Walter Buckel of the Lamesa Press-Reporter credits a church bulletin in Memphis, Tenn., with this "sermon in soap":

"Duz you Dreft with Tide? Vel, now is the time to Cheer up. If you want real Joy, the Trend is to Breeze to church on Sunday.

"Too many people Woodbury their heads in a pillow or work to make their cars Sparkle, forgetting the Lord's Day is for Lestoil. When the Lord is put first, a Dove will never go SOS.

"Maybe we ought to Dial you to remind you of the Ivory Palaces yonder. Worship is your Lifebuoy, so Whisk yourself out of bed next Sunday, dress Spic and Span and Dash like a Comet to Sunday School and church. As you sing praises to God and hear His word, you'll feel like Mr. Clean all over."

Thefts of CB radios are among the biggest problems confronting enforcement officers these days, and the Big Spring Daily Herald reports that apparently most of them are sold to individuals.

"A recent investigation by city police detectives shows that the majority of CB radios being stolen are not being sold to local fences, but to individual citizens at a going price of $25 to $50," reports the Herald. "It's hard to combat when supposedly 'good honest citizens' are buying the stolen goods at these low prices."

Mail Rate Hike Is Postponed

WASHINGTON (AP) — The Postal Service has decided not to raise mail rates during the Christmas rush, Postmaster General Benjamin Bailar said today.

It was not known when mail rates would be increased, but Bailar said the Postal Service will file for a rate increase sometime in the next two weeks to take effect after the holiday mailing periods.

At a meeting Thursday, the Postal Service Board of Governors set the stage for a new rate hike, making the current rate of 10 cents to mail a first-class letter permanent effective Sept. 14.

Bailar had said the service would raise mail rates as soon as the present rates are made permanent.

AFS Chapter To Meet Saturday

The local chapter of the American Field Service will hold its September meeting at 8 a.m. Saturday at the Smorgasbord House.

The AFS sponsors the foreign exchange student program here. Anyone interested in the program is invited to attend the "Dutch treat" breakfast session.

Woman Aims Gun At Ford

By FRANCES LEWINE
Associated Press Writer

SACRAMENTON, Calif. (AP) — A young woman pointed a gun at President Ford in a street crowd today, was wrestled down by security men and taken into custody.

The President, who was walking to the nearby state Capitol, was uninjured in the incident and continued on his way.

A woman who witnessed the incident said that a Secret Service agent had observed the gun and grabbed the woman's hand, raising it aloft.

Agents and police at the scene quickly surrounded and subdued the woman, handcuffing her and taking her into custody.

A policeman at the scene said the woman had an automatic weapon and he believed it was loaded.

An agent held the gun as the woman was subdued and people in the crowd stood back.

One witness said the Prsident flinched and backed away as the agent grappled for the gun. Another witness said the woman was two feet from Ford at the time.

The incident occurred as Ford walked along the street where a crowd had gathered to see him. The slender young woman was wearing a long brown dress.

The President walked close to the crowd, as he often does in his personal appearances, pausing to shake hands.

Steve Crane, a salesman who took the day off to see Ford, said, "I saw it (the gun) after they took it away from her. I just ran down here to shake his hand. I shook his hand. He shook somebody else's hand and the next thing I knew he was flinching back and away.

"The SS people jumped on her and twisted the gun back behind her head."

A woman, who declined to identify herself to reporters, said, "It looked like she had pointed it (the gun). She was no more than two feet from Ford when it happened."

The woman witness said the woman had a red purse and wore a red turban.

Coup Effort Crushed

KHARTOUM, Sudan (AP) — An abortive coup against President Jaafar el-Numairi ended today in less than two hours and the leader of the revolt, an obscure major, was killed, Sudanese officials said.

Numairi described the second attempt in six years to overthrow him as "trivial" and the work of officers "so weak they couldn't even control a village."

Huff Seeking Venue Change

Attorneys for Freddy Huff of Post, who has been charged with attempted murder, have asked for a change of venue.

A pre-trial hearing for Huff began at 9:30 this morning in 132nd District Court. He has hired a firm of attorneys from Lubbock, and their Snyder representative is Gene Dulaney.

Huff was charged with attempted murder following an incident at the Scurry County Coliseum grounds during the recent rodeo. He allegedly struck Randy Sterling of Ira with an axe. Huff was released on Aug. 14 after posting $50,000 bond.

REFUGEE FAMILY ARRIVES—The Nguyen family arrived in Snyder late Wednesday and received a welcome from members of Grace Lutheran Church, which is sponsoring the refugee family here. The Nguyen family is residing at 2810 Avenue L. Pictured, from left, are Hanh, Duong (the mother), and Vihn, standing behind Thang, Phuong, Diep, Hau and Thuc. The father died of a heart attack in 1970 and the family's only living relatives live in San Antonio. They came to Snyder from Fort Indian Gap, Pa.

Prices Hikes Offset Job Report

By ROBERT A. DOBKIN
Associated Press Writer

WASHINGTON (AP) — The nation's 8.4 per cent unemployment rate held steady in August accompanied by an increase in the number of Americans with jobs, the government said today. But that encouraging sign in the economy was offset by another sharp increase in wholesale prices.

The Labor Department said many factories recalled workers laid off during the depths of the recession, and that total employment rose for the fifth straight month.

But the department also said wholesale prices rose .8 per cent — a .4 per cent drop from their increase in July but still a historically large jump. The largest increase was for fuels, related products and power which rose 2.9 per cent.

August figures showed an increase in employment of 275,000, meaning that 85.4 million Americans held jobs. Along with employment, the size of the labor force increased in August to 93.1 million, up by 230,000 following a rise of more than 500,000 in July.

The increase in employment occured mostly among adult men, household heads and blue-collar workers, segments of the labor force hardest hit by the recession.

Since reaching a recession low of 83.8 million last March, employment has risen by 1.5 million, the department said.

DISCUSSING DEEP CREEK—Henry Turney of Dublin, chairman of the Texas State Soil and Water Conservation Board, second from left, looks over information on the Deep Creek watershed as a hearing began Thursday on a proposed flood control project. At left is W.L. Wilson Jr., chairman of the Upper Colorado River Soil and Water Conservation District; second from right is County Judge Preston Wilson and at right is mayor W.A. Vestal.

HEARING HELD THURSDAY

Deep Creek Project In Competition For Funds

The Deep Creek watershed is now officially in competition with several other watersheds in the state for a flood control project priority. At this stage, funds for planning are being sought for the project here.

Members of the Texas State Soil and Water Conservation Board departed Thursday afternoon following a tour and a public hearing, and they advised that they were impressed by the Deep Creek proposal and especially the conservation work of farmers and ranchers in the Deep Creek Watershed. And they emphasized that conservation measures followed by local landowners, which represents local efforts to cope with flooding, have a significant role in the criteria applied by the state board in determining priorities.

In this case, the Deep Creek project, which came to life following the flood of Aug. 13, 1972, is in competition for a planning grant priority.

During the hearing conducted in the district courtroom Thursday morning, state board members expressed particular interest in commitments of local sponsors (the county, city and Upper Colorado River Soil and Water Conservation District) to provide financing required to provide sites for structures, etc., and for maintenance of the structures. Both the county and city committed themselves last spring to these requirements.

During the hearing, several questions were asked concerning the location and size of structures. These could not be answered precisely until the planning party completes its work, the group was informed. Damages resulting from the flood of 1972 were detailed, and other floods were cited as well.

Henry Turney of Dublin, chairman of the Texas State Soil and Water Conservation Board, said the board could not give any indication as to the status of the Deep Creek proposal on the priority scale. The board had visited other watersheds before coming here and later Thursday conducted a hearing on a proposal in Dickens County.

However, Turney said that in case the Deep Creek project doesn't make it this time it would not mean that it would go to the bottom of the ladder.

"You would continue to be considered every time grants were available," he said.

All five members of the state board were here for the hearing. In addition to Turney they are Albert Roach of Paris, vice chairman, Joe Antilley of Abilene, J. Frank Gray of Lubbock and E.W. Welman of Pleasanton. Also here with the state board were Harvey Davis,

President Urges Tax Incentives For Industry

By HOWARD BENEDICT
Associated Press Writer

SACRAMENTO, Calif. (AP) — President Ford today declared the American economy is "on the straightaway and beginning to climb," but to maintain the momentum he said U.S. industry must invest $4 trillion to create 11 million new jobs by 1980.

