

Wildcats Scheduled In Hockley, Crane; Will Start At Once

Applications have been filed with the Railroad Commission of Texas District 8 office in Midland requesting permission to start immediate operations at two wildcat locations, one in Hockley and the other in Andrews County.

The Hockley County exploration will be a 10,000-foot test to explore for Pennsylvanian production 8,800 feet southwest of production from that formation in the Ropes field in the southeast portion of the county.

Honolulu-Signal
It will be dug by Honolulu Oil Corporation and Signal Oil & Gas Company as No. 1 T. H. Matthews, 510 feet from south and 2,767 feet from east lines of labor 11, league 13, Howard County school land survey. That puts it five miles north-west of Ropesville.

The Andrews County wildcat will be drilled approximately one mile north of Clear Fork production in the Furgan-Mascho multipay field in the south central portion of the county.

J. C. Barnes
It will be drilled by J. C. Barnes of Midland as No. 1 Lockhart & Brown, 1,980 feet from west and 660 feet from south lines of section 13, block A-41, psi survey. That puts it 15 miles southwest of the town of Andrews.

Destination is 7,000 feet.

Long SE Stepout Staked To Field In SW Upton Area

Shell Oil Company No. 1-C C. W. Hobbs is to be drilled as a three-quarter-mile southeast stepout to production in the Grossett field of Southeast Crane and Southwest Upton County.

Location, which falls southeast of the Upton County portion of the field, is 800 feet from east and 1,980 feet from south lines of section 56, block 33, H&T survey. That puts it five miles west of McCamey. It is to be drilled to 5,500 feet with rotary.

Location is 2,350 feet south and slightly east of Sun Oil Company No. 1 C. W. Hobbs, dry hole on total depth of 5,380 feet.

Ada Exploration Near East Vealmoor Indicates Production

Ada Oil Company of Houston No. 1 Anderson, Central-North Howard County exploration has given indications of finding production in the reef line one mile west and slightly north of the East Vealmoor field.

This prospect is located 20 miles north and a little east of Big Spring and 467 feet from north and east lines of section 11, block 31, H&T survey.

It topped the reef line at 7,538 feet. That is calculated to be 50 feet above the oil-water contact of the Vealmoor field reef pay section.

Gas To Surface
The No. 1 Anderson took a one hour and 30 minute drillstem test at 7,541-51 feet. Gas surfaced in 45 minutes. There was a good blow of gas for the remainder of the period.

Recovery was 325 feet of fluid which was oil and heavily oil and gas cut drilling mud. There were no signs of formation water.

Will Set Pipe
Operator is preparing to set casing at 7,541 feet and then test and try to complete from the ten feet of hole which will be left open. It is expected that a small acid wash treatment will be used at 7,541-51 feet after the plug is drilled out on the casing.

There are reef dry holes to the south and west of the Ada No. 1 Anderson.

Gaines Wildcat Will Continue Drilling To 13,500-Foot Depth

Honolulu Oil Corporation and others filed an amended application with the Railroad Commission of Texas to deepen their No. 1-A T. S. Riley, wildcat in the Homann-Yates gas area of Central Gaines County, to 13,000 feet.

The new destination should take the project into the Devonian. It is now drilling below 12,229 feet in the Mississippian. Tentative top of that formation is at 12,070 feet, elevation 3,253 feet.

No. 1-A Riley showed for possible production in the San Andres on a drillstem test from 5,204 to 5,450 feet. Tool was open four hours. Recovery was 15 feet of clean oil, 80 (Continued On Page 14)

Snow Falls On Bone-Dry Midland

HEADS PROJECT—Capt. Eddie Rickenbacker, famed "ace of aces" in World War I, now an airline president, heads a committee to outline a safety program for airports in congested areas. The committee was formed after three air crashes took 117 lives at Elizabeth, N. J.

Trio Indicted For Robbery

Three men were being held under bonds of \$15,000 each Friday after being indicted Thursday afternoon by a Midland County grand jury in connection with the January holdup of the Har-Wil Motor Courts office here.

S. M. Miller, Jr., was indicted on a charge of robbery by assault as a second offense while Junior Brown and Larry Eugene Jackson were indicted on charges of armed robbery by assault.

Five other persons were named in indictments handed by Judge R. W. H. O. Bedford to Judge R. W. (Bob) Hamilton in 70th District Court.

They are Leotis Blair, charged with theft; A. J. Sturgeon and R. L. Pomeroy, charged with theft; Arnold L. Paulson, burglary charges; and L. L. Wofford, driving while intoxicated, second offense charges.

Contract Awarded For Upton Roads

RANKIN—The Upton County Commissioners O. C. L. Thursday awarded a contract for the construction of 34.36 miles of new highway to the Henry L. Stafford Construction Company of Lubbock on a low bid of \$426,246.36.

The new roads included in the project will service the rapidly-expanding Spraberry oil fields in East-Central and Northeast Upton County, with one segment extending to the Midland County line.

Work will be started within three weeks and the job is to be completed within 180 calendar days.

Funds for the highway program were provided in a recent road bond election.

Polio Continues Decline In Texas

AUSTIN—(P)—Polio continued its slow decline in Texas last week. Only 20 new cases were reported to the State Health Department, two less than the previous week.

The total for the year was 162. Bexar County (San Antonio) reported the most cases last week, six new patients.

★ LATE NEWS FLASHES ★

ST. MARYS, PA.—(P)—Two masked gunmen robbed the Johnsonburg National Bank at nearby Johnsonburg Friday and escaped with an estimated \$29,000.

WASHINGTON—(P)—Purchasers of Texas crude oil have indicated they want a total of 3,111,144 barrels a day in March, up 60,827 barrels from the February demand, the Railroad Commission reported Friday.

AUSTIN—(P)—Waco Judge Nash Oliver Friday declared the House Crime Investigating Committee's two-day hearing into Waco and McLennan County crime conditions is "political football."

WICHITA, KAN.—(P)—Cities Service Gas Company and its union of pipe line and compressor station workers Friday announced "mutually satisfactory" settlement of a contract dispute, averting a threatened walkout in five Southwestern states.

City Council Again Rejects Air Force Bid

The City Council turned down another appeal Thursday afternoon for permission to use Midland's Airpark as a temporary auxiliary landing field for Air Force training planes.

Its members stood pat on their former decision, even though a government spokesman told them that, if the appeal was rejected, the Air Force may take it over anyway as a permanent auxiliary base.

"We know," said Mayor Perry Pickett, "that the Air Force can take it if they want it. But, as far as the council is concerned, we are interested in protecting our citizens from the hazards which we believe would surround the use of Airpark by inexperienced pilots."

Three weeks ago, the Air Force appealed personally to the council to grant a five-year lease for use of the field by advanced jet pilots training at the Big Spring Air Force base, scheduled to open on April 4.

'Recapture' Threatened
At that time the council flatly refused the proposal.

Thursday afternoon G. B. Green, of the real estate department of the Corps of Engineers office in Fort Worth, accompanied by Capt. R. E. Kaufmann, public information officer of the Big Spring Air Force Base, returned.

This time, Green said, the Air Force wanted only a one-year lease and the Flying Training Command headquarters at Waco had said Airpark was the only such field available.

"If the city does not agree to a one-year lease," said Green, "they will recommend recapture of the city's lease and, if it is approved on up the line, use it as a permanent auxiliary field."

In that event, he said, the Air Force will abandon its plans to build an auxiliary field in Martin County.

He said the program of building auxiliary fields had been delayed because of lack of funds.

"Doesn't the government have any money?" asked Councilman J. W. McMillen, raising his eyebrows.

"Well," grinned Green, "I'm with the Corps of Engineers and they don't have any. The Air Force doesn't have any and the CAA tells me they haven't got any."

He said the Air Force would inspect the runways at Airpark and bring them up to shape as well as pay a proportionate cost of maintenance. The Air Force wants the facility on a joint-use basis.

"You agree, though, don't you," asked McMillen, "there is a hazard in Stanton."

(Continued On Page Nine)

Davis To Manage Lamesa Chamber

C. Dwayne Davis, who resigned this week as agriculture and livestock manager of the West Texas Chamber of Commerce, will become manager of the Lamesa Chamber of Commerce in March.

Davis also will have charge of the Lamesa Board of Community Development, succeeding Mrs. Louise McCall, resigned. He said Friday at Abilene his resignation from the WTCC will be effective between March 1-15.

Davis is a former assistant manager of the Midland Chamber of Commerce. His parents, Mr. and Mrs. Cecil Davis, reside in Midland.

Mrs. Dwayne Davis is the daughter of Mrs. Noyce Hamilton of Stanton.

Newsprint Mill Closed By Walkout

LUFKIN—(P)—The South's largest newsprint mill was shut down by a strike Friday.

The strike at Southland Paper Mills, Inc., was called by the AFL Papermakers Local. About 75 members of this union left their jobs and set up picket lines which idled about 1,650 production workers.

W. L. McHale, vice president and general manager, claimed the strike was a wildcat—unauthorized, by higher AFL authorities. No union statement was available immediately.

McHale said the dispute does not involve wages but is over seniority and working conditions.

Three other AFL unions not immediately involved were observing the picket lines. They are AFL Pulp and Sulphite Papermill Workers, the AFL International Association of Machinists and AFL International Brotherhood of Electrical Workers.

An international representative of the AFL Papermakers was expected by Saturday to negotiate.

The mill, built in 1939, was the first to make newsprint of Southern pine. Its production capacity was increased greatly as its product earned favor among newspapers.

El Paso Lineman Is Electrocuted While Working In Stanton

STANTON—A slight pause for a cigarette proved fatal Thursday afternoon when a 24-year-old El Paso lineman was electrocuted while installing a circuit-recloser switch on the blocks south of the railroad in Stanton.

Dead is Gene Paul Bowen, a lineman employed by R. B. Stovall of Dallas.

According to co-workers, Bowen, accompanied by another lineman, had gone up a pole to do the final connecting work on the switch when he removed his protective rubber gloves to light a cigarette.

In some manner, Bowen's hands came in contact with the high voltage line, which immediately knocked him unconscious.

Fellow workers removed Bowen from the safety belt which suspended him in the air and lowered him to the ground, where artificial respiration and a resuscitator were applied for four hours.

An attending physician pronounced the lineman dead at 8:15 p.m. Bowen's hands were burned only slightly on the index finger and thumb of each hand.

His body was to be forwarded to El Paso Friday for funeral services and interment.

Pioneer Midland Employees Receive Hikes In Salaries

Two of Midland's oldest employees, from point of service, were granted monthly salary raises Thursday afternoon by the City Council.

In recognition for their years of service, the council granted \$50 raises to City Tax Assessor-Collector W. L. Pratt, who has been at City Hall 21 years, and City Secretary J. C. Hudman, who has 25 years of service behind him.

A \$50 raise also went to Henry E. Nunn, water and sewer engineer, who played an important part in the development of a new water supply for the city, while City Engineer T. G. Jenkins drew a \$10 raise.

Why water waste when Wempe's wonderful "walking" water sprinkler will work wonders, watering uniformly. Phone 4-8225—(Adv.)

TELLS THE WORLD—In the Texas tradition of doing things in a big way, Bruce Niles, Houston advertising executive, announced the birth of a son with a 14-foot billboard, complete with flashing lights and a multi-colored stork. Here, a passerby takes note of the oversized announcement.

Final Interment Rites Held Friday For British King

WINDSOR, ENGLAND—(P)—Britain said farewell to King George VI Friday in a great outpouring of sorrowful grandeur, and interred him here at Windsor with a hymn of triumphant faith.

Elizabeth II, a queen at 25, led the nation's final homage to her father. For two and one-half hours she rode in a horse-drawn carriage behind the coffin to the dirge of 10 bands, while more than a million Britons, packed tightly along the chill streets of London, bowed in reverence.

Then she entrained for Windsor with the body and saw it laid to rest in a crypt of royalty already holding the remains of George III and nine other sovereigns.

The queen, tight-lipped but composed, sprinkled earth on her father's coffin as it sank from sight beneath stolid St. George's Chapel in Windsor Castle.

At the close of the 26-minute service, the royal family left the chapel by a side door. Elizabeth II and her husband, the duke of Edinburgh, kissed the queen mother on the cheek just before they stepped into a waiting limousine.

The king's mother, Mary, stayed in London with the weight of her 84 years and waved her farewell from a window of Marlborough House.

King, Commoner Alike
The archbishop of Canterbury voiced the communal Church of England assigns to king and commoner alike:

"Earth to earth, ashes to ashes, dust to dust, in sure and certain hope of the resurrection to eternal life x x x."

A slab of stone had been laid aside (Continued On Page Nine)

Heavy Rains Cancel Play In Texas Open

SAN ANTONIO—(P)—Heavy rains Friday forced postponement of the second round of the \$10,000 Texas Open Tournament. Professional Golf Association officials called off the round at 10 a.m.

The PGA has not yet decided whether to add an extra day to the event, which was scheduled to end Sunday, or to play 36 holes the final day.

Moslem Terrorist Wounds Lieutenant Of Iran's Premier

TEHRAN, IRAN—(P)—Hossein Fatemi, right-hand man of Premier Mohammed Mossadeq, was shot and wounded Friday by a youthful Moslem terrorist who shouted, "There is no God but Allah."

