School Bond Issue Okayed At Hermleigh

HERMLEIGH — Taxpaying voters of the Hermleigh Independent School District approved a $50,000 bond issue Saturday by a margin of nearly 2½-1.

Of the 202 votes cast, 143 favored the bond issue, while 59 were against the bond issue, according to complete, unofficial returns.

Trustees of the school district had called Saturday's bond election to finance several improvements to the school's physical facilities.

Plans are to build a new science laboratory and homemaking department onto the present high school building. This move will enable expansion of the agriculture department, leaving it all of the facilities now used by agriculture and homemaking departments combined. Some of the bond funds will be used to remodel the latter building and to enlarge the shop.

A new heating system for the grade school also is being planned. If any funds are left beyond the major projects, they will be used for other improvements to facilities.

He was taken to the hospital by Bolger ambulance.

The incident happened at about 7:45 p.m. and three suspects, one 18 and two 21 years old, were picked up by city police shortly before 8 p.m.

Officers said Medrano told them that the altercation started when the three men picked up by police "jumped on" Medrano's son.

Security Net Is Tightened

By REX THOMAS

TUSCALOOSA, Ala. (AP) — Gov. George Wallace reportedly ordered National Guardsmen into this university City Saturday and laid a tight security net over the Huntsville branch in steps aimed at preventing mob violence in next week's integration showdown.

Sources close to Wallace said he assigned an estimated 600 guardsmen to standby duty in Tuscaloosa to back up, if necessary, a massive force of 825 state, county, city and campus policemen.

There was no immediate indication whether Wallace will send National Guard units to the Huntsville campus of the University of Alabama.

But the campus there is under stringent security with an undisclosed number of state troopers on patrol.

In both cities, only authorized persons may enter the sealed-off campuses. An Army spokesman at Huntsville said communications units, but no federal combat troops, had been pulled into Redstone Arsenal.

The sources who reported activation of National Guard units made clear that Wallace alone will attempt to bar enrollment of two Negroes Tuesday at the main campus here and a third Negro at Huntsville Thursday.

Unlike Little Rock, Ark., and Oxford, Miss., where guardsmen or state police stood in the paths of Negro students, the troops and officers here are under strict orders only to prevent violence and keep mobs from forming.

However, the guardsmen can be federalized by President Kennedy who had such an order drawn May 13 after calling in Army troops to two Alabama bases following violence in Birmingham. He has not yet signed the order.

About 2,000 federal soldiers remain on standby at Ft. McClellan, 100 miles northeast of Tuscaloosa.

Wallace appealed again for people to stay away from the barricaded campus. In strong words, he renewed his promise to bar the entrance of the two Negroes here and another at the university center in Huntsville next Thursday.

The Ku Klux Klan scheduled a "cross-burning and public speaking" Saturday night at a roadside spot on the outskirts of the city.

There were indications that Wallace, if he persists in his doorway stand, might manage to delay briefly the enrollment of the two Negroes.

Government sources in Birmingham said U.S. marshals escorting the Negroes probably will make no effort to force their way past the governor. If he refuses to yield, these sources said, the federal officers will withdraw and federal troops probably will move in.

A Washington spokesman said earlier in the week there would be no shoving match between marshals and state officers and whatever force needed would be used to enroll the students.

Four of the governor's aides and a state investigator conferred with university authorities and inspected security measures.

They declined to confirm the reported National Guard mobilization but other sources said approximately 600 troops from elsewhere in the state will move into Tuscaloosa by motor convoy over the weekend.

The units will replace Tuscalosa guardsmen leaving for summer camp. They are to bivouac in three armories.

Members of Wallace's staff, led by executive secretary Earl Morgan and press secretary Bill Jones, toured the campus in highway patrol cars and huddled with university authorities. There was no announcement following the conference.

Gleaming yellow barricades went up at midnight Friday, putting the grounds off-limits to all except students, faculty and accredited visitors.

Barricades were erected across heavily traveled U.S. 11, running through the campus, and traffic was rerouted.

In Montgomery, Wallace issued another appeal for law and order. [illegible] television broadcast Sunday to urge people to keep away from the university.

Socialite Arrested In British Scandal

By COLIN FROST

LONDON (AP) — A socialite osteopath claiming acquaintance with the royal family was arrested Saturday in the government's sex scandal. He was accused of living off prostitutes' earnings.

Unable to make bail Dr. Stephen Ward, 43, was held in jail for a hearing Monday. It was Ward who disclosed relations between ex-War Minister John Profumo and Christine Keeler, pretty 22-year-old redhead described in Parliament as a call girl.

The disclosure led to Profumo's resignation Wednesday and touched off the scandal that has shaken Prime Minister Harold Macmillan's Conservative government and might imperil its future.

Ward, who says he has treated former Prime Minister Sir Winston Churchill and half the British Cabinet, formally was charged with living off prostitution from Jan. 1, 1961, until now. No names of prostitutes were mentioned in the charges.

Ward was arrested in a north London suburb by Chief Inspector Samuel Herbert and Detective Sgt. John Burrows of Scotland Yard. They have been leading a vice investigation that is reported to stretch into the British government and to [illegible]

Ward has two homes. One is a cottage in the Harley Street area, where Britain's most eminent physicians live.

The other is a Swiss-style chalet on Lord Astor's estate at Cliveden, west of London. Miss Keeler met Profumo and other famous men at Lord Astor's swimming pool.

There too, Ward and his friends entertained Capt. Eugene Ivanov, assistant naval attache at the Soviet Embassy who has returned to Moscow. Profumo and Ivanov shared Miss Keeler's favors at Ward's apartment.

A talkative man, Ward had disclosed in a television interview this week that he was the target of an investigation. He denied that his activities might be considered as procuring.

Ward says he is the son of the late Canon Arthur Evelyn Ward of Rochester, England, who died in 1944.

He claims that he qualified as an osteopath in America and is on the osteopathic register in that country.

In addition to prominent persons he met in his practice — he has said they also included movie actress Elizabeth Taylor and U.S. millionaire Paul Getty — Ward claimed to have had a number of prominent sitters in his second vocation as an artist.

Ward has named his sitters as, among others, Prince Philip, husband of Queen Elizabeth II; Princess Margaret, the queen's sister; [illegible] band; Princess Marina, the queen's aunt; and Princess Alexandra, the queen's cousin.

PASO Head Raps Teamsters' Ties

By CHARLES GREEN

SAN ANTONIO (AP) — Dr. Hector Garcia, national chairman of the Political Association of Spanish - speaking Organizations, said today PASO must break its ties with the Teamsters Union and stand or fall alone.

The Corpus Christi doctor added sparks to a brewing convention battle for control of the state organization now headed by Albert Pena Jr. of San Antonio.

Garcia endorsed Pena's opponent, William Bonilla of Corpus Christi, and said the only solution to a split in PASO is to take the state chairmanship out of San Antonio.

Albert Fuentes Jr. of San Antonio, state executive secretary, reminded Garcia that PASO took his advice and endorsed former Gov. Price Daniel in the 1962 primary, and Daniel did not make the runoff.

"Don't lead us down that same path again," Fuentes said.

Fuentes is leading the fight for Pena, a Bexar County commissioner who has said he will seek [illegible] unanimous draft. Delegates vote Sunday.

Fuentes, business agent for a hod carriers union and formerly on Pena's county payroll, is the main reason for the control battle. Some PASO members say he takes too much authority into his own hands without consulting them.

He did much of the behind-the-scene work in Crystal City's upset election of five Latin American city councilmen April 2. Fuentes also works closely with the Teamsters Union, conducting political education classes.

Backers of Bonilla got involved in a stormy session with Pena supporters when the credentials committee met.

Claro Carreon of San Antonio, who made the first public complaint about Crystal City from within PASO and later split with Pena, tried to get his splinter delegation seated.

M. R. Downey of El Paso, Pena-appointed committee chairman, refused to accept the dues from Carreon's 57 members. Carreon claims the PASO constitution does not prevent a county or city from having more than one chapter.

Carreon and Charles Albidress of San Antonio, chairman of the Bexar County chapter and a member of the credentials committee heatedly exchanged words after the committee adjourned without ruling on Carreon's dis-

Shah Pressing Ahead With Controversial Reform Plan

TEHRAN, Iran (AP)—Shah Mohammed Reza Pahlevi, in the face of renewed demonstrations, pressed ahead Saturday with government reforms opposed by wealthy landowners and Moslem religious leaders.

The 43-year-old monarch handed out property deeds to 12,000 landless peasants at Hamadan, 175 miles west of Tehran, while troops here broke up five surging crowds that threatened to revive antigovernment rioting.

"We will not retreat one millimeter," the shah declared.

He said reactionaries were behind the two days of rioting which cost at least 79 lives earlier this week.

The shah denounced the riots—aimed particularly against his land reform program and granting of the vote to Iran's veiled and downtrodden women—as "shameful for a civilized society and a crime against humanity."

There were indications tension was subsiding.

Troops and tanks still stood guard in Tehran, but they were under orders to shoot only into the air. Only one riot fatality on the government side has been disclosed. The victim was an off-duty air force officer.