To help industry raise this enormous sum, the President urged Congress to adopt his policies to provide tax incentives and drastically reduce federal business regulations.

"They will give United States business and industry some of the incentive our economic expansion requires. They will give job-seekers a paycheck instead of a raincheck," Ford said in remarks prepared for a meeting of California business leaders.

The speech began another busy presidential day as Ford winds up a two-day official and political journey to the West Coast.

Ford also arranged today to discuss offshore oil drilling and energy problems with California Gov. Edmund G. Brown Jr. and to address a joint session of the California legislature.

He returns to Washington tonight.

On Thursday, Ford, with a seemingly inexhaustable supply of energy, made six speaking appearances in Seattle and Portland, Ore., three of them Republican fund-raising affairs. His efforts added about $325,000 to the party's treasury during the day.

In his speech to the California businessmen, Ford said, "One of the prime goals of my administration is to get America out of neutral and moving ahead in a pattern of sustained growth.

"If we are to meet the employment requirements of our expanding population, by the year 1980 we must create over 11 million new jobs. Estimates have placed America's total investment requirement in the coming years at the astonishing figure of $4 trillion. Even the figure is imposing. It's four — followed by 12 zeros!"

He complained that in recent years a disproportionate percentage of new jobs has come from the public rather than the private sector.

"The result has been the creation of a bureaucracy that contributes little to America's prosperity and productivity — it just shares in it," he said.

Ford said the private sector cannot provide jobs without help.

"The reforms this administration has already proposed to Congress will establish the taxing policies which will help to bring about this capital formation and job creation," Ford said. "They will give United States business and industry some of the incentives our economic expansion requires."

In Seattle, Ford was a hit as a total of 1,900 turned out at two GOP fund-raising luncheons, one at $25 a plate, the second at $500 a plate. The two events brought in about $200,000.

Ford also added nearly $125,000 to the coffers of the Oregon Repbulican Party, attending a $1,000-a-head cocktail reception and a $100-a-plate dinner. About 50 persons attended the cocktail party and about 750 attended the dinner. That made his total about $325,000 for the day.

LUNCHBOX BONUS—Eddie Chopp, 7, of Chicago, takes a chunk out of apple originally destined for his teacher at Chicago's Joseph Brennan School on Wednesday. Eddie's teacher, as well as 23,000-plus other teachers, struck the Chicago Public School system, Wednesday, on what was to have been the first day of school. Some 529,000 students were given a prolonged summer vacation as a result. An apple a day...(AP Wirephoto)

New Pact Costs US $ 9 Billion

KENNETH J. FREED
Associated Press Writer

WASHINGTON AP) — Israel, Egypt and some other Arab countries would get at least $9 billion in American aid over the next three years as part of Secretary of State Henry A. Kissinger's bargaining for the new Middle East agreement.

The administration, congressional and diplomatic sources who provided the figure emphasized that this is a minimum sum and that it could run much higher as time passes.

Both Israel and Egypt demanded large amounts of assistance before agreeing to the interim settlement, under which the Jewish state surrendered some land on the Sinai Peninsula in exchange for political concessions by Cairo.

Kissinger has already begun lobbying for congressional approval of his economic promises, which break down this way:

—Israel will get about $2.5 billion the first year, Egypt between $600 million and $800 million.

—The second and third years will see Israel receiving a total of $3 billion. Aid to Egypt will be about $2 billion during the two remaining years.

Grants and loans to Syria and perhaps other Arab nations also will be included in the aid package. Only rough estimates have been made for this pending negotiations between Israel and Syria, but they are in the area of $100 million.

Sources said these working figures are minimums and additional costs will increase the total to at least $9 billion during the expected life of the agreement.

Under the program worked out for this year, Israel will receive about $1.6 billion in grants and loans to modernize and expand its armed forces and to build a new defense line in the Sinai.

The other $900 million, including $350 million to replace oil from fields returned to Egypt, will be for economic matters.

Egypt's share for this year will be entirely economic at this stage, with about two-thirds devoted to development assistance and the rest in wheat and other agricultural grants.

In the remaining two years, Israel's aid will be reduced to a total of $3 billion and with an increased share devoted to stabilizing the inflation-ridden Israeli economy.

On the other hand, the $2 billion allotted for Egypt in the last two years of the agreement will show a major share in military aid.

The exact financial arrangements have not been worked out for the 150 Americans who will man electronic spy bases in the Sinai demilitarized zone. However, the sources say the United States will assume most of the costs.

Hunts' Trial Set Jan. 26

DALLAS (AP) — Two sons of the late oil billionaire H.L. Hunt will go on trial on obstruction of justice charges only four months after their wiretapping trial, scheduled to begin in 10 days.

U.S. District Court Judge Hal O. Woodward Thursday set Jan. 26 as the date Nelson Bunker Hunt, W. Herbert Hunt and five others face the obstruction charges.

Both trials will be in Lubbock before Judge Woodward, who got the cases on a change of venue from Dallas.

The Hunt brothers, along with three Dallas attorneys, Houston lawyer Percy Foreman and a Houston industrialist were indicted in July on charges of conspiracy to obstruct justice and obstruction of justice.

The charges were connected to the 1973 wiretapping case for which the Hunts are to go on trial Sept. 15. The government alleges the Hunts hired private detectives to wiretap the telephones of several of their father's aides.

The Jan. 26 trial will involve what the Justice Department claims was an attempted coverup to keep the Hunts from being indicted on the wiretapping charges.

The Hunts maintain they are being prosecuted by the government because they refused to allow the Central Intelligence Agency to operate within their international oil business.

In a related move Thursday, Ralph Shank, a lawyer for the Hunts since 1933 and one of those indicted, asked that his trial be severed from the other defendants.

Shank's lawyer, Patrick Higginbotham, argued in the motion that "the existence of the attorney-client relationship between defendant Shank and two of his co-defendants will prevent Shank from disclosing to his counsel either his communications with the Hunts or his work product and seriously impair Shank's right to counsel."

Shank is also co-counsel in the Hunts' upcoming wiretap trial.

Bentsen, Tower Get Complaints

WASHINGTON (AP) — Both Texas senators, Democrat Lloyd Bentsen and Republican John Tower, missed the Senate vote on antibusing and their constituents did not let it go unnoticed.

Most of those who telephoned Bentsen's office in Austin and Tower's office in Dallas wanted to know why the senators—both of whom have been vocal opponents to forced busing—missed the vote Wednesday.

Bentsen was in New York to deliver a speech and Tower was flying back from a California speaking date.

Aides to both senators said neither had anticipated the measure, offered by Sen. Robert Dole, R-Kan., to a $6.118 billion appropriations bill, or they would have been present.

Dole's amendment would prohibit the Justice Department from using any funds to require forced busing of schoool children, forced closing of schools, or forced transfer or reassignment of students.

the amendment was tabled by a 42-35 vote. Twenty-three senators were absent.

executive director, G.E. Kretzschmar, engineer, and Mel Davis, field representative, all of Temple, and Willie Y. Reece, field representative of Lubbock.

Soil Conservation Service representatives from out-of-county attending were Logan Crews, Assistant State Conservationist of Temple, Earl D. Archer area conservationist and F. Charles Baird, civil engineer, both of Big Spring.

W.L. Wilson Jr., chairman of the Upper Colorado River Soil and Water Conservation District, presided at the hearing. Other members of the district board all of whom were present, are Walter Stirl, vice chairman, Carl Williams, secretary-treasurer, Leroy Key and Burl Belew.

All members of the commissioners court—County Judge Preston Wilson and Commissioners Eldon Perry, Earl Sneed, Charlie Yoast and Jess Everett-were present. Representing the City of Snyder were Mayor Bill Vestal, Councilmen John Fagin, Jack Cummins, Jerry McWilliams and Rod Waller, and City Manager George Patterson.

The Snyder Chamber of Commerce was represented by Joe Williamson, president, and Mickey Nunley, manager. Erwin Pavlik, SCS conservationist for the Upper Colorado District, showed slides of the 1972 flood on Deep Creek.

The flood control project on the Deep Creek watershed would involve construction of several detention dams to trap flood waters on Deep Creek tributaries so that the flow could be controlled. Preliminry surveys indicated that some eight structures likely would be involved. However, the exact number and their exact locations would be determined by the planning party for which the grant is being sought at this time.