Fatemi, former deputy premier, was felled by a single pistol shot fired at point blank range as he was addressing a crowd in a cemetery near Tehran. He was speaking on the fifth anniversary of the assassination of one of Iran's first Nationalist martyrs.

The would-be assassin was seized by the crowd.

The Moslem terrorist organization, Fedayan Islam, which has boasted that it assassinated the late premier, Ali Ramazani, has threatened Mossadeq, and his followers with death unless the government frees Navab Safavi, one of its leaders.

Stop soaking soil—save several steps—see startling "walking" sprinkler which saves water while sprinkling sans saturation—Wempe's. Phone 4-8225—(Adv.)

Precipitation Eases Area's Long Drouth

Snow, sleet and rain fell over the drouth-stricken Midland area Friday morning and official weather forecasts indicated lower mercury readings Friday night with additional light precipitation.

The Weather Bureau said more snow and rain might come late Friday. Continued murky skies gave weight to the forecast.

Pair Injured In Two Auto Mishaps Here

Two persons were injured Friday in a pair of automobile mishaps in and near Midland.

Jim Trammell, 602 South Mineola Street, was admitted to Midland Memorial Hospital after being injured in a collision at McKenzie and Griffin Streets.

Hospital attendants said his condition was not serious although he was treated for lacerations of the scalp and neck.

Earlier, B. C. Johnson, a soldier enroute from Fort Bliss to Camp Hood, was injured when his automobile overturned 15 miles east of Midland on U. S. Highway 80.

He was treated at Mast Clinic for lacerations of the scalp and ear. Patricia Joann Bush, pupil at South Elementary School, escaped injury although shaken up when struck by an automobile as she ran across the street toward school.

Police said Patricia, who lives at 304 South Terrell Street, apparently ran in front of an automobile driven by Mrs. Lonnie Jones, 1215 South Dallas.

Allied Big Guns Pound Red Positions

SEOUL, KOREA—(P)—Allied big guns poured a withering barrage of shells into Communist positions in Eastern Korea Friday.

High explosive and fragmentation shells rained down on some Red strongpoints for more than an hour. A murderous, 15-minute barrage battered Red positions above the Mundung Valley, springboard for one of the heaviest Communist attacks in weeks Thursday night.

Allied aircraft were out Friday afternoon after being grounded by storms in the morning. One Red MIG was damaged in a four-minute battle between 19 U. S. Sabre jets and 30 Communist jets over Northwest Korea, the Fifth Air Force said.

Fog and low-hanging clouds shrouded the results of the artillery bombardment.

Upton Bond Issue Vote Set March 8

MCCAMEY—Upton County voters will ballot March 8 on a proposal to issue \$300,000 worth of bonds for the purchase and improvement of the Cooper Hospital here and for the erection of a branch unit of the hospital at Rankin. Funds also would be provided for building a nurses' home here.

The Upton County Commissioners Court called the special election Thursday after receiving a petition signed by interested citizens of McCamey and Rankin, asking that the hospital bond proposal be submitted to the voters.

County Officials Silent On Park Group's Protest

County officials remained silent Friday over a protest from the city's Park Advisory Commission against the proposed construction of a \$1,000,000 addition to the Midland County Courthouse.

County Judge Clifford C. Keith, chairman of the Commissioners Court, which first had proposed the addition, declined to comment.

The commission said it would recommend to the City Council that the city-owned Crier Park on West Wall Street be offered for that purpose.

had received numerous telephone calls from Midland residents, backing their stand in opposing the addition.

The commission, at its meeting Wednesday night, suggested that the courthouse remain as it is with a separate building being constructed elsewhere to house the public library and museum.

The commission said it would recommend to the City Council that the city-owned Crier Park on West Wall Street be offered for that purpose.

Weather

Clear to partly cloudy, little colder Friday night. Warmer Saturday. Lowest temperatures 25-35 South Plains Friday night. Maximum temperature Thursday 55 degrees; minimum Thursday 32 degrees.

CIO Boss Charges Steel Industry Foments Strike To Obtain Price Increase

NEW YORK.—(AP)—Philip Murray, president of both the CIO and the CIO United Steelworkers, Friday accused the steel industry of trying to provoke a strike or threat of a strike.

EARLY START STALLS QUICKLY

PHILADELPHIA.—(AP)—The good old days and the simple life are gone forever, it seems. Look at the case of two school-boys who decided Thursday not to go to school for them. Time to get out in the world and make a living.

Attendees at the Federal Building in downtown Philadelphia rescued them from an elevator stalled between floors after hours Thursday night.

Asked how come, they explained they saw no operator on duty and thought the elevator was self-operating. Pulled the wrong levers, they guessed, and that's how they got stuck.

But what were they doing in the Federal Building?

The older one, age 13, solemnly replied:

"Well, to get jobs we have to get our Social Security cards."

KP FOR POLIO—Members of Headquarters Battery, 17th Field Artillery Group at Fort Sill, Okla., hit upon a novel scheme for collecting March of Dimes money. They rigged this multiple ballot box, with a slot under the name of each "candidate." A dime in the slot is a "vote." Three candidates who poll the most votes are "elected" to do KP for one day. The money was turned over to the anti-polio fund.

Young Negro Rapist Again Found Guilty, Sentenced To Death

OCALA, FLA.—(AP)—Walter Lee Irvin was back in the Florida State Prison death house Friday after his second conviction for raping a young white woman. His lawyers plan a new fight to save him from the electric chair.

A jury of 12 white men late Thursday convicted the 24-year-old negro of helping three others seize a 17-year-old girl from her father's home July 16, 1949, and raping her.

There was no recommendation for mercy, which made the death sentence mandatory. Circuit Judge Truman G. Futch immediately pronounced the sentence, and Irvin was taken at once to the state prison.

Irvin's lawyers said they will file a motion for a new trial Monday, and if it is denied they again will appeal to have the verdict set aside.

Two Defendants Slain

Irvin was the last of the four negroes who were accused of the crime which set off a series of mob demonstrations, shootings, and burnings of negro homes in Central Florida, and brought about bitter exchanges between Florida officials and the National Association for the Advancement of Colored People.

Two others of the accused have been shot to death by law enforcement officers. A third is serving an unexpired life sentence.

The United States Supreme Court reversed Irvin's first conviction after defense attorneys contested the verdict on grounds that inflamed public opinion made it impossible for the young negro to have a fair trial in Lake County, where the crime was committed.

The second trial was transferred to Ocala, in adjoining Marion County, by agreement of state and defense counsel.

Allied Navies Plan Joint Maneuvers In Mediterranean Area

NAPLES, ITALY.—(AP)—Plans were announced Friday for operation "Grand Slam," a joint, nine-day exercise of U. S. British, French and Italian naval forces in the Mediterranean.

The big maneuver, involving hundreds of ships, will start February 26 under command of U. S. Adm. Robert B. Carney, commander of Allied forces in Southern Europe.

Twenty or more separate task units will operate without regard to nationality. A four-power staff will assist Carney abroad his flagship, the USS Admistrick, in Naples harbor.

The exercise aims at improving operating procedure and communication between Allied naval forces and their air arms which protect the strategic Mediterranean.

Toronto, Canada, will be the fifth city in North America with an underground rapid transit system when its subway system is completed.

STRUTS, SUPS, SIPS, SETTLES

CHATTANOOGA, TENN.—(AP)—A cocky and determined pigeon strutted through the door of a downtown restaurant Thursday night, marched to the kitchen, and had a meal of peanuts and a drink of water on the house.

Then, Policeman Johnny Padgett reported, the bird sauntered over to a phone booth, laid an egg, and settled down for the night.

Vandals Bombard Nashville Homes With Stone Barrage

NASHVILLE, TENN.—(AP)—Rock-throwing vandals pitched their hardest against windows and front doors Thursday night, right on the heels of police curbs.

Young hoodlums bombarded homes in all sections of the city. Police headquarters were deluged with calls for three hours, but patrol cruisers always were moments late.

Only Thursday, Police Chief Ed Burgess directed officers to tighten enforcement of the 11 p.m. curfew for children under 16 unaccompanied by their parents.

The rock-throwing wave began several weeks ago when 72 window panes were broken at a private school. Since then two shotgun blasts have been fired into residences, and other vandalism perpetrated against business houses, homes and churches.

Freighter's SOS Declared Hoax

MIAMI, FLA.—(AP)—Answering a radio distress call, the Coast Guard searched Cuban waters Thursday for a blazing freighter and her crew, then wrote the whole thing off as a hoax.

The SOS, picked up by the Coast Guard station in Richmond, said the freighter was a fire off the west coast of Cuba and had been abandoned by the crew. The call identified the ship as the freighter George Duketon, and her call letters indicated Swedish registry.

An amphibious plane and a 165-foot cutter searched the area thoroughly without finding any trace of a ship or crew.

Arlene Dahl Is Glad To Stop Playing Sweet, Sugary Roles

By ERSKINE JOHNSON
NEA Staff Correspondent

HOLLYWOOD.—Guys and Dolls: Arlene Dahl, facing a camera for the first time since she left MGM nine months ago, is hailing her escape from the "sweet little things I had to play."

Playing opposite John Payne in "Caribbean Gold" at Paramount, Arlene took time out to say:

"This girl has fire—it's a characterization—and I'm learning more from Director Edward Ludwig than I learned from any other director."

Her blueprints for the future include a movie to be filmed in Spain with hubby Lex Barker, (if Sol Lesser lets him out of his Tarzan tree), and a British musical, "The Third Girl from the Right."

A date with the stork for Arlene and Lex?

"Maybe the next time you see me," she told me, "I'll have some news."

John Howard's back on the sound stages again in "Models, Inc.," as the head of a model agency.

"I'm playing John Powers," he confided, "but don't tell anyone."

Once a great lover at Paramount, John calls this role a semi-character part. "He's a guy who's been around beautiful women all his life and has never married. Confidentially, that's the story of my life," John said.

This Makes Horse Sense

"The Fighter," a little-known Jack London story, is being filmed at Motion Picture Center as Alex Gottlieb's first independent production.

Before a towering castle, Richard Conte, and Lee J. Cobb, as Mexican guerrilla leaders who are trying to overthrow a dictatorship, slowly ride horses in a circle, with other revolutionists.

It's Conte's first time on a nag and he has a quick consultation with the wrangler in charge of his horse.

"Don't worry," says the movie expert. "Your horse knows the script as well as you know it."

An impressive set, representing a huge French inn occupies one end of a sound stage at Fox for the new version of Victor Hugo's classic, "Les Miserables."

British newsmen Michael Rennie, tattered and bearded, as the suffering Jean Valjean, is rehearsing a dramatic scene with character actress Florence Bates.

Before the camera turns, a prop man rushes to a table laden with slabs of steaming meat and artistically applies olive oil and dabs of water to the roasted surfaces for that glistening look.

Yep, a leg of lamb has as much right to its own makeup man as top-grade ham in Hollywood!

There aren't any doubts at the artificial mud lake that's being used for Fox's "Cry of the Swamp."

At a signal from Director Jean Negulesco, Jean Peters, Walter Brennan and Jeffrey Hunter whip off their terry-cloth bathrobes and plunge into the cold mire.

Jean and Walter are playing a father and daughter who have been hiding in the swamps for years.

"We grunt and groan instead of talking," Jean explains through her chattering teeth. "We'll be great as television wrestlers after this."

There's a cycle of movies about rodeo riders on the way and "This Man Is Mine," a Wald-Krasna effort, is shooting at RKO.

Robert Mitchum, Susan Hayward and Arthur Kennedy are rehearsing when I arrive on the set and the scenic crew is nailing limbs and branches to background trees.

When I comment on Susan's low neckline, I'm shown a photograph taken of the star in her outfit, for the wardrobe records, with this written notation:

"Have a big sweater for her to wear with this just in case the studio censor yells."

At press time the censor hadn't yelled.

Now that he's glorified the circus in "The Greatest Show on Earth," don't be surprised if Cecil B. DeMille puts ice skates on his famed riding boots and, directs a backstage story of a big traveling ice show.

Kefauver Busy 'Meeting People'

CONCORD, N. H.—(AP)—After the first day of his "shake hands" grass roots tour of Southwestern New Hampshire, Senator Estes Kefauver Friday said his chances for the presidential nomination were very good.

Keeping to his schedule of touring the state which has the first primary in the nation, March 11, the tall Tennesseean spent about 15 hours Thursday "meeting people."

He talked with politicians, policemen, waitresses, shop-keepers, real estate men, postmasters and shoe clerks. His procedure in almost every case was to introduce himself, shake hands and ask for help in his campaign for the presidential nomination.

Beta Kappas Have Scholarship Brunch

The Beta Kappa Chapter of Delta Kappa Gamma met recently in the Hotel Lincoln in Odessa for a scholarship brunch. W. A. Miller, superintendent of schools in Odessa, spoke to the group on "Educational Problems." He was introduced by the chapter president, Helen Brewer. Scholarships were awarded to a member of the Future Teachers of America from the Odessa Junior College and the Howard County Junior College. Midlanders attending the meeting were Rachel Drake, Helga Grant, June Kingdon, Mrs. L. C. Magee, Lucy Moore, Mrs. Grenade Peters, Ada Russell and Faye Wilson.