Demonstrations were broken up Saturday with tear gas and a few gunshots. No deaths or injuries were reported.

The imperial family today began its regular summer move from Tehran to Saadabad, six miles north of town. It was disclosed the shah, Queen Farah and their two children moved there Wednesday while armored guards ringed their downtown residence against rioters.

An official at Radio Tehran said government broadcasters have been ordered to stop denouncing Moslem mullahs—religious leaders—and the capital's military governor said 27 of 30 holy men arrested Friday on charges of conspiracy had been released.

In the golden-domed city of Qum, however, the paper Ettelaat reported hand-written notices appeared on walls saying any Moslem who cut off the ears or nose of a policeman would go to heaven. Killing a policeman, the notice declared, would mean Allah's immediate forgiveness of sin.

The mullahs object to votes for women, and to the inclusion of mullahs' lands in the land reform program.

Heart Council Complimented For Program

Members of the Scurry County Heart Council heard Dr. Saul B. Appel of El Paso, vice president of the Texas Heart Association, compliment them on the work being done in Scurry County.

Dr. Appel addressed the group at a noon meeting Friday at the Country Club.

Of special interest to the El Paso unit and the state association as well, said Dr. Appel, was the survey conducted by local doctors of Snyder school children. He said they were watching with a great deal of interest to see how many of the 129 heart murmurs discovered by the survey would be correctable faults.

Dr. Appel noted that Scurry County had 62 deaths the past year from heart or blood vessel disease. This, he said, according to our population would just about conform to the national average, and would also indicate that there are about 1,200 heart patients in the county.

He urged that the local heart council continue the good work they have been doing of bringing the latest information to the doctors and public.

Badger Robertson, president of the council for the past year, introduced the new officers. They are Pat Falls, president; Jerry Edwards, vice president; Rylene Stoker, secretary; and the Rev. Marvin Rogers, treasurer.

Robertson also announced that Bob Cole, science teacher at Snyder High School, would attend the cardio-vascular seminar at Baylor this summer.

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: Is there a way to cure a person of talking constantly? When my mother comes to visit us for a week every summer, she doesn't shut her mouth for one minute unless she's asleep. She's always been this way. No matter who is talking she takes over, and changes the subject to something SHE wants to talk about. I am getting so I dread her visits. I'm a nervous wreck when she goes home. It's not because she's lonely, as she lives with another one of her married children, who also has a family. Heaven help them! They should get a medal! If I sound bitter, I am.

TIRED OF MOTHER'S BABBLING

DEAR TIRED: Your mother is apparently a "compulsive talker". But if others are able to tolerate it, perhaps you should exercise more patience and understanding. We all have to put up with a certain amount of "babbling" from strangers to whom we owe nothing but common courtesy. Don't you think your mother is entitled to at least that much? And perhaps a little more?

• • •

DEAR ABBY: I am 15 and very mature for my age. I have been dating since I was 12. I am going steady with a real doll of a guy who is 16. There is only one thing wrong with him. He doesn't know how to kiss. Should I just act like I don't know how to kiss any better than him, or should I tell him he needs a few kissing lessons?

FRUSTRATED

DEAR FRUSTRATED: Don't tell him he needs kissing lessons unless you're prepared to tell him how you got to be such an expert!

'Equality' Diluted; 'Merit' Consigned To Scrap Heap

What is equal? That question virtually defies an answer these days.

Announcement during that past week of promotions in the Dallas Post Office has applied a completely new meaning to the word. In this instance, three Negro employes were promoted to supervisory positions, although none of the three was higher than No. 54 on the promotion list.

Subsequently, it was reported in Dallas that post office officials had advised that the "Equal Employment Opportunity Program" would be an important factor in the department's promotion system.

The word "equal" thus has been linked with some bigger words that have the effect of watering down the meaning of the word as it has been applied for centuries.

It was indicated that the decisive situation in this case was the fact that about 20 per cent of the postal employes in Dallas were Negroes, but only about two per cent of the supervisory positions were held by Negroes. Therefore, the three new supervisors were "jumped" more than half a hundred positions on the list of eligibles solely on the basis of their race.

The diversity of ethnic groups in this country may well present a snowballing problem if an "Equal Employment Opportunity Program" is followed judiciously.

However, such a problem would be only part of the tragedy. The word "merit" would be consigned to the scrap heap.

From The Scurry County Times

"The stirring notes of a bugle and the shouts of officers sent a long gray column marching out of Fredricksburg, Virginia, 75 years ago June 3—the Confederate army was on its way to Gettysburg." So wrote an Associated Press correspondent of the preliminary to the destiny-making battle of Gettysburg, 1863. G. M. D. Garner, Scurry County's lone veteran, will be on his way to the famous battle scene in a few days, and all his friends will be mentally sharing his joys.

Equipment is being set up at the Coffield & Guthrie, Spears & Browning No. 1, for drilling the well with the air that is found in plentiful quantities in the Ira section. Drilling is expected to be resumed this week-end at about 1,600 feet.

Drilling was halted two weeks ago when a string of casing fell into the hole. The casing was pulled several days ago after tools had been brought from Breckenridge for unscrambling two joints of casing that telescoped.

Construction has been completed and equipment is being moved into Snyder's new $2,500,000 high school building located in the southwest part of town.

An open house and dedication ceremonies are being planned for soon after the fall school term opens, but the date has not been set, Lee T. Stinson, president of the school board, said.

There appears to be little chance this year of cold weather hitting Snyder before next fall, but that was not always true.

Seventy-six years ago today, it was cold in Snyder. Aubrey Clark, nephew of the late Miss Anna Nunn, said that he found a penned notation among Miss Nunn's papers that there was ice in Scurry County which killed leaves on the trees on June 9, 1877.

The thermometer was up to 80 degrees as early as 7:30 this morning, indicating that it will go over 100 again today. The high temperature yesterday was 104 degrees.

The county commissioners court here this morning approved a proposal to provide in the 1959 county budget for an assistant county agent.

The Chamber of Commerce agriculture committee, headed by Bill Jordan, urged that the county provide for an assistant agent since the extension service program overloads one agent here and the youth program must suffer during peak workload periods.

Attendance At Hearings Is Urged

In a move to promote more interest in local government, Snyder Chamber of Commerce directors have gone on record to encourage citizens to attend budget hearings of various agencies.

The chamber board adopted a resolution to that effect, noting that such activity is part of the organization's effort to "be a good citizen."

The resolution follows:

"Whereas, the Snyder Chamber of Commerce desires to be a good citizen, individually and collectively, and,

Whereas, the sound operation of our local governments and schools should be of interest and concern to all,

Be it therefore resolved, that the Board of Directors of the Snyder Chamber of Commerce urges its members, and citizens of Snyder, and Scurry County, and the Snyder Independent School District to attend the upcoming annual budget hearings for those local governmental and school organizations.

Rotary Rig Count Rises

Rotary drilling operations in Permian Basin oil fields logged the second successive gain last week, according to Reed Roller Bit Company's weekly survey.

The latest tabulation shows 225 active rigs, compared to 205 a week earlier. The latest total is only four below the 229 working units listed in the basin area on the same week last year.

Scurry County with 2 and Borden with 1 were unchanged in the latest count. Mitchell County had 1 rotary rig running, compared to none the previous week, while Fisher County had no rotary rigs running, compared to 2 the previous week.

Lea County, New Mexico, jumped 13, up from 41 to 54, to pace the basin activity again. Pecos County had 19 and Ector County 17.

Bar Association Officers Elected

New officers of the Scurry County Bar Association were elected Thursday at the association's regular monthly meeting.

Lufkin had three men on the AAAA team, and San Antonio Lee and Lubbock Monterey had one each.

Estrada Put On Orioles' Disabled List

BALTIMORE (AP) — Chuck Estrada, bothered with a sore arm and unable to pitch a complete game this season, was placed on the disabled list Saturday by the Baltimore Orioles.

The 25-year-old right-hander, a member of Baltimore's famed Kiddie Corps pitching staff three years ago, has bone spurs and calcium deposits in his elbow.

Oriole officials said no operation is planned immediately. After Estrada rests his arm completely for two weeks, doctors will examine it again to determine a course of action. On the disabled list, Estrada must remain out of action at least one month.

Estrada, who did not pitch at all between April 14 and May 3, has a 3-2 record with a 4.60 earned run average for 31 1-3 innings.

After winning 18 games in his 1960 rookie season, Estrada slipped to 15 victories in 1961 and last year posted a 9-17 record.

New York Defensive Halfback Inks Pact

NEW YORK (AP)—Dick Lynch, hard-hitting defensive halfback of the New York Giants, signed his contract Saturday. He will be starting his sixth year as a pro and his fifth with the Giants.

The former Notre Dame star, is regarded as one of the hardest tacklers in pro ball. He intercepted nine passes in 1961 and five last season.

Coach Harry L. Parker of Harvard at 28 is one of the youngest crew coaches in the country.

World Marks Take Beating At Compton

COMPTON, Calif. (AP)—Listed world records in the pole vault and in 440-yard dash were broken and New Zealand's Peter Snell led a record six-man assault on the four-minute mile in the Compton Invitational track meet Friday night.