Members of the state board and representatives of the local sponsors made a tour by bus of a major portion of the Deep Creek watershed prior to the hearing. The tour included areas where much of the damage occurred from the flood of 1972.

Water Service Restored

TRENTON, N.J. (AP) — Water began pouring through the tap and into the toilets today as the City of Trenton began restoring normal water service after a breakdown that cut supplies to a trickle earlier this week.

Repaired pumps were turned on shortly after 10 a.m.

More than half the 250,000 residents of Trenton and three suburbs were without water Thursday as three days of desperate efforts to keep the damaged system going faltered under the strain.

A city official said that within two hours about 25 million gallons would be pumped into the system, which has a normal daily usage of 35 million gallons. He warned, however, that the water would still mix with dirty water left in the system and should be boiled before using for the next few days.

Work crews at the filtration plant repaired the broken pump and patched a gaping hole in the floor of the plant with tons of concrete and a thick metal slab.

Courses In Defensive Driving Set

Two defensive driving courses will be offered by the Community Services Department of Western Texas College starting next week.

The first class will begin meeting Monday, while the second class will begin meeting Thursday. Each class will have four two-hour sessions for a total of eight hours instruction. Students will pay fees totaling $13 each.

Persons completing the Defensive Driving course will receive a 10 per cent reduction on automobile insurance premiums for a period of three years.

Guy Sullivan will be instructor for both classes. The classes will meet from 7-9 p.m. in the classroom on the lower level of the Museum Building on the south side of the WTC campus.

Persons wishing to register may call the Community Services office at extension 237 at WTC or may register at the first class meeting. Each class will be limited to 25 persons on a first come, first served basis.

New Mobile Home Law Draws Mixed Reactions

AUSTIN (AP) — Sen. Lloyd Doggett, D-Austin, testified today that the state's new mobile home regulatory law was passed in response to a problem described as "vacant lot musical chairs."

Doggett, sponsor of the measure, was called by Atty. Gen. John Hill as the state's first witness after a group of mobile home dealers and makers rested their case.

The mobile home industry is attempting to have the act declared unconstitutional, claiming a bonding requirement to back up warranties violates their property rights.

Doggett said that as a lawyer, a past employe of the Texas Consumers Association, and as a state senator he learned that mobile homes are very common and very serious consumer problem. He mentioned fires, warpage, and "mobile homes that wouldn't keep the rain out,"

The problem was once described as "vacant lot musical chairs"—a dealer would promise one thing and then would not be there to make good on it later, Doggett said.

The new law was praised Thursday by an Army legal officer and a Longview dealer.

Capt. Ted Smith, chief of legal assistance at Ft. Hood, said the law probably would reduce the approximately 20 complaints his office handles each month for non-performance on warranties.

"Where the manufacturer goes out of business, often there has been no recourse. The dealer won't take it on himself, and in many cases the customer gets so frustrated he just moves out," Smith testified.

Jack McGuffin, owner of Factory Outlet Mobile Homes in Longview, also praised the new law.

"Do you have any fault to find with the new law?" asked Atty. Gen. John Hill, personally defending the statute which he nudged through the 1975 legislature.

"No. It probably sounded the tone of morality the industry needs, and most of us can live with it," McGuffin replied.

John K. Skidmore, president of the Skidmore-Carter Corp. of Burleson, said in response to a question from Jones that performance bonds might increase consumer confidence and result in more purchases of mobile homes.

Skidmore complained, however, about the high cost of the bonds and the difficulty in obtaining one. He said the only offer he received "would take all my working capital" in collateral and premium.

Hill asked Skidmore if it was "a pretty good deal" to give the buyer some recourse through the bonding requirement—if a manufacturer or dealer goes out business before a warranty expires.

"Yes, sir," Skidmore replied.

Will Ehrle, attorney for the mobile home companies, then pressed Skidmore on whether there were disreputable firms still operating.

"What happened to all the shysters and highbinders?" Ehrle asked.

"They're out (of business)," Skidmore replied.

Tony Caruso Jr., president of Centurion Homes Corp. of Waco, testified that to obtain the required $100,000 manufacturers bond, he had to post a $100,000 certificate of deposit as security. To borrow the money for the CD, he had to pledge the company's entire $480,000 in assets as collateral to the bank, Caruso said.

"It is the same as taking $100,000 and burying it in a hole for four years," Caruso said.

Richard Cross, president of Surety Corp. of America, said there was a similar crisis two years ago when the legislature passed a law requiring many merchants to post bond guaranteeing payment of sales taxes to the state.

Driver Leaves Mishap Scene

An unidentified motorist fled the scene after his car was in collision with the parked 1968 Model Chevrolet of Lana Prewitt Heffnan, 2805 Avenue X, on the parking lot at Cogdell Memorial Hospital at 6:34 p.m. Thursday.

Police also investigated one other mishap yesterday. It occurred in the 3700 block of Highland at 1:11 p.m. Involved were the 1971 Model Chevrolet of Tommy Galyean, 3741 Highland, and the parked 1971 Model Ford of Milton O. Wall, Route 1, Box 107, Snyder.

Russia Protests Provision

UNITED NATIONS, N.Y. (AP) — The Soviet Union has complained to Secretary-General Kurt Waldheim about a provision in Secretary of State Henry A. Kissinger's latest Middle East accord that would place about 200 U.S. technicians in Sinai, well-placed sources said today.

The informants spoke as Kissinger conferred with Waldheim for over an hour on the expanded United Nations' role under the new Egyptian-Israeli agreement, signed Thursday in Geneva with the Soviets boycotting the ceremony.

The sources said Soviet Ambassador Jacob A. Malik indicated his government was displeased that the provision on the U.S. technicians had been agreed to without the Soviets having been consulted.

MICROWAVE CHOCOLATE RUM SAUCE

Convenient to make at the last minute or have on hand.

½ cup light corn syrup
1 cup semi-sweet chocolate pieces (6 ounces)
1 tablespoon butter or margarine
2 tablespoons commercial sour cream
2 to 4 tablespoons 80-proof white or gold rum

Into a 1-pint glass measuring cup turn the syrup, chocolate and butter; stir slightly. Microwave until chocolate is very soft — 2 minutes; stir in sour cream, then rum until blended. Serve at once (sauce will be thin) or chill and let stand at room temperature about ½ hour before serving (sauce will be thicker). Makes about 1 and 2-3rds cups. We tested this recipe in a 575-watt countertop microwave oven; adjust the microwave time if necessary for your own model.

Spice Up Autumn Vegetables

By Aileen Claire
NEA Food Editor

Autumn brings many pleasures as the everyday pace picks up after a somnolent summer. There are many eating treats still to come as late fall harvests turn up mounds of apples, squash, red cabbage and eggplant, to name a few. This season experiment with new fall vegetable dishes such as an authentic Near Eastern dish, Armenian eggplant, a tangy panned red cabbage, or baked golden acorn squash with fresh orange and honey. These basically simple dishes go well with your favorite meats and fresh game.

TIME FOR SQUASH—Fall is time for squash, red cabbage and eggplant treats.

BAKED GOLDEN ACORN SQUASH

2 acorn squash
2 tablespoons butter or margarine
2 tablespoons honey
2 oranges, peeled and sectioned
½ teaspoon salt
¼ teaspoon pepper

Cut acorn squash in half lengthwise. Scoop out seeds. Place cut side down in large baking pan. Add 1 inch of water to pan. Bake in 375-degree oven 40 minutes. While squash is baking, melt butter in small saucepan; stir in honey and oranges. Turn acorn squash cavity side up. Sprinkle with salt and pepper and spoon orange mixture into cavities of squash. Bake 20 minutes longer. Makes 4 servings.

PANNED RED CABBAGE

2 tablespoons butter or margarine
¼ cup chopped fresh onion
1 medium red cabbage, shredded
1 teaspoon salt
1 teaspoon sugar
¼ teaspoon pepper
¼ teaspoon dried leaf maroram

Melt butter in large skillet. Add onion and cook 5 minutes. Add remaining ingredients and cook, uncovered, over medium heat for 10 to 15 minutes, until cabbage is crisp-tender. Makes 4 servings.

