-old 6-4, 265-pounder from Jackson State. He was on the Cowboy taxi squad last year.

The Cowboys began tapering off Wednesday in preparation for their game Saturday against the Chicago Bears in Canton, Ohio.

WITH FROZEN FOREIGN FOODS

Eating Becomes Adventure

BY JACK LEFLER
AP Business Writer

NEW YORK (AP) — Americans are becoming more adventurous in their eating. As a result, foods of foreign origin now account for a $150 million annual share of the frozen food market.

Italian, Oriental, Mexican and kosher foods lead in popularity. But dishes native to Hungary, France, Germany, Poland, Sweden and Spain are gaining a place at the table.

Twenty years ago nationality foods for the general public were limited to quaint Italian and fancy French cafes, famliy owned Chinese restaurants and other such atmospheric eating places.

Anaconda Aluminum Co., a major supplier to the frozen food industry, predicts that the sales volume of frozen foreign foods will be more than doubled in the next 10 years and possibly tripled.

"Today's menu planners want convenience plus originality," says Allan N. Cooper, an executive of Anaconda Aluminum. "They find this in frozen nationality specialities."

Cooper says a survey of his company indicates that Italian foods led the popularity parade of frozen nationality specialties with $90 million in sales last year. Chinese and other Oriental foods were second with sales of $30 million.

Mexican food considered the fastest growing entry in the field accounted for $25 million. Sales of kosher foods totaled $5 million.

Pizza has become a standby item; tacos and tamales vie with egg rolls and chow mein; blintzes and bagels are becoming as common as Polynesian skewered kabobs or sauerbraten with spatzle.

Sales of foreign specialty foods don't follow traditional ethnic patterns.

In New York, for example, it is generally considered likely that Irish Catholics and other ethnic groups buy more kosher products than do Jewish people. Minneapolis, with its strong Swedish heritage, is one of the better markets for Mexican food.

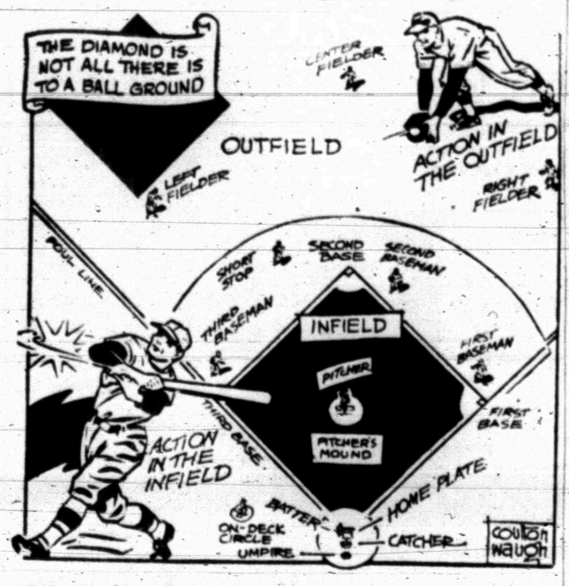

The foods themselves cross ethnic and nationality lines. On the market are kosher Chinese-style turkey roast and Irish pizza.

The crossing of nationality lines extends to the producers. Jeno Paulucci, son of Italian immigrants in Minnesota, founded the Chun King Corp. in 1946 and built it into the world's leading producer of canned and frozen American-Oriental foods.

In 1966, R.J. Reynolds Tobacco Co. paid Paulucci $63 million for his company.

This was a major example of the trend to mergers and acquisitions in the frozen food industry.

Junior Editors Quiz on BASEBALL DIAMOND

QUESTION: *Why is a baseball playing field called a diamond?*

ANSWER: In 1845, Alexander J. Cartwright laid out a baseball field with the bases 90 feet apart as they are today. The diamond is the heart of the baseball field because, starting from home plate, a runner must work his way all around it over the base paths in order to score a run. Since the lower point of the diamond is at home plate, which is where the batting action begins, the base paths look diamond-shaped (upper left). This shape gave the diamond its name. Together with the pitcher, the first, second and third basemen and the shortstop of the fielding side, the diamond is referred to as the infield. But there is more to the ball ground than this area of close-up play. Beyond the infield lies another important part: the outfield. The left, center and right fielders are located in this large area. They often make thrilling catches of high balls smashed out by batters, as well as sizzling ground stops, as suggested at upper right.

8-1

(John Zentgraf of Annapolis, Md., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

On Gaining One-Third Of A Chair

By JOY STILLEY

NEW YORK (AP) — When our youngest goes off in pursuit of a higher education this fall, we won't be losing a daughter—we'll be gaining one-third of a chair.