Brian Sternberg, 19-year-old sophomore from the University of Washington, vaulted 16 feet 8 inches to better his own world mark of 16-7, which he set at Modesto, Calif., two weeks ago.

For the first time in track history four athletes bettered 16 feet.

John Pennel of Northeast Louisiana, scaled 16-4½ and C. K. Yang of UCLA and Ron Morris of the Southern California Striders reached 16-0½.

Arizona State's Ulis Williams, a Compton product, ran the 440 in 45.6 seconds in defeating by inches his arch rival, Adolph Plummer of New Mexico, who had the same time.

The time was better than the official :45.7 set by Glenn Davis at Berkeley, Calif., in 1958 but it did not approach a pending world record of :44.9 set by Plummer at Tempe, Ariz., last May 25.

World record holder Snell and the fastest field of milers ever gathered in one race captured the fancy of the packed but small stadium.

Snell in effect toyed with the opposition but turned in a tremendous time of 3:55.0. He holds the world record time of 3:54.4.

America's foremost miler, Jim Beatty of the Los Angeles Track Club, made a belated rush but finished several yards back in 3:55.5.

Trailing in order behind were Dyrol Burleson, formerly of Oregon, 3:55.6; Jim Grelle, Beatty's teammate, 3:56.4; Cary Weisiger, Camp Pendleton Marines, 3:57.1, and Bob Seaman, Los Angeles, 3:59.1.

Cincy Nudges Phillies, 1-0

PHILADELPHIA (AP) — Vada Pinson tripled to open the ninth inning and scored on Daryl Spencer's sacrifice fly to give lefty Jim O'Toole and the Cincinnati Reds a 1-0 triumph over Art Mahaffey and the Philadelphia Phillies Saturday.

O'Toole permitted the Phillies only four hits and became the first pitcher in the major leagues to win 10 games.

O'Toole, who has lost three, hooked up in a pitching duel with Art Mahaffey, 2-8. He had to pitch out of an eighth inning jam when Mahaffey led off with a double and went to third on a sacrifice bunt. But the lefty retired Tony Gonzalez and Tony Taylor, two hard hitting right-handers.

Matson Edged By A&M Star

HOUSTON, Tex. (AP)—Danny Roberts, giant Texas A&M weightman, won the discus throw of the U.S. Federation Track and Field Championships Saturday with a toss of 170 feet, 8 inches.

He nipped Randy Matson, the Pampa, Tex., schoolboy, who got 169 feet, [illegible] inches.

Matson's was the second best throw of the college discus by a high school boy in history. Archie Harris of Ocean City, N.J., had 175 feet, 8 inches in 1937.

Preliminaries in the 220-yard dash and 440-yard dash were run off in the afternoon with Nate Adams of Purdue, winner of the 100 Friday night in 9.4, leading the way in the 220 with a 21.2 effort. He came from behind to edge Charles Strong of Oklahoma State, who did 21.3.

Jack O'Neil of Louisiana State and Jerry Anderson of Texas A&M had the best time in the 440-yard preliminaries with 47.9.

Jerry Smith of Auburn, Brian Davis of the Houston Track Club and Rex Garvin of Baylor were other qualifiers.

Also, Adolph Plummer, the world record holder in 44.9, was in the finals. He qualified automatically since he competed Friday night in the Compton Invitational and couldn't arrive here in time for the prelims.

Michael Lunt Wins British Amateur Title

By TOM REEDY
Associated Press Sports Writer

ST. ANDREWS, Scotland (AP)—Michael Lunt, 28-year-old textile company executive and British Walker Cup player, won the 68th British Amateur Golf Championship Saturday, defeating an irrepressible Sunday golfer named John Blackwell, 2 and 1.

The final over 36 holes was played in brilliant sunshine before a tiny gallery of less than a thousand people. As the original 39 Americans in the championships drifted away, so did the interest.

Yet the 48-year-old Blackwell managed to make a match of it against his younger opponent.

In the morning's 18-hole round, Blackwell amazed everyone by holding Lunt even. Both went out in a ragged 41 and Blackwell had the better medal round with a 78 against Lunt's 80. The afternoon was a different story. Lunt went 3 up on the final 9 holes and enjoyed his advantage to the conclusive 2 and 1 triumph.

Blackwell, who sips vodka and orange juice between shots, made a gallant try to keep alive on the famous 17th hole — the "road hole." He blasted out of a trap with a fine shot and his putt for a 4 just hung. The half in 5 ended the match.

Lunt knocked four Americans out of the marathon match play over the 6,936-yard, par 72, Old Course in driving to the 36-hole final. They included Billy Nicks of Hollywood, Chris Blocker of Jal, N.M., defending champion Dick Davies of Pasadena, Calif., and Dr. Edgar Updegraff of Tucson, Ariz.

Perkins, Bishop Sign Contracts

DALLAS (AP)—Halfback Don Perkins and defensive cornerback Don Bishop have signed their 1963 contracts, the Dallas Cowboys announced Saturday.

Perkins rushed for 945 yards with a 4.3 per carry average in 1962, scoring seven touchdowns. The former University of New Mexico star also caught 13 passes for 104 yards.

Bishop, rated one of the National Football League's top cornerbacks, intercepted six passes last year, recovered two opponents' fumbles and returned one fumble 84 yards for a touchdown against the St. Louis Cardinals.

35 Netters Aiming For Men's Title

LONDON (AP)—Seventeen United States tennis players and 18 from Australia will be challenging for the men's singles title at the Wimbledon Tennis Tournament.

Entries were announced Saturday. The 2-week tournament starts June 24.

For the first time in years, neither reigning singles champion will be defending the title. Rod Laver of Australia, winner of the men's crown, has turned professional. Mrs. Karen Hantze Susman of San Angelo, Tex., queen in last year's women's singles, is not making the trip to Britain this year.

Leading contenders for the men's title include Martin Mulligan of Australia, who lost to Laver in last year's final, and Chuck McKinley of St. Ann, Mo., who was the defeated finalist in 1961.

Jan Erik Lundquist of Sweden is entered, indicating a change of heart by the Swedes. Last year they sent none of their men stars, preferring to concentrate on Davis Cup matches.

Entries include players from 30 countries, including three from Russia. The Russians previously had hinted they were not entering this time.

The United States will have 12 players in the women's singles, headed by Darlene Hard of Long Beach, Calif.

Condition Of Boxer 'Grave'

AMARILLO (AP) — A young West Texas boxer who fought only part-time remained in what doctors described as "grave" condition Saturday from a head injury suffered in a professional bout last night.

The boxer, Ray Hubbell, 24, of Levelland, was knocked out in the third round of a four-round prelim for lightheavyweights by Willie Franklin of Amarillo.

He revived from the knockout in the ring, walked to his dressing room and collapsed. He is in a local hospital.

Physicians said Hubbell, an oil field worker, was injured when he hit his head against the ropes, rather than from Franklin's blow. They said the injury was at the base of th. skull.

Plans were underway Saturday by Willie Roach, a local boxing promoter, to stage a benefit fight next week for Hubbell and his family. He is the father of four.

Steve Harrick is in his 16th season as coach of West Virginia University's baseball team.

Boros Leading By 4

GRAND BLANC, Mich. (AP)—Julius Boros followed a first-day 66 with a one-under-par 36-35—71 Saturday to widen his lead to four strokes in the $52,000 Flint Open Golf Tournament at Warwick Hills.

The year's fourth leading money winner suffered his first bogeys of the tournament but rallied with three birdies. Bob Charles, George Knudson and George Bayer were tied for second place at 141.

Bayer stroked a 6-iron shot into the 171-yard eighth hole for a hole-in-one and earned an automobile with an estimated value of $5,700. It was the third hole-in-one in the last two years of the Buick Open.

In contrast to Friday when 27 men broke par and 11 others equaled par, Saturday's round produced only eight sub-par scores and eight of par 72. The lowest scores were 70s by Bayer, Knudson, Don Essig and defending champion, Bill Collins.

Collins was one of five men at 142, joining with Bruce Devlin, Gene Littler, Dow Finsterwald and Art Wall Jr. At 143 were Bob Harrison, Mason Rudolph and Bob McCallister while Sam Carmichael, Johnny Potts, Gardner Dickinson and Jerry Pittman stood at par 144.

Boros suffered his first bogey on the 11th hole when he pushed a tee shot into the trees and couldn't hook a 4-iron into the green. But he pitched within 2 feet and birdied the 13th hole and made a 5-foot putt on the 18th for another birdie. The North Carolina pro bogeyed the fourth hole but got another birdie with a 10-foot putt on the seventh.

He played the back nine first.

The 137 total was one stroke better than the previous low at 36 holes in the six-year history of the tournament. Wall had 138 in 1959.

The low 75 pros with ties qualified for Sunday's 36-hole finals. It took 151 or better to make the cut.

Among those missing was venerable Sam Snead whose 154 total ended a string of 54 tournaments in which he has been on the money list.

Also cut were Ken Venturi, Fred Hawkins, Billy Maxwell, Gay Brewer, Kel Nagle, Al Geiberger and Dick Mayer.