ARMENIAN EGGPLANT

1 pound ground lamb
½ cup chopped fresh onion
½ cup chopped celery with leaves
2 medium eggplants
2 teaspoons salt, divided
1 tablespoon fresh lemon juice
¼ teaspoon pepper
½ teaspoon cinnamon
¼ teaspoon allspice
¼ teaspoon dried leaf thyme
1 jar (3 ounces, ½ cup) pine nuts
2 small apples, cored and diced (2 cups)

In large skillet break up lamb. Cook until browned. Add onion, celery and leaves; cook 5 minutes. Cut eggplant in half lengthwise, scoop out pulp leaving one-half inch shell. Reserve shells and sprinkle with one-half teaspoon salt. Dice eggplant, add to skillet and cook 10 minutes, stirring occasionally. Add remaining one and one-half teaspoons salt and remainingingredients. Spooninto reserved eggplant shells. Place in baking pan and add one-half inch water to pan. Cover and bake in 350 degree oven 1 hour. Serve with plain yogurt, if desired. Makes 4 servings.

'Fatproofing' Children Is Wise

By Gaynor Maddox

Fat-proofing their children against becoming fat adults is a job all parents must undertake. In the last few years we have discovered that fat adults learned to be fat when they were children.

"Today we know that the only way to prevent the inevitable psychological, physical and social problems of overweight that can blight your children's lives is never to let them get fat in the first place," comments Alvin Eden, M.D., a professor of pediatrics at New York University School of Medicine and director of pediatrics at a Brooklyn hospital.

Which children are destined to grow up fat? He answers: "An infant who is overstuffed with milk. The baby who is fed solid foods much too early. The toddler who is incarcerated in a playpen or a stroller or is bribed with cookies to finish his lunch. The preschooler who is encouraged to watch TV to give his mother some peace and quiet. The school-age child who is driven to and from school. The adolescent who actually becomes malnourished because he seldom eats with the family. He never walks when he can sit and never runs when he can walk.

A thin child almost always grows up to be a thin adult. A fat child almost always grows up to be a fat adult.

"So don't tell your child to finish everything on his plate. He may not be hungry, he may not need it. By forcing him to eat you may be starting him on the path of putting on extra weight," Dr Eden states in his new book, "Growing Up Thin" (McKay, $7.92). He quotes leading nutritionists and pediatricians, all of whom agree that fat is not beautiful, that it may be a physical handicap and a social hindrance.

"What a lovely thin baby," he says, "should become the modern form of praise. But so many mothers still think fatness, not normal leanness, is the sign of health," "A nice fat little baby"—we must disabuse parents' minds of that unfortunate cliche. Leanness, not fatness that will probably last throughout the infant's life, must become the new understanding.

He suggests no special diets, no crank diets, nothing harsh or painful and humane attitude practiced with love. The infant or the toddler knows how much food he actually wants. Mother's feat that he will starve is silly and dangerous. He won't starve, Dr. Edne reminds us.

He also points out that even infants need exercise to prevent getting overweight. As toddlers, they need to stretch their arms and legs, climbing and striving to walk, to discover their own strength. School children need to walk to school, if possible, to play games and to do errands. These activities will help keep their weight normal.

They need to cut down on so-called junk foods, too, because these are mostly sugar and carbohydrates and fairly useless nutritionally. Children grow fat nibbling, remember.

"Growing Up Thin" is an important book for parents. It will startle many parents who think fatness in an infant is a sign of God's favor. It is not, according to doctors and nutritionists.

South wasted no time in the play. He won the first trick with dummy's king of spades and led a diamond. East went right up with the ace and led a second spade.

South's jack fell to West's queen and West cleared the suit. South ran the diamonds. But when he fell back on the heart finesse to try for his ninth trick, West took his king and two more spades to leave South one in the soup.

South was bitter. "Just think," he groaned, "Three out of three cards wrong. Put the ace of diamonds, queen of spades, or king of hearts in the other hand and I would have been home."

"'Just think' is what you should have done," said North. "Had you led dummy's queen of hearts at trick two and let it ride it wouldn't have mattered where those cards were. Your contract would have made easily."

Needless to say, North was right. South had failed to think.

Ask the Jacobys

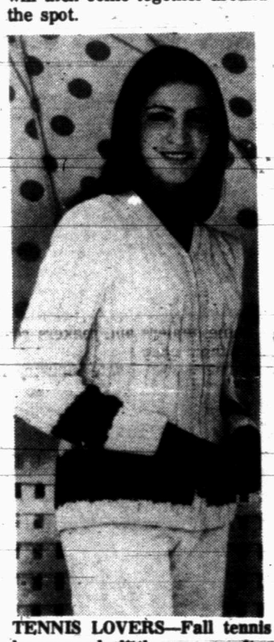

A Nebraska reader wants to know what a "Temporizing" bid is.

A temporizing bid is one that sort of marks time. It is made in a forcing situation in order to get partner to give more information. Thus, if you open one diamond and partner jumps to two spades, you may make a minimum sounding rebid, such as three diamonds or three spades, even though you have a big hand and will take further action later on. Remember that once a game forcing bid has been made the bidding must continue to game.

Mexican Corn Output To Jump

WASHINGTON (AP) — Corn production in Mexico, which has had to rely on substantial imports from the United States recently, is expected to jump 20 per cent this year from 1974's frost-damaged crop, says the Agriculture Department.

Mexican corn output now is estimated at 9.3 million metric tons, compared with 7.7 million last year, the department said Thursday.

Even so, officials said, Mexico probably will import about 1.3 million tons of corn in 1975-76, all from the United States, to round out its supplies. Last season, Mexico imported a total of 2 million tons, including 1.3 million from the United States.

Fanne's Autobiography Is Hot Item In Arkansas

By MARC WILSON
Associated Press Writer

LITTLE ROCK (AP) — "The Stripper and the Congressman," Fanne Foxe's biography, went on sale at Little Rock book stores Thursday, and business was reported brisk among the constituents of Rep. Wilbur D. Mills.

But the advertising agency promoting the book said there have been a number of complaints about the book, and several suggestions that Miss Foxe cancel her promotional two-day appearance in Little Rock later this month.

"Several individuals and church groups have called to complain," said Shirley Stover of the Stout Advertising Agency. "They just don't think it's a proper thing to do."

She said she has heard that there have been complaints about Miss Foxe's speaking appearance before a meeting of the Little Rock Jaycees, scheduled for Sept. 18.

However, Rogert Stout, an official of the advertising firm, said Thursday evening that he had received no indication that Miss Foxe would cancel her appearance at Little Rock. "The trip is still on," he said.

News Mart, a downtown bookstore, reported receiving a heavy volume of calls throughout the day from persons asking if the book was available.

"I got calls all morning from people asking if it (the book) was in yet," said store manager Bob Houston. "We didn't get the books in till about 1 p.m., but we've done a pretty good business already. It's the thing everyone talks about."

Mildred Murry, a clerk at the store, said, "There were a couple of policemen looking the book over pretty good when I came to work at 2 o'clock. They laughed and joked and looked at the pictures mainly and one of them said he'd come back and buy a copy when he got off duty."

At another bookstore, clerk Dorthy Nesbitt said the book was the center of conversation.

"What are they saying — well, what's there to say," she said. "Mostly it's women laughing about the whole thing."

The book is Miss Foxe's version of her love affair with Mills, the former chairman of the House Ways and Means Committee. Miss Foxe — whose real name is Annabel Battistella — claims she became pregnant by Mills in the fall of 1973, and had an abortion in early 1974.

The book cover describes the contents as, "The truth behind the notorious Tidal Basin escapade and her scandalous affair with Wilbur Mills."

The Miss Foxe-Mills friendship became well known in October 1974, when, according to District of Columbia Police, Miss Foxe ran screaming from Mills' car and jumped in the Tidal Basin.

Mills then appeared on stage with Miss Foxe at Boston's Old Pilgrim Theater.

Mills subsequently blamed his actions on alcoholism.

US Flag Code Provides Rules

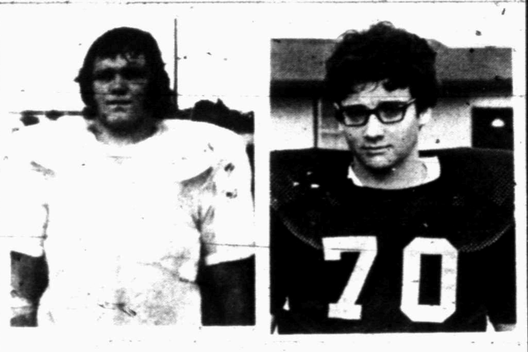

CHICAGO (AP) — The U.S. flag code provides the basic rules for displaying and caring for the flag, according to the World Book Encyclopedia.