Baptists To Have Homecoming Meet

A homecoming will be held at the West Side Baptist Church Sunday in observance of its second anniversary. An all-day service will be held with luncheon served at noon in the church. The Rev. Aiken Towery is the pastor. The church is located at 1400 West Carter Street.

Band Aides Club Has Business Meet

The Band Aides Club held a business session Thursday night in the Band Hall with T. E. Neely, president, presiding. Those attending were Ralph L. Mills, Mr. and Mrs. T. E. Neely, Mr. and Mrs. Ed Black, Mrs. J. T. Klingler and Mrs. M. B. Arick. Pasteurization of milk slightly reduces the vitamin C content.

Future Plans Are Made At Parties Of Girl Scout Troops

Valentine parties were featured at the Girl Scout Troop meetings Wednesday and Thursday. Discussions of future badge work and study sessions also were held. Intermediate Troop 15, under the direction of Mrs. G. A. Grimm, discussed badge work. Alice Ann Berry served refreshments to the 10 members present.

Mrs. Hal Peck, leader of Brownie Troop 43, told the 12 members present the history of Girl Scouting. Sue Washam, Ann Bodeman and Barbara Porter served refreshments. During the Valentine party of Brownie Troop 64, Mrs. Harvey Herd taught the members new songs.

Have Guest
Kathy Walden was a guest of Brownie Troop 39. Under the direction of Mrs. R. H. Fritzell, Jr. and Mrs. Frank Monroe, the members finished their copper work and held a cook-out.

Johnnie Stewart was the guest of Intermediate Troop 36. She taught the 16 members present dancing. Under the direction of Mrs. A. P. Belcher and Mrs. P. A. Brooks, work on the minstrel badge was done.

Carol Osborn, Mrs. Harvie Mayfield, Mrs. Walton Porter, Mrs. John Redfern, Jr. and Mrs. William Osborn were the guests of Brownie Troop 52. Mrs. Redfern and Mrs. Osborn were the hostesses for a Valentine party. Valentine games were played.

Brownie Troop 51 had Diann McMullins as a guest for its Valentine party.

The 10 members present for the meeting of Brownie Troop 41 solved Valentine puzzles and talked about the train trip they took with the prize money they won from the clothing drive.

Intermediate Troop 57 discussed work on the first aid badge. The girls will bring, make and demonstrate several different kinds of bandages. Campcraft and first aid badges will be featured at the cook-out planned for February 22.

Badge work was discussed by Intermediate Troop 34.

WINTER VACATIONERS

Mr. and Mrs. Ralph Lowe and daughter, Mary, Mrs. R. McConnell, Bob Hunton and Charles Service are vacationing at the Robey Plaza Hotel in Miami Beach, Fla.

Woman's Club Holds Meeting Of Directors

The Board of Directors of the Midland Woman's Club met in the home of Mrs. H. C. Higdon Thursday for the regular monthly session. Mrs. W. H. Rhoads, president, presided. She gave the report on the progress which has been made in connection with the Woman's Club building.

It was announced Barney Grafs has been named to the advisory committee replacing the late M. C. Ulmer. Others on the committee are C. W. Chancellor and Murray Pasken.

Mrs. Rhodes announced the district convention will be held in El Paso March 20-22.

Plans were discussed for the Perry Grainger concert to be held March 21 in the high school auditorium. A concert for students will be held at 4:30 p.m. and the evening concert will be held at 8:15 p.m.

Concert Prices Announced
Mrs. Earl Johnson, ticket sales chairman, announced prices as 50 cents for students and \$1 for parents accompanying students. Evening concert prices are \$2.

Grainger, world renowned pianist-composer, was born in Melbourne, Australia, July 8, 1882. He has appeared publicly since he was 10 years old.

The pianist became an American citizen in 1918.

The group voted to set up a Ruth Byerley Memorial Fund, with a committee to be appointed by the president, to place some articles of furniture in the new club house.

Other members attending were Mrs. J. Howard Hodge, Mrs. H. H. Redding, Mrs. George Vannaman, Mrs. Willard Bumpass, Fannie Bess Taylor, Mrs. C. H. Shepard, Mrs. G. M. Goldsmith, Mrs. Nelson Puett, Mrs. W. G. Epley, Mrs. Andrew Pasken, Mrs. John Perkins, Mrs. Bryan Denson, Mrs. W. E. Cox and Mrs. Joe V. Birdwell.

Mrs. Long Is Class Hostess

Mrs. M. D. Long was hostess to the Lois Class of the First Baptist Church when it met Thursday in her home.

Mrs. Bob Mims gave the devotional. Games were played and refreshments served.

Others attending were Mrs. Raymond Jones, Mrs. C. W. Kerr, Mrs. Floyd Friday, Mrs. J. B. Webb, Mrs. J. A. Cox and Annie Collier.

RECEIVES KNEE LACERATION

Tommy Walker, four-year-old son of Mr. and Mrs. Lloyd E. Walker, 2003 West Kentucky Street, Thursday received lacerations of the right knee when he fell on a floor furnace at home. He was given emergency treatment at Western Clinic-Hospital.

SOCIETY

THE MIDLAND REPORTER-TELEGRAM, FRIDAY, FEBRUARY 15, 1952-3

City Council To Have Tea In Memory Of Mrs. Byerley

A seated tea will be given by the P-TA City Council at 3 p.m. Saturday in the Midland High School Cafeteria in memory of Mrs. L. G. Byerley. The tea also will be in observance of P-TA Founders Day. Special guests at the tea will be members of the First Presbyterian

Women of the Church, members of the Fine Arts Club and the Midland Woman's Club, Inc.

Thumbnail sketches of Mrs. Byerley's activities will be given. Mrs. Ernest Sidwell will tell of her P-TA work and Frank Monroe, superintendent of schools, will tell of her help to the schools and school administration.

Mrs. Andy Pasken will tell of Mrs. Byerley's activities in the Council of Church Women, both district and local, and Mrs. Holland Holt of Abilene will describe her help in the sixth and 16th District of the P-TA. Her activities in the Fine Arts Club and the Midland Woman's Club will be described by Mrs. J. Howard Hodge.

Thumbnail Sketch
Mrs. Kay of Fort Stockton will give a thumbnail sketch of Mrs. Byerley's activities on the state P-TA board.

An opportunity will be given to individuals to contribute memorial books in her memory. The books may be placed in the Midland County Library, the First Presbyterian Church Library or the school libraries. The Woman's Wednesday Club and the Midland County Library are sponsoring Memorial Book Month this month.

Mrs. E. J. Murphy, president of the P-TA City Council, is general chairman for the tea. Other chairmen and committee members are Mrs. Elliott Barron, chairman, Mrs. Ish McKnight and Mrs. James Marberry, refreshments; Mrs. Waldo Leggett, hospitality; Mrs. J. J. Black, program; Mrs. M. B. Arick and Mrs. S. M. Erskine, project; Mrs. T. J. Smith and Mrs. J. C. Rinker, invitation, and Mrs. J. B. Elder, publicity.

Telephone Employees Organize Club

The employees of the Southwestern Bell Telephone Company met Thursday in the Midland Officers Club to organize the Tel-a-bell Square Dance Club.

E. B. Patterson was elected president. Other officers elected were R. T. Kohn, vice president; Mrs. T. J. Smith, secretary-treasurer, and June and Jean Saue, reporters.

The next meeting will be held at 7:30 p.m. Wednesday in the Midland Officers Club. Hosts will be Mr. and Mrs. H. H. Redding and Mr. and Mrs. George Faris.

Mrs. W. T. Webb was the caller. Others attending were Mr. and Mrs. Vic Randall of McCombs, Mr. and Mrs. H. B. Curry, Mr. and Mrs. R. L. Cline, Mr. and Mrs. F. W. Cagle of Odessa, Mr. and Mrs. F. E. Saue, Mr. and Mrs. Faris, Mr. and Mrs. R. T. Kohn, Mr. and Mrs. C. G. Dossely, Mr. and Mrs. L. B. Patterson, Mr. and Mrs. C. H. Neal, Mr. and Mrs. W. T. Webb, Mr. and Mrs. Bob Pickle, Mr. and Mrs. T. J. Smith and Mr. and Mrs. Howard Chapman.

AAUW Plans Panel Discussion, Luncheon

The American Association of University Women will have a covered dish luncheon at 1 p.m. Saturday in the Junior High School Cafeteria. The program will consist of a panel discussion on the work and new methods of teaching. Mrs. Ernest Sidwell, program chairman, will introduce the following speakers: Betty Cotton, English teacher in Midland High School; Hollye Woolcock, Junior High School teacher, and Mrs. Granada Peters, first grade teacher at West Elementary.

For the covered dish luncheon members may bring any dish they choose.

County HD Agent Is Garden Club Speaker

Pacine McWilliams, county home demonstration agent, spoke on "Making a Cutting Bed" Thursday at the meeting of the Welcome Wagon Garden Club in the home of Mrs. H. E. Rothrock.

Those attending were Mrs. M. F. Barber, Mrs. J. W. Benin, Mrs. R. B. Cornell, Mrs. J. R. Davis, Mrs. L. T. Derrington, Mrs. George Gibson, Mrs. O. C. Griffin, Mrs. M. L. McMillan, Mrs. R. M. Nugent, Mrs. C. H. Pearson, Mrs. L. W. Rander-son, Mrs. R. W. Wall, Mrs. L. L. Worden, Mrs. K. W. Erickson, Mrs. H. R. Smith, Mrs. Charles Lochte, Mrs. M. L. Feldman, Mrs. John Evans and Mrs. Gest.

Sixty-Five Attend Welcome Wagon

Sixty-five members and guests attended the Thursday meeting of the Welcome Wagon Club in the Ranch House.

Decorations carried out the Valentine theme. Following the luncheon, the group played card games. Prizes were awarded to Mrs. J. H. Brewer, Mrs. Ernest Evinger and Mrs. E. L. Campbell.

Hostesses were Mrs. L. W. Rander-son and Mrs. R. B. Cornell.

Piano Recital To Be Given

Mrs. Howard Parker and Mrs. Henry Shaw, Jr. will present their piano pupils in a recital at 8 p.m. Friday in the West Elementary School Auditorium.

The following program has been announced:

"Swans on the Lake," Thompson, Sandra Stewart; "My First Waltz," Ralston, Carolyn Montgomery; "Maggie Garden," Raser, Sharon Ross; "Wee Folks March," Raser, Frank Montgomery; "Snow Flakes," Daniel, Patricia McDonald; "Little Star," Thomas, Kay Davis; "Gingerbread Man," Steadman, Michael McDonald; "Whirling Dervish," Eckstein, Roberts Hazlip; "Follow the Band," Fletcher, Abbie Lee Garrett; "Spanish Guitars," Van Deyere, Kay Davis, Roberts Hazlip and Sharon Marcellis; "Little Fairy Polka," Sharon Marcellis; "Aragonaise," Massenet, Mary Joe Newman; "Song of India," Rimsky-Korsakov, Ann Harrison and Helen Crow; "Chimes," Thompson, Susie Morgan; "Country Dance," Beethoven, Ann Harrison; "Rhapsodie," Eckstein, Sarah Fickett; "Rataplan," Dosselt, Helen Crow, and "Für Elise," Beethoven, Helen Sue Thompson.

MIDLANDER TO AMARILLO
Mrs. Suda Willis Oles left Thursday for Amarillo where she was called by the serious illness of her father.

We Must Pay The Bill

Secretary of Defense Robert Lovett is a responsible public servant. Hence he deserves to be taken seriously when he declares there would be grave risk in slashing defense funds below the projected \$52,000,000,000 for the coming fiscal year.

Lovett told members of the Senate Appropriations Committee the Defense Department compiled an original figure of \$71,000,000,000, that he cut that to \$55,000,000,000 and President Truman further trimmed it to the present total.

He said the reductions made by him and by the President represented calculated risks—bold measurements of the minimum safe level for our defenses. To go below this total, he said, would be to cast safety aside.

This being an election season, Congress is very much in an economy mood. Many lawmakers have been talking of cuts in the military budget. But Lovett's warning may well have frightened them. They know he does not talk loosely.

After all, this new arms budget is more than \$7,000,000,000 smaller than that for the current fiscal year. This slash was achieved not by abandoning plans for an expanded Army, Navy and Air Force, but by pushing back the goals to a later time. The objectives still are the same. We simply will take longer to reach them.

Congress must assume that within the next two years Russia will not go to war. In any guesswork there is danger. Russia could attack next week. The government's \$52,000,000,000 outlay is intended to prevent such a blow from being fatal if its guess should prove wrong.

Some legislators, eager to chop down this total, are saying they don't believe Russia will go to war for a long time—if ever. In other words, they would like us to accept their own guesswork for that of Lovett and his defense experts.

Yet their guesses hardly could be as well informed as those of our military men. No one really knows what the Russians plan. So in time of potential military peril, isn't it most sensible to rely on the judgment of the experts?

We are living in a time when gross mistakes can be penalized by the loss of all that we in America cherish—our freedom, our democratic system, our individual human dignity. The instincts of self-preservation demand that we avoid such errors.