"I saw the ball go into the hole because I was on my knees praying," exclaimed Bayer about his hole in one. It was the sixth ace of his career and the fourth he has made on the tour. It came after successive birdies on the sixth and seventh holes and earned a share of a $500 bonus for the day's low round.

LA Maintains League Lead With 9-5 Win

CHICAGO (AP)—The Los Angeles Dodgers clung to the National League lead Saturday by defeating the Chicago Cubs 9-5 before 26,577, largest Wrigley Field crowd of the season.

In chilling the hot Cubs a second time in a row, the Dodgers broke a 3-3 tie with three unearned runs off loser Don Elston in the seventh.

Ron Santo dropped Wally Moon's pop fly after a collision with shortstop Andre Rodgers to open the gates for the Dodgers. Maury Wills used his fourth straight single to power the first runs, and the next two resulted from Junior Gilliam's infield out and Ron Fairly's single.

Before the tide-turning spurt, Los Angeles picked up single runs in three different innings off starter Bob Buhl. Buhl was lifted for a pinch batter in the Chicago sixth, and Merritt Ranew used the opportunity to deliver the Cubs' first pinch hit homer of the season.

Los Angeles	101 001 312—9	13 3

Podres, Sherry (6), Perranoski (7) and Roseboro, Camilli (9); Buhl, Elston (7), Brewer (9) and Bertell, Schaffer (7). W—Perranoski 7-1. L—Elston 2-1.

Mazeroski's Blow Deciding One For Bucs

PITTSBURGH (AP)—Bill Mazeroski, hitting safely in his 11th straight game, drove in Willie Stargell with the winning run on a seventh inning single that gave the Pittsburgh Pirates a 6-4 triumph Saturday over the Milwaukee Braves.

Mazeroski's hit came with two out off reliever Tony Cloninger, 0-3, after Stargell had walked and Roberto Clemente had singled.

Veteran Baseball Man Passes Away Saturday

CHARLESTON, W.Va. (AP)—Stanley G. Scheckler, 61, trainer for the Charleston Eastern League baseball team and affiliated with the Cleveland Indians farm system for 40 years, died early Saturday.

He died shortly after the Charleston club arrived here from York, Pa. He became ill during the night and apparently died before an ambulance arrived at his home.

Scheckler, who weighed 265 pounds, was a native of Wilkes-Barre, Pa.

Bruised Wrist To Keep Snider Out Of Lineup

NEW YORK (AP)—Duke Snider will be out of the New York Mets' line-up for the next two or three days because of a bruised right wrist, suffered when he was hit by a pitch in Saturday's game with the St. Louis Cardinals.

The veteran outfielder was hit in the fourth inning by a pitch thrown by Ernie Broglio and left the game two innings later. He was taken to a hospital where X rays proved negative.

Darlene Hard Suffers Loss

MANCHESTER, England (AP)—Jan Lehane of Australia defeated United States Wightman Cup star Darlene Hard 6-4, 8-10, 6-4 Saturday to win the women's singles title of the English Northern Tennis Tournament.

Miss Hard, after losing the first set, played magnificent tennis to take the second and then go 3-0 up in the third. It was the two-handed backhand returns of the Australian girl which turned the match. She sent a stream of passing shots through the attacking American's forehand and won six of the next seven games.

'Ladies Night' Big Success

V. V. Shearburn, operator of the swimming pool in Towle Park, has announced that the first Ladies Night, held last Thursday evening, was an unquestionable success.

He said that a good number of the ladies who took advantage of the "ladies only" hour from 6 until 7 p.m. Thursday said that they would "be back and bring our friends!"

So successful was the Ladies Night, that a Men's Night will also be held at the pool, starting this Tuesday. Swimming from 6 until 7 p.m. will be limited to men only.

Several men who have asked for this special period noted that no other physical fitness program, such as has been held in the past for men, is now available. They feel that participating in the mens swimming hour will be excellent exercise.

Shearburn said that for the sons of those men who come out on mens night, there would be no charge. The adult charge of 25 cents will admit a father, and as many sons as he might have.

Shearburn also announced that some vacancies still existed in the swimming classes which will start tomorrow morning at 11 o'clock. The classes are for beginning and intermediate swimmers.

Classes are being taught by Shearburn, Joe Chapman, Eddie Phy and Charlotte Stewart. Those interested in taking the lessons should come to the pool tomorrow morning before the lessons start, Shearburn said.

Shearburn mentions that the response since opening of the pool has been very good, with an average daily attendance of 350 persons clicking the turnstiles.

Tryouts For Pee Wees Set Here Monday

Pee Wee League tryouts have been set for Monday afternoon at 5 o'clock, announces coordinator Mutt Herod.

National League prospects will go through their paces on the field located east of West Elementary School. American League hopefuls will hold their tryouts at the old rodeo grounds at Avenue M and Seventeenth Street.

These tryouts for boys aged 8 through 10 will be held that one day only, it has been stressed.

Sox Slam Yanks; Cubs Sink Cards

The White Sox, riding high atop the American Little League standings, added another victim to their list Friday night by dropping the Yankees, 15-5.

The contest was wrapped up in the fourth frame by virtue of the 10-run rule after the Sox pushed over their needed three tallies.

Benny Ward, with a first inning homer, two singles and five runs batted in, paced the Sox to their victory. Teammate Kenny Sehested lotted a three-run shot in the third to help things along, also. George Kay connected for the other Sox extra - baser, a double.

Yank first sacker James Patrick sparked his mates at the plate with circuit blasts in the second and fourth frames.

Jack Tovar, Rocky Land and Tommy Hollis shared mound duties for the Sox, with Hollis gaining credit for the win. Mike Dyess and Stewart Sims each took a pitching turn for the Yanks.

Over in the National League the same night, the Cubs moved into the league lead by knocking off the previous co-leading Cardinals, 4-1, on the strength of a no - hit mound effort by Mitchell Rambin.

The one run scored against Rambin was an unearned marker accounted for by opposing hurler Steve Holder, who reached base by error in the opening inning.

Meanwhile, Rambin mowed 17 Cardinals down on strikes and allowed three bases on balls during his stellar pitching stint.

His mates gave him adequate five-hit support at the plate, highlighted by a double and single on the part of Leland Herod.

Cards, White Sox Race To FL Decisions

The Farm League Cardinals chopped down the Cubs Friday night, 21-11, in a four - inning fray terminated by the ten - run rule.

Left fielder Mark Hargrove triggered the winning attack with a run - producing first frame triple and two subsequent singles. Catcher Terry Browning added three one - basers to the cause and shortstop David Coy two more singles, also.

Right fielder Mark Zeck made the biggest noise at the plate for the losers with a double, triple and single. Catcher Joe Woods added a double and two singles, third baseman Ricky Arnold two singles, and left fielder Jess Patrick a triple in bolstering the losing cause.

Terry Book tended to mound chores for the victors, while Tod Lambert received the nod for the losers.

In the American League nightcap, the White Sox moved into undisputed possession of first place [illegible] the Yankees, 13-10.

First baseman Rickey Glasscock, with a double and two singles, was top man in the Sox hitting attack. Shortstop Roger Claxton and left fielder James Hood connected for a double and single apiece and third sacker Jerry Moore with two one - base slaps for the winners, also.

Tommy Jenkins sparked the losers at the plate with a triple and single. Teammates T. Kimbrough and Jerry Tate pounded out doubles to account for the other two Yank extra - base blows.

Dennis Snyder and Mike Glasscock shared pitching duties for the winners.

Mets Handed Shutout Loss

NEW YORK (AP)—Ernie Broglio permitted New York only two hits and pitched the St. Louis Cardinals to a 4-0 victory over the Mets Saturday.

The veteran right-hander struck out eight, walked three and allowed only one runner to reach third as he recorded his sixth victory against two losses.

One of the walks was drawn by Duke Snider, who also was hit by a pitch and was taken to a hospital for X rays. Preliminary examination showed no more than a severe bruise.

Roger Craig was the Mets' starter and loser Saturday. He allowed nine hits and charged with his ninth defeat. He has won two.

Bill White, continuing his hot hitting, drove in one Cardinal run with a double and scored another on the front end of a double steal along with Dick Groat.

MANTLE SIDELINED—New York Yankee outfielder Mickey Mantle and Yankee trainer Joe Soares examine an X-ray of Mantle's foot with hospital technician after Mantle broke a small bone in his left foot during a game between the Yankees and Baltimore Orioles at Baltimore. Mantle smashed into the wall of the outfield in the 6th inning of the game in a vain attempt to catch a home run hit by Brooks Robinson. Soares said Mantle might be out of action five weeks with the injury. (AP Wirephoto)

Rebs, Phillies In Friday Conquest

The Snyder National Bank Rebels, behind the three - hit twirling of Randy Feagan, knocked the Rotan Cats from the ranks of the Pony League unbeatens Friday evening on the crest of a 7-1 triumph.

The Cats are now housed in second place with a 3-1 mark, while the Rebs pulled up to the .500 mark with their 2-2 for the campaign.

The victors managed four singles off the combined offerings of starter - loser Archie Overby and David Hargrove. They bunched two of those safeties in the first inning, however, while racing to four big runs.