For example, when the U.S. flag flies with other flags, the code requires that all staff heights be equal and the U.S. flag be on the right. There are two exceptions to this rule: the United States flag flies above all flags at U.N. headquarters in New York City and the church pennant flies over the U.S. flag while naval chaplains conduct services at sea.

Prelim Swimsuit Winner Dieted To Gain Weight

By CHRIS CONNELL
Associated Press Writer

ATLANTIC CITY, N.J. (AP) — Miss Arkansas, Paula Denise Roach, had to go on a crash diet to gain weight before coming to this resort to compete in the Miss America Pageant.

"I ate a lot of starches and sweets," said the Arkansas State University coed, who won a preliminary swimsuit award and a $1,000 scholarship Thursday night. "The judges at my state pageant told me I had to gain eight pounds, and I managed to put on six."

The 5-foot-7, 118-pound beauty also exercised rigorously, "I worked to build up my thighs by running up and down bleachers on the balls of my feet and by lifting 10-pound weights," said the 35½-23½-36 brunette.

She was joined in the winner's circle by Miss Massachusetts, Cynthia Mary Carpenter, who earned talent honors by playing a modern classical piano composition.

On Wednesday night Miss Rhode Island, Debra Cusick, and Miss Ohio, Susan Banks, won their swimsuit and talent competitions respectively.

Two more preliminary winners will be announced following tonight's show in Convention Hall before the field of 50 is narrowed down to 10 for Saturday night's televised finals.

Miss Roach, 20, who has three teenage brothers, said she grew up as a tomboy in her native Jonesboro, Ark.

At Arkansas State, where she will be a junior sociology major, she went to football coach Bill Davidson for "some pointers on how to build up my thighs."

She lost a few pounds last spring on a three-day backpacking trip through the Grand Canyon with her geology class. She jogged three miles a day to prepare for the trek.

She borrowed the navy blue swimsuit she wore from a sorority sister.

"I felt that swimsuit was my weakest point," the surprised winner said.

Miss Carpenter, 22, of Wayland, Mass., is an accomplished musician who plays piano, viola, organ and flute. She plans to complete work for a master's degree in choral conducting at Boston University this fall.

A dark-complexioned brunette with an arresting smile, she spent this summer at Tanglewood in Massachusetts' Berkshire Mountains, where she taught body movement to high school students in choral conducting classes.

"When you sing, your voice is your musical instrument, but so is your whole body," said Miss Carpenter, who does yoga exercises every morning. "How often have we taken choirs, lined them up rigidly and then told them to be expressive?"

Her father, a Congregationalist minister, died when she was 10, and her mother, Evelyn Carpenter, supported her and an older sister by teaching school.

Amistad Rehearing Set Sept. 22

AUSTIN, Tex. (AP) —Over protests from Amistad Airlines Inc., the Texas Aeronautics Commission Wednesday called a new hearing on Amistad's application for scheduled air service between San Antonio and Laredo.

The rehearing for Amistad will be Sept. 22 in Austin.

The commission also re-elected Rex C. Cauble of Denton as chairman of the commission; re-elected Lucien Flournoy of Alice as vice chairman and David Witts of Dallas was elected secretary.

Amistad, which now operates non-stop service between San Antonio and Del Rio, opposed the rehearing motion which was asked by Texas International Airlines and Texicana Airlines. Texicana has an application pending before the commission for authority to serve five cities including Laredo.

Amistad attorney J.M. Head urged the commission to go ahead and grant Amistad's application, saying that a TAC examiner had already found a need for additional air service in Laredo. He said Amistad had the planes and pilots to fulfill that need immediately.

Texicana attorney Arthur Troilo said Texicana had made a market study of the Laredo area and would be ready in six weeks to ask for a hearing on its application to service the area.

Harry Lawson, attorney for Texas International, said Amistad's application was premature in view of "their financial condition." He also said granting the application would divert some passengers from Texas Internatinal making it more difficult to serve Laredo.

The commissioners granted the request Thursday by Bledsoe Aviation, Inc., Corpus Christi, to withdraw it application to provide scheduled air service between Corpus Christi, Austin and San Antonio. A TAC examiner has recommended the application be denied.

Hookers Get On CB Radios

DALLAS (AP) — Who's the most talked about personality on citizen band (CB) radio besides Smokey the Bear? Would you believe Hot Lips the Hooker?

Not only can CB operators use the air waves to warn fellow travelers about Smokey (state troopers) but in Dallas they can tune in to learn where to drop in on their favorite prostitute.

"Good morning world — this is Hot Lips and I am ready for you," she chimes over the air.

One man said he heard such a broadcast about 3 o'clock in the morning.

"Man, you could hear truck tires squealing and drivers coming on the air from everywhere all at once," he added.

Carl Pryon, district supervisor for the Federal Communications Commission, is quick to point out the women are violating a number of regulations.

If caught, a prostitute probably could be charged with having no CB license, soliciting business and use of the air waves for "unauthorized purposes."

"We've had a number of complaints about this," Pyron said. "Unfortunately, none of my men has actually heard one of these broadcasts but I feel there is something to it. We've had too many complaints about it."

A Dallas vice squad officer said he gets the same reports.

"I think some of the girls are calling their pimps on these CB radios to get directions on how to get to their next customer," he said.

Pryon said the prostitutes invite listeners, many of them truck drivers, to meet at a code-named motel for "fun and games. If the trucker, or whoever he is, knows the code location, they're in business."

Pyron estimated there are 16,000 CB radio operators in the Dallas area.

With Hot Lips and friends on the air, that number could increase rapidly.

Kennedy Don't Want Case Reopened

NEW YORK (AP) — Robert F. Kennedy Jr., son of the assassinated senator, says his family does not want to see the investigation of his father's death reopened.

"It's a painful thing for my entire family to see this whole thing reopened and we're satisfied with what was found," young Kennedy said Thursday in an interview. "I think they ought to drop it."

A 21-year-old Harvard College senior, Kennedy said, "I have no interest in seeing the whole case pursued, and I think I speak for the rest of my family."

Critics of the investigation say it is possible that more than one gun was fired, placing doubt on the official explanation — that Sirhan B. Sirhan acted alone as the assassin. Los Angeles police recently disclosed that officers destroyed bullet-riddled ceiling panels and other evidence they considered useless, and a judge in Los Angeles recently ordered that the Sirhan gun be retested.

Says Independents Won't Be Ousted

HOUSTON (AP) — M.A. Wright, chairman of Exxon Co. USA, says the independent marketer has made a secure place for himself in the petroleum market and will not be driven out of business by major companies if oil prices are decontrolled.

"The independent marketing segment has grown from a 19.8 per cent market share in 1968 to 26.2 per cent at the end of 1974," Wright said in a letter to Frank Zarb, head of the Federal Energy Administration.

Wright said there was an interruption in the growth rates of independent marketers during the Arab embargo and controls period of 1973-74 but that a very competitive market has developed over the past year.

"In this competitive environment, the independent marketing segment of the industry has further grown to 28.2 per cent at the end of the first quarter of 1975," Wright said.

"Availability of crude oil to the independent refiner is clearly evidenced by the fact that during the second quarter of this year, the independent refiners only purchased 40 per cent of the allocated crude oil made available to them under the Federal Mandatory Allocation Program."

Wright restated his support of elimination of the two-tier crude oil price system through decontrol.

"Crude oil prices will then seek a parity, increasing refiners' raw material costs by approximately 3 to 4 per cent per gallon," Wright said.