Because our living room is crammed with such objects as wall-to-wall bookcases, electric organs and other assorted furniture not made for sitting purposes, there is space for only one easy chair in the entire room.

The couch, it is true, provides seating for three persons, but it is cold, hard and forbidding compared to the deep luxury of that overstuffed chair with broad armrests, which is the real seat of family inactivity.

Since this refuge of comfort also boasts the best reading light in the house, its popularity cannot be overstated. In our home the game of "musical chairs' is constantly in progress.

Should the sittee arise for one brief moment to dash to the kitchen for a snack, the speediest sprinter will find on returning to the chair, that it is already occupied by an alert opponent.

Thus, once a member of our family trio has established squatters' rights, he will endure the pangs of hunger or the boredom of an unwanted television program, rather than risk getting up and losing the seat of honor.

This is not the only cat-and-mouse game played by the three of us still occupying the old homestead. Aside from "Chair, Chair, who gets the chair?" another contest is regularly carried out on Sundays.

This one is known as "Who is going to get dressed first, thereby having to go out to buy the Sunday papers?"

In the earlier days of our parenthood, my husband and I had few problems along that line. As soon as the kids could cross the street alone, they were presented with a coin to clutch in a small hand, pointed in the direction of the corner stationery store and told to "fetch."

Later, when they got older, wiser and more mercenary, this maneuver required two coins—one for the papers and the other for the errand boy or girl.

The three of us have been known to stay in our pajamas and robes far into the afternoon, each hoping somebody else will break first. The two nonsports fans have the advantage over the male in our household during the football season—his anxiety to read about the games sometimes leads him to cash in his chips sirst.

So, although it is nice to look forward to sharing the special chair with only one rival soon, it is also somewhat disturbing to be facing the prospect of having only one alternate in the get-the-paper stakes.

Carr Urges Dismissal Of Caroline

AUSTIN (AP)—Former Atty. Gen. Waggoner Carr, defeated candidate for the Democratic gubernatorial nomination, has urged the immediate dismissal of Larry Caroline, controversial University of Texas philosophy professor.

Caroline has declared himself in favor of a revolution, not necessarily bloody, to install a socialist economy in the United States.

The university recently gave him a terminal contract that ends his connection with the university at the end of the coming school year.

In an open letter to chairman Frank Erwin of the university's regents, Carr said Wednesday Caroline was teaching "socialism, pre-marital sex relations and bloody overthrow of our Democratic form of government."

"If this board of regents is to maintain the high respect it deserves, it must take definite and forceful action in the Caroline case," Carr said.

Police Too Late To Hit-Run Scene

PARIS, Tex. (AP) — A Paris housewife called police to complain that her 5-year-old daughter had just been run over by a large black cow that ran through the yard.

Police checked — but arrived too late. The cow was struck and killed by an auto while in pursuit of a Paris youth.

FHA PUBLIC INFORMATION RELEASE

FHA properties are offered for sale to qualified purchasers without regard to the prospective purchaser's race, color or creed or national origin. Purchasers should contact the real estate broker of their choice. Offers to purchase may be submitted direct to FHA when purchaser cannot secure the services of a qualified broker. The local FHA office is located at 1601 Avenue N, Lubbock, Texas.

The Commissioner has acquired the following properties and the disposition programs have been completed. (All offers on the following properties will be considered simultaneous when submitted to and received by the Lubbock, Texas, office within 45 working days after the first day of the listing.) Drawings to establish processing priority will be held in the Lubbock office on the first working day following the above five working day period at 11:00 A.M.

Officers Display Drugs Of Abuse

The Snyder Police Department has developed a display case which contains nearly 50 samples of dangerous drugs. Labeled "Drugs of Abuse," the case was put together for the purpose of helping the department in its effort to educate and impress upon the public the dangers of the wrong use of drugs.

The collection of drugs was worked up over a period of time by a cooperative effort of those on the local police force. The various officers have contributed to this collection. Sgt. Ruben Gonzales actually built the case, but the whole department has had a part in its development.

The enforcement of law and crime detection are important responsibilities of the department. However, the prevention of crime is also extremely important.

The department believes that it is important for the public to realize the hazards of the misuse of drugs. There is no doubt that the illegal use of drugs has increased in recent years, but so has crime in general. Crime itself has jumped about 90 per cent over the past seven years.

The highest crime rate involves crimes of violence; however, there is a definite tie-in between that type and the abuse of drugs. Many other crimes result from the use of illegal drugs.

For example, a person "addicted" usually is not able to hold, at least for long, a responsible or well-paying position. Yet, he needs more money in order to obtain the illegal drugs. Those who are really "hooked" will, in some instances, need up to $200 a day to obtain enough drugs to satisfy them.