Shortstop Terry Holt of the Rebs was the only player of the game connecting for more than one hit. He had a perfect night at the plate with two singles.

The nightcap saw the Ray Taylow Well Service Phillies moving into second place in the Colt League chase with a 13-7 conquest over the Rotan Tigers.

The Phils collected seven hits off starter Clyde McKimmey, the loser, and his successor, Jim Heathington. They were spaced among as many players, with Bobby Kay and Jeff Graham pacing the attack with a double apiece.

The Tigers landed three singles off the servings of Ronnie Detrich and Kenny Gay.

The Phils struck early, pushing over five runs in the opening frame, then coasted on home to the triumph.

Medalist Marti Is Eliminated

DALLAS (AP)—Gene Teter of Dallas shot sub-par golf Saturday to crush medalist Fred Marti and pave the way for meeting John Mike Glover in the finals of the Texas Amateur Golf Tournament.

Teter, a former SMU player, dipped three below par to vanquish Marti 4 and 3. Glover moved past Harry Todd Jr. of Dallas, 3 and 2.

Glover, 18, who just completed his freshman year at the University of Houston, is the surprise of the tournament.

He and Teter will meet for the title Sunday in 36 holes over the 7,260-yard, par 72 Brookhaven Country Club course.

Teter lost the first hole Saturday to the finals but he pulled even at the second and never trailed again.

After four holes, the Dallas entry birdied four of the next six holes to take a 5-up lead. Marti rallied to birdie two of the next three holes but Teter won the 14th with a par and closed out the match with a tying par at the 15th.

Chateaugay Outduels Candy Spots For Stakes Victory

By JOHN CHANDLER
Associated Press Sports Writer

NEW YORK (AP)—Chateaugay, the Darby Dan Farm colt who upset Candy Spots in the Kentucky Derby, did it again Saturday when he overtook the pacesetter inside the final one-eighth of a mile and drew off to a 2½ length victory in the 95th Belmont Stakes at Acqueduct.

Candy Spots, who beat Chateaugay in the Preakness, middle two of this famous triple crown for 3-year-olds, was the 1-2 choice of a crowd of 53,281 and was the third straight odds-on-favorite in the Belmont to go down to defeat.

Candy Spots, who took the lead after 6 furlongs, got second place by only a length over Choker, a 19 - 1 shot in the field of seven. Tom Cat was fourth, another four lengths behind.

This was as big a surprise as the Derby and threw the 3-year-old race into utter confusion with many more rich races to come.

Willie Shoemaker, who was aboard Candy Spots in quest of his fourth Belmont, got all of the boos as he came back to unsaddle and the crowd, watching under sunny skies, gave winning jockey Braulio Baeza of Panama a tremendous ovation for scoring his second major upset of the year.

Chateaugay, owned by Pittsburgh Pirate President John W. Galbreath of Columbus, Ohio, ran the 1½ miles in 2 minutes, 30 1-5 seconds. It was the slowest Belmont since Cavan upset the odds-on favorite Tim Tat in 1958 when the race was run at Belmont Park. Cavan's time was identical.

Chateaugay, the second choice, returned $11, $2.90 and $2.70. Candy Spots, owned by Rex Ellsworth of California returned $2.30 and $2.20 for his second defeat in 10 starts of his career. Choker, who hadn't even been considered as a starter until Thursday, paid $3.80. He carried the silks of Louis Haggin 2nd of Lexington, Ky.

Chateaugay won $104,700 in scoring his seventh victory in 11 starts and boosted his lifetime bankroll to $279,057. Candy Spots' second place was worth $25,000 and gave him career earnings of $580,527.

Baeza said Chateaugay "showed surprising speed at the start and I had to take a strong hold on him. He didn't handle the track too good until the half-mile pole, when I got into him and he took off."

And take off he did. At the head of the home stretch with one-quarter mile remaining, Candy Spots led Choker by two lengths and the Haggin colt, ridden by John L. Rotz, was one-half length ahead of Chateaugay.

Suddenly the crowd realized that Candy Spots was beginning to stagger although the pace had not been too fast. Chateaugay zoomed up along the rail and made his winning bid with a rush even later than in the Derby May 3 at Louisville.

Candy Spots, Bonjour and Choker went to the far turn where the mile was caught in 1:39 3-5 and at 1¼ mile pole it was 2:04 4-5 with Candy Spots still on the front end but with Chateaugay coming strongly.

Chateaugay had been a problem horse in training the past week. Last Sunday, he worked 1¼ miles in 2:10 3-5 at Belmont Park and trainer Jimmy Conway was far from happy but blamed it on the judgement of his exercise boy.

On Wednesday, Conway shifted him over to Aqueduct and wanted a snappy 6-furlong drill, but Chateaugay refused to cooperate and quit after 3 furlongs. He was returned to Belmont Park, Baeza put on him, and he worked five-eighths of a mile in :59 and a fraction Thursday.

For Baeza, who picked up 10 per cent of the $101,700 in the third richest Belmont, it was another astounding upset. In 1961 after Carry Back had won the Derby and Preakness and had a shot at the Triple Crown, Baeza won the Belmont on Sherluck and the combination paid the highest price in the race's history . . more than $100.

JOHN MINNICK

New Record Out By Snyder Native

A Snyder native has written a couple of new songs, recorded them and now has his new disk out and ready for the market.

John Minnick, who was born and reared here, is a well-known musician in the West Texas area, having played with the Hoyle Nix band for nearly 10 years. He now is employed by the city fire department in Big Spring, but still maintains active interest in music.

The two sides of his new record are "Cold Blue Water" and "Sitting and Wondering."

Minnick reported that his inspiration for the main song came quite accidentally. While strumming his guitar a "tune just came to me." Then, of course, he needed some words.

"I was sitting and wondering what I was going to write, and that gave me a title, 'Sitting and Wondering.'"

Then he set out to get another tune, plus lyrics, for a flip side, the entire process taking about a week. He taped the two songs, worked out the rough spots himself, and then got a band together for the recording.

Minnick is married to the former Lorene Thrash, a Snyder girl. Their son, Edwin, is a drum major at Runnels Junior High School in Big Spring, and their daughter Sheila is the Runnels band sweetheart.

Silent Film Star Lives Simple Life

HOLLYWOOD (AP) — Ramon Novarro, who in the silent days maintained a mansion packed with relatives and servants, is now living in a mobile home in Fess Parker's new $1.5 million trailer park in Santa Barbara.

The screen's original "Ben Hur" still keeps his apartment in North Hollywood, but he has leased the mobile home "for vacations, weekends and periods of reflection. Simplicity is the keynote of my life today."

Ramon still keeps up with his acting in movies, television and summer stock. Now 63, he recently starred in stage productions of "Flower Drum Song" and "The Desert Song."

Miss Beth Sims, Douglas Leon Brunson Marry In Sunday Afternoon Ceremony

The sanctuary of the First Baptist Church was the setting for the marriage of Miss Beth Sims and Mr. Douglas Leon Brunson Sunday afternoon, June 2 at half past three o'clock.

Parents of the bride are Mr. and Mrs. Wraymond D. Sims, Route Two, and Mr. and Mrs. Buford Browning, 2411 Twenty-seventh Street, are parents of the groom.

Dr. A. B. Lightfoot, pastor of the church, read the double ring ceremony. Traditional wedding music was presented by Miss Mary Bowlin, organist. Miss Bowlin accompanied Miss Kathleen Mott who sang "I Love Thee", "O Perfect Love" and "The Lord's Prayer". The church was decorated with matching brass tree candelabras holding eighteen white burning tapers on either side of the altar. Emerald green foliages were used in the background. White satin pew bows marked the mothers' pews.

Miss Ginny Sims, sister of the bride, served as maid of honor. Miss Kay Shelburne of Snyder and Miss Margaret Tyer of Houston were bridesmaids. Misses Debbie and Kathy Sims, nieces of the bride, were junior bridesmaids. Miss Janice Sims, niece of the bride, was flower girl and Jay Todd Stephens, nephew of the groom, was ring bearer. Misses Teresa and Patti Sims, nieces of the bride, presided at the register.

Mr. Ray Housley of Richardson was best man. Messers. Jerry Stephens, brother-in-law of the groom, of Monahans, and Lyn [illegible], brother-in-law of the groom, of Lubbock, were groomsmen. Ushers were Messrs. Jimmy Melton of Snyder and Bill Vermillion, brother-in-law of the groom, of LaFayette, Indiana.

The bride, given in marriage by her father, wore a gown of silk organza and Alencon lace. The fitted bodice was enhanced with a beateau neckline featuring Alencon lace appliques and long, tapered petal - point sleeves. Lace appliques were scattered throughout the bouffant skirt and the back swept into a flowing chapel length train. Miss Sims' tiered veil of imported silk illusion was held in place by a silk organza and pearl headpiece. The bride carried a white Bible belonging to Mrs. Jerry Stephens, sister of the groom, topped with a cascade bouquet of white gladioli florets centered with a white glamilia. Variegated English ivy and white satin streamers tied in love knots were used for accent.