BEGIN SEASON—The fighting Snyder High School varsity football team begins the 1975 football season tonight. Kickoff is on tap for 8 in Tiger Stadium with Monahans providing the opposition. Members of the varsity Tigers this season are, from left to right, bottom row, Charles Hammond, Wade Sands, Kyle Sikes, Scott Clark, Pat Dryden, Alvin Selmon, Danny McCormack, Brad Stoker, Tim Falls, Doug Morrell, Rudy Rodriguez and Dennis Buchanan; middle row, Perry Westmoreland (manager), Mitchell Smith, Ricky Beard, Larry Gee, Tim Flynn, Richard Balderrama, Vance Voss, Bobby Thompson, Sam Kitching, Terry Scarbrough, Dusty Land, Roy Gill, Darrell Lester, and Benny Davis (manager); and, top row, Tony Whittenburg (student rtrainer), Mac Wellborn, Dane Witherspoon, Kelly Ragland, James Smylie, Gary Greenlee, Steve Green, Greg Pavlik, Mike Freeman, George Miller, David Rice, David Kruger, Billy Allbritton, Kenny Thompson, and Bryan Walter (manager).

Tigers, Monahans Begin Grid Slate

Two teams which normally depend on strong running games could unleash passing attacks tonight when the Snyder Tigers host Monahan's Loboes in the 1975 season opener for both teams. Kickoff is on tap for 8 p.m. in Tiger Stadium.

In scrimmages against Alpine and Odessa, Monahans had difficulty moving the ball on the ground, but they displayed a dangerous aerial attack. Snyder High's passing also looked improved over last year in scrimmages against Odessa Ector and Midland High. The pass-blocking, particularly, was improved.

Both coaches–Maurice (Mo) Hodges of the Tigers and Jerry Larned of the Loboes–believe in run-oriented attacks and doubtless will try to establish a running game first. However, neither would hesitate to resort to aerial strategy if their teams have difficulty moving the ball.

Both coaches predicted a close, hard-fought ball game.

"Our scouts were impressed by the Tigers in their scrimmages," declared Coach Larned.

Asked what the strong point of the Loboes is, he said: "Our offensive line. Potentially, we have as good an offensive line as we had last year (when Monahans went to the state quarterfinals in the playoffs)."

Monahans has 10 returning lettermen, including three starters from last season's team. There will be eight numeral winners in their offensive alignment and seven on defense. The Loboes operate from a Wing I, Slot I and Pro I set while they employ a "27" defense with four front men and three inside linebackers.

Coach Larned will miss the services of Wayne Pettit, all-state running back, and his concern was reflected in a telephone interview last night:

"We were unable to move the ball on the ground in our first two scrimmages. We averaged less than a 100 yards on the ground in each scrimmage, but we threw the ball well."

Guiding the Lobo attack will be Doug Loafman, 165-pound senior squadman, who is accurate on hook and curl patterns. Backup quarterback is Arnold Nall, a 160-pound junior, who doubles as the right cornerback on defense. Nall is a better runner than Loafman, but Doug is the better passer.

At fullback will be letterman Tracey Lisman, 195-pound junior, while other numeral winners will round out the backfield. They include tailback Bruce Ramsey, 140-pound senior, and slot back Mike Jolley, 165-pound senior.

Donnie Scott, 160-pound senior, David Carr, 190-pound senior, and Joel Strickland, 195-pound senior, are all returning starters who will be in the offensive line. Scott is a split end, Carr is a quick guard and Strickland will be at center. Two of the other four starters in the offensive line also are lettermen.

The Tigers also have some fine returning running backs. Coach Hodges will miss All-Stater Welton Cobb, but fortunately, he has some talented runners who could be outstanding before the season is over.

Tim Flynn, 165-pound senior, will open tonight at tailback–a job he took over last season when Cobb was injured. He has good balance and determination. Larry Gee, another letterman, will be at halfback in the Tigers' Winged T alignment. The 175-pound senior also is a forceful runner. At fullback will be Mitchell Smith, 205-pound junior squadman, who runs with a lot of drive. Also available for fullback chores is letterman Ricky Beard, 195-pound senior, who saw a lot of action last year. Beard's services are needed at linebacker this year, so he will primarily see action on defense. But he's ready and capable of carrying the ball if called on. Gee also saw action as a fullback last year, but has been moved to halfback.

Guiding the attack tonight will be Steve Green, 160-pound senior, who also won a letter last year. He's a capable passer and a slick ball handler. Ready to spell him are two other talented lads, both of whom can throw the ball. Backup quarterback is Kelly Ragland, 165-pound senior, who had experience as a sophomore. He was injured for most of last season but has real ability. Tim Falls, 160-pound junior, also can be depended upon to do a quality job at quarterback.

Two lettermen will anchor the offensive line. They are Charles Hammond, 210-pound senior, who will start tonight at strong tackle, and Kenny Thompson, 150-pound senior, who will open at swingman or split end. He caught a touchdown pass in the scrimmage against Midland and looks like a good target for the aerials.

There has been close competition for most of the starting berths which reflects the good quality of the junior varsity and sophomore teams of last season. David Rice, 215-pound junior, has won the starting berth at strong end. He's tough. So are James Smylie, 190-pound senior, who will operate at strong guard; Dennis Buchanan, 185-pound senior, who will start at center; Dusty Land, 180-pound senior, who had drawn the starting assignment at quick guard; and, Gary Greenlee, 190-pound senior, who is the quick tackle.

Coach Hodges said his primary concern is the defense. Only four lettermen will be starting on defense in the Tigers' Oklahoma "5" alignment. Beard will be at left linebacker, Hammond will be at right tackle, Flynn will be at halfback, and Mike Freeman, 180-pound senior, will be at left end. Freeman saw a lot of action at tackle last season, but has been moved to end.

Billy Allbritton, 170-pound senior, will start at right end on defense while Richard Balderrama, 215-pound senior, will be at left tackle, and Darrell Lester, 190-pound junior, will be at middle guard.

Joining Beard at linebacker on the right side will be Doug Morrell, 160-pound junior. Ragland, the backup quarterback, will be at safety, while Kyle Sikes, 140-pound senior, will be at rover, and Bobby Thompson, 160-pound senior, will be at cornerback.

Another letterman, Dane Witherspoon, a 180-pound senior, probably will handle the punting, extra point and kickoff chores tonight. Beard also is a capable extra point and field goal man, and he can kick off. Squadman Doyle Browning also can punt with ability.

The Tigers are four deep at swingman. Others ready for service are Scott Clark, 150-pound senior, Alvin Selmon, 140-pound senior, and Roy Gill, 150-pound senior. Gill recently recovered from an ankle injury and may be held out of contact for another week.

Freeman also is a good blocker, and he will be ready to spell Greenlee at quick tackle as will Terry Scarbrough, 187-pound senior. Greg Pavlik, 185-pound junior, is ready to go at quick guard as is Sikes. George Miller, 180-pound senior, and Sam Kitching, 185-pound junior, give the Tigers depth at center. Lester can operate at strong gurad as can Brad Stoker, 170-pound senior, while David Kruger, 180-pound senior, and Balderrama are good strong tackles. Allbritton also doubles as a strong end, and Mac Wellborn, 190-pound senior, can operate at the same position.

Morrell, the starting right linebacker, gives the Tigers additional strength at fullback while Bobby Thompson and Rudy Rodriguez, 150-pound senior, can carry the ball at tailback. Squadman Danny McCormack, 150-pound junior, also is a tailback. Gee can be spelled by Pat Dryden, 145-pound senior, and Wade Sands, 140-pound senior, at halfback.

Green and Clark also play safety on defense while Kenny Thompson can fill in at cornerback. Stoker spells Morrell at right linebacker, and Pavlik helps Beard at left linebacker. Dryden and Gee also operate at rover while Falls, Rodriguez and Sands can work at defensive halfback.

Vance Voss, 185-pound senior, spells Lester at middle guard. Many of the boys also double in reserve roles in the defensive line, including Smylie and Wellborn at left end, Rice at left tackle, Land and Kruger at right tackle, and Greenlee and Smith at right end.

How well the Tigers do this season primarily depends on how well the younger squadmen develop. By the time district play rolls around, they could have enough seasoning to be tough competitors.

Last year's 9-2 record will be a hard feat to duplicate.

In any event, tonight's opener should be an exciting ball game. Mainly on the strength of their spirit and desire, this corner is picking the Tigers to celebrate a 21-14 victory.

Southwest Teams Are Favored In Openers

By DENNE H. FREEMAN
AP Sports Writer

The Southwest Conference opens its 61st football campaign Saturday with prospects bright for a fast 3-0 start against non-conference opponents.

Defending SWC champion Baylor was a heavy favorite over rebuilding Mississippi, Houston was a prohibitive pick over Lamar University, and Southern Methodist was a strong choice over Wake Forest.