There are just not many legal ways to get this kind of money. So, they will usually try to get it illegally, and as a result, other types of crime are committed.

Police Chief Steve Clark said that he is convinced that drug abuse is less in the Snyder area than in the nation as a whole. Yet he realizes that the fight against this must not let up.

Clark said that those who advocate the use of dangerous drugs are constantly making claims that are not true, or at least are misleading. For instance, we hear the cry that marijuana is not physically addictive, so why should there be laws against it. "Physical addiction is not the important worry," said Clark. He added that 98 per cent of those "cured" go back to the use of it, because of the psychological addiction.

Others will make such statements as "LSD doesn't harm, and it certainly doesn't kill, so why should it be illegal?" The use of this and other dangerous drugs do kill though; if not always the user, it has caused the deaths of many others. When a person loses his ability to think clearly, to reason logically, and to control his faculties, he becomes dangerous to himself and to society.

To point out the danger, for example, of drug abuse, the Automobile Association of Mexico blames 50 per cent of automobile accident fatalities on the use of marijuana.

There are three general categories of dangerous drugs. These are stimulants depressants and hallucinogens. There are many hazards in their use. To point out just a few, abuse of stimulants can cause high blood pressure, abnormal heart rythms, and even heart attacks.

The abuse of depressants, which includes barbiturates, can, among other dangers, result in unconsciousness and death. Hallucinogens (this includes LSD) can produce hallucinations or illusions, and can result in impulses toward violence and self - destruction.

Members of the Snyder Police Department will continue their efforts to keep the abuse of drugs in Snyder to a minimum. They will show their displays, give their lectures, and show films.

What are the results of these efforts? It is impossible to say for sure. However, as Sgt. Bobby Goodwin put it: "The fact that requests for this type of program continue to come in indicates that the public has become aware of the dangers."

Perhaps these programs are beginning to pay dividends after all.

Group Asks GOP Fete Cancelled

MIAMI BEACH, Fla. (AP) — The Anti-Defamation League of B'nai B'rith has urged Sen. Everett M. Dirksen to stop a planned party for Republican convention notables at a private club the Jewish organization says bars Negroes and Jews from membership.

The plea to the Senate Republican leader followed cancellation of a society page dinner-dance at the same club to which Richard M. Nixon, Gov. Nelson A. Rockefeller of New York and other top Republicans had been invited. The hostess, Mrs. W. Vincent Astor called it off following similar protests from the Anti-Defamation League.

Asked about the club's alleged policy of excluding Negroes and Jews from membership, Dirksen said: "Edward Brooke and Jacob Javits will be at the party so what has that got to do with it?"

Sen. Brooke, R-Mass., is a Negro. Sen. Javits, R-N.Y., is a Jew.

Neither was available for comment.

An assistant to Brooke said in Washington the senator planned to attend Dirksen's party. But the aide also said Brooke was unaware of the league's charge and that he could not say if it would change Brooke's plans.

Dirksen said: "We wouldn't have a party unless they could all be there, regardless of race, creed, color or origin."

Arthur Teitelbaum, director of the league's Miami branch, said the Bath Club had waived restrictions on Jews for special private events. Teitelbaum said he knew of no Negro who had attended a function there as a guest.

The party is planned for Tuesday.

The management of the club refused comment on the League charge.

Farm Payment Lid Approved

WASHINGTON (AP) — The House, going along with arguments the federal farm program is a bonanza for corporate farmers, has approved a $20,000 ceiling on payments to any one person.

But backers of the farm program said the ceiling would only drive the big operators away from the voluntary program, make it unworkable and cripple chances for its extension beyond 1969.

The House approved the $20,000 payments lid by a 230-160 vote Wednesday. Backers of the restriction said 25 large-farm operators received payments ranging from $442,327 to $4,091,818 in 1966.

The House then approved a one-year extension of the federal farm production-control program beyond its present 1969 expiration.

But Rep. Neal Smith, D-Iowa, who tried unsuccessfully to get the same four-year extension approved by the Senate, said the Senate would not accept the payments ceiling and there may be no extension at all.

"Unless the House reverses itself, I don't think there will be a bill," Smith said. "This is a portrayal of things to come. Farm programs are in great danger of not being extended in any meaningful fashion."

Chairman W. R. Poage, D-Tex., of the House Agriculture Committee claimed the program "just won't work if you limit participation of large operators."

Rep. Thomas Foley, D-Wash., added, "It is useless to extend it for one year if you are going to kill it with this payment limitation."

Their arguments prevailed during earlier voting when members were not recorded by name on the $20,000 limitation and a series of similar ceilings. But when it was put to a roll call vote by Rep. Silvio Conte, R-Mass., these defeats were overturned and the limitation written into the House bill.