The maid of honor and the bridesmaids wore identical dresses of orange-ade silk chiffon over taffeta. The street length dresses were designed with a sleeveless bodice, portrait neckline and the back featured three spaghetti straps over the shoulders. The center back was featured by dainty bows which extended to the waistline. The flowing taffeta skirts were overlaid with matching chiffon. Their headpieces were matching chiffon roses with butterfly scalloped veils of illusion. The attendants carried matching cascade designed bouquets of gladioli florets in pastel spring shades in talisman colored tones centered with glamillias. Croton leaves in green tones accented the design.

Major Museums Offering Broad Range Of Art

BY MILES A. SMITH
AP Arts Editor

NEW YORK, May 4, (AP) - Interested in gold ornaments from Peru? In sculptures by Rodin? Or perhaps in mementoes from the War of 1812?

Or would you just like to have a first-hand look at that famous Rembrandt, "Aristotle Contemplating the Bust of Homer"?

From ancient to contemporary, there will be a tremendously broad range of art to be seen in New York's major museums this summer.

You may want to visit them to see their permanent collections for the first or 15th time, or you may want to drop into several of them for a look at some special exhibitions. Either way, there will be plenty to keep you busy.

Here are some highlights of the special activities the museums are planning for June, July and August.

At the Museum of Modern Art, where there are always several shows running at once, one of the principal exhibitions for the whole summer will be "Rodin." It will run from May 1 through Sept. 10.

Many Items Loaned

It will include more than 100 sculptures in bronze, marble, terra cotta and plaster, and about 40 drawings and water colors. Many items have been loaned by the Rodin Museum in Philadelphia, the Musee Rodin in Paris and other private and public collections.

From May 22 through Aug. 18 the MMA will show "Americans 1963," one of an annual series. Fifteen contemporary painters and sculptors will be represented, each in a separate room. And from May 29 to July 21 this same museum will have "Five Unrelated Photographers: Heyman, Krause, Liebling, White and Winograd." From July 30 through Sept. 29 one gallery will be devoted to acquisitions by the drawings and prints department.

Next door at the Whitney Museum of American Art there will be two special shows running from May 29 to June 30. One covers recent acquisitions by the Whitney and the Friends of the Whitney. The other will be comprised of American prints from the New York Hilton, a hotel which commissioned contemporary works for its rooms.

From July 17 to Sept 16 the Whitney will present a selection from its own collection, covering 18 selected artists.

Nearby at the Museum of Primitive Art (closed Mondays) the summer show will be from the private collection of W. B. Sansbury, an English collector of note.

At the Guggenheim Museum (closed Mondays) selections from its own vast collection of modern art will be shown throughout the summer. From June 4 through Sept. 1 part of the museum will be devoted to "Cezanne and the Classical Tradition in 20th Century Painting."

The town's busiest art institution, the Metropolitan, will keep the "Aristotle" on view in the main hall, and even if you have been to the Metropolitan many times, there are many treasures in its various departments — including the American Wing — that you may have missed. Have a look at the Rembrandt and then wander through as many galleries as your weary feet will permit.

The Metropolitan's customary summer loan exhibition will be omitted this year. That is because a complex program of remodeling, expansion and air conditioning is under way, and space is at a premium.

If your interest is in traditional art, there are two museums which do not undertake special exhibitions, but which should not be missed.

One is The Cloisters (closed Mondays), a branch of the Metropolitan up in Fort Tryon Park, where the medieval world reigns. The other is the Frick Collection, whose Old Masters you shouldn't miss. The Frick is closed on Mondays and shuts down for the month of August.

At the Morgan Library, where there are mass rarities to attract bibloaphiles as well as art lovers, there will be two special attractions in June through July 26. One is "Notable Acquisitions of the Past Two Years," and the other "Drawings From the Samuel H. Kress Collection." This institution is closed from July 27 through Aug. 26.

War Exhibits

At the New York Historical Society, "Behind the Lines," a current exhibition on Civil War subjects, and "The Second War of Independence," a sesquicentennial exhibition of the War of 1812, will continue through the summer.

ALL ABOUT BABIES

A Public Service of the National Baby Care Council

By Dr. Glenn R. Hawkes
Department of Child Development
Iowa State University

Babies are not as materialistic as they seem.

They do like food, a place to sleep and a constantly fresh supply of sterilized diapers. But there are long-range aspects of baby care that parents must perform.

Among them love and understanding, education, health, security, opportunity to play and grow, guidance from adults and spiritual and moral values.

These basic needs of a baby are worth reviewing from time to time. They are well worth using as a guide to our actions and attitudes in behalf of the children we have brought into the world.

How do we as parents contribute to these basic needs, day in, day out?

The United Nations, even though it is involved in any number of international problems, finds time to investigate these basic needs of [illegible] they say, is entitled to grow and develop in good health, has the right to special care and protection, and has the right to adequate nutrition, housing, recreation and medical services.

According to the UN, a baby should be brought up "in spirit of understanding, tolerance, friendship among peoples, peace and universal brotherhood and in full consciousness that his energy and talents should be devoted to the service of his fellow men."

Thus, everyone shares with parents the obligation as well as the pleasure of creating a baby's world, to make it a place of happy development for all babies.

To paraphrase an old saying:

"Babies do not live by bread alone."

Welcome Mat

Most homemakers want to make a good first impression by having their home entrances bid the visitor a warm "welcome." That's one reason many homemakers are giving special attention to the foyer decor. They not only want a foyer decorated in good taste but one that is easy to maintain in a sparkling condition.

A survey of more than 1,000 top building contractors, for example, revealed an overwhelming preference in quality homes for foyer floors surfaced with ceramic mosaic or quarry tile. A floor surfaced with quarry or ceramic tile not only adds warmth and color to an entranceway; it also is easy to keep clean.

What Every Woman Should Know About a Man's Suit

(an exposé on the kind of thing a man gets into)

Before your initiation into the mysteries of that male garment, known simply as The Suit, we give you two warnings. One, our reasons for imparting this knowledge are completely commercial. And two, be discreet with what you're about to learn. Because if you suddenly get know-it-all about your husband's clothes, there's sure to be a row about who really wears the pants. So, just remember, a well-dressed man is a woman's most important accessory, and concentrate on keeping both the man and the peace.

Sizing Him Up

When shopping for a man it is not enough to tell us, "He's about your size, only a little taller and a little heavier." Basically, the size of a man's suit is the same as his normal chest measurement. But his height determines whether he wears short, regular, long or extra long.

For example:
5'3" to 5'7" —Short;
5'8" to 5'10" —Regular;
5'11" to 6'3" —Long;
Over 6'3" —Extra Long.

One other consideration is the difference between his waist and chest measurements. If his waist is larger than his chest, for instance, he needs a specially proportioned suit (and maybe a diet too).

When The Suit Fits

1. Trouser cuffs should just touch the shoe laces; trouser legs should hang in a straight, unbroken line.
2. The shoulders should fit loosely enough for the man to move his arms in any direction without strain. But not so loose that the coat hangs in folds across the back.
3. Your man's hind end is to be sat on, not seen, so the jacket skirt should always cover his trouser seat.
4. Sleeves should show about a half-inch of shirt cuff when his arms are at the sides.
5. The coat collar should sit low enough to show about a half-inch of his shirt collar.
6. The waistband of the pants should be tested for comfort by sitting down. If it's too loose or too tight it's usually a simple matter to alter.

You're Invited

We'd be happy for you and your husband to drop in any time to look around and ask us questions. And when you do, we'd like to show you our fine selection of 'BOTANY' 500 tailored by Daroff suits. Secretaries Switch Offices During Summer Vacations

BY JEAN SPRAIN WILSON
AP Newsfeatures Writer

NEW YORK (AP) — A Midwestern legal secretary, Charlene Masters, wanted to try the life of a White Collar girl in the big city but was reluctant to sacrifice her good job for the experience.

A real estate secretary in the South, Betty Carson wanted to shop and view the new Broadway plays, but lacked the money to finance a stay in New York.

Both women, and more than 200 other secretaries, will work all or some of their vacations this summer in New York offices as a part of a secretary-vacation plan. Hired by correspondence, the secretaries have agreed to work a minimum of a week but may remain throughout the summer, if they have that much time away from their jobs at home.

Thus Charlene will utilize her entire two weeks with pay serving as a secretary for a fashion magazine. Betty has arranged to spend only a part of her three weeks in an insurance office. With her money earned, she will shop and go to shows on the rest of her vacation time.

"There is a tremendous need for vacation replacement secretaries here in the summer," explains William Olsten who originated the plan for four years ago as an outgrowth of his temporary employment service.

Oddly, school teachers rather than secretaries inspired it. So many wrote Olsten looking for brief employment while visiting here, that he pondered whether secretaries might also be interested in switching to New York offices on their vacations. Response to a few ads in newspapers across the country was enthusiastic.

Unlike other employment situations, the secretary must already have a job before she can get another.

"Most of the risk in hiring sight unseen is eliminated when the secretary is working. We have high standards. The girls must have currently operative skills."

Olsten himself hires the women, thus guaranteeing their jobs before they leave home. He services them out to clients who pay him in the same way that an account firm distributes their men to various businesses to work temporarily.