Next week Texas Christian hosts Texas-Arlington on Friday night; Air Force is at Arkansas in Little Rock; Rice is at Houston, SMU is at Florida, Colorado State is at Texas, Ole Miss is at Texas A&M, and Florida State is at Texas Tech.

All eyes will be on Waco to see if the Bears will field the kind of team which led them to the "Miracle on the Brazos" and their first SWC title in 50 years last season.

The 1974 Coach of the Year Grant Teaff said the Bears "could have another fine football team but once again we are facing a severe challenge in our schedule."

The Bears also play Auburn, Michigan, and South Carolina before conference play begins.

Big question marks surround Baylor quarterback Mark Jackson and tailback Cleveland Franklin, who succeed the SWC's top 1-2 punch from last year, Neal Jeffrey and Steve Beaird.

"I have all the confidence in the world in Mark," said Teaff. "He came off the bench in the Arkansas and Texas Tech games last year and did a fine job. We couldn't have won the title without him.

"Cleveland has really come around and there is no doubt in my mind if he stays healthy, we will be in good shape at tailback."

A crowd of between 30,000 and 40,000 was expected for the 8 p.m. kickoff.

Ole Miss Coach Ken Cooper said he will not decide on a starting quarterback for the Rebels until game time. Redshirt sophomore George Plasketes was expected to have a brief edge over junior Stan Bounds and sophomore Tim Ellis."

Houston, which doesn't play for the SWC title until 1976, has an explosive offensive team but is basically inexperienced.

"The thing about this team is that we have so many people who haven't played in a college game before," said fullback John Housman. "Lamar probably will come in here six feet off the ground but we will be, too."

The game was set for 2 p.m. in the Astrodome and a crowd estimate was something in the neighborhood of 25,000.

SMU takes a veteran offensive line and Wishbone-T backfield against the Deacons in a night contest.

"We have an excellent offense but our kicking is the biggest question mark I've ever had in coaching," said SMU Coach Dave Smith, who has searched high and low for a punter.

Smith added "There are so many things that we don't know about Wake Forest. There are a lot of newcomers that we don't know about. I understand that they have seven or eight transfers and freshmen starting. Also, they have a new defensive coordinator and we don't know what that is going to do about their defense. Being at home and the opener they should be tough."

Dallas Cowboys Host Tough Oakland Tonight

DALLAS (AP) — Oakland is the kind of team Dallas Coach Tom Landry wants his young Cowboys to be when they grow up.

"Oakland is a perennial Super Bowl contender and we want to get back to that level," Landry said.

The Cowboys will meet the unbeaten Raiders tonight in a nationally televised National Football League preseason game.

The Cowboys are 1-3 going into the game and Landry said of the competition: "The way Oakland has been playing if we aren't 20 points behind at halftime we'll be in great shape."

Landry was still experimenting with his team which has only 17 leftover from the 1972 Super Bowl champions. Fullback Robert Newhouse was moved from fullback to halfback while Jean Fugett was switched from the wide receiver to tight end. A long look was planned for the Cowboy linebacking corps which stands at nine players.

"It is important to win, but it's more important to make the right decision on our personnel," said Landry, eyeing a hefty cut next week.

Dallas missed the NFL playoffs for the first time in nine campaigns last year and the Cowboys have lost to Los Angeles, Kansas City, and Minnesota in the exhibition season.

"We might be a contender this season in our division with a little luck here and there but it takes time to replace players," Landry said. "I wish I could wave a magic wand and do it."

Defensively, Landry was trying to find an adequate replacement for retired all-pro defensive tackle Bob Lilly. Both Larry Cole and Bill Gregory have worked at the position.

Offensively, Charles Young was given the starting nod at fullback where Walt Garrison created a large gap with retirement.

Oakland Coach John Madden's Raiders have averaged 338 yards offensively per game behind quarterback Kenny Stabler and lead the NFL in scoring.

Stabler has completed almost 64 per cent of his passes for five touchdowns and has yet to be intercepted in preseason.

Cowboy quarterback Roger Staubach has a poor completion ratio but has been victimized by numerous drops as Landry shuttled his receivers.

Missing for the first time from the Oakland roster was Jim Otto, 37, who retired this week as the Raider center after 15 seasons in which he never missed a league game—210 straight. Dave Dalby will move in for Otto.

"We have great hitters and a great attitude," Landry said. "We should know more about ourselves after playing a tough team like Oakland. They are right up there in Pittsburgh's class."

A crowd of 40,000 was expected for the 8 p.m. CDT kickoff in Texas Stadium which has become something of a sauna in a heat wave with temperatures in the high 90s.

Blues, Grays Tie, 17-17

HOUSTON (AP) — A last-minute field goal kicking duel between Alvero Arenas and Mike Landrum provided excitement and resulted in a 17-17 tied between the Blues and Grays in Rice University's final major scrimmage before their season opener next week.

Freshman Arenas booted a 47-yard field goal with 59 seconds left in the scrimmage for a 17-14 lead for the Grays. Then with one second left, Landrum, who also handles Rice's punting, kicked an identical 47-yard field goal for the deadlock.

The Owls open their season Sept. 13 in the Astrodome against the University of Houston.

Princeton's football team plays the same nine teams the Tigers met in 1974.

V'Ball Girls Win 2 Of 3

The Snyder High girls volleyball teams inaugurated the 1975 season here last night, winning two of three matches against Big Spring.

The vasity lost 3-15, 10-15 while the JV won 15-9, 15-3 and the 9th grade Black team won 15-7, 13-15, 15-12.

Scoring for the varsity were Rhonda Nunley with three points and Carla White, Susan Walker, Pam Head, Mitzi Autry and Della Braziel with two points apiece.

Big Spring was taller than the Tiger varsity, but Coach Joyce Elrod said she was pleased with the team's defense against the spike and especially the blocking of Pam Kohl at the net. Della Braziel had a good defensive game, and Mitzi Autry and Susan Walker were good as spikers on offense.

Scoring for the JV: Ann McClain, Shelly Nutt and Andra Crenshaw, 8 points each, and Charlotte Pierce, 6.

Scoring for the 9th grade: Sherry Neves, 12 points; Debbie Myers 11, Kathy Harrell 9, Cindy Koonsman 8, and Lorena Selman 3.

The Snyder varsity will host Abilene Cooper, another Class AAAA team, Tuesday night.

Ben Franklin said: "Beware of little expenses; a small leak will sink a great ship."

JV, 8th Grade Play Saturday

The 1975 football season will be kicked off with a full slate of games involving local and area teams.

The varsity Snyder Tigers host Monahans at 8 o'clock tonight in Tiger Stadium in their season opener. Other Snyder teams slated for action this week include the junior varsity and the Junior High 8th grade Gold team. The JV hosts Dunbar at 2 p.m. in Tiger Stadium, Saturday, while the 8th graders entertain Sweetwater at 10 a.m. on the Travis field.

Elsewhere in District 3-AAA, Brownfield hosts Levelland, Dunbar vists El Paso Bowie, Lamesa is at home against Carlsbad and Estacado visits Plainview in Friday night affrays.

On the area scene, Hermleigh hosts O'Brien, Ira hosts Divide and Hobbs visits Weinert tonight.

Woman Running Hotel For Uninvited Guests

By Abigail Van Buren

© 1975 by Chicago Tribune-N.Y. News Synd., Inc.

DEAR ABBY: Help! I am suffering from acute and chronic "Houseguestitis."

Tomorrow morning I will place an ad in our local newspaper to sell my lovely guest-room furniture. It's only one year old, looks like new, but I have aged a lot since installing it.

I've had wave after wave of houseguests for the past seven weeks—all either uninvited or self-invited—and the end isn't in sight.

My nerves are shot, my cuticles are bleeding, my purse and gas tank are empty, my yard, house, children and pets are somewhat neglected, and I'm exhausted.

One more call from friends asking me to please pick them up at the airport (85 miles round trip) will send me to the funny farm.

Most of my friends in this area have the same problem. Our husbands escape to their offices and try to ignore the mess.

I wish that people could understand that a casual, "We'd like to see you if you visit in this area," is not an invitation to move in with us.

So, tomorrow, the furniture goes on sale and the hotel closes.

ALWAYS A HOSTESS, NEVER A GUEST

DEAR ALWAYS: Why give up your guest facilities? All you have to do is say, "I'm sorry, but we can't accommodate guests now," when unwanted guests invite themselves.