It means nothing to say that we "cannot afford" a safe minimum defense. Is there any price you would not pay to remain free?

If there is, then pay heed to the words of the refugees from communism. They prefer war with all its horror to "peace" under Red tyranny. They understand what it is not to be free.

The cost of today's engines of destruction is staggering, but there seems no help for it. We must pay the bill so long as men moved by dreams of world conquest are abroad on this earth.

Worry does a perfect job of getting you nothing but more of the same.

If He Follows The Precedent Set By Himself

The Washington Merry-Go-Round

By Drew Pearson

(Copyright, 1952, by The Bell Syndicate, Inc.)
Drew Pearson says: Korea is graduate school for Kremlin's liars; School children to broadcast "Messages to Moscow"; Spain has agreed on Franco's successor.

WASHINGTON—It isn't pleasant to contemplate, but the inescapable fact is that Russia not only is outproducing us in planes, but is building up a reservoir of battle-tested pilots to fly them. The blunt fact is that the Kremlin is using Korea as a graduate school to train Russian pilots how to fly against American planes.

Rotating "classes" of Russian pilots have been manning the MIGs over Korea and learning American combat techniques firsthand. The present class showed up in Korea November 1, now is about ready to graduate.

Each class takes the same prescribed course. The first month is spent making navigational flights across Korea. The second month is spent observing American formations at a safe distance. During this period, the MIG's cast net and make a pass at a bomber formation, but it is all in practice. They never fire a shot. The MIG's also take care to keep out of the way of Air Force F-86 Sabre jets during their breaking-in period.

By the third month, however, the Soviet student-pilots begin to tangle with American fighters—preferably with slower P-51 Mustangs and F-47 Thunderbolts. As the Russians gain experience, they mix it up with our crack F-86 squadrons.

The result is that the green Russians are shot out of the skies at the rate of 13 to our one. But the survivors become tough, skillful pilots, baptized by fire and able to hold their own against our best.

Note—In contrast, we send only our crack pilots to Korea, give our new pilots no battle training. Reason: that we are so short of F-86's that we cannot risk letting greenhorns fly them in combat.

A lot of schools all over the country are taking advantage of the arrangement whereby the school children of America can broadcast via the Voice of America to school children behind the Iron Curtain. Many newspapers also are cooperating.

In Charleston, W. Va., the G-1 is running a four-week contest among high school children for the best "Messages to Moscow." The winner of each week's contest will be announced weekly, and at the end of the month the final winner will be given a trip to New York to visit the United Nations and broadcast personally over the Voice of America.

The Los Angeles News and the Wichita Eagle are cooperating with California and Kansas schools in running similar contests.

The messages should not be over 150 words, should tell about conditions in American schools, and how the youngsters of this country want peace and resent the artificial barrier to friendship imposed by the Kremlin. Since the youngsters of today will have to carry out the American foreign policy of tomorrow, this is an opportunity for them to help mould that foreign policy now.

For the first time in years, a girl, as first-born, however, was a girl, as all the children in her maternal line of descent have been for five generations. Franco now is convinced that the tradition will continue.

Tired after 13 years as chief of state, therefore, and suffering from diabetes, the man who, with a decisive assist from Hitler and Mussolini, overthrew the Spanish Republic.

He first-born, however, was a girl, as all the children in her maternal line of descent have been for five generations. Franco now is convinced that the tradition will continue.

He first-born, however, was a girl, as all the children in her maternal line of descent have been for five generations. Franco now is convinced that the tradition will continue.

lic now wants to make sure there is no chance of a comeback for democracy.

Foreign Minister Artojo, at 53, is a reliable if uninspired wheeler of the Francoist, Spain's Fascist organization, and the only officially recognized political party in the country. More important still he has been okayed by pro-Franco capitalists and Catholic leaders.

Franco often has told close associates he believes the monarchy should be restored in Spain, but feels that present members of the Bourbon family, ousted from the throne in 1931, all are "weak" and eventually would give way to a new republic.

The generalissimo's one big ambition now is to get his government accepted by the United Nations and, if possible, by NATO. He thinks he can achieve at least the first of these aims within another two years; then he wants to step down triumphantly, perhaps on the 15th anniversary of his entrance into Madrid at the end of the civil war.

Despite the apparently unanimous support for Artojo, actually his choice has stirred undercover jealousy in Falangist ranks, plus serious discontent among monarchists who backed Franco on the assumption that some day he would bring back the royal family.

Following the Massachusetts Medical Association's protest to President Truman against Dr. Walter P. Schreiber, now stationed at Randolph Field with the Air Force, Dr. Schreiber has issued the statement he has a six-month contract with the Air Force, and intends to go back to Germany upon the expiration of the agreement.

He denied that he was guilty of being associated with wartime experiments on human beings in Nazi concentration camps, as charged in evidence before the Nuremberg War Crimes trial.

JACOBY ON BRIDGE

By OSWALD JACOBY

Written for NEA Service
The approach of the team tournament for the Vanderbilt Cup, scheduled to begin late next week in New York, reminds me of a hand played by the cup donor, Harold S. Vanderbilt.

As most bridge players know, Vanderbilt "invented" contract bridge during an ocean voyage in November, 1925, and he has also been one of the outstanding players of the game since that time.

In the hand shown today, played by Vanderbilt some years ago in a tournament played for his own cup, West led the ten of diamonds. An immediate finesse would have been fatal, since East would have taken the ring of diamonds and returned the queen of clubs.

Vanderbilt put up dummy's ace of diamonds, cashed the ace, and king of spades, and entered dummy

with the queen of hearts to lead the jack of spades. East naturally played low, and Vanderbilt discarded his remaining diamond.

West won with the queen of spades and returned his last spade to kill dummy's ten. East ruffed, and Vanderbilt overruffed with the jack. He continued with a low trump to dummy's nine in order to lead the queen of diamonds through East.

East covered with the king of diamonds, and Vanderbilt ruffed with the king of hearts. He could then lead his last low trump to dummy's ten in order to cash the jack of diamonds.

Since this enabled him to discard a club, Vanderbilt lost only two club tricks and the queen of spades and therefore made his contract.

East covered with the king of diamonds, and Vanderbilt ruffed with the king of hearts. He could then lead his last low trump to dummy's ten in order to cash the jack of diamonds.

Since this enabled him to discard a club, Vanderbilt lost only two club tricks and the queen of spades and therefore made his contract.

WASHINGTON COLUMN

Egyptian Uproar Centers On Britain's Base At Ismailia

By PETER EDSON

NEA Washington Correspondent

WASHINGTON—Key to the trouble in Egypt may be found in the huge British military base at Ismailia. It is located on Lake Timsa, about half way between Port Said and Suez, northern and southern terminals of the Suez Canal.

It commonly is referred to as the Canal Zone Base. The British now have some 50,000 troops stationed there.

More than that the base area contains warehouses and repair shops which make it the supply center and staging area for all British forces operating in the Middle and Far Eastern theaters.

If any new war were to break out in this area, the Canal Zone Base at Ismailia would be the most important supply hub and headquarters. It served as such a center in both world wars.

Any Middle Eastern Defense Command created by the Allied non-Communist powers to correspond to General Eisenhower's North Atlantic Treaty command would have to be built around this huge installation which the British maintain.

When the Egyptians stage their demonstrations and start making demands for the British to get off their sacred soil, what they are really shouting about is the military base at Ismailia.

There has been a lot of misunderstanding over what the Egyptian nationalists really wanted. One impression has been that the Egyptians wanted full control of the Suez Canal. The canal really is run by an Egyptian operating company, today.

It is owned by a French company, in which the British government holds 295,000 out of 625,000 shares.

But the charter of this company will expire in 1967, and the canal then will automatically become the property of the Egyptian government.

Defense Of Canal
Britain guaranteed the defense of the Suez Canal for 20 years under the treaty of 1936. This was important to Britain as the canal was its lifeline.

The Egyptians now think they are competent to defend the canal without British help. The fact that Egyptian forces didn't do too well in their war against Israel a couple of years ago conveniently is overlooked.

The Egyptians also think they are competent to take over operation of the huge military repair shops at Ismailia. They now are manned by some 15,000 highly skilled British technicians.

The general belief of competent experts, however, is that the Egyptians are not ready, either militarily or technologically, to assume sole responsibility for the defense of the Suez Canal and the land bridge between Asia and Africa.

From a historical point of view, Egyptian demonstrations against British imperialism have been going on since 1882.

That was when American, British and French naval vessels appeared in Alexandria harbor to restore order. The British invited American and French governments to join in a protectorate over Egypt—then under Turkish domination.

When the Americans and French declined, the British assumed responsibility alone.

Q—In what country is the ancient city of Antioch?

A—Syria. Christians first became known by this name when Antioch was their gathering place.

Q—Is it correct to speak of a woman as a "mistress of ceremonies"?

A—No. Master of ceremonies is correct for a toastmaster of either sex.

DE SOTO FIRE DOME EIGHT—The Mid-West Motor Company is displaying the new 1952 De Soto Fire Dome Eight at the firm's temporary location at 107 North Marienfeld Street. The new car, termed "sensational" by company officials, is said to have America's most revolutionary engine design. The Fire Dome Eight four-door sedan is pictured.

New De Soto Eight Is Displayed By Mid-West Company

The De Soto Fire Dome Eight, powered by the sensational new De Soto 160-horsepower V-8 engine, is being shown to the public this week by the Mid-West Motor Company at its temporary location, 107 North Marienfeld Street. Every important advancement in automotive engineering, including Power Steering, Tip-Toe Shift transmission, with new Fluid Torque Drive, Power Brakes, and electric window lifts, is available on the new eight, company officials said.

A unique functional style note—the new Air-Vent Hood—gives the Fire Dome Eight an appearance that distinguishes it from all other cars. The vent supplies cool, dense air to the carburetor and materially increases the power output of the engine. The electric window lifts on the door windows, special equipment on the new De Soto, provide rapid, quiet, and dependable operation with a minimum of effort. Individual electrical units are installed in each door and operate independently of each other.

The Fire Dome Eight possesses a host of additional features that have made De Soto one of America's finest cars. The new De Soto Fire Dome Eight will appear in five popular body styles—four-door sedan, club coupe, convertible coupe, sportsman hardtop coupe, and all-steel station wagon. De Soto will continue to manufacture the Custom and De Luxe lines with the famous high-compression Powermaster six-cylinder engine. The cars will carry the words "Custom" or "De Luxe" on both front fenders and a bust of De Soto appears above the deck lid ornament. Many of the features possessed by the Fire Dome Eight appear in the six-cylinder models also.

World Pays Final Respect To King

CAIRO, EGYPT—(AP)—Prince Mohammed Ali, representing King Farouk, and Prime Minister Ali Maher Pasha, attended a memorial service for King George VI at the Cathedral of the Church of All Saints Friday.

They and other prominent Egyptians were greeted on their arrival by British Ambassador Sir Ralph Stevenson.

A crowd of several hundred packed the cathedral, which was heavily guarded by police and Egyptian Army detachments. Memorial services also were held in Alexandria and in military garrison churches in the Suez Canal Zone.

cathedrals, Moslem mosques, Jewish synagogues, Buddhist monasteries and Hindu temples.

Fifty-six gun salutes were fired and the city's offices, cinemas, dance halls and amusement parks shut down.

At noon, people all over the country paused for two minutes of silent remembrance, even in the jungles, where British and Malay troops are fighting Red terrorists. All nine local Malay rulers ordered two weeks of court mourning beginning Friday, during which government officials will wear white bands around their caps.

India's Strong Man, Family Offer Prayers

NEW DELHI, INDIA—(AP)—Prime Minister Jawaharlal Nehru Friday knelt in prayer alongside his sister, Mrs. Vijayalakshmi Pandit, and his daughter, Mrs. Indira Gandhi, in the Cathedral of the Church of Redemption at a requiem mass for King George VI.

Those present included many foreign ambassadors, but representatives of Russian, Chinese Communist and other Iron Curtain embassies did not attend.

The government declared a half-holiday Friday afternoon.

AUSTRALIA OBSERVES TWO-MINUTE SILENCE

SYDNEY, AUSTRALIA—(AP)—Australians halted in silence for two minutes at noon Friday in memory of King George VI.

All transport stopped and business ceased. After two minutes, police moved traffic on and city life resumed.

Many men wore black ties and dark suits. Women wore black, white or grey instead of their gay summer clothing.

NEW ZEALAND, TOO

WELLINGTON, NEW ZEALAND—(AP)—For two minutes Friday all activity came to a silent standstill throughout New Zealand in tribute to the memory of King George VI. Telephone service was suspended for two minutes.

PUBLIC NOTICE

Notice is hereby given that City Ordinance provides that no garbage container be larger than 32 gallons in capacity and requires that all garbage containers have a tight fitting lid. Beginning March 1, 1952 non-regulation garbage cans remaining in use will be hauled away. Anyone wishing to retain non-regulation carts are requested to remove them from the point of collection, and discontinue their use as garbage containers. Each household should provide a sufficient number of containers to take care of the garbage on a basis of two (2) collections weekly. It is suggested that garbage can lids be fastened to a stake or rack in order to prevent their loss.