The salaries are approximately equal to or possibly higher than their regular pay checks. Olsten says. Women who hold jobs in small towns or economically depressed areas, for example, may take home more pay in New York, while those from metropolitan areas may earn about the same rate as at home.

Although the secretary-vacation plan advices by mail about suitable women's residence hotels and rates, the secretaries are expected to pay their own living expenses and transportation to New York.

The plan has been so successful that Olsten is considering working out similar arrangements for secretaries who want to spend their vacations in business offices located in possibly Chicago, Atlanta and Washington, D. C.

Investing In A New Home?

Prospective home buyers should avail themselves of the services of an appraiser when going house-hunting. Particular attention should be paid to the heating system, the water heater and major household appliances to make sure that the purchase turns out to be an investment and not a gamble. And it's a good idea to check a home during the heating season.

Yawn From Italy

THE AGE OF MALAISE. By Dacia Maraini.

For several years now the European novels reaching these shores — or more particularly, the novels from Europe's Latin countries — have been engaged heavily with the theme of boredom.

Usually this theme had been the ennui of the decadent aristocracy or the wealthy middle class. Sexy, yes — with boredom before, during and after.

Miss Maraini, a young Italian, has written a variant of this species. Her people are lower class. But they seem to have their own share of casual sex-boredom.

The heroine, Enrica, is a 17-year-old Roman girl with tendencies toward promiscuity. Her mother is dying, her father is a feeble-minded old hulk who builds birdcages. Poor Enrica's only employment during this narrative is when she becomes a "secretary" (errand girl) to an old harridan who is supporting one of those young male narcissists of the type who wear motorcycle pants.

Poor Enrica beds down with, and seems to love, a perennial law student whose chief aim is to marry some girl with money. She also has absent-minded affairs with a wealthy old lawyer, a ratty young classmante, et cetera.

This novel won one of those $10,000 international prizes that leads to publication in 13 countries, including Portugal. The writing style is the current international fashion, which means clipped sentences of the antique, deadpan Hemingway school.

In this country, at least, it may not have much appeal to people who read books, but it may be of interest to bohemian types.

A Salute To The Famous Earl

The Earl of Sandwich would most certainly have raised an astonished eyebrow at some of the dainty tidbits and hearty jaw-breakers which today perpetuate his name. Checkerboards and finger rolls, heroes and submarines — they're all labeled in honor of that impatient Englishman who, so legend has it, could not tolerate interruption so instead of pausing to eat a meal, put a slab of meat between two pieces of bread and presto — made the world's first "sandwich."

Chances are that one treat the anxious Earl never tried was peanut butter! But today this satin-smooth or crunchy spread, with its rich toasty goodness, is America's favorite sandwich filling. It is used by its luscious self, on any kind of bread, or combined with countless other tasty ingredients. That is one of the many nice things about these protein-packed little goobers — they're friendly!

Peanut butter flatters an endless number of other potential sandwich makings, and can come daintily to a tea table or supply the muscle in an athelete's lunch. Peanuts per se can grace a banquet table or fill a kid's pockets at a baseball game. Peanut confections from our candy manufacturers turn up as bars and brittles, clusters and nuggets wherever there's a hungry American.

So much for our pal the peanut. Now back to "peanut-sandwichery — our salute to the man who started it all — the Earl of Sandwich! From the people who grow and process peanuts come these tips for sandwiching peanut butter.

A Good Breakfast

Since March is "Good Breakfast Month," this is a good time to check your morning-meal habits. The best breakfast includes a serving of a source of high-quality animal protein, such as meat. Meat keeps you on the go all morning. Some quick-to-fix suggestions are the various kinds of sausage, bacon, ham and steak.

MRS. LARRY LYNN SMITH

Miss Taylor Wed To Wayland Tolbert

KNAPP — Miss Janie Taylor and Wayland Tolbert were married at 8 p.m. last Saturday at the Knapp Baptist Church.

Rev. T. L. Nipp of Snyder read the double ring ceremony.

Parents of the couple are Mr. and Mrs. Albert Taylor of Knapp and Mr. and Mrs. Bill Tolbert of Farmington, N.M.

The bride, given in marriage by her father, wore a pastel blue street-length dress with a shoulder length veil and carried a bouquet of white carnations.

The ceremony was performed in front of an archway covered in greenery and white flowers and lighted by white candles.

Shirley Taylor and Nancy Tolbert, sisters of the bride and groom, were candlelighters. Bridesmaids were Mary Taylor, sisters of the bride, and Beverly Sharp of Gail. Doyle Lovell was best man. Also in the wedding party were Ronnie and Bess Taylor, brother and sister of the bride.

Out of community guests were Mrs. Bill Tolbert and Nancy of Farmington, N. M., Mrs. C. R. Roberts, grandmother of the bride, of Buckatuna, Miss., Mrs. Buddie Sharp and Beverly and Mrs. Doris Rudd of Gail.

A reception was held after the ceremony at the Knapp Community Center where punch and cake were served from a lace covered reception table featuring a white wedding cake topped with a miniature bride and groom.

The couple will be at home at Lake Thomas.

First Volunteers In Peace Corps End Two-Year Hitches

By DENNIS NEELD

ACCRA, Ghana (AP) — Forty-eight young Americans are getting final medical checkups before winding up their two-year Peace Corps assignment to Ghana.

Ghana was the first nation to request Peace Corps volunteers from the United States. Fifty-one applicants, all teachers, were selected, went through a period of training and landed here on Aug. 28, 1961, just in time for the beginning of the school year. All but three of these are about to become the Peace Corps' first honorably discharged veterans.

They have suffered disappointments and frustrations. They have met and overcome many unexpected difficulties. Often their work proved less exciting, less romantic than they envisaged. They have been accused by a Ghana newspaper of spying.

But few, if any, regret the time and toil they have devoted to this young West African republic. They will go back to the United States next month wiser, tougher and keenly aware of African and world problems.

And Ghana has benefited from their work. Without them, the country's ambitious education program could have been jeopardized for lack of graduate teachers.

Three days after the first volunteers arrived here, two of them won second prize in a high life contest at a popular Accra night spot. The shuffling, rhythmic high life is a dance popular throughout West Africa and the Americans learned it from Ghanaian students during the training program at the University of California.

That got them off to a good start and it was typical of their desire to take an active part in the life and culture of the country.

Of the original volunteers, one couple got married and left when the girl was expecting a baby. Another girl left the corps after marrying an Englishman in Ghana.

Each volunteer received a monthly allowance of 53 pounds ($148.40) from the Ghana government. Ghana also provided furnished housing. Their pay allowed the volunteers scant luxury.

Members of the first Peace Corps contingent were posted to secondary schools all over Ghana.

Bearded Robert Klein of West Hempstead, N.Y., taught at a school—Sefwi Wiawso Secondary—in the heart of the African rain forest. It was a new school and when Klein joined the staff it had precisely three students.

"The authorities beat the bush to recruit students and today we have 100 boys and 20 girls," he says.

Tacticurn George Coyne, 31, of Plainfield, N.J., taught in the secondary school at Sunyani.

"I've had a pretty easy life up till now and the Peace Corps provided me the chance to give something back," said Coyne.

Winneba Secondary School is on the road back to Accra. Newell Flather, 25, of Lowell, Mass., and Margot Schmidt of Houghton, Mich., taught there. Before they leave they are putting on the musical "The King and I," with Margot playing Anna and a Ghanaian student playing the king.

Lack of any immediate demonstration of gratitude by the Ghanaians worries some volunteers. President Kwame Nkrumah has never expressed any appreciation of their work. There have been outright attacks.

"We often get asked about race incidents in the states and of course it is difficult for us to explain them. Magazine attacks on [illegible] people here," said George Coyne.

Plane Maker Facing Suit

PITTSBURGH (AP)—A suit asking damages of more than $100,000 has been filed in U.S. District Court by survivors of a Pittsburgh man killed with three other persons in an airplane accident last year.

The suit was filed for the estate of Joseph M. Connelly, 46, who was president of the Pittsburgh Sanitary Chemical Co., against Mooney Aircraft of Kerrville, Tex. The suit charged Mooney with negligence in the design and manufacture of the plane. The suit said the single-engine plane disintegrated during a thunderstorm near Bristol, Va., last June 23.

First Shop Ballot In Spain Slated

By HAROLD K. MILKS

MADRID, Spain (AP) — When machinist Alfredo Gomez, 26, reports for work in a Madrid truck factory Monday, something more will be waiting for him than his familiar drill press. It will be a vote, the first one in his life.

Along with several million other Spanish workers, Alfredo will experience the right of marking and depositing a secret ballot. The election itself will be relatively unimportant, the choice of a shop committee to represent members of his labor syndicate. But many here believe the vote may lead to balloting for bigger things.

The Monday elections in which the first of 120,000 shop committeemen will be picked by nearly 10 million workers is the first in a long series of elections by the National Syndicate, the worker-employer-government organization which in Spain handles labor relations and rights.

It will be followed through a period to end Dec. 4 in a series of balloting for labor members of the boards of directors of industrial and other plants, of workers' representatives in municipal and provincial governing councils, and finally in the selection of national heads of the various labor syndicates.