DEAR ABBY: Is there a polite way to tell people that you don't want their old hand-me-down clothes?

I am three months pregnant, and no sooner did I announce it at the office when almost every old lady present volunteered to lend me her old maternity clothes!

Abby, some of those clothes are five and six years old! Also, don't they realize that maybe I would like the pleasure of selecting the styles and colors that look best on me?

Please print this as I know there are other young pregnant girls who have been stuck in this situation.

NO HAND-ME-DOWNS

DEAR NO: All you need do is say, "No, thank you," when you're offered something you don't want. Some pregnant girls appreciate hand-me-downs.

DEAR ABBY: My problem is undoubtedly shared by many other senior citizens. I have arthritis in my hands, and many of my friends insist on shaking hands with me every time we meet. These thoughtless handshakers grab my hand and squeeze my poor aching fingers, which is very painful.

How can I avoid this painful experience? Maybe if you print this letter it will help.

SORE IN OKMULGEE, OKLA.

DEAR SORE: Here's your letter. In the meantime, before shaking hands, say, "Gently, please. I have arthritis.

TRC Asks Records On Duval Wells

CORPUS CHRISTI, Tex. (AP) — The Texas Railroad Commission has been asked for records on both defunct and new oil wells in Duval County in what a Texas Ranger calls an investigation of possible slant drilling there.

Ranger Capt. John Wood has said he is certain there has been some slant well drilling in Duval County. Slant drilling is a method by which oil is stolen from another person's lease by slanting under it.

Wood is a member of a special task force sent to Duval County to investigate possible corruption and various local governmental agencies.

James E. Herring, an engineer in the field operations division of the railroad commission, said Thursday afternooon in Austin that the commission at the request of the Rangers has been "putting together some basic information out of our files on what is down there...what is producing and what is not producing."

Herring said the term "slant hole" had not been specifically mentioned in the Ranger request for information.

Car Sales Are Taxing Collectors

LITTLE ROCK, Ark. (AP) — A hint of austerity showed up in automobile and related tax collections in Arkansas during the year of the energy shortage.

Automobile sales tax collections dropped 18.9 per cent in fiscal 1974, collections on automobiles bought in other states by Arkansans dropped 12.5 per cent. While gasoline tax revenue rose, this was due to an additional one cent tax per gallon. The previous tax rate would have netted less revenue.

Dr. Lamb

Rapid heart beat is a mystery

By Lawrence E. Lamb, M.D.

DEAR DR. LAMB- I am being treated for mild high blood pressure with Hydropress and take Valium. I'm 46, male, 5 feet 9 inches and weigh 205 pounds. I'm a good 40 pounds overweight. My work is 60 per cent sedentary and I'm just recovering from a broken ankle that keeps me down.

My bad habits include smoking a pipe without inhaling and a drink now and then. I use decaffeinated coffee, and other than the above I have always been in good health.

My problem is attacks of rapid heart action. I can be sitting reading with a heart rate of 68 when it suddenly jumps to 100 or 125. Sometimes this is accompanied by very weak feelings. One attack was so bad my wife called the rescue squad, as I felt I was going under.

Also, in the morning hours I have very heavy, achy feelings in the thighs and calves of legs. I am tired and depressed, which is unlike my previous nature.

My doctor says everthing is O.K., and my blood pressure is good with Hydropress, but I get no satisfaction on what causes the rapid heart attacks or what to do about it.

Is this a side effect of the Hydropress?

DEAR READER- To identify exactly what your rapid heart action is, it would be necessary to get an electrocardiogram during one. The description of sudden onset does suggest one of the tachycardias caused by an irritable spot in either the atria or the ventricles. They can be very disagreeable, often depending on how fast the heart rate actually is. I have seen rather healthy men with this problem who had attacks with rates of 100 to 120, and they never knew the heart was doing this. I suspect you are more aware of your body and its behavior than they were. That may have something to do with your general nervousness.

We don't always know what causes such attacks. Unless they are part of some other heart problem, they are usually not dangerous. They can be caused by an overactive thyroid- probably not your problem in view of your tendency to obesity alcohol, coffee, anxiety and sometimes on the basis of an inherited variation in the heart's electrical mechanism.

If your attacks are severe and frequent, your doctor could give you medicine to calm your heart down. I do not mean another sedative, but medicines such as quinidine (there are now many others) that have a direct action on soothing the heart.

The Hydropress ordinarily does not cause types of problems. If you have washed out a lot of potassium, though, from elimination of fluid as a result of Hydropress, then you might be more susceptible to such attacks. You could help ensure that you have enough potassium in your system by drinking three glasses of orange juice a day.

You really do need to loose that weight. Your blood pressure might be all right if you lost a good 50 pounds. I have been repeatedly impressed with value of eliminating even a small amount of obesity in lowering blood pressure, often to normal levels. As soon as your ankle permits, I would recommend a daily, light exercise program, perhaps walking or swimming or both to help you get rid of your pounds and put you back in shape.

For more information on blood pressure, write to me in care of this newspaper, P. O. Box 1551, Radio City Station, New York, NY 10019, send a long, stamped, self-addressed envelope and 50 cents and ask for The Health Letter number 1-8.

Actor Arrested

LOS ANGELES (AP) — Bruce Fairbairn, who plays young police officer Chris Owens in the television series "The Rookies," has been arrested and booked for investigation of drunken driving, police said.

Fairbairn, 28, was stopped by Los Angeles police in suburban Brentwood on Tuesday after he was allegedly speeding and crossing a center line.

Police said the actor failed a field sobriety test and was taken into custody.

Rejected Suitor Still Liz's Friend

LONDON (AP) — Henry Wynberg, the rejected suitor of actress Elizabeth Taylor, was quoted by the London Daily Mirror today as saying in an interview, "I was her lover ... I am still her friend."

Wynberg, a 42-year-old Los Angeles auto salesman, was divorced seven years ago and has an 11-year-old son. He left Miss Taylor last month when the actress rejoined Richard Burton, her fifth husband.

"I want her to be happy, whether with me, Richard or anyone."

NOTICE OF
PUBLIC HEARING
LOCATION AND DESIGN
U.S. 84 AT ROSCOE
The State Department of Highways and Public Transportation, will conduct a public hearing on Tuesday, September 16, 1975 at 8:00 p.m. at the Boys Club Building in Roscoe, Texas for the purpose of discussing the construction of U.S. 84 from the intersection of I.H. 20 east of Roscoe to 1 mile northwest of Roscoe. The proposed highway project will reroute U.S. 84 around the City of Roscoe.
The proposed ultimate project will be a four lane divided highway with 64 ft. center median, asphalt paved travel lanes and paved shoulders. Normal right of way width is 380 ft. with additional right of way for grade separations at the T.&P. Railroad, Cemetery Road, F.M. 608 and the intersection with U.S. 84 west of Roscoe, with the initial construction being a two lane road providing for two way traffic and grade separations at T. & P. Railroad and Cemetery Road.
Maps and other drawings showing the proposed location and geometric design will be displayed at the public hearing and together with environmental studies and any other available information about the proposed project are on file and available for inspection and copying at the District Office of the State Department of Highways and Public Transportation at the intersection of U.S. 83 Freeway and F.M. 2404 northwest of Abilene. Also, the drawings showing the proposed geometric design have been placed on file with the Mayor of Roscoe and the County Judge of Nolan County.
The State's Relocation Assistance Program, the benefits and services for displacees and information concerning the relocation assistance office will be discussed. Tentative schedules for right of way acquisition and construction will be discussed. All interested citizens are invited to attend this public hearing. Written statements and other exhibits may be submitted to the District Office, but must be received not later than 10 days after the public hearing.

Phillips Probe Opens Monday

TULSA (AP)—An in grand jury investigation of the campaign contribution practices of Phillips Petroleum Co. of Bartlesville is scheduled to open Monday.

The U. S. Justice Department-directed probe was to have started Thursday but U. S. District Court Judge Allen E. Barrow dismissed a grand jury because it had only 16 members—the minimum legal number. The judge said he feared not having quorum for the Phillips probe, which he said could take up to one month.

The grand jury was convened Wednesday but first investigated what prosecutors said were routine criminal matters. A total of 12 persons were indicted Thursday on minor criminal charges.