These requirements and suggestions are one method of combatting the sanitary problem in Midland and your full cooperation is earnestly requested.

City of Midland

Truman Asks More Cash From Congress

WASHINGTON—(AP)—President Truman has asked Congress for \$715,238,165 more to finance current operations.

The largest slice of the supplemental appropriation requested by the President Thursday is \$265,500,000 for the Veterans Administration.

It was explained that 160,000 more trainees registered under the "GI Bill" benefit program than were anticipated. Also needing financing are insurance for Korean casualties, automobiles voted for disabled veterans by the last Congress, and veterans compensation and pension payments.

Other sums are needed for the Post Office Department (\$189,238,000) to cover increased cost of railroad transportation under an ICC order last November; Treasury (\$26,640,000) to cover salary increases and enforcement of the new gambling law; Commerce (\$77,416,170) for federal aid to highways; Housing and Finance Agency (\$48,875,000) mostly for defense housing.

St. Andrews States Congregational Meet

A congregational meeting will be held following the 11 a.m. worship service Sunday at the St. Andrews Presbyterian Church, the Rev. L. O. Waterstreet, pastor, announced Friday.

A budget for 1953-54 will be submitted for adoption, and a deacon will be elected, Mr. Waterstreet said. The congregation is meeting presently in the auditorium of the David Crockett Elementary School, pending completion of a new church plant.

William and Mary College was founded in 1693.

Pioneer Reagan Ranchman Dies

BIG LAKE—J. R. Pettit, sr., pioneer Reagan County ranchman, died Thursday in a San Angelo hospital.

Funeral services have been set at 2 p.m. Saturday in the First Methodist Church in Big Lake. The Rev. A. S. Neely, pastor, is to officiate. Interment will be in Stiles Cemetery.

Survivors include the widow; two sons, J. B., Jr., of Rankin and Janson Pettit of Big Lake, and a sister, Mrs. Maude Frasier of Rankin.

It looks like a "POWER YEAR"

New Horsepower—new Brake Power—and new Power Steering blossom on Buick's ROADMASTER for 1952

MAYBE you've heard—horsepower has hit a new high on the ROADMASTER. Brake power has done the same.

But today, we'd like to concentrate on the third member of the power trio—Buick's own version of Power Steering, available on ROADMASTERS at a moderate extra cost.

What is this Power Steering like? It's something like a helping hand, something like a "hydraulic slave"—that relieves you of all steering strain, but lets you keep command.

What we mean is this:

Power Steering is handled by a special hydraulic unit—and engineers can design this unit to take over any amount of steering effort—even to a point where the wheel seems to float in your hand.

But in that case, you'd surrender all control to that hydraulic unit—get no steering "feel" from the wheel.

Now suppose you're telling two agile tons of automobile what to do in traffic. We think you'd like to have it know that you're in command.

And—out on the straightaway—we believe that a part of the joy you get from owning a Buick is the sensation of having something alive and eagerly willing beneath your hands.

So we're glad to announce that Buick engineers didn't spoil this thrill. They've kept the fun of driving, and simply eased the effort.

When you're rolling along smooth and straight, it takes almost no effort to keep any Buick on course. It almost steers itself, as every Buick owner knows.

But—when you want to get away from a curb

—back into a parking spot—make a turn—Buick's Power Steering comes into action, saves four-fifths of the effort required with ordinary steering. Power Steering does the extra work.

And—in case you wonder what happens if Power Steering gets out of kilter, the answer is *nothing*. Your Buick steers just as it always has.

That's why we've been saying, "This is Power Steering as it ought to be."

Come in. Try it out. We think you'll agree.

(Equipment, accessories, trim and models are subject to change without notice.)

Sure is true for '52

When better automobiles are built

DADDY RINGTAIL

Daddy Ringtail And King in Hot Water

Old King Winter had sat on his throne all winter long in the Great Forest. But at last came the Spring to the trees and hills, and all the air was warm except near

the throne of ice where King Winter sat.

King Winter was about to stand and go back to the North Pole; but Mugwump Monkey, the monkey boy, had come to say goodbye. "Happy-going-back - home-to-the-North-Pole," said Mugwump.

"Happy-staying - here-in - the-Great-Forest-for-you," Mugwump, King Winter answered. He explained how the warm days had come and even his throne of ice would melt, when once he had gone. Everything of course stays cold up close where King Winter is.

At last, after much talk with Mugwump, the old gentleman tried to stand up, but he couldn't. His pants were frozen fast to the ice where he sat. "Help!" cried the King in a frightened voice.

"Don't worry," said Mugwump, "the ice will melt when Summer comes, and you won't have to wait

but three months."

"No," said the King, "this ice won't melt when Summer comes. Up close to me, the ice never melts."

"Help!" said Mugwump. "Save the King!"

And this was a very terrible problem, as you can plainly see. What if you were frozen fast by the seat

of your pants to the throne of ice where you sat?

Mugwump ran home for a bucket of hot water to pour on the ice and melt it. "Don't worry," said Mugwump, "this hot water will melt the ice where you sit." Mugwump poured.

"Help!" cried the King, because the water was very hot.

"Don't stop," said the King, and so Mugwump poured some more, and "Help!" cried the King again. It wouldn't work. The water burned the King too much before it melted the ice.

But Mugwump pulled on the King's hands, and the King tried hard, and up he stood at last with the noise of "r-r-rip!" where his pants tore as he pulled loose. The King has gone back home now.

Little Tommie Yates Has Everything Except Health, Real Mother And Dad

DALLAS — (P) — Little Tommie Yates missed Christmas because he had been beaten unconscious the night before, but this Valentine Day he was up in a wheelchair urging "Go-go."

Those are the only distinguishable words amid the jabber of the happy little four-year-old in Baylor Hospital.

But that's progress. When the battered and bruised, semi-conscious child was brought from Vernon last December 27, all he did was lie flat on his back, staring at the hospital ceiling and saying nothing.

He's a two-gun cowboy now. He was up in a wheelchair Friday, dressed in blue jeans, a red and yellow cowboy shirt and red house shoes. He had two posters of toy six-shooters in his hip.

Tommie has everything a four-year-old would want now, except perhaps a real mother and dad beside him.

The doctors, nurses, attendants and officials at Baylor Hospital and people all over the Nation are helping fill that gap.

When the story went out several weeks ago that Tommie had plenty of toys and needed only clothes now, it was only two days before the packages started pouring in.

"Just Plain Wonderful" "It is just plain wonderful," was the way the floor nurse on Tommie's floor, Mrs. Pauline Kyles, put it.

She opened drawers and closets in Tommie's room to show eight pairs of blue jeans, three dress suits (one with a white shirt with french cuffs and cuff links), a dozen T-shirts, a dozen cotton shirts, some corduroy shirts and pants, socks and underwear.

All these had been sent by persons who wanted to help, from all over the nation.

"These will be enough to last him for a year or so or until he outgrows them," the nurse remarked.

Kermit Stallion Named Champion

EL PASO — "Beau Mac," shown by R. J. Bauer of Kermit, Thursday was judged the champion Palomino stallion of the 1952 Palomino division of the 1952 Southwestern Livestock Show.

Bill Ballard of Odessa exhibited the reserve champion stallion in "Golden Chosen." The horse had won first in the class of stallions folded in or before 1948.

Evening Lions Hold Ladies Night, Dance

Thirty-eight members of the Evening Lions Club and their wives attended the annual Ladies Night event of the club Thursday in Mrs. Atwood's Dining Room.

John Graue was the speaker and piano music was played by Mrs. W. H. Solomon.

A dance, sponsored by the Evening Lions, was held at the Legion Hall after the dinner. E. D. Fitzgerald's band furnished the music. Approximately 100 persons were present for the dance.

New Highway 80 By-Pass Opened At Colorado City

COLORADO CITY — The bridge on U. S. Highway 80 spanning the Colorado River at the west edge of Colorado City was closed Thursday and traffic was diverted to a newly-completed by-pass to Highway 101.

The old bridge, erected in 1922, is to be used to make way for a four-lane structure 60 feet wide, with sidewalks and four-foot central divider. It will be 392 feet long and will have no super-structure.

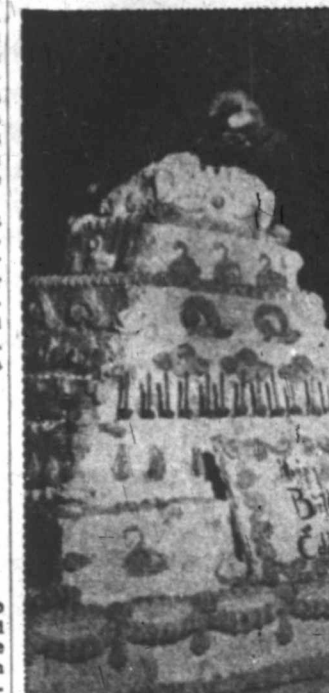

The by-pass intersects Highway 80 about 100 yards west of the Col-Tex Refinery and connects with Highway 101 at the south edge of Colorado City.

Quarter Horse Men Reelect Officers

COLLEGE STATION — (P) — All officers were reelected Thursday at the annual meeting of the American Quarter Horse Association.

The association reelected R. E. Hooper, Mainview, president.

Other officers are George Wiswall, Merced, Calif., first vice president; Munna Moore, Dewey, Okla., second vice president; Raymond Hollingsworth, Amarillo, secretary, and Ralph Morrison, Amarillo, treasurer.

THIS CAKE WAS LOADED—Eddie Cantor cuts into the 150-pound, six-tiered cake that was a feature of the \$2,600,000 party honoring the comedian on his sixtieth birthday. More than 1700 persons each bought \$1000 worth of more of State of Israel bonds to attend the Cantor party at a New York hotel.

Murder Suspect's Death Declared Due To Natural Causes

KINGSVILLE — (P) — Death of a former-Coriscana man in the sheriff's office Wednesday was due to natural causes, Justice of the Peace Tom Simmons said.

John L. Powers, 68, died in the sheriff's office of the jail, where he was held after leading officers to a \$2,760 cache hidden in his junk-filled trailer home.

Testimony revealed Powers had been given treatment for a heart condition late Wednesday. He collapsed in his cell after showing officers the money.

He had been arrested after Frank Zapata, 45, was shot fatally and Lawrence Freeman, 50, injured critically at a trailer park.

Midlanders Hurt When Car Overturns

Three Midland men were injured at midnight Thursday when the car in which they were riding overturned after hitting loose gravel on the Rankin Highway, 15 miles south of Midland.

Treated in Midland Memorial Hospital were Alfred A. Hightower, 18, Billy Howard, 20, and Andrew Lord, 18, all of 805 North Baird Street.

Hightower received lacerations of the face, nose, left chest and knee while Lord received lacerations of the scalp and abrasions of the left knee. Howard was treated for minor lacerations.

G's ARE HEALTHIER TOKYO — (P) — Disease among American troops in Korea is 20 per cent lower than during the occupation after World War II, general headquarters said Friday.

Motive for Murder?

Sally Cravat, niece of a wealthy stockbroker whose life has been threatened, is a central figure in a sinister murder mystery involving intrigue, dishonesty and jealousy. A private detective, who poses as a playboy friend of Sally's, solves the case by playing a deadly game. Read the story

THE PEACOCK PATH By Edwin Rutt Starts Monday in The Reporter-Telegram

Texan Declares Tobin's Wetback Speech Political

By The Associated Press

A dark-eyed California seniorita, the secretary of Labor and a Rio Grande Valley farmer were in the spotlight Friday in the continuing controversy over American wetbacks.

Wetbacks are those aliens who slip across the Rio Grande. Their number is legion.

Valley farmer Jim Griffin of Mission Thursday charged Secretary of Labor Tobin with making a political speech in Fort Worth. Appearing before Tobin in a face-to-face rebuttal of an earlier service club speech, the secretary had made, Griffin said:

"You have reprimanded the Rio Grande Valley very seriously for standing in the way of remedying the wetback situation, and certainly exhibited no appreciation for the efforts we in the valley put out in the last few months to try to get rid of the 'wetback' situation."

In Washington, a young California woman told a Senate Labor subcommittee importation of farm laborers from Mexico forces down wages and causes unemployment among U. S. citizens of Latin American blood.

Little Distinction Juanita Garcia made little distinction between the wetback and contract laborers. "The wetbacks and nationals from Mexico have the whole Imperial Valley," she said.

"In the Imperial Valley," she said in broken English, "we have a hard time. Many days, we don't work. Some days we have one hour."

Wetbacks, she said, "take any wages" offered them, and as a result local workers around Brawley, Calif., last year sometimes were paid only \$5 a week.

"My only reaction to Mr. Tobin's talk," said Jim Griffin at Fort Worth, "is that he made a political speech x x x to keep the administration in power, and had no concern with a workable agricultural labor program."

Tobin had labelled living conditions of some migratory workers as a "national disgrace." He called an open border an invitation to Communist spies.

Griffin said farmers had little against the U. S. negotiating contracts with Mexico for Mexican workers. But he added that it has "too much red tape in its administration."

And he added: "Last year we raised 600,000 bales of cotton in the valley and it had to be picked in six weeks. This resulted in a terrific labor problem. Valley farmers had two alternatives:

"Let it rot or hustle up some wetbacks."