The government of Gen. Francisco Franco is solidly behind these elections. There has been no formal declaration that they will be followed by purely political elections in the near future. Officially Spain is still a one-party nation.

But Minister Jose Solis Ruiz, a member of the Franco Cabinet, head of the national Falange movement in Spain, and official chief of the syndicates, has staged a grass-roots campaign in which his appeals for greater social justice sounded like pure politics.

There have been other elections in nationalist Spain, including the 1947 referendum in which the Spanish people voted overwhelmingly for a return of the monarchy as Spain's form of government. The monarchy has not been returned, 16 years later, though officially it is the prescribed form of government for this nation of 30 million.

But thousands of the workers who cast their vote Monday will be doing so for the first time.

Syndicate leaders are making a big thing of their national elections, the largest ever held in Spain. Factories and syndicate halls have been splashed with posters urging the workers to vote.

At National Syndicate headquarters in Madrid half of one side of the multistoried structure has been covered by a massive poster, four floors high, appealing to the syndicate members to "vote, vote, vote."

Leaflets have been widely distributed alerting all workers 18 years of age and older that they have the right to help elect shop committeemen. Those of 23 years or older who have worked in the same place for a year and in their profession for three are eligible for election as shop committeemen.

The next step up the election ladder, in balloting July will be the selection of worker members of boards of directors, an innovation in Spain started two years ago.

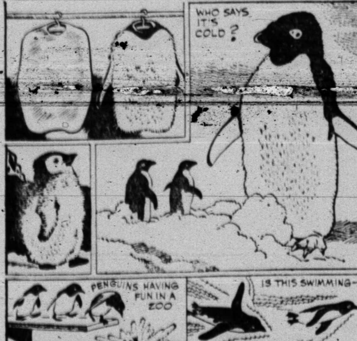
Junior Editors Quiz on PENGUINS



WHO SAYS IT'S COLD?
PENGUINS HAVING FUN IN A ZOO
IS THIS SWIMMING—
OR UNDERWATER FLIGHT?

QUESTION: How do penguins keep warm?

* * *

ANSWER: When one remembers that penguins, like other birds, are warm blooded animals and must maintain an inside body temperature of 100 degrees or more, it does seem remarkable they can survive the extreme cold of the Antarctic continent. If you had the muscles and body of a penguin, however, and could slip inside the two little coats our artist has drawn, you would understand. The coat to the left would go on first; it's made of smooth shiny blubber up to an inch thick. This heavy layer of fat is what protects whales and other sea animals from the cold. Penguins have a second coat of fine feathers lying so close together they give a surface resembling satin—and secreting an oil which repels water, ice and snow. So, howling blizzards don't affect penguins in the least. The gay little Adelie penguins which we illustrate are born clowns and love to play games and march like rows of soldiers. Underwater, they are incredibly graceful and use their flipper-like wings for propulsion. Penguins have been clocked swimming 30 feet per second when submerged.

* * *

FOR YOU TO DO: Penguins seem to enjoy diving especially. This is a fine summer sport for you to take up. Be sure there are no submerged dangers under the water before you dive in.

MRS. CHARLES EDWARD FOREE

Sherrell Sue Bell, Charles Edward Foree Marry In Double Ring Rites Saturday

Miss Sherrell Sue Bell of Snyder became the bride of Charles Edward Foree of Snyder Saturday evening at 6 o'clock in the First Baptist Church of Snyder.

Miss Bell is the daughter of Mr. and Mrs. M. Fickas Bell of Fluvanna Route, Snyder. Mr. Foree is the son of Mr. and Mrs. Earl Foree of 2209 Forty-third, Snyder. The groom is the grandson of Mr. and Mrs. P. L. Price of Snyder. Mrs. Blanche Tate and Mrs. W. R. Bell Sr. of Snyder are grandmothers of the bride.

The double ring ceremony was performed by Dr. A. B. Lightfoot, pastor, before a background of greenery and candelabras with white burning tapers. Baskets of white gladioli and stock, scattered with yellow daisies, flanked the altar.

The bride, given in marriage by her father, wore a formal gown of satin brocade lined with white delustered satin. The bodice was fashioned with French darts, a slightly bateau neckline and tapered sleeves ending in points. A bell-shaped overskirt of satin brocade which tapered into a flowing chapel-length train accented the sheath skirt. The tiered veil fell from a delicate pearl crown. Both the gown and veil were designed and made by the bride. She carried a cascade bouquet of white stephanotis and yellow symbenium orchids with white nylon leaves and streamers. She also wore a cameo belonging to her grandmother.

Miss Helen Harlin of Denton served the bride as maid of honor. Bridesmaids were Miss Jane Foree, sister of the groom, and Miss Lana Bell, sister of the bride. The attendant wore identical sheaths of yellow lustered satin, featuring a removable yellow organza overskirt which hung in over-lapping pedals. They wore picture hats of yellow organza and carried arm baskets filled with white Ester Reed daisies.

Mr. Earl Foree, father of the groom, was best man. Mr. Billy Roberson, cousin of the bride, and Doyle Hayes, both from Snyder, were groomsmen. Ushers were David Lunsford, Wayne Glass, Jerry Kesner and Charles Bell, brother of the bride, all from Snyder. Ed Carl Foree, cousin of the groom, and Charles Bell lighted the tapers.

Flower girl was Julie Glass. Phil Robinson was the ring bearer.

Mrs. Wayne Bethel, organist, presented the traditional wedding music. Janelle Bradley of Arlington sang "Because" and "Hand In Hand We Walk Together."

Reception following the ceremony was at the Martha-Ann Woman's Club. The bride's table was laid with a yellow linen cut-work cloth. Serving cake were Mrs. Richard Miller and Miss Charlene Johnston. Miss Nancy Baumgardner of Fort Stockton served punch. Presiding at the guest register were Mrs. Jerry Kesner, cousin of the bride, and Mrs. Gene Tate.

Miss Linda Gayle Miller provided background music for the reception.

Other members of the house-party were Mrs. Dickie Martin, Mrs. Doyle Hayes, Mrs. Gary Kerrick and Beverly Bell, the bride's cousin.

The bride was graduated from Snyder High School in May, 1960, and from Texas Technological College with a major in home economics education in May, 1963. She plans to begin work on a masters degree in food and nutrition at Texas Tech this summer.

The bridegroom was graduated from Tallulah High School, Tallulah, La., in May, 1960. He is presently a senior at Texas Technological College and is employed with the Dekalb Grain Company.

The bride wore a brown silk dress with jacket accented with beige accessories for a honeymoon trip to New Orleans and points in Florida. The couple will be at home at 2427 Twenty-fourth Street in Lubbock.

Here's Way To Amuse On Rainy Day

How to keep the kiddies busy on a rainy day is a problem that has driven many housewives to distraction.

Here's an idea that may solve the problem. Let the youngsters give vent to their artistic talents by allowing them to write and draw on the tile walls of your bathroom.

Writing on ceramic tile washes away quickly. Commercially available these days are soap crayons to make the job that much easier.

That it's easily cleaned is just one of the virtues of real tile. It can't be scratched, not even by the sharpest knife or razor blade. Nor can it be stained. And of course not even a sizzling frying pan can burn it.

These qualities have made tile the preferred material for bathroom floors, walls and counter-tops, as well as for kitchen counters and backsplashes. Now real tile also is being specified with increasing frequency for other areas of the home — the entrance-way, patio and even living and dining areas.

Swinging Door Is No More

In days gone by the swinging door was used to separate the kitchen and dining room. This old-fashioned barrier provided plenty of laughs in those Mack Sennett comedies when it opened into the cook carrying a trayload of dishes.

However, the swinging door went out with the Keystone Kops and tossed custard pies. In its place is the pass-through. This opening in the wall between kitchen and dining room also serves as a snack bar and is a real saver of time and steps.

To make the pass-through and other kitchen work areas completely functional, they should be surfaced with a durable material such as ceramic tile. You won't hear the words "scorch, burn, blister or sear" in ceramic tiled kitchens, unless they're used in reference to accidents where substitute materials were installed in drainboards and sink tops.

While real tile is scratchproof, just one slip with a knife often can mean permanent damage if the pass-through and other kitchen counters are surfaced with a plastic laminate.

Tomato-Peeler

There's an easier way to peel a tomato than to dip it into boiling water. You simply place the tomato on a long-handled fork and turn it slowly over a top-burner flame on your gas range. When the skin is blistered all the way around, it will slip off easily.

Your family's silent partner

Lying there on the doorstep, it can't speak. Or Move. Or Hear. **But open it in your hands and it becomes a living, powerful partner in daily living. In the decisions you make, the opinions you form.**

It takes you to the highest chambers of government. It takes you to the bloodiest streets of warring countries. It takes you to the heart of history in the making. In short, it tells you what in the world is happening and why.

But people depend on it for needs beyond the need to know. It's where families turn when something's to be bought or sold. It's where hints on health, cooking, religion, amusements, dressmaking, etiquette, marriage are found.

It's where charities first turn for help, and a place where a letter to the editor is published. It's where campaigns are fought and lost dogs are found. It's where criminals are exposed and newly-weds applauded. Where birth and death meet on the same page.
