Our new name...a Commitment

We have been known as Pioneer Natural Gas Company in West Texas for many years . . . but often confused with many other "Pioneer" companies.

Now we are Energas . . . a simple, distinctive new name to quickly and easily identify our company and our tradition of supplying efficient gas energy.

Our name has changed, but our commitment to West Texas remains the same. Assured supply and reasonable rates consistent with prompt customer service continue to be around-the-clock responsibilities of the dedicated people who now call themselves Energas.

Over the past ten years, the domestic ene situation has changed significantly. Ene prices today reflect the increased competit for the available supply and the increased c of finding and producing it.

Energas customers are partners in helping solve our national energy problems. Wise use energy is a consumer responsibility; explo tion, production and efficient distributio industry responsibilities.

The business of gas distribution is compl but the Energas priority is simple . . . dep dable supply and efficient service to 72 c munities across a 50,000 square mile regio

MRS. JOHN McLAIN

Cook Of The Week

Retirement years do not mean that Mrs. John McLain is no longer a busy woman. Keenly interested in handcrafts, she finds there's "always something to do."

Jewell admits she enjoys almost "all that finger stuff," whether it be needlecraft, painting or other crafts. She loves to crochet and embroider and thoroughly enjoys oil painting.

Although she does not do much ceramic work now, she still enjoys that hobby and has her own kiln. She likes the fun of making things from scraps and saves postage stamps for one of those crafts.

A friend - the wife of a mail carrier - gave the McLains a handsome ash tray made by gluing various stamps on the bottom of a large clear glass ash tray. After the glued stamps had dried, red felt was glued over that making the finish which appears as a mat frame for each stamp.

Jewell tried that craft and is saving stamps for a "catch all box" to be similarly decorated. Various shapes, colors and designs of the stamps makes the finished items attractive and different.

Sixteen years old when her family moved to Hart, Jewell married the son of Castro County pioneers, J.C and Daisy McLain. John's family came to Hart in 1904 in a covered wagon.

Jewell and John were married in 1925 and have made their home at Hart since that time. They farmed a few years and John worked 17 years with Farmers Grain. Jewell spent 18 years with the Hart Post Office. They moved into their pretty brick home on Broadway in late 1963.

They are members of the Church of Christ.

Farmers Reminded Of Project To GEt Pickup For Girlstown

Area farmers are reminded this week of the coupon campaign to secure a new 1981 Chevrolet pickup for Girlstown USA, Whiteface campus. Elanco, makers of Treflan, will supply the half-ton, fully equipped pickup in exchange for proofs of purchase for 4,525 gallons of Treflan.

Willie Green of Olton is spearheading the drive to collect the necessary coupons and asks area farmers to participate in the worthwhile project to secure the much needed pickup. "By making this an area effort, I feel it should be no problem to get proofs of purchase for the 4,525 gallons. I feel we should go for it."

Each farmer should contact his supplier and let that dealer fill out the necessary proof of purchase. Original invoices are required. The necessary documents may be turned over to Green who will see that the project is carried through.

"Elanco tells us that orders for pickups must be submitted by May 1," Green says. "We therefore need to get our coupons in by April 15."

Treflan purchased after July 15, 1980 will be accepted.

IN LUBBOCK