THE MIDLAND REPORTER-TELEGRAM, FRIDAY, FEBRUARY 15, 1952-7

Presbyterian Men Hear Schreiner Institute President

Men's work in the field of Christian education is the most effective thing being done in the United States today for world peace, Andrew Edington, president of Schreiner Institute, Kerrville, told a large gathering of First Presbyterian Men of Midland and their guests at a dinner-meeting held Thursday night in the church's Fellowship Hall.

The guest speaker, who was introduced by Bill Collins, spoke on the subject of "Christian Turtles."

Defending the "Christian Turtle," Edington said, "We Christians know we have a good thing, but we just haven't got time to push it."

"We 'Christian Turtles' travel slowly, but we know where we are going; we have a proven model, something to go by in the Christ; and we know we are going to win. Imitating the model is the challenge we face."

"Doesn't Look So Bad" The Christian movement, although slow, is having its effect in the world today, and as a result the world doesn't look so bad to me."

Edwin T. Stitt, president of the organization, announced that officers for 1952-53 will be elected at the March meeting. He named Sol Bunnell and Al Vineyard as chairman of nominating committees.

W. H. Crenshaw reported on the recent men's rally held in Lubbock, and L. A. Roby and Ernest Sidwell spoke briefly concerning the re-organized Men's Bible Class. Raymond Lynch announced the every-member canvass to be held next month.

Parents, Children Die In Tenement Fire

SOMERVILLE, MASS. — (P) — A family of four—the parents and two children they apparently tried to save—died Thursday night in a fire that damaged four tenement buildings.

The body of Anthony Carcarro, 52, was found with that of his daughter, Jeanette, two and one-half, clutched in his arms.

Mrs. Eva Carcarro, 35, was found dead near the body of a son, Richard, five.

Professor Resigns As Probe Of Ties With Swindler Held

AUSTIN—(P)—Prof. Arthur H. Deen, chairman of the University of Texas geology department, has resigned while the district attorney's office was investigating his relationship with a man convicted of embezzling.

President T. S. Painter said no reason for the resignation was given. He said, "No comment," when asked if Deen had been requested to quit.

Deen, who had a reputation of being one of the most entertaining lecturers on the campus, had been a geology faculty member since 1919. He could not be reached for comment.

District Attorney Bob Long said his office had been making a thorough investigation of Deen's relationship with Richard Pierce Morgan, 24.

Morgan was sentenced to four years in prison Tuesday after pleading guilty to embezzling \$3,500 from the University Co-Op, a school supplies store.

Police said Morgan told them he stayed with Deen when he arrived in Austin from California, his former home.

Final Rites—

(Continued From Page One)

in the floor, and the oak coffin was lowered slowly to the side of the body of the king's brother, the first Duke of Kent, killed in a wartime air crash.

Representatives of nations around the globe joined royalty, nobles and lords in the funeral. There was the duke of Windsor, who was a king himself when he laid George VI to rest here 16 years ago. There were Winston Churchill, the servant of four sovereigns; there were seven sovereigns from other countries, Secretary of State Acheson, representing President Truman; and the ambassador of the Soviet Union. There, also, was Gen. Dwight D. Eisenhower, who led Britons as well as Americans against the Nazis while George VI stood unflinchingly beside his people in this island Hitler coveted. And by the turn of time, the dignitaries invited to the funeral included the chancellor of a new Germany.

The king died February 6 of coronary thrombosis. Elizabeth II, in East Africa on a royal tour, hurried home to receive the homage of her subjects as Britain's first queen since Queen Victoria's death 51 years ago.

New Mexico Snow Beckons Midlanders

Did Friday's snow bring thoughts of skiing?

The Navajo Lodge of Ruidoso, New Mexico, thought Midlanders might be interested.

Marshall Mason, geologist for Union Oil Company of California, received a telegram from the lodge which advised "plenty of snow for skiing." The lodge is 80 miles west of Roswell.

MORE AVALANCHES

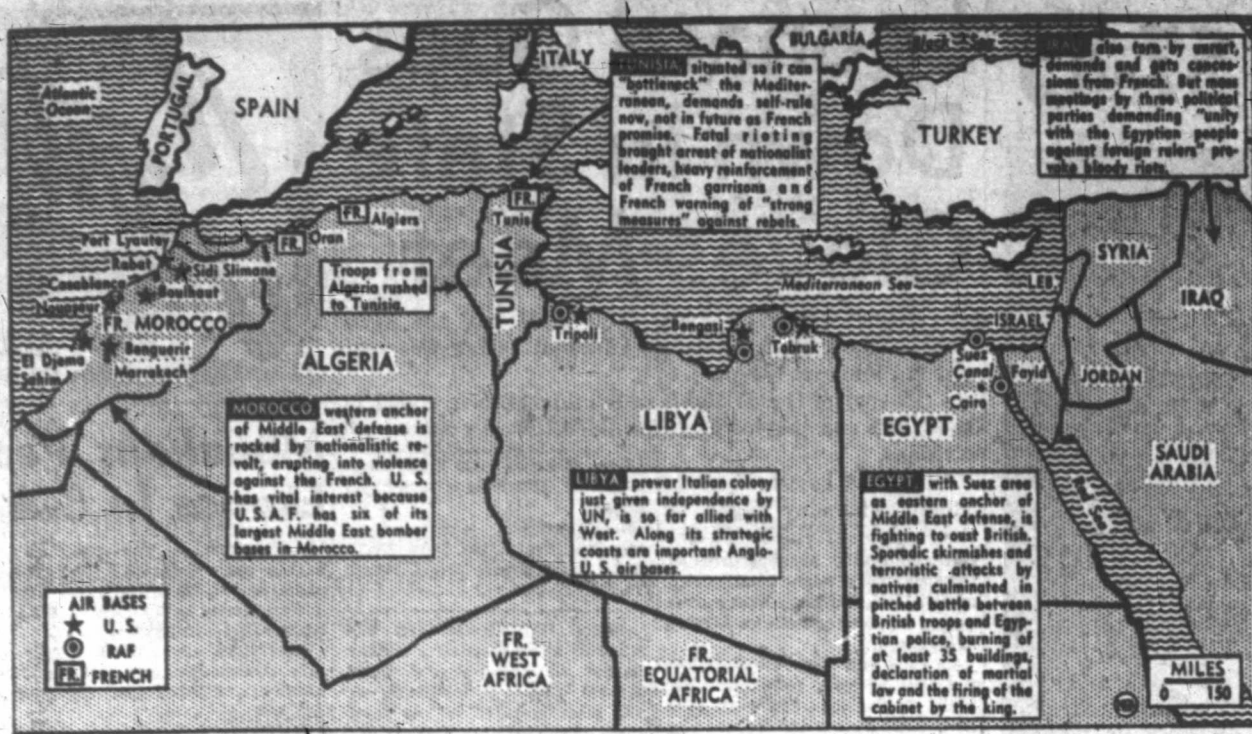

VIENNA—(P)—New snowfalls and avalanches cut road and rail communications in Austria Friday, leaving hundreds of villages isolated.

WHY MIDDLE EAST NATIONALISM IS OUR CONCERN—Expressed willingness of Egypt's new premier to discuss with the U. S., Britain, France and Turkey participation of Egypt in the proposed Middle East Defense Command was the first bright ray to pierce an ever-darkening cloud over the vital Mediterranean area. Map above shows strategic situation of colonies and protectorates where upsurging nationalism threatens the stability of local governments. Also shown are the more important Allied air bases, from which, in the event of all-out war, Russia and its European satellites could be bombed. Egypt's earlier rejection of Middle East alliance was a severe blow to the West.

Canvasser Declares Texaco Vote Short Of Strike Majority

BEAUMONT—(P)—Alex L. Pellerin, appointed by Oil Workers International Union Local 228 in Port Neches to canvass strike ballots, said Thursday night he had discovered a strike vote taken last Monday did not carry by a required majority.

Pellerin announced earlier in the week the strike vote by members of the union employed at the Texas Company asphalt plant at Port Neches had carried.

L. L. Crane, secretary of the OIUW local, said he will release a statement on the situation later. He told a reporter he did not want to "go off half-cocked, making it impossible to give a statement without study."

Pellerin said he had been told by District Four leaders that a 51 per cent majority was needed when he first said the strike vote carried. He said he later received an official OIUW publication, which stated that at least 75 per cent of union members must favor a strike for the vote to carry.

Friday Pellerin said, "I must retract my statement and say the election did not carry. I am bound to secrecy as to the percentage of votes, but I also am bound to tell the truth as to whether it carried or no."

Fired PMA Official Declares Discharge Political Whitewash

DENVER—(P)—A former official in the Dallas office of the Production & Marketing Administration says he was fired to furnish a political "whitewash" for the Agriculture Department.

Harry J. Solomon, former assistant director of PMA in Dallas, told the Rocky Mountain News he was fired by Secretary of Agriculture Brannan to take congressional heat off the department.

He said his discharge came despite his leading investigations into seven warehouse shortages in the Dallas region and one in Colorado. He added he and Latham White, former regional PMA director in Dallas, were fired for accepting small gifts when other agriculture officials received the same presents.

Solomon is in Denver to testify before a federal grand jury probing shortages of government-owned gains in private warehouses.

He said he was telling his story because of the law of self-preservation.

"I know it won't do much good to tell my story," he said. "People will just say, 'Oh, he's just another disgruntled government employee.'"

Big Plant Soon To Break Greatest Aircraft Jam

Lots of parts: Ford's Maynard T. Murray and the Air Force's Lt. Col. Robert J. Murphy inspect some of the parts for the Wasp Major aircraft engine Ford will soon build in Chicago.

Chicago, Ill.—(NEA)—The biggest manufacturing plant in America is soon going to be mass producing the biggest piston aircraft engine ever made.

When it does it will be linking one of the biggest bottlenecks in the aircraft industry.

During World War II it was the Dodge Chicago plant, and its 6,400,000 square feet of manufacturing floor space were used to turn out 2,000 aircraft engines per month.

This time the Air Force has given the Ford Motor Co. more than one-half billion dollars worth of contracts to build in it the huge Pratt and Whitney Wasp Major for the B-36 bomber and the giant cargo planes, the C-124 and C-97. Number of engines to be built is a secret.

It was only slightly more than a year ago that Ford people first set foot in the plant. It was in dire need of painting and rehabilitation and contained the sad remains of Preston Tucker's aborted effort to crash the motor car field, plus a huge stock of dusty World War II machine tools, also in need of paint and repair.

Producing Parts
Today the giant plant is slicked up and bustling with more than 8,000 employees, 60 per cent of whom are already working on the actual production of parts for the giant engine and parts of engines for other Air Force contractors. The other 40 per cent are still laboring on the staggering job of tooling up the plant for the big swing into mass production.

According to Maynard T. Murray, the soft-spoken, genial boss of the operation, the first final assembly line should begin turning out Wasp Major engines in the time set by the Air Force when the contract was signed.

This accomplishment, according to top defense production officials in Washington, represents one of the better efforts of Uncle Sam's guns and butter program. Resourcefulness and ingenuity, they say, were used to lick the machine tool, material and manpower shortages. Machine tools have been the big headache. Approximately 6,000 separate ones are needed for full final production. About half that number were put into usable shape from the reserve of old ones found in the plant when Ford arrived.

Out of about 2,500 which had to be ordered new, only about 350 had been delivered at the first of the year. Murray estimates that he is 400 machine tools short in the first pilot production line. Yet he sticks by his early Spring production date as a result of ingenious substitutions.

A big machine which drills scores of precision holes in the engine's crank case in one operation is being replaced, until the big new one is delivered, by machines which drill one hole at a time. It's slower and more costly the improvised way. But it will put engines on B-36s.

The huge, extremely complicated machine which cuts down the precision crank shaft hasn't arrived. Yet Murray is turning out crank shafts by doing the cutting with a grinding machine, which normally would have been used only to do the last polishing job on the shaft.

Those are just two typical examples of a series of such innovations in industrial engineering which have resulted in the plant being ready on time for mass production of a critical item.

The plant now contains a large fraction of all the heavy forging machines in the country and a good share of all the very heavy drop hammers to turn out the complicated aluminum and magnesium parts of the Wasp Major. Ford will make 227 parts in the Chicago plant and the 2,000 needed in the engine, with the rest being subcontracted to independent suppliers and other Ford plants.

Like most other plants which have been under heavy pressure to get into production, it has had to lick its manpower bottlenecks with elaborate training programs. Only a handful of key Ford people have built up the present large working force through the training of everyone from welders to foremen.

Murray expresses the sentiment shared by most other defense plant executives, that having to compete with civilian production has not held up the plant's readiness. He estimates the plant will be in maximum production about the middle of 1953, and at that time will have additional stand-by facilities in case of an all-out mobilization. That is, of course, if all-out mobilization isn't needed before then.

The "smoke" that rises from an erupting volcano usually is not smoke, but steam.

House Crime Panel Opens Investigation Of Waco Conditions

AUSTIN—(P)—Fifteen witnesses, including one woman, appeared before the House Crime Investigating Committee Friday to open a two-day hearing into Waco and McLennan County crime conditions.

First witness called to testify was Waco Justice of the Peace Hiram Station.

Another 25 witnesses have been subpoenaed.