It would apply to all payments to individual farm operators under programs involving wheat, feed grains, cotton and wool, becoming effective in 1970.

The present basic program, which has made possible annual payments of more than $3 billion for land retirement, does not expire until the end of 1969.

Rep. Albert Quie, R-Minn., who had proposed another type limitation, said it was "just unacceptable" for payments of nore than $1 nillion to be made under terms of the program.

Rep. Ray Madden, D-Ind., called it a "fat cat operation" which has turned into a bonanza for corporate farms and wealthy farm owners.

Conte's limitation was supported by 13 Republicans and 93 Democrats. It was opposed by 130 Democrats and 30 Republicans. The one-year bill then was passed on a 213-176 vote.

Opponents of the limitations contend the large operators won't take part in the voluntary program with these features, will withdraw and produce in quantity, resulting in large surpluses which in the end will harm small farmers.

PREFER CRYSTAL BALL?

Political Pollsters Disagree

By BRIAN SULLIVAN
Associated Press Writer

NEW YORK (AP) — Take it from Dr. Gallup, if the presidential election were held at the end of July, Richard M. Nixon would defeat either Sen. Eugene McCarthy or Vice President Hubert H. Humphrey.

Or if you'd rather take it from Lou Harris, either McCarthy or Humphrey would defeat Nixon.

As for Gov. Nelson A. Rockefeller, the Gallup Poll has him in a tie with Humphrey and a virtual tie with McCarthy. Harris has Rockefeller beating both Humphrey and McCarthy.

In Miami Beach, Nixon supporters claim they have the Republican nomination assured on the basis of the Gallup Poll. Rockefeller sees himself leading the Democratic presidential hopefuls outside the South and an aide smells a nominating victory.

Now listen to Richard Nixon on a winter Sunday, Feb. 25, in Whitefield, N.H.:

"The polls are not going to determine the Republican presidential nominee."

But the polls have assumed a major role in this turbulent political year, with Rockefeller, for instance, commissioning a major private survey. The preliminary results, he says, show him carrying at least eight of nine states said to be vital to a Republican victory.

Then the Nixon forces seize on the same poll figures from Rockefeller to argue that, because they show Nixon would carry four of the states—New York, California, New Jersey and Ohio—this indicates a national trend to Nixon over McCarthy or Humphrey.

The polls have a built-in margin of error of 3 percentage points. With a sample of 1,500 persons, a poll can be within 3 per cent of accuracy at least 95 per cent of the time.

But the margins of difference on, for example, Nixon and McCarthy in these recent polls translates into enough votes to swing an election.

Gallup has Nixon with 41, McCarthy 36, five points apart. In 1964, about 70.6 million persons voted. Five per cent of that is about 3.5 million votes.

Harris has McCarthy 43, Nixon 35, eight points or 5.6 million votes.

George Gallup, however, says his average deviation from accuracy since 1948 has been 1.7 percentage points. In 1960, Gallup was off less than 1 point.

Harris, who started in 1963, called the 1964 election within 2 points.

The two major polls were in disagreement back in early April, when Gallup had Nixon with 43 per cent to Humphrey's 34 and 41 per cent to McCarthy's 38. Harris had McCarthy with 39 per cent to Nixon's 33 and Humphrey edging Nixon 35-34.

In early May, Gallup found Nixon with 39 per cent to McCarthy's 37, while Harris had McCarthy with 40 and Nixon with 37. By late May, both had Nixon trailing Humphrey and McCarthy in the trial heats.

The polling organizations have long maintained that they are only reporting what people think or feel at the time they are interviewed. Events affect the answers, so many findings may not be directly comparable, they say. But some delegates to the political nominating conventions, faced with conflicting findings, may prefer the crystal ball to the computer.

Cahoon To Vote Reagan

AUSTIN (AP) — Rep. Frank Cahoon, Midland, said Wednesday he has switched his first ballot GOP convention preference from Richard Nixon to Ronald Reagan but his long-range aim is a Nixon-Reagan ticket.

"I think I would vote for Reagan on the first ballot because I think he needs the show of strength right now" Cahoon said. But, he added, "I'm still a supporter of Nixon."

Cahoon said he expected to vote for Nixon on the second and third ballots at the Miami Beach convention.

Jack Cox, a former GOP gubernatorial candidate, said Tuesday he had switched from Nixon to Reagan.

Cox's and Cahoon's switches made a total of 14 Texas delegates who have told The Associated Press they will vote for Reagan, compared with 29 for Nixon and 13 who profess to be uncommitted. Several "uncommitted" delegates have publicly stated preferences for Nixon.