None of those answering the opening roll call were represented by attorneys, although Committee Chairman Fred Meredith, Terrell, advised them of their right to do so.

Meredith ordered the hearings closed to the public and press immediately following the roll call. He said the hearing is similar in nature of grand jury proceedings and the committee wished to determine in private what testimony witnesses may be able to offer. He indicated some of the witnesses may be called later in a public hearing if testimony warrants.

All five members of the committee were present. Also present on invitation was Texas Department of Public Safety Director Homer Garrison, Jr.

There are 40 miles of bicycle paths in Chicago.

Another 25 witnesses have been subpoenaed.

None of those answering the opening roll call were represented by attorneys, although Committee Chairman Fred Meredith, Terrell, advised them of their right to do so.

Meredith ordered the hearings closed to the public and press immediately following the roll call. He said the hearing is similar in nature of grand jury proceedings and the committee wished to determine in private what testimony witnesses may be able to offer. Army Announces Release Plans For Enlisted Reserves

WASHINGTON—(P)—The Army Friday announced enlisted members of the Organized Reserves now on active duty involuntarily will be released after 20 to 24 months of duty.

The release program will begin next month and will cover all enlisted reservists except those serving in National Guard anti-aircraft units.

The Army said plans are to release all guard anti-aircraft battalions from federal service as units, beginning in April. This program is to be completed by May, 1953. Regular anti-aircraft battalions will be formed to take the place of each National Guard unit as it is released.

Capitol Hill Cool To 'Power' Request

WASHINGTON—(P)—President Truman's request Thursday for far-reaching investigation powers for Newbold Morris, his government cleanup prosecutor, Friday faced prospects of rough going on Capitol Hill.

Key lawmakers were quick to term it "unprecedented" and "a complete departure from established practice."

House Committee Praises McDonald

WASHINGTON—(P)—A house committee investigating the Securities and Exchange Commission Friday reported it has "no credible evidence reflecting adversely upon the honesty and integrity of" SEC Chairman Harry A. McDonald.

McDonald has been nominated as administrator of the Reconstruction Finance Corporation but the Senate Banking Committee has refused to act on the appointment while the House inquiry is under way.

The House group, a subcommittee, made its report on McDonald to Chairman Maybank (D-SO) of the Senate committee.

City Council—

(Continued From Page One)

there with inexperienced pilots.

"No, I do not," answered Green. "They have looked over the field and are certain there is little hazard. The T-28 type trainer does not require as much room as some of the two-engine planes using the field now."

Captain Kaufman pointed out that the need for the Midland field is "critical" and cited the recent death in combat of Maj. George Davis of Lubbock.

"He was due to come home," said Captain Kaufman, "but he couldn't because there was no replacement. The movement of replacements depends on this training program. The movement can stop right there at Big Spring."

"The only loser will be those boys in Korea."

Green said Air Force officers had reported to him they "had felt the pulse" of some of Midland residents and found there "are some who think the city should turn the field over to the Air Force."

Councilmen said they had had just the opposite reaction from Midland citizens.

After a short discussion, the council formally voted to maintain its stand opposing the military use of the field.

BUSINESS TELEPHONES HELP MAKE YOUR HOME TELEPHONE WORTH MORE THAN IT COSTS

"YOUR PRESCRIPTION, MA'AM." How much easier and quicker it is to let a simple telephone call do shopping for you. Think of the time and steps to be saved by being within telephone reach of practically every business in your community. You can place orders by telephone... make appointments... make reservations... make inquiries. And the Yellow Pages of the telephone directory are a storehouse of valuable shopping information.

MANY A MERCHANT rings up extra sales that couldn't possibly come to him without the help of the telephone. Today's businessman employs telephone service as a right-hand man—a dependable, hard-working partner that ties together all his business affairs. No other means of communication comes close to delivering the speed and accuracy he needs for a profitable business operation—at anywhere near the low cost of telephone service.

IN THE PAST TEN YEARS, the busiest we've ever known, the number of telephones in service has doubled. And as we add new residence and business telephones, your service grows in value. You can call more people, more people can call you. At the same time, telephone rates are up far less than our costs of providing this expanded service. So... your "up-in-value" telephone service today is the best buy it has ever been.

Every "Hello" is a good buy

66'ers Whip Artesia REA Five, 57-45 Phillips Breaks Away In Last Half For Win Margin

By LARRY KING
Reporter-Telegram Sports Editor

Gigantic, ponderous Phillips 66 of Bartlesville, Okla., defeated scrappy Artesia, N. M., REA here Thursday night in the MHS gym before a capacity crowd, breaking away in the last half for a 57 to 45 victory.

The 66'ers put their spurt on in the final portion of the tilt, after being behind most of the first half.

They did, however, manage to take a 22 to 21 lead at halftime, and were in command the rest of the way except for a brief moment in the early third-quarter when the REA Travelers took a 28 to 24 advantage.

But this lofty position was but briefly enjoyed by the losers, who saw the aroused Phillips boys pour 12 straight points through the net and take a commanding lead.

Both teams were as cold as polar-bear soup in the initial stanza, six minutes going by before Claude Houchin of Phillips hit after the field goal of the game. At this point, REA was ahead, 5-2, by virtue of its accuracy at the free-throw line.

Des Nutt, ex-Artlesene Christian star, waxed hot late in the first quarter, sinking in two long set shots to give his team an 11-5 lead over the 66'ers at the end of this frame.

Nutt led his team's scoring for the night with 10 points, and put on a marvelous exhibition of ball handling. For the large but slow-moving Phillips five, seven-pointed Bob Kurland, Oklahoma A&M, poured in 11 points through while Houchin, from Kansas U., got 10.

Gathering steam from their first-quarter lead, the Travelers used buckets by Nutt and Don Heathington, Baylor, to take a lead of 17-18 in the second quarter, biggest advantage of the night for the losers.

But Houchin dunked in two buckets and Kurland three in the second quarter to allow the Phillips team to take its 22-21 advantage shortly before the intermission.

Then came the short-lived lead by Artesia, followed by Phillips' 12-point scoring burst. That erased all doubts as to the eventual winner, Phillips once leading by 29 points before calling off the goons.

Midland's Rotary Engineering Company turned back Bill Hale's Odessa Lincoln-Mercury five in the opening contest of the night, 53 to 46.

Tall Bennie Rutherford scored 14 points for the winners; Don Grove 11 and J. B. Collins 10.

Winston Churchill scored 11 for the Odessa five.

Rotary led 18-15 at the quarter and 33-27 at halftime. It was 45-37, Rotary, at the end of three.

Apparently, Phillips 66 wants Midland to be a regular stop on its annual tour of the country.

Coach Cab Renick of the 66'ers said here Thursday night: "This is the second year we've played in Midland, and we like the way we are treated here. We hope to be able to play here every year from now on."

Speculation is that the 66'ers want to line up a game in Odessa next season. If this is arranged, they can play here one night, rest here the next day and move on to Broncho City for the joust in Odessa's fine gym.

We had some fine egg foo yong at the Blue Star Inn after the game, courtesy of the Frank Phillips Men's Club here. Too, we had a lot of interesting conversation with the Phillips squad members.

Gerald Tucker, now a Midlander but once a 66'er, provided entertainment for the evening by singing "She's Funny That Way," and surprised by being pretty darn good.

We later found out Tucker used to sing the National Anthem just before the games when on the road with Phillips.

Fight comebacks never seem to be very successful.

Witness the case of Irish Jimmy Cull, once the eighth-ranked world title contender for the middleweight crown.

Cull tried to come back against Pete Gil, Texas' middleweight champ Thursday night, and hit the canvas twice before getting belted out in the third round.

Here we—and many other so-called sports writers—have been singing the praises of Rocky Marciano, and we find a story on the AP wire, authored by Gayle Talbot, which says, in effect, that Marciano is a fraud.

The AP writer says Marciano has received a carefully-planned buildup that has been topped off by that of Primo Carnera.

Maybe so, but we'd like to climb into the squared circle with young Mr. Marciano, who still to our mind is much of a fighter.

DOTS AND DASHES: That balding, stocky number 44 who played for the Bill Hale Motors basketball team here Thursday night was Kenny Peacock, Longhorn League outfielder.

Bob Adams, our fellow-worker, had some "old time" talking to do with Loy Doty, Phillips cager. They were freshmen at Wyoming U. together. Correction department: It was NOT Harold (Spot) Collins who coached the 1945 Cigo team which defeated Midland 19 to 9 (as we stated Thursday) but Harold Fischer.

The two "Harolds" the fact they both played at Texas U. and a faulty memory confused us. Basketball here, with Midland playing Sweetwater. Rotary vs. Phillips Saturday night. And that's good caging. End of The Row for now!

RECOVERY SATISFACTORY
Mrs. P. V. Thomson, wife of the Boy Scout executive in Midland, was reported recovering satisfactorily Friday from major surgery at the Midland Memorial Hospital. The Thomsons reside at 707 West Storey Street.

RED NEWSMEN BANNED
CAIRO, EGYPT.—(P)—The Egyptian Interior Ministry has refused to renew visas for correspondents of the Soviet Tass News Agency and Moscow's official Communist Party paper, Pravda.

MEDICAL PATIENT
Aina Marmolija, 508 North Tyler Street, Thursday was admitted to Midland Memorial Hospital as a medical patient.

ADMITTED TO HOSPITAL
Mrs. Nell Thompson, 419 West Watson Street, Thursday was admitted to Midland Memorial Hospital as a medical patient.

BIG LOAD—Ralph Branca gets some help from his wife, Ann, as he packs to depart for Vero Beach, Fla., and the Dodgers' Spring training camp. The big right-hander, a 13-game winner last year, is being counted on to shoulder much of the load caused by Don Newcombe's call to service. (NEA)

Bulldogs, Mustangs Meet Here; City Meet To Resume

Midland High School's Bulldogs wind up their 1951-52 home season Friday night, meeting the invading Sweetwater Mustangs here in a District 1-AAA ball game.

Coach Red Rutledge's team—which has won eight, lost 12 this season—lost to Sweetwater earlier in the year, 41 to 33.

The Bulldogs close out their current season Saturday night, going to Vernon for the final game of the year. Midland has defeated Vernon once by a 42 to 34 score.

Rutledge Friday said his boys really would "knuckle down" in an effort to cop the last home tilt.

A B team game is scheduled for 6:30 p.m. against Sweetwater.

Those star-spangled city cage

outfits—Rotary Engineering Company and Phillips Petroleum Company—meet here Saturday night in the first game of a best two-of-three series for the city championship.

For third place, Borden's starts a similar series at 7:30 p.m. Saturday with Western Plastic, in the John M. Cowden Gym. Immediately after the Borden's Plastic game, the Rotary and Phillips outfits meet.

The teams ended even in two games in regular-season play, the score being 33-37 for Phillips the first time and 49-46 Rotary in a second battle.

Monday night, the same teams play again, and also Wednesday if the series is forced to the limit.

Americans 'Way Back In Olympic Race

NOREFJELL, NOWAY—(P)—First gold-medal winner of the Winter games, formally opened today at Oslo's Bislett Stadium, Erikson won by 1.9 seconds over Austria's Christian Pravda, who was timed in 2:26.9.

All of the standings were subject to official confirmation.

Another Austrian, Tony Spies, the pre-race favorite, took third place in the field of 85 from 29 countries, with a 2:28.8 clocking. A third Austrian, Eggon Schopf, tied with Italy's Zeno Colo, 1950 world giant slalom and downhill champion, in 2:29.1, for fourth and fifth places.

Brooks Dodge, 22, from Gorham, N. H., was the only American to finish among the leaders. He tied for seventh with Stig Sollander of Sweden, each in 2:32.6.

Repeat Performance In Foursome Tourney
PALM BEACH.—(P)—Last year's championship match will be played all over again Friday in the finals of the annual Mixed Foursomes Golf Tournament at the Everglades Club.

Polly Riley, Fort Worth, and J. Wolcott Brown, Manassquan, N. J., will meet Bee McWane, Birmingham, Ala., and Bob Sweeney, Palm Beach, in the 18-hole final.

Last year, the same teams advanced to the championship round and the McWane-Sweeney combination took a close 1-1 decision.

Leonard Goes Down In State Gloves Meet

FORT WORTH—(P)—You could call the State Golden Gloves Tournament a "knockout" affair this year and not blush at the pun.

Twenty of the 47 fights in two nights have ended in knockouts and they've been sprinkled liberally among all divisions.

Nine more kayos were registered Thursday night as the heavier fighters unlimbered in savage fashion—three of the four middleweight bouts ending in kayos, as did all four light heavyweight matches and one of the two heavyweight.

El Paso and San Antonio share the lead in team points with six each. El Paso has won every fight its battlers have entered.

Blood and savagery marked the second night and 4,196 fans watched one of the quickest when Bruce Price, 170-pound light heavyweight from Odessa, kayod Frank Cutts, 169, Waco, in just 40 seconds of the first round.

Price, unopposed in his regional tournament, smothered Cutts with a two-fisted attack, laid him helplessly on the ropes with a hard left, then chopped him into unconsciousness with a terrific right.

'Bilbo's Waterloo' Wins
Two defending champions won easily—Middleweight Eugene Cooper, 161, Amarillo, with his second first round knockout and Featherweight Raymond Riojas, 126, Fort Worth, on a decision.

Cooper knocked out Don Parks, 157, Houston, at 1:55 of the first round. Riojas knocked Horace Hooper, 126, Dallas.

Two other light heavyweight kayos came in the first round. Raymond Phillips, 167, El Paso, downed Dick Murray, 170, Amarillo, in 1:47 and Kenneth Womack, 176, Austin, smashed Joe Lay, 165, Houston, at 1:25.

James Hoff, 190, Dallas, won his heavyweight bout with a TKO at 54 seconds of the second round over Wesley McDonald, 200, Fort Worth.

Middleweight knockouts besides that of Cooper went to John McCord, 154, Austin, 1950 state TAAFL light heavyweight champion, and Roy Harris, 160, Brownwood.

McCord kayod Lacy Boles, 156, Abilene, at 1:18 of the second and Harris got a third round TKO.

Arthur Gugliemelli, 126, San Antonio, got the only knockout in the featherweight class and Ray Thornton, 117, Abilene, the only one in the bantamweight division.

Thornton stopped Cpl. James Venable, 119, Waco, on a TKO at 1:58 of the second. Gugliemelli licked Donald Dickey, 127, Abilene, on a TKO in the third. Dickey couldn't answer the bell.

The other light heavyweight kayo was that of Cpl. Thomas Busby, 174, San Antonio. It was over Bill Leonard, 164, Midland.

Amarillo is right behind the two team leaders with five points. Others with points are Dallas, four, Austin, Beaumont, Commerce, Corpus Christi and Fort Worth, three each; Tyler, Houston and Odessa, two; Abilene, Waco and Wichita Falls, Brownwood, one.

McCarthy Wins
Flyweight:
Pat McCarthy, 113, Amarillo, defeated Ellis Cortez, 133, Houston. Francisco Aguirre, 112, Waco, outpointed Connie Fisher, 113, San Angelo.

Jesus Herrera, 111, San Antonio, dejected Dickie Don Wood, 112, Wichita Falls.

Warren Spahn Inks Boston Brave Pact
BOSTON.—(P)—With Warren Spahn, their southpaw pitching ace, in the fold for the next two seasons, the Boston Braves Friday appeared to be without a serious 1952 hold-out problem.

General Manager John Quinn announced Spahn, who had been reported as demanding a \$50,000 salary, had agreed to sign a new two-year contract. Quinn refused to disclose the terms, but indicated Spahn had received a generous boost. His 1951 salary was presumed to be about \$35,000.

Joe Louis Says He Will Hang 'Em Up
NEW YORK.—(P)—Joe Louis, unbeaten king of the heavyweight fighters for 12 years, has fought his last fight, he says.

The one-time Brown Bomber announced Thursday night he is through with fighting except for exhibitions.

Murray-Young has some good clean used cars and trucks for sale. These have been taken in trade on the outstanding new 1952 Fords. For example: 1951 Ford Station Wagon. low mileage. A-1 appearance and condition. Many others. Terms. Trades. See them today at

Monahans, Pecos Win Upset Games In 8-AA Tourney

MONAHANS—The rabbit spit in the lion's face here Thursday night, as two underdog teams won upset victories in the District 8-AA basketball tournament.

Host Monahans surprised highly-favored Seminole with a 49 to 28 blasting, and Pecos upset top-rated Andrews, 41 to 40.

The Lobo quintet never was behind in its game with Seminole. Monahans led at the quarter, 11-6; 24-16 at halftime and 36-22 at the end of three quarters. Sleepy Hughes poured in 15 points for the winners. Seminole never could find the bucket.

Stubby Greer Signs With Roswell Rockets
ROSSELL, N. M.—Hayden (Stubby) Greer, who managed the Artesia Drillers in the Longhorn League during the 1951 season, has signed a 1952 contract to shortstop for the Roswell Rockets in the same league.

Greer couldn't come to salary terms with Artesia this season, and was released by that club.

"Stubby fit in with my rebuilding program," Manager Al Monchak of Roswell said Friday. "He is a fast, smart player with a burning desire to win—and that's my type of ball player."

Monchak added: "If I have as good a year at second base as I did last year, we should have the most fearsome double-play combination in the history of the Longhorn League."

Greer batted .301 with Artesia last year, slugged 24 doubles, five triples, 18 home runs, drove in 89 runs and stole 18 bases.

Stanton Acreage Bought As Site For 150 Homes

STANTON — The Martin County Construction Company has purchased a 55-acre tract of land immediately northwest of Stanton as the site for 150 new residences. Seller was James Manning.

Two and three-bedroom homes planned in the area will be valued at more than \$1,500,000, construction officials estimated. Construction is expected to start within months.

The Martin County Construction Company was organized last year by Floyd Smith of Stanton and Frank Truitt and F. A. Forrest of Midland. The firm is now completing its 58th home in a 60-house tract in the northwest section of Stanton.

FFA, Homemakers Plan To Beautify Park In Stanton

STANTON — FFA classes and Future Homemakers of Stanton will beautify the city park as a joint project with the City Council and Park Commission.

Plans have started for the project to include leveling of the ground, reseeding of grass, watering, reseeding of shrubbery and the establishment of croquet and tennis courts.

FFA and Future Homemakers' classes at the Stanton School are in charge of E. D. Steele, vocational agriculture instructor, and Mary Frances Wilson, home economist teacher.

Steele said the groups hoped to get started on the project as soon as weather permits.

Livestock

FORT WORTH — Cattle 100; calves 50; steady; practically no beef steers or yearlings offered, butcher cows 20.00-23.00; good and choice fat calves 30.00-34.00; common and medium 23.00-29.00; stocker calves 28.00-36.00.

Hogs 300; butchers steady to 25 lower; sows unchanged; pigs scarce; choice 180-280 lb butchers 18.25; choice 160-175 lb hogs 16.50-18.00; sows 14.00-15.00.

Sheep 50; slaughter and feeder lambs weak; utility to good shorn slaughter lambs 24.00; medium woolled feeder lambs 24.00.

Germany Wins Two Man Bobsled Title

OSLO, NORWAY — (AP) — Dard-devil Anders Oetler piloted Germany's two-man bobsled to the Olympic and world championship Friday with two fast, final runs down the icy, 1,500 meter course.

The Winter games marked Germany's first appearance in the Olympics since 1936 and Oetler and his teammate, Lorenz Niebert, virtually clinched the title with a record-breaking run Thursday in the first two heats.

The two had piled up a huge time lead—for this fast type of race—of 1.75 seconds over the runner-up American No. 1 sled piloted by Stan Benham of Lake Placid, N. Y.

Oetler was timed in a total of 5:24.54 for the four heats—two Thursday and two Friday Benham and his breakman, Pat Martin of Massena, N. Y., took second with 5:26.89.

San Saba Rancher Missing From Home

SAN SABA — (AP) — Search continued Friday for Walter Nesbitt, 79, missing from his ranch home near here since Tuesday.

The almost-blind rancher disappeared while his sister, Mrs. Vance Hodges, was feeding stock.

Officers said Thursday they had found no trace of Nesbitt on the ranch and theorized he had made his way to Highway 16, a mile east of the home, and had been picked up by a motorist.

308 Andrews Highway

Permian Basin Oil and Gas Log—

(Continued From Page One)
feet of oil and gas-cut mud and five feet of mud.
The project was originally filed to go to 10,000 feet.
Location is 810 feet from south and 600 feet from west lines of section 75, block G, WT survey and eight miles northeast of Seminole.

US&OC Wildcat In NW Mitchell Is Swabbing To Test

Union Sulphur & Oil Corporation No. 1 E. E. Erwin, Northwest Mitchell County flowing discovery from the Shinarump reef line is testing on perforations at 7,570-80 feet in the bottom of the section of the reef it has penetrated.

Operator swabbed on those perforations naturally and swabbed dry. Recovery was drilling mud with slight shows of gas. Swabbing is continuing.

It is expected that the perforated interval will be washed with a small quantity of acid to clean drilling mud out of the formation.

This wildcat had flowed oil from the section at 7,535-65 feet. The samples and cores from 7,565 feet to the total depth at 7,584 feet had indicated as good or better production than was developed in the upper zone.

Operator representatives expect the 7,570-80 foot horizon to flow oil when the drilling mud which has been lost in it is washed out.

Location is 1,900 feet from west and 703.8 feet from south lines of section 1, block 25, H&TC survey. It is 17 miles northwest of Colorado City and three miles west of the shallow Coleman Ranch field.

Forest Is Flowing Indicated Opener In NE Crane Area

Forest Oil Corporation and associates No. 1-A University, Northeast Crane County wildcat is flowing oil, mud and acid residue from Pennsylvanian perforations at 9,140-60 feet.

The project is making some new oil but operator representatives say the pay zone is not yet completely cleaned of acid residue and load oil from treatments of 2,000 gallons and 12,000 gallons of acid.

Has No Water

During the last 24 hours the wildcat flowed a total of 65.98 barrels of fluid. There was no formation water. Most of it was new oil. Flowing to clean out and try to complete was continuing.

Different sized chokes were used during the period.
Location is 10 miles northeast of the town of Crane and 1,980 feet from north and east lines of section 12, block 30, University survey.

Confirmation Test In NE Runnels Area Flows Oil On DST

American Trading and Production Company No. 2 Bridwell, northwest offset to SWAP Oil Company No. 1 Lindeman, discovery and lone producer in the Lindeman-McMillan sand field of Northeast Runnels County, confirmed production in the field on two drillstem tests.

The first was taken in the upper sand section from 2,463 to 2,486 feet. Open 55 minutes, gas surfaced in seven minutes and oil in 47 minutes. It flowed at the calculated rate of 20 barrels of oil per hour for the remainder of the test.

Final recovery was 240 feet of free oil and 180 feet of oil and gas-cut mud. No water was made.

Another drillstem test was run, this time in the lower McMillan sand section from 2,492 to 2,496 feet. Tool was open 41 minutes. Gas surfaced in three minutes and oil in 29

O'Neill, Et Al To Plug C-S Terry Reef Failure

Joseph I. O'Neill, Jr., and associates are due to plug and abandon their No. 1 Lyons, Central-South Terry County wildcat after it made salt water in the reef line. The water came in a drillstem test at 9,945-60 feet. The tool was open two hours. There was a steady blow of air throughout the period.

Recovery was the 1,500-foot water blanket, 540 feet of drilling mud which had a slight show of gas and 3,000 feet of salt water.

This exploration topped the reef line at 9,945 feet. The section from there to the total depth drilled soft in streaks and some of the samples had some shows of oil.

Points Corrected

Total depth was originally reported as 9,960 feet and the top of the reef had been reported as 9,940 feet. An electric log survey corrected total depth to make it 9,960 feet and that corrected the top of the reef to be 9,940 feet.

Location was 467 feet from north and west lines of the northeast quarter of section 10, block C-36, pal survey. The failure was five miles southeast of Wellman and one mile southeast of the nearest completed oil wells in the Wellman-Wolfcamp field.

Glasscock Wildcat Makes Water; Has Been Abandoned

Hassie Hunt Trust estate of Dallas No. 1 A. R. Houston, Northwest Glasscock County wildcat is at total depth of 7,060 feet in the Spraberry and it has been temporarily abandoned.

This prospector is 10.8 miles southeast of Germana and two and three-quarter miles east of the nearest oil wells in the Germana-Spraberry field.

Location is 660 feet from north and west lines of section 23, block 36, T-2-S-1, T&P survey.

Had Fractured
It fractured the interval at 6,910-80 feet with 2,500 gallons and also fractured at 6,990-7,060 feet with 2,250 gallons.

After swabbing out a part of the load oil the project started swabbing 100 per cent sulphur water. Continued swabbing developed only sulphur water. Operator shut-in in it and has temporarily abandoned it.

Cities Service Sets Drillsite For Outpost To NW Dawson Pool

Cities Service Oil Company will drill a long stepout to the lone producer in the Mungerville-Pennsylvanian reef field of Northwest Dawson County.

It will be dug as No. 1 Brennard, 660 feet from south and west lines of section 78, block M, EL&RR survey. That puts it three-quarters of one mile east of one-quarter mile north of El Tye No. 1 Briley, discovery well of the field.

Cities Service will drill No. 1 Brennard to a possible bottom of 8,700 feet. Location is 15 miles northwest of Lamesa.

Kilroy Will Drill 5,000-Foot Test In C-N Runnels

The Kilroy Company No. 1 Arty G. Bailey will be drilled as a 5,000-foot wildcat in Central-North Runnels County.

Location was staked 380 feet from south and 4,200 feet from east lines of section 83, J. Hensley survey. That puts it 3,750 feet southeast of the North Winters field which produces from an average total depth of 3,000 feet in the Swastika and Gunsite sand.

BUT, THEY'RE ONLY SO-SO — Sewing expert Ann Necchi teaches the wonders of the sewing machine to a class of wide-eyed boys at the Madison Square Boys' Club in New York City. Free classes for boys ranging in age from seven to 10 are conducted each week at the club. Once they master the art of machine darning and button replacement, the boys will go on to more artistic subjects of embroidery and applique work.
